| Class Search Portal | Search for Classes Tool [link]—Course offerings of previous calendar year  
                          (Undergraduate & Graduate). The UG course schedule is released in May each year. The Graduate course schedule is released in mid-June.  
                          
                          *Please note, graduate (non-MBA) courses are often offered on a biennial basis (every two years). Graduate students must thus be flexible in their course selections. Course listings are released in mid-June for the upcoming year. |

| MBA Courses [link] |

| Course Load per Semester | Undergraduate  
                          A full-time course load for undergraduate students at McMaster is 9 to 15 units per semester (3 to 5 courses). Engineering students may take up to 18 units.  
                          
                          MBA  
                          A full-time course load for MBA students is 4-5 courses per term.  
                          
                          Other Graduate  
                          Full time varies by program. On average students take 2-4 courses. |
Application & Process

*Please contact us prior to your internal recruitment deadline to check the number of students we can accept from your institution each year. This number is reviewed according to the overall balance of the agreement.*

<table>
<thead>
<tr>
<th>Partner Nomination Deadline</th>
<th>Includes both Fall and Winter exchange terms</th>
<th>March 15, 2019 (Preferred Deadline)</th>
<th>April 15, 2019 (Final Deadline)</th>
</tr>
</thead>
</table>

**Partner Nomination Process**

Please nominate your students using our [online nomination portal](#).

The system allows for multiple nominations at once. Please remember to logout.

Students nominated for Graduate study should be in their 2nd year of the home Masters program.

<table>
<thead>
<tr>
<th>Student Application Deadline</th>
<th>Includes both Fall and Winter exchange terms</th>
<th>March 31, 2019 (Preferred Deadline)</th>
<th>April 31, 2019 (Final Deadline)</th>
</tr>
</thead>
</table>

**Student Application Process**

Upon receipt of student nomination details, the McMaster Exchange Office will contact each nominated student with instructions on how to apply through our [online application system](#). Invitations to apply will go out to students beginning in January 2019.

Students will need to complete the online application, which will include uploading supporting documents (resume, statement of interest, passport style photo). *Please do not send us additional scanned or printed copies of the online application*.

The student’s home international office is asked to please send original or scanned copies of the following (Scans: Please send as [1PDF attachment per student](#)):

1. 1 original, official transcript (or verified scan) with English translation and grading system attached. *(Please include Bachelor transcripts for Graduate and MBA applicants)*

2. English Language Certification *(If required, see Language Requirements below)*.

*Supporting documents must be sent from the Home Institution Coordinator. Transcript scans should clearly show the institutional seal/stamp or home coordinator’s signature verifying that the document was taken from an official source.*
We cannot accept scanned supporting documents directly from students. We can accept official, university-generated e-transcripts directly from students via a secure portal/link. Please send to Jenna Levi at levij@mcmaster.ca.

**Language Requirements**

The language of instruction at McMaster is English. Although we offer informal (non-credit) workshops to assist students with the English language, we do not offer English as a Second Language (ESL) for-credit courses for incoming exchange students. Students must be proficient in English prior to arrival.

**MOU Applicants**

Applicable to students from the below partners:
- University of Science & Technology Beijing (USTB)
- Nankai University
- Shanghai International Studies University (SISU)
- Jiangxi University of Finance and Economics (JUFE)

MOU students are expected to submit official language test scores according to McMaster’s English Proficiency requirements. These must be received by the appropriate deadline. The McMaster University institution code for ETS/TOEFL is **0936**.

**MBA Applicants**

Certification is required if you have not resided in an English-speaking country for at least four years, or if English was not the primary language of instruction for at least three years of your full-time post-secondary education (excluding ESL courses). Please see the MBA admissions website for more information on MBA Language Proficiency:

We accept only TOEFL and IELTS scores:
- TOEFL requirement: 100 (internet based), 250 (computerized test), 600 (written test)
- IELTS requirement: Overall score of 7.0
- Visit [www.toefl.org](http://www.toefl.org), or [www.ielts.org](http://www.ielts.org) for more information.

Please make arrangements with TOEFL or IELTS to have your results sent to us directly.

**Graduate Applicants**

Official English language certification or a letter from your home exchange coordinator/professor confirming proficiency in English.

