

School of Graduate Studies Approved Proof Readers:

The University does not expect that doctoral candidates will employ a professional proof reader or copy editor. If you choose to do so, those listed below have experience in proofreading and copy editing at tertiary level. The School of Graduate Studies has no formal association with these people and takes no responsibility for the work that they undertake for you. Any work they do for you must comply with the University's ['Third Party Editing and Proofreading of Theses and Dissertations Guidelines'](#)

In exceptional circumstances, doctoral candidates with available PReSS funding may apply to the Dean of Graduate Studies for up to \$750 for third party editing and proofreading by an approved provider. Those listed below are approved providers. If you wish to apply to use PReSS funding for third party editing and proofreading, you need to provide the Dean of Graduate Studies with a supporting statement from your supervisor, outlining why the proofreading/editing is necessary. You also need to explain the exceptional circumstances behind the request and show that this use of PReSS funding would facilitate timely completion of your degree.
