Hiway Stabilizers Prize in Pavement Engineering

Description

This Prize was established in 2003 by Hiway Stabilizers to encourage interest in the area of pavement stabilisation, road construction, road maintenance, pavement rehabilitation and soil modification, as well as ground improvement techniques.

Selection process

- Nomination is made to the Scholarships Office
- The Prize will be awarded by the University of Auckland Council on the recommendation of the Dean of the Faculty of Engineering

Regulations

1. The Prize will be known as the Hiway Stabilizers Prize in Pavement Engineering.
2. The value of the prize will be $1,000.
3. The Prize will be awarded annually to the top Bachelor of Engineering (Honours) student in the CIVIL 360 Transportation Engineering I course (or its equivalent successor course).
4. The Prize will be awarded by the University of Auckland Council on the recommendation of the Dean of the Faculty of Engineering (after consultation with a representative of Hiway Stabilizers, where practicable).
5. In the event of a tie, the Dean of the Faculty of Engineering shall determine, in consultation with Hiway Stabilizers if the Prize may be shared.
6. The University of Auckland Council has the power to amend or vary these regulations, in consultation with Hiway Stabilizers, where practical, provided there is no departure from the main purpose of the Prize.
