Doctor of Philosophy
PhD | 2019
About the PhD
A Doctor of Philosophy (PhD) is a globally recognised postgraduate research degree and the highest level of degree you can achieve. As a doctoral candidate, you will undertake three to four years of research in your area of interest. This will culminate in a thesis of original research that contributes significantly to knowledge and understanding in your discipline. Your thesis will be directed by your supervisors, then assessed by external examiners appointed by the University.

Why a PhD at the University of Auckland?

World-class reputation
Our institution is among the top 1% of universities globally, and is both the highest-ranked¹ and the most innovative university in New Zealand.²

Leading research
We are New Zealand’s largest research organisation, supporting 60 research units, centres and institutes. We have the most comprehensive research offerings of any university in the country, supported by the highest level of research funding.³

English language development
Our English language pathway helps anyone with a conditional offer to meet our language requirements. Once in the programme, you can take advantage of diverse English language enrichment opportunities to support your studies.

Dedicated advice
Teams of expert advisers provide support throughout your studies. The International Office provides student advice around visas, opening a bank account and living in a new country. The School of Graduate Studies answers questions about your programme, from application to examination.

Accommodation
We can help you find quality accommodation in the heart of Auckland City, whether you are a single student, part of a couple or bringing your family. Choose from University residences or private accommodation.

How we support you

Domestic fee rates
New international PhD students who live in New Zealand during their doctoral study pay the same annual tuition fees as New Zealand students. In 2018, that was just NZ$6,969.60 per annum (excluding compulsory fees).

Generous scholarships
A range of scholarship options is available for international PhD candidates, including country-specific funding, the University of Auckland Doctoral Scholarships and project-specific funding.
www.auckland.ac.nz/is-scholarship

Automatic research funding
Research support funding is available automatically to all PhD candidates. Postgraduate Research Student Support (PReSS) is an annual payment for up to four years, intended to cover research costs and contribute to research-related travel, conference attendance and research consumables.

Doctoral Skills Programme
The Doctoral Skills Programme provides free resources to help you refine the skills you need to complete your doctorate successfully.

Fees
NZ$6,969
2018 annual PhD fee*
*Excludes compulsory fees. Eligibility requirements apply.

Preparing to apply

Entry requirements
Acceptance on to the programme is subject to staff availability for supervision, and appropriate facilities. You must demonstrate an ability to research independently and possess a high level of theoretical understanding. You must also have completed a significant research project, dissertation or thesis during your qualifying degree.
You can check your eligibility using our online calculator.
www.gpecalculator.auckland.ac.nz
You will need an overall IELTS academic score of 6.5 with no band less than 6.0, or approved equivalent.*
www.auckland.ac.nz/doctoralentry

Find a supervisor
You can apply to the PhD programme without first finding a supervisor, but having a supervisor may speed up your application.
Search FindaThesis, our online database, to discover detailed information about current doctoral projects and potential supervisors.
www.findathesis.auckland.ac.nz
You can also browse the University’s staff directory to find potential supervisors who do research in your area of interest.

“Early Childhood Education
Mina Badiei comes from Iran and is pursuing her PhD in the School of Curriculum and Pedagogy, focusing on Early Childhood Education.

“I was searching for a world-class university to pursue my studies. My supervisor suggested the University of Auckland and, after finding out the high global ranking, I decided to apply for the doctoral programme.”

“I love children, and my passion is helping to provide a better education for them. Working as an Early Childhood teacher, I realised the importance of education and curriculum in the early years on children’s development. My doctoral thesis will investigate education and care experiences of toddlers, to explore how these very young children demonstrate agency and competency in decision-making.

“I am grateful for the guidance and advice my supervisors provide, and I like the peaceful environment of Epsom Campus – it has its own unique beauty in every season. I have always wanted an academic job at a university and my hope is that being a PhD student at the University of Auckland might help me find a job here.

“I thought it might be difficult to deal with being thousands of miles away from home, but Auckland’s rich culture and lovely people meant I didn’t feel homesick or lonely. I enjoy Auckland’s outstanding lifestyle, beautiful parks, landscapes and amazing beaches. Aucklanders are so friendly and welcoming, and living in Auckland is super cool.”

Mina Badiei comes from Iran and is pursuing her PhD in the School of Curriculum and Pedagogy, focusing on Early Childhood Education.
How to apply for a PhD at the University of Auckland

PhD applications may be submitted at any time during the year. Apply online at www.auckland.ac.nz/doctoralapplications

**Step 1. Check your eligibility**
www.auckland.ac.nz/doctoralentry

**Step 2. Choose your area of interest**
Decide on your potential research topic, then check our active research in that area by exploring:
- Faculty and department websites
- FindaThesis
  www.findathesis.auckland.ac.nz
- University directory
  unidirectory.auckland.ac.nz
Note: You may nominate a supervisor in your application, but it is not necessary.

**Step 3. Prepare your documentation**
You will need electronic copies of:
- Academic transcripts
- Initial Statement of Research Intent
- Curriculum vitae (résumé)
- Approved English language test scores if English is not your first language
- Evidence of research activity (thesis, dissertation, publication)
Two referees must support your application. They must submit their reference directly to us.

**Step 4. Apply online**
www.auckland.ac.nz/doctoralapplications
You will receive an acknowledgment email with your Application for Admission login details. You can use these details to keep track of your application status.

**English language pathway**
If you do not meet the English language requirements, we have two English language pathways that can help:
- Foundation Certificate for Academic Purposes (FCertEAP)
  www.ela.auckland.ac.nz/fcerteap
- Fast-track programme: English Pathway for Postgraduate Studies (EPPS)
  www.ela.auckland.ac.nz/epps

**Application help**
Follow our step-by-step guide for doctoral applications, admissions and enrolment.
www.auckland.ac.nz/doctoralapplications
Find an official agent or overseas representative who can help you with the application process in person.
www.auckland.ac.nz/overseasrep
Get answers to your questions using our online help tool.
