### Description

---

The Baldwins Chemistry Prize was established in 2008 by Baldwins Intellectual Property.

The main purpose of the Prize is to recognise excellence in CHEM 392: Issues in Drug Design and Development.

### Selection process

---

- Nomination is made to the Scholarships Office
- The Prize is awarded by the University of Auckland Council on the recommendation of the Head of the Department of Chemistry

### Regulations

---

1. The Prize will be known as the Baldwins Chemistry Prize.
2. The value of the Prize will be \$500.
3. The Prize will be awarded annually to the full-time student achieving the highest mark in CHEM 392: Issues in Drug Design and Development.
4. The Prize will be awarded by the University of Auckland Council upon the recommendation of the Head of the Department of Chemistry.
5. In the event of a tie, the Head of the Department of Chemistry shall determine, in consultation with the Director of Medicinal Chemistry, if the Prize may be shared.
6. The University of Auckland Council has the power to amend or vary these regulations provided that there is no departure from the main purpose of the Prize.
