

University of Auckland Pacific Academic Excellence Scholarship

Your GPA will be assessed at the end of Semester One to determine if you can continue to hold the Scholarship in Semester Two.

If you do not meet the grade point average (GPA) requirement of 4.50 or higher for Semester One, you may receive notification from the Scholarships Office that your Scholarship has been cancelled. This will mean that any Accommodation Fees for Semester Two will no longer be covered by the Scholarship.

If your Scholarship is put on hold at the end of Semester One, you will have two further GPA assessments, at the end of Semester Two and the end of Semester One of the second year of study, to determine if the Scholarship can be reinstated.

Below is an outline of the process:
