GENERAL
STATUTES
AND
REGULATIONS

Statutes and regulations at present in force are printed in the Calendar, and this is deemed to be sufficient announcement to all members of the University.
CONFERRING OF DEGREES AND ACADEMIC DRESS

REGULATIONS

1. Every Degree and every Diploma of the University shall be conferred or awarded in pursuance of a resolution of the Council in that behalf and at a meeting of the Council by the Chancellor or if he is absent from New Zealand or incapacitated by sickness or otherwise then by the Vice-Chancellor.

2. Every recipient of a Degree shall receive a certificate in appropriate form, under the Common Seal of the University, that his degree has been conferred and stating the class of honours (if any) awarded to him.

3. Every Diploma shall be in appropriate form under the Common Seal of the University.

4. In May of each year the Council shall meet in Convocation of the University for a ceremony of conferring Degrees and awarding Diplomas. Any person desiring to have his Degree conferred, or his Diploma awarded (whether in person or in absentia) at such a ceremony shall give notice of his desire to the Registrar not later than 10 April in the year of the ceremony.

5. The form of words to be used by the Chancellor or the Vice-Chancellor in conferring a Degree shall be as follows:

   'By authority vested in me as Chancellor (or Vice-Chancellor) I now proceed to confer the Degrees stated upon those who, within their several Faculties, have satisfied the requirements of this University.'

6. The form of words to be used by the Chancellor or Vice-Chancellor in awarding a Diploma shall with the necessary changes be the same as for the conferring of a Degree.

7. The regulations for academic dress shall be as follows:

   (i) Graduates must appear at all public ceremonies of the University in the academic costume proper to their degree, but doctors may on special occasions wear a scarlet gown and graduates admitted ad eundem statum may wear the academic costume of their own University. Unless the holder of a diploma is also a graduate, the only academic dress he may wear is an undergraduate gown.

   (ii) The robe for the Chancellor of the University is a blue
damask gown with facings of gold lace, bearing on each shoulder the coat of arms of the University. The cap is a black velvet trencher with gold lace and tassel.

The robe for the Pro-Chancellor is a black silk gown with facings of blue silk and gold lace, bearing on each shoulder the coat of arms. The cap is a black velvet trencher with gold tassel.

The robe for the Vice-Chancellor is a blue silk gown with facings of silver lace, bearing on each shoulder the coat of arms. The cap is a black velvet trencher with silver lace and tassel.

The robe for the Registrar is a gown of black silk with facings of blue silk, bearing on each shoulder the coat of arms. The cap is a black velvet trencher with black silk tassel.

(iii) The gown for a Bachelor's degree is as for the Cambridge Bachelor of Arts. The gown for a Master's degree is as for the Cambridge Master of Arts. The hood for every degree is the size and shape as for the Cambridge Master of Arts. The hood for a Bachelor's degree is lined with coloured silk and bordered with white fur. The hood for a Master's degree is lined with coloured silk only.

The colours of the linings of the hoods may be seen on a chart at the Registry, and are as follows: Architecture — lemon; Arts — pink; Commerce — orange; Engineering — violet; Fine Arts — metallic gold; Law — light blue; Music — white; Science — dark blue.

(iv) The gown for the degree of Doctor of Philosophy is as for the Cambridge Master of Arts. The hood is made wholly of scarlet silk.

(v) The gown for a Doctor's degree other than that of Doctor of Philosophy is as for the Cambridge Master of Arts but it is made of black silk or of scarlet silk or cloth. The hood is made wholly of silk and is of the following colours for the different degrees; LittD — pink; DSc — dark blue; LLD — light blue; MusD — white.

(vi) The cap for all graduates other than the officers of the University is a black trencher with a tassel.
MATRICULATION REGULATIONS

1. To matriculate a student must —
   (a) if he has been previously enrolled at another University or University College in New Zealand disclose that fact and apply to the Registrar for the transfer of his academic record; or
   (b) have been granted either by accrediting or examination the University Entrance qualification by the Universities Entrance Board; or be reported by the Examiners of the Entrance Scholarships examination to be qualified to pass the University Entrance examination; or
   (c) have been granted admission ad eundem statum by the Universities Entrance Board at the standard of the University Entrance examination; or
   (d) have been granted admission under the provisions of the Admission Ad Eundem Statum Regulations; or
   (e) have been granted admission under the Provisional and Special Admission Regulations.

2. (a) No person shall be eligible to matriculate while enrolled for full-time instruction in a secondary school, combined school or registered private, secondary, or technical school.
   (b) No person shall be eligible to matriculate unless he has attained the age of sixteen years by 31 December in the year preceding his application for matriculation or has obtained the permission of the Senate to matriculate before attaining that age.

3. The Senate may in exceptional circumstances permit a person who has not attained the age of sixteen years to matriculate.

4. Matriculation Declaration: Every student shall upon entering the University make the following declaration: 'I do solemnly promise that I will faithfully obey the Statutes and Regulations of the University of Auckland so far as they apply to me.'

5. (a) All students, other than those enrolled for the Diploma in Obstetrics, shall complete the matriculation declaration not later than 31 March or such later date that Senate approves in the year in which they enrol.
   (b) A student who enrols for the Diploma in Obstetrics, and who is required to matriculate, shall complete the matriculation declaration not later than 30 November or such later date that Senate approves in the year in which he enrols.
PROVISIONAL ADMISSION AND SPECIAL ADMISSION REGULATIONS

Subject to the provisions of the University of Auckland Act 1961 section 24, and to the provisions of these regulations any candidate who is not otherwise qualified for admission to the University may be granted provisional or special admission to courses for degrees or diplomas or professional qualifications or a certificate of proficiency.

Provisional Admission

1. A candidate who has attained the age of twenty-one years by 31 December in the year preceding that for which application is made may be granted provisional admission to a course of a degree, or diploma, or professional qualification, or certificate of proficiency provided that this minimum age requirement may be waived where the candidate is otherwise eligible to be granted admission to a course on the basis of any of the following qualifications:
   (a) the New Zealand Certificate in Engineering:
   (b) the New Zealand Certificate in Drafting:
   (c) the New Zealand Certificate in Science.

2. Until the provisional admission has been confirmed the student shall be entitled to enrol only for the subject or units of the course for which provisional admission was granted.

3. The provisional admission shall be confirmed when the candidate
   (a) having been admitted direct to a Professional year in Architecture, Engineering, or Fine Arts has been credited with a pass in the whole of a Professional Year or its equivalent, or
   (b) in any other case has been credited with a pass in not fewer than three units of his course.

4. When provisional admission has been confirmed a candidate may enrol for any other course for which he is eligible.
Notes: (i) If candidates are under the age of 25 they will generally be advised by the Senate to sit the University Entrance Examination, unless their applications show professional or technical qualifications such as nurses', mariners' or air pilots' certificates.

(ii) Consideration will be given to the amount and kind of secondary school education gained by the applicants and preference will be given to those who are prepared to attend the University full-time.

(iii) Provisional Admission will not be granted to extramural students save in very exceptional circumstances.

Special Admission

5. A candidate is eligible to apply for special admission to the course for the Executant Diploma in Music if he has:

(a) attained the age of sixteen years by 31 December in the year preceding that in which he intends to enrol, and

(b) passed the School Certificate Examination, and

(c) passed the Course Entrance Examination.

6. A candidate is eligible to apply for special admission to the course for the Diploma in Fine Arts if he has:

(a) attained the age of sixteen years by 31 December in the year preceding that in which he intends to enrol, and

(b) been a student for at least three years at a post-primary school, and

(c) passed the Fine Arts Preliminary Examination as defined by the Universities Entrance Board, provided that a candidate who has passed the Fine Arts Preliminary Examination under the 1962 Regulations shall also be required to satisfy the Senate that he has attained a satisfactory standard in English.

7. A candidate is eligible to apply for special admission to the course for the Diploma in Town Planning if he

(a) has attained the age of twenty-one years by 31 December in the year preceding that in which he intends to enrol, and
(b) (i) has been admitted or has qualified for admission to a Degree other than Architecture or Engineering,

or (ii) holds a professional qualification in Architecture, Engineering, Surveying, or Town Planning.

8. A candidate is eligible to apply for special admission to the course for the Diploma in Building and Construction Management if he

(a) has attained the age of twenty-one years by 31 December in the year preceding that in which he intends to enrol, and

(b) (i) has been admitted or has qualified for admission to a Degree other than Architecture or Engineering;

or (ii) holds or has qualified for the award of a professional qualification in Architecture, Engineering, Surveying or Quantity Surveying;

or (iii) has had not less than five years' responsible practical experience in Architecture, Engineering, Building and Construction or Quantity Surveying; provided that the Senate may approve a shorter period of practical experience where the candidate has followed an approved course of study at a University for at least two years and passed the appropriate examinations.

9. A candidate is eligible to apply for special admission to the course for the Diploma in Business and Industrial Administration if he

(a) has attained the age of twenty-one years by 31 December in the year preceding that in which he intends to enrol, and

(b) (i) holds or has qualified for the award of a professional qualification in Accountancy, Engineering, Science, or other approved discipline;

or (ii) holds or has qualified for the award of the
New Zealand Certificate in Engineering with outstanding merit;

or (iii) has had not less than five years' responsible experience in industry; provided that the Senate may approve a shorter period of practical experience where the candidate has followed an approved course of study at a University for at least two years and passed the appropriate examinations.

10. A candidate who is granted special admission to a course is entitled to enrol only for the course for which special admission was granted.

PROCEDURE

11. A candidate seeking provisional or special admission shall

(a) make application to the Registrar on the appropriate form, and
(b) submit satisfactory evidence of age, and
(c) submit evidence of educational qualifications, and also, in the case of applications for provisional admission, any other evidence to indicate that he is qualified to enter upon the course with reasonable prospect of success, and
(d) pay the prescribed fees, and
(e) for all courses other than the course for the Diploma in Obstetrics make application not later than 31 January in the year in which he wishes to enrol provided that on payment of the prescribed fees and a late fee of $5, an application may be considered if it is made not later than the last day of the enrolling period preceding the commencement of the first term.

Notwithstanding anything in this section, on payment of a fine of $10 in addition to the prescribed fees and late fee, and subject to the approval of the Vice-Chancellor, an application may be considered after the last day of the enrolling period in each year.

(f) for the course for the Diploma in Obstetrics make application not later than 1 November in the year in which he wishes to enrol.
ADMISSION AD EUNDENM STATUM REGULATIONS

1. Subject to the provisions of the University of Auckland Act, 1961, S.24, and to the provisions of these regulations the Council may admit any person ad eundem statum to any degree or other academic qualification or part thereof.

Credits towards first Degree or Diploma

2. On an application for credits for subjects towards a bachelor's degree or a diploma course the Council may —
   (a) grant credits for specified subjects at specified stages; and,
   or in the alternative,
   (b) grant exemptions in a number of unspecified subjects and grant permission to advance in specified subjects.

Right to proceed to Higher Degree

3. On an application for the right to proceed to a higher degree or diploma with honours, the Council may grant admission to the status of the holder of a degree or diploma with the right to proceed to a specific higher degree or diploma with or without honours; provided that the applicant complies with any prerequisites prescribed or required by Council for such degree or diploma.

Procedure

4. (i) A student from an overseas University shall
   (a) make written application to the Registrar on the appropriate form;
   (b) submit such evidence as the Senate may require of academic standing and of any degree obtained at a former University;
   (c) submit a declaration of identity;
   (d) pay the prescribed fee;
   (e) for all courses other than the course for the Diploma in Obstetrics make application not later than 31 January in the year in which he wishes to enrol provided that on payment of the prescribed fees and a late fee of $5, an application may be considered if it is made not later than the last day of the enrolling period preceding the commencement of the first term.

   Notwithstanding anything in this section, on payment of a fine of $10 in addition to the prescribed fees and late fee, and subject to the approval of the Vice-Chancellor, an application may be considered after the last day of the enrolling period in each year.
(f) for the course for the Diploma in Obstetrics make application not later than 1 November in the year in which he wishes to enrol.

(ii) A student from another University within New Zealand shall
(a) make written application to the Registrar on the prescribed form;
(b) request the Registrar of his former University to forward a copy of his official record to the University of Auckland;
(c) for all courses other than the course for the Diploma in Obstetrics make application not later than 31 January in the year in which he wishes to enrol provided that on payment of the prescribed fees and a late fee of $5, an application may be considered if it is made not later than the last day of the enrolling period preceding the commencement of the first term.

Notwithstanding anything in this section, on payment of a fine of $10 in addition to the prescribed fees and late fee, and subject to the approval of the Vice-Chancellor, an application may be considered after the last day of the enrolling period in each year.

(d) for the course for the Diploma in Obstetrics make application not later than 1 November in the year in which he wishes to enrol.

Completion of Degree or Diploma at another University

5. A student who leaves the University of Auckland district either to reside in another University district within New Zealand or to reside overseas, and who requires to pass in a final subject or section to complete a degree or diploma of the University of Auckland, may, with the approval of the Council, take appropriate examinations in another University, and may with like approval, be granted ad eundem credit for such examinations. Provided that this concession will not be granted within New Zealand if a student has not been credited with a subject at Stage III.

Admission at Entrance Standard

Note: Candidates who are seeking recognition of overseas educational qualifications for the purpose of entry to any New Zealand University should, if admission at entrance standard only is required make written application, with fee of $9, to the Secretary of the Universities Entrance Board, Box 8035, Wellington. (Closing date for applications, 1 August.)
TERMS REGULATIONS

1. These regulations shall apply
   (a) to every student intending to present himself for examination in written papers or oral or practical work, other than a student enrolled in accordance with the Extramural Enrolment Regulations

and (b) in respect of
   (i) every unit, or subject, or part of a unit or subject,

and (ii) every part of a course where that part is required to be passed as a whole,

prescribed for any degree or diploma of the University.

2. Where these regulations apply, a student shall keep terms in a unit, subject, or part of a course by
   (a) attending classes to the satisfaction of the Senate

and (b) performing to the satisfaction of the Senate such oral, practical, written, and other work as the Senate may require

in that unit, subject, or part of a course.

Notes:  (i) Students will be informed by each department of the specific requirements for terms in that department, and the extent to which the year’s work will be taken into consideration in assessing final results.

   (ii) Students in the Course in Human Biology for the Degree of Bachelor of Science and students in the professional examinations for the Degree of Bachelor of Architecture, the Diploma in Architecture, the Diploma in Fine Arts, the Diploma in Fine Arts with Honours, and in the practical units for the professional examinations for the Degree of Bachelor of Fine Arts should note that terms will be awarded not in single units or subjects but in the whole course for which the student is enrolled in that year.

3. A student who satisfies the Senate that he is unable to attend the full course of study for which he is enrolled may, on the recommendation of the Head of the Department concerned, be granted partial exemption from lectures.

Terms Carried Forward

4. (a) Terms in any unit or subject shall be good only for the year in which they are kept, provided that upon application the
Senate may at its discretion permit those terms to be carried forward to a later year in the case of any student who has been refused an aegrotat or compassionate pass in that unit or subject, or, who in the opinion of the Senate, would incur hardship if he were required to keep terms afresh.

(b) Each application for the carrying forward of terms shall be made in writing to the Registrar not later than 31 January of the year next following that in which the terms were kept, or after that date upon payment of a late fee of $5, provided that no such application shall be made later than 21 February next except with the leave of the Senate and upon payment of a fine of $10 in addition to the late fee of $5.

(c) A student whose terms in a unit or subject have been carried forward to a later year shall not be entitled to apply again under this Regulation for those terms to be carried forward; but otherwise he shall be deemed for all purposes to have kept terms in that unit or subject in that later year.

Note: See regulation 3 (e) of the Enrolment and Course Regulations (General).

Failure in Units
5. Students granted Terms Carried Forward are subject to the provisions of Regulation 9 of the Enrolment and Course Regulations (General).

Note: For the purposes of this Regulation students shall be deemed to be engaged in academic studies in that year whether or not they sit their degree examinations.

Multiple Courses and Subjects
6. No candidate shall be eligible to keep terms in the same year for more than two distinct courses for degrees and diplomas. A candidate entering for two such courses shall be permitted to present himself for examination in only two subjects more than the maximum number allowed in either course.

7. No candidate shall be eligible to keep terms in a subject for which he has received credit for another degree or diploma.

8. Subject to the provisions of the course regulations for any degree or diploma, no candidate shall be eligible to keep terms in two stages of a subject in the same year, provided that the Senate may waive this requirement in the case of a candidate of proved merit.
THE FACULTY OF FINE ARTS (LIMITATION OF ENROLMENTS) STATUTE

1. Title and Commencement — (1) This Statute may be cited as the Faculty of Fine Arts (Limitation of Enrolments) Statute 1965. (2) This Statute shall come into force on 1 January 1966.

2. Limitation of Enrolments — Until such time as accommodation for additional students is made available to the Faculty of Fine Arts by the Council, an insufficiency of accommodation shall be deemed to exist in that Faculty, and the maximum number of students which may be enrolled in that Faculty in any year shall be one hundred and twenty-five provided that the Council, having regard to the distribution of students between the First, Second, Third, and Fourth Professional years of the course for the Degree of Bachelor of Fine Arts and in the First, Second, and Third Professional years of the course for the Diploma in Fine Arts and in the course for the Diploma in Fine Arts with Honours, may, in any year, increase that number to such number, not exceeding one hundred and thirty-five, as it thinks fit.
ENROLMENT AND COURSE REGULATIONS (GENERAL)

1. Dates of Terms

(a) There shall be in each year three terms. The first term shall begin on the first Monday after 25 February and shall end on the Saturday preceding the 19th Monday of the Calendar year. The second term shall begin on the 22nd Monday of the Calendar year and shall end on the Saturday of the 11th week thereafter. The third term shall begin on the 36th Monday of the Calendar year and shall end on 31 October of each year. The Easter recess shall extend from Good Friday to the Tuesday of Easter week both days inclusive. The mid-term break during the second term shall consist of the whole of the 6th week.

(b) For the purpose of the holding of such examinations as may be required at the conclusion of the University year, all Lectures and Laboratory courses shall cease about the end of the fifth week of the third term in each year. Under special circumstances lectures may be continued to a date not later than 28 October.

2. General Course Provisions

(a) Subject to the Admission Ad Eundem Statum Regulations and to the express provisions of any other regulations every candidate for a Degree, Diploma or Certificate of Proficiency shall be required to

(i) be a matriculated student of the University;

(ii) follow the prescribed course of study in the order prescribed or indicated in accordance with the regulations governing the course;

(iii) keep terms in the prescribed subject or subjects in accordance with the Terms Regulations;

(iv) carry out the prescribed practical work (if any);

(v) comply with the provisions of the Examination Regulations;

(vi) pass the prescribed examinations.

(b) The personal course of study of every student shall require the approval of the Senate provided that

(i) the Senate may delegate to the Dean of the Faculty within which the student is enrolled the power to give such approval;
(ii) the Senate may in exceptional circumstances approve a personal course of study which does not in every particular satisfy the regulations for the degree or diploma for which the student is enrolled;

(iii) where approval of a personal course of study has been withheld by a decision of the Dean acting under delegation of that power the student may appeal to the Senate against that decision;

(iv) where options are prescribed for a course, the Senate may at its discretion determine which of them shall be available in any year: provided always that sufficient options shall be available to enable a candidate to complete his course.

(c) In relation to the time limit for the presentation of a dissertation, original investigation, or thesis 'academic year' shall in these and all other regulations of the University, unless the context requires otherwise, mean the period from the first day of March in one calendar year to the last day of February in the calendar year next following.

3. Enrolment

(a) Every internal student shall enrol at the University in person before the beginning of the first term in accordance with the detailed enrolment timetable published in this Calendar: provided that where a student is, by reason of illness or of any exceptional circumstances beyond his control, unable to enrol in due time, he may with the permission of the Senate enrol late without penalty if he

(i) applies for that permission on or before 31 January, or as soon as reasonably possible in any case where it is after that date that the student becomes ill or the exceptional circumstances arise; and

(ii) produces with his application a medical certificate or reasonable evidence of the exceptional circumstances relied upon.

(b) Students whose dissertations, original investigations, or theses for a degree, or diploma, are incomplete shall be required to re-enrol at the beginning of each academic year until the dissertation, original investigation or thesis is presented.
(c) Candidates for the Diploma in Obstetrics must complete a formal enrolment and pay the prescribed fees not later than 1 November.

(d) Extramural students shall enrol in accordance with the provision of the Extramural Enrolment Statute and Regulations.

(e) Students who have applied for terms to be carried forward and who have not received a decision by enrolment week must enrol and pay fees in the normal way. If an application to carry terms forward is approved the applicant may cancel his enrolment and receive a refund of fees provided that

(i) application for Terms Carried Forward was made before 31 March and

(ii) an ‘Alteration to Course’ form is completed and lodged at the Registry within fourteen days of the posting of the official notification of approval.

(f) A student who has applied for Admission Ad Eundem, or Provisional Admission or Special Admission to be eligible to matriculate, and who has not received a decision before the beginning of enrolment week, shall enrol and pay fees as if his application had been granted. If his application is refused he shall be admitted as a non-matriculated student to lectures and laboratories only: provided that his enrolment may be cancelled and his fees fully refunded if within fourteen days of the posting to him of notice of refusal he lodges at the Registry an appropriately completed ‘Alteration to Course’ form.

(g) A student who is enrolled at another University in New Zealand and who wishes to enrol at the University of Auckland shall submit to the Registrar an application to transfer, on the prescribed form, not later than 31 January in the year in which he wishes to enrol, provided that a late application will be considered

(i) if made not later than the last day of the enrolling period preceding the beginning of the first term on payment of a late fee of $5;

(ii) if made after the beginning of the first term on payment of a late fee of $15 and subject to the approval of the Vice-Chancellor;

Note: A student wishing to apply for credits towards a Degree or Diploma offered by the University of Auckland must also comply with the provisions of the Admission Ad Eundem Statute Regulations.
4. Penalties for Late Enrolment

Fines

(a) All students enrolling for courses in the Faculty of Science shall enrol not later than Tuesday of the week in which enrolment takes place, and

all students enrolling for courses in Faculties other than Science which include units in Biology, Botany, Chemistry, Geology, Physics or Zoology shall enrol not later than Tuesday of the week in which enrolment takes place, and

all students enrolling for courses in Faculties other than Science which include units in Applied Mathematics, Mathematics or Statistical Mathematics shall enrol not later than Wednesday of the week in which enrolment takes place, and

all students enrolling for the Second, Third, and Fourth Professional and Honours years for courses in the Faculty of Fine Arts shall enrol not later than Monday of the week in which enrolment takes place, and

all other students other than those enrolling for the Diploma in Obstetrics, shall enrol not later than Friday of the week in which enrolment takes place;

provided that enrolments may be accepted after the days prescribed but in no case shall

(i) a student whose home is outside New Zealand be accepted later than the commencement of the second week of lectures

or (ii) a student permanently resident in New Zealand be accepted later than 31 March

or (iii) a student be accepted for enrolment in a laboratory subject (including the subject Studio in the Faculty of Architecture and any practical subject or unit in the Faculties of Engineering and Fine Arts) later than the second Friday after the commencement of lectures in the first term.

except with the special permission of the Senate and upon pay-
ment of such of the following penalties as the Senate may in its discretion impose on him:

(i) in each case a late fee of $20, and

(ii) in cases where enrolment is applied for after the end of the first week of term an additional fine of $4 for each week or part of a week after the first week of term by which the application for enrolment has been delayed; and

(b) all students enrolling for the Diploma in Obstetrics shall enrol not later than 1 November provided that enrolments may be accepted after this date upon payment of a fine of $4 for each week or part of a week after 1 November by which the application for enrolment has been delayed.

Choice of Course

(c) The courses of study of those enrolled after the date prescribed will be determined by the Senate and will not necessarily conform with those proposed by the students concerned. In determining such courses, the Senate will have regard to the prior claims upon both laboratory and classroom space of those students who have enrolled at the approved time.

PhD Enrolments

(d) The provisions of this regulation do not apply to enrolments for the Degree of Doctor of Philosophy.

5. Payment of Fees

(a) All fees that cannot be claimed under a bursary or study award shall be paid at enrolment: provided that under circumstances beyond the control of the student, the Registrar may, on application, grant an extension of time up to 31 March for the payment of the balance of the fees which the student cannot pay at enrolment.

(b) In any case in which fees are not paid in accordance with Clause (a) of this regulation, the following provisions shall apply:

(i) the Senate may impose a fine of 10% of the amount of fees outstanding after 14 March or after any later date in March to which time for payment has been extended by the Registrar.
(ii) the Senate shall withhold the granting of terms until such fees have been paid;
(iii) no person shall be enrolled as a student of this University while any fees due by him under the provisions of this regulation remain unpaid;
(iv) a student shall not be entitled to have his record transferred to any other University while any fees due by him under the provisions of this regulation remain unpaid.

Note: A student who, because of circumstances beyond his control, is unable to pay all his fees at enrolment must interview the Registrar or his Deputy and complete an agreement regarding the payment of the balance of the fees. He must ensure that his enrolment forms are handed in to the Cashier. If enrolment forms are handed in after enrolment week the full penalties for late enrolment may be imposed by the Senate.

(c) If a student enrolled for a Course of Instruction in a Single Instrument in the Department of Music elects to pay tuition fees in three instalments, a fine of $4 per week will be imposed for each week or part of a week by which the payment of fees for term II or term III has been delayed.

6. Alterations to Courses

(1) Additions, Substitutions or Withdrawals of Units and Subjects

(a) A student who having completed enrolment wishes to alter his course may apply to the Senate upon the conditions in clause (b) or (c) (as the case may require) and clause (d) of this regulation for leave to add, substitute, or withdraw from any subject or unit.

Note: It is not sufficient to notify a change of course solely to a Department. An ‘Alteration to Course’ application must be filed at the Registry.

(b) Additions and Substitutions

All applications to add or substitute a subject or unit shall require to be endorsed with the approval of the Dean of the Faculty, and shall be lodged at the Registry:

(i) not later than the second Friday after the commencement of lectures in the first term of each year, in the
case of a laboratory subject (including the subject Studio in the Faculty of Architecture and practical subjects or units in the Faculties of Engineering and of Fine Arts)

(ii) not later than 31 March in each year, in the case of every other subject or unit

provided that a late application may be accepted with the special permission of the Senate and upon payment of a late fee of $4 for each week or part of a week by which it is late.

(c) **Withdrawals**

(i) All applications to withdraw from a subject or unit other than an application to withdraw from the course for the Diploma in Obstetrics shall require to be endorsed with the approval of the Dean of the Faculty and shall be lodged at the Registry not later than 31 March in each year.

(ii) All applications to withdraw from the course for the Diploma in Obstetrics shall be lodged at the Registry not later than 1 December in each year.

(d) **Fees**

(i) **Payment of Additional Fees**

Any additional tuition fees and all late fees shall be paid at the time of the lodging of the application.

(ii) **Refund of Fees**

(a) Where a candidate applies under paragraph (c) of this Regulation and within the appropriate time limit to withdraw from all the courses, subjects or units for which he has enrolled, he shall receive a full refund of all tuition fees and of the Students' Association fee.

(b) Where the student has within the appropriate time limit applied under paragraph (c) to withdraw from a subject or unit (but not from all for which he has enrolled), or under paragraph (b) to substitute a subject or unit for which a lesser fee is prescribed than that which he has paid, he shall receive a refund of the difference between the total tuition fees paid and the total due on acceptance of the application for withdrawal or substitution.
(c) Where a student for reasons of illness or injury or any exceptional circumstances beyond his control makes a late application for withdrawal, the Senate may in its absolute discretion grant a partial refund of tuition fees but in no case of the Students’ Association fee.

Note: Students who have their tuition fees paid under University Scholarships, Education Department Bursaries, Government Study Awards, Training College Bursaries, Secondary Teachers’ Studentships, Colombo Plan, or S.C.A.A.P. should note that if they do not comply with the regulations relating to ‘Alterations to Courses’ they may prejudice their scholarship or bursary in a future year. The University will claim tuition fees from the authority concerned in accordance with enrolments as at 31 March in each year.

(2) Alteration of Optional Papers for Masters and Optional Papers for a Subject or Unit for a Degree or a Diploma

All applications to alter a choice of paper shall be required to be endorsed by the Head of the Department concerned and lodged at the Registry not later than 30 April in each year provided that a late application may be accepted with the special permission of the Head of the Department and upon payment, if the Senate so requires, of a late fee not exceeding $4 for each week or part of a week by which it is late.

Note: It is not sufficient to receive approval solely from the Head of the Department for a change of an optional paper. An ‘Alteration to Course’ application must be filed at the Registry.

7. Non-matriculated Students

Admission to lectures or laboratories may be granted to non-matriculated students provided they comply with all other regulations governing admission. The Council may from time to time restrict entry of non-matriculated students to one or more subjects by reason of shortage of accommodation or other special circumstances.

Note: A non-matriculated student may not enter for any degree, diploma, or certificate of proficiency examinations as he is unable to comply with the course regulations.

8. Exclusion from Lectures

(1) Unsatisfactory Term Work:

Heads of Departments may exclude any student from classes in any subjects in their departments on the ground of unfitness or of unsatisfactory progress in such subjects. A student so ex-
cluded shall have the right of appeal to the Senate. All students recommended for exclusion shall be informed individually by the Head of the Department not later than the Friday preceding the mid-term break. Such students may lodge an appeal against their exclusion not later than the following Friday. The date and time for hearing appeals will be posted on departmental notice-boards.

(2) *Failure in a unit after two attempts:*

Any student who has twice attempted but has failed to be credited with a pass in an optional unit or subject, shall not be entitled to re-enrol in that unit or subject without the prior permission of the Head of the Department in which it is taught.

(3) *Failure to make satisfactory progress in course of study as a whole:*

(a) The following students, including students transferring from another University, shall not be entitled to enrol without the prior permission of the Senate:

(i) **Faculty of Architecture:** Any student wishing to enrol in the Faculty of Architecture, who

(a) in a course arranged in units, has failed over the last two years of his academic studies to be credited with a pass in the equivalent of one year's full-time course, or

(b) in a course arranged in Professional Years has failed the First Professional Year as a whole, or has over the last two years of his academic studies, failed to complete all the units of a Professional Year;

(ii) **Faculties of Arts, Commerce, Education, Law, and Music:** Any student, wishing to enrol in any of the Faculties of Arts, Commerce, Education, Law, or Music, who over the last two years of his academic studies has in any course failed to be credited with a pass in the equivalent of one year's full-time course;

(iii) **Faculty of Engineering:** Any student wishing to enrol in the Faculty of Engineering, who over the last two years of his academic studies —
(a) in a course arranged in units has failed to be credited with a pass in the equivalent of one year's full-time course;

(b) in a course arranged in Professional Years has failed to be credited with a pass in units which contain a minimum of six papers;

(iv) **Faculty of Fine Arts**: Any student wishing to enrol in the Faculty of Fine Arts, who —

(a) in a course arranged in Professional Years, has failed any year as a whole, or has over the last two years of his academic studies, failed to complete all the units of a Professional Year, or

(b) in a course or part of a course not arranged in Professional Years, has over the last two years of his academic studies, failed to be credited with a pass in the equivalent of one year's full-time course;

(v) **Faculty of Science**: Any student wishing to enrol in the Faculty of Science, who —

(a) in any course other than the course in Human Biology, over the last two years of his academic studies, has failed to be credited with a pass in the equivalent of one year's full-time course, or

(b) in the course in Human Biology has failed Part I, Part II, or Part III as a whole, or, over the last two years of his academic studies has failed to complete all the units of Part I, Part II, or Part III;

(vi) **Excluded from Another University**: Any student who has been excluded from any University as an unsatisfactory student.

(b) **Procedure for obtaining permission to enrol**:

Application for such permission shall be made not later than 31 January in the year in which the student wishes to enrol provided that on payment of a late fee of $5 an application may be considered if it is made not later than the last day of the enrolling period preceding the commencement of the first term.

Notwithstanding anything in this section, on payment of a fine of $10 in addition to the late fee, and subject to the approval of the Vice-Chancellor an application may be considered after the last day of the enrolling period in each year.
(c) **Conditional Re-Enrolment:**

Permission of the Senate granted to any student to re-enrol under the provisions of this sub-clause may be subject to such conditions relating to a Department or Faculty in which the student may pursue his studies as the Senate may see fit to impose.

(d) **Right of Appeal:**

Any student who is refused permission to enrol by the Senate or who objects to any condition of the enrolment imposed by the Senate shall have the right of appeal to the Council.

**Note:** For the purposes of this regulation:

(i) Students who in any year of their academic studies have not formally withdrawn, in terms of regulation 6 of these Regulations, from all of the courses for which they enrolled shall be deemed to be engaged in academic studies in that year.

(ii) 'Units' include units in an external professional examination conducted by the University Grants Committee, provided that the student was also enrolled at a University in the year in which the external professional examinations were taken.

9. **Cross-credited and Exempted Units**

(a) **Cross-credits:**

Subject to any special provisions made elsewhere in the Regulations of the University:

a candidate who has passed in units or subjects common to two or more courses may, on payment of the prescribed fee under the Fees Regulations, transfer not more than three units or subjects passed in any course or courses to any other course; provided that the following shall not be cross-credited

(i) any unit or subject already cross-credited under this part of this regulation

(ii) any Stage III unit

(iii) any subject for a Master's degree

(iv) any conceded pass granted under the Instructions to University Examiners

and a candidate who is by this proviso unable to cross-credit a unit or subject compulsory to his other course may take in place of it such other unit or subject as the Senate may approve.
(b) Exempted Units:

(i) A candidate for a Degree or Diploma, who has passed or been credited with a pass in a unit or subject not prescribed for that Degree or Diploma but the same as or substantially equivalent to a subject or unit so prescribed, may at the discretion of the Senate be exempt from that prescribed subject or unit; subject, however, to the provisions of any other regulation.

(ii) A candidate exempted either under this or any other regulation from a subject or unit shall pay the prescribed fee under the Fees Regulations for that subject or unit.

(c) Abandoned Units:

Where a candidate abandons one course of study before completion and proceeds to a second course, he may transfer without payment of fee to his new course any appropriate units with which he has been credited. If at any time he wishes to resume the course which he has abandoned and to retain the units first credited to it he shall pay cross-credit fees in accordance with section (a) hereof.

10. Additional Lectures

A student while pursuing a course of study in the University may with the approval of the Vice-Chancellor, after consultation with the Heads of Departments concerned, take lectures in a subject which he is not offering for examination without payment of fee for the course provided that this facility shall be granted only where the additional lectures would be useful in supplementing the student's course of study.

11. Vice-Chancellor's Special Powers

(1) The Vice-Chancellor may give such direction, or make such provision as he shall think fit for the relief of undue hardship where it is shown to his satisfaction — 

(a) that an alteration or amendment to statutes or regulations involving a change in a course of study or in examination requirements has caused a candidate hardship; or
(b) that official advice has been given and acted upon, and it is later found that a candidate’s course is not in accordance with the governing regulations and hardship would be caused if the candidate were to be compelled to comply with the full requirements of the regulations;

(2) Where a candidate for a Master’s degree writes a script outside the prescribed time for the examination, the Vice-Chancellor shall have power to

(i) admit or reject the script as part of the examination
(ii) authorise the Head of the Department to conduct an oral examination, and that the Head of the Department where appropriate and if necessary, shall submit a mark based on the year’s work and the oral examination.

(3) A candidate may appeal against any decision of the Vice-Chancellor under this Regulation to the Council which shall have power to make such provision as it may think fit.
EXTRAMURAL ENROLMENT STATUTE

1. Title and Commencement: (1) This statute may be cited as the Extramural Enrolment Statute 1962.

(2) This statute shall come into force on 1 January, 1963.

2. Extramural enrolment: Any student who satisfies the Senate that he is prevented from attending classes shall, so far as is shown to be necessary and subject to the provisions of this statute, be exempted from attendance at classes and may be enrolled as an extramural student.

3. Restrictions: (1) Exemption shall not be granted:

(a) in any of the following subjects at any stage in any course. Biology; Botany; Cell Biology; Chemistry; Geography; Geology; Physics; Production Analysis; Psychology; Radio Physics; Zoology;

(b) in any subject of the courses for the following degrees and diplomas: Master of Architecture; Master of Arts; Master of Commerce; Master of Engineering; Master of Fine Arts; Master of Jurisprudence; Master of Laws; Master of Music; Master of Science; Bachelor of Architecture; Bachelor of Engineering; Bachelor of Fine Arts; Bachelor of Laws (Honours); Bachelor of Music (Executant); Bachelor of Science — Course in Human Biology; Bachelor of Science (Honours); Diploma in Architecture; Diploma in Building and Construction Management; Diploma in Business and Industrial Administration; Diploma in Criminology; Diploma in Educational Psychology; Diploma in Fine Arts; Diploma in Fine Arts with Honours; Diploma in Language Laboratory Teaching; Executant Diploma in Music; Executant Diploma in Music with Honours; Diploma in Optometry; Diploma in Town Planning.

(c) in any subject at Stage III for the degree of Bachelor of Arts or Bachelor of Commerce or Bachelor of Science — General Course, unless the candidate has completed as an internal student four units including a Stage II unit;

(d) to a candidate who is living in the Urban Area (as defined by the Government Statistician) of Auckland or of Hamilton or in any of the University Districts of the Victoria University of Wellington, the University of Canterbury, or the
University of Otago save in exceptional circumstances and with the approval of the other University concerned;

(e) in any subject or stage of a subject that is not for the time being taught at the University, but, notwithstanding anything to the contrary in paragraph (g) of this section, exemption may be granted in individual cases of hardship if a University in New Zealand at which the subject is taught agrees to examine the candidate:

Note: If a candidate granted exemption under this provision enters for examination in any other subject in the same year no assurance can be given that examination time-tables can be so arranged that the candidate will be able to sit all papers.

(f) to a candidate who, having been admitted to another University in New Zealand, is still on the books of that University as a candidate for any degree, diploma, or other qualification;

(g) to a candidate who fails to produce such evidence as the Senate may require that he is prevented from attending classes in the subject at any University;

(h) to a candidate who is prevented from attending a class by reason of attendance at another class.

(2) The Council may, by regulation, provide that extramural enrolment shall not be accepted in the course for any specified subject, or for any specified part thereof, which requires practical or laboratory work, or the use of materials or teaching services of such a nature that, in the opinion of the Council, the course cannot satisfactorily be taken extramurally.

4. Persons beyond New Zealand:

(1) Except as provided in subsection (2) of this section, exemption shall not be granted to a candidate who is not resident in New Zealand (including New Zealand Island Territories) Fiji, Tonga or Western Samoa.

(2) A candidate who ceases to reside in any of the countries mentioned in subsection (1) of this section and who requires to pass in one or two units or subjects or in the final group of subjects of a course to complete a degree, diploma or professional qualification may, at the discretion of the Senate and subject to the provisions of this statute, be granted exemption in the subjects concerned.

5. Tuition at Massey University:

(1) A student who is on the books of the University of Auck-
land and who is exempted from tuition at the University of Auckland in any unit or units for which extramural tuition is provided at Massey University, shall

(a) be required to enrol for tuition in such unit or units at Massey University; and
(b) not be permitted in the same year to enrol for any other unit or units at the University of Auckland.

(2) A student so enrolled shall take the examinations of Massey University, and any unit he passes shall be credited to his course.

6. Procedure: A student seeking exemption from classes and enrolment as an extramural student of the University of Auckland shall make application in accordance with the Extramural Regulations of the University and pay the prescribed fees.

7. Application of statutes and regulations: Except as otherwise expressly provided, an extramural student shall be subject to all the statutes and regulations of the University.

REGULATIONS

Extramural Enrolment at the University of Auckland:

1. A student seeking exemption from classes and enrolment as an exempted student of the University of Auckland shall

(a) make application to the Registrar of the University of Auckland on the form provided;
(b) make a declaration stating
   (i) the grounds on which the application is based
   (ii) that he is not on the books of any other University
   (iii) his current residential and business addresses
   (iv) whether to the best of his knowledge there will not be any change of residence during the academic year, or where there is an expected change of residence during the academic year the expected new residential address together with the approximate date of the change;
(c) supply such evidence as the Senate may require that he is prevented from attending classes in the subject at another university;
(d) pay the prescribed fees.
2. Application for enrolment as an extramural student shall be made not later than 1 March in the year of the examination provided that applications for enrolment may be accepted after 1 March upon the payment of a penalty of $4 for each week or part of a week after 1 March by which the application for enrolment has been delayed.

3. In the event of a student discontinuing his studies after exemption has been granted a full refund of fees will be made provided notification is received by the Registrar on or before 31 March. No refund of fees shall be made for withdrawals after this date and the fees shall not be transferable to the following or any subsequent year.

**Procedure for Extramural Enrolment at Massey University:**

4. (a) If a student is resident outside the urban area of Auckland and is eligible to be registered with Massey University he does not need to apply to the University of Auckland for exemption from lectures;

(b) If a student is resident in the urban area of Auckland he must apply to the University of Auckland for exemption from lectures;

(c) A student applying for enrolment for tuition with Massey University in any subject shall make application to the Director of Extramural Studies in the manner prescribed by the Statutes and Regulations of that University.

**Failure in Units**

5. Extramural studies are subject to the provisions of regulation 8 of the Enrolment and Course Regulations (General).

Note: For the purpose of this regulation students who have not formally withdrawn in accordance with Regulation 3 or who have registered with Massey University and have not withdrawn in accordance with the regulations of that University shall be deemed to be engaged in academic studies in that year.

**Notes on Extramural Enrolment**

1. **Grounds of Exemption**

   The Senate is strongly of opinion that degree students who do not attend lectures are putting themselves at so serious a disadvantage that it will require the most explicit assurances as to the impossibility of attendance before granting such applications. It is essential that students attempting first-year degree work should, by attendance at lectures, obtain that necessary introduction to University methods of work which will be the
basis of their later advanced studies. And it is equally essential that, at advanced stages of their course, they should have the guidance of University teachers and access to a large library such as is not in practice available outside the University centres.

Exceptional circumstances which may be taken into consideration in the case of students living within those areas include the following:

(a) Physical infirmity.

(b) Conditions of employment. Exemption will be granted only where the student can establish conclusively that it is impossible for him to attend lectures in either the subject in which he wishes to enrol or in another subject offered to him by the Senate as an alternative deemed by it to be suitable to his course. A letter setting out full circumstances will be required.

(c) Other special circumstances — e.g. students who have passed three units internally and then find it necessary to apply for exemption may be given special consideration.

2. Tuition

Although students may be accepted as external students the University cannot undertake to provide any special tuition by correspondence or otherwise.

3. Examination Centres

The following examination centres are at present established: Apia, Auckland, Dargaville Gisborne, Hamilton, Lautoka, Nuku'alofa, Paeroa, Rotorua, Rarotonga, Suva, Whangarei. An applicant for exemption in any subject in which an oral test or examination is required in addition to written papers should establish, when first applying for exemption, that arrangements can be made by the Registrar for the oral test to be held at the centre at which he proposes to present himself for examination.
EXAMINATION REGULATIONS

1. Eligibility to Sit Examinations

To be eligible to present himself for examination in a unit a candidate must:

(a) have been enrolled as an internal student and have been granted terms, or
(b) have been granted exemption in accordance with the Extramural Statute and Regulations, or
(c) have been granted Terms Carried Forward in accordance with the Terms Regulations.

2. Time of Examinations

The examinations shall be held at the times specified in the Timetable each year.

3. Place of Examinations

All internal students must sit their examinations at Auckland. Extramural students who do not wish to sit their examinations at Auckland may sit at one of the centres specified in the Extramural Enrolment Regulations, provided that, with the approval of the Senate, a special examination centre may be established under special circumstances subject to the payment of the extra fee prescribed in the Fees Regulations.

4. Conduct of Examinations

(a) The examinations shall comprise such written, oral and practical examinations as the examiners may determine.
(b) Candidates shall write out answers to the questions in the presence of a supervisor, who shall be appointed or approved by the Council in accordance with such detailed instructions as may be furnished by the Council.
(c) No candidate shall communicate with an examiner in regard to an examination except through the Registrar.
(d) No candidate may be examined in any subject or part of a subject at any time other than that set down for him in the time-table.
(e) No candidate shall be allowed to enter the room later than forty-five minutes after the beginning of the examination nor
leave the examination until one hour has elapsed from the beginning of the examination and then only with the permission of the supervisor and upon handing in his script.

(f) Candidates shall be allowed to read their examination papers for a period of not more than ten minutes before the examination commences but may not begin writing their answers until the room supervisor announces that they may do so.

(g) No candidate is to bring with him into the examination room any written or printed matter except by direction of the examiner. All paper used during the examination must be handed into the supervisor.

(h) No candidate shall communicate with another in the examination room.

(i) No candidate shall continue writing an answer after the supervisor has announced the expiration of time. In no circumstances is any time over and above the time allotted to any paper to be allowed a candidate for reading over his scripts or making any amendment or addition to his scripts.

(j) Any candidate who is found guilty of any dishonest practice in connection with any examination or of any breach of any rules dealing with the conduct of examinations shall be liable to the penalties hereinafter provided. The candidate shall, before the meeting of the Senate at which it is proposed to deal with the complaint, be notified in writing of the subject matter of the same and shall be requested to state in writing his answer to the charge, and he may with the consent of the Senate appear when the complaint is determined. If the Senate finds the charge proved it may disqualify the candidate from sitting for any examinations for such period as it thinks fit and may, if he has been credited with a pass in the examination in respect of which the charge arose, cancel such credit.

(k) Where the Senate is satisfied that a candidate has not complied with any regulation of the University whether in respect of any examination or any other matter, the Senate shall have power, having given the candidate such opportunity as it considers reasonable of remedying his non-compliance with the regulation or regulations, to suspend for such time as it may see fit the release to the candidate of the results of any examination, or decline to credit to his course any subject or subjects, or to impose both these penalties.
(1) A candidate may appeal to the Council from any decision of the Senate under clauses (j) and (k) of this regulation by giving notice in writing to the Registrar within fourteen days of being notified of the decision of the Senate. A candidate so appealing shall be entitled to make submissions in writing, and may, with the consent of the Council, appear when the appeal is determined. The Council may dismiss or allow the appeal or vary the penalty but shall not impose any penalty which the Senate could not have imposed. The decision of the Council on any appeal under this regulation shall be final.

5. **Marking of Scripts** (Extract from Regulation): In determining a candidate's result the examiners may take into consideration the work done by the candidate during the year and shall give due weight to reports on practical work wherever these are required.

6. **Masters Work at Standard of Honours**

A candidate, whose work is at the standard of Honours for a Masters degree, but who is ineligible for the award of Honours under the relevant course regulations shall be informed of the standard of Honours that he would have been awarded had he been eligible.

7. **Recount of Marks**

By making application within four weeks from the date of the mailing of his official result of the examinations, any candidate sitting for an examination for a degree, diploma, professional qualification, or certificate of proficiency may have the marks awarded his scripts recounted in any unit which he has failed.

The fee for such recount shall be as prescribed in the Fees Regulations. A recount of marks covers a careful rechecking of the marks recorded by the examiner and ensures that no answer or any portion of an answer submitted by a candidate has been overlooked. No information relative to the application will be placed before the examiner.

Candidates for the Degree of Bachelor of Architecture, the Diploma in Architecture, the Bachelor of Fine Arts, the Diploma in Fine Arts, the Diploma with Honours in Fine Arts, the Bachelor of Music (Executant), the Executant Diploma in Music, or the Executant Diploma in Music with Honours may apply for a recount of marks for written papers only.
8. *Aegrotat Pass*

A candidate who has been prevented by illness or injury from presenting himself at any examination in any subject, or who considers that his performance in any examination in any subject has been seriously impaired by illness or injury may on application and with the approval of the Senate be granted an aegrotat pass in such subject if the following conditions are satisfied:

(a) that the candidate is enrolled as an internal student for the course of instruction in the unit or subject in question;

(b) that the illness or injury was reported in writing to the Registrar within one week of the date upon which the examination affected took place or if more than one examination has been affected then within one week of the last of such examinations;

(c) that as soon as practicable after reporting the illness the candidate furnish to the Registrar a certificate (on the form provided) from a registered medical practitioner stating—

(i) that he examined the candidate medically on a certain date;

(ii) that in his opinion the candidate was unable through illness or injury to present himself for the examination, or that in his opinion the candidate's performance in the examination was likely to have been seriously impaired by illness or injury. The nature of the illness or injury shall be stated in sufficient detail to make it clear that the candidate was not responsible for his disability, and in a form suitable for submission in cases of doubt to a medical referee;

(d) that the candidate's responsible teachers in the subject or subjects of the examination in question certify that his work therein during his course of instruction was well above the minimum pass standard (or where relevant the minimum standard for a class of Honours) and that he is in their opinion clearly worthy to pass in that subject or subjects (or where relevant to be awarded First or Second Class Honours),

or

alternatively that the Senate is satisfied upon considering the quality of the candidate's work during the course of instruction and of any work which he has completed in the current examina-
tions (whether in the subject or subjects in question or any other subject and including work in papers not affected by his illness or injury) that the candidate is clearly worthy to pass in the subject or subjects in question or (where relevant) to be awarded First or Second Class Honours therein,

provided that in either case (i) Honours may not be given to a candidate who applies under this regulation in respect of more than one paper for an Honours degree involving not more than four papers; or in respect of more than two papers for an Honours degree involving five or more papers,

(ii) a candidate for the degree of Bachelor of Engineering with Honours may, on the recommendation of the Senate, be given Honours irrespective of the number of aegrotat passes awarded.

9. Compassionate Pass

Where by reason of any exceptional circumstances beyond his control and other than his own illness or injury a candidate has been prevented from presenting himself at any examination or considers that his performance in any examination has been seriously impaired, he may on application and with approval of the Senate be granted a compassionate pass subject to compliance with the same conditions (with necessary changes) as those appearing in clauses (a) and (d) of regulation 8. Such an application must be made to the Registrar on the form provided within one week of the date upon which the examination affected took place, or, if several examinations have been affected, then within one week of the last of those examinations, and must be supported by such evidence as the Registrar shall require.

10. (a) The provisions of regulations 8 and 9 shall apply to

(i) any final written examination presented for a unit of a course for a Degree, or for a Diploma, or for a Certificate of Proficiency, or for a Professional qualification.

(ii) any final practical examination presented for a unit of a course for a Degree, or for a Diploma, or for a Certificate of Proficiency, or for a Professional qualification;

(iii) any terms examination which has been allotted a percentage of the marks awarded for the final examinations
for a Degree, or for a Diploma, or for a Certificate of Proficiency, or for a Professional qualification;

(b) The provisions of regulations 8 and 9 shall apply (with necessary changes) to

(i) the final submission in each year of work for the practical subjects for the Degree of Bachelor of Fine Arts, or for the Diploma in Fine Arts, or for the Diploma with Honours in Fine Arts;

(ii) the final submission in each year of studio work for the Degree of Bachelor of Architecture or for the Diploma in Architecture

as if such final submission were an examination and as if the date upon which such final submission was due were the date of examination.

11. Theses

Where a thesis is required as part of an examination the following conditions shall apply:—

I. Diplomas, Bachelors and Masters:

(a) The candidate shall submit one copy of the thesis to the Registrar who shall transmit it to the examiners.

(b) If the thesis is submitted in the examination for the degree of Master of Architecture or Master of Arts two copies (including the copy submitted to the examiners) shall after the award of the degree be deposited with the University Library; except that when any one of the subjects Botany, Chemistry, Geology, Physics or Zoology is taken for the degree only one copy of the thesis shall be so deposited.

(c) If the thesis is submitted in the examination for the degree of Master of Engineering three copies shall be submitted to the Registrar. On completion of the examination two copies shall be deposited with the University Library; the disposal of the third copy shall be at the discretion of the Head of the Department.

(d) If the thesis is submitted for any other degree or diploma only one copy of the thesis shall be deposited with the University Library.

(e) Where more than the required number of copies of a thesis are submitted any additional copies shall be returned to the candidate.
(f) The supervisor of the thesis shall be responsible for the deposit of the thesis in the Library.

*Note:* (i) The examination copy of any written thesis presented for a degree or diploma shall be bound in a form sufficiently durable for preservation and use in the University Library. A second copy, where required, may consist of a carbon duplicate of the typescript only. The Library will, if necessary, copy illustrated material such as maps and will bind this second copy of the thesis. This copy may be placed in a Departmental reading room.

(ii) Candidates are recommended to obtain the booklet 'Pointers on the Binding of Theses' from the Bindery before proceeding with the typing and binding of the thesis.

II. Degree of Doctor of Philosophy:

(a) The candidate shall submit three copies of the thesis to the Registrar.

(b) On completion of the examination two copies shall be deposited with the University Library. The disposal of the third copy shall be at the discretion of the Head of the Department.

12. *Examination Centres*

Pursuant to Regulation 1 hereof the University of Auckland will conduct examinations in the following centres: Apia, Dargaville, Gisborne, Hamilton, Lautoka, Nuku’alofa, Paeroa, Rotorua, Rarotonga, Suva, and Whangarei. Internal candidates are required to sit their examinations at Auckland.

DISCIPLINE

Under the provisions of the University of Auckland Act 1961 the Senate has, subject to a right of appeal to the Council, the power to deal with all questions relating to the discipline of students. This involves the power to fine or suspend any student for misconduct, either within or without the University precincts.

During the intervals between meetings of the Senate, and subject to a right of appeal to the Senate, the Vice-Chancellor may exercise alone the powers of the Senate as to regulating admission of students and maintaining the ordinary discipline of the University. He may suspend any student guilty of any breach of discipline.

DISCIPLINARY REGULATIONS

1. These Regulations may be cited as the Disciplinary Regulations 1966.
2. These Regulations shall come into force on 1 January 1967.
3. In these Regulations unless the context otherwise requires:
   'Class' means any lecture tutorial seminar or other assembly of students at which tuition is being given and includes any lecture or address within the University at which students are present
   'Hall' means any hostel or hall of residence under the control of the Council
   'Student' means a duly enrolled student of the University and includes for the purposes of Regulation 4 hereof a person applying so to enrol
   'Students' Association' means The University of Auckland Students' Association Incorporated
   'Warden' means the person who is for the time being in charge of any Hostel and includes his duly appointed deputy
   'The Act' means the University of Auckland Act 1961 and its amendments
   'The University' includes any institution under the control of the Council
   'University property' includes property owned by any institution under the control of the Council, and any property held by the Crown on behalf of or for the purposes of the University
   Words and expressions defined in the Act have the meanings so defined.

4. (i) Every student shall on enrolling at the University sign a declaration in the following form or to the like effect:
   'I hereby solemnly promise that I will faithfully obey the rules and regulations of the University and be bound by the same.'

   (ii) The Senate shall have power to impose conditions on the attendance at classes of any student and to obtain his undertaking to observe those conditions either at his
enrolment or in the course of his attendance at the University in all cases where in the reasonable opinion of the Senate it is necessary so to do in order to prevent any possible disturbance to the carrying out of normal teaching activities at the University or otherwise to maintain order and discipline.

(iii) The Senate may as delegate of the Council exercise the powers conferred on the Council by s. 24 (2) of the Act without however preventing the Council from exercising those powers.

5. No student shall act (whether within or without the precincts of the University) in a manner
   (a) contrary to the good government of the University or to accomplishment of the purposes for which it is established; or
   (b) having the effect of bringing the University or any member of the University into disrepute; or
   (c) likely (in the reasonable opinion of the Senate) to impede or disturb the normal teaching activities of the University; or
   (d) prejudicial to the maintenance of discipline amongst the students of the University.

6. Every student shall observe the following rules and directions:
   (a) Every student shall be reasonably and appropriately dressed while in attendance at the University.
   (b) No alcoholic liquors shall be brought into or consumed within the precincts of the University except with the permission of the Senate. It shall be a condition of such permission in the case of any student function that one senior member of the staff shall be present throughout the function.
   (c) No student shall smoke in the library except with permission of the Librarian nor in any class except with the permission of the person in charge of it.
   (d) Quietness shall be maintained at all times in University buildings. In particular, the use of radios is prohibited within the University precincts, save within the Student Union.
(e) The starting, riding, or parking of cycles, motor-cycles, and motor vehicles in University grounds by students is prohibited. Students may, however, make use of University parking areas, as to such parts of those areas and at such times as may from time to time be notified by the Registrar.

(f) Student notices may be posted only on permanent noticeboards provided, and in accordance with conditions laid down by the Students’ Association.

(g) Such directions as may be reasonably made by the Vice-Chancellor, the Registrar, any Professor, member of the Senate, or Lecturer, in order to maintain good order and discipline within the University and in particular (but not in limitation) during any class.

7. (i) The Senate shall have power:

(a) to impose on any student who does not observe the provisions of these regulations; or the conditions (if any) attached to his attendance at classes pursuant to Regulations 4 and 16 hereof; or any direction given under Regulation 10 hereof; or who otherwise commits any breach of University discipline; any one or more of the following penalties as it thinks fit:
   (i) a fine not exceeding $40
   (ii) a suspension from attendance at the University or any of its classes for such period as it thinks fit
   (iii) expulsion from the University
   (iv) a limitation or prohibition on his attendance at any class or classes at the University or his use or enjoyment of any of the facilities of the University.

(b) to withhold the granting of terms to any student who is in default with any payment due by him to the University under these or any other regulations or any Statute

(c) to delegate the powers conferred on it by these regulations to any committee of the Senate without thereby preventing itself or the Vice-Chancellor pursuant to Regulation 8 hereof from exercising any such delegated power.
(ii) Nothing in these regulations shall in any way limit or restrict the power conferred on the Senate by s.34(3) of the Act to deal with all matters relating to the maintenance of discipline amongst the students of the University.

8. The Vice-Chancellor shall have power (subject always to Regulation 13 hereof) to exercise all the powers and authorities of the Senate under these Regulations and under the Act, including any powers delegated by the Senate to any committee of the Senate, during the intervals between the meetings of the Senate or that committee.

9. The Vice-Chancellor, the Registrar, or any Professor, member of the Senate, or Lecturer shall have power to impose a fine not exceeding $20 on any student who:

(a) does not observe the provisions of these regulations; or
(b) does not observe any directions exhibited under the next succeeding regulation; or
(c) otherwise commits any breach of University discipline.

10. Any Warden shall have power:

(a) from time to time to give such directions as he reasonably thinks fit for the maintenance of good order and discipline within the Hall under his charge Provided However that all such directions shall if of general application be exhibited on the main noticeboard of the Hall to which they relate forthwith after they are given

(b) to impose as he thinks fit on any student who does not observe any of the directions so given, any one or more of the following penalties:

(i) a fine not exceeding $20,
(ii) a suspension from attendance at the Hall for such period as the Warden thinks fit,
(iii) expulsion from the Hall.

11. The Vice-Chancellor, the Registrar, or any Professor, member of the Senate, or Lecturer may (whether or not in addition to imposing a fine) order any student to pay as a penalty the cost of replacing or repairing any University property lost
damaged or destroyed by reason of the wilfulness negligence or misconduct of that student. Any penalty so ordered shall be paid within 14 days.

12. The executive of the Students' Association shall (without prejudice to the powers of the Senate under s. 34 (3) of the Act) have power of disciplinary control over the Students' Common Rooms and in exercise of that power may (i) impose a fine not exceeding $10 on any student guilty of any act prejudicial to the maintenance of discipline therein and (ii) (whether or not in addition to imposing a fine) order any student to pay as a penalty the cost of replacing or repairing any University property therein lost damaged or destroyed by reason of the wilfulness negligence or misconduct of that student.

13. (i) All fines and other penalties imposed under Regulations 8, 9, 10, and 11 hereof or by any committee of the Senate under powers delegated to it under Regulation 7 hereof shall forthwith be reported to the Senate by the person or body imposing them.

(ii) Any student on whom a fine or other penalty is imposed under Regulations 8, 9, 10, and 11 hereof or by any committee of the Senate under powers delegated under Regulation 7 may within seven (7) days of the imposition of that penalty appeal to the Senate against it. The Senate may hear and determine an appeal in such manner as it thinks proper.

(iii) Any student who suffers any penalty under these Regulations by a decision of the Executive of the Students' Association or of the Senate or whose appeal under the preceding clause of this regulation is dismissed by a decision of the Senate may within seven (7) days of that decision appeal against it to the Council whose decision shall be final.

14. Nothing in these regulations shall prejudice the rights and remedies of the University under the general law in respect of the misconduct or negligence of any student.
15. (a) No member of the Security Service enrolled as a student at the University shall carry out any inquiries into security matters within the precincts of the University.

(b) The proposed attendance of a member of the Security Service at the University shall be discussed between the Security Service and the University Authorities before his enrolment.

16. After the discussions contemplated in the preceding sub-clause 15(b) have been held, the Senate shall determine each year what special conditions (if any) as to attendance at classes shall apply to students who are members of the Security Service in order to maintain discipline among the students of the University by preventing any possible disturbance to the carrying out of normal teaching activities.
THE LIBRARY

The University Library was launched in 1884 with a grant of £37 for books which were to be 'bought in England and uniformly bound in full calf with golden lettering'. Since then the Library has grown into a collection of more than 300,000 volumes, excluding thousands of unbound periodicals, pamphlets and reprints. It has benefited by a number of valuable gifts, the most notable among them being the collection of books in Classics and Old Testament Literature bequeathed by the late Professor A. C. Paterson.

The University Library comprises the General Library in the new Library Building on the corner of Princes Street and Alfred Street, staffed libraries at the Schools of Architecture, Engineering, Fine Arts, Law, Medicine, and Music, and in Biological Sciences, and departmental reading rooms in a number of subjects. The General Library holds most of the books needed for undergraduate reading in arts and science subjects. It also contains more advanced material in Languages and Literature, both classical and modern, Philosophy, Psychology, Education, Accountancy, Mathematics, Anthropology, and History.

A fuller description of the Library, its services and organisation, can be found in the Library Guide, available to new students at the beginning of the year, or on request from the Lending Desk.

The Library is open on Sundays during the Second and Third Terms (9 a.m. — 5 p.m.) for study purposes but no lending services are available.
The Library is closed on Anniversary Day, Good Friday, Easter Saturday, Easter Monday, Easter Tuesday, Anzac Day, Queen’s Birthday, and for three weeks from and including Christmas Eve.

Telephone: 74-740. After 5 p.m.: 78-191.

**Borrowing**

All members of the University may use the Library. Teaching Staff and members of the University Council, enrolled students, and graduates may borrow from it. This privilege may be extended, in special cases, to other persons.

Books may be borrowed whenever the Library is open, but no books will be issued after 9 p.m. Monday to Friday, or after 4.30 p.m. on Saturdays.

Borrowers should write their name and address clearly and legibly on the book card of each book and present book and card at the exit for stamping along with their identity card. The address should be that to which any notices should be sent. The desk assistant will stamp the book with the date on which it is to be returned. On leaving the Library all books must be presented for inspection.

Books on the open shelves which have book cards and date slips may be borrowed, usually, until the next end of term, but in some cases for three, seven or fourteen days only. Borrowers should always check the date stamped in the book by the desk assistant. Glass case books without ‘not to be borrowed’ labels may be borrowed for a fortnight only. All other materials must be used in the Library except that Honours Students have certain privileges and may borrow open-shelf books without date slips or ‘not to be borrowed’ slips for one week; bound volumes of periodicals for two weeks; books on Inter-loan from other Libraries; theses for fourteen days.

Books located in storage can be made available at 24 hours’ notice. Departmental books must normally be borrowed direct from the Departmental Library.

**Recalls and Fines.** All books are subject to recall within 24 hours. Failure to respond to a recall notice within 24 hours incurs a fine of 25c. If a second or third notice is necessary, fines
are increased accordingly. If all three notices are ignored, a disciplinary fine of up to $10 may be imposed.

Reserved books are issued for 3-day or 7-day periods, depending on the number of people waiting. If these books are kept beyond the date for return stamped on the date slip, a fine is automatically incurred, the limited-period stamp being considered the first recall notice.

Other books retained beyond the date for return stamped on the slip, may be charged at the rate of 5c per day, whether a notice has been sent or not.

The Library is under no obligation to notify borrowers when books are overdue, and a fine will still be charged when books are returned after the date stamped, even though no notice has been received.

Library fines amounting to $1 or more, bills and disciplinary fines, must be paid to the University Cashier at the Registry where receipts will be given. Fines of less than $1 must be paid at the Lending Desk at the Library. Unless fines are paid promptly, any of the following penalties may be imposed:
  refusal of terms,
  withholding of examination scripts,
  withdrawal of Library privileges,
  refusal of re-enrolment next session,
  disqualification from graduation.

Renewals. Borrowers who wish to renew a book for a further period, may apply by telephone (in the case of theses, periodicals, or Glass Case books) or letter (giving author, title, and call-number on the spine of the book) or in person. Renewal will be refused if the book is reserved, and may be refused at the Librarian's discretion. At the end of a term, all outstanding books must be returned or presented for renewal at the Lending Desk. They cannot be renewed by letter or telephone at this time.

Reservations. Borrowers may reserve one book a day by filling in a reservation card at the Lending Desk. When the reserved book is available, this card will be placed in a rack outside the main door of the Library. Borrowers should present this card at
the Lending Desk where the reserved book will be held for them for three days. For postal reservations please enquire at the desk.

Desk Copies. Some books, because of heavy demand, are kept behind the Lending Desk. These Desk Copies are available for one hour at a time, on surrender of the reader’s identity card, and may not be removed from the Library. Failure to abide by this rule will incur a heavy penalty.

Interlibrary Loan. Teaching Staff and advanced students may borrow books from other libraries through the Interloan Assistant. Such books are subject to the conditions imposed by the lending library. Photo and micro copies of material which cannot be lent by other libraries, may also be ordered through the Interloan Assistant.

Xerox Copying. Xerox Copiers are available for private use between 9 a.m. and 5 p.m. (weekdays only) at a cost of 8c per sheet.

Microfilm. Viewing facilities are available in the General Library and in the Engineering Library. A reader/printer is available for private use in the Engineering Library between 9 a.m. and 5 p.m. (weekdays only) at a cost of 15c per page.

Gramophone Records. A collection of records, mostly of classical music, but including some poetry and drama, is kept behind the Lending Desk. These are available to students, graduates, and staff members who pay an annual subscription. Current subscription rates are:—students $4, reduced to $3 for enrolled music students; staff and graduate borrowers $5. Application to borrow should be made at the Lending Desk. The records are listed in the two final drawers of the Catalogue.

Discipline

Bags, satchels, or briefcases must be left in the bag storage area provided outside the Library.

Removal of a book without having it properly issued will be punished by a disciplinary fine. In all cases of a disciplinary fine, the offender's name is reported to the Senate.

Under no circumstances must books be passed on to other students without being re-registered in the person’s name. Fines
for resulting inability to respond to recall or overdue notices will be charged to the student in whose name the book is issued.

Change of address should be notified immediately and any books on loan must be renewed and the new address put on the book card.

If a book is lost this should be reported immediately. Students who lose books are liable for the cost of replacement.

Books must not be marked in any way. If books are damaged, offenders will be charged with the cost of replacement or repair.

Library staff have the power to refuse to issue excessive numbers of books to one person.

Borrowers who take a book from the shelves, should not replace it after use, but leave it on a table for the Library staff to shelve.

Readers should not leave books and papers at tables when they go out of the Library. Any reader unable to find a vacant place is entitled to sit at any table where books and papers have been left by other readers.

Quiet is necessary in the Library at all times. Talkers will be excluded.

Smoking is not allowed in the Library.

The Library Committee has authority to suspend library facilities in the case of any authorised borrower who persistently fails to comply with the rules of the Library.
COURSE
REGULATIONS
AND
PRESCRIPTIONS
THE DEGREE OF BACHELOR OF ARTS

BA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Except as provided in the Admission Ad Eundem Statum Regulations a candidate for the Degree of Bachelor of Arts shall be matriculated, thereafter follow a course of study of not fewer than three years, keep terms in accordance with the Terms Regulations, comply with the provisions of the Examination Regulations, and pass the appropriate examinations.

2. The course of study for the degree shall consist of nine units, a unit being defined as one year's work in one of the subjects prescribed in these regulations.

3. (1) Every course of study shall include at least six units selected from Group A as defined in regulation 47.

   (2) No course of study shall include more than seven units from any one of the following sub-groups of subjects within Group A:

   (a) Chinese, English, French, German, Greek, Hebrew, Indonesian, Italian, Japanese, Latin, Maori Studies, Russian, Scandinavian Studies, Spanish;

   (c) Biology, Mathematics, Music, Philosophy, Psychology.
provided that a student whose record, in his first or second year(s) is, in any of the subjects which he advances to Stage III, clearly above average in the opinion of the Head of the Department in which that subject is taught, may at the discretion of the Senate include from any one of the sub-groups

(i) eight units, or

(ii) nine units if he has attained a mark of over 50% in a subject from another of the sub-groups in the Entrance Scholarship Examination, University Bursaries Examination or an equivalent performance in some other examination.

4. There shall normally be three stages in each subject, save where Additional or Special Units exist. Except as otherwise provided in these regulations and in the Terms Regulations, Stage II may be taken only after the subject has been passed at Stage I where that exists, and Stage III may be taken only after the subject has been passed at Stage II where that exists. Additional or Special Units may be taken only under such conditions as the Senate may determine for the personal course of study of each candidate.

5. Every course of study for the degree shall include at least four units higher than Stage I, selected from not fewer than two subjects, one at least of which shall be a Stage III unit.

6. (a) No course of study for the degree shall include more than five subjects, nor, save in special circumstances as decided by the Senate, fewer than four. Degree courses involving fewer than five subjects must be approved by the Senate upon the recommendation of the Heads of all Departments in which the candidate proposes to take advanced units.

   (b) In any one year a candidate shall not offer or be credited with a pass in more than four units at one examination for this degree.

7. Before a student is admitted to Stage II in any subject the Senate may require him to have obtained a pass in at least one other subject.
8. A candidate wishing to be enrolled in any subject which is also a subject of examination for the Degree of Bachelor of Science shall comply with such of the course regulations for that degree relating to prerequisites, combinations of subjects, and practical work, as are applicable to that subject, save when the Senate in individual cases allows otherwise.

9. (a) No candidate shall be credited with the same papers from 3.22 to 3.28 for both Anthropology II and Anthropology III.

(b) No candidate shall be credited with both paper 3.28 for Anthropology III and paper 4.31 for Maori Studies III.

(c) No candidate shall take paper 3.31 unless he has been credited with paper 3.27.

10. (a) A candidate who has been credited with two units at Stage I other than Art History IB may with the permission of Senate enrol for Art History IA.

(b) No candidate shall enrol for Art History II unless he has been credited with a pass in Art History IB.

(c) Except in exceptional circumstances as determined by the Senate no candidate who has been credited with Art History IA for this degree shall be eligible to enrol for any other unit in Art History.

11. No candidate may offer the subject Biology for this degree if he has already been credited with either Botany or Zoology for this degree or for the degree of Bachelor of Science; nor may a candidate who has been credited with Biology offer either Botany or Zoology.

12. A candidate with the permission of the Senate may enrol for Stage II of the subjects Chemistry, Geography, Mathematics, and Physics without having been credited with Stage I. If a candidate is credited with the Stage II unit he shall not also have the Stage
I unit of the subject credited to his course. If the examiner certifies that the candidate though failing the Stage II unit, attained the standard of a pass at Stage I of the subject, the candidate shall have the Stage I unit of the subject credited to his course.

For the purposes of this Regulation Mathematics IA shall be regarded as the Stage I unit of the subject Mathematics.

13. (a) A candidate with previous knowledge in any subject to which this Regulation applies may be required by the Senate to take Stage II of that subject without having passed in Stage I. If the candidate passes Stage II he shall be credited with Stage II but shall not be credited with Stage I as a unit for any University degree or diploma. If the examiner certifies that the candidate though failing Stage II attained the standard of a pass in Stage I the candidate shall be credited with a pass in Stage I.

(b) This Regulation applies to the following subjects:

Chinese
Indonesian
Japanese

14. A candidate shall not be enrolled in Economic History II unless he has passed Economics I.

15. For the purposes of regulation 6 (a) Economics I is not defined as a subject when taken as a pre-requisite for Economic History II.

16. No candidate may offer the unit Economic History II for this degree if he has already been credited with Economics II and paper 13.21 was taken as one of the options in that unit under the regulations in force in 1963.

17. No candidate may offer the unit Economic History III for this degree if he had already been credited with Economics III and paper 13.32 was
taken as one of the options in that unit under the regulations in force in 1963.

**Economics**

18. No candidate shall be enrolled in Economics III unless he has been credited with a pass in Mathematics IA or IB, or Pure Mathematics II.

**Education II**

19. No candidate may offer paper (c) 14.22 for Education II if he has been credited with, or has enrolled in, the subject Educational Tests, Measurement and Guidance for the Diploma in Education. As an alternative he shall present, subject to the approval of Senate, one of the papers 15.11 to 15.16 which has not been presented for the Diploma in Education.

**English**

20. (a) No candidate shall enrol in English III (Additional) unless he has passed or enrolled concurrently in English III: provided that a candidate may with the permission of the Head of the Department of English enrol in English III (Additional) if he has passed or has enrolled concurrently in a unit at Stage III other than English for the Degree of Bachelor of Arts.

(b) A candidate may with the approval of the Senate take for English III (Additional) a composite Stage III unit which comprises courses in different subjects and in which there are (as the Senate may require) two or three papers prescribed for advanced units for this degree.

(c) A candidate may substitute for English III paper 18.30, either English III (Additional) paper 18.33 or 18.34; but shall not take the same paper for both English III and English III (Additional).

(d) No candidate may take English III or English III (Additional) unless he has passed or is taking concurrently a unit of a European language other than English or a unit of the subjects: Art History, History, Maori Studies, and Philosophy.
(e) No candidate shall be credited with a pass in English I or II unless he has secured at least 37% of the available marks in each part of papers 18.10, or 18.20 as the case may be.

21. No candidate may be enrolled in French II unless he has been credited with a pass in French IB. Notwithstanding this requirement the Senate may, on the recommendation of the Head of the Department, permit a candidate to advance to French II after having taken French IA.

22. No candidate shall offer the unit French III (Special) without the consent of the Head of the Department of Romance Languages. (At least a Grade B pass in French II or French III will normally be a pre-requisite.)

23. Students may not offer Geography III (Special) as part of their degree without the consent of the Head of the Department of Geography.

24. No candidate shall offer German III (Special) without the consent of the Head of the Department of Germanic Languages and Literature.

25. (a) A candidate who has obtained a credit pass or better in the Entrance Scholarships Examination or an 'A' pass in the University Bursaries Examination, and who has attained in the examination a mark of over 50% in the subject History, may with the leave of the Senate enrol for either Asian History I or History of New Zealand, in lieu of History I, so that if he passes in the alternative chosen he may enrol for History II: provided that, if he passes History II, the alternative chosen and History II shall count as units of one subject for the purpose of Regulation 6 (a).

(b) In the case of a candidate who

(i) has passed Asian History I in lieu of History I, and
(ii) passes both History II and Asian History II —

History II and Asian History II shall count as units of separate subjects for the purpose of Regulation 6 (a).

(c) A candidate who has passed History I may enrol for Asian History II:

provided that if he passes Asian History II without passing History II, History I and Asian History II shall count as units of one subject for the purpose of Regulation 6 (a).

(d) A candidate who

(i) (having passed History I or Asian History I) has passed Asian History II but not History II, or

(ii) has passed History of New Zealand (in lieu of History I) and History II —

may enrol for History III and if he passes that unit shall be deemed to have passed History in its several stages for the purposes of the degree of Master of Arts:

provided that those units which he has so passed shall count as units of one subject for the purpose of Regulation 6 (a).

26. No candidate may offer the papers 24.23, 24.24, 24.25 for History III if this option has been credited for History II.

27. No candidate who has been credited with a pass in History I under the regulations in force in 1962 may be credited with the History of New Zealand for the Degree of Bachelor of Arts.

28. Students may not offer History III (Special) without the consent of the Head of the Department of History. (At least a Grade B pass in History II or History III will normally be a pre-requisite.)

29. No candidate shall offer the unit Italian III (Special) without the consent of the Head of the Department of Romance Languages. (At least a Grade
B pass in Italian II or Italian III will normally be a pre-requisite.)

30. No candidate shall offer the subject The Legal System for this degree without the consent of the Dean of the Faculty of Law and the Head of each Department in which the candidate proposes to advance a subject to Stage III.

31. (a) Notwithstanding the provisions of Regulations 2, 3 (a) and (b), 5, and 6 (a), a candidate for this Degree

(i) who has been credited for this Degree with not less than six units, one being a stage III unit and two others being of a higher stage than stage I, and

(ii) who has been credited for the Degree of Bachelor of Laws or Bachelor of Laws (Honours) with any of the subjects to which this Regulation applies,

shall be entitled to be credited with not more than three of those subjects as a unit or units for this Degree as well as for the Degree of Bachelor of Laws or Bachelor of Laws (Honours).

(b) This Regulation shall apply to the following subjects

- The Legal System
- Comparative Law
- Constitutional Law
- International Law
- Jurisprudence
- Legal History
- Criminology

(c) The subjects so credited under this Regulation shall be admitted as additional cross-credits for the purpose of Regulation 9 (a) of the Enrolment and Course Regulations (General).

(d) A candidate who has completed or is completing his course for the Degree of Bachelor of Laws or Bachelor of Laws (Honours) under the Regulations therefor published in the University of Auckland Calendar 1966, and who invokes this Regulation, may
be credited with the subject Constitutional and Administrative Law in place of the subject Constitutional Law.

32. No candidate shall be enrolled in Maori Studies III unless he has been credited with a pass in Anthropology I.

33. (a) A candidate shall not enrol for any unit of Mathematics and Applied Mathematics containing optional papers, unless the Head of the Department of Mathematics or his deputy has approved the options the candidate wishes to present for the unit.

(b) A candidate enrolling for a unit of Mathematics or Applied Mathematics may with the approval of the Head of the Department of Mathematics or his deputy substitute for one or more of the papers prescribed for that unit one or more papers selected from another unit or units of Mathematics, and Applied Mathematics.

(c) A candidate enrolling for Applied Mathematics III may in exceptional circumstances with the approval of the Head of the Department of Mathematics or his deputy substitute for one or more of the papers prescribed for that unit one or more papers selected from another unit or units of the course in Engineering Science for the Degree of Bachelor of Engineering.

34. (a) No candidate may be credited with both Mathematics IA and Mathematics IB as units for any University degree or diploma.

(b) A candidate shall not be credited with both Mathematics IB and Applied Mathematics I for any University degree or diploma if he has passed or is taking paper 26.170 for Applied Mathematics I.

(c) A candidate who has failed to pass in Mathematics IB may be credited with a pass in Mathematics IA if the examiner certifies that the candidate has attained a sufficient standard in the Pure Mathematical section of the examination.
(d) For the purpose of these regulations Mathematics IA shall be deemed to be the equivalent of the unit Pure Mathematics I as prescribed under the regulations in force in 1966.

35. (a) Except as provided in Regulation 37, Applied Mathematics III may be taken only after Applied Mathematics I has been passed.

(b) Except as provided in Regulation 10, Pure Mathematics II may be taken only when Mathematics IA or Mathematics IB has been passed.

36. (a) A candidate shall not be enrolled in Advanced Mathematics A unless he has passed in Pure Mathematics III and has passed or enrolled concurrently in either Applied Mathematics III or Statistical Mathematics III.

(b) A candidate who has been credited with Mathematics IA or Mathematics IB may not be credited with Advanced Mathematics A as a unit for any University degree or diploma.

(c) A candidate shall not offer Advanced Mathematics A without the consent of the Head of the Department of Mathematics.

(d) A candidate shall not be enrolled in Advanced Mathematics B unless he has been credited with or has enrolled concurrently in Advanced Mathematics A.

37. A candidate who has been credited with Mathematics IB or Statistical and Computational Mathematics II may with the permission of the Senate take Applied Mathematics III without having passed in Applied Mathematics I. If the candidate passes in Applied Mathematics III, he shall be credited with Applied Mathematics III, but shall not be credited with Applied Mathematics I as a unit for any University degree or diploma.
38. (a) Candidates who propose to take only Music I may take either option (i) Style Analysis, or option (ii) Harmony, or both, in paper (b). Candidates who propose to advance to Music II must take option (ii) Harmony. Notwithstanding the requirements for candidates who propose to advance to Music II, the Senate may, on the recommendation of the Head of the Department, permit a candidate to advance to Music II after having been credited with a pass in option (i) only in paper (b) but (except by special permission of the Head of the Department) any such candidate shall be required to take option (ii) lectures and to satisfy the Head of the Department in a test thereon.

(b) No candidate shall be credited with a pass in either Music II (Special) or in Music III (Special) unless he has secured a pass mark in each of the papers he is required to present for the unit.

(c) Students may not offer Music II (Special) without the consent of the Head of the Department of Music, and it must be taken either concurrently with or after Music II. (At least a Grade B pass in Music I and a pass in the test for Preliminary Aural Training as prescribed for the Degree of Bachelor of Music will normally be a prerequisite.)

(d) Students may not offer Music III (Special) without the consent of the Head of the Department of Music, and it must be taken either concurrently with or after Music III. (At least a Grade B pass in both Music II and Music II (Special) will normally be a prerequisite.)

(e) i. Any candidate who has passed History of Musical Style 28.10, and Style Analysis 28.11 option (i), for the Executant Diploma in Music may be exempted from Music I for the Degree of Bachelor of Arts, subject to Regulation 9 of the Enrolment and Course Regulations (General), but may not proceed to Music II.
ii. Any candidate who has passed History of Musical Style 28.10, and Harmony 28.11 option (ii), for the Executant Diploma in Music may be exempted from Music I for the Degree of Bachelor of Arts, subject to Regulation 9 of the Enrolment and Course Regulations (General), and may proceed to Music II.

39. No candidate may be credited with the same papers from 29.21 to 29.25 for both Philosophy II and Philosophy III.

40. A candidate who has been credited with Psychology I and/or II for BSc may be exempted from the corresponding unit(s) in Psychology for BA. Any such units shall be treated as transferred units as provided in Regulation 9 of the Enrolment and Course Regulations (General).

41. No candidate may be enrolled in Psychology II unless he has been credited with a pass in Psychology IB. Notwithstanding this requirement the Senate may, on the recommendation of the Head of the Department, permit a candidate to advance to Psychology II after having taken Psychology IA.

42. Notwithstanding anything in Regulations 1-41 a candidate for this degree may with the permission of the Senate take one or two of papers 82.40 and 82.41 as prescribed for the degree of Master of Arts in lieu of one or two of the papers prescribed for a Stage III unit for this degree.

43. In each of the subjects Biology, and Geography every candidate shall comply with all requirements for practical work prescribed for those subjects. The practical work shall be assessed separately for each candidate. A pass in both the practical work and the written papers is necessary. The practical marks alone may, with the approval of the Senate, be credited to a subsequent year.

44. In each of the subjects Chinese, Indonesian, Japanese, and Maori Studies a candidate shall be required to pass in the oral work as well as the written papers.
45. Candidates who wish to depart from their original choice of subjects in order to take Special Units may do so on such conditions as the Senate may direct. The Senate may vary the requirements of regulation 6 (a) for this purpose.

46. The course of every candidate shall be governed by these Regulations.

47. The subjects and units of examination for the degree are the following. (The prescriptions are defined elsewhere in this Calendar):

116
THE DEGREE OF MASTER OF ARTS AND MASTER OF ARTS WITH HONOURS

MA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

GENERAL PROVISIONS

1. Except as provided in the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Arts shall before presenting himself for examination have —

   (a) been admitted to the Degree of Bachelor of Arts,
   (b) passed the subject he offers in its several stages as prescribed for the Degree of Bachelor of Arts, provided that in special cases recommended by the Head of the Department the Senate may exempt the candidate from this requirement; and
   (c) kept terms at the Master's stage in the subject in which he proposes to present himself for examination,
   (d) fulfilled the prerequisites prescribed by the Senate for the particular subjects (see regulations 14 to 26 below),
   (e) complied with the provisions of the Examination Regulations.

2. The Senate may require candidates for MA and Honours not devoting their full time to University work to attend a prescribed course of studies for two years.

3. A candidate presenting subject 15, Languages and Literature, shall satisfy the requirements of regulation 1 (b) and 1 (c) in respect of each of the languages in his course. A candidate presenting subject 17, Mathematics, shall satisfy the requirements of regulation 1 (b) in respect of Mathematics and Applied Mathematics.
4. A candidate shall present himself for and pass the examination in one of the subjects prescribed in Regulation 27.

5. Notwithstanding anything in Regulation 4, a candidate for this Degree may with the permission of the Senate take one Stage III or one Master's paper or one Stage III and one Master's paper or two Master's papers in a subject other than the one in which he is taking his degree, where such papers are related to the candidate's research interests. Each such paper shall substitute for and be equivalent to one paper in the Master's course of the subject in which the degree is being taken.

6. Where a thesis is required the following conditions shall apply:

   (a) The thesis shall embody the results obtained by the candidate in an investigation relating to some branch of the subject; or with the approval of the Senate shall consist of a review of the literature of some special problem, which may be combined with the repetition of some standard investigation on an aspect of this problem.

   (b) In the case of a thesis recording laboratory work, a certificate shall be supplied to the Registrar by the supervisor stating that laboratory work has been carried out within the University.

   (c) Subject to the provisions of Clauses (f) and (g) of this Regulation the candidate may present his thesis in the year in which he takes his examination or with the consent of the Head of the Department concerned, in any subsequent year.

   (d) The candidate shall submit his thesis to the Registrar by 1 November in the year in which it is presented or at a subsequent date if so arranged with the Head of his Department. The Registrar shall hand the thesis to the Head of the Department concerned.

   (e) If the examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candi-
date, who may be permitted to revise it and to re-submit it by a later date to be specified by the examiner.

(f) The thesis must be presented within three years of the year in which the papers are presented, provided that this period may in special cases be extended by the Senate, and provided further that this provision shall not apply to any candidate who completed the papers prior to the end of 1963.

(g) Any candidate who completed the papers prior to the end of 1963 must present his thesis before the end of 1966, provided that this period may in special cases be extended by the Senate.

7. (a) A candidate in subject 12, History, may, with the approval of the Head of the Department, present a thesis in lieu of papers 24.40 and 24.41.

(b) A candidate presenting papers 24.40 and 24.41 shall do so in the same year as he presents his other papers for subject 12, History, or in the year following.

8. (a) A candidate in subject 19, Political Studies, may, with the approval of the Head of the Department, present in lieu of a thesis three papers not already taken from 30.40 to 30.48.

(b) A candidate presenting papers in lieu of a thesis shall do so in the same year as he presents his other papers for subject 19, Political Studies, or in the year following.

9. A candidate in subject (3), Chinese, shall present his dissertation to the Head of his Department by 1 November in the year in which he takes his papers for the subject or with the consent of the Head of the Department not later than 28 February in the year following.

10. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.
(b) Honours shall not be awarded if the scripts in the first year in which a candidate sits an examination for the degree are unsatisfactory or if the thesis at its first presentation is unsatisfactory, provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or exceptional circumstances beyond his control (certified as under the Aegrotat Pass or Compassionate Pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to present himself at a subsequent written examination and still be eligible for the award of Honours, subject to the provisions of sub-clause (c) hereof.

(c) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of passing the final subject of his Bachelor's Degree, provided that this period may in special cases be extended by the Senate. For this purpose the academic year is regarded as beginning on 1 March.

11. A candidate shall not present for this Degree a subject in which he has already passed for the Degree of Master of Commerce, or for the Degree of Master of Science, or as a principal subject for the Degree of Bachelor of Science (Honours).

12. (1) No candidate shall present himself for examination in any subject to which this Regulation applies unless

(a) he has been credited with a pass in a unit of a foreign language approved for this purpose by the Senate, or

(b) he has been credited with a pass in a foreign language reading examination

(i) prescribed for the purpose of this Regulation, and
(ii) approved by the Head of the Department of the subject which the candidate is offering for this Degree.

provided that with the approval of Senate on the recommendation of the Head of Department the candidate may be exempted from the requirement of clause (a) or (b) of this Regulation subject to the provisions of Regulation 9 of the Enrolment and Course Regulations (General).

(2) This Regulation applies to the subjects Anthropology, Geography, and Mathematics.

13. A candidate whose mother tongue is not English may on application and with the approval of the Senate be exempted from the provisions of Regulation 12 of these Regulations. Application shall be made to the Registrar in writing, and if granted, exemption will be subject to the provisions of Regulation 9 of the Enrolment and Course Regulations (General).

14. A candidate who has been credited with a pass in Anthropology II and Maori Studies III as defined for the Degree of Bachelor of Arts may, on the recommendation of the Head of the Department of Anthropology, be granted special permission by Senate under Regulation 1(b) to present himself for examination in subject 1, Anthropology.

15. (a) No candidate shall take paper 3.40 for the subject Anthropology unless he has been credited with paper 3.30 as prescribed for the Degree of Bachelor of Arts.  

(b) No candidate shall take either paper 3.47 or paper 3.48 for the subject Anthropology unless he has been credited with paper 3.31 as prescribed for the Degree of Bachelor of Arts.

16. No candidate shall present himself for examination in subject 2, Art History, unless he has passed in Stage I of a modern European language other than English, Latin, or Greek.

17. (a) Except by special permission of the Senate which will be granted only in the most exceptional
circumstances a candidate shall not present himself
for examination in English for subject 7, English,
unless he has passed in Stage I of a European lan-
guage other than English or of Maori Studies, and also
English III and English III (Additional) as defined
for the Degree of Bachelor of Arts. In lieu of English
III (Additional) a candidate may substitute (i) Stage
III of a subject other than English approved by the
Head of the Department of English, or, (ii) subject
to the same approval and the concurrence of the
Heads of other Departments concerned, a composite
Stage III unit, or, (iii) any other qualification ap-
proved by the Senate in the particular case of any
candidate.

(b) Except by permission of the Head of De-
partment; (i) no candidate shall take papers 18.40,
18.41, or 18.42 unless he has passed papers 18.33 and
18.34 for the Degree of Bachelor of Arts, and, (ii)
no candidate shall take paper 18.51 unless he has
passed paper 18.34 for the Degree of Bachelor of Arts.

18. A candidate shall not be examined in Latin for
subject 15, Languages and Literature, or in subject
16, Latin, unless he has passed in
(a) Greek II
or (b) Greek I and Stage II of another language
(which may be English).

19. A candidate shall not be examined in Greek for
subject 15, Languages and Literature, or in subject
11, Greek, unless he has passed in
(a) Stage II of a language other than English
or Greek,
or (b) English II and Stage I of a language other
than English or Greek.

20. (a) No candidate shall offer for the subjects 8,
French, or 15, Languages and Literature, a paper
listed in column A hereof if he has been credited,
for French III (Special) for the Degree of Bachelor
of Arts, with the corresponding paper listed in
column B: for which purpose:
A B
Paper 34.44 and Paper 34.36 correspond
Paper 34.45 and Paper 34.37 correspond

(b) No candidate shall offer for the subject 14, Italian, or 15, Languages and Literature, a paper listed in column A hereof if he has been credited, for Italian III (Special) for the Degree of Bachelor of Arts, with the corresponding paper listed in column B: for which purpose:

A B
Paper 35.43 and Paper 35.34 correspond
Paper 35.45 and Paper 35.35 correspond

Paper 35.53 and Paper 35.38 correspond
Paper 35.54 and Paper 35.391 correspond
Paper 35.55 and Paper 35.39 correspond;

Provided that this clause of this Regulation shall not apply to Paper 35.54 or Paper 35.55 where for that paper the two poets or authors chosen are different from those chosen for Paper 35.391 or Paper 35.39 as the case may be.

21. No candidate shall offer for the subjects 10, German, or 15, Languages and Literature, a paper listed in column A hereof if he has been credited, for German III (Special) for the Degree of Bachelor of Arts, with the corresponding paper listed in column B: for which purpose:

A B
Paper 22.41 and Paper 22.35 correspond
Paper 22.45 and Paper 22.36 correspond
Paper 22.46 and Paper 22.37 correspond
Paper 22.48 and Paper 22.38 correspond.

22. A candidate shall not present himself for examination in Russian for subject 15, Languages and Literature, or in subject 21, Russian, unless previously he has been credited with a pass in Stage III of a language other than Russian or with passes in Stage II of one language and in Stage I of another language, other than Russian as defined for the Degree of Bachelor of Arts.
23. Except by special permission of Senate a candidate shall not present himself for examination in subject 18, Philosophy, unless he has passed in Philosophy III (Special) as for BA.

24. A candidate shall not present himself for examination in subject 13, History and Literature of Music, unless he has previously (i) passed Music III and Music III (Special) as for BA; (ii) furnished evidence of proficiency as an executant satisfactory to the Head of the Music Department; (iii) furnished evidence of ability to read in an approved foreign language.

DEGREE OF DOCTOR OF PHILOSOPHY
PhD

Regulations for this Degree are printed elsewhere in the Calendar.
THE DEGREE OF DOCTOR OF LITERATURE

LittD

1. Except as provided in the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Doctor of Literature shall be a graduate of the University of Auckland, or of the University of New Zealand.

2. No candidate shall present himself for the Degree of Doctor of Literature until at least eight years after graduation to his first degree.

3. The Degree of Doctor of Literature shall be awarded for an original contribution (or contributions) of special excellence to linguistic, literary, philosophical, social or historical knowledge.

4. The degree shall be awarded only on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation.

5. No work shall be considered for the degree if the work, or a major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:

   (a) Three copies of the work to be examined;

   (b) A statutory declaration which shall —

   (i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and

   (ii) state what portion (if any) of the work submitted has been previously presented for
a degree or diploma of the University of Auckland or any other University; and

(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

**EXAMINATION PROCEDURE**

7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall —

(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate should be advised to withdraw his application; and

(b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted, provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. If the Moderator recommends that the candidate should be advised to withdraw his application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may —

(a) withdraw his application, whereupon he shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or

(b) elect to proceed with the examination.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, provided that the Senate may in its discre-
tion appoint an additional examiner who may be a member of the teaching staff of the University of Auckland.

(b) The contents of the Moderator's report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be:
(a) to report independently on the quality of the work and its value as a significant contribution to learning; and
(b) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded the examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A resubmission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall place the reports of the Examiners before the Senate which shall determine whether or not the degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two Examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

A generalised treatment of the morphology, anatomy and reproduction of flowering plants. The interrelationships of plants and animals; the carbon cycle; the nitrogen cycle; nutrition.

Dynamics of living things. Evolution and genetics. Darwinism, Mendelism. The basic principles of ecology including factors of the environment, the niche, nature of communities and their succession. Outlines of biogeography, the principal world vegetation types; outline of the fauna and floral of New Zealand. Importance of plants and animals to man.

A candidate for Biology will be required to attend a course of practical classes, to the satisfaction of the teacher, and to pass a practical examination. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written papers and in the practical work is necessary.

Prescribed texts: Simpson, Pittendrigh and Tiffany, Life: An Introduction to Biology (Routledge); Moore, Man, Time and Fossils (Cape); Buchsbaum, Animals without Backbones (Pelican); Romer, Man and the Vertebrates (Pelican).
DEPARTMENT OF CLASSICS

Students enrolling in this Department should decide at as early a stage as possible whether they want to enrol for one of the subjects offered or more than one. A degree in Classics may comprise up to 7 units in this Department: Latin I, II, III, Greek I, II, III, Ancient History I; students who wish to read combined honours in the Department should start Latin I and Greek I together in their first year. Students who wish to advance either Latin or Greek beyond Stage I are strongly advised to offer Ancient History in their first year, since outlines of Ancient History are no longer taught within the language courses. Students planning to offer only Stage I in either of the Classical Languages are also advised that this course will be of value to them.

Students who wish to advance Latin to Honours must have either Greek II or Greek I and Stage II of another language (which may be English), students who wish to advance Greek to Honours must have Stage II of a second language other than English, or Stage II English and Stage I of a third language.

Students enrolling for the subjects Ancient History and Biblical History and Literature should note that, to advance either of these subjects, one of the Classical Languages or Hebrew is required for Stage II. For BHL II, students are required to have a unit in a relevant language; for Ancient History II, which it is hoped to introduce in 1971, an ability to understand inscriptive evidence (upon which classes will be given) will be required.

Owing to problems of staffing it is possible that Biblical History and Literature I will not be offered after 1970; it may be offered in 1971, but students should not assume that it will be.

Students considering enrolling for any subject in the Department are strongly advised to come and see a member of staff during the enrolment period. External students should consult the Department as early in the year as possible.

LATIN I

(Two papers)

9.10 (a) Prescribed books: Two books, or groups of works, will be set; candidates will be given passages to translate, and ques-

A candidate shall forward to the Professor of Education, not later than 1 November in the year in which it is to be examined, a brief thesis embodying the results obtained by the candidate in some special research into the theory, practice, history or administration of education. The value of the thesis shall be that of two examination papers.

A research seminar will be held once a week during the first half of the year for those preparing to write MA theses.
DEPARTMENT OF ENGLISH

Note: Since the supply of text-books continues to be uncertain, some changes in courses may be unavoidable. Students will be notified of any such changes at the beginning of the academic year. All students should possess a good Dictionary: the Concise Oxford is recommended.

ENGLISH I

(Two papers)

English I is divided into two parallel but separate courses, E and L. Course E is covered in the morning lectures (see Time-table); Course L in the afternoon lectures, which are repeated in the evening. Because of limited accommodation, students may be directed to one series of lectures or another. Students are therefore advised not to complete their purchase of text books until they know which lectures they are to attend.

18.10 Paper (a) Introductory courses in the study of Language and of Shakespeare.

(The attention of candidates is drawn to BA regulation 20 (e), concerning minimum performances in each part of this paper.)

(i) An introduction to the study of Language (both courses).

SUPPLEMENTARY SWEDISH

This course, designed for students who have no knowledge of the language, is normally to be taken concurrently with Scandinavian Studies I. All students will attend two extra hours per week for the first term, and some may be required to attend one extra hour per week for the second and third terms.

Students may take Supplementary Swedish in the year prior to their enrolment for Scandinavian Studies I.
Certain optional papers offered at Stage III and MA will, at the discretion of the Head of Department, require a knowledge of a foreign language. Students intending to major in History or to go on to do an MA in History should therefore bear in mind that the lack of such knowledge may effectively reduce the number of papers open to them. The most helpful languages are likely to be French, German, and Latin, but further advice must be sought from the Department.

HISTORY I

(Two papers)
24.10 (a), 24.11 (b) The History of the Great Powers in the past hundred years.

DIPLOMA IN EDUCATION
DipEd

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. The Diploma in Education shall be granted to any candidate who:

   (i) Is a graduate of a University in New Zealand or is admitted to the status of a graduate and has kept terms and passed the University examination in Education I as defined for BA,

   or has matriculated and kept terms and passed the University examinations in five units including Education I,

   or is the holder of an approved University diploma and has kept terms and passed the University examinations in Education I.

   Note: Approved diplomas at present are the Diplomas in Fine Arts and Music, and the Diplomas in Home Science and Physical Education of the University of Otago. In special circumstances the Senate may permit a candidate who is the holder of a diploma other than those listed above, to undertake the course.

   (ii) Has kept terms and passed the University examinations in the subject Educational Tests, Measurement and Guidance, and three other subjects selected from those listed in Regulation 3 hereof, except that a candidate who has passed the University examinations in the subject Education II shall substitute one of the other papers for Paper 14.22.

   (iii) Has complied with the provisions of the Examination Regulations.

   (iv) Has presented a certificate from the Professor of Education that he has carried out an original investigation on an approved topic provided that in very exceptional circumstances an additional paper may be substituted for the original investigation.

252
The results of the investigation must be submitted to the Registrar as follows:

(a) by 1 November in the year in which it is presented or at a subsequent date if so arranged with the Professor of Education;

(b) within three years of the year in which the requirements of Clause (ii) of this regulation were completed, provided that this period may in special cases be extended by the Senate, and provided further that this provision shall not apply to any candidate who completed those requirements prior to the end of 1963;

(c) any candidate who completed those requirements prior to the end of 1963 must submit the results of the investigation before the end of 1966, provided that this period may in special cases be extended by the Senate.

(v) Has presented to the Professor of Education a certificate from an approved authority indicating that he has been engaged for at least two years of full-time work in the practice of teaching, or in educational work of a related character, such as vocational guidance, child guidance, child welfare, or social work, and has shown efficiency therein.

2. A graduate, or the holder of an approved diploma, or an undergraduate candidate with five units which do not include Education I, may present himself for examination in Education I in the year in which he first presents himself for examination in one or more of the subjects listed in Regulation 3.

3. The subjects of examination for the Diploma shall be:

Educational Tests, Measurement and Guidance as for Education II, 14.22
Principles of Curriculum Construction 15.10
History of Educational Practice 15.11
Research in School Subjects: A. Language Arts 15.12
*Research in School Subjects: B. Science and Arithmetic 15.13
Studies in Secondary Education 15.14
The Psychology of Adolescence 15.15
Introduction to School Counselling 15.16

*Starred subject will not be taught during the current Calendar year.
DEPARTMENT OF EDUCATION

PRESCRIPTIONS FOR DipEd

Educational Tests, Measurement and Guidance (one paper).

As for Education II, paper 14.22. The assessment of human characteristics, especially as applied to educational and vocational guidance. Elementary statistical methods.

*Note*: The course is an introductory one and should not be regarded in itself as qualifying a student as a professional counsellor.

Prescribed texts: to be announced.

A research seminar will be held once a week during the first half of the year for those preparing to write Diploma original investigations.
DIPLOMA IN EDUCATIONAL PSYCHOLOGY

DipEdPsych

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. The Diploma in Educational Psychology shall be granted to any candidate who has:

(i) Satisfied the requirements for admission to the course as defined in Regulation 2 hereof; and

(ii) Pursued a course of full-time study and in-service training for a period of not less than two years as set out in Regulation 3 hereof; and

(iii) Kept terms in accordance with the Terms Regulations in the subjects as set out in Regulation 3 (i), and passed the University examinations therein; complied with the provisions of the Examination Regulations; and

(iv) Satisfied the requirements of the course as prescribed in Regulation 3 (ii).

2. In order to be admitted to the course, a candidate shall:

(i) Have obtained a pass in the papers of the MA degree or an approved equivalent in either Education or Psychology; and

(ii) Satisfy the Senate that he is likely to benefit from the training provided by the course; and

(iii) Enrol for each year of the course in accordance with the Enrolment and Course Regulations (General).

3. The course of study for the Diploma in Educational Psychology shall consist of the following two parts:

(i) Part One (First Year)

Candidates are expected to present at the annual examinations written papers in the following subjects:

(1) Developmental and Educational Psychology 16.10, 16.11
(2) The Psychology and Education of Atypical Children 16.12, 16.13. The candidate, before being granted terms, must have carried out observational visits as prescribed.

(3) Theory and Practice of Educational Tests, Measurement and Research Design 16.14. The candidate, before being granted terms, must have satisfactorily completed a prescribed course of practical work.

(4) Case Study Techniques and Educational Counselling 16.15. The candidate, before being granted terms, must have satisfactorily completed a prescribed course of case work.

Note: Candidates may be required to attend additional courses in the Departments of Education and/or Psychology as indicated by the content of their degrees, and/or to enrol for the MA thesis.

4. Subject to the approval of the Senate, which will be granted only in exceptional circumstances, exemption may be granted from any of the requirements under Regulations 1 to 3.

Note: Candidates should consult the Professor of Education early in the year regarding textbooks for the course.
The Department of University Extension offers tutorial classes in academic subjects in the city of Auckland and in centres of population in the Auckland University District. From 1970 the Auckland University District will be that area north of Mercer up to Kaitaia in the far north. The southern part of the province of Auckland will be served by the University of Waikato. These classes usually include subjects drawn from the following disciplines.

- Anthropology
- Arts
- Commerce
- Economics
- Education
- Geography
- History
- Languages
- Literature
- Music
- Philosophy
- Psychology
- Religion
- Sciences

The Department of University Extension is responsible to the Senate through the Director of University Extension. The full-time teaching staff constitute a Board of Studies. This Board, after seeking the advice of voluntary associations interested in extension education and the approval of academic committees on the appropriateness of the suggested schedule of classes, will issue programmes of study for extension classes or groups.

**CERTIFICATE IN CRIMINOLOGICAL STUDIES**

This course of study is devised to meet the needs of those concerned to further their education in criminological studies. The course is held over one academic year and requires attendance at four lectures and tutorials weekly.

The subjects comprising the course are as follows. Each subject is examined in a final three-hour paper.

1. Society and Crime
2. The Personality of the Delinquent
3. The Nature and Purpose of Punishment
4. The Prevention of Crime

**CERTIFICATE IN SOCIAL STUDIES**

This is a course of study extending over two years of twenty-seven weeks in each year. Four subjects must be attended and an examination pass in each must be attained for the successful completion of the Certificate course.
The subjects are:

Psychology: One lecture a week for three terms.
Sociology: One lecture a week for three terms.
Principles and Methods of Social Work: One lecture a week for three terms.

Social Services:
(a) Introduction to Statistics: One lecture a week for one term.
(b) Law for the Social Worker: One lecture a week for one term.
(c) Social Services of New Zealand: One lecture a week for one term.

Those interested should communicate with the Director of University Extension.

**Correspondence Course for Police Officers**

**General Principles Relating to the Law of Crimes**

This correspondence course is available to those preparing for the Commissioned Officer's examination. The course includes a week's residence for lectures and tutorials at the University of Auckland. Details available from the Director of University Extension or Head Office, Police Department, Wellington.

**Conferences, Seminars and Week-end Schools**

The University Extension Department will arrange, in association with other departments of the University, lecture courses, conferences or schools or seminars which will allow professional, scientific and technological workers the opportunity to renew and refresh their vocational education.
THE DEGREE OF BACHELOR OF SCIENCE

BSc

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Except as provided in the Admission Ad Eundem Statum Regulations a candidate for the Degree of Bachelor of Science shall follow a course of study of not fewer than three years, being

   EITHER
   (a) the General Course governed by Regulations 3 to 25 inclusive of these Regulations or
   (b) the Course in Human Biology, governed by Regulations 26-31 inclusive of these Regulations.

2. In these Regulations:
   (a) a 'unit' means one year's work in a subject
   (b) units are classified in stages by the numerals I, II, and III except where shown otherwise in Regulations 25 and 30
   (c) passing in a part, or unit, or subject of a course includes being credited with a pass in that part, or unit, or subject.

GENERAL COURSE

3. The General Course shall consist of eight units from those prescribed in Regulation 25, and shall include

   (a) at least three units higher than Stage I, one at least of which shall be a Stage III unit, or a Stage IIIA unit where such a unit exists, provided that for the purpose of this requirement Stage IIIB units shall count as units higher than Stage I but shall not count as Stage III unit, and

260
(b) at least four units chosen from the subjects Botany, Chemistry, Geology, Mathematics, Physics, and Zoology, one unit of which shall be either Chemistry or Physics, provided that, in special circumstances, the Senate may vary this requirement as it thinks fit:

provided that a candidate who, under Regulation 19 (a) of these Regulations, has been permitted to enrol and who passes in any of the units Chemistry II, Physics II, or Pure Mathematics II, may in respect of each of not more than two of the units so passed, include in the eight units of the General Course one Stage I unit prescribed for the Degree of Bachelor of Arts.

4. Notwithstanding anything in Regulations 1 and 3 hereof a candidate who has qualified with outstanding merit for the New Zealand Certificate in Science (Chemistry) may be admitted by the Senate to the General Course with exemption from Chemistry I and two other unspecified Stage I units. To complete the requirements for the General Course any candidate so admitted shall be required to pass in Physics I, Mathematics IA or Mathematics IB, Chemistry II, and Chemistry IIIA, and one other unit at a level above Stage I.

Note: Any such candidate who has not passed the University Entrance Examination must apply for admission to the University under the Provisional Admission and Special Admission Regulations.

5. (a) Except as provided in Regulation 19 hereof, a candidate for the General Course shall not enrol for

(i) Stage II of a subject unless he has passed in at least three Stage I units, of which one shall be Stage I of that subject where that stage exists

(ii) Stage III, Stage IIIA or Stage IIIB of a subject, unless he has passed in Stage II of
that subject where that stage exists, or unless he has passed in Stage I of that subject where that stage exists and Stage II does not provided that a candidate shall not enrol in
(i) Pure Mathematics II unless he has passed either in Mathematics IA or in Mathematics IB (ii) Physics II unless he has passed in Physics IB.

(b) In subjects where both Stage IIIA and Stage IIIB are listed as units for the General Course a candidate shall not enrol in Stage IIIB unless he has passed or enrolled concurrently in Stage IIIA.

(c) A candidate enrolled in a Stage III unit in which practical work is required shall not in the same year enrol in more than one other Stage III or Stage II unit in which practical work is required. For the purpose of this sub-clause Stage III includes Stage IIIA and Stage IIIB.

6. A candidate shall not enrol in any one year in more than four units of the General Course.

7. A candidate shall not enrol in Botany IIIB unless he has
   (a) passed in Chemistry I; and
   (b) passed in a Stage II unit other than Botany II.

8. A candidate shall not enrol in Cell Biology III unless he has
   (a) passed in Chemistry I; and
   (b) passed in any two Stage II units of the subjects Botany, Chemistry, Mathematics, Physics, Zoology, or any other subject approved by the Head of the Department of Cell Biology; and
   (c) passed in at least one unit of Botany or Zoology.

9. (a) A candidate shall not enrol in
   (i) Chemistry IIIA unless he has passed in six units of the General Course including
Chemistry I and Chemistry II
(ii) Advanced Chemistry unless he has passed in Chemistry IIIA and has passed or enrolled concurrently in Chemistry IIIB.

(b) A candidate shall not be credited with both Advanced Chemistry and Chemistry I.

GEOGRAPHY
10. A candidate shall not enrol in Geography IIIB without the leave of the Head of the Department of Geography.

GEOLOGY
11. A candidate shall not enrol in Geology IIIA unless he has passed in Chemistry I.

MATHEMATICS AND
APPLIED
MATHEMATICS
12. (a) A candidate shall not enrol for any unit of Mathematics and Applied Mathematics containing optional papers, unless the Head of the Department of Mathematics or his deputy has approved the options the candidate wishes to present for the unit.

(b) A candidate enrolling for a unit of Mathematics or Applied Mathematics may with the approval of the Head of the Department of Mathematics or his deputy substitute for one or more of the papers prescribed for that unit one or more papers selected from another unit or units of Mathematics, and Applied Mathematics.

(c) A candidate enrolling for Applied Mathematics III may in exceptional circumstances with the approval of the Head of the Department of Mathematics or his deputy substitute for one or more of the papers prescribed for that unit one or more papers selected from another unit or units of the course in Engineering Science for the Degree of Bachelor of Engineering.

