### Barack Obama for President: The political transformation of American politics?

The Political Studies department presents a free public lecture by Professor Frank Fischer on October 13. The presentation examines the current political electoral campaign for the presidency of the United States. Can a black man become the President of the world's most powerful nation? If yes, what will it mean for the future of the country?

## Political Studies postgraduate students in weekly TV segment

Seven postgraduate students from the Department of Political Studies are gracing the nation's television screens with their political expertise. Supervised by Dr Jennifer Curtin, the students will appear on Agenda, TVNZ's Sunday morning programme dedicated to political commentary and analysis. In a new segment called Fact Finder, one student each week examines three statements made by politicians and assesses whether they are right or wrong.

## Introduction to Postgraduate study

Returning to study after some years away from University can be a daunting prospect. You know that the sophisticated skills provided by postgraduate study are respected and valued, but it's a big decision to commit to further study. The Centre for Continuing Education and School of Graduate Studies will offer a FREE two day workshop in November for those considering postgraduate study.

If you are a graduate who has been in the workforce for some time and are considering further study then the *Introduction to Postgraduate Study* workshop may be for you.
