

### PHD RECRUITMENT

Students can be attracted through either university scholarships or funded research projects by promoting a particular research interest/direction. Duration of project linked to duration of qualification.

### COURSEWORK

Students to be jointly supervised by university lecturers and agency supervisors for practice projects that require a distinct and time-limited engagement. These will be part of larger research initiatives or practice interventions and linked to either academic course work or field education coursework credits.

### SUMMER SCHOLARSHIPS

Students across the university will be invited to apply for approved practice projects that require a distinct and time-limited engagement independent from university coursework. Upon completion of the work over the summer period, students will receive \$5000.

# Student Engagement in Practice Research and Evaluation

## CCRE PARTNERS

*This engagement assumes organisational capability of CCRE partners to support research initiatives*

The Centre for Community  
Research and Evaluation - Pūtahi Rangāhau Ngātahi  
Email: [ccre@auckland.ac.nz](mailto:ccre@auckland.ac.nz)  
Phone: 09 373 7599 ext 48648  
Contact Person: Professor Christa Fouché

### PAID CONTRACTS

Employment of current undergraduate and postgraduate students to conduct research independent of their coursework

### QUALIFICATIONS

Students interested in enrolling in a Masters or PhD qualification can be encouraged to engage in pre-designed projects for their Masters or doctoral research.

### VOLUNTEERING

Opportunities for students to engage as volunteers in practice projects. Independent of coursework but may be counted as practicum hours if so structured.
