

Master of Professional Accounting

Likely roles include:

- Auditor
- Tax specialist
- Business adviser
- Systems accountant
- Management accountant

240 points; 18 months

The Master of Professional Accounting is an 18-month coursework masters degree programme designed to prepare graduates for a career in accounting. You will acquire knowledge and skills in business, accounting, finance, commercial law and taxation.

Career prospects

With a Master of Professional Accounting you will have the skills and knowledge required to launch a career as an accountant with a chartered accountancy practice, industry or the public sector.

The 18-month Master of Professional Accounting is recognised as providing the academic preparation for graduates seeking to qualify as chartered accountants or certified practising accountants. The programme is a recognised pathway for provisional membership of Chartered Accountants Australia and New Zealand (CA ANZ) as a programme meeting the requirements for associate membership.

In addition, the programme is recognised by the Association of Chartered Certified Accountants (ACCA) and students who have completed the Master of Professional Accounting qualify for the maximum nine exemptions. Graduates of this programme are also offered a fast track to Chartered Institute of Management Accountant (CIMA) membership through the Masters Gateway Assessment.

For more information about the additional practical experience and study module requirements for becoming a Chartered Accountant, please refer to the membership body websites.

Degree structure

The Master of Professional Accounting is an 18 month, 240-point programme studied over six quarters. You will study core business courses before continuing on to study a set of specialised Accounting courses. You will also complete four professional development modules. These are an important component of your degree, and will equip you with the professional skills that you will need to enhance your employability and success in the business world.
