**The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021**

When students from other countries come to study in New Zealand, it is important they are well-informed, safe and properly cared for.

New Zealand educational providers have an important responsibility for the welfare of international students.

**What is the Code of Practice?**

The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021 (the Code) supports the wellbeing of tertiary and international learners enrolled with New Zealand education providers. It sets out the requirements that education providers must meet for the wellbeing and safety of their learners. The Code applies to pastoral care and provision of information only. It does not apply to academic standards.
The Disputes Resolution Scheme
What to do if something goes wrong?
The Code requires all institutions to have fair and equitable internal grievance procedures for students. You need to go through these internal processes before you can take the complaint any further. For more information about the processes for handling student complaints, visit www.nzqa.govt.nz/providers-partners/tertiary-and-international-learners-code/know-the-code/learner-complaints/

Under 18 international students
If you will be under 18 years of age on the first day of semester, you have to contact the International Student Support Team prior to the start of your studies and before applying for your student visa. Until you turn 18 you will be required to meet regularly with an International Student Adviser to discuss your wellbeing.
The International Student Advisers are available for any questions you might have.
www.auckland.ac.nz/under-18-int-students

Insurance
The Code requires all international students studying in New Zealand (including doctoral students) to have appropriate health and travel insurance during their period of study. Allianz Partners is our preferred insurance provider. Enrolled international students will be charged Allianz’s Studentsafe Inbound University insurance premium when enrolment is completed. You must pay this fee unless the University approves the use of an alternative insurance provider. You must have approved insurance for the duration of your study, regardless of the type of visa you have.
A student visa holder is also required to have approved health and travel insurance for the duration of their visa or until they depart New Zealand, whichever comes first.

Your University of Auckland student ID number is also your insurance policy number.

Pre-existing medical conditions
You are not automatically covered for pre-existing medical conditions. However, cover can be arranged in certain circumstances on application to Allianz before your programme starts.

For more information on the Studentsafe Inbound University policy, pre-existing and family packages, visit www.auckland.ac.nz/is-insurance
For all Studentsafe Inbound University insurance and claim related queries, contact the insurance directly.

Disputes and grievances

The University is committed to maintaining an open, fair and respectful environment in which all staff and students can pursue their individual and shared teaching, learning, research and administrative activities. In such a large and complex organisation, with a diverse body of students and staff, disputes and disagreements will sometimes arise.

The University encourages resolution of disputes initially through informal processes, but there are also formal procedures if an informal approach is not appropriate or is unsuccessful.

The University has a Proctor’s Office which is the primary reference point in the University for matters relating to student conduct (non-academic), including complaints against students or disputes between students. The Proctor’s Office is also the point of contact for students who have any concern about bullying or harassment.

Code of Conduct

The purpose of this Code is to develop and maintain a standard of behaviour that supports and enables the University’s commitment to being a safe, inclusive, equitable and respectful community; both in-person and online.

www.auckland.ac.nz/en/on-campus/life-on-campus/code-of-conduct
Student learning and research grievances
Difficulties in academic matters can often be resolved informally through such measures as: raising the matter directly with the other person; approaching a Course, Stage or Programme Coordinator or the Head of Department; or approaching the Department Postgraduate Adviser or Faculty Associate Dean (Postgraduate). For further information, visit: www.auckland.ac.nz/dispute-resolution
The University statute on Resolution of Student Academic Complaints and Disputes explains the procedures to be followed where informal resolution is not successful or appropriate. For further information, visit: www.auckland.ac.nz/academic-disputes
If a problem or dispute arises within a research supervision situation, this should be addressed as soon as possible. Suggestions to help with this can be found at: www.auckland.ac.nz/postgrad-policies

Personal disputes and conflicts
Sometimes conflicts arise between individuals, or people have difficulties with another person’s behaviour or attitudes. The University encourages individuals to work together to resolve such disputes. The Proctor’s Office is available to assist with cases of conflicts between students or problems to do with student behaviour and can refer students to independent external mediation services if this is required. Where disputes or conflicts involve staff members, the Academic Head or manager of the staff member may need to be involved.

