AECOM Water & Urban Development Scholarship

**Description**

The AECOM Water & Urban Development Scholarship was established in 2016 to assist Part III undergraduate students interested in water and urban development who are enrolled in a Bachelor of Engineering (Honours) degree in the Department of Civil and Environmental Engineering. The AECOM Water and Urban Development Scholarship has been established in conjunction with AECOM Consulting Services (NZ) Ltd (formally URS New Zealand Ltd) to promote the study and application of engineering solutions to water infrastructure challenges.

**Selection process**

- Application is made to the Scholarships Office
- A Selection Committee assess the applications
- Shortlisted candidates will be required to attend an interview
- The Scholarship is awarded by the University of Auckland Council on the recommendation of the Selection Committee

**Regulations**

1. The Scholarship shall be known as the AECOM Water & Urban Development Scholarship.
2. One Scholarship will be awarded annually, for a period of one year and will be of the value of $5,000.
3. The Scholarship is tenable by students who are New Zealand citizens or permanent residents of New Zealand.
4. The Scholarship shall be awarded to a Part III student who is undertaking study towards a BE(Hons) degree in Civil and Environmental Engineering. Preference will be given to students who have an active interest in, and intend to take up a career in water and urban development.
5. The basis of selection will be: academic results in Civil and Environmental engineering; technical ability; practical knowledge of the application of engineering skills; character, leadership potential and social skills; contribution to the University and/or community activities; candidate’s interest in pursuing a career in structural engineering, in particular in relation to water and urban development.
6. The Scholarship will be awarded by the University of Auckland Council on the recommendation of a Selection Committee comprising the Dean of the Faculty of Engineering (or nominee), an academic from the Department of Civil and Environmental Engineering (chosen by the Dean of Engineering), and a representative of AECOM New Zealand Ltd.
The Scholarship emolument will be paid as a fees credit.

The Scholarship may be terminated by the University of Auckland Council on receipt of an adverse report from the Dean of the Faculty of Engineering.

The selection committee may refrain from awarding a scholarship if in any particular year there is no candidate of sufficient merit.

The University of Auckland has the power to amend or vary these Regulations, in consultation with the Donor, provided that there is no departure from the main purpose of the Scholarship.

Applications close with the Scholarships Office by 8 April in the year of the award.

Notes [I]-[II] below are deemed to be regulations.

Notes

I. The recipient of the Scholarship will be given preference for the available paid vocational employment positions at AECOM New Zealand Ltd. However, there shall be no obligation placed on the Scholarship holder to join the service of the donor organisation either during or upon completion of the programme of study, nor shall there be any guarantee of employment with the donor organisation on completion of the programme of study.

II. Compulsory fees are those only related to the relevant programme of study, plus Student Services Fee and Building Levy.
