GENERAL
STATUTES
AND
REGULATIONS

Statutes and regulations at present in force are printed in the Calendar, and this is deemed to be sufficient announcement to all members of the University.
CONFERRING OF DEGREES AND ACADEMIC DRESS

REGULATIONS

1. Every Degree and every Diploma of the University shall be conferred or awarded in pursuance of a resolution of the Council in that behalf and at a meeting of the Council by the Chancellor or if he is absent from New Zealand or incapacitated by sickness or otherwise then by the Vice-Chancellor.

2. Every recipient of a Degree shall receive a certificate in appropriate form, under the Common Seal of the University, that his degree has been conferred and stating the class of honours (if any) awarded to him.

3. Every Diploma shall be in appropriate form under the Common Seal of the University.

4. In May of each year the Council shall meet in Convocation of the University for a ceremony of conferring Degrees and awarding Diplomas. Any person desiring to have his Degree conferred, or his Diploma awarded (whether in person or in absentia) at such a ceremony shall give notice of his desire to the Registrar not later than 10 April in the year of the ceremony.

5. The form of words to be used by the Chancellor or the Vice-Chancellor in conferring a Degree shall be as follows:

‘By authority vested in me as Chancellor (or Vice-Chancellor) I now proceed to confer the Degrees stated upon those who, within their several Faculties, have satisfied the requirements of this University.’

6. The form of words to be used by the Chancellor or Vice-Chancellor in awarding a Diploma shall with the necessary changes be the same as for the conferring of a Degree.

7. The regulations for academic dress shall be as follows:

(a) Graduates must appear at all public ceremonies of the University in the academic costume proper to their degree, but doctors may on special occasions wear a scarlet gown and graduates admitted ad eundem statum may wear the academic costume of their own University. Unless the holder of a diploma is also a graduate, the only academic dress he may wear is an undergraduate gown.

(b) The robe for the Chancellor of the University is a blue
damask gown with facings of gold lace, bearing on each shoulder the coat of arms of the University. The cap is a black velvet trencher with gold lace and tassel.

The robe for the Pro-Chancellor is a black silk gown with facings of blue silk and gold lace, bearing on each shoulder the coat of arms. The cap is a black velvet trencher with gold tassel.

The robe for the Vice-Chancellor is a blue silk gown with facings of silver lace, bearing on each shoulder the coat of arms. The cap is a black velvet trencher with silver lace and tassel.

The robe for the Registrar is a gown of black silk with facings of blue silk, bearing on each shoulder the coat of arms. The cap is a black velvet trencher with black silk tassel.

(c) The gown for a Bachelor’s degree is as for the Cambridge Bachelor of Arts. The gown for a Master’s degree is as for the Cambridge Master of Arts. The hood for every degree is the size and shape as for the Cambridge Master of Arts. The hood for a Bachelor’s degree is lined with coloured silk and bordered with white fur. The hood for a Master’s degree is lined with coloured silk only.

The colours of the linings of the hoods for the Bachelors’ and Masters’ degrees are as follows:

Architecture ..................... lemon (BCC 111 primrose)
Arts .............................. pink (BCC 32 rosepink)
Commerce ....................... orange (BCC 57 spectrum orange)
Engineering ..................... violet (BCC 179 violet)
Fine Arts .......................... gold (BCC 114 gold)
Laws ............................. light blue (BCC 194 pompadour)
Medicine ......................... crimson (BCC 240 medici crimson)
(d) The gown for the degree of Doctor of Philosophy is as for the Cambridge Master of Arts with the addition of facings four inches wide of scarlet satin (3in—BBC 209 post office red) edged with gold satin (1in—BBC 114 gold). The hood is made wholly of scarlet silk.

(e) The gown for a Doctor's degree other than that of Doctor of Philosophy is as for the Cambridge Master of Arts but it is made of black silk or of scarlet silk or cloth. The hood is made wholly of silk and is of the following colours for the different degrees:

- Laws ................ light blue (BCC 194 pompadour)
- Literature ................ pink (BCC 32 rosepink)
- Music ................ white (BCC 1 white)
- Science ................ dark blue (BCC 87 empire blue)

(f) The cap for all graduates other than Doctors and the officers of the University is a black trencher with a tassel.

(g) The cap for all Doctors other than the officers of the University is as for the full dress Cambridge Doctor of Philosophy, namely a round black velvet bonnet with a gold cord around the crown ending in tassels.

Notes: (1) The colour of the lining of the hood for the Degree of Master of Philosophy is that of the Faculty in which the Degree is taken.

(2) Number references are from the British Colour Council Dictionary of Colour Standards. Approximate colours in the substitute material satin may be seen on a chart at the enquiry counter at the Registry.

(3) Satin or taffeta is frequently used as a substitute material for silk which is not always obtainable.
AWARD OF HONORARY DEGREES

Clause 19 (3) of the University of Auckland Act 1961 gives Council power to confer any degree as an honorary degree in accordance with such conditions as it may prescribe:

Provided that no honorary degree shall be conferred on any person by the Council unless that person has been recommended therefor by a joint committee of the Council and the Senate set up in accordance with the Statutes or Regulations of the University.

Pursuant to the above clause of the Act, Council has drawn up regulations and set up an Honorary Degrees Committee for the conferment of the following honorary degrees:

Doctor of Laws
Doctor of Science
Doctor of Literature
Doctor of Music.

Information regarding the procedure and criteria for the nomination of a candidate for one of the above honorary degrees may be obtained from either the Vice-Chancellor or the Registrar.
MATRICULATION REGULATIONS

1. To matriculate a student must have been granted
   (a) (i) the University Entrance qualification by the Universities Entrance Board either by accrediting or examination; or
   (ii) admission by the Universities Entrance Board at the standard of the University Entrance examination; or
   (iii) admission under the provisions of the Admission Ad Eundem Statum Regulations; or
   (iv) admission under the provisions of the Provisional and Special Admission Regulations;
   and (b) a place at the University.

2. No person shall be eligible to matriculate
   (a) while enrolled for full-time instruction in a secondary school, combined school or registered private, secondary, or technical school; and
   (b) unless he has attained the age of sixteen years by 31 December in the year preceding his application for matriculation, provided that the Senate may in exceptional circumstances permit a person who has not attained that age to matriculate.

3. Matriculation Declaration: Every student shall upon entering the University make the following declaration: ‘I do solemnly promise that I will faithfully obey the Statutes and Regulations of the University of Auckland so far as they apply to me.’

4. (a) All students, other than those enrolled for the Diploma in Obstetrics, shall complete the matriculation declaration not later than 31 March or such later date that Senate approves in the year in which they enrol.
   (b) A student who enrols for the Diploma in Obstetrics, and who is required to matriculate, shall complete the matriculation declaration not later than
      (i) 31 May for the August examination
      (ii) 30 November for the March examination in the following year
   or such later date that Senate approves in the year in which he enrols.
PROVISIONAL ADMISSION AND SPECIAL ADMISSION REGULATIONS

Subject to the provisions of the University of Auckland Act 1961 section 24, and to the provisions of these regulations any candidate who is not otherwise qualified for admission to the University may be granted provisional or special admission to courses for degrees, diplomas, professional qualifications, or certificates.

Provisional Admission

1. A candidate who has attained the age of twenty-one years by 31 December in the year preceding that for which application is made may be granted provisional admission to a course for a degree, diploma, professional qualification, or certificate provided that this minimum age requirement may be waived where the candidate is otherwise eligible to be granted admission to a course on the basis of any of the following qualifications:
   (a) the New Zealand Certificate in Building:
   (b) the New Zealand Certificate in Draughting (Architecture):
   (c) the New Zealand Certificate in Engineering:
   (d) the New Zealand Certificate in Quantity Surveying:
   (e) the New Zealand Certificate in Science:
   (f) two years of study at a Teaching College and the attainment of a standard considered satisfactory by the Senate.

2. Until the provisional admission has been confirmed the student shall be entitled to enrol only for the subject, units, or papers of the course for which provisional admission was granted.

3. The provisional admission shall be confirmed when the candidate
   (a) having been admitted direct to a Professional year in Architecture, Engineering, or Fine Arts has
passed the whole of a Professional Year or its equivalent, or

(b) having been admitted to the course for the Degree of Bachelor of Science governed by regulations 2 to 16 has gained not fewer than thirty-six credits, or

(c) having been admitted to the course for the Degree of Bachelor of Commerce has passed not fewer than six units, or

(d) having been admitted to any course other than those specified in this regulation has passed not fewer than three units or the equivalent approved for a particular course.

4. When provisional admission has been confirmed a candidate may enrol for any other course for which he is eligible.

Notes: (i) If candidates are under the age of 25 they will generally be advised by the Senate to sit the University Entrance Examination, unless their applications show professional or technical qualifications such as nurses', mariners' or air pilots' certificates.

(ii) Consideration will be given to the amount and kind of secondary school education gained by the applicants and preference will be given to those who are prepared to attend the University full-time.

(iii) Provisional Admission will not be granted to extramural students save in very exceptional circumstances.

Special Admission

DIPLOMA IN MUSIC

5. A candidate is eligible to apply for special admission to the course for the Diploma in Music if he has

(a) attained the age of sixteen years by 31 December in the year preceding that in which he intends to enrol, and

(b) passed the School Certificate Examination, and

(c) passed the Course Entrance Examination.

DIPLOMA IN FINE ARTS

6. A candidate is eligible to apply for special admission to the course for the Diploma in Fine Arts if he has
(a) attained the age of sixteen years by 31 December in the year preceding that in which he intends to enrol, and

(b) been a student for at least three years at a post-primary school, and

(c) passed the Fine Arts Preliminary Examination as defined by the Universities Entrance Board, provided that a candidate who has passed the Fine Arts Preliminary Examination under the 1962 Regulations shall also be required to satisfy the Senate that he has attained a satisfactory standard in English.

7. A candidate is eligible to apply for special admission to the course for the Diploma in Town Planning if he

(a) has attained the age of twenty-one years by 31 December in the year preceding that in which he intends to enrol, and

(b) (i) has been admitted or has qualified for admission to a Degree other than a Degree referred to in Regulation 1 (a) of the Regulations for the Diploma in Town Planning, or

(ii) holds a professional qualification in Architecture, Engineering, Surveying, or Town Planning.

8. A candidate is eligible to apply for special admission to the course for the Diploma in Building and Construction Management if he

(a) has attained the age of twenty-one years by 31 December in the year preceding that in which he intends to enrol, and

(b) (i) has been admitted or has qualified for admission to a Degree other than Architecture or Engineering, or

(ii) holds or has qualified for the award of a professional qualification in Architecture, Engineering, Surveying or Quantity Surveying, or
(iii) holds or has qualified with outstanding merit for the award of the New Zealand Certificate in Building, Draughting (Architecture), or Engineering, or

(iv) has had not less than five years' responsible practical experience in Architecture, Engineering, Building and Construction or Quantity Surveying; provided that the Senate may approve a shorter period of practical experience where the candidate has followed an approved course of study at a University for at least two years and passed the appropriate examinations.

9. A candidate is eligible to apply for special admission to the course for the Diploma in Business and Industrial Administration if he

(a) has attained the age of twenty-one years by 31 December in the year preceding that in which he intends to enrol, and

(b) (i) holds or has qualified for the award of a professional qualification in Accountancy, Engineering, Science, or other approved discipline, or

(ii) holds or has qualified for the award of the New Zealand Certificate in Engineering with outstanding merit, or

New Zealand Certificate in Engineering with outstanding merit, or

(iii) has had not less than five years' responsible experience in industry; provided that the Senate may approve a shorter period of practical experience where the candidate has followed an approved course of study at a University for at least two years and passed the appropriate examinations.

10. A candidate is eligible to apply for special admission to the course for the Diploma in Public Health Engineering if he
PROCEDURE

(a) has attained the age of twenty-one years by 31 December in the year preceding that in which he intends to enrol, and

(b) (i) has been admitted or has qualified for admission to a degree other than Engineering, or

(ii) holds a professional qualification in Engineering, or

(iii) holds or has qualified with outstanding merit for the award of the New Zealand Certificate in Engineering, or

(iv) has had not less than five years responsible experience in Public Health or Public Health Engineering.

11. A candidate for admission to a course for a degree or diploma of this University, who, by reason of his qualification in a course for a New Zealand Certificate or the Professional Examination in Accountancy, may be eligible for exemptions, shall seek special admission to the course for that degree or diploma whether or not he is a matriculated student or holds a University Entrance qualification.

12. A candidate who is granted special admission to a course is entitled to enrol only for the course for which special admission was granted.

PROCEDURE

13. A candidate seeking provisional or special admission shall

(a) make application to the Registrar on the appropriate form, and

(b) submit satisfactory evidence of age, and

(c) submit evidence of educational qualifications, and also, in the case of applications for provisional admission, any other evidence to indicate that he is qualified to enter upon the course with reasonable prospect of success, and

(d) pay the prescribed fees, and
(e) for all courses other than the course for the Diploma in Gynaecology and Obstetrics and the Diploma in Obstetrics make application not later than 10 January in the year in which he wishes to enrol provided that on payment of the prescribed fees and a late fee of $10, an application may be considered if it is made not later than the last day of the enrolling period preceding the commencement of the first term.

Notwithstanding anything in this section, on payment of a fine of $10 in addition to the prescribed fees and late fee, and subject to the approval of the Vice-Chancellor, an application may be considered after the last day of the enrolling period in each year.

(f) for the course for the Diploma in Gynaecology and Obstetrics make application not later

   (i) 1 March for the June examination
   (ii) 1 September for the December examination in the year in which he wishes to enrol.

(g) for the course for the Diploma in Obstetrics make application not later than

   (i) 1 May for the August examination
   (ii) 1 November for the March examination in the following year

in the year in which he wishes to enrol.
ADMISSION AD EUNDEM STATUM REGULATIONS

1. Subject to the provisions of the University of Auckland Act, 1961, S.24, and to the provisions of these regulations the Council may admit any person ad eundem statum to any degree or other academic qualification or part thereof provided that a student from another University in New Zealand seeking admission to any undergraduate course shall only be granted admission ad eundem statum if in the opinion of the Senate there are compelling circumstances for his transfer to this University.

Credits towards first Degree or Diploma

2. On an application for credits under these regulations for subjects or units towards a bachelor's degree or a diploma course the Council may

(a) grant credits for specified subjects or units at specified stages; and, or in the alternative,

(b) grant exemptions in a number of unspecified subjects or units, and grant permission to advance in specified subjects.

Right to proceed to Higher Degree

3. On an application for the right to proceed to a higher degree or diploma with honours, the Council may grant admission to the status of the holder of a degree or diploma with the right to proceed to a specific higher degree or diploma with or without honours; provided that the applicant complies with any prerequisites prescribed or required by Council for such degree or diploma.

Procedure

4. (a) A student from an overseas University shall

(i) make written application to the Registrar on the appropriate form,

(ii) submit such evidence as the Senate may require of academic standing and of any degree obtained at a former University,
(iii) submit a declaration of identity,
(iv) pay the prescribed fee,
(v) make application for any undergraduate course not later than 30 September in the year preceding that in which he wishes to enrol or for any graduate course not later than 31 January in the year in which he wishes to enrol, provided that a late application may be accepted only with the permission of the Senate and on payment of a fine of $20.

Notwithstanding anything in this section, on payment of a fine of $10 in addition to the prescribed fees and late fee, and subject to the approval of the Vice-Chancellor, an application may be considered after the last day of the enrolling period in each year.

(vi) for the course for the Diploma in Obstetrics make application not later than 1 May for the August examination 1 November for the March examination in the following year in the year in which he wishes to enrol.

(b) A student from another University within New Zealand, in the year in which he wishes to enrol, shall
(i) make written application to the Registrar on the prescribed form;
(ii) request the Registrar of his former University to forward a copy of his official record to the University of Auckland;
(iii) for all courses other than for the Diploma in Obstetrics make application not later than 10 January in the year in which he wishes to enrol, provided that a late application may be accepted only with the permission of the Senate and on payment of a fine of $20;
(iv) for the course for the Diploma in Obstetrics make application not later than 1 May for the August examination 1 November for the March examination in the following year
Completion of Degree or Diploma at another University

5. A student who leaves the University of Auckland district either to reside in another university district within New Zealand or to reside overseas, and who has passed for the course for a degree or diploma of the University of Auckland such part of the work as the Senate may from time to time determine to be the major part of the work for that course, may, with the approval of the Senate in order to complete that degree or diploma course, take appropriate examinations at another University and may, with like approval be granted credits under these regulations for such examinations.

Admission at Entrance Standard

Note: Candidates who are seeking recognition of overseas educational qualifications for the purpose of entry to any New Zealand University should, if admission at entrance standard only is required make written application with the appropriate fee by 1 July of the preceding year to the Secretary, Overseas Students Admissions Committee, Box 8035, Wellington, New Zealand.
TERMS REGULATIONS

1. Except for the subjects of the Engineering Professional courses these regulations shall apply
   (a) to every student intending to present himself for examination in written papers or oral or practical work, other than a student enrolled in accordance with the Extramural Enrolment Regulations and
   (b) in respect of
      (i) every unit, or subject, or part of a unit or subject, and
      (ii) every part of a course where that part is required to be passed as a whole, prescribed for any degree or diploma of the University.

2. Where these regulations apply, a student shall keep terms in a unit, subject, or part of a course and in that unit, subject, or part of a course shall
   (a) attend classes to the satisfaction of the Senate, and
   (b) perform to the satisfaction of the Senate such oral, practical, written, and other work as the Senate may require.

Notes: (i) Students will be informed by each department of the specific requirements for terms in that department, and the extent to which the year’s work will be taken into consideration in assessing final results.
   (ii) Students in the Course in Human Biology for the Degree of Bachelor of Science and students in the professional examinations for the Degree of Bachelor of Architecture, the Diploma in Fine Arts, the Diploma in Fine Arts with Honours, and in the practical units for the professional examinations for the Degree of Bachelor of Fine Arts should note that terms will be awarded not in single units or subjects but in the whole course for which the student is enrolled in that year.

3. A student who satisfies the Senate that he is unable to attend the full course of study for which he is enrolled may, on the recommendation of the Head of the Department concerned, be granted partial exemption from lectures.

Terms Carried Forward

4. (a) Terms in any unit or subject shall be good only for the year in which they are kept, provided that upon application the
Senate may at its discretion permit those terms to be carried forward to a later year in the case of any student who has been refused an aegrotat or compassionate pass in that unit or subject, or, who in the opinion of the Senate, would incur hardship if he were required to keep terms afresh.

(b) Each application for the carrying forward of terms shall be made in writing to the Registrar not later than 10 January of the year next following that in which the terms were kept, or after that date upon payment of a late fee of $5, provided that no such application shall be made later than 31 January next except with the leave of the Senate and upon payment of a fine of $10 in addition to the late fee of $5.

(c) A student whose terms in a unit or subject have been carried forward to a later year shall not be entitled to apply again under this Regulation for those terms to be carried forward; but otherwise he shall be deemed for all purposes to have kept terms in that unit or subject in that later year.

Note: See regulation 3 (e) of the Enrolment and Course Regulations (General).

Failure in Units

5. Students granted Terms Carried Forward are subject to the provisions of Regulation 9 of the Enrolment and Course Regulations (General).

Note: For the purposes of this Regulation students shall be deemed to be engaged in academic studies in that year whether or not they sit their degree examinations.

Multiple Courses and Subjects

6. No candidate shall be eligible to keep terms in the same year for more than two distinct courses for degrees and diplomas. A candidate entering for two such courses shall be permitted to present himself for examination in only two subjects more than the maximum number allowed in either course.

7. No candidate shall be eligible to keep terms in any unit or subject for which he has received credit for another degree or diploma.

8. Subject to the provisions of the course regulations for any degree or diploma, no candidate shall be eligible to keep terms in two stages of a subject in the same year, provided that the Senate may waive this requirement in the case of a candidate of proved merit.
THE LIMITATION OF ENROLMENTS STATUTE 1970

WHEREAS the University will be unable adequately to accommodate all of those students who, from 1972 onwards, may be expected to seek to gain admission to its courses or classes:

Now the Council of the University of Auckland, after consulting the Senate of the University, in pursuance of Sections 22 and 24 of the University of Auckland Act 1961, HEREBY MAKES the following Statute:

1. This Statute may be cited as The Limitation of Enrolments Statute 1970 and shall come into force on the first day of January 1972.

2. In 1972 and each succeeding year
   (a) the number of students who may be admitted to courses (other than as extramural students) within the Faculties of Architecture, Engineering, Fine Arts, Law, and Music shall be the number appearing beside the names of those Faculties in the First Schedule to this Statute:

   and

   (b) the number of enrolments (other than extramural enrolments) permitted in the courses or classes set out in the Second Schedule to this Statute shall be 10500:

   provided that the Council may, in respect of any year during which this Statute is in force, having regard to the accommodation then available, the number of students expected to seek admission, and any other relevant circumstance, increase or reduce any number appearing in the First Schedule and the number of enrolments permitted in the courses or classes set out in the Second Schedule by not more than one-tenth.

3. The numbers determined in respect of any year during which this Statute is in force pursuant to the preceding clause shall be the maximum numbers of admissions and enrolments respectively for that year and when those numbers have been reached an insufficiency of accommodation in the University shall be deemed to exist.

4. The Faculty of Fine Arts (Limitation of Enrolments) Statute 1965 is hereby repealed.

ENROLMENT AND COURSE REGULATIONS (GENERAL)

1. Dates of Terms

(a) There shall be in each year three terms. The first term shall begin on the first Monday after 25 February and shall end on the Saturday preceding the 19th Monday of the Calendar year. The second term shall begin on the 22nd Monday of the Calendar year and shall end on the Saturday of the 11th week thereafter. The third term shall begin on the 36th Monday of the Calendar year and shall end on 31 October of each year. The Easter recess shall extend from Good Friday to the Tuesday of Easter week both days inclusive. The mid-term break during the second term shall consist of the whole of the 6th week.

(b) For the purpose of the holding of such examinations as may be required at the conclusion of the University year, all Lectures and Laboratory courses shall cease about the end of the fifth week of the third term in each year. Under special circumstances lectures may be continued to a date not later than 28 October.

(c) In the School of Engineering there shall be in each year two semesters. The first shall begin on the first day of term as defined in (a) above and end on the Saturday of the 16th week thereafter, with a study break of two weeks at the 11th and 12th weeks. The second shall begin on the 29th Monday of the calendar year and shall end on the Saturday of the 15th week thereafter, with a study break of one week at 6th and one week at the 11th week.

(d) The examinations in Engineering shall be held after the end of each semester, during a period of eight days.

2. General Course Provisions

(a) Subject to the Admission Ad Eundem Statum Regulations and to the express provisions of any other regulations every candidate for a Degree, Diploma or Certificate course shall be required to

(i) be a matriculated student of the University;
(ii) follow the prescribed course of study in the order prescribed or indicated in accordance with the regulations governing the course;
(iii) keep terms in the prescribed subject or subjects in accordance with the Terms Regulations;
(iv) carry out the prescribed practical work (if any);
(v) comply with the provisions of the Examination Regulations;
(vi) pass the prescribed examinations.

(b) The personal course of study of every student shall require the approval of the Senate provided that
(i) the Senate may delegate to the Dean of the Faculty within which the student is enrolled the power to give such approval;
(ii) the Senate may in exceptional circumstances approve a personal course of study which does not in every particular satisfy the regulations for the degree or diploma for which the student is enrolled;
(iii) where approval of a personal course of study has been withheld by a decision of the Dean acting under delegation of that power the student may appeal to the Senate against that decision;
(iv) where options are prescribed for a course, the Senate may at its discretion determine which of them shall be available in any year: provided always that sufficient options shall be available to enable a candidate to complete his course.

(c) In relation to the time limit for the presentation of a dissertation, original investigation, or thesis 'academic year' shall in these and all other regulations of the University, unless the context requires otherwise, mean the period from the first day of March in one calendar year to the last day of February in the calendar year next following.

3. **Eligibility to Enrol**

(a) Students entitled to enrol at the University of Auckland, subject to places being available, and who otherwise fulfil the eligibility requirements shall include:

(i) those previously enrolled whose official record remains at this University;
(ii) those living in the area defined in the Appendix of these regulations who wish to enrol for the first time at a University in a course of study in the Faculties of Arts
  Commerce
  Education, for the Diploma in Education
  Law, for the Intermediate Examination
  Music, for the Degree of Bachelor of Music
  Science (including the subjects of the Architecture and Engineering Intermediate examinations but excluding the course in Human Biology for the Degree of Bachelor of Science and the course for the Diploma in Optometry);

(iii) those living in New Zealand south of the area defined in the Appendix of these regulations who wish to enrol for the first time at a university in a course of study approved for the purposes of this sub-clause by the Senate.

Note: For 1973, subject to places being available, the Senate has approved for the purposes of Regulation 3 (a) (iii) the following courses in the Faculty of Arts:

(a) **Asian Studies**

Any course of study including at least three units, one of which is at a stage higher than Stage I, from the subjects, Asian Geography, Asian History, Asian Politics, Chinese, Indonesian, and Japanese.

(b) **Classics**

For an intending student living in the Auckland University District (as defined in the First Schedule to the University of Auckland Act 1961) south of the area defined in the Appendix of these regulations, any course of study including at least four units, one of which is at a stage higher than Stage I, from the subjects Ancient History, Greek, and Latin.

(b) **Germanic Languages**

Any course of study including at least four units from the subjects German and Scandinavian Studies. At least two of the units must be in Scandinavian Studies.

(d) **Maori Studies**

Any course of study including one or more units of the subject Maori Studies. Intending students must satisfy the Head of the Department of Anthropology that they are competent speakers in Maori. The minimum qualification normally accepted as adequate will be a pass in Maori in the School Certificate Examination.
(e) **Romance Languages**

Any course of study including at least four units from the subjects French, Italian, and Spanish. At least two of the units must be in Italian or in Spanish, or in Italian and Spanish.

Each student who wishes and is entitled to enrol must complete a pre-enrolment form by the date prescribed and shall in his enrolment be subject to any restrictions or conditions imposed by the Senate and by the Faculty or Faculties in which he enrols.

(b) Students who may be permitted by the Senate to enrol at the University of Auckland, subject to places being available, and who otherwise fulfil the eligibility requirements shall include:

(i) those who wish to enrol for the first time in a course of study in the Faculty of

- Architecture, for the examinations for the professional years,
- Engineering, for the examinations for the professional years,
- Fine Arts,
- Medicine (including the course in Human Biology for the Degree of Bachelor of Science),
- Music for the Degree of Bachelor of Music Executant or the Diploma in Music or Diploma in Music with Honours,

or for the following diploma courses:

- Building and Construction Management,
- Business and Industrial Administration,
- Criminology,
- Educational Psychology,
- Gynaecology and Obstetrics,
- Language Laboratory Teaching,
- Obstetrics,
- Optometry,
- Public Health Engineering,
- Town Planning,
- Urban Valuation;
(ii) those who wish to enrol at a university for the first time and are not entitled to enrol under sub-clauses (ii) and (iii) of regulation 3 (a) of these regulations;

(iii) those who have failed to make satisfactory academic progress in their University studies or have been excluded from the University;

(iv) those transferring from another university in New Zealand who satisfy the Senate as required by the Ad Eundem Statum Regulations that there are compelling reasons for their transfer;

(v) those who wish to enrol to complete the course requirements of another university in New Zealand;

(vi) those overseas students granted Admission Ad Eundem Statum with credits; or

(vii) those overseas students selected for admission at entrance level.

Each student not entitled to enrol but who wishes to enrol must complete a pre-enrolment form by the date prescribed, and if permission to enrol is granted shall in his enrolment be subject to any restrictions imposed by the Senate and by the Faculty or Faculties in which he enrols.

4. Enrolment

(a) Every internal student shall enrol at the University in person before the beginning of the first term in accordance with the detailed enrolment timetable published in this Calendar: provided that where a student is, by reason of illness or of any exceptional circumstances beyond his control, unable to enrol in due time, he may with the permission of the Senate enrol late without penalty if he

(i) applies for that permission on or before 31 January, or as soon as reasonably possible in any case where it is after that date that the student becomes ill or the exceptional circumstances arise; and
(ii) produces with his application a medical certificate or reasonable evidence of the exceptional circumstances relied upon.

(b) Students whose dissertations, original investigations, or theses for a degree, or diploma, are incomplete shall be required to re-enrol at the beginning of each academic year until the dissertation, original investigation or thesis is presented.

(c) (i) Candidates for the Diploma in Gynaecology and Obstetrics must complete a formal enrolment and pay the prescribed fees not later than 1 March for the June examination or 1 September for the December examination.

(ii) Candidates for the Diploma in Obstetrics must complete a formal enrolment and pay the prescribed fees not later than 1 May for the August examination or 1 November for the March examination in the following year.

(d) Extramural students shall enrol in accordance with the provision of the Extramural Enrolment Statute and Regulations.

(e) Students who have applied for terms to be carried forward and who have not received a decision by enrolment week must enrol and pay fees in the normal way. If an application to carry terms forward is approved the applicant may cancel his enrolment and receive a refund of fees provided that

(i) application for Terms Carried Forward was made before 31 March and

(ii) an ‘Alteration to Course’ form is completed and lodged at the Registry within fourteen days of the posting of the official notification of approval.

(f) A student who has applied for Ad Eundem Statum Admission, or Provisional Admission, or Special Admission to be eligible to matriculate, and who has not received a decision before the beginning of enrolment week, shall enrol and pay fees as if his application had been granted. If his application is refused he shall be admitted as a non-matriculated student to lectures and laboratories only; provided that his enrolment may be cancelled and his fees fully refunded if within fourteen days of the posting to him of notice of refusal he lodges at the Registry an appropriately completed ‘Alteration to Course’ form.
(g) A student who is enrolled at another University in New Zealand and who wishes to enrol at the University of Auckland shall submit to the Registrar an application to transfer, on the prescribed form, not later than 10 January in the year in which he wishes to enrol, provided that a late application may be accepted only with the permission of the Senate and on payment of a fee of $20.

Note: A student wishing to apply for credits towards a Degree or Diploma offered by the University of Auckland must also comply with the provisions of the Admission Ad Eundem Statum Regulations.

5. Penalties for Late Enrolment

Fines

(a) All students enrolling for courses in the Faculty of Science shall enrol not later than Tuesday of the week in which enrolment takes place, and

all students enrolling for courses in Faculties other than Science which include units in Biology, Botany, Chemistry, Geology, Physics or Zoology shall enrol not later than Tuesday of the week in which enrolment takes place, and

all students enrolling for courses in Faculties other than Science which include units in Applied Mathematics, Mathematics or Statistical Mathematics shall enrol not later than Wednesday of the week in which enrolment takes place, and

all students enrolling for the Second, Third, and Fourth Professional and Honours years for courses in the Faculty of Fine Arts shall enrol not later than Monday of the week in which enrolment takes place, and

all other students other than those enrolling for the Diploma in Gynaecology and Obstetrics or the Diploma in Obstetrics, shall enrol not later than Friday of the week in which enrolment takes place;

provided that enrolments may be accepted after the days prescribed but in no case shall

(i) a student whose home is outside New Zealand be accepted later than the commencement of the second week of lectures, or

(ii) a student permanently resident in New Zealand be accepted later than 31 March, or
(iii) a student be accepted for enrolment in a laboratory subject (including the subject Studio in the Faculty of Architecture and any practical subject or unit in the Faculties of Engineering and Fine Arts) later than the second Friday after the commencement of lectures in the first term except with the special permission of the Senate and upon payment of such of the following penalties as the Senate may in its discretion impose on him

(i) in each case a late fee of $20, and
(ii) in cases where enrolment is applied for after the end of the first week of term an additional fine of $4 for each week or part of a week after the first week of term by which the application for enrolment has been delayed; and

(b) all students enrolling for the Diploma in Gynaecology and Obstetrics shall enrol not later than

(i) 1 March for the June examination
(ii) 1 September for the December examination

provided that enrolments may be accepted after this date upon payment of a fine of $4 for each week or part of a week after 1 March or 1 September by which the application for enrolment has been delayed.

(c) all students enrolling for the Diploma in Obstetrics shall enrol not later than

(i) 1 May for the August examination
(ii) 1 November for the March examination in the following year

provided that enrolments may be accepted after this date upon payment of a fine of $4 for each week or part of a week after 1 May or 1 November by which the application for enrolment has been delayed.

Choice of Course

(d) The courses of study of those enrolled after the date prescribed will be determined by the Senate and will not necessarily conform with those proposed by the students concerned. In determining such courses, the Senate will have regard to the prior claims upon both laboratory and classroom space of those students who have enrolled at the approved time.

PhD Enrolments

(e) The provisions of this regulation do not apply to enrolments for the Degree of Doctor of Philosophy.

6. Payment of Fees

(a) All fees that cannot be claimed under a bursary or study award shall be paid at enrolment: provided that under circumstances beyond the control of the student, the Registrar may, on application, grant an extension of time up to 31 March for the payment of the balance of the fees which the student cannot pay at enrolment.

(b) In any case in which fees are not paid in accordance with Clause (a) of this regulation, the following provisions shall apply

(i) the Senate may impose a fine of 10% of the amount of fees outstanding after 14 March or after any later date in March to which time for payment has been extended by the Registrar;

(ii) the Senate shall withhold the granting of terms until such fees have been paid;

(iii) no person shall be enrolled as a student of this University while any fees due by him under the provisions of this regulation remain unpaid;

(iv) a student shall not be entitled to have his record transferred to any other University while any fees due by him under the provisions of this regulation remain unpaid.

Note: A student who, because of circumstances beyond his control, is unable to pay all his fees at enrolment must interview the Registrar or his Deputy and complete an agreement regarding the payment of the balance of the fees. He must ensure that his enrolment forms are handed in to the Cashier. If enrolment forms are handed in after enrolment week the full penalties for late enrolment may be imposed by the Senate.

(c) If a student enrolled for a Course of Instruction in a Single Instrument in the Department of Music elects to pay tuition fees in three instalments, a fine of $4 per week will be imposed for each week or part of a week by which the payment of fees for term II or term III has been delayed.
7. Alterations to Courses

(1) Additions, Substitutions or Withdrawals of Units and Subjects

(a) A student who having completed enrolment wishes to alter his course may apply to the Senate upon the conditions in clause (b) or (c) (as the case may require) and clause (d) of this regulation for leave to add, substitute, or withdraw from any subject or unit.

Note: It is not sufficient to notify a change of course solely to a Department. An ‘Alteration to Course’ application must be filed at the Registry.

(b) Additions and Substitutions

All applications to add or substitute a subject or unit shall require the permission of the Senate and shall be lodged at the Registry:

(i) not later than the second Friday after the commencement of lectures in the first term of each year, in the case of a laboratory subject (including the subject Studio in the Faculties of Architecture and Fine Arts)

(ii) not later than the second Friday after the commencement of lectures in the first or second semester of each year as the case may be for any subject of a Professional year in the Faculty of Engineering.

(iii) not later than 31 March in each year, in the case of every other subject or unit

provided that a late application may be accepted with the special permission of the Senate and upon payment of a late fee of $4 for each week or part of a week by which it is late.

All applications to alter a choice of paper shall be required to be endorsed by the Head of the Department concerned and lodged at the Registry not later than 30 April in each year

provided that a late application may be accepted with the special permission of the Head of the Department and upon payment of a late fee of $4 for each week or part of a week by which it is late.

(c) Withdrawals

(i) All applications to withdraw from a subject or unit other than an application to withdraw from the course
for the Diploma in Gynaecology and Obstetrics, or from the course for the Diploma in Obstetrics or from the professional years for the Degree of Bachelor of Engineering shall require to be endorsed with the approval of the Dean of the Faculty and shall be lodged at the Registry not later than 31 March in each year.

(ii) All applications to withdraw from the course for the Diploma in Gynaecology and Obstetrics shall be lodged at the Registry not later than 1 April for the June examination or 1 October for the December examination.

(iii) All applications to withdraw from the course for the Diploma in Obstetrics shall be lodged at the Registry not later than 1 June for the August examination or 1 December for the March examination in the following year.

(iv) All applications to withdraw from the course for the first semester of a professional year for the Degree of Bachelor of Engineering shall be lodged at the Registry not later than 31 March in each year, and applications to withdraw from the course for the second semester shall be lodged not later than 15 August in each year.

(d) Fees

(i) Payment of Additional Fees
Any additional tuition fees and all late fees shall be paid at the time of the lodging of the application.

(ii) Refund of Fees
(a) Where a candidate applies under paragraph (c) of this Regulation and within the appropriate time limit to withdraw from all the courses, subjects or units for which he has enrolled, he shall receive a full refund of all tuition fees and of the Students' Association fee.

(b) Where the student has within the appropriate time limit applied under paragraph (c) to withdraw from a subject or unit (but not from all for which he has enrolled), or under paragraph (b) to sub-
stitute a subject or unit for which a lesser fee is
prescribed than that which he has paid, he shall
receive a refund of the difference between the
total tuition fees paid and the total due on accept-
ance of the application for withdrawal or substi-
tution.

(c) Where a student for reasons of illness or injury or
any exceptional circumstances beyond his control
makes a late application for withdrawal, the Senate
may in its absolute discretion grant a partial refund
of tuition fees but in no case of the Students’ Asso-
ciation fee.

Note: Students who have their tuition fees paid under University
Scholarships, Education Department Bursaries, Government Study Awards,
Training College Bursaries, Secondary Teachers’ Studentships, Colombo
Plan, or S.C.A.A.P. should note that if they do not comply with the
regulations relating to 'Alterations to Courses' they may prejudice their
scholarship or bursary in a future year. The University will claim tuition
fees from the authority concerned in accordance with enrolments as at
31 March in each year.

(2) Alteration of Optional Papers for Masters and Optional
Papers for a Subject or Unit for a Degree or a Diploma

All applications to alter a choice of paper shall be required
to be endorsed by the Head of the Department concerned and
lodged at the Registry not later than 30 April in each year

provided that a late application may be accepted with the
special permission of the Head of the Department and upon
payment, if the Senate so requires, of a late fee not exceeding
$4 for each week or part of a week by which it is late.

Note: It is not sufficient to receive approval solely from the Head of the
Department for a change of an optional paper. An 'Alteration to Course'
application must be filed at the Registry.

(3) Applications for approval of Senate as required by Regula-
tions governing intended Course of Study

A student who wishes to take in any year a course of study
which under any regulation for the Degree of Bachelor of Arts
or the Degree of Master of Arts requires the specific approval
of the Senate, shall make application to the Registrar on the
appropriate form not later than 31 January in the year in which
he wishes to enrol, provided that with the permission of a Head
of Department an application may be accepted after this date.
8. **Non-matriculated Students**

Admission to lectures or laboratories may be granted to non-matriculated students provided they comply with all other regulations governing admission. The Council may from time to time restrict entry of non-matriculated students to one or more subjects by reason of shortage of accommodation or other special circumstances.

*Note:* A non-matriculated student may not enter for any degree, diploma, or certificate of proficiency examinations as he is unable to comply with the course regulations.

9. **Exclusion from Course of Study**

(1) **Unsatisfactory Work During Year**

Heads of Departments may exclude any student from a course of study in any subjects in their departments on the ground of unfitness or of unsatisfactory progress in such subjects. A student so excluded shall have the right of appeal to the Senate. All students recommended for exclusion shall be informed individually by the Head of the Department not later than the Friday preceding the mid-term break. Such students may lodge an appeal against their exclusion not later than the following Friday.

(2) **Failure in a unit or subject after two attempts:**

Any student who has twice attempted but has failed to be credited with a pass in an optional unit or subject, shall not be entitled to re-enrol in that unit or subject without the prior permission of the Head of the Department in which it is taught.

(3) **Failure to make satisfactory progress in course of study as a whole:**

(a) For the purpose of this Regulation a full-time course shall be any one of the combinations of sub-units, units, subjects, professional years and examination papers, but not ‘any final section’, as defined for bursary purposes.

The following students, including students transferring from another University, with the exception of students who are re-enrolling for PhD or for the purpose of completing Case Studies, Dissertations, Original Investigations or Theses for any Degree or Diploma; OR have been part-time students over the last two years of their academic
studies and have passed in all sub-units, units, or subjects for which they were deemed to be engaged in academic studies (see Regulation 9 (d) Note (i) );

OR are re-enrolling for further study following the completion of a Degree or Diploma, or a pre-requisite for a Masters Degree or Postgraduate Diploma;

shall not be entitled to enrol without the prior permission of the Senate:

(i) Faculty of Architecture: Any student wishing to enrol in the Faculty of Architecture, who

(a) in the course for the Degree of Bachelor of Architecture has, over the last two years of his academic studies, failed to pass the Intermediate Examination, or has failed to complete all the requirements of the First Professional Examination, or has, over the last two years of his academic studies failed to complete all the requirements of the Second, Third, or Fourth Professional Examination; or

(b) in any other course has, over the last two years of his academic studies failed to pass the equivalent of one year’s full-time course;

(ii) Faculties of Arts, Commerce, Education, Law: Any student, wishing to enrol in any of the Faculties of Arts, Commerce, Education, or Law, who over the last two years of his academic studies has in any course failed to be credited with a pass in the equivalent of one year’s full-time course;

(iii) Faculty of Engineering: Any student wishing to enrol in the Faculty of Engineering who

(a) in a course arranged in units, has, over the last two years of his academic studies, failed to pass in the equivalent of one year’s full-time course; or

(b) in a course arranged in semesters, has, over the last four semesters of his academic studies, failed to pass in subjects which contain a minimum of 9 papers; or

(c) has taken more than one year to complete the Intermediate examination and has failed to pass in four subjects in his first attempt at the examinations of the First Professional Year;
(iv) Faculty of Fine Arts: Any student wishing to enrol in the Faculty of Fine Arts, who —

(a) in a course arranged in Professional Years, has failed all the units of a Professional Year or has over the last two years of his academic studies, failed to complete all the units of a Professional Year, or

(b) in a course or part of a course not arranged in Professional Years, has over the last two years of his academic studies, failed to be credited with a pass in the equivalent of one year's full-time course;

(v) Faculty of Medicine: Any student wishing to enrol in the Faculty of Medicine who has failed his previous year of academic study as a whole;

(vi) Faculty of Music: Any student wishing to enrol in the Faculty of Music, who over the last two years of his academic studies has

(a) in a course arranged in units failed to pass in units which contain a minimum of six papers

(b) in a course arranged in Professional Years failed:

to complete all the units of a Professional Year; or

to pass in units equivalent to a Professional Year;

(vii) Faculty of Science: Any student wishing to enrol in the Faculty of Science, who —

(a) in any course other than the course in Human Biology, over the last two years of his academic studies, has failed to be credited with a pass in the equivalent of one year's full-time course, or

(b) in the course in Human Biology has failed all the units of Part I, Part II, or Part III, or, over the last two years of his academic studies has failed to complete all the units of Part I, Part II, or Part III;

(viii) Excluded from Another University: Any student who has been excluded from any University as an unsatisfactory student.

(b) Procedure for obtaining permission to enrol, by a student who has failed to make satisfactory progress

Application for permission to enrol shall be made with the prescribed fee not later than 10 January in the year in which
the student wishes to enrol provided that on payment of a late fee of $10 in addition to the prescribed fee an application may be received up to 31 January.

(c) Conditional Re-Enrolment:

Permission of the Senate granted to any student to re-enrol under the provisions of this sub-clause may be subject to such conditions relating to a Department or Faculty in which the student may pursue his studies as the Senate may see fit to impose.

(d) Right of Appeal:

Any student who is refused permission to enrol by the Senate or who objects to any condition of the enrolment imposed by the Senate shall have the right of appeal to the Council.

Note: For the purposes of this regulation:
(i) Students who in any year of their academic studies have not formally withdrawn, in terms of regulation 7 of these Regulations, from all of the courses for which they enrolled shall be deemed to be engaged in academic studies in that year.
(ii) ‘Units’ include units in an external professional examination conducted by the University Grants Committee, provided that the student was also enrolled at a University in the year in which the external professional examinations were taken.

10. Cross-credits and Exemptions

(a) Cross-credits

Subject to any special provisions made elsewhere in the Regulations of the University:

a candidate who has passed in subjects, units, sub-units, or papers common to two or more courses may, on payment of the prescribed fees under the Fees Regulations, transfer

(i) to a course arranged in subjects or units (except the course for the Degree of Bachelor of Commerce and the course for the Degree of Bachelor of Science governed by Regulations 2 to 16) not more than three subjects or units

or (ii) to the course for the Degree of Bachelor of Commerce not more than eight units
or (iii) to the course for the Degree of Bachelor of Science governed by Regulations 2 to 16 units totalling not more than 36 credits
or (iv) to a diploma course arranged in papers not more than two papers and with the prior approval of the Senate

provided that the following shall not be cross-credited
any subject, unit, sub-unit, or paper already cross-credited under this part of this regulation;
any Stage III unit, sub-unit, or paper, to a course where that Stage III unit, sub-unit, or paper so cross-credited constitutes the only Stage III work in the candidate’s course;
any subject, unit, sub-unit, or paper for a Master’s degree;
any conceded pass or restricted pass granted under the Instructions to University Examiners;
and a candidate who is by this proviso unable to cross-credit a subject, unit, sub-unit, or paper compulsory to his other course may take in place of it such other subject, unit, sub-unit, or paper as the Senate may approve.

In any case where an application for the transfer of cross-credits from one course to another is not covered by the provisions of this clause or in the event of doubt or difficulty of interpretation the Vice-Chancellor may approve such transfer, or give such direction as he shall think fit.

(b) Exemptions

(i) A candidate for a Degree or Diploma, who has passed in a subject, unit, or paper not prescribed for that Degree or Diploma but the same as or substantially equivalent to a subject, unit, or paper so prescribed, may at the discretion of the Senate be exempt from that prescribed subject, unit, or paper; subject, however, to the provisions of any other regulation.

(ii) A candidate exempted either under this or any other regulation from a subject, unit, or paper shall pay the prescribed fee under the Fees Regulations to be exempted from that subject, unit, or paper.

(c) Abandonments

Where a candidate abandons one course of study before completion and proceeds to a second course, he may transfer with-
out payment of fee to his new course any appropriate subjects, units, sub-units, and papers with which he has been credited. If at any time he wishes to resume the course which he has abandoned and to retain the subjects, units, sub-units, and papers first credited to it he shall do so in accordance with section (a) hereof.

11. Additional Lectures

A student while pursuing a course of study in the University may with the approval of the Vice-Chancellor, after consultation with the Heads of Departments concerned, take lectures in a subject which he is not offering for examination without payment of fee for the course provided that this facility shall be granted only where the additional lectures would be useful in supplementing the student's course of study.

12. Vice-Chancellor's Special Powers

(a) The Vice-Chancellor may give such direction, or make such provision as he shall think fit for the relief of undue hardship where it is shown to his satisfaction —

(i) that an alteration or amendment to statutes or regulations involving a change in a course of study or in examination requirements has caused a candidate hardship; or

(ii) that official advice has been given and acted upon, and it is later found that a candidate's course is not in accordance with the governing regulations and hardship would be caused if the candidate were to be compelled to comply with the full requirements of the regulations;

(b) Where a candidate for a Master's degree writes a script outside the prescribed time for the examination, the Vice-Chancellor shall have power to

(i) admit or reject the script as part of the examination

(ii) authorise the Head of the Department to conduct an oral examination, and that the Head of the Department where appropriate and if necessary, shall submit a mark based on the year's work and the oral examination.

(c) A candidate may appeal against any decision of the Vice-Chancellor under this Regulation to the Council which shall have power to make such provision as it may think fit.

EXTRAMURAL ENROLMENT STATUTE

1. **Title and Commencement:** (1) This statute may be cited as the Extramural Enrolment Statute 1962.
   
   (2) This statute shall come into force on 1 January, 1963.

2. **Extramural enrolment:** Any student who satisfies the Senate
   
   (i) that he is prevented from attending classes, or
   
   (ii) that if enrolled only for a Masters thesis, or a Dissertation, or an Original Investigation he does not need to use the facilities of any University department, shall, so far as is shown to be necessary and subject to the provisions of this statute, be exempted from attendance at classes and may be enrolled as an extramural student.

3. **Restrictions:** (1) Except for enrolments permitted pursuant to paragraph (ii) of clause 2 of this Statute exemption shall not be granted:

   (a) in any of the following subjects at any stage in any course. Art History; Biochemistry; Biology; Botany; Cell Biology; Chemistry; Composition; Geography; Geology; Legal Ethics and Advocacy; Physics; Production Analysis; Psychology; Zoology;

   (b) in any subject of the courses for the following degrees and diplomas: Master of Architecture; Master of Arts; Master of Commerce; Master of Engineering; Master of Fine Arts; Master of Jurisprudence; Master of Laws; Master of Medical Science; Master of Music; Master of Philosophy; Master of Science; Master of Town Planning; Bachelor of Architecture; Bachelor of Engineering; Bachelor of Fine Arts; Bachelor of Laws (Honours); Bachelor of Medicine and Bachelor of Surgery; Bachelor of Music (Executant); Bachelor of Science — Course in Human Biology; Bachelor of Science (Honours); Diploma in Building and Construction Management; Diploma in Business and Industrial Administration; Diploma in Criminology; Diploma in Educational Psychology; Diploma in Fine Arts; Diploma in Fine Arts with Honours; Diploma in Language...
Laboratory Teaching; Diploma in Music; Diploma in Music with Honours; Diploma in Optometry; Diploma in Public Health Engineering; Diploma in Town Planning; Diploma in Urban Valuation;

(c) in any subject of Stage III for the degree of Bachelor of Arts unless the candidate has completed as an internal student for the degree four units including a Stage II unit;

(d) in any subject at Stage III for the degree of Bachelor of Commerce unless the candidate has completed as an internal student for the degree eight units including at least two Stage II units;

(e) in any subject for the General Course for the degree of Bachelor of Science unless the candidate has gained as an internal student for the degree forty-eight credits including twelve credits higher than Stage I;

(f) in any subject at any Stage for the degree of Bachelor of Arts in instances approved by the University Senate on the recommendation of the Head of the Department;

(g) in units numbered 26.290 and 26.390 in the subject Mathematics in any course.

(h) to a candidate who is living in the Urban Area (as defined by the Government Statistician) of Auckland or of Hamilton or in any of the University Districts of the Victoria University of Wellington, the University of Canterbury, or the University of Otago save in exceptional circumstances and with the approval of the other University concerned;

(i) in any subject or stage of a subject that is not for the time being taught at the University, but, notwithstanding anything to the contrary in paragraph (g) of this section, exemption may be granted in individual cases of hardship if a University in New Zealand at which the subject is taught agrees to examine the candidate:

Note: If a candidate granted exemption under this provision enters for examination in any other subject in the same year no assurance can be given that examination time-tables can be so arranged that the candidate will be able to sit all papers.

(j) to a candidate who, having been admitted to another University in New Zealand, is still on the books of that University as a candidate for any degree, diploma, or other qualification;
(k) to a candidate who fails to produce such evidence as the Senate may require that he is prevented from attending classes in the subject at any University;

(l) to a candidate who is prevented from attending a class by reason of attendance at another class.

(2) The Council may, by regulation, provide that extramural enrolment shall not be accepted in the course for any specified subject, or for any specified part thereof, which requires practical or laboratory work, or the use of materials or teaching services of such a nature that, in the opinion of the Council, the course cannot satisfactorily be taken extramurally.

4. Persons beyond New Zealand:

(1) Except as provided in subsection (2) of this section, exemption shall not be granted to a candidate who is not resident in New Zealand (including New Zealand Island Territories), Cook Islands, Fiji, Niue, or Western Samoa.

(2) A candidate who ceases to reside in any of the countries mentioned in subsection (1) of this section and who requires to pass in one or two units or subjects or in the final group of subjects of a course to complete a degree, diploma or professional qualification may, at the discretion of the Senate and subject to the provisions of this statute, be granted exemption in the subjects concerned.

5. Tuition at Massey University:

(1) A student who is on the books of the University of Auckland and who is exempted from tuition at the University of Auckland in any unit or units for which extramural tuition is provided at Massey University, shall

(a) be required to enrol for tuition in such unit or units at Massey University; and

(b) not be permitted in the same year to enrol for any other unit or units at the University of Auckland.
(2) A student so enrolled shall take the examinations of Massey University, and any unit he passes shall be credited to his course.

6. Procedure: A student seeking exemption from classes and enrolment as an extramural student of the University of Auckland shall make application in accordance with the Extramural Regulations of the University and pay the prescribed fees.

7. Application of statutes and regulations: Except as otherwise expressly provided, an extramural student shall be subject to all the statutes and regulations of the University.

REGULATIONS

Extramural Enrolment at the University of Auckland:

1. A student wishing to enrol as an extramural student on the grounds (a) that he is prevented from attending classes, or (b) that he is enrolling only for a Masters thesis, or a Dissertation, or an Original Investigation and would not therefore be making use of the facilities of any University Department shall make application to the Registrar of the University on the prescribed form not later than 10 January in the year in which he wishes to enrol as an extramural student or after that date upon payment of a late fee of $5, provided that no such application shall be made later than 21 February next except with the leave of the Senate and upon payment of a fine of $10 in addition to the late fee of $5.

2. Each applicant for extramural enrolment shall
   (a) state the grounds on which the application is based;
   (b) state that he is not on the books of any other University;
   (c) state his current residential and business address;
   (d) state whether to the best of his knowledge there will not be any change of residence during the academic year, or where there is an expected change of residence during the academic year, the expected address together with the approximate date of the change;
(e) supply such evidence as the Senate may require that he
   (i) is prevented from attending classes in the unit or sub-
       ject at another University, or
   (ii) does not need to use the facilities of any University
       Department;
   (f) pay the prescribed fees.

3. In the event of a student discontinuing his studies after
   exemption has been granted a full refund of fees will be made
   provided notification is received by the Registrar on or before
   31 March. No refund of fees shall be made for withdrawals after
   this date and the fees shall not be transferable to the following
   or any subsequent year.

Procedure for Extramural Enrolment at Massey University:

4. (a) If a student is resident outside the urban area of Auck-
   land and is eligible to be registered with Massey University
   he does not need to apply to the University of Auckland for
   exemption from lectures;

   (b) If a student is resident in the urban area of Auckland
       he must apply to the University of Auckland for exemption from
       lectures;

   (c) A student applying for enrolment for tuition with
       Massey University in any subject shall make application to the
       Director of Extramural Studies in the manner prescribed by the
       Statutes and Regulations of that University.

Failure in Units

5. Extramural studies are subject to the provisions of regula-
   tion 9 of the Enrolment and Course Regulations (General).

Note: For the purpose of this regulation students who have not formally
withdrawn in accordance with Regulation 3 or who have registered with
Massey University and have not withdrawn in accordance with the regu-
lations of that University shall be deemed to be engaged in academic
studies in that year.

Notes on Extramural Enrolment

1. Grounds of Exemption
   (a) Where a student wishes to enrol for one unit only and does not
       wish to attend lectures, the Senate will generally approve an application
       for exemption if extramural tuition is provided by Massey University.
(b) The Senate will consider applications from students for Extramural Enrolment in unit(s) not available at Massey made on the grounds of special circumstances such as physical infirmity, distance from the University, conditions of employment, etc., which would prevent them from attending lectures. Students enrolling direct with Auckland, however, are not provided with any special tuition by correspondence or otherwise. It is therefore emphasised that they are putting themselves at a serious disadvantage by not attending lectures. It is essential that students attempting first year work should, by attendance at lectures, obtain that necessary introduction to university methods of work which would be the basis of their later advanced studies. It is equally essential that at advanced stages of their course, they should have the guidance of university teachers and access to a large library such as is not in practice available to students not attending lectures.

2. Examination Centres

The following examination centres are at present established: Apia, Auckland, Dargaville, Gisborne, Hamilton, Lautoka, Nuku'alofa, Paeroa, Rotorua, Rarotonga, Suva, Whangarei. An applicant for exemption in any subject in which an oral test or examination is required in addition to written papers should establish, when first applying for exemption, that arrangements can be made by the Registrar for the oral test to be held at the centre at which he proposes to present himself for examination.
EXAMINATION REGULATIONS

1. Eligibility to Sit Examinations

To be eligible to present himself for examination in a subject, unit, sub-unit, or paper a candidate

(a) must have been enrolled as an internal student and have kept terms if required to do so in accordance with the Terms Regulations, or

(b) not being enrolled as an internal student, must have been granted exemption in accordance with the Extramural Statute and Regulations, or have been granted Terms Carried Forward in accordance with the Terms Regulations.

2. Time of Examinations

The examinations shall be held at the times specified in the Timetable each year.

3. Place of Examinations

All internal students must sit their examinations at Auckland. Extramural students who do not wish to sit their examinations at Auckland may sit at one of the centres specified in the Extramural Enrolment Regulations, provided that, with the approval of the Senate, a special examination centre may be established under special circumstances subject to the payment of the extra fee prescribed in the Fees Regulations.

4. Conduct of Examinations

(a) The examinations shall comprise such written, oral and practical examinations as the examiners may determine.

(b) Candidates shall write out answers to the questions in the presence of a supervisor, who shall be appointed or approved by the Council in accordance with such detailed instructions as may be furnished by the Council.

(c) No candidate shall communicate with an examiner in regard to an examination except through the Registrar.

(d) No candidate may be examined in any subject or part of a subject at any time other than that set down for him in the time-table.

(e) No candidate shall be allowed to enter the room later than one hour thirty minutes after the beginning of the examination nor leave the examination until one hour forty-five minutes has
elapsed from the beginning of the examination and then only with the permission of the supervisor and upon handing in his script.

(f) Candidates shall be allowed to read their examination papers for a period of not more than ten minutes before the examination commences but may not begin writing their answers until the room supervisor announces that they may do so.

(g) No candidate is to bring with him into the examination room any written or printed matter except by direction of the examiner. All paper used during the examination must be handed into the supervisor.

(h) No candidate shall communicate with another in the examination room.

(i) No candidate shall continue writing an answer after the supervisor has announced the expiration of time. In no circumstances is any time over and above the time allotted to any paper to be allowed a candidate for reading over his scripts or making any amendment or addition to his scripts.

(j) Any candidate who is found guilty of any dishonest practice in connection with any examination or of any breach of any rules dealing with the conduct of examinations shall be liable to the penalties hereinafter provided. The candidate shall, before the meeting of the Senate at which it is proposed to deal with the complaint, be notified in writing of the subject matter of the same and shall be requested to state in writing his answer to the charge, and he may with the consent of the Senate appear when the complaint is determined. If the Senate finds the charge proved it may disqualify the candidate from sitting for any examinations for such period as it thinks fit and may, if he has been credited with a pass in the examination in respect of which the charge arose, cancel such credit.

(k) Where the Senate is satisfied that a candidate has not complied with any regulation of the University whether in respect of any examination or any other matter, the Senate shall have power, having given the candidate such opportunity as it considers reasonable of remedying his non-compliance with the regulation or regulations, to suspend for such time as it may see fit the release to the candidate of the results of any examination, or decline to credit to his course any subject or subjects, or to impose both these penalties.
(1) A candidate may appeal to the Council from any decision of the Senate under clauses (j) and (k) of this regulation by giving notice in writing to the Registrar within fourteen days of being notified of the decision of the Senate. A candidate so appealing shall be entitled to make submissions in writing, and may, with the consent of the Council, appear when the appeal is determined. The Council may dismiss or allow the appeal or vary the penalty but shall not impose any penalty which the Senate could not have imposed. The decision of the Council on any appeal under this regulation shall be final.

5. (a) Marking of Scripts

In determining a candidate’s result the examiners

(i) may take into consideration the work done by the candidate during the year;

(ii) shall give due weight to reports on practical work done by the candidate wherever these are required;

(iii) shall include marks obtained by the candidate where the Senate has allotted a percentage of marks for awarding on the year’s work of the candidate in any paper, unit, or subject.

(b) Passes — Grades and Marks

A pass mark in any subject or unit of a subject including papers and thesis for a Masters Degree is:

for a single paper, 50%, or for a unit comprising two or more papers, or one or more papers and a thesis, an average of 50'1'0 over the combined papers or the combined paper(s) and thesis provided that

(i) the Senate may give approval for a thesis to count as more than one paper;

(ii) a candidate not attaining a minimum of 37% in any paper of a subject or unit of a subject or 19 marks in any half paper for a unit of a language, except in the papers or thesis for a Masters degree and mid-year examinations, will fail the subject or unit of a subject as a whole; provided that this requirement may be
waived in exceptional circumstances at the discretion of the Senate;

(iii) a candidate for Master of Engineering must obtain a pass in each of the papers and the thesis;

(iv) where oral work is required for a unit of a language, unless otherwise provided (for example BA regulation 43, p. 139), a pass in both oral work and written papers is not necessary;

(v) where both practical and written work is required for a unit, a pass in both practical work and written papers is necessary;

(vi) a candidate not obtaining 50% in all papers of Music II (Additional) or III (Additional) will fail the unit as a whole;

(vii) a candidate not obtaining 50% in the paper in Harmony for Music I or II or III for the Degree of Bachelor of Music will fail the unit as a whole.

There are eleven pass grades and two fail grades as set out:

Pass Grades

A+ high first
A clear first
A- bare first
B+ high second
B clear second
B- bare second
C+ sound pass
C pass
C- marginal pass 50-52%

Restricted. A restricted pass shall apply only to a course in the Faculty of Arts, Commerce, or Science. A candidate at the
discretion of the appropriate Faculty may be considered for a restricted pass. No application by the candidate for consideration is required. A restricted pass in a unit which is a pre-requisite for enrolment in another unit shall not be accepted as fulfilling that pre-requisite except with the approval of the relevant Head of Department in each case. In the Faculty of Arts or Science a student with a restricted pass in a subject cannot in any case proceed to a further stage in the same subject.

Conceded. A conceded pass shall apply only to the degrees of Bachelor of Architecture, Bachelor of Engineering, Bachelor of Fine Arts, Bachelor of Laws, Bachelor of Laws (Honours), to the Law Professional Examination and to the Diploma in Music and may not be transferred to another course. A candidate at the discretion of the appropriate Faculty may be considered for a conceded pass. No application by the candidate for consideration is required.

Fail Grades

D indicates that in the opinion of the examiners the candidate has a reasonable chance of succeeding if he sits again in the following year.

E indicates that the candidate is unlikely to succeed in the subject.

(c) Open Book and Restricted Book Examinations

(i) Where an examination is designated 'Open Book', candidates may take into the examination room any material including books, Acts, etc., and there will be no check on items taken into the examination room.

(ii) Where an examination is designated 'Restricted Book', candidates may take into the examination room only the material specified by the examiner.

6. Masters Work at Standard of Honours

A candidate, whose work is at the standard of Honours for a Masters degree, but who is ineligible for the award of Honours under the relevant course regulations shall be informed of the standard of Honours that he would have been awarded had he been eligible.
7. Recount of Marks

By making application within four weeks from the date of the mailing of his official result of the examinations, any candidate sitting for an examination for a degree, diploma, professional qualification, or certificate of proficiency may have the marks awarded his scripts recounted in any subject, unit, or paper which he has failed.

The fee for such recount shall be as prescribed in the Fees Regulations. A recount of marks covers a careful rechecking of the marks recorded by the examiner and ensures that no answer or any portion of an answer submitted by a candidate has been overlooked. No information relative to the application will be placed before the examiner.

Candidates for the Degree of Bachelor of Architecture, the Diploma in Architecture, the Bachelor of Fine Arts, the Diploma in Fine Arts, the Diploma with Honours in Fine Arts, the Bachelor of Music (Executant), the Diploma in Music, or the Diploma in Music with Honours may apply for a recount of marks for written papers only.

8. Aegrotat Pass

A candidate who has been prevented by illness or injury from presenting himself at any examination in any subject, or who considers that his performance in any examination in any subject has been seriously impaired by illness or injury may on application and with the approval of the Senate be granted an aegrotat pass in such subject if the following conditions are satisfied:—

(a) that the candidate is enrolled as an internal student for the course of instruction in the unit or subject in question;

(b) that the illness or injury was reported in writing to the Registrar within one week of the date upon which the examination affected took place or if more than one examination has been affected then within one week of the last of such examinations;

(c) that as soon as practicable after reporting the illness the candidate furnish to the Registrar a certificate (on the form provided) from a registered medical practitioner stating —
(i) that he examined the candidate medically on a certain date;

(ii) that in his opinion the candidate was unable through illness or injury to present himself for the examination, or that in his opinion the candidate's performance in the examination was likely to have been seriously impaired by illness or injury. The nature of the illness or injury shall be stated in sufficient detail to make it clear that the candidate was not responsible for his disability, and in a form suitable for submission in cases of doubt to a medical referee;

(d) that the candidate's responsible teachers in the subject or subjects of the examination in question certify that his work therein during his course of instruction was well above the minimum pass standard (or where relevant the minimum standard for a class of Honours or Pass) and that he is in their opinion clearly worthy to pass in that subject or subjects (or where relevant to be awarded First or Second Class Honours OR First or Second Class Pass),

or

alternatively that the Senate is satisfied upon considering the quality of the candidate's work during the course of instruction and of any work which he has completed in the current examinations (whether in the subject or subjects in question or any other subject and including work in papers not affected by his illness or injury) that the candidate is clearly worthy to pass in the subject or subjects in question or (where relevant) to be awarded First or Second Class Honours OR First or Second Class Pass therein,

provided that in either case

(i) Honours may not be given to a candidate who applies under this regulation in respect of more than one paper for an Honours degree involving not more than four papers; or in respect of more than two papers for an Honours degree involving five or more papers,

(ii) a candidate for the degree of Bachelor of Engineering with Honours may, on the recommendation of the Senate, be given Honours irrespective of the number of aegrotat passes awarded.
9. **Compassionate Pass**

Where by reason of any exceptional circumstances beyond his control and other than his own illness or injury a candidate has been prevented from presenting himself at any examination in any subject or considers that his performance in any examination in any subject has been seriously impaired, he may on application and with the approval of the Senate be granted a compassionate pass subject to compliance with the same conditions (with necessary changes) as those appearing in clauses (a) and (d) of regulation 8. Such an application must be made to the Registrar on the form provided within one week of the date upon which the examination affected took place, or, if several examinations have been affected, then within one week of the last of those examinations, and must be supported by such evidence as the Registrar shall require.

