LEGISLATION

The University of Auckland Act 1954 constitutes the University and defines the powers and duties of the Council, the Professorial Board, and the principal officers. The Act was quoted in full in the Calendar for 1956.

THE AUCKLAND UNIVERSITY DISTRICT

The Auckland University District comprises the Provincial District of Auckland and that portion of the Provincial District of Taranaki which is within the South Auckland Education District.

GENERAL INFORMATION

The University of Auckland is a Constituent Institution of the University of New Zealand and includes recognized Schools of Architecture, Engineering, Fine Arts and postgraduate Obstetrics and Gynaecology. Statutes governing the conduct of the affairs of the University of New Zealand are made from time to time by the Senate. In accordance with the New Zealand University Amendment Act 1954 and other Acts, certain powers are delegated to the University of Auckland. Some of these powers are delegated directly to the Council, and certain others — notably that of drawing up Course Regulations — are exercised by the Council subject to approval by the Senate of the University of New Zealand or its Curriculum Committee. Regulations that have been so approved have the force of Statutes of the University and are printed in full in this Calendar. Matters not covered by such delegations or approvals are governed by the Statutes of the University which are set out in the Calendar of the University of New Zealand. For the information and convenience of members of the University of Auckland, certain University Statutes are quoted in full in the Calendar and others are summarized. For the full text of the summarized Statutes, reference should be made to the Calendar of the University of New Zealand.
DEGREES AND DIPLOMAS

Certain diplomas are awarded by the Council. All degrees and all University (as distinct from Auckland) diplomas are conferred by the University of New Zealand in accordance with procedure laid down in its Calendar. It should be noted therefore that “any person wishing to have his degree conferred or his diploma presented at the annual general graduation ceremony must make application both to the Registrar of the University of New Zealand and to the Registrar of his University not later than the tenth day of April in the year of the ceremony.”

ACADEMIC DRESS

Graduates must appear at all public ceremonies of the University in the academic costume proper to their degree, but doctors may on special occasions wear a scarlet gown and graduates admitted ad eundem statum may wear the academic costume of their own University. Unless the holder of a diploma is also a graduate, the only academic dress he may wear is an undergraduate gown.

The gown for a Bachelor’s degree is as for the Cambridge Bachelor of Arts. The gown for a Master’s degree and for the degree of Doctor of Philosophy is as for the Cambridge Master of Arts. The hood for every degree is the size and shape as for the Cambridge Master of Arts. The hood for a Bachelor’s degree is lined with coloured silk and bordered with white fur. The hood for a Master’s degree is lined with coloured silk only.

The colours of the linings of the hoods may be seen on a chart at the Registry, and are as follows: Arts — pink; Science — dark blue; Law — light blue; Music — white; Engineering — violet; Commerce — orange; Architecture — lemon.

The cap for all graduates is a black trencher with a tassel.
MATRICULATION

This section is a slightly modified version of the relevant University of New Zealand Statute.

I. Every student, including students who have been granted provisional admission under Section IV. hereof shall, upon entering the University, make the following declaration:—"I do solemnly promise that I will faithfully obey the Statutes of the University of New Zealand so far as they apply to me; and I hereby declare that I believe that I have attained the age of sixteen years by the thirty-first of December of last year."

II. To matriculate a student must

(i) be accredited as prescribed in Section III. hereof; or pass the University Entrance Examination; or be reported by the Examiners of the Entrance Scholarships Examination to be qualified to pass the University Entrance Examination; or be eligible to be matriculated as provided in Section IV hereof,

(ii) comply with Section I, hereof, or, not being sixteen years of age by the 31st December in the year before matriculating and having obtained special permission of the Executive Committee of the Senate, make the following declaration:

'I do solemnly promise that I will faithfully obey the Statutes of the University of New Zealand as though I had attained the age of sixteen years',

(iii) have his name enrolled on the books of a constituent institution; provided that a pupil enrolled for full-time instruction in a secondary school, combined school, registered private secondary or technical school shall not be eligible to matriculate.

III. Any candidate for admission by accrediting shall fulfil the following three conditions (see p. 39):—

(i) That, being a pupil of a school on the list of schools approved by the University, he be recommended by his Principal in the subjects in which he has made an entry for the University Entrance Examination. Nevertheless where the entry of a pupil includes the subject Music, studied outside an accredited school, the pupil shall be examined in that subject but may be accredited in the remaining three subjects of his entry.
The approved list shall be drawn up by the Senate which shall have power to add to or remove from the list the name of any school.

(ii) That the Principal of such school also certify that he is fit to undertake University studies.

(iii) That he have completed a course of not fewer than four years at a post-primary school. The whole of the four-year course must be taken in a Registered Secondary School or a State Post-primary School or in such other school or class as the University may approve, and at least the fourth year in a school on the accrediting list, provided that a pupil who has completed the work of the Third Form year at a primary school or a preparatory private school and is placed in the Fourth Form of a school approved under this section may, with the approval of the headmaster of the accrediting school and of the liaison officer for the district, be allowed to count the Third Form year as a year for the purpose of accrediting.

IV. Any candidate not under twenty-one (21) years of age may be granted provisional admission to a course for a degree, a diploma, a professional qualification or a certificate of proficiency on the recommendation of the Professorial Board of a University or of the Executive Committee of the Senate and shall be eligible to be matriculated when he has passed in not fewer than three units (or subjects) of his course.

The date of matriculation so given shall be the first day of March of the year in which the candidate passes the first subject of the course for the said degree or diploma.

Provisional admission to a course will be accepted in Arts, Science, Commerce (including Accountancy), Law, Music, Engineering, Agriculture, Architecture, Pharmacy and Forestry, the Diplomas in Education, Fine Arts, Banking and Town Planning, but will not be accepted for courses in Medicine, Dentistry and Home Science.

V. Before any candidate is admitted by accrediting or is granted provisional admission to a course for a degree or a diploma he shall pay the fee prescribed in the Statute “Fees”.

VI. The Registrar of each University shall furnish to the Registrar of the University of New Zealand a list of all matriculation declarations made not later than the first day of June in each
year, provided that a matriculation declaration will be accepted within twenty-one days after the prescribed date if accompanied by a late fee of two guineas. Notwithstanding anything in this Section, on payment by the applicant of a fine of five guineas in addition to the late fee and subject to the approval of the Vice-Chancellor, a declaration may be accepted later than twenty-one days after the first day of June.

VII. Except as provided in Section IV. hereof, together with the regulations made thereunder, no examination passed by any student before he has matriculated can count towards the keeping of terms or the qualifying for a degree.

Accrediting:

Note.—(1) The Principal of a school on the approved list shall send in the entries and fees of all entrants for Entrance from that school, and shall send in with those entries a signed confidential list, in duplicate, of the candidates he recommends for passes by accrediting.
(2) The Principal may, in special cases, and by written request, in duplicate, which shall reach the Registrar not later than the first day of November, make additions to, or withdrawals from, his list of recommendations, but not from the list of entries.
(3) The Principal shall, not earlier than the Friday preceding the forty-sixth Monday of the year advise candidates who are on his list of accredited candidates that they have been accredited, and that they will not be permitted to sit the examination.
(4) The Principal of a school on the accrediting list may recommend for accrediting a pupil coming to New Zealand from school overseas, provided the pupil has completed a course of at least one year at a post-primary school in New Zealand and that the Principal is satisfied the pupil is fit to undertake University studies. The Principal must make application to the University of New Zealand for approval of the overseas school.
(5) No candidate may be accredited in respect of a subject which is not taught at the school issuing the Principal's certificate unless he has, during the year in which he is accredited, received instruction in that subject from another school on the accrediting list, and is recommended in that subject by the Principal of that other school.
(6) Principals of Schools seeking accrediting status shall apply to the Registrar, University of New Zealand, not later than March 31st of the year in which they wish accrediting to become operative.
PROVISIONAL ADMISSION

Candidates for a Degree, a Diploma, a Professional Qualification or Certificate of Proficiency (excluding courses in Medicine, Dentistry and Home Science) who are not qualified to matriculate may apply for admission as provided in Section IV of the University of New Zealand Statute "Matriculation" (see p. 38). Following the University of New Zealand regulations given below, are the requirements for the grant of provisional admission as recommended by the Professorial Board of the University of Auckland.

This section is a slightly modified version of the relevant University of New Zealand Regulations:

1. Applications for provisional admission, accompanied by the fee prescribed in the Statute "Fees", shall be made not later than the first day of May in any year, provided that on payment by the candidate of the fee and a late fee of two guineas an entry shall be accepted if it is made not later than the first day of June in any year. At the discretion of the Vice-Chancellor, an application shall be accepted after the first day of June if accompanied by a fine of five guineas in addition to the fee and late fee.

2. Application from a student taking any degree or diploma course in which terms are required shall be made to the Chairman of the Professorial Board of the University to which he seeks admission. For the professional examinations in Architecture and Accountancy application shall be made to the Registrar of the University of New Zealand.

3. The applicant shall furnish with his application satisfactory evidence that he is not under twenty-one years of age on the first day of June in the year in which application is made.

4. The applicant shall state the course upon which he desires to enter and shall supply particulars of his previous education and any other evidence that he is qualified to enter upon the course with reasonable prospect of success.

5. Upon passing the required number of units, the student may apply to the University for a certificate of confirmation of provisional admission.
6. Any examination passed prior to the date of matriculation cannot be credited towards a degree or towards any qualification which can be obtained only after passing the Entrance Examination.

Candidates applying for Provisional Admission to courses at the University of Auckland, if under the age of twenty-five, will generally be advised by the Professorial Board to sit the University Entrance Examination, unless their applications show professional or technical qualifications such as nurses', mariners' or air pilots' certificates.

Consideration will be given to the amount and kind of secondary education gained by the applicants, and preference will be given to those who are prepared to attend the University full-time. Provisional Admission will not be granted to external students save in very exceptional circumstances.

Note: Provisional Admission candidates who wish to transfer from one University to another should refer to page 62.
ADMISSION AD EUNDEM

This section is a slightly modified version of the relevant University of New Zealand Statute.

I. (i) Subject as hereinafter provided, any person who has qualified for entrance to any university other than the University of New Zealand may be admitted by the Senate at its discretion *ad eundem statum* in the University of New Zealand.

(ii) Subject as hereinafter provided, any other person whom the Senate regards as qualified by study wholly or partly outside New Zealand for entrance to the University of New Zealand, may be admitted by the Senate at its discretion and this shall be deemed to be an admission *ad eundem statum*.

(iii) Subject as hereinafter provided, any person who has completed part of his undergraduate course or has been admitted to a degree at any university other than the University of New Zealand may be admitted by the Senate at its discretion *ad eundem statum* in the University of New Zealand.

II. Before admitting any person *ad eundem statum* under Section I (iii) the Senate shall be satisfied that the course taken and the standard attained by that person at that other University (supplemented in particular cases by other training) are substantially equivalent to the course and standard required from an undergraduate or graduate of the University of New Zealand of the status to which that person is to be admitted.

A candidate who has passed at a University outside New Zealand an examination substantially equivalent to the Examination for the first year of the courses in agriculture may, on the recommendation of the Professorial Board of the constituent institution in which he proposes to pursue his course, be admitted to the status of a pass in such first year examination, although the subjects passed were not entirely those of the first year examination of the University of New Zealand, provided that each case shall be determined on its merits on the recommendation of the Professorial Board of the University in which the candidate proposes to pursue his course.

III. A New Zealand student who proceeds overseas and who requires to pass in a final subject or section to complete a degree or a diploma of the University of New Zealand may, as an alternative to taking New Zealand examinations while overseas, take
appropriate examinations in an overseas University and may, with the approval of the Professorial Board of his University, be granted ad eundem credit for such examinations without being required to return to New Zealand.

IV. A person admitted to the status of the holder of a degree or diploma of the University of New Zealand shall not be deemed to be the holder of such degree or diploma nor shall he be entitled to be enrolled as a graduate of the University of New Zealand, but he shall be entitled to proceed to any other degree or diploma of which the degree or diploma to the status of which he has been admitted is a prerequisite upon the same terms and conditions as those upon which a holder of such degree or diploma is entitled so to proceed.

V. The fee for admission ad eundem statum shall be as prescribed in the Statute “Fees”.

VI. An applicant for admission ad eundem statum must make written application to the Registrar enclosing (a) evidence of his academic standing and of any degree obtained at his former University; (b) a statutory declaration of identity; and (c) the prescribed fee.

VII. The Senate may at any time withdraw or cancel any admission ad eundem statum if satisfied that the evidence tendered in support of the application for admission was untrue or misleading.

VIII. Notwithstanding anything contained in Sections I. to V. hereof, graduates admitted ad eundem gradum prior to 1st January, 1943, shall remain graduates of the University of New Zealand and shall retain the full rights and privileges of graduates.

UNIVERSITY ENTRANCE EXAMINATION

For details of the University Entrance Examination including subjects, prescriptions and general conditions, see Chapter VII of the Calendar of the University of New Zealand.

TERMS AND LECTURES

This section is a slightly modified version of the relevant University of New Zealand Statute.

I. Any candidate for a degree or diploma or certificate of proficiency in the University must be matriculated, must have his name on the books of the University of the district in which he is residing on the thirty-first of March in any year or of the University to which he has been transferred during the year, and keep terms in the subjects prescribed for his course, provided that a candidate who has been admitted under Regulation II. (ii) of the course "Diploma in Fine Arts" shall be allowed to keep terms in the subjects of that diploma.

An internal student shall keep terms in a subject by attending the classes in that subject to the satisfaction of the Professorial Board of his University, and by performing to the satisfaction of the Professorial Board of his University such oral, practical, written and other work therein as the Professorial Board may require.

An external student shall keep terms in a subject for the year in which he is exempted by obtaining exemption from attendance at classes in that subject and by satisfying the regulations of his University, including that in regard to oral work, in respect of exemption from lectures.

Where terms are required in any subject they must be kept before the candidate presents himself for examination in that subject except as provided in Section II. hereof. Terms granted in any stage or subject shall be for the year only unless otherwise directed by the Professorial Board.

II. Any student who in the opinion of the Professorial Board is prevented from attending lectures, or who objects on grounds of religious scruples (whereof the evidence shall be satisfactory to the Senate), shall, so far as it is shown to be necessary, be exempted from attendance at lectures while qualifying himself for the Degree of Bachelor of Arts, or for the Degree of Bachelor of Science, or for the Degree of Bachelor of Laws, or for the examinations for admission as Barristers and Solicitors, or for the Degree of Bachelor of Commerce, or for the Degree of Bachelor of Music, or for the Degree of Bachelor of Divinity, or for the Diploma in Education, or for the Degree of Master of Laws, or for the Degree of Master of Commerce; but a student entitled
to exemption from attendance at lectures under this statute must have his name on the books of a constituent institution. All such exemptions from attendance at lectures must be applied for through the Professorial Board.*

In and after 1961 exemption shall not be granted by a Professorial Board in any subject at Stage III. for the Degree of Bachelor of Arts or for the Degree of Bachelor of Science, unless the candidate has completed, as an internal student, a minimum of three units including a Stage II. unit, which minimum shall be increased in and after 1964 to four units, including a Stage II. unit.

III. Exemption shall not be granted by a Professorial Board to a student in any subject which is not taught at the University upon whose books his name is entered, provided that if teaching of the subject is available at another University within New Zealand, the student, with the approval of the two Professorial Boards concerned, may be granted exemption by his own University and may take the examination of a University which does teach the subject.

IIIA. A student who proceeds beyond New Zealand and who requires to pass in one or two units or subjects to complete a degree, diploma or professional qualification may, at the discretion of his Professorial Board, be granted exemption from lectures in the units or subjects concerned.

Exemption shall not be granted by a Professorial Board to a student in any subject for which extramural tuition is provided by the Victoria University of Wellington if the student, with the approval of the Professorial Boards concerned, enrolls as an external student of the Victoria University of Wellington in that subject. Such student shall keep terms in a subject for the year

*An undergraduate desiring to take advantage of the provisions of this clause must forward to the Chairman of the Professorial Board a declaration stating the grounds on which the application for exemption is based. He must obtain from the Registrar of his University the necessary form for matriculating, which must be done by the first day of June in any year.

He must also give to the Registrar, at the time fixed in each year (vide the regulations in the Calendar), notice of his intention to come up for his annual examination, and of the subjects which he proposes to offer, forwarding also the fee prescribed.
in which he is enrolled as an external student of the Victoria University of Wellington by obtaining exemption from lectures and by satisfying the regulations of that University in respect of the subject.

Note: Until one of the constituent institutions provides for the teaching of a subject, Section III. shall not apply to candidates in the subject.

IV. No student shall be allowed to present himself for examination in Physics, Chemistry, Biology, Botany, Zoology, Geology, Geography, and in Psychology, Biochemistry, Physiology, Radiophysics, Microbiology and Applied Chemistry as for the Bachelor of Science degree, either at the annual examination or at any degree examination prescribed by the University, unless subsequently to matriculation he has, to the satisfaction of the teacher, both attended the regular course of instruction in the subject at the University to which he is attached, and gone through a prescribed course of practical work in the subject.

V. The subjects in which terms must be kept are as follows:—
TERMS AND LECTURES
University of Auckland Regulations

Dates of Terms
1. There shall be in each year three terms. The first term shall begin on the first Monday after the 25th day of February and shall end on the Saturday preceding the 19th Monday of the Calendar year. The second term shall begin on the 22nd Monday of the Calendar year and shall end on the Saturday of the 11th week thereafter. The third term shall begin on the 36th Monday of the Calendar year and shall end on 31 October of each year. The Easter recess shall extend from Good Friday to the Tuesday of Easter week both days inclusive. The mid-term break during the second term shall consist of the whole of the 6th week.

2. For the purpose of the holding of such examinations as may be required at the conclusion of the University year, all Lectures and Laboratory courses shall cease about the end of the fifth week of the third term in each year. Under special circumstances lectures may be continued to a date not later than the 28th day of October.

Enrolment
3. Every student shall complete a proper enrolment before commencing lectures and pay fees in accordance with regulations governing fees. A candidate for the Master’s degree whose thesis is incomplete will be required to re-enrol at the beginning of each academic year until the thesis is presented.

The enrolment fee of £2 shall be remitted to students who complete their enrolment at the proper time during the enrolling period immediately before the commencement of the first term. In addition to the enrolment fee students who enrol after the end of the first week of the first term will pay a fine of £1 for each week or portion of a week elapsing between the end of the first week of term and the date upon which they seek to effect enrolment. For the purpose of this Regulation “week” means the period Monday to Friday inclusive in any week of the year.

The first lecture in every course shall be free. (See Note 1 “Enrolment” below.)

4. The courses of study of those enrolled after the date prescribed in the Auckland Calendar will be determined by the Professorial Board and will not necessarily conform with those
proposed by the students concerned. In determining such courses, the Board will have regard to the prior claims upon both laboratory and classroom space of those students who have enrolled at the approved time.

Tuition Fees

5. Extension of time for payment of fees may be granted by the Registrar under unusual circumstances. In the event of fees not being paid in accordance with arrangements for extension of payment a fine of 10% shall be payable after a lapse of fourteen days from the due date.

6. Any student who desires to discontinue attendance at lectures or laboratories in any subject in respect of which he or she is liable for fees may make application for a partial remission of fees to the Registrar. Such application must be made before the end of the first month of the first term. (See Note 2 “Alterations to Courses” below.)

Non-matriculated Students

7. Admission to lectures or laboratories shall not be restricted to undergraduates, that is to say, matriculated students, but shall be open to all persons who have complied with the general regulations governing admission provided, however, that by reason of shortage of accommodation or other special circumstances the Council may from time to time restrict entry of non-matriculated students to one or more subjects.

8. No person shall be admitted as a student for a Degree or for a University Diploma or Certificate while still attending school.

Exclusion from Lectures

9. Heads of Departments may exclude any student from classes in any subjects in their Departments on the ground of unfitness or of unsatisfactory progress in such subjects. A student so excluded shall have the right of appeal to the Professorial Board. All students recommended for exclusion shall be informed individually by the Head of the Department not later than the first Friday of the second term. Such students may lodge an appeal against their exclusion not later than the following Friday. The date and time for hearing appeals will be posted on departmental notice-boards.

48
10. In Faculties other than the Special Schools, the records of all students who do not pass at least two units in any two successive years of their academic studies shall be examined by the Faculty or Faculties concerned, who shall then recommend any appropriate action to be taken by the Professorial Board.

After full examination of all relevant circumstances during which the student shall have an opportunity to state his point of view, the Professorial Board may recommend to the Council either (i) that subject to specified conditions and a review at the end of the year the student may continue his studies for a further year; or (ii) that the student be suspended or excluded from a Department or Departments, or from a Faculty, or from the University.

Any student so excluded shall have the right of appeal to the Council.

Additional Lectures

11. An student who desires to take lectures in a subject which he is not offering for examination may, with the approval of the Vice-Chancellor after consultation with the Heads of Departments concerned, take such lectures without payment of a fee for the course. This facility shall be granted only where the additional lectures would be useful in supplementing the student's work in one or more of his ordinary units or, in the case of graduate students, to enable them to keep in touch with the Departments in which they studied for their major subjects.

Note 1. Enrolment: All students are required to enrol in person, and enrolment is not completed until a Course Card, signed by the student and endorsed by Heads of Departments and by the Dean of the Faculty concerned, has been presented at the Registry together with the appropriate fees. The matriculation declaration is also made at this stage by students commencing courses for University Degree or Diplomas.

Note 2. Alterations to Courses: Any student who after completion of enrolment wishes to vary in any way a previously approved course must complete and sign a "Change of Course" form at the Registry. No such alteration will be accepted at the
Registry before the end of the first week of the first term, or after the end of one calendar month from the first day of the first term. It is not sufficient to notify a change of course solely to a Department.

In all cases where the change of course involves the addition or substitution of a subject or subjects, the form must be endorsed by the Dean of the Faculty concerned. Where the alteration involves only the deletion of a subject or subjects such endorsement is not necessary. All students changing courses should note the following provisions regarding fees:

(i) No refund of fees will be considered until the “Change of Course” form has been lodged at the Registry by the date given above. Applications lodged by due date will qualify for refunds of fees as follows: (a) If the alteration involves deletion of all subjects on the Course Card, a full refund of all tuition fees and other charges will be made. (b) If the alteration does not amount to a complete cancellation of the enrolment, a full refund of all tuition fees and charges for Notes and Laboratories will be made in respect of the subjects deleted. No refund will be made in respect of the Annual University fee or Students’ Association fee.

(ii) Holders of Education Department bursaries, Government study awards, Training College bursaries, Post-primary Teachers’ studentships, also Colombo Plan students and University Scholars should note that under the terms of their awards the University will claim tuition fees and other allowable charges from the authority concerned immediately after the expiration of one calendar month from the first day of the first term. No amendments to courses involving alteration to this claim can be considered thereafter.
BURSARIES AWARDED BY THE EDUCATION DEPARTMENT

Note: Enquiries concerning Bursaries should in the first instance be made at the Registry.

1. These bursaries are awarded annually by the Education Department and include Entrance Bursaries, H.S.C. Part-time Bursaries, H.S.C. Full-time Bursaries, and H.S.C. Boarding Bursaries.

2. In general, no person shall be competent to hold an Educational Bursary while he is the holder of any other bursary, scholarship, grant or allowance (including a Post-Primary Teachers' Studentship) awarded or made from public funds for the purpose of assisting him to pursue his studies at any University or Agricultural College.

3. Application (on the prescribed form) for any of the following bursaries, accompanied by evidence of qualifications, must be lodged with the Registrar. Subject to conditions of cancellation and suspension set out in paragraph (4) below, all the following bursaries are tenable for four years, except that for students studying Law (LL.B. Degree), Medicine, Dentistry, Architecture and Engineering they are tenable for five years.

   (i) **Entrance Bursaries** may be awarded to part-time or full-time students who have qualified for University Entrance by examination or accrediting. An Entrance Bursary provides for payment of half-fees until the student has passed three units of his course; thereafter the bursary provides for payment of full fees for the balance of the three or four years for which the bursary was awarded.

   Note: For enrolment in courses where University Entrance is not a prerequisite, students with an Endorsed School Certificate will be treated as though they were Entrance Bursars.

   (ii) **H.S.C. Part-time Bursaries** may be awarded to part-time students who are holders of the Higher School Certificate. Bursaries provide for payment of full fees.

   (iii) **H.S.C. Full-time Bursaries** are available to full-time students who are living at home, and who are the holders of the Higher School Certificate. Bursaries provide for payment of full fees and a bursary allowance of £40 a year.
(iv) **H.S.C. Boarding Bursaries** are available to full-time students who, being the holders of a Higher School Certificate, are required to live away from home or their usual place of residence in order to attend the nearest University affording tuition in the subjects appropriate to their course and year. The bursary provides for full fees, a bursary allowance of £40 a year and a boarding allowance of £50 a year.

**Note: Bursary Allowance for Special Merit.** On grounds of special merit an additional allowance of £20 may be paid to each of not more than 150 bursars who are commencing the final year of their bursary and who are nominated for the award in accordance with a procedure to be laid down by the Senate of the University of New Zealand.

4. The conditions for suspension and cancellation of the bursaries described in paragraph (3) are set out below:

   (i) If in any year the holder of an Entrance Bursary or an H.S.C. Part-time Bursary is not credited with a pass in at least one unit, his bursary shall be suspended and shall not be reinstated unless in the following year he is credited with a pass in at least two units (unless only one unit is required in that year to complete a degree). Only one such suspension shall be allowed and failure in any subsequent year to be credited with at least one unit shall result in the cancellation of the bursary.

   (ii) If in any year (other than a year in which only one unit is required to complete a degree) the holder of an H.S.C. Full-time Bursary or an H.S.C. Boarding Bursary is credited with fewer than two units for a degree, his bursary shall be suspended and shall not be reinstated unless in the next following year he is credited with at least two units. Only one such suspension shall be allowed and any subsequent failure to be credited with more than one unit (unless only one unit is required to complete a degree) shall result in cancellation of the bursary.

   (iii) In no case shall fees be paid under a bursary for a greater number of units than that required for the degree, nor shall fees be paid more than once for the same subject at the same stage.

   (iv) Notwithstanding anything in section (i) or section (ii) above, the Director may continue a bursary without suspension or cancellation if there appears to him to be a special reason for doing so or if the Professorial Board of the bursar's University recommends that the bursary be continued.
POST-PRIMARY TEACHERS' STUDENTSHIPS

Studentships are available to students wishing to study for degrees in Arts, Science, Home Science, Engineering, Agriculture and Music, and for diplomas in Home Science, Fine Arts and Physical Education. Successful candidates will be enrolled at the Training College as well as the University in the centre where they are studying, and will thus be members of the teaching profession from the time they take up the Studentship.

An allowance of £235 per year will be paid during the first two years, and of £320 in the third and fourth years. Tuition fees will be paid and a boarding allowance of £40 will be granted to students who are required to live away from home. Successful applicants will be required to enter into an agreement and provide a bond accepting the obligations laid down for the Studentships. Applications should be sent to the Director of Education, Wellington, by 1 August.

Those holding study awards should note the following:

Note: 1. Claims for tuition fees are accepted provisionally at the time of enrolment and are subject to confirmation by the Department making the award concerned. If claims are refused by the Department students will be required to pay fees in cash later in the year.

2. (a) When a student withdraws from classes before the end of the first month of the first term, no claim for fees in the deleted subject is made to the Department, nor is the student himself liable for such fees.

(b) When a student withdraws from classes after the end of the first month of the first term, no alteration will be made to the claim for fees already made on his behalf, and he will therefore be deemed to have failed to keep terms in such subject so far as his bursary or study award is concerned.

PARTIAL EXEMPTION FROM LECTURES

Where a student desires exemption in a portion of a subject (through clash of lectures, etc.) immediate application must be made to the Heads of the Departments concerned, and the lecture fees paid in full.
GENERAL INFORMATION IN RELATION TO EXTERNAL STUDENTS.

It is not the policy of the Professorial Board to grant exemption from lectures merely on the ground of distance of residence from the University, or on the ground of employment, or attendance at school.

The Board is strongly of opinion that degree students who do not attend lectures are putting themselves at so serious a disadvantage that it will require the most explicit assurances as to the impossibility of attendance before granting such applications. It is essential that students attempting first-year degree work should, by attendance at lectures, obtain that necessary introduction to University methods of work which will be the basis of their later advanced studies. And it is equally essential that, at advanced stages of their course, they should have the guidance of University teachers and access to a large library such as is not in practice available outside the University centres.

Therefore in the case of applicants who are in employment, and whose place of residence and/or hours of employment make it impossible to attend lectures the Board requires an explicit assurance from the applicant that it is not financially possible to obtain leave of absence from, or give up, his or her present employment so as to be free to attend the University.

Note: No one shall be admitted as an external student while still attending school.

Students desiring exemption from lectures must apply before 1st March, forwarding the appropriate fee of £3/3/-. Applications may be accepted until 31st March if accompanied by an additional late fee of £1/1/-. Under no circumstances will applications reaching the Registrar after 31st March be considered.

External students should note, before enrolling, that as a condition of enrolment, they must be prepared to travel to one of the examination centres referred to on page 60, in order to sit their annual examinations.
CONDUCT OF UNIVERSITY EXAMINATIONS

This section contains, in slightly modified form, extracts from the relevant University of New Zealand Statute.

II. (i) Every candidate for any examination must give notice in writing on the form provided of his intention to present himself for such examination; and the notice must be sent to the Registrar of his University, except in the cases specified below, when the notice must be sent to the Registrar, University of New Zealand.

- Entrance Examination.
- Entrance Scholarships Examination.
- Fine Arts Preliminary Examination.
- Doctorates, except Medical and Dental.
- Examination in Statute Law of New Zealand.
- Professional Examinations in Architecture.
- Professional Examinations in Accountancy (non-degree students).

(ii) Notice must be sent so as to be in the hands of the appropriate Registrar by the closing date notified in the University Calendar. The notice must be accompanied by the prescribed fee; provided that the notice and fee may be received within twenty-one days after the prescribed date, if accompanied by a late fee of two guineas in addition to the prescribed fee.

(iii) Notwithstanding anything in this Section, on payment by the candidate of a fine of five guineas in addition to the late fee, and subject to the approval of the Vice-Chancellor, an entry may be accepted later than twenty-one days after the prescribed date.

III. (i) No candidate shall enter in the same year in more than two distinct courses for degrees and diplomas. A candidate entering for two such courses shall be permitted to present himself for examination in only two subjects more than the maximum number allowed in either course, provided he also complies with the Statute for each course.

(ii) Except where special provision is made in a Statute governing a specific degree, a candidate who has been credited with passes in units (or subjects) common to two or more courses may transfer not more than three units (or subjects) passed in one course to any one other course (provided the necessary terms have been kept) by paying a fee of one pound one shill-
ing for each unit (or subject) so transferred. No candidate shall be allowed to obtain credit for the same unit (or subject) in more than two courses and no Stage III unit or subject shall be transferred from one course to another. A pass in a subject of the Agricultural Intermediate examination, or of the Engineering Intermediate examination, or of an Engineering Professional examination, shall not be deemed to be a pass for the purposes of this section unless the subject is itself passed at the standard required for the second degree. No subject of a course for a Master's degree shall be transferred from one course to another. Wherever a candidate is unable to transfer a unit (or subject) compulsory in his second course he may be allowed by the University to present another unit (or subject) approved by the University in place of it.

(iii) Wherever a candidate is exempted by the Statute from passing in a subject of a course he shall pay a fee of one pound one shilling for each unit or subject so exempted, but in no case shall the total fee exceed five pounds five shillings.

(iv) No candidate shall present two stages of a subject at the same examination, except that in the case of a candidate of proved merit the Vice-Chancellor of the University of New Zealand may waive this requirement on the recommendation of the Professorial Board of the candidate's University or Agricultural College.

(v) No candidate shall be allowed to present himself for an examination in a subject for which he has received credit for another degree or diploma.

IV. The examinations shall be conducted by means of papers to be severally prepared by the Examiners, and three hours shall be allowed for each paper unless otherwise provided.

In examinations for a Master's degree the written examination may be supplemented by an oral examination, the results of which may be taken into account in determining the final result.

V. Candidates shall write out answers to the questions in the presence of a Supervisor, who shall be appointed or approved by the Senate, and in accordance with such detailed instructions as may be furnished by the Senate. Any candidate who is found guilty of any dishonest practice in connection with any examination or of any breach of any rules dealing with the conduct of examinations shall be liable to the penalties hereinafter
provided. The candidate shall, before the meeting of the Senate or Executive Committee at which it is proposed to deal with the complaint, be notified in writing of the subject matter of same and shall be requested to state in writing his answer to the charge, and he may with the consent of the Senate or Executive Committee appear when the complaint is being determined. If the Senate or Executive Committee finds the charge proved it may disqualify the candidate from sitting for any examinations for such period as it thinks fit and may, if he has been credited with a pass in the examination in respect of which the charge arose, cancel such credit. No candidate shall communicate with an examiner in regard to an examination except through the Registrar of the University of New Zealand, provided that in an examination conducted by a University he shall not communicate with the examiner except through the Registrar of his University.

VI. Where the Executive Committee of the Senate is satisfied that a candidate has not complied with any regulation of the University whether in respect of any examination or any other matter, the Executive Committee shall have power, having given the candidate such opportunity as it considers reasonable of remedying his non-compliance with the regulation or regulations, to suspend for such time as it may see fit the release to the candidate of the results of any examination, or to decline to credit to his course any subject or subjects, or to impose both these penalties.

The entry of a candidate who has been suspended by the University may, by direction of the Executive Committee of the Senate, be cancelled.

VII. The written answers shall be transmitted to the examiners who shall examine the same and submit a signed report thereon to the University; when determining the report upon any candidate the examiners may take into consideration the work done by the candidate during the year.

X. By making application within four weeks from the date of the posting of the official result of his examination any candidate sitting for an examination for degree, diploma or proficiency may have his scripts reconsidered by the examiner. The fee for such reconsideration shall be two guineas a subject.*

*Note.—Reconsideration covers only a careful re-marking of the scripts. No information relative to the application will be placed before the examiner.
XII. In any case where it is shown to the satisfaction of the Vice-Chancellor that any alteration or amendment to a University Statute involving a change in a course of study or in examination requirements has caused hardship to a student, the Vice-Chancellor may make such provision as he shall think fit for the relief of such hardship, provided always that the student may appeal to the Executive Committee which shall have power to make such provision as it may think fit.

XIII. At all University examinations for the subjects of the B.A., B.Sc., B.H.Sc., Mus.B., M.A., M.Sc., M.H.Sc., B.Com., M.Com., B.Agr.Sc., M.Agr.Sc., B.For.Sc., LL.B., LL.M., B.D., B.E., M.E. Degrees, for the subjects of Dip.Ed., for the subjects of Dip. Fine Arts, for the subjects of the Intermediate examinations for M.B., Ch.B. and B.D.S., for the first, second, and third examinations for B.Arch., a candidate who has been prevented by illness from presenting himself at any examination, or who considers that his performance in any examination has been seriously impaired by illness may, on application, and with the approval of the Senate, be granted an aegrotat pass, subject to the following conditions:

(i) That such illness shall have been reported in writing to the Chief Supervisor or other responsible officials at the earliest possible opportunity.

(ii) That as soon as practicable after the examination in question the candidate furnish to the Registrar of his University a certificate* from a registered medical practitioner, stating—

(a) that he examined the candidate medically on a certain date;

(b) that in his opinion the candidate was unable through illness to present himself for the examination in question, or that in his opinion the candidate's performance in the examination in question was likely to have been seriously impaired by illness;

(c) the nature of the illness—this to be given in sufficient detail to make it clear that the candidate was not responsible for his disability, and in a form suitable for submission in cases of doubt to a medical referee.

*Printed forms are available on request at the University Office.
(iii) That the candidate’s responsible teachers in the subject or subjects of the examination in question certify that his work therein during his course of instruction was well above the minimum pass standard (or where relevant the minimum standard for a class of Honours) and that he is in their opinion clearly worthy to pass in that subject or subjects, (or where relevant to be awarded First, Second, or Third Class Honours), provided that Honours may not be given to a candidate who applies under this Section in respect of more than one paper for an Honours degree involving not more than four papers; or in respect of more than two papers for an Honours degree involving five or more papers.

(iv) Notwithstanding the provisions of sub-section (iii) of this Section, a candidate for the Degree of Bachelor of Engineering with Honours may, on the recommendation of his Professorial Board, be given Honours irrespective of the number of aegrotat passes awarded.

(v) That the quality of any work which the candidate has completed in the examination in a subject including work in papers not affected by his illness be taken into account.

(vi) That the award of an aegrotat pass be recommended by the Chairman of the Professorial Board of the candidate’s University.

(vii) Where an aegrotat pass has been granted to a candidate in accordance with the conditions hereinbefore set forth, such pass cannot be taken into consideration as a part of the work of the candidate for any degree or examination other than those specifically mentioned in this section.

XV. Where only one copy of a thesis is submitted for any examination, the University shall retain the copy and transfer it to the library of the candidate’s University. Where more than one copy is submitted, one copy shall be returned to the candidate and the remaining copy or copies shall be retained and transferred to the library of the candidate’s University.

*Note:* Any written thesis presented for a degree or diploma shall be bound in a form sufficiently durable for preservation and use in the University Library.
EXAMINATION CENTRES

The University of Auckland will conduct examinations in the following centres: Apia, Dargaville, Gisborne, Hamilton, Lau-toka, Nuku'alofa, Paeroa, Rotorua, Rarotonga, Suva and Whangarei.

Internal students are required to sit the University examinations at the Auckland centre unless they have, at the time of their examination entry, made arrangements with the Registrar to sit in one of the other centres.

External students outside New Zealand seeking exemption from lectures in modern language subjects where an oral test is required in addition to written papers, shall establish when first applying for such exemption that arrangements can be made by the Registrar for the oral test to be taken.
TRANSFER OF STUDENTS BETWEEN UNIVERSITIES

This section is a slightly modified version of the relevant University of New Zealand Statute.

