Applicable study:	Independent research in Physics, Chemistry, Biology or Medical Sciences
Closing date:	TBC
Tenure:	1 year
For:	Assistance
Number on offer:	1
Offer rate:	Annually
Value:	\$600

Description

In 1924 Mr A D Lubecki gifted the sum of \$2,000 for the encouragement of experimental research in Physics, Chemistry, Biology or the Medical Sciences.

Selection process

- Application is made to the Scholarships Office
- The Scholarship is Awarded by the University of Auckland Council to the candidate who, in the opinion of the Science Faculty, has the highest qualifications for research.

Regulations

1. The Scholarship will be known as the Duffus Lubecki Scholarship.
2. The Scholarship will be of the value of \$600 per annum.
3. The Scholarship will be open to students attending this University, who in the opinion of the Professors under whom they are studying, are capable of carrying out independent research in any one of the following subjects: Physics, Chemistry, Biology or Medical Sciences.
4. The Scholarship will be tenable for one year, but may be extended by the University of Auckland Council to two, three, or even four years on the recommendation of the Dean (or nominee).
5. The Scholarship will be awarded by the University of Auckland Council to the candidate who, in the opinion of the Science Faculty, has the highest qualifications for research. In the selection of a candidate by members of the Science Faculty, no Department will be entitled to more than one vote. The vote will be exercised by the Head of Department.
6. Normally, this Scholarship will be awarded on the results of the thesis for the Masters' degree, but, if funds permit, it may be awarded on the record of at least one year's research work.
7. Provided that where, in the opinion of the University of Auckland Council, any candidate is by reason of other scholarships or emoluments financially able to undertake research, the Scholarship may be awarded to the next candidate deemed most worthy; and for the purposes of aforesaid the Science Faculty will, wherever possible, recommend three candidates in order of merit. After having been awarded the Scholarship the recipient will not enter

upon any position of emolument without first obtaining the permission of the Dean (or nominee).

8. The recipient of the Scholarship will devote the whole of his or her time during the tenure of the Scholarship to the work of his research unless, under special circumstances, the consent of the Dean (or nominee) be obtained to devote part of his or her time to other work.
9. The recipient of the Scholarship will, at the end of each term, furnish to the Professor under whom the research is being carried out, a report embodying the results of his or her investigations, and will also submit on or before 1 October of each year, to the Dean (or nominee), a brief report of the research work carried out during the year.
10. The recipient will be entitled to the payment in a lump sum.
11. On the receipt of an adverse report from the Selection Committee, the University of Auckland Council may terminate an award or suspend the payment of all or any future instalments.
12. Candidates for the Scholarship must apply to the Scholarships Office on or before TBC of each year stating their qualifications. The holder of the Scholarship applying for an extension of the term must apply before this date.
