The Scholarship was founded for the encouragement of the study of Chemistry and Physics.

## Selection process

- Application is made to the Scholarships Office
- A Selection Committee assesses the applications
- The Scholarship is awarded by the University of Auckland Council on the recommendation of the Selection Committee

## Regulations

1. The Scholarship will be known as the Gillies Scholarship.
2. One Scholarship will be awarded annually for a period of up to one year, and will be of the value of \$3,000.
3. The Scholarship is tenable by students who were born in New Zealand, and who are under 19 years of age at the time of application (see Note III).
4. To take up and be paid the Scholarship, students must be enrolled and have paid the fees, or arranged to pay the fees, for enrolment in the first year of full-time study in a Bachelor of Science or Bachelor of Science conjoint programme or a Bachelor of Advanced Science (Honours) or Bachelor of Advanced Science (Honours) conjoint programme in a major or specialisation administered by the School of Chemical Sciences or the Department of Physics.
5. The basis of selection will be academic merit based on results in Level 3 of the National Certificate of Educational Achievement (NCEA) or an equivalent qualification and financial hardship (see Notes I and II).
6. The Scholarship will be awarded by the University of Auckland Council on the recommendation of a Selection

Committee consisting of the Associate Dean (Academic) of the Faculty of Science (or nominee), the Head of the School of Chemical Sciences (or nominee) and the Head of the Department of Physics (or nominee).
