

Mervin Walter Stoddart Scholarship in Electrical and Electronic Engineering

Code:	152
Faculty:	Engineering
Applicable study:	BE(Hons) in Electrical and Electronic Engineering
Closing date:	TBC
Tenure:	One year
For:	Assistance
Number on offer:	1
Offer rate:	Annually
Value:	\$800

Description

This Scholarship was established in 1991 by Mrs E Stoddart in memory of her husband the late Mr Mervin Walter Stoddart.

Selection process

- Application is made to the Scholarships Office
- A Selection Committee assesses the applications
- The Scholarship is Awarded by the University of Auckland Council on the recommendation of the Selection Committee

Regulations

1. The Scholarship will be known as the Mervin Walter Stoddart Scholarship in Electrical and Electronic Engineering.
2. The Scholarship will have a value of \$800, and may be held with any other scholarship or bursary if the rules of the other award so allow.
3. The Scholarship will be offered annually and will be tenable for one year by a New Zealand citizen enrolled and who has paid the fees, or arranged to pay the fees, for the Bachelor of Engineering (Honours) (Electrical and Electronic) Degree. A recipient of the Scholarship may apply again in a subsequent year.
4. The award will be made by the University of Auckland Council on the recommendation of a Selection Committee. The Selection Committee will comprise the Dean of Engineering (or nominee), the Associate Dean (Undergraduate) of the Faculty of Engineering and the Head of the Department of Electrical and Electronic Engineering (or their nominees). No award will be made if it is considered that there is no suitable candidate in any year.
5. Selection will be based on academic merit, leadership potential, personal qualities and communication skills, and the candidate's potential contribution to the electrical and computer engineering profession in New Zealand. The Selection Committee may also take into account the candidate's financial circumstances.
6. The Scholarship may be terminated by the University of Auckland Council on receipt of an adverse report from the Head of the Department of Electrical and Electronic Engineering on the progress of the Scholar.

7. Applications are made to the Scholarships Office by TBC in the year of the award.