I. (i) Any student wishing to have his name transferred from the books of one University to those of another shall apply to the Registrar of the University at which he is enrolled. If the transfer is approved, the Registrar shall forward the application, together with a bene discessit, to the Registrar of the University of New Zealand who shall communicate the fact of the transfer to both the Universities concerned. No student whose name has been on the books of one University can keep terms at another or attend lectures or pursue laboratory work at another as part of the course for a Master's degree unless his name has been duly transferred in accordance with the requirements of this Section.

(ii) The Professorial Board of the University to which he transfers shall, when approving his personal course of study, do so in such a way as to prevent undue hardship in his case.

II. A candidate who is eligible to take a course for a Master's degree or a Master's degree with Honours at one University and who transfers to another University, shall have the right to take a course for a Master's degree or a Master's degree with Honours at the University to which he transfers. The Professorial Board of the University to which he transfers shall make provision to prevent undue hardship in his case. Nevertheless a candidate for a Master's degree may, with the permission of the Vice-Chancellor, have his name on the books of a University in whose district he was formerly resident while doing part of his work for the Master's degree.

III. (i) A candidate who transfers from another University to Canterbury University and who applies for admission to an Honours School to take the Degree of Bachelor of Science with Honours shall receive the same consideration as a candidate at Canterbury University who applies for admission to an Honours School at the same stage of his B.Sc. course.

(ii) A candidate who has been admitted to an Honours School at Canterbury University to take the Degree of Bachelor of Science with Honours and who has subsequently transferred from Canterbury University to another University shall be recommended by the Professorial Board of Canterbury Univer-
sity to the University of New Zealand for admission by the Vice-Chancellor to the status of a pass in those units of his proposed B.Sc. which are considered to be substantially of the same scope and standard as the subjects (Honours or subsidiary) in which he has been credited with a pass by Canterbury University. In addition, units of the B.Sc. degree which have been taken as subsidiary subjects of the Honours course and in which the candidate has been credited with a pass shall be transferred from the Honours to the ordinary course.

IV. A student shall have a right of appeal to the Council or Board of Governors against any determination by the Professorial Board under Section I (ii), Section II and Section III (i) of this Statute, or to the Senate against any determination by the Vice-Chancellor under Section III (ii) of this Statute.

Note: (a) Provisional Admission shall entitle a student to be admitted only to the university which has given him a grant of provisional admission.

(b) Any student admitted by provisional admission who has not had his grant confirmed shall not be entitled to transfer as of right from one university to another, but shall be required to re-apply for provisional admission to the university to which he wishes to transfer. No fee shall be chargeable for such re-application. The student's examination results since receiving the original grant of provisional admission shall be taken into consideration with his other qualifications in determining the results of his re-application.

A student who has passed the required number of units and who has had his grant of provisional admission confirmed has the same transfer rights as other matriculated students.
DISCIPLINE

Under the provisions of the University of Auckland Act 1954 the Professorial Board has, subject to a right of appeal to the Council, the power to deal with all questions relating to the discipline of students. This involves the power to fine or suspend any student for misconduct, either within or without the University precincts.

During the intervals between meetings of the Professorial Board, and subject to a right of appeal to the Board, the Vice-Chancellor may exercise alone the powers of the Board as to regulating admission of students and maintaining the ordinary discipline of the University. He may suspend any student guilty of any breach of discipline.

Regulations

General:

1. Every student attending lectures at the University of Auckland shall sign the following declaration and no enrolment shall be deemed complete until this declaration has been signed: “I hereby solemnly promise that I will faithfully obey the rules and regulations of the University of Auckland and be bound by the same.”

2. All students are expected to observe a reasonable standard of dress while in attendance at the University.

3. No alcoholic liquors shall be brought into or consumed in the University buildings except with the approval of the Professorial Board. At any student function at which, with the prior approval of the Board, liquor is to be served, one senior member of the staff shall be present throughout the function.

4. Smoking is prohibited on the front steps, in the hall, library and reading rooms, lecture rooms and corridors. This rule may be relaxed only by special permission of the Professorial Board.

5. Quietness must be observed at all times in University buildings. In particular, the use of radios in the corridors is prohibited.

Parking of Vehicles:

6. The starting, riding or parking of cycles, motor-cycles and motor vehicles in University grounds (including the School of
Architecture), by students or visitors, is prohibited, subject however to the provision that students may, at times which will be notified, make use of University parking areas.

*Posting of Notices:*

7. The indiscriminate posting of student notices in the University buildings is prohibited. Notices may be posted only on permanent noticeboards in accordance with conditions laid down by the Students' Association.

*Fines:*

8. Any Professor or Lecturer or the Registrar may impose a fine, not exceeding twenty shillings, or may recommend that the Professorial Board impose one not exceeding five pounds, on any student guilty of any breach of University discipline, whether in the University or outside.

9. The Executive, Students' Association, shall exercise disciplinary control over the Students' Common Rooms, and may impose a fine not exceeding ten shillings on any student who is guilty of any act likely to interfere with or prejudice such control and may order any student to pay the cost of making good any damage done by such student to any property of the Association or of the University used in or about the common rooms or the cost of replacing any such property which may be lost or appropriated by such student.

10. All fines and all orders so made shall be forthwith reported by the person or body imposing the same to the Professorial Board, which shall have power to hear and determine any appeal by any student in respect thereof, and to deal therewith in such manner as it may think proper. Any decision of the Board in such cases may be the subject of appeal to the Council.

*Note:* Resident students are subject to disciplinary regulations issued by the controlling authorities of the hostels concerned.
THE LIBRARY

Hours of Opening:

Term
Weekdays 9.30 a.m. – 10 p.m.
Saturdays — 9.00 a.m. – 12 p.m.
except Third Term 9.00 a.m. – 5 p.m.

1st and 3rd Vacations
Weekdays 9.10 a.m. – 5 p.m.
Saturdays 9.00 a.m. – 12 noon

2nd Vacation
Weekdays 9.00 a.m. – 9 p.m.
Saturdays 9.00 a.m. – 5 p.m.

The Library is closed on —

- Anniversary Day
- Good Friday
- Easter Saturday
- Easter Monday
- Easter Tuesday
- Anzac Day
- Queen's Birthday
- Labour Day

and for three weeks from and including Christmas Eve.

No reference service is provided on Saturdays or between 5 p.m. and 9 p.m. in Second Vacation.

Telephone: 30-060. After 5.15 p.m.: 30-161.

Admission: All members of the University of Auckland may use the Library, but the privilege of taking out books is reserved for members of the Council, professors, lecturers, graduates and students attending lectures. At the discretion of the Librarian and the Chairman of the Library Committee this privilege may be extended, in special cases, to other persons.

Discipline: Bags and attaché cases may be admitted at the Librarian's discretion.

Books after use are to be left on the tables, and only members of the Library staff may replace books on the shelves.

Silence should be maintained in the Library.

When leaving the Library, readers are required to hold all printed matter in their hands for checking by the Library Assistant at the exit, and to have any bags or satchels open
and arranged in such a way that it can be seen that no library material is inside.

A person removing a book from the Library without having it issued in the usual manner, or who seriously offends against other of these regulations, is liable to the fine (normally £1) for breach of University discipline. The offender's name is reported to the Professorial Board.

Catalogue: An author and subject catalogue is kept of the books in the Main Library and in the Departmental Reading Rooms. Books in the special schools of Architecture, Engineering and Fine Arts are entered under author only. Full catalogues of their books and periodicals, including subject entries are kept in each school.

Borrowing: Books may be taken out whenever the Library is open. Borrowers should write their name and address on the book card of each book, and have the date-due slip stamped with the date on which it is due. Some books are issued for short periods only and borrowers should note carefully the date stamped in each book.

Most books may be borrowed, and should normally be returned at the end of each term, but within 24 hours if recalled. A fine of 2s. 6d. will be charged if a book is not returned on demand, and to this 3d. will be added for each day after the first. Should a third demand be necessary, an extra 2s. 6d. will be added to the fine.

Neglect of a notice recalling a book is an interference with other readers. As such it will be treated with the disciplinary fine and reporting mentioned above and it may involve loss of library privileges.

Books in heavy demand are lent for short periods (3 days or 1 day) and may at times be kept in the Library for reference only. Atlases, bibliographies, dictionaries, directories, encyclopedias, examination papers, N.Z. Official Papers, the Cambridge series in history, science, literature, and other works of reference may not be borrowed. Theses may be borrowed for short periods only; some are kept permanently in the Library.

Bound periodicals are lent to teaching staff and Honours students for one week only. Periodicals may not be borrowed by other students.

The borrower is responsible for the safe return of books. In
the event of damage or loss, he is liable to pay the cost of replacement.

A student wishing to reserve a book already in circulation may do so by completing a reservation card at the desk.

Renewal for a further period may be requested, but the Librarian may refuse to renew a book which is reserved or in great demand. Books due at the end of a term must be presented for re-stamping.

Persons who retain a book beyond the date specified by the date stamp are liable to a fine. This is normally 6d. per day but may be increased after notices have been sent. The Library is under no obligation to notify borrowers when books are overdue, and fine will still be charged when books are returned after the date stamped, even though no notice has been received.

**Inter-Library Loans:** Members of the staff and advanced students may apply for books to be borrowed for them from other libraries. Such books are subject to the conditions imposed by the lending library. Microfilm or photostat copies of material which cannot be lent by other libraries may also be ordered through the Library.

**Departmental Collections:** Departmental reading rooms exist for Anthropology, Botany, Chemistry, Economics, Geology, Law, Music, Physics, Psychology and Zoology, and there are separate collections at the Schools of Architecture, Engineering and Fine Arts.

**Special Collections:** The Art Teaching Set is available to students of the University as well as to any outside responsible adult enquirer.

Books from the Paterson Collection of classical and Old Testament literature may be borrowed on request.

The Philson Medical Collection is now part of the Auckland Hospital Board's Central Medical Library at the Auckland Hospital and is available there to medical students.

The Auckland Mathematical Association's books are housed in the Main Library. They can normally be lent to members only.

A collection of gramophone records, mainly of classical music but including a few plays and poems, is available to those who have suitable equipment to play them. Fee: £1 per year; for students taking Music for a degree, 10/- per year.
SCHOLARSHIPS AND PRIZES
AWARDED BY THE UNIVERSITY OF AUCKLAND

The Council, in awarding any scholarship, reserves the right to reduce the annual value of such scholarship at any time and from time to time during the tenure of it by any holder should the annual income of the funds of such scholarship, in the opinion of the Council, render such reduction expedient. Every holder of a scholarship shall be deemed to accept the award of same, subject to the above reservation, and notwithstanding that the value of such scholarship is set out specifically in the Regulations. The list of awards appears on page 439.

Re-award of a scholarship discontinued by the original holder: Fresh applications may be called for in any scholarships discontinued after a period of three months or more from the original date of award; the re-award in the event of the discontinuation of the scholarship before that to be made on the basis of the original application if possible.

GENERAL

LT.-COMMANDER W. E. SANDERS, V.C., MEMORIAL SCHOLARSHIP

A sum of money has been generously placed at the disposal of the Council by the Trustees of the Sanders Memorial Fund upon the condition that the income arising from such fund shall be employed in the provision and maintenance of Scholarships for the benefit of the children of members of the Mercantile Marine Service or of the Royal Navy or of the Navy of any British Dominion resident in the Auckland Provincial District. This Scholarship shall be a memorial to the late Lt.-Commander W. E. Sanders, V.C., D.S.O., R.N. Lt.-Commander Sanders was granted the Victoria Cross 'in recognition of his conspicuous gallantry, consummate coolness, and skill, in command of one of His Majesty’s ships in action'. He was drowned in 1916 when his ship, the Prize (one of the ‘mystery’ or ‘Q’ ships) was lost with all hands as the result of an engagement with one or more enemy submarines.

Regulations

1. The Scholarship shall be known as the Sanders Memorial Scholarship.
2. These Scholarships shall be available for the sons and daughters of persons who are or have been members of the Mercantile Marine Service, or of the Royal Navy, or of the Navy of any British Dominion, and who are ordinarily resident in the Auckland Provincial District; who have not yet reached the age of 19 years on the first day of February in the year in which they sit for the special examination referred to in Clause 8 hereof, and who have not kept Terms or attended lectures in any University. In the case of persons who have served in the forces of the Mercantile Marine, this age clause shall not apply.

3. The Council shall employ the income arising from the Scholarship Fund in the provision and maintenance of such a number of Scholarships as it shall in its unfettered discretion think fit, but so nevertheless that the annual value of such Scholarships when so provided may exceed, but shall not be less than, the sum of £60.

4. Each Scholarship shall be tenable for three years, but the Council may in any case and upon the receipt of a favourable report from the Professorial Board extend the term of any such Scholarship or Scholarships for a further year.

5. The Scholarship shall be awarded by Council to the candidate deemed most worthy, but if, in the opinion of Council, no candidate is worthy of a Scholarship no award shall be made.

6. Before taking up the Scholarship the student must have matriculated.

7. Applications for the Scholarship must reach the Registrar on or before 30 November prior to the year in which the applicant seeks election to such Scholarship. (A form of application is obtainable at the Office.)

8. Candidates shall be required to sit for an examination of a somewhat general character in the subjects of English and Elementary Mathematics and in one other special paper in a subject named by the candidate. The subject in which the candidate may choose to be examined shall be one of the following: Latin, Greek, French, History, Geography, Physics, Chemistry, Biology, as defined in Entrance in the current Calendar of the University of New Zealand. The examination will begin on the morning of the second Wednesday in February, and the examiners shall be such persons as may from time to time be appointed in that behalf by the Council.
9. There shall also be a viva voce examination for the purpose of testing the candidates' general powers of expression in and command of the English language.

10. The Scholarships shall normally be tenable at the University of Auckland and, subject to the approval of the Professorial Board, the holders of such scholarships may enter upon any course or courses of study in which instruction is provided at such University and must attend as full-time students; provided that in a case where a scholar desires to enter upon a course of study not provided at the University of Auckland, the Council may, at its discretion, permit the Scholar to hold the Scholarship at any University at which such course is provided.

11. A Sanders Memorial Scholar shall not be the holder of any other Scholarship except with the permission of the Council.

12. Payment of Scholarship moneys shall be made to a Scholar in equal instalments at the end of April, July and October in each year during his or her tenure of such Scholarship; but such Scholarship may at any time be cancelled by the Council upon a recommendation to that effect from the Professorial Board.

13. The above regulations may be amended by the Council from time to time provided, however, that such amendments shall not come into force until the year following that in which they were approved by the Council.

14. Applications should be in the hands of the Registrar by 30 November.

ONEHUNGA BOROUGH COUNCIL SCHOLARSHIPS

In 1940 the Onehunga Borough Council decided to endow two University Scholarships tenable at the University of Auckland.

Regulations

1. The Scholarships shall be known as the Onehunga Borough Council Scholarships.

2. Candidates are required to have been resident in the Borough of Onehunga for one year prior to the date of application. When giving notice of intention to compete candidates should forward a declaration that they have fulfilled the above residential qualifications, and this declaration must be accompanied by a certificate from a Clergyman or a Stipendiary
Magistrate or Headmaster that to the best of his knowledge he believes the statement is correct.

3. The Scholarships shall be awarded by the Council at the February meeting to the male and female candidates obtaining the highest marks in the University Entrance Scholarship examination.

4. The value of each Scholarship shall be £20.

5. The Scholarship shall be tenable for one year at the University of Auckland, and may be held with any other Scholarship or award.

6. Payment of Scholarship moneys will be made to scholars on receipt of evidence that the course of studies has been commenced.

7. Applications must reach the Registrar on or before 1 December in each year. (A form of application is available at the Office.)

STUDENT MEMORIAL SCHOLARSHIP

This Scholarship was established in 1947 by the Auckland University Students' Association as a memorial to members of the Association who lost their lives on active service during the World War of 1939-1945.

Regulations

1. The Scholarship shall be of the value of £50. It shall be tenable for the year of award only, and, subject to the provisions of Regulation 4, shall be awarded annually.

2. The Scholarship may be held only by a full-time internal student of the University of Auckland who is not the holder of any other Scholarship or award, save the Sir George Grey Scholarship, the Grace Phillips Memorial Bursary, or the Janet Bain Mackay Memorial Scholarship.

3. The Scholarship shall be awarded by the Council on the recommendation of the Professorial Board to a student who in the year preceding the year of award was eligible for the award of a New Zealand University Senior Scholarship and shall be awarded on the results of the Senior Scholarship Examination. In making any award the Council shall have regard not only to the scholastic attainments of a candidate but also to his personal character and financial need.
4. If in any year the Council is of opinion that there is no satisfactory candidate offering it shall not be bound to make an award, and in such case the proceeds of the Scholarship shall be used at the discretion of the Council in making awards in subsequent years. The same shall apply in cases of cancellation of Scholarships as provided by Regulation 5.

5. The Scholarship shall be paid in three equal instalments, one instalment to be paid within thirty days of the commencement of each term; provided however that payments may be suspended or the Scholarship cancelled if an unfavourable report on the conduct or progress of the scholar is received from the Dean of the Faculty concerned.

6. Applications for the Scholarship must be in the hands of the Registrar by 30 November. (Forms are available at the Office.)

THE FLYING-OFFICER ALFRED P. FOGERTY MEMORIAL SCHOLARSHIP

The Scholarship was founded in 1954 by Mr. A. G. Fogerty as a memorial to his son Flying-Officer Alfred P. Fogerty who was killed in World War II and had graduated as Master of Commerce at Auckland in 1939. The purpose of the Scholarship is to assist students to pursue to best advantage the study of Economics.

Regulations

1. The Scholarship shall be known as the Flying-Officer Alfred P. Fogerty Memorial Scholarship and shall be awarded subject to the provision of Clauses 2 and 3 below to that candidate who shows most promise in the study of Economics.

2. The Scholarship, which for the time being shall be awarded annually and shall be tenable for one year, shall be of the value of approximately £70, and shall be open to students of the University of Auckland proceeding to Stage III or Honours in Economics.

3. The Scholarship shall be awarded by the Council after receiving a recommendation from the Professorial Board which shall previously have received a report from the Professor of Economics on the candidates' work.
4. Should no suitable candidate be forthcoming in any year, or should the monies available in any year be insufficient for the award of the Scholarship, the Council may after receiving a recommendation from the Professorial Board, which shall previously have considered a report from the Professor of Economics, use the monies available in any way that will best serve the purpose for which the Scholarship was founded.

5. The emoluments shall be paid in three equal instalments at the end of April, July and October; provided that payment may be suspended, or the Scholarship cancelled, if an unfavourable report on the conduct or progress of the Scholar is received from the Professor of Economics.

6. Applications for the Scholarship must be in the hands of the Registrar by 1st day of November preceding the year in which the Scholarship is awarded.

FOWLDS MEMORIAL PRIZE

This is a prize established in memory of the late Sir George Fowlds who was President of the Council from 1920 to his retirement in 1933, and a member of the Council from 1917.

Regulations

1. The Prize shall take the form of Certificates.

2. A Certificate shall be awarded to the student in each Faculty who, in the opinion of the Faculty, was the most distinguished student in that Faculty in the previous year among the following:
   (a) Candidates for a Master's Degree,
   (b) Candidates for the final examination for the Degree of Bachelor of Architecture, and for the Degrees of Bachelor of Music and Bachelor of Engineering with Honours; provided that the award may be withheld in any Faculty in which, in the opinion of that Faculty, there was no student of distinction.

3. Awards may be made posthumously.

THE G. E. FARRAND FUND

The late Mr. G. E. Farrand, of Glenbervie, Whangarei, has bequeathed the sum of £500 to the University of Auckland, as a fund for the payment of fees, allowances and/or provision of books, appliances and equipment for students whose financial circumstances, in the decision of the Council, warrant such payment or provision. The Council is empowered to make payments by way of gift or loan on such terms and conditions as it sees fit.

Applications for assistance from this fund, giving full details of financial circumstances and nature of the assistance sought, should be submitted in writing to the Registrar.
ARTS
LISSIE RATHBONE SCHOLARSHIPS

The Lissie Rathbone Scholarships were established in 1925 by the Trustees in the estate of the late Lissie Rathbone, she having bequeathed one-half of her residuary estate for such charitable, educational or religious objects as the Trustees should select. The capital sum handed over was £3000.

Regulations

1. The annual value of each Scholarship shall be not less than £40, payable in instalments of one-third at the end of April, July and October.

2. The tenure of each Scholarship shall be for three years, terminable however at any time if the governing body, having received from the Professorial Board an unfavourable report on the conduct or progress of the scholar, shall so determine. The governing body may, on the recommendation of the Professorial Board, extend the term of the Scholarship.

3. Candidates for each Scholarship:
   (a) Must not have attained the age of nineteen by 1st December in the year in which they present themselves for examination, and must not be matriculated students of the University.
   (b) May be of either sex.
   (c) Must be resident for one year preceding the award in the University District in which the Scholarship is offered.

   Note: ‘Place of residence’ is the town in which the home of the candidate is situated, e.g., a scholar whose home is in Auckland and who is attending a South Island School is considered as being resident in Auckland.

   (d) Must state their willingness to pursue as internal students of the University a course for a degree within the award of the New Zealand University from time to time (subject to such regulations as may be consistent with the object of the Scholarship) which may be selected by such scholar, his or her parents or guardians.

4. Each Scholarship shall be awarded upon examination for excellence in the subjects of English and History; provided that
the governing body shall not be bound to award to the candidates obtaining the highest marks in such subjects but may in their discretion take into account the financial circumstances of the scholar, his or her parents or guardians.

5. The examination in which the award shall be made shall be the examination presented by the University of New Zealand for the award of its Entrance Scholarships, the examination papers used being those set in English and History for that examination. If, however, there shall at any time cease to be an Entrance Scholarship examination, or if there shall cease to be an examination paper set in either English or History for the Entrance Scholarships, the examination in which such award shall be made shall be such other examination as the governing body of each University may from time to time appoint.

6. No candidate shall be awarded a Scholarship whose aggregate marks do not reach 50 per cent of the possible total.

7. Candidates for the Lissie Rathbone Scholarships need not be candidates for an Entrance Scholarship to the University. The University of New Zealand does not permit a candidate for a Lissie Rathbone Scholarship to be a candidate in the same year for the Entrance Examination or the Fine Arts Preliminary.

8. In the event of the accumulated earnings of the gift being in excess of the amount required for Scholarships awarded under Clause 1, the governing body of each University may either grant boarding allowance to any scholar needing it, or make a grant to any student, who, though he or she has not qualified in the Entrance Scholarship examination in the subjects prescribed for the Scholarship, has obtained at the examinations of his first year a high class in two subjects, English and History. In the event of the accumulated earnings of the gift proving at any time insufficient for all or any of the purposes set forth, the governing body of the University affected may adjust the annual value of any Scholarship or the tenure thereof as such governing body shall see fit from time to time.

9. The governing bodies of each University shall be empowered to arrange with each other for the transfer of any Lissie Rathbone scholar from one such University to another and to make such financial adjustments upon any such transfer as such governing bodies shall consider proper.
10. Every candidate for the Scholarship shall send notice of his or her candidature to the Registrar, University of New Zealand by 1 October. Where the candidate is not sitting for the Entrance Scholarship a fee of £1/7/6 will be payable.

11. The governing body of each University shall have power to vary these Regulations, should necessity arise; provided however that the purpose of the founders of the Scholarship shall not be violated.

Additional Scholarship

12. The accumulated earnings of the gift being in excess of the amount required for Scholarships awarded under Clause 1, there shall be awarded an additional Scholarship subject to the following conditions:

(a) The annual value of the Scholarship shall be £40, payable in instalments of one-third at the end of April, July and October.

(b) The tenure of the Scholarship shall be for two years, terminable however at any time if the Council, having received from the Professorial Board an unfavourable report on the conduct or progress of the scholar, shall so determine. The Council may, on the recommendation of the Professorial Board, extend the Scholarship.

(c) Candidates for the Scholarship:

(i) Must be under nineteen years of age on the first day of January last preceding their entry for the Scholarship.

(ii) Must not have matriculated earlier than the first day of January last preceding their entry for the Scholarship.

(iii) Must if successful pursue during the currency of the Scholarship as internal students a degree course approved by the Professorial Board.

(d) The scholarship shall be awarded for excellence in the subjects of English and History and shall be awarded on the results of the Stage I degree examinations; provided that consideration may be given to the class work of the candidates in these two subjects during the year preceding the examination.

(e) The Scholarship shall be awarded by the Council on the recommendation of the Professorial Board which shall arrange in order of merit the candidates deemed of sufficient merit to be awarded the Scholarship. In awarding the Scholar-
ship the Council may in its discretion take into account the financial circumstances of the scholar, his or her parents or guardians.

(f) The Scholarship shall be awarded in alternate years provided that if in any year no candidate is deemed of sufficient merit no award shall be made, in which case the Scholarship shall be open for award in the following year and in each alternate year thereafter.

(g) Every candidate for the Scholarship shall give notice of his or her candidature to the Registrar, Auckland, on or before 15 September.

Entries next receivable 15 September, 1961.

MAXWELL WALKER MEMORIAL SCHOLARSHIP

The above Scholarship, established in memory of the late Professor Maxwell Walker, may be awarded each year to the student or students who in the opinion of the Selection Committee has or have displayed the best progress in the preceding year in the study of the French language and is or are most worthy or in need of assistance.

All applicants must be of British-born parents and must have received their secondary education in New Zealand; no scholarship shall be awarded to any applicant who is the holder of a Senior Scholarship in French, or if the Committee shall decide that none of the applicants is worthy of the scholarship. Every applicant must have completed six units of the degree of Bachelor of Arts or if units shall be abolished at least two-thirds of the requirements for the said degree.

Applications close with the Guardian Trust and Executors Company of New Zealand, Auckland, on 31st October.

Value of scholarship—approximately £20.

JOHN MULGAN MEMORIAL PRIZE

A Prize was established in 1949 by the family and friends of the late Lt.-Col. John Mulgan, for the encouragement of the study of Greek. Greek was chosen partly because Lt.-Col. Mulgan was particularly interested in it during his University career and partly because Greece was the scene of his brilliant and gallant war services.
Regulations

1. The Prize shall be known as the John Mulgan Memorial Prize, and shall be of the value of £10.

2. The Prize shall be awarded annually to the best student of the year in Greek II, III or Honours.

3. The Prize shall be awarded by the Council on the recommendation of the Professorial Board which shall first consider a recommendation from the Professor of Classics. The Prize shall not be awarded to the same student more than once, save in exceptional circumstances.

4. If in any year no candidate be deemed of sufficient merit, no award shall be made, and if funds permit, two prizes may be awarded in any year.

5. Portion of the prize money shall be expended by the winner on an appropriate book (not necessarily on one volume) which shall be suitably inscribed and bear the University of Auckland Arms.

6. If at any time by reason of a fall in the number of students taking Greek or for any other reason the prize in the opinion of Council ceases to fulfil its purpose, the Council may transfer the prize to Latin or English or such other subject as the Council may determine. The Council may at any time thereafter transfer the prize back to Greek.

SIR PETER BUCK MEMORIAL BURSARY

A bursary of £33 is awarded annually upon the recommendation of the Professorial Board, to the student from Anthropology III who has achieved the highest level of distinction in studies, including Maori studies, in the Department of Anthropology, and who is continuing his University course in the following year.

AUCKLAND SAVINGS BANK SCHOLARSHIP

Through the generosity of the Board of Trustees of the Auckland Savings Bank, the sum of £750 has been given to the University of Auckland for the endowment of a Post-Graduate Scholarship in Arts.
Regulations

1. The Scholarship shall be of the annual value of £250, and shall be tenable for a maximum period of three years at an overseas University, provided that satisfactory annual reports upon the progress of the Scholar are received by the Professorial Board.

2. The Scholarship shall be open to students of the University of Auckland who have graduated in Arts with First Class Honours or have been reported by the Examiners to be entitled to take First Class Honours, and who intend to pursue a course of higher study abroad. The Scholar may, with the permission of the Professorial Board, pursue a course of study in a field other than that in respect of which he was awarded his Scholarship.

3. The Scholarship shall be tenable with other awards of a similar nature; but no Scholar shall hold any position of emolument save upon the recommendation of the Professorial Board.

4. No one who has passed the Honours Examination more than two years prior to the date of entry shall be eligible for the award of the Scholarship.

5. The Scholarship shall be awarded by the University Council on the recommendation of the Scholarships Committee of the Professorial Board, after consultation with representatives of the Auckland Savings Bank.

6. Applications for the Scholarship must be in the hands of the Registrar by 30th November.
SCIENCE

SIR GEORGE GREY SCHOLARSHIP

The late Sir George Grey was Governor of New Zealand during the years 1845-1853 and 1861-1868. One of the outstanding achievements of his administration was his handling of the relations of the Colony with the Maori race. Later he was Premier, 1877-1879.

In 1900 the Government instituted the Sir George Grey Scholarships.

Regulations

1. The Scholarship shall be open to students, who in the year of application, are completing a Bachelor's degree, the course for which includes a third stage of one of the subjects for the B.Sc. degree.

2. The Scholarship shall be awarded by the Professorial Board on the basis of the University Examinations in conjunction with the Terms Examinations (if any) and the practical work done by the candidates throughout their courses.

3. The Scholar must pursue a course of study approved by the Professorial Board.

4. The Scholarship is of the value of £50, tenable for one year.

5. Scholars shall receive payment in three equal instalments, the first early in the first term, the second early in the second term, and the third when the conditions of the scholarship have been fulfilled. Payment shall be subject to a favourable report on the work of the Scholar by the Dean of the Science Faculty.

6. Candidates must apply in writing to the Registrar not later than 1 October. (Forms are obtainable at the Office.)

SINCLAIR AND GILLIES SCHOLARSHIPS

Mr Thomas Bannatyne Gillies, a Judge of the Supreme Court of New Zealand, presented to the Council, in the year 1884, the sum of three thousand pounds for the purpose of founding two science scholarships, to be called, respectively, the 'Sinclair' and 'Gillies' Scholarships. They were so named in memory of Dr Andrew Sinclair, uncle of the late Mrs Gillies, and in memory of Mrs Gillies herself.
Regulations Respecting Sinclair Scholarship

1. The Sinclair Scholarship to be competed for every alternate year (even years), is of the annual value of £90, and is tenable for three years. It is founded for the encouragement of the study of Biological Science.

2. This Scholarship shall be open to all persons, male or female, born in the Dominion of New Zealand, who are under nineteen years of age on the first day of December in the year in which they offer themselves for examination, and who have not kept Terms or attended Lectures or held a Scholarship in any University or College.

3. The Scholarship shall be awarded on the results of examinations in the following subjects:
   - Biology;
   - Geography or Mathematics or Chemistry;
   - English.

   The papers for the Examination will be those set in the respective subjects of the Entrance Scholarships Examination of the University of New Zealand, and the syllabus will be found in the Calendar of the University of New Zealand under Entrance Scholarships.

   To qualify for the Scholarship a candidate must gain a mark of not less than 30 per cent in English.

   The Scholarship shall be awarded on aggregate marks in Biology, and one of the subjects, Geography, Mathematics, Chemistry, on the basis of maximum marks of 400 for Biology and 200 for Geography or Mathematics or Chemistry.

   The Council shall not be bound to make the award to the candidate obtaining the highest marks, but shall, in its discretion, take into account the financial circumstances of the Scholar, his or her parents or guardians.

4. The Scholarship may be held concurrently with a University Entrance Scholarship.

5. If it should appear that no sufficiently qualified candidate is forthcoming, the Council may decline to award the Scholarship.

6. The successful candidate will be required to pursue, at the University of Auckland, to the satisfaction of the Heads of the Departments concerned, a course of study approved by the Heads of the Departments of Botany and Zoology.
7. The holder of the Scholarship shall be entitled to payment of a proportionate amount of the Scholarship at the end of April, July and October, on production from the Professors under whom he or she has studied, of a certificate of diligent attendance, good conduct, and satisfactory progress in studies. Failing such certificate, or on an adverse report from the Professors, the Council may cancel the Scholarship.

8. Candidates, when giving notice of intention to compete, shall forward with their entry form a certificate of birthplace and age, and shall, upon request, furnish the Council with such confidential information concerning their financial circumstances as may be required.

9. Candidates for the Sinclair Scholarship shall make application to the Registrar, University of New Zealand, on or before the 1st day of September, on the Entrance Scholarships Examination entry form. Where a candidate is not sitting for an Entrance Scholarship, a fee of £2/15/- will be payable.

Entries next receivable on 1st September, 1962.

*Regulations Respecting Gillies Scholarship*

1. The Gillies Scholarship to be competed for every alternate year (odd years) is of the annual value of £90, and is tenable for three years. It is founded for the encouragement of the study of Chemistry and Physics.

2. This Scholarship shall be open to all persons, male or female, born in the Dominion of New Zealand, who are under nineteen years of age on the first day of December in the year in which they offer themselves for examination, and who have not kept Terms or attended Lectures or held a Scholarship in any University or College.

3. The Scholarship shall be awarded on the results of examinations in the following subjects:
   - Physics;
   - Chemistry;
   - Mathematics;
   - English.

The papers for the Examination will be those set in the respective subjects of the Entrance Scholarships Examination of
the University of New Zealand, and the syllabus will be found in the Calendar of the University of New Zealand under Entrance Scholarships.

To qualify for the Scholarship a candidate must gain a mark of not less than 30 per cent in English.

The Scholarship shall be awarded on aggregate marks in Physics, Chemistry and Mathematics, on the basis of maximum marks of 300 each for Physics and Chemistry and 200 for Mathematics.

The Council shall not be bound to make the award to the candidate obtaining the highest marks, but shall, in its discretion, take into account the financial circumstances of the Scholar, his or her parents or guardians.

4. The Scholarship may be held concurrently with a University Entrance Scholarship.

5. If it should appear that no sufficiently qualified candidate is forthcoming, the Council may decline to award the Scholarship.

6. The successful candidate will be required to pursue, at the University of Auckland, to the satisfaction of the Heads of the Departments concerned, a course of study approved by the Heads of the Departments of Physics and Chemistry.

7. The holder of the Scholarship shall be entitled to payment of a proportionate amount of the Scholarship at the end of April, July and October, on production from the Professors under whom he or she has studied, of a certificate of diligent attendance, good conduct and satisfactory progress in studies. Failing such certificate, or on an adverse report from the Professors, the Council may cancel the Scholarship.

8. Candidates, when giving notice of intention to compete, shall forward with their entry form a certificate of birthplace and age, and shall, upon request, furnish the Council with such confidential information concerning their financial circumstances as may be required.

9. Candidates for the Gillies Scholarship shall make application to the Registrar, University of New Zealand, on or before the 1st day of September, on the Entrance Scholarships Examination entry form. Where a candidate is not sitting for an Entrance Scholarship, a fee of £2/15/- will be payable.

Entries next receivable on 1st September, 1961.
COLONIAL SUGAR REFINING COMPANY LIMITED
SCIENCE SCHOLARSHIPS

The Colonial Sugar Refining Company has made available a sum of money to establish scholarships which are to be tenable in the Faculty of Science.

Regulations

1. The Scholarship or Scholarships shall be open —
   (a) to candidates who have completed not less than one year's full-time study in Physics or Chemistry or Pure or Applied Mathematics for the degree of Bachelor of Science at the University of Auckland;
   (b) to candidates who, having advanced one or other of the subjects above-mentioned, and having successfully completed the prescribed examinations for the degree of Bachelor of Science, intend to proceed to the degree of Master of Science at the University of Auckland.

2. Each Scholarship shall have an annual value of £175. The maximum period of tenure shall be that normally required for the completion of the Scholar's course.

3. Candidates will be selected for interview on the results of their University work, the final award or awards being made by a committee consisting of the Vice-Chancellor of the University of Auckland, the Professors of Physics, Chemistry and Mathematics, together with representatives of the Colonial Sugar Refining Company.

4. The continuation of a Scholarship from year to year shall be dependent upon the holder's performance in University work each year to the satisfaction of the Professorial Board.

5. Scholars will be expected to spend their long vacations gaining practical experience in the Company's Laboratory, either in Auckland or, with Company assistance, in Australia.

6. Entries close on 18th March in each year. Application forms are obtainable at the University Office.

It is hoped that at the end of his course a scholar will seek employment with the Company. It is not, however, a condition of the Scholarship that he should do so.

86
DUFFUS LUBECKI SCHOLARSHIP

In 1924 Mr A. D. Lubecki donated the sum of £2000 for the encouragement of experimental research in Physics, Chemistry, Biology and the Medical sciences.

Regulations

1. The Scholarship shall be open to Matriculated students attending this University who, in the opinion of the Professors under whom they are studying, are capable of carrying out independent research in any one of the above subjects.

2. The Scholarship shall be of the value of £100 per annum, together with Laboratory fees.

3. The Scholarship shall be tenable for one year, but may be extended by the Council to two, three, or even four years on the recommendation of the Professorial Board.

4. The Scholarship shall be awarded by the Council to the candidate who, in the opinion of the Science Faculty, has the highest qualifications for research. In the selection of a candidate by members of the Science Faculty, no Department shall be entitled to more than one vote, which vote shall be exercised by the Head of the Department.

Normally this Scholarship shall be awarded on the results of the thesis for the Master's degree, but, if funds permit, it may be awarded on the record of at least one year's research work.

Provided that where, in the opinion of the Council any candidate is by reason of other scholarships or emoluments financially able to undertake research, the Scholarship may be awarded to the next candidate deemed most worthy; and for the purposes aforesaid the Science Faculty shall, wherever possible, recommend three candidates in order of merit. After having been awarded the Scholarship the holder shall not enter upon any position of emolument without first obtaining the permission of the Professorial Board.

Note: The Duffus Lubecki Scholarship may be supplemented by the award of a University Research Scholarship of an amount sufficient to make it equal in value to such University Research Fellowships as may be offered by the Council at the time.
5. The holder of the Scholarship shall devote the whole of his time during the tenure of the Scholarship to the work of his research unless, under special circumstances, the consent of the Professorial Board be obtained to devote part of his time to other work.