13. A candidate shall not enrol in
(a) Applied Mathematics III unless he has passed in either Pure Mathematics II or Engineering Mathematics II.

(b) Advanced Mathematics B unless he has passed or enrolled concurrently in Advanced Mathematics A.
14. (a) A candidate shall not be credited with both Mathematics IA and Mathematics IB.

(b) For the purpose of this Regulation Mathematics IA shall be deemed to include Pure Mathematics I as prescribed under the Regulations for the Degree of Bachelor of Science in force in 1966.

(c) A candidate who has failed to pass in Mathematics IB may be credited with a pass in Mathematics IA if the examiner certifies that the candidate has attained a sufficient standard in the Pure Mathematical section of the Examination.

(d) A candidate shall not be credited with both Mathematics IB and Applied Mathematics I for any University Degree or Diploma if he has passed or is taking paper 26.170 for Applied Mathematics I.

15. (a) A candidate shall not enrol in Advanced Mathematics A unless he has obtained the leave of the Head of the Department of Mathematics, and unless he has passed in Pure Mathematics III and has passed or enrolled concurrently in either Applied Mathematics III or Statistical Mathematics III provided that a candidate who has passed in Ancillary Mathematics may with the leave of the Head of the Department of Mathematics enrol in Advanced Mathematics A if he (i) has obtained or enrolled concurrently for a Certificate of Proficiency in Pure Mathematics III and (ii) either has passed or enrolled concurrently in Applied Mathematics III or Statistical Mathematics III or has obtained or enrolled concurrently for a Certificate of Proficiency in Applied Mathematics III.

(b) A candidate who has passed in Mathematics IA or Mathematics IB shall not be credited with Advanced Mathematics A.

264
16. (a) A candidate shall not enrol in Ancillary Mathematics unless he has passed in Pure Mathematics II.

(b) A candidate shall not be credited with both Ancillary Mathematics and Pure Mathematics III. A candidate who has passed in Ancillary Mathematics may obtain a Certificate of Proficiency in Pure Mathematics III by passing in the paper or papers of Pure Mathematics III in which he has not passed for Ancillary Mathematics.

(c) A candidate shall be entitled to be credited with both Ancillary Mathematics and Applied Mathematics III if he passes at the one examination in six papers chosen with the leave of the Head of the Department of Mathematics from the papers prescribed for Pure Mathematics III and Applied Mathematics III; provided however that if he has already been credited with one of the units Ancillary Mathematics or Applied Mathematics III he shall be entitled to be credited with the other of those units if he passes at the one examination in three papers chosen as above-mentioned in which he has not passed for Ancillary Mathematics or Applied Mathematics III.

(d) Except as provided in Paragraph (c) of this Regulation, a candidate shall not be credited with both Ancillary Mathematics and Applied Mathematics III. A candidate who has passed in Ancillary Mathematics may obtain a Certificate of Proficiency in Applied Mathematics III and for this purpose shall be exempted from passing in the paper or papers of Applied Mathematics III in which he has passed for Ancillary Mathematics.

17. A candidate shall not enrol in

(a) Physics II unless he has passed in either Mathematics IA or Mathematics IB

(b) Physics IIIA unless he has passed in Pure Mathematics II.
18. A candidate shall not enrol in
   (a) Zoology II unless he has passed in Chemistry I or Physics IA or Physics IB
   (b) Zoology IIIB unless he has passed in a Stage II unit other than Zoology II.

19. Notwithstanding anything in Regulation 5 hereof
   (a) a candidate may with the leave of the Senate enrol for Chemistry II without having passed in
      Chemistry I, Geography II without having passed in Geography I, Physics II without having passed in
      Physics IB, and Pure Mathematics II without having passed in Mathematics IA or IB, Zoology II without
      having passed in Zoology I: provided that
         (i) if he passes in any such Stage II unit having enrolled in it under this Regulation, he shall
             not be credited also with a Stage I unit of the same subject
         (ii) if the examiner certifies that the candidate, though failing the Stage II unit, attained the
             standard of a pass in (as the case may be) Chemistry I, Geography I, Physics IB,
             Mathematics IA, or Zoology I, the candidate shall be credited with Chemistry I, Geography I, Physics IB,
             Mathematics IA, or Zoology I.
   (b) A candidate who has passed in Mathematics IB or in Statistical and Computational Mathematics
      II may with the leave of the Senate enrol in Applied Mathematics III without having passed in Applied
      Mathematics I: provided that if having so enrolled he passes in Applied Mathematics III he shall not
      also be credited with Applied Mathematics I.

20. (a) A candidate who has passed the Intermediate Examination for the Degree of Bachelor of
      Engineering, may, subject otherwise to the provisions of Regulation 9 of the Enrolment and Course
      Regulations (General), be credited with such unit or units for the General Course.
      (b) A candidate who has passed in Engineering
Mathematics II and Engineering Mathematics III for the Degree of Bachelor of Engineering shall, subject to the provisions of Regulation 9 of the Enrolment and Course Regulations (General), be exempted from Pure Mathematics II for the General Course.

(c) A candidate who has passed in Pure Mathematics II for the Degree of Bachelor of Engineering without having passed Mathematics IA or IB and who qualifies for the exemption referred to in sub-clause (b) of this Regulation shall be exempted from Mathematics IA in lieu of Pure Mathematics II.

21. A candidate who has passed in Psychology IA or IB and Psychology II for the Degree of Bachelor of Arts or in any of those units and has performed such additional laboratory work as the Head of the Department of Psychology directs, may, subject to the provisions of Regulation 9 of the Enrolment and Course Regulations (General), be exempted from the corresponding unit or units in Psychology for the General Course.

22. A candidate who holds the Diploma in Optometry may be credited with the units Psychology I and Psychology II for the General Course in addition to any units (or subjects) which he may be entitled to transfer by way of cross-credit under Regulation 9 of the Enrolment and Course Regulations (General).

23. (a) The Senate may in such exceptional cases as it thinks fit approve a personal course of study which does not conform to the foregoing Regulations.

(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

24. A candidate in any unit of the subjects Botany, Cell Biology, Chemistry, Geography, Geology, Psychology, and Zoology, shall be required to do and pass in such practical work as the Head of the Department may prescribe (as well as to pass the written examinations) provided that the candidate's mark in the practical work may with the leave of the Senate be carried forward to a subsequent year.

ADMISSION

26. (a) Admission to the Course in Human Biology shall be at the discretion of the Senate. Application for admission to the course shall be made to the Registrar in writing before 1 August or such other date as the Senate may determine, of the year preceding that in which the applicant proposes to enrol.

(b) Admission to Part I of the Course shall be granted or withheld upon a consideration of the past performance of the applicant at school and in public examinations, and upon an interview where this is required.

(c) In exceptional circumstances as the Senate may approve or under the Admission Ad Eundem Statum Regulations, admission may be granted to an applicant to Part II or Part III.

27. The Course in Human Biology shall consist of three Parts. A candidate shall be required to pass as a whole each Part of the course.

28. Except as provided in Regulation 26 (c) hereof no candidate shall be permitted to enrol in any unit of Part II of the Course until he has passed Part I, or in any unit of Part III until he has passed Part II.

29. A candidate shall carry out to the satisfaction of the Senate such practical work in each Part of the course as may be required.

31. With the leave of the Senate a candidate not proceeding to a degree in medicine may in Part III substitute one advanced unit in a biological subject prescribed for the General Course for the Degree of Bachelor of Science for such portion of the work above prescribed as the Senate may deem to be equivalent to that work.

Note: The prescriptions are defined elsewhere in the Calendar.

FOREIGN LANGUAGE READING EXAMINATION

Every candidate intending to proceed to the MSc degree is strongly advised to take the course for the Foreign Language Reading Examination before completing the BSc degree. The ability to read scientific works in a foreign language is necessary for reading literature relating to the thesis. A pass in the Foreign Language Reading Examination is also required as part of the BSc(Hons) Degree. The regulations concerning this Examination are contained in the Degree Regulations for MSc and BSc(Hons).
THE DEGREE OF BACHELOR OF SCIENCE (HONOURS)

BSc(Hons)

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. The Degree may be awarded in each of the following Honours Schools:
   - Botany
   - *Cell Biology
   - Geology
   - Physics
   - Zoology

2. In each Honours School a candidate's course for the Degree shall comprise:
   - (a) such pre-requisites, being units prescribed for the Degree of Bachelor of Science, and
   - (b) such Honours Parts (being Parts II, III and IV, Parts III and IV, or Part IV as the case may be) and
   - (c) such subsidiary subjects as may be required and prescribed in that Honours School under Regulation 15:

provided that

(i) except where the Senate in its discretion otherwise permits, the number of pre-requisite units shall be not fewer than three in a case of entry into an Honours School at the end of the first year after matriculation and not fewer than six in a case of entry at the end of the second such year;

(ii) in the case of any pre-requisite subject and with the approval of the Senate, if the candidate has been permitted to enrol for and has passed at Stage II without having

*Cell Biology will not be taught for this Degree in the current Calendar year.
passed at Stage I, Stage II may be substi-
tuted for Stage I, and Stage III may then be
substituted for Stage II;

(iii) a candidate shall be required to pass or be
credited with a pass in all pre-requisite sub-
jects before he is admitted to the Honours
School.

3. Except where otherwise provided in Regulation
15, and except in the case of any subject in which no
practical work is required or prescribed, each unit or
course of study prescribed for the Degree shall
include examinations comprising written papers and
practical work in both of which a candidate shall be
required to pass.

4. No candidate shall be admitted to an Honours
School without the approval of the Head of Depart-
ment of that School and of the Senate. Such approval
shall be granted or withheld upon a consideration of
the candidate's performance:

(a) in the Entrance Scholarships Examination, if
the Honours School to which the candidate seeks
admission includes a special course at first year level,
or

(b) in the courses of University study already
pursued by the candidate and particularly in the
units required as pre-requisites to that Honours
School.

5. A candidate may withdraw from the Honours
School and be granted such credits and exemptions
for units for the Degree of Bachelor of Science as the
Senate shall determine.

6. (a) A candidate shall be required to pass as a
whole each Part of his Honours course so that his
performance in all the units comprising this part shall
be considered: provided that a candidate who has
failed to pass an Honours Part as a whole may in such
exceptional circumstances as the Senate approves be
credited with a unit or units of that Part and per-
mitted in a subsequent year to present the unit or units not so credited, together with (if the Senate permits) a unit or units of the next succeeding Part. The candidate shall then be required in that year to pass as a whole in all the units so presented upon the same conditions as those herein prescribed.

(b) In this regulation 'unit' includes any course prescribed for an Honours Part.

7. A candidate shall sit his final examinations for the degree within four years of his matriculation: provided that at the discretion of the Senate the period may be extended to five years

(a) where a candidate first enrolled in the Honours School in his second year after matriculation, or

(b) in any special circumstances.

8. A candidate who, on the results of his examination, does not reach the standard required in the Honours School in which he is enrolled, shall be excluded by the Senate from the Honours School but he may be granted such credits and exemptions for units for the Degree of Bachelor of Science as the Senate shall determine.

9. The Senate may permit a candidate to take an examination in an Honours unit before entry into an Honours School. If the candidate fails to pass that examination he may be granted such credits and exemptions for units for the Degree of Bachelor of Science as the Senate shall determine.

10. The Degree of Bachelor of Science (Honours) may be awarded with First Class or Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division. The class of Honours awarded shall be determined primarily on the performance of the candidate in the examinations in his final year but account may be taken of his work throughout his course.

11. The Senate may determine in respect of any candidate who fails to qualify for the Degree that he be awarded the Degree of Bachelor of Science or be credited with units towards that Degree or be
credited with the Degree of Bachelor of Science together with appropriate credits towards the Degree of Master of Science.

12. The senate may, on written application by a candidate for the Degree of Bachelor of Science and without payment of a fee, grant him permission to transfer to a course under these Regulations and allow him to be credited with a pass in such units or subjects as the Senate shall determine.

13. A candidate shall not be admitted to the Degree unless

(a) he has been credited with a pass in a unit of a foreign language approved for this purpose by the Senate, or

(b) he has been credited with a pass in a foreign language reading examination

   (i) prescribed for the purpose of this Regulation, and

   (ii) approved by the Head of the Department of the Honours Subject which the candidate is presenting for this Degree.

14. A candidate whose mother-tongue is not English may on application and with the approval of Senate be exempted from the provisions of Regulation 13. Application must be made to the Registrar in writing and if such application is granted, exemption will be subject to the provisions of Regulation 9 of the Enrolment and Course Regulations (General).

15. Subject to the provisos to Regulation 2, the Honours courses with subject and units of examination are as follows:

Admission to the Honours School in Botany shall be at the end of the first year after matriculation provided that where the proviso to Regulation 7 applies, or in circumstances where it does not, admission may be granted at the end of the second year after matriculation.
Pre-requisites

(a) For a candidate seeking admission to the Honours School at the end of his first year after matriculation:

Botany I,
Chemistry I,

and one other of the following units:—

Geology I, Mathematics IA or IB (or Pure Mathematics II), Physics IA or IB, Zoology I.

(b) For a candidate seeking admission to the Honours School at the end of his second year after matriculation:

Six units including Botany II, Chemistry I, and one other Stage II unit in the following subjects:—

Chemistry, Geology, Mathematics, Physics, Zoology, together with such part (if any) of the course for Botany Honours Part II as the Head of the Department may require.

Botany Honours Part II (Six Papers, together with practical work)

The course shall be that prescribed for Botany II for the Degree of Bachelor of Science (papers 6.20, 6.31) together with (i) a special additional course in Botany (paper 6.22) (ii) Chemistry for Biology II (paper 8.28) (iii) either an approved unit prescribed for the degree of Bachelor of Science or two special courses from those listed below, and (iv) such practical work as the Head of the Department requires.

Botany Honours Part III (Five Papers, together with practical work)

The course shall be that prescribed for Botany IIIA for the degree of Bachelor of Science (papers 6.30, 6.21) together with (i) a special additional course in Botany (paper 6.32) (ii) either an approved unit for the degree of Bachelor of Science or two approved special courses, and (iii) such practical work as the Head of the Department requires.
Special Courses for Botany II and III

Animal Ecology and Physiology 38.25
Biometry 27.20
Paleontology and Historical Geology 21.25
Physical Geography 20.20
*Chemistry for Biology III 8.38

*Botany Honours Part III only.

Note: The choice of subjects permitted will depend upon the botanical discipline in which the student intends to specialise.

Botany Honours Part IV (Three papers, together with practical work and dissertation).

The student shall follow one year's course of study approved by the Head of the Department of Botany and shall investigate one or more approved topics. The examination shall consist of three papers (6.45, 6.46, 6.47) and a report or reports embodying the results of the investigation which shall be equivalent to one paper. The report or reports shall be submitted by the beginning of the third term.

Note: The language for the Foreign Language Reading Examination will be German, Russian, or other language approved by Senate and this examination should be taken as early as possible.

Admission to the Honours School in Cell Biology shall be at the end of the second year after matriculation, except that in exceptional cases admission may be granted at the end of the third year after matriculation.

Prerequisites

Chemistry II, or Chemistry for Biology II, and four other units (including a second Stage II unit) chosen from Botany I, Botany II, Physics I, Physics II, Zoology I, Zoology II, Biochemistry II, and either Mathematics IA, Mathematics IB, Pure Mathematics II or any other unit approved by the Head of the Department.
Cell Biology Honours Part III (Five papers, together with practical work).

The course shall be that prescribed for Cell Biology III considered in greater detail (four papers, 40.35, 40.36, 40.37, 40.38) and practical work together with Chemistry for Biology III (one paper, 8.38).

Cell Biology Honours Part IV (Four papers, together with practical work and a research report).

The student shall follow one year’s course of study approved by the Head of the Department of Cell Biology, and carry out an original investigation on an approved topic. The examination shall consist of four papers (40.45, 40.46, 40.47, 40.48) and a research report embodying the results of the investigation which shall be equivalent to one paper. The research report shall be delivered to the Registrar on the first Monday of the third term.

Note: The language for the Foreign Language Reading Examination will be French, German, Italian, Russian, or other language approved by the Senate. This examination should be taken as early as possible.

GEOLGY

Admission to the Honours School in Geology shall be at the end of the second year after matriculation, provided that where the proviso to Regulation 7 applies, or in exceptional circumstances where it does not, admission may be granted at the end of the third year after matriculation.

Pre-requisites

Geology I and II,
Chemistry I,
and three other units including at least two in the following subjects:—

Chemistry, Mathematics, Physics, Zoology.

Geology Honours Part III (Four papers, together with practical work).

The courses shall be those prescribed for Geology IIIA and Geology IIIB and the examination shall con-
sist of four papers (21.30-21.33 inclusive) together with such practical work as the Head of the Department requires.

In special cases with the approval of the Head of the Department of Geology, papers in advanced units of other subjects may be substituted for one or two (but not more) of the above papers.

*Geology Honours Part IV* (Three papers, together with practical work and thesis).

The student shall follow one year's course of study approved by the Head of the Department of Geology and carry out an original investigation on an approved topic.* The examination shall consist of three papers (21.45, 21.46, 21.47) and a thesis embodying the results of the investigation which shall be equivalent to one paper. The thesis shall be delivered to the Registrar at the beginning of the second half of the second term.

*Note:* Intending students should consult the Head of Department about the topic immediately after completing the papers for Part III.

The language for the Foreign Language Reading Examination will be French, German, Russian, or other language approved by Senate and this examination should be taken as early as possible.

**Admission** to the Honours School in Physics shall be at the end of the second year after matriculation provided that where the proviso to Regulation 7 applies, or in exceptional circumstances where it does not, admission may be granted at the end of the third year after matriculation.

**Pre-requisites**

Physics IB,
Physics II,
Mathematics IA or IB (or Pure Mathematics II),
Pure Mathematics II (or Pure Mathematics III),
and two other Stage I units including at least one from Botany, Chemistry, Geology, Zoology.

**Physics Honours Part III** (Five or Six papers, together with practical work).
scribed for Physics IIIA, Physics IIIB, Pure Mathematics III, Applied Mathematics III, Statistical Mathematics III, Advanced Mathematics A or B, Chemistry II or IIIA and from such other courses as may be approved by the Head of the Department of Physics.

Physics Honours Part IV (Four or Five papers, together with practical work and an experimental or theoretical project).

An approved selection of courses from those prescribed for the degree of Master of Science in Physics, or in Mathematics, and from such other courses as may be approved by the Head of the Department of Physics; together with an approved experimental or theoretical project. The Foreign Language Reading Requirement shall be completed before the sitting of Honours Part IV.

Note: The language for the Foreign Language Reading Examination will be German or Russian or other language approved by Senate and this examination should be taken as early as possible.

Zoology Honours Part III (Four papers, together with practical work) will consist of Zoology IIIA and Zoology IIIB as prescribed for the Degree of Bachelor of Science (Papers 38.30, 38.31, 38.32, 38.33).
Zoology Honours Part IV (Three papers, together with practical work and a short dissertation).

(a) A course based on the prescriptions for Zoology II, Zoology IIIA and Zoology IIIB for the degree of Bachelor of Science requiring a broad knowledge of modern Zoology with particular reference to contemporary growth, philosophy and aims. (Two papers 38.45, 38.46).

(b) A special course in one of the following fields: Marine Biology, Entomology and Insect Ecology, Limnology, Vertebrate Biology, Experimental Zoology, or, with the special permission of the Head of Department, some other field: (one paper 38.47).

(c) The dissertation, which shall be given credit equal to that of two papers, shall be upon a topic approved before the end of the preceding year by the Head of the Department and a supervisor appointed by him. The dissertation shall be delivered to the Registrar on or before 1 November or such later date as the Head of the Department may permit.

Note: The dissertation must be compact in scope and disclose clear evidence of the power to carry out good independent practical work, and to present the results effectively.

The language for the Foreign Language Reading Examination will be French, German, Russian, or other language approved by the Senate and this examination should be taken as early as possible.
THE DEGREE OF MASTER OF SCIENCE
MSc

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

GENERAL PROVISIONS

1. Except as provided in the Admission Ad Eundem Statum Regulations a candidate for the Degree of Master of Science shall before enrolment:

   (a) have qualified for admission either to the Degree of Bachelor of Science or to the Degree of Bachelor of Science (Honours), and

   (b) (i) have passed the subject he offers either in its several stages as prescribed for the Degree of Bachelor of Science (including Stage IIIB if listed as a unit for that Degree) provided that in special cases recommended by the Head of the Department the Senate may exempt the candidate from this requirement or in the final year of the course for the Degree of Bachelor of Science (Honours), and

   (ii) have fulfilled such other prerequisites for the subject as may be required by these Regulations;

Provided that a candidate may offer:

Botany, if he has passed Cell Biology III or Chemistry IIIA or Zoology IIIA in place of Botany IIIB;

Cell Biology, if in place of Cell Biology III he has passed at Stage III in a Science subject approved by the Senate;

Geography, if in place of Geography IIIB he has passed at Stage III in a Science subject approved by the Senate;
Geology, if in place of Geology IIIB he has passed at Stage III in a Science subject approved by the Senate;
Zoology, if he has passed Cell Biology III in place of Zoology IIIB;
Any of the subjects Anatomy, Biochemistry, Physiology, or Psychology if he has completed the requirements for the Course in Human Biology for the Degree of Bachelor of Science.

2. A candidate who is not devoting his full time to University study shall, if the Senate so requires, follow a two year course of part-time study, of such content as the Senate may prescribe for him.

3. (a) A candidate who has qualified for the Degree of Bachelor of Science shall be required in the subject he offers to pass the prescribed examinations and to submit a thesis where that is prescribed, in accordance with Regulation 11 of these Regulations.

(b) A candidate who has qualified for the Degree of Bachelor of Science (Honours) shall be required to submit a thesis only, which shall be as prescribed in Regulation 11 of these Regulations, in such one of the subjects Botany, Geology, Physics, or Zoology as he offers. Provided that a candidate who has done work for the Degree of Bachelor of Science (Honours) but has qualified for admission not to that Degree but to the Degree of Bachelor of Science, may be granted exemption from such part of the course for the Degree of Master of Science as the Senate may approve, subject to his paying the prescribed fee as if that part of the course were an exempted unit for the purpose of Regulation 9 of the Enrolment and Course Regulations (General).

4. Where a thesis is required the following conditions shall apply:

   (a) The Senate shall appoint a supervisor for the candidate upon the recommendation of the Head of the Department.
(b) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject.

(c) In the case of a thesis recording laboratory work, a supervisor shall certify to the Registrar in writing that the laboratory work has been carried out within the University.

(d) A candidate shall present his thesis in the same year as that in which he first takes his examination (if any), or with the consent of the Head of the Department and subject to paragraph (g) of this Regulation, in any subsequent year.

(e) The candidate shall submit his thesis to the Registrar by 1 November in the year in which it is presented or at such later date as may be arranged with the Head of the Department.

(f) If the supervisor with the consent of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to submit it again at a later date to be specified by the supervisor.

(g) No thesis shall be presented later than the third year (i) after that in which the candidate first takes his examination for this Degree or (ii) after the year of the completion of the candidate's course for the Degree of Bachelor of Science (Honours); as the case may require: provided that this period may in special cases be extended by the Senate.

5. A candidate shall not offer a subject which he has already passed for the Degree of Master of Arts.

6. A candidate shall not offer Mathematics unless he has before enrolment passed or obtained a Certificate of Proficiency in Pure Mathematics III and in either Applied Mathematics III or Statistical Mathematics III or in some suitable selection of papers approved for this purpose by the Senate.
7. A candidate shall not offer Physics unless he has before enrolment obtained terms in Ancillary Mathematics or done such other work as the Senate may deem equivalent.

8. A candidate shall not be admitted to the Degree unless

(a) he has been credited with a pass in a unit of a foreign language approved for this purpose by the Senate, or

(b) he has been credited with a pass in a foreign language reading examination

(i) prescribed for the purpose of this Regulation, and

(ii) approved by the Head of the Department of the subject which the candidate is offering for this Degree.

9. A candidate whose mother-tongue is not English may on application and with the approval of the Senate be exempted from the provisions of Regulation 8. Application shall be made to the Registrar in writing, and if granted, exemption will be subject to the provisions of Regulation 9 of the Enrolment and Course Regulations (General).

10. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Honours shall not be awarded in a subject to any candidate for this Degree who has qualified in that subject for the award of the Degree of Bachelor of Science (Honours).

(c) Honours shall not be awarded in a particular subject to any candidate who enrolled for and failed to qualify for admission to the Degree of Bachelor of Science (Honours) in that subject.
(d) Honours shall not be awarded if the papers in the first year in which a candidate takes an examination for the Degree are unsatisfactory: provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or injury or exceptional circumstances beyond his control (certified under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination, so that he shall still be eligible for the award of Honours subject to the provisions of sub-clause (e) of this Regulation.

(e) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of 1 March following his passing the final subject or subjects of the Degree of Bachelor of Science, or of the Degree of Bachelor of Science (Honours), provided that this period may in special cases be extended by the Senate.

11. The subjects of examination and relative requirements as to theses for the Degree, together with the prescription numbers relative to each examination paper, are as follows:

ANATOMY (Two papers and a thesis which shall count as four papers): Papers 65.40, 65.41.

BIOCHEMISTRY (Three papers and a thesis which shall count as three papers): Papers 66.40, 66.41, 66.42.

BOTANY (Three papers and a thesis which shall count as three papers): Papers 6.40, 6.41, 6.42.

CELL BIOLOGY (Three papers and a thesis which shall count as three papers): Papers 40.40, 40.41, 40.42.

CHEMISTRY (Four papers and a thesis which shall count as two papers): Papers 8.40, 8.41, 8.42, 8.43.
GEOGRAPHY (Four papers and a thesis which shall count as two papers): Paper 20.40 and three papers from 20.41 to 20.52.

GEOLOGY (Three papers and a thesis which shall count as two papers): Papers 21.40, 21.41, 21.42.

PHYSICS (Three or four papers, and a thesis which shall count as two papers): Papers 31.40, 31.41, 31.42, 31.43.

PHYSIOLOGY (Two papers and a thesis which shall count as four papers): Papers 67.40, 67.41.

PSYCHOLOGY (Four papers and a thesis which shall count as four papers): Four papers from 33.40 to 33.51.

ZOOLOGY (Two or three papers, and a thesis which shall count as three papers): Papers 38.40, 38.41, 38.42.

12. These Regulations shall come into force on 1 January 1968.

THE DEGREE OF DOCTOR OF PHILOSOPHY
PhD

Regulations for this degree are printed elsewhere in the Calendar.
1. Except as provided in the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Doctor of Science shall be a graduate of the University of Auckland, or of the University of New Zealand.

2. No candidate shall present himself for the Degree of Doctor of Science until at least eight years after graduation to his first degree.

3. The Degree of Doctor of Science shall be awarded for an original contribution (or contributions) of special excellence in some branch of pure or applied science.

4. The degree shall be awarded only on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation.

5. No work shall be considered for the degree if the work, or a major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:

(a) Three copies of the work to be examined;

(b) A statutory declaration which shall —

(i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and

(ii) state what portion (if any) of the work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and
(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall —

(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate should be advised to withdraw his application.

(b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted, provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. If the Moderator recommends that the candidate should be advised to withdraw his application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may —

(a) withdraw his application, whereupon he shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or

(b) elect to proceed with the examination.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand.

(b) The contents of the Moderator's report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be:
(a) to report independently on the quality of the work and its value as a significant contribution to learning; and

(b) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded the examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A resubmission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall consider the reports of the Examiners and prepare a final report based upon them which, together with the reports of the Examiners, shall be placed before the Senate, and the Senate shall determine whether or not the degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where the Examiners' recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.
DEPARTMENT OF ANATOMY
ANATOMY FOR MSc AND HONOURS

(Two papers and a thesis)

65.40 (a), 65.41 (b) The study of selected fields of Anatomy at an advanced level with detailed study of one particular field. The thesis will be based on a research project and will be the major feature of the year's work. The topic must be arranged with the Head of the Department before the end of the preceding academic year.

Students from other Universities must have completed Anatomy III or the equivalent.

DEPARTMENT OF BIOCHEMISTRY
BIOCHEMISTRY FOR MSc AND HONOURS

(Three papers and a thesis)

66.40 (a), 66.41 (b), 66.42 (c) The general study of Biochemistry at an advanced level, with more detailed study in the fields of enzymology, metabolic pathways, microbial metabolism and biochemical control mechanisms.

Candidates for the Master's Degree should consult the Head of the Department as soon as possible after the completion of the Bachelor's Degree, in order to select thesis topic and obtain advice on vacation reading and textbooks.

The course will normally be of one year's duration; but the thesis may, with the approval of the Head of Department be completed during the second year. (See Clause 2 (c) of the Enrolment and Course Regulations (General)).

Students from other Universities must have taken Biochemistry to an advanced undergraduate level (e.g. Biochemistry III as offered at Otago University).

Students are reminded of the Foreign Language Reading requirement which is a prerequisite to the MSc Degree. The prescribed language is either French, German, or Russian at the discretion of the Head of the Department.
DEPARTMENT OF BOTANY

BOTANY I

(Two papers and practical work)

6.10 (a), 6.11 (b) The general structure and function of the plant cell; the general course of the evolution of structure, function and reproduction of plants, including detailed treatment of examples representing the whole range of the Plant Kingdom, together with the general morphology and histology of the Angiosperms; the characteristics of selected angiosperm families, with reference to their position in some recognized scheme of classification, and with special reference to their New Zealand representatives; the elements of plant physiology, plant ecology and genetics.

Four lectures and two two-hour laboratories per week.

Prescribed texts: Alexopoulos & Bold, Algae and Fungi (McMillan); Billings, Plants and the ecosystem (McMillan); Bold, The Plant Kingdom (Prentice-Hall); Levine, Genetics (Holt, Rinehart & Winston); Millener, Chapman & Segedin, A Classification of Plants (Auckland University); Savage, Evolution (Holt, Rinehart & Winston); Bell & Woodcock, Diversity of Green Plants (Arnold).

Recommended books: Bell, Plant Variation and Classification (Wadsworth); Esau, Anatomy of Seed Plants (Wiley); Odum, Ecology (Holt, Rinehart & Winston); Salisbury and Ross, Plant Physiology (Wadsworth); Swanson, The Cell (Prentice-Hall); Wilson & Loomis, Botany 4th Ed. (Holt, Rinehart & Winston); Richardson, Translocation in Plants (Arnold); Sutcliffe, Plants and Water (Arnold).

Considerable attention is given to the indigenous flora and, wherever practicable, material from that source is used for laboratory work.

Excursions for the study of plants and plant communities in the field are held at intervals.

The Museum contains a collection of dried and preserved specimens and a large teaching herbarium. In the University grounds will be found a collection of indigenous plants of New Zealand.

BOTANY II

(Two papers and practical work)

6.20 (a), 6.21 (b) These papers will contain questions from the following sections I and II.
Section I

This comprises essentially either the lower or the higher plants taken in alternate years. In 1970 the lower plants will be taught.

Lower Plants: A more extensive and detailed knowledge of structure, function, reproduction and classification in the plant kingdom (including contemporary and extinct plants), as shown by a study of the Algae, Bryophytes, and Vascular Cryptogams and using a more comprehensive selection of examples than for the relevant parts of Botany I.

Higher Plants: A more extensive and detailed knowledge of classification in the Plant Kingdom (including contemporary and extinct plants), as shown by a study of the Gymnosperms and Angiosperms, with special reference in classification to orders and families prominent in New Zealand and with a more comprehensive selection of examples than for the relevant parts of Botany I; Principles of Plant Ecology, Palynology, Biogeography, including the origin of the New Zealand flora; more detailed ecological study of selected New Zealand vegetation types.

Recommended books: Bell, Plant Variation and Classification (Wadsworth); Kershaw, Quantitative and Dynamic Ecology (Arnold); Sporne, Morphology of Gymnosperms (Hutchinson).

Section II

Plant Biochemistry; Cytogenetics; a more extensive study of Micro-organisms, Fungi and Algae; Ecological and Evolutionary Anatomy; fundamentals of Plant Ecology.

Prescribed texts: Beevers, Respiratory Metabolism in Plants (Harper Row); Kormondy, Concepts of Ecology (Prentice-Hall).

Recommended books: Alexopoulous, Introductory Mycology, 2nd Ed. (Wiley); Chapman, The Algae (McMillan); Swanson, Merz & Young, Cytogenetics (Prentice-Hall).

Four lectures and two three-hour laboratories per week. Attendance at a number of field excursions is obligatory.

BOTANY IIIA

(Two papers and practical work)

6.30 (a), 6.31 (b) These papers will contain questions from the following sections I and II.
Section I

This comprises either the lower plants or the higher plants, whichever has not previously been taken.

In 1970 the lower plants will be taught.

Recommended books: see Botany II, Section I.

Section II

Plant Biochemistry and Physiology; Plant Pathology; Fungal Genetics; Experimental Morphology; Plant Biosystematics.

Recommended books: Baker & Snyder, Ecology of Soil-Borne Plant Pathogens (Univ. Calif. Press); Bonner & Vamer, Plant Biochemistry (Academic Press); Esau, Anatomy of Seed Plants (Wiley); Fincham & Day, Fungal Genetics (Blackwell); Heywood, Plant Taxonomy (Arnold); Hillman, The Physiology of Flowering (Holt, Rinehart & Winston); Sistrom, Microbial Life (Holt, Rinehart & Winston); Wardlaw, Morphogenesis in Plants (Methuen); Gregory, The Microbiology of the Atmosphere (Leonard Hill).

Four lectures and two three-hour laboratories per week. Attendance at a number of field excursions is obligatory.

BOTANY IIIB

(Two papers and practical work)

6.35 (a), 6.36 (b) Phylogeny of the land plants; Ecology and Biogeography of the New Zealand flora; selected aspects of Plant Physiology; Molecular Biology; Plant Pathology; Virology; Evolution in the New Zealand flora; Phytoplanktology; Algal Physiology.

(The nature of the course demands a certain amount of field work which may be done during day trips or which may involve attendance for a longer period at a field locality in one of the vacations.)

Practical: A minimum attendance of 6 hours per week, but, in practice, considerably more will be expected. A course of reading will be prescribed.

BOTANY FOR BSc(Hons)

BOTANY HONOURS PART II

(Three papers and practical work)

6.20 (a), 6.21 (b) These papers will contain questions based on Sections I and II of the Botany II course.
6.22 (c) Theory and practice of specialised aspects of Botany; including in particular those in the fields of Plant Physiology, Plant Pathology, Plant Microtechnique, Plant Cytology and Plant Ecology.

Candidates will be required to sit a six hour combined theory and practical examination for this paper.

(Field work will include several day trips or a vacation course. Attendance will be obligatory.)

Laboratory work: Three practical periods of four hours each per week.

BOTANY HONOURS PART III

(Three papers and practical work)

6.30 (a), 6.31 (b) These papers will contain questions based on Sections I and II of the Botany IIIA course.

6.32 (c) Phylogeny of the land plants; Ecology and Biogeography of the New Zealand flora; Molecular Biology; Evolution in the New Zealand flora; Phytoplanktology.

(The nature of the course demands a certain amount of field work which may be done during day trips or which may involve attendance for a larger period at a field locality in one of the vacations.)

Laboratory work: A minimum attendance of nine hours per week, but, in practice, more will be expected.

BOTANY HONOURS PART IV

(Three papers and practical work)

6.45 (a), 6.46 (b), 6.47 (c) Selected aspects of Plant Physiology; Plant Pathology; Virology; Algal Physiology; certain other topics selected for study each year from the fields of Ecology, Physiology, Pathology, Morphology and Phylogeny, Genetics.

Laboratory work: The student will be expected to spend the whole of his time in the Department and to carry out such investigations as may be assigned to him. Written reports will be required by the beginning of the third term.
SPECIAL COURSES FOR BOTANY HONOURS II AND III

Each course will consist of one paper plus practical work (where applicable).

38.25 Animal ecology and physiology as set out in sections II of Zoology II and Zoology III respectively for the Degree of BSc.

27.20 Biometry. In 1970 students may elect to sit paper 26.280 of the Mathematics prescriptions.

21.25 Paleontology and Historical Geology. For students who have not passed Geology I: Paper 21.11 (b) Historical Geology for Geology I together with lectures and laboratories in Palaeobotany, only, of paper 21.33 for Geology III. For students who have passed Geology I: Paper 21.20 (a) Geology, Paleontology and Historical Geology for Geology II together with lectures and laboratories in Palaeobotany, only, of paper 21.33 for Geology III.

20.20 Physical Geography. As for Paper 20.20 of Geography II for the Degree of BSc.

8.28 Chemistry for Biology II — Pre-requisite Chemistry I.

Aspects of physical, theoretical, inorganic, organic and radio chemistry with emphasis on biological applications.

8.38 Chemistry for Biology III:

(i) Organic Chemistry as prescribed for Chemistry IIIA,
(ii) Radio Chemistry as prescribed for Chemistry IIIB.

BOTANY FOR MSc

(Three papers and a Thesis)

6.40 (a), 6.41 (b), 6.42 (c) Students reading for MSc are required to have a deeper knowledge of Botany than for BSc.

The preparation of a thesis is a most important feature of the work, and a large part of the student’s time should be given to this.

Prerequisites:

Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the Degree of MSc. The prescribed language is German, Russian, or such other language as may be approved by the Head of Department.
DEPARTMENT OF CELL BIOLOGY

CELL BIOLOGY III

Prerequisites: see BSc Regulation 8.

(Two papers)

40.31 (b) The structure and replication of representative plant, animal and bacterial viruses. Relationships of viruses with their host cells. The transmission and recombination of genetic material in bacterial viruses, in bacteria, and in diploid microorganisms. The units of mutation, function and recombination.

Entry from Cell Biology III to Part IV of Honours School for BSc(Hons): In exceptional circumstances entry to the Part IV of the Cell Biology Honours School may be permitted at the discretion of the Head of the Department and will involve such additional course work as deemed necessary.

CELL BIOLOGY FOR BSc(Hons)

CELL BIOLOGY HONOURS PART III

(Five papers and practical work)

40.35 (a) Methods used in the study of cell ultrastructure with special reference to Electron microscopy. The fine structure of representative microbial, plant and animal cells. Mechanisms of antibody production.
40.36 (b) The structure, function and biosynthesis of nucleic acids and proteins. The genetic code. Theories of genetic regulatory mechanisms.

40.37 (c) The structure and replication of representative plant, animal and bacterial viruses. Relationships of viruses with their host cells.

40.38 (d) The transmission and recombination of genetic material in bacterial viruses, in bacteria, and in diploid microorganisms.

8.38 (e) as prescribed for Chemistry for Biology III (see page 296).

**CELL BIOLOGY HONOURS PART IV**

(Four papers, together with practical work and a research report)

40.45 (a), 40.46 (b), 40.47 (c), 40.48 (d) The material for Cell Biology Part III considered in greater depth, with special reference to selected topics in Virology, Electron Microscopy, Microbial and Molecular Genetics and Molecular Biology, Immunology.

Texts: To be prescribed.

**CELL BIOLOGY FOR MSc AND HONOURS**

(Three papers and a thesis)

40.40 (a), 40.41 (b), 40.42 (c) The material for Cell Biology III considered in greater depth, with knowledge of some of the current original literature. The course will be based on selected topics in Virology, Electron Microscopy, Molecular Biology, Microbial and Molecular Genetics, and Immunology.
Prerequisites: For Auckland students, Cell Biology III. Students from other universities or colleges must have taken some suitable subject to an advanced undergraduate level (e.g., Microbiology III, or Biochemistry III as offered at Otago University).

Students are reminded of the Foreign Language reading requirement which is a pre-requisite for admission to the MSc degree. The prescribed language may be French, German, Italian, Russian, or such other language as may be approved by the Head of the Department.

Thesis: The preparation of a thesis is a most important feature of the work and a large part of the student's time should be devoted to this. The topic of research for the thesis can be in virology, electron microscopy, molecular genetics, in molecular biology with special reference to nucleic acids and proteins, or in basic aspects of immunology.

RESEARCH IN CELL BIOLOGY

Facilities are available for research by PhD and post-doctoral students in fields of virology, immunology, molecular genetics, electron microscopy, and molecular biology, with special reference to nucleic acids and proteins.

Intending students should consult the Head of the Department as early as possible.

Note: An MSc in Cell Biology is not a prerequisite for PhD registration.
DEPARTMENT OF CHEMISTRY

CHEMISTRY I

(Two papers and practical work)

8.10 (a), 8.11 (b) General chemistry.

Students will attend four lectures a week. Tests will be held from time to time during lecture hours, and performance in these tests will contribute to the final mark for written papers.

Laboratories: Students will attend two practical classes (of two hours each) a week. No student may enter the laboratory unless he is wearing spectacles, safety glasses or some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written papers and the practical course is necessary.

Students intending to proceed to Chemistry II are strongly advised to include Mathematics IA or IB in their course concurrently with Chemistry I. Students intending to proceed to Chemistry III should also include Physics IA or IB in their course.

Recommended books: Pierce and Smith, General Chemistry Workbook (Freeman); Aylward and Findlay, Chemical Data Book, 2nd Ed. (Wiley); Companion, Chemical Bonding (McGraw-Hill).

Students who have not previously studied chemistry are advised to read: Chemistry — An Experimental Science (W. H. Freeman & Co.).

Laboratory Manual: The laboratory manual is available from the Cashier's office at the University in the Old Arts building.

CHEMISTRY II

(Two papers and practical work)

8.20 (a) Analytical, inorganic and quantum chemistry, and spectroscopy.

8.21 (b) Organic and physical chemistry.

Laboratories: Students are required to attend practical classes of not less than eight hours a week. No student may enter the
laboratory unless he is wearing spectacles, safety glasses or some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written papers and in the practical course is necessary.

CHEMISTRY IIIA

(Two papers and practical work)

8.30 (a) Inorganic, quantum and radiochemistry.

8.31 (b) Organic and physical chemistry.

Laboratories: Students are required to attend practical classes of not less than eight hours a week. No student may enter the laboratory unless he is wearing spectacles, safety glasses or some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written papers and in the practical course is necessary.

301

*Note:* Students are advised to seek guidance before purchasing recommended texts.

**CHEMISTRY IIIB**

(Two papers and practical work)

8.32 (a) Inorganic, physico-organic, radio- and structural chemistry.

8.33 (b) Organic and physical chemistry.

*Laboratories:* Students are required to attend practical classes of not less than eight hours a week. No student may enter the laboratory unless he is wearing spectacles, safety glasses or some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written papers and in the practical course is necessary.

*Note:* Students are advised to seek guidance before purchasing recommended texts.
ADVANCED CHEMISTRY
(Two papers and practical work)

8.34 (a) Inorganic, quantum, radio- and structural chemistry.
8.35 (b) Organic and physical chemistry.

Laboratories: Students are required to attend practical classes of not less than eight hours per week. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written examination and in the practical course is necessary.

Prescribed texts: To be advised.

CHEMISTRY FOR MSc AND HONOURS
(Four papers and a thesis)

Students intending to read for MSc and Honours should consult the Head of the Department as soon as possible after the completion of the Bachelor's Degree, in order to select the thesis topic and secure appropriate laboratory facilities. The course is normally of one year's duration, but the thesis may, with the approval of the Head of the Department, be completed during the second year. (See clause 2 (c) of the Enrolment and Course Regulations (General).)

8.40 (a) Inorganic, quantum and structural chemistry.
8.41 (b) Organic chemistry.
8.42 (c) Physical chemistry.
8.43 (d) Advanced topics in chemistry.

Prescribed texts: Cotton & Wilkinson, Advanced Inorganic Chemistry (Interscience); Coulson, Valence, (Oxford); Murrell, Kettle & Tedder, Valence Theory (Wiley); Basolo & Pearson, Mechanisms of Inorganic Reactions (Wiley); Drago, Physical Methods in Inorganic Chemistry (Reinhold).

Roberts & Caserio, Basic Principles of Organic Chemistry (Benjamin).

Barrow, Introduction to Molecular Spectroscopy (McGraw-Hill); Frost & Pearson, Kinetics and Mechanism (Wiley); or Laidler, Chemical Kinetics, 2nd ed. (McGraw-Hill); van Rysselberghe, Thermodynamics of Irreversible Processes (Hermann); Kortum, Treatise on Electrochemistry (Elsevier).

Recommended books: Azaroff, Introduction to Solids (McGraw-Hill); Langford & Gray, Ligand Substitution Processes (Benjamin); Melander, Isotope Effects on Reaction Rates (Ronald); Delahay, Double Layer and

Note: Students are advised to seek guidance before purchasing recommended texts.

A pass both in the thesis and in the written papers is necessary.

In addition to attending prescribed lectures in physical, structural, inorganic, and organic chemistry, students will be required to prepare and discuss a number of selected topics of special interest.

Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the MSc Degree. The prescribed language normally is German; classes are arranged by the Department of Germanic Languages and Literature.

DEPARTMENT OF GEOGRAPHY

For prescriptions see pages 187-90.

Note: The prescriptions for Geography IIIA and IIIB are as prescribed for Geography III and Geography III (Special) respectively for the Degree of Bachelor of Arts.
DEPARTMENT OF GEOLOGY

GEOLOGY I

(Two papers and practical work)

21.10 (a) Physical Geology. Materials of the lithosphere; weathering of rocks, transportation and deposition of sediments; the role of organisms in geological processes; igneous action; earthquakes; structural geology; geomorphology; metamorphism; rock and mineral deposits.

Prescribed texts: Lab. book: Searle, Practical Course in Mineralogy and Petrography (available from the Registry); Gilluly, Waters, Woodford, Principles of Geology (Freeman); Searle, City of Volcanoes (Paul).

21.11 (b) Historical Geology. General principles of stratigraphy; geological chronology; broad outlines of geological history; elementary systematic paleontology and fossils characteristic of the geological periods; a general account of the stratigraphy of New Zealand.

Lectures and laboratories: eight hours per week.

Practical: At least two practical classes must be attended each week. The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University.

A pass both in the written papers and in the practical course is necessary.

Field Excursions: Each student will be required to attend four field excursions, arranged usually for week-ends.

Note: Students planning to advance to Geology III, are recommended to include one unit of Mathematics, either Pure or Applied in their course.

GEOLOGY II

(Two papers and practical work)

21.20 (a) Geology, Paleontology and Historical Geology.

i. Physical Geology. As defined for Geology I but taken to a higher standard and with more emphasis on sedimen-
tation and structural geology. Study and preparation of geo-
logical maps.

ii. Paleontology and Historical Geology. Invertebrate paleontology continued; evolution of certain groups of organ-
isms; Mesozoic and Tertiary stratigraphy of New Zealand.

21.21 (b) Geology and Mineralogy. Crystallography and mineralogy; the symmetry of the more important crystal classes; the elements of the stereographic projection; the principles and practical applications of optical crystallography; descriptive and determinative mineralogy.

*Lectures and laboratories*: Nine hours per week.

*Practical*: Students must attend each week practical classes in Mineralogy, Paleontology, Interpretation of Geological Maps. An attendance of at least six hours per week is expected of each candidate. The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written papers and the prac-
tical course is necessary.

*Field classes*: A field camp lasting about a week will be held, probably during the first vacation; other shorter trips may also be held. Attendance at the field classes is compulsory and students must be prepared to pay a large part of the cost of the excursions, which may be held anywhere in New Zealand.

**GEOLOGY IIIA AND GEOLOGY IIIB**

The following courses are offered:

21.30 General geology, structural geology; elements of photo-
geology, of geophysics and of engineering geology.

306
21.31 Stratigraphy, sedimentology and sedimentary petrology, mineral deposits of sedimentary origin.

21.32 Igneous and metamorphic petrology, mineral deposits of igneous and metamorphic origin.

21.33 Paleontology.

For Geology IIIA course 21.30 is compulsory. One other course as approved by the Head of Department shall be selected from 21.31, 21.32, 21.33; normally a candidate will be expected to take 21.31. Candidates are expected to have a wider knowledge of fields of study covered in stages I and II and may be examined thereon.

For Geology IIIB any two of the remaining courses may be taken.

Prescribed texts:
21.33 In addition to books listed for Stage II 21.20 (ii); Hornibrook, *A Handbook of N.Z. Microfossils* (N.Z. Govt. Printer).

**Lectures and Practical work**

An attendance of approximately 6 hours per week for each course is necessary for the lectures and practical work involved. The year's practical work will be assessed for each student and the marks entered in the schedule of the University. A pass both in written papers and in the practical course is required.

**Field classes** will be held through the year (including vacations). Attendance is compulsory and students must be prepared to pay a large part of the costs of excursions which may take some days and may be held anywhere in New Zealand.
GEOLOGY FOR MSc AND HONOURS

(Three papers and a thesis)

Examination: The examination for this degree consists of three written papers, 21.40, 21.41, 21.42, and a thesis. All candidates are advised to undertake work for theses before presenting themselves for written papers, and students who intend to read for this degree should therefore consult the Head of the Department well before the Session commences.

Text-books: Students should consult the staff before buying text-books.

Discussion Classes: These will be arranged at times to suit the convenience of students.

Foreign Language: Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the Degree of MSc. Candidates must show proficiency in one of the following languages: French, German or Russian.

ENGINEERING GEOLOGY

The prescription for this subject appears under School of Engineering courses.
The Marine Biological Research Station is situated on the east coast, some sixty miles north of Auckland, at Goat Island Bay, Leigh. It provides research space, facilities such as running seawater, and living accommodation for seven or more workers. Present work is centred on the ecology and physiology of shore and shallow water organisms, but the laboratory is open to workers in any branch of marine research.

The Research Station is managed by a committee — Chairman, Professor V. J. Chapman (Botany), Secretary, Associate-Professor R. M. Cassie (Zoology) — but bookings should be made through the Director, Dr W. J. Ballantine, R.D. Leigh (Telephone Leigh 7R).

Research facilities and accommodation are available to students proceeding to the BSc (IIIB), BSc(Hons), MSc, or PhD degrees as well as staff and visiting scientists.
DEPARTMENT OF MATHEMATICS

All students enrolling in units taught in the Department of Mathematics should note that, in every case where a choice of papers is offered in a particular unit, the candidate's choice must be approved by the Head of the Department or his deputy. In the case of BE Intermediate students the choice must also conform with the requirements of the BE Regulations. A candidate who has taken or is taking a paper for any particular unit will not (except in the case of a change of syllabus) be permitted to take the same paper, or a more elementary paper, for any other unit. In exceptional cases the Head of the Department may permit a choice of papers which does not conform to the requirements set out below in the prescriptions for the various units.

For the guidance of students the normal prerequisites for taking some of the papers taught by the Department are indicated below. These may be waived in exceptional cases. Further information concerning prerequisites for particular papers may be obtained from the lecturers concerned.

Text and reference book recommendations additional to those set out below may be made in class or on the notice-board. Students are advised to seek guidance before purchasing any text books.

Students are reminded that they may be permitted to take a certificate of proficiency in individual papers chosen from those set out below.

Students intending to proceed to the MA or MSc degree in Mathematics should if possible satisfy the Foreign Language Reading requirement during the first two years of their undergraduate course. The language may be French, German, Russian or such other language as may be approved by the Head of the Department.

Prescriptions for Stage I, II, and III Papers

The following papers are available to students taking units at Stages I, II, and III in the Department. The rules governing the combination of these papers into units are set out at the end of the list of papers.
26.120 Elementary Functions and Coordinate Geometry

Algebra of complex numbers; rudiments of plane analytical geometry, including locus problems, polar coordinates, and geometry of complex numbers; arithmetic and geometric progressions; definition of function and algebra of functions; polynomial and rational functions; exponentials, logarithmic and trigonometrical functions; permutations and combinations; binomial theorem; mathematical induction; introduction to three dimensional analytical geometry.

26.140 Introductory Calculus

Derivatives and integrals; differential calculus of polynomials and rational functions; antiderivatives and integrals of polynomials; logarithms and exponentials; calculus in Euclidean geometry, trigonometrical functions; applications.

In 1970 two versions of this course will be taught. Students planning to proceed to Pure Mathematics II in a later year are recommended to take the theoretical (T) version of the course. Other students are recommended to take the general (G) version of the course which will concentrate more on techniques than on theory and will contain additional work on coordinate geometry.

26.141 Principles of Calculus (a)

26.142 Principles of Calculus (b)

The topics from papers 26.140 and 26.240 taught as a unified course. Students passing 26.141 and 26.142 will be treated as having passed 26.240 for prerequisite purposes.

26.170 Principles of Mechanics

Elementary vector algebra; statics of a particle and rigid body;
centres of mass and moments of inertia; dynamics of a single particle including simple harmonic motion, motion in a circle, and projectiles; introduction to dynamics of a system of particles and of a rigid body. It is recommended that a student taking this paper has passed or is enrolled concurrently in 26.140 or its equivalent.

26.171 *Mechanics and Algebra*

A selection from the topics prescribed for 26.120 together with the following: statics of a particle and rigid body; dynamics of a single particle including simple harmonic motion, motion in a circle and projectiles; introduction to dynamics of a system of particles and of a rigid body. This course may not be taken together with either 26.120 or 26.170.

Prescribed texts: As for 26.120 and 26.170.

26.210 *Principles of Mathematics*

Logic and sets; fields, rings and groups; functions and relations. Prerequisite: a pass or concurrent enrolment in 26.140 or its equivalent.

Prescribed text: S. Lipschutz, *Finite Mathematics* (Schaum).

26.220 *Linear Algebra*

A survey of some of the topics in 26.210 together with: Vector spaces, linear mappings, matrices, inner products and norms, determinants, quadratic forms.

26.240 *Calculus*

Solid analytical geometry; hyperbolic functions; elements of infinite series; partial differentiation; formulas and methods of integration; multiple integration; special types of differential equations; linear differential equations. Prerequisite: a pass in 26.140 or equivalent preparation.

312
26.280 Principles of Statistics

Introduction to probability, random variables and their distributions, expected values, introduction to statistical inference. It is recommended that a student taking this paper has passed or is enrolled concurrently in paper 26.140 or its equivalent.

26.290 Principles of Computing

The computer and its logical structure, algorithms, programming languages, numerical methods, problem solving. It is recommended that a student taking this paper has passed or is enrolled concurrently in paper 26.140 or its equivalent.

Prescribed texts: M. V. Wilkes, A Short Introduction to Numerical Analysis (C.U.P.); E. I. Organick, A FORTRAN IV Primer (Addison-Wesley).

Recommended books: F. E. Hohn, Applied Boolean Algebra (Macmillan); D. Kaye, Boolean Systems (Longmans).

26.310 Special Topics in Pure Mathematics

It is not planned to teach this course in 1970.

26.320 Algebraic Structures

Groups, rings, unique factorization domains, fields, Galois theory. Prerequisite: a pass in 26.220.

26.321 Algebra

A selection from the topics prescribed for 26.220 and 26.320. This course is intended for students with special mathematical interest and aptitude, and may not be taken together with either 26.220 or 26.320. Students who pass in 26.321 will be permitted to take courses for which 26.320 is the normal prerequisite.

It is not planned to teach this course in 1970.

26.330 Principles of Analysis

Real numbers, complex numbers, set theory, metric spaces, Euclidean spaces, continuity, differentiation. Prerequisite: a pass in 26.240 or equivalent preparation.

Prescribed texts: R. Cooper, Functions of Real Variables (Van Nostrand) OR R. C. Buck, Advanced Calculus (McGraw-Hill, 2nd Ed.).
26.331 Analysis
A selection of the topics prescribed for papers 26.330 and 26.430. This paper is available to a well qualified student in place of 26.330 and will prepare a student for courses for which 26.430 is the normal prerequisite. Prerequisite: as for 26.330.