10. (a) The provisions of regulations 8 and 9 shall apply to

(i) any final written examination presented for a subject or unit of a course for a Degree, or for a Diploma, or for a Certificate of Proficiency, or for a Professional qualification;

(ii) any final practical examination presented for a subject or unit of a course for a Degree, or for a Diploma, or for a Certificate of Proficiency, or for a Professional qualification;

(iii) any terms examination which has been allotted a percentage of the marks awarded for the final examinations for a Degree, or for a Diploma, or for a Certificate of Proficiency, or for a Professional qualification;

(b) The provisions of regulations 8 and 9 shall apply (with necessary changes) to

(i) the final submission in each year of work for the practical subjects for the Degree of Bachelor of Fine Arts, or for the Diploma in Fine Arts, or for the Diploma with Honours in Fine Arts;

(ii) the final submission in each year of studio work for the Degree of Bachelor of Architecture or for the Diploma in Architecture.
as if such final submission were an examination and as if the date upon which such final submission was due were the date of examination.

Note: A candidate eligible to present himself for an examination solely on the grounds of his having been granted Terms Carried Forward is ineligible for the award of an Aegrotat Pass or Compassionate Pass in that examination.

11. Viva Voce Examination

A candidate who is eligible to apply and has applied for an aegrotat or compassionate pass in any subject may, in exceptional circumstances and on a recommendation from the Head of the Department concerned, be granted permission by the Senate to take a viva voce examination in any paper, unit, or subject of his aegrotat or compassionate pass application.

12. Where degree regulations or prescriptions permit, or the Senate upon such conditions as it thinks fit approves, the examiners may in respect of any examination

(a) release to the candidates, the examination paper in advance of the sitting of the examination;

(b) allot a percentage of marks for awarding on the year's work of the respective candidates;

(c) require or permit the candidates, either wholly or partly in lieu of taking an examination held in accordance with Regulations 2 to 5 inclusive and 7 to 9 inclusive of these Regulations, to submit for examination such written assignments of work as may be required.

13. Theses

Where a thesis is required as part of an examination the following conditions shall apply

(a) Diplomas, Bachelors, and Masters Degrees:

(i) The candidate shall submit two copies of the thesis to the Registrar and a short abstract bound in each copy of the thesis provided that a candidate for the degree of Master of Engineering shall submit three copies and a short abstract bound in each copy.

(ii) The Registrar shall transmit the submitted copies to the examiners.
(iii) On completion of the examination the supervisor of the thesis shall be responsible through the Head of the Department for the deposit of two copies with the University Library.

(iv) On completion of the examination for the Degree of Master of Engineering the disposal of the third copy submitted shall be at the discretion of the Head of the Department.

(v) Where more than the required number of copies of a thesis are submitted any additional copies shall be returned to the candidate.

Note: (i) The examination copy of any written thesis presented for a degree or diploma shall be the first copy, unless the thesis is cyclostyled printed, reproduced photographically or by electrostatic process and be bound in a form sufficiently durable for preservation and use in the University Library. The second copy may consist of a carbon duplicate of the typescript only. The Library will, if necessary, copy illustrated material such as maps and will bind this second copy of the thesis. This copy may be placed in a Departmental reading room.

(ii) Candidates are recommended to obtain the booklet 'Pointers on the Binding of Theses' from the Bindery before proceeding with the typing and binding of the thesis.

(b) Degree of Doctor of Philosophy:

(i) The candidate shall submit three copies of the thesis to the Registrar and a short abstract bound in each copy of the thesis.

(ii) On completion of the examination two copies shall be deposited with the University Library. The disposal of the third copy shall be at the discretion of the Head of the Department.

Note (i) The author of a thesis has a right to impose conditions restricting the publication of his work to endure for such a period as he may stipulate, without however curtailing the University Librarian's right to make and supply copies thereof in terms of subsection (3) of Section 21 of the Copyright Act (1962).

(ii) Where it is suspected that a thesis contains defamatory material the University Librarian may restrict access to the thesis subject to confirmation by the Library Committee.

(iii) Supervisors are requested to notify the University Library when a thesis is submitted if it is believed to contain material which could be considered defamatory.
14. **Abstracts**

Where a thesis, dissertation, research essay, or original investigation is submitted as part of an examination for a Bachelor's or Master's degree, a Diploma, or the degree of Doctor of Philosophy a candidate shall at the same time submit a short abstract not exceeding 500 words, suitable for publication. The abstract shall be bound in each copy of a thesis submitted.

15. **Examination Centres**

Pursuant to Regulation 1 hereof the University of Auckland will conduct examinations in the following centres: Apia, Dargaville, Gisborne, Hamilton, Lautoka, Nuku'alofa, Paeroa, Rotorua, Rarotonga, Suva, and Whangarei. Internal candidates are required to sit their examinations at Auckland.

DISCIPLINE

Under the provisions of the University of Auckland Act 1961 the Senate has, subject to a right of appeal to the Council, the power to deal with all questions relating to the discipline of students. This involves the power to fine or suspend any student for misconduct, either within or without the University precincts.

During the intervals between meetings of the Senate, and subject to a right of appeal to the Senate, the Vice-Chancellor may exercise alone the powers of the Senate as to regulating admission of students and maintaining the ordinary discipline of the University. He may suspend any student guilty of any breach of discipline.

DISCIPLINARY REGULATIONS

1. These Regulations may be cited as the Disciplinary Regulations 1966.
2. These Regulations shall come into force on 1 January 1967.
3. In these Regulations unless the context otherwise requires:
   ‘Class’ means any lecture tutorial seminar or other assembly of students at which tuition is being given and includes any lecture or address within the University at which students are present
   ‘Hall’ means any hostel or hall of residence under the control of the Council
   ‘Student’ means a duly enrolled student of the University and includes for the purposes of Regulation 4 hereof a person applying so to enrol
   ‘Students’ Association’ means The University of Auckland Students’ Association Incorporated
   ‘Warden’ means the person who is for the time being in charge of any Hostel and includes his duly appointed deputy
   ‘The Act’ means the University of Auckland Act 1961 and its amendments
   ‘The University’ includes any institution under the control of the Council
   ‘University property’ includes property owned by any institution under the control of the Council, and any property held by the Crown on behalf of or for the purposes of the University
   Words and expressions defined in the Act have the meanings so defined.
4. (a) Every student shall on enrolling at the University sign a declaration in the following form or to the like effect: ‘I hereby solemnly promise that I will faithfully obey the rules and regulations of the University and be bound by the same.’

(b) The Senate shall have power to impose conditions on the attendance at classes of any student and to obtain his undertaking to observe those conditions either at his enrolment or in the course of his attendance at the University in all cases where in the reasonable opinion of the Senate it is necessary so to do in order to prevent any possible disturbance to the carrying out of normal teaching activities at the University or otherwise to maintain order and discipline.
(c) The Senate may as delegate of the Council exercise the powers conferred on the Council by s. 24 (2) of the Act without however preventing the Council from exercising those powers.

5. No student shall act (whether within or without the precincts of the University) in a manner
   (a) contrary to the good government of the University or to accomplishment of the purposes for which it is established; or
   (b) having the effect of bringing the University or any member of the University into disrepute; or
   (c) likely (in the reasonable opinion of the Senate) to impede or disturb the normal teaching activities of the University; or
   (d) prejudicial to the maintenance of discipline amongst the students of the University.

6. Every student shall observe the following rules and directions:
   (a) Every student shall be reasonably and appropriately dressed while in attendance at the University.
   (b) No alcoholic liquors shall be brought into or consumed within the precincts of the University except with the permission of the Senate. It shall be a condition of such permission in the case of any student function that one senior member of the staff shall be present throughout the function.
   (c) No student shall smoke
      (i) in the Library except with the permission of the Librarian; or
      (ii) in any General Lecture Theatre, or
      (iii) in any Seminar room except with the permission of the person in charge of it.
   (d) Quietness shall be maintained at all times in University buildings. In particular, the use of radios is prohibited within the University precincts, save within the Student Union.
   (e) The starting, riding, or parking of cycles, motor-cycles, and motor vehicles in University grounds by students is prohibited. Students may, however, make use of University parking areas, as to such parts of those areas and at such times as may from time to time be notified by the Registrar.
(f) Student notices may be posted only on permanent noticeboards provided, and in accordance with conditions laid down by the Students' Association.

(g) Such directions as may be reasonably made by the Vice-Chancellor, the Registrar, any Professor, member of the Senate, or Lecturer, in order to maintain good order and discipline within the University and in particular (but not in limitation) during any class.

7. (1) The Senate shall have power:

(a) to impose on any student who does not observe the provisions of these regulations; or the conditions (if any) attached to his attendance at classes pursuant to Regulations 4 and 16 hereof; or any direction given under Regulation 10 hereof; or who otherwise commits any breach of University discipline; any one or more of the following penalties as it thinks fit:

   (i) a fine not exceeding $40
   (ii) a suspension from attendance at the University or any of its classes for such period as it thinks fit
   (iii) expulsion from the University
   (iv) a limitation or prohibition on his attendance at any class or classes at the University or his use or enjoyment of any of the facilities of the University.

(b) to withhold the granting of terms to any student who is in default with any payment due by him to the University under these or any other regulations or any Statute

(c) to delegate the powers conferred on it by these regulations to any committee of the Senate without thereby preventing itself or the Vice-Chancellor pursuant to Regulation 8 hereof from exercising any such delegated power.

(2) Nothing in these regulations shall in any way limit or restrict the power conferred on the Senate by s.34(3) of the Act to deal with all matters relating to the maintenance of discipline amongst the students of the University.

8. The Vice-Chancellor shall have power (subject always to Regulation 13 hereof) to exercise all the powers and authorities of the Senate under these Regulations and under the Act, including any powers delegated by the Senate to any committee of the Senate, during the intervals between the meetings of the Senate or that committee.
9. The Vice-Chancellor, the Registrar, or any Professor, member of the Senate, or Lecturer shall have power to impose a fine not exceeding $20 on any student who:
(a) does not observe the provisions of these regulations; or
(b) does not observe any directions exhibited under the next succeeding regulations; or
(c) otherwise commits any breach of University discipline.

10. Any Warden shall have power:
(a) from time to time to give such directions as he reasonably thinks fit for the maintenance of good order and discipline within the Hall under his charge provided however that all such directions shall if of general application be exhibited on the main noticeboard of the Hall to which they relate forthwith after they are given
(b) to impose as he thinks fit on any student who does not observe any of the directions so given, any one or more of the following penalties:
(i) a fine not exceeding $20,
(ii) a suspension from attendance at the Hall for such period as the Warden thinks fit,
(iii) expulsion from the Hall.

11. The Vice-Chancellor, the Registrar, or any Professor, member of the Senate, or Lecturer may (whether or not in addition to imposing a fine) order any student to pay as a penalty the cost of replacing or repairing any University property lost damaged or destroyed by reason of the wilfulness negligence or misconduct of that student. Any penalty so ordered shall be paid within 14 days.

12. The executive of the Students’ Association shall (without prejudice to the powers of the Senate under s. 34 (3) of the Act) have power of disciplinary control over the Students’ Common Rooms and in exercise of that power may (i) impose a fine not exceeding $10 on any student guilty of any act prejudicial to the maintenance of discipline therein and (ii) (whether or not in addition to imposing a fine) order any student to pay as a penalty the cost of replacing or repairing any University property therein lost damaged or destroyed by reason of the wilfulness negligence or misconduct of that student.
13. (a) All fines and other penalties imposed under Regulations 8, 9, 10, and 11 hereof or by any committee of the Senate under powers delegated to it under Regulation 7 hereof shall forthwith be reported to the Senate by the person or body imposing them.

(b) Any student on whom a fine or other penalty is imposed under Regulations 8, 9, 10, and 11 hereof or by any committee of the Senate under powers delegated under Regulation 7 may within seven (7) days of the imposition of that penalty appeal to the Senate against it. The Senate may hear and determine an appeal in such manner as it thinks proper.

(c) Any student who suffers any penalty under these Regulations by a decision of the Executive of the Students' Association or of the Senate or whose appeal under the preceding clause of this regulation is dismissed by a decision of the Senate may within seven (7) days of that decision appeal against it to the Council whose decision shall be final.

14. (a) The grounds of Old Government House are open to all members of the University for their individual use for the purposes of quiet recreation:

(b) No organised group activities will be permitted in those grounds without the specific permission of the Vice-Chancellor, acting on behalf of the Council, given in each case and in such terms as are appropriate:

(c) Members of the University may bring guests into the University grounds but not into the grounds of Old Government House except in terms of clauses (a) and (b) above:

(d) At all times, and more particularly at night, members of the University and their guests shall act in such a way as not to cause disturbance or inconvenience to those living in the grounds (both occupants of Old Government House and members of the custodial staff), or to residents in the immediate neighbourhood.

Notes: (i) If the above requirements are observed, no time limit on the use of the grounds will be necessary, nor shall there be any need for the Police to be on the campus by invitation or otherwise.

(ii) Members of the University while in the grounds are free to observe demonstrations which may occur in the adjoining streets, but they are reminded that the Statutory and Common Law powers of the Police enable the Police to enter the University campus and to take appropriate action in relation to offences committed thereon and to prevent a breach of the peace.

(iii) Whenever it appears likely that demonstrations of the kind mentioned in note (ii) above will occur, the Vice-Chancellor shall consult with the appropriate representatives of staff and students.
(iv) Any privileges of staff, students, and their guests in respect of the use of the grounds may be withdrawn by the Vice-Chancellor, acting on behalf of Council; the Vice-Chancellor shall report the circumstances to the next following meeting of the Senate and Council.

15. Nothing in these regulations shall prejudice the rights and remedies of the University under the general law in respect of the misconduct or negligence of any student.

16. (a) No member of the Security Service enrolled as a student at the University shall carry out any inquiries into security matters within the precincts of the University.

(b) The proposed attendance of a member of the Security Service at the University shall be discussed between the Security Service and the University Authorities before his enrolment.

17. After the discussions contemplated in the preceding sub-clause 16(b) have been held, the Senate shall determine each year what special conditions (if any) as to attendance at classes shall apply to students who are members of the Security Service in order to maintain discipline among the students of the University by preventing any possible disturbance to the carrying out of normal teaching activities.
THE LIBRARY

The University Library was established in 1884 with a grant of £37 for books which were to be 'bought in England and uniformly bound in full calf with golden lettering'. Since then the Library has grown into a collection of more than 450,000 volumes, excluding thousands of unbound periodicals, pamphlets, and reprints. Approximately 8,000 periodical titles are currently received. The Library has benefited by a number of generous gifts among them being the collection of books in Classics and Old Testament Literature bequeathed by the late Professor A. C. Paterson and an extensive collection of material relating to the Labour movement in New Zealand and other countries presented by Mr P. W. G. McAra.

The University Library comprises the General Library in the Library Building on the corner of Princes Street and Alfred Street, divisional libraries in Architecture, Asian Languages, Biological Sciences, Engineering, Fine Arts, Geography, Geology, Law, Medicine, Music, Science. In addition there are departmental reading rooms in a number of subjects. The General Library contains most of the books needed for undergraduate reading in arts subjects. It also contains more advanced material in Accountancy, Anthropology, Education, Geography, History, Languages and Literature, both classical and modern, Philosophy, Psychology.

A separate Undergraduate Reading Room has been opened in the former Ballroom of Old Government House. This contains 140 seats for readers and a collection of works in heavy demand.

More information about the Library, its services and organisation, can be found in the Library Guide and in the pamphlet Books and reading accommodation in the University of Auckland. These are available from the Reference Desk in the General Library.

LIBRARY REGULATIONS

1. These regulations may be cited as the Library Regulations 1970 and shall come into force on 1 January 1971.

2. Except where otherwise stated
   (a) these regulations shall apply to all sections of
the University Library, that is, the General Library, Undergraduate Reading Room, Architecture, Asian Languages and Literature, Biological Sciences, Engineering, Fine Arts, Geology, Geography, Law, Medicine, Music, and Science, and such other sections as may be added by the Senate;

(b) in these regulations 'books' includes all types of printed, written and photographic material, and (except where the context otherwise requires) gramophone records and tapes.

3. The hours of opening shall be:

   Weekdays       Saturdays
   8.30 a.m.—11 p.m.   9 a.m.—5 p.m.

May Study Break
   (first 2 weeks)   9 a.m.—6 p.m.   9 a.m.—1 p.m.
Summer Vacation  9 a.m.—5 p.m.
   (Wed—9 p.m.)     10 a.m.—12 noon

The Library shall be open on Sundays during the second and third terms from 9 a.m. to 5 p.m. for study purposes but no lending services shall be available during those periods.

The Library shall be closed on Anniversary Day, Good Friday, Easter Saturday, Easter Sunday, Easter Monday, Anzac Day, Queen's Birthday, and for the period of three weeks from and including Christmas Eve.

These hours may be varied at the discretion of the University Librarian and any variation shall be appropriately notified in the General Library.

4. (a) All members of the University* and of its library and administrative staff shall be readers for the purpose of these Regulations and may

   (i) use all sections of the Library; and
   (ii) on completion of such registration formalities as the University Librarian requires, borrow books from it; provided that no person shall be deemed an undergraduate member of the University unless he is currently enrolled as such.

* Members of the University include the University Council and all professors, lecturers and junior lecturers, and all graduates and enrolled undergraduates of the University.
(b) By special permission of the University Librarian any person not included among those authorised by clause (a) of this Regulation may be a reader and accorded full or partial use of Library facilities.

5. (a) No reader shall borrow any book otherwise than in accordance with these regulations.

(b) (General Library only). Books may be borrowed whenever the General Library is open except on Sundays and such public holidays as the University Librarian may determine; but no books shall be issued after 9 p.m. on Monday to Friday, or after 4.30 p.m. on Saturdays. The hours during which books may be borrowed may be varied at the discretion of the University Librarian.

(c) (General Library only). Borrowers shall write their name and address clearly and legibly on the book card of each book and present book and card at the exit for stamping along with their identity card. The address given shall be that to which any notices should be sent. The desk assistant shall stamp the book with the date on which it is to be returned.

(d) Any person on leaving the Library shall on demand present all books and personal property for inspection.

(e) (General Library only). Any book on the open shelves which has a book card and date slip may be borrowed until the next end of term or for such shorter periods as the Librarian may decide. Borrowers shall be required to check the date stamped in the book by the desk assistant. Glass case books without 'not to be borrowed' labels may be borrowed for a fortnight only. All other materials shall be used only in the Library except that Teaching Staff and Postgraduate Students may borrow bound volumes of periodicals for fourteen days, and theses for fourteen days.

(f) Books from any section of the Library other than the General Library shall be borrowed direct from that Section.
(g) All books shall be subject to recall within 24 hours. Failure to respond to a recall notice within 24 hours shall incur a fine of 25c plus 25c for each further notice. After three notices a letter may be sent to the borrower requiring return of the book and if such a letter is sent the fine shall be increased to $2. Other books retained beyond the date for return stamped on the date slip incur a fine of 5c per day, whether a notice has been sent or not.

(h) The librarian shall be under no obligation to notify borrowers when books are overdue and a fine may still be charged when books are returned after the date stamped, even though no notice has been received.

(i) Borrowers who wish to renew a book on limited loan for a further period may apply by letter (giving author, title and call number on the spine of the book) or in person, or (in the case of theses, periodicals or glass case books) by telephone. Renewal will be refused if the book is reserved, and may be refused at the discretion of an authorised librarian. At the end of term, all outstanding books shall be returned or presented for renewal at the Lending Desk. They cannot be renewed by letter or by telephone at this time.

(j) Readers may reserve for borrowing one book a day by filling in a reservation card at the Lending Desk. The length of loan allowed shall depend on the number of other readers who are also waiting for the book. Late return of limited loan reserved books shall incur a fine of 25c per volume plus 25c for each notice sent requiring return of the book.

(k) Books which are in heavy demand may be kept behind the Lending Desk. These Desk Copies shall be available for a specified period (advertised in the Library concerned) on surrender of the reader's identity card and may not be removed from the Library except in the case of overnight loans. Failure to return Desk Copies on time shall incur a fine of 25c per volume for each quarter hour or part of a quarter for which the book is not returned.
(l) Teaching staff and postgraduate students may apply to borrow books from another library through the Interloans Assistant. Such books are subject to the conditions imposed by that library.

(m) The gramophone records held in the General Library shall be available for borrowing on payment of a subscription determined by the University Librarian from time to time.*

*Current rates are: students $5 (reduced to $4 for enrolled music students); staff and graduate borrowers $6.

(n) Library books may be taken out of New Zealand only with the prior permission of the University Librarian.

(o) Authorised librarians may refuse to issue excessive numbers of books to any one reader.

6. (a) Bags, satchels and briefcases shall not be taken into the Library.

(b) Under no circumstances shall a book be passed on to another reader without being re-issued in that reader's name. Where this regulation is broken the reader in whose name the book is issued shall remain liable for all fines payable by reason of failure to return a book which is overdue or recalled.

(c) Every reader shall immediately notify to the Library any change of his address and thereupon renew the borrowing of all books issued to him.

(d) Readers shall be responsible for, and shall make good, any loss of or damage to books on loan to them or being used by them in the Library. In addition to the cost of replacement readers may be charged an administration fee of $2 whether or not the book is subsequently returned. The loss of a book shall be reported immediately to an authorised librarian.

(e) No reader shall deface or mark any book.

(f) The reservation of seats in the Library shall not be permitted. Books and any other articles left for any length of time on chairs or tables may be
removed by any of the Library staff. No responsibility is accepted for personal belongings left in the Library.

(g) Silence shall be observed in all public reading areas.

(h) Bottles of ink shall not be brought into the Library.

(i) No reader shall smoke or shall consume food or drink in any part of the Library open to readers.

(j) A warning signal will be given 15 minutes before closing time and all readers shall vacate the Library by closing time.

(k) Library fines or charges amounting to $1 or more, bills and disciplinary fines shall be paid to the University Cashier in the Old Arts Building. Fines of less than $1 may be paid at the Lending Desk of the Library concerned.

(l) Where a fine or charge is not paid within 14 days of becoming due

   (i) the University Librarian may withdraw library privileges from the reader in default for such period as he thinks fit;

   (ii) the Senate may impose on that reader any of the following penalties: refusal of terms; withholding of examination scripts; refusal of re-enrolment for the next academic year; disqualification from graduation.

(m) No reader may borrow from the Library while any fine or charge payable by him is outstanding.

(n) Any authorised librarian may require any reader who is guilty of disorderly or improper conduct or of any breach of these regulations to withdraw from the Library and the University Librarian may withdraw library privileges from that person for such period as he thinks fit.

Nothing in these regulations shall limit the application to the Library (where relevant) of the Disciplinary Regulations 1966.

Note: The unauthorised borrowing or removal of books is regarded as a serious disciplinary offence.
COURSE REGULATIONS AND PRESCRIPTIONS
THE DEGREE OF BACHELOR OF ARTS

BA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

Note: Any student wishing to take a course of study which under any regulation for this Degree requires the specific approval of the Senate shall apply not later than 31 January (refer Reg. 7 (3) of the Enrolment and Course Regulations (General)).

GENERAL PROVISIONS

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Bachelor of Arts shall follow a course of study of not fewer than three years.

2. The course of study for the degree shall consist of nine units, a unit being defined as one year's work in one of the subjects prescribed in these regulations.

3. (1) Every course of study shall include at least six units selected from Group A as defined in regulation 45.

   (2) No course of study shall include more than seven units from any one of the following sub-groups of subjects within Group A:

   (a) Chinese, English, French, German, Greek, Hebrew, Indonesian, Italian, Japanese, Latin, Maori Studies, Russian, Scandinavian Studies, Spanish;

   (c) Biology, Linguistics, Mathematics, Music, Philosophy, Psychology.

   provided that a student whose University record is clearly above average in any subject in which he proposes advancing or has advanced to Stage III in the
opinion of the Head of the Department in which that subject is taught, may at the discretion of the Senate include from any one of the sub-groups

(i) eight units, or

(ii) nine units if he has attained a mark of over 50% in a subject from another of the sub-groups in the Entrance Scholarship Examination, University Bursaries Examination or an equivalent performance in some other examination.

4. (a) Except where otherwise provided in these Regulations

(i) There shall be three stages in each subject

(ii) Stage II may be taken only after the subject has been passed at Stage I where that exists

(iii) Stage III may be taken only after the subject has been passed at Stage II where that exists.

(b) Additional Units may be taken only under such conditions as the Senate may determine for the personal course of study of each candidate upon the recommendation of the Head of the Department of the prescribed subject and the Head of the Department of each other subject concerned.

5. Every course of study for the degree shall include at least four units higher than Stage I, selected from not fewer than two subjects, one at least of which shall be a Stage III unit (not being a Stage III (Additional) unit).

6. (a) Every course of study for the degree shall consist of five subjects: provided that the Senate may, upon the recommendation of the Heads of the Departments in which the candidate proposes to take advanced units, approve a course consisting of four subjects.

(b) In any one year a candidate shall not offer or be credited with a pass in more than four units at one examination for this degree.
7. Before a student is admitted to Stage II in any subject the Senate may require him to have obtained a pass in at least one other subject.

8. In lieu of a Stage III (Additional) unit in a prescribed subject a candidate may take a composite Stage III (Additional) unit which comprises a course or courses in the prescribed subject, together with one or two Stage III papers substituted from another subject or subjects; provided that in lieu of English III (Additional) a candidate may take a composite Stage III unit comprising courses in different subjects in which there are (as the Senate may require in the particular case) two or three papers prescribed for advanced units for this Degree.

9. No candidate shall take any of the following units without the consent of the Head of the Department:
   - Economics III (Additional)
   - French III (Additional)
   - Geography III (Additional)
   - German III (Additional)
   - Greek III (Additional)
   - Italian III (Additional)
   - Latin III (Additional)
   - Philosophy III (Additional)
   - Political Studies III (Additional)
   - Psychology III (Additional)
   - Sociology III (Additional)

Notes: (a) For Economics III (Additional) see Regulation 23.
(b) For English III (Additional) see Regulation 25.
(c) For Music II (Additional) and Music III (Additional) see Regulations 36.

10. No candidate shall take for a unit any paper he has passed or is taking for any other unit for this Degree.

11. A candidate wishing to be enrolled in any subject which is also a subject of examination for the Degree of Bachelor of Science shall comply with such of the course regulations for that Degree relating to prerequisites, combinations of subjects, and practical
work, as are applicable to that subject, save when the Senate in individual cases allows otherwise.

12. (a) With the permission of the Heads of Departments of History and Classics, a candidate may take Ancient History I in lieu of History I, and if he passes in Ancient History I he may take History II: provided that, if he passes History II, Ancient History I and History II will count as units of one subject for the purpose of Regulation 6 (a).

(b) No candidate shall take for Ancient History II

(i) paper 12.25 if he takes any of the following papers: 12.10, 12.11, 12.12;

(ii) paper 12.20 if he takes paper 12.21 and either 12.25 or 12.10.

13. (a) No candidate may take Art History IIA for this Degree unless he has passed Art History IA.

(b) No candidate may take Art History IIB for this Degree unless he has passed Art History IB.

14. No candidate may offer the subject Biology for this degree if he has already been credited with either Botany or Zoology for this degree or for the degree of Bachelor of Science; nor may a candidate who has been credited with Biology offer either Botany or Zoology.

15. A candidate with the permission of the Senate may enrol for Stage II of the subjects Botany, Chemistry, Geography, Mathematics, Physics, and Zoology without having been credited with Stage I. If a candidate is credited with the Stage II unit he shall not also have the Stage I unit of the subject credited to his course. If the examiner certifies that the candidate though failing the Stage II unit, attained the standard of a pass at Stage I of the subject, the candidate shall have the Stage I unit of the subject credited to his course.

For the purposes of this Regulation Mathematics IA shall be regarded as the Stage I unit of the subject Mathematics.
16. (a) A candidate with previous knowledge in any subject to which this Regulation applies may be required by the Senate to take Stage II of that subject without having passed in Stage I. If the candidate passes Stage II he shall be credited with Stage II but shall not be credited with Stage I as a unit for any University degree or diploma. If the examiner certifies that the candidate though failing Stage II attained the standard of a pass in Stage I the candidate shall be credited with a pass in Stage I.

(b) This Regulation applies to the following subjects:

Chinese
Greek
Indonesian
Japanese
Latin

17. A candidate shall not be enrolled in Economic History II unless he has passed Economics I.

18. For the purposes of regulation 6 (a) Economics I is not defined as a subject when taken as a prerequisite for Economic History II.

19. No candidate may offer the unit Economic History II for this degree if he has already been credited with Economics II and paper 13.21 was taken as one of the options in that unit under the regulations in force in 1963.

20. No candidate may offer the unit Economic History III for this degree if he had already been credited with Economics III and paper 13.32 was taken as one of the options in that unit under the regulations in force in 1963.
21. Except with the permission of the Head of the Department of Economics, no candidate may take paper 13.31 for Economic History unless he has passed a unit or units of the subject Mathematics as approved by the Head of the Department of Economics.

22. A candidate shall not enrol in Economics III unless he has been credited with a pass in Mathematics IA or IB or Pure Mathematics II.

23. In lieu of one or two papers prescribed for Economics III (Additional) a candidate may with the approval of the Head of the Department of Economics, take one or two papers, as the case may be, prescribed for any Stage III unit for this Degree, for the Degree of Bachelor of Commerce, or for the Degree of Bachelor of Science.

24. A candidate who has qualified for the Diploma in Education or who has fulfilled the pre-requisite requirements and passed the four papers under Regulation 1(b) for the Diploma in Education may enrol for Education III without having passed Education II, provided that he may not take any papers at Stage III which he has already taken for the Diploma in Education.

25. (a) No candidate shall enrol in English III (Additional) unless he has passed or enrolled concurrently in English III; provided that a candidate may with the permission of the Head of the Department of English enrol in English III (Additional) if he has passed or has enrolled concurrently in a unit at Stage III other than English for the Degree of Bachelor of Arts.

(b) No candidate shall be credited with a pass in English I or II unless he has secured at least 37% of the available marks in each part of papers 18.10, or 18.20 as the case may be.
26. No candidate may be enrolled in French II unless he has been credited with a pass in French IB. Notwithstanding this requirement the Senate may, on the recommendation of the Head of the Department, permit a candidate to advance to French II after having taken French IA.

27. (a) With the permission of the Head of Department of History, a candidate may take Asian History I, in lieu of History I, and if he passes in Asian History I he may take History II, provided that, if he passes History II, Asian History I and History II will count as units of one subject for the purpose of Regulation 6 (a).

(b) In the case of a candidate who
   (i) has passed Asian History I in lieu of History I, and
   (ii) passes both History II and Asian History II —
   History II and Asian History II shall count as units of separate subjects for the purpose of Regulation 6 (a).

(c) A candidate who has passed History I may enrol for Asian History II: provided that if he passes Asian History II without passing History II, History I and Asian History II shall count as units of one subject for the purpose of Regulation 6 (a).

   Note: A candidate who has passed Asian History II without having passed Asian History I may not subsequently enrol in Asian History I.

(d) A candidate who, (having passed History I or Asian History I) has passed Asian History II, but has not taken or not passed History II, may take History III; and if he passes that unit shall be deemed to have passed History in its several stages for the purposes of the degree of Master of Arts; and provided further that those units which he has so passed shall count as units of one subject for the purpose of Regulation 6 (a).
28. No candidate may take paper 24.15 and 24.16 for History I if he has passed History of New Zealand under the Regulations in force in 1970.

29. A candidate who has passed papers 24.10 and 24.11 for History I may in a subsequent year take papers 24.15 and 24.16 if he is taking or has passed History II or Asian History II provided that if he has passed papers 24.10 and 24.11 for History I and also passes papers 24.15 and 24.16 as prescribed for History I these two further papers so passed shall be credited to the candidate's record as History of Australia, New Zealand, and the Pacific and be counted as a separate subject for the purpose of Regulation 6 (a).

Note: Candidates who wish to take Ancient History I in lieu of History I should refer to Regulation 12 (a) above.

30. (a) Notwithstanding the provisions of Regulations 2, 3, 5 and 6 (a), a candidate for this Degree

(i) who has been credited for this Degree with not less than six units, one being a stage III unit and two others being of a higher stage than stage I, and

(ii) who has been credited for the Degree of Bachelor of Laws or Bachelor of Laws (Honours) with any of the subjects to which this Regulation applies, shall be entitled to be credited with not more than five of those subjects as a unit or units for this Degree as well as for the Degree of Bachelor of Laws or Bachelor of Laws (Honours).

(b) This Regulation shall apply to the following subjects

(i) Not more than three subjects from

Administrative Law
Constitutional Law
Criminology
Industrial Law

Law Reform
Legal History
Legal Process

(ii) At least two subjects from

- Advanced Administrative Law
- Advanced Constitutional Law
- Advanced Criminology
- Advanced Industrial Law
- Advanced International Law
- Comparative Law
- Legal Theory
- International Trade

(c) The subjects so credited under this Regulation shall be admitted as additional cross-credits for the purpose of Regulation 10 (a) of the enrolment and course regulations (General).

(d) A candidate who has completed or is completing his course for the Degree of Bachelor of Laws or Bachelor of Laws (Honours) under the regulations therefor published in the University of Auckland Calendar 1966, and who invokes this Regulation, may be credited with the subject Constitutional and Administrative Law in place of the subject Constitutional Law.

31. (a) A candidate shall not enrol for any unit of Mathematics and Applied Mathematics containing optional papers, unless the Head of the Department of Mathematics or his deputy has approved the options the candidate wishes to present for the unit.

(b) A candidate enrolling for a unit of Mathematics or Applied Mathematics may with the approval of the Head of the Department of Mathematics or his deputy substitute for one or more of the papers prescribed for that unit one or more papers selected from another unit or units of Mathematics, and Applied Mathematics.
(c) A candidate enrolling for Applied Mathematics III may in exceptional circumstances with the approval of the Head of the Department of Mathematics or his deputy substitute for one or more of the papers prescribed for that unit one or more papers selected from another unit or units of the course in Engineering Science for the Degree of Bachelor of Engineering.

32. (a) No candidate may be credited with both Mathematics IA and Mathematics IB as units for any University degree or diploma.

(b) A candidate shall not be credited with both Mathematics IB and Applied Mathematics I for any University degree or diploma if he has passed or is taking paper 26.170 for Applied Mathematics I.

(c) A candidate who has failed to pass in Mathematics IB may be credited with a pass in Mathematics IA if the examiner certifies that the candidate has attained a sufficient standard in the Pure Mathematical section of the examination.

(d) For the purpose of these regulations Mathematics IA shall be deemed to be the equivalent of the unit Pure Mathematics I as prescribed under the regulations in force in 1966.

33. (a) Except as provided in Regulation 35, Applied Mathematics III may be taken only after Applied Mathematics I has been passed.

(b) Except as provided in Regulation 15, Pure Mathematics II may be taken only when Mathematics IA or Mathematics IB has been passed.

34. (a) A candidate shall not be enrolled in Advanced Mathematics A unless he has passed in Pure Mathematics III and has passed or enrolled concurrently in either Applied Mathematics III or Statistical Mathematics III.
(b) A candidate who has been credited with Mathematics IA or Mathematics IB may not be credited with Advanced Mathematics A as a unit for any University degree or diploma.

(c) A candidate shall not offer Advanced Mathematics A without the consent of the Head of the Department of Mathematics.

(d) A candidate shall not be enrolled in Advanced Mathematics B unless he has been credited with or has enrolled concurrently in Advanced Mathematics A.

35. A candidate who has been credited with Mathematics IB or Statistical and Computational Mathematics II may with the permission of the Senate take Applied Mathematics III without having passed in Applied Mathematics I. If the candidate passes in Applied Mathematics III, he shall be credited with Applied Mathematics III, but shall not be credited with Applied Mathematics I as a unit for any University degree or diploma.

36. (a) No candidate may take Music II unless he has passed paper 28.12 Harmony provided that the Senate may on the recommendation of the Head of Department of Music permit a candidate to take Music II on the condition that he currently attend the lectures for Harmony 28.12 and satisfy the Head of Department in a test thereon.

(b) No candidate shall be credited with a pass in either Music II (Additional) or in Music III (Additional) unless he has secured a pass mark in each of the papers he is required to present for the unit.

(c) No candidate shall take Music II (Additional) without the consent of the Head of the Department of Music, and it must be taken either concurrently with or after Music II. (At least a Grade
B pass in Music I and a pass in the test for Preliminary Aural Training as prescribed for the Degree of Bachelor of Music will normally be a pre-requisite."

(d) No candidate shall take Music III (Additional) without the consent of the Head of the Department of Music, and it must be taken either concurrently with or after Music III. (At least a Grade B pass in both Music II and Music II (Additional) will normally be a pre-requisite.)

(e) Subject to Regulation 10 of the Enrolment and Course Regulations (General) a candidate for this Degree may be exempted from Music I if for the Diploma in Music he has passed paper 28.10 (History of Musical Style) and either paper 28.11 Option (i) (Style Analysis) or paper 28.11 Option (ii) (Harmony)

provided that no candidate may take Music II who has not passed paper 28.11 Option (ii) (Harmony).

37. (a) A candidate enrolling for a unit of Philosophy may with the approval of the Head of the Department of Philosophy substitute for one or more of the papers prescribed for that unit one or more papers selected from another unit or units of Philosophy.

(b) No candidate may be credited with any paper in Philosophy where he is or has been credited (whether for a unit in Philosophy or any other subject) with a paper which in the opinion of the Head of the Department is substantially the same as that paper.

(c) Except with the approval of the Head of the Department, no candidate shall take paper 29.21 (Logic) or paper 29.34 (Logic and Philosophy of Logic) who has not passed paper 29.11 (Introduction to Logic).

(d) No candidate for Philosophy II may take more than one Philosophy I option (from papers 29.10, 29.11, 29.12, 29.13).
38. (a) A candidate who has passed Political Studies I may enrol for Asian Politics II; provided that if he passes Asian Politics II, Political Studies I and Asian Politics II shall count as units of one subject for the purposes of Regulation 6 (a).

(b) A candidate who has passed Asian Politics I and Asian Politics II may enrol for Political Studies III; provided that if he passes that unit he shall be deemed to have passed Political Studies in its several stages for the purposes of the degree of Master of Arts; and provided further that those units which he has so passed shall count as units of one subject for the purposes of Regulation 6 (a).

Note: A candidate who has passed Asian Politics II without having passed Asian Politics I may not subsequently enrol for Political Studies III.

39. A candidate who has been credited with Psychology I and/or II for BSc may be exempted from the corresponding unit(s) in Psychology for BA. Any such units shall be treated as transferred units as provided in Regulation 10 of the Enrolment and Course Regulations (General).

40. No candidate may be enrolled in Psychology II unless he has been credited with a pass in Psychology I B. Notwithstanding this requirement the Senate may, on the recommendation of the Head of the Department, permit a candidate to advance to Psychology II after having taken Psychology IA.

41. In each of the subjects Biology, and Geography every candidate shall comply with all requirements for practical work prescribed for those subjects. The practical work shall be assessed separately for each candidate. A pass in both the practical work and the
written papers is necessary. The practical marks alone may, with the approval of the Senate, be credited to a subsequent year.

**ORAL WORK**

42. In each of the subjects Chinese, Indonesian, Japanese, and Maori Studies a candidate shall be required to pass in the oral work as well as the written papers.

**ALTERATIONS TO COURSES**

43. Candidates who wish to depart from their original choice of subjects in order to take Additional Units may do so on such conditions as the Senate may direct. The Senate may vary the requirements of regulation 6 (a) for this purpose.

44. The course of every candidate shall be governed by these Regulations.

**LIST OF SUBJECTS**

45. The subjects and units of examination for the degree are the following.

THE DEGREE OF MASTER OF ARTS

MA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

Note: Any student wishing to take a course of study which under any regulation for this Degree requires the specific approval of the Senate shall apply not later than 31 January (refer Reg. 7 (3) of the Enrolment and Course Regulations (General)).

GENERAL PROVISIONS

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Arts shall before his enrolment for this Degree

   (a) have been admitted or qualified for admission to the Degree of Bachelor of Arts, and

   (b) (i) have passed the subject he offers in its several stages as prescribed for the Degree of Bachelor of Arts provided that in special cases recommended by the Head of the Department the Senate may exempt the candidate from this requirement, and

         (ii) have fulfilled such other prerequisites for the subject as may be required by these Regulations, and

   (c) have passed with a Grade higher than C- in all Stage III (including Stage III (Additional) ) units prescribed for the Degree of Bachelor of Arts which are prerequisites for the subject he offers for his degree:

         provided that the Senate at its discretion may approve a Grade C- pass for the purpose of this sub-clause.

2. Except as provided elsewhere in these Regulations a candidate shall take all papers required for this Degree in the same year.
The Senate may require a candidate not devoting his full time to University work to take a prescribed course of studies for two years before attempting any papers.

3. A candidate presenting subject 15, Languages and Literature, shall satisfy the requirements of regulation 1 (b) (i) in respect of each of the languages in his course. A candidate presenting subject 18, Mathematics, shall satisfy the requirements of regulation 1 (b) (i) in respect of Mathematics and Applied Mathematics.

4. A candidate shall present himself for and pass the examination in one of the subjects prescribed in Regulation 37.

5. Notwithstanding anything in Regulation 4, a candidate for this Degree may with the permission of the Senate take one Stage III or one Master's paper or one Stage III and one Master's paper or two Master's papers in a subject other than the one in which he is taking his degree, where such papers are related to the candidate's research interests. Each such paper shall substitute for and be equivalent to one paper in the Master's course of the subject in which the degree is being taken.

6. Where a thesis is required the following conditions shall apply:

(a) The thesis shall embody the results obtained by the candidate in an investigation relating to some branch of the subject; or with the approval of the Senate shall consist of a review of the literature of some special problem, which may be combined with the repetition of some standard investigation on an aspect of this problem.

(b) In the case of a thesis recording laboratory work, a certificate shall be supplied to the Registrar by the supervisor stating that laboratory work has been carried out within the University.
(c) Subject to the provisions of Clauses (f) and (g) of this Regulation the candidate may present his thesis in the year in which he takes his examination or with the consent of the Head of the Department concerned, in any subsequent year.

(d) The candidate shall submit his thesis to the Registrar by 1 November in the year in which it is presented or at a subsequent date if so arranged with the Head of his Department. The Registrar shall hand the thesis to the Head of the Department concerned.

(e) If the examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to resubmit it by a later date to be specified by the examiner.

(f) A candidate shall present his thesis within three years of the year in which he takes the papers, provided that this period may be extended, in exceptional cases, by the Senate.

7. (a) A candidate in Subject 1, Anthropology, may with the approval of the Head of Department, present four papers and thesis in lieu of five papers and a research essay.

(b) A candidate presenting five papers and a research essay shall either present all papers and the essay in the same year or having presented four papers in the first year, present one paper and the research essay in the year following.

8. (a) A candidate in Subjects 4, Economic History and 5 Economics, may with the approval of the Head of Department, present four papers and a thesis in lieu of five papers and a research essay or six papers.

(b) A candidate presenting six papers or five papers and a research essay shall either present all papers or all papers and the research essay in the
same year or, having presented four papers in the first year, present two papers or one paper and a research essay in the year following.

9. (a) A candidate in Subject 6, Education, may in very exceptional circumstances, with the approval of the Head of Department, present in lieu of a thesis three papers not already taken from 14.40 to 14.49, provided he includes either paper 14.42 or 14.49 in his course.

(b) A candidate presenting papers in lieu of a thesis shall do so in the same year as he takes his other papers for subject 6, Education, or in the year next following.

(c) A candidate taking the course stated in Regulation 37 (6) (ii) shall take papers 14.45, 16.12 and two optional papers in the first year of his enrolment. Over the next two years of his course he must take paper 14.491 and prepare the folio of case work.

10. A candidate in Subject 10, German, may, with the approval of the Head of the Department, present the seven papers required for that subject in the same year or four papers in the first year and the remaining three in the year next following.

11. (a) A candidate in Subject 12, History, may, with the approval of the Head of the Department present four papers and a thesis in lieu of five papers and a research essay.

(b) A candidate presenting five papers and a research essay shall either present all papers and the essay in the same year or having presented four papers in the first year, present one paper and the research essay in the year following.

12. In exceptional circumstances a candidate in subject 15, Languages and Literature may, with the approval of the Heads of the Departments concerned,
present the seven papers required for that subject in the same year or four papers in the first year and the remaining three in the year next following.

13. A candidate taking seven papers in Mathematics may, with the approval of the Head of the Department, take these papers in the same year or four of the papers in the first year and the remaining three in the year following.

14. A candidate in Subject 19, Philosophy may, with the approval of the Head of Department, present four papers in one year and two papers in the year next following.

15. (a) A candidate in subject 20, Political Studies, may, with the approval of the Head of the Department present in lieu of a thesis three papers not already taken from 30.40 to 30.48.

(b) A candidate presenting papers in lieu of a thesis shall do so in the same year as he presents his other papers for subject 20, Political Studies, or in the year following.

16. A candidate in subjects 8 French, 14 Italian, and 24 Spanish shall normally present the seven papers required for each of these subjects in one year; provided that a candidate may with the approval of the Head of the Department present four papers, one of which shall be the compulsory paper, in the first year, and a thesis, equivalent to three papers, in the second year; and, provided further that in exceptional circumstances and subject to the approval of the Head of the Department he may in the second year substitute three papers for the thesis.

17. A candidate in subject 3, Chinese, shall present his dissertation to the Head of his Department by 1 November in the year in which he takes his papers for the subject or with the consent of the Head of
the Department not later than 28 February in the year following, provided that this period may in special cases be extended by the Senate.

18. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Honours shall not be awarded if the papers in the first year in which a candidate takes an examination for the degree are unsatisfactory or if the thesis at its first presentation is unsatisfactory: provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or injury or exceptional circumstances beyond his control (certified under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination so that he shall still be eligible for the award of Honours, subject to the provisions of sub-clause (c) of this Regulation.

(c) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of his first enrolment for this Degree: provided that this period may be extended, in exceptional cases, by the Senate. For this purpose the academic year is regarded as beginning on 1 March.

19. A candidate shall not present for this Degree a subject in which he has already passed for the Degree of Master of Commerce, or for the Degree of Master of Science, or as a principal subject for the Degree of Bachelor of Science (Honours).

20. No candidate shall present himself for examination in the subject Mathematics unless
(a) he has been credited with a pass in a unit of a foreign language approved for this purpose by the Senate, or

(b) he has been credited with a pass in a foreign language reading examination

   (i) prescribed for the purpose of this Regulation, and

   (ii) approved by the Head of the Department of Mathematics:

provided that with the approval of Senate on the recommendation of the Head of Department the candidate may be exempted from the requirement of clause (a) or (b) of this Regulation subject to the provisions of Regulation 10 of the Enrolment and Course Regulations (General).

21. A candidate whose mother tongue is not English may on application and with the approval of the Senate be exempted from the provisions of Regulation 20 of these Regulations. Application shall be made to the Registrar in writing, and if granted, exemption will be subject to the provisions of Regulation 10 of the Enrolment and Course Regulations (General).

22. A candidate who has been credited with a pass in Anthropology II and Maori Studies III as defined for the Degree of Bachelor of Arts may, on the recommendation of the Head of the Department of Anthropology, be granted special permission by Senate under Regulation 1 (b) (i) to present himself for examination in subject 1, Anthropology.

23. (a) No candidate shall take paper 3.40 for the subject Anthropology unless he has been credited with paper 3.30 as prescribed for the Degree of Bachelor of Arts.

   (b) No candidate shall take either paper 3.47 or paper 3.48 for the subject Anthropology unless he has been credited with paper 3.31 as prescribed for the Degree of Bachelor of Arts.
24. Except by special permission of the Senate no candidate shall present himself for examination in subject 2, Art History, unless he has passed in Stage I of Greek, Latin, or a modern European Language other than English, as prescribed for the Degree of Bachelor of Arts:

provided that in the case of a candidate whose course of study in Art History is primarily in New Zealand and Polynesian Art a pass in Maori Studies I as prescribed for the Degree of Bachelor of Arts may be accepted by the Senate in satisfaction of the requirements of this Regulation.

25. No candidate shall except by permission of the Head of the Department of Economics take the subject Economics or the subject Economic History unless he has passed paper 13.31 as prescribed for the Degree of Bachelor of Arts.

26. Except by special permission of the Senate which will be granted only in the most exceptional circumstances a candidate shall not present himself for examination in English for subject 7, English, unless he has passed in Stage I of a European language other than English or of Maori Studies, papers 4.10 and 4.11, and also English III and English III (Additional) as defined for the Degree of Bachelor of Arts. In lieu of English III (Additional) a candidate may substitute

(i) Stage III of a subject other than English approved by the Head of the Department of English or,

(ii) subject to the same approval and the concurrence of the Heads of other Departments concerned, a composite Stage III unit or,

(iii) any other qualification approved by the Senate in the particular case of any candidate.
27. No candidate shall offer for the subjects 8, French, or 16, Languages and Literature, a paper listed in column A hereof if he has been credited, for French III (Additional) for the Degree of Bachelor of Arts, with the corresponding paper listed in column B: for which purpose:

<td>and Paper 22.38 correspond</td>
</tr>
</tbody>
</table>

Students who have taken paper 22.36 for German III (Additional) may not offer papers 22.52 and 22.53 for MA.

30. A candidate shall not be examined in subject 11, Greek, unless he has passed in

(a) Stage II of a language other than English or Greek; or

(b) other literary, historical or philosophical fields which may be approved by the Head of Department before enrolment.
31. A candidate shall not present himself for examination in subject 13, History and Literature of Music, unless he has

(i) passed Music III and Music III (Additional) as prescribed for the Degree of Bachelor of Arts;
(ii) furnished evidence of proficiency as an executant satisfactory to the Head of the Music Department;
(iii) furnished evidence of ability to read in an approved foreign language.

32. No candidate shall offer for the subject 14, Italian, or 16, Languages and Literature, a paper listed in column A hereof if he has been credited, for Italian III (Additional) for the Degree of Bachelor of Arts, with the corresponding paper listed in column B: for which purpose:

provided that this clause of this Regulation shall not apply to Paper 35.54 or Paper 35.55 where for that paper the two poets or authors chosen are different from those chosen for Paper 35.391 or Paper 35.39 as the case may be.

33. A candidate shall not be examined in Latin for subject 16, Languages and Literature, or in subject 17, Latin, unless he has passed in

(a) Greek II; or
(b) Greek I and Stage II of another language (which may be English).
34. Except by special permission of the Senate no candidate shall take subject 19, Philosophy, unless he has passed either Philosophy III (Additional) for the Degree of Bachelor of Arts or Stage III of some other subject approved by the Head of the Department of Philosophy.

35. A candidate shall not present himself for examination in Russian for subject 16, Languages and Literature, or in Subject 22, Russian, unless previously he has been credited with a pass in Stage III of a language other than Russian or with passes in Stage II of one language and in Stage I of another language, other than Russian as defined for the Degree of Bachelor of Arts.

36. Except by special permission of the Senate a candidate shall not present himself for examination in subject 23, Sociology, unless he has passed Sociology III (Additional) as prescribed for the Degree of Bachelor of Arts; provided that in lieu of Sociology III (Additional) a candidate may with the approval of the Senate substitute Stage III of another subject prescribed for the Degree of Bachelor of Arts.

37. The subjects of examination for the degree are the following: (The prescriptions are defined elsewhere in this Calendar.)

THE DEGREE OF DOCTOR OF LITERATURE

LittD

1. Except as provided in the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Doctor of Literature shall be a graduate of the University of Auckland, or of the University of New Zealand.

2. No candidate shall present himself for the Degree of Doctor of Literature until at least eight years after graduation to his first degree.

3. The Degree of Doctor of Literature shall be awarded for an original contribution (or contributions) of special excellence to linguistic, literary, philosophical, social or historical knowledge.

4. The degree shall be awarded only on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation.

5. No work shall be considered for the degree if the work, or a major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:—

(a) Three copies of the work to be examined;
(b) A statutory declaration which shall —

(i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and
(ii) state what portion (if any) of the work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and

(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall —

(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate should be advised to withdraw his application; and

(b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted, provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. If the Moderator recommends that the candidate should be advised to withdraw his application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may —

(a) withdraw his application, whereupon he shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or

(b) elect to proceed with the examination.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New
Zealand, provided that the Senate may in its discretion appoint an additional examiner who may be a member of the teaching staff of the University of Auckland.

(b) The contents of the Moderator’s report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be:
(a) to report independently on the quality of the work and its value as a significant contribution to learning; and

(b) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded the examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A resubmission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall place the reports of the Examiners before the Senate which shall determine whether or not the degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two Examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

The course is intended as a survey of the biological sciences, giving an insight to the diversity of living and fossil organisms, theories of vital function, procedures of biological investigation, and man's position in the biological world. Elementary chemistry, physics and mathematics are introduced as needed. The course cannot be used as a prerequisite for advanced Botany or Zoology.

DEPARTMENT OF CLASSICS

The following units are available in this Department in 1973: Latin I, II, III, III (Additional), Greek I, II, III, III (Additional), Ancient History I, II, †Biblical History and Literature I, Hebrew I.

Providing suitable staff are available Biblical History and Literature I will be taught in 1973. If it is to be taught, a detailed syllabus will be available not later than January, 1973. Biblical History and Literature II and Hebrew II will not be available until further notice.

An MA with Honours in Latin and Greek (Combined Honours) requires that students have Latin III and Greek III before enrolling in their MA year. Students planning this course should therefore start Latin and Greek together in their first year. Students who have taken the scholarship papers in Latin or Greek or who are sufficiently advanced in their studies may be enrolled for Stage II in place of Stage I. Such students should see the Head of Department at the earliest possible date.

Students who intend to do an MA in Latin or Greek are strongly advised to take the other in their first year. The prerequisites for MA are: for Latin, a student must have either Greek II, or Greek I and Stage II of another language (which may be English), for Greek Honours, Stage II of a language other than Greek or English is normally required, but other appropriate literary, historical or philosophical units may be approved by the Head of the Department before enrolment.

Students who intend to advance either Latin or Greek beyond Stage I are strongly advised to offer Ancient History I in their first year, since outlines of history are not now taught within the language courses.

Students considering enrolling for any subject in the Department are strongly advised to come and see a member of staff during the enrolment period. External students should consult the Department as early in the year as possible.

†This unit will not be taught during the current Calendar year unless sufficient staff is available.

Thesis

A candidate shall forward to the Professor of Education, not later than 1 November in the year in which it is to be examined, a brief thesis embodying the results obtained by the candidate in some special research into the theory, practice, history or administration of education. The value of the thesis shall be that of three examination papers.

A research seminar will be held once a week during the first half of the year for those preparing to write MA theses.

A timetable for these seminars will be available at enrolment.
Notes: (i) Since the supply text-books continues to be uncertain, some changes in courses may be unavoidable. Students will be notified of any such changes at the beginning of the academic year. All students should possess a good Dictionary: the *Concise Oxford* is recommended.

(ii) Students intending to take English as a major subject will find that the subjects which combine most appropriately with it are: any foreign language (including Classics) or Maori Studies, History or Philosophy or Art History or Linguistics. Attention is directed to regulation 26 of the MA regulations. Students intending to do MA in English should plan their courses with these requirements in mind.

ENGLISH I

(Two papers)

English I consists of one paper which deals with language and with Shakespeare and one paper on a period of literature. For the literature paper students are offered a choice of two courses, one in Renaissance Literature and one in Twentieth Century Literature, and they may proceed to English II from either. In the course in Twentieth Century literature all lectures will be given twice, and because of limited accommodation students may have to be directed to the earlier or later lecture. Lectures in Renaissance literature will be given once only.

18.10 Introductory courses in the study of the English language and of Shakespeare.

(The attention of candidates is drawn to BA regulation 25 (b), concerning minimum performances in each part of this paper.)

In determining the final result, the candidate's performance during the year will be taken into consideration.
DEPARTMENT OF HISTORY

Fuller details concerning the Department's teaching programme and its requirements of students are contained in a mimeographed guide which all students must obtain from the Department.

Certain optional papers offered at Stage III and MA may, at the discretion of the Head of Department, require a knowledge of a foreign language. Students intending to major in History or to go on to do an MA in History should therefore bear in mind that the lack of such knowledge may effectively reduce the number of papers open to them. The most helpful languages are likely to be French, German, and Latin, but further advice must be sought from the Department.

HISTORY I

(Two papers)

EITHER OPTION A: 24.10, 24.11. The emergence of the Contemporary World.

In 1973 paper 24.10, attempted by all students, will be Europe and Asia: the impact of the two world wars. It will focus on the interaction of Western Europe and Eastern Asia, and the impact of war and depression on countries in these two regions.

For paper 24.11 students will be offered a range of choices. In these they will be able to pursue topics suggested in the first paper in greater depth or take up other complementary topics. In 1973 the choices are expected to include the Russian revolution: origins and aftermath, 1905-1953; Imperialism and Neo-Colonialism, 1870-1970; Fascism in interwar Europe; the development of cities 1870-1970; and possibly a topic on twentieth-century USA.

The combination of the compulsory first paper and a choice of one of these for the second paper will give students a wider understanding of the problems of the contemporary world and an awareness of the value of an historical approach to them.
A list entitled Advice on Books to Buy, History IA, 1973, can be obtained from the office, History Department.

These two papers cover the history of the area since 1769, but with some ethnological background. The topics covered in 1973 will include race relations in the region, 1769-1970; European settlement and economic and political change up to 1970; and Australian and New Zealand policies in the Pacific region since the late nineteenth century.

Students will be given advice in class on further books to buy.

Important notes for students considering taking History I or advancing History:

(a) Students may advance to History II after passing either of these options.

(b) History IB, as described above, is normally an alternative to History IA. But students may take it in addition if they are advancing History. See Reg. 29, P.133.

(c) Asian History I, described below, is in general a separate subject from History I, and from it one may advance to Asian History II. But under Reg. 27 (a), P.132 a candidate may take Asian History I in lieu of History I. In considering such applications, the Head of Department will expect that the candidates should have passed History at least at UE level, and should have a substantial grounding in the subject, so as to warrant not being required to take History I.

(d) Under Reg. 12 (a), P.129 a candidate may take Ancient History I in lieu of History I. In considering such applications, the Heads of Departments will expect that the candidates
should have passed History at least at UE level and that they should indicate an intention to proceed to History II, and take papers 24.20, 21.22. Paper 12.12 should preferably be one of the choices in Ancient History I.

ASIAN HISTORY I

(Two papers)

This paper will discuss broadly the Confucian state of the Chinese, but concentrate on the impact of Europe upon it; the 'Opium Wars' and the 'unequal treaties'; the revolution of 1911; the subsequent attempts to create a stable government in China; the Japanese invasion and the triumph of the Communists.

The second paper will study Vietnam since 1802. It will discuss the search for unity on Confucian lines under the Nguyen dynasty following centuries of disunity; the impact of the French after the decline of China's influence in East Asia and the new impulses to disunity; the rise of a revolutionary national independence movement (the Vietminh) and the reasons for its inability to create a unified Vietnam.

In relation to paper 24.13 students should buy some of the following, but further guidance will be given to classes. Beckmann, G. K. The Modernization of China and Japan (Harper and Row); Fairbank, J. K., Reischauer, E. O., and Craig, A. M., East Asia: The Modern Transformation (Houghton Mifflin); Cameron, M. E., China, Japan and the Powers: A History of the Modern Far East; Hsi. I. C. Y., The Rise of Modern China (O.U.P.); Morse, H. B. and MacNair, H. F., Far Eastern International Relations (Houghton Mifflin).

In relation to paper 24.14, students are recommended to buy the following: McAlister, J. T., Vietnam: The Origins of Revolution (Double-day Anchor); Lacouture, J., Ho Chi Minh (Pelican); Kahin, G. McT. and Lewis, J. W., The United States in Vietnam, revised edition (The Dial Press); Gyeteliman, Marvin L., ed., Vietnam: History, Documents, and Opinions on a Major World Crisis (Penguin).
HISTORY II

(Three papers)

EITHER OPTION A: 24.20, 24.21, 24.22. Problems in the formation of Europe from the fourth century to the thirteenth.

This course examines, within a general framework of chronology, specific issues "in depth". The issues will be chosen for their controversial nature, and will include such topics as: the Anglo-Saxon settlement of England, the problems of continuity between Rome and barbarism and between Anglo-Saxon and Norman England, the "Pirenne thesis", the "Investiture Contest", the changing meanings of Empire and Papacy within the period, the evolution of a concept of law, the relevance of terms such as "renaissance" and "feudalism".

The best text books are, for English history:

and for Europe:
Jones A. H. M., The Decline of the Ancient World (Longmans); Deanesly, M., History of Early Medieval Europe 476-911 (Methuen, 2nd ed.); Brooke, Z. N., A History of Europe 911-1198 (Methuen, 3rd ed.)

Less adequate substitutes are, for England:

and for Europe:
Davis, R. H. C., A History of Medieval Europe from Constantine to St. Louis (Longmans).

The following books are not strictly text books but are extremely rewarding. Southern, R. W. The Making of the Middle Ages (Hutchinson and Longmans); Southern, R. W., Western Society and the Church in the Middle Ages (Penguin); Wallace-Hadrill, J. M. The Barbarian West, 400-1000 (Hutchinson, 1967).

OR OPTION B: 24.23, 24.24, 24.25. Topics in European, African and American History from the fifteenth to the eighteenth century.

In 1973 it is expected that students will be offered a choice for paper 24.23, but that this will not include a topic in American history. The two topics likely to be available are
either (i) African history from the fifteenth to the eighteenth century or (ii) A special study of political crisis in Europe: the English Civil War and Revolution.

In 1973 papers 24.24, 24.25, will be “A century of general European crisis, 1560-1660”, and they will involve a comparative study of constitutional development in Western European states, leading to the general crisis of the seventeenth century.

In relation to the topic on the English Civil War students should have read Stone, Lawrence, Social Change and Revolution (Longmans paperback) before the paper begins.

In relation to 24.24, 24.25, students should have read, Aston, Trevor, Crisis in Europe (R.K.P. paperback), and will be expected to have read Pennington, D. H., Seventeenth Century Europe (Longmans); Elton, G. R. Reformation Europe (Fontana paperback); Elliott, J. H., Europe Divided (Fontana paperback), before the course begins.

ASIAN HISTORY II

(Three papers)

24.26 China, 1911-1949: from the revolution to the triumph of the Communists.

This paper will make a survey of the social and political developments after the revolution of 1911. It attempts to examine the failure of democracy in China; the prominent leaders and their ideas as well as their attempts to re-establish China as an independent state; the ultimate success of the Communists.

Note: It is expected that a different topic on the history of China will be offered in Asian History II in 1974.

24.27, 24.28 Southeast Asia, mainly since 1500.
Paper 24.27 begins by examining the social, economic and political structure of Southeast Asia before the arrival of the Europeans. A discussion of the Islamisation of the maritime south leads into an account of the early Portuguese, Spanish and Dutch empires. It concludes with an examination of the colonial impact in the nineteenth century. The second paper on Southeast Asia, 24.28, then deals with the rise of indigenous nationalism, the impact of the Japanese occupation, the independence movements and finally some major themes in the post-independence period (e.g. the impact of communism and other ideologies, the decline of parliamentary democracy, the problems of multi-racial societies).

In relation to paper 24.27 and 24.28, students should buy at least one of the following general surveys: Tarling, Nicholas, *A Concise History of Southeast Asia* (Donald Moore paperback); Bastin, J. and Benda, H. J., *A History of Modern Southeast Asia* (Prentice-Hall paperback); Osborne, M. E., *Southeast Asia: Region of Revolt* (Pelican paperback). At least three of the following studies of separate states should also be bought: Legge, J. D., *Indonesia* (Prentice-Hall paperback); Cady, J. F., *Thailand, Burma, Laos and Cambodia* (Prentice-Hall paperback); Corpuz, O. D., *The Philippines* (Prentice-Hall paperback); Gullick, J. M., *Malaysia* (Benn).

