

360 International Exchange Programme Course Interests for Exchange Application

First Name: _____ Family Name: _____

Student ID: _____ Applying for Exchange in: Semester _____, 20_____

Degree Programme you will study *while on exchange* (i.e. BA/BCom/MArch(Prof)): _____

Please complete this form, indicating potential courses you have identified for each exchange partner university which you are listing in your application for exchange through the 360 International programme. Note that you must list a minimum of 5 potential courses for each university listed on your application, which you believe to be a good fit for your academic programme. We ask you to list **five** partner universities with your application to improve your chances of being accepted for exchange, however please only list options that you are serious about attending.

- It is your responsibility to research and take note of any relevant programme restrictions noted on the host university’s fact sheet and/or exchange website.
- Please be mindful of which semester each course is typically offered in when referring to the course listings on the host university’s website or course catalogue. Keep in mind that the academic year for many of our partners begins in Aug/Sept with the overseas university’s Semester 1 (often referred to as fall or autumn semester), aligning with the University of Auckland’s Semester 2.

Please note that you are only asked to provide a Course Approval Form, with approval from your department/faculty, for your first choice university. Please do not request Course Approval forms from your faculty for all partner universities you list here for your application. You must complete this form to demonstrate to us that you have researched all of your potential partner universities thoroughly. You must be willing and able to attend (i.e. you have identified suitable courses) any one of the host universities you list on your application as we are not able to nominate all applicants to their top choice. If nominated to a partner university other than your first choice, you will work with your Faculty to complete a new Course Approval form for the partner university you have been nominated to for your exchange.

If you are listing the **University of California** on your application, please list your first campus choice among your top five partner university choices (pg 1-3) and complete the UC Appendix (pg 4) with courses for your other two campus choices within the UC system (**required**). You will not be considered for a place at the University of California if you do not list 3 campus choices.

University of California Appendix

If you are applying for exchange at the University of California, please read thoroughly the [University of California Education Abroad Programme](#), including the [Impacted Majors Information](#), which identifies the subjects that are not available to exchange students at each campus. Research courses at **three** of the nine California campuses. If you are nominated, you will be **required** to state your three choices on the UC Application Form. **California decides which campus you will be placed at so be flexible.** You should be prepared to gain faculty approval for courses at a different campus. Please be aware that courses are not identical from campus to campus. Please take note of [pre-requisites](#) that may apply to your major.
