

## RE: University of Nottingham fact sheet

Please note that the following schools and departments are **December deadline** only (you must apply to 360 International by December in order to be considered for Semester Two of the following year or Semester One for the year after that):

- School of English
- School of Physics

You apply as per usual for the other schools/departments.

Please note:

- **Department of Chemical and Environmental Engineering:** is not open for exchange students.
- **Department of Architecture and Built Environment:** requires a portfolio along with the application.
- **Faculty of Medicine and Health Sciences:** do not accept visiting students except for the School of Life Sciences, but certain criteria may need to be met.
- **Environmental Sciences:** The course location is University Park.
- **School of Chemistry:** are happy to consider are happy to consider students into Y1 or Y2 for the full year, or for one semester, or the whole year in Y3 or Y4. Please contact 360 International if you have questions.
- **Department of Electrical and Electronic Engineering:** are happy to consider students for our Level 1 and 2 modules (Years 1 and 2) for the full year exchange only, single semester exchange students will only be able to enrol on the more advanced Level 3 or 4 modules. Please contact 360 International if you have questions.
- **Politics and International relations:** modules will only be available to students being hosted by this School.
- **School of Economics:** Students wishing to take School of Economics modules and who are not hosted under School of Economics at UoN, will have a limited number of modules available to them. Please do check the Nottingham Module catalogue carefully for availability.

If you have any questions, please contact the 360 International Team at [360international@auckland.ac.nz](mailto:360international@auckland.ac.nz).