It is not planned to teach this course in 1970.

26.340 Multivariable Calculus

26.360 Methods of Applied Mathematics
Vector analysis, the special functions of applied mathematics, orthogonal polynomials, difference equations, Fourier series. Prerequisite: a pass or concurrent enrolment in 26.240 and in 26.220 or 26.321.

26.361 Special Topics in Applied Mathematics
It is not planned to teach this course in 1970.

26.370 Mechanics
Prerequisite: a pass in 26.240 and a pass in 26.170 or 26.171 or equivalent preparation.

Prescribed text: S. W. McCuskey, Introduction to Advanced Dynamics (Addison-Wesley).

26.371 Field Theory
Prerequisite: a pass in 26.240.

Prescribed text: D. F. Lawden, Course in Applied Mathematics, Vol 2 (E.U.P.). [Note: Vols. 1 and 2 are also available as a single volume.]

26.380 Probability

Prescribed text: N. T. J. Bailey, The Elements of Stochastic Processes with Applications to the Natural Sciences (Wiley).

26.381 Statistics

Axioms of probability, distribution theory of one or more variables, statistical inference, goodness of fit, introduction to analysis of variance and experimental design. Prerequisite: a pass in 26.280 and a pass or concurrent enrolment in 26.240 (or its equivalent).

There is no prescribed text but the following are recommended books: H. D. Brunk, An Introduction to Mathematical Statistics, 2nd Ed. (Blaisdell); A. M. Mood and F. A. Graybill, Introduction to the Theory of Statistics, 2nd Ed. (McGraw-Hill).

26.382 Selected Topics and Problems in Statistics

It is not planned to teach this course in 1970.

26.390 Numerical Calculus

Introduction to the numerical algorithms fundamental to scientific computer work. Elementary discussion of error, polynomial interpolation, quadrature, linear systems of equations, solution of nonlinear equations, numerical solution of ordinary differential equations. Prerequisite: a pass in 26.290 or equivalent preparation, a pass or concurrent enrolment in 26.220, a pass or concurrent enrolment in 26.240.

Recommended book: Louden, Programming the IBM 1130 and 1800 (Prentice-Hall).

26.481 Statistical Analysis

Sample survey theory, multiple linear regression, analysis of variance and covariance, factorial designs. Prerequisite: Pass in 26.381 (or, prior to 1969, Statistical Mathematics II), and a pass in 26.220, 26.240.
26.490 Numerical Analysis

A thorough treatment of solutions of equations, interpolation and approximations, numerical differentiation and integration, and numerical solution of initial value problems in ordinary differential equations. Selected algorithms will be programmed for solution on computers. Prerequisite: A pass or concurrent enrolment in 26.340 and a pass in 26.220, 26.390.

Prescriptions for Units

MATHEMATICS IA

(Two papers)

The normal choice of papers is 26.120, 26.140 or 26.140, 26.210 or 26.141, 26.142. In exceptional cases, or where a student intends to take only a single mathematics unit, the choice of papers may be widened to include one of 26.280, 26.290 or some other appropriate papers.

MATHEMATICS IB

(Two papers)

26.140, 26.171

Note: This unit cannot be taken together with Mathematics IA. It can be taken together with Applied Mathematics I, but in this case the option paper 26.170, Principles of Mechanics, may not be offered for Applied Mathematics I. Students who have passed Mathematics IB will have sufficient preparation to advance to Pure Mathematics II.

A student who has been credited with Mathematics IB and Pure Mathematics II, and who wishes to proceed to Applied Mathematics III, will ordinarily be required first to attain a standard equivalent to a pass in Applied Mathematics I, but this requirement may be waived in exceptional circumstances. A student who fails to pass in the mechanics section of Mathematics IB will be considered for a pass in Mathematics IA.

Most engineering intermediate students will be recommended to take Mathematics IB. In the event of staffing or accommodation difficulties it may be necessary to direct some engineering intermediate students whether to enrol in Mathematics IB or in the combination of Mathematics IA and Applied Mathematics I.
PURE MATHEMATICS II

(Two papers)

The normal choice of papers is 26.220 and 26.240. Permission may be given for students who have already passed paper 26.210 to replace paper 26.220 by paper 26.321, and for students who have not already passed paper 26.210 to substitute paper 26.210 for paper 26.220. (It is understood that in this case paper 26.321 would have to be taken if students proceeded to Pure Mathematics III.) Students who have attained a pass in 26.141, 26.142 will not be permitted to take 26.240 but will be permitted to substitute 26.340, 26.330 or 26.331 for 26.240. In exceptional cases permission may also be given for students to substitute other appropriate papers for those shown above.

PURE MATHEMATICS III

(Three papers)

The normal choice of papers is: 26.320, 26.330, 26.340. Students who have not passed paper 26.220 or paper 26.321 must take paper 26.321 instead of paper 26.320. One of papers 26.320 and 26.321, one of papers 26.330 and 26.331, and paper 26.340 are compulsory for students who have not already passed them. However, paper 26.340 need not be taken for Pure Mathematics III if it is concurrently offered for a different unit. Subject to these rules, permission may be given to select paper 26.310 or some other appropriate paper in place of one or more of the above papers.

Note: Students exempted from Pure Mathematics II on the grounds of having passed Engineering Mathematics II and Engineering Mathematics III may require additional preparation.

APPLIED MATHEMATICS I

(Two papers)

Two papers chosen from 26.170, 26.280, 26.290. In exceptional cases a wider choice of papers may be allowed.
If Applied Mathematics I is taken together with Mathematics IB the option paper 26.170, Principles of Mechanics, may not be offered for Applied Mathematics I.

APPLIED MATHEMATICS III

(Three papers)

The normal choice of papers is 26.360 and two of 26.370, 26.371, 26.380, 26.381, 26.390; 26.360 is compulsory for students who have not already passed it. However, students who have already passed 26.381 may select 26.481 instead and students who have already passed 26.390 may select 26.490 instead. Permission may also be given for the choice to be widened to include 26.340, 26.361 and the papers prescribed for the BE (Eng. Sc.) course. In exceptional cases, an even wider choice may be approved.

STATISTICAL AND COMPUTATIONAL MATHEMATICS II

(Two papers)

Note: A prerequisite for this unit is a pass or concurrent enrolment in Pure Mathematics II.

For a student who passed Applied Mathematics I in 1968 or 1969 the normal choices of papers for Statistical and Computational Mathematics II are as follows: 26.290 and one of 26.360, 26.381, if 26.280 was taken for Applied Mathematics I; 26.280 and one of 26.360, 26.390 if 26.290 was taken for Applied Mathematics I. A student who passed Applied Mathematics I prior to 1968 may be permitted to take papers 26.280 and 26.290 for this unit. For a student taking this unit concurrently with Applied Mathematics I, the normal choice of papers for the two units is 26.170, 26.280, 26.290, 26.360. For a student who has not passed Applied Mathematics I the normal choice of papers is 26.360 and one of 26.280, 26.290; such a student is not permitted to take 26.280 and 26.290 for this unit.

In exceptional cases the choice of papers for this unit may be widened.
STATISTICAL MATHEMATICS III

(Three papers)

The normal choice of papers is 26.380, 26.381, 26.382. Although this unit will not be offered in 1970, papers 26.380, 26.381 are available as options for Applied Mathematics III. A student who has already passed 26.381 or who passed Statistical Mathematics II as taught in 1968 may select 26.481 in place of 26.381 for Applied Mathematics III. If such a student has not taken Applied Mathematics I, he will be recommended for a concession under the appropriate BA or BSc regulation.

ADVANCED MATHEMATICS A

(Three papers)

Note: Prerequisites for this course are (1) a pass in Pure Mathematics III and (2) a pass or concurrent enrolment in either Applied Mathematics III or Statistical Mathematics III.

Advanced Mathematics A cannot be credited with either Mathematics IA or Mathematics IB towards any University Degree or Diploma.

The student will select three of the papers prescribed for Applied Mathematics III, Statistical Mathematics III, and Mathematics for MA or MSc.

ADVANCED MATHEMATICS B

(Three papers)

Note: The prerequisite for this course is a pass or concurrent enrolment in Advanced Mathematics A.

The student will select three of the papers prescribed for Applied Mathematics III, Statistical Mathematics III, and Mathematics for MA or MSc.

ANCILLARY MATHEMATICS

(Three papers)

Three papers selected by the student from among the papers prescribed for Pure Mathematics III, Applied Mathematics III, and Advanced Mathematics A. Before enrolling the student should consult with the Departments in which he is taking Stage
III units concerning his selection of papers.

This unit may not be credited for BSc along with Pure Mathematics III, but may under certain conditions (see BSc Regulations) be credited along with Applied Mathematics III.

COURSES FOR MA, MSc, AND HONOURS
(Six or seven papers)

*Note:* Pure Mathematics III and either Applied Mathematics III or Statistical Mathematics III are prerequisites for this course. In particular, satisfactory passes in one of 26.320, 26.321, in one of 26.330, 26.331, in 26.340 and in 26.360 are prerequisites that would be waived only in very exceptional circumstances. Advanced Mathematics I is not a prerequisite but students who have not passed in it will be required to attend such of the lectures in Advanced Mathematics as the Head of the Department directs. Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the MA or MSc degree. The language may be French, German, Russian, or such other language as may be approved by the Head of the Department.

The student shall select six or seven papers from among the papers set out below. The student's selection of papers must be approved by the Head of the Mathematics Department. Candidates not credited with Advanced Mathematics I will normally be required to present seven papers. Not all of the papers listed will be offered each year. The prescriptions for such of the 'topics' papers as are offered will be determined each year by the Head of the Mathematics Department.

- 26.410 Mathematical logic
- 26.411 Recursive functions
- 26.412 Lattice theory
- 26.413 Advanced topics in pure mathematics
- 26.420 Abstract algebra. Prerequisite: 26.320 or 26.321
- 26.421 Number theory
- 26.422 Group theory
- 26.423 Topics in algebra
- 26.430 Real analysis. Prerequisite: 26.330
26.431 Measure and integration. Prerequisite: 26.430 (may be taken concurrently)
26.432 Functional analysis
26.433 Topics in modern analysis
26.441 Trigonometric series
26.442 Topics in analysis
26.450 General topology
26.451 Algebraic topology
26.452 Differential geometry
26.453 Projective geometry
26.454 Topics in geometry or topology
26.460 Advanced methods of applied mathematics
26.461 Advanced topics in applied mathematics
26.470 Advanced mechanics. Prerequisite: 26.370
26.471 Fluid mechanics. Prerequisite: 26.371
26.472 Magnetohydrodynamics
26.473 Quantum mechanics
26.474 Topics in mechanics
26.480 Probability theory
26.481 Statistical Analysis. Prerequisite: 26.381
26.482 Advanced statistics
26.483 Topics in statistics
26.490 Numerical analysis. Prerequisite: 26.390
26.491 Advanced numerical analysis
26.492 Topics in computing

Prescribed texts: For a list of prescribed texts and recommended books for courses 26.410-26.492 apply to the Secretary of the Department of Mathematics.
DEPARTMENT OF PHYSICS

PHYSICS IA

(Two papers)

This course is intended primarily for students who intend to proceed to courses in Medicine (Otago), Dentistry, Agriculture, Architecture, Home Science, Surveying and Pharmacy. It is also recommended for students taking a BA or a BSc degree in Natural Science subjects.

The course is designed as far as possible to suit students whose prime interest lies outside physics. It will be assumed that students have studied Mathematics and Physics at University Entrance level. Students without this minimum qualification are strongly advised to take Preliminary Physics (see p. 329 before enrolling in Physics IA.

31.10 (a), 31.11 (b) Lectures for four hours per week from the following topics: Mechanics, Gravitation and Physical Properties of Materials; Geometrical and Physical Optics; Periodic Motion, Wave Motion and Sound; Molecular Motion; Electricity; Relativity and Quantum Physics.

Laboratory course: Four hours of practical work (including some tutorial instruction) each week.

Prescribed texts: Halliday and Resnick, Physics for Students of Science and Engineering, Parts I & II (Wiley); J. B. Earnshaw et al., First Year Course in Practical Physics (available from the Registry); Beiser, Concepts of Modern Physics (McGraw-Hill).

PHYSICS IB

(Two papers)

This course is intended for students wishing to advance in the physical sciences or Engineering. Mathematics up to University Entrance standard will be assumed. Students who have not completed a further year of Physics study beyond University Entrance standard may have difficulty with the course.

The attention of students is drawn to the Preliminary Physics course (see p. 329), which may be taken concurrently with Physics IB or in a preliminary year.

31.12 (a), 31.13 (b) Lectures for four hours per week from the same topics as listed above for Physics IA.
Laboratory course: Four hours of practical work (which may include some tutorial instruction) each week.

PHYSICS II

(Two papers)

The subjects offered in Physics II and Physics IIIA are together intended to provide a well-balanced general course in Physics, suitable for persons with an interest in Physics who may wish to enter industrial or public service employment (including teaching), but who do not wish to proceed to more advanced levels of study and research. Students completing Physics II will be encouraged to consider advancing to Physics IIIA, but the Physics II course in itself will be of interest to students advancing in related subjects (e.g. Chemistry, Mathematics). Arrangements can also be made for particular courses from those listed below to be examined for a certificate of proficiency if so desired.

Before being admitted to this Stage, students must have passed in Physics IB (or in Physics IA at a sufficiently high standard) and in Pure Mathematics IA or IB. Students of Physics II are advised to take Mathematics to Stage II.

31.20 (a), 31.21 (b) Lectures for four hours per week on the following topics: Vibrations and Waves (inc. Acoustics and Physical Optics); Electromagnetic Theory (inc. aspects of Special Relativity); Electrophysics (circuit theory and electronic devices); Quantum Physics (basic theory and Atomic Physics). Each course will consist of approx. 25 lectures.

If circumstances permit, tutorial groups will be held for one hour weekly (see note concerning Physics Tutorials on p. 329).

Laboratory Course: Two practical classes of three hours each per week.

**PHYSICS IIIA**

(Two papers)

Students are referred to the general information given under Physics II. Some particular courses from those listed below may also be of interest to students from related Departments (e.g. Chemistry, Geology) and arrangements can be made for these to be examined for a certificate of proficiency.

Pure Mathematics II is a prerequisite for this course and students are advised to take Ancillary Mathematics. A pass in Physics IIIA is necessary for the BSc(Hons) course in Physics.

31.30 (a), 31.31 (b) Lectures for four hours per week on the following topics: Introductory Geophysics; Molecular and Solid State Physics; Thermodynamics and Statistical Physics; Quantum Physics; Special Relativity.

Tutorial classes will be held for one hour in alternate weeks (see note concerning Physics Tutorials on p. 329).

**Laboratory Course:** Two practical classes of three hours each per week.

**PHYSICS IIIB**

(Two papers)

The subjects offered for Physics IIIB and for Physics for MSc and Honours together form a course of advanced study in
Physics, which comprises certain core material taken by all students, and a number of optional courses, some of which may be taken in Physics IIIB. These optional courses are intended to cover a variety of topics from some of the important branches of Physics (e.g. Theoretical Physics, Geophysics, Electrophysics, Nuclear Physics). They include topics which form the major research interests of the Department. Students who do not wish to proceed to Honours will nonetheless find that Physics IIIB adds substantially to their depth of understanding of physical science.

Physics IIIB may be taken concurrently with, or after, Physics IIIA. A pass in both units is necessary for the MSc and BSc(Hons) courses in Physics.

N.B. RADIO PHYSICS III. This unit has been discontinued from 1970. The same course of instruction and laboratory work is now given as an option under Physics IIIB. Students interested in this option will be given full information upon enrolment.

31.34 (a), 31.35 (b) Lectures for four hours per week on the following topics: Core material: Electromagnetic Theory; Pulse Electronics, Experimental Techniques. Each course will consist of approximately 15 lectures. Optional courses (two to be selected): Introductory Nuclear and Particle Physics; Circuit electrophysics; Device electrophysics; Theoretical Physics; Geophysics (oceanography). Each course will consist of approximately 25 lectures.

Tutorial classes of one hour's duration will be held in alternate weeks; alternately to Physics IIIA (see note concerning Physics Tutorials on p. 329).

Laboratory Course: Two practical classes of three hours each per week.

Prescribed texts: Goldstein, Classical Mechanics (Addison-Wesley); Eisberg, Fundamentals of Modern Physics (Wiley), or Leighton, Modern Physics (McGraw-Hill); Elton, Introductory Nuclear Theory ( Pitman); Merzbacher, Quantum Mechanics (Wiley); Reitz and Milford, Foundations of Electromagnetic Theory (Addison-Wesley); G. Newstead, General Circuit Theory (Methuen); Le Croisette, Transistors (Prentice-Hall); J. A. Betts, Signal Processing Modulation and Noise (E.U.P.); J. B. Earnshaw, Introduction to A.C. Circuit Theory (Macmillan); C. J. Delaney, Electronics for Physicists (Penguin).

Recommended books: J. D. Jackson, Classical Electrodynamics (Wiley); Evans, The Atomic Nucleus (McGraw-Hill); Mott, Elements of Wave Mechanics (Cambridge University Press); W. Burcham, Nuclear Physics; an Introduction (Longmans); Dokin and Cooke, Circuits for Digital Equip-

Note: The choice of books will depend on the optional courses being taken. Students should consult the lecturers in these courses.

**RADIO PHYSICS III**

This subject has been discontinued as a separate unit — refer Physics IIIB.

**PHYSICS FOR MSc AND HONOURS**

(Three or four papers and a thesis)

Students are referred to the general information given under Physics IIIB. A selection of optional courses is offered for Physics for MSc, and Honours; the same courses are available as part of the requirement for BSc(Hons) in Physics, Part IV. Students will be advised in their selection of options, which will depend upon the options already taken for Physics IIIB. The intention is to allow considerable choice over a range of topics in Physics, though certain courses of practical or fundamental importance may be advised for all students.

Prerequisites for Physics for MSc and Honours are Physics IIA and IIIB, the keeping of terms in Ancillary Mathematics (or its equivalent) and the passing of the Foreign Language Reading Examination.

31.40 (a), 31.41 (b), 31.42 (c), 31.43 (d) Lectures for five hours per week on the following courses: Quantum Theory; Relativity; Nuclear Physics; Particle Physics; Signal Processing; Data Acquisition and Analysis; Atmospheric Physics; Plasma Physics and Ionosphere; Oceanography; Quantum Electronics and Optics. Other courses may be offered if staffing permits; the optional courses from Physics IIIB are also available.

Each course will consist of approximately 25 lectures. Students will be expected to present four or five courses for examination.

Students will also be required to prepare and to discuss selected topics at seminars. Students should seek advice in order to organize their thesis work immediately after enrolment.
To assist in meeting the requirements of the Postgraduate Scholarship regulations, candidates will be expected to submit their completed theses by 15 October in the second year of enrolment. The department is prepared to meet the cost of an additional copy of the thesis for the departmental library, and candidates are asked to provide such a copy.

Students are advised to seek guidance before purchasing any of these textbooks.

**BSc(Hons) IN PHYSICS**

The regulations which cover the BSc(Hons) course in Physics are listed on pp. 279-80. The BSc(Hons) course in Physics is designed to enable students of high ability to complete an Honours degree in four years. BSc(Hons) graduates are then eligible to proceed direct to a PhD Degree, and for the award of postgraduate scholarships. The coursework at present offered in Physics is the same as that listed for Physics IIIA, Physics IIIB, and Physics for MSc and Honours but considerable flexibility will be allowed in the ancillary coursework which is required for each Part. The intention is to encourage students to develop their particular interests, while ensuring a thorough grounding in the main branches of Physics itself. A high standard of attainment will be required throughout.
Students taking BSc(Hons) Part IV will be required to undertake one or more theoretical or experimental projects, under the guidance of a member of the teaching staff, and to present a written report on each. They may be asked to present a topic for discussion in a seminar.

Students are referred to the prescriptions for Physics IIIA, Physics IIIB, and Physics for MSc and Honours for details of the coursework, textbooks etc. Students who wish to be considered for enrolment in the BSc(Hons) course should consult the Head of Department prior to enrolment, or at any time during the preceding year. Admission to the Honours School may be granted at the end of the second or the third year after matriculation.

PHYSICS FOR MSc BY THESIS ONLY

Students who have qualified for the degree of Bachelor of Science (Honours) in Physics may complete the degree of MSc by submitting a thesis only. Alternatively, they may be considered for enrolment for the PhD degree. Prospective candidates should consult the Physics staff in December of their final BSc(Hons) year regarding a possible thesis topic.

Students will be required to prepare and discuss selected topics at seminars.

Candidates for MSc by thesis only will be expected to have their thesis wholly or substantially completed by 15 October of the year of enrolment. The Department is prepared to meet the cost of an additional copy of the thesis for the departmental library, and candidates are asked to provide such a copy.

Candidates should note that they are eligible for a Masters bursary, and may subsequently be considered for enrolment for the degree of Doctor of Philosophy.

RESEARCH IN PHYSICS

Facilities are available for research by PhD and post-doctoral students in the fields of experimental and theoretical nuclear physics, atmospheric physics, oceanography, applied electronics and ultrasonics.

The PhD degree requires a minimum of two years of full-time research.
Research in Physics may also be undertaken in the University Radio Research Centre (see p. 336).

ACOUSTICS

A special course of lectures for candidates for the degree of BMus and BMus(Exec) is held biennially (1971 and every odd year). The lectures are of general interest, and are available to the musical public on payment of the prescribed fee.

PHYSICS TUTORIALS

If circumstances permit, tutorial classes will be held weekly at all Stages of Physics. These will be of value to all students, and attendance may be required as part of the Terms requirements. Information on this will be available at enrolment.

PRELIMINARY PHYSICS

This is a course of basic physics for students who have little or no previous physics background and who anticipate enrolling in Physics I the following year. Students who have not passed University Entrance Physics are strongly advised to take Preliminary Physics and defer enrolment in Physics I until the following year. The course is of two hours duration per week, part of which may be laboratory work.

(Some of the students taking Physics I during the current year may be advised to attend the lectures, and such students will be exempted from the prescribed fee).

IEE EXAMINATIONS

The Institution of Electrical Engineers (London) has approved certain exemptions from the Institution examinations for Physics students who have graduated BSc or MSc from the University of Auckland.

(i) A candidate awarded the Degree of Master of Science (with Honours) in Physics will be granted complete exemption from the Institution Examination.

329
(ii) A candidate awarded the Degree of Bachelor of Science and who has passed two subjects chosen from Physics IIIA, Physics IIIB, Radio Physics III, Pure Mathematics III, and Applied Mathematics III may satisfy the educational requirements of the Institution by passing two subjects in Part III of the Institution Examination chosen from Advanced Electrical Engineering, Physical Electronics and Applied Electronics, without being required to attend any further courses of study nor to submit laboratory reports.
67.40 (a), 67.41 (b) The study of selected fields of Physiology at an advanced level with detailed study of one particular field. The thesis will be based on a research project and will be the major feature of the year's work. The topic must be arranged with the Head of the Department before the end of the preceding academic year.

Students from other Universities must have completed Physiology III or the equivalent.

**DEPARTMENT OF PSYCHOLOGY**

*Notes on courses:* Students taking Psychology for degrees in Science will be required to undertake more practical training than for degrees in Arts. Terms in Zoology I will normally be required before a candidate may present himself for examination in Psychology I for BSc. A candidate for Stage II should have passed Zoology I and a candidate for Stage III should have passed Zoology II and Pure Mathematics I. A recommended BSc degree structure with psychology as the main subject would hence be: Psychology I, II, IIIA, IIIB; Zoology I, II; Chemistry I; Mathematics IA or IB or Physics IA or IB.

**PSYCHOLOGY I**

(Two papers and practical work)

33.10 (a), 33.11 (b). Introduction to Psychology. The course will consist of a general introduction to psychology with special emphasis upon physiological and comparative psychology.

*Laboratory:* Laboratory attendance of not fewer than four hours per week will be required together with tutorials to be arranged. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written papers and the practical examination is necessary.

*Recommended book marked with an asterisk should be retained by students continuing in Psychology.*

**PSYCHOLOGY II**

(Two papers and practical work)

33.20 (a), 33.21 (b), 33.22 (c). The course will include detailed study of experimental and statistical techniques applicable to the analysis of human and animal behaviour.
Laboratory: Laboratory attendance of not fewer than eight hours per week will be required together with tutorials to be arranged. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written papers and the practical examination is necessary.

Prescribed texts: Woodworth and Schlosberg, Experimental Psychology (Holt); Dember, Psychology of Perception (Holt, Rinehart and Winston); Gregory, Eye and Brain (W.U.L.); Ferster and Perrot, Behavior Principles (Appleton-Century-Crofts); Logan and Wagner, Reward and Punishment (Allyn & Bacon); Reynolds, G. S., A Primer of Operant Conditioning (Scott, Foresman); *McGill, T. E. (Ed), Readings in Animal Behaviour (Holt, Rinehart and Winston); Marler, P. R., and Hamilton, W. J., Mechanisms of Animal Behavior (Wiley); Day, R. H., Human Perception (paperback) (John Wiley & Sons Australasia Pty); Carterette, E. C., The Ear and the Brain (Weidenfeld & Nicolson).

*Text marked with an asterisk should be retained by students continuing in Psychology.

**PSYCHOLOGY IIIA**

(Three papers and practical work)

33.30 (a) General Theory and Advanced Experimental Psychology. The course will include detailed consideration of contemporary psychological theories and problems. A variety of experiments will be performed to demonstrate and clarify major theoretical issues.

Laboratory attendance of not fewer than two hours per week will be required.

Prescribed text: Marx, Theories in Contemporary Psychology (Macmillan).

33.31 (b) The psychology of Individual Differences.

This course will include practical instruction in psychological testing.

Laboratory attendance of not fewer than two hours per week will be required.

33.32 (c) Cognitive Processes.

This course will include detailed examination of verbal learning and higher cognitive functions together with an introduction to psycholinguistics.

Laboratory attendance will be required of not fewer than two hours per week.

**PSYCHOLOGY IIIB**

(Three papers and practical work)

This course, in addition to Psychology IIIA, will be required of candidates intending to proceed to MSc in Psychology.

33.35 (a) Physiological Psychology. Particular emphasis will be placed on implications of neuro-physiological findings for behaviour theory.

Laboratory attendance will be required of not fewer than two hours per week.

33.36 (b) The design of psychological experiments.

33.37 (c) The psychological analysis of vision and hearing.

Laboratory attendance of not fewer than eight hours per week will be required.

*Texts marked with an asterisk should be retained by students continuing in Psychology.

**PSYCHOLOGY FOR MSc AND HONOURS**

(Four papers and a thesis)

Students in consultation with the Head of Department will select four papers from among the following areas of study:

334
33.40 (a) History of Psychology.
33.41 (b) Quantitative Psychology.
33.42 (c) Personality.
33.43 (d) Sensation and Perception.
33.44 (e) Comparative Psychology.
33.45 (f) Physiological Psychology.
33.46 (g) Theoretical Psychology.
33.47 (h) Applied Experimental Psychology.
33.48 (i) Physiological Optics.
33.49 (j) Neuropsychology.
33.50 (k) Advanced Operant Techniques.
33.51 (l) Experimental Study of Social Behaviour.

Candidates for the Master's degree should consult the Head of the Department as soon as possible after the completion of the Bachelor's degree, in order to select the thesis topic and obtain advice on vacation reading, text-books and laboratory facilities.

Students are reminded of the Foreign Language Reading requirement which is a prerequisite to the MSc degree. The prescribed language may be German, French, or Russian.

RADIO RESEARCH CENTRE

The Radio Research Centre is carrying out investigations mainly concerned with long-distance radio propagation, the properties of the ionosphere and space physics. Lectures on these subjects are given in conjunction with the Department of Physics. The Centre operates three experimental field stations which are located at Mullins Road, Ardmore, at Seagrove and at Awarua Plains, Invercargill. Research facilities are available for students proceeding to the MSc, ME, or PhD degrees.
ZOOLOGY I

(Two papers and practical work)

38.10 (a), 38.11 (b) Animal Organisation and Pattern: A survey of invertebrate design and progress, with special reference to Protozoa, Coelenterata, Turbellaria, Annelida, Mollusca and Arthropoda, as grades of animal organisation.

The story of chordate evolution and design based on the study of *Amphioxus*, dogfish, frog and placental mammal. The embryology of *Amphioxus* and the frog up to the neurula stage, and of the chick and mammal with specific reference to embryonic membranes.

The cell: An introduction to cytology, biochemistry and general physiology.

Populations and Communities: An introduction to the principles of ecology.

Evolution and Genetics: The history and development of evolutionary ideas in relation to modern genetics.

For those who have not previously studied biology: Buchsbaum, *Animals Without Backbones* (Pelican, 2 vols.).

Laboratory work: Attendance at two practical classes each week is the minimum requirement. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written examination and in the practical course is necessary.

ZOOLOGY II

(Two papers and practical work)

38.20 (a), 38.21 (b). These papers will contain questions from
the following Sections I and II, the content of which will be spread over both papers.

Section I

This comprises Options A and B, taken in alternate years. In 1970 Option B will be taught.

Option A: Non-chordates: The structure, life and functions of the principal invertebrate phyla, with a more intensive treatment of the Mollusca and Insecta.

Option B: Chordates: The evolution and biology of the hemichordates and protochordates. The structure, life and development of the Vertebrata, with special reference to evolution and function.

The practical course includes instruction in microtomy, staining, and light microscopy; and a demonstration of the basic techniques of electron microscopy.

Section II

(a) Ecology: The organisation of communities and the regional ecology of the Auckland area.

Field work will include two one-week courses during terminal vacations; attendance at one or other is obligatory. May vacation: Whangarei Heads (Marine Biology). August vacation: Piha (Limnology, with some further marine biology).

In addition several day or weekend courses are available.
Prescribed texts: Pendergrast & Cowley, *An Introduction to the Freshwater Insects of New Zealand* (Collins); Marples, *An Introduction to Freshwater Life in New Zealand* (Whitcombe & Tombs); Morton & Miller, *The New Zealand Sea Shore* (Collins).

(b) Evolution: The Species: Modes of speciation, and the nature of isolating mechanisms.

(c) Animal Behaviour. The influence of the natural environment on animal behaviour.

(d) Cell Biology.

Laboratory work: At least two three-hour practical periods each week will be required. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written examination and in the practical course is necessary.

**ZOOOLOGY IIIA**

(Two papers and practical work)

38.30 (a), 38.31 (b). These papers will contain questions from the following Sections I and II, the content of which will be spread over both papers.

**Section I**

This comprises Option A or B of Section I in Zoology II, whichever has not been taken.

**Section II**

Experimental zoology: The experimental study of the principal functions and organ systems of metazoan animals; some practical problems will be included to acquaint students with apparatus and techniques.
Elements of quantitative ecology and biometry. Genetics and cytology.

**Laboratory work:** At least three three-hour practical periods each week will be required. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written examination and in the practical course is necessary.

**ZOOOLOGY IIIB**

This course is generally taken concurrently with Stage IIIA, or may in certain circumstances be taken in a subsequent year. This, in addition to Zoology IIIA, will be required of candidates intending to proceed to MSc in Zoology.

(Two papers and practical work)

38.32 (a) Evolution: The theory of natural selection with special reference to experimental work on adaptation and selection in action. Ethology: An introduction to animal behaviour including particularly a study of instinctive behaviour, and with some account of the nature and modes of learning.

A short course of lectures and practical work on nucleic acids and proteins, given by the Department of Cell Biology.

38.33 (b) The principles of animal ecology with particular reference to population dynamics and interactions involving competition and predation, as well as community organisation.

A more advanced study of a selected special field of zoology. The range of topics may be varied from year to year, but will normally include Behaviour, Entomology, Limnology, Marine Biology, and Vertebrate Biology.

ZOOLEGY FOR BSc(Hons)

(See pp. 280-1).

Book lists for Zoology Honours Part IV will be available from the Secretary, Department of Zoology.

ZOOLEGY FOR MSc

(Three papers and a thesis)

This course normally requires two years and necessitates full-time attendance. Students who propose to undertake work of MSc or Honours standard should consult the Head of the Department towards the end of the previous year to decide upon the choice of a thesis subject and the field of the special paper.

38.40 (a), 38.41 (b), 38.42 (c).

38.40 (a) and 38.41 (b). A broader knowledge than is required for Zoology II, IIIA and IIIB, based upon some reading of recent original literature; with special emphasis on evolutionary aspects and the methods and philosophy of zoology, with some special study of a selected period in the growth of the science.

Prescribed texts; Mayr, Animal Species & Evolution (Belknap Press); Sljvodkin, Growth & Regulation of Animal Populations (Holt, Rinehart, Winston).

Recommended books; Taylor, Imagination & the Growth of Science (Murray); Waddington, The Ethical Animal (Allen & Unwin); Irvine, Apes, Angels & Victorians (Meridian Books); Arber, The Mind & the Eye (Cambridge).

38.42 (c) An advanced knowledge of the special field of zoology in which the candidate's thesis topic falls, the questions to be broadly framed and not confined within the narrow range of the subject of research.

A candidate in Zoology will be required to satisfy the teacher in regard to attendance at lectures and in regard to the performance of practical work, and to present a brief thesis embodying the results obtained by himself in some investigation or research in Zoology. The credit to be assigned to this thesis shall depend not so much on the novelty or importance of the results obtained as upon the evidence it may afford of ability to carry on good practical work and of the power of independent observation.
(Theses must be handed to the Registrar not later than 1 November or at a subsequent date if so arranged with the Head of the Department.)

Students are reminded of the Foreign Language Reading requirement which is a pre-requisite for admission to the MSc Degree. The prescribed language is either French, German, or Russian at the discretion of the Head of the Department; classes are arranged by the Departments of German, Romance Languages, and Russian.

The Laboratory

Animals are studied by means of dissection, by microscopical study, and otherwise. Students taking practical courses must provide their own dissecting instruments. Advice concerning the purchase of these is given when classes assemble. A microscope and the glass apparatus most frequently employed will be issued to each student, who will be held responsible for their care.

All research students IIIB, BSc(Hons), MSc, and PhD are required to lodge a deposit of $10 with the Department of Zoology before being granted access to equipment in the Department.

Practical Classes

The practical work will include instruction in the use of the microscope and the examination of selected animal types in the laboratory.

The Zoological Museum

The museum is open daily from 10 a.m. until 5 p.m.

Field Ecological Classes

There will be frequent opportunities for students in small groups to accompany members of the staff into the field for one day – or occasional week-end – trips. In addition, one week Field Courses will be offered in the First and Second Term Vacations. Attendance at one of these will be obligatory.
DEPARTMENTS OF BOTANY, CELL BIOLOGY, CHEMISTRY, PHYSICS, PSYCHOLOGY, ZOOLOGY

BSc COURSE IN HUMAN BIOLOGY — PART I

BIOLOGY

(Three papers and practical work)
60.10, 60.11, 60.12 General, cellular, and systematic biology; vertebrate history; form and function; human origin and social evolution; biological mathematics.

A list of recommended books for reference is available at the Registry from the administrative secretary of the School of Medicine.

PHYSICO-CHEMISTRY

(Three papers and practical work)
60.20, 60.21, 60.22 Structure and Properties of Matter.

Prescribed texts: Mahan, University Chemistry (Addison-Wesley); DePuy & Rinehart, Introduction to Organic Chemistry (Wiley); Weidner & Sells, Elementary Classical Physics, Volume 2, Electromagnetism and Wave Motion (Allyn & Bacon); Aylward & Findlay, Chemical Data Book, 2nd ed. 2nd Printing (Wiley); First Year Course in Practical Physics (available from the Registry); Other texts to be advised.

Students with a poor background in Physics and Chemistry are advised to read: Chemistry — An Experimental Science (prepared by CHEM study; W. H. Freeman and Co.); Physics (prepared by PSSC; Heath).

BEHAVIOURAL SCIENCE I

(One paper and practical work)
60.30 An introduction to the scientific study of behaviour. The course includes a treatment of the topics of learning, motivation, emotion, sensory and perceptual processes, verbal behaviour, and cognitive functions.

Prescribed texts: Behavioural Science: selected series; Scientific American: selected readings; Hochberg, Perception (Prentice-Hall).

Recommended reading: Hebb, A Textbook of Psychology 2nd ed. (Saunders); Mednick, Learning (Prentice-Hall); Mueller, Sensory Psychology (Prentice-Hall); Gregory, Eye and Brain (W.U.L.); Teitlebaum, Physiological Psychology (Prentice-Hall).

Two lectures weekly, and laboratory attendance of not fewer than two hours per week is required. Practical work assessment is included in the schedule of the University, and a pass in both written examinations and in the laboratory course is necessary.
DEPARTMENTS OF ANATOMY, BIOCHEMISTRY, CELL BIOLOGY, PHYSIOLOGY, PSYCHOLOGY

BSc COURSE IN HUMAN BIOLOGY — PART II
HUMAN CELL AND TISSUE BIOLOGY

(Three papers and practical work)
61.10, 61.11, 61.12 A study of fundamental concepts in molecular, cellular and tissue biology in man.

Recommended books for reference to be advised.

VISCERAL ORGAN SYSTEMS

(Three papers and practical work)
61.20, 61.21, 61.22 A study of the organ systems principally concerned with the maintenance of the milieu intérieur.

Prescribed texts: Woodburne, Essentials of Human Anatomy, 4th ed. (Oxford University Press); Grant, An Atlas of Anatomy, 5th ed. (Williams & Wilkins); Langman, Medical Embryology, 2nd ed. (Williams & Wilkins); Truex & Carpenter, Human Neuroanatomy, 6th ed. (Williams & Wilkins); White, Handler and Smith, Principles of Biochemistry, 4th ed., 1968; Pitts, Physiology of the Kidney and Body Fluids, 1965 (Year Book, paper cover).

BEHAVIOURAL SCIENCE II

(One paper and practical work)
61.30 The course includes: a detailed study of the learning process and its motivational basis and an introduction to the scientific study of social behaviour. Applications of statistical methods in studying behaviour are also treated.

Prescribed texts: Hollander, Principles and Methods of Social Psychology (Oxford); Spence et al., Elementary Statistics 2nd ed. (Appleton-Century-Crofts); and accompanying Workbook; Mussen, Conger & Kagan, Child Development and Personality, 3rd ed. (Harper & Rowe); others to be advised.

Three lectures weekly, and laboratory attendance of not fewer than two hours per week is required. Practical work assessment is included in the schedule of the University, and a pass in both written examinations and in the laboratory course is necessary.
DEPARTMENTS OF ANATOMY, BIOCHEMISTRY, PATHOLOGY, PHYSIOLOGY, PSYCHOLOGY

BSc COURSE IN HUMAN BIOLOGY — PART III

NEUROLOCOMOTOR SYSTEM

(Two papers and practical work)

62.10, 62.11 A study of the limbs and back and of the nervous system including the special senses.

HOMEOSTASIS

(One paper and practical work)

62.20 A study of the mechanisms which maintain the milieu intérieur, including nutrition, general environmental physiology, and the response to drugs.

HUMAN REPRODUCTION AND DEVELOPMENT

(One paper and practical work)

62.30 A study of the biology of reproduction, including embryology, the development of the foetus, and general aspects of human growth.

Prescribed texts: Medical Embryology J. Langman, 2nd ed. (Williams & Wilkins); Hormones, Cells and Organisms P. C. and A. G. Clegg, 1969 (Heinemann).
GENERAL PATHOLOGY

(One paper and practical work)

62.40 A study of the principles of pathology.

Other texts to be advised.

BEHAVIOURAL SCIENCE III

(Two papers and practical work)

62.50, 62.51 This course includes: an introduction to personality theory, together with lectures on the structure of intelligence; the essentials of psychological testing, and advanced experimental design in behavioural research.

Three lectures weekly and laboratory attendance of not fewer than three hours per week is required. Practical work assessment is included in the schedule of the University, and a pass in both written examinations and in the laboratory course is necessary.
DIPLOMA IN OPTOMETRY

DipOpt

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. A candidate for the Diploma in Optometry shall be a matriculated student of the University, shall keep terms in accordance with the Terms Regulations, comply with the provisions of the Examination Regulations, and pass the examinations hereinafter prescribed.

2. (a) The subjects of examination for the Diploma in Optometry shall be:

1. Chemistry I
2. Physics IA or IB
3. Zoology I
4. Psychology I
5. Psychology II
6. Optometry II 44.20, 44.21, 44.22
7. Optometry III 44.30, 44.31, 44.32
8. Optometry IV 44.40, 44.41, 44.42

(b) Every candidate shall submit not later than 1 November in the year he presents the final subject in Regulation 2 (a) or at a subsequent date approved by the Head of the Department of Psychology, a satisfactory dissertation on a clinical topic approved by the Head of the Department of Psychology.

3. No candidate shall be enrolled in subjects numbered 4 to 8 unless he has passed in subjects 1 to 3, save with the special permission of the Senate.

4. In the subject Optometry the practical work shall be practical work and the written papers is necessary. The practical assessed separately for each candidate. A pass in both the marks alone may, with the approval of the Senate, be credited to a subsequent year.
5. A candidate who holds the Degree of Bachelor of Science and has been credited with a pass in the units Psychology I and Psychology II for that Degree, may, on payment of the prescribed fees under the Fees Regulations be credited with the units Psychology I and Psychology II for the Diploma in Optometry in addition to any units (or subjects) which he may be entitled to transfer under Regulation 9 of the Enrolment and Course Regulations (General).

DEPARTMENT OF PSYCHOLOGY

PRESCRIPTIONS FOR OPTOMETRY

OPTOMETRY II

(Three papers and practical work)

44.20 (a) Physiological Optics IA.

Note: A knowledge of the following topics will be assumed: Reflection and refraction at plane surfaces; spherical mirrors; image by refraction at a spherical boundary.

i. Geometrical Optics. A detailed study of reflection and refraction; thick lenses and systems of lenses; prisms, aberrations; optical instruments.

ii. Physical Optics. The nature of light; photometry; dispersion; interference and diffraction; polarization.

iii. The Eye as an Optical Instrument. The optical system of the eye; ocular refraction and spectacle refraction, size of the retinal image.

44.21 (b) Physiological Optics IB.

i. Anatomy of the Eye and Orbit. Gross and microscopic structure of the eyeball and its appendages; the bony orbit; the visual pathways; development of the eye.

ii. Physiology of the Eye. Eyelids; lacrimal apparatus; cornea; aqueous humor formation; the intraocular pressure;
choroid; ciliary body, iris and pupil; lens and vitreous; the retina and visual pathways.

44.22 (c) Clinical Optometry I.

i. Introduction to Refraction. The theory, instruments and techniques of objective and subjective tests of refraction.

ii. Principles of the correction of ametropia. The prescribing of ophthalmic lenses and contact lenses.

Practical: Students will be expected to follow a course of practical training in the vision laboratory of not fewer than six hours weekly. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University.

OPTOMETRY III

(Three papers and practical work)

44.30 (a) Physiological Optics IIA.

i. Sensory mechanisms of the visual system. Photochemistry and electrophysiology of vision; form perception.

ii. Motility of the eye. Accommodation and convergence; physiology of the ocular muscles.

44.31 (b) Physiological Optics IIB.

i. Physical and psychophysical description of the visual stimulus: Colourimetry; anomalies of colour vision; adaptation and temporal effects.
ii. Binocular vision and its anomalies. Space perception; the development of visual perception; theories of perception.

Recommended books: Ogle, K. N., *Binocular Vision* (Saunders); Walls, G. and Matthews, R., *New Ways of Studying Color Blindness* (Univ. of California Book Store).

44.32 (c) Clinical Optometry II.

i. Advanced clinical procedures. Case analysis; etiology of refractive errors: orthoptics; contact lens fitting; correction of aniseikonia and subnormal vision.

ii. Recognition of abnormal conditions.

iii. Ophthalmic optics. Theory and design of ophthalmic lenses and frames; the optics and design of contact lenses; the optical principles of aniseikonia.

Practical: Students will be expected to follow a course of practical training in the vision laboratory of not fewer than ten hours weekly. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University.

OPTOMETRY IV

(Three papers, practical work and a minor research project)

44.40 (a) Advanced Physiological Optics.

i. The refractive state of the eye and its distribution; theories of emmetropization; ocular genetics.

ii. The aberrations of ophthalmic lenses; ophthalmic lens design.

iii. Space distortion in binocular vision; fixation disparity in lateral imbalance.

44.41 (b) Advanced Clinical Optometry.

i. Special examination procedures for children; examination procedures for elderly patients.

ii. Abnormal ocular conditions; the interpretation of visual field findings.

iii. Etiology and investigation of strabismus.

44.42 (c) Occupational Optometry.

i. Visual screening and testing in schools and industry.

ii. Visual job analysis and visual standards; occupational vision aids, industrial eye hazards and protective devices; standards of illumination.

iii. Visual problems of the motorist.

Prescribed texts: Blum, H. L., *Visual Screening for Elementary Schools, The Orinda Study* (Univ. of California Press); Fletcher, R. *Ophthalmics in Industry* (Hatton Press).

Practical: Students will be expected to follow a course of practical training in the vision laboratory and optometry clinic of not fewer than fifteen hours weekly. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University.

Minor Research Project: Each student will be required to complete a short dissertation on a minor research investigation concerning some phase of physiological optics or clinical optometry.
THE DEGREE OF BACHELOR OF COMMERCE

BCom

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations:

for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

GENERAL
PROVISIONS

1. Except as provided in the Admission Ad Eundem Statum Regulations a candidate for the Degree of Bachelor of Commerce shall follow a course of study of not fewer than three years.

2. In these Regulations:
   (a) a 'unit' means one year's work in a subject;
   (b) units are classified in stages by the numerals I, II, and III except where shown otherwise in Regulation 3;
   (c) passing in a unit or subject of a course includes being credited with a pass in that unit, or subject.

COURSE
CONTENT

3. The course shall consist of nine units which shall be:

   (1) \{ Mathematics IA  
       or Pure Mathematics II  
       or Applied Mathematics I \}  
       as prescribed for the Degree of Bachelor of Science

   (2) Accounting I  1.10, 1.11

   (3) \{ Commercial Law I  2.10, 2.11  
       or The Legal System as prescribed for the Degree of Bachelor of Laws

   (4) Economics I  13.10, 13.11

   (5) \{ Accounting II  1.20, 1.21, 1.22  
       or Economic History II  17.20, 17.21, 17.22  
       or Economics II  13.20, 13.21, 13.22 \}
ORDER OF PRESENTING UNITS AND PREREQUISITES

Accounting III 1.30, 1.31, 1.32
(6) or Economic History III 17.20, 17.21, 17.22
or Economics III three of 13.30, 13.31, 13.32, 13.33, 13.34, 13.35

Three units from such of the following as the candidate has not already passed:
Accounting II 1.20, 1.21, 1.22
Accounting III 1.30, 1.31, 1.32
Commercial Law II 2.20, 2.21, 2.22
Economic History II 17.20, 17.21, 17.22
Economic History III 17.30, 17.31, 17.32

(7) Economics II 13.20, 13.21, 13.22
Psychology I 32.14, 32.15
†Production Analysis 7.20, 7.21
Pure Mathematics II
Pure Mathematics III
Statistical and Computational Mathematics II
*Statistical Mathematics III
  or Applied Mathematics III
  or Ancillary Mathematics

(a) Provided that in the case of unit (4) Economics II shall be substituted for Economics I in the case of any candidate to whom Regulation 5 applies.

(b) Provided that a candidate may for one of the units (7), (8), and (9) substitute a unit at any stage not already passed for this Degree, from any subject prescribed for the Degree of Bachelor of Arts or Bachelor of Science.

* This unit will not be taught during the current Calendar year.
† This unit will be taught during the current Calendar year only if a minimum of four candidates enrol for the subject.

The prescriptions are defined elsewhere in the Calendar.

4. (a) A candidate shall in his first year of study include in his course a unit of Applied Mathematics or Mathematics as specified in Regulation 3 (1) and if he fails to pass he shall the following year include
in his course the same unit or another of the units specified in Regulation 3 (1).

(b) A candidate, other than a graduate of this University, shall not enrol in any subject specified in units (5) to (9) inclusive, of Regulation 3 unless he has passed or enrolled concurrently in each of the units (1) to (4) inclusive of that Regulation.

(c) The units numbered (5) to (9) inclusive in Regulation 3 may be taken in any order, subject to paragraph (d) of this Regulation.

(d) A candidate shall not enrol in:

(i) A Stage II unit, unless he has passed Stage I of the subject where that exists;
(ii) A Stage III unit, unless he has passed Stage II of the subject where that exists;
(iii) Economic History II, unless he has passed Economics I or has been exempted under the provisions of Regulation 5;
(iv) Economic History II, if he has passed Economics II under the Regulations in force in 1963 and took Paper 13.21 as one of the options;
(v) Economic History III, if he has passed Economics III under the Regulations in force in 1963, and took Paper 13.32 as one of the options;
(vi) Economics III, unless he has passed a unit of Mathematics or Applied Mathematics, and either took two of the Papers 26.120, 26.140, 26.141, 26.210, 26.220, 26.240 as options in that unit or took one of those papers and has obtained a Certificate of Proficiency in one other paper approved by the Head of the Department of Economics;
(vii) Production Analysis, unless he has passed Economics II, or a unit of Mathematics
with an option of Statistics, and has also satisfied the prerequisites of practical experience prescribed for Production Analysis;

(viii) Statistical and Computational Mathematics II, unless he has passed or has been exempted from Pure Mathematics II or has enrolled in it concurrently;

(ix) Statistical Mathematics III, unless he has passed Pure Mathematics III or has enrolled in it concurrently;

(x) The Legal System, without the consent of the Dean of the Faculty of Law and the Head of each Department in which the candidate proposes to advance a subject to Stage III.

5. A candidate shall be exempted from Economics I for this Degree if he has passed for another Degree of this University a unit of Mathematics deemed by the Senate to be sufficiently advanced.

6. A candidate who has passed either or both of Economics I and Economics II for any other Degree or Diploma of this University may transfer one of those units to the course for this Degree, in addition to any units which he may be entitled to transfer in terms of Regulation 9 of the Enrolment and Course Regulations (General).

7. A candidate who has passed Psychology IA or IB for the Degree of Bachelor of Science or Psychology I for the Degree of Bachelor of Arts, and who has satisfied the tutorial and other requirements of the Department of Psychology in respect of industrial psychology, may be credited with Psychology I for this Degree.

8. (a) A candidate who for the Degree of Bachelor of Engineering has passed Engineering Mathematics II and Engineering Mathematics III, shall be exempted from Pure Mathematics II.
(b) A candidate who for the Degree of Bachelor of Engineering has:

(i) passed in Engineering Mathematics II and Engineering Mathematics III;

and (ii) passed Pure Mathematics II or been exempted from the Intermediate Examination —

shall be exempted from Mathematics IA for unit (1) under Regulation 3.

9. A candidate who has passed Pure Mathematics II and Pure Mathematics III for any other Degree or Diploma without having passed Mathematics IA or IB may under Regulation 9 of the Enrolment and Course Regulations (General) be credited with Pure Mathematics II for unit (1) and Pure Mathematics III for unit (7), (8), or (9) under Regulation 3.

10. No candidate who has passed Industrial Engineering for the Degree of Bachelor of Engineering may take Production Analysis for this Degree.

11. (a) A candidate:

(i) who, for the Degree of Bachelor of Laws or Bachelor of Laws (Honours), has passed

   The Law of Contract, and either
   Company Law and the Law of Partnership, or
   Commercial Law and the Law of Personal Property;

and (ii) who, for this Degree or the Degree of Bachelor of Laws or Bachelor of Laws (Honours), has passed the units (1), (2), (3), and (4) as required by Regulation 3 of this Degree;

and (iii) who, for this Degree, has passed the units (5), and (6), and one other unit from those specifically listed for units (7), (8), and (9) of Regulation 3 —
shall be deemed to have satisfied the requirements for this Degree.

(b) The units so credited to this Degree under this Regulation shall be admitted as cross-credits, exemptions, or additional cross-credits as the case may be, for the purpose of Regulation 9 of the Enrolment and Course Regulations (General).

12. A candidate who for any degree or diploma has passed either Statistical Mathematics II or Statistical and Computational Mathematics II, shall not take Paper 13.33 as one of his papers for Economics III.

13. A candidate wishing to be enrolled in any unit which is also a unit for the Degree of Bachelor of Arts, or Bachelor of Science, or Bachelor of Laws shall comply with such of the regulations for each of those degrees as apply to that unit: provided that in the case of a unit of Mathematics or Applied Mathematics no candidate shall be permitted (under the Regulations for the Degree of Bachelor of Science) to enrol for papers other than those prescribed for that unit without the approval of the Dean of the Faculty of Commerce and the Heads of the Departments of Accountancy and Economics.

14. A candidate who enrols in Production Analysis shall be required to complete such practical work as the Head of the Department of Mechanical Engineering may prescribe: provided that his grade in the practical work may with the approval of the Senate be carried forward to a subsequent year.

15. In any one year a candidate shall not enrol in more than four units for this Degree.

16. Except as otherwise provided in this Regulation, the course of every candidate shall be governed by these Regulations.

(A) A candidate who passed under any of the former Regulations for this Degree in any unit which is also a unit under these Regulations shall be credited with a pass in that unit under
these Regulations provided that the Senate is satisfied that the work done by that candidate in any such unit is at least the equivalent of that required under these Regulations.

(B) A candidate who enrolled or enrols for the Degree before 1971

(a) may be permitted by the Senate

(i) to substitute History I, Philosophy I, or a modern foreign language (other than Maori Studies) for unit (1) under Regulation 3;

(ii) to enrol in Accounting III or Economic History III without having passed in a unit of Mathematics:

(b) if permitted to proceed under the foregoing sub-paragraph (i) of this Regulation, shall not be entitled to the benefit of the proviso to Regulation 3:

(c) shall be required either to pass a unit of Mathematics or Applied Mathematics for unit (1) in Regulation 3 or to pass Economics II for unit (5), (7), (8), or (9).

(C) The Senate may, on a written application by a candidate, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

17. These Regulations shall come into force on 1 January 1969.
THE DEGREE OF MASTER OF COMMERCE AND
MASTER OF COMMERCE WITH HONOURS

MCom

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Except as provided in the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Commerce shall, before presenting himself for examination, have:—
   (a) been admitted to the Degree of Bachelor of Commerce,
   (b) passed the subject he offers in its several stages as prescribed for the Degree of Bachelor of Commerce provided that in special cases recommended by the Head of Department the Senate may exempt the candidate from this requirement,
   (c) kept terms at the Master's stage in the subject in which he proposes to present himself for examination,
   (d) complied with the provisions of the Examination Regulations.

2. No candidate may present for this examination
   (a) the subject Economics if he holds the Degree of Master of Arts in Economics; or
   (b) the subject Economic History if he holds the Degree of Master of Arts in Economic History; or
   (c) any paper that he has had credited to another course.

3. The Degree of Master of Commerce may be awarded with or without Honours, provided however that an award shall not be made with Honours unless the candidate has completed the additional requirement for the Honours Degree in accordance with Regulation 6 hereof.

4. A candidate shall present himself for and pass the examination in one of the following subjects:

359
(i) Accounting
    Four papers from 1.40 to 1.44
(ii) Economics
    Four papers from 13.40 to 13.45
(iii) Economic History
    Four papers from 17.40 to 17.44

5. Notwithstanding anything in Regulation 4, a candidate for this Degree may with the permission of the Senate take
   (a) one or two papers in the subject for this Degree other than the subject he offers; or
   (b) one or two papers in a subject for any other Master's Degree provided any such paper is related to his main field of study; or
   (c) one paper in the subject for this Degree other than the subject he offers; and one paper in a subject for any other Master's Degree provided any such paper is related to his main field of study.

