### Syllabus search

*Note* Not all courses published in the Syllabus Search are open to Exchange Students. Also, please be aware that the information contained on these web sites is subject to change.

### Course registration period and procedures

At the beginning of the semester (no pre-arrival registration is available) After you arrive in Japan, there will be briefings about course registration during academic orientation in each school.

### Number of courses (and credits) to take

We recommend that exchange students take 7 courses per semester (which amounts to 14 credits). The School of International Liberal Studies (SILS) has its own curriculum. Some exchange students take as many as 20 courses (40 credits).

### Courses offered to all students, courses offered by other Schools

- As a rule, Exchange students must select their courses from those offered by the school they will be affiliated with at Waseda. In some cases, you may be permitted to take courses offered to all students or courses offered by other schools as well. Please note that the course list for the following year will be made available in March. These courses are open to all students including general students, so the possibility that you will be selected is quite small. Your study plan should be focused on the courses offered by the school for which you are applying.
- Undergraduate students cannot take courses intended for graduate students. Graduate students cannot take courses intended for undergraduate students.

### Registration Rules

### Credit

The number of credits you can obtain by taking a course varies; it is, however, usually as follows:
- A lecture-style course (90 minutes x 15 times): 2 credits
- A Japanese language course (90 minutes x 15 times): 1 credit

### Grading System

### Official transcripts

Grades will be announced in early March and early September, and the official transcripts will be issued and sent to the affiliated university in May or October after the program is completed. If you need the official transcript sooner, please submit a request to your undergraduate or graduate school at Waseda. It is also possible to check your grades via MyWaseda.

### Language support / Academic advisor

We have the International Community Center (ICC) and they provide language exchange programs to support Japanese language. We offer WASEDA NIHONGO SUPPORT to international students who are keen to develop NIHONGO proficiency and learning skills in their self-directed learning. School of International Liberal Studies (SILS) provides the academic advisor to assist in choosing courses.
