Visas, Campus Card & Insurance
Student Visas

• All international students must have a valid visa to study at the University of Auckland

• You need to provide evidence of your visa status and ensure your Auckland contact details have been uploaded into Student Services Online

• Drop off at AskAuckland Central or upload online

This information is required before you will be able to collect your Campus Card.
Where do I get my Campus Card?

I have enrolled in my courses and supplied a passport photo:

• Collect your Campus Card from AskAuckland Central
• Bring your passport and eVisa to show that you have a valid visa to study at the University of Auckland
• Ensure that you have provided your contact details through Student Services Online

I have not enrolled in my course or submitted a passport photo:

• Your Campus Card will not have been made and will not be available to collect

You need to do the following:

• Enrol in your courses
• Upload passport sized colour photo through Student Services Online (Admission page)
• Collect your Campus Card approximately 10 days later
Health & Travel Insurance

Late Deletion, Aegrotat & Compassionate Consideration, Important Deadlines
Late Deletions

• Late applications to delete a course or courses will be considered by the Director, Academic Services (or delegated authority) only in **exceptional circumstances** (such as illness, injury or events beyond the control of the student) and **upon submission by the student of appropriate evidence**

• Applications must be made on the **Late Application to Delete a Course form** and must be received by the last day of lectures of the semester, Summer School, or Late Year Term for the course
Compassionate Considerations and Aegrotat

• If you feel that personal circumstances have affected your exam preparation or your performance on the day of your examination, you can apply for aegrotat and compassionate consideration.

• If your preparation is affected, you must see a medical doctor or counsellor within the fortnight before the exam.

• If you are affected on the day of your exam (and possibly unable to sit it), it is vital you see a doctor on the day of the exam itself (even if the exam is on a Saturday). The University’s Health and Counselling Service provides this service.

• Please be aware there is no possibility of re-sitting an examination.

Video – Safety in the City

SAFETY IN THE CITY
AUCKLAND, NEW ZEALAND
Safety Advice

• Keep your accommodation secure by locking all windows and doors
• When travelling be careful not to leave your belongings in your car
• Back up work on your computer regularly (external hard drives, Cloud services) so you don't lose vital work if your computer is stolen
• Protect your mobile phone. Register your phone with the operator and if it is stolen ask them to bar the SIM card immediately
• Do not leave your belongings unattended
Driving in New Zealand

- Driving in New Zealand is permitted if you hold a current valid driver licence (in English). Any restrictions or conditions on your licence will continue to apply in New Zealand.

- You can drive for a maximum period of 12 months from the date you arrive in New Zealand.

- If your licence is not in English, you must obtain an international driver permit or an approved translation of your licence and carry it with your original driver licence when driving in New Zealand.

- Any person caught not carrying their driver licence with them when they drive will be fined. Anyone who drives without any licence at all will be fined.

Driving in New Zealand

Keep LEFT! We drive on the left-hand side of the road.

Always wear your seat belt.

Keep to the speed limit and always stop at STOP signs.

Overtake other vehicles only when it’s safe to do so. Use passing lanes and never cross a solid yellow line on your side of the centre line.

Stay well-rested.

Drive to the conditions. You’ll need to reduce your speed if it’s raining, icy, snowing, windy.

Do not drink and drive. Driving under the influence of alcohol or drugs is a crime.

It’s illegal to use a mobile phone while driving in New Zealand.
Pedestrians & Cyclists

• Look both ways before crossing the road
• Use pedestrian crossings
• Wear a helmet (it’s NZ law)
• All road rules apply to cyclists
• Have good lights if cycling in the dark
• https://at.govt.nz/cycling-walking/
Alcohol

• Legal drinking age in New Zealand: 18 years
• Evidence of age documents
  – NZ or overseas passport (original)
  – NZ driver’s licence
  – HANZ 18+ card
• Liquor ban areas apply in some places or/and at certain times (watch out for signs)
• Socialise with your friends and watch out for each other
• Never leave your drink unattended
• Be careful not do drink to excess
• **Insurance does not cover any alcohol or drug related incidents**
• **Remember your health is the priority**
CONSENT

IT'S SIMPLE AS TEA
Smoking

- Smoking is illegal in most public places in New Zealand
- Smoke outside and/or in designated smoking areas
- All workplaces are smoke free
- All University of Auckland campuses are smoke free
Drugs

- It is against New Zealand law to sell, buy, use, import or possess certain drugs (including cannabis)
- You face criminal charges and a termination of your visa if you do any of the above
- **Insurance does not cover any alcohol or drug related incidents**
Water Safety

Be prepared
• Learn to swim and survive
• Set rules for safe play in the water
• Always use safe and correct equipment and know the weather and water conditions before you get in

Watch out for yourself and others
• Swim between the flags
• Always pay close attention to children you are supervising when in or near water
• Swim with others and in areas where lifeguards are present

Be aware of the dangers
• Enter shallow and unknown water feet first and obey all safety signs and warning flags
• DO NOT enter the water after drinking alcohol

Know your limits
• Challenge yourself within your physical limits and experience
• Learn safe ways of rescuing others without putting yourself in danger
Be SunSmart

Being SunSmart is about protecting skin and eyes from damaging UV radiation – especially when outdoors from September to April.

Slip on a shirt
Slip on a shirt with long sleeves. Fabrics with a tighter weave and darker colours will give you better protection from the sun.

Slip into the shade
Slip into the shade of an umbrella or a leafy tree. Plan your outdoor activities for early or later in the day when the sun’s UV levels are lower.

Slop on sunscreen
Slop on plenty of broad spectrum sunscreen of at least SPF 30. Apply 20 minutes before going outside and reapply every two hours and especially after being in water or sweating.

Slap on a hat
With a wide brim or a cap with flaps. More people are sunburnt on the face and neck than any other part of the body.

Wrap on sunglasses
Choose close fitting, wrap around style sunglasses. Not all sunglasses protect against UV radiation, so always check the label for sun protection rating.
