Learning and Teaching Survey 2019: What is the University doing in response in 2020?

- Strategies to enhance **student engagement and services** across the University
- Piloting the new ‘**Campus Care**’ model to support pastoral care and wellbeing
- Development of a central learning design service to support academic staff in **course design and delivery**
- Implementing a **new assessment policy** which helps address feedback issues and introduces an individual aspect to group project assessment
- A project to **digitize course outlines** to make information on courses more accessible and consistent
- Introducing FlexIT allowing students to **access lab software** anytime and anywhere

- **Lecture capture for all lectures**
- Making **course information more consistent** in Canvas
