## Notes

---

- I. The number of Scholarships available each year will be determined by the level of funding available.*
- II. Financial need will be determined by a range of factors including current or past eligibility for a StudyLink Student Allowance and personal and financial circumstances. Applicants need to demonstrate that they are experiencing financial hardship and that they are struggling to meet basic living costs. Incurred debt is not evidence of financial hardship.*
- III. Payments under the terms of this Scholarship remain tax-free as long as they are used for the payment of costs associated with an awardee's programme of study and to assist the awardee with living costs while studying. Failure to comply with this regulation will result in the termination of the Scholarship.*
- IV. Awardees will be required to comply with the regulations for the Scholarship and will notify the Scholarships Office of any change in their enrolment or funding status. The University of Auckland may, in the event that it can be established that an awardee is not complying with these regulations, terminate the Scholarship and require repayment of the funds received from the date of the breach.*
