- The Library ................................................... 92

## Course Regulations and Prescriptions

### Faculty of Arts
- Degree of Bachelor of Arts ................................ 96
- Degree of Master of Arts .................................. 130
- Degree Course Prescriptions .............................. 138
- Diploma Course Regulations and Prescriptions .......... 182
- Diploma in Broadcast Communication ...................... 182
- Diploma in Drama ........................................... 183
- Diploma in Education ....................................... 184
- Diploma in Educational Psychology ....................... 185
- Diploma in Guidance and Counselling .................... 186
- Diploma in Local Government and Administration ....... 187

### Faculty of Science
- Degree of Bachelor of Science ............................ 192
- Degree of Bachelor of Science (Hons) .................... 205
- Degree of Bachelor of Optometry ........................ 207
- Degree of Master of Science .............................. 210
- Degree Course Prescriptions .............................. 214
- Diploma Course Regulations and Prescriptions .......... 245
- Diploma in Clinical Psychology ........................... 245
- Diploma in Computational Mathematics ................ 246
- Diploma in Geothermal Energy Technology ............ 247
- Diploma in Mathematical Education .................... 248
- Diploma in Statistics ...................................... 249
- Certificate in Geothermal Energy Technology .......... 250
- Certificate in the Principles and Practice of Radio-Chemistry ........................................... 250

### Faculty of Commerce
- Degree of Bachelor of Commerce ......................... 252
- Degree of Master of Commerce ............................ 261
- Degree of Master of Business Administration ........ 263
- Degree Course Prescriptions .............................. 264
- Diploma Course Regulations and Prescriptions .......... 269
- Diploma in Business and Industrial Administration .... 269

### Faculty of Law
- Degree of Bachelor of Laws ................................ 272
- Degree of Bachelor of Laws (Hons) ....................... 276
- Law Professional Examination ............................ 278
- Degree of Master of Laws ................................ 279
- Degree of Master of Jurisprudence ....................... 281
- Degree Course Prescriptions .............................. 283
- Diploma Course Regulations and Prescriptions .......... 290
- Diploma in Criminology ................................... 290

### Faculty of Music
- Degree of Bachelor of Music .............................. 294
- Degree of Bachelor of Music (Performance) ............ 297
- Degree of Bachelor of Music (Performance) with Honours ........................................... 301
- Degree of Master of Music ................................ 302
- Degree Course Prescriptions .............................. 305
- Diploma Course Regulations and Prescriptions .......... 308
- Diploma in Music ........................................... 308
- Diploma in Music with Honours ........................... 310
- Certificate Course of Instruction in a Single Instrument ........................................... 311

### Faculty of Architecture and Town Planning
- Degree of Bachelor of Architecture ..................... 315
- Degree of Bachelor of Property Administration ....... 319
- Degree of Master of Architecture ....................... 323
- Joint Special Examination NZIA and AERB ............. 324
- Architecture Degree Course Prescriptions ............ 326
- Degree of Bachelor of Town Planning ................... 330

THE UNIVERSITY OF AUCKLAND FOUNDATION

In commemoration of the Centenary of the University, the University of Auckland Foundation is established for the advancement of education in New Zealand in ways which extend the University's ability to meet the higher educational needs of the Community.

The Trustees will apply the income of the Foundation from time to time in fulfilling within the University District and elsewhere in New Zealand the purpose for which the Foundation is established:

1. To encourage the transfer and exchange of knowledge among scholars and the dissemination of knowledge among the community.

2. To encourage overseas scholars to visit New Zealand and New Zealand scholars to visit overseas to carry out study and research and to exchange and impart their knowledge and experience.

3. To arrange the movement within New Zealand of resident and visiting scholars.

4. To facilitate those visits and movements of scholars to, from and within New Zealand, assisting to arrange the temporary exchange or occupation of academic posts in New Zealand and (where New Zealand scholars are concerned) overseas.

5. To arrange the giving of lectures and the promotion of educational discussion and debate in New Zealand before invited or public audiences by scholars from both within and without New Zealand and to arrange itineraries and accommodation for the participants;

and in encouraging, arranging and facilitating those activities the Trustees may make such grants, pay such fees, cost of travel and accommodation and make such other expenditure as they consider necessary or desirable.

Note: "New Zealand Scholar" means a scholar resident in New Zealand who is pursuing his career here. "Scholar" includes a person engaged in any discipline, in the study or practice of administration and of technology and in the management or custody of libraries.

Donations to the Foundation should be sent to:

The Registrar,
University of Auckland,
Private Bag,
Auckland 1.

A form of legacy for the Foundation, or for the University as a whole, is available on request from the Registrar.
HISTORY OF THE UNIVERSITY OF AUCKLAND

As early as 1862 an unknown writer, 'J.G.', proposed in Chapman's New Zealand Monthly Magazine that a university should be established in Auckland. No one took up the suggestion. In the South Island, where the inhabitants were wealthier and keener on education, a university was established in Otago in 1869 and a college in Canterbury in 1873. In 1870 Parliament passed legislation to create the University of New Zealand as an examining body with affiliated teaching colleges. An Auckland politician, later Speaker of the House of Representatives, Maurice O'Rorke, tried to induce Parliament to place the University in Auckland, but he failed. The University of New Zealand had no fixed abode; its Senate met in the main towns in turn.

The citizens of Auckland did nothing to establish a college, but some so-called 'university' instruction was provided at the Auckland Grammar School. One student, Kate Edger, in 1877 became the first woman to graduate B.A. at a British university.

In 1878 O'Rorke was appointed chairman of a Royal Commission to report on higher education. It recommended that University Colleges should be established at Auckland and Wellington. In 1882 the Auckland University College was set up by Act of Parliament. Thus the College was a creation, not of the citizens and local government, like those in the south, but of the state.

The applicants for the first four chairs, of Classics and English, Mathematics, Natural Science, Chemistry and Physics, were interviewed in England by the New Zealand Agent-General and some of the most famous scientists and scholars of the day, including the great Benjamin Jowett of Balliol College, Vice-Chancellor of Oxford University. The men appointed formed an impressive group. The chemist, F. D. Brown, had studied both in France and at Leipzig as well as London, and taught at Oxford and London. He had published a dozen papers. Algernon Phillips Thomas, the biologist, was a Balliol man who had discovered the life history of the liver fluke. The classicist, T. G. Tucker, was to become a famous scholar. When he left to go to Melbourne University in 1885 he was succeeded by Hutcheson Macaulay Posnett, an Irishman who had written several books, including one on comparative literature, what would now be called the sociology of literature, a subject which he is now credited with inventing. The first professor of Mathematics was drowned shortly after he reached Auckland and he was succeeded by W. S. Aldis, who had been the senior wrangler at Cambridge and was the author of several mathematical books.

The College was formally opened on 21 May 1883 in the Choral Hall, then the largest hall in Auckland. The Governor, Sir William Jervois, announced that the College was to be a thoroughly democratic institution, open to all, women as well as men, and to all classes. He remarked that the first College building was a barn. It was, in fact, a disused court-house.

When O'Rorke had first tried to secure a University for Auckland, in 1872, he had suggested housing it in Government House, left empty when the capital was moved to Wellington in 1865. This immediately aroused opposition in the newspapers, for many Aucklanders hoped that the capital — and the governor — would eventually return to Auckland. These conflicting ambitions lay at the basis of a recurrent feature of the history of the College, the great 'site row' which raged with particular violence in the years 1909-12, with the College trying to get at least part of the grounds of Government House while numerous citizens strongly opposed it. One result was that for years the College had no permanent site or permanent buildings. Instead, it acquired the disused Admiralty House and a building which had been the original Parliament House. In 1907 the Choral Hall was purchased. In 1917 the College occupied the deserted Grammar School. Not until 1926 did it acquire its first permanent building, now the Old Arts building, in Princes Street.

The College was poor: its statutory grant was for many years only £4,000 a year, while its educational reserves were of such poor land that they brought in very little. It was small: there were 95 students in 1883; 156 by 1901. Many of the students had not passed the matriculation examination. Most of them were part-time, trainee teachers and Law clerks, Music students from 1888 onwards, Commerce students by 1905. The College was dominated by the lay members of Council, especially by Sir Maurice O'Rorke, who was its chairman from 1883 to 1916. When Professor Aldis complained in 1892 that he had found the College stables occupied by O'Rorke's son's polo ponies he was dismissed! Despite a prolonged public controversy, Council would not reinstate him. Posnett also left, in 1891.

Some of the best professors departed. Most of the remainder grew increasingly out-of-date in their subjects. There was no system of sabbatical or study leave until the nineteen-twenties. The teachers simply handed on traditional knowledge: research was not expected and was rarely done. The staff lectured for very long hours. In some subjects research was impossible. For instance, the library took no mathematical journals, so the mathematicians knew little about recent work. Some students, however, carried out good research notably in Chemistry. In general the students were given a good, traditional undergraduate education, but standards were not rigorous and had in some subjects declined by the twenties.

1985 Calendar
In that decade and well into the thirties the College was ruled by a Registrar, Rocke O'Shea, and a new Chairman (President after 1924), another former Cabinet Minister, Sir George Fowlds. Under their not always benevolent dictatorship some improvements were made. The first New Zealand graduates with post-graduate education abroad were appointed to the staff, notably the very able economist, Horace Belshaw, the philosopher, R. P. Anschutz, and the physicist, P. W. Burbidge. An excellent researcher, W. F. Short, was appointed as a lecturer in Chemistry.

Some advances were made in providing professional education. The only such education offered at the College was in Law, which attracted large numbers of students. The only 'professional schools' recognized by the University of New Zealand were Medicine at Otago and Engineering at Canterbury. In 1906 the College established a School of Mining, which, covertly and by degrees was turned into a 'School of Engineering'. After fierce battles with Canterbury, fired by provincial rivalry, the Auckland School received University recognition for its teaching in the first two professional years. Students then had to go to Canterbury to complete their final year of education. In the course of this battle, in 1917, the College also began instruction in Architecture.

During the depression of the early nineteen-thirties there were great disputation and rancour. The temporary appointment of a lecturer in history, J. C. Beaglehole, later a world-famous scholar, was terminated after and, his friends believed, because of a letter of liberal or radical tendency, to a newspaper, defending the right of Communists to distribute their literature. This episode led to a Council election in which a liberal, Hollis Cocker, displaced a conservative. The College Council now adopted resolutions in favour of academic freedom and received the undeserved congratulations of the flower of the British academic establishment, including Lord Rutherford and Wittgenstein. At this time, in a modern terminology, the College 'came alive'. For instance, some students, led by James Bertram, established a literary journal, Phoenix, which was the focus for the first literary movement in New Zealand history: Allen Curnow, A. R. D. Fairburn, R. A. K. Mason and other writers, later distinguished, wrote for it.

The College received great intellectual stimulus in 1934 when four new professors arrived, H. G. Forder, a very able mathematician, Arthur Sewell, a brilliant lecturer in English, a classicist, C. G. Cooper, and a new historian, James Rutherford.

The College had never had academic leadership. Cocker came to dominate it before and during World War II as much as had O'Rorke and O'Shea. But Council now appointed the first Principal (later Vice-Chancellor) K. J. Maidment. He came in 1950 and remained for two decades. He was a Classics don from Merton College, Oxford.

The nineteen-fifties was a very difficult period in the history of the College — the University of Auckland, as it was called from 1958 onwards. There was a further, fierce 'site row'. Council wanted to move to a larger site out of town. The National Government in 1956 offered Government House to the College as a compensation for staying in Princes Street. Another 'save Government House' campaign followed. Both academic staff and the public were deeply divided over the issue, which was resolved in 1960: the University was to stay where it was.

The 'site row' held up the building programme for about six years, while student rolls rose rapidly, to 4,000 by 1959, with the result that there was bad overcrowding in quite inadequate buildings — army huts, for instance, were erected. Universities everywhere were expanding rapidly. New Zealand salaries were low and many able Auckland staff were recruited by Australian or other universities. Despite these problems, there was significant progress. New subjects were introduced: Geography, Anthropology, Maori Studies, Fine Arts. There was a new emphasis on staff research. Many of the new and younger academics became very active researchers, as could be seen in the growing lists of staff publications.

A general improvement in conditions was spearheaded by a Committee, the Hughes Parry Committee, which reported on University conditions. Staff salaries were raised. For the first time the students were given fairly generous bursaries, which led to a rapid increase in the proportion of full-time students. The government grant to the University rose rapidly. There was a massive university building programme, and over the next two decades the campus was transformed as one large building after another was erected: Fine Arts, Science, Engineering buildings, a Student Union, a new library . . . A number of new subjects were introduced, including Political Studies, Art History, and Sociology. In 1968 teaching commenced in the new Medical School, which was the most important 'new development'.

By the end of the sixties Auckland had the largest university library in the country, whereas it had usually been the smallest. Most of the credit for this belonged to Kenneth Maidment. One other change must be mentioned. In 1962 the University at last became independent, when the University of New Zealand was abolished.
When Dr Kenneth Maidment departed in 1970, there were 9,300 students. Under his successor, Dr Colin Maiden, the roll increased to over 12,500 by 1983. Dr Maiden was an Auckland engineer who headed a research division of General Motors in Michigan. One of the first things that struck him in Auckland was the paucity of student facilities. He pushed ahead to get them a theatre, a splendid gymnasium and recreation centre, and a large playing field 'complex'. The entire administrative organisation, from faculties and committees to deputy vice-chancellors, was reformed. The academic boom of the sixties continued well into the seventies and several new buildings, like Human Sciences, were built and new subjects, like Management Studies and Computer Science, were introduced.

The seventies brought numerous social changes: an increase in the proportion of Maori and Polynesian students and in the proportion of women as well as in the proportion of older students. Only in the years 1975-81 were the first two women professors appointed, Marie Clay and Patricia Bergquist. At a time of high inflation the government grant to the University rose rapidly, to $49.7 million by 1983. Nevertheless there was a certain austerity by then, in a bleak economic climate, but after a century of growth the University seems sufficiently strongly established in the community to withstand hard conditions.

ARMS OF THE UNIVERSITY OF AUCKLAND
as granted by Garter, Clarenceux and Norroy and Ulster, Kings of Arms by Letters Patent bearing date the 15th February 1962 and recorded in the College of Arms, London.

Heraldic Description
Azure between three Mullets Argent an open Book proper edged and bound Or with seven clasps on either side Gold on a Chief wavy also Argent three Kiwis proper.

On a scroll set below the Arms appear the words 'Ingenio et Labore'.

Symbolism
The open book together with the motto 'Ingenio et Labore', freely translated as 'by natural ability and hard work', indicate in a general way the aim of the institution and combined with the three stars express the idea of learning pursued under the sky of the Southern Hemisphere. The kiwis are indicative of New Zealand as the bird is absolutely confined to its Islands and the silver wavy chief upon which they are set directs attention to the fact that Auckland is on the sea coast.

M. A. F. NEILL (Retires 31-1-87)

PRESIDENT, AUCKLAND UNIVERSITY STUDENTS ASSOCIATION

FOUR STUDENT MEMBERS (nominated by Auckland University Students' Association).
CAROLYN ANDERSON (Retires 30-4-85)
S.G. BARRIBALL (Retires 30-4-85)

1985 Calendar
DEANS

Dean of the Faculty of Architecture and Town Planning
A. A. WILD, BArch N.Z., RIBA, FNZIA, FRSA

Dean of the Faculty of Arts
P. N. TARLING, MA PhD LittD Camb., FRAS, FRHistS

Deputy Deans of the Faculty of Arts
J. A. GRIBBEN, MA N.Z., PhD Well.
K. MALALGODA, BA Ceyl., DPhil Oxf.
SUZANNE TYNDEL (Mrs), MA N.Z.

Dean of the Faculty of Commerce
A MacCORMICK, MA PhD, Yale, BSc MCom

Deputy Deans of the Faculty of Commerce
S. R. H. JONES, BSc (Econ) PhD Lond.
M. A. PERKINSON, MCom, ACA

Dean of the Faculty of Engineering
R. F. MEYER, BE N.Z., PhD Manch., FCASI, MAIAA, FIPENZ

Associate Dean of the Faculty of Engineering
R. M. SHARP, MA DPhil Oxf., CEng, MIM

Dean of the Faculty of Fine Arts
J. D. SAUNDERS, DipFA N.Z., MSIA, DipIndustDesign, NDD, FNZSID, FRSA

Sub Dean of the Faculty of Fine Arts
R. W. ELLIS, ARCA, RBA, MNZSSP, FRSA

Dean of the Faculty of Law
B. COOTE, LLM N.Z., PhD Camb.

Deputy Deans of the Faculty of Law
G. W. HINDE, LLM N.Z., LLD
D. V. WILLIAMS, BA LLB Well. BCL Oxf.

Sub Dean of the Faculty of Law
PAULINE TAPP, LLB MJur

Dean of the Faculty of Medicine and Human Biology
D. S. COLE, BMedSc MBChB N.Z., FRCS, FRACS

Deputy Dean of the Faculty of Medicine and Human Biology
C. H. MACLAURIN, MBChB N.Z., FRCS, FRACS

Clinical Sub Dean
G. L. GLASGOW, BMedSc MBChB N.Z., FRCP, FRACP

BHB Sub Dean
J. D. SINCLAIR, BMedSc MBChB MD N.Z., FRACP

Dean of the Faculty of Music
H. LEES, BMus MA Glas., FTCL

Dean of the Faculty of Science
G. A. WRIGHT, MSc N.Z., DPhil Oxf., FNZIC

Deputy Deans of the Faculty of Science
M. J. J. LENNON, PhD M.I.T., MSc
R. GEDDES, BSc PhD Edin.
HONORARY GRADUATES

HER MAJESTY QUEEN ELIZABETH, THE QUEEN MOTHER,  LLD 1966
PAUL JOHN BEADELE,  MFA 1979
SIR DAVID STUART BEATTIE,  LLD 1983
EDWARD GEORGE BOLLARD,  DSc 1983
WILLIAM HENRY COOPER,  LLD 1974
SIR RAYMOND WILLIAM FIRTH,  LittD 1978
SIR CHARLES ALEXANDER FLEMING,  DSc 1974
ARTHUR OSWALD MICHAEL GILMOUR,  DSc 1983
OLIVE AVERIL JOHNSON,  MA 1979
DAME KIRI TE KANAWA,  MusD 1983
KENNETH JOHN MAIDMENT,  LLD 1970
ERIC HALL McCORMICK,  LittD 1983
ROY GRANVILLE McELROY,  LittD 1976
LEWIS NATHAN ROSS,  LLD 1983
WALTER SCHEEL,  LLD 1978
SIR GRAHAM DAVIES SPEIGHT,  LLD 1983
SIR WILLIAM ALFRED STEVENSON,  DSc 1978
SIR ALEXANDER KINGCOMBE TURNER,  LLD 1965
FRANCIS JOHN TURNER,  DSc 1965
DOROTHY GERTRUDE WINSTONE,  LLD 1983
LESLIE COLIN WOODS,  DSc 1983
PROFESSORES EMERITI

RICHARD PAUL ANSCHUTZ, MA N.Z. PhD Edin. (Philosophy) Retired 1961

PAUL JOHN BEADLE, HonMFA, HonMNZSID, MNZSSPA, MFIM, FRSA (Fine Arts) Retired 1983

BRUCE GRANDISON BIGGS, MA N.Z., PhD Indiana, FRSNZ (Anthropology) Retired 1984

ARCHIBALD GORDON BOGLE, BE N.Z., DPhil Ox., CEng, FIEE, FIPENZ (Engineering) Retired 1978

IVAN ERNEST BOILEAU, MA Camb. PhD Manc., DipTP Lond., FRTP, MNZPI (Town Planning) Retired 1984

DENNIS BROWN, DSc Brist., FInstP, FRSNZ (Physics) Retired 1967

EDWIN RICHARD COLLINS, OBE, MSc N.Z., PhD Birm., FIP, FRSNZ (Physics) Retired 1982

KENNETH BRALEY CUMBERLAND, CBE, MA Lond, DSc N.Z., FRSNZ (Geography) Retired 1978

PETER BERNARD DAVID de la MARE, MSc N.Z., PhD DSc Lond., FRIC, FNZIC, FRSNZ (Chemistry) Retired 1982

PETER DAVID HENSMAN GODFREY, MBE, MA MusB Camb., Hon FRSCM, FRCO, ARCM (Music) Retired 1983

ROBERT TERENCE KENNEDY, CBE, FRIBA, MTPI, ANZIA, MNZPI (Town Planning) Retired 1968

ALWYN CHARLES KEYS, Ld'H, MA N.Z., Dipd'EtSup DU Paris, Certd'EtPrat (Romance Languages) Retired 1971

ALFRED CHARLES LIGHT, BA Lond., FRIBA, FRSA, FNZIA (Architecture) Retired 1968

ARNOLD ROBERT LILLIE, MA Camb., DesSc Geneva, FRSNZ (Geology) Retired 1975

SYDNEY MUSGROVE, MA DPhil Ox. (English) Retired 1980

CHARLES NALDEN, CBE, BMus Durh. & Lond., DMus Lond., (Music) Retired 1974

ERIC MUSARD NANSON, OBE, MBChB N.Z., FRCS, FRCSCan, FACS, FRACS (Medicine) Retired 1980

FRANCIS JOHN NEWHOOK, OBE, MSc N.Z., DIC, PhD DSc Lond., FRSA (Botany) Retired 1984

ALLAN LLOYD ODELL, MSc N.Z., PhD Lond., DSc, FNZIC (Chemistry) Retired 1985

HUBERT SAMPSON, MA Br.Col., PhD 'McG., FNZPsS (Psychology) Retired 1984

FORREST SMYTH SCOTT, MA MLitt Camb. (English) Retired 1985

ERNEL JOHSTONE SEARLE, MSc N.Z., DSc (Geology) Retired 1972

CECIL MARIN SEGEDIN, MSc N.Z., PhD Camb., FIMA, FRSA Hon FIPENZ (Engineering) Retired 1981

RICHARD HORTON TOY, OBE, BArch N.Z., PhD Dub., RIBA (Architecture) Retired 1977

HENRY ARTHUR WHALE, MSc N.Z. PhD Camb., FIP, SMIEEE (Engineering) Retired 1983

RALPH WINTERBOURN, MA DipEd N.Z., PhD Lond., FBPsS (Education) Retired 1975

1985 Calendar
UNIVERSITY STAFF (ACADEMIC)

Dates given are dates of taking up full-time appointment. Where Degrees and Diplomas are shown without the name of the awarding university, the university is Auckland. List prepared 1-11-84.
*Denotes a part-time permanent appointment.

ACCOUNTANCY

Professor, Head of Department
1968–71, 1975 D. M. EMANUEL, MCom, PhD, ACA
Professor
1960 J. B. TABB, BCom N.Z., PhD Sheff., MCom, FCA
Associate-Professors
1958 J. E. FIELD, MCom N.Z., ACA, CMA
1978 M. S. PUTTERILL, MBA PhD Cape-T., CA, FCMA
1971 I. G. EAGLES, BA LLB Q'ld., PhD Camb., LLM
1977 I. C. STEWART, BCA W'ld., PhD N.E., MCom, ACA

Senior Lecturers
1971 P. J. VENTURI, ACA, CMA, FCCA, ACMA, ACIS
1971 M. A. PERKINSON, MCom, ACA
1973 SALLY B. WALL, BCom N.Z., ACA, ACIS, CMA
1973 ANNE WEBB, LLB Nott.
1976 A. M. FAIRFIELD, MCom, ACA
1975 G. A. HARRIS, LLB MJur
1979 JOHANNA C. VROEGOP, LLM
1982 M. E. BRADBURY, MCom, ACA, CMA
1982 J. WONG, MCom, ACA

Lecturers
1979 CATHARINE L. WATSON, LLM (on leave)
1982 A. C. HARRIS, MCom
1982 G. B. JONES, MCom, ACA
1982 SHIRLEY C. CALDERWOOD, MCom
1984 M. G. KEENAN, PhD St. And., MA BCom DipVal
1984 W. D. MAPP, LLM Tor., LLB
1984 D. M. SPEER, MCom, ACA

Senior Tutors
1973 C. B. FRANKHAM, BCom N.Z., MCom, ACA
1979 KATHRYN G. CAIRD, BSc Otago, BCom

ANATOMY, see Medicine and Human Biology

ANCIENT HISTORY, see Classics

ANTHROPOLOGY

Professor of Social Anthropology, Head of Department
Professor of Prehistory
1961–66, 1973 R. C. GREEN, BA BSc New Mexico, PhD Harv., FRSNZ., MANAS
Professor of Maori
1985 I. H. KAWHARU, BSc N.Z., MA Cant., MLitt DPhil Ox.
Associate-Professor of Ethnomusicology
1973 M. E. McLEAN, MA N.Z., PhD Otago
Associate-Professor of Social Anthropology
1966 A. B. HOOPER, MA N.Z., PhD Harv.

Associate-Professor of Linguistics
1965 A. K. PAWLEY, BA N.Z., MA PhD

Senior Lecturers in Social Anthropology
1972 NANCY E. BOWERS, BS PhD Col.
1973 JUDITH W. HUNTSMAN, AB PhD Bryn Mawr, MA Brown
1972 M. R. RIMOLDI, BA DipAnth Syd., PhD A.N.U.
1973 M. ANNE SALMOND, MA PhD Penn.
1972 S. S. WEBSTER, BA Minn., PhD Wash.
1976 G. A. ROGERS, BA Otago, MA PhD

Senior Lecturers in Prehistory
1973 H. R. ALLEN, BA Syd., PhD A.N.U.
1975 G. J. IRWIN, PhD A.N.U., MA

Senior Lecturers in Maori Studies
1965 P. W. HOHEPA, MA N.Z., PhD Indiana
1966 MERIMERI PENFOLD (Mrs), BA
1982 R. B. W. KERR, MA

Senior Lecturers in Linguistics
1980 F. LICHTENBERK, MA Tor., PhD Hawaii

Senior Lecturer in Physical Anthropology
1980 G. G. TUNNELL, BS W. Texas State, MA PhD Colorado

Lecturer in Social Anthropology
1980 K. S. CHAMBERS, BA Hawaii, MA Calif.

Lecturer in Prehistory
1982 D. G. SUTTON, MA PhD Otago

Senior Research Fellow
R. M. MOYLE, MA PhD, LTCL

Honorary Research Fellows
ANNE F. V. CHAMBERS (Mrs), MA PhD Calif.

JULIET K. PARK, MA PhD Otago

ARCHITECTURE

Professor, Head of Department
1969 A. A. WILD, BArch N.Z., RIBA, FNZIA, FRSA

Professor, Architectural Design
1964 P. J. BARTLETT, BArch N.Z., PhD, RIBA, FNZIA, FRSA

Professor
1961–66, 1973 A. H. MARSHALL, BArch BSc N.Z., PhD S’ton, RIBA, FNZIA, FRAIA, FASA

Associate-Professor
1959 E. C. McCLEAN, BArch N.Z., MArch, FNZIA, FRSA

Associate-Professor in Property Administration
1978 W. K. S. CHRISTIANSEN, DipTP, FRICS, MPMI, MNZPI, AREINZ

Senior Lecturers
1964 I. E. GEORGE, BArch N.Z., MArch Calif., ANZIA
1967 A. L. MITCHENER, DipArch, ANZIA
1967 M. R. AUSTIN, BArch N.Z., PhD, FNZIA
1969 C. W. MEGSON, MArch, RIBA, ANZIA
1969 A. N. J. GOLDWATER, BArch N.Z., FNZIA
1970 J. D. DICKSON, BArch PhD

*1972 D. J. MITCHELL, BArch
1973 R. J. W. GRANWAL, ME, MIPENZ
1974 G. DODD, BSc R’dg., MSc (Eng) PhD DipAud S’ton
1979 K. J. MORROW, DipArch R.M.I.T.
1979  H. B. WILLEY, MA PhD Camb., BArch MSc  
1979  J. G. HUNT, BArch PhD, ANZIA  
*1981  J. D. SUTHERLAND, BArch Wales, RIBA, FNZIA  
1982  A. WARD, DipArch Birm., RIBA  
1979  M. P. T. LINZER, BE Cant., PhD Melb., ME, MIEAust  
1979  C. A. BIRD, MA DipUD Oxf. Pol., BArch  
\textit{Senior Lecturer in Property Administration}  
1979  R. A. BELL, DipSurv Lond., DipUrbVal, ARICS, MPMI, ANZIV, AREINZ  
\textit{Lecturers}  
1981  G. R. JENNER, BA Otago, BArch  
1981  SARAH TREADWELL, BArch  
\textit{Lecturers, part-time}  
*P. J. HANLY, MNZSSP  
*S. L. SPEEDY JP, BCom N.Z., MPhil, FCA, FNZIV, FCIS, MPMI, FREINZ  
\textit{BRANZ Senior Research Fellow in Acoustics}  
P. J. DICKINSON, BSc Lond., PhD S'ton, FIP, FIOA, FPS, FNZIP, MASA, MCAA  

\textbf{ART HISTORY}  
\textit{Professor, Head of Department}  
\textit{Senior Lecturers}  
1973  L. B. BELL, DipArtHist Edin., BA  
1974  I. B. BUCHANAN, BA Manc., MA Essex  
\textit{Lecturer}  
1977  ROBIN L. WOODWARD, PhD Edin., MA  
\textit{Senior Tutor}  
1978  CHERYLL B. SOTHERAN, MA  

\textbf{ASIAN LANGUAGES AND LITERATURES}  
\textit{Associate-Professor, Head of Department}  
1967  MARGARET T. S. SOUTH, BA Syd., PhD A.N.U.  
\textit{Professor}  
\textit{Senior Lecturer in Chinese}  
1970  TI-HOU-HAN (Miss), BA Yenching, MA H.K.  
\textit{Senior Lecturers in Indonesian}  
1968  J. B. KWEE, BA Lond., PhD  
1974  E. O. van REIJN, Drs Ley.  
\textit{Senior Lecturers in Japanese}  
1970  SETSUKO ITO, (Miss), MA Doshisha, MPhil PhD Lond.  
1972  T. TAKAGAKI, BA Wakayama, MA San Francisco State  
1973  T. AKIMA, MA Waseda  
\textit{Lecturers in Chinese}  
1984  MANYING IP (Mrs), BA H. K., MA PhD

BIOCHEMISTRY

Professor, Head of Department
1974 A. G. C. RENWICK, MA Camb., MDChB PhD Edin., FRCPath, CChem, FRSChem

Associate-Professor
1970 E. MOUSTAFA, MSc Cairo, MA PhD Camb., FNZIC

Senior Lecturers
1969 A. M. ROBERTON, BSc Otago, DPhil Oxf.
1970 R. GEDDES, BSc PhD Edin.
1974 P. M. BARLING, BA Oxf., PhD Lond.
1976 G. K. SCOTT, BSc Manc., PhD Edin.
1977 T. BRITAIN, BSc PhD E. Anglia, CChem, FRSChem, FNZIC

Lecturer
1984 D. L. CHRISTIE, MSc PhD

University Post-Doctoral Fellow
S.P. RAM, BSc Tas., DipSci PhD Otago

Honorary Lecturer
1978 R. N. JOHNSON, BSc PhD Brist.
(Biochemist, Nat. Hormone Lab.)

BOTANY

Professor, Head of Department
1976 P. H. LOVELL, BSc PhD Sheff. (on leave)

Honorary Professor
E. G. BOLLARD, CBE, BSc N.Z., PhD Camb., HonDSc, FRSNZ

Associate Professor
1956 J. M. A. BROWN, BSc PhD Durh.

Senior Lecturers
1966 F. I. DROMGOOLE, BSc N.Z., MSc PhD.
1969 J. E. BRAGGINS, MSc Well., PhD
1972 L. C. W. JENSEN, AB Brown, MSc PhD Minn. (on leave)
*1972 BARBARA P. SEGEDIN (Mrs), MSc N.Z., PhD Camb.
1977 N. D. MITCHELL, MA Oxf., MSc Wales, PhD N'cle. (U.K.)
1979 J. OGDEN, MSc Well., PhD Wales
1982 J.A. CONSIDINE, BAgSc, PhD Melb., MAgrSc Adel.
1984 B. G. MURRAY, BSc PhD R'dg

Lecturers
1983 M. N. PEARSON, BSc C.N.A.A. PhD Exeter
1984 ALISON STEWART, BSc Glas., PhD Lond.

Senior Tutor
G. MARIE TAYLOR (Mrs), MSc Well.

Post Doctoral Fellow
C. F. HARVEY, BSc PhD.

Honorary Lecturers
R. L. BIELESKI, MSc N.Z., PhD Syd., FRSNZ
A. R. FERGUSON, MSc Well., PhD
F. H. WOOD, MAgrSc Massey, PhD Cant.

Honorary Research Fellow
L. H. MILLENER, MSc N.Z., PhD Camb., FRNZIH

CELL BIOLOGY

Professor, Head of Department
1962 R. E. F. MATTHEWS, MSc N.Z., PhD ScD Camb., FRS, FNZIC, FRSNZ (on leave)

Professors
1969 S. BULLIVANT, PhD DSc Lond. (on leave)
CHEMICAL AND MATERIALS ENGINEERING, see Engineering

CHEMISTRY

Professor, Head of Department
1958 R. C. CAMBIE, MSc PhD N.Z., DPhil Oxf., DSc, FNZIC, FRSNZ

Professors
1962 B. R. DAVIS, MSc PhD N.Z., DPhil Oxf., DSc, FNZIC
1966 W. R. ROPER, MSc N.Z., PhD Cant., FRSNZ, FNZIC

Associate-Professors
1961 G. A. WRIGHT, MSc N.Z., DPhil Oxf., FNZIC
1958 CHARMIAN J. O'CONNOR, (Mrs), JP, MSc N.Z., PhD DSc, FNZIC
1963 F. J. B. AGGETT, MSc PhD N.Z., FNZIC
1967 P. S. RUTLEDGE, MSc PhD N.Z., FNZIC
1968 D. J. McLennan, BSc N.Z., MSc PhD Well., DSc, FNZIC
1962 J. E. PACKER, MSc N.Z., PhD Lond., FNZIC (on leave)
1966 M. J. TAYLOR, MA DPhil Oxf., FNZIC, FRSC
1970 G. R. CLARK, MSc PhD, FNZIC
1971 P. D. WOODGATE, MSc PhD, FNZIC
1968 G. A. BOWMAKER, BSc PhD Syd., FNZIC, ARACI

Senior Lecturers
1948 H. MASLEN, MSc N.Z., PhD, MNZIC
1958 B. E. SWEDLUND, MSc N.Z., PhD Lond., FNZIC
1965 B. A. GRIGOR, MSc N.Z., PhD Leic., MNZIC
1966 A. J. EASTEAL, MSc N.Z., PhD Tas., MNZIC, ARACI (on leave)
1968 C. E. F. RICKARD, BSc N.Z., MSc PhD, MNZIC
1969 D. SHOOTER, MSc PhD, MNZIC
1978 P. D. W. BOYD, BSc Tas., PhD Monash, ARACI, MNZIC
1982 R. F. HOWE, BSc PhD Cant.

Senior Lecturer, Physico-Chemistry
1960 G. R. WHITE, MSc N.Z., MNZIC

Lecturers
1982 M. G. BANWELL, BSc PhD Well., MNZIC, MACS
1984 L. J. WRIGHT, MSc PhD, MNZIC, MACS
1984 S. J. de MORA, BSc Wales, PhD Br.Col., MRSC

Tutors
1982 JUDITH M. BRITTAINE, BSc PhD E. Anglia, MNZIC
1982 SHEILA D. WOODGATE, BS Arizona, PhD Stan.

University Post-Doctoral Fellow
P. WALDE, DiplChem DipScNat E.T.H. Zürich

Honorary Senior Research Fellow
A. L. ODELL, MSc N.Z., PhD Lond., DSc, FNZIC
CIVIL ENGINEERING, see Engineering

CLASSICS AND ANCIENT HISTORY

Professor of Classics and Ancient History, Head of Department
1969 W. K. LACEY, MA Camb. (on leave)
Associate-Professor
Senior Lecturers
1963 W. F. RICHARDSON, MA N.Z. & Camb., BD Otago, PhD
1973 R. H. ALLISON, MA St And., BPhil Oxf.
1974 VIVIENNE J. GRAY, PhD Camb., MA
1981 A. J. SPALINGER, BA C.U.N.Y., MPhil PhD Yale
Lecturer in Biblical History & Literature, part-time
Lecturer in Hebrew, part-time

COMMERCIAL LAW, see Accountancy

COMMUNITY HEALTH, see Medicine and Human Biology

COMPUTER CENTRE

Director
1971 J. C. B. WHITE, MSc N.Z., PhD A.N.U.
Deputy Director
1971 J. N. BROWNLEE, MSc PhD, MIEEE, MNZIP
Consultant in Computing
1984 S. J. BLACK, BA Antioch, MA PhD

COMPUTER SCIENCE

Professor, Head of Department
1966 J. C. BUTCHER, MSc N.Z., PhD DSc Syd., FRSNZ, FIMA
Associate-Professor
1982 R. W. DORAN, BSc Cant., MS Stan.
Senior Lecturers
1959 J. F. WHALE, MSc N.Z., DIC Lond., MBCS
1968 G. J. TEE, MSc N.Z., FIMA
1972 P. M. FENWICK, MSc PhD, MIEEE, MACM
1973 G. A. CREAK, BA Camb., PhD Leeds
1979 R. J. E. LOBB, MSc PhD
1981 P. B. GIBBONS, MSc Massey, PhD Tor.
1981 K. BURRAGE, MSc PhD
Lecturers
1981 B. W. HUTTON, PhD Warw., MSc
1984 W. B. MUGRIDGE, BSc BA Massey
1985 J. G. HOSKING, BSc

CONTINUING EDUCATION, Centre for

Director
General Information, University Staff (Academic)

1966 E.P. MALONE, MA N.Z.
Senior Lecturers
1950 R. G. DELLOW, MBE, MusB. N.Z., FRCO(CHM), ARSCM
1962 P. B. BECROFT, MA N.Z., PhD Calif.
1970 R. J. I. WALKER, MA PhD
1973 JUDITH C.I. McMorland (Mrs), BA Leeds, MA DipEd Massey, DipYthWk Manc. PhD
1978 A. A. MORRISON, MA PhD DipEd
Lecturer
1979 JUDITH M. MALONE, MA PhD

ECONOMICS

Professor, Head of Department
1972 C. A. BLYTH, MA N.Z., PhD Camb.

Professors
1973 R. H. COURT, BA BSc N.Z., PhD N.S.W., MA
1977 A. J. L. CATT, MCom N.Z.

Senior Lecturers
1964 K. D. S. JONES, BA Wales, MSc (Econ) PhD Lond.
1972 K. E. JACKSON, BA PhD Kent
1978 S. R. H. JONES, BSc (Econ) PhD Lond.
1979 C. A. PERRINGS, BA PhD Lond.
1982 G. J. MacGregor-Reid, MA Leic.

Lecturers
1979 R. D. J. SCOLLAY, MA Well., BA Camb., BCom
1981 SUSAN M. ST JOHN, BSc MA N.Z.
1982 B. TRAN NAM, BEc James Cook, MEc A.N.U., PhD N.S.W.
1983 A. M. ENDRES, MSocSc Waik., PhD W'gong
1985 SHOLEH MAANI, MS PhD Ill.

Senior Tutor
1976 J. I. HORSMAN, MA N.Z.
1983 KATHRIN M. BOARDMAN, BSc MCom Cant.

Research Fellow in Energy Economics
SUSAN B. KASK, BA Colorado

EDUCATION

Professor Head of Department

Professor
1962 MARIE M. CLAY, MA DipEd N.Z., PhD, FNZPSs, Hon FNZEI

Associate-Professor
1951 W. J. D. MINOGUE, MA N.Z., PhD Ohio State

Senior Lecturers
1968 B. A. MacARTHUR, MA PhD
1973 J. D. MARSHALL, BA PhD Brist.
1972 W. M. GILL, MA Massey, BSc PhD
1976 VIVIANE M. J. ROBINSON, PhD Harv., MA
1976 S. S. McNAUGHTON, MA PhD
1980 K. M. WILTON, PhD Alta., MA
1982 B. F. TUCK, PhD Cant., MA
1978 R. A. PEDDIE, MA N.Z., Dip'DetSup Poitiers, PhD
1978 C. J. LANKSHEAR, MA, PhD, Cant.

Senior Lecturer in Child Studies

1985 Calendar
General Information, University Staff (Academic)

Lecturer
1984 G. J. McCulloch, MA, PhD Camb.

Senior Tutor
1979 KATHRYN C. IRWIN, BA Min., MEd Harv.
Honorary Research Fellow
DOROTHY R. HOWIE, MA PhD DipEd

ENGINEERING
Dean, Professor of Mechanical Engineering
1969 R. F. MEYER, BE N.Z., PhD Manc., FCASI, MAIAA, FIPENZ

CHEMICAL AND MATERIALS ENGINEERING
Professor, Head of Department
1981 B. J. WELCH, MSc N.Z., PhD DSc, MAICHE, FRACI, FNZIC, MAIME
Professor in Chemical and Materials Engineering
1951 A. L. TITCHENER, BSc BE N.Z., ScD M.I.T., AOSM, MIMechE, FIPENZ, MAIME, FIM
Associate-Professors
1968 W. G. FERGUSON, BSc BE N.Z., PhD, MIPENZ
1969 G. G. DUFFY, BSc N.S.W., PhD, ASTC, CEng, MICHemE, FIMC
1973 R. M. SHARP, MA DPhil Oxf., CEng, MIM
Senior Lecturers
1969 E. G. KELLY, BE PhD Otago, AOSM, CEng, MAIME, MIMM
1970 J. T. GREGORY, BSc Idaho, PhD Wis., MAIME, MASW
1971 M. L. ALLEN, BSc(Eng) Lond., ME, CEng, MICHemE, MIPENZ, MNZIC (on leave)
1970-71, 1984 R. D. ANDREW, BE, MAIChe, PE Texas
Lecturer
1984 J. J. J. CHEN, BE PhD, CEng, MICHemE, MIPENZ, MAIChe, MIEAust, MHKIE
University Post-Doctoral Fellow
M. ASSEFPOUR-DEZFULY, BSc PhD Lond

CIVIL ENGINEERING
Professor, Head of Department
1953 P. W. TAYLOR, BSc BE N.Z., PhD, CEng, FICE, FIPENZ, FASCE
Professors
1956 A. J. RAUDKIVI, DipIng (Civil) Tallinn & T.H. Braunschweig, DrIngEh Braunschweig, PhD, CEng, FICE, FIPENZ
1981 P. G. LOWE, BE N.Z., MA Camb., MEngSc Syd., PhD Lond., CEng, MICE, FIPENZ MIEAust
Associate-Professor
1961 R. A. CALLANDER, BE N.Z., PhD, FIPENZ,
Senior Lecturers
1967 B. H. CATO, BE N.Z., CEng, MICE, FIPENZ, FIHT
1969 I. W. GUNN, BE N.Z., DipPHE N’cle.(U.K.), CEng, MICE, MIPENZ, FIPHE, MInstWPC
1969 A. H. BRYANT, BE PhD Cant.
1969 I. G. BUCKLE, BE PhD, MIPENZ (on leave)
1972 R. C. M. DUNN, BE BSc N.Z., MEngSc N.S.W., DipTP, MIHE, FITE, MIPENZ (on leave)
1975 R. C. FENWICK, BE N.Z., PhD Cant. MIPENZ

ELECTRICAL AND ELECTRONIC ENGINEERING

Professor, Head of Department
1977 J. L. WOODWARD, BE N.Z., MASc Tor., FIEE, FIEAust., FIPENZ
Professor
1977 J. T. BOYS, ME PhD, MIPENZ
Associate-Professor
1966 D. V. OTTO, BE PhD, CEng, MIEEE, FIMCNZ
Senior Lecturers
1955 B. EGAN, BA BE N.Z., PhD, CEng, FIEE, MemIEEE
1961 M. J. POLETTI, MSc N.Z.
1963 J. G. NAYLOR, BE N.Z., CEng, MIEEE
1966 H. B. GATLAND, BSc N.Z., DipElectronics S’ton., CEng, MIEEE, FIMCNZ
1975 A. G. WILLIAMSON, BE PhD CEng, MIERE, MemIEEE
1976 D. T. NGUYEN, BE Cant., PhD, MIPENZ
1977 A. C. TSOI, DipTech H.K., BD Otago, MSc PhD Salf.
Lecturers
1983 K. S. CHANDRASHEKAR, BE B’lore, MTech I.I.Sc.,PhD N’cle (N.S.W.)

MECHANICAL ENGINEERING

Professor, Head of Department
1983 A. F. MILLS, MSc(Eng) Cape. T., DIC Lond., PhD Calif., AMASME
Professor

Associate-Professors
1976 G. ARNDT, BE MEngSc Melb., PhD Monash, CEng, FIProdE, FIEAust., VDI
1961 J. STEPHENSON, BSc Glas., MIPENZ
Senior Lecturers
1962 P. D. SMITH, BSc EngSc Lond., MAIM
1965 J. J. WARD, MSc(Eng) Natal, CEng, MIMechE
1970 G. W. BLANCHARD, MSc Manch., MIMC
1973 G. MOLTSCHANKWSKYJ, MSc(Eng) Lond.
1973 V. A. L. CHASTEAU, BSc(Eng) Witw., PrEng, FEASA, MAIAA
1975 J. D. TEDFORD, BSc, PhD Belf., CEng, MIProdE, ANZIM
1977 P. S. JACKSON, ME N.Z., PhD Camb.
1977 R. R. RAINES, BSc PhD S’ton.
*1980 F. J. THOMSON, MSc Otago, PhD

1985 Calendar
1981 D. BHATTACHARYYA, ME Calc., PhD Jad., MASME (on leave)
1982 G. D. MALLINSON, BSc Well., PhD N.S.W., MIEAust
1982 P. J. RICHARDS, BSc R'dg, PhD C.N.A.A., AMRAeS
1984 R. G. J. FLAY, BE PhD Cant., CEng, MIPENZ, MIMechE, PEngOnt
Lecturer
1982 B. R. MACE, BA DPhil Oxf.
MRC Senior Research Fellow
N. D. BROOM, BE Melb., PhD
Research Fellows
K. JONES, MSc Cran I.T.
R. H. A. SEIDEL, Dip Wirtsch Ing Karlsruhe

THEORETICAL AND APPLIED MECHANICS

Professor, Head of Department
1981 I. F. COLLINS, MA PhD Camb., FIMA
Associate-Professors
1962 M. S. ROSSER, MSc MusB N.Z. (on leave)
1967 I. C. MEDLAND, BSc ME N.Z., PhD Manc., CEng, MIPENZ
1969 M. J. O'SULLIVAN, BE N.Z., PhD Cal. Tech, BSc ME
Senior Lecturers
1975 D. M. RYAN, MSc Otago, PhD A.N.U., FIMA
1977 C. J. PATTERSON, BSc BE
1978 P. J. HUNTER, DPhil Oxf., ME
1981 R. McKIBBIN, MSc Cant, PhD, (jtly with Geothermal Institute)
Lecturer

Research Fellow
MARGARET E. BLAKELEY, BE

GEOTHERMAL INSTITUTE within the Faculty of Engineering

Associate-Professor, Director of Geothermal Institute
1978 M. P. HOCHSTEIN, DipGeophys T. U. Clausthal, DrRerNat Mün.
Associate Professor in Professional Engineering
1969 D. H. FREESTON, BSc Lond., CEng, MRAeS, FIMechE, MIPENZ
Associate Professor
1979 P. R. L. BROWNE, BSc Cape T., MSc Leeds, PhD Well.
Senior Lecturer
1981 R. McKIBBIN, MSc Cant. PhD (jtly with Dept of Theoretical & Applied Mechanics)

ENGLISH

Professor, Head of Department
1980 T. L. STURM, PhD Leeds, MA
Professors
1959 C. K. STEAD, MA N.Z., PhD Brist, LittD

Associate-Professors
1954 W. H. PEARSON, MA N.Z., PhD Lond.
1968 F. C. de VRIES, MA Amst., DLitt Utrecht
1964 M. P. JACKSON, MA N.Z., BLitt Oxf. (on leave)
1968 M. A. F. NEILL, MA Otago, PhD Camb.
Senior Lecturers
1961 P. DANE, MA Leic.
1966 R. J. HORROCKS, BA N.Z., MA PhD
1966 W. S. BLACK, BA Leeds
1970 W. T. L. CURNOW, BA N.Z., PhD Penn., MA
1968 AOREWA P. McLEOD, MA Well., BPhil Oxf., BA
1969 J. LAMB, BA DPhil York (U.K.)
*1972 STEPHANIE J. HOLLIS, BA Adel., PhD A.N.U.
1973 R. H. LEEK, MA PhD (on leave)
1981 M. J. WRIGHT, MA Oxf., PhD N.E.
1979 G. A. J. BOIRE, BA Montr., MA PhD McM
1979 D. G. WRIGHT, MA Cant., PhD Tor.
1980 B. D. BOYD, MA Cant., PhD Tor. (on leave)
Senior Lecturer in Drama
1977 M. G. THOMPSON, MA Cant.
Lecturer
1977 R. H. NICHOLSON, MA Well.
Senior Tutors
1966 K. SMITHYMAN
1971 RIEMKE ENSING, MA
1971 MARGARET A. EDGCUMBE, MA
1971 GABRIELLE HILDRETH, MA

FINE ARTS
Professor, Head of Department
1961 J. D. SAUNDERS, DipFA N.Z., DipIndustDesign, NDD, FNZSID
Associate-Professors
1957 R. W. ELLIS, ARCA, RBA, MNZSSPA, FRSA
1966 G. L. TWISS, DipFA N.Z., MNZSSPA
Senior Lecturers
1971 J. B. TURNER
1975 A. GARCIA-ALVAREZ, PD Barcelona, MNZSSPA
1979 D. H. BINNEY, DipFA N.Z., MNZSSPA
1978 R. M. SIMPSON, MFA Ill., BFA
1977 P. E. DADSON, DipFA
*1980 VICTORIA A. P. EDWARDS, MFA, MNZSSPA
Lecturers
1980 B. G. de THIER, DipFA Cant., MNZSID
*1981 R. J. FRIZZELL, DipFA
*1984 CHRISTINE HELLYAR, DipFA

GENERAL STATUTES AND REGULATIONS

ADMISSION REGULATIONS

Prerequisites and conditions
1. Subject to the Council's statutory powers to decline enrolment (whether for insufficiency of accommodation or of teachers or for other cause) and to Regulation 2, a person is qualified to matriculate (that is, to be admitted to the University and placed on its books as a student) if that person has been granted —
   (a) the University Entrance qualification by the New Zealand Universities Entrance Board either by accrediting or examination, or
   (b) admission by the New Zealand Universities Entrance Board at the Standard of the University Entrance examination (see Notes (i) and (ii) below, or
   (c) admission by the University Council at its discretion at a standard to be determined in respect of work done in any other University or other place of learning substantially corresponding or equivalent to courses taught at the University of Auckland (see Admission Ad Eundem Statum), or
   (d) admission by the University Council under Regulation 7; or
   (e) provisional admission.

*Notes: (i) Overseas students not previously enrolled at a university who are seeking admission to New Zealand Universities at entrance level are required to apply for a place, and for recognition of overseas educational qualifications, to: The Secretary, Overseas Students Admissions Committee, P.O. Box 12348, Wellington North, New Zealand.
   (ii) New Zealand students and others who are ordinarily resident in New Zealand who have obtained University Entrance qualifications for countries outside New Zealand and who seek admission to New Zealand Universities at entrance level must apply for recognition of their qualifications to: The Secretary, Universities Entrance Board, P.O. Box 12348, Wellington North, New Zealand.

2. (a) Save with the permission of the Senate, a person who
   (i) has not reached the age of 16 years, by the 31st of December of the year proceeding that in which admission is sought; or
   (ii) is on the books of another University; or
   (iii) is enrolled for full-time instruction in a secondary school, area school or technical institute shall not matriculate or be eligible to be on the books of the University.
   (b) The Senate’s permission in relation to paragraph (a)(i) of this Regulation shall be granted only in exceptional circumstances.

Note: Approval has been given for Auckland Secondary Teachers College physical education and music students enrolled at Massey University for BEd to be enrolled in the same year in approved courses at the University of Auckland.

3. A person seeking to matriculate shall comply with the Preparatory Application Regulations.

Matriculation
4. At matriculation (that is, on admission to the University) every student shall make the following declaration:
   ‘I promise to obey the Statutes, Regulations and requirements of the University of Auckland.’

Non-matriculated students
5(a) A person may be admitted to lectures or laboratories as a non-matriculated student (that is, without being placed on the books of the University) on condition that the person complies with —
   (i) the Preparatory Application Regulations, and
   (ii) all Regulations governing enrolment.
   (b) A non-matriculated student may not take any University examinations.

Admission ad eundem statum
Note: For students applying to transfer to this University from another university, the Council pursuant to S24 of the University of Auckland Act 1961
   (a) may grant admission with credits and exemptions for papers towards the course for a Bachelor’s degree or a diploma for work which in the opinion of the Senate is substantially corresponding or equivalent
   (b) may grant admission to the status of a degree holder or diploma holder with the right to proceed to a specific higher degree or diploma with or without Honours.
Credits may be specified or unspecified and the grant of admission may include permission to advance in specified subjects.
Prerequisites may be prescribed as a condition of the approval to proceed to a higher degree or diploma.
Students from another University in New Zealand
6(a) A student from another University in New Zealand who wishes to transfer or be admitted to the University of Auckland.
(a) Shall do so in accordance with the Preparatory Application Regulations;
(b) Shall be granted admission only if in the opinion of the Senate there are compelling circumstances for transfer to this University.

Students from an overseas University
7. (a) A person ordinarily resident overseas who holds a degree or other qualification from an overseas University may apply for admission to graduate status by completing the prescribed form and submitting it with the prescribed fee to the Register not later than 30 November.
(b) A person ordinarily resident in New Zealand who holds a degree or other qualification from, or has partly qualified in an overseas University may apply for admission at the appropriate level by completing the prescribed form and delivering it with the prescribed fee to the Registrar not later than 15 January in the year of the intended enrolment.

Note: A student wishing to enrol in a course or paper requiring pre-enrolment must comply with the Preparatory Application Regulations — i.e. submit their application by the date set by Council for pre-enrolment in that course or paper, even if its earlier than the date indicated in (a) and (b) above.

8. All applications under Regulation 6 and 7 shall be accompanied or supplemented by such evidence as the Senate may require as to:
(i) identity
(ii) academic standing, and
(iii) any degree or diploma obtained by the applicant from another University.

Provisional Admission
9. A person who does not hold a University entrance qualification but who has attained the age of twenty-one years by 31 December in the year preceding that for which application is made may be granted provisional admission to any course of study. The Senate may waive that age requirement where the applicant is in its opinion otherwise fit to be admitted and in particular has
(a) satisfied any qualification for admission specified in the regulations for that course of study; or
(b) completed two years of study at a Teachers College and attained a sufficient standard therein; or
(c) passed School Certificate and attained the age of 16 years by 31 December in the year before enrolment, where granted a place in the course for the Diploma in Music; or
(d) obtained any other qualification approved by the Senate.

10. A student's admission shall cease to be provisional when the student
(a) having been admitted direct to a Professional Examination in Architecture, Engineering, or Fine Arts, or to a Town Planning Examination, has qualified to proceed to the next Professional Year or Town Planning Examination as the case may be, or
(b) having been admitted to the course of study for the degree of Bachelor of Arts has passed not fewer than 6 papers, or
(c) having been admitted to any Course of Study other than those specified in this regulation, has passed an equivalent full-time course approved for a particular Course of Study.

11.(a) While admission remains provisional, a student may enrol only for papers or subjects of the Course of Study for which admission is granted.
(b) When admission ceases to be provisional the student may enrol for any other Course of Study subject to any requirement for enrolment in that course.

12. A person seeking provisional admission to the University shall apply for it in accordance with the Preparatory Application Regulations, submit evidence of age and educational qualifications, and pay the prescribed fees.

Notes: (i) If candidates are under the age of 25, they will generally be advised by the Senate to sit the University Entrance examination unless their applications show professional or technical qualifications such as nurses, mariners or air pilots certificates.
(ii) Closing date for applications for Provisional Admission is 15 January (except: DipG&O — 1 March or 1 September; DipObst — 1 May or 1 November; DipPaed — 1 October).
(iii) On payment of a late fee of $20 an application for any course of study (except DipG&O, DipObst and DipPaed) may be considered if it is made not later than 15 February.
(iv) On payment of a fine of $20 in addition to the prescribed fees and late fee subject to the permission of the Senate, an application made after 15 February may be considered.
(v) In courses such as DipBIA, DipTP, or in Fine Arts, where practical qualifications may receive merit classification, students should apply for a place on the appropriate enrolment form and if they are offered a conditional place they should then apply for provisional admission where this is required.

PREPARATORY APPLICATION REGULATIONS

1. Every person intending to enrol or to re-enrol in the University who comes within any of the categories described in Regulation 2 shall give notice of that intention by completing the Preparatory Application Form and submitting it to the Registrar —
   (i) By 15 January in the year of intended enrolment, or
   (ii) In a case where pre-enrolment is required in any course or paper, by the date set by the Council for pre-enrolment in that course or paper.

2. The categories referred to in Regulation 1 are:
   (a) Persons seeking to enrol as first year students (including those seeking provisional admission) who are eligible to enrol at the University of Auckland and who have never previously enrolled at a University.
   (b) Students whose last previous enrolment was at a University in New Zealand.
   (c) Students who (having failed to make satisfactory academic progress) need the permission of the Senate (under the exclusion regulations) to enrol.
   (d) Students who (wishing to enrol for any course of study or paper where entry is restricted) are required to pre-enrol (see Pre-enrolment Regulations).
   (e) Persons seeking to enrol as non-matriculated students.

3. Fees, as appropriate, must accompany the completed form.

Note: Provisional Admission fee — $25. Permission to re-enrol — $20. First year students (unless provisional) and pre-enrolment applications pay no deposit — fees are payable at enrolment.

Late applications of the Preparatory Application Form from any of the categories above will be received on payment of a late fee of $20. A fine of $20, in addition to the prescribed late fee is payable on any applications for Transfer, Provisional Admission, and Exclusion made after 15 February.

ENROLMENT AND COURSE REGULATIONS (GENERAL)

Dates of Terms

1. (a) There shall be in each year three terms. The first term shall begin on the first Monday after 25 February and shall end on the Saturday preceding the 19th Monday of the calendar year. The second term shall begin on the 22nd Monday of the calendar year and shall end on the Saturday of the 11th week thereafter. The third term shall begin on the 36th Monday of the calendar year and shall end on 31 October of each year. The Easter recess shall extend from Good Friday to the Tuesday of Easter week, both days inclusive. The mid-term break during the second term shall consist of the whole of the 6th week.

(b) For the purpose of the holding of such examinations as may be required at the conclusion of the University year, lectures and laboratory courses shall normally cease about the end of the fifth week of the third term in each year.

(c) Lecture and laboratory courses in Engineering shall be suspended for the fourth and fifth weeks of the second term and shall end in the seventh week of the third term.

General Course Provisions

2. (a) Subject to the Admission Regulations and to the express provisions of any other regulations every candidate for a degree, diploma or certificate course shall be required to
   (i) be a matriculated student of the University;
   (ii) follow the prescribed Course of Study in the order prescribed or indicated in accordance with the regulations governing the Course;
   (iii) carry out the prescribed practical work (if any);
   (iv) comply with the provisions of the Examination Regulations;
   (v) pass the prescribed examinations.

(b) The personal Course of Study of every student shall require the approval of the Senate provided that
   (i) the Senate may delegate to the Dean of the Faculty within which the student is enrolled the power to give such approval;
(ii) the Senate may in exceptional circumstances approve a personal Course of Study which does not in every particular satisfy the regulations for the degree or diploma for which the student is enrolled;

(iii) Any person who produces evidence to the satisfaction of the Senate of inability to attend classes and who wishes to take any paper or papers the equivalent of which is not available by extramural enrolment at Massey University may in exceptional circumstances be permitted to enrol at the University of Auckland with such dispensations and upon such conditions as the Senate thinks fit;

(iv) where approval of a personal Course of Study has been withheld by a decision of the Dean acting under delegation of that power the student may appeal to the Senate against that decision;

(v) where options are prescribed for a Course of Study the Senate may at its discretion determine which of them shall be available in any year: provided always that sufficient options shall be available to enable a candidate to complete his Course.

(c) Where in the opinion of a Head of Department an insufficient number has enrolled for a paper taught in the Department or there are insufficient staff to teach it, that Head of Department may, with the approval of the Dean of the Faculty, withdraw that paper for the current year within one week of the beginning of the first Term, if the essential prerequisites for any candidate's course of study are not thereby affected. No candidate shall be charged a fee for any change of course required because of the withdrawal of a paper.

(d) In relation to the time limit for the presentation of a dissertation, original investigation, or thesis, 'academic year' shall in these and all other regulations of the University, unless the context requires otherwise, mean the period from the first day of March in one calendar year to the last day of February in the calendar year next following.

(e) Except (i) as provided in the Extramural Enrolment Statute 1962 and the Extramural Enrolment Regulations and (ii) otherwise with the special permission of the Senate, no student shall enrol or continue to be enrolled at the University of Auckland while enrolled at any other university or university college.

Eligibility to Enrol

3.(a) Students entitled to enrol at the University of Auckland subject to places being available, and who otherwise fulfil the eligibility requirements shall include

(i) those previously enrolled whose official record remains at this University;

(ii) those living in the area defined in the Appendix of these regulations who wish to enrol for the first time at a university in a course of study in the Faculties of Arts (including the Course for the Diploma in Education but excluding other Diploma Courses);

Commerce

Law, for the Intermediate Examination

Music, for the Degree of Bachelor of Music

Science (including the subjects of the Architecture and Engineering Intermediate examinations but excluding the Course for the Degree of Bachelor of Optometry);

(iii) those living in New Zealand south of the area defined in the Appendix of these regulations who wish to enrol for the first time at a university in a Course of Study approved for the purposes of this subclause by the Senate.

Each student shall be subject in enrolment to any restrictions or conditions imposed by the Senate or by the Faculty or Faculties in which he or she enrols.

Note: Compliance with the Preparatory Application Regulations is necessary for the categories of students to whom those Regulations apply. (e.g. where pre-enrolment is required).

(b) Students who may be permitted by the Senate to enrol at the University of Auckland, subject to places being available, and who otherwise fulfil the eligibility requirements shall include

(i) those who wish to enrol for the first time in a Course of Study in the Faculty of Architecture and Town Planning, for the Professional Examinations or Town Planning Examinations, Engineering, for the Professional Examinations,

Fine Arts,

Medicine and Human Biology,

Music for the Degree of Bachelor of Music (Performance), Bachelor of Music (Performance) with Honours, Diploma in Music or Diploma in Music with Honours

Science for the Degree of Bachelor of Optometry or for the following Diploma Courses: Broadcast Communication, Business and Industrial Administration, Clinical Psychology, Computational Mathematics, Criminology, Drama, Educational Psychology, Energy Technology (Geothermal), Guidance and Counselling, Gynaecology and Obstetrics, Local Government and Administration, Mathematical Education, Obstetrics, Paediatrics, Statistics, Town Planning;
(ii) those who wish to enrol at a university for the first time and are not entitled to enrol under subclauses (ii) and (iii) of Regulation 3(a) of these regulations;
(iii) those who have failed to make satisfactory academic progress in their University studies or have been excluded from the University under Regulation 10 of these Regulations;
(iv) those transferring from another university in New Zealand who satisfy the Senate as required by the Admission Regulations that there are compelling reasons for their transfer;
(v) those who wish to enrol to complete the Course requirements of another university in New Zealand;
(vi) those overseas students granted Admission Ad Eundem Statum with credits; or
(vii) those overseas students selected for admission at entrance level.
Each student permitted to enrol shall be subject in enrolment to any restrictions or conditions imposed by the Senate or by the Faculty or Faculties in which he or she enrols.

Note: Compliance with the Preparatory Application Regulations is necessary for the categories of students to whom those Regulations apply. (e.g. where pre-enrolment is required).

Enrolment
4.(a) Every internal student shall enrol at the university in person before the beginning of the first term in accordance with the detailed enrolment timetable published in this Calendar; provided that where a student is, by reason of illness or of any exceptional circumstances beyond his control, unable to enrol in due time, he may with the permission of the Senate enrol late without penalty if he
(i) applies for that permission on or before 31 January, or as soon as reasonably possible in any case where it is after that date the student becomes ill or the exceptional circumstances arise; and
(ii) produces with his application a medical certificate or reasonable evidence of the exceptional circumstances relied upon.

(b) Students whose dissertations, original investigations, or theses for a degree, or diploma, are incomplete shall be required to re-enrol at the beginning of each academic year until the dissertation, original investigation, or thesis is presented.

(c) (i) Candidates for the Diploma in Gynaecology and Obstetrics must complete a formal enrolment and pay the prescribed fees not later than 1 March for the June examination or 1 September for the December examination.
(ii) Candidates for the Diploma in Obstetrics must complete a formal enrolment and pay the prescribed fees not later than 1 March for the June examination or 1 September for the December examination.
(iii) Candidates for the Diploma in Paediatrics must complete a formal enrolment and pay the prescribed fees not later than 1 October or such date as approved by the Senate.
(iv) Candidates for the final year of the Degree of Bachelor of Medicine and Bachelor of Surgery must complete a formal enrolment and pay the prescribed fees not later than 15 November or such date as approved by the Senate for the commencement of the Trainee Internship year.
(d) Extramural students shall enrol in accordance with the provision of the Extramural Enrolment Statute and Regulations.

(e) A student who has applied for Ad Eundem Statum Admission, or Provisional Admission to be eligible to matriculate, and who has not received a decision before the beginning of enrolment week, shall enrol and pay fees as if his application had been granted. If his application is refused he shall be admitted as a non-matriculated student to lectures and laboratories only; provided that his enrolment may be cancelled and his fees fully refunded if within fourteen days of the posting to him of notice of refusal he lodges at the Registry an appropriately completed 'Alteration to Course' form.

(f) A student who is enrolled at another University in New Zealand and who wishes to enrol at the University of Auckland shall submit to the Registrar an application to transfer on the prescribed form not later than 15 January in the year in which he wishes to enrol, provided that a late application may be accepted only with the permission of the Senate and on payment of a fee of $20.

Exceptions
5.(a) No student shall be enrolled in the same year for more than two distinct Courses of Study for degrees and diplomas. A student enrolling for two such Courses of Study shall be permitted to sit for examination in only two papers or their equivalent more than the maximum allowed in either Course of Study.

(b) No student shall be enrolled in any paper or subject for which they have received credit for another degree or diploma or in any paper or subject with content substantially similar to any other paper for which they have received credit.

(c) Subject to the provisions of the Regulations for any degree or diploma no student shall be enrolled in two stages of a subject in the same year, provided that the Senate may waive this requirement in the case of a student of proven merit.
(d) Any student who has twice enrolled for, but had failed to be credited with a pass in an optional paper or subject shall not be entitled to enrol again for that paper or subject without the prior permission of the Head of Department in which it is taught.

(e) Students who satisfy the Senate that they are unable to attend the full Course of Study for which they are enrolled may, on the recommendation of the Head of Department concerned, be granted partial exemption from lectures.

6.(a) Each student (except for DipG&O, DipObst, DipPaed, or for final year MBChB) shall enrol on the appropriate day and morning or afternoon as set out in the enrolment timetables. Provided that on payment of the prescribed late fee and penalties as Senate may in its discretion impose an enrolment may be accepted after the day prescribed but in no case shall

(i) a student whose home is outside New Zealand be accepted later than the commencement of the second week of lectures, or

(ii) a student permanently resident in New Zealand be accepted later than 31 March, or

(iii) a student be accepted for enrolment in a laboratory subject (including the subject Studio in the Faculty of Architecture and Town Planning and Faculty of Fine Arts) and any subject prescribed for the First, Second or Third Law Examination for LLB or LLB (Hons) Degree or for the Law Professional Examination and any paper in the Faculty of Engineering except with the special permission of the Senate.

Notes: (i) A late fee of $20 is prescribed.

(ii) Where enrolment is applied for after the end of the first week of term an additional fine of $4 is payable for each week or part of a week after the first week of term by which the application to enrol has been delayed.

(b) Each student for the Diploma in Gynaecology and Obstetrics or the Diploma in Obstetrics shall enrol not later than 1 March for the June examination or 1 September for the December examination in that year.

Note: On payment of a fine of $4 for each week or part of a week after 1 March or 1 September a late application to enrol may be considered.

(c) Each student for the Diploma in Paediatrics shall enrol by 1 October or such later date as approved by the Senate.

Note: On payment of a fine of $4 for each week or part of a week after 1 October a late application may be considered.

(d) Each student for the final year for the Degree of Bachelor of Medicine and Bachelor of Surgery shall enrol by 15 November or such later date as approved by the Senate.

Note: On payment of a fine of $4 for each week or part of a week after 15 November a late application may be considered.

Choice of Course of Study

(e) The Courses of Study of those enrolled after the date prescribed will be determined by the Senate and will not necessarily conform with those proposed by the students concerned. In determining such Courses, the Senate will have regard to the prior claims upon both laboratory and classroom space of those students who have enrolled at the approved time.

PhD Enrolments

(f) The provisions of this regulation do not apply to enrolments for the Degree of Doctor of Philosophy.

Payment of Fees

7. (a) All fees that cannot be claimed under a study grant or bursary shall be paid in full at enrolment, provided that the Registrar or his deputy may, in exceptional circumstances grant an extension of time for the payment of fees.

(b) A charge of $10 shall be paid with any application to defer payment of fees provided that the Registrar or his deputy may at his discretion waive payment of this charge.

(c) In any case where fees remain unpaid, a student shall not be entitled to have his record transferred to another University or to sit the final examination.

Note: A student who is unable to pay fees at enrolment must interview the Registrar or his deputy and complete an agreement regarding payment. Extension of time for payment of fees is not granted as a matter of course but only in exceptional circumstances.

Alterations to Courses of Study

8.(a) Additions, or Deletions of Papers and Subjects

A student who having completed enrolment wishes to alter the course of study may apply to the Senate upon the conditions in the schedule of this regulation for permission to add or delete, from any paper or subject. Any application made after the commencement of the first term in each year shall be submitted to the Registry on the appropriate form with the prescribed fees.

Notes: (i) It is not sufficient to notify a change of course of study solely to a Department. An “Application to Alter Course” form must be handed in at the Registry.

(ii) The prescribed fee is $10.

(iii) On payment of a late fee of $4 for each week or part of a week a late addition (but not a late deletion) may be considered.
## Schedule

Applications for Additions, Deletions and Substitutions of papers and subjects must be handed in at the Registry not later than the date prescribed below:

**Notes:**
(i) A student ceasing to take a paper after the prescribed date for deletion is strongly advised to notify the Registrar as soon as possible but not later than three weeks before lectures for the paper finish. The date of notification will be entered against the enrolment for the year in that paper on the student's academic record. (A notification form is available from the Inquiry counter at the Registry.)
(ii) A student should refer to Regulation 8(c)(ii) of the Examination Regulations if the reason for ceasing to take a paper is illness or injury, or any exceptional circumstances beyond his control.

**Fees**

(b) Payment of Additional Fees or Late Fees
Any additional tuition fees and all late fees shall be paid at the time of the lodging of the application.

(c) Refund of Fees
(i) Where a candidate applies under paragraph (a) of this Regulation and within the appropriate time limit
(1) to delete all the papers for which he or she is enrolled, he or she shall receive a full refund of all tuition fees, and of the Students' Association Fee and Welfare Fee.
(2) to delete paper(s) but not all the papers for which he or she is enrolled or to substitute a paper for which a lesser fee is prescribed, he or she shall receive a refund of the difference between the total fees paid and the total due.
(ii) Where a student for reasons of illness or injury or any exceptional circumstances beyond his or her control makes a late application for deletion, the Senate may in its absolute discretion grant a partial refund of tuition fees, but in no case of the Students’ Association Fee and Welfare Fee.

Note: Students who have their tuition fees paid under University Scholarships, Fees Grants or Bursaries, Government Study Awards, Training College Bursaries, Secondary Teachers’ Studentships, or Bilateral Aid Programme should note that if they do not comply with the Regulations relating to 'Alterations to Course of Study' they may prejudice their scholarship or bursary in a future year.

Non-matriculated Students
9. Admission to lectures or laboratories may be granted to non-matriculated students provided they comply with all other Regulations governing admission. The Council may from time to time restrict entry of non-matriculated students to one or more subjects by reason of shortage of accommodation or other special circumstances.

Note: A non-matriculated student may not enter for any degree, diploma, or certificate of proficiency examinations as he is unable to comply with the course Regulations.

Exclusion for failure to make satisfactory academic progress in a Course of Study as a whole
10. (1) In this Regulation and the schedule to it: 'unsatisfactory student’ (i) means a student who has made insufficient academic progress in that he has failed to the extent described opposite the name of that Faculty, in the right hand column of the Schedule to this Regulation, in any Course of Study there specified; (ii) includes any student who fails to comply with conditions of enrolment imposed under clause (5) of this Regulation. In the case of any student, a 'year of academic studies' means a year in which he is enrolled and has not withdrawn enrolment by the prescribed dates.

(2)(a) No unsatisfactory student may enrol at the University without the prior permission of the Senate.
(b) This clause of this Regulation does not apply to a student
(i) enrolling to complete Case Studies, Dissertation, Original Investigation or Thesis for any degree or diploma, or
(ii) enrolling for further study within the two years next following the completion of a degree or diploma or for a prerequisite for a Master's degree or postgraduate diploma, or
(iii) enrolling for the Degree of Doctor of Philosophy.
(3) No student may enrol in the University, without the prior permission of the Senate,
(a) who has been excluded from any university on the ground that he has failed to make sufficient academic progress; or
(b) who wishes to transfer to this university from another university under the Regulations of which he requires special permission to enrol having failed to make sufficient academic progress.
(4) Application for permission to enrol under paragraphs (2) or paragraph (3) of this Regulation shall be made in accordance with the Preparatory Application Regulations.

Note: (i) Applications must be made on the Preparatory Application Form and submitted with the prescribed fee of $20 to the Registrar not later than 15 January, or in a case where pre-enrolment is required for a course or paper, by the date set by Council for pre-enrolment in that course or paper.
(ii) Under the Fees Regulations a late application may be received with a late fee of $20 after 15 January and not later than 15 February.
(iii) On payment of a fine of $20 in addition to the prescribed fee and late fee an application made after 15 February may be considered.

(5) In granting a student permission to enrol under clause (2) or clause (3) of this Regulation, the Senate may impose on the student such conditions as it thinks fit:
(a) in relation to the minimum academic progress he must make in the year of enrolment (so as to be entitled to enrol in the next year without application under this Regulation); or
(b) otherwise in relation to his future Course of Study.
(6) Any student
(a) to whom the Senate refuses permission to enrol under clause (2) or clause (3) of this Regulation; or
(b) who objects to any condition of enrolment imposed by the Senate under clause (5); may within 14 days appeal to the Council against the refusal or imposition.
(7) This Regulation is subject to Regulation 11 of these Regulations.

Schedule

| Faculties of Architecture and Town Planning, Arts, Engineering, Law, Music and Science | Any Course of Study: any student who has, over the last two years of his academic studies, failed to pass the equivalent of one year's full-time Course of Study. |

1985 Calendar
Bachelor of Commerce: any student who after one year has failed to pass three or more papers for Part I; any student who after two years has failed to complete the requirements for Part I; any other student who has, over the last two years of his academic studies, failed to pass the equivalent of one year's full-time Course of Study.

Any Course of Study: any student who has, over the last two years of his academic studies, failed to pass the equivalent of one year's full-time Course of Study.

A Course of Study arranged in Professional Years: any student who has failed all the papers of a Professional Examination or has, over the last two years of his academic studies, failed to complete all the papers of a Professional Examination.

A Course of Study not arranged in Professional Years: any student who has over the last two years of his academic studies, failed to pass in the equivalent of one year's full-time course.

Bachelor of Human Biology: any student who has failed Part I as a whole; any student who on two occasions has failed to pass Part II as a whole, or on two occasions has failed to pass Part III as a whole; any student who has failed to pass any two parts of the course as a whole.

Any other Course of Study: any student who has failed his previous year of academic study as a whole.

Application of Foregoing Regulation to Students who have been Enrolled Part-time
11. Regulation 10 of these Regulations shall not apply to a student who, over the last two years of his academic studies, has been enrolled in this University part-time for a Course of Study and has passed at least half of the paper or subjects for which he was so enrolled.

Cross Credits
12(a) In this Regulation, cross-credits means papers of subjects which:

(i) are common to two or more Courses of Study;
(ii) have been passed by a candidate for the purpose of one of those Courses of Study; and
(iii) that the candidate desires to transfer to another of those Courses of Study.

(b) A candidate may, on payment of the prescribed fees under the Fees Regulations, transfer to the Course of Study for any degree or diploma named or referred to in the left hand column of the Schedule to this regulation cross-credits as shown opposite the degree or diploma so named or referred to in the right hand column of that Schedule (subject to any other provisions of this regulation).

(c) No Stage III paper that fulfils the Stage III requirement of a Course of Study may be cross-credited to meet the Stage III requirement of another Course of Study.

e.g. Stage III Maths credits passed as the only Stage III credits for BSc, could not be credited to BA unless three other Stage III papers were passed for the BA Course of Study.

(d) No candidate may transfer as a cross-credit any paper or subject passed with a conceded pass or restricted pass; and if that paper or subject is compulsory any other paper or subject may be substituted for it as the Senate may approve.

(e) No candidate may transfer as a cross-credit any paper or subject already so transferred under this regulation.

(f) In any case where an application for the transfer of cross-credits

(i) is not otherwise covered by this regulation or not covered by special provisions made elsewhere in the Regulations of the University or
(ii) is subject to any doubt or difficulty in the interpretation of these or any other Regulations of the University – the Vice-Chancellor may approve any such transfer of credit, or give any such direction in relation to the application, as he thinks fit.

Schedule

Architecture and Town Planning

(i) Degree of Bachelor of Architecture

The papers or subjects of the Intermediate Examination

1985 Calendar
(ii) Degree of Bachelor of Property Administration
(iii) Diploma in Valuation
(iv) Degree of Bachelor of Town Planning
(v) Degree of Bachelor of Arts
(vi) Degree of Bachelor of Commerce
(vii) Degree of Bachelor of Science
(viii) Degree of Bachelor of Optometry
(ix) Any Bachelor's degree other than those named above
(x) Any diploma other than those named above and other than the Diploma in Town Planning

Arts
(v) Degree of Bachelor of Arts

Commerce
(vi) Degree of Bachelor of Commerce

Science
(vii) Degree of Bachelor of Science
(viii) Degree of Bachelor of Optometry

Other Degrees and Diplomas
(ix) Any Bachelor's degree other than those named above
(x) Any diploma other than those named above and other than the Diploma in Town Planning

Notes: (i) In the case of Master's degrees no cross-credits are available, except where the course regulations so provide.
(ii) A student taking two Courses of Study may be permitted to transfer as cross-credits no more than the maximum allowed for one Course or the other but not for both.

Credit
13(a) A candidate may with the approval of the Senate and on payment of the prescribed fees under the Fees Regulations be granted towards a degree or diploma named or referred to in the left hand column of the Schedule to this Regulation, credit not exceeding that shown opposite the degree or diploma so named or referred to, in the right hand column of that Schedule.
(b) No candidate may be granted credit for work already so credited under this Regulation.

**Note:** The progress of students granted credit for Certificate Courses of the Centre for Continuing Education will be reviewed following their first year of study after the granting of the credit.

**Exemptions**

14(a) A candidate for a degree or diploma, who has passed in a paper or subject not prescribed for that degree or diploma but the same as or substantially equivalent to a paper or subject so prescribed, may at the discretion of the Senate be exempt from that prescribed paper or subject; subject, however, to the provisions of any other regulation.

(b) A candidate exempted either under this or any other regulation for a paper or subject shall pay the prescribed fee under the Fees Regulations to be exempted from that paper or subject.
15. Except as permitted either by Regulation 12 of these Regulations or by the Regulations for any particular Course of Study, no candidate may be granted in all more than one-third of the paper requirements of a Course of Study as cross-credits, credit, or exemptions.

Abandonments
16. A student may apply on the appropriate form and on payment of the prescribed fee to abandon one Course of Study before completion and to proceed to another Course. Any appropriate papers or subjects already credited may be transferred to the new Course.

Note: The prescribed fee for an "Abandonment" application is $10.

Completion of Degree or Diploma at another University
17. A student who leaves the University of Auckland district either to reside in another university district within New Zealand or to reside overseas, and who has passed for a degree or diploma of the University of Auckland such part of the work as the Senate may from time to time determine to be the major part of the work for that degree or diploma may, with the approval of the Senate in order to complete that degree or diploma, take appropriate examinations at another University and may, with like approval be granted credits under these regulations for such examinations.

Additional Lectures
18. A student while pursuing a Course of Study in the University may with the approval of the Dean of the appropriate Faculty, after consultation with the Heads of Departments concerned, take lectures in a subject which he is not offering for examination without payment of fee for the Course provided that this facility shall be granted only where the additional lectures would be useful in supplementing the student's Course of Study.

Vice-Chancellor's Special Powers
19(a) The Vice-Chancellor may give such direction, or make such provision as he shall think fit for the relief of undue hardship where it is shown to his satisfaction:
(i) that an alteration or amendment to statutes or regulations involving a change in a Course of Study or in examination requirements has caused a candidate hardship; or
(ii) that official advice has been given and acted upon, and it is later found that a candidate's Course of Study is not in accordance with the governing regulations and hardship would be caused if the candidate were to be compelled to comply with the full requirements of the regulations.
(b) Where a candidate for a Master's degree or Bachelor of Science (Honours) degree writes a script outside the prescribed time for the examination, the Vice-Chancellor shall have power to
(i) admit or reject the script as part of the examination
(ii) authorise the Head of Department to conduct an oral examination, and the Head of the Department where appropriate and if necessary, shall submit a mark based on the year's work and the oral examination.
(c) A candidate may appeal against any decision of the Vice-Chancellor under this Regulation to the Council by giving notice in writing to the Registrar within fourteen (14) days of being notified of the decision. Council shall have the power to make such provision as it may think fit. The decision of the Council on any appeal under this Regulation shall be final.
APPENDIX

That portion of the Provincial District of Auckland north of a line commencing on the west coast thence in a straight line east through Trig 76E No 2 to the outlet of the Awaroa Stream into Lake Whangape thence in a straight line in a north-north-easterly direction to the confluence of the Kopura Stream and the Maramarua River thence due east to Trig CXXVA thence in a straight line in a south-easterly direction to a point south-west of Kaihere thence in a straight line in a north-easterly direction to the junction of Townsend Road and Highway 26 thence in a straight line in a north-easterly direction through Tairua hill Trig.
ENROLMENT

To facilitate enrolment 1985 ALL FIRST YEAR students (including provisional entry applicants, those applying for transfer from another NZ University) and those subject to exclusion will be required to complete a Preparatory Application Form to be submitted as soon as possible prior to 15 January. These are available from the Registrar, University of Auckland, Private Bag, Auckland, or at the Enquiries Counter, Registry Building, 24 Princes Street.

1. Students wishing to enrol at the University of Auckland in 1985 who come under any of the categories listed below must complete a Preparatory Application Form.

(a) First Year including those applying for Provisional Admission
New Zealand students or those ordinarily resident in New Zealand who have never previously enrolled at a University in New Zealand or overseas.
N.B. (i) Those who do not hold New Zealand University Entrance qualifications but have passed an entrance qualification for admission to an overseas university must complete the Preparatory Application Form and also apply for a grant of Admission Ad Eundem Statum at entrance level through the Universities Entrance Board, P.O. Box 12348, Wellington North.
(ii) Overseas students on entry permit who have applied or are applying to OSAC for a place must not complete the Preparatory Application Form.

(b) Transfer
Students whose last previous enrolment was at another University in New Zealand.

(c) Exclusion
Students who have failed to make satisfactory academic progress and require the permission of Senate to re-enrol.

(d) Pre-enrolment
Students who wish to enrol in a course of study or paper(s) with restricted entry (as detailed in the timetable below).

The Preparatory Application Forms must be completed and posted to the Registrar, University of Auckland, Private Bag, Auckland or handed into the Enquiries Office, Registry Building, 24 Princes Street by the prescribed date listed below if pre-enrolling, otherwise not later than 15 January 1985.

Late applications are subject to a late fee of $20. Students pre-enrolling late are warned that they may not be given equal priority with those pre-enrolling by the due date.

2. In addition to completing the Preparatory Application Form all students must complete their enrolment by attending in person at the University in accordance with the Enrolment Timetable. Students failing to enrol in accordance with the Timetable may forfeit their place or be charged late penalties in full.

PREPARATORY ENROLMENT

Because of insufficient accommodation and restrictions on staffing there will be a limitation on the number of students who can be enrolled for certain courses at the University in 1985. With a few exceptions (see Notes) those wishing to enrol in 1985 for any of the Courses of Study listed below must complete a Preparatory Application Form by the date prescribed. Application forms are available from the Registrar, University of Auckland, Private Bag, Auckland, or at the Inquiries Counter, Registry Building, 24 Princes Street. Intending students will not be permitted to enrol in any of the Courses of Study listed below unless they have received notice in reply to their Preparatory Application Form that a place is available in 1985. Students wishing to enrol for Courses of Study other than those listed below do not need to pre-enrol.

Architecture and Town Planning
Intermediate for BArch, BPA, BTP:

Preparatory Application Forms concerning pre-enrolment that are received late are subject to a late fee of $20. Students pre-enrolling late are warned that they may not be given equal priority with those pre-enrolling by the due date.

Notes:

1. Admission Ad Eundem Statum
(a) Students from other New Zealand Universities wishing to transfer to the University of Auckland
Students from other New Zealand Universities wishing to transfer to the University of Auckland are required to make application to transfer on the appropriate form to the Registrar not later than 15 January, or in the case of students wishing to enrol in any course or paper requiring pre-enrolment, by the date set by Council for pre-enrolment in that course or paper. A late application may be accepted with the permission of the Senate and subject to availability of places and upon payment of a late fee of $20 up to 15 February, and after 15 February upon payment of an additional fine of $20.

Because the University of Auckland is unable adequately to accommodate all of the students who in 1985 will seek to gain admission, students wishing to transfer to the University of Auckland for any undergraduate course shall be admitted ONLY IF THERE ARE COMPELLING CIRCUMSTANCES FOR TRANSFER TO AUCKLAND. Students wishing to enrol for papers or courses in which restriction of numbers is necessary will be selected on priority gradings based largely on their previous academic record. They will be required to nominate alternative papers and may be considered for alternatives if there are insufficient places in the papers of their first choice.
(b) Students from Overseas requiring a student entry permit
Under Government Regulations students who would require a student entry permit to enrol and who have part of a qualification from a University outside New Zealand cannot be enrolled with credits towards any course at the University of Auckland except in a limited number of specified cases.
(i) Overseas students seeking admission at entrance level should apply to the Overseas Students Admissions Committee (OSAC), P.O. Box 12-348, Wellington North, New Zealand as follows. Those in New Zealand, Fiji, Tonga, French Polynesia and Hong Kong by 1 September 1984. Those in places other than New Zealand, Fiji, Tonga, French Polynesia and Hong Kong by 1 May 1984. (ii) A person applying for graduate status, must apply to the University for admission not later than 30 November.

2. Provisional Admission
Students are referred to Regulation 9 of the Admission Regulations and General Fees and Penalties under the Fees Regulations.

3. Exclusion for Failure to make Sufficient Progress in Course of Study as a whole
Students are referred to Regulation 10 of the Enrolment and Course Regulations (General) and General Fees and Penalties under the Fees Regulations.

4. Pre-Enrolment Interviews
A General Information and Advisory Centre in the Lower Lecture Theatre will be open from 8 to 15 January, and in the Recreation Centre will be open from 20 to 27 February. The Liaison Office will be open from 8 January.

1985 Calendar
5. **Late Enrolments**

Students enrolling late in the Faculties of Arts or Science, and for Intermediate examinations, if they have obtained prior permission to enrol late, must name any Arts and Science papers requiring pre-enrolment for which they wish to enrol. At enrolment they may be required to nominate alternative papers and to accept re-distribution into these alternatives.

Students who have failed to seek prior permission to enrol late but who have been accepted for late enrolment, will be allocated the lowest priority grade for acceptance into those papers where there is a restriction on enrolment.

**Note:** This applies to all students who apply to enrol or who enrol late including transfers, provisional admissions, exclusion students and ad eundem admissions.

6. **Penalties**

(a) **Late Preparatory Enrolment, Late Enrolment, Late Additions or Deletions to Courses**

Students are referred to Penalties under the Fees Regulations for applications for late submission of the Preparatory Application Form, and late enrolment. For late additions or deletions of courses refer to Regulation 8 of the Enrolment and Course Regulations (General).

(b) **Choice of Course**

The Course of study of a student making a late enrolment will be determined by the Senate and will not necessarily conform with that proposed by the student concerned. In determining the student's Course the Senate will have regard to prior claims upon both laboratory and classroom space of students who have enrolled in accordance with the enrolment timetable.

7. **Refund of Fees**

Students are referred to Regulation 8(c) of the Enrolment and Course Regulations (General).
1985 ENROLMENT TIMETABLE

Students wishing to enrol at the University of Auckland in 1985 are required to attend at the University, Princes Street, to enrol during the hours of 9 a.m. to 5 p.m., Thursday 21 and Friday 22, Monday 25 February—Friday 1 March 1985 inclusive in accordance with this timetable. Enrolment is not completed until all fees payable in cash are paid in full.

Students who were required to pre-enrol are asked to bring with them their 'confirmation of place'. Students enrolling for the first time at a university should bring their UE, HSC, 6th Form Certificate, Bursary or Scholarship results or evidence of admission ad eundem statum at entrance level. Any student who has changed name since last enrolment should produce a marriage certificate, a deedpoll, or a statutory declaration.

Students enrolling in more than one Faculty should note that only one enrolment form is required.

Students other than those enrolling for the first time at a New Zealand University must collect their enrolment forms from Mathematics Lecture Theatre 1, Physics/Mathematics Building, 36 Princes Street, the day of their enrolment. Students enrolling for the first time at a New Zealand University must collect their enrolment forms from Physics Lecture Theatre 1, Physics/Mathematics Building, 36 Princes Street, the day of their enrolment. Students who may have difficulty completing enrolment due to disability should write to Mrs Heather Brockett, Disabled Students Resource Officer, AUSA, not later than 15 January, giving their name, address, telephone number, details of their disability, assistance required and the papers and course in which they propose to enrol.

Students failing to enrol in accordance with the Timetable may forfeit their place or be charged late penalties in full.

1985 Calendar
EXTRAMURAL ENROLMENT STATUTE

1.(1) This Statute may be cited as the Extramural Enrolment Statute 1981.

(2) This Statute shall come into force on 1 January 1982.

2. Any person qualified to enrol at a University in New Zealand who in any year is living in the urban area of Auckland and who satisfies the Senate of the University of Auckland that he or she should not be required to attend classes at the University, shall, subject to the provisions of this Statute and upon such conditions as Senate thinks fit, be permitted to enrol extramurally in that year.

3. No person who is already on the books of another University in New Zealand as a candidate for any degree, diploma or other qualification shall be permitted to enrol extramurally without the permission of that other University.

4. Except where the Senate otherwise permits, a person who is permitted to enrol extramurally in any paper or papers for which extramural tuition is provided at Massey University, shall—
(a) be required to register or enrol for tuition in each such paper at Massey University;
(b) not enrol in the same year for any other paper or papers at the University of Auckland;
(c) take the examinations of Massey University, and appropriate credit shall be granted at the University of Auckland for the paper or papers passed.

5. Save with the permission of the Senate granted in such exceptional circumstances as it thinks fit, no person on the books of the University of Auckland may be enrolled extramurally in respect of
(a) any Stage III paper;
(b) any work for a Masters degree;
(c) any work for a diploma;
(d) any paper requiring practical or laboratory work;
(e) any paper or other work which, in the opinion of Senate, requires internal tuition at a University.

6.(1) A person who is on the books of the University of Auckland as a candidate for any degree, diploma or other qualification but who lives outside the urban area of Auckland but within New Zealand, may be permitted to enrol extramurally.

2. Permission for the purpose of subsection (1) of this section shall be at the discretion of Senate, but it shall be granted—
(a) in the case of a person not living in the Auckland University District, only with the approval of the appropriate other University;
(b) in the case of a person living in the urban area of Dunedin, Christchurch, Wellington, Palmerston North or Hamilton, only if he or she is unable to attend classes at the appropriate other University.

(3) For the purpose of subsection (2) of this section “the appropriate other University” is Massey University or the University of Waikato, as the case may be, when the person lives in the urban area of Palmerston North or Hamilton; and is otherwise the University of the District in which the person lives (that is, the University of Otago, the University of Canterbury, or the Victoria University of Wellington, as the case may be).

7. A person on the books of this University who ceases to reside in New Zealand, and who requires to pass in the final paper or papers for any degree, diploma or other qualification, may enrol extramurally in the paper or papers at the discretion of Senate and upon such conditions as it thinks fit.

8. For the purposes of this Statute—
the urban area of each University town named is as defined from time to time by the Council of the University concerned;
the Auckland University District is as defined in the First Schedule to the University of Auckland Act 1961 but with the exclusion of the urban area of Hamilton.
New Zealand includes Cook Islands, Niue and Tokelau.

9. The Extramural Enrolment Statute 1962 is repealed.

Notes: A person who is already on the books of another University in New Zealand who is not qualified to enrol extramurally in accordance with Section 2 of this Statute, is, unless the Senate otherwise decides in exceptional circumstances, expected either to transfer to the University of Auckland or to enrol for such paper or papers at the University of Auckland as may be acceptable to the other University.
(ii) A student living in the urban area of Auckland who has been permitted to enrol extramurally at another University in any particular year will be expected, in any subsequent year of university study, either to enrol at the University of Auckland or to obtain the Senate's permission to continue to enrol extramurally.
(iii) The Senate normally permits Auckland Secondary Teachers' College physical education or music students, who are enrolled for BEd at Massey University, to enrol at the University of Auckland for a paper or papers other than those in respect of which extramural enrolment is permitted.

1985 Calendar
EXTRAMURAL ENROLMENT REGULATIONS

1. Every person wishing, in any year, to enrol extramurally under the Extramural Enrolment Statute 1981 shall apply to the Registrar of the University not later than 15 January of that year.

2. Every application shall state —
   (a) the papers or other work in respect of which extramural enrolment is sought;
   (b) the grounds of the application;
   (c) whether the applicant is already on the books of, or (where it may be permitted or required) proposes to enrol at, any other University and if so, which University and for what course, papers or other work;
   (d) (i) the applicant's current business and residential address;
       (ii) whether to the best of the applicant's knowledge and belief there will be any change of residence during the year of enrolment; and if so the expected new address and approximate date of change.

3. The applicant if living within the urban area of Auckland shall provide such evidence as the Senate deems fit that he or she is unable or should not be required to attend classes at the University of Auckland.

4. The application for extramural enrolment under section 6 of the Statute by a student already on the books of this University who lives in the urban area of a University town other than Auckland must be supported by a certificate from the Registrar of the appropriate University that the applicant is unable to attend classes at that University.

5. Every student permitted to enrol extramurally—
   (a) shall pay the prescribed fees for course approval (in addition to any fees payable at another University);
   (b) may withdraw from his or her studies by written notice to the Registrar not later than 31 March; and,
   having done so by that date, shall be entitled to a full refund of fees (but not any late fee or fine).

6(I) The studies of students permitted to enrol extramurally under the Statute are subject to Regulation 10 of the Enrolment and Course Regulations (General).

(2) For the purpose of this Regulation students who have not withdrawn under Regulation 5(b) or, being enrolled also at Massey University, have not withdrawn in accordance with the Regulations of that University, shall be deemed engaged in academic studies in the relevant year.

7. The Extramural Regulations last published in the 1981 Calendar are revoked.

8. These Regulations shall come into force on 1 January 1982.

EXAMINATION REGULATIONS

Eligibility to Sit Examinations

1. To be eligible to present himself for examination in a paper or subject, a candidate
   (a) must have been enrolled as an internal student, have attended classes to the satisfaction of the Senate, and performed to the satisfaction of the Senate such oral, practical, written, and other work as the Senate may require.

   *Note:* Students will be informed by each department of the specific requirements for courses in that department and the extent to which the year's work will be taken into consideration in assessing final results. In some cases students may not be permitted to sit the final examinations.

   (b) not being enrolled as an internal student, must have been granted exemption in accordance with the Extramural Statute and Regulations.

Time of Examinations

2. The examinations shall be held at the times specified in the Timetable each year.

Place of Examinations

3. All internal students must sit their examinations at Auckland. Extramural students who do not wish to sit their examinations at Auckland may sit at one of the centres specified in the Extramural Enrolment Regulations, provided that, with the approval of the Senate, a special examination centre may be established under special circumstances subject to the payment of the extra fee prescribed in the Fees Regulations.

Conduct of Examinations

4(a) The examinations shall comprise such written, oral and practical examinations as the examiners may determine.

   (b) Where degree Regulations or prescriptions permit, or the Senate upon such conditions as it thinks fit approves, the examiners may in respect of any examination release to the candidates, the examination paper in advance of the sitting of the examination.

   (c) Candidates shall write out answers to the questions in the presence of a supervisor, who shall be appointed or approved by the Council in accordance with such detailed instructions as may be furnished by the Council.

1985 Calendar
(d) No candidate shall communicate with an examiner in regard to an examination except through the Registrar.

(e) No candidate may be examined in any subject or part of a subject at any time other than that set down for him in the timetable.

(f) No candidate shall be allowed to enter the room:
   (i) for a 3-hour examination later than one hour thirty minutes after candidates have begun writing the examination,
   (ii) for a 2-hour examination later than one hour after candidates have begun writing the examination,
   (iii) for a 1½-hour examination later than forty-five minutes after candidates have begun writing the examination,
   (iv) for a 1-hour examination later than thirty minutes after candidates have begun writing the examination.

(g) No candidate shall be permitted to leave the room:
   (i) of a 3-hour examination until one hour forty-five minutes has elapsed from the time the writing of the examination began,
   (ii) of a 2-hour examination until one hour fifteen minutes has elapsed from the time the writing of the examination began,
   (iii) of a 1½-hour examination until one hour has elapsed from the time the writing of the examination began,
   (iv) of a 1-hour examination until forty-five minutes has elapsed from the time the writing of the examination began,
   and then only with the permission of the supervisor and upon handing in his script.

(h) Candidates shall be allowed to read their examination papers for a period of not more than ten minutes before the examination commences but may not begin writing their answers until the room supervisor announces that they may do so.

(i) No candidate shall bring to an examination any written or printed matter except by direction of the examiner.

   (i) Where an examination is designated “Open Book”, candidates may take into the examination room any material including books, Acts, etc, and there will be no check on items taken into the examination room.
   (ii) Where an examination is designated “Restricted Book”, candidates shall take into the examination room only material specified by the examiner; and that material shall not be annotated, written or typed upon, or otherwise marked.
   (iii) Where an examination is designated “Restricted Book - may be written upon”, candidates shall take into the examination room only material specified by the examiner; and that material may be annotated, written or typed upon or otherwise marked in a relevant or contextual manner.
   (iv) All books and papers not approved for use in the examination, along with any spare personal belongings brought to the examination shall be left in such part of the room as the supervisor shall direct. All paper used during the examination must be handed to the supervisor before the candidate leaves the examination room.
   (v) Where material is permitted under items (ii) and (iii) above, examiners will be required to be present at the commencement of the examination to check material brought in to the examination room.

(j) No candidate shall communicate with another in the examination room.

(k) No candidate shall continue writing an answer after the supervisor has announced the expiration of time. In no circumstances is any time over and above the time allotted to any paper to be allowed a candidate for reading over his scripts or making any amendment or addition to his scripts.

(l) Any complaint that a candidate has committed an examination offence shall be referred to the Deans Committee of the Senate (to which the Senate has delegated power to deal with all matters relating to examinations) to determine whether the complaint should be investigated. For the purposes of this Regulation an examination offence includes any breach of any rules relating to the conduct of examinations and any dishonest practice occurring in the preparation or submission of any work (whether in the course of an examination or not) which counts toward the attainment of a pass in any subject or otherwise occurring in connection with any examination.

(m) The Discipline Committee of the Senate (to which the Senate has delegated the appropriate powers) shall hear and determine any complaint which the Deans Committee has resolved should be investigated. The candidate concerned shall be notified in writing of the subject matter of the complaint and the time and place of the hearing. He shall be invited to state in writing his answer to the complaint and may attend the hearing.

(n) The Senate shall have power (which it may delegate to its Discipline Committee) to do all or any of the following things in the case of a candidate found guilty of an examination offence:
   (i) Impose upon him any of the penalties prescribed in the Disciplinary Regulations
(ii) Disqualify him from sitting any examinations for such period as may be prescribed
(iii) Cancel any pass with which he may have been credited in the subject or examination in respect of which the offence has occurred.

(o) Where the Senate or any committee of the Senate is satisfied that a candidate has not complied with any Regulation of the University whether in respect of any examination or any other matter having given the candidate such opportunity as it considers reasonable of remedying his non-compliance with the Regulation or Regulations, then the Senate shall have power (which it may delegate to its Discipline Committee) to suspend for such time as may be prescribed the release to the candidate of the results of any examination, or to decline to credit to his course any subject or subjects, or to impose both those penalties.

(p) A candidate may appeal to the Council from any decision of the Senate or its Discipline Committee under paragraphs (m) or (n) of this Regulation by giving notice in writing to the Registrar within 14 days of being notified of the decision. A candidate so appealing shall be entitled to make submissions in writing and may, with the consent of the Council, appear when the appeal is determined. The Council may dismiss or allow the appeal or vary the penalty but shall not impose any penalty which the Senate or its Discipline Committee could not have imposed. The decision of the Council on any appeal under this Regulation shall be final.

Marking of Scripts
5(a) In determining a candidate's result the examiners:
(i) may take into consideration the work done by the candidate during the year;
(ii) shall give due weight to reports on practical work done by the candidate wherever these are required;
(iii) shall include marks obtained by the candidate where the Senate has allotted a percentage of marks for awarding on the year's work of the candidate in any paper or subject.

Passes - Grades and Marks
(b) A pass mark in any paper or subject including papers and thesis for a Masters degree is: for a single paper, 50%;
for two or more combined or linked papers, an average of 50%;
for one or more papers and a thesis, an average of 50%;
provided that
(i) the Senate may give approval for a thesis to count as more than one paper;
(ii) a candidate not attaining a minimum of 37% in any combined or linked paper except in the papers or thesis for a Masters degree and mid-year examinations, will fail the subject as a whole provided that this requirement may be waived in exceptional circumstances at the discretion of the Senate;
(iii) a candidate taking papers in the Faculty of Music not attaining a minimum of 37% of the marks allocated for the end of the year examination, will fail the paper as a whole. This does not apply to examinations in Performance.
(iv) a candidate for the Degree of Master of Engineering must pass in each of eight subjects or in each of three subjects and a thesis;
(v) where oral work is required for a paper of a language, unless otherwise provided, a pass in both oral work and written papers is necessary;
(vi) where both practical and written work is required for a paper or subject a pass in both practical work and written papers is necessary;

There are eleven pass grades and two fail grades as set out:

Pass Grades
A+ high first  B+ high second  C+ sound pass
A clear first  B clear second  C pass
A- bare first  B- bare second  C- marginal pass

Notes: (i) Candidates for LLB and LLB(Hons), who pass a subject of a Law examination with a grade of C- will have that grade credited to their course only at the discretion of the Senate.
(ii) Candidates for BMus(Performance) who pass the subject Performance 28.120 with a grade of C- and are therefore not eligible to proceed with the Course of Study for BMus(Performance) may in respect of that pass apply for a credit of two unspecified Stage I Music papers toward the course of study for the Degree of BMus.

Restricted
A restricted pass shall apply only to a paper in the Faculty of Arts, Commerce, or Science. A candidate at the discretion of the appropriate Faculty (or Department for the Faculty of Science) may be considered for restricted passes. No application by the candidate for consideration is required. A restricted pass in a paper which is pre-requisite for enrolment in another paper shall not be accepted as fulfilling that pre-requisite except with the approval of the relevant Head of Department in each case.

Note: A student with a Restricted Pass in a paper who wishes to take the paper again may do so for Certificate of Proficiency only:

1985 Calendar
Conceded
A conceded pass shall apply only to the following Courses of Study and may not be transferred to another course of Study: Bachelor of Architecture, Diploma in Business and Industrial Administration, Bachelor of Engineering, Bachelor of Fine Arts, Bachelor of Human Biology, Bachelor of Laws, Bachelor of Laws with Honours, Law Professional Examination, Bachelor of Medicine and Surgery, Bachelor of Music, Bachelor of Music (Performance), Diploma in Music, Diploma in Music with Honours, Bachelor of Property Administration, Bachelor of Science, Bachelor of Town Planning.
A candidate at the discretion of the appropriate Faculty may be considered for a conceded pass. No application by the candidate for consideration is required.

Fail Grades
D indicates that the candidate is advised to consult the Head of Department concerned before deciding to re-enrol if a paper or subject is optional or elective.
E indicates a serious failure to meet the requirements for the paper or subject: the candidate must consult the Head of Department concerned as to the advisability of re-enrolling in an optional or elective paper or subject.

Work at Standard of Honours
6. A candidate whose work is at the standard of Honours or a First or Second Class Pass under the relevant degree or diploma regulations but who is ineligible for the award of Honours or First or Second Class Pass under the regulations shall be informed of the standard that he would have been awarded had he been eligible.

Recount of Marks
7. By making application within four weeks from the date of the mailing of his official result of the examinations, any candidate sitting for an examination for a degree, diploma, professional qualification, or certificate of proficiency may have the marks awarded his scripts recounted in any paper or subject which he has failed. The fee for such a recount shall be as prescribed in the Fees Regulations. A recount of marks covers a careful rechecking of the marks recorded by the examiner and ensures that no answer or any portion of an answer submitted by a candidate has been overlooked. No information relative to the application will be placed before the examiner. Candidates for the degree of Bachelor of Architecture, Bachelor of Fine Arts, Master of Fine Arts, Bachelor of Music (Performance), Bachelor of Music (Performance) with Honours, or for the Diploma in Music, or the Diploma in Music with Honours may apply for a recount of marks for written papers only.

Note: The prescribed fee for an application for recount of marks is $20 and is refundable only if the recount shows that a pass rather than a fail grade should be recorded.

Aegrotat Pass
8. A candidate who has been prevented by illness or injury from presenting himself at any examination in any paper or subject, or who considers that his performance in any examination in any paper or subject has been seriously impaired by illness or injury may on application and with the approval of the Senate be granted an aegrotat pass in such paper or subject if the following conditions are satisfied:
(a) that the candidate is enrolled as an internal student for the course of instruction in the paper or subject in question;
(b) that the illness or injury was reported in writing to the Registrar within one week of the date upon which the examination affected took place or if more than one examination has been affected then within one week of the last of such examinations;
(c) that as soon as practicable after reporting the illness the candidate furnish to the Registrar a certificate (on the form provided) from a registered medical practitioner stating
(i) that he examined the candidate medically on a certain date;
(ii) that in his opinion the candidate was unable through illness or injury to present himself for the examination, or that in his opinion the candidate's performance in the examination was likely to have been seriously impaired by illness or injury. The nature of the illness or injury shall be stated in sufficient detail to make it clear that the candidate was not responsible for his disability, and in a form suitable for submission in cases of doubt to a medical referee;
(d) that the candidate’s responsible teachers in the paper or subject of the examination in question certify that his work therein during the course of instruction was well above the minimum pass standard (or where relevant the minimum standard for a class of Honours or Pass) and that he is in their opinion clearly worthy to pass in that paper or subject (or where relevant to be awarded First or Second Class Honours OR First or Second Class Pass),
or alternatively that the Senate is satisfied upon considering the quality of the candidate's work during the course of instruction and of any work which he has completed in the current examinations (whether in the paper or subject in question or any other paper or subject) that the candidate is clearly worthy to pass in the paper or

1985 Calendar
subject in question or (where relevant) to be awarded First or Second Class Honours OR First or Second Class Pass therein, provided that in either case
(i) Honours or a First or Second Class Pass may not be given to a candidate who has been awarded a pass under this regulation in respect of more than one paper for a degree or diploma involving not more than four papers; or in respect of more than two papers for a degree involving five or more papers;
(ii) a candidate for the degree of Bachelor of Engineering may, on the recommendation of the Senate, be given Honours irrespective of the number of aegrotat passes awarded.

Note: The fee prescribed under the Fees Regulations for each application for an Aegrotat Pass is $5.

Compassionate Pass

9. Where by reason of any exceptional circumstances beyond his control and other than his own illness or injury a candidate has been prevented from presenting himself at any examination in any paper or subject or considers that his performance in any examination in any paper or subject has been seriously impaired, he may on application and with the approval of the Senate be granted a compassionate pass subject to compliance with the same conditions (with necessary changes) as those appearing in clauses (a) and (d) of Regulation 8. Such an application must be made to the Registrar on the form provided within one week of the date upon which the examination affected took place, or, if several examinations have been affected, then within one week of the last of those examinations, and must be supported by such evidence as the Registrar shall require.

10(a) The provisions of Regulations 8 and 9 shall apply to:
(i) any final written examination presented for a paper or subject of a Course of Study for a Degree, or for a Diploma, or for a Certificate of Proficiency, or for a Professional qualification;
(ii) any final practical examination presented for a paper or subject of a Course of Study for a Degree, or for a Diploma, or for a Certificate of Proficiency, or for a Professional qualification;
(iii) any terms examination which has been allotted a percentage of the marks awarded for the final examinations for a Degree, or for a Diploma, or for a Certificate of Proficiency, or for a Professional qualification;
(b) The provisions of Regulations 8 and 9 shall apply (with necessary changes) to:
(i) the final submission in each year of work for the practical subjects for the Degree of Bachelor of Fine Arts, or the Degree of Master of Fine Arts;
(ii) the final submission in each year of studio work for the Degree of Bachelor of Architecture as if such final submission were an examination and as if the date upon which such final submission was due were the date of examination.

11. A candidate who is eligible to apply and has applied for an aegrotat or compassionate pass in any paper or subject may, in exceptional circumstances and on a recommendation from the Head of the Department concerned, be granted permission by the Senate to take a viva voce examination in any paper or subject of his aegrotat or compassionate pass application.

Concessions

12. Where degree Regulations or prescriptions permit, or the Senate upon such conditions as it thinks fit approves, the examiners may in respect of any examination require or permit the candidates, either wholly or partly in lieu of taking an examination held in accordance with Regulations 2 to 5 inclusive and 7 to 9 inclusive of these Regulations, to submit for examination such written assignments of work as may be required.

Theses

13. Where a thesis is required as part of an examination the following conditions shall apply:
(a) Diplomas, Bachelors, and Masters Degrees
(i) The candidate shall submit two copies of the thesis to the Registrar and a short abstract bound in each copy of the thesis provided that a candidate for the degree of Master of Engineering shall submit three copies and a short abstract bound in each copy.
(ii) The Registrar shall transmit the submitted copies to the examiners.
(iii) On completion of the examination the supervisor of the thesis shall be responsible through the Head of the Department for the deposit of two copies with the University Library.
(iv) On completion of the examination for the Degree of Master of Engineering the disposal of the third copy submitted shall be at the discretion of the Head of the Department.
(v) Where more than the required number of copies of a thesis are submitted any additional copies shall be returned to the candidate.
(b) Degree of Doctor of Philosophy
(i) The candidate shall submit three copies of the thesis to the Registrar and a short abstract bound in each copy of the thesis.
(ii) On completion of the examination two copies shall be deposited with the University Library. The disposal of the third copy shall be at the discretion of the Head of the Department.
Notes: (i) The examination copy of any written thesis presented for a degree or diploma shall be the first copy, unless the thesis is cyclostyled printed, reproduced photographically or by electrostatic process and be bound in a form sufficiently durable for preservation and use in the University Library. The second copy may consist of a carbon duplicate of the typescript only. The Library will, if necessary, copy illustrated material such as maps and will bind this second copy of the thesis. This copy may be placed in a Departmental reading room.
(ii) Candidates are recommended to obtain the booklet ‘Pointers on the Binding of Theses’ from the Bindery before proceeding with the typing and binding of the thesis.
(iii) The author of a thesis has a right to impose conditions restricting the publication of his work to ensure for such a period as he may stipulate, without however curtailing the University Librarian’s right to make and supply copies thereof in terms of subsection (3) of Section 21 of the Copyright Act (1962).
(iv) Where it is suspected that a thesis contains defamatory material the University Librarian may restrict access to the thesis subject to confirmation by the Library Committee.
(v) Supervisors are requested to notify the University Library when a thesis is submitted if it is believed to contain material which could be considered defamatory.
(vi) Where a thesis has been presented as part of a degree which
(a) has been awarded but the thesis itself is a failed thesis the thesis will not be deposited in the Library;
(b) has not been awarding the thesis will not be deposited in the Library irrespective of whether the thesis itself has been a pass or fail grade.
(vii) For the Fourth Professional Examination for BArch one bound copy only of the thesis is required to be submitted.
(viii) Candidates for DipBIA are required to consult the Course Director concerning the binding of the Project for the Diploma course.

Abstracts
14. Where a thesis, dissertation, research essay, or original investigation is submitted as part of an examination for a Bachelor’s or Master’s degree, a Diploma, or the Degree of Doctor of Philosophy, a candidate shall at the same time submit a short abstract not exceeding 500 words, suitable for publication. The abstract shall be bound in each copy of a thesis submitted.

Examination Centres
15. Pursuant to Regulation 1 hereof the University of Auckland will conduct examinations in the following centres: Apia, Auckland, Dargaville, Gisborne, Lautoka, Nuku'alofa, Paeroa, Rotorua, Rarotonga, Suva, and Whangarei. Internal candidates are required to sit their examinations at Auckland.

CONFERRING OF DEGREES AND ACADEMIC DRESS REGULATIONS
1. Every Degree and every Diploma of the University shall be conferred or awarded in pursuance of a resolution of the Council in that behalf and at a meeting of the Council by the Chancellor or if he is absent from New Zealand or incapacitated by sickness or otherwise then by the Vice-Chancellor.
2. Every recipient of a Degree shall receive a certificate in appropriate form, under the Common Seal of the University, that his degree has been conferred and stating the class of honours (if any) awarded to him.
3. Every Diploma shall be in appropriate form under the Common Seal of the University.
4. In May of each year the Council shall meet in Convocation of the University for a ceremony of conferring Degrees and awarding Diplomas. Persons desiring to have their Degree conferred or Diploma awarded (whether in person or in absentia) at a ceremony in May shall make application to the Registrar not later than 31 March in the year of the ceremony.
5. The form of words to be used by the Chancellor (or Vice-Chancellor) in conferring a Degree shall be as follows:
   'By authority vested in me as Chancellor (or Vice-Chancellor) I now proceed to confer the Degrees stated upon those who, within their several Faculties, have satisfied the requirements of this University.'
6. The form of words to be used by the Chancellor (or Vice-Chancellor) in awarding a Diploma shall with the necessary changes be the same as for the conferring of a Degree.
7. The regulations for academic dress shall be as follows.
   (a) Graduates must appear at all public ceremonies of the University in the academic costume proper to their degree, but doctors may on special occasions wear a scarlet gown and graduates admitted Ad Eundem Statum may wear the academic costume of their own University. Unless the holder of a diploma is also a graduate, the only academic dress he may wear is an undergraduate gown.
   (b) The robe for the Chancellor of the University is a blue damask gown with facings of gold lace, bearing on each shoulder the coat of arms of the University. The cap is a black velvet trencher with gold lace and tassel. The robe for the Pro-Chancellor is a black silk gown with facings of blue silk and gold lace, bearing on each shoulder the coat of arms. The cap is a black velvet t trencher with gold tassel. The robe for the Vice-Chancellor is a blue silk gown with facings of silver lace, bearing on each shoulder the coat of arms. The cap is a black velvet trencher with silver lace and tassel.
   The robe for the Registrar is a gown of black silk with facings of blue silk, bearing on each shoulder the coat of arms. The cap is a black velvet ticher with black silk tassel.
(c) The gown for a Bachelor's degree is as for the Cambridge Bachelor of Arts. The gown for a Master's degree is as for the Cambridge Master of Arts. The hood for every degree is the size and shape as for the Cambridge Master of Arts. The hood for a Bachelor's degree is lined with coloured silk and bordered with white fur. The hood for a Master's degree is lined with coloured silk only.

