1. Introduction

Once an application has been approved by the Ethics Committee, any required changes to the project needs to be made to the original application. A request must first be made to the Ethics team to unlock the application to allow an Amendment Request to be submitted. This request should be made by the PI, or the HoD / Academic Head.

**NB**

- For AHREC applications, if the initial application was previously submitted by email (prior to Ethics RM being implemented), the amendment request should be emailed as a PDF to ahrec@Auckland.ac.nz, using the amendment request form available on the AHREC intranet page.
- For UAHPEC applications that were submitted through InfoEd, the amendment request should be submitted through InfoEd until 30 June 2020. Thereafter, Ethics RM should be utilised.