6. The holder of the Scholarship shall, at the end of each term, furnish to the Professor under whom the research is being carried out, a report embodying the results of his investigations, and shall also submit on or before 1 October of each year, to the Professorial Board, a brief report of the research work carried out during the year.

7. The scholar shall be entitled to the payment of one-third of the annual value of the Scholarship at the end of April, July and October.

8. On the receipt of an adverse report from the Professorial Board, the Council may at any time deprive the scholar of his Scholarship.

9. Candidates for the Scholarship shall make application to the Registrar on or before 1st November of each year stating their qualifications. If funds are still available, the Council may award a further Scholarship, entries for which will close on 1st March of each year. The holder of the Scholarship desiring an extension of his term shall make application on or before these dates.

**T. L. LANCASTER MEMORIAL PRIZES IN BOTANY**

These prizes were established in 1945 by subscriptions from members of the Council, the staff and students of the University, and from the public, to commemorate the work of the late Professor T. L. Lancaster in the Botany Department from 1913 until 1945.

The aim of the prizes, particularly the Senior Prize, is to stimulate interest in, and work on, the unique flora and vegetation of this country, the branch of Botany in which Professor Lancaster was particularly interested.
**The Junior Prize**

1. The Prize shall take the form of books on Botany, suitably engraved and to the approximate value of £4.

2. The Prize shall be awarded annually by the Council, on the recommendation of the Professor of Botany, to the best all-round student of the year in Botany at Stage I, particular regard being given to the practical work of the student, especially in relation to the indigenous flora and vegetation of N.Z.

3. The Prize may, in exceptional circumstances, be shared.

4. If, in any year, no candidate shall in the opinion of the Professor of Botany be of sufficient merit, the Prize shall not be awarded.

**The Senior Prize**

1. The Prize shall take the form of books on Botany, suitably engraved and to the approximate value of £4.

2. The Prize shall be first awarded in 1947 and thereafter in alternate years provided that it may be withheld in any year if no entry of sufficient merit has been submitted.

3. All students taking Advanced Botany shall be eligible to compete.

4. The award shall be made by the Council on the recommendation of the Professor of Botany for the most meritorious original paper not exceeding 1600 words in length, exclusive of diagrams, on the vegetation of a specified area.

5. The successful paper, and any others which the Professor of Botany may think suitable, shall be retained and filed in the Botany Department, so as to be readily accessible to all who may be interested.

6. Every candidate shall deliver his paper to the Registrar on or before 1 October in the year of award.

7. The Prize may, in exceptional circumstances, be shared.

The Council shall have power to amend the above Regulations provided that there is no departure from the main purpose of the Prizes.

Applications should be in the hands of the Registrar by 1 October.
AUCLAND CITY COUNCIL SCHOLARSHIPS IN BOTANY

1. These Scholarships have been founded by the Auckland City Council to enable (1) research into the environmental conditions controlling the rate of growth of Kauri seedlings and saplings, and (2) study of the conditions governing the growth of Exotic Forest on the Cornwallis Reserve. The Scholarships shall be known as the Auckland City Council Scholarships in Botany.

2. The Scholarships are of the annual value of £100, payable in equal instalments at the end of each term.

3. The tenure of the Scholarships shall be three years, but the Scholarship shall be terminable at any time if the Council, having received from the Professorial Board an unfavourable report on the conduct or progress of the Scholar, shall so determine. The Scholar will be required to submit to the Professorial Board, not later than 31 December of each year, a brief report on the progress of his work, and copies of these annual reports will be supplied to the City Council.

4. The Scholar will further be required at the end of the tenure of his Scholarship to present a comprehensive report embodying the results of his research.

5. Applications for the Scholarships must reach the Registrar not later than 20 January.

FRANCES BRIGGS MEMORIAL BURSARIES IN BOTANY

These awards, to be known as “The Frances Briggs Memorial Bursaries in Botany”, were established in 1960 by the late Mrs. E. G. C. Briggs in memory of her daughter. The aim of the bursaries is to enable promising Botany students to complete their studies.

The Senior Bursary

1. The Senior Bursary shall be awarded annually to a candidate proceeding to full-time study for the M.Sc. degree. The value of the bursary shall be £100, and it shall be tenable for one year.
2. The Bursary shall be open to candidates who in the year of application are completing a bachelor’s degree, the course for which includes Botany IIIB; or who, if transferring from a University other than Auckland, are completing a degree which will permit them to proceed to the degree of Master of Science in Botany.

3. The Bursary shall be awarded by the Council after receiving the recommendation of the Professorial Board, which shall first consider a recommendation from the Professor of Botany.

4. In making the award Council shall, in its discretion, take into account the financial circumstances of the scholar, his or her parents or guardians. Candidates shall, upon request, furnish the Council with such confidential information concerning their financial circumstances as may be required.

5. The Bursary may be held in conjunction with a University Entrance Scholarship, a Senior Scholarship, the Sir George Grey Scholarship, the Janet Bain Mackay Memorial Scholarship, or with any other award approved by Council.

6. If no sufficiently qualified candidate is forthcoming, the Council shall not be bound to make an award, and the proceeds of the Bursary may be used to make an additional award in a subsequent year.

7. The Bursary shall be payable in three equal instalments in April, July and October; provided, however, that payments may be suspended or the bursary cancelled if an unfavourable report on the conduct or progress of the bursar is received from the Professor of Botany.

8. Applications for the bursary must be in the hands of the Registrar by 30 November.

The Junior Bursary

1. The Junior Bursary shall be awarded annually. It shall be tenable for the year of award only and shall be of the value of £75.

2. The Bursary shall be open to candidates who in the year of application are completing Botany I or Botany II and intend
in the following year to proceed to Botany II or Botany IIIA respectively.

3. The Bursary shall be awarded by the Council after receiving the recommendation of the Professorial Board, which shall first consider a recommendation from the Professor of Botany.

4. In making the award Council shall, in its discretion, take into account the financial circumstances of the scholar, his or her parents or guardians. Candidates shall, upon request, furnish the Council with such confidential information concerning their financial circumstances as may be required.

5. The Bursary may be held in conjunction with a University Entrance Scholarship, or with any other award approved by Council.

6. If no sufficiently qualified candidate is forthcoming, the Council shall not be bound to make an award, and the proceeds of the Bursary may be used to make an additional award in a subsequent year.

7. The Bursary shall be payable in three equal instalments in April, July and October; provided, however, that payments may be suspended or the bursary cancelled if an unfavourable report on the conduct or progress of the bursar is received from the Professor of Botany.

8. Applications for the bursary must be in the hands of the Registrar by 30 November.

JANET BAIN MACKAY MEMORIAL SCHOLARSHIP

This Scholarship was established in 1952 by Dr. S. B. Mackay and friends as a memorial to Janet Bain Mackay, an Honours student in Botany, who died shortly before graduating. The purpose of the Scholarship is to enable students, whose means might not otherwise permit them to do so, to proceed to a full-time Honours course in Botany.

Regulations

1. The Scholarship shall be of the approximate value of £35 and, subject to the provision of Regulation 4, shall be tenable for one year. Except on the recommendation of the Professorial Board and with the approval of the Council it shall not be held together with any other Scholarship or Award.
2. Subject to the provisions of Regulation 3, the Scholarship shall be awarded annually by the Council, on the recommendation of the Professorial Board, to a full-time internal student of the University of Auckland who proposes to proceed to an Honours course in Botany and who, in the year preceding the year of award, was eligible for the award of a New Zealand University Senior Scholarship.

3. Should no suitable candidate be forthcoming, it shall be within the discretion of the Council either to offer an additional Scholarship in the ensuing year, or to make such other use of the moneys available as may further the purpose of the Janet Bain Mackay Memorial Fund.

4. A Scholar who has not completed his Honours course in one year may be a candidate for the Scholarship in a second year.

5. The emoluments shall be paid in three equal instalments at the end of April, July and October; provided that payments may be suspended or the Scholarship cancelled if an unfavourable report on the conduct or progress of the Scholar is received from the Professor of Botany.

6. Applications for the Scholarship must be in the hands of the Registrar by 30 November.

GRACE PHILLIPS MEMORIAL BURSARY

This Bursary was established in 1942 for assistance to Chemistry students in their M.Sc. year, as a memorial to the late Mrs Stanley Phillips, by her sister, Miss E. Ayling, of Auckland.

Regulations

1. The Bursary shall be open to students intending to proceed to the M.Sc. degree in Chemistry and shall be awarded by the Council annually, on the recommendation of the Professor of Chemistry, to the student best qualified to undertake research.

2. The Bursary shall be of the value of £7/10/- and shall be paid in April of the year during which it is held.

3. The holder of the Bursary must have completed the B.Sc. degree and shall during its tenure pursue a course in Chemistry for the M.Sc. degree.
4. If in any year no student is deemed of sufficient merit no award shall be made.

5. The Bursary shall be tenable with a Scholarship or other bursary provided that the Council in awarding the Bursary may in its discretion take into account income received by a student from other Scholarships or emoluments.

6. The Council shall have power to amend these Regulations provided there is no departure from the main purpose of the Bursary.

**BARTRUM MEMORIAL PRIZE**

This Prize arises from a fund raised by subscription amongst past and present students and staff of Auckland University and others, in commemoration of the services of the late Professor John A. Bartrum, M.Sc., who held the Chair of Geology at Auckland from 1927 to 1949.

**Regulations**

1. The Prize, to be called the Bartrum Memorial Prize, shall be of the value of not more than ten pounds, and shall be open to competition annually.

2. The Prize shall consist of suitably bound books and/or apparatus. The books shall bear the Arms of the University of Auckland.

3. The Prize shall be open to graduates who are taking Honours in Geology at Auckland.

4. The Prize shall be awarded by the Council on receiving a report from the Professor of Geology. The report shall be based on the results of the Honours papers and thesis in Geology. The award shall be made to the candidate who has gained First Class Honours, whose work shows special merit and who is, in the opinion of the examiners, most deserving of the award.
AGRICULTURE

OVERSEAS BURSARIES IN FORESTRY

Three bursaries, each to the value of £500, are offered annually, by the N.Z. Government to assist individuals in private employment to qualify in forestry at recognized overseas forestry schools.

Bursaries may be awarded to candidates who comply with the following conditions:—

1. Evidence of practical forestry experience in New Zealand.

2. A Bachelor of Science degree in subjects allied to forestry (i.e. Botany, Physics, Chemistry, Geology, in any combination): under special circumstances consideration may be given to a two-year course in prescribed basic science subjects acceptable to a recognized forestry school overseas.

3. Bursars must enter into a bond to be employed for five years in forestry on their return to New Zealand.

For all further information, prospective candidates, or any other interested persons are asked to write to the Secretary, Private Forestry Bursary Committee, P.O. Box 894, Wellington, C.I.

SIR JAMES GUNSON SCHOLARSHIP

This Scholarship was founded in 1925 by Sir James Henry Gunson, C.M.G., C.B.E., Mayor of Auckland, 1915-1925. The sum of £1300 was a presentation to him by the citizens of Auckland on his retirement from the Mayoralty, and was handed over by him to the University for the endowment of scholarships for research in Agriculture.

1. One post-graduate Scholarship in Agriculture or Dairy Science shall be offered by the Council as funds allow: it shall be of the annual value of £350, and shall be tenable for two years, provided, however, that it shall be continued for the second year only if the holder has done satisfactory work during his first year.

2. The Scholarship has been founded for the purpose of enabling a graduate to investigate one or more problems connected with the agricultural, dairying, or pastoral industry of New Zealand, with special reference to problems affecting the Auckland Province.
3. Candidates for the Scholarship must be graduates of the University of New Zealand and shall before election either have taken or have been reported by the Examiners to be entitled to take, first or second class Honours in any branch of Agricultural or Dairying science. In the event of no suitable agricultural or dairying students offering themselves for election, a candidate who holds an M.A. or M.Sc. degree with first or second class Honours in Chemistry, Botany, Biochemistry, Forestry, Veterinary Science, Zoology, Geology, or Economics may be elected.

4. The Scholarship shall be tenable at the University of Auckland, or at such University, College, or Institution as shall be approved of by the Council of the University of Auckland.

5. No candidate shall be allowed to enter for the Scholarship after the lapse of four years from the date when he passed successfully his examination for Honours.

6. The Scholarship shall be awarded by the Council of the University of Auckland after consideration of a report from the Professorial Board, together with the reports, if any, of the examiners for Honours.

7. The successful candidate shall devote himself wholly to the objects of the Scholarship and shall not, except with the permission of the Council, hold any other position of emolument during the tenure of his Scholarship.

8. At the end of each year of his tenure of the Scholarship, the Scholar shall furnish to the Professorial Board a report setting forth in detail the nature of the research work done by him during the year, and such report shall be forwarded by the Board to the Council.

9. The Scholarship stipend shall be payable in advance in instalments of one-third at the end of April, July and October, but no further payment shall be made after the receipt by the Council of an unfavourable report from the Professorial Board upon the work of the Scholar, and the final payment may be withheld pending the receipt by the Council of a favourable report from the Professorial Board.

10. In the several years in which it is intended by the Council to offer such Scholarship, due notice of such intention shall be given and entries for such Scholarship shall close on the 1st day of February in each of such years. Applications shall be for-
warded to the Registrar, and shall be accompanied by a statement by the candidate as to his scholastic career, together with a brief intimation of the subject or nature of his proposed research and a successful candidate shall not proceed with his proposed research unless and until the same shall have been approved by the Professor of Agriculture.

11. The Regulations governing this Scholarship may from time to time be varied by the Council if in the opinion of such Council a variation therein has become necessary or desirable, provided, however, that at least twelve months' notice shall be given before such change shall become operative.

12. The surplus income, if any, accruing from time to time from the investment of the capital sum set apart for the foundation of this Scholarship shall be applied in the provision of additional facilities and encouragement for graduates or undergraduates who are desirous of pursuing a course of study or of research in Agricultural or in Dairy Science, or in the investigation of problems connected therewith; and for the purpose of giving effect to this provision, the Council shall at such time or times and in such manner and on such terms as it thinks fit expend the said surplus income in the provision of a bursary or bursaries or in the institution of an additional scholarship or scholarships. The regulations governing such additional bursaries or scholarships shall be determined from time to time by the Council.

Applications should be in the hands of the Registrar by 1 February. (Forms are available at the Office.)

JOHN COURT SCHOLARSHIP

This Scholarship was founded by the late Mr John Court, Auckland, to enable students whose means would not otherwise permit them so to do, to pursue a full-time University Course in Agriculture.

1. Candidates must have been resident in the Auckland Provincial District for not less than two years immediately preceding the closing date of application.
2. Candidates for the Scholarship must, excepting in cases of special merit, be matriculated students or be qualified to enrol as matriculated students.

3. Other things being equal, preference in selection shall be given to candidates of different academic standing in the following order:
   (a) to those intending to enter upon their University courses;
   (b) to those who, at the date of entry, have passed the Intermediate Examination but have not entered upon their professional courses;
   (c) to others of more advanced academic standing.

4. A Scholarship shall be awarded to a candidate only on condition that he shall pursue a course prescribed for a degree in Agriculture of the University of New Zealand.

5. Applications must reach the Registrar, University of Auckland, before the first day of February in the year in which the Scholarship is awarded.

6. Each Scholarship shall be tenable until the end of the holder's fourth academic year at the University of Auckland, or such College of Agriculture as may be approved by the Council, and shall be of the annual value of £42.

7. The award of the scholarship shall in each case be made by the Council, but the Council shall in any year be empowered not to award the Scholarship should there be no candidate whom it deems worthy of the award. Each candidate must forward with his application:
   (a) a statement of scholastic achievement;
   (b) names of not more than three persons to whom reference may be made, and
   (c) in the case of an unmatriculated candidate a memorandum indicating the grounds upon which such candidate claims that special merit attaches to his application.

8. With the permission of the Council a John Court Scholar may be the holder of another Scholarship.

9. A proportionate amount of the annual value of the Scholarship shall be paid to the Scholar at the end of April, July and October on the production of a certificate from the Professorial
Board of the University or College at which the Scholar is pursuing his course of study that the work and conduct of the Scholar have been satisfactory. In the case of the Scholar's work or conduct not being entirely satisfactory, payment may be suspended or the Scholarship cancelled by the Council on the report of the Professorial Board.

10. During any year in which there is no scholar holding the Scholarship, or in the event of funds accumulating, the revenue may be utilized by the Council for granting of bursaries to enable students to attend short or other courses in Agriculture approved by the Council. The Council will award these bursaries in accordance with Clauses 1 and 6, and they will be of such number and value as the Council may determine from time to time.

11. The Regulations governing this Scholarship may from time to time be varied by the Council if in the opinion of such Council, a variation therein has become necessary or desirable.

Applications should be in the hands of the Registrar by 1 February. (Forms are available at the Office.)

**M E D I C I N E**

**CASEMENT AICKIN MEMORIAL BURSARY**

Casement Gordon Aickin, F.R.C.S., was a scholar of Auckland Grammar School and graduated from Otago University in 1905. He was an honoured surgeon in Auckland from 1913 to 1936. The Bursary was founded by subscription from the public and members of the medical profession.

**Regulations**

1. The Bursary, which shall be of the annual value of £15, shall be awarded annually by the University of Auckland Council after consultation with the President for the year of the Auckland Branch of the British Medical Association.

Due regard shall be given to scholastic attainments, personal character and financial need.

In making the award the Council shall receive from the Professorial Board a recommendation after receiving a report from the Science Faculty on the scholastic merit and personal character of the candidates deemed worthy of the Bursary.
2. The Bursary shall be open to students taking their first year medical course at the University of Auckland who shall have completed the Medical Intermediate at the November examination just prior to the date of application and shall be tenable for the first professional year of study at the Otago Medical School.

3. Applications must reach the Registrar on or before 1 November.

COMMERCIAL

CHAMBER OF COMMERCE SCHOLARSHIP

A Scholarship is offered annually under the following conditions by the Auckland Chamber of Commerce to students of the School of Commerce.

Regulations

1. The Scholarship shall be open to all students who have completed the examination for the Degree of B.Com., who have passed all the subjects necessary for qualification for membership of the New Zealand Society of Accountants, and who are proceeding to the Degree of M.Com., as internal students.

2. The Scholarship shall be awarded annually by the Council on the recommendation of the Professorial Board, which shall previously have received a report from the Faculty of Commerce.

3. The award shall be made on the results of the examinations for qualification for membership of the New Zealand Society of Accountants and on the results of the Degree examinations over the whole course for the Degree of Bachelor of Commerce, but the Faculty may take into account the Class work of the candidate.

4. Each Scholarship so awarded shall be tenable for one year, but may be renewed for a second year on the recommendation of the Professorial Board.
5. The annual value of the Scholarship shall be £20, payable in two equal instalments in August and November. No payment is to be made unless a satisfactory report is furnished by the Dean of the Faculty of Commerce.

6. In cases where two or more candidates are considered to be of equal merit, the Scholarship may be divided.

7. If in any year there is no satisfactory candidate, the Council shall not be bound to make an award, and the proceeds of the Scholarship shall be used at the discretion of the Council in making awards in subsequent years. The same shall apply when a Scholar forfeits his emoluments under the provisions of Clause 5 above.

LAW

HUGH CAMPBELL SCHOLARSHIP

Under the will of the widow of the late Mr Hugh Campbell, the interest on a sum of money is placed at the disposal of the Auckland District Law Society for the purpose of providing an annual Scholarship for law students resident in the provincial district of Auckland.

Regulations

1. The Scholarship shall be known as the Hugh Campbell Scholarship.

2. The Scholarship shall be of the value of approximately £50, and shall be tenable by law students who are resident in the Auckland Province and who in the year of award intend to read for the LL.M. Degree.

3. Applications from candidates for election to the Scholarship must be in the hands of the Registrar, Auckland, on or before 1 March in any year. The application must be accompanied by:
   (a) Evidence of residence in the Auckland Judicial District and of his having completed his course for the LL.B. Degree.
   (b) A statement by the candidate of his practical legal experience and of his intention to read for his LL.M. Degree and the subjects which he intends to offer for such Degree.
4. The applications will be forwarded to the Secretary of the Auckland District Law Society, together with:

   (a) A report from the Professor of Law upon the general fitness of the candidates for post-graduate work.

   (b) A statement signed by the Registrar setting forth the marks gained by the candidates in all subjects presented by them for the LL.B. Degree.

   The Council of the Law Society may thereafter award the Scholarship to the candidate who, in its opinion, has had the most distinguished scholastic career and who is best qualified to proceed to a higher Degree.

5. The Scholarship moneys shall be payable in three equal instalments at the end of April, July and October upon receipt from the Dean of the Faculty of Law of a report to the effect that the scholar is attending lectures and is prosecuting his studies diligently.

   Entries received annually for the Scholarship, on or before 1 March.

J. P. CAMPBELL BURSARY

This Bursary was established under the will of the late Mr J. P. Campbell of Auckland, who bequeathed to the University the sum of £500, the income from this sum to be devoted to the provision of a prize for the student of the University of Auckland annually obtaining the highest marks in the additional law subjects required for the Barristers' Qualification.

Regulations

1. The Bursary shall be known as the J. P. Campbell Bursary.

2. The Bursary shall consist of the sum of approximately £15 per annum to be spent on books of scholarly interest.

3. The Bursary shall be awarded annually by the Council to the student of the University of Auckland who, in the year preceding the year of award, shall have completed the examinations for the LL.B. Degree or for the Barristers' Professional Qualification, and who during his course of study for that Degree or
Qualification shall have obtained the highest aggregate of marks in the subjects of Conflict of Laws and International Law in the examinations conducted in those subjects by the University of New Zealand for that Degree or Qualification.

4. Notwithstanding anything contained in Clause 3 hereof, the Bursary shall not be awarded in any year if, in the opinion of the Council, after receiving a report from the Dean of the Faculty of Law, the student otherwise entitled to the Bursary shall not be of sufficient merit to justify the award.

5. The Council shall have power to amend these Regulations, provided there is no departure from the main purpose of the Bursary. In particular, if the Statutes of the University of New Zealand shall, at any time, be amended so as to vary the additional subjects required for the Barristers' Professional Qualification, then the Council shall amend these Regulations correspondingly, so as to provide for the award of the Bursary in conformity with the amended statute.

6. Candidates qualified for award of the Bursary shall apply to the Registrar for consideration, on or before 28 February in each year.

DESMOND LEWIS MEMORIAL PRIZE IN INTERNATIONAL LAW

This Prize was established in 1940 by the efforts of students of the University, to commemorate the public spirit and the high talents of the late Desmond Lewis, LL.B., whose promising career was cut short in the final year of his legal studies. Its purpose is to encourage the study of International Law, to which the late Desmond Lewis was especially devoted.

Regulations

1. The Prize will consist of the sum of £3/10/- per annum to be spent on books of scholarly interest.

2. The Prize will be awarded annually provided that it may be withheld in any year if there is no candidate of sufficient merit.

3. All persons who have at any time been enrolled as Matriculated students of the University of Auckland shall be eligible to
compete either as undergraduates or within five years of the conferring upon them of a Bachelor’s Degree.

4. The Prize will be awarded for the most meritorious essay on some aspect of International Law or the history of International Law. The subject of the essay shall be selected each year by the Dean of the Faculty of Law and shall be published in the Calendar.

5. Each candidate must deliver two copies of his essay to the Registrar on or before 31 May. The University shall be entitled to retain one copy.

6. The award shall be made by the Council after receiving a recommendation from the Professors Board made after consideration of a report from the Dean of the Faculty of Law.

7. The Council shall have power to amend these Regulations provided that there is no departure from the main purpose of the prize.

Subject for 1961

“The United Nations must create a comprehensive system of rules governing air-space.”

N.Z. INSTITUTE OF ARCHITECTS' PRIZE

The prize was established in 1944 by the N.Z. Institute of Architects by an annual grant to the University of Auckland.

Regulations

1. The prize shall consist of the sum of £5/5/- per annum to be spent on books of scholarly interest.

2. The prize shall be awarded annually at the conclusion of the year, provided it may be withheld in any year if there is no candidate of sufficient merit.

3. All persons who are enrolled as students for a course of studio work in Architecture shall be eligible to compete for the prize.

4. The prize shall be awarded to the student who does the most meritorious studio work in the first, second, third or fourth year in the regular courses of study of the School of Architecture.

5. The award shall be made by the Council after receiving a recommendation from the Dean of the Faculty of Architecture. The Dean is to receive the assistance of the Chairman of the Education Committee of the Institute of Architects, and the staff of the School of Architecture, in making his decision.

6. The Council shall, with the consent of the Institute of Architects, have power to amend these regulations.
CHISHOLM MEMORIAL PRIZE

This prize was established in 1942 by friends of the late A. McLeod Chisholm, Senior Lecturer in Architecture, to commemorate his work in the School of Architecture from 1929 to 1941. Its purpose is to encourage sketching by architectural students, a subject in which Mr Chisholm was especially interested.

Regulations

1. The prize shall be of the value of £5/5/-.
2. The prize shall be awarded annually provided that it may be withheld in any year if no sketches of sufficient merit have been submitted.
3. All persons who are enrolled as matriculated students for a course in Architecture shall be eligible to compete.
4. The prize shall be awarded for the most meritorious set of two original sketches preferably of subjects of architectural interest. Candidates may submit one or more sets of two sketches.
5. The University shall be entitled to retain one of the sketches submitted by the successful entrant.
6. The award shall be made by the Council after receiving a recommendation from the Dean of the Faculty of Architecture.
7. The Council shall have power to amend these regulations provided that there is no departure from the main purpose of the prize.

Note: The date in each year by which sketches are to be submitted will be notified on the notice board of the School of Architecture.

TOWN PLANNING

NEW ZEALAND INSTITUTE OF SURVEYORS’ TOWN PLANNING BURSARY

One bursary of £100 is awarded annually by the Institute to enable the successful applicant to enter the course for the Diploma in Town Planning at the University of Auckland. Further information concerning the conditions of the award may be obtained from the Secretary, N.Z. Institute of Surveyors, G.P.O. Box 831, Wellington.
AUCKLAND CITY COUNCIL BURSARY IN TOWN PLANNING

Regulations

1. The Auckland City Council offers a Bursary of the value of £250, tenable for one year, to be awarded in the years 1961 and 1962.

2. The Bursary shall be used to offset loss of income sustained by students eligible to enter the course for the Diploma in Town Planning, who are prepared to attend the course full-time for one academic year.

3. The Bursary, which will be paid in three instalments, will be awarded by the University Council on the recommendation of the Professorial Board, which shall previously have received a report from the Professor of Town Planning.

4. Entries for the Bursary should reach the Registrar, University of Auckland, before 10th February.

ENGINEERING

ROBERT HORTON ENGINEERING SCHOLARSHIP

1. The Scholarship shall be open to enrolled students in the Auckland School of Engineering who have at the time of the award completed at Auckland the Intermediate Examination for the B.E. degree.

2. The Scholarship shall be tenable for one year, and the holder be known as the Robert Horton Scholar, and shall during the tenure of the Scholarship pursue as a full-time student at Auckland the course of study for the First Professional Examination of the Degree of Bachelor of Engineering.

3. The Scholarship shall be awarded by the Council each year after receiving a recommendation from the Faculty of Engineering. The Scholarship shall be awarded on scholastic attainments but the Council may take into account financial circumstances and, in appropriate cases, practical experience.
4. Applications must reach the Registrar on or before 1 November. (A form is available at the Office.)

5. The Scholarship shall have an annual value of £25. A second Scholarship may be awarded in any year when accumulated funds permit.

6. The Robert Horton Scholar shall be entitled to payment of a proportionate amount of his Scholarship at the end of April, July and October, on the production of a certificate from the Professors under whom he shall have studied, of diligent attendance, good conduct and satisfactory progress in studies. Failing such certificate or on an adverse report from the Professors, the Council may cancel the Scholarship.

7. A Robert Horton Scholar shall not be the holder of any other Scholarship except by the permission of the Council.

8. If in any year no candidate shall be deemed of sufficient merit, the Scholarship shall not be awarded.

9. The Regulations governing this Scholarship may from time to time be varied by the Council provided there is no departure from the main purpose of the Scholarship.

Evan Gibb Hudson Scholarship in Engineering

This Scholarship was established in 1949 for the assistance of students of the School of Engineering. The fund was provided under the will of the late Mr. Harold Willey Hudson, Auckland, as a memorial to his son, Lieutenant Evan Gibb Hudson, N.Z.E., who was killed in action in France on 9 September 1918.

Regulations

1. The Scholarship shall be open to enrolled male students of the School of Engineering, University of Auckland, who have completed the Intermediate and First Professional Year Examinations at Auckland, and may be taken at any stage thereafter. Preference shall be given to the most senior candidate.

2. The Scholarship shall be awarded to students who have attended a secondary school, Technical High School, or District High School in the Auckland Provincial District, provided that if no suitable candidate for the scholarship is available from the Auckland Provincial District an award may be made, if the Council should think fit, to any New Zealand student of Engineering.
3. During any period in which there is in New Zealand a military organization for the training of citizen soldiers, no holder of any such scholarship shall be entitled to any benefit thereunder unless he shall be a member of the Engineer Corps of that military organization and shall continue throughout the currency of his scholarship to discharge his duties and obligations therein to the reasonable satisfaction of the commanding officer of his unit of that Corps. The Council may accept as sufficient evidence of a scholarship-holder's satisfactory discharge of his duties and obligations, a certificate to that effect signed by the commanding officer.

4. The Award shall be made on the examination record of the candidate up to the time of the consideration of the application and also on the record of his practical work at the School of Engineering.

5. The Scholarship shall be awarded during alternate years by the Council on the recommendation of the Committee of the Chancellor of the Council, the Dean of the Faculty of Engineering and the Chairman of the Auckland Education Board, provided however, that if at any time any one of the above is not available or is unable or unwilling to act, the Council shall appoint some other suitable person or persons to be a member or members of the Committee.

6. The Scholarship shall have a value of £60 payable in three instalments at the end of each term provided that the attendance, progress and diligence of the scholar shall be certified satisfactory by the Dean of the Faculty of Engineering. The tenure of the Scholarship shall be for one year.

7. The holder of a Scholarship shall be eligible to re-apply at the end of the term of the Scholarship.

8. An Evan Gibb Hudson Scholar shall not be the holder of any other Scholarship during the year of tenure except by the permission of the Council.

9. The Council shall be empowered not to award the Scholarship in any particular year for any reason whatsoever.

10. When a Scholarship is not awarded in any particular year, the Council may award an additional Scholarship at a subsequent time or the Council may add the income to the capital fund.
11. The Evan Gibb Hudson Scholar shall be entitled to hold during the tenure of the Scholarship, the sword owned by the late Lieutenant Evan Gibb Hudson at the time of his death on 9 September 1918.

12. The regulations governing this Scholarship may from time to time be varied by the Council if in its opinion a variation has become necessary or desirable, provided that such variation is within the scope of the Order of the Supreme Court approving the Scheme under Part III of the Religious Charitable and Educational Trusts Act of 1908.

13. Applications must reach the Registrar on or before 1 November prior to the year in which an award is due.

Entries next receivable 1 November, 1961.

COLONIAL SUGAR REFINING COMPANY LIMITED
ENGINEERING SCHOLARSHIPS

One or more Scholarships are offered annually by the Colonial Sugar Refining Company Limited to students for the Degree of Bachelor of Engineering, under the following conditions:—

1. The Scholarship or Scholarships shall be open to students who have completed the Intermediate Examination in Engineering, or to those who have completed one, two, three, or four years of study in Mechanical or Electrical Engineering at the University of Auckland. The branch or branches of engineering which the scholar or scholars will be expected to follow will be announced each year before the closing date for entries.

2. Each Scholarship shall have an annual value of £175. The maximum period of tenure shall be that normally required for the completion of the scholar's course.

3. Candidates will be selected for interview on the results of their University work, the final award or awards being made by a committee consisting of the Vice-Chancellor of the University of Auckland, the Professors of Mechanical and Electrical Engineering, together with two representatives of The Colonial Sugar Refining Co.

4. The continuation of a Scholarship from year to year shall be dependent upon the holder's performance in University work each year to the satisfaction of the Professorial Board.
5. Scholars will be required to spend their long vacations gaining practical engineering experience in the Company's works, either in Auckland or, with Company assistance, in Australia.

6. Entries close on 18th March in each year. Application forms are obtainable at the University Office.

It is hoped that at the end of his course a scholar will seek employment with the Company. It is not, however, a condition of the Scholarship that he should do so.

M U S I C

WALTER KIRBY SINGING SCHOLARSHIP

This Scholarship, a bequest by the late Walter Kirby, of Melbourne, is open for competition annually, and is tenable in the Department of Music.

Regulations

1. The Scholarship shall be of the value of thirty-five guineas per annum and shall include also free tuition in the Department of Music. It shall be awarded annually by the Council of the University of Auckland and is tenable for one year.

2. The Scholarship shall be open to any person of either sex between the ages of seventeen and twenty-three, but, other things being equal, preference shall be given to students undertaking the course for the professional degree of Bachelor of Music.

3. The Scholarship shall be awarded by Council on the results of a special examination conducted by the Professor of Music, assisted by one other examiner, appointed by Council on the recommendation of the Professor. The Council shall be entitled to pay out of the income of the fund any fees payable to the assistant examiner.

4. The examination shall be held annually and shall consist of three parts:
   (1) Practical—Singing.
   (2) Aural tests and Sight Singing.
   (3) Viva voce examination.

111
A person already holding the Scholarship shall be eligible for re-election on the results of this examination.

5. The successful candidate shall be required to pursue, at his or her own expense, a course of tuition in singing under the direction of a teacher appointed by the Council. The Council shall be entitled to retain out of the scholarship moneys and to pay the teacher the fees payable to him or her for such tuition. The scholar shall also be required to pursue an approved course of study in the Department of Music but shall not be required to pay lecture fees for such course.

6. Candidates must give Notice of candidature to the Registrar on or before 31 July in each year (a form of application is obtainable at the Office).

7. The examiners shall be entitled to certify to the Council that no sufficiently qualified candidate has applied, whereupon the Council may decline to award the Scholarship for that year.

8. Any public performance to be given by the Scholarship holder during the tenure of the Scholarship shall be first approved by the Head of the Department of Music.

9. The holder of the Scholarship shall be entitled to payment of a proportionate amount of the Scholarship at the end of April, July and October on production from the Professor and Teacher of Singing with whom he or she has studied of a certificate of diligent attendance, good conduct and satisfactory progress. Failing such certificate, or on the adverse report from the teachers, the Council may cancel the Scholarship.

AUCKLAND CENTENNIAL MUSIC FESTIVAL SCHOLARSHIPS

In the year 1940, the Auckland Provincial Centennial Council donated to the Council a sum of £2400, of which £800 represented the profits from the Centennial Music Festival held in Auckland in 1940, to establish Music scholarships.

Regulations

1. The annual value of each Scholarship shall be £40, payable in instalments of one-third at the end of April, July and October,
provided that the Council may in the event of fluctuations in income from the Fund increase or decrease the value of the Scholarship.

2. The tenure of each Scholarship shall be for two years, terminable however at any time if the Council, having received from the Professor of Music an unfavourable report on the conduct or progress of the scholar, shall so determine. The Council may, on the recommendation of the Professor of Music, extend the term of a Scholarship.

3. Subject to the provisions of Regulation 8, one Scholarship shall be awarded each year provided that: (i) if in any year no candidate shall be deemed of sufficient merit the Scholarship shall not be awarded; (ii) the Council may in any year in lieu of awarding a Scholarship extend the term of an existing Scholarship for one year; (iii) in the event of an accumulation of income the Council may in any year award an additional Scholarship.

4. The Scholarship shall be open to candidates, whether students of the University or not, who at the time of entry for the Scholarship have attained the age of 16 years and have not attained the age of 25 years. The Scholarship shall not be awarded to any candidate who is not qualified by examination or otherwise to enter upon a course of study for the Bachelor of Music in the year following the year of entry for the Scholarship.

5. The Scholarship shall be awarded by the Council on the result of an examination to be conducted by the Professor of Music. Each candidate shall be examined in the theory of music and in one practical subject to be offered by the candidate. In the examination in each practical subject the Professor shall be assisted by one other examiner who shall be appointed by the Council on the recommendation of the Professor. The Council shall be entitled to pay out of the income of the Fund any fees payable to the assistant examiners in the practical subjects.

6. A successful candidate shall be required to pursue a course of study at Auckland for the Degree of Bachelor of Music and shall not be required to pay lecture fees for such course. The scholar shall also be required to pursue, at his or her own expense, a course of practical training in music, instrumental or
vocal, under the direction of a teacher appointed by the Council. The Council shall be entitled to retain out of the Scholarship moneys and to pay to the teacher the fees payable to him for such training.

7. A Scholarship shall not be tenable concurrently with a University Entrance Scholarship or the Walter Kirby Singing Scholarship.

8. The Council may in any year either out of accumulated income or in lieu of awarding a Scholarship make a grant of such sum as the Council thinks fit out of the income of the Fund to a student of music desirous of proceeding overseas for advanced study or training. Such grants shall be made only to students who have attained the age of twenty years and have not attained the age of twenty-seven years, and other things being equal preference shall be given to a University Graduate in Music. In considering applications for grants the Council shall give consideration to the record and attainments of the applicant, reports and recommendations of teachers of music under whom the applicant has studied and the financial resources of the applicant. In making a grant the Council may impose such conditions as it thinks fit as to the course of study to be pursued by the applicant during the currency of the grant and as to the method of payment of the grant.

9. Every candidate for a Scholarship and every applicant for an extension of a Scholarship or for a grant shall give written notice to the Registrar of his or her candidature or application not later than 31 July. (A form of application is obtainable at the Office.) A candidate for a Scholarship shall specify in the notice the practical subject in which he or she desires to be examined. An applicant for a grant shall specify the course of study or training which he or she intends to pursue.

