Notes

- I. For the purposes of this Scholarship, academic achievement for students entering Year One of an undergraduate degree is based on results at Level Two or higher in the National Certificate of Educational Achievement (NCEA) or an equivalent qualification. A GPA of 3.50 is equivalent to an NCEA rank score of 200. For students entering Year Two of an undergraduate degree, academic achievement is assessed as a Scholarships GPA/GPE obtained over the applicant's first year of full-time graded study (or equivalent). For students entering Year Three or subsequent years of an undergraduate degree, academic achievement is assessed as a Scholarships GPA/GPE obtained over the applicant's most recent two years of full-time graded study (or equivalent). For students enrolling in a postgraduate degree, academic achievement will be assessed by the GPA/GPE calculated over the most recent qualifying programme (see Note II).*
- II. The most recent qualifying programme is defined as the most recently completed programme of study that qualifies the applicant for the postgraduate programme for which they are applying. Where the most recently completed programme is a conjoint programme, the GPA/GPE will be calculated over the entirety of the qualifying programme. The maximum approved exchange or transfer credit that can be excluded from the GPA/GPE calculation for the qualifying programme is 60 points. Where the most recently completed programme is a Transitional Certificate, the qualifying programme is the Transitional Certificate and the most recently completed prior degree.*
- III. Financial hardship will be determined by a range of factors including current or past eligibility for a StudyLink Student Allowance, and personal financial circumstances.*
- IV. In making a recommendation for this Scholarship the Selection Committee shall take into account other scholarships, bursaries and awards held by the candidates, with a view to distributing available monies among qualifying candidates.*
- V. Payments under the terms of this Scholarship remain tax-free as long as they are used directly for the payment of costs associated with an awardee's programme of study and to assist the awardee with living costs while studying. Failure to comply with this regulation will result in the termination of the Scholarship.*
- VI. Recipients of The Jackson Family Foundation Scholarship will be required to give undertakings that they will comply with the regulations for the Scholarship and will notify the Scholarships Office of any change in their enrolment or funding status. The University of Auckland may, in the event that it can be established that a recipient of The Jackson Family Foundation Scholarship is not complying with these Regulations, terminate the Scholarship and require repayment of the funds received from the date of the breach.*