HISTORY III

(Three papers).

EITHER OPTION A:

This option will not be available in 1973.

OR OPTION B: 24.30, 24.31, 24.32 Topics in World History.

For each of these papers, a considerable choice of topics will be available in 1973. Students are asked to choose which of the topics they wish to study, and, depending on the
demand, every attempt is made to put them into the class of their choice. Among the topics expected to be available in 1973 are:

St. Augustine of Hippo and The City of God in the middle ages; The reign of Henry VIII; The Development of Commerce and Industry in 17th century England; The Habsburg Empire and Germany in the eighteenth century; The Habsburg Empire, 1867-1918; Political and Economic Change in Europe, 1800-1870; British Labour History, c. 1850-1918; The Origins of the first world war; Russia, 1914-1922: a documentary study; New Zealand and Great Britain, 1840-1914; Pacific History: culture contact to the late nineteenth century; China's Response to the West, 1861-1937; West Africa, 900-1900: selected chapters; East, Central and South Africa in the 19th century; British foreign policy, 1814-1914; and a topic in 19th century British intellectual history.

HISTORY FOR MA AND HONOURS

Five papers and a research essay counting as one paper; or, with the permission of the Head of the Department, four papers and a thesis.

The research paper must be on a subject connected with one of the candidate's formally examined MA papers. In exceptional circumstances, however, the Head of Department may permit a candidate to write a research paper on a subject connected with one of the papers he passed in History IIIB.

The thesis shall not exceed 50,000 words and two copies must be handed in to the Registrar not later than 1 November.

Candidates not writing theses may spread their work over two years, sitting four papers in the first year. But students are encouraged to complete in one year, sitting five papers, and handing their research essay in by the last day of February following their examinations (see clause 2 (c) of the Enrolment and Course Regulations (General).

Students writing theses must sit four papers in one year and complete their thesis according to the MA regulations clauses 6 and 10.

In special circumstances the Senate may permit a candidate who is the holder of a diploma other than those listed above, to undertake the course.

2. A candidate for the Diploma shall
   (a) pass either paper 14.23 or paper 14.24 including the required practical work for Education II as prescribed for the Degree of Bachelor of Arts
      provided that a candidate who in Education II has passed one of these papers shall pass the other and further provided that candidate who in Education II has passed both of these papers shall in lieu of paper 14.23 or 14.24 pass one other paper in Regulation 2 (b).
      (b) pass three further papers chosen from Education II and Education III as prescribed for the Degree of Bachelor of Arts
         provided that not more than one paper so chosen shall be from Education II and further provided that for the purposes of this clause a candidate may not take any papers from Education II and Education III which he has passed for any Degree of this University.

322
3. Each candidate shall present a certificate from the Professor of Education that he has carried out an original investigation on an approved topic provided that in very exceptional circumstances an additional paper may be substituted for the original investigation.

The results of the investigation must be submitted to the Registrar as follows:

(a) by 1 November in the year in which is is presented or at a subsequent date if so arranged with the Professor of Education;

(b) within three years of the year in which the requirements of Regulation 2 of these regulations were completed, provided that this period may in special cases be extended by the Senate.

4. Every candidate shall present to the Professor Education a certificate from an approved authority indicating that he has been engaged for at least two years of full-time work in the practice of teaching, or in educational work of a related character, such as vocational guidance, child guidance, child welfare, or social work, and has shown efficiency therein.

5. A graduate, or the holder of an approved diploma, or an undergraduate candidate with five units which do not include Education I, may present himself for examination in Education I in the year in which he first presents himself for examination in one or more of the subjects listed in Regulation 2 (b).

6. These Regulations shall come into force on 1 January, 1971.

Note: For prescriptions for Education II and III see pages ———
DIPLOMA IN EDUCATIONAL PSYCHOLOGY
DipEdPsych

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations a candidate for the Diploma in Educational Psychology shall before his enrolment for this Diploma
   (a) have passed the papers in the subject Education or Psychology as prescribed for the Degree of Master of Arts or for an equivalent examination approved by the Senate, and
   (b) satisfy the Senate that he is likely to benefit from the training provided by the course for this Diploma.

2. A candidate for the Diploma in Educational Psychology shall follow a course of study and in-service training of not fewer than two years.

3. The course of study for the Diploma in Educational Psychology shall consist of the following two parts each of which, except in exceptional circumstances and with the approval of the Head of the Department, shall occupy one year:
   (a) Part One
   Candidates are expected to pass in the following subjects:
   (1) Development Psychology 16.10
   (2) Educational Psychology 16.11
   (3) Social Psychology 16.12
   (4) Psychology and Education of Atypical children 16.13
   (5) Psychometrics 16.14
   (6) Assessment and Diagnosis 16.15
   (7) Communication and Counselling 16.16
Notes: 1. Before being granted terms for courses 16.13, 16.14, 16.15 and 16.16 candidates must have satisfactorily completed the prescribed courses of practical work, case work, and/or observational visits associated with each course.

2. Candidates may be required to attend additional courses in the Departments of Education and/or Psychology as indicated by the content of their degrees, and/or enrol for the MA thesis.

(b) Part Two

(1) Supervised participation in the work of approved psychological and special educational services.

(2) The presentation of a written report based on systematic study of the literature bearing upon a relevant special topic approved by the Professor of Education, and submitted to him not later than 1 November.

(3) A comprehensive oral examination covering the work of the whole course.

4. Subject to the approval of the Senate, which will be granted only in exceptional circumstances, exemption may be granted from any of the requirements under Regulations 1 to 3.

Note: Candidates should consult the Professor of Education early in the year regarding textbooks for the course.
THE DEGREE OF BACHELOR OF SCIENCE
BSc

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations and the Examination Regulations.

1. Except as provided in the Admission Ad Eundem Statum Regulations a candidate for the degree of Bachelor of Science shall follow a Course of study of not fewer than three years, being EITHER (a) the Course of study governed by Regulations 2 to 16 inclusive or
   (b) The Course of Study in Human Biology, governed by Regulations 17 to 21 inclusive.

2. In Regulations 3 to 16 of these Regulations
   (a) a ‘course’ is an independently assessed segment of work in a subject, the successful completion of which results in the award of credits as set out in the Schedule of these Regulations.
   (b) courses are classified as Stage I (papers numbered .100-.199), Stage II (.200-.299) and Stage III (.300-.399).

3. A complete Course of study requires the gaining of 96 credits, of which
   (a) at least 36 are from courses above Stage I
   (b) at least 12 are from Stage III courses
   (c) at least 48 are from courses in the Subjects Biochemistry, Botany, Cell Biology, Chemistry, Geology, Mathematics, Physics and Zoology and of these at least 12 are from the subjects of Physics or Chemistry or both.
4. A candidate may not enrol in any one year for courses totalling more than 50 credits.

5. A candidate may not take in any one year any combination of either

(a) Stage II and Stage III courses, or

(b) Stage III courses

in which practical work is involved where the total credits exceed 30.

6. Except as provided in Regulation 9, a candidate may not enrol for a Stage II course until he has 24 Stage I credits.

7. A candidate in any course of the subjects Biochemistry, Botany, Cell Biology, Chemistry, Geography, Geology, Psychology, and Zoology, must pass, besides the written examination, in such practical work as may be prescribed by the Head of the Department provided that the candidate's mark in such practical work may, with the leave of the Senate, be carried forward to a subsequent year.

8. The Senate may permit a candidate to take a course as defined in the Regulations for the Bachelor of Arts and prescribed for that degree, but not prescribed for this degree and 12 credits will be given for a pass in this course.

9. Notwithstanding anything in Regulation 6 the Senate may permit a candidate to enrol for Stage II courses in Botany, Chemistry, Geography, Physics, Mathematics or Zoology without having passed the prescribed prerequisite courses provided that:

(a) The candidate shall only be credited with a pass in the Stage II course and not in the prerequisite course.
(b) a candidate failing the Stage II course may be credited with a pass at Stage I if the examiner certifies he has reached that level.

(c) where the candidate gained at least 12 credits in Stage II courses in Botany, Chemistry, Geography, Physics, Pure Mathematics or Zoology he may also include in his Course of study, one unit as prescribed for the Degree of Bachelor of Arts in addition to any course that may be taken under Regulation 8 of these Regulations. 12 credits will be given for the unit passed.

10. Notwithstanding anything in Regulations 1 and 3 a candidate who has qualified with outstanding merit for the New Zealand Certificate in Science (Chemistry) may be admitted by the Senate to the Course of study governed by Regulations 2 to 16 inclusive with exemption from courses totalling 36 credits which shall include Chemistry I. To complete the requirements for the Course of study the candidate shall be required to gain the following credits:

(a) 12 in each of the subjects Physics and Mathematics
(b) 12 in Chemistry Stage II
(c) 12 in Chemistry Stage III, and
(d) at least 12 in courses at a level above Stage I.

Note: Any such candidate who has not passed the University Entrance Examination must apply for admission to the University under the Provisional Admission and Special Admission Regulations.

11. (1) Subject to the provisions of Regulation 10 of the Enrolment and Course Regulations (General)

(a) a candidate who has passed the Intermediate Examination for the Degree of Bachelor of Engineering, may be credited with the units of that Examination as equivalent courses for the Course of study governed by Regulations 2-16 inclusive for this Degree.
(b) a candidate who has passed for the Degree of Bachelor of Engineering

(i) Engineering Mathematics II and Engineering Mathematics III prior to 1972, or

(ii) Engineering Mathematics IA and IB and Engineering Mathematics II in or subsequent to 1972,

shall, subject to the provisions of Regulation 10 of the Enrolment and Course Regulations (General), be credited with Mathematics 240 and 360 for the Course of study governed by Regulations 2 to 16 inclusive.

(2) A candidate, who has passed Mathematics 220 or Mathematics 240 for the Degree of Bachelor of Engineering without having passed any Mathematics at the Stage I level, and who qualifies for the exemption referred to in sub-clause (b) of this Regulation shall be credited with Mathematics 120 and 140, in lieu of Mathematics 220 and 240.

12. Subject to the provisions of Regulation 10 of the Enrolment and Course Regulations (General), a candidate who has passed in Psychology IA or IB and Psychology II for the Degree of Bachelor of Arts or in any of those units and has performed such additional laboratory work as the Head of the Department of Psychology directs, may be exempted from the corresponding course or courses in Psychology for this Degree.

13. A candidate who holds the Diploma in Optometry may be credited with the courses Psychology 101, Psychology 102 and 3 courses at advanced levels in Psychology for this Degree in addition to any units (or subjects) which he may be entitled to transfer by way of cross-credit under Regulation 10 of the Enrolment and Course Regulations (General).
14. (a) Except as otherwise provided in this Regulation, the Course of study of every candidate shall be governed by these Regulations.

(b) A candidate who gained credit in any unit or units under any of the former Regulations for this Degree, shall be credited with such equivalent course or courses as the Senate shall determine.

(c) For candidates who enrolled for this Degree before 1973 the subject prerequisites, corequisites and restrictions, where not covered by these Regulations, shall be determined by the Head of the Department concerned.

15. (a) The Senate may in such exceptional cases as it thinks fit approve a personal Course of study which does not conform to the foregoing Regulations.

(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

16. These Regulations shall come into force on 1 January 1973.

**SCHEDULE**

1. This schedule sets out course numbers, examination numbers, credits, prerequisites, corequisites, and restrictions applying to Courses of study offered for the Degree of Bachelor of Science.

2. The schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.

3. The heading 'prerequisites' in relation to a course refers to other courses which must be passed before the candidate may take that course.
4. The heading 'corequisites' in relation to a course refers to other courses which must be taken concurrently with that course or have been passed in the previous year.

5. The heading 'restrictions' in relation to a course refers to a course which cannot be taken together with that course.

6. A candidate may not take a further stage of a course until he satisfies all prerequisite and co-requisite requirements for that course.

* Starred courses will not be taught during the current Calendar year.

† These units will not be taught during the current Calendar year unless sufficient staff is available.
ADMISSION

17. (a) Admission to the Course of study in Human Biology shall be at the discretion of the Senate. Application for admission to the Course shall be made to the Registrar in writing before 1 August or such other date as the Senate may determine, of the year preceding that in which the applicant proposes to enrol.

(b) Admission to Part I of the Course of study shall be granted or withheld upon a consideration of the past performance of the applicant at school and in public examinations, and upon an interview where this is required.

(c) In exceptional circumstances as the Senate may approve or under the Admission Ad Eundem Statum Regulations, admission may be granted to an applicant to Part II or Part III.

18. The Course of study shall consist of three Parts. A candidate shall be required to pass as a whole each Part of the Course of study.

Provided that a candidate, who re-enrols for a Part of the Course of study having failed to pass it as a whole at the first attempt, may be allowed to carry out, to the satisfaction of the Heads of Departments concerned, alternative work in lieu of the unit of the Part of the Course of study where his previous performance was satisfactory.* For the purpose of assessing the grade of this candidate as a whole for a Part of the Course of study the Senate may approve that the satisfactory pass grade in the unit be carried forward.

* Normally a B-grade or better.

19. Except as provided in Regulation 17 (c) hereof no candidate shall be permitted to enrol in any unit of Part II of the Course until he has passed Part I, or in any unit of Part III until he has passed Part II.
20. A candidate shall carry out to the satisfaction of the Senate such practical work in each Part of the Course of study as may be required.

21. The units prescribed for examination for the Course of study in Human Biology with the prescription numbers relative to each are following:

*Units and Prescription Numbers*

**PART I**

- BIOLOGY 60.10, 60.11, 60.12
- PHYSICO-CHEMISTRY 60.20, 60.21, 60.22
- BEHAVIOURAL SCIENCE I 60.30

**PART II**

- HUMAN CELL AND TISSUE BIOLOGY 61.10, 61.11, 61.12
- VISCERAL ORGAN SYSTEMS 61.20, 61.21, 61.22
- BEHAVIOURAL SCIENCE II 61.30

**PART III**

- NEUROLOCOMOTOR SYSTEM 62.10, 62.11
- HOMEOSTASIS 62.20
- HUMAN REPRODUCTION AND DEVELOPMENT 62.30
- GENERAL PATHOLOGY 62.40
- BEHAVIOURAL SCIENCE III 62.50, 62.51

22. With the leave of the Senate a candidate not proceeding to a degree in medicine may in Part III substitute one advanced course or courses totalling 12 credits in a biological subject prescribed for the Course of study governed by Regulation 2-16 for such portion of the work above prescribed as the Senate may deem to be equivalent to that work.

23. (a) The Senate may in such exceptional cases as it thinks fit approve a personal Course of study which does not conform to the foregoing Regulations.
(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

Note: The prescriptions are defined elsewhere in the Calendar.

FOREIGN LANGUAGE READING EXAMINATION

Every candidate intending to proceed to the MSc degree is strongly advised to take the course for the Foreign Language Reading Examination before completing the BSc degree. The ability to read scientific works in a foreign language is necessary for reading literature relating to the thesis. A pass in the Foreign Language Reading Examination is also required as part of the BSc(Hons) Degree. The regulations concerning this Examination are contained in the Degree Regulations for MSc and BSc(Hons).
THE DEGREE OF BACHELOR OF SCIENCE (HONOURS)

BSc(Hons)

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. The Degree may be awarded in each of the following Honours Schools:
   Geology
   Physics

2. Admission to the Course of study for the Degree of Bachelor of Science (Honours) shall be at the discretion of the Senate and shall be given at either the end of the second year or third year after matriculation provided that where the proviso to Regulation 8 applies, admission may be granted at the end of the third or fourth year after matriculation.

3. No candidate shall be admitted to an Honours School without the approval of the Head of Department of that School and of the Senate. Such approval shall be granted or withheld upon a consideration of the candidate's performance in the courses of University study already pursued by the candidate and particularly in the units required as pre-requisites to that Honours School.

4. In each Honours School a candidate's Course of study for the Degree shall comprise:

   (a) such pre-requisites, being courses prescribed for the Degree of Bachelor of Science, and

   (b) such Honours Parts (being Parts III and IV, or Part IV as the case may be) and
(c) such course in other subjects as may be required and prescribed in that Honours School under Regulation 15:

provided that

(i) except where the Senate in its discretion otherwise permits, the number of pre-requisite units shall be not fewer than 72 credits in a case of entry into an Honours School at the end of the second year after matriculation and not fewer than 96 in a case of entry at the end of the third such year;

(ii) in the case of any pre-requisite subject and with the approval of the Senate, if the candidate has been permitted to enrol for and has passed at Stage II without having passed at Stage I, Stage II may be substituted for Stage I, and Stage III may then be substituted for Stage II;

5. A candidate in any subject for this Degree where practical work is prescribed, must pass beside the written examination, in such practical work as may be prescribed by the Head of the Department.

6. A candidate may withdraw from the Honours School and be granted such credits and exemptions for courses for the Degree of Bachelor of Science as the Senate shall determine.

7. A candidate shall be required to pass as a whole each Part of the Honours Course of study so that his performance in all courses comprising this Part shall be considered: provided that a candidate who has failed to pass an Honours Part as a whole may in such exceptional circumstances as the Senate approves be credited with a course or courses of that Part and permitted in a subsequent year to present the course or courses not so credited, together with (if the Senate permits) a course or courses of the next succeeding Part.
The candidate shall then be required in that year to pass as a whole in all the courses so presented upon the same conditions as those herein prescribed.

8. A candidate shall sit his final examinations for the degree within four years of his matriculation: provided that at the discretion of the Senate the period may be extended to five years

(a) where a candidate first enrolled in the subject of his Honours School in his second year after matriculation, or

(b) in any special circumstances.

9. A candidate who, on the results of his examination, does not reach the standard required in the Honours School in which he is enrolled, shall be excluded by the Senate from the Honours School but he may be granted such credits and exemptions for courses for the Degree of Bachelor of Science as the Senate shall determine.

10. The Degree of Bachelor of Science (Honours) may be awarded with First Class or Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division. The class of Honours awarded shall be determined primarily on the performance of the candidate in the examinations in his final year but account may be taken of his work throughout his Course of study.

11. The Senate may determine in respect of any candidate who fails to qualify for the Degree that he be awarded the Degree of Bachelor of Science or be credited with courses toward that Degree or be credited with the Degree of Bachelor of Science together with appropriate credits towards the Degree of Master of Science.
12. The Senate may, on written application by a candidate for the Degree of Bachelor of Science and without payment of a fee, grant him permission to transfer to a Course of study under these Regulations and allow him to be credited with a pass in such courses as the Senate shall determine.

13. A candidate shall not be admitted to the Degree unless

(a) he has been credited with a pass in a unit of a foreign language approved for this purpose by the Senate, or

(b) he has been credited with a pass in a foreign language reading examination

(i) prescribed for the purpose of this Regulation, and

(ii) approved by the Head of the Department of the Honours Subject which the candidate is presenting for this Degree.

14. A candidate whose mother-tongue is not English may on application and with the approval of Senate be exempted from the provisions of Regulation 13. Application must be made to the Registrar in writing and if such application is granted, exemption will be subject to the payment of a fee as provided by Regulation 10 of the Enrolment and Course Regulations (General).

15. Subject to the provisos to Regulation 4, the Honours Courses of study with subject and courses of examination are as follows:

**Geology**

*Pre-requisites*

(a) For a candidate seeking admission to the Honours School at the end of his second year after matriculation.

Geology, four courses—totalling 24 credits.

Chemistry 100 or Chemistry I,
and 36 credits from other courses in any of the following subjects:

Botany, Chemistry, Geology, Mathematics, Physics, Zoology, or in any other subject approved by the Head of Department.

(b) For a candidate seeking admission to the Honours School at the end of his third year after matriculation.

Structure of Course of study as specified for entry at the end of the second year.

In special cases, with the approval of the Head of the Department of Geology, courses at an advanced level in any other subjects may be substituted for any of the above provided, that the candidate has gained at least 11 credits from Geology Stage III courses.

**Geology Honours Part III** (Geology courses totalling not fewer than 23 credits, together with practical work)

Part III shall contain courses prescribed as Geology second or third year courses, for a total of not fewer than 23 credits. In special cases, with the approval of the Head of the Department of Geology, advanced courses of other subjects may be substituted for Geology courses, provided that the Course of study contains Geology courses totalling at least 11 credits.

**Geology Honours Part IV** (Three papers together with practical work and thesis)

The student shall follow one year's Course of study approved by the Head of the Department of Geology and carry out an original investigation on an approved topic.* The examination shall consist of three papers prescribed for the Degree of Master of Science (21.401, 21.402, 21.403) and a thesis embodying the
results of the investigation which shall be equivalent to one paper. The thesis shall be delivered to the Registrar at the beginning of the second half of the second term.

*Notes: (i) Intending students should consult the Head of Department about the research topic immediately after completing the papers for Part III.*

(ii) The language for the Foreign Language Reading Examination will be French, German, Russian, or other language approved by Senate and this examination should be taken as early as possible.

**Physics**

*Pre-requisites*

(a) For a candidate seeking admission to the Honours School at the end of his second year after matriculation.

Physics 111 and 112,

Physics 220, 230, 240, 250, 290, and 24 credits from the following subjects:—

Botany, Chemistry, Geology, Zoology, and 24 credits from Mathematics courses as approved by the Head of the Department of Physics.

(b) For a candidate seeking admission to the Honours School at the end of his third year after matriculation.

The equivalent of the pre-requisites and Course of study requirements listed for Part III, as approved by the Head of the Department of Physics.

*Physics Honours Part III* (24 credits in courses approved by the Head of Department together with practical work)

Part III shall consist of units approved by the Head of Department totalling 24 credits (this will normally include 16 credits from Stage III level papers in Physics), and any two of the units 390, 391, 392 or the equivalent.
Physics Honours Part IV (Four papers together with one or more experimental or theoretical projects and one other course)

Part IV shall consist of four papers from Physics 31.401 to 31.484, together with one or more experimental or theoretical projects, and one other course at 300 level or its equivalent as approved by the Head of the Department.

16. (a) Except as otherwise provided in this Regulation, the Course of study of every candidate in the Geology and Physics Honours schools shall be governed by these Regulations.

(b) A candidate who gained credit in any unit under any of the former Regulations for this Degree, shall be credited with such equivalent course or courses as the Senate shall determine.

(c) Except as provided for in clause (d) any candidate enrolled for this Degree in the Departments of Botany and Zoology shall comply with the Regulations published in the 1972 Calendar.

(d) The Senate may, on written application by a candidate who enrolled for a Science Degree before 1973, approve subject pre-requisites which do not conform to those listed here.

17. These Regulations shall come into force on 1 January 1973.
THE DEGREE OF MASTER OF SCIENCE
MSc

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Science shall before his enrolment for this Degree

(a) (i) have been admitted or qualified for admission to the Degree of Bachelor of Science, or

(ii) have been admitted or qualified for admission to the Degree of Bachelor of Science, (Honours), or

(iii) in the subject Psychology in lieu of the requirement of paragraph (i) of this clause have been awarded or qualified for the award of the Diploma in Optometry;

(b) have passed the following subject prerequisites or have passed the subject he offers in the final year of the course for the Degree of Bachelor of Science (Honours); provided that in special cases recommended by the Head of the Department the Senate may exempt the candidate from this requirement:

BIOCHEMISTRY, Biochemistry 301 and 302

BOTANY, 24 Stage III credits from the subjects Biochemistry, Botany, Cell Biology, Chemistry, or Zoology, including at least 12 Stage III credits from Botany.

CELL BIOLOGY, 24 Stage III credits including at least 12 Stage III credits from Cell Biology.
CHEMISTRY, Chemistry IIIA and IIIB

GEOGRAPHY, 24 Stage III credits including at least 12 Stage III credits from Geography.

GEOLOGY, 24 Stage III credits including at least 12 Stage III credits from Geology.

MATHEMATICS, Mathematics 320 or 321, 330 or 331, 340, 360 and any two of 361 to 390.

PHYSICS, (i) Physics 220, 230, 240, 250, 290; and (ii) either, any eight courses from Physics 310 to 381; or, any six courses from Physics 310 to 381 together with four credits from any other course or courses, approved by the Head of the Department, from another subject; and (iii) any two courses from Physics 390, 391, and 392; provided that with the approval of the Head of the Department, Geology 307 may be substituted for Physics 390.

PSYCHOLOGY, (i) either 20 credits from Psychology 301 to 308; (ii) or the completed requirements for the Diploma in Optometry.

ZOOLOGY, 24 Stage III credits including at least 12 Stage III credits in Zoology.

Any of the subjects Anatomy, Biochemistry, Pathology, Physiology, or Psychology: completion of the requirements for the Course of study in Human Biology for the Degree of Bachelor of Science.

(c) have passed with a Grade higher than C —
either in all Stage II courses prescribed for the Degree of Bachelor of Science which are pre-requisites for the subject he takes for this Degree;
or in all subjects in Division IV for the Diploma in Optometry if that Diploma is the prerequisite for the subject Psychology he takes for this Degree;
or in Part III of the Course of study in Human Biology for the Degree of Bachelor of Science;
provided that the Head of the Department of the subject may at his discretion approve a Grade C—pass for the purpose of this clause.

2. (a) A candidate may sit the examination papers required for this Degree over two successive years. He may only elect to follow this course of study when he first enrols for the Degree. Such candidates, except those presenting Mathematics papers, shall not be eligible to gain Honours.

(b) A candidate taking seven papers in Mathematics may, with the approval of the Head of the Department take these papers in the same year or four of the papers in the first year and the remaining three in the year following.

3. A candidate for this Degree, may with the permission of the Heads of the Departments concerned and with the approval of the Senate take one Master's paper in a subject other than that in which he is taking his degree. Each such paper shall substitute for one paper of the subject in which the Degree is being taken.

4. (a) A candidate who has qualified for the Degree of Bachelor of Science shall be required in the subject he takes to pass the prescribed examinations and to present a thesis where that is prescribed, in accordance with Regulation 13 of these Regulations.
(b) A candidate who has qualified for the Degree of Bachelor of Science (Honours) shall be required to present a thesis only, which shall be as prescribed in Regulation 13, in the subject Geology or Physics. Provided that a candidate who has done work for the Degree of Bachelor of Science (Honours) but has qualified for admission not to that Degree but to the Degree of Bachelor of Science, may be granted exemption from such part of the Course of study for the Degree of Master of Science as the Senate may approve, subject to his paying the prescribed fee as if that part were an exempted unit for the purpose of Regulation 10 of the Enrolment and Course Regulations (General).

5. Where a thesis is required the following conditions shall apply:

(a) The Senate shall appoint a supervisor for the candidate upon the recommendation of the Head of the Department.

(b) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject.

(c) In the case of a thesis requiring laboratory work, such work shall be carried out within the University provided that the Senate may permit a candidate to carry out such work in an approved institute outside the University for such limited period or periods as may be necessary.

(d) A candidate shall present his thesis not later than twenty-four months after his first enrolment for this Degree, provided that this period may be extended with the permission of the Head of the Department by not more than one year and, provided that in exceptional circumstances this period may be extended by the Senate.
6. A candidate shall not take a subject which he has already passed for the Degree of Master of Arts.

7. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Honours shall not be awarded in a subject to any candidate for this Degree who has qualified in that subject for the award of the Degree of Bachelor of Science (Honours).

(c) Honours shall not be awarded in a particular subject to any candidate who enrolled for and failed to qualify for admission to the Degree of Bachelor of Science (Honours) in that subject.

(d) Honours shall not be awarded if the papers in the first year in which a candidate takes an examination for the Degree are unsatisfactory: provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or injury or exceptional circumstances beyond his control (certified under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination, so that he shall still be eligible for the award of Honours subject to the provisions of sub-clause (e) of this Regulation.

(e) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of his first enrolment for this Degree provided that this period may be extended, in exceptional cases, by the Senate.

8. (a) Notwithstanding anything to the contrary in the foregoing Regulations a candidate may upon the recommendation of the Heads of the Departments concerned and with the approval of the Senate —
(i) substitute an Engineering paper for any papers, paper, or part of a paper prescribed in Regulation 13, and
(ii) substitute a thesis (to carry such weight as may be determined) in an Engineering subject for a thesis in any subject prescribed in Regulation 13;
so that part but not the whole of the candidate's course for this Degree may be taken in Engineering.

Note: A candidate changing in toto from one Faculty to another should enrol for the Degree of Master of Philosophy.

(b) The Senate may require the candidate to take any appropriate prerequisite courses before granting any such approval.

(c) In this Regulation 'an Engineering paper' and 'an Engineering subject' mean respectively any paper and any subject prescribed in or for the purposes of Regulation 3 of the Regulations for the Degree of Master of Engineering.

9. A candidate shall not be admitted to the Degree unless

(a) he has been credited with a pass in a unit of a foreign language approved for this purpose by the Senate, or
(b) he has been credited with a pass in a foreign language reading examination.

(i) prescribed for the purpose of this Regulation, and
(ii) approved by the Head of the Department of the Honours subject which the candidate is presenting for this Degree.

10. A candidate whose mother-tongue is not English may on application and with the approval of Senate be exempted from the Provisions of Regulation 9.
Application must be made to the Registrar in writing and if such application is granted, exemption will be subject to the payment of a fee as provided by Regulation 10 of the Enrolment and Course Regulations (General).

11. (a) All candidates enrolled for this Degree
(i) who completed a Bachelor of Science Degree in, or before, 1972 shall pass the subject pre-requisites listed in the 1972 Calendar;
(ii) shall have their course governed by these Regulations, except those referred to in sub-clause (i).

(b) The Senate may, on written application by a candidate who enrolled for a Bachelor of Science Degree for this University before 1973, approve a course of study which does not conform to the subject prerequisites published in the 1972 Calendar or to those listed here.

12. These Regulations shall come into force on 1 January, 1973.

13. The subjects of examination and relative requirements as to theses for this Degree, together with the prescription numbers relative to each examination paper, are as follows:

ANATOMY (Two papers and a thesis which shall count as four papers): Papers 65.401, 65.402.

BIOCHEMISTRY (Three papers and a thesis which shall count as two papers): Papers 66.401 to 66.403.

BOTANY (Three papers and a thesis which shall count as three papers): Three papers from 6.401 to 6.409.
CELL BIOLOGY (Four papers and a thesis which shall count 30% towards the assessment for the final grade): Papers 40.401, 40.402, 40.403 each of which shall count 20% towards the assessment for the final grade and 40.404 which shall count 10% towards the assessment for the final grade.

CHEMISTRY (Four papers and a thesis which shall count as two papers): Papers 8.401 to 8.404.

GEOGRAPHY (Four papers and a thesis which shall count as three papers): Four papers from 20.401 to 20.417.

GEOLOGY (Three papers and a thesis which shall count as two papers): Papers 21.401 to 21.403.

PATHOLOGY (Two papers and a thesis which shall count as four papers): Papers 68.400, 68.401.

PHYSICS (Three papers and a thesis which shall count as three papers, or four papers and a thesis which shall count as four papers): Three or four papers from 31.401 to 31.484.

PHYSIOLOGY (Two papers and a thesis which shall count as four papers): Papers 67.401, 67.402.

PSYCHOLOGY (Four papers and a thesis which shall count as three papers): Four papers from 33.401 to 33.414.

ZOOLOGY (Three papers and a thesis which shall count as three papers): Papers 38.401, 38.402, 38.403.
THE DEGREE OF DOCTOR OF SCIENCE

DSc

1. Except as provided in the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Doctor of Science shall be a graduate of the University of Auckland, or of the University of New Zealand.

2. No candidate shall present himself for the Degree of Doctor of Science until at least eight years after graduation to his first degree.

3. The Degree of Doctor of Science shall be awarded for an original contribution (or contributions) of special excellence in some branch of pure or applied science.

4. The degree shall be awarded only on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation.

5. No work shall be considered for the degree if the work, or a major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:

(a) Three copies of the work to be examined;

(b) A statutory declaration which shall —

(i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and

(ii) state what portion (if any) of the work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and
(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall —

(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate should be advised to withdraw his application.

(b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted, provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. If the Moderator recommends that the candidate should be advised to withdraw his application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may —

(a) withdraw his application, whereupon he shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or

(b) elect to proceed with the examination.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand.

(b) The contents of the Moderator's report shall not be communicated to the Examiners.
10. The duties of each Examiner shall be:

(a) to report independently on the quality of the work and its value as a significant contribution to learning; and

(b) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded the examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A resubmission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall consider the reports of the Examiners and prepare a final report based upon them which, together with the reports of the Examiners, shall be placed before the Senate, and the Senate shall determine whether or not the degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where the Examiners' recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.
DEPARTMENT OF ANATOMY
ANATOMY FOR MSc AND HONOURS

(Two papers and a thesis)

64.401, 64.402 The study of selected fields of Anatomy at an advanced level with detailed study of one particular field. The thesis will be based on a research project and will be the major feature of the year's work. The topic must be arranged with the Head of the Department before the end of the preceding academic year.

Students from other Universities must have completed Anatomy III or the equivalent.
DEPARTMENT OF BIOCHEMISTRY

STAGE III

Prerequisites: see BSc Schedule.

Biochemistry 301 (One paper and practical work).
66.301 Introduction and scope of biochemistry; proteins, enzymes; metabolic pathways; photosynthesis, nitrogen fixation, bioenergetics.

Biochemistry 302 (One paper and practical work).
66.302 Carbohydrates, lipids; biosynthesis of amino acids, purines and pyrimidines; nucleic acids, protein synthesis; vitamins, metabolic regulation and biochemical endocrinology.

Laboratories. Students are required to attend practical classes of not less than ten hours a week and practical work will be assessed. A pass in each of the written papers and in the practical course is necessary.

Entry to Biochemistry III may have to be restricted if the number of applicants exceeds the number of laboratory places. Students intending to enrol in Biochemistry III should make a preliminary application for enrolment to the Department on the appropriate departmental form not later than 10 January. Candidates lacking one or more of the prerequisites listed on page .... are permitted to make a preliminary application.

Recommended books: (Note: It is not suggested that all of these books be purchased. Students are advised to seek guidance before making purchases.) Lehninger, Biochemistry, The Molecular Basis of Cell Structure and Function (Worth); Mahler & Cordes, Biological Chemistry (Harper & Row); Frieden and Lipner, Biochemical Endocrinology of the Vertebrate (Prentice-Hall); Dickerson and Geis, The Structure and Action of the Proteins (Harper & Row).

Reference books: White, Handler and Smith, Principles of Biochemistry, (McGraw-Hill); Larner, Intermediary Metabolism and its Regulation (Prentice-Hall); Cohen, The Regulation of Cell Metabolism (Holt Rinehart & Winston); Bernard, The Structure and Function of Enzymes (Benjamin); Campbell and Greville (Eds.), Essays in Biochemistry Vols 1-6 (Biochemical Society-Academic Press); Sokatch, Bacterial Physiology and Metabolism (Academic Press).
BIOCHEMISTRY FOR MSc AND HONOURS

(Three papers and a thesis)

66.40, 66.41, 66.42 The general study of Biochemistry at an advanced level, with more detailed study in the fields of enzymology, metabolic pathways, microbial metabolism and biochemical control mechanisms.

Candidates for the Master's Degree should consult the Head of the Department as soon as possible after the completion of the Bachelor's Degree, in order to select thesis topic and obtain advice on vacation reading and textbooks.

The course will normally be of one year's duration; but the thesis may, with the approval of the Head of Department be completed during the second year. (See Clause 2 (c) of the Enrolment and Course Regulations (General).).

Students from other Universities must have taken Biochemistry to an advanced undergraduate level (e.g. Biochemistry III as offered at Otago University).

Students are reminded of the Foreign Language Reading requirement which is a prerequisite to the MSc Degree. The prescribed language is either French, German, or Russian at the discretion of the Head of the Department.

RESEARCH IN BIOCHEMISTRY

Facilities are available for research for PhD students and Post-doctoral research workers in several fields of animal, microbial and plant biochemistry as well as enzymology.

Intending applicants should in the first instance make application to the Department.
DEPARTMENT OF BOTANY

STAGE I

The course consists of two 6-credit units, Botany 101 and Botany 102 (paper nos. 6.101 and 6.102 respectively). Credit will not be given in either unit unless a pass in the corresponding practical work is gained (BSc Regulation 7).

Botany 101 Central Concepts in Biology.

An introductory course dealing with biological concepts common to animals, micro-organisms and plants; the biochemistry of macromolecules, especially nucleic acids and proteins; principles of enzyme action and catalysis, cellular energetics including the hydrogen transport of respiration and photosynthesis; fundamental genetic principles and mechanisms with emphasis on mutation, recombination, interaction and breeding systems; basic tenets of organic evolution, including a study of gene frequencies in populations and forces controlling them; fundamental processes of ecosystems, population and community dynamics, an introduction to some New Zealand communities.

This course is the same as Zoology 101 and credit may be obtained for either unit.

Prescribed texts: Kormandy, Concepts of Ecology (Prentice-Hall); Levine, Genetics (Holt, Rinehart and Winston); McElroy, Cell Physiology and Biochemistry (Prentice-Hall); Stebbins, Processes of Organic Evolution (Prentice-Hall).

Botany 102 Form and Function in Plants.

A basic course in plant science dealing with plant structures and physiological processes, especially those dealing with water and solute uptake and movement, respiration and photosynthesis. A survey of plant kingdom illustrating diversity in form, ecology, reproduction, nutrition, evolution and classification. In addition to set laboratories, one or more field trips on Saturdays will be held which students will normally be expected to attend.

Prescribed text(s): To be announced.

Recommended books: Millener, Chapman & Segedin, A Classification of Plants (Auck. Univ); Richardson, Translocation in Plants (Arnold); Salisbury & Ross, Plant Physiology (Wadsworth).
STAGE II

The course consists of four, three-credit units, Botany 201, 202, 203 and 204 (paper nos. 6.201, 6.202, 6.203, 6.204) and practical work including field trips.

A pass in Botany 101 and 102 will normally be required before enrolment in any of these units.

Botany 201 Algal Biology.

The structure, physiology, ecology, reproduction, classification and economic uses of the major groups of algae.

Botany 202 Fungal Biology.

Form, function, classification, genetics and nutrition of fungi; comparative studies of other groups of micro-organisms; introduction to plant pathology.

Botany 203 Metaphyte Morphology.

A comparative study of bryophytes, pteridophytes and spermatophytes including their morphology, reproduction, phylogeny and taxonomy.

Botany 204 Physiology and Ecology.

An introduction to plant-soil relationships with particular emphasis on the factor of soil water; solar radiation and plant growth; ecological and physiological studies; metabolic pathways of importance in environment response.

STAGE III

The course consists of a selection from twelve, three-credit units Botany 301-12 (paper nos. 6.301-6.312) and practical work, including field trips.

Botany 301 Freshwater Biology.

Morphology of aquatic plants (submerged, floating and emergent); freshwater communities (algal and higher plant); the physical and biological environment; eutrophication and control; physiology of aquatic plants; autecology of selected species. Part of the course will be a field trip to the Rotorua Lakes. Co-requisites: Botany 201; 204.

Prescribed text: Sculthorpe, Biology of Aquatic Vascular Plants (Arnold).
Recommended books: Wagner, Environment and Man (Norton); Russell-Hunter, Aquatic Reproductivity (Macmillan).

Botany 302 Marine Ecology.

The ecology of mangrove swamps, salt marshes, maritime dunes, shell and shingle beaches and sea cliffs; the ecology of submerged marine phanerogams and marine algae (littoral, sublittoral and planktonic). Visits to representative areas and a four-day field course at Leigh during enrolment week are part of the required practical work for this unit. Co-requisites: Botany 201; 204.

Prescribed texts: Chapman & Chapman, The Algae (Macmillan); Chapman, Coastal Vegetation (Pergamon).
Recommended books: Chapman, Salt Marshes and Salt Deserts of the World (Hill); Chapman, Seaweeds and their uses (Methuen).

Botany 303 Terrestrial Ecosystems.

Dynamics and measurement of terrestrial ecosystems; energy and nutrient budgets; terrestrial community case studies. Field trips will be a required part of this course. Co-requisites: Botany 203; 204.

Prescribed text: Kershaw, Quantitative and Dynamic Ecology (Arnold).

Botany 304 Plant Physiology 1.

Aspects of photosynthetic metabolism (e.g. carbon pathways, light reactions, photorespiration, diffusion limitations) particu-
larly with emphasis to the effects of environmental factors; physiological aspects of photomorphogenesis. Co-requisite: Botany 204.

**Botany 305 Plant Physiology 2.**

Mineral nutrition and enzyme control in response to nutrients; uptake and transport of nutrients in plants; respiration and energy relationships of plants; the effect of environmental factors such as \( \text{O}_2 \) and \( \text{CO}_2 \) on respiration. Co-requisites: Botany, 204; 304.

**Botany 306 Plant Pathology 1.**

History; mycological review; introduction to host-parasite relations; abiotic diseases; effect of environmental factors on fungal diseases; specific diseases. Co-requisite: Botany 202.

**Botany 307 Plant Pathology 2.**

Advanced host-parasite relations; serobiology, epidemiology, control of fungal diseases; specific diseases. Co-requisites: Botany 202; 306.

**Botany 308 Plant Pathology 3.**

Prescribed text: Atkinson, *Diseases of Fruit Trees in New Zealand* (Govt. Printer).

Botany 309 Genetics and Evolution.

Plant cytogenetics; fungal genetics including theories of crossing-over and gene conversion; speciation, especially in the New Zealand vascular plant flora. Co-requisites: Botany 202; 203.

Prescribed text: Stebbins, Chromosomal Evolution in Higher Plants (Arnold) OR Swanson, Merz & Young, Cytogenetics (Prentice-Hall).

Recommended books: Lewis & John, The Organisation of Heredity (Arnold); Solbrig, Principles and Methods of Plant Biosystematics (Macmillan).

Botany 310 Biosystematics and Experimental Morphology.

An approach (largely laboratory) to the analysis of variation in natural plant populations; a critical review of selected publications in the field of experimental morphology. Co-requisite: Botany 203.

Prescribed text: Solbrig, Principles and Methods of Plant Biosystematics (Macmillan).

Recommended books: Heywood, Plant Taxonomy (Arnold); Wardlaw, Morphogenesis in Plants (Methuen).

Botany 311 Ultrastructure and Differentiation.

The electron microscope and associated techniques involved in tissue preparation; plant ultrastructure, including membranes, organelles and extracellular structures. Co-requisite: Botany 203.

Botany 312 Systematics and Phylogeny.

Modern approaches to taxonomy, especially of flowering plants; phenetic and phyletic classifications; numerical and chemical taxonomic methods; evolutionary history of the major groups of plants. Co-requisites: Botany 201; 203.

BOTANY FOR MSc

(Any *three* of the following papers and a thesis which is equivalent to three papers).

†6.401  Phylogeny and Paleobotany

6.402  Genetics and Systematics

6.403  Advanced Plant Physiology

6.404  Plant Biochemistry

6.405  Plant Hydrobiology

6.406  Terrestrial Ecology and Plant Geography

6.407  Advanced Plant Pathology

6.408  Epidemiology of Plant Diseases

6.409  Algal Taxonomy and Biology

† This paper will not be taught during the current Calendar year unless sufficient staff is available.

Co-requisites: Zoology 207 or 307; Foreign Language Reading Examination in German, Russian, or such other language as may be approved by the Head of Department.
DEPARTMENT OF CELL BIOLOGY
STAGE III

Prerequisites: see BSc Schedule.

40.301 Molecular Biology and Immunology

40.302 Molecular Genetics and Virology

The structure and replication of representative plant, animal and bacterial viruses. Relationships of viruses with their host cells. The transmission and recombination of genetic material in bacterial viruses, in bacteria, and in diploid microorganisms. The units of mutation, function and recombination.

Recommended books for 40.302. Note: It is not suggested that students purchase all of these books. Desk copies will be held in the Biology Library. Davis, B. D., Dulbecco, R., Ginsberg, H. S., Eisen, H. N., and Wood, W. B., Principles of Microbiology and Immunology, 1968 (Harper International); Luria, S. E., and Darnell, J. E., General Virology, 1967 (Wiley); Hayes, W. A., The Molecular Biology of Bacteria and their Viruses, 2nd ed. (Blackwell); Watson, J. D., The Molecular Biology of the Gene (Harper, 2nd Ed., 1971); Stent, G. S., Molecular Genetics (Freeman, 1971).

It may be necessary to limit numbers in Cell Biology 301 and 302 in 1973. Intending students should make a provisional application in person or in writing to the Head of Department on or before 10 January, 1973, giving names, age, address (for
February); subjects already taken for degree, with grades; proposed course for 1973; any other relevant information. Applicants will be informed concerning the result of their application as early as possible in February.

CELL BIOLOGY FOR MSc AND HONOURS

(Four papers and a thesis)

40.401, Molecular Biology; 40.402, Molecular Genetics; 40.403, Virology and Immunology; 40.404, Special topic. The material for Cell Biology III considered in greater depth, with knowledge of some of the current original literature. The course will be based on selected topics in Virology, Electron Microscopy, Molecular Biology, Microbial and Molecular Genetics, and Immunology.

Prerequisites: For Auckland students, Cell Biology 301 and 302. Students from other universities or colleges must have taken some suitable subject to an advanced undergraduate level (e.g. Biochemistry Advanced II or Microbiology Advanced II as offered at Otago University).

For Auckland students who do not have Cell Biology 301 and 302 as part of their undergraduate degree, and for students from other Universities the MSc degree will normally involve a two year course, in which the candidates will be required to take the course work for Cell Biology 301 and/or 302, and keep terms in that subject.

A pass both in the thesis and in the written papers is necessary.

Students are reminded of the Foreign Language reading requirement which is a pre-requisite for admission to the MSc degree. The prescribed language may be French, German, Italian, Russian, or such other language as may be approved by the Head of the Department.
Students are also reminded of the requirement of a grade higher than C- in prerequisite Stage III BSc units (see MSc Regulation 1 (c.).)

Recommended books: **Note:** It is not suggested that students purchase all of these books. Desk copies will be held in the Biology Library. Those for Cell Biology III plus: Cairns, J., Stent, G. S., Watson, J. D., Eds. *Phage and the origins of Molecular Biology* 1966 (Cold Spring Harbor); Fraenkel-Conrat, H., Ed., *The Molecular Basis of Virology* 1968 (A.C.S. Monograph, Reinhold); Ycas, M., *The Biological Code* 1969 (North Holland).

**Thesis:** The preparation of a thesis is a most important feature of the work and a large part of the student's time should be devoted to this aspect of the course. The topic of research for the thesis can be in virology, electron microscopy, molecular genetics, in molecular biology with special reference to nucleic acids and proteins, or in basic aspects of immunology.

**RESEARCH IN CELL BIOLOGY**

Facilities are available for research by PhD and post-doctoral students in fields of virology, immunology, molecular genetics, electron microscopy, and molecular biology, with special reference to nucleic acids and proteins.

Intending students should consult the Head of the Department as early as possible.

**Note:** An MSc in Cell Biology is not a prerequisite for PhD registration.
DEPARTMENT OF CHEMISTRY

CHEMISTRY I

(Two papers and practical work)

8.101, 8.102 *Introduction to Chemistry.*

Students will attend four lectures a week. Tests will be held from time to time during lecture hours, and performance in these tests will contribute to the final mark for written papers.

*Laboratories:* Students will attend two practical classes (of two hours each) a week. No student may enter the laboratory unless he is wearing spectacles, safety glasses or some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written papers and the practical course is necessary.

Students intending to proceed to Chemistry 201 or Chemistry 202 are strongly advised to take Mathematics 26.140 (or an equivalent course) beforehand. Students intending to take Chemistry III should include Physics 31.101 and 31.102 (or 31.111 and 31.112) in their course.

Recommended books: Lee, *Concise Inorganic Chemistry* (Van Nostrand); Butler, Dunell and Harrison, *Problems for Introductory Chemistry with Complete Solutions* (Addison-Wesley); Runquist, Creswell & Head, *Chemical Principles* (Burgess).

Students who have not previously studied chemistry are advised to read: Parry, Steiner, Tellefsen and Dietz, *Chemistry. Experimental Foundations* (Prentice-Hall) before commencing the course.
CHEMISTRY 100

(One paper and practical work)

8.100 Inorganic and Organic Chemistry

Students will attend two lectures a week. Tests will be held from time to time during lecture hours, and performance in these tests will contribute to the final mark for written papers.

Laboratories: Students will attend two practical classes (of two hours each) a week. No student may enter the laboratory unless he is wearing spectacles, safety glasses or some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written paper and the practical course is necessary.

This course is intended to be taken simultaneously with Chemistry 201. Students taking Chemistry 100 are strongly advised to include Mathematics 26.140 (or an equivalent course) in their course concurrently. Entry to Chemistry 100 is restricted to students who, on the evidence of high marks in the University Bursary or Scholarship examinations, have demonstrated previous ability in Chemistry. Preference for entry will be given to students intending to proceed to Chemistry III. Such students are advised to include Physics 31.100 and 31.102 (or 31.111 and 31.112) in their course.

Prescribed texts: As for Chemistry I.

Recommended books: As for Chemistry I.

CHEMISTRY 201

(One paper and practical work)

8.201 Physical, Analytical and General Chemistry

Students will attend two lectures a week. Tests will be held from time to time during lecture hours, and performance in these tests will contribute to the final mark for written papers.
Laboratories: Students are required to attend practical classes of not less than 92 hours during the year. This may be completed by doing either eight hours per week for half the year or four hours per week for the whole year. No student may enter the laboratory unless he is wearing spectacles, safety glasses or some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written papers and in the practical course is necessary.

CHEMISTRY 202

(One paper and practical work)

8.202 *Inorganic, Structural and Theoretical Chemistry*

Students will attend two lectures a week. Tests will be held from time to time during lecture hours, and performance in these tests will contribute to the final mark for written papers.

Laboratories: Students are required to attend practical classes for not less than 92 hours during the year. This may be completed by doing either eight hours per week for half the year or four hours per week for the whole year. No student may enter the laboratory unless he is wearing spectacles, safety glasses or some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written paper and in the practical course is necessary.

Note: Students are advised to seek guidance before purchasing recommended books.
CHEMISTRY 203

(One paper and practical work)

8.203 Organic and physical-organic chemistry

Structure and reactions of carbon compounds, classified by functional groups. An introduction to the chemistry of molecules of biological importance.

Students will attend two lectures a week. Tests will be held from time to time during lecture hours, and performance in these tests will contribute to the final mark for written papers.

Laboratories: Students are required to attend practical classes for not less than 92 hours during the year. This may be completed by doing either eight hours per week for half the year or four hours per week for the whole year. No student may enter the laboratory unless he is wearing spectacles, safety glasses or some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written paper and in the practical course is necessary.

Prescribed text: Roberts & Caserio, Modern Organic Chemistry (Benjamin).

CHEMISTRY IIIA

(Two papers and practical work)

8.301 Inorganic, quantum and radiochemistry.

8.302 Organic and physical chemistry.

Tests will be held from time to time during lecture hours, and performance in these tests will contribute to the final mark for written papers.

Laboratories: Students are required to attend practical classes of not less than eight hours a week. No student may enter the laboratory unless he is wearing spectacles, safety glasses or
some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written papers and in the practical course is necessary.

Note: Students are advised to seek guidance before purchasing recommended texts.

**CHEMISTRY IIIB**

(Two papers and practical work)

8.303 *Inorganic, physico-organic, radio- and structural chemistry.*

8.304 *Organic and physical chemistry.*

Tests will be held from time to time during lecture hours, and performance in these tests will contribute to the final mark for written papers.

Laboratories: Students are required to attend practical classes of not less than eight hours a week. No student may enter the laboratory unless he is wearing spectacles, safety glasses or some other approved form of eye protection. The practical work will be assessed for each candidate, and the marks included in the marks schedule of the University. A pass both in the written papers and in the practical course is necessary.

Note: Students are advised to seek guidance before purchasing recommended texts.

(Two papers and practical work)

8.305 *Elementary radiochemical practice.*

8.306 *Advanced radiochemical practice.*

For prescription see entry for certificate courses in the Principles and practices of Radiochemistry.

**ADVANCED CHEMISTRY**

8.307 *Inorganic, quantum, radio- and structural chemistry.*

Tests will be held from time to time during lecture hours, and performance in these tests will contribute to the final mark for written papers.

8.308 *Organic and physical chemistry.*

Laboratories: Students are required to attend practical classes of not less than eight hours per week. The practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass both in the written examination and in the practical course is necessary.

Prescribed texts: To be advised.
CHEMISTRY FOR MSc AND HONOURS

(Four papers and a thesis)

Students intending to read for MSc and Honours should consult the Head of the Department as soon as possible after the completion of the Bachelor’s Degree, in order to select the thesis topic and secure appropriate laboratory facilities. The course is normally of one year’s duration, but the thesis may, with the approval of the Head of the Department, be completed during the second year. (See clause 2 (c) of the Enrolment and Course Regulations (General).)

8.40 Inorganic, quantum and structural chemistry.

8.41 Organic chemistry.

8.42 Physical chemistry.

8.43 Advanced topics in chemistry.

Note: Students are advised to seek guidance before purchasing recommended texts.

A pass both in the thesis and in the written papers is necessary.

In addition to attending prescribed lectures in physical, structural, inorganic, and organic chemistry, students will be required to prepare and discuss a number of selected topics of special interest.

Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the MSc Degree. The prescribed language normally is German; classes are arranged by the Department of Germanic Languages and Literature.
DEPARTMENT OF GEOGRAPHY

For prescriptions see pages 237-42.

Note: The prescriptions for Geography IIIA and IIIB are as prescribed for Geography III and Geography III (Additional) respectively for the Degree of Bachelor of Arts.

DEPARTMENT OF MECHANICAL ENGINEERING

ENGINEERING MECHANICS

DEPARTMENT OF GEOLOGY

STAGE I

Two courses are offered:

21.101 General Geology.

46 hrs lectures, 46 hrs laboratories, 6 credits. Materials of the lithosphere; igneous action and metamorphism; weathering of rocks; transportation and deposition of sediments; structural geology and geomorphology; rock and mineral deposits; structure of the earth from seismology and gravity.

Field classes: Each student will be required to attend two field excursions, arranged usually on weekends during term time.

Practical work: One two-hour practical class must be attended each week. The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

Prescribed texts: E. J. Searle, City Of Volcanoes (Paul); for students not advancing beyond Stage I Geology: Gilluly, Waters and Woodford, Principles Of Geology (Freeman), but for students intending to advance to Stage III Geology: A. Holmes, Principles Of Physical Geology (Nelson), new ed. 1965.

21.102 Introductory Paleontology, Historical Geology and Sedimentation.

46 hrs lectures, 46 hrs laboratories, 6 credits. Skeletal anatomy and evolution of all major groups of animals and plants; general principles of stratigraphy; geological history and development of New Zealand; sedimentation on continents and in oceans.

Field classes: Each student will be required to attend two field excursions, arranged usually on weekends during term time.

Practical work: One two-hour practical class must be attended each week. The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

Prescribed texts: R. M. Black, The Elements of Paleontology (Cambridge University Press); A. L. McAlester, The History Of Life (Prentice-Hall); Geological Map Of New Zealand, scale 1:250,000 Sheet 3 Auck-
land (Government Printer); Geological Map Of New Zealand, scale 1:2,000,000 (Government Printer), but note: purchase only the map and not the Geological Survey Bulletin of the same name.

STAGE II

Three courses are offered:

69 hrs lectures, 46 hrs laboratories, 6 credits. Elements and mechanical principles of structural geology. Structures of metamorphic rocks. Geological maps and their construction, regional geology, and hypotheses of global tectonics in the light of geophysics.

Field classes: A field camp lasting about a week will be held probably during the first vacation and other one-day excursions may be arranged throughout the year. Attendance at the field classes is compulsory and students must be prepared to pay a large part of the cost of these classes which may be held anywhere in New Zealand.

Practical work: The year’s practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

69 hrs lectures, 46 hrs laboratories, 6 credits. Advanced treatment of the full New Zealand stratigraphic sequence, biostratigraphy, paleogeography, and geological history, with the regional geology of some smaller areas and the comparative paleontology necessary as a background to biostratigraphy.

Field classes: In conjunction with course 21.201 a field camp lasting about a week will be held probably during the first vacation; other one-day excursions may be arranged throughout the year. Attendance at the field classes is compulsory and students must be prepared to pay a large part of the cost of these classes, which may be held anywhere in New Zealand.
Practical work: The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

Prescribed texts: D. A. Brown, K. S. W. Campbell and K. A. W. Crook, The Geological Evolution Of Australia And New Zealand (Pergamon); Geological Map Of New Zealand, scale 1:2,000,000 (Government Printer), but note: it is necessary to have only the map and not the Geological Survey Bulletin of the same name.

21.203 Determinative Mineralogy (prerequisite 21.101; co-requisite Chemistry 1 or Chemistry 8.100).

46 hrs lectures, 69 hrs laboratories, 6 credits. Crystal morphology and stereographic projection. Principles of optics; descriptive and determinative mineralogy of transparent and opaque minerals. Descriptive petrography of common rock types.

Practical work: The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

Prescribed text: M. H. Battey, Mineralogy For Students (Oliver and Boyd) 1972.

STAGE III

The following seven courses are offered:

46 hrs lectures, 69 hrs laboratories, 6 credits. Regional geology of selected areas of the world with special emphasis on orogenic belts. Geology and geophysics of the southwest Pacific. Sea-level changes. Advanced methods in structural geology. Elements of surveying; photogrammetry and photogeology; elements of engineering geology.

Field classes: A field camp lasting about a week to ten days will be held probably during the first vacation, and other short trips may also be arranged. Attendance at these field classes is compulsory and students must be prepared to pay a large part
of the cost of excursions which may be held anywhere in New Zealand.

46 hrs lectures, 69 hrs laboratories, 6 credits. Physical, chemical and biological processes in the major environments of sedimentation; geomorphology, origin and structure of submarine physiographic provinces. Petrography of sedimentary rocks; processes of modern marine sedimentation and erosion.

Field classes: Attendance is compulsory at a field course of one week's duration which may be held conjointly with course 21.303 in the May or August vacation anywhere in New Zealand. In addition, a number of single day excursions will be held at weekends during term. Students must be prepared to pay a large part of the costs of these excursions.

Practical work: The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical work and the written paper is necessary.

21.303 Advanced Paleontology (prerequisites 21.102 or 38.101 or 6.101).

46 hrs lectures, 69 hrs laboratories, 6 credits. Advanced treatment of major invertebrate groups (Foraminiferida, Brachiopoda, Mollusca, Coelenterata, Echinodermata, Arthropoda) covering their morphology, origin, evolution, paleoecology and geological history. Paleoecologic principles and practice, paleoecology of other groups of organisms (ichnofossils, Bryozoa, etc.).

393
Field classes: A total of about seven days of field work will be arranged throughout the year anywhere in New Zealand; attendance is compulsory and students must be prepared to pay a large part of the cost of these excursions.

Practical work: The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

Note: Since the prerequisites for this unit are first-year courses it is possible to take 21.303 as a second year course; students who intend to major in Geology must obtain the permission of the Head of Department to take 21.303 in their second year.

69 hrs lectures, 46 hrs laboratories, 6 credits. Systematic mineralogy and crystal chemistry; advanced determinative mineralogy using a variety of analytical and instrumental techniques; mineral deposits in sedimentary, igneous and metamorphic environments and their genesis.

Field classes: A total of about seven days will be spent in the field throughout the year. Attendance at these classes is compulsory and students must be prepared to pay a large part of the cost of these excursions which may be held anywhere in New Zealand.

Practical work: The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

Prescribed texts: K. H. Wedepohl, Geochemistry (Holt, Reinhart and Winston); B. Mason and L. G. Berry, Elements of Mineralogy (Freeman) OR M. H. Battey, Mineralogy For Students (Oliver and Boyd).

21.305 *Igneous and Metamorphic Petrology* (prerequisites 21.203; Chemistry I or Chemistry 8.100).

69 hrs lectures, 92 hrs laboratories, 6 credits. Petrography, chemistry, petrogenesis and regional settings of igneous and metamorphic rocks.

**Field classes:** A total of about seven days of field work will be held throughout the year; attendance is compulsory and students must be prepared to pay a large part of the cost of trips which may be made anywhere in New Zealand.

**Practical work:** The year’s practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

23 hrs lectures, 2 credits. A lecture course covering physical principles, equipment and techniques used in investigating the physical composition of the earth and in mineral exploration.

69 hrs laboratories, 3 credits. This is a laboratory course associated with 21.306; use and adjustment of geophysical instrumentation, experiments to illustrate basic principles, analysis and interpretation of field data involving both Geology and Geophysics.

**Field classes:** About seven days of field work will be held throughout the year anywhere in New Zealand. Students must be prepared to pay a large part of the cost of these excursions which are compulsory.
Practical work: A final pass or fail grade for this unit will be established by assessment and marking of laboratory and field reports on experiments carried out during the course.

**BSc(HONS) PART IV IN GEOLOGY**

(Three papers and a research report)

The regulations which cover the BSc(Hons) course are listed on p. 336. This course in Geology is designed to enable students of high ability to complete an Honours degree in four years and thus be eligible to proceed direct to a PhD degree, and for the award of postgraduate scholarships.

Students enrolled for BSc(Hons) Part IV in Geology undertake course work as for first-year MSc. students and sit the same three papers (21.401, 21.402, 21.403). In addition, they must complete a research project by the beginning of the second half of the academic year, and the marks allotted for the project report count as equivalent to one paper.

Admission to the Honours School may be granted at the end of either the second or third year after first enrolment in the Geology Department. Students who wish to be considered for enrolment should consult the Head of Department prior to enrolment or at any time during the preceding year. Students who have been admitted to Part IV should consult the Geology staff about textbooks and particularly about fourth-year research projects at the end of their Stage III year.

Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the degree of BSc(Hons). Candidates must show proficiency in one of the following languages: French, German or Russian.

**MSc AND HONOURS IN GEOLOGY**

(Three papers and a thesis)

The MSc is normally a full-time two-year degree, following the completion of a BSc, and consists of three written papers (21.401, 21.402, 21.403) together with a thesis which, for examination assessment, counts as two written papers.
Students intending to read for this degree should consult Geology staff immediately upon completion of the BSc course regarding allocation of a thesis topic and purchase of textbooks. First-year MSc students are required to give seminars and to attend courses which are listed and timetabled at the beginning of the academic year. Field work on the thesis topic should begin during the summer prior to initial enrolment for MSc, and should be finished during the following summer after the written examinations. Candidates for postgraduate scholarships will be expected to submit their completed theses by 15 October in the second year of their enrolment; by University regulation, two full copies of the thesis are required.

Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the degree of MSc. Candidates must show proficiency in one of the following languages: French, German or Russian.

PhD IN GEOLOGY

(Thesis and an oral examination)

Facilities are available for research by PhD candidates in many branches of Geology: geochemistry, petrology, mineralogy, structural geology, paleontology and stratigraphy, sedimentology, marine geology and geophysics. Students intending to work for this degree should have reached a satisfactory level of attainment in BSc(Hons) or MSc.

ENGINEERING GEOLOGY

The prescription for this subject appears under School of Engineering courses.
MARINE RESEARCH LABORATORY

The Marine Research Laboratory is situated on the east coast, some sixty miles north of Auckland, at Goat Island Bay, Leigh. It provides research space, facilities such as running seawater, and living accommodation for seven or more workers. Present work is centred on the ecology and physiology of shore and shallow water organisms and marine geophysics, but the laboratory is open to workers in any branch of marine research.

The Laboratory is managed by a committee — Chairman, Professor A. C. Kibblewhite (Geophysics), Secretary, Professor J. E. Morton (Zoology). Students who wish to work for extended periods at the Laboratory must make arrangements with the Director through their supervisor. Short term visitors must book in advance with the Director, Dr W. J. Ballantine, R.D., Leigh (Telephone, Leigh 7R).

Research facilities and accommodation are available to students proceeding to the BSc, BSc(Hons), MSc, or PhD degrees as well as staff and visiting scientists.
DEPARTMENT OF MATHEMATICS

Prerequisites, corequisites and restrictions for the units listed below are fully set out under the course Regulations for the BSc degree on page 338 of the Calendar. The rules governing the combination of these units into units for the BA degree are given at the end of the list of units. Students in other faculties (in particular BE Intermediate students) should ensure that their choice of courses conforms with the requirements of those faculties.

Students intending to proceed to the MA or MSc degree in Mathematics should if possible satisfy the Foreign Language Reading requirement during the first two years of their undergraduate course. The language may be French, German, Russian or such other language as may be approved by the Head of the Department.

Prescriptions for Units

Subject to the approval of the Heads of the Departments of Mathematics and Theoretical and Applied Mechanics a paper prescribed for the BE (Eng.Sc.) course may be taken under number 26.362.

Note: The units 26.210, 26.310, 26.311, 26.321, 26.361, 26.362 and 26.382 are optional units which may not all be offered each year.