10. Every applicant for an extension of a Scholarship or for a grant shall submit to such examination or practical tests as the Council on the recommendation of the Professor of Music shall direct.

11. The Council shall have power to amend these Regulations provided however that there is no departure from the main purpose of the Fund.
MICHAEL JOSEPH SAVAGE MEMORIAL SCHOLARSHIP

This Scholarship is provided from a fund bequeathed in 1948, under the will of the late Mr. Frederick Samuel Hobson, for the encouragement of the study of music at the University.

1. The annual value of the Scholarship shall be £20, payable in equal instalments at the end of April, July and October.

2. The Scholarship shall be tenable for three years, provided that the scholar continues study for that period at a University Institution in New Zealand, or with the approval of the Professor of Music, elsewhere. The Council may terminate the Scholarship at any time if, having received from the Professor of Music an unfavourable report on the conduct or progress of the scholar, it shall so determine.

3. The Scholarship shall be open to all first-year students taking courses for the Mus.B. degree and shall be awarded to the first-year student most deserving of encouragement to pursue a musical career. In making the award the Council may at its discretion take into account the financial circumstances of any applicant.

4. One scholarship shall be awarded each year by the Council after receiving a recommendation from the Faculty of Music, which shall take into consideration the results of the first-year degree examinations for Mus.B. and also the Class work and all-round capacity of candidates.

5. The Council shall not be bound to award any scholarship in any year if in its opinion no worthy candidate has applied for such scholarship.

6. The scholarship may be tenable concurrently with a University Entrance Scholarship, a Walter Kirby Singing Scholarship or a Centennial Music Festival Scholarship, but with no other Scholarship.

7. The Council may from time to time amend these regulations with the approval of the Trustee provided however that there is no departure from the main purpose of the bequest.

BISHOP MUSIC SCHOLARSHIP

This Scholarship is provided from a fund bequeathed to the Council in Auckland, New Zealand, under the Will of the late Mr. Charles John Bishop for the encouragement of the study of musical composition at the University.

Regulations

1. The annual value of the Scholarship shall be £75, payable in equal instalments at the end of April, July and October, provided that the Council may in the event of fluctuations in income from the fund increase or decrease the value of the Scholarship. The Scholarship shall include also free tuition in the Department of Music.

2. The Scholarship shall be awarded annually by the Council of the University of Auckland and is tenable for one year. It shall be open to candidates, whether students of the University or not, who at the time of entering for the Scholarship have
attained the age of 16 years and have not attained the age of 25 years. The Scholarship shall not be awarded to any candidate who is not qualified by examination or otherwise to enter upon a course of study for the Degree of Bachelor of Music in the year of entering for the Scholarship.

3. The Scholarship shall be awarded by the Council on the result of an examination to be conducted by the Professor of Music. Each candidate shall be examined in the technique of musical composition and in the playing of a musical instrument to be offered by the candidate. Candidates may also be asked to submit manuscripts of works composed by them. In the examination, the Professor shall be assisted by one other examiner who shall be appointed by the Council on the recommendation of the Professor. The Council shall be entitled to pay out of the income of the Fund any fee payable to the assistant examiner. A person already holding the Scholarship shall be eligible for re-election on the results of this examination.

4. A successful candidate shall be required to pursue at the University a course of study for the Degree of Bachelor of Music and shall not be required to pay lecture fees for such course, during the tenure of his Scholarship.

5. Candidates must give notice of candidature to the Registrar on or before the 31st July in each year and shall specify the musical instrument on which he or she desires to be examined. (A form of application is obtainable at the Office.)

6. The Scholarship may be tenable concurrently with a University Entrance Scholarship, a Centennial Music Festival Scholarship or the Michael Joseph Savage Memorial Scholarship, but with no other Scholarship.

7. The examiners shall be entitled to certify to the Council that no sufficiently qualified candidate has applied, whereupon the Council may decline to award the Scholarship for that year.

8. The Council shall have power to amend these Regulations provided however that there is no departure from the main purpose of the bequest.

THE HOLLINRAKE MEMORIAL SCHOLARSHIP

This Scholarship, the result of a public subscription organised by the Auckland Music Council, was established in 1957 in
memory of the late Professor Horace Hollinrake, who was Professor of Music from 1935 to 1955.

**Regulations**

1. The annual value of the Scholarship shall be £40, payable in three equal instalments.

2. The Scholarship shall be tenable at the University of Auckland for one year, provided that the Council may, in special circumstances, permit it to be held at one of the other constituent institutions of the University of New Zealand. The Council may terminate the Scholarship at any time if, having received from the scholar's Professor of Music an unfavourable report on the conduct or progress of the scholar, it shall so determine.

3. The award shall be made for the encouragement of musical scholarship and shall be open to students who have completed Music Stage III of the Mus.B. Degree, and to B.A. students who intend to proceed to the Degree of M.A. and Honours in Music, and who have completed the pre-requisites for that degree.

4. One Scholarship shall be awarded each year by the Council after receiving a recommendation from the Professorial Board, which shall take into consideration the whole of the candidates' previous work, together with their general contribution to the life of the University.

5. The Council shall not be bound to award the Scholarship in any year, should there be no candidate deemed worthy of the award.

6. The Council may from time to time amend these regulations.

**FINE ARTS**

**THE JOE RAYNES SCHOLARSHIP**

This Scholarship was established under the Will of the late Mr. Joseph Raynes to promote the study of Drawing, Painting or Design in the Elam School of Fine Arts.

**Regulations**

1. The Scholarship, to be known as the Joe Raynes Scholarship, shall be tenable for one year at the Elam School of Fine Arts and shall be of the value of £75. This sum will be supple-
mented by a grant from the Elam Bequest sufficient to defray the cost of such tuition fees as may be incurred by the Scholar.

2. The purpose of the Scholarship shall be to assist a student of the School who has obtained the Diploma in Fine Arts to proceed to the Diploma in Fine Arts with Honours.

3. The Scholarship shall be awarded annually by the Council upon the recommendation of the Director of the Elam School, but, should no suitable candidate be forthcoming, it shall be within the discretion of the Council either to offer an additional Scholarship in the ensuing year, or to make such other use of the moneys available as may further the purpose of the bequest.

4. The conditions of this Scholarship are subject to revocation or alteration at any time by the Trustees of the late Mr. Joseph Raynes.

5. Applications for the Scholarship should be made to the Director of the Elam School of Fine Arts not later than 2 December in each year.

ROSEMARY GRICE MEMORIAL PRIZE

This Prize has been established through subscriptions and the sale of paintings, to commemorate the high talent in water-colour painting of the late Rosemary Grice, who was a student of the Elam School of Art.

Regulations

1. The Prize shall be known as the Rosemary Grice Memorial Prize.

2. The Prize shall be available only to full-time students of the Elam School of Fine Arts.

3. The Prize shall consist of the sum of £5, and shall be awarded annually by the Council after receiving a recommendation from the Director of the Elam School.

4. The award shall be made for the most meritorious work submitted for examination by a student in the First Professional Year of the course for the Diploma in Fine Arts.

5. If no work is produced meriting the award in any one year no award need be made but more than one award may be made in any one year.
NEW ZEALAND UNIVERSITY SCHOLARSHIPS AND PRIZES

The following list gives University Scholarships and Prizes open to students of the University of Auckland. For the conditions students should consult the Calendar of the University of New Zealand. The list of awards appears on page 445.

GENERAL

Senior Scholarships in Arts, Science, Law, Music and Commerce

1. The Scholarships shall be awarded in terms of Section II of the University Statute "University Senior Scholarships" by the Council on the nomination of the Professorial Board. The award shall be made under regulations approved by the Professorial Board, Council, and Senate.

2. The value of each Senior Scholarship shall be one hundred and twenty pounds (£120) but the Scholarship may be held with a scholarship or scholarships not awarded by the University of New Zealand. The emolument shall be paid in three equal instalments, the first early in the first term, the second early in the second term, and the third towards the end of the third term.

3. A Senior Scholarship shall be tenable for one year, and shall be tenable only by a candidate who during the tenure of his Scholarship is pursuing his studies for an Honours or higher degree, as an internal student of a University, provided that payment may, if the Professorial Board considers it desirable, be spread over two years.

4. Senior Scholarships shall be open to competitors who have not already graduated and who are taking the final examination for the degree of Bachelor of Arts or of Bachelor of Science or of Bachelor of Laws or of Bachelor of Commerce, or who being candidates for the degree of Bachelor of Science with Honours or of Bachelor of Music with Honours are proceeding in the year following the award to the final year's course of study for that degree; except that a candidate for the degree of Bachelor of Science with Honours in Mathematics who is granted terms after pursuing the Honours course for two academic sessions,
shall then become eligible for the award of a Senior Scholarship and shall not be eligible earlier.

If a candidate is pursuing a course leading to the B.A., LL.B. degrees, he shall be deemed to be taking the final examination for the degree of Bachelor of Arts in the year in which he completes the Arts requirements for the degrees of B.A., LL.B., but the Scholarship shall not be tenable until the candidate has completed the degrees of B.A. and LL.B.

5. No candidate shall be allowed to present himself for a Senior Scholarship in Arts or Science later than four years after his matriculation, in Commerce later than five years, in Law later than six years, and in the case of the combined degrees of B.A., LL.B. later than seven years after his matriculation.

6. Each Senior Scholar shall furnish to the Senate satisfactory proof that he is prosecuting his studies diligently at a University in New Zealand.

7. An election to a Senior Scholarship shall become void unless the successful candidate within four weeks of the receipt of the official intimation of his election, signify to the Registrar of his University his intention of fulfilling the conditions attached to the holding of the Scholarship, and in the case of his failure so to do, the Council may award the Scholarship to another candidate. In special cases the Council may allow a scholar to fulfill the conditions of the Scholarship in the year immediately following that in which the award is made.

8. A Senior Scholarship granted by one University shall be tenable in any University in New Zealand.

University of Auckland Regulations

1. The Scholarships shall be grouped as follows: Three to the Arts, Law, Economics, Accountancy and Music Group; two to the Science Group, excluding Pure and Applied Mathematics, and one to Pure and Applied Mathematics, provided:
   (a) That no Department shall recommend any candidate unless the Heads of Departments concerned certify that the candidate is of first class calibre; and
   (b) That if there are not sufficient of these candidates in any one group, the Scholarship or Scholarships in that group
may be transferred to any of the other groups or may be withheld for that year and awarded in any subsequent year as an additional Scholarship or Scholarships in that group.

Candidates presenting Geography as their particular subject shall be considered for a Senior Scholarship in the Faculty of Arts if they are taking an Arts Degree, and in Science if they are taking a Science Degree.

2. A Senior Scholarship shall be awarded on the results of the candidate’s work in Stage III or the corresponding stage subjects whether taken in the year of candidature or not.

3. A candidate shall take not fewer than two papers in the subject or subjects presented, but if regulations for the Degree prescribe that more than two papers shall be taken in the subject or subjects presented, then the candidate shall take the number of papers so prescribed.

4. A Senior Scholar shall be required to read for Honours in some subject or subjects of the group in which the Scholarship is awarded save by permission of the Professorial Board.

5. A student awarded a Senior Scholarship shall not be eligible for the award of a further Senior Scholarship.

6. Successful candidates precluded from holding the Scholarship by the tenure of other awards shall be listed with Senior Scholars in the Calendar.

7. The Stage III subject or subjects in which the Scholarship has been awarded shall be named.

8. Intending candidates for the award of Senior Scholarships shall lodge their applications with the Registrar at the time of entering for the final Degree examinations.

University Research Scholarships

1. Two Research Scholarships shall be offered each year, one at least of these being for candidates in Arts, Commerce or Law. Should any Scholarship not be awarded, it may be reserved for award as an additional Scholarship in any subsequent year in which there are candidates of exceptional merit; provided that if such Scholarship be held over from a year in which none is
awarded in Arts, Commerce or Law, it shall be awarded sub-
sequently only to a candidate in one of these faculties.

2. No candidate who has passed the Master's examination
more than two years prior to the date of entry shall be elected
to a Scholarship, except in special cases according as the Pro-
fessorial Board shall decide.

3. A Scholar shall devote his full time to research work in a
University in New Zealand but may, with the consent of the
Professorial Board, be allowed to teach in the Department in
which he is undertaking research, the time so spent, including
preparation, not to exceed six hours per week, for which he may
receive payment. He may also, with the consent of the super-
visor, attend classes helpful to his research work. This shall not
constitute an exemption from the regulations for the Ph.D.
degree.

In special circumstances approved by the Professorial Board,
an Arts Scholar may spend such part of the tenure of the
Scholarship overseas as the Board may recommend to the
Council.

4. Applications must include the academic record of the can-
didate and a statement of the proposed research.

5. No student will be considered as a candidate unless he has
duly notified the Registrar by 1 December that he intends to
compete.

**Travelling Fellowship awarded by the Institute of Automotive and Aeronautical Engineers, Inc.**

Students should enquire at the Office for detailed information.
NEW ZEALAND FEDERATION OF UNIVERSITY WOMEN FELLOWSHIP

The New Zealand Federation of University Women offers a Fellowship of £500 every second year, to help a graduate of the University of New Zealand or of another university, provided she has been resident in New Zealand for five years prior to application, to undertake research in a country other than her own. The field of research is unrestricted. Applicants must be financial members of the Federation, which is open to all women graduates.

The Fellow, if a New Zealander, must undertake to return to New Zealand within two years of the expiry of her fellowship and to carry on her professional work for at least one year. Personal qualifications are taken into account in the selection of a Fellow, with the object of fostering international understanding and friendship.

Enquiries should be addressed to The Secretary-Treasurer, Fellowship Trust Board, Miss E. M. Oddie, P.O. Box 2888, WELLINGTON.

THE BRITISH COUNCIL

The British Council can often offer valuable assistance to visitors from overseas who intend to go to the United Kingdom or who have already arrived there for the purpose of study. The Council arranges a regular programme of short courses in a wide variety of subjects connected with the development of the social structure, and the Arts. In addition, the Council is able to assist visitors with specialized interests to make contact with specialists in Great Britain.

Owing to the large demand for its services, the Council cannot undertake to accept every application, nor to arrange accommodation nor offer financial assistance except in very special cases. Further information can be obtained from the Registrar, University of New Zealand, Wellington.

FREE PASSAGES

This scheme has now been resumed. Applications on the prescribed form must be made to the Registrar, University of New Zealand before 1 November. (See N.Z. University Calendar.)
SCHOLARSHIPS AWARDED BY THE UNIVERSITY OF CANTERBURY

THE UNITED STATES EDUCATION FOUNDATION IN NEW ZEALAND

TRAVEL GRANTS — FULBRIGHT PROGRAMME

The United States Educational Foundation in New Zealand invites applications annually for travel grants from New Zealand citizens of either sex who intend to study in the United States and who undertake to return to New Zealand when their studies are completed.

These grants are sufficient to meet the cost of return travel between the place of residence in New Zealand of the successful applicant and the University of his choice in the United States. They do not include the cost of his maintenance within the United States and, while a candidate may apply for a travel grant in anticipation of securing a scholarship in an American University or otherwise arranging for his support while in the United States, no award can be made until this support is assured. Although the Foundation has no scholarships at its disposal its experience has been that New Zealand graduates with a first-class academic record have little difficulty in securing scholarships at American universities covering tuition and frequently at least partial maintenance.

Of these grants, twelve are at present allotted to Graduate Students who propose to pursue a regular course of study for at least one academic year at an American University; three are allotted to Research Scholars of some academic standing who intend to engage in advanced work, though not towards a degree, at an institution of higher learning; and two others to Visiting Professors who have been, or may expect to be, invited to teach at an American University.
Applications are normally invited in June and July of each year from persons who would be interested in studying in the United States in the following year. Application forms are obtainable from the United States Educational Foundation in New Zealand, Box 1190, Wellington, to which enquiries for additional information should be addressed.

CERTIFICATE OF PROFICIENCY

University of New Zealand Statute

I. At any examination for a degree in Arts, Science, Law, Agriculture, Commerce, or Music, or for a University diploma, any person may be admitted to examination in any one or more of the subjects prescribed for those degrees or diplomas and may receive a certificate of proficiency in any subject or subjects in which he has satisfied the Examiners, provided that no candidate shall enter at one and the same examination in more than one stage of a subject. Any candidate for such degree or diploma examination may receive a certificate for any subject or subjects in which he has passed, provided that he complies with the subjoined conditions.

II. The examination fee in each subject shall be as prescribed in the Arts, Science, Law, Agriculture, Commerce, Music, or Diploma course as the case may be and the fee for a certificate in each subject shall be five shillings provided that for a certificate including more than one subject the fee shall be seven shillings and sixpence for two subjects and ten shillings for three or more subjects.

III. A candidate for a Certificate of Proficiency must be matriculated, keep terms and pursue a course of study approved by the Professorial Board of his University. The same notice shall be required from a candidate for a Certificate as from a candidate for a degree.

IV. A candidate who has passed in a subject for the Certificate of Proficiency may at a later date have this subject credited towards a degree or diploma provided that the necessary conditions for the degree or diploma course were fulfilled at the time when the subject was passed for Certificate of Proficiency.

EXAMINATION FEES

This section is a slightly modified version of the relevant University of New Zealand Statute.

I. Every candidate for any examination, shall, at the time of signifying his intention to present himself, pay the prescribed examination fee, provided that the entry will be accepted within twenty-one days after the prescribed date in each case, if accompanied by a fee of two guineas in addition to the ordinary fee. Notwithstanding anything in this section, on payment by the candidate of a fine of five guineas in addition to the late fee, and subject to the approval of the Vice-Chancellor, an entry may be accepted later than twenty-one days after the prescribed date.

II. No examination fee shall be returned save in circumstances deemed exceptional by the Senate.

III. In no circumstances shall a fee for examination be made available for another purpose.

IV. A fee paid for an examination may be made available for any examination in a subsequent year (not later than two years) only in the following cases:

(i) A candidate who has paid a fee which includes the fee for the presentation of a thesis may defer the presentation of such thesis until a subsequent year and shall be entitled to present the thesis on one occasion only without the payment of a further fee.

(ii) A candidate who has paid a fee for a University examination but is debarred from presenting himself in any subject or subjects by reason of his not having kept terms therein may have the fee for the subjects in which he is debarred from sitting held to his credit.

(iii) A candidate who not later than four weeks after the last day of the examinations shows by the evidence of a medical certificate that his failure to present himself for examination was due to ill-health may have his fee held to his credit.

(iv) A candidate who has paid his fee and finds that he is unable to sit for the examination may have the fee held to his credit, provided that no later than two weeks
before the commencement of the examination for which he has entered he gives notice that he does not intend to sit, save that in very exceptional circumstances the Senate may allow a fee to be held to the credit of a candidate even if the application is made later than two weeks before the examination.

(v) When entering again for the examination he pays a registration fee of five shillings.

*Note:* Candidates who obtain the concession under IV. must re-enter for the examination by due date as provided in the Statutes. The registration fee of five shillings is payable in all cases. A credit note will be issued for the net amount after deducting the registration fee.

V. The fees payable to the University shall be as follows. The fee for re-examination shall be the same as the original fee, except where a specific re-examination fee is provided for.

COURSES
AND
PRESCRIPTIONS
THE DEGREE OF BACHELOR OF ARTS

B.A.

The University of Auckland Course Regulations

1. Except as provided in the ad eundem statute of the University of New Zealand a candidate for the Degree of Bachelor of Arts shall be matriculated, thereafter follow a course of study of not fewer than three years, keep terms in accordance with the University of New Zealand Statute "Terms and Lectures", and pass the appropriate examinations.

2. The course of study for the degree shall consist of nine units, a unit being defined as one year's work in one of the subjects prescribed in these regulations.

3. At least six units shall be selected from Group A as defined in regulation 24.

4. There shall normally be three stages in each subject. Except as provided in regulation 15 below Stage II may be taken only after the subject has been passed at Stage I where that exists. Stage III may be taken only after the subject has been passed at Stage II where that exists. Except as provided in regulation 15, Applied Mathematics III may be taken only after Applied Mathematics I has been passed.

5. Every course of study for the degree shall include at least three units higher than Stage I, one at least of which shall be a Stage III unit.

6. Every course of study for the degree shall include at least five subjects, except as hereinafter provided.

7. A candidate wishing to be enrolled in any subject which is also a subject of examination for the Degree of Bachelor of Science shall comply with such of the course regulations for that degree relating to prerequisites, combinations of subjects, and practical work, as are applicable to that subject.
8. A candidate must include in his course
(i) either English or Philosophy,
(ii) a language unit other than English,
(iii) one unit in a subject other than a language except as hereinafter provided.
(Note: The subject Maori Studies I is deemed to be a language unit other than English for the purpose of these regulations.)

9. A candidate shall not be enrolled in Advanced Mathematics unless he has passed in Pure Mathematics III and has passed in Applied Mathematics III, or has enrolled in it concurrently. No candidate may be credited with both Advanced Mathematics and Pure Mathematics I as units for this degree.

10. A candidate who presents Applied Mathematics III as his only Stage III unit must pass in a subject other than Pure Mathematics as a Stage II unit.

11. A candidate shall not be enrolled in Applied Mathematics III unless he has been credited with a pass in Pure Mathematics II or Engineering Mathematics II.

12. Students who propose to take only Stage I English will take Course A; those who propose to advance to English II will take Course B. Those who wish to advance to English II after having taken Course A will be required to take Course B lectures in Language before proceeding to English II except by special permission of the Head of the Department, and to satisfy the Head of the Department in a test thereon.

13. Candidates who have passed the University Scholarships Examination on the credit list, or other approved candidates may, with the permission of the Professorial Board, follow courses of study, consisting of fewer than five subjects.

14. In special cases approved candidates may be exempted by the Professorial Board from the requirement of regulation 8 (i), (ii) and (iii).
15 (a). Notwithstanding anything in regulation 4, a candidate with the permission of the Professorial Board may take Pure Mathematics II without having passed in Pure Mathematics I. If the candidate passes in Pure Mathematics II he shall be credited with Pure Mathematics II, but shall not be credited with Pure Mathematics I as a unit for any University degree or diploma except in Engineering. If the examiner certifies that the candidate, though failing in Pure Mathematics II, attained the standard of a pass in Pure Mathematics I, the candidate shall be credited with a pass in Pure Mathematics I.

(b). Notwithstanding anything in regulation 4 a candidate who has passed in Statistical Mathematics I may with the permission of the Professorial Board take Applied Mathematics III without having passed in Applied Mathematics I. If such a candidate passes in Applied Mathematics III he shall be credited with Applied Mathematics III, but shall not be credited with Applied Mathematics I as a unit for any University degree or diploma except in Engineering.

16. Students who have passed in Philosophy IIB (Psychology) may apply to surrender this as a second-year unit and have it credited as Psychology I. Those who have passed in Philosophy IIIIB (Psychology) may likewise apply to have this credited as Psychology II, but would be advised to consult with the Head of Department before doing so. Provided that if Philosophy IIB (Psychology) is retained as a second-year credit in the Degree, Psychology I may not also be taken for credit.

Students who have passed in Philosophy IIB (Psychology) may proceed to Philosophy IIIIB (Psychology) as defined in the Calendar for 1957 only in special cases approved by the Professorial Board.

17. A candidate who has qualified for the degree of Bachelor of Laws may be credited with the Legal System, Constitutional and Administrative Law and Jurisprudence as three units for the Degree of Bachelor of Arts, provided that prior to that year in
which he presents his seventh subject of Division II of Section II of the Statute "The Degree of Bachelor of Laws",

(i) he has been credited with six units for the Degree of Bachelor of Arts; and

(ii) these units include at least three units higher than Stage I of which one at least shall be a Stage III unit. For the purposes of this regulation the subjects taken that are common to the two courses shall be treated as exempted subjects as provided in Section III (iii) of the University of New Zealand Statute "Conduct of University Examinations."

18. The personal course of study of every candidate shall require the approval of the Professorial Board. The decision of the Professorial Board on any question relating to the personal course of study of a candidate shall be subject to an appeal to the Council.

19. Students not devoting their full time to University work shall not be eligible in any one year for the award of terms in more than three units at Stage I, nor in more than two units, one of which is at Stage II or III, save in exceptional circumstances as decided by the Board.

20. Before a student is admitted to Stage II in any subject the Professorial Board may require him to have obtained a pass in at least one other subject.

21. In any one year a candidate shall not offer or be credited with a pass in more than four units at one examination for this degree.

22. THE DEGREE OF MASTER OF ARTS AND MASTER OF ARTS WITH HONOURS

M.A.

The University of Auckland Course Regulations

1. Except as provided in the ad eundem statute of the University of New Zealand, a candidate for the Degree of Master of Arts shall before presenting himself for examination have —
   (a) been admitted to the Degree of Bachelor of Arts,
   (b) passed the subject he offers in its several stages as prescribed for the Degree of Bachelor of Arts; and
   (c) kept terms at the Master's stage in the subject in which he proposes to present himself for examination,
   (d) fulfilled the prerequisites prescribed by the Professorial Board for the particular subjects (see regulations 10 to 17 below).

2. The Professorial Board may require candidates for M.A. and Honours not devoting their full time to University work to attend a prescribed course of studies for two years.

3. A candidate presenting subject No. 12, Languages and Literature, shall satisfy the requirements of regulation 1 (b) and 1 (c) in respect of each of the languages in his course. A candidate presenting subject No. 14, Mathematics, shall satisfy the requirements of regulation 1 (b) in respect of Pure Mathematics and Applied Mathematics.

4. A candidate shall present himself for and pass the examination in one of the subjects prescribed in regulation 21.

5. Where a thesis is required the following conditions shall apply:
   (a) The thesis shall embody the results obtained by the candidate in an investigation relating to some branch of the subject; or with the approval of the Professorial Board shall consist of a review of the
literature of some special problem, which may be combined with the repetition of some standard investigation on an aspect of this problem.

(b) In the case of a thesis recording laboratory work, a certificate shall be supplied to the Registrar by the supervisor stating that laboratory work has been carried out within the University.

(c) The candidate may present his thesis in the year in which he takes his examination or with the consent of the Head of the Department concerned, in any subsequent year.

(d) The candidate shall submit his thesis to the Registrar by the first day of November in the year in which it is presented or at a subsequent date if so arranged with the Head of his Department. The Registrar shall hand the thesis to the Head of the Department concerned.

Note: If the thesis is submitted later than the first day of November, the candidate cannot enter for a postgraduate scholarship in that year.

(e) If the examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to re-submit it by a later date to be specified by the examiner.

6. A candidate in subject No. 9, History, may, subject to the approval of the Professorial Board, present papers 263/2 and 263/3 (being papers presented as a substitute for the thesis) in the year following that in which he presents his other papers for the Degree.

7. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours.

(b) Honours shall not be awarded if the scripts in the first year in which a candidate sits an examination for the degree are unsatisfactory or if the thesis at its first presentation is unsatisfactory, provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness
(certified as under the aegrotat regulations) may elect, instead of applying for an aegrotat award, to present himself at a subsequent written examination and still be eligible for the award of Honours, subject to the provisions of sub-clause (c) hereof.

(c) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of passing the final subject of his Bachelor's Degree, provided that this period may in special cases be extended by the Professorial Board. For this purpose the academic year is regarded as beginning on March 1st.

(d) Subject to these regulations a candidate who has passed in any subject as defined for the Degree of Master of Arts may be a candidate for the Degree in another subject, and if eligible under the preceding sub-clause, may be awarded Honours therein.

8. A candidate who has passed the examination for the Degree of Master of Commerce shall not be admitted to the examination in subject No. 2, Economics.

9. A candidate shall not present a subject in which he has already passed for the Degree of Master of Science, or in a principal subject presented for the Degree of Bachelor of Science with Honours.

10. A candidate shall not present himself for examination in English for subject No. 12, Languages and Literature, or for subject No. 4, English Language and Literature, unless he has previously been credited with a pass in Stage II of a language (other than English) together with either Stage III of that language or Stage I of a second language (other than English), or History I or Philosophy I, as defined for the Degree of Bachelor of Arts.

11. A candidate shall not present himself for examination in Latin for subject No. 12, Languages and Literature, or in subject No. 13, Latin, unless previously he has been credited with

(a) a pass in Greek I,
(b) either a pass in Stage III of a language other than Latin or passes in Stage II of one language and in Stage I of another language other than Latin, as defined for the Degree of Bachelor of Arts.

12. A candidate shall not present himself for examination in Greek for subject No. 12, Languages and Literature, or in subject No. 8, Greek, unless previously he has been credited with a pass in Stage III of a language other than Greek or with passes in Stage II of one language and in Stage I of another language, other than Greek, as defined for the Degree of Bachelor of Arts.

13. A candidate shall not present himself for examination in French in subject No. 12, Languages and Literature, or for subject No. 5, French, unless

(a) he has previously been credited with passes in three units (including at least one unit at Stage II) in languages other than French as defined for the Degree of Bachelor of Arts;

(b) he has either passed an examination in Latin at a standard not lower than Entrance or satisfied the Head of the Department of Romance Languages that his knowledge of Latin is adequate for the intelligent study of the development of the French language.

14. A candidate shall not present himself for examination in Italian in subject No. 12, Languages and Literature, or for subject No. 11, Italian, unless

(a) he has previously been credited with passes in three units (including at least one unit at Stage II) in languages other than Italian as defined for the Degree of Bachelor of Arts;

(b) he has either passed an examination in Latin at a standard not lower than Entrance or satisfied the Head of the Department of Romance Languages that his knowledge of Latin is adequate for the intelligent study of the development of the Italian language.

15. A candidate shall not present himself for examination in German for subject No. 12, Languages and Literature, or in subject No. 7, German, unless pre-
viously he has been credited with a pass in Stage III of a language other than German or with passes in Stage II of one language and in Stage I of another language, other than German as defined for the Degree of Bachelor of Arts.

16. A candidate shall not present himself for examination in subject No. 10, History and Literature of Music, unless he has previously (1) passed Music III and Counterpoint I as for Mus.B.; (2) acquired a reading knowledge of a foreign language to be approved by the Professorial Board; (3) furnished evidence of proficiency as an executant satisfactory to the Dean of the Faculty of Music.

17. A candidate presenting himself for examination in any subject which is also a subject of examination for the Degree of Master of Science shall comply with such of the course regulations for that degree relating to prerequisites, combinations of subjects and practical work, as are applicable to that subject.

18. The personal course of study of every candidate shall require the approval of the Professorial Board. The decision of the Professorial Board on any question relating to the personal course of study of a candidate shall be subject to an appeal to the Council.

19. A candidate shall give notice in writing of his intention to present himself for examination, and of the subjects in which he proposes to be examined; and such notice accompanied by the fee must be sent so as to be in the hands of the Registrar, Auckland, by the tenth day of May preceding the examination.

20. Subject in each case to the provisions of the University of New Zealand Statute "Conduct of University Examinations" the fee for examination shall be that prescribed in the University of New Zealand "Fees".

This selection of papers may in special cases be varied by permission of the Heads of the Departments concerned.

Oral examination based on the following syllabus: Reading, recitation, dictation, explanation in Italian of a text comprising questions on its literary value, grammar, phonetics and vocabulary. The recitation shall consist of at least 30 lines of verse to be memorised.
B. Single Honours. (Seven papers)

90/7 (a)  
90/8 (b)  
90/9 (c)  
90/10 (d)  

As defined for Bi-lingual Honours.

Three of the following, to be selected with the approval of the Head of the Department: but the student may, with the approval of the Head of the Department, substitute a thesis for two of the three papers:

90/11 (e) The history and principles of Romance philology. This subject may normally be offered only by students having an adequate knowledge of Latin and another Romance language.

90/12 (f) Linguistics: principles and methods applied to the study of contemporary Italian.

90/13 (g) A special subject, with texts for detailed study, in medieval Italian literature.

1961: Il Novellino (UTET): Guittone D'Arezzo — Rime (Laterza); Rimatori del Dolce Stil Novo (Rizzoli); Dante, Vita Nuova.

90/14 (h) Detailed knowledge of one or two major authors.

1961: D'Annunzio and Pirandello.

90/15 (i) Selected authors (a minimum of four).

1961: Foscolo, Bacchelli, Pratolini, Moravia.

Details of topics, authors, books and the number of questions to be answered in Italian in the optional papers, shall be fixed from year to year by the Head of the Department. Students intending to follow the M.A. course should consult the Head of the Department towards the end of the previous year to decide upon optional papers and to obtain advice on vacation reading.

PRELIMINARY ITALIAN

This course is designed for students who intend to offer Italian I in a subsequent year. The entrance examination to Stage I, for all students except those specifically exempted by the Lecturer in charge or the Head of the Department, will be held on the first Monday of the term, at an hour and place to be announced.

Text-books: Russo, Practical Italian Grammar (Harrap); Fowler and Della Torre; Andiamo in Italia (Harrap).
THE DEGREE OF BACHELOR OF SCIENCE
B.Sc.

The University of Auckland Course Regulations

GENERAL PROVISIONS

1. Except as provided in the ad eundem statute of the University of New Zealand a candidate for the Degree of Bachelor of Science shall be matriculated, thereafter follow a course of study of not fewer than three years, keep terms in accordance with the University of New Zealand Statute “Terms and Lectures”, and pass the appropriate examinations.

2. The course of study for the degree shall consist of eight units, a unit being defined as one year’s work in one of the subjects prescribed in these regulations.

3. (a) There shall normally be three stages in each subject. Except as provided in regulation 21, or under the provisions of regulation 24, Stage II may be taken only after the subject has been passed at Stage I where that exists. Stage III may be taken only after the subject has been passed as Stage II where that exists. Except as provided in regulation 21, Applied Mathematics III may be taken only after Applied Mathematics I has been passed.

(b) In those subjects where both Stage IIIA and Stage IIIB are listed as subjects of examination for the Degree, Stage IIIB may be taken only concurrently with or after Stage IIIA of the same subject. Candidates wishing to proceed to M.Sc. in Chemistry will normally be required to take Stages IIIA and IIIB concurrently. Candidates wishing to proceed to M.Sc. in Physics must pass in either Physics IIIA and Physics IIIB or in Physics IIIA and Radiophysics III. For the purposes of these regulations, Stage IIIA and Stage IIIB of any subject shall count as separate units.

4. Every course for the Degree shall include at least three units higher than Stage I, one at least of which shall be a Stage III unit, or a Stage IIIA unit where such a unit exists. For the purpose of this regulation, Stage IIIB units and Radiophysics III respectively
shall count as units higher than Stage I but shall not as Stage III units.

5. Every course for the Degree shall include not fewer than four units chosen from Physics, Chemistry, Botany, Zoology, Geology, Pure Mathematics, one unit of which must be either Physics or Chemistry, provided that, under special circumstances, the Professorial Board may vary this requirement.

6. Except as provided for in regulation 21, or under the provisions of regulation 24, no candidate for the degree may be admitted to the course in a Stage II unit until he has passed three Stage I units; however, he may proceed to Chemistry II, and/or Zoology II if he has passed Intermediate M.B.

7. A candidate enrolled in a Stage III unit involving practical work (whether it be Stage IIIA or Stage IIIB in those subjects in which Stage IIIA and Stage IIIB are prescribed) shall not in the same year be enrolled in more than one other Stage III or Stage II course involving practical work.

8. A candidate shall not normally be enrolled in Advanced Mathematics unless he has passed in Pure Mathematics III and has passed in Applied Mathematics III or has enrolled in it concurrently; provided however that a candidate may with the permission of the Professorial Board be enrolled in Advanced Mathematics if he has been credited with Ancillary Mathematics and has obtained Certificates of Proficiency in Pure Mathematics III and Applied Mathematics III or has enrolled for such certificates concurrently. No candidate may be credited with both Advanced Mathematics and Pure Mathematics I as units for this degree.

9. A candidate shall not be enrolled in Applied Mathematics III unless he has been credited with a pass in Pure Mathematics II or Engineering Mathematics II.

10. A candidate who presents Applied Mathematics III as his only Stage III unit must pass in a subject other than Pure Mathematics II as a Stage II unit.
11. A candidate shall not be enrolled in Statistical Mathematics I unless he has passed in Pure Mathematics II or has enrolled in it concurrently.

12. A candidate shall not be enrolled in Mathematical Physics unless he has been credited with passes in Pure Mathematics II and Physics IB.

13. A candidate shall not be enrolled in Ancillary Mathematics unless he has passed in Pure Mathematics II. No candidate may be credited with Ancillary Mathematics together with Pure Mathematics III or with Applied Mathematics III for this degree. A candidate who has been credited with Ancillary Mathematics may obtain a Certificate of Proficiency in Pure Mathematics III by passing in the paper or papers of Pure Mathematics III which he has not taken for Ancillary Mathematics, and may obtain a Certificate of Proficiency in Applied Mathematics III by passing in the paper or papers of Applied Mathematics III which he has not taken for Ancillary Mathematics.

14. A candidate shall not be enrolled in Physics II unless he has attained a pass in Physics IB and has passed Pure Mathematics I.

15. A candidate shall not be enrolled in Physics IIIA unless he has passed in Pure Mathematics II.

16. A candidate shall not be enrolled in Radio-physics III unless he has passed in Physics II and Pure Mathematics II.

17. A candidate shall not be enrolled in Chemistry IIIA unless he has passed in six units (including Chemistry I and Chemistry II). In special cases a candidate who has passed in five units and has terms carried forward in a sixth unit, may be admitted to this course.

18. A candidate shall not normally be enrolled in Botany IIIB until he has passed Chemistry I. In special cases, terms in Chemistry I may be accepted.

19. A candidate shall not normally be enrolled in Botany IIIA until he has passed Zoology I or has
enrolled in it concurrently. In special cases, terms in Zoology I may be accepted.

20. A candidate shall not normally be enrolled in Geology IIIA until he has passed Chemistry I. In special cases, terms in Chemistry I may be accepted.

