Kingston, Ontario

Founded in 1673 on a First Nation site called Katarokwi, the settlement was eventually referred to as "the King's Town" in honour of King George III, with the name shortening to "Kingston" by 1788. Kingston is also nicknamed the "Limestone City" because of the many historic buildings built with local limestone.

Kingston was chosen as the first capital of Canada on February 15, 1841, and served in that role until 1844. Kingston was also the home of Canada's first Prime Minister, Sir John A. Macdonald.

There are 21 National Historic Sites of Canada located in Kingston, and in 2007, the Rideau Canal, along with the fortifications at Kingston, was designated a UNESCO World Heritage Site.

Anywhere you go in downtown Kingston – and on campus – you're only minutes from the waterfront. Equally close to campus (about a 10-minute walk), is Kingston's bustling downtown, which is home to many unique-to-Kingston shops, big brands you'll recognize, and some of the best restaurants in Canada.

Add to this Kingston's many community events and friendly, charming vibe and it's easy to see why the BBC named Kingston one of the top five university towns in the world!