Maths 120  26.120  Principles of Algebra
Maths 121  26.121  Introductory Algebra

Sets, relations, functions; introduction to formal systems and mathematical logic; number systems, integers, mathematical induction, rational numbers, real and complex numbers, De Moivre’s theorem; vectors, matrices, transformations in the plane, conic sections, linear equations; introduction to groups, rings and fields.

These are alternative courses corresponding respectively to the theoretical (T) and general (G) versions of paper 26.120 given in 1972. Students intending to advance in Mathematics to higher stages will normally take Maths 120. However, well prepared students are encouraged to enrol in Maths 200 instead of Maths 120 and Maths 140.

399
Other students are recommended to take Maths 121 which will concentrate more on techniques than on theory. Students who pass Maths 121 will require permission from the Head of the Department before they may enrol in Maths 220.

Note: Students taking any of these units who have inadequate preparation in mathematics are recommended to enrol also for Supplementary Mathematics.

Prescribed texts (for both units): S. Lipschutz, *Set Theory* (Shaum's Outline Series); B. C. Tetra, *Basic Linear Algebra* (Harper and Row).

Maths 140  26.140  Principles of Calculus
Maths 141  26.141  Introductory Calculus
Maths 142  26.142  Concepts of Calculus

Sequences, series, convergence; limits, continuity; derivatives and integrals; differential calculus of polynomials and rational functions; antiderivatives and integrals of polynomials; logarithmic, exponential and circular functions; calculus in Euclidean geometry; applications.

These are *alternative* courses corresponding respectively to the (T), (G) and (C) versions of paper 26.140 given in 1972. The accelerated course which formerly comprised papers 26.141 and 26.142 has now been renumbered Maths 200.

Students intending to advance in Mathematics to higher stages will normally take Maths 140. However, well prepared students are encouraged to enrol in Maths 200 instead of Maths 120 and 140.

Other students are recommended to take Maths 141 or Maths 142 both of which will concentrate more on techniques than on theory. Maths 142 is especially designed to meet the needs of Commerce students. Students who pass Maths 141 or Maths 142 will require permission from the Head of the Department before they may enrol in Maths 240.

Note: Students taking any of these units who have inadequate preparation in mathematics are recommended to enrol also for Supplementary Mathematics.

Prescribed texts: (Maths 140) J. A. Tierney, *Calculus and Analytic Geometry* (Allyn and Bacon 2nd Ed.).

Supplementary Mathematics

This course is designed for students whose preparation in Mathematics is not sufficient to allow them to cope easily with the 100-level courses listed above. It may be taken prior to, or concurrently with, these courses. In the latter case the prescribed fee is waived. The course is of two hours' duration per week, one hour being devoted to algebra and the other to calculus, trigonometry etc.

Maths 170 26.170 Principles of Mechanics

Elementary vector algebra; statics of a particle and rigid body; centres of mass and moments of inertia; dynamics of a single particle including simple harmonic motion, motion in a circle, and projectiles; introduction to dynamics of a system of particles and of a rigid body.

Maths 171 26.171 Mechanics and Algebra

This unit is not available in 1973.

Maths 180 26.180 Principles of Statistics

Introduction to probability, random variables and their distributions, expected values, introduction to statistical inference. This course was formerly numbered 26.280.

Maths 190 26.190 Principles of Computing

The computer and its logical structure, algorithms, programming languages, numerical methods, problem solving.

This course was formerly numbered 26.290.

Prescribed text: To be advised in lectures.

Recommended books: F. E. Hohn, Applied Boolean Algebra (Macmillan) or D. Kaye, Boolean Systems (Longmans); Francis Scheid, Introduction to Computer Science (Shaum's Outline Series).
**Maths 200 26.200, 26.201 Introductory Algebra and Analysis** (accelerated course).

A selection from the topics of Maths 120, Maths 140 and Maths 240 taught as a unified course. This course was formerly numbered 26.141 and 26.142. Well prepared students are encouraged to seek permission to enrol in this course rather than in Maths 120 and Maths 140.

The normal sequel to Maths 200 is either Maths 220 or Maths 321 and either Maths 330 or Maths 331.

Prescribed text: T. M. Apostol, *Calculus*, Vols 1 and 2 (Blaisdell 2nd Ed.).

**Maths 210 26.210 Principles of Mathematics**

Enrolment in this unit requires permission from the Head of the Department. Further information concerning this unit may be obtained from the Administrative Assistant of the Department of Mathematics.

**Maths 220 26.220 Linear Algebra**

Vector spaces, linear mappings, matrices, inner products and norms, determinants, quadratic forms. Students who have not passed Maths 120 require permission from the Head of the Department before they may enrol in this unit.

**Maths 240 26.240 Calculus**

Solid analytical geometry; hyperbolic functions; elements of infinite series; partial differentiation; formulas and methods of integration; multiple integration; basic types of differential equations; linear differential equations; elementary vector analysis.
Students who have not passed Maths 140 require permission from the Head of the Department before they may enrol in this unit.

**Maths 261 26.261 Mathematical Methods**

Differential equations, special functions, difference equations, Laplace transform methods, Fourier Series, the Fourier transform, the method of separation of variables, vector analysis.

This course was formerly numbered 26.361(a). It may not be taken concurrently with or subsequent to Maths 340 or Maths 360.

**Maths 310 26.310 Special Topics in Pure Mathematics (a)**

Enrolment in this unit requires permission from the Head of the Department. Further information concerning this unit may be obtained from the Administrative Assistant of the Department of Mathematics.

**Maths 311 26.311 Special Topics in Pure Mathematics (b)**

Enrolment in this unit requires permission from the Head of the Department. Further information concerning this unit may be obtained from the Administrative Assistant of the Department of Mathematics.

**Maths 320 26.320 Algebraic Structures**

Groups, rings, unique factorization domains, fields.

Prescribed text: S. Lang, *Algebraic Structures* (Addison-Wesley).

**Maths 321 26.321 Algebra**

A selection from the topics prescribed for Maths 220 and Maths 320. This course is intended for students with special
mathematical interest and aptitude, and may not be taken together with either Maths 220 or Maths 320. However, students who pass Maths 321 will be permitted to take courses for which Maths 320 is the normal prerequisite.

Enrolment in this unit requires permission from the Head of the Department.

Maths 330 26.330 Principles of Analysis

Real numbers, set theory, metric spaces, Euclidean spaces, continuity, differentiation, Riemann-Stieltjes integration, sequences of functions.

Maths 331 26.331 Analysis

A selection of the topics prescribed for Maths 330 and Maths 340 together with some topics from paper 26.430. Enrolment in this unit requires permission from the Head of the Department. Such permission will normally be granted to students who have obtained a good pass in Maths 200 or Maths 240. This unit may not be taken together with Maths 330.

Maths 340 26.340 Multivariable Calculus

Real valued functions of several variables, multiple integration, vector analysis, introduction to complex analysis.

Recommended reading: R. C. Buck, Advanced Calculus (McGraw-Hill 2nd Ed.).

Maths 360 26.360 Applied Analysis

Differential equations, the special functions of applied mathematics, orthogonal polynomials, Fourier series, Boundary value problems.

**Maths 361  26.361 Special Topics in Applied Mathematics (a)**

Enrolment in this unit requires permission from the Head of the Department. Further information concerning this unit may be obtained from the Administrative Assistant of the Department of Mathematics.

**Maths 362  26.362 Special Topics in Applied Mathematics (b)**

Enrolment in this unit requires permission from the Head of the Department. Further information concerning this unit may be obtained from the Administrative Assistant of the Department of Mathematics.

**Maths 370  26.370 Mechanics**

General dynamical principles, theory of rotating axes, motion under central forces, motion of a rigid body, Lagrange's equations of motion.

Prescribed text: S. W. McCuskey, *Introduction to Advanced Dynamics* (Addison-Wesley).

**Maths 371  26.371 Field Theory**

An introduction to electromagnetism and fluid dynamics.

**Maths 380  26.380 Probability**

Theory and applications of random process models, recurrent events, random walks, Markov chains, Poisson processes, birth and death processes, miscellaneous topics.

Maths 381 26.381 Statistics

Distribution theory of one or more variables, statistical inference, goodness of fit, introduction to analysis of variance and experimental design.

Maths 382 26.382 Selected Topics and Problems in Statistics

Enrolment in this unit requires permission from the Head of the Department. Further information concerning this unit may be obtained from the Administrative Assistant of the Department of Mathematics.

Maths 390 26.390 Numerical Calculus

Introduction to the numerical algorithms fundamental to scientific computer work. Elementary discussion of error, polynomial interpolation, quadrature, linear systems of equations, solution of nonlinear equations, numerical solution of ordinary differential equations.

400-level Courses

With the permission of the Head of the Department (and subject to the general degree requirements) any number of 400-level papers may be taken as units for the BSc degree.

Prescriptions for Units for BA etc.

In every case where a choice of papers is offered for a particular unit, the candidates' choice must be approved by the Head of the Department or his deputy. A candidate who has taken, or is taking a paper for any particular unit will not (except in the case of a change of syllabus) be permitted to take the same paper, or a more elementary paper, for any other unit. In exceptional cases the Head of the Department may permit a choice of papers which does not conform to the requirements set out below.
MATHEMATICS IA

(Two papers)

The normal choice of papers is either 26.120 or 26.121 and either 26.140 or 26.141 or 26.142. Students who intend to advance to Pure Mathematics II in a later year must normally take 26.120 and 26.140. However, well prepared students may take 26.200, 26.201. In exceptional cases, or where a student intends to take only a single mathematics unit, the choice of papers may be widened to include one of 26.180, 26.190 or some other appropriate papers.

MATHEMATICS IB

(Two papers)

26.171 and either 26.140 or 26.141

Note: This unit cannot be taken together with Mathematics IA. It can be taken together with Applied Mathematics I, but in this case the option paper 26.170, Principles of Mechanics, may not be offered for that unit. Students who have passed Mathematics IB are permitted to advance to Pure Mathematics II. However, a student doing this who has not taken 26.140 may require some additional preparation.

A student who has been credited with Mathematics IB and Pure Mathematics II, and who wishes to proceed to Applied Mathematics III, will ordinarily be required first to attain a standard equivalent to a pass in Applied Mathematics I, but this requirement may be waived in exceptional circumstances. A student who fails to pass in the mechanics section of Mathematics IB will be considered for a pass in Mathematics IA.

If proposed changes to Engineering Intermediate Regulations are approved, Mathematics IB will not be offered in 1973.

407
PURE MATHEMATICS II

(Two papers)

The normal choice of papers is 26.220 and 26.240. Normally students who have attained a pass in 26.200, 26.201 will not be permitted to take 26.240 but will be permitted to substitute 26.330, 26.331 or 26.340 for 26.240. However, students who have attained only a marginal pass (grade C-) in 26.200, 26.201 will normally be required to select 26.240 for Pure Mathematics II. In exceptional cases permission may also be given for students to substitute other appropriate papers for those shown above.

PURE MATHEMATICS III

(Three papers)

The normal choice of papers is: 26.320, 26.330, 26.340. Students who have not passed paper 26.220 or paper 26.321 must take paper 26.321 instead of paper 26.320. One of papers 26.320 and 26.321, one of papers 26.330 and 26.331, and paper 26.340 are normally compulsory for students who have not already passed them. However, paper 26.340 need not be taken for Pure Mathematics III if it is concurrently offered for a different unit and permission may be given to select paper 26.310, 26.311 or some other appropriate paper in place of one or more of the above papers. Students who have obtained a pass in 26.331 for Pure Mathematics II will normally select 26.320 and two of 26.430, 26.440, 26.450.

Note: Students exempted from Pure Mathematics II on the grounds of having passed Engineering Mathematics II and Engineering Mathematics III may require additional preparation.
APPLIED MATHEMATICS I
(Two papers)

Two papers chosen from 26.170, 26.180, 26.190. In Exceptional cases a wider choice of papers may be allowed.

If Applied Mathematics I is taken together with Mathematics IB the option paper 26.170, Principles of Mechanics, may not be offered for Applied Mathematics I.

APPLIED MATHEMATICS III
(Three papers)

The normal choice of papers is 26.360 and two of 26.370, 26.371, 26.380, 26.381, 26.390; 26.360 is compulsory for students who have not already passed it. However, students who have already passed 26.381 may select 26.481 instead and students who have already passed 26.390 may select 26.490 instead. Permission may also be given for the choice to be widened to include 26.340, 26.361, 26.362 and the papers prescribed for the BE (Eng. Sc.) course. In exceptional cases, an even wider choice may be approved.

STATISTICAL AND COMPUTATIONAL MATHEMATICS II
(Two papers)

Note: Prerequisites for this unit are a pass or concurrent enrolment in both Pure Mathematics II and Applied Mathematics I.

Papers 26.180, 26.190, 26.261, 26.360, 26.380, 26.381, and 26.390 are all available as possible choices for the two papers for this unit provided the student has satisfied the necessary prerequisites for the unit and the papers selected.

In exceptional cases the choice of papers for this unit may be widened.
STATISTICAL MATHEMATICS III

(Three papers)

The normal choice of papers is 26.380, 26.381, 26.382. Although this unit will not be offered in 1973, papers 26.380, 26.381 are available as options for Applied Mathematics III. A student who has already passed 26.381 or who passed Statistical Mathematics II as taught in 1968 may select 26.481 in place of 26.381 for Applied Mathematics III. If such a student has not taken Applied Mathematics I, he will be recommended for a concession under the appropriate BA regulation.

ADVANCED MATHEMATICS A

(Three papers)

Note: Prerequisites for this course are (1) a pass in Pure Mathematics III and (2) a pass or concurrent enrolment in either Applied Mathematics III or Statistical Mathematics III.

Advanced Mathematics A cannot be credited with either Mathematics IA or Mathematics IB towards any University Degree or Diploma.

The student will select any three papers (except 26.381 and 26.390) from those prescribed for Applied Mathematics III, Statistical Mathematics III, and Mathematics for MA or MSc, provided that at least one paper is chosen from 26.420, 26.430, and 26.440.
ADVANCED MATHEMATICS B

(Three papers)

Note: The prerequisite for this course is a pass or concurrent enrolment in Advanced Mathematics A.

The student will select any three papers (except 26.381 and 26.390) from those prescribed for Applied Mathematics III, Statistical Mathematics III, and Mathematics for MA or MSc, provided that at least one paper is chosen from 26.420, 26.430, and 26.440.

COURSES FOR MA, MSc, AND HONOURS

(Six or seven papers)

The prerequisites for the MA degree are Pure Mathematics III and Applied Mathematics III or Statistical Mathematics III. The prerequisites for the MSc degree are Maths 320 or 321, 330 or 331, 340, 360 and any two of 361 to 390. In particular, satisfactory passes in 26.320, 26.330, 26.340 and 26.360 or equivalent courses are prerequisites that would be waived only in exceptional circumstances.

Students are reminded of the Foreign Language Reading requirement which is a prerequisite for admission to the MA or MSc degree. The language may be French, German, Russian, or such other language as may be approved by the Head of the Department.
The student shall select six or seven papers from among the papers set out below. The student's selection of papers must be approved by the Head of the Mathematics Department. Candidates not credited with Advanced Mathematics A or with passes in two 400-level papers will normally be required to present seven papers. Not all of the papers listed will be offered each year. The prescriptions for such of the 'topics' papers as are offered will be determined each year by the Head of the Mathematics Department.

A student selecting seven papers is permitted to present four in one year and three in the succeeding year.

26.410 Mathematical logic
26.411 Recursive functions
26.412 Lattice theory
26.413 Advanced topics in pure mathematics
26.420 Abstract algebra
26.421 Number theory
26.422 Group theory
26.423 Topics in algebra
26.430 Real analysis
26.431 Measure and integration
26.432 Functional analysis
26.433 Topics in modern analysis
26.440 Complex analysis
26.441 Trigonometric series
26.442 Topics in analysis
26.450 General topology
26.451 Algebraic topology
26.452 Differential geometry
26.453 Projective geometry
26.454 Topics in geometry or topology
26.460 Advanced methods of applied mathematics
26.461 Advanced topics in applied mathematics
26.470 Advanced mechanics  
26.471 Fluid mechanics  
26.472 Magnetohydrodynamics  
26.473 Quantum mechanics  
26.474 Topics in mechanics  
26.480 Probability theory  
26.481 Statistical Analysis  
26.482 Advanced statistics  
26.483 Topics in statistics  
26.490 Numerical analysis  
26.491 Advanced numerical analysis  
26.492 Topics in computing

Prescribed texts: A list of prescribed texts and recommended books together with other details of courses 26.410 to 26.492 may be obtained from the Administrative Assistant of the Department of Mathematics.

DEPARTMENT OF PATHOLOGY

PATHOLOGY FOR MSc AND HONOURS

(Two papers and a thesis)

68.401, 68.402 The study of selected fields of Pathology at an advanced level with detailed study of one particular field. The thesis will be based on a research project and will be the major feature of the year's work. The topic must be arranged with the Head of the Department before the end of the preceding academic year.
DEPARTMENT OF PHYSICS

PHYSICS IA COURSES

The units Physics 101 and 102 replace the former Physics IA. Physics 101 will be taught in the first half-year and Physics 102 in the second half-year. Each of these units includes appropriate laboratory work. It is probable that 101 will be examined in July, and 102 in October. These units are intended primarily for students who intend to proceed to courses in medicine (Otago), dentistry, agriculture, architecture, home science, surveying, pharmacy and optometry. Particulars of the Intermediate requirements in these courses should be obtained from the Faculty in question. The units 101 and 102 are also recommended for students taking a BA or BSc degree in natural science subjects. Either, or both, of the units may be credited towards the BSc degree, in the same or different years. Students who have not studied mathematics and physics at University Entrance level should enrol for Physics 100 before taking either 101 or 102. Students who have passed in either unit may enrol for Physics 200 in a subsequent year, but may not enrol for an advancing unit or laboratory work in physics at Stage II level unless a pass has been granted in both 101 and 102 at Stage IB level.

PHYSICS 101 (6 credits). Lectures for four hours per week for approximately twelve weeks in the first half-year from the following topics: mechanics, wave motion, sound and light. Tutorial assistance is available daily.

Laboratory Course: Three hours of practical work each week for the same period, in conjunction with the lecture material.

Prescribed texts: Halliday & Resnick, Physics for Students of Science and Engineering, Parts I & II (Wiley); J. B. Earnshaw et al, First Year Course in Practical Physics (1968 edition only, available from the University Bookshop).

PHYSICS 102 (6 credits). Lectures for four hours per week for approximately twelve weeks in the second half-year, commencing after mid-term break, from the following topics: electricity,
relativity and quantum physics. Tutorial assistance is available daily.

**Laboratory Course:** Three hours of practical work each week for the same period, in conjunction with the lecture material.

Prescribed texts: Halliday and Resnick, *Physics for Students of Science and Engineering, Parts I & II* (Wiley); J. B. Earnshaw *et al.*, *First Year Course in Practical Physics* (1968 edition only—available from University Bookshop). A Modern Physics text is under review and students will be notified before the course commences.

**PHYSICS IB COURSES**

The units Physics 111 and 112 replace the former Physics IB. Physics 111 will be taught in the first half-year and physics 112 in the second half-year. Each of these units includes appropriate laboratory work. It is probable that 111 will be examined in July, and 112 in October. These units are intended for students wishing to advance in the Physical sciences or engineering. Particulars of the intermediate requirement in engineering should be obtained from that Faculty. The units 111 and 112 may be credited independently to the BSc degree over one or more years, but both units must be passed before students may enrol for any of the advancing units or laboratory work in physics at Stage II level. Students who have passed in either unit may enrol for Physics 200 in a subsequent year, but this unit does not qualify as a prerequisite for advancing to Stage III level in physics.

Mathematics up to University Entrance standard will be assumed. Students who have not completed a further year of physics study beyond university Entrance standard may have difficulty with these courses. The attention of students is drawn to the Preliminary Physics course Physics 100 (see p. 429). Students who do not attain the standard required for a pass in 111 or 112 may be credited with the units 101 or 102, and may then take Physics 200 in a later year if so desired.
PHYSICS 111 (6 credits). Lectures for four hours per week for approximately twelve weeks in the first half-year from the following topics: mechanics, wave motion, sound and light. Tutorial assistance is available daily.

Laboratory Course: Three hours of practical work each week for the same period, in conjunction with the lecture material.

Prescribed texts: Halliday & Resnick, Physics for Students of Science and Engineering, Parts I & II (Wiley); J. B. Earnshaw et al., First Year Course in Practical Physics (1968 edition only, available from the University Bookshop).

PHYSICS 112 (6 credits). Lectures for four hours per week for approximately twelve weeks in the second half-year, commencing after mid-term break, from the following topics: electricity, relativity and quantum physics. Tutorial assistance is available daily.

Laboratory Course: Three hours of practical work each week for the same period, in conjunction with the lecture material.

Prescribed texts: Halliday and Resnick, Physics for Students of Science and Engineering, Parts I & II (Wiley); J. B. Earnshaw et al., First Year Course in Practical Physics (1968 edition only—available from University Bookshop). A Modern Physics text is under review and students will be notified before the course commences.

STAGE II PHYSICS COURSES

PHYSICS 200 (4 credits). Contemporary Physics

This course provides an introduction to a variety of topics in physics of contemporary interest, such as space physics, astrophysics, geophysics, and biophysics. As a consequence the course may change from year to year as the emphasis of interest in the subject also changes. As far as possible the course will be descriptive in nature and demonstrations, slides and films will be used. There is no associated laboratory requirement.
Physics 200 is additional to the normal advancing courses in Physics at Stage II level and students who have passed in any one of Physics 101, 102, 111 and 112 may enrol for Physics 200 in a subsequent year. Students who have passed in Physico-chemistry for BSc (Human Biology) may also enrol for Physics 200. Although Physics 200 may not be counted as a prerequisite for advancing to Stage III level in physics, students advancing in Physics who wish to take the course may do so in their second or a subsequent year.

Lectures: two hours per week throughout the year. Tutorial assistance will be provided on a weekly basis.

ADVANCING LECTURE COURSES

The units Physics 220, 230, 240 and 250 constitute the normal lecture material of the former Physics II. There is no associated laboratory requirement for any of these units, but not more than TWO of them may be credited unless the laboratory course Physics 290 is also credited. Physics 200 may be credited in addition to any or all of these units. Each unit may be credited independently, and is required as a prerequisite only to the corresponding units at Stage III level.

The prerequisites for each of these units are Physics 111 and 112, and Mathematics 120 and 140. Students are recommended to enrol concurrently in Mathematics 220 and 240.

In these units tutorial assistance will be provided wherever possible. Lists of text books or books for recommended reading are available from the Department Office by 1 December of the year prior to enrolment.

PHYSICS 220 (2 credits). Quantum Physics

This course provides an introduction to quantum mechanics in terms of the Schrödinger wave equation and its extension to include spin. The historical experiments are briefly reviewed and the wave-particle duality discussed. The wave mechanics is
applied to several examples of atomic systems, and an introduction given to magnetic effects and fine structure. Other applications are indicated briefly.

*Lectures:* two hours per week in the second half-year.

**PHYSICS 230 (2 credits). Oscillations & Waves**

The general properties of waves are examined and the usefulness of wave equations outlined using specific examples. A substantial section is devoted to the techniques of analysing wave shapes using Fourier series and Fourier transforms. This section of the course culminates in its detailed application to problems in diffraction optics and introduces the concepts of lasers and holograms in this context.

The remainder of the course examines the phenomena to be seen in oscillating systems both electrical and mechanical.

*Lectures:* two hours per week in the first half-year.

**PHYSICS 240 (2 credits). Electronic Physics**

This unit consists of basic introductions to:— (i) d-c, a-c and transient circuit theory, (ii) semiconductor device physics, (iii) circuit applications of semiconductor devices, and (iv) principles of electronic design and instrumentation.

*Lectures:* two hours per week in the first half-year.

**PHYSICS 250 (2 credits). Electromagnetism**

This unit covers electrostatics, magnetostatics, dielectric and magnetic materials, Maxwell's equations, electromagnetic waves, Special Relativity Theory in terms of Maxwell's equations, and various special topics of current interest: monopoles, gravitational red shift, quarks. Relevant aspects of the differential vector calculus are included.

*Lectures:* two hours per week in the second half-year.
LABORATORY COURSE

PHYSICS 290 (4 credits). *Experimental Physics*

The course in experimental physics contains the laboratory work formerly required for Physics II, together with the supplementary lectures on statistics and experimental techniques. It occupies two three-hour laboratory periods each week throughout the year, and is examined on the basis of 'continuous assessment'.

Physics 290 is prerequisite to the laboratory courses at Stage III level, and must also be passed before more than two of the units Physics 220, 230, 240 and 250 may be credited. It may be taken independently of any other Physics courses.

*Prerequisites:* Physics 111 and 112, and Mathematics 120 and 140.

STAGE III PHYSICS COURSES

LECTURE COURSES

The units Physics 310 to 350 constitute the normal lecture material of the former Physics IIIA and IIIB, with some expansion of certain topics. The units 380 and 381 contain selected topics from the MSc and BSc(Hons) part IV courses in physics, which may be brought forward by permission to the Head of Department. There is no laboratory requirement in these courses, but not more than THREE of the units Physics 310-381 may be credited unless at least ONE of the laboratory units 390-392 is also credited.

Students should seek advice on suitable course selections relevant to their particular interests and to career opportunities prior to enrolment.

The prerequisites for these units are the corresponding course at Stage II level, as listed below, and mathematics units as listed. Students enrolled for Physics 310-381 are in general ad-
vised to take mathematics to Stage III level, the units Mathematics 320, 340, 360 (or 261), 381 and 390 being the most relevant. Advice on any mathematics courses to be taken should be sought from both physics and mathematics staff at enrolment.

Students should note the prerequisite requirements for MSc in physics (see p. 360) and the requirements for BSc(Hons) (see p. 357).

Tutorial assistance will be provided in these units as far as is practicable. Lists of text books or books for recommended reading are available from the Departmental Office by 1 December of the year prior to enrolment.

**PHYSICS 310 (2 credits). Mechanics and Relativity**

The subject matter for this course covers the Lagrangian and Hamiltonian formulation of Classical Mechanics, which also provides background material for the Honours courses in Quantum Theory. Special Relativity and its applications in kinematics and dynamics are also covered.

*Lectures:* two hours per week during the first half-year.

*Prerequisites:* Physics 111 and 112 and Mathematics 220 and 240.

*Note:* No Stage II prerequisite in Physics is required for this unit.

**PHYSICS 320 (2 credits). Quantum Mechanics and Atomic Physics**

The course covers the following topics: One dimensional Schrödinger equation — the application to linear molecules and metals. The quantization of orbital angular momentum, the extension of Schrödinger’s equation to three dimensions and perturbation. The spectra of Hydrogen and Helium atoms, and their interpretation. The periodic table, electron spin and the application of magnetic and electric fields to atomic systems.

*Lectures:* two hours per week during the first half-year.

*Prerequisites:* Physics 220 and Mathematics 220 and 240.
PHYSICS 321 (2 credits). *Molecular and Solid-state Physics*

The course covers the following topics: The H$_2^+$ ion, H$_2$ molecule, the covalent bond, molecular rotational and vibrational spectra and their interpretation using Schrödinger theory. The ammonia maser.

Structure of crystals and crystal lattices, lattice vibrations, thermal properties of solids, band theory of solids, selected topics.

*Lectures*: two hours per week during the second half-year.

*Prerequisites*: Physics 220 and Mathematics 220 and 240.

PHYSICS 322 (2 credits). *Thermodynamics and Statistical Physics*

Thermodynamics: First and Second Laws, Entropy.

Statistical Mechanics: Boltzmann, Fermi and Bose Distributions.

*Lectures*: two hours per week during the second half-year.

*Prerequisites*: Physics 220 and Mathematics 240.

PHYSICS 323 (2 credits). *Nuclear and Particle Physics*

Nuclear Physics: Basic properties of nuclei, radioactive decay, nuclear reaction mechanisms, introduction to nuclear models.

Particle Physics: Discovery of mesons, resonances and strange particles, basic properties of elementary particles and their interactions, introduction to quark models.

*Lectures*: two hours per week during the second half-year.

*Prerequisites*: Physics 220 and Mathematics 240.

PHYSICS 330 (2 credits). *Terrestrial Physics*

This unit is intended to provide a general introduction to the physics of the Solid Earth. It may be taken independently of
the units Physics 331 and 332, but the three units together provide an overall picture.

**Lectures:** two hours per week during the first half-year.

**Prerequisites:** either Physics 230 and Mathematics 120 and 140 or Physics 101 and 102 or 111 and 112, Geology 201 and Mathematics 120 and 140.

*Note:* Physics 330 is prerequisite to the unit Geology 306, *Applied Geophysics*. It also has associated with it some particular experiments in Applied Geophysics which are available to any students enrolled for the laboratory units Physics 390, 391 or 392. Students enrolled for Geology 307, *Experimental Geophysics*, will be required to do these experiments.

**PHYSICS 331 (2 credits).** *Marine Physics*

This unit is intended as a general introduction to physical oceanography. It may be taken independently of the units Physics 330 and 332, but the three units together provide an overall picture of the physics of the Earth.

**Lectures:** two hours per week during the second half-year.

**Prerequisites:** Physics 230 and Mathematics 120 and 140.

**PHYSICS 332 (2 credits).** *Atmospheric Physics*

This unit is intended to provide a general introduction to the physical processes involved in the lower atmosphere. It may be taken independently of the units Physics 330 and 331, but the three units together provide an overall picture of the physics of the Earth.

**Lectures:** two hours per week during the first half-year.

**Prerequisites:** Physics 230 and Mathematics 120 and 140.

**PHYSICS 340 (2 credits).** *Pulse and Digital Electronics*

This unit provides a systematic introduction to digital circuits and concepts that are basic to contemporary instrumentation and computation. The aim is to lead students from simple switching
concepts in linear passive circuits via non-linear discrete semiconductor devices to integrated circuits and basic instrumentation systems. The course is of interest to all students intending to undertake experimental work or to study Computer Science.

Lectures: two hours per week during the first half-year.

Prerequisites: Physics 240 and Mathematics 240.

Note: Students in this course will benefit substantially by also enrolling in Physics 390, 391 or 392.

PHYSICS 341 (2 credits). Methods of Circuit Analysis

This unit is concerned with steady-state a-c circuit theory applied to both passive and active circuit analysis. Topics discussed include complex vector loci, Nyquist and Bode diagrams, matrix representation, s-plane concepts and operational amplifiers. Emphasis is placed on circuits suitable for instrumentation and data acquisition wherever possible. In common with Physics 340 this course is of interest to students intending to undertake experimental work although it is rather more theoretically biased.

Lectures: two hours per week during the second half-year.

Prerequisites: Physics 240 and Mathematics 240.

Note: Students in this course will benefit substantially by also enrolling in Physics 390, 391 or 392.

PHYSICS 342 (2 credits). Semiconductor Physics and Devices.

This unit is concerned with the physics underlying the electrical behaviour of semi-conductor materials and junctions. It also applies these ideas to the understanding of the operation of some of the large number of semiconductor devices in existence. This course is of general interest and may be taken independently of Physics 340 and 341.

Lectures: two hours per week during the second half-year.

Prerequisites: Physics 240 and Mathematics 240.

PHYSICS 350 (2 credits). Electromagnetism and Electromagnetic Waves

This course will be based on the following topics:—
Laplaces equation and solution of electrostatic field problems.
Electrical and magnetic properties of matters.
Maxwells equations — interpretation and invariance under Lorentz transformations.
E-M wave propagation — reflection and refraction at conducting and non-conducting interfaces.
Poynting vector and retarded potentials — radiation from an oscillating dipole and half-wave antenna.
Propagation between parallel conducting plates — wave guides.
Electrodynamics — fields of charges in motion, Lienard-Wiechart potentials.
Introduction to physics of plasmas.
Scattering of E-M waves.

Lectures: two hours per week during the first half-year.

Prerequisites: Physics 250 and Mathematics 240.

PHYSICS 380 and 381 (each 2 credits). Selected topics from the subjects taught at MSc and BSc(Honours) part IV level.

Enrolment in these units requires the prior approval of the Head of Department, who will determine the necessary prerequisites and corequisites.

LABORATORY COURSES

PHYSICS 390, 391 and 392 (each 3 credits). Experimental Physics A, B & C.

Students may enrol for one, two or three laboratory courses at Stage III level in Physics, in the same or subsequent years. Each course occupies two three-hour laboratory periods for half the year, but laboratory times are flexible depending on the allocation of experiments in the Advanced Laboratory, and any one course might be spread over the whole year, at the discretion of the laboratory manager. Each course will contain a representative selection of experiments from different branches of physics, but will in addition contain experiments selected as
far as is practicable to suit the particular interests of students. Experiments are available in General Physics, Atomic and Nuclear Physics, Electronic Physics and Pure and Applied Geophysics.

Students may enrol for Physics 390, 391 or 392 whether or not they are enrolled for lecture courses in Physics, but concurrent or prior enrolment in Stage III lecture courses will be an advantage. At least ONE of the units 390, 391 and 392 must be credited before more than three of the units Physics 310-381 may be credited. At least TWO of the units 390, 391 and 392 are required as a prerequisite to Masters or BSc(Hons) part IV in Physics.

**Prerequisite:** Physics 290 is prerequisite to each of 390, 391 and 392.

**Note:** Certain experiments in Applied Geophysics available within 390, 391 and 392 also form part of the unit Geology 307, *Experimental Geophysics*. It would be possible to substitute Geology 307 for one of the units 391 or 392 as a prerequisite for Masters or BSc(Hons) in Physics with the approval of the Head of Department.

**PHYSICS FOR MSc AND HONOURS**

A number of lecture courses are available for the MSc degree in Physics covering a wide range of topics, as listed below. The same courses may be taken for BSc(Hons) part IV (see p. 358). Students are required to attend five courses from those listed, of which FOUR are to be presented for examination. Students will be advised in their selection of courses at enrolment, but PRIOR DISCUSSION OF COURSE SELECTIONS with the lecturing staff should be had before the end of the Stage III year.

For MSc a thesis is to be completed, and the thesis carries equal weight with the papers. Currently, FOUR papers are taken for MSc and Honours in Physics, and the thesis is weighted as FOUR papers. A preliminary discussion of thesis topics would also be useful before the end of the Stage III year.

The prerequisites for enrolment for MSc in Physics are listed on p. 360. Additional laboratory work from the units Physics 390, 391 and 392 may be undertaken during the first year of
enrolment if so desired, or students may take additional courses in mathematics or another suitable subject. Units so taken may be certified as necessary to the MSc course, in which case bursary assistance with fees may be claimed. The lecturing staff will be glad to discuss with students their choice of ancillary course-work.

LECTURE COURSES: Each course occupies approximately 25 lectures, and is given in the first or second half-year as indicated by the number (I) or (II) in the following list. It will normally be expected that the Stage III courses listed should have been passed before the corresponding Masters course is selected, though in some cases the two might be attended concurrently. Lists of textbooks and books for reference are available from the Department Office by 1 December of the year prior to enrolment, but the advice of the lecturing staff should be sought before purchases are made.

31.401 Transform Methods (I) —
31.402 Instrumentation (I) —
31.410 Relativity (I) 31.310
31.420 Quantum Theory (I) 31.320
31.423 Nuclear Physics (I) 31.323
31.424 Quantum Optics (II) 31.320
31.425 Elementary Particles (II) 31.420 (I)
31.431 Ocean Dynamics (II) 31.331
31.432 Cloud Physics (I) 31.332
31.450 Ionospheric Physics (II) 31.350
31.480 & Selected topics, including courses based on the
31.481 Stage III level courses 31.310 - 31.350 not previously taken.

THESIS: A thesis topic will be assigned during the first term of the first year of enrolment, although in some cases it may be desirable for a topic to be selected in advance before the end
of the previous year. Students will be expected to work at this thesis research during the long vacation following the Master's papers, and wherever possible theses should be completed by October 15 of the second year of enrolment.

The Department is prepared to meet the cost of an additional copy of the thesis for the Departmental thesis library, and candidates are asked to provide such a copy.

Students should note that it is possible in suitable circumstances to convert the MSc enrolment to a PhD, after the papers have been sat, and in the light of progress made on the MSc thesis. Credit may be given for the time spent on a thesis so converted.

Students are expected to deliver a seminar on their thesis work, and are encouraged to take part in general Departmental seminars.

BSc(Hons) IN PHYSICS

The prerequisites and course requirements for BSc(Hons) in Physics are listed on p. 357. The BSc(Hons) degree is intended to enable students of high ability to obtain an Honours qualification in four years. As B.Sc(Hons) graduates they are then eligible to compete for postgraduate scholarships, and are qualified to proceed to a PhD degree at Auckland or elsewhere.

The BSc(Hons) degree in physics comprises Parts III and IV only. Entry may be at either level, with the approval of the Head of Department. The coursework in Physics available for Part III is the same as that listed for the Stage III level of the BSc degree (see p. 343). The coursework in Physics available for Part IV is the same as that listed for the MSc degree, except that one or more experimental or theoretical projects are required to be completed in lieu of the commencement of thesis work. Students are expected to attend five of the MSc courses, and to present four for examination.
The Honours degree also allows students to develop their particular interests, while ensuring a thorough grounding in the principles of physics and in a number of its main branches. To this end, each student's course selection is subject to the approval of the Head of Department, and a high standard of attainment is required throughout. Nevertheless, the choice of the ancillary coursework required by the prescription on p. 357 is very flexible, and additional papers or laboratory work may be undertaken to a reasonable extent. Credit for all work done during the year will be counted in assessing the grade obtained for Part III or Part IV, and the class of Honours.

Students proposing to enrol for BSc(Hons) in Physics should consult the Head of Department at any time prior to enrolment, but preferably before the end of the preceding year. Enquiries concerning BSc(Hons) can usefully be made prior to enrolment at Stage II level, in order that an appropriate course can be planned. Students wishing to enter Part III or Part IV are advised to discuss their course selections with the lecturing staff. Lists of textbooks and books for reference are available from the Departmental Office by 1 December in each year, but the advice of the lecturing staff should be sought before purchases are made.

**PHYSICS FOR MSc BY THESIS ONLY**

Students who have qualified for the degree of Bachelor of Science (Honours) in Physics may complete the degree of MSc by submitting a thesis only. Alternatively, they may be considered for enrolment for the PhD degree. Work done on a Master's thesis may, if appropriate, be converted to form part of the work for a PhD degree should that become desirable.

Prospective candidates should consult the Physics staff in December of their final BSc(Hons) year regarding admission and the choice of a thesis topic. Other conditions applying to the Master’s thesis are given under the heading ‘Physics for MSc and Honours’.
RESEARCH IN PHYSICS

Facilities are available for research by MSc, PhD, and postdoctoral students in the fields of theoretical and experimental nuclear physics, elementary particle physics, cosmic ray physics, physical oceanography, underwater acoustics and marine seismics, applied electronics, quantum optics, geomagnetism, ionospheric studies and radio studies and radio propagation. Research in the last two topics is undertaken in conjunction with the University Radio Research Centre (see page 437).

The PhD degree requires a minimum of two years of full-time research, but two-and-a-half to three years' full-time work is more usual in physics. Part-time study is possible after the initial two years.

ACOUSTICS

A special course of lectures for candidates for the degree of BMus and BMus(Exec) is held biennially (1973 and every odd year). The lectures are of general interest, and are available to the musical public on payment of the prescribed fee.

PRELIMINARY PHYSICS

This is a course of basic physics for students who have little or no previous physics background and who anticipate enrolling in Physics at Stage I level in a following year. Students who have not passed University Entrance Physics are strongly advised to take advantage of the Preliminary Physics course. The course is of two hours duration per week, part of which may be laboratory work.
The Institution of Electrical Engineers (London) has approved certain exemptions from the Institution examinations for Physics students who have graduated BSc or MSc from the University of Auckland.

For further particulars, apply to the Departmental Office.
DEPARTMENT OF PHYSIOLOGY

PHYSIOLOGY FOR MSc AND HONOURS

(Two papers and a thesis)

67.401, 67.402 The study of selected fields of Physiology at an advanced level with detailed study of one particular field. The thesis will be based on a research project and will be the major feature of the year's work. The topic must be arranged with the Head of the Department before the end of the preceding academic year.

Students from other Universities must have completed Physiology III or the equivalent.
DEPARTMENT OF PSYCHOLOGY

Note on textbooks: Students taking advanced courses are advised to consult with the lecturers concerned before purchasing books.

Notes on courses: Students taking Psychology for degrees in Science will be required to undertake more practical training than for degrees in Arts. Zoology and Mathematics are useful subjects for students advancing in Psychology. The Schedule attached to the Course Regulations for the Degree of BSc should be consulted for pre- and co-requisites. The Science Faculty handbook contains further useful advice.

PSYCHOLOGY STAGE I

Note that paper 33.101 is a co-requisite for paper 33.102

33.101 Introductory Psychology.

Laboratory: Laboratory attendance and other practical work of two hours per week will be required. The practical work will be assessed for each candidate.

33.102 Biological Psychology.

Laboratory: Laboratory attendance and other practical work of two hours per week will be required. The practical work will be assessed for each candidate.

PSYCHOLOGY STAGE II

33.201, 33.202, 33.203, 33.204, 33.205 The course will include detailed study of experimental techniques applicable to the analysis of human and animal behaviour, together with an introduction to social behaviour.

Three papers must be taken by students wishing to advance to Stage III.

Students are advised to look ahead in planning their courses so that Stage II subjects which are prerequisites for Stage III and Masters papers are taken.

33.201 Operant behaviour.

33.202 Sensation and perception.

33.203 Comparative psychology.

33.204 Social behaviour.

33.205 Physiological psychology.

Prescribed texts: Texts will be prescribed on enrolment.

*Laboratory:* Laboratory attendance or other practical work of not less than two hours per week will be required for each paper at the Stage II level.
PSYCHOLOGY STAGE III

Twenty Stage III Psychology points are required for entry to MSc and Honours in Psychology.

Note: Paper 33.301 covers some of the essential skills required for professional work in psychology and should be taken by all candidates who may wish to work with clients. It may well be a requirement for joining professional associations.

33.301 The Psychology of Individual Differences.

This course will include practical instruction in psychological testing.

33.302 General Theory. The course will include consideration of some continuing and contemporary psychological issues and problems.

A reading list for the General Theory paper will be available at the beginning of the year.

33.303 Cognitive Processes.

This course will include detailed examination of higher cognitive functions together with an introduction to psycholinguistics.

33.304 Theory and Systems of Personality. This course provides an overview of the field of personality study from biological, experimental, social, and psychometric–trait orientations.

33.305 Physiological Psychology. Emphasis will be placed on implications of neuro-physiological findings for behaviour theory.

33.306 The design of Psychological experiments.

33.307 The Psychological analysis of vision and hearing.

Prescribed texts: A list of the prescribed readings will be announced at the beginning of Term.

33.308 Special Topic.

A research topic undertaken under the supervision of a staff member and written up for presentation instead of a final paper.

33.309 Learning.

(Laboratory attendance and other practical work of not fewer than two hours per week will be required for each Stage III level paper. The practical work will be assessed for each candidate.

PSYCHOLOGY FOR MSc AND HONOURS

(Four papers and a thesis which is equivalent to three papers)

Students in consultation with the Head of Department will select four papers from among the following areas of study:

33.401 History of Psychology.
33.402 Quantitative Psychology.
33.403 Applied Analysis of Human Behaviour.
33.404 Sensation and Perception.
33.405 Comparative Psychology.
33.406 Physiological Psychology.
33.407 Theoretical Psychology.
33.408 Applied Experimental Psychology.
33.414 Physiological Optics
33.410 Neuropsychology.
33.411 Advanced Operant Behaviour.
33.412 Experimental Study of Social Behaviour.
33.413 Contemporary Issues in Developmental Psychology.
33.409 Abnormal Psychology.

Candidates for the Master's degree should consult the Head of the Department as soon as possible after the completion of the Bachelor's degree, in order to select the thesis topic and obtain advice on vacation reading, text-books and laboratory facilities.

Students are reminded of the Foreign Language Reading requirement which is a prerequisite to the MSc degree. The prescribed language may be German, French, or Russian.

RADIO RESEARCH CENTRE

The Radio Research Centre is carrying out investigations mainly concerned with long-distance radio propagation, the properties of the ionosphere and space physics. Lectures on these subjects are given in conjunction with the Department of Physics. The Centre operates two experimental field stations which are located at Mullins Road, Ardmore and at Seagrove. Research facilities are available for students proceeding to the MSc, ME, or PhD degrees.
DEPARTMENT OF ZOOLOGY

STAGE I

Zoology 38.101 Central Concepts in Biology.

An introductory course dealing with biological concepts common to animals, micro-organisms and plants; the biochemistry of macromolecules, especially nucleic acids and proteins; principles of enzyme action and catalysis, cellular energetics including the hydrogen transport of respiration and photosynthesis; fundamental genetic principles and mechanisms with emphasis on mutation, recombination, interaction and breeding systems; basic tenets of organic evolution, including a study of gene frequencies in populations and forces controlling them; fundamental processes of ecosystems, population and community dynamics, an introduction to some New Zealand communities.

This course is the same as Botany 101 and credit may be obtained for either unit.

Prescribed texts: Kormondy, Concepts of Ecology (Prentice-Hall); Levine, Genetics (Holt, Rinehart and Winston); McElroy, Cell Physiology and Biochemistry 3rd ed. (Prentice-Hall); Stebbins, Processes of Organic Evolution (Prentice-Hall).

38.102 Animal Evolution and Diversity.

A survey of the evolution of animals, considering both the broad aspects of the evolutionary progression and detailed adaptations to specific habitat and life history situations.

Prescribed texts: Cockrum and McCauley, Zoology (Saunders); Russell-Hunter, A Biology of Lower Invertebrates (Macmillan); Russell-Hunter, A Biology of Higher Invertebrates (Macmillan); Wells, Lower Animals (W.U.L.).

Recommended books: Buchsbaum, Animals without backbones (Pelican, 2 vols), Chapman and Barker, Zoology (Longmans); Miller, New Zealand Zoology (Whitcombe & Tombs); Romer, The Vertebrate Body (shorter version) (Saunders); Schmidt-Nielsen, How Animals Work (Cambridge).
ADVANCED COURSES

38.201, 38.301 Non-chordate Zoology.

The structure, evolution and life of the invertebrate phyla, with special emphasis on the Mollusca and Arthropoda.

38.202, 38.302 Chordate Zoology.

The evolution and biology of the Echinoderms, Hemichordates, Protochordates, with special reference to their place in the evolution of the vertebrates. The structure, life and development of the Vertebrata with emphasis on their evolution and ecology.

*Note*: This course will be offered in 1974.

38.203, 38.303 Animal Behaviour I.

Orientation mechanisms and biological timing. A study of the orientation behaviour involved in habitat selection, migration, homing and predation in animals, with emphasis on the investigation of the mechanisms of these reactions using control systems analysis and sense organ physiology.

Prescribed text: Franklin & Gunn, *The Orientation of Animals* (Dover).

*Note*: This course may not be taken by students who have previously passed Stage II Zoology.
38.204, 38.304 Animal Behaviour II. Social Behaviour of Animals.

Derivation and Evolution of displays; ritualisation, releasers, instinctive behaviour; the ontogeny of social behaviour, the modes of communication; the use of space, territory, hierarchies, individual recognition; pair bonding, mating and parental care.

Prescribed text: Etkin, Social Behaviour and Organisation Among Vertebrates (Chicago).

Recommended books: Klopfer and Hailman, An Introduction to Animal Behaviour (Prentice-Hall); Marler and Hamilton, Mechanisms of Animal Behaviour (Wiley); Wynne-Edwards, Animal Dispersion in Relation to Social Behaviour (Oliver & Boyd).

38.205, 38.305 Ecology I. Communities and Ecosystems.

An introduction to communities and ecosystems, as exemplified from the study of New Zealand intertidal and offshore habitats, and from lakes and rivers. Particular attention will be paid to the growth, diversity, structure, metabolism and succession of communities.

Extensive field work will be provided, including a one-week (May vacation) field course, and a number of day trips into the field. Project work will be encouraged in association with the research interests of members of the staff.

Prescribed texts: Kormondy, Concepts of Ecology (Prentice-Hall); Marples, An Introduction to Freshwater Life in New Zealand (Whitcombe & Tombs); Morton & Miller, The New Zealand Sea Shore (Collins); Pendergast & Cowley, An Introduction to the Freshwater Insects of New Zealand (Collins).

Recommended books: Hardy, The Open Sea (Collins); Reid, Ecology of Inland Waters and Estuaries (Reinhold).

Note: This course may not be taken by students who have previously passed Stage II Zoology.

38.206, 38.306 Ecology II.

The growth and limitation of animal populations.

The course will consider the effect of the environment and of biotic interactions in the regulation of animal numbers. Modern theories and models describing these effects will be considered.

38.207, 38.307 Biometry I.

Elementary statistical methods and concepts with particular emphasis on their application in biological research.

Recommended book: Kellaway, *The Penguin-Honeywell Book of Tables* (Penguin); A manual will be available to support this course.

38.208, 38.308 Biometry II.

*Note*: This course will not be offered in 1973.

38.309 Experimental Zoology I.

This course will provide an introduction to physiological mechanisms, and the relation of structure to function, largely with reference to the invertebrates. Principal topics considered will be respiration, osmo-regulation and neurophysiology, and a part of the course will be devoted to physiological ecology. The practical component will consist of a series of exercises illustrating the use of physiological techniques in biological investigation.

Recommended textbooks: (Note: Hoar and Florey are basic textbooks for the course, and one or other of these should be purchased. You are advised to ask one of the instructors before purchasing the others). Bryant, *The Biology of Respiration* (Edward Arnold); Florey, *General and Comparative Physiology* (Saunders); Giese, *Cell Physiology* (3rd edition) (Saunders); Hoar, *General and Comparative Physiology* (Prentice-Hall paperback); Katz, *Nerve, Muscle, Synapse* (McGraw-Hill paperback); Larimer, *Introduction to Animal Physiology* (W. C. Brown); Schmidt-Nielson, *Animal Physiology* (Prentice-Hall); Wood, *Principles of Animal Physiology* (Edward Arnold).

38.310 Experimental Zoology II.

The first part of this course will be concerned with the experimental problems associated with the investigation of morphogenesis, particularly of insects. The second part will
deal with molecular evolution. The practicals will emphasise
the techniques involved in this kind of study.

38.311 Biological Methods and Techniques.

Familiarity with a wide range of techniques of use in biological research. The course will be about equally divided between field and laboratory techniques. It will cover aspects of surveying and mapping; the techniques of sampling and working with animals; environmental monitoring, including meteorology; electronics; the preparation of manuscripts, advanced biometry; the principles of resource management. Attendance at an introductory course on computer use will be required.

Students intending to carry out research in Zoology will be given priority for entrance to this course.

38.312 Special Topics in Zoology.

*Note:* This course will not be offered in 1973.

**ZOOLOGY FOR MSc**

(Three papers and a thesis)

This course normally requires two years and necessitates full-time attendance. Students who propose to undertake work of MSc or Honours standard should consult the Head of the Department towards the end of the previous year to decide upon the choice of a thesis subject and the field of the special paper.
38.40 and 38.41 A broader knowledge than is required for undergraduate Zoology based upon some reading of recent original literature; with special emphasis on evolution and population dynamics, the principles and problems of Zoology with special reference to evolution and development and to the philosophical implications of modern biology.

38.42 An advanced knowledge of the special field of zoology in which the candidate's thesis topic falls, the questions to be broadly framed and not confined within the narrow range of the subject of research.

A candidate in Zoology will be required to satisfy the teacher in regard to attendance at lectures and in regard to the performance of practical work, and to present a brief thesis embodying the results obtained by himself in some investigation or research in Zoology. The credit to be assigned to this thesis shall depend not so much on the novelty or importance of the results obtained as upon the evidence it may afford of ability to carry on good practical work and of the power of independent observation.

Students are reminded of the Foreign Language Reading requirement which is a pre-requisite for admission to the MSc Degree. The prescribed language is either French, German, or Russian at the discretion of the Head of the Department; classes are arranged by the Departments of German, Romance Languages, and Russian.

**LABORATORY WORK**

Two practical classes each week for first year courses and three classes for advanced courses is the minimum requirement. The practical work will be assessed separately and the marks
will be included in the marks schedule of the University. A pass both in the written examination and in the practical work is necessary.

**The Laboratory**

Animals are studied by means of direct observation, dissection and microscopical study. Students taking practical courses must provide their own dissecting instruments. Advice concerning the purchase of these is given when classes assemble. Microscope and the apparatus most frequently employed will be issued to each student, who will be held responsible for their care. Students taking the advanced courses in field behaviour and ecology should possess field glasses.

All research students are required to lodge a deposit of $10 with the Department of Zoology before being granted access to equipment in the Department.

**The Zoological Museum**

The museum is open daily from 10 a.m. until 5 p.m.

**Field Ecological Classes**

There will be frequent opportunities for students in small groups to accompany members of the staff into the field for one day — or occasional week-end — trips. In addition, one week Field Courses will be required in either the First or Second Term study-breaks.
DEPARTMENTS OF BOTANY, CELL BIOLOGY, CHEMISTRY, PHYSICS, PSYCHOLOGY, ZOOLOGY

BSc COURSE IN HUMAN BIOLOGY — PART I

BIOLOGY

(Three papers and practical work)

60.10, 60.11, 60.12 Cells, structure and physiology; elementary biochemistry; form and function of animals and plants; the history of the vertebrates; genetics; evolution; principles of ecology and behaviour; biological mathematics.

A list of recommended books for reference is available at the Registry from the administrative secretary of the School of Medicine.

PHYSICO-CHEMISTRY

(Three papers and practical work)

60.20, 60.21, 60.22 Structure and Properties of Matter.

Prescribed texts: DePuy & Rinehart, Introduction to Organic Chemistry (Wiley); Weidner & Sells, Elementary Classical Physics, Volume 2, Electromagnetism and Wave Motion (Allyn & Bacon); Aylward & Findlay, SI Chemical Data Wiley; Williams & Williams, Basic Physical Chemistry for the Life Sciences (Freeman); D. V. Huntsberger, P. E. Leaverton, Statistical Inference in the Biomedical Sciences (Allyn & Bacon).

BEHAVIOURAL SCIENCE I

(One paper and practical work)

60.30 An introduction to the scientific study of behaviour. The course includes a treatment of the topics of learning, motivation, emotion, sensory and perceptual processes, verbal behaviour, and cognitive functions.

Two lectures weekly, and laboratory attendance of not fewer than two hours per week is required. Practical work assessment is included in the schedule of the University, and a pass in both written examinations and in the laboratory course is necessary.
DEPARTMENTS OF ANATOMY, BIOCHEMISTRY, CELL BIOLOGY, PHYSIOLOGY, PSYCHOLOGY

BSc COURSE IN HUMAN BIOLOGY — PART II
HUMAN CELL AND TISSUE BIOLOGY

(Three papers and practical work)

61.10, 61.11, 61.12 A study of fundamental concepts in molecular, cellular and tissue biology in man.

Recommended books for reference to be advised.

VISCERAL ORGAN SYSTEMS

(Three papers and practical work)

61.20, 61.21, 61.22 A study of the organ systems principally concerned with the maintenance of the milieu intérieur.

Prescribed texts: Woodburne, Essentials of Human Anatomy, 4th ed. (Oxford University Press); Grant, An Atlas of Anatomy, 5th ed. (Williams & Wilkins); Langman, Medical Embryology, 2nd ed. (Williams & Wilkins); Davenport, Physiology of the Digestive Tract, 3rd ed., (Year Book, paper cover); Robinson, Fundamentals of Acid-Base Regulation, 3rd ed. (Blackwell).

Recommended texts: Burton, Physiology and Biophysics of the Circulation (Year Book, paper cover).
BEHAVIOURAL SCIENCE II

(One paper and practical work)

61.30 The course includes: the application of learning principles to behaviour modification, an introduction to the scientific study of social behaviour, an introduction to psychological testing, and the study of behaviour in early childhood. Applications of statistical methods in studying behaviour are also treated.

Three lectures weekly, and laboratory attendance of not fewer than two hours per week is required. Practical work assessment is included in the schedule of the University, and a pass in both written examinations and in the laboratory course is necessary.
DEPARTMENT OF ANATOMY,
BIOCHEMISTRY, PATHOLOGY,
PHYSIOLOGY, PSYCHOLOGY

BSc COURSE IN HUMAN BIOLOGY — PART III
NEUROLOCOMOTOR SYSTEM

(Two papers and practical work)

62.10, 62.11 A study of the limbs and back and of the nervous system including the special senses.

Prescribed text: Basic Neuroanatomy, C. G. Smith, 1961 (University of Toronto Press).

HOMEOSTASIS

(One paper and practical work)

62.20 A study of the mechanisms which maintain the milieu intérieur, including nutrition, general environmental physiology, and the response to drugs.

HUMAN REPRODUCTION AND DEVELOPMENT
(One paper and practical work)
62.30 A study of the biology of human reproduction and sexuality; aspects of embryology and the development of the foetus; and general aspects of human genetics, growth and ageing.

Prescribed texts: Reproductive Physiology for Medical Students, Philip Rhodes, 1969 (Churchill); Medical Embryology, J. Langman, 2nd ed. (Williams & Wilkins); Human Genetics V. A. McKusick, 2nd ed. 1969 (Prentice Hall).

GENERAL PATHOLOGY
(One paper and practical work)
62.40 A study of the principles of pathology.

BEHAVIOURAL SCIENCE III
(Two papers and practical work)
62.50, 62.51 This course includes: the study of development from early childhood to adolescence and the ageing process, psychological testing, an introduction to personality theory, and psychopathology.

Prescribed texts: Anastasi, Psychological Testing, 3rd ed. (Macmillian); Kirke, Experimental Design: Procedures for the Behavioural Sciences (Brooks Cole); Pervin, Personality (Wiley paperback); Mussen, Conger and Kagan, Child Development and Personality 3rd ed. (Harper and Row); other texts to be advised.

Three lectures weekly and laboratory attendance of not fewer than three hours per week is required. Practical work assessment is included in the schedule of the University, and a pass in both written examinations and in the laboratory course is necessary.
DIPLOMA IN OPTOMETRY
DipOpt

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Diploma in Optometry shall follow a course of study of not fewer than four years.

2. (a) The subjects of examination for the Diploma in Optometry shall be:

DIVISION I

Chemistry I
Physics 101, 102
or 111, 112
Zoology 101, 102

as prescribed for the Degree of Bachelor of Science

DIVISION II

Optics 44.201
Motility and Binocular Vision 44.202
Ocular Anatomy 44.203
Ocular Physiology 44.204
Clinical Optometry II 44.211
Introduction to Pathology 44.212
General Psychology 33.101
Biological Psychology 33.102
DIVISION III

Sensory Aspects of Vision 44.301
Applied Optics 44.302
Binocular Vision and its anomalies 44.303
Ocular Pathology 44.304
Clinical Optometry III 44.311
Contact Lens Practice 44.312
Sensation and Perception 33.202
One paper from 33.201, 203, 204, 205.

DIVISION IV

Advanced Physiological Optics 44.401
Environmental Optometry 44.402
Socio-Economic Optometry 44.403
Clinical Optometry IV 44.411
Pediatric Optometry 44.412
Geriatric Optometry 44.413
Project 44.421

The Psychological Analysis of Vision and Hearing 33.307

(b) Every candidate shall submit not later than 1 November in the year he presents the subject in Division IV or at a subsequent date approved by the Head of the Department of Psychology, a satisfactory dissertation on a clinical topic approved by the Head of the Department of Psychology.

3. Except with the approval of Senate, a candidate for the Diploma shall not enrol
in the subjects of Division II unless he has passed in the subjects of Division I
in the subjects of Division III unless he has passed in the subjects of Division II
in the subjects of Division IV unless he has passed in the subjects of Division III.

4. In the subject Optometry the practical work shall be assessed separately for each candidate. A pass in both the practical work and the written papers is necessary. The practical marks alone may, with the approval of the Senate, be credited to a subsequent year.

5. A candidate who holds the Degree of Bachelor of Science and has been credited with a pass in the units Psychology I and Psychology II for that Degree, may, on payment of the prescribed fees under the Fees Regulations be credited with the units Psychology I and Psychology II for the Diploma in Optometry in addition to any units (or subjects) which he may be entitled to transfer under Regulation 9 of the Enrolment and Course Regulations (General).

6. (a) Except as otherwise provided in this Regulation the course of every candidate shall be governed by these Regulations.

(b) A candidate who passed in any unit under any of the former Regulations for this Diploma shall be credited with such equivalent unit or units as the Senate may determine.
DEPARTMENT OF PSYCHOLOGY

PRESCRIPTIONS FOR OPTOMETRY

OPTOMETRY II

(Six papers and practical work)

44.201 Optics.

(A knowledge of elementary optics will be assumed).

A study of geometrical and physical optics with emphasis on lenses and lens systems; visual and opthalmic applications.

Prescribed texts: To be advised on enrolment.
Recommended book: To be advised on enrolment.

44.202 Motility and Binocular Vision

The characteristics and control of ocular movements; accommodation and convergence; sensory aspects of binocular vision and space perception.

Prescribed text: Moses, Adler's Physiology of the Eye (Mosby).
Recommended book: Ogle, K. N. Researches into Binocular Vision (Hafner).

44.203 Ocular Anatomy

Gross and microscopic structure of the eye and its adnexa; the bony orbit; Visual pathways and visual cortex; development and comparative anatomy of the eye.

Prescribed text: Last, R. J., Wolff's Anatomy of the Eye and Orbit (Lewis).

44.204 Ocular Physiology.

Activity of the various structures related to their function. Metabolic activity; synaptic transmission; maintenance of transparency and intra-ocular pressure.

Prescribed text: Moses, Adler's Physiology of the Eye (Mosby).
44.211 Clinical Optometry.

The theory, instruments and techniques of examinations of refractive error and visual functions.

Recommended books: Borish, *Clinical Refraction* (Professional Press); Giles, *The Principles and Practice of Refraction* (Chilton); Keeney, *Ocular Examination* (Mosby).

44.212 Introduction to Pathology.

Histological appearances of normal tissues; general theory of pathological processes.

OPTOMETRY III

(Six papers and practical work)

44.301 Sensory Aspects of Vision.

Physical and psychophysical description of the visual stimulus; photochemistry and electrophysiology of vision.

Recommended books: Graham, C. *Vision and Visual Perception* (Wiley); Davson, H. *Physiology of the Eye* (Churchill).

44.302 Applied Optics.

A further study of lens systems with emphasis on the design of optical systems; the eye as an optical instrument; ophthalmic lens design.

Prescribed text: To be advised on enrolment.
Recommended book: To be advised on enrolment.

44.303 Binocular Vision and its Anomalies.

Abnormal sensory and motor aspects of binocular vision; associated anomalies of the Central Nervous System.

Recommended books: Ogle, K. N. *Researches in Binocular Vision* (Hafner); Hugonnier, R., *Strabismus, Heterophoria and Oculomotor Paralysis* (Mosby).

44.304 Ocular Pathology.

The effects of pathological processes on the structures and functions of the eye; introduction to clinical recognition of abnormal ocular conditions.

44.311 Clinical Optometry.

The principles of optometric examination and prescribing.

Recommended books: Borish, *Clinical Refraction* (Professional Press); Giles, *The Principles and Practice of Refraction* (Chilton); Keeney, *Ocular Examination* (Mosby).

44.312 Contact Lens Practice.

Clinical aspects of contact lens fitting techniques. Complications of contact lens wearing: contra indications.

Prescribed texts: Either Mandell, R., *Contact Lens Practice* (Thomas) Or Stone and Phillips; (Eds.), *Contacts Lenses* (Barrie and Jenkins); Bennett, A. G., *Optics of Contact Lenses* (Assocn. of Disp. Opt.).

OPTOMETRY IV

(Six papers, practical work and minor research project)

44.401 Advanced Physiological Optics.

Nature and distribution of refractive errors; theories of emmetropization; ocular genetics. Application of contemporary research in physiological optics to clinical optometry.

456

44.402 Environmental Optometry.

The design of the visual environment and its effects on visual efficiency, productivity and safety; Occupational hazards and eye protection; Principles of illuminating engineering, light sources, glare, lighting for special tasks.

44.403 Socio-Economic Optometry.

Socio-economic aspects of optometric practice. Relationships between the practitioner, patient and allied professions.

44.411 Clinical Optometry IV.

Special techniques of examination; investigation of visual fields; correction of aniseikonia; analysis of clinical findings.

44.412 Paediatric Optometry.

The clinical examination of motility and binocular vision; recognition, classification and treatment of strabismus; special examination techniques for children.

44.413 Geriatric Optometry.

Age changes in the eye. Clinical management of diseases of the ageing eye—criteria for referral; management of low visual acuity.

44.421 Project.

A minor investigation into a topic in physiological optics or optometry.
THE DEGREE OF BACHELOR OF COMMERCE
BCom

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Bachelor of Commerce shall follow a course of study of not fewer than three years.

2. In these Regulations a paper means an examinable part of one year's work in a subject. Papers are classified in three stages, I, II, III, prescribed for this Degree in the Schedule to these Regulations.

3. Every candidate in his course of study for this Degree
   (a) shall pass not fewer than twenty of the papers;
   (b) shall comply with the requirements specified in the Schedule to these Regulations;
   (c) may include as one, two, or three papers for this Degree one, two, or three papers not already passed for this Degree from any one stage of any one subject prescribed for the Degree of Bachelor of Arts or Bachelor of Science; provided
   (i) that for Science courses to be available for credit under this clause each such Science course must carry a minimum of four credits in the Schedule to the BSc Regulations; provided further that for the purpose of this Regulation Science courses carrying lesser credit may be aggregated with other Science courses from the same stage of the same subject.
(ii) that in respect of papers offered for this Degree under this regulation from those available for the Bachelor of Arts Degree, the Head of Department concerned may require the candidate to pass in a unit as defined in Regulation 2 of the Regulations for the Degree of Bachelor of Arts;

(d) shall pass not fewer than three papers at Stage III from one of the subjects Accounting, Economic History, and Economics:

provided that he may, with the permission of the Heads of the Departments of the subjects chosen, substitute one paper at Stage III in another of those subjects.

4. Except as provided elsewhere in these Regulations a candidate

(a) shall pass in the following Stage I papers
   Accounting 1.10, 1.11
   Commercial Law 2.10
   Economics 13.10, 13.11
   Mathematics 26.121, 26.142 or approved substitutes — see Schedule;

(b) shall in his first year of study take papers 26.121 and 26.142 of Mathematics and if he fails to pass either or both he shall take again in the following year the paper or papers he failed;

(c) shall, before taking any other paper for this Degree, pass or enrol concurrently in the papers (a) above; provided that this clause shall not apply to a candidate

(i) who has been admitted or qualified for admission to a Degree of this University

(ii) enrolled conjointly for this Degree and the Degree of Bachelor of Laws in respect of Commercial Law 2.10 and an Ancient or Modern Language, or English, or Maori Studies, or Philosophy.

460
5. Except with the permission of the Senate no candidate shall take in any one year more than eight papers for this Degree.

6. (a) Notwithstanding anything in Regulations 3 and 4 of these Regulations a candidate may with the leave of the Senate take stage II papers of any subject to which this Regulation applies without having passed stage I. If a candidate passes a stage II paper in a subject he shall not be credited with any prerequisite stage I paper of that subject. If the examiner certifies that the candidate though failing a stage II paper attained the standard of a pass in a stage I paper the candidate shall be credited with a pass in a stage I paper of that subject.

(b) This Regulation applies to the following subjects

Accounting
Commercial Law
Economics
Mathematics

7. (a) A candidate who has passed for another Degree of this University two Stage II level papers in Pure Mathematics or equivalent and has passed papers 13.20 and 13.23 of Economics shall be credited with papers 13.10 and 13.11 of Economics provided he pays the fees required by Regulation 10 of the Enrolment and Course Regulations (General).

(b) A candidate who, for the Degree of Bachelor of Engineering has passed Engineering Mathematics IA and IB and Engineering Mathematics II shall be credited with Mathematics 26.240 and 26.360 provided he pays the fees required by Regulation 10 of the Enrolment and Course Regulations (General).

(c) A candidate who for the Degree of Bachelor of Engineering has been exempted from the Intermediate Examination shall be exempted without credit from Mathematics 26.121 and 26.142.
8. Where a candidate who abandons from another course of study to this Degree and who had attained a passing standard in a paper listed in the Schedule to these Regulations without receiving credit for that paper in that course, he may be credited with that paper for this Degree.

9. A candidate who has passed Psychology 33.101 for the Degree of Bachelor of Science, or 32.10 or 32.13 for the Degree of Bachelor of Arts, may be credited with Psychology 32.14 for this Degree, and in addition, shall be deemed to have fulfilled the laboratory requirements for Psychology 32.15.

10. Notwithstanding anything elsewhere in these Regulations a candidate who has qualified with merit for the New Zealand Certificate of Commerce in Accountancy (Private Sector) or in Taxation, or who has completed the Professional Examination in Accountancy, or who has passed with merit in at least six subjects of the Professional Examination in Accountancy, may be admitted by the Senate to the course for this Degree with credit for Accounting 1.10, 1.11, Commercial Law 2.10 and 2.23, and two other unspecified papers provided he pays the fees required by Regulation 10 of the Enrolment and Course Regulations (General).

11. (1) A candidate

(a) who, for this Degree or for the Degree of Bachelor of Laws or Bachelor of Laws (Honours), has passed the following papers

(i) Accounting 1.10 and 1.11
(ii) Economics 13.10 and 13.11
(iii) Mathematics 26.121, and 26.142, or approved substitutes—see Schedule,
(b) who, for the Degree of Bachelor of Laws or Bachelor of Laws (Honours) has passed

(iv) Legal System 25.103
(v) Law of Contract 25.105
(vi) Introduction to Commercial Law 25.203
(vii) Company Law and Partnership 25.207 or Introduction to Company Law and Partnership 25.214
(viii) Industrial Law 25.211
(ix) Taxation 25.223

(c) who, for this Degree has in addition passed no fewer than eight stage II or stage III papers (including no fewer than three stage III papers as required by Regulation 3(d)) selected from those specifically listed in the Schedule, and other than those of Commercial Law shall be deemed to have satisfied the requirements for this Degree.

(2) The papers so credited to this Degree under this Regulation shall be admitted as cross-credits, exemptions, or additional cross-credits as the case may be, for the purpose of Regulation 10 of the Enrolment and Course Regulations (General).

12. Except as provided in Regulation 3 (c), a candidate wishing to take for this Degree any unit, course or paper which is also prescribed for the Degree of Bachelor of Arts or Bachelor of Science, shall comply with such of the Regulations for each of those Degrees as apply to that unit, course, or paper.

13. (1) Except as otherwise provided in this Regulation the course of study of every candidate shall be governed by these Regulations.

(2) A candidate who passed under any of the former Regulations for this Degree in any unit of which the papers are also papers under these Regulations shall be credited with passes in those
papers under these Regulations provided that the Senate is satisfied that the prescription in any such paper is at least the equivalent of that prescribed under these Regulations.

(3) (a) A candidate who enrolled for the Degree before 1971 may be permitted by the Senate

(i) to substitute History I, Philosophy I, or a modern foreign language (other than Maori Studies) for Pure Mathematics 26.121 and 26.142 as prescribed for the Degree;

(ii) to enrol in stage III papers of Accounting and Economic History without having passed in any papers of Mathematics.

(b) A candidate permitted to proceed under sub-clause (a) (i) of this Regulation shall be required to pass two stage II papers of Economics approved by the Head of the Department.

(4) The Senate may, in such exceptional cases as it thinks fit, approved a personal course of study which does not conform to the foregoing Regulations.

14. These Regulations shall come into force on 1 January 1971.
SCHEDULE

1. This schedule sets out paper numbers, prerequisites, corequisites and other conditions applying to papers for the Degree of Bachelor of Commerce.

2. The schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.

3. The heading 'prerequisites' in relation to a paper refers to other papers which must be passed before the candidate may take that paper.

4. The heading 'corequisites' in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year.

5. A candidate may not take a further stage of a subject until he satisfies all prerequisite and corequisite requirements for that stage of the subject.

THE DEGREE OF MASTER OF COMMERCE

MCom

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

ADMISSION

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Commerce shall before his enrolment for this Degree
   (a) have been admitted or qualified for admission to the Degree of Bachelor of Commerce, and
   (b) have passed three Stage III papers in the subject he offers as prescribed for the Degree of Bachelor of Commerce; provided that in special cases recommended by the Head of the Department the Senate may exempt the candidate from this requirement.
   (c) have passed with a Grade higher than C— in all Stage III papers prescribed for the Degree of Bachelor of Commerce which are prerequisites for the subject he offers for his Degree; provided that the Senate at its discretion may approve a Grade C— pass for the purpose of this sub-clause.

2. (a) No candidate shall take for this Degree
   (i) the subject Economics if he holds the Degree of Master of Arts in Economics; or
   (ii) the subject Economic History if he holds the Degree of Master of Arts in Economic History; or
   (iii) any paper that he has had credited to another course.
   (b) Except by permission of the Head of the Department of Economics no candidate shall take the subjects Economic History or Economics unless he has passed paper 13.31.

472
3. The subjects of examination for the Degree and the relative paper numbers are:

(a) ACCOUNTING: Six papers; or four papers and a thesis which shall count as two papers; or five papers and a research essay counting as one paper.

Papers to be selected from 1.400 to 1.410:
Provided that a candidate may, with the approval of the Head of the Department, substitute for one or two Accounting papers for this Degree advanced papers not already taken by him from those prescribed for the Degree of Bachelor of Commerce in either Accounting or Commercial or both, as follows:

two advanced BCom papers for one paper for this Degree,
three advanced BCom papers for two papers for this Degree;
And further provided that a candidate substituting in terms of this clause is not eligible for the award of Honours.

(b) ECONOMIC HISTORY: Six papers; or four papers and a thesis which shall count as two papers; or five papers and a research essay counting as one paper.

Papers to be selected from 17.40 to 17.42, 13.41, 13.46, 13.47, and those papers offered for History for MA as approved by the Heads of the Departments of Economics and History.

(c) ECONOMICS: Six papers; or four papers and a thesis which shall count as two papers; or five papers and a research essay counting as one paper.

Papers to be selected from 13.40 to 13.49, 17.40 to 17.42.

4. Notwithstanding anything in Regulation 3, a candidate may with the permission of the Senate take

(a) one or two papers in a subject for this Degree other than the subject he offers; or
(b) one or two papers in a subject for any other Master's Degree provided any such paper is related to his main field of study; or

(c) one paper in a subject for this Degree other than the subject he offers; and one paper in a subject for any other Master's Degree provided any such paper is related to his main field of study.

Each paper shall substitute for and be equivalent to one paper in the Master's course of the subject in which the Degree is being taken.

5. A candidate

(a) shall, subject to clauses (d) and (e) of this Regulation, complete the requirements for this Degree within 24 months of his first enrolment for this Degree provided that this period may be extended by the Senate,

(b) may with the approval of the Head of Department concerned present the six papers or equivalent in one year.

(c) may present three papers in the first year of his enrolment provided however, that such a candidate shall not be eligible for the award of Honours

(d) presenting a thesis for this Degree shall submit it to the Registrar by 1 November in the calendar year in which it is to be presented or at a subsequent date approved by the Head of his Department but not extending beyond the subsequent 28 February. The candidate shall hand the thesis to the Registrar who shall forward it to the Head of the Department concerned

(e) presenting a research essay for this Degree shall submit it to the Head of Department concerned by 1 November of the year for which he is enrolled in the research essay provided that this period may be extended by the Head of Department for a period not extending beyond the subsequent 28 February.
6. (a) To be eligible for the award of Honours a candidate must present no fewer than four papers in the first year of enrolment for this Degree.

(b) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(c) Honours shall not be awarded if the papers in the first year in which a candidate sits an examination for the Degree are unsatisfactory or if the thesis at its first presentation is unsatisfactory, provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or exceptional circumstances beyond his control (certified as under the Aegrotat Pass or Compassionate Pass provisions of the Examination Regulations) may elect, instead of applying for a aegrotat or compassionate pass, to present himself at a subsequent written examination and still be eligible for the award of Honours, subject to the provisions of Regulation 5 (a) above, and to Regulations 8 and 9 of the Examination Regulations.

(d) A candidate who obtains an Honours standard but is ineligible for the award of the Degree with Honours, because of failure to comply with Regulations 5(a), (c) and 6(a), shall be informed of the standard of Honours that he would have been awarded had he been eligible.

7. These conditions shall apply to the completion of a thesis:

(a) It shall embody the results obtained by the candidate in an investigation in some branch of the subject;

(b) It may be presented in the first year of enrolment for this Degree only with the approval of the Head of Department;
(c) It may be presented in the second year of enrolment for this Degree only if the candidate obtains an average grade of at least second class level in the four papers sat;

(d) If the examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to represent it subject to Regulation 5(a) and (d) above by a later date to be specified by the Head of Department.

8. The personal course of study of every candidate shall require the approval of Senate.

9. (a) Except as otherwise provided in this Regulation the course of every candidate shall be governed by these Regulations.

(b) A candidate enrolled for this Degree under the Regulations published in the 1972 Calendar may complete under those Regulations, or he may elect to transfer to the new Regulations as published in this Calendar. A candidate electing to transfer to these Regulations shall not be permitted to present papers which in the opinion of the Head of Department concerned contain a substantial portion of work included in papers for which the candidate has received credits.

10. These Regulations shall come into force on 1 January, 1973.

EXEMPTIONS

4. (a) A candidate who has been credited for the
Degree of Bachelor of Arts or the Degree of Bachelor
of Science with any of the units specified for the
Intermediate Examination shall be credited with such
unit or units for the purposes of this degree.

(b) A candidate who is a graduate of any Uni-
versity in New Zealand shall be exempted from
passing the Intermediate Examination, and his course
of study may be pursued for a period of not less than three years.

(c) In granting admission ad eundem statum to a candidate from an overseas University in one or more units or subjects of the Degree the Senate may require that the candidate shall pass an Examination in the law and practice in New Zealand, covering such matters as may from time to time be prescribed by the Senate.

Notes: (i) The prescriptions for the Examination in the law and practice in New Zealand may be obtained on application to the Dean of the Faculty of Law.

(ii) Every candidate desiring to be examined in the law and practice in New Zealand shall give to the Registrar notice in writing of his desire to be so examined and shall pay to the Registrar an examination fee of $10.

(iii) Such examination shall be held at such time and place as may be fixed by the Vice-Chancellor.

5. No candidate shall be admitted to this Degree unless the Registrar has received from the Dean of the Faculty of Law a certificate that the candidate has complied with the requirements of Regulation 1 (c).

6. The personal course of study of every candidate shall require the approval of the Senate

Provided that

(a) The Senate may delegate to the Faculty of Law the power to give such approval and may also delegate the discretionary powers conferred in Regulations 2 and 4 of these Regulations.

(b) The candidate may appeal to the Senate where approval of a personal course of study has been withheld by a decision of the Faculty acting under the delegation of any of the powers referred to in the previous proviso.
Every candidate shall be required

(a) to undertake as part of his Third Law Examination a course of study comprising a sufficient number of advanced law courses. The Faculty of Law shall determine from time to time which subjects shall be advanced courses for the purposes of this requirement and how many of such courses (not exceeding two-fifths of the Third Law Examination shall be the minimum requirement.

(b) To undertake in both his Second and Third Law Examinations, a course of study comprising sufficient law subjects to amount to a full-time course of about 14 hours of instruction per week. The Faculty shall from time to time determine the composition of a full-time course for these purposes.

Note: The Handbook of the Faculty of Law will state the advanced subjects, the prerequisites if any, and the weight of each subject within a full-time course of study.

In lieu of optional law subjects (totalling not more than one-fifth of the content of the Second and Third Law Examinations combined) a candidate may take such units or papers offered by other Faculties and related to his law studies as are approved by the Dean of the Faculty of Law.

Provided that he shall before enrolling in such units or papers obtain the permission of the Head of the Department in which they are being taken and of the Dean of the Faculty of Law; but the Faculty of Law may in special cases apply this provision to a candidate who has previously taken units or papers in another Faculty which would have qualified under this Regulation if prior approval had been obtained.

(b) Subject to Regulation 10 of the Enrolment and Course Regulations (General) any unit or paper taken by a candidate under this Regulation may be credited only to the Degree of Bachelor of Laws.
9. A candidate for the degree of Bachelor of Laws may with the prior approval of the Dean of the Faculty of Law, elect to present a research paper in lieu of examination in a subject of the Third Law Examination;

Provided that the teacher in the subject shall certify that the research paper is related to that subject, and the candidate shall comply with the terms requirements in that subject.

10. In addition to the credits permitted to a candidate under the Enrolment and Course Regulations (General) a candidate who has passed the following subjects for the Degree of Bachelor of Commerce shall be awarded the following credits:

(a) Passes in Special Contracts 2.21 and Company Law 2.23 shall together be credited as a pass in Company Law and Partnership 25.207.

(b) A pass in Aspects of Property Law 2.20 shall be credited as a pass in Introduction to Commercial Law 25.203.

(c) A pass in Taxation and Estate Planning 2.22 shall be credited as a pass in Taxation 25.223.

(d) Passes in Legal Problems in Industry 2.24, Investment Analysis and Planning 1.33 and Business Finance 13.34 shall each be credited as a pass in an optional subject in the Second and Third Law Examination, provided no more than two credits shall be allowed under this subparagraph.

Provided that a candidate entitled to credits under this regulation must include in his course for this Degree at least two advanced law courses in terms of Regulation 7.

11. The course of every candidate shall be governed by these Regulations.
12. These regulations shall apply to all students taking the degree of Bachelor of Laws from 1 January 1973.

Provided that any candidate who commenced his law course before that date shall be entitled to the following credits:

(a) A pass in Legal System before 1973 shall be credited as both a pass in Legal System and a pass in Legal History.

(b) A pass in any of the subjects in subclause (ii) of Division III of the 1966 Degree Regulations (1972 Calendar, p.441) shall be credited as a pass in Constitutional Law.

(c) Subject to the foregoing provisions passes in any of the subjects mentioned in Divisions I and II of the 1966 Degree Regulations shall be credited as passes in the corresponding subjects in the Regulations for this Degree.

(d) Passes in any of the subjects in Division III of the 1966 Degree Regulations shall (unless already credited under subclause (ii) above) be credited as equivalent to one-fifth of either the Second Law or Third Law Examination.

(e) A pass in Introduction to Commercial Law shall not be required where the candidate has before 1973 either passed Commercial Law and the Law of Personal Property under the 1966 Degree Regulations or passed or been credited with or exempted from not less than twelve subjects towards his LLB degree.

And provided further that where the course of any candidate is not specifically covered by the above provisions and in other cases where there is doubt concerning the course of any candidate such course shall be settled by the Dean of the Faculty of Law.

And provided also that any candidate who commenced his law course before 1967 shall be entitled to the benefit of any transitional provisions which may previously have applied to him.
THE DEGREE OF BACHELOR OF LAWS (HONOURS)

Note: Not all of the optional subjects listed will be taught during the current Calendar year.

5. Any candidate may with the prior approval of the Dean of the Faculty of Law, elect to present a research paper in lieu of an examination in a subject of the Third Law Examination or a subject listed in Regulation 4. In cases approved by the Dean of the Faculty of Law, notwithstanding anything in Regulation 3 a candidate may present a dissertation in lieu of an examination in a subject of the Third Law Examination.

Provided that in either case the teacher in the subject shall certify that the research paper or dissertation is related to that subject and the candidate shall comply with the requirements for obtaining terms in that subject.
6. The Degree of Bachelor of Laws (Honours) shall be awarded to candidates who have fulfilled the requirements of these Regulations and whose work throughout the course has been in the opinion of the Faculty of Law of a sufficiently high standard.

7. The Senate may, on written application by a candidate who has completed only the First Law Examination and, in special circumstances any other candidate, and without payment of a fee, grant him permission to transfer to a course under these Regulations and allow him to be credited with a pass in such subjects as he has passed in his course for the Degree of Bachelor of Laws.

8. A candidate whose work does not in the opinion of the Faculty of Law satisfy the standard prescribed in Regulation 6, or who at any stage elects to withdraw from the Degree of Bachelor of Laws (Honours) shall be entitled to have credited to the Degree of Bachelor of Laws without payment of a fee those subjects (being subjects for the Degree of Bachelor of Laws) in which he has passed or in which he has been credited with a pass.

9. The course of every candidate shall be governed by these regulations.

10. These regulations shall apply to all candidates taking the degree of Bachelor of Laws (Honours) from 1 January 1973, provided that any candidate who commenced his law course before that date or before 1967 shall be entitled to the credits prescribed in Regulation 12 of the Regulations for the Degree of Bachelor of Laws.
A candidate seeking admission as a barrister and solicitor of the Supreme Court of New Zealand must, in accordance with the Professional Examinations in Law Regulations 1966:

(a) qualify for admission to the Degree of Bachelor of Laws or Bachelor of Laws (Honours); and

(b) pass, or be credited with a pass in the following additional subjects:

- The Law of Civil Procedure 25.307
- Conveyancing and Draftsmanship 25.401
- The Law of Evidence 25.313
- *Legal Ethics and Advocacy 25.402
- Office Administration and Accounting 25.403
- Taxation and Estate Planning 24.404

Each of the subjects will be taught in the Faculty of Law.

In the subjects the Law of Civil Procedure, Conveyancing and Draftsmanship, Legal Ethics and Advocacy, and Office Administration and Accounting, a candidate is credited with a pass if the Registrar receives a certificate from a teacher in the Faculty of Law that the candidate, having taken the course of study in the subject and done the work of the course to the satisfaction of the teacher, should be credited with a pass in the subject.

Alternatively the candidate must pass the examination in the subject, except in the case of Legal Ethics and Advocacy in which no examination is available.
THE DEGREE OF MASTER OF LAWS

5. When a candidate elects to present a thesis the following conditions shall apply:

(a) The thesis shall consist of an original contribution to the history, philosophy, exposition, or criticism, of the law, prepared under the supervision of a University teacher, upon a subject approved by the Dean of the Faculty of Law.

(b) The candidate shall deliver his thesis to the Registrar by 1 November of the year in which it is presented, or at a subsequent date arranged with his supervising teacher.
(c) At the discretion of the Dean of the Faculty of Law the candidate may be required, within four weeks of the date on which the thesis was submitted, to attend an oral examination on the subject of the thesis. For this purpose either two or three examiners shall be appointed by the Dean of the Faculty of Law.

(d) Where a candidate presents a thesis which is of insufficient standard on first presentation, the Senate may in exceptional circumstances, when recommended by the examiners, permit the candidate to rewrite the thesis and submit it again by a specified date.

(e) The thesis shall be presented not later than three years after the candidate’s enrolment for the Degree, provided that this period may in special cases be extended by the Senate.

6. The Degree of Master of Jurisprudence shall be awarded in three divisions — First Class, Second Class, and Pass, provided that a candidate who is required to resit the written examinations or to resubmit the thesis shall be eligible for the award of the Degree in the Pass division only.

7. These Regulations shall come into force on 1 January, 1969.
THE DEGREE OF DOCTOR OF LAWS

1. Except as provided in the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Doctor of Laws shall be a graduate of the University of Auckland, or of the University of New Zealand.

2. No candidate shall present himself for the Degree of Doctor of Laws until at least eight years after graduation to his first degree.

3. The Degree of Doctor of Laws shall be awarded for an original contribution (or contributions) of special excellence to the history, philosophy, exposition or criticism of law.

4. The Degree shall be awarded on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation, provided that in addition to such published work the candidate may submit unpublished work in support of his application.

5. No work shall be considered for the Degree if the work, or a major portion thereof, has previously formed the basis of an award of any Degree or Diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:

   (a) three copies of the work to be examined;

   (b) a statutory declaration which shall
       (i) state the extent to which the work is the candidate’s own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate’s own; and
       (ii) state what portion (if any) of the work submitted has been previously presented for a...
Degree or Diploma of the University of Auckland or any other University; and
(iii) declare that the work in substantially its present form has not been previously accepted for the award of a Degree or Diploma in this or any other University and is not being concurrently submitted for a Degree or Diploma in any other University.

7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall

(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate should be advised to withdraw his application; and

(b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. If the Moderator recommends that the candidate should be advised to withdraw his application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may

(a) withdraw his application, whereupon he shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or

(b) elect to proceed with the examination.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, provided that the Senate may in its discretion appoint an additional examiner who may be a member of the teaching staff of the University of Auckland.
(b) The contents of the Moderator’s report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be:
   (a) to report independently on the quality of the work and its value as a significant contribution to learning; and
   (b) to recommend whether or not the Degree should be awarded, provided that where the recommendation is that the Degree should not be awarded the examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A resubmission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall place the reports of the Examiners before the Senate which shall determine whether or not the Degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two Examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

THE DEGREE OF MASTER OF MUSIC

MMus

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

GENERAL PROVISIONS

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Music shall before his enrolment for this Degree have been admitted or qualified for admission either to the Degree of Bachelor of Music or to the Degree of Bachelor of Music (Executant).

2. The Senate may require candidates for the Degree of Master of Music not devoting their full time to University work to attend a prescribed course of study for two years.

3. A candidate shall present himself for and be credited with a pass in, one subject selected from each of the following Groups.

   Note: The prescriptions are defined elsewhere in this Calendar.

   Group A: EITHER (a) Fugue 41.40.
   OR (b) Twentieth Century Compositional Techniques 41.41.

   Group B: ONE paper from a prescribed list to be approved from time to time by the Senate.

   Group C: EITHER (a) A Musical Exercise
   OR (b) A Practical Performance
   OR (c) A Thesis

   Each of the subjects in this group shall be of the value of four papers.

4. When a candidate elects to write a Musical Exercise, the following conditions shall apply:

552
(a) The Exercise shall be prepared under the supervision of a University teacher.

(b) A candidate may present his Exercise in the year in which he takes his examination, or, subject to the provisions of paragraph (c) of this regulation, in a subsequent year.

(c) The Exercise must be presented within three years of the year in which the papers are presented, provided that this period may in special cases be extended by the Senate.

(d) The candidate shall submit his Exercise together with a certificate from the supervisor stating that the work was carried out by the candidate under his supervision to the Registrar by 1 November in the year in which it is to be presented, or at a subsequent date if so arranged with the Head of the Department.

(e) If the examiner with the concurrence of the assessor so recommends, an Exercise which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to re-submit it by a later date to be specified by the examiner.

5. When a candidate elects the Practical Performance, the following conditions shall apply:

(a) Performance shall be restricted to any ONE of the following:

(i) An approved orchestral instrument,

(ii) The pianoforte,

(iii) The organ,

(iv) Any other instrument approved by the Head of the Department,

(v) Singing.

(b) A candidate shall present a concert performance of approximately one hour's duration, the programme to be approved by the Head of the Department.

The candidate shall submit his proposed programme to the Head of the Department for approval not later than the end of the first term.
(c) A candidate may present his Practical Performance in the year in which he takes his examination or, subject to the provisions of paragraph (d) of this regulation, in a subsequent year.

(d) The Practical Performance must be presented within three years of the year in which the papers are presented, provided that this period may in special cases be extended by the Senate.

(e) The candidate shall present himself for the Practical Performance on a date to be specified by the Head of the Department.

(f) If the Practical Performance does not reach a satisfactory standard, and if the examiner with the concurrence of the assessor so recommends, the candidate may be permitted to present a further Practical Performance at a later date to be specified by the examiner.

6. When a candidate elects to write a thesis, the following conditions shall apply:

(a) The thesis shall embody the results obtained by the candidate in an investigation relating to some branch of Music.

(b) A candidate may present his thesis in the year in which he takes his examination or, subject to the provisions of paragraph (c) of this regulation, in a subsequent year.

(c) The thesis must be presented within three years of the year in which the papers are presented, provided that this period may in special cases be extended by the Senate.

(d) The candidate shall submit his thesis to the Registrar by 1 November of the year in which it is to be presented or at a subsequent date if so arranged with the Head of the Department.

(e) If the examiner with the concurrence of the assessor so recommends, a thesis which is not con-
sidered satisfactory shall be returned to the candidate, who may be permitted to revise it and to resubmit it by a later date to be specified by the examiner.

**HONOURS**

7. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Honours shall not be awarded if the papers in the first year in which a candidate sits an examination for the Degree are unsatisfactory or if either the Musical Exercise or Practical Performance or Thesis at its first presentation is unsatisfactory; provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or injury or exceptional circumstances beyond his control (certified under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination so that he shall still be eligible for the award of Honours subject to the provisions of sub-clause (c) of this Regulation.

(c) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of his first enrolment for this Degree, provided that this period may in special cases be extended by the Senate.
THE DEGREE OF DOCTOR OF MUSIC

MusD

GENERAL PROVISIONS

1. Except as provided in the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Doctor of Music shall hold the Degree of Bachelor of Music of the University of Auckland or of the University of New Zealand.

2. No candidate shall present himself for the Degree of Doctor of Music until at least five years after graduation to the qualifying degree.

3. The Degree of Doctor of Music shall be awarded for distinction in musical composition.

4. The candidate shall submit not more than three works of his own, published or otherwise, such works to be selected from the following:

An oratorio, an opera, a cantata, a symphony for full orchestra, a concerto, an extended piece of chamber music.

5. No work shall be considered for the degree if the work, or a major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:

(a) Three copies of the work to be examined;

(b) A statutory declaration which shall —

(i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and

(ii) state what portion (if any) of the work submitted has been previously presented for a
degree or diploma of the University of Auckland or any other University; and
(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall —

(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate should be advised to withdraw his application.

(b) State the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted, provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. If the Moderator recommends that the candidate should be advised to withdraw his application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may —

(a) withdraw his application, whereupon he shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or

(b) elect to proceed with examination.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, provided that the Senate may in its discretion appoint an additional examiner who may be a member of the teaching staff of the University of Auckland.
(b) The contents of the Moderator's report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be:

(a) to report independently on the quality of the work; and

(b) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded the examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall place the reports of the Examiners before the Senate which shall determine whether or not the degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two Examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

Instruction is being offered in the following subjects:— Violin, Viola, Violoncello, Pianoforte, Singing.
THE DEGREE OF BACHELOR OF ARCHITECTURE
BArch

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

An intending candidate who has not been granted the University Entrance Qualification by the Universities Entrance Board and who seeks admission on the basis of the New Zealand Certificate in Draughting (Architecture), the New Zealand Certificate in Building, the New Zealand Certificate in Engineering (Civil Option), or the New Zealand Certificate in Quantity Surveying must apply for admission in accordance with the requirements of the Provisional and Special Admission Regulations.

1. (a) Subject to the Admission Ad Eundem Statum Regulations and except as otherwise provided in these regulations, a candidate for the degree of Bachelor of Architecture shall be required to

   (i) pursue a course of study for a period of not less than five years, and

   (ii) pass the Intermediate Examination and complete to the satisfaction of the Senate the requirements of the four Professional Examinations.

(b) Except as hereinafter provided a candidate shall be required to pass as a whole the Intermediate Examination and the requirements of each Professional Examination. In recommending him for a pass in any Examination the Senate shall take into consideration his performance in all subjects of that Examination.

A candidate who has failed to pass any Examination as a whole may, on the recommendation of the Senate, be credited with a subject or subjects of
that Examination. He may in a subsequent year take the remaining subjects of that Examination together with such subjects of the succeeding Professional Examinations, if any, as the Senate may permit. He shall be required to pass such a composite examination under the same conditions as set out above.

2. The Degree of Bachelor of Architecture may be awarded with or without Honours according to the standard of the candidate's work in the Fourth Professional Examination (taking into account also his record in the other Professional Examinations).

3. The Senate may exempt a candidate from the Intermediate Examination

   (a) who has reached a standard satisfactory to the Senate in the University Entrance Scholarships Examination, provided that one of the subjects is Mathematics, Additional Mathematics, or Physics; or

   (b) who has been admitted or has qualified for admission to a Degree in any Faculty of this University; or

   (c) who has by examination qualified with outstanding merit for the New Zealand Certificate in Building, or the New Zealand Certificate in Draughting (Architecture), or the New Zealand Certificate in Engineering (Civil Option), or the New Zealand Certificate in Quantity Surveying, and who has completed the practical requirements for the award of such Certificate.

4. The Senate may exempt a candidate from the Intermediate and First Professional Examinations, or from the Intermediate Examination and such parts of the First Professional Examination as it deems fit, if the candidate

   (i) has by examination qualified with outstanding merit for the New Zealand Certificate in Draughting (Architecture) and has com-
pleted the practical requirements for the award of that Certificate; or

(ii) has been awarded or has qualified for the award of the Degree of Bachelor of Engineering (Civil), and his undergraduate record in that Degree is of a sufficiently high standard in the opinion of the Head of the School of Architecture.

Note: A candidate granted exemption under Regulations 3 or 4 shall pay the fees required under Regulation 10 of the Enrolment and Course Regulations (General).

5. The subjects of the Intermediate Examination shall be: Three subjects comprising one from each of the following groups of subjects, each of which shall be as prescribed, as a unit for the Degree of Bachelor of Arts or as totalling not less than twelve credits for the Degree of Bachelor of Science; or equivalent subjects for the Degrees of Bachelor of Arts or Bachelor of Science at another New Zealand University:

8. (a) A candidate may not gain credits for any Professional Examination in any subject for which he gained credits in a previous Professional Examination; provided that subjects passed and credits gained for any Professional Examination, in excess of the requirement for that Examination, may at the discretion of the Head of the School of Architecture be deemed to be passed and gained for the next succeeding Professional Examination for which the candidate may enrol.

(b) A candidate who has been exempted from part or all of one or more Professional Examinations, including a candidate admitted under the Admission Ad Eundem Statum Regulations, shall be deemed to have passed specified subjects and gained credits, and to complete his course shall be required to gain
credits from the various subject groups, as determined by the Senate.

9. A candidate may not take subjects totalling more than 60 credits in any year in which he takes a stage of Studio.

10. A candidate may not take an advanced stage of a subject unless he has passed or been exempted the lower stage or stages of that subject; provided that

   (a) where two consecutive stages of a subject are taught consecutively in one year, he may enrol for both, but may not take the higher stage if he does not pass the lower stage.

   Note: A candidate who is ineligible under this subclause to take the higher stage of a subject should withdraw from that stage in accordance with Regulation 7 of the Enrolment and Course Regulations (General).

   (b) where he has been exempted from some or all of the requirements of the course for this degree by virtue of a qualification in a related subject, the Senate may at its discretion exempt him from the requirements of this Regulation.

11. The subjects of the Professional Examinations for which credits may be awarded shall be:

and to complete the Fourth Professional Examination and shall be required to pass Studio 4 and to gain 44 credits, of which at least 8 are from the Social Studies group, 8 from the History and Theory of Architecture group, 8 from the Technology group and 10 from the Practice group.

(v) a candidate who has completed part of any Professional Examination under the 1972 Regulations shall be credited with such subjects and credits as the Senate shall determine.

(vi) a candidate who has failed to complete the requirements of the subject Studio 1 of the Fourth Professional Examination under the 1972 Regulations, but who has otherwise completed his course for the Degree of Bachelor of Architecture under those Regulations, and who submits a folder of work acceptable to the Senate by 31 January 1973, shall be deemed to have satisfied the requirements of the 1972 Regulations.

(vii) a candidate who in 1972 was enrolled for the Diploma in Architecture under the Regulations governing the Diploma which were included in the University of Auckland
Calendar for 1970 shall for the purpose of this Regulation be deemed to be enrolled for the Degree of Bachelor of Architecture under the 1972 Regulations and may qualify in terms of these Regulations for the award of this Degree.

13. (a) The Senate may in such exceptional cases as it thinks fit approve a personal course of study which does not conform to the foregoing Regulations.

(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

14. These Regulations shall come into force on 1 January 1973.
INSTITUTE OF ARCHITECTS' SPECIAL EXAMINATION

Note: These examinations are prescribed by the Education Committee of New Zealand Institute of Architects and administered by a Special Examination Committee representing both the NZIA and the Architects' Education and Registration Board. Candidates are advised to study carefully the corresponding sections of the regulations for BArch. The NZIA Special Examination is recognised by the Architects' Education and Registration Board as qualification for registration (see AERB ordinances). Registration is a prerequisite to corporate membership of the Institute.

SPECIAL EXEMPTION:

1. Persons with suitable architectural experience who fulfil the conditions set out in clauses 4, 5 and 6 may apply to the Special Examination Committee of the NZIA for admission to the NZIA Special Examination.

2. The Committee may admit candidates at its discretion to the Examination, and may give exemption at its discretion from any or all of the subjects of the Examination as set out in clause 7 and may determine the period of required practical experience in New Zealand as set out in clause 9.

3. Candidates who are admitted to the Examination, and who pass the examinations and fulfil the requirements of the Committee, may subject to registration by the Architects' Education and Registration Board, be admitted as Corporate Members of the NZIA.

4. An applicant for admission to the Examination shall be:
   (a) a holder of an overseas qualification accepted in the country in which it was obtained as being of professional standard in architecture; or
   (b) not less than 30 years of age at the time of application and with not less than ten years' suitable architectural experience.

5. Application for admission to the Examination shall be made to the NZIA Special Examination Committee on the form provided.

   All applications shall include:
   (a) details of the experience and examples of the work of the applicant, together with suitable corroborative evidence.
   (b) a written report, thesis, review or article, the sole work of the candidate, on some architectural or related topic, as an indication of the applicant's ability to study or analyse a subject clearly and to write clearly upon it.

   Applications under clause 4(a) shall include documentary evidence of the qualification obtained, including where possible details of the course prescriptions and grades obtained.
Applications under clause 4(b) shall include evidence of the age of the applicant, and a statement signed by at least two registered architects attesting to the applicant's experience in and suitability for the profession.

6. A fee of $20 shall be paid by the applicant to the NZIA upon making formal application for admission to the Examination. This fee will be refunded should the application be refused. If the application is approved the candidate shall in addition pay to the University the prescribed fees for examination in the subjects in which he is required to enrol of those enumerated in clause 7.

7. Candidates recommended by the Committee for admission shall sit for the NZIA Special Examination in the following subjects:

(1) Professional Practice
(2) Building Law
(3) Structures
(4) Design and Construction
(5) Oral Examination

subject to such exemption as may be allowed in each case by the NZIA Special Examination Committee from any or all of these subjects.

8. A pass in subjects (1) to (3) will be obtained by a candidate who passes the corresponding subjects prescribed for the BArch degree, as follows:

<table>
<thead>
<tr>
<th>Subject for NZIA Special Examination</th>
<th>Corresponding subject for BArch degree</th>
</tr>

<tr>
<td>(2) Building Law</td>
<td>403 Building Law</td>
</tr>
<tr>
<td>(3) Structures</td>
<td>314 Structures 2 and 321 Structures 3</td>
</tr>
</tbody>
</table>

Subject (4) Design and Construction shall consist of the preparation of a design in answer to a set problem. Part of the design shall be submitted in the form of working and/or structural drawings.

Subject (5) Oral Examination will be conducted by the NZIA Special Examination Committee, subsequent to the completion of the other subjects.

9. A candidate recommended by the Committee for admission to the NZIA Special Examination shall, before he becomes entitled to a Certificate stating that he has completed the requirements of the Examination, pass the required subjects and provide satisfactory evidence to the Committee that he has completed such period of approved practical experience in New Zealand (up to 140 weeks) as shall have been determined by the Committee at the time his application for admission was approved.

10. Application forms for admission to the Examination may be obtained from the Secretary, NZIA, P.O. Box 438, Wellington, or from the Dean of the Faculty of Architecture, University of Auckland.
SCHOOL OF ARCHITECTURE

PRESCRIPTIONS FOR BArch and BArch(Hons)

The prescriptions for the subjects named in the preceding Regulations for BArch and BArch(Hons) are listed below.

Studio 1

A course of study and practice in architectural design in the studios and laboratories of the School of Architecture, with related lectures and seminars. Its scope includes the development of architectural skill and understanding and the coordination of the other subjects of the course.

Studio 2, 3 and 4

Advanced stages of the work in Studio 1.

SOCIAL STUDIES GROUP

101 Architectural sociology 1

Introduction to the principles of Sociology. The sociology of the built environment.

102 Architectural sociology 2

The Sociology of the urban community. Contemporary social issues.

103 General economics

Introduction to the principles of Economics

104 Building economics

Microeconomics as parameters in building decisions. Urban land economics, density, buildings as investment.

105 Man-environment studies

Physical, social and cultural aspects of man's relations to the natural and built environment as they affect architectural design.
106  Architectural psychology
Application of principles of psychology to the perception and
design of the environment. Psychological theories of perception
and judgment in human responses to designed settings.

107 to 110  Special topics
Courses on topics in Social Studies which may be taught
in any year; the availability and content of each topic to be
determined each year by the Head of the School of Archi-
tecture.

111  Urban design
Buildings in the urban context; design and control of de-
velopment; townscape and landscape.

112  Town planning
The evolution of modern town planning theory and practice.
The planning process. Contemporary town planning in New
Zealand.

113 to 116  Special topics
Advanced courses on topics in Social Studies which may
be taught in any year; the availability and content of each
topic to be determined each year by the Head of the School
of Architecture.

HISTORY AND THEORY OF ARCHITECTURE GROUP

201  Modern architecture 1
Introduction to history of the development of the modern
movement in architecture with reference to 19th Century in-
fluences.

202  Modern architecture 2
Studies in the development of modern architecture with
reference to movements and architects.
203 Architectural form
Studies in the understanding of architectural form. Architectural form grammar; elements, relations, syntax, semantics.

204 N.Z. architecture
Studies in architecture in New Zealand with reference to historical influences and particular developments.

205 Design methods
General survey of design methods. Particular design methods.

206 History of building 1
Studies in the development of built environment in settlements, buildings and technology.

207 History of building 2
Particular studies in the development of built environment with emphasis on character, function and formal expression.

208 to 211 Special topics
Courses which may be taught in any year on topics in history or theory of architecture; the availability and content of each topic to be determined each year by the Head of the School of Architecture.

212 Building performance and programming
Man-environment interactions as measures of performance and techniques of appraisal. Development of a theory of function in architecture which includes systematic consideration of psychological factors. Applications of this theory in writing briefs.

213 History of theory and technology
History of western architectural theories from Greek to modern times. Influence of economics on the development of building technology.
214 **Advanced design methods**

Techniques of integration of structural, services and other sub-systems in architectural design. Study of trends in design methodology.

215 **Vernacular and popular architecture**

Study of traditional building related to particular needs of various cultural groups with emphasis on the Pacific. Study of new directions in architecture and an examination of taste and fashion.

216 to 219 **Special topics**

Advanced courses which may be taught in any year on topics in history of theory of architecture; the availability and content of each topic to be determined each year by the Head of the School of Architecture.

**TECHNOLOGY GROUP**

301 **Building materials 1**

The range of building materials systematically studied; basic composition, properties and uses determined. Study extended to buildings in the field, performance ascertained and checked against information and research. Qualitative investigations as human response, aesthetic contribution. Extension of predictive applications and techniques. The compilation of a reference casebook as an essential part of study.

302 **Building materials 2**

Advanced studies in Building Materials 1.

303 **Building construction 1**

Principles and practice of the construction of light timber, steel and masonry buildings.

304 **Building construction 2**

Principles and practice of joinery, cladding, and finishes in buildings.
305 Building techniques 1
Principles of building methods and organisation; fabrication; standardisation; special techniques.

306 Building techniques 2
Advanced studies of Building Techniques 1.

307 Environmental control 1
Macro- and micro climate, man’s environmental needs, establishment of standards of comfort and techniques for its achievement.

308 Environmental control 2a
Advanced studies of man’s environmental needs; comfort standards and control. Detailed influences of climate; location and building form; life support systems and their integration into buildings.

309 Environmental control 2b (sound)
Principles of sound transmission, attenuation. Introductory acoustics as applied to buildings.

310 Environmental control 2c (light)
Natural and artificial lighting in buildings.

311 Environmental control 2d (heat)
Thermal and ventilation control in buildings.

312 Environmental control 2e (services)
Communication systems, electrical services, piped systems and waste disposal in buildings.

313 Structures 1
314 **Structures 2**

A more advanced treatment of Structures 1. Analysis of space frames, shells, membranes, suspension systems, folded plates, pneumatic structures, models, prestressed concrete, foundations.

315 **Computer applications**

Computer programming and applications in documentation and problem solving in architecture.

316 to 319 **Special topics**

Courses which may be taught in any year on topics in technology; the availability and content of each topic to be determined each year by the Head of the School of Architecture.

320 **Building construction 3**

Advanced studies in building construction; system and industrial building; research applications; performance specifications.

321 **Structures 3**

A more advanced treatment of Structures 2. Loadings, secondary stresses, torsion, deflection, arches, portals; vibration; failure.

322 **Acoustics**

Advanced studies in acoustics.

323 to 328 **Special topics**

Advances courses which may be taught in any year on topics in technology; the availability and content of each topic to be determined each year by the Head of the School of Architecture.
PRACTICE GROUP

401 Commercial practice and management

A general appreciation of the principles and practice of accounting and commercial practice relevant to the practice of architecture. Management theory, organisation; administration, production, distribution and control aspects; economic, financial and investment theories and techniques.

402 Professional practice

The architect, his qualifications, appointment, authority, duties, responsibilities and liabilities. Code of professional practice.

403 Building law

Aspects of law as they affect the practice of architecture, building, land and related property.

404 Contract documentation

Preparation of documentation at all stages of architectural services; briefs, feasibility studies, reports, working drawings, certification; developments in this area. Principles and practice involved in the preparation of specifications, interpretation; performance specifications.

408 to 413 Special Topics

Advanced courses which may be taught in any year on topics in Practice; the availability and content of each topic to be determined each year by the Head of the School of Architecture.
DRAWING GROUP

501  Drawing 1

Basic freehand drawing. Instrumental drawing; basic descriptive geometry; conventional projections; basic perspective.

502  Drawing 2

Selected freehand techniques. Instrumental drawing; advanced descriptive geometry, advanced perspective.

503 and 504  Special topics

Advanced courses which may be taught in any year on topics in Drawing; the availability and content of each topic to be determined each year by the Head of the School of Architecture.
DIPLOMA IN URBAN VALUATION

DipUrbVal

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Diploma in Urban Valuation shall follow a course of study of not fewer than two years.

2. The Diploma may be awarded with or without Honours.

3. A candidate for the Diploma shall be exempt from examination in any subject or subjects in which he has already passed in another course, provided that in all cases the prescription is substantially identical and the standard of these examinations is not lower than that prescribed for the Diploma in Urban Valuation.

GENERAL PROVISIONS

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Diploma in Town Planning shall before his enrolment for this Diploma

   (a) have been admitted or have qualified for admission to a Degree in Architecture, Engineering, Law, or Surveying; or to a Bachelor's Degree including a Stage III unit of any of the subjects Economics, Geography, or Sociology, or

   (b) have been awarded or have qualified for the award of a Diploma in Architecture, Surveying, or Urban Valuation

   provided that, if not so qualified, a person may with the leave of the Senate be admitted to the course for the Diploma in Town Planning if before enrolment he

   (i) has been admitted or has qualified for admission to a Degree other than a Degree referred to in clause (a) of this Regulation, or

   (ii) holds a professional qualification in Architecture, Engineering, Surveying, or Town Planning.

614
2. Every candidate shall

(a) complete to the satisfaction of the Head of the Department of Town Planning courses in the following units:

(i) Architecture
(ii) Economics
(iii) Engineering
(iv) Geography
(v) Landscape Architecture
(vi) Sociology

(b) pass the examinations in the following units:
   Town Planning Theory I  36.10
   Town Planning Techniques I  36.11
   Statutory Planning and Administration I  36.12

(c) pursue a course of instruction in Practical Work provided by the Department, and submit to the Registrar a certificate signed by the Head of the Department that he has satisfactorily completed the course of instruction.

(d) Submit not later than 1 November in the year he presents the final unit in clauses (a) and (b) of this regulation or at a subsequent date approved by the Head of the Department, a satisfactory dissertation upon a topic approved by the Head of the Department.

3. Except with the approval of the Head of the Department a candidate for the Diploma in Town Planning shall enrol concurrently in units from clauses (a) and (b) of Regulation 2 of these Regulations.

4. Upon condition that he pays the fees as prescribed in respect of exempted units a candidate may, with the approval of the Head of the Department, be exempted from

(a) one or any two (but not more) of the units mentioned in clause (a) of Regulation 2 of these Regulations if he has passed for a University Degree
Diploma or professional qualification any unit or subject substantially the same as or equivalent to that unit or each of these two units: and

(b) the unit Statutory Planning and Administration I if he has passed the subject Planning Law as prescribed for the Degree of Bachelor of Laws, or any other subject substantially the same as or equivalent to Statutory Planning and Administration I for any other University Degree, Diploma, or professional qualification.

5. (a) Except as otherwise provided in this Regulation, the course of every candidate shall be governed by these Regulations.

(b) The Regulations governing the Diploma in Town Planning which were included in the University of Auckland Calendar for 1967 (in this Regulation called ‘the 1967 Regulations’) are hereby revoked: provided that a candidate who enrolled under the 1967 Regulations and who except for presenting a satisfactory thesis has completed the work and requirements therein prescribed may submit up to and including the year 1973 a dissertation in accordance with Regulation 2 (c) hereof, in order to qualify for the Diploma.

(c) The Regulations governing the Diploma in Town Planning which were included in the University of Auckland Calendar for 1970 (in this Regulation called ‘the 1970 Regulations’) are hereby revoked: provided that a candidate who enrolled under the 1970 Regulations and who except for presenting a satisfactory thesis has completed the work and requirements therein prescribed may submit to the Registrar by 1 November 1971 a thesis in accordance with Regulation 5 and 6 (a) and 6 (c) of the 1970 Regulations in order to qualify for the Diploma with Honours; but the Diploma shall not be awarded to him with Honours if the Degree of Master of Town Planning is conferred upon him.

6. These Regulations shall come into force on 1 January, 1971.
THE DEGREE OF MASTER OF TOWN PLANNING

MTP

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

GENERAL PROVISIONS

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Town Planning

   (a) shall before his enrolment for this Degree

   (i) have completed except for submission of a dissertation all the requirements for the Diploma in Town Planning without Honours; or

   (ii) have been awarded or qualified for the award of the Diploma in Town Planning without Honours; or

   (iii) have qualified for the award of (without being actually awarded) the Diploma in Town Planning with Honours; his work for the Diploma in Town Planning having been, in the opinion of the Head of the Department, of a sufficiently high standard to entitle him to take the course for this Degree: and

   (b) in the year in which he will present his papers for this Degree shall before enrolment satisfy the Head of the Department that he intends and is able to devote his full time to his course of study and shall enrol as a full-time student accordingly.

COURSE CONTENT

2. Every candidate for the Degree of Master of Town Planning shall

   (a) pass the examinations in the following units

   Town Planning Theory II 36.40
   Town Planning Techniques II 36.41

(b) pass in respect of a thesis (which shall count as equivalent to two papers).

3. The following conditions shall apply to the thesis:

(a) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject of Town Planning.

(b) Subject to the provisions of clauses (c) and (d) of this Regulation a candidate shall submit his thesis in the year in which he presents his papers. Provided that with the approval of the Head of the Department he may submit it at a later date within three years after the year in which he presented his papers.

(c) The Senate, on the application of the candidate in writing to the Registrar, may in special circumstances approve an extension of time for submission of a thesis.

(d) If the examiner with the concurrence of the assessor (if an assessor has been appointed) so recommends a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to submit it again at a later date to be specified by the examiner.

(e) A candidate who, on the result of his thesis, does not reach the standard required for this Degree but has in all other respects satisfied the requirements for this Degree may be awarded a Diploma in Town Planning.

4. (a) No candidate may present for this Degree a unit which is the same or substantially similar in content to any unit he has already passed for any other University Degree or Diploma.

(b) A candidate who, in the opinion of the Head of the Department of Town Planning, for the course for the Diploma in Town Planning under the regulations included in the 1967 or 1970 Calendar has

619
passed a unit of substantially similar content to the unit Town Planning Techniques II for this Degree shall be required instead of that unit to complete the courses in Economics and Sociology as currently prescribed for the Diploma in Town Planning.

5. This Degree shall not be conferred upon any person to whom the Diploma in Town Planning with Honours has been awarded.

6. Notwithstanding anything in sub-clause (iii) of Regulation 1 (a) and Regulation 5 of these Regulations a candidate who has been awarded the Diploma in Town Planning with Honours before these regulations came into force shall be eligible to enrol for this Degree before 1974 and be eligible to have the Degree conferred on him:

7. These Regulations shall come into force on 1 January, 1971.
DEPARTMENT OF TOWN PLANNING

PRESCRIPTIONS FOR DipTP

The prescriptions of the subjects named in the preceding regulations are given below:

Regulation 2 (a)

(i) Architecture

(ii) Economics

(iii) Engineering

The scope of engineering. The principles governing the provision of public utility services and transport facilities. Public health engineering. Traffic engineering.

(iv) Geography

(v) Landscape Architecture

Concept of landscape. Landscape ecology. Landscape design. Relation of buildings, structures and highways to site and setting.

(vi) Sociology

Regulation 2 (b)

Town Planning Theory I 36.10

The main contributors to planning thought, their theories and ideas, together with examples of the application of these in towns past and present. The objectives of present-day regional and town planning. Town planning in the context of social,
economic and physical planning. Spatial theories of the town.

Town Planning Techniques I  36.11
Contemporary planning techniques in New Zealand and overseas. Techniques of survey, organisation of data, and prediction. Land use requirements and development controls.

Statutory Planning and Administration I  36.12

Practical Work
Practical techniques for the communication of planning data and proposals. Practical problems of land use development and control.

Dissertation
The dissertation shall be a written discourse, generally not less than 5,000 words or more than 10,000 words in length, on an aspect of town planning approved by the Head of the Department. It must be an original work and presented in a form appropriate to its value as permanent departmental reference material.

PREScriptions FOR MTP

The prescriptions of the subjects named in the preceding regulations are given below:

Town Planning Theory II  36.40
National, regional and metropolitan planning. National resources and policies for development. Case studies of important projects. The role of forecasting.

Town Planning Techniques II  36.41
Evolution of planning techniques. Special land use and development controls. Methods of assessing and testing planning proposals.
Statutory Planning and Administration II 36.42

Special Topic, available in another Department and approved by the Head of the Department of Town Planning 26.43

Advanced studies in a selected topic as prescribed by the Head of the Department of Town Planning 26.44

Advanced studies in a selected topic as prescribed by the Head of the Department of Town Planning 26.45

THESIS

The thesis, on an aspect of town planning approved by the Head of the Department, must be the original work of an individual student.
*DIPLOMA IN BUILDING AND CONSTRUCTION MANAGEMENT*

DipBCM

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

An intending candidate who seeks admission on the basis of a professional qualification, practical experience, the New Zealand Certificate in Building, Drafting (Architecture), or Engineering, or a Degree qualification other than in Engineering or Architecture, must apply for admission in accordance with the requirements of the Provisional Admission and Special Admission Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations a candidate for the Diploma in Building and Construction Management shall before his enrolment for this Diploma

   (a) have been admitted or qualified for admission to a Degree in Engineering, Architecture or, with the approval of the Senate, to a Degree in any other faculty; or

   (b) have been awarded or qualified for the award of a Diploma in Architecture, a Diploma in Surveying, or a Diploma in Urban Valuation; or

   (c) hold a professional qualification in Architecture, Engineering, Surveying, or Quantity Surveying and be approved by the Senate as a suitable candidate; or

   (d) have by examination qualified with outstanding merit for the New Zealand Certificate in Building, Drafting (Architecture), or Engineering and have completed the practical requirements for the award of that certificate; or

   (e) have had not less than five years' responsible practical experience in architecture, engineering, building and construction, or quantity surveying and be approved by the Senate. The Senate in granting approval for the purpose of this clause may
accept a candidate with a shorter period of practical experience where the candidate has followed an appropriate course of study at a University for at least two years and passed the required examinations.

2. The subjects for the Diploma shall be

†Plant, Techniques and Materials 49.10
†Estimates, Specifications and Quantities 49.11
†Aspects of Building Law 49.12
†Corporation Law and Finance 49.13

Building Management 49.14, 49.15, 49.16.

provided that with the permission of the Senate a candidate who has passed approved examinations in comparable subjects and has considerable responsible practical experience may be exempted from not more than two of these subjects.

3. Every candidate shall carry out and report on to the satisfaction of the Senate a series of projects in approved topics related to the subjects specified in Regulation 2 of these Regulations.

*This Diploma course will be taught during the current Calendar year as a part-time course only.

†This subject will not be taught during the current Calendar year unless a minimum number of four new enrolments in the subject are made.
FACULTIES OF ARCHITECTURE, COMMERCE, ENGINEERING, AND LAW

PRESCRIPTIONS FOR DipBCM

The course for the Diploma in Building and Construction Management may be taken in one year of full-time or two years of part-time study. In the current Calendar year a part-time course only will be taught.

In the first year of the part-time course the first four subjects are required to be taken.

The prescriptions for the subjects named in the preceding Regulations are given below:

Plant, Techniques, and Materials 49.10

Estimates, Specifications, and Quantities 49.11

Specifications — types to suit differing forms of contracts and relationship with contract documents. Omissions, errors, and conflict in documents. Responsibilities, setting out, variation and extras, control of materials, completion and warranties. Quantity Surveying — principles of computation of quantities including earthwork, bills of quantities.

Aspects of Building Law 49.12

The principles applicable to contracts and other legal problems commonly encountered within the building industry.

Corporation Law and Finance 49.13

An introduction to financial accounting and the principles of business finance. Legal aspects of Companies, Partnerships and the financing thereof.

Building Management three papers 49.14, 49.15, 49.16

Principles of Management: Labour legislation and industrial relations. Personnel Management.

Work study in building and construction: Statistics and sampling. Incentive schemes.

Projects
A series of case studies drawn from the building industry and covering the syllabus for Building Management plus other subjects in the course.

Text-books for subjects of this Diploma will be prescribed at the commencement of the Course.
THE DEGREE OF BACHELOR OF ENGINEERING

BE

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

HONOURS

1. The Degree of Bachelor of Engineering may be awarded with or without Honours according to the standard of the candidate's work. There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division.

GENERAL PROVISIONS

2. (a) Except as otherwise provided, a candidate for the degree of Bachelor of Engineering shall be required

(i) to pursue a course of study for a period of not less than four years, and

(ii) to pass an Intermediate Examination and the examinations of the three Professional Years, and

(iii) to perform Practical Work to the satisfaction of the Faculty of Engineering, and

(iv) to perform Laboratory and Field Work to the satisfaction of the Faculty of Engineering.

(b) A candidate shall be required to pass as a whole the Intermediate Examination and each Professional Examination (including each Examination under Regulation 4), so that his performance in all the subjects of the Examination shall be considered: provided that a candidate who has failed to pass any such Examination as a whole may at the discretion
3. (a) A candidate who has been credited for the Degree of Bachelor of Science with any or all of the units Chemistry I, Mathematics 120 or 121, Mathematics 140 or 141, Physics 111, and Physics 112 shall be credited with such unit or units for this Degree.

(b) For the purpose of this regulation only
   (i) two of the units Chemistry 100, 201, 202, and 203 may be substituted for Chemistry I.
   (ii) Stage II Physics units totalling 6 credits may be substituted for each of the units Physics 111 and 112.
   (iii) Stage II Pure Mathematics units totalling 6 credits may be substituted for each of the units Pure Mathematics 120 or 121 and 140 or 141.

(c) A candidate who has been credited for the Degree of Bachelor of Science with the unit Mathematics 170 or Stage II or III Applied Mathematics units totalling 6 credits may be credited with such unit or units in lieu of Engineering Mechanics 57.100 for this Degree.

4. A candidate for the Degree of Bachelor of Engineering who
   (a) (i) has been awarded or has qualified for the award of the Degree of Bachelor of Science,
(ii) has completed within two years the examination requirements for the award of the Degree of Bachelor of Science, or

(iii) was permitted to enrol for Stage II or Stage III units in a subject without first presenting that subject at Stage I and who, if the Stage I units not taken were included, would have qualified within two years for the award of the Degree of Bachelor of Science shall be required to pursue a course of study for a period of not less than two years in such subjects for the Degree as the Dean of the Faculty may prescribe and to pass Examinations in each year in the subjects so prescribed for that year; provided that

(b) (i) the Examination for the first year shall be such that the amount of necessary study shall be substantially the same as for the Second Professional Examination;

(ii) all the subjects and units of the Third Professional Examination shall be included in the candidate's course of study but none such in the first year;

(iii) the candidate shall be exempt from the units and subjects of the Intermediate Examination and from such other subjects of the Degree as are not prescribed for his course under this regulation.

5. Any candidate who has passed in one year in Mathematics 120 or 121, Mathematics 140 or 141, Physics 111, Physics 112, and Chemistry I, or the substitutes permitted under Regulation 3(b), and one other unit, may be exempted by the Senate from the subjects of the Intermediate Examination, provided that he has also completed a course in Elementary Mechanics approved by the Senate.

6. The Senate may exempt a candidate from the Intermediate Examination if it is satisfied that in the
Entrance Scholarships Examination he has reached a satisfactory standard and if the subjects the candidate has taken include Chemistry, Physics, Mathematics, and Additional Mathematics.

7. (a) A candidate who has by examination qualified with outstanding merit for the New Zealand Certificate in Engineering or the New Zealand Certificate in Draughting in the fields of Civil, Mechanical, or Electrical Engineering, or Telecommunications, and who has completed the practical requirements for the award of that Certificate, may be exempted by the Senate from the Intermediate and First Professional Examinations or from such of those examinations as the Senate thinks fit.

(b) A candidate who has by examination qualified with outstanding merit for the New Zealand Certificate of Science (Metallurgy) and who has completed the practical requirements for the award of that Certificate may for the course in Chemical and Materials Engineering be exempted from the Intermediate and First Professional Examinations or from such of those examinations as the Senate thinks fit.

(c) A candidate who has by examination qualified with outstanding merit for the New Zealand Certificate of Science (Physics) in the sub-division of Applied Electronics and who has completed the practical requirements for the award of that Certificate may for the course in Electrical Engineering be exempted from the Intermediate and First Professional Examinations or from such of those examinations as Senate thinks fit.

8. Regulations 3, 4, 5, 6 and 7 of these regulations shall be read together with, so far as they are not inconsistent with, the provisions of the Enrolment and Course Regulations (General) relating to cross-credits and exemptions.

631
9. A candidate shall not be admitted to the Degree unless the Registrar has received from the Dean of the Faculty of Engineering a certificate that the candidate has complied with the requirements of the Faculty as to Practical Work.

10. A candidate shall not be admitted to the Degree unless the Registrar has received from the Dean of the Faculty of Engineering a certificate that the candidate has complied with the requirements of the Faculty as to Laboratory and Field Work.

11. The prerequisites to be passed before a subject may be taken are shown in brackets against the various subjects of the course listed in Regulation 13. Except with the special permission of the Dean of the Faculty of Engineering, a candidate may not take a subject without having passed the prerequisites to that subject.

12. For the Second and Third Professional Examinations the candidate shall follow one of the following five courses:

- Chemical and Materials Engineering
- Civil Engineering
- Electrical Engineering
- Engineering Science
- Mechanical Engineering.

13. The subjects of the Examinations for the Degree shall be:

*Intermediate Examination*

14. The Regulations governing the Degree of Bachelor of Engineering set forth in the University of Auckland Calendar for 1971 are hereby revoked: provided that every candidate who began his course under the last-mentioned regulations shall be credited for the purpose of these present regulations with such units as the Senate may determine.

15. These regulations shall come into force on 1 January 1972.
THE DEGREE OF MASTER OF ENGINEERING
ME

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Engineering shall
   (a) before his enrolment for this Degree have been admitted or have qualified for admission to the Degree of Bachelor of Engineering, and
   (b) follow a course of study of not less than one year.

2. Every candidate for this Degree shall either
   (a) pass in each of eight subjects chosen according to Regulation 3, or
   (b) (i) pass in each of three subjects, and
       (ii) pass in respect of a thesis (which shall count as equivalent to five subjects).

3. The following conditions shall apply to the choice of subjects:
   (a) Every candidate shall chose his subjects in consultation with the Head of his Department from those listed in clause (b) of this Regulation; provided that no subject that has been credited to another degree shall be taken for this Degree.
   (b) The subjects of examination for the degree and the relative prescription numbers are:
   
   Acoustics & Vibrations 55.43
   Advanced Chemistry C 51.40
   Advanced Control Systems 53.70
   Advanced Electrical Engineering 53.71
   Advanced Materials 51.70

4. No candidate shall take Project Work if he submits a thesis for this Degree.

5. The following conditions shall apply to the thesis:
   (a) The thesis shall embody the results obtained by the candidate in an investigation in a subject approved by the Head of his Department.
   (b) The investigation shall be carried out personally by the candidate at the University, under the direct supervision of a member of the academic staff: Provided that
      (i) laboratory work may be carried out in an approved institution outside the University for such limited period or periods as may be determined from time to time by the Senate;
      (ii) field work may be carried out at such places and for such periods as the Senate may determine.
   (c) (i) The supervisor shall be the principal examiner.
      (ii) The Senate acting on the advice of the Head of the Department shall appoint either an external assessor or a second internal examiner.
   (d) At the discretion of the Head of his Department the candidate may be required to attend an oral examination on the subject of his thesis, which shall
take place within four weeks of the date on which the thesis was submitted, or within such longer period as the Senate may in special circumstances approve.

(e) If the supervisor with the consent of the assessor or second examiner as the case may be so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to submit it again at a later date to be specified by the supervisor.

(f) The thesis shall be submitted not later than three years after the date of enrolment for the degree, provided that this period may in special cases be extended by the Senate.