21. (a) Notwithstanding anything in regulation 3 hereof, a candidate with the permission of the Professorial Board may take Pure Mathematics II without having passed in Pure Mathematics I. If the candidate passes in Pure Mathematics II he shall be credited with Pure Mathematics II, but shall not be credited with Pure Mathematics I as a unit for any University degree or diploma except in Engineering. If the examiner certifies that the candidate, though failing in Pure Mathematics II, attained the standard of a pass in Pure Mathematics I, the candidate shall be credited with a pass in Pure Mathematics I.

(b) Notwithstanding anything in regulation 3 hereof, a candidate who has passed either in Statistical Mathematics I or in Mathematical Physics may with the permission of the Professorial Board take Applied Mathematics III without having passed in Applied Mathematics I. If such a candidate passes in Applied Mathematics III he shall be credited with Applied Mathematics III, but shall not be credited with Applied Mathematics I as a unit for any University degree or diploma except in Engineering.

22. (a) A Bachelor of Engineering (other than Mining or Metallurgical) proceeding to the Degree of Bachelor of Science shall be required to keep terms for one year and to pass in four units in which he had not already passed in his course for the Degree of Bachelor of Engineering, of which one unit shall be a subject at Stage III or Stage IIIA where that exists.

(b) A candidate who takes concurrently the courses for the Bachelor of Science and the Bachelor of Engineering shall, in order to complete the course for Bachelor of Science, be required to take four units other than those common to both degrees and the
four units shall include two units at Stage III or Stage IIIA where that exists, or one unit at Stage III and a unit at Stage II in another subject.

(c) A candidate under (a) or (b) hereof who has been exempted from passing in a Stage I unit or units for Engineering Intermediate through passing the subject at a higher stage shall, in order to complete his Science course, pass in addition to the four units prescribed in (a) and (b), a further Science unit for each unit in which he has been exempted.

(d) A candidate who passes in Engineering Mathematics III may proceed to subjects for which Pure Mathematics II is a prerequisite, but such a candidate will not be credited with Pure Mathematics II as a unit for the Bachelor of Science degree unless he has sat and passed the examination in this subject.

(e) For the purposes of this regulation subjects that are common to the two courses must be passed at the same standard as for the B.Sc. Degree and shall then be treated as exempted subjects as provided in Section III (iii) of the University of New Zealand Statute "Conduct of University Examinations".

23. The personal course of study of every candidate shall require the approval of the Professorial Board. The decision of the Professorial Board on any question relating to the personal course of study of a candidate shall be subject to an appeal to the Council.

24. In exceptional cases a personal course of study may be approved although it does not conform to the provisions of regulation 3 and of regulations 5 to 20 inclusive. Every application for exemption under this regulation shall be submitted by the candidate in writing to the Registrar, Auckland.

25. In any one year a candidate shall not offer or be credited with a pass in more than four units for this degree.

26. A candidate shall give notice in writing of his intention to present himself for examination, and of the subjects in which he proposes to be examined;
and such notice, accompanied by the fee, must be sent so as to be in the hands of the Registrar, Auckland not later than the tenth day of June preceding the examination.

27. Subject in each case to the provisions of the University of New Zealand Statute “Conduct of University Examinations” the fee for the examination shall be that prescribed in the University of New Zealand Statute “Fees”.

28. In the subjects Chemistry, Botany, and Geology the practical work shall be assessed separately for each candidate. A pass in both the practical work and the written papers is necessary. The practical marks alone may, with the approval of the Professorial Board, be credited to a subsequent year.

29. The subjects of examination for the Degree are the following. (The prescriptions are defined elsewhere in this Calendar.)

PURE MATHEMATICS I (Two papers) 134, 135.
PURE MATHEMATICS II (Two papers) 136, 137.
PURE MATHEMATICS III (Three papers) 138, 139, 139/1.
ADVANCED MATHEMATICS (Three papers) 139/2, 139/3, 139/4.
APPLIED MATHEMATICS I (Two papers) 140, 141.
APPLIED MATHEMATICS III (Two papers) 142, 143.
STATISTICAL MATHEMATICS I (Two papers) 446, 446/1.
MATHEMATICAL PHYSICS (Two papers) 445, 445/1.
ANCILLARY MATHEMATICS (Three papers). A selection approved by the Head of the Mathematics Department from the papers prescribed for Pure Mathematics III, Applied Mathematics III and Advanced Mathematics.
PHYSICS IA (Two papers) 144A, 145A.
PHYSICS IB (Two papers) 144B, 145B.
PHYSICS II (Two papers) 146, 147.
PHYSICS IIIA (Two papers) 148, 149.
PHYSICS IIIB (Two papers) 148/1, 149/1.

RADIOPHYSICS III (Two papers) 452, 453.
CHEMISTRY I (Two papers) 150, 151.
CHEMISTRY II (Two papers) 152, 153.
CHEMISTRY IIIA (Two papers) 154, 155.
CHEMISTRY IIIB (Two papers) 154/1, 155/1.

BOTANY I (Two papers) 157, 158.
BOTANY II (Two papers) 159, 160 or 161, 162.
BOTANY IIIA (Two papers) the set of papers not taken for Botany II.
BOTANY IIIB (Two papers) 161/1, 162/1.

ZOOGEOLOGY I (Two papers) 163, 164.
ZOOGEOLOGY II (Two papers) 165, 166.
ZOOGEOLOGY IIIA (Two papers) 167, 168.
ZOOGEOLOGY IIIB (Two papers) 167/1, 168/1.

GEOLOGY I (Two papers) 169, 170.
GEOLOGY II (Two papers) 171, 172.
GEOLOGY IIIA (Two papers) 173, 174.
GEOLOGY IIIB (Two papers) 173/1, 174/1.

GEOGRAPHY I (Two papers) 176, 177.
GEOGRAPHY II (Two papers) 177/1, 177/2.
GEOGRAPHY III (Two papers) 177/3, 177/4.

†PSYCHOLOGY I (General & Experimental) (Two papers) 450, 451.
†PSYCHOLOGY II (Two papers) 451/3, 451/4.
†PSYCHOLOGY III (Three papers) 451/5, 451/6, 451/7.

†PHILOSOPHY (Two papers) 451/1, 451/2.
*PHYSIOLOGY II (Two papers) 447, 447/1.
*PHYSIOLOGY III (Three papers) 447/2, 447/3, 447/4.

*BIOCHEMISTRY II (Two papers) 448, 448/1.
*BIOCHEMISTRY III (Three papers) 448/2, 448/3, 448/4.
30. Up to and including 1961 Stage IIIA of any subject will be considered equivalent to Stage III under the regulations as printed in the Calendar for 1959.

*The subjects marked with an asterisk are not taught at this University.
†The subjects marked with a dagger are not taught for the B.Sc. degree in this University.

FOREIGN LANGUAGE READING EXAMINATION

Every candidate intending to proceed to the M.Sc. degree is strongly advised to take the course for the Foreign Language Reading Examination before completing the B.Sc. degree. The ability to read scientific works in a foreign language is necessary for reading literature relating to the thesis. The regulations governing this Examination appear on p. 231, regulation 4 for the M.Sc. degree.
THE DEGREE OF MASTER OF SCIENCE AND MASTER OF SCIENCE WITH HONOURS

M.Sc.

The University of Auckland Course Regulations

1. Except as provided in the ad eundem statute of the University of New Zealand a candidate for the Degree of Master of Science shall before presenting himself for examination have —

   (a) been admitted to the Degree of Bachelor of Science;

   (b) passed the subject he offers in its several stages as prescribed for the Degree of Bachelor of Science (including Stage IIIB if listed as a subject for that degree), except that for Physics, Physics IIIA and Radiophysics will be accepted as an alternative to Physics IIIA and Physics IIIB, and except that for Geology, a Stage III unit of an approved science subject may, with the permission of the Professorial Board, be accepted as an alternative to Geology IIIB;

   (c) kept terms at the Master's stage in the subject in which he proposes to present himself for examination;

   (d) fulfilled the prerequisites prescribed by the Professorial Board for the particular subjects (see regulations 8 and 9 below) and the Foreign Language Reading Test requirement (see regulation 4 below).

2. The Professorial Board may require candidates for Master of Science and Honours, not devoting their full time to University work, to attend a prescribed course of studies for two years.

3. Where a thesis is required the following conditions shall apply:—

   (a) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject; except that in Physics the thesis may be a piece of original work or a review of the literature of some special problem, together with the repetition of some standard investigation on an aspect of this problem.
(b) In the case of a thesis recording laboratory work, a certificate shall be supplied to the Registrar by the supervisor stating that the laboratory work has been carried out within the University.

(c) A candidate shall present his thesis in the year in which he takes his examination or, with the consent of the Head of the Department concerned, in any subsequent year.

(d) The candidate shall submit his thesis to the Registrar, Auckland, by the first day of November in the year in which it is presented or at a subsequent date if so arranged with the Head of his Department. The Registrar shall hand the thesis to the Head of the Department concerned.

Note: If the thesis is submitted later than the first day of November, the candidate cannot enter for a postgraduate scholarship in that year.

(e) If the examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to submit it again at a later date to be specified by the examiner.

4. (a) Every candidate for the Degree of Master of Science shall, unless he has passed Stage I of a foreign language approved by the Professorial Board, forward to the Registrar, Auckland, a certificate of his ability to read scientific works in a foreign language approved by the Professorial Board. The certificate shall be given by the Professorial Board and shall certify that the candidate has satisfactorily translated from a foreign language, one or more scientific passages set by the Head of the Department in the subject which the candidate is presenting for the Degree in conjunction with the Head of the Language Department concerned.

(b) The choice of foreign language shall be determined by the Head of the Department of the science subject concerned.

Note: Candidates in those Departments which prescribe German or Russian as a foreign language
are advised to attend a suitable course in one of these subjects.

5. A candidate shall present himself for and pass the examination in one of the subjects prescribed in regulation 13.

6. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours.

(b) Honours shall not be awarded if the papers in the first year in which a candidate sits an examination for the Degree are unsatisfactory, or if the thesis at its first presentation is unsatisfactory, provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness (certified under the aegrotat regulations) may elect, instead of applying for an aegrotat award, to present himself at a subsequent written examination and still be eligible for the award of Honours subject to the provisions of sub-clause (c) hereof.

(c) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of passing the final subject of his Bachelor's Degree, provided that this period may in special cases be extended by the Professorial Board. For this purpose the academic year is regarded as beginning on March 1st.

(d) Subject to these regulations a candidate who has passed in any subject as defined for the Degree of Master of Science may be a candidate for the Degree in another subject, and if eligible under the preceding sub-clause may be awarded Honours therein.

7. A Master of Arts who has satisfied the requirements of regulation 1 hereof, may be a candidate for the Degree of Master of Science, provided that he passes a further examination in one of the subjects prescribed in regulation 13 hereof, such subject being not that in which he has passed the examination for Master of Arts.

8. A candidate shall not be enrolled in Mathematics unless he has been credited with a pass both in Pure Mathematics III and Applied Mathematics III.
9. A candidate shall not be enrolled in Physics unless he has obtained terms in Ancillary Mathematics (or its equivalent).

10. The personal course of study of every candidate shall require the approval of the Professorial Board. The decision of the Professorial Board on any question relating to the personal course of study of a candidate shall be subject to an appeal to the Council.

11. A candidate shall give notice in writing of his intention to present himself for examination and of the subjects in which he proposes to be examined, including, if applicable, the Foreign Language Reading Test; and such notice, with fee, must be sent so as to be in the hands of the Registrar, Auckland, by the tenth day of May preceding the examination.

12. Subject in each case to the provisions of the University of New Zealand Statute, “Conduct of University Examinations” the fee for examination shall be that prescribed in the University of New Zealand Statute “Fees”.

13. The subjects of examination for the degree are the following (the prescriptions are defined elsewhere in this Calendar):

   (1) MATHEMATICS, PURE & APPLIED (Six papers). Papers 280, 281, 282, 283, 284, 285.
   (2) PHYSICS (three or four papers, and a thesis). Papers 286, 287, 288, 289.
   (3) CHEMISTRY (Four papers and a thesis). Papers 292, 293, 294, 295.
   (4) BOTANY (Three papers and a thesis). Papers 298, 299, 300.
   (5) ZOOLOGY (Two or three papers, and a thesis). Papers 301, 302, 303.
   (6) GEOLOGY (Three papers and a thesis). Papers 308, 309, 310.
   (7) GEOGRAPHY (Four papers and a thesis). Papers 311/1-12.
14. Candidates enrolled for the degree of Master of Science governed by the regulations in force in 1960 may continue under those regulations up to and including 1963. After that they shall transfer to the regulations prescribed above.

BOTANY I

(Two papers and a practical examination)

157 (a), 158 (b) The general structure and function of the plant cell; *Amoeba* as a simple animal type; the general course of the evolution of structure, function and reproduction of plants, including detailed treatment of examples representing the whole range of the Plant Kingdom, together with the general morphology and histology of the Angiosperms; the characteristics of selected angiosperm families, with reference to their position in some recognized scheme of classification, and with special reference to their New Zealand representatives; the elements of plant physiology, plant ecology and genetics.

The following courses are offered:

Professor Chapman and Miss Segar: Types.
Dr Millener and Miss Segar: Morphology and Anatomy.
Dr Brown: Plant Physiology (first and second terms).
Dr Rattenbury: Cytology, Genetics, Evolution (first and second terms).

Professor Chapman: Introduction to Ecology (third term).
Dr Millener: Vegetation of New Zealand (third term).
Dr Rattenbury: Systematics (third term).

A collection of at least 45 named species of New Zealand and exotic plants is required as part of the practical work.

Considerable attention is given to the indigenous flora and, wherever practicable, material from that source is used for laboratory work.

Excursions for the study of plants and plant communities in the field are held at intervals.

The Museum contains a collection of dried and preserved specimens and a large teaching herbarium. In the University
grounds will be found a representative collection of indigenous plants of New Zealand.

Practical: Two two-hour laboratories per week.

**BOTANY II**

(Two papers)

*Either* 159, 160 Lower Plants:

159 (a), 160 (b) A more extensive and detailed knowledge of structure, function, reproduction and classification in the Plant Kingdom (including contemporary and extinct plants), as shown by a study of cryptogamic plants, using a more comprehensive selection of examples than for the relevant parts of Botany I; a more extensive course in cytology and genetics.

*Or* 161, 162 Higher Plants:

161 (a), 162 (b) A more extensive and detailed knowledge of structure, function, reproduction and classification in the Plant Kingdom (including contemporary and extinct plants), as shown by a study of the Gymnosperms and Angiosperms, with special reference in classification to orders and families prominent in New Zealand and with a more comprehensive selection of examples than for the relevant parts of Botany I; Plant Physiology, treated more fully and in greater detail than for Botany I; Principles of Plant Ecology, with a brief account of the main vegetation types and their geographical distribution.

(The courses on the Lower and Higher Plants are given in alternate years.)

**BOTANY IIIA**

(Two papers)

Either the Higher or Lower Plants, whichever has not been taken at Stage II.

Lectures on the Higher Plants will be given in 1961.
The following courses are offered:
Dr. Millener: Advanced Morphology.
Dr. Rattenbury: Taxonomy of Angiosperms.
Dr. Brown: Plant Physiology and Plant Biochemistry.
Lecturer pending: Gymnosperms.

Practical: Two three-hour laboratories per week.

BOTANY IIIB

(Two papers)
161/1 (a), 162/1 (b) Discussion of morphology and evolutionary significance and other philosophical problems as exemplified by the algae and land plants (living and extinct); the application of ecological principles to a study of the chief types and relationships of the indigenous vegetation of New Zealand; more advanced work in plant physiology requiring a deeper knowledge of chemistry and physics; virology.

The following courses are offered:
Professor Chapman: Algal phylogeny and Ecology.
Professor Chapman: Ecology of New Zealand Vegetation.
Professor Chapman: Economic Botany.
Dr. Millener: Morphology and Phylogeny of Land Plants.
Dr. Brown: Plant Physiology.
Dr. Matthews: Virology.
Dr. Rattenbury: Angiosperm Systematics and Evolution.

Practical: A minimum attendance of 6 hours per week, but, in practice, considerably more will be expected. A course of reading will be prescribed.

BOTANY FOR M.Sc. AND HONOURS

(Three papers and a Thesis)
298 (a), 299 (b), 300 (c) Students reading for Honours are required to have a deeper knowledge of Botany than for B.Sc., and are required to be familiar with modern views concerning the problems of heredity and evolution of plants. Attention is also given to the history of Botany and the economic uses of plants.
The preparation of a thesis is a most important feature of the work, and a large part of the student's time should be given to this.

The following lecture courses or seminars are offered:
Dr Rattenbury: Genetics, Cytology and Evolution (first term).
Dr Brown: Plant Physiology and Plant Biochemistry (first term).
Staffs of the Botany Department and Plant Diseases Division:
Seminars (second term).

Prerequisites:
Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the Degree M.Sc. (Refer Course Regulations, page 231). The prescribed language is German or Russian.

CHEMISTRY I

(Two papers and a practical examination)

150 (a), 151 (b) Lectures will be given on the following:
(1) theoretical chemistry; (2) inorganic chemistry; (3) organic chemistry.

All students (B.A., B.Sc., and Intermediate) will attend four lectures a week.

Laboratory: All students (B.A., B.Sc., and Intermediate) will attend two practical classes (of two hours each) a week.

Students intending to proceed to Chemistry II are strongly advised to include Pure Mathematics I in their course concurrently with Chemistry I. Students intending to proceed to Chemistry III should also include Physics IA or IB in their course.

The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written papers and the practical examination is necessary.

Text-books: W. M. Latimer and J. H. Hildebrand, Reference Book of Inorganic Chemistry; G. I. Brown, Introduction to Organic Chemistry; Partington and Stratton, Intermediate Chemical Calculations; E. G. Rochow and M. Kent Wilson, General Chemistry is recommended for students with only limited preparation.

CHEMISTRY II

(Two papers and a practical examination)

152 (a) Organic chemistry.
153 (b) Inorganic and physical chemistry.

Laboratory: Students are required to attend practical classes of not less than eight hours a week. The course is divided into three sections, Organic, Inorganic, and Physical Chemistry, each lasting approximately eight weeks.

The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A
pass both in the written papers and in the practical examination is necessary.

Students are advised to seek guidance before purchasing any of these text-books.

**CHEMISTRY IIIA**

(Two papers and a practical examination)

154 (a), 155 (b) Lectures will be given on the following: (1) inorganic and structural chemistry; (2) organic chemistry; (3) physical chemistry.

Laboratories: Students are required to attend practical classes of not less than eight hours per week. The course is divided into three sections, Inorganic, Organic, and Physical chemistry, each lasting approximately eight weeks.

The practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written examination and in the practical course is necessary.

Textbooks: See after Chemistry IIIB.

**CHEMISTRY IIIB**

(Two papers and a practical examination)

154/1 (a), 155/1 (b) Lectures will be given on the following: (1) inorganic and structural chemistry; (2) physical chemistry; (3) radio chemistry.

Laboratories: Students are required to attend practical classes of not less than eight hours a week. The course is divided into four sections, Inorganic, Organic, Physical and Radio chemistry.

The practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written examination and in the practical course is necessary.

Students are advised to seek guidance before purchasing any of these text-books.

**CHEMISTRY FOR M.Sc. AND HONOURS**

(Four papers and a thesis)

Students intending to read for M.Sc. and Honours should consult the Head of the Department as soon as possible after the completion of the Bachelor’s Degree, in order to select the thesis topic and secure appropriate laboratory facilities. The course is normally of one year’s duration, but the thesis may, with the approval of the Head of the Department, be completed during the second year. (See page 47, para. 3).

292 (a) Inorganic and structural chemistry.
293 (b) Organic chemistry.
294 (c) Physical chemistry.
295 (d) More advanced inorganic, structural, organic and physical chemistry.

A pass both in the thesis and in the written papers is necessary.

In addition to attending prescribed lectures in physical, structural, inorganic and organic chemistry students will be required to prepare and discuss a number of selected topics of special interest.

Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the M.Sc. Degree. (Refer Course Regulations, page 231). The prescribed language is German; classes are arranged by the Department of German.
LABORATORY CHARGE

A laboratory charge of £1 at Stage I, and £2 at Stages II, III and Honours to cover breakages, damage, waste, etc., must be paid before admission to laboratory classes.

In the event of the cost of breakages exceeding the amount of the charge, students may be required to pay a further amount before fresh apparatus is provided.

GEOLOGY I

(Two papers and a practical examination)

Lectures and laboratories: eight hours per week.

169 (a) Physical Geology. Materials of the lithosphere; weathering of rocks, transportation and deposition of sediments; the role of organisms in geological processes; igneous action; earthquakes; structural geology; geomorphology; metamorphism; deposits of economic importance.

170 (b) Historical Geology. General principles of stratigraphy; geological chronology; broad outlines of geological history; elementary systematic palaeontology and fossils characteristic of the geological periods; a general account of the stratigraphy of New Zealand.

Text-books: A. M. Davies, *An Introduction to Palaeontology* (2nd revised or later editions); *Geological Map of New Zealand* (without accompanying bulletin), Scale 1:2,000,000 (N.Z. Geological Survey).

Practical: At least two practical classes must be attended each week. The year's practical work will be assessed for each candidate in the marks schedule of the University.

Field Excursions: Each student will be required to attend at least four field excursions, arranged usually for week-ends.

GEOLOGY II

(Two papers and a practical examination)

Lectures and laboratories: nine hours per week.

171 (a) Geology, Palaeontology and Historical Geology.

i. Physical Geology. As defined for Geology I but taken to a higher standard and with more emphasis on sedimen-
tation and structural geology. Study and preparation of geological maps.

ii. Palaeontology and Historical Geology. Invertebrate palaeontology continued; evolution of certain groups of organisms; palaeobotany; post-Palaeozoic stratigraphy of New Zealand.

172 (b) Geology and Mineralogy. Crystallography and mineralogy; the symmetry of the more important crystal classes; the elements of the stereographic projection; the principles and practical applications of optical crystallography; descriptive and determinative mineralogy.

Practical: Students must attend each week practical classes in Mineralogy, Palaeontology, Interpretation of Geological Maps. An attendance of at least six hours per week is expected of each candidate. The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written papers and the practical examination is necessary.

Field classes: Attendance at a field camp, probably during the first vacation, will be obligatory. This class will last about a week.

**GEOLOGY IIIA**

(Two papers and a practical examination)

*Lectures and laboratories*: eleven hours per week.

173 (a), 174 (b) The course will be given in three sections, as follows:

(i) Geology. The whole of the subject matter as described under Stage II and in addition, discussion of problems of subsurface geology, marine geology, sedimentation, economic geology, geochronology.

Text-books: Cotton, *Volcanoes as Landscape Forms*.
(ii) Palaeontology and Historical Geology. Evolution and geological history of further groups of organisms; palaeontology of vertebrates; pre-Mesozoic stratigraphy of New Zealand and outline of stratigraphy of the world; principles of stratigraphy and stratigraphical palaeontology.

(iii) Mineralogy and Petrology. Petrography of the igneous, metamorphic and sedimentary rocks; an elementary discussion of theoretical petrology.

Practical: An attendance of at least eight hours per week is expected of each candidate. The Petrology laboratory is supervised for four hours per week and the Palaeontology laboratory for two hours per week. The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University.

Field class: Attendance at field camps during two vacations will be obligatory.

**GEOLOGY III B**

(Two papers and a practical examination)

*Lectures and laboratories*: thirteen hours per week.

173/1 (a), 174/1 (b) The course is divided in three parts: (i) General Geology; (ii) Palaeontology and Detailed Stratigraphy; (iii) Petrology and Mineralogy. The student is expected to follow the whole course and to attend practical classes of at least eight hours per week. In addition he may be required to attend field classes during parts of the short and long vacations. The preparation of a report on a field mapping study assigned to each student is obligatory.
The examination for Stage IIIB consists of two written papers and a lengthy practical examination. The practical work for each candidate will be included in the marks schedule of the University. In the first paper questions may be set on any aspect of geology. In the second paper questions will generally be set so that the candidate can show some specialized knowledge of either the petrological or the palaeontological aspects of geology.

Text-books: Kuenen, Marine Geology; De Sitter, Structural Geology; Mason, Principles of Geochemistry.

GEOLOGY FOR M.Sc. AND HONOURS

(Three papers and a thesis)

Examination: The examination for this degree consists of three written papers, Nos. 308, 309, 310, and a thesis. All candidates are advised to undertake work for theses before presenting themselves for written papers, and students who intend to read for this degree should therefore consult the Head of the Department well before the Session commences.

Text-books: Students should consult the staff before buying text-books.

Discussion Classes: These will be arranged at times to suit the convenience of students.

Foreign Language: Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the Degree of M.Sc. (refer p. 229 and 231). Candidates must show proficiency in one of the following languages: French, German or Russian.

ENGINEERING GEOLOGY

The prescription for this subject appears on page 343, under School of Engineering courses.
A. COURSES FOR B.A. AND B.Sc.

PURE MATHEMATICS I

(Two papers)

134 (a) Algebra and Calculus.

Algebra: Fundamental operations; simple series; permutations and combinations; the binomial theorem; properties of polynomials and rational functions.

Calculus: Derivatives and integrals of elementary functions; applications to graphs and loci, rates of change, stationary values, plane areas, volumes of solids of revolution, mean values, centres of mass.

135 (b) Geometry and Trigonometry.

Geometry: Properties of lines, circles, conics obtained by coordinate methods; fundamental notions in solid geometry.

Trigonometry: Fundamental properties of the trigonometrical functions; triangle formulae with applications; summation of certain series.

PURE MATHEMATICS II

(Two papers)

136 (a) Geometry and Algebra.

Geometry: Transformations of co-ordinates in the plane; further treatment of the conic; invariants. Co-ordinate solid geometry (simple loci; planes; lines; spheres). Vectors.

Algebra: Complex numbers; theory of equations; determinants.
137 (b) Calculus.

Calculus: Integration and applications; exponential, logarithmic and related functions; partial differentiation; simple differential equations.

PURE MATHEMATICS III
(Three papers)
138 (a) Algebra and Geometry.

Algebra: Determinants; matrices; algebraic forms; introduction to abstract algebra.

Geometry: Quadrics in three dimensions (co-ordinate methods).

139 (b) Analysis.

Limits; sequences; series; functions of a real variable; continuity; differentiability; Taylor's Theorem; Riemann integration; functions of several variables.

139/1 (c) Calculus and Differential Equations.

Calculus: Partial derivatives; multiple integrals; plane differential geometry; special functions; applications.

Differential Equations: Solution of ordinary differential equations of special types.

Text-books: S. Perlis, Theory of Matrices (Addison-Wesley); E. A. Maxwell, Co-ordinate Geometry with Vectors and Tensors (O.U.P.); A. E. Taylor, Advanced Calculus (Ginn); H. T. H. Piaggio, Differential Equations.

ADVANCED MATHEMATICS
(Three papers)

N.B. Pre-requisites for this course are (1) a pass in Pure Mathematics III and (2) a pass or concurrent enrolment in Applied Mathematics III.

Advanced Mathematics cannot be credited along with Pure Mathematics I towards a B.A. or B.Sc. degree.

139/2 (a) Analysis (mainly complex variable).
139/3  (b) Projective geometry; theory of differential equations.
139/4  (c) Selected topics approved by the Head of the Department (e.g. numerical analysis and vector analysis; abstract algebra; electricity and magnetism; hydrodynamics; elasticity; statistics).

APPLIED MATHEMATICS I

(Two papers)
140  (a) Dynamics.
141  (b) Statics and Hydrostatics.

APPLIED MATHEMATICS II

There is no actual degree unit in Applied Mathematics II. Lectures are given, however, and for convenience, are referred to under the heading of Applied Mathematics II. These cover part of the course for the degree unit in Applied Mathematics III, and students who wish to take the latter unit for their degree are sometimes recommended to take lectures in Applied Mathematics II in the preceding year.

APPLIED MATHEMATICS III

(Two papers)
142  (a) Methods of Applied Mathematics.
143  (b) Mechanics.

Reference books: H. Lamb, *Statics*; H. Lamb, *Dynamics*. (Other references will be announced in class).

MATHEMATICAL PHYSICS

(Two papers)

N.B. Pre-requisites for this course are passes in Pure Mathematics II and Physics IB.
445 (a) Numerical analysis and vector analysis.

445/1 (b) Electricity and magnetism.

Text-books: *Modern Computing Methods* (National Physical Laboratory, Notes on Applied Science No. 16, H.M. Stationery Office, London, 1957); C. A. Coulson, *Electricity* (Oliver & Boyd). (Further references will be announced in class.)

**STATISTICAL MATHEMATICS I**

(Two papers)

N.B. The pre-requisite for this course is a pass or concurrent enrolment in Pure Mathematics II.

446 (a) and 446/1 (b).

**ANCILLARY MATHEMATICS**

(Three papers)

Three papers selected by the student from among the papers prescribed for Pure Mathematics III, Applied Mathematics III, and Advanced Mathematics. The student’s selection of papers requires the approval of the Head of the Mathematics Department. (See B.Sc. Regulations Nos. 13 and 29).

**B. COURSES FOR M.A., M.Sc. AND HONOURS**

(Six papers)

N.B. Pure and Applied Mathematics III are pre-requisites for this course. Advanced Mathematics is not a pre-requisite but students who have not passed in it will be required to attend such of the lectures in Advanced Mathematics as the Head of the Department directs.

Intending students should see the Professor before the commencement of lectures concerning papers (e) and (f).

280 (a) Analysis.

281 (b) Algebra.
282 (c) Geometry (including projective geometry, differential geometry and tensor analysis).

283 (d) Mechanics.

284 (e) and 285 (f) Selected topics approved by the Head of the Department (e.g. combinatorial topology, point-set topology, integral equations, elasticity, hydrodynamics, electricity and magnetism, theory of statistics, measure theory, linear programming, numerical analysis, spectral theory, theory of distributions, lattice theory, mathematical logic).

Text-books: S. Perlis, Theory of Matrices (Addison-Wesley); J. A. Todd, Projective and Analytical Geometry; C. E. Weatherburn, Differential Geometry, Vol. I; B. Spain, Tensor Calculus; E. C. Titchmarsh, Theory of Functions, A. S. Ramsey, Dynamics, Part II; J. C. Burkill, Theory of Ordinary Differential Equations; W. Rudin, Principles of Mathematical Analysis; F. Smithies, Integral Equations (Cambridge); E. G. Phillips, Functions of a Complex Variable (Oliver & Boyd); H. Goldstein, Classical Mechanics (Addison-Wesley); D. E. Rutherford, Fluid Dynamics (Oliver & Boyd). (Other references may be announced in class).

Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the M.Sc. Degree. (See p. 229 and p. 231.)

C. COURSES FOR B.E.

Stage I: (a) Pure Mathematics I. As for B.A. and B.Sc.
(b) Applied Mathematics I. As for B.A. and B.Sc.

Engineering Mathematics II, III and IV:

Prescriptions are listed in the School of Engineering Section of this Calendar, pages 333-334.
The courses in Physics are:

- Acoustics (every second year).
- Physics IA.
- Physics IB.
- Physics II.
- Physics IIIA.
- Physics IIIB.
- Radiophysics III.
- Physics for M.Sc. and Honours.

Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the M.Sc. degree (refer p. 229 and 231); classes are arranged by the Departments of German and Romance Languages.

The Physics notice-boards carry details regarding laboratory periods, laboratory books, reading-lists and time-tables; also a guide to course selection within the Department, including branches of research.

NOTES ON COURSES

Two Stage I courses are provided, IA and IB. IA is prescribed for Medical, Dental, Agricultural, Home Science and Architectural Intermediate examinations. It is also recommended for students who are taking a B.A. degree or a B.Sc. in Natural Science subjects.

The Physics IB course is prescribed for Engineering Intermediate and for students advancing in Physics.

Two compulsory class examinations are held each year for Stages I to III. The results in these examinations and an assessment of the practical work of each candidate, together with the marks obtained in the final examinations, are included in the marks schedule of the Department.

Workshop training is a prerequisite for acceptance for Honours research and a short course is arranged for this training.
PHYSICS IA

(Two papers)
This course is intended for the categories of students mentioned above who do not intend to advance in Physics or Engineering. The course has much the same content and standard as IB but the treatment is less mathematical. An elementary knowledge of Physics is assumed.

144A (a), 145A (b). Lectures for four hours per week on the following topics: (1) Mechanics; (2) General Physics; (3) Wave Motion and Sound; (4) Heat; (5) Geometrical and Physical Optics; (6) Electricity.

Laboratory Course: Two practical classes of two hours each per week.

The subject will be treated from the standpoint of fundamental principles; a knowledge of University Entrance Mathematics will be assumed and MKS units will be used throughout.

Text-books: J. B. Earnshaw et al, First Year Courses in Practical Physics; F. W. Sears and M. Zemansky, University Physics, Parts I and II.

PHYSICS IB

(Two papers)
This course is compulsory for students wishing to advance in Physics or Engineering. Mathematics and Physics up to University Entrance standard will be assumed and MKS units will be used throughout.

144B (a), 145B (b). Lectures for four hours per week cover the same topics as in IA but calculus will be used to a greater extent than in IA.

Laboratory Course: Two practical classes of two hours each week.

Text-books: Halliday and Resnick, Physics for Students of Science and Engineering, Parts I & II; J. B. Earnshaw et al, First Year Course in Practical Physics.

PHYSICS II

(Two papers)
Before being admitted to this Stage, students must have passed in Physics IB and in Pure Mathematics I. Students of Physics II are advised to take Mathematics to Stage II.
146 (a), 147 (b). Lectures for four hours per week on the following topics: (1) Basic Physics; (2) Heat; (3) Light; (4) Sound; (5) Electricity; (6) Electro-Techniques.

Laboratory Course: Two practical classes of three hours each per week.

Supplementary Reading: F. H. Newman and V. H. L. Searle, General Properties of Matter; W. E. Rogers, Introduction to Electric Fields; Richtmeyer, Kennard and Lauritsen, Introduction to Modern Physics; Beranek, Acoustics, or R. W. B. Stephens and A. E. Bate, Wave Motion and Sound; Kraus, Electromagnetics.

PHYSICS IIIA

(Two papers)

Pure Mathematics II is a prerequisite for this course, and students are advised to take Ancillary Mathematics.

148 (a), 149 (b). Lectures for four hours per week on the following topics: (1) Optics and Acoustics; (2) Thermodynamics and Quantum Theory; (3) Modern Physics; (4) Classical Mechanics and Relativity; (5) Electro-techniques.

Laboratory Course: Two practical classes of three hours each per week.

Supplementary Reading: H. Goldstein, Classical Mechanics; Beranek, Acoustics; Roberts and Muller, Heat and Thermodynamics; Williams, Interferometry; W. P. Mason, Physical Acoustics and Properties of Solids.

PHYSICS IIIB

(Two papers)

This unit may be taken concurrently with, or after, Physics IIIA. A pass in both units is necessary for the M.Sc. and Honours course, but Radiophysics III is an alternative to Physics IIIB (see p. 222).
148/1 (a), 149/1 (b). Lectures for four hours per week on the following topics: (1) Optics and Acoustics; (2) Quantum Mechanics; (3) Modern Physics; (4) Electromagnetism; (5) Electronic pulse techniques; (6) Mathematical Physics.

**Laboratory Course:** Two practical classes of three hours each per week.

**RADIOPHYSICS III**

(Two papers)

This unit may be taken concurrently with, or after, Physics IIIA. A pass in both units is necessary for the M.Sc. and Honours course, but Physics IIIB is an alternative to Radiophysics III (see p. 222).

452 (a), 453 (b). Lectures for four hours per week on the following topics: (1) Electromagnetic Theory and Radiation; (2) General Circuit Theory; (3) Electronic Circuits.

**Laboratory Course:** Two practical classes of three hours each per week.

**PHYSICS FOR M.Sc. HONOURS**

(Three or four papers and a thesis)

Prerequisites for this course are Physics IIIA and IIIB, or Physics IIIA and Radiophysics III; the keeping of terms in Ancillary Mathematics (or its equivalent) and the passing of the Foreign Language Reading Examination (see p. 229 and 231).
Depending on whether the student has previously taken the Physics IIIB option or the Radiophysics option, he may proceed to take either the option Honours (Nuclear Physics) or Honours (Radiophysics). The prescribed lectures differ somewhat in the two options but there is a common core which forms approximately half the lectures in either option.

286 (a), 287 (b), 288 (c), 289 (d).

The lectures comprise a selection from the topics listed below:

Students will also be required to prepare and discuss a number of seminar lectures on selected topics of special interest.

Recommended Reference Texts: Schiff, Quantum Mechanics; Bethe and Morrison, Elementary Nuclear Theory; Blatt and Weisskopf, Theoretical Nuclear Physics; Moller, Theory of Relativity; Stratton, Electromagnetic Theory; Dirac, Quantum Mechanics; Stewart, Circuit Theory and Design; Korn and Korn, Electronic Analogue Computers.

Students are advised to seek guidance before purchasing any of these text-books.

RESEARCH

Special encouragement will be given to students desirous of undertaking research, and in this connection attention is drawn to the scholarships available locally—the Sir George Grey Scholarship, the Duffus Lubecki Research Scholarship, the Senior University, the National Research, the University Research Scholarships and Research Fellowships. In addition, grants may be obtained for special research.

The Ph.D. Degree requires a minimum of two years of full-time research.
ACOUSTICS

If circumstances permit, a special course of ten demonstration lectures will be given in the second term. These lectures are of general interest, and are available to the musical public.

If the special course is not given, students of music may attend the lecture and laboratory courses on Sound in the Physics IA course. Notice of the commencement of these lectures will be posted on the notice-boards; the hours are those set down for Physics IA in the Physics time-table.

The fee for acoustics students is £1/1/-, for either course of study above.
ZOOLOGY

Professor Morton

Dr Pendergrast
Dr Miller
Miss Robb
Mrs Bergquist
Mr Cowley
Mr Gilpin-Brown

ZOOLOGY I

(Two papers)

163 (a), 164 (b). (i) The principles of animal biology as introduced and specially exemplified by the structure and functioning of Amoeba, Euglena, Paramaecium, Monocystis, Plasmodium, Hydra, Obelia, a planarian, Fasciola, an annelid, an orthopterous insect OR a crustacean. The biological significance of cestodes and nematodes, and insects of medical importance.

(ii) The comparative anatomy and evolution of the Chordata based on the study of the following: Amphioxus, dogfish, frog, a placental mammal. The embryology of Amphioxus and the frog up to the neurula stage and of the chick and a mammal with specific reference to embryonic membranes.

(iii) The elements of cytology, cell physiology and genetics. The outlines of modern evolutionary theory.

(iv) A brief introduction to the organisation of animal populations and ecological communities.

A candidate in Zoology will be required to attend the laboratory to the satisfaction of the teacher and to pass a practical examination. (Attendance at two practical classes each week is the minimum requirement.)

STAGE I IN ZOOLOGY IS TAKEN BY MEDICAL, DENTAL, AGRICULTURE AND HOME SCIENCE INTERMEDIATE STUDENTS AS WELL AS BY THOSE TAKING B.Sc. OR B.A.
1961 Calendar

ZOLOGY II

(Two papers)

165 (a), 166 (b). These papers will contain questions from the following Sections I and II, the content of which will be spread over both papers.

Section I

This comprises Options A and B, taken in alternate years.

Option A: (i) A further knowledge of form and function in the principle phyla of the invertebrates. The practical course, while presenting a survey of the whole Invertebrata will, in 1961, give fuller treatment to the Coelenterata, Annelida, Mollusca and Arthropoda. (Such special emphasis will be varied from year to year.)

(ii) The modern view of evolution and natural selection.

* Obligate books throughout.

Option B: (i) A study of the principal groups of the Chordata including protochordates, to be treated from the point of view of their comparative form and function and evolutionary story. An introduction to recent work on experimental embryology.

(ii) A more advanced treatment of genetics and cytology.

Section II

A further study of ecology with special emphasis upon field investigation of local habitats.

(Field work will include two one-week courses during terminal vacations, and several day or week-end trips, and will provide an acquaintance with land and freshwater habitats with special reference to Insecta, and to the seashore and planktonic life, within the Auckland region. Attendance at one of the longer courses and one or more of the short trips will be obligatory.)

A candidate in Zoology II will be required to attend the laboratory to the satisfaction of his teacher and to pass a practical examination. (At least two three-hour practical periods each week will be required.)

ZOOGOGY IIIA

(Two papers)
167 (a), 168 (b). These papers will contain questions from the following Sections I and II, the content of which will be spread over both papers.

Section I
This comprises Option A or B of Section I in Zoology II, whichever has not been taken.

Section II
An outline of comparative physiology with an introduction to experimental zoology.

Text-books: Nicol, J. A. C., Physiology of Marine Animals; *Baldwin, E., Introduction to Comparative Biochemistry; *Welsh, J. H. and Smith, R. I., Laboratory Exercises in Invertebrate Physiology.

A candidate in Zoology IIIA will be required to attend the laboratory to the satisfaction of his teacher and to pass a practical examination. (At least two three-hour practical periods each week will be required.)

ZOOGOGY IIIB

This Course, in addition to Zoology IIIA, will be required of candidates intending to proceed to M.Sc. in Zoology.

(Two papers)
167/1 (a) An outline knowledge of the history and philosophy of biology and of its relations to other sciences; the history and distinctive features of New Zealand zoology.

168/1 (b) A more advanced knowledge, to a higher standard than required for Zoology II or IIIA, of a selected special field of Zoology, selected so as to require some acquaintance with recent original literature.
The range of topics may be varied from year to year, but at least two will be offered in any one session.

In 1961: (i) Insect form and function.  
(ii) Marine biology.  
(iii) Terrestrial ecology.

Courses of reading will be prescribed.

Tutorial meetings and seminars will form an important part of the course for Zoology IIIB.

Formal laboratory courses in Zoology IIIB will in large part be replaced by the submission of a short dissertation based upon a field investigation conducted by the candidate upon some topic of animal ecology or community structure. This dissertation will carry credit equal to that of a third paper, and it is emphasised that the subject should be so planned, in consultation with the candidate's supervisor, as to be concise in scope and to occupy no more than a third to — at the most — half the time available for Zoology IIIB.

ZOOGOGY FOR M.Sc. AND HONOURS

(Three papers and a thesis)

This course normally requires two years and necessitates full-time attendance. Students who propose to undertake work of M.Sc. or Honours standard should consult the Head of the Department towards the end of the previous year to decide upon the choice of a thesis subject and the field of the special paper.

301 (a), 302 (b), 303 (c).

301 (a) and 302 (b) A broader knowledge than is required for Zoology II, IIIA and IIIB, based upon some reading of recent original literature; with special emphasis on evolutionary aspects and the methods and philosophy of zoology, with some special study of a selected period in the growth of the science. (In 1961: Charles Darwin and his contemporaries — 1830-1884.)

303 (c) An advanced knowledge of the special field of zoology in which the candidate's thesis topic falls, the questions to be broadly framed and not confined within the narrow range of the subject of research.

A candidate in Zoology will be required to satisfy the teacher in regard to attendance at lectures and in regard to the perform-
ance of practical work, and to present a brief thesis embodying the results obtained by himself in some investigation or research in Zoology. The credit to be assigned to this thesis shall depend not so much on the novelty or importance of the results obtained as upon the evidence it may afford of ability to carry on good practical work and of the power of independent observation.

(Theses must be handed to the Registrar not later than the first day of November or at a subsequent date if so arranged with the Head of the Department.)

Students are reminded of the Foreign Language Reading requirement which is a pre-requisite for admission to the M.Sc. Degree. (Refer pages 229 and 231). The prescribed language is either French or German at the discretion of the Head of the Department; classes are arranged by the Departments of German and Romance Languages.

BIOLOGY FOR B.A.

(Two papers)

This course is designed to cover the elementary principles of Biology and to outline the simple facts of plant and animal structure and physiology. Biology may not be taken by a student who includes either Botany or Zoology in his course.

The Botanical part of this course will be given in the Botany Department.

180 (a), 181 (b).

(i) General Biology. The scope of Biology, its natural divisions and its relationship to other subjects; protoplasm; the elements of Cytology. The essential features of nutrition, respiration, excretion, circulation, and reproduction. Growth, movement and behaviour. Adaptation. Elementary genetics. Evolution. (The course is treated somewhat more broadly than for Zoology I.)

(ii) General biological phenomena, as illustrated by the structure, elementary physiology and life-history of selected plant and animal types including among the plants: Spirogyra, Rhizopus, and the fern; and among the animals: Hydra, the liver-fluke, the earthworm, an insect, and Amphioxus.

The elements of plant and animal histology. The structure, physiology and embryology of the frog. The structure and
physiology of a flowering plant. A general survey of the chief
groups of the plant kingdom. A general survey of the animal
kingdom, treated rather as natural history, e.g. Coelenterata,
Vermes, Arthropoda, Mollusca and Chordata, and in greater
detail Pisces, Amphibia, Reptila, Aves and Mammalia. The relations-
ships of plants and animals to the environment, to other
organisms and to mankind.

A candidate for Biology will be required to attend a course
of practical classes, to the satisfaction of the teacher, and to pass
a practical examination.

THE LABORATORY

Animals are studied by means of dissection, by microscopical
study, and otherwise. Students taking practical courses must
provide their own dissecting instruments. Advice concerning the
purchase of these is given when classes assemble. A microscope
and the glass apparatus most frequently employed will be issued
to each student, who will be held responsible for their care.

PRACTICAL CLASS

The practical work will include instruction in the use of the
microscope and the examination of selected plant and animal
types in the laboratory.

THE ZOOLOGICAL MUSEUM

The museum is open daily from 10 a.m. until 5 p.m.

THE AQUARIUM

The aquarium is open daily at times advertised on the De-
partment’s notice-boards.

FIELD ECOLOGICAL CLASSES

There will be frequent opportunities for students in small
groups to accompany members of the staff into the field for one
day — or occasional week-end — trips. In addition, one week
Field Courses will be offered in the First and Second Term
Vacations. Attendance at one of these will be obligatory.
THE DEGREE OF BACHELOR OF COMMERCE

B.Com.

The University of Auckland Course Regulations

1. Except as provided in the ad eundem statute of the University of New Zealand, a candidate for the Degree of Bachelor of Commerce shall be matriculated, thereafter follow the course of study prescribed below, keep terms in accordance with the University of New Zealand Statute "Terms and Lectures", and pass the appropriate examinations.

2. The subjects of examination for the Degree of Bachelor of Commerce shall be:

   (The prescriptions are defined elsewhere in this Calendar.)

   (i) ONE of the following Stage I subjects of the course for the Degree of Bachelor of Arts: English, a Modern Foreign Language, Pure Mathematics, History or Philosophy.

   (ii) Economics I as for B.A., 113, 114.

   (iii) Accounting I, 373/1, 373/2.

   (iv) Commercial Law I, 374/1, 374/2.

   (vi) Accounting II, 380/2, 380/3.

   (vii) Commercial Law II, 375/1, 375/2.

   (viii) TWO of the following: Economics III as for B.A., 117 and two of 118, 118/1, 118/2. Accounting III, 381/3, 381/4, 381/5. The Stage II of the subject listed in 2 (i) above already passed at Stage I.
3. Unless the Professorial Board in individual cases allows otherwise, a candidate shall take at least the subject numbered 2 (i) in the first year of his course of study, and shall pass the examinations in the subjects (i)-(iv) before proceeding to the subjects (v)-(viii).

4. Any candidate who holds the Degree of Bachelor of Laws in this University shall be exempted from the subjects Commercial Law Stages I and II.

5. Any candidate who holds the Degree of Bachelor of Arts in this University may transfer Economics I and II in addition to any units (or subjects) which he may be entitled to transfer in terms of Section III (ii) of the University of New Zealand Statute “Conduct of University Examinations”. These units shall be treated as exempted units as provided in Section III (iii) of the University of New Zealand Statute “Conduct of Examinations”.

6. The personal course of study of every candidate shall require the approval of the Professorial Board. The decision of the Professorial Board on any question relating to the personal course of study of a candidate shall be subject to an appeal to the Council.

7. In any one year a candidate shall not offer or be credited with a pass in more than four units for this Degree.

8. A candidate shall give notice in writing of his intention to present himself for an examination and of the subjects in which he proposes to be examined; and such notice, accompanied by the fee, shall be sent so as to be in the hands of the Registrar, Auckland, not later than the 10th day of June preceding the examination.

9. Subject in each case to the provisions of the University of New Zealand Statute “Conduct of University Examinations” the fee for examinations shall be that prescribed in the University of New Zealand Statute “Fees”.

265
10. Students working under the regulations governing the course for the B.Com. Degree in force in 1959 may continue under those regulations (the "old regulations") until and including the year 1964. After that they shall transfer to the regulations as defined above (the "new regulations"), provided that in the case of subjects to be credited from the old regulations to the new regulations the Professorial Board shall ensure that the ground covered by the student concerned in the subjects he has taken under the old regulations shall be at least the equivalent of that required under the new regulations.

A transfer of Economics II from the old regulations to the new regulations would require a candidate to have passed in BOTH Economics II (115 and 116) AND in Elementary Statistical Method (370) under the old regulations.
THE DEGREE OF MASTER OF COMMERCE AND
MASTER OF COMMERCE WITH HONOURS

M.Com.

The University of Auckland Course Regulations

1. Except as provided in the ad eundem statute, a candidate for the Degree of Master of Commerce shall before presenting himself for examination have:—

(a) been admitted to the Degree of Bachelor of Commerce,

(b) passed the examination for Economics III as prescribed for the Degree of Bachelor of Commerce,

(c) kept terms at the Master's stage of the subjects in which he proposes to present himself for examination.

2. No candidate who has passed the examination in Economics for the Degree of Master of Arts shall be admitted to the examination for the Degree of Master of Commerce.

3. Every candidate shall pass in the subjects for the examination for the Degree of Master of Commerce which shall be as follows:—

(a) A thesis,

(b) Four papers in the subject Economics as defined for the Degree of Master of Arts, namely 264/1 and any three of the following, 264/2, 264/3, 264/4, 264/5, 264/6 provided that in place of any of the papers 264/2, 264/3, 264/4, 264/5, 264/6 a candidate may present 364, Advanced Accounting Theory, provided that he has, at a previous examination, been credited with a pass in Accounting III for the Degree of Bachelor of Commerce.

4. The following conditions shall apply to the thesis:—

(a) The thesis shall embody the results obtained by
the candidate in an investigation in some branch of the subject Economics or Accounting.

(b) The candidate may present his thesis in the year in which he takes his examination or with the consent of the Head of the Department concerned, in any subsequent year.

(c) The candidate shall submit his thesis to the Registrar, Auckland, by the first day of November in the year in which it is presented or at a subsequent date if so arranged with the Head of his Department. The Registrar shall hand the thesis to the Head of the Department concerned.

Note: If a thesis is submitted later than the first day of November, the candidate cannot enter for a postgraduate scholarship in that year.

(d) If the examiner with the concurrence of the assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to re-submit it at a later date to be specified by the examiner.

HONOURS

5. There shall be two classes of Honours: First Class Honours and Second Class Honours.

6. A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of passing the final subject of his Bachelor's Degree, provided that this period may, in special cases, be extended by the Professorial Board. For this purpose, the academic year is regarded as beginning on March 1st.

7. Honours shall not be awarded if the scripts in the first year in which a candidate sits an examination for the degree are unsatisfactory, or if the thesis at its first presentation is unsatisfactory, provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness (certified as under aegrotat regulations) may elect, instead of applying for an aegrotat award, to present
himself at a subsequent written examination and still be eligible for the award of Honours, subject to regulation 6.

8. The personal course of study of every candidate shall require the approval of the Professorial Board. The decision of the Professorial Board on any question relating to the personal course of study of a candidate shall be subject to an appeal to the Council.

9. A candidate shall give notice in writing of his intention to present himself for examination, and of the subjects in which he proposes to be examined; and such notice accompanied by the fee must be sent so as to be in the hands of the Registrar, Auckland, by the tenth day of May preceding the examination.

10. Subject to the provisions of the University of New Zealand Statute "Conduct of University Examinations" the fee for examination shall be that prescribed in the University of New Zealand Statute "Fees".

THE PROFESSIONAL EXAMINATIONS FOR MEMBERSHIP OF THE NEW ZEALAND SOCIETY OF ACCOUNTANTS

Before admission to membership of the Society, a candidate shall (a) pass the qualifying examinations summarised below, and (b) satisfy any other condition stipulated by the Society.

Examinations

(1) Either (a) The University Entrance examination prescribed and conducted by the University of New Zealand and set out in the University of New Zealand Calendar,

Or (b) A grant of admission ad eundem statum by the University of New Zealand,

Or (c) A grant of provisional admission (under special conditions for Accountancy).

(2) The Professional examinations in Accountancy conducted by the University of New Zealand on behalf of the Society.

Candidates for the Professional examinations should consult the Calendar of the University of New Zealand and the current Syllabus of Examinations issued by the Society, and fulfil all the requirements therein prescribed.

Subjects of the Professional Examinations

Lectures are given at this University on all the subjects for external examinations for the New Zealand Society of Accountants' Professional Qualification. The list of subjects is as follows (prescriptions appear in the Calendar of the University of New Zealand):

Accounting, Stages I, II and III;
Commercial Law, Stages I and II;
Auditing;
Economics;
Secretarial Practice;
Trustee Law.
Text-books: Students should consult the staff concerning text-books, which will be substantially the same as for the corresponding Degree subjects. Text-books for Secretarial Practice, Trustee Law and Auditing are listed below:

Secretarial Practice: J. D. Rose, *Harle and Rose’s Secretarial Law and Practice in New Zealand*.

Auditing: Rodger and Gilkison, *Auditing*.

Prescriptions: Students entering for Accounting II and III should note that the prescriptions specified by the New Zealand Society of Accountants differ from those of the corresponding B.Com. Degree subjects.

Provided that they have satisfied any other conditions stipulated by the Society, students who keep Terms and pass the Degree examinations in Accounting I and II, Commercial Law I and II and Economics I will be credited with these subjects towards the Professional Examination in Accountancy. A pass in Accounting III will not be credited towards the Professional Examinations.

Candidates are warned that passes in subjects entered for the Professional Examination in Accountancy will not be credited to a Degree.
NOTES ON COURSES

Students should note carefully the following provisions concerning the courses offered by the School of Law:

1. Courses are given for the degrees of Bachelor and Master of Laws and for Admission as Barristers and Solicitors of the Supreme Court of New Zealand. Students are recommended to attend lectures full-time for at least the first two years of the course.

2. The Statute of the University of New Zealand governing the degree of Bachelor of Laws is set out below. The text-books recommended for each subject are set out below the prescription of each subject. These and the references to the hours given are not part of the Statute, but are given for the benefit of students.

3. The attention of all students is drawn particularly to the new Statutes for the degree of Bachelor of Laws and for the examination for Admission as Barristers and Solicitors of the Supreme Court. Full particulars of the latter Statute and the list of prescribed legislation are to be found in the Calendar of the University of New Zealand.

4. All students in Law must comply with the regulations governing the Law of Civil Procedure and Conveyancing and Taxation. To do this they may pursue one or other of two alternative courses. They may present themselves for the examinations in these subjects conducted by the University of New Zealand, or they may take the one-year course in each subject provided by the University of Auckland. Students who are exempted from attendance at lectures must sit for the
examination conducted by the University of New Zealand. No exemption from attendance at the courses in the Law of Civil Procedure and Conveyancing and Taxation will be granted to internal students seeking a certificate in these subjects.

5. Candidates who pass the examination for the degree of Bachelor of Laws may be admitted as Barristers and Solicitors of the Supreme Court. A student who desires to qualify as a Solicitor only may omit one unit (but not English I) from the subjects numbered 1 to 3 in the Statute, Conflict of Laws and International Law. If, subsequently, he passes in the subjects he has omitted from the LL.B. course, he will qualify as a Barrister, but he cannot be awarded the LL.B. degree. To obtain that degree it is necessary to take and pass in the subjects in the order in which they are listed in paragraph 11 hereunder.

6. A series of lectures in Legal Ethics and allied topics is arranged annually in conjunction with the Law Society of the District of Auckland. Students who desire to keep Terms in Evidence or Civil Procedure or Conveyancing and Taxation or who desire to obtain a certificate in either or both of the two last-named subjects must attend some or all of these lectures. Details of the lectures and of the attendance required will be announced during the Session.

7. Students are notified that they must make the required entry for examination in all subjects with which they wish to be credited (including Civil Procedure and Conveyancing and Taxation whether they are seeking a certificate or not), not later than the date specified in the Calendar of the University of New Zealand.

8. The attention of students is drawn to Clause 17 of the B.A. Course Regulations. A candidate may qualify for the combined B.A., LL.B. degree by passing in one Arts subject at Stages I, II and III, in another Arts subject at Stages I and II and in one other Arts unit prior to the year in which he presents his seventh subject of Division II of Section II of the LL.B. Statute. He may then count the Legal System, Constitutional and Administrative Law and Jurisprudence as the three necessary additional units for the B.A. degree. But the candidate must comply with the Course Regulations for the B.A. degree and must therefore include English I (which is required for the LL.B. degree) and a foreign language in his course.

10. Roman Law, the prescription for which is much wider than that for the subject existing prior to 1960, is not taught at this University. Students desiring to take Roman Law as a subject for the LL.B. degree must enrol for this subject, as external students, with the University of Canterbury.

11. The Professorial Board in terms of Section IV of the LL.B. Statute has prescribed the following order of subjects for the Degree and mutatis mutandis for the Professional qualifications. This order differs from that in the Statute, but it is applicable to all internal students of this University.

(1) The Legal System.

(2) English I and two other Arts units or one other Arts unit and Roman Law.

(3) 

(4) 

(6) Criminal Law.

(8) Land Law.

(9) Equity.

(10) Commercial Law and the Law of Personal Property.

(11) Constitutional and Administrative Law.

(12) International Law.

(13) Family Law and the Law of Succession.

(15) Conflict of Laws.

(16) Jurisprudence.

(19) Conveyancing and Taxation.
THE DEGREE OF BACHELOR OF LAWS

LL.B.

This section is a slightly modified version of the relevant University of New Zealand Statute. The prescriptions for the various subjects appear in Section IX.

I. A candidate for the Degree of Bachelor of Laws shall be a matriculated student of the University, shall keep terms in accordance with the University of New Zealand Statute “Terms and Lectures”, and shall pass the examinations hereinafter prescribed.

II. The subjects of examination for the Degree of Bachelor of Laws shall be:

20. Geography

(ii) Roman Law.

4. The Legal System.

DIVISION II

5. Criminal Law.
7. Land Law.
8. The Law of Torts.
9. Equity.
15. Conveyancing and Taxation.
17. Jurisprudence.
III. Notwithstanding the provisions of Section I of this Statute, any graduate of the University of New Zealand shall be exempt from passing in subjects numbered 1 to 3 in Section II.

IV. The personal course of study of every candidate shall require the approval of the Professorial Board. The Board may delegate to the Faculty of Law the power to approve personal courses of study. The decision of the Faculty in the exercise of the power so delegated shall be subject to an appeal to the Professorial Board. The decision of the Board (whether on appeal from the Faculty or otherwise) shall be subject to appeal to the Council.

V. Subject in each case to the provisions of the University of New Zealand Statute "Conduct of Examinations" the fee for examination shall be that prescribed in the University of New Zealand Statute "Fees".

VI. (1) Every candidate shall send to the Registrar not later than the tenth day of June preceding the examination, notice of his intention to enter for examination, together with the prescribed fee.

   (2) The notice and fee may be received within twenty-one days after the prescribed date if accompanied by a late fee of two guineas in addition to the prescribed fee.

   (3) Notwithstanding anything in this Section, on payment by the candidate of a fine of five guineas in addition to the late fee, and subject to the approval of the Vice-Chancellor, an entry may be accepted later than twenty-one days after the prescribed date.

VII. (1) A candidate shall be credited with a pass in Conveyancing and Taxation either (i) if the Registrar of the University of New Zealand shall have received a certificate from the candidate's teacher that he has undergone a course of study in practical Conveyancing and Taxation consisting of not less than twenty-five lectures and that he has done work in the preparation of the prescribed class of instruments to the satisfaction of the teacher, and, further, that in the opinion of the teacher he is reasonably qualified to prepare such prescribed class of instruments and has an adequate knowledge of the law of
taxation; or (ii) if the candidate shall have passed an examination in Conveyancing and Taxation intended to test the candidate's knowledge of the theory and practice of those branches of Conveyancing involved in and illustrated by the prescribed class of instruments and of the Law of Taxation.

(2) A candidate shall not be enrolled in the subject Conveyancing and Taxation and shall not enter for the examination in that subject unless he has been credited with passes in the Law of Contract and Land Law, and no teacher shall grant a certificate under (1) of this Section unless the course of study therein mentioned was taken after the candidate had been credited with passes in the Law of Contract and Land Law.

VIII. (1) A candidate shall be credited with a pass in the subject Law of Civil Procedure either (i) if the Registrar of the University of New Zealand shall have received a certificate from the candidate's teacher that he has undergone a course of study in Civil Procedure consisting of not less than twenty-five lectures, that he has done work in the preparation of documents to the satisfaction of the teacher and that he has an adequate knowledge of the subject as prescribed; or (ii) if the candidate shall have passed an examination in Civil Procedure intended to test the candidate's knowledge of Civil Procedure and his ability to draft documents.

(2) The University may require, as a condition precedent to the granting of terms in the subjects Law of Evidence and the Law of Civil Procedure, that internal students shall attend such lectures in Legal Ethics as may be prescribed by the University.

DIPLOMA IN MUSIC

(Dip. Mus.)

To qualify for this University of New Zealand Diploma, a Mus.B. student must pass examinations in all subjects for the Degree of Bachelor of Music, with the exception of Composition: 746, Keyboard and Aural Tests Stage II: 748, 748/1 and the Exercise.
EXECUTANT DIPLOMA IN MUSIC

Course Regulations

1. A University of Auckland Executant Diploma in Music shall be granted to a candidate who has:
   (i) Passed the Entrance Examination as hereinafter defined; and
   (ii) Pursued a course of full-time study for a period of not less than three years in the subjects set out in Regulation VII below and passed the annual examinations in these subjects, as prescribed in Regulation IX below.

II. The subjects for the Entrance Examination, held annually in November, shall be:
   (i) The performance of two compositions of the candidate's own choice; and
   (ii) Musicianship Tests, including Aural Training and Sight Reading.

Note: The Compositions in II (i) above shall be restricted, at the Entrance Examination for the course commencing in 1961, to any one of the subjects listed in Part One of Regulations VII below.

III. Candidates for the Entrance Examination must give notice of candidature to the Registrar on or before 30 September in each year (a form of application is available at the Registry).

Applications for Government Bursaries should also be forwarded to the Registrar, Auckland, preferably together with applications for admission. The closing date for bursary applications will be advertised annually by the University. Six of these bursaries, each valued at £150 per annum and tenable for three years, will be available. (See page 115.)

IV. A candidate for the Executant Diploma in Music must be either (1) a matriculated student, or (2) a person who is at least sixteen years of age on 31 December of the year preceding that in which he enters upon the course for the Diploma and has studied for at least three years in a post-primary school. No candidate under (2) shall be admitted to the course of study for the Diploma without the approval of the Professorial Board which must be satisfied that the candidate has reached an adequate standard in English. A candidate shall be exempt from examination in any subject or subjects in which he has already
passed, provided that in all cases the prescription is substantially identical and the standard of these examinations is not lower than that prescribed for the Executant Diploma in Music.

Note (i) Candidates over the age of twenty-one years who cannot satisfy the requirements of either (1) or (2) above may apply to the Professorial Board for an Admission Concession, this being similar to Provisional Admission. (See p. 40.)

(ii) Candidates under the age of sixteen years may apply to the Professorial Board for admission to a course of instruction in a single instrument.

V. Candidates must be registered on the books of the University of Auckland and shall satisfy the requirements for the keeping of Terms in accordance with the regulations for matriculated students. Candidates for this Diploma shall not enrol for additional courses without the prior consent of the Head of the Department of Music.

VI. Executant Diploma students must be prepared to give class demonstrations when required to do so by the Head of the Department of Music.

VII. Practical training in the Executant Diploma Course shall consist of the following two parts. Full attendance at both parts is compulsory.

**Part One: Individual Instruction**

Weekly individual lessons of one hour’s duration for 36 weeks a year for any one of the following subjects:

- Flute
- Oboe
- Clarinet
- Bassoon
- Violin
- Viola
- Violoncello
- Harp
- Pianoforte

**Part Two: Ensemble Training**

(i) Weekly ensemble classes of 2 hours’ duration to be arranged for all instrumental students during term, where relevant and practicable.

(ii) Further experience and regular practice, instrumental and vocal, shall be undertaken by students through the University and other orchestral and choral societies as arranged with the Head of the Department of Music. A diploma student shall
not, without the consent of the Head of the Department of Music, engage in outside professional musical activities. A diploma student may, with the consent of the Head of the Department of Music, engage in outside amateur musical activities, provided that these activities do not interfere with the weekly individual lessons and practices referred to in this Regulation.

VIII. Vocal students shall enrol for courses in modern languages as directed by the Head of the Department of Music. The courses are as follows:

First Year: (i) Attend the course in Preliminary German.
(ii) Pass the reading test which is based on the course at the end of the year.

Second Year: (i) Attend half the Stage I course in German which consists of the Oral and Prose lectures (English-German).
(ii) Attend the course in Preliminary Italian.
(iii) Pass the reading test in Preliminary Italian at the end of the year.

Third Year: Attend half the Stage I course in Italian which consists of Oral and Prose lectures (English-Italian).

Note: A course in French will be included in the above framework, should it be deemed necessary.

IX. (i) At the end of each year candidates will be required to have made progress satisfactory to the Head of the Department of Music in Parts One and Two of Regulation VII above, before admission will be granted to the succeeding year.

(ii) There will be a written examination at the end of each year on the content of the year's course, as prescribed in the section “Written Papers” appended at the end of these Regulations.

(iii) There will be a practical examination at the end of each year, for which syllabuses are appended at the end of these Regulations. Each candidate will be assessed upon his practical performance during the whole of the course, together with the result of these examinations, for the award of the Diploma.

Note: The Professorial Board may, on the recommendation of the Department of Music, relax or modify the provisions of Section (i) of this Regulation in individual cases.

X. Candidates' entries for the written examinations, together with a fee of £1/2/0 for each paper or subject, must be sent to the Registrar, Auckland, not later than the tenth day of June preceding the Examinations.
XI. On completion of the requirements for the Executant Diploma in Music a candidate shall make application to the Registrar, Auckland, for the award of the Diploma. The application must be received by the tenth day of April if the award is to be made at the following Graduation Ceremony.

Teachers for 1961: Winifred Stiles, Violin, Viola and Violoncello; Winifred Carter, Harp; George Hopkins, Flute, Oboe, Clarinet and Bassoon; Peter Godfrey, Organ; Olwen Burton, Pianoforte.

THE DEGREE OF BACHELOR OF ARCHITECTURE AND
BACHELOR OF ARCHITECTURE WITH HONOURS
B.Arch. and B.Arch. (Hons.)
The University of Auckland Course Regulations

1. Except as provided in the ad eundem statute of the University of New Zealand, a candidate for the Degree of Bachelor of Architecture shall be matriculated, shall keep terms in accordance with the University of New Zealand Statute "Terms and Lectures" in the subjects of the intermediate examination, the examinations of the first, second, third and fourth professional years, and shall pass the examinations hereinafter prescribed.

2. Except as hereinafter provided, a candidate shall be required to pass each professional examination as a whole. The first, second, third and fourth professional examinations shall include the grades of studio work hereinafter prescribed. In recommending a candidate for a pass in any examination the Professorial Board shall take into consideration his performance in all subjects of that examination.

A candidate who has failed to pass any examination as a whole may, on the recommendation of the Professorial Board, be credited with a subject or subjects of that examination. The candidate may then present in a subsequent year the remaining subjects of that examination together with such subjects of the succeeding professional examinations, if any, as the Professorial Board may permit. The candidate shall be required to pass such a composite examination under the same conditions as set out above.
3. The Degree of Bachelor of Architecture may be awarded with or without Honours. A candidate may be recommended by the Professorial Board for admission to the degree with Honours on the basis of his attaining a high standard in the whole of the work of the fourth professional year (taking into account also his record before entering the fourth professional year).

4. The Vice-Chancellor of the University of Auckland may on the recommendation of the Professorial Board relax or modify the application of Regulations 2 and 3 in individual cases where undue hardship may be caused.

5. Every candidate for the Degree shall send to the Registrar, Auckland, not later than the tenth day of June preceding the examination, notice of his intention to enter for examination, together with the prescribed fee.

6. Subject in each case to the provisions of the University of New Zealand Statute "Conduct of University Examinations" the fee for examination shall be that prescribed in the University of New Zealand Statute "Fees".

Note: Before a candidate may be admitted to the Degree he shall make application to the Registrars, Auckland and University of New Zealand. Such application must be received by the tenth day of April if the degree is to be conferred at the following graduation ceremony.

SUBJECTS OF EXAMINATIONS

7. The subjects of the Intermediate examination shall be:

Stage I (or its equivalent) of Physics and any two others from the following list of subjects as prescribed for the Degrees of Bachelor of Arts and Bachelor of Science:

<table>
<thead>
<tr>
<th>Language</th>
<th>Subject</th>
<th>Subject</th>
<th>Subject</th>

</tr>
</tbody>
</table>

provided that a candidate presenting Biology may not present Botany or Zoology.
A candidate for the Intermediate examination may offer, in place of ONE of the above subjects (but not Physics), the subject Statics and Physical Geology (two papers), the prescription for which shall be as for Applied Mathematics I, paper 141, and Geology I, paper 169; provided that such candidate may then present neither Applied Mathematics I nor Geology I as a whole subject for this examination.

8. A candidate will be credited with any subject passed in the Intermediate examination.

A candidate transferring from another course who has satisfied the University Examiners in any subject which is also a subject of the Intermediate examination in Architecture may have such subject or subjects credited to the Intermediate examination. For the purposes of this Regulation these shall be treated as exempted subjects as provided in Section III (iii) of the University of New Zealand Statute "Conduct of Examinations".

Note: The Intermediate examination may be taken at any University in New Zealand.

9. The subjects of the Professional examinations shall be:

First Professional Examination:
1. Studio Work, Grade I.
5. Building Services I. (One paper):— 458.

Second Professional Examination:
1. Studio Work, Grade II.
5. Building Services II. (One paper):— 462.

10. (a) Candidates for the Degree of Bachelor of Architecture
    who at or before the examinations of 1960 have completed the
    work of the third or partially completed the work of the
    succeeding year under the regulations then in force (the “old
    regulations”) may elect either to transfer to the regulations as
    defined above (the “new regulations”) being credited with
    such subjects of the new course considered by the Professorial
    Board as corresponding to subjects passed in the old course or
    may elect to continue under the old regulations taking the
    examinations of the new course corresponding to those of the
    old course together with the examinations of the old course not
    contained in the new course.

    (b) Candidates who at or before the examinations of 1960
    have completed the work of the fourth year under the regula-
    tions then in force shall complete the Degree under those
    regulations.

    (c) Candidates electing to complete under the old regulations
    and those in (b) above and those requiring only Thesis to com-
    plete the Degree course shall complete the course by December
    1964. After that they shall be governed by the new regulations.

    (d) All other candidates for the Degree who were enrolled
    in or before 1960 shall transfer to the regulations as defined
    above being credited with such subjects of the new course as
    the Professorial Board shall decide.

PRESCRIPTIONS

The prescriptions for the Professional subjects named in the
preceding Regulations are as follows:
Studio Work

Studio work comprises courses of study and practice in the drawing offices (Studios) and Laboratories of the School of Architecture. It consists of a wide range of architectural and related subjects in project form providing opportunity for the integration, in the process known as architectural design, of all the contributory subjects.

In architectural design, which includes structure and construction, the architect's methods of communication, sketches, presentation drawings, models, reports, working drawings and specification are practised.

Studio work is divided into four consecutive grades, each grade representing one session's work.

In each year will be included tests in drawing, design, construction and specifications related to the lecture subjects and work of that year.

FIRST PROFESSIONAL EXAMINATION

History of Architecture I (One paper)
455 Basic architectural elements (floor, wall, roof), examples taken from the architecture of antiquity — Egypt, the Middle East, Greece, Rome.

Introduction of basic structural considerations: examples from Greek, Roman, Byzantine, and Medieval European architecture.

Basic functional planning and siting considerations: examples from Egyptian, Greek, Roman, Romanesque, Gothic.

Basic formal considerations: examples from Greek, Gothic, Renaissance, Baroque and the eclectic architecture of the 18th and 19th centuries.

Building Materials I (One paper)
456 The mechanical properties, permeability, durability, changes in appearance, production and manufacture of building materials including the following: Concrete, stone, brick, concrete blocks, timber, metals, plastics, ceramics, glass, paints, plasters, bitumen, asphalt, rubber, mastics and adhesives.

Structures I (One paper)
457 Forces on structures as set out in N.Z.S.S. 95 Part IV.

311

**Building Services I** (One paper)

458 Comfort conditions in buildings; climate, daylighting and sun control; thermal insulation and moisture in buildings; heating and ventilating of house, physiological consideration, simple calculations. Small scale piped services, supply and disposal. Assessment and disposal of roofwater. Electrical installation as applied to small buildings.

**SECOND PROFESSIONAL EXAMINATION**

*Theory of Architectural Design I* (One paper)

459 The process of architecture; factors and conditions underlying architectural form and space; man as measure; aim and purpose; function, site, structure, light, services; the qualities of unity, proportion, rhythm, scale.

**Building Materials II** (One paper)

460 The thermal properties, acoustical properties, fire resistant qualities, adhesion, and susceptibility to movement of building materials as defined for Building Materials I.

**Structures II** (One paper)

Building Services II (One paper)
462 Artificial lighting; design criteria and computations. Heating; steam, water, air and electrical systems. Ventilation; natural and mechanical systems. Air cleaning. Air conditioning. Acoustic design; noise control. Large scale piped services. Sewage and refuse disposal.

THIRD PROFESSIONAL EXAMINATION

History of Architecture II (One paper)
463 (The aim is to intensify the study of particular fields of architecture). Selected fields of architectural history such as Greek orders, Roman Planning, Roman Structure, Monastic planning, Cathedral planning, Medieval construction, Mannerism and Baroque, 19th century development, Reform Movements, Modern Movement.

Note: The above subjects for intensive study may be changed from year to year — three or four only being taken in any one year.

Selected fields will be published at the commencement of each session.

Theory of Architectural Design II (One paper)

Structures III (One paper)
465 A more advanced treatment of matters specified under Structures II. Steel and Concrete in bending. Quantitative design of simple and continuous beams; shear and bond; steel and concrete framings, floors and floor systems, solid, ribbed and composite. Quantitative design of stairs and enclosure walls, masonry walls and piers, shafts, walls of various rigidities, basement and simple retaining walls. Quantitative design of welded and bolted joints, simple and eccentric connections.

Long and short columns in steel and concrete, end conditions. Basis of analysis of built-up sections and braced and plate...
girders. Single and multiple span framed structures in one storey and quantitative structural analysis of the less complex forms; deformations. Design of joints and anchorages.

Foundations; types and forms; depths, relationship to loadings, spans and ground pressures. Quantitative design of common forms for given conditions.

**Building Services III (One paper)**

466 Planning of services in relation to architectural and structural design. Mechanical equipment; lifts, escalators and industrial installations. Acoustic design; sound in rooms. Heavy electrical installations in buildings. Telephone and low voltage installations.

**Building Techniques (One paper)**

467 Site factors; geological investigation, Test Bores, adjacent buildings, shoring and underpinning. Job organization. Equipment; building methods; erection methods, standardization, prefabrication. Special techniques. Economic aspects of choice of structure.

**Note:** The student will be required to prepare a critical report supported by illustrations of an actual building operation.

**FOURTH PROFESSIONAL EXAMINATION**

**Professional Practice and Building Organization (One paper)**

468 The architect, his qualifications, appointment, authority, duties, responsibilities, liabilities, remuneration; sketch drawings; office routine; reports on property; making of surveys, code of professional practice; competitions; duties of Clerk of Works. Preparation of contract documents; building contracts, the formalities attending upon their formation and execution; tenders; superintendence; certificates progress and final; extras, alterations and omissions; vesting of materials and liens.

Methods of financing building projects — private individuals, business organizations, local bodies, government.

Tendering and other methods of contracting for and carrying out work. Job pre-planning — early collaboration between architect, builder and quantity surveyor. Job planning; progress Schedules; subcontractors.
Building Law  (One paper)

469 The legal aspects of appointment, authority, responsibilities and remuneration of the architect. Secret commissions; ownership of drawings, copyright. Contracts, contract documents, formalities of formulation and execution. Tenders, progress and final certificates. Vesting of materials and liens; liquidated damages and penalties; remedies for breach of contract; excuses for non-performance of contract; arbitration; general legal principles relating to boundaries, fences, party walls and easements.

Structures IV  (One paper)

470 A more advanced treatment of matters specified in Structures III. Bases of design for lateral forces and accepted systems of analysis and methods of tabulation. Quantitative analysis of framework in steel and concrete; Connections; Centres of rigidity; Shear walls and complementary forms. Column bases and anchorages for various ground conditions.

Civics  (One paper)

DIPLOMA IN ARCHITECTURE

Dip.Arch.

(Associateship of the University of Auckland)

Note: In and after 1961 the Diploma in Architecture will be awarded only to those who were enrolled in the Diploma course up to 1960 and to those transferring from N.Z.I.A. to the School of Architecture as full-time Diploma students. The Regulations printed below for the Diploma in Architecture should therefore be read in conjunction with those for the N.Z.I.A. examinations.

1. The Diploma in Architecture of the University of Auckland is offered to registered students of the N.Z.I.A., who, having passed at least the Intermediate examination of the Institute, thereafter matriculate, keep terms in accordance with the University of New Zealand Statute “Terms and Lectures”, and pass the examinations of the Diploma course as hereinafter prescribed.

2. (a) An N.Z.I.A. candidate on completing all the subjects including Testimonies of Study of the first, second and third year examinations of the Institute shall be admitted to the Diploma course at the third professional year, and shall keep terms and pass the examinations in all subjects including the studio grades of the third and fourth professional years.

(b) The Professorial Board may permit a candidate to be admitted to the second professional year of the Diploma course on completing the following examinations of the N.Z.I.A.: History of Architecture I, Structures I, Building Materials I, Building Services I and Testimonies of Study I and II; and when so admitted he shall keep terms and pass the examinations in all subjects and Studio grades of the second, third and fourth professional years of the Diploma course, provided that a candidate who has passed any subjects of the second N.Z.I.A. examination in addition to those required above shall be credited with such subjects in the Diploma course.

Note: (i) Applications for admission to the Diploma course by registered students of the N.Z.I.A. must be made in writing to the Dean of the Faculty on or before January 31 of the year in which full-time study is to be commenced. Admission is not effective until it has been approved by the Professorial Board.
(ii) Registered students of the N.Z.I.A. on completing the third year of the Institute’s examinations are required to enter a full-time course of training. (See N.Z.I.A. Examination Regulations.) Normally they will enter the Diploma course at the third professional year, identical with that of the Degree course, and be required to complete that year and the fourth professional year, keeping terms and passing the examinations as in Regulation 2 (a) above.

(iii) Admission prior to this stage shall be at the discretion of the Professorial Board as in Regulation 2 (b) above.

3. Except as hereinafter provided a candidate shall be required to pass each professional examination as a whole. The second, third and fourth professional examinations shall include the grades of studio work hereinafter prescribed. In recommending a candidate for a pass in any examination the Professorial Board shall take into consideration his performance in all subjects of that examination.

A candidate who has failed to pass any examination as a whole may, on the recommendation of the Professorial Board, be credited with a subject or subjects of that examination. The candidate may then present in a subsequent year the remaining subjects of that examination together with such subjects of the succeeding professional examinations, if any, as the Professorial Board may permit. The candidate shall be required to pass such a composite examination under the same conditions as set out above.

4. The Vice-Chancellor of the University of Auckland may on the recommendation of the Professorial Board relax or modify the application of Regulations 2 and 3 in individual cases where undue hardship may be caused.

5. Every candidate for the Diploma shall send to the Registrar, not later than the tenth day of June preceding the examination, notice of his intention to enter for examination, together with the prescribed fee.

6. On completing the requirements of the Diploma in Architecture course a candidate is required to make application to the Registrar for the award of the Diploma. Such application must be received by the tenth day of April if the Diploma is to be presented at the following graduation ceremony.
7. The subjects of examination for the Diploma shall be as for the second, third and fourth professional examinations of the course for the Degree of Bachelor of Architecture.

8. (a) Candidates for the Diploma of Architecture who at or before the examinations of 1960 have completed the work of the third or partially completed the work of the succeeding year under the regulations then in force (the "old regulations") may elect either to transfer to the regulations as defined above (the "new regulations") being credited with such subjects of the new course considered by the Professorial Board as corresponding to subjects passed in the old course or may elect to continue under the old regulations taking the examinations of the new course corresponding to those of the old course together with the examinations of the old course not contained in the new course.

(b) Candidates electing to complete under the old regulations shall complete the course by December 1964. After that they shall be governed by the new regulations.

(c) All other candidates for the Diploma who were enrolled in or before 1960 or transferring from the N.Z.I.A. examinations not later than 1961 shall transfer to the regulations as defined above being credited with such subjects of the new course as the Professorial Board shall decide.

THE NEW ZEALAND INSTITUTE OF ARCHITECTS' EXAMINATIONS IN ARCHITECTURE

The examinations are those referred to as "Institute Examinations in Architecture" in the "examinations qualifying for Membership of the New Zealand Institute of Architects" listed in Appendix 'J' of the Acts and Regulations adopted under the Act of 1913. The examinations are conducted by the University of New Zealand and the Statutes governing them are published in the New Zealand University Calendar.

Note: In connection with the Regulations for the Institute Examinations in Architecture candidates are advised to study carefully the corresponding sections of the course regulations of the University of Auckland for the Degree of Bachelor of Architecture.
The examinations consist of the Intermediate Examination as for the Degree of B.Arch. and 1st, 2nd, 3rd, 4th and 5th year Institute Examinations, the subjects of which are as follows:

First Institute Examination:
- Testimonies of Study, Group I.
- History of Architecture, Part I.
- Building Materials, Part I.
- Structures, Part I.

Second Institute Examination:
- Testimonies of Study, Group II.
- Building Materials, Part II.
- Structures, Part II.
- Building Services, Part I.

Third Institute Examination:
- Testimonies of Study, Group III.
- Building Services, Part II.

Fourth Institute Examination:
- Testimonies of Study (not after 1964).
- History of Architecture, Part II.
- Theory of Architectural Design, Part II.
- Structures, Part III.
- Building Services, Part III.

Fifth Institute Examination:
- Testimonies of Study (not after 1964).
- Professional Practice & Building Organisation.
- Building Law.
- Structures, Part IV.
- Building Techniques.

Note: (i) For those students entitled to, and electing to complete under the former regulations (up to but not after 1964) the subjects of the Fourth and Fifth Examinations will be as published in the Calendar of the University of New Zealand 1960, on pages 164 and 165 under “Fourth Professional” and “Final” except that the new subject ‘Structures’ Part III and IV, will for this purpose, take the place of Concrete and Steel, Parts I and II; ‘Building Services Part III’ will take the place of Sanitation and Hygiene and Electrical Installation, and ‘Professional Practice and Building Organisation’ will take the place of Professional Practice and Building Law.
(ii) Candidates who have completed a full day course of studio work in the School of Architecture recognised by the Institute may submit in lieu of testimonies of study the studio work done by them during the year. Candidates who have passed examinations in subjects of the Degree Course or of the Diploma Course of the University of Auckland may on transfer to the Institute Course be credited with the corresponding Institute Examinations.

(iii) The attention of all candidates is drawn to the following changes in the Institute Examinations:

(a) Candidates entering the course of examinations after December, 1957, will be required to complete two full years full-time studio work in lieu of the presentation of the 4th and 5th Testimonies of Study. Such studio work will be as set for Grade III and Grade IV of studio work for the Degree of Bachelor of Architecture.

(b) Candidates entering the course prior to December, 1957 may elect to complete by means of full-time studio work or may submit 4th and 5th Testimonies of Study under the former regulations provided that these are completed by 1964. After this date no further 4th or 5th Testimonies of Study will be set.

(iv) Attention is drawn to the revised requirements of Appendix 'J' of the Regulations of the N.Z.I.A. Act governing practical experience and the Registration Examination required for election to Associate Membership of the N.Z.I.A. These requirements apply to all candidates qualifying for such membership after December, 1958.

DIPLOMA IN URBAN VALUATION

1. A University of Auckland Diploma in Urban Valuation shall be granted to a candidate who has:

   (i) passed the Entrance Examination of the University of New Zealand (or obtained an equivalent qualification*) and matriculated;

   (ii) registered on the books of the University of Auckland, attended lectures in all subjects of the course to the

*Note: Candidates over the age of 21 years who are not qualified to matriculate may apply for an Admission Concession, similar to Provisional Admission (see p. 40).
satisfaction of the Head of the Department (except as provided in Regulation 2) provided however that for the subject Accounting I candidates are not required to attend lectures;

(iii) been credited with passes in the examinations herein-after prescribed.

2. Any candidate who in the opinion of the Professorial Board is unable to attend lectures may be granted exemption from attendance at lectures in not more than five subjects of Division A of the course.

3. A candidate for the Diploma shall be exempt from examination in any subject or subjects in which he has already passed in another course, provided that in all cases the prescription is substantially identical and the standard of these examinations is not lower than that prescribed for the Diploma in Urban Valuation.

4. The subjects of examination shall be in two divisions, A and B. Candidates shall be credited with passes in at least four subjects (including Building Materials Parts I and II) of Division A, before presenting the subjects of Division B.

The subjects of Division A shall be:

(1) Building Materials, Part I (One paper)
(2) Building Materials, Part II (One paper)
(3) Building Services, Part I (One paper)
(4) Concrete and Steel Construction (One paper)

Note: A candidate who has passed Structures III of the Degree or Diploma courses in Architecture may be credited with the subject Concrete and Steel Construction.

(5) Architectural Design (One paper)
(6) Architectural Civics (One paper)
(7) Specifications, Measurements and Valuation of Materials (One paper)

Note: A candidate who has passed for the Degree or Diploma examinations in Architecture Studio I, II and III in which
Specifications are included may be credited with the subject Specifications, Measurements and Valuation of Materials.

(8) Building Law (One paper)
(9) Accounting I (Two papers)

The subjects of Division B shall be:

(1) Economics of Urban Valuation (One paper)
(2) Principles and Practice of Urban Valuation (Two papers)
(3) Practical Tests in Valuation of Town Properties (One full day)

5. Every candidate for the Diploma shall send to the Registrar, University of Auckland, not later than the tenth day of June preceding the examination notice of his intention to enter for examination, together with the prescribed fee.

6. On completing the requirements of the Diploma in Urban Valuation, a candidate is required to make application to the Registrar, University of Auckland, for the award of the Diploma. The application must be received by the 10th day of April if the Diploma is to be presented at the following Graduation Ceremony.

PREScriptions

The prescriptions for the subjects named in the preceding Regulations are given below:

Division A

(1) Building Materials, Part I. (One paper)

The mechanical properties, permeability, durability, changes in appearance, production and manufacture of building materials including the following: Concrete, stone, brick, concrete blocks, timber, metals, plastics, ceramics, glass, paints, plasters, bitumen, asphalt, rubber, mastics and adhesives.

(2) Building Materials, Part II. (One paper)

The thermal properties, acoustical properties, fire resistant qualities, adhesion, and susceptibility to movement of building materials as defined for Building Materials I.
(3) Building Services, Part I. (One paper)

Comfort conditions in buildings; climate, daylighting and sun control; thermal insulation and moisture in buildings; heating and ventilating of house, physiological considerations, simple calculations. Small scale piped services, supply and disposal. Assessment and disposal of roofwater. Electrical installation as applied to small buildings.

(4) Concrete and Steel Construction. (One paper)

A general knowledge of good practice in methods of constructing buildings with reinforced concrete or steel frames. The requirements of specifications for steel and concrete work with special reference to clauses governing the quality of materials and workmanship; the necessary contents of working drawings; methods of estimating costs. Materials used for concrete, methods of mixing, placing and water-proofing, control of concrete quality; bending, placing and inspection of reinforcement, usual arrangement of timber formwork and minimum times for its removal. Materials used for steelwork, British standards, erection of and inspection of steelwork; painting, and galvanising, fire-proofing and general protection.

Note: A candidate who has passed Structures III of the Degree or Diploma courses in Architecture may be credited with the subject Concrete and Steel Construction.

(5) Architectural Design. (One paper)

General principles of composition. Styles of design. General principles of design applied to the architecture of today.

(6) Architectural Civics. (One paper)

Modern town plans, their principles and techniques. Elements of town design, circulation, central areas, open spaces, industrial, commercial and residential areas. Townscape. Outline of town planning legislation in New Zealand.

(7) Specifications, Measurements and Valuation of Materials. (One paper)

The writing of specifications. The methods of measuring and valuing materials. The preparation of estimates.

Note: A candidate who has passed Studio I, II and III in which Specifications are included may be credited with the subject Specifications, Measurements and Valuation of Materials.
(8) **Building Law.** (One paper)

The legal aspects of appointment, authority, responsibilities and remuneration of the valuer. Secret commissions; ownership of drawings, copyright. Contracts, contract documents, formulation and execution. Tenders, progress and final certificates. Vesting of materials and liens; liquidated damages and penalties; remedies for breach of contract; excuses for non-performance of contract; arbitration; general legal principles relating to boundaries, fences, party walls and easements.

(9) **Accounting I.** (Two papers)

As prescribed for B.Com. (See page 270).

*Note:* Entries for this Examination shall be submitted to the University of Auckland, which conducts the examination for Urban Valuation candidates.

**Division B**

(1) **Economics of Urban Valuation.** (One paper)

The theory of rent as applied to land and improvements. The economic principles of valuation, including the bearing of the rate of interest, goodwill, population growth, town planning, etc., on the value of real estate. System of taxation and rating on real estate (taxes on capital, annual and unimproved value, land value increment taxes, proportionate and progressive taxation, special assessments, etc.), with special reference to New Zealand conditions. The incidence and effects of taxes on real estate; their effects on values. Statistical method as applied to valuation.

(2) **Principles and Practice of Urban Valuation.** (Two papers)

(3) **Practical Tests in Valuation of Town Properties.** (One full day)

Candidates will be required to carry out practical field tests in Urban Valuation.

*Note:* The text-books recommended for these subjects may be ascertained by reference to the School of Architecture prospectus.
DIPLOMA IN TOWN PLANNING

The University of Auckland Course Regulations

I. The Diploma in Town Planning shall be granted to any candidate who has followed the prescribed course, kept terms in accordance with the University of New Zealand Statute 'Terms and Lectures', passed the prescribed examinations and fulfilled such other requirements as are prescribed by these regulations.

II. A candidate for the Diploma shall be:
   (a) A graduate of the University of New Zealand in Engineering or Architecture, or, with the approval of the Professorial Board, a graduate in any other faculty, or
   (b) The holder of a professional qualification in Architecture, Engineering, Surveying or Town Planning who is recommended by the Professorial Board as a suitable candidate, provided that a candidate admitted under this provision is required to matriculate in terms of the University of New Zealand Statute 'Matriculation', or
   (c) A person who has been admitted to the status of a graduate who is recommended by the Professorial Board as a suitable candidate.

Provided that a candidate who has entered upon a course of study leading to the final examination for any of the qualifications of (a) or (b) above in the year in which he seeks admission to the course for the Diploma in Town Planning may, with the approval of the Professorial Board, be admitted as a candidate for the examination for the Diploma in Town Planning in not more than two of the subjects (2), (3), (4) and (5) of Clause III hereof.

III. The subjects for examination for the Diploma in Town Planning shall be:
   (1) Town Planning Theory and Techniques (two papers);
   (2) Geography of New Zealand as related to Town Planning (one paper);
(3) Civil and Traffic Engineering as related to Town Planning (one paper);
(4) Surveying as related to Town Planning (one paper);
(5) Architecture as related to Town Planning (one paper);
(6) Statutory Planning and Administration (one paper);
and a Thesis upon a subject to be approved by the Professor of Town Planning.

IV. A candidate who has followed a course of study and passed the required examination in his subject or subjects as part of a course for a University Degree or Diploma substantially of the same content and standard as subjects (2), (3), (4), or (5) may be exempted from examination in not more than two of the subjects (2), (3), (4), or (5) at the discretion of the Professorial Board.

V. A candidate may present himself for all subjects at one examination or, with the approval of the Professor of Town Planning, for any lesser number.

VI. Every candidate for the Diploma in Town Planning must present a certificate signed by the Professor of Town Planning that he has satisfactorily completed a course of instruction in Drawing Office and Field Work. This certificate may be applied for at any time after the expiration of the first term following completion of the written examination.

VII. Subject to the provisions of the University of New Zealand Statute ‘Conduct of University Examinations’ the fee for the examination shall be that prescribed in the University of New Zealand Statute ‘Fees’.

VIII. Every candidate for the Diploma in Town Planning shall give notice in writing of his intention to present himself for examination and of the subjects in which he proposes to be examined; and such notice accompanied by the fee must be sent so as to be in the hands of the Registrar of the University of Auckland not later than the 10th day of June preceding the examination.

Note: Before presenting the thesis a candidate shall make an examination entry for it in the same manner as for the theoretical subjects of the course. The fee for the thesis is prescribed on p. 140.
The School of Engineering is at present located at Ardmore Aerodrome, about 22 miles south of Auckland and four miles from Papakura. A hostel is available for students requiring accommodation at Ardmore (see Hostel regulations).

THE DEGREE OF BACHELOR OF ENGINEERING

Mechanical, Electrical, Civil.

B.E.

The University of Auckland Course Regulations

I. In order to qualify for the Degree of Bachelor of Engineering (Mechanical, Electrical, Civil) every candidate must matriculate and thereafter:

(i) pursue a course of study approved by the Professorial Board for not less than four years (one year Intermediate and three Professional years);

(ii) keep terms in accordance with the University of New Zealand Statute “Terms and Lectures”;

(iii) forward his name for examination together with the fee, to the Registrar of the University of Auckland as prescribed in the University of New Zealand Statutes “Conduct of University Examinations” and “Fees”;

(iv) abide by the conditions set out in the University of New Zealand Statute “Conduct of University Examinations”;

(v) obtain passes in the Examinations hereinafter prescribed;

(vi) perform to the satisfaction of the Faculty of Engineering the practical work prescribed in the Calendar.

II. Except as hereinafter provided, a candidate shall be required to pass each Examination as a whole. In recommending a candidate for a pass in any Examination the Professorial Board shall take into consideration his performance in all the subjects of that Examination.
A candidate who has failed to pass any Examination as a whole may, on the recommendation of the Professorial Board, be credited with a subject or subjects of that Examination. The candidate may then present in a subsequent year the remaining subjects of that Examination together with such subjects of the succeeding Professional Examinations, if any, as the Professorial Board may permit. The candidate shall be required to pass such a composite Examination under the same conditions as set out above.

III. The Degree of Bachelor of Engineering (Mechanical, Electrical, Civil) may be awarded with or without Honours. A candidate who has fulfilled the requirements herein prescribed for the Degree with Honours and whose work has been of a sufficiently high standard may be recommended by the Professorial Board for admission to the Degree with First or Second Class Honours.

IV. A candidate who has satisfied the examiners in a University subject which, in the opinion of the Professorial Board was not lower in standard and in which the prescription was substantially the same as for the Degree with or without Honours as the case may be at the time when the candidate entered upon the engineering course, shall be exempt from examination in the equivalent engineering subject for the Degree with or without Honours as the case may be.

V. (a) A candidate who enrolls concurrently in the courses for the degrees of Bachelor of Science and Bachelor of Engineering shall, in order to qualify for the award of both degrees, keep terms while pursuing the combined course and pass the examinations in all the subjects prescribed for the degree of Bachelor of Engineering (Mechanical) or (Electrical) or (Civil), together with those in four units other than those common to both degrees. Such four units shall include two units at Stage III or Stage IIIA where that exists, or one unit at Stage III and a unit at Stage II in another subject.

(b) A candidate under (a) hereof who has been exempted from passing in a Stage I unit or units for Engineering Intermediate through passing the subject at a higher stage shall, in order to complete his Science course, pass in addition to the four units prescribed in (a) a further Science unit for each unit in which he has been exempted.
(c) A candidate who passes in Engineering Mathematics III may proceed to subjects for which Pure Mathematics II is a prerequisite, but such a candidate will not be credited with Pure Mathematics II as a unit for the Bachelor of Science degree unless he has sat and passed the examination in this subject.

(d) For the purposes of this regulation subjects that are common to the two courses shall be treated as exempted subjects as provided in Section III (iii) of the University of New Zealand Statute “Conduct of University Examinations”.

VI. A candidate who has qualified for the degree of Bachelor of Science may qualify for the degree of Bachelor of Engineering (with or without Honours) by (i) keeping terms for at least two years after qualifying for the degree of Bachelor of Science, and (ii) pursuing to the satisfaction of the Professorial Board a course of study which shall comply with the following conditions:

(a) The first year examination shall involve substantially the same amount of study as that for the penultimate Professional Examination of the relevant Bachelor of Engineering degree.

(b) No subjects of the final Professional Examination for the relevant Bachelor of Engineering degree shall be included in his first year examination.

(c) All the subjects of the final Professional Examination for the relevant Bachelor of Engineering degree shall be included in the course.

VII. Notwithstanding anything in Regulation I (i) hereof, a candidate who has qualified with outstanding merit for the New Zealand Certificate of Engineering may be admitted by the Professorial Board to the course for the degree of Bachelor of Engineering with exemption from the Intermediate Examination. Any such candidate who is unqualified to matriculate shall have the status of a provisional matriculant, and his matriculation shall not be confirmed until he has been credited with passes in all subjects of the First Professional Examination.

VIII. Before a candidate may be admitted to a Degree he must forward to the Registrar through the Dean of the Faculty of Engineering a certificate signed by the Dean stating that he has complied with the requirements of Regulation I (vi) above.
IX. Where a thesis or report is required it shall embody the results obtained by the candidate in an investigation on a subject approved by the Faculty of Engineering. The investigation shall be carried out by the candidate himself, under the direct supervision of a University teacher, at a University institution. The thesis or report shall be submitted under conditions laid down by the Head of the Department concerned.

X. The Vice-Chancellor of the University of New Zealand may, on the recommendation of the Professorial Board, relax or modify the application of the Sections II to IX (inclusive) in individual cases where undue hardship may be caused.

SUBJECTS OF EXAMINATIONS

XI. The subjects of the Intermediate Examination shall be:
1. Pure Mathematics I, as for B.Sc. (Two papers) 134, 135.
2. Applied Mathematics I, as for B.Sc. (Two papers) 140, 141.
3. Physics IB, as for B.Sc. (Two papers) 144B, 145B.
4. Chemistry I, as for B.Sc. (Two papers and a practical examination) 150, 151.

XII. A candidate will be credited with any subject passed in the Intermediate Examination.

A candidate who has failed in this Intermediate Examination in Physics, or in Chemistry, shall, before presenting himself again for examination in that subject, follow such a course of instruction in theoretical and practical work as may be required by the Professorial Board.

Note: The Intermediate Examination may be taken at Auckland, Wellington, Christchurch or Dunedin.

The subjects of the Professional Examinations are set out in the following Regulations:

A. Bachelor of Engineering and Honours in Engineering — Mechanical.

XIII. First Professional Examination:
3. Drawing and Design I. (One paper):—514.
5. Thermodynamics and Heat Engines I. (One paper):—518.

XIV. Second Professional Examination:
5. Drawing and Design II (Mechanical). (Two papers):—515a, 515b.
6. Thermodynamics and Heat Engines II. (One paper):—519.
7. Mechanical Engineering Processes. (One paper):—528.
8. Electrical Engineering II (General). (One paper):—521.

XV. Third Professional Examination:
1. Drawing and Design III (Mechanical). (One paper):—516.
2. Industrial Administration. (One paper):—530.
3. Thermodynamics and Heat Engines III. (One paper):—529.
4. Theory of Machines. (One paper):—529/1.
5. Strength of Materials and Structures II (Mechanical). (One paper):—529/2.
   
   Or
   
   Option B: Automotive Engineering. (One paper):—529/3.
   
   Or
   
   Option C: Industrial Engineering. (One paper):—529/3.
   
   Or
   
   Option D: Fluid Mechanics II (Mechanical). (One paper): 529/3.

Pass candidates are not required to take Engineering Mathematics IV.

B. Bachelor of Engineering and Honours in Engineering — Electrical.

XVI. First Professional Examination: As for B.E.(Mech.). (Regulation XIII).
XVII. Second Professional Examination:
5. Drawing and Design II (Mechanical). (Two papers):—515a, 515b.
6. Electrical Engineering II. (Two papers):—521/1, 521/2.
7. Mechanical Engineering Processes. (One paper):—528.

XVIII. Third Professional Examination:
1. Electrical Engineering III. (Three papers):—522, 522/1, 522/2.
2. Drawing and Design III (Electrical). (One paper):—516/2.
3. Industrial Administration. (One paper):—530.
4. Thermodynamics and Heat Engines II. (One paper):—519.

Pass candidates are not required to take Engineering Mathematics IV.

C. Bachelor of Engineering and Honours in Engineering—Civil.

XIX. First Professional Examination: As for B.E.(Mech.). (Regulation XIII).

XX. Second Professional Examination:
5. Drawing and Design II (Civil). (Two papers):—515/1, 515/2.
7. Surveying. (One paper):—532.

XXI. Third Professional Examination:
1. Drawing and Design III (Civil). (One paper):—516/4.
3. Structures II (Civil). (One paper):—524/1.
4. Fluid Mechanics II (Civil). (One paper):—527.
6. Civil Engineering. (Three papers):—537, 537/1, 537/2.
Pass candidates are not required to take Engineering Mathematics IV.
The detailed prescriptions for subjects (1) to (6) inclusive may differ for pass and honours students.

PRESCRIPTIONS

The prescriptions for the subjects named in the preceding Regulations are listed below.
Where laboratory, field, or other practical work forms a part of the course requirements for any of the above subjects, no candidate shall be granted terms in the subject until he has completed such work to the satisfaction of the Head of the Department concerned.

INTERMEDIATE EXAMINATION

Pure Mathematics I
Applied Mathematics I
Physics IB
Chemistry I
{As prescribed on pp. 227-228 for B.Sc.

PROFESSIONAL EXAMINATIONS

(Arranged in numerical order. Publications marked * may be obtained from the Engineering School Office.)

Engineering Mathematics II. (One paper)
510 Algebra (determinants; roots of equations). Geometry (Cartesian and polar co-ordinates; change of axes; analytical geometry of the straight line, circle and conic sections; curve sketching; plane curves such as the cycloids, catenary, etc.; instantaneous centre). Vectors (scalar and vector products; differentiation with respect to time). Infinite series (meaning of convergence; the common power series; Taylor series; Fourier
series). Complex numbers (definition; Argand plane; complex exponent). Calculus (differentiation; Leibniz theorem; stationary values; partial differentiation; indefinite integration; standard forms; definite integrals; area, volumes, first and second moments, length of arc, etc.; intrinsic equations; curvature; envelopes; surface integrals). Differential equations (first order equations, simple linear second and higher order equations, simultaneous differential equations).

Recommended books: Piaggio, _Differential Equations_; Durell & Robson, _Elementary Calculus_, Vol. II.

**Engineering Mathematics III.** (One paper)

511 Partial differentiation. Surface and curvilinear integrals. Ordinary differential equations (variation of parameters; integration in series; simultaneous equations). Rectilinear motion (including simple harmonic motion, resisted motion, forced motion, resonance; analogues). Vibrations of systems with two or more degrees of freedom. Buckling of columns and whirling of shafts. Partial differential equations (method of the separation of variables applied to the one-dimensional diffusion equation, Laplace's equation, one-dimensional wave equation; physical illustrations such as the flow of heat, membranes, taut strings, etc.; general solution of the one-dimensional wave equation). Elementary statistics for Engineers.

**Note:** The syllabus for Engineering Mathematics II is also prescribed for the examination for Engineering Mathematics III.

**Engineering Mathematics IV.** (One paper)

**Engineering Materials I.** (One paper)

513 A general course on the properties of materials important in engineering, with emphasis on principles. World and New Zealand resources, production and consumption of engineering materials. The metallic state; crystallinity; freezing of metals and alloys; the phase diagram; solid state changes. Making and shaping of metals; the effect of such processes on structure and
properties; hot and cold working; recovery re-crystallization and grain growth. Behaviour of metals under load; mechanical tests; elastic and plastic deformation; ductile and brittle failure; fatigue; creep; behaviour of single crystals under load. The major engineering materials and alloys; their properties and uses; their heat treatment. Corrosion and its prevention. Properties of selected non-metallic materials of engineering importance, such as cement, concrete, timber, plastics, lubricants.

**Drawing and Design I.** (One paper)

514 An introduction to descriptive geometry and engineering graphics. The elements of engineering draughtsmanship.

Essential books: *Australian Standard Engineering and Drawing Practice; Abbott, Practical Geometry and Engineering Graphics; *B.S. No. 10, Steel & Steel Products.*

**Drawing and Design II.** (Mechanical, 515a and 515b, and Civil, 515/1 and 515/2)

The application of the principles of applied mechanics and strength of materials to the design of mechanical and structural components. The preparation of working drawings.

515a, 515/1 The design of machine components and simple assemblies.

Essential books: *Australian Standard Engineering Drawing Practice; "Mechanical World" Year Book; *B.S.1440:1948, Endless V-Belt Drives; *B.S.991:1941, Data on Cast Iron.*

515b, 515/2 The design of elements of civil engineering structures.

Structural steelwork: Riveted, bolted and welded connections; design of axially loaded tension and compression members; use of rolled steel sections as beams and columns; design of built-up beams and plate girders; design of roof trusses and other plane frameworks.

Reinforced concrete: Design of one-way slabs, rectangular beams, T- and L-beams, simply-supported, built-in and continu-
ous, singly and doubly reinforced; reinforcement for shear; design of axially loaded columns; design of wall and column footings.

Recommended books: Adams, Elements of Reinforced Concrete Design; Grinter, Elementary Structural Analysis and Design.

**Drawing and Design III. (Mechanical) (One paper)**

516 The design and preparation of working drawings and specifications for machines.

**Drawing and Design III. (Electrical) (One paper)**

516/2 The design of, and preparation of working drawings for, electrical machines and control gear.

Recommended books: Clayton, The Performance and Design of D.C. Machines; Say, The Design of A.C. Machines.

**Drawing and Design III. (Civil) (One paper)**

516/4 The design and preparation of working drawings of structures and constructional engineering works.

**Note:** The time allowed for each of the three papers 516, 516/2, 516/4, shall be not less than five nor more than fifteen working days. The duration of the examination in any one year will be notified to candidates on or before the last day of the Second Term.

The paper must be done in a classroom of the University and must be handed to the Supervisor together with a declaration that the work is entirely that of the student concerned. Notes, text-books and works of reference may be brought into the examination room.

**Applied Mechanics I. (Three papers)**

517 Paper (a).

**Statics:** Equilibrium of systems of forces, in two or three dimensions. Moments and moment vector. Forces in statically
determinate frames in two and three dimensions. Friction. Virtual work.

517/1 Paper (b).

**Dynamics:** Introduction to particle and rigid body dynamics. Development and application of concepts of work-energy, power, impulse and momentum. Periodic motion of simple elastic systems.

517/2 Paper (c).

**Fluid Mechanics:** Quantities, dimensions and units. Principal physical properties of fluids. Hydrostatics and its application to manometry and to determination of pressure forces on submerged surfaces. Stability of floating bodies. Movement of fluid masses without relative motion, forced vortex. Development of concepts of continuity and energy for fluids in general, and application to elementary problems of fluid flow. Elementary aspects of flow through large and small orifices and sluice gates; flow over weirs and spillways; flow-measuring devices. Development of impulse-momentum relationship and its application to flow through bends, pipe expansions, Pelton-wheel, etc. Relationship between angular momentum and torque. Introduction to hydraulic machines.

**Thermodynamics and Heat Engines I.** (One paper)

518 An introductory course to the study of Heat Engines deal-
ing with basic principles of Thermodynamics and their application to modern heat engines.

**Thermodynamics and Heat Engines II.** (One paper)

**Electrical Engineering I.** (One paper)

520 An introductory course in electrical engineering, in Rationalized M.K.S. units:---Direct current and potential; Ohm's Law; d-c circuit and analysis; d-c measurements. Power and energy. Conduction in solids, liquids, and gases; semi-conductors and transistors; electric shock. Magnets and magnetic fields; magnetic circuit; magnetic uses of iron alloys. Electro-magnetic induction; mutual and self-inductance. Electrostatic fields; capacitance; dielectrics. Simple transients in electric circuits. Alternating current, potential, power and power factor; simple a-c circuit analysis; resonance. Elements of polyphase systems. Elements of d-c and a-c machines.

**Electrical Engineering II.** (General) (One paper)

**Electrical Engineering II.** (Two papers)

521/1 Paper (a): D-c and a-c machines, characteristics, windings, control and ancillary equipment. Special d-c machines.

521/2 Paper (b): A-c circuits, locus diagrams, transients. Polyphase systems. Transmission lines. Distribution, protection, short-
circuit calculations. Electrical engineering economics. Electrical measurement, standards, techniques, sources of error.

**Electrical Engineering III.** (Three papers)

522 Paper (a) Machines:

Principles, operation and testing of a-c machines, transformers and mercury-arc rectifiers.

522/1 Paper (b) Transmission and Circuits:

Complex waves. Transients on transmission lines. Transmission lines with distributed constants; use for power and high frequencies; standing waves; Smith chart; wave guides; elementary wave propagation. Coupling networks; general circuit constants; attenuators and filters. Operation of power lines; power circle diagram; system stability. Skin effect. Corona. Practical lines and cables. Approximate analysis of non-linear circuits. Field plotting. Elements of symmetrical components. Communication; Modulation:—amplitude, frequency, phase and pulse; Fourier integral. Carrier telephony and telegraphy. Noise. Information theory.

522/2 Paper (c) Electronics:

**Strength of Materials I.** (One paper)

523/2 The analysis of stresses, deformation and vibrations in machine and structural components. The determination of the mechanical properties of engineering materials.

339
Structures I. (One paper)
523/3 Analysis of determinate and simple redundant trusses, beams and frames. Influence lines and moving loads. Theorems of Castigliano and their application. Moment distribution for continuous beams and frames. Instability of columns, the column curve.

Recommended books: Merchant and Bolton, An Introduction to the Theory of Structures; Pippard and Baker, The Analysis of Engineering Structures; Steed, An Introduction to Distribution Methods of Structural Analysis; Timoshenko & Young, Theory of Structures.

Strength of Materials II (Civil). (One paper)
524 The properties of concrete aggregates, mix design, the physical properties of plain concrete; theory of reinforced concrete; theory and design of prestressed concrete members; non-destructive testing; experimental stress analysis.

Structures II (Civil). (One paper)

Recommended books: Steel Designers Manual — (Crosby Lockwood); Baker, Horne & Heyman, The Steel Skeleton (Vol. II); Hoff, The Analysis of Structures; Bleich, Buckling Strength of Metal Structures.

Fluid Mechanics I. (One paper)

Fluid Mechanics II (Civil). (One paper)

527 Introduction to the general theory of two and three-dimensional fluid flow: continuity; scalar fields, potential; Euler's equations of motion; boundary conditions; rotational and irrotational flow; Bernoulli equation; velocity potential; equation of energy, kinetic-energy equation. Some basic theorems; two-dimensional flow, stream function, source and sink combinations in two and three dimensions, flow past a cylinder, circulation, constancy of circulation, lift. Equations of motion for viscous fluids; dissipation of energy in viscous flow; two-dimensional boundary layer equation. Ground water flow. Open channel flow; integration of varied flow equation, open-channel transitions for sub-and-super-critical flow; stilling basins, open channel surges, sediment transport and loose boundary hydraulics. Advanced treatment of water-hammer and surge chamber problems. Introduction to theory of waves and tides.

Recommended book: Chow, V. T., Open-Channel Hydraulics.

Mechanical Engineering Processes. (One paper)

528 A course of study of various processes and equipment required in the production of castings, forgings, platework, welding and machining processes.

Thermodynamics and Heat Engines III. (One paper)

Recommended books: Wrangham, Heat Engines Theory & Practice; Kay, Fluid Mechanics and Heat Transfer; *Mayhew & Rogers, Thermodynamic Properties of Fluids and other data; *Mayhew and Rogers, Total Heat Entropy Diagram for Steam.

Theory of Machines (One paper)

529/1 Theory of lubrication (including Navier Stokes and continuity equation); squeeze films; hydrostatic and hydrodynamic lubrication. Vibrations and torsional oscillations. Balancing of radial, in-line and multi-cylinder engines. Inertia forces in mechanisms. Advanced aspects of topics included in Applied Mechanics.
Strength of Materials and Structures II (Mechanical). (One paper)

529/2 An advanced course of lectures and laboratory work on the properties and strengths of engineering materials, and on experimental stress analysis and non-destructive testing.

Recommended book: Lee, An Introduction to Experimental Stress Analysis.