**All Other Applicants**

For all other applicants, official certification is not required, but students are expected to have sufficient proficiency in English to study at the university level and be able to read, write and participate in verbal class discussions. McMaster University assumes that the student’s language skills have been assessed at the
Level & Course Selection

Undergraduate

Undergraduate exchange students will be registered in Level 3 at McMaster, and should expect to take mostly Level 2 and Level 3 courses. Enrolment in Level 4 and many Level 1 courses is generally reserved for McMaster students. Access to Level 1 elective courses may be given, space permitting.

Students must look at the course listings in the McMaster Class Search and list their selections of interest on the McMaster online application. Students should be aware that not all courses listed in the Class Search database are offered every year, so this is just a provisional selection to indicate what kind of courses students are interested in. Course outlines may be found on the individual department webpages. Official course registration for both Semester 1 and 2 takes place in mid-June and is done online. Students must be prepared to be in e-mail contact with their McMaster academic advisor in late May (when the timetable for the coming year is published) and early June to get approval for their final course selection. This will depend on what courses are confirmed for the upcoming year, timetable clashes, and course prerequisites.

Graduate

Students wishing to study at the graduate level must be currently enrolled in an equivalent graduate level program at their home university and should be in their second year of master’s study (5th year). Students may follow courses or conduct research.

GPA Requirement:
Engineering - 7.0/12.0 or 2.70/4.00
All other Faculties - 9.0/12.0 or 3.30/4.00
*These are minimums. Individual departments may require higher admissions averages.

Graduate students will be considered at the department level for exchange. Students must indicate on their McMaster exchange application to which department they are applying as their home base, for course or research purposes. Upon acceptance, graduate courses for the upcoming year will be suggested based on the student’s specialization. Students may refer to the Graduate calendar for general information. Nonetheless, it is important to note that as courses are offered on a biennial basis, courses listed on the current calendar may not be offered in the subsequent academic year. A final course list is released in July of each year.

Note: With the permission of their home university, graduate students may request to take 1 course at the undergraduate level, with the exception of courses from the School of Business. Exchange students and their academic advisors should be aware of the difference in course weighting between graduate and
undergraduate courses. It is also important to note that graduate students are only permitted to register in undergraduate courses AFTER undergraduate registration has taken place. This means that some undergraduate courses may not be available for graduate students based on seat restrictions.

**MBA**

Students are expected to take final year 700-level MBA courses only. MBA students are not permitted to take undergraduate courses, I600, HSM C700, T level, D700, or 650 level courses. Please note that students applying for the MBA program must have completed a Bachelor’s Degree and provide copies indicating completion.

<table>
<thead>
<tr>
<th>Courses/programs not open to exchange students.</th>
<th>Undergraduate Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Restrictions</td>
<td>Students accepted at the undergraduate (bachelor) level are NOT eligible to take courses at the graduate (master) level. Exchange with the Faculty of Health Sciences is not permitted.</td>
</tr>
<tr>
<td>Faculty of Humanities</td>
<td>Multimedia and Studio Art courses are restricted, but may be open to students registered in a similar program at their home university (space permitting). Students interested in these courses should contact McMaster early to check availability and, if interested in Studio Art, submit a portfolio.</td>
</tr>
<tr>
<td>Faculty of Engineering</td>
<td>The Bachelor of Technology program is not available to exchange students. Engineering students are permitted to register in most Level 4 courses. Engineering students wishing to take a business course must be enrolled in an Engineering Management program at their home university to be eligible.</td>
</tr>
<tr>
<td>Faculty of Social Sciences</td>
<td>Students applying for ‘PNB’ (Psychology, Neuroscience, and Behaviour) courses must have completed ‘A’ Level Mathematics and at least ‘O’ level Biology. This would equate to university Calculus and grade 12 Biology (highest biology level in high school). Students applying to the psychology program must provide copies of A and O Levels.</td>
</tr>
<tr>
<td>Faculty of Science</td>
<td>Enrolment in Science Inquiry and Senior Projects is restricted (may be waived on case-by-case basis). Students should email McMaster in advance to confirm eligibility. Students within the Faculty of Science may be permitted to take courses within the Faculty of Health Sciences. <em>This will depend on seat availability and sufficient background knowledge.</em> Students will be considered on a case by case basis, negotiating all requests with their McMaster academic advisor. Full exchange with the Faculty of Health Sciences is not permitted.</td>
</tr>
</tbody>
</table>

DeGroote School of Business
The Economics program is part of the Faculty of Social Sciences, and not part of the School of Business. This may affect some students’ eligibility for Commerce courses depending on the agreement between McMaster and a partner university. Students should have a background in Business in order to apply.