6. (a) Notwithstanding anything in Regulations 2 and 3 of these Regulations a candidate may upon the recommendation of the Heads of the Departments concerned and with the approval of the Senate

(i) substitute a Science paper for any papers, paper, or part of a paper prescribed in Regulation 3 (b);

(ii) substitute a thesis (to carry such weight as may be determined) in a Science subject for a thesis in any subject prescribed in Regulation 3 (b);

so that part of the candidate's course for this Degree may be taken in Science.

(b) The Senate may require the candidate to take any appropriate prerequisite courses before granting any such approval.

(c) In this regulation 'a Science paper' and 'a Science subject' mean respectively any paper and any subject prescribed in or for the purposes of Regulation 13 of the Regulations for the Degree of Master of Science or the purposes of Part IV of any Honours School under the Regulations for the Degree of Bachelor of Science (Honours).
7. The Degree of Master of Engineering shall be awarded in three divisions — First Class, Second Class, and Pass, provided that a candidate who is required to re-submit the thesis shall be eligible for the award of the Degree in the Pass division only.

8. These regulations shall come into force on 1 January, 1972.

RESEARCH IN ENGINEERING

Facilities are available for research by PhD and postdoctoral students in each of the Departments of the School of Engineering.

Attention is drawn to the fact that the Honours degree qualifying a PhD student for registration need not necessarily be one in Engineering. Graduates with a good Honours degree in Physics, Chemistry, or Mathematics, for example, could be considered for registration in Engineering.

57.100 Engineering Mechanics

An elementary course on the principles of mechanics including: Statics: The equilibrium (in two dimensions) of a particle, rigid body and simple systems of rigid bodies. The laws of friction. Newton's Laws of motion; applied to the motion of a particle moving in a straight line or in a plane, an introduction to the dynamics of a system of particles and to the motion of a rigid body. The concepts of momentum, energy, their conservation and of power. These principles will be applied to examples of mechanical systems of relevance in engineering. Material on vector algebra, centre of mass and moments of inertia included as required in the above.

PROFESSIONAL EXAMINATIONS

50.09 General Studies I

A study of the formation and growth of ideas and their effect on the development of Western culture in the last two hundred years: population growth, the rise of the city, the impact of science and technology, social and political responses.

50.10 Dynamics

Dynamics and the application of dynamics to the study of machines and machine elements.
50.11 **Electrical Engineering I**
An introductory course, with principal emphasis on electric circuit theory and electronics.

50.12 **Engineering Drawing**
The elements of engineering draughting and graphics.

50.13 **Engineering Mathematics IA**
Statistical frequency distributions, measures of centrality and dispersion, probability, theoretical distributions, including Binomial, Poisson and Normal models, applications.

Elementary transcendental functions of a real variable, with a brief introduction to complex arguments, representation in rectangular and polar co-ordinates, curve sketching.

Differential calculus of one variable, Leibniz theorem, mean values, Taylor's theorem, power series, limiting values, partial differentiation.

50.14 **Fluid Mechanics I**

50.15 **Engineering Design I**
Introduction to the application of mechanics to the design of mechanical and structural components.

50.16 **Engineering Mathematics IB**
Course in computer programming with exercises. Ordinary differential equations, isoclines, first order homogeneous and linear kinds, second order constant coefficient, simultaneous equations.

Linear algebra, solvability of sets of equations, matrix notations and operations, homogeneous equations, numerical methods of solution by elimination and iteration. Integral calculus of one variable, improper integrals, Fourier series, multiple integrals, gamma function, Laplace transforms and applications.
50.17 **Materials I**

An introductory course dealing with the behaviour of engineering materials. Alternative syllabuses will be offered appropriate to the student's prospective course.

50.18 **Mechanics of Materials I**

Statics: Equilibrium of systems of forces and moments in two and three dimensions. The principle of virtual work. Friction.

Structural Mechanics: Statically determinate beams and trusses. Elementary vibrations.

50.19 **Thermodynamics I**

(Alternative syllabuses appropriate to student's prospective course.)

(a) Chemical and Materials Engineering and Engineering Science Courses:

Classical chemical thermodynamics up to and including the concepts of chemical potential, fugacity and activity; applications of these concepts. Thermodynamics of power and refrigeration cycles, and flow processes. Introduction to statistical thermodynamics. Elements of formal kinetics; activation energy and the Arrhenius-equation.

(b) Electrical Engineering and Mechanical Engineering Courses:

An introduction to the fundamentals of thermodynamics and the elements of useful thermodynamic processes applied to engineering, including: Power and refrigeration cycles; gas dynamics; combustion and chemical processes.

50.20 **General Studies II**

A survey of some of the problems of contemporary man, including aspects of politics, sociology, ecology and technology and their interactions.
51.20  Advanced Chemistry A
Physical and general chemistry.

51.21  Chemical Engineering Fundamentals

51.22  Materials II
A course of intermediate level dealing mainly with physical metallurgy.

51.23  Advanced Chemistry B
Inorganic, organic and structural chemistry.

51.24  Chemical Engineering Design I
The elements of design applied to chemical engineering plant and projects.

51.25  Selection and processing of Materials
Mechanical metallurgy. Metals processing. Selection of engineering materials.

51.26  Transport Phenomena

51.27  Materials IIE

51.30  Chemical Engineering Design II

51.31  Mass Transfer Operations I
Mass transfer in staged processes. Introductory aspects of distillation, extraction, gas absorption, humidification and drying.
51.32 Particulate Technology
Interaction of particles and fluids. Particulate separation processes.

51.33 Process Control
Process dynamics and simulation. Control theory and stability analysis with industrial applications.

51.34 Chemical Engineering Design III
Process engineering. Forecasting and process evaluation. In this course the student will be required to complete a major design project, the grading of which will carry the weight of one paper.

51.35 Chemical Reactor Engineering
Reaction kinetics and process reactors. Fuel technology.

51.36 Project in Chemical and Materials Engineering
A student is required to submit a report on project work carried out on a topic assigned by the Head of the Department of Chemical and Materials Engineering. The work shall be supervised by a member of the staff. The report shall carry the weight of two papers.

51.40 Advanced Chemistry C
An advanced course on selected aspects of structural, physical, inorganic and organic chemistry.

51.41 Chemical Engineering Design Seminar
Selected topics from advanced fields of process equipment design, process engineering and economics.

51.42 Industrial Materials Engineering
Application of the principles of materials to topics selected from: castings, polymers, ceramics, coatings, composites, powder metallurgy, welding, non-destructive testing etc.

51.43 Mass Transfer Operations II
Advanced mass transfer in staged processes, including multi-component systems. Specialized mass transfer operations.
51.44 **Materials III**

Advanced physical metallurgy. Structure and properties of polymers, glasses and ceramics.

51.45 **Mineral Processing**

Analysis of selected methods of mineral processing. Equipment and circuits for processing minerals.

51.46 **Special Topic in Chemical Engineering**

A course on a topic in chemical engineering to be determined each year by the Head of the Department of Chemical and Materials Engineering.

51.47 **Special Topic in Materials Engineering**

A course on a topic in the field of materials to be determined each year by the Head of the Department of Chemical and Materials Engineering.

52.10 **Structures I**

Elementary statics for structural analysis: equilibrium of free bodies, stability of structural mechanisms, concept of compatibility, determinate and indeterminate structures; analysis of determinate structures (trusses, three-pinned frames and arches); concept of axial force, shear force and bending moment, beam theory, shear force and bending moment diagrams; work and energy principles, virtual work theorem and application; moment area.

Elementary Strength of Materials: stress and strain at a point, principal stresses. Mohr's circle.

52.11 **Surveying I**

52.20 **Mechanics and Properties of Materials I**

Stress-strain properties of civil engineering materials including plain and reinforced concrete, timber, road materials, steels

52.21  
**Structures II**

Analysis of indeterminate structures; slope deflection equations; moment distribution for single and multiple sway structures; arch analysis; column analogy; energy theorems; influence lines; approximate methods for indeterminate structures.

52.22  
**Surveying II**

Photogrammetry: Perspective projection, vertical stereoscopic pairs, stereoscope and parallax bar, height determination, radial line plotting, rectification, epipolar plane plotters. Precise surveying and levelling.

52.23  
**Civil Engineering Design I**

Design of beams, columns, ties, struts and connections in structural steel and timber. Design of slabs, beams, columns and footings in reinforced concrete.

52.24  
**Engineering Geology I**

Principles of physical and structural geology, seismology and elementary stratigraphy. Petrology and mineralogy of the common rocks, rock groups and rock forming minerals. Geological surveying and mapping. Geology of water supply and the general application of geology to Civil Engineering.

52.25  
**Fluid Mechanics II**

52.26  **Geomechanics I**

52.27  **Engineering Design II M**

52.30  **Civil Engineering**

Principles of public health engineering, hydrology and hydraulic engineering, traffic and highway engineering.

52.31  **Fluid Mechanics III A**

Surface hydrology, evaporation, transpiration, analysis of hydrographs, flood estimation and flood routing.

Introduction to potential flow. Confined and free surface flow through porous media.

52.32  **Geomechanics IIA**

52.33  **Mechanics and Properties of Materials IIA**

Theory of design of reinforced and prestressed concrete. Concrete technology. Experimental stress analysis. The structure and properties of selected materials used in civil engineering.

52.34  **Structures III A**

52.35 Civil Engineering Administration

52.36 Civil Engineering Design II

The course will comprise projects on the planning and design of civil engineering projects.

52.40 Engineering Geology II

Geological principles applied to engineering problems.

52.41 Fluid Mechanics IIIB

52.42 Geomechanics IIIB

52.43 Highway Engineering

52.44 Mechanics and Properties of Materials IIIB

52.45 Public Health Engineering
Chemistry and microbiology of water and wastewater, water and wastewater collection and treatment, solid and liquid wastes disposal, pollution of rivers, coastal waters and atmosphere.

52.46 Special Topic in Civil Engineering
A course on a topic to be determined each year by the Head of the Department of Civil Engineering.

52.47 Structures IIIB
Advanced matrix methods for structural analysis; finite element method for two and three dimensional problems in plane stress and plate bending; nonlinear analysis of structures; structural synthesis; application of digital computers; analysis of specific structural types.

52.48 Surveying III
Advanced photogrammetry, analytical methods of interpretation. Epipolar and radial plane plotting machines.
Geodesy: Figure of the earth. Map projections.
Astronomy: Precise observations for azimuth, latitude. Time.

52.49 Transportation Engineering
Introduction to transportation planning and economics. Theory of traffic flow and queueing. Application of mathematical techniques to transportation problems. Traffic operations and design of highways and streets. Principles of air, rail and water transportation.

52.50 Water Resources Engineering
Additional topics in hydrology, meteorology and related sciences. Planning of water resources. Principles of hydraulic engineering as applied to river control, drainage and irrigation, water supply and storage. Selected topics of coastal and oceanic engineering. Project work forms a central part of all the above course work.
53.20  Electrical Engineering II

53.21  Control Systems I

53.22  Electromagnetic Fields I

53.23  Electronics I

Introduction to the physics of semiconductor devices. Characteristics and performance of diodes, thyristors, junction transistors, field effect devices. Small signal amplifier theory, introduction to feedback systems, direct-coupled amplifiers.

53.24  Utilization of Electricity I

The transformer equivalent circuit. Use of normalised quantities.

53.25 Electrical Engineering II

53.30 Electronics II

Generalised small signal analysis of single and multistage circuits. Feedback principles and stability considerations; oscillators, switching circuits, tuned voltage, amplifiers, voltage regulator circuits, wide band amplifiers.

Power amplifiers; operation, design, and thermal stability.

Modulation, demodulation and frequency changing. Noise, noise figure measurements and calculations.

53.31 Transmission Lines and Circuits

Coupling networks: filters and attenuators. Transmission lines: response to surges, response to A-C from power frequencies to UHF. Wave guides.

53.32 Utilization of Electricity II

Transformers polyphase and multi-winding. Harmonic phenomena.

Induction motors, polyphase and single-phase. Starting speed control and general characteristics.

Variable speed drives — motor characteristics.

Synchronous machines, equivalent circuits.

Rectifiers: mercury arc and solid state.

Generalised machine theory.

53.33 Electrical Design

Detailed treatment of some aspects of design relevant to the synthesis of electrical systems.
53.34  **Project in Electrical Engineering**

A student is required to submit a report on project work carried out on a topic assigned by the Head of the Department of Electrical Engineering. The work shall be supervised by a member of the staff. The report shall carry the weight of two papers.

53.40  **Applied Network Synthesis**

A detailed study of both passive and active network transfer functions. Emphasis on low-pass and band-pass networks for amplifiers, oscillators, and other instrumentation used in industry and for research. Introduction to irrational transfer functions, and to active negative impedance converters and gyrators.

53.41  **Communications**

Modulation and demodulation and associated circuits: Fourier series, Fourier integral; Sampling theorem, Information theory, Statistical methods; Signal transmission through networks convolution integral; Random signals and noise.

53.42  **Control Systems II**

53.43  **Electromagnetic Fields II**

53.44 **Power Systems**

53.45 **Semiconductors**

53.46 **Special Topic in Electrical Engineering**

An advanced course on a topic to be determined each year by the Head of the Department of Electrical Engineering.

53.47 **Applied Electricity**

A course on electrical and electronic components and circuits leading to the study of industrial instrumentation, control systems and applications of electrical energy.

54.20 **Engineering Mathematics II**

54.21 **Computational Techniques**

Numerical analysis and algorithms extending the work done in Engineering Mathematics I and II and applied to the solution of engineering problems. Topics discussed will include: solution of large linear systems, solution of partial differential equations, stability analysis, error analysis etc. Familiarity with computer programming will be assumed.
54.22 **Continuum Mechanics I**

54.23 **Systems Analysis**
Optimization techniques, brief review of classical and modern methods, Linear programming, graphical interpretation, theory of Simplex procedure, duality theory, transportation and allocation algorithms, all with applications. Computer simulation, models of single and multi-channel processes, applications to such problems as inventory control, repair and breakdown, facility allocation, traffic problems.

54.30 **Continuum Mechanics II**
(a) Solid mechanics including elastostatics, elastodynamics, thermoelasticity, plasticity and viscoelasticity.
(b) Fluid dynamics including potential flow, vorticity dynamics, boundary layer analysis and an introduction to compressible flow, turbulent flow and hydrodynamic stability.

54.31 **Engineering Mathematics III**
Complex variable theory with application to integral transforms, differential equations, special functions, asymptotic methods and conformal mapping. Application of the above techniques in solving partial differential equations.

54.32 **Statistics and Random Processes**
Probability distributions of one and many variables, marginal and conditional distributions, change of variable(s); sampling theory, sums, differences and sums of squares of normal variates, hypothesis testing, parameter estimation, analysis of variance, design of statistical tests, correlation and regression, non-parametric tests. Introduction to time-series analysis, ideas, stationarity, ergodicity, Fourier transforms, harmonic analysis, autocorrelation, power spectral density, applications to problems such as random vibration, communication theory, turbulence.

662
54.33  **Theoretical Mechanics**

54.34  **Topics in Engineering Mathematics**
Advanced methods of engineering mathematics including topics such as the theory of ordinary differential equations with application to control theory and optimal control, the theory of partial differential equations, wave propagation, perturbation methods, advanced numerical analysis.

54.40  **Mechanics of Structures**
Such topics as the static, stability and dynamic analysis of framed structures, shells, membrane and cable structures.
Assignments will require a reasonable facility at computer programming.

54.41  **Project in Engineering Science**
A student is required to submit a report on project work carried out on a topic assigned by the Head of Department of Theoretical and Applied Mechanics. The work shall be supervised by a member of the staff. The report shall carry the weight of one paper.

54.42  **Special Topic in Engineering Science ‘A’**
Advanced courses on a topic to be determined each semester by the Head of the Department of Theoretical and Applied Mechanics.

54.43  **Continuum Mechanics III**
An advanced treatment of selected topics in solid mechanics and fluid mechanics.

54.44  **Control Theory**
Introduction to modern control theory and applications. State space description of dynamic systems. Solutions of the state equation, controllability and observability. Optimization
methods in modern control theory. Stability concepts for
dynamic systems. Introduction to the theory of random pro-
cesses, state estimation and stochastic feedback control systems.
Derivation of the Kalman-Bucy filter and discussion of appli-
cations.

54.45  
**Operations Research**

Selection of topics from the following: Further programming
methods such as integer-programming, stochastic programming,
quadratic programming. Dynamic programming. Queueing
theory. Monte Carlo methods and stochastic approximation.
Geometric programming. Direct climbing optimization. Game
and strategy theory. Markov processes and extensions.

54.46  
**Special Topic in Engineering Science ‘B’**

Advanced courses on a topic to be determined each semester
by the Head of the Department of Theoretical and Applied
Mechanics.

54.47  
**Engineering Mathematics III**

A course in mathematical methods similar in scope to
Engineering Mathematics IIIS and intended primarily as a
service course for students not taking Engineering Science
options.

55.20  
**Mechanics of Materials II**

Three dimensional state of stress at a point. Theories of
failure. Strain measurement and experimental stress analysis.
Analysis of simple engineering configurations for elastic and
elastic-plastic behaviour. Statically indeterminant beams.

55.21  
**Production Technology I**

A survey of manufacturing engineering processes including
casting, forming, cutting and joining processes; heat treatment
and metal finishing processes. Quality control in castings,
forging, extrusions and sheet. Analysis of metal cutting pro-
cesses. Dimensional metrology.
55.22 \textit{Thermodynamics II}

55.23 \textit{Mechanical Engineering Design I}

The application of the principle of mechanics to the design of mechanical components. Selection of materials. Failure theories and design stresses. Limits and fits. Design of mechanical components, including shafts, bearings, power transmission, fastenings and friction devices.

55.24 \textit{Theory of Machines}

The kinematic and dynamic analysis of machines and machine elements. Vibrations. An introduction to control theory.

55.25 \textit{Engineering Design IIIC}

The application of the principles of mechanics to the design of mechanical and structural components.

The engineering approach to design. Selection of materials. Failure theories and design stresses. Design of mechanical components, including shafts, bearings, power transmission, fastenings and friction devices. Design of simple beams, trusses and reinforced concrete beams.

55.26 \textit{Engineering Design IIG}

The application of the principles of mechanics to the design of mechanical and structural components. Mohr's circle and failure theories. Analysis of simple structures.

55.27 \textit{Thermodynamics IIIS}

Classical Thermodynamics: Extension of principles developed in Thermodynamics I with application to selected mechanical, electrical, magnetic and physio-chemical systems.
Statistical Thermodynamics: An introductory course with applications especially to thermoelectric systems.
Heat transfer.

55.30 Industrial Administration
Company formation, financing and organisation. Management, leadership, motivation and communications. Managerial control in marketing, production, personnel, finance and EDP. Industrial relations. Project evaluations.

55.31 Mechanical Engineering Design II
The concept, design and specification of machines, mechanical plant and structures.

55.32 Mechanical Design Project
A mechanical design project on a topic or topics to be determined by the Head of the Department of Mechanical Engineering.

55.33 Project in Mechanical Engineering
A student is required to submit a report on project work carried out on a topic assigned by the Head of Department of Mechanical Engineering. The work shall be supervised by a member of the staff. The report shall carry the weight of two papers.

55.40 Control Engineering
An introductory course with particular reference to mechanical systems such as control of pressure, temperature, flow and speed.
55.41 Fluid Dynamics and Heat Transfer

Extension of Fluid Mechanics II and Thermodynamics II to a more advanced treatment of boundary layer theory, gas dynamics, heat and mass transfer.

55.42 Mechanics of Materials III

A senior course dealing with the mechanical behaviour and properties of materials, strongly biased towards mechanical engineering practice. Topics such as: strengthening mechanisms, elastic stress analysis, stress concentrations, plasticity, fracture, fracture toughness, residual stresses, creep, limit analysis, case studies and selection of engineering materials.

55.43 Acoustics and Vibrations

The nature and effects of noise and vibrations. Vibrations of continuous systems, including plates and membranes. Control at the source by design and control of transmission. Techniques and apparatus for measurement. Human factors. Case studies.

55.44 Aeronautical Engineering

55.45 Applied Thermodynamics

Application of the principles of thermodynamics to the design of refrigeration, heating and air-conditioning plant. Energy Conversion and its economics. Design of heat exchangers.
55.46 **Industrial Engineering**

Productivity management including work study, materials handling, layout planning, network analysis, PMTS, work sampling, ergonomics and value engineering.

55.47 **Nuclear Engineering**

An introduction to the basic concepts of nuclear reactor analysis and the application of reactor theory, various engineering principles, and computer methods to problems of nuclear power system design, management, and safety analysis. Illustration of principle of criticality using thermal neutron theory; slowing-down theory and resonance absorption — Fermi Age theory. Theory of neutron moderation and multi-group neutral diffusion theory; heterogeneous reactor theory. Elementary control theory and the coupling of core dynamics with heat transfer, fluid flow, heat exchangers, pumps, and turbines. Principles of safety evaluation of a nuclear power system.

55.48 **Production Technology II**

55.49 **Solid Mechanics**

Topics in the mechanics of deformable solids and their application to the analysis of mechanical engineering configurations.

55.50 **Special Topic in Mechanical Engineering**

An advanced course on a topic to be determined each year by the Head of the Department of Mechanical Engineering.
PRACTICAL WORK

(1) By the end of the First Professional Year all students are required to have completed to the approval of the Faculty a course in Workshop Practice. Students who have attended similar courses elsewhere before enrolling at Auckland may apply to the Faculty for approval of such courses.

(2) Before graduation students shall obtain approved practical experience in workshops or in engineering works for a minimum period of 1200 hours. This is expected to be undertaken during the summer vacation. Overtime up to 10 hours per week on suitable work may be allowed.

At least 320 hours must be spent in general engineering workshops; this should be completed before entering the Second Professional Year.

Mechanical engineering students may put in the whole of their practical time in engineering workshops, or may use some of this time in obtaining sub-professional experience, for example in a drawing office. However, Mechanical students should bear in mind that the Institution of Mechanical Engineers requires a minimum of eighteen months of workshop experience before accepting an application for Corporate Membership.

Students in Chemical and Materials Engineering may put in up to 600 hours in general engineering workshops. They must put in not fewer than 400 hours in approved plants or laboratories operating in the chemical engineering or materials engineering field. The work in such plants or laboratories may be of a sub-professional nature, for example work as a technician in analytical or quality-control laboratories associated with a processing industry.

Other students may carry out further work in engineering workshops or may obtain experience appropriate to their specialised fields. Some of the remaining time may be spent in gaining sub-professional experience such as surveying field work in the case of Civil Engineering students.
(3) The approval of the Faculty of any proposed practical work must be obtained before its commencement. Students are advised to obtain as wide experience as possible in practical work and therefore approval will not normally be given for more than one period in a particular workshop or works.

(4) At the conclusion of each period of practical work each student must submit to Faculty: (a) a certificate signed by his employer showing the actual number of hours worked in ordinary time and also of overtime, and the type of work on which he has been engaged; (b) a full report by the student on the work done and the observations made. These reports will be graded and may be taken into account in recommending scholarships and other awards. Official certificates and instructions on the form of the report may be obtained from the School office.

The due date for handing in reports is 31 July, and reports will not be received between 1 August and 1 January. In order to graduate at the graduation ceremony in any year students must have handed in by 1 February of that year reports covering all periods of practical work.

(Students handing in reports covering all periods of practical work on or about 1 February must appreciate that it may not be possible for these to be marked in time to allow graduation at the graduation ceremony.)

(5) A student who by virtue of exempting qualifications is admitted to an engineering course at a stage later than First Professional must fulfil the requirements of these regulations, with the exception that clause (1) relating to a course in Workshop Practice may be waived. Faculty may however approve work of an engineering nature carried out by a student before enrolling for Engineering.

Faculty may also approve previous work, not exceeding 250 hours, of a general nature other than engineering.

In all cases where approval is sought for work carried out before enrolling for an engineering course, a student must make application to Faculty in writing before 1 April of the year of first enrolment in that course.

Faculty may require certificates and a full report on such work before approval is considered.
LABORATORY AND FIELD WORK

1. Laboratory work related to subjects of the First and Second Professional Years of the course is undertaken in integrated programmes designated First Professional Laboratories and Second Professional Laboratories.

2. In order to gain the formal recognition of having completed the laboratory work necessary for admission to the degree, a candidate shall attend the First Professional Laboratory and Second Professional Laboratory courses, carry out the experiments and submit reports, to a required standard.

3. Laboratory work related to subjects of the Third Professional year is an integral part of each subject. A candidate's satisfactory attendance and performance, including the submission of reports, forms a part of the requirement for a pass in each subject.

4. Candidates taking the subjects Surveying I and Surveying II shall, to a required standard, undertake Field Work, including the submission of reports.
PRESCRIPTIONS FOR ME

55.43  \textit{Acoustics and Vibrations}

The nature and effects of noise and vibrations. Vibrations of continuous systems, including plates and membranes. Control at the source by design and control of transmission. Techniques and apparatus for measurement. Human factors. Case studies.

51.40  \textit{Advanced Chemistry C}

Refer to prescriptions for BE.

53.70  \textit{Advanced Control Systems}

Theory of modern control systems with emphasis on optimization techniques for both deterministic and stochastic processes. State space modelling of dynamic systems and choice of suitable performance criteria. Examples of applications and discussion of computational problems.

53.71  \textit{Advanced Electrical Engineering}

A course of advanced lectures on topics selected from quantum mechanics, interferometry, and plasma physics.

51.70  \textit{Advanced Materials}

An advanced course on selected topics in materials science or materials engineering.

55.70  \textit{Advanced Mechanical Engineering}

A course of lectures on special branches of Mechanical Engineering allied to the thesis subjects of students taking the ME degree.

51.71  \textit{Advanced Process Control}

55.71  \textit{Advanced Solid Mechanics}

Advanced treatment of the material listed under Solid Mechanics.

672
54.70 **Advanced Systems Analysis**

A course on a selection of topics from "Systems Analysis" and "Operations Research". This subject cannot be credited if "Systems Analysis" or "Operations Research" have been previously credited towards a degree.

55.44 **Aeronautical Engineering**

Refer to prescriptions for BE.

53.72 **Antenna Theory**

Topics may be selected from:
- Generalised singular integral equation approaches; Fourier Transform solutions for cylindrical antennas and applications.

53.47 **Applied Electricity**

Refer to prescriptions for BE.

53.40 **Applied Network Synthesis**

Refer to prescriptions for BE.

55.45 **Applied Thermodynamics**

Refer to prescriptions for BE.

51.41 **Chemical Engineering Design Seminar**

Refer to prescriptions for BE.

51.72 **Chemical Engineering Seminar**

A graduate course on a topic or topics from the advanced fields of fluid mechanics, transport phenomena, heat transfer, particulate technology, chemical reactors and fuel technology.

53.41 **Communications**

Refer to prescriptions for BE.
54.43  *Continuum Mechanics III*
Refer to prescriptions for BE.

55.40  *Control Engineering*
Refer to prescriptions for BE.

53.42  *Control Systems II*
Refer to prescriptions for BE.

54.44  *Control Theory*
Refer to prescriptions for BE.

52.70  *Earthquake Engineering*

53.43  *Electromagnetic Fields II*
Refer to prescriptions for BE.

54.47  *Engineering Mathematics III*
Refer to prescriptions for BE.

54.31  *Engineering Mathematics IIIIS*
Refer to prescriptions for BE.

55.41  *Fluid Dynamics and Heat Transfer*
Refer to prescriptions for BE.

52.41  *Fluid Mechanics IIIIB*
Refer to prescriptions for BE.

52.71  *Fluid Mechanics Seminar*
Special topics selected from fluid dynamics, water resources engineering, statistics and numerical methods.
52.42  Geomechanics IIIB  
Refer to prescriptions for BE.

52.72  Geomechanics Seminar  
Advanced studies of recent developments in theoretical soil mechanics.

52.43  Highway Engineering  
Refer to prescriptions for BE.

55.72  Industrial Aerodynamics  

55.46  Industrial Engineering  
Refer to prescriptions for BE.

51.42  Industrial Materials Engineering  
Refer to prescriptions for BE.

51.43  Mass Transfer Operations II  
Refer to prescriptions for BE.

51.44  Materials III  
Refer to prescriptions for BE.

51.73  Materials Seminar  
A graduate course on a topic or topics in the field of materials to be determined each year by the Head of the Department of Chemical and Materials Engineering.

52.44  Mechanics and Properties of Materials IIIB  
Refer to prescriptions for BE.
52.73  *Mechanics and Properties of Materials Seminar*
Special topics selected from recent developments in the mechanics and properties of selected materials used in civil engineering.

55.42  *Mechanics of Materials III*
Refer to prescriptions for BE.

54.40  *Mechanics of Structures*
Refer to prescriptions for BE.

51.45  *Mineral Processing*
Refer to prescriptions for BE.

55.47  *Nuclear Engineering*
Refer to prescriptions for BE.

54.45  *Operations Research*
Refer to prescriptions for BE.

53.44  *Power Systems*
Refer to prescriptions for BE.

55.48  *Production Technology II*
Refer to prescriptions for BE.

52.45  *Public Health Engineering*
Refer to prescriptions for BE.

52.74  *Public Health Engineering Seminar*
Selected topics from water and wastewater engineering, pollution control.

53.45  *Semiconductors*
Refer to prescriptions for BE.

676
55.49 Solid Mechanics
Refer to prescriptions for BE.

51.46 Special Topic in Chemical Engineering
An advanced course on a topic to be determined each year by the Head of the Department of Chemical and Materials Engineering.

52.46 Special Topic in Civil Engineering
An advanced course on a topic to be determined each year by the Head of the Department of Civil Engineering.

53.46 Special Topic in Electrical Engineering
An advanced course on a topic to be determined each year by the Head of the Department of Electrical Engineering.

54.42 Special Topic in Engineering Science 'A'

54.46 Special Topic in Engineering Science 'B'
Advanced courses on a topic to be determined each year by the Head of the Department of Theoretical and Applied Mechanics.

51.47 Special Topic in Materials Engineering
An advanced course on a topic to be determined each year by the Head of the Department of Chemical and Materials Engineering.

55.50 Special Topic in Mechanical Engineering
An advanced course on a topic to be determined each year by the Head of the Department of Mechanical Engineering.

54.32 Statistics and Random Processes
Refer to prescriptions for BE.

52.75 Structural Dynamics
52.47 **Structures IIIB**
Refer to prescriptions for BE.

52.76 **Structures Seminar**
Selected topics from recent developments in structural analysis and design.

54.71 **Studies in Continuum Mechanics**
A graduate course in Continuum Mechanics covering topics in the mechanics of solids and fluids and other continua.

54.72 **Studies in Control Theory**
A graduate course in modern Control Theory including such topics as optimal control, stochastic and nonlinear systems.

54.73 **Studies in Engineering Science**
A graduate course on topics to be determined each year by the Head of the Department of Theoretical and Applied Mechanics.

54.74 **Studies in Engineering Mathematics**
A graduate course in Mathematics applied to Engineering problems on such topics as the theory of ordinary differential equations, partial differential equations, perturbation methods, advanced numerical analysis etc.

54.75 **Studies in Operations Research**
A graduate course in recent developments in the field of Operations Research.

54.34 **Topics in Engineering Mathematics**
Refer to prescriptions for BE.

52.49 **Transport Engineering**
Refer to prescriptions for BE.
52.77  Transport Engineering Seminar
Selected topics from theory and application of land, sea, and air transportation.

52.50  Water Resources Engineering
Refer to prescriptions for BE.

50.70  Project Work
A candidate is required to submit a report on project work carried out on a topic or topics assigned by the Head of the Department in which he is enrolled.

PROFESSIONAL INSTITUTION COURSES
Candidates for the examinations of the Council of Engineering Institutions may take courses selected from the BE syllabus. Prospective candidates should consult the Dean of the Faculty before planning their course.
DIPLOMA IN PUBLIC HEALTH ENGINEERING

DipPHE

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

An intending candidate who seeks admission on the basis of a professional qualification, the New Zealand Certificate in Engineering, or practical experience must apply for admission in accordance with the requirements of the Provisional and Special Admission Regulations.

Every intending new candidate must apply to the Registrar for permission to enrol in the course not later than 10 January, 1973.

GENERAL PROVISIONS

1. Subject to the Admission Ad Eundem Statum Regulations a candidate for the Diploma in Public Health Engineering shall before his enrolment for this Diploma

   (a) have been admitted or have qualified for admission to a Degree in Engineering or, with the approval of the Senate, to a Degree in any other faculty; or
   
   (b) hold a professional qualification in Engineering; or

   (c) have by examination qualified with outstanding merit for the New Zealand Certificate in Engineering and have completed the practical requirements for the award of that Certificate; or

   (d) have had not less than 5 years responsible experience in Public Health or Public Health Engineering and be approved by the Senate.

2. A candidate for this Diploma shall follow a course of study of not less than one year full-time or two years part-time.
3. The subjects for examination for the Diploma shall be

(a) Biochemical Sciences 56.10
    Biological Sciences 56.11
    Hydrological Sciences 56.12

(b) Treatment Processes 56.13
    Pollution Control 56.14
    Environmental Health Engineering 56.15

and the candidate shall be required to carry out such projects (56.16) as the Senate may require, to the satisfaction of his course supervisor. Projects shall be deemed passed when the course supervisor has signed a certificate of satisfactory completion of the project work.

4. The candidate shall be required to pass the subjects under clause 3 (a) before he can enrol for the subjects under clause 3 (b).

5. These Regulations shall come into force on 1 January, 1971.
PRESCRIPTIONS FOR DipPHE

The prescriptions of the subjects named in the regulations are given below:

56.10 **Biochemical Sciences**

The physical, chemical and microbiological properties of natural waters, wastewaters, waste solids and atmospheric contaminants and their engineering significance.

56.11 **Biological Sciences**

56.12 **Hydrological Sciences**

Hydrological practice in water resources engineering. Water and wastewater collection, distribution and disposal systems. Effluent dispersion into fresh water and marine environments.

56.13 **Treatment Processes**

Unit operations in water, wastewater and solid waste treatment for urban, agricultural and industrial areas. Engineering economics.

56.14 **Pollution Control**

56.15 **Environmental Health Engineering**

56.16 Projects

The projects will be on aspects of public health engineering suited to the individual candidate's sphere of activity and approved by the Head of the Department of Civil Engineering. They may take the form of any of the following:

(a) engineering design to a set of given specifications,
(b) a theoretical, laboratory or field investigation of a specified research topic,
(c) a critical review of a specified topic based upon a comprehensive search of the literature or of available data.

Projects shall carry the weight of two papers.
THE DEGREE OF BACHELOR OF FINE ARTS

BFA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Bachelor of Fine Arts shall

(a) follow a course of study of not fewer than four years, and

(b) pass an Intermediate Examination and three Professional Examinations.

2. The subjects of examination for the Degree shall be:

Intermediate Examination

Art History IB 19.151, 19.152
Two units from the subjects prescribed for the Degree of Bachelor of Arts other than Art History

First Professional Examination

Studio I which shall have the value of nine papers

Second Professional Examination

Art History IIB 19.251, 19.252, 19.253
Studio II which shall have the value of six papers

Third Professional Examination

Studio III which shall have the value of six papers.

3. In each Professional year work for Studio shall consist of
(a) a formal submission of work at the conclusion of each study period; and
(b) a final formal submission of work;
and may include written examination papers: as required by the Dean of the Faculty.

4. A candidate shall be required to pass as a whole the Intermediate Examination and each Professional Examination consisting of more than one unit, so that his performance in all the units of the Examination shall be considered;

provided that

(a) a candidate who has failed to pass any such Examination as a whole may, at the discretion of the Senate be credited with a unit or units of that Examination, and permitted in a subsequent year to present the units not so credited; and

(b) that a candidate who does not pass the Second Professional Examination as a whole, but is credited with either Art History II or Studio II may (if the Senate permits) also present Art History III or Studio III with the unit being re-presented for the Second Professional Examination.

5. (1) Except as otherwise provided in this Regulation, the course of every candidate shall be governed by these Regulations.

(2) The Regulations governing the Degree of Bachelor of Fine Arts which were last published in the University of Auckland Calendar for 1969 (in this Regulation called 'the old Regulations') are hereby revoked:

provided that

(a) the provisions of the old Regulations shall continue to apply until and including the year 1973, notwithstanding the revocation thereof, to every candidate who was enrolled for this Degree before 1970 and who upon his first enrolment after these present Regulations come into force elects to remain under the provisions of the old Regulations;
(b) if any such candidate upon a subsequent enrolment revokes his election, or if any such candidate has not completed his course for this Degree in or before the year 1973, the Senate shall prescribe the courses to be completed by that candidate in order to satisfy the requirements for the Degree.

6. These Regulations shall come into force on 1 January, 1970.
THE DEGREE OF MASTER OF FINE ARTS

MFA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations:

for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Fine Arts shall

   (a) before his enrolment for this Degree have been admitted or have qualified for admission to the Degree of Bachelor of Fine Arts, and

   (b) have passed with a Grade higher than C- in studio III and Art History III for the Degree of Bachelor of Fine Arts, and

   (c) follow a course of study of not less than one year.

2. The course for the degree shall consist of:

   Part I

   ART HISTORY IV: Two papers as approved by the Head of the Department.

   Either: one of the papers 19.40, 19.41 and one of the papers prescribed for Art History III for the Degree of Bachelor of Fine Arts

   Or: papers 19.40 and 19.41, provided that no paper that has been credited to the Degree of Bachelor of Fine Arts shall be taken for this Degree.
Part II

STUDIO IV (which shall count as three papers)

(a) A candidate shall carry out work satisfactory to the Head of the Department of Fine Arts within an individually planned programme approved by the Head of the Department including the presentation of an exhibition of his work and an adequate printed catalogue thereof not later than 1 November in the year in which the work is undertaken or such later date as may be approved by the Head of the Department.

Part III

ONE of the following (which shall count as two papers):

(a) Thesis on a special topic of Art History approved by the Head of the Department of Art History, or

(b) Thesis on a special topic related to the candidate's programme of work for Studio IV and approved for the candidate by the Head of the Department of Fine Arts, or

(c) Further work in Studio IV approved by the Head of the Department of Fine Arts.

The Thesis or further work in Studio IV shall be presented within three years of the year of the examination in Art History IV provided that this period may in special cases be extended by the Senate.

3. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions: First Division and Second Division.

(b) Honours shall not be awarded if the papers in the first year in which a candidate is examined in Art History for this Degree are unsatisfactory or if either the work in Studio IV or the Thesis or further
work in Studio IV at its first presentation is unsatisfactory; provided however that, subject to the provisions of paragraph (c) of this regulation, a candidate whose performance at the written examination has been seriously impaired by illness or injury or exceptional circumstances beyond his control (certified under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination so that he shall still be eligible for the award of Honours.

(c) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of his first enrolment for this Degree provided that this period may be extended, in special cases, by the Senate. For this purpose the academic year is regarded as beginning on 1 March.
DEPARTMENT OF ART HISTORY

ART HISTORY IB

(Two papers)

19.151 Gothic and Renaissance Art to c.1500.

19.152 Western Art from c.1840 to the present day.

Students will attend the lectures for Art History IIA, but will be given different tutorial work.

ART HISTORY IIA

(Three papers)
19.254 Gothic Art.
19.255 Renaissance Art.
19.256 Western Art from c.1840 to the present day.

This course is for those students advancing from ART HISTORY IA.

For recommended reading, see ART HISTORY IB.

ART HISTORY III

(Three papers)
19.30 Dada and Surrealist Art.
19.31 Developments in painting and sculpture in the U.S.A. since c.1940.
†19.32 Special topic in post-Renaissance Art, to be prescribed by the Head of Department.
19.33 Watteau: his sources and influence.
†19.34 Special topic in Western Art before 1600, to be prescribed by the Head of Department.

Students may take neither papers 19.31 and 19.32 together, nor papers 19.33 and 19.34 together.

Reading lists will be distributed during the course.

†These papers will not be taught during current Calendar year unless sufficient staff is available.

ART HISTORY FOR MFA

(Two papers)

Either two papers 19.40, 19.41; or one of papers 19.40, 19.41 and one paper not already taken of those set for Art History III, to be selected in consultation with the Head of the Department of Art History. (Students will be required to submit work additional to that required for Art History III.)

19.40 Topics in Seventeenth Century Drawing.
19.41 Topics in Australian and New Zealand Painting.
SCHOOL OF FINE ARTS

In 1888, by the Will of John Edward Elam, the sum of approximately £6,500 was provided to establish in Auckland the Elam School of Art and Design latterly known as the Elam School of Fine Arts. The first premises of the School in 1889 were in the Art Gallery Building. In 1950 the School came under the control of the University and now operates as the School of Fine Arts.

PRESCRIPTIONS FOR THE PRACTICAL SUBJECTS FOR BFA AND MFA

Studio I (Nine papers)

Exploration of those disciplines which are fundamental to the development of the artist and designer. Basic elements of two and three dimensional design (space, shape, line, rhythm, texture), and the varied properties and qualities of colour and light. The creative potential and characteristic limitations of various media such as wood, stone, plastic, metal, glass and pigment. Methods of techniques such as welding, casting, print-making, painting, and photographic media. Observation and analysis of the structure of the natural world and human environment. Drawing as an expressive means of communication, and as a vital stimulus to personal development.

Studio II (Six papers)

Individually planned programme, with area of emphasis related to student’s requirements, e.g., drawing and one or more of the following: painting, sculpture, and design. Advanced experimentation in techniques and materials.

Studio III (Six papers)

Development of Studio II in selected fields.

Professional Practice

Selected topics related to professional practice in general and to the selected fields.
Studio IV

The candidate's programme shall be a practical performance in some aspect of the fine arts. The proposed programme shall be submitted for approval to the Head of the Department of Fine Arts by 31 March.

Part III for MFA

Option (a) A thesis on a topic in Art History, to be approved by the Head of the Department of Art History. The thesis must be submitted to the Registrar by 1 November in the year of its submission.

Option (b) The thesis shall embody the results obtained by the candidate of an original investigation or advanced study relative to the candidate's programme in Studio IV. The proposed topic shall be submitted for approval to the Head of the Department of Fine Arts by 31 March.

Option (c) The further work in Studio IV may be in an aspect of the fine arts other than that approved for Studio IV. The proposed programme shall be submitted for approval to the Head of the Department of Fine Arts by 31 March.
DIPLOMA IN FINE ARTS
DipFA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

An intending candidate who has not been granted the University Entrance qualification by the Universities Entrance Board may, if eligible, apply for Special Admission under the provisions of the Provisional Admission and Special Admission Regulations.

GENERAL PROVISIONS

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Diploma in Fine Arts shall
   (a) follow a course of study of not fewer than three years, and
   (b) pass three Professional Examinations.

2. The units of examination for the Diploma shall be:
   **First Professional Examination**
   Art History I which shall have the value of one paper
   Studio I which shall have the value of four papers
   **Second Professional Examination**
   Art History II which shall have the value of one paper
   Studio II which shall have the value of four papers
   **Third Professional Examination**
   Art History III which shall have the value of one paper
   Studio III which shall have the value of four papers

3. Each year the work for Art History shall consist of such written and other work as required by the Head of the Department of Art History.

4. Each year the work for Studio shall consist of
   (a) a formal submission of work at the conclusion of each study period; and
(b) a final formal submission of work; and may include written examination papers: as required by the Dean of the Faculty.

5. A candidate shall be required to pass each Professional Examination as a whole, so that his performance in both Art History and Studio shall be considered;

provided that a candidate who has failed to pass any such Examination as a whole may, at the discretion of the Senate, be credited with Art History or Studio of that Examination, and permitted in a subsequent year to present the part not so credited together with (if the Senate permits) either Art History or Studio from the next succeeding Professional Examination.

6. A candidate shall not be permitted to enrol in any one year for units from more than two consecutive Professional Examinations.

7. Subject to Regulation 9 of the Enrolment and Course Regulations (General) any candidate who has been credited with all or any of the units of Art History as prescribed for the Degree of Bachelor of Fine Arts shall be exempted from the corresponding unit or units of Art History for this Diploma.

8. (a) except as otherwise provided in this Regulation, the course of every candidate shall be governed by these Regulations.

(b) The Regulations governing the Diploma in Fine Arts which were last published in the University of Auckland Calendar for 1970 (in this Regulation called 'the old Regulations') are hereby revoked:

provided that

(i) the provisions of the old Regulations including Regulation 7 thereof shall continue to apply until and including the year 1973 to every candidate who was enrolled for this Diploma before 1971 and who upon his first
enrolment after the present Regulations come into force elects to remain under the provisions of the old Regulations;
(ii) if any such candidate upon a subsequent enrolment revokes his election, or if any such candidate has not completed his course for this Diploma in or before the year 1973, the Senate shall prescribe the courses to be completed by that candidate in order to satisfy the requirements for the Diploma.

9. These Regulations shall come into force on 1 January, 1971.

DIPLOMA IN FINE ARTS WITH HONOURS

DipFA(Hons)

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. A candidate for the Diploma in Fine Arts with Honours shall
   (a) before his enrolment for this Diploma
      (i) have been awarded or have qualified for the award of the Diploma in Fine Arts
      (ii) have obtained the leave of the Senate to enrol in the course. Such leave may be conditional upon a high standard being attained in the work presented for the Diploma in Fine Arts.
      (b) follow a course of study of not less than one year.

2. The course for the Diploma shall consist of:

Art History IV which shall have the value of one paper;
Studio IV which shall have the value of three papers; an Assignment which shall have the value of one paper.

3. The work for Art History IV shall consist of such written and other work as required by the Head of the Department of Art History.

4. The work for Studio IV shall consist of
   (a) a formal submission of work at the conclusion of each study period; and
   (b) a final formal submission of work; and may include written examination papers: as required by the Dean of the Faculty.

5. The Assignment shall consist of a documentary record, illustrated graphically or photographically or both, of the conception and execution of the major subject taken for Studio IV OR such other work as the Head of the Department shall prescribe and shall be submitted to the Registrar on or before 1 November or such later date as may be approved by the Dean of the Faculty.

6. No candidate shall enrol for any other course without the leave of the Dean of the Faculty.

7. A candidate shall be required to pass the course as a whole, so that his performance in Art History IV, Studio IV, and the Assignment shall be considered.

8. A candidate who does not pass the course as a whole shall not be permitted to re-enrol without the leave of the Senate.

9. These Regulations shall come into force on 1 January, 1971.
SCHOOL OF FINE ARTS

PRESCRIPTIONS FOR DipFA

The prescriptions for the subjects named in the preceding regulations are outlined below:

First Professional Examination:

Art History I
Problems of 20th Century Art, with reference to the art of earlier times.

Candidates exempted under DipFA Regulation 7 are encouraged to attend lectures in Art History for the Diploma in the corresponding stages.

Studio I
Exploration of those disciplines which are fundamental to the development of the artist and designer. Basic elements of two and three dimensional design (space, shape, line, rhythm, texture), and the varied properties and qualities of colour and light. The creative potential and characteristic limitations of various media, such as wood, stone, plastic, metal, glass and pigment. Methods and techniques such as welding, casting, printmaking, painting and photographic media. Observation and analysis of the structure of the natural world and human environment. Drawing as an expressive means of communication, and as a vital stimulus to personal development.

Second Professional Examination:

Art History II
Problems of 20th Century Art, with reference to the art of earlier times.

Candidates exempted under DipFA Regulation 7 are encouraged to attend lectures in Art History for the Diploma in the corresponding stages.

Students are encouraged to attend lectures for either or both Art History I and II, as prescribed for BA and BFA, after they have completed the First Professional Examination.

699
Studio II

Individually planned programme, with area of emphasis related to student's requirements, e.g., drawing and one or more of the following: painting, sculpture, and design. Advanced experimentation in techniques and materials.

Third Professional Examination

Art History III

Problems of 20th Century Art, with reference to the art of earlier times.

Candidates exempted under DipFA Regulation 7 are encouraged to attend lectures in Art History for the Diploma in the corresponding stages.

Students are encouraged to attend lectures for either or both Art History I and II, as prescribed for BA and BFA.

Studio III

Development of Studio II in selected fields.

Professional practice: Selected topics related to professional practice in general and to the selected fields.

PREScriptions FOR DipFA(Hons)

The prescriptions for the subjects named in the regulations for DipFA(Hons) are outlined below.

Art History IV (Value of one paper)

Problems of 20th Century Art, with reference to the art of earlier times.

Students are encouraged to attend classes in one or more of the papers for Art History III, option (d), as prescribed for BA and BFA.
Assignment (Value of one paper)
A documentary record, illustrated graphically and/or photographically, of the conception and execution of the major work undertaken in Studio IV or such other work as the Head of the Department may prescribe.

Studio IV (Value of three papers)
A major work or works in one or more of the fields of painting, sculpture, and design.
The medical course, which has been established in the University of Auckland, is of six years' duration and will lead to the final degree qualifications in Medicine. The first triennium is devoted to the course in Human Biology for the degree of Bachelor of Science. Clinical training follows in the second triennium and the subjects to be studied will include Medicine, Surgery, Obstetrics and Gynaecology, Paediatrics, Pathology, Psychiatry, and Community Health together with their main sub-specialties. Student Interns during their final year will be expected to undertake some supervised responsibility for the care of patients.

In 1973 for the first time, all six years of the medical course are being offered. Course Regulations and Prescriptions appear elsewhere in the Calendar. Although the subjects for the early years of the course are taught within existing Science Departments and students are required to enrol in the Faculty of Science, the curriculum has been drawn up as part of a fully integrated medical course. During the first year special lectures are given by medical speakers, and visits are arranged to some of the main Auckland hospitals.

The course during the second and third years presents a detailed analysis of the normal structure and function of the human organism together with an introduction into the ways in which the intrinsic biological mechanisms are disturbed in disease. The course is presented by the Departments of Anatomy, Physiology, Biochemistry, Pathology, and Psychology, with assistance from the Clinical Departments.

Fundamental biochemical and physiological mechanisms — largely expressed at cellular levels — and their structural bases are considered first, followed by a study of the principal organ systems which ensure the continuance of these functions. The study of the locomotor and nervous systems, of the complex control of body activity, metabolism and nutrition, of reproduction and growth, and of fundamental aspects of pathology form further major units of the course.
As long as accommodation is limited, admission to the first year of the course will be restricted to sixty students, all of whom are to be asked to express their intention to complete the six-year course for entry into the medical profession. When facilities are extended — probably in three or four years' time — a number of students may enter the course with the intention of proceeding from the BSc Course in Human Biology to higher degrees in science, with a view to entering para-medical disciplines or other specialised fields of biological science.

There will be no direct entry into the second or third year courses in Human Biology conducted in 1973.

The clinical triennium of the medical course started in March, 1971. The Auckland Hospital Board has made available for teaching all hospitals under its control; instruction has been arranged mainly at the four major hospitals — Green Lane, Middlemore, National Women's, and the new Auckland Hospital. Initially there is an introductory course of ten weeks duration to acquaint the student with the art and techniques of interrogating and examining patients. This is followed by a period of study in the hospital wards and outpatient clinics during which the student will be given an opportunity to witness the forms in which disease may present itself, and to study the management of disease processes within the general and special fields of modern medicine. Emphasis will be placed upon topic teaching by which a particular disease or injury is studied at the one time in all its aspects — medical, surgical, pathological, social, and so on.

During the three years of the Clinical course students may spend a proportion of their time in elective studies, that is, in pursuing in depth subjects of particular interest to them. During the triennium students will serve a period in general practice under the direction of family doctors.
THE DEGREES OF BACHELOR OF MEDICINE AND BACHELOR OF SURGERY

MB ChB

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degrees of Bachelor of Medicine and Bachelor of Surgery shall before enrolment have qualified for admission to the Degree of Bachelor of Science in the course in Human Biology.

2. (a) Each candidate shall follow a course of study of not fewer than three years, consisting of three Parts.

   (b) No candidate shall be permitted to proceed to his second year of study until he has completed, to the satisfaction of the Senate, the work prescribed for his first year.

   (c) Each candidate shall follow his course of study for Part I and Part II continuously and where he fails to do so he may return to his course of study only with the approval of the Senate and on such conditions as the Senate may determine.

   (d) No candidate shall be permitted to proceed to Part III until he has passed Parts I and II as a whole.

3. A candidate shall carry out to the satisfaction of the Senate, such practical and clinical work in each part of the course as may be required.
4. The course shall consist of:

PART I

Lectures, Laboratory work and clinical instruction in the practice of Medicine including methods of interviewing and examining the patient. Clinical Pharmacology, Community Health, Pathology.

PART II

Lectures, laboratory work and clinical instruction in the organ systems of medicine including: The care of patients in the Hospital and in the Community: The study of man in relationship to age and environmental influences. At the end of Part II there will be a composite multi-disciplinary examination (three papers and three oral examinations. The oral examinations will include the clinical examination of patients). 90.10 90.11, 90.12

A candidate will be required to pursue a course of study of four weeks as a junior clinical clerk during or after the first academic year of study for the course.

PART III

Clinical work as a trainee intern and with responsibility for patients over three successive periods of three months each together with a further three month elective period.

5. (a) A candidate shall be deemed to pass Parts I and II of the course when the Senate so resolves after consideration of a report from the Faculty of Medicine, as to the candidate's performance and results in his work for those Parts.

(b) A candidate shall be deemed to have completed Part III successfully provided he obtains passing assessments from each of the periods of that Part.
The candidate shall not be deemed to be qualified for admission to the Degree except upon a favourable recommendation of the Senate based on those assessments and on a general report by the Faculty of Medicine of the candidate's general performance throughout the course.

THE DEGREE OF MASTER OF MEDICAL SCIENCE

MMedSc

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

Note: Any student wishing to enrol for this degree must consult the Head of the appropriate Department before making an application to enrol. The number of candidates that can be accepted in any subject for the degree is limited. Applications close 15 October for the following year and only those students who have been advised that they have been accepted for the course will be permitted to enrol.

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Medical Science shall

   (a) before his enrolment for this Degree have passed Part II of the course prescribed for the Degrees of Bachelor of Medicine and Bachelor of Surgery; and

   (b) follow a course of study of not less than one year.

2. A candidate who is not devoting his full time to University study shall, if the Senate so requires, follow a two-year course of part-time study of such content as the Senate may prescribe.

3. Every candidate for the Degree shall

   (a) pass the examinations, and
(b) pass in respect of a thesis (which shall count as four papers) in one of the following subjects:

Community Health (Two papers and a thesis) 91.40, 91.41

Medicine (Two papers and a thesis) 92.40, 92.41

Obstetrics and Gynaecology (Two papers and a thesis) 47.40, 47.41

Paediatrics (Two papers and a thesis) 93.40, 93.41

Pathology (Two papers and a thesis) 68.45, 68.46

Psychiatry (Two papers and a thesis) 94.40, 94.41

Surgery (Two papers and a thesis) 95.40, 95.41

A medical subject approved by the Senate on the recommendation of the Faculty of Medicine (Two papers and a thesis) 90.40, 90.41

4. The following conditions shall apply to the thesis:

(a) The Senate shall appoint a supervisor for the candidate upon the recommendation of the Head of the Department.

(b) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject.

(c) In the case of a thesis recording laboratory work, a supervisor shall certify to the Registrar in writing that the laboratory work has been carried out within the University, or within such other institution as may be approved by the Senate for the purposes of this regulation.

(d) A candidate shall present his thesis in the same year as that in which he first takes his examination (if any), or with the consent of the Head of the Department and subject to paragraph (g) of this Regulation, in any subsequent year.
(e) The candidate shall submit his thesis to the Registrar by 1 November in the year in which it is presented or at such later date as may be arranged with the Head of the Department.

(f) If the supervisor with the consent of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to submit it again at a later date to be specified by the supervisor.

(g) No thesis shall be presented later than the third year after that in which the candidate first takes his examination for this Degree provided that this period may in special cases be extended by the Senate.

5. A candidate shall not enrol for a subject which he has already passed for the Degree of Master of Science.

6. These Regulations shall come into force on 1 January, 1972.
The duration of the course will be three years.

**Fourth year of medical course**

**Practice of Medicine:**

The Practice of Medicine is a combined course of 10 weeks covering the clinical approach to the patient and methods used in physical and laboratory diagnosis. The disciplines of medicine, surgery, paediatrics, psychiatry, obstetrics and gynaecology, pathology and radiology will participate in this course, and students will study patients of all ages with a wide variety of illnesses in the disciplines of medicine. The course will consist of lectures, symposia, case demonstrations, with particular emphasis on tutorial teaching in the wards.

**Systems of Medicine:**

During the remainder of the first year, a combined course, the Systems of Medicine, will cover the wide range of human disease arranged on a System basis. The natural history, pathology, disordered physiology, methods of diagnosis and treatment of common diseases will be covered. Each discipline of medicine will contribute to the teaching.

The principles of clinical pharmacology and therapeutics will be taught together with the Systems of Medicine course.

**Themes of Medicine:**

The Themes of Medicine will consist of a course throughout this year dealing with social, community, preventive, family, forensic and epidemiological aspects of medicine presented in a logical sequence with appropriate field work.

**Clinical Clerkship:**

In addition to the theoretical teaching, practical clinical experience will be given in medicine, paediatrics and surgery as an essential and important part of the teaching.
Second year of the course for MB ChB

The combined topic teaching of the Systems of Medicine and the Themes of Medicine will be completed.

Clinical experience will continue in medicine, surgery, psychiatry, paediatrics, obstetrics and gynaecology.

At the conclusion of the second year there will be a composite examination consisting of three written papers, three oral and/or clinical examinations. At the end of each term throughout the first and second years there will be tests on the work covered during that term.

Third year of the course for MB ChB

This is a trainee intern year of 52 weeks divided into four quarters of 12 weeks each and 4 weeks holiday. One of these quarters will be an ‘Elective’ period when the student may take optional training in special disciplines of medicine. A list of approved electives will be provided from which to choose.

The remaining 36 weeks will be spent participating, under supervision, in the responsible care of sick people in hospital and in the home.

Assessment, including clinical and oral examinations where appropriate, of the students’ progress will be made at the end of each quarter.

A salary will be paid to the trainee intern by the Hospital Board.

Cost of Equipment, Instruments and Books:

The cost of pursuing the undergraduate medical course, in addition to the tuition, examination and other fees, includes the purchase of essential equipment, instruments and prescribed textbooks. Particulars of the equipment and instruments required in First Year will be supplied to all students selected for admission to First Year classes. Advice concerning additional equipment and instruments will be given from time to time in lectures. White coats are provided by the Auckland
Hospital Board for which a fee of $10 is charged to cover initial costs and laundering for the clinical course. There will also be an annual $10 fee to provide special textbooks, monographs, reprints, slides and films for the instruction of students during the first, second, and third years of the course.

COMMUNITY HEALTH — is taught during each of the clinical years. Studies in the first and second years of the course include thirty-eight sessions which are complementary to the Systems of Medicine teaching and are designed to give the student an understanding of the human being in constant encounter with social and other environmental influences. The course incorporates instruction in family practice, preventive aspects of medicine, health education, epidemiology, industrial medicine, and extra-mural hospital services.

Students will be required to undertake a course of field studies, participating in community health projects and visiting a number of institutions in the community for the welfare of the incapacitated.

GYNAECOLOGY AND OBSTETRICS — will deal with the physiology, endocrinology and pathology of human reproduction, and their application to the clinical practice of gynaecological and obstetric medicine.

The teaching will emphasise the incorporation of the principles of this subject into total medical practice.

The theoretical teaching will be within the course on the systems of medicine and clinical clerkships will be required during the third year of the course concurrent with a clerkship in neonatal paediatrics.

MEDICINE — Various common medical diseases affecting different organ systems of the body will be considered with emphasis on their natural history, clinical presentation, methods of diagnosis, together with principles of treatment and prevention. Clinical clerkships will provide experience both in acute general medicine and, during the second year of the medical course for MB ChB on selected aspects of different specialties
within internal medicine. Tutorial teaching will play an important part in this teaching programme in which emphasis will be placed on the quality of the written as well as the verbal case presentations.

PAEDIATRICS — The undergraduate course in Paediatrics commences with an interdisciplinary child development and family study in the 2nd and 3rd years of the course in Human Biology. Patient-based teaching in Paediatrics is carried out in the hospital and community setting over the three years of the clinical course.

Prevention of disease and the effect of disease on the developing child are emphasised in the departmental contribution to the course of lectures given in the first two years of the clinical course on the organic and psycho-social basis of ill health. At the end of this course of lectures students are examined in their knowledge and comprehension of the principles of Paediatrics. In the 3rd year of the clinical course there is a period of trainee internship in Paediatrics which is mandatory and a term of elective study in the broad field of child health is offered.

PATHOLOGY — Teaching in Pathology commences in the third term of the third year of the course for BSc in Human Biology, and continues throughout the first, second and third years of the course for MB ChB. Subjects under the aegis of Pathology include the Morphological Basis of Disease, Medical Microbiology, Haematology, Immunology, Chemical Pathology, and Forensic Medicine.

During the first part of the first year, the principles of pathology and microbiology are taught on the basis of the teaching in these subjects undertaken during the latter part of the course for the BSc in Human Biology.

During the remainder of the first year, and through the second year, the teaching in pathology is largely integrated with the teaching programmes of other clinical departments.

An elective programme in pathology is available for periods of up to 3 months during the third year of the course.
PSYCHIATRY — With a background concept of normal human behaviour patterns engendered in the Behavioural Sciences component of the Human Biology course, students will receive instruction during the clinical triennium in the recognition of mental aberration and abnormal behaviour, and in the management of patients who suffer psychiatric disturbance. Most of this teaching will be incorporated in the Systems of Medicine course.

The Department of Psychiatry will join with other clinical departments, especially the departments of Paediatrics and Community Health, in conducting research towards the identification of health problems in society and the delineation of remedial measures, including methods of health education. Students will participate in these projects.

SURGERY — Surgical diseases will be taught covering their natural history, pathology, methods of diagnosis (including special investigations such as radiology and clinical biochemistry), and general principles of treatment. Included in the surgical diseases will be those related to eye, ear, nose and throat, the musculo-skeletal system, the genito-urinary system, the nervous system and those related to plastic surgery. The theoretical teaching of these subjects will be done within the Systems of Medicine course.

Clinical Clerkships will be required in general surgery and the special divisions of surgery listed above, including the Accident and Emergency Department. Theoretical and practical teaching in anaesthesia will be given.

The examination in surgery will be part of the composite examination at the end of second year together with quarterly assessments in the third year.

FURTHER GRADUATE TRAINING

Postgraduate teaching is provided by Departments for:
(i) Memberships of the various Colleges.

These examinations are usually taken at least three years after qualification in medicine and requires experience in the
practice of these subjects together with a sound understanding of the scientific basis of disordered function and disease.

(ii) MD Degree.

The degree is awarded by the University of Otago and consists of a thesis embodying the results of original investigations in any branch of Medicine. A candidate for the degree of Doctor of Medicine shall hold the degree of Bachelor of Medicine of the University of Otago or have been admitted ad eundem statum.

(iii) PhD Degree.

Research facilities are available in the Departments for graduate students, both non-medical and medical, to prepare for this degree in selected fields of Medicine.
DIPLOMA IN OBSTETRICS

DipObst

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

GENERAL PROVISIONS

1. A candidate for the Diploma in Obstetrics shall
   (a) enrol not later than 1 November for the March examination in the following year or 1 May for the August examination in the same year, or such later dates as the Senate approves;
   (b) on 31 December preceding the March examination or on 30 June preceding the August examination
      (i) have either held a registrable medical qualification for eighteen months or been a graduate from the Fiji Medical School for five years, or been a graduate from the Papuan Medical College for five years, and have completed eighteen months’ resident appointments in hospitals including at least six months in obstetrics for family practice at one of the hospitals approved for this purpose, or
      (ii) have held a registrable medical qualification for at least seven years, and have submitted evidence of having personally conducted at least 300 deliveries, and have presented a certificate signed by the Head of the Department that the candidate has during the three years immediately preceding the examinations, attended an approved course of postgraduate instruction in obstetrics and family practice.

716
Note: The approved course should last for at least one week and may be taken after the candidate has enrolled but must be completed before sitting the examinations.

Notwithstanding anything in this Regulation the Vice-Chancellor may on the recommendation of Senate relax or modify these conditions.

2. The examinations for the Diploma in Obstetrics shall be
   (a) Written (one three-hour paper — 47.10)
   (b) Clinical
   (c) Oral

3. The examinations shall be held at the Postgraduate School of Obstetrics and Gynaecology during March and August each year provided that should there be sufficient candidates, examinations may be held elsewhere at suitable dates.
DIPLOMA IN GYNAECOLOGY AND OBSTETRICS

DipG&O

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. A candidate for the Diploma in Gynaecology and Obstetrics shall

   (a) enrol not later than 1 March for the June examination and 1 September for the December examination, or such later dates as the Senate approves; and

   (b) before sitting for Part 2 of the examination:

       (i) hold a qualifying degree or diploma approved by the Medical Council of New Zealand for four years and be registered in New Zealand or hold equivalent Commonwealth registration for three years, or

       (ii) be a medical diplomate of the Fiji School of Medicine of six years' standing; and

   (c) hold for at least one year the Diploma in Obstetrics of the University of Auckland or of Otago or of the Royal College of Obstetricians and Gynaecologists; and

   (d) have undertaken at least two years' training in the specialty of gynaecology and obstetrics in posts approved by the Royal College of Obstetricians and Gynaecologists providing that only one year of service at the Colonial War Memorial Hospital, Suva shall count towards the total, and

   (e) prior to his acceptance for Part 2 of the examination, have submitted dissertations on an obstetrical and on a gynaecological subject which has been approved by the Head of the Department.