The colours of the linings of the hoods for the Bachelors' and Masters' degrees are as follows:

- **Architecture**: lemon (BCC 111 primrose)
- **Arts**: pink (BCC 32 rosepink)
- **Business Administration**: burgundy (Polysatin 115cm width)
- **Commerce**: orange (BCC 57 spectrum orange)
- **Engineering**: violet (BCC 179 violet)
- **Fine Arts**: gold (BCC 114 gold)
- **Laws**: light blue (BCC 194 pompadour)
- **Medicine**: lilac (BCC 228 mayflower lilac)
- **MBChB, MMedSc**: crimson (BCC 240 medici crimson)
- **Music**: white (BCC 1 white)
- **Optometry**: blue-green (BCC 119 honey bird)
- **Property Administration**: silver grey (BCC 41 violet grey)
- **Science**: dark blue (BCC 87 empire blue)
- **Town Planning**: light green (BCC 171 chartreuse green)

(d) The gown for the degree of Doctor of Philosophy is as for the Cambridge Master of Arts with the addition of facings four inches wide of scarlet satin (3in-BCC 209 post office red) edged with gold satin (1in-BCC 114 gold). The hood is made wholly of scarlet silk.

(e) The gown for a Doctor's degree other than that of Doctor of Philosophy is as for the Cambridge Master of Arts but it is made of black silk or of scarlet silk or cloth. The hood is made wholly of silk and is of the following colours for the different degrees:

- **Laws**: light blue (BCC 194 pompadour)
- **Literature**: pink (BCC 32 rosepink)
- **Medicine**: crimson (BCC 240 medici crimson)
- **Music**: white (BCC 1 white)
- **Science**: dark blue (BCC 87 empire blue)

(f) The cap for all graduates other than Doctors and the officers of the University is a black trencher with a tassel.

(g) The cap for all Doctors other than the officers of the University is as for the full dress Cambridge Doctor of Philosophy, namely a round black velvet bonnet with a gold cord around the crown ending in tassels.

Notes:
1. The colour of the lining of the hood for the Degree of Master of Philosophy is that of the Faculty in which the Degree is taken.
2. Number references are from the British Colour Council Dictionary of Colour Standards. Approximate colours in the substitute material satin may be seen on a chart at the inquiry counter at the Registry.
3. Satin or taffeta is frequently used as a substitute material for silk which is not always obtainable.

**AWARD OF HONORARY DEGREES**

Clause 19 (3) of the University of Auckland Act 1961 gives Council power to confer any degree as an honorary degree in accordance with such conditions as it may prescribe:

Provided that no honorary degree shall be conferred on any person by the Council unless that person has been recommended therefor by a joint committee of the Council and the Senate set up in accordance with the Statutes or Regulations of the University. Pursuant to the above clause of the Act, Council has drawn up regulations and set up an Honorary Degrees Committee for the conferment of the following honorary degrees.

- **Doctor of Laws**
- **Doctor of Science**
- **Doctor of Literature**
- **Doctor of Music**
- **Any Master's Degree**

Information regarding the procedure and criteria for the nomination of a candidate for one of the above honorary degrees may be obtained from either the Vice-Chancellor or the Registrar.

There is a $50 maximum for each full-time course as defined under the Tertiary Assistance Grants Regulations, with an overall maximum of $120, e.g. BA 4-7 papers $50; BSc, 17-36 Stage I credits $50; BE Intermediate 42 credits $50; BE Intermediate and 1st Professional $100. When an application for cross-credits, credit or exemptions is based on a grant of Provisional Admission for which the $25 fee was paid the cross-credits, credit or exemptions fee is reduced by $25 (e.g. A student granted Special Admission to BE with exemption for the Intermediate and First Professional Engineering Examinations having paid $25 on that application would pay $75 ($100 less $25) on his cross-credits, credit or exemptions application.)

**COURSE MATERIAL**

Departments may charge for materials supplied. Briefly these materials will be in lieu of text books and charges will vary from department to department.

**STUDENTS’ ASSOCIATION FEE**

All students are required to pay the Students’ Association Fee (which includes a building levy) except that

(i) The following internal students need not pay the Fee:
- those enrolled for DipG&O; DipObst; DipPaed; Masters Degree from 3rd year onwards; MTP Thesis only;
- DipEd Original Investigation only; Part II only for DipEdPsych, DipClinPsych, DipGuid; Dissertation only for LLB(Hons), DipCrim; Research Essay only for BTP, DipLGA, DipTP; Project only for DipBIA, DipStats, DipMathEd; Condensed course held in April for medical research workers for Certificate in Radiochemistry only; one paper for Certificate of Proficiency only by graduates or graduands. If a student is not joining the Students’ Association the Identity Card will be over-stamped “NOT AUSA MEMBER”.

1985 Calendar
(ii) Students concurrently enrolled full-time at the Auckland Technical Institute may pay a reduced fee of $12 per paper (general fee $10, building levy $2). To claim the reduction such students must complete the appropriate application form obtainable from the Students' Association Office, have the form certified by the Managing Secretary of the Students' Association of the Auckland Technical Institute and submit it to the University Registry before enrolment week.

Building Levy:
The Students' Association Fee includes a building levy of $12, or $2 per paper if a student is concurrently enrolled full-time at the Auckland Technical Institute. Students who since January 1961 have paid a building levy five times or more at this or any other NZ University may be exempted from further payment of the levy. To claim the exemption such students must complete the appropriate application form obtainable from the Students' Association Office and submit it to the Registry before enrolment week. Late applications will be considered but in no case after 30 November in the year for which the exemption is sought. If the levy was previously paid at another NZ University evidence of this should accompany the application. Graduates or graduands taking one Certificate of Proficiency paper only but wishing to join the Students' Association are exempt from payment of the building levy.

WELFARE FEE

Welfare Fee $14.00
All students are required to pay the Welfare Fee (with limited exceptions)
(i) The following students if they wish to use the Welfare Services must pay the Welfare Fee and the Students' Association Fee.

Students living outside Auckland and not using the University Facilities other than the Library who are enrolled only for thesis, dissertation or research essay.
Students not required to pay the Students' Association Fee (see under Students' Association see para. (i) above).
(ii) Students enrolled full-time at Auckland Teachers' College, Auckland Technical Institute or Secondary Teachers' College may pay a reduced Welfare Fee of $5. Evidence of having paid a welfare charge at the College or Institute in the same year must be produced at enrolment.
(iii) Students on an approved cadetship may pay a reduced Welfare Fee of $5.
(iv) Full-time members of staff who are enrolled for courses may not use the Welfare Services except by payment of standard charges for non-student users. The Student Health Service is available only in an emergency.
(v) Students sponsored by the United Nations for DipGeothermTech and students under approved University exchange schemes may use the Welfare Services without payment of the Fee.

PENALTIES

Note: General fees, late fees, fines and penalties are not refundable.

Late Enrolments

(A) Internal Students

(a) During the Enrolment Period
Failure to enrol on the appropriate day, morning or afternoon as required by the enrolment timetable ................................................. 5
(b) After 1 March ............................................. per week or part of a week 20
In addition after end of first week of first term ..................... per week or part of a week 4
(c) DipG&O, DipObst – after 1 March or September ................. per week or part of a week 4
(d) DipPaed – after 1 October ..................................... per week or part of a week 4
(e) MBChB (final year) – after 15 November ......................... per week or part of a week 4

(B) Students for Instruction in a Single Instrument (Music)

After 1 March ...................................................... 20
In addition after end of first week of first term ..................... per week or part of a week 4

Late Fees for Late Applications

Note: Late fees are payable in addition to the General fee.

(i) Additions or Deletions to Courses of Study
Applications received after the date prescribed in the Enrolment and Course Regulations (General) Regulation 8 ..................... per week or part of a week 4

1985 Calendar
(ii) Admission Ad Eundem Statum
   from a New Zealand university
   After 15 January and until 20 February ........................................... 20
   from an overseas university
   After 1 September for an undergraduate course and until 20 February .......... 20
   After 30 November for a graduate course and until 20 February .............. 20

(iii) Permission to enrol —
   After 15 January and not later than the Wednesday 20 February
   Exclusion — Failure to make satisfactory progress ................................ 20
   Extramural Enrolment (University of Auckland) .................................. 20
   Provisional Admission .......................................................................... 20

   A fine of $20 in addition to the prescribed fee and late fee is payable on any application under (ii) and (iii) above if application is made after 20 February.

(iv) Pre-enrolment after due date ............................................................. 20

(v) Preparatory Application form
   After 15 January .................................................................................. 20

TUITION AND RESEARCH FEES

Notes: 1. Fees for private overseas students are shown at the end of this list.
2. A Master's candidate required to re-submit a thesis must re-enrol and pay the prescribed fee.
3. Students may be required to pay towards the cost of their field trips.
4. No refund of fees will be made unless an 'Application to Alter Course' form is handed in to the Registry on or before the appropriate date prescribed in Regulation 8 of the Enrolment and Course Regulations (General) and approved.
5. Definitions of full-time study are listed under Scholarships, Tertiary Assistance Grants and Awards.

Doctor of Philosophy
First and Second year of full-time study ................................................. each 208
Each subsequent 6 months or part of 6 months of full-time study ............... 104
(Candidates registered part-time for PhD are required to pay each year half the fee prescribed for full-time study.)

Masters Degrees
First and Second years ........................................................................ each 208
Third and subsequent years ................................................................... each 23

MBChB Year III .................................................................................... 70

Medicine and Human Biology
DipG&O Part I and II .............................................................................. each 40
Dissertation ............................................................................................. 14
DipObst, composite fee ........................................................................... 40
DipPaed, composite fee ........................................................................... 67

Instruction in Single Instrument
Half hour per week or one hour per fortnight ........................................... per term 80

All Other Courses of Study
Full-time (including limited Full-time) course of study ............................ each year 208

Part-time course of study (with a maximum fee of $208)
Papers — including Law subjects, Performance (as weighted for Music),
and Studio (as weighted for Fine Arts) ................................................. each paper 35
Credits — including Studio (as weighted for Architecture) ....................... each credit 7
Half year papers in Engineering and Law .............................................. 17,50
For the half year papers in Engineering refer to the prescriptions for BE. Half year papers in Law are:
Introduction to Commercial Law, Introduction to Company Law, Introduction to Family Law, Commercial
Papers and Practice, Land Conveyancing Papers and Practice, Wills and Trusts Practice.
Dissertation, Original Investigation, Research Essay, Research Topic,
Project 44.421 for DipOpt, DipGuid Part II ............................................. first year 35
........................................................... subsequent years, each ....... 12
DipCompMaths, DipEdPsych part II; DipEnTech (Geotherm),
DipMathEd, DipStats ............................................................................. second and subsequent years, each 23
DipClinPsych Part 1 ............................................................................... year one 70
........................................................... year two 208
Part II ................................................................................................. first year 104
........................................................... subsequent years, each ....... 12
Private Overseas Students

Tuition Fees payable in New Zealand

General Information. At the time of printing, all tuition fees in New Zealand Universities were to be reviewed by Government. The 1984 fees indicated below should therefore be taken as a guide and you should check on the level of fees payable. In 1985 there may be three levels of tuition fees payable:

New Zealand citizens' fees Students who are New Zealand citizens, permanent residents, ordinarily resident, or citizens of the Federated States of Micronesia, Fiji, Kiribati, Nauru, Papua New Guinea, Solomon Islands, Tonga, Tuvalu, Vanuatu, or Western Samoa pay a single full-time course fee - in 1984 $NZ200 per annum.

Concessionary fees Students from (i) South Pacific: French Polynesia, New Caledonia; (ii) Asia: Bangladesh, Brunei, China, Hong Kong, Indonesia, Republic of Korea, Malaysia, Philippines, Singapore, Thailand; (iii) Middle East: Iran, Iraq pay a single full-time course fee - in 1984 $NZ1,500 per annum.

Cost recovery fees Students from other countries will pay a tuition fee which depends on the type of course taken. In 1983-84 these were estimated as:

Group 1: Arts, Law, Commerce, etc. $NZ4,669 per annum.
Group 2: Applied Sciences, Languages, Engineering etc. $NZ7,801 per annum.

DISCIPLINE

Under the provisions of the University of Auckland Act 1961, the Senate has, subject to a right of appeal to the Council, the power to deal with all questions relating to the discipline of students. During the intervals between meetings of the Senate, and subject to a right of appeal to the Senate, the Vice-Chancellor may exercise alone the powers of the Senate as to discipline.

DISCIPLINARY REGULATIONS

1. These Regulations may be cited as the Disciplinary Regulations 1972.
2. These Regulations shall come into force on 1 January, 1973.
3. In these Regulations unless the context otherwise requires:
   ‘Class’ means any lecture, tutorial, seminar, laboratory, or other assembly of students at which tuition is being given and includes any lecture or address within the University at which students are present;
   ‘Hall’ means any hostel or hall of residence or other student accommodation under the control of the Council;
   ‘Student’ means a duly enrolled student of the University and includes for the purposes of Regulation 4 hereof a person applying so to enrol;
   ‘Students’ Association’ means the Auckland University Students’ Association Incorporated;
   ‘Warden’ means the person who is for the time being in charge of any Hall and includes his duly appointed deputies;
   ‘The Act’ means the University of Auckland Act 1961 and its amendments;
   ‘The University’ includes any institution under the control of the Council;
   ‘University property’ includes property occupied by the University, property owned by any institution under the control of the Council, and any property held by the Crown on behalf of or for the purposes of the University.
   Words and expressions defined in the Act have the meanings so defined.
4(a) Every student shall on enrolling at the University sign a declaration in the following form or to the like effect:
   ‘I hereby solemnly promise that I will faithfully obey the rules and regulations of the University and be bound by the same.’
(b) The Senate shall have the power to impose conditions on the attendance at classes of any student and to obtain his undertaking to observe those conditions, either at his enrolment, or in the course of his attendance at the University in all cases where in the reasonable opinion of the Senate it is necessary so to do in order to prevent any possible disturbance to the carrying out of normal activities at the University or otherwise to maintain order and discipline.
(c) The Senate or the Discipline Committee of the Senate may as delegate of the Council exercise the powers conferred on the Council by s. 24 (2) of the Act without however preventing the Council from exercising those powers.
5. No student or other member of the University shall:
   (a) act in a manner contrary to the good government of the University or prejudicial to its functioning as such;
   (b) willfully or recklessly damage or deface, or willfully move without authority, any property of the University or any other property within the University precincts;
(c) wilfully impede the activities of the University, whether in teaching, research or otherwise; 
(d) wilfully create any nuisance in or on the University precincts; 
(e) wilfully obstruct any officer or member of the University employed at the University in the due performance of his functions or of the work he is required to perform; 
(f) be in a part of the University precincts in which he is not, at that time, entitled to be, knowing that he is not entitled to be there at that time; 
(g) (i) start, ride, or park without prior permission, a cycle, a motorcycle, or a motor vehicle in University grounds; 
(ii) fail to comply with the University Parking Regulations at all times; 
(h) fail to comply with the directions on any notice erected with the authority of the Council and governing entry, speed and exit of vehicles, and the location of parking spaces; 
(i) commit any criminal offence in the University precincts; 
(j) smoke 
(i) in the Library except with the permission of the Librarian; or 
(ii) in any General Lecture Theatre; or 
(iii) in any Seminar Room except with the express consent of all those present; 
(k) commit a breach of any University Statute or Regulation or of any rule of conduct made by any person authorized by the Council or the Senate to make such rule, provided that the Statute Regulation or rule has been published in the University Calendar or that reasonable notice thereof has been given by other means, to students generally or to the student charged with misconduct, before the misconduct is alleged to have taken place.

6. No student shall 
(a) knowingly fail to identify himself if required or to comply with such directions as may be reasonably made by the Vice-Chancellor, the Registrar, any Professor, member of the Senate, or Lecturer in order to maintain good order and discipline; 
(b) knowingly fail to comply with any reasonable direction given to him by the person in charge of a group of students going to, engaged in, or returning from a field trip or any other academic activity conducted by the University beyond the University precincts, or, while a member of such a group, do anything which would constitute misconduct if done within the University precincts; 
(c) fail to comply with any specific Departmental or Faculty Regulation in regard to appropriate dress in relation to safety or to professional courses; 
(d) bring or consume alcoholic liquors within the precincts of the University for other than official functions except with the permission of the Senate. Permission for alcoholic liquors to be consumed at other functions will be subject to the following conditions:

7. (a) Where there is misconduct by a student in a class, the person in charge of the class may reprimand the student and may exclude him or her from not more than three successive class meetings. Any such exclusion for more than one class meeting shall be promptly reported to the Vice-Chancellor.

(b) Where there is misconduct by a student in the use of any University facility, the person in charge of the facility may reprimand the student and may exclude him or her from using it for any period or indefinitely. Any such exclusion shall be promptly reported to the Vice-Chancellor except where it is for a period less than one week.

(c) A student reprimanded or excluded under the paragraph (a) or paragraph (b) of this Regulation may appeal to the Senate against the reprimand or order for exclusion. The Vice-Chancellor may suspend the operation of the order for exclusion until the appeal has been heard or determined.

(d) In this Regulation, "University facility" includes the Recreation Centre but does not include the University Library and the Computer Centre.

8. The Senate shall have power

(a) to impose on any student who does not observe the provisions of these Regulations; or the conditions (if any) attached to his attendance at classes pursuant to Regulations 4 and 16 thereof; or any direction given under Regulation 11 hereof; or who otherwise commits any breach of University discipline; any one or more of the following penalties as it thinks fit:

(i) such sum by way of restitution as may be appropriate for any damage so caused; 
(ii) a fine not exceeding $300; 
(iii) a suspension from attendance at the University or any of its classes for such period as it thinks fit; 
(iv) expulsion from the University; 
(v) a limitation or prohibition on his attendance at any class or classes at the University or his use or enjoyment of any of the facilities of the University; 
(b) to prohibit the sitting of examinations by any student who is in default with any payment due by him to
the University under these or any other Regulations or any Statute;
(c) to delegate the powers conferred on it by these Regulations to the Discipline Committee of the Senate without thereby preventing itself or the Vice-Chancellor pursuant to Regulation 9 hereof from exercising any such delegated power.
(d) In this Regulation, ‘University facility’ includes the Recreation Centre but does not include the University Library and the Computer Centre.

9. The Vice-Chancellor shall have power (subject always to Regulation 14 hereof) to exercise all the powers and authorities of the Senate under these Regulations and under the Act, including any powers delegated by the Senate to any committee of the Senate, during the intervals between meetings of the Senate or that Committee.
10. The Vice-Chancellor, the Registrar, the Director of the Computer Centre, the Physical Recreation Officer, the Head of the Audio-Visual centre, or any Professor, member of the Senate or Lecturer shall have power to report any student to the Discipline Committee for any breach of these regulations.
11. Any Warden shall have the power (subject always to Regulation 14 hereof)
(a) from time to time to give such directions as he reasonably thinks fit for the maintenance of good order and discipline within the Hall under his charge provided however that all such directions shall if of general application be exhibited on the main notice board of the Hall to which they relate forthwith after they are given;
(b) to impose as he thinks fit on any student who does not observe any of the directions so given, any one or more of the following penalties:
(i) such sum by way of restitution as may be appropriate for any damage so caused;
(ii) a fine not exceeding $50;
(iii) a suspension from attendance at the Hall for such period as the Warden thinks fit;
(iv) expulsion from the Hall.
12. The Vice-Chancellor, the Registrar, or any Professor, member of the Senate, or Lecturer may, in addition to reporting any breach of these Regulations to the Discipline Committee, order any student to pay the cost of replacing or repairing any University property lost, damaged or destroyed by reason of the wilfulness, negligence, or misconduct of that student. Any penalty so ordered shall be paid within 14 days.
13. The Executive of the Students’ Association shall (without prejudice to the powers of the Senate under s. 34(3) of the Act) have power of disciplinary control over students within the Student Union Buildings or the precincts of the Student Union Buildings and in exercise of that power may
(i) impose a fine not exceeding $25 on any student guilty of any act prejudicial to the maintenance of discipline therein, and
(ii) (whether or not in addition to imposing a fine) order any student to pay as a penalty the cost of replacing or repairing any property therein lost, damaged or destroyed by reason of the wilfulness, negligence, or misconduct of that student.
14(a) All fines and other penalties imposed under Regulations 9, 11, and 12 hereof or by the Discipline Committee under powers delegated to it under Regulation 8 hereof shall forthwith be reported to the Senate by the person or body imposing them.
(b) Any student on whom a fine or other penalty is imposed under Regulations 9, 11 and 12 hereof or by any committee of the Senate under powers delegated under Regulation 8 may within fourteen (14) days of imposition of that penalty, by giving notice to the Registrar in writing, appeal to the Senate against it. The Senate may hear and determine an appeal in such manner as it thinks proper.
15(a) The grounds of Old Government House are open to all members of the University for their individual use for the purpose of quiet recreation;
(b) No organised group activities will be permitted in those grounds without the specific permission of the Vice-Chancellor, acting on behalf of the Council, given in each case and in such terms as are appropriate;
(c) Members of the University may bring guests into the University grounds but not into the grounds of Old Government House except in terms of clauses (a) and (b) above;
(d) At all times, and more particularly at night, members of the University and their guests shall act in such a way as not to cause disturbance or inconvenience to those living in the grounds (both occupants of Old Government House and members of the custodial staff), or to residents in the immediate neighbourhood.

Notes: (i) If the above requirements are observed, no time limit on the use of the grounds will be necessary, nor shall there be any need for the Police to be on the campus by invitation or otherwise.
(ii) Members of the University while in the grounds are free to observe demonstrations which may occur in the adjoining streets, but they are reminded that the Statutory and Common Law powers of the Police enable the Police to enter the University campus and to take appropriate action in relation to offences committed thereon and to prevent a breach of the peace.
Whenever it appears likely that demonstrations of the kind mentioned in note (ii) above will occur, the Vice-Chancellor shall consult with the appropriate representatives of staff and students.

Any privileges of staff, students, and their guests in respect of the use of the grounds, may be withdrawn by the Vice-Chancellor, acting on behalf of Council; the Vice-Chancellor shall report the circumstances to the next following meeting of the Senate and Council.

16(a) No member of the Security Service enrolled as a student at the University shall carry out any inquiries into security matters within the precincts of the University.

(b) The proposed attendance of a member of the Security Service at the University shall be discussed between the Security Service and the University Authorities before his enrolment.

17. After the discussions contemplated in the preceding sub-clause 16(b) have been held, the Senate shall determine each year what special conditions (if any) as to attendance at classes shall apply to students who are members of the Security Service in order to maintain discipline among the students of the University by preventing any possible disturbance to the carrying out of normal teaching activities.

18. Nothing in these Regulations shall prejudice the rights and remedies of the University under the general law in respect of the misconduct or negligence of any student.

THE LIBRARY

The University Library was established in 1884 with a grant of £37 for books which were 'to be bought in England and uniformly bound in full calf with golden lettering'. Since then the Library has grown into a collection of more than 900,000 volumes, excluding thousands of unbound periodicals, pamphlets, and reprints. Over 11,000 periodical titles are currently received. The Library has benefited by a number of generous gifts among them being the collection of books in Classics and Old Testament Literature bequeathed by the late Professor A. C. Paterson and an extensive collection of material relating to the Labour movement in New Zealand and other countries presented by Mr P. W. G. McAra.

The University Library comprises the General Library in the Library Building on the corner of Princes Street and Alfred Street, divisional libraries in Architecture, Biological Sciences, Continuing Education, Engineering, Fine Arts, Geography, Geology, Law, Medicine, Music, Science. In addition there are departmental reading rooms in a number of subjects. The General Library contains most of the books needed for undergraduate reading in arts subjects. It also contains more advanced material in Accountancy, Anthropology, Education, Geography, History, Languages and Literature, both classical and modern, Philosophy, Psychology.

A separate Undergraduate Reading Room has been opened in the former Ballroom of Old Government House. This contains 140 seats for readers and a collection of works in heavy demand.

More information about the Library, its services and organisation, can be found in the Library Guide and in the pamphlet Books and Reading Accommodation in the University of Auckland. These are available from the Information Desk in the General Library. Library tours are offered during the week preceding enrolment and during the first week of lectures. Readers are encouraged to seek assistance throughout the year from Reference Department staff.

LIBRARY REGULATIONS

1. These regulations may be cited as the Library Regulations 1970 and shall come into force on 1 January, 1971.

2. Except where otherwise stated

(a) these regulations shall apply to all sections of the University Library, that is, the General Library, Undergraduate Reading Room, Architecture, Biological Sciences, Centre for Continuing Education, Engineering, Fine Arts, Geology, Geography, Law, Medicine, Music, Science, and such other sections as may be added by the Senate;

(b) in these regulations 'books' includes all types of printed, written and photographic material, and (except where the context otherwise requires) gramophone records and tapes.

Hours of Opening (General Library only)

3. The hours of opening shall be:

Mondays to Thursdays 9 am - 12 noon
8.30 am - 11 pm
Fridays 8.30 am - 8 pm (Third Term - 11 pm)
(Third Term - 9 pm)

Saturdays
9 am - 5 pm

May Study Break (first two weeks)
9 am - 6 pm
9 am - 5 pm

Summer Vacation
(Wed - 8 pm)
9 am - 12 noon

The Library shall be open on Sundays in first and second terms and August Study Break from 9 am to 5 pm and in third term from 9 am to 9 pm. No lending services shall be available on Sundays. The Library shall be closed on Anniversary Day, Waitangi Day, Good Friday, Easter Saturday, Easter Sunday, Easter Monday, Anzac Day, Queen's Birthday and for up to three weeks from and including Christmas Eve.

1985 Calendar
These hours may be varied at the discretion of the University Librarian and any variation shall be appropriately notified in the General Library.

**Readers**

4(a) All members of the University Council, all professors lecturers and junior lecturers, all enrolled students of the University, and all library, administrative and technical staff shall be readers for the purpose of these Regulations and may

(i) use all sections of the Library; and

(ii) on completion of such registration formalities as the University Librarian requires, borrow books from it; provided that no person shall be deemed an undergraduate member of the University unless he is currently enrolled as such.

(b) By special permission of the University Librarian any person not included among those authorised by clause (a) of this Regulation may be a reader and accorded full or partial use of Library facilities.

(c) The University Librarian may at any time require from any reader as a condition of that reader's use of the Library and borrowing facilities that he pay to the University a sum of not more than $15 as a deposit to be applied in payment or part payment of any sum for which he may become liable under Regulation 6 (d). Any balance of the deposit shall be refunded on the termination of his use of the library.

(d) Persons' admitted as approved readers under clause (b) of this Regulation may be charged an annual fee which shall be determined by the Library Committee from time to time*. No fee shall be charged retired members of the University staff or such persons as the Librarian may determine.

*The fee for 1985 will be $35.

**Borrowing**

5(a) No reader shall borrow any book otherwise than in accordance with these regulations.

(b) (General Library only). Borrowing starts at 9 am and ceases 20 minutes before closing time. No borrowing on Sundays. The hours during which books may be borrowed may be varied at the discretion of the University Librarian. Borrowers shall write their name and address clearly and legibly on the book card of each book and present book and card at the exit for stamping along with their identity card. The address given shall be that to which any notices should be sent. The desk assistant shall stamp the book with the date on which it is to be returned.

(c) Any person on leaving the Library shall on demand present all books and personal property for inspection.

(d) (General Library only). Any book on the open shelves which has a book card and date slip may be borrowed until the next end of term or for such shorter periods as the Librarian may decide. Borrowers shall be required to check the date stamped in the book by the desk assistant. Glass case books without 'not to be borrowed' labels may be borrowed for a fortnight only. All other materials shall be used only in the Library except that Teaching Staff and Postgraduate Students may borrow bound volumes of periodicals for fourteen days, and theses for fourteen days.

(e) Books from any section of the Library other than the General Library shall be borrowed direct from that Section.

(f) All books shall be subject to recall within 24 hours. Borrowers who fail to respond to a recall notice within 24 hours shall incur a fine of $1 plus $1 for each further 24 hours that the book is overdue. Borrowers who retain other books beyond the date for return stamped on the date slip incur a fine of 10c per day whether a notice has been sent or not.

(g) The librarian shall be under no obligation to notify borrowers when books are overdue and a fine may still be charged when books are returned after the date stamped, even though no notice has been received.

(h) Borrowers who wish to renew a book on limited loan for a further period may apply by letter (giving author, title and call number on the spine of the book) or in person, or (in the case of theses, periodicals or glass case books) by telephone. Renewal, will be refused if the book is reserved, and may be refused at the discretion of an authorised librarian. At the end of term, all out-standing books shall be returned or presented for renewal at the Lending Desk. They cannot be renewed by letter or by telephone at this time.

(i) Readers may reserve for borrowing one book a day by filling in a reservation card at the Lending Desk. The length of loan allowed shall depend on the number of other readers who are also waiting for the book. Borrowers who return limited loan reserve books late shall incur a fine of $1 per volume for each 24 hours the book is overdue.

(j) Books which are in heavy demand may be kept behind the Lending Desk. These Desk Copies shall be available for a specified period (advertised in the Library concerned) on surrender of the reader's identity card and may not be removed from the Library except in the case of overnight loans. Failure to return Desk Copies on time shall incur a fine of 25c per volume for each quarter hour or part of a quarter for which the book is not returned.
(k) Teaching staff and postgraduate students may apply to borrow books from another library through the Interloans Assistant. Such books are subject to the conditions imposed by that library.

(l) The gramophone records held in the General Library shall be available for borrowing on payment of a subscription determined by the University Librarian from time to time.*

(m) Library books may be taken out of New Zealand only with the prior permission of the University Librarian.

(n) Authorised librarians may refuse to issue excessive numbers of books to any one reader.

*Current subscriptions are: students $10; staff and graduate borrowers $11.

**Discipline**

6(a) Bags, satchels and briefcases shall not be taken into the Library.

(b) Under no circumstances shall a book be passed on to another reader without being reissued in that reader's name. Where this regulation is broken the reader in whose name the book is issued shall remain liable for all fines payable by reason of failure to return a book which is overdue or recalled.

(c) Every reader shall immediately notify to the Library any change of his address and thereupon renew the borrowing of all books issued to him.

(d) (i) Readers shall be responsible for, and shall make good, any loss of or damage to books on loan to them or being used by them in the Library. In addition to the cost of replacement or repair, readers may be charged an administration fee of $5, whether or not the book if lost is subsequently found and returned in good order.

(ii) The loss of a book shall be reported immediately to an authorised librarian.

(iii) A lost book remains the property of the University, notwithstanding payment of the bill for its replacement, and must be returned if found. A refund (in whole or part, according to the condition of the book on return) will be made for it but the administration fee may be retained.

(e) No reader shall deface or mark any book.

(f) The reservation of seats in the Library shall not be permitted. Books and any other articles left for any length of time on chairs or tables may be removed by any of the Library staff. No responsibility is accepted for personal belongings left in the Library.

(g) Silence shall be observed in all public reading areas.

(h) Bottles of ink shall not be brought into the Library.

(i) No reader shall smoke or shall consume food or drink in any part of the Library open to readers.

(j) A warning signal will be given 15 minutes before closing time and all readers shall vacate the Library by closing time.

(k) Library fines or bills shall be paid at the lending desk of the Library concerned.

(l) Where a fine or charge is not paid within 14 days of becoming due:

(i) the University Librarian may withdraw library privileges from the reader in default for such period as he thinks fit;

(ii) the Senate may impose on the reader any of the following penalties; prohibit the sitting of examinations; withholding of examination scripts; refusal of re-enrolment for the next academic year; disqualification from graduation.

(m) No reader may borrow from the Library while any fine or charge payable by him is outstanding.

(n) Any authorised librarian may require any reader who is guilty of disorderly or improper conduct or of any breach of these regulations to withdraw from the Library and the University Librarian may withdraw library privileges from that person for such period as he thinks fit. Nothing in these regulations shall limit the application to the Library (where relevant) of the Disciplinary Regulations 1972.

**Note:** The unauthorised borrowing or removal of books is regarded as a serious disciplinary offence.

**Copyright**

7. Every reader using copying facilities in the Library shall duly comply with the laws on copyright.

**Note:** (i) Readers are warned that if a copyright work is copied the copying must be a "fair dealing for the purpose of research or private study only" to comply with the laws on copyright.

(a) No more than one copy of the work must be taken.

(b) No whole copyright work by any author can be copied.

(c) Single extracts must not exceed 4000 words. If a series of extracts is required, each extract must not exceed 3000 words to a total of 8000 words. In neither case must the total amount copied exceed 10% of the whole work.

(ii) These rules apply to coin-operated copying machines and not to photocopying supplied by librarians.

(iii) Failure to observe these rules may be treated as a breach of discipline. Users who are in doubt as to whether an item is in copyright should consult a member of the Library Staff.

FACULTY OF ARTS

The Faculty of Arts offers a first degree, the Bachelor of Arts, and a Master of Arts, which may be awarded with or without honours.

The B.A. is intended to be a general degree, containing a number of different subjects, but at least one subject has to be carried to Stage III level (sometimes informally called a 'major'). Students can choose from a very large number of subjects, including some in Science and Commerce. They can thus partially prepare themselves for a range of occupations, and credits may be granted in respect of Teachers' College courses. But the concept behind the degree is more that of a liberal education than a vocational one.

In the M.A. a student usually works within one particular discipline, and more often than not the degree will include a research component.

The B.A. is, if taken full-time, a 3 year degree, but it may be taken part-time. The M.A., an Honours degree, must be taken within a limited period, varying according to discipline, but not more than three years in any case.

Several Diplomas are available within the Faculty, normally post-graduate, and with a vocational emphasis. They include the Diplomas in Broadcast Communication, Drama, Education, Educational Psychology, Guidance and Counselling, and Local Government and Administration.

THE DEGREE OF BACHELOR OF ARTS

BA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Arts shall follow a course of study of not fewer than three years.

2. The course of study for the Degree shall consist of twenty-one papers selected from those listed in the Schedule to these Regulations. Papers are classified in three stages, I, II, and III.

3. Every course of study shall include at least fourteen papers selected from subjects in Group A in the Schedule.

4. Every course of study for the Degree shall include
   (a) at least six papers in one subject of which three are at Stage III level;
   (b) at least eleven papers higher than Stage I level selected from two or more subjects;
   (c) no more than eleven papers in any one subject.

5. Every course of study shall consist of four, five or six subjects: provided that in exceptional circumstances the Senate may, upon the recommendation of the Heads of Departments in which the candidate proposes to take advanced papers, approve a course consisting of more than six subjects.

6. Except with the permission of the Senate no candidate shall take in any one year more than nine papers for this Degree.

Requirements for Particular Subjects.

7. A candidate wishing to be enrolled in any subject which is also a subject of examination for the Degree of Bachelor of Science shall comply with such of the course Regulations for that Degree relating to prerequisites, combinations of subjects, and practical work, as are applicable to that subject, save where the Senate in individual cases allows otherwise.

Botany, Chemistry, Economics, Geography, Mathematics, Physics, Zoology

8.(a) A candidate may with the permission of the Senate enrol for Stage II papers of a subject to which this Regulation applies without having been credited with the Stage I papers. If a candidate is credited with Stage II papers he shall not also have the Stage I papers of the subject credited to his course. If the examiner certifies that the candidate though failing a Stage II paper or papers, attained the standard of a pass at Stage I of the subject, the candidate shall have the appropriate Stage I paper or papers credited to his course.
(b) This Regulation applies to the following subjects:

Botany       Economics       Mathematics    Zoology
Chemistry    Geography       Physics

Chinese, Indonesian, Japanese

9.(a) A candidate with previous knowledge of any subject to which this Regulation applies may be required by the Senate to take Stage II papers of that subject without having passed Stage I papers. If the candidate passes Stage II papers he shall be credited with Stage II papers but shall not be credited with Stage I papers as papers for any University degree of diploma. If the examiner certifies that the candidate though failing a Stage II paper or papers, attained the standard of a pass at Stage I of the subject, the candidate shall have the appropriate Stage I paper or papers credited to his course.

(b) This Regulation applies to the following subjects: Chinese, Indonesian, Japanese.

Law

10.(a) This Regulation applies (notwithstanding the provisions of Regulations 2, 3, 4, 5 and 6) to a candidate for this Degree who has been credited for this Degree with not less than fourteen papers (in this Regulation called 'arts papers'), of which three are at stage III level in one subject and five others are at a higher level than Stage I.

(b) Where the candidate:
(i) has been credited with fourteen arts papers and
(ii) has been credited with the Degree of LLB or LLB (Hons) with five subjects from those listed in Parts I and II of the Schedule to this Regulation, of which at least two are from Part II — he shall be entitled to be credited with those five subjects as the remaining seven papers for this Degree.

(c) Where the candidate:
(i) has been credited with more than fourteen but less than twenty-one arts papers and
(ii) has been credited for the Degree of LLB or LLB (Hons) with one or more subjects from those listed in Parts I and II of 10(e) below then, if the Dean of the Faculty of Arts deems the subject or subjects (so credited) to be of sufficient weight, the candidate shall be entitled to be credited with it or them as the remaining paper or papers for this Degree.

(d) A candidate who has completed or is completing his course for the Degree of Bachelor of Laws or Bachelor of Laws (Honours) under the Regulations published in the University of Auckland Calendar 1966, and who invokes this Regulation, may be credited with the subject Constitutional and Administrative Law in place of the subject Constitutional Law.

(e) Part I

Administrative Law
Constitutional Law
Copyright, etc.
Criminology
Family Law
Industrial Law
International Institutions
International Law
Jurisprudence (before 1978)
Legal History
Legal Process (before 1978)

Legal Analysis

Part II

Advanced Administrative Law
Advanced Constitutional Law
Advanced Criminology
Advanced Family Law
Advanced Industrial Law
Advanced International Law
Comparative Law
International Trade
Law Reform
Legal Philosophy
Legal Theory (25.317 — before 1978)
Planning Law

Music

11.(a) Except with the leave of the Senate, no candidate may advance in Music (that is take any papers in that subject beyond Stage I level) unless he has, before enrolling for any Stage I paper in Music, satisfied the Head of Department that he has attained a suitable standard in the subject.

(b) A candidate advancing in Music shall comply with Regulation 6 of the Regulations for the Degree of Bachelor of Music as if he were enrolled for that Degree.
Oral Work
12. In each of the subjects Chinese, Indonesian and Japanese a candidate shall be required to pass in the oral work as well as the written papers.

Cross-credits, Credit, and Exemptions
13.(a) Except in the case of students to whom Regulation 10 applies, the total cross-credits, credits and exemptions granted to a candidate under Regulations 12, 13 and 14 of the Enrolment and Course Regulations (General) shall not exceed ten papers for this Degree.
(b) In the case of students to whom Regulation 10 applies, the maximum number of cross-credits, credits and exemptions granted to a candidate under Regulations 12, 13 and 14 of the Enrolment and Course Regulations (General) shall be determined by the Dean.

14. Notwithstanding anything in these Regulations a candidate who has successfully completed:
(i) a course or courses at a Teachers’ College under the control of the Auckland Teachers’ Colleges Council; or
(ii) the requirements for a Certificate Course of the Centre for Continuing Education,
or
(iii) Studio I for BFA, but is not continuing with that degree as listed in the Schedule to Regulation 13 of the Enrolment and Course Regulations (General), may be granted credit for this degree as provided by that Regulation.

15. The Senate may in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations. Such a course may include papers offered in other Faculties.

16.(a) Except as otherwise provided in this Regulation, the course of study of every candidate shall be governed by these Regulations.
(b) A candidate who gained credit in any unit or units under any of the former Regulations for this Degree, shall be credited with such equivalent paper or papers as the Senate shall determine.
(c) For candidates who enrolled for this Degree before 1973 the subject prerequisites, corequisites and restrictions, where not covered by these Regulations, shall be determined by the Head of the Department concerned.
(d) A candidate who gained credit in any paper or papers under any of the former Regulations may complete the Degree under these present regulations;
(e) These Regulations shall come into force on 1 January 1981.

Schedule
1. This Schedule sets out paper numbers, prerequisites, corequisites, subjects, restrictions and other conditions applying to courses for the Degree of Bachelor of Arts.
2. This Schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.
3.(a) The heading ‘prerequisites’ in relation to a paper refers to other papers which must be passed before the candidate may take that paper.
(b) Where a prerequisite has been waived by a Head of Department and re-imposed as a corequisite the paper or papers as to which that corequisite is imposed may not be credited as a pass for the candidate’s Course of Study unless and until he has passed that corequisite.
4.(a) The heading ‘corequisites’ in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year. Except as provided elsewhere in these Regulations or in this Schedule, if a corequisite of a paper is failed then the paper passed cannot be used as a prerequisite to other courses.
(b) Except as provided elsewhere in these Regulations or in this Schedule, the corequisites marked** in the Schedule are linked in the sense that they (i) must be attempted in the same year and will not be credited separately.
(ii) will be treated as a unit for the purpose of Examination Regulation 5(b), of the Examination Regulations.
5. The heading ‘restrictions’ in relation to a paper refers to a paper which cannot be taken in addition to that paper.
6. Except as provided elsewhere in these Regulations or in this Schedule, a candidate may not enrol for any paper until he satisfies all prerequisite and corequisite requirements and other requirements listed in the Schedule.
The papers prescribed for this Degree are:

| 12.314 Historians of Rome      | 12.103 and any Stage II Ancient History paper | as 12.200 | as 12.200 | Candidates who are enrolled for or have passed Latin III may enrol without prerequisites |
| *12.324 Historians of Greece   | 12.102 and any Stage II Ancient History paper | as 12.200 | as 12.200 | Candidates who are enrolled for or have passed Greek III may enrol without prerequisites |

1985 Calendar
1. One approved paper from another subject may, with the consent of the Head of
Department, be substituted and counted as part of the subject Ancient History for the
purposes of Regulation 4 and MA Regulation 1(b). With the consent of the Head of
Department students may offer as Stage III papers one or two of the papers 12.400, 12.402, 12.404, 12.406, 12.412, 12.414 as prescribed for the MA Degree.

2. Students who passed any of 12.200, 12.201, 12.202, 12.203 with language before
1977 shall take such prerequisites for Stage III as the Head of Department may require;
the Head of Department may approve other linguistic qualifications which are in his
opinion appropriate.

3. 12.201 will not be taught in 1985

Note: 11.103 is a valid prerequisite to 12.203 only under the conditions given in the prescription under 11.103.

### ECONOMICS

**Title of Paper** | **Prerequisites** | **Corequisites** | **Restriction** | **Qualifications**
--- | --- | --- | --- | ---
Economics I  
**Note:** Students planning to take stage II papers should offer 13.100 and 13.101. Some Economics III papers require mathematics and statistics prerequisites. Students planning to take Stage III papers should consult the Head of Department for advice.

13.100 Microeconomics | 13.103; 15.147; 15.116; 15.136; 13.106; 13.107; 15.116; 15.136; 13.102 is not available to a candidate who passed 13.202  
13.101 Macroeconomics | 13.100  
13.102 Statistical Methods | 13.100; 13.101; prior to 1977  
13.103 Principles of Economics | 15.116; 15.147; 15.136  
13.104 Applied Economics | 13.103 or 13.100 and 13.101  
13.105 Mathematical Methods in Economics | Advanced study of economics requires an adequate background in mathematics. This can be obtained by taking either 26.120 and 26.140 (or approved alternatives) in the Mathematics Department or 13.105. Students with a good entrance standard should take Mathematics papers.

**NOTE:** Students enrolling in 13.105 must seek the permission of the Head of Department; and be concurrently enrolled in or have previously passed one other Economics I paper.

**Economics II**  
**Note:** The Head of the Department may waive the prerequisites for candidates with sufficient previous knowledge (including candidates with a good pass in 13.103 and 13.104).

13.200 Microeconomics | 13.100; 13.101  
13.201 Macroeconomics | 13.100, 13.101  
13.203 Managerial Economics | 13.100 or 13.103  
13.204 New Zealand Public Economics | 13.100; 13.101 or 13.103  
13.205 Introduction to Econometrics | 13.102 or 13.202  
13.210 The Industrialisation of Britain to 1870 | 13.102 or 13.202  
13.211 The International Economy since 1870 | 17.200  
13.213 Economic History of USA 1776-1940 | 17.201  
13.214 The New Zealand Economy | or 13.103

**Economics III**  
**Note:** Students taking papers 13.300, 13.301, 13.302, 13.303 and 13.305 must have previously passed 13.102 or alternatives approved by the Head of the Department. Students with a good mathematical background are advised to take in place of 13.105, 26.120 and 26.140 in the Mathematics Department. Students are strongly recommended to have taken 13.205.

13.300 Theory of Value | 13.200  
13.301 Macroeconomic Theory and Policy | 13.200; 13.201  
13.302 Econometrics | 13.200 or 13.201  
13.303  | 26.381

* Starred papers will not be taught during the current Calendar year.
† Daggered papers will not be taught during the current Calendar year unless sufficient staff is available.
** Linked corequisite papers must be attempted in the same year and will not be credited separately.
THE DEGREE OF MASTER OF ARTS

MA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Arts shall before his enrolment for this Degree
   (a) have been admitted or qualified for admission to the Degree of Bachelor of Arts, except as provided in Regulation 2 below, and
   (b) (i) have fulfilled the prerequisites for his subject as listed in the Schedule to these Regulations and have obtained a grade higher than an average of C in the Stage III papers in the subject he proposes to attempt for MA;
      (ii) provided that in special circumstances where the Head of Department so recommends the Senate may accept an average grade of less than C+ or waive such prerequisites as it thinks fit.

2. Subject to the Admission Regulations, a candidate may enrol for this Degree after having completed at least nineteen papers, including eleven papers at advanced level, for the Bachelor of Arts Degree, provided that
   (a) his proposed course for this Degree will extend over not fewer than two academic years;
   (b) he has obtained grades averaging B- or above in the advanced papers for the Bachelor of Arts Degree of the subject which he proposes to take for this Degree;
   (c) he satisfies the conditions in Regulation 1(b) above, or is exempted from them;
   (d) the remaining paper or papers for the Bachelor of Arts Degree are not in the subject which he proposes to take for this Degree;
   (e) he enters for these two papers in the first year of his course for this Degree;
   (f) should he not pass the remaining paper or papers in the first year of his Master of Arts course, his Master's course shall be suspended until he has passed the remaining paper or papers.

3. A candidate for this Degree shall follow a course of study that may extend over one year or more according to the requirements for the respective subjects in the Schedule but, except with the special permission of the Senate, shall not exceed three years in duration.

4. A candidate presenting subject 17, Languages and Literature, shall satisfy the requirements of Regulation 1(b) (i) in respect of each of the languages in his course. A candidate presenting subject 21, Mathematics, shall satisfy the requirements of Regulation 1(b) (i) in respect of Mathematics and Applied Mathematics.

5. A candidate shall be required to fulfil the requirements and pass the examination in one of the subjects prescribed in the Schedule provided that the Head of Department may require a student who fails to achieve a sufficient level in his paper or papers to substitute a further paper or papers for a thesis, dissertation or research essay where these are prescribed.

6. A candidate for this Degree may not
   (a) substitute a paper or papers for any paper in which the candidate has already been examined for this Degree;
   (b) resit any paper for this Degree except as provided in Regulation 13.

7. Notwithstanding anything in Regulation 5, a candidate for this Degree in any subject listed in the appended Schedule other than the subject 17, Languages and Literature, may with the permission of the Senate take:
   (i) one Stage III or one Master's paper or:
   (ii) one Stage III and one Master's paper or:
   (iii) two Master's papers, in a subject other than the one in which he is taking his Degree, or:
   (iv) two Master's papers or one Master's and one Stage III paper in subjects that both differ from the one in which he is taking this Degree, if in each case such a paper is related to the candidate's research interests. Each such paper shall substitute for and be equivalent to one paper in the Master's course of the subject in which the Degree is being taken.

8. No candidate shall take for this Degree any paper the same as or substantially equivalent to any other paper he has passed or is taking and obtain credit for both for this Degree.

9. No candidate who has previously failed in a subject for this degree shall enrol a second time in the same subject without the permission of the Senate. For the purpose of this Regulation, subject 17, Languages and

1985 Calendar
Literature and any one of the individual subjects which under Clause 17 of the appended Schedule may be used to make up a combined Languages and Literature course, shall be regarded as the same subject.

10. The personal course of study of every candidate must be approved by the Head of Department.

**Theses**

11. Where a thesis is required the following conditions shall apply:

(a) The thesis shall embody the results obtained by the candidate in an investigation relating to some branch of the subject; or with the approval of the Senate shall consist of a review of the literature of some special problem, which may be combined with the repetition of some standard investigation on an aspect of that problem.

(b) In the case of a thesis recording laboratory work, a certificate shall be supplied to the Registrar by the supervisor stating that laboratory work has been carried out within the University.

(c) Except where otherwise provided in the schedule, the candidate must present his thesis in the year in which he first sits papers for his degree or, with the consent of the Head of Department concerned, in either of the subsequent two years, provided that the time may be extended, in exceptional cases, by Senate.

(d) The candidate shall submit his thesis to the Registrar by 1 November of the academic year in which it is presented or at a subsequent date within that academic year if so arranged with the Head of his Department. The Registrar shall deliver the thesis to the Head of the Department concerned.

(e) If the examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to resubmit it by a later date specified by the examiner and approved by Senate.

12. Where a dissertation or research essay is required the following conditions shall apply:

(a) The candidate shall present the dissertation or research essay in the year prescribed under the appropriate Departmental heading in the Schedule.

(b) Except as provided in the Schedule, the candidate shall submit the dissertation or research essay to the Registrar by 1 November in the year in which it is due to be completed or at a subsequent date within the same academic year if so approved by the Head of Department concerned, provided that the period may be extended, in exceptional cases, by Senate. The Registrar shall deliver the dissertation or research essay to the Head of Department.

**Note:** An abstract is to be submitted with each copy of a thesis, dissertation or research essay, see Examination Regulation 14.

**Honours**

13. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Honours shall be awarded only if a candidate obtains a sufficient standard in the papers taken and in the thesis at its first presentation, provided that, subject to sub-clause (c) of this Regulation, a candidate who qualifies for an aegrotat or compassionate pass may retain eligibility for Honours by applying:

(i) for an aegrotat or compassionate pass in papers not in excess of the number permitted to a candidate for Honours under the Examination Regulations, or

(ii) to sit or resit in the year next following all the papers affected, or

(iii) for a pass or passes under (i) and to sit or resit the remainder as in (ii) above.

(c) A candidate permitted under Regulation 3 to take a course of study for this Degree for a longer period than three academic years shall not be eligible for honours unless the Senate so decides.

14. A candidate shall not take for this Degree a subject in which he has already passed for the Degree of Master of Commerce, or for the Degree of Master of Science, or as a principal subject for the Degree of Bachelor of Science (Honours).

15. The Senate, upon the recommendation of the Head or Heads of Departments concerned, may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations or to the Schedule below.

**Schedule**

(1) **Ancient History**

**Prerequisites:** Eight papers in the subject of Ancient History including three Stage III papers OR six papers in Ancient History if a student has passed three Stage III papers in Latin or Greek.

**Requirements:** Four papers and a special subject which counts as two papers and an essay which counts as one paper. 

1985 Calendar
The papers shall be selected from 12.400 to 12.414, except that one paper or two papers not already taken may be taken from 12.300 to 12.332. The special subject shall be one of those from 12.502/12.512 to 12.520/12.530. Normally a candidate shall present three or four papers in the first year and the remaining paper (if any), the special subject (2 papers) and essay (12.603) or dissertation (12.604) in the next year following. A candidate in full time employment or with other demanding responsibilities, may be permitted by the Head of Department to take three papers in the first year, the special subject in the second year and one paper and the essay or dissertation in the third year OR (with special permission) two papers in the first year, the special subject and one paper in the second year and one paper and the essay or dissertation in the third year. Other combinations may be approved by the Head of Department in special cases provided that candidates for Honours must complete the work within three years.

(2) Anthropology

Prerequisites: Either eight papers in Anthropology and Maori Studies, or Anthropology and Linguistics, including three Stage III papers in Anthropology;

Requirements: Seven papers, or four papers and a thesis (03.601) which counts as three papers. The papers shall be selected from 03.400 to 03.420, 03.300 to 03.335, 83.300 to 83.310, 04.302 to 04.311; with no more than three papers from the following group of papers: 03.300 to 03.335, 83.300 to 83.310, 04.302 to 04.311. A candidate shall present four papers in the first year and if taking seven papers, present the remaining papers in the following year.

A candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of Department to present three papers in the first year, or in special circumstances, two papers in the first year, and if taking seven papers, shall present all papers within three years of first enrolment for the Degree.

(3) Art History

Prerequisites: Eight papers in the subject of Art History including three Stage III papers plus a pass in Stage I of Greek, Latin or a modern European language other than English.

Requirements: Seven papers or four and a thesis (19.601) which counts as three papers. The papers shall be selected from papers 19.400 to 19.410; except that among the first four papers presented for the degree one paper may be taken from options presented for Art History III, and that a second paper prescribed for Art History III may be presented by students presenting three further papers instead of a thesis; but no paper that has been credited to the degree of Bachelor of Arts shall be taken for this Degree, and papers 19.305 and 19.401 may not both be taken for this Degree. All candidates shall present four papers in the first year: except that a candidate in full-time employment or with other demanding responsibilities may be permitted by the Head of Department to present two papers in each of two years. Candidates presenting papers only shall present the remaining three papers in one year.

(4) Asian Studies

Prerequisites: Three Stage III papers in an Asian language: and such Stage II or III papers in the other subjects as the respective Heads of Departments shall approve.

Requirements: Five papers and a thesis (97.601) which counts as two papers; or six papers and a research essay (97.603) which counts as one paper.

In either case candidates shall include three papers selected from those available at Masters level in Chinese, Indonesian or Japanese subject to the approval of the Head of Department. The remaining two or three papers shall, subject to the approval of the Heads of Departments, be selected from the Masters papers in one or two different subjects. At the discretion of the Heads of Departments one Stage III paper may be substituted for one of these Masters papers. In the thesis or research essay, sources in the Asian language being studied will be used.

(5) Chinese

Prerequisites: Eight papers in the subject of Chinese including three Stage III papers.

Requirements: Six papers and a dissertation (48.604) which counts as one paper. Papers 48.400 and 48.401 and four others selected from 48.402 to 48.418.

A candidate may present the six papers and a dissertation in the same year or four papers in the first year including 48.400 to 48.401, and the two papers and dissertation in the year next following. The dissertation must be presented by 1 November in the second year of the course provided this period may be extended to 28 February of the following year with the permission of the Head of Department and provided further that the time may be extended by the Senate in special cases.
(6) Economics

Prerequisites: Eight papers in the subject of Economics including three Stage III papers.

Requirements: Six papers; or four papers and a thesis (13.601) which counts as two papers; or five papers and a research essay (13.603) which counts as one paper.

The papers shall be selected from 13.400 to 13.415.

A candidate presenting five papers and a research essay or six papers shall either present all papers and the research essay in the same year or, having presented four papers in the first year, present the remaining two papers or the one paper and research essay in the year next following.

(7) Education

Prerequisites: Eight papers in the subject Education including three Stage III papers.

Requirements: (i) Four papers and a thesis (14.601) which counts as three papers. The papers shall be selected from 14.400 to 14.421.

OR (ii) Four papers and a folio of casework (14.606) in the area of guidance and counselling with associated seminars counting three papers. The four papers shall include 14.405, 14.410 and two other papers approved by the Head of Department. No more than twelve students chosen on academic criteria and personal qualities may in any one year be permitted to prepare a folio of casework in guidance and counselling. Those not so chosen may complete this Degree by presenting a thesis.

OR (iii) Four papers and a folio of casework (14.607) in the area of reading problems with associated seminars counting three papers. The four papers include 14.407, 14.412 and two other papers approved by the Head of Department. No more than six students chosen on academic criteria and personal qualities may in any one year be permitted to prepare a folio of casework and attend a seminar course on Achieving Change in Low Reading Performance. Those not so chosen may complete this Degree by presenting a thesis.

OR (iv) Five papers and a thesis (14.611) which counts as two papers.

OR (v) Six papers and a dissertation (14.604) which counts as one paper.

In exceptional circumstances the Head of Department may permit a candidate who has attempted a thesis or a dissertation or a folio of casework to complete the MA as

(vi) Seven papers.

A candidate may, with the consent of the Head of Department, be permitted to present three papers or two papers in the first year and remaining papers in the year next following.

Note: In considering applications to attempt two or three papers only in the first year, the Head of Department may take into account the extent of a student’s employment or other responsibilities outside the University.

(8) English

Prerequisites: (i) Two approved papers in a language other than English (normally two Stage I papers of a European language or two approved language papers from Maori Studies) and

(ii) Eight papers in English including 3 papers at Stage III chosen in accordance with the corequisites.

Requirements: Seven papers; or five papers and a thesis (18.601) which counts as two papers; or six papers and a dissertation (18.604) which counts as one paper.

A candidate presenting

(a) Seven papers or
(b) Six papers and a dissertation shall present all papers or all papers and the dissertation in the same year or, having presented four papers in the first year, present the remaining three papers or two papers and dissertation in the year next following. Other combinations may be presented only with permission of the Head of Department, provided that no candidate may present fewer than three papers in the first year. The papers shall be selected from 18.400 to 18.407, 18.409 to 18.422, 18.424 to 18.428 and from (but shall include not more than one of) the Stage III English papers for the Degree of Bachelor of Arts.

(9) French

Prerequisites: Eight papers in the subject French including three Stage III papers.

Requirements: Seven papers; or four papers and a thesis (34.601) which counts as three papers.

Paper 34.400 and either six or three papers selected from 34.401 to 34.423. Paper 34.421 may only be taken with the permission of the Head of Department.

A candidate presenting seven papers shall either present all papers in the same year or having presented four papers, one of which shall be paper 34.400, in the first year, shall present, with the approval of the Head of the Department, his thesis or the remaining three papers in the year next following. Other combinations may be presented only with permission of the Head of Department, provided that no candidate may present fewer than three papers in the first year.
(10) Geography
Prerequisites: Eight papers in the subject Geography including three Stage III papers.
Requirements: Four papers and a thesis (20.601) which counts as three papers. A candidate shall present four papers in the first year, and the thesis in the following year. In exceptional circumstances a candidate may, with the consent of the Head of Department, be permitted to present the papers in two consecutive years with at least two papers in the first year, the thesis then being submitted in the third year. Papers shall be selected from 20.400 to 20.442.

(11) German
Prerequisites: Eight papers in the subject German including three Stage III papers.
Requirements: Seven papers; or, with the approval of the Head of Department, five papers and a thesis (22.601) which shall count as two papers. Paper 22.400 and six papers selected from 22.401 to 22.440. A candidate presenting seven papers shall either present all papers in the same year or, having presented four papers in the first year, shall present the remaining three papers, or the thesis and one paper, in the year next following. Those students taking their MA over two years in this Department may present all papers at the end of their second year, if they have within their first year been officially admitted to a university of a German-speaking country to pursue a course of bona-fide study for no longer than six months.

(12) Greek
Prerequisites: Eight papers in the subject Greek including three Stage III papers.
Requirements: Six papers, comprising 10.400 and 10.401 and four papers selected from 10.402 to 10.408. By special permission of the Head of Department a student may be allowed to substitute another paper for 10.401. The choice of papers is subject to the approval of the Head of Department. A candidate in full time employment, or with other demanding responsibilities may be permitted by the Head of Department to spread the papers over two years, provided that at least three papers are taken in the first year. Normally three papers will be taken in each year.

(13) History
Prerequisites: Eight papers in the subjects History or Asian History or both including three Stage III papers.
Requirements: Five papers and a research essay (24.603) which shall count as one paper; or four papers and a thesis (24.601) which shall count as two papers. The papers shall be selected from 24.400 to 24.423. A candidate presenting a research essay may attempt the five papers and present the essay in one year, or attempt four papers in the first year and present the remaining paper and research essay in the second year, or with the permission of the Head of Department attempt three papers in the first year and present the remaining two papers and research essay in the second year. A candidate presenting a thesis must attempt four papers in the first year.

(14) Indonesian
Prerequisites: Eight papers in the subject Indonesian including three papers at Stage III or Masters level.
Requirements: Six papers and a dissertation (80.604) which counts as one paper. Papers 80.400, 80.401, 80.402 and three papers selected from 80.403 to 80.409. A candidate may present the six papers and a dissertation in the same year or four papers in the first year and the two papers and the dissertation in the year next following. The dissertation must be presented by 1 November in the second year of the course provided that this period may be extended to 28 February of the following year with permission of the Head of Department and provided further that the time may be extended by the Senate in special cases.

(15) Italian
Prerequisites: Eight papers in the subject Italian including three Stage III papers.
Requirements: Seven papers; or four papers and a thesis (35.601) which counts as three papers. Paper 35.400 and paper 35.403 and either five or two papers selected from 35.401 to 35.424. A candidate presenting seven papers shall either present all papers in the same year, or having presented four papers one of which shall be paper 35.400 in the first year, shall present with the approval of the Head of the Department the thesis or the remaining three papers in the year next following.

1985 Calendar
(16) Japanese

Prerequisites: Eight papers in the subject Japanese including three Stage III papers.

Requirements: Six papers and a dissertation (81.604) which counts as one paper.

Papers 81.400, 81.401 and four papers selected from 81.402 to 81.409.

A candidate may present the six papers and a dissertation in the same year or four papers in the first year including 81.400, 81.401 and the two papers and the dissertation in the next year following.

The dissertation must be presented by 1 November in the second year of the course provided that this period may be extended to 28 February of the following year with permission of the Head of the Department and provided further that the time may be extended by the Senate in special cases.

(17) Languages and Literature

Prerequisites: For the specific prerequisites for the individual courses a candidate is referred to the individual subjects making up a combined Languages and Literature course.

Requirements: Seven papers in any two of the subjects (i) to (viii); three papers to be taken from each language chosen and the seventh paper to be taken from either language chosen to be approved by the Head of the Department concerned.

(i) English
Two papers selected from 18.400 to 18.403 inclusive and one or two other papers from 18.404 to 18.407, 18.409 to 18.422 and 18.424 to 18.428. This selection of papers may be varied by permission of the Heads of the Departments concerned.

(ii) Greek
Paper 10.400, and two or three from 10.401 to 10.408.

(iii) Latin

(iv) French
Paper 34.400 and two or three from 34.401 to 34.423.

(v) German
Three or four papers from 22.400 to 22.440.

(vi) Italian
Paper 35.400 and two or three from 35.401 to 35.420.

(vii) Russian
Paper 43.410 and two or three from 43.411 to 43.425.

(viii) Spanish
Paper 45.400 and two or three from 45.401 to 45.603.

A candidate presenting seven papers shall either present all papers in the first year or, having presented four papers in the first year, present three papers in the year next following.

(18) Latin

Prerequisites: Eight papers in the subject Latin including three Stage III papers, together with Greek 10.100, 10.101 or approved alternatives.

Requirements: Six papers comprising 09.400 and 09.401 and four other papers selected from 09.402 to 09.407. By special permission of the Head of Department a student may be allowed to substitute another paper for 09.401. The choice of papers is subject to the approval of the Head of Department.

A candidate in full time employment or with other demanding responsibilities may be permitted by the Head of Department to spread the papers over two years, provided that at least three papers are taken in the first year. Normally three papers will be taken in each year.

(19) Linguistics

Prerequisites: Either eight papers in the subject Linguistics including three papers at Stage III level, or, with the permission of the Senate on the recommendation of the Head of Department, five papers in the subject Linguistics and three papers at Stage III level in the subject Maori Studies or in a language subject other than English.

Requirements: Four papers and a thesis (83.601) which shall count as three papers. The papers shall be selected from papers 83.400 to 83.404, 83.300 to 83.310 except that not more than two papers may be selected from 83.300 to 83.310.

A candidate shall present four papers in the first year.
A candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of Department to present two papers in the first year and two papers in the following year.

(20) Maori Studies
Prerequisites: Eight papers in the subject Maori Studies including three papers at Stage III level.
Requirements: Four papers and a thesis (04.601) which shall count as three papers. The papers shall be selected from papers 04.400 to 04.402 and 04.302 to 04.311 with not more than two papers being selected from 04.302 to 04.311.
A candidate shall present four papers in the first year.
A candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of Department to present two papers in the first year and two papers in the following year.

(21) Mathematics
Prerequisites: Mathematics 220 or 221, 240 or 241, at least one of 260, 280, 281, plus twenty 300 or 400 level credits approved by the Head of the Mathematics and Statistics Department.
Of those twenty credits at least 16 shall be from courses in Mathematics and Computer Science, except that in special circumstances the Head of Department may approve a minimum of 12 such credits from Mathematics and Computer Science.
Requirements: Papers totalling 20 credits and a thesis (26.601) which will count as 16 credits or papers totalling 20 credits and an advanced course of study (26.605) which will count as 16 credits.
A selection approved by the Head of the Department of Mathematics and Statistics of papers from Mathematics 400 to 499 and Computer Science 490 to 499 with total value as shown in the Prescriptions of 20 credits together with a thesis or an advanced course of study, provided that up to four of these credits may be replaced by four stage three credits from papers in Mathematics and Computer Science not already taken for any degree or Diploma.

(22) Music
Prerequisites: Eight papers in the subject Music including 28.309, at least one of 28.202, 28.210 and 28.211 and at least one of 28.303 to 28.308; where necessary a candidate will be required to satisfy the Head of the Department of his or her proficiency as a performer, or the ability to read an approved language other than English, or both.

(23) Philosophy
Prerequisites: Either:
Or: Eight papers including 29.101 and 29.306 and three other Stage III papers in the subject Philosophy.
Requirements: Seven papers; or four papers and a thesis (29.601) which shall count as three papers. One and only one paper may be selected from those at Philosophy III (29.300 to 29.308) which the student has not previously passed. All other papers must be selected from 29.400 to 29.420. A candidate shall present either all papers in the same year or, having presented four papers in the first year, either present the remaining three papers in the year following or, with the approval of the Head of Department, a thesis.
The Head of Department may, in special circumstances (e.g. if the student is part time), approve a different sequence of papers over a period of time which accords with Regulation 3, no less than two papers being taken in any one year.

(24) Political Studies
Prerequisites: Eight papers in the subjects Political Studies and Asian Politics including three Stage III papers.
Requirements: Four papers and a thesis (30.601) which shall count as three papers; or six papers and a research essay (30.603) which shall count as one paper; or seven papers.
The papers shall be selected from 30.400 to 30.414.
Each candidate shall present four papers in the first year and the remainder in the year next following, except that, with the consent of the Head of Department, the candidate may present three papers in the first year and the remainder in the year next following or, in special circumstances, four papers in the first year, two in the second year and the remainder in the third.
A candidate presenting a research essay must submit it at the end of the second term in the year of presentation.

(25) Psychology
Prerequisites: Eight papers in the subject Psychology including three Stage III papers.
Requirements: Seven papers, or four papers and a thesis (32.601) which shall count as three papers. The papers shall be selected from 32.401 to 32.421. Except with special permission of the Head of Department, a candidate may enrol for a thesis subsequent to the first year of enrolment for this Degree only if he obtains an average grade of at least B- in the four papers.
A candidate shall present 4 papers in the first year and if taking 7 papers present the remaining papers in the following year. A candidate who is engaged in full-time employment or with other demanding responsibilities may be permitted by the Head of Department to present 3 papers or in special circumstances, 2 papers in the first year; and if taking 7 papers shall present the papers within three years of first enrolment for the degree.

(26) Russian
Prerequisites: Eight papers in the subject Russian including three Stage III papers (43.310 and two others).
Requirements: Seven papers, or five papers and a thesis (43.601) which shall count as two papers. Papers 43.410 and at least one paper from 43.411 to 43.416 and at least one from 43.418 to 43.425. Paper 43.418 is a requirement for students intending to present a thesis in Russian literature. A candidate presenting seven papers may present four papers in the first year and the remaining three papers in the year next following, or, with the consent of the Head of Department, three papers in the first year and the remaining four in the next following. A candidate presenting a thesis shall present either four or five papers in the first year and the remaining paper (if any) and the thesis in the year next following.

(27) Sociology
Prerequisites: Eight papers in the subject Sociology including 82.312 and two other Stage III papers.
Requirements: Either: Four papers and thesis (82.601) equivalent to three papers;
or: Six papers and a Research Essay (82.603) equivalent to one paper.
Papers to be drawn from 82.400 to 82.417, except that one paper not already taken may be drawn from 82.300 to 82.316.
A candidate shall present four papers in the first year, and the remaining papers in the second year: except that a candidate who is engaged in full-time employment or with other demanding responsibilities may be permitted by the Head of Department to present three papers in the first year, or in special circumstances two papers in the first year, the remaining papers to be completed within the following two years.
The date for the presentation of the Research Paper (82.603) shall be not later than 1 November in the year for which enrolment in this paper is accepted.

(28) Spanish
Prerequisites: Eight papers in the subject Spanish including three Stage III papers.
Requirements: Seven papers or six papers, and a research essay (45.603), or four papers and a thesis (45.601) which counts as three papers.
Paper 45.400 and either six or five or three papers from 45.401 to 45.421. A candidate presenting seven papers shall either present all papers in the same year or, having presented four papers, one of which shall be paper 45.400, in the first year, shall present, with the approval of the Head of Department, the thesis or the remaining three papers in the year next following. Other combinations may be presented only with permission of the Head of Department, provided that no candidate may present fewer than three papers in the first year.
DEPARTMENT OF ANTHROPOLOGY

The Department of Anthropology includes three subjects: Anthropology, Maori Studies and Linguistics.

Some papers in this Department are offered under more than one subject. Such a paper will be listed under the same short title, but with a different code number for each subject. Thus *Introduction to Maori Society* is listed both under Anthropology with the code number 03.102, and Maori Studies, with the code number 04.101. Students will choose the subject under which they wish to take such double-listed papers.

No paper may be credited twice to the same degree.

**Anthropology Stage I Level**

**Social Anthropology Papers**

*03.100 Introduction to Social Anthropology*
Basic anthropological issues and approaches to the study of culture and society.
(1 hour lecture per week, 1 hour tutorial; taught in two streams)

*03.102 Introduction to Maori Society*
Traditional Maori society; the effects of European contact; the contemporary culture. This same paper is offered as Maori Studies 04.101. Students who have already passed 03.211/04.202 or 03.208/04.203 or 03.306/04.302 may not take this paper.
(1 hour lecture, 1 hour tutorial)

**Prehistory paper**

*03.101 Elementary Prehistoric Archaeology and Physical Anthropology*
Biological variation and evolution in human populations; evolution of the human species; evolution of culture up to the emergence of the first cities and the prehistory of the Pacific region.
(1 hour lecture per week and 1 hour tutorial; taught in two streams)

**Anthropology Stage II Level**

Students should note that papers 03.200, 03.201, 03.202, 03.203, 03.204, 03.206, 03.207, 03.208 and 03.209 are pre or corequisite to certain Stage III and MA papers. Papers 03.200, 03.201, 03.202, 03.203, 03.204, 03.206, 03.207, 03.210 and 03.213 are available to a candidate who has not completed the normal prerequisite, provided that he has passed four papers in any subject, or subjects, and takes the normal prerequisites as a corequisite.

**Social Anthropology Papers**

*03.200 Ethnography of Island Polynesia*
A survey of a number of pre-European and contemporary rural Polynesian societies. Prerequisite 03.100 (2 hour lecture, 1 hour fortnightly tutorial)

*03.201 Melanesian Ethnography*
A survey of Melanesian societies, with emphasis on traditional and changing social, economic, political and cultural features, especially on the village level. Prerequisite 03.100 (2 hour lecture/discussion; taught in two streams)

*03.202 Social Organisation*
A survey of various methods for the description and analysis of social organisation. Prerequisite 03.100 (1 hour lecture, 1 hour fortnightly tutorial)

*03.203 Ethos and World View*
Anthropological and critical theoretical approaches to belief systems. Prerequisite 03.100 (1 hour lecture, followed by 1 hour discussion; tutorials as necessary)

*03.210 Ethnic Groups and Inter-ethnic Relationships*
Anthropological approaches to ethnicity. Prerequisite 03.100 (1 hour lecture, followed by 1 hour discussion; tutorials as necessary)

*03.211 Traditional Maori Society*
Some accounts of traditional Maori life. Prerequisites: 03.102 or 04.101 or 24.120 or permission of Head of Department (2 one-hour lectures, 1 tutorial weekly; first half of year only)
The same paper is offered as Maori Studies 04.202.

*03.212 Sociolinguistics*
The study of language in its social context. Prerequisite: 03.100, plus 83.102 as corequisite; or 83.102, plus 03.100 as corequisite The same paper is offered as Linguistics 83.202. (2 hours per week)

*03.213 Development of Ethnography*
A historical survey of various ethnographies and schools of social anthropology. Prerequisite: 03.100 Restriction: 03.300 (1 hour lecture followed by 1 hour discussion)

**Prehistory and Physical Anthropology Papers**

*03.204 Economic Prehistory*
The evolution of human economic systems. Prerequisite: 03.101 (1 hour lecture, 1 hour tutorial fortnightly)
03.206 Origins of Civilisation
The study of the early civilisations of the Near East and a comparative survey of early Chinese, American and other civilisations.
Prerequisite 03.101
(1 hour lecture, 1 hour fortnightly tutorial)

03.207 Human Evolution
The evolution of humankind; the fossil evidence for human evolution as well as comparative data on the other primates and from fields such as behavioural genetics and neurology. One term is spent looking at the evolution of the brain and specifically human behaviours such as language.
Prerequisite 03.101, 03.100
(1 hour lecture, regular 2 hour tutorial/labs arranged)

03.208 The Coming of the Maori
Polynesian origins, initial adaptations to New Zealand, local cultural development, classic Maori society, history to 1840 A.D.
Prerequisite: 03.101, Corequisite: 03.102 or 04.101
The same paper is offered as Maori Studies 04.203.
(1 hour lecture, 1 hour fortnightly tutorial required. Field trips and short practical project)

Ethnomusicology Papers
03.209 Music of the World's Peoples
Corequisites: 28.101, 28.102, 28.103
The same paper is offered as Music 28.214. For prescription see under Music Department.
(1 hour lecture, 1 hour listening)

Anthropology Stage III Level
Students should note that paper 03.308 is a prerequisite to paper 03.401 at MA level

Social Anthropology Papers
*03.300 History of Anthropology
Anthropology and its history of ideas — the theorists, the theories, and their social contexts.
Prerequisite: 03.100. Corequisites: 03.202, or any two of 03.200, 03.201, 03.203, 03.210, 03.211, 04.202
(2 hour lecture/seminar)

*03.301 Kinship and Marriage
A survey of the anthropological literature on kinship and marriage with emphasis on different models of interpretation. Prerequisite 03.100; corequisite 03.202
(2 hour lecture/seminar)

†03.302 Contemporary Problems in Social Anthropology
Selected contemporary issues in social anthropology. Prerequisite 03.202 or 03.203
(2 hour lecture and discussion)

*03.303 Political Anthropology
Prerequisite: 03.100; corequisite 03.202, although students are strongly advised to take 03.202 before enrolling in this paper
(2 hour lecture/seminar)

03.304 Anthropology of Law: Special Topic in Maori Studies
Social history of the Maori Land Court intending to clarify the historical bases of contemporary problems in legal institutions, Maori land and kinship.
Prerequisite: one of 03.202, 03.210, 03.211/04.202, or permission of Head of Department
The same paper is offered as Maori Studies 04.308

*03.305 Special Topic in Melanesia
Prerequisite: 03.100; corequisite 03.201
(2 hour lecture/seminar)

†03.306 Topics in Contemporary Maori Society
A survey of current Maori institutions, social groupings and events.
Prerequisites: 03.211 or Maori Studies 04.202 or permission of Head of Department.
The same paper is offered as Maori Studies 04.302.
(2 hour lecture and discussion)

03.307 Folk Classification
Studies of the ways information about human beings and their environment is ordered in different cultures with particular attention to classifications of animals and plants.
Prerequisite: 03.100 and permission of Head of Department corequisite 03.202, although prior completion of this paper will be to the student's advantage.
(Taught in second half year only; two 2 hour weekly lectures/seminars.)

*03.310 Social Movements
The origins, structure, and ideology of a variety of movements of protest and change.
Prerequisite: 03.100 and permission of Head of Department
(2 hour lecture/seminar)

03.311 Studies in Oral Literature
Various theoretical frameworks and analytical techniques are applied to a body of oral literature from the Pacific.
Prerequisite: 03.202 or 03.203. Recommended 03.200
(2 hour seminar)

*03.312 Ecological Studies in Anthropology
Environmental relations in man-dominated ecosystems.
Prerequisites: 03.202; or 03.100 and permission of Head of Department
(2 hour lecture/seminar)

03.313 Contemporary Polynesia
A survey of recent social, economic and political changes in Fiji and Island Polynesia.
Corequisite 03.200; Prerequisite 03.100; Restriction: 03.329
(2 hour lecture/seminar)

†03.317 Language and Society
The ethnography of communication.
Prerequisites: 03.100, and permission of Head of Department. The same paper is offered as Linguistics 83.308
(2 hour lecture)
03.320 The Anthropology of Agriculture
Ecological and economic aspects of interactions between plants and human subsistence activities in traditional and developing societies, with emphasis on Pacific humid tropics.
Prerequisites: 03.101 and 03.202; or 03.100 and 03.101 and permission of Head of Department
Restrictions: 03.321
(2 hour lecture/seminar)

03.321 Economic Anthropology
Economic institutions in traditional and changing social settings. Melanesian and other Pacific sources will be stressed.
Prerequisites: 03.202, or 03.100 and permission of Head of Department
(2 hour lecture/seminar)

03.322 Urban Anthropology
Prerequisite: 03.202, or 03.100 and permission of Head of Department

03.323 Diachronic Anthropology
Anthropological approaches to the time dimension especially in non-industrial societies.
Prerequisites: 03.202 or 03.200 or 03.201, or 03.100 and permission of Head of Department
(two 2 hour lecture seminars per week; taught in first half year only)

*03.324 Special Topic in Social Anthropology
Prerequisites: three papers in Social Anthropology and permission of Head of Department

03.326 Statistical Methods in Anthropology
Prerequisite: 03.100 or 03.101

†03.328 Special Topic in Social Anthropology
Prerequisite: 03.100 and 03.211/04.202

*03.329 Contemporary South Pacific Societies
Recent cultural, social, economic and political developments in Melanesia, Fiji and Island Polynesia.
Prerequisite: 03.200 or 03.201
Restrictions: 03.305 and 03.313
(2 hour lecture/discussion)

*03.332 Special Topic in Social Anthropology
Prerequisite: 0.3.100 and permission of Head of Department

†03.333 Special Topic in Social Anthropology
Prerequisite: 03.100 and permission of Head of Department

†03.334 Special Topic in Social Anthropology
Prerequisites: 03.100 and permission of Head of Department

†03.335 Special Topic in Social Anthropology
Prerequisites: 03.100 and permission of Head of Department

Prehistory and Physical Anthropology Papers
03.308 History, Theory and Introduction to Method in Archaeology
Prerequisites: 03.101, and either 03.204 or 03.208/04.203 or permission of Head of Department.
Corequisite: 03.100
(2 hour lecture/tutorial, 7 days field work)

03.309 Advanced Physical Anthropology
A choice of topics in advanced physical anthropology that allows a consideration of the relevance of information from the study of human biology to the understanding of our species. Primate sexuality, behaviour and social structure are examined comparatively and in an evolutionary framework.
Corequisite: 03.207 (or permission of the Head of Department given appropriate science papers).
(2 hour lecture/seminar, regular tutorial/labs arranged)

*03.314 Problems in Asian Prehistory and Physical Anthropology
Prerequisite: 03.101
Corequisite: either 03.204 or 03.206 or 03.208/04.203
(2 hour lecture/seminar)

03.315 Regional Prehistory: Oceania
Archaeology, prehistory, historical linguistics, settlement pattern, and ethnohistory of a region.
Prerequisite: 03.101
Corequisite: 03.208, or 04.203
(2 hour lecture/tutorial)

*03.316 Regional Prehistory
Prerequisites: 03.101
Corequisites: one of 03.204, 03.206, 03.207, 03.208/04.203
(2 hour lecture/seminar weekly)

03.319 Roman History
Britain from the Iron Age to the Anglo Saxons (c. AD 800).
Prerequisites: 12.103 and 03.101, or permission of the Head of Department (1 hour lecture twice weekly)
The same paper is offered as Ancient History 12.303.
For prescription, see under Ancient History III.
(Students taking this paper for Anthropology do not have to take language option).

†03.325 Experimental and Ethnographic Archaeology
Prerequisites: 03.204 or 03.206 or 03.208/04.203
(2 hour lecture/seminar)

03.326 Statistical Methods in Anthropology
Statistical concepts and methods with emphasis on analysis of anthropological data. The course stresses application of quantitative methodology in anthropological research, especially archaeology, but also linguistics and social/cultural and biological anthropology. Prerequisites: 03.100 or 03.101.
(2 hour lecture, regular tutorials arranged).
03.327 Special Topic in Physical Anthropology
For 1985: Human Osteology for the Archaeologist
Corequisites: 03.207 or permission of Head of Department given appropriate science papers
(1 hour lecture/seminar; 2 hours practical work per week)

*03.330 Special Topic in Archaeology
Prerequisite: 03.101
Corequisites: 03.204 or 03.206 or 03.208/04.203
(2 hour lecture/tutorial; some lab work required)

03.331 Archaeological Resource Management
Prerequisite: 03.101
Corequisites 03.204 or 03.206 or 03.208/04.203
(2 hour lecture/seminar; 5 days field work. Taught in terms II, III but readings will be prescribed for Term I)

Ethnomusicology

03.318 Music of Oceania
Prerequisite: 03.209, Corequisite: 28.209
(Music Department corequisites for 28.209 are waived for students of 03.318)
(2 hour lecture)
The same paper is offered as Music 28.314. For prescription see under Music Department.

Anthropology for MA and Honours
The course of study of every student must be approved by the Head of Department. A candidate may present either seven papers, or four papers and a thesis (03.601) counting as three papers.
Students wishing to regard their degree as a qualification in social anthropology are required to take no fewer than three 03.400 level papers, other than "Special Topic" papers, in this subdiscipline, and when their course consists entirely of papers, to take no fewer than four such papers. Students wishing to regard their degree as a qualification in prehistory or physical anthropology are required to take 03.401 or 03.412 and at least one other paper in Anthropology at 03.400 level, and, where their course consists entirely of papers, are required to take 03.409.
Full-time students are, except with the special permission of Senate, required to present four papers in their first year of enrolment and either three papers or a thesis in their second year. Part-time students who are engaged in full-time employment or with other demanding responsibilities, may be permitted by the Head of Department to present three papers in the first year or in special circumstances two papers in the first year; and if taking seven papers shall present all papers within three years of first enrolment for the degree.
Students presenting theses who are candidates for scholarships and prizes will be required to meet appropriate deadlines determined by their supervisors and Head of Department.

Social Anthropology Papers

03.400 Advanced Theory in Social Anthropology
A study of several contemporary theoretical works which focus upon central issues in anthropology or attempt to undertake a critical re-assessment of basic premises.
Prerequisites: at least two papers from 03.300–03.307, 03.310–03.313, 03.317, 03.320–03.323, 03.328–03.329, 03.332
(2 hour seminar)

03.402 Advanced Topic in the Social Anthropology of Polynesia
Recent studies of Polynesian culture are examined and past studies re-examined from a comparative and structural/historical perspective.
Prerequisites: as for 03.400
(2 hour seminar)

03.404 Ritual and Symbolism
Anthropological interpretations of religion, ritual and systems of belief.
Prerequisites: as for 03.400
(2 hour seminar)

03.405 Ethnohistory
A critical discussion of theories of history working toward the definition of a Pacific history from a Pacific Island point of view.
(2 hour lecture/seminar)

03.406 Ethical Problems in Social Research
An examination of questions of responsibility, relevance, and the place of values in the conduct of social research.
(2 hour lecture/seminar)

03.411 Special Topic in Social Anthropology
Topic to be announced.

03.413 Special Topic in Social Anthropology
Topic to be announced.

03.414 Field Methods in Social Anthropology

03.415 Research topic in Social Anthropology
Corequisites: at least two 03.400 level papers in social anthropology excluding those labelled "Special Topic". This paper is not available to students who are intending to enrol for a thesis (03.601), except with special permission of Head of Department.

03.417 Classification in its Social Context
Recent developments in the study of folk classification.

03.419 Topic in Social Anthropology
For 1985: Special topics selected in consultation with appropriate staff according to field of research.
(2 hour lecture/seminar)

03.420 Topic in Social Anthropology
Critical literary theory and ethnographic writing. Historical examples in the development of the modern ethnographic genre.

1985 Calendar
Prehistory and Physical Anthropology Papers

03.401 Archaeological Method
Laboratory techniques, field survey and excavation. Prerequisite 03.308 (or permission of Head of Department). Previous field-work is also required for enrolment in this paper.
(3 hour lecture and laboratory; 4 weeks field-work)

03.403 Prehistoric Ecology and Economics
A study of concepts and the archaeological evidence. A current or previous enrolment in 03.308 is strongly advised.
(2 hour lecture or seminar)

03.409 Research Topic in Physical Anthropology and/or Archaeology
Research problems in archaeology and/or physical anthropology such as computer applications and other special topics selected in consultation with staff. The paper requires either a series of research essays, or one major essay in the form of a short (40-50 pp.) research paper. Required of students who wish to regard their degree as a qualification in physical anthropology or prehistory and whose course consists entirely of papers. Also available to students doing a thesis degree, but not in the form of a single research essay.

03.412 Method and Theory in Physical Anthropology
A study of concepts and laboratory methods used in modern Physical Anthropology. Prerequisite 03.309 (or permission of Head of Department given appropriate Science papers)
(2 hour lecture and laboratory)

03.416 Special Topic in Archaeology or Physical Anthropology
For 1985: Special topics selected in consultation with appropriate staff according to field of research.

03.418 Special Topic in Archaeology
For 1985: Research Design and Methodology. The course is designed to introduce students to procedures used in the definition of research problem, development and implementation of research design and the presentation of results. Recommended for those intending to write MA Theses. Prerequisite: Any Stage III paper in Prehistory, Physical Anthropology or Maori Studies, or permission of Head of Department.
(2 hour lecture/seminar)

Ethnomusicology

03.410 Advanced Theory and Method in Ethnomusicology
The same paper is offered as Music 28.414. For prescriptions see under Music Department.
Corequisite 03.318
(1 hour lecture)

03.601 Thesis

MAORI STUDIES

Full details concerning Maori Studies papers are contained in Courses in Maori Studies for 1985 available from Maori Studies secretary.

Students who are beginning their study of Maori language should take 04.100 and 04.104 concurrently. Native speakers of Maori and those who have passed UE Maori are not permitted to take 04.104 which is intended for beginning students of the language. Such students should obtain the Head of Department's permission to enrol for higher level papers.

Maori Studies Stage I Level

04.100 Introduction to the Structure of Maori Language
04.101 Introduction to Maori Society
Traditional Maori society; the effects of European contact; the contemporary culture.
The same paper is offered as Anthropology 03.102.

04.104 Introduction to Spoken and Written Maori

Maori Studies Stage II Level

Students should note that 04.204 and 04.205 are designed to be taken together and should be enrolled in concurrently.

04.202 Traditional Maori Society
Some accounts of traditional Maori life.
Note: The same paper is offered as Anthropology 03.211.

04.203 The Coming of the Maori
Polynesian origins, initial adaptation to New Zealand, local cultural development, classic Maori society, history 1840 AD.
The same paper is offered as Anthropology 03.208.

04.204 Second Year Maori Language: Structure and Prescribed Texts

04.205 Second Year Maori Language: Oral and Written Skills

04.206 A Topic in Maori Material Culture
For 1985: Maori weaving and plaitwork. Ngaa mahi o te whare pora.

Maori Studies Stage III Level

The language papers 04.306 and 04.307 are designed to be taken together and students should enrol in them concurrently.

04.302 Topics in Contemporary Maori Society
A survey of current Maori institutions, social groupings and events.
Note: The same paper is offered as Anthropology 03.306.

1985 Calendar
04.303 Maori Oratory: Whaiakoerero and other Non-Casual Speech Forms

04.304 Maori Poetry and Song
A study of selected traditional song texts, their musical and literary form, and the traditional circumstances of their composition.

04.305 Languages of Polynesia
A comparative-historical survey. The same paper is offered as Linguistics 83.303.

04.306 Third Year Maori Language: Structure and Prescribed Texts

04.307 Third Year Maori Language: Oral and Written Skills

04.308 Special Topic in Maori Studies
Social history of the Maori Land Court intending to clarify the historical bases of contemporary problems in legal institutions, Maori land, and kinship. The same paper is offered as Anthropology 03.304.

04.309 Special Topic in Maori Studies

04.310 Special Topic in Maori Studies

04.311 Special Topic in Maori Studies

Maori Studies for MA and Honours
The course of study of every student must be approved by the Head of Department. A candidate must present four papers and a thesis (04.601) counting as three papers. Up to two papers listed under Stage III level Maori Studies, if not credited for a BA degree, may be offered as papers for MA.

04.400 A Topic in Maori language

04.401 A Topic in Maori Literature

04.402 A Topic in Maori Culture and Society

04.601 Thesis

LINGUISTICS
Fuller details concerning Linguistics papers are contained in Courses in Linguistics for 1985 available from Linguistics secretary.

Linguistics Stage I Level
83.102 Introduction to Descriptive Linguistics
The structure of human languages. Methods of analysis and formal description.

83.103 Introduction to Historical and Comparative Linguistics
The study of language change and historical relationships among languages.

Linguistics Stage II Level
83.202 Sociolinguistics
The study of language in its social context. The same paper is taught as Anthropology 03.212.

83.203 Phonology
Phonological and phonetic theory. The study of sound systems. Problems of analysis.

83.204 Grammatical Analysis
Grammatical theory. Types of grammatical systems. Descriptive problems in morphology and syntax.

Linguistics Stage III Level
83.300 Recent Trends in Grammar
83.301 Special Topic in Linguistics
Semantics. The same paper is offered as Philosophy 29.210.

83.302 Oceanic Comparative Linguistics
83.303 Languages of Polynesia
A comparative-historical survey. The same paper is offered as Maori Studies 04.305

83.304 Theory of The Lexicon

83.305 Linguistic Analysis of Literature
For prescription see under English 18.303

83.306 Philosophy of Language
For prescription see under Philosophy 29.202.

83.307 Phonology and New Zealand Speech
For prescription see under English 18.304.

83.308, Language and Society
The same paper is offered as Anthropology 03.317

83.309 Field Methods
Practical work with a native speaker of an unfamiliar language. Phonological and grammatical description of the informant's language.

83.310 Special Topic in Linguistics

Linguistics for MA and Honours
The course of study of every student must be approved by the Head of Department. A candidate must present four papers and a thesis (83.601) counting as three papers.
A candidate who has passed three papers at Stage III level in the subject Maori Studies or in a language subject other than English and five papers in Linguistics may proceed to MA in Linguistics with the permission of Senate upon recommendation of the Head of Department.
Up to two papers listed under Stage III Linguistics, if not credited for a BA degree, may be offered as papers for MA.

83.400 A Topic in Descriptive Linguistics

83.401 A Topic in Descriptive Linguistics

83.402 A Topic in Sociolinguistics

83.403 A Topic in Comparative Linguistics

83.404 Special Topic in Linguistics
Recent developments in the study of Maori and Polynesian grammar.
**83.601 Thesis**

*This paper will not be taught during the current Calendar year

†This paper will not be taught during the current Calendar year unless sufficient staff is available

---

**DEPARTMENT OF ART HISTORY**

For Art History prescriptions for BA, BFA, MFA see Faculty of Fine Arts, Degree Prescriptions.

**Art History for MA and Honours**

(Four papers and a thesis (19.601) which counts as three papers), or seven papers.

*Either:

(a) Four papers from 19.400 to 19.410,

or

(b) Three papers from 19.400 to 19.410 and one paper from the options prescribed for Stage III Art History.

**19.400 Topics in 17th Century Drawing**

**19.401 Topics in Australian and New Zealand Art (Advanced)**

*19.402 Special Topic in Western Art before 1600, to be prescribed by the Head of Department

*19.403 Watteau and his Sources and Influences

19.404 Film Studies

19.405 Nicolas Poussin and 17th Century Classicism

Note: A candidate who has been credited with a pass in paper 19.303 may not take this paper.

19.406 Art Historiography

*19.407 A Topic in Mediaeval Art

19.408 A Topic in 19th Century Art

19.409 Topics in the Theory of Modern Art

19.410 Topics in 19th and 20th Century Sculpture

The thesis (19.601) shall not exceed 30,000 words, and two copies must be handed in to the Registrar, not later than 1 November.

The subjects for the thesis shall be chosen in consultation with the Head of the Department.

Book lists will be distributed at the beginning of the year.

*This paper will not be taught during the current Calendar year

†This paper will not be taught during the current Calendar year unless sufficient staff is available

---

**DEPARTMENT OF ASIAN LANGUAGES AND LITERATURES**

**Chinese I**

A detailed guide to Chinese studies at Auckland is available from the Department of Asian Languages. Students are invited to refer to this or to consult members of staff before enrolment.

Papers 48.100 and 48.101 are linked corequisites, and entail six hours of teaching per week. A candidate's final result will be determined over the two papers.

**48.100 and 48.101 Language Acquisition A and B**

A beginner's course in the written and oral use of modern Chinese, tested in some or all of the following ways: translation into and from Chinese, reading and comprehension, re-arrangement of words and phrases, sentence-making and conversation.

**48.102 Introduction to Chinese Thought**

A survey in English translation of traditional Chinese philosophical and religious literature (Confucian, Taoist, Buddhist, etc.) and of the ideas which have helped shape Chinese culture. This paper is open to all interested students, whether or not they are taking Chinese language papers.

**48.103 Chinese Literature in translation**

A survey of the major works of Chinese literature both traditional and modern. Representative texts will be studied in English translation. This paper is open to students whether or not they are taking Chinese language papers.

**Chinese II**

Papers 48.200, 48.201 and 48.202 are linked corequisites, and entail seven hours of teaching a week. A candidate's final result will be determined over the three papers.

**48.200 Language Acquisition**

Advanced written and oral use of modern Chinese, tested in some or all of the following ways: translation into and from Chinese, conversation, dictation, reading, comprehension, comments on grammar.

**48.201 Introduction to Twentieth Century Chinese Literature**

A survey of the major developments in modern Chinese literature, together with readings of selected passages from the works of representative authors.

**48.202 Introduction to Classical Chinese Language and Literature**

**48.203 Major Schools of Chinese Thought**

A study of the major schools of Chinese thought. Texts in English translation representative of Confucianism, Mohism, Taoism, Legalism, Chinese Buddhism and Neo-Confucianism will be analysed and discussed. This paper is open to students whether or not they are taking Chinese language papers. This course will normally be offered in alternate years.

**Chinese III**

Papers 48.300, 48.301 and 48.302 are linked corequisites, and entail seven hours of teaching a week. A candidate's final result will be determined over the three papers.

1985 Calendar
With the approval of the Head of Department certain papers prescribed for Chinese MA and Honours may be selected as additional Stage III level papers.

48.300 Language Acquisition
48.301 Readings in Twentieth Century Chinese Literature
48.302 Readings in Classical Chinese Literature

**Chinese for MA and Honours**

Six papers (which must include 48.400 and 48.401) and a dissertation (48.604) of 10,000 words or more on a selected topic for which Chinese sources will be used. Students intending to enrol for MA should consult the Head of Department towards the end of the previous year to discuss the availability of papers and obtain advice on vacation reading. Students are strongly advised to take papers 48.102 and 48.103 as part of their BA Degree.

48.400 Translation at Sight into Chinese and Free Composition
48.401 Translation at Sight from Modern and Classical Chinese together with Questions on Chinese Bibliography

8.402 Chinese Prose Literature of the Tang and Song Dynasties
8.403 Introduction to Chinese Historiography and Translation of Historical Texts
8.405 Chinese Poetry of the Tang and Song Dynasties
8.406 Readings in the Confucian and Taoist Classics
8.411 The Novel in Imperial China
8.412 Modern Chinese Fiction, with Special Reference to Lu Xun and Mao Dun
8.413 Traditional Chinese Drama, with Special Reference to the Xixiang Ji
8.414 Modern Chinese Drama, with Special Reference to the Plays of Cao Yu
8.415 A study of Newspaper and other Non-literary Forms of Modern Chinese
8.416 An approved Topic
8.417 A Special Topic in Chinese Poetry
8.418 Readings in Contemporary Chinese Literature

Every candidate will be required to pass an examination in the oral use of the language. In determining the class of Honours, the candidate's performance in the written papers, the dissertation, the oral examination and in coursework will be taken into consideration. The attention of students who intend to enrol for MA is drawn to Regulation 6 of the General Provisions for the Degree of Master of Arts.

**Note:** There is no guarantee that all the papers listed above will be available in any one year.

**INDONESIAN**

**Indonesian I**

Papers 80.100 and 80.101 are linked corequisites and entail six hours of teaching per week plus language labs. No previous knowledge of Indonesian is required.

80.100 and 80.101 Modern spoken Indonesian 1 and 2

Formal and informal spoken Indonesian with an introduction to written styles.

**80.103 Indonesian literatures and civilizations**

A survey of social, religious and intellectual forces which have contributed to the formation of Indonesian literatures. This paper is available to students whether or not they are taking Indonesian language papers.

This paper will be offered in alternate years (from 1986)

80.104 Islam in Indonesia

This course will trace the origins of Islam in the Middle East and its subsequent development in India and Island South-East Asia. The fundamental doctrines of the Muslim tradition will be examined and specific attention given to its contribution to the character of Indonesian society and its literature. This paper is available to all students whether or not they are taking Indonesian papers.

This paper will be offered in alternate years (commencing in 1985)

**Indonesian II**

Papers 80.200, 80.201 and 80.202 are linked corequisites. A candidate's result in the final examination will be determined over three papers. Students may take 80.203 as an additional paper.

80.200 Advanced spoken Indonesian

Language acquisition: oral and written use of Indonesian/Malay.

80.201 Twentieth century Indonesian/Malay fiction
80.202 Twentieth century Indonesian/Malay poetry
80.203 The theatre in Indonesia: a study of Indonesian regional and national drama

**Indonesian III**

Papers 80.300, 80.301, and 80.302 are linked corequisites. A candidate's result in the final examination will be determined over three papers. With the approval of the Head of Department certain papers prescribed for Indonesian MA and Honours may be selected as additional Stage III papers.

80.300 Translation at sight of passages of Indonesian non-literary prose and translation at sight into Indonesian
80.301 Introduction to Classical Malay language and literature
80.302 Modern Indonesian/Malay literature
80.306 An Approved Special Topic
80.307 Introduction to Javanese language and literature

Indonesian for MA and Honours
Students intending to enrol for MA must consult the Head of the Department towards the end of the previous year to discuss optional papers and to obtain advice on vacation reading.

Twelve hours per week of lectures and tutorials (Six papers comprising 80.400, 80.401, and 80.402 and three others, together with a dissertation (80.604) of 10,000 words or more on a selected topic for which Indonesian sources will be used.)

80.400 Translation at sight from and into Indonesian and free composition
80.401 A study of modern Indonesian/Malay literature with special reference to the problems of literary criticism
80.402 A study of selected classical Malay texts
80.404 An introduction to textual criticism with special reference to classical Malay
80.405 Muslim mysticism in classical Malay literature
80.406 An introduction to the structural analysis of Indonesian/Malay
80.407 A study of another Indonesian language
80.409 An approved special topic

Every candidate will be required to pass an examination on the oral use of the language.

In determining the class of Honours, the candidate's performance in the written papers, the dissertation, the oral examination and in course work will be taken into consideration.

The attention of students who intend to enrol for MA is drawn to regulation 6 of the General Provisions for the Degree of Master of Arts.

Note: There is no guarantee that all the papers listed above will be available in any one year.

JAPANESE

Japanese I

Many students enrolling for Japanese I have studied Japanese previously at school. They will receive six hours of teaching per week. Students enrolling without previous knowledge of the subject may receive a total of seven hours of teaching per week.

A candidate's result in the final examination will be determined over 2 papers and an oral test. Papers 81.100 and 81.101 are linked.

81.100 and 81.101 Introduction to the Japanese Language A and B
Basic spoken and written Japanese. Candidates will be examined on the prescribed textbooks.

81.102 Japanese Literature in Translation
A survey of Japanese literature in English translation from earliest times to the modern period. Paper 81.102 is open to any interested student, whether or not he or she is studying Japanese language.

*81.103 Introduction to Japanese Thought and Culture
A survey of Japanese intellectual and cultural traditions from earliest times. This paper will normally be offered every second year alternating with paper 81.102. It is open to all interested students whether or not they are taking Japanese language papers.

Japanese II
Six hours of teaching in modern Japanese per week. Papers 81.200, 81.201, and 81.202 are linked.

A candidate's result in the final examination will be determined over three papers.

81.200 Translation at Sight from and into Japanese
81.201 Intermediate Japanese
This paper will be a continuation of 81.101. Candidates will be examined on the prescribed textbooks.

81.202 Language Acquisition: Modern Japanese
Written and oral use of Modern Japanese tested in some or all of the following ways: translation, composition, comprehension, conversation, dictation, reading, and grammar.

Japanese III
Either six or eight hours of teaching in Japanese per week.

Candidates must take either 81.300, 81.301 and 81.302 or 81.300, 81.301 and 81.303. The groups of papers are linked. A candidate's result in the final examination will be determined over three papers. 81.300, 81.301 and 81.302 are prerequisites for the MA degree. Students may take 81.303 as a fourth paper in addition to 81.300, 81.301 and 81.302. As a fourth paper 81.303 must be passed with a minimum mark of 50%.

81.300 Translation at Sight from and into Japanese
81.301 Translation of and Comments on Prescribed Modern Texts
81.302 Translation of and Comments on Prescribed Classical Texts together with Questions on the History of Japanese Literature
81.303 Modern Japanese
Written and oral use of Japanese utilising selected non-literary texts. The texts will be based upon the materials covered.
With the approval of the Head of Department certain papers prescribed for Japanese MA and Honours may be selected as additional Stage III level papers.

Japanese for MA and Honours
Six papers comprising 81.400 and 81.401 and four others, together with a dissertation (81.604) of 10,000 words or more, on a selected topic for which Japanese sources will be used, or an annotated translation of a Japanese text.
Students intending to enrol for MA must consult the Head of the Department towards the end of the previous year to discuss optional papers and to obtain advice on vacation reading.
Prerequisite: Eight papers in Japanese including 81.300, 81.301 and 81.302
Students are strongly advised to take 81.102, 81.103 and 81.302 as part of their BA degree.

81.400 Translation at Sight into Japanese and Free Composition
81.401 Translation at Sight from Modern Japanese Texts together with Questions on Research Materials and Methodology
81.402 Translation of and Comments on Prescribed Modern Prose Literature
81.403 Translation of and Comments on Prescribed Classical Prose
81.404 Translation of and Comments on Selections from Japanese Poetry
81.405 Translation of and Comments on Selections from Japanese Drama
81.406 Special Study of either a Particular Classical Text or Body of Texts, or of a Modern Author
81.407 Translation of and comments on Modern Non-Literary Texts including Selections from Newspapers and Periodicals
81.408 Introduction to Japanese Linguistics
81.409 Advanced Language Acquisition
Advanced oral expression and aural comprehension including techniques associated with formal interpreting.

Every candidate will be required to pass an examination on the oral use of the language. In determining the class of Honours, the candidate’s performance in the written papers, course work including oral skills, the dissertation, the oral examination and in coursework will be taken into consideration. The attention of students who intend to enrol for MA is drawn to Regulation 6 of the General Provisions for the Degree of Master of Arts.
Note: There is no guarantee that all the papers listed above will be available in any one year.

Asian Studies for MA and Honours
Five papers and a thesis (97.601) which counts as two papers; or six papers and a research essay (97.603) which counts as one paper.
In either case candidates shall include three papers selected from those available at Masters level in Chinese, Indonesian or Japanese subject to the approval of the Head of Department. The remaining two or three papers shall, subject to the approval of the Heads of Departments, be selected from the Masters papers in one or two different subjects. At the discretion of the Heads of Departments one Stage III paper may be substituted for one of these Masters papers. In the thesis or research essay, sources in the Asian language being studied will be used.

BIOLOGY: DEPARTMENTS OF BOTANY AND ZOOLOGY
Biology for BA
This is a Stage I course for students who do not plan to take a science degree. The course is intended as a general survey of the biological sciences, with elementary chemistry, physics and mathematics being introduced as necessary. The course cannot be used as a prerequisite for advanced Botany or Zoology. The two courses in the Biology for Arts series are taught in alternate years.

39.111 Unifying Concepts in Biology
Taught during odd numbered years only.
Cell Structure: Energy relationships; photosynthesis and respiration; Molecular Biology; control of synthesis of nucleic acids, proteins and macromolecules; Genetics: mechanisms of inheritance; Physiology.

*39.112 Biological Diversity and Functions
Taught during even numbered years only.

DEPARTMENT OF CLASSICS AND ANCIENT HISTORY
The Department of Classics and Ancient History includes six subjects. Latin, Greek and Ancient History are taught to MA with Honours level, Classical Studies, Biblical History and Literature and Hebrew (when available) at Stage I only. Hebrew II and Biblical History and Literature II will not be available until further notice. Students should note that in the Classics and Ancient History Department most of the language papers at
Stage I and II, and the basic papers at Stage III, are normally linked to other papers and must be taken, and passed, concurrently; the Ancient History papers may all be taken individually by students with the necessary prerequisites and corequisites, but students wishing to advance beyond Stage I should plan their courses carefully in consultation with a member of staff.

An MA with Honours in Latin and Greek (Combined Honours) requires that students pass Latin III and Greek III before enrolling in their MA year. Students planning this course should therefore start Latin and Greek together in their first year. Students who have taken the scholarship papers in Latin or Greek or who are sufficiently advanced in their studies may be enrolled for Stage II papers in place of Stage I papers. Such students should see the Head of Department at the earliest possible date.

One paper in Elementary Latin (09.102) is now available for those students who have not passed U.E. Latin. It is intended that students with no Latin at all should be able to take this course, which is designed to lead on to Latin in a subsequent year, as well as to equip a student with the linguistic knowledge required for reading the documentary source materials needed for Ancient and Medieval History and for Renaissance Studies in many subjects.

Students who intend to advance to MA with Honours in Latin or Greek are strongly advised to enrol for the other as well in their first year. The prerequisites are stated in the MA Degree Course Regulations.

Students who intend to advance to Stage III in Ancient History are required to cope with documents in an ancient language, and must pass a prerequisite paper before enrolling for Stage III. The prerequisite paper for Paper 12.300 and 12.320 is 12.210, for 12.322 and 12.332 is 10.100, for 12.303 is 09.102. Students who wish to take the Greek or Latin options at MA are advised to enrol in Greek or Latin papers in their first year, and do more than the prerequisite minimum. Students who wish to take the Egyptian option must pass paper 12.310 before enrolling for MA, and 12.410 before enrolling for papers 12.520/530. As much of the scholarly work on Ancient History (especially Egyptian and Akkadian subjects) is in foreign languages, students planning to take these options should enrol for German I and French I papers, in their first year preferably. Students should note that Greek III and Latin III may be used as the Stage III prerequisite to Ancient History MA with Honours provided that six Ancient History papers have been passed (see the MA Degree Course Regulations).

Students who intend to take Latin or Greek are advised that Ancient History papers, at least in the field relevant to their language, will be most useful, especially for those advancing beyond Stage I, since outcomes of Roman (Greek) History are now no longer taught within the language courses. Students considering enrolling for any subject in the Department are strongly advised to come and see a member of staff during the pre-enrolment period. External students should consult the Department as early in the year as possible.

Note:
* This paper will not be taught during the current Calendar year.
† This paper will not be taught during the current Calendar year unless sufficient staff is available.

**LATIN**

**Latin I**

(Four hours per week for papers 09.100 and 09.101 which are linked if taken concurrently).

**09.100 Prescribed books**

Books, or groups of works, will be set; candidates will be given passages to translate, and questions will be asked on points of grammar and syntax and on prosody where relevant, and on the content of the books and their literary and historical background and on relevant Roman institutions.

**09.101 Translation and Language**

(i) (50%) Translation at sight from Latin. A passage, or passages of Latin prose or verse or both will be set for Translation from Latin into English.

(ii) (50%) A course on the structure and use of the language. Students will attend a course appropriate to their interest and experience in one of the following alternatives:

(a) Elementary Prose Composition;

(b) Latin Composition: exercises in grammar and syntax;

(c) Linguistic and syntactical analysis of passages of Latin. This option is not available in 1984.

Each course will comprise coursework and a formal examination.

**09.102 Elementary Latin**

(Two hours per week)

This paper is not linked to Latin 09.100 and 09.101 and may not be taken in the same year.

Entry to this course for credit is restricted to those who have not passed U.E. Latin, or an equivalent examination. Others may apply to the Head of Department for permission to take this paper and not 09.100, 09.101.

A pass in the course is intended to enable students to:

(a) read classical documents as required for Paper 12.303

(b) read medieval documents as required for Papers in Medieval History

(c) enrol for Latin Papers 09.100, 09.101 in the following year.
Latin II
(Five hours per week. Papers 09.200, 09.201 and 09.202 are linked)
Prerequisite 09.100, 09.101 unless direct entry is approved

09.200 Prescribed Books
Books, or groups of works, will be set; candidates will be given passages to translate and questions will be asked on points of grammar and syntax and on prosody where relevant, and on the content of the books and their literary and historical background, and on relevant Roman institutions.

09.201 Latin Literature, and unprepared Translation
A passage, or passages, of prose and verse will be set for translation from Latin into English.
Two courses of reading each on a prescribed subject each course will be examined (a) by a coursework essay and (b) by a number of passages for translation and comment in a formal examination.

09.202 Roman History, and use of the language
Passages from the specified History topic for translation and comment in examination and a coursework essay. One of the following:
(a) Prose Composition: Elementary or more advanced;
(b) Latin Composition: exercises in grammar and syntax.
Students will attend the course appropriate to their interest and previous experience. Each course will comprise coursework and a formal examination.
The proportion of the marks awarded on coursework and the detailed requirements will be announced at the beginning of the year.

Latin III
(Six hours per week. Papers 09.300, 09.301 and 09.302 are linked; for the remaining papers see under each paper).
Prerequisites 09.200, 09.201, 09.202.

09.300 Prescribed Books
As for Latin II

09.301 Latin Literature and Unprepared Translation
As for Latin II

09.302 Latin Language, Roman History, and Prose Composition
Passages from the specified History topic for translation and comment in examination and a coursework essay.
History of the Latin Language from earliest times to the Augustan Age.
Composition. A number of passages will be set for translation into Latin. These will include coursework exercises and a final examination.
A higher standard of work will be expected for Latin III in all sections of these papers. The proportion of the marks available which will be allotted to coursework and the detailed requirements will be announced at the beginning of the year.

09.303 Advanced Prose Composition or *Verse Composition
(One hour per week)
Prerequisite: 09.300, 09.301, 09.302 for prose composition. For verse composition, permission of Head of Department
Passages will be set for translation into Latin. A proportion of the marks available will be allotted to coursework.

09.304 A Subject or Subjects in Latin Poetry
(One hour per week). (Restricted entry)
Corequisite: 09.300, 09.301, 09.302
The works (or selections of the works) of an author or authors will be set for translation and comment or criticism. The author(s) will normally be as for paper 09.402 or part of it, and students who offer this paper will not be able to offer 09.402 at MA and Honours level unless there has been a change of syllabus.

09.305 Literary Topic
(One hour per week). (Restricted entry)
Corequisites: as for 09.304
The topic will normally be as for paper 09.402 or 09.406 (or part thereof) and students who offer this paper will not be able to offer that paper at MA and Honours level unless there has been a change of syllabus.

09.306 Latin Language
(One hour per week). (Restricted entry)
Corequisites: as for 09.304
More advanced Latin Language. The syllabus will be as for paper 09.404; students who offer this paper will not be able to offer paper 09.404 at MA and Honours level unless there has been a change of syllabus.

09.307 Roman History
(One hour per week) (Restricted entry)
Corequisites: as for 09.304.
A period of Roman History to be studied with Latin texts. The syllabus will be as for paper 09.405; students who offer this paper will not be able to offer paper 09.405 at MA and Honours level unless there has been a change of syllabus.

09.308 Pax Romana
(Two hours per week) Paper 12.203 restricted
Syllabus as for 12.203.

Note: For papers marked Restricted entry (09.304 — 09.307) permission of the Head of Department is required to enrol; permission will normally be granted if there is an Honours candidate wishing to take the equivalent paper.

Latin for MA and Honours
Honours in Latin (six papers)
Normally candidates must offer papers 09.400, 09.401 and four others, the selection to be approved by the Head of Department. By special permission of
the Head of Department a student may be permitted to substitute another paper for 09.401. Except for paper 09.401 there are no special paper prerequisites, though there are certain restrictions. All intending MA students should consult the Head of Department in the year preceding enrolment, since not all papers will be available every year. Prerequisite: Eight papers in Latin, including 09.300-09.302

Note: All papers may not be available in 1985.

09.400 Unprepared Translation of Latin Prose and Verse

09.401 Prose Composition or Verse Composition
Passages of English Prose or Verse for translation into Latin. Some passages will be assessed as coursework. In a final examination one passage will be set for prose composition, either one or two shorter passages or a choice of passages will be set for verse composition. Candidates may not offer verse composition unless they have already taken and passed the verse option in paper 09.303.

09.402 Latin Poetry
(09.304 or 09.305 restricted without syllabus change)
Two subjects will normally be set with reference to prescribed texts. The examination will consist of passages for translation, and candidates will be required also to write commentaries on a choice of passages or at least one essay, or both. Passages may also, or alternatively, be set for practical criticism.

09.403 Latin Prose Writers
Two subjects will normally be set with reference to prescribed texts. The examination will consist of passages for translation, and candidates will be required also to write commentaries on a choice of passages or at least one essay, or both.

09.404 Latin Language
(09.306 restricted without syllabus change)
Either Vulgar Latin
The phonology, morphology, syntax and vocabulary of Vulgar Latin, as seen in the set texts. Comparison with inscriptive texts will be made where relevant. A knowledge of the history and literary background and significance of the set texts will also be required. Or Early Latin
The phonology, morphology, syntax and vocabulary of Early Latin as seen in the set texts. Comparison with inscriptive texts will be made where relevant. A knowledge of the sources and characteristics of Plautine comedy will also be required.

09.405 Roman History
(09.307 restricted without syllabus change)
A subject with reference to the original Latin sources; candidates will be required to translate and comment on a selection of passages, and to write essays chosen from a selection.

09.406 A Subject in Latin Literature to be prescribed by the Head of Department
An author or group of similar authors will be chosen for special study. Candidates will read widely in the prescribed texts and be expected to translate passages, and write commentaries and essays on the subject matter of the texts and on their literary genre.

09.407 A Subject to be proposed by the student and approved by the Head of Department
The subject may be literary, philological, historical or philosophical and must be approved not later than 31 December of the year preceding enrolment.

Combined Honours (Languages and Literature)
See MA Degree Course Regulations.

GREEK

Greek I
Papers 10.100, 10.101 are linked. Four lectures and a tutorial per week throughout the year.

10.100 Prescribed Texts with Grammatical Study
Texts will be prescribed for reading; translation of passages will be required in examination, and questions will be set which will require a candidate to show an understanding of the grammatical and syntactical usages in the texts.

10.101 Prescribed Texts with Grammatical Study
A different group of texts from 10.100 may be set.

Greek II
(Five hours per week) Papers 10.200, 10.201 and 10.202 are linked.
Prerequisites 10.100, 10.101 or direct entry

10.200 Prescribed Books
Books or groups of works will be set; candidates will be given passages to translate, and questions will be asked on points of grammar and syntax and on prosody where relevant, and on the content of the books and their literary and historical background, and on relevant Greek institutions.