Aeronautical Engineering. (Option A.) (One paper)

Recommended books: Kuether and Schetzer, Foundations of Aerodynamics; Hilton, High Speed Aerodynamics.

Automotive Engineering. (Option B.) (One paper)

529/3 Engineering principles underlying the design, construction and running of motor vehicles for traction and transport purposes; properties of fuels, lubricants, and special materials of construction. Relationship of type of vehicle to road surface.

Recommended books: Heldt, The Automotive Chassis; Heldt, Torque Converters; Heldt, High Speed Combustion Engines.
**Industrial Engineering. (Option C.)** (One paper)

529/3 This course covers practical industrial engineering practice and includes topics from the following: methods engineering, motion study, operation analysis, work study and simplification, memo-motion study, predetermined-elemental-time standards, wage payment, control procedures, plant facilities and design and management studies.

**Fluid Mechanics II. (Mechanical.) (Option D.)** (One paper)

529/3 Compressible and incompressible flow; complex potential function; boundary layer and aerofoil theory; theories of turbulence. Flow through nozzles, shock waves, transsonic and supersonic flow, hypersonics. Wind tunnel techniques and design.

**Industrial Administration.** (One paper)

530 A course of study of the formation, structure, organization and administration of private and public institutions engaged in industry and manufacture. Methods of payment of wages, working conditions and the effects of legislation on these and other aspects of industrial usage are also studied.

**Engineering Geology.** (One paper)

531 Principles of physical and structural geology, seismology and elementary stratigraphy. Petrology and mineralogy of the common rocks, rock groups and rock forming minerals. Geological surveying and mapping. Geology of water supply and the general application of geology to Civil Engineering.

**Surveying.** (One paper)

Field work:—two periods of approximately one week each during the first week of the first and second vacations.

Soil Mechanics and Applied Geology. (One paper)

Essential books: Capper and Cassie, Mechanics of Engineering Soils (2nd edition); *B. S. 1377, Soil Classification and Compaction.

Civil Engineering. (Three papers)

537, 537/1, 537/2 The general law of contracts; specifications; tenders; the scheduling of quantities; cost analysis; engineering economics. Hydrology; the storage and control of water for power, irrigation and municipal supplies. The purification and distribution of water. Sewerage systems and the treatment of sewage. Flood control and river improvement works, port and harbour engineering, coastal protection. Site investigations and foundation engineering; ground and surface waters. Road pavements and streets. Traffic engineering.

Recommended books: *The Report of Committee on Engineering Quantities, Institution of Civil Engineers; *General Conditions of Contract, Institution of Civil Engineers; *Code of Practice for Reinforced Concrete Structures for Storage of Liquids, Institution of Civil Engineers; Fair and Geyer, The Elements of Water Supply and Waste Water Disposal.

PRACTICAL WORK

(1) By the end of the First Professional Year all students are required to have completed to the approval of the Faculty a course in Workshop Practice. Students who have attended simi-
lar courses elsewhere before enrolling at Auckland may apply to the Faculty for approval of such courses.

(2) As part of their practical work requirements, students in Mechanical and Electrical Engineering must complete at the School, normally during their Second Professional Year, a short elementary practical course on the use of surveying instruments and on elementary surveying computations.

(3) Before graduation students shall obtain approved practical experience in workshops or in engineering works for a minimum period of 1200 hours or 960 hours in the case of students enrolling for the Professional courses before 1961. This is expected to be undertaken during the summer vacation. Overtime up to 10 hours per week on suitable work may be allowed.

At least 320 hours should be spent in general engineering workshops before entering the Second Professional year.

The remaining time shall be spent in engineering workshops or alternatively for Electrical or Civil students in engineering works of a non-professional character to suit the chosen degree course with a minimum of 40 hours in engineering workshops.

Mechanical Engineering students should endeavour to obtain as much workshop experience as possible. The Institution of Mechanical Engineers requires a minimum of eighteen months practical workshop experience before accepting application for Corporate Membership.

(4) The approval of the Faculty of any proposed practical work must be obtained prior to its commencement. Students are advised to obtain as wide experience as possible in practical work and therefore approval will not normally be given for more than one period in a particular workshop or works.

(5) At the conclusion of each period of practical work and before the following April 1st each student must submit to Faculty: (a) a certificate signed by his employer showing the actual number of hours worked in ordinary time and also of overtime, and the type of work on which he has been engaged; (b) a full report by the student on the work done and the observations made. These reports will be graded and may be taken into account in recommending scholarships and other awards. Official certificates and instructions on the form of the report may be obtained from the School office.
THE DEGREE OF MASTER OF ENGINEERING
M.E.

The University of Auckland Course Regulations

I. In order to qualify for the Degree of Master of Engineering a candidate must have been admitted to the Degree of Bachelor of Engineering, except as provided in the University of New Zealand Statute "Admission Ad Eundem", and shall:

(i) have kept terms in and pursued a course of study approved by the Professorial Board for not less than one year;

(ii) forward his name together with the fee to the Registrar of the University of Auckland as prescribed in the University of New Zealand Statutes "Conduct of University Examinations" and "Fees";

(iii) obtain a pass in the examination and the thesis hereinafter prescribed.

II. In recommending a candidate for admission to the Degree of Master of Engineering, the Professorial Board may take into consideration the combined results of the examination and the thesis. In cases of exceptional merit the Professorial Board may recommend that the Degree be awarded "with distinction".

III. The examination shall be in one of the following subjects:

- Mechanical Engineering IV. (Two papers): 560, 560/1.
- Electrical Engineering IV. (Two papers): 561, 561/1.
- Advanced Civil Engineering. (Two papers): 562, 562/1.

IV. The following conditions shall apply to the preparation and presentation of the thesis:

(i) The thesis shall embody the results obtained by the candidate in an investigation in a subject approved by the Faculty of Engineering. The investigation shall be carried out by the candidate himself, under the direct supervision of a University teacher, at a University institution.

(ii) The candidate shall submit the thesis to the Registrar by a date arranged with the Head of his Department. If the thesis

346
is submitted later than the first day of November the candidate may not be eligible for a post-graduate scholarship in that year. The Registrar shall forward the thesis to the examiner through the Head of the Department concerned.

(iii) When a thesis is forwarded to an Assessor, the Head of the Department concerned shall supply a certificate from the supervising teacher stating that the conditions of clause (i) above have been fulfilled, and stating also what part the teacher played in the work and preparation of the thesis.

(iv) If a thesis on first presentation is unsatisfactory, the Vice-Chancellor may in exceptional circumstances, when recommended by the examiners, permit the candidate to re-write the thesis and submit it by a specified date.

PRESCRIPTIONS

V. The prescriptions for the subjects named in the preceding Course Regulations are listed below.

Where laboratory, field or other practical work forms a part of the course requirements for any of the above subjects, no candidate shall be granted terms in the subject until he has completed such work to the satisfaction of the Head of the Department concerned.

**Mechanical Engineering IV.**
560, 560/1 A course of lectures on special branches of Mechanical Engineering allied to thesis subjects of the students taking the Degree.

**Electrical Engineering IV.**

**Civil Engineering IV.**
562, 562/1 A course of lectures on special branches of Civil Engineering allied to thesis subjects of the students taking the Degree.
PROFESSIONAL INSTITUTION COURSES

Courses of selected degree subjects are available to meet the requirements of candidates for the examination of the following bodies:

The Institution of Civil Engineers, London.
The Institution of Electrical Engineers, London.
The Institution of Mechanical Engineers, London.
The New Zealand Institution of Engineers.
The New Zealand Registration Board.

It is not practicable for a candidate to take the basic science subjects and the professional subjects in the same year. It is recommended that the former be taken on a full-time or part-time basis before commencing full-time study at Ardmore.

Prerequisites to Professional Studies

1. University Entrance or the Common Preliminary Examination of the Joint Examination Board of the Institutions of Civil, Electrical and Mechanical Engineers.
2. Mathematics to the standard of Mathematics I (Pure and Applied) of the University of New Zealand.
3. Physics to the requirements of Part I of the Institution examination.
4. Candidates for the Institution of Civil and Mechanical Engineers will be at a decided advantage if they have taken a course of Chemistry at a Secondary School or a University.

ARDMORE HOSTEL REGULATIONS

1. Students in residence must comply with the current requirements of the Dean of the Faculty. Hostel fees are fixed from year to year but it is anticipated that these will be approximately £100 for 27 weeks of residence with additional payments for residence during vacations and examinations.
2. Accounts for board are rendered at the beginning of each term and must be paid promptly. In the case of temporary difficulties the Warden must be consulted immediately.
3. Application for accommodation must be made before February 14th, 1960, to the Warden, School of Engineering, Ardmore College P.O., Auckland. Conditions of residence, rates of board, etc., will be available on application to Ardmore as from 6th February, 1961.
ELAM SCHOOL OF FINE ARTS

DIPLOMA IN FINE ARTS

The University of Auckland Course Regulations

I. The Diploma in Fine Arts shall be granted to any candidate who has:

(i) Passed the Preliminary Examination* as defined in the University of New Zealand Statute “Fine Arts Preliminary Examination”, and

(ii) Passed the First Professional Examination, the Second Professional Examination and the Third Professional Examination as hereinafter defined.

II. A candidate for the Diploma in Fine Arts must be either (i) a matriculated student or (ii) a person who has studied for at least three years in a post-primary school and is at least sixteen years of age on the 31st December of the year preceding that in which he enters upon the course for the Diploma. No candidate under (ii) shall be admitted to the course of study for the Diploma without the approval of the Professorial Board which must be satisfied that the candidate has reached an adequate standard in English.

III. A candidate for the Diploma shall, after passing the Preliminary Examination follow the prescribed course of study, keep terms in accordance with the University of New Zealand Statute “Terms and Lectures”, and pass the examinations hereinafter prescribed.

IV. The examinations for the Diploma shall be the First Professional Examination, the Second Professional Examination, and the Third Professional Examination. They shall be taken in this order. The course of study for each examination shall extend over at least one academic year.

V. A candidate shall be credited with any section (as hereinafter defined) of a Professional Examination in which he has

*Note: Students may enrol for tuition for the Preliminary Examination. Information concerning the course should be sought from the Director of the School of Fine Arts.
passed, but no candidate shall enter in the same year in the subjects of more than one Professional Examination unless he has obtained the permission of the Professorial Board to do so.

VI. (i) A student may not proceed to his Second Year Professional course of studies if he fails in more than one subject, whether written or practical, of the First Professional Examination.

If he fails in one such subject only, he may proceed to his Second Year Professional course of studies, but must re-submit and pass in the subject mentioned before proceeding to his Third Year Professional course of studies.

(ii) A student may not proceed to his Third Year Professional course of studies if he has failed in more than two subjects, whether written or practical, of his Second Year Professional Examination.

If he fails in not more than two such subjects, he may proceed to his Third Year Professional course of studies, but he shall re-submit these subjects at the end of his Third Professional Year.

(iii) Should any student fail in not more than two subjects, whether written or practical, of his Third Year Professional Examination, he may offer himself as a candidate in these subjects at the Professional Examination of the year next following.

(iv) Save in special circumstances and with the approval of the Professorial Board no candidate for the Diploma in Fine Arts may sit more than twice to complete the First, Second or Third Professional Examinations.

VII. Diploma with Honours in Fine Arts.

There shall be a Diploma with Honours in Fine Arts, the course for which shall extend over one academic year after the candidate has qualified for the Diploma of Fine Arts.

VIII. A candidate for the Diploma with Honours in Fine Arts shall give the Professorial Board satisfactory evidence of his ability before proceeding to the Honours course and shall keep terms in accordance with the University of New Zealand Statute “Terms and Lectures”.

IX. Subject to the approval of the Professorial Board, a candidate may take Honours in Painting, or in Mural Painting, or in Sculpture, or in Design for Printed Reproduction, or in
Exhibition Design, but may not take Honours in more than one subject in the same year.

X. Notice of entry for the Professional examinations, together with the prescribed fee, must be sent to the Registrar of the University of Auckland not later than the tenth day of June preceding the examination.

XI. Subject to the provisions of the University of New Zealand Statute “Conduct of University Examinations”, the examination fee for the Professional Examinations shall be that prescribed in the University of New Zealand Statute “Fees”; provided that the fee for the submission of a practical exercise shall be the same as the fee for a written paper.

XII. Candidates who have taken any course at a recognised school of Fine Arts other than the course prescribed in these regulations, may with the approval of the Professorial Board, be credited with subjects in which they have already passed in that course.

XIII. Candidates who have been credited with passes under the Statute superseded by these Regulations shall be allowed to complete their course under the conditions of that Statute, provided that they do so not later than the examination of 1963.

XIV. The subjects for the Professional examinations shall be as follows:
1. The Fine Arts First Professional Examination shall consist of two sections (a) and (b).
   (a) A candidate shall submit examples of his work in each of the following:
      (i) Drawing
      (ii) Elements of Graphic Design
      (iii) Drafting (i.e. Geometrical Drawing and Elementary Perspective)
      (iv) Two subjects chosen from the following list:
           Still Life Painting; Modelling; Calligraphy and Lettering; Printing Media; or such other subject or subjects as may be approved from time to time by the Professorial Board.
   (b) History of Art, and Methods and Materials (one paper).
2. The Second and Third Professional Examinations shall each consist of two sections (a) and (b).
Section (a): (For both Second and Third Examinations):

A candidate shall submit examples of his work in each of the following:

(i) Freehand Drawing;
(ii) One of the five groups of subjects listed in Column 1 below as major studies;
(iii) One or more of the subsidiary subjects listed in Column 2 below.

Both the major study and the subsidiary subject or subjects shall be chosen by the candidate in consultation with the Director of the School. A major study, having been selected, shall be pursued for a period of at least two years. No other major study may be substituted during this time for that originally chosen.

Any subject in Column 2 below may be offered individually as a subsidiary subject, provided that a candidate shall not offer as a subsidiary subject a subject which also forms part of the major study of his choice.

Section (b): (For the Second Examination): Candidates will present a written paper as indicated below:

Candidates presenting as a major study Painting, or Mural Painting, or Sculpture, will present History of Fine Arts (one paper).

Candidates presenting as a major study Design for Printed Reproduction, or Exhibition Design, will present History of Art in Industry (one paper).

Section (b): (For the Third Examination): All candidates will present the written paper History and Theory of Architecture (one paper).

The work of a candidate in projects and tests set during the year shall be taken into account in assessing the work presented by a candidate for the First, Second and Third Professional Examinations respectively.

Candidates shall be granted a pass in Section (a) of a Professional Examination if the collection of examples submitted is judged satisfactory by the Examiners. A candidate may not pass in one or more separate subjects of the group constituting his major study, but may re-submit examples of his work if required to take the examination again in a subsequent year.
Examinations for the Diploma with Honours

3. The award of Honours shall be based on a panel of work done by the candidate during the year, consisting of not fewer than five and not more than ten drawings or executed designs in one of the major studies listed in Regulation IX above.

POST-GRADUATE SCHOOL OF OBSTETRICS AND GYNAECOLOGY

Professor Carey
Dr Green Mr Kyle

The School is conducted in association with the National Women’s Hospital, Green Lane, S.E.4. Facilities for post-graduate education offered by the School are:—

(a) Diploma in Obstetrics of the University of New Zealand:
This is a general practitioner qualification and serves to distinguish those general practitioners who have been trained to handle the common abnormalities encountered in Obstetrical practice. A six months’ resident appointment to the staff of a teaching obstetrical and gynaecological unit is required before candidates are allowed to sit the examination. Details of such appointments are available on application.

A candidate who has held a recognized qualification for at least seven years, and who submits evidence of having personally conducted at least 300 deliveries, is exempted from the residential training in obstetrics and gynaecology above mentioned. This condition will not apply after 1962.

(b) Specialist Training in Obstetrics and Gynaecology:
(i) Membership of the Royal College of Obstetricians and Gynaecologists:

The Royal College requires two years’ experience on the resident staff of a recognized hospital, such as the National Women’s Hospital, before accepting candidates for the M.R.C.O.G. examination. Details of such appointments and of the instruction which goes with them are available on application.

(ii) M.D. or Ch.M. Degrees:

Research appointments are available at the National Women’s Hospital and afford the opportunity of preparing a thesis for the M.D. or Ch.M. Degrees of the University of New Zealand. Applications for these research appointments will be considered from medical practitioners interested in obstetrical or gynaecological research even if they do not intend working for a higher qualification.
(c) Refresher Work for General Practitioners:

(i) Appointment to the resident staff of National Women’s Hospital for periods of one to four weeks can be arranged at various times throughout the year. These short-term appointments afford an opportunity of attending the teaching programme of the hospital as well as gaining practical experience in some of the common obstetrical procedures.

Practitioners living in or visiting Auckland are welcome to attend any of the teaching rounds, lectures or clinics. Details of the weekly teaching programme are available on application.

(ii) Short Courses of a week’s duration are held at frequent intervals. These courses are conducted by the full-time and part-time staff generally with an overseas visiting Professor or other notable figure on Obstetrics and Gynaecology as guest speaker. They serve as refresher courses and also cover the theoretical material required for the Diploma in Obstetrics.

DIPLOMA IN OBSTETRICS
Dip. Obst.

University of New Zealand Statute

I. The Diploma in Obstetrics shall be granted to a candidate who:—

(a) has passed the qualifying examination, as hereinafter defined.

(b) has satisfied the conditions of the award of the Diploma, as set out in Clause II below.

II. (a) Every candidate for the Diploma in Obstetrics shall have held a recognized medical qualification for at least two years, shall have been fully registered as the holder of such a qualification for at least twelve months, and shall have held a resident appointment for at least one year at a hospital recognized by the Medical Council. In addition, he shall have held a resident appointment for at least six months in Obstetrics and

355
Gynaecology at a hospital recognized by the Royal College of Obstetricians and Gynaecologists.*

(b) Provided that a candidate who has held a recognized qualification for at least seven years, and who submits evidence of having personally conducted at least 300 deliveries, shall be exempted from the residential training in Obstetrics and Gynaecology above mentioned. This condition shall not apply after five years from the bringing in of these regulations.

III. The examination for the Diploma in Obstetrics shall consist of one written paper of three hours' duration, a clinical examination and an oral examination.

IV. The examination shall include questions on the physiology, pathology and management of normal and abnormal pregnancy, labour and puerperium, including the care of the new-born during the first month of life.

In addition, the candidates will be required to have a knowledge of the physiology and pathology of Medical Gynaecology, including abnormal menstruation, abortions, infertility, vaginal discharges, ectopic pregnancies, moles, amenorrhoea and dysmenorrhoea, diagnostic facets of malignancy and such minor surgical procedures as may be encountered in a predominantly obstetrical practice.

V. The examination shall be held once each year in either March or April. The written paper may be taken either at the Post-graduate School of Obstetrics and Gynaecology, University of Auckland, or at the University of Otago; and the clinical and oral examinations shall be held at whichever of these two centres shall have the most candidates.

VI. A candidate for the Diploma in Obstetrics must submit his entry with the prescribed fee to the Registrar, University of Auckland, not later than 1st November.

VII. Subject to the provisions of the University of New Zealand Statute “Conduct of University Examinations”, the fee for the examination shall be that prescribed in the Statute “Fees”.

*At present the National Women's Hospital, Auckland, the Waikato Hospital, Wellington Hospital and the Dunedin Hospitals are recognized for Obstetrics and Gynaecology. St. Helens' Hospital, Christchurch, is recognized for Obstetrics only. A three months' resident appointment in Gynaecology in a recognized hospital, in addition to a purely obstetrical appointment, will be accepted.
INTERMEDIATE AND PRELIMINARY COURSES

Subjects are available at the University of Auckland which will enable students to fulfil the requirements of first-year examinations in the following courses:

*Degrees* (University of New Zealand): Agriculture, Architecture, Dentistry, Engineering, Home Science and Medicine.

*Degrees* (Universities of Brisbane and Sydney): Veterinary Science.

*Diplomas* (University of Otago): Home Science, Land Surveying.

*Diplomas* (University of Auckland): Architecture.

*Professional*: Architecture for N.Z.I.A.

*Subjects of Examination*

**Agriculture Intermediate**: Chemistry I, Physics IA, Zoology I.

In certain cases Botany I may be substituted for Zoology I.

**Architecture Intermediate**: Physics IA or IB and two other subjects from the list on page 308.

**Dental Intermediate**: Chemistry I, Physics IA, Zoology I.

**Engineering Intermediate**: Chemistry I, Pure Mathematics I, Applied Mathematics I, Physics IB.

**Home Science Intermediate**: Chemistry I, Physics IA, Zoology I.

**Medical Intermediate**: Chemistry I, Physics IA, Zoology I.

**Surveying Intermediate**: Geology I, Pure Mathematics I, Physics IA or IB.

**Veterinary Intermediate**: Chemistry I, Physics IA, Zoology I, with the addition of a short course in Botany. Since this course does not lead to a New Zealand degree, students should make their examination entries as for the Medical Intermediate examination.

For full information on these courses students should consult the Calendars of the teaching institutions.
TIMETABLES

The following section contains timetables for students in the faculties of Arts, Science, Commerce, Law and Music.

Timetables for students at the Special Schools will appear on School noticeboards at the beginning of the 1961 session.

**SCIENCE FACULTY TIMETABLE**

Stage I lectures and laboratories are given in sets. Before the beginning of the session students will consult Departmental noticeboards to see which sets of lectures and laboratories they are required to attend.

Note 1. For Geography times see Faculty of Arts timetable.

2. The times for Advanced Mathematics and Zoology IIIB will be arranged by the Departments concerned.

3. "Priority" laboratories in Stage II and III subjects have precedence over other laboratories.

*Note for Music I students: Set Works “B”, History “B” and Preliminary Aural “B” are repeats of the three respective “A” lectures in these subjects. Harmony “A” class is for beginners in this subject. Harmony “B” is for students who have previous experience in harmony. Grading into Harmony “A” or “B” will be done at the commencement of Term I.*
O'RORKE HALL

O'Rorke Hall provides full accommodation for both men and women students.

Fees are payable by the term or half-term in advance, and in 1961 will be £4/5/0 a week for single rooms, £3/18/6 for rooms shared by two, and £3/13/6 for rooms shared by three. These figures are subject to review each term. In addition, with their applications for admission, students must deposit £5 with the Registrar to cover possible liabilities to the Hostel. If the applicant is not accepted this deposit will be refunded. If he is accepted, it will be held in a general fund, part to meet outstanding liabilities due by the body of students to the University and part to meet outstanding liabilities due to the University by individual students.

In the case of a student leaving the Hostel during the year, the Warden shall determine the amount to be repaid to the student out of the general fund.

Applications for admission must be made on the prescribed form and lodged before 30th November, with the Registrar, University of Auckland, from whom application forms and information circulars are obtainable in September.
STUDENT HEALTH SERVICE

A voluntary Health Service for University of Auckland students, initiated in 1954 by the Health Department, will be continued in 1961 under arrangements made by the University with a private practitioner.

The Service is primarily educational and preventive, and is designed to help students to maintain an optimum state of health. All matters pertinent to the student’s health are discussed and the discussion is followed by a physical examination. Should the interview reveal any condition which requires treatment, the student may be referred to his own medical adviser. The discussion, examination and its results are entirely confidential between the doctor and student.

To join the Health Service, students must enrol at the Office. This can be done at any time, but the appointments will be staggered throughout the year, and early enrolments will receive priority. In due course arrangements will be made for a suitable appointment.

STUDENT ADVISERS

The services of Student Advisers appointed from the teaching staff will be available to assist students with academic and personal problems during the season of 1961.

Further information in this regard will be issued to all students during enrolment.

STUDENTS' ASSOCIATION ACTIVITIES

All students who enrol at the University are required to join the Auckland University Students' Association and to pay the prescribed fee. At present this fee is £5 of which £3 is devoted to the building fund. The Association is an incorporated body constituted and administered in accordance with the registered Rules.

The Association has broad aims and purposes. It seeks to unite students for the good of the University, to represent students in all spheres in which their interests are concerned, and to foster the intellectual and social life in the University.

The control of the business and affairs of the Association rests principally with the Executive Committee. The Executive dates back to at least 1899 when clubs of twenty-five members elected a representative to the Executive. By 1922 the number of such clubs had so increased that the Executive had become unwieldy, and from that year the Executive has been elected by the Association as a whole. Of more recent times the work of the Executive has tended to become more specialised, and the present system of electing Executive members to specific portfolios was introduced in 1956. The Executive Committee now comprises the President, the two Vice-Presidents, the Treasurer and twelve portfolio holders.

Through the Executive, which acts as a co-ordinating body, a very wide variety of activities is undertaken by the Association. Perhaps the most important of these activities are those of the affiliated clubs and societies. Any body of students can apply to the Executive for affiliation as a club or society, and thereby become eligible for a financial grant from the Association. Many of the clubs have been active for a considerable number of years, and are well known in Auckland. In recent years many nationally famous athletes, rugby players, cricketers, riflemen, and swimmers began their sporting careers in University clubs. The sports clubs can cater for almost all sporting interests, and most of the clubs participate in inter-club and inter-University competitions. The more intellectual interests are catered for by the affiliated societies such as the religious societies, the field club and the political societies. The total number of affiliated clubs and societies now exceeds 50, and these facilities are used by a very large proportion of the University population.
Also well known are the Association's activities during the annual Capping Week. These celebrations, now established traditions, commenced in the 1890's with demonstrations and displays at the capping ceremony. Over the years the field of the celebrations extended, and now the capping activities include the production of Revue, the conducting of the procession, and the publishing of the Capping Book. These take place in the final week of the first term.

The Association undertakes frequent social functions, and these fulfil an important purpose and are well supported by students. The Capping Ball is now held in the Peter Pan Cabaret and is always a particularly popular function. Other balls, numerous small dances, known as "coffee evenings", and similar functions are held from time to time.

The Association endeavours to promote student welfare in many other ways, not the least of which is the publication of "Craccum", the student newspaper. Ten issues of "Craccum" appear each year, and the paper, traditionally expressing students' opinions, engenders considerable interest.

The Executive acts as the official mouthpiece for the Association, and not infrequently makes official statements and takes official action on behalf of the Association in the interests of the student body. The Students' Association now has a permanent representative on the University Council, at present Mr. A. W. Young, LL.B., a former President of the Association.

The Association controls the student block at the University. Unfortunately, with the great increase in student numbers in recent years, the facilities in the student block fall far below the Association's needs. There are common rooms for the men and women students respectively, locker rooms, reading rooms and a meeting room. The Association office is situated on the lower floor of the student block, and is in the care of Mrs. E. McCrorie, the Association's full-time secretary. The office is open in term time from 12 noon to 1.30 p.m., 2.30 p.m. to 3.15 p.m., and 4.30 p.m. to 6 p.m. each week day, and during those hours enquiries for information can be made, and minor stationery requirements purchased.

A large section of the student block is taken up by the Cafeteria. Until recently the Cafeteria was run by the Association itself, but, with the turnover increasing with the rise in the
student roll, the project became too large for the Association to handle efficiently. The Cafeteria is now run on contract by Mr. W. White, and the services provided include morning and afternoon teas, lunch, and evening dinner.

The Association's record over the years has been one of negotiation for the improvement of facilities, for extensions to student activities and for representation in matters involving the interests of students.

That the Association can and does benefit those who take an active part in its affairs is evidenced by the large number of persons who, as students, were active members of the Executive and affiliated clubs, and who, in later life, achieved distinction in their respective fields.

THE NEW ZEALAND UNIVERSITY STUDENTS' ASSOCIATION

The New Zealand University Students' Association (known as N.Z.U.S.A.) is, as its name implies, a national organization to which the six constituent University Institutions belong. Its aims are precisely those of the separate associations interpreted in national and international instead of local terms.

Thus it speaks and acts on behalf of its member associations in all matters affecting students throughout New Zealand and best dealt with at the national level—for example, the student health scheme and the plan for an improved bursaries system.

Similarly, N.Z.U.S.A. encourages inter-university student activity. It supervises the Easter and Winter sports tournaments (held at each of the main Universities in rotation), the annual Joint Scroll debating contests, the triennial Bledisloe Medalatory contests, and the annual drama contests. Another event is the annual congress, held in the long summer vacation at a suitable seaside resort where, led by eminent speakers, students meet to discuss current problems and exchange ideas. All these activities aid mutual understanding and have a valuable unifying influence.

At present the major international work of N.Z.U.S.A. is to foster closer relations with Australian and S.E. Asian students. N.Z.U.S.A. is a member of the International Student Conference, the I.S.C., which has its permanent headquarters and secretariat in Leiden, Holland; international conferences of this organisation, to which New Zealand sends a delegation, are held every eighteen months in various parts of the world. Mr. A. W. Young, President of Auckland in 1958-59, was one of the two New Zealand delegates to the most recent I.S.C. held at Klosters, Switzerland, last year. From time to time delegates attend council meetings of the National Union of Australian University Students (N.U.A.U.S.), and last year the President of N.U.A.U.S. attended the Easter Council Meeting of N.Z.U.S.A. At the beginning of last year three delegates from New Zealand attended an Asian Regional Co-operation seminar in Kuala Lumpur, which was held to discuss various problems facing students in South-East Asia, especially in fields of Student Press, Welfare and Travel. The International Union is responsible for
organising the annual exchange between Dominions of students on working vacations. Recent sports tours under the auspices of N.Z.U.S.A. were the tour to Australia of New Zealand University Ski, Athletic and Swimming teams and an Australian Hockey team touring New Zealand.

N.Z.U.S.A. is administered by a resident executive in Wellington to which one representative is elected by each University executive. Matters of policy, however, are decided at meetings of the N.Z.U.S.A. Council where delegations from the University associations confer twice a year.

FORM OF LEGACY

I give (free from legacy duty) the sum of pounds to the University of Auckland, established at Auckland by The University of Auckland Act 1954, and I declare that the receipt of the Registrar for the time being of the said University shall be a sufficient discharge for the said legacy.

NOTE.—If any special direction or condition is to be attached to the Legacy, insert it here.

FORM OF ATTESTATION FOR A WILL

Signed by the testator as and for his last will and testament, in the sight and presence of us together, who in his sight and presence, at his request and in the sight and presence of each other, have hereunto subscribed our names as witnesses.

The University of Auckland

P.O. BOX 2175, C.P.O., AUCKLAND, N.Z.

The following notes have been prepared for the information of prospective students.

1. University Calendar: The University of Auckland Calendar for 1961 will be available in January 1961 and copies may then be obtained from the Registry (24 Princes Street, Auckland) at the price of 2/6d per copy (plus 6d postage, where applicable).

The Calendar contains the Regulations governing the various Degree and Diploma Courses offered by the University of Auckland, together with the syllabi and prescribed books for the subjects which may be taken for those courses. Information regarding tuition fees, timetables for classes, procedure and dates for entering for examinations, and other data of general interest to students, will also be found in the Calendar.

2. Schools of Architecture, Engineering, and Fine Arts:

In addition to the Course Regulations, etc., published in the Calendar, each of the Special Schools as above publishes its own prospectus containing detailed information relating particularly to the Special School concerned. Copies of these prospectuses may be obtained by writing directly to the Special Schools as follows:

(a) School of Architecture, Symonds Street, Auckland.

(Prospectus will probably be available about end of November 1960).

(b) School of Engineering, Ardmore P.O., Papakura.

(Prospectus available now).

(c) School of Fine Arts, Great North Road, Auckland.

(Prospectus will probably be available towards the end of November 1960).

3. Admission Qualifications:

(a) University Entrance. The normal admission qualification for University studies in New Zealand is the New Zealand University Entrance Examination whether gained by actual examination pass or by accrediting from an approved accrediting school. The University Entrance Examination is conducted by the University of New Zealand, Wellington, and all enquiries relating thereto should be addressed to the Registrar, University of New Zealand, Box 8035, Wellington.

(b) Admission "ad eundem statum":
Candidates for admission to a University in New Zealand, who have passed examinations which would qualify them for entrance to a University overseas, may, at the discretion of the Senate of the University of New Zealand, be admitted "ad eundem statum" on the basis of their overseas qualifications. Admission "ad eundem statum" may be either at the Entrance level, or where University passes have already been obtained overseas, with certain credits towards a New Zealand degree or diploma. All enquiries regarding admission "ad eundem statum" should be made directly to the Registrar, University of New Zealand, Box 8035, Wellington, New Zealand.

(c) Provisional Admission:
In certain cases the Professorial Board is prepared to consider applications for admission to specific degree or diploma courses at the University of Auckland from candidates who are not less than 21 years of age on the 1st day of June in the year in which application is made, and who have not passed or been accredited with the University Entrance examination, or been admitted "ad eundem statum". Application forms may be obtained
from the Registry, University of Auckland. Completed applications, which must be lodged well before the beginning of the Session, must be accompanied by the prescribed fee of £2 15s. 0d, and must give details of previous education, the course it is desired to enter, and such other evidence as may indicate that the applicant is qualified to enter upon the course chosen with reasonable prospect of success. In general, Provisional Admission will be limited to internal students at either Auckland or Hamilton, and will not be granted to candidates who are seeking exemption from lectures. Applications may, however, be considered from candidates who are actually enrolling for extramural studies in the subjects taught at the Department of Extramural Studies of the Victoria University of Wellington, at Palmerston North (see 5 below).

4. Enrolment of Internal Students:

(a) The University, Auckland.
Enrolment of internal students for the 1961 Session will take place during the period Monday 20th February to Friday 24th February 1961 inclusive. Students will be required to attend at the University, Princes Street, for enrolment in accordance with the timetable set out on page 4.

(b) Waikato Branch at Hamilton
Lectures and tutorials are being offered at the Branch University at Hamilton during the 1961 Session in the following subjects:

- English I
- History I
- Geography I
- Education I

Subject to the appointment of lecturers.

Candidates in the Waikato, who wish to enrol for any of these subjects, will attend for enrolment at the Branch University, Melville, Hamilton, on Wednesday, the 15th day of February 1961, between the hours of 9 a.m. and 3 p.m.

NOTES for Internal Students:

(1) Candidates for enrolment or re-enrolment in Stage I Science Classes in 1961 are required to make prior application for admission to such classes on the forms prescribed, not later than 30th November 1960. Forms may be obtained from the Registry.

(2) Professional Engineering students will attend the School of Engineering at Ardmore to interview Heads of Departments and the Dean of the Faculty on Thursday, 23rd February 1961.

(3) Payment of the prescribed enrolment fee of £2 will be waived in the case of students who complete the enrolments in accordance with the above timetable. Students who enrol on or after 27th February will pay the enrolment fee. If enrolment is delayed beyond the end of the first week of term, a cumulative fine of £1 per week will be paid (in addition to the enrolment fee) for each week by which the enrolment is delayed.

(4) Students are advised to note particularly the new regulation approved by the University Council with regard to refunds of fees where courses are amended after enrolment. Under this regulation a full refund of fees paid will be allowed in respect of subjects deleted within one calendar month from the first day of term. No refund whatsoever will be made where it is sought to delete subjects, later than 27th March 1961. Holders of Education Department bursaries, Government Study Awards, Training College bursaries, Post-Primary Teachers' Studentships, etc., should note that the University will claim tuition fees from the Department or authority concerned in respect of those subjects for which they are enrolled as at the 27th March 1961, and that no amendments to courses involving alteration to this claim can be accepted after that date.

5. Exemption from Lectures:
Candidates residing within the area of jurisdiction of the University of Auckland, who are prevented from attending lectures either by virtue of distance from the main University or the Waikato Branch or for other good reason (shown to the satisfaction of the Professorial
Board) may apply for exemption from lectures in subjects for certain Degree and Diploma Courses. Exemption will not be granted in subjects where practical work and attendance at laboratories are required, e.g., Chemistry, Geography, Psychology, etc., or for Masters Degrees. Candidates for exemption should study carefully the provisions relating to exemption from lectures contained in the chapters "Terms and Lectures" and "General Information in Relation to External Students" in the University of Auckland Calendar. Attention is drawn to the fact that the following subjects are now taught extramurally at the Victoria University of Wellington's Branch College at Palmerston North:—

- English I
- Education I
- History I
- Pure Mathematics I
- Applied Mathematics I

The Victoria University of Wellington will call for preliminary enrollments by public advertisement before the end of 1960 in order that some estimate may be made in advance of the number of students who are likely to enrol in 1961 for extramural tuition in the above subjects. Applicants for exemption from lectures in any of the above five subjects, who reside in the Auckland University District, must make formal application to the University of Auckland even although they may have already answered the Victoria University of Wellington's advertisement regarding preliminary enrolment. If the Professorial Board so recommends, these applicants will be granted exemption from attendance at lectures at Auckland or Hamilton but will at the same time be enrolled at Palmerston North for extramural tuition. They will be required to keep Terms in the subjects for which they are so enrolled by the completion of written assignments to the satisfaction of the Director of Extramural Studies at Palmerston North and will pay directly to the Registrar, Victoria University of Wellington, the appropriate tuition and administrative charges after receiving advice from him to the effect, that they have been accepted for extramural tuition.

The closing date for applications in respect of Palmerston North subjects will be 28th February 1961.

The University of Auckland will continue to grant exemption from lectures (Terms) in appropriate cases in respect of those subjects not taught extramurally at Palmerston North and in respect of which exemption can suitably be granted.

The closing date for applications in respect of these University of Auckland subjects will be 31st March 1961. (The fee for exemption is £3 3s 0d for any number of subjects, and must accompany the application.)

All enquiries regarding exemption from lectures by candidates residing in the Auckland University District should be addressed to the Registrar, University of Auckland, P.O. Box 2175, C.P.O., Auckland, New Zealand.

6. Examination Entries:
Candidates for Degree or Diploma examinations should note that examination entries close as follows:

- 10th May: Honours and Engineering Professional.
- 10th June: All other Degree and Diploma examinations.

An actual examination entry on the prescribed form must be made with the Registrar, University of Auckland, by the above closing dates and must be accompanied by the appropriate fees. Enrolment and/or exemption from lectures do not of themselves automatically entitle a candidate to sit for examinations.

J. A. KIRKNESS,
Registrar.