718
Notwithstanding anything in this regulation, the Vice Chancellor may on the recommendation of Senate relax or modify these conditions.

2. The examinations for the Diploma in Gynaecology and Obstetrics shall consist of two parts which may be taken separately or together.

Part 1: shall consist of a written examination (two papers), 47.11, 47.12, on reproductive biology and basic medical sciences as applied to gynaecology and obstetrics. The Part 1 examination may be taken during the training period specified above in 1 (d).

Part 2:
(a) written (two papers), 47.13, 47.14
(b) clinical
(c) oral

The examinations shall be held at the Postgraduate School of Obstetrics and Gynaecology during June and December.

3. These Regulations shall come into force 1 January, 1972.
POST-GRADUATE SCHOOL OF OBSTETRICS AND GYNAECOLOGY

The Department is situated at the National Women's Hospital, Claude Road, Auckland 3. In addition to providing the training of Auckland and 6th year Otago medical students there are extensive facilities for postgraduate education in obstetrics and gynaecology as follows:

(a) Diploma in Obstetrics of the University of Auckland:

This is a general practitioner qualification and serves to distinguish those general practitioners who have been trained to handle the common abnormalities encountered in obstetrical practice. A six months' resident appointment to the staff of a teaching obstetrical and gynaecological unit is required before candidates are allowed to sit the examination, but see also provision 1 (b) (ii) of the preceding regulations. Details of such appointments are available on application.

With the object of encouraging medical practitioners who intend to carry out an obstetric practice modifications have been made in the Diploma regulations to bring these more in line with the Royal College regulations in England and to make it possible for medical practitioners to take the examination soon after their obstetric appointment during their first post-registration year.

The new regulations also allow graduates of the Fiji Central School of Medicine to take the examination following a period of residence at the National Women's Hospital.

The examinations shall include questions on the anatomy, physiology, pathology and management of normal and abnormal pregnancy, labour and puerperium, including the care of the new-born during the first month of life.

In addition, the candidates will be required to have a knowledge of the physiology and pathology of medical gynaecology, including abnormal menstruation, amenorrhoea and dysmenorrhoea, endocrine therapy, abortions, infertility and contraception, ectopic pregnancies and moles, vaginal discharges, the diagnostic facets of malignancy, and such minor surgical procedures as may be encountered in a predominantly obstetrical practice.

The following are approved Hospitals for the purpose of Regulation 1 (b) (i):

720
(1) National Women's Hospital, Auckland.
(2) Dunedin Hospital.
(3) St. Helen's Hospital, Auckland.
(4) St. Helen's Hospital, Christchurch.
(5) Waikato Hospital.
(6) Wellington Hospital.
(7) Any Hospital recognised by the Royal College of Obstetricians and Gynaecologists for its Diploma in Obstetrics.
(8) Any other hospital which meets the current criteria for approval during the full tenure of the post.

The approval of hospitals will be reconsidered on criteria of:

(i) Specialist and registrar staff in obstetrics, gynaecology and neonatal paediatrics.

(ii) The number of normal and abnormal patients attending the hospital clinics.

(iii) The provision of graduate teaching in antenatal, post-natal and gynaecological clinics, wards and delivery rooms, including teaching in neonatal paediatrics and family planning.

(b) Diploma in Gynaecology and Obstetrics

Part 1:

The subjects covered by two papers will include basic sciences such as anatomy, biochemistry, cell biology, embryology, endocrinology, genetics, immunology, medical sociology, microbiology, pathology, pharmacology, physiology and elementary statistics. The examination will deal with those aspects of these subjects which should form part of the general education of any specialist and particularly those aspects which are applicable to obstetrics and gynaecology.

Dissertations:

Candidates are advised to discuss the preparation of their dissertations with the Head of the Department at an early stage in their training period. Both obstetric and gynaecological dissertations are designed to give candidates the opportunity to study in detail conditions of their own choice and to express their own views based on personal experience and on a study of the literature. The dissertations should show clear evidence of ability to make use of a reference library and of the English language. Socio-medical topics may be particularly suitable for one or other of the dissertations. The dissertations should be
accurately typed in good English and simply bound. In general the size of the dissertations should be in the order of 3,000-4,000 words each and credit will be given for original contributions.

Part 2:
Two written papers
(a) Obstetrics, and such aspects of endocrinology, medicine, neonatal paediatrics and surgery as are relevant to the practice of obstetrics.
(b) Gynaecology, and such aspects of endocrinology, medicine, medical sociology and surgery as are relevant to the practice of gynaecology.

A clinical examination which will include presentation and discussion of obstetric and gynaecological cases.

An oral examination in obstetrics and gynaecology. In this candidates should be prepared to discuss their dissertations, to be examined on applied anatomy, physiology, and pathology and to be shown radiographs, instruments, specimens, and histological slides for comment.

(c) Higher Academic Training in Obstetrics and Gynaecology:
(i) Membership of the Royal College of Obstetricians and Gynaecologists:
The Royal College requires two years' experience on the resident staff of a recognized hospital, such as the National Women's Hospital, before accepting candidates for the MRCOG examination. The training period in the Postgraduate School is for two and a half years at present which includes a good grounding in neonatal paediatrics and pathology. Details of such appointments and of the instruction which goes with them are available on application.

(ii) MSc or PhD Degrees:
Research appointments are available at the National Women's Hospital and afford the opportunity of preparing for the MSc and PhD degrees of the University of Auckland.

Applications will be welcome from scientists and medical graduates who wish to carry out research in biochemistry, endocrinology, or the scientific background of obstetrics, gynaecology, and neonatal paediatrics.
(d) Refresher training for family doctors and specialists:

(i) Practitioners with interests in the fields covered at the School may attend for periods of up to four weeks as visiting postgraduates. During the time they are attending the Postgraduate School attachments to the Auckland Hospital Board as Honorary Medical Officers can be made in order to facilitate the performance of practical procedures. Visitors may attend the daily teaching sessions as well as gain practical experience tailored to their needs.

(ii) Short courses usually of a week’s duration are held at regular intervals. In addition to teaching at Diploma level advanced courses are provided.

(iii) Departmental staff are available to participate in courses throughout New Zealand by arrangement with the Head of the Department.
THE POSTGRADUATE MEDICAL COMMITTEE

The Postgraduate Medical Committee, under the Chairmanship of the Associate Dean for Graduate Studies in Medicine, accepts responsibility for the organization and supervision of graduate and postgraduate work among the medical practitioners in Auckland. The activity of the Committee is linked with the School of Medicine and with the hospitals under the control of the Auckland Hospital Board.

The Committee arranges annual courses throughout the academic year in surgery, internal medicine, anaesthesia, radiology, pathology, psychiatry, paediatrics and dentistry. It also arranges visits by overseas medical speakers both in the University and in the associated hospitals and publishes a monthly bulletin of medical postgraduate affairs, This Month.

The co-ordination and supervision of graduate studies is carried out with the help of advisory committees of the Postgraduate Committee, each of which is responsible for its particular area of medical education including supervision of the registrar and graduate training programme and the organization of such visiting professors as come to Auckland on the sponsorship of the Auckland Savings Bank and under other auspices.

All graduates attending one of the annual courses of the Committee and all overseas graduates undergoing postgraduate training in the Auckland hospitals are required to enrol with the Postgraduate Medical Committee as graduate students of the University of Auckland.

The activities in postgraduate medicine are outlined in a booklet which is available from the Associate Dean's office.

The members of the Postgraduate Committee are:
The Chairman, the Associate Dean of Graduate Studies in Medicine, Dr. D. S. Cole; the Dean of Medicine, Professor C. W. D. Lewis; the Superintendent-in-Chief of the Auckland Hospital Board, Dr. R. F. Moody; the Head of the Postgraduate School of Obstetrics and Gynaecology, Professor D. G. Bonham; Associate Professor J. G. Buchanan (Honorary Treasurer); Dr. G. W. Dodd, Professor R. B. Elliott; Dr. K. M. Ewen; Dr. I. B. Faris; Professor P. B. Herdson; Dr. C. MacLaurin; Dr. C. J. Mercer (Honorary Secretary); Dr. M. Pearl; Dr. P. J. Scott (Deputy Chairman); Dr. L. A. Scrivin; Dr. V. Sorrell; Dr. P. D. Swinburn.

The office of the Committee is in the School of Medicine.
THE DEGREE OF MASTER OF PHILOSOPHY

MPhil

Note: This degree fills a special, limited need. It permits a student, in special approved cases only, to take a Master's degree in a Faculty other than that in which he has qualified for a Bachelor's degree, and only when the Master's course concerned cannot be taken in the Faculty in which he completed his Bachelor's degree.

Permission to enrol for the Degree of Master of Philosophy will be given only where Senate is satisfied that the student holds qualifications at least equivalent to those normally required for the Master's course concerned. Normally at least Stage III of the subject to be taken for MPhil would have to be included in the prerequisites.

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

GENERAL PROVISIONS

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate shall before his enrolment for this Degree
   (a) have been admitted or qualified for admission to a Bachelor's Degree, and
   (b) have been approved by the Senate as qualified to pursue a course of study for a Masters Degree in a Faculty other than that in which he qualified for his Bachelor's Degree.

COURSE CONTENT

2. Every candidate for the Degree of Master of Philosophy shall comply with the course regulations for a Master's Degree prescribed in the Faculty in which he is pursuing his course of study.

3. The Degree shall be awarded by the Senate after receipt of a certificate, from the Head of the Department in which the course for the Degree has been taken, stating that the candidate has completed the prescribed requirements.
4. The Degree of Master of Philosophy shall be awarded in three divisions — First Class, Second Class, and Pass, provided that a candidate who is required to resit the written examinations or to re-submit the thesis shall be eligible for the award of the Degree in the Pass division only.

5. These Regulations shall come into force on 1 January, 1971.
THE DEGREE OF DOCTOR OF PHILOSOPHY
PhD

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General).

1. Every candidate for the Degree of Doctor of Philosophy shall apply to the Head of his Department for registration as such, showing —
   (a) that he has the requisite preliminary qualification set out in regulation 2 hereof, and
   (b) that he has adequate training and ability to pursue a course of advanced study and research.

2. The preliminary qualification shall be
   (a) qualification for admission to a Bachelor's Degree with Honours, or a Bachelor's (Honours) Degree, or a Master's Degree with Honours of this University, or
   (b) qualification for admission to a Master's Degree First Class or Second Class, or
   (c) qualification for admission to the Degrees of Bachelor of Medicine and Bachelor of Surgery together with evidence that the candidate has carried out research which, in the opinion of the Senate, is satisfactory evidence of the candidate's ability to pursue a course of advanced study and research for this Degree.
   (d) in the case of a graduate of another University, admission to the course under the provisions of the Admission Ad Eundem Statum Regulations, or
   (e) any other qualification approved by the Senate in the particular case of any candidate.
3. The Head of the Department concerned* shall forward to the Registrar for submission to the Senate, a recommendation which shall include the proposed field of study, the proposed date of registration, the nomination of a Supervisor or Supervisors from members of the academic staff, together with satisfactory evidence of the candidate's training and ability to pursue the proposed course and in the case of a recommendation in Engineering, the description of the papers the candidate is required to take in terms of Regulation 10 (a) hereof. The Senate shall determine the date of registration.

*NOTE: In the Faculty of Engineering the Dean of Engineering shall forward any recommendation for registration.

4. If registration is approved by the Senate the candidate shall comply with the provisions of the Enrolment and Course Regulations (General).

5. A candidate for a Master's Degree may, on the completion of one year's work for that Degree at a standard considered satisfactory by the Senate, be registered as a candidate for the Degree of Doctor of Philosophy. Any such candidate so registered may be allowed credit for the work for the Master's course if that work can form part of the doctoral thesis. The date of registration shall not be earlier than the end of the academic year in which he completed papers for Master's or Bachelor's Degree with Honours.

6. (a) After being registered as a candidate for the Degree of Doctor of Philosophy the candidate shall pursue a course of advanced study and research at the University to the satisfaction of the Head of the Department and the Supervisor for a period of at least two calendar years from the date of registration, during which he shall work at his advanced study and research full-time under the supervision of a teacher in the University; provided that

   (i) laboratory work may be carried out in an approved institution outside the University for such limited period or periods as may be determined from time to time by the Senate;

   (ii) field work may be carried out at such places and for such periods as the Senate may determine;
(iii) research requiring the use at first hand of documents or books not available within the University may be undertaken in an approved institution outside the University, for such period or periods and on such conditions as may be determined from time to time by the Senate;

(iv) when a candidate has completed the initial period of two years' full-time study and research he may apply to the Senate for permission to continue as a part-time candidate. Any such application must be supported by the Supervisor and the Head of the Department.

(b) For the purpose of this regulation a candidate shall be deemed to work full time if he has no occupation other than his study or research; provided that he may

(i) with the approval of his Supervisor and the Head of the Department engage for not more than six hours in any one week in academic work other than his study or research;

(ii) take such statutory, recreational and other holidays as are normally incidental to a full-time occupation.

7. (a) Notwithstanding anything in Regulation 6, a part-time member of the academic staff whose duties as such require of him not more than 12 hours work in any one week and who has no other occupation except his study or research may register as a candidate for the Degree of Doctor of Philosophy. After being so registered he shall pursue a course of advanced study and research at the University over a period which shall, except in special circumstances to be determined by the Senate, be of at least three calendar years from the date of his registration, to the satisfaction of the Head of his Department and the Supervisor.

(b) Notwithstanding anything in Regulation 6, a full-time member of the academic staff, other than a Head of Department, may register as a candidate for the Degree of Doctor of Philosophy. After being so registered he shall pursue a course of advanced study and research at the University over a period which shall, except in special circumstances to be determined
by the Senate, be of at least four calendar years from the date of his registration to the satisfaction of the Head of his Department and the Supervisor.

(c) Notwithstanding anything in Regulation 6, a full-time member of the teaching staff of a Teachers' College in Greater Auckland may apply for registration as a candidate for the Degree of Doctor of Philosophy and shall submit with his application a statement from the Principal of the College that his college work is such as to allow him to pursue a course at the University for the Degree of Doctor of Philosophy. After being registered he shall pursue to the satisfaction of the Head of his Department and the Supervisor, a course of advanced study and research at the University over a period of at least four calendar years from the date of his registration.

8. Unless he has fulfilled the requirements of this regulation as part of his preliminary qualification, every candidate for the Degree of Doctor of Philosophy shall (unless he has passed Stage I of a foreign language approved by the Senate) forward to the Registrar a certificate of his ability to read works in his field of study in a foreign language approved by the Senate. The certificate shall be given by the Senate and shall certify that the candidate has satisfactorily translated from a foreign language one or more passages set by the Head of the Department in which the candidate is working for the degree in conjunction with the Head of the Language Department concerned.

The choice of foreign language shall be determined by the candidate's Head of Department.

Note: Candidates in those Departments which prescribe German or Russian as a foreign language are advised to attend a suitable course in one of these subjects.

9. The Supervisor shall submit to the Senate, through the Head of the Department, a brief report on the progress of the candidate at the end of each year, provided that in the case of a candidate who is a member of the teaching staff of a Teachers' College the supervisor shall submit a report at the end of each six months. A candidate's registration may be terminated by the Senate if an unfavourable report is received.
10. (a) A candidate for the Degree of Doctor of Philosophy in Engineering shall take three papers prescribed for the Degree of Master of Engineering or papers deemed by the Deans Committee to be equivalent provided that the Senate on the recommendation of the Deans Committee may waive or modify this requirement.

(b) A candidate shall not be eligible to enrol for any other course while registered for the Degree of Doctor of Philosophy unless he obtains the prior permission of the Senate.

11. (a) A candidate who has fulfilled the conditions required by these regulations may apply at any time within six years from the date of registration to the Registrar to be examined provided that a full-time member of the academic staff, or a member of the teaching staff of a Teachers' College, may apply at any time within eight years and this period may in special circumstances be extended by the Senate for a full-time member of the academic staff who has not while registered for the Degree been a full-time research student.

(b) A candidate shall submit to the Registrar three bound copies of a thesis embodying the results of his research which shall be retained by the University.

(c) When a thesis is submitted an examination fee of $40 is payable.

(d) When a thesis is resubmitted as provided in regulation 14 of these regulations a further examination fee of $40 is payable.

12. (a) After having accepted the candidate's application to be examined the Senate, shall, upon the recommendation of the Head of Department, approve the title of the thesis and shall appoint as examiners:

(i) The Supervisor or Supervisors,

(ii) one person, who shall also act as Oral Examiner, and who may be a member of the staff of this University if there is no specialist in the field at another University in New Zealand, and
(iii) one person who may not be a member of the staff of this University except in such circumstances as the Senate thinks fit.

(b) The Senate may, on the recommendation of the Head of the Department, appoint a further examiner and in exceptional circumstances two further examiners.

13. The Supervisor shall forward to the Registrar a certificate stating that the work described in the thesis was carried out by the candidate under his supervision and that the conditions laid down in regulation 6 or 7 have been fulfilled.

14. (a) A copy of the thesis shall be submitted to each examiner. Except where the Vice-Chancellor, acting on the advice of the examiners, otherwise authorises, the Supervisor and one external examiner shall together examine the candidate orally on the subject of the thesis and on the general field to which the subject belongs. The oral examination shall be held after the reports from the external examiners have been received, and not sooner than six weeks after the submission of the thesis, except in very special circumstances and with the approval of the Senate. At the request of the oral examiners the candidate may be required to present himself for a written examination. The three examiners shall after consultation make a report to the University on the whole examination. The examiners may recommend that a thesis, not considered entirely suitable by them for acceptance, may be revised by the candidate for re-submission on one further occasion only.

Note: For those candidates already registered for the degree, the time limit for presentation of thesis prescribed in Regulation 11 will apply, not from the date of registration, but from 1 January 1964, the date of bringing in of these Regulations.

(b) Where a candidate registered for this Degree who has not qualified for or been awarded a Masters Degree of this University submits or re-submits a thesis not considered entirely suitable to the examiners, the Senate may recommend that the thesis be submitted for a Masters Degree without Honours in the appropriate Faculty provided that the candidate satisfies all other requirements for that Masters Degree.
CERTIFICATE OF PROFICIENCY

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. With the permission of Senate a matriculated student may be enrolled for any course or part of a course which is offered for a Degree or a Diploma for the purpose of gaining a Certificate of Proficiency.

2. To qualify for a Certificate of Proficiency in a unit or a subject, or a part of a unit or a subject, a student, unless exempted by Senate, must enrol in accordance with the Enrolment and Course Regulations (General), keep terms in accordance with the Terms Regulations, comply with the provisions of the Examination Regulations, and pass the appropriate examinations.

3. A candidate who has passed in a unit or subject for a Certificate of Proficiency may at any time have that unit or subject credited towards a Degree or Diploma upon condition that at the time of passing that unit or subject for a Certificate of Proficiency he had fulfilled or been granted exemption from any prerequisite conditions prescribed for the Degree or Diploma; provided that this condition may be waived by special permission of the Senate granted only in the most exceptional circumstances.

4. (a) A candidate who has passed in any subject or subjects at Masters' level for a Certificate of Proficiency may be awarded a Certificate of Proficiency with Honours provided that he would have been eligible for Honours if he had presented such subject or subjects under the appropriate Masters' Degree Regulations.

(b) The class or classes of Honours shall be as provided under the appropriate Masters' Degree Regulations.

Note: A member of the permanent academic staff of this University with overseas university qualifications may be permitted to enrol for a unit or a subject for Certificate of Proficiency without having to make a formal application for admission ad eundem statum.
CERTIFICATES IN THE PRINCIPLES AND PRACTICE OF RADIOCHEMISTRY

8.305 Elementary Certificate

The course for this Certificate involves 8 lectures given in the first term and 12 laboratory classes of three hours duration given in alternate weeks throughout the session. The course is designed to suit the needs of biologists and chemists who anticipate working with tracer quantities of beta-emitting isotopes. Topics covered include:

- Counting methods
- Counting statistics
- Handling radioactive substances
- Source preparation
- Health hazards
- Triple channel beta scintillation spectrometer
- Gas-liquid chromatography of volatile beta-emitting sources.

Lecture hour, Tuesday 9-10 a.m. (First term only).

Laboratory, one 3-hour period in alternate weeks (weeks 1, 3, 5 etc.) selected from the following alternative times.

- Monday 2-5 p.m.
- Tuesday 10-1 p.m.
- Thursday 2-5 p.m.
- Friday 10-1 p.m.

Candidates will be assessed on their year’s practical work together with written tests.

8.306 Advanced Certificate

The course for the Advanced Certificate is intended to be taken either in the same year as, or in a subsequent year to the Elementary Certificate. This course involves 10 lectures given in the Second Term, together with 12 laboratory classes of three hours duration given in alternate weeks throughout the session. Topics covered include:

- Gamma counting
- Gamma spectroscopy
Neutron activation
Radiochemical “cows”
Radiochemical analytical procedures
Radiochemical synthesis
Applications

Lecture hour, Monday 10-11 a.m. (Second term only).

Laboratory, one 3-hour period in alternate weeks (weeks 2, 4, 6 etc.) throughout the session, selected from the following alternative times.

Monday 2-5 p.m.  Thursday 2-5 p.m.
Tuesday 10-1 p.m.  Friday 10-1 p.m.

Candidates reading for Elementary and Advanced Certificates in the same year should arrange to attend the laboratory in the same period each week of the session. Candidates will be assessed on their year’s practical work together with written tests.
CENTRE FOR CONTINUING EDUCATION

(formerly The Department of University Extension)

The Centre promotes a wide variety of courses for the general public. The courses are intended to make available to the community the study of university subjects, to offer continuing education to various professional groups, to help those concerned with offering other educational courses and to bring a university approach to problems within the community. The courses are generally held in the University, and take place both in the evenings and daytime. Courses of ten weeks or longer are arranged during the university terms and seminars and week-end courses are promoted throughout the year. The Centre also conducts certificate courses in Criminological Studies, Social Studies and Personnel Management; proposals for other certificate courses are at present under consideration. Seminars of up to five days are held for engineers, dentists, pharmacists, businessmen, teachers and similar professional groups.

Particulars of the general courses are published in an annual brochure; brochures for individual professional courses and seminars are usually available some weeks before each course. Particulars of the certificate courses, including admission regulations and prescribed subjects, are published from time to time. All these documents may be obtained on request from the Centre for Continuing Education, Private Bag, Auckland (telephone 74-740, extension 320).
COMPUTER CENTRE

The Computer Centre provides a digital computing service for users throughout the campus. This service is based on a Burroughs B6700 computer of principal characteristics:

Processor speed: 5MHz (10 MHz arithmetic)
Memory: 80K words (51 bit, 1.2 microsec.)
Magnetic Disk: 60M bytes, fixed head, 23ms
Magnetic Tapes: 4 1600 b.p.i. 72Kc phase encoded
Card Reader: 1400 c.p.m.
Line Printer: 1100 l.p.m. 132 char.

Terminal Communications Processor.

Languages available on the system include:

Fortran          Snobol
Algol            GASP
Cobol            Dynamo
PL1              Simula
APL

A range of applications programming packages is also available, including linear programming, statistics, numerical analysis and scheduling.

Persons wishing to use the system are expected to prepare their own programs and data; the Centre does not employ staff to write programs for its users. Teaching staff at the
Centre provide a number of courses in elementary and advanced aspects of computer programming and computer use each year and also provide an advisory service on general aspects of programming development. Intending users should first obtain from the Computer Centre Office:

(a) a charge number;

(b) the information sheets relating to those parts of the service they intend using;

(c) information about courses.

In 1973 the Computer Centre will occupy rooms on the ground floor of the Chemistry Building, and at the end of the year will move to a new Computer Centre building.
ACADEMIC DRESS

The Auckland Branch of the New Zealand Federation of University Women owns a stock of Academic Gowns, Hoods, and Caps (black trencher with a tassel). These are available for hire at all times during the year. Details may be obtained at the Registry, or the Office of the Students' Association. A student completing the requirements for a degree or diploma will receive information regarding the hire of academic dress for the Graduation Ceremony with his result card.

The proceeds earned by this service are devoted chiefly to the establishment and maintenance of Fellowships to enable New Zealand women graduates to continue their studies overseas, or to bring overseas students to New Zealand.

CAREERS AND APPOINTMENTS OFFICE

The chief duties of this Office, through the Careers and Appointments Officer, Mr R. S. Stacey and his assistant, Mrs Y. J. Brown, are threefold:

- to increase the awareness in the community, and the use made by the community, of university trained people;
- to put prospective employers in touch with suitable persons seeking employment and to acquaint past and present students of the University with occupational opportunities;
- to give advice and information on careers and employment to students and graduates of the University.

As part of the work, arrangements are made for Employer Visits and for Career Talks, while students who register receive personal notification of opportunities for employment.

The Office is situated in the suite of rooms on the Harbour side of the Upper Lecture Theatre. It is open during normal University Administrative hours. The telephone numbers are 74-740, extensions 632 (Mrs Brown) and 703 (Mr Stacey).
THE CHAPEL

The Maclaurin Chapel was established under a deed of trust by Sir William Goodfellow, Hon. LL.D, in memory of his son, Richard Maclaurin Goodfellow, killed during service with the Fleet Air Arm in World War II, and of Professor Richard Cockburn Maclaurin, one of Auckland's most distinguished graduates.

University representatives are included on the Board of Management which is responsible for administering the trust.

Services conducted in the University Chapel are non-denominational in character, and all members of the University are welcomed. Regular services are held on Sunday evenings during term time, and are advertised. There are also occasional mid-week lunch-time services.

The Chapel is always open for private meditation.

The hall attached to the Chapel contains a library of theological books and periodicals, available for borrowing. Application for the use of the hall for University meetings may be made to the Registrar.

The Chaplaincy is an ecumenical appointment; the Maclaurin Chaplain represents those denominations which have membership in the National Council of Churches. He is available for consultation by any member of the University and may be contacted at his office in the Chapel building (74-740 extension 732), or in the Student Union.

HALLS OF RESIDENCE

The University administers two Halls of Residence and, in addition, two other Halls work within the University system. The Halls are:

International House, 27 Whitaker Place, administered by the University and within seven minutes' walk of the campus. Accommodation and full board is provided for 158 residents, both
women and men. Fees for 1973 are from $15.50 per week shared room to $17.00 per week single.

_Grafton Hall_, Seafield View Road, Grafton, administered by the Presbyterian Methodist Congregational Foundation Inc. and within 15 minutes’ walk of the University. The Hall is open to all students and accommodation and board is provided for 152 students, both women and men. Fees for 1973 are from $15.50 shared to $17.00 per week single.

_O’Rorke Hall_, 49 Symonds Street, administered by the University and within three minutes’ walk of the Campus. Accommodation and full board is provided for about 170 students, both men and women. Fees for 1973 are from $14.75 per week shared to $15.50 per week single.

_Jean Begg House_, 391 Upper Queen Street, administered by the Y.W.C.A. and about 15 minutes’ walk from the University. Bed and Breakfast is provided for a total of 59 students, both male and female. Fees for 1973 are $11.50 per week single and $10.50 per week shared room. Lunch and Dinner are available, cafeteria style, in the main dining room.

All Hall fees are subject to review between terms.

_Accommodation Service_. An accommodation service is provided without charge for students and intending students of the University. Application forms for admission to University Halls of Residence are available during August from Student Lodgings Officer, University of Auckland, Private Bag, Auckland. Completed applications must be forwarded by 1 November.

The Lodgings Officer is also available to assist students to find suitable accommodation in private homes and to provide information on other Hostels and on flats and houses.

_Newman Hall_, 16 Waterloo Quadrant, Auckland, is administered by the Roman Catholic Church, and provides accommodation for 22 male students. Fees for 1973 are approximately $107.00 per term. Application for admission should be made direct to the Warden on the prescribed form and must be in his hands by 30 November.
METRICATION

Teaching throughout the University is intended to be in metric units in 1973, but in some subjects where imperial units are embodied in legislation or regulation, these may still be referred to until authorised values in the new units are gazetted.

Students are recommended to purchase metric texts where these are available.

The system of units being adopted is known as SI (International System). It is a new system, internationally agreed, and is not a modified old metric system. Care must be taken in the selection of texts and conversion data which may be found useful. The sole authoritative publication on the subject is New Zealand Standard 6501: 1972. THE INTERNATIONAL SYSTEM (SI) UNITS AND THEIR APPLICATION. If this is not available the provisional NZS 6501P: 1971 may be used.

Detailed information on SI units will be available from lecturers and departmental metrication committees.

PARKING

Parking presents something of a problem for students but there is extensive street parking for 2-wheel vehicles in Symonds Street (between Alfred and Wellesley Streets) and in Princes Street (outside the Student Union Building). Students may park motor vehicles on the University parking areas on the eastern side of Wynyard Street (16, 30 and 34) and at 9 Alten Road (towards Stanley Street) after 5.45 p.m. on any day and at any time during week-ends. During the May and August study breaks and during December and January students may use the parking facilities at 9 Alten Road at any time. Students do not need a parking sticker to take advantage of the above, but they may be asked to show their identity cards in order to distinguish themselves from ordinary members of the public.

The Parking Building at 36 Princes Street is available for general parking after 5.45 p.m. each evening and week-ends at a cost of 20 cents.
PRESS CORRESPONDENCE

Members of the University are reminded that it is normal practice to sign Press correspondence as from the University only when the writer has some special competence in the subject discussed. For members of the teaching staff, such subjects would normally be those within the area of their academic competence, and for students, matters of general student concern. Student members should indicate their student status either in the body of the letter or in the address given. On matters of general public interest, all members of the University write in their private capacity.

STUDENT COUNSELLING

The Counselling Service is free and confidential for any member of the University community who wishes to use it. Anyone using the Service (and this includes intending students) may discuss without fear of judgment or criticism, or pressure to adopt any particular course of action, any issue of a personal, social, or academic nature. The aim of the Service is to enable people to relate more satisfactorily with other people in their immediate and general environment. For this purpose, personal counselling is provided, as well as a variety of group activities.

The Service is free, confidential, voluntary and readily available. The three full-time counsellors are Mrs Lorna Mckay, Mr Quentin Brew and Mr Brian Lythe, the last-named with a special responsibility for overseas students. They, as well as any part-time counsellors on the staff, are available during usual University hours, preferably by appointment, but in matters of urgency, without. An appointment may readily be made by ringing the Secretary, telephone 74-740, extensions 595, 596, at Student Counselling, 51 Symonds Street, Auckland.
STUDENT HEALTH SERVICE

The University of Auckland Student Health Service is staffed by a full-time Director, a nursing sister and eleven part-time doctors. The services of a consulting psychiatrist are also available.

This free service, available to all students living away from home is designed to help students maintain an optimum state of health. However, all students are entitled to an annual interview and medical examination during which they have an opportunity to discuss any physical or mental health problems. Immunisations against tetanus and other infectious diseases are also available free to all students, but there is a charge of 50 cents per injection for overseas travel.

The hours of appointment are as follows:—

Monday to Friday: 9.00 a.m. to 4.30 p.m.

During the evening and at weekends there is an emergency service available and the doctor on duty can be contacted through the University Emergency Enquiries, phone 78-192.

TELEPHONES

Telephones for the use of students are provided by the Students' Association in the Student Union Building. In addition Public Telephones are provided by the Post Office in the Arts Building (adjacent to the Bank), the Library Building (first floor by the lifts) the Science Building (main foyer), the Thomas Building and at the School of Engineering (adjacent to the Library).

Students are not permitted to make or receive outside calls through the University main telephone system except on University business.

STUDENTS' ASSOCIATION ACTIVITIES

The aim of the Association is to further the interests of the student body within the University and without. The student body is an integral part of the University community and the Association and its members are involved not only in the government of the University but also in fostering social and intellectual activities within the University.

In recent years the Association has changed from a social and service organisation catering for the needs of students on Campus to an organisation concerned with student problems in their widest context.

The Association is an Incorporated Society founded in 1891. The control of the business and affairs of the Association rests with the Executive Committee elected annually and consisting of a President, Administrative and Welfare Vice-President,
Treasurer, and eleven Portfolio Holders. The Executive is the official mouthpiece for the Association and takes official action on behalf of the Association in the interests of the student body. Through this Executive which acts as a co-ordinating body the Association undertakes a wide and varied amount of activities.

There are over one hundred clubs and societies affiliated to the Association covering many spheres of student interest. The sports clubs cater for almost all sporting interests and most participate in local Auckland inter-club competitions and in the NZUSU tournaments. The cultural societies cater for a wide range of religious, academic, social, and political interests and participate in the annual NZUSA Arts Festival. Information about these clubs and societies is available in the *Orientation Handbook*.

The Association organises social functions during the course of the year ranging from informal dances to the Graduates Ball. During the first two weeks of the academic year the Association organises the Orientation Fortnight to acquaint new students with the varied facets of university life. The Association organises student concessions for its members with a number of city firms and with the promoters of attractions of interest to students.

The Association runs an employment bureau to obtain part-time and vacation work for students. Other services provided by the Association are "Contact" (an advisory and information service run by students for other students) and a legal referral system. The NZUSA Travel Bureau runs a very busy travel office in the Administration Block for use by staff and students. The Overseas Students' Counsellor and the Chaplain have offices in the Union Building.

The Association is responsible for various publications including a weekly broadsheet *This Is The Week This Is*, outlining current activities for the week; a student newspaper *Craccum* which appears weekly during the term and traditionally expresses students' views and features news of interest to students; such publications as *Guide to Student Flatting* and an annual handbook for first year students containing a digest.
on information of use to new students: and as well distributes the various publications of the nation body, NZUSA which include *Living With Sex*, and the *Overseas Student Handbook*.

The Student Representative Council was set up in 1969 consisting of elected representatives of student groups and faculties, together with past and present Executive members, and is an advisory body empowered to make recommendations to the Executives on any matter of concern to students. During 1973, there will be considerable debate on the role of this body as many think it ineffective, which should result in a proposal for an alternative system that effectively represents student opinion.

The Association occupies the Student Union Building whose control and use is subject to management by the Student Union Management Committee consisting of six students and five representatives of the University including representatives of the Senate, Council and Sub-professorial staff.

The Student Union is made up of five blocks. The cafeteria block is under the general supervision of the Catering Manager and contains a basement and kitchen and the ground floor cafeteria seating 600, where a full hot and cold meal service is available. On the first floor is the Snack Bar which seats approximately 100 and provides a snack, coffee, and milk shake service during the middle of the day, and as well a hamburger bar seating 200. The Restaurant which seats 100 is on the first floor and provides a higher quality meal for students and staff. The University Club occupies the second floor of this block and adjoining this is a functions room accommodating up to 250 people.

The Administration block contains the Association offices, Council Room, general meeting rooms, and the Executive offices along with the office of the President and the Association Secretary, the Union Manager, and the Accountant.

The public office is open from 9 a.m. to 5.30 p.m. for Association business and 9 a.m. to 5 p.m. during the vacations. Alongside this stands the block housing the University Bookshop Limited in which the Association has a half interest, the milk bar, above which are the main common rooms and the men's common rooms, on the second floor. Underneath both these blocks is the basement, storage, toilets, and student locker room.
area. The two blocks nearest Alfred Street contain the TV room, music room, women's common room, table tennis room, and judo room. The basement under these blocks is occupied by the coffee bar seating 90 and providing a coffee and cool drink service and beside this a milkbar seating 70 people.

All students are required to pay the annual Students' Association fee of $25, $12 of this fee being paid into the building fund. The building fund levy is payable for 5 continuous years of attendance at the University of Auckland, credit being given for attendance at other New Zealand Universities for any full year. The money is paid into a building fund to finance present and future buildings in the Student Union. The present Student Union which cost $1,370,000 has been paid for equally from a Government subsidy and from the building fund, the balance being made up from a public subscription of $65,000.

1973 should see the start of the Student Theatre on the corner of Princes and Alfred Streets, at an estimated cost of $500,000, of which half is to be met by students. Plans are also being finalised for the Student Recreation and Sporting Complex to be built behind the existing Student Union.

The Association is also intending to begin a pilot housing scheme to provide flatting accommodation for students.

The Association is a link between individual students and the academic and administrative staff of the University. During 1968 advances were made in the field of student participation in the government of the University. Students then began to elect two representatives to the Senate, in addition to the representative on the University Council elected since 1947, and there are student representatives on all Department and Faculty committees. The Association through its Executive represents students in matters involving their interest within the University and the community at large.

THE NEW ZEALAND UNIVERSITY STUDENTS' ASSOCIATION

The New Zealand University Students' Association is the national body to which all University Students' Associations are affiliated.

Its purpose is to act for students in all matters of national concern, primarily in the field of education, but also on questions of social concern and international matters.

Two Councils are held each year in May and August, and at these Councils NZUSA policy is formulated by the constituents.

In addition to representing students on matters of national concern, NZUSA runs the Student Travel Bureau which provides discount travel for students intending to travel overseas. NZUSA also maintains an education research centre under the direction of a full-time researcher. This centre has for the last twelve months been preparing a case for higher student bursaries. NZUSA also runs the annual Congress of Curious Cove during the long vacation, and organizes annual workcamps in rural centres.

The management of NZUSA is vested in the National Executive which is composed of the President, five office holders and the seven constituent Presidents. The President of NZUSA is a full-time position.

Sporting activities are directed by the New Zealand University Sports Union which promotes two inter-university tournaments, as well as organizing international tours (usually to Australia). Tournaments are held in rotation at the five major universities.

National Cultural activities are the responsibility of the New Zealand Universities Arts Council. NZUAC promotes an annual Arts Festival. These have been held since 1959 and include exhibitions of painting, photography and sculpture, chess and bridge tournaments, debating, drama, folk, jazz and literary readings.

NZUSA has close links with the University of the South Pacific and the Association of Commonwealth Students. NZUSU is a member of the international student sporting body, FISU.

750
AUCKLAND UNIVERSITY DISTRICT
GRADUATES’ ASSOCIATION (INC.)

President: K. L. Piper, BArch N.Z.
Secretary: M. A. Perkinson, MCom, ACA.

The Graduates’ Association was formed in 1951 with the primary aim of assisting the Court of Convocation to carry out its function of electing six members of the Court to the University Council, the governing body of the University of Auckland, and to make representations to the Council on any matter concerning the interests of the University.

Other objects of the Graduates’ Association are the provision of facilities for intellectual and social intercourse among University graduates, the promotion of interest in University affairs among graduates and others, the publishing of magazines, periodicals, etc., dealing with matters concerning graduates or University affairs, and generally furthering the interests of University graduates who are, or have been, members of the Court.

The Association also concerns itself with the interests of undergraduates, particularly in relation to welfare, accommodation, etc. A recent Association project was the setting up of a student loan fund for short term loans to students in temporary financial difficulties. (Applications for these are made through the Student Counsellors.)

Most lectures and discussions are held at the Maclaurin Hall in Princes Street, and most social functions at the Student Union.

Membership of the Association is open to graduates and diploma holders of any University (in or out of New Zealand).

Those eligible to join the Association who have not already done so would be welcomed as members. The secretary, Mr M. A. Perkinson, Accountancy Department, University of Auckland, Private Bag, Auckland, will be pleased to receive membership enquiries or to give further information about the activities of the Association and the Court of Convocation.
AUCKLAND UNIVERSITY CLUB (INC.)

President: W. J. Strevens, BCom N.Z., ACA
Secretary: H. C. Bull

The Auckland University Club Inc., having obtained a Club Charter, opened its premises on the top floor of the Cafeteria Block in the Student Union on 1 June 1968. The Club provides the means by which former graduates can maintain close links with other graduates, with present students and with members of the University staff. It encourages a closer relationship between the University and the professional and business community.

Membership is open to persons over the age of 20 who are members of the Court of Convocation of the University of Auckland, graduates or diploma holders of other Universities, members of professional societies who have gained a substantial portion of their professional qualifications as students of the University of Auckland, and members of The Auckland University Students' Assn. (Inc). Numbers are limited in terms of the Club Charter to 2250 and at present the membership is fully taken up, but a waiting list is being maintained. Application forms are available from the Secretary.

The Club is open from 11 a.m.-10 p.m. Monday to Friday and from 4 p.m.-10 p.m. on Saturdays. Lunches are served in the Club premises from 12-2 p.m. each day. Club members and their visitors have access to an unlicensed restaurant on the floor below the Club premises for lunch and dinners served from 12-2 p.m. and 5-9 p.m. Dinners with wine are also available in the Club from 5-8 p.m.

Members are advised of the following additional facilities available in the Club for dinner parties and functions.

Mondays to Thursdays: Dinners 5 to 8 p.m. — up to 20 places can be reserved and in addition or alternatively, one to three window bays may be reserved any time between 3 to 10 p.m. for drinks/conversations, etc.

Saturdays: One to three window bays can be reserved for any time between 4 to 10 p.m.
The Club organizes a range of social functions during the year and members are advised of these by mail.

Enquiries should be directed to the Secretary at the Club premises. Telephones: Secretary, 372-275; Club Bar, 371-119. Postal Address: The Auckland University Club (Inc.), Private Bag, Auckland.

THE NEW ZEALAND UNIVERSITIES GRADUATES ASSOCIATION (UK)

The New Zealand Universities Graduates Association (UK) was formed in 1970 with the main aim of creating and fostering opportunities for graduates of New Zealand Universities to establish contacts with other New Zealand graduates in the United Kingdom of Great Britain and Northern Ireland.

Other objects of the Association are the establishment of links with Universities, and University organisations throughout the United Kingdom and New Zealand, and to make known to visitors the names of individuals or organisations who might be helpful to them.

Membership is open to holders of a degree or equivalent professional qualification and associate-membership is available to all members of NZUSA who are not yet graduates. Subscriptions are subject to review. 1970 subscription was £stg1 (or £stg1-10-0 for membership for husband and wife).

The Secretary will be pleased to receive membership enquiries and give further information. Postal Address: Hon. Sec., N.Z. Universities Graduates Assoc., Greenlands, Keymer Road, Burgess Hill, Sussex, UK.
PRE-ENROLMENT

APPLICATION FOR ENTRY OR RE-ADMISSION TO THE UNIVERSITY

Because of insufficient accommodation, there will be a limitation on the number of students who can be enrolled for courses at the University. Every student wishing to enrol in 1973, must apply for a place at the University on the appropriate form and in accordance with the regulations. Application forms are available from the Registrar, University of Auckland, Private Bag, Auckland, or at the Enquiries counter, Administration Building, 24 Princes Street. Only those students who have been advised that a place is available to them will be permitted to enrol in 1973 and they must enrol in person at the University on the correct date prescribed for enrolment (pages 000 - 000) or else they may forfeit their place.

WITH THE FEW EXCEPTIONS LISTED BELOW APPLICATIONS TO THE UNIVERSITY FOR RE-ADMISSION (FORM A) CLOSE 10 JANUARY 1973;

FOR ENTRY FOR THE FIRST TIME (FORM B) CLOSE 31 JANUARY 1973;

the exceptions are:

Applications for entry for any course in the Faculties of Architecture and Engineering (except for the subjects of the Intermediate Examination or DipPHE) close 10 January 1973.

Applications for entry for the BSc Course in Human Biology (or for re-admission to the University to enrol for the first time for this course) close 31 July for the following year.

Applications for entry for BMus(Exec) or DipMus (or for re-admission to the University to enrol for the first time for either of these courses) must have passed the Course Entrance Examination held in September of the preceding year and applications for that Examination close 30 June 1973 for the following year.

Applications for entry or re-admission to the University to enrol for MMedSci close 15 October for the following year.
Applicants for the course DipObst must enrol not later than 1 November for the March examination in the following year or not later than 1 May for the August examination in the same year.

Applicants for the course for DipG&O must enrol not later than 1 March for the June examination and not later than 1 September for the December examination.

Students wishing to register for PhD should see their Head of Department.

Students from other New Zealand Universities wishing to transfer to this University see following notes

Students from overseas

Applicants for Terms Carried Forward, Provisional Admission, or Special Admission

Students who have failed to make sufficient progress in their course of study

NOTES

1. ADMISSION AD EUNDEN STATUM
(a) STUDENTS FROM OTHER NEW ZEALAND UNIVERSITIES WISHING TO TRANSFER TO THE UNIVERSITY OF AUCKLAND:

If you are a student on the books of another University in New Zealand wishing to transfer to the University of Auckland, you are required to make application to transfer on the appropriate form (Form C) to the Registrar not later than 10 January. A late application may be accepted until 31 January and then only with the permission of the Senate and on payment of a fine of $20.

Because the University of Auckland is unable adequately to accommodate all of the students who in 1973 will seek to gain admission, a student wishing to transfer to Auckland for any undergraduate course shall be admitted ONLY IF THERE ARE COMPELLING CIRCUMSTANCES FOR TRANSFER TO AUCKLAND.

(b) STUDENTS FROM OVERSEAS

If you are an overseas student wishing to be admitted for the first time to a New Zealand University you must

(i) if applying for graduate status, or credits at the University of Auckland, apply to this University for admission not later than 30 September for a place for the following year;

(ii) if not applying for graduate status or credits but for admission at entrance level, apply to the Overseas Students Admissions Committee (OSAC) Box 8035, Wellington, N.Z., not later than 1 July for a place for the following year.
2. TERMS CARRIED FORWARD

Applications close 10 January, but late applications will be accepted up to 31 January, on payment of a late fee of $5. Application forms are available from the Registry.

3. PROVISIONAL ADMISSION

Applications close 10 January, but late applications will be accepted up to 31 January, on payment of a late fee of $5. Application forms are available from the Registry. A limitation has been placed on the number of students that may be enrolled for the first time at this University with Provisional Admission. (Students seeking exemption for BArch (Regulations 3 and 4), BCom (Regulation 10), BE (Regulation 7), or BSc (Regulation 10) shall not for this purpose be counted as applicants for Provisional Admission.)

4. SPECIAL ADMISSION

Applications for Special Admission for DipBIA, DipBCM, DipFA, DipMus, DipPHE, and DipTP close 10 January. Application forms (Form D) are available from the Registry.

5. FAILURE TO MAKE SUFFICIENT PROGRESS IN COURSE OF STUDY — PRIOR PERMISSION OF SENATE TO RE-ENROL

Students, both graduate and undergraduate, including those transferring from another University, shall not be accepted for enrolment in 1973 unless they have made satisfactory progress or have previously obtained the permission of the Senate to enrol in 1973. For details of satisfactory progress refer pages 00-00.

A student will be deemed to have been engaged in academic studies whether or not he attempted the final examinations if at 31 March in that year he was enrolled for a unit as an internal or extramural student or had been granted Terms Carried Forward in a unit.

Applications for permission to re-enrol, with the prescribed fee of $5 close 10 January, but late applications will be accepted up to 31 January, on payment of a late fee of $10.

6. PRE-ENROLMENT INTERVIEWS

A General Information and Advisory Centre in the Student Union, 6 Alfred Street, will be open from 12 February until the end of enrolment week on 23 February. The Liaison Office will be open from 22 January. Deans of Faculties will be available during the week 12 February to 16 February to interview and advise students.
7. PENALTIES

(a) LATE PRE-ENROLMENT
A late fee of $10 will be imposed on students who have failed to apply for re-admission by 10 January but make application by 31 January.

(b) LATE ENROLMENT
A student who has been granted a place and fails to enrol on the appropriate day and morning or afternoon as set out in the enrolment timetable may forfeit his place, or if permitted to enrol
(i) may be subject to a penalty of $5 for enrolling during enrolment week on the wrong day, morning or afternoon, or
(ii) if enrolling after enrolment week will be subject to a penalty of $20 together with a further penalty of $4 for each week or part of a week that the enrolment is late.

(c) LATE ADDITIONS OR SUBSTITUTIONS TO COURSES
A fine of $4 for each week or part of a week that the application is late for alterations after the following dates:
(i) Laboratory subjects including the subject Studio, in the Faculty of Architecture and Fine Arts: After FRIDAY, 10 MARCH
(ii) Subjects of an Engineering Professional year: After the second Friday of the Semester
(iii) All other units and subjects: After 31 MARCH

(d) LATE ALTERATION OF OPTIONAL PAPERS FOR MASTERS AND OPTIONAL PAPERS FOR A SUBJECT OR UNIT FOR A DEGREE OR A DIPLOMA
A fine of $4 for each week or part of a week that the application is late: After 30 APRIL

(e) CHOICE OF COURSE
The course of study of a student making a late enrolment will be determined by the Senate and will not necessarily conform with that proposed by the student concerned. In determining such course the Senate will have regard to prior claims upon both laboratory and classroom space of students who have enrolled in accordance with the above timetable.

8. REFUND OF FEES
Students are advised to note particularly the regulation with regard to refund of fees where they alter their course after enrolment. Under this regulation a full refund of fees paid will be allowed in respect of units deleted on or before 31 March (except for subjects of the second semester of a professional year in Engineering when the last date for withdrawal is 15 August). No refund of fees will be made for subjects deleted after 31 March. Holders of Education Department bursaries, Government study awards, Training College bursaries, Secondary Teachers’ Studentships, etc. should note that the University will claim tuition fees from the Department or authority concerned in respect of those units for which they are enrolled as at 31 March and that no amendments to courses involving alteration to a claim for tuition fees can be accepted after that date.
9. LIMITATIONS

Limitations have been placed on the number of students that can be accepted in 1973 for the following courses:

**Architecture**
- For all courses in the Faculty of Architecture: 576
- First Professional for BArch: 72
- Second Professional for BArch for those qualified for the N.Z. Certificate in Draughting (Architecture): 6
- DipBCM — first year subjects of the course will be taught only if a minimum of four new enrolments are made (minimum): 4

**Arts**
- Biology: 52

**Commerce and Engineering**
- DipBIA — any unit of the course: 30

**Engineering**
- For all courses in the Faculty of Engineering (excluding Intermediate): 830
- First and Second Professional for BE — the number that can be accepted for the first time: 225

**Fine Arts**
- For all courses in the Faculty of Fine Arts: 150

**Law**
- For all courses in the Faculty of Law (excluding Intermediate): 700
- First Law Examination: 190

**Music**
- For all courses in the Faculty of Music: 100

**Science**
- Biochemistry 301 and 302, each: 20
- Cell Biology 301 and 302, each: 54
- Course in Human Biology, Pt. I: 60
- Optometry Division II: 12
- Zoology 101: 450
- Zoology 102: 400
- Zoology 201/301: 160
- Zoology 202/302: 160

LECTURE AND LABORATORY TIMETABLES

The following section contains lecture times for students taking units in the faculties of Arts, Commerce, and Science.

Timetables for lectures in the Schools of Architecture, Engineering, Fine Arts, Law, Medicine, and Music will appear on departmental noticeboards at the beginning of the session.

Notes: (1) The timetable is a basic structure only, additional information is available from the Department.

(2) Certain classes are held at times arranged by the Departments concerned, in particular these are:
   (i) lectures for Masters degree courses;
   (ii) lectures in Stage III and courses for Additional units except those listed below;
   (iii) tutorials and oral and practical classes (this applies to a large number of units);
   (iv) Stage I Science lectures are given in sets. Before the beginning of the session students will consult Departmental noticeboards to see which sets of lectures they are required to attend and to confirm the hours shown in the timetable;

Details of all the above are placed on Departmental noticeboards or promulgated at early class meetings.

(3) Departments will announce the allocation of individual courses to particular lecture hours. Some of the lecture hours shown will be used for optional or alternative courses and in some cases all lecture hours allocated may not be utilised.

SCHOLARSHIPS
BURSARIES
AND
OTHER
AWARDS
BURSARIES

The University Bursaries Regulations are published in the 'Supplement to Calendar, 1972', which is available from the Registry. Included are the definitions of full-time courses for 1973.

SCHOLARSHIPS, BURSARIES, AND PRIZES

A booklet entitled Awards Handbook 1972 is available without charge from the enquiry counter at the Registry, Princes Street. This booklet gives full details of the regulations governing scholarships, bursaries, prizes and other awards administered by the University and details of funds available for special assistance.

A handbook published annually entitled University Grants Committee Handbook gives full details of the regulations governing awards administered by the University Grants Committee. This handbook is available from Whitcombe & Tombs Ltd., booksellers and for reference in the University library.

The attention of students and graduates is drawn to the Scholarships Notice Boards in the cloister on the lower ground floor of the Old Arts Building and in the Student Union.
Review of a scholarship:

The Council, in awarding any scholarship, reserves the right to reduce the annual value of such scholarship at any time and from time to time during the tenure of it by any holder should the annual income of the funds of such scholarship, in the opinion of the Council, render such reduction expedient. All scholarships offered are subject to review in the event of the candidate being awarded other scholarships. Every holder of a scholarship shall be deemed to accept the award of same, subject to the above reservation, and notwithstanding that the value of such scholarship is set out specifically in the Regulations.

Re-award of a scholarship discontinued by the original holder:

Fresh applications may be called for in any scholarships discontinued after a period of three months or more from the original date of award; the re-award in the event of the discontinuation of the scholarship to be made on the basis of the original application if possible.

Schedules
An Act to consolidate and amend certain enactments of the General Assembly relating to the University of Auckland

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:

1. Short Title and commencement—(1) This Act may be cited as the University of Auckland Act 1961.
   (2) This Act shall come into force on the first day of January, nineteen hundred and sixty-two.

2. Interpretation—In this Act, unless the context otherwise requires,—
   “The Chancellor” means the Chancellor of the University of Auckland elected under this Act:
   “The Council” means the Council of the University of Auckland:
   “Financial year” means the financial year of the University fixed by the Council with the concurrence of the University Grants Committee:
   “General course of study” means the structure of any course for a degree or other academic qualification and the subjects of study in the course; and includes the content of any subject in the course, any set works or periods to be studied, the extent and nature of any practical work required for any such subject, any prerequisites to the course or to the subjects of study in the course, and the types of examination:
   “Lecturer” means a member of the staff of the University of Auckland who is in terms of his appointment an associate professor, a reader, a senior lecturer, or a lecturer of the University; and includes such other persons and classes of persons as the Council from time to time determines:
   “Personal course of study” means the subjects which an individual student selects for a degree or other academic qualification in accordance with the general course of study for the time being prescribed for all students for the degree or other academic qualification:
   “The Pro-Chancellor” means the Pro-Chancellor of the University of Auckland elected under this Act:
   “Professor” means a professor of the University of Auckland; but does not include an associate professor:
   “The Registrar” means the Registrar of the University of Auckland:
   “The Senate” means the Senate of the University of Auckland:
   “The University” means the University of Auckland constituted under this Act:
   “The Vice-Chancellor” means the Vice-Chancellor of the University of Auckland appointed under this Act.

3. Constitution of the University—(1) For the advancement of knowledge and the dissemination and maintenance thereof by teaching and research there shall be in the Auckland University District a University to be called the University of Auckland.

807
(2) The University shall consist of the Council, the professors emeriti, the professors, lecturers, junior lecturers, Registrar, and librarian of the University for the time being in office, the graduates and undergraduates of the University, the graduates of the University of New Zealand whose names are for the time being on the register of the Court of Convocation of the Auckland University District, and such other persons and classes of persons as the Council may from time to time determine.

(3) The University shall be a body corporate with perpetual succession and a common seal, and may hold real and personal property, and sue and be sued, and do and suffer all that bodies corporate may do and suffer.

(4) The University established under this Act is hereby declared to be the same institution as the institution of that name existing immediately before the commencement of this Act under the University of Auckland Act 1954 (as amended by the University of Auckland Amendment Act 1957), which institution was originally established under the name of the Auckland University College under the Auckland University College Act 1882.

4. University District and Court of Convocation—(1) For the purposes of this Act there shall be a district to be called the Auckland University District, comprising the area specified in the First Schedule to this Act.

(2) The boundaries of the Auckland University District may be altered from time to time by the Governor-General by Order in Council.

(3) There shall be a Court of Convocation for the Auckland University District.

(4) The said Court of Convocation shall consist of the persons whose names are enrolled on a register to be kept by the Registrar.

(5) Every person shall be entitled to have his name enrolled on the register of the Court of Convocation who—

(a) Is a graduate of the University; or

(b) Being a graduate of the University of New Zealand, either by examination at any time or by reason of having been admitted ad eundem gradum before the first day of January, nineteen hundred and forty-three, is not, by reason of that qualification, enrolled on the register of the Court of Convocation for any other University District in New Zealand, and is otherwise qualified in accordance with statutes made by the Council to be enrolled on the register of the Court of Convocation for the Auckland University District; or

(c) Not being such a graduate, is a professor or graduate full-time member of the staff of the University or a graduate member, approved by the Council as being of University status, of the staff of an institution affiliated to the University; or

(d) Is otherwise entitled in accordance with statutes made by the Council to have his name enrolled on the said register.

(6) The Council may from time to time make statutes for the keeping of the register of the Court of Convocation, which statutes may include provisions prescribing the persons and classes of persons who are eligible under paragraph (b) or paragraph (d) of subsection (5) of this section for membership of the said Court of Convocation and the conditions (whether as to payment of fee or otherwise) on which persons are entitled to have
their names enrolled in the register of the said Court; and, subject to this Act and to the said statutes, if any, the said Court shall have power to make such rules for the conduct of its business as it thinks fit and until rules governing its meetings are so made shall meet at such times and places as the Council may determine.

(7) The said Court may make representations to the Council on any matter concerning the interests of the University.

5. Visitor of the University—The Governor-General shall be the Visitor of the University, and shall have all the powers and functions usually possessed by Visitors.

The Council

6. Constitution of Council—(1) There shall be a Council of the University, to be called the Council of the University of Auckland.

The Council shall consist of—

(a) Three members to be appointed by the Governor-General:

(b) The Vice-Chancellor or, while there is no Vice-Chancellor in office or during the absence or incapacity of the Vice-Chancellor,—

(i) The Deputy Vice-Chancellor; or

(ii) While there no Deputy Vice-Chancellor in office or during the absence or incapacity of the Deputy Vice-Chancellor, the Chairman of the Senate:

(c) Five members to be appointed by the Senate, of whom four shall be professors, and one shall be a lecturer appointed by the Senate from its sub-professorial members and for the purpose of this paragraph a lecturer shall be deemed to become a member of the Senate upon his being elected as such:

(d) Six members to be elected by the Court of Convocation for the Auckland University District:

(e) One member to be elected by the governing bodies of State secondary schools, technical schools, and combined schools, and such registered private secondary schools as the Council may from time to time determine, being in all cases schools situated in the Auckland University District, each governing body to have one vote for the purposes of any such election:

(f) One member to be appointed by the Executive Committee of the Auckland University Students' Association Incorporated:

(g) Such number of members (not exceeding three) as the Council from time to time after the commencement of this Act thinks fit, to be appointed by the Council:

(h) The Mayor of Auckland.

7. Transitional provisions—(1) Upon the commencement of this Act the members of the Council who were elected or appointed under paragraphs (d), (e), (g), (h) and (i) of subsection (2) of section 6 of the University of Auckland Act 1954 shall go out of office, and shall not be replaced.

(2) The other members of the Council who were in office immediately before the commencement of this Act shall continue in office for terms expiring as follows:
(a) Of those of the said members who were appointed by the Governor-
General, the term of one (being the one who has been longest
in office at the date of the commencement of this Act) shall
expire with the thirtieth day of June, nineteen hundred and
sixty-two, the term of another (being the one who has been next
longest in office at the date of the commencement of this Act)
shall expire with the thirtieth day of June, nineteen hundred
and sixty-three, and the term of the remaining one shall expire
with the thirtieth day of June, nineteen hundred and sixty-four:

(b) The term of those of the said members who were appointed by the
Professorial Board (since called the Senate) shall expire with the
thirty-first day of December, nineteen hundred and sixty-two:

(c) The term of the member who was appointed by the Executive
Committee of the Auckland University Students' Association
Incorporated shall expire with the thirtieth day of June, nineteen
hundred and sixty-two:

(d) Of those of the said members who were elected by the District
Court of Convocation of the Auckland University District, the
term of three (being those who have been longest in office at
the date of the commencement of this Act) shall expire with the
thirtieth day of June, nineteen hundred and sixty-three, and the
term of the remaining three shall expire with the thirtieth day of
June, nineteen hundred and sixty-five.

(3) The first member to be elected under paragraph (e) of subsection
(2) of section 6 of this Act, and the three additional members to be
appointed by the Senate under paragraph (c) of that subsection, shall
come into office at the commencement of this Act or as soon thereafter as
they are elected or appointed; and if they come into office after the com-
mencement of this Act their terms shall be calculated as if they came into
office at the commencement of this Act.

8. Terms of office—(1) Subject to the provisions of this Act, the mem-
ers of the Council elected under paragraph (d) of subsection (2) of
section 6 of this Act shall hold office for a term of four years, the members
of the Council appointed under paragraphs (c) and (f) of subsection (2)
of section 6 of this Act shall hold office for a term of two years, and all
other elected or appointed members of the Council shall hold office for a
term of three years. All elected or appointed members of the Council
may from time to time be re-elected or reappointed.

(2) Elections or appointments of members of the Council to take the
place of members whose terms are due to expire with the thirtieth day
of June in any year shall be held or made not later than the third Monday
in June in that year; and members so elected or appointed shall come into
office on the first day of July following the date specified in this subsection
for their election or appointment.

(3) Appointments of members of the Council to take the place of mem-
ers whose terms are due to expire with the thirty-first day of December in
any year shall be made not later than the third Monday in December in
that year; and members so appointed shall come into office on the first
day of January following the date specified in this subsection for their
appointment.

(4) If at the time prescribed by this section for the election or appoint-
ment of any member or members of the Council no member or members

810
or insufficient members are elected or appointed, the Council may itself appoint a suitable person in the place, and for the term or the remainder of the term, of the member who should have been elected or appointed.

(5) Every member of the Council elected or appointed under any of the provisions of paragraphs (a), (c), (d), (e), and (f) of subsection (2) of section 6 of this Act, unless he sooner vacates his office under section 11 of this Act, shall continue to hold office until his successor comes into office. Every member of the Council appointed under paragraph (g) of subsection (2) of section 6 of this Act shall go out of office at the expiration of his term of office.

9. Employees as Council members—(1) No person in the employment of the University shall be eligible for office as a member of the Council, otherwise than under paragraph (b) or paragraph (h) of subsection (2) of section 6 of this Act, unless he is a member appointed by the Senate:

Provided that the Council may pay to any member for the time being of the Council who has acted, at the request of the Council, as an examiner, assessor, or moderator in any subject or examination a fee or stipend determined in accordance with paragraph (c) of section 18 of this Act, and no person to whom any such fee or stipend is paid shall be ineligible as aforesaid:

Provided also that no person shall be ineligible as aforesaid by reason of any other employment by the University if the amount paid to him in any financial year in respect of that employment does not exceed fifteen hundred dollars.

(2) A member of the Council who is in the employment of the University shall not be entitled to vote on any question before the Council or any committee of the Council which directly affects his salary or in which he, either alone or in common with other members of the staff, has a direct pecuniary interest.

10. Disqualification of members of Council—The following persons shall be incapable of being elected or appointed to be members of the Council:

(a) A mentally defective person within the meaning of the Mental Health Act 1911:

(b) A bankrupt who has not obtained his order of discharge or whose order of discharge has been suspended for a term not yet expired or is subject to conditions not yet fulfilled:

(c) A person convicted of any offence, punishable by imprisonment, unless he has received a free pardon or has served his sentence or otherwise suffered the penalty imposed on him.

11. Casual vacancies in Council—(1) Subject to subscriptions (1A) and (1B) of this section, if any elected or appointed member of the Council—

(a) Dies; or

(b) Resigns his office by writing under his hand delivered to the Registrar; or

(c) Is absent without leave from three consecutive meetings of the Council; or

(d) Becomes ineligible for election or appointment to the Council under the provision of this Act under which he was elected or appointed; or
(e) Becomes a mentally defective person within the meaning of the Mental Health Act 1911; or

(f) Is adjudged a bankrupt; or

(g) Is convicted of any offence punishable by imprisonment for a term of 2 years of more; or

(h) Is convicted of any offence punishable by imprisonment for a term of less than 2 years and is sentenced to imprisonment for that offence.

(1A) In any case to which paragraph (g) of subsection (1) of this section applies—

(a) The disqualification shall not take effect until the expiration of the time for appealing against the conviction and, in the event of an appeal against conviction, until the appeal is determined; and

(b) The member concerned shall be deemed to have been granted leave of absence until the expiration of that time, and shall not be capable of acting as a member during the period of that leave of absence.

(1B) In any case to which paragraph (h) of subsection (1) of this section applies—

(a) The disqualification shall not take effect until the expiration of the time for appealing against the conviction or the sentence and, in the event of an appeal against conviction or against the sentence or both, until the appeal is determined; and

(b) The member concerned shall be deemed to have been granted leave of absence until the expiration of that time, and shall not be capable of acting as a member during the period of that leave of absence.