10.201 Greek Literature and Prepared and unprepared Translation
A course of readings in Greek literature and practice in Translation. An essay will be set for coursework, and passages will be set for Translation in examination with questions on their grammar and syntax.

10.202 Greek History and use of the Language
Passages from the Specified History topic for translation and comment in examination and a coursework essay.
Use of the Language. The coursework will consist of practice in writing Greek (sentences and an introduction to prose composition) and studies in Greek grammar and syntax. These elements will be tested in a final examination.
Greek III
(Six hours per week Terms I and II, five hours per week Term III for papers 10.300, 10.301, 10.302; for the remaining papers see under each paper). Papers 10.300, 10.301 and 10.302 are linked.
Prerequisites: 10.200, 10.201, 10.202

10.300 Prescribed Books
As for Greek II

10.301 Greek Literature, and Prepared and Unprepared Translation
A reading course in Greek Literature. Normally one work will be specified for reading; a coursework essay will be set on Greek Literature, normally on the specified work. In examination, passages from the reading course will be set for Translation with comment, literary and/or grammatical and syntactical.
Prepared translations from Homer. Unprepared Translation. As for Greek II

10.302 Greek Language, Greek History or Philosophy and Prose Composition.
Greek language. The Homeric dialect, including discussion of the Homeric hexameter, and a portion of Homer for special study. Translation of a passage and questions on the dialect will be set in a formal examination.
Greek History. As for Greek II
Or

*Philosophy
The philosophy of Plato with special reference to one or more dialogues.
A coursework essay and passages for translation and comment in examination conditions.
Prose Composition. A number of passages will be set for translation into Greek; these will include coursework exercises and a final examination.
A higher standard of work will be expected for Greek III in all sections of these papers.
The proportion of the marks available which will be allotted to coursework will be announced at the beginning of the year.

10.303 Advanced Language Study
Prerequisites: 10.300–10.302
Prose composition, *Verse composition or Studies in Greek grammar and syntax. (One class per week).
Passages will be set for translation into Greek or for study in Greek. A proportion of the marks available will be allotted to coursework.

*10.304 Greek Poetry
(One hour per week) (Restricted entry)
Corequisite: 10.300–10.302
Translation of pieces of Greek poetry from specified texts; passages may also be set for comment and a selection of essays will be set.

10.305 Literary Topic
(One hour per week) (Restricted entry)
Corequisite: 10.300–10.302
Translation from prescribed texts. Passages may also be set for comment, and a selection of essays will be set.

10.306 Greek History
(One hour per week) (Restricted entry)
Corequisite: 10.300–302
Syllabus as prescribed for paper 10.405, which is restricted unless there has been a change of syllabus. May not be offered with 10.307.

10.307 Greek Philosophy
(One hour per week) (Restricted entry)
Corequisite: 10.300–302
Syllabus as prescribed for paper 10.406, which is restricted unless there has been a change of syllabus. May not be offered with 10.306.

10.308 Greek Language
(One hour per week) (Restricted entry)
Corequisite: 10.300–302
Syllabus as prescribed for paper 10.404, which is restricted unless there has been a change of syllabus.

10.309 Greece and Persia or *Tyranny
(Two hours per week)
Corequisite: 10.300–302
Syllabus as prescribed for paper 12.202 or 12.222, which is restricted.

Note: For papers marked Restricted entry (10.304–10.308) permission of the Head of Department is required to enrol; permission will normally be granted if there is an Honours candidate wishing to take the equivalent paper among 10.404–10.408.

Greek for MA and Honours

Honours in Greek (six papers)
Normally, candidates must offer papers 10.400, 10.401 and four others, the selection to be approved by the Head of Department. By special permission of the Head of Department a student may be permitted to substitute another paper for paper 10.401. Except for paper 10.401, there are no special paper prerequisites, though there are certain restrictions. All intending MA students should consult the Head of Department in the year preceding enrolment, since not all papers will be available every year.
Prerequisite: Eight papers in Greek, including 10.300–10.302.

Note: All papers may not be available in 1984.

10.400 Unprepared Translation
Passages of prose and verse will be set for translation into English.

10.401 Advanced Language Study
Prose Composition and verse composition or studies in Greek grammar and syntax. Passages will be set for translation into Greek or for study in Greek. The verse option in paper 10.303 is prerequisite for verse
composition. Without the special permission of the Head of Department, the studies in Greek Grammar and Syntax option may not be taken by students who have taken that option in paper 10.303. For each option, some passages will be assessed as course work and passages will be set for final examination. The proportion of the marks allocated to coursework will be announced early in the year.

10.402 Greek Poetry
A subject or subjects will be set with reference to prescribed texts. In the final examination candidates will be required to translate passages and may be required to comment on a selection of other passages; they will also be required to write at least one essay.

10.403 Greek Prose Writers
A subject or subjects will be set with reference to prescribed portions of the authors to be studied. In the final examination candidates will be required to translate passages and may be required to comment on a selection of other passages; they will also be required to write at least one essay.

10.404 Greek Language
(Paper 10.308 restricted unless there has been a change of syllabus)
An advanced study of one or more Greek dialects with special reference to prescribed texts.
An advanced study of one or more Greek dialects with special reference to prescribed texts.

10.405 Greek History
(Paper 10.306 restricted unless there has been a change of syllabus)
A subject in Greek History with reference to prescribed sources.
Permission of the Head of Department is required to take both this paper and 10.406.

*10.406 Greek Philosophy
(Paper 10.307 restricted unless there has been a change of syllabus)
A subject in Greek Philosophy with reference to prescribed texts.
Permission of the Head of Department is required to take both this paper and 10.405.

10.407 A subject in Greek Literature to be prescribed by the Head of Department
An author or group of similar authors will be chosen for special study. Candidates will read widely in the prescribed texts and be expected to translate passages, write commentaries and essays on the subject matter of the texts, and on their literary genre.

10.408 A subject to be proposed by the student and approved by the Head of Department
The subject may be literary, philological, historical or philosophical and must be approved not later than 31 December of the year preceding enrolment.

**Combined Honours: (Languages and Literature)**
See MA Degree Course Regulations.

---

**CLASSICAL STUDIES**

**Classical Studies I**

73.102 Epic and Elegiac
(Two hours per week)
Epic will be taught for the first sixteen weeks of the course and Elegiac for the remaining eight weeks.
The principal authors to be studied will be Homer and Virgil (Aeneid) and in Elegiac Archilochus, Solon, Tyrtaeus, Simonides and the Greek Anthology, and in Latin, Catullus, Tibullus, Ovid, Propertius and Martial.

Note: This paper will be taught in 1985 and at three-yearly intervals.

*73.103 Comedy and Satire
(Two hours per week)
Each topic will occupy half the course. Plays from Aristophanes, Plautus and Terence will be studied in the comedy section and the main authors in the satire section will be Horace and Juvenal.

*73.104 Tragedy and Literary Criticism
(Two hours per week)
Tragedy will occupy the first sixteen weeks of the course, and Literary Criticism the remaining eight weeks. In Tragedy, plays of the Greek dramatists Aeschylus, Sophocles and Euripides will be read together with those of Seneca. Literary Criticism will consist of a study of Aristotle’s Poetics and Horace’s Art of Poetry.

---

**ANCIENT HISTORY**

**Ancient History I**

12.100 Near Eastern History
(Two hours per week)
This paper is a prerequisite to 12.200, 12.210, 12.220, 12.201, 12.211. Restricted 11.100.
An outline history of the ancient civilisations of Egypt, Mesopotamia and Israel from neolithic times to Alexander the Great; the course will include artistic and cultural questions, and the civilisations of Anatolia, Syria and Iran will be considered in less detail.

12.102 Greek History
(Two hours per week)
This paper is normally prerequisite to papers 12.202, 12.222
An outline of Greek History from the Mycenaean Age to the Peace of Apamea (188 BC). Special attention will be paid to social and cultural questions and some attention will be given to the intellectual history of the period.

1985 Calendar
12.103 Roman History
(Two hours per week)
This paper is normally prerequisite to papers 12.203, 12.213
An outline of Roman History from the earliest times till the foundation of Constantinople.
Particular attention is paid to the Romans' achievement in government and in spreading civilisation and culture.
For all Stage I papers tutorial classes will be arranged.

Ancient History II

*12.200 Egypt in Dynasty XVIII
(Three or four hours per fortnight)
Prerequisite 12.100 or 11.100. Restricted 12.320
This paper is prerequisite to 12.300; one of 12.102, 12.103 is corequisite
Students planning to advance to 12.300 must take paper 12.210 with this paper unless they are taking, or have taken 10.100 or 09.102 or an approved alternative. Egypt in the XVIIIth Dynasty (c. 1570–1320 BC). This course concentrates on the internal organisation and foreign policy of the kings of this dynasty.

*12.201 Assyrian History
(Two hours per week)
Prerequisite 12.100 or 11.100
This paper is prerequisite to 12.301; one of 12.102, 12.103 is corequisite
Students taking this paper are advised to take paper 12.211 with it; when papers 12.301 and 12.501 become available, paper 12.211 will be necessary for them, but neither paper is available till further notice. The Neo-Assyrian Empire (c. 884–612 BC). This course will include a study of the Assyrian State, the aims, methods and historical importance of Assyrian imperialism, and its reflection in art, literature and religion. Special attention will be paid to contemporary documents.

12.202 Greece and Persia
(Three or four hours per fortnight: 10.309, 12.332 restricted)
Prerequisite normally 12.102 or Greek II; one of 12.100, 11.100, 12.103 is corequisite except for students who have passed Greek II. This paper is prerequisite to 12.322
Students planning to advance to 12.322 must enrol for Greek I unless they have taken, or are taking, 12.210 or 09.102 or an approved alternative. Greece and Persia (c. 546–323 BC) This will involve a study of Herodotus' history and the first Persian War, the Greek countermeasures and the organisation of the Athenian Confederacy, Persian interventions in Greek inter-state struggles in the fifth and fourth centuries, and Alexander's anabasis.

12.203 Pax Romana
(Four hours per fortnight: 09.308, 12.323 restricted)
Prerequisite normally 12.103 or Latin II; one of 12.100, 11.100 or 12.102 is corequisite except for students who have passed Latin II. This paper is prerequisite to Paper 12.303.
Students planning to advance to 12.303 must have passed or enrolled for paper 09.102 or another approved Latin paper unless they have taken or are taking 12.210, 10.100 or an approved alternative. The Pax Romana, with special reference to the first three centuries AD.
This will involve a study of Imperial Roman society — (the satirists' picture and other criteria), Roman Central and Provincial government, and their attitudes to their neighbours; social and economic problems in the empire and the intellectual and religious cross-currents.

12.210 Egyptian Language and Documents
(Two hours per week)
Prerequisite 12.100 or 11.100
This paper is prerequisite to 12.310, and to 12.300, 12.320 unless an alternative language paper is taken. The Egyptian Language, hieroglyphic writing, and selected documents up to Dynasty XVIII.

12.211 Akkadian Language and Documents
(Two hours per week)
Prerequisite 12.100 or 11.100
This paper will be prerequisite to 12.301.
The Akkadian Language, cuneiform writing and selected documents of the Neo-Assyrian Empire.

*12.213 A subject in Roman History
(Three or four hours per fortnight: 12.313 restricted)
Prerequisites, corequisites etc as 12.203

12.220 Egypt in Dynasties V-XI
(Three or four hours per fortnight: 12.300 restricted)
Prerequisite 12.100 or 11.100
This paper is prerequisite to 12.320; one of 12.102, 12.103 is corequisite
Students planning to advance to 12.320 must take paper 12.210 with this paper unless they have taken, or are taking 10.100, 09.102 or an approved alternative. A study of the decline of Old Kingdom Civilisation, the ferment of disillusionment and heartsearching which followed, and the re-establishment of an ordered government and society in the Middle Kingdom. The course will be based on Egyptian historical and literary documents in English translation.

*12.222 Tyranny
(Three or four hours per fortnight: 12.322 restricted)
Prerequisite normally 12.102 or Greek II; one of 12.100, 11.100, 12.103 is corequisite except for students who have passed Greek II. This paper is prerequisite to 12.332; Students planning to advance to 12.332 must take Greek I with this paper unless they
have taken or are taking, 12.210, 09.102 or an approved alternative.
A study of the causes of the tyrannies in the Greek city-states, the aims and methods of the tyrants and the reasons for their expulsion. The course will consider the VII-VI century tyrants at the Isthmus of Corinth, in Ionia, and in Sicily, and the connexions between tyranny and imperialism (collaboration and resistance), the tyranny in Athens, and the tyrants in Sicily and elsewhere in the late Vth and following centuries.

**Ancient History III**

**12.300 Egypt in Dynasties V–XI**
(Four hours per fortnight; 12.220 restricted)
Prerequisites normally 12.200, 12.210. Either this paper or 12.320 is prerequisite to 12.520
Syllabus as 12.220 with the addition of documents for study in Egyptian.

*12.301 Mesopotamian History*

**12.303 Britain from the Iron Age to the Saxons**
(Four hours per fortnight)
Prerequisites normally 12.203 and 09.102 or Latin I or II. This paper is prerequisite to 12.503
Paper 03.319 is restricted
Britain from the Iron Age to the Anglo-Saxons (c. AD 800).

**12.310 Egyptian Language II**
(Four hours per fortnight)
Prerequisite 12.210: this paper is prerequisite to 12.410
Hieroglyphic writing and a study of more advanced documents of either Dynasty XVIII or Dynasties V–XI

*12.313 A Subject in Roman History*
(Four hours per fortnight; 09.308, 12.213 restricted)
Prerequisites normally 12.203 and 09.102 or approved alternative
Either this paper or 12.303 or 12.323 is prerequisite to 12.503.
Syllabus as 12.213 with the addition of documents for study in Latin.

**12.314 Historians of Rome**
Prerequisite 12.103
A study of the Greek and Latin writers on Roman History; all works will be studied in English. The authors will include Herodotus, Thucydides, Xenophon, Aristotle, *The Old Oligarch*, Polybius, Diodorus Siculus, Arrian, and Plutarch. This paper will be taught in alternate years (1985, 1987, etc.)

*12.320 Egypt in Dynasty XVIII*
(Four hours per fortnight; 12.200 restricted)
Prerequisites normally 12.210 and 12.220
Either this paper or 12.300 is prerequisite to 12.520.
Syllabus as 12.200 with the addition of documents for study in Egyptian.

*12.322 Tyranny*
(Four hours per fortnight; 10.309, 12.222 restricted)
Prerequisite normally 10.100 and 12.202 or approved alternative
Either this paper or 12.332 is prerequisite to 12.502.
Syllabus as 12.222 with the addition of documents for study in Greek.

*12.323 Pax Romana*
(Four hours per fortnight; 09.308, 12.203 restricted)
Prerequisites normally 09.102 and 12.213 or approved alternative
Either this paper or 12.303 or 12.313 is prerequisite to 12.503.
Syllabus as 12.203 with the addition of documents for study in Latin.

*12.324 Historians of Greece*
Prerequisite 12.102
A study of the Greek writers on Greek History; all writers will be studied in English. The authors will include Herodotus, Thucydides, Xenophon, Aristotle, *The Old Oligarch*, Polybius, Diodorus Siculus, Arrian, and Plutarch. This paper will be taught in alternate years (1984, 1986, etc.)

**12.332 Greece and Persia**
(Four hours per fortnight; 10.309, 12.202 restricted)
Prerequisites normally 10.100 and 12.222 or approved alternative
Either this paper or 12.322 is prerequisite to 12.502.
Syllabus as 12.202 with the addition of documents for study in Greek.

**Ancient History for MA and Honours**
Normally candidates must offer three or four of the papers 12.400 - 12.414 or approved substitutes in their first year, one of the special subjects 12.502, 12.512; 12.503, 12.513; 12.520, 12.530, in their second year together with the fourth paper from papers 12.400 - 12.414 if not taken in the first year, and an essay (12.603) or dissertation (12.604) on a subject approved by the Head of Department. The prerequisites for papers 12.502 - 12.530 will not be waived save in the most exceptional circumstances. One or two papers from 12.300 to 12.332 not taken for BA may be taken as substitutes for papers 12.400 to 12.414. All intending MA students should consult the Head of Department in the year preceding enrolment, since not all papers will be available every year.
Prerequisites: Eight papers from 12.100 to 12.322 including three of 12.300-12.332 or substitutes approved by the Head of Department. Note that papers 12.502 - 12.530 all have individual prerequisites.

**12.400 A topic in Near Eastern History after Alexander the Great**
The Jews in the Greco-Roman World
A study of the political and social developments in Judaea and the Diaspora, together with their cultural...
and ideological implications, from the Conquest of Alexander the Great to the outbreak of the First Revolt against Rome.

*12.402 A topic in Greek History after Alexander the Great
The relations between Greeks and Romans from the end of the third century B.C. down to approximately A.D. 180. There are two main parts. The first deals with the political contacts and conflicts of the two peoples ending in the destruction of Corinth in 146 B.C. For this period the main literary sources are Polybius and Livy. The second main period begins with the reign of the Emperor Nero and deals more fully with the conditions of Greece and the Greek cities of Asia Minor as revealed by the works of Plutarch and the letters of the Younger Pliny. This part of the course will also touch on the revival of Greek letters known as the "Second Sophistic".

*12.403 A topic in Roman History
The later Roman Empire A.D. 193–337
This course will include study of various developments — military, administrative, economic, religious, social — in a crucial period of change for the Roman Empire. Particular attention will be paid to the Severan period (A.D. 193–235).

12.404 A topic in the social history of the Ancient World
The institution of slavery in the Ancient World. The paper considers the composition of the slave population at different periods, their numbers, employment and treatment; modes of liberation and the position of emancipated slaves; the impact of slavery on society, especially the family, farming, commerce and government; the causes of slave wars and revolts; slavery and serfdom and the other part-slave part-free statuses, with special reference to debtors' contracts.

*12.405 A topic in the economic history of the Ancient World
*12.406 Political Thought and Practice in the Ancient World
A study of the ideologies of the monarchies of the Near Eastern Kingdoms, the city-states of Greece and the Res Publica and Imperium of the Romans.

12.409 A topic proposed by the student and approved by the Head of Department not later than 31 December of the year preceding enrolment.
For 1984: Mycenaen and Minoan Worlds
A study of the Aegean world in the latter half of the 2nd Millennium B.C. Linear B tablets and other documents will be studied in translation.

12.410 Late Egyptian Language
Prerequisites 12.310 after 1982
This course will introduce a study of the changes to the Egyptian language in the New Kingdom period, and the study of the documents of Dynasties XIX and XX will be begun.

12.412 The Hellenistic World and The Heritage of Hellenism
*12.414 The Family in the Ancient World
This course will consider the known sources of information about the family, including marriage customs, laws affecting kinship, property and succession in the ancient civilisations, and consider the importance of these for the history of the societies considered.
Approved substitutes for the above papers are:
One or two papers as prescribed for Ancient History III not already taken at Stage III
One or two papers from other subjects as prescribed in MA Regulation 6

The special subjects will be as follows:
*12.501, *12.511 Mesopotamian History
Prerequisites: 12.211 and 12.301
Not available at present

12.502, 12.512 Greek History
Prerequisites: 12.302 or 12.332 with 10.100 or Greek III
A subject in Greek History based on specified Greek texts; the subject and texts are as for 10.405. In this and other special subjects the examination will consist of two papers, one on the texts, including translation (where relevant) and translation, and (where relevant) on linguistic questions and the tradition and veracity of the texts; the other on their historical significance.

12.503, 12.513 Roman History
Prerequisites: 12.303, 12.313 or 12.323 with 09.102 or other approved papers, or Latin III
A subject in Roman History based on specified Latin texts: the subject and texts are as for 09.405. For the examination see paper 12.502

12.520, 12.530 Egyptian History
Prerequisites: 12.300 or 12.320 and 12.410
The New Kingdom, Dynasties XIX and XX, c. 1320–1085 BC, based on a detailed consideration of specified texts.
For the examination see paper 12.502

12.603 Essay
12.604 Dissertation

BIBLICAL HISTORY AND LITERATURE

Biblical History and Literature I

*11.100 Near Eastern History
Lectures as for 12.100 plus 10 lectures and a test on Israel. Students who do not wish to advance to 12.200
or 12.201 may omit either the Egypt or the Mesopotamia lectures)
Corequisites: 11.101, restricted 12.100
An outline of the history of Israel is placed in the context of a general survey of the history of the ancient Near East, thus providing the necessary background to the literature of the Jewish people. This paper may be used as a prerequisite to all Ancient History papers for which 12.100 is prerequisite provided that a piece of work in the relevant area has been presented in coursework or examination.

*11.101 Biblical Literature of the Old Testament
(Two hours per week)
Corequisite: 11.100, which normally must be taken concurrently or passed before enrolment in this paper A survey of the biblical literature of the period illustrating the different forms of literature in the Old Testament; a special study of the books of Amos and Jeremiah from the standpoint of their literary form and their relationship to the history and the religion of their times.

11.103 Roman History
(Lectures as for 12.103, plus 10 lectures and a test on the Jewish background to the New Testament. Students who do not wish to advance to Roman History Stage II need not offer either the first test or an essay on the Roman Republic half of paper 12.103, but all must take the test on the extra 10 lectures.)
Corequisite 11.113, restricted 12.103
An outline history of the Roman world up to and including the time of the rise of Christianity, and with special lectures on the background to the New Testament.

11.113 Biblical Literature of the New Testament
A survey of the books of the New Testament from the standpoint of their content and significance and their literary forms; a special study of Matthew Chs. 1–10, the Acts of the Apostles, Chs. 1–7, and the Epistle to the Hebrews from this standpoint and as indicating the relationships between Jews and Christians in the 1st Century of the Christian era.

*Biblical History and Literature II
This subject is not available until further notice. One of the papers at least may require as a prerequisite a pass in papers at Latin I, Greek I, or Hebrew I as well as in Biblical History and Literature I levels.

*11.200 The History of Israel to A.D. 135
*11.201 The History of Christian Origins to A.D. 135
*11.202 The Biblical Archaeology of a Prescribed Period
*11.203 The Apocrypha with Prescribed Texts

HEBREW

Hebrew I
(Four hours per week)
Classical Hebrew Papers 23.100 and 23.101 are linked. Paper 23.102 is not available at present.

23.100 Classical Hebrew – Language
Corequisite: 23.101
Translation of passages from selected portions of the Old Testament. Translation of a simple unprepared passage from a narrative portion of the Old Testament. Phrasing of words, and questions on points of elementary syntax occurring in the prescribed work.

Note: No candidate who fails to satisfy the Examiner in the unprepared translation shall be deemed to fulfil the requirements in Hebrew.

23.101 Classical Hebrew – Texts
Corequisite: 23.100
Translation and pointing of a passage from the unpointed text taken from one of the selected portions of the Old Testament. Retranslation from English into Hebrew of an easy narrative passage from or based upon the prescribed prose. General questions on elementary grammar, with translations into pointed Hebrew of sentences chosen to test grammatical knowledge.

*23.102 Modern Hebrew.

*Hebrew II

*23.200 Classical Hebrew
Prerequisites: 23.100, 23.101
Corequisites: 23.201 and one of 23.202, 23.203
Translation into idiomatic Biblical Hebrew of prose based on the prescribed texts, and of English sentences, illustrating Hebrew idiom and syntax; the pointing of passages from the prescribed texts; questions on the grammar and syntax of Biblical Hebrew.

*23.201 Classical Hebrew
Prerequisites: 23.100, 23.101
Corequisites: 23.200 and one of 23.202, 23.203
Translation from prescribed texts from the Old Testament with questions on the grammatical and syntactical forms found therein. Translation of unprepared passages from the Old Testament including one from the unpointed text.

*23.202 Modern Hebrew
Prerequisites: 23.100, 23.101
Corequisites: 23.200, 23.201
Modern Hebrew conversation and reading. Modern Hebrew grammar. Translation from selected Modern Hebrew texts.

*23.203 Classical Hebrew
Prerequisites: 23.100, 23.101
Corequisites: 23.200, 23.201
Translation and annotation of selected portions of the Old Testament, together with the questions on the textual, literary and historical criticism of the books from which they are taken.

DEPARTMENT OF ECONOMICS

For Economics prescriptions see Faculty of Commerce.

DEPARTMENT OF EDUCATION

Education I

14.100 An introduction to Educational Thought
Corequisite: 14.101, if planning to enrol in more than one Stage II paper
Selected philosophical and historical aspects of Western educational ideas.

14.101 Introduction to Developmental Psychology
Corequisite: 14.100 or 14.102, if planning to enrol in more than one Stage II paper
An introduction to human development.

14.102 Education and Society
Corequisite: 14.101 if planning to enrol in more than one Stage II paper.
Education in its social and historical contexts.

Education II

14.200 Comparative Education
Prerequisite: 14.100 or 14.102, and 14.101, if enrolling in more than one paper.
Area studies: Great Britain and U.S.A.

14.201 History of Education
Prerequisite: as for 14.200
Education and Society in Modern Britain: the social context of educational change since c. 1800.

14.202 New Zealand Education
Prerequisite: as for 14.200
Issues and problems associated with the organisation, administration and practice of education in New Zealand.

14.203 Educational Psychology
Prerequisite: as for 14.200
Educational psychology, with particular reference to learning theory and cognitive development.

14.204 The Evaluation of Individual Differences
Prerequisite: as for 14.200
An introduction to the theory and practical aspects of evaluating individual differences. A course of practical work and elementary statistics must be completed concurrently.

14.205 Educational Problems:
A Multidisciplinary Approach
Prerequisite: 14.100 or 14.102, and 14.101.

Analysis of the nature and implications of selected educational problems in a manner which integrates the various disciplines relevant to the study of education.

14.206 School and Society: A Sociological Perspective
Prerequisite: as for 14.200
An introduction to contemporary sociology of education.

14.207 Evaluation in Classrooms
Prerequisite: as for 14.200
An introduction to procedures for classroom evaluation. A course of practical work and elementary statistics must be completed concurrently.

14.208 The Philosophy of Education
Prerequisite: as for 14.200
An introduction to contemporary philosophy of education with an emphasis on ethics.

14.209 Introduction to Methods of Research in Education
Prerequisite: as for 14.200
An introduction to techniques used in Social Science research.

Education III

14.300 Twentieth Century Educational Thought
Prerequisite: Two Education papers at Stage II level if enrolling in more than two papers
A study of selected educational philosophies.

14.301 Comparative Education
Prerequisite: as for 14.300
Selected area studies.

14.302 History of Education
Prerequisite: as for 14.300
Scientific and technical education in England and Wales since c. 1800: an examination of the development of scientific and technical education in its wider educational, social and cultural setting.

*14.303 The Sociology of Education
Prerequisite: as for 14.300
An examination of techniques, concepts, and perspectives used in attempts to describe, predict and explain social phenomena in educational contexts.

*14.304 The Context of Educational Planning
Prerequisite: as for 14.300
An examination of the rationale, modes, and problems of educational planning, with particular reference to developed industrial societies.

14.305 The Guidance Process
Prerequisite: as for 14.300
An introduction to the theory and practice of counselling and guidance within New Zealand educational institutions. A course of practical work must be completed concurrently.
14.306 Introduction to Counselling in the Community
Prerequisite: as for 14.300
An examination of the application of basic principles of counselling to the needs of individual children and adults and to couples, families and other groups.

14.307 Principles of Curriculum Development
Prerequisite: as for 14.300
A study of principles of curriculum development that may be derived from psychological, sociological and philosophical sources and their application to the analysis and construction of curricula in various institutions in New Zealand.

†14.308 Educational Psychology: A Behavioural Approach
(Second half of the year)
Prerequisite: as for 14.300
A study of contemporary ideas and research in human learning and instruction. Topics will include the analysis of child and adult behaviour in school, home and residential settings.

14.309 Development Psychology
(First half of the year)
Prerequisite: as for 14.300
A study of selected aspects of infant and child development including the development of perception, cognition, language and problem solving.
Note: In 1985 this paper will be taught in part-time hours and in 1986 in full-time hours.

14.310 Psychology of Adolescence
Prerequisite: as for 14.300
A study of research on the physical, emotional, social and intellectual development of adolescents, and its relevance to New Zealand society.

14.311 Education of Exceptional Children
Prerequisite: as for 14.300 including 14.203 or 14.204 or 32.208.
An examination of the special educational needs of children showing atypical development and of the effectiveness of current special educational strategies.
Note: In 1985 this paper will be taught in part-time hours and in 1986 in full-time hours.

†14.312 Issues in Special Education
Prerequisite: as for 14.300
A general treatment covering all types of atypical development and behaviour in children, dealing with basic concepts of development, home management, and educational organisation.

14.313 Methods of Research in Education
Prerequisite: as for 14.300
Techniques used in educational research.

†14.314 Pre-school Education
Prerequisite: as for 14.300
History and philosophy of pre-school education in New Zealand and in selected overseas countries; current New Zealand practices and provisions.

14.316 Early Determinants of Behaviour
Prerequisite: as for 14.300
A study of research dealing with the influence on later behaviour of variables operating prior to and shortly after birth.

14.317 Organisational Effectiveness
Prerequisite: as for 14.300
A study of structural and interpersonal factors which influence the effectiveness of educational organisations.
Note: This course has special relevance to those with experience or interests in administration of educational social service or voluntary organisations. In 1985 this paper will be taught in full-time hours and may not be taught in 1986.

14.318 Studies in Higher Education
Prerequisite: as for 14.300
An introduction to the aims and characteristics of courses in higher education and a study of curriculum design and instructional strategy at this level.

14.319 Special Topic: The Reading Process
Prerequisite: as for 14.300
A study of contemporary ideas and research on the reading process.

14.320 Special Topic in Moral Education

14.321 The Nature of Educational Theory
Prerequisite: as for 14.300
A philosophical examination of problems in educational theory.

14.322 Adult Learning and Education
Prerequisite: as for 14.300
A study of the educational, developmental and psychological aspects of adulthood and of current issues in the fields of adult learning and education.

14.323 Special Topic: Issues Related to Reading Difficulties
Prerequisite: as for 14.300
A study of contemporary issues in reading difficulties and intervention programmes. This course has a limited enrolment of 12. Students should consult the Head of Department.

14.324 Special Topic: Education and Revolutionary Change
Prerequisite: as for 14.300
Investigation of the nature and role of education in Cuba, Nicaragua and Guinea-Bissau.

14.325 Environmental Psychology: Applications to Education
Prerequisite: as for 14.300
A look at mechanisms underlying interrelationships between behaviour and environment.

†14.326 The Political Economy of Education
Prerequisite: as for 14.300
An examination of the interrelationships of education with society, the economy, the political system and other social institutions.

14.327 Special Topic
A subject to be proposed by a staff member or a student; and approved by the Head of Department, not later than 31 December of the year preceding enrolment.

A course of prescribed practical work, observational visits or special seminars will be associated with each Education III paper. Details of these requirements are available at enrolment. These will normally involve over the year about twenty-four hours of supervised work in laboratories and elsewhere and additional time for assignments.

Education for MA and Honours
Four papers and a thesis (14.601) which counts as three papers or, Four papers and a folio of casework in guidance and counselling (14.606) or in the area of reading problems (14.607) or, Five papers and a thesis (14.611) which counts as two papers or, Six papers and a dissertation (14.604) which counts as one paper or, in exceptional circumstances a candidate who has commenced a thesis, a folio of casework or a dissertation may complete the MA as seven papers.

14.400 Philosophy of Education
Philosophical issues in education.

14.401 Comparative Education
The comparative analysis of a selection of educational problems.

14.402 Historical Studies in Education
An examination of issues involved in historical studies and research related to education, including supervised investigation of a selected aspect.

14.403 New Zealand Education
A study of selected aspects of New Zealand education. Particular reference will be paid to major investigations in the areas selected.

14.404 Sociology of Education
A more intensive examination of some of the matters introduced in Stage III, paper 14.303.

14.405 Education and Work
A theoretical and practical examination of selected economic, sociological and psychological aspects of the transition from school to work.

Note: (i) This course has special relevance to careers teachers and vocational guidance and employment officers.
(ii) In 1985 this paper will be taught in part-time hours and in 1986 in full-time hours.

14.406 Educational Psychology
An advanced treatment of the behaviour of normal children with special reference to learning and the conditions which promote it.

14.407 Developmental Psychology
An advanced treatment of research in selected aspects of cognitive and personality development.

14.409 Methods of Research in Education
An advanced treatment of selected aspects of the processes of research.

14.410 Principles and Practice of Counselling
Prerequisite: 14.306 or its equivalent will normally be a prerequisite for this course.

An advanced examination of principles of counselling and consulting, together with practical experiences in selected procedures.

14.412 Behaviour Analysis in Education
An examination of the application of behaviour analysis techniques to contemporary problems in education, including supervised research and field experience.

Note: In 1985 this paper will be taught in full-time hours and in 1986 in part-time hours.

14.413 Education of Exceptional Children
Prerequisite: 14.311 will normally be a prerequisite for this course.

An advanced study of special educational provisions for exceptional children, including an intensive analysis of provision for mentally retarded children.

Note: In 1985 this paper will be taught in part-time hours and in 1986 in full-time hours.

14.414 Issues in Curriculum Development and Evaluation
A consideration of current issues in curriculum development and evaluation in primary, secondary and tertiary education.

14.415 Special Topic
The topic to be proposed by the student after consultation with staff members and approved by the Head of Department. The topic must be approved not later than 31 December of the year preceding enrolment.

14.416 Special Topic in Adult Education
A more intensive examination of some of the matters introduced at Stage III paper 14.322.

14.417 Special Topic
The topic proposed by a staff member and approved by the Head of Department will be announced in the Department by 31 December of the year preceding enrolment. In 1985 there will be a Special Topic in adult education.

14.418 Marriage and Family Counselling
Prerequisite: 14.306 or its equivalent will normally be a prerequisite for this course.

An advanced examination of counselling principles as applied to stresses arising within marital and family relationships.

14.419 Early Determinants of Behaviour
An advanced study of research dealing with the influence on behaviour of variables operating prior to and shortly after birth.
14.420 Special Topic
Subject to be proposed by a staff member or a student and approved by the Head of Department not later than 31 December of the year preceding enrolment.

14.421 Socialization and Child Development
An examination of the relationship between child rearing patterns and the development of skills during infancy, preschool and the transition to school.

14.601 Thesis (Value 3 papers)
14.604 Dissertation (Value 1 paper)
14.606 Casework Folio (Value 3 papers)
14.607 Casework Folio (Value 3 papers)
14.611 Thesis (Value 2 papers)

A candidate presenting a thesis, dissertation or folio of case work shall forward it to the Professor of Education, not later than 1 November in the year in which it is to be examined. A research seminar will be held periodically during the year for those preparing to write MA theses.

A timetable for these seminars will be available at enrolment.

DEPARTMENT OF ENGLISH

Notes
(i) Since the supply of text-books continues to be uncertain, some changes in courses may be unavoidable. Students will be notified of any such changes at the beginning of the academic year.

The books mentioned in the appendix are prescribed books - ie those which students must have. Students should obtain from the department the fuller version of prescriptions and book lists, which include recommended books (ie additional to those prescribed); and also lists of further prescribed books which are required for those papers not mentioned in the appendix.

All students should possess a good Dictionary: Collins English Dictionary and the Concise Oxford are recommended.

(ii) Attention is directed to the MA prerequisites as set out in the regulations for that degree. Students intending to take MA in English should plan their courses with these requirements, particularly that of a foreign language, in mind.

English I
To advance to English II two English I papers must have been passed. Students intending to take 18.200 are advised to take 18.100. Papers 18.100 and 18.105 each have one lecture weekly for the whole year. The other papers have one lecture per week with an additional weekly lecture for half the year. All courses have weekly tutorials.

18.100 Introduction to Chaucer and Shakespeare
18.101 Twentieth Century Literature
18.103 New Zealand Literature
18.104 Nineteenth Century Literature
18.105 Introduction to English language

English II
To advance to English III three specific English II papers must have been passed. See BA Schedule under English II: Note. Each paper involves one lecture per week; tutorials are also given.

18.200 Mediaeval Literature
18.201 Modern English Language
18.210 Sixteenth and Seventeenth Century Prose and Poetry
18.211 Sixteenth and Seventeenth Century Drama
18.212 Shakespeare: Selected Plays: Comedies and Tragedies
18.220 The English Novel 1900–1945
18.222 Modern Poetry: 1900–1945

English III
The course consists normally of a minimum of three papers, and a maximum of six papers; students must take one paper from 18.300–18.304, one from 18.306–18.308 and one from the group 18.310 and 18.314–18.328. See BA Schedule under English III: Qualifications, and also MA prerequisites. Each paper involves one lecture per week (except 18.301 which has two lectures per week), with tutorial work as arranged.

18.300 The English Language from Chaucer's day to the present
18.301 Old English: Language, Literature and Society
18.302 Middle English Literature
Prerequisite: 18.200
*18.303 The Linguistic Analysis of Literature
†18.304 Phonology, and New Zealand Speech
18.306 Prose, Poetry and Drama of the Eighteenth Century
18.307 Romantic Literature
18.308 18th Century Novels
18.310 Shakespeare: Selected Plays
For 1985: Late Plays
18.314 Major Works, Sixteenth and Seventeenth Centuries
18.320 Victorian Literature
18.323 American Literature: Poetry
18.325 Special Topic II as prescribed by the Head of Department: Novels from the Post-Colonial World: 1950–1980
18.326 Special Topic III as prescribed by the Head of Department: Women Writers of the 20th Century
18.327 Special Topic IV as prescribed by the Head of Department: Australian Literature

1985 Calendar
**18.328 Special Topic V as prescribed by the Head of Department: Creative Writing**

Entry to this course is restricted. Details for the procedure to be followed for pre-enrolment are available from the Department.

*Note:* 18.301 and 18.302 are normally prerequisites for MA paper 18.401. 18.301 is a prerequisite for MA paper 18.411 and normally a prerequisite for 18.401. 18.301 is normally a prerequisite for MA paper 18.402.

**English for MA and Honours**

*Note:* Intending MA students who are in doubt about the choice of courses should consult the Head of Department.

(1) **Single Honours — English**

Students will select seven of the papers set out below, their selection of papers to be approved by the Head of the Department. One paper listed under Stage III English, if not already credited for a BA degree, may be offered as a paper for an MA. Not more than three papers may be taken from the period after 1930. With the permission of the Head of Department, a thesis (18.601) may be substituted for two papers or a dissertation (18.604) for one paper. The dissertation will normally take the form of a documented essay of about 12,000 words; while the length of the thesis is approximately 25,000 words upon a topic requiring detailed research.

Candidates who present their papers in two years are required to complete the specified coursework before sitting the examination for each paper. Those who present all their papers in one year are, in most cases, exempt from coursework but will be given the opportunity to submit it if they desire. All students taking a paper from English III will be required to submit the prescribed coursework for that paper.

18.400 Old English
Prerequisite: Old English at Stage III level.

18.401 Middle English
Prerequisite: normally Middle English at Stage III level.

18.402 Norse (Icelandic)
Prerequisite: normally Old English at Stage III level.

18.403 Introduction to English Philology
Prerequisite: normally Old English and Middle English at Stage III level.

18.404 Victorian Studies (24.415 History paper)
An interdisciplinary paper concerned with selected topics from English literature and British social and cultural history of the 19th Century.

18.405 Twentieth Century Poetry

18.406 Shakespeare: Selected Plays and Poems

18.407 Literary Criticism

18.409 Twentieth Century Drama

18.410 English Linguistics

18.411 Selected Author or Authors I, to be prescribed by Head of Department
For 1985: Chaucer
Prerequisite: Middle English at Stage III level.

18.412 Bibliography and Textual Criticism

18.413 Essays Paper
The course will consist of the supervised writing of short essays in a field or genre proposed by the student.

18.414 Selected Author or Authors II, to be prescribed by the Head of Department
For 1985: Early Twentieth Century Fiction.

18.415 Nineteenth Century American Prose and Fiction

18.416 Twentieth Century American Literature
Modern Literature and the Visual Arts.

18.417 New Zealand Literature
The course will be based mainly on authors of prose and verse writing after 1910.

18.418 Special Topic I: To be prescribed by Head of Department
For 1985: Restoration Literature.

18.419 Special Topic II: To be prescribed by Head of Department
For 1985: Fifteenth Century English Drama.

18.420 Special Topic III: To be prescribed by Head of Department
For 1985: Film Studies (Art History paper 19.404)
This inter-departmental paper — shared by the Departments of English and Art History — will examine film as an art by studying the work of some major film-makers and also the major theories of film criticism.

18.421 Special Topic IV: To be prescribed by Head of Department
For 1985: Literature and Thought 1590-1650. A course in which literature is studied in relationship to the history, ideology and religion of the time.

18.422 Special Topic V: To be prescribed by Head of Department
For 1985: Literature from the Old and New Commonwealths.

18.424 Selected Author or Authors III: to be prescribed by Head of Department
For 1985: Major Victorian writers: Dickens.

18.425 A Topic in Sociolinguistics

18.426 Special Topic VI: To be prescribed by Head of Department
For 1985: Concepts of Satire in Augustan Literature.

18.427 Special Topic VII: To be prescribed by Head of Department
18.428 Special Topic VIII: To be prescribed by Head of Department
For 1985: Nabokov.

18.601 Thesis
(equivalent to two papers).

18.604 Dissertation
(equivalent to one paper).

(2) Combined Honours — English with another language (Languages and Literature)
Students will select three or four papers (set out above for Single-Honours) as approved by the Heads of Department concerned.

DEPARTMENT OF GEOGRAPHY

This paper will not be taught during the current Calendar year.

Geography I
Two papers are offered for Geography I. They may be taken separately or together, but students planning to advance in geography should enrol in both. Practical work, tutorials, and a field excursion form an integral part of the courses, and participation in these is required. A list of recommended books for each course is included in the departmental Students' Guide available from the departmental secretary.

20.101 Introductory Physical Geography
(second half of year)
Water in the environment is the unifying theme for a study of processes in physical geography.

20.102 Introductory Human Geography
(first half of year)
Social and economic processes that determine spatial inequality and access to resources both within and between nations.

Asian Geography I

20.130 Geography of East Asia
(first half of year)
A topical and regional approach to the geography of China and Japan. The unity and diversity of East Asia, environment and cultural development, industrialisation and urbanisation, population problems, and environmental management are emphasised.

Geography II
Six papers are offered for Geography II. They may be taken separately, but students planning to advance in geography should enrol for 20.204 (or 26.180 or 26.181) and at least two others from 20.201, 20.202, 20.203, 20.205 and 20.240 (Asian Geography). A list of recommended books for each of the papers is included in the departmental Students' Guide available from the departmental secretary.

20.201 Physical Geography
Environmental processes in biogeography and soils, climatology, and geomorphology are considered with energy flow and transformation as the unifying theme.

20.202 Human Geography
Population, economic and social patterns and inter-relationships, together with the principles and modes of analysis employed in human geography.

20.203 Remote Sensing Techniques
Photogrammetry, photo interpretation and an introduction to more recent techniques of remote sensing and their application.

20.204 Statistical Techniques in Geography
Elementary statistical methods for the non-mathematical student, including descriptive statistics, the testing of simple statistical relationships, and the use of computer processing.

20.205 Man's Role in the Environment

Asian Geography II

20.240 Geography of Malaysia, Singapore and Indonesia
(second half of year)
Population composition and growth, urbanisation, economic structure and regional patterns, and problems of resource use are emphasised.

Geography III
Each paper will involve at least two hours of lectures, seminars, or laboratory work per week, but students must also attend such additional practical work and fieldwork as may be required. A list of recommended books for each of the papers is included in the departmental Students' Guide available from the departmental secretary.

20.301 Regional Processes and Policies in New Zealand
Regional patterns of resources, society and the economy are interpreted using regional theory as it relates to central, regional and local government policy.

20.303 Geomorphology
Fluvial, karst, slope and coastal systems — processes and landforms, with special reference to New Zealand.

20.304 Biogeography and/or Climatology
Concepts and methods in environmental climatology and biogeography.

20.305 Urban and Population Geography
Spatial, structural, and behavioural models of urban centres and their populations.
20.306 Spatial Organisation of Third World Economies
The historical, economic and political forces responsible for the spatial characteristics of Third World agriculture, marketing, industry, migration, and urbanisation.

†20.310 Area Study
For 1984: Geography of Malaysia, Singapore, and Indonesia.
(second half of year)
Population composition and growth, urbanisation, economic structure and regional patterns, and problems of resource use are emphasised.

*20.311 Historical-Cultural Geography
A topical approach to man's attitudes toward nature, the transformation of natural landscape into cultural landscape through time, religious organisation of environment, and the geography of folklore and place names.

*20.312 Special Topic

20.313 Advanced Statistical Techniques in Geography
An examination of multivariate methods, spatial analysis and computer mapping.

20.316 Advanced Remote Sensing
Advanced analysis and digital processing of multi-spectral remotely sensed data.

20.320 Resources and Environmental Management
The functioning of natural and man-modified ecological systems and the institutional structures determining their use.

Geography for MA, MSc, and Honours
[Four papers and a thesis (20.601)]

Students will be required to select any four of the papers set out below. A list of recommended books for each of the papers is included in the departmental Students' Guide available from the departmental secretary.

*20.400 History and Nature of Geography

†20.410 Change and Transition in the Pacific
The patterns and processes of island bio-physical environments, population, economic organisation and resource use.

20.420 Biogeography
Major concepts, theories, and methods in studies of plant communities, populations and nutrient cycling.

20.421 Climatology
Topics in boundary layer and applied climatology.

20.422 Geomorphology
Systematic geomorphology emphasizing coastal, fluvial and karstic landforms and processes in New Zealand.

†20.424 Hydrology and Fluvial Geomorphology
Pure and applied aspects of hydrology and fluvial geomorphology, incorporating field and laboratory techniques.

20.430 Land Use Studies
Principles of land use competition and land use planning in rural and urban areas of developed economies.

20.431 Ideas on Culture-Nature Relationships
A cross cultural study of Western European and East Asian ideas on culture-nature relationships.

20.432 Regional Development Studies
Studies of the relationships between capital and regions in underdeveloped and western economies.

*20.433 Political Geography
†20.434 Population Geography
Analysis and applications of the methods and materials of demography.

20.436 Urban Geography
Emphasis is on the spatial content of the politics and administration of metropolitan centres.

20.440 Remote Sensing
An advanced study of remote sensing applications involving analysis of a range of recent imagery and data.

20.441 Special Topic
For 1985: Hydrology and Geomorphology of Coral Islands.
A systematic study of the development of land forms and hydrological systems associated with coral islands, barriers and cays.

†20.442 Special Topic

DEPARTMENT OF GERMANIC LANGUAGES AND LITERATURE

The Department of Germanic Languages and Literature teaches two subjects: German and Scandinavian Studies.

Information about the Department is contained in the Departmental Handbook and the Handbook of the Faculty of Arts, both of which are available from the University Office.

Students intending to take an MA course should at all stages throughout their undergraduate studies consult the Head of Department concerning their degree structure, and should note carefully in the Departmental Handbook the strong recommendations concerning related subjects.

*This paper will not be taught during the current Calendar year.
†This paper will not be taught during the current Calendar year unless sufficient staff is available.
GERMAN

German I
Most students enrolling for German I have studied German previously. They are divided, on the basis of their knowledge, into streams. Each stream has five hours of teaching per week. Students may enrol without previous knowledge of the subject. Such students have a different syllabus (including prescribed texts) from the rest of the class, and receive a total of six hours of teaching per week throughout the year.
Papers 22.100 and 22.101 are linked corequisites. A candidate's result will be determined over the two papers. See BA schedule.
In determining the final result, the candidates' performance during the year and in particular their performance in class tests, will be taken into consideration.

22.100 Language acquisition
Written and oral use of German tested in some or all of the following ways: translation, composition, comprehension, conversation, dictation, reading.

22.101 Literature and texts
Selected works of German literature for comprehension and comment. Literary criticism.

22.102 Aspects of modern German civilization
This paper is open to all interested students, whether or not they are studying German language and literature. The paper is strongly recommended to students of German at all stages.
A survey of modern German civilization (i) Aspects of 19th and 20th century German history and thought; (ii) Literature (studied in translation), music, art and cinema of the period.

22.103 Reading Knowledge for Arts students in selected disciplines
The study of German vocabulary and sentence structure; translation into English and comprehension of general and subject-related texts. The course is aimed at students of Classics, Ancient History and Art History. A minimum of ten candidates is required.

22.104 German for Singers
Pronunciation, intonation, comprehension of the texts of Lieder. Background study of composers and poets. The course deals primarily with the Kunstlied. A minimum of three candidates is required.

German II
A candidate's result will be determined over the three papers. Papers 22.200, 22.201 and 22.202 are linked corequisites – see BA Schedule.
In determining the final result, candidates' performance during the year and in particular their performance in literature assignments and in class tests, will be taken into consideration.

22.200 Language acquisition
Written and oral use of German tested in some or all of the following ways: translation, composition, comprehension, conversation, dictation, reading.

22.201 Selected aspects of German literature and language

22.202 Aspects of 20th Century German literature
Recommendations for background reading for all papers will be circulated.

German III
A candidate's result will be determined over papers 22.300, 22.301 and 22.302, which are linked corequisites. For the purposes of BA regulation 4 (a) these three papers must normally be taken. In determining the final result, the candidates' performance during the year and in particular their performance in literature assignments and in class tests will be taken into consideration.

22.300 Language acquisition
Written and oral use of German tested in some or all of the following ways: translation, composition, comprehension, conversation, dictation, reading.

22.301 Medieval and Romantic texts

22.302 Classics of Modern German literature
By special permission of the Head of Department a student may take up to two German MA papers in lieu of 22.301 and/or 22.302.
Students who have passed, or are taking concurrently, papers 22.300, 22.301 and 22.302 may, with the permission of the Head of Department, take up to three approved papers which are prescribed for German MA and Honours. Recommendations for background reading for all papers will be circulated.

German for MA and Honours
Students intending to enrol for MA must consult the Head of Department towards the end of the previous year to discuss optional papers and to obtain advice on vacation reading.

(1) Single Honours – German
Seven papers comprising 22.400 and six others, to be selected with the approval of the Head of the Department. With the approval of the Head of Department five papers and a thesis (22.601) may be offered. No student may offer for MA any paper in which he or she has already been credited with a pass.

22.400 Language acquisition. Translation at sight from and into German – Composition and other written work in German
22.401 Classical and post-classical Middle High German language and literature with special reference to Tristan and Isold and the works of Hartmann von Aue

22.402 Classical Middle High German language and literature with special reference to Wolfram von Eschenbach's Parzival and the Nibelungenlied

22.403 The political, religious and social background to Middle High German literature. Aspects of textual criticism

†22.404 Literatur der Goethezeit

22.405 The poetry of Rilke

This paper is not available to candidates who have presented paper 22.417 prior to 1984.

22.406 The Novelle and the Märchen in the nineteenth century

This paper is not available to candidates who have presented paper 22.411 prior to 1981.

22.407 Selected works of Brecht

This paper is not available to candidates who have presented paper 22.417 prior to 1984.

22.408 Post-war German prose with special reference to selected authors

22.409 Scandinavian drama with special reference to Ibsen and Strindberg

This paper deals with Scandinavian drama in English translation and is therefore open to students who have no knowledge of Scandinavian languages.

22.410 Linguistic analysis of contemporary written German

22.413 Selected works of Thomas Mann and Franz Kafka

32.418 An approved special topic in German language or literature

22.419 An approved special topic in German language or literature

22.420 An approved special topic in German language or literature

22.421 An approved special topic in German language or literature

22.422 An approved special topic in German language or literature

22.440 An approved special topic in Germanic languages, literature, thought or history

With the approval of the Head of Department, a thesis may be substituted for two of the optional papers. Students receiving such approval will be required to do the thesis in a second year. Every candidate will be required to pass an examination on the oral use of the language. In determining the Class of Honours, the Candidate's performance in the written papers, the oral examination and in course work will be taken into consideration.

(2) Combined Honours — German with another language

Three papers in German and three in the other subject, with the seventh paper selected from either subject.

Three or four papers in German as defined above for Single Honours, to be selected with the approval of the Head of Department.

Every candidate will be required to pass an examination on the oral use of the language. In determining the Class of Honours, the candidate's performance in the written papers, the oral examination and in course work will be taken into consideration.

†22.002 Foreign Language Reading Course (German)

This course is designed for students who must satisfy, in another faculty, a foreign language reading requirement in German.

SCANDINAVIAN STUDIES

Students interested in enrolling for Scandinavian Studies should obtain a copy of the Departmental Handbook, which contains a more detailed description of the subject and its component papers. The Handbook is available from the Secretary at 10 Grafton Road.

Scandinavian Studies I

Students may enrol without previous knowledge of the subject. Such students will receive a total of six hours of teaching per week.

A candidate's result will be determined over two papers. Papers 46.100 and 46.101 are linked corequisites — see BA Schedule.

In determining the final result, the candidate's performance during the year will be taken into consideration.

46.100 Language acquisition

Oral and written use of Swedish, tested in some or all of the following ways: comprehension, conversation, composition, translation from and into Swedish, dictation, reading.

46.101 (i) Prescribed texts in Swedish for translation

(ii) Selected works of Scandinavian literature

(iii) An outline of Scandinavian history, geography and literature

Scandinavian Studies II

A candidate's result will be determined over three papers. Papers 46.200, 46.201 and 46.202 are linked corequisites — see BA Schedule.

1985 Calendar
In determining the final result, the candidate's performance during the year will be taken into consideration.

46.200 Language acquisition
Oral and written use of Swedish, tested in some or all of the following ways: comprehension, conversation, composition, translation from and into Swedish, dictation, reading.

46.201 (i) The development of the Scandinavian languages
(ii) Selected Danish and Norwegian texts since 1840
(iii) Aspects of 20th Century Swedish literature

46.202 Scandinavian drama with special reference to Holberg, Ibsen, Strindberg and Ingmar Bergman

Scandinavian Studies III
In determining the final result, the candidate's performance during the year will be taken into consideration.

46.300 Language Acquisition
Advanced oral and written Swedish; comprehension of written Danish and Norwegian ("Bokmaal").

DEPARTMENT OF HISTORY
Fuller details concerning the Department's teaching programme and its requirements of students are contained in a guide which all students must obtain from the Department at 1A Wynyard Street. Students are advised to call at the Department before enrolment to discuss courses and to obtain reading lists and a leaflet entitled Advice on Books to Buy. This will list recommended texts for papers for which there are no prescribed texts.

Note: *This paper will not be taught during the current Calendar year
†This paper will not be taught during the current Calendar year unless sufficient staff is available

History I
24.100 From Versailles to Pearl Harbor: issues of peace and war
(first half of year)
The origins of the Second World War in Europe and Asia. The course examines the challenges Germany and Japan presented to the status quo and considers the outcome.

24.101 The Russian Revolution
(second half of year)
The origins of the 1917 revolution and the development of the Soviet state and society.

24.103 Fascism in the inter-war Years
(second half of year)
The nature of inter-war fascism with particular reference to the movement in Italy and Germany.

24.105 The USA in the 20th Century
(first half of the year)
This course traces the political, social, intellectual, cultural, economic, and military trends and events which have shaped the United States in this century. Topics covered include: the origins of modern America; immigration; America's experiment with imperialism; the Progressive Era; World War I; the 1920s; the Great Crash; the Depression; Franklin D. Roosevelt and the New Deal; World War II; the Cold War; Harry S. Truman and the Fair Deal; the changing political, economic and social role of women in America; civil rights; Korea; the Eisenhower years; John F. Kennedy and Camelot; Lyndon B. Johnson and the Great Society; Black Power; Vietnam; the 1960s; feminism; and the Nixon Years.

*24.106 Marxism in Perspective
Marxism as theory and practice in nineteenth-century Europe. The course will follow the development of socialist theory in the context of industrialisation and the early labour movement.

*24.107 Special Topic: To be prescribed by Head of Department

24.120 A History of Race Relations in New Zealand
(second half of year)
A history of racial and cultural interaction in New Zealand from the late eighteenth century to the 1980s.

24.121 New Zealand Society and Politics
(first half of year)
New Zealand history (other than race relations and specifically Maori history) since 1840, but with the main emphasis on the period since 1870.

24.140 Europe in the Age of Kings and Queens
1450-1700
(first half of year)
An introduction to the history of late medieval and early modern Europe, with emphasis on the development of European states and changes in habits of thought, social order and life styles.

24.141 Europe in the Age of Revolution
1750-1875
(second half of year)
A survey of the economic, social, political and ideological transformation of Europe during the eighteenth and nineteenth centuries, with emphasis on the 'dual revolution' — the French Revolution of 1789 and the British Industrial Revolution. (This paper is taught jointly with Sociology.)

Note: Each of the above papers will be taught for half of the year, three lectures, one tutorial per week, in the following sequence: 24.100-24.103; 24.105-24.101; 24.106 will be taught in the second half; 24.121-24.120; 24.140-24.141. Second half year papers will start in the week beginning 24 June. Should their timetable permit, students may take a single paper, or two or more papers from different sequences.
Asian History I

24.130 China since the Opium War
(second half of year)
The collapse of Imperial China under the impact of foreign imperialism and internal upheavals and the subsequent struggle to rebuild a modern nation.

24.132 Nationalism and Revolution in Vietnam, Thailand and Indonesia
(first half of year)
An examination of the nineteenth-century roots of nationalism and the significance of the revolutionary struggle in the twentieth century.

Note: There will be three lectures and one tutorial a week for each paper. Paper 24.130 will start in the week beginning 24 June.

History II

24.200 Rome and the Barbarians 350-750
(second half of year)
The course investigates the relationship between the governing classes of the Western Empire and the new peoples who settled within its boundaries from the 4th to the 6th century. With whom did the initiative mostly lie, and how great were the changes resulting?

24.201 Mediaeval English Kingship from Alfred to Henry III
(second half of year)
Studies in the development of royal power in England from the Anglo-Saxon period until the thirteenth century.

24.208 Early Modern Spain and its Silver Colonies
(first half of year)
The growth of the powerful Spanish monarchy from the late fifteenth century, together with its colonisation of Mexico and Peru. In the seventeenth century, the emphasis is on the weakening of the Crown and the erosion of metropolitan control over the two colonial societies. The focus of the paper is Habsburg Spain. Students are recommended to take paper 24.214 with this paper.

24.212 The French Enlightenment
A study of eighteenth-century French thought with some attention to its seventeenth-century background. An essential part of the course will be the study in translation of some specified works by Montesquieu, Voltaire and Diderot.

24.214 Parliaments, Estates and Revolutions, 1550-1660
(first half of year)
A study of representation and consent in early modern Europe and of the parliamentary assemblies which were the embodiment of these principles. The course falls into two parts: a static, institutional study of assemblies in the mid-sixteenth century; and a dynamic study of the rise, decline, or eclipse of those assemblies, and particularly of their role in the crises of the mid-seventeenth century.

24.215 Society in Crisis: Europe 1550-1660
(second half of year)
This course — with an emphasis on social history — attempts to capture something of the 'flavour' of the world of sixteenth- and seventeenth-century Europe as well as providing students with an introduction to some of the more important events of those centuries. Particular attention will be paid to one example of crisis, the English Revolution.

24.230 Polynesian and European Exploration of the Pacific
(first half of year)
European exploration of the Pacific and theories on the origin and migration of Polynesians, including Maori voyages to New Zealand.

24.232 Colonial Society and the American Revolution
(second half of year)
The development of the societies and institutions of colonial America leading to the American Revolution.

24.233 Australian Society 1788–1985
(first half of year)
A study of some of the main factors that have shaped Australian society and the attitudes and values of Australians.

24.234 New Zealand Communities 1840-1940
(second half of year)
A study of the origins, social structure, cultural and economic change, politics and government of different types of New Zealand communities. Case studies will be made of certain communities e.g. a Wakefield community, a sheep station, a Maori community, an urban community.

24.235 Special Topic
For 1985: France in the Seventeenth Century. This paper will deal mainly with the internal history of France from the Edict of Nantes to the death of Louis XIV. It will concentrate on politics, society and religion. War and foreign policy will be treated as they affected internal developments. A reading knowledge of French is not required.

24.236 Special Topic
To be prescribed by Head of Department

Note: Each of the above papers will be taught for half of the year, two lectures, one tutorial per week, in the following sequence: 24.208-24.200; 24.201 will be taught in the second half; 24.214-24.215; 24.233-24.232; 24.230-24.237.

Second half year papers will start in the week beginning 24 June. Should their timetable permit, students may take a single paper, or two or more papers from different sequences.

Asian History II

24.222 China under the Ming and Qing Dynasties
(second half of year)
The social, political and economic structure of the final period of the Chinese empire, and the practice of imperial government under native and foreign rulers, China’s relations with the outside world, and the development of her cultural heritage.
24.223 State and Society in Pre-colonial Island S.E. Asia
(second half of year)
An introduction to the history and culture of Malaysia, Indonesia, and the Philippines up to the period of
High Colonialism in the late nineteenth century, through a discussion of such themes as the ecological
system, the monsoons and trade, state formation, religion, literature, etc.

24.224 State and Society in Pre-colonial Mainland S.E. Asia
(first half of year)
An introduction to the history and culture of Burma, Thailand, and the Indo-China states up to the period of
High Colonialism in the late nineteenth century through a discussion of such themes as the ecological
system, the monsoons and trade, state formation, religion, literature, etc.

Note: Each paper will be taught for half of the year, two lectures, one tutorial per week. 24.224, 24.222 are taught in sequence, paper 24.222 starting in the week beginning 24 June.

History III

24.301 The Mexican Revolution
(second half of year)
The revolution (1910–1920) and the subsequent attempts to carry out its objectives: a study in the problems of reforming a society in an inherited environment of internal political corruption and external economic exploitation.

24.302 The Reign of Henry VIII
A study (involving the extensive use of primary sources) of King, Court, and Kingdom in the thrones of a political revolution imposed from above and a religious reformation initiated from below.

24.304 The Habsburg Empire 1848–1918
The problems of the central administration of the Empire and its political and ethnic components. Foreign policy to be dealt with only insofar as it throws light on the Empire's problems and fate.

24.307 The Origins of the First World War
(first half of year)
The origins of the First World War through discussion of the foreign policies of the main European countries involved, including Italy, and an analysis of international relations from 1870, and particularly from 1890 to 1915.

24.309 British Labour History 1850–1918
(second half of year)
The conditions of life and work of the lower classes and the evolving nature of the industrial and political labour movements.

24.310 The American Civil War and Reconstruction
(first half of year)
The problems of slavery, race relations, and sectionalism in nineteenth-century America.

24.314 Race in the Antipodes: New Zealand, Australia and South Africa in the 19th Century
(first half of year)
The evolution of ideas about race in the nineteenth century with case studies of New Zealand, Australia and South Africa.

24.315 Pacific History: Culture Contact to about 1900
(first half of year)
The relations between Pacific Islanders and Europeans (explorers, traders and missionaries) up to the colonial period.

24.320 Special Topic
To be prescribed by Head of Department

24.322 Women in New Societies
(first half of year)
A comparative study of women's history in New Zealand, the USA and Australia.

24.325 Special Topic
To be prescribed by Head of Department

24.326 Aspects of the History of European Antisemitism
Introductory lectures will be given on attitudes to the Jews in the Ancient World, the New Testament, the Church Fathers and the Middle Ages. The main emphasis will be on the period since the Enlightenment. German antisemitism will be stressed and other topics will also be selected for study, including antisemitism in France, fascist Italy, the Habsburg monarchy and its successor states, and Russia.

24.327 Communism in Western Europe
(second half of year)
Communism in Western Europe from the Russian Revolution to the present. Topics include the German Revolution of 1918, Gramsci and Italian Communism, the British general strike of 1926, the French Popular Front, Spanish Civil War, the Resistance and recent trends in Eurocommunism.

24.328 Religion in Changing Societies
(first half of year)
A study of religion in mid-nineteenth century Britain and how that religion fared when transplanted to Australia and New Zealand.

24.329 Special Topic
To be prescribed by Head of Department

24.331 Justinian: Triumph or Disaster?
Did Justinian restore to a shattered empire unity, efficiency, and taste? Or did he destroy the political stability of Africa, Italy, and Gaul, and overlook new dangers in Persia and the Balkans?

24.332 Early Monasticism
(second half of year)
This paper traces the development and wider impact of Christian asceticism, in all its forms, but particu-
24.333 A History of Medieval Europe from Charlemagne to Philip the Fair (second half of year)

Designed as a successor to 24.201, this paper will cover approximately the same period (c.800–c.1296) and will deal with the political and cultural history of medieval European States (excluding England).

24.334 Britain and Russia: a Century of Conflict (second half of year)

During the nineteenth century one of the major factors in the formulation of British foreign policy was fear of the growth of Russian power. What was British policy in response? To what extent does an examination of Russian foreign policy warrant the nineteenth-century British interpretation of it?

24.336 Popular Culture in Early Modern Europe (first half of year)

The attitudes and values of ordinary people in Europe c.1500–1750; in other words popular culture in the widest sense of the term. Topics will include political and social protest, religion and irreligion, witchcraft, healing, literature, recreations—though students will have the opportunity to concentrate on specific areas of interest. Other regions will be discussed, but the emphasis will be on England.

24.337 Colonial Nationalism (second half of year)

Colonial nationalism: the rise of national sentiment in the former ‘White’ dominions, Australia, Canada, New Zealand and South Africa.

24.338 Racial Equality in the United States since 1945

The efforts of blacks to achieve full benefits of citizenship in the United States, including the NAACP’s attack on segregation through the Courts Brown v Board of Education, the Civil Rights movement. Martin Luther King, Black Power, Black Separatism and Black nationalism.

Note: Each of the above papers will be taught for half of the year, one one-hour and one two-hour period per week in the following sequence: 24.307-24.334; 24.310-24.336; 24.314-24.337; 24.315-24.333; 24.322-24.330; 24.327 will be taught in the second half; 24.328-24.330; 24.336-24.332. Second half year papers will start in the week beginning 24 June. Should their timetable permit, students may take a single paper or two or more papers from different sequences. But it may prove impossible owing to pressure of numbers in certain classes to allow students to enrol for all the papers of their first choice.

Asian History III

24.312 Sino-Japanese Relations since the Meiji Restoration (first half of year)

The relations of the two principal nations of the Far East, since the impact of the West; the breakdown of China’s informal overseas empire; and the role of Japan in the development of Chinese nationalism.

24.324 Trade and Society in pre-Colonial Southeast Asia (first half of year)

Trade and its impact on various societies in Southeast Asia prior to the nineteenth century. An important component of the course is a research essay which is intended to interest students in the historiographical problems involved in reconstructing the history of an area with limited written and oral sources.

24.330 British Imperialism in Southeast Asia (second half of year)

A survey of British imperialism in the Southeast Asian context from the late eighteenth century to the years following the Second World War, with an emphasis on selected topics and areas.

Note: Each of the above papers will be taught for half of the year, one one-hour and one two-hour period per week in the following sequence: 24.324-24.330, 24.312 will be taught in the first half year. Second half year papers start during the week beginning 24 June.

History for MA and Honours

Five papers and a research essay (24.603) counting as one paper; or, with the permission of the Head of Department, four papers and a thesis (24.601). The research essay must be on a subject connected with one of the candidate’s formally examined MA papers or, with the permission of the Head of Department, one of the papers passed at History III. The thesis shall not exceed 50,000 words and two copies must be handed in to the Registrar. The research essay shall be between 10,000 and 20,000 words and two copies must be submitted to the Registrar. Candidates presenting a research essay may attempt the five papers and present the essay in one year, or attempt four papers in the first year and present the remaining paper and research essay in the second year, or with the permission of the Head of Department attempt three papers in the first year and present the remaining two papers and research essay in the second year. Candidates presenting a thesis must attempt four papers in the first year.

Students attempting the one-year MA must present their research essay by the last day of February in the calendar year following the examinations. Other students attempting research essays must present them by 1 December of the second year of the course. For the date for theses, see MA Regulations 10 (d). Students writing theses or research essays are expected to report regularly to their supervisors and to attend graduate seminars on research methods.

24.400 Topics in New Zealand History

Aspects of New Zealand history at present engaging the attention of research workers, including political, social and racial questions.

24.401 The Political Development of the Pacific Islands from about 1870

An examination of political and related social change in the Pacific Islands from annexation to decolonization.
24.402 Race and Class in Southern Africa in the 20th century
Liberal-radical controversy and the historiography of South Africa, Zimbabwe and Kenya since about 1890.

24.403 Topics in Australian History since 1880
An investigation of social change and social structure with emphasis on issues at present engaging the attention of research workers.

24.404 Kings, Lords, and Commons: Tudor Government and Society 1485–1603
This course involves the extensive use of primary materials. It concentrates on the changing role of parliament; the shifting relationship between king, lords, and commons; and parliament's response to a wide variety of political, economic and social problems ranging from religion and witchcraft to treason and inflation.

24.406 Individual and Community in Western Europe 1050–1200
The developments and changes in the relationship between communities (intellectual, religious, commercial, heretical) and the individuals which made them up. A reading knowledge of French or Latin (or perhaps German) is essential.

24.407 Indonesia and the Philippines: Colonial Experience and Post-colonial problems
This paper examines the similarities and contrasts in the colonial history of Indonesia and the Philippines and discusses some of the problems the two Republics have faced since independence.

24.408 Russia since 1917

24.409 British Social History 1870–1914
Social change in late nineteenth century Britain. Topics such as attitudes to poverty, social legislation, housing problems, the role of women and changes in education are covered.

24.410 Philosophy of History
Identification of the main philosophical questions provided by the study of history in Western European Society and examination of the different ways in which those questions arose and were resolved at different periods in the Western European tradition.

24.411 Topics in the History of the Early American Republic
A study of early national American society and politics, with special reference to political culture, diplomacy and war in the years between 1776 and 1828.

24.413 The Origins of the Second World War
This course is mainly concerned with the origins of the war in Europe and lays particular emphasis upon the relationship between internal and international affairs.

24.415/18.404 Victorian Studies
An inter-disciplinary paper, shared with the English department, concerned with selected topics from English literature and British social and cultural history of the nineteenth century.

24.419 New Zealand Oral History
An examination of the techniques and problems of oral history.
Note: (i) Only students who have previously studied New Zealand (e.g. 24.120, 24.121 or 24.400) may take this course.
(ii) With the permission of the Head of Department this course may be substituted for the research essay 24.603.

24.420 China's Struggle for Modernity: The Republican Era
An examination of China's fragmentation under the warlords and its tortuous development towards a new national unity.

24.421 Special Topic
To be prescribed by Head of Department

24.422 Special Topic
To be prescribed by Head of Department

24.423 Marxist Historians and their Critics
This paper is a concentrated study of historical method and debate. It is divided into three main sections. Section one deals with the contributions, methodologies and development of some prominent Marxist historians. Section two examines some specific controversies involving Marxist historians. Section three discusses some classic statements about the nature and value of history, using anti-Marxist, non-Marxist, and Marxist examples.

Note: (i) There is no guarantee that all the papers listed above will be available in any one year.
(ii) If enrolment for any MA paper falls below five, students will be given the option of transferring to another MA paper. As an alternative it may be possible in some cases to arrange for the paper to continue as a reading course, meeting once a fortnight.
(iii) All students intending to enrol for MA must see the Head of Department before formally enrolling, preferably at the end of the previous year.

DEPARTMENT OF MATHEMATICS AND STATISTICS
For prescriptions see Index.

DEPARTMENT OF MUSIC
Note: * This paper will not be taught during the current Calendar year
† This paper may not be taught during the current Calendar year

Restrictions on Entry to Courses:
1. A student wishing to advance in Music for BA (that is beyond Stage I) who has not taken and passed in Music for the University Entrance or University Bursary Examinations will be required to satisfy the Head of Department of Music that he or she has reached an acceptable standard in harmony and aural perception. For this purpose, interviews will be held in the first weeks of February before University
enrolment week, and application to the Registrar must be made on the prescribed form and forwarded to the Secretary, Music Department, by 15 November.

2. Enrolments in many papers in the Department are restricted. Students should refer to the Faculty of Music Prescriptions where numbers and methods of restriction are given.

**Music I**

Music I (as prescribed for B. Mus)

28.101, 28.102, 28.103

Or

28.104 and 28.105

Or

28.104

**Prescriptions for BA**

28.104 **Music and the 20th Century**

(One paper)

A listening-based approach to music and its various types and forms in the period 1900-1960.

28.105 **Basic Musical Techniques**

(One paper)

Fundamental written skills in music, and practice in keyboard work and aural perception.

**Music II**

Music II (as prescribed for BMus)

**Music III**

Music III (as prescribed for BMus)

**Music for MA and Honours**

Entry to the course depends on interview by the Board of teaching members of the Music Faculty.

Where necessary, a candidate will be required to satisfy the Head of the Department as to his or her proficiency as a performer, or ability to read an approved language other than English, or both.

**Philosophy I**

Note: Two hours per week for each paper including lectures and tutorials.

29.100 **Introduction to Metaphysics and Theory of Knowledge**

29.101 **Introduction to Logic**

29.102 **Ethics**

29.103 **Social Philosophy**

**Philosophy II**

Note: (i) Paper 29.208 is a prerequisite for all Philosophy III papers.

(ii) One two-hour period per week for each paper other than 29.201 (two one-hour periods per week).

(iii) The prerequisite for all Philosophy II papers is a pass in two Philosophy I papers.

(iv) Students majoring in a subject other than Philosophy who wish to enrol in Philosophy II papers and who have not passed any Philosophy I papers may enrol if the Head of Department deems they have adequate background in the subject matter of the papers.

*29.200 **Philosophy of Mind**

29.201 **Logic II**

*29.202 **Philosophy of Language**
29.203 Philosophy of Science
29.204 Greek Philosophy
29.205 Political Philosophy
*29.206 History of Scientific Ideas
29.207 Philosophy of Religion
29.208 Metaphysics II
*29.209 History of Philosophy
*29.210 Special Topic
†29.211 Existentialism and Phenomenology
*29.212 Special Topic

Philosophy III

Notes: (i) Paper 29.208 is a prerequisite for all Philosophy III papers.
(ii) One two-hour period per week for each paper other than 29.305
(two one-hour periods per week).
(iii) Students who wish to advance to MA in Philosophy must pass four
Philosophy III papers, including paper 29.306 (for which 29.101 is a
prerequisite), and attain an average grade of C+ or higher. For those
students who complete a double major in Philosophy and another
subject, the prerequisite for advancing to MA in Philosophy is a pass
in three Philosophy III papers, including paper 29.306 (for which
29.101 is a prerequisite), the average grade for the three Philosophy III
papers being C+ or higher.

*29.300 Theory of Knowledge
29.301 Metaphysics III
29.302 History of Philosophy (Ancient and Medieval)
29.303 History of Philosophy (Modern)
29.304 Ethics
29.305 Logic III
29.306 Contemporary Analytic Philosophy
29.307 Special Topic
†29.308 Special Topic

Philosophy for MA and Honours

Prerequisites for enrolment for MA in Philosophy
are passes in eight Philosophy papers, including
29.101, 29.306, and three other Philosophy III papers
(or two other Philosophy III papers for students tak-
ing a double major). All Philosophy III papers must
be passed at an average grade of C+ or higher.
Seven papers are required for MA in Philosophy:
either four papers to be taken in the first year and
three in the second year of the course, or, with the
approval of the Head of Department, four papers and
a thesis counting as three papers (29.601). One paper
may be chosen from those offered in Philosophy III
which the student has not previously passed. All oth-
er papers are to be selected from 29.400 to 29.420, not
all of which are offered in any one year. The selection
must be approved by the Head of the Department,
who will generally require that the chosen papers fall
within at least three of the following areas of Philos-
ophy: (i) Theoretical Philosophy (Metaphysics,
Epistemology, etc); (ii) Practical Philosophy (Ethics,
Political Philosophy, etc.); (iii) Logic; and (iv) His-
tory of Philosophy (either a period or an important
figure). Students intending to enrol for an MA in
Philosophy must consult the Head of Department
towards the end of the previous year to discuss the
availability of papers, the proposed MA course, and
textbooks, reference works and vacation reading for
each course.

29.400 Ethics
29.401 Kant
29.402 Wittgenstein
29.403 Metaphysics
29.404 Philosophy of Language
29.405 Psychological Psychology
29.406 Philosophy of Natural Science
29.407 Philosophy of Social Science
29.408 Philosophy of History
29.409 Philosophy of Mathematics
29.410 Philosophy of Logic
29.411 Mathematical Logic
29.412 Topics in the History of Philosophy I
29.413 Topics in the History of Philosophy II
29.414 Topics in the History of Philosophy III
29.415 Topics in Modern Philosophy
29.416 Modern Continental Philosophy
29.417 Aesthetics
29.418 Special Topic
29.419 Special Topic
29.420 Special Topic

Candidates for 29.420 will be required to write essays
(to be submitted no later than the end of the fourth
week of the third term) within a field of Philosophy
to be specified by the Head of Department. There
will be no examination paper.

DEPARTMENT OF POLITICAL STUDIES

*Note: This paper will not be taught during the current Calendar year.
†This paper will not be taught during the current Calendar year unless
sufficient staff is available.

Political Studies I
30.100 American Government: Themes and
Practices in a Liberal Democracy
(first half of year)

(first third of year)
30.204 A Topic in the Structure of International Relations
In 1985: New Zealand and Australian Foreign Policy.
(second third of year)
30.208 A Topic in European Politics
In 1985: Scandinavian Politics
(first half of year)
30.209 Modern Political Ideologies
(second half of year)

Asian Politics II
30.205 Government and Foreign Policy of Malaysia and Singapore
(first third of year)
*30.206 Government and Foreign Policy of Indonesia
30.207 Japan Since 1945: Images and Realities
(second third of year)

Political Studies III
30.301 A Topic in the Structure of International Relations and the Formulation of Foreign Policy
In 1985: United States Foreign Policy.
(first half of year)
30.302 A Topic in the Politics of New States
In 1985: Forms of Political Development in Africa.
(first half of year)
30.303 Introduction to Statistics and Political Research
(full year)
30.304 Political Learning and Political Behaviour
Social Change Political Environment and Voting Behaviour in Western Democracies
(first half of year)
30.305 Studies in Contemporary Political Ideas
(second half of year)
30.307 The European Community and COMECON
Nationalism Versus Integration in East and West Europe.
(first half of year)
30.308 The Foreign Policy of an Asian Nation: Japan Incorporated
(third third of year)
30.309 Explaining Political Action
(second half of year)
*30.310 Public Administration: Theory and Process
Theories of the nature of decision-making in governmental agencies, of bureaucratic accountability and of organisational development. The course will examine the processes of political control, executive leadership, checks and malfunctions and also evaluate the delivery of services.

Political Studies for MA and Honours
Four papers and a thesis (30.601) which shall count as three papers; or six papers and a research essay (30.603) which shall count as one paper; or seven papers. The papers shall be selected from 30.400 to 30.414. A candidate presenting a thesis must attempt four papers in the first year.
All candidates shall take four papers in their first year and will be expected to complete the remainder, being three papers, or a thesis, or two papers and a research essay, in the following year. Only in special circumstances and with the approval of the Head of Department will permission be given for a candidate taking seven papers or six papers and a research essay either to present three papers in the first year and the remainder in the following year, or to spread the course over three years by taking either one paper or the research essay in the third year.
A candidate presenting a research essay must submit it at the end of the second term in the year of presentation. The research essay must be on a topic approved by the Head of Department and shall not exceed 20,000 words.

1985 Calendar
The thesis shall not exceed 60,000 words.
The prerequisites for the MA course are eight papers in the subjects Political Studies and Asian Politics including three Stage III papers.

30.400 Topic on Political Thought and Practice
The Role of Ideology in China.

30.401 A Topic on the Role of Minority Ethnic Groups in Politics
Minorities in New Zealand and the USA.

30.402 A Topic on Urban Government and Politics

30.403 Special Topic to be Prescribed by the Head of Department
In 1985: The Politics of Information: global, regional and domestic issues in news flows and communications technology.

30.404 Australian Politics

30.407 Thomas Hobbes and His Times

30.408 Special Topic to be prescribed by the Head of Department
In 1985: Mass Communications and Mass Beliefs.

30.409 A Topic on the Politics of Asian Nations
In 1985: Development Theory, Policy, and Practice.

30.410 Special Topic to be prescribed by the Head of Department
In 1985: Political Ideas in New Zealand.

30.411 A topic on Political Thought and Practice
In 1985: Communist revisionism in Eastern Europe. This paper will not be available to those who have previously taken paper 30.300.

30.412 A topic on American Politics
In 1985: Issues of the contemporary Presidency and the modern Supreme Court.

30.413 Public Administration

30.414 A topic in Comparative Politics

DEPARTMENT OF PSYCHOLOGY
For prescription, see Faculty of Science

DEPARTMENT OF ROMANCE LANGUAGES

Note: *This paper will not be taught during the current Calendar year
†This paper will not be taught during the current Calendar year unless sufficient staff is available.

FRENCH

French Stage I
Language papers
34.100 or 34.110 Language Acquisition
(Entry to 34.110 is given after a streaming test or a later decision by the Head of Department). Oral and written expression in French, aural and written comprehension; tested in some or all of the following ways: comprehension, explanation, conversation, composition, translation, dictation, reading aloud; with linguistic and stylistic analysis.

34.102 Language Comprehension
Aural and reading comprehension using texts on contemporary issues, and (optionally) conversation on the same topics.

34.104 Language comprehension in specific areas A: Science
Aural and reading comprehension using general science texts.

34.106 Language Comprehension in specific areas B: *Social Science, Art History
Aural and reading comprehension using texts in areas or disciplines to be specified each year. (A minimum of five candidates per area is required).
1985: Art history

34.108 Language Comprehension in Music
Comprehension of written and sung French for music students. For performance students, the listening comprehension examination will be replaced by performance of songs and arias in French.

Text papers
34.101 Twentieth Century Literary Texts
34.103 Twentieth Century Texts

*34.109 Contemporary French Civilisation

French Stage II

34.200 Language Acquisition
Oral and written expression in French, aural and written comprehension; tested in some or all of the following ways: comprehension, explanation, conversation, composition, exposition of an unprepared topic, translation, dictation, reading aloud; with linguistic and stylistic analysis.

34.203 Nineteenth Century Literary Texts

32.204 Nineteenth Century Language

*34.209 Nineteenth Century French Civilisation

34.201 Nineteenth and/or Twentieth Century Literary Texts
1985: Shorter Fiction

*34.202 Nineteenth and/or Twentieth Century Literary Texts

34.205 Medieval Texts

34.210 Professional translation of written texts
Practical training in professional translation, both written and oral, between English and French. Enrolment by permission of the Head of Department (not a corequisite paper).
34.214 Applied Language Studies
A study of the structure of French with reference to different linguistic models and their relevance for teaching.

French Stage III

34.300 Language Acquisition
Oral and written expression in French, aural and written comprehension; tested in some or all of the following ways: comprehension, explanation, conversation, composition, exposition of an unprepared topic, translation, dictation, reading aloud; with linguistic and stylistic analysis.

34.310 Seventeenth and Eighteenth Century Literary Texts
1985: Theatre

34.302 Seventeenth and Eighteenth Century Texts
1985: Prose

34.305 Seventeenth and/or Eighteenth Century Language

34.318 Social and Lexical History of French in the Pacific

34.306 Medieval French Literature and Civilization

34.308 A Topic in Nineteenth and/or Twentieth Century Literature
1985: The Novel and Society

*34.309 A Topic in Nineteenth and/or Twentieth Century Literature

34.307 A Literary Topic
1985: Poésie et chansons à l'époque moderne

†34.320 Professional translation of written texts
Practical training in professional translation between English and French. Enrolment by permission of the Head of Department (not a corequisite paper)

Foreign Language Reading Examination (French)

34.500 FLRE in French (without lectures)

34.501 FLRE in French (with lectures)

Note: Students wishing to gain this qualification are advised as follows:
(a) if you passed in French at Bursaries or Scholarship levels, you should with some reading in French in your own subject be able to pass in 34.500; if you wish to refresh or improve your knowledge, you should enrol in 34.501 and attend lectures in 34.104 or 34.106 according to your discipline.
(b) if you passed in French at a lower level than Bursaries, but have done at least 120 years of Secondary School French, you should enrol for 34.501, 34.102, 34.104 or 34.106;
(c) if you have done no French at all, you should enrol in a beginner's course at the Centre for Continuing Education.
A pass in 34.500 or 34.501 gives a prerequisite qualification but does not count towards a degree; a pass in 34.100, 34.102, 34.104 or 34.106 also counts towards several undergraduate degrees.

French for MA and Honours
Seven papers or four papers and a thesis (34.601)
The requirements are given in section (9) of the MA Schedule. The thesis must be taken in the second year. For the MA in Languages and Literature, the requirements are in section (17) of the MA schedule, there is no thesis option. Paper 34.400 is compulsory for both subjects, and the marks for it bear a relative weighting of three to two for each other paper in French. Selection of paper 34.421 is subject to the permission of the Head of Department. Prerequisites may be waived by the Head of Department. All intending MA students should consult staff in the year preceding enrolment.

34.400 Language Acquisition
Oral and written use of French, tested by: comprehension, explanation, conversation, composition, exposition of an unprepared topic, translation, dictation, reading aloud; with linguistic and stylistic analysis. (Prerequisite: 34.300).

34.402 A Special Topic in Renaissance Literature

*34.403 A Special Topic in Sixteenth and Seventeenth Century Thought

*34.404 A Special Topic in Seventeenth Century Literature

34.406 A Special Topic in Nineteenth and/or Twentieth Century Literature
1985: Contemporary Literary Criticism
(Not available to candidates who passed 34.309 in 1983)

34.423 A Special Topic in Nineteenth and/or Twentieth Century Literature
1985: New Structures in the Twentieth Century Novel

34.407 A Special Topic in Twentieth Century Literature
1985: Chemins de la pensée

*34.408 A Special Topic in Twentieth Century Literature

34.409 A Special Topic in Twentieth Century Literature
1985: Novels of Social Comment and Human Relations

34.410 An Approved Literary Topic
1985: La Femme aux 19e siècles

34.411 An Approved Literary Topic
1985: Modern Canadian Fiction

34.412 Old Picard Language and Literature
(Recommended prerequisite: 34.205 or 34.306)

34.413 Middle French Language and Literature

34.416 Principles of Lexicology and Lexicography and their application to French
Faculty of Arts, Degree Prescriptions, French, Italian

34.417 Applied Linguistics, as related to French
34.418 Overseas Regional French
Not available to candidates who passed 34.318 in 1984
34.419 Creole French
34.420 An Approved Topic in Linguistics
34.421 Research Techniques in Language Literature or Civilisation
Particular reference will be paid to one aspect in which an original investigation must be undertaken. The prerequisites are determined by the Head of the Department.
†34.422 Linguistic Analysis of French
34.601 Thesis
(Equivalent to 3 papers)

ITALIAN

Italian I
A guide to Italian studies at Auckland is available from the Romance Languages Department, Arts I Building. Students are warmly invited to visit the Italian lecturers before enrolment to discuss courses. It is best to phone to make an appointment.
(Methods of assessment for all Italian papers - coursework, examinations etc - are determined at the beginning of the year in consultation with the students for each course).
35.102 and 35.103 Italian Language and Society 1 and 2
A course designed specifically for those who have never studied a foreign language, and emphasis will be given to the teaching of the grammatical terminology necessary for such study. Students learn to speak, read and write Italian using material on issues in contemporary Italian life, society, politics and thought.
*35.104 Italian Language in Opera and Song
Primarily intended for singers. Comprehension and pronunciation. Study of Italian texts of operatic libretti, madrigals, songs. May be taken by both BA students and students from the Faculty of Music.
35.106 and 35.107 Italian Language Acquisition and Introduction to Italian Culture 1 and 2
Open to beginners and more advanced students, these papers must be taken together. Students learn to speak, read and write Italian. In addition, aspects of the history of Italian culture will be studied.
35.108 Italy in the Twentieth Century
(second half of year)
An historical, political, sociological and cultural study of the fascist period and the years since the Second World War. Topics studied range from migration patterns to contemporary Italian film. No knowledge of the Italian language is required. Two lectures and one tutorial per week.
35.109 Modern Italian Film
(first half of the year)
A study of the work of some major Italian film makers of the post-war period in its political, social and cultural context. All films are subtitled or dubbed into English. Two lectures and one tutorial per week.

Italian II
35.200 Language Acquisition
Advanced reading, grammar, writing, conversation in Italian. Three hours per week. Weekly assignments. May be combined with any one or more of the following papers for Italian II.
35.202 Fourteenth Century Literary Texts: Dante
35.203 Fourteenth Century Literary Texts: Boccaccio and Petrarch
35.204 A Special Topic in Twentieth Century Literature or Culture
1985: Italian fiction and cinema. One two-hour discussion per week.
*35.210 Major Themes in Italian Renaissance Culture
One lecture and one tutorial per week
*35.211 A Special Topic in Italian Renaissance Literature 1
*35.212 A Special Topic in Italian Renaissance Literature 2
*35.221 A Special Topic in Italian Language
35.230 A Special Topic in Italian Literature
Students wishing to suggest a topic should do so before Christmas 1984. Papers 35.202, 35.203 are normally available in odd numbered years, 1985 etc; papers 35.210, 35.211 and 35.212 in even numbered years, 1986 etc.

Italian III
35.300 Language Acquisition
Advanced reading, grammar, writing, conversation in Italian using material reflecting current events in Italy. Three hours per week. Weekly assignments. May be combined with any one or more of the following papers for Italian III.
35.302 Fourteenth Century Literary Texts: Dante
35.303 Fourteenth Century Literary Texts: Boccaccio and Petrarch

1985 Calendar
35.305 A Special Topic in Twentieth Century Literature or Culture
1985: Italian fiction and cinema.
One two-hour discussion per week.

*35.310 Major Themes in Italian Renaissance Culture

*35.311 A Special Topic in Italian Renaissance Literature 1

*35.312 A Special Topic in Italian Renaissance Literature 2

35.321 A Special Topic in Italian Language

35.330 A Special Topic in Italian Literature
Students wishing to suggest a topic should do so before Christmas 1984.
Papers 35.302, 35.303 are normally available in odd numbered years, 1985 etc; papers 35.310, 35.311 and 35.312 in even numbered years, 1986 etc.

Italian for MA and Honours
The specific requirements for Italian are given in MA Schedule (15) and Languages and Literature including Italian in MA Schedule (17). In the former case 35.400 and 35.403 are compulsory; in the latter case 35.400 is compulsory.

35.400 Language Acquisition: Oral and Written Use of Italian
Tested in some or all of the following ways: translation, composition, conversation, comprehension, reading.

35.402 An Approved Topic in Linguistics

35.403 Linguistics: Principles and Methods Applied to the Study of Contemporary Italian

35.404 A Special Linguistics Topic

35.405 Thirteenth Century Literature

35.406 The Works of Dante

35.407 The Works of Boccaccio and the Genesis of Italian Prose

35.408 The Italian Theatre of the Renaissance; Teatro Erudito and Commedia dell’ Arte

35.409 Italian Theatre in the Eighteenth Century: Goldoni, Gozzi and the Development of the Italian Theatre

35.411 Verismo, with Special Reference to the Works of Verga

35.412 Pirandello and 20th Century Drama; Futurism, Pirandello, Dario Fo

35.413 A Special Topic in 20th Century Italian Poetry

35.414 A Special Topic in the 20th Century Italian Novel

35.415 An approved Literary or Cultural Topic

35.418 Italian Novel and Cinema after 1945

35.419 Theories and Examples of the Avant-Garde in Italy

35.420 Methodologies of Literary Criticism from Romanticism to Structuralism

35.421 An Approved Topic in Linguistics

35.422 An Approved Literary or Cultural Topic

35.423 An Approved Literary or Cultural Topic

35.424 An Approved Literary or Cultural Topic
Intending MA students should consult with the Italian staff during their final BA year.

35.601 Thesis
(Equivalent to 3 papers)

SPANISH

Spanish Stage I
45.100 Language Acquisition
Three lectures; one oral class; one language laboratory session; total five hours per week
Language acquisition: oral and written expression in Spanish, aural and written comprehension; tested in some or all of the following ways: comprehension, explanation, conversation, composition, translation, dictation, reading aloud; with linguistic and stylistic analysis.

45.101 Selected Texts in Twentieth Century Literature
One lecture a week; tutorials on request; two essays

45.102 Language: Oral, Aural and Reading Comprehension, Translation from Spanish to English
One lecture per week; one oral class; one language laboratory session

45.103 Contemporary Hispanic Civilization
One lecture a week; tutorials on request; two essays

Spanish Stage II
45.200 Language Acquisition
Two lectures; one oral class, one language laboratory session
Language acquisition: oral and written expression in Spanish, aural and written comprehension; tested in some or all of the following ways: comprehension, explanation, conversation, composition, translation, dictation, reading aloud; with linguistic and stylistic analysis

45.201 Golden Age Literary Texts
One lecture weekly; tutorials on request; one (or two) essays

1985 Calendar
45.202 Nineteenth and Twentieth Century Literary Texts
One lecture per week, tutorials on request; one (or two) essays

45.203 Literary Analysis, with Prescribed Texts
One lecture per week, tutorials on request; one (or two) essays

45.204 Twentieth Century Latin American Texts
One lecture per week, tutorials on request; one (or two) essays

Spanish Stage III

45.300 Language Acquisition
One lecture; one oral class; one language laboratory session
Language acquisition: oral and written expression in Spanish, aural and written comprehension; tested in some or all of the following ways: comprehension, explanation, conversation, composition, translation, dictation, reading aloud; with linguistic and stylistic analysis.

*45.301 Medieval Literature
One lecture per week; tutorials on request; one (or two) essays

45.302 Golden Age Literature
One lecture per week; tutorials on request; one (or two) essays

*45.303 Nineteenth Century Literary Texts
One lecture per week; tutorials on request; one (or two) essays

45.304 Twentieth Century Literary Texts
One lecture per week; tutorials on request; one (or two) essays

45.305 Twentieth Century Latin American Literature
One lecture per week; tutorials on request; one (or two) essays

Spanish for MA and Honours
Seven papers or six and a research essay (45.603), or four papers and a thesis (45.601).
The specific requirements for Spanish are given in MA Schedule (28); and for Languages and Literature including Spanish in MA Schedule (17). In both cases, paper 45.400 is compulsory and the marks for it bear a relative weighting of three to two for each other paper.

45.400 Language Acquisition
Oral and written expression in Spanish, aural and written comprehension; tested in some or all of the following ways: comprehension, explanation, conversation, composition, exposition of an unprepared topic, translation, dictation, reading; with linguistic and stylistic analysis.

45.401 A Topic in Medieval Literature

(Equivalent to 3 papers)

Intending MA students should consult with the senior staff of the Department during their final BA year.

DEPARTMENT OF RUSSIAN

*This paper will not be taught during the current Calendar year.
†This paper will not be taught during the current Calendar year unless sufficient staff is available.

Russian 1
Students may enrol for Stage I papers without any prior knowledge of the subject areas. The two Russian language papers, 43.100 and 43.101, are linked corequisites and are also prerequisites for all students advancing to Stage II except, with the approval of the Head of Department, those with Bursary-level knowledge of the language; 43.111, 43.112 and 43.113 can be taken independently of each other and of any other
papers in the Department. Students intending to advance in Russian are strongly advised to take Paper 43.112 during either their first or second year of study.

Paper 43.111 is offered in 1985 and alternate years.

**Note:** The readings for papers 43.112 and 43.113 are entirely in English.

43.100 and 43.101 Russian Language Acquisition 1 and 2
Written and oral use of Russian, tested in some or all of the following ways: translation into Russian, composition, comprehension, conversation, dictation, reading. Literary and non-literary texts for translation from Russian. The two papers must be taken together.
Five hours and one language laboratory session per week; regular assignments

43.111 Language Acquisition: Serbo-Croatian
Elementary written and oral use of Serbo-Croatian, aural and reading comprehension of texts of Yugoslav culture and civilisation, tested in some or all of the following ways: translation, composition, comprehension, conversation, dictation, reading.
Three hours per week. Optional library use of the Language Laboratory

43.112 Russian Civilisation
A survey of the political, social, economic, religious, intellectual and artistic forces which historically have helped to shape modern Russia.
Two consecutive hours per week; two assignments

43.113 The Classics of Russian Literature
Studies in major examples of Russian prose fiction.
Two consecutive hours per week; two essays

Russian II
Papers 43.210, 43.211 and 43.212 are linked corequisites. Paper 43.211 consists of two half-papers. Students who have not already taken paper 43.112 are strongly advised to do so alongside their Russian II papers.

43.210 Language Acquisition: Russian
Written and oral use of Russian tested in some or all of the following ways: translation, composition, comprehension, conversation, dictation, reading.
Three hours and one language laboratory session per week. Optional library use of the Language Laboratory

43.211 (i) Introduction to Modern Russian
Linguistic analysis of modern non-literary texts, with special reference to morphology and word-formation.
One class per week in the second and third terms

(ii) The Russian Lyric in the Nineteenth Century
Studies in 19th Century lyric poetry. Introduced by a series of lectures on literary theory.
One class per week: one assignment

43.212 The Russian Short Story in the Nineteenth Century
Selected short prose works by major Russian writers from Karamzin to Chekhov.
One class per week; two assignments.

Russian III
Papers 43.310 and any two from 43.311, 43.312 and 43.313 are linked corequisites.

43.310 Language Acquisition: Russian
Written and oral use of Russian tested in some or all of the following ways: translation, composition, comprehension, conversation, dictation, reading.
Three hours per week. Optional library use of the Language Laboratory

43.311 Introduction to Russian and Slavonic Linguistics
An introduction to the scientific study of language as related to Russian and the group of Slavonic languages; historical explanation of so-called "anomalies" in Modern Russian.
One class per week; several short assignments

43.312 The Russian Novel in the Nineteenth Century
Pushkin's Evgenii Onegin and one major novel each by Dostoevskii and L. Tolstoy.
One class per week; two assignments

43.313 Introduction to Russian Literature of the Twentieth Century
Representative short literary texts by major Russian writers active since 1905.
One class per week; two assignments

With the approval of the Head of Department certain papers from Russian MA and Honours may be offered as additional Stage III level papers.

**Note:** Papers 43.311 is substantially similar to 43.411; students will therefore be admitted either to paper 43.311 or to paper 43.411.

Russian for MA and Honours
No student may offer any paper for the MA degree in which he has already been credited with a pass at Stage III.

The specific requirements for Russian are given in MA schedule (26); and for Language and Literature including Russian in MA schedule (17). In both cases, paper 43.410 is compulsory. The prerequisite for each of papers 43.412, 43.413, 43.416 and 43.419 is paper 43.311 or 43.411. The prerequisite for paper 43.417 is 43.111, except in the case of students with sufficient prior knowledge. Paper 43.418 is a requirement for students intending to present a thesis in Russian literature. (Paper 43.411 is not available to those who have taken paper 43.311.)
180 Faculty of Arts, Degree Prescriptions, Russian, Sociology

**43.410 Language Acquisition: Russian**

*43.411 Introduction to Russian and Slavonic Linguistics

*43.412 A Special Topic in Russian Linguistics

43.413 The History of the Russian Literary Language

43.414 Lexicology and Practical Stylistics of Contemporary Standard Russian

*43.415 A Special Topic in Russian or Slavonic Linguistics

*43.416 Comparative Studies in the Modern Slavonic Languages

*43.417 A Special Topic in Serbo-Croatian Linguistics and/or Literature

*43.418 Introduction to Research in Russian Literature

43.419 Studies in Early Russian Literature

*43.420 Studies in Eighteenth-Century Russian Literature

*43.421 A Special Topic in Russian Poetry

*43.422 A Special Topic in Russian Prose

*43.423 A Special Study of a Russian Writer

*43.424 A Topic in Russian Literary Theory and Criticism

*43.425 A Further Special Topic

Intending MA Students should consult the Head of Department during their final BA year about the availability of MA papers and the possibility of their presenting a thesis (43.601) in lieu of two papers.

43.601 Thesis

**DEPARTMENT OF SOCIOLOGY**

Note: *This paper will not be taught during the current Calendar year.

†This paper will not be taught during the current Calendar year unless sufficient staff is available

**Sociology I**

82.100 Introduction to Sociology

82.101 The Social Structure of New Zealand

82.102 A History of Sociological ideas

1985: Europe in the Age of Revolutions 1750-1875

Students are expected to attend a one hour weekly tutorial in addition to lectures.

**Sociology II**

82.200 Sociological Theory

82.201 Sociological Methods

Students are expected to attend a weekly tutorial in addition to lectures in 82.200 and 82.201.

82.202 A Topic in Comparative Sociology

1985: New Zealand Community Studies

†82.203 Sociology of a Selected Region

82.204 Contemporary Social Problems

82.205 Social Stratification

*82.206 Regional Planning and Community Development

†82.207 Sociology of the Family

82.208 Special Topic

1985: Power, Control and the Modern Organisation

*82.209 Social Change and Modernisation; an Introduction to the Sociology of Development

82.210 Special Topic:

1985: Varieties of Religious Experience

82.211 Special Topic

1985: Society and the Arts

**Sociology III**

82.300 Industrial Sociology

82.301 Political Sociology

†82.302 Sociology of the Family

82.303 Sociology of Religion

1985: Religion in Contemporary Society

82.304 Ethnicity and Ethnic Groups

82.305 Social Stratification in Australia and New Zealand

*82.306 Community Studies

82.307 Advanced Study in Social Change and Modernization

1985: The World System, New Zealand and the Pacific

†82.308 Special Topic to be prescribed by the Head of Department

82.309 Special Topic

1985: Planning and Development

82.310 Special Topic

1985: Applied Social Research

82.311 Special Topic

1985: The Sociology of Science and Technology

82.312 Sociological Analysis

†82.313 Sociology of a Selected Region

82.314 Deviance

82.315 Sociology of the Arts

1985: Sociology of Literature

82.316 Research paper

Students intending to enrol for 82.316 must discuss this intention with the Head of Department before Enrolment Week.

Students including three Stage III Sociology papers in their degree must attempt 82.312 as one of them.
Sociology for MA and Honours

Four papers and a thesis (82.601) which shall count as 3 papers, or 6 papers and a research paper (82.603). The subject of the thesis or research paper must be approved by the Department. An outline is to be submitted to the Head of Department by 31 March of the year for which enrolment for the research paper is accepted. The main text of the research paper should not exceed 10,000 words.

Not fewer than seven papers will be offered from the following list. The department strongly recommends that students include 82.401.

*82.400 Advanced Problems in Sociological Theory
82.401 Advanced Problems in Sociological Method
82.402 Sociology of a Selected Region
1985: South Asia
†82.403 Advanced Topics in Economic Sociology
*82.404 Advanced Topics in Political Sociology
†82.405 Deviance
82.406 Urban Sociology and Ecology
*82.407 Rural Sociology
*82.408 Complex Organisations
†82.409 Industrial Sociology
†82.410 Applied Sociology
*82.411 Mass Communications
82.412 Special Topic
1985: Advanced Study in the Sociology of the Arts
*82.413 Special Topic to be prescribed by the Head of Department
82.414 Special Topic
1985: Marxism and Sociology
82.415 Special Topic
1985: A Topic in the Sociology of Development: Nationalism and Development
*82.416 New Zealand Family
82.417 Special Topic
1985: Feminist Social Theory

Note: All graduate students are expected to attend and contribute to the Staff Graduate Seminars. A programme will be published.
DIPLOMA COURSE REGULATIONS AND PRESCRIPTIONS

DIPLOMA IN BROADCAST COMMUNICATION

DipBrC

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations a candidate for the Diploma in Broadcast Communication shall, before enrolment for this Diploma, have been admitted or qualified for admission to the Degree of Master of Arts or, in exceptional circumstances such other University Degree as the Senate may approve in the particular case.
2. A candidate for this Diploma shall follow a one year course of full time study.
3. The course of study for this Diploma shall consist of two parts:

Part I
Papers 30.403 and 30.408 as prescribed for MA
OR
A candidate who has already been credited with either 30.403 or 30.408 shall for that paper substitute paper 18.420 as prescribed for MA
OR
A candidate who has already been credited with both papers 30.403 and 30.408 shall substitute paper 18.420 as prescribed for MA and a Research Essay (30.613).

Part 2
Such written and practical work as may be prescribed in Radio and Television Productions and related fields, the whole counting as three papers (30.700).

4. A candidate shall be required to pass each paper of Part I and pass Part 2 as a whole.
5. The Senate may in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.
6. These Regulations shall come into force on 1 January 1982.

PRESCRIPTIONS FOR DipBrC

The purpose of the Diploma is to provide graduate students with a theoretical and practical preparation in broadcasting and communications.

The course is a full-time course extending over one year. Entry to the course will be restricted to six candidates in any one year. Candidates wishing to enrol in the course for the Diploma are required to give notice of their intention to the Registrar of the University by letter which shall include a curriculum vitae showing academic results and any other qualifications, by 15 January each year. Candidates may be called for interview.

Part 1 (see Regulation 3 of the Diploma)

30.403 The Politics of Information
Global, regional and domestic issues in news flows and communications technology.

30.408 Mass Communications and Mass Beliefs

18.420 Film Studies

30.613 Research Essay
The research essay must be on a subject connected with the candidate's previously passed papers, 30.403 and 30.408 or, with the permission of the Head of Department of Political Studies, a topic on the structure and organisation of broadcasting. The research essay shall be between 10,000 and 20,000 words and two copies must be submitted to the Registrar not later than the last day of January in the Calendar year following the examinations.
Part 2

The course will include the following:

1. Introduction to the technical principles of radio and television broadcasting.
2. Practical experience in preparing and editing audio programmes, each student to present one such programme as a course submission.
3. Introduction to single-camera production techniques.
4. Introduction to multi-camera studio production.
5. Instruction and studio experience in the techniques of interviewing.
6. Post-production techniques, including scriptwriting, editing, graphics and animation.
7. Experience in preparing and editing video programmes, each student to present one such programme as a course submission.
9. An understanding of the principles of broadcast programming.
10. Development of critical awareness, including the preparation of individual diaries and reviews to be included as part of each student’s course submission.

DIPLOMA IN DRAMA

DipDrama

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations a candidate for the Diploma in Drama shall before his enrolment for this Diploma have been admitted or qualified for admission to the Degree of Bachelor of Arts having passed in not fewer than three papers at Stage II in English, or another European language, or such other subject or subjects as the Senate may approve; or provided that, if not qualified, a person may with the leave of the Senate be a candidate for this Diploma if before enrolment he
   (i) has been admitted or qualified for admission to some other university degree approved for this purpose by the Senate; or
   (ii) holds or has qualified for an award or qualification in dramatic work approved for this purpose by the Senate; or
   (iii) has had in the opinion of the Senate extensive experience in the theatre or in teaching drama.
2. A candidate for this Diploma shall follow a course of study for a period of one year, but in exceptional circumstances this period may be extended by the Senate.
3. The Course shall consist of such written and practical work as may be prescribed in theatrical, dramatic, and related fields.
4. A candidate shall throughout his enrolment for this Diploma carry out such practical work and shall participate in such approved theatrical work or plays as the Lecturer in charge of the Course shall require.
5. These Regulations shall come into force on 1 January 1977.

PRESCRIPTIONS FOR DipDrama

The Diploma in Drama is directed by Mervyn Thompson, Senior Lecturer in Drama aided by other professional tutors and University lecturers.

The purpose of the Diploma in Drama is to offer a basic training in theatre to those wishing to work in schools, or in the community.

Candidates wishing to enrol in 1984 in the Course for the Diploma in Drama (75.100) are required to give notice of their intention to the Registrar of the University not later than 15 January 1984.

The entry to the Course in any year is restricted to 20 students.

Candidates should have a Bachelor of Arts Degree from Auckland or some other University or should hold an award or qualification in dramatic work or have had extensive experience in the theatre or in the teaching of drama. Generally, candidates under 20 years of age are not considered for the course.
Candidates may be called for interviews and required to produce evidence of qualifications and special skills. The Course is a full-time course extending over one year. Permission to take other courses or do other theatre work will be granted only in rare instances. The Course will include the following:
(i) Fundamentals of acting including speech, movement and improvisation.
(ii) Basic techniques of the theatre, eg lighting, design, wardrobe, direction.
(iii) Television acting and the use of television equipment.
(iv) Practical study from selected texts.
(v) Selected aspects from the history of the theatre and drama.
(vi) Selected aspects from the theory of drama.
(vii) Theatre criticism.
(viii) Practical work in production.
(ix) Brief exercises in the making of theatre for young people.
(x) Exercises in group theatre and playmaking.
A list of books required for study will be available from the department. All students should obtain this.

DIPLOMA IN EDUCATION

DipEd

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations a candidate for the Diploma in Education shall before his enrolment for this Diploma
(a) have been admitted or qualified for admission to a degree at a university in New Zealand except as provided in Regulation 2 below or have been awarded or qualified for the award of a University diploma approved by the Senate; and
(b) have passed papers 14.100 or 14.102 and 14.101 as prescribed for the Degree of Bachelor of Arts, provided that those papers or either of them may with the permission of the Head of Department be taken concurrently with papers in Part I of the course.

Note: Approved diplomas at present are the Diplomas in Fine Arts and Music and Diplomas in Home Science and Physical Education of the University of Otago. In special circumstances the Senate may permit a candidate who is the holder of a diploma other than those listed above to undertake the course.

2. Subject to the Admission Regulations a candidate may enrol for the Diploma in Education after having completed at least nineteen papers for the Bachelor of Arts Degree, or the equivalent in another degree, provided that
(a) The proposed course for this Diploma will extend over not fewer than two academic years.
(b) The remaining papers of the Bachelor’s degree are taken in the first year of the Diploma course.
(c) Should the candidate not pass the remaining paper or papers the Diploma course shall be suspended until they have been passed.

3. (a) The course of study for the Diploma in Education shall consist of two parts:
Part I
Four papers in Education at Stage II or III as prescribed for the Degree of Bachelor of Arts, or the equivalent in another degree, of which not more than two are at Stage II.

Part II
A report of an original investigation (14.500) having the value of two papers, of a topic approved by the Head of the Department of Education.
(b) A candidate shall be required to pass each paper in Part I and the original investigation in Part II.

4. As to the investigation and report for Part II —
(a) the topic shall be submitted to the Head of Department in reasonable time before 31 March of the year in which the report is to be submitted, so that it may be approved by that date;
(b) the report shall be submitted within three years of the year in which the candidate completes Part I, or within such longer period as the Senate may in special circumstances permit;
(c) the report shall be delivered to the Registrar by 1 November, or later date approved by the Head of Department, of the year in which it is submitted.

Note: (1) A research seminar will be held once a week during the first half of the year for those preparing to carry out an original investigation.
(2) An abstract is to be submitted with the original investigation. (See Examination Regulation 14.)

5. Every candidate shall present to the Head of Department a certificate from an approved authority that he has been engaged for at least two years in full-time work in the practice of teaching, or in education work of a related character, such as vocational guidance, child guidance, child welfare, social work or community education, and has shown efficiency therein.

6. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

7. These Regulations shall come into force on 1 January 1977.

DIPLOMA IN EDUCATIONAL PSYCHOLOGY

DipEdPsych

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations a candidate for the Diploma in Educational Psychology shall before his enrolment for this Diploma:
   (a) have been admitted or have qualified for admission to a Bachelor's Degree; and
   (b) have passed the following four papers in Education as prescribed for the Master of Arts Degree:
       14.407 Developmental Psychology
       14.410 Principles and Practice of Counselling
       14.412 Behaviour Analysis in Education
       14.413 Education of Exceptional Children
   or equivalent papers as approved by the Senate; and
   (c) have passed 5 papers including at least 3 papers above Stage I as prescribed for the Bachelor of Arts or Science Degree in both Education and Psychology; and
   (d) satisfy the Senate that he is likely to benefit from the training provided by the course for this Diploma.

Note: Normally an interview supported by referees' statements, and evidence of training or experience in relevant work such as teaching, youth work, or counselling will be required under (d).

2. A candidate for this Diploma shall follow a course of not less than two years' full-time study nor more than four years' study (whether full or part-time); provided that the latter period may with the permission of the Senate be extended in exceptional circumstances.

3. The course of study for the Diploma shall consist of two Parts:

   Part I
   Satisfactory participation in and completion of a full-time professional training course including passing each stage of the on-course assessment requirements (16.100).

   Note: The professional training courses are designed to follow on from the theory introduced in each of the four Masters papers listed in 1 (b). Course prescriptions may be obtained from the Department.

   Part II
   (a) Satisfactory supervised participation in the work of approved psychological, special educational, and social work services, and in seminars on case work and professional practice (16.200).
   (b) A comprehensive oral examination covering the work of the whole course (16.201).

4. (a) A candidate shall be required to pass each paper or section of each part of the Diploma.
   (b) A candidate who has not passed a section of Part I may, with permission of the Head of Department, take that section concurrently with work in Part II, in the second year.
   (c) A candidate shall not be permitted to resubmit case work and professional practice material (16.200) nor to resit the oral examination (16.201), more than once.

5. A candidate shall be required to have completed an MA with thesis (14.601 or 14.611) or an equivalent research study before the Diploma may be awarded.
6. (a) The Diploma may be awarded with Honours.
   (b) A candidate for Honours shall be required, after completing the requirements of Part I and II, to submit a Dissertation (16.604) reporting an advanced study of one of the following types, as approved by the Head of Department:
   (i) a survey of the literature bearing on a topic relevant to clinical or professional practice
   or (ii) an original or replication research study
   or (iii) an evaluation of a clinical procedure
   (c) The Dissertation shall be:
      (i) submitted within three years of the year in which the candidate completes Part II; and
      (ii) delivered to the Registrar by 1 November, or later date approved by the Head of Department, of the year in which it is submitted.
   (d) Honours shall be awarded upon the results of the Dissertation but if the Dissertation is not of sufficient standard the Diploma shall be awarded to the candidate without Honours.
7. Under exceptional circumstances the Senate may grant exemption from any of the requirements under Regulations 1, 2, 3 and 4.

DIPLOMA IN GUIDANCE AND COUNSELLING

DipGuid

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations a candidate for the Diploma in Guidance and Counselling shall before his enrolment for this Diploma
   (a) have been awarded or qualified for the award of a Degree of a University in New Zealand, or in special cases have been awarded or qualified for the award of a University Diploma approved by the Senate and
   (b) have passed paper 14.204 The Evaluation of Individual Differences, as prescribed for the Degree of Bachelor of Arts; except that this may be taken concurrently with papers from Regulation 2 (a) with the permission of the Head of the Department of Education.

2. The course of study for the Diploma shall consist of two Parts:

Part I
   (a) Three papers (not already passed for any other degree or diploma) from 14.304, 14.308, 14.309, 14.310, 14.311, 14.312, 14.317, 14.325. Approval may be given for enrolment in Stage III papers from other Departments where training requirements for specialised application warrant this, as in the case of vocational guidance.
   (b) Papers 14.405 or 14.418, and 14.410, provided that in exceptional circumstances a candidate may substitute for any or all of these papers a course or courses of study approved by the Head of Department.

Part II
Preparation and presentation of a folio of casework, 14.501, counting as two papers; together with satisfactory participation in such seminars and counselling and related activities as the Head of Department may require.

Notes: Most students will require 1000 hours or more of face to face counselling work and related activities to attain competence in casework.

3. No more than ten students chosen on academic criteria and personal qualities shall in any one year be admitted for Part II.

4. The folio of casework required for Part II shall be
   (a) submitted within three years of the year in which the candidate completed Part I, or within such longer period as the Senate may in special circumstances permit; and
   (b) delivered to the Registrar by 1 November, or later date approved by the Head of Department, of the year in which it is submitted.

5. A candidate shall be required to pass each paper of Part I and to pass Part II as a whole.

6. The Senate may in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

7. These Regulations shall come into force on 1 January 1977.
DIPLOMA IN LOCAL GOVERNMENT AND ADMINISTRATION

DipLGA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Diploma in Local Government and Administration shall before his enrolment have been awarded or qualified for the award of a Degree or Diploma of this University, provided that, if not so qualified, a person may with the leave of the Senate be a candidate for the Diploma in Local Government and Administration if before enrolment he:
   (i) holds or has qualified for the award of a professional qualification in Accountancy, Management, or other approved discipline; or
   (ii) has had not less than five years responsible practical experience in a responsible position in local government or administration.