Harassment
The University is committed to providing an environment which is free from harassment, bullying and discrimination, as explained in the Prevention of Bullying and Harassment Policy. Harassment is unwelcome conduct that is “offensive, humiliating or intimidating to any other person and is either repeated or of such significant nature that it has a detrimental impact on the person, their performance or their work and study environment”. Any student who feels they are being harassed should approach the Proctor’s Office, or if a member of staff is involved, the Academic Head or manager of the staff member.

The Proctor’s Office can provide advice in such matters and support is available from a variety of support and advocacy services.

Personal safety

Essential safety advice

New Zealand is regarded as a safe place. However, as in all big cities, it is sensible to take precautions to protect your personal safety:

- Avoid walking home alone at night; if you are walking, go in a group and keep to well-lit streets.
- Be aware of your surroundings.
- Avoid carrying large amounts of cash. If you must carry valuables, keep them hidden from view.
- Protect your mobile phone. Activate your “Find my mobile” app
- Take care when using cash machines late at night.
- Never keep your PIN number with your cash card.
- Keep your home secure by locking all windows and doors. Leave some lights on while you are out.
- Get property insurance so that you can replace your property in case of theft.
- Back up work on your computer regularly (external hard drives, cloud services).
- If your credit or cash cards are stolen inform the card provider immediately and block them on your banking app if possible.

What to do in an emergency

If you need to call the police, fire rescue or an ambulance dial 111. It is free to dial 111 from your mobile or from a landline. The emergency operator will ask whether you need the police, fire or ambulance.

Only use the 111 number when a crime is actually being committed, or if life is at risk.

For non-emergency calls to the police (for example, when a burglary has already taken place and the burglars are no longer on the scene), call 105. You can also go to your local police station.

If the emergency is not urgent enough to call 111, and takes place on the University campus you can contact University Security (see pg. 11).

Online scams

International students are often the target of scams. They receive phone calls pretending to come from legitimate organisations such as government departments, Embassies or Consulates. Trustworthy companies and institutions will never call to ask for personal details or money to be sent. These types of calls/emails/messages are scams and you should inform police if you have been targeted.

COVID-19 information

All the latest information about Covid-19 in New Zealand are available on the government’s website.

Water and beach safety

New Zealand’s beaches and coastline attracts many visitors. Before spending a day at the beach familiarise yourself with the dos don’ts of staying safe in and around the water.

Drinking water

New Zealand cities have excellent water supplies and in all cases tap water is safe to drink. Water from rivers and lakes should be boiled, chemically treated or filtered before drinking.
Climate

The north of New Zealand is subtropical, while the south is more temperate. The warmest months are January to March and the coldest are July to September.

Banking

New Zealand has a very modern banking system and almost everybody has a bank account. It is the safest, most convenient way to manage your money.

There are a number of banks to choose from including Kiwibank, ASB, BNZ, ANZ, Westpac and TSB Bank.

Proof of age – KiwiAccess Card

The KiwiAccess card is useful whenever you need to prove your age, such as when buying alcohol. You should obtain one if you do not have a New Zealand driver’s licence and do not wish to carry your passport with you.

www.kiwiaccess.co.nz

Your rights

New Zealand is a modern democratic country in which human rights are protected. It is illegal to discriminate on grounds such as gender, race, religion or ethnicity. Complaints about discrimination should be made to the Human Rights Commission.

Newcomers to New Zealand have the same rights and obligations under New Zealand law as any other person living here. It is against the law for anyone to steal or damage your property. It is against the law for anyone to deliberately attempt to injure you or anyone in your family.

Consumer rights

New Zealand has laws to protect you from misleading advertising, faulty goods, poor workmanship, unfair trading and other problems you might meet as a consumer. Help is available from the Citizens Advice Bureau. Always keep receipts, quotes and estimates, copies of agreements and other such documents, since these can help if a dispute arises.

Citizens Advice Bureau (CAB)

The CAB provides free information, advice, support and advocacy. The service deals with subjects such as immigration, tenancy, flatting, health, social welfare, pathways to employment, employment relations, legal disputes, rights of individuals and family issues. They also have information on ethnic communities, and local and central government.
