

Getting sorted with remote learning

We know it is disappointing to be back in lockdown, and the sudden change can be unsettling. However, we want to assure you that there is still plenty happening this week and into the future, to help you stay social, active, and supported.

We are in the process of rescheduling our week one events, and whether in-person or online, we will have opportunities for you to connect and spend time with each other.

Even from a distance, there are still some key things you can do to make sure you're set up for your year ahead at Uni.
