Notes

I. Recipients will be offered an opportunity to contribute to the Business School’s research agenda as a Research Assistant (RA) or teaching programme as a Graduate Teaching Assistant (GTA) or Teaching Assistant (TA). Research assistants will be expected to work closely with their supervisor on research that supports the Business School’s strategic research themes. The University’s employment restrictions of a maximum of 500 hours per scholarship year apply and taxable remuneration will be based on the recipient’s experience.

II. For the purpose of this Scholarship, academic merit is measured by the grade point average or grade point equivalent obtained in the applicant’s most recent qualifying programme for doctoral study. Where the most recent qualifying programme is an undergraduate honours degree (or equivalent undergraduate degree or integrated undergraduate or postgraduate degree), the grade point average or equivalent will be calculated over the final two years of full-time study (or equivalent) in the programme. In all other cases, the grade point average or equivalent will be calculated over the entirety of the most recent qualifying programme.

III. Each year recipients of the Scholarships must sign a statutory declaration that, in the previous academic year, they have complied with the regulations for the Scholarship and that they give an undertaking that, in the current academic year, they will notify the University of any change in their enrolment status. The Dean may, with the Support of the Selection Committee, in the event it can be established that a recipient of the Scholarship is not complying with these regulations, terminate the Scholarship and require repayment of the funds received from the date of the breach.

IV. Scholarship holders must, in their third year, give a public presentation of their research in the Business School.

Failure to present is sufficient cause for the Dean of the Business School to exercise discretionary power to terminate or suspend the Scholarship.

V. These regulations are subject to Senate and Council approval.
VI. 4 weeks annual leave per year, when spent outside New Zealand, does not count towards the 12 months that can be spent overseas.