**Graduate Level**

*Undergraduate courses/programs:* Any undergraduate course offered within the DeGroote School of Business is not open to graduate students of any discipline.

*Graduate courses/programs not available:*
- Faculty of Health Sciences (All Programs).
- Masters of Finance
- Business Administration (EMBA).
- Professional Accountancy (Diploma)
- MiNDS Neuroscience.
- Global Health – GLOBHTH 702 Global Health Foundations (Course)
- Masters of Health Management
- Interdisciplinary Studies – some courses crossing with the Faculty of Health Sciences may not be available.

**MBA**
Not permitted to take undergraduate courses in the School of Business. Not permitted to take courses with the following codes: I600 level, 650 level, HSM C700, T level, D700.

---

**University Health Insurance Plan (UHIP)**

Ontario’s University Health Insurance Plan (UHIP) is mandatory for all international and exchange students studying in Ontario. The UHIP fee will be automatically charged to the students’ accounts. Students can view their account through Mosaic.

UHIP is a comprehensive plan appropriate for coverage in the Province of Ontario only. Students traveling outside of Ontario or Canada must purchase supplemental health insurance.

For more details visit [www.uhip.ca](http://www.uhip.ca).

Students may be exempt from UHIP if they can show coverage by one of UHIP’s pre-approved plans. Requests for UHIP exemption must be submitted by September 29th (Fall or Full year exchange) or January 29th (Winter exchange). For a full list of pre-approved health plans visit: [http://uhip.ca/all-about-uhip.aspx#seven](http://uhip.ca/all-about-uhip.aspx#seven)

**Not covered under UHIP:**
- Prescription Medication
- Dental Care
- Vision Care

</tbody>
</table>
Due to high demand, the availability of off-campus housing in the Fall (September) term can be extremely limited, most difficult for single semester exchange students. We encourage partners to nominate their single semester students for the Spring (January) term when possible and encourage students to apply for on-campus accommodation.

It is easier to find 4 month accommodation (both on/off campus) in the January-April term.

**ON-CAMPUS**

[Link to on-campus housing website](housing.mcmaster.ca/future-residents/)

If the number of applications exceeds the number of available rooms, a lottery system will determine the final offer. Unfortunately, we are unable to guarantee on-campus housing for exchange students.

**Important Notes:**

- Meal plans are mandatory.
- Residence accommodation is only available to Undergraduate students.
- Residences are typically for first year McMaster students.
- McMaster facilities close over the Christmas holiday break, but some residences remain open for students who apply to stay over the holidays. More information on "December Stay" can be found on the housing website and is requested as part of the residence application.
- An admin charge of **$300** Canadian is applied to semester students staying Sept-Dec only.

Students with disabilities should answer “Yes” to requiring residence accommodation and complete the required sections which includes an explanation of the student’s situation and documentation from an attesting professional.

Deadline to apply is **June** each year.

**OFF-CAMPUS**

[Link to off-campus housing website](housing.mcmaster.ca/living-off-campus/)

McMaster is located close to many affordable housing options suitable for incoming exchange students. Off-campus housing provides students with the ability to live in close proximity to campus while experiencing shared living with other Canadian students. Through McMaster’s Off-Campus Resource Centre, exchange students can browse through rental listings for shared housing in the nearby Community of Westdale and surrounding area.

**It is easier to find 4 month off-campus sublets in the January-April term.**

Another informal avenue for students to search for off-campus housing is through the M.I.X. Exchange Club, MacInsiders Facebook group, and Kijiji. These pages are not monitored by McMaster University.

Transcripts/Grades
Students can view their grades in the Mosaic Student Centre. Information on the McMaster grading scale for undergraduate and graduate students can be found on the Office of the Registrar.

Unofficial transcripts are available for download by students at any time via Mosaic. Official transcripts can also be requested via Mosaic for release from the Office of the Registrar. There is no cost for the printing of transcripts, assuming standard processing time.

McMaster University will automatically send 1 official, hardcopy transcript to the student’s home international office upon completion of the exchange program. Transcripts will be mailed in late January/May following the study period.

Students requiring additional copies can request official transcripts directly through their Mosaic student center from the Office of the Registrar.

More information on requesting transcript requests can found here.