(2) If any elected or appointed member of the Council becomes the Mayor of Auckland or the Vice-Chancellor, a casual vacancy shall arise in respect of the office previously held by him.

(3) Every casual vacancy in the office of an elected or appointed member of the Council (other than a member appointed under paragraph (g) of subsection (2) of section 6 of this Act) shall, as soon as practicable, be filled by the election or appointment of a new member, in place of the vacating member, in the same manner as in the case of the vacating member, and the member elected or appointed to fill any casual vacancy shall hold office for only the residue of the term of the vacating member.

12. Proceedings of Council not affected by vacancies, etc.—No act or proceeding of the Council, or of any committee thereof, or of any person acting as a member of the Council, shall be invalidated in consequence of there being a vacancy in the number of the Council at the time of that act or proceeding, or of the subsequent discovery that there was some defect in the election or appointment of any person so acting, or that he was incapable of being or had ceased to be such a member.

13. Election of members—(1) The Registrar of the University, or such other person as the Council appoints, shall be the Returning Officer for the purpose of conducting elections of members of the Council.

(2) The elections of members of the Council shall be conducted and determined, and rolls for the elections shall be prepared, in the manner prescribed by statutes or regulations of the University.
14. Meetings of Council—(1) The Council shall meet at such times and places as it determines:
   Provided that it shall meet at least once in the month of July in each year.

   (2) At any meeting of the Council six members shall form a quorum, and no business shall be transacted unless a quorum is present.

   (3) At any meeting of the Council the person presiding at the meeting shall have a deliberative vote, and in the case of an equality of votes shall also have a casting vote.

   (4) Every question before the Council shall be decided by a majority of the votes of the members present at the meeting of the Council and entitled to vote on that question.

15. Special meetings of Council—(1) The Chancellor may at any time, of his own motion, call a special meeting of the Council, and the Chancellor shall call a special meeting on the requisition in writing of any five members.

   (2) Notice of any such meeting shall be posted to each member at his usual address at least forty-eight hours before the time fixed for the meeting.

16. Council may appoint committees—(1) The Council may from time to time appoint standing or special committees.

   (2) The Council may delegate any of its powers and duties, including any powers and duties which it has by delegation from any other body or person, but (except as provided in subsection (2) of section 35 of this Act) not including this power of delegation, and not including the power to make statutes and regulations, to any such committee or to the Senate or any person; and the committee or the Senate or person, as the case may be, may, without confirmation by the Council, exercise or perform the delegated powers or duties in like manner and with the same effect as the Council could itself have exercised or performed them.

   (3) Every such delegation shall be revocable at will, and no such delegation shall prevent the exercise of any power or the performance of any duty by the Council.

   (4) Unless and until any such delegation is revoked, it shall continue in force according to its tenor.

   (5) It shall not be necessary that any person who is appointed to be a member of any such committee, or to whom any such delegation is made, shall be a member of the Council.

Powers of the Council

17. Council to be governing body of University—The Council shall be the governing body of the University through which the corporation of the University shall act, and shall have the entire management of and superintendence over the affairs, concerns, and property of the University; and, subject to the provisions of this Act and any other Act, shall in respect of all such matters have authority to act in such manner as appears to it to be best calculated to promote the interests of the University and of any other institution controlled by the Council and to promote and foster adult education:
Provided that the Council shall not make any final decision on any matter mentioned in section 36 of this Act until it has first consulted the Senate or in the case of any appointment of academic staff the committee of the Senate specified in the second proviso to that section and considered any recommendations the Senate or committee may make in that behalf, unless the Senate or committee, having had reasonable opportunity to make such recommendations, has failed so to do.

18. Appointment of professors, lecturers, etc.—Subject to the provisions of section 36 of this Act, the Council shall have power—

(a) To institute the offices of professor and lecturer and such other offices as it thinks fit in connection with the University and any other institution controlled by the Council:

(b) To appoint and remove all professors, lecturers, teachers, officers, and servants of the University and of any other institution controlled by the Council:

(c) To appoint and remove examiners, assessors, and moderators:

Provided that the fee or stipend which the Council may pay to any examiner, assessor, or moderator shall be in accordance with a scale fixed by the Council with the concurrence of the University Grants Committee.

19. Conferment of degrees—(1) The Council shall have power to confer any degree or to award any other academic qualification specified in the Second Schedule to this Act.

(2) The Council may from time to time, by statute, add to or omit from the list of degrees and other academic qualifications specified in the said Second Schedule the name or description of any degree or other academic qualification or otherwise amend the list; and every such statute shall have effect according to its tenor:

Provided that no statute adding to the said list of degrees shall come into force until it has been approved by the University Grants Committee.

(3) The Council shall, in accordance with such conditions as it may prescribe, have power to confer any degree or to award any academic distinction as an honorary degree or academic distinction:

Provided that no honorary degree or academic distinction shall be conferred on or awarded to any person by the Council unless that person has been recommended therefor by a joint committee of the Council and the Senate set up in accordance with the statutes or regulations of the University.

20. Award of certificates, etc.—The Council shall have power, under such conditions as it thinks fit, to award certificates, fellowships, scholarships, bursaries, and prizes, and to make other awards.

21. Lectures to members of the public—The Council shall have power to provide such lectures and instruction for any persons, whether or not they are members of the University, as it thinks fit, and on such conditions as it thinks fit, and may award certificates to any of them.

22. Power to make statutes and regulations—(1) Subject to the provisions of this Act and any other Act, the Council may from time to time make such statutes of the University as may in its opinion be necessary or expedient for the administration of the affairs of the University.
(2) Subject to the provisions of this Act and any other Act and to the statutes (if any) of the University, the Council may from time to time make such regulations of the University as may in its opinion be necessary or expedient for the administration of the affairs of the University.

(3) Without limiting the generality of the foregoing provisions of this section it is hereby declared that statutes and regulations so made may prescribe any matters which by this Act are required or permitted to be prescribed or with respect to which statutes or regulations are, in the opinion of the Council, necessary or expedient for giving effect to this Act.

(4) Subject to the provisions of section 36 of this Act and, where so required by any Act, to the consent of the University Grants Committee or the Curriculum Committee, the Council may make statutes or regulations with respect to all or any of the degrees and other academic qualifications, certificates, fellowships, scholarships, bursaries, prizes, and awards of the University which the Council may confer or award, and with respect to general courses of study and personal courses of study for the same.

(5) All such statutes and regulations shall be in writing.

(6) No statute passed by the Council of the University as aforesaid shall come into force until it has been approved by the Governor-General.

(7) All such statutes and regulations shall have effect according to their tenor, and shall be published by the Council.

(8) A copy of any such statute or regulation under the seal of the University shall be sufficient evidence in all Courts of the same and of its having been made and (where necessary) approved in accordance with this section.

23. Seal of the University—The seal of the University shall be in the custody of the Registrar or such other officer as the Council may appoint, and shall not be affixed to any document except pursuant to a resolution of the Council, or by the authority of a resolution of a committee of the Council acting in accordance with an authority for that purpose conferred upon it by the Council.

24. Admission of students—(1) Every person who is academically qualified for entrance to a University in New Zealand in accordance with the requirements of the Universities Entrance Board shall be eligible to matriculate at the University without further examination.

(2) The Council shall have power to decline to enrol any student at the University, or in a particular course or courses, or in classes in a particular subject or subjects on the ground of—

(a) The person not being of good character; or
(b) Misconduct or a breach of discipline on the part of the student; or
(c) The person not having attained the age of sixteen years on the previous thirty-first day of December, or the person not having attained any other age prescribed in respect of any course of study by any course regulations within the meaning of the Universities Act 1961; or
(d) The person being enrolled for full-time instruction in a secondary school, technical school, combined school, district high school, or registered private secondary or technical school; or
(e) Insufficient academic progress by the student after a reasonable trial at the University or at any other University or University College of Agriculture; or

(f) Insufficiency of accommodation or of teachers in the University or in a faculty or department of the University; or

(g) The person not having satisfied any conditions prescribed by any course regulations within the meaning of the Universities Act 1961.

(3) The Council shall, as soon as practicable after the commencement of this Act, make a statute or statutes governing the persons and classes of persons who may be enrolled or refused enrolment as external students of the University, and the conditions under which, and the subjects and courses for which, they may be so enrolled or refused enrolment. The Council may from time to time make further statutes for all or any of the purposes specified in this subsection, and may by statute repeal or amend any statute made under this subsection. No statute made under this subsection shall come into force until it has been approved by the University Grants Committee.

(4) For the purposes of paragraph (f) of subsection (2) of this section the Council may, if it thinks fit, from time to time make statutes defining the circumstances in which insufficiency of accommodation or of teachers in the University or in a faculty or department of the University shall be deemed to exist, and the maximum number of students who may be admitted to any course or class. No such statute shall come into force until it has been approved by the University Grants Committee. Every such definition that is made by statute under this subsection shall be conclusive for all purposes.

(5) Where any person has obtained in any University or other place of learning any degree or other academic qualification or part thereof substantially corresponding or equivalent, in the opinion of the Senate, to any degree or other academic qualification or part thereof which the Council is empowered to confer or award, the Council may admit that person at its discretion ad eundem statum in the University without further examination and may withdraw any such admission at any time.

(6) A person admitted to the status of the holder of a degree or other academic qualification or part thereof of the University shall not be deemed to be the holder of the degree or other academic qualification or part thereof, nor shall he be entitled to be enrolled as a graduate of the University, but he shall be entitled to proceed to any degree or other academic qualification of which the degree or other academic qualification or part thereof to the status of which he has been admitted is a prerequisite upon the same terms and conditions as those upon which a holder of the degree or other academic qualification or part thereof is entitled so to proceed.

(7) Where a person who has been a student of another University and has matriculated at any University in New Zealand is admitted to the University of Auckland, the Council of that University shall give him such credits as it considers appropriate for any units or subjects which he has already passed in New Zealand and with which he has been credited towards a degree or other academic qualification in his former University or grant him such exemptions as it considers appropriate, so that he may complete his course without suffering undue hardship as a consequence of his transfer.
(8) Any person who is eligible to be admitted or who has been admitted to a degree of the University of New Zealand, or who has been admitted \textit{ad eundem} at graduate status by the Senate of the University of New Zealand shall be deemed to be of equivalent status in the University of Auckland for the purpose of proceeding to a degree or other academic qualification of the University of Auckland, and shall, subject to the course regulations for the degree or other academic qualification for which he is a candidate, be eligible to proceed to the degree or other academic qualification:

Provided that, in approving his personal course of study, the Senate may, at its discretion, require any such person to complete such supplementary courses as it thinks fit either as a prerequisite to or concurrently with his course of study for the degree or other academic qualification for which he is a candidate.

(9) The provisions of subsection (8) of this section shall, with the necessary modifications, apply to any person who is eligible to be awarded or who has been awarded a diploma of the University of New Zealand, or to any person who has been admitted \textit{ad eundem} by the Senate of the University of New Zealand to the status of a holder of a diploma of that University.

\textbf{The Chancellor and Pro-Chancellor}

25. Election of Chancellor—(1) At its first meeting held in the month of July in the year nineteen hundred and sixty-two, and in every third year thereafter, the Council shall elect one of its members to be the Chancellor of the University of Auckland:

Provided that the Vice-Chancellor or any other person who is for the time being a member of the Council under paragraph (b) of subsection (2) of section 6 of this Act or a member of the Council appointed by the Senate shall not be so elected.

(2) The Chancellor shall be the ceremonial head of the University and the Chairman of the Council.

(3) Unless the Chancellor resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, he shall continue to hold the office until his successor is elected, and (subject to the provisions of section 10 of this Act) shall be eligible for re-election:

Provided that, upon any person completing two consecutive terms each of three years as Chancellor, he shall cease to be eligible for re-election as Chancellor until after the lapse of a period of three years during which he did not hold that office.

(4) If the Chancellor resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, the Council shall elect some eligible person to be the Chancellor for the remainder of the term for which the vacating Chancellor was elected.

(5) For the purpose of the election of the Chancellor for any term, the Registrar of the University shall preside at the meeting, but shall not be entitled to vote. In the event of an equality of votes the election shall be determined by lot.
26. Election of Pro-Chancellor—(1) At its first meeting held in the month of July in each year, the Council shall elect one of its members who is eligible to be elected as Chancellor to be the Pro-Chancellor of the University of Auckland.

(2) Unless the Pro-Chancellor sooner resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, he shall continue to hold the office of Pro-Chancellor until his successor is elected, and (subject to the provisions of section 10 of this Act) shall be eligible for re-election.

(3) If the Pro-Chancellor resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act or is elected to be the Chancellor he shall thereupon vacate the office of Pro-Chancellor, and the Council shall elect one of its members who is eligible to be elected as Chancellor to be the Pro-Chancellor of the University of Auckland for the remainder of the term.

(4) During any vacancy in the office of Chancellor, or in the absence of the Chancellor from New Zealand, or while he is incapacitated by sickness or otherwise, the Pro-Chancellor shall have and may exercise and perform all the powers and duties of the Chancellor, other than his powers in relation to the conferring of degrees and the award of other academic qualifications and distinctions.

27. Right to preside at meetings of Council—The Chancellor shall preside at every meeting of the Council at which he is present. If at any meeting of the Council the Chancellor is not present or there is no Chancellor, the Pro-Chancellor shall preside at the meeting; and if the Pro-Chancellor also is not present at the meeting or there is no Pro-Chancellor, the Council shall appoint some member present to preside at that meeting. The Pro-Chancellor or person so appointed shall have and may exercise in any such case all the powers and functions of the Chancellor for the purposes of the meeting.

The Vice-Chancellor and Deputy Vice-Chancellor

28. Vice-Chancellor—(1) The Council may from time to time appoint some fit and proper person to be the Vice-Chancellor of the University of Auckland.

(2) The Vice-Chancellor shall have the following functions, powers, and duties:

(a) He shall be the academic and administrative head of the University;

(b) He shall, by virtue of his office, be a member of the Council, Chairman of the Senate, a member of every faculty, and a member of every committee set up by the Council or the Senate;

(c) He shall have such duties as the Council, subject to the provisions of this Act, may from time to time specify;

(d) He may, during the intervals between meetings of the Senate, exercise alone (but subject always to the control of the Council and to a right of appeal to the Senate) such of the powers of the Senate as to maintaining the discipline of the University as may be prescribed in that behalf by statutes or regulations made under the authority of this Act:
(e) On the occurrence from any cause of a vacancy in the office of Chancellor, or in the absence of the Chancellor from New Zealand, or while he is incapacitated by sickness or otherwise, the Vice-Chancellor shall exercise the powers of the Chancellor in relation to the conferring of degrees and the award of other academic qualifications and distinctions.

(3) The Vice-Chancellor may appoint any member of the Senate to attend in his place the meeting of any board, committee, or other body which is not constituted by or under this Act (whether created by or under any other Act or otherwise) of which the Vice-Chancellor is a member. Any person so appointed shall while so attending be deemed for all purposes to be a member of the board, committee, or other body and may exercise all the rights and powers which the Vice-Chancellor could have exercised had he been personally present. The fact that any member of the Senate so attends shall be sufficient evidence of his authority so to do.

29. Deputy Vice-Chancellor—(1) The Council may from time to time appoint a professor as the Deputy Vice-Chancellor of the University of Auckland.

(2) The Deputy Vice-Chancellor shall hold office for such period as may be determined by the Council.

(3) The Deputy Vice-Chancellor may exercise such of the Vice-Chancellor's functions, powers, and duties, whether arising under any Act or otherwise, as the Council, upon the recommendation of the Vice-Chancellor or (in the absence of such a recommendation) of its own motion, may from time to time either specially or generally delegate to the Deputy Vice-Chancellor.

(4) In addition to the powers conferred upon him by subsection (3) of this section, the Deputy Vice-Chancellor shall, during any vacancy in the office of Vice-Chancellor, or in the absence of the Vice-Chancellor from New Zealand, or while he is incapacitated by sickness or otherwise, be Chairman of the Senate and may exercise such other of the Vice-Chancellor's functions, powers, and duties, whether arising under any Act or otherwise, as the Council may determine.

The Senate

30. Constitution of Senate—(1) There shall be a Senate of the University of Auckland.

(2) The Senate shall consist of:
(a) The Vice-Chancellor:
(b) The professors of the University:
(c) The librarian of the University:
(d) Two lecturers to be elected by the full-time lecturers of the University:
(e) Such other members of the University as the Council, with the advice of the Senate, may from time to time appoint.
(3) The elections of members of the Senate under paragraph (d) of subsection (2) of this section shall be conducted and determined in the manner prescribed by statutes or regulations of the University, which statutes or regulations may define the time of holding any such election, the persons and classes of persons eligible to vote at those elections, and the term for which persons so elected shall hold office.

(4) The Senate of the University of Auckland is hereby declared to be the same body as the Professorial Board of the University of Auckland constituted by section 23 of the University of Auckland Act 1954; and every reference in any enactment or document to the Professorial Board of the University of Auckland shall hereafter be read as a reference to the Senate of the University of Auckland.

31. Chairman of Senate—(1) Whenever there is no Vice-Chancellor or Deputy Vice-Chancellor in office, the Senate shall, at its first meeting held thereafter and at its first meeting in each year, elect one of its members, being a professor, to be the Chairman of the Senate; and if it fails to do so the Council may appoint a professor to be the Chairman of the Senate.

(2) The person so appointed shall hold office until the appointment of a Vice-Chancellor or Deputy Vice-Chancellor or until the election or appointment of his successor under this section, whichever happens first, and shall be eligible for re-election or reappointment, but shall not hold office for more than two terms in succession.

32. Meetings of Senate—(1) The person who is entitled in accordance with the provisions of sections 28, 29, and 31 of this Act to be Chairman of the Senate at any meeting thereof at which he is present shall preside at that meeting. In the absence of any such person from any such meeting, the members present shall elect one of their number to be Chairman for the purposes of that meeting and the person so elected shall preside at that meeting.

(2) At any meeting of the Senate the person presiding shall have a deliberative vote, and in the case of an equality of votes shall also have a casting vote.

(3) Every question before the Senate shall be decided by a majority of the valid votes recorded thereon.

(4) At every meeting of the Senate a quorum shall consist of such number of members as the Senate from time to time determines, and no business shall be transacted unless a quorum is present.

(5) Save as expressly provided in this Act, the Senate shall have power to make rules as to the time and place of its meetings and the procedure thereat;

Provided that it shall meet at least once in each year.

33. Proceedings of Senate not affected by vacancies, etc.—No act or proceeding of the Senate, or of any committee thereof, or of any person acting as a member of the Senate, shall be invalidated in consequence of there being a vacancy in the number of the Senate at the time of that act or proceeding, or of the subsequent discovery that there was some defect in the appointment of any person so acting, or that he was incapable of being or had ceased to be such a member.
34. Functions of Senate—(1) The Senate shall have power of its own motion, or at the request of the Council, to make recommendations or reports to the Council on any matter affecting the University.

(2) The Senate shall be specially charged with:
(a) The duty of furthering and co-ordinating the work of faculties and departments and of encouraging scholarship and research; and
(b) The control of the Library.

(3) The Senate shall have power to deal with all matters relating to the maintenance of discipline amongst the students of the University, and shall have such powers of fining, suspending, and expelling students guilty of misconduct or breaches of discipline, and such other powers of whatsoever kind as may be conferred on it by statutes or regulations made under the authority of this Act:
Provided that any person aggrieved by any action of the Senate may appeal to the Council, whose decision shall be final.

(4) The Senate shall have power to approve personal courses of study proposed by individual students:
Provided that the Senate shall not approve personal courses of study for a degree or other academic qualification in such a way as to introduce general restrictions not provided for in the course regulations governing the course of study for that degree or other academic qualification.

35. Senate may appoint committees—(1) The Senate may from time to time appoint standing or special committees.

(2) The Senate may delegate any of its powers and duties (including any powers and duties which it has by delegation from the Council or any other body or person) to any such committee or to any person; and the committee or person may, without confirmation by the Senate, exercise or perform those powers or duties in like manner and with the same effect as the Senate could itself have exercised or performed them:
Provided that the Council may prohibit, or impose conditions in respect of, the delegation by the Senate of any power or duty that is delegated to the Senate by the Council.

(3) Every such delegation shall be revocable at will, and no such delegation shall prevent the exercise of any power by the Senate.

(4) Unless and until any such delegation is revoked, it shall continue in force according to its tenor.

(5) It shall not be necessary that any person who is appointed to be a member of any such committee, or to whom any such delegation is made, shall be a member of the Senate.

36. Council to consult Senate on academic matters—(1) The Council shall not make any statute or regulation or decision in relation to entrance to the University or to any course of study or to the prescription of any subject for any degree or other academic qualification or certificate, or to any fellowship, scholarship, bursary, prize, or award or the examination or qualification therefor, or to the admission, attendance, and discipline of students, or to examinations and other academic tests, or to the institution of the offices of professor or lecturer, or to the appointment or removal of academic staff, including the Vice-Chancellor and Deputy Vice-Chancellor, or to the appointment of examiners, assessors, or moderators, or to honorary degrees and other academic distinctions, or to the affiliation
of any institution or branch or department thereof, until it has first received and considered any recommendation that the Senate may make in that behalf, unless the Senate, having had a reasonable opportunity to make such a recommendation, has failed to do so:

Provided that a decision to confer an honorary degree or academic distinction shall be made in the manner provided in subsection (3) of section 19 of this Act, and nothing in this section shall apply to such a decision:

Provided also that in the case of appointments to the academic staff, or removal of academic staff, the Council shall need only to secure a recommendation from a committee of the Senate appointed under section 35 of this Act.

(2) Nothing in the foregoing provisions of this section shall limit any power conferred on the Senate by section 35 of this Act to delegate any of its powers and duties.

Affiliated Institutions

37. Admission of affiliated institutions—(1) The Council may, on such terms and conditions and subject to such inspections, reports, and inquiries as it thinks fit, affiliate other institutions or branches or departments thereof situated within the Auckland University District, or recognise selected members of the staffs thereof as teachers of the University, or admit the members thereof to any of the privileges of the University and accept attendance at courses of study in such institutions or branches or departments thereof in place of such part of the attendance at courses of study in the University and upon such terms and conditions and subject to such regulations as may from time to time be determined by the Council.

(2) The Council may at any time revoke any such affiliation, recognition, admission, or acceptance.

Financial Provisions

38. Benefactions to be strictly applied—Subject to the provisions of the Charitable Trust Act 1957, all benefactions at any time vested in or enjoyed by the University with a declaration of trust, or as an endowment for the promotion of any particular branch of science or learning, shall be applied strictly by the Council accordingly.

39. Application of income and capital of University—(1) Subject to the provisions of this Act and any other Act and to the terms of any trust or endowment, the income and capital of the University shall be applied in doing whatever the Council thinks expedient in order that the University may best accomplish the purposes for which it is established.

(2) Without limiting the generality of the foregoing provisions of this section it is hereby declared that the Council may from time to time, out of income which may be applied in accordance with those provisions, create, maintain, and add to a fund or funds for any one or more of the purposes for which that income may be applied.
40. Money to be paid into bank—(1) All money received by the University amounting to ten pounds and upwards shall, as soon as practicable after it has come into the hands of the proper officer of the University, be paid into such bank account or accounts of the University as the Council from time to time determines.

(2) No such money shall be withdrawn from the bank except by authority of the Council and by cheque signed by an officer of the University approved by the Council, and countersigned by a member of the Council, or by another officer of the University, approved by the Council:

Provided that it shall be lawful, with the prior consent in writing of the Audit Office and subject to such conditions as the Audit Office prescribes, for any money to be paid by the Council by cheque issued by means of a cheque-writing machine, and every such cheque issued by means of such a machine and bearing a facsimile of the signature of the persons authorised pursuant to the provisions of this section to sign and countersign cheques shall be deemed to have been duly signed and countersigned in accordance with the provisions of this section.

41. Loan money to be paid into a separate account—All money borrowed by the Council on behalf of or for the purpose of the University, other than money borrowed under section 51 of this Act, shall be paid into a separate bank account in the name of the loan, and shall not be drawn out of the bank or expended except for the special purposes for which it was borrowed.

42. Investment of money—Subject to the terms of any trust or endowment, any money belonging to or vested in the University and available for investment may be invested in accordance with the provisions of the Trustee Act 1956 as to the investment of trust funds, or in such other manner as the Minister of Finance from time to time approves.

43. Provision for Common Fund investment—(1) The Council may at any time, if it thinks fit, establish the following funds and account:

(a) A Common Fund to be known as the University of Auckland Common Fund:

(b) A Reserve Fund to be known as the University of Auckland Common Fund Reserve Fund:

(c) A Common Fund Income Account to be known as the University of Auckland Common Fund Income Account.

(2) Subject to the provisions of this section, if the Council has established the said funds and account, it may invest any trust funds in its possession, whether at the time in a state of investment or not, whether they came into its possession before or after the commencement of this Act, and whether they comprise the whole or part of the trust estate to which they belong, either—

(a) On a separate account in respect of the trust estate to which the funds belong; or

(b) If the funds are not directed to be invested in some other specified manner, and investment in the said Common Fund is not inconsistent with the terms of the trust instrument (if any) governing the funds, as part of the said Common Fund.
(3) All funds forming part of the said Common Fund shall be invested in the manner required by section 42 of this Act.

(4) Where any funds of a trust estate are in the possession of the Council and are lawfully invested in any investment in which the said Common Fund may be invested as aforesaid, then, if in accordance with paragraph (b) of subsection (2) of this section the funds could be invested as part of the said Common Fund, the Council may transfer that investment to the said Common Fund and give credit in that Fund to the trust estate for such amount as it considers proper, having regard to its duty to be fair to all those interested in the said Common Fund and to those beneficially interested in the capital and income of the trust estate to which the investment belongs. Upon any investment being so transferred it shall cease to form part of the trust estate to which it formerly belonged.

(5) Investments made from funds forming part of the said Common Fund shall not be made on account of or belong to any particular trust estate, but the Council shall cause to be kept an account showing at all times the entitlement of each trust estate in the said Common Fund.

(6) All income derived from the said Common Fund and from the investments and money included therein shall be paid into the said Common Fund Income Account.

(7) In each year interest on the amount of the entitlement of each trust estate in the said Common Fund shall be transferred from the said Common Fund Income Account and credited to that trust estate at such uniform rate as may from time to time be determined by the Council:

Provided that in no case shall the rate so determined be lower than one-half per cent below the rate which would be so paid if all the income paid into the said Common Fund Income Account in that year was so transferred.

(8) The Council shall also each year pay into the said Reserve Fund—

(a) All income in the said Common Fund Income Account which is not transferred to any trust estate in that year in accordance with subsection (7) of this section:

(b) All capital gains arising in connection with the said Common Fund.

(9) The funds forming part of the said Reserve Fund shall be kept separate from all other trust funds, and shall be invested in the manner authorised by section 42 of this Act.

(10) All income paid into the said Reserve Fund as aforesaid, and all income derived from the said Reserve Fund and from the investments and money included therein shall be applied as the Council thinks fit in any one or more of the following ways:

(a) Towards augmenting the capital of the said Reserve Fund:

(b) Towards stabilising or increasing the income of the said Common Fund:

(c) Towards reinstating any losses of capital in the said Common Fund.

(11) The capital of the said Reserve Fund may, if the Council thinks fit, be applied in reinstating any losses of capital in the said Common Fund.

(12) The Council may at its discretion at any time withdraw from the said Common Fund any amount for the time being to the credit of any trust estate in the said Common Fund; and where any amount is being so withdrawn—
(a) If the capital of the said Reserve Fund has increased while the said amount was in the said Common Fund, the Council shall pay out of the said Reserve Fund and add to the amount so withdrawn, as capital, such amount (if any) as it considers equitable having regard to the length of the period during which the amount was in the said Common Fund and to the proportion which the said amount bears to the average amount of the total assets of the said Common Fund during that period:

(b) If losses of capital in the said Common Fund have occurred during the said period, then, so far as those losses have not been reinstated and cannot be reinstated from the amounts in the said Reserve Fund at the time of the withdrawal, that amount shall bear its proportion of those losses, as determined by the Council, and the amount being so withdrawn shall abate accordingly.

44. Travelling allowances and expenses of members of Council—(1) The Council may pay to each of its members travelling allowances and expenses; and, in respect of travel in New Zealand, those allowances and expenses shall not exceed those payable in accordance with the Fees and Travelling Allowances Act 1951, and the provisions of that Act shall apply accordingly.

(2) In respect of travel in New Zealand the Council is hereby declared to be a statutory Board within the meaning of the Fees and Travelling Allowances Act 1951.

45. Council may insure members against personal accident while engaged in duties—The Council may from time to time enter into contracts of insurance of a type for the time being approved by the Minister of Education insuring members of the Council against loss from personal accident arising out of and in the course of the exercise of their powers or duties as members of the Council, and may pay the premiums payable in respect of those contracts.

46. Unauthorised expenditure of Council—The Council may in any financial year of the University expend out of the general fund of the University for purposes not authorised by any law for the time being in force any sum or sums not exceeding in the aggregate a one-thousandth part of the revenue of the University from all sources for the immediately preceding financial year.

47. Council to prescribe fees—There shall be payable by the students of the University or any of them such fees as the Council from time to time prescribes:

Provided that scales of tuition and of examination fees may be so prescribed only with the concurrence of the University Grants Committee.

48. Fees payable to associations of students—The Council shall have power to impose and collect from time to time from students of the University or from any of them such fees as it considers reasonable for the benefit of any association or organisation of students of the University, and to dispose of those fees accordingly.
49. Grants by Council to associations of staff or students—The Council may from time to time make grants or loans from its funds on such terms and conditions as it thinks fit to any association or organisation of staff or students of the University.

50. Powers of Council in respect of property—(1) Without limiting or in any way affecting any other powers conferred upon the Council by the Auckland University College Reserves Act 1885 or this Act or any other Act or by law, it is hereby declared that, subject to the provisions of this section, the Council may do all or any of the following things on behalf of and for the purposes of the University, namely:

(a) Establish, build, maintain, repair, add to, alter, rebuild, reinstate, conduct, manage, and control halls of residence for students and academic staff, and houses for academic staff and any other of its employees whatsoever, and buildings and rooms and other facilities for the recreation or social use of students, academic staff, and other employees:

(b) Purchase, take a lease, or otherwise acquire any real or personal property for any purposes whatsoever in connection with the University or any institution controlled by the Council:

(c) With the consent of the Minister of Education in the case of land and in other cases without his consent, sell or otherwise alienate any right, title, estate, or interest in any real or personal property vested in the University:

(d) With the consent of the Minister of Education, borrow money from the Crown or, on such terms and conditions as may be fixed by the Minister of Finance, from any corporation or person; and (for the purpose of securing any money so borrowed) mortgage, charge, or pledge any right, title, estate, or interest in any land vested in the University:

(e) Grant leases of any land vested in the University; and for that purpose the Council is hereby declared to be a leasing authority within the meaning of the Public Bodies' Leases Act 1908:

(f) On such conditions as may be prescribed by the Minister of Finance, guarantee loans made to members of the staff for housing purposes by other persons and bodies.

(2) Notwithstanding anything to the contrary in the Public Bodies' Leases Act 1908 or in any lease granted by the Council, the Council may—

(a) In its absolute discretion, at any time not earlier than three years nor later than one year before the date of the expiration of any lease of any land vested in the University that does not confer a right of renewal, grant a renewal of the lease upon such terms as it thinks fit; and the provisions of this paragraph shall apply to any such lease whether granted before or after the commencement of this Act:

(b) With the consent of the Minister of Education, grant leases of land vested in the University upon such terms as that Minister may approve:

(c) Grant leases and licenses for the extraction and removal of coal and other minerals from land vested in the University at such rent or royalties and upon such terms and conditions as the Council may determine.
(3) The Minister of Education is hereby empowered to make advances upon such terms as the Minister of Finance may approve to the Council for the purposes of the University out of money appropriated by Parliament for the purpose.

51. Power to borrow by way of overdraft or temporary loan—In addition to the powers conferred by section 50 of this Act, it shall be lawful for the Council, in anticipation of its revenue, from time to time to borrow money by way of overdraft or on temporary loan on behalf of and for the purposes of the University:

Provided that the amount so borrowed shall not at any time exceed one-twelfth of the revenue of the University from all sources during the immediately preceding financial year of the University:

Provided also that at the end of any financial year of the University the amount of the overdraft or loan shall not exceed the outstanding revenue due to the University in respect of that financial year.

52. Annual report and statement of accounts—(1) The Council shall, during the month of April in every year, furnish to the Minister of Education and to the University Grants Committee a report on the University during the immediately preceding year.

(2) The Council shall also, as soon as practicable after the end of every financial year of the University, furnish to the Minister of Education and to the University Grants Committee a statement of the assets and liabilities of the University as at the end of that financial year, together with an account of income and expenditure showing the financial transactions for that year, which statement and account shall be audited by the Audit Office.

Repeals and Savings

53. Repeals and savings—(1) The enactments specified in the Third Schedule to this Act are hereby repealed.

(2) All bylaws which originated under any of the enactments hereby repealed or under the corresponding provisions of any former enactment and are subsisting or in force on the commencement of this Act shall endure for the purposes of this Act as fully and effectually as if they had originated as regulations under the corresponding provisions of this Act, and accordingly shall, where necessary, be deemed to be regulations and to have so originated; and every reference to any such bylaw in any Act, regulation, order, or other enactment, or in any instrument or document whatsoever shall, after the commencement of this Act, unless inconsistent with the context, be read as a reference to a regulation made under the corresponding provisions of this Act.

THIRD SCHEDULE

ENACTMENTS REPEALED

1954, No. 74—The University of Auckland Act 1954.
1957, No. 25—The University of Auckland Amendment Act 1957.
Pursuant to Section 4 of the University of Auckland Act 1961

1. This Statute may be cited as the Court of Convocation Statute 1962.

2. The Registrar of the University shall prepare and maintain a register to be known as the Register of the Court of Convocation for the Auckland University District and shall (subject to Section 5 hereof) enrol thereon the names and addresses (so far as such addresses are known) of all persons entitled to be so enrolled under Section 4 of the said Act and under Section 3 of this Statute.

3. Under and for the purposes of sub-section 5 of Section 4 of the said Act each person shall be entitled to have his name enrolled on the Register of the Court of Convocation (without fee) who being a graduate of the University of New Zealand either by examination at any time or by reason of having been admitted ad eundem gradum before the 1st day of January, 1943 is not by reason of that qualification enrolled on the register of the Court of Convocation for any other University District in New Zealand and

   (i) under Section 23A of the New Zealand University Act 1908 was enrolled or entitled to be enrolled on the register of the District Court of Convocation of the Auckland University District at the 31st day of December, 1961

   or (ii) was an undergraduate member of the University of Auckland at the 31st day of December, 1961 and became a graduate of the University of New Zealand after that date

   or (iii) at a date after the 31st day of December, 1961 and immediately before his enrolment had resided in the Auckland University District for a period of not less than three calendar months.

4. Except as provided in Section 5 hereof it shall not be necessary for any person entitled to be so enrolled on the register to apply for enrolment.

5. Every person who is entitled to be enrolled on the register under paragraph (iii) of Section 3 of this Statute may apply to the Registrar for enrolment and upon making that application and producing such evidence of the facts and matters entitling him to enrolment as the Registrar may reasonably require shall be enrolled on the register.

6. Any enrolled member of the Court may, by notice under his hand delivered to the Registrar, object to the register on the ground that any person whose name is on the register does not possess the necessary qualifications.

7. The Registrar shall enquire into and dispose of any such objection forthwith after receiving it.

8. Any person aggrieved by any decision or act of the Registrar relating to the register may appeal therefrom to the Council by notice under his hand, addressed to the Chancellor, and delivered at the University not later than 5 o'clock on the afternoon of the seventh day before the day on which the register is to be closed for the purposes of an impending election.

9. Every such appeal shall be heard and determined by the Council or a Committee appointed by the Council and the Registrar shall amend the register in such manner as the Council or the Committee when disposing of the appeal directs.
10. (a) Any member of the Court having changed his address shown on the Register may request the Registrar to amend the register in respect of that address and the Registrar shall make such amendment accordingly.

(b) The Registrar being satisfied (otherwise than under the preceding paragraph (a) of this section) that the address of a member of the Court has been changed may amend the register in respect of that address provided that he shall forthwith post notices of that amendment to the member at both the old and the new address.

11. The Registrar shall expunge from the register the name of any person who has died or has ceased to be entitled to be enrolled thereon, and he shall be entitled to make any amendment of name made necessary by marriage.
THE COUNCIL ELECTIONS (COURT OF CONVOCATION REPRESENTATIVES)

Regulations

1. These regulations may be cited as the Council Elections (Court of Convocation Representatives) Regulations.

2. For the purposes of conducting the elections to the Council by the Court of Convocation an electoral roll shall be prepared and revised from time to time of the names of those members of the Court who are eligible to vote in accordance with these regulations.

3. The members of the Court who are eligible to vote at an election by the Court are those members (but no other members) who
   (a) voted at the last two preceding elections
   (b) (having had their names entered on the Court register since the penultimate election) voted at the last preceding election
   (c) have had their names entered on the Court register since the last preceding election
   (d) (not being in any of the foregoing categories) apply for a voting paper by letter delivered or posted to the Returning Officer so as to be received by him on or before 5 o'clock in the afternoon of the 14th day preceding the day on which the election is to be held.

4. In these Regulations and the forms contained herein:
   ‘the roll’ means the electoral roll prepared in accordance with this regulation
   ‘elector’ and ‘voter’ respectively refer to those members of the Court whose names are for the time being entered on the electoral roll.

5. The date of Election shall be determined by the Returning Officer and reported to the Council.

6. Whenever any election is to be held the Returning Officer shall (not less than forty days before the election) by notice in at least two newspapers, published in the City of Auckland, call for nominations of candidates to be lodged with him on or before a day, to be fixed by him, being not less than ten days from the date of the first advertisement, which notice shall be in the following form (or in a form to the like effect):

   THE UNIVERSITY OF AUCKLAND

   Election of ....................... Member(s) of the Council by the Court of Convocation for the Auckland University District.

   An election of ....................... member(s) will be held at 5 p.m. on the ....................... day of ................., 19..........., at the office of the Registrar of the University, Princes Street, in the City of Auckland.

   No person shall be recognized as a candidate at this election unless he shall have been previously nominated in a document signed by two electors, and unless such nomination paper shall have been delivered to the Returning Officer by postal delivery or otherwise not later than 5 p.m. on the ....................... day of ................., 19............

   The roll of electors will remain open for inspection and additions until 5 p.m. on the fourteenth day before the election and will then be closed. Immediately thereafter the Returning Officer will issue the voting papers to such voters as are shown in the roll with sufficient postal address (of which the Returning Officer shall be the sole judge).

   Retummg Officer

831
7. The roll shall be closed at five o'clock in the afternoon of the fourteenth day immediately preceding the day on which an election is to be held, and shall continue to be closed until the election is completed; and no name shall be entered on the roll while it is closed. Immediately thereafter the Returning Officer shall issue the voting papers simultaneously to such voters as are shown in the roll with sufficient postal address (of which the Returning Officer shall be the sole judge); nor shall any voting paper be sent to any person whose address is not within New Zealand, Fiji, Samoa or Australia.

8. Notwithstanding anything above set out, the Returning Officer shall issue a voting paper to any elector whose name appears on the roll and who shall apply in writing to the Returning Officer for a voting paper on the ground that his voting paper is lost or destroyed or defaced or that no voting paper has been issued to him.

9. At every election the votes shall be given by sealed voting papers issued by the Returning Officer in the form prescribed by these regulations, delivered to the Returning Officer on or before the day and time fixed for holding the election, or posted to him in a sealed envelope on or before that day.

10. In any election to fill a casual vacancy the notice of advertisement calling for nominations shall state that the vacancy is a casual one.

11. If an election for filling a casual vacancy be appointed to be held at the same time as an election for the filling of a vacancy occurring by rotation, hereinafter called an ordinary vacancy, separate voting papers shall be issued for each election and each nomination and each voting paper shall specify to which election it relates, and at the time of election the Returning Officer shall first complete the election for filling the casual vacancy or vacancies; and when such election shall be complete, he shall at once proceed to complete the election for filling the ordinary vacancy.

12. When two or more elections are to take place as contemplated in the last preceding Regulation, then in every advertisement relating to such an election, notice shall be given that no nomination paper will be valid, unless it distinctly indicates to which of the vacancies it shall relate.

13. Nominations shall be made by two persons qualified to vote and shall contain the written consent of the candidate to his nomination.

14. Nominations shall be in the following form (or in a form to the like effect):

THE UNIVERSITY OF AUCKLAND

Election to be held on ............... the ............. day of ...............

We, ........................................ and ........................................................
being duly qualified voters, hereby nominate

...............................................................

of ...............................................................
for election to the Council by the Court of Convocation for the Auckland University District.

Date.................................

I consent to the above nomination.
15. If the nominations received do not exceed the number of vacancies, the Returning Officer shall declare the candidate(s) duly elected.

16. Every voting paper shall be in the form following or to the like effect, that is to say:

A. Front of voting paper:

VOTING PAPER
COUNCIL OF THE UNIVERSITY OF AUCKLAND
ELECTION OF MEMBERS
By the Court of Convocation
for the Auckland University District.

Directions.
There are vacancies. The voter may vote for any number of candidates up to the maximum number of candidates to be elected.
The voter is to put a cross (X) in the square opposite to the name or names of the candidates for whom he desires to vote.

THE VOTER MUST SIGN HIS NAME AND ADDRESS ON THE BACK OF THIS CARD.

The voting paper shall here be perforated horizontally.

B. Back of voting paper (below perforation):

I declare that I am not, by reason of my being a graduate of the University of New Zealand (either by examination at any time or by admission ad eundem gradum before 1st January, 1943), enrolled on the register of the Court of Convocation of any University District in New Zealand other than the Auckland University District.

I request the Registrar to record my address on the roll as appears below.

SIGNATURE OF VOTER: ......................................................

ADDRESS: .................................................................

.................................................................
17. Every voting paper shall be forwarded to the voter accompanied by an envelope, addressed to the Returning Officer.

18. The poll shall close at 5 o'clock on the afternoon of the day of the election; but all voting papers shall be included and counted which are received by the Returning Officer in due course by post before the close of the sixth day after the day of the election, provided that the Returning Officer is satisfied that the paper was posted in accordance with the provisions of Section 6. On the 7th day after the day of the election the Returning Officer shall open and count the votes. As soon as the voting papers have been checked with the Roll the name and address shall be removed from each voting paper before the votes are counted.

19. Each candidate shall be entitled to nominate a scrutineer, who shall have the same rights and duties as those vested at the date of the poll in a scrutineer at any polls of the Auckland City Council.

20. Upon completion of the counting of votes, the Returning Officer shall forthwith declare the results of the poll.

21. The Returning Officer shall, subject to the provisions herein contained, determine conclusively all questions of detail concerning the election.

22. The Returning Officer is authorized to destroy the voting papers after a lapse of three months from the date of the official announcement of the result.

The Council at its meeting held on 17 September, 1945, resolved:

'That in respect of elections of members of the Council by the Court of Convocation, so that the electors may be notified of the qualifications of candidates, Council adopts the following procedure:

(1) That every candidate for election be invited to send in with his nomination paper the following information:

(a) Name.
(b) Occupation.
(c) Residence.
(d) Degrees (with dates).
(e) Academic posts held.
(f) Other relevant qualifications.

(2) That the Council arrange that copies of statements submitted be sent out with the voting papers.'
THE COUNCIL ELECTIONS (REPRESENTATIVE OF GOVERNING BODIES OF SECONDARY SCHOOLS)

Regulations

1. These regulations may be cited as the Council Elections (Representative of Governing Bodies of Secondary Schools) Regulations 1962.

2. For the purpose of Section 6 Subsection (2) paragraph (e) of the University of Auckland Act 1961 the Governing Bodies of only such registered private secondary schools as are entitled to accredit persons for entrance to a University shall be entitled to vote for the member of Council elected under that paragraph.

3. Each of the Governing Bodies entitled under Section 6 Subsection (2) paragraph (e) of the said Act and the foregoing paragraph 2 of these regulations shall be enrolled on the Roll of Electors. The Roll shall be revised in each year as at the 30th April.

4. The date of an Election by the Governing Bodies shall be determined by the Returning Officer and reported by him to the Council.

5. Whenever an Election is to be held, the Returning Officer shall (not less than 40 days before the Election), by notice addressed to each Elector upon the Roll, call for nominations of candidates to be lodged with him on or before a date fixed in such notice, being not less than ten days from the date of the notice. The notice shall be in the following form (or in a form to the like effect):

Directions

The voter is to cause a cross (X) to be put in the square opposite to the name of the candidate for whom it has resolved to vote.

THE CHAIRMAN OF THE VOTER MUST COMPLETE THE CERTIFICATE ON THE BACK OF THIS CARD.

B. Back of voting paper:

I certify that the vote made on this paper was made in pursuance of a resolution of .............. governing body of .............. school passed at a duly constituted meeting thereof.

Chairman.

14. Every vote shall be made by an Elector in pursuance of a resolution passed at a meeting of the Elector.

15. Every voting paper shall be forwarded to the Elector accompanied by a stamped envelope, addressed to the Returning Officer.

16. All such envelopes received by the Returning Officer shall remain unopened until the close of the poll and no voting paper shall count unless it is received by the Returning Officer not later than the day and hour fixed for the election.

17. Upon completion of the counting of votes, the Returning Officer shall forthwith declare the results of the poll.

18. The Returning Officer shall, subject to the provisions herein contained, determine conclusively all questions of detail concerning the election.

19. The Returning Officer is authorized to destroy the voting papers after a lapse of three months from the date of the official announcement of the result.
THE SENATE ELECTIONS (LECTURERS' REPRESENTATIVES)

Regulations

1. These regulations may be cited as the Senate Elections (Lecturers' Representatives) Regulations 1962.

2. In these regulations unless the context otherwise requires the word 'lecturers' means members of the staff of the University who are lecturers within the meaning of Section 2 of The University of Auckland Act 1961 (whether by specific mention in that section or by determination under it by the Council) and the word 'member' means a member of the Senate elected by the full-time lecturers under Section 30 of the said Act and these regulations.

3. All lecturers other than those holding part-time or temporary positions shall be eligible to vote at such elections provided that a junior lecturer appointed for a term of not less than four years shall not be deemed to hold a temporary position.

4. Each member (other than a member elected to fill a casual vacancy) shall hold office on the Senate for a term of two years beginning on the 1st day of January immediately following his election provided that the term of the first two members shall be calculated as if they had come into office on the 1st day of January, 1961.

4.A. Notwithstanding anything contained in the principal regulations:

(a) The first vacancy to occur after the date when these regulations came into force in the offices of the members holding office at that date (other than a vacancy occurring at the expiry of the term for which a member has been elected) shall not be deemed to be a casual vacancy.

(b) The election to fill the vacancy so occurring shall take place within two months of the date on which the vacancy occurs.

(c) The member elected to fill that vacancy shall hold office on the Senate from the date when he is elected or the 1st day of January 1967 (whichever date is the later) until the 31st day of December 1968.

(d) The term of the office of a member in which the vacancy referred to in paragraph (a) of this regulation does not occur shall run until the 31st day of December 1967.

5. If any member —

(a) dies; or

(b) resigns his office by writing under his hand delivered to the Registrar; or

(c) ceases to be a lecturer

he shall thereupon cease to be a member, and the vacancy thereby created shall be deemed to be a casual vacancy.
6. (a) Elections other than elections to fill casual vacancies shall take place not later than the third Monday in the month of October next preceding the expiry of every term of office provided that the first elections under these regulations shall take place within two calendar months of the making of these regulations.

(b) An election to fill a casual vacancy shall take place within two calendar months of the arising of the casual vacancy.

7. The Registrar shall be the Returning Officer for the purpose of conducting elections under these regulations.

8. The date of an election shall be determined by the Returning Officer and reported to the Senate.

9. Whenever an election is to be held the Returning Officer shall not less than thirty-five days before the election by notice addressed to each elector call for nominations of candidates to be lodged with him on or before a date fixed in that notice but being not less than twenty-one days from the date of the notice. The notice shall be in the following form (or in a form to the like effect):

THE UNIVERSITY OF AUCKLAND

Election of Member(s) of the Senate by the full-time Lecturers of the University.

An election of Member(s) of the Senate by the full-time Lecturers will be held at 5 p.m. on the day of 19, at the Office of the Registrar of the University, Princes Street, in the City of Auckland.

To be recognised as a candidate at this election a person must first have been nominated by two full-time lecturers in a nomination paper (which must also be signed by the nominee) delivered to the Returning Officer by personal delivery or otherwise not later than 5 p.m. on the day of 19.

Any lecturer of the University (including the Director of Adult Education and any Junior Lecturer appointed for a term of not less than four years) is eligible for nomination.

...................................................

Returning Officer.

10. Each nomination shall:
(a) be made by two electors,
(b) contain the signature of the person nominated,
(c) be in the following form (or in a form to the like effect):

Election to be held on the .............. day of .............. 19........
of .............. Member(s) of the Senate by the full-time Lecturers of the University.

We ................................................... and ...................................................
being duly qualified electors hereby nominate ...................................................

................................................... of ................................................... Department for election to the Senate by the full-time lecturers of the University.

Date ...................................................

I consent to this nomination.

11. If not more than one nomination is received the Returning Officer shall forthwith after the closing date for nominations declare the candidate duly elected.

12. If more than one nomination is received the Returning Officer shall immediately after the closing date for nominations issue a voting paper in the prescribed form to each elector.

13. The Returning Officer shall also issue a voting paper to any elector who applies in writing to the Returning Officer for a voting paper on the ground that his voting paper is lost or destroyed or defaced or that no voting paper has been issued to him.

14. The voting papers shall be returned to the Returning Officer on or before the day and time fixed for holding the election, or sent to him by post or otherwise so as to reach him not later than that day and time.

15. In any election for a casual vacancy the notice calling for nominations shall state that the vacancy is a casual one.

16. Every voting paper shall be in the form following (or to the like effect):

840
THE UNIVERSITY OF AUCKLAND

of the candidate(s) for whom he wishes to vote.

THE VOTER MUST SIGN HIS NAME AND ADDRESS ON THE
BACK OF THIS PAPER.

Back of voting paper.

Signature of Voter

............................................................

17. On completion of the counting of votes the Returning Officer shall
forthwith declare the results of the poll by notice addressed to each
elector.

18. The Returning Officer shall, subject to the regulations, determine
conclusively all questions of detail concerning an election.

19. The Returning Officer is authorised to destroy the voting papers
after a lapse of two weeks from the date of the notices announcing the
result of the poll.

20. The University shall be deemed a sufficient address for the issuing
of notices and voting papers to electors under these regulations.

841
FORM OF LEGACY

I give to the University of Auckland (established by the University of Auckland Act 1961) free of all duties the sum of dollars for which the receipt of the Registrar of that University shall be a sufficient discharge.

Note: If any special direction or condition is to be attached to the Legacy, insert it here.

FORM OF ATTESTATION FOR A WILL

Signed by the testator as his last will, in the presence of us both being present at the same time, who at his request, in his presence, and in the presence of each other, have signed our names as witnesses:
THE DEGREE OF MASTER OF ARCHITECTURE

MArch

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), the Terms Regulations, and the Examination Regulations.

1. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Master of Architecture shall before his enrolment for this Degree
   (a) have been admitted or qualified for admission to the Degree of Bachelor of Architecture, or
   (b) (i) have been awarded or qualified for the award of the Diploma in Architecture, and
       (ii) satisfy the Senate that he is qualified to pursue the course for the degree by reason of his professional work or by reason of his having pursued a further course of study or investigation since he was awarded or qualified for the award of the Diploma provided that the Senate may in addition require a person seeking enrolment under this provision to pass a special examination.

2. A candidate for the Degree of Master of Architecture shall
   (a) (i) follow a course of full-time study of not less than one year, or
       (ii) follow a course of part-time study of not fewer than two years
       Provided that such full-time or part-time study may be carried out in an approved institution outside the University for such period or periods as may be determined by the Senate from time to time, and
   (b) submit a thesis, and
   (c) except as provided in Regulation 6, pass a written examination.
3. The following conditions shall apply to the preparation and presentation of the thesis:

(a) The thesis shall embody the results obtained by the candidate of an original investigation or design or advanced study relative to Architecture. Its title and an outline of the proposed work shall be submitted to the Faculty of Architecture for approval not later than 1 February of the year in which the candidate enrols provided that approval may be given to a title and outline submitted or re-submitted up until 31 March of that year. The work shall be carried out by the candidate himself under the supervision of a Supervisor appointed by the Senate from the School of Architecture.

(b) The candidate shall submit the thesis, accompanied by a certificate from the Supervisor stating that the work has been carried out wholly by the candidate under his supervision, to the Registrar not later than 1 November in the year in which it is presented, or at a subsequent date if so arranged with the Dean of the Faculty of Architecture. The Registrar shall hand the thesis to the Dean of the Faculty of Architecture.

(c) If the Examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to re-submit it at a later date, to be specified by the Examiner. A thesis that has been submitted twice may not be submitted for a third time.

4. (a) A candidate who has not been exempted from presenting the written examination shall take such examination not later than in the fourth year after enrolling for the degree.

(b) Every candidate shall submit his thesis by 1 November of the fourth year after enrolment for the degree, provided that this period may in special cases be extended by the Senate.

5. Except as provided in Regulation 6 a candidate shall be required to pass in one of the following subjects:

(1) Building Science 5.50
(2) Design Theory 5.51
(3) Practice and Law 5.52

844
6. The candidate will be advised on enrolment whether or not he will be required to present himself for examination in the written paper, provided that, if exemption is granted and if the thesis when presented is not considered to be satisfactory, a candidate may be required either to:

(a) pass the written examination, or

(b) pass the written examination in addition to resubmitting the thesis.

7. Where a candidate has been required to take the written examination the Senate shall take into consideration the combined results of the thesis and the written examination in recommending a candidate for admission to the Degree of Master of Architecture.

Supplement to Calendar

1973
These Regulations replace the Regulations printed on pages 113-18 of the 1973 University of Auckland Calendar.
DISCIPLINE

Under the provisions of the University of Auckland Act 1961 the Senate has, subject to a right of appeal to the Council, the power to deal with all questions relating to the discipline of students.

During the intervals between meetings of the Senate, and subject to a right of appeal to the Senate, the Vice-Chancellor may exercise alone the powers of the Senate as to discipline.

DISCIPLINARY REGULATIONS

1. These Regulations may be cited as the Disciplinary Regulations 1972.

2. These Regulations shall come into force on 1 January 1973.

3. In these Regulations unless the context otherwise requires:
   - 'Class' means any lecture tutorial seminar laboratory or other assembly of students at which tuition is being given and includes any lecture or address within the University at which students are present;
   - 'Hall' means any hostel or hall of residence or other student accommodation under the control of the Council;
   - 'Student' means a duly enrolled student of the University and includes for the purposes of Regulation 4 hereof a person applying so to enrol;
   - 'Students' Association' means the Auckland University Students' Association Incorporated;
   - 'Warden' means the person who is for the time being in charge of any Hall and includes his duly appointed deputies;
   - 'The Act' means the University of Auckland Act 1961 and its amendments;
   - 'The University' includes any institution under the control of the Council;
   - 'University property' includes property occupied by the University, property owned by an institution under the control of the Council, and any property held by the Crown on behalf of or for the purposes of the University;
   - Words and expressions defined in the Act have the meanings so defined.

4. (a) Every student shall on enrolling at the University sign a declaration in the following form or to the like effect: 'I hereby solemnly promise that I will faithfully obey the rules and regulations of the University and be bound by the same.'

   (b) The Senate shall have the power to impose conditions on the attendance at classes of any student and to obtain his undertaking to observe those conditions either at his enrolment or in the course of his attendance at the University in all cases where in the reasonable opinion of the Senate it is necessary so to do in order to prevent any possible disturbance to the carrying out of normal activities at the University or otherwise to maintain order and discipline.

   (c) The Senate or the Discipline Committee of the Senate may as delegate of the Council exercise the powers conferred on the Council by s. 24(2) of the Act without however preventing the Council from exercising those powers.
5. No student or other member of the University shall:
   (a) act in a manner contrary to the good government of the University or prejudicial to its functioning as such;
   (b) wilfully or recklessly damage or deface, or wilfully move without authority, any property of the University, or any other property within the University precincts;
   (c) wilfully impede the activities of the University, whether in teaching, research, or otherwise;
   (d) wilfully create any nuisance in or on the University precincts;
   (e) wilfully obstruct any officer or member of the University employed at the University in the due performance of his functions or of the work he is required to perform;
   (f) be in a part of the University precincts in which he is not, at that time, entitled to be, knowing that he is not entitled to be there at that time;
   (g) (i) start, ride, or park without prior permission, a cycle, a motor cycle, or a motor vehicle in University grounds;
       (ii) fail to comply with the University Parking Regulations at all times;
   (h) fail to comply with the directions on any notice erected with the authority of the Council and governing entry, speed and exit of vehicles, and the location of parking spaces;
   (i) commit any criminal offence in the University precincts;
   (j) smoke –
       (i) in the Library except with the permission of the Librarian; or
       (ii) in any General Lecture Theatre; or
       (iii) in any Seminar Room except with the permission of the person in charge of it;
   (k) commit a breach of any University Statute or Regulation or of any rule of conduct made by any person authorized by the Council or the Senate to make such rule, provided that the Statute Regulation or rule has been published in the University Calendar or that reasonable notice thereof has been given by other means, to students generally or to the student charged with misconduct, before the misconduct is alleged to have taken place.

6. No student shall:
   (a) knowingly fail to identify himself if required or to comply with such directions as may be reasonably made by the Vice-Chancellor, the Registrar, any Professor, member of the Senate, or Lecturer in order to maintain good order and discipline;
   (b) knowingly fail to comply with any reasonable direction
given to him by the person in charge of a group of students going to, engaged in, or returning from a field trip or any other academic activity conducted by the University beyond the University precincts, or, while a member of such a group, do anything which would constitute misconduct if done within the University precincts;

(c) fail to comply with any specific Departmental or Faculty Regulation in regard to appropriate dress in relation to safety or to professional courses;

(d) (i) bring or consume alcoholic liquors within the precincts of the University for other than official functions except with the permission of the Senate. Permission for alcoholic liquors to be consumed at other functions will be subject to the following conditions:

(i) where the function is held in a lecture theatre, reading room, seminar room, staff study or staff common room, one senior member of the staff shall be present throughout the function;

(ii) where the function is held within the facilities under the control of the Student Union Management Committee, a senior member of the staff or a member of the Student Executive or a member of the Student Union Management Committee shall be present throughout the function;

(ii) post student notices elsewhere than on the permanent notice boards provided for this purpose, and in accordance with conditions laid down by the Students' Association.

7. The person in charge of a class may reprimand, or exclude from not more than three successive meetings of the class, any student whom he considers guilty of misconduct in class. Any exclusion from more than one meeting of the class under this Regulation shall be reported promptly to the Vice-Chancellor. A student reprimanded or excluded under this Regulation may appeal to the Vice-Chancellor or to the Senate for the matter to be reviewed. The Vice-Chancellor may suspend the operation of an order for exclusion from class until the appeal has been heard and determined.

8. The Senate shall have power:

(a) to impose on any student who does not observe the provisions of these Regulations; or the conditions (if any) attached to his attendance at classes pursuant to Regulations 4 and 16 hereof; or any
direction given under Regulation 11 hereof; or who otherwise commits any breach of University discipline; any one or more of the following penalties as it thinks fit—

(i) such sum by way of restitution as may be appropriate for any damage so caused;
(ii) a fine not exceeding $100;
(iii) a suspension from attendance at the University or any of its classes for such period as it thinks fit;
(iv) expulsion from the University;
(v) a limitation or prohibition on his attendance at any class or classes at the University or his use or enjoyment of any of the facilities of the University;

(b) to withhold the granting of terms to any student who is in default with any payment due by him to the University under these or any other Regulations or any Statute;

(c) to delegate the powers conferred on it by these Regulations to the Discipline Committee of the Senate without thereby preventing itself or the Vice-Chancellor pursuant to Regulation 9 hereof from exercising any such delegated power.

9. The Vice-Chancellor shall have power (subject always to Regulation 14 hereof) to exercise all the powers and authorities of the Senate under these Regulations and under the Act, including any powers delegated by the Senate to any committee of the Senate, during the intervals between meetings of the Senate or that Committee.

10. The Vice-Chancellor, the Registrar, or any Professor, member of the Senate or Lecturer shall have the power to report any student to the Discipline Committee for any breach of these Regulations.

11. Any Warden shall have power (subject always to Regulation 14 hereof):

(a) from time to time to give such directions as he reasonably thinks fit for the maintenance of good order and discipline within the Hall under his charge provided however that all such directions shall if of general application be exhibited on the main notice board of the Hall to which they relate forthwith after they are given;

(b) to impose as he thinks fit on any student who does not observe any of the directions so given, any one or more of the following penalties—

(i) such sum by way of restitution as may be appropriate for any damage so caused;
(ii) a fine not exceeding $50;
(iii) a suspension from attendance at the Hall for such period as the Warden thinks fit;
(iv) expulsion from the Hall.

12. The Vice-Chancellor, the Registrar, or any Professor, member of the Senate, or Lecturer may, in addition to reporting any breach of these Regulations to the Discipline Committee, order any student to pay the cost of replacing or repairing any University property lost damaged or destroyed by reason of the wilfulness negligence or misconduct of that student. Any penalty so ordered shall be paid within 14 days.

13. The Executive of the Students’ Association shall (without prejudice to the powers of the Senate under s. 34 (3) of the Act) have power of disciplinary control over students within the Student Union Buildings or the precincts of the Student Union Buildings and in exercise of that power may – (i) impose a fine not exceeding $25 on any student guilty of any act prejudicial to the maintenance of discipline therein and – (ii) (whether or not in addition to imposing a fine) order any student to pay as a penalty the cost of replacing or repairing any property therein lost damaged or destroyed by reason of the wilfulness negligence or misconduct of that student.

14. (a) All fines and other penalties imposed under Regulations 9, 11 and 12 hereof or by the Discipline Committee under powers delegated to it under Regulation 8 hereof shall forthwith be reported to the Senate by the person or body imposing them.

(b) Any student on whom a fine or other penalty is imposed under Regulations 9, 11 and 12 hereof under powers delegated under Regulation 8 may within seven (7) days of imposition of that penalty, by giving notice to the Registrar in writing, appeal to the Senate against it. The Senate may hear and determine an appeal in such manner as it thinks proper.

(c) Any student who suffers any penalty under these Regulations by a decision of the Senate or the Discipline Committee of the Senate or the Executive of the Students’ Association or whose appeal under the preceding clause of this Regulation is dismissed by a decision of the Senate may within seven (7) days of that decision, by giving notice to the Registrar in writing, appeal against it to the Council which may hear and determine the appeal in such manner as it thinks proper. The decision of the Council shall be final.

15. (a) The grounds of Old Government House are open to all
members of the University for their individual use for the purpose of quiet recreation;

(b) No organised group activities will be permitted in those grounds without the specific permission of the Vice-Chancellor, acting on behalf of the Council, given in each case and in such terms as are appropriate;

(c) Members of the University may bring guests into the University grounds but not into the grounds of Old Government House except in terms of clauses (a) and (b) above;

(d) At all times, and more particularly at night, members of the University and their guests shall act in such a way as not to cause disturbance or inconvenience to those living in the grounds (both occupants of Old Government House and members of the custodial staff), or to residents in the immediate neighbourhood.

Notes: (i) If the above requirements are observed, no time limit on the use of the grounds will be necessary, nor shall there be any need for the Police to be on the campus by invitation or otherwise.

(ii) Members of the University while in the grounds are free to observe demonstrations which may occur in the adjoining streets, but they are reminded that the Statutory and Common Law powers of the Police enable the Police to enter the University campus and to take appropriate action in relation to offences committed thereon and to prevent a breach of the peace.

(iii) Whenever it appears likely that demonstrations of the kind mentioned in note (ii) above will occur, the Vice-Chancellor shall consult with the appropriate representatives of staff and students.

(iv) Any privileges of staff, students, and their guests in respect of the use of the grounds may be withdrawn by the Vice-Chancellor, acting on behalf of the Council; the Vice-Chancellor shall report the circumstances to the next following meeting of the Senate and Council.

16. (a) No member of the Security Service enrolled as a student at the University shall carry out any inquiries into security matters within the precincts of the University.

(b) The proposed attendance of a member of the Security Service at the University shall be discussed between the Security Service and the University Authorities before his enrolment.

17. After the discussions contemplated in the preceding sub-clause 16 (b) have been held, the Senate shall determine each year what special conditions (if any) as to attendance at classes shall apply to students who are members of the Security Service in order to maintain discipline among the students of the University by preventing any possible disturbance to the carrying out of normal teaching activities.

18. Nothing in these Regulations shall prejudice the rights and remedies of the University under the general law in respect of the misconduct or negligence of any student.
