Summary of Comments on Practical Work Report: Chemical & Materials Engineering

Student Name ___________________________  Markers Initials _______________________

Section One

Adequate Work Experience has been carried out

General
General engineering (minimum 200 hours) work associated with skilled tradespeople, that is work associated with machining, structures, building construction, design, welding, quality control, production assembly and electronics.

Sub-professional
Sub-professional engineering (minimum 200 hours) work associated with professional engineers, that is operating plant or laboratory in metals, materials, chemicals, fertilisers, paints, soaps, foods, petrochemical, pulp and paper, dairy, water treatment, environmental or pollution control industries and Summer Research Scholarship projects.

Section One Result:  Section Passed ☐  You are required to resubmit this report ☐
Go to Section Two

Section Two

Appropriate Written Reflection of Work Experience
In this section you should critically appraise or evaluate your learning/knowledge gained within the practical work experience. This could include your impressions about the organisation and its performance. It would also be appropriate to comment on the skills you have developed and the lessons learnt in relation to professional engineering practice.

Section Two Result:  Section Passed ☐  You are required to resubmit this report ☐
Go to Section Three

Section Three

Score

Structure of the Report
All instructions regarding format have been followed. All the prescribed sections are present. Please see: What should my report include. Important: Reflective Appraisal must be at least one page in length.