2. A candidate for the Diploma shall pursue a course of study for a period of not less than one year, provided that for part-time students the course of study shall extend over a period of not less than two years.

3. Except with the permission of the Senate in exceptional circumstances,
   (i) the course of study must be completed within four years of the date of first enrolment for the Diploma; and
   (ii) the Research Essay, (Paper 30.623) must be submitted within two years of the date of first enrolment for that paper.

4. No candidate shall be credited for this Diploma with any paper which he has passed for another degree or diploma.

5. No candidate shall take papers for Part 2 unless he has passed or enrolled concurrently in the papers for Part I.

Subjects

6. The subjects for examination for the Diploma shall be:

   **Part I**
   *30.500 The Local Government System in New Zealand*
   *30.413 Public Administration*

   Note: A candidate who has already been credited with 30.413 may substitute 72.405 Organisational Development as prescribed for MCom.

   30.402 Urban Government and Politics as prescribed for MA

   Note: A candidate who has already been credited with 30.402 may substitute 20.436 Urban Geography as prescribed for MA and MSc.

   **Part 2**

   **Either**

   Two papers from the following:
   25.220 Local Government Law, as prescribed for LLB
   01.204 Public Sector Accounting, as prescribed for BCom
   36.202 Planning Law and Administration, as prescribed for BTP and DipTP or 25.319 as prescribed for LLB
   13.204 Public Economics, as prescribed for BA and BCom
   13.203 Managerial Economics as prescribed for BA and BCom
   13.214 The New Zealand Economy as prescribed for BA and BCom
   25.205 Administrative Law as prescribed for LLB
   25.313 Environmental Law as prescribed for LLB
   †72.303 Industrial Relations as prescribed for BCom
   72.307 Personnel Administration as prescribed for BCom
   72.203 Organisation and Management as prescribed for BCom

   One paper as prescribed for any other Degree or Diploma of this University and specifically approved by the Head of Department.

   or

   30.623 Research Essay (which counts as two papers).

   Note: An abstract is to be submitted with the Research Essay, see Examinations Regulation 14.
Prerequisite or Corequisite
7. A candidate shall before taking any of papers 13.203, 13.214, 13.204, 01.204 for this Diploma pass or enrol concurrently in paper 13.100 and 13.101 or 13.103 and 13.104 or have obtained a waiver of this requirement from the Head of the Department of Economics or the Head of the Department of Accountancy as necessary.
8. These regulations shall come into force on 1 January 1980.

PRESCRIPTIONS FOR DipLGA

The course for the Diploma in Local Government and Administration may be completed in not less than one year of full-time study or two years of part-time study. Students are required to take papers from Part I in their first year of study.
Prescriptions for courses listed in the Regulations for the Diploma (and not prescribed for other degrees) are given below.

30.500 The New Zealand Local Government System
The evolution, structure and characteristics of the system. Reorganisation schemes and functional features. Local politics, elections and public participation.

30.623 Research Essay
A research essay may be presented in lieu of two papers from Part 2 of the course. It shall consist of 18,000 to 20,000 words on an approved topic in local Government Administration or Politics.

1985 Calendar
FACULTY OF SCIENCE

The Faculty of Science consists of thirteen independent Departments covering the full range of mathematical, physical, biological, behavioural and earth sciences. Each Department teaches papers at the undergraduate and graduate levels as well as being involved in research. Students commencing the BSc course are advised to consult the Science Faculty Handbook which describes the papers offered and gives advice on planning a course of study. Information on research activities is contained in the University of Auckland Research Report which is published each year and lists research publications and thesis topics. In addition each Department issues information on the courses it teaches.

Bachelor of Science

Over 200 papers grouped under sixteen different subject headings are offered in the BSc schedule. Students select personal courses of study from among these papers according to their interests and career objectives. There are 35 Stage I papers each of which provides an introduction to the subject and a foundation on which to build further study. The Stage II and III papers progress to a more advanced level, with a greater depth and concentration of subject matter. The papers differ in their relative sizes and this is indicated by the number of credits awarded for each paper passed. Most of the Science papers involve laboratory or field work which is an integral part of the teaching programme.

The subjects offered in the BSc schedule are:

Biochemistry
Botany
Cell Biology
Chemistry
Computer Science
Environmental Studies
Geography
Geology
Mathematics — Applied
Mathematics — Pure
Pharmacology
Philosophy of Science
Physics
Physiology
Psychology
Zoology

Students should note that not all subjects are available at Stage I. The BSc schedule gives a breakdown of each subject's papers and their stages.

The minimum requirements for the BSc degree can be summarised as follows:

- At least three years study
- A total of 96 credits
- At least 36 credits above Stage I
- At least 12 credits in Stage III Science papers
- At least four different Science subjects (at least 6 credits in each)

For the purpose of defining Science subjects, Applied Mathematics and Pure Mathematics are separate subjects, but Biology is not a subject (all Biology credits must count as either Botany or Zoology).

There are two important constraints which must be borne in mind when planning a BSc course. The first is that all prerequisite and corequisite requirements are met. The best way to plan a BSc course is to select first the major subject which will be taken to Stage III. Then work backwards to ensure that all the necessary prerequisites are taken in the first two years. The other constraint on selection of papers is the problem of timetable clashes. Students should study carefully the timetable information given in this Calendar, noting particularly the quarters of the year in which each paper is taught. Some of the larger classes will have several alternative laboratory and lecture streams which may help to avoid clashes. Thus most of the common combinations of Stage I papers can be taken without clashes, but the large number of advanced papers means that many combinations of subjects are impossible for timetable reasons. As a general rule it is not possible to take papers which clash in lecture or laboratory times, unless a special arrangement can be negotiated with the Departments concerned.

The BSc Regulations include some special provisions which can be of benefit to some students. Thus students who have performed well in Bursary or Scholarship examinations may be permitted to enrol directly in Stage II papers without having passed the prerequisite Stage I papers. Students who have been awarded the NZCS or other technical qualifications before coming to University may be granted credit towards the BSc (maximum 36 credits). Students who abandon Intermediate courses for Engineering, Architecture and other courses will normally be permitted to credit passes in Science papers for the BSc degree.
Although the main object of the BSc course is to teach scientific method and to impart knowledge and appreciation of some of the main scientific disciplines it is also possible to acquire a broad educational experience by suitable choice of papers. BSc students may also take up to 12 credits from papers in other Faculties, giving an opportunity to pursue interests outside of the sciences.

**Bachelor of Science (Honours)**
This course is available only in Geology and Mathematics. Students normally change from the BSc course to the BSc (Hons) course at the end of their second or third year at University. The course covers much of the same advanced material as the MSc course, but it is possible to complete BSc (Hons) within four years. BSc (Hons) graduates are permitted to enrol for PhD studies without completing a Master's degree.

**Bachelor of Optometry**
This is a four-year professional course leading to registration as an optometrist. The first year consists of eight specified Science papers at the Stage I level. Entry into the second year of the course is strictly limited to 12 students and selection is made on the basis of performance in the first year. Considerable clinical training is involved particularly in the final year.

**Master of Science**
This is a course of advanced study and an introduction to research, based on the study of one scientific discipline in depth. All of the Science Departments offer MSc courses, each course consisting of a number of specialist papers plus a thesis on a selected research topic. (In Computer Science and Mathematics the thesis may be replaced by an advanced course of study). All Departments offer a wide range of MSc research topics and intending students are advised to discuss their proposed course with staff members before completing the BSc degree.

The prerequisite for the MSc course is a BSc degree with the required number of Stage III credits as specified for each subject in the MSc regulations, with an average grade of C+ or better in these Stage III papers.

**Doctor of Philosophy**
The PhD degree has become accepted as the appropriate qualification for a career in scientific research. The PhD course consists of advanced study and supervised research leading to the presentation of a thesis. The thesis must be an original contribution to knowledge and meet the recognised international standards of scientific research.

**Diploma in Clinical Psychology**
This is a three-year course which is undertaken in conjunction with the Master's degree in Psychology.

**Diploma in Computational Mathematics**
This is a one-year specialist course for BSc graduates in the field of Computer Science and Mathematics.

**Diploma in Geothermal Energy Technology**
This is a postgraduate course of one year duration in the field of Geothermal Technology. Students may take either the Earth Science or Geothermal Engineering options.

**Diploma in Mathematical Education**
This is a course for graduates in Mathematics who are involved in teaching the subject in secondary schools.

**Diploma in Statistics**
This is a specialist postgraduate course involving papers in Statistics, Mathematics and Computer Science together with a project.

**Certificates in the Principles and Practice of Radiochemistry**
Passes in the papers 08.350 and 08.351, which cover the theory and practice of Radiochemistry, entitle students to receive Certificates at the elementary or advanced levels respectively.

1985 Calendar
DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF SCIENCE
BSc

The personal Course of Study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

General Provisions
1. Except as provided in the Admission Regulations candidates for the Degree of Bachelor of Science shall follow a Course of study of not less than three years.
2. (a) The subjects prescribed for this Degree are:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Subject</th>
</tr>
</thead>
<tbody>
<tr>
<td>Biochemistry</td>
<td>Mathematics (Applied)</td>
</tr>
<tr>
<td>Botany</td>
<td>Mathematics (Pure)</td>
</tr>
<tr>
<td>Cell Biology</td>
<td>Pharmacology</td>
</tr>
<tr>
<td>Chemistry</td>
<td>Philosophy of Science</td>
</tr>
<tr>
<td>Computer Science</td>
<td>Physics</td>
</tr>
<tr>
<td>Environmental Studies</td>
<td>Physiology</td>
</tr>
<tr>
<td>Geography</td>
<td>Psychology</td>
</tr>
<tr>
<td>Geology</td>
<td>Zoology</td>
</tr>
</tbody>
</table>

(b) For the purpose of these Regulations: a ‘paper’ is a separately assessed segment of work in a subject, and papers are classified as follows:
- Stage I (xx. 100 to xx. 199)
- Stage II (xx. 200 to xx. 299)
- Stage III (xx. 300 to xx. 399)

(c) ‘credits’ are awarded for the successful completion of papers as set out in the Schedule to these Regulations ("the BSc Schedule")

3. A complete Course of Study for this Degree requires the gaining of at least 96 credits, of which:
   (a) at least 12 credits must be from Stage III papers in the BSc Schedule;
   (b) at least 36 credits must be from papers above Stage I; and
   (c) at least 6 credits must be from each of any FOUR subjects as prescribed in Regulation 2(a)

4. For the purpose of Regulation 3(c) credits obtained from one or more papers in Biology shall all count as credits in either Botany or Zoology and may not be apportioned between those two subjects in any way.

5. In relation to the taking of any paper, a candidate shall comply (i) (before enrolment) with all pre-requisite requirements and (ii) with all co-requisite requirements; as set out in the BSc Schedule. But the Head of Department may in exceptional circumstances waive any of those requirements.

6. Except as provided in Regulation 9, a candidate who has not gained at least 24 credits from Stage I papers may not enrol for a Stage II paper.

Practical Work Requirements
7. In any paper that includes practical work as well as written work;
   (a) a candidate must obtain passes in both in order to pass the paper as a whole;
   (b) a candidate who is awarded a pass in the practical work, but who fails the written work may, with the permission of the Head of Department, have the grade for the practical work carried forward to a subsequent year.

Note: Candidates requesting this permission should apply to the Head of Department prior to the commencement of the Enrolment period in the year of re-enrolment for the paper.

Course Load Restrictions
8. A candidate may not enrol, in any one year, for papers totalling more than 50 credits.

Direct Entry to Stage II papers
9. Notwithstanding anything in Regulations 5 and 6, the Senate may, in exceptional circumstances, permit a suitably qualified candidate to enrol for Stage II papers without having passed the pre-requisite Stage I papers. But where such permission is given:
   (a) a successful candidate shall be credited only with passes in the Stage II papers and not in any of the pre-requisite papers;
(b) a candidate who fails any Stage II paper may be granted a pass in the appropriate Stage I paper if the necessary standard has been attained;
(c) a candidate who gains at least 12 credits from Stage II papers under this Regulation may include in the Course of Study 12 further credits as prescribed for a Bachelor's Degree in any other Faculty, in addition to any credits that may be obtained under Regulation 10.

Credit for Papers in Other Faculties
10. (a) A candidate for this Degree may obtain up to 12 credits from papers or subjects, not listed in the BSc Schedule, to which this Regulation applies.
(b) This Regulation applies to any paper or subject which:
(i) is taught in any of the Faculties of the University other than the Faculty of Science, and is prescribed for a Bachelor's Degree in any of those other Faculties; and
(ii) is not the same as, or does not substantially overlap with, any other paper or papers which the candidate wishes to credit towards the BSc Degree.
(c) The credits allowed for the purpose of this Regulation shall be:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Cross-Credits from other Degree Courses
Note: See Regulation 12 of the Enrolment and Course Regulations (General)

11. Credits obtained under Regulation 10, from papers which are credited also to the Course of Study for another Degree, shall be counted as cross-credits for the purpose of Regulation 12 of the Enrolment and Course Regulations (General)

Credits for Papers Abandoned from other Degree Courses
Note: See Regulation 16 of the Enrolment and Course Regulations (General)

12. For the purposes of these Regulations the words 'appropriate papers' in Regulation 16 of the Enrolment and Course Regulations (General) shall be interpreted as meaning:

(a) papers listed in the BSc Schedule;
(b) papers equivalent to papers listed in the BSc Schedule as determined by the Senate;
(c) papers that can be credited towards the BSc Degree under Regulation 10.
Note: to (b) above: For example, Engineering Mechanics 55.001 is accepted by the Senate as equivalent to Principles of Mechanics 26.170.

Credit for NZCS
13. A candidate who has gained the New Zealand Certificate of Science, or has gained any other recognised technical qualifications of comparable standard, may be credited with such specified papers and/or given such unspecified credits up to a maximum of 36 credits, as the Senate may determine.

Credit for Teacher's College Courses
Note: A candidate who has successfully completed a course at an Auckland Teacher's College may be granted credits towards this Degree as provided by Regulation 13 of the Enrolment and Course Regulations (General).

Transitional Provisions
14. (a) Except as otherwise provided in this Regulation, the Course of study of every candidate shall be governed by these Regulations.
(b) A candidate who gained credit in any unit, course or paper under any of the former Regulations for this Degree, shall be credited with such equivalent paper or papers as may be determined by the Senate.
(c) For candidates who enrolled for this Degree before 1973 the subject prerequisites, corequisites and restrictions, where not covered by these Regulations, shall be determined by the Head of the Department concerned.

**Exceptions**

15. (a) The Senate may, in such cases as it thinks fit, approve a personal Course of Study which does not conform to the foregoing Regulations.

(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

**Validity**

16 These Regulations shall come into force on January 1, 1983.

**Schedule**

1. This schedule sets out paper numbers, credits, prerequisites, corequisites, and restrictions applying to Courses of Study offered for the Degree of Bachelor of Science.

2. The schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.

3. The heading ‘prerequisites’ in relation to a paper refers to other papers which must be passed before the candidate may take that course.

4. The heading ‘corequisites’ in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year.

5. The heading ‘restrictions’ in relation to a paper refers to papers which cannot be credited together with that paper.

**NOTE:** Any candidate majoring in another subject may, with the permission of the Head of Department, take up two papers in Zoology without fulfilling the prerequisites and corequisites listed in the Schedule.

---

### THE DEGREE OF BACHELOR OF SCIENCE (HONOURS) BSc (Hons)

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. The Degree may be awarded in each of the following Honours Schools:
   - Geology
   - Mathematics
2. Admission to the Course of study for the Degree of Bachelor of Science (Honours) shall be at the discretion of the Senate and shall be given at either the end of the second year or third year after matriculation provided that where the proviso to Regulation 10 applies, admission may be granted at the end of the third or fourth year after matriculation.
3. No candidate shall be admitted to an Honours School without the approval of the Head of Department of that School and of the Senate. Such approval shall be granted or withheld upon a consideration of the candidate's performance in the courses of University study already pursued by the candidate and particularly in the papers required as prerequisites to that Honours School.
4. No candidate may be awarded the degree of Bachelor of Science (Honours) if he has previously been awarded the degree of Bachelor of Science of this University.
5. In each Honours School a candidate's Course of study for the Degree shall comprise:
   (a) such prerequisites, being papers prescribed for the Degree of Bachelor of Science, and
   (b) such Honours Parts (being Parts III and IV, or Part IV as the case may be) and
   (c) such Foreign Language requirements as the Head of the Department within the Honours School may prescribe, and
   (d) such papers in other subjects as may be required and prescribed in that Honours School under Regulation 15: provided that
   (i) except where the Senate in its discretion otherwise permits, the number of prerequisite papers shall be not fewer than 72 credits in a case of entry into an Honours School at the end of the second year after matriculation and not fewer than 96 in a case of entry at the end of the third such year;
   (ii) in the case of any prerequisite subject and with the approval of the Senate, if the candidate has been permitted to enrol for and has passed at Stage II without having passed at Stage I, Stage II may be substituted for Stage I, and Stage III may then be substituted for Stage II;
   (iii) in the case of a candidate whose mother tongue is not English the Foreign Language requirements shall be waived.
6. A candidate for this Degree may, with the permission of the Heads of the Departments concerned and the approval of Senate, substitute one paper in another subject for one paper of the subject in which the Degree is being taken.
7. A candidate in any subject for this Degree where practical work is prescribed, must pass beside the written examination, in such practical work as may be prescribed by the Head of the Department.
Withdrawal and Exclusion from Course

8. A candidate may withdraw from the Honours School and be granted such credits and exemptions for papers for the Degree of Bachelor of Science as the Senate shall determine.

9. A candidate shall be required to pass as a whole each Part of the Honours Course of study so that his performance in all papers comprising this Part shall be considered: provided that a candidate who has failed to pass an Honours Part as a whole may in such exceptional circumstances as the Senate approves be credited with a paper or papers of that Part and permitted in a subsequent year to present the paper or papers not so credited, together with (if the Senate permits) a paper or papers of the next succeeding Part.

The candidate shall then be required in that year to pass as a whole in all the papers so presented upon the same conditions as those herein prescribed.

10. A candidate shall sit his final examinations for the degree within four years of his matriculation: provided that at the discretion of the Senate the period may be extended to five years

(a) where a candidate first enrolled in the subject of his Honours School in his second year after matriculation, or

(b) in any special circumstances.

11. A candidate who, on the results of his examination, does not reach the standard required in the Honours School in which he is enrolled, shall be excluded by the Senate from the Honours School but he may be granted such credits and exemptions for papers for the Degree of Bachelor of Science as the Senate shall determine.

Classes of Honours

12. The Degree of Bachelor of Science (Honours) may be awarded with First Class or Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division. The class of Honours awarded shall be determined primarily on the performance of the candidate in the examinations in his final year but account may be taken of his work throughout his Course of Study.

13. The Senate may determine in respect of any candidate who fails to qualify for the Degree that he be awarded the Degree of Bachelor of Science or be credited with papers towards that Degree or be credited with the Degree of Bachelor of Science together with appropriate credits towards the Degree of Master of Science.

Transfer to BSc (Hons)

14. The Senate may, on written application by a candidate for the Degree of Bachelor of Science and without payment of a fee, grant him permission to transfer to a Course of Study under these Regulations and allow him to be credited with a pass in such papers as the Senate shall determine.

Requirements of Honours Schools

15. Subject to the provisos to Regulation 5, the Honours Courses of study with subject and papers of examination are as follows:

Geology Prerequisites

(a) For a candidate seeking admission to the Honours School at the end of his second year after matriculation, Geology, four papers, totalling 24 credits

Chemistry 115 or 125

and 36 credits from other papers in any of the following subjects:

Botany, Chemistry, Geology, Mathematics, Physics, Zoology, or in any other subject approved by the Head of Department.

(b) For a candidate seeking admission to the Honours School at the end of his third year after matriculation, structure of Course of Study as specified for entry at the end of the second year:

In special cases, with the approval of the Head of Department of Geology, papers at an advanced level in any other subjects may be substituted for any of the above, provided that the candidate has gained at least 12 credits from Geology Stage III papers.

Geology Honours Part III

(Geology papers totalling not fewer than 24 credits, together with practical work).

Part III shall contain papers prescribed as Geology second or third year papers, for a total of not fewer than 24 credits. In special cases, with the approval of the Head of the Department of Geology, advanced papers of other subjects may be substituted for Geology papers, provided that the Course of Study contains Geology papers totalling at least 12 credits.

Geology Honours Part IV

(Three papers together with practical work and thesis).

The student shall follow one year’s Course of study approved by the Head of the Department of Geology and carry out an original investigation on an approved topic.* The examination shall consist of three papers

1985 Calendar
carry out an original investigation on an approved topic.* The examination shall consist of three papers prescribed for the Degree of Master of Science (21.401 to 21.406 and 21.408 but not 86.100 or 86.102) and a thesis embodying the results of the investigation which shall be equivalent to one paper. The thesis (21.603) shall be delivered to the Registrar at the beginning of the second half of the second term.

*Notes: (i) Intending students should consult the Head of Department about the research topic immediately after completing the papers for Part III.
(ii) The language for the Foreign Language Reading Examination shall be any approved by the Head of Department of Geology and this examination should be taken as early as possible.
(iii) An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

Mathematics Prerequisites

(a) For a candidate seeking admission to the Honours School at the end of his second year after matriculation, a total of 72 credits from the following subjects:
Mathematics, Chemistry, Computer Science, Physics, or in any other subject approved by the Head of the Department of Mathematics and Statistics provided that prerequisite papers, together with the papers selected for Part III, will enable the candidate to attain a level equivalent to the prerequisites for entry to Part IV.
(b) For a candidate seeking admission to the Honours School at the end of his third year after matriculation, Mathematics 220, 240, at least one of 260, 280, 281, plus twenty 300 or 400 level credits approved by the Head of the Department of Mathematics and Statistics. Of those twenty credits at least 16 shall be from papers in Mathematics; except that in special circumstances the Head of Department may approve a minimum of 12 such mathematics credits.

Mathematics Honours Part III

(24 credits in papers approved by the Head of Department of Mathematics and Statistics).
Part III shall consist of papers approved by the Head of Department of Mathematics and Statistics totalling 24 credits and including such Mathematics papers as will enable attainment of a level equivalent to the prerequisites for entry to Part IV.

Mathematics Honours Part IV

(20 credits in papers approved by the Head of the Department of Mathematics and Statistics).
Part IV shall consist of papers approved by the Head of the Department of Mathematics and Statistics totalling 20 credits.

Note: Normally these will be selected from papers Mathematics 400 to 499 and Computer Science 490 to 499 provided that up to four credits may be replaced by four stage three credits from papers in Mathematics and Computer Science.

THE DEGREE OF BACHELOR OF OPTOMETRY
BOptom

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

1. Except as provided in the Admission Regulations a candidate for the degree of Bachelor of Optometry shall follow a Course of study of not fewer than four years.
2. In these Regulations
(a) a 'paper' is an independently assessed segment of work in a subject, the successful completion of which results in the award of credits as set out in the Schedule to these Regulations.
(b) Papers are classified as Stage I (papers numbered 100-.199), Stage II (.200-.299), Stage III (.300-.399) and Stage IV (.400-.499).
3. A complete Course of study requires the gaining of 151 credits.

Course Load

4. A candidate may not enrol in any one year for papers totalling more than 50 credits.
5. A candidate in any paper of the subjects Biochemistry, Biology, Chemistry, Optometry, and Psychology shall be required to pass both the written papers and in such practical work as may be required by the Head of the Department: provided that the candidate's mark in the practical work may, with the leave of the Senate, be carried forward to a subsequent year.
6. (a) Candidates may not enrol for any paper until they have satisfied all the prerequisite and corequisite requirements for that paper, as set out in the BOptom Schedule, or have permission from the Head of the School of Optometry.
   (b) A candidate required to repeat any year III subjects may also be required to undertake such additional practical and clinical work as the Head of the School of Optometry determines.
(c) A candidate required to repeat any of the papers 44.430, 44.431, 44.432 and 44.433 may also be required to complete such additional work and examinations in any or all of those papers as the Head of the School of Optometry may determine.

Exceptions
7. (a) The Senate may in such exceptional cases as it thinks fit approve a personal Course of study which does not conform to the foregoing Regulations.
(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

Optional Transition From DipOpt
8. Any candidate who in or before 1981 enrolled for the Diploma in Optometry but has not completed the requirements for or been awarded that Diploma before 31 December 1987 may either (i) transfer to the Course of study for this Degree (in which case he shall be credited with such equivalent paper or papers for this Degree as the Senate may determine), or (ii) complete the Course of study for the Diploma in Optometry in accordance with the regulations for that Diploma last published in the University of Auckland Calendar for 1981.

Revocation
9. The regulations for the Diploma in Optometry are revoked (subject to Regulation 8 of these present Regulations).
10. These Regulations shall come into force on 1 January 1982.

Schedule
(1) This schedule sets out paper numbers, credits, prerequisites, corequisites, and restrictions applying to papers for the Degree of Bachelor of Optometry.
(2) The schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.
(3) The heading 'prerequisites' in relation to a paper refers to other papers which must be passed before the candidate may take that paper.
(4) The heading 'corequisites' in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year.
(5) The heading 'restriction' in relation to a paper refers to a paper which cannot be taken together with that paper.
(6) A candidate may not take a further stage of a paper until he satisfies all prerequisite and corequisite requirements for that paper.

Note: (a) For Chem 08.110 a candidate may substitute 08.113 or 08.115;
(b) For Chem 08.120 a candidate may substitute 08.123 or 08.125;
(c) For Phys 31.110 a candidate may substitute 31.113 or 31.115;
(d) For Phys 31.120 a candidate may substitute 31.123 or 31.125.
THE DEGREE OF MASTER OF SCIENCE

MSc

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following Regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

Prerequisites

1. (a) Subject to the Admission Regulations, a candidate for the Degree of Master of Science, before enrolment for the Degree

   (i) shall (subject to Regulation 2) have been admitted (or have qualified for admission to) any of the following qualifying degrees:

       - Bachelor of Science (Honours); or
       - Bachelor of Science; or
       - Bachelor of Optometry; or

       shall have attained any other qualification approved by the Senate as equivalent to a qualifying degree; and

   (ii) shall (subject to Regulation 3) have fulfilled the further prerequisites in the Schedule to this Regulation.

(b) For the purposes of these Regulations, candidates for this Degree are classified according to their qualifying Degree (or equivalent qualification) and are referred to accordingly as:

       - ‘BSc (Hons) candidates for this Degree’
       - ‘BSc candidates for this Degree’
       - ‘BOptom candidates for this Degree’.

Schedule

The further prerequisites are (subject to Regulation 3):

(a) For BSc (Hons) candidates for this Degree:

   a pass in the final BSc (Hons) year in the subject offered for this Degree;

(b) For BOptom candidates for this Degree:

   a pass, with an average grade of C+ or better, in the Year IV of the course for the Degree of Bachelor of Optometry;

(c) For BSc candidates for this Degree:

   a pass, with an average grade of C+ or better in all Stage III BSc papers, in the appropriate prerequisite subjects, as follows:

<table>
<thead>
<tr>

<td>08.210, 08.220, 08.230 and 18 Stage III credits, including at least 12 Stage III credits from Chemistry.</td>
</tr>
</tbody>
</table>
Computer Science  At least 20 credits at 300 or 400 level, of which at least 16 shall be from papers in Computer Science.

Geography  24 Stage III credits, including at least 12 Stage III credits from Geography.

Geology  24 Stage III credits, including at least 12 Stage III credits from Geology.

Mathematics  Mathematics 26.220, or 26.221, 26.240 or 26.241, at least one of 26.260, 26.280, 26.281, plus twenty 300 or 400 level credits approved by the Head of the Department of Mathematics and Statistics; of those 20 credits at least 16 shall be from papers in Mathematics and Computer Science.

Physics  Physics 31.210, 31.220, 31.240, 31.250, 31.290; and 22 credits from papers approved by the Head of Department, including at least 12 credits from the papers Physics 31.310-389 and at least 6 credits from the laboratory papers Physics 31.390-393.

Physiology  18 Stage III credits including Physiology 67.301, 67.302 and 67.303, and at least 6 Stage III credits from Biochemistry, Cell Biology, Psychology, Zoology, or other papers approved by the Head of Department.

Psychology  12 Stage III credits from Psychology.

Zoology  24 Stage III credits, including at least 12 Stage III credits from Zoology or Biology.

Enrolment with Incomplete BSc
2. With the approval of the Head of Department, a candidate may enrol for this Degree after having gained at least 90 credits for the Degree of Bachelor of Science, but on the following conditions:-
   (a) the candidate's course for this Degree extends over two academic years;
   (b) the candidate has fulfilled the prerequisites in the Schedule to Regulation 1 or been exempted from them;
   (c) the remaining paper or papers for the Degree of Bachelor of Science are taken in the first year of the course for this Degree;
   (d) if any remaining paper for the Degree of Bachelor of Science is not passed in the first year of the Master of Science course, the Master's course shall be suspended until that paper is passed.

Variation of or Exemption from Prerequisites
3. In any special case recommended by the Head of Department, the Senate may at its discretion —
   (a) vary in any way; or
   (b) exempt the candidate wholly or partly from the appropriate prerequisites in the Schedule to Regulation 1; and may accept a lower average grade than C+ in the prerequisites in paragraphs (b) and (c) of that Schedule.

General Provisions
4. Papers shall be taken in either the first or the second year or spread over two years according to the requirements of the Department.
5. (a) A candidate for this Degree may, with the permission of the Heads of the Departments concerned and with the approval of the Senate, take, by way of substitution for one paper of the subject in which the Degree is being taken, one paper in another subject.
   (b) In special cases recommended by the Heads of Departments concerned and approved by the Senate, a candidate may take an approved selection of papers from two subjects leading to a Master of Science Degree in both subjects jointly.
6. Every candidate for this Degree shall be required to pass the prescribed papers and to present a thesis where that is prescribed by Regulation 10: except that a thesis only may, with the permission of the Senate, on the recommendation of the Head of Department, be presented:
   (a) by a BSc(Hons) candidate for this Degree;
   (b) in the subject Geology, by a candidate who has received (or is qualified to receive) the Diploma in Geothermal Energy Technology, and has passed papers 86.101 and 86.102: on condition (in either such case) that the candidate fulfils any special requirements set by the Head of Department.

Thesis Requirements
7. Where a thesis is required the following conditions shall apply:
   (a) The Senate shall appoint a supervisor for the candidate upon the recommendation of the Head of Department;
   (b) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject;
(c) In the case of a thesis requiring laboratory work, that work shall be carried out within the University; but the Senate may permit a candidate to carry out the work in an approved institute outside the University for such limited period or periods as may be necessary;

(d) The candidate shall submit the thesis to the Registrar by the date prescribed in Regulation 9.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

Honours
8. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Candidates who have completed the full requirements of this Degree in accordance with Regulation 10 are eligible for the award of Honours, except that a BSc(Hons) candidate for this Degree may not be awarded Honours in the Master's Degree in the same subject.

(c) The Degree may be awarded with distinction to any
   (i) BSc(Hons) candidate for this Degree; or
   (ii) candidate who has taken this Degree under exception (b) to Regulation 6:
   where the candidate has achieved a standard equivalent to First Class Honours.

(d) Honours shall not be awarded in a particular subject to any candidate who enrolled for and failed to qualify for admission to the Degree of Bachelor of Science (Honours) in that subject. Such a candidate may be awarded the Degree with Distinction if a standard equivalent to First Class Honours has been achieved.

(e) Honours shall be awarded if a candidate obtains a sufficient standard in the papers and thesis; but (subject to Regulation 9) a candidate who qualified for an aegrotat or compassionate pass may retain eligibility for Honours by applying
   (i) for an aegrotat or compassionate pass in one paper (or two papers for a course involving five or more papers), or
   (ii) to resit all the papers affected, or
   (iii) for a pass or passes under (i) and to resit the remaining papers affected under (ii).

Note: In order to be eligible for Honours or a Degree with Distinction the candidate must complete all requirements of the Degree within the time limit specified in Regulation 9.

Time limits
9. (a) The requirements for this Degree in Regulation 10 shall be completed:-
   (i) in the subjects Geography and Mathematics by 1 November of the second year of enrolment:
   (ii) in every other subject, within 24 months of the candidate's first enrolment.

(b) In a special case the Senate may, on the recommendation of the Head of Department, grant the candidate:-
   (i) a time extension of three months, with continued eligibility for Honours or Distinction;
   (ii) a further time extension of nine months, the candidate being no longer eligible for Honours or Distinction.

(c) In exceptional circumstances the Senate may, on such written or other evidence as it requires, at its discretion grant a reasonable extension of time to a candidate for medical or compassionate or other compelling reasons. The extension may be granted –
   (i) whether or not there has been any extension under paragraph (b) of this Regulation, and
   (ii) with or without continued eligibility for Honours or Distinction.

(d) A candidate taking this Degree by thesis only shall submit the thesis within 18 months of first enrolment; but the time may be extended under paragraphs (b) and (c) of this Regulation.

List of Subjects
10. The subjects of examination and relative requirements as to theses for this Degree, together with the prescription numbers relative to each examination paper, are as follows:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Biochemistry</td>
<td>Three papers and a thesis 66.601 which shall count as three papers (papers 66.401 to 66.403).</td>
</tr>
<tr>
<td>Botany</td>
<td>Three papers and a thesis 06.601 which shall count as three papers (paper 06.401 plus two papers from 06.410 to 06.460).</td>
</tr>
<tr>
<td>Cell Biology</td>
<td>Three papers and a thesis 40.601 which shall count as three papers (papers 40.401, 40.402, 40.403).</td>
</tr>
<tr>
<td>Chemistry</td>
<td>Five papers and a thesis 08.601 which shall count as four papers (five papers from 08.410-08.450).</td>
</tr>
</tbody>
</table>
Computer Science Papers totalling 24 credits and a thesis 07.601 which shall count as 24 credits or papers totalling 24 credits and an advanced course of study 07.605 which will count as 24 credits (a selection approved by the Head of Department of Computer Science of papers from Computer Science 400 to 499 with a total value of 24 credits together with a thesis 07.601 or an advanced course of study 07.605).

Geography Four papers and a thesis 20.601 which shall count as three papers (four papers from 20.400 to 20.442).

Geology Three papers and a thesis 21.601 which shall count as two papers; Foreign Language Reading Examination (three papers from 21.401 to 21.408 and 86.100 or 86.102, the chosen foreign language must be approved by the Head of Department of Geology; with the approval of the Head of Department the Foreign Language Reading Requirement may be waived in the case of a student whose mother tongue is not English).

Mathematics Papers totalling 20 credits and a thesis 26.601 which will count as 16 credits or papers totalling 20 credits and an advanced course of study 26.605 which will count as 16 credits (a selection approved by the Head of Department of Mathematics and Statistics of papers from Mathematics 26.400 to 499 and Computer Science 07.490 to 499, with a total value of 20 credits together with a thesis or an advanced course of study, provided that up to four of these credits may be replaced by four Stage III credits from papers in Mathematics and Computer Science not already taken for any other Degree or Diploma).

Optometry Three papers and a thesis 44.601 which shall count as three papers (two papers from 44.451 to 44.454, plus a third paper from another subject for this Degree approved by the Heads of Departments concerned).

Physics Four papers and a thesis 31.601 which shall count as four papers (four papers from 31.410-31.489).

Physiology Three papers and a thesis 67.621 which shall count as three papers (three papers from 67.401 to 67.406).

Psychology Four papers and a thesis 32.601 which shall count as three papers (four papers from 32.401 to 32.421. Students who have not passed 32.306 will be required to take paper 32.419).

Zoology Three papers and a thesis 38.601 which shall count as three papers (three papers from 38.401 to 38.410).

Exceptions

11. In exceptional cases the Senate may approve a personal Course of study which does not conform to the foregoing Regulations.

12. These Regulations shall come into force on 1 January 1985.
DEGREE COURSE PRESCRIPTIONS

DEPARTMENT OF BIOCHEMISTRY

Stage II
Prerequisites: See BSc Schedule. Entry to Biochemistry II is limited.

Biochemistry 201 (One paper and practical work).
An introductory course based on the unifying theme of energy in biochemical systems. Topics are the role of energy in living systems; photosynthesis as a process of solar energy capture for biosynthesis; metabolism as a process for rearrangement of molecular fragments; respiration as the controlled release of energy from molecular fragments; enzymes as regulatory molecules; nucleic acids as stores of biochemical information.
The course is a prerequisite for those proceeding to papers 66.301, 66.302 and the MSc degree in Biochemistry. Passes are required in both the written paper and in practical work (BSc Regulation 7).
Lectures: Students will attend two lectures a week.
Two tests will be held during the year.
Laboratories: Students are required to attend practical classes totalling 72 hours, at times to be arranged during the second half of the year. Performance in practical work will contribute to the final grade for the course. Students should wear a laboratory coat and covered footwear in the laboratory.
Prerequisites: Chemistry 08.110 or 8.120. Biology 39.101 is recommended.
Entry to Biochemistry II is limited to 100.

Stage III
Prerequisites See BSc Schedule.
Biochemistry 301 (One paper and practical work).
Topics introduced in paper 66.201 are expanded and examined in greater depth. The emphasis is placed upon the biochemistry of macromolecules. Practical work is concerned with the theory and practice of analytical procedures commonly used by biochemists.
Biochemistry 302 (One paper and practical work).
This course examines metabolic interrelationships and regulation. Practical work is project-oriented using techniques encountered in Biochemistry 66.301.
Laboratories: Students are required to attend practical classes of not less than six hours a week. Performance in laboratory work will contribute to the final grade for the course. Students should wear a laboratory coat and covered footwear during practical classes.
Enter to Biochemistry III may have to be restricted if the number of applicants exceeds the number of laboratory places. Candidates who lack one or more of the prerequisites listed in the BSc Schedule are also permitted to make preliminary application.

Competence in mathematics up to University Entrance level is assumed.

Biochemistry for MSc
Three papers and a thesis (66.601)
66.401, 66.402, 66.403. The general study of Biochemistry at an advanced level, with more detailed study in fields of enzymology, metabolic pathways, microbial metabolism, biochemical control mechanisms and biochemical endocrinology.
Candidates for the Master's Degree should consult the Head of the Department as soon as possible after the completion of the Bachelor's Degree, in order to select a thesis topic and to obtain advice on vacation reading.
The course will be of a minimum duration of one year; the student should normally expect to complete his thesis during the following year.
Students from other Universities must have taken Biochemistry to an advanced undergraduate level (eg Biochemistry Advanced 2 as offered at Otago University).

Research in Biochemistry
Research facilities are available for PhD students and Post-doctoral workers in various areas of Biochemistry as listed in the Faculty of Science Handbook. Intending applicants should make application to the Head of Department in the first instance.

DEPARTMENT OF BOTANY

Stage I
The first year course for students in Botany, Zoology or Biology consists of three 6-credit papers, Biology 101 (Paper 39.101), Botany 102 (Paper 06.102) and Zoology 102 (Paper 38.102).

Biology 101 Central Concepts in Biology
Biochemical concepts common to animals, microorganisms and plants; the biochemistry of macromolecules, especially nucleic acids and proteins; enzyme action and catalysis; cellular energetics; genetic principles and mechanisms; fundamental processes of ecosystems; population and community dynamics; organic evolution. This course may be taken as part of the Stage I requirement in either Botany or Zoology, but may not receive credit in both.

Botany 102 Form and Function in Plants
An introductory course including the study of major plant groups. Topics covered include major features of NZ flora and vegetation; cytological and anatomical architecture and their relation to photosynthesis, respiration, translocation and transpiration; the regulation of growth and reproduction. The
course will include a number of small group discussions and one or two field trips which students will be expected to attend.

Stage II
The course consists of Botany 202 or 204, Botany 205, Botany 221, Biology 210 together with practical work including field trips.

*Botany 202 Evolution Morphology and Cell Structure of Vascular Plants
The anatomy, morphology and systematics of gymnosperms and angiosperms together with an introduction to cytology and ultrastructure.

Botany 204 Mycology and Microbial Interactions with Higher Plants.
Introduction to bacteria and microbial nutrition. Fungal morphology, physiology, taxonomy and life cycles, especially of pathogens. Micro-organisms in the soil and on plant surfaces and their role in decomposition and recycling. Pathogenic and non-pathogenic interactions with higher plants.

Botany 205 Crop Physiology and Plant Breeding
A study of physiology and breeding systems of plants with special emphasis given to fruit and vegetable crops of the Auckland region. The genetic component will include origin and domestication of crop plants, breeding systems, chromosome manipulation and plant breeding, gene banks and the conservation of genetic resources. Physiological aspects will emphasize the physiology of sexual and asexual reproduction by traditional and modern methods (e.g. tissue culture), the manipulation of plant habit and development, and the physiology of production and storage of the harvestable portions of crops (fruit, flowers and tubers).

Biology 207/307 Biometry
Elementary statistical methods and concepts with particular emphasis on their application in biological research.

Biology 210 Population and Community Ecology
Elementary demography and models of population growth with equal emphasis on both plants and animals. Species interactions in multispecies associations, competition and predation. The emphasis will be on experimental ecology of both plants and animals from a wide range of habitats. Practical work includes a compulsory field course, normally held during the first week of the May vacation, concentrating on the description and dynamics of native forest ecosystems (see below for dates).

Botany 221 Plant Physiology
An introduction to plant physiology and biochemistry with particular emphasis on plant response to environment. Water: water potentials and water movement in the soil-plant-atmosphere continuum; water stress; plant adaptation. Oxygen: principles of gas exchange; structural adaptations to oxygen deficit; biochemical adaptations to oxygen deficit. Temperature: enzyme reactions, membrane effects, thermal adaptation. Mineral nutrition: criteria of essentiality; uptake mechanisms; role of nutrients. Laboratories will cover basic techniques used to study plant responses to these factors.

Stage III
The course consists of a selection from papers from Biology 311, 313, 314, 316 and Botany 302 to 361 together with practical work, including field trips.

*Botany 302 Evolution, Morphology and Cell Structure of Vascular Plants
See Botany 202.

Botany 304 Mycology and Microbial Interaction with Higher Plants
See Botany 204.

Botany 305 Crop Physiology and Plant Breeding
See Botany 205.

Biology 311 Freshwater Ecology
Animal and plant freshwater communities, particularly of lakes and rivers, the physical and chemical environment; physiography of rivers and lakes; hydrology; pollution. Part of the course will consist of a weekend field course 4-5 May and four one-day field trips normally held in the first week of May vacation (see below for dates).

Biology 312 Coastal Marine Biology
See Biology 212.

Biology 313 The Ecology and Biogeography of Terrestrial Ecosystems
Current controversies on community stability and diversity. Ordination and classification techniques. Sampling, with special reference to forests. Ecosystem integration, through animal-plant-pathogen
interactions. Nutrient cycling. Forest dynamics with reference to different types of forest ecosystems. The tropical rain forest. A compulsory residential field class is normally held during enrolment week (see below for dates). Interpretation and analysis of the field data will take place during the Wednesday laboratory times.

**Biology 314 Applied Ecology**
The application of ecological principles to resource management, including natural recreational resources, forests and fisheries; aspects of the conservation of natural ecosystems — the planning process.

**Biology 316 Biological Oceanography**
Characteristics of marine communities: the physical and chemical environment and primary production; marine algology; zooplankton and secondary production; characteristics of plankton, nekton, benthos and meiofaunas in shallow and deep seas. Practical work includes day or weekend field trips and several days of laboratory investigation.

**Botany 321 Plant Physiology**

*Botany 325 Differentiation in Plants*
Growth, differentiation, pattern and form. Control processes involved in vascular development, root initiation, root shoot interaction and other correlative processes, developmental processes such as flowering, geotropism. Emphasis is placed on the role of plant growth regulators and on those processes which have important implications for crop development. Practical work is by an experimental project.

**Botany 331 Plant Pathology 1**
Review of fungal diseases of significance to the N.Z. economy; plant pathogenic nematodes, bacteria, viruses and mycoplasmas; techniques for diagnosis, isolation, culture and identification/characterisation of pathogenic organisms.

**Botany 332 Plant Pathology 2**
Mechanisms of fungal pathogenesis; effects of disease on host plant physiology; host-pathogen interactions at the cellular level; epidemiology, diseases assessment and forecasting; principles of disease control, chemical and biological control of disease.

**Botany 341 Plant Genetics**
Plant cytogenetics to include chromosome structure and genome organisation, chromosome behaviour in normal cell division and in structural and numerical mutants, B (supernumerary) chromosomes, sex chromosomes, chromosome evolution.

**Botany 361 Advanced Plant Taxonomy**
Classical and experimental approaches to the study of taxonomic relationships in metaphytes including cytological, chemical and numerical techniques as well as field and herbarium methods and a knowledge of plant nomenclature rules. Phylogenetic and phenetic systems of classification; analysis of variation; speciation processes. Students should expect to attend a field course at Tongariro National Park in the May vacation (see below for dates).

**Laboratory Work**
The practical work will be assessed separately and the marks included in the marks schedule of the University. A pass both in the written examination and in the practical work is necessary for credit to be awarded for a paper (BSc Regulation 7).

**Field Courses in Botany/Biology, 1984**

**Botany for MSc**
This course takes from fifteen months to two years and requires full time attendance. It comprises Botany 401 and two other papers from those listed below, together with a thesis (06.601) which is equivalent to three papers.

**06.401 Advanced Topics in Botany**

**06.410 Plant Ecology**
Selected topics in plant demography. Forest community concepts. Field techniques and computer analysis. Historical plant ecology.

**06.420 Plant Physiology and Biochemistry**
In depth consideration of selected topics.

**06.430 Plant Pathology**
In depth consideration of selected topics.

**06.450 Developmental Botany, pure and applied**
A study of contemporary research into aspects of the anatomy, ultrastructure and physiology of plant development.

**06.460 Plant Systematics and Genetics**
Modern approaches to plant classification (phylectic, phenetic, cladistic) and theories and techniques which form its basis. Cytogenetics; cytotaxonomy; quantitative genetic variation; recombinational and hybrid analysis.

(See also MSc Regulation 4)

**Postgraduate Research: MSc Thesis and PhD**
Facilities are available for MSc and PhD research in a wide range of topics in Botany and Biology.
DEPARTMENT OF CELL BIOLOGY
Stage III
Prerequisites: See BSc Schedule.

40.303 Cellular and Molecular Biology
Lectures: Optical and electron microscopical methods used in the study of cell structure. The fine structure of cellular organelles and components in relation to their function. The structure, biosynthesis and function of nucleic acids and proteins. The Genetic Code. Genetic regulatory mechanisms in bacteria and eukaryotes. The mammalian cell cycle and control of growth of mammalian cells by hormones and other agents.
Laboratories: The laboratory course will cover basic methods used to fix and examine biological material by light and electron microscopy. Experiments will also be performed with proteins and nucleic acids to illustrate their properties and the techniques used to investigate the structure and function of these materials.

40.304 Molecular Genetics
Lectures: The units of mutation, function and recombination in bacteria and viral viruses. The transmission and recombination of genetic material in bacterial viruses, bacteria and diploid microorganisms. Eukaryotic somatic cell genetics.
Laboratories: The laboratory course will cover basic methods used in bacteriology and microbiology as an introduction to experiments in microbial genetics. Experiments will be performed to illustrate methods of transmission of genetic information in microorganisms and the experimental application of such techniques to the resolution of problems of gene order and organisation of chromosomes.

40.305 Virology and Immunology
Lectures: The structure and replication of bacterial, plant and animal viruses. Immunity, the structure and synthesis of antibodies and the cellular basis of the immune response.
Laboratories: The laboratory course will cover basic methods used in virology to purify and characterise viruses and techniques used for studying antibodies and the cells that synthesise such molecules. An introduction to techniques used in the culture of animal cells forms part of this course.

Cell Biology for MSc and Honours
Three papers and a Thesis (40.601)

Prerequisites: For Auckland students, at least 12 credits from Cell Biology 303, 304 or 305 (or Cell Biology 301 and 302 prior to 1979). Students from other universities or colleges must have taken some suitable subject to an advanced undergraduate level (e.g. Biochemistry Advanced II or Microbiology Advanced II as offered at Otago University). For students from other universities the MSc degree will normally involve a two-year course, in which the candidates may be required to take all or part of the course work for Cell Biology Stage III.

Students are reminded of the requirement of a grade of at least C+ in prerequisite Stage II and Stage III Subjects for BSc (see MSc Regulation 1 (c)).

Thesis: The preparation of a thesis (40.601) is a most important feature of the work and a large part of the student’s time should be devoted to this aspect of the course. The topic of research for the thesis can be in virology, electron microscopy, molecular genetics or molecular biology.

Research in Cell Biology
Facilities are available for research by PhD and post-doctoral students in the fields of virology, molecular genetics, electron microscopy and molecular biology. An outline of courses appropriate to students intending to advance to research in Cell Biology may be found in the Science Faculty Handbook and other departmental publications.

Intending students should consult the Head of the Department as early as possible.

Note: An MSc in Cell Biology is not a prerequisite for PhD registration.

DEPARTMENT OF CHEMISTRY
The courses in Chemistry for the BSc Degree under these regulations are progressive; although prerequisites have not been prescribed more restrictively than necessary, students should bear in mind that familiarity with relevant material from earlier courses is assumed in the later ones.

First Year Courses
The following points apply to all First Year courses. (i) Each paper involves one written paper and practical work. A pass in both the written paper and the practical course is necessary. (ii) Each paper involves four hours of lectures and one three-hour laboratory course per week, for one half year. (iii) Tests will be held for each paper, outside lecture hours. The final theory mark will be obtained as follows: either 70% for the final paper and 30% from two one-hour tests held during the year or 100% from the final paper; whichever is to the student’s advantage.
(iv) Performance in the practical work will contribute 20% to the final grade for the paper.

**Chemistry 08.110 (6 credits) Organic and Physical Chemistry**

Structure, physical properties and spectra of organic compounds, acid-base equilibria, kinetics, systematic organic chemistry.

**Chemistry 08.120 (6 credits) Inorganic and Physical Chemistry**

Chemical thermodynamics and electrochemistry, atomic structure and bonding theory, a systematic survey of the chemistry of the elements. The papers 08.110 and 08.120 are given in the first and second half years respectively and are intended for students who wish to take at least one Stage II paper in Chemistry. Students who do not attain the standard required for a pass in Chemistry 110 or 120 may be credited with a pass in Chemistry 115 or 125.

**Chemistry 08.113 (6 credits) Organic and Physical Chemistry**

Structure, bonding, and physical properties of organic molecules, acid-base equilibria, reaction kinetics, systematic organic chemistry.

**Chemistry 08.123 (6 credits) Inorganic and Physical Chemistry**

Structure and reactions of inorganic materials. States of matter, equilibria, chemical thermodynamics, periodicity, the chemistry of the s and p block elements, the coinage metals and metals of the first transition series.

The papers 08.113 and 08.123 are given in the first and second half years respectively, both as part of the requirements for Engineering Intermediate and for BSc students seeking a terminating first year course. They are similar in standard to the papers Chemistry 110 and 120 and may be credited in lieu of those papers towards the BSc degree. Students who do not attain the standard required for a pass in Chemistry 113 or 123 may be credited with a pass in Chemistry 115 or 125 for the purposes of the BSc degree.

**Chemistry 08.115 (6 credits) Organic and Physical Chemistry**

Bonding, spectroscopy, isomerism, acids and bases, kinetics, systematic organic Chemistry.

**Chemistry 08.125 (6 credits) Inorganic, and Physical Chemistry**

Quantitative analysis, structure and bonding, thermodynamics, systematic inorganic chemistry. The papers 08.115 and 08.125 are given in the first and second half years respectively and are intended primarily for students (other than BE Int.) who do not intend to proceed in Chemistry. Students who are credited with a pass in Chemistry 115 or 125 may enrol for any Stage II Chemistry paper (other than Chemistry 211) only if they gain passes of B- grade or better.

**Supplementary Chemistry**

A short course in Chemistry will be offered to supplement the normal first year courses for students who have been away from school for some years or who have a weak background in chemistry e.g. fifth form general science only.

The course will begin straight after enrolment, on the morning of Tuesday, Wednesday and Thursday 26, 27 and 28 February at 9am, and will continue with one lecture/tutorial each week.

No enrolment is required. The course will be held in the Large Chemistry Lecture Theatre, Ground Floor, 23 Symonds Street.

**Advanced Courses**

Familiarity with the relevant material in the first-year courses will be assumed.

**08.210 (6 credits) Physical and Analytical Chemistry**

(One three-hour paper and practical work)

This course includes analytical chemistry, structural and quantitative aspects of spectroscopy, chemical thermodynamics and kinetics.

**Lectures:** Students will attend two lectures a week. One test will be held outside lecture hours.

**Laboratories:** The practical course covers both analytical and physical chemistry. Students will attend practical classes of not less than 72 hours per week for half the year. No student may enter the laboratory unless he is wearing an approved form of eye protection. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary.

**Prerequisite:** 08.110 or 08.113 or 08.115 and 08.120 or 08.123 or B- pass or better in 08.115 and 08.120 or 08.123 or B- pass or better in 08.125

**Restriction:** 08.211

**08.211 (3 credits) Analytical Chemistry**

(One two-hour paper and practical work)

The course is designed as a service course for those advancing in subjects other than Chemistry. Its content is similar to that of the Analytical Section of 08.210, and the teaching program will coincide with that of 08.210 for the major part of the course.

A pass in both the written paper and the practical course is necessary.

**Prerequisite:** 08.110 or 08.113 or 08.115 and 08.120 or 08.123 or B- pass or better in 08.125

**Restriction:** 08.210

**08.220 (6 credits) Inorganic, Structural and Theoretical Chemistry**

(One three-hour paper and practical work)

The course provides an introduction to chemical bonding, and to the chemistry of the solid state. Aspects of the chemistry of transition metal and main group elements are treated at greater depth. An intro-
duction to kinetic studies of inorganic systems is also included.

**Lectures:** Students will attend two lectures a week. One test will be held outside lecture hours.

**Laboratories:** Students will attend practical classes of not less than 72 hours by doing six hours per week for half the year. No student may enter the laboratory unless he is wearing an approved form of eye protection. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary

**Prerequisite:** 08.110 or 08.113 or B- pass or better in 08.115 and 08.120 or 08.123 or B- pass or better in 08.125.

**08.230 (6 credits) Organic Chemistry**
(One three-hour paper and practical work)
The course is based on the prescribed text and covers the structure and reactions of carbon compounds, classified by functional groups. An introduction to the chemistry of molecules of biological importance and to applied organic chemistry is included.

**Lectures:** Students will attend two lectures a week. One test will be held outside lecture hours.

**Laboratories:** Students will attend practical classes of not less than 72 hours by doing six hours per week for half the year. No student may enter the laboratory unless he is wearing an approved form of eye protection. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary

**Prerequisite:** 08.110 or 08.113 or B- pass or better in 08.115 and 08.120 or 08.123 or B- pass or better in 08.125.

Entry to Chemistry 08.230 is limited to 142 students

**08.310 (3 credits) General Physical Chemistry**
(One two-hour paper and practical work)
The course will include chemical thermodynamics, electrochemistry and surface chemistry.

**Lectures:** One lecture per week throughout the year. One test (20%) and assignments (10%) will comprise the course work requirement of 30%.

**Laboratories:** Students will attend practical classes of not less than 6 hours per week in any one quarter of the teaching year. No student may enter the laboratory unless he is wearing an approved form of eye protection. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary

**Prerequisite:** 08.210

**08.320 (3 credits) Inorganic Chemistry**
(One two-hour paper and practical work)
The course will cover aspects of organo-metallic chemistry, bio-inorganic chemistry and inorganic kinetics.

**Lectures:** Students will attend a total of 23 lectures during the year. One test will be held outside lecture hours.

**Laboratories:** Students will attend practical classes of not less than 36 hours during the year. No student may enter the laboratory unless he is wearing an approved form of eye protection. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary

**Prerequisite:** 08.220

**08.321 (3 credits) Physical-Inorganic Chemistry**
(One two-hour paper and practical work)
The course includes aspects of inorganic kinetics, quantum chemistry, and co-ordination chemistry.

**Lectures:** Students will attend a total of 23 lectures during the year. One test will be held outside lecture hours.

**Laboratories:** Students will attend practical classes of not less than 36 hours during the year. No student may enter the laboratory unless he is wearing an approved form of eye protection. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary

**Prerequisite:** 08.220

**08.330 (3 credits) Advanced Organic Chemistry A**
(One two-hour paper and practical work)
This course deals with topics not already covered in the prescribed Chemistry 08.230 text. They include nitrogen, sulfur, and phosphorus compounds, functional compounds, aromatic compounds, heterocycles and natural products.
**Lectures:** Students will attend two lectures per week during the first half of the year. One test will be held outside lecture hours.

**Laboratories:** Students will attend practical classes of not less than 36 hours during the year. This will normally be done in quarters 1 or 2 during the first half of the year. No student may enter the laboratory unless he is wearing an approved form of eye protection. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary.

**Prerequisite:** 08.230

Entry to Chemistry 08.330 is limited to 50 students.

**08.331 (3 credits) Advanced Organic Chemistry B**

(One two-hour paper and practical work)

This course deals with topics such as stereochemistry, the study of reaction mechanisms, radicals, photochemistry, pericyclic reactions, and newer reactions of carbonyl compounds.

**Lectures:** Students will attend two lectures per week during the second half of the year. One test will be held outside lecture hours.

**Laboratories:** Students will attend practical classes of not less than 36 hours during the year. This will normally be done in quarters 3 or 4 during the second half of the year. No student may enter the laboratory unless he is wearing an approved form of eye protection. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary.

**Prerequisite:** 08.230

**Corequisite:** 08.330

Entry to Chemistry 08.331 is limited to 50 students.

**08.340 (3 credits) Structural Methods in Chemistry**

(One two-hour paper and practical work)

This course deals with physical methods of determining chemical structures. Background theory is described for mass spectrometry, nuclear magnetic resonance, infrared and Raman spectroscopy, and X-ray structural analysis. Practical applications in inorganic, organic and organometallic chemistry are included. The course will consist of 32 lectures and 20 hours to be devoted to practical work and laboratory assignments. One test will be held outside lecture hours. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary.

**Prerequisite:** 08.210

**Corequisites:** 08.220 and 08.230

**08.350 (2 credits) Elementary Radiochemistry**

**08.351 (2 credits) Advanced Radiochemistry**

For detailed prescriptions for 08.350 and 08.351, see Regulations for Certificates in Principles and Practice of Radiochemistry.

**08.360 (3 credits) Analytical Chemistry**

(One two-hour paper and practical work)

The course will cover instrumental methods of analysis. It will consist of 16 lectures and 48 hours laboratory work on a project in analysis. One test will be held outside lecture hours. No student may enter the laboratory unless he is wearing an approved form of eye protection. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary.

**Prerequisite:** 08.210

Entry to Chemistry 08.360 is limited to 24 students.

**08.370 (3 credits) Environmental Chemistry**

(One two-hour paper and practical work)

The course covers aspects of the chemistry of the atmosphere, natural waters, and the land surface. A section on hazards associated with chemicals and their handling is also included.

**Lectures:** Students will attend one lecture a week. One test will be held outside lecture hours.

**Laboratories:** Students will attend practical classes, totalling 36 hours at times to be arranged. No student may enter the laboratory unless he is wearing an approved form of eye protection. Performance in the practical work will contribute to the final grade for the course.

A pass both in the written paper and in the practical course is necessary.

**Prerequisite:** 08.210

**Restriction:** 08.270

Entry to Chemistry 08.370 is limited to 30 students.

**†08.390 (3 credits) Advanced Topics in Chemistry**

**†08.391 (3 credits) Advanced Topics in Chemistry**

**Chemistry for MSc and Honours**

Candidates must select five papers from those numbered 08.410–08.450 inclusive. The assessment of a student's overall attainment in the degree will be made on the basis that each of the five papers has a weight of one, and the thesis 08.601 has a weight of four.

Students intending to read for MSc and Honours should consult the Head of the Department as soon as possible after the completion of the Bachelor's Degree, regarding allocation of a thesis topic and to ensure availability of laboratory facilities. The course
is normally of one year's duration, but the thesis may, with the approval of the Head of the Department, be completed during the second year. [See clause 2 (d) of the Enrolment and Course Regulations (General)]. An overall prerequisite for the course is that students have completed 08.210, 08.220 and 08.230 and 18 Stage III credits including at least 12 Stage III credits from Chemistry.

**08.410 Interfacial Chemistry and Kinetics**
(One 3-hour paper)
This course will include surface chemistry, electrochemistry, kinetics and catalysis.
*Lectures:* Students will attend 30 lectures during the year.

**08.411 Molecular Spectroscopy and Bonding**
(One 3-hour paper)
This course will cover aspects of molecular spectroscopy, magnetic resonance spectroscopy, chemical structure and bonding, including applications of symmetry and group theory to these topics.
*Lectures:* Students will attend 30 lectures during the year.

**08.420 Inorganic Chemistry**
(One 3-hour paper)
This course will cover topics in organic-transition metal chemistry, co-ordination chemistry, and structural chemistry.
*Lectures:* Students will attend 30 lectures during the year.

**08.421 Physical Inorganic Chemistry**
(One 3-hour paper)
This course will cover aspects of bonding, kinetics, and mechanism in inorganic chemistry.
*Lectures:* Students will attend 30 lectures during the year.

**08.430 Organic Chemistry: Reactions and Synthesis**
(One 3-hour paper)
This is a course in which the principles of organic chemistry are applied to organic synthesis.
*Lectures:* Students will attend 30 lectures during the year.

**08.431 Organic Chemistry: Physical Organic and Mechanistic**
(One 3-hour paper)
This course will cover aspects of the investigation of organic reactions including physical-organic chemistry.
*Lectures:* Students will attend 30 lectures during the year.

**08.450 Special Topics in Chemistry**
(One 3-hour paper)
Students must choose three topics in specialised areas of chemistry from a selection to be offered.
*Lectures:* Students will attend 10 lectures in each topic selected.

In addition to attending prescribed lectures, students will be required to prepare and discuss a number of selected topics of special interest.

**PhD in Chemistry**
Thesis 08.602 and oral examination. Facilities are available for postgraduate research on a wide variety of topics in all branches of Chemistry. Further information is available from the Head of Department. The PhD course usually takes between two and three years of full-time study and research.

---

**DEPARTMENT OF COMPUTER SCIENCE**

**Stage I Courses**

**Computer Science 100 (6 credits) Introduction to Programming**
An introduction to algorithm and program design. Programming in a structured language (Pascal). This course is intended for students who may wish to advance in Computer Science.

**Computer Science 101 (6 credits) Elements of Computing**
Computer systems. Elementary programming. Applications of computers. Use of software packages. This course is intended for students who have no wish to advance in Computer Science.

**Computer Science 105 (6 credits) Introduction to Computer Science**

**Stage II Courses**

**Computer Science 210 (4 credits) Computer Organization**
This course deals with the logical structure of digital computers and systems. Topics include: number representation and binary arithmetic; digital logic; implementation of a simplified processor; architectural aspects of conventional machines; assembly languages; hardware requirements for high-level language support; computer peripherals.

**Computer Science 220 (4 credits) Data Structures**
Data structures and associated algorithms. The analysis of algorithms. Programming in Prolog. The application of data structures to language implementation.

**Computer Science 230 (4 credits) Computing Laboratory**
This course introduces techniques for developing and maintaining large programs. Extensive practical programming experience is provided.

---

1985 Calendar
Computer Science 235 (4 credits) Computer Applications
This course studies the applications of Computer Science, particularly to commercial areas. Topics will include: Commercial file processing, programming in Cobol. Office applications packages such as for word processing.

Computer Science 290 (4 credits) Numerical Computation
Introduction to the numerical algorithms fundamental to scientific computer work. Interpolation and approximation, numerical differentiation and integration, solution of nonlinear equations, linear systems of equations.

Stage III Courses
Computer Science 301 (2 credits) Topic in Computer Science (a)
Computer Science 302 (2 credits) Topic in Computer Science (b)
Computer Science 303 (2 credits) Topic in Computer Science (c)
Computer Science 304 (4 credits) Topic in Computer Science (d)
Computer Science 305 (4 credits) Topic in Computer Science (e)
Computer Science 306 (4 credits) Topic in Computer Science (f)
One or more of these topics papers may be taught in any particular year. The actual contents of such courses and the requirements that must be met before departmental approval to enrol in them is given, will be announced prior to enrolment. Enrolment is subject to the approval of the Head of Department.

Computer Science 310 (4 credits) Advanced Computer Organization
This paper continues on from Computer Science 210 in describing the organization of modern computer systems. Topics include microprogramming, virtual storage, data communication, high-level language support, advanced machine structures, and several case studies.

Computer Science 320 (4 credits) Database Systems
This course deals with the storage and manipulation of data. Material includes: development of database management systems; hierarchic, network and relational data models; languages for data description, manipulation and querying; performance, reliability and security; design considerations; existing systems; advanced topics.

Computer Science 330 (4 credits) Language Implementation
The compilation and interpretation of computer languages. Lexical analysis. Top down and bottom up parsing. Error recovery. Symbol table analysis.

Computer Science 340 (4 credits) Operating Systems
Principles of operating systems, including handling of concurrent processes, memory management, processor management, task scheduling, file systems and protection. Comparison and evaluation of several current systems.

Computer Science 350 (4 credits) The Theory of Computation

Computer Science 390 (4 credits) Numerical Analysis

Courses for MSc and Honours
Candidates for this degree select papers approved by the Head of the Computer Science Department from 07.400 to 07.499, with a total value of 24 credits. In addition they write a thesis (07.601) or take an advanced course of study (07.605), either of which counts as 24 credits. Not all 400 level papers will be offered each year but those that are, together with their prescriptions, will be announced prior to enrolment.

Diploma in Computational Mathematics
See under Diploma Regulations and Prescriptions

DEPARTMENT OF GEOGRAPHY

Geography for BSc
The prescriptions for Geography courses are as prescribed for Geography papers for BA.

Geography for MSc and Honours
[Four papers and a thesis (20.601)]
A candidate is expected to enrol for and sit the four papers in the first year, present the thesis in the year next following and submit it for examination by 1 November of that year. Papers shall be selected from 20.400 to 20.442. The prescriptions for Geography courses are as prescribed for Geography papers for MA.

DEPARTMENT OF GEOLOGY

Stage I
Two courses are offered.

21.100 Fundamentals of General and Environmental Geology
Sixty-nine hours lectures, 46 hours laboratories, 8 credits. Global geophysics, materials and basic structure of the lithosphere, igneous activity, metamorphism, tectonism and structural geology; general geomorphology, weathering, erosion and principles of sedimentation; introductory paleontology and stratigraphy; the geological history of New Zealand and the South-west Pacific; mineral deposits; environmental and engineering geology. The practical course will include identification of elementary rocks and minerals, examination of fossils, preparation and interpretation of simple geologic maps.

Field Classes: Each student will be required to attend at least two field excursions, arranged usually on weekends during term time.

Practical Work: One two-hour practical class must be attended each week. The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

21.150 Applications of Geological Concepts and Methods
(Corequisite: 21.100)
Twenty-three hours lectures, 54 hours laboratories, 4 credits. The history of, and scientific method in, geology, stratigraphic correlation, paleontology and paleoecology; the planetary system and elementary geophysics; igneous, metamorphic and sedimentary petrography, applied aspects of structure and tectonics.

Field Classes: Each student will be required to attend at least two field excursions, arranged usually on weekends during term time.

Practical Work: One three-hour practical class must be attended each week. The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

Note: Students terminating at Stage I Geology need only take 21.100 to acquire a sound background to all aspects of the discipline. A pass in both 21.100 and 21.150 is necessary before a student can advance to Stage II courses in Geology. Any student taking both 21.100 and 21.150 is necessary before a student can advance to Stage II courses in Geology. Any student taking both 21.100 and 21.150 and failing in the former whilst passing the latter will receive 4 credits and will not be permitted to advance in Geology until 21.100 has been passed.

Stage II
Three courses are offered. Entry to each course is limited to 36. Students who intend to enrol should make pre-enrolment application to the Registrar no later than 15 January 1984.

Attention is drawn to the inclusion in the Schedule of Science Faculty courses of Geomechanics 1, 52.231, as a Stage II course relevant to those with an interest in Engineering Geology.

21.201 Introductory Tectonics
(Prerequisites: 21.100 plus 21.150)
Fifty-eight hours lectures, 46 hours laboratories, 6 credits. Elements and mechanical principles of structural geology. Structural geology of metamorphic rocks. Geophysical evidence for hypothesis of global tectonics. Aspects of engineering geology.
Field Classes: A field camp lasting about a week will be held probably during the first vacation and other one-day excursions may be arranged throughout the year. Attendance at the field classes is compulsory and students must be prepared to pay a large part of the cost of these classes which may be held anywhere in New Zealand.

Practical Work: The year’s practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

21.202 New Zealand Historical Geology
(Prerequisites: 21.100 plus 21.150)
Fifty-eight hours lectures, 46 hours laboratories, 6 credits. Advanced treatment of the full New Zealand stratigraphic sequence, biostratigraphy, palaeogeography, and geological history, with the regional geology of some smaller areas and the comparative paleontology necessary as a background to biostratigraphy. Geophysics of the S.W. Pacific.

Field Classes: In conjunction with course 21.201 a field camp lasting about a week will be held probably during the first vacation; other one day excursions may be arranged throughout the year. Attendance at the field classes is compulsory and students must be prepared to pay a large part of the cost of these classes, which may be held anywhere in New Zealand.

Practical Work: The year’s practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

21.203 Introduction to Mineralogy and Petrology
(Prerequisites: 21.100 plus 21.150; Corequisite: Chemistry 08.120 or 08.123, or with permission of the Head of Department, 08.110 or 08.113 or 08.125)

Field Classes: One-day excursions may be arranged throughout the year. Attendance at these classes is compulsory and students must be prepared to pay a large part of the costs involved.

Practical Work: The year’s practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical courses and the written paper is necessary. Students will be required to attend one two-hour laboratory per week in the first and fourth quarter and two two-hour laboratories per week in the second and third quarter.

Stage III
Entry to each course is limited to 25. Students who intend to enrol should make pre-enrolment application to the Registrar no later than 15 January, 1985; students are advised to consult members of the Geology staff about their intended course before pre-enrolment.

Compulsory Field Class in Geological Mapping
All students enrolling in a Stage III course in Geology (except 21.306 or 21.307) are required to attend a Field Class in Geological Mapping, and to submit a satisfactory finished map and report. The field Class required will normally be the Stage III one for which details will be supplied at the beginning of the year; except that the Head of the Department may permit a student to attend instead the Stage II Field Class which is usually held in the May vacation. This Field Class is part of the field classes which are specified for individual Stage III courses. It may be held anywhere in New Zealand and students must be prepared to pay a large part of the cost.

The following seven courses are offered:

21.301 Advanced Tectonics and Applied Geology
(Prerequisites: 21.201 and 21.202)
Forty-six hours lectures, 69 hours laboratories, 6 credits. Advanced methods in structural geology of metamorphic and non-metamorphic rocks. Fault patterns, strain analysis. Elements of surveying; photo-grammetry and photogeology; principles and practice in engineering geology. Slide-rule and pocket calculation techniques are used throughout this course.

Field Classes: Attendance at the Stage III Compulsory Field Class in Geological Mapping is required.

Practical Work: The year’s practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical work and the written paper is necessary.

21.302 Sedimentology and Marine Geology
(Prerequisites: 21.201, 21.203)
Forty-six hours lectures, 69 hours laboratories, 6 credits. Physical, chemical and biological processes in the major environments of sedimentation; geomorphology, origin and structure of submarine physiographic provinces. Petrography of sedimentary rocks; process of modern marine sedimentation and erosion.

Field Classes: In addition to the Stage III Compulsory Field Class in Geological Mapping, a total of about five days of field work will be held throughout the year; attendance is compulsory and students must be prepared to pay a large part of the cost of trips which may be made anywhere in New Zealand.

Practical Work: The year’s practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical work and the written paper is necessary.
21.303 Advanced Paleontology
(Prerequisites: 21.100 plus 21.150 or 39.101 plus either 06.102 or 38.102)
Forty-six hours lectures, 69 hours laboratories, 6 credits. Advanced treatment of major invertebrate groups (Foraminifera, Brachiopoda, Mollusca, Coelenterata, Echinodermata, Arthropoda) covering their morphology, origin, evolution, paleoecology and geological history. Paleozoic principles and practice, paleoecology of other groups of organisms (ichnofossils, Bryozoa, etc.)
Field Classes: In addition to the Stage III Compulsory Field Class in Geological Mapping, a total of about five days of field work will be arranged throughout the year anywhere in New Zealand, attendance is compulsory and students must be prepared to pay a large part of the cost of these excursions.
Practical Work: The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

Note: Since the prerequisites for this course are first-year courses it is possible to take 21.303 as a second year course; students who intend to major in Geology must obtain the permission of the Head of Department to take 21.303 in their second year.

21.304 Minerals and Mineral Deposits
(Prerequisites: 21.203, Chemistry 08.120 or 08.123; Corequisites: 21.302 and 21.305)
Sixty-nine hours lectures, 46 hours laboratories, 6 credits. Mineral deposits in sedimentary, igneous and metamorphic environments and their genesis; industrial minerals; coal, gas and petroleum deposits; elementary aspects of geochemistry; advanced determinative mineralogy using a variety of analytical and instrumental techniques.
Field Classes: In addition to the Stage III Compulsory Field Class in Geological Mapping, a total of about five days will be spent in the field throughout the year. Attendance at these classes is compulsory and students must be prepared to pay a large part of the cost of these excursions which may be held anywhere in New Zealand.
Practical Work: The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

21.305 Igneous and Metamorphic Petrology
(Prerequisites: 21.203, Chemistry 08.120 or 08.123)
Forty-six hours lectures, 69 hours laboratories, 6 credits. Petrography, chemistry, petrogenesis and regional settings of igneous and metamorphic rocks.
Field Classes: In addition to the Stage III Compulsory Field Class in Geological Mapping, a total of about five days will be spent in the field throughout the year. Attendance is compulsory and students must be prepared to pay a large part of the cost of these trips which may be held anywhere in New Zealand. Practical Work: The year's practical work will be assessed for each candidate and the marks included in the marks schedule of the University. A pass in both the practical course and the written paper is necessary.

21.306 Applied Geophysics
(Prerequisites: either 21.201, (26.120 or 26.121), (26.141 or 26.142), (31.110 or 31.113 or 31.115) and (31.120 or 31.123 or 31.125) or (21.100, 21.150), 31.210. Corequisite: 31.330)
Forty hours lectures, 3 credits. A lecture course covering physical principles, equipment and techniques used in investigating the physical composition of the earth's crust and in mineral exploration. Standard numerical and graphical interpretation methods are discussed, and are used to interpret gravity, magnetic, seismic and DC-resistivity measurements to derive realistic geological gross structures and structures of mineral deposits.

21.307 Experimental Geophysics (joint laboratory course with Physics Department).
Seventy-two hours laboratories, 3 credits. This is a laboratory course associated with 21.306. Use and calibration of geophysical instrumentation, experiments to illustrate basic principles, analysis and interpretation of field data involving both Geology and Geophysics. This course is identical with course Physics 31.393, and those students who satisfy the prerequisites: 31.210 and 31.290 and one other paper from 31.201-31.250 should enrol in 31.393.
Field Classes: In addition to the Stage III Compulsory Field Class in Geological Mapping, about five days of field work will be held throughout the year anywhere in New Zealand. Students must be prepared to pay a large part of the cost of these excursions which are compulsory.
Practical Work: The year's practical work will be assessed for each candidate and the marks included in the marks Schedule of the University. Part of the practical work is designed to prepare the students for the interpretation of the fieldwork in the 21.307 (31.393) course.

BSc (Hons) Part IV in Geology
(Three papers and a research report 21.603)
The regulations which cover the BSc (Hons) course are listed elsewhere. This course in Geology is designed to enable students of high ability to complete an Honours degree in four years and thus be eligible to proceed direct to a PhD degree, and for the award of post-graduate scholarships. Students enrolled for BSc (Hons) Part IV in Geology undertake course
work as for first-year MSc students and will select three of the following papers prescribed for the MSc degree (21.401-21.406 and 21.408 but not 86.100 or 86.102). In addition, they must complete a research project by the beginning of the second half of the academic year, and the marks allotted for the project report count as equivalent to one paper. Admission to the Honours School may be granted at the end of either the second or third year after first enrolment in the Geology Department. Students who wish to be considered for enrolment should consult the Head of Department prior to enrolment or at any time during the preceding year. Students who have been admitted to Part IV should consult the Geology staff about projects at the end of their Stage III year.

Students are reminded of the Foreign Language Reading requirement for admission to the degree of BSc (Hons). Candidates must show proficiency in a language approved by the Head of Department.

**MSc and Honours in Geology**

[Three papers and a Thesis (21.601)]

The MSc is normally a full-time two-year degree, following the completion of a BSc, and consists of three written papers to be selected from 21.401-21.406 and 21.408 and either 86.100 or 86.102 together with a thesis which, for examination assessment, counts as two written papers. Students are reminded of the Foreign Language Reading requirement for admission to the degree of MSc or MSc (Hons); proficiency must be shown in a language approved by the Head of Department.

**Note:** Interested students should also refer to School of Engineering courses in Geomechanics.

**21.401 Tectonics and Structural Geology**

Analysis of complex structural sequences in metamorphic and non-metamorphic rocks. Principles of strain analysis and rock mechanics. Selected topics in regional geology as related to tectonic theory.

**21.402 Sediments and Sedimentary Processes**

Sedimentary processes and products in both ancient and modern settings. Identification and interpretation of sedimentary environments; the provenance and subsequent diagenetic history of terrigenous and carbonate sediments.

**21.403 Stratigraphy and Paleontology**

Principles and practice in stratigraphy and correlation, the fossil record and its interpretation, the historical geology of New Zealand.

**21.404 Mineralogy and Geochemistry**

The crystal chemistry of mineral systems, the abundance and distribution of the elements in specific geological environments, and selected mineral groups and their paragenesis.

**21.405 Genesis of Igneous and Metamorphic rocks**

Studies in the petrology of igneous and metamorphic rocks covering geological settings, PT environments, petrochemistry and mineral assemblages with emphasis on recent developments in the theoretical, experimental and observational fields.

**21.406 Advanced Applied Geophysics**

The theory and practice of the interpretation of geophysical measurements. Topics covered are: potential field theory, quantitative interpretation of gravitational and magnetic anomalies (two- and three-dimensional bodies); DC and AC resistivity measurements, seismic wave transmission, refraction and reflection studies. Practical work: The year's practical work will be assessed by means of exercises to be completed during the lecture course and two essays and discussion of a seminar topic.

**Note:** This course is the same as Physics 433 and is given jointly by the Geology and Physics Department. Previous enrolment in Physics 330, Geology 306 and Geology 307 is desirable.

**21.408 Advanced Engineering Geology**

Application of geology to engineering practice with emphasis on the geological, physical and structural variants in rockmasses and soilmasses. Aspects of ground investigation methods, aggregates, relevant clay mineralogy, groundwater, sediments and soils, excavation methods, stability of slopes, foundation requirements and relationship to soil mechanics and rock mechanics.

**86.100 Geothermal Systems and Technology**

**Note:** This course includes two compulsory field trips, normally held in late February to Wairakei and in May to Ngawha, each of about five days duration, but timing, location and duration may be altered from year to year.

**86.102 Geothermal Exploration Technology**

**Note:** (a) Students seeking enrolment in this course must have passed 21.304 or 21.305 or 21.306; in addition, a pass in either 08.210 or 08.220 is desirable.

(b) This course includes a compulsory field trip, normally held in Mid-Term Break to Wairakei and Wellington and of five days duration, but timing, location and duration may be altered from year to year.

**PhD in Geology**

(Thesis (21.602) and an oral examination) Facilities are available for research by PhD candidates in many branches of Geology: geochemistry, petrology, volcanology, mineralogy, structural geology, paleontology and stratigraphy, sedimentology, marine geology, geophysics and engineering geology. Students intending to work for this degree should have reached a satisfactory level of attainment in BSc (Hons) or MSc. Students working for this degree who
have not already shown proficiency in a foreign language will be required to pass the Foreign Language Reading Examination in a language approved by the Head of Department.

LEIGH LABORATORY

The Leigh Laboratory is situated on the east coast, some seventy kilometres north of Auckland, at Goat Island Bay, Leigh. It provides research and some advanced course space, facilities such as running seawater, and living accommodation for twenty workers. Present work is centred on the ecology, physiology and systematics of shore and shallow water organisms, and geology and marine geophysics, but the laboratory is open to workers in any branch of marine research.

Excellent collecting grounds are available in the district, although the area in the immediate vicinity of the laboratory is designated a marine reserve, in which certain limitations are imposed. Within ten kilometres of the laboratory there are examples of almost every kind of shore from mangrove swamps and quiet harbours to exposed rocky shores and surf beaches. A full climate station is maintained and climatic variables in the intertidal region are regularly monitored. The laboratory owns various small boats which are available for nearshore collecting, scuba work and for plankton sampling. A 10m work boat with winch and accommodation for 6 is available for offshore work. Certain scuba equipment and divers’ air compressor are available and there are full facilities for quantitative phytoplankton work, seawater chemistry, and respiratory and photosynthetic measurements using electrodes or manometry. Tank rooms with constantly running seawater can be used for the maintenance of animals and seaweeds.

The Laboratory is managed by a committee composed of the Heads of such Departments as Zoology, Botany and Physics. Students who wish to work at the Laboratory must make arrangements with the Director through their supervisors and any other bookings can be made in advance by contacting the Director, Dr W. J. Ballantine, R.D., Leigh (Telephone, Warkworth 26-111). Facilities and accommodation are available to students proceeding to the BSc, BSc (Hons), MSc, or PhD degrees as well as staff and visiting scientists.

DEPARTMENT OF MATHEMATICS

AND STATISTICS

Stage I Courses

Maths 101 (6 credits) Introduction to Algebra and Calculus.

This course is a combined algebra and calculus paper. It is for those who do not intend to advance in Mathematics and whose background is weak. It is ideally suited to those students who do not wish to take both an algebra and a calculus paper.

Maths 120 (6 credits) 26.120 Principles of Algebra

Maths 121 (6 credits) 26.121 Introductory Algebra

Maths 140 (6 credits) 26.140 Principles of Calculus

Maths 141 (6 credits) 26.141 Introductory Calculus

Maths 142 (6 credits) 26.142 Concepts of Calculus

These are alternative courses and only one of them may be selected by any student. Students intending to advance in Mathematics or Engineering will take Maths 120 or 121 which are to be considered as equivalent for prerequisite purposes. Students with a strong entrance background should enrol in Maths 120 and students with a weak background in Maths 121. However, well prepared students are encouraged to enrol in Maths 221. Maths 122 is appropriate for commerce and law students and for arts and social science students not intending to major in Mathematics. However, as this is a first course in Mathematics, better prepared students are encouraged to take Maths 120 or 121 instead.

Syllabus for Maths 120 and 121: integers and induction; complex numbers; linear equations and matrices; vectors and geometry of 2 and 3 dimensions; polynomials; brief introduction to abstract algebra.

Syllabus for Maths 122: a selection of topics from logic, sets, principles of counting, vectors and matrices, linear equations, probability and Markov chains, linear programming, the theory of games, number systems.

Maths 140 (6 credits) 26.140 Principles of Calculus

Maths 141 (6 credits) 26.141 Introductory Calculus

Maths 142 (6 credits) 26.142 Concepts of Calculus

These are alternative courses and only one of them may be selected by any student. Students intending to advance in Mathematics or Engineering will take Maths 140 or 141 which are to be considered as equivalent for prerequisite purposes. Students with a strong entrance background should enrol in Maths 140 and students with a weak background in Maths 141. However, well prepared students are encouraged to enrol in Maths 241. Maths 142 is appropriate for commerce and law students and for arts and social science students not intending to major in Mathematics.

Limits, continuity; derivatives and integrals; differential calculus of polynomials and rational functions; antiderivatives and integrals of polynomials; logarithmic, exponential and circular functions; calculus in Euclidean geometry; applications.

Maths 170 (6 credits) 26.170 Principles of Mechanics

Elementary vector algebra; statics of a particle and rigid body; centres of mass and moments of inertia;
dynamics of a single particle including work, energy, momentum, simple harmonic motion, motion in a circle and projectiles; introduction to dynamics of a system of particles and of a rigid body.  

Maths 180 (6 credits) 26.180 Principles of Statistics  
Axioms of probability, random variables, probability distributions, expected values, discrete bivariate distributions, sampling distributions, small and large sample inference, regression.  

Maths 181 (6 credits) 26.181 Introduction to Probability and Statistics  
The syllabus is similar to that of 26.180 but with less emphasis on mathematical proofs and more emphasis on statistical techniques and their applications. Further topics such as contingency tables, goodness of fit tests will be included. Students intending to advance in statistics to Stage III will normally take 26.180. Other students who do not have a good background in pure mathematics and statistics at the sixth or seventh form level are advised to take 26.181. If in doubt, please consult the lecturer in charge of the course. Students who pass 26.181 will require permission from the Head of the Department before they may enrol in 26.280.  

Stage II Courses  
In accordance with regulation 5 of the BSc Regulations and Regulation 7 of the BA Regulations, the Head of Department may waive the prerequisites listed in the schedule in particular cases. This applies particularly to students who, instead of having passed the formal prerequisite, have passed a related paper with a good grade. The papers to which this applies are 122 instead of 120 or 121, 142 instead of 140 or 141 and 181 instead of 180.  

Maths 210 (6 credits) 26.210 Principles of Mathematics  
The course consists of a wide selection of topics from various branches of Mathematics. Further information about the course may be obtained from the Administrative Secretary of the Department of Mathematics and Statistics.  

Maths 220 (6 credits) 26.220 Linear Algebra  
Matrices, vector spaces, linear mappings, determinants, eigenvalues and eigenvectors, non-singular reduction of quadratic forms, Sylvester's law of inertia, inner products, orthogonal reduction of real quadratic forms.  

Maths 221 (8 credits) 26.221 Algebra (accelerated course)  
A selection of topics from Maths 120 and Maths 220 taught as a unified course. Well prepared students are encouraged to seek permission to enrol in this course rather than in Maths 120.  

Maths 240 (4 credits) 26.240 Calculus  
Algebra and geometry of vectors in three dimensional space; calculus of vector valued functions, curves, functions of several variables, partial derivatives, chain rule, maxima and minima, div, grad and curl; multiple integrals; least upper bounds; sequences and series, introduction to power series.  

Note: Students who intend to advance to Stage III and have obtained a grade of B- or better in papers 26.140 or 26.141 are encouraged to enrol concurrently in paper 26.330  

Maths 241 (8 credits) 26.241 Calculus and Analysis (accelerated course)  
A selection of topics from Maths 140 and Maths 240 taught as a unified course. Well prepared students are encouraged to seek permission to enrol in this course rather than in Maths 140.  

Maths 260 (4 credits) 26.260 Differential Equations  
Methods for the solution of ordinary differential equations, including variation of parameters, Laplace transform methods, and power series solutions; elementary Fourier series and boundary value problems.  

Maths 280 (4 credits) 26.280 Statistical Theory  
Probability spaces, distribution theory of one or more variables, probability and moment generating functions, sampling theory for the normal distribution, estimation, hypothesis testing, linear models.  

Maths 281 (4 credits) 26.281 Statistical Methods  
Basic statistical methods, introduction to analysis of variance and experimental design, goodness of fit, contingency tables, non-parametric methods, regression, sample survey methods.  

Stage III Courses  
In accordance with regulation 5 of the BSc Regulations and Regulation 7 of the BA Regulations, the Head of Department may waive the prerequisites listed in the schedule in particular cases. This applies particularly to students wishing to enrol in paper 26.330 concurrently with paper 26.240.  

*Maths 310 (4 credits) 26.310 Special Topics in Pure Mathematics (a)  
Enrolment in this paper requires permission from the Head of the Department. If this paper is offered, further information may be obtained from the Administrative Secretary of the Department of Mathematics and Statistics.  

Maths 311 (2 credits) 26.311 Special Topics in Pure Mathematics (b)  
Enrolment in this paper requires permission from the Head of the Department. If this paper is offered, further information may be obtained from the Administrative Secretary of the Department of Mathematics and Statistics.  

Maths 315 (4 credits) 26.315 Formal Logic  
Formal systems, proof-theoretic and model-theoretic approaches to classical and model sentential logic, introduction to first-order logic.  

Maths 320 (4 credits) 26.320 Algebraic Structures
Maths 321 (4 credits) 26.321 Introduction to Abstract Algebra
Groups, rings, unique factorisation domains, fields. The object of these courses is to give a basic introduction to modern algebra, exclusive of linear algebra. They are alternative courses, and only one of them may be selected by any student. Both courses are acceptable and suitable as a prerequisite for Maths 420, and the Mathematics and Statistics Department reserves the right to direct which of these courses a particular student shall take.

Maths 330 (2 credits) 26.330 Introductory Analysis
Students with good grades in Maths 140 may with the permission of the Head of Department proceed direct to Maths 330 in their second year. Elements of set theory, the real number system, sequences and series of functions, uniform convergence, Riemann integration.

Maths 331 (4 credits) 26.331 Principles of Analysis (accelerated course)
A selection of topics from 26.330 and 26.340 taught as a unified course. This course follows on from 26.241 and enrolment requires permission from the Head of the Department of Mathematics and Statistics.

Maths 335 (2 credits) 26.335 Metric and Normed Spaces
Metric and normed linear spaces with particular reference to n-dimensional Euclidean space and C(a,b), compactness, connectedness, completeness and their applications.

Maths 340 (4 credits) 26.340 Multivariable Calculus
Differential and integral calculus of vector-valued functions of several variables and applications.

Maths 345 (2 credits) 26.345 Techniques of Complex Variables
Analytic functions, power series, calculation of integrals by residues.

Maths 350 (4 credits) 26.350 Topics in Topology
A selection of topics chosen from topology or differential geometry. Enrolment in this paper requires permission from the Head of Department.

*Maths 355 (4 credits) 26.355 Geometry
A selection of topics chosen from axiomatic, affine geometry, Euclidean and non-Euclidean geometry, projective geometry, inversive geometry, convexity.

Maths 360 (4 credits) 26.360 Applied Analysis
Differential equations, the special functions of applied mathematics, orthogonal polynomials, Fourier series, Boundary value problems.

*Maths 362 (4 credits) 26.362 Special topics in applied mathematics (a)
Enrolment in this course requires permission from the Head of the Department. If this paper is offered, further information may be obtained from the Administrative Secretary of the Department of Mathematics and Statistics.

*Maths 363 (2 credits) 26.363 Special Topics in Applied Mathematics (b)
Enrolment in this course requires permission of the Head of Department. If this paper is offered, further information may be obtained from the Administrative Secretary, Department of Mathematics and Statistics.

Maths 370 (4 credits) 26.370 Mechanics
General dynamical principles, theory of rotating axes, motion under central forces, motion of a rigid body, Lagrange's equations of motion, Hamiltonian theory, special theory of relativity.

Maths 371 (4 credits) 26.371 Field Theory
An introduction to electromagnetism and fluid dynamics.

Maths 380 (4 credits) 26.380 Probability
Introduction to stochastic processes, generating functions, recurrent event theory. Markov chains including applications to random walks and discrete branching processes. Poisson processes, birth and death processes including applications to queuing processes, miscellaneous topics.

Maths 381 (4 credits) 26.381 Statistical Analysis
Expectation and covariance operators for random vectors, quadratic forms, multivariate normal distribution, detailed study of multiple linear regression, analysis of variance and covariance.

Maths 391 (4 credits) 26.391 Optimisation in Operations Research
Linear programming; Simplex and revised Simplex methods; duality, and the dual Simplex method; post optimal analysis; decomposition and column generation; integer programming; cutting planes and branch and bound; dynamic programming; network analysis, transportation and flow problems.

Maths 395 (4 credits) 26.395 Mathematical Modelling for Operations Research
Digital simulation techniques and applications. Monte-Carlo methods and related statistical analysis; introduction to deterministic and stochastic models in such areas as queuing theory, inventory control, reliability, Markov decision processes, risk analysis.

Courses for MA, MSc and Honours
The Prerequisites for the MA and MSc degrees are: Mathematics 220 or 221, 240 or 241, at least one of 260, 280, 281, plus twenty 360 or 400 level credits approved by the Head of the Mathematics and Statistics Department. Normally at least 16 of these credits shall be from courses in Mathematics and Computer Science, but 12 credits in Mathematics and Computer Science may be approved in special cases.

The student shall select papers, approved by the Head of the Department of Mathematics and Statistics,
from 26.400 to 26.499 and 07.490 to 07.499 with a total credit value of 20 credits, together with a thesis (26.601) or an advanced course of study (26.605), which will count as 16 credits. Up to four of the 20 credits may be replaced by four stage three credits from Mathematics and Computer Science papers not already taken for any other Degree or Diploma.

A candidate who has not passed Mathematics 320 or 321, 330 or 331 and 340 will normally be required to pass these papers or their equivalents during their first Masters year. Prospective Masters students should consult the Administrative Secretary of the Mathematics and Statistics Department for further details, preferably when they enrol for their 300 level papers.

Not all 400 level papers listed will be offered each year. The list of papers to be offered and their prescriptions will be determined each year by the Head of the Department of Mathematics and Statistics. The number of credits for each paper is given after the title.

A candidate must normally complete his thesis or advanced course of study not later than twenty four months after his first enrolment for this degree.

The number of credits for each paper is given in brackets.

BSc (Honours) in Mathematics
Prerequisites for Part IV of the BSc(Hons) degree are the same as for an MA or MSc degree in Mathematics. Normally only students of proven ability (B+ or above) may be considered for entry at either Part III or Part IV level.

1985 Calendar
The courses available at Part III level are such as will allow a candidate to satisfy the prerequisites for Part IV. The requirements for Part IV are: a selection of papers, approved by the Head of the Mathematics and Statistics Department, from 26.400 to 26.499 and Computer Science 07.490 to 07.499 with a total credit value of 20 credits. The comments above concerning 320 or 321 etc with regard to the first year of the Masters degree also apply to Part IV of the BSc(Hons).

Students who obtain the BSc(Hons) will be permitted to complete the MSc by presenting a thesis or completing an advanced course of study as approved by the Head of the Department of Mathematics and Statistics.

Diploma in Mathematical Education
See under Diploma Regulations and Prescriptions

Diploma in Statistics
See under Diploma Regulations and Prescriptions

DEPARTMENT OF PHARMACOLOGY AND CLINICAL PHARMACOLOGY

Stage III Courses

96.301 Principles of Pharmacology
(One paper and practical work)

An introductory course on the principles of pharmacology. Topics are passage of drugs across membranes; drug distribution, metabolism and elimination; pharmacokinetics; mechanism of drug action; drug toxicity; drug development and evaluation.

Lectures: Students will attend two lectures a week.
Laboratories: Students are required to attend practical classes of not less than three hours a week. Performance in laboratory work will contribute to the final grade for the course.

Prerequisites: 66.201 or 67.201 and 12 or more credits from Science papers above Stage I.
A maximum number will be determined by the available accommodation.

96.302 Systematic Pharmacology
(One paper and practical work)

This course examines specific aspects of pharmacology particular emphasis being placed on mechanism of action, and the modification of normal function by drugs. The actions of drugs on excitable membranes, membrane bound enzymes, and cellular and bacterial replication will be considered in depth. The modification by drugs of neurotransmission, and renal, gastrointestinal and endocrinial function will be reviewed. Practical work complements the lecture course.

Lectures: Students will attend two lectures a week.
Laboratories: Students are required to attend practical classes of not less than three hours a week. Performance in laboratory work will contribute to the final grade for the course.

Prerequisites: 66.201 or 67.201 and 12 or more credits from Science papers above Stage I.
A maximum number will be determined by the available accommodation.

DEPARTMENT OF PHYSICS

Stage I courses

Physics 104 (2 credits) Basic Electronics for Instrumentation

This paper is given in even numbered years. It is intended for nonphysicists who need to use and understand electronic instrumentation. It aims to provide a basic understanding of electronic circuits and electronic instruments commonly used for scientific purposes.

The topics covered include:
1. the calculation, measurement and observation of direct, alternating and transient electrical signals;
2. a discussion of the factors which cause measurement and observational errors;
3. the characteristics of some active circuit devices, including transducers;
4. the operating principles and uses of power supplies, amplifiers and oscilloscopes;
5. simple logic circuits and their use in the control of experimental parameters.

The paper will consist of 12 1-hour lectures and 12 2-hour laboratory periods. The laboratory work is an integral part of the paper in which a substantial part of the instruction will take place.

Physics 105 Acoustics (Paper 28.113 for BMus)

This paper is provided as an option for the degree of Bachelor of Music only and is examined as paper 28.113. Topics covered include the fundamental principles of oscillations and wave propagation; stationary waves; resonance; loudness; pitch; tone quality; intervals and scales; the principles of operation of stringed, woodwind, brass and other instruments; the electronic production and reproduction of sound; and the acoustics of rooms.

Prequisites: 66.201 or 67.201 and 12 or more credits from Science papers above Stage I.
Corequisites: 96.301.
A maximum number will be determined by the available accommodation.

DEPARTMENT OF PHILOSOPHY

Stage II Course

Philosophy 29.203 (5 credits) Philosophy of Science

This course is available for second and third year BSc students. It provides an introduction to the logic, methodology, ontology and epistemology of science, and other problem areas where philosophy intersects with foundational issues in special sciences. No prior acquaintance with philosophy will be presupposed. However, students will be required to master some elementary logic. Full details of the course, including texts, can be found in the brochure Department of Philosophy: Course Outlines available from the Departmental Secretary.
**Physics 110, 113, 120, 123**

The course combinations (110, 120) or (113, 123) are intended for students who wish to advance in the physical sciences, engineering or mathematics. These two combinations have the major part of the syllabus intended for students who wish to advance in Physics or Engineering.

Students will be streamed so that those with a strong entrance background (normally A Bursary or better) will take Physics 110 and 120. These papers omit those topics which are adequately covered in Bursary Physics and replace them with alternative topics to give a broader coverage at the Stage I level.

Students with B Bursary or lesser background will be streamed to take Physics 113 and 123 as the regular Stage I Physics course.

**Physics 110 (6 credits)**

Lectures for four hours per week and one three hour laboratory session per week in the first half year. The paper is based on the topics mechanics, heat, wave-motion, sound and light. Tutorial assistance is available.

**Physics 113 (6 credits)**

Lectures for four hours per week and one three hour laboratory session per week in the first half year. The paper is based on the topics mechanics, heat, wave-motion, sound and light. Tutorial assistance is available.

**Physics 120 (6 credits)**

Lectures for four hours per week and one three hour laboratory session per week in the second half year. The paper is based on the topics electricity, relativity and modern physics. Tutorial assistance is available.

**Physics 123 (6 credits)**

Lectures for four hours per week and one three hour laboratory session per week in the second half year. The paper is based on the topics electricity, relativity and modern physics. Tutorial assistance is available.

**Physics 115 and 125**

These papers are given in the first and second half-years respectively and are intended primarily for students who intend to proceed to courses in medicine (Otago), dentistry, agriculture, architecture, home science, surveying, pharmacy and optometry. They are also recommended for students taking a BA degree or a BSc degree in natural science subjects. Mathematics and physics up to University Entrance standard will be assumed.

Students who are credited with a pass in Physics 115 or 125 may enrol for Physics 200 but are not eligible to enrol for any other advanced papers in Physics. Students with good results in Physics 115 and 125 and the Mathematics prerequisites may apply to the Head of the Department for permission to advance to Physics 210–290.

**Physics 115 (6 credits)**

Lectures for four hours per week selected from the following topics: mechanics, heat, wave-motion, sound and light. Tutorial assistance is available.

**Laboratory Course**: Three hours of practical work each week in conjunction with lecture material.

**Physics 125 (6 credits)**

Lectures for four hours per week selected from the following topics: electricity, relativity, and modern physics. Tutorial assistance is available.

**Laboratory Course**: Three hours of practical work each week in conjunction with the lecture material.

**Stage II Lecture Courses**

*Note*: There is no laboratory requirement for any of the advanced lecture papers in Physics, but not more than TWO of the papers Physics 210–250 may be credited unless the laboratory paper Physics 290 is also credited.

**Direct Entry**

Students who have gained an Entrance Scholarship with outstanding marks in both Physics and Mathematics may be granted direct entry to Stage II papers in Physics. Enquiries should be first made to the Head of Department.

**Physics 200 (4 credits) Topics in Contemporary and Applied Physics**

This paper provides an introduction to a variety of topics in physics of contemporary interest, such as space physics, astrophysics, geophysics and biophysics. It also discusses the basic physics involved in a variety of general topics such as music, photography and microscopy. The paper is descriptive in nature and makes extensive use of demonstrations, slides, films and closed circuit TV. One two-hour lecture per week is devoted to each topic, with a different lecturer each week. The prerequisite for Physics 200 is one of the papers Physics 110–125 or Physico-chemistry for Human Biology. This paper is examined by continuous assessment.

**Lectures**: Two hours per week throughout the year.

**Physics 201 (2 credits) Astrophysics**

This is an introductory paper covering such topics as stellar structure and evolution, galaxies and cosmological theories.

The prerequisites for Physics 201 are any one of Physics 110, 113 or 115, together with any one of Physics 120, 123 or 125.

**Physics 210–250**

The prerequisites for each of these papers are Physics 110 or 113 and 120 or 123; and Mathematics 120 or 121 and 140 or 141. Students are recommended to
enrol concurrently in Mathematics 240 and 260. Each paper comprises two hours of lectures each week during one half-year. Tutorial assistance may be provided by arrangement with the lecturer.

A list of text books or books for recommended reading is available from the Departmental Office by 1 December of the year prior to enrolment.

**Physics 210 (2 credits) Oscillations and Waves**
This paper examines the general properties of oscillating systems and propagating waves. Undamped, damped and forced vibrations are treated for electrical and mechanical systems. Various examples of mechanical, acoustical and electrical wave propagation are treated, with emphasis on their common features. The paper concludes with a consideration of wave propagation in two and three dimensions with particular emphasis on Fresnel and Fraunhofer diffraction.

**Physics 220 (2 credits) Electromagnetism and Optics**
The electromagnetism part of this paper covers the basic theory of the commonly observed electromagnetic phenomena and shows that they lead to Maxwell's equations (integral form). The optics part deals with optical sources, coherence, diffraction, holography, interferometers and polarisation.

**Physics 240 (2 credits) Electronic Physics**
The aim of this paper is to provide students with a fundamental understanding of basic electronic circuits and systems. The lectures will cover (i) electric circuit theory, (ii) semiconductor devices, (iii) circuit applications, and (iv) principles of electronic design and instrumentation.

**Physics 250 (2 credits) Quantum Physics**
The aim of this paper is to introduce students to the concepts and methods of quantum theory. The formal structure of the theory will not be stressed. The paper will cover the Schrodinger equation, and its application to simple quantum systems.

**Stage II Laboratory Course**
**Physics 290 (6 credits) Experimental Physics**
This is a laboratory paper which supplements the lectures at Stage II level. It occupies two three-hour periods each week throughout the year, and is examined on the basis of continuous assessment. Physics 290 is prerequisite to the laboratory papers at Stage III level, and must be passed before more than two of the papers Physics 210-250 may be credited. The prerequisites for Physics 290 are Physics 110 or 113 and 120 or 123, Mathematics 120 or 121 and 140 or 141. The corequisites are TWO of the papers Physics 201–250.

Note: Students specialising in Computer Studies should refer to the note under Physics 240.

**Stage III Lecture Courses**
**Physics 312–389**
The prerequisites for these papers are listed in the BSc Schedule. Students are recommended to enrol concurrently in Mathematics at Stage III level, the papers 26.340, 26.345 and 26.360 being the most relevant. Some papers in Computer Science such as 26.340, 26.345 and 26.360 are also likely to be of benefit to Physics students.

Each paper comprises two hours of lectures for one half-year. Tutorials may be arranged on an ad hoc basis. A list of text books or books for recommended reading is available from the Departmental Office by 1 December of the year prior to enrolment.

**Physics 312 (2 credits) Classical Mechanics**
This paper aims to give a brief review of the non-relativistic mechanics of systems of particles, and to develop the principles of generalised classical mechanics as they are used in physics. It will deal with the following topics: momentum, energy, angular momentum of single particles and particle systems, generalised co-ordinates, constraints, Lagrange's equations, two-body problem, central forces and orbits, rigid body motion, Hamilton's principle, conservation theorems and symmetries, Hamilton's equations, canonical transformations, Poisson brackets. Emphasis is also laid on the parallels between the classical and quantum theories of mechanics.

**Physics 313 (2 credits) Thermodynamics and Statistical Mechanics**

**Physics 320 (2 credits) Electromagnetism and Electromagnetic Waves**
The paper extends the electromagnetism of Physics 220 to the general situation, carrying on through Maxwell's equations to the propagation and properties of EM waves. The lectures are based on the following topics: electrostatics in terms of Laplace's equation, including its solution in terms of Legendre polynomials and cylindrical harmonics; dielectrics; magnetic fields and currents; Maxwell's equations; Liénard Wiechert potentials. Electromagnetic wave propagation, wave guides; radiation from antennas, reflection, refraction and scattering of electromagnetic waves. Introduction of physics of plasmas as relating to electromagnetic waves.
Physics 330 (2 credits) Terrestrial Physics
A general introduction to the physics of the solid Earth, including aspects of the gravitational field, the rotation and figure of the Earth, seismology and the internal structure of the Earth, the Earth's internal heat, the geomagnetic field, paleomagnetism and geodynamics.

Note: Physics 330 is a corequisite to Geology 306 (Applied Geophysics) and Geology 307/Physics 393 (Experimental Geophysics). It has associated with it some particular experiments in applied geophysics which are also available to any student enrolled for the laboratory papers Physics 391 or 392.

Physics 331 (2 credits) Marine Physics
A general introduction to ocean physics including a review of the physical properties of ocean water, the application of fluid mechanics to dynamic phenomena in the ocean and atmosphere, such as geostrophic gradient, inertial flow, wind driven circulation, gravity waves, the tides and underwater acoustics.

Physics 332 (2 credits) Atmospheric Physics
A general introduction to physical processes involved in the lower atmosphere, including the origin, composition and structure of the atmosphere; the radiation balance; optical phenomena; atmospheric electricity; cloud physics; the thermodynamics and circulation of the atmosphere.

Note: Physics 330, 331, 332 may be taken independently but the three taken together are designed to provide an overall view of the physics of the Earth.

Physics 333 (2 credits) Circuit Electrophysics
This paper is concerned with the general aspects of electric circuit theory. Topics discussed include time-domain and complex-frequency domain methods of analysis as relevant in physical systems as well as electric circuits, Laplace transforms of arbitrary waveforms, complex vector loci, Nyquist and Bode plots, feedback principles applied to operational amplifiers and simple active filters. Emphasis is placed on circuits with an application in instrumentation and data acquisition. In common with Physics 343 this paper is of interest to students intending to undertake experimental work although it is rather more theoretically biased.

Note: Students in this paper will benefit substantially by also enrolling in Physics 390, 391 or 392.

Physics 334 (2 credits) Semiconductor Devices
This paper is concerned with understanding the electrical behaviour of semiconductor devices. It contains material relating to the physics of semiconductor junctions, device fabrication and integration, electrical characteristics of discrete and integrated devices, circuit models and device applications.

Although the paper is general in nature, and is designed to follow Physics 240, students will benefit from concurrent enrolment in Physics 341.

Note: Students in this paper are encouraged to enrol concurrently in Physics 390, 391 or 392.

Physics 343 (2 credits) Pulse and Digital Electronics
This paper provides a systematic introduction to digital circuits and concepts that are basic to contemporary instrumentation and computation. The aim is to lead students from simple switching concepts in linear passive circuits via non-linear discrete semiconductor devices to integrated circuits and basic instrumentation systems. The paper is of interest to all students intending to undertake experimental work.

Note: Students in this paper will benefit substantially by also enrolling in Physics 290, 390, 391 or 392.

Physics 350 (2 credits) Quantum Mechanics and Atomic Physics
The paper is designed to give an understanding of the observed behaviour of atomic systems in terms of the quantum theory. The following topics are discussed: (a) the one-dimensional Schrodinger equation and its application to linear molecules; (b) the quantisation of orbital angular momentum and the extension of Schrodinger's equation to three dimensions; (c) perturbation theory and an introduction to matrix mechanics; (d) the spectra of hydrogen, hydrogen-like ions, alkali-like spectra and exotic atoms and their interpretation; (e) the spectra of helium, helium-like ions and the alkaline earth elements and their interpretation.

Physics 352 (2 credits) Molecular and Solid-State Physics
The molecular physics section of the paper covers the following topics: the hydrogen molecular ion, the hydrogen molecule, covalent and ionic bonds, molecular rotational and vibrational spectra and their interpretation using the Schrodinger theory. The solid state section of the paper deals with the structure of crystals and crystal lattices, lattice vibrations and the thermal properties of solids. The band theory of solids in terms of the quantum theory is also covered, as well as other selected topics. Concurrent or prior enrolment in Physics 350 is considered very desirable.

Physics 353 (2 credits) Nuclear and Particle Physics
The aim of this paper is to discuss the basic properties of atomic nuclei and elementary particles, and to give an introduction to recent developments in these fields. The paper is divided into two sections: Nuclear physics: basic properties of nuclei, radioactive decay, nuclear reaction mechanisms, introduction to nuclear model; particle physics: discovery of mesons, resonances and strange particles, basic properties of elementary particles and their interactions, introduction to quark models. Concurrent or prior enrolment in Physics 350 is considered very desirable.

1985 Calendar
Physics 356 (2 credits) Nuclear Science
This paper covers many topics of practical interest to experimental nuclear physicists and the theoretical backgrounds of several of the experiments in Physics 390–392 are discussed.

The paper will include the interaction of charged particles, gamma rays and neutrons with matter and a selection of topics from: fission, fusion, radioactive decay, detectors, nuclear analytical techniques, beam optics, machine physics.

Physics 380–389 (each 2 credits) Selected Topics
Subject to the approval of the Head of Department students may select not more than two topics from those offered at MSc level in Physics. Any necessary prerequisites or corequisites will be as determined by the Head of Department.

These papers will be examined in a fashion appropriate to Stage III as part of the Selected Topics 380–389.

From time to time special lecture courses in Physics may be offered to students in particular areas of specialization. These papers will be announced prior to the enrolment period in the year in which they are given.

Stage III Laboratory Courses
Physics 390, 391, 392 (each 3 credits) Experimental Physics A, B, C
Three general laboratory papers are available at Stage III level in Physics, and students may enrol for one or more of these in the same or subsequent years. Each paper normally occupies two three-hour laboratory periods for half the year, but laboratory times are flexible depending on the allocation of experiments in the Advanced Laboratory, and Physics 392 may be spread over the whole year, at the discretion of the course organiser. Each paper will contain a representative selection of experiments from different branches of physics, but will in addition contain experiments selected as far as is practicable to suit the particular interests of students. Experiments are available in general physics, atomic and nuclear physics, electronic physics and pure and applied geophysics.

In view of the value to be derived towards an understanding of experimental physics, it is expected that all students taking any of the 390-series laboratory courses will offer themselves for a period of Stage I laboratory demonstrating.

Prerequisites for enrolment in Physics 390, 391 or 392 are passes in two of the papers 31.201 to 31.250 and in 31.290. Corequisites are concurrent enrolment (or passes) in one of the papers 31.312 to 31.356 for each one of 31.390–392. At least one of the papers 390, 391 and 392 must be credited before more than three of the papers Physics 312–389 may be credited.

At least two of the papers 390, 391, 392 are required as a prerequisite to Masters in Physics.

Physics 393 (3 credits) Experimental Geophysics
This is a joint paper offered by the Geology and Physics Departments and is the same as Geology 307. Students holding the Physics prerequisites 31.210 and 31.290 should enrol in Physics 393. For further information on this paper students should consult the entry under 21.307 Experimental Geophysics.

Physics for MSc and Honours
Students are required to enrol and be examined in four papers from those listed below and a thesis (Physics 601) which counts as four papers. In addition they will be invited to attend one further paper without formal enrolment. All Masters papers will be examined at the end of the year.

Lecture Courses Physics 410–489
A number of lecture courses are available for the MSc degree in Physics covering a wide range of topics. Not all the papers listed may be offered each year and a sufficient number of enrolments will be required in each case. With the approval of Senate a Masters paper in another subject may be substituted for one of the papers in Physics.

Students will be advised in their selection of papers at enrolment but should discuss their proposed course of study and possible thesis topic with lecturing staff before the end of the Stage III year.

There are no specific prerequisites for the individual lecture papers, but it is desirable that students should have taken the corresponding Stage III paper where this is indicated. Concurrent enrolment in suitable papers may be advised.

A list of textbooks or books for recommended reading is available from the Departmental Office by 1 December of the year prior to enrolment, but the advice of the lecturing staff should be sought before purchases are made.

Physics 410 Transform methods
This paper deals with the theory and application of transform methods to linear physical systems. Topics presented will include: convolution, continuous and discrete Fourier transforms, Laplace transforms, z transforms and Hilbert transforms; with applications selected from: electric circuits, signal processing, optics, wave theory, spectroscopy and statistics.

Physics 414 Relativity and Cosmology
Aspects of the special and general theories of relativity. The necessary tensor calculus is developed in the course which is designed to give an introduction to gravitation and cosmology.
Physics 420 Physics of Ionized Gases and the Ionosphere
Ionized Gases: Only fully ionized gases are treated.
The subject is introduced by considering the motion approximation. The Boltzmann equation is introduced
and used to develop fluid type equations for a two-component ionized gas. Solutions with application to
astrophysics and fusion machines are considered. Electrostatic and electromagnetic waves in a homogentous
onized gas with and without a uniform magnetic field completes the treatment.
Ionosphere: Studies of the upper atmosphere and ionosphere relate to the interactions with solar plasma
and solar radiation, formation of the different ionized layers, use of the ionosphere for long-distance radio communications, and the use of radio waves to investigate the upper atmosphere.

Note: Previous enrolment in Physics 320 is desirable.

Physics 431 Wave Propagation
A general treatment of propagation of acoustic, electromagnetic, seismic and surface waves with selected
applications in underwater acoustics, oceanography, radio waves in the ionosphere, geophysical
exploration and earthquake analysis. Topics include rays and normal modes in inhomogeneous layered
media, reflection coefficients, attenuation, WKB approximations, stress-strain tensors, Rayleigh, Love
and head waves and whole Earth models.

Physics 432 Cloud Physics
The aim of the paper is to provide a detailed understanding of the condition of the atmosphere and
the various physical processes which lead to the formation of clouds, the onset of precipitation and
the occurrence of lightning discharges. The contents of the paper include: the theory of nucleation of
condensation, freezing and sublimation. The measurement of nucleating agents in the atmosphere.
Observations of cloud microstructure and its relation to rainfall probability. The theory of droplet growth
and the development of droplet populations. The formation of rain and its characteristics. The
growth of ice in the atmosphere, leading to precipitation. The electrical properties of clouds and studies of the lighting flash. Thunderstorm theories. Current research in cloud physics.

Note: Previous enrolment in Physics 332 is desirable.

Physics 433 Advanced Applied Geophysics
The theory and practice of the interpretation of geophysical measurements. Topics covered include:
potential field theory; quantitative interpretation of gravitational and magnetic anomalies (two-and-three
dimensional bodies); DC and AC resistivity measurements; seismic wave transmission, refraction and
reflection studies.
Practical Work: The year’s practical work will be assessed by means of exercises to be completed during
the lecture course and two essays and discussion of a seminar topic. 

Note: This paper is the same as Geology 406 and is given jointly by the Geology and Physics Departments. Previous enrolment in Physics 330, Geology 306 and Physics 393 is desirable.

Physics 441 Signal Processing
This paper is concerned with the theory and application of modern techniques used in the transmission,
reception and interpretation of signals. Topics presented include: operational amplifiers and active
filters, modulation and detection of signals in the presence of noise, signal analysis by analogue and
digital processes, digital filtering, phased detectors and optical signal processing methods.

