

BUSINESS SCHOOL

# Master of Supply Chain Management (MSCM)\*

Equip yourself with the advanced knowledge and skills required to develop and implement practical and innovative solutions to supply chain management challenges.

## Quick facts

**Programme type:** Postgraduate

**Points:** 180

**Duration:** Full-time: 15 months (part-time available)

**Location:** City Campus

## What will I learn?

You will explore the issues related to global operations management, new technology and disruptions, and human aspects of supply chain management. You will study core business courses and a set of specialised supply chain management courses including:

- Strategic sourcing
- Service operations
- Supply Chain Analytics
- Supply Chain Strategy and Design

You will develop advanced knowledge and become well-equipped with a strong platform of relevant professional skills.

## Is this programme for me?

This is a specialist qualification in Supply Chain Management for graduates in business or a closely related field. Relevant non-business fields include engineering, humanities, sciences, social sciences and technology.

The MSCM is open to both domestic and international students. You must have passed an undergraduate level course in business statistics (STATS 108) or equivalent to be eligible to apply.

**Note:** The Postgraduate Certificate in Supply Chain Management provides a shorter duration qualification and serves as a pathway to the MSCM.

## Career opportunities

You will be equipped with the skills and knowledge required to pursue a specialist career in supply chain management and related fields in New Zealand and internationally. Relevant roles include:

- Data Analyst/Demand Manager
- Logistics Coordinator/Production Planner
- Sourcing Manager
- Supply Chain Business Analyst
- Supply Chain Manager