   Each such paper shall substitute for and be equivalent to one paper in the Master's course of the subject in which the Degree is being taken.

6. A candidate who obtains an average grade of at least second class level in the four papers shall be eligible to enter for the Honours Degree, and must complete the additional requirement for the Honours Degree within three years of passing the final subject for the Degree of Bachelor of Commerce, provided that this period may, in special cases, be extended by the Senate. For this purpose, the academic year is regarded as beginning from 1 March.

7. The additional requirement for the Honours Degree is a thesis which shall count as two papers, in regard to which the following conditions shall apply:
   (a) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject Economics, Economic History, or Accounting.
   (b) The candidate shall submit his thesis to the Registrar by 1 November in the year in which it is
presented or at a subsequent date approved by the Head of his Department. The Registrar shall hand the thesis to the Head of the Department concerned.

(c) Honours shall be awarded upon the results of both the papers and the thesis but in the event of a thesis not being of an adequate standard the degree shall be awarded without honours upon the results of the papers only.

(d) No person who has been awarded the Degree of Master of Commerce shall be eligible to be a candidate for the Degree of Master of Commerce with Honours.

8. There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

9. (a) A candidate who obtains an average grade of at least second class level in the four papers but is ineligible for the Honours Degree because of his inability to complete the additional requirement as specified in Regulation 6 within three years of passing the final subject for the Degree of Bachelor of Commerce or such extended period as may have been approved in his case by the Senate, may in special cases, be permitted by Senate to present a thesis under Regulation 7 and if the work in both papers and thesis is at the standard of Honours he shall be informed of the standard of Honours that he would have been awarded had he been eligible.

(b) The thesis must be presented within three years of the year in which the papers are presented, provided that this period may in special cases be extended by the Senate.

10. The personal course of study of every candidate shall require the approval of Senate.

Before admission to membership of the Society, a candidate 
shall (a) pass the qualifying examinations summarised below, 
and (b) satisfy any other condition stipulated by the Society.

Examinations
(1) Either (a) The University Entrance examination prescribed 
and conducted by the Universities Entrance Board.
Or (b) A grant of admission ad eundem statum by a University 
in New Zealand.
Or (c) The School Certificate Examination or the Certificate of 
Attainment (if over 21 years of age).
Or (d) Candidates (21 years or over) may apply to the Society 
for the grant of a certificate of eligibility to sit the examination.

Note: In 1970 and subsequent years a candidate commencing to sit the 
examinations must have passed the University Entrance Examination.

(2) The professional examinations in accountancy conducted 
by the Universities Examinations Board on behalf of the Society.

Candidates for the professional examinations should consult 
the current Syllabus of Examinations issued by the Society, and 
fulfil all the requirements therein prescribed.

Subjects of the Professional Examinations

Lectures are given at this University in all the subjects for 
the professional examinations of the New Zealand Society of 
Accountants other than Mathematics and Statistics. The list of 
subjects is as follows (prescriptions appear in the Syllabus of 
Examinations issued annually by the Society):

Accounting, Stages I and II; Commercial Law, Stages I and 
II; Economics; Advanced Financial Accounting; Cost and Man- 
agement Accounting; Taxation, Trustee Law and Accounts;

‡This subject will be offered in 1970 if the number of enrolments is sufficient.
3. Notwithstanding the provisions of Regulation 1 of these regulations a graduate of any University in New Zealand shall be exempted from passing in the subjects numbered 2 to 4 inclusive in Regulation 2 of these regulations.

4. Except with the approval of the Senate, a candidate for the Degree of Bachelor of Laws (Honours) shall not enrol for or present himself for examination in any of the subjects in Divisions II or III unless he has passed or been credited with a pass in at least two of the subjects in Division I.

5. The personal course of study of every candidate shall require the approval of the Senate, provided that (a) the Senate may delegate to the Faculty of Law the power to give such approval, and (b) where approval of a personal course of study has been withheld by a decision of the Faculty of Law acting under delegation of that power the candidate may appeal to the Senate against that decision.

6. The Admission Ad Eundem Statum Regulations shall apply to the Degree of Bachelor of Laws (Honours) provided however that in granting admission ad eundem statum to a candidate from an overseas university in one or more subjects of the Degree the Council may require that the candidate shall pass an examination in the law and practice in New Zealand covering such matter as may from time to time be prescribed by the Senate.

Notes: (a) The prescriptions for the Examination in the law and practice in New Zealand may be obtained on application to the Dean of the Faculty of Law.

(b) Every candidate desiring to be examined in the law and practice in New Zealand shall give to the Registrar notice in writing of his desire to be so examined and shall pay to the Registrar an examination fee of $10.

(c) Such examination shall be held at such time and place as may be fixed by the Vice-Chancellor.
7. In addition to passing or being credited with a pass in the subjects prescribed in Regulation 2 hereof a candidate for the Degree of Bachelor of Laws (Honours) shall during his course take two additional subjects from those listed in Regulation 8 and carry out to the satisfaction of the Faculty of Law such written and other work as shall be prescribed by the Dean of the Faculty of Law.

8. The subjects provided for in Regulation 7 shall be:

Not all of the optional subjects listed will be taught during the current Calendar year.

9. A candidate for the Degree of Bachelor of Laws (Honours) shall not later than eighteen months after he passes or is credited with a pass in the last of the subjects prescribed for the Degree, present a dissertation embodying the results of research undertaken under the direct supervision of a University teacher in the Faculty of Law: provided that the Senate may at its discretion extend the time for presentation of the dissertation.

10. The Degree of Bachelor of Laws (Honours) shall be awarded to candidates who have fulfilled the requirements of these Regulations within the period prescribed by the Senate and whose work throughout the course has been in the opinion of the Faculty of Law of a sufficiently high standard.

11. The Senate may, on written application by a candidate who has completed only the first year of his course for the Degree of Bachelor of Laws and, in special circumstances, any other candidate, and without payment of a fee, grant him permission to transfer to a course under these Regulations and allow him to be credited with a pass in such subjects as he has passed in his course for the Degree of Bachelor of Laws.

12. A candidate whose work does not in the opinion of the Faculty of Law satisfy the standard prescribed in Regulation 10 shall be entitled to have credited to the Degree of Bachelor of Laws without payment of a fee those subjects (being subjects for the Degree of Bachelor of Laws) in which he has passed or in which he has been credited with a pass.
13. (1) Except as otherwise provided in this Regulation, the course of every candidate shall be governed by these Regulations.

(2) The Regulations governing the Degree of Bachelor of Laws (Honours) which were included in the University of Auckland Calendar for 1966 (in this Regulation called ‘the old Regulations’) are hereby revoked, provided that

(a) the provisions of the old Regulations shall continue to apply until and including the year 1969 notwithstanding the revocation thereof to every candidate who was enrolled at a University in New Zealand before 1967 and who upon his first enrolment after these present Regulations come into force elects to remain under the provisions of the old Regulations:

(b) If any such candidate upon a subsequent enrolment revokes his election, or if any such candidate has not completed his course for the Degree of Bachelor of Laws (Honours) before 1970, the Senate shall prescribe the courses to be completed by that candidate in order to satisfy the requirements for the Degree of Bachelor of Laws (Honours).

14. These Regulations shall come into force on 1 January, 1967.
LAW PROFESSIONAL EXAMINATIONS

A candidate seeking admission as a barrister and solicitor of the Supreme Court of New Zealand must, in accordance with the Professional Examinations in Law Regulations 1966:

(a) qualify for admission to the Degree of Bachelor of Laws or Bachelor of Laws (Honours); and

7. These Regulations shall come into force on 1 January, 1969.
THE DEGREE OF DOCTOR OF LAWS

LLD

1. Except as provided in the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Doctor of Laws shall be a graduate of the University of Auckland, or of the University of New Zealand.

2. No candidate shall present himself for the Degree of Doctor of Laws until at least eight years after graduation to his first degree.

3. The Degree of Doctor of Laws shall be awarded for an original contribution (or contributions) of special excellence to the history, philosophy, exposition or criticism of law.

4. The Degree shall be awarded on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation, provided that in addition to such published work the candidate may submit unpublished work in support of his application.

5. No work shall be considered for the Degree if the work, or a major portion thereof, has previously formed the basis of an award of any Degree or Diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:

   (a) three copies of the work to be examined;

   (b) a statutory declaration which shall

      (i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and

      (ii) state what portion (if any) of the work submitted has been previously presented for a
Degree or Diploma of the University of Auckland or any other University; and

(iii) declare that the work in substantially its present form has not been previously accepted for the award of a Degree or Diploma in this or any other University and is not being concurrently submitted for a Degree or Diploma in any other University.

7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall

(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate should be advised to withdraw his application; and

(b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. If the Moderator recommends that the candidate should be advised to withdraw his application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may

(a) withdraw his application, whereupon he shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or

(b) elect to proceed with the examination.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, provided that the Senate may in its discretion appoint an additional examiner who may be a member of the teaching staff of the University of Auckland.
(b) The contents of the Moderator's report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be:

(a) to report independently on the quality of the work and its value as a significant contribution to learning; and

(b) to recommend whether or not the Degree should be awarded, provided that where the recommendation is that the Degree should not be awarded the examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A resubmission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall place the reports of the Examiners before the Senate which shall determine whether or not the Degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two Examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

OR (b) Twentieth Century Compo-
sitional Techniques 41.41.

**Group B:** ONE paper from a prescribed list to be
approved from time to time by the Senate.

**Group C:** EITHER (a) A Musical Exercise

OR (b) A Practical Performance

OR (c) A Thesis

421
Each of the subjects in this group shall be of the value of four papers.

4. When a candidate elects to write a Musical Exercise, the following conditions shall apply:

(a) The Exercise shall be prepared under the supervision of a University teacher.

(b) A candidate may present his Exercise in the year in which he takes his examination, or, subject to the provisions of paragraph (c) of this regulation, in a subsequent year.

(c) The Exercise must be presented within three years of the year in which the papers are presented, provided that this period may in special cases be extended by the Senate.

(d) The candidate shall submit his Exercise together with a certificate from the supervisor stating that the work was carried out by the candidate under his supervision to the Registrar by 1 November in the year in which it is to be presented, or at a subsequent date if so arranged with the Head of the Department.

(e) If the examiner with the concurrence of the assessor so recommends, an Exercise which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to re-submit it by a later date to be specified by the examiner.

5. When a candidate elects the Practical Performance, the following conditions shall apply:

(a) Performance shall be restricted to any ONE of the following:

   (i) An approved orchestral instrument,
   (ii) The pianoforte,
   (iii) The organ,
   (iv) Any other instrument approved by the Head of the Department,
   (v) Singing.
(b) A candidate shall present a concert performance of approximately one hour's duration, the programme to be approved by the Head of the Department.

The candidate shall submit his proposed programme to the Head of the Department for approval not later than the end of the first term.

(c) A candidate may present his Practical Performance in the year in which he takes his examination or, subject to the provisions of paragraph (d) of this regulation, in a subsequent year.

(d) The Practical Performance must be presented within three years of the year in which the papers are presented, provided that this period may in special cases be extended by the Senate.

(e) The candidate shall present himself for the Practical Performance on a date to be specified by the Head of the Department.

(f) If the Practical Performance does not reach a satisfactory standard, and if the examiner with the concurrence of the assessor so recommends, the candidate may be permitted to present a further Practical Performance at a later date to be specified by the examiner.

6. When a candidate elects to write a thesis, the following conditions shall apply:

(a) The thesis shall embody the results obtained by the candidate in an investigation relating to some branch of Music.

(b) A candidate may present his thesis in the year in which he takes his examination or, subject to the provisions of paragraph (c) of this regulation, in a subsequent year.

(c) The thesis must be presented within three years of the year in which the papers are presented, provided that this period may in special cases be extended by the Senate.
(d) The candidate shall submit his thesis to the Registrar by 1 November of the year in which it is to be presented or at a subsequent date if so arranged with the Head of the Department.

(e) If the examiner with the concurrence of the assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to re-submit it by a later date to be specified by the examiner.

7. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Honours shall not be awarded if the papers in the first year in which a candidate sits an examination for the Master's Degree are unsatisfactory or if either the Musical Exercise, Practical Performance or Thesis at its first presentation is unsatisfactory; provided however that, subject to the provisions of paragraph (c) of this regulation, a candidate whose performance at a written examination has been seriously impaired by illness (certified as under the aegrotat regulations) may elect, instead of applying for an aegrotat award, to present himself at a subsequent written examination and still be eligible for the award of Honours.

(c) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of passing the final subject of his Bachelor's Degree, provided that this period may in special cases be extended by the Senate. For this purpose the academic year is regarded as beginning on 1 March.

3. The Degree of Doctor of Music shall be awarded for distinction in musical composition.

4. The candidate shall submit not more than three works of his own, published or otherwise, such works to be selected from the following:

   An oratorio, an opera, a cantata, a symphony for full orchestra, a concerto, an extended piece of chamber music.

5. No work shall be considered for the degree if the work, or a major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:

   (a) Three copies of the work to be examined;
   (b) A statutory declaration which shall —

   (i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and
   (ii) state what portion (if any) of the work submitted has been previously presented for a
degree or diploma of the University of Auckland or any other University; and
(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall —

(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate should be advised to withdraw his application.

(b) State the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted, provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. If the Moderator recommends that the candidate should be advised to withdraw his application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may —

(a) withdraw his application, whereupon he shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or

(b) elect to proceed with examination.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, provided that the Senate may in its discretion appoint an additional examiner who may be a member of the teaching staff of the University of Auckland.
(b) The contents of the Moderator’s report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be:

(a) to report independently on the quality of the work; and

(b) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded the examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall place the reports of the Examiners before the Senate which shall determine whether or not the degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two Examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

THE DEGREE OF BACHELOR OF ARCHITECTURE

BArch

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Except as provided in the Admission Ad Eundem Statum Regulations a candidate for the Degree of Bachelor of Architecture shall be matriculated, shall keep terms in accordance with the Terms Regulations in the subjects of the intermediate examination, the examinations of the first, second, third and fourth professional years, shall comply with the provisions of the Examination Regulations, and shall pass the examinations hereinafter prescribed.

2. Except as hereinafter provided, a candidate shall be required to pass each examination as a whole. The first, second, third and fourth professional examinations shall include the grades of studio work hereinafter prescribed. In recommending a candidate for a pass in any examination the Senate shall take into consideration his performance in all subjects of that examination.

A candidate who has failed to pass any examination as a whole may, on the recommendation of the Senate, be credited with a subject or subjects of that examination. The candidate may then present in a subsequent year the remaining subjects of that examination together with such subjects of the succeeding professional examinations, if any, as the Senate may permit. The candidate shall be required to pass such a composite examination under the same conditions as set out above.

3. The Degree of Bachelor of Architecture may be awarded with or without Honours. A candidate may be recommended by the Senate for admission to the degree with Honours on the basis of his attaining a high standard in the whole of the work of the fourth professional year (taking into account also his record before entering the fourth professional year).
4. The Vice-Chancellor may on the recommendation of the Senate relax or modify the application of Regulations 2 and 3 in individual cases where undue hardship may be caused.

5. Notwithstanding anything in Regulation 1 hereof the Senate may, subject to the provisions of Regulation 10 of the Enrolment and Course Regulations (General), exempt a candidate from the Intermediate Examination if it is satisfied that in the University Entrance Scholarship Examination he has reached a satisfactory standard provided that one of the subjects was physics.

6. Notwithstanding anything in Regulation 1 hereof a candidate who has by examination qualified with outstanding merit for the New Zealand Certificate in Draughting (Architecture) and who has completed the practical requirements for the award of that Certificate may, subject to the provisions of Regulation 9 of the Enrolment and Course Regulations (General), be admitted by the Senate to the course for the Degree of Bachelor of Architecture with exemption from the Intermediate and First Professional Examinations, or from such parts of the Intermediate and the First Professional Examinations as the Senate deems fit. Any such candidate who has not passed the University Entrance Examination shall apply for admission under the Provisional Admission and Special Admission Regulations.

SUBJECTS OF EXAMINATIONS

7. The subjects of the Intermediate examination shall be:

Stage I (or its equivalent) of Physics and any two others from the following list of subjects as prescribed for the Degrees of Bachelor of Arts and Bachelor of Science:

and shall

(i) have kept Terms in accordance with the Terms Regulations while pursuing at the School of Architecture a course of full-time study approved by the Senate for a period of not less than one year;

or

have kept Terms and pursued at the School of Architecture a course of part-time study approved by the Senate, for a period of not less than two years;

Provided that such full-time or part-time study may be carried out in an approved institution outside the University for such period or periods as may be determined by the Senate from time to time.

(ii) comply with the provisions of the Examination Regulations.

(iii) submit a thesis and present himself for a written examination as hereinafter prescribed; except that the Senate may exempt a candidate from the written examination as provided in Regulation 5 below.

2. The following conditions shall apply to the preparation and presentation of the thesis:

(a) The thesis shall embody the results obtained by the candidate of an original investigation or design or advanced study relative to Architecture. Its title and an outline of the proposed work shall be submitted to the Faculty of Architecture for approval not later than 1 February of the year in which the candidate enrols provided that approval may be given to a title and outline submitted or re-submitted up until 31 March of
that year. The work shall be carried out by the candidate himself under the supervision of a Supervisor appointed by the Senate from the School of Architecture.

(b) The candidate shall submit the thesis, accompanied by a certificate from the Supervisor stating that the work has been carried out wholly by the candidate under his supervision, to the Registrar not later than 1 November in the year in which it is presented, or at a subsequent date if so arranged with the Dean of the Faculty of Architecture. The Registrar shall hand the thesis to the Dean of the Faculty of Architecture.

(c) If the Examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to re-submit it at a later date, to be specified by the Examiner. A thesis that has been submitted twice may not be submitted for a third time.

3. (a) A candidate who has not been exempted from presenting the written examination shall take such examination not later than in the fourth year after enrolling for the degree.

(b) Every candidate shall submit his thesis by 1 November of the fourth year after enrolment for the degree, provided that this period may in special cases be extended by the Senate.

4. Except as provided in Regulation 5 a candidate shall be required to pass in one of the following subjects:

(1) Building Science 5.50
(2) Design Theory 5.51
(3) Practice and Law 5.52

5. The candidate will be advised on enrolment whether or not he will be required to present himself for examination in the written paper, provided that, if exemption is granted and if the thesis when presented is not considered to be satisfactory, a candidate may be required either to:

(a) pass the written examination, or
(b) pass the written examination in addition to resubmitting the thesis.

6. Where a candidate has been required to take the written examination the Senate shall take into consideration the combined results of the thesis and the written examination in recommending a candidate for admission to the Degree of Master of Architecture.
DIPLOMA IN ARCHITECTURE

DipArch

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. The Diploma in Architecture shall be granted to any candidate who has followed the prescribed course of study, kept Terms where necessary in accordance with the Terms Regulations, complied with the provisions of the Examination Regulations, and passed the examinations hereinafter prescribed.

2. Every candidate for the Diploma shall:
   (i) Matriculate with a University, keep Terms and pass the subjects of the Intermediate Examination as prescribed for the Bachelor of Architecture Degree and thereafter;
   (ii) Register with the New Zealand Institute of Architects and pass the following Examinations:

First Institute Examination:
   Testimonies of Study, Group I: A portfolio of work covering geometrical drawing, lettering, free-hand drawing, draughtsmanship and rendering and the construction of a simple building.
   History of Architecture I
   Building Materials I
   Structures I
   As prescribed for the Bachelor of Architecture Degree.

Second Institute Examination:
   Testimonies of Study, Group II: A portfolio of work covering the measurement of buildings and the preparation of measured drawings, perspective and the design of simple buildings and details and working drawings.
   Building Materials II
   Structures II
   Building Services I
   As prescribed for the Bachelor of Architecture Degree.

Third Institute Examination:
   Testimonies of Study, Group III: A portfolio of work covering the design, construction and interior treatment of selected buildings, sketch designs of buildings or details and structural details.
   Theory of Architectural Design I
   Building Services II
   As prescribed for the Bachelor of Architecture Degree.

455
Provided that the Senate may permit a candidate who has passed the First Institute Examination and has passed or has sat the Second Institute Examination to become a full-time student. Students so admitted will be required to keep Terms and pass all the examinations and the studio grade as prescribed for Bachelor of Architecture Second Professional; except that the Senate may grant credits for subjects passed for the Second Institute Examination.

3. Having fulfilled the pre-requisite examinations prescribed in Section 2, the candidate shall enrol at the University of Auckland and pursue a course of full-time study at the School of Architecture for two years, keep Terms, and pass the examinations prescribed for the Diploma course.

4. The subjects of examination for the Diploma shall be:

First Diploma Examination: (As prescribed for BArch Third Professional)
1. Studio Work, Grade III 5.20
2. History of Architecture II 5.24
3. Theory of Architectural Design II 5.32
4. Structures III 5.33
5. Building Services III 5.34
6. Building Techniques 5.35
7. Building Economics 5.36

Second Diploma Examination: (As prescribed for BArch Fourth Professional)
1. Studio Work, Grade IV
2. Professional Practice and Building Organisation 5.45
3. Building Law 5.46
4. Structures IV 5.42
5. Architectural Civics 5.47

5. Except as hereinafter provided a candidate shall be required to pass each Diploma examination as a whole, including the grades of Studio work prescribed. In recommending a candidate for a pass in any examination the Senate shall take into consideration his performance in all subjects of that examination.

A candidate who has failed to pass any Diploma examination as a whole may, on the recommendation of the Senate, be credited with a subject or subjects of that examination. The candidate may then present in a subsequent year the remaining subjects of that examination together with such subjects of the succeeding examination if any as the Senate may permit. The candidate shall be required to pass such a composite examination under the same conditions as set out above.

456
INSTITUTE OF ARCHITECTS EXAMINATIONS

The New Zealand Institute of Architects has determined to discontinue the Institute Examinations in Architecture but has decided to admit candidates in 1970 because it appears likely that all candidates qualified to enter the First Professional Year for the course for the Degree of Bachelor of Architecture will not gain admission because of an insufficiency of accommodation. There will be a limitation on the number of places and selection will be from those who fail to gain admission to the course for the Degree of Bachelor of Architecture.

The completion of the three-year course of Institute Examinations will qualify the candidate for admission to the two-year course for the Diploma in Architecture.

Candidates in the Auckland Urban Area may be accepted for enrolment at the University of Auckland in the written papers.

All students currently enrolled for Institute Examinations should note that the Examinations are now administered by the University of Auckland on behalf of the New Zealand Institute of Architects.

Course Regulations for the Institute Examinations follow.

REGULATIONS FOR THE NEW ZEALAND INSTITUTE OF ARCHITECTS EXAMINATIONS IN ARCHITECTURE

1. All candidates shall have passed an entrance examination which shall be the Intermediate examination prescribed for the Degree of Bachelor of Architecture.

2. The subjects of the Institute Examinations shall be

First Institute Examination
   Testimonies of Study, Group I
   History of Architecture I
   Building Materials I
   Structures I

Second Institute Examination
   Testimonies of Study, Group II
   Building Materials II
   Structures II
   Building Services I

Third Institute Examination
   Testimonies of Study, Group III
   Theory of Architectural Design I
   Building Services II

457
3. Notwithstanding anything in Regulations 1 and 2 hereof a candidate who has qualified with outstanding merit for the New Zealand Certificate in Draughting (Architecture) may, subject to the payment of the prescribed exemption fee, be admitted by the Examinations Committee of the New Zealand Institute of Architects to the Institute Examinations with exemption from the Entrance and the First Institute Examinations, or from the Entrance Examination and such parts of the First Institute Examination as the Examinations Committee deems fit. The provisions of this clause shall be retrospective to 1 February 1969.

4. A candidate shall be required to pass each examination, including Testimonies of Study, as a whole. In recommending a candidate for a pass in any examination the Examinations Committee shall take into consideration his performance in all the subjects of that examination. A candidate who has failed to pass any examination as a whole may, on the recommendation of the Examinations Committee be credited with a subject or subjects of that examination. The candidate may then present in a subsequent year the remaining subjects of that examination together with such subjects of the succeeding Institute Examinations, if any, as the Examinations Committee may permit.

5. There shall be a limitation on the number of candidates who can be accepted for admission in any one year, and no candidate will be accepted unless he was an unsuccessful applicant for admission to the First Professional Year for the course for the Degree of Bachelor of Architecture.

6. A candidate for the Institute Examinations must apply to the Secretary of the Examinations Committee not later than 27 February in the year in which he wishes to proceed with the First Institute Examination. If his application is accepted he will be required to pay a registration fee of 50 cents.

7. A register of students shall be kept by the Secretary of the Examinations Committee, New Zealand Institute of Architects.

8. The personal course of study of every candidate for the Institute Examinations shall require the approval of the Examinations Committee. Every registered candidate must notify the Secretary of the Committee not later than 31 January in every year (except his first year as provided in Clause 6) of the subjects in which he intends to enter for examination in that year and request approval of that course of study.

   In approving a candidate's personal course of study the Examinations Committee may relax or modify the application of these regulations in any special circumstances or in order to avoid hardship to any student.

9. A candidate wishing to enrol for lectures at the University of Auckland for written papers must enrol in accordance with the Enrolment Timetable. Any other candidate wishing to enrol for Testimonies of Study only must make application for enrolment at the University of Auckland as an extramural student not later than 1 March.

10. The Regulations governing the New Zealand Institute of Architects Examinations in Architecture which were included in the University Grants Committee Handbook 1969 are hereby revoked.

11. These Regulations shall come into force on 1 January, 1970.

The address of the secretary is: Secretary, Examinations Committee, Box 5310, Auckland.

458
INSTITUTE OF ARCHITECTS' SPECIAL EXAMINATION

Note: These examinations are prescribed by the Examinations Committee of the New Zealand Institute of Architects. Candidates are advised to study carefully the corresponding sections of the regulations for BArch. The Special Examination is recognised by the Architects' Education and Registration Board as qualification for registration (see Architects' Education and Registration Board ordinances). Registration is a prerequisite to corporate membership of the Institute.

SPECIAL EXAMINATION

1. Persons with suitable architectural experience may, subject to Registration by the Architects' Education and Registration Board, be admitted as Corporate members of the NZIA provided they fulfil the conditions and pass the examinations set out in the following sub-clauses.

   Candidates shall not be less than 30 years of age at time of making application to the Examinations Committee.

2. Provided that they submit the drawings and information required in clause 3 and that the Examinations Committee recommends their admission thereto, candidates shall be entitled to sit for a Special Examination consisting of the following subjects.

   (1) Professional Practice and Building Organisation
   (2) Building Law
   (3) Structures III
   (4) Structures IV
   (5) Design and Construction
   (6) Oral

   provided also that exemption may be given to applications from Structures III and IV and Design and Construction on the recommendation of the Examinations Committee where evidence of competence in those subjects is produced. Such evidence must be submitted with the application.

   The subjects enumerated above shall be as defined for the Degree of Bachelor of Architecture, with the exception of (5) and (6), and the Examination papers shall be those set for that Degree.

   The Design and Construction examination will consist of the preparation of the design in answer to a set problem. A requirement of the examination will be that the design or a portion of the design shall be submitted in the form of working and/or structural drawings.

   The Oral Examination will be conducted by the Examinations Committee, NZIA, subsequent to the completion of the other subjects.

   For the Special Examination the two stages in the subject Structures may be presented in the one year though such a procedure is normally contrary to the Regulations of the University.

3. Candidates shall make application to the Examinations Committee, NZIA on the official form provided by it, and submit in support of their applications as evidence of their general knowledge and capabilities, the following:

   (a) Examples of their work. These shall include complete working drawings, including details, and be accompanied by specifications of at least three separate substantial buildings representing a variety of constructions. These must be designed, or designed and executed, by the candidate. Five sheets of drawings submitted must be entirely the draughtsmanship of the candidate. Candidates are required to submit corroborative evidence from employers or associates affirming the authorship of the material submitted.
(b) A written report, thesis, review, or article, the sole work of the candidate, on some architectural, town planning, or similar matter, as an indication of the candidate's ability to study or analyse a subject clearly and to write clearly upon it.

4. A fee of $10.50 shall be paid by the candidate to the NZIA upon making the formal application. This fee will be refunded should the application be refused. If the application is approved the candidate shall in addition pay to the University the prescribed fees for examination in the subjects enumerated in clause 2.

5. The formal application to the Examinations Committee must be lodged with the Secretary not later than 31 January in the year in which the candidates wishes to sit for the examination.

SCHOOL OF ARCHITECTURE
PRESCRIPTIONS FOR BArch

The prescriptions for the Professional subjects named in the Regulations for the Degree of Bachelor of Architecture and Bachelor of Architecture with Honours are as follows:

Studio Work

Studio work comprises courses of study and practice in the drawing offices (Studios) and laboratories of the School of Architecture. It consists of a wide range of architectural and related subjects in project form providing opportunity for the integration, in the process known as architectural design, of all the contributory subjects.

In architectural design, which includes structure and construction, the architect's methods of communication, sketches, presentation drawings, models, reports, working drawings and specification are practised.

Studio work is divided into four consecutive grades, each grade representing one session's work.

In each year will be included tests in drawing, design, construction and specifications related to the lecture subjects and work of that year.

FIRST PROFESSIONAL EXAMINATION

History of Architecture I (One paper)

5.10 A general survey of Architecture from its beginnings to the twentieth century.

The social, religious and physical influences upon Architecture. The evolution of architectural forms as expressions of man's
changing attitudes, beliefs, requirements and techniques as exemplified by Egyptian, Middle Eastern, Greek, Roman, Byzantine, Romanesque, Gothic, Renaissance and Baroque architecture, the eclectic architecture of the 18th and 19th centuries and contemporary movements.

Building Materials I (One paper)

5.11 The physical properties, porosity, durability, changes in appearance, production, manufacture, uses and applications of concrete blocks, timber, metals, ceramics, glass, plasters, paints, building materials including the following: stone, brick, concrete, bitumen, asphalt, asbestos, rubber, mastics and adhesives.

Structures I (One paper)

Building Services I (One paper)

5.13 Human environment, comfort and efficiency in buildings; climate; sun and daylight control; elementary basic theory of thermal insulation, heating and ventilation. Elementary plumbing, drainage and electrical installations.

SECOND PROFESSIONAL EXAMINATION

Theory of Architectural Design I (One paper)

5.14 The process of architecture; factors and conditions underlying architectural form and space; man as measure; aim and purpose; function, site, structure, light, services; the qualities of unity, proportion, rhythm, scale.
Building Materials II (One paper)
5.21 Dimensional instability in building materials; causes and effects, thermal properties, acoustical properties, fire resistant qualities of selected building materials as defined in Building Materials I. Treatment and protection required for special finishes, floor surfacing, precast members. Properties and uses of plastics in building. Autoclaved products. Light weight concretes.

Structures II (One paper)

Building Services II (One paper)

THIRD PROFESSIONAL EXAMINATION

History of Architecture II (One paper)
5.20 (The aim is to intensify the study of particular fields of architecture). Selected fields of architectural history such as Greek orders, Roman planning, Roman structure, Monastic planning, Cathedral planning, Medieval construction, Mannerism and Baroque, Oriental Architecture, 19th century development, Reform Movements, Modern Movement.
Note: The above subjects for intensive study may be changed from year to year — three or four only being taken in any one year as and when lecturers versed in the fields are available.

Selected fields will be published at the commencement of each session.

Theory of Architectural Design II (One paper)

Structures III (One paper)

Building Services III (One paper)

Building Techniques (One paper)
5.34 Site factors; geological investigation, Test Bores, adjacent buildings, shoring and underpinning. Job organization. Equipment; building methods; erection methods, standardization, pre-
fabrication. Special techniques. Economic aspects of choice of structure.

Note: The student will be required to prepare a critical report supported by illustrations of an actual building operation.

Building Economics (One paper)
5.38 Microeconomic factors as parameters in building decisions. Specifications, quantities, cost planning, productivity, density, buildings as investment and urban land economics.

FOURTH PROFESSIONAL EXAMINATION

Professional Practice and Building Organization (One paper)
5.45 The architect, his qualifications, appointment, authority, duties, responsibilities, liabilities, remuneration; sketch drawings; office routine; reports on property; making of surveys, code of professional practice; competitions; duties of Clerk of Works. Preparation of contract documents; building contracts, the formalities attending upon their formation and execution; tenders; superintendence; certificates progress and final; extras, alterations and omissions; vesting of materials and liens.

Methods of financing building projects — private individuals, business organizations, local bodies, government.

Tendering and other methods of contracting for and carrying out work. Job pre-planning — early collaboration between architect, builder and quantity surveyor. Job planning; progress Schedules; subcontractors.

Building Law (One paper)
5.46 The legal aspects of appointment, authority, responsibilities and remuneration of the architect. Secret commissions; ownership of drawings, copyright. Contracts, contract documents, formalities of formulation and execution. Tenders, progress and final certificates. Vesting of materials and liens; liquidated damages and penalties; remedies for breach of contract; excuses for non-performance of contract; arbitration; general legal principles relating to boundaries, fences, party walls and easements.

Structures IV (One paper)
5.42 A more advanced treatment of matters specified in Structures III. Theory of design to resist lateral forces and accepted

Architectural Civics  (One paper)

DIPLOMA IN TOWN PLANNING AND
DIPLOMA IN TOWN PLANNING WITH HONOURS
DipTP

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations. An intending candidate who seeks admission on the basis of a professional qualification or a Degree qualification other than in Architecture or Engineering must apply for admission in accordance with the requirements of the Provisional and Special Admission Regulations.

GENERAL PROVISIONS

1. Except as provided in the Admission Ad Eundem Statum Regulations a candidate for the Diploma in Town Planning shall before enrolment:

   (a) have been admitted or have qualified for admission to a Degree in Architecture, or Engineering, or

   (b) be the holder or have qualified for the award of a Diploma in Architecture, in Surveying, or in Urban Valuation provided that, if not so qualified, a person may with the leave of the Senate be a candidate for the Diploma in Town Planning if before enrolment he

       (i) has been admitted or has qualified for admission to a Degree other than Architecture or Engineering, or

       (ii) holds a professional qualification in Architecture, Engineering, Surveying, or Town Planning.

2. The Diploma may be awarded with Honours (in accordance with regulations 5, 6 and 7) or without Honours.
3. Every candidate shall
(a) pass the examinations in the following subjects:
   (i) Town Planning Theory 36.10
   (ii) Town Planning Techniques 36.11, 36.12
   (iii) Geography as Related to Town Planning 36.13
   (iv) Civil and Traffic Engineering as Related to Town Planning 36.14
   (v) Architecture and Landscape as Related to Town Planning 36.14
   (vi) Statutory Planning and Administration 36.16
(b) submit not later than 1 November in the year he presents the final subject in regulation 3 (a) or at a subsequent date approved by the Head of the Department of Town Planning, a satisfactory dissertation upon a topic approved by the Head of the Department of Town Planning;
(c) pursue a course of instruction in Drawing Office and Field Work provided by the Department, and submit to the Registrar a certificate signed by the Head of the Department that he has satisfactorily completed the course of instruction: but the certificate shall not be granted before the candidate has passed the written examinations.

4. A candidate who has followed a course of study and passed the required examination as part of a course for a University Degree or Diploma or Professional qualification, in a unit or subject the same as or substantially equivalent to any of those numbered (iii), (iv), or (v) in Regulation 3 (a) may, at the discretion of the Senate, be exempt from not more than two of the last-mentioned subjects upon condition that he pays the fees as prescribed in respect of exempted units or subjects.

5. (a) A candidate shall be eligible to enrol for the Diploma with Honours only if he has been granted the leave of the Senate so to do; to which it may be
a pre-requisite that he has attained a high standard in the work prescribed in Regulation 3.

(b) The Senate shall inform him as soon as reasonably possible after his completion of that work whether or not he has leave so to enrol.

(c) Not later than 31 January next following, an eligible candidate desiring to enrol for the Diploma with Honours shall notify his desire to the Registrar in writing.

6. A candidate for the Diploma with Honours shall present a Thesis to which the following conditions shall apply:

(a) the Thesis shall embody the results obtained by the candidate in an investigation, approved by the Head of the Department, in some branch of the subject of Town Planning;

(b) the candidate shall in the first, second or third year following his completion of the work prescribed in Regulation 3 (a), submit his Thesis to the Registrar by 1 November or at a subsequent date approved by the Head of the Department;

(c) Honours shall be awarded upon the results of the Thesis but if a Thesis is not of sufficient standard the Diploma shall be awarded to the candidate without Honours.

7. No person who has been awarded the Diploma in Town Planning shall be eligible to be a candidate for the Diploma with Honours.

8. (i) Except as otherwise provided in this Regulation, the course of every candidate shall be governed by these Regulations.

(ii) The Regulations governing the Diploma in Town Planning which were included in the University of Auckland Calendar for 1967 (in this Regulation called 'the Old Regulations') are hereby revoked: provided that a candidate who enrolled under the
Old Regulations and who except for presenting a satisfactory thesis has completed the work and requirements therein prescribed

(a) may submit a dissertation in accordance with Regulation 3 (b) hereof, in order to qualify for the Diploma; or, alternatively

(b) may enrol for the Diploma in Town Planning with Honours and present a Thesis in accordance with Regulation 6 (as if the work completed under the Old Regulations were the work prescribed in Regulation 3 (a) and 3 (c) hereof).

9. These Regulations shall come into force on 1 January 1968.

The course of study includes as an essential part Drawing Office Work related to the lectures. Students will be required to visit sites, make simple town planning surveys, gather relevant data, and work out a series of problems and exercises in maps, designs and reports.

(8) *Dissertation*

The dissertation shall be a written discourse, generally not less than 5,000 words nor more than 10,000 words in length, on an aspect of town planning approved by the Head of the Department. It must be an original work and presented in a form appropriate to its value as permanent departmental reference material.

(9) *Thesis*

The thesis, on an aspect of town planning approved by the Head of the Department, must be the original work of an individual student. The thesis may be written or may be a design accompanied by a report. A copy of the thesis shall, after the award of the Diploma with Honours, be deposited with the University Library.
*DIPLOMA IN BUILDING AND CONSTRUCTION MANAGEMENT*

DipBldg

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

An intending candidate who seeks admission on the basis of a professional qualification, practical experience, the New Zealand Certificate in Building, Drafting (Architecture), or Engineering, or a Degree qualification other than in Engineering or Architecture, must apply for admission in accordance with the requirements of the Provisional Admission and Special Admission Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations a candidate for the Diploma shall be

   (a) a graduate in Engineering, Architecture or, with the approval of Senate, a graduate in any other faculty; or

   (b) a holder of a Diploma in Architecture, a Diploma in Surveying or a Diploma in Urban Valuation; or

   (c) a holder of a professional qualification in Architecture, Engineering, Surveying, or Quantity Surveying, who is approved by the Senate as a suitable candidate; or

   (d) a holder of the New Zealand Certificate in Building, Drafting (Architecture) or Engineering, who has obtained a pass with outstanding merit; or

   (e) any person who has had not less than 5 years' responsible practical experience in Architecture, Engineering, Building and Construction, or Quantity Surveying and who is approved by the Senate. The Senate in granting approval for the purpose of this paragraph may accept a candidate with a shorter period of practical experience if the candidate has followed an appropriate course of study at a University for at least two years and passed the required examinations.
2. A candidate seeking admission under Regulation 1 (c), (d) or (e) above, who has not been granted the University Entrance Qualification by the Universities Entrance Board, must apply for admission in accordance with the requirements of the Provisional Admission and Special Admission Regulations.

3. Every candidate shall

(a) Pass the examinations in the following subjects:
- Plant, Techniques and Materials  49.10
- Estimates, Specifications and Quantities  49.11
- Aspects of Building Law  49.12
- Costing and Accounting  49.13
- Corporation Law and Finance  49.14
- Building Management, company organisation; control and supervision of projects; work study in the building industry  49.15, 49.16, 49.17

(b) Carry out and report on to the satisfaction of the Senate a series of case studies in approved topics allied to the above subjects.

*This diploma course will be taught during the current Calendar year as a part-time course only.

†This subject will be taught during the current Calendar year only if a minimum number of four new enrolments in the subject are made.
This course may be taken in one year of full-time study or two years of part-time study. In the current Calendar year a part-time course only will be taught.

In the first year of the part-time course usually the first four subjects would be taken, three subjects being the required minimum.

The first year of the part-time course will be offered only if a minimum of four new enrolments for the course are made.

The prescriptions for the subjects named in the preceding Regulations are given below:

**Plant, Techniques, and Materials** (one paper 49.10)

**Estimates, Specifications, and Quantities** (one paper 49.11)

**Aspects of Building Law** (one paper 49.12)

The principles applicable to contracts and other legal problems commonly encountered within the building industry.

**Costing and Accounting** (one paper 49.13)

Corporation Law and Finance (one paper 49.14)

The legal and financial structure of companies and partnerships. Principles of law and accounting governing the financing of companies and partnerships and building projects. Financial appraisal of projects.

Building Management (three papers 49.15, 49.16, 49.17)

Control and Supervision of Projects: Costs of supervision. Integration of design and site work. Planning of site work. Control of progress. Programming (including PERT and CPM) Programming labour and material requirements. Sub contracting.

Course Work

A series of case studies drawn from the building industry and covering the syllabus for Building Management plus other subjects in the course.

Text-books for subjects of this Diploma will be prescribed at the commencement of the Course.
THE DEGREE OF BACHELOR OF ENGINEERING

BE

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

HONOURS

1. The Degree of Bachelor of Engineering may be awarded with or without Honours according to the standard of the candidate's work. There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division.

GENERAL PROVISIONS

2. (a) Except as otherwise provided, a candidate for the degree of Bachelor of Engineering shall be required

(i) to pursue a course of study for a period of not less than four years, and

(ii) to pass an Intermediate Examination and three Professional Examinations, and

(iii) to perform Practical Work to the satisfaction of the Faculty of Engineering.

(b) A candidate shall be required to pass as a whole the Intermediate Examination and each Professional Examination (including each Examination under Regulation 4), so that his performance in all the units of the Examination shall be considered: provided that a candidate who has failed to pass any such Examination as a whole may at the discretion of the Senate be credited with a unit or units of the Examination and permitted in a subsequent year to present the units not so credited, together with (if the Senate permits) a unit or units of the next succeeding Examination. The candidate shall then be re-
quired to pass a composite Examination in all the units so presented upon the same conditions as those prescribed in this sub-clause.

3. (a) A candidate who has been credited for the Degree of Bachelor of Science with any or all of the units Chemistry I, Physics IB, Mathematics IA and Applied Mathematics I shall be credited with such unit or units for the purpose of this Degree.

(b) For the purpose of this regulation only
(i) Chemistry II shall be substituted for Chemistry I;
(ii) Physics II shall be substituted for Physics IB;
(iii) Pure Mathematics II shall be substituted for Mathematics IA, and
(iv) Applied Mathematics III shall be substituted for Applied Mathematics I

in any case where a candidate has been permitted in the course for the Degree of Bachelor of Science to enrol for the particular subject at Stage II or III (as the case may be) without first presenting that subject at Stage I.

4. A candidate for the Degree of Bachelor of Engineering who
(i) has been awarded or has qualified for the award of the Degree of Bachelor of Science, or
(ii) has completed within two years the examination requirements for the award of the Degree of Bachelor of Science, or
(iii) was permitted to enrol for Stage II or Stage III units in a subject without first presenting that subject at Stage I and who, if the Stage I units not taken were included, would have qualified within two years for the award of the Degree of Bachelor of Science
shall be required to pursue a course of study for a period of not less than two years in such subjects for the Degree as the Dean of the Faculty may prescribe and to pass an Examination in each year in the subjects so prescribed for that year; provided that

(i) the Examination for the first year shall be such that the amount of necessary study shall be substantially the same as for the Second Professional Examination;

(ii) all the subjects and units of the Third Professional Examination shall be included in the candidate's course of study but none such in the first year;

(iii) the candidate shall be exempt from the units and subjects of the Intermediate Examination and from such other units and subjects of the Degree as are not prescribed for his course under this regulation.

5. Any candidate who has passed in one year in Mathematics IA or Pure Mathematics II, and Physics IB or II, and Chemistry I or II, and one other unit, may be exempted by the Senate from the units of the Intermediate Examination, provided that he has also completed a course in Elementary Mechanics approved by the Senate.

6. The Senate may exempt a candidate from the Intermediate Examination if it is satisfied that in the Entrance Scholarships Examination he has reached a satisfactory standard and if the subjects the candidate has taken include Chemistry, Physics, Mathematics, and Additional Mathematics.

7. (a) A candidate who has by examination qualified with outstanding merit for the New Zealand Certificate in Engineering or the New Zealand Certificate in Draughting in the fields of Civil, Mechanical, or Electrical Engineering, or Telecommunications, and who has completed the practical requirements for the award of that Certificate, may be
exempted by the Senate from the Intermediate and First Professional Examinations or from such units of those Examinations as the Senate thinks fit.

(b) A candidate who has by examination qualified with outstanding merit for the New Zealand Certificate of Science (Metallurgy) and who has completed the practical requirements for the award of that Certificate may for the course in Chemical and Materials Engineering be exempted from the Intermediate and First Professional Examinations or from such of those examinations as the Senate thinks fit.

8. Regulations 3, 4, 5, 6 and 7 of these regulations are subject to, so far as they are not inconsistent with, the provisions of the Enrolment and Course Regulations (General) relating to cross-credits and exemptions.

9. A candidate shall not be admitted to the Degree unless the Registrar has received from the Dean of the Faculty of Engineering a certificate that the candidate has complied with the requirements of the Faculty as to Practical Work.

10. For the Second and Third Professional Examinations the candidate shall follow one of the following five courses:

- Chemical and Materials Engineering
- Civil Engineering
- Electrical Engineering
- Engineering Science
- Mechanical Engineering.

11. The subjects of the Examinations for the Degree shall be:

**Intermediate Examination**

- Mathematics IB 26.140, 26.171
- Chemistry I 8.10, 8.11
- Physics IB 31.12, 31.13

or

The work shall be supervised by a member of the staff. The report shall carry the weight of two papers.

†Not all of the optional subjects will be taught during the current Calendar year.

12. The Regulations governing the Degree of Bachelor of Engineering set forth in the University of Auckland Calendar for 1966 are hereby revoked: provided that every candidate who began his course under the last-mentioned regulations shall be credited for the purpose of these present regulations with such units as the Senate may determine.

13. These regulations shall come into force on 1 January 1967.
THE DEGREE OF MASTER OF ENGINEERING

ME

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Except as provided in the Admission Ad Eundem Statum Regulations a candidate for the Degree of Master of Engineering shall
   (a) before enrolment have qualified for admission to the Degree of Bachelor of Engineering;
   (b) follow a course of study of not less than one year.

2. Every candidate for the Degree of Master of Engineering shall
   (a) pass in each of three subjects chosen according to Regulation 3, and
   (b) pass in respect of a thesis (which shall count as equivalent to three subjects).

3. The following conditions shall apply to the choice of subjects:
   (a) Three subjects from those prescribed in Regulation 3 (b) shall be chosen by the candidate in consultation with the Head of his Department; provided that no subject that has been credited to another degree shall be offered for this Degree.
   (b) The subjects of examination for the degree and the relative prescription numbers are:

   ^Advanced Chemical Engineering 51.60
   ^Advanced Chemical Engineering Design 51.61
   Advanced Chemistry B 51.40
   Advanced Engineering Mathematics 54.60
   Advanced Fluid Mechanics 52.40

4. The following conditions shall apply to the thesis:

(a) The thesis shall embody the results obtained by the candidate in an investigation in a subject approved by the Head of his Department.

†Subject to availability of staff.
(b) The investigation shall be carried out personally by the candidate at the University, under the direct supervision of a member of the academic staff: Provided that

(i) laboratory work may be carried out in an approved institution outside the University for such limited period or periods as may be determined from time to time by the Senate;
(ii) field work may be carried out at such places and for such periods as the Senate may determine.

(c) (i) The supervisor shall be the principal examiner.
(ii) The Senate acting on the advice of the Head of the Department shall appoint either an external assessor or a second internal examiner.

(d) At the discretion of the Head of his Department the candidate may be required to attend an oral examination on the subject of his thesis, which shall take place within four weeks of the date on which the thesis was submitted, or within such longer period as the Senate may in special circumstances approve.

(e) If the supervisor with the consent of the assessor or second examiner as the case may be so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to submit it again at a later date to be specified by the supervisor.

(f) The thesis shall be submitted not later than three years after the date of enrolment for the degree, provided that this period may in special cases be extended by the Senate.

5. The Degree of Master of Engineering shall be awarded in three divisions — First Class, Second Class, and Pass, provided that a candidate who is re-
quired to re-submit the thesis shall be eligible for the award of the Degree in the Pass division only.

6. These regulations shall come into force on 1 January, 1970.

RESEARCH IN ENGINEERING

Facilities are available for research by PhD and postdoctoral students in each of the Departments of the School of Engineering.

Attention is drawn to the fact that the Honours degree qualifying a PhD student for registration need not necessarily be one in Engineering. Graduates with a good Honours degree in Physics, Chemistry, or Mathematics, for example, could be considered for registration in Engineering.
SCHOOL OF ENGINEERING

PRESCRIPTIONS FOR BE

The prescriptions for the subjects named in the preceding Regulations are listed below.

Where laboratory, field, or other practical work forms a part of the course requirements for any of the above subjects, no candidate shall be granted terms in the subject until he has completed such work to the satisfaction of the Head of the Department concerned.

INTERMEDIATE EXAMINATION

Applied Mathematics I two of 26.170, 26.280, 26.290
Chemistry I 8.10, 8.11
Mathematics IA 26.120, 26.140
Mathematics IB 26.140, 26.171
Physics IB 31.12, 31.13

as prescribed for the Degree of Bachelor of Science

PROFESSIONAL EXAMINATIONS

50.10 Drawing and Design I

The elements of engineering draughting.

50.11 Electrical Engineering I

(Alternative syllabuses appropriate to student's prospective course).

(a) Electrical Engineering and Engineering Science Courses:
An introductory course, with principal emphasis on electric circuit theory and electronics.

(b) Chemical and Materials Engineering, Civil Engineering and Mechanical Engineering Courses:
A study of the types of electrical and electronic instruments and machines likely to be encountered in practice by non-electrical engineers.

50.12 Engineering Mathematics II

Calculus: Differentiation; Leibniz theorem; partial differentiation; methods of integration; definite integrals; multiple integrals; applications to areas, volumes, moments, length of
are, etc. Analysis: Logarithmic, exponential and hyperbolic functions; convergence of infinite series; Taylor's theorem; the common power series; Fourier series. Geometry: Curve sketching; plane curves such as the cycloids, catenary, etc.; curvature, envelopes, etc. Algebra: Polynomials; complex numbers; linear equations and introduction to matrices; determinants, Differential Equations: Elementary methods of solution of first order and simple second or higher order ordinary differential equations. Numerical Methods: Interpolation, differentiation and finite difference formulae; numerical integration; solution of equations by Newton's and other methods. Statistics: Frequency distributions and theoretical models; measures of central tendency and dispersion; elementary probability theory.

50.13 Materials I

(Alternative syllabuses appropriate to student's prospective course).

(a) Chemical and Materials Engineering Course:
An introductory course dealing with the behaviour of materials, treated from a rather fundamental standpoint.

(b) Civil Engineering, Engineering Science, and Mechanical Engineering Courses:
An introductory course dealing with the behaviour of engineering materials.

(c) Electrical Engineering Course:
An introductory course dealing with the behaviour of engineering materials, especially electrical and magnetic materials.

50.14, 50.15, 50.16 Mechanics I

50.14 Statics and Solid and Structural Mechanics
Statics: Equilibrium of systems of forces and moments in two and three dimensions. The principle of virtual work.

Structural Mechanics: Statically determinate beams and trusses.
50.15 Dynamics and Mechanics of Machines
Dynamics and the application of dynamics to the study of machines and machine elements.

50.16 Fluid Mechanics

50.17 Thermodynamics I
(Alternative syllabuses appropriate to student's prospective course.)
(a) Chemical and Materials Engineering and Engineering Science Courses:
Classical chemical thermodynamics up to and including the concepts of chemical potential, fugacity and activity; applications of these concepts. Thermodynamics of power and refrigeration cycles, and flow processes. Introduction to statistical thermodynamics; Maxwell-Boltzmann, Fermi-Dirac and Bose-Einstein statistics. Elements of formal kinetics; activation energy and the Arrhenius-equation.
(b) Civil Engineering, Electrical Engineering, and Mechanical Engineering Courses:
An introduction to the fundamentals of thermodynamics and the elements of useful thermodynamic processes applied to engineering, including: Power and refrigeration cycles; gas dynamics; combustion and chemical processes.
Students not proceeding to a further stage in this subject will be given also an introduction to heat transfer and psychrometry.

51.20, 51.21 Advanced Chemistry A
Structural, physical, inorganic and organic chemistry.

51.22, 51.23 Chemical Engineering I
Aspects of fluid flow including flow measurement and pumping, flow through porous media, filtration and centrifugation. Heat transfer and heat exchanger calculations. Introduction to mass transfer and mass and heat transfer operations including humidification.
51.24, 51.25  
**Materials II**

51.26  
**Thermodynamics IIS**

Classical Thermodynamics: Revision of principles developed in Thermodynamics I with extension to selected mechanical, electrical, magnetic and physico-chemical systems.

Statistical Thermodynamics: An introductory course with applications especially to crystalline solids.

Irreversible Thermodynamics: An introductory course with applications especially to thermoelectric systems.

Kinetics: The classical theory of reaction rates. First, second and higher order reactions. Diffusion.

Transfer Processes: conduction — derivation of and validity of Fick's Law, steady-state and transient heat and mass transfer using analytical and numerical methods; extended surfaces; convection — steady-state convection processes in laminar and turbulent flow.

51.30, 51.31  
**Chemical and Materials Technology**

Technology and design of chemical process and extractive and process metallurgical operations with special reference to local industry.

51.32, 51.33  
**Chemical Engineering II**

Aspects of mass transfer including solid-liquid and liquid-liquid extraction, distillation, gas absorption, evaporation, crystallisation and drying. Particle dynamics, sedimentation, fluidisation, conveying, gas cleaning, size reduction and mixing.

51.40  
**Advanced Chemistry B**

An advanced course on selected aspects of structural, physical, inorganic and organic chemistry.

497
51.41 \textit{Process Control}  
An introductory course in process dynamics and control theory. Mathematical modelling for linear open-loop and closed-loop systems, stability, root-locus and frequency-response analysis, non-linear systems, automatic controllers and tuning, and advanced process control techniques.

51.42 \textit{Materials III}  
Advanced metallography: ternary phase diagrams; the reciprocal lattice; electron microscopy. Internal friction: polymeric solids: structure and properties. Elasticity: viscoelasticity and rubber elasticity. Plasticity: selected topics; rate theory of deformation, creep and high temperature properties, fracture mechanics, etc. Glasses and ceramics: structure and properties. Diffusion: formal diffusion theory; mechanisms; experimental methods.

51.99 \textit{Special Topic in Chemical and Materials Engineering}  
An advanced course on a topic to be determined each year by the Head of the Department of Chemical and Materials Engineering.

52.20, 52.21 \textit{Drawing and Design IIC}  
As for 55.21, 55.22, Drawing and Design IIM.