Note: Previous enrolment in Physics 341 is desirable and concurrent enrolment in Physics 410 is recommended.

Physics 443 Integrated Electronics
A paper in digital and high speed pulse electronics with application in instrumentation and digital sys-
tems. Topics discussed include: number systems and codes, combinational logic, sequential digital systems
(synchronous and asynchronous), digital system components and high speed switching devices.
The paper is of interest to students intending to undertake experimental work in any field of study and
particularly to those with an interest in Computer Science.

Note: Previous enrolment in Physics 343 is desirable.

Physics 450 Quantum Theory
A review is given of the general formalism of quantum theory, making use of Dirac notation
throughout. Particular topics covered may include scattering theory, time-dependent perturbation the-
ory, relativistic quantum mechanics and spin, quantum theory of radiation and introductory quantum
field theory, rotations and other symmetry operations. Applications are taken from atomic, nuclear
and particle physics.

Physics 453 Nuclear Physics
The aim of this paper is to present a unified picture of nuclear structure and interactions. The main
topics discussed are the nucleon-nucleon interaction, nuclear matter and nuclear models, and nuclear re-
actions.

Note: Previous enrolment in third year nuclear physics papers and in Physics 350 is desirable, and concurrent enrolment in Physics 450 is strongly recommended.

Physics 454 Elementary Particle Physics
Properties of the elementary particles as experimentally found and introduction to the theory of
their strong electromagnetic and weak interactions;
quantum field theory; cosmic rays; survey of current experimental and theoretical research approaches.

Note: Previous enrolment in Physics 350 and 353 is desirable, and students are recommended to enrol concurrently in Physics 450.

**Physics 455 Laser Physics and Quantum Optics**

Note: Previous enrolment in Physics 350 is desirable.

**Physics 480-489 Selected Topics**
With the approval of the Head of Department it is possible to select one Stage III paper in Physics not previously taken, or with the approval of both Heads of Departments concerned, one Stage III paper in another subject as one of the four papers required for the MSc degree in Physics. In these cases additional course work may be required and a special examination will be sat as one of the Selected Topics 31.480-489.

**Special Lectures**
Short courses of lectures on special techniques and instrumentation relevant to research activities of interest to the Department will be given from time to time. These lectures are available to staff and students and do not form part of the MSc examination.

**Physics 601 Thesis**
An experimental or theoretical thesis is required, and will count as four papers. Students are given advice concerning theses early in the first year of MSc enrolment and are expected to familiarize themselves with research in progress in the Department during the first half-year. Staff will be ready to discuss possible thesis topics with students during this period, with a view to a final choice of topic being made prior to the end of the second term. The choice of thesis topic is subject to the approval of the Head of Department, who will consider the availability of staff and facilities over the Department as a whole. Whenever possible, the student's first choice will be approved.

With the approval of the Head of Department the thesis may be submitted by 1 February of the year following first enrolment for the Master of Science degree provided that students have commenced work on the thesis in December of their Stage III year. Theses will otherwise be expected to be completed by 1 February following the second year of enrolment.

Extensions of time for a third year may be granted in special circumstances only.

The Department is prepared to meet the cost of an additional copy of the thesis for the Departmental Thesis Library and students are asked to provide such a copy.

**Research in Physics**
Facilities are available for postgraduate and postdoctoral research in Physics in a wide variety of fields. Further information is available from the Departmental Office.

The PhD degree in Physics normally requires about two and a half to three years full-time work. Part-time study is possible after the initial two years.

**DEPARTMENT OF PHYSIOLOGY**

**Stage II**

**67.201 Introductory Physiology**
(one paper and practical work)

An introductory course on cellular and organ physiology and relevant processes, particularly in mammalian systems. Topics are muscle, nervous system, motor control and sensory function; cardiovascular and respiratory systems and blood, with their exchange and transport functions; endocrine and reproductive systems, with humoral control of cell metabolism; alimentary system, digestion and absorption; kidney function; body fluids. There is little overlap with course 38.209/309 offered by the Zoology Department.

**Lectures:** Two lectures a week.
**Laboratories:** Students are required to attend practical classes of not less than three hours per week. Performance in laboratory work will contribute to the final grade for the course.
**Prerequisites:** Chemistry 08.100 or 08.115, or 08.120 or 18.125. 6 credits from any course in Biology or Zoology.

**Stage III**

**67.301 Systematic Physiology**
(one paper and practical work)

This course examines specific aspects of physiology which demonstrate the integration of function from the level of the cell to that of the whole organism. Visceral regulatory mechanisms, regulation of body fluids, cardiovascular control, and the determinants of oxygen supply and demand are considered in depth. Special emphasis is placed on mammalian systems. Practical work complements the lecture course and provides training in a wide range of the techniques used in physiology.

**Lectures:** Two lectures a week.
**Laboratories:** Students are required to attend practical classes of not less than three hours per week. Performance in laboratory work will contribute to the final grade for the course.
Prerequisites: Physiology 67.201 and 12 or more credits from any science course at the Stage II or III level.

67.302 Physiology of Nerve and Muscle
(One paper and practical work)
This half-year course examines the physiology of excitable tissues with particular emphasis on the nature of the fundamental processes involved. The biophysical basis of membrane potentials; the nature of voltage and time dependent ion-selective membrane channels; synaptic transmission; the regulation of contractile processes; and functional differences between skeletal, cardiac and smooth muscle will be studied in detail. The approach is quantitative and special emphasis is placed on mammalian systems. Laboratory work complements the lecture courses and introduces students to the principal physiological techniques of investigation in this field.

Lectures: Two lectures a week.
Laboratories: Students are required to attend practical classes of not less than 3 hours per week. Performance in laboratory work will contribute to the final grade for the course.
Prerequisites: Physiology 67.201 and 12 or more credits from any science course at the Stage II or III level.

67.303 Physiology of the Nervous System
(One paper and practical work)
This half-year course examines the role of the nervous system and the general pattern of its functional organization. The physiology of the processing of sensory information, of motor outputs and their control, the integrative functions of the central nervous system, central neural mechanisms of homeostasis and aspects of the development of the nervous system are studied in detail. Special emphasis is placed on mammalian and human systems. Laboratory work complements the lecture course and introduces students to a range of neurophysiological techniques.

Lectures: Two lectures a week.
Laboratories: Students are required to attend practical classes of not less than 3 hours per week. Performance in laboratory work will contribute to the final grade for the course.
Prerequisites: Physiology 67.201 and 12 or more credits from any science course at the Stage II or III level.

Physiology for MSc and Honours
(Three papers and a Thesis (67.621) which shall count as three papers). Students who propose to undertake the MSc degree should consult the Head of Department as early as possible and preferably before the end of the academic year preceding the year of enrolment for the degree. In consultation with the Head of Department, students will select three papers from among those listed below and an appropriate thesis topic. Not all the papers listed may be offered each year and a sufficient number of enrolments will be required in each case. With the approval of the Senate, a Master's paper in another subject may be substituted for one of the papers in Physiology.

67.401 Mechanisms of Physiological Control
Studies of physiological regulatory mechanisms.

67.402 Applications of Systems Analysis in Physiology
An introduction to systems analysis and control theory, and their application to physiological systems. Taught jointly with Department of Zoology.

67.403 Neurophysiology
Central processing of sensory information, such as pain, temperature or vision. Embryonic, environmental and developmental influences on the pattern and stability of neural connections.

67.405 Methods in Physiology
An outline of the theory and practice of data acquisition and analysis in physiology. Principles of experimental design, instrumentation, statistics and computation are considered with respect to specific experiments.

67.406 Perinatal Physiology
A study of the physiology of the foetus and newborn, with an introduction to the methodology in this field. This paper will be taught in the Department of Paediatrics.

DEPARTMENT OF PSYCHOLOGY
SCHOOL OF OPTOMETRY
Optometry
Year 1
Chemistry
08.110 Organic and Physical Chemistry
08.120 Inorganic and Physical Chemistry
Mathematics
26.101 Introduction to Algebra and Calculus
Physics
31.110 Mechanics, Heat, Wave-Motion, Sound and Light
31.120 Electricity, Relativity and Modern Physics
Psychology
32.108 Introduction to General Psychology
32.109 Introduction to Experimental Psychology
Biology
39.101 Central Concepts of Biology
All papers as prescribed for the Degree of Bachelor of Science.

Note: For 08.110 a candidate may substitute 08.113 or 08.115.
For 08.120 a candidate may substitute 08.123 or 08.125.
For 31.110 a candidate may substitute 31.113 or 31.115.
For 31.120 a candidate may substitute 31.123 or 31.125.
Faculty of Science, Degree Prescriptions, Optometry

Year II

44.200 Physical Optics

44.201 Geometrical Optics
Refraction at plane and spherical surfaces, limitations of Gaussian optics, thick lenses, cardinal points, equivalent and vertex powers, paraxial theory of optical instruments, stops. Magnification. Optical materials.

44.203 Ocular Anatomy
Anatomy of the eye and orbit and adjacent structures, cranial nerves, blood supply to the eye, embryology of the eye, comparative anatomy of the eye.

44.204 Ocular Physiology
The vascular supply to the eye. Formation and circulation of aqueous humour, intraocular pressure. Chemistry and metabolism of the cornea, corneal permeability, turgescence and the maintenance of transparency. Structure of the crystalline lens.

44.210 Physiological Optics
Optics of the eye, schematic eyes, accommodation, spectacle and relative spectacle magnification. Luminous efficiency, light and dark adaptation, increment thresholds. Stiles Crawford effect, temporal and spatial induction, critical fusion frequency, entoptic phenomena, visual acuity, trivariance of vision, chromaticity, theories of colour vision and colour discrimination. Classification of eye movements, local signs, corresponding points, diplopia, afferent and efferent control mechanisms, rotary movements, nystagmus, conjugate movements, vergence and stereopsis, Panum's areas, fixation disparity.

Psychology
32.211 Sensory Processes
32.212 Physiological Psychology

Biochemistry
66.201 Introductory Biochemistry

Physiology
67.201 Introductory Physiology
All papers as prescribed for the Degree of Bachelor of Science

Year III

44.305 Ocular Pharmacology
General principles of drug actions on organ systems and the central and peripheral nervous systems. Characteristics of drugs producing miosis, mydriasis, cycloplegia, accommodative spasm and anaesthesia of ocular surfaces.

44.310 Physiological Optics
Refractive anomalies of the eye, changes in refraction with age, aetiology of refractive errors, presbyopia. Fusion and stereopsis in the human visual system. Recent advances in visual physiology.

44.306 Applied Optics
Optical design, meridional and paraxial ray tracing, aberrations of single surfaces, lens systems. The design of optical instruments, optical tolerances, and the assessment of optical performance. Luminous transmittance. Colorimetry, the CIE colorimetric systems.

44.312 Contact Lens Practice
Contact lens designs and principles of fitting. Disinfection procedures, patient instruction. Signs and symptoms of ill-fitting contact lenses and lens modification procedures.

44.313 Environmental Vision
Visual ergonomics in land transport, aviation and industry. The elements of illuminating engineering, photometric concepts and computational methods. Lamp types, principles and applications, atmospheric optics.

44.315 Ocular Pathology
A study of the pathology and clinical manifestations of diseases of the eye, orbit, lacrimal apparatus and visual pathways. Symptomatic disturbances of vision, headache. Eye signs of general disease.

44.316 Ophthalmic Optics

44.330 Clinical Optometry
The optometric examination, objective and subjective refractive techniques. Assessment of ocular health, oculomotor balance, visual fields and colour vision. Clinical problem solving and patient management. Binocular vision anomalies, heterophoria, fusion, heterotropia.

32.209 Theory and method
As prescribed for the Degree of Bachelor of Science

Year IV

44.415 Community Health Optometry
Organisation of health services in New Zealand,

44.421 Project
An investigation into some aspect of optometry or visual science.

44.430 General Optometric Practice
The optometric examination, techniques and interpretation. Management of anomalies of the visual system. Assessment of ocular health, referral procedures.

44.431 Contact Lens Practice
Contact lens fitting procedures. Aftercare and the ocular response to contact lenses. Lens care and maintenance.

44.432 Low Vision Practice
Ocular and vision problems of the elderly. Epidemiology aetiology, signs and symptoms of low vision. Optometric examination and management of the low vision patient, interdisciplinary rehabilitation resources, counselling and referral.

44.433 Binocular Vision Practice

DEPARTMENT OF PSYCHOLOGY

Note: on text books: Students taking advanced courses are advised to consult with the lecturers concerned before purchasing books.

Notes: on courses: the Schedule attached to the Course Regulations for the Degree of BSc should be consulted for pre and corequisites.

* This paper will not be taught during the current Calendar year.
† This paper will not be taught during the current Calendar year unless sufficient staff is available.

Stage I Courses

32.108 Introduction to General Psychology
The psychological study of behaviour; biological and social determinants of behaviour; group behaviour; individual and group differences; development of behaviour; psychopathology and its treatments.

32.109 Introduction to Experimental Psychology
This paper will emphasise the application of the experimental methods to the study of behaviour, with particular stress on sensation, perception, learning and motivation. (Laboratory attendance of 2 hours per week is required).

Stage II Courses

32.209 Theory and method
A general introduction to techniques used by psychologists in the description and explanation of behaviour, with emphasis on statistical techniques of data analysis.

32.210 Learning
Concerned with the two major aspects of learning, schedule control and stimulus control. Topics include: schedules of reinforcement, law of effect, superstition, Premack theory, choice and matching, generalisation gradients, transfer tests, transposition, concept formation, blocking and overshadowing.

32.211 Sensory Processes
The elements of psychophysics and detection theory and an introduction to the coding of information in sensory systems, with an emphasis on vision and hearing.

32.212 Physiological Psychology
A basic introduction to the structure and function of the nervous systems. Laboratories involve studies on the brain.

32.213 Cognitive Psychology
An introduction to the psychology of human perception, memory, thinking and language.

32.214 Social Psychology
An introduction to the study of social behaviour. Topics will include interpersonal processes, non-verbal behaviour, small group processes, attitude and attitude change, the physical environment and social interaction and intergroup relations.

32.215 Developmental Psychology
An introduction to the study of change in human behaviour across the life span. Most emphasis will be placed on the periods of infancy and adulthood.

Stage III Courses

A pass in 12 Stage III credits in Psychology is necessary for entry to MA, MSc and Honours in Psychology.

Note: Paper 32.301 covers some of the essential skills required for professional work in psychology and should be taken by all candidates who may wish to work with clients.

32.301 The Psychology of Individual Differences
A study of genetic sources of individual differences of their measurement, and of the construction and use of psychometric tests.

32.303 Cognitive Processes
An examination of the psychology of attention, pattern recognition, memory, problem solving, language and thinking.

32.304 The Theory and Systems of Personality
An examination of different theoretical conceptions of personality; the major viewpoints are clinical, psychometric, behaviouristic and phenomenological.

32.305 Physiological Psychology
An advanced study of the comparative and physiological bases of behaviour with emphasis on research methodology.

32.306 The Design of Psychological Experiments
A consideration of multiple regression, factorial design, probability and analysis of variance. An introduction to the use of computer packages in statistical analysis.
32.307 **The Psychological Analysis of Vision and Hearing**
Aspects of visual perception affecting behaviour in a variety of environments will be discussed. A study of the effects of noise on people will also be covered.

32.308 **Research Topic**
A research topic undertaken under the supervision of a staff member and written up for presentation instead of a final paper.

32.309 **Learning**
An examination of a wide range of data on learning and the control of behaviour. The topics will include: reinforcement, punishment, avoidance, law of effect, classical conditioning, conditioned reinforcement, anxiety and conditioned suppression, and stimulus control of behaviour.

32.311 **Social Psychology**
This course concentrates on social functioning in both intergroup and intragroup settings.

32.401 **History of Psychology**
An historical account of psychology with special reference to the aspirations and activities of influential psychologists.

32.402 **Quantitative Psychology**
The quantitative analysis of psychological phenomena.

32.403 **Applied Analysis of Human Behaviour**
An examination of general issues in behaviour analysis, of approaches to psychological assessment, and of the application of behavioural techniques to psychological phenomena.

32.404 **Sensation and Perception**
An advanced treatment of modern psychophysics and of the psychology of vision and hearing.

32.406 **Physiological Psychology**
A study of current issues in the physiological bases of behaviour.

32.408 **Clinical Neuropsychology**
An examination of the relation between the brain and mental functioning with an emphasis on clinical cases of brain damage.

32.409 **Abnormal Psychology**
A consideration of the psychological analysis of mental disorders, including their aetiology, classification, assessment and treatment.

32.410 **Neuropsychology**
An advanced treatment of functional models of the human brain and neural linguistics, with an emphasis on the contributions of Lashley, Hebb and Luria.

32.411 **Advanced Operant Behaviour**
An advanced study of selected topics in learning at the level of current research.

32.412 **Social Psychology**
An examination of selected research topics in social psychology with a special emphasis on the underlying theories.

32.413 **Contemporary Issues in Development Psychology**
A study of psychological development in infancy and early childhood including an examination of the development of the learning process.

32.415 **Critical Issues in Psychology**
An examination of methodological, metatheoretical and social issues affecting the study and practice of psychology.

32.416 **Cognitive Psychology**
A study of selected aspects of human cognition, which includes perception, attention, memory, problem solving and language.

32.417 **Special Topic in Psychology**
Physiological psychology laboratory techniques.

32.418 **Special Topic in Psychology**

32.419 **The Design of Psychological Experiments**
A consideration of multiple regression, parametric and non-parametric methods, factorial design, probability, analysis of variance, introduction to computer packages, and techniques suitable for single case studies.

*Note: Students who have already passed 32.306 are not eligible to take this paper.*

32.420 **Research Topic in Psychology**
A research topic undertaken under the supervision of a staff member and written up for presentation instead of a final paper.

32.421 **Theories and Systems of Psychotherapy**
A study of the theoretical bases of various systems of psychotherapy with particular emphasis on problems associated with matching systems to individuals.

**Optometry for MSc.**
(Two papers selected from 44.451 to 44.454 and one from another subject approved by the Head of School and a Thesis 44.601 which shall count as three papers). This course normally requires fifteen months to two years and necessitates full-time attendance to achieve honours. Students who propose to undertake the MSc degree should consult the Head of School towards the end of the year prior to enrolment.

44.451 **Physiological Optics**
A review of selected areas of physiological optics.

44.452 **Determinates of Visual Optics**
Environmental, genetic and geographical factors in the aetiology of human refractive error. The stimulus to accommodation, dark focus, mechanisms of accommodation, and presbyopia.

44.453 Advanced Analysis of Visual Functions
Assessment of visual function, contrast sensitivity functions; effects of defocus and intra-ocular scatter. Vision at low luminance levels.

44.454 Special Topic
The study of selected fields of Optometry at an advanced level with detailed study of one particular field. The topic will be prescribed by the Head of School.

DEPARTMENT OF ZOOLOGY
Stage I
The first year course for students in Botany, Zoology or Biology comprises three 6-credit papers, Biology 101 (paper 39.101), Botany 102 (paper 06.102) and Zoology 102 (paper 38.102).

Biology 101 Central Concepts of Biology
Biochemical concepts common to animals, microorganisms and plants; the biochemistry of macromolecules, especially nucleic acids and proteins; enzyme action and catalysis; cellular energetics; genetic principles and mechanisms; fundamental processes of ecosystems; population and community dynamics; organic evolution. This course may be taken as part of the Stage I requirement in either Botany or Zoology, but may not receive credit in both.

Zoology 102 Animal Evolution and Diversity
A survey of the evolution of animals, considering both the broad aspects of the evolutionary progression and detailed adaptations in physiology and anatomy to specific habitat and life history situations. Developmental biology.

Otago Medical Intermediate
A separate programme is run to meet the requirements of the Otago Medical School.

Biology for BA
This is a Stage I course for students who do not plan to take a science degree. The course is intended as a general survey of the biological sciences, with elementary chemistry, physics and mathematics being introduced as necessary. The course cannot be used as a prerequisite for advanced Botany or Zoology. The two courses in the Biology for Arts series are taught in alternate years.

39.111 Unifying concepts in Biology
Taught in odd numbered years only. Cell Structure; Energy relationships; photosynthesis and respiration; Molecular Biology; control of synthesis of nucleic acids, proteins and macromolecules; Genetics; mechanisms in inheritance; Physiology.

*39.112 Biological Diversity and Function
Taught in even numbered years only. Resume of the Plant and Animal Kingdoms, with emphasis on human importance. Principles of Ecology and Organic Evolution.

Advanced Courses

Zoology 201, 301 Non-chordate Zoology
Taught in odd numbered years only. The classification, structure and functioning of the invertebrates. A wide range of phyla will be considered; less emphasis will be given to land arthropods. (Detailed treatment of these is given in 38.205-305).

*Zoology 202, 302 Chordate Zoology
Taught in even numbered years only. The evolution and biology of the hemichordates and protochordates and vertebrates from fish through to mammals. Particular emphasis is placed on the functional design of vertebrate animals and their adaptations to special environments.

The practical course includes the study of vertebrate animals in the laboratory.

Zoology 203, 303 Animal Orientation and Timing
Orientation mechanisms and biological timing. A study of the orientation behaviour involved in habitat selection, migration, homing and predation in animals, with emphasis on the investigation of the mechanisms of these reactions using control systems analysis and sense organ physiology. The adaptive significance, nature and control mechanisms of biological clocks will also be studied in detail.

Zoology 204, 304 Social Behaviour of Animals
An evolutionary study of the behavioural ecology of social animals. Communication: evolution and ontogeny of signals, channels of communication, individual recognition, aggressive and courtship signalling; cultural transmission and dialect formation. Social structures: use of space, territories, hierarchies; mating systems, strategies of the sexes, monogamy, polygamy, cooperative breeding; kin groupings.

Zoology 205, 305 Entomology
The structure, evolution and systematics of the insects. An introduction to those terrestrial groups related to insects i.e. Onychopora, Myriapoda, and Arachnida, the basic structure and morphology of insects, and a systematic coverage of the insect orders. Applied Entomology.

Biology 207, 307 Biometry
Elementary statistical methods and concepts with particular emphasis on their application in biological research.

Zoology 209, 309 Comparative Physiology
Elementary concepts in zoophysiology with emphasis on adaptation to environment. Respiration, neurophysiology, and water balance receive special attention from a comparative viewpoint. The practical course provides an introduction to methods and instrumentation of importance in biological experimentation.

1985 Calendar
Biology 210 Population and Community Ecology
Elementary demography and models of population growth with equal emphasis on both plants and animals. Species interactions in multispecies associations; competition and predation. The emphasis will be on experimental ecology of plants and animals from a wide range of habitats. Practical work includes a compulsory field course, normally held during the first week of the May vacation, concentrating on the description and dynamics of native forest ecosystems (see below for dates).

Biology 212, 312 Coastal Marine Biology
The shore and shallow sea as a habitat, life, and a workshop for ecologists. Habitat structure and inter-tidal zonation, exemplified chiefly by New Zealand shores. Descriptive schemes of community space, with underlying physical and biotic parameters. The adaptation of the various groups of plants and animals to life between tides. Coastal biogeography. The conservation and utilisation of the coastline. Practical work includes obligatory seven day field course available at Whangarei Heads during the May vacation (see below for dates). Alternative field courses may be available at Leigh Laboratory in Mid-term study break or the August vacation.

Zoology 310 Animal Morphogenesis
Aspects of the cellular structure, behaviour and biochemistry as these relate to developmental processes. Practical work involves the use of both scanning and transmission electron microscopes, acquaintance with electrophoretic and cell culture techniques as well as grafting experiments designed to illustrate general aspects of animal morphogenesis.

Biology 311 Freshwater Ecology
Animal and plant freshwater communities, particularly of lakes and rivers; the physical and chemical environment; physiography of rivers and lakes; hydrology; pollution. Part of the course will consist of a weekend field course in late April and four one-day field trips normally held in the first week of the May vacation (see below for dates).

Biology 313 The Ecology and Biogeography of Terrestrial Ecosystems
Current controversies on community stability and diversity. Ordination and classification techniques. Sampling, with special reference to forests. Ecosystem integration through animal-plant-pathogen interactions. Nutrient cycling. Forest dynamics with reference to different types of forest ecosystems. The tropical rain forest. A compulsory residential field class is normally held during enrolment week (see below for dates). Interpretation and analysis of the field data will take place during the Wednesday laboratory times.

Biology 314 Applied Ecology
The application of ecological principles to resource management, including natural recreational resources, forests and fisheries; aspects of the conservation of natural ecosystems; the planning process; wildlife management. A field course is available in the third week of the vacation for students with other laboratories on Wednesdays.

Zoology 315 Evolutionary Genetics
Evolutionary Genetics is a broad discipline which includes aspects of many areas of genetics. The lecture and practical courses consider factors influencing the origin and persistence of form and the genetic differences between closely related species. Relationships among species, as estimated by techniques such as chromosome analysis and electrophoresis are discussed. The genetics of a number of speciation models are considered and recent genetic advances and challenges to neo-Darwinian theory are critically examined.

Biology 316 Biological Oceanography
Characteristics of marine communities; the physical and chemical environment and primary production; marine algology; zooplankton and secondary production; characteristics of plankton, nekton, benthos and meiofaunas in shallow and deep seas. Practical work includes day or weekend field trips at the Leigh Marine Laboratory and several days of laboratory investigation.

Laboratory Work
One practical class each week for first year courses and two classes each week for advanced courses is the minimum requirement. The practical work will be assessed separately and the marks will be included in the marks schedule of the University. A pass both in the written examination and in the practical work is necessary. (BSc Regulation 7).

All research students are required to lodge a deposit of $10 with the Department of Zoology before being granted access to keys in the Department.

Zoology for MSc
(Three papers selected from 38.401-38.410 and a Thesis (38.601)).

This course normally requires from fifteen months to two years and necessitates full-time attendance. Students who propose to undertake the MSc Degree should consult the Head of the Department towards the end of the previous year.

38.401 Evolution
This course critically examines the basic structure and logical framework of modern evolutionary
theories. In particular the ruling paradigm of neo-Darwinism is appraised, wider and more deeply than at the undergraduate level. Considered also are subjects such as the nature of species, developmental biology and epigenetics. Ways of looking at biology, in particular functionalism versus structuralism, are reviewed. The course requires the student to conduct much independent reading, and active participation in seminars.

38.402 Application of Systems Analysis in Physiology
Zoophysiology II. Selected topics on comparative neurobiology.

38.403 Chronobiology
The study of biological clocks: their adaptive significance, location, chemical nature and mathematical models.

38.404 Behavioural Ecology and Sociobiology
Selected topics on the evolution of sociality in animals, including man.

38.405 Entomology and Pest Management
(a) The functional anatomy and reproductive and life history strategies that make insects so varied and abundant, and
(b) Modern views of pest management leading up to a review of integrated strategies.

38.406 Southern Oceans' Biogeography
The geology and tectonics of the southern continents, the evolution of the circulation of the southern oceans, palaeoclimatology. Understanding of these phenomena is used to interpret the biogeography of the southern hemisphere lands with emphasis on the N.Z. region. Taught jointly with Botany and Geology.

38.407 Community Ecology
A series of seminars leading to an understanding of community dynamics as exemplified by succession and island biogeography.

38.408 Marine Biology
Selected topics such as the distribution patterns of plankton, reproductive and larval strategies of marine animals, and the population dynamics of fish and benthic animals.

38.409 Zoophysiology
Zoophysiology I. Selected topics in comparative respiration and metabolism.

38.410 Morphogenesis
Recent work on membrane structure, cellular adhesion, segregation and recognition is considered and related to the overall biochemical and genetical control of morphogenetic systems, particularly to cell positioning and the formation of pattern during development.

Postgraduate Research: MSc Thesis and PhD
Staff and facilities are available for Masters and PhD research in many areas of zoology, environmental biology and the interaction of plants and animals. Although much research is field oriented, of animals in natural and experimental situations, excellent facilities are also available for physiological and ultrastructural studies. Research by staff covers such diverse interests as marine ecology, especially of the inshore communities; the behavioural ecology of both terrestrial and aquatic animals, with emphasis on sociality and communication; entomology and pest management; the physiology of nervous and respiratory systems; chronobiology, morphogenesis, ultrastructure and cellular and organ functions.

There runs through all studies the related themes of evolutionary change and adaptation, and of systematics and population dynamics. Encouragement is given to an experimental approach based soundly on statistical techniques.

Much of the marine research is done at the Leigh Marine Laboratory; studies of native birds and lizards occur throughout the Hauraki Gulf Islands.

The McGregor Museum
The museum is open daily from 10 am until 5 pm.

ENVIRONMENTAL STUDIES
Environmental Studies
An inter-disciplinary undergraduate paper in Environmental Studies is offered at Stage II level. Responsibility for the administration of this paper has been assigned to the Department of Town Planning.

84.200 Environmental Studies (4 credits)
Prerequisites: 24 Stage I credits or the equivalent from any Faculty, including six credits from the Science Faculty.

Introduction to global environmental problems of population, resources and pollution, with local illustrations through tutorials and field trips.
DIPLOMA COURSE REGULATIONS AND PRESCRIPTIONS

DIPLOMA IN CLINICAL PSYCHOLOGY
DipClinPsych

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following Regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Diploma in Clinical Psychology shall
   (a) have been admitted or qualified for admission to a Bachelor's degree of the University of Auckland and
   (b) have satisfied the prerequisites for admission to a Master's degree in Psychology of this University.

2. Admission to the Course of study for the Diploma shall be at the discretion of the Senate on consideration of a recommendation from the Head of the Department of Psychology.

3. A candidate for the Diploma shall
   (a) follow a Course of study of not less than three years
   (b) concurrently follow a Course of study for a Master's degree in Psychology which shall include papers 32.403 and 32.409 and a thesis in the field of clinical psychology.

Course Content
4. The Course of study for the Diploma shall consist of two Parts
   Part 1 32.500 (two years)
   Lectures, laboratory work, and clinical instruction in the practice of psychology. Each candidate will be required to undertake a minimum of 12 hours per week during the first academic year and 15 hours per week during the second academic year of supervised clinical work with patients at the Department of Psychology or at any approved mental health institution (as may be required).

   Part 2 32.501 (one year)
   Practical work of not less than 38 hours per week within the psychology section of the Department of Justice, within the Department of Health, or within the Department of Psychology of the University.

5. No candidate shall be permitted to proceed to Part 2 until he has completed to the satisfaction of the Head of the Department of Psychology the work required for Part 1 of the course and has completed the requirements for a Master's degree in Psychology.

6. A candidate shall carry out to the satisfaction of the Head of the Department of Psychology such class, laboratory, clinical and practical work as may be required.

7. A candidate shall be deemed to have completed the requirements for the Diploma when he is awarded a pass on a final examination which shall include examination of a patient, the candidate's written report on the patient, and an oral examination.

8. These Regulations shall come into force on 1 January 1974.

PRESCRIPTIONS FOR DipClinPsych
DIPLOMA IN CLINICAL PSYCHOLOGY

The Course of study for this Diploma is designed to prepare the candidate for professional competence as a clinical psychologist.

The duration of the course is three years. Not more than five candidates may be admitted to the course for the first time in any one year. Candidates wishing to enrol should consult the Head of Department before 31 October preceding their first enrolment for the course.

Part 1 32.500 (first and second years)
In the first year candidates are required to complete papers 32.403 and 32.409 plus at least two other graduate papers; perform work supervised at the Department of Psychology; and visit as instructed.

In the second year candidates are required to complete the writing of their master's thesis to be submitted by the end of this year; and attend classes as required; and perform clinical work of no less than 15 hours per week at the Department of Psychology or another approved mental health institution.

1985 Calendar
Candidates wishing to take Part 2 in the following year should consult the Head of Department at the end of their second year in Part 1 of the course.

**Part 2 32.501** (third year)
Practical work of not less than 38 hours per week in an approved mental health institution is required. The final examination in the third year of the course will normally take place over two days towards the end of November.

---

**DIPLOMA IN COMPUTATIONAL MATHEMATICS**

**DipCompMaths**

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following Regulations; for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Diploma in Computational Mathematics shall before enrolment for this Diploma
   (a) have been admitted or have qualified for admission to a Bachelor's degree, and
   (b) except where the Senate otherwise permits, have passed in the following courses as prescribed for the degree of BSc:
   (i) Mathematics 220 or 221, 240 or 241
   (ii) at least one of Mathematics 170, 180
   (iii) Computer Science 230, 290, 390
   (iv) one further paper in Computer Science or Applied Mathematics carrying at least four credits above Stage I.

2. A candidate permitted by the Senate to enrol for the Diploma without having fulfilled all the prerequisite requirements, may be required by the Senate to include all or any of the unfulfilled prerequisite as additional papers.

3. A candidate for the Diploma shall follow a Course of study of one year.

4. (a) The Course of study for the Diploma shall consist of the following papers:
   07.590 Studies in Computational Mathematics (weighting 6)
   07.591 Exercises in Computational Mathematics (weighting 2)
   07.592 Seminar in Computational Mathematics (weighting 1)
   07.593 Project in Computational Mathematics (weighting 3)
   (b) A candidate shall be required to pass as a whole the papers weighted respectively as shown in paragraph (a) of this Regulation.

5. (a) The project (07.593) shall be delivered to the Registrar by 1 November, or later date approved by the Head of Department of Computer Science, of the year of the candidate's enrolment for the Diploma.
   (b) Save where the Senate extends the time, the requirements for the Diploma shall be completed within that year.

6. These Regulations shall come into force on 1 January 1980.

---

**PRESCRIPTIONS FOR DipCompMaths**

**DIPLOMA IN COMPUTATIONAL MATHEMATICS**

Candidates for this Diploma must have completed a Bachelor's degree and will normally have obtained passes in Computer Science 07.290 and Mathematics papers 26.220 or 26.221, 26.240 or 26.241 and at least one of 26.170 and 26.180. They will also normally have obtained passes in Computer Science papers 07.230, 07.390 and a further advanced paper in Computer Science or Applied Mathematics, although they may be permitted to complete some of the requirements while enrolled for the diploma. The course of study consists of a lecture course (07.590) together with a practical work (07.591), participation in a Seminar series (07.592) and the completion of a project (07.593).

**07.590 Studies in Computational Mathematics**
Numerical methods in linear algebra, differential equations, optimisation, and related fields. The construction of algorithms for the efficient solution of computational problems.

**07.591 Exercises in Computational Mathematics**
Practical work in computer programming and the construction of Mathematical software.
07.592 Seminar in Computational Mathematics
To satisfy the requirements of this course, each candidate participates in the seminar series arranged by the Department of Computer Science and presents at least one seminar to the satisfaction of the Head of the Department of Computer Science.

07.593 Project in Computational Mathematics
An investigation, supported by computer work, of some approved topic in Computational Mathematics or of an application to some other subject.

DIPLOMA IN GEOTHERMAL ENERGY TECHNOLOGY

Dip Geotherm Tech
The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following Regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Diploma in Geothermal Energy Technology shall before his enrolment for this Diploma
(a) have been admitted or have qualified for admission to a Bachelor's degree in science or engineering or
(b) have reached an equivalent level of attainment in science or engineering to the approval of the Senate.

2. Admission to the Course of study shall be at the discretion of the Senate on consideration of a recommendation from the Board of Studies, Geothermal Institute.

3. A candidate for the Diploma shall follow a Course of study of one year.

4. The Course of study for the Diploma shall consist of three parts. The Diploma shall be granted by examination.

Part I
A core paper in Geothermal Systems and Technology (86.100)

Part II
EITHER (a) Geothermal Exploration for Earth Scientists (86.101) and
(b) Geothermal Exploration Technology (86.102) OR
(c) Geothermal Production Technology (86.103) and
(d) Geothermal Energy Utilisation (86.104)

Part III
A project (86.606) on some aspect of Geothermal Energy

5. The project (86.606) shall be delivered to the Registrar by November 1 of the year of the candidates enrolment for the Diploma, or such later date as may be approved by Senate.

6. These Regulations shall come into force on 1 January 1985.

PRESCRIPTIONS FOR Dip Geotherm Tech
DIPLOMA IN GEOTHERMAL ENERGY TECHNOLOGY
The Course of study for this Diploma is taught under the auspices of the Geothermal Institute which has been set up within the University of Auckland by special funding from the United Nations Development Programme and the New Zealand Government. Teaching will be carried out within the Faculty of Science and the School of Engineering by the academic staff, and by visiting lecturers from Government agencies and private organisations engaged in geothermal exploration and development.

Applications for admission to this Diploma course by foreign students must be made to the Board of Studies, Geothermal Institute by 1 September (15 October for New Zealand students) for entry to the course in the following year. The number of students accepted for the course will be restricted each year.

Note: Any prospective student who has not passed the University Entrance Examination, who has been previously enrolled at a New Zealand University other than the University of Auckland, or who last attended an overseas university must apply for admission under the Admission Regulations as defined elsewhere in the Calendar.

Part 1 will be the equivalent of two papers. The examination for the Diploma shall be in three parts and must be passed as a whole.

Part 1  Geothermal Systems and Technology (86.100)

Part 2  EITHER (a) Geothermal Exploration for Earth Scientists (86.101)
Petroleum, secondary mineralisation and alteration. Drillhole logging. Geochemistry of geothermal fluids. Geophysical investigation of geothermal fields. Estimation and assessment of thermal field potential, and
(b) Geothermal Exploration Technology (86.102)
Planimetric and geological mapping techniques. Mapping and sampling of geothermal discharges. Geophysical prospecting techniques. Geochemical analysis. Drillhole logging techniques and instrumentation, OR
(c) Geothermal Production Technology (86.103)
Drilling techniques and completion tests, fluid transmission, thermodynamics and fluid mechanics of geothermal fluids, well operation and analysis, reservoir modelling and assessment, corrosion and deposition, materials for geothermal plant, and
(d) Geothermal Energy Utilisation (86.104)

Part 3
A written project on some aspect of geothermal energy including some degree of original research by the candidate (86.606).

DIPLOMA IN MATHEMATICAL EDUCATION
DipMathEd
The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following Regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Diploma in Mathematical Education shall before enrolment for this Diploma:
   (1) have been admitted or have qualified for admission to a Bachelor’s degree, or have satisfied Regulation 2 of the Regulations for the Degree of Master of Arts or Regulation 2 of the Regulations for the Degree of Master of Science and
   (2) (a) have passed in the following Mathematics courses (as prescribed for the Degree of BSc):
      (i) papers 220 or 221 and 240 or 241 and (ii) one other 200 level course in mathematics; or (b) have to the satisfaction of the Senate reached an equivalent level of attainment and
   (3) be required to have had teaching experience to the satisfaction of the Head of Department of Mathematics and Statistics except where the Head of that Department permits otherwise.

2. A candidate for this Diploma shall follow a Course of study for one year full-time or two years part-time or for such longer periods (either full or part-time) as the Senate on the recommendation of the Head of the Department of Mathematics and Statistics may require or permit.

3. (a) A candidate shall complete a Course of study approved by the Head of the Department of Mathematics and Statistics consisting of papers having a total credit value of 24 credits selected from 300, 400 or 500 level Mathematics papers. The selection must include a project, 26.500 which counts as four credits. At least 16 credits must be selected from papers 26.500-26.569.
   (b) A candidate who does not have an adequate knowledge of the major areas of secondary school mathematics will be required to make up the deficiency by attending an appropriate course or courses as directed by the Head of Department of Mathematics and Statistics.

4. A candidate shall deliver the project required in Regulation 3 (a) to the Registrar by not later than 1 November in the year following the year of first enrolment, or by such later date as the Senate may in exceptional circumstances permit.

5. No candidates may present for this Diploma a paper which is the same or substantially similar in content to any paper he has already passed for any other Degree or Diploma.

6. These Regulations shall come into force on 1 January, 1980.

PREScriptions FOR DipMathEd
DIPLOMA IN MATHEMATICAL EDUCATION
Candidates for this Diploma must have completed or almost completed a Bachelor’s degree and will normally have obtained passes in papers 26.220 or 26.221, 26.240 or 26.241 and one other 200 level paper in Mathematics. Although the Regulations also require that a candidate should normally have had some teaching experience, this requirement can be waived on the recommendation of the Head of the Department of Mathematics and Statistics: intending candidates without such experience are invited to consult with the Head of the Department prior to enrolment. The course of study consists of papers having a total credit value of 24 credits selected from 300, 400 or 500 level Mathematics papers. The selection must include a project, 26.500 which counts as four credits. At least 16 credits must be selected from papers 26.500-26.569. The 500 level papers are listed below together with their credit values:
26.500 Project in Mathematical Education (4)
26.505 Topics in the History of Mathematics (4)
26.515 Mathematical Logic and the Philosophy of Mathematics (6)
26.520 Elementary Algebra from an Advanced Standpoint (6)
26.530 Elementary Calculus from an Advanced Standpoint (4)
26.550 Elementary Geometry from an Advanced Standpoint (4)
26.560 Advanced Studies of Topics in Elementary Mathematics (4)
26.561 Studies in Applied Mathematics Education (4)
26.562 Topics in Mathematical Education A (4)
26.563 Topics in Mathematical Education B (4)
26.564 Special topics in Mathematical Education (4)
26.565 Advanced topics in Mathematical Education (6)

DIPLOMA IN STATISTICS

DipStats

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following Regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Diploma in Statistics shall before enrolment for this Diploma have been admitted or have qualified for admission to a Bachelor’s degree or have satisfied Regulation 2 for the Degree of Master of Arts or Regulation 2 of the Regulations for the Degree of Master of Science, and shall
(a) have passed in the following Mathematics courses (as prescribed for the Degree of BSc):
(i) papers 220 or 221 and 240 or 241 and (ii) paper 280 or (before 1974) paper 381; or
(b) have reached an equivalent level of attainment to the approval of the Senate.
2. A candidate for this Diploma shall follow a Course of study for one year full-time or two years part-time or for such longer periods (either full or part-time) as the Senate on the recommendation of the Head of the Department of Mathematics and Statistics may require or permit.
3. (a) A candidate shall complete a Course of study approved by the Head of the Department of Mathematics and Statistics on the recommendation of the Head of the Statistics Unit, consisting of papers having a total credit value of 20 credits selected from 300, 400 or 500 level papers in Mathematics and Computer Science and 300 or 400 level statistics papers in other subjects; together with a project, 26.580, which counts as four credits. At least 12 credits must be selected from papers 26.380, 26.381, 26.391 or 26.395, 26.480 to 26.490 and 26.581 to 26.589.
(b) A candidate who has no knowledge of computing shall be required to attend an appropriate course in computer programming.
4. A candidate shall deliver the project required in Regulation 3 (a) to the Registrar by not later than 1 November in the year following the year of first enrolment, or by such later date as the Senate may in exceptional circumstances permit.
5. No candidate may present for this Diploma a paper which is the same or substantially similar in content to any paper he has already passed for any other degree or diploma.
6. These Regulations shall come into force on 1 January 1974.

PRESCRIPTIONS FOR DipStats

DIPLOMA IN STATISTICS

This diploma is available to students who have completed or almost completed a Bachelor’s degree, and have obtained passes in Mathematics papers 220, 240 or 280, or their equivalents. The course of study is tailored to fit individual student needs and is made up of papers having a total credit value of 20 credits selected from 300, 400 or 500 level papers in statistics, operations research, computer science and mathematics, and relevant papers offered by other departments, together with a project, 26.580. Candidates may complete the course of one year’s full-time study or else spend two or more years on a part-time basis. Details are available from the Mathematics and Statistics Department and the Diploma Course Regulations in this calendar should be consulted. The 500 level papers are listed below together with their credit values:

1985 Calendar
26.580 Project in Statistics (4)
26.581 Topics in Statistics (4)
26.582 Special Topics in Statistics (4)
26.583 Further Topics in Statistics (4)

CERTIFICATE REGULATIONS

CERTIFICATE IN GEOTHERMAL ENERGY TECHNOLOGY
Cert Geotherm Tech

Each candidate for the Certificate has to enrol for the Diploma in Geothermal Energy Technology. The course for the Certificate in Geothermal Technology involves attendance at all lectures, laboratories and field trips of the papers 86.100 and either 86.101 and 86.102 or 06.103 and 86.104. During the year the candidate may be advised by Director of the Institute EITHER not to submit the project (86.606) and to continue with only those courses proceeding to a written final examination (ie. 86.100, and either 86.101 and 86.102 or 86.103 and 86.104), OR to submit the project 86.606 but not to continue with one of the advanced courses (86.102 or 86.103, or 86.104).

Examinations: Candidates will be assessed on their practical work, written tests during the course, and a pass in the 86.100 paper; and a pass in at least one of the 86.101, 86.102, 86.103, 86.104 papers or the 86.606 project.
Prerequisites: As for Diploma in Geothermal Energy Technology.

CERTIFICATES IN THE PRINCIPLES AND PRACTICE OF RADIOCHEMISTRY

08.350 Elementary Certificate
The course for this Certificate involves ten lectures and eleven laboratory classes each of three hours' duration. Candidates may attend laboratory classes once a week in the first half year, or by arrangement. No student may enter the laboratory unless he is wearing an approved form of eye protection.
The course is designed to suit the needs of chemists and biologists who anticipate working with tracer quantities of radio-isotopes. Topics covered include: Counting methods, Counting statistics, Handling radioactive substances, Source preparation, Radiological safety, Three channel beta scintillation spectrometer, Gas-liquid chromatography of volatile beta-emitting substances.
Examinations: Candidates will be assessed on their practical work together with a written test.
Prerequisite: 08.210, but students having need of radiochemical techniques may be admitted to 08.350 without having passed 08.210 upon obtaining the approval of the Head of the Chemistry Department.
A knowledge of Physics to about first year standard will be assumed.

08.351 Advanced Certificate
The course for the Advanced Certificate is intended to be taken in the same year as, or in a subsequent year, to the Elementary Certificate. The course involves ten lectures given in the second half year, together with eleven laboratory classes each of three hours' duration. Candidates offering both Elementary and Advanced Certificates in the same year must attend the laboratory once each week throughout the session. No student may enter the laboratory unless wearing an approved form of eye protection.
Candidates offering the Advanced Certificate only may attend the laboratory by arrangement. The course is designed to give a more detailed knowledge of radiochemical procedure. Topics covered include: Gamma spectroscopy, Neutron activation, Radio-isotope generators, Radiochemical analytical procedures, Radiochemical synthesis, Applications.
Examinations: Candidates will be assessed on their practical work together with a written test.
Prerequisite: 08.350 (Note: 08.350 may be taken in the same year).
A knowledge of Physics to about first year standard will be assumed.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF COMMERCE

BCom

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

Admission
1. (a) Admission to any paper in Part I of the Course of Study in Commerce shall be at the discretion of the Senate. Application for admission shall be made to the Registrar in writing before 15 January, or such other date as the Senate may determine, of the year in which the applicant proposes to enrol.
(b) Admission to any paper in Part I shall be granted or withheld upon a consideration of the past performance of the applicant at school and in university and public examinations, and upon an interview where this is required.

Minimum Time for Degree
2. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Bachelor of Commerce shall follow a course of study of not fewer than three years.

Definition of a Paper
3. In these Regulations a paper means an examinable part of one year's work in a subject. Papers are classified in three Stages, I, II, III, prescribed for this Degree in the Schedule to these Regulations.

Course Content
4. Every candidate in his Course of Study for this degree
(a) shall comply with the requirements specified below for Part I and Part II;
(b) shall comply with the requirements specified in the Schedule to these Regulations.

Part I
5. Except as provided elsewhere in these Regulations, for Part I a candidate shall be required
(a) to pass in two papers selected from
Computer Science 07.100, 07.105
Economics 13.102, 13.105
Management Studies 72.100;
(b) to pass the following Stage I papers
Accounting 01.100, 01.101 or 01.102, 01.103;
Commercial Law 02.100;
Economics 13.100, 13.101 or 13.103, 13.104;

Order of Presenting Course
(c) before taking any other paper for Part I of this degree, to pass or enrol concurrently in the papers in paragraph (a) of this Regulation;
(d) before taking any paper for Part II of this degree, to pass or enrol concurrently in the papers in paragraph (b) of this Regulation: provided that the Senate may waive the requirements of paragraph (c) or paragraph (d) of this Regulation for a candidate
(i) who has been admitted or qualified for admission to a degree of this University; or
(ii) enrolled, under Regulation 13 (1) of these Regulations, conjointly for this degree and the Degree of Bachelor of Arts or the Degree of Bachelor of Science; or
(iii) enrolled conjointly for this degree and the Degree of Bachelor of Laws.

Part II
6. (a) Except as provided elsewhere in these Regulations, for Part II a candidate shall be required to pass no fewer than thirteen papers at any stage, including no fewer than three Stage III papers selected from the subjects Accounting, Economics, and Management Studies.

1985 Calendar
(b) A candidate may include as one, two, or three papers for this Degree one, two, or three papers not already passed for this degree from any subject prescribed for any other degree of this University; provided that (i) for Science papers to be available for credit under this clause each such Science paper must carry a minimum of four credits in the Schedule to the Regulations for the Degree of BSc, and (ii) for the purpose of this Regulation, Science papers carrying lesser credit may be aggregated with other Science papers from the same stage of the same subject.

**Maximum Course Load**

7. Except with the permission of the Senate no candidate shall take in any one year more than eight papers for this Degree.

**Direct Entry**

8. (a) Notwithstanding anything in Regulations 4, 5 and 6 of these Regulations a candidate may with the leave of the Senate take Stage II papers of any subject to which this Regulation applies without having passed Stage I. If a candidate passes a Stage II paper in a subject he shall not be credited with any prerequisite Stage I paper of that subject. If the examiner certifies that the candidate though failing a Stage II paper attained the standard of a pass in a Stage I paper the candidate shall be credited with a pass in a Stage I paper of that subject.

(b) This Regulation applies to the following subjects

Accounting
Economics
Mathematics

**Credits**

9. (1) (a) A candidate who has passed for another Degree of this University two Stage II level papers in Pure Mathematics or equivalent and has passed papers 13.200 and 13.201 of Economics shall be credited with papers 13.100 and 13.101 of Economics, on payment of the fees required by Regulation 12 of the Enrolment and Course Regulations (General)

(b) A candidate who, for the Degree of Bachelor of Engineering, has passed Engineering Mathematics I and Engineering Mathematics II shall be credited with Mathematics 26.240 and 26.360 on payment of the fees required by Regulation 12 of the Enrolment and Course Regulations (General)

Provided that the total credits granted to a candidate under paragraphs (a) and (b) of this clause of this Regulation and Regulation 12 of the Enrolment and Course Regulations (General) shall not exceed eight.

(2) A candidate who, for the Degree of Bachelor of Engineering, has been exempted from the Intermediate Examination shall be exempted without credit from Mathematics 26.122 and 26.142.

10. A candidate for this degree who abandoned another course of study and passed in a paper listed in the Schedule to these Regulations without receiving credit for that paper for any degree or diploma, may be credited with that paper for this degree.

11. (1) Notwithstanding anything elsewhere in these Regulations a candidate who has qualified with merit for the New Zealand Certificate of Commerce in Accountancy, or who has completed the Professional Examination in Accountancy, or who has passed with merit in at least six subjects of the Professional Examination in Accountancy, may be admitted to the course for this degree with credit for Accounting 01.100, 01.101, Commercial Law 02.100 and 02.200 and two other unspecified papers provided he pays the fees required by Regulation 12 of Enrolment and Course Regulations (General).

(2) A candidate who has completed the Diploma in Business and Industrial Administration shall be credited with Management Studies 72.203, Economics 13.103 and two unspecified papers on payment of the fees required by Regulation 12 of the Enrolment and Course Regulations (General).

(3) A candidate who has passed Accounting 70.401 for the Degree of Master of Business Administration or for the Diploma in Business and Industrial Administration shall be credited with Accounting 01.100 and 01.101 on payment of the fees required by Regulation 12 of the Enrolment and Course Regulations (General).

**BCom/LLB, BCom/LLB (Hons)**

12. (1) A candidate who

(a) for this degree or for the Degree of Bachelor of Laws or Bachelor of Laws (Honours), has passed the following papers

(i) two papers selected from

- Computer Science 07.100, 07.105
- Economics 13.102, 13.105

1985 Calendar
Management Studies 72.100;
(ii) Accounting 01.100, 01.101 or 01.102, 01.103;
(iii) Economics 13.100, 13.101 or 13.103, 13.104;
(b) for the Degree of Bachelor of Laws or Bachelor of Laws (Honours) has passed
(iv) Legal System 25.103;
(v) Law of Contract 25.105;
(vi) Commercial Law 25.204 or Advanced Commercial Law 25.302;
(vii) Company Law and Partnership 25.208 or Company Finance 25.309;
(viii) Industrial Law 25.212;
(ix) Income Tax 25.221;
(c) for this degree has in addition passed no fewer than eight Stage II or Stage III papers (including no fewer than three Stage III papers from the subjects Accounting, Economics and Management Studies) selected from those specifically listed in the Schedule, in the subjects Accounting, Economics, Management Studies, Mathematics and Computer Science, shall be deemed to have satisfied the requirements for this degree.
(2) The papers so credited to this degree under this Regulation shall be admitted as cross-credits, exemptions, or additional cross-credits as the case may be for the purpose of Regulation 12 of the Enrolment and Course Regulations (General).

BCom/BA, BCom/BSc
13. (1) A candidate whose academic record is, in the opinion of the Dean of the Faculty of Commerce, of sufficiently high standard, may, with the permission of the Senate, be admitted to a conjoint course of study for this Degree and the Degree either of BA or of BSc (in this Regulation called “a conjoint course”).
(2) Admission to a conjoint course of study shall be either at the beginning of that course or immediately after the first year of academic study either for this Degree or the Degree of BA or of BSc.
(3) A candidate taking a conjoint course shall be required to re-enrol for it, with the permission of the Dean of the Faculty of Commerce and of the Dean of the other Faculty concerned, in each year after the year of first enrolment (so that a continuous enrolment is maintained).
(4) A candidate who has taken a conjoint course and who
(a) for Part I of this degree has passed the seven papers prescribed in Regulation 5;
(b) for Part II of this degree has passed no fewer than eight Stage II or Stage III papers selected from those specifically listed in the Schedule, in the subjects Accounting, Commercial Law, Economics and Management Studies, including no fewer than three Stage III papers selected from the subjects Accounting, Economics and Management Studies;
(c) has completed the requirements for either the Degree of Bachelor of Arts or the Degree of Bachelor of Science, shall be deemed to have satisfied the requirements for this Degree.
(5) The papers so credited to this degree under this Regulation shall be admitted as cross-credits, exemptions, or additional cross-credits as the case may be for the purpose of Regulation 12 of the Enrolment and Course Regulations (General).

Elective Papers
14. Except as provided in Regulation 6 (b), a candidate wishing to take for this Degree any unit, course or paper which is also prescribed for any other degree, shall comply with such of the Regulations for each of those Degrees as apply to that unit, course, or paper.
15. No candidate shall take a subject, unit or paper the same as or substantially equivalent to any other subject, unit or paper, and obtain credit for both for this degree.

Savings and Transitional Provisions
16. (1) Except as otherwise provided in this Regulation the course of study of every candidate shall be governed by these Regulations.
(2) A candidate who passed under any of the former Regulations for this degree in any unit of which the papers are also papers under these Regulations shall be credited with passes in those papers under these Regulations provided that the Senate is satisfied that the prescription in any such paper is at least the equivalent of that prescribed under these Regulations.
(3) A candidate who enrolled for the degree before 1971 may be permitted by the Senate to complete the requirements for the degree by following a prescribed Course of Study.
(4) The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.
17. These Regulations shall come into force on 1 January, 1977.
Schedule
1. This Schedule sets out paper numbers, prerequisites, corequisites, restrictions and other conditions applying to papers for the Degree of Bachelor of Commerce.
2. The Schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.
3. The heading 'prerequisites' in relation to a paper refers to other papers which must be passed before the candidate may take that paper.
4. The heading 'corequisites' in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year.
5. The heading 'restrictions' in relation to a paper refers to a paper which cannot be taken in addition to that paper.
6. A candidate may not take a further stage of a subject until he satisfies all prerequisite and corequisite requirements for that stage of the subject.

| 07.301 Topic in Computer Science (a) | Permission from Head of Department |
| 07.302 Topic in Computer Science (b) | Permission from Head of Department |
| 07.303 Topic in Computer Science (c) | Permission from Head of Department |
| 07.304 Topic in Computer Science (d) | Permission from Head of Department |
| 07.305 Topic in Computer Science (e) | Permission from Head of Department |
| 07.306 Topic in Computer Science (f) | Permission from Head of Department |
| 07.310 Advanced Computer Organization | 07.210; 07.230 |
| 07.320 Advanced Information Structures | 07.220; 07.230 72.322 |
| 07.340 Operating Systems            | 07.210; 07.230 |
| 07.350 Theory of Computation        | 07.100; 26.220 or 26.221 07.250 |
| 07.390 Numerical Analysis           | 07.290; 26.220 or 26.221; 26.240 or 26.241a |

Permission from Head of Department

07.301, 07.302 and 07.303 are 2 credit papers and must be aggregated to 4 credits before they can be credited as one paper for BCom.
### ECONOMICS

#### Economics — Stage I

**Note:** Students planning to take Stage II papers should offer 13.100 and 13.101. Some Economics III papers require mathematics and statistics prerequisites. Students planning to take Stage III papers should consult the Head of the Department for advice.

### Mathematics, Pure — Stage II

One or two papers from courses as prescribed for BSc

At the discretion of the Head of Department of Mathematics and Statistics.

### Mathematics, Pure — Stage III

One, two or three papers from courses as prescribed for BSc

At the discretion of the Head of Department of Mathematics and Statistics.

### ELECTIVE PAPERS — any Stage

One, two or three papers as prescribed for any other Degree not already taken for this Degree.

The Head of Department of the subject concerned may require the candidate to pass in a paper or course as prescribed for any other Degree.

*This paper will not be taught in the current Calendar year.
†This paper may not be taught during current Calendar year unless sufficient staff is available.
THE DEGREE OF MASTER OF COMMERCE

MCom

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations. Students not qualified to enrol for MCom by reason of Clause 1 (a) of these Regulations may be permitted to enrol for MPhil.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Commerce shall before his enrolment for this Degree
   (a) have been admitted or qualified for admission to the Degree of Bachelor of Commerce, and
   (b) (i) have fulfilled the prerequisites for his subject as shown in the Schedule to these Regulations, and
   (ii) have obtained a grade higher than C— in each Stage III paper in the subject which he proposes to take for this Degree,
   provided that, in special circumstances where the Head of Department so recommends, the Senate may for the respective purposes of this Subclause (b) of this Regulation, waive such preconditions as it thinks fit.

2. A candidate shall be required to fulfil the requirements of and pass the examination in one of the subjects prescribed in the Schedule.

3. Notwithstanding anything in Regulation 2, a candidate for this Degree may with the permission of the Senate take
   (i) one Stage III or one Master's paper or (ii) one Stage III and one Master's paper, or (iii) two Master's papers, in a subject other than the one in which he is taking his Degree, if each such paper is related to the candidate's research interests. Each such paper shall substitute for and be equivalent to one paper in the Master's course of the subject in which the Degree is being taken.

4. No candidate shall take for this Degree any paper the same as or substantially equivalent to any other paper he has passed or is taking and obtain credit for both for this Degree.

5. A candidate shall not take for this Degree a subject in which he has already passed for the Degree of Master of Arts or the Degree of Master of Philosophy.

6. Except as provided in the Schedule a candidate shall take all papers required for this Degree in the same year.

7. Subject to Regulation 9 (d), a candidate shall complete the requirements for this Degree within twenty-four months of his first enrolment for the Degree.

Honours

8 (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) To be eligible for the award of Honours a candidate shall pass no fewer than four papers in the first year of enrolment for this Degree.

(c) Honours shall not be awarded if the papers in the first year in which a candidate sits an examination for the Degree are unsatisfactory or if the thesis at its first presentation is unsatisfactory, provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or exceptional circumstances beyond his control (certified as under the Aegrotat Pass or Compassionate Pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to present himself at a subsequent written examination and still be eligible for the award of Honours, subject to the provisions of Regulation 7 above, and to Regulation 8 and 9 of the Examination Regulations.

Thesis

9 (a) A thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject.

(b) A thesis may be presented in the first year of enrolment for this Degree only with the approval of the Head of Department concerned.

(c) A candidate may enrol for a thesis in any year subsequent to the first year of enrolment for this Degree only if he obtains an average grade of at least B — in the papers sat in the first year.
(d) A candidate shall present his thesis not later than twenty-four months after his first enrolment for this Degree, provided that this period may be extended by the Head of Department concerned for not more than one year and in exceptional circumstances for longer by the Senate.

(e) If the examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to represent it subject to Regulation 9 (d) above by a later date specified by the Head of Department.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

Personal Course of Study

10. The personal Course of study of a candidate shall require the approval of the appropriate Head of Department.

11. The Senate may in such exceptional cases as it thinks fit approve a personal Course of study which does not conform to the foregoing Regulations.

Savings and Transitional Provisions

12 (a) Except as otherwise provided in this Regulation the course of every candidate shall be governed by these Regulations.

(b) A candidate enrolled for this Degree under the Regulations published in the 1974 Calendar may complete the Degree under those Regulations or he may elect to transfer to the present Regulations. A candidate electing to transfer to these Regulations shall not be permitted to present papers which in the opinion of the Head of Department concerned contain a substantial portion of work included in papers for which the candidate has received credits.

13. These Regulations shall come into force on 1 January, 1975.

SCHEDULE

(1) Accounting

Prerequisites: Eight papers in the subject Accounting including three Stage III papers.

Requirements: Six papers; or four papers and a thesis (01.601) which shall count as two papers; or five papers and a research essay (01.603) which shall count as one paper.

To be eligible for Honours a candidate shall pass no fewer than four papers in the first year of enrolment for this degree. A candidate not seeking Honours may enrol for a minimum of three papers in the first year.

The papers shall be selected from 01.400 to 01.414 and 02.400 to 02.406.

Provided that a candidate may, with the approval of the Head of the Department, substitute for one or two Accounting papers for this Degree advanced papers not already taken by him from those prescribed for the Degree of Bachelor of Commerce in either Accounting or Commercial Law or both as follows:

Two advanced BCom papers for one paper for this Degree; three advanced BCom papers for two papers for this Degree; and further provided that a candidate substituting in terms of this clause is not eligible for the award of Honours.

(2) Economics

Prerequisites: Eight papers in the subject Economics including three Stage III papers.

Requirements: Six papers; or four papers and a thesis (13.601) which shall count as two papers; or five papers and a research essay (13.603) which shall count as one paper.

The papers shall be selected from 13.400 to 13.415.

Notwithstanding anything in Regulation 6, a candidate presenting five papers and a research essay or six papers shall either present all papers or all papers and the research essay in the same year or, having presented four papers in the first year, present the remaining two papers or the one paper and research essay in the year next following.

(3) Management Studies

Prerequisites: Eight papers in the subjects Management Studies, Accounting or Economics including any three Stage III Management Studies papers.

Requirements: Four papers and a thesis (72.601) which counts as two papers.

The papers shall be selected from 72.400 to 72.416.

All candidates must enrol for paper 72.410 (Research Methods) in the first year of enrolment.

With the permission of the Head of Department a candidate may enrol for two papers and a thesis in the first year of enrolment for this degree.

A candidate not seeking honours may enrol for a minimum of two papers in the first year.
THE DEGREE OF MASTER OF BUSINESS ADMINISTRATION

MBA

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations. Every intending new candidate must apply to the Registrar for permission to enrol in the Course not later than 15 October or such other date as the Senate may determine, of the year preceding that in which the candidate proposes to enrol. An intending candidate who seeks admission on the basis of a professional qualification must apply for admission in accordance with the requirements of the Admission Regulations.

General Provisions
1. Subject to the Admission Ad Eundem Statum Regulations a candidate for the Degree of Master of Business Administration shall before enrolment for this Degree
   (a) have been admitted or qualified for admission to a Bachelor's Degree and have had not less than two years of relevant employment experience, or
   (b) hold an approved professional qualification in Accountancy, Engineering or other approved discipline, and have had not less than two years of relevant employment experience, or
   (c) have completed with outstanding merit the requirements for the award of the Diploma in Business and Industrial Administration.
2. Admission to the Course of study shall be at the discretion of the Senate on consideration of a recommendation from the Head of the Department of Management Studies.
3. A candidate for the Degree of Master of Business Administration shall follow a course of study of not fewer than two years.

Course Content
4. The Course of study for the Degree shall consist of two parts, each of which shall be passed as a whole.
   Part 1
   70.400, 70.401 Fundamental Concepts for Business and Industrial Administration
   70.410, 70.411 Business and Industrial Administration Functions
   70.420, 70.421 Management Skills and Policy
   Part 2
   70.500 Organisation, Strategy, Information and Control
   70.510 Business, Government, Society and the Environment
   70.520 Management Project (value 2 papers)

Credits
5. A candidate admitted to the course of study under Regulation 1 (c) shall be granted credit for Part 1.

Transitional Provision
6 (a) Subject to Regulations 1 and 2, the holder of a Diploma in Business and Industrial Administration awarded under the Regulations in force prior to 1 January, 1983 may be admitted to the Course of study for the Degree of Master of Business Administration.
   (b) A candidate admitted under Regulation 6 (a) shall complete the requirements for the degree by following a Course of study prescribed by Senate on the recommendation of the Head of the Department of Management Studies.
7. These regulations shall come into force on 1 January, 1983.
DEPARTMENT OF ACCOUNTANCY

Accounting I
01.100 Accounting (a)
Basic financial accounting method including an introduction to external reporting.
01.101 Accounting (b)
Introduction to accounting theory, management accounting and the design and operation of business information systems.
01.102 Financial Accounting
Basic concepts and techniques in business accounting and financial management.
01.103 Management Accounting
Budgeting and cost accounting for business planning, control and capital expansion.

Accounting II
01.200 Financial Accounting
Company accounting and finance.
01.201 Accounting for Special Entities
Trust accounting; farm accounting and other selected topics.
01.202 Cost and Management Accounting
Budgetary and standard cost control systems, internal control and divisional performance appraisal.
01.203 Accounting Information Systems
Accounting systems for information and control, commercial data processing and computer programming.
01.204 Public Sector Accounting
Central, regional and local government accounting and finance including the accounts of government trading corporations and other statutory bodies.
01.205 Financial Management
Fundamental aspects, concepts of value and risk, theory of capital structure, sources of finance and basics of capital budgeting.

Accounting III
01.300 Financial Accounting
Contemporary issues in financial accounting theory and practice.
01.301 Auditing
01.302 Cost and Management Accounting
Accounting for planning, decision-making and control.
01.303 Investment Analysis and Planning
Security analysis, and portfolio formation and evaluation. Information and the behaviour of capital markets. The regulations of capital markets.

Accounting for MCom and Honours
The requirements for the MCom degree are six papers, or five papers and a research essay, or four papers and a thesis. To be eligible for Honours a candidate must take at least four papers in the first year and satisfy the remaining requirements during the following year. A candidate not seeking Honours may enrol for a minimum of three papers in the first year and three papers in the following year. (Refer course regulations).

01.400 Accounting Theory
01.401 Contemporary Financial Accounting Issues
01.402 Management Accounting
01.403 Contemporary Price Level Accounting Issues
01.404 History of Accounting Thought
01.405 Accounting Information Systems
01.406 Behavioural Aspects of Accounting
01.407 Budgetary Control
01.408 Auditing
01.409 Special Topic
01.410 Evaluation of Accounting Information
01.411 Contemporary Issues in Accounting for the Primary Industry
01.412 Theoretical and Empirical Research in Accounting
01.413 Management Decision Making and Control in the Government Sector
01.414 International Accounting
01.601 Thesis
01.603 Research Essay
02.400 Special Topic
02.401 Taxation
02.402 Forensic Accounting
02.403 Law of Marketing
02.404 Computer Law
02.405 Special Topic
02.406 Export Law
02.407 Advanced Finance Law

Note: There is no guarantee that all these papers will be available to students during the current Calendar year. Students intending to read for MCom should consult the staff toward the end of the previous year about preliminary vocational reading.

Commercial Law I
02.100 Introduction to Law
An introduction to the New Zealand legal system.

Commercial Law II
02.200 Contract Law
The principles of the law of contract and of agency.
02.201 Finance Law
Legal methods of raising and securing finance, including chattel mortgages, agreements for hire purchase and sale of goods, suretyship, insurance, and negotiable instruments.
Commercial Law III
02.300 Company Law and Partnership
The general principles of company law and partnership in New Zealand.

02.301 Taxation and Estate Planning
The general principles of the law and practice of land and income tax, property speculation tax, estate and gift duties and estate planning.

†02.302 Industrial Law
Legal problems in industry, business and professional practice.

†02.304 Law of Marketing and Overseas Trade
The law relating to the marketing of goods inside New Zealand and for the export market.

DEPARTMENT OF COMPUTER SCIENCE
For Prescriptions see under BSc.

DEPARTMENT OF ECONOMICS
Economics I
Note: Papers 13.100 and 13.101 are for students who wish to advance beyond Stage I in Economics. Mathematics up to University Entrance level will be assumed. All other students are advised to take Papers 13.103 and 13.104.

13.100 Microeconomics
The economic activity of individuals, households and business firms, covering markets and prices, demand, supply and distribution.

13.101 Macroeconomics
The economic activity of the complete national economy and its interrelationship with the rest of the world, covering the measurement and level of economic activity, money, banking and prices, government economic policy and international trade.

13.102 Statistical Methods

13.103 Principles of Economics
Basic principles of the economic behaviour of individuals, households and business firms and of the complete national economy and its interrelationships with the rest of the world.

13.104 Applied Economics
The application of basic principles of economics to selected New Zealand policy issues including trade, unemployment, inflation, regional development, local authority reorganisation and finance, population and the environment.

13.105 Elementary Mathematical Methods in Economics
The study of those areas of economics and commerce which make an extensive use of analytical techniques such as mathematics and logic. Topics will include the formulation of economic models as functions, uses of linear algebra in analysing market equilibria and production structures, and the study of conditions for economic optima such as maximum utility and least cost in terms of calculus and elementary linear programming.

Economics II
13.200 Microeconomics
The economic behaviour of individuals, firms and industries. The course consists of theory and of selected applications in about equal proportions.

13.201 Macroeconomics
A study of the determination and interaction of basic macroeconomic variables like output, employment, the money supply, and the price level.

13.203 Managerial Economics
A survey of the use of applied micro-economic techniques for solving resource management problems.

13.204 New Zealand Public Economics
The study of central and local governments' expenditures and revenues and their impact on income distribution. Current issues such as income maintenance policies and tax reform will also be studied.

13.205 Introduction to Econometrics
An introduction to model building and research methodology in economics. Selected empirical topics in both micro- and macroeconomics will be studied.

13.210 The Industrialisation of Britain to 1870
An introductory economic history of the first country to undergo industrialisation.

13.211 The International Economy since 1870
The development of the institutional framework of trade, international monetary arrangements and the principal trading nations.

13.213 Economic History of USA 1776–1940
13.214 The New Zealand Economy
A survey of problems and issues relating to the New Zealand economy.

Economics III
Students intending to take any Economics III papers should see the Head of the Department before the end of the previous year for advice on combinations of papers and reading lists.

13.300 Theory of Value
The theory of value and distribution from both neoclassical and Marxist perspectives. Topics include sectoral models, factor markets and NZ case studies.

13.301 Macroeconomic Theory and Policy
Employment and output theory; money; models of growth and fluctuations.

13.302 Econometrics
13.304 International Trade
13.305 Financial Economics
Microeconomic theory extended to cover time, uncertainty, taxation, transaction costs, and such legal entities as companies.

13.306 Classical, Marxist & Modern Economic Ideas
An introduction to the history of economic ideas and to comparative economics.

13.307 Public Expenditure
Welfare economics, social policy and public sector pricing and investment decisions.

13.308 Economics of Labour

13.309 International Finance

13.310 Economic History of Australia and New Zealand

13.311 Special Topic
*13.312 Special Topic
To be prescribed by the Head of the Department.

Economics for MA, MCom and Honours
Note: Except by permission of the Head of the Department no candidate shall take the subject Economics unless he has passed either 13.300 or 13.301 for Economics III.

Candidates who propose to take paper 13.402 must consult the lecturer in charge regarding Mathematics papers to be taken in the Bachelor's degree course.

Students intending to take any of the Honours papers should see the Head of the Department before the end of the previous year for advice on combinations of papers and reading lists.

13.400 Growth and Fluctuations
13.401 Monetary Theory
13.402 Econometrics
13.403 Operations Research
13.404 Development and Planning
13.405 Public Economics
13.406 The History of Economic Thought
13.407 Comparative Economics: Primitive, Peasant, Industrial and Socialist Economies
13.408 Urban Economics
13.409 Mathematical Programming
13.410 Special Topic
To be prescribed by the Head of the Department.
13.411 Special Topic
To be prescribed by the Head of the Department.
13.412 Economic Forecasting
13.413 Special Topic
To be prescribed by the Head of the Department.
13.414 Special Topic
To be prescribed by the Head of the Department.
13.415 Special Topic
To be prescribed by the Head of the Department.
13.601 Thesis
13.603 Research Essay
Note: There is no guarantee that all these papers will be available to students during the current Calendar year.

DEPARTMENT OF MANAGEMENT STUDIES

Management Studies emphasises the integration of the specialised functional disciplines which are common to both public and private enterprises. The systematic processes of management are policy-making, planning, organising, executing and controlling the overall activities so that performance meets or exceeds pre-set objectives.

Management Studies I
72.100 Business Computing
Introduction to computer hardware and software systems specific to business operations.

Management Studies II
72.201 Marketing Management
Factors affecting demand in various types of markets and methods of satisfying it through product planning, pricing, promotion, distribution and general organisation and strategy.

72.203 Organisation and Management
A behavioural and structural analysis of organisations and the management of human resources in support of organisation goals. Individual and group behaviour in organisations.

72.205 Operations Management
Planning, organisation and control of manufacturing and other processes for the production of goods and services. Linear programming, simulation and managerial control packages.

72.220 Systems Analysis
Methods of document processing, record-keeping, and control for computer and supporting clerical systems.

72.221 Programming Laboratory
Practice and experimentation in the use of a major business programming language.

Management Studies III
†72.300 Policy Studies
Formation of strategy and policies to reconcile external demands and opportunities with internal capabilities of an enterprise.

72.301 Consumer Behaviour
A review of behavioural science concepts applicable to complex consumer behaviour. Application of these concepts in case material.

72.302 Advanced Operations Management
Human and technological aspects of productivity improvement: man-machine systems, automation and job design. Special consideration of issues critical to the service industries including scheduling and control of resources.

72.303 Industrial Relations
Development of industrial relations theory and of theories of collective bargaining. Managerial ideolo-
gics and their impact on industrial relations behaviour. Trade unionism and ideologies of the labour movement. The political activities of trade unions and employer organisations. Union democracy and oligarchy and the internal government of trade unions. The role of government in industrial relations and in wage and salary determination. Strikes and disputes. Industrial democracy and issues and experiments in employee participation and control. Multinational companies and industrial relations.

72.304 Management Information Systems
The management information system applied to the decision-making processes of planning, organising and controlling.

72.305 Organisational Behaviour
Management and behavioural science research concepts and techniques blended and applied to communications, leadership and decision-making processes in organisations.

72.306 Marketing Research
Identification of information needs for marketing decisions, and development of appropriate data collection and reporting techniques.

72.307 Personnel Administration
Policies and procedures of personnel management. The role of the personnel manager. The recruitment, selection and allocation of labour. Job and organisational design and the personnel function. Manpower forecasting and manpower planning. Training, development and performance appraisal of staff. Incentive payment systems and the design and administration of wage and salary policies at the level of the firm.

72.308 Operation Research
Deterministic and stochastic models for inventory control, scheduling, network analysis, transportation and flow problems. Computer simulation of managerial decision making processes including risk analysis.

72.309 International Business
International trade forces. Investigation of the international business environment and formulation of appropriate multi-national business and marketing strategies.

72.310 Organisational Research Methods
Methods for scientific research concerning organisations, including the design of field experiments and evaluation methods.

72.311 Entrepreneurial Behaviour and New Venture Management

72.312 Special Topic
To be prescribed by the Head of Department.

72.313 Special Topic
To be prescribed by the Head of Department.

72.314 Special Topic
To be prescribed by the Head of Department.

72.315 Special Topic
To be prescribed by the Head of Department.

72.316 Special Topic
To be prescribed by the Head of Department.

72.317 Special Topic
To be prescribed by the Head of Department.

72.318 Special Topic
To be prescribed by the Head of Department.

72.319 Special Topic
To be prescribed by the Head of Department.

72.320 Systems Design
Concepts and practices of computer software architects are introduced and applied to the design of business systems.

72.321 Systems Project
Systems analysis, design, and development techniques combined to solve a specific problem.

72.322 Data Base Management Systems
Determination of information needs and patterns of data flow within a data base environment.

72.323 Systems Economics
Determination of technical, operational and economic feasibility of computer proposals.

72.324 Data Communications
Data communications technology, facilities and planning are introduced in context of distributed computer systems.

Management Studies for MCom and Honours

72.400 Strategic Management
72.401 Advanced Marketing
72.402 Management of Change (in the Post-Industrial Society)
72.403 Industrial Relations: Theory and Practice
72.404 Information Systems
72.405 Organisational Development
72.406 Entrepreneurial Behaviour and Small Business Management
72.407 Empirical Study in New Zealand Management
72.408 Operations Research
72.409 Mathematical Programming
72.410 Research Methods
72.411 Special Topic
72.412 Special Topic
72.413 Special Topic
72.414 Special Topic
72.415 Special Topic
72.416 Special Topic
72.601 Thesis

Note: There is no guarantee that all these papers will be available to students during the current calendar year.

Business Administration for MBA

70.400, 70.401 Fundamental Concepts for Business and Industrial Administration
The course will be modular encompassing the following fields of study:
Accounting: financial reporting and analysis; accounting methods; valuation of assets and liabilities;
accounting standards and auditing; taxation; cost accounting, management accounting and control. Computing: transaction processing; systems and information analysis; computer software and hardware. Decision analysis: analysis and interpretation of numerical information; quantitative decision-making techniques.
Economics: resource allocation; industry and market structures; public sector economics; economic regulations; national production and income; inflation, growth, employment, the balance of payments and the monetary system; international economics. Law: legal system; contract and company law. Organisational behaviour: human needs; personal and career development; individual and group behaviour; leadership; organisation structures.

**70.410, 70.411 Business and Industrial Administration Functions**
The course will be modular encompassing the following fields of study:
Finance: financial planning and budgeting; working capital management; investment decisions; cost of capital and sources of funds; financial structure; dividend policy.
Marketing: consumer behaviour; market research; product and service selection; pricing; promotion; distribution of goods and services; international marketing.
Operations and Production: product and service design; engineering economy; facilities location and layout; work methods, measurement and standards; man-machine systems, automation and job design; capacity management; operations scheduling; inventory and resource management; operations control; quality control; reliability and maintenance.
Personnel: job-design; personnel selection; training, development and performance appraisal; remuneration policies.

**70.420, 70.421 Management Skills and Policy**
Skills: Individual and group training in the skills for information-processing, peer relationships, leadership, conflict-resolution, resource allocation, decision-making and entrepreneurship necessary in general management.
Policy: Case studies and readings focussing on management policy for operating and administrative decisions.

**70.500 Organisation, Strategy, Information and Control**
Strategic management; organisation design and development; management information and decision support systems; research and development; technology and innovation; industrial relations; new enterprise and small business management; project management.

**70.510 Business, Government, Society and the Environment**
Business and the legal system; political analysis; social and community issues; world resources and the environment; international business.

**70.520 Management Project** (Value 2 papers)
A project embodying detailed field investigation of a management problem and preparation of a report on the design, analysis, results and conclusions of the study.

**DEPARTMENT OF MATHEMATICS AND STATISTICS**

For Prescriptions see Index.

**THE PROFESSIONAL EXAMINATIONS FOR MEMBERSHIP OF THE NEW ZEALAND SOCIETY OF ACCOUNTANTS**

**Exemptions**
Exemptions are granted by the New Zealand Society of Accountants to students who have passed degree subjects as follows:
(a) Students who passed in the unit Accounting II prior to 1971 should consult the 1974 Calendar page 345. Other students who enrolled for the first time prior to 1975 should consult the 1976 Calendar page 297.
(b) Other students will be required to complete the BCom degree passing in the Accounting papers: 01.100, 01.101, 01.200, 01.201, or 01.204 or 01.205, 01.202, 01.203, 01.300, 01.301, 01.302 or 01.303 and the Commercial Law papers numbered: 02.100, 02.200 or 02.303, 02.201, 02.300 and 02.301.

Any of the above papers not passed for credit to the BCom must be passed for COP.

Students should note that exemptions from the New Zealand Society of Accountants’ Professional Examinations can be authorised by the Society only; so those with any queries regarding the Society’s requirements should write directly to the Education Officer, New Zealand Society of Accountants, PO Box 11-342, Wellington.

**THE EXAMINATIONS FOR MEMBERSHIP OF THE INSTITUTE OF COST AND MANAGEMENT ACCOUNTANTS (UNITED KINGDOM)**

BCom graduates who have followed a course covering the papers required by the New Zealand Society of Accountants and the Cost and Management Accounting Division for exemption from their examinations are exempt from foundation stage, sections A and B and professional stage, Part I of the ICMA examinations (10 out of 18 papers).

All other BCom graduates are exempt from foundation stage, sections A and B of the ICMA examinations (6 out of 18 papers).

Candidates who consider that they may be eligible for exemption under the relevant regulations should write to the Institute of Cost and Management Accountants, 63 Portland Place, London WIN 4AB, United Kingdom, specifying the exemption claimed and enclosing relevant certificates.
DIPLOMA COURSE REGULATIONS AND PRESCRIPTIONS

DIPLOMA IN BUSINESS AND INDUSTRIAL ADMINISTRATION

DipBIA

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Course of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations. Every intending new candidate must apply to the Registrar for permission to enrol in the Course not later than 15 October of the year preceding that in which the applicant proposes to enrol.

An intending candidate who seeks admission on the basis of a professional qualification, the New Zealand Certificate of Engineering, or practical experience must apply for admission in accordance with the requirements of the Admission Regulations.

General Provisions

1. (i) Subject to the Admission Regulations, a candidate for the Diploma in Business and Industrial Administration shall before his enrolment for this Diploma

(a) have been admitted or qualified for admission to a Bachelor's degree of the University of Auckland, and have had not less than two years of practical experience, or

(b) (i) hold or have qualified for the award of either a professional qualification in Accountancy, Engineering, Science or other approved discipline or a New Zealand Certificate in Engineering or in Science with outstanding merit and

(ii) have had not less than two years of practical experience; or

(c) have had not less than five years of practical experience.

(ii) In this regulation 'practical experience' means responsible managerial experience in business or industry.

2. A candidate shall be required to satisfy the Senate that his knowledge of Mathematics is adequate for the course.

3. A candidate for the Diploma in Business and Industrial Administration shall follow a course of study of not less than one year.

Course Content

4. The course of study for the Diploma shall be passed as a whole and shall consist of the following subjects

Fundamental Concepts for Business and Industrial Administration 70.400 and 70.401.

Business and Industrial Administration Functions 70.410, 70.411.

Management Skills and Policy 70.420, 70.421.

Savings and Transitional Provisions

5. A candidate who enrolled for the diploma before 1983 may be permitted to complete the requirements for the diploma by following a course prescribed by the Senate.

PRESCRIPTIONS FOR Dip BIA

There is during the current Calendar year a limitation on the number of candidates that may be enrolled in the courses for MBA and Dip BIA. The maximum number which may be enrolled for the first time is 30. The Dip BIA is designed as a two-year part-time course, or for a limited number of candidates, as a one-year full-time course. Classes are held during the mornings from 8.00 a.m. to 12.30 p.m., and there is also a total of six weeks full-time study. Part-time candidates normally attend morning classes twice weekly and for three full-time weeks in each year of study.

In general, for part-time candidates the examination requirements for 70.400, 70.401 and 70.420 will be met by the end of the first year and for 70.410, 70.411 and 70.421 by the end of the second year of study.

Further details are contained in a handbook available free from the Enquiry counter, Registry, 24 Princess St, Auckland. Enquiries may be made to the Director of the Diploma in Business and Industrial Administration course.

For the prescriptions for the subjects named in the preceding Regulations refer to the Prescriptions for the Degree of Master of Business Administration.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF LAWS
LLB

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Laws shall be required to
(a) pursue a course of study for a period of not less than four years;
(b) pass an Intermediate Examination and three Law Examinations;
(c) carry out work in the detailed application of law to the satisfaction of the Faculty of Law ("the Faculty").

Examinations
2. (1) A candidate shall be required to pass as a whole each Law Examination, so that the candidate’s performance in all subjects of the examination shall be taken into consideration: provided that
(a) A candidate who has failed to pass any Law Examination as a whole may at the discretion of the Senate be credited with a subject or subjects of that examination and permitted in a subsequent year to present the subject or subjects not so credited together with a subject or subjects of the next succeeding Law Examination.
(b) A candidate who has passed the Intermediate Examination may at the discretion of the Senate be permitted to present either Part A only or Part B only of the First Law Examination, presenting the remaining part in a subsequent year together (if the candidate so wishes) with a subject or subjects of the next succeeding examination.
(c) A candidate who is undertaking the Degree or any part of the Degree part-time or in conjunction with any other degree shall be required to pass an examination consisting of such work, less than the full examination, as the Senate may in its discretion determine, and present the remaining part of the examination in a subsequent year, together (if the candidate so wishes) with a subject or subjects of the next succeeding examination.
(2) A candidate to whom any of the foregoing provisos apply shall be required to pass as a whole an examination consisting of the subjects taken in any year, so that performance in all subjects taken in that year shall be considered.
(3) A candidate who has failed only one subject of a Law Examination may be required by the Senate to pass in the following February a special examination in that subject to be credited with a pass in the examination as a whole.

Subjects
3. The examinations and subjects for this Degree are:

Intermediate Examination
in subjects prescribed for the Degree of Bachelor of Arts ("the BA Degree") or Bachelor of Science ("the BSc Degree"), as follows—
(a) Two arts papers (at any stage or stages) being
(i) any two language papers in any subject (including English) listed in the Schedule to the Regulations for the BA Degree; or
(ii) Any two papers in Philosophy
and
(b) not less than
(i) Four arts papers (at any stage or stages); or
(ii) Twenty-four science credits; or
(iii) An equivalent combination of two or three arts papers (at any stage or stages) with 18, 12 or 6 science credits respectively.
For the purpose of the requirement of two language papers:
(i) Where only one language paper is available in a relevant subject, a candidate may, with the approval of the Senate, take that paper together with either a language paper in another subject or (instead of another language paper) an approved non-language arts paper;
(ii) "language paper" includes a literature paper.

Note: The relevant subjects listed in the Schedule to the Regulations for the BA Degree are: Chinese, Indonesian, Russian, French, Italian, Scandinavian Studies, German, Japanese, Spanish, Greek, Latin, Hebrew, Maori Studies.

1985 Calendar
First Law Examination

Part A
25.103 Legal System
25.102 Constitutional Law

Part B
25.101 Criminal Law
25.104 The Law of Torts
25.105 The Law of Contract

Second Law Examination
25.201 Land Law
25.202 Equity and the Law of Succession
25.203 Introduction to Commercial Law
or
25.204 Commercial Law
Together with selected subjects from
25.205 Administrative Law
25.206 Advanced Contract and Tort
25.207 Advanced Criminal Law
25.208 Company Law and Partnership
25.209 Copyright, Patents, Trademarks and Unfair Competition
25.210 Criminology
25.211 Family Law
25.212 Industrial Law
25.213 International Institutions
25.214 International Law
25.215 Introduction to Company Law and Partnership
25.216 Introduction to Family Law
25.218 Legal History
25.220 Local Government Law
25.221 Income Tax
25.222 Roman Law
25.223 Women and the Law
25.224 Pacific Legal Studies
25.225 Law and Society
25.226 Legal Analysis
25.227 Legal Theory
Special Topics approved by the Dean of the Faculty of Law ("the Dean").
Candidate may not include both Introduction to Commercial Law 25.203 and Commercial Law 25.204 or
Company Law and Partnership 25.208 and Introduction to Company Law and Partnership 25.215 or Family
Law 25.211 and Introduction to Family Law 25.216 as part of the degree.

Third Law Examination
Selected subjects from
25.301 Advanced Administrative Law
25.302 Advanced Commercial Law
25.303 Advanced Constitutional Law
25.304 Advanced Criminology
25.305 Advanced Family Law
25.306 Advanced Industrial Law
25.307 Advanced International Law
25.308 Civil Procedure
25.309 Company Finance
25.310 Comparative Law
25.311 Conflict of Laws
25.312 Creditors Remedies
25.313 Environmental Law
25.314 Evidence
25.315 International Trade
25.316 Law Reform
25.317 Legal Philosophy
25.319 Planning Law
25.320 Restitution
25.321 Supervised Research
25.322 Vendor and Purchaser
25.323 Estate and Tax Planning
25.324 Air and Space Law
25.325 Maori Land Law
25.340 Special Topics approved by the Dean of the Faculty of Law.

And
any one or more optional subjects prescribed for the Second Law Examination.

Note: In any academic year, any optional subject for the Second or Third Law Examinations may be withdrawn if there are insufficient staff to teach it or too few enrolments to warrant its being taught.

4. In respect of the arts papers and science credits for the Intermediate Examination a candidate shall be required to comply with all relevant regulations for the BA Degree or the BSc Degree as the case may be (including regulations and requirements relating to corequisites, prerequisites, restrictions, combinations of subjects and practical work).

Exemptions
5. (1) A candidate who has been credited for the BA Degree or the BSc Degree with any papers or credits required for the Intermediate Examination shall be credited with them for the purposes of this Degree also.
(2) A candidate who is a graduate of any University in New Zealand shall be exempted from passing the Intermediate Examination and shall pursue a course of study for this Degree for a period of not less than three years.
(3) In granting admission ad eundem statum to a candidate from an overseas University in one or more subjects of the Degree the Senate may require that the candidate shall pass an examination in the law and practice in New Zealand, covering such matters as may from time to time be prescribed by the Senate. The examination shall be at a time and place fixed by the Vice-Chancellor and the fee for it shall be $20.

Practical Courses
6. No candidate shall be admitted to this Degree unless the Registrar has received from the Dean a certificate that the candidate has complied with the requirements of Regulation 1(c).

Approval of Courses
7. (1) The personal course of study of every candidate shall require the approval of the Senate.
(2) The Senate may delegate to the Faculty the power to approve personal courses of study and also the discretionary powers conferred in Regulations 2 and 5 of these Regulations.
(3) The candidate may appeal to the Senate where approval of a personal course of study has been withheld by a decision of the Faculty acting under the delegation of any of the powers referred to in the last preceding paragraph.

Course Requirements
8. Every candidate shall be required
(a) To undertake as part of his Third Law Examination a course of study comprising a sufficient number of advanced law courses. The Faculty shall determine from time to time which subjects shall be advanced courses for the purpose of this requirement and how many of such courses (not exceeding two-fifths of the Third Law Examination) shall be the minimum requirement.
(b) To undertake in both his Second and Third Law Examinations a course of study comprising sufficient law subjects to amount to a full-time course of about 14 hours of instruction per week. The Faculty of Law shall from time to time determine the composition of a full-time course for these purposes.

1985 Calendar
(c) To undertake and satisfy in any subject any tutorial practical writing or test requirements as the Faculty determines from time to time. A candidate who fails to comply with these requirements may not be permitted to sit the final examination.

Note: The Handbook of the Faculty of Law will state the advanced subjects, the prerequisites if any, and the weight of each subject within a full-time course of study and the writing and other requirements of the Faculty of Law.

Courses in Other Faculties

9 (1) In lieu of optional law subjects (totalling not more than one-fifth of the content of the Second and Third Law Examination combined) a candidate may take such papers offered by other Faculties and related to his law studies as are approved by the Dean of the Faculty of Law. Before enrolling in the papers the candidate shall obtain the permission of the Head of the Department in which they are being taken and of the Dean of the Faculty of Law; but the Faculty of Law may in special cases apply this provision to a candidate who has previously taken papers in another Faculty which would have qualified under this Regulation if prior approval had been obtained.

(2) Any paper taken by a candidate under this Regulation may be credited only to this Degree.

Research Paper

10. A candidate for this Degree may with the prior approval of the Dean elect to submit a research paper in lieu of examination in a subject of the Third Law Examination, if the teacher in the subject has certified that the research paper is related to that subject.

BCom/LLB

11 (1) A candidate shall be credited with any subject named in the left hand column of the schedule to this paragraph of this Regulation if he or she has passed for the Degree of Bachelor of Commerce the paper or papers named opposite that subject in the right hand column of the schedule.

(2) A candidate who has passed for the Degree of Bachelor of Commerce one or more of the papers named in the schedule to this paragraph of this Regulation (called 'approved commerce papers'), and who includes in the course of study for this Degree at least two advanced law courses under Regulation 7, shall be credited:

(i) with one optional subject in the Second or Third Law Examination if the candidate has passed one approved commerce paper;

(ii) with two optional subjects in those Examinations if the candidate has passed two or more approved commerce papers;

Any approved commerce paper for which credit is so given shall be counted as an approved paper taken in another Faculty for the purpose of Regulation 8 (but so that paragraph (b) of that Regulation shall not apply to it).

Financial Accounting 01.300
Auditing 01.301
Investment Analysis and Planning 01.303
Law of Marketing and Overseas Trade 02.304
Financial Economics 13.305
Industrial Relations 72.303

(c) Credits under this Regulations shall be additional to any permitted to a candidate under the Enrolment and Course Regulations (General).

(d) No candidate shall be entitled under this Regulation to credits for more than five law subjects.

Commencement

12 (1) These regulations shall apply to all students taking the Degree of Bachelor of Laws from 1 January 1973.

(2) Any candidate who began his or her law course before that date shall be entitled to the following credits:

(a) A pass in Legal System before 1973 shall be credited as both pass in Legal System and a pass in Legal History.

(b) A pass in any of the subjects in subclause (ii) of Division III of the 1966 Degree Regulations (1972 Calendar, p.441) shall be credited as a pass in Constitutional Law.
(c) Subject to the foregoing provisions passes in any of the subjects mentioned in Division I and II of the 1966 Degree Regulations shall be credited as passes in the corresponding subjects in the Regulations for this Degree.

(d) Passes in any of the subjects in Division III of the 1966 Degree Regulations shall (unless already credited under subclause (ii) above) be credited as equivalent to one-fifth of either the Second Law or Third Law Examination.

(e) A pass in Introduction to Commercial Law shall not be required where the candidate has before 1973 either passed Commercial Law and the Law of Personal Property under the 1966 Degree Regulations or passed or been credited with or exempted from not less than twelve subjects towards his LLB degree.

(3) Where the course of any candidate is not specifically covered by the above provisions and in other cases where there is doubt concerning the course of any candidate such course shall be settled by the Dean.

(4) Any candidate who began his or her law course before 1967 shall be entitled to the benefit of any transitional provisions then applicable.

---

**THE DEGREE OF BACHELOR OF LAWS (HONOURS)**

**LLB (Hons)**

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

**General Provisions**

1. Subject to the Admission Regulations a candidate for the Degree of Bachelor of Laws (Honours) shall be required to

   (a) (i) pursue a course of study for a period of not less than four years and as prescribed in Regulation 2;
   (ii) pass an Intermediate Examination and three Law Examinations;
   (iii) carry out work in the detailed application of law to the satisfaction of the Faculty of Law (the “Faculty”), as prescribed in the Regulations for the Degree of Bachelor of Laws (“the LLB Degree”), excepting Regulation 10 as to the substitution of a research paper in lieu of an examination in Third Law Examination; and

   (b) present the additional work specified in Regulation 3 and

   (c) maintain a superior standard of work throughout the course as prescribed in Regulation 6.

**Course Requirements**

2. Every candidate shall be required

   (a) To take at least one of the following subjects:
   25.310 Comparative Law
   25.316 Law Reform
   25.218 Legal History
   25.317 Legal Philosophy or any two of

   (b) To undertake as part of his Third Law Examination a course of study comprising a sufficient number of advanced law courses. The Faculty shall determine from time to time which subjects shall be advanced courses for the purposes of this requirement, and how many of such courses (not exceeding two-fifths of the Third Law Examinations) shall be the minimum requirement.

   (c) To undertake in both his Second and Third Law Examinations, a course of study comprising sufficient law subjects to amount to a full-time course of about 14 hours of instruction per week. The Faculty of Law shall from time to time determine the composition of a full-time course for these purposes.

   (d) To undertake and satisfy in any subject any tutorial practical writing or test requirements as the Faculty determines from time to time. A candidate who fails to comply with these requirements may not be permitted to sit the final examination.

Note: The Handbook of the Faculty of Law will state the advanced subjects, the prerequisites if any, and the weight of each subject within a full-time course of study, and the writing and other requirements of the Faculty of Law.
Additional Work
3. In addition to the foregoing requirements, every candidate shall during his or her course undertake the following work:
   (a) Two additional subjects from those listed in Regulation 4, carrying out to the satisfaction of the Faculty such written or other work as may be prescribed by the Dean in connection with those subjects.
   (b) The submission, not later than twelve months after completing the Third Law Examination, of a dissertation (25.604) embodying the results of research undertaken under the direct supervision of a University teacher in the Faculty. The Senate may in its discretion extend the time for the submission of the dissertation.

   Note: An abstract is to be submitted with the dissertation. See Examination Regulation 14.

Subjects
4. The additional subjects provided for in Regulation 3 shall be:

25.341 Admiralty Law
25.342 Air and Space Law
25.343 Aspects of Industrial Law
25.344 Business Regulation
25.345 Causes of Crime
25.346 Civil Rights
25.347 Commercial Letters of Credit
25.348 Consumer Law
25.349 Copyright and Patent Law
25.350 Corporation Finance
25.351 Economic Regulation
25.352 Environmental Law
25.353 Estate Planning
25.354 Insurance (other than Marine Insurance) Law
25.355 International Business and Finance, Law of
25.356 Law and Social Problems
25.357 Law of Banking
25.358 Law of Landlord and Tenant
25.359 Law Reform
25.360 Law Relating to Computers
25.361 Legal Accounting
25.362 Legal Aspects of Race Relations
25.363 Legal Education
25.364 Legal History
25.365 Legal Problems of the European Common Market
25.366 Local Government Law
25.367 Maori Land Law
25.368 Marine Insurance Law
25.369 Medico-Legal Problems
25.370 Military Law
25.371 Penology
25.372 Problems in Choice of Law
25.373 Problems in Contract and Tort
25.374 Problems in Criminal Law
25.375 Problems in Equity
25.376 Problems in Legal Philosophy
25.377 Professional Responsibility
25.378 Registration of Title to Land
25.379 Remedies against the Government
25.380 Securities Law
25.381 Selected topics in Comparative Law
25.382 Shipping Law
25.383 Social Control of Land
25.384 State and Local Taxation
25.385 The Law Relating to Damages
25.386 The Legal Process
25.387 Trial Practice
25.388 United Nations Law and Problems of World Order
25.389 Pacific Legal Studies
25.390 Women and the Law
25.391 Restitution
25.392 Advanced studies in a selected topic as prescribed by the Dean of the Faculty of Law
25.393 Advanced studies in a selected topic as prescribed by the Dean of the Faculty of Law
25.394 Advanced studies in a selected topic as prescribed by the Dean of the Faculty of Law
25.395 Advanced studies in a selected topic as prescribed by the Dean of the Faculty of Law (Welfare Law)
25.396 Advanced studies in a selected topic as prescribed by the Dean of the Faculty of Law
25.397 Advanced studies in a selected topic as prescribed by the Dean of the Faculty of Law
25.398 Advanced studies in a selected topic as prescribed by the Dean of the Faculty of Law
25.399 Advanced studies in a selected topic as prescribed by the Dean of the Faculty of Law
25.604 Dissertation

Note: In any academic year, any additional subject may be withdrawn if there are insufficient staff to teach it or too few enrolments to warrant its being taught.

5. Any candidate may with the approval of the Dean elect to present a research paper in lieu of an examination in a subject of the Third Law Examination or a subject listed in Regulation 4. In cases approved by the Dean, notwithstanding anything in Regulation 3, a candidate may present a dissertation in lieu of an examination in a subject of the Third Law Examination.

On condition that in either case the teacher in the subject certifies that the research paper or dissertation is related to that subject.

Standards
6. This Degree shall be awarded to candidates who have fulfilled the requirements of these Regulations and whose work throughout the course has been in the opinion of the Faculty of a sufficiently high standard.

Transfer to LLB (Hons)
7. The Senate may, on written application by a candidate who has completed only the First Law Examination and, in special circumstances any other candidate, and without payment of a fee, permit the candidate to transfer to a course under these Regulations; for which the candidate may then be credited with the subjects already passed for the LLB.

Transfer to LLB
8. A candidate whose work does not in the opinion of the Faculty satisfy the standard prescribed in Regulation 6, or who at any stage elects to withdraw from this Degree, shall be entitled to have credited to the LLB Degree without payment of a fee those subjects (being subjects for the LLB Degree) in which the candidate has passed or been credited with a pass.

Commencement
9. These Regulations shall apply to all candidates taking the Degree of Bachelor of Laws (Honours) from January 1973, but any candidate who began his or her law course before that date or before 1967 shall be entitled to the credits prescribed in Regulation 12 of the Regulations for the Degree of Bachelor of Laws.

Note: Legal Practice: A student completing his First Law Examination is required to enrol for 25.406 Legal Practice I, his Second Law Examination 25.407 Legal Practice II and his Third Law Examination 25.408 Legal Practice III.

---

**LAW PROFESSIONAL EXAMINATIONS**

A candidate seeking admission as a barrister and solicitor of the High Court of New Zealand must, in accordance with the Professional Examinations in Law Regulations 1966:

(a) qualify for admission to the Degree of Bachelor of Laws or Bachelor of Laws (Honours); and
(b) pass, or be credited with a pass in the following additional subjects:

25.314 Evidence
25.401 Court Papers and Practice
25.402 Office and Court Room Practice
25.403 Commercial Papers and Practice
25.404 Land Conveyancing Papers and Practice
25.405 Wills and Trust Practice.
Each of the subjects will be taught in the Faculty of Law.
In all of these subjects, other than Evidence, a candidate is credited with a pass if the Registrar receives a certificate from a teacher in the Faculty of Law that the candidate, having taken the course of study in the subject and done the work of the course to the satisfaction of the teacher, should be credited with a pass in the subject.
Alternatively the candidate must pass the examination in the subject.
A candidate who has been credited with the subject the Law of Evidence in his or her course for the Degree of Bachelor of Laws shall substitute for the paper in Evidence a paper in a law subject approved for the purpose by the Dean of the Faculty of Law at the University at which the candidate is enrolled. (Professional Examination in Law Regulations 1966, Regulation 1 (d).)

THE DEGREE OF MASTER OF LAWS

LLM

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Laws shall before enrolment for this Degree have been admitted or qualified for admission to the Degree of Bachelor of Laws and also (i) have attained an average grade of B- or higher in the candidate's course of study for the Degree of Bachelor of Laws, or (ii) have had at least three years' experience in legal practice after admission as a barrister or solicitor, or (iii) have otherwise shown to the satisfaction of the Faculty of Law capacity to undertake advanced study and research in the subjects proposed to be taken for this Degree.

2. No person shall be admitted to this Degree who has been admitted to the Degree of Master of Jurisprudence.

3. (1) every candidate for this Degree shall—
   EITHER (a) Pass the examination in six of the papers prescribed in Regulation 4 of these Regulations—(i) in one year in the case of a full-time student, or (ii) in not more than two successive years in the case of a student who is not full-time.
   OR (b) (i) in one year pass the examinations in three of the papers so prescribed, and (ii) present a thesis (25.601) under the conditions prescribed in Regulation 5.

2. For the purpose of this Regulation a candidate is not a full-time student if he or she —
   (a) is in employment (including self-employment) for more than 20 hours in each week of the academic year throughout the two years of the work for this Degree, and (b) furnishes such evidence, of being and of intending to continue so employed, as the Dean of the Faculty of Law (“the Dean”) may from time to time reasonably require.

4. The subjects of examination for the Degree are such of the following as are from time to time offered:
25.501, 25.502 Administrative Law
25.503, 25.504 Air and Space Law
25.505, 25.506 Commercial Law
25.507, 25.508 Comparative Law
25.509, 25.510 Constitutional Law
25.511, 25.512 Conflict of Laws
25.513, 25.514 Criminal Law
25.515, 25.516 Criminology
25.517, 25.518 Environmental Law
25.519, 25.520 Equity
25.521, 25.522 Family Law
25.523, 25.524 Industrial Law
25.525, 25.526 International Law
25.527, 25.528 Jurisprudence

1985 Calendar
25.529, 25.530 Land Law
25.531, 25.532 Law and Society
25.533, 25.534 Law of Banking and Exchange Control
25.535, 25.536 Law of Bodies Corporate and Unincorporate
25.537, 25.538 Law of Contract
25.539, 25.540 Law of Evidence
25.541, 25.542 Law of Taxation and Estate Planning
25.543, 25.544 Law of Torts
25.545, 25.546 Law Reform
25.547, 25.548 Local Government Law
25.549, 25.550 Pacific Legal Studies
25.551, 25.552 Planning Law
25.553, 25.554 Restitution
25.555, 25.556 Sales and Sales Financing
25.557, 25.558 Shipping Law
25.559, 25.560 Transport Law
25.563, 25.564 Special Topics to be prescribed by the Dean of the Faculty of Law
25.565, 25.566 Special Topics to be prescribed by the Dean of the Faculty of Law
25.567, 25.568 Special Topics to be prescribed by the Dean of the Faculty of Law
25.569, 25.570 Special Topics to be prescribed by the Dean of the Faculty of Law
25.571, 25.572 Special Topics to be prescribed by the Dean of the Faculty of Law
25.573, 25.574 Special Topics to be prescribed by the Dean of the Faculty of Law
25.575, 25.576 Special Topics to be prescribed by the Dean of the Faculty of Law
25.577, 25.578 Special Topics to be prescribed by the Dean of the Faculty of Law
25.579, 25.580 Special Topics to be prescribed by the Dean of the Faculty of Law
25.581, 25.582 Special Topics to be prescribed by the Dean of the Faculty of Law
25.583, 25.584 Special Topics to be prescribed by the Dean of the Faculty of Law
25.585, 25.586 Special Topics to be prescribed by the Dean of the Faculty of Law
25.587, 25.588 Special Topics to be prescribed by the Dean of the Faculty of Law

Note: Subjects that are offered in the current Calendar year will be by arrangement with the Dean.

Thesis
5. When a candidate elects to present a thesis (25.601) the following conditions shall apply:
(a) The thesis shall be of the value of four papers, and shall consist of an original contribution to the history, philosophy, exposition, or criticism of the law, prepared under the supervision of a University teacher, upon a subject approved by the Dean.
(b) A candidate may submit the thesis in the year in which the examination is taken or in a subsequent year.
(c) The candidate shall deliver the thesis to the Registrar by 1 November of the year in which it is presented or at a subsequent date arranged with the supervising teacher.
(d) At the discretion of the Dean the candidate may be required to attend, within four weeks of the date on which the thesis was submitted, an oral examination on the subject of the thesis. For this purpose either two or three examiners shall be appointed by the Dean.
(e) Where a candidate submits a thesis which is of insufficient standard on first submission, the Senate may in exceptional circumstances, when recommended by the examiners, permit the candidate to rewrite the thesis and submit it again by a specified date.
(f) The thesis shall be presented within three years of the year in which the examination is first taken but this period may in special cases be extended by the Senate.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

Honours
6. (1) This Degree may be awarded with or without Honours.
(2) A candidate who is required to re-sit a written examination or to re-submit the thesis shall not be eligible for an award with Honours.

Transitional
7. These Regulations shall apply to all candidates for the Degree of Master of Laws; except that any candidate for the Degree who first enrolled for it before 1982 shall complete the course under the Regulations last published in the 1981 Calendar.

Note: Students proposing to enrol for a Masters degree are expected to discuss their enrolment with the Dean not later than the December preceding their enrolment.
THE DEGREE OF MASTER OF JURISPRUDENCE

MJur

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations a candidate for the Degree of Master of Jurisprudence shall before enrolment for this Degree have been admitted or qualified for admission to the Degree of Bachelor of Laws (Honours).
2. No person shall be admitted to this Degree who has been admitted to the Degree of Master of Laws.

Course Content
3. (a) Every candidate for this degree shall either
   (i) in one year pass the examinations in four papers in the subjects prescribed in Regulation 4 of these Regulations, or
   (ii) submit a thesis (25.611) under the conditions prescribed in Regulation 5.
   (b) The choice of subjects to be taken by each candidate proceeding under Regulation 3 (a) (i)
      (i) shall be subject to the approval of the Dean of the Faculty of Law ("the Dean"), and
      (ii) shall not include any subject with which the candidate has been credited for the Degree of Master of Commerce.
4. The subjects of examination for the Degree are such of the following as are from time to time offered.
   25.501, 25.502 Administrative Law
   25.503, 25.504 Commercial Law
   25.505, 25.506 Comparative Law
   25.507, 25.508 Constitutional Law
   25.509, 25.510 Conflict of Laws
   25.511, 25.512 Creditors Remedies
   25.513, 25.514 Criminal Law
   25.515, 25.516 Criminology
   25.517, 25.518 Environmental Law
   25.519, 25.520 Equity
   25.521, 25.522 Family Law
   25.523, 25.524 Industrial Law
   25.525, 25.526 International Law
   25.527, 25.528 Jurisprudence
   25.529, 25.530 Land Law
   25.531, 25.532 Law and Society
   25.533, 25.534 Law of Banking and Exchange Control
   25.535, 25.536 Law of Bodies Corporate and Unincorporate
   25.537, 25.538 Law of Contract
   25.539, 25.540 Law of Evidence
   25.541, 25.542 Law of Taxation and Estate Planning
   25.543, 25.544 Law of Torts
   25.545, 25.546 Law Reform
   25.547, 25.548 Local Government Law
   25.549, 25.550 Pacific Legal Studies
   25.551, 25.552 Planning Law
   25.553, 25.554 Restitution
   25.555, 25.556 Sales and Sales Financing
   25.557, 25.558 Shipping Law
   25.559, 25.560 Transport Law

1985 Calendar
25.563, 25.564 Special Topics to be prescribed by the Dean of the Faculty of Law
25.565, 25.566 Special Topics to be prescribed by the Dean of the Faculty of Law
25.567, 25.568 Special Topics to be prescribed by the Dean of the Faculty of Law
25.569, 25.570 Special Topics to be prescribed by the Dean of the Faculty of Law
25.571, 25.572 Special Topics to be prescribed by the Dean of the Faculty of Law
25.573, 25.574 Special Topics to be prescribed by the Dean of the Faculty of Law
25.575, 25.576 Special Topics to be prescribed by the Dean of the Faculty of Law
25.577, 25.578 Special Topics to be prescribed by the Dean of the Faculty of Law
25.579, 25.580 Special Topics to be prescribed by the Dean of the Faculty of Law
25.581, 25.582 Special Topics to be prescribed by the Dean of the Faculty of Law
25.583, 25.584 Special Topics to be prescribed by the Dean of the Faculty of Law
25.585, 25.586 Special Topics to be prescribed by the Dean of the Faculty of Law
25.587, 25.588 Special Topics to be prescribed by the Dean of the Faculty of Law

Note: Subjects that are offered in the current Calendar year will be by arrangement with the Dean.

Thesis
5. When a candidate elects to present a thesis (25.611) the following conditions shall apply:
   (a) The thesis shall consist of an original contribution to the history, philosophy, exposition or criticism of
       the law, prepared under the supervision of a University teacher; upon a subject approved by the Dean.
   (b) The candidate shall deliver the thesis to the Registrar by 1 November of the year in which it is presented,
       or at a subsequent date arranged with his supervising teacher.
   (c) At the discretion of the Dean the candidate may be required, within four weeks of the date on which the
       thesis was submitted, to attend an oral examination on the subject of the thesis. For this purpose either two
       or three examiners shall be appointed by the Dean.
   (d) Where a candidate submits a thesis which is of insufficient standard on first submission, the Senate may
       in exceptional circumstances when recommended by the examiners, permit the candidate to rewrite the thesis
       and submit it again by a specified date.
   (e) The thesis shall be submitted not later than three years after the candidate's enrolment for the Degree, but
       this period may in special cases be extended by the Senate.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

Distinction
6 (1) This degree may be awarded with or without Distinction.
   (2) A candidate who is required to re-sit a written examination or to re-submit the thesis shall not be eligible
       for an award with Distinction.

Note: Students proposing to enrol for a Masters degree are expected to discuss their enrolment with the Dean not later than the December
preceding their enrolment.
DEGREE COURSE PRESCRIPTIONS

PRESCRIPTIONS FOR LLB AND FOR LLB(Hons)

First Law Examination

Part A
25.103 The Legal System
An introduction to the New Zealand legal system. Legal reasoning and the judicial process, including selected problems in statutory interpretation. Selected legal institutions in New Zealand and in England. The sources of law. Selected legal concepts.

25.102 Constitutional Law

Part B
25.101 Criminal Law
The general principles of criminal liability. Selected indictable and summary offences chargeable under New Zealand Law. An introduction to the procedure upon indictment and to summary procedure (excluding the law of evidence).

25.104 The Law of Torts
General principles of civil liability. The law as to the various kinds of torts. The law relating to compensation for personal injury by accident in New Zealand.

25.105 The Law of Contract
The general principles of the law relating to agreements. Selected topics in the law of contract. An introduction to the law of agency.

25.406 Legal Practice 1

Second Law Examination

Compulsory
25.201 Land Law
The principles of land law including the doctrines of tenures and estates, registration of title to land, the elements of law of landlord and tenant, the law relating to incorporeal hereditaments and security interests in land.

25.202 Equity and the Law of Succession
The general principles of equity and the law of trusts. An introduction to the laws of wills and succession and the administration of estates.

25.203 Introduction to Commercial Law
Elements of the law governing sale and transfer of goods, hire purchase and chattels securities.

25.204 Commercial Law
The principles of the law relating to the sale and transfer of goods including bailment and hire purchase, negotiable instruments, and securities over and charges upon personal property including relevant aspects of bankruptcy, suretyship and arbitration. Optional

25.205 Administrative Law
The general principles of administrative law. Subordinate legislation. Discretionary powers of Ministers, officials and local bodies. Administrative tribunals and their functions. Controls over the exercise of legislative, judicial and other powers.

25.206 Advanced Contract and Tort
Selected advanced problems in the law of contract and tort. Actions which may be brought either in contract or tort. Quasi-contractual remedies.

25.207 Advanced Criminal Law
Selected advanced problems in criminal law and criminal procedure.

25.208 Company Law and Partnership
An introduction to the principles of company law and the law of partnership. Rights and liabilities of those who form, operate and deal with companies, and partnerships.

25.209 Copyright Patents Trademarks and Unfair Competition
Studies in the content and impact of copyright, patents, trademarks, and unfair competition in New Zealand and elsewhere.

An introduction to the theory of criminology. Selected studies in crime and its causes, law enforcement, the administration of criminal justice, and the nature and purpose of the penal system.

25.211 Family Law
The law and procedure relating to marriage, dissolution and other matrimonial causes. The legal relationship of husband and wife and of parent and child. Matrimonial property. Maintenance and other domestic proceedings. Adoption, guardianship, and paternity proceedings.

25.212 Industrial Law
Selected studies in the relationship of employer and employee; the rights, responsibilities and organisation of trade unions; the determination of industrial disputes relating to wages, conditions and rights; and the legality of industrial action.
25.213 International Institutions
The principles of international law as they relate to the structure and functioning of international institutions. The role of international institutions in the settlement of international disputes particularly the role of the International Court of Justice. Selected projects relating to specific international institutions.

25.214 International Law
An introduction to the law of nations. Selected topics in the adjudication and settlement of international disputes, the law of war, peace and neutrality, and the law of international institutions.

25.215 Introduction to Company Law and Partnership
An introduction to the basic concepts and principles of company law and the law of partnership.

25.216 Introduction to Family Law
Elements of family law.

25.218 Legal History
An introduction to the history of present-day legal rules and institutions. Selected topics in English and New Zealand legal history.

