<td>The Vice-Chancellor presented this item. He drew Council’s attention to the following:</td>
<td></td>
</tr>
<tr>
<td><strong>With regards to point 2.20:</strong> the new Research and Study Leave (RSL) Policy would not only give academic staff more flexibility around the use of RSL, but it would make RSL also more strategic from the University point of view. It would allow this kind of investment to be more beneficial for the staff members’ careers as well as for their Faculty and School/Department. The new Policy had been very well received.</td>
<td></td>
</tr>
<tr>
<td><strong>With regards to student applications:</strong> the number of postgraduate and international applications was still growing, while the New Zealand school leaver applications were lower due to demographic trends. However, the offers of acceptance for the latter were higher than last year. At this point it was not possible to predict how many of these offers would be accepted by February.</td>
<td></td>
</tr>
<tr>
<td><strong>With regards to point 5.6:</strong> the blessing of the new Engineering building took place on Friday 06.12.19. The Faculty had commissioned a Haka for the Faculty and this was performed that day. A tour of the new building would be organised for Council in 2020.</td>
<td></td>
</tr>
<tr>
<td>In response to a question from Ms Newsome, the Vice-Chancellor said that the Deputy Vice-Chancellor (Operations) and Registrar would ask the Director of Auckland Online to send her an updated regarding the strategy for Auckland Online.</td>

<tr>
<td>Council asked for correction of a grammatical error in point 3.7, to read: “....had over 1000 enrolments...6073 enrolled in classes...”</td>

8.2 **FINANCE COMMITTEE**

8.2.1 **Minutes (Part A), 27.11.19**

8.2.2 **Planning and Budget Report 2020**

The Planning and Budget report 2020 had a similar form and detail as in previous years. The overarching themes of the document were:

- A relatively flat situation with regards to domestic student numbers caused by demographics in New Zealand. Other universities in New Zealand offered school leavers a considerable number of small scholarships which could be seen as price discounts.
- The Government kept Student Achievement Component (SAC) funding and student fees limited while the costs to the Universities were considerably higher.

Both factors put the University under financial pressure. The international student numbers had continued to grow, but at a slowing rate. However, while this growth had been compensating for the drop in domestic revenue, it was also changing the nature of the University. The international students were becoming more prominent at the University and this was also the first year that an international student became a member of Council.

There had also been a modest growth in research funding at the University again within a very competitive environment.

The University was still able to meet the key Government requirements in terms of financial performance, however, this was becoming increasingly more difficult. If the University had been allowed to increase its revenue more over the last decade, it would currently have hundreds more staff members. At least half of these staff members would have been academic staff members and we the University would have had a more favourable student:staff ratio. This would have had a positive impact on rankings and quality in general.

The Pro Chancellor, Ms Tarrant noted that there were some typographical errors in the document and she would advise the Chief Financial Officer of this.

**RESOLVED** (Chancellor/Mr Daniell): that the Finance Committee Minutes (Part A), 27.11.19 be **received** and the Planning and Budget Report 2020 be **received** and **approved**.

8.3 **EQUITY LEADERSHIP COMMITTEE**

8.3.1 **Equity Leadership Committee end-of-year Report to Council**

**RESOLVED** (Chancellor/Mrs Dunphy): that Council **receive and note** the
This item was presented by the Pro Vice-Chancellor (Equity), Ms McNaughton. She commented that 2019 had been an interesting year for equity at the University especially with regards to discrimination and harassment. Engagement with equity in the Faculties and Large Scale Research Institutes had been much stronger than ever before. This provided stronger pathways for students who experienced discrimination and/or harassment. She also noted the importance of the work that was currently underway to balance free speech, academic freedom, human rights and safety and wellbeing. She was pleased to see the engagement of academic staff through the Hot Topics Committee of Senate.
