

Host University Preferences & Proposed Courses Form

Applicant Details

ID Number: _____ Expected exchange term: _____
 First Name/s: _____ Last Name: _____
 Current programme of study at UoA: _____ Will you be completing your final semester of study on exchange? _____

Form Instructions

Please complete this form, indicating potential courses you have identified for each exchange partner university which you are listing in your application for exchange through the 360 International programme. You must complete this form to demonstrate to us that you have researched all your potential partner universities thoroughly. This form should be saved and uploaded into your application in *Via* TRM once completed.

Note that you must list a minimum of **8** potential courses for each university listed on your application, which you believe to be a good fit for your academic programme. We ask you to list **5** partner universities with your application to improve your chances of being accepted for exchange, however please only list options that you are serious about attending.

- You must be willing and able to attend (i.e. you have identified suitable courses, which are open to exchange/study abroad students) any one of the host universities you list on your application as **we are not able to nominate all applicants to their top choice**.
- It is **your responsibility** to research and take note of any relevant programme restrictions noted on the host university's fact sheet and/or exchange website. It is important that you check that your proposed courses/subject areas are not restricted (e.g. not open to exchange students) at your host university. Do not rely on 'pre-approved' course lists from UoA faculty.
- Please be mindful of which semester each course is typically offered in when referring to the course listings on the host university's website or course catalogue. The academic year for many of our partners begins in Aug/Sept with the overseas university's first semester (often referred to as fall or autumn semester), aligning with the University of Auckland's Semester 2.

If accepted into the 360 International Exchange programme, you will receive a nomination offer for a single partner university, based on our allocation of nomination spaces, and you will work with your Faculty to complete a Course Approval form for the partner university you have been nominated to for your exchange. Please do not request Course Approval forms from your faculty for all partner universities you list here for your application.

Please see University of California Appendix on page 3 if listing the University of California as one of your host university choices.

1. Host University Preference, First Choice:

Proposed Host University Courses (ranked in order of preference/importance):	

Link(s) to [host university website](#) where course information above has been found:

Why do you feel this host university is a good fit for you, and how does this align with your academic & professional goals?

2. Host University Preference, Second Choice:

Proposed Host University Courses (ranked in order of preference/importance):	

Link(s) to [host university website](#) where course information above has been found:

Why do you feel this host university is a good fit for you, and how does this align with your academic & professional goals?

3. Host University Preference, Third Choice:

Proposed Host University Courses (ranked in order of preference/importance):	

Link(s) to [host university website](#) where course information above has been found:

Why do you feel this host university is a good fit for you, and how does this align with your academic & professional goals?

4. Host University Preference, Fourth Choice:

Proposed Host University Courses (ranked in order of preference/importance):	

Link(s) to [host university website](#) where course information above has been found:

Why do you feel this host university is a good fit for you, and how does this align with your academic & professional goals?

5. Host University Preference, Fifth Choice:

Proposed Host University Courses (ranked in order of preference/importance):	

Link(s) to [host university website](#) where course information above has been found:

Why do you feel this host university is a good fit for you, and how does this align with your academic & professional goals?

University of California Appendix

If listing **University of California** as one of your choices on your application, please list your first campus choice among your top five partner university choices above and complete sections below with courses for your other two campus choices within the UC system. **You will not be considered for a place at the University of California if you do not list 3 campus choices.**

Please read thoroughly the [University of California Education Abroad Programme](#), including the [Impacted Majors Information](#), which identifies the subjects that are not available to exchange students at each campus. Research courses at **three** of the nine California campuses. If you are nominated, you will be **required** to state your three choices on the UC Application Form. The **University of California decides which campus you will be placed at so be flexible**. You should be prepared to gain faculty approval for courses at a different campus. Please be aware that courses are not identical from campus to campus. Please take note of [pre-requisites](#) that may apply to your major.

Second Choice, University of California Campus:

Proposed Host University Courses (ranked in order of preference/importance):	

Link(s) to [host university website](#) where course information above has been found:

Third Choice, University of California Campus:

Proposed Host University Courses (ranked in order of preference/importance):