25.220 Local Government Law
An introduction to the law governing the structure, powers and territorial definition of local government units. Selected studies in the legal problems of local government and its relationship with central government.

25.221 Income Tax
The principles of the law relating to income tax.

25.222 Roman Law
Outline of Roman private law according to Justinian and Gaius. Sources and historical development of Roman Law. The law of actions; the law of property; obligations; family and succession. Translation of substantial portions of the Latin text shall not be required.

25.223 Women and the Law
A study of the law as it defines women's role in society with particular emphasis on the use of the law to eliminate discrimination.

25.224 Pacific Legal Studies
Selected aspects of customary, private, public and international law of Pacific States and territories with particular regard to Fiji, Western Samoa, the Cook Islands, Niue, and Tokelau Islands, New Zealand and Papua New Guinea.

25.225 Law and Society
What is the impact of social forces on the legal system? How do the rules and orders of the legal system affect social behaviour? This course attempts to answer these questions by examining the legal system through the eyes of social science research. Particular reference will be made to the New Zealand legal system and to avenues towards an improved legal culture.

Note: No prior training in the social sciences is prerequisite.

25.226 Legal Analysis
Analysis of the logical structure of legal rules and of the nature of fundamental logical concepts of the law such as duty, right, liberty and power; analysis of a selection of important substantive concepts of the law such as status, office, contract, trust, punishment, ownership, corporation; some discussion of the place of rules, principles and values in legal reasoning.

25.227 Legal Theory
Theories about the nature of law and the nature of legal reasoning; theories about the relationship of law to social attitudes and behaviour; the interaction of law and values.

Note: The courses 25.225 Law and Society, 25.226 Legal Analysis and 25.227 Legal Theory comprise aspects of what was formerly taught as a single course under the title Jurisprudence.

25.407 Legal Practice II
Note: Some of these courses will be taught for the full year and others will not. Students should refer to the current Law School Handbook to find out the size of courses they propose to take in any particular year, since this may vary from time to time.

Third Law Examination
Optional

25.301 Advanced Administrative Law
Advanced problems in selected areas of Administrative Law.

25.302 Advanced Commercial Law
Advanced studies in selected areas of Commercial Law.

25.303 Advanced Constitutional Law
Advanced problems in selected areas of Constitutional Law.

25.304 Advanced Criminology
Advanced problems in the causes of crime, the administration of criminal justice, and the punishment and treatment of the offender. Selected studies in criminological methods and research.

25.305 Advanced Family Law
Advanced problems in selected areas of Family Law.

25.306 Advanced Industrial Law
Advanced studies in selected areas of Industrial Law.

25.307 Advanced International Law
Advanced studies in selected areas of the law of nations.
25.324 Air and Space Law
The principles of international and municipal law regulating airspace and outer space, aircraft, spacecraft, persons on board such craft and the rights and obligations of operators and users of aircraft and spacecraft, taking into consideration the economic and technical problems involved and aspects of national and international policies.

25.308 Civil Procedure
Advanced studies in procedure in civil actions and other proceedings, with reference to the evolution of the present form of civil action, pleadings, discovery and other pre-trial devices; joinder of parties; jurisdiction (including equitable jurisdiction), appellate procedure.

25.309 Company Finance
Problems of company finance, including the raising of capital and loans, rights to dividend and distribution of assets, amendment of corporate instruments, re-organisation, holding and subsidiary companies.

25.310 Comparative Law
A study of selected systems of law with particular reference to the development of civil law on the Continent of Europe.

25.311 Conflict of Laws
Selected studies in the law governing transactions with elements outside New Zealand courts, fundamental concepts of conflict of laws, and the validity and enforcement of foreign judgments.

25.312 Creditors Remedies
Legal problems arising where a debtor is in financial difficulties. Selected studies in the rights of unsecured creditors in bankruptcy and company liquidation; other methods of enforcing judgments.

25.313 Environmental Law
An analysis and criticism of the existing legal framework relating to the use and protection of the physical environment (Courts, agencies and Parliament as institutions for dealing with environmental problems. A study of specific environmental problems such as air and water pollution, agricultural chemicals, marine pollution). International aspects of environmental problems.

25.314 Evidence
The general principles of the law of evidence in civil and criminal cases. A critical evaluation of forensic law in New Zealand, including a comparison with systems of trial in other countries.

25.315 International Trade
Advanced problems in international commercial law. Selected studies in commercial law, administrative law and international law problems arising from the transfer of goods from one country to another, with consideration of public controls such as tariffs and import licensing.

25.316 Law Reform
A study of the institutions responsible for law reform and the methods by which reform is achieved. A selection of legal rules and institutions which have been, or may be, the subject of reform.

25.317 Legal Philosophy
Advanced studies in the philosophy of law and legal sociology.

25.319 Planning Law
An introduction to the law relating to town and country planning. Selected studies in urban and rural planning problems, and processes and decisions of planning authorities, and the function of courts in planning matters.

25.320 Restitution
Selected problems focusing on situations and available remedies where benefits have been wrongfully or unfairly acquired. Particular consideration will be given to the contract-breaking plaintiff who has rendered services, contracts procured by duress, the murdering beneficiary, benefits acquired from illegal transactions, profits made from improperly acquired information, and good faith acquisition and dealing with property to which defendant is not entitled and with trust property.

25.321 Supervised Research
25.322 Vendor and Purchaser
Advanced problems in the sale of land. Selected case studies examining the legal and taxation consequences of the agreement for sale and purchase and the conveyance of land, and the function and responsibility of the lawyer acting in such transactions.

25.323 Estate and Tax Planning
The principles of the law relating to estate and gift duties, estate planning and tax planning.

25.325 Maori Land Law
Legal problems of Maori land holding. Occupation and use.

25.408 Legal Practice III
Note: Students should consult the current Law School Handbook to find out the size of these courses, and any prerequisites for taking them, since these may vary from time to time.

PRESCRIPTIONS FOR LAW AND PRACTICE IN NEW ZEALAND
The prescriptions for the Examination in the law and practice in New Zealand may be obtained from the Dean of the Faculty. Written notice of a candidate's wish to take the examination should be given to the Registrar with payment of the prescribed fee.

1985 Calendar
PRESCRIPTIONS FOR LLB (Hons)

For the Subjects Listed in Regulation 4

25.341 Admiralty Law
Admiralty jurisdiction, extent of territorial waters, sources of maritime law, nature of maritime liens, bills of lading and charter parties, aspects of conflicts of laws in admiralty, rules established by international law in admiralty cases.

25.342 Air and Space Law
Same prescription as for 25.324 (LLB).

The law and practice relating to commercial letters of credit.

25.348 Consumer Law
A study of legislative and judicial attempts to protect the consumer.

25.349 Copyright and Patent Law
Common law, statutory and international rules governing copyright and patents.

25.350 Corporation Finance
Problems of corporate finance, including the rules governing raising capital and loans, rights to dividend and distribution of assets, amendment of corporate instruments, re-organisation, holding and subsidiary companies.

25.351 Economic Regulation
Legal problems encountered in regulating economic behaviour and alternative techniques for resolving them; anti trust and labour problems.

25.352 Environmental Law
An analysis and criticism of the existing legal framework relating to the use and protection of the physical environment. Courts, agencies and parliament as institutions for dealing with environmental problems. A study of specific environmental problems such as air and water pollution, chemicals, marine pollution.

25.353 Estate Planning
An analysis of the factors which deserve consideration in planning for the future management and disposition of income and capital.

25.354 Insurance (other than Marine Insurance) Law
The law governing insurance other than marine insurance.

25.355 Law of International Business and Finance
A study of problems of commercial law, administrative law and international law arising from international trade, business and finance, including New Zealand's relationship with the European Economic Community.

25.356 Law and Social Problems
Selected aspects of the interrelation between legal evolution and social change, interaction of legislation and social change, the role of law in the modern state.

25.357 Law of Banking
The law relating to banking, with particular reference to the relationship of banker and customer and the banker's duty to third parties.

25.358 Law of Landlord and Tenant
The law of landlord and tenant, including statutory tenancies and fair rents legislation.

25.359 Law Reform
Methods of Law Reform with particular reference to New Zealand.

Note: Students may be required to prepare research papers for Law Reform Committees.

25.360 Law Relating to Computers
An introduction to selected topics related to computers, including a brief introduction to elementary programme preparation, computerisation of statute and case law, protection of software, labour relations affected by computers and databank privacy.

25.361 Legal Accounting
A critical examination of generally accepted accounting principles, an introduction to corporate financial problems, accounting problems of a law office.

25.362 Legal Aspects of Race Relations
Investigation of legal efforts to combat discrimination, and an inquiry into the validity of law in this field.

25.363 Legal Education
The objectives, methods and development of legal education and the functions and obligations of the law teacher.

25.364 Legal History
The effect on law of social, economic and constitutional change, with particular reference to England and New Zealand.
25.365 Legal Problems of the European Common Market
The objectives, structures and functions and relationships of the European Economic Community and other European regional arrangements.

25.366 Local Government Law
The law developed and applied in local government, construction and operation of statutory powers of local and public authorities, bylaws, financing, contractual and tortious liability.

25.367 Maori Land Law
Legal problems of Maori land holding. Occupation and use.

25.368 Marine Insurance Law
The law governing marine insurance.

25.369 Medico-Legal Problems
A study of the relationship between law and medicine, preparation and presentation of medical proof in litigation, expert medical testimony.

25.370 Military Law
Aspects of military law, the relation of civil to military jurisdiction, court martial procedure.

25.371 Penology
An analysis of theory and practice in regard to the punishment and treatment of the offender.

25.372 Problems in Choice of Law
The application of choice of law methods to specific situations, the feasibility of developing choice of law rules and principles consistent with predictability and uniformity.

25.373 Problems in Contract and Tort
Analysis of selected problems arising in the law of contract and the law of tort.

25.374 Problems in Criminal Law
Analysis of selected problems in criminal law.

25.375 Problems in Equity
Problems relating to the equitable jurisdiction of the courts, with particular reference to the law of trusts.

25.376 Problems in Legal Philosophy
Selected jurisprudential problems of definition of law; the concept of justice, relation of law and morality, the function of legal analysis.

25.377 Professional Responsibility
The role of the legal profession in modern society, the obligations of a barrister and solicitor, conflict of interest, defending the unpopular client or cause.

25.378 Registration of Title to Land
Legal problems of the Torrens system of title registration.

25.379 Remedies Against the Government
Liability of the Crown in tort and contract, procedure for enforcing rights against the Crown.

25.380 Securities Law
The law governing securities over personal and industrial property.

25.381 Selected Topics in Comparative Law
Analysis of selected topics from foreign law systems, including civil and Soviet law.

25.382 Shipping Law
Legal principles governing ownership of ships, limitation of liability of shippers, charter-parties and affreightment, collision, salvage, towage, carriage of goods by sea.

25.383 Social Control of Land
The purposes and effect of legislation controlling the use of land, housing improvement schemes, town and country planning, government and local body powers.

25.384 State and Local Taxation
Analysis of property, sales, personal and corporate income taxes, tax policy and administration, local body taxation.

25.385 The Law Relating to Damages
The principles governing damages in contract and in tort.

25.386 The Legal Process
The function of the courts, counsel, legislature, administrative agencies and officials in decision making.

25.387 Trial Practice
Advocacy, procedural and substantive law in trial proceedings, pre-trial preparation, proof.

25.388 United Nations Law and Problems of World Order
The basic constitutional problems of the United Nations, regulation of the use of force, definition of aggression, punishment of crimes against the peace, disarmament, control of atomic energy, regulation of the use of outer space, an international police force.

An examination of the law relating to pollution and other environmental problems with an emphasis on comparative studies. An exploration of various institutional arrangements for managing the environment. The concept of environmental impact reporting.

25.519, 25.520 Equity
The history and principles of equity.
25.521, 25.522 **Family Law**
Advanced studies in the law relating to husband and wife, parent and child and family relationships generally.

25.523, 25.524 **Industrial Law**
Selected and comparative studies in Industrial Law.

25.525, 25.526 **International Law**
The principles of the law of nations in peace and war including the status and relations inter se of the members of the Commonwealth of Nations and the Republic of Ireland and questions of nationality.

25.527, 25.528 **Jurisprudence**
Theories concerning the origin and development of law. The history of legal theory. Modern schools of thought concerning the nature and purpose of law. Sources of law. Analysis of legal conceptions.

25.529, 25.530 **Land Law**
The history and principles of land law.

25.531, 25.532 **Law and Society**
Advanced studies in the interrelation between legal evolution and social change, interaction of legislation and social change, and the role of law in the modern state.

25.533, 25.534 **Law of Banking and Exchange Control**
The law and practice relating to banking and exchange control regulations, with special reference to New Zealand.

25.535, 25.536 **The Law of Bodies Corporate and Unincorporate**
The principles of the law as to corporations and unincorporated bodies with special reference to registered companies.

25.537, 25.538 **The Law of Contract**
The history and principles of the law of contract, including the law as to the sale of goods, negotiable instruments, and all other special classes of contracts.

25.539, 25.540 **The Law of Evidence**
The principles of the law of evidence in civil and criminal cases.

25.541, 25.542 **Law of Taxation and Estate Planning**
Advanced studies in the law relating to taxation and gift, death and conveyance duties. Advanced studies in the principles and practice of estate planning.

25.543, 25.544 **The Law of Torts**
The history and principles of civil liability with special reference to the law of torts.

25.545, 25.546 **Law Reform**
A study of the institutions responsible for law reform and the methods by which reform is achieved. A selection of legal rules and institutions which have been, or may be, the subject of reform.

25.547, 25.548 **Local Government Law**
Selected studies of the history, structure, powers and practice of local government units and related aspects.

25.549, 25.550 **Pacific Legal Studies**
Selected aspects of customary, private, public and international law of Pacific states and territories with particular regard to Fiji, Western Samoa, the Cook Islands, Niue, Tokelau Islands, New Zealand and Papua New Guinea.

25.551, 25.552, **Planning Law**
Selected studies of land use regulation law, planning structure, practice, and theory.

25.553, 25.554 **Restitution**
Advanced problems focusing on situations and available remedies where benefits have been wrongfully or unfairly acquired.

25.555, 25.556 **Sales and Sales Financing**
Advanced studies in the law of sales and the financing of domestic sales in New Zealand.

25.557, 25.558 **Shipping Law**
Advanced studies in the principles of carriage of goods by sea, including containerisation.

25.559, 25.560 **Transport Law**
Advanced studies in the history, exposition and comparison of selected topics of the law of transport, including land, sea and air transport, including rules of international law and of municipal law.

25.563, 25.564 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.565, 25.566 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.567, 25.568 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.569, 25.570 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.571, 25.572 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.573, 25.574 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.575, 25.576 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.577, 25.578 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.579, 25.580 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.581, 25.582 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.583, 25.584 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.585, 25.586 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.

25.587, 25.588 **Special Topic**
To be prescribed by the Dean of the Faculty of Law.
DIPLOMA COURSE REGULATIONS AND PRESCRIPTIONS

DIPLOMA IN CRIMINOLOGY
DipCrim

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Diploma in Criminology shall:
   (a) Before enrolment satisfy the Senate that he or she is likely to benefit from the training provided by the course for this Diploma and will be capable of satisfactorily completing the research requirements of papers 25.245 and 25.246; and
   (b) follow a course of study of not fewer than two years.
2. A candidate for this Diploma shall pursue the course of study full-time except where the Senate, in exceptional circumstances or to enable the candidate to complete a Division of the Diploma, at its discretion permits otherwise.

List of Subjects
3. The subjects of examination for the Diploma in Criminology shall be:
   Division 1
   (1) 25.101 Criminal Law
   (2) 25.241 Deviance Theory
   (3) 25.242 Criminal Justice and Penal Policy
   (4) 25.243 Comparative Perspectives and Research Methods
   Division 2
   (5) 25.244 Crime in New Zealand
   (6) 25.395 Welfare Law
   (7) 25.245 Practical Research Design
   (8) 25.246 Field Work and Written Report.

Assessment
4. Candidates for each of the subjects 25.241, 25.242, 25.243, 25.244 shall be required to write a research paper (to be submitted no later than the first day of the third term) on an approved topic relevant to that subject. The research paper shall not exceed 8000 words and shall account for 50% of the candidate's final mark in that subject.
5. Candidates for Division 2 subjects 25.245 and 25.246 shall be required to undertake a practical research project on a topic approved by the Dean of the Faculty of Law (“the Dean”).
   Note: The report (which is expected to be submitted no later than the end of the third term) should not exceed 25,000 words.
6. Assessment of a candidate’s performance in subjects 25.245 and 25.246 shall be based upon the design and report submitted, in lieu of an examination.

Cross-credits, Credits and Exemptions
7. The provision for granting cross-credits, credits and exemptions to a candidate under Regulations 12, 13 and 14 of the Enrolment and Course Regulations (General) shall apply only to the subject 25.101 Criminal Law; and then upon condition that the candidate substitutes for it such other subject prescribed in Regulation 3 of the Regulations for the Degree of Bachelor of Laws as the Dean approves in the particular case.

Course Sequence
8. A candidate shall not be enrolled for any subject in Division 2 until that candidate has passed all subjects in Division 1; provided that the Dean may, in exceptional circumstances, allow a candidate who has failed to pass the subject 25.101 Criminal Law to proceed to Division 2.
9. A candidate who has failed only one subject in Division 1 may be required by the Senate to pass in the following February a special examination in that subject to be credited with a pass in the Division as a whole.

1985 Calendar
Distinction
10. The Diploma may be awarded with or without distinction.

Transition
11. (1) The course of every candidate shall be governed by these Regulations.
(2) The Regulations governing the Diploma in Criminology which were first included in the University Calendar for 1973 (in this Regulation called “the 1973 Regulations”) are revoked: provided that a candidate for Honours who enrolled under the 1973 Regulations or under any previous Regulations for the Diploma in Criminology and who except for submitting a satisfactory Dissertation has completed the course there prescribed may:
(a) apply to submit a Dissertation (25.614) and to take Honours in accordance with Regulation 6 of the 1973 Regulations, or
(b) apply to be awarded the Diploma without Honours.
(3) The course of every candidate who enrolled under the 1973 Regulations or under any previous Regulations for the Diploma in Criminology shall, except where paragraph (2) of this Regulation applies, be settled by the Dean.
12. These Regulations shall come into force on 1 January 1982.

PRESCRIPTIONS FOR DipCrim

Normally an interview supported by evidence of the candidate’s suitability for the course will be required for the purpose of Regulation 1 (a).
For the subjects listed in Regulation 3 Division 1:

25.241 Deviance Theory
A study of traditional and contemporary theories of Deviance within the contexts of sociology, psychology, political theory, anthropology, history and legal theory.

25.242 Criminal Justice and Penal Policy
An examination of the aims, functions and practices of the criminal justice system as a whole, in theory and in practice, including law-making, policing, the courts and the sentencing process. A study of penal theory and penal policy. An evaluation of these issues within their broader social context.

25.243 Comparative Perspectives and Research Methods
A comparative study of various forms of research methodology. A critical study of the role played by perspectives, value orientations and epistemology in criminological work. The development of an understanding of the use and defects of various forms of research design, and the use of statistics. The ethics of research.
For the subjects listed in Regulation 3 Division 2:

25.244 Crime in New Zealand
A study of pertinent or topical aspects of crime in New Zealand. Special attention directed to issues which arise out of the unique nature of New Zealand's population, cultures and location.

25.245 Practical Research Design
The designing of a practical research project based on involvement in an area of community conflict specifically connected with an aspect of crime or deviance, to reach an understanding of the causes and dynamics of the problems involved and possible means of resolving conflict.

25.246 Field Work and Written Report
Application of the practical research design through field work and submission of a written report and evaluation of that work.

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Music shall
   (a) before enrolling for this Degree satisfy the Head of the Department of Music that a suitable standard in music has been attained, and
   (b) follow a Course of study of not less than three years.

Course Entrance
2. A candidate for entrance to the Course of study for the Degree shall give notice in writing on the prescribed form to the Registrar not later than 15 November immediately preceding the year in which the candidate wishes to enrol.

Course Requirements
3. The Course of study for the Degree shall consist of twenty-two papers selected from those listed in the Schedule to these Regulations. Papers are classified in three stages, I, II and III.
4. Every course of study shall include
   (a) at least four papers in Music at Stage I level
   (b) no more than eleven papers in Music at Stage II level
(c) at least three papers in Music at Stage III level
(d) at least two and not more than four papers (not being papers in Music) from those prescribed for the Degree of Bachelor of Arts (whether Group A or Group B of the Schedule to the Regulations for that Degree).

5. Except with the permission of the Senate no candidate shall take in any one year more than nine papers for this Degree.

6. A candidate shall participate in approved choral or instrumental work within the University throughout enrolment for this Degree, to the satisfaction of the Head of the Department of Music.

7. The Senate may on the recommendation of the Head of the Department grant a credit of two unspecified Music papers at Stage I level towards this Degree to any student who has passed the examination in Performance 28.120 for the Degree of Bachelor of Music (Performance) or Diploma in Music with a grade of C−, or a credit of two unspecified Music papers at Stage II level towards this Degree to any student who has passed the examination in Performance 28.220 for the Degree of Bachelor of Music (Performance) or Diploma in Music with a grade of C−.

Note: See Regulations 4 and 6 of the Regulations for the Degree of Bachelor of Music (Performance) and Regulation 6 of the Regulations for the Diploma in Music.

8. A candidate wishing to be enrolled in any subject which is also a subject of examination for the Degree of Bachelor of Arts shall comply with such of the course regulations for that Degree relating to prerequisites, combinations of subjects, and practical work, as are applicable to that subject, save where the Senate in individual cases allows otherwise.

9. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

Application of Regulations and Transitional Provisions

10. (a) Except as otherwise provided in this Regulation, the Course of study of every candidate shall be governed by these Regulations.
(b) A candidate who gained credit in any unit or units or was entitled to exemptions under any of the former Regulations for this Degree shall be credited with such equivalent paper or papers as the Senate may determine.
(c) For candidates who enrolled for this Degree before 1976 the subject prerequisites, corequisites, and restrictions, where not covered by these Regulations, shall be determined by the Head of the Department of Music.

11. These Regulations shall come into force on 1 January, 1985.

Schedule

1. This Schedule sets out paper numbers, subjects, prerequisites, corequisites, restrictions, and other conditions applying to Courses of study for the Degree of Bachelor of Music.
2. This Schedule shall be read with the Regulations for the degree and with the prescriptions set out elsewhere in the Calendar.
3. The heading ‘prerequisites’ in relation to a paper refers to other papers which must be passed before the candidate may take that paper.
4. The heading ‘corequisites’ in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year.
5. The heading ‘restrictions’ in relation to a paper refers to a paper which cannot be taken in addition to that paper.
6. Except as provided elsewhere in these Regulations or in this Schedule, a candidate may not enrol for any paper until all prerequisite and corequisite requirements and other requirements listed in the Schedule are satisfied.

---

**The Degree of Bachelor of Music (Performance)**

**BMus (Performance)**

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course regulations (General), and the Examination Regulations.

**General Provisions**

1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Music (Performance) shall (a) before enrolling for this Degree satisfy the Head of the Department of Music that a suitable standard in music, including performance, has been attained, and (b) follow a Course of full-time study of not less than four years, and (c) follow a Course of study continuously except where and in so far as the Head of the Department permits otherwise.

**Course Entrance**

2. A candidate for entrance to the Course of study for this Degree shall give notice in writing on the prescribed form to the Registrar not later than 30 June immediately preceding the year in which the candidate wishes to enrol.
Course Requirements

3. The Course of study for the Degree shall consist of twenty-eight papers selected from those listed in the Schedule to these Regulations. Papers are classified in four stages — I, II, III and IV. With the approval of the Head of the Department of Music, a candidate may take one or two papers as prescribed for BA in lieu of one or two of the Music papers. Approval will not be granted in the first year of the candidate’s course of study for this degree.

4. For performance 28.120, 28.220, 28.320 and 28.420, a candidate shall
(a) carry out performance work (including the giving of class demonstrations), and
(b) attend all classes in individual training and such classes in ensemble training, including orchestral rehearsals, as may be required, and
(c) pass a Performance examination, with a grade of C or better in the case of 28.120 and 28.220, in any one of the following subjects.

</tbody>
</table>

Note: (i) This instrument may not be taught during the current Calendar year.
(ii) A candidate who passes the subject Performance 28.120 with a grade of C− and is therefore not eligible to proceed with the Course of study for BMus (Performance) may in respect of that pass apply for a credit of two unspecified Stage I Music papers towards the Course of study for the Degree of BMus. A candidate who passes the subject Performance 28.220 with a grade of C− and is therefore not eligible to proceed with the Course of study for BMus (Performance) may in respect of that pass apply for a credit of two unspecified Stage II Music papers towards the Course of study for the Degree of BMus. See Regulation 8 of the Regulations for that Degree.

(d) A candidate presenting Singing shall attend such language Courses and do such language work as the Head of the Department may require.
(e) Organ students will also receive tuition in harpsichord. A student studying the harpsichord may elect to include studies in the classical organ, its technique and repertoire, as part of the Course.

5. Except with the permission of the Senate no candidate shall take in any one year more than nine papers for this Degree.

6. A candidate who, having been a candidate for this Degree, has been granted credit towards the Degree of Bachelor of Music under Regulation 8 of the Regulations for that Degree shall not at a later date re-enrol for this Degree.

Note: See note to Regulation 4 of these Regulations.

7. It shall be a condition of a candidate’s being permitted to pursue or continue this Course of study that he or she
(a) shall not undertake any musical work, including musical competitions and examinations, outside the Course without the consent of the Head of the Department of Music, and
(b) shall participate in approved choral or instrumental work within the University throughout enrolment for this Degree, to the satisfaction of the Head of the Department of Music.
(c) shall not enrol for any other Course of study without the leave of the Head of the Department of Music.

8. (a) Except as otherwise provided in this Regulation, the Course of study of every candidate shall be governed by these Regulations.
(b) The Senate may in such exceptional cases as it think fit approve a personal Course of study which does not conform to the foregoing Regulations.
(c) A candidate who gained credit in any unit or units of a Professional Examination under any of the Regulations for the Degree of Bachelor of Music (Executant) shall be credited with such equivalent paper or papers as the Senate may determine.

9. These Regulations shall come into force on 1 January, 1976.

Schedule

1. This Schedule sets out paper numbers, subjects, prerequisites, corequisites, restrictions, and other conditions applying to the Courses of study for the Degree of Bachelor of Music (Performance).

2. This Schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.

3. The heading ‘prerequisites’ in relation to a paper refers to other papers which must be passed before the candidate may take that paper.
4. The heading ‘corequisites’ in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year.
5. The heading ‘restrictions’ in relation to a paper refers to a paper which cannot be taken in addition to that paper.

1985 Calendar
6. Except as provided elsewhere in these Regulations or in this Schedule, a candidate may not enrol for any paper until all prerequisite and corequisite requirements and other requirements listed in the Schedule are satisfied.

THE DEGREE OF BACHELOR OF MUSIC (PERFORMANCE) WITH HONOURS

BMus (Performance) (Hons)

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Music (Performance) with Honours shall before enrolling for this Degree
   (a) have been admitted or qualified for admission to the Degree of Bachelor of Music (Performance)
   (b)(i) have obtained a grade higher than C— in each compulsory paper in Music at Stage II and Stage III levels provided that in special circumstances where the Head of the Department so recommends the Senate may accept a C— pass in any paper or papers, and
   (ii) have obtained a grade of B— or higher in Performance at Stage IV, 28.420, and
   (c) have been accepted by a Music Department Selection Committee for study for the Degree of Bachelor of Music (Performance) with Honours, at an interview held in the November prior to first enrolment for the Degree of Bachelor of Music (Performance) with Honours.

2. Subject to the Admission Regulations, a candidate may enrol for this degree having completed at least 24 papers including at least three at advanced level for the Bachelor of Music (Performance) degree, provided that/
   (a) the proposed course for the degree of Bachelor of Music (Performance) with Honours is a full-time course and will extend over a period of not less than two academic years
   (b) grades averaging B— or above in the Stage III level papers for the Bachelor of Music (Performance) degree have been obtained
   (c) he or she enrols in not more than one paper in the first year of the course for the degree of Bachelor of Music (Performance) with Honours
   (d) the requirements of Regulations 1(b) and (c) above are satisfied
   (e) should he or she not pass the remaining paper or papers in the first year of the Bachelor of Music (Performance) with Honours course, the Honours course shall be suspended until the remaining paper or papers have been passed.

3. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Music (Performance) with Honours shall follow a course of full-time study of not less than one year.

Course Requirements

4. The Course of study for this Degree shall consist of 28.525 Performance (which shall count as five papers) and any one of the papers 28.400-402, 28.404-407, 28.409-411, 28.414-416, 28.419, 28.421-423, 28.604 as prescribed for the Degree of Master of Music.

5. For Performance 28.525 a candidate shall
   (a) carry out performance work (including the giving of class demonstrations)
   (b) attend all classes in individual training and such classes in ensemble training, including orchestral rehearsals, as may be required
   (c) pass a performance examination in any one of the following subjects:

   †Flute †French Horn Violin Piano †Recorder
   †Oboe †Trumpet Viola Harpsichord †Percussion
   †Clarinet †Trombone Cello Organ
   †Bassoon †Tuba †Double Bass Singing

   (d) Organ students will also receive tuition in harpsichord. A student studying harpsichord may elect to include studies in classical organ, its technique and repertoire, as part of the course.

1985 Calendar
(e) A candidate presenting singing for this Degree shall attend such language courses and do such language work as the Head of the Department of Music may require.

6. It shall be a condition of a candidate's being permitted to pursue or continue this Course of study that he or she
(a) shall not undertake any musical work, including musical competitions and examinations, outside the course without the consent of the Head of the Department of Music.
(b) shall not enrol for any other Course of study without the leave of the Head of the Department of Music.

7. The degree of Bachelor of Music (Performance) with Honours shall be awarded to candidates who have fulfilled these Regulations and whose work throughout the course has been in the opinion of the Faculty of Music of a sufficiently high standard.

8. The Senate may in such exceptional cases as it thinks fit, approve a personal Course of study which does not conform to the foregoing Regulations.

9. These Regulations shall come into force on 1 January 1980.

THE DEGREE OF MASTER OF MUSIC
MMus

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Music shall before enrolling for this Degree
(a) have been admitted or qualified for admission either to the Degree of Bachelor of Music or to the Degree of Bachelor of Music (Performance), and
(b) (i) have obtained a grade higher than C - in each compulsory paper in Music at Stage II and Stage III levels provided that in special circumstances where the Head of the Department so recommends the Senate may accept a C - pass in any paper or papers, and
(ii) if taking Performance for this Degree, have obtained a grade of B- or better in Performance at Stage IV, 28.420.
(c) have been accepted by a Music Department Selection committee for study for the Degree of Master of Music, at an interview held in the November prior to first enrolment for the Degree of Master of Music.

2. Subject to the Admission Regulations, a candidate may enrol for this degree having completed at least 20 papers including at least three papers at advanced level for the Bachelor of Music Degree or having completed at least 26 papers including at least three papers at advanced level for the Bachelor of Music (Performance) degree, provided that
(a) the proposed Course for the Degree of Master of Music is a full-time Course and will extend over a period of not less than two academic years;
(b) he or she has obtained grades averaging B — or above in the Stage III level papers for the Bachelor of Music Degree or, in the case of a student taking Performance for a Masters Degree, grades averaging B — or above in the Stage III level papers for the Bachelor of Music (Performance) degree;
(c) he or she enrolls for the paper or papers in the first year of the Course for the Degree of Master of Music;
(d) he or she satisfies the requirements in Regulations 1(b) and (c) above;
(e) should he or she not pass the remaining paper or papers in the first year of the Master of Music Course, the Masters Course shall be suspended until he or she has passed the remaining paper or papers.

3. No candidate who intends to present a recital shall be accepted for enrolment for this degree if the candidate has previously been awarded the degree of Bachelor of Music (Performance) with Honours in this University.

4. A candidate for this Degree shall pursue a course of study of not less than two years.
Course Content

5. The Course of study for this Degree shall consist of four papers and a Composition (28.610) which shall count as three papers, or four papers and a Recital (28.620) which shall count as three papers, or four papers and a Thesis (28.601) which shall count as three papers.

6. (a) The papers prescribed for this Degree are:
   28.400 Special Topic
   28.401 Special Topic
   28.402 Approaches to Music Aesthetics
   28.404 Studies in Organology
   28.405 History of Music (Special Period)
   28.406 Studies in Music Notation
   28.407 Studies in Music Theory
   28.409 Analysis and Criticism
   28.410 Composition
   28.411 Fugue
   28.414 Ethnomusicology
   28.415 Advanced Orchestration
   28.416 Electronic Music
   28.419 Studies in Performance Practice
   28.421 Seminar in Music Literature
   28.422 Stylistic Study of a Specific Composer’s Work
   28.423 Seminar in Musicology
   28.520 Performance

(b) A candidate intending to write a Composition for this Degree must take Composition 28.410 and at least one of the following papers: 28.409, 28.411, 28.415, 28.416.

(c) A candidate intending to present a Recital must take Performance (28.520) and at least one of the following papers: 28.404, 28.406, 28.407, 28.409, 28.414. He or she must also satisfy the Head of the Department of Music as to proficiency as a performer or the ability to read an approved language other than English or both.

7. (a) A candidate for this Degree may with the approval of the Head of the Department of Music take one paper not previously taken from those listed under Music III of the Schedule to the Regulations for the Degree of Bachelor of Music, with the exception of the following papers: History of Musical Style (28.303-308), Conducting (28.318)

(b) A candidate for this Degree may with the permission of the Senate take one Stage III or one Masters paper in a subject other than Music, if such paper is related to the candidate’s research or professional interests. Such paper shall substitute for and be equivalent to one paper in the degree of Master of Music.

8. A candidate for this degree shall not substitute a paper or papers for any paper or papers for which the candidate has already been examined for this degree, nor, excepting as provided in Regulation 13, shall the candidate re-sit a paper for this degree.

Composition

9. When a candidate elects to write a Composition, the following conditions shall apply.
   (a) The Composition shall be prepared under the supervision of a University teacher.
   (b) A candidate may present the Composition in the year in which he or she takes the papers or, subject to the provisions of paragraph (c) of this regulation, in a subsequent year.
   (c) A candidate shall present the Composition within three years of the year in which he or she takes the papers, provided that the time may be extended in exceptional cases by the Senate.
   (d) A candidate shall submit the Composition together with a certificate from the supervisor stating that the work was carried out by the candidate under supervision to the Registrar by 1 November in the year in which it is to be presented, or at a subsequent date if so arranged with the Head of the Department.
   (e) If the examiner with the concurrence of the assessor so recommends, a Composition which is not satisfactory shall be returned to the candidate, who may be permitted to revise it and to resubmit it by a later date to be specified by the examiner.
Performance
10. When a candidate elects to present a Recital, the following conditions shall apply.
   (a) A candidate shall present a concert Recital of approximately one hour's duration, the programme to be
       approved by the Head of the Department. The candidate shall submit the proposed programme to the Head
       of the Department for approval not later than the end of the first term.
   (b) The Recital shall be restricted to ONE of the following:
       (i) an approved orchestral instrument
       (ii) the pianoforte
       (iii) the organ and/or harpsichord
       (iv) any other instrument approved by the Head of the Department
       (v) singing.
   (c) A candidate may present the Recital in the year in which he or she takes the papers or, subject to the
       provisions of paragraph (d) of this Regulation, in a subsequent year.
   (d) A candidate shall present the Recital within three years of the year in which he or she takes the papers,
       provided that the time may be extended in exceptional cases by the Senate.
   (e) A candidate shall be present for the Recital on a date to be specified by the Head of the Department.
   (f) If the Recital is not satisfactory and if the examiner with the concurrence of the assessor so recommends,
       the candidate may be permitted to present a further Recital at a later date to be specified by the examiner.

Thesis
11. When a candidate elects to write a Thesis, the following conditions shall apply.
   (a) The Thesis shall embody the results obtained by the candidate in an investigation relating to some branch
       of Music.
   (b) A candidate may present the Thesis in the year in which he or she takes the papers or, subject to the
       provisions of paragraph (c) of this regulation, in a subsequent year.
   (c) A candidate shall present the Thesis within three years of the year in which he or she takes the papers,
       provided that the time may be extended in exceptional cases by the Senate.
   (d) A candidate shall submit the Thesis to the Registrar by 1 November of the year in which it is to be
       presented or at a subsequent date if so arranged with the Head of the Department.
   (e) If the examiner with the concurrence of the assessor so recommends, a Thesis which is not satisfactory shall
       be returned to the candidate, who may be permitted to revise it and to resubmit it by a later date to be specified
       by the examiner.

   Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

Honours
12. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class
    Honours shall be awarded in two divisions, First Division and Second Division.
    (b) Honours shall not be awarded if the papers in the first year in which a candidate sits an examination for
        the Degree are unsatisfactory or if the Composition or Performance or Thesis at its first presentation is
        unsatisfactory; provided, however, that a candidate whose performance at a written examination has been
        seriously impaired by illness or injury or exceptional circumstances beyond his or her control (certified under
        the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying
        for an aegrotat or compassionate pass, to take a subsequent written examination so that he or she shall be
        eligible for the award of Honours subject to the provisions of sub-clause (c) of this Regulation.
    (c) A candidate shall be eligible for the award of honours only if he or she completes the requirements for
        Honours within three years of the first enrolment for this Degree, provided that this period may in exceptional
        cases be extended by the Senate.

Special Provision
13. The Senate may in such special circumstances as it thinks fit approve a personal course of study which does
    not conform to the foregoing regulations.
DEGREE COURSE PRESCRIPTIONS

PRESCRIPTIONS FOR BMus

Restrictions on Entry to Courses

1. Before enrolling for this Degree, a candidate who has not taken and passed in Music for the University Entrance or University Bursary examinations is required to satisfy the Head of the Department of Music that he or she has reached an appropriate standard in music. For this purpose interviews will be held in the first weeks of February before University enrolment week.

Application to the Registrar must be made on the prescribed form and forwarded to the Secretary, Music Department, by 15 November, for entry to a course in the following year.

Candidates wishing to take 28.110 (Composition) in the first year of their course will be asked to state this in the application form. Evidence of some competence in Composition may be sought from such candidates, at an interview.

2. For the following papers, restriction will be based on results in previous Music Examinations and/or interview.

28.101 Musicianship
The development of musicianship skills through the art of listening, related aural perception, elementary conducting and vocal techniques including sight singing.

28.102 Materials of Music
The development of musical sensitivity through a creative study of the elements of music: rhythm, melody, harmony, timbre, texture, style and form.

28.103 Music in Society
A wide perspective of Western music, with detailed study of some musical areas of particular cultural importance.

28.110 Composition
The composition of new musical material and examination of other sources.

28.112 Keyboard Harmony and Score-Playing
Playing at sight from vocal and instrumental scores and from figured basses; harmonization of melodies.

28.113 Acoustics
The fundamental principles of oscillations and wave propagation; stationary waves; resonance; loudness; pitch; tone quality; intervals and scales; the principles of operation of stringed, woodwind, brass and other instruments; the electronic production and reproduction of sound; and the acoustics of rooms. This is the same paper as Physics 31.105.

28.122 Introduction to Harmony and Counterpoint
Exercises and analyses of examples from Seventeenth and Eighteenth Century Music.

28.202 Harmony and Counterpoint
Exercises and analyses of examples from Eighteenth and Nineteenth Century Music.

28.209 Materials and Analysis
The study and analysis of melodic, harmonic, rhythmic, structural and other compositional elements, through the examination of a wide range of music from plainsong and early polyphony to the present.

28.210 Composition
[Counts as two papers]
The composition of works for a wide variety of media in conjunction with analysis of short pieces. Expansion of technique and realisation of performances.

1985 Calendar
28.211 Renaissance Polyphony
Style, technique and procedure in the vocal polyphony of the Fifteenth and Sixteenth Centuries.

28.212 Keyboard Harmony and Score-Playing
For pianists the course includes playing at sight from vocal scores, including the C Clef, and orchestral scores; the realisation of figured basses; the harmonisation of melodies; transposition; improvisation. For organists and harpsichordists these studies centre on the realisation of all aspects of basso continuo.

28.214 Ethnomusicology
Music of the World's Peoples
Historical development of ethnomusicology; the culture concept; music as human behaviour; elementary structural analysis; folk music; introduction to music styles from Asia, the Americas and Africa.

28.215 Orchestra
Orchestral arrangements from short score.

28.216 Studies in Electronic Music
A study of the major works in this medium composed during the last thirty years. Introduction to studio techniques; tape music and different methods of sound synthesis.

28.218 Choral Conducting
Practical work in elementary conducting, repertoire, and choral direction, including study of rehearsal techniques.

28.302 Advanced Harmony and Counterpoint
Advanced Harmony and Counterpoint, and Analysis of large-scale forms from the Sixteenth to Twentieth Centuries.

28.303-308 History of Musical Style
As for papers 28.203-208 respectively, but taken and examined at Stage III level.

28.309 Analysis
The study and analysis at advanced level of melodic, harmonic, rhythmic, structural and other compositional elements through the examination of a wide range of music from plainsong and early polyphony to the present.

28.310 Composition
[counts as three papers]
Composing for a wide variety of media, voices, instruments, tape. Special assignments and study of Twentieth Century Music will be included.

28.314 Ethnomusicology
Music of Oceania; Maori music and music styles of Polynesia, Melanesia and Micronesia.

28.316 Studies in Contemporary Electronic Music
Continuation of Studio composition in Electronic Music. Detailed study of relevant works by Stockhausen, new techniques in computer sound generation and electro-acoustic works by New Zealand composers.

28.318 Conducting
The basic elements of baton technique; rehearsal planning and management, practical work with recordings and with choral and instrumental groups.

28.323 Special Topic
For 1985: Musicology
The nature, aims and scope of musicology as seen in selected writings; the resources and techniques available to the music scholar; practical experience of research into various problems and issues.

28.324 Special Topic
For 1985: Music and the Arts in Vienna 1890-1914
*This paper will not be taught during the current Calendar year
† This paper may not be taught during the current Calendar year

PRESCRIPTIONS FOR BMus (Performance)

Restrictions on Entry to Courses.
A candidate before enrolment for this Degree is required to satisfy the Head of the Department of Music that he or she has attained a suitable standard in music including performance at an interview to be held during the August/September break preceding the year of enrolment.

Application to the Registrar must be made on the prescribed form and forwarded to the Secretary, Music Department, by 30 June (for entry to the course in the following year).

The prescriptions for papers for the Degree of Bachelor of Music (Performance) shall be the same as those for the corresponding subjects for the Degree of Bachelor of Music, and as follows.

Performance
See section 4(a), (b) and (c) of the Regulations for the Degree of Bachelor of Music (Performance)
Performance 28.120 counts as 3 papers
Performance 28.220 counts as 3 papers
Performance 28.320 counts as 4 papers
Performance 28.420 counts as 4 papers
A candidate presenting Singing shall attend such language courses and do such language work as the Head of the Department of Music may require. The prescribed papers should be taken in the first, second and third years, respectively, of a student's Performance course, and enrolment should be for Certificate of Proficiency (COP).

Organ students will also receive tuition in harpsichord. A student studying the harpsichord may elect to include studies in the classical organ, its technique and repertoire, as part of the course.

PRESCRIPTIONS FOR BMus (Performance)(Hons)
28.525 Performance
[five papers]
Preparation for and presentation of a public performance of a well-balanced recital programme.

1985 Calendar
PRESCRIPTIONS FOR MMus

Restriction on entry to Courses
1. Interview by Board of teaching members of Music Faculty; and
2. Performance where applicable.

Note: The availability of these papers will depend on the number of students and their choice.

28.400 Special Topic
Candidates will have opportunity to deal with aspects of music not covered by other papers.

28.401 Special Topic
Candidates will have opportunity to deal with aspects of music not covered by other papers.

28.402 Approaches to Music Aesthetics
A general outline of music aesthetics, including attitudes towards music in some non-Western societies, and a survey of major writings on music aesthetics from Classical times to the Twentieth Century.

28.404 Studies in Organology
Selected topics in the History of Musical Instruments, instrument building, tunings, treatises and other sources.

28.405 History of Music (Special Period)
Detailed examination in the History of Music of a special period, not previously studied from 28.203-208 or 28.303-308. The periods available will coincide with the papers from 28.303-308 which are offered in any given year.

28.406 Studies in Music Notation
Detailed study of mensural notation for the Fourteenth to Sixteenth Centuries, lute and keyboard tablatures. Basic problems of notation, transcription and editing.

28.407 Studies in Music Theory
A study of selected theoretical writings from the Middle Ages to the present day.

28.409 Analysis and Criticism
The extension of analytical techniques to more complex works, and the study of analytical theories with particular attention to those of Schenker. The study of critical positions in relation to music, with practical assignments in criticism.

28.410 Composition
Composing for a wide variety of media, voices, instruments, tape.

28.411 Fugue
Fugue in not more than four parts, either vocal or instrumental.

28.414 Ethnomusicology
Field method; transcription and analysis; study of selected scholars.

Note: 28.314 Ethnomusicology is a prerequisite for this paper.

28.415 Advanced Orchestration
Study of contemporary practice in orchestration especially as it relates to new timbral resources; analysis of recent works and recent developments in instrumental technique; scoring for various instrumental forces.

28.416 Electronic Music
Personal composition using electro-acoustic resources (musique concrete and synthesizer) with or without conventional instruments and voices. Detailed study of recent developments in electro-acoustic music especially new analogue and computer-generated pieces.

Note: 28.216 Studies in Electronic Music, is a prerequisite for this paper.

28.419 Studies in Performance Practice
Selected topics for discussion and investigation from the field of Performance Practice. The study of source materials; individual projects; performance of music from the area(s) studied.

28.421 Seminar in Music Literature
A survey of the music literature in selected fields with specific problems for discussion and investigation.

28.422 Stylistic Study of a Specific Composer's work
Study of the whole, or representative or selected portions of a composer's work in terms of tonality, texture, form and historical significance.

28.423 Seminar in Musicology
Musical method; bibliographical studies; selected problems for discussion and investigation.

28.520 Performance
Performance work as under the Regulations for the Degree of Bachelor of Music (Performance) with Honours.

28.601 Thesis
(see also under Degree Regulations, MMus)
[three papers]
An investigation into some branch or area of music, under the guidance of a supervisor and embodying some elements of research.

28.604 Dissertation
[one paper]
Investigation of an approved topic.

28.610 Composition
(see also under Degree Regulations, MMus)
[three papers]
The preparation and presentation of one or more original compositions, under the guidance of a supervisor.

28.620 Recital
(see also under Degree Regulations, MMus)
[three papers]
The preparation for and presentation of a public performance of a well balanced recital programme.

Note: The availability of these papers will depend on numbers of students and their choice.
DIPLOMA COURSE REGULATIONS AND PRESCRIPTIONS

DIPLOMA IN MUSIC

DipMus

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

An intending candidate who has not been granted the University Entrance qualification by the Universities Entrance Board must apply for admission in accordance with the requirements of the Admission Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Diploma in Music shall
(a) before enrolling for the Diploma satisfy the Head of the Department of Music that a suitable standard in music including performance has been attained;
(b) follow a course of full-time study of not less than three years, and
(c) follow a course of study continuously, except where and in so far as the Head of the Department permits otherwise.

Course Entrance

2. A candidate for entrance to the course of study for this Diploma shall give notice in writing on the prescribed form to the Registrar not later than 30 June immediately preceding the year in which the candidate wishes to enrol.

Course Requirements

3. The course of study for the Diploma shall consist of not fewer than eighteen papers selected from those listed in the Schedule to these Regulations. Papers are listed in three stages — I, II and III.

4. Except with the permission of the Senate no candidate shall take in anyone year more than eight papers for this Diploma.

5. A candidate with previous knowledge in Aural Training or Harmony may be required by the Head of the Department of Music to begin the course by taking subjects in Group B of the Schedule. If the candidate passes 28.101, Musicianship and 28.102, Materials of Music, he or she shall be credited with a pass in each paper accordingly, and shall continue the course as outlined in Group B of the Schedule. If the candidate fails either of papers 28.101 and 28.102 (but not both) and is certified by the examiner to have attained the standard of a pass in 28.105, the candidate shall have a credit as for 28.105 and shall continue the course as outlined in Group A of the Schedule.

6. For Performance 28.120, 28.220, 28.325 a candidate shall
(a) carry out performance work (including the giving of class demonstrations), and
(b) attend all classes in individual training and such classes in ensemble training, including orchestral rehearsals, as may be required, and
(c) pass a Performance examination, with a grade of C or better in the case of 28.120 and 28.220, in any one of the following subjects:

<table>
<thead>
<tr>
<th>Flute</th>
<th>French Horn</th>
<th>Violin</th>
<th>Piano</th>
<th>Recorder</th>
</tr>
</thead>
<tbody>
<tr>
<td>Oboe</td>
<td>Trumpet</td>
<td>Viola</td>
<td>Harpsichord</td>
<td>Percussion</td>
</tr>
<tr>
<td>Clarinet</td>
<td>Trombone</td>
<td>Cello</td>
<td>Organ</td>
<td></td>
</tr>
<tr>
<td>Bassoon</td>
<td>Tuba</td>
<td>Double Bass</td>
<td>Singing</td>
<td></td>
</tr>
</tbody>
</table>

This instrument may not be taught during the current Calendar year.

Note: A candidate who passes the subject Performance 28.120 with a grade of C — and is therefore not eligible to proceed with the Course of study for DipMus may in respect of that pass apply for a credit of two unspecified Stage I Music papers towards the Course of Study for the Degree of BMus if he or she is eligible for enrolment for that degree. A candidate who passes the subject Performance 28.220 with a grade of C — and is therefore not eligible to proceed with the course of study for DipMus may in respect of that pass apply for a credit of two unspecified Stage II Music papers towards the course of study for the Degree of BMus if he or she is eligible for enrolment for that Degree.

See Regulation 8 of the Regulations for that degree.

(d) if presenting Singing for this Diploma attend such language courses and do such language work as the Head of the Department of Music may require
(e) Organ students will also receive tuition in harpsichord. A student studying harpsichord may elect to include studies in classical organ, its technique and repertoire, as part of the course.
7. A candidate who (having been a candidate for this Diploma) has been granted credit towards the Degree of BMus under Regulation 8 of the Regulations for that degree shall not at later time re-enrol for this Diploma.

8. It shall be a condition of a candidate’s being permitted to pursue or continue this Course of study that he or she (a) shall not undertake any musical work, including musical competitions and examinations, outside the course without the consent of the Head of the Department of Music, (b) shall participate in approved choral or instrumental work within the University throughout enrolment for this Diploma, to the satisfaction of the Head of the Department of Music, and (c) shall not enrol for any other course of study without the leave of the Head of the Department of Music.

9. (a) Except as otherwise provided the Course of study of every candidate shall be governed by these Regulations. (b) A candidate who has gained a credit for any subject under any former Regulations under the Diploma in Music shall be credited with such equivalent paper or papers as the Senate may determine.

10. The Senate may in such exceptional cases as it thinks fit, approve a personal Course of study which does not conform to the foregoing Regulations.

11. These Regulations shall come into force on 1 January, 1976.

Schedule

1. This Schedule shall be read with the Regulations for the Diploma and with the Prescriptions set out elsewhere in the Calendar.

2. Except as provided elsewhere in these Regulations or in this Schedule, a candidate may not enrol in any paper unless the prerequisite and corequisite requirements as listed in the Schedule for the degree of Bachelor of Music (Performance) are satisfied.

3. The papers prescribed for this Diploma are:

Stage I

Group A

28.103 Music in Society
28.105 Basic Musical Techniques
28.120 Performance (counts as 3 papers)
1 Stage I paper from selection list below

Stage II

Group A

28.101 Musicianship
28.102 Materials of Music
28.220 Performance (counts as 3 papers)
1 paper from selection list below

Group B

28.101 Musicianship
28.102 Materials of Music
28.120 Performance (counts as 3 papers)

Stage III

Group A

28.122 Introduction to Harmony & Counterpoint
28.209 Materials and Analysis
28.325 Performance (counts as 4 papers)

Group B

28.122 Introduction to Harmony & Counterpoint
28.209 Materials and Analysis
28.220 Performance (counts as 3 papers)
1 paper from selection list below

Selection List

28.110 Composition
28.112 Keyboard Harmony and Score-playing (a)
28.113 Acoustics
28.202 Harmony and Counterpoint
28.203 The Middle Ages**
28.204 The Renaissance††
28.205 The Baroque Era*
28.206 The Classical Era††
28.207 The Romantic Era**
28.208 The Twentieth Century††
28.211 Renaissance Polyphony
28.212 Keyboard Harmony and Score-playing (a)
28.214 Ethnomusicology
28.215 Orchestration
28.216 Electronic Music
28.218 Choral Conducting
28.309 Analysis
28.323 Special Topic
28.324 Special Topic

† may not be taught during the current Calendar year

1985 Calendar
PRESCRIPTIONS FOR DipMus

Restrictions on Entry to Courses
A candidate before enrolment for this Diploma is required to satisfy the Head of the Department of Music that he or she has attained a suitable standard in music including performance at an interview to be held during the August/September study break preceding the year of enrolment. Application to the Registrar must be made on the prescribed form and forwarded to the Secretary, Music Department, by 30 June (for entry to the course in the following year).

The prescriptions for papers for the Diploma in Music shall be the same as those for the corresponding subjects for the Degree of Bachelor of Music (Performance), and in the case of Basic Musical Techniques (28.105) as prescribed for the Degree of Bachelor of Arts, and as follows:

Performance
See Regulation 6 of the Regulations for the Diploma in Music.

DIPLOMA IN MUSIC WITH HONOURS

DipMus(Hons)

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Diploma in Music with Honours shall (a) before enrolling for this Diploma (i) have been awarded or qualified for the award of the Diploma in Music, and (ii) have obtained a grade of B- or higher in Performance at Stage III, 28.325, and (iii) satisfy the Senate that in the work presented for the Diploma in Music he or she has attained a high standard, and (b) follow a Course of full-time study of not less than one year.

Course Requirements
2. The Course of study for this Diploma shall consist of: 28.425 Performance (which shall count as four papers) and any two of the papers listed in the selection list for the Diploma in Music but not previously taken.
3. For Performance 28.425 a candidate shall (a) carry out performance work (including the giving of class demonstrations), and (b) attend all classes in individual training and such classes in ensemble training, including orchestral rehearsals, as may be required, and (c) pass a performance examination in any one of the following subjects:
   - Flute
   - French Horn
   - Violin
   - Piano
   - Recorder
   - Oboe
   - Trumpet
   - Viola
   - Harpsichord
   - Percussion
   - Clarinet
   - Trombone
   - Cello
   - Organ
   - Bassoon
   - Tuba
   - Double Bass
   - Singing
   - Harpsichord
   - Organ
   (d) Organ students will also receive tuition in Harpsichord. A student studying Harpsichord may elect to include studies in Classical Organ, its technique and repertoire, as part of the course.
(e) A candidate presenting Singing for this Diploma shall attend such language courses and do such language work as the Head of the Department of Music may require.
4. It shall be a condition of a candidate's being permitted to pursue or continue this Course of study that he or she (a) shall not undertake any musical work, including musical competitions and examinations, outside the course without the consent of the Head of the Department of Music, and (b) shall not enrol for any other Course without the leave of the Head of the Department of Music.
5. A candidate shall be required to pass the Course of study as a whole so that performance in both Performance IV and the papers shall be considered.
6. Except as otherwise provided in these Regulations the Course of study of every candidate shall be governed by these Regulations.
7. The Senate may in such exceptional cases as it thinks fit, approve a personal Course of study which does not conform to the foregoing Regulations.
8. These regulations shall come into force on 1 January, 1976.

Note: *This paper will not be taught during the current Calendar year.
† This paper may not be taught during the current Calendar year.

1985 Calendar
PRESCRIPTIONS FOR DipMus(Hons)

28.425 Performance
[four papers]
Preparation for and presentation of a public performance of a well-balanced recital programme.

REGULATIONS FOR COURSE OF INSTRUCTION IN A SINGLE INSTRUMENT

Admission to a Course of Instruction in a single instrument with a full-time member of the staff may be granted subject to the approval of the Head of the Department of Music. Students enrolled for a Course of Instruction in a single subject must comply with the following regulations:

Enrolment
1. Enrolment shall be for a period of not less than one term and enrolment must be completed during the enrolling period immediately before the commencement of the first term.

Payment of Fees
2. Tuition fees as prescribed under the Fees Regulations must be paid at enrolment:

Refund of Fees
3. Should a student wish to discontinue the Course the following refund may be made where the fee for two or three terms has been paid at enrolment:
   (i) One-third refund in the case of the fee for two terms and two-thirds refund in the case of the fee for three terms provided written notice of withdrawal is received by the Registrar before the commencement of the second term;
   (ii) One-third refund in the case of the fee for three terms provided written notice of withdrawal is received by the Registrar before the commencement of the third term.

Unsatisfactory Work
4. The notice of all students is drawn to Regulations 8 and 9 (i) of the Enrolment and Course Regulations (General).

Declaration to Obey Statutes and Regulations
5. The Admission Regulations shall not apply to candidates enrolling for these courses but every student enrolling for a course must sign the following declaration:
   “I do solemnly promise that I will faithfully obey the Statutes and the Regulations of the University of Auckland so far as they apply to me.”

Prescriptions
6. Each course shall be under the direction of the Head of the Department of Music and shall consist of the following:
   (i) Weekly individual lessons of one half-hour's duration for a term of ten weeks or of one hour's duration fortnightly for five weeks, provided that arrangements may be made for one hour weekly lessons to be taken with a proportionate increase of fees.
   (ii) Tests of ability and where appropriate ensemble playing including orchestral rehearsals, as may be required by the Head of the Department of Music.
7. It shall be a condition of a candidate's being permitted to pursue or continue this course that he or she shall not undertake any musical work, including music competitions and examinations, outside the course without the consent of the Head of the Department of Music.
8. Instruction is offered in the following subjects: Violin, Cello, Piano, Singing.

FACULTY OF ARCHITECTURE AND TOWN PLANNING

Three professional degrees and one professional diploma are offered within the Faculty.

**Bachelor of Architecture (BArch)**

The degree of Bachelor of Architecture is recognised by the New Zealand Institute of Architects and the Architects Education & Registration Board for professional membership and registration. It is also recommended for recognition by the Commonwealth Association of Architects to all member institutes in the Commonwealth. The course comprises an Intermediate of six varied papers and a folder of drawings, from which students are selected for entry to the first of four professional years. Half the coursework of each professional year is spent in Studio, developing design skills, the balance being subjects in drawing, theory, history, technology, practice and other core subjects, with electives available in the later years.

**Bachelor of Property Administration (BPA)**

The degree of Bachelor of Property Administration is recognised by the New Zealand Institute of Valuers, the Valuers Registration Board, the Property Management Institute and the Real Estate Institute of New Zealand. The course has an Intermediate and two professional years, and provides a synthesis of studies concerned with the use, management, valuation, development, acquisition and transfer of primarily urban land and buildings, and with the economic, legal, sociological and technological factors which affect the ownership of the proprietary interests involved.

**Bachelor of Town Planning (BTP)**

The degree of Bachelor of Town Planning is recognised by the New Zealand Planning Institute. The course has a two-year Intermediate of relevant general studies, followed by two professional years of studies in planning theory, techniques, law and administration, related planning electives, Stage III papers in Intermediate subjects, and practical studies.

**Diploma in Town Planning (DipTP)**

The postgraduate Diploma in Town Planning is also recognised by the New Zealand Planning Institute. The course is of two years, with similar content to the professional years of the degree course but replacing the Stage III papers with planning topics.

**Master of Architecture (MArch)**

The degree of Master of Architecture is essentially a research degree based on thesis, and may include an examination in an advanced stage of building science, design theory, or practice and law. It may be completed in one year full-time or two years part-time. The degree of BArch is prerequisite.

**Master of Town Planning (MTP)**

The degree of Master of Town Planning, for which BTP is prerequisite, consists of five papers in advanced planning or planning-related subjects and a research essay, or four papers and a thesis. The course may be taken part-time over up to three years.
DEGREE COURSE REGULATIONS

SCHOOL OF ARCHITECTURE

THE DEGREE OF BACHELOR OF ARCHITECTURE

BArch

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations. An intending candidate who has not been granted the University Entrance Qualification by the Universities Entrance Board and who seeks admission on the basis of the New Zealand Certificate in Draughting (Architecture), the New Zealand Certificate in Building, the New Zealand Certificate in Engineering (Civil Option), or the New Zealand Certificate in Quantity Surveying must apply for admission in accordance with the requirements of the Admission Regulations.

General Provisions
1. (a) Subject to the Admission Regulations and except as otherwise provided in these regulations, a candidate for the degree of Bachelor of Architecture shall be required to
   (i) pursue a course of study of not less than five years; and
   (ii) pass the Intermediate Examination and complete to the satisfaction of the Senate the requirements of the four Professional Examinations.

   (b) Except as hereinafter provided a candidate shall be required to pass as a whole the Intermediate Examination and the requirements of each Professional Examination. In recommending him for a pass in any Examination the Senate shall take into consideration his performance in all subjects of that Examination. A candidate who has failed to pass any Examination as a whole may, on the recommendation of the Senate, be credited with a subject or subjects of that Examination. He may in a subsequent year take the remaining subjects of that Examination together with such subjects of the succeeding Professional Examinations, if any, as the Senate may permit. He shall be required to pass such a composite examination under the same conditions as set out above.

Honours
2. The Degree of Bachelor of Architecture may be awarded with or without Honours according to the standard of the candidate's work in the Fourth Professional Examination (taking into account also his record in the other Professional Examinations).

Concessions
3. The Senate may exempt a candidate from the Intermediate Examination
   (a) who has reached a standard satisfactory to the Senate in the University Entrance Scholarship Examination, provided that one of the subjects is Mathematics, Additional Mathematics, or Physics; or
   (b) who has been admitted or has qualified for admission to a Degree or, on the special recommendation of the Head of the School of Architecture, a Diploma, in any Faculty of this University; or
   (c) who has by examination qualified with outstanding merit for the New Zealand Certificate in Building, or the New Zealand Certificate in Engineering (Civil Option), or the New Zealand Certificate in Quantity Surveying, and who has completed the practical requirements for the award of such Certificate.

Note: A candidate seeking admission to the First Professional Examination under the provisions of this clause is advised to submit with the required application form, the folder of work in prescribed form in Regulation 5(a).

4. (a) Where a candidate
   (i) has been awarded or has qualified for the award of the Degree of Bachelor of Engineering (Civil) and his record in that Degree is of sufficiently high standard in the opinion of the Head of the School of Architecture; or
   (ii) has by examination qualified with outstanding merit for the New Zealand Certificate in Draughting (Architecture) and has completed the practical requirements for that Certificate
   the Senate may exempt that candidate from the Intermediate Examination and up to a total of 36 credits from the First and Second Professional Examinations.

   (b) Where a candidate
      (i) has qualified by examination for the New Zealand Certificate in Draughting (Architecture) but without

1985 Calendar
outstanding merit and completed the practical requirements for it; and
(ii) has completed the Intermediate Examination with results sufficient to secure a place in the First Professional Examination
the Senate may exempt that candidate from up to a total of 36 credits from the First and Second Professional Examinations.
Note: A candidate granted exemption under Regulations 3 or 4 shall pay the fees required under Regulation 12 of the Enrolment and Course Regulations (General).

Intermediate
5. (a) The Intermediate Examination shall comprise:
   a folder of work in prescribed form;
   and
two papers or 12 credits in a subject (or with the approval of the Head of the School of Architecture, two related subjects) from each of the Groups A, B and C listed in the Schedule to this Regulation, of subjects prescribed for the Degree of BA or BSc as the case may be; provided that
(i) in the case of any or each of the subjects in the Schedule a candidate may substitute for that subject an equivalent subject passed at another New Zealand University;
(ii) a candidate who, in the Universities Bursaries Examination, has obtained a 'B' Grade or better and has gained not less than 50 marks in one of the subjects Pure Mathematics, Applied Mathematics or Physics, may choose instead of a subject from Group A an additional subject from Group B or Group C;
(iii) in exceptional circumstances and on the recommendation of the Dean of the Faculty of Architecture and Town Planning, the Senate may permit a candidate to choose the three subjects from those appearing in the Schedule to this Regulation without restriction as to Groups, save that one shall be chosen from Group A unless the foregoing proviso (ii) applies;
(iv) subjects available in more than one group may be offered in either but not in both.
(b) In respect of each subject chosen from the schedule to this Regulation, a candidate shall be required to comply with such of the course regulations for the Degree of Bachelor of Arts or Bachelor of Science as are applicable (including all requirements as to practical work and all prerequisites, corequisites and restrictions).

Note: The folder of work and results in the subjects from the schedule shall be taken into account in any selection that may be required because of a restriction in the number of places available.

6. (a) For each Professional Examination a candidate shall be required to gain credits from the subjects set out in the Schedule to Regulation 10, including core subjects for that Professional Examination set out in Part A of that schedule and other subjects from Part B of that schedule, in accordance with the following:

First Professional Examination
Studio I (18 credits) and at least 18 further credits including 18 credits in other core subjects.

Second Professional Examination
Studio 2 (18 credits) and at least 18 further credits including 18 credits in other core subjects.

Third Professional Examination
Studio 3 (18 credits) and at least 18 further credits which shall include 12 credits in other core subjects and may include credits in other subjects.
Fourth Professional Examination

Studio 4 (18 credits including 9 credits in a thesis) and at least 18 further credits which shall include 4 credits in other core subjects and may include credits in other subjects; or

Studio 4 Extended (27 credits including 9 credits in a thesis) and at least 9 further credits which shall include 4 credits in other core subjects and may include credits in other subjects.

Note:
(i) A candidate who does not attain the standard required for a pass in Studio 4 Extended (27 credits) may be credited with a pass in Studio 4 (18 credits).
(ii) Students who fail to pass Studio 2 are advised to consult the Dean before seeking to enrol in core subjects for Third and Fourth Professional Examinations and subject electives.
(iii) At the discretion of the Head of the School of Architecture, an alternative approved subject may be offered to meet the core requirement in architectural history in the First Professional Examination, in place of 15.118 History of Western Architecture.

(b) The Senate may permit a candidate to take a subject or subjects as defined in the Regulations for a degree in any Faculty, in lieu of a subject or subjects set out in Part B of the Schedule to Regulation 10, up to an equivalent of 10 credits for this degree, and credits will be awarded for a pass in such subjects in accordance with the following:

7. A candidate may not gain credits for any Professional Examination in any subject for which he gained credits in a previous Professional Examination; provided that

(a) where a candidate has in 1977 or any later year gained more credits than required to complete the Professional Examination for which he is enrolled, the additional credits to a maximum of six may be credited to the next succeeding Professional Examination.

(b) A candidate who has failed to gain the required number of credits in the subjects of a Professional Examination and enrolls to repeat subjects or take other subjects to make up the required number of credits for that Professional Examination, may at the discretion of the Head of the School of Architecture take additional subjects to provide not more than 6 credits; and such of those credits as the candidate gains in excess of the credits required to complete that Professional Examination may to a maximum of six be credited to the next succeeding Professional Examination.

8. A candidate shall not enrol for more than 42 credits in any Professional Examination; provided that a candidate who has failed to gain 6 or fewer of the required number of credits in a Professional Examination, may, at the discretion of the Head of the School of Architecture, enrol in subjects for the remainder of the required number of credits, together with the subjects of the next succeeding Professional Examination, up to a total of not more than 42 credits.

9. A candidate may not take a subject unless he has passed or been exempted the prerequisite subject for that subject as provided in Regulation 10, and the Schedule to it; provided that

(a) where the prerequisite subject and the advanced subject are taught consecutively in one year, the candidate may enrol for both, but he may not take the advanced subject if he does not pass the prerequisite subject; and

(b) where the candidate has been exempted from one or more of the subjects of the course for this degree under Regulation 4 or the Ad Eundem Statum Regulations, the Senate may at its discretion exempt him from the requirements of this Regulation.

Note: A candidate who is ineligible under proviso (a) to take an advanced subject should withdraw from that subject in accordance with Regulation 7 of the Enrolment and Course Regulations (General).

10. (a) The subjects of the Professional Examination shall be as listed and numbered under the headings Title of subject and Number of paper in the Schedule to this Regulation, (the core subjects being in Part A, and the other subjects in Part B). The credits to be awarded and the prerequisite or corequisite for each subject shall be as shown in the appropriate column opposite the name of the subject.

(b) Each subject referred to in the Schedule to this Regulation as 'Special Topic' and the prerequisite or prerequisites for it shall be as determined by the Head of the School of Architecture.

(c) Each subject named or referred to in the Schedule to this Regulation shall be an independently assessed segment of work, the successful completion of which shall result in the award of the number of credits shown.

1985 Calendar
THE DEGREE OF BACHELOR OF PROPERTY ADMINISTRATION
BPA

The general course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for General provisions affecting their Course of Study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

General Provisions
1. (a) Subject to the Admission Regulations, and except as elsewhere provided in these Regulations, a candidate for the Degree of Bachelor of Property Administration shall:
   (i) pursue a course of study for a period of not less than three years; and
   (ii) pass an Intermediate Examination and two Property Administration Examinations.
(b) Except with the permission of the Senate no candidate for this degree shall take in any one year Property Administration Examination subjects worth more than 42 credits.

Examinations
2. (1) A candidate shall be required to pass as a whole the Intermediate Examination and each Property Administration Examination so that performance in all subjects of the Examination shall be considered; but —
(a) a candidate who fails to pass an Examination (whether Intermediate or Property Administration) as a whole may at the discretion of Senate be
(i) credited with a subject or subjects of that Examination, and
(ii) permitted in a subsequent year to present the subject or subjects not so credited, together with a subject or subjects of the First or Second Property Administration Examination as the case may be.
(b) A candidate who is studying for this Degree part-time or in conjunction with any other degree, may be required to pass an examination consisting of such work, less than the full Examination, as the Senate may in its discretion determine and to present the remaining subjects of the full Examination in a subsequent year, together with a subject or subjects of the next succeeding Examination.
(c) A candidate to whom either of the foregoing paragraphs (a) and (b) applies shall be required to pass as a whole an Examination consisting of the subjects taken in any year, so that the candidate's performance in all subjects taken in that year shall be considered.
(2) No candidate may enrol for any paper of the First Property Administration Examination without having passed at least six papers for the Intermediate Examination.

Intermediate Examination

3 (1) The subjects of the Intermediate Examination shall be:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Paper Nos.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Introduction to Property</td>
<td>37.100</td>
</tr>

</tr>
</tbody>
</table>

(2) (a) A candidate at another New Zealand University may substitute for any or each of the above papers an approved equivalent paper available at that University.
(b) Where a subject equivalent to the subject 37.100 is not available the candidate (i) shall take an additional elective paper in the Intermediate Examination; and (ii) shall, if admitted to the First Property Administration Examination, take 37.100 only as a required paper in Part B of that Examination.

Part B

Two papers from those in the Schedule to Part B of Regulation 4 (not already taken) of which
(a) one shall be at 300 level or higher
(b) the other shall be at 200 level or higher; but in place of this paper two Special Topics totalling not less than 5 credits may be substituted.

Prerequisites and Restrictions

6. A candidate shall comply with the prerequisites and restrictions relating to any paper taken for Part B of the First or of the Second Property Administration Examination; except so far as the Head of Department concerned may otherwise permit.

Note: Candidates should before the beginning of the Intermediate year ascertain what prerequisites and restrictions may be applicable under this Regulation.

Substitutions

7. (1) A candidate for this Degree who has been credited for another Degree with any paper prescribed for the First or the Second Property Administration Examination (including any paper substantially the same) — shall substitute for each paper so credited such additional paper or papers (in Part B of that Examination) as the Head of Department may approve and as may be equivalent to it in credits.

(2) For the purpose of this Regulation —
(a) A paper in the Faculty of Arts or Commerce shall count for 5 credits;
(b) Science credits shall count for the same number of credits for this Degree; and
(c) The credits for any paper taken in any other Faculty shall be determined by the Head of Department.

Exemption

8. Subject to the Admission Regulations, a candidate who being a graduate of any New Zealand University has passed at least three papers (at least two of which shall not be elective papers) meeting the requirements of Regulation 3 shall —
(a) be exempted from the Intermediate Examination except for Paper 37.100;
(b) take Paper 37.100 as a required paper in Part B of the First Property Administration Examination; and
(c) pursue a course of study of not less than two years.

Revocation: Transitional

9. (a) The course of each candidate shall be governed by these Regulations, and the Regulations governing the Diploma in Valuation published in the University of Auckland Calendar for 1983 (“The 1983 Diploma Regulations”) are revoked (subject to the later provisions of this Regulation).

(b) A candidate who has passed for the Diploma in Valuation a subject listed in the column headed “1983 Diploma Regulations” shall be deemed to have passed the subject for the Degree of Bachelor of Property Administration listed in the column “Corresponding Subjects”:

(c) A candidate who has completed the admission requirements under Regulation 1 (a) (b) or (c) of the 1983 Diploma Regulations and in or before 1983 has passed at least four of the subjects of the Diploma in Valuation and who completes the subjects listed under Part A of the First and Second Property Administration Examinations by 1986 may be awarded the Diploma in Valuation. The candidate shall be entitled to cross-
credits as if the provision in that behalf in Regulation 12 of the Enrolment and Course Regulations (General) (as published in the 1983 Calendar) were in force.

(d) A candidate who in 1983 was enrolled for the Dissertation for the Diploma in Valuation with Honours may submit the Dissertation and either
(i) be awarded the Diploma in Valuation with or without Honours in accordance with Regulation 4 (c) of the 1983 Diploma Regulations; or
(ii) may complete the requirements of the First and Second Property Administration Examinations and be awarded the Degree of Bachelor of Property Administration (the Dissertation if passed being equivalent to and in satisfaction of the requirements of Part B of the First Property Administration Examination).

(e) A candidate who in or before 1983 has completed the admission requirements under Regulation 1 (a) (b) or (c) of the 1983 Diploma Regulations and has also passed for the Diploma any subject or subjects under Regulation 3 of the 1983 Diploma Regulations shall be deemed to have passed the Intermediate Examination for Bachelor of Property Administration (as well as the corresponding subject or subjects in the Schedule to subclause (6) of this Regulation).

(f) A candidate who in or before 1983 has completed the Intermediate Examination under Regulation 1 (c) of the 1983 Diploma Regulations shall be deemed to have passed the Intermediate Examination for Bachelor of Property Administration.

(g) A candidate who in or before 1983 has passed six papers of the Intermediate Examination under Regulation 1 (c) of the 1983 Diploma Regulations shall be deemed to have passed six papers of the Intermediate Examination for Bachelor of Property Administration, and the provisions of Regulations 2 (1) (a) (ii) and 2 (2) shall apply; but the candidate shall be required to pass in a subsequent year a mandatory paper from Regulation 3 approved by the Head of Department.

10. These Regulations shall come into force on 1 January 1984.

Note: *This paper will not be taught during the current Calendar year.

THE DEGREE OF MASTER OF ARCHITECTURE

MArch

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Architecture shall before his enrolment for this Degree
(a) have been admitted or qualified for admission to the Degree of Bachelor of Architecture, or
(b)(i) have been awarded or qualified for the award of the Diploma in Architecture, and
(ii) satisfy the Senate that he is qualified to pursue the course for the degree by reason of his professional work or by reason of his having pursued a further course of study or investigation since he was awarded or qualified for the award of the Diploma, provided that the Senate may in addition require a person seeking enrolment under this provision to pass a special examination.

2. A candidate for the Degree of Master of Architecture shall
(a) (i) follow a course of full-time study of not less than one year, or
(ii) follow a course of part-time study of not fewer than two years;
provided that such full-time or part-time study may be carried out in an approved institution outside the University for such period or periods as may be determined by the Senate from time to time, and
(b) submit a thesis, and
(c) except as provided in Regulation 6, pass a written examination.

3. The following conditions shall apply to the preparation and presentation of the thesis (15.601): (a) the thesis shall embody the results obtained by the candidate of an original investigation or design or advanced study relative to Architecture. Its title and an outline of the proposed work shall be submitted to the Faculty of Architecture for approval not later than 1 February of the year in which the candidate enrolls provided that approval may be given to a title and outline submitted or resubmitted not later than 31 March of that year. The work shall be carried out by the candidate himself under the supervision of a Supervisor appointed by the Senate from the School of Architecture.

(b) The candidate shall submit the thesis, accompanied by a certificate from the Supervisor stating that the
work has been carried out wholly by the candidate under his supervision, to the Registrar not later than 1 November in the year in which it is presented, or at a subsequent date if so arranged with the Dean of the Faculty of Architecture and Town Planning. The Registrar shall hand the thesis to the Dean of the Faculty of Architecture and Town Planning.

(c) If the Examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to resubmit it at a later date, to be specified by the Examiner. A thesis that has been submitted twice may not be submitted for a third time.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

4. (a) A candidate who has not been exempted from presenting the written examination shall take such examination not later than in the fourth year after enrolling for the degree.

(b) Every candidate shall submit his thesis by 1 November of the fourth year after enrolment for the degree, provided that this period may in special cases be extended by the Senate.

5. Except as provided in Regulation 6 a candidate shall be required to pass in one of the following subjects:

1. 15.502 Building Science
2. 15.503 Design Theory
3. 15.506 Practice and Law

6. The candidate will be advised on enrolment whether or not he will be required to present himself for examination in the written paper, provided that, if exemption is granted and if the thesis when presented is not considered to be satisfactory, a candidate may be required either to: (a) pass the written examination, or

(b) pass the written examination in addition to resubmitting the thesis.

7. Where a candidate has been required to take the written examination the Senate shall take into consideration the combined results of the thesis and the written examination in recommending a candidate for admission to the Degree of Master of Architecture.

JOINT SPECIAL EXAMINATION OF NZIA AND AERB

Note: These regulations are prescribed by the Council of the New Zealand Institute of Architects and administered by a Special Examination Committee representing both the NZIA and the Architects Education and Registration Board.

The Joint Special Examination is recognised by the AERB as a qualification for registration (see AERB ordinances). Persons who complete the Joint Special Examination are required to make separate application for registration to the AERB in accordance with the Board's ordinances, and are required to attend the Board's professional interview.

The Joint Special Examination is recognised by the NZIA for unclassified corporate membership. Registration is a prerequisite for corporate membership as an Associate.

1. Persons who fulfil the conditions set out in Clause 2 or Clause 3 may apply to the Special Examination Committee for admission to this Examination.

2. The Committee will consider applicants who:

(a) hold an overseas qualification acceptable in the country in which it was obtained as being of professional standard in architecture;

(b) make application on the form provided;

(c) provide documentary evidence of the qualification obtained, including where possible details of the course prescriptions and grades obtained;

(d) provide details of their experience and examples of their work, together with suitable corroborative evidence. The extent of the applicant's personal involvement in the preparation of the material shall be certified by affidavit;

(e) provide a written report, thesis, review or article, the sole work of the applicant, on some architectural or related topic, as an indication of the candidate's ability to study or analyse a topic and write clearly upon it.

3. The committee will consider applicants who:

(a) by their work have demonstrated a level of achievement worthy of an architect;

(b) are not less than 35 years of age and have not less than 10 years' suitable architectural experience;

(c) make application on the form provided;

(d) provide details of their experience and examples of their work, together with suitable corroborative evidence. The extent of the applicant's personal involvement in the preparation of the material shall be certified by affidavit;

(e) provide a written report, thesis, review or article, the sole work of the applicant, on some architectural or related topic, as an indication of the candidate's ability to study or analyse a topic and write clearly upon it;

(f) provide evidence of age;
(g) provide statements from at least three registered architects attesting to the applicant’s experience, achievements and suitability for the profession;
(h) provide any further information that may be requested by the Committee.
4. A fee of $50 shall be paid by the applicant to the NZIA upon making formal application to the Examination. This fee is not refundable.
5. Each applicant shall be interviewed by the Committee or by a sub-committee comprising at least two members thereof.
6. Following such interview, the Committee shall admit applicants to the Examination or refuse admission at its discretion.
7. On admitting a candidate to the Examination the Committee
(i) shall require the candidate to pass a written examination in professional practice as set out in Clause 8, provided that where the Committee is satisfied that the candidate has passed an approved written examination in professional practice the candidate may be exempted from this requirement; and
(ii) may at its discretion require the candidate to pass any other subject or subjects prescribed for a recognised qualification in architecture in New Zealand, and
(iii) shall require of the candidate such further period of approved practical experience (up to 140 weeks from the date of application) as it sees fit.
8. The following examinations are recognised by the Committee for the purposes of Clause 7(i):
(i) 15.418 Professional Practice 2 and 15.421 Building Law, as conducted for the BArch degree of the University of Auckland (may be taken extramurally by candidates outside Auckland); or
(ii) ARCH 361 Professional Practice and ARCH 362 Professional Practice, as conducted for the BArch degree of the Victoria University of Wellington.
9. On passing the required subjects and satisfying the Committee that any further period of required practical experience has been satisfactorily completed, the candidate shall be entitled to a Certificate stating that he has completed the requirements of the Joint Special Examination.
10. On refusing an applicant admission to the Examination the Committee shall advise him in writing of reasons for its decision. The Committee will consider a further application after not less than three years from the date of the previous application.
11. Application forms for admission to the Examination may be obtained from the Chief Executive, NZIA, PO Box 438, Wellington, or from the Secretary, Joint NZIA/AERB Special Examination Committee, School of Architecture, University of Auckland, Private Bag, Auckland.
12. These regulations shall come into effect on 1 January 1985.
DEGREE COURSE PRESCRIPTIONS

PRESCRIPTIONS FOR BArch

The prescriptions for the subjects named in the preceding Regulations for BArch are listed below.

Architecture Intermediate

Folder of Work
A paper detailing requirements for the folder of work may be obtained from the Administration Officer at the School of Architecture.

Professional Years

15.101 Studio I
A course of study and practice in Architectural Design in the studios and laboratories of the School of Architecture, with related lectures and seminars. Its scope includes the development of architectural skill and understanding and the co-ordination of subject matter of the course.

1985 Calendar
15.418 Professional Practice 2

15.421 Building Law
Aspects of law as they affect the practice of architecture, building, land and related property.

15.117 20th Century Architecture
Description of principal architectural movements and personalities of contemporary architecture from c. 1900 to c. 1970.

15.132 19th Century Architecture
Description of developments of architectural style and building technique during period c.1750–c.1880 showing the foundations upon which the 20th century architecture develops.

15.134 History of Building
Studies in the development of built environment in settlements, buildings and technology.

15.135 Polynesian Architecture
A chronological study of the architectural efforts of the Maori from the prehistoric period up to the present day.

15.137 Medieval Architecture
Characteristic medieval architectural forms in their setting and context.

15.342 People-Environment Studies 3
Further investigation of the principles from the behavioural sciences related to the use, perception, evaluation, research and design of the built environment. Statistical analysis of findings and theories about human response, preferences and behaviour in environmental settings.

15.315 Structure 3
Simplified analysis of concrete and steel designs and explanations of code requirements.

15.317 Domestic Design
A study of activity relationships within the house and its location within the natural environment landscape, with emphasis on the quality of life.

15.322 Advanced Design Methods
A study of techniques for problem stating, survey, analysis, production of alternatives, evaluation and testing, plus critical path analysis techniques and a look at some strategies.

15.324 Architectural Aesthetics
Discussion of aesthetic principles as they relate to the visual arts, especially to architecture and to individual experience, and to architectural design. Further development of architectural form perception.

15.325 History of Architectural Theory
History of western architectural theories from Greek to modern times.

15.331 Town Planning

15.333 New Zealand Architecture
Studies in Architecture in New Zealand with reference to historical influences and particular developments.

15.334 Contemporary Architecture
Critical discussions and lectures on world architecture post-1970 and New Zealand post-war. Study of popular architecture in New Zealand.

15.337 Building Economics 1B
Major assignment relative to Building Economics 1A.

15.338 Commercial Practice & Management
A general appreciation of the principles and practice of accounting and commercial practice relevant to the practice of architecture. Management theory organisation; administration, production, distribution and control aspects; economic, financial and investment theories and techniques.

15.339 Cost Control
Cost planning and control in relation to the design team and design process. Economic feasibility. Cost in use studies. The quantity surveyor. Pricing.

15.340 Sound
A consolidation of the material previewed in the Environmental Control subjects on acoustics and noise control, i.e. the origins, behaviour, description and measurement of sound, and the elements of noise control, room acoustics and the hearing process.

15.343 Energy Efficient Design
Heating, cooling, lighting and ventilation of buildings using natural ambient energy (sun and wind).

15.344 Audio Systems Design
An introduction to the design of sound systems for use in auditoria and theatres.

15.345 Construction Management
Introduction to quantitative techniques in management of construction projects.

15.346 Timber Technology
Rationalisation of timber performance in structure, and discussion of engineering use including both current and predicted techniques.

15.351 Lighting
Advanced studies in natural and artificial lighting in buildings.

15.353 Computer Applications
Applications in documentation and problem solving in building.

15.354 Computer Programming
Introduction to programming in FORTRAN and BASIC, together with practical exercises.
15.357 Urban Design
Focuses on urban design theory and practice, with particular emphasis on design of space between buildings, and strategies for implementation of design schemes.

15.410 Presentation Elective
Individual project requiring the presentation of a research report or design project to a public seminar.

15.411 Publication Elective
Individual project requiring the preparation of a research report or design project in a form suitable for publication in an approved journal.

15.412 People-Environment Elective
A fourth year Studio project emphasising theory and techniques from People-Environment Studies in its concept, synthesis and evaluation.

15.413 Industrialised Building
Methods of building construction, conventional and unconventional. Site organisation, office, labour, plant and materials handling.

15.415 Structure 4
Advanced analysis in concrete and steel design and qualitative study of secondary stresses.

15.426 Design Theory Elective
A fourth year Studio project emphasising theory and techniques from Design Theory in its concept, synthesis and evaluation.

15.428 Practice Elective
Individual project in Professional Practice.

15.439 Acoustics
Advanced studies in room acoustics. Control of reverberation, electronic assistance of reverberation, theory and measurements for reflection masking and integration, application in design, acoustical models, mathematical models of rooms.

15.444 Noise Control
Advanced studies in noise control. Mathematical treatment of theory.

15.445 Construction Management Elective
Individual project in Construction Management.

15.447 Energy Efficient Design Elective
Individual project in Energy Efficient Design.

15.513 Construction Elective
A field survey and report on an agreed topic related to advanced Construction.

15.519 Building Economics Elective
Individual project in Building Economics.

15.540 Acoustics Elective
Individual project in Acoustics.

15.542 Noise Control Elective
Individual project in Noise Control.

15.160-15.169 Special Topics
15.260-15.269 Special Topics
15.360-15.369 Special Topics
15.170-15.189 Special Topics
15.270-15.289 Special Topics
15.370-15.389 Special Topics
15.390-15.399 Special Topics
Courses which may be taught in any year, on topics in architecture; the availability, content, prerequisites and corequisites to be determined each year by the Head of the School of Architecture.
Some special topics which are offered regularly are:

15.260 Ergonomics
The limitations and capacities of people as applied to the design of buildings, equipment, and the environment.

15.261 Presentation Techniques
Specialised techniques and development of graphic skills related to Studio presentation.

15.270 Graphic Techniques
Elementary graphic processes for presentation, finished art and reproduction.

15.271 Measured Drawings
Techniques involving measurement, photography, collation, filing/recording, drawing skills, and other related techniques.

15.363 Settlement Studies
A brief study of current issues and the effect on settlement patterns – an introduction to ekistics.

15.370 Land and Building Form Studies
Interpretation and analysis of the spatial structure of land forms and building forms.

15.373 Introduction to Valuation
An introduction to the theories and techniques of valuation.

PRESCRIPTIONS FOR BPA
Prescriptions for the subjects named in the preceding Regulations are given below:

37.100 Introduction to Property

37.200 Principles of Valuation
37.210 Principles of Land Administration

37.202 Property Law 1
The legal system; central and local government in New Zealand. The law relating to real property; property interests; town planning; valuers' liability.

37.203 Residential Construction

37.204 Financial Appraisal
The principles, limitations, analysis, interpretation and appraisal of financial statements. The valuation of shares in private companies. The principles of taxation as affecting the appraisal of financial statements. Current cost accounting.

37.205 Land Use Planning
The evolution of town and country planning. Urban, regional and maritime planning in New Zealand. The statutory planning process. The effects of planning on property rights.

37.319 Building Economics 1A

37.206 Building Technology

37.300 Advanced Valuation

37.310 Advanced Land Administration
Advanced studies in property and building management. Landlord and tenant. The social responsibilities of ownership control. The professional management office. Case studies in property management.

37.302 Property Law 2
The law of contracts. Real property sale and purchase agreements. Mortgages agency and commissions. Arbitration law and proceedings.

37.303 Commercial Construction
The construction of large and high rise buildings. Building, earthquake and health regulations. Building services and service contracts. Programmed and remedial maintenance.

37.304 Advanced Financial Appraisal

37.305 Urban Land Economics
The economics of urbanisation. Theories of urban structure. The urban land market. Role of the financial institutions. Economic aspects of urban valuation.

37.306 Building Contracts

37.312 Research Project
The topic for research must be approved by the Head of the School. The essay (or equivalent written work) must embody the results of an individual investigation in the related fields of Valuation/Urban Property Management/Real Estate and must be the sole work of the student. The essay, which will count as one paper, must be of the order of 5,000 words (or equivalent) in length and must be submitted in the style and form required.

37.321 Development Project

37.322 Real Estate Market
An exploration of the urban and rural property market and sub-markets. Price and value. Financial performance indices. Real estate cycles.
DEGREE COURSE REGULATIONS

DEPARTMENT OF TOWN PLANNING

THE DEGREE OF BACHELOR OF TOWN PLANNING

BTP

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. (a) Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Town Planning shall
   (i) pursue a course of study for a period of not less than four years
   (ii) pass an Intermediate Examination and two Town Planning Examinations
   (iii) carry out practical work in the application of Town Planning to the satisfaction of the Head of the Department.
   (b) Except with the permission of Senate no candidate for this Degree shall take in any one year more than
   nine papers.

Examinations

2. Except as hereinafter provided a candidate shall be required to pass as a whole the Intermediate Ex-
   amination and each Town Planning Examination so that his performance in all papers of the Examination shall
   be considered; provided that
   (a) where a candidate fails to pass an Examination (whether Intermediate or Town Planning) as a whole he
   may at the discretion of the Senate be
   (i) credited with a paper or papers of that Examination, and
   (ii) permitted in a subsequent year to present the paper or papers not so credited, together with a paper or
   papers of the First or Second Town Planning Examination as the case may be.
   (b) No candidate may enrol for any papers of the First Town Planning Examination until he has passed at
   least six papers prescribed at Stage II level for the Intermediate Examination.
   (c) A candidate who is studying for this degree part-time or in conjunction with any other degree, may be
   required to pass an examination consisting of such work, less than the full Examination, as the Senate may in
   its discretion determine and present the remaining papers of the full Examination in a subsequent year,
   together with a paper or papers of the next succeeding Examination.
   (d) A candidate to whom either of the foregoing provisos (a) and (c) applies shall be required to pass as a whole
   an Examination consisting of the papers taken in any year, so that the candidate's performance in all papers
   taken in that year shall be considered.

3. The Examinations for this Degree shall be:

Intermediate Examination

(a) The Course of study for the Intermediate Examination shall consist of
   (i) ten Arts papers or equivalent Science credits (or an equivalent combination of papers and credits), of which
   three-fifths are above Stage 1 level, from the following subjects as prescribed for the Degree of BA or BSc
   as the case may be:

   - Anthropology
   - Art History
   - Biology
   - Botany
   - Computer Science
   - Economics
   - English
   - Geography
   - Geology
   - History
   - Mathematics
   - Philosophy
   - Political Studies
   - Psychology
   - Sociology
   - Zoology

   Any other subject or subjects prescribed for the Degree of BA or BSc may be approved by the Head of
   Department for the purposes of this paragraph.
   (ii) four other papers or equivalent credits (or an equivalent combination of papers and credits) from any
   subjects prescribed for the Degree of BA or BSc or for any other degree approved by the Head of the
   Department of Town Planning for the purposes of the candidate's Course of Study.
(b) A candidate who has passed the Second Professional Examination for BArch or BE, or the Second Law Examination for LLB or LLB(Hons), or two professional years for a degree of another New Zealand University may, with the approval of the Senate, be exempted the requirements of the Intermediate Examination.

(c) A candidate who has qualified with outstanding merit for the New Zealand Certificate in Draughting (Town and Country Planning) or the New Zealand Certificate in Town Planning may, with the approval of the Senate, be exempted the requirements of the Intermediate Examination.

Note: Any such candidate is required to apply for admission under the Admission Regulations.

First Town Planning Examination

Part A
36.200 Planning Theory
36.201 Planning Techniques
36.202 Planning Law and Administration

Part B not fewer than two of the following:
36.203 Urban Settlements
36.204 Society and Settlements
36.205 Communications and Utilities

Part C
Two Stage III papers from one of the subjects listed for the Intermediate Examination in paragraph (a) (i) of this Regulation.

Second Town Planning Examination

Part A
36.300 Advanced Planning Theory
36.301 Advanced Planning Techniques
36.302 Advanced Planning Law and Administration; and one of
36.303 Research Essay
36.304 Special Topics approved by the Head of the Department of Town Planning
36.305 Special Topics approved by the Head of the Department of Town Planning
36.306 Special Topics approved by the Head of the Department of Town Planning
36.307 Special Topics approved by the Head of the Department of Town Planning

Research Essay. (i) A candidate for the Research Essay (36.303) shall submit, two copies of the Essay by the due date but in any case, except with special leave of the Senate, not later than the expiry of two years from his first enrolment for the Essay.

(ii) The due date is 1 October in the first year of enrolment for the Essay or a later date approved by the Head of the Department.

(iii) Where the candidate does not submit the Essay by a due date within his first year of enrolment for it, he shall re-enrol for the Essay in the following year.

Part B not fewer than two of the following:
36.203 Urban Settlements
36.204 Society and Settlements
36.205 Communications and Utilities
36.310 Urban Design
36.311 History of Town Planning
36.312 Resource Management
36.313 Housing
36.314 Rural Planning
36.315 Landscape Planning
36.316 Special Topics approved by the Head of the Department of Town Planning
36.317 Special Topics approved by the Head of the Department of Town Planning

Part C
One Stage III paper from the subjects for the Intermediate Examination as in paragraph (a) (i) of this Regulation and prescribed for the Degree of BA or BSc as approved by the Head of the Department of Town Planning.

1985 Calendar
Restrictions Prerequisites and Corequisites

4. (a) As to Part B of the Second Town Planning Examination:
(i) no candidate shall take paper 36.203 or paper 36.204 or paper 36.205 if he has already been credited with that paper for Part B of the First Town Planning Examination.
(ii) No candidate shall take any of the papers 36.311, 36.312, 36.313, 36.314, 36.315, 36.316 or 36.317 unless he has passed in or taken concurrently the papers 36.203, 36.204 and 36.205.
(b) In respect of the papers and equivalent credits taken for this Degree (whether for the Intermediate Examination or for Part C of the First or the Second Town Planning Examination) each candidate shall be required to comply with all Regulations applicable thereto for the Degree of BA or BSc or other Degree (including Regulations and requirements relating to corequisites, prerequisites, restrictions, combinations of subject and practical work).

Exemptions

5. (a) A candidate who has been credited for a Degree with any of the papers or equivalent credits specified for the Intermediate Examination may be credited with those papers or credits for the purpose of this Degree.
(b) Subject to the Admission Regulations, a candidate who is a graduate of any New Zealand University shall be exempted from passing the Intermediate Examination, and his Course of study shall be pursued for a period of not less than two years.
(c) A candidate proceeding under paragraph (b) of this Regulation or Regulation 3 (b) may substitute for any or all of the papers prescribed for Part C of the First and Second Town Planning Examinations not fewer than the same number of papers prescribed for any other Degree or Diploma as approved by the Head of the Department of Town Planning.
(d) A candidate may substitute papers from Part B of the Second Town Planning Examination for an equal number of papers from Part C of the First and Second Town Planning Examinations as approved by the Head of the Department of Town Planning provided the candidate passes or has passed three papers at Stage III level.

Practical Course

6. No candidate shall be admitted to this Degree unless the Registrar has received from the Head of the Department of Town Planning a certificate that the candidate has complied with the requirements of the Department as to practical work.

7. These Regulations shall come into force on 1 January, 1975.

THE DEGREE OF MASTER OF TOWN PLANNING

MTP

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the degree of Master of Town Planning shall before enrolment:
(a) have been admitted or qualified for admission to the Degree of Bachelor of Town Planning, and
(b) have obtained, in the opinion of the Head of the Department, a sufficiently high standard in Part A of the Second Town Planning Examination, with no paper graded lower than C.
2. Except as provided elsewhere in these Regulations a candidate shall take all papers required for this Degree in the same year. A candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of the Department to present three or four papers in the first year, or in special circumstances two papers in the first year; and shall present all papers within three years of first enrolment for the Degree.
3. No candidate shall take for this Degree any paper that is the same or substantially equivalent to any other paper that he has passed or is taking and obtain credit for both for this Degree.
Course Content
4. Every candidate for the Degree of Master of Town Planning shall be required to pass in five papers and a research essay (36.603) which shall count as one paper; or four papers and a thesis (36.601) which shall count as two papers. The papers shall be chosen from
36.400 Planning Theory
36.401 Planning Techniques
36.402 Planning Law and Administration
36.403 Special topics approved by the Head of the Department of Town Planning
36.404 Special topics approved by the Head of the Department of Town Planning
36.405 Special topics approved by the Head of the Department of Town Planning
36.406 Special topics approved by the Head of the Department of Town Planning
36.407 Special topics approved by the Head of the Department of Town Planning
36.408 Special topics approved by the Head of the Department of Town Planning
36.603 Research Essay
52.491 Public Health Engineering Seminar (as prescribed for the Degree of ME)
52.473 Transportation Planning (as prescribed for the Degree of ME)
20.436 Urban Geography (as prescribed for the Degree of MA)
30.402 A topic on Urban Government and Politics (as prescribed for the subject Political Studies for the Degree of MA)
82.406 Urban Sociology and Ecology (as prescribed for the subject Sociology for the Degree of MA)
25.383 Social Control of Land (as prescribed for the Degree of LLB (Hons)) provided that the Head of the Department of Town Planning must approve the relevance of paper 15.503 to the subject of investigation for the thesis before a candidate may enrol in that paper.

Thesis
5. Where a thesis (36.601) is required the following conditions shall apply:
(a) the thesis shall embody the results obtained by the candidate in an investigation in some branch of Town Planning.
(b) A candidate shall present his thesis in the final year in which he takes the papers or within the next three years, provided that the time may be extended in exceptional cases by the Senate.
(c) If the examiner with the concurrence of the assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to resubmit it by a later date to be specified by the examiner.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

Honours
6.(a) There shall be two Classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.
(b) Honours shall not be awarded if the papers in the first year in which a candidate takes an examination for the Degree are unsatisfactory or if the thesis at its first presentation is unsatisfactory; provided that a candidate whose performance at a written examination has been seriously impaired by illness or injury or exceptional circumstances beyond his control (certified as under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination so that he is still eligible for the award of Honours, subject to the provisions of paragraph (c) of this Regulation.
(c) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of his first enrolment for this Degree.

Transitional Provision
7. Notwithstanding anything in paragraph (a) of Regulation 1, a candidate who has been awarded or qualified for the award of the Diploma in Town Planning shall be eligible to enrol for this Degree up to and including the year 1983; but the Degree shall not be awarded with Honours if the candidate has been awarded the Diploma in Town Planning with Honours under former regulations.
8. These Regulations shall come into force on 1 January 1975.
DEGREE COURSE PRESCRIPTIONS

PRESCRIPTIONS FOR BTP

36.200 Planning Theory
The main contributors to planning thought, their theories and ideas, together with examples of the application of these. The objectives of present-day regional and town planning. Town planning in the context of social, economic, and physical planning.

36.201 Planning Techniques
Contemporary planning techniques in New Zealand and overseas.
Techniques of survey, organisation of data and prediction.
Land use requirements and development controls.

36.202 Planning Law and Administration
Introduction to planning law, the legal system and public administration.

36.203 Urban Settlements
The elements of urban settlements. Underlying theories and selected techniques for inventory analysis and forecasting.

36.204 Society and Settlements
The process of urbanization. Economic, political, and social aspects of urban growth and change.

36.205 Communications and Utilities
The principles governing the provision of public utility services and transport facilities. Public health engineering. Traffic engineering.
The influence upon urban development of communication and utility systems.

36.300 Advanced Planning Theory
Theoretical approaches to the formulation of planning policies.
The purpose of national and regional planning and development.
The responsibilities of national and regional governments.
Metropolitan growth and decentralization.

36.301 Advanced Planning Techniques
Special land use and development controls. Methods of assessing and testing planning proposals. Urban development models and their application.

36.302 Advanced Planning Law and Administration

36.303 Research Essay

36.304 Special Topics
36.305 Approved by the Head of the Department
36.306 Head of the Department
36.307 of Town Planning

36.310 Urban Design
Introduction to the concepts and techniques of urban design. Appreciation of the physical form of the built environment. The landscape of urban areas. Relationship between the built and natural environments.

36.311 History of Town Planning
The historical development of cities. The evolution of planning theories and methods. The history of city government and administration.

36.312 Resource Management
A description of natural resources. The utilisation and conservation of resources. The maintenance of environmental quality. Methods of environmental management.

36.313 Housing
Influences upon the type, distribution and quality of housing in New Zealand. The evolution of housing policies. Rehabilitation of housing. Financial aspects of housing.

36.314 Rural Planning

36.315 Landscape Planning
An introduction to current practices and theory in the development and conservation of urban and rural landscape in New Zealand.

36.316 Special Topic
Approved by the Head of the Department.

36.317 Special Topic
Approved by the Head of the Department.
PRESCRIPTIONS FOR MTP

The prescriptions of the subjects named in the preceding regulations are given below:

36.400 Planning Theory
National, regional and metropolitan planning. National resources and policies for development. Case studies of important projects. The role of forecasting.

36.401 Planning Techniques
Evolution of planning techniques. Special land use and development controls. Methods of assessing and testing planning proposals.

36.402 Planning Law and Administration

36.403 Special Topics
36.404 Approved by
36.405 the Head of
36.406 the Department
36.407 of Town
36.408 Planning

36.603 Research Essay

52.491 Public Health Engineering
As prescribed for the Degree of ME.

52.475 Transportation Planning
As prescribed for the Degree of ME.

20.436 Urban Geography
As prescribed for the subject Geography for the Degree of MA.

30.402 A Topic on Urban Government and Politics
As prescribed for the subject Political Studies for the Degree of MA.

82.406 Urban Sociology and Ecology
As prescribed for the subject Sociology for the Degree of MA.

25.383 Social Control of Land
As prescribed for the Degree of LLB(Hons).

15.503 Design Theory
As prescribed for the Degree of MArch, provided that the Head of the Department of Town Planning must approve the relevance of paper 15.503 to the subject of investigation for the thesis before a candidate may enrol in that paper.

PRESCRIPTIONS FOR ENVIRONMENTAL STUDIES

Environmental Studies
An inter-disciplinary undergraduate paper in Environmental Studies is offered at Stage II level. Responsibility for the administration of this paper has been assigned to the Department of Town Planning.

84.200 Environmental Studies (4 credits)
Prerequisites: 24 Stage I credits or the equivalent from any Faculty, including six credits from the Science Faculty.
Introduction to global environment problems of population, resources and pollution, with local illustrations through tutorials and field trips.
DIPLOMA COURSE REGULATIONS & PRESCRIPTIONS

DIPLOMA IN TOWN PLANNING

DipTP

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study, students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

An intending candidate who seeks admission under the proviso of Regulation 1 of these Regulations may need to apply for admission in accordance with the requirements of the Admission Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Diploma in Town Planning shall before enrolment have been admitted or have qualified for admission to a Degree in Architecture, Engineering, Law, or Surveying; or to a Bachelor's Degree for which he has passed at least three Stage III papers in the subjects of Economics, Geography, or Sociology, or any of those subjects; provided that, if not so qualified, a person may, with the leave of the Senate, enrol for the Diploma if he
   (i) has been admitted or has qualified for admission to any other Degree, or
   (ii) holds a professional qualification in Architecture, Engineering, Surveying, or Town Planning, or
   (iii) has been awarded or qualified for the award of a Diploma in Architecture or Surveying or
   (iv) has been awarded or qualified for the award of a Diploma in Urban Valuation, his first enrolment for which was made before 1975.

Course Content

2. Every candidate shall be required to:
   (i) pass six papers from Parts A and B of the First Town Planning Examination
   (ii) pass four papers from Part A and two papers from Part B of the Second Town Planning Examination and
   (iii) complete the practical course prescribed for the Degree of Bachelor of Town Planning.

3. No candidate shall take for this Diploma a paper the same as or substantially equivalent to any paper he has passed for another University Diploma or Degree and shall for any such paper substitute another paper approved by the Head of the Department of Town Planning.

4. Except as otherwise provided in this Regulation the course of every candidate shall be governed by these Regulations.

5. These regulations shall come into force on 1 January, 1975.

PRESCRIPTIONS FOR DipTP

The prescriptions of the subjects are as for the Bachelor of Town Planning.

THE DEGREE OF BACHELOR OF ENGINEERING

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. (a) Subject to the Admission Regulations and except as otherwise provided in these regulations, a candidate for the degree of Bachelor of Engineering shall be required to
   (i) pursue a course of study of not less than four years,
   (ii) pass an Intermediate Examination and the three Professional Examinations, and
   (iii) perform Practical Work to the satisfaction of the Faculty of Engineering, and
   (iv) perform Laboratory and Field Work to the satisfaction of the Faculty of Engineering.

   (b) Except as otherwise provided in this paragraph, a candidate shall be required to pass as a whole the Intermediate Examination and each Professional Examination (including an Examination under Regulation 5); so that the candidate’s performance in all subjects of the Examination shall be taken into consideration. A candidate who has failed to pass any Examination as a whole, may, at the discretion of the Senate, be credited with a paper or papers forming part of that Examination; and may in a subsequent year take the remaining papers of that Examination together (subject to Regulation 9) with such papers of the succeeding Examination, if any, as the Senate may permit. The candidate shall then be required to pass a composite Examination under the same conditions as those in this paragraph.

Honours

2. The Degree of Bachelor of Engineering may be awarded with or without Honours according to the standard of the candidate’s work. There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division.

Concessions

3. (a) A candidate who has been credited for the Degree of Bachelor of Science with any papers for the Intermediate Examination or with any of the substitute papers authorised by paragraph (b) of this Regulation, shall be credited with them for the purpose of this degree also.

   (b) For the purpose of this Regulation only
   (i) Chemistry 110 may be substituted for Chemistry 113 and Chemistry 120 for Chemistry 123
   (ii) two of the papers Chemistry 210, 220 and 230 may be substituted for Chemistry 113 and 123
   (iii) Stage II Physics papers totalling 6 credits may be substituted for each of the papers Physics 110 and 120
   (iv) Stage II Pure Mathematics papers totalling 6 credits may be substituted for each of the papers Mathematics 120 and 140
   (v) Mathematics 170 or Stage II or Stage III Applied Mathematics papers totalling 6 credits may be substituted for Engineering Mechanics 55.001.

4. (a) The Senate may exempt from the Intermediate Examination a candidate
   (i) who has reached a satisfactory standard in the Entrance Scholarships Examination, if the subjects the candidate has taken include Chemistry, Physics, Pure Mathematics and Applied Mathematics or
   (ii) who has reached an exceptional standard in the Entrance Scholarships Examination, if the subjects taken include Chemistry, Physics and Pure Mathematics.

   (b) The Senate may permit a candidate who has gained a pass in the Universities Bursaries Examination to substitute papers totalling 12 credits for the papers of the Intermediate Examination which relate to one subject of the Bursary Examination in which he or she attained a standard of achievement approved by the Senate. But substitution for Engineering Mechanics shall not be permitted.

5. A candidate for this Degree who
   (i) has qualified for the award of the degree of Bachelor of Science or
(ii) has completed within two years the examination requirements for the award of the degree of Bachelor of Science or
(iii) was permitted to enrol for Stage II or Stage III papers in a subject without first presenting that subject at Stage I and who, if the Stage I papers not taken were included, would have qualified within two years for the degree of Bachelor of Science,
shall be required to pursue a course of study for a period of not less than two years in such papers for the Degree as the Senate may prescribe and to pass Examinations in each year in the papers so prescribed for that year; and the following provisions shall apply:
(a) The Examination for the first year shall be such that the amount of necessary study shall be substantially the same as for the Second Professional Examination;
(b) All the papers of the Third Professional Examination shall be included in the candidate's course of study but none such in the first year;
(c) The candidate shall be exempt from the papers of the Intermediate Examination and from such other papers of the Degree as are not prescribed under this Regulation.
6. (a) A candidate who has by examination qualified with outstanding merit for the New Zealand Certificate in Engineering, and who has completed the practical requirements for the award of that Certificate, may be exempted by the Senate from the Intermediate Examination and the First Professional Examination or from such papers of those examinations as the Senate thinks fit.
(b) A candidate who has by examination qualified with outstanding merit for the New Zealand Certificate in Science (Metallurgy) or (Chemistry), and who has completed the practical requirements for the award of that Certificate, may for the Course in Chemical and Materials Engineering be exempted by the Senate from the Intermediate Examination and the First Professional Examination or from such papers of those examinations as the Senate thinks fit.
(c) A candidate who has by examination qualified with outstanding merit for the New Zealand Certificate in Science (Physics) in the Applied Electronics option, and who has completed the practical requirements for the award of that Certificate, may for the Course in Electrical and Electronic Engineering be exempted from the Intermediate Examination and the First Professional Examination or from such papers of those examinations as the Senate thinks fit.

Practical Work
7. A candidate shall not be admitted to the Degree unless the Registrar has received from the Dean of the Faculty of Engineering a certificate that the candidate has complied with the requirements of the Faculty as to Practical Work.

Laboratory and Field Work
8. A candidate shall not be admitted to the Degree unless the Registrar has received from the Dean of the Faculty of Engineering a certificate that the candidate has complied with the requirements of the Faculty as to Laboratory and Field Work.

Prerequisites
9. No candidate may enrol (a) for any paper of the First Professional Examination without having completed the whole of the Intermediate Examination;
(b) for any paper of the Third Professional Examination without having completed the whole of the First Professional Examination.

Elective Papers
10. (a) The Third Professional Examination shall include elective papers where specified in Regulation 13.
(b) A candidate's choice of elective papers shall require approval by the Senate.
(c) An elective paper chosen from another degree course shall be of an appropriate weight and academic level. The syllabus for it shall not be the same as or substantially overlap that of any other paper in the candidate's course.

Note: (i) Approval of a candidate's choice of elective papers will generally depend on the compatibility of the chosen papers with the candidate's personal aptitudes and interests, their mutual compatibility and the coherence of the proposed course as a whole. There should be no timetable conflict in the proposed course.
(ii) An elective paper in this degree course will be considered equivalent to one Stage II or Stage III paper from the BA or BCom schedules or to 3 credits from Stage II or Stage III papers of the BSc schedule or to 4 credits from subjects of the Third or Fourth Professional Examinations of the BArch degree course.
Approval of Courses

11. (a) The personal course of study of every candidate shall require the approval of the Senate.
(b) The Senate may delegate to the Faculty the power to approve personal courses of study and also the
discretionary powers conferred in Regulations 4, 5, 6 and 10 of these Regulations.
(c) The Senate may in such special circumstances as it thinks fit approve a personal course of study which does
not conform to these Regulations.

Professional Courses

12. The candidate shall follow one of the following professional courses:
Chemical and Materials Engineering
Civil Engineering
Electrical and Electronic Engineering
Engineering Science
Mechanical Engineering

13. The papers for this Degree are:

54.312 Engineering Mathematics IIB
One elective paper from the list below
54.301 Special Topic in Engineering Science A
54.321 Computational Techniques
An approved paper from another University course

54.341 Continuum Mechanics II
54.351 Operations Research II

54.303 Project in Engineering Science
Two elective papers from the list below
54.302 Special Topic in Engineering Science B
54.315 Engineering Mathematics IIB
54.343 Mechanics of Structures
54.352 Stochastic Methods in Operations Research
54.361 Control Theory
One or two approved papers from another University course

Note: In addition to the papers listed for the Engineering Science Third Professional Examination, candidates are required to attend the Engineering Science Laboratory (three hours per week or equivalent), carry out assignments and submit reports, to a required standard.
Mechanical Engineering

First Professional Examination

50.111 Engineering Design
54.111 Engineering Mathematics I
55.111 Thermodynamics & Fluid Mechanics I

51.121 Materials I
55.101 Mechanics of Solids I

Second Professional Examination

54.211 Engineering Mathematics II
55.211 Thermodynamics & Fluid Mechanics II
55.261 Mechanical Engineering Design I

50.201 General Studies II
55.221 Engineering Dynamics
55.241 Mechanics of Solids II

Third Professional Examination

55.301 Project in Mechanical Engineering
55.361 Mechanical Engineering Design II

Six elective papers chosen from the lists below

55.311 Applied Fluid Mechanics
54.313 Engineering Analysis A
55.321 Control Engineering II
55.322 Mechanical Vibrations
55.331 Industrial Engineering
55.341 Mechanics of Deformation Processing
55.351 Thermal Engineering
One or two approved papers from another University course

53.311 Applied Electricity
55.312 Applied Aerodynamics
54.314 Engineering Analysis B
55.323 Microprocessors in Mechanical Control Systems
55.324 Acoustics
55.332 Manufacturing Systems
55.333 Engineering Economics
55.342 Strength of Materials
55.352 Applied Thermodynamics
55.371 Production Technology II
One or two approved papers from another University course

Note: In normal circumstances three elective papers are to be chosen from those taught in the first half-year and three from those taught in the second half-year.

Savings and Transitional Provisions

14. These Regulations shall govern the course of every candidate; but any candidate whose course was begun under the Regulations set forth in the University of Auckland Calendar for 1981 shall be credited for the purpose of these present Regulations with such papers as the Senate may determine.
15. These Regulations shall come into force on 1 January 1985.
THE DEGREE OF MASTER OF ENGINEERING
ME

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Master of Engineering shall
(a) before his enrolment for this Degree have been admitted or qualified for admission to the Degree of Bachelor of Engineering, and
(b) follow a Course study of not less than one year.
2. Every candidate for this Degree shall
(a) pass in each of eight papers where those papers do not include Project D, or
(b) pass in Project D and six other papers, or
(c)(i) pass in each of three papers, and
(ii) pass in respect of a thesis (which shall count as equivalent to five papers).

Papers
3. The following conditions shall apply to the choice of papers
(a) Every candidate shall choose papers in consultation with the Head of his Department from those listed in clause (b) of this Regulation; provided that no paper that has been credited to another Degree shall be taken for this Degree.
(b) The papers of examination for the Degree are:
   (i) 50.401 Project A
   50.411 Project B
   50.421 Project C
   50.431 Project D (value 2 papers)
   Note: Not all of the following papers will be available in a given year
   51.411 Advanced Process Control
   51.412 Chemical Engineering Seminar
   51.413 Studies in Chemical Engineering
   51.414 Biochemical Engineering Seminar
   51.415 Advanced Chemical Engineering
   51.421 Advanced Materials
   51.422 Materials Seminar
   51.423 Studies in Materials Engineering
   52.401 Special Seminar in Civil Engineering A
   52.402 Special Seminar in Civil Engineering B
   52.411 Mechanics and Properties of Materials Seminar
   52.421 Fluid Mechanics Seminar
   52.422 Advanced Fluid Mechanics
   52.423 Coastal Engineering
   52.424 Advanced Water Resources
   52.431 Earthquake Engineering
   52.432 Geomechanics Seminar
   52.433 Applied Geomechanics
   52.434 Earth Structures
   52.441 Structural Dynamics
   52.442 Structures Seminar
   52.443 Structural Analysis
   52.444 Space Structures
   52.451 Environmental Law
   52.461 Structural Design
   52.471 Traffic Engineering

1985 Calendar
52.472 Transportation Engineering Seminar
52.473 Transportation Planning
52.474 Transportation Systems Analysis
52.481 Project Management A
52.482 Case Studies in Project Management
52.483 Project Management B
52.491 Public Health Engineering Seminar
53.401 Studies in Electrical and Electronic Engineering A
53.402 Studies in Electrical and Electronic Engineering B
53.432 Electronic Circuits and Systems
53.441 Heavy Current Electronics
53.451 Digital Signal Processing
53.452 VHF and UHF Radio Communication
53.461 Electromagnetic Theory
53.471 Advanced Control Systems
53.482 Microprocessors and Minicomputers
54.401 Studies in Engineering Science
54.411 Studies in Engineering Mathematics
54.421 Finite Element Methods
54.422 Nonlinear Optimisation
54.441 Studies in Continuum Mechanics A
54.442 Studies in Continuum Mechanics B
54.451 Studies in Operations Research A
54.452 Studies in Operations Research B
54.453 Advanced Systems Analysis
54.454 Random Processes
54.461 Studies in Control Theory
54.481 Geothermal Modelling
54.491 Bio-Engineering
55.401 Studies in Mechanical Engineering
55.411 Fluid Dynamics
55.412 Aerodynamics
55.422 Mechanical Control Systems
55.431 Manufacturing Analysis
55.432 Manufacturing Automation and Robotics
55.433 Manufacturing Management
55.441 Mechanics of Materials
55.442 Stress Waves and Vibrations
55.452 Reciprocating Internal Combustion Engines
55.471 Production Technology
55.472 Metal Forming
55.491 Heat Transfer Analysis
55.492 Convective Heat Transfer
55.493 Geothermal Heat and Mass Transfer
86.401 Geothermal Systems and Technology
86.402 Geothermal Production Technology
86.403 Geothermal Energy Utilisation

(ii) those papers approved by the Head of Department from any of those offered at Third Professional level for the BE Degree.

(iii) Subject to the permission of the Heads of Departments concerned, one or two papers chosen from those offered in any other Faculty at the final-year undergraduate level or the master's level provided

(a) that prerequisite and timetabling requirements can be met, and

(b) that the syllabus is not the same as or substantially overlapping with any paper prescribed for this Degree, and

(c) that the paper has a weight not less than that of an engineering paper.
Project Work
4. (a) No candidate shall take
   (i) Project A, B, C or D if he submits a thesis for this Degree;
   (ii) more than one of the Projects A, B or C if he takes Project D.
(b) A candidate who takes Project D must submit his project report not later than twelve months after his enrolment for this project provided that the Senate may, in exceptional circumstances, extend this period.
(c) A candidate who takes Project A, B or C must submit his project report on the last day of the period in which the project is taken provided that the Senate may, in exceptional circumstances, extend this period.

Thesis
5. The following conditions shall apply to the thesis (50.601):
(a) The thesis shall embody the results obtained by the candidate in an investigation in a subject approved by the Head of the Department.
(b) The investigation shall be carried out personally by the candidate at the University under the direct supervision of a member of the academic staff; provided that
   (i) laboratory work may be carried out in an approved institution outside the University for such limited period or periods as may be determined from time to time by the Senate;
   (ii) field work may be carried out at such places and for such periods as the Senate may determine.
(c)(i) The supervisor shall be the principal examiner.
   (ii) The Senate acting on the advice of the Head of the Department shall appoint either an external assessor or a second internal examiner.
(d) At the discretion of the Head of the Department the candidate may be required to attend an oral examination on the subject of the thesis, which shall take place within four weeks of the date on which the thesis was submitted, or within such longer period as the Senate may in special circumstances approve.
(e) If the supervisor with the consent of the assessor or second examiner as the case may be so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to submit it again at a later date to be specified by the supervisor.
(f) A candidate shall present the thesis not later than 18 months, or if (s)he is a part-time candidate not later than 36 months, after the first enrolment for this Degree, provided that the Senate may, in exceptional circumstances, extend this period.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

Classes of Pass
6. The Degree of Master of Engineering may, on the recommendation of the Senate, be awarded with distinction.
7. These regulations shall come into force on 1 January, 1972.

RESEARCH IN ENGINEERING
Facilities are available for research by PhD students and postdoctoral fellows in each of the Departments of Engineering in a wide range of topics.
Attention is drawn to the fact that the Honours degree qualifying a PhD student for registration need not necessarily be one in Engineering. Graduates with a good Honours degree in Physics, Chemistry, or Mathematics, for example, could be considered for registration in Engineering.
Intermediate Examination

08.113 Chemistry
08.123 Chemistry
26.120 Mathematics or
26.121 Mathematics
26.140 Mathematics or  
26.141 Mathematics
31.110 Physics or
31.113 Physics
31.120 Physics or
31.123 Physics

55.001 Engineering Mechanics 
(Two lectures per week and problem clinics) 
An introductory course dealing with the principles of 
Newtonian rigid-body mechanics and the analysis of 
simple mechanical systems. Topics to be treated are 
(a) statics of particles, rigid bodies, and collections of 
rigid bodies including the concepts of contact and 
body forces, moments of forces, couples, free-body 
diagrams, equivalent force systems, centroids, equi-
librium conditions, and Coulomb friction, (b) kine-
matics of particles and rigid bodies including velocity,
acceleration, angular velocity, and angular acceler-
ation, and (c) kinetics including the concepts of 
moment of inertia, inertia force, and inertia torque 
and the principles of D'Alembert, impulse-
momentum, and work-energy as applied to planar 
motion of particles and rigid bodies.

Professional Examinations

50.101 General Studies I 
[Three lectures and one tutorial per week. Second 
half-year] 
A course that considers aspects of human develop-
ment; origins, societies, politics, human nature, 
and creativity.

50.111 Engineering Design 
[One lecture and one three-hour drawing office class 
per week] 
The elements of engineering draughting and graph-
ics. Introduction to the application of mechanics to 
the design of mechanical and structural components.

50.201 General Studies II 
[Three lectures and one tutorial per week. First half-
year] 
A course that gives some insights into the problems 
of contemporary society. Economic, ecological, social 
and resource constraints affecting the work of the 
engineer are examined as is the impact of technology 
and engineering on the environment and the future of 
society.

51.111 Introductory Process Engineering 
[Four lectures and one tutorial per week. First half-
year] 
Fluid properties and definitions. Hydrostatics and 
stability of floating bodies. Fluid flow, energy and 
continuity relationships. Viscosity. Compressible 
flow. Force and momentum relationship. Flow 
measurement. Dimensional analysis and similarity. 
Introduction to Turbomachinery. Material Balances 
with and without chemical reactions and with 
recycle. The first and second laws of thermodynamics. Energy balances in reacting and non-
reacting systems. Simultaneous mass and energy 
balances.

51.112 Process Thermodynamics and Fluids 
[Four lectures and one tutorial per week. Second 
half-year] 
Classical chemical thermodynamics including the 
concept of chemical potential, fugacity and activity; 
their applications to reacting systems. Thermodynamics of power and refrigeration cycles, and 
flow processes. Application of graphical methods 
to steady state mass and energy balances. Incom-
pressible Newtonian flow; turbulent flow; pumping 

51.121 Materials I 
[Three lectures and one tutorial per week. First half-
year] 
Mechanical properties and testing of engineering 
materials; atomic and structural aspects; deformation 
and strengthening mechanisms; annealing; working 
processes; temperature dependent properties of 
materials; microstructures; solidification and phase 
equilibria; heat treatment; non-destructive testing; 
corrosion; non-metallic materials including poly-
mers, wood, ceramics and concrete.

51.211 Heat Transfer Operations 
[Two lectures and one tutorial per week] 
Heat Transfer by conduction and radiation. Heat 
transfer by diffusion and convection; convection 
correlations; boiling and condensation heat transfer; 
heat exchanger operation and design. Evaporator 
types; sizing performance; multiple effect evapo-
rator; vapour recompression. Drying equipment; 
drying mechanisms; simultaneous heat and mass 
transfer; drying curves and applications.

51.212 Mass Transfer Operations 
[Two lectures and one tutorial per week] 
Mass transfer operations; phase equilibria; single and 
multistage processes; simple and multi-component
distillation; liquid-liquid and solid-liquid extraction; differential contact operations; gas absorption; combined heat, mass and momentum transfer; humidification and cooling towers; other transfer operations.

**51.222 Electrical Engineering Materials**
[Three lectures and one tutorial per week. First half-year]

**51.223 Materials IIA**
[Three lectures and one tutorial per week. First half-year]
A selection of topics in materials science and engineering normally including the following: kinetics of metallurgical reactions, imperfections and plastic flow, mechanical behaviour of materials, corrosion.

**51.224 Materials IIB**
[Three lectures and one tutorial per week. Second half-year]
A selection of topics in materials science and engineering normally including the following: solidification and casting, deformation processing, x-ray diffraction, the metallurgy and properties of engineering alloys.

**51.231 Chemical Engineering Design I**
[One lecture and one two-hour drawing office class per week]
Analysis of simple structures; design of steel beams, columns, trusses and reinforced concrete beams and footings; effects of earthquakes. The general specification of a process; alternative processing schemes; the basis for process selection; the development of precise heat and material balances and their subsequent updating as detailed design proceeds; the process flow diagram and description; a process of relevance to New Zealand will be chosen to illuminate this course and Chemical Engineering Design II. Students will be guided in the design of a holdup vessel and a pressure vessel for this process using all relevant standards.

**51.241 Advanced Chemistry A**
[Three lectures per week. First half-year]
Organic chemistry; industrial organic chemistry; analytical chemistry; chemical safety.

**51.242 Advanced Chemistry B**
[Three lectures per week. Second half-year]
Chemical kinetics; heterogeneous catalysis; electrochemistry; air pollution; biological chemistry.

**51.311 Process Control**
[Five lectures per week. First half-year]
Dynamic modelling of linear open-loop systems; transfer functions; linear closed-loop systems; analysis and control; control theory; stability analysis using root-locus and frequency response methods. Controller tuning; industrial application with simple and complex control systems.

**51.312 Particulate Technology**
[Two lectures per week]
A course on particulate technology, including characterisation of particles; fluid dynamics; analysis of separation processes; separation mechanisms; size reduction; particle size measurement; sedimentation; fluidisation; conveying; filtration; packed beds; solid/solid separations; gas cleaning; agglomeration; storage; atomisation; mixing.

**51.313 Biochemical and Reactor Engineering**
[Two lectures per week first half-year. Three lectures per week second half-year]
The constraints of thermodynamics and kinetics; effects of temperature and pressure on process rate. Batch and continuous stirred tank models as they apply to homogeneous reactions; limitations of the models and the use of residence time analysis. Heterogeneous reactions. Introductory principles of biochemistry and microbiology. Industrial applications; enzyme reactions; fermentations; membrane processing; applications of biochemical engineering to selected process industries.

**51.321 Materials III**
[Three lectures per week. Second half-year]

**51.331 Chemical Engineering Design II**
[One lecture and one three-hour drawing office class per week]
Plant start-up and the need for ancillary process piping. General problems of materials transportation; safe design and hazard analysis; single risk and double jeopardy principles; reliability of components; sequence controllers, venting and fire control; pumps, compressors and ejectors; their specification; structure of the chemical industry; plant commissioning and start-up; legal requirements including obligations to the public; the employer and the profession; basis of contract law, common law and patent law; environment, health, air and water pollution legislation; engineering economics and overall cost estimation. Students will develop the example given in Chemical Engineering Design I to include pipe, valve and instrument schedules, a pipe and instrumentation diagram, a hazard analysis, an environmental impact.
Faculty of Engineering, Degree Prescription, BE

A student is required to submit a report on project work carried out on a topic assigned by the Head of Department of Chemical and Materials Engineering. The work shall be supervised by a member of the staff.

52.111 Mechanics of Materials
[Three lectures and one tutorial per week. Second half-year]
Stress, strain and stress/strain relationships; application of these concepts to simple structural members. Properties of civil engineering materials.

52.121 Fluid Mechanics I
[Two lectures and one shared tutorial per week. First half-year]

52.131 Introductory Geology for Engineers
[Three lectures and one shared tutorial per week. First half-year]
Principles of physical and structural geology; seismology and elementary stratigraphy. Petrology and mineralogy of the common rocks, rock groups and rock forming minerals. Geological surveying and mapping. Geology of water supply and the general application of geology to Civil Engineering.

52.141 Structures I
[Two lectures and one shared tutorial per week] Analysis of determinate structures; approximate analysis of indeterminate structures, plastic analysis of framed structures; appreciation of structural systems.

52.151 Surveying
[Two lectures and one shared tutorial per week. Second half-year]
Introduction to land surveying theory and practice for Civil Engineers. Principles of typical surveying equipment and of its operation and application.

52.211 Properties of Materials and Design
[Three lectures and two hours drawing office per week]
The analysis and design of components of civil engineering structures. Further properties of civil engineering materials.

52.221 Fluid Mechanics II

52.231 Geomechanics I

52.241 Structures II
[Two lectures and one shared tutorial per week] Analysis of indeterminate structures by force and displacement methods. Moment distribution and moment area methods for framed structures. Analysis of frames subject to dynamic loads.

52.271 Traffic and Highway Engineering
[Two lectures and one shared tutorial per week] Basic elements of intersection and highway capacity, intersection design, signal control design, theoretical analysis of traffic flow. Introduction to traffic and transportation planning. Transport in NZ. Highway location, geometry and alignment design. Earthwork volumes. Setting out works. Pavement design. Roading materials. Construction techniques.

52.301 Special Topic in Civil Engineering
[Three lectures and one tutorial per week. Second half-year]
A course on a topic in Civil Engineering to be determined each year by the Head of Department of Civil Engineering.

52.311 Mechanics and Properties of Materials
[Three lectures and one tutorial per week. Second half-year]
A selection of topics from the following: Elasticity and plasticity; experimental methods; beams, plates and shell theory; stability of structural sections, analysis of joints; shear walls and deep beams; civil engineering materials; further material
on traditional materials as well as information on modern advances.

52.321 Hydrology
[Two lectures and one tutorial per week. First half-year]
Introduction to hydrology, precipitation, interception, evaporation, transpiration, infiltration, groundwater, runoff and hydrographs, storage, flood estimation and flood routing, soil erosion. Elements of river control work. Introduction to concepts of coastal engineering.

52.322 Fluid Mechanics III
[Three lectures and one tutorial per week. Second half-year]
Introduction to the generalised form of equations of motion and to concept of potential flow. Introduction to flow through porous medium and application of potential flow techniques to analysis of flow through porous media, unsteady groundwater flow and leaky aquifers, intrusion of salt water. Introduction to the theory of water waves, wave forces and coastal processes. Introduction to the elements of dispersion and diffusion into water and atmosphere.

52.323 Water Resources Engineering
[Three lectures and one tutorial per week. Second half-year]
Introduction to synthetic hydrology, reservoir capacity and yield analysis, design of flood control structures, irrigation and drainage, urban drainage, introduction to coastal engineering, water resources systems engineering, and related topics.

52.331 Geotechnical Engineering
[Two lectures and one tutorial per week. First half-year]

52.332 Geomechanics II
[Three lectures and one tutorial per week. Second half-year]
A selection from the following:

52.333 Engineering Geology
[Three lectures and one tutorial per week. Second half-year]
Geological principles applied to engineering problems.

52.341 Structures III
[Three lectures and one tutorial per week. Second half-year]
Direct stiffness method for truss and frame structures; energy theorems; approximate methods for asymmetrical buildings, multibeam bridges, simple cable networks and shell structures.

52.361 Civil Engineering Design I
[Two lectures and one two-hour drawing office class per week. First half-year]
Civil Engineering design with emphasis on concrete and steel structures involving continuity.

52.362 Civil Engineering Design II
[Two lectures and one two-hour drawing office class per week. Second half-year]
Introduction to further design techniques including structures in which seismic considerations are important.

52.371 Traffic Systems Design
[Three lectures and one tutorial per week. Second half-year]
Signal control design, linking and area control. Traffic management techniques. Driver characteristics and safety. Traffic control devices and design application. Design of parking and street lighting. Introduction to traffic flow and queuing theory, systems simulation and applications.

52.381 Civil Engineering Administration
[Two lectures and one tutorial per week, first half-year. Three lectures and one tutorial per week, second half-year] An introduction to financial, legal and managerial principles, and their application to problems in civil engineering management. Systems approach to decision making. Topics related to professional engineering practice.

52.382 Management Techniques
[Three lectures and one tutorial per week. Second half-year]
Introduction to project planning and the making and implementation of decisions.

52.383 Accounting for Engineers
[Three lectures and one tutorial per week. Second half year] An introduction to the principles of accounting practice.
52.391 Public Health Engineering
[Two lectures and one tutorial per week. First half-year]

52.392 Water Quality Engineering
[Three lectures per week. Second half-year]
Chemistry and microbiology of water. Unit operations and process design in water and waste-water treatment. Engineering management of natural water quality.

52.393 Maritime Engineering
[Three lectures and one tutorial per week. Second half-year]

53.111 Electrical Engineering IIG
[Three lectures and one tutorial per week. Second half-year]
An introductory course, with principal emphasis on electric circuit theory and electronics.

53.121 Networks
[Two lectures in the first half-year, one in the second half-year and one tutorial per week]

53.131 Electronics I
[Two lectures and one tutorial per week. Second half-year]

53.141 Power Apparatus and Systems I
[Two lectures and one tutorial per week. First half-year]

53.204 Electrical Engineering Design
[Three hours per week]

53.211 Electrical Engineering IIS
[Two lectures and one tutorial per week. First half-year]

53.222 Networks and Signals
[Three lectures and one tutorial per week. First half-year]
Bridge circuits; resonance, Q, gain bandwidth considerations, tuned coupled circuits; Laplace transforms; pole-zero diagrams and applications; Two Port coupling networks; filter design using Image Parameters, frequency and impedance transformation; filter design using appropriate methods; active filter design. Signal levels and logarithmic units, signal spectrum and transmission in band limited channels, modulation techniques, electrical noise.

53.251 Transmission Lines and Fields
[Three lectures and one tutorial per week. Second half-year]
Vector analysis revision; static fields; the electric field and materials; fields varying in time; Maxwell's equations; electromagnetic waves; Poynting's theorem; skin effect; exact and approximate solution of field problems. Transmission lines with distributed constants; surges on lines; AC lines; standing waves, resonance and antiresonance; Smith chart; common transmission lines, parameters, higher order modes; high frequency lines, communication lines and high power lines.

53.231 Electronics II
[Two lectures and one tutorial per week]
Digital: binary codes, code conversion; binary number conventions, 2's complement; binary arithmetic operations, addition, subtraction, multiplication; computer basics, microprocessors, typical structures, memory elements, peripheral devices. Analogue: Y parameters for passive and active circuits; feedback amplifiers, instrumentation amplifiers; sample and hold circuits, A/D and D/A conversion; thyristor-controlled rectifiers and inverters, line computed converters.

53.241 Power Apparatus and Systems II
[Three lectures and one tutorial per week. Second half-year]
53.271 Control Systems
[Three lectures per week. First half-year]

53.301 Project in Electrical Engineering
[Six hours per week in the first half year, seven in the second half year]
A student is required to submit a report on project work carried out on a topic assigned by the Head of the Department of Electrical and Electronic Engineering. The work shall be supervised by a member of the staff. The report shall carry the weight of three papers.

53.302 Advanced Electrical Engineering A
[Three lectures per week. First half year]
Two modules chosen from the following list of three:

Advanced Electronics A. High frequency device models; transient and frequency response of basic amplifier configurations; power amplifiers; stability and frequency response of feedback amplifiers; oscillators; mixers; computer-aided active network analysis.

Power Systems. Power system components; control of power and frequency; reactive power and voltage control; introduction to load flow and fault analysis; steady state, transient, and dynamic stability; AC and DC power transmission; protection; load forecasting and management; reliability.

Communication Systems. Modulation techniques, AM and FM; antennas, gain, beamwidth, aperture, radiation pattern, arrays; propagation, broadcasting, ionospheric, microwave, tropospheric; electrical noise, noise figure, noise in cascaded networks; introduction to digital techniques, sampling theorems, anti-aliasing, linear and log-PCM, quantization-noise; wideband techniques, FDM, TDM, TDM-PDM.

53.303 Advanced Electrical Engineering B
[Three lectures per week. First half year]
Two modules chosen from the following list of three:

Advanced Electronics B. Topics selected from: Linear voltage regulators; switch-mode regulators; Cuk converter; difference amplifiers; operational amplifiers; phase locked loops; A/D and D/A conversion; sample and hold circuits; charge-coupled devices; opto-electronics; transducers; integrated circuit techniques.

High Frequency Systems. VHF/UHF/microwave systems; instrumentation and measurement techniques, transmission lines and distributed circuit elements; devices and components; antennas; propagation; noise and system dynamic range.

Microprocessors and Control. Proportional control using a microprocessor; sampling considerations; D/A and A/D conversion; stability considerations; integral control; the digital integrator; proportional and integral control; 3-term digital controller; computer control; z-transforms; discrete data systems; controller design for microprocessor systems.

53.304 Special Topic in Electrical Engineering
[Three lectures per week. Second half year]
An advanced course on a topic to be determined each year by the Head of the Department of Electrical and Electronic Engineering.

53.311 Applied Electricity
[Three lectures per week. Second half-year]
A course on electrical and electronic components and circuits leading to the study of industrial instrumentation, control systems and application of electrical energy.

53.312 Electrical Engineering for Civil Engineers
[Three lectures and one tutorial per week. Second half-year]
A descriptive introduction to electric power, generation, transmission and distribution systems. Three phase theory and practice. Elementary theory of the induction motor, its control, and practical applications in civil engineering systems. Electrical safety and regulations. Concepts of instrumentation in engineering; transducers, digital logic and systems; aspects of solid state devices, analogue computers and applications; microprocessors and microcomputers; control systems; telemetry in instrumentation.

53.321 Applied Network Synthesis
[36 lectures]

53.331 Semiconductors
[36 lectures]
Review of properties and conduction processes in
semiconductor materials; the PN junction, diode DC and small — and large — signal models, diode charge control model, diode devices; transistors, principles and modelling of bi-polar and field effect devices for small — and large — signal operation, switching characteristics, switching models, power devices including thermal and second-breakdown characteristics; measurement of model parameters; special devices; noise models.

53.332 Very Large Scale Integrated (VLSI) Circuit Engineering
[Three hours per week. Second half year]

53.341 Advanced Power Systems
[Three hours per week. Second half year]

53.351 Advanced Communication
[Three hours per week. Second half year]

53.362 Microwave Engineering
[Three hours per week. Second half year]

53.371 Advanced Control Engineering
[Three hours per week. Second half year]

53.381 Computer Engineering
[Three hours per week. Second half-year]
Computer design: system configuration, computer instructions, timing and control, execution of instructions, design of registers, control. Microprogramming, control algorithm driven design, engineering considerations. Memory and storage: memory management, memory devices, mass-storage systems. Microcomputer system design: 8 bit, 16 bit devices. Bit slice system realisation: computer design using bit slice.

53.390 Power Semiconductor Applications
[Three lectures per week. Second half-year]
Power devices and device physics; thyristors, GTOs, transistors, FETs, IGTs. Conversion processes: AC-DC, DC-DC, DC-AC, UPS, switched mode power supplies.
DC motor drives: thyristor control, chopper control.
AC motor drives: current source inverters, voltage source inverters.
Motor control techniques: inverter control, reduced voltage starters.
Drive system economics.

54.111 Engineering Mathematics I
[Three lectures and one tutorial per week]
Basic algebra and calculus of elementary functions of a real variable, introduction to complex arguments, linear algebra and matrix methods, geometrical properties such as curvature and arc length, power-series and indeterminate forms, differentiation and integration. Application to engineering problems will be stressed and assisted by curve sketching in rectangular and polar forms and by numerical methods.
Ordinary differential equations including first order, second order constant coefficient and elementary simultaneous equations. Introduction to Laplace transforms.
Partial differentiation, evaluation of multiple integrals, introduction to Fourier series.
Statistical and probabilistic methods, sampling theory, estimation and confidence intervals, regression and correlation, exploratory data analysis.
Problem solving, formulation and representation of algorithms, the FORTRAN language, use of the undergraduate computer system.

54.112 Engineering Mathematics II
[Two lectures and one tutorial per week]

54.211 Engineering Mathematics II
[Two lectures and one tutorial per week]
Ordinary differential equations: summary of solution methods, complementary function and particular integral, system form, numerical solution including
Euler and Runge-Kutta methods, variation of parameters, series solution, introduction to Bessel functions.

Linear algebra: review of matrices and linear equations, computer-oriented solution methods, coordinate transformations, linear vector spaces, systems of O.D.E.s, eigenvalues and eigenvectors, iterative methods, applications to vibrations, beams, etc., linear programming, simplex procedures, applications and modelling in L.P. form.

Partial differential equations: introduction, derivation of one-dimensional heat and wave equations, numerical solution of heat equations, review of Fourier series, separation of variables technique, boundary conditions, Laplace equation in rectangular and polar coordinates, application to heat flow, vibration to a membrane, etc.

Vector analysis: scalar and vector fields in two and three dimensions, gradient, divergence and curl, line and surface integrals, applications to engineering problems.

54.212 Engineering Mathematics IISA
[Three lectures and one tutorial per week, first half-year]

54.213 Engineering Mathematics IISB
[Three lectures and one tutorial per week, second half-year]

54.241 Continuum Mechanics I
[Two lectures in the first half-year, three in the second half-year, and one tutorial per week]
Vector and tensor analysis; analysis of stress and strain; constitutive relations and field equations; analytical and numerical solutions of problems in fluid mechanics and linear elasticity; finite difference and finite element methods. Open channel flow.

54.251 Operations Research I
[Two lectures and one tutorial per week]
Linear programming, simplex and revised simplex methods, duality and dual simplex, sensitivity and post-optimal analysis, modelling and applications. Digital computer simulation, Monte Carlo methods, statistical design and analysis of simulation experiments; introduction to queuing theory; applications of simulation especially to waiting-line problems.

54.251 Engineering Science Design
[One lecture and one two-hour drawing office class per week in the first half-year; three contact hours per week in second half-year]
Analysis of simple structures; design of steel beams, columns and trusses and reinforced concrete beams: effects of earthquakes.

54.301 Special Topic in Engineering Science A
[Three lectures per week. First half-year]
An advanced course on a topic to be determined each year by the Head of the Department of Theoretical and Applied Mechanics.

54.302 Special Topic in Engineering Science B
[Three lectures per week. Second half-year]
An advanced course on a topic to be determined each year by the Head of the Department of Theoretical and Applied Mechanics.

54.303 Project in Engineering Science
[Equivalent in weight to one elective paper. Normally done in the second half-year]
An investigation carried out under the supervision of a member of staff on a topic assigned by the Head of the Department of Theoretical and Applied Mechanics. A written report on the work must be submitted. No final examination. Grade assessed on the work done and the report.

54.312 Engineering Mathematics III A
[Three lectures per week. First half-year]
A course in advanced engineering mathematics including such subjects as variational calculus, partial differential equations, integral transforms, and statistics.

54.313 Engineering Analysis A
[Three lectures per week. First half-year]
An approved choice of three modules from a list prepared each year by the Head of the Department of Theoretical and Applied Mechanics. The list will include modules from the subject areas of Engineering Mathematics, Computational Techniques, Engineering Statistics, Mechanics and Operations Research.

54.314 Engineering Analysis B
[Three lectures per week. Second half-year]
An approved choice of three modules from a list prepared each year by the Head of the Department of
Faculty of Engineering, Degree Prescriptions, BE

Theoretical and Applied Mechanics. The list will include modules from the subject areas of Engineering Mathematics, Computational Techniques, Engineering Statistics, Mechanics and Operations Research.

54.315 Engineering Mathematics IIISB
[Three lectures per week. Second half-year]
A course in advanced engineering mathematics including such subjects as the theory and application of complex variables, integral transforms and integral equations.

54.321 Computational Techniques
[Three lectures per week. First-half year]

54.341 Continuum Mechanics II
[Two hours per week]
(a) Mechanics of solids including such topics as elastostatics in two and three dimensions, elastodynamics, thermoelasticity, principles of structural analysis, etc.
(b) Mechanics of fluids including such topics as potential flow, vorticity dynamics, boundary layer analysis and an introduction to compressible flow, turbulence, wave motion, and hydrodynamic stability.

54.343 Mechanics of Structures
[Three hours per week. Second half-year]
Such topics as the static, stability and dynamic analysis of framed structures, shells, membrane and cable structures.
Assignments will require a reasonable facility at computer programming.

54.351 Operations Research II
[Three hours per week. Second half-year]
Introduction to deterministic and stochastic models in such areas as inventory control, reliability, decision processes, scheduling; integer programming, including cutting planes and branch and bound techniques; dynamic programming with applications; network analysis, transportation and flow problems. (Professional practice of OR, case studies, and computer packages with applications will be covered in Engineering Science Laboratory)

54.352 Stochastic Methods in Operations Research
[Three hours per week. Second half-year]
The application of non-deterministic methods in Operations Research, including topics such as Markov processes, stochastic programming, time series analysis, forecasting.

54.361 Control Theory
[Three hours per week. Second half-year]
As for 53.371 Advanced Control Engineering.

55.101 Mechanics of Solids I
[Three lectures and one tutorial per week. First half-year]

55.102 Mechanical Engineering IE
[Three lectures and one tutorial per week. Second half-year]
Introduction to the fundamentals of thermodynamics, power cycles and heat transfer. Elementary stress analysis. Miscellaneous topics.

55.111 Thermodynamics and Fluid Mechanics I
[Three lectures and one tutorial per week]
Thermodynamic variables, thermostatic and hydrostatics. Integral equations of conservation of mass, momentum and energy, equations of state. Applications to turbomachinery, power and refrigeration cycles.

55.211 Thermodynamics and Fluid Mechanics II
[Two lectures and one tutorial per week]
Thermodynamic relations, dimensional analysis, advanced thermodynamic cycles. Integral equations of conservation of mass, momentum and energy, with application to energy conversion and heat transfer. Compressible flow in pipes and nozzles. Mixtures and solutions, combustion. Laminar and turbulent flow, elements of external flows.

55.221 Engineering Dynamics
[Three lectures and one tutorial per week. First half-year]
Kinetics of particles and rigid bodies: force and acceleration, work and energy, impulse and momentum. Motion in three dimensions, gyroscopic motion. Applications to machines, friction devices, balancing. Free and forced vibration of single degree of freedom systems. Damping. Multiple degree of freedom and continuous systems.

55.222 Control Engineering I
[Two lectures and one tutorial per week. Second half-year]
55.231 Industrial Administration
[Three lectures per week. Second half-year]
An introductory course for engineering students on the organisational, financial and human relations aspects of management theory and practice.

55.241 Mechanics of Solids II
[Three lectures and one tutorial per week. First half-year]
Analysis of stress and strain. Constitutive relations. Yield and fracture in metals. Bending of beams, elastic and plastic analysis of simple indeterminate beams and frames; torsion of shafts, non-circular and thin-walled sections; stability. Experimental stress analysis, testing methods; non-destructive testing.

55.261 Mechanical Engineering Design I
[One lecture and one two-hour drawing office class per week]
The concept, design and specification of machines, mechanical plant and structures. Relationship of production and design.
No final examination: Grade assessed on course assignments.

55.271 Production Technology I
[Three lectures and one tutorial per week. Second half-year]
An introduction to the casting process including metallurgical and thermodynamic considerations, casting design and quality control, casting economics and the selection of casting and moulding methods; bulk forming processes, selection of methods and tools; an introduction to sheet forming; metal cutting, machinability and tool life; friction and lubrication; surface finish, metrology and inspection; an introduction to CAD/CAM.

55.301 Project in Mechanical Engineering
[About six scheduled hours per week. Equivalent in weight to two elective subjects]
A comprehensive investigation and report on a topic assigned by the Head of the Department of Mechanical Engineering.
No final examination: Grade assessed on project report and year's work.

55.303 Special Topic in Mechanical Engineering
[Three lectures per week. Either first or second half-year]
An advanced course on a topic to be determined each year by the Head of the Department of Mechanical Engineering.

55.311 Applied Fluid Mechanics
[Three lectures per week. First half-year]

55.312 Applied Aerodynamics
[Three lectures per week. Second half-year]

55.321 Control Engineering II
[Three lectures per week. First half-year]
Classical linear control theory as applied to mechanical and other relevant systems: an introduction to state-space methods and to digital control techniques.

55.322 Mechanical Vibrations
[Three lectures per week. First half-year]

55.323 Microprocessors in Mechanical Control Systems
[Three lectures per week. Second half-year]
An introduction to modern control methods as applied to mechanical and other systems. Digital control algorithms and state-space techniques. Incorporation of microprocessors into mechanical systems.

55.324 Acoustics
[Three lectures per week. Second half-year]

55.331 Industrial Engineering
[Three lectures per week. First half-year]
An introduction to the problems associated with effective industrial management and the techniques used to solve them. The course considers both the human and technological aspects of productivity improvement procedures, applied to NZ Industry.

55.332 Manufacturing Systems
[Three lectures per week. Second half-year]
An introduction to current concepts in the design and operation of modern manufacturing systems. This includes the technological, economic and social aspects surrounding the use of computer integrated manufacturing and robotic systems.

55.333 Engineering Economics
[Three lectures per week. Second half-year]
A course intended to familiarise the student with the financial aspects of engineering management. Emphasis will be placed on topics such as alternative forms of costing, budgeting and profit planning, breakeven analysis, transfer pricing, replacement and
maintenance policies, make or buy decisions and project cost estimation.
Techniques of evaluating project and capital equipment expenditure, including consideration of the sociological and environmental factors, will be studied, for both private and public sector investments.

55.341 Mechanics of Deformation Processing
[Three lectures per week. First half-year]
Elastic stress analysis, theory of macroscopic and microscopic plasticity, strengthening mechanisms, fatigue, fracture, creep; visco-elasticity and behaviour of polymers; composites; selection of engineering materials.

55.342 Strength of Materials
[Three lectures per week. First half-year]
Analysis of stress and deformation in flat plates, axisymmetric shells, pressure vessels; structural frames; thermal stresses; stress waves in solids; failure analysis (including case studies).

55.351 Thermal Engineering
[Three lectures per week. First half-year]
Energy resources: their use and consequent environmental impacts. Economics of energy conversion. Engine cycles, emissions. Heat and mass transfer and applications: heat exchanger and drier design.

55.352 Applied Thermodynamics
[Three lectures per week. Second half-year]

55.361 Mechanical Engineering Design II
[Two lectures and one two-hour drawing office class per week]
No final examination: Grade assessed on course assignments.

55.371 Production Technology II
[Three lectures per week. Second half-year]

**Practical Work**

1. Before enrolling for papers of the Second Professional Examination, candidates for the BE Degree are required to have completed to the approval of the Faculty of Engineering a recognised course in Workshop Practice. A candidate who has attended a similar course elsewhere before enrolling at the University of Auckland may apply to the Faculty for that course to be approved. Candidates who have been exempted by the Senate from the First Professional Examination are not required to complete a course in Workshop Practice.

2. (a) Except as otherwise provided, candidates may not be admitted to the degree until they have obtained approved practical experience in workshops and engineering works for at least 1200 hours.

   It is expected that they will undertake such practical experience during Summer vacations and that they will have completed at least one period of such work before enrolling for papers of the Second Professional Examination. All practical work must be approved by Faculty and shall meet the requirements of the appropriate department as set out in the current School of Engineering Handbook.

   (b) The first period of practical work should permit candidates to become familiar with engineering processes and trade skills, particularly those appropriate to the branch of engineering being followed. Subsequent periods shall be related to the particular branch of engineering and may include work of a sub-professional nature. It is expected that the experience gained will be as broad as possible. The advice of the appropriate departmental member of the Practical Work Committee of the Faculty of Engineering may be sought before employment is accepted.

   (c) At the conclusion of each period of practical work a candidate must submit to the Faculty: (i) a certificate signed by the employer showing the type of work carried out, the dates covered, the number of hours worked and the standard of attendance and performance; (ii) a satisfactory report on the work performed. Official certificates and instructions on the form of report required may be obtained from the School of Engineering office. Reports shall be submitted not later than 31 July following completion of the work period. They will then be assessed and graded. Only in exceptional circumstances will late submissions be accepted.

   (d) The Faculty of Engineering may approve the reduction in the 1200 hours practical work requirement for candidates who have been exempted by the Senate from the First Professional Examination. Any such reduction will depend on the nature and extent of employment undertaken before enrolment in the BE Degree Course. Evidence of such work may be required. In all cases at least one report on a total work period of not less than 400 hours must be sub-
Candidates must make application in writing to the Faculty by 1 April in the year of first enrolment in order to ascertain the requirements that must be fulfilled in each case. They are advised to consult a member of the Practical Work Committee of the Faculty of Engineering before submitting such application.

**Laboratory and Field Work**

1. Laboratory work related to papers of the First and Second Professional Examinations of the course is undertaken in integrated programmes designated First Professional Laboratories and Second Professional Laboratories.

2. In order to gain the formal recognition of having completed the laboratory work necessary for admission to the degree, a candidate shall attend the First Professional Laboratory and Second Professional Laboratory courses, carry out the experiments and submit reports, to a required standard.

3. Laboratory work related to papers of the Third Professional Examination is an integral part of each paper. A candidate's satisfactory attendance and performance, including the submission of reports, forms a part of the requirement for a pass in each paper.

4. Candidates taking the papers Surveying and Traffic and Highway Engineering shall, to a required standard, undertake Field Work, including the submission of reports.

5. As part of their Degree course, candidates may be required to go on field trips to study engineering plant and works. The requirements in respect of such plant visits will be specified each year.

50.431 Project D (Value two papers)

A candidate may take the equivalent of three single paper projects. For example, a candidate may take Projects A, B, and C, or Project D and one of Projects A, B, and C. A candidate is required to submit a report on each project carried out. These projects may include design studies, a survey and evaluation of modern advances in a branch of engineering, a small experimental or theoretical research project, the development of a new design procedure, the development of a computer package.

51.411 Advanced Process Control

51.412 Chemical Engineering Seminar

A graduate course on a topic or topics from the advanced fields of fluid mechanics, transport phenomena, heat transfer, particulate technology, chemical reactors and fuel technology.

51.413 Studies in Chemical Engineering

An advanced course on topics to be determined each year by the Head of the Department of Chemical and Materials Engineering.

51.414 Biochemical Engineering Seminar

A graduate course on selected topics in biochemical engineering, biological reactors, fermentation, protein processing and enzymology.

51.415 Advanced Chemical Engineering

An advanced course on selected topics such as fluid flow, rheology, heat transfer, mass transfer, separation processes.

51.421 Advanced Materials

An advanced course on selected topics in materials science or materials engineering.

51.422 Materials Seminar

A graduate course on a topic or topics in the field of materials to be determined each year by the Head of the Department of Chemical and Materials Engineering.

51.423 Studies in Materials Engineering

An advanced course on topics to be determined each year by the Head of the Department of Chemical and Materials Engineering.

52.401 Special Seminar in Civil Engineering A

An advanced course on a topic to be determined each year by the Head of the Department of Civil Engineering.

52.402 Special Seminar in Civil Engineering B

An advanced course on a topic to be determined each year by the Head of the Department of Civil Engineering.

52.411 Mechanics and Properties of Materials Seminar

Special topics selected from recent developments in the mechanics and properties of selected materials used in civil engineering.

52.421 Fluid Mechanics Seminar

Special topics selected from fluid dynamics, water resources engineering, statistics and numerical methods.

52.422 Advanced Fluid Mechanics

Selected topics from applied fluid mechanics and hydraulics.

52.423 Coastal Engineering

Waves, wave theories, wave forces on structures. Breakers, tsunamis, flow induced oscillations, resonance problems, tidal estuaries. Sediment transport by waves. Topics from coastal and harbour engineering.
52.424 Advanced Water Resources
Selected topics from hydrology and water resources engineering.

52.431 Earthquake Engineering

52.432 Geomechanics Seminar
Advanced studies of recent developments in theoretical soil mechanics.

52.433 Applied Geomechanics
Application of the principles of soil mechanics, rock mechanics and engineering geology to practical problems in civil engineering.

52.434 Earth Structures
The stability, deformation, design and construction of earth structures.

52.441 Structural Dynamics

52.442 Structures Seminar
Selected topics from recent developments in structural analysis and design.

52.443 Structural Analysis
Analytical methods for some or all of the following structures: space frames and grids, shear wall systems, folded plant structures, bridge superstructures. Solution techniques will include approximate methods, matrix and computer methods. Optimisation techniques and computer-aided design may also be included.

52.444 Space Structures
Selected topics in the analysis of space structures such as cable structures, plate and shell structures. Special consideration for stability, elasticity and plasticity may also be included.

52.451 Environmental Law
See prescriptions for LLB, paper 25.313

52.451 Structural Design
Design philosophies. Special considerations in steel, reinforced concrete, prestressed concrete and masonry structural design. The background to and the use of design codes.

52.471 Traffic Engineering
Design and capacity of highways and intersections, motorways and interchanges, weaving sections and rotaries. Traffic control and safety. Accident studies and analyses. Co-ordination of traffic signals and area traffic control. Travel and delay studies. Planning and design for pedestrian and vehicular traffic. Large-scale parking.

52.472 Transportation Engineering Seminar
Selected topics from recent developments in the planning and design of transport facilities and systems.

52.473 Transportation Planning

52.474 Transportation Systems Analysis
Selected analytical techniques taken from: probability and statistics, queuing theory, simulation, linear and dynamic programming, network flow and allocation algorithms, as applied to the planning and design of transport facilities. Characteristics of transport systems and urban structure. Economic evaluation of transport projects. Transport systems planning techniques applied to urban planning.

52.481 Project Management A
Planning, organisation and control of large engineering projects.

52.482 Case Studies in Project Management
Analysis of the management of some large engineering projects currently in hand or recently completed.

52.483 Project Management B
Estimating and cost control, contracts and decisions.

52.491 Public Health Engineering Seminar
Selected topics from water and wastewater engineering pollution control.

53.401 Studies in Electrical and Electronic Engineering A
53.402 Studies in Electrical and Electronic Engineering B
Advanced courses on topics to be determined each year by the Head of the Department of Electrical and Electronic Engineering.

53.432 Electronic Circuits and Systems
A graduate course covering state of the art topics in Advanced Electronics including: computer aided circuit analysis; non-linear circuit concepts; oscillators; mixers; power amplifiers; stability; noise.
360

Faculty of Engineering, Degree Prescriptions, ME

53.441 Heavy Current Electronics
Selected topics in the utilisation of thyristor devices in industrial electrical engineering applications.

53.451 Digital Signal Processing
Z-Transform, discrete Fourier Transform, Fast Fourier Transform, hardware implementation and noise analysis. Digital filters; design techniques, hardware implementation and noise analysis. Signal coding techniques, bandwidth compression, and transmission impairments, with emphasis placed on voice and picture transmission.

53.452 VHF and UHF Radio Communication
A course concerned with the planning and design of VHF and UHF Radio Communications Systems. Consideration will be given to analogue and digital systems, and both mobile and point-to-point services.

53.461 Electromagnetic Theory
Selected topics in electromagnetic theory. The emphasis is on mathematical analysis.

53.471 Advanced Control Systems
Theory of modern control systems with emphasis on optimization techniques for both deterministic and stochastic processes. State space modelling of dynamic systems and choice of suitable performance criteria. Examples of applications and discussion of computational problems.

53.482 Microprocessors and Minicomputers
Review of computer basics including the CPU, memory, I/O. Microprogrammed control of CPU. Hardware design, software design, development systems, assembly and high-level languages, top-down approach. Compilers, assemblers and linkers. Case study of development of a microprocessor-based product.

53.442 Studies in Continuum Mechanics A
Graduate courses in Continuum Mechanics covering topics in the mechanics of solids and fluids and other continua.

54.441 Studies in Continuum Mechanics B
Graduate courses in Continuum Mechanics covering topics in the mechanics of solids and fluids and other continua.

54.451 Studies in Operations Research A
54.452 Studies in Operations Research B
Graduate courses in recent developments in Operations Research and applications.

54.453 Advanced Systems Analysis
A graduate course on a selection of topics from systems analysis and operations research. This subject cannot be credited if 54.251 or 54.351 have previously been credited towards a degree.

54.454 Random Processes
A graduate course in the theory and application of discrete and continuous random processes including topics such as queuing models, Markov processes, information theory, Monte Carlo simulation, turbulence and random vibration.

54.461 Studies in Control Theory
A graduate course in modern Control Theory including such topics as optimal control, stochastic and nonlinear systems.

54.481 Geothermal Modelling
A study of mathematical methods currently used in geothermal reservoir engineering, and an introduction to the computer modelling of geothermal flows.

54.491 Bio-engineering
An introduction to the application of engineering principles and methods in biomedical research. Mechanical properties of living tissue: constitutive laws, structure/function relationships, myocardial and lung mechanics, haemodynamics. Biological control mechanisms. Electrophysiology. Instrumentation and measurement: principles and applications.

54.401 Studies in Engineering Science
A graduate course on topics to be determined each year by the Head of the Department of Theoretical and Applied Mechanics.

54.411 Studies in Engineering Mathematics
A graduate course in Mathematics applied to Engineering problems on such topics as the theory of ordinary differential equations, partial differential equations, perturbation methods, advanced numerical analysis, etc.

54.421 Finite Element Methods
A graduate course on finite element formulations and applications to problems such as stress analysis, seepage, heat transfer and fluid flows.

54.422 Nonlinear Optimisation
A study of theoretical conditions for optimality in nonlinear optimization and numerical methods for the solution of systems of nonlinear equations and constrained and unconstrained optimization problems including the nonlinear least squares problem.

55.401 Studies in Mechanical Engineering
[Either half-year]
An advanced course on topics to be determined each year by the Head of the Department of Mechanical Engineering.

55.411 Fluid Dynamics
[First half-year]
Equations of fluid motion, laminar duct flow, laminar boundary layers and free shear layers, structure of turbulence, turbulent duct flow and turbulent shear layers.

55.412 Aerodynamics
[Second half-year]
Thin-airfoil theory, distributed singularity methods,
lifting-line and lifting-surface theory, vortex lift; computation of boundary layers, prediction of drag and separation; bluff body flows, wind loading.

55.422 Mechanical Control Systems
[Second half-year]
A selection of topics from modern control theory, directed towards the application of appropriate techniques in the description and simulation of mechanical systems. Emphasis will be placed on a structured approach to the analysis of control systems.

55.431 Manufacturing Analysis
[First half-year]
Manufacturing engineering topics and advanced concepts of manufacturing analysis. Topics include industry studies, production management, CAD/CAM, manufacturing systems, automation quality assurance, reliability and economics.

55.432 Manufacturing Automation and Robotics
[Second half-year]
Advanced, yet practical automation measures for manufacturing industry, with major emphasis on flexible automation and industrial robots. Analytical aspects and application concepts, economics and case studies are considered, as well as general factors.

55.433 Manufacturing Management
[Second half-year]
A participative course of lectures and simulation exercises on topics including maintenance, production control, productivity measurement, quality control, purchasing, research and development of manufacturing projects. The material will be presented as a series of interactive manufacturing management problems for student evaluation.

55.441 Mechanics of Materials
[First half-year]
Theory of elasticity: equations of elasticity, stress functions, energy theorems, stress waves, elastic instability.

55.442 Stress Waves and Vibrations
[Second half-year]

55.452 Reciprocating Internal Combustion Engines
[Second half-year]
Combustion processes; calculations for Diesel and Otto cycles, including turbocharging; ideal, fuel-air and real cycles; use of alternative fuels as supplements or replacements.

55.471 Production Technology
[First half-year]

55.472 Metal Forming
[Second half-year]
Plasticity, analysis of deformation processes, application of upper bound and slip line field techniques to bulk forming of metals. Properties and behaviour of sheet metals, anisotropy, strain mapping, determination of forming limits.

55.491 Heat Transfer Analysis
[First half-year]
Analytical and numerical methods for solving problems of heat transfer by conduction, radiation and convection.

55.492 Convective Heat Transfer
[Second half-year]
Conservation equations for mass, momentum and energy; laminar flow in ducts; forced laminar boundary layer flows; turbulent flow in ducts; forced convection turbulent boundary layers; natural convection boundary layers; natural convection in enclosures.

55.493 Geothermal Heat and Mass Transfer
[Second half-year]
The application of the principles of heat and mass transfer to geothermal energy technology. Topics include transmission of geothermal fluids within the reservoir and through pipe networks; heat exchangers; condensers; waste heat rejection; economic considerations.

86.401 Geothermal Systems and Technology
Scope of geothermal projects, features of geothermal systems, properties of geothermal fluids. Introduction to geothermal exploration, production and utilization technology. Reservoir engineering, economics, environmental and legal aspects. Case histories.

Either

86.402 Geothermal Production Technology
Drilling technology and completion tests, fluid transmission, thermodynamics and fluid mechanics of geothermal fluids, well operation and analysis. Reservoir modelling and assessment, corrosion and deposition, materials.

Or

86.403 Geothermal Energy Utilisation

DEGREE COURSE REGULATIONS

ELAM SCHOOL OF FINE ARTS
The Elam School of Fine Arts offers the Bachelor of Fine Arts degree of four years' duration, and the Master of Fine Arts Degree of two years' duration. Courses of study for each of these degrees involves a proportion of Studio activities and theoretical studies which can be varied to accommodate the needs of individual students.

Bachelor Of Fine Arts (BFA)
All students entering the first year of the BFA course take a common programme which consists of practical studio activities conducted in the School of Fine Arts and two papers presented by the Department of Art History. Usually the studio sessions are held in the morning from 9 am – 1 pm and the Art History study in the afternoons between 2 pm and 4 pm.
The first year studio programme consists of assignments and concentrated workshop sessions in design, drawing, painting, photography, printmaking and sculpture. The first year class is divided into smaller groups for these workshop periods, which operate on a rotating basis through the various sections of the School. Upon the completion of the first year, some degree of specialisation is normally expected. It is also possible to vary the proportion of practical to theoretical studies by selection of either Option I (Studio emphasis), or Option II (Theory emphasis). Regular seminars and personal tutorials are essential features of the courses, as are Studio Theory papers dealing with historical, critical and technical topics.

Master Of Fine Arts (MFA)
Any person wishing to enrol for the Degree of Master of Fine Arts shall have passed the final-year of the Bachelor of Fine Arts course with a grade higher than B-.
Two course options allow the proportion of practical to theoretical studies to be varied. Studio work will consist of a practical performance in an aspect of painting, sculpture, printmaking, photography or design. Candidates are required to submit a course outline of their proposed programme to the Dean prior to 31 March.
Graduate students are expected to base their activities in their studios during School hours, and to participate in a series of seminars. In addition they are required to present a dissertation on a topic other than the main subject of their studio work, and to present an exhibition of their work at the end of the final year.

THE DEGREE OF BACHELOR OF FINE ARTS
BFA OPTION I AND OPTION II

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations:

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Fine Arts shall
   (a) follow a course of study of not fewer than four years, taking either Option 1 or Option II prescribed in these regulations and
   (b) pass four Professional Examinations.
2. In these Regulations:
   'Papers' includes Studio I, Studio II, Studio III and Studio IV.
   'Prescribed or approved papers' in relation to any candidate means the following papers:
   Studio Theory: 27.201–27.208, 27.211–27.216, 27.301
   Art History I: 19.151, 19.152

1985 Calendar

Any other paper (or the equivalent credits) (i) prescribed for the Degree of BA, BSc or any other Degree and (ii) approved by the Head of the Department of Fine Arts for the course of that candidate for this Degree and by the Head of the Department in which the paper is taken.

3. The subjects of Examination for the Degree shall be:

Option I
First Professional Examination 6 papers, consisting of:
(i) Studio I: 27.150 having the value of 4 papers, and
(ii) Art History I: 19.151, 19.152.

Second Professional Examination 9 papers, consisting of:
Either (a) (i) Studio II: 27.250 having the value of 6 papers and (ii) three prescribed or approved papers.
Or (b) (i) Studio II: 27.251 having the value of 7 papers and (ii) Two prescribed or approved papers.

Third Professional Examination 9 papers, consisting of:
Either (a) (i) Studio III: 27.350 having the value of 6 papers and (ii) Three prescribed or approved papers.
Or (b) (i) Studio III: 27.351 having the value of 7 papers and (ii) Two prescribed or approved papers.

Fourth Professional Examination 9 papers, consisting of:
Either (a) Studio IV: 27.450 having the value of 9 papers
Or (b) (i) Studio IV: 27.451 having the value of 7 papers and (ii) Two prescribed or approved papers.

Option II
First Professional Examination 6 papers, consisting of:
(i) Studio I: 27.151 having the value of 4 papers; and
(ii) Art History I: 19.151, 19.152.

Second Professional Examination 9 papers, consisting of:
Either (a) (i) Studio II: 27.252 having the value of 3 papers; and (ii) Six prescribed or approved papers.
Or (b) (i) Studio II: 27.253 having the value of 4 papers; and (ii) Five prescribed or approved papers.

Third Professional Examination 9 papers, consisting of:
Either (a) (i) Studio III: 27.352 having the value of 3 papers; and (ii) Six prescribed or approved papers.
Or (b) (i) Studio III: 27.353 having the value of 4 papers; and (ii) Five prescribed or approved papers.

Fourth Professional Examination 9 papers, consisting of:
(i) Studio IV: 27.452 having the value of 6 papers; and (ii) Three prescribed or approved papers.

4. All students will be required to make a formal submission of work in Studio, or to fulfill the course work in any subject or tutorial as may be determined by the Faculty from time to time. A student who fails to comply with these requirements may be declined permission to sit the final examination.

Studio
5. In each Professional year work for Studio shall consist of:
(a) a formal submission of work at the conclusion of each study period; and
(b) a final formal submission of work; which may include written examination papers, as required by the Dean of the Faculty.

6. A candidate shall be required to pass as a whole each Professional Examination consisting of more than one subject, so that his performance in all the papers of the Examination shall be considered; provided that
(a) a candidate who has failed to pass any such Examination as a whole may, at the discretion of the Senate, be credited with a paper or papers of that Examination, and permitted in a subsequent year to take the papers not so credited; and
(b) a candidate who does not pass the Second Professional Examination as a whole, but is credited with a paper or papers of that Examination may, if the Senate permits, take with the papers being re-presented for that Examination a paper or papers for the Third Professional Examination.

7. In respect of every prescribed or approved paper prescribed for a Degree other than this (that is, every paper taken for this Degree other than Studio I, II, III and IV and the papers in Studio Theory) a candidate shall be required to comply with all regulations applicable thereto for the Degree of BA, BSc or other Degree (including all prerequisites, corequisites and restrictions).

Revocations
8.(1) The course of every candidate shall be governed by these Regulations.
(2) The Regulations governing the Degree of Bachelor of Fine Arts last published in the University of Auckland Calendar for 1974 are hereby revoked.
(3) The Regulations governing the Diploma in Fine Arts and the Diploma in Fine Arts (Honours) respectively, last published in the University of Auckland Calendar for 1974 are hereby revoked.

9. These regulations shall come into force on 1 January 1975.
Second Year; Part II: Studio VI 27.650 having the value of four papers. A candidate shall carry out work satisfactory to the Dean of the School of Fine Arts within an individually planned programme approved by the Head of the Department including the presentation of an exhibition of his work and an adequate printed catalogue thereof not later than 1 November in the year in which the work is undertaken or such later date as may be approved by the Head of the Department.

Option II
First Year; Part I: (a) Art History IV: Two papers approved by the Head of the Department of Fine Arts being either two papers chosen from 19.400-19.410, or one paper chosen from 19.400-19.410 and one of the papers prescribed for Art History III not already credited to the Degree of Bachelor of Fine Arts; provided that papers 19.305 and 19.401 may not both be taken for this Degree or
(b) Any two prescribed or approved papers not already credited to the Degree of Bachelor of Fine Arts.

First Year; Part II: Studio V 27.551 which shall have the value of three papers. A candidate shall carry out work satisfactory to the Dean of the School of Fine Arts within an individually planned programme approved by the Head of the Department including the presentation of an exhibition of his work and an adequate printed catalogue thereof not later than 1 November in the year in which the work is undertaken or such later date as may be approved by the Head of the Department.

Second Year; Part III: One of the following which shall have the value of three papers:
(a) Thesis 19.601 on a special topic of Art History approved by the Head of the Department of Art History, or
(b) Thesis 27.601 on a special topic related to the candidate's programme of work for Studio V and approved by the Head of the Department of Fine Arts.

4. (1) No candidate taking Option I shall take Studio VI without having first passed in Studio V unless the Head of the Department permits the work for Studio V to be examined with the work for Studio VI in the second year of the course.
(2) A candidate taking Option II shall not take Art History IV unless he has either passed 8 papers in Art History including three Stage III papers or complied with such prerequisites as the Head of the Department of Fine Arts may otherwise prescribe for him.
(3) In respect of any prescribed or approved paper taken in Option II and prescribed for a Degree other than this, a candidate shall be required to comply with all Regulations applicable thereto for that other Degree (including all prerequisites, corequisites and restrictions).

Savings and Transitional Provisions
5. (1) Except as otherwise provided in this Regulation, the course of every candidate shall be governed by these Regulations.
(2) The Regulations governing the Degree of Master of Fine Arts which were last published in the University of Auckland Calendar for 1974 (in this Regulation called "the old Regulations") are hereby revoked.
(3) A candidate who began the course for the Degree of Master of Fine Arts in 1974 shall be entitled to the following credits:
(a) If he passed Art History IV and Studio IV under the old Regulations and chooses Option I, he shall be credited with Studio V and one prescribed or approved paper.
(b) If he passed Art History IV under the old Regulations and chooses Option II, he shall be credited with Art History IV.

Honours
6. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions: First Division and Second Division.
(b) Honours shall not be awarded if the papers in the first year in which a candidate is examined in Art History for this Degree are unsatisfactory or if either the work in Studio V, VI, or the thesis at its first presentation is unsatisfactory: provided that, subject to the provisions of paragraph (c) of this Regulation, a candidate whose performance at the written examination has been seriously impaired by illness (certified as under the aegrotat Regulations) may elect, instead of applying for an aegrotat award, to present himself at a subsequent written examination and still be eligible for the award of Honours.
(c) A candidate shall be eligible for the award of Honours only upon completion of the requirements for Honours within three years of his first enrolment for this Degree; but this period may be extended in exceptional circumstances by the Senate.

7. These Regulations shall come into force on 1 January 1976.
DEPARTMENT OF ART HISTORY

Art History I
(Two papers).
19.151 Renaissance Art to c.1520
19.152 Western Art from c.1840 to the present day.

Art History II
(Three papers).
19.259 Topics in 18th and early 19th Century Art.
Prerequisites: 19.151, 19.152.
19.260 Topics in Baroque Art
19.261 Topics in 17th and Early 18th Century Art in Northern Europe.

Art History III
(Three papers).
19.301 Special Topic in Medieval Art
To be prescribed by the Head of Department.
19.302 Mid-19th Century Painting in France and Britain
19.304 Dürer and his Sources and Influence
19.305 New Zealand Art (General)

*19.306 Special Topic in Western Art after 1500

19.307 Art in the USA, 1945 to the present day

19.308 Topics in early 20th Century Art (Sculpture)
For 1984: 20th Century Sculpture.

19.309 Women in Art

19.310 Topics in 17th Century Graphic Art
Prerequisites: Two of 19.251-19.253, or two of 19.257-19.261

Art History for MFA

19.400 Topics in 17th Century Drawing
19.401 Topics in Australian and New Zealand Art (advanced)

*19.402 Special Topic in Western Art before 1600
To be prescribed by the Head of Department.

*19.403 Watteau and his Sources and Influence
19.404 Film Studies
19.405 Nicolas Poussin and 17th Century Classicism.

Note: A candidate who has been credited with a pass in 19.303 may not take this paper.

19.406 Art Historiography

*19.407 A Topic in Medieval Art
19.408 A Topic in 19th Century Art
19.409 Topics in The Theory of Modern Art
19.410 Topics in 19th and 20th Century Sculpture

ELAM SCHOOL OF FINE ARTS

In celebration of the University Centenary, the name of the School reverted in 1983 to Elam School of Fine Arts, acknowledging John Edward Elam who, when he died in 1888, bequeathed funds to establish an art school in Auckland. Elam School of Art & Design opened in 1890 in rooms at the Auckland Art Gallery, with E. W. Payton its first Director. The School quickly became an important influence on the artistic life of the city, becoming registered in 1900 and adding evening classes in 1902. A new building in Rutland Street provided space for the growing School from 1914, and in 1925, A. J. C. Fisher was appointed Director, remaining in that post until his death in 1959. During the mid-30s the School moved to more spacious accommodation in the Old Grammar School in Symonds Street, using the Old Newton West Primary School after the January 1949 fire. In 1950, the school became part of Auckland University College, and began offering Diploma courses. The First Chair of Fine Arts was established in 1961 and Professor Paul J. Beadle was appointed. In 1962, the School moved to its present building in Whitaker Place. Degree courses began in 1967, and in 1968 a
separate Department of Art History was established. Professor Jolyon D. Saunders became Head of the Faculty of Fine Arts in 1977 when Professor Beadle assumed the first Personal Chair in Fine Arts. The Elam School of Fine Arts Centenary will be celebrated in 1990.

### Studio Theory

#### 27.201 Art Critique
The objective is two fold; (a) to foster the student’s ability to formulate and communicate concepts and opinions about art; (b) to know what is at present happening in the art community. Written reviews of contemporary art events, such as exhibitions in the city, and verbal participation during meeting sessions are essential components of the paper.

#### 27.202 Comparative Studies
A reading/seminar programme concerned with ideas, philosophy and attitudes.

#### 27.203 Design Methodology
The study of methods used in the collection and collation of information, the recognition, analysis and description of complex problems, and the generation and presentation of solutions.

#### 27.204 Two-Dimensional Development
The evolution and communication of ideas and information through drawings and diagrams based on formal conventions.

#### 27.205 History of 19th Century Photography
#### 27.206 History of 20th Century Photography

### 27.214 Oceanic Arts Studies
A seminar programme that introduces Fine Arts students to the living traditions of material and performing arts in Oceania, with an emphasis on Maoritanga.

#### 27.215 Theory and Practice of Painting

### 27.216 Workshop Practice
Special Topics in painting, sculpture, printmaking, photography or design approved by the Head of the Department.

#### 27.207 Special Topic
#### 27.208 Special Topic
#### 27.211 Special Topic
#### 27.213 Special Topic

### 27.301 Professional Practice for Designers
Business methods and procedures commonly used by professional designers; topics may include:
- Preparation of a portfolio
- What to expect after graduation
- Correspondence
- Reports and report writing
- Fee structure
- Estimating fees, fee letters and contracts
- Business structure
- Setting up an office
- Running an office
- Budgeting (overheads etc.)
- Securing work and clients
- Accountants and taxation
- Design and the Law
- Ethics
- Design organisations
- Special topics related to the individual student’s requirements.

### Studio for BFA

#### Studio I

**Option I 27.150 and Option II 27.151**
Exploration of those disciplines which are fundamental to the development of the artist and designer. Basic elements of two and three-dimensional design (space, shape, line, rhythm, texture) and the varied properties and qualities of colour and light. The creative potential and characteristic limitations of various media such as wood, stone, plastic, metal, glass and pigment. Methods of techniques such as welding, casting, print-making, painting, and photographic media. Observation and analysis of the structure of the natural world and human environment. Drawing as an expressive means of communication, and as a vital stimulus to personal development.

#### Studio II

**Option I 27.250, 27.251 and Option II 27.252, 27.253**
Individually planned programme as approved by the Dean of the Faculty of Fine Arts, with content related to the student’s requirements, for example, drawing and one or more of the following: painting, printmaking, photography, sculpture and design. Advanced experimentation in techniques and materials.

#### Studio III

**Option I 27.350, 27.351 and Option II 27.352, 27.353**
Development of Studio II in selected fields.

#### Studio IV

**Option I 27.450, 27.451 and Option II 27.452**
Development of Studio III in selected fields.

### Studio for MFA

#### Studio V

**Option I 27.550 and Option II 27.551**
The candidate’s programme shall be a practical performance in some aspect of the fine arts. The proposed programme shall be submitted for approval to the Dean of the Faculty of Fine Arts by 31 March.

#### Studio VI

**Option I 27.650**
The work in Studio VI may be in an aspect of the fine arts other than that approved for Studio V. The pro-

---

1985 Calendar
posed programme shall be submitted for approval to the Dean of the Faculty of Fine Arts by 31 March.

**Thesis for MFA**

**Option II** Either

**19.601**

A thesis on a topic in Art History, to be approved by the Head of the Department of Art History. The thesis must be submitted to the Registrar by 1 November or

**27.601**

A thesis shall embody the results obtained by the candidate of an original investigation or advanced study relative to the candidate's programme in Studio V. The proposed topic shall be submitted for approval to the Dean of the Faculty of Fine Arts by 31 March.

**Notes:**

*This paper will not be taught during the current Calendar year.
†This paper may not be taught during the current Calendar year.
‡Not all electives will be available in a given year.

SCHOOL OF MEDICINE

The medical Course in the University of Auckland is of six years’ duration. The degree of Bachelor of Human Biology (BHB) is awarded upon satisfactory completion of the first three years. Ultimately the course leads to the degrees of Bachelor of Medicine and Bachelor of Surgery (MBChB).

Bachelor of Human Biology
The three year curriculum in Human Biology presents the relevant current knowledge over a spectrum that ranges from molecular levels to levels that integrate the human responses to environment, drugs, and disease. During the first year, courses in Biology, Chemistry and Physics provide the language and concepts needed for the understanding of the applications of these sciences in medical biology. Biochemistry, immunobiology, and selected aspects of anatomy and physiology are introduced. The course in Behavioural Science begins, covering appropriate aspects of human psychology and sociology. Opportunities are provided for hospital visits where lectures and case presentations relate the basic and clinical sciences. During the second and third years, the course presents a detailed analysis of human structure and function, of the ways in which body mechanisms are disturbed, and of the ways in which disturbances are corrected. Fundamental biochemical and physiological mechanisms — largely expressed at cellular levels — and their structural bases are considered first, then the principal organ systems. The study of the locomotor and nervous systems, of the complex control of body activity, metabolism and nutrition, of reproduction and growth, and of fundamental aspects of Pathology and Pharmacology form further major units of the course. Over this period, the course in Behavioural Sciences advances, and students maintain a continuing study of the growth and progress of a normal child. Admission to the first year of the course is restricted to those students who intend to complete the six year Course for entry into the medical profession.

Bachelor of Medicine and Bachelor of Surgery
The clinical triennium follows qualification for the award of the Degree of Bachelor of Human Biology. The Auckland Hospital Board has made available for teaching purposes all hospitals under its control; at present instruction has been arranged at the four major hospitals — Auckland, Green Lane, Middlemore and National Women’s Hospitals. The Waikato Hospital Board also provides teaching facilities at Waikato Hospital for students.

Subjects studied include Medicine, Surgery, Obstetrics and Gynaecology, Paediatrics, Pathology, Immunobiology, Behavioural Studies, Psychiatry, Clinical Pharmacology, General Practice and Community Health together with their main sub-specialities. During their final year Trainee Interns are expected to undertake some supervised responsibility for the care of patients.

The Clinical Methods course of six weeks duration introduces the students to the clinical examination of patients particularly physical examination and history taking. This is followed by an introductory series of lectures and symposia preceeding the sequence of ward attachments in the next two years. These practical studies in hospital wards and outpatient clinics enable the student to observe and increasingly participate in the care of patients with diverse health problems in the general and special fields of medicine and surgery. During formal instruction emphasis is placed on topic teaching in which a particular disease or health problem is studied in its various aspects — medical, surgical, pathological and social.

During the Clinical Course students spend a proportion of their time in elective studies, that is pursuing in depth, subjects of particular interest to them. They also serve a period in general practice under the direction of family doctors.

Masters Degrees
All departments undertake graduate teaching in Medicine and one year Masters courses are available.

Master of Human Biology (MHB)
This degree is undertaken after completion of BHB and usually before commencement of studies for MBChB. The degree can be taken in any of the basic medical science departments. Like comparable courses in other Commonwealth Universities (BMedSc, BSc(Med) etc) it offers a year of advanced study and supervised research in a restricted field of medical science.

Master of Medical Science (MMedSc)
is a one-year Masters degree that may be taken in clinical subjects after completion of the second year of the MBChB. Both these are supervised research degrees embodying both papers and a thesis.

Doctoral Degrees. Doctor of Philosophy (PhD)
All departments undertake graduate teaching for the research Degree of Doctor of Philosophy (PhD) in accordance with the regulations of the University.
Doctor of Medicine (MD)
This is offered as a non-supervised research degree by thesis alone and may not be submitted until five years after graduation MBChB. The degree is usually based on clinical research work which may be undertaken outside the University. It is normally available to graduates of the University of Auckland and, under the Ad Eundem Admission Regulations to graduates of other medical schools who are working as members of the University of Auckland teaching staff.
Candidates do not enrol in the normal fashion but at an appropriate stage in their research seek the recommendation of the Faculty to enrol for the degree. Faculty’s recommendation is based on a preliminary review of the topic, the methods involved in the investigation and the contribution of this work to medical knowledge. Permission to submit the thesis may be obtained after the work is completed or before it is undertaken but there is a five year upper limitation of time between permission to submit and the actual submission of the thesis.

Diplomas
Diploma courses are offered in the Postgraduate School of Obstetrics and Gynaecology and by the department of Paediatrics. All clinical departments are associated with the basic and advanced vocational training for the examinations and diplomas offered by the various colleges.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF HUMAN BIOLOGY

BHB

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Except as provided in the Admission Regulations a candidate for the degree of Bachelor of Human Biology shall follow a Course of study of not fewer than three years.

Admission
2. (a) Admission to the Course of study in Human Biology shall be at the discretion of the Senate. Application for admission to the Course shall be made to the Registrar in writing before 1 October or such other date as the Senate may determine, of the year preceding that in which the applicant proposes to enrol.
(b) Admission to Part I of the Course of study shall be granted or withheld upon a consideration of the past performance of the applicant at school and in public examinations, and upon an interview where this is required.
(c) In such exceptional circumstances as the Senate may approve or under the Admission Ad Eundem Statum Regulations, admission may be granted to an applicant to Part II or Part III.

Course Content
3. The Course of study shall consist of three Parts. A candidate shall be required to pass as a whole each Part of the Course of study: provided that a candidate, who re-enrols for a Part of the Course of study having failed to pass it as a whole at the first attempt, may be allowed to carry out, to the satisfaction of the Heads of Departments concerned, alternative work in lieu of the work in that Part where his previous performance was satisfactory.* For the purpose of assessing the grade of this candidate as a whole for a Part of the Course of study the Senate may approve that the satisfactory pass grade in that previous work be carried forward.
*Normally a B-grade or better.
4. Except as provided in Regulation 2 (c) hereof no candidate shall be permitted to enrol in Part II of the Course until he has passed Part I, or in Part III until he has passed Part II.
5. A candidate shall carry out to the satisfaction of the Senate such practical written and tutorial work in each Part of the Course of study as may be required.
6. The papers prescribed for examination for the Course of study in Human Biology are:

Part I
Biology 60.100, 60.101, 60.102
Physico-Chemistry 60.103, 60.104, 60.105
Behavioural Science I 60.108

Part II
Anatomy 60.205
Biochemistry 60.206
Physiology (Medical) II 60.207
Behavioural Science II 60.208

Part III
General Pathology 60.301
Neurolocomotor Systems 60.302, 60.303
Human Reproduction and Development 60.304
Physiology (Medical) III 60.305
Pharmacology 60.306
Behavioural Science III 60.308

7.(a) The Senate may in such exceptional cases as it thinks fit approve a personal Course of study which does not conform to the foregoing Regulations.
(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.
8. These Regulations shall come into force on 1 January 1979.

THE DEGREE OF BACHELOR OF MEDICINE AND BACHELOR OF SURGERY
MBChB

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Medicine and Bachelor of Surgery shall before enrolment have qualified for admission to the Degree of Bachelor of Human Biology not more than one academic year previously, except where the Senate otherwise permits.
2. (a) Each candidate shall follow a Course of study of not fewer than three years.
   (b) No candidate shall be permitted to proceed to his second year of study until he has completed, to the satisfaction of the Senate, the work prescribed for his first year.
   (c) Each candidate shall follow his course of study for Part I and Part II continuously and where he fails to do so he may return to his course of study only with the approval of the Senate, and on such conditions as the Senate may determine.
   (d) No candidate shall be permitted to proceed to Part III before passing Parts I and II.

Practical Work
3. A candidate shall carry out to the satisfaction of the Senate, such practical and clinical work in each year of the course as may be required.

Course Content
4. The Course shall consist of three parts:

Part I (Year IV of the medical course)
Year Code: 90.100
Lectures, laboratory and practical work, and introductory clinical instruction in the diagnosis and management of patients in the hospital and the community and the provision of health services in the population at large. Disciplines taught will include Medicine, Surgery, Paediatrics, Obstetrics and Gynaecology, Psychiatry, Behavioural Science, Community Health, General Practice, Pathology and Clinical Pharmacology.
At the end of Part I (Year IV) there will be a composite examination consisting of two multi-disciplinary written papers and for nominated students an inter-disciplinary clinical and oral examination to determine academic and clinical competence to enter Part II.

Part II (Year V of the medical course)
Year Code: 90.200
Lectures, laboratory work and practical work, and further clinical instruction in all disciplines building on the work of Part I (Year IV), with increasing emphasis on special areas in Medicine and Surgery, and Pathology, to develop academic and clinical competence to enter Part III.
At the conclusion of Part II (Year V) there will be a major examination, comprising of (a) six multi-disciplinary written papers; (b) an inter-disciplinary clinical and oral examination in Medicine and Surgery and Pathology; (c) oral examinations in Community Health and Psychiatry; and (d) for nominated students; clinical and oral examinations in Paediatrics, Obstetrics and Gynaecology.

Part III (Year VI of the medical course)
Year Code: 90.300
Clinical work as a trainee intern and with responsibility for patients during a period of nine months together with a further three-month elective period.
5. (a) A candidate shall be deemed to pass Parts I and II of the course when the Senate so resolves after consideration of a report from the Faculty of Medicine and Human Biology, as to the candidate's performance and results in his work for those Parts.
(b) A candidate shall be deemed to have completed Part III successfully if he obtains passing assessments from each of the periods of that academic year. The candidate shall not be deemed to be qualified for admission to the Degree except upon a favourable recommendation of the Senate based on those assessments and on a general report by the Faculty of Medicine and Human Biology of the candidate's general performance throughout the course.

THE DEGREE OF MASTER OF HUMAN BIOLOGY

MHB

The personal Course of Study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of Study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

Note: Any student wishing to enrol for this degree must consult the Head of the appropriate Department and obtain his approval before attending to enrol. This consultation should normally take place prior to 1 December preceding the year of intended enrolment.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Human Biology shall before his enrolment for this degree have been admitted or qualified for admission to the Degree of Bachelor of Human Biology.

Course Content

2. Every candidate for the degree shall
   (a) pass the examinations, and
   (b) pass in respect of a thesis (which shall count as four papers) in one of the following subjects:
      65.405, 65.406 Anatomy (two papers and a thesis 65.601)
      63.403, 63.404 Behavioural Science (two papers and a thesis 63.601)
      66.405, 66.406 Biochemistry (two papers and a thesis 66.611)
      98.400, 98.401 Immunobiology (two papers and a thesis 98.601)
      68.403, 68.404 Pathology (two papers and a thesis 68.601)
      67.405, 67.406 Physiology (two papers and a thesis 67.601)
      96.400, 96.401 Pharmacology (two papers and a thesis 96.601)

Thesis

3. The following conditions shall apply to the thesis:
   (a) The Senate shall appoint a supervisor for the candidate upon the recommendation of the Head of Department.
   (b) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject.
   (c) In the case of a thesis recording laboratory work, the Supervisor shall certify to the Registrar in writing that the laboratory work has been carried out within the University, or within such other institution as may be approved by the Senate for the purposes of this regulation. Laboratory work for the degree in Biochemistry shall be conducted in the Department of Biochemistry.
   (d) A candidate shall submit his thesis to the Registrar by 1 November in the year in which he first enrols for the degree or at such later date in that or the next year as may be arranged by the Head of Department in consultation with the Supervisor. An extension of time beyond two years from the date of first enrolment for the degree may in exceptional circumstances be approved by the Senate.
   (e) If the Supervisor, after consultation with the Head of Department and with the consent of the Assessor, so recommends, a thesis which is not considered satisfactory will be returned to the candidate, who may be permitted to revise and resubmit the thesis at a later date to be specified by the Head of Department after consultation with the Supervisor.

Note: An abstract is to be submitted with each copy of the thesis; see Examination Regulation 14.

Honours

4.(a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.
(b) Honours shall not be awarded if the papers in which a candidate takes an examination for the degree are unsatisfactory; provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or injury or exceptional circumstances beyond his control (certified under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination, so that he shall still be eligible for the award of Honours subject to the provisions of sub-clause (c) of this regulation.

(c) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within two years of his first enrolment for this degree provided that this period may be extended, in exceptional cases, by the Senate.

5. These regulations shall come into force on 1 January 1977.

THE DEGREE OF MASTER OF MEDICAL SCIENCE

MMedSc

The personal Course of Study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following Regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

Note: Any student wishing to enrol for this degree must consult the Head of the appropriate Department and obtain his approval before attending to enrol. This consultation should normally take place prior to 1 December preceding the year of intended enrolment.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Medical Science shall (a) before his enrolment for this Degree have passed year II of the course prescribed for the degree of Bachelor of Medicine and Bachelor of Surgery; and (b) follow a Course of study of not less than one year.

2. A candidate who is not devoting his full time to University study shall if the Senate so requires follow a two-year course of part-time study of such content as the Senate may prescribe.

Course Content

3. Every candidate for the Degree shall (a) pass the examinations, and (b) pass in respect of a thesis (which shall count as four papers) in one of the following subjects:

- 96.402, 96.403 Clinical Pharmacology (Two papers and a thesis 96.611)
- 91.400, 91.401 Community Health (Two papers and a thesis 91.601)
- 98.402, 98.403 Immunobiology (two papers and a thesis 98.611)
- 92.400, 92.401 Medicine (Two papers and a thesis 92.601)
- 47.400, 47.401 Obstetrics and Gynaecology (Two papers and a thesis 47.601)
- 93.400, 93.401 Paediatrics (Two papers and a thesis 93.601)
- 68.405, 68.406 Pathology (Two papers and a thesis 68.611)
- 94.400, 94.401 Psychiatry (Two papers and a thesis 94.601)
- 95.400, 95.401 Surgery (Two papers and a thesis 95.601)
- 90.400, 90.401 A Medical subject approved by the Senate on the recommendation of the Faculty of Medicine and Human Biology (Two papers and a thesis 90.601)

Thesis

4. The following conditions shall apply to the thesis:
(a) The Senate shall appoint a supervisor for the candidate upon the recommendation of the Head of the Department.
(b) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject.
(c) In the case of a thesis recording laboratory work, a supervisor shall certify to the Registrar in writing that the laboratory work has been carried out within the University, or within such other institution as may be approved by the Senate for the purposes of this Regulation.
(d) A candidate shall present his thesis in the same year as that in which he first takes his examination (if any) or with the consent of the Head of the Department and subject to paragraph (g) of this Regulation, in any subsequent year.
(e) The candidate shall submit his thesis to the Registrar by 1 November in the year in which it is presented or at such later date as may be arranged with the Head of the Department.

(f) If the supervisor with the consent of the Assessor so recommends a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to submit it again at a later date to be specified by the supervisor.

(g) No thesis shall be presented later than the third year after that in which the candidate first takes his examination for this Degree provided that this period may in special cases be extended by the Senate.

Note: An abstract is to be submitted with each copy of the thesis; see Examination Regulation 14.

5. A candidate shall not enrol for a subject which he has already passed for the Degree of Master of Science.

6. These Regulations shall come into force on 1 January 1972.

THE DEGREE OF DOCTOR OF MEDICINE

MD

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations.

General Provisions
1. Except as provided in the Admission Regulations, a candidate for the Degree of Doctor of Medicine shall hold the degree of Bachelor of Medicine and Bachelor of Surgery of the University of Auckland.

2. A candidate shall be required to present a thesis (90.701) in any branch of medicine or medical science. The thesis shall be specially written for the purposes and shall embody a critical account of original studies carried out by the candidate which may include previously published work.

3. No candidate shall submit a thesis for this Degree until at least five years after graduation to the degree of Bachelor of Medicine and Bachelor of Surgery.

Application to be Examined
4. A candidate shall make application in writing to be examined. The application shall be lodged with the Registrar. It shall state the title of the thesis to be examined and be accompanied by an outline of the proposed or actual scope of the work and the methods involved.

5. As soon as reasonably possible, the Faculty of Medicine and Human Biology shall examine the application and shall make its recommendation thereon to the Senate. The Senate shall then determine whether or not the application and the title and outline of the thesis should be approved.

Submission of the Thesis
6. The candidate shall (subject to Regulation 3) be required to submit the thesis by lodging three copies of it with the Registrar within five years of the date on which the Senate approves the title and outline of the thesis (or within such further time as the Senate may permit).

7. The thesis shall be accompanied by a Statutory Declaration which shall:
   (i) state the extent to which the thesis is based on the candidate's own work and identify as clearly as possible any parts which are not so based;
   (ii) state what portion (if any) of the thesis submitted has been previously presented for a degree or diploma; and
   (iii) declare that the thesis in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

Examination of the Thesis
8. On receipt of the thesis, the Senate, on the recommendation of the Faculty of Medicine and Human Biology, shall appoint two External Examiners (of whom at least one is resident outside New Zealand) and one Examiner who is a member of the teaching staff of the University of Auckland.

9. The duties of each Examiner shall be:
   (i) to report independently on the quality of the thesis and its value as a significant contribution to learning, and
(ii) to recommend whether or not the Degree should be awarded. Where the recommendation is that the Degree should not be awarded the Examiner may recommend that the candidate be permitted to resubmit the thesis at a later date.

10. The candidate may be required to take an oral or a written examination, or both, in the field of knowledge in which the thesis lies.

11. The reports of the Examiners shall be placed before the Senate which shall determine whether or not the Degree should be awarded.
PRESCRIPTIONS FOR BHB

Course of Study in Human Biology — Part I
Departments of Anatomy, Biochemistry, Cell Biology, Chemistry, Physics, Physiology, Psychiatry and Behavioural Science, Zoology.

Biology
(Three papers and practical work)
60.100, 60.101, 60.102
Cells, structure and physiology; form and function of animals; elementary microbiology; the history of the vertebrates; genetics; evolution; principles of ecology and behaviour; biology of primates.

Physico-Chemistry
(Three papers and practical work)
60.103, 60.104, 60.105
A study of the structure and properties of matter covering the following areas:
Organic Chemistry (nomenclature, structure, isomerism, functional group reactivity, fats, sugars, polymers).
Biochemistry (proteins, enzymes, polysaccharides, intermediary metabolism).
Analytical and Physical Chemistry (spectrophotometry, spectrometry, chromatography, radiochemistry, chemical energetics, solution chemistry, reaction kinetics).

Physics (mechanics, thermodynamics, fluids, surfaces, solids, electromagnetism, oscillations and waves, light and sound, modern physics).
Computing (computers in the medical environment, microcomputer operation, analysis of medical records).

Behavioural Science I
(One paper and practical work)
60.108
The first year of a new five-year “streamed” course to be phased in 1984-86, the aim of which is the acquisition and practical application of behavioural science knowledge to medicine. Year I focus: the healthy individual. Stream topics: (1) Psychology and Development, (2) Society, Culture and Environment, (3) Communication Skills, (4) Behaviour and Health, (5) Brain, Mind and Behaviour, (6) Methodology, (7) Problem-solving and Decision-making, (8) Integrative.

Course of Study in Human Biology — Part II
Departments of Anatomy, Biochemistry, Physiology, Psychiatry and Behavioural Science.

Anatomy
(1 paper and coursework)
60.205
The study of the microscopic and gross anatomy of the trunk and its organ systems.

Biochemistry
(2 papers and coursework)
60.206
Extension of subject matter taught in Part 1 and the biochemistry of major topics with particular reference to those relevant to medicine. This paper includes a section dealing with fundamental concepts in microbiology and cellular immunology.

Physiology (Medical) II
(2 papers and coursework)
60.207
The study of circulatory, respiratory, alimentary and renal function and associated topics.

Behavioural Science II
(One paper and practical work)
60.208
The study of development from conception through infancy, childhood, adolescence, youth, the working years, to old age. Behavioural and psychosocial factors in health and disease; stress; life styles; health-promotion. Communication and interpersonal processes. Topics in medical sociology. Brain and behaviour.

Course of Study in Human Biology — Part III
Departments of Anatomy, Biochemistry, Pathology, Physiology, Psychiatry and Behavioural Science, Pharmacology/Clinical Pharmacology.

General Pathology
(One paper and practical work)
60.301
A study of the principles of Pathology.

Neurolocomotor System
(Two papers and practical work)
60.302, 60.303
A study of the limbs and back and of the nervous system including the special senses.

Human Reproduction and Development
(One paper and practical work)
60.304
A study of the biology of human reproduction and sexuality; aspects of human genetics, foetal development, growth and ageing; biochemical aspects of endocrinology and nutrition.

Physiology (Medical) III
(Two papers and practical work)
60.305
A study of the integrated physiology of human organs systems including their control and the correction of disturbances of function.
Pharmacology
(One paper and course work)
60.306
This course covers the absorption, distribution and fate of administered drugs; drug toxicity and abuse; the evaluation of new drugs; and the mechanisms of action of drugs that affect the various homeostatic control systems of the body.

Behavioural Science III
(One paper and practical work)
60.308
Introduction to aspects of clinical practice, interviewing, counselling, human sexuality; assessment of normal and disabled persons; introduction to psychopathology.
An overall pass is required (coursework plus final paper).

PRESCRIPTIONS FOR MBChB
The duration of the course will be three years.

(MBChB Part I)
(Fourth year of the Medical Course)
Clinical Methods
An introduction to clinical medicine is provided during the first section of the first term. Methods of history taking and physical examination are demonstrated and practised by students. Students are also introduced to the principles underlying the application of laboratory techniques and organ imaging to solving of patients' problems. The disciplines of medicine, surgery, paediatrics, psychiatry, obstetrics and gynaecology, pathology and radiology (organ imaging) contribute to the course. Lectures, symposia, case demonstrations, tutorial teaching, and bedside instruction, all play a part in this section of the course.

Ward Attachments
During the first and second year of the Course, there are eight ward attachments, each of which is of four weeks duration. These ward attachments are not combined with Whole Class Teaching, so that each ward experience is uninterrupted. The first four of these ward attachments takes place in the first year. During the two years each student rotates through Paediatrics, Obstetrics & Gynaecology, and Psychiatry once each, through Surgery and Medicine twice each and once through a four-week period of Special Clinical Teaching which includes Geriatrics, Family Medicine, Dermatology, Ophthalmology and Radiology. During each ward rotation a discussion on the application of Behavioural Studies to clinical medicine takes place.

Campus Teaching
Between ward attachments there are periods of Campus Teaching. During this time the Community Health Programme in Occupational and Environmental Health, Epidemiology and Provision of Health Care is presented. Topic teaching covering Systems of Medicine and Principles of Obstetrics & Gynaecology, of Paediatrics and of Geriatrics appropriate to subsequent ward attachments is developed. Subjects appropriate to the topic teaching are covered in Pathology and Clinical Pharmacology programmes.

At the conclusion of the year there is a composite examination consisting of two written papers, and for nominated students only, a clinical/oral (viva) examination.

MBChB (Part II)
(Fifth year of the Medical Course)
The Combined Topic Teaching in the Systems of Medicine and Community Health is completed. Four four-week ward attachments, Paediatrics, Psychiatry, Obstetrics & Gynaecology, Surgery and Medicine are assigned. A number of symposia on topics not included in the Systems of Medicine are covered. These include Medico-legal aspects of practice, a short course in Ethics, management of head injuries, management of patients with malignant disease, alcoholism and aspects of rehabilitation medicine.

At the conclusion of the year, there is a composite examination consisting of six written papers, a clinical/oral and two (or if required, three) oral (viva) examinations.

MBChB (Part III)
(Sixth year of the Medical Course)
This is a trainee intern year of 52 weeks divided into four quarters of 12 weeks each and 4 weeks holiday. One of these quarters is an "Elective" period when the student may take optional training in special disciplines of medicine. A list of approved electives is provided from which to choose or students may generate new protocols.

The remaining 36 weeks are spent participating, under supervision, in the responsibility for the care of sick people in hospital and in the home. Assessment, including clinical and oral examinations where appropriate, of the student's progress will be made at the end of each assignment.
A salary will be paid to the trainee intern by the Hospital Board.

Community Health and General Practice
The Community Medicine Course covers selected topics in preventive medicine, health education, epidemiology and occupational health. The object is to emphasise the importance of prevention, and to give the student an understanding of the health service and how the various arms of the service, both hospital and community based, interact with the population. In Part II students undertake an investigation of some
aspects of community medicine which entails practical experience in dealing with health problems. Concurrently with the Community Medicine course there are a series of seminars and visits concerning Primary Health Care and General Practice.

In the Trainee Intern Year the students are attached to an approved teaching practice for four weeks, during which time they see patients and discuss their management with the general practitioner, attend house visits and take part in a weekly seminar conducted by a general practice member of the Department of Community Health and General Practice.

Gynaecology and Obstetrics
Gynaecology and Obstetrics will deal with the physiology, endocrinology and pathology of human reproduction and their application to the clinical practice of gynaecological and obstetric medicine. The teaching will emphasise the incorporation of the principles of this subject into total medical practice. The theoretical teaching will be included in whole class Topic Teaching during the first and second years of the course. Practical patient management will be taught during a four week ward attachment. During the third (Trainee Intern) year, there will be a six week attachment at National Women's Hospital, Middlemore Hospital, Waikato Hospital, or other selected base hospital. Within this period is a week of attachment to Neonatal Paediatrics.

Medicine
Various common medical diseases affecting different organ systems of the body will be considered with emphasis on their natural history, clinical presentation, methods of diagnosis, together with principles of treatment and prevention. Clinical clerkship will provide experience both in acute general medicine and, during the second year of the course, on selected aspects of different specialties within internal medicine. Tutorial teaching will play an important part in this teaching programme in which emphasis will be placed on the quality of the written as well as the verbal case presentations.

Paediatrics
The undergraduate course in Paediatrics commences with an interdisciplinary child development and family study in the second and third years of the course, in Human Biology. Patient-based teaching in Paediatrics is carried out in the hospital and community setting over the three years of the clinical course. Prevention of disease and the effect of disease on the developing child are emphasised in the departmental contribution to the course of lectures given in the first two years of the clinical course on the organic and psycho-social basis of ill health. At the end of this course of lectures students are examined in their knowledge and comprehension of the principles of Paediatrics. In the third year of the clinical course there is a period of trainee internship in Paediatrics which is mandatory and a term of elective study in the broad field of child health is offered.

Pathology
Teaching in Pathology commences in the third term of the third year of the course in Human Biology, and continues throughout the first, second and third years of the course for MBChB. Subjects under the aegis of Pathology include the Morphological Basis of Disease, Medical Microbiology, Haematology, Immunology, Chemical Pathology, and Forensic Medicine. During the first part of the first year of the Course for MBChB, the principles of pathology and microbiology are taught on the basis of the teaching in these subjects undertaken during the latter part of the course in Human Biology. During the remainder of the first year, and through the second year, the teaching in pathology is largely integrated with the teaching programmes of other clinical departments. An elective programme in pathology is available for periods of up to 3 months during the third year of the course.

Psychiatry and Behavioural Science
With a background in normal human behaviour and the neurosciences from the Human Biology course, students will receive instruction during the clinical triennium in psychopathology and in the application of the behavioural sciences to medicine. Psychiatry teaching, focussed on the diagnosis and management of patients with psychiatric and psychological disturbance, is incorporated in full time rotations combining theory and clinical work in the 4th or 5th and 6th years. The emphasis is on giving students a set of concepts and clinical skills to enable them to recognise psychological and psychiatric disorders in the practice of medicine in all its branches and a sound grasp of psychopharmacology. Behavioural Science teaching takes place in whole class sessions and ward seminars. It aims to continue at the applied clinical level the themes covered in the first three years as well as to prepare the student to recognise behavioural aspects of medical cases, and be able to plan appropriate behavioural medicine and psychosocial interventions in general medicine.

Surgery
Surgical diseases will be taught covering their natural history, pathology, methods of diagnosis (including special investigations such as radiology and clinical biochemistry), and general principles of treatment. Included in the surgical diseases will be those related to eye, ear, nose and throat, the musculo-skeletal system, the genito-urinary system, the nervous system and those related to plastic surgery. The theoretical teaching of these subjects will be done within the Topic Teaching course.
Clinical Clerkships will be required in general surgery and the special divisions of surgery listed above, including the Accident and Emergency Department. Theoretical and practical teaching in anaesthesia will be given. The examination in surgery will be part of the composite examination at the end of the second year together with assignments during the first and third years.

**PRESCRIPTIONS FOR MHB**

**Department of Anatomy**

65.405, 65.406, 65.601 The study of selected fields of Anatomy at an advanced level with detailed study of one particular field.

The thesis will be based on a research project and will be the major feature of the year's work. The topic must be arranged with the Head of the Department before the end of the preceding academic year.

**Department of Biochemistry**

(Two papers and a thesis)

66.405, 66.406, 66.611 The general study of Biochemistry at an advanced level with particular reference to topics of medical relevance.

Candidates for the Master's Degree should consult the Head of the Department as soon as possible after completion of course prerequisites in order to select a thesis topic and obtain advice on vacation reading. Research work for the thesis will be the major feature of the year's work and will be carried out in the Department. Attendance at departmental seminars and informal group discussions is obligatory.

**Department of Immunobiology**

(Two papers and a thesis)

98.400, 98.401, 98.601 The study of selected fields of Immunobiology at an advanced level with detailed study of one particular field.

The thesis will be based on a research project and will be the major feature of the year's work. The topic must be arranged with the Head of the Department before the end of the preceding academic year.

**Department of Pathology**

(Two papers and a thesis)

68.403, 68.404, 68.601 The study of selected fields of Pathology at an advanced level with detailed study of one particular field.

The thesis will be based on a research project and will be the major feature of the year's work. The topic must be arranged with the Head of the Department before the end of the preceding academic year.

**Department of Physiology**

(Two papers and a thesis)

67.405, 67.406, 67.601 The study of selected fields of Physiology at an advanced level with detailed study of one particular field.

The thesis will be based on a research project and will be the major feature of the year's work. The topic must be arranged with the Head of the Department before the end of the preceding academic year.

**Department of Pharmacology/Clinical Pharmacology**

(Two papers and a thesis)

96.400, 96.401, 96.601 The study of selected fields of Pharmacology and Clinical Pharmacology at an advanced level with detailed study of one particular field.

The thesis will be based on a research project and will be the major feature of the year's work. The topic must be arranged with the Head of the Department before the end of the preceding academic year.

**Department of Psychiatry and Behavioural Science**

(Two papers and a thesis)

63.403, 63.404, 63.601 The study of selected fields of Behavioural Science at an advanced level, with detailed study of one particular field.

The thesis will be based on a research project. An outline of the project must be submitted for the approval of the Head of the Department, before the end of the previous academic year after discussion with the Head of the Behavioural Science Section.
DIPLOMA COURSE REGULATIONS AND PRESCRIPTIONS

†DIPLOMA IN PAEDIATRICS

DipPaed

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Diploma in Paediatrics shall
   (a) enrol not later than 1 October or such later date as the Senate approves:
   (b) on 31 December following his or her enrolment for this Diploma have held a medical qualification registrable in New Zealand, for three years or more, or have been a graduate from the Central Medical School of Fiji for three years or more:
   (c) sit the examinations in the year following his enrolment.

Course Content

2. Every candidate for the Diploma shall
   (a) follow the prescribed course of study
   (b) before 30 June of the year in which he or she sits the examinations, have completed six months resident paediatric appointment in a hospital or hospitals approved for this purpose.

Examinations

3. The examinations for the Diploma shall be
   †(a) Written 93.404, 93.406
   †(b) Clinical
   †(c) Oral

4. These Regulations shall come into force on 1 January 1974.

Notes:
(i) † This Course will not be taught during the current Calendar year unless sufficient staff is available.
(ii) The Diploma in Paediatrics is a qualification which serves to recognise general medical practitioners who have been trained to manage the common paediatric abnormalities encountered in practice. The course is limited to two candidates in 1985 and preference for inclusion will be given to those practitioners who do not have easy access to paediatric consultant services. The prerequisite of at least a six months' appointment in an approved teaching hospital is mandatory.
   Approved teaching hospitals:
   1. Princess Mary Hospital for Children, Auckland and
   2. National Women's Hospital, Auckland
   (for a maximum of three of the six months required under the Regulations for the Diploma).
   This list may be extended or varied from time to time with the approval of Senate.
(iii) The examination for the Diploma will test knowledge and ability in the areas of Child Development, Preventive Paediatrics, and Management of Common disorders of childhood with emphasis on those aspects encountered in remote and medically developing areas.
   The examinations will normally be held in June each year at the School of Medicine.

POSTGRADUATE SCHOOL OF OBSTETRICS AND GYNAECOLOGY

Within the Department of Obstetrics and Gynaecology

The Department is situated at the National Women's Hospital, Claude Road, Auckland 3. In addition to training Auckland medical students there are extensive facilities for postgraduate education in obstetrics and gynaecology.
DIPLOMA IN GYNAECOLOGY AND OBSTETRICS
DipG&O

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. A candidate for the Diploma in Gynaecology and Obstetrics shall
   (a) enrol not later than 1 March for the June examination and 1 September for the December examination, or such later dates as the Senate approves; and
   (b) before sitting for Part 2 of the examination:
      (i) hold a qualifying degree or diploma approved by the Medical Council of New Zealand for four years and be registered in New Zealand or hold equivalent Commonwealth registration for three years, or
      (ii) be a medical diplomate of the Fiji School of Medicine of six years' standing; and
   (c) hold for at least one year the Diploma of Obstetrics of the University of Auckland or of Otago or of the Royal College of Obstetricians and Gynaecologists; and
   (d) have undertaken at least two years' training in the specialty of gynaecology and obstetrics in posts approved by the Royal College of Obstetricians and Gynaecologists provided that only one year of service at the Colonial War Memorial Hospital, Suva, shall count towards the total, and
   (e) prior to his acceptance for Part 2 of the examination, have submitted dissertations on an obstetrical and on a gynaecological subject which has been approved by the Head of the Department.

Notwithstanding anything in this Regulation, the Vice-Chancellor may on the recommendation of Senate relax or modify these conditions.

Examinations
2. The examinations for the Diploma in Gynaecology and Obstetrics shall consist of two parts which may be taken separately or together.

   Part 1 shall consist of a written examination (two papers), 47.101, 47.102 on reproductive biology and basic medical sciences as applied to gynaecology and obstetrics. The Part 1 examination may be taken during the training period specified above in 1 (d).

   Part 2
   (a) written (two papers), 47.103, 47.104
   (b) Clinical
   (c) oral.

The examinations shall be held at the Postgraduate School of Obstetrics and Gynaecology during June and December.

3. These regulations shall come into force on 1 January, 1972.

PRESCRIPTIONS FOR DipG&O

Part 1
The subjects covered by two papers will include basic sciences such as anatomy, biochemistry, cell biology, embryology, endocrinology, genetics, immunology, medical sociology, microbiology, pathology, pharmacology, physiology and elementary statistics. The examination will deal with those aspects of these subjects which should form part of the general education of any specialist and particularly those aspects which are applicable to obstetrics and gynaecology.

Dissertations
Candidates are advised to discuss the preparation of their dissertations with the Head of the Department at an early stage in their training period. Both obstetric and gynaecological dissertations are designed to give candidates the opportunity to study in detail conditions of their own choice and to express their own views based on personal experience and on a study of the literature. The dissertations should show clear evidence of ability to make use of a reference library and of the English language. Socio-medical topics may be particularly suitable for one or other of the dissertations. The dissertations should be accurately typed in good English and simply bound. In general the size of the dissertations should be in the order of 3000–4000 words each and credit will be given for original contributions.
Part 2

Two written papers
(a) Obstetrics, and such aspects of endocrinology, medicine, neonatal paediatrics and surgery as are relevant to the practice of obstetrics.
(b) Gynaecology, and such aspects of endocrinology, medicine, medical sociology and surgery as are relevant to the practice of gynaecology.

A clinical examination which will include presentation and discussion of obstetric and gynaecological cases. An oral examination in obstetrics and gynaecology. In this candidates should be prepared to discuss their dissertations, to be examined on applied anatomy, physiology and pathology, and to be shown radiographs, instruments, specimens and histological slides for comment.

DIPLOMA IN OBSTETRICS

DipObst

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. A candidate for the Diploma in Obstetrics shall
(a) enrol not later than 1 March for the June examination and 1 September for the December examination, or such later dates as the Senate approves;
(b) on 31 May preceding the June examination or on 30 November preceding the December examination
(i) have either held a registrable medical qualification for eighteen months or been a graduate from the Fiji Medical School for four years, or been a graduate from the Medical Faculty of the University of Papua New Guinea for four years, and
(ii) have held registrable medical qualification for at least seven years, and have submitted evidence of having personally conducted at least 300 deliveries, and have presented a certificate signed by the Head of the Department that the candidate has during the three years immediately preceding the examinations, attended an approved course of postgraduate instruction in obstetrics and family practice.

Note: The approved course should last for at least one week and may be taken after the candidate has enrolled but must be completed before sitting the examinations.

Notwithstanding anything in this Regulation the Vice-Chancellor may on the recommendation of Senate relax or modify these conditions.

Examinations
2. The examinations for the Diploma in Obstetrics shall be in three parts.
(a) Written (one three-hour paper - 47.500)
(b) Clinical
(c) Oral or objective structured Clinical Examination.
3. The examinations shall be held at the Postgraduate School of Obstetrics and Gynaecology during June and December each year provided that should there be sufficient candidates, examinations may be held elsewhere at suitable dates.

PRESCRIPTIONS FOR DipObst

This is a general practitioner qualification and serves to distinguish those general practitioners who have been trained to handle the common abnormalities encountered in obstetrical practice. A six months' resident appointment to the staff of a teaching obstetrical and gynaecological unit is required before candidates are allowed to sit the examination, but see also provision 1 (b)(ii) of the preceding regulations. Details of such appointments are available on application. With the object of encouraging medical practitioners who intend to carry out an obstetric practice modifications have been made to the Diploma regulations to bring these more in line with the Royal College regulations in England and to make it possible for medical practitioners to take

1985 Calendar
the examinations soon after their obstetric appointment during their first post-registration year. The new regulations also allow diplomates of the Fiji Central School of Medicine to take the examinations following a period of residence at an approved hospital.

The examinations shall include questions on the anatomy, physiology, pathology and management of normal and abnormal pregnancy, labour and puerperium, including the care of the new-born during the first month of life. In addition, the candidates will be required to have a knowledge of the physiology and pathology of medical gynaecology, including abnormal menstruation, amenorrhea and dysmenorrhea, endocrine therapy, abortions, infertility and contraception, ectopic pregnancies and moles, vaginal discharges, the diagnostic facets of malignancy, and such minor surgical procedures as may be encountered in a predominantly obstetrical practice.

The following are approved Hospitals for the purpose of Regulation 1(b)(i):

1. Auckland: National Women's with or without rotation to Middlemore and St Helens Hospital
2. Christchurch Women's
3. Dunedin
4. Invercargill: Kew Hospital
5. Lower Hutt
6. New Plymouth
7. Palmerston North
8. Rotorua
9. Waikato
10. Wanganui
11. Wellington
12. Whangarei
13. Any other hospital which meets the current criteria for approval during the full tenure of the post.
14. Any hospital recognised by the Royal College of Obstetricians and Gynaecologists or the Australian College of Obstetricians and Gynaecologists.

That approval of hospitals will be recognised on criteria of:

(i) Specialist and registrar staff in obstetrics, gynaecology and neonatal paediatrics.
(ii) The number of normal and abnormal patients attending the hospital clinics.
(iii) The provision of graduate teaching in antenatal, postnatal and gynaecological clinics, wards and delivery rooms, including teaching in neonatal paediatrics and family planning. The post must be a continuous one of six months.

HIGHER ACADEMIC TRAINING IN OBSTETRICS AND GYNAECOLOGY

(i) Membership of the Royal College of Obstetricians and Gynaecologists, the New Zealand College of Obstetricians and Gynaecologists, and the Australian College of Obstetricians and Gynaecologists

Resident posts providing specialist training suitable for the Membership examination are available at the National Women's and associated hospitals. A formal teaching programme for both Part I and part II examinations is provided for residents. Elective time post in neonatal paediatrics, anaesthesia and pathology can also be arranged.

(ii) MSc or PhD Degrees

Research appointments are available at the National Women's Hospital and afford the opportunity of preparing for the MSc and PhD Degrees of the University of Auckland. Applications will be welcome from scientists and medical graduates who wish to carry out research in biochemistry, endocrinology, or the scientific background of obstetrics, gynaecology, and neonatal paediatrics.

REFRESHER TRAINING FOR FAMILY DOCTORS AND SPECIALISTS

(i) Practitioners with interests in the fields covered at the School may attend for periods of up to four weeks as visiting postgraduates. During the time they are attending the Postgraduate School attachments to the Auckland Hospital Board as Honorary Medical Officers can be made in order to facilitate the performance of practical procedures. Visitors may attend the daily teaching sessions as well as gain practical experience tailored to their needs.

(ii) Short courses usually of a week's duration are held at regular intervals. In addition to teaching at Diploma level advanced courses are provided.

(iii) Departmental staff are available to participate in courses throughout New Zealand by arrangement with the Head of the Department.
THE POSTGRADUATE MEDICAL COMMITTEE

The Postgraduate Medical Committee, under the Chairmanship of the Associate Dean of Postgraduate Affairs in Medicine accepts responsibility for the organisation and supervision of both graduate vocational training and continuing medical education for doctors in the Auckland region. The activities of the Committee are linked with the School of Medicine and with the hospitals under the control of the Auckland Hospital Board. Vocational training courses are run in each major discipline under the general supervision of Specialty Advisory Sub-Committees made up of practising members of the disciplines concerned including members of the academic staff. In the case of Family Medicine the Programme is run under the aegis of the Royal New Zealand College of General Practitioners.

The Committee arranges in addition a wide range of courses and meetings throughout the academic year in the field of continuing medical education in all disciplines. Visits by overseas medical speakers in both the School of Medicine and the associated teaching hospitals are also arranged through the Postgraduate Office in the School under the general co-ordination of the Postgraduate Committee. A monthly bulletin of postgraduate and continuing educational activities, This Month, is also circulated to all doctors in the Auckland region.

Within the Postgraduate Office in the School of Medicine there is a separate section dealing with continuing education in family medicine under the supervision of the Goodfellow Director of Continuing Medical Education in General Practice. The Goodfellow Director is ex officio a member of the Committee, and is responsible for the whole range of educational programmes arranged in the field of general practice, and also the administration of a special educational resource service for general practitioners based on the Philson Library of the School of Medicine.

All graduates participating in the vocational training courses in the various disciplines of medicine under the direction of the Postgraduate Committee are required to enrol as graduate students of the University of Auckland.

The members of the Postgraduate Committee for 1985 are the Chairman, the Associate Dean of Postgraduate Affairs in Medicine, Dr C. H. Maclaurin; the Deputy Chairman, Dr P. M. Barham; the Honorary Treasurer, Dr E. J. W. Stephens; the Honorary Secretary, (vacant); Professor D. G. Bonham; Professor D. S. Cole; Dr M. B. Gill; Dr P. N. Goldwater; Dr N. H. G. Holford; Dr A. L. Honeyman; Dr R. K. Haydon; Dr T. G. Hawley; Dr W. M. Jaffe; Dr R. W. Jones; Associate Professor R. G. Kay; Dr R. B. McIlroy; and Dr J. R. D. Matthews.

THE DEGREE OF DOCTOR OF LITERATURE

LittD

General Provisions
1. Except as provided in the Admission Regulations, a candidate for the Degree of Doctor of Literature shall be a graduate of the University of Auckland, or of the University of New Zealand.
2. No candidate shall present himself for the Degree of Doctor of Literature until at least eight years after graduation to his first degree.
3. The Degree of Doctor of Literature shall be awarded for an original contribution (or contributions) of special excellence to linguistic, literary, philosophical, social or historical knowledge.
4. The degree shall be awarded only on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation.
5. No work shall be considered for the degree if the work, or a major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.
6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with
   (a) three copies of the work to be examined;
   (b) a statutory declaration which shall
      (i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and
      (ii) state what portion (if any) of the work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and
      (iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

Examination Procedure
7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall
   (a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate should be advised to withdraw his application; and
   (b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted, provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.
8. If the Moderator recommends that the candidate should be advised to withdraw his application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may
   (a) withdraw his application, whereupon he shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or
   (b) elect to proceed with the examination.
9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, provided that the Senate may in its discretion appoint an additional examiner who may be a member of the teaching staff of the University of Auckland.
   (b) The contents of the Moderator's report shall not be communicated to the Examiners.
10. The duties of each Examiner shall be:
    (a) to report independently on the quality of the work and its value as a significant contribution to learning; and
    (b) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded, the Examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.
11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.
12. The Moderator shall place the reports of the Examiners before the Senate which shall determine whether or not the degree shall be awarded.

1985 Calendar
13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

THE DEGREE OF DOCTOR OF SCIENCE

DSc

General Provisions

1. Except as provided in the Admission Regulations, a candidate for the Degree of Doctor of Science shall be a graduate of the University of Auckland, or of the University of New Zealand.

2. No candidate shall present himself for the Degree of Doctor of Science until at least eight years after graduation to his first degree.

3. The Degree of Doctor of Science shall be awarded for an original contribution (or contributions) of special excellence in some branch of pure or applied science.

4. The degree shall be awarded only on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation.

5. No work shall be considered for the degree if the work, or a major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with

(a) three copies of the work to be examined;
(b) a statutory declaration which shall
(i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and
(ii) state what portion (if any) of the work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and
(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

Examination Procedure

7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall

(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate be advised to withdraw his application.

(b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted, provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. If the Moderator recommends that the candidate should be advised to withdraw his application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may

(a) withdraw his application, whereupon he shall be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or

(b) elect to proceed with the examination.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand.

(b) The contents of the Moderator's report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be

(a) to report independently on the quality of the work and its value as a significant contribution to learning; and

(b) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded the examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.
11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.
12. The Moderator shall consider the reports of the Examiners and prepare a final report based upon them which, together with the reports of the Examiners, shall be placed before the Senate and the Senate shall determine whether or not the degree shall be awarded.
13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where the Examiners' recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner, and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

THE DEGREE OF DOCTOR OF LAWS

LLD

General Provisions
1. Except as provided in the Admission Regulations, a candidate for the Degree of Doctor of Laws shall be a graduate of the University of Auckland, or of the University of New Zealand.
2. No candidate shall be eligible for the award of the Degree of Doctor of Laws until at least eight years after graduation to his or her first degree.
3. The Degree of Doctor of Laws shall be awarded for an original contribution (or contributions) of special excellence to the history, philosophy, exposition or criticism of law.
4. The Degree shall be awarded on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation, but in addition to the published work the candidate may submit unpublished work in support of the application.
5. No work shall be considered for the Degree if the work or a major portion of it has previously formed the basis of an award of any Degree or Diploma in this or any other University.
6. Written application to be examined for the Degree, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with
   (a) three copies of the work to be examined; and
   (b) a statutory declaration which shall
      (i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and
      (ii) state what portion (if any) of work submitted has been previously presented for a Degree or Diploma of the University of Auckland or any other University; and
      (iii) declare that the work in substantially its present form has not been previously accepted for the award of a Degree or Diploma in this or any other University and is not being concurrently submitted for a Degree or Diploma in any other University.

Examination Procedure
7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall
   (a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his opinion, the examination should proceed or whether the candidate should be advised to withdraw the application; and
   (b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted but the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.
8. If the Moderator recommends that the candidate should be advised to withdraw the application, the candidate shall be notified of the recommendation by the Registrar. The candidate may then
   (a) withdraw the application, and shall then be entitled to a refund of one half of the fees paid under the provisions of Regulation 6 of these Regulations; or
   (b) elect to proceed with the examination.
9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand; and the Senate may in its discretion appoint an additional Examiner who may be a member of the teaching staff of the University of Auckland.
   (b) The contents of the Moderator's report shall not be communicated to the Examiners.
10. The duties of each Examiner shall be
(a) to report independently on the quality of the work and its value as a significant contribution to learning; and
(b) to recommend whether or not the Degree should be awarded. Where the recommendation is that the Degree should not be awarded the Examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall place the reports of the Examiners before the Senate which shall determine whether or not the Degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two Examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

THE DEGREE OF DOCTOR OF MUSIC

MusD

General Provisions

1. Except as provided in the Admission Regulations, a candidate for the Degree of Doctor of Music shall hold the Degree of Master of Music of the University of Auckland or Bachelor of Music of the University of New Zealand.

2. No candidate shall present himself for the Degree of Doctor of Music until at least five years after graduation to the qualifying degree.

3. The Degree of Doctor of Music shall be awarded for distinction in musical composition.

4. The candidate shall submit not more than three works published or otherwise, such works to be selected from the following:
an oratorio, an opera, a cantata, a symphony for full orchestra, a concerto, an extended piece of chamber music.

5. No work shall be considered for the degree if the work, or a major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with
(a) three copies of the work to be examined,
(b) a statutory declaration which shall
(i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and
(ii) state what portion (if any) of the work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and
(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

Examination Procedure

7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall
(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether in his or her opinion the examination should proceed or whether the candidate should be advised to withdraw the application,
(b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted, provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. If the Moderator recommends that the candidate should be advised to withdraw the application, the candidate shall be notified of the recommendation by the Registrar and in such case the candidate may
(a) withdraw the application, whereupon he or she shall be entitled to a refund of one half of the fees paid under

1985 Calendar
the provisions of Regulation 6 of these Regulations; or
(b) elect to proceed with examination.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, provided that the Senate may in its discretion appoint an additional Examiner who may be a member of the teaching staff of the University of Auckland.
(b) The contents of the Moderator’s report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be
(a) to report independently on the quality of the work; and
(b) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the degree should not be awarded the examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.
12. The Moderator shall place the reports of the Examiners before the Senate which shall determine whether or not the degree shall be awarded.
13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two Examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner; and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

INTERFACULTY, DEGREE REGULATIONS, MPhil, PhD

DEGREE COURSE REGULATIONS

THE DEGREE OF MASTER OF PHILOSOPHY

MPhil

Note: A student who has qualified for a Bachelor's Degree in one Faculty but who wishes to take a Masters course which is only available in another Faculty may be permitted by Senate to do so for the degree of Master of Philosophy. Permission will normally be given where the Senate is satisfied that the student holds qualifications at least equivalent to the prerequisites for the Masters course concerned. In some cases, instead of MPhil, the Master's Degree of the Faculty will be approved as the course for a student particularly appropriately qualified, (e.g. a student qualified in Engineering but with a Bachelor's Degree in another Faculty may be permitted to take a Masters course in Engineering for ME instead of MPhil.)

The personal Course of Study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of Study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate before his enrolment for this Degree shall have been:
   (a) admitted or qualified for admission to a Bachelor's Degree of this or any other University; and
   (b) approved by the Senate as qualified to pursue a particular Course of study for a Master's Degree in this University; the course content of the candidate's Bachelor's Degree being, in the opinion of the Senate, not such that it would be appropriate for the candidate to take the Master's Degree of the Faculty in which the particular course is to be pursued.

Course Content
2. Every candidate for the Degree of Master of Philosophy shall comply with the Course Regulations for a Master's Degree prescribed in the Faculty in which he is pursuing his Course of study.
3. The Degree shall be awarded by the Senate after receipt of a certificate from the Head of the Department in which the Course for the Degree has been taken, stating that the candidate has completed the prescribed requirements.