52.22 \textit{Engineering Geology}  
Principles of physical and structural geology, seismology and elementary stratigraphy. Petrology and mineralogy of the common rocks, rock groups and rock forming minerals. Geological surveying and mapping. Geology of water supply and the general application of geology to Civil Engineering.

52.23 \textit{Fluid Mechanics I}  

52.24 \textit{Mechanics and Properties of Materials I}  
Stress-strain properties of materials, bending, shear and torsion. Deformations and deflections. Elements of the properties of soils, aggregates, concrete and other materials used in civil engineering.
52.25  Structures I

52.26  Surveying

52.30, 52.31  Civil Engineering

The principles of public health engineering, hydrology and hydraulic engineering, contract law and management. Precise surveying, traffic and highway engineering.

52.32  Drawing and Design IIIC

One half of the year will be allocated to the design and preparation of working drawings of structures. During the remaining half-year the design problems will relate to the candidates' electives.

52.33  Fluid Mechanics II

499
52.34 *Mechanics and Properties of Materials II*
Concrete technology. Theory of design of reinforced and prestressed concrete. Experimental stress analysis, the structure and properties of selected materials used in civil engineering.

52.35 *Soil Mechanics*

52.36 *Structures II*
Extension of moment distribution to large structures, arch theory, column analogy, introduction of matrix methods of structural analysis, plastic design, vibrations and seismic analysis of buildings. Elements of plate theory, slab design and load distribution theories.

52.40 *Advanced Fluid Mechanics*

52.41 *Advanced Mechanics and Properties of Materials*

52.42 *Advanced Soil Mechanics*

52.43 *Advanced Structures*
Further matrix analysis, elasticity, membrane theory, plates and shells, cable structures, stability of beams and frameworks under axial loads. Model analysis, photoelastic methods, analysis of dams for static and dynamic loads.

52.44 *Advanced Surveying*
Advanced Photogrammetry, analytical methods of interpretation. Epipolar and radial plane plotting machines.
Geodesy: Figure of the earth. Map projections.
Astronomy: Precise observations for azimuth, latitude. Time.

52.45 Construction Management

52.46 Hydrology, Water Resources and Hydraulic Engineering
Additional topics in hydrology and related sciences. Hydrology of urban areas. Flow control and flood routing. Planning and development of water resources. Principles of hydraulic engineering applied to development of rivers and ports, irrigation, drainage and coast protection. Project work is included.

52.47 Public Health Engineering
Chemistry and microbiology of water and wastewater, water and wastewater collection and treatment, solid and liquid wastes disposal, pollution of rivers, coastal waters and atmosphere.

52.48 Transport Engineering
Traffic flow and queuing. Problems associated with roading and traffic flow in cities, parking. Economics of road transportation. Principles and economics of air, rail and water transportation.

52.49 Advanced Engineering Geology
Geological principles applied to engineering problems.

52.99 Special Topic in Civil Engineering
A course on a topic to be determined each year by the Head of the Department of Civil Engineering.

53.20 Electrical Engineering IIS
Electronics: thermionic valves, semiconductor devices, associated circuits.
Maxwell’s equations: electromagnetic wave propagation.
Logic circuits, elements of digital computation.

53.21, 53.22, 53.23  Electrical Engineering II

53.21 Electromechanical Energy Conversion.
Polyphase systems. Production of rotating field. Induction and synchronous machines. Field form and wave form.
The transformer equivalent circuit. Use of normalised quantities.

Transmission lines, single-phase and three-phase:— nominal T and π, distributed constants, propagation, standing waves, reflection and transmission of plane electromagnetic wave.
Introduction to closed-loop systems, Nyquist criterion, poles and zeros, root locus.

53.23 Introduction to the physics of thermionic valve and semiconductor devices.
Diode and rectifier circuits, thyatron, silicon controlled rectifier, associated circuits.
Characteristics and parameters of thermionic valves and transistors. Small signal circuit theory, equivalent circuits, voltage and power amplifiers, feedback circuits, wide band amplifiers.

53.30 Electrical Design
The principles of design of electrical apparatus and systems. Each candidate is required to submit a report on project work which he has carried out during the year on an assigned topic.
53.31, 53.32, 53.33 Electrical Engineering III

53.31 Utilization of electrical plant.

Transformers polyphase and multi-winding. Harmonic phenomena.

Induction motors, polyphase and single-phase. Starting speed control and general characteristics.

Variable speed drives — motor characteristics.

Synchronous machines, equivalent circuits.

Rectifiers: mercury arc and solid state.

Feedback control systems.

53.32 Circuit theory and transmission lines.

Review of Laplace Transform methods. Fourier analysis.

Transmission lines: parameters including skin-effect resistance; surges; high frequency phenomena, standing waves, Smith Chart, losses, distortion. Simple infinite plane polarized wave. Wave guides. Power transmission lines, circle diagram.

Coupling networks: Attenuators, filters designed on image basis, Butterworth and Chebyshev filters.

53.33 Electronics.

Generalised small signal circuit analysis, two stage amplifier configurations, complementary devices.

Push pull amplifiers: — operation, design and thermal stability.

General feedback principles and stability considerations, oscillators, tuned circuit voltage and power amplifiers.

53.40 Electrical Engineering IIIG

A course on electrical and electronic components and circuits leading to the study of industrial instrumentation, control systems and applications of electrical energy.

53.41 Communications

Modulation and demodulation and associated circuits; Fourier series, Fourier integral; Sampling theorem, Information theory, Statistical methods; Signal transmission through networks, convolution integral; Random signals and noise.
Control Systems

Analogue computation, operational amplifier solution of differential equations, simulation of systems. Non-linear methods.

Electrical Supply

Insulation:— influence on cable and plant construction, lines and cables, corona loss, thermal problems.
Equivalent circuits of multi-winding transformers and large synchronous machines.
Faults, calculations including the use of symmetrical components, network analysers. Protection. Stability.

Electromagnetic Fields

Semiconductors

Outline of quantum theory, leading to energy band description of semiconductor action. P-N junction, physical nature and circuit properties. Transistors, low frequency and high frequency characteristics, circuit behaviour. Special transistors.

Special Topic in Electrical Engineering

An advanced course on a topic to be determined each year by the Head of the Department of Electrical Engineering.

Continuum Mechanics I

54.20 As for Mechanics II Paper 55.25.
54.21 As for Mechanics II Paper 55.27 or Fluid Mechanics I Paper 52.23.
54.22 Mathematical treatment of continuum mechanics, together with necessary vector and tensor analysis.
Special studies in fluids, elasticity, soil mechanics and plates and shells, etc.
54.23 **Engineering Mathematics III**

Ordinary Differential Equations: Methods of solution; simultaneous equations; applications to vibrations, beams, etc. Partial Differential Equations: Diffusion equation, Laplace’s equation, wave equation and solution of boundary value problems by separation of variables; d’Alembert’s solution of wave equation; relaxation methods. Laplace Transforms: Introduction and application to ordinary differential equations, etc. Vector Analysis: Gradient, divergence, curl and integral theorems. Matrices: Manipulation, inversion, eigenvalues, etc. Statistics: Discrete and continuous distributions; elementary sampling theory.

54.24, 54.25 **Engineering Mathematics IIIIS**

54.24 Methods of Engineering Mathematics including such topics as (a) introduction to complex variable theory, (b) ordinary differential equations, (c) partial differential equations (Laplace’s, the diffusion and the wave equation), (d) Laplace and Fourier transforms.

54.25 Methods of Engineering Mathematics including such topics as (a) matrix theory and linear algebra, (b) theory and practice of numerical techniques (a knowledge of elementary computer programming will be assumed), (c) probability, theoretical statistical distributions estimation with large and small samples, regression, spectral theory, etc.

54.30, 54.31 **Continuum Mechanics II**

54.30 Selection of topics from following list:— Elastostatics, elastodynamics and seismological phenomena, plates and shells, dislocation theory, plasticity, viscoelastic media, etc.

54.31 Selection of topics from following list:— Potential flow, compressible flow, turbulent flow, boundary layer, hydrodynamic stability, magnetohydrodynamics, etc.

54.32, 54.33 **Engineering Mathematics IVS**

54.32 Methods of Engineering Mathematics including such topics as (a) complex variable theory applied to ordinary differential equations, asymptotic methods, integral transforms, special functions, conformal mapping, etc., (b) calculus of varia-
tions, (c) numerical analysis, (d) random processes, (e) finite element techniques.

54.33 Systems Analysis same as 54.41.

54.40 Engineering Mathematics IV
Selection of topics from following list:— Transform theory and applications, functions of a complex variable, variational methods, numerical techniques, statistics, electromagnetism, elasticity, etc.

54.41 Systems Analysis
Analysis of linear and non-linear systems and optimal control theory; including variational principles, linear and dynamic programming, methods of steepest descent, etc.
Computer simulation of multiple process engineering systems.
Applications to hydrology, traffic engineering, production engineering, cost-benefit analysis, etc. (Assignments will include problems to be solved on the computer.)

54.99 Special Topic in Engineering Science
An advanced course on a topic to be determined each year by the Head of the Department of Theoretical and Applied Mechanics.

55.20 Drawing and Design IIG
Selected topics from 55.21, 55.22 Drawing and Design IIM.

55.21, 55.22 Drawing and Design IIM
The application of the principles of mechanics to the design of mechanical and structural components.

55.21 The engineering approach to design. Selection of materials. Failure theories and design stresses. Limits and fits. Design of mechanical components, including shafts, bearings, power transmission, fastenings and friction devices.

55.22 Design of beams, columns, ties, struts, and connections in structural steel and timber. Design of slabs, beams, columns and footings in reinforced concrete.

55.23 Production Technology I
A survey of manufacturing engineering processes including casting, forming, cutting and joining processes; heat treatment

55.24 \textit{Mechanics IIG}

Structural Mechanics: Analysis of determinate and indeterminate beams and plane trusses. Instability of columns and beams, practical buckling formulae.

Mechanics of Machines: A shorter course in the kinematic and dynamic analysis of machines and machine elements.

55.25, 55.26, 55.27 \textit{Mechanics II}

55.26 Mechanics of Machines: The kinematic and dynamic analysis of machines and machine elements.

55.28 \textit{Thermodynamics IIG}

55.29 **Thermodynamics II**

55.210 **Production Technology IG**
A survey of manufacturing engineering processes including casting, forming, cutting and joining processes; heat treatment and metal finishing.
A study of the direct application of electrical energy to manufacturing processes and measurement. Machine control systems.

55.30 **Drawing and Design III Mechanical**
The concept, design and specification of machines, mechanical plant and structures.

55.31 **Industrial Administration**

55.41 **Aeronautical Engineering**

55.42 **Control Engineering**
An introductory course with particular reference to mechanical systems such as control of pressure, temperature, flow and speed.

55.43 *Engineering Materials and Stress Analysis*

A senior course dealing with the mechanics of materials and their physical properties related to mechanical engineering practice. Such topics as: Behaviour and selection of engineering materials, failure and fracture, elastic stress analysis, experimental stress analysis, residual stresses, plasticity, mechanics of forming processes.

55.44 *Fluid Mechanics*

Wind tunnel techniques and design.

Aerodynamic design of compressors and turbines.

55.45 *Heat Engineering*

55.46 *Industrial Engineering*

Applied statistics. Analysis of variance. Design of experiments. Operational research and theory of decisions, including economic batch sizes, inventory control and replenishment,
queuing theory, linear programming and allocation, Monte Carlo and other simulation techniques, reliability theory.

Work study including materials handling, plant and work place layout, time standards, PMT systems, work sampling, memo-motion and micro-motion studies, product development, design for production, quality control.

55.47 *Mechanics of Machines*

Advanced treatment of selected topics from 55.26, Mechanics of Machines.

55.48 *Nuclear Engineering*

An introduction to the basic concepts of nuclear reactor analysis and the application of reactor theory, various engineering principles, and computer methods to problems of nuclear power system design, management, and safety analysis. Illustration of principle of criticality using thermal neutron theory; slowing-down theory and resonance absorption — Fermi Age theory. Theory of neutron moderation and multi-group neutral diffusion theory; heterogeneous reactor theory. Elementary control theory and the coupling of core dynamics with heat transfer, fluid flow, heat exchangers, pumps, and turbines. Principles of safety evaluation of a nuclear power system.

55.49 *Production Technology II*

Further studies in metal cutting processes. The analysis of selected problems associated with the forming of metals and plastics. The economics of manufacturing processes. Machine control systems.

55.410 *Solid Mechanics*

Topics in the mechanics of deformable solids and their application to the analysis of mechanical engineering configurations.

55.411 *Vibrations*

55.99 *Special Topic in Mechanical Engineering*

An advanced course on a topic to be determined each year by the Head of the Department of Mechanical Engineering.

Lists of text-books will be available at the office of the School of Engineering.

**PRACTICAL WORK**

(1) By the end of the First Professional Year all students are required to have completed to the approval of the Faculty a course in Workshop Practice. Students who have attended similar courses elsewhere before enrolling at Auckland may apply to the Faculty for approval of such courses.

(2) Before graduation students shall obtain approved practical experience in workshops or in engineering works for a minimum period of 1200 hours. This is expected to be undertaken during the summer vacation. Overtime up to 10 hours per week on suitable work may be allowed.

At least 320 hours must be spent in general engineering workshops; this should be completed before entering the Second Professional Year.

Mechanical engineering students may put in the whole of their practical time in engineering workshops, or may use some of this time in obtaining sub-professional experience, for example in a drawing office. However, Mechanical students should bear in mind that the Institution of Mechanical Engineers requires a minimum of eighteen months of workshop experience before accepting an application for Corporate Membership.

Students in Chemical and Materials Engineering may put in up to 600 hours in general engineering workshops. They must put in not fewer than 400 hours in approved plants or laboratories operating in the chemical engineering or materials engineering field. The work in such plants or laboratories may be of a sub-professional nature, for example work as a technician in analytical or quality-control laboratories associated with a processing industry.

Other students may carry out further work in engineering workshops or may obtain experience appropriate to their
specialised fields. Some of the remaining time may be spent in gaining sub-professional experience such as surveying field work in the case of Civil Engineering students.

(3) The approval of the Faculty of any proposed practical work must be obtained before its commencement. Students are advised to obtain as wide experience as possible in practical work and therefore approval will not normally be given for more than one period in a particular workshop or works.

(4) At the conclusion of each period of practical work and before the following 1 April each student must submit to Faculty: (a) a certificate signed by his employer showing the actual number of hours worked in ordinary time and also of overtime, and the type of work on which he has been engaged; (b) a full report by the student on the work done and the observations made. These reports will be graded and may be taken into account in recommending scholarships and other awards. Official certificates and instructions on the form of the report may be obtained from the School office.

(5) A student who by virtue of exempting qualifications is admitted to an engineering course at a stage later than First Professional must fulfil the requirements of these regulations, with the exception that clause (1) relating to a course in Workshop Practice may be waived. Faculty may however approve work of an engineering nature carried out by a student before enrolling for Engineering.

Faculty may also approve previous work, not exceeding 250 hours, of a general nature other than engineering.

In all cases where approval is sought for work carried out before enrolling for an engineering course, a student must make application to Faculty in writing before 1 April of the year of first enrolment in that course.

Faculty may require certificates and a full report on such work before approval is considered.
The prescriptions for the subjects named in the Course Regulations for the Degree of Master of Engineering are listed below.

Where laboratory, field or other practical work forms a part of the course requirements for any of the above subjects, no candidate shall be granted terms in the subject until he has completed such work to the satisfaction of the Head of the Department concerned.

51.60 Advanced Chemical Engineering†
Advanced course in chemical engineering including such topics as process engineering, distillation, crystallisation, ion exchange processes, electrochemistry, catalysis and kinetics.

51.61 Advanced Chemical Engineering Design†
Advanced course in design of specialised process equipment for chemical industry.

51.40 Advanced Chemistry B
Refer to prescriptions for BE.

54.60 Advanced Engineering Mathematics
A selection, approved by the Head of the Department of Theoretical and Applied Mechanics, of topics chosen for courses in Engineering Mathematics III, IV, VS.
Typical choices (if allowed by timetable considerations) could be
(a) Complex Variable and Applications from IVS
   and Stochastic Processes from IVS.
   or (b) Numerical Analysis from IVS
   Wave Propagation from VS.

52.40 Advanced Fluid Mechanics
Refer to prescriptions for BE.

51.62 Advanced Materials
An advanced course, mainly concerned with solid-state properties, such as: elastic constants, thermal properties, electron and band theories, electronic, magnetic and dielectric properties, solid state transformations.
55.60 *Advanced Mechanical Engineering*
A course of lectures on special branches of Mechanical Engineering allied to the thesis subjects of the students taking the ME degree.

52.41 *Advanced Mechanics and Properties of Materials*
Refer to prescriptions for BE.

52.42 *Advanced Soil Mechanics*
Refer to prescriptions for BE.

52.43 *Advanced Structures*
Refer to prescriptions for BE.

55.41 *Aeronautical Engineering*
Refer to prescriptions for BE.

53.41 *Communications*
Refer to prescriptions for BE.

54.22 *Continuum Mechanics I (c)*
Refer to prescriptions for BE.

54.30 *Continuum Mechanics II (a)*
Refer to prescriptions for BE.

54.31 *Continuum Mechanics II (b)*
Refer to prescriptions for BE.

55.42 *Control Engineering†*
Refer to prescriptions for BE.

53.42 *Control Systems*
Refer to prescriptions for BE.

54.62 *Dynamics of Fluids†*
(Intended primarily for ME Engineering Science students). Studies in the flow of non-homogeneous and rotating fluids with geophysical applications.

52.64 *Earthquake Engineering*
53.40 Electrical Engineering IIG
   Refer to prescriptions for BE.

53.60 Electrical Engineering IV
   A course of lectures on quantum mechanics, antenna arrays, plasma physics.

53.43 Electrical Supply
   Refer to prescriptions for BE.

53.44 Electromagnetic Fields
   Refer to prescriptions for BE.

55.43 Engineering Materials and Stress Analysis
   Refer to prescriptions for BE.

54.40 Engineering Mathematics IV
   Refer to prescriptions for BE.

54.61 Engineering Mathematics VS†
   (Intended primarily for ME Engineering Science students).
   A course including a selection of topics such as
   (a) Studies in differential equations
   (b) Wave propagation
   (c) Random processes, etc.

55.44 Fluid Mechanics†
   Refer to prescriptions for BE.

52.60 Fluid Mechanics Seminar
   Special topics selected from fluid dynamics, water resources engineering, statistics and numerical methods.

55.45 Heat Engineering
   Refer to prescriptions for BE.

52.46 Hydrology, Water Resources and Hydraulic Engineering
   Refer to prescriptions for BE.

55.46 Industrial Engineering
   Refer to prescriptions for BE.
51.63  Materials Seminar
A graduate course on a topic or topics to be determined each year by the Head of the Department of Chemical and Materials Engineering.

51.42  Materials III
Refer to prescriptions for BE.

52.65  Mechanics and Properties of Materials Seminar
Special topics selected from recent developments in the mechanics and properties of selected materials used in civil engineering.

55.48  Nuclear Engineering
Refer to prescriptions for BE.

51.41  Process Control
Refer to prescriptions for BE.

55.49  Production Technology II
Refer to prescriptions for BE.

52.47  Public Health Engineering
Refer to prescriptions for BE.

52.66  Public Health Engineering Seminar
Selected topics from water and wastewater engineering, pollution control.

55.61  Quantum Mechanics ♦
An introduction to quantum mechanics.
The development of the basic principles of Quantum Theory using Schrödinger's equation and matrix mechanics; study of bound state problems (e.g. hydrogen atom, harmonic oscillator) and photon and particle scattering to demonstrate principles. Objective is to develop the subject suitably for application to engineering problems — solid state physics, lasers, plasmas, electron microscopy, nuclear engineering.

53.45  Semiconductors
Refer to prescriptions for BE.

516
52.61  Soil Mechanics Seminar
Advanced studies of recent developments in theoretical soil mechanics.

55.410  Solid Mechanics
Topics in the mechanics of deformable solids and their application to the analysis of mechanical engineering configurations.

51.99  Special Topic in Chemical and Materials Engineering
An advanced course on a topic to be determined each year by the Head of the Department of Chemical and Materials Engineering.

52.99  Special Topic in Civil Engineering
An advanced course on a topic to be determined each year by the Head of the Department of Civil Engineering.

53.99  Special Topic in Electrical Engineering
An advanced course on a topic to be determined each year by the Head of the Department of Electrical Engineering.

54.99  Special Topic in Engineering Science
An advanced course on a topic to be determined each year by the Head of the Department of Theoretical and Applied Mechanics.

55.99  Special Topic in Mechanical Engineering
An advanced course on a topic to be determined each year by the Head of the Department of Mechanical Engineering.

54.63  Structural Mechanics
The study of elastic stability applied to structural elements and frames together with discussion of the relevance to structural design.

52.62  Structures Seminar
Selected topics from recent developments in structural analysis and design.

54.62  Studies in Finite Element Techniques†
An advanced course in Finite Element Techniques with applications to problems on stress analysis, heat transfer, fluid flow, etc.
54.64  Studies in Solid Mechanics†
An advanced course on Solid Mechanics on such topics as linear and non-linear elasticity, thermal stresses, stress waves, plasticity, structural mechanics, together with analytical and numerical methods of solution of problems in these fields.

54.65  Studies in Systems Analysis†
The work of Systems Analysis (54.41) covered in greater depth and extended to include such topics as non-linear and geometrical programming, variational methods, steepest descents.

54.41  Systems Analysis
Refer to prescriptions for BE.

52.48  Transport Engineering
Refer to prescriptions for BE.

52.63  Transport Engineering Seminar†
Selected topics from theory and application of land, sea, and air transportation.

55.411  Vibrations†
Refer to prescriptions for BE.

†Subject to availability of staff.

PROFESSIONAL INSTITUTION COURSES
Candidates for the examinations of the Council of Engineering Institutions may take courses selected from the BE syllabus. Prospective candidates should consult the Dean of the Faculty before planning their course.
THE DEGREE OF BACHELOR OF FINE ARTS

BFA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Except as provided in the Admission Ad Eundem Statum Regulations a candidate for the Degree of Bachelor of Fine Arts shall be required:
   (a) to pursue a course of study for a period of not less than four years, and
   (b) to pass an Intermediate Examination and three Professional Examinations.

2. The subjects of examination for the Degree shall be:

Intermediate Examination
   Art History I  19.151, 19.152
   Two units from the subjects prescribed for the Degree of Bachelor of Arts other than Art History

First Professional Examination
   Studio I which shall have the value of nine papers

Second Professional Examination
   Art History II  19.251, 19.252, 19.253
   Studio II which shall have the value of six papers

Third Professional Examination
   Art History III
   19.352, 19.353 and either 19.351 or 19.361:
   or 19.361, 19.362 and either 19.363 or 19.353:
   or 19.371, 19.362, 19.363:
   or 19.372, 19.373 and either 19.371 or 19.381:
   or 19.381, 19.382 and either 19.373 or 19.383:
   Studio III which shall have the value of six papers.
3. In each Professional year work for Studio shall consist of
   (a) a formal submission of work at the conclusion of each study period; and
   (b) a final formal submission of work;
   and may include written examination papers: as required by the Dean of the Faculty.

4. A candidate shall be required to pass as a whole the Intermediate Examination and each Professional Examination consisting of more than one unit, so that his performance in all the units of the Examination shall be considered;
   provided that
   (a) a candidate who has failed to pass any such Examination as a whole may, at the discretion of the Senate be credited with a unit or units of that Examination, and permitted in a subsequent year to present the units not so credited; and
   (b) that a candidate who does not pass the Second Professional Examination as a whole, but is credited with either Art History II or Studio II may (if the Senate permits) also present Art History III or Studio III with the unit being re-presented for the Second Professional Examination.

5. (1) Except as otherwise provided in this Regulation, the course of every candidate shall be governed by these Regulations.

   (2) The Regulations governing the Degree of Bachelor of Fine Arts which were last published in the University of Auckland Calendar for 1969 (in this Regulation called ‘the old Regulations’) are hereby revoked;
   provided that
   (a) the provisions of the old Regulations shall continue to apply until and including the year 1973, notwithstanding the revocation thereof, to every candidate who was enrolled for this Degree before 1970
and who upon his first enrolment after these present Regulations come into force elects to remain under the provisions of the old Regulations;

(b) if any such candidate upon a subsequent enrolment revokes his election, or if any such candidate has not completed his course for this Degree in or before the year 1973, the Senate shall prescribe the courses to be completed by that candidate in order to satisfy the requirements for the Degree.

6. These Regulations shall come into force on 1 January, 1970.
THE DEGREE OF MASTER OF FINE ARTS

MFA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

GENERAL PROVISIONS

1. Except as provided in the Admission Ad Eundem Statum Regulations a candidate for the Degree of Master of Fine Arts shall:—
   (a) before enrolment have qualified for admission to the Degree of Bachelor of Fine Arts;
   (b) follow a course of study of not less than one year.

2. The course for the degree shall consist of:—

   Part I

   Art History: Two papers.
   One of the papers 19.401, 19.402, 19.403 and one of the papers prescribed for Art History III as approved by the Head of the Department: provided that no paper that has been credited to the Degree of Bachelor of Fine Arts shall be taken for this Degree.

   Part II

   Dissertation (which shall count as one paper):
   (a) The dissertation shall be on a special topic approved by the Head of the Department of Fine Arts and it will be related to one of the subjects chosen for Practical work;
   (b) A candidate may present the dissertation in the year of his examination in Art History or, subject to the provisions of paragraph (c) of this regulation, in a subsequent year;
   (c) The dissertation shall be presented within three years of the year of examination in Art History provided that this period may in special cases be extended by the Senate.
Part III

Practical:
(a) The subjects of this part are the following:
   1. Design
   2. Graphic Arts
   3. Painting
   4. Sculpture.

A candidate shall carry out work satisfactory to the Head of the Department of Fine Arts —
either in one subject (which shall count as three papers)
or in one subject as his major study (which shall count as two papers) supported by work in another subject (which shall count as one paper).

(b) The candidate shall present an exhibition of his work and provide an adequate printed catalogue thereof, not later than 1 November in the year in which the work is undertaken.

(c) The exhibition shall be presented within three years of the year of examination in Art History, provided that this period may in special cases be extended by the Senate.

3. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions: First Division and Second Division.

(b) Honours shall not be awarded if the papers in the first year in which a candidate is examined in Art History for this Degree are unsatisfactory or if either the Dissertation or the Exhibition of Practical Work at its first presentation is unsatisfactory; provided however that, subject to the provisions of paragraph (c) of this regulation, a candidate whose performance at the written examination has been seriously impaired by illness (certified as under the aegrotat regulations) may elect, instead of applying for an aegrotat award, to present himself at a subsequent written examination and still be eligible for the award of Honours.

(c) A candidate shall be eligible for the award of Honours only if he completes the requirements for
Honours within three years of passing the final subject of his Bachelor's Degree; provided that this period may in special cases be extended by the Senate. For this purpose the academic year is regarded as beginning on 1 March.

*Note: This course will not be taught during the current *Calendar* year. The Regulations are at present under review.
ART HISTORY IB

(Two papers)

19.151 (a) European Art, 700 B.C.-1400;
   (i) An outline of the development of Greek and Roman art;
   (ii) Selected aspects of Mediaeval art, with special reference to the continuity of the classical tradition.

19.152 (b) European Art, 1400-1520;
   (i) The Renaissance in Italy;
   (ii) Flemish Painting.

Preliminary Reading: relevant chapters from Gombrich, E., The Story of Art (Phaidon); Pevsner, N., Outline of European Architecture (Pelican); Vermeule, C., European Art and the Classical Past (Harvard).

Recommended books:
19.151 (a): Beazley, J. and Ashmole, B., Greek Sculpture and Painting; Beckwith, J., Early Mediaeval Art (Thames and Hudson); Evans J., Art in Mediaeval France (Oxford, 1948); Henderson, S., Gothic (Style and Civilization Series); Rice, D. T., Byzantine Art (Pelican, 1968).

Further reading will be suggested during the course.

ART HISTORY IA

(Two papers)

Either Option A: Papers 19.251 and 19.252;
Or Option B: Papers 19.252 and 19.253: as prescribed for Art History II.

(Candidates shall submit the same amount of written work to candidates for Art History II relating to the option chosen. as candidates for Art History IB, but shall attend lectures given See also Regulation 10 for the Degree of Bachelor of Arts, regarding enrolment for this unit.)
ART HISTORY II

Option D: 19.373 in place of 19.383.

Students may offer Maori Studies III, paper 4.32 (c), special topic: ‘Primitive Art and Technology in New Zealand and Tropical Polynesia’.

Students should consult the Head of the Department if they wish to avail themselves of the possibility of taking the above paper in Maori Studies.

Reading lists will be distributed during the course.

Note: papers 19.351, 19.381, 19.382, and 19.383 will not be taught during the current Calendar year unless sufficient staff is available.
ART HISTORY FOR MFA

(Two papers)

One of the Papers 19.401, 19.402, 19.403, and one paper not already taken of those set for Art History III, to be selected in consultation with the Head of the Department of Art History. (Students will be required to submit work additional to that required for Art History III.)

Note: This subject will not be taught during the current Calendar year unless sufficient staff is available.
SCHOOL OF FINE ARTS

In 1888, by the Will of John Edward Elam, the sum of approximately £6,500 was provided to establish in Auckland the Elam School of Art and Design latterly known as the Elam School of Fine Arts. The first premises of the School in 1889 were in the Art Gallery Building. In 1950 the School came under the control of the University and now operates as the School of Fine Arts.

PRESCRIPTIONS FOR THE PRACTICAL SUBJECTS
FOR BFA AND MFA

Studio I  (Nine papers)
Exploration of those disciplines which are fundamental to the development of the artist and designer. Basic elements of two and three dimensional design (space, shape, line, rhythm, texture), and the varied properties and qualities of colour and light. The creative potential and characteristic limitations of various media such as wood, stone, plastic, metal, glass and pigment. Methods of techniques such as welding, casting, print-making, painting, and photographic media. Observation and analysis of the structure of the natural world and human environment. Drawing as an expressive means of communication, and as a vital stimulus to personal development.

Studio II  (Six papers)
Individually planned programme, with area of emphasis related to student's requirements, e.g., drawing and one or more of the following: painting, sculpture, and design. Advanced experimentation in techniques and materials.

Studio III  (Six papers)
Development of Studio II in selected fields.

Professional Practice
The artist/designer and his environment, problems of engagement in chosen fields, his responsibilities and remuneration; studio establishment and management, commissions; competitive work, art galleries, museums, exhibitions, professional associations, art teaching, laws of copyright and publication.

Part II and Part III for MFA
To be prescribed.
DIPLOMA IN FINE ARTS

DipFA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

An intending candidate who has not been granted the University Entrance qualification by the Universities Entrance Board may, if eligible, apply for Special Admission under the provisions of the Provisional Admission and Special Admission Regulations.

| GENERAL PROVISIONS | 1. Except as otherwise provided, a candidate for the Diploma in Fine Arts shall be required |
|                   | (a) to follow a course of study of not less than three years, and |
|                   | (b) to pass three Professional Examinations. |

| COURSE CONTENT | 2. The units of examination for the Diploma shall be: |
|               | First Professional Examination |
|               | Art History I 19.10 |
|               | Studio I which shall have the value of four papers |
|               | Second Professional Examination |
|               | Art History II 19.20 |
|               | Studio II which shall have the value of four papers |
|               | Third Professional Examination |
|               | Art History III 19.30 |
|               | Studio III which shall have the value of four papers |

| STUDIO | 3. Each year the work for Studio shall consist of |
|        | (a) a formal submission of work at the conclusion of each study period; and |
|        | (b) a final formal submission of work; and may include written examination papers: as required by the Dean of the Faculty. |
4. A candidate shall be required to pass each Professional Examination as a whole, so that his performance in both Art History and Studio shall be considered;

provided that a candidate who has failed to pass any such Examination as a whole may, at the discretion of the Senate, be credited with Art History or Studio of that Examination, and permitted in a subsequent year to present the part not so credited together with (if the Senate permits) either Art History or Studio from the next succeeding Professional Examination.

5. A candidate shall not be permitted to enrol in any one year for units from more than two consecutive Professional Examinations.

6. Subject to Regulation 9 of the Enrolment and Course Regulations (General) any candidate who has been credited with all or any of the units of Art History as prescribed for the Degree of Bachelor of Fine Arts shall be exempted from the corresponding unit or units of Art History for this Diploma.

7. (1) Except as otherwise provided in this Regulation, the course of every candidate shall be governed by these Regulations.

(2) The Regulations governing the Diploma in Fine Arts which were last published in the University of Auckland Calendar for 1969 (in this Regulation called 'the old Regulations') are hereby revoked:

provided that

(a) the provisions of the old Regulations shall continue to apply until and including the year 1972, notwithstanding the revocation thereof, to every candidate who was enrolled for this Diploma before 1970 and who upon his first enrolment after the present Regulations come into force elects to remain under the provisions of the old Regulations;
(b) if any such candidate upon a subsequent enrolment revokes his election, or if any such candidate has not completed his course for this Diploma in or before the year 1972, the Senate shall prescribe the courses to be completed by that candidate in order to satisfy the requirements for the Diploma.

8. These Regulations shall come into force on 1 January, 1970.
DIPLOMA IN FINE ARTS WITH HONOURS

DipFA(Hons)

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. A candidate for the Diploma in Fine Arts with Honours shall
   (a) follow a course of study of one year,
   (b) have been awarded the Diploma in Fine Arts before presenting himself for examination,
   (c) have obtained the leave of the Senate to enrol in the course. Such leave may be conditional upon a high standard being attained in the work presented for the Diploma in Fine Arts.

2. The course for the Diploma shall consist of:
   Art History IV One of the papers 19.381, 19.382, 19.383, as prescribed for the Degree of Bachelor of Fine Arts: provided that no paper that has been credited to the candidate's course for the Diploma in Fine Arts shall be taken for this Diploma;
   Studio IV which shall have the value of three papers;
   an Assignment which shall have the value of one paper.

3. The work for Studio shall consist of
   (a) a formal submission of work at the conclusion of each study period; and
   (b) a final formal submission of work;
   and may include written examination papers: as required by the Dean of the Faculty.

4. The Assignment shall consist of a documentary record, illustrated graphically or photographically or...
both, of the conception and execution of the major subject taken for Studio and shall be submitted to the Registrar on or before 1 November or such later date as may be approved by the Dean of the Faculty.

5. No candidate shall enrol for any other course without the leave of the Dean of the Faculty.

6. A candidate shall be required to pass the course as a whole, so that his performance in Art History, Studio, and the Assignment shall be considered.

7. A candidate who does not pass the course as a whole shall not be permitted to re-enrol without the leave of the Senate.

8. These Regulations shall come into force on 1 January, 1970.

   Professional practice: The artist/designer and his environment, problems of engagement in chosen fields, his responsibilities and remuneration; studio establishment and management, commissions; competitive work, art galleries, museums, exhibitions, professional associations, art teaching, laws of copyright and publication.

Diploma in Fine Arts with Honours

Art History IV (One paper)

   One of 19.381, 19.382, 19.383, as prescribed for the degree of Bachelor of Fine Arts provided that no paper that has been credited to the candidate's course for the Diploma in Fine Arts shall be taken for this Diploma.

Assignment (Value of one paper)

   A documentary record, illustrated graphically and/or photographically, of the conception and execution of the major work undertaken in Studio IV.

Studio IV (Value of three papers)

   A major work or works in one or more of the fields of painting, sculpture, and design.
SCHOOL OF MEDICINE

The medical course, which is being established in the University of Auckland, is of six years’ duration and will lead to the final degree qualifications in Medicine. The first triennium will be devoted to the course in Human Biology for the degree of Bachelor of Science. Clinical training follows in the second triennium and the subjects to be studied will include Medicine, Surgery, Obstetrics and Gynaecology, Paediatrics, Psychological Medicine, and Community Health together with their main subspecialties. Students during their final year will be expected to undertake some supervised responsibility for the care of patients.

The first, second, and third years of the medical course are being offered in 1970. Course Regulations and Prescriptions appear elsewhere in the Calendar. Although the subjects for the early years of the course are to be taught within existing Science Departments and students are required to enrol in the Faculty of Science, the curriculum is being drawn up as part of a fully integrated medical course. During the year special lectures will be given by medical speakers, and visits will be arranged to some of the main Auckland hospitals.

The course during the second and third years presents a detailed analysis of the normal structure and function of the human organism together with an introduction into the ways in which the intrinsic biological mechanisms are disturbed in disease. The course is presented by the Departments of Anatomy, Physiology, Biochemistry, Pathology, and Psychology, with assistance from the Clinical Departments.

Fundamental biochemical and physiological mechanisms — largely expressed at cellular levels — and their structural bases are considered first, followed by a study of the principal organ systems which ensure the continuance of these functions. The study of the locomotor and nervous systems, of the complex control of body activity, metabolism and nutrition, of reproduction and growth, and of fundamental aspects of pathology form further major units of the course.

As long as accommodation is limited, admission to the first year of the course will be restricted to sixty students, all of whom
are to be asked to express their intention to complete the six-year course for entry into the medical profession. When facilities are extended — probably in three or four years' time — a number of students may enter the course with the intention of proceeding from the BSc Course in Human Biology to higher degrees in science, with a view to entering para-medical disciplines or other specialised fields of biological science.

There will be no direct entry into the second or third year courses in Human Biology conducted in 1970.

The clinical triennium of the medical course is due to start in March, 1971. All hospitals under the aegis of the Auckland Hospital Board have been made available for teaching by that authority; instruction will be arranged mainly at the four major hospitals — Green Lane, Middlemore, National Women’s, and the new Auckland Hospital. Initially there will be an introductory course of six to eight weeks' duration to acquaint the student with the art and techniques of interrogating and examining patients. This will be followed by a period of study in the hospital wards and outpatient clinics during which the student will be given an opportunity to witness the forms in which disease may present itself, and to study the management of disease processes within the general and special fields of modern medicine. Emphasis will be placed upon topic teaching by which a particular disease or injury is studied at the one time in all its aspects — medical, surgical, pathological, social, and so on.

Students throughout the three years may spend a proportion of their time in elective studies, that is, in pursuing in depth subjects of particular interest to them. During the triennium students will serve a period in general practice under the direction of family doctors. In the sixth year of the course students will accept some supervised responsibility for the care of patients in hospitals.
This Department is situated in the new Auckland Hospital, Park Road, Auckland.

Teaching is given to students taking the BSc Course in Human Biology as a prerequisite for the medical degree in the University of Auckland. The Clinical Course in Medicine for these students will start in 1971. During 1970 clinical teaching in Medicine will be given to the final year medical students for the University of Otago who are attached to the School of Medicine in the University of Auckland.

Postgraduate teaching in Medicine is provided by the Department for:

(i) Membership of the Royal Australasian College of Physicians.

This examination is taken at least three years after qualification in medicine and requires experience in the practice of internal medicine together with a sound understanding of the scientific basis of disordered function and disease.

(ii) MD Degree.

The degree is awarded by the University of Otago and consists of a thesis embodying the results of original investigations in any branch of Medicine. A candidate for the degree of Doctor of Medicine shall hold the degree of Bachelor of Medicine of the University of Otago or have been admitted ad eundem statum.

(iii) MSc and PhD Degrees.

Research facilities are available in the Department for graduate students to prepare for these degrees in selected fields of Internal Medicine.
DIPLOMA IN OBSTETRICS
DipObst

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. A candidate for the Diploma in Obstetrics shall be a matriculated student of this University, shall satisfy the prerequisites and pass the examinations hereinafter prescribed.

2. A candidate shall enrol not later than 1 November, or such later date as Senate approves, in the year preceding the date of the examinations and he shall comply with the provisions of Regulations 3 (c) and 6 of the Enrolment and Course Regulations (General).

3. The candidate shall on 31 December preceding the examinations:

   (i) (a) have either held a registerable medical qualification for two years or been a graduate from the Central Medical School of Fiji for five years; and

   (b) have completed two years' resident appointments in hospitals including at least six months in obstetrics and gynaecology at one of the hospitals approved for this purpose (the list of hospitals is defined under prescriptions); or

   (ii) (a) have held a registerable medical qualification for at least seven years, and

   (b) have submitted evidence of having personally conducted at least 300 deliveries, and

   (c) have presented a certificate signed by the Head of the Department that the candidate has during the three years immediately preceding the examinations, attended an approved course of postgraduate instruction in Obstetrics and Gynaecology.
Notes: (i) The approved course should last for at least one week and may be taken after the candidate has enrolled but must be completed before sitting the examinations;
(ii) This provision will not apply after the 1971 examinations.

Notwithstanding anything in this Regulation the Vice-Chancellor may on the recommendation of Senate relax or modify these conditions.

4. The examinations for the Diploma in Obstetrics shall be (the prescriptions are defined elsewhere in this Calendar):
   (i) Written (one three-hour paper — 47.10)
   (ii) Clinical
   (iii) Oral.

5. The examinations shall be held at the Postgraduate School of Obstetrics and Gynaecology during March each year provided that should there be sufficient candidates, examinations may be held elsewhere at suitable dates.

6. The examinations shall be conducted in accordance with the Examination Regulations.
POST-GRADUATE SCHOOL OF OBSTETRICS AND
GYNAECOLOGY

The Department is situated at the National Women's Hospital, Claude Road, Auckland 3. In addition to providing the training for 6th year medical students from Dunedin there are extensive facilities for postgraduate education in obstetrics and gynaecology as follows:

(a) Diploma in Obstetrics of the University of Auckland:

This is a general practitioner qualification and serves to distinguish those general practitioners who have been trained to handle the common abnormalities encountered in obstetrical practice. A six months' resident appointment to the staff of a teaching obstetrical and gynaecological unit is required before candidates are allowed to sit the examination, but see also provision 3 (ii) on the two preceding pages. Details of such appointments are available on application.

With the object of encouraging medical practitioners who intend to carry out an obstetric practice modifications have been made in the Diploma regulations to bring these more in line with the Royal College regulations in England and to make it possible for medical practitioners to take the examination soon after their obstetric appointment during their first post-registration year.

The new regulations also allow graduates of the Fiji Central School of Medicine to take the examination following a period of residence at the National Women's Hospital.

The examinations shall include questions on the anatomy, physiology, pathology and management of normal and abnormal pregnancy, labour and puerperium, including the care of the new-born during the first month of life.

In addition, the candidates will be required to have a knowledge of the physiology and pathology of medical gynaecology, including abnormal menstruation, amenorrhoea and dysmenorrhoea, endocrine therapy, abortions, infertility and contraception, ectopic pregnancies and moles, vaginal discharges, the diagnostic facets of malignancy, and such minor surgical procedures as may be encountered in a predominantly obstetrical practice.

The following are approved Hospitals for the purpose of Regulation 3 (i) (b):—
(1) National Women's Hospital, Auckland.
(2) Dunedin Hospital.
(3) St. Helen's Hospital, Auckland.
(4) St. Helen's Hospital, Christchurch.
(5) Waikato Hospital.
(6) Wellington Hospital.
(7) The Women's Hospital, Bangkok Thailand.
(8) Any Hospital recognised by the Royal College of Obstetricians and Gynaecologists for its Diploma in Obstetrics.

(b) Higher Academic Training in Obstetrics and Gynaecology:

(i) Membership of the Royal College of Obstetricians and Gynaecologists:

The Royal College requires two years' experience on the resident staff of a recognized hospital, such as the National Women's Hospital, before accepting candidates for the MRCOG examination. The training period in the Postgraduate School is for two and a half years at present which includes a good grounding in neonatal paediatrics and pathology. Details of such appointments and of the instruction which goes with them are available on application.

(ii) MSc or PhD Degrees:

Research appointments are available at the National Women's Hospital and afford the opportunity of preparing for the MSc and PhD degrees of the University of Auckland.

Applications will be welcome from scientists and medical graduates who wish to carry out research in the scientific background of obstetrics, gynaecology, and neonatal paediatrics.

(c) Refresher training for family doctors and specialists:

(i) Practitioners with interests in the fields covered at the School may attend for periods of up to four weeks as visiting postgraduates. During the time they are attending the Postgraduate School attachments to the Auckland Hospital Board as Honorary Medical Officers can be made in order to facilitate the performance of practical procedures. Visitors may attend the daily teaching sessions as well as gain practical experience tailored to their needs.
(ii) Short courses usually of a week’s duration are held at regular intervals. In addition to teaching at Diploma level advanced courses are provided.

(iii) Departmental staff are available to participate in courses throughout New Zealand by arrangement with the Head of the Department.
THE POSTGRADUATE MEDICAL COMMITTEE

The Postgraduate Medical Committee, under the Chairmanship of the Associate Dean for Graduate Studies in Medicine, accepts responsibility for the organization and supervision of graduate and postgraduate work among the medical practitioners in Auckland. This is linked with the Medical School and with the hospitals under the control of the Auckland Hospital Board.

The Committee arranges annual courses throughout the academic year in basic medical sciences (supported financially by the Royal Australasian College of Surgeons), — surgery, internal medicine, anaesthesia, radiology, pathology, and psychiatry. The Committee arranges visits by overseas medical speakers both in the University and in the associated hospitals and publishes a monthly bulletin of medical postgraduate affairs.

The co-ordination and supervision of graduate studies is carried out with the help of advisory committees of the Postgraduate Committee, each of which is responsible for its particular area of medical education including supervision of the registrar and graduate training programme and the organization of such visiting professors as come to Auckland on the sponsorship of the Auckland Savings Bank.

The members of the Postgraduate Committee are:

The Chairman, the Associate Dean of Graduate Studies in Medicine; The Dean of Medicine; The Superintendent in Chief of the Auckland Hospital Board; The Sub-Dean of the Otago Branch Medical Faculty, Dr A. O. M. Gilmour; Professor D. G. Bonham; Mr B. Faris; Dr W. G. Gray; Dr G. C. Hitchcock; Mr A. F. Hunter; Dr H. K. Ibbertson; Mr C. Maclaurin; Professor J. D. K. North; Dr M. Pearl; Dr E. H. Roche; Dr L. A. Scrivin; Mr P. Dickinson (Executive Secretary); Dr P. J. Scott (Honorary Secretary); Dr P. Swinburn (Honorary Treasurer).
THE DEGREE OF DOCTOR OF PHILOSOPHY
PhD

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General).

1. Every candidate for the Degree of Doctor of Philosophy shall apply to the Head of his Department for registration as such, showing —
   (a) that he has the requisite preliminary qualification set out in regulation 2 hereof, and
   (b) that he has adequate training and ability to pursue a course of advanced study and research.

2. The preliminary qualification shall be
   (a) qualification for admission to a Bachelor's Degree with Honours, or a Bachelor's (Honours) Degree, or a Master's Degree with Honours of this University, or
   (b) qualification for admission to a Master's Degree First Class or Second Class, or
   (c) in the case of a graduate of another University, admission to the course under the provisions of the Admission Ad Eundem Statum Regulations, or
   (d) any other qualification approved by the Senate in the particular case of any candidate.

3. The Head of the Department concerned shall forward to the Registrar for submission to the Senate, a recommendation which shall include the proposed field of study, the proposed date of registration, the nomination of a Supervisor or Supervisors from members of the academic staff, together with satisfactory evidence of the candidate's training and ability to pursue the proposed course. The Senate shall determine the date of registration.

4. If registration is approved by the Senate the candidate shall comply with the provisions of the Enrolment and Course Regulations (General).
5. A candidate for a Master's Degree who has qualified for admission to a Bachelor's Degree with Honours may subsequently be registered as a candidate for the Degree of Doctor of Philosophy. If he is so registered the Senate may allow credit for the work for the Master's course if that work can form part of the doctoral thesis.

6. (a) After being registered as a candidate for the Degree of Doctor of Philosophy the candidate shall pursue a course of advanced study and research at the University to the satisfaction of the Head of the Department and the Supervisor for a period of at least two calendar years from the date of registration, during which he shall work at his advanced study and research full-time under the supervision of a teacher in the University;

Provided that

(i) laboratory work may be carried out in an approved institution outside the University for such limited period or periods as may be determined from time to time by the Senate;

(ii) field work may be carried out at such places and for such periods as the Senate may determine;

(iii) research requiring the use at first hand of documents or books not available within the University may be undertaken in an approved institution outside the University, for such period or periods and on such conditions as may be determined from time to time by the Senate;

(iv) when a candidate has completed the initial period of two years' full-time study and research he may apply to the Senate for permission to continue as a part-time candidate. Any such application must be supported by the Supervisor and the Head of the Department.

(b) For the purpose of this regulation a candidate shall be deemed to work full time if he has no occupation other than his study or research; provided that he may

(i) with the approval of his Supervisor and the Head of the Department engage for not more than six hours in any one week in academic work other than his study or research;

(ii) take such statutory, recreational and other holidays as are normally incidental to a full-time occupation.
7. Notwithstanding anything in regulation 6, a full-time member of the academic staff, other than a Head of Department, may register as a candidate for the Degree of Doctor of Philosophy. After being so registered he shall pursue a course of advanced study and research at the University over a period which shall, except in special circumstances to be determined by the Senate, be of at least four calendar years from the date of his registration to the satisfaction of the Head of his Department and the Supervisor.

8. Unless he has fulfilled the requirements of this regulation as part of his preliminary qualification, every candidate for the Degree of Doctor of Philosophy shall (unless he has passed Stage I of a foreign language approved by the Senate) forward to the Registrar a certificate of his ability to read works in his field of study in a foreign language approved by the Senate. The certificate shall be given by the Senate and shall certify that the candidate has satisfactorily translated from a foreign language one or more passages set by the Head of the Department in which the candidate is working for the degree in conjunction with the Head of the Language Department concerned.

The choice of foreign language shall be determined by the candidate's Head of Department.

Note: Candidates in those Departments which prescribe German or Russian as a foreign language are advised to attend a suitable course in one of these subjects.

9. The Supervisor shall submit to the Senate, through the Head of the Department, a brief report on the progress of the candidate at the end of each year. A candidate's registration may be terminated by the Senate if an unfavourable report is received.

10. A candidate shall not be eligible to enrol for any other course while registered for the Degree of Doctor of Philosophy unless he obtains the prior permission of the Senate.

11. Provided that he has fulfilled the conditions prescribed in these regulations a candidate may apply at any time within six years (or, in the case of a member of the academic staff, within eight years) from the date of registration to the Registrar to be examined, and shall submit to the Registrar three bound
copies of a thesis (which shall be retained by the University) embodying the results of his research. An examination fee of $40 is payable at the time when the thesis is submitted. Should a thesis be resubmitted as provided in regulation 14, a further examination fee of $40 is payable.

12. After having accepted the candidate's application to be examined the Senate shall, upon the recommendation of the Head of the Department, approve the title of the thesis and shall appoint as examiners:

(a) The Supervisor or Supervisors, and
(b) Two other persons of whom one may be a member of the staff of the University of Auckland if the subject is taught at no other University in New Zealand; but otherwise, except in such circumstances as the Senate thinks fit, neither shall be a member of that staff.

13. The Supervisor shall forward to the Registrar a certificate stating that the work described in the thesis was carried out by the candidate under his supervision and that the conditions laid down in regulation 6 or 7 have been fulfilled.

14. A copy of the thesis shall be submitted to each examiner. Except where the Vice-Chancellor, acting on the advice of the examiners, otherwise authorises, the Supervisor and one external examiner shall together examine the candidate orally on the subject of the thesis and on the general field to which the subject belongs. The oral examination shall be held after the reports from the external examiners have been received, and not sooner than six weeks after the submission of the thesis, except in very special circumstances and with the approval of the Senate. At the request of the oral examiners the candidate may be required to present himself for a written examination. The three examiners shall after consultation make a report to the University on the whole examination. The examiners may recommend that a thesis, not considered entirely suitable by them for acceptance, may be revised by the candidate for resubmission on one further occasion only.

Note: For those candidates already registered for the degree, the time limit for presentation of thesis prescribed in Regulation 11 will apply, not from the date of registration, but from 1 January 1964, the date of bringing in of these Regulations.

CERTIFICATE OF PROFICIENCY

COP

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. With the permission of Senate a matriculated student may be enrolled for any course or part of a course which is offered for a Degree or a Diploma for the purpose of gaining a Certificate of Proficiency.

2. To qualify for a Certificate of Proficiency in a unit or a subject, or a part of a unit or a subject, a student, unless exempted by Senate, must enrol in accordance with the Enrolment and Course Regulations (General), keep terms in accordance with the Terms Regulations, comply with the provisions of the Examination Regulations, and pass the appropriate examinations.

3. A candidate who has passed in a unit or subject for a Certificate of Proficiency may at any time have that unit or subject credited towards a Degree or Diploma upon condition that at the time of passing that unit or subject for a Certificate of Proficiency he had fulfilled or been granted exemption from any prerequisite conditions prescribed for the Degree or Diploma; provided that this condition may be waived, for any course other than that for the Degree of Bachelor of Commerce, by special permission of the Senate granted only in the most exceptional circumstances.

4. (a) A candidate who has passed in any subject or subjects at Masters' level for a Certificate of Proficiency may be awarded a Certificate of Proficiency with Honours provided that he would have been eligible for Honours if he had presented such subject or subjects under the appropriate Masters' Degree Regulations.

(b) The class or classes of Honours shall be as provided under the appropriate Masters' Degree Regulations.

Note: A member of the permanent academic staff of this University with overseas university qualifications may be permitted to enrol for a unit or a subject for Certificate of Proficiency without having to make a formal application for admission ad eundem statum.

550
THE CHAPEL

The Maclaurin Chapel was established under a deed of trust by Sir William Goodfellow, Hon. LLD, in memory of his son, Richard Maclaurin Goodfellow, killed during service with the Fleet Air Arm in World War II, and of Professor Richard Cockburn Maclaurin, one of Auckland's most distinguished graduates.

University representatives are included on the Board of Management which is responsible for administering the trust.

Services conducted in the University Chapel are non-denominational in character, and all members of the University are welcomed. In addition to the normal services, and those for Academic occasions, University Prayers are held daily during term time at 8.45 a.m. The Chapel is open continuously for private meditation.

The hall attached to the Chapel contains a library of theological books and periodicals, available for borrowing. Application for the use of the hall for University meetings may be made to the Registrar.

The Maclaurin Chaplain, who is available for consultation by any member of the University, may be contacted at his office in the Chapel building (74-740 Extension 732).

STUDENT COUNSELLING

A counselling service is provided free of charge for students and intending students of the University.

The Student Counsellors, Mrs Lorna McLay and Mr Quentin Brew, are available to students with difficulties in study, in relating to people, in deciding on a career, and in developing personal and financial independence. Similar matters are also raised in small groups of students meeting regularly at the service for 'Workshops in Human Relationships'.

Students should feel quite free to see the counsellors when they wish, preferably with, though if necessary without an appointment. Strictest confidentiality is maintained.

The Student Counselling service is at 9 Grafton Road, (Tel: 74-740, extensions 595, 596) and is open during usual University hours. An information pamphlet is available on request.
STUDENT HEALTH SERVICE

A voluntary Health Service for University of Auckland students, initiated in 1954 by the Health Department, is under the full-time directorship of Dr W. S. Auburn.

The Service is primarily educational and preventive and is designed to help students to maintain an optimum state of health. This purpose will be served by an annual interview and examination during which students will have an opportunity of discussing with the student doctor any problems of physical or mental health that concern them. Should the examination reveal any condition requiring treatment, the student may be referred to his own medical adviser or, if his home is outside Auckland, he may obtain treatment at the Student Health Centre. The content of the interview and the result of the examination are strictly confidential between doctor and student.

