

RE: University of Toronto Departments Exchange Information

Inbound exchange student contact information:

- Email: inbound.exchange@utoronto.ca

Campuses: There are three campuses at the University of Toronto:

1. Mississauga Campus (UTM)
2. Scarborough Campus (UTSC)
3. St George Campus (UTSG)

* Please note: University of Toronto only counts as one choice on the 360 International exchange application. Listing multiple campuses will not lead to an increased chance of getting nominated to Toronto.

Annual application deadline: This is a **December deadline only** partner, as the University of Toronto has one annual application round.

- Students applying for UoA Semester 1 (Winter Term) of a given year must apply to 360 International in the December application round 2 years prior. For example, students must apply to 360 International by 1 December 2022 for Semester 2 2023 **and/or** Semester 1 2024. Applications to 360 International for a Semester 1 2024 start (Winter 2022) will not be considered in the July 2022 application round.

For more information on exchange opportunities at the University of Toronto please visit their website:

- Inbound Study Abroad & Exchange website:
