<tbody>
<tr>
<td>Classical Studies, English, Geography, History, History of Art, Te Reo Māori (or Te Reo Rangatira)</td>
<td>Accounting, Biology, Calculus, Chemistry, Digital Technologies*, Economics, Mathematics†, Physics, Statistics</td>
</tr>
</tbody>
</table>

* There are only 21 Level 3 achievement standards that will count taken from this domain, numbered 91632 – 91642, 91900 – 91909  
† Mathematics cannot be used in combination with Calculus and/or Statistics.

For Cambridge International

### Gaining Admission

To be admitted to the University, you must:

- have a University Entrance qualification based on NCEA, Cambridge International (taken in NZ), IB or another recognised, equivalent qualification
- meet the rank score and any other requirements for your chosen programme

See the 2021 Undergraduate Prospectus or the University of Auckland website ([www.auckland.ac.nz/admission](http://www.auckland.ac.nz/admission)) for full information on the requirements for University Entrance and selection into a programme.

### Academic English Language Requirement (AELR)

If you are applying for admission to an undergraduate programme and you are a domestic student, or an international student applying on the basis of a New Zealand secondary school qualification or on the basis of results at another New Zealand tertiary institution, in addition to any University Entrance Literacy standard, you must meet the Academic English Language Requirement either through your entry qualification or during your first 12 months of study.

#### Meeting the requirement through school qualifications

To satisfy the AELR via an entry qualification from a New Zealand secondary school you must achieve the following:

- For those applying on the basis of **NCEA**: You must have gained the University Entrance Literacy Standard AND a minimum of **17 credits in English at Level 2 and/or 3**.†

- For those applying on the basis of **Cambridge International (taken in NZ)**: You must have gained the University Entrance Literacy Standard AND a minimum of a **D grade** in an **English course at AS or A Level**.

- For those applying on the basis of **International Baccalaureate (IB)**: You must have gained the University Entrance Literacy Standard AND be in receipt of 26 points.

* Does not apply to applicants who meet the University Entrance Literacy Standard in Te Reo.  
† English for Academic Purposes standards US 22750 and US 22751 will contribute to meeting the AELR.

#### Meeting the requirement in your first 12 months of study

If you do not meet the requirement through your entrance qualification as outlined above, but otherwise qualify for admission, you can satisfy the AELR during your first year of study by passing an academic English language course as part of your General Education programme, or as otherwise specified by your Faculty. For more information please see [www.auckland.ac.nz/aelr](http://www.auckland.ac.nz/aelr)

### Programme

**Bachelor of Science (BSc)**

- Students will be selected on the basis of their rank score. There are no required subjects. See the list below for preparation subjects relating to the major/specialisations.

- English-rich subjects (Classical Studies, English, Geography, History, History of Art) are useful for any major, particularly those marked. Computer-based subjects including Digital Technologies are strongly recommended for all majors.