All students whose permanent home is outside the Auckland area or overseas are entitled to obtain consultations and treatment from the Student Health Service.

To join the Student Health Service, students should enrol at the Registry by completing the relevant part of the enrolment form marked 'Student Health Service'. Appointments for interviews will be staggered throughout the year and early enrolments will receive priority.

STUDENT LODGINGS

An accommodation service is provided without charge for students and intending students of the University.

The Student Lodgings Officer, Mrs L. L. Williamson, is available to receive applications for admission to University Halls of Residence and to assist students to find suitable accommodation in private homes. Information on other hostels is also available.

Application forms for accommodation at University Halls of Residence are available from early August and completed applications should be forwarded by 3 November.

Application for private board should be made not later than January.

Enquiries should be addressed to: The Student Lodgings Officer, University of Auckland, Private Bag, Auckland.

552
INTERNATIONAL HOUSE

Opened in 1968 and situated at 27 Whitaker Place, this hostel is about seven minutes' walk from the University. It offers full board and accommodation to 155 male students, in 8 double and 139 single rooms. Although subject to review the 1969 rates for board are $12.50 for single rooms and $11-$12 for places in double-rooms. Fees payable by the term or in two-half-term increments, in advance.

A number of places are reserved for overseas scholarship students under Colombo Plan, SCAAP, and similar aid programmes.

Applications for admission must be made by 3 November on the prescribed form which is obtainable from the Student Lodgings Officer at the University.

JEAN BEGG HOUSE

Jean Begg House, administered by the Y.W.C.A., provides full accommodation for women students and is situated in Queen Street not far from the University.

Application for admission must be made by 3 November on the prescribed form which is obtainable from the Student Lodgings Officer at the University.

Fees are subject to review and are payable by the term or half-term in advance. Fees range from $11 for shared rooms to $11.50 for single rooms.

NEWMAN HALL

The Catholic Archbishop of Auckland has made Newman Hall available as a centre for Catholic students. It is situated in Waterloo Quadrant close to the University and provides rooms for student activities and study, lounges, lecture theatre, library, and cafeteria. A chapel is situated on the top floor, where Mass is celebrated daily.

The Catholic Chaplain is Rev. Father E. O'Sullivan O.P., who is in residence at Newman Hall (phone 374-990) and is available to all students.
Attached to the Hall is a hostel providing accommodation for 18 male students. Fees are payable by the term. The fee for a single room is $5 per week, for a double room $4 per week. A deposit of $20 is required on admission to the hostel to cover possible liabilities of a general nature. The deposit is refunded in full or after a deduction for a liability has been made when the student leaves the hostel. Application for admission must be made on the prescribed form and forwarded to the Warden, 16 Waterloo Quadrant, Auckland, 1, before 30 November.

NORMAN SPENCER HALL

The Anglican Diocese of Auckland administers a Hall of Residence, known as Norman Spencer Hall, which provides full accommodation for 72 men students. The Hall is situated at 9 St. Stephen’s Avenue, Parnell, and is twenty minutes’ walk to the University.

Application for admission must be made by 3 November on the prescribed form which is obtainable from the Student Lodgings Officer at the University. The selection of students is made by the Chairman of the Hall Management Committee and the Warden. If an applicant is accepted a deposit of $10 is required to confirm his acceptance of residence. This deposit will be held in a general fund to meet any outstanding liabilities due to the Hall from the individual student. Any balance will be refunded when residence is terminated.

Fees are subject to review and are payable in advance by the term or half-term. At the end of 1969 fees were $12.50 a week for single rooms, $12 for rooms shared by two, and $11.50 for rooms shared by three.

O'RORKE HALL

O'Rorke Hall provides full accommodation for about 195 students, both men and women. It is situated at 49 Symonds Street, two hundred yards from the University.

Rates for 1969 were $10.50 per week for a shared room (double, triple, and one room of four) and $11.25 for a single room. Fees are subject to review each term and are payable by the term or half-term in advance.
Applications for admission must be lodged before 3 November with the Student Lodgings Officer at the University from whom application forms and information circulars are obtainable in September. If an applicant is accepted he must deposit $10 with the Registrar. This will be held in a general fund to meet outstanding liabilities due to the University from the individual student or from the body of students. Any balance will be refunded when residence is terminated.

ACADEMIC DRESS

The Auckland Branch of the New Zealand Federation of University Women owns a stock of Academic Gowns, Hoods, and Caps (black trencher with a tassel). These are available for hire at all times during the year. Details may be obtained at the Registry, or the Office of the Students' Association. A student completing the requirements for a degree or diploma will receive information regarding the hire of academic dress for the Graduation Ceremony with his result card.

The proceeds earned by this service are devoted chiefly to the establishment and maintenance of Fellowships to enable New Zealand women graduates to continue their studies overseas, or to bring overseas students to New Zealand.

PRESS CORRESPONDENCE

Members of the University are reminded that it is normal practice to sign Press correspondence as from the University only when the writer has some special competence in the subject discussed. For members of the teaching staff, such subjects would normally be those within the area of their academic competence, and for students, matters of general student concern. Student members should indicate their student status either in the body of the letter or in the address given. On matters of general public interest, all members of the University write in their private capacity.

STUDENTS' ASSOCIATION ACTIVITIES

The aim of the Association is to further the interests of the student body within the University and without. The student body is an integral part of the University community and the Association and its members are involved not only in the government of the University but also in fostering social and intellectual activities within the University.

In recent years the Association has changed from a basically social organisation, to an organisation to assist the general student and individual students to solve the many problems that arise.

The Association is an Incorporated Society founded in 1891. The control of the business and the affairs of the Association rests with the Executive Committee elected annually and consisting of a President, Man and Lady Vice-President, Treasurer, and ten Portfolio Holders. The Executive is the official mouthpiece for the Association and takes official action on behalf of
the Association in the interests of the student body. Through this Executive which acts as a co-ordinating body the Association undertakes a wide and varied amount of activities.

There are over ninety clubs and societies affiliated to the Association covering many spheres of student interest. The sports clubs cater for almost all sporting interests and most participate in local Auckland inter-club competitions and in the NZUSU tournaments. The cultural societies cater for a wide range of religious, academic, social, and political interests and participate in the annual NZUSA Arts Festival. Information about these clubs and societies is available in the Orientation Handbook.

The Association's activities during the annual Capping Week are widely known and publicized. These celebrations began in the 1890s with demonstrations at the capping ceremony and have grown to include the production of a revue, the holding of a 'Procesh' through the city centre, the publication of a Capping Magazine, and a collection on behalf of a charity for handicapped persons set up in 1969 and administered by a Board of Trustees including student representatives.

The Association organises social functions during the course of the year including Freshers Prom in March and Graduates Ball in May. During the first two weeks of the academic year the Association organises the Orientation Fortnight to acquaint new students with the variety and facets of university life. The Association organises student concessions for its members with a number of city firms and with the promoters of attractions of interest to students. The Association also runs a temporary vacation employment bureau for the Christmas vacation.

The Association also operates 'Contact' throughout the year; an advisory and information service run by students for other students.

The Association is responsible for various publications including a weekly broadsheet This Is The Week This Is, outlining current activities for the week; a student newspaper Craccum which appears fortnightly during the term and traditionally expresses students' views and features news of interest to students; such publications as Guide to Student Flatting and
Freed as a literary magazine; and an annual handbook for first year students containing a digest on information of use to new students.

The Student Representative Council was set up in 1969 consisting of elected representatives of student groups and faculties, together with past and present Executive members, and is an advisory body empowered to make recommendations to the Executive on any matter of concern to students and provides a close link between the members of the Executive and the individual students.

The Association occupies the Student Union Building. Whole control and use is under the ultimate management of the Student Union Management Committee under the chairmanship of the President of the Association and consisting of 8 students and 7 representatives of the University Council, Senate, and Graduates Association.

The Student Union is made up of five blocks. The cafeteria block is under the general supervision of the Catering Manager and contains a basement and kitchen and the ground floor cafeteria seating 380, where a full hot and cold meal service is available. On the first floor is the snack bar which seats approximately 100 and provides a snack, coffee, and milk shake service during the middle of the day. The restaurant which seats 70 is on the first floor and provides a higher quality meal for students and staff. The University Club occupies the second floor of this block.

The Administration block contains the Association offices, Council Room, general meeting rooms, and the Executive offices along with the office of the President and the Administrative Secretary.

The public office is open from 9 a.m. to 5.30 p.m. for Association business. Alongside this stands the block housing the University Bookshop Limited in which the Association has a half interest, the milk bar, above which are the main common rooms and the men's common rooms on the second floor. Underneath both these blocks is the basement, storage, toilets, and student locker room area. The two blocks nearest Alfred Street contain the TV room, music room, women's common room, table
tennis room, and judo room. The basement under these blocks is the coffee bar seating 90 and providing a coffee and cool drink service.

All students are required to pay the annual Students' Association fee of $16. $6 of this fee is paid into the building fund. This building fund levy is payable for 5 continuous years of attendance at the University of Auckland only and is credited to a building fund to finance present and future buildings in the Student Union. The buildings planned for the future include a theatre and gymnasium and squash courts complex. The present Student Union which cost $1,050,000 was paid for by a government subsidy of $444,000, a public subscription of $65,000, and funds from the building levy totalling $315,000, the balance being made up by a loan from the University.

The Association is a link between individual students and the academic and administrative staff of the University. During 1968 advances were made in the field of student participation in the government of the University. Students now elect two representatives to the Senate and one to the University Council, and there are student representatives on all Department and Faculty committees. The Association through its Executive represents students in matters involving their interests and exerts its influence within the University and the community at large.

TELEPHONES

Telephones for the use of students (free local and pay tolls) are provided in the Student Union, the Arts Building wing in the Quadrangle, the Library Building foyer, the Science Building foyer, and in the Thomas Building.

Students are not permitted to make or receive outside calls through the University main telephone system except on University business.

APPOINTMENTS BOARD

The chief duties of this Board, through its secretary, Mr R. S. Stacey, are threefold:

- to increase the awareness in the community, and the use made by the community, of university trained people;

- to put prospective employers in touch with suitable persons seeking employment and to acquaint past and present students of the University with occupational opportunities;

- to give advice and information on careers and employment to students and graduates of the University. As part of the work, arrangements are made for Employer Visits and for Career Talks, while students who register receive personal notification of opportunities for employment.

The office of the Board is in the Old Arts Building (Rooms 111 and 112), 22 Princes Street. It is open during normal University administrative hours. The telephone number is 74-740, extension 703.
THE NEW ZEALAND UNIVERSITY STUDENTS'
ASSOCIATION

The New Zealand University Students' Association is the national organisation to which all the University Student Associations in New Zealand belong.

It represents its members in matters affecting students throughout New Zealand on a national and international level such as improved student bursary systems and the provision of better student accommodation facilities.

NZUSA is administered from Wellington by a non-resident executive which is elected at Easter Council. Two NZUSA councils are held at Easter and Winter Tournaments together with the National Sports (NZUSU) and Student Press (NZSPA) Councils.

NZUSA encourages inter-university student activities and an Arts Festival has been held since 1959 including exhibitions of painting and sculpture, chess and bridge tournaments, debating, drama, folk singing, poetry, literary readings, and jazz sessions. NZUSA promotes an annual congress during the long vacation at Curious Cove, Queen Charlotte Sound.

NZUSU supervises the Easter and Winter Tournaments (held at each of the main Universities in rotation) and co-ordinates sports tours of Australia. Each tournament features a week of inter-university competitions in a great variety of summer or winter sports interspersed with social functions.

NSUSA is a member of the International Student Conference although its major international work is to further closer relations with Australian and South East Asian students. Annual exchange tours on working holidays and work camps have been held in Samoa, Fiji, and New Caledonia as well as trips to Russia and China.
AUCKLAND UNIVERSITY DISTRICT
GRADUATES' ASSOCIATION (INC.)

President: K. L. Piper, BArch N.Z.
Secretary: Nancy I. Hammond, (Mrs), BA N.Z.

The Graduates' Association was formed in 1951 with the primary aim of assisting the Court of Convocation to carry out its function of electing six members of the Court to the University Council, the governing body of the University of Auckland, and to make representations to the Council on any matter concerning the interests of the University.

Other objects of the Graduates' Association are the provision of facilities for intellectual and social intercourse among University graduates, the promotion of interest in University affairs among graduates and others, the publishing of magazines, periodicals, etc., dealing with matters concerning graduates or University affairs, and generally furthering the interests of University graduates who are, or have been, members of the Court.

The Association also concerns itself with the interests of undergraduates, particularly in relation to welfare, accommodation, etc. A recent Association project was the setting up of a student loan fund for short term loans to students in temporary financial difficulties. (Applications for these are made through the Student Counsellors.)

Most lectures and discussions are held at the Maclaurin Hall in Princes Street, and most social functions at the Student Union.

Membership of the Association is open to graduates and diploma holders of any University (in or out of New Zealand).

Those eligible to join the Association who have not already done so would be welcomed as members. The secretary, Mrs N. Hammond, 42 Brighton Road, Parnell, phone 373-745, will be pleased to receive membership enquiries or to give further information about the activities of the Association and the Court of Convocation.
AUCKLAND UNIVERSITY CLUB (INC.)

President: W. J. Strevens, BCom N.Z., ACA (NZ)
Secretary: G. A. Johnson

The Auckland University Club Inc., having obtained a Club Charter, opened its premises on the top floor of the Cafeteria Block in the Student Union on 1 June 1968. The Club aims to provide the means by which former graduates can maintain close links with other graduates, with present students and with members of the University staff. It aims also to encourage a closer relationship between the University and the professional and business community.

Membership is open to persons over the age of 21 who are members of the Court of Convocation of the University of Auckland, graduates or diploma holders of other Universities, members of professional societies who have gained a substantial portion of their professional qualifications as students of the University of Auckland, and members of The Auckland University Students' Assn. (Inc). Numbers are limited in terms of the Club Charter to 2000 and there is at present a small waiting list for membership. Application forms are available from the Secretary.

The Club is open from 11.45 a.m.-10 p.m. Monday to Friday and from 4 p.m.-7.30 p.m. on Saturdays. Lunches are served in the Club premises from 12-2 p.m. each day. Club members and their visitors have access to an unlicensed restaurant on the floor below the Club premises for lunch and dinners served from 12-2 p.m. and 5-9 p.m. Dinners with wine are also available in the Club from 6-9 p.m. but table space is limited and members are asked to book their table by telephone before arriving.

The Club organizes a range of social functions during the year and members are advised of these by mail.

Enquiries should be directed to the Secretary at the Club premises. Telephones: 78-793 and 371-119. Postal Address: The Auckland University Club (Inc.), Private Bag, Auckland.

NOTES:

(1) STUDENTS WISHING TO TRANSFER TO THE UNIVERSITY OF AUCKLAND FROM OTHER UNIVERSITIES IN NEW ZEALAND:

A student who is enrolled at another University in New Zealand, who has a good reason for moving to Auckland, and who wishes to enrol at the University of Auckland shall submit to the Registrar an application to transfer.

Applications close 31 January, but late applications will be accepted up to 27 February, on payment of a late fee of $5. Application forms may be obtained from any University Registry.

(2) FAILURE TO MAKE SUFFICIENT PROGRESS IN COURSE OF STUDY — PRIOR PERMISSION OF SENATE TO RE-ENROL:

The following students, both graduate and undergraduate, including those transferring from another University, shall not be accepted for enrolment unless they have previously obtained the permission of the Senate. It should be noted that as from 1971 there will be an overall requirement for a student to have passed the equivalent of a full-time course over the last two years of his academic studies.

(i) Faculties of Arts, Commerce, Education, Music, and Science — other than the course in Human Biology — (including Intermediate Examinations for Architecture and Engineering):

Any student who, over the last two years of his academic studies, has failed to be credited with a pass in two units;

(ii) Faculty of Law:

Any student who, over the last two years of his academic studies, has failed to be credited with a pass in the equivalent of one year's full-time course.

(iii) Faculty of Architecture (Professional years):

Any student who, over the last two years of his academic studies, has failed to complete all the units of a professional year.

(iv) Faculty of Engineering (Professional years):

Any student who, over the last two years of his academic studies, has failed to be credited with a pass in units which contain a minimum of six examination papers.

(v) Faculty of Fine Arts:

Any student who has failed a Professional Year as a whole, or over the last two years of his academic studies has failed to complete all the units of a professional year.

(vi) Excluded from another University:

Any student who has been excluded from any University as an unsatisfactory student.

A student will be deemed to have been engaged in academic studies whether or not he attempted the final examinations if at 31 March in any year he was enrolled for a unit as an internal or extramural student or had been granted Terms Carried Forward in a unit. Applications close 31 January, 1970, but late applications will be accepted up to 27 February, on payment of a late fee of $5.

(3) TERMS CARRIED FORWARD:

Applications close 31 January, 1970, but late applications will be accepted up to 21 February, on payment of a late fee of $5.

(4) ADMISSION AD EUNDEN STATUM, PROVISIONAL ADMISSION, or SPECIAL ADMISSION:

Applications close 31 January, 1970, but late applications will be accepted up to 27 February, on payment of a late fee of $5. Application forms may be obtained from any University Registry.
(5) PRE-ENROLMENT INTERVIEWS:
A General Information and Advisory Centre in the Student Union, 6 Alfred Street, will be open from Monday, 16 February until the end of enrolment week on Friday, 27 February. Deans of Faculties will be available during the week, Monday, 16 February to Friday, 20 February, to interview and advise students.

(6) PENALTIES FOR LATE ENROLMENTS, AND LATE ADDITIONS OR SUBSTITUTIONS TO COURSE:
(a) Late Enrolment
The following penalties will be imposed if enrolment is not completed in accordance with the enrolment timetable:

(i) During enrolment week a fine of $20 will be imposed on students who fail to enrol by the following dates:
Students enrolling in the Faculty of Fine Arts for BFA First, Second and Third Professional Years, for DipFA Second and Third Professional Years and DipFA(Hons):
........................................................................................................ MONDAY 23 FEBRUARY
Students enrolling for courses in the Faculty of Science:
........................................................................................................ TUESDAY, 24 FEBRUARY
Students enrolling in Faculties other than Science for courses which include units in Applied Mathematics, Biology, Botany, Chemistry, Geology, Mathematics, Physics, or Zoology:
........................................................................................................ TUESDAY, 24 FEBRUARY
All other students: ........................................ FRIDAY, 27 FEBRUARY

(ii) After enrolment week a fine of $20 will be imposed on all students, together with a further penalty of $4 for each week or part of a week: ............... After FRIDAY, 6 MARCH

(b) Late Additions or Substitutions to courses
A fine of $4 per week for alterations after the following dates:

(i) Laboratory subjects including the subject, Studio, in the Faculty of Architecture and practical subjects or units in the Faculties of Engineering and Fine Arts:
........................................................................................................ After FRIDAY, 13 MARCH

(ii) All other units and subjects: ... After TUESDAY, 31 MARCH

(c) Choice of Course
The course of study of a student making a late enrolment will be determined by the Senate and will not necessarily conform with that proposed by the student concerned. In determining such course the Senate will have regard to the prior claims upon both laboratory and classroom space of those students who have enrolled in accordance with the above timetable.

(d) No enrolment (with the exception of enrolments for PhD) will be accepted after TUESDAY, 31 MARCH without the special permission of the Senate.

(7) Students are advised to note particularly the regulation with regard to REFUND OF FEES where courses are amended after enrolment. Under this regulation a full refund of fees paid will be allowed in respect of units deleted on or before 31 March. No refunds of fees will be made for subjects deleted after 31 March, 1970. Holders of Education Department bursaries, Government study awards, Training College bursaries, Secondary teachers' studentships, etc., should note that the University will claim tuition fees from the Department or authority concerned in respect of those units for which they are enrolled as at 31 March, 1970, and that no amendments to courses involving alteration to a claim for tuition fees can be accepted after that date.
LECTURE AND LABORATORY TIMETABLES

The following section contains lecture times for students taking units in the faculties of Arts, Commerce, and Science.

Timetables for lectures in the Schools of Architecture, Engineering, Fine Arts, Law, Medicine, and Music will appear on departmental noticeboards at the beginning of the session.

Notes: (1) Certain classes are held at times arranged by the Departments concerned, in particular these are:

(i) lectures in MA, MCom, and MSc courses;
(ii) lectures in Stage III and Special unit courses except those listed below;
(iii) lectures and laboratories for Biology for BA. In the first instance refer to Zoology Department;
(iv) tutorials and oral and practical classes (this applies to a large number of units);
(v) Stage I Science lectures are given in sets. Before the beginning of the session students will consult Departmental noticeboards to see which sets of lectures they are required to attend and to confirm the hours shown in the timetable.

Details of all the above are placed on Departmental noticeboards or promulgated at early class meetings.

(2) Departments will announce the allocation of individual courses to particular lecture hours. Some of the lecture hours shown will be used for optional or alternative courses.

(3) Students taking Arts units should note that normally certain units alternate from year to year between the period before 4 pm and the period after 4 pm. This may assist students in planning their courses. Unit lecture hours which may alternate from year to year include Anthropology I, II; Stage I units in the Department of Classics; English II, III and III (Additional); French I, II; Geography I, II; German I, II; History of N.Z.; Italian I; Maori Studies I; Music I, II; units in the Department of Philosophy; Psychology II; Russian I; Spanish I.

**Notes:**

1. Stage I laboratories are given in sets. Before the beginning of the session students will consult Departmental noticeboards to see which sets of laboratories they are required to attend, and to confirm the hours shown in the timetable.

2. Laboratory times for Advanced Chemistry, Chemistry II, IIIA, and IIIB will be arranged by the Department.

AND EDUCATION DEPARTMENT BURSARIES

The following Scholarships and Bursaries are available to students who hold the appropriate qualifications:

- Junior Scholarships
- Fees and Allowances Bursaries
- Supplementary Bursaries Allowances
- Fees Bursaries
- Masters Bursaries
- Secondary Teachers Studentships

Summaries of the various regulations are published for the guidance of students. The full regulations are available as follows:

- University Bursaries Regulations 1966 (Government Printer)
  - Fees Bursaries
  - Fees and Allowances Bursaries
  - Supplementary Bursaries Allowances
  - Masters Bursaries

- Junior Scholarships Regulations — University Grants Committee Handbook (Whitcombe & Tombs)

In all cases application on the prescribed form must be lodged with the Registry at enrolment. Evidence of qualification must be produced by all First Year students.

ALL STUDENTS SHOULD READ THE FOLLOWING NOTES:

1. A student who is permitted by the Department of Labour to enter New Zealand on a study permit and who, under the terms of the Study Permit, is required to leave New Zealand after the completion of his studies, is not eligible for Bursary assistance even though he may hold the New Zealand University Entrance qualification;
2. A student who is not born in New Zealand but who holds the educational qualifications for a Bursary is ineligible to hold a Bursary unless he is able to sign a Statutory Declaration that he is remaining permanently in New Zealand:

3. Units taken for Certificate of Proficiency cannot be claimed under a Bursary unless they are being taken as additional units in accordance with 6 (a) below;

4. Preliminary units cannot be claimed under a Bursary;

5. In every case the student must pay in cash on enrolment one-tenth of total tuition fees that can be claimed under a Bursary, full tuition fees for any units which cannot be claimed under the Bursary, together with the full Students' Association fee;

6. The total number of units, including repeat units, which may be claimed under a Bursary is restricted to the number of units prescribed under the regulations for the Degree or Diploma course being taken

   e.g.  BA    9 units
         BSc   8 units

   Provided that the following additional units may be claimed during the tenure of the Bursary:

   (a) LLB and LLB(Hons) students are required to pass additional units (up to a maximum of six) for admission as a Barrister and Solicitor of the Supreme Court of New Zealand and these may be claimed under the Bursary. This means that the total number of units, including repeats, that can be claimed is the number of units prescribed for the Degree being taken plus the additional number, up to a maximum of six.

   (b) Additional units approved by the Senate where a student has not failed any units in his course;

   (c) One Foreign Language Reading unit for the Degrees of Bachelor of Science (Honours) and Master of Science;

   (d) One Foreign Language Reading unit where required as a pre-requisite for the Degree of Doctor of Philosophy;

   (e) Additional units which are pre-requisites for a Master's Degree where a student has not failed any units in his course.
7. A student is required to pass two units, or more than half of a full-time course, for the continuation or reinstatement of his bursary. If a student is unable to enrol in the required number of units for the continuation or reinstatement of his bursary he is advised to take action as follows:

(a) Bursary Not Yet Taken Up
A student who has not taken up his bursary should defer taking up the bursary until he is able to comply with the regulations for continuation;

(b) Bursary Taken Up and Not Under Suspension
A student who has taken up his bursary and the bursary is not under suspension should submit an application to the Registry, on a special form, for a Voluntary Suspension of his bursary prior to enrolment. A late application may be accepted up until 30 June;

(c) Bursary Under Suspension
A student whose bursary is under suspension should, prior to enrolment, submit an application to the Registry, on a special form, to defer the year of reinstatement. A late application may be received up until 30 June.

Application under (b) and (c) will be approved by Senate only where an adequate reason is given, i.e. illness or financial difficulties.

8. Once a Bursary is taken up it will be terminated if it is not held continuously except where:

(a) the Bursary is suspended compulsorily by reason of failure in units, or

(b) the student has applied for and been granted a voluntary suspension.

9. A student under a Government Study Award and receiving full or half pay is not eligible to receive allowances under a Fees and Allowances Bursary or a Master's Bursary.

10. A student admitted to a course on the basis of the New Zealand Certificate in Building or Chemistry or Draughting or Electricity or Engineering or Physics or Science, is eligible to hold a Fees or Fees and Allowances Bursary for approved courses. If such a student has had previous bursary assistance
he should check with the Registry prior to enrolment to see whether he is entitled to receive further Bursary assistance. Entitlement will depend upon individual circumstances, but in any case previous assistance will be debited against the maximum tenure fixed for the course for which the student is enrolling.

11. (a) To change a unit on his Bursary Claim a student must lodge an Alteration to Course form at the Registry in accordance with the Enrolment and Course Regulations (General), Regulation 6.

(b) The last day for deleting units from a course is 31 March. Where a student discontinues his studies in a unit after this date the fees will be claimed under the Bursary and the official result will be recorded as a failure.

12. If a Bursary has been suspended because of failure to pass the required number of units at the Degree/Diploma examinations, the student must in the following year be credited with passes in accordance with the regulations governing the Suspension, Reinstatement, and Termination of bursaries (see page 594). If there are any special circumstances preventing him in that year from either enrolling, or enrolling in sufficient units to reinstate his bursary, he must submit an application to the Registry, on a special form, prior to enrolment, and be granted permission to defer until a further year his attempt to reinstate his Bursary, otherwise the Bursary will be terminated. Late applications to defer the attempted reinstatement till a later year may be received up until 30 June.

13. If a student's failure to comply with any of the Bursary regulations has been because of illness or other circumstances beyond his control, he should notify the Director-General of Education, Wellington, who has the power under the regulations to grant dispensations.

14. Initially a Bursary is available for one course only. For the purpose of this Regulation the following conjoint courses have been approved as a single course:

- BCom/LLB
- BCom/LLB(Hons)
- BA/LLB

580
BA/LLB(Hons)
BMus/ExecDipMus
BMus/ExecDipMus(Hons)

Additional conjoint courses may, on academic grounds, be approved by the Director-General of Education for individual students on the recommendation of the Senate. Applications must be lodged at the Registry not later than 31 March.

Subject to certain conditions a bursary may be extended for a second undergraduate course. For conditions see Tenure of Bursaries on page 587.

15. In all cases when a Claim for a Bursary is lodged the Registry accepts the Claim on the understanding that if the Director-General of Education for any reason refuses to accept the Claim or part of the Claim, the student will be required to pay fees in cash later in the year.

16. If a student has passed or been granted units towards a course before becoming eligible for a Bursary, the normal tenure of the Bursary may be reduced by the Director-General of Education. There shall, however, be no reduction in tenure where a student has been granted exemptions on the basis of his results in the Entrance Scholarships Examination.

17. A student who has been granted Provisional Admission may qualify for (a) a Fees Bursary after passing in any year two units or more than half a full-time course, and (b) a Fees and Allowances Bursary after passing in any year a full-time course.

18. A student whose parent is temporarily resident outside New Zealand is not eligible for a boarding allowance unless he has applied for and been granted such allowance by the Director-General of Education.

19. A unit in which Terms have been carried forward cannot be counted as a unit for the purpose of full-time study unless a student is also enrolled as an internal student and is attending lectures in that unit.
FEES BURSARIES

Eligibility: A Fees Bursary may be awarded to a student who holds one of the following qualifications:

(a) University Entrance by
   (i) Accrediting or
   (ii) Examination after 1944 or
   (iii) Entrance Scholarship Examination after 1944 or
   (iv) University Bursaries Examination
(b) Higher Leaving Certificate (old regulations)
(c) Admission ad eundem statum
(d) Endorsed School Certificate — for the course for the Executant Diploma in Music only
(e) Fine Arts Preliminary Examination — for the course for the Diploma in Fine Arts only
(f) New Zealand Certificate in Engineering etc. under section 8 of the Technicians Certifications Act 1958
(g) Provisional Admission or Special Admission or University Entrance before 1945 and
   (i) has passes in at least two units in one year in a recognised course where passes are credited in individual units or
   (ii) has passes in more than half of a full-time course in one year in a recognised course where passes are required in groups of subjects.

A student will automatically qualify for a Fees Bursary if he is ineligible to hold a Junior Scholarship or Fees and Allowances Bursary because he is not taking a full-time course.

Tenure: Refer page 587.

Suspension for Failure and Reinstatement: Refer page 594.

Value: Under the Fees Bursary a student may claim nine-tenths of the tuition fees for units he is eligible to take under the Bursary.

FEES AND ALLOWANCES BURSARIES
(including Boarding)

Eligibility: A Fees and Allowances Bursary may be awarded to a student who is pursuing a full-time course and who holds at least one of the following qualifications:

(a) Junior Scholarship
(b) Credit pass in the University Entrance Scholarship Examination

(c) A or B pass in the University Bursaries Examination

(d) Higher School Certificate gained the year after qualifying for University Entrance

(e) Higher School Certificate gained the same year as qualifying for University Entrance provided
   (i) the Higher School Certificate was awarded prior to 1963, or
   (ii) enrolment is for the course for the Executant Diploma in Music

(f) Higher School Certificate in Fine Arts — for the course for Diploma in Fine Arts

(g) The New Zealand Certificate: in Draughting for BArch and BE, in Engineering for BE, in Engineering (Civil) for DipTP and DipUrbVal, in Physics for BSc in Physics, in Chemistry for BSc in Chemistry, in Building for BE, in Science for BE, in Electricity for BSc in Physics. If a student has had previous bursary assistance he should check with the Registry prior to enrolment to see whether he is entitled to receive further bursary assistance. Entitlement will depend upon individual circumstances, but in any case previous assistance will be debited against the maximum tenure fixed for the course for which the student is enrolling.

(h) A pass in any year in units or subjects of a recognised course, including a Masters course, which constitute a full-time course provided that a student whose bursary has:
   (i) expired cannot qualify for a Fees and Allowances Bursary under these provisions
   (ii) been terminated will qualify for a Fees and Allowances Bursary under these provisions only if he obtains 'B' passes or better in units which in the opinion of Senate constitute not less than half of a full-time course and his course has not been completed.
   (iii) a grant of ad eundem statum admission provided he has been credited with passes at an overseas University which are in the opinion of the Senate equivalent to the passes prescribed for (h) above.

583
**Boarding Allowance**: A student holding a Fees and Allowances Bursary is also eligible to receive a boarding allowance if he boards away from home and

(a) his parents' permanent residence is outside the Auckland urban area or the urban area of Hamilton, Palmerston North, Wellington, Christchurch, or Dunedin, provided that a student wishing to take professional courses or advance in units of a course not taught at the University situated in the urban area where his parents reside may claim a boarding allowance, or

(b) although resident in an urban area of a University he has been awarded a special boarding allowance by the Registrar on the grounds that he is unable to travel daily to and from his home because of distance and inadequate transport, or

(c) he has been awarded a special boarding allowance by the Director-General of Education. Applications for a special boarding allowance should be made through the Liaison Officer at the University prior to enrolment. Late applications may be accepted up until 31 March.

**Notes**: 1. If parents are overseas a student is not eligible to claim a boarding allowance unless approval has been granted by the Director-General of Education.

2. If a student is receiving a boarding allowance and marries he or she will continue to be eligible to receive the allowance.

**Tenure**: Refer page 587.

**Definitions of Full-time Study**: Refer pages 589-93.

**Suspension for Failure and Reinstatement**: Refer page 594.

**Value**: An allowance of

- $80 per annum first year
- $120 per annum second year
- $160 per annum third year
- $200 per annum fourth and subsequent years

A student may also claim nine-tenths of tuition fees for units he is eligible to take under the bursary. A student eligible for a boarding allowance will in addition receive an allowance of $250 per annum.
SUPPLEMENTARY BURSARY ALLOWANCES

Eligibility: A student who is eligible to receive a Fees and Allowances Bursary may also qualify for one of the undermentioned Supplementary Allowances.

(a) Supplementary Allowance A — if the student has obtained in or after 1966
   (i) an ‘A’ pass in the University Bursaries Examination, or
   (ii) a credit pass in the Entrance Scholarships Examination.

(b) Supplementary Allowance B — if the student has
   (i) obtained in or after 1966 a ‘B’ pass in the University Bursaries Examination, or
   (ii) sat in or after 1966 the Entrance Scholarships Examination and been deemed to have obtained the equivalent of a ‘B’ pass in the University Bursaries Examination, or,
   (iii) been credited at a University in New Zealand in or after 1967 with
       1. 'B' passes or better in each of the units which constitute a full-time course, or
       2. passes in all of the units of a full-time course, and obtains ‘A’ passes in units which, in the opinion of the Senate, constitute not less than half of the work of that course, or
       3. passes in units which constitute more than a full-time course at a standard which is, in the opinion of the Director-General, reasonably equivalent to that provided for under 1 and 2 above.

(c) Supplementary Allowance Special — if the student has been credited at a University in New Zealand in the year 1966 with passes in each of the units which constitute a full-time course provided that a Supplementary Bursary Allowance can not be held in addition to a Junior Scholarship.

Value: Supplementary Allowance A $100 per annum
       Supplementary Allowance B $60 per annum
       Supplementary Allowance Special $80 per annum
UNIVERSITY JUNIOR SCHOLARSHIPS

Eligibility: Junior Scholarships are awarded by the Universities Entrance Board on the results of the Entrance Scholarships Examination held each year. A student who holds a Junior Scholarship may also hold a Fees and Allowances Bursary provided he complies with the relevant regulations.

Tenure: Refer page 587.

Definition of Full-time Study: A student must be devoting his whole time to his University studies.

Suspension for Failure and Reinstatement: In the event of any failures a special report is forwarded by the University of Auckland to the Universities Entrance Board with a recommendation regarding the continuation or termination of the Scholarship.

Value: $220 per annum.

MASTERS' BURSARIES

Eligibility: A Master's Bursary with fees and allowances may be awarded to a student:

(a) who has completed a Bachelor's Degree or other acceptable pre-requisite qualification in not more than one year in excess of the minimum period stipulated for a student taking a full-time course and proceeds to the Master's Degree not later than one year after completion of his Bachelor's Degree or other acceptable pre-requisite qualification, or

(b) who is in his fourth and final year for the Degree of Bachelor of Science (Honours) or his fifth and final year for the Degree of Bachelor of Laws (Honours) and is pursuing a full-time course provided that a Junior Scholar may in lieu of taking a Master's Bursary continue on his Fees and Allowances Bursary and Junior Scholarship.

A Master's Bursary with fees only may be awarded where the student fulfills the requirements for the award of a Master's Bursary with fees and allowances but is unable to enrol for a full-time course.

Note: The Director-General of Education has the power to award a Master's Bursary to a student who does not comply with the above requirements if there are exceptional circumstances such as:

(i) Bachelor's course not completed in minimum time but a good undergraduate record

(ii) unable to proceed to Master's Degree at the end of one year because of the necessity to carry out field work.
Tenure: Refer page 589.

Definition of full-time study: Refer page 593.

Value: Master’s Bursary with fees and allowances:

First year: Nine-tenths of the tuition fees prescribed for the course and an allowance of $300 per annum paid in three instalments.

Second year: Nine-tenths of the tuition fees prescribed for the course and a monthly allowance of $37.50 as from 1 March with a maximum of eight months.

In addition, a student may claim a $250 Boarding Allowance if he complies with the conditions prescribed for the award of the allowance under the regulations for the Fees and Allowances Bursary. In the first year the allowance will be paid in three instalments. In the second year a monthly allowance of $31.25 as from 1 March with a maximum of eight months.

Master’s Bursary with fees only:

A student may claim nine-tenths of the tuition fees prescribed for the course.

Note: Where a course requires a Foreign Language Reading Examination and this requirement has not been fulfilled and no previous claim has been made under a Bursary, nine-tenths of tuition fees may be claimed during the tenure of a Master’s Bursary.

TENURE

I. FEES BURSARIES, FEES AND ALLOWANCES BURSARIES, AND JUNIOR SCHOLARSHIPS

The period of tenure for the various courses is as follows:

One year: DipBldg, DipBIA, DipEd, DipEdPsych, DipLangLab, DipTP

Two years: DipCrim, DipTP(Hons), DipUrbVal

Three years: BA, BCom, BMus, BSc (General Course or Course in Human Biology), ExecDipMus, DipFA, ProfAcc, NZIA
Four years: BCom/ProfAcc, BE, BFA, BSc(Hons), DipArch, DipFA(Hons), ExecDipMus(Hons), DipOpt

Five years: BArch, LLB, LLB(Hons), BA/LLB, BA/LLB(Hons), BMus(Exec), BMus/ExecDipMus, BMus/ExecDipMus(Hons), BDS, BCom/LLB, BCom/LLB(Hons)

Six years: MB ChB Otago, (BSc Course in Human Biology — 3yrs/MB ChB Auckland — 3yrs)

The period of tenure is the minimum period in which a student pursuing a full-time course in each year can complete his course and once the Bursary is taken up it must be held continuously except if under compulsory suspension for failure in units or he has been granted a voluntary suspension of his Bursary. This means that where a student is part-time it is unlikely that he will be able to complete his course within the tenure of the Bursary. He will be required to pay all fees for units required to complete his course after his bursary has expired.

The Bursary may be extended to enable a student to study a second undergraduate course if,

1. the total period of assistance for the two courses does not exceed five years except where the period of tenure for the Bursary for one of the courses is five years in which case the total period of assistance will be the period for that course plus one year, e.g.

BE (4 yrs.), BSc (3 yrs.) total period of assistance 5 years.
LLB (5 yrs.), BA (3 yrs.) total period of assistance 6 years.

and,

2. (a) the Bursary has not been suspended or cancelled and (i) he proceeds to the second course in the year following that in which he completes his first course; or

588
(ii) if the second course is the Diploma in Town Planning, he proceeds to the second course not later than two years after completion of the first course; or

(iii) approval has been granted by the Director-General to waive this requirement because of special circumstances,

OR (b) he is taking units for a second course in the year in which he is completing his first course provided

(i) he has had no failures in his first degree or diploma course; or

(ii) he has not previously failed more than one unit of his first degree or diploma course and the remaining units of that course do not in themselves constitute a full-time course.

Note: where a student has claimed bursary assistance for a conjoint course, under the provisions of Clause 14 he must be completing all the units of the conjoint course.

II. MASTERS' BURSARIES

The period of tenure of a Masters' Bursary is one year in the first instance. If the course is not completed by 1 March of the following year the tenure may be extended for a further year provided the Head of the Department certifies that the additional period is essential for the completion of the course.

Where a bursary is extended for a second year for full-time study it will be on a monthly basis with a maximum extension of eight months.

DEFINITIONS OF FULL-TIME STUDY

To be eligible for an allowance a student must be enrolled and attending all the lectures and laboratories in one of the combinations of subjects on pp. 590-3, with the exceptions:

(a) a first year student who feels that he is unable to maintain a satisfactory standard in at least two of his units may apply to the Senate to have his course reduced to two units if he is able to certify that he will devote his whole time to those two units.
(b) a student whose studies are being affected by illness or other sufficient cause beyond his control may apply to the Senate to have his course reduced if he is able to certify that he will devote his whole time to the reduced course.

(c) a student who wishes to take a preliminary or supplementary language unit may apply to the Senate to have the unit counted as a full stage I unit for the purpose of complying with the definitions of full-time study.

For further information see Clause 3.

*Note:* A unit in which Terms have been carried forward cannot be counted for full-time study unless a student is also enrolled internally and attending lectures in that unit.

2. Masters Courses:
The student must
(a) be pursuing a full-time course, and
(b) not be employed outside the University for more than six hours per week or within the University on work related to his Master's course for more than ten hours per week, e.g. demonstrator.

3. Concession to reduce work load and still receive allowances:
(a) First year student who has taken a full-time course for not less than one term and feels that he is unable to maintain a satisfactory standard in at least two units:
   (i) student must make application on the appropriate form and sign a declaration that he will be devoting his full time to his University studies
   (ii) interview the Dean of the Faculty or his Deputy and have the certificate at the bottom of the form completed
   (iii) lodge the completed form at the Registry. The student must maintain full attendance at all lectures and laboratories in all units in which he is enrolled until a decision has been made on the application.

(b) Illness or other sufficient cause beyond his control:
   (i) student must make application on the appropriate form and sign a declaration that he will be devoting his full time to his University studies
   (ii) have the medical certificate at the bottom of the form completed and signed by a Medical Practitioner
   (iii) lodge the form at the Registry by 28 February. Late applications will be accepted where the illness or other circumstances beyond his control occurs after 28 February.

(c) Classification of Preliminary or Supplementary Unit as Stage I unit for Bursary purposes
   (i) student must make application on the appropriate form and sign a declaration that he will be devoting his full
time to University studies
(ii) have the certificate at the bottom of the form signed by the Dean of the Faculty or his Deputy
(iii) lodge the form at the Registry not later than 31 March.

SUSPENSION, REINSTATEMENT, AND TERMINATION

Compulsory Suspension:
A Bursary shall be suspended if the student fails to be credited with passes in
(a) at least two units where passes are credited in individual units, or
(b) more than half of a full-time course or the equivalent of more than half of a full-time course, where passes are required in groups of units.

Note: Studio for Architecture is weighted as three papers. For the purposes of determining whether or not a student can qualify for the continuation of his bursary where he fails Studio, his work will be assessed as follows:
- Fail, or
- Fail (credited with equivalent of one paper), or
- Fail (credited with equivalent of two papers).

Reinstatement:
(a) Compulsory Suspension
To reinstate, a student must in the year following the year of compulsory suspension be credited with passes in at least two units or with passes in more than half of a full-time course provided that if a student is unable to enrol at a University in New Zealand to continue his course or to enrol in sufficient units to reinstate the bursary in the following year because of circumstances beyond his control he may apply for permission to defer the year of reinstatement of his bursary. Application for a deferment of one year only may be made to the Registrar not later than 30 June in the year following the year in which bursary assistance was last received. Application for a deferment of more than one year and applications lodged after 30 June must be submitted to the Director-General of Education, Wellington.

(b) Bursary Terminated before Tenure Expired
To reinstate a bursary which has been terminated before tenure had expired a student must:
(i) in any year pass in a full-time course and obtain ‘B’ passes or better in units which in the opinion of the Senate, constitute not less than half of the work of that course

or (ii) qualify for the award of a New Zealand Certificate in Engineering etc. under section 8 of the Technicians Certification Act 1958.

**Termination:**

A bursary will be terminated

(a) if the bursary is under suspension and a student fails to comply with the requirements for reinstatement;

(b) if the bursary is compulsorily suspended for a second time;

(c) if the bursary is available and is not held continuously, i.e. the bursary must be used except where

(i) it is under compulsory suspension by reason of failure in units

or (ii) application has been made and a voluntary suspension has been granted

(d) if a student fails to attend regularly the classes appropriate to his course of study;

(e) if a student commits any grave breach of the rules of the University or is guilty of grave misconduct.

Provided that a bursary that has been terminated may be reinstated on academic achievement. See Clauses (b) (i) and (ii) under Reinstatement.

**Sickness:**

If suspension or failure to gain reinstatement is in any way attributable to sickness or other sufficient cause beyond his control the student should inform the Director-General of Education, Wellington, who has power either to continue the bursary or to extend the period during which the student must qualify for reinstatement.

**Voluntary Suspension:**

A student whose bursary is not under compulsory suspension may apply to the Registrar for the Voluntary Suspension of his bursary if he is
(a) taking a course where passes are required in groups of subjects and he is not permitted to proceed with the next year of the course, *e.g.* Professional subjects in Architecture and Engineering

(b) completing an Intermediate Examination

(c) studying extramurally

(d) unable to enrol at a University in New Zealand because of circumstances beyond his control

(e) unable to enrol in sufficient units to retain his bursary *i.e.* two units or more than half of a full-time course, because of circumstances beyond his control.

Application for Voluntary Suspension must be made with the Registrar prior to enrolment in the year following the year in which the bursary was last held.

Late applications may be received

(i) by the Registrar up until 30 June in the year following the year in which the bursary was last held

(ii) by the Director-General after 30 June.

A voluntary suspension can be granted by the Registrar for a period of up to three years for a Fees or Fees and Allowances Bursary or one year for a Masters Bursary. Applications may be received by the Director-General for an extended period.

**SECONDARY TEACHERS' STUDENTSHIPS**

Studentships are available to students wishing to study at this University for degrees in Arts, Science, Commerce, and Music, and for diplomas in Fine Arts. Successful candidates will be enrolled at the Teachers' College as well as the University and will thus be members of the teaching profession from the time they take up the Studentship.

An allowance of $425 a year will be paid during the first year, increasing to $535 the second year, $650 the third year, and $750 the fourth and fifth year. In addition, students may hold any university bursary or scholarship to which they would normally be entitled, such as a Fees and Allowances Bursary, a Supplementary Allowance ‘A’ or ‘B’, and University Entrance Scholarships.
Successful applicants will be required to enter into an agreement and provide a bond accepting the obligations laid down for the Studentships. Applications should be sent to the Director-General of Education, Wellington, by 15 August for the following year.

Notes:

(i) Claims for tuition fees are accepted provisionally at the time of enrolment and are subject to confirmation by the Department making the award concerned. If claims are refused by the Department students will be required to pay fees in cash later in the year.

(ii) (a) When a student withdraws from classes before 31 March, no claim for fees in the deleted subject is made to the Department, nor is the student himself liable for such fees.

(b) When a student withdraws from classes after this date, no alteration will be made to the claim for fees already made on his behalf and he will therefore be deemed to have failed to keep terms in such subjects so far as his bursary or study award is concerned.

STATE SERVICES COMMISSION
BURSARIES AND GRANTS

The State Services Commission offers to employees of Departments administered by the Commission, Study Awards relating to a wide variety of courses. Briefly, these fall into three categories:

(A) for ‘popular’ specialist courses (e.g., accountancy, law, engineering, architecture, forestry, science, general agriculture).

(B) for ‘rare’ specialist courses (e.g., horticulture, food technology, farm economics, biochemistry) which have been declared by the Commission to be of critical value to the department concerned.

Note: These awards are designed for school leavers and probationers who are paid a series of allowances.

(C) for leave to selected public servants who are no longer on probation. If a student accepts a category (C) award he is automatically ineligible to receive allowances under the Fees and Allowances Scheme. These awards are for:

(i) Final Year — Full salary for full-time study in the final year to complete BA, LLB, BCom, BCom/ProfAcc, or ProfAcc. Principal condition is a bond for 3 years' service.
(ii) **Honours** — Full salary for full-time study for one year to obtain a master’s degree in commerce, arts, or law. Principal condition is a bond for 3 years’ service.

(iii) **Penultimate Year** — Half salary for full-time study for one year to applicants who are normally under 22 years of age on 1 March, who have completed at least 4 units in arts, commerce, or accountancy or 10 units in law. Condition is a bond for 3 years’ service, or 5 years’ service if followed by a Final Year Study Award.

Closing date for category (C) awards is 1 December with the State Services Commission.

**Notes:**

(i) Claims for tuition fees are accepted provisionally at the time of enrolment and are subject to confirmation by the Department making the award concerned. If claims are refused by the Department students will be required to pay fees in cash later in the year.

(ii) (a) When a student withdraws from classes before 31 March, no claim for fees in the deleted subject is made to the Department, nor is the student himself liable for such fees.

(b) When a student withdraws from classes after this date, no alteration will be made to the claim for fees already made on his behalf, and he will therefore be deemed to have failed to keep terms in such subjects so far as his bursary or study award is concerned.

**Refund of Fees:** The Commission arranges for departments to refund nine-tenths of the consolidated university fee in each subject passed by a student who is taking an approved course and who has paid his or her own fee for that subject and received no assistance towards it from public moneys.
SCHOLARSHIPS, BURSARIES, AND PRIZES

The tables on the following pages provide brief details of available scholarships and bursaries (pages 600-611) and prizes (pages 612-5).

A booklet entitled Regulations for Scholarships and Prizes is available without charge from the enquiry counter at the Registry, Princes Street. This booklet gives full details of the regulations governing scholarships, bursaries, prizes and other awards administered by the University and details of funds available for special assistance.

A handbook published annually entitled University Grants Committee Handbook gives full details of the regulations governing awards administered by the University Grants Committee. This handbook is available from Whitcombe & Tombs Ltd., booksellers and for reference in the University library.

The attention of students and graduates is drawn to the Scholarships Notice Boards in the cloister on the lower ground floor of the Old Arts Building and in the Student Union where further notices and details are displayed of scholarships, bursaries, and prizes currently offered.

Review of a scholarship:

The Council, in awarding any scholarship, reserves the right to reduce the annual value of such scholarship at any time and from time to time during the tenure of it by any holder should the annual income of the funds of such scholarship, in the opinion of the Council, render such reduction expedient. All scholarships offered are subject to review in the event of the candidate being awarded other scholarships. Every holder of a scholarship shall be deemed to accept the award of same, subject to the above reservation, and notwithstanding that the value of such scholarship is set out specifically in the Regulations.

Re-award of a scholarship discontinued by the original holder:

Fresh applications may be called for in any scholarships discontinued after a period of three months or more from the original date of award; the re-award in the event of the discontinuation of the scholarship to be made on the basis of the original application if possible.

An Act to consolidate and amend certain enactments of the General Assembly relating to the University of Auckland

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:

1. Short Title and commencement—(1) This Act may be cited as the University of Auckland Act 1961.
(2) This Act shall come into force on the first day of January, nineteen hundred and sixty-two.

2. Interpretation—In this Act, unless the context otherwise requires,—

"The Chancellor" means the Chancellor of the University of Auckland elected under this Act:
"The Council" means the Council of the University of Auckland:
"Financial year" means the financial year of the University fixed by the Council with the concurrence of the University Grants Committee:
"General course of study" means the structure of any course for a degree or other academic qualification and the subjects of study in the course; and includes the content of any subject in the course, any set works or periods to be studied, the extent and nature of any practical work required for any such subject, any prerequisites to the course or to the subjects of study in the course, and the types of examination:
"Lecturer" means a member of the staff of the University of Auckland who is in terms of his appointment an associate professor, a reader, a senior lecturer, or a lecturer of the University; and includes such other persons and classes of persons as the Council from time to time determines:
"Personal course of study" means the subjects which an individual student selects for a degree or other academic qualification in accordance with the general course of study for the time being prescribed for all students for the degree or other academic qualification:
"The Pro-Chancellor" means the Pro-Chancellor of the University of Auckland elected under this Act:
"Professor" means a professor of the University of Auckland; but does not include an associate professor:
"The Registrar" means the Registrar of the University of Auckland:
"The Senate" means the Senate of the University of Auckland:
"The University" means the University of Auckland constituted under this Act:
"The Vice-Chancellor" means the Vice-Chancellor of the University of Auckland appointed under this Act.

3. Constitution of the University—(1) For the advancement of knowledge and the dissemination and maintenance thereof by teaching and research there shall be in the Auckland University District a University to be called the University of Auckland.
(2) The University shall consist of the Council, the professores emeriti, the professors, lecturers, junior lecturers, Registrar, and librarian of the University for the time being in office, the graduates and undergraduates of the University, the graduates of the University of New Zealand whose names are for the time being on the register of the Court of Convocation of the Auckland University District, and such other persons and classes of persons as the Council may from time to time determine.

(3) The University shall be a body corporate with perpetual succession and a common seal, and may hold real and personal property, and sue and be sued, and do and suffer all that bodies corporate may do and suffer.

(4) The University established under this Act is hereby declared to be the same institution as the institution of that name existing immediately before the commencement of this Act under the University of Auckland Act 1954 (as amended by the University of Auckland Amendment Act 1957), which institution was originally established under the name of the Auckland University College under the Auckland University College Act 1882.

4. University District and Court of Convocation—(1) For the purposes of this Act there shall be a district to be called the Auckland University District, comprising the area specified in the First Schedule to this Act.

(2) The boundaries of the Auckland University District may be altered from time to time by the Governor-General by Order in Council.

(3) There shall be a Court of Convocation for the Auckland University District.

(4) The said Court of Convocation shall consist of the persons whose names are enrolled on a register to be kept by the Registrar.

(5) Every person shall be entitled to have his name enrolled on the register of the Court of Convocation who—

(a) Is a graduate of the University; or

(b) Being a graduate of the University of New Zealand, either by examination at any time or by reason of having been admitted ad eundem gradum before the first day of January, nineteen hundred and forty-three, is not, by reason of that qualification, enrolled on the register of the Court of Convocation for any other University District in New Zealand, and is otherwise qualified in accordance with statutes made by the Council to be enrolled on the register of the Court of Convocation for the Auckland University District; or

(c) Not being such a graduate, is a professor or graduate full-time member of the staff of the University or a graduate member, approved by the Council as being of University status, of the staff of an institution affiliated to the University; or

(d) Is otherwise entitled in accordance with statutes made by the Council to have his name enrolled on the said register.

(6) The Council may from time to time make statutes for the keeping of the register of the Court of Convocation, which statutes may include provisions prescribing the persons and classes of persons who are eligible under paragraph (b) or paragraph (d) of subsection (5) of this section for membership of the said Court of Convocation and the conditions (whether as to payment of fee or otherwise) on which persons are entitled to have
their names enrolled in the register of the said Court; and, subject to this Act and to the said statutes, if any, the said Court shall have power to make such rules for the conduct of its business as it thinks fit and until rules governing its meetings are so made shall meet at such times and places as the Council may determine.

(7) The said Court may make representations to the Council on any matter concerning the interests of the University.

5. Visitor of the University—The Governor-General shall be the Visitor of the University, and shall have all the powers and functions usually possessed by Visitors.

The Council

6. Constitution of Council—(1) There shall be a Council of the University, to be called the Council of the University of Auckland.

(2) The Council shall consist of—
(a) Three members to be appointed by the Governor-General:
(b) The Vice-Chancellor or, while there is no Vice-Chancellor in office or during the absence or incapacity of the Vice-Chancellor,—
   (i) The Deputy Vice-Chancellor; or
   (ii) While there no Deputy Vice-Chancellor in office or during the absence or incapacity of the Deputy Vice-Chancellor, the Chairman of the Senate:
(c) Five members to be appointed by the Senate, of whom four shall be professors, and one shall be a lecturer appointed by the Senate from its sub-professorial members:
(d) Six members to be elected by the Court of Convocation for the Auckland University District:
(e) One member to be elected by the governing bodies of State secondary schools, technical schools, and combined schools, and such registered private secondary schools as the Council may from time to time determine, being in all cases schools situated in the Auckland University District, each governing body to have one vote for the purposes of any such election:
(f) One member to be appointed by the Executive Committee of the Auckland University Students' Association Incorporated:
(g) Such number of members (not exceeding three) as the Council from time to time after the commencement of this Act thinks fit, to be appointed by the Council;
(h) The Mayor of Auckland.

7. Transitional provisions—(1) Upon the commencement of this Act the members of the Council who were elected or appointed under paragraphs (d), (e), (g), (h) and (i) of subsection (2) of section 6 of the University of Auckland Act 1954 shall go out of office, and shall not be replaced.

(2) The other members of the Council who were in office immediately before the commencement of this Act shall continue in office for terms expiring as follows:

(a) Of those of the said members who were appointed by the Governor-General, the term of one (being the one who has been longest in office at the date of the commencement of this Act) shall
expire with the thirtieth day of June, nineteen hundred and sixty-two, the term of another (being the one who has been next longest in office at the date of the commencement of this Act) shall expire with the thirtieth day of June, nineteen hundred and sixty-three, and the term of the remaining one shall expire with the thirtieth day of June, nineteen hundred and sixty-four:

(b) The term of those of the said members who were appointed by the Professorial Board (since called the Senate) shall expire with the thirty-first day of December, nineteen hundred and sixty-two:

(c) The term of the member who was appointed by the Executive Committee of the Auckland University Students' Association Incorporated shall expire with the thirtieth day of June, nineteen hundred and sixty-two:

(d) Of those of the said members who were elected by the District Court of Convocation of the Auckland University District, the term of three (being those who have been longest in office at the date of the commencement of this Act) shall expire with the thirtieth day of June, nineteen hundred and sixty-three, and the term of the remaining three shall expire with the thirtieth day of June, nineteen hundred and sixty-five.

(3) The first member to be elected under paragraph (e) of subsection (2) of section 6 of this Act, and the three additional members to be appointed by the Senate under paragraph (c) of that subsection, shall come into office at the commencement of this Act or as soon thereafter as they are elected or appointed; and if they come into office after the commencement of this Act their terms shall be calculated as if they came into office at the commencement of this Act.

8. Terms of office—(1) Subject to the provisions of this Act, the members of the Council elected under paragraph (d) of subsection (2) of section 6 of this Act shall hold office for a term of four years, the members of the Council appointed under paragraphs (e) and (f) of subsection (2) of section 6 of this Act shall hold office for a term of two years, and all other elected or appointed members of the Council shall hold office for a term of three years. All elected or appointed members of the Council may from time to time be re-elected or reappointed.

(2) Elections or appointments of members of the Council to take the place of members whose terms are due to expire with the thirtieth day of June in any year shall be held or made not later than the third Monday in June in that year; and members so elected or appointed shall come into office on the first day of July following the date specified in this subsection for their election or appointment.

(3) Appointments of members of the Council to take the place of members whose terms are due to expire with the thirty-first day of December in any year shall be made not later than the third Monday in December in that year; and members so appointed shall come into office on the first day of January following the date specified in this subsection for their appointment.

(4) If at the time prescribed by this section for the election or appointment of any member or members of the Council no member or members or insufficient members are elected or appointed, the Council may itself appoint a suitable person in the place, and for the term or the remainder of the term, of the member who should have been elected or appointed.
(5) Every member of the Council elected or appointed under any of the provisions of paragraphs (a), (c), (d), (e), and (f) of subsection (2) of section 6 of this Act, unless he sooner vacates his office under section 11 of this Act, shall continue to hold office until his successor comes into office. Every member of the Council appointed under paragraph (g) of subsection (2) of section 6 of this Act shall go out of office at the expiration of his term of office.

9. Employees as Council members—(1) No person in the employment of the University shall be eligible for office as a member of the Council, otherwise than under paragraph (b) or paragraph (h) of subsection (2) of section 6 of this Act, unless he is a member appointed by the Senate:

Provided that the Council may pay to any member for the time being of the Council who has acted, at the request of the Council, as an examiner, assessor, or moderator in any subject or examination a fee or stipend determined in accordance with paragraph (c) of section 18 of this Act, and no person to whom any such fee or stipend is paid shall be ineligible as aforesaid:

Provided also that no person shall be ineligible as aforesaid by reason of any other employment by the University if the amount paid to him in any financial year in respect of that employment does not exceed four hundred pounds.

(2) A member of the Council who is in the employment of the University shall not be entitled to vote on any question before the Council or any committee of the Council which directly affects his salary or in which he, either alone or in common with other members of the staff, has a direct pecuniary interest.

10. Disqualification of members of Council—The following persons shall be incapable of being elected or appointed to be members of the Council:

(a) A mentally defective person within the meaning of the Mental Health Act 1911:

(b) A bankrupt who has not obtained his order of discharge or whose order of discharge has been suspended for a term not yet expired or is subject to conditions not yet fulfilled:

(c) A person convicted of any offence, punishable by imprisonment, unless he has received a free pardon or has served his sentence or otherwise suffered the penalty imposed on him.

11. Casual vacancies in Council—(1) If any elected or appointed member of the Council—

(a) Dies; or

(b) Resigns his office by writing under his hand delivered to the Registrar; or

(c) Is absent without leave from three consecutive meetings of the Council; or

(d) Becomes ineligible for election or appointment to the Council under the provision of this Act under which he was elected or appointed; or

(e) Becomes a mentally defective person within the meaning of the Mental Health Act 1911; or

(f) Is adjudged a bankrupt; or
(g) Is convicted of any offence punishable by imprisonment,—
he shall thereupon cease to be a member, and the vacancy thereby created
shall be deemed to be a casual vacancy.

(2) If any elected or appointed member of the Council becomes the
Mayor of Auckland or the Vice-Chancellor, a casual vacancy shall arise in
respect of the office previously held by him.

(3) Every casual vacancy in the office of an elected or appointed mem-
ber of the Council (other than a member appointed under paragraph (g)
of subsection (2) of section 6 of this Act) shall, as soon as practicable, be
filled by the election or appointment of a new member in the same
manner as in the case of the vacating member, and the member elected
or appointed to fill any casual vacancy shall hold office for only the
residue of the term of the vacating member.

12. Proceedings of Council not affected by vacancies, etc.—No act or
proceeding of the Council, or of any committee thereof, or of any person
acting as a member of the Council, shall be invalidated in consequence
of there being a vacancy in the number of the Council at the time of
that act or proceeding, or of the subsequent discovery that there was some
defect in the election or appointment of any person so acting, or that he
was incapable of being or had ceased to be such a member.

13. Election of members—(1) The Registrar of the University, or such
other person as the Council appoints, shall be the Returning Officer for
the purpose of conducting elections of members of the Council.

(2) The elections of members of the Council shall be conducted, and
rolls for the elections shall be prepared, in the manner prescribed by
statutes or regulations of the University.

14. Meetings of Council—(1) The Council shall meet at such times and
places as it determines:
   Provided that it shall meet at least once in the month of July in each
year.

(2) At any meeting of the Council six members shall form a quorum,
and no business shall be transacted unless a quorum is present.

(3) At any meeting of the Council the person presiding at the meeting
shall have a deliberative vote, and in the case of an equality of votes
shall also have a casting vote.

(4) Every question before the Council shall be decided by a majority
of the votes of the members present at the meeting of the Council and
entitled to vote on that question.

15. Special meetings of Council—(1) The Chancellor may at any time,
of his own motion, call a special meeting of the Council, and the Chan-
cellor shall call a special meeting on the requisition in writing of any five
members.

(2) Notice of any such meeting shall be posted to each member at his
usual address at least forty-eight hours before the time fixed for the
meeting.

16. Council may appoint committees—(1) The Council may from time
to time appoint standing or special committees.
(2) The Council may delegate any of its powers and duties, including any powers and duties which it has by delegation from any other body or person, but (except as provided in subsection (2) of section 35 of this Act) not including this power of delegation, and not including the power to make statutes and regulations, to any such committee or to the Senate or any person; and the committee or the Senate or person, as the case may be, may, without confirmation by the Council, exercise or perform the delegated powers or duties in like manner and with the same effect as the Council could itself have exercised or performed them.

(3) Every such delegation shall be revocable at will, and no such delegation shall prevent the exercise of any power or the performance of any duty by the Council.

(4) Unless and until any such delegation is revoked, it shall continue in force according to its tenor.

(5) It shall not be necessary that any person who is appointed to be a member of any such committee, or to whom any such delegation is made, shall be a member of the Council.

Powers of the Council

17. Council to be governing body of University—The Council shall be the governing body of the University through which the corporation of the University shall act, and shall have the entire management of and superintendence over the affairs, concerns, and property of the University; and, subject to the provisions of this Act and any other Act, shall in respect of all such matters have authority to act in such manner as appears to it to be best calculated to promote the interests of the University and of any other institution controlled by the Council and to promote and foster adult education:

Provided that the Council shall not make any final decision on any matter mentioned in section 36 of this Act until it has first consulted the Senate or in the case of any appointment of academic staff the committee of the Senate specified in the second proviso to that section and considered any recommendations the Senate or committee may make in that behalf, unless the Senate or committee, having had reasonable opportunity to make such recommendations, has failed so to do.

18. Appointment of professors, lecturers, etc.—The Council shall have full power—

(a) To institute the offices of professor and lecturer and such other offices as it thinks fit in connection with the University and any other institution controlled by the Council:

(b) To appoint and remove all professors, lecturers, teachers, officers, and servants of the University and of any other institution controlled by the Council:

Provided that in the case of a dismissal of a member of the academic staff, no decision shall be taken by the Council until the Council has considered any recommendations made in that behalf by the Senate, unless the Senate, having had reasonable opportunity to make such recommendations, has failed so to do:

(c) To appoint and remove examiners, assessors, and moderators:

Provided that the fee or stipend which the Council may pay to any examiner, assessor, or moderator shall be in accordance with a scale fixed by the Council with the concurrence of the University Grants Committee.
19. Conferment of degrees—(1) The Council shall have power to confer any degree or to award any other academic qualification specified in the Second Schedule to this Act.

(2) The Council may from time to time, by statute, add to or omit from the list of degrees and other academic qualifications specified in the said Second Schedule the name or description of any degree or other academic qualification or otherwise amend the list; and every such statute shall have effect according to its tenor:

Provided that no statute adding to the said list of degrees shall come into force until it has been approved by the University Grants Committee.

(3) The Council shall, in accordance with such conditions as it may prescribe, have power to confer any degree or to award any academic distinction as an honorary degree or academic distinction:

Provided that no honorary degree or academic distinction shall be conferred on or awarded to any person by the Council unless that person has been recommended therefor by a joint committee of the Council and the Senate set up in accordance with the statutes or regulations of the University.

20. Award of certificates, etc.—The Council shall have power, under such conditions as it thinks fit, to award certificates, fellowships, scholarships, bursaries, and prizes, and to make other awards.

21. Lectures to members of the public—The Council shall have power to provide such lectures and instruction for any persons, whether or not they are members of the University, as it thinks fit, and on such conditions as it thinks fit, and may award certificates to any of them.

22. Power to make statutes and regulations—(1) Subject to the provisions of this Act and any other Act, the Council may from time to time make such statutes of the University as may in its opinion be necessary or expedient for the administration of the affairs of the University.

(2) Subject to the provisions of this Act and any other Act and to the statutes (if any) of the University, the Council may from time to time make such regulations of the University as may in its opinion be necessary or expedient for the administration of the affairs of the University.

(3) Without limiting the generality of the foregoing provisions of this section it is hereby declared that statutes and regulations so made may prescribe any matters which by this Act are required or permitted to be prescribed or with respect to which statutes or regulations are, in the opinion of the Council, necessary or expedient for giving effect to this Act.

(4) Subject to the provisions of section 36 of this Act and, where so required by any Act, to the consent of the University Grants Committee or the Curriculum Committee, the Council may make statutes or regulations with respect to all or any of the degrees and other academic qualifications, certificates, fellowships, scholarships, bursaries, prizes, and awards of the University which the Council may confer or award, and with respect to general courses of study and personal courses of study for the same.

(5) All such statutes and regulations shall be in writing.
6. No statute passed by the Council of the University as aforesaid shall come into force until it has been approved by the Governor-General.

7. All such statutes and regulations shall have effect according to their tenor, and shall be published by the Council.

8. A copy of any such statute or regulation under the seal of the University shall be sufficient evidence in all Courts of the same and of its having been made and (where necessary) approved in accordance with this section.

23. Seal of the University—The seal of the University shall be in the custody of the Registrar or such other officer as the Council may appoint, and shall not be affixed to any document except pursuant to a resolution of the Council, or by the authority of a resolution of a committee of the Council acting in accordance with an authority for that purpose conferred upon it by the Council.

24. Admission of students—(1) Every person who is academically qualified for entrance to a University in New Zealand in accordance with the requirements of the Universities Entrance Board shall be eligible to matriculate at the University without further examination.

(2) The Council shall have power to decline to enrol any student at the University, or in a particular course or courses, or in classes in a particular subject or subjects on the ground of—

(a) The person not being of good character; or

(b) Misconduct or a breach of discipline on the part of the student; or

(c) The person not having attained the age of sixteen years on the previous thirty-first day of December, or the person not having attained any other age prescribed in respect of any course of study by any course regulations within the meaning of the Universities Act 1961; or

(d) The person being enrolled for full-time instruction in a secondary school, technical school, combined school, district high school, or registered private secondary or technical school; or

(e) Insufficient academic progress by the student after a reasonable trial at the University or at any other University or University College of Agriculture; or

(f) Insufficiency of accommodation or of teachers in the University or in a faculty or department of the University; or

(g) The person not having satisfied any conditions prescribed by any course regulations within the meaning of the Universities Act 1961.

(3) The Council shall, as soon as practicable after the commencement of this Act, make a statute or statutes governing the persons and classes of persons who may be enrolled or refused enrolment as external students of the University, and the conditions under which, and the subjects and courses for which, they may be so enrolled or refused enrolment. The Council may from time to time make further statutes for all or any of the purposes specified in this subsection, and may by statute repeal or amend any statute made under this subsection. No statute made under this subsection shall come into force until it has been approved by the University Grants Committee.

(4) For the purposes of paragraph (f) of subsection (2) of this section the Council may, if it thinks fit, from time to time make statutes defining
the circumstances in which insufficiency of accommodation or of teachers in the University or in a faculty or department of the University shall be deemed to exist, and the maximum number of students who may be admitted to any course or class. No such statute shall come into force until it has been approved by the University Grants Committee. Every such definition that is made by statute under this subsection shall be conclusive for all purposes.

(5) Where any person has obtained in any University or other place of learning any degree or other academic qualification or part thereof substantially corresponding or equivalent, in the opinion of the Senate, to any degree or other academic qualification or part thereof which the Council is empowered to confer or award, the Council may admit that person at its discretion *ad eundem statum* in the University without further examination and may withdraw any such admission at any time.

(6) A person admitted to the status of the holder of a degree or other academic qualification or part thereof of the University shall not be deemed to be the holder of the degree or other academic qualification or part thereof, nor shall he be entitled to be enrolled as a graduate of the University, but he shall be entitled to proceed to any degree or other academic qualification of which the degree or other academic qualification or part thereof to the status of which he has been admitted is a prerequisite upon the same terms and conditions as those upon which a holder of the degree or other academic qualification or part thereof is entitled so to proceed.

(7) Where a person who has been a student of another University and has matriculated at any University in New Zealand is admitted to the University of Auckland, the Council of that University shall give him such credits as it considers appropriate for any units or subjects which he has already passed in New Zealand and with which he has been credited towards a degree or other academic qualification in his former University or grant him such exemptions as it considers appropriate, so that he may complete his course without suffering undue hardship as a consequence of his transfer.

(8) Any person who is eligible to be admitted or who has been admitted *ad eundem* at graduate status by the Senate of the University of New Zealand shall be deemed to be of equivalent status in the University of Auckland for the purpose of proceeding to a degree or other academic qualification of the University of Auckland, and shall, subject to the course regulations for the degree or other academic qualification for which he is a candidate, be eligible to proceed to the degree or other academic qualification:

Provided that, in approving his personal course of study, the Senate may, at its discretion, require any such person to complete such supplementary courses as it thinks fit either as a prerequisite to or concurrently with his course of study for the degree or other academic qualification for which he is a candidate.

(9) The provisions of subsection (8) of this section shall, with the necessary modifications, apply to any person who is eligible to be awarded or who has been awarded a diploma of the University of New Zealand, or to any person who has been admitted *ad eundem* by the Senate of the University of New Zealand to the status of a holder of a diploma of that University.

649
The Chancellor and Pro-Chancellor

25. Election of Chancellor—(1) At its first meeting held in the month of July in the year nineteen hundred and sixty-two, and in every third year thereafter, the Council shall elect one of its members to be the Chancellor of the University of Auckland:

Provided that the Vice-Chancellor or any other person who is for the time being a member of the Council under paragraph (b) of subsection (2) of section 6 of this Act or a member of the Council appointed by the Senate shall not be so elected.

(2) The Chancellor shall be the ceremonial head of the University and the Chairman of the Council.

(3) Unless the Chancellor resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, he shall continue to hold the office until his successor is elected, and (subject to the provisions of section 10 of this Act) shall be eligible for re-election:

Provided that, upon any person completing two consecutive terms each of three years as Chancellor, he shall cease to be eligible for re-election as Chancellor until after the lapse of a period of three years during which he did not hold that office.

(4) If the Chancellor resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, the Council shall elect some eligible person to be the Chancellor for the remainder of the term for which the vacating Chancellor was elected.

(5) For the purpose of the election of the Chancellor for any term, the Registrar of the University shall preside at the meeting, but shall not be entitled to vote. In the event of an equality of votes the election shall be determined by lot.

26. Election of Pro-Chancellor—(1) At its first meeting held in the month of July in each year, the Council shall elect one of its members who is eligible to be elected as Chancellor to be the Pro-Chancellor of the University of Auckland.

(2) Unless the Pro-Chancellor sooner resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, he shall continue to hold the office of Pro-Chancellor until his successor is elected, and (subject to the provisions of section 10 of this Act) shall be eligible for re-election.

(3) If the Pro-Chancellor resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act or is elected to be the Chancellor he shall thereupon vacate the office of Pro-Chancellor, and the Council shall elect one of its members who is eligible to be elected as Chancellor to be the Pro-Chancellor of the University of Auckland for the remainder of the term.

(4) During any vacancy in the office of Chancellor, or in the absence of the Chancellor from New Zealand, or while he is incapacitated by sickness or otherwise, the Pro-Chancellor shall have and may exercise and perform all the powers and duties of the Chancellor, other than his powers in relation to the conferring of degrees and the award of other academic qualifications and distinctions.
27. Right to preside at meetings of Council—The Chancellor shall pre-
side at every meeting of the Council at which he is present. If at any
meeting of the Council the Chancellor is not present or there is no Chan-
cello, the Pro-Chancellor shall preside at the meeting; and if the Pro-
Chancellor also is not present at the meeting or there is no Pro-Chancellor,
the Council shall appoint some member present to preside at that meet-
ing. The Pro-Chancellor or person so appointed shall have and may exer-
cise in any such case all the powers and functions of the Chancellor for
the purposes of the meeting.

The Vice-Chancellor and Deputy Vice-Chancellor

28. Vice-Chancellor—(1) The Council may from time to time appoint
some fit and proper person to be the Vice-Chancellor of the University
of Auckland.

(2) The Vice-Chancellor shall have the following functions, powers, and
duties:
   (a) He shall be the academic and administrative head of the University;
   (b) He shall, by virtue of his office, be a member of the Council, Chair-
man of the Senate, a member of every faculty, and a member of
every committee set up by the Council or the Senate:
   (c) He shall have such duties as the Council, subject to the provisions
of this Act, may from time to time specify:
   (d) He may, during the intervals between meetings of the Senate,
exercise alone (but subject always to the control of the Council
and to a right of appeal to the Senate) such of the powers of
the Senate as to maintaining the discipline of the University as
may be prescribed in that behalf by statutes or regulations made
under the authority of this Act:
   (e) On the occurrence from any cause of a vacancy in the office of
Chancellor, or in the absence of the Chancellor from New Zea-
land, or while he is incapacitated by sickness or otherwise, the
Vice-Chancellor shall exercise the powers of the Chancellor in
relation to the conferring of degrees and the award of other
academic qualifications and distinctions.

(3) The Vice-Chancellor may appoint any member of the Senate to
attend in his place the meeting of any board, committee, or other body
which is not constituted by or under this Act (whether created by or
under any other Act or otherwise) of which the Vice-Chancellor is a
member. Any person so appointed shall while so attending be deemed
for all purposes to be a member of the board, committee, or other body
and may exercise all the rights and powers which the Vice-Chancellor
could have exercised had he been personally present. The fact that any
member of the Senate so attends shall be sufficient evidence of his
authority so to do.

29. Deputy Vice-Chancellor—(1) The Council may from time to time
appoint a professor as the Deputy Vice-Chancellor of the University of
Auckland.

(2) The Deputy Vice-Chancellor shall hold office for such period as
may be determined by the Council.

(3) The Deputy Vice-Chancellor may exercise such of the Vice-Chan-
cello's functions, powers, and duties, whether arising under any Act or
otherwise, as the Council, upon the recommendation of the Vice-Chancellor or (in the absence of such a recommendation) of its own motion, may from time to time either specially or generally delegate to the Deputy Vice-Chancellor.

(4) In addition to the powers conferred upon him by subsection (3) of this section, the Deputy Vice-Chancellor shall, during any vacancy in the office of Vice-Chancellor, or in the absence of the Vice-Chancellor from New Zealand, or while he is incapacitated by sickness or otherwise, be Chairman of the Senate and may exercise such other of the Vice-Chancellor's functions, powers, and duties, whether arising under any Act or otherwise, as the Council may determine.

The Senate

30. Constitution of Senate—(1) There shall be a Senate of the University of Auckland.

(2) The Senate shall consist of:

(a) The Vice-Chancellor:

(b) The professors of the University:

(c) The librarian of the University:

(d) Two lecturers to be elected by the full-time lecturers of the University:

(e) Such other members of the University as the Council, with the advice of the Senate, may from time to time appoint.

(3) The Council may from time to time make statutes or regulations defining the time and manner of holding elections for the purposes of paragraph (d) of subsection (2) of this section, the persons and classes of persons eligible to vote at those elections, and the term for which persons so elected shall hold office.

(4) The Senate of the University of Auckland is hereby declared to be the same body as the Professorial Board of the University of Auckland constituted by section 23 of the University of Auckland Act 1954; and every reference in any enactment or document to the Professorial Board of the University of Auckland shall hereafter be read as a reference to the Senate of the University of Auckland.

31. Chairman of Senate—(1) Whenever there is no Vice-Chancellor or Deputy Vice-Chancellor in office, the Senate shall, at its first meeting held thereafter and at its first meeting in each year, elect one of its members, being a professor, to be the Chairman of the Senate; and if it fails to do so the Council may appoint a professor to be the Chairman of the Senate.

(2) The person so appointed shall hold office until the appointment of a Vice-Chancellor or Deputy Vice-Chancellor or until the election or appointment of his successor under this section, whichever happens first, and shall be eligible for re-election or reappointment, but shall not hold office for more than two terms in succession.

32. Meetings of Senate—(1) The person who is entitled in accordance with the provisions of sections 28, 29, and 31 of this Act to be Chairman of the Senate at any meeting thereof at which he is present shall preside at that meeting. In the absence of any such person from any such meet-
ing, the members present shall elect one of their number to be Chairman for the purposes of that meeting and the person so elected shall preside at that meeting.

(2) At any meeting of the Senate the person presiding shall have a deliberative vote, and in the case of an equality of votes shall also have a casting vote.

(3) Every question before the Senate shall be decided by a majority of the valid votes recorded thereon.

(4) At every meeting of the Senate a quorum shall consist of such number of members as the Senate from time to time determines, and no business shall be transacted unless a quorum is present.

(5) Save as expressly provided in this Act, the Senate shall have power to make rules as to the time and place of its meetings and the procedure thereat;

Provided that it shall meet at least once in each year.

33. Proceedings of Senate not affected by vacancies, etc.—No act or proceeding of the Senate, or of any committee thereof, or of any person acting as a member of the Senate, shall be invalidated in consequence of there being a vacancy in the number of the Senate at the time of that act or proceeding, or of the subsequent discovery that there was some defect in the appointment of any person so acting, or that he was incapable of being or had ceased to be such a member.

34. Functions of Senate—(1) The Senate shall have power of its own motion, or at the request of the Council, to make recommendations or reports to the Council on any matter affecting the University.

(2) The Senate shall be specially charged with:

(a) The duty of furthering and co-ordinating the work of faculties and departments and of encouraging scholarship and research; and

(b) The control of the Library.

(3) The Senate shall have power to deal with all matters relating to the maintenance of discipline amongst the students of the University, and shall have such powers of fining, suspending, and expelling students guilty of misconduct or breaches of discipline, and such other powers of whatsoever kind as may be conferred on it by statutes or regulations made under the authority of this Act:

Provided that any person aggrieved by any action of the Senate may appeal to the Council, whose decision shall be final.

(4) The Senate shall have power to approve personal courses of study proposed by individual students:

Provided that the Senate shall not approve personal courses of study for a degree or other academic qualification in such a way as to introduce general restrictions not provided for in the course regulations governing the course of study for that degree or other academic qualification.

35. Senate may appoint committees—(1) The Senate may from time to time appoint standing or special committees.

(2) The Senate may delegate any of its powers and duties (including any powers and duties which it has by delegation from the Council or any other body or person) to any such committee or to any person; and
the committee or person may, without confirmation by the Senate, exercise or perform those powers or duties in like manner and with the same effect as the Senate could itself have exercised or performed them:

Provided that the Council may prohibit, or impose conditions in respect of, the delegation by the Senate of any power or duty that is delegated to the Senate by the Council.

(3) Every such delegation shall be revocable at will, and no such delegation shall prevent the exercise of any power by the Senate.

(4) Unless and until any such delegation is revoked, it shall continue in force according to its tenor.

(5) It shall not be necessary that any person who is appointed to be a member of any such committee, or to whom any such delegation is made, shall be a member of the Senate.

36. Council to consult Senate on academic matters—The Council shall not make any statute or regulation or decision in relation to entrance to the University or to any course of study or to the prescription of any subject for any degree or other academic qualification or certificate, or to any fellowship, scholarship, bursary, prize, or award or the examination or qualification therefor, or to the admission, attendance, and discipline of students, or to examinations and other academic tests, or to the institution of the offices of professor or lecturer, or to the appointment of academic staff, including the Vice-Chancellor and Deputy Vice-Chancellor, or to the appointment of examiners, assessors, or moderators, or to honorary degrees and other academic distinctions, or to the affiliation of any institution or branch or department thereof, until it has first received and considered any recommendation that the Senate may make in that behalf, unless the Senate, having had a reasonable opportunity to make such a recommendation, has failed to do so:

Provided that a decision to confer an honorary degree or academic distinction shall be made in the manner provided in subsection (3) of section 19 of this Act, and nothing in this section shall apply to such a decision:

Provided also that in the case of appointments to the academic staff, the Council shall need only to secure a recommendation from a committee of the Senate appointed under section 35 of this Act.

Affiliated Institutions

37. Admission of affiliated institutions—(1) The Council may, on such terms and conditions and subject to such inspections, reports, and inquiries as it thinks fit, affiliate other institutions or branches or departments thereof situated within the Auckland University District, or recognise selected members of the staffs thereof as teachers of the University, or admit the members thereof to any of the privileges of the University and accept attendance at courses of study in such institutions or branches or departments thereof in place of such part of the attendance at courses of study in the University and upon such terms and conditions and subject to such regulations as may from time to time be determined by the Council.

(2) The Council may at any time revoke any such affiliation, recognition, admission, or acceptance.

Financial Provisions

38. Benefactions to be strictly applied—Subject to the provisions of the Charitable Trust Act 1957, all benefactions at any time vested in or en-
joyed by the University with a declaration of trust, or as an endowment for the promotion of any particular branch of science or learning, shall be applied strictly by the Council accordingly.

39. Application of income and capital of University—Subject to the provisions of this Act and any other Act and to the terms of any trust or endowment, the income and capital of the University shall be applied in doing whatever the Council thinks expedient in order that the University may best accomplish the purposes for which it is established.

40. Money to be paid into bank—(1) All money received by the University amounting to ten pounds and upwards shall, as soon as practicable after it has come into the hands of the proper officer of the University, be paid into such bank account or accounts of the University as the Council from time to time determines.

(2) No such money shall be withdrawn from the bank except by authority of the Council and by cheque signed by an officer of the University approved by the Council, and countersigned by a member of the Council, or by another officer of the University, approved by the Council:

Provided that it shall be lawful, with the prior consent in writing of the Audit Office and subject to such conditions as the Audit Office prescribes, for any money to be paid by the Council by cheque issued by means of a cheque-writing machine, and every such cheque issued by means of such a machine and bearing a facsimile of the signature of the persons authorised pursuant to the provisions of this section to sign and countersign cheques shall be deemed to have been duly signed and countersigned in accordance with the provisions of this section.

41. Loan money to be paid into a separate account—All money borrowed by the Council on behalf of or for the purpose of the University, other than money borrowed under section 51 of this Act, shall be paid into a separate bank account in the name of the loan, and shall not be drawn out of the bank or expended except for the special purposes for which it was borrowed.

42. Investment of money—Subject to the terms of any trust or endowment, any money belonging to or vested in the University and available for investment may be invested in accordance with the provisions of the Trustee Act 1956 as to the investment of trust funds, or in such other manner as the Minister of Finance from time to time approves.

43. Provision for Common Fund investment—(1) The Council may at any time, if it thinks fit, establish the following funds and account:

(a) A Common Fund to be known as the University of Auckland Common Fund:

(b) A Reserve Fund to be known as the University of Auckland Common Fund Reserve Fund:

(c) A Common Fund Income Account to be known as the University of Auckland Common Fund Income Account.

(2) Subject to the provisions of this section, if the Council has established the said funds and account, it may invest any trust funds in its possession, whether at the time in a state of investment or not, whether
they came into its possession before or after the commencement of this Act, and whether they comprise the whole or part of the trust estate to which they belong, either—

(a) On a separate account in respect of the trust estate to which the funds belong; or

(b) If the funds are not directed to be invested in some other specified manner, and investment in the said Common Fund is not inconsistent with the terms of the trust instrument (if any) governing the funds, as part of the said Common Fund.

(3) All funds forming part of the said Common Fund shall be invested in the manner required by section 42 of this Act.

(4) Where any funds of a trust estate are in the possession of the Council and are lawfully invested in any investment in which the said Common Fund may be invested as aforesaid, then, if in accordance with paragraph (b) of subsection (2) of this section the funds could be invested as part of the said Common Fund, the Council may transfer that investment to the said Common Fund and give credit in that Fund to the trust estate for such amount as it considers proper, having regard to its duty to be fair to all those interested in the said Common Fund and to those beneficially interested in the capital and income of the trust estate to which the investment belongs. Upon any investment being so transferred it shall cease to form part of the trust estate to which it formerly belonged.

(5) Investments made from funds forming part of the said Common Fund shall not be made on account of or belong to any particular trust estate, but the Council shall cause to be kept an account showing at all times the entitlement of each trust estate in the said Common Fund.

(6) All income derived from the said Common Fund and from the investments and money included therein shall be paid into the said Common Fund Income Account.

(7) In each year interest on the amount of the entitlement of each trust estate in the said Common Fund shall be transferred from the said Common Fund Income Account and credited to that trust estate at such uniform rate as may from time to time be determined by the Council:

Provided that in no case shall the rate so determined be lower than one-half per cent below the rate which would be so paid if all the income paid into the said Common Fund Income Account in that year was so transferred.

(8) The Council shall also each year pay into the said Reserve Fund—

(a) All income in the said Common Fund Income Account which is not transferred to any trust estate in that year in accordance with subsection (7) of this section:

(b) All capital gains arising in connection with the said Common Fund.

(9) The funds forming part of the said Reserve Fund shall be kept separate from all other trust funds, and shall be invested in the manner authorised by section 42 of this Act.

(10) All income paid into the said Reserve Fund as aforesaid, and all income derived from the said Reserve Fund and from the investments and money included therein shall be applied as the Council thinks fit in any one or more of the following ways:

(a) Towards augmenting the capital of the said Reserve Fund:
(b) Towards stabilising or increasing the income of the said Common Fund:

(c) Towards reinstating any losses of capital in the said Common Fund.

(11) The capital of the said Reserve Fund may, if the Council thinks fit, be applied in reinstating any losses of capital in the said Common Fund.

(12) The Council may at its discretion at any time withdraw from the said Common Fund any amount for the time being to the credit of any trust estate in the said Common Fund; and where any amount is being so withdrawn—

(a) If the capital of the said Reserve Fund has increased while the said amount was in the said Common Fund, the Council shall pay out of the said Reserve Fund and add to the amount so withdrawn, as capital, such amount (if any) as it considers equitable having regard to the length of the period during which the amount was in the said Common Fund and to the proportion which the said amount bears to the average amount of the total assets of the said Common Fund during that period:

(b) If losses of capital in the said Common Fund have occurred during the said period, then, so far as those losses have not been reinstated and cannot be reinstated from the amounts in the said Reserve Fund at the time of the withdrawal, that amount shall bear its proportion of those losses, as determined by the Council, and the amount being so withdrawn shall abate accordingly.

44. Travelling allowances and expenses of members of Council—(1) The Council may pay to each of its members travelling allowances and expenses; and, in respect of travel in New Zealand, those allowances and expenses shall not exceed those payable in accordance with the Fees and Travelling Allowances Act 1951, and the provisions of that Act shall apply accordingly.

(2) In respect of travel in New Zealand the Council is hereby declared to be a statutory Board within the meaning of the Fees and Travelling Allowances Act 1951.

45. Council may insure members against personal accident while engaged in duties—The Council may from time to time enter into contracts of insurance of a type for the time being approved by the Minister of Education insuring members of the Council against loss from personal accident arising out of and in the course of the exercise of their powers or duties as members of the Council, and may pay the premiums payable in respect of those contracts.

46. Unauthorised expenditure of Council—The Council may in any financial year of the University expend out of the general fund of the University for purposes not authorised by any law for the time being in force any sum or sums not exceeding in the aggregate a one-thousandth part of the revenue of the University from all sources for the immediately preceding financial year.

47. Council to prescribe fees—There shall be payable by the students of the University or any of them such fees as the Council from time to time prescribes:
Provided that scales of tuition and of examination fees may be so prescribed only with the concurrence of the University Grants Committee.

48. Fees payable to associations of students—The Council shall have power to impose and collect from time to time from students of the University or from any of them such fees as it considers reasonable for the benefit of any association or organisation of students of the University, and to dispose of those fees accordingly.

49. Grants by Council to associations of staff or students—The Council may from time to time make grants or loans from its funds on such terms and conditions as it thinks fit to any association or organisation of staff or students of the University.

50. Powers of Council in respect of property—(1) Without limiting or in any way affecting any other powers conferred upon the Council by the Auckland University College Reserves Act 1885 or this Act or any other Act or by law, it is hereby declared that, subject to the provisions of this section, the Council may do all or any of the following things on behalf of and for the purposes of the University, namely:

(a) Establish, build, maintain, repair, add to, alter, rebuild, reinstate, conduct, manage, and control halls of residence for students and academic staff, and houses for academic staff and any other of its employees whatsoever, and buildings and rooms and other facilities for the recreation or social use of students, academic staff, and other employees:

(b) Purchase, take on lease, or otherwise acquire any real or personal property for any purposes whatsoever in connection with the University or any institution controlled by the Council:

(c) With the consent of the Minister of Education in the case of land and in other cases without his consent, sell or otherwise alienate any right, title, estate, or interest in any real or personal property vested in the University:

(d) With the consent of the Minister of Education, borrow money from the Crown or from any corporation or person; and (for the purpose of securing any money so borrowed) mortgage, charge, or pledge any right, title, estate, or interest in any land vested in the University:

(e) Grant leases of any land vested in the University; and for that purpose the Council is hereby declared to be a leasing authority within the meaning of the Public Bodies' Leases Act 1908:

(f) On such conditions as may be prescribed by the Minister of Finance, guarantee loans made to members of the staff for housing purposes by other persons and bodies.

(2) Notwithstanding anything to the contrary in the Public Bodies' Leases Act 1908 or in any lease granted by the Council, the Council may—

(a) In its absolute discretion, at any time not earlier than three years nor later than one year before the date of the expiration of any lease of any land vested in the University that does not confer a right of renewal, grant a renewal of the lease upon such terms as it thinks fit; and the provisions of this paragraph shall apply to any such lease whether granted before or after the commencement of this Act:
(b) With the consent of the Minister of Education, grant leases of land vested in the University upon such terms as that Minister may approve:

(c) Grant leases and licenses for the extraction and removal of coal and other minerals from land vested in the University at such rent or royalties and upon such terms and conditions as the Council may determine.

(3) The Minister of Education is hereby empowered to make advances upon such terms as the Minister of Finance may approve to the Council for the purposes of the University out of money appropriated by Parliament for the purpose.

51. Power to borrow by way of overdraft or temporary loan—In addition to the powers conferred by section 50 of this Act, it shall be lawful for the Council, in anticipation of its revenue, from time to time to borrow money by way of overdraft or on temporary loan on behalf of and for the purposes of the University:

Provided that the amount so borrowed shall not at any time exceed one-twelfth of the revenue of the University from all sources during the immediately preceding financial year of the University:

Provided also that at the end of any financial year of the University the amount of the overdraft or loan shall not exceed the outstanding revenue due to the University in respect of that financial year.

52. Annual report and statement of accounts—(1) The Council shall, during the month of April in every year, furnish to the Minister of Education and to the University Grants Committee a report on the University during the immediately preceding year.

(2) The Council shall also, as soon as practicable after the end of every financial year of the University, furnish to the Minister of Education and to the University Grants Committee a statement of the assets and liabilities of the University as at the end of that financial year, together with an account of income and expenditure showing the financial transactions for that year, which statement and account shall be audited by the Audit Office.

Repeals and Savings

53. Repeals and savings—(1) The enactments specified in the Third Schedule to this Act are hereby repealed.

(2) All bylaws which originated under any of the enactments hereby repealed or under the corresponding provisions of any former enactment and are subsisting or in force on the commencement of this Act shall endure for the purposes of this Act as fully and effectually as if they had originated as regulations under the corresponding provisions of this Act, and accordingly shall, where necessary, be deemed to be regulations and to have so originated; and every reference to any such bylaw in any Act, regulation, order, or other enactment, or in any instrument or document whatsoever shall, after the commencement of this Act, unless inconsistent with the context, be read as a reference to a regulation made under the corresponding provisions of this Act.

THIRD SCHEDULE  Section 53 (1)

ENACTMENTS REPEALED

1954, No. 74—The University of Auckland Act 1954.
1957, No. 25—The University of Auckland Amendment Act 1957.
COURT OF CONVOCATION STATUTE 1962

Pursuant to Section 4 of the University of Auckland Act 1961

1. This Statute may be cited as the Court of Convocation Statute 1962.

2. The Registrar of the University shall prepare and maintain a register to be known as the Register of the Court of Convocation for the Auckland University District and shall (subject to Section 5 hereof) enrol thereon the names and addresses (so far as such addresses are known) of all persons entitled to be so enrolled under Section 4 of the said Act and under Section 3 of this Statute.

3. Under and for the purposes of sub-section 5 of Section 4 of the said Act each person shall be entitled to have his name enrolled on the Register of the Court of Convocation (without fee) who being a graduate of the University of New Zealand either by examination at any time or by reason of having been admitted ad eundem gradum before the 1st day of January, 1943 is not by reason of that qualification enrolled on the register of the Court of Convocation for any other University District in New Zealand and

(i) under Section 23A of the New Zealand University Act 1908 was enrolled or entitled to be enrolled on the register of the District Court of Convocation of the Auckland University District at the 31st day of December, 1961

or (ii) was an undergraduate member of the University of Auckland at the 31st day of December, 1961 and became a graduate of the University of New Zealand after that date

or (iii) at a date after the 31st day of December, 1961 and immediately before his enrolment had resided in the Auckland University District for a period of not less than three calendar months.

4. Except as provided in Section 5 hereof it shall not be necessary for any person entitled to be so enrolled on the register to apply for enrolment.

5. Every person who is entitled to be enrolled on the register under paragraph (iii) of Section 3 of this Statute may apply to the Registrar for enrolment and upon making that application and producing such evidence of the facts and matters entitling him to enrolment as the Registrar may reasonably require shall be enrolled on the register.

6. Any enrolled member of the Court may, by notice under his hand delivered to the Registrar, object to the register on the ground that any person whose name is on the register does not possess the necessary qualifications.

7. The Registrar shall enquire into and dispose of any such objection forthwith after receiving it.

8. Any person aggrieved by any decision or act of the Registrar relating to the register may appeal therefrom to the Council by notice under his hand, addressed to the Chancellor, and delivered at the University not later than 5 o'clock on the afternoon of the seventh day before the day on which the register is to be closed for the purposes of an impending election.

9. Every such appeal shall be heard and determined by the Council or a Committee appointed by the Council and the Registrar shall amend the register in such manner as the Council or the Committee when disposing of the appeal directs.
10. (a) Any member of the Court having changed his address shown on the Register may request the Registrar to amend the register in respect of that address and the Registrar shall make such amendment accordingly.

(b) The Registrar being satisfied (otherwise than under the preceding paragraph (a) of this section) that the address of a member of the Court has been changed may amend the register in respect of that address provided that he shall forthwith post notices of that amendment to the member at both the old and the new address.

11. The Registrar shall expunge from the register the name of any person who has died or has ceased to be entitled to be enrolled thereon, and he shall be entitled to make any amendment of name made necessary by marriage.
THE COUNCIL ELECTIONS (COURT OF CONVOCATION REPRESENTATIVES)

Regulations

1. All persons entitled to be placed upon the roll of the Court of Convocation shall be eligible for enrolment as electors.

2. The date of Election shall be determined by the Returning Officer and reported to the Council.

3. Whenever any election is to be held the Returning Officer shall (not less than forty days before the election) by notice in at least two newspapers, published in the City of Auckland, call for nominations of candidates to be lodged with him on or before a day, to be fixed by him, being not less than ten days from the date of the first advertisement, which notice shall be in the following form (or in a form to the like effect):

THE UNIVERSITY OF AUCKLAND

Election of ................ Member(s) of the Council by the Court of Convocation for the Auckland University District.

An election of ................ member(s) will be held at 5 p.m.

on the ................ day of ............... 19..........., at the office of
the Registrar of the University, Princes Street, in the City of Auckland.

No person shall be recognized as a candidate at this election unless he shall have been previously nominated in a document signed by two electors, and unless such nomination paper shall have been delivered to the Returning Officer by postal delivery or otherwise not later than 5 p.m. on the ................ day of ............... 19............

The roll of electors will remain open for inspection and additions until 5 p.m. on the fourteenth day before the election and will then be closed. Immediately thereafter the Returning Officer will issue the voting papers to such voters as are shown in the roll with sufficient postal address (of which the Returning Officer shall be the sole judge).

................................................

Returning Officer.

4. The roll shall be closed at five o'clock in the afternoon of the fourteenth day immediately preceding the day on which an election is to be held, and shall continue to be closed until the election is completed; and no name shall be entered on the roll while it is closed. Immediately thereafter the Returning Officer shall issue the voting papers simultaneously to such voters as are shown in the roll with sufficient postal address (of which the Returning Officer shall be the sole judge); nor shall any voting paper be sent to any person whose address is not within New Zealand, Fiji, Samoa or Australia.
5. Notwithstanding anything above set out, the Returning Officer shall issue a voting paper to any elector whose name appears on the roll and who shall apply in writing to the Returning Officer for a voting paper on the ground that his voting paper is lost or destroyed or defaced or that no voting paper has been issued to him.

6. At every election the votes shall be given by sealed voting papers issued by the Returning Officer in the form prescribed by these regulations, delivered to the Returning Officer on or before the day and time fixed for holding the election, or posted to him in a sealed envelope on or before that day.

7. In any election to fill a casual vacancy the notice of advertisement calling for nominations shall state that the vacancy is a casual one.

8. If an election for filling a casual vacancy be appointed to be held at the same time as an election for the filling of a vacancy occurring by rotation, hereinafter called an ordinary vacancy, separate voting papers shall be issued for each election and each nomination and each voting paper shall specify to which election it relates, and at the time of election the Returning Officer shall first complete the election for filling the casual vacancy or vacancies; and when such election shall be complete, he shall at once proceed to complete the election for filling the ordinary vacancy.

9. When two or more elections are to take place as contemplated in the last preceding Regulation, then in every advertisement relating to such an election, notice shall be given that no nomination paper will be valid, unless it distinctly indicates to which of the vacancies it shall relate.

10. Nominations shall be made by two persons qualified to vote and shall contain the written consent of the candidate to his nomination.

11. Nominations shall be in the following form (or in a form to the like effect):

Directions.
The voter must vote for just as many candidates as there are vacancies.
The voter is to put a cross (X) in the square opposite to the name or names of the candidates for whom he desires to vote.

THE VOTER MUST SIGN HIS NAME AND ADDRESS ON THE BACK OF THIS CARD.

............ The voting paper shall here be perforated horizontally. ............

B. Back of voting paper (below perforation):

I declare that I am not, by reason of my being a graduate of the University of New Zealand (either by examination at any time or by admission ad eundem gradum before 1st January, 1943), enrolled on the register of the Court of Convocation of any University District in New Zealand other than the Auckland University District.

I request the Registrar to record my address on the roll as appears below.

SIGNATURE OF VOTER: ..............................................................

ADDRESS: ..............................................................

..............................................................
14. Every voting paper shall be forwarded to the voter accompanied by an envelope, addressed to the Returning Officer.

15. The poll shall close at 5 o'clock on the afternoon of the day of the election; but all voting papers shall be included and counted which are received by the Returning Officer in due course by post before the close of the sixth day after the day of the election, provided that the Returning Officer is satisfied that the paper was posted in accordance with the provisions of Section 6. On the 7th day after the day of the election the Returning Officer shall open and count the votes. As soon as the voting papers have been checked with the Roll the name and address shall be removed from each voting paper before the votes are counted.

16. Each candidate shall be entitled to nominate a scrutineer, who shall have the same rights and duties as those vested at the date of the poll in a scrutineer at any polls of the Auckland City Council.

17. Upon completion of the counting of votes, the Returning Officer shall forthwith declare the results of the poll.

18. The Returning Officer shall, subject to the provisions herein contained, determine conclusively all questions of detail concerning the election.

19. The Returning Officer is authorized to destroy the voting papers after a lapse of three months from the date of the official announcement of the result.

The Council at its meeting held on 17 September, 1945, resolved:

'That in respect of elections of members of the Council by the Court of Convocation, so that the electors may be notified of the qualifications of candidates, Council adopts the following procedure:

(1) That every candidate for election be invited to send in with his nomination paper the following information:

(a) Name. (d) Degrees (with dates).
(b) Occupation. (e) Academic posts held.
(c) Residence. (f) Other relevant qualifications.

(2) That the Council arrange that copies of statements submitted be sent out with the voting papers.'
THE COUNCIL ELECTIONS (REPRESENTATIVE OF GOVERNING BODIES OF SECONDARY SCHOOLS)

Regulations

1. These regulations may be cited as the Council Elections (Representative of Governing Bodies of Secondary Schools) Regulations 1962.

2. For the purpose of Section 6 Subsection (2) paragraph (e) of the University of Auckland Act 1961 the Governing Bodies of only such registered private secondary schools as are entitled to accredit persons for entrance to a University shall be entitled to vote for the member of Council elected under that paragraph.

3. Each of the Governing Bodies entitled under Section 6 Subsection (2) paragraph (e) of the said Act and the foregoing paragraph 2 of these regulations shall be enrolled on the Roll of Electors. The Roll shall be revised in each year as at the 30th April.

4. The date of an Election by the Governing Bodies shall be determined by the Returning Officer and reported by him to the Council.

5. Whenever an Election is to be held, the Returning Officer shall (not less than 40 days before the Election), by notice addressed to each Elector upon the Roll, call for nominations of candidates to be lodged with him on or before a date fixed in such notice, being not less than ten days from the date of the notice. The notice shall be in the following form (or in a form to the like effect):

THE UNIVERSITY OF AUCKLAND

..................................................

Chairman.

I consent to the above nomination.

..................................................

7. A nomination shall be made by an Elector and shall contain the written consent of the candidate to his nomination.

8. If not more than one nomination is received the Returning Officer shall forthwith after the closing date for the receipt of nominations declare the candidate duly elected.

9. If more than one nomination is received the Returning Officer shall immediately after the closing date for receipt of nomination issue a voting paper to each Elector shown in the Roll as revised.

10. The Returning Officer shall also issue a voting paper to any Elector whose name appears upon the Roll, and who shall apply in writing to the Returning Officer for a voting paper on the ground that its voting paper is lost or destroyed or defaced or that no voting paper has been issued to it.

11. At every Election the votes shall be given by sealed voting papers issued by the Returning Officer in the form prescribed by these regulations, delivered to the Returning Officer on or before the day and time fixed for holding the Election, or forwarded to him by post or otherwise, so as to reach him not later than that day and time.

668
12. In any Election to fill a casual vacancy the notice calling for nominations shall state that the vacancy is a casual one.

13. Every voting paper shall be in the form following (or to the like effect), and shall include occupations and addresses, as well as the names of candidates:

THE UNIVERSITY OF AUCKLAND

Election of one Member of Council by the Governing Bodies of certain Secondary Schools situated with the Auckland University District, under Section 6 Subsection (2) paragraph (e) University of Auckland Act 1961.

Directions

The voter is to cause a cross (X) to be put in the square opposite to the name of the candidate for whom it has resolved to vote.

THE CHAIRMAN OF THE VOTER MUST COMPLETE THE CERTIFICATE ON THE BACK OF THIS CARD.

B. Back of voting paper:

I certify that the vote made on this paper was made in pursuance of a resolution of governing body of school passed at a duly constituted meeting thereof.

Chairman.

14. Every vote shall be made by an Elector in pursuance of a resolution passed at a meeting of the Elector.

15. Every voting paper shall be forwarded to the Elector accompanied by a stamped envelope, addressed to the Returning Officer.

16. All such envelopes received by the Returning Officer shall remain unopened until the close of the poll and no voting paper shall count unless it is received by the Returning Officer not later than the day and hour fixed for the election.

17. Upon completion of the counting of votes, the Returning Officer shall forthwith declare the results of the poll.

18. The Returning Officer shall, subject to the provisions herein contained, determine conclusively all questions of detail concerning the election.

19. The Returning Officer is authorized to destroy the voting papers after a lapse of three months from the date of the official announcement of the result.
THE SENATE ELECTIONS (LECTURERS' REPRESENTATIVES)

Regulations

1. These regulations may be cited as the Senate Elections (Lecturers' Representatives) Regulations 1962.

2. In these regulations unless the context otherwise requires the word 'lecturers' means members of the staff of the University who are lecturers within the meaning of Section 2 of The University of Auckland Act 1961 (whether by specific mention in that section or by determination under it by the Council) and the word 'member' means a member of the Senate elected by the full-time lecturers under Section 30 of the said Act and these regulations.

3. All lecturers other than those holding part-time or temporary positions shall be eligible to vote at such elections provided that a junior lecturer appointed for a term of not less than four years shall not be deemed to hold a temporary position.

4. Each member (other than a member elected to fill a casual vacancy) shall hold office on the Senate for a term of two years beginning on the 1st day of January immediately following his election provided that the term of the first two members shall be calculated as if they had come into office on the 1st day of January, 1961.

4.A. Notwithstanding anything contained in the principal regulations:
(a) The first vacancy to occur after the date when these regulations came into force in the offices of the members holding office at that date (other than a vacancy occurring at the expiry of the term for which a member has been elected) shall not be deemed to be a casual vacancy.
(b) The election to fill the vacancy so occurring shall take place within two months of the date on which the vacancy occurs.
(c) The member elected to fill that vacancy shall hold office on the Senate from the date when he is elected or the 1st day of January 1967 (whichever date is the later) until the 31st day of December 1968.
(d) The term of the office of a member in which the vacancy referred to in paragraph (a) of this regulation does not occur shall run until the 31st day of December 1967.

5. If any member —
(a) dies; or
(b) resigns his office by writing under his hand delivered to the Registrar; or
(c) ceases to be a lecturer
he shall thereupon cease to be a member, and the vacancy thereby created shall be deemed to be a casual vacancy.
6. (a) Elections other than elections to fill casual vacancies shall take place not later than the third Monday in the month of October next preceding the expiry of every term of office provided that the first elections under these regulations shall take place within two calendar months of the making of these regulations.

(b) An election to fill a casual vacancy shall take place within two calendar months of the arising of the casual vacancy.

7. The Registrar shall be the Returning Officer for the purpose of conducting elections under these regulations.

8. The date of an election shall be determined by the Returning Officer and reported to the Senate.

9. Whenever an election is to be held the Returning Officer shall not less than thirty-five days before the election by notice addressed to each elector call for nominations of candidates to be lodged with him on or before a date fixed in that notice but being not less than twenty-one days from the date of the notice. The notice shall be in the following form (or in a form to the like effect):

**THE UNIVERSITY OF AUCKLAND**

Election of .................... Member(s) of the Senate by the full-time Lecturers of the University.

An election of .................... Member(s) of the Senate by the full-time Lecturers will be held at 5 p.m. on the ....................................................

day of .......................... 19........, at the Office of the Registrar of the University, Princes Street, in the City of Auckland.

To be recognised as a candidate at this election a person must first have been nominated by two full-time lecturers in a nomination paper (which must also be signed by the nominee) delivered to the Returning Officer by personal delivery or otherwise not later than 5 p.m. on the .......................... day of .......................... 19.........

Any lecturer of the University (including the Director of Adult Education and any Junior Lecturer appointed for a term of not less than four years) is eligible for nomination.

.................................................................

Returning Officer.

10. Each nomination shall:

(a) be made by two electors,

(b) contain the signature of the person nominated,

(c) be in the following form (or in a form to the like effect):
THE UNIVERSITY OF AUCKLAND

Election to be held on the ............... day of ............... 19.....
of ............... Member(s) of the Senate by the full-time Lecturers
of the University.

We ........................................... and ...........................................
being duly qualified electors hereby nominate ...........................................

........................................... of ........................................... Department
for election to the Senate by the full-time lecturers of the Univer-
sity.

Date...........................................

........................................................................
I consent to this nomination.

........................................................................

11. If not more than one nomination is received the Returning Officer
shall forthwith after the closing date for nominations declare the candidate
duly elected.

12. If more than one nomination is received the Returning Officer shall
immediately after the closing date for nominations issue a voting paper in
the prescribed form to each elector.

13. The Returning Officer shall also issue a voting paper to any elector
who applies in writing to the Returning Officer for a voting paper on the
ground that his voting paper is lost or destroyed or defaced or that no
voting paper has been issued to him.

14. The voting papers shall be returned to the Returning Officer on or
before the day and time fixed for holding the election, or sent to him by
post or otherwise so as to reach him not later than that day and time.

15. In any election for a casual vacancy the notice calling for nomina-
tions shall state that the vacancy is a casual one.

16. Every voting paper shall be in the form following (or to the like
effect):

672
THE UNIVERSITY OF AUCKLAND