Honours
4. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.
   (b) Honours shall not be awarded if the papers in the first year in which a candidate takes an examination for the Degree are unsatisfactory or if the thesis at its first presentation is unsatisfactory: provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or injury or exceptional circumstances beyond his control (certified under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination so that he shall still be eligible for the award of Honours, subject to the provision of subclause (c) of this Regulation.
   (c) A candidate shall be eligible for the award of Honours only if he completes the requirements for Honours within three years of his first enrolment for this Degree: provided that this period may be extended, in exceptional cases, by the Senate.
5. These Regulations shall come into force on 1 January, 1971.

THE DEGREE OF DOCTOR OF PHILOSOPHY

PhD

The personal Course of Study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of Study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Every candidate for the Degree of Doctor of Philosophy shall apply to the Head of his Department for registration as such, showing:
   (a) that he has the requisite preliminary qualification set out in regulation 2 hereof, and
   (b) that he has adequate training and ability to pursue a Course of advanced study and research.
2. The preliminary qualification shall be
Interfaculty, Degree Regulations, PhD

(a) qualification for admission to a Bachelor's Degree with Honours, or a Bachelor's (Honours) Degree, or a Master's Degree with Honours of this University, or
(b) qualification for admission to a Master's Degree First Class or Second Class, or
c) qualification for admission to the Degree of Bachelor of Medicine and Bachelor of Surgery together with evidence that the candidate has carried out research which, in the opinion of the Senate, is satisfactory evidence of the candidate's ability to pursue a Course of advanced study and research for this Degree
d) in the case of a graduate of another University, admission to the Course under the provisions of the Admission Regulations, or
e) any other qualification approved by the Senate in the particular case of any candidate.

3. (a) The Senate (Deans Committee) having received a recommendation from the Head of the Department concerned (or in Engineering and Medicine and Human Biology, from the Dean concerned) shall determine if the candidate may be registered and the date and conditions of that registration.
(b) A recommendation for registration shall include:
(i) the field of study
(ii) the date of registration
(iii) the name of a supervisor or supervisors from members of the academic staff
(iv) satisfactory evidence of the candidate's training and ability to pursue the proposed Course of Study
(v) a statement of any foreign language requirement (or none) which the candidate must satisfy as part of the Course of Study
(vi) where submitted by the Dean of Engineering, a description of the papers required in terms of clause 8(a) of these Regulations.

4. A candidate for a Master's Degree may, after the completion of at least one year's work for that Degree at a standard considered satisfactory by the Senate, be registered as a candidate for the Degree of Doctor of Philosophy. Any such candidate so registered may be allowed credit for the work for the Master's Course if that work can form part of the doctoral thesis. The date of registration shall not be earlier than the end of the academic year in which he completed papers for a Master's or Bachelor's Degree with Honours.

5. (a) After being registered as a candidate for the Degree of Doctor of Philosophy the candidate shall pursue a Course of advanced study and research at the University to the satisfaction of the Head of the Department and the Supervisor for a period of at least two calendar years from the date of registration, during which he shall work at his advanced study and research full time under the supervision of a teacher in the University; provided that
(i) laboratory work may be carried out in an approved institution outside the University for such limited period or periods as may be determined from time to time by the Senate;
(ii) field work may be carried out at such places and for such periods as the Senate may determine;
(iii) research requiring the use at first hand of documents or books not available within the University may be undertaken in an approved institution outside the University, for such period or periods and on such conditions as may be determined from time to time by the Senate;
(iv) when a candidate has completed the initial period of two years full-time study and research he may apply to the Senate for permission to continue as a part-time candidate. Any such application must be supported by the Supervisor and the Head of the Department.
(b) For the purpose of this regulation a candidate shall be deemed to work full time if he has no occupation other than his study or research; provided that he may
(i) with the approval of his Supervisor and the Head of the Department engage for an average period of not more than six hours per week in academic work other than his study or research;
(ii) take such statutory, recreational and other holidays as are normally incidental to full-time occupation.

6. (a) Notwithstanding anything in Regulation 5, a part-time member of the academic staff
(i) engaged in teaching or in laboratory supervision (or in both) for not more than twelve hours a week on average over the teaching weeks of the year and
(ii) with no other occupation may register as a candidate for the Degree of Doctor of Philosophy. After being so registered he shall pursue a course of advanced study and research at the University over a period which shall, except in special circumstances to be determined by the Senate, be of at least three calendar years from the date of his registration, to the satisfaction of the Head of his Department and the Supervisor.
(b) Notwithstanding anything in Regulation 5, a full-time member of the academic staff, other than a Head of the Department, may register as a candidate for the Degree of Doctor of Philosophy. After being so registered he shall pursue a course of advanced study and research at the University over a period which shall, except in special circumstances to be determined by the Senate, be of at least four calendar years from the date
of his registration to the satisfaction of the Head of his Department and the Supervisor.

(c) Notwithstanding anything in Regulation 5, a full-time member of the teaching staff of a Teachers' College in Greater Auckland may apply for registration as a candidate for the Degree of Doctor of Philosophy and shall submit with his application a statement from the Principal of the College that his college work is such as to allow him to pursue a course at the University for the Degree of Doctor of Philosophy. After being registered he shall pursue to the satisfaction of the Head of his Department and the Supervisor, a course of advanced study and research at the University over a period of at least four calendar years from the date of his registration.

7. The Supervisor shall submit to the Senate, through the Head of the Department, a brief report on the progress of the candidate at the end of each year, provided that in the case of a candidate who is a member of the teaching staff of a Teachers' College the Supervisor shall submit a report at the end of each six months. A candidate's registration may be terminated by the Senate if an unfavourable report is received.

8. (a) A candidate for the Degree of Doctor of Philosophy in Engineering shall take three papers prescribed for the Degree of Master of Engineering or papers deemed by the Deans Committee to be equivalent provided that the Senate on the recommendation of the Deans Committee may waive or modify this requirement.

(b) A candidate shall not be eligible to enrol for any other course while registered for the Degree of Doctor of Philosophy unless he obtains the prior permission of the Senate.

9. (a) A candidate who has fulfilled the conditions required by these Regulations may apply at any time within six years from the date of registration to the Registrar to be examined provided that a full-time member of the academic staff, or a member of the teaching staff of a Teachers' College, may apply at any time within eight years and this period may in special circumstances be extended by the Senate for a full-time member of the academic staff who has not while registered for the Degree been a full-time research student.

(b) A candidate shall submit to the Registrar three bound copies of a thesis embodying the results of his research which shall be retained by the University.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

10. (a) After having accepted the candidate's application to be examined the Senate shall, upon the recommendation of the Head of the Department, approve the title of the thesis and shall appoint as examiners:

(i) the Supervisor or Supervisors,

(ii) one person, who shall also act as Oral Examiner, and who may be a member of the staff of this University if there is no specialist in the field at another University in New Zealand, and

(iii) one person who may not be a member of the staff of this University except in such circumstances as the Senate thinks fit.

(b) The Senate may, on the recommendation of the Head of the Department, appoint a further Examiner and in exceptional circumstances two further Examiners.

11. The Supervisor shall forward to the Registrar a certificate stating that the work described in the thesis was carried out by the candidate under his supervision and that the conditions laid down in Regulation 5 or 6 have been fulfilled.

12. (a) A copy of the thesis shall be submitted to each examiner who shall report on the thesis independently. Except where the Vice-Chancellor acting on the advice of the Examiners otherwise authorises, the Supervising Examiner and one External Examiner shall together examine the candidate orally on the subject of the thesis and on the general field to which the subject belongs. The oral examination shall be held after the reports from all the examiners have been received, and not sooner than six weeks after the submission of the thesis, except in very special circumstances and with the approval of the Senate. At the request of the Oral Examiners the candidate may be required to take a written examination. The Oral Examiners shall make a joint report to the Senate on the whole examination. The Examiners may recommend that a thesis, not considered entirely suitable by them for acceptance, may be revised by the candidate for resubmission on one further occasion only.

(b) Where a candidate registered for this Degree who has not qualified for or been awarded a Master's Degree of this University submits or re-submits a thesis not considered entirely suitable to the examiners, the Senate may recommend that the thesis be submitted for a Master's Degree without Honours in the appropriate Faculty provided that the candidate satisfies all other requirements for that Master's Degree.
CERTIFICATE COURSE REGULATIONS

CERTIFICATE OF PROFICIENCY
COP

The personal Course of Study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their Courses of Study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. In these Regulations a "pass" means a pass in any paper or subject or in any examinable part of a subject. "Certificate of Proficiency" means a Certificate issued by the University as to a pass otherwise than for a Degree or Diploma.
2. With the permission of the Senate a matriculated student may be enrolled under the Enrolment and Course Regulations (General) for the purpose of obtaining a Certificate of Proficiency.
3. To obtain a Certificate of Proficiency a student who is enrolled under Regulation 2 must comply with the provisions of the Examination Regulations and pass the appropriate examinations.
4. Where a candidate has sat a paper for Certificate of Proficiency that paper may not be credited towards or repeated for a Masters Honours degree.
5. Except as provided by Regulation 4 of these Regulations a candidate who has obtained a pass for Certificate of Proficiency may at any time have that pass credited to a degree or diploma; on condition that any pre-requisite, co-requisite conditions or other requirements prescribed for that degree or diploma have been complied with; but in exceptional circumstances the Senate may exempt the candidate from this requirement.
6. A candidate who (a) has obtained a pass in any subject at Masters level for a Certificate of Proficiency and (b) would have been eligible for Honours if that subject had been presented under the appropriate Master's Degree Regulations, may be awarded a Certificate of Proficiency with Honours of the appropriate class provided in those Regulations.

Note: A member of the permanent academic staff of this University with overseas university qualifications may be permitted to enrol for a paper or a subject for Certificate of Proficiency without having to make a formal application for Admission Ad Eundem Statum.

INTER FACULTY STUDIES

Operations Research

Operations Research can be defined briefly as the application of scientific methods to the management problem. It is widely used in areas such as optimal scheduling, inventory control, decision analysis and many similar applications, both on a short-term basis and to assist in long-range planning.

Training for Operations Research is frequently inter-disciplinary and in the University there are several paths along which Operations Research may be approached. Because of this, the major routes are described here, and further reference should be made to relevant prescriptions in the Faculties of Commerce, Engineering and Science.

1. In the Faculty of Science, the Department of Mathematics and Statistics offers courses which contain topics dealing with the theory and methodology of basic stochastic and deterministic techniques in Operations Research. In particular the following Courses are relevant:
   - Probability
   - Optimization in Operations Research
   - Mathematical Modelling for Operations Research
   Related papers are available at undergraduate and graduate level towards the Degrees BSc, BSc(Hons), MSc or towards the Diplomas DipCompMaths, DipStats. Interested students should consult the Head of the Department of Mathematics and Statistics.

2. In the Faculty of Commerce students wishing to specialise in Operations Research for the BCom degree should consider the following papers offered by the Departments of Management Studies and Economics:
   - Management Science
   - Operations Research
   - Mathematical Programming

1985 Calendar
Interfaculty, Degree Regulations, Intermediate Courses (Other Universities)

together with related papers in Accounting, Computer Science, Economics, Engineering, Management Studies and Mathematics.

At the graduate level students may choose courses in Operations Research towards the degrees of MCom or MPhil which may include a thesis or a research essay in this area. Interested students should consult the Head of the Department of Management Studies or of Economics.

3. In Engineering students may specialise in Operations Research within the professional degree by taking the Engineering Science Course, which includes:

Operations Research I 54.251
Operations Research II 54.351
Engineering Science Design 54.291
Project in Engineering Science 54.303
Stochastic Models in Operations Research 54.352

Appropriate papers in such areas as computation, statistics, industrial administration and transportation are also available. The project topic can be chosen from a wide area of application in industry and corporate administration.

At the graduate level, students may specialise in Operations Research for the degrees of ME, MPhil and PhD by choosing from:

Nonlinear Optimization 54.422
Studies in Operations Research A 54.451
Studies in Operations Research B 54.452
Random Processes 54.454

and related papers (offered by several Engineering Departments) such as Control, Transportation, Microprocessors and Minicomputers.

Interested students should consult the Head of the Department of Theoretical and Applied Mechanics.

INTERMEDIATE COURSE FOR DEGREES OR DIPLOMAS FOR OTHER NZ UNIVERSITIES

Intermediate Courses for Degrees or Diplomas of other New Zealand Universities

Intermediate courses may be taken at the University of Auckland for a number of degrees and diplomas offered by other New Zealand Universities. Enquiries in the first instance must be made to the University concerned before any enrolment for that University is made at the University of Auckland.

A student wishing to enrol at Auckland for an Intermediate course for a degree or diploma at another University is required to include on the enrolment forms the course of study and the University for which it is being taken as an Intermediate e.g. Forestry Intermediate (Canterbury).

A student who decides to remain at Auckland after having passed Intermediate papers for another University's course may apply to have those papers credited to an Auckland course by completing the appropriate form (Abandonment) and paying the prescribed fee of $10.
Centre For Continuing Education
Computer Centre

CENTRE FOR CONTINUING EDUCATION

The Centre for Continuing Education is a department of the University, the special function of which is to create opportunities for the whole community to attend courses and other activities of a university standard for personal enjoyment and development or advancement of professional knowledge. Nearly all courses are conducted by university academic staff or outside specialists. It makes available to the general public a wide variety of courses in the humanities, sciences, music and the arts. These are usually of ten weeks or longer. Day or weekend seminars are also promoted both at the Centre and in Northland. In addition to its general offering of music courses, the Centre organises and promotes the annual Cambridge Music School, a two week residential school for serious performers and composers from throughout New Zealand.

Adults contemplating degree studies after some years away from formal education, are offered "New Start" programmes in Arts and Science designed to introduce them to university study methods and facilities. Alongside the basic New Start 10-week course, are introductory courses in specific subjects, study skills workshops and other supportive activities to assist adults recommence formal studies. A specific New Start programme for physically disabled people is offered each year.

Certificate courses are conducted in (i) Personnel Management and Industrial Relations, (ii) Community Studies. Short courses providing professional development for workers in health, education, welfare, recreation, community development are also available. Aspects of the theory and practice of Adult Education are taught in short courses within the Centre and at Stage III and Masters level within the Education Department. The Centre also promotes a wide-ranging series of seminars, courses and conferences for such professional groups as engineers, businessmen, teachers, surveyors, valuers.

Publicity brochures about the Centre’s activities are available on request from the Centre for Continuing Education. More information can be obtained by telephoning the Centre 737.999 extensions 7720 or 8735, writing to the Centre for Continuing Education, University of Auckland, Private Bag, Auckland or calling at the General Office of the Centre, Old Choral Hall, 7 Symonds Street.

COMPUTER CENTRE

The Computer Centre provides a digital computing service for users throughout the campus. The two main computer systems used are:

**IBM 4341 & Series/1**
- Memory: 4 Mb
- Disk: 2280 Mb
- Magnetic tape: 2 @ 1600/6250 bpi, 470 Kb, p.e.
- Line printer: 450 lpm
- Graph plotter: 8-pen, A3
- Graphics screen: ADE colour unit

Terminals and remote printers connect through three Series/1 communications computers. Two further Series/1 computers are used for the University’s administrative data processing.

**DEC System-10**
- Memory: 1.5 Mb
- Disk: 120 Mb
- Magnetic tape: 1 @ 800 bpi NZRI

Terminals and remote printers connecting to the two systems are installed in clusters at key locations on the campus; further clusters and some individual stations will be installed during the year.

A further system, a Prime P400, provides time-sharing services for a small number of terminals. A wide range of languages and packages is available, particularly on the IBM system. Languages include Fortran IV, Fortran 77, PL/1, Cobol, Pascal, Basic, Lisp and Snobol 4; packages include SPSS, Minitab and SAS (statistics), LINDO and LP 1 (optimization), simulation languages and other facilities.

**USER SERVICES**

Undergraduate classes are expected to use terminals to the Dec-10 system, or small computers installed in various teaching departments. Limited access to the IBM 4341 is available for the specialised requirements of small, advanced classes.
Research Services for staff members and post-graduate students are based on the IBM 4341.

Microcomputers are widely used on campus. The Centre provides support (both hardware and software) for a variety of microcomputer systems such as the IBM PC and the Apple Macintosh and Lisa.

Key-Data Services are based on three IBM 5280 key-diskette units which can connect to the IBM or DEC-10 main-frames.

Advisory Services are provided throughout the day by a roster of staff members. Introductory courses and lectures on more advanced aspects of computer use are given at intervals through the year.

University departments are charged for all use of the IBM system, and are provided with fixed resource allocations for their students' use of the DEC-10 system. Information about charging rates, budget and student resource allocations and access controls generally is available through the Computer Centre office. The office staff can also advise on the range of documentation available to users, whether as manuals and guides sold through the University Book Shop or as User Notes issued by the Centre.

The Computer Centre building is open between 8 am and 11.30 pm week-days only, including all vacations. During term it is also open between 9 am and 4 pm Saturday and Sunday. The computer systems operate continuously, and access to them through terminals in other buildings is available whenever these buildings are open.

COMPUTER SYSTEM REGULATIONS

Pursuant to section 22 of the University of Auckland Act, 1961 the Council of the University makes the following Regulations:

1. These Regulations may be cited as the Computer System Regulations 1975 and shall come into force on 1 January 1976.

2. In these Regulations, unless the context otherwise requires - "System" means any Computer System controlled and operated by the Council whether at the Computer Centre established in the University or elsewhere. "Director" in relation to any System means the person authorised by the Council to control it.

3. No student or any other member of the University shall:
   (a) without authority of the Director gain access or attempt to gain access to the System;
   (b) obtain or attempt to obtain from the System any information to which he is not entitled;
   (c) wilfully impede the operation or activity of any other user;
   (d) use or attempt to use the System so as to cause costs to be incurred;
   (i) by the University, without the consent of his Head of Department and the Head of any other Department concerned;
   (ii) by any person other than the University, without the consent of that other person.

4. (a) Any breach of Regulation 3 of these Regulations shall be deemed to be a breach of the Disciplinary Regulations of the University.
   (b) Without prejudice to paragraph (a) of this Regulation, the Director may exclude from use of the system, for such period as the Director thinks fit, any person who has done anything in breach of Regulation 3 or has misused or attempted to misuse the system in any way.
   (ii) The Director shall forthwith report any such exclusion to the Vice-Chancellor.
   (iii) Any person so excluded may appeal to the Council against the exclusion.

Note: (i) Application to use a Computer System must be made to the person in control — that is, to the Director of the Computer Centre or, in the case of a system under the control of a Head of Department, to that Head of Department or his nominee.

STUDENT SERVICES

ACADEMIC DRESS
The Auckland Branch of the New Zealand Federation of University Women owns a stock of Academic Gowns, Hoods and Caps (black terner with a tassel). These are available for hire at all times during the year. Details may be obtained at the Registry. A student completing the requirements for a degree or diploma will receive information regarding the hire of academic dress for the Graduation Ceremony with his or her result card.

CAREERS ADVISORY SERVICE
The Careers Advisory Service has four main functions:
1. To give advice and information to students and graduates of the University about career opportunities, and to put them in touch with prospective employers.
2. To prepare and circulate through the student newspaper a schedule of job vacancies, informing students and graduates of specific opportunities offered by employers.
3. To arrange the MID YEAR CAMPUS VISITS (held throughout the second term) and CAREERS WEEK (held November). These programmes provide opportunities for students to meet employers on the campus and discuss employment prospects.
4. To increase the awareness of the community of the potential benefits of employing University graduates. Students are encouraged to visit the Careers Advisory Service in the early stages of their University course to discuss suitable employment opportunities for when they complete their study programmes.

The Careers Advisory Service is located in the suite of offices behind the Upper Lecture Theatre — inquiries to the Secretary in Room 14. The Service is open during normal university administrative hours. (Phone 737-702/703).

THE CHAPEL
The Maclaurin Chapel was established under a deed of trust by Sir William Goodfellow, Hon. LLD, in memory of his son, Richard Maclaurin Goodfellow, killed during service with the Fleet Air Arm in World War II, and of Professor Richard Cockburn Maclaurin, one of Auckland's most distinguished graduates.

University representatives are included in the Board of Management which is responsible for administering the trust.

Services conducted in the University Chapel are non-denominational in character, and all members of the University are welcomed. Regular services are held during term time as follows: Morning Prayer each weekday at 8.40 a.m.; Communion Service, 1.00 pm on Thursdays. Special Services as advertised.

CHAPLAINS
There are three chaplains to the University — two of whom represent those denominations which have membership in the National Council of Churches, and the Roman Catholic chaplain who works in a chaplaincy team of students and staff at Newman Hall. The Maclaurin Chaplain, the Rev. R.J. Galvin who is appointed by the Richard Maclaurin Goodfellow Foundation, may be contacted in his office in the Chapel complex (phone 737-732).

The Chaplain appointed by the Auckland Council of Churches, the Rev. J. M. Ker, has his rooms behind the Upper Lecture Theatre (Room 10) (phone 737-999, extension 7495).

The Roman Catholic Chaplain, Father K. Toomey, OP, resides at Newman Hall, 16 Waterloo Quadrant. (phone 732-097).

The three chaplains work together as the University chaplaincy service. They are available to any member of the University for consultation.

NEWMAN HALL
Newman Hall is the University Catholic Centre at 16 Waterloo Quadrant. It is named for Cardinal Newman, the nineteenth century scholar, in commemoration of whom the annual Newman Lecture is held.

Newman Hall is the centre for the University Parish, which is the community of students, graduates and staff. The chaplaincy is carried on by a group consisting of the University Catholic Chaplain who is a Dominican priest, and students and staff. Some of the members of the community live at Newman Hall and are available
at any time (student members, phone 32-618). The major services are Mass at 7.00 pm every Sunday evening (February till Christmas), weekday mass daily during term at 1.00 pm. Further details may be obtained from the Newman Hall secretary (phone 732-097).

**ACCOMMODATION SERVICE**

An accommodation service is provided without charge for students and intending students of the University. The Student Lodgings Officer is available to receive applications for admission to University Halls of Residence and to assist students to find board in private homes.

A notice board giving details of houses, flats and rooms available for occupation by students is maintained in the accommodation office, which is situated in the Old Arts Building.

**HALLS OF RESIDENCE**

The University administers two Halls of Residence and, in addition, one other Hall works within the University system. These Halls are for young first and second year students.

All three Halls offer three meals a day. There are also two other University administered establishments which offer students furnished accommodation but do not provide meals. All establishments accommodate both men and women. Applications for admission, which close on 29 October 1983, should be addressed to the Student Lodgings Officer, University of Auckland, Private Bag, Auckland. Late applications are accepted for the waiting list.

**Grafton Hall,** Seafield View Road, Grafton, administered by the Presbyterian Methodist Congregational Foundation Inc and within 15 minutes' walk of the University. Accommodation and full board is provided for 160 students.

**International House,** 27 Whitaker Place, administered by the University and within seven minutes' walk of the campus. Accommodation and full board is provided for 163 students.

**O'Rorke Hall,** 49 Symonds Street, administered by the University and within three minutes' walk of the campus. Accommodation and full board is provided for 172 students.

**Norman Spencer Senior Student Apartments,** 9 St Stephens Avenue, Parnell. Accommodation is available for approximately 50 senior students in single study bedrooms with use of well equipped communal cooking and bathroom facilities. There is limited accommodation for married couples.

**Park Road Student Flats,** Grafton. Accommodation is provided for 44 students (12 in single rooms and 32 in shared rooms). Each room has its own bathroom but residents must share the communal kitchen.

**APPLIED RESEARCH OFFICE (ARO)**

The basic objective of the Applied Research Office is to bring together interested academic staff and outside organisations so that University expertise and facilities can be made available to the community and so the University will benefit from an increased flow of research funds. The experience of working on projects carried out through the ARO can often be of considerable benefit to individual academic staff involved and also of general benefit to the University.

The ARO will also arrange for the patent protection of inventions made by University staff and students where there is a good possibility of commercialisation of the invention.

The ARO is headed by an Executive Officer who reports to the ARO Management Subcommittee of Research Committee. The Office is located on the sixth floor of the School of Engineering and is open during normal University administration hours. (Phone 737-999 extensions 7808 and 7809).

**INVENTIONS AND PATENTS**

When staff or students consider that during the course of their University activities a discovery or innovation has occurred which may have possibilities for commercial exploitation, the University expects them to disclose such a discovery to the University by informing the Applied Research Office. The Applied Research Office Management Subcommittee would, in due course, make a decision as to whether to recommend its assignment to the University, its protection and its course of commercialisation. An agreement between the inventor(s) and the University would then be entered into, such an agreement describing the obligations of the parties and the division of any income and expenditure.

1985 Calendar
Members of staff and students should know that prior to the granting of a provisional patent, publication is likely to render any research result unpatentable. It is not the wish of the University, however, that this circumstance should inhibit the free publication of research work. Staff or students are not to use for commercial purposes any invention or development or computer program to which they have had access while at the University without the specific approval of the University obtained through the Head of Department concerned.

LOST PROPERTY
All enquiries regarding lost property should be referred to the Head Custodian or the Enquiries counter in the Registry.

PARKING
Street parking is available for two-wheel vehicles in Symonds Street between Alfred and Wellesley Streets, in Alfred Street, in Symonds Street between Grafton Road and the Human Sciences building. Princes Street outside Maidment Arts Centre and School of Medicine. Provision has been made for bicycles on the following areas: Alfred Street — Accountancy and Concourse, Library; Princes Street — Physics Building; Symonds Street — School of Architecture and School of Engineering, Goods Entrance and Lower Lecture Theatre Main Campus, Upper and Lower Concourses, Recreation Centre; Park Road — School of Medicine.
An area in lower Grafton Road (area No. 13) has been set aside for students' cars. Admission is on production of student identity card and payment of 20 cents. Check out passes are available for re-entry later the same day but no guarantee is given that a space will be available. No charge is made for this area during the weekend or after 4 pm on weekdays.
Students may use the parking facilities in Wynyard Street (between Grafton and Alten Roads) without charge after 5.45 pm any day, at any time during the weekends and during December and January. Students may be asked to show identity cards in order to distinguish themselves from ordinary members of the public.
The parking building at 36 Princes Street is available for general parking after 5.45 each evening and weekends.

PRESS CORRESPONDENCE
Members of the University are reminded that it is normal practice to sign Press correspondence as from the University only when the writer has some special competence in the subject discussed. For members of the teaching staff, such subjects would normally be those within the area of their academic competence, and for students, matters of general student concern. Student members should indicate their student status either in the body of the letter or in the address given. On matters of general public interest, all members of the University write in their private capacity.

COUNSELLING
The Counselling Service is available and confidential for any member of the University community who wishes to use it. Anyone using the Service (and this includes intending students) may discuss without fear or judgment, criticism or pressure any issue of a personal, social, vocational or academic nature. The aim of the Service is to enable people to relate more satisfactorily with other people in their immediate and general environment. For this purpose, personal counselling is provided, as well as group activities. The Counselling Service also offers direct assistance for improving study and reading skills. The Service is confidential, voluntary and readily available. The three full-time counsellors are Lorna McLay, David Simpson and Brian Lythe, the last-named with a special responsibility for overseas students. They are available during usual University hours, preferably by appointment, but in matters of urgency, without. An appointment may readily be made by ringing the Secretary, telephone 737-895/896, at Counselling, above the Post Office, main campus.

STUDENT HEALTH SERVICE
The University of Auckland Student Health Service is available to all students and is designed to help them maintain an optimum state of health. There is a full-time Director, a nursing sister and eleven part-time
doctors including a Psychiatrist and those in the Family Planning and Physical Medicine fields. A full clinical service is provided as well as immunisation against infectious disease and for those going on overseas travel. The hours of appointment are as follows:

Monday to Friday: 9 am to 4.30 pm.

During the evening and at weekends an emergency service is available and the doctor on duty can be contacted by phoning 597-119.

Emergency medical services are available
(1) 153 Newton Road
(2) 1958 Great North Road, Avondale
(3) 736 Manukau Road, Royal Oak
(4) 4 Great South Road, Papatoetoe.

RECREATION CENTRE
The Recreation Centre has been planned to meet a comprehensive range of student sporting needs. The facilities available include seven squash courts, a health and fitness studio, a martial arts studio, a dance studio and the main hall which may be used for basketball, hockey, soccer, volleyball, badminton, cricket, netball and table tennis. The operating costs of the centre are met by activity and equipment charges paid by users of the centre.

UNIVERSITY PARK
University Park is a 40 acre sports complex situated in Glen Innes. Sports facilities include rugby, soccer, hockey, athletics and tennis. The Clubrooms contain changing rooms and extensive social facilities.

THE CRÊCHE
The University operates a crèche which is primarily available for the children of students. It is run by a staff of 10 people trained in early childhood care; Mrs Elaine McCulloch is the supervisor. Children from 0–5 years may attend but in terms of the crèche’s licence children can only stay for up to 4 hours at any one time. The crèche is open 8 am – 5 pm Monday to Friday during the University year: it is also open for one week in each of the May and August holidays to enable parents to study.

The crèche is only able to take 38 children at any one time of whom only 10 may be under 2 years of age. The pressure for use is greatest in the morning.

Enrolments for the crèche are accepted during the enrolment period. To assist in allotting places and times, early enrolment is encouraged.

Crèche charges are $1.20 hr with a $14 enrolment fee. A childcare subsidy administered by the Social Welfare Department is available to the parents of children using the crèche for more than 12½ hours a week. The subsidy is subject to an income qualification.

For further information telephone Mrs McCulloch Ext. 7755.

TELEPHONES
Telephones for the use of students are provided by the Students' Association in the Student Union Building. In addition, Public Telephones are provided by the Post Office in the Arts Building (adjacent to the Bank), the Library Building (first floor by the lifts), the Thomas Building and at the School of Engineering (adjacent to the Library), Human Science Building (adjacent to lecture theatres), School of Architecture (adjacent to lecture theatres), Physics Building basement, Arts/Commerce Building Block 1 level 2 Block 2 level 2 and School of Medicine near cafeteria.

Students are not permitted to make or receive outside calls through the University main telephone system except on University business.

STUDENTS’ ASSOCIATION
The Association is an Incorporated Society founded in 1891. The aim of the Association is to further the interests of the student body within the University and without. The student body is an integral part of the University community and the Association and its members are involved not only in the government of the University but also in fostering social, intellectual, political, cultural and sporting activities within the University.

In recent years the Association has changed from a merely social and service organisation catering for the needs of students on Campus to an organisation concerned with student problems in their widest context.

1985 Calendar
The control of the business and affairs of the Association rests with the Executive Committee elected annually and comprising a full-time President and fifteen portfolio holders together with the Association Secretary – a full-time administrative post. The Executive is the official mouthpiece for the Association and takes official action on behalf of the Association in the interests of the student body. Through this Executive which acts as a co-ordinating body the Association undertakes a wide and varied number of activities.

The Association is a link between individual students and the academic and administrative staff of the University. Students now elect four representatives to Senate, one representative to University Council, representatives to departmental and faculty committees as well as representatives to committees of Senate and Council. The President also sits ex officio on the Council and the Senate. Through its Executive, the Association represents students in matters involving their interest within the University and the community at large.

The Student Representative Council (SRC) was set up in 1969 and membership is open to all students. The political and policymaking body of the Association, SRC is empowered to act on any matter of concern to students.

There are over one hundred clubs and societies affiliated to the Association covering many spheres of student interest. The sports clubs cater for almost all sporting interests and most participate in the local Auckland inter-club competitions and in the NZUSU tournaments. The cultural societies cater for a wide range of religious, academic, social, cultural and political interests. Information about these clubs and societies is available in the Orientation Handbook. The Association employs a full-time Social Activities Officer and organises a large number of social functions and cultural activities during the course of the year. These include informal dances, the formal Graduation Ball, film festivals and the annual Capping Festival. The Association organises social functions during the course of the year ranging from informal dances to the Graduates Ball. During the first two weeks of the academic year the Association organises the Orientation Festival to acquaint new students with the varied facets of University life. The Association organises student concessions for its members with a number of city firms and with the promoters of attractions of interest to students.

Various welfare activities (e.g. school visits, blood days, emergency accommodation) are co-ordinated by the Welfare Officer. The Association runs an Employment Bureau to obtain part-time and vacation work for students. The Association also employs a Disabled Students Resource Officer who is responsible for giving practical help and support to physically disabled students, as well as arranging access improvements, enrolling, parking and examination needs.

The Association is responsible for various publications including a newspaper which appears weekly during term and traditionally expresses students’ views and features news of interest to students; such publications as Tenancy Booklet and Sexuality Booklet and as well distributes the various publications of the national body, NZUSA. “Campus Radio IXB”, the Associations' radio station broadcasts throughout the academic year and is staffed by students.

The Association occupies the Student Union Building whose control and use is subject to management by the Student Union Management Committee consisting of six students and five representatives of the University including representatives of the Senate, Council and Sub-Professorial staff.

The Student Union is made up of five blocks. The cafeteria block is under the general supervision of the Catering Manager and contains a basement and kitchen and the ground floor cafeteria seating 400 where a full hot and cold meal service is available. The Restaurant which seats 100 provides a higher quality evening meal for students and staff. The coffee lounge next door to the Restaurant specialises in percolated coffees gateaux and croissants. The Milk Baron the basement level offers sweets, milkshakes, ice-creams, etc, and has indoor and outdoor seating for 70. The Coffee Bar also on the basement level which seats 90 is open for extended hours and serves coffee, tea and light snacks. On the top floor of the cafeteria block the Association runs a licensed club “Shadows”. This is open to all Association members aged 18 or over and provides a nightly programme of entertainment and a range of refreshments.

The Administration block contains the Association offices, Council Room, general meeting rooms, and the Executive offices along with the offices of the President and the Association Secretary, Assistant Registrar (Student Union), and the Accountant.

The public office is open from 9 am to 5 pm for Association business. Alongside this stands the block housing the University Book Shop Auckland Ltd, in which the Association has a half interest, above which are the main common rooms. Underneath both these blocks is the basement, storage, toilets and student locker area. The two blocks nearest Alfred Street contain the TV room, billiards room, the sick bay, an interim Marae, meeting rooms, womenspace and video games room.

All students are required to pay the annual Students’ Association fee of $62, a portion of which is paid into

1985 Calendar
the building fund. The building fund levy is payable for 5 continuous years of attendance at the University of Auckland, credit being given for attendance at other New Zealand Universities for any full year. The building fund is used to finance present and future buildings in the Student Union.

The Maidment Arts Centre, on the corner of Princes Street and Alfred Street, caters for the cultural activities of the Association and the University. The centre contains two theatres, the larger being the Kenneth Maidment Theatre seating 450, while the smaller Little Theatre is suitable for audiences of up to 120. The Centre is managed by the Theatre Management Committee which comprises five Association and four University members.

The official Association noticeboard outside the Custodian's Office carries information on Association activities and meetings, as well as details on Association appointments to various bodies and committees.

**THE NEW ZEALAND UNIVERSITY STUDENTS' ASSOCIATION**

Formed in 1929, the New Zealand University Students' Association is the national union of New Zealand's university students, to which all seven local university students' associations are affiliated, giving a total membership of approximately 50,000.

NZUSA acts for students in all matters of national concern. Education and student welfare are NZUSA's major concerns, but it also takes stands on wider social and political issues on which students, through their representatives, have expressed their collective views.

NZUSA's National Office is in Wellington and is headed by the President along with General, Women's, Maori and Education and Welfare Vice-Presidents and two Research Officers. In addition there is one part-time officer, the National Overseas Students' Action Committee Co-ordinator.

NZUSA's policies are made by representatives of its constituent students' associations at Council Meetings twice a year. These policies are carried out under the guidance of the National Executive consisting of the Presidents of the constituent associations and the full-time elected officers of NZUSA.

NZUSA's activities are funded by an annual levy of approximately $7 paid by constituent students' associations on account of each individual member. More information about NZUSA can be gained by contacting AUSA or by writing to the President, PO Box 9047, Courtenay Place, Wellington.

**AUCKLAND UNIVERSITY DISTRICT GRADUATES' ASSOCIATION (INC.)**

*President: R. H. Lockstone, BA, N.Z.*

*Secretary: M. A. Perkinson, MCom, ACA.*

The Graduates' Association was formed in 1951 with the primary aim of assisting the Court of Convocation to carry out its function of electing six members of the Court to the University Council, the governing body of the University of Auckland, and to make representations to the Council on any matter concerning the interests of the University.

Other objects of the Graduates' Association are the provision of facilities for intellectual and social intercourse among University graduates, the promotion of interest in University affairs among graduates and others, the publishing of magazines, periodicals, etc dealing with matters concerning graduates or University affairs, and generally furthering the interests of University graduates who are, or have been, members of the Court.

The Association also concerns itself with the interests of undergraduates, particularly in relation to welfare, accommodation, etc. A recent Association project was the setting up of a student loan fund for short-term loans to students in temporary financial difficulties. (Applications for these are made through the Student Counsellors.)
Membership of the Association is open to graduates and diploma holders of any University (in or out of New Zealand).
Those eligible to join the Association who have not already done so would be welcomed as members. The President, Mr R. H. Lockstone, 40 Landscape Rd, Mt Eden, phone 689-519, or Mr M. Perkinson of the Department of Accountancy Auckland University, will be pleased to receive membership inquiries or to give further information about the activities of the Association and the Court of Convocation.

AUCKLAND UNIVERSITY CLUB (INC.)
Phone: 732-279.
The Auckland University Club Inc., provides the means by which former graduates can maintain close links with other graduates, with present students and with members of the University Staff. It encourages a closer relationship between the University and the professional and business community. The Club is located in its own premises at 23/25 Princes St where the facilities include a restaurant, two bars, private function room, reading room and a pool room.
Membership is open to persons over the age of 20 who are members of the Court of Convocation of the University of Auckland, graduates or diploma holders of other Universities, members of professional societies who have gained a substantial portion of their professional qualifications as students of the University of Auckland, and members of The Auckland University Students' Assn (Inc.) and other suitable persons. Numbers are limited in terms of the Club Charter to 2250. Application forms are available from the Secretary.

THE NEW ZEALAND UNIVERSITIES GRADUATES ASSOCIATION (UK)
The New Zealand Universities Graduates Association (UK) was formed in 1967 with the main aim of creating and fostering opportunities for graduates of New Zealand Universities to establish contacts with other New Zealand graduates in the United Kingdom of Great Britain and Northern Ireland.
Other objects of the Association are the establishment of links with Universities and University organisations throughout the United Kingdom and New Zealand, and to make known to visitors the names of individuals or organisations who might be helpful to them.
Membership is open to holders of a degree or equivalent professional qualifications and associate membership is available to all members of NZUSA who are not yet graduates. Subscriptions are subject to review and in 1981–82 were member £2, Associate member £1.50, Student £0.75, husband and wife (both qualified) £3. The Secretary will be pleased to receive membership inquiries and give further information. Postal Address: Secretary Jocelyn Cook, 132 Woodwarde Road, Dulwich, London SE 22 UK.
ENROLMENT

ENROLMENT LIMITATIONS 1985

Limitations have been placed on the number of students that can be accepted for 1985 for the following Courses of Study or papers.

### LECTURE AND LABORATORY TIMETABLES

The following section contains lecture and laboratory times for students taking Courses in the Faculties of Arts, Commerce, and Science. Timetables for lectures in the Schools of Architecture, Engineering, Fine Arts, Law, Medicine, will appear on departmental noticeboards at the beginning of the session.

**Notes:**
1. The timetable is a basic structure only; additional information is available from the Department.
2. Certain classes are held at times arranged by the Departments concerned, in particular these are:
   - (i) lecture for Masters degree courses;
   - (ii) tutorials and oral and practical classes (this applies to a large number of subjects);
   - details of all the above are placed on Departmental noticeboards or promulgated at early class meetings.
3. Stage I Science lectures are given in sets. Before the beginning of the session students should consult Departmental notice boards to see which sets of lectures they are required to attend and to confirm the hours shown in the timetable.
4. Departments will announce the allocation of individual courses to particular lecture hours. Some of the lecture hours shown will be used for optional or alternative courses and in some cases all lecture hours allocated may not be utilised.
5. Students will not be permitted to enrol in Courses of Study that have a clash in lecture times, except with the approval of the Senate.
6. Bracketed Papers. Each bracketed paper will be taught at one or more of the times listed. Details are available from the Departments concerned.

(i)(x) Class Streams.
For Science
1-4 Quarters of year. Where teaching is for the full year quarters are not shown.
1st Quarter — Monday 4 March — Friday 12 April
2nd Quarter — Monday 15 April — Friday 21 June
3rd Quarter — Monday 24 June — Friday 9 August
4th Quarter — Monday 12 August — Friday 11 October

For Arts and Commerce
(A) — first HALF year only, commencing approx 4 March
(B) — second HALF year only, commencing approx 25 June
(C) — first THIRD year only, commencing approx 4 March
(D) — second THIRD year only, commencing approx 6 May
(E) — third THIRD year only, commencing approx 29 July

As these are approximate dates, Departmental notice boards or information handouts should be checked for exact dates.

LECTURE TIMETABLE 1985

Note: This timetable is subject to change as class numbers and staff teaching commitments become stabilized.

Note: German 22.100/101 students attend T4 plus an additional four hours only from other listed times. These other classes are streamed and students are allocated to particular streams on the basis of their previous language experience. All students must consult the departmental timetable (available prior to enrolment week in the German Department) before arranging their lecture hours.

438 Tertiary Assistance Grants
439 Definitions of Full-Time Study, 1985
441 Scholarships and Prizes
442 National Scholarships 1984
442 University of Auckland Scholarships 1984
444 University of Auckland Prizes 1983
TERTIARY ASSISTANCE GRANTS

For the convenience of students a brief outline of grants available through the Department of Education is printed below.

The official information is contained in a booklet available from the Registry entitled *Applicants Guide for Tertiary Assistance Grants*.

All enquiries should be made in the first instance to the Tertiary Grants Section, Registry building.

ELIGIBILITY

A Study Grant may be awarded only to a person who is;

1. A New Zealand citizen; or
2. a person from overseas who is entitled to reside permanently in New Zealand and who signs a statutory declaration stating their intention to do so.

Persons admitted to New Zealand on a study permit issued by the Department of Labour are not eligible for bursary assistance.

1. FEES GRANT

(A) FEES GRANT

A fees grant may be awarded to a student who is enrolled for a recognised course of study at a university in New Zealand provided that he is taking in that year at least one-third of a full-time programme.

(B) VALUE OF A FEES GRANT

A fees grant meets 75% of the tuition fees for all of the courses that normally constitutes the course of study for which the grant is awarded.

(C) INCOME RESTRICTION

Students are not eligible for a fees grant if they have a personal gross income from any source in excess of $3,500.

(D) TERM OF A FEES GRANT

The maximum fees grant assistance available is for two courses or the equivalent of five years of a full-time study, whichever is the lesser.

(E) SUSPENSION OF A FEES GRANT

(a) Full-time study

A fees grant is suspended if a student fails to pass more than half the course for which they receive assistance or more than half a full-time programme, whichever is the lesser.

(b) Part-time study

A fees grant is suspended if the student fails to pass more than half the papers for which they receive assistance or at least one third of a full-time programme whichever is the greater.

(F) REINSTATEMENT OF FEES GRANT

A fees grant is reinstated if in a subsequent year of study the student passes one-third of a full-time programme.

2. STUDY GRANT

(A) STUDY GRANT

A study grant is available where the following conditions are met:

(i) for full-time study at a university;
(ii) enrolled in an approved course;
(iii) the course is a recognised course of study;
(iv) must attend all lectures, laboratories and tutorials.

(B) VALUE OF STUDY GRANT

The value is $30 a week for the period of the academic year.

(C) INCOME RESTRICTION

Students are not eligible for the full study grant if they are in receipt of a personal income of over $2,400 p.a. The amount of the study grant will be reduced $2 weekly for every $100 or part thereof over $2,400 (for full-time students holiday earnings may be disregarded in this context.)

(D) TERM OF STUDY GRANT

A study grant is available for a recognised course only and is tenable for the minimum period in which a full-time student could complete the recognised course.

1985 Calendar
(E) SUSPENSION OF A STUDY GRANT
A study grant is suspended if in any year, the student fails to gain passes in more than half the work of a full-time course.

(F) REINSTATEMENT OF STUDY GRANT
A suspended study grant can be reinstated if students, at their own expense, gain passes in more than half the work of a full-time course in any subsequent year of study.

3. A AND B BURSARIES
These are worth $200 p.a. and $100 p.a. respectively. They may be gained by passing Bursary examinations or sufficiently high grades in final examinations for a full-time course of study.

4. ACCOMMODATION GRANT
An accommodation grant of $25 per week may be claimed by students under the age of 20 years on 1 February, provided they are eligible to claim a study grant, if it is necessary for them to live away from either parent whose normal place of residence is outside the accommodation grant boundary, in order to attend the tertiary institution offering their course of study.

Students over the age of 20 years on 1 February may, provided they are eligible to claim a study grant, claim an accommodation grant if they are not residing at the home of either parent.

5. HARDSHIP GRANT
A hardship grant is available to students who are in receipt of a tertiary study grant and who would be unable to study full-time without additional financial assistance. The maximum amount payable is $11 weekly bringing the total grant payable to a maximum of $66 weekly. Applications for the hardship grant are assessed on a case by case basis and awards are made in accordance with the needs of individual students. In general, single students under the age of 20 on 1 February in the year in which the application is made are required to make joint application with their parents or guardians. This may be waived in exceptional circumstances.

Additional information may be obtained by writing to the Registrar, University of Auckland, Private Bag, Auckland.

DEFINITIONS OF FULL-TIME STUDY 1985

**Architecture and Town Planning**
- **Architecture Intermediate**
  - All subjects required for the Intermediate under BArch Reg 5 (72 bursary points)*
- **BArch**
  - 36 credits
- **Town Planning Intermediate**
  - 72 bursary points*
- **BTP**
  - 7 papers
- **DipTP**
  - 6 papers
- **Property Administration Intermediate**
  - 72 bursary points*
- **BPA**
  - A professional year or equivalent

**Arts**
- **BA**
  - 72 bursary points*
- **DipBrC**
  - All work as specified under DipBrC Reg 3
- **DipDrama**
  - All work as specified under DipDrama Reg 3 and 4
- **DipEd**
  - The required 4 papers and Original Investigation. In the case of a student taking Education 14.100 and 14.101 as well as Diploma subjects: 14.100 and 14.101 and either 4 papers or 3 papers and Original Investigation
- **DipEdPsych**
  - Pt I or Pt II
- **DipGuid**
  - Pt I or Pt II
- **DipLGA**
  - All subjects required under DipLGA Reg 5

**Commerce**
- **BCom**
  - 72 bursary points*
Engineering
Engineering Intermediate
BE
DipBIA

72 bursary points*
A Professional year or equivalent.
All subjects required under DipBIA Reg 4

Fine Arts
BFA

6 papers in the first Professional year
9 papers in the second, third and fourth Professional years

Law
Law Intermediate
LLB/LLB Hons
Dip Crim

All subjects required under LLB Reg 3, (72 bursary points*)
First, second or third Law examination or equivalent
Division I or II equivalent

Medicine and Human Biology
BHB
MBChB

Part I, II or III
Part I or II

Music
BMus
BMus (Performance)
BMus (Performance) (Hons)
DipMus
DipMus (Hons)

72 bursary points*
Performance and 3 papers
All work as specified under Reg 4
6 papers
6 papers

Science
BSc
BSc (Hons)
BOptom
DipComp Maths
DipEn Tech (Geotherm)
DipMath Ed
DipOpt
DipStats

72 bursary points*
Part III or IV
Year I, II, III or IV or equivalent
All subjects required under DipComp Maths Reg 4
Parts I, II and III
Division I, II, III or IV or equivalent
All subjects required under DipStats Reg 3

Masters' Courses
The student must be pursuing a full-time programme approved by the Head of the Department.

Notes: (i)* Bursary Points
(a) Papers in the Schedules for BA, BCom, BMus:
   at Stage I and II
   12 bursary points per paper
   at Stage III
   16 bursary points per paper
(b) Papers in the Schedule for BSc:
   at Stage I
   2 bursary points per credit
   at Stage II
   3 bursary points per credit
   at Stage III
   4 bursary points per credit
(ii) For the purpose of the Tertiary Assistance Grants Regulations the following exceptional combinations of papers/credits have been approved as one third or more of a full-time programme
BE
   Either
   3 half-year papers
   or
   1 full-year paper and 1 half-year paper
   2 papers
BTP, DipBIA
A full list of definitions is available from the Tertiary Grants Section, Registry.
(iii) The following course requirements are NOT included in the definition of full-time study for Tertiary Assistance Grants purposes:
LLB and LLB (Hons)
BE

Legal Practice
Laboratory requirements
TENURE

In general, students have a standard entitlement to assistance for two recognised courses or five years, whichever is the lesser. (The entitlement to fees grant is for assistance for two recognised courses or the equivalent of five years of full-time study, whichever is the lesser). The period of tenure for the various courses that have been recognised for tertiary grants purposes is as follows:

One Year:
- Dip BrC, DipBIA, DipCompMaths, DipDrama, DipEd,
- Dip Geotherm Tech, DipGuid, DipLGA, DipMus (Hons),
- DipStats, DipMathEd, MTP, MArch, MJur, LLM (papers only),
- MMedSc, MHB, BMus (Performance) (Hons), ME (papers only)

Two Years:
- DipCrim, DipTP, MBChB, MA, MCom, MSc, MPhil, MFA, ME
- (papers and thesis) MMus, LLM (papers and thesis), MA/DipClinPsych

Three Years:
- BE, BFA, BMus (Performance), BOptom, BSc (Hons),
- BTP, DipOpt, LLB, LLB (Hons), BCom/BSc†, BCom/BA†

Four Years:
- BArch, BA/LLB†, BA/LLB (Hons)†, BA/BA†, BA/BMus†, BA/BMus (Performance)†,
- BA/DipMus†, BA/DipMus (Hons)†, BCom/LLB†, BCom/LLB (Hons)†,
- BHB/MBChB, BMus/DipMus†, BMus/DipMus (Hons)†, BSc/DipOpt†,
- BMus (Performance)/BMus (Performance) (Hons), BA/MA,
- BSc/MSc, BSc (Hons)/MSc, BCom/MCom, LLB/LLM (papers only),
- LLB (Hons)/MJur, BMus/MMus, BE/ME (papers only), BTP/MT

Five Years:
- BHB/MBChB, BA/LLB (Hons)†, BHB/MBChB/MMedSc*,
- BHB/MH/MBChB*, BArch/MA†, BE/ME (papers and thesis)*, BMus (Perf)*/MMus (Perf)*,
- DipOpt/MSc (in Psych)

Six Years:
- BB/LLB (papers and thesis)*, BFA/MFA*, BHB/MBChB/MMedSc*,
- BHB/MMH/MBChB*, BA/MA†, BE/ME (papers and thesis)*, BMus (Perf)*/MMus (Perf)*,
- DipOpt/MSc (in Psych)*

Seven Years:
- BSc/BHB/MBChB, BA (Bio or Chem)/BHB/MBChB

Notes: (i) Conjoint courses, marked with a dagger (†), count as two courses. Other combined courses count as one course only.
(ii) Those combinations of courses marked with an asterisk (*) have been approved as "long" courses and can qualify for a sixth year of tenure.
(iii) Certain courses have been designated as Courses of National Importance with a tenure of 6-7 years. Students may apply to the Director-General to receive assistance for combinations of courses regardless of any previous assistance which has been granted. A combination of a paramedical course and a suitable undergraduate course is designated as a Course of National Importance.
(iv) A further year's fees assistance is available for Law Professionals in the following combinations only: LLB/LLM/LawProf and LLB (Hons)/MJur/LawProf, LLB/LawProf and LLB (Hons)/LawProf.
(v) Seven years, long course in medicine, requires student to be admitted to BHB on the basis of credits for the first degree.

SCHOLARSHIPS AND PRIZES

A booklet entitled Awards Handbook is available without charge from the enquiry counter at the Registry, Princes Street. This booklet gives full details of the regulations governing scholarships, bursaries, prizes and other awards administered by the University and details of funds available for special assistance.

A handbook published annually entitled University Grants Committee Handbook gives full details of the regulations governing awards administered by the University Grants Committee. This handbook is available from Whitcoulls Ltd, booksellers, and for reference in the University library.

The attention of students and graduates is drawn to the Scholarships Notice Boards in the cloister on the lower ground floor of the Old Arts Building and in the Student Union.

Review of Scholarship

The Council, in awarding any scholarship, reserves the right to reduce the annual value of such scholarship at any time and from time to time during the tenure of it by any holder should the annual income of the funds of such scholarship, in the opinion, of the Council, render such reduction expedient. All scholarships offered are subject to review in the event of the candidate being awarded other scholarships. Every holder of a scholarship shall be deemed to accept the award of same, subject to the above reservation, and notwithstanding that the value of such scholarship is set out specifically in the Regulations.

Re-award of a Scholarship discontinued by the Original Holder

Fresh applications may be called for in any scholarships discontinued after a period of three months or more from the original date of award; the re-award in the event of the discontinuation of the scholarship to be made on the basis of the original application if possible.

AN ACT TO CONSOLIDATE AND AMEND CERTAIN ENACTMENTS OF THE GENERAL ASSEMBLY RELATING TO THE UNIVERSITY OF AUCKLAND

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:

1. Short Title and commencement — (1) This Act may be cited as the University of Auckland Act 1961.
   (2) This Act shall come into force on the first day of January, nineteen hundred and sixty-two.

2. Interpretation — In this Act, unless the context otherwise requires, —
   “The Chancellor” means the Chancellor of the University of Auckland elected under this Act;
   “The Council” means the Council of the University of Auckland;
   “Financial year” means the financial year of the University fixed by the Council with the concurrence of the University Grants Committee;
   “General course of study” means the structure of any course for a degree or other academic qualification and the subjects of study in the course; and includes the content of any subject in the course, any set works or periods to be studied, the extent and nature of any practical work required for any such subject, any prerequisites to the course or to the subjects of study in the course, and the types of examination;
   “Lecturer” means a member of the staff of the University of Auckland who is in terms of his appointment an associate professor, a reader, a senior lecturer, or a lecturer of the University; and includes such other persons and classes of persons as the Council from time to time determines;
   “Personal course of study” means the subjects which an individual student selects for a degree or other academic qualification in accordance with the general course of study for the time being prescribed for all students for the degree or other academic qualification;
   “The Pro-Chancellor” means the Pro-Chancellor of the University of Auckland elected under this Act;
   “Professor” means a professor of the University of Auckland; but does not include an associate professor;
   “The Registrar” means the Registrar of the University of Auckland;
   “The Senate” means the Senate of the University of Auckland;
   “Students’ Association” means the Auckland University Students’ Association Incorporated;
   “The University” means the University of Auckland constituted under this Act.
   “The Vice-Chancellor” means the Vice-Chancellor of the University of Auckland appointed under this Act.

3. Constitution of the University — (1) For the advancement of knowledge and the dissemination and maintenance thereof by teaching and research there shall be in the Auckland University District a University to be called the University of Auckland.
   (2) The University shall consist of the Council, the professors emeriti, the professors, lecturers, junior lecturers, Registrar, and librarian of the University for the time being in office, the graduates and undergraduates of the University, the graduates of the University of New Zealand whose names are for the time being on the register of the Court of Convocation of the Auckland University District, and such other persons and classes of persons as the Council may from time to time determine.
   (3) The University shall be a body corporate with perpetual succession and a common seal, and may hold real and personal property, and sue and be sued, and do and suffer all that bodies corporate may do and suffer.
   (4) The University established under this Act is hereby declared to be the same institution as the institution of that name existing immediately before the commencement of this Act under the University of Auckland Act 1954 (as amended by the University of Auckland Amendment Act 1957), which institution was originally established under the name of the Auckland University College under the Auckland University College Act 1882.

4. University District and Court of Convocation — (1) For the purposes of this Act there shall be a district to be called the Auckland University District, comprising the area specified in the First Schedule to this Act.
   (2) The boundaries of the Auckland University District may be altered from time to time by the Governor-General by Order in Council.
   (3) There shall be a Court of Convocation for the Auckland University District.
   (4) The said Court of Convocation shall consist of the persons whose names are enrolled on a register to be kept by the Registrar.
   (5) Every person shall be entitled to have his name enrolled on the register of the Court of Convocation who —
      (a) Is a graduate of the University; or
History & Legislation, University of Auckland Act 1961

(b) Being a graduate of the University of New Zealand either by examination at any time or by reason of having been admitted *ad eundem gradum* before the first day of January, nineteen hundred and forty-three, is not, by reason of that qualification, enrolled on the register of the Court of Convocation for any other University District in New Zealand, and is otherwise qualified in accordance with statutes made by the Council to be enrolled on the register of the Court of Convocation for the Auckland University District; or

(c) Not being such a graduate, is a professor or graduate full-time member of the staff of the University or a graduate member, approved by the Council as being of University status, of the staff of an institution affiliated to the University; or

(d) Is otherwise entitled in accordance with statutes made by the Council to have his name enrolled on the said register.

(6) The Council may from time to time make statutes for the keeping of the register of the Court of Convocation, which statutes may include provisions prescribing the persons and classes of persons who are eligible under paragraph (b) or paragraph (d) of subsection (5) of this section for membership of the said Court of Convocation and the conditions (whether as to payment of fee or otherwise) on which persons are entitled to have their names enrolled in the register of the said Court; and, subject to this Act and to the said statutes, if any, the said Court shall have power to make such rules for the conduct of its business as it thinks fit as the Council may determine.

(7) The said Court may make representations to the Council on any matter concerning the interests of the University.

5. Visitor of the University — The Governor-General shall be the Visitor of the University, and shall have all the powers and functions usually possessed by Visitors.

The Council

6. Constitution of Council — (1) There shall be a Council of the University, to be called the Council of the University of Auckland.

(2) The Council shall consist of —

(a) Three members to be appointed by the Governor-General:

(b) The Vice-Chancellor or, while there is no Vice-Chancellor in office or during the absence or incapacity of the Vice-Chancellor, —

(i) The Deputy Vice-Chancellor; or

(ii) While there is no Deputy Vice-Chancellor in office during the absence or incapacity of the Deputy Vice-Chancellor, the Chairman of the Senate:

(c) Five members to be appointed by the Senate, of whom four shall be professors, and one shall be a lecturer appointed by the Senate from its sub-professorial members:

(ca) One full-time lecturer to be elected by the full-time lecturers:

(d) Six members to be elected by the Court of Convocation for the Auckland University District:

(e) One member to be elected by the governing bodies of State secondary schools, technical schools, and combined schools, and such registered private secondary schools as the Council may from time to time determine, being in all cases schools situated in the Auckland University District, each governing body to have one vote for the purposes of any such election:

(f) One member, to be appointed by the Executive Committee of the Students’ Association, who shall be, at the time of his appointment, enrolled for a degree or diploma as a full-time or part-time internal student of the University and shall, before being appointed, have been enrolled for at least 2 academic years at a university or universities in New Zealand:

(fa) The president for the time being of the Students’ Association:

(g) Such number of members (not exceeding three) as the Council from time to time after the commencement of this Act thinks fit, to be appointed by the Council:

(h) The Mayor of Auckland:

(i) One member to be appointed by the Council of the University of Albany. The first member shall be appointed as soon as practicable after such date as shall be prescribed by Order in Council for a term which shall be deemed to have commenced on the date so prescribed.

(3) The Mayor of Auckland may from time to time nominate a member of the Auckland City Council to be his alternate on the Council; and the alternate for the time being may act in place of the Mayor at any meeting of the Council not attended by the Mayor.

1985 Calendar
(3a) Notwithstanding anything in subsection (2) of this section, the membership of the Council shall also include for a single term expiring with such date as shall be prescribed by Order in Council, one additional member who shall be appointed by the Council of the University of Albany as soon as practicable after the commencement of the University of Albany Act 1972.

7. Transitional provisions — (Repealed)

8. Terms of office — (1) Subject to the provisions of this Act, the members of the Council elected under paragraph (d) of subsection (2) of section 6 of this Act shall hold office for a term of four years, the members of the Council appointed under paragraphs (c), (ca), and (f) of subsection (2) of section 6 of this Act shall hold office for a term of two years, and all other elected or appointed members of the Council shall hold office for a term of three years. All elected or appointed members of the Council may from time to time be re-elected or reappointed.

(2) Elections or appointments of members of the Council to take the place of members whose terms are due to expire with the thirtieth day of June in any year shall be held or made not later than the third Monday in June in that year; and members so elected or appointed shall come into office on the first day of July following the date specified in this subsection for their election or appointment.

(3) Appointments of members of the Council to take the place of members whose terms are due to expire with the thirty-first day of December in any year shall be made not later than the third Monday in December in that year; and members so appointed shall come into office on the first day of January following the date specified in this subsection for their appointment.

(4) If at the time prescribed by this section for the election or appointment of any member or members of the Council no member or members or insufficient members are elected or appointed, the Council may itself appoint a suitable person in the place, and for the term or the remainder of the term, of the member who should have been elected or appointed.

(5) Every member of the Council elected or appointed under any of the provisions of paragraphs (a), (c), (ca), (d), (e), and (f) of subsection (2) of section 6 of this Act, unless he sooner vacates his office under section II of this Act, shall continue to hold office until his successor comes into office. Every member of the Council appointed under paragraph (g) of subsection (2) of section 6 of this Act shall go out of office at the expiration of his term of office.

9. Employees as Council members — (1) No person in the employment of the University shall be eligible for office as a member of the Council, otherwise than under paragraph (b) or paragraph (h) of subsection (2) of section 6 of this Act, unless he is a member appointed by the Senate:

Provided that the Council may pay to any member for the time being of the Council who has acted, at the request of the Council, as an examiner, assessor, or moderator in any subject or examination a fee or stipend determined in accordance with paragraph (c) of section 18 of this Act, and no person to whom any such fee or stipend is paid shall be ineligible as aforesaid:

Provided also that no person shall be ineligible as aforesaid by reason of any other employment by the University if the amount paid to him in any financial year in respect of that employment does not exceed such amount as the Minister of Education from time to time determines.

10. Disqualification of members of Council — The following persons shall be incapable of being elected or appointed to be members of the Council:

(a) A mentally defective person within the meaning of the Mental Health Act 1911:

(b) A bankrupt who has not obtained his order of discharge or whose order of discharge has been suspended for a term not yet expired or is subject to conditions not yet fulfilled:

(c) A person convicted of any offence, punishable by imprisonment, unless he has received a free pardon or has served his sentence or otherwise suffered the penalty imposed on him.

11. Casual vacancies in Council — (1) Subject to subsections (1A) and (1B) of this section if any elected or appointed member of the Council —

(a) Dies; or

(b) Resigns his office by writing under his hand delivered to the Registrar; or

(c) Is absent without leave from three consecutive meetings of the Council; or

(d) Becomes ineligible for election or appointment to the Council under the provision of this Act under which he was elected or appointed; or

(e) Becomes a mentally defective person within the meaning of the Mental Health Act 1911; or

(f) Is adjudged a bankrupt; or

(g) Is convicted of any offence punishable by imprisonment for a term of 2 years or more; or
(h) Is convicted of any offence punishable by imprisonment for a term of less than 2 years and is sentenced
to imprisonment for that offence, he shall thereupon cease to be a member and the vacancy thereby created
shall be deemed to be a casual vacancy.

(1A) In any case to which paragraph (g) of subsection (1) of this section applies —
(a) The disqualification shall not take effect until the expiration of the time for appealing against the
conviction and, in the event of an appeal conviction, until the appeal is determined; and
(b) The member concerned shall be deemed to have been granted leave of absence until the expiration of that
time, and shall not be capable of acting as a member during the period of that leave of absence.

(1B) In any case to which paragraph (h) of subsection (1) of this section applies —
(a) The disqualification shall not take effect until the expiration of the time for appealing against the
conviction or the sentence and, in the event of an appeal against conviction or against the sentence or both,
until the appeal is determined; and
(b) The member concerned shall be deemed to have been granted leave of absence until the expiration of that
time, and shall not be capable of acting as a member during the period of that leave of absence.

(2) If any elected or appointed member of the Council becomes the Mayor of Auckland or the Vice-Chancellor,
a casual vacancy shall arise in respect of the office previously held by him.

(3) Every casual vacancy in the office of an elected or appointed member of the Council (other than a member
appointed under paragraph (g) of subsection (2) of section 6 of this Act) shall, as soon as practicable, be filled
by the election or appointment of a new member, in place of the vacating member, in the same manner as in
the case of the vacating member, and the member elected or appointed to fill any casual vacancy shall hold
office for only the residue of the term of the vacating member.

12. Proceedings of Council not affected by vacancies, etc. — No act or proceeding of the Council, or of
any committee thereof, or of any person acting as a member of the Council, shall be invalidated in consequence
of there being a vacancy in the number of the Council at the time of that act or proceeding, or of the subsequent
discovery that there was some defect in the election or appointment of any person so acting, or that he was
incapable of being or had ceased to be such a member.

13. Election of members — (1) The Registrar of the University, or such other person as the Council appoints,
shall be the Returning Officer for the purpose of conducting elections of members of the Council.
(2) The elections of members of the Council shall be conducted and determined, and rolls for the elections
shall be prepared in the manner prescribed by statutes or regulations of the University.

14. Meetings of Council — The Council shall meet at such times and places as it determines: Provided that
it shall meet at least once in the month of July in each year.
(2) At any meeting of the Council six members shall form a quorum, and no business shall be transacted unless
a quorum is present.
(3) At any meeting of the Council the person presiding at the meeting shall have a deliberate vote, and in the
case of an equality of votes shall also have a casting vote.
(4) Every question before the Council shall be decided by a majority of the votes of the members present at
the meeting of the Council and entitled to vote on that question.

15. Special meetings of Council — (1) The Chancellor may at any time, of his own motion, call a special
meeting of the Council, and the Chancellor shall call a special meeting on the requisition in writing of any
five members.
(2) Notice of any such meeting shall be posted to each member at his usual address at least forty-eight hours
before the time fixed for the meeting.

16. Council may appoint committees — The Council may from time to time appoint standing or special
committees.
(2) The council may delegate any of its powers and duties, including any powers, and duties which it has by
delegation from any other body of person, but (except as provided in subsection (2) of section 35 of this Act)
not including this power of delegation, and not including the power to make statutes and regulations, to any
such committee or to the Senate or any person; and the committee or the Senate or person, as the case may
be, may, without confirmation by the Council, exercise or perform the delegated powers or duties in like
manner and with the same effect as the Council could itself have exercised or performed them.
(3) Every such delegation shall be revocable at will, and no such delegation shall prevent the exercise of any
power or the performance of any duty by the Council.
(4) Unless and until any such delegation is revoked, it shall continue to force according to its tenor.
(5) It shall not be necessary that any person who is appointed to be a member of any such committee, or to whom any such delegation is made, shall be a member of the Council.

Powers of the Council

17. Council to be governing body of University – The Council shall be the governing body of the University through which the corporation of the University shall act, and shall have the entire management of and superintendence over the affairs, concerns, and property of the University; and, subject to the provisions of this Act and any other Act, shall in respect of all such matters have authority to act in such manner as appears to it to be best calculated to promote the interests of the University and of any other institution controlled by the Council and to promote and foster adult education:
Provided that the Council shall not make any final decision on any matter mentioned in section 36 of this Act until it has first consulted the Senate or in the case of any appointment or removal of academic staff the committee of the Senate specified in the second proviso to that section, and considered any recommendations the Senate or committee may make in that behalf, unless the Senate or committee, having had reasonable opportunity to make such recommendations, has failed so to do.

18. Appointment of professors, lecturers, etc. – Subject to the provisions of section 36 of this Act, the Council shall have power –
(a) To institute the offices of professor and lecturer and such other offices as it thinks fit in connection with the University and any other institution controlled by the Council:
(b) To appoint, upon such conditions, for such term, and upon such notice, as it thinks fit, all professors, lecturers, teachers, officers, and servants of the University and of all other institutions controlled by the Council.
(c) To appoint and remove examiners, assessors, and moderators:
Provided that the fee or stipend which the Council may pay to any examiner, assessor, or moderator shall be in accordance with a scale fixed by the Council with the concurrence of the University Grants Committee.

19. Conferment of degrees – (1) The Council shall have power to confer any degree or to award any other academic qualification specified in the Second Schedule to this Act.
(2) The Council may from time to time, by statute, add to or omit from the list of degrees and other academic qualifications specified in the said Second Schedule the name or description of any degree or other academic qualification or otherwise amend the list; and every such statute shall have effect according to its tenor:
Provided that no statute adding to the said list of degrees shall come into force until it has been approved by the University Grants Committee.
(3) The Council shall, in accordance with such conditions as it may prescribe, have power to confer any degree or to award any academic distinction as an honorary degree or academic distinction:
Provided that no honorary degree or academic distinction shall be conferred on or awarded to any person by the Council unless that person has been recommended theretofore by a joint committee of the Council and the Senate set up in accordance with the statutes or regulations of the University.

20. Awards of certificates, etc. – The Council shall have power, under such conditions as it thinks fit, to award certificates, fellowships, scholarships, bursaries and prizes, and to make other awards.

21. Lectures to members of the public – The Council shall have power to provide such lectures and instruction for any persons, whether or not they are members of the University, as it thinks fit, and on such conditions as it thinks fit, and may award certificates to any of them.

22. Power to make statutes and regulations – (1) Subject to the provisions of this Act and any other Act, the Council may from time to time make such statutes of the University as may in its opinion be necessary or expedient for the administration of the affairs of the University.
(2) Subject to the provisions of this Act and any other Act and to the statutes (if any) of the University, the Council may from time to time make such regulations of the University as may in its opinion be necessary or expedient for the administration of the affairs of the University.
(3) Without limiting the generality of the foregoing provisions of this section it is hereby declared that statutes and regulations so made may prescribe any matters which by this Act are required or permitted to be prescribed or with respect to which statutes or regulations are, in the opinion of the Council, necessary or expedient for giving effect to this Act.
(4) Subject to the provisions of section 36 of this Act and, where so required by any Act, to the consent of the University Grants Committee or the Curriculum Committee, the Council may make statutes or regulations...
with respect to all or any of the degrees and other academic qualifications, certificates, fellowships, scholarships, bursaries, prizes, and awards of the University which the Council may confer or award, and with respect to general courses of study and personal courses of study for the same.

(5) All such statutes and regulations shall be in writing.

(6) No statute passed by the Council of the University as aforesaid shall come into force until it has been approved by the Governor-General.

(7) All such statutes and regulations shall have effect according to their tenor, and shall be published by the Council.

(8) A copy of any such statute or regulation under the seal of the University shall be sufficient evidence in all Courts of the same and of its having been made and (where necessary) approved in accordance with this section.

23. Seal of the University — The seal of the University shall be in the custody of the Registrar or such other officer as the Council may appoint, and shall not be affixed to any document except pursuant to a resolution of the Council, or by the authority of a resolution of a committee of the Council acting in accordance with an authority for that purpose conferred upon it by the Council.

24. Admission of students — (1) Every person who is academically qualified for entrance to a University in New Zealand in accordance with the requirements of the Universities Entrance Board shall be eligible to matriculate at the University without further examination.

(2) The Council shall have power to decline to enrol any student at the University, or in a particular course or courses, or in classes in a particular subject or subjects on the ground of —

(a) The person not being of good character; or
(b) Misconduct or a breach of discipline on the part of the student; or
(c) The person not having attained the age of sixteen years on the previous thirty-first day of December, or the person not having attained any other age prescribed in respect of any course of study by any course regulations within the meaning of the Universities Act 1961; or
(d) The person being enrolled for full-time instruction in a secondary school, technical school, combined school, district high school, or registered private secondary or technical school; or
(e) Insufficient academic progress by the student after a reasonable trial at the University or at any other University or University College of Agriculture; or
(f) Insufficiency of accommodation or of teachers in the University or in a faculty, department, class, or course of the University;
   Provided that the Council shall exercise its power under this paragraph in accordance with criteria and procedures prescribed from time to time by it after consultation with the University Grants Committee.

(g) The person not having satisfied any conditions prescribed by any course regulations within the meaning of the Universities Act 1961.

(3) The Council shall, as soon as practicable after the commencement of this Act, make a statute or statutes governing the persons and classes of persons who may be enrolled or refuse enrolment as external students of the University, and the conditions under which, and the subjects and course for which, they may be so enrolled or refused enrolment. The Council may from time to time make further statutes for all or any of the purposes specified in this subsection, and may by statute repeal or amend any statute made under this subsection. No statute made under this subsection shall come into force until it has been approved by the University Grants Committee.

(4) For the purposes of paragraph (f) of subsection (2) of this section the Council may, if it thinks fit, from time to time make statutes defining the circumstances in which insufficiency of accommodation or of teachers in the University or in a faculty, department, class, or course of the University shall be deemed to exist, and the maximum number of students who may be admitted to any faculty, department, course or class. No such statute shall come into force until it has been approved by the University Grants Committee. Every such definition that is made by statute under this subsection shall be conclusive for all purposes.

(5) Where any person has obtained in any University or other place of learning any degree or other academic qualification or part thereof which the council is empowered to confer or award, the Council may admit that person at its discretion ad eundem statum in the University without further examination and may withdraw any such admission at any time.

(6) A person admitted to the status of the holder of a degree or other academic qualification or part thereof to the University shall not be deemed to be the holder of the degree or other academic qualification or part thereof, nor shall he be entitled to be enrolled as a graduate of the University, but he shall be entitled to
proceed to any degree or other academic qualification of which the degree or other academic qualification or part thereof to the status of which he has been admitted is a prerequisite upon the same terms and conditions as those upon which a holder of the degree or other academic qualification or part thereof is entitled so to proceed.

(7) Where a person who has been a student of another University and has matriculated at any university in New Zealand is admitted to the University of Auckland, the Council of that University shall give him such credits as it considers appropriate for any units or subjects which he has already passed in New Zealand and with which he has been credited towards a degree or other academic qualification in his former University or grant him such exemptions as it considers appropriate, so that he may complete his course without suffering undue hardship as a consequence of his transfer.

(8) Any person who is eligible to be admitted or who has been admitted to a degree of the University of New Zealand, or who has been admitted ad eundem at graduate status by the Senate of the University of New Zealand shall be deemed to be of equivalent status in the University of Auckland for the purpose of proceeding to a degree or other academic qualification of the University of Auckland, and shall, subject to the course regulations for the degree or other academic qualification for which he is a candidate, be eligible to proceed to the degree or other academic qualification. Provided that, in approving his personal course of study, the senate may, at its discretion, require any such person to complete such supplementary courses as it thinks fit either as a prerequisite to or concurrently with his course of study for the degree or other academic qualification for which he is a candidate. The provisions of subsection (8) of this section shall, with the necessary modifications, apply to any person who is eligible to be awarded or who has been awarded a diploma of the University of New Zealand, or to any person who has been admitted ad eundem by the Senate of the University of New Zealand to the status of a holder of a diploma of that University.

The Chancellor and Pro-Chancellor

25. Election of Chancellor — (1) At its first meeting held in the month of July in the year nineteen hundred and sixty-two, and in every third year thereafter, the Council shall elect one of its members to be the Chancellor of the University of Auckland:

Provided that the Vice-Chancellor or any other person who is for the time being a member of the Council under paragraph (b) of subsection (2) of section 6 of this Act or a member of the Council appointed by the Senate shall not be so elected.

(2) The Chancellor shall be the ceremonial head of the University and the Chairman of the Council.

(3) Unless the Chancellor resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, he shall continue to hold the office until his successor is elected, and (subject to the provisions of section 10 of this Act) shall be eligible for re-election:

Provided that, upon any person completing two consecutive terms each of three years as Chancellor, he shall cease to be eligible for re-election as Chancellor until after the lapse of a period of three years during which he did not hold that office.

(4) If the Chancellor resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, the Council shall elect some eligible person to be the Chancellor for the remainder of the term for which the vacating Chancellor was elected.

(5) For the purpose of the election of the Chancellor for any term, the Registrar of the University shall preside at the meeting, but shall not be entitled to vote. In the event of an equality of votes the election shall be determined by lot.

26. Election of Pro-Chancellor — (1) At its first meeting held in the month of July in each year, the Council shall elect one of its members who is eligible to be elected as Chancellor to be the Pro-Chancellor of the University of Auckland.

(2) Unless the Pro-Chancellor sooner resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, he shall continue to hold the office until his successor is elected, and (subject to the provisions of section 10 of this Act) shall be eligible for re-election.

(3) If the Pro-Chancellor resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act or is elected to be the Chancellor he shall thereupon vacate the office of Pro-Chancellor, and the Council shall elect one of its members who is eligible to be elected as Chancellor to be the Pro-Chancellor of the University of Auckland for the remainder of the term.

(4) During any vacancy in the office of Chancellor, or in the absence of the Chancellor from New Zealand, or while he is incapacitated by sickness or otherwise, the Pro-Chancellor shall have and may exercise and
perform all the powers and duties of the Chancellor, other than his powers in relation to the conferring of
degrees and the award of other academic qualifications and distinctions.

27. Right to preside at meetings of Council — The Chancellor shall preside at every meeting of the Council
at which he is present. If at any meeting of the Council the Chancellor is not present or there is no Chancellor,
the Pro-Chancellor shall preside at the meeting; and if the Pro-Chancellor also is not present at the meeting
or there is no Pro-Chancellor, the Council shall appoint some member present to preside at that meeting. The
Pro-Chancellor or person so appointed shall have and may exercise in any such case all the powers and
functions of the Chancellor for the purposes of the meeting.

28. Vice-Chancellor — (1) The Council may from time to time appoint some fit and proper person to be the
Vice-Chancellor of the University of Auckland.
(2) The Vice-Chancellor shall have the following functions, powers and duties:
(a) He shall be the academic and administrative head of the University;
(b) He shall, by virtue of his office, be a member of the Council, Chairman of the Senate, a member of every
faculty, and a member of every committee set up by the Council or the Senate;
(c) He shall have such duties as the Council, subject to the provisions of this Act, may from time to time
specify:
(d) He may, during the intervals between meetings of the Senate, exercise alone (but subject always to the
control of the Council and to a right of appeal to the Senate) such of the powers of the Senate as to
maintain the discipline of the University as may be prescribed in that behalf by statutes or regulations
made under the authority of this Act;
(e) On the occurrence from any cause of a vacancy in the office of Chancellor, or in the absence of the
Chancellor from New Zealand, or while he is incapacitated by sickness or otherwise, the Vice-Chancellor
shall exercise the powers of the Chancellor in relation to the conferring of degrees and the award of other
academic qualifications and distinctions.
(3) The Vice-Chancellor may appoint any member of the Senate to attend in his place the meeting of any
board, committee, or other body which is not constituted by or under this Act (whether created by or under
any other Act or otherwise) of which the Vice-Chancellor is a member. Any person so appointed shall while
so attending be deemed for all purposes to be a member of the board, committee, or other body and may
exercise all the rights and powers which the Vice-Chancellor could have exercised had he been personally
present. The fact that any member of the Senate so attends shall be sufficient evidence of his authority so to
do.

29. Deputy Vice-Chancellor — (1) The Council may from time to time appoint a professor as the Deputy
Vice-Chancellor of the University of Auckland.
(2) The Deputy Vice-Chancellor shall hold office for such period as may be determined by the Council.
(3) The Deputy Vice-Chancellor may exercise such of the Vice-Chancellor's functions, powers, and duties,
whether arising under any Act or otherwise, as the Council, upon the recommendation of the Vice-Chancellor
or (in the absence of such a recommendation) of its own motion, may from time to time either specially or
generally delegate to the Deputy Vice-Chancellor.
(4) In addition to the powers conferred upon him by subsection (3) of this section, the Deputy Vice-Chancellor
shall, during any vacancy in the office of Vice-Chancellor, or in the absence of the Vice-Chancellor from New
Zealand, or while he is incapacitated by sickness or otherwise, be Chairman of the Senate and may exercise
such other of the Vice-Chancellor's functions, powers and duties, whether arising under any Act or otherwise,
as the Council may determine.

30. Constitution of Senate — (1) There shall be a Senate of the University of Auckland.
(2) The Senate shall consist of:
(a) The Vice-Chancellor;
(b) The professors of the University;
(c) The librarian of the University;
(d) As many full-time lecturers, and each to be elected in such manner, as the Council may from time to time
determine:
(e) As many students, to be appointed by the Executive Committee of the Students’ Association, as the Council may from time to time determine:

(f) As many and such other officers or members of the University as the Council may from time to time appoint.

(3) The elections of members of the Senate under subsection (2) (d) of this section shall be conducted and determined in the manner prescribed by statutes or regulations of the University, which statutes or regulations shall, in relation to any such election, specify —

(a) The time the election is to be held; and

(b) The classes of person eligible to vote; and

(c) The number of members each such class may elect; and

(d) The terms of office of the members to be elected.

(3A) For the purposes of this section, 'student' means a person who is enrolled for a degree or diploma as a full-time or part-time internal student of the University.

(3B) The term of office of every member of the Senate pursuant to paragraph (e) or paragraph (f) of subsection (2) of this section shall be the term specified in statutes or regulations of the University.

(3C) Before making any determination or appointment under paragraph (d) or paragraph (e) or paragraph (f) of subsection (2) of this section, the Council shall seek and consider the advice of the Senate.

(4) The Senate of the University of Auckland is hereby declared to be the same body as the Professorial Board of the University of Auckland constituted by section 23 of the University of Auckland Act 1954; and every reference in any enactment or document to the Professorial Board of the University shall hereafter be read as a reference to the Senate of the University of Auckland.

31. Chairman of Senate — (1) Whenever there is no Vice-Chancellor or Deputy Vice-Chancellor in office, the Senate shall, at its first meeting held thereafter and at its first meeting in each year, elect one of its members, being a professor, to be the Chairman of the Senate; and if it fails to do so the Council may appoint a professor to be the Chairman of the Senate.

(2) The person so appointed shall hold office until the appointment of a Vice-Chancellor or Deputy Vice-Chancellor or until the election or appointment of his successor under this section, whichever happens first, and shall be eligible for re-election or reappointment, but shall not hold office for more than two terms in succession.

32. Meeting of Senate — (1) The person who is entitled in accordance with the provisions of sections 28, 29, and 31 of this Act to be the Chairman of the Senate at any meeting thereof at which he is present shall preside at that meeting. In the absence of any such person from any such meeting, the members present shall elect one of their number to be the Chairman for the purposes of that meeting and the person so elected shall preside at that meeting.

(2) At any meeting of the Senate the person presiding shall have a deliberative vote, and in the case of an equality of votes shall also have a casting vote.

(3) Every question before the Senate shall be decided by a majority of the valid votes recorded thereon.

(4) At every meeting of the Senate a quorum shall consist of such number of members as the Senate from time to time determines, and no business shall be transacted unless a quorum is present.

(5) Save as expressly provided in this Act, the Senate shall have power to make rules as to the time and place of its meetings and the procedure thereat:

Provided that it shall meet at least once in each year.

33. Proceedings of Senate not affected by vacancies, etc. — No act or proceeding of the Senate, or of any committee thereof, or of any person acting as a member of the Senate, shall be invalidated in consequence of there being a vacancy in the number of the Senate at that time or of that act or proceeding, or of the subsequent discovery that there was some defect in the appointment of any person so acting, or that he was incapable of being or had ceased to be such a member.

34. Functions of Senate — (1) The Senate shall have power of its own motion, or at the request of the Council, to make recommendations or reports to the Council on any matter affecting the University.

(2) The Senate shall be specially charged with:

(a) The duty of furthering and co-ordinating the work of faculties and departments and of encouraging scholarship and research; and

(b) The control of the Library.

(3) The Senate shall have power to deal with all matters relating to the maintainance of discipline amongst the students of the University, and shall have such powers of fining, suspending, and expelling students guilty of
misconduct or breaches of discipline, and such other powers of whatsoever kind as may be conferred on it by statutes or regulations made under the authority of this Act:
Provided that any person aggrieved by any action of the Senate may appeal to the Council, whose decision shall be final.

(4) The Senate shall have power to approve personal courses of study proposed by individual students:
Provided that the Senate shall not approve personal courses of study for a degree or other academic qualification in such a way as to introduce general restrictions not provided for in the course regulations governing the course of study for that degree or other academic qualification.

35. Senate may appoint committees — (1) The Senate may from time to time appoint standing or special committees.

(2) The Senate may delegate any of its powers and duties (including any powers and duties which it has by delegation from the Council or any other body or person) to any such committee or to any person; and the committee or person may, without confirmation by the Senate, exercise or perform those powers or duties in like manner and with the same effect as the Senate could itself have exercised or performed them:
Provided that the Council may prohibit, or impose conditions in respect of, the delegation by the Senate of any power or duty that is delegated to the Senate by the Council.

(3) Every such delegation shall be revocable at will, and no such delegation shall prevent the exercise of any power by the Senate.

(4) Unless and until any such delegation is revoked, it shall continue in force according to its tenor.

(5) It shall not be necessary that any person who is appointed to be a member of any such committee, or to whom any such delegation is made, shall be a member of the Senate.

36. Council to consult Senate on academic matters — (1) The Council shall not make any statute or regulation or decision in relation to entrance to the University or to any course of study or to the prescription of any subject for any degree or other academic qualification or certificate, or to any fellowship, scholarship, bursary, prize, or award or the examination or qualification therefor, or to the admission, attendance, and discipline of students, or to examinations and other academic tests, or to the institution of the offices of professor or lecturer, or to the appointment or removal of academic staff, including the Vice-Chancellor and Deputy Vice-Chancellor, or to the appointment of examiners, assessors, or moderators, or to honorary degrees and other academic distinctions, or to the affiliation of any institution or branch or department thereof, until it has first received and considered any recommendation that the Senate may make in that behalf, unless the Senate, having had a reasonable opportunity to make such a recommendation, has failed to do so:
Provided that a decision to confer an honorary degree or academic distinction shall be made in the manner provided in subsection (3) of section 19 of this Act, and nothing in this section shall apply to such a decision:
Provided also that in the case of appointments to the academic staff, or the removal of academic staff, the Council shall need only to secure a recommendation from a committee of the Senate appointed under section 35 of this Act.

(2) Nothing in the foregoing provisions of this section shall limit any power conferred on the Senate by section 35 of this Act to delegate any of its powers and duties.

Affiliated Institutions

37. Admission of affiliated institutions — (1) The Council may, on such terms and conditions and subject to such inspections, reports, and inquiries as it thinks fit, affiliate other institutions or branches or departments thereof situated within the Auckland University District, or recognise selected members of the staffs thereof as teachers of the University, or admit the members thereof to any of the privileges of the University and accept attendance at courses of study in such institutions or branches or departments thereof in place of such part of the attendance at courses of study in the University and upon such terms and conditions and subject to such regulations as may from time to time be determined by the Council.

(2) The Council may at any time revoke any such affiliation, recognition, admission, or acceptance.

Financial Provisions

38. Benefactions to be strictly applied — Subject to the provisions of the Charitable Trust Act 1957, all benefactions at any time vested in or enjoyed by the University with a declaration of trust, or as an endowment for the promotion of any particular branch of science or learning, shall be applied strictly by the Council accordingly.
39. Application of income and capital of University — (1) Subject to the provisions of this Act and any other Act and to the terms of any trust or endowment, the income and capital of the University shall be applied in doing whatever the Council thinks expedient in order that the University may best accomplish the purpose for which it is established.

(2) Without limiting the generality of the foregoing provisions of this section it is hereby declared that the Council may from time to time, out of income which may be applied in accordance with those provisions, create, maintain, and add to a fund or funds for any one or more of the purposes for which that income may be applied.

40. Money to be paid into bank — (1) All money received by the University amounting to twenty dollars and upwards shall, as soon as practicable after it has come into the hands of the proper officer of the University, be paid into such bank account or accounts of the University as the Council from time to time determines.

(2) No such money shall be withdrawn from the bank except by authority of the Council and by cheque, or other instrument, signed by an officer of the University approved by the Council, and countersigned by a member of the Council, or by another officer of the University, approved by the Council:

Provided that it shall be lawful, with the prior consent in writing of the Audit Office and subject to such conditions as the Audit Office prescribes, for any money to be paid by the Council by cheque issued by means of a cheque-writing machine, and every such cheque issued by means of such a machine and bearing a facsimile of the signatures, of the persons authorised pursuant to the provisions of this section to sign and countersign cheques shall be deemed to have been duly signed and countersigned in accordance with the provisions of this section.

41. Loan money to be paid into a separate account — All money borrowed by the Council on behalf of or for the purposes of the University, other than money borrowed under Section 51 of this Act, shall be paid into a separate bank account in the name of the loan, and shall not be drawn out of the bank or expended except for the special purposes for which it was borrowed.

42. Investment of money — Subject to the terms of any trust or endowment, any money belonging to or vested in the University and available for investment may be invested in accordance with the provisions of the Trustee Act 1956 as to the investment of trust funds, or in such other manner as the Minister of Finance from time to time approves.

43. Provision for Common Fund investment — (1) The Council may at any time, if it thinks fit, establish the following funds and account:

(a) A Common Fund to be known as the University of Auckland Common Fund:

(b) A Reserve Fund to be known as the University of Auckland Common Fund Reserve Fund:

(c) A Common Fund Income Account to be known as the University of Auckland Common Fund Income Account.

(2) Subject to the provisions of this section, if the Council has established the said funds and account, it may invest any trust funds in its possession, whether at the time in a state of investment or not, whether they came into its possession before or after the commencement of this Act, and whether they comprise the whole or part of the trust estate to which they belong, either —

(a) On a separate account in respect of the trust estate to which the funds belong; or

(b) If the funds are not directed to be invested in some other specified manner, and investment in the said Common Fund is not inconsistent with the terms of the trust instrument (if any) governing the funds, as part of the said Common Fund.

(3) All funds forming part of the said Common Fund shall be invested in the manner required by Section 42 of this Act.

(4) Where any funds of a trust estate are in the possession of the Council and are lawfully invested in any investment in which the said Common Fund may be invested as aforesaid, then, if in accordance with paragraph (b) of subsection (2) of this section the funds could be invested as part of the said Common Fund, the Council may transfer that investment to the said Common Fund and give credit in that Fund to the trust estate for such amount as it considers proper, having regard to its duty to be fair to all those interested in the said Common Fund and to those beneficially interested in the capital and income of the trust estate to which the investment belongs. Upon any investment being so transferred it shall cease to form part of the trust estate to which it formally belonged.

(5) Investments made from funds forming part of the said Common Fund shall not be made on account of or belong to any particular trust estate, but the Council shall cause to be kept an account showing at all times the entitlement of each trust estate in the said Common Fund.
(6) All income derived from the said Common Fund and from the investments and money included therein shall be paid into the said Common Fund Income Account.

(7) In each year interest on the amount of the entitlement of each trust estate in the said Common Fund shall be transferred from the said Common Fund Income Account and credited to that trust estate at such uniform rate as may from time to time be determined by the Council:
Provided that in no case shall the rate so determined be lower than one half per cent below the rate which would be so paid if all the income paid into the said Common Fund Income Account in that year was so transferred.

(8) The Council shall also each year pay into the said Reserve Fund —
(a) All income in the said Common Fund Income Account which is not transferred to any trust estate in that year in accordance with subsection (7) of this section:
(b) All capital gains arising in connection with the said Common Fund.

(9) The funds forming part of the said Reserve Fund shall be kept separate from all other trust funds, and shall be invested in the manner authorised by Section 42 of this Act.

(10) All income paid into the said Reserve Fund as aforesaid, and all income derived from the said Reserve Fund and from the investments and money included therein shall be applied as the Council thinks fit in any one or more of the following ways:
(a) Towards augmenting the capital of the said Reserve Fund:
(b) Towards stabilising or increasing the income of the said Common Fund:
(c) Towards reinstating any losses of capital in the said Common Fund.

(11) The Capital of the said Reserve Fund may, if the Council thinks fit, be applied in reinstating any losses of capital in the said Common Fund.

(12) The Council may at its discretion at any time withdraw from the said Common Fund any amount for the time being to the credit of any trust estate in the said Common Fund; and where any amount is being so withdrawn —
(a) If the capital of the said Reserve Fund has increased while the said amount was in the said Common Fund, the Council shall pay out of the said reserve fund and add to the amount so withdrawn, as capital, such amount (if any) as it considers equitable having regard to the length of the period during which the amount was in the said Common Fund and to the proportion which the said amount bears to the average amount of the total assets of the said Common Fund during that period:
(b) If losses of capital in the said Common Fund have occurred during the said period, then, so far as those losses have not been reinstated and cannot be reinstated from the amounts in the said Reserve Fund at the time of the withdrawal, that amount shall bear its proportion of those losses, as determined by the Council, and the amount being so withdrawn shall abate accordingly.

44. Travelling allowances and expenses of members of Council — (1) The Council may pay to each of its members travelling allowances and expenses; and, in respect of travel in New Zealand, those allowances and expenses shall not exceed those payable in accordance with the Fees and Travelling Allowances Act 1951, and the provisions of that Act shall apply accordingly.

(2) In respect of travel in New Zealand the Council is hereby declared to be a statutory Board within the meaning of the Fees and Travelling Allowances Act 1951.

45. Council may insure members against personal accident while engaged in duties — The Council may from time to time enter into contracts of insurance of a type for the time being approved by the Minister of Education insuring members of the Council against loss from personal accident arising out of and in the course of the exercise of their powers or duties as members of the Council, and may pay the premiums payable in respect of those contracts.

46. Unauthorised expenditure of Council — The Council may in any financial year of the University expend out of the general fund of the University for purposes not authorised by any law for the time being in force any sum or sums not exceeding in the aggregate a one-thousandth part of the revenue of the University from all sources for the immediately preceding financial year.

47. Council to prescribe fees — There shall be payable by the students of the University or any of them such fees as the Council from time to time prescribes:
Provided that scales of tuition and of examination fees may be so prescribed only with the concurrence of the University Grants Committee.

48. Fees payable to associations of students — The Council shall have power to impose and collect from time to time from students of the University or from any of them such fees as it considers reasonable for the benefit of any association or organisation of students of the University, and to dispose of those fees accordingly.
49. **Grants by Council to associations of staff or students** — The Council may from time to time make grants or loans from its funds on such terms and conditions as it thinks fit to any association or organisation of staff or students of the University.

50. **Powers of Council in respect of property** — (1) Without limiting or in any way affecting any other powers conferred upon the Council by the Auckland University College Reserves Act 1885 or this Act or any other Act or by law, it is hereby declared that, subject to the provisions of this section, the Council may do all or any of the following things on behalf of and for the purposes of the University, namely:

(a) Establish, build, maintain, repair, add to, alter, rebuild, reinstate, conduct, manage, and control halls of residence for students and academic staff, and houses for academic staff and any other of its employees whatsoever, and buildings and rooms and other facilities for the recreation or social use of students, academic staff and other employees;

(b) Purchase, take on lease, or otherwise acquire any real or personal property for any purposes whatsoever in connection with the University or any institution controlled by the Council;

(c) With the consent of the Minister of Education in the case of land and in other cases without his consent, sell or otherwise alienate any right, title, estate, or interest in any real or personal property vested in the University;

(d) With the consent of the Minister of Education, borrow money from the Crown or, on such terms and conditions as may be fixed by the Minister of Finance, from any corporation or person; and (for the purpose of securing any money so borrowed) mortgage, charge, or pledge any right, title, estate, or interest in any land vested in the University;

(e) Grant leases of any land vested in the University; and for that purpose the Council is hereby declared to be a leasing authority within the meaning of the Public Bodies' Leases Act 1908;

(f) On such conditions as may be prescribed by the Minister of Finance, guarantee loans made to members of the staff for housing purposes by other persons and bodies.

(2) Notwithstanding anything to the Contrary in the Public Bodies' Leases Act 1908 or in any lease granted by the Council, the Council may —

(a) In its absolute discretion, at any time not earlier than three years nor later than one year before the date of the expiration of any lease of any land vested in the University that does not confer a right of renewal, grant a renewal of the lease upon such terms as it thinks fit; and the provisions of this paragraph shall apply to any such lease whether granted before or after the commencement of this Act:

(b) With the consent of the consent of the Minister of Education, grant leases of land vested in the University upon such terms as that Minister may approve:

(c) Grant leases and licences for the extraction and removal of coal and other minerals from land vested in the University at such rent or royalties and upon such terms and conditions as the Council may determine.

(3) The Minister of Education is hereby empowered to make advances upon such terms as the Minister of Finance may approve to the Council for the purposes of the University out of money appropriated by Parliament for the purpose.

51. **Power to borrow by way of overdraft, or temporary loan** — In addition to the powers conferred by section 50 of this Act, it shall be lawful for the Council, in anticipation of its revenue, from time to time to borrow money by way of overdraft or on temporary loan on behalf of and for the purposes of the University: Provided that the amount so borrowed shall not at any time exceed one-twelfth of the revenue of the University from all sources during the immediately preceding financial year of the University:

Provided also that at the end of any financial year of the University the amount of the overdraft or loan shall not exceed the outstanding revenue due to the University in respect of that financial year.

52. **Annual report and statement of accounts** — (1) The Council shall, during the month of April, in every year, furnish to the Minister of Education and to the University Grants Committee a report on the University during the immediately preceding year.

(2) The Council shall also, as soon as practicable after the end of every financial year of the University, furnish to the Minister of Education and to the University Grants Committee a statement of the assets and liabilities of the University as at the end of that financial year, together with an account of income and expenditure showing the financial transactions for that year, which statement and account shall be audited by the Audit Office.
Repeals and Savings

53. Repeals and savings — (1) The enactments specified in the Third Schedule to this Act are hereby repealed.
(2) All bylaws which originated under any of the enactments hereby repealed or under the corresponding provisions of any former enactment and are subsisting or in force on the commencement of this Act shall enure for the purposes of this Act as fully and effectually as if they had originated as regulations under the corresponding provisions of this Act, and accordingly shall, where necessary, be deemed to be regulations and to have so originated; and every reference to any such bylaw in any Act, regulation, order, or other enactment, or in any instrument or document whatsoever shall, after the commencement of this Act, unless inconsistent with the context, be read as a reference to a Regulation made under the corresponding provisions of this Act.
SCHEDULES
FIRST SCHEDULE
THE AUCKLAND UNIVERSITY DISTRICT

The Provincial District of Auckland and those portions of the Provincial District of Taranaki which are within the boundaries of the Counties of Waitomo and Taumarunui.

SECOND SCHEDULE
DEGREES AND OTHER ACADEMIC QUALIFICATIONS

Degrees:
Bachelor and Master of Architecture
Bachelor and Master of Arts
Master of Business Administration
Bachelor and Master of Commerce
Bachelor and Master of Engineering
Bachelor and Master of Fine Arts
Bachelor and Master of Human Biology
Master of Jurisprudence
Bachelor, Bachelor with Honours, Master, and Doctor of Laws
Doctor of Literature
Bachelor of Medicine and Bachelor of Surgery
Doctor of Medicine
Master of Medical Science
Bachelor, Bachelor (Performance), Bachelor (Performance) with Honours, Master, and Doctor of Music
Bachelor of Optometry
Master and Doctor of Philosophy
Bachelor of Property Administration
Bachelor, Bachelor with Honours, Master, and Doctor of Science
Bachelor and Master of Town Planning

Diplomas in:
Broadcast Communication
Business and Industrial Administration
Clinical Psychology
Computational Mathematics
Criminology
Drama
Education
Educational Psychology
Geothermal Energy Technology
Guidance and Counselling
Gynaecology and Obstetrics
Local Government and Administration
Mathematical Education
Music and Music with Honours
Obstetrics
Optometry
Paediatrics
Psychiatry
Statistics
Town Planning
Valuation

THIRD SCHEDULE
ENACTMENTS REPEALED

COURT OF CONVOCATION STATUTE 1962

Pursuant to Section 4 of the University of Auckland Act 1961

1. This Statute may be cited as the Court of Convocation Statute 1962.

2. The Registrar of the University shall prepare and maintain a register to be known as the Register of the Court of Convocation for the Auckland University District and shall (subject to Section 5 hereof) enrol thereon the names and addresses (so far as such addresses are known) of all persons entitled to be so enrolled under Section 4 of the said Act and under Section 3 of this Statute.

3. Under and for the purposes of subsection 5 of Section 4 of the said Act each person shall be entitled to have his name enrolled on the Register of the Court of Convocation (without fee) who being a graduate of the University of New Zealand either by examination at any time or by reason of having been admitted *ad eundem gradum* before the 1st day of January, 1943, is not by reason of that qualification enrolled on the register of the Court of Convocation for any other University District in New Zealand and

   (i) under Section 23A of the New Zealand University Act 1908 was enrolled or entitled to be enrolled on the register of the District Court of Convocation of the Auckland University District at the 31st day of December, 1961, or

   (ii) was an undergraduate member of the University of Auckland at the 31st day of December, 1961, and became a graduate of the University of New Zealand after that date, or

   (iii) at a date after the 31st day of December, 1961, and immediately before his enrolment had resided in the Auckland University District for a period of not less than three calendar months.

4. Except as provided in Section 5 hereof it shall not be necessary for any person to be so enrolled on the register to apply for enrolment.

5. Every person who is entitled to be enrolled on the register under paragraph (iii) of Section 3 of this Statute may apply to the Registrar for enrolment and upon making that application and producing such evidence of the facts and matters entitling him to enrolment as the Registrar may reasonably require shall be enrolled on the register.

6. Any enrolled member of the Court may, by notice under his hand delivered to the Registrar, object to the register on the ground that any person whose name is on the register does not possess the necessary qualifications.

7. The Registrar shall enquire into and dispose of any such objection forthwith after receiving it.

8. Any person aggrieved by any decision or act of the Registrar relating to the register may appeal therefrom to the Council by notice under his hand, addressed to the Chancellor, and delivered at the University not later than 5 o'Clock on the afternoon of the seventh day before the day on which the register is to be closed for the purposes of an impending election.

9. Every such appeal shall be heard and determined by the Council or a Committee appointed by the Council and the Registrar shall amend the register in such manner as the Council or the Committee when disposing of the appeal directs.

10. (a) Any member of the Court having changed his address shown on the register may request the Registrar to amend the register in respect of that address and the Registrar shall make such amendment accordingly.

   (b) The Registrar being satisfied (otherwise than under the preceding paragraph (a) of this section) that the address of a member of the Court has been changed may amend the register in respect of that address provided that he shall forthwith post notices of that amendment to the member at both the old and the new address.

11. The Registrar shall expunge from the register the name of any person who has died or has ceased to be entitled to be enrolled thereon, and he shall be entitled to make any amendment of name made necessary by marriage.
THE COUNCIL ELECTIONS (COURT OF CONVOCATION REPRESENTATIVES) REGULATIONS

1. These regulations may be cited as the Council Elections (Court of Convocation Representatives) Regulations.

2. For the purposes of conducting the elections to the Council by the Court of Convocation an electoral roll shall be prepared and revised from time to time of the names of those members of the Court who are eligible to vote in accordance with these regulations.

3. The members of the Court who are eligible to vote at an election by the Court are those members (but no other members) who
   (a) voted at the last two preceding elections
   (b) (having had their names entered on the Court register since the penultimate election) voted at the last preceding election
   (c) have had their names entered on the Court register since the last preceding election
   (d) (not being in any of the foregoing categories) apply for a voting paper by letter delivered or posted to the Returning Officer so as to be received by him on or before 5 o' clock in the afternoon of the twenty-first day preceding the day on which the election is to be held.

4. In these Regulations and the forms contained herein:
   'the roll' means the electoral roll prepared in accordance with this regulation
   'elector' and 'voter' respectively refer to those members of the Court whose names are for the time being entered on the electoral roll.

5. The date of election shall be determined by the Returning Officer and reported to the Council.

6. Whenever any election is to be held the Returning Officer shall (not less than forty days before the election) by notice in at least two newspapers, published in the City of Auckland, call for nominations of candidates to be lodged with him on or before a day, to be fixed by him, being not less than ten days from the date of the first advertisement, which notice shall be in the following form (or in a form to the like effect).

THE UNIVERSITY OF AUCKLAND

Election of Member(s) of the Council by the Court of Convocation for the Auckland University District.

An election of member(s) will be held at 5.00 pm on the ______ day of ______ 19 ______ at the office of the Registrar of the University, Princes Street, in the City of Auckland.

No person shall be recognised as a candidate at this election unless he shall have been previously nominated in a document signed by two electors, and unless such nomination paper shall have been delivered to the Returning Officer by postal delivery or otherwise not later than 5.00 pm on the ______ day of ______ 19 ______.

The roll of electors will remain open for inspection and additions until 5.00 pm on the twenty-first day before the election and will then be closed. Immediately thereafter the Returning Officer will issue the voting paper to such voters as are shown on the roll with sufficient postal address (of which the Returning Officer shall be the sole judge).

Returning Officer

7. The roll shall be closed at five o' clock in the afternoon of the twenty first day immediately preceding the day on which an election is to be held and shall continue to be closed until the election is completed; and no name shall be entered on the roll while it is closed. Immediately thereafter the Returning Officer shall issue the voting papers simultaneously to such voters as are shown in the roll with sufficient postal address (of which the Returning Officer shall be the sole judge); nor shall any voting paper be sent to any person whose address is not within New Zealand, Cook Islands, Fiji, Western Samoa or Australia.

Note: The voting papers for overseas members to be posted airmail.

1985 Calendar
8. Notwithstanding anything above set out, the Returning Officer shall issue a voting paper to any elector whose name appears on the roll and who shall apply in writing to the Returning Officer for a voting paper on the ground that his voting paper is lost or destroyed or defaced or that no voting paper has been issued to him.

9. At every election the votes shall be given by sealed voting papers issued by the Returning Officer in the form prescribed by these regulations, delivered to the Returning Officer on or before the day and time fixed for holding the election, or posted to him in a sealed envelope on or before that day.

10. In any election to fill a casual vacancy the notice of advertisement calling for nominations shall state that the vacancy is a casual one.

11. If an election for filling a casual vacancy be appointed to be held at the same time as an election for the filling of a vacancy occurring by rotation, hereinafter called an ordinary vacancy, separate voting papers shall be issued for each election and each nomination and each voting paper shall specify to which election it relates, and at the time of election the Returning Officer shall first complete the election for filling the casual vacancy or vacancies; and when such election shall be complete, he shall at once proceed to complete the election for filling the ordinary vacancy.

12. When two or more elections are to take place as contemplated in the last preceding Regulation, then in every advertisement relating to such an election, notice shall be given that no nomination paper will be valid, unless it distinctly indicates to which of the vacancies it shall relate.

13. Nomination shall be made by two persons qualified to vote and shall contain the written consent of the candidate to his nomination.

14. Nomination shall be in the following form (or in a form to the like effect):

THE UNIVERSITY OF AUCKLAND

Election to be held on ................. the ................. day of ................. 19........
of Members of the Council by the Court of Convocation for the Auckland University District.

We, ................. and ................. being duly qualified voters, hereby nominate

....................................................................................
of ......................... for election to the Council by the Court of Convocation for the Auckland University District.

Date .................

I consent to the above nomination.

15. If the nominations received do not exceed the number of vacancies, the Returning Officer shall declare the candidate(s) duly elected.

16. Every voting paper shall be in the form following or to the like effect, that is to say:
A. Front of voting paper

VOTING PAPER
COUNCIL OF THE UNIVERSITY OF AUCKLAND
ELECTION OF MEMBERS
By the Court of Convocation
for the Auckland University District.

Directions
There are ................. vacancies. The voter may vote for any number of candidates up to the maximum number of candidates to be elected.
The voter is to put a cross (X) in the square opposite to the name or names of the candidates for whom he desires to vote.

17. A Every voting paper shall be forwarded to the voter accompanied by an envelope, addressed to the Returning Officer.

B. Back of envelope:

THE VOTER MUST SIGN HIS/HER NAME AND ADDRESS BELOW.
(Full name in block letters)

I, ...........................................................................................................
declare that I am not, by reason of my being a graduate of the University of New Zealand (either by examination at any time or by admission ad eundem gradum before 1 January, 1943), enrolled on the register of the Court of Convocation of any University District in New Zealand other than the Auckland University District.

SIGNATURE OF VOTER: ...........................................................

ADDRESS: ..............................................................................

(I request the Registrar to record my address on the roll as above.)
If recorded on University records under another name, e.g. maiden name, please state ...................................................................

18. The poll shall close at 5 o'clock on the afternoon of the day of the election; but all voting papers shall be included and counted which are received by the Returning Officer in due course by post before the close of the sixth day after the day of the election, provided the Returning Officer is satisfied that the paper was posted in accordance with the provisions of Section 9. On the seventh day after the day of the election the Returning Officer shall open and count the votes. As soon as the voting papers have been checked with the Roll the name and address shall be removed from each voting paper.
19. Each candidate shall be entitled to nominate a scrutineer, who shall have the same rights and duties as those vested at the date of the poll in a scrutineer at any polls of the Auckland City Council.
20. Upon completion of the counting of votes, the Returning Officer shall forthwith declare the results of the poll.
21. The Returning Officer shall, subject to the provisions herein contained, determine conclusively all questions of detail concerning the election.
22. The Returning Officer is authorised to destroy the voting papers after a lapse of three months from the date of the official announcement of the result.

The Council at its meeting held on 18 August, 1975 resolved:
That in respect of elections of members of the Council by the Court of Convocation, Council adopt the following procedure in order to ensure that electors are notified of the qualifications of candidates:
(1) That each candidate for election be invited to send to the Registrar with his nomination paper a short statement, not exceeding 250 words, for inclusion with the voting papers.
(2) That the statement shall include the name, occupation, residence, degrees, academic posts held, publications, and any other relevant information provided by the candidate.
(3) That the Council arrange that a copy of these statements be forwarded to each elector with the voting paper.

THE COUNCIL ELECTIONS (REPRESENTATIVE OF GOVERNING BODIES OF SECONDARY SCHOOLS)
REGULATIONS

1. These regulations may be cited as the Council Elections (Representative of Governing Bodies of Secondary Schools) Regulations 1962.
2. For the purpose of Section 6 Subsection (2) paragraph (e) of the University of Auckland Act 1961 the Governing Bodies of only such registered private secondary schools as are entitled to accredit persons for entrance to a University shall be entitled to vote for the member of Council elected under that paragraph.
3. Each of the Governing Bodies entitled under Section 6 Subsection (2) paragraph (e) of the said Act and the foregoing paragraph 2 of these regulations shall be enrolled on the Roll of Electors. The Roll shall be revised in each year as at the 30th April.
4. The date of an Election by the Governing Bodies shall be determined by the Returning Officer and reported by him to the Council.
5. Whenever an Election is to be held, the Returning Officer shall (not less than 40 days before the Election), by notice addressed to each Elector upon the Roll, call for nominations of candidates to be lodged with him on or before a date fixed in such notice, being not less than ten days from the date of the notice. The notice shall be in the following form (or in a form to be the like effect):

THE UNIVERSITY OF AUCKLAND

Election of one Member of Council by the Governing Bodies of certain Secondary Schools situated with the Auckland University District, under Section 6 Subsection (2) paragraph (e) University of Auckland Act 1961.

An election of one member will be held at 5.00 pm on the .................. day of .................. 19 .............
at the Office of the Registrar of the University, Princes Street, in the City of Auckland.

No person shall be recognised as a candidate at this Election unless he has been previously nominated by an Elector in a paper signed by the Chairman of that Governing Body in pursuance of a resolution in that behalf and signed also by the person nominated, and unless that nomination paper has been delivered to the Returning Officer by postal delivery or otherwise not later than 5.00 pm on the .................. day of .................. 19 .............

........................
Returning Officer

1985 Calendar
6. Nominations shall be in the following form (or in a form to the like effect):

```
THE UNIVERSITY OF AUCKLAND

Election to be held on the ............. ............. day of ............. ............. 19 .............
of one Member of Council by the Governing Bodies of certain Secondary Schools situated in the
Auckland University District under Section 6 Subsection (2) paragraph (e) University of Auckland Act
1961.

............. being the Governing Body of ............. School and being a duly
qualified Elector hereby nominate ............. ........................................ of

................................................................. (address)

................................................................. (occupation)

for election to the Council by the Governing Bodies of State Secondary Schools, Technical Schools and
Combined Schools, and such registered Private Schools as the Council of the University has deter-
mined by regulation in that behalf, being in all cases schools situated in the Auckland University
District.

Dated this ........ day of ............. 19 .............

.................................................................

I consent to the above nomination

.................................................................

Chairman
```

7. A nomination shall be made by an Elector and shall contain the written consent of the candidate to his
nomination.

8. If not more than one nomination is received the Returning Officer shall forthwith after the closing date for
the receipt of nominations declare the candidate duly elected.

9. If more than one nomination is received the Returning Officer shall immediately after the closing date for
receipt of nominations issue a voting paper to each Elector shown in the Roll as revised.

10. The Returning Officer shall also issue a voting paper to any Elector whose name appears upon the Roll,
and who shall apply in writing to the Returning Officer for a voting paper on the ground that its voting paper
is lost or destroyed or defaced or that no voting paper has been issued to it.

11. At every Election the votes shall be given by sealed voting papers issued by the Returning Officer in the
form prescribed by these Regulations, delivered to the Returning Officer on or before the day and time fixed
for holding the Election, or forwarded to him by post or otherwise, so as to reach him not later than that day
and time.

12. In any Election to fill a casual vacancy the notice calling for nominations shall state that the vacancy is a
casual one.

13. Every voting paper shall be in the form following (or to the like effect), and shall include occupations and
addresses, as well as the names of candidates:
THE UNIVERSITY OF AUCKLAND

Election of one Member of Council by the Governing Bodies of certain Secondary Schools situated within the Auckland University District, Under Section 6 Subsection (2) paragraph (e) University of Auckland Act 1961.

Directions

The voter is to cause a cross (X) to be put in the square opposite to the name of the candidate for whom he has resolved to vote.

THE CHAIRMAN OF THE VOTER MUST COMPLETE THE CERTIFICATE ON THE BACK OF THIS CARD.

B. Back of voting paper:

I certify that the vote made on this paper was made in pursuance of a resolution of ......... Governing Body of .............. School passed at a fully constituted meeting thereof.

Chairman

14. Every vote shall be made by an Elector in pursuance of a resolution passed at a meeting of the Elector.
15. Every voting paper shall be forwarded to the Elector accompanied by a stamped envelope, addressed to the Returning Officer.
16. All such envelopes received by the Returning Officer shall remain unopened until the close of the poll and no voting paper shall count unless it is received by the Returning Officer not later than the day and hour fixed for the election.
17. Upon completion of the counting of votes, the Returning Officer shall forthwith declare the results of the poll.
18. The Returning Officer shall, subject to the provisions herein contained, determine conclusively all questions of detail concerning the election.
19. The Returning Officer is authorised to destroy the voting papers after a lapse of three months from the date of the official announcement of the result.

Council at its meeting on 19 July 1982 adopted the following procedures to ensure that electors are notified of the qualifications of candidates:
1. That each candidate for election be invited to send to the Registrar with his nomination paper a short statement, not exceeding 250 words, for inclusion with the voting papers.
2. That the statement shall include the name, occupation, residence, degrees, academic posts held, publications, and any other relevant information provided by the candidate.
3. That the Council arrange that a copy of these statements be forwarded to each elector with the voting paper.
THE COUNCIL ELECTIONS (LECTURERS' REPRESENTATIVE) REGULATIONS

1. These Regulations may be cited as the Council Elections (Lecturers' Representative) Regulations 1978.
2. For the purposes of these Regulations, the Council determines that a person appointed for a term of not less than one year as a temporary lecturer and a person appointed for a term of not less than three years as an assistant lecturer, senior tutor or tutor, are lecturers within the definition of that term contained in Section 2 of the Act.
3. In these Regulations, unless the context otherwise requires —
   'the Act' means the University of Auckland Act 1961;
   'the Council' means the Council of the University;
   'election' means an election conducted under these Regulations;
   'elector' means a full-time lecturer and includes a person appointed full-time for a term of not less than one year as a temporary lecturer and a person appointed full-time for a term of not less than three years as an assistant lecturer, senior tutor or tutor; but does not otherwise include any person holding a temporary appointment.
   "Returning Officer" refers to the Registrar of the University.
4. In the election of one member of the Council pursuant to paragraph (ca) of Subsection (2) of Section 6 of the Act —
   (a) All electors shall be eligible to nominate candidates and to vote; and
   (b) All electors, except those who are temporary lecturers appointed for less than two years, shall be eligible to be nominated as candidates.
5. The election shall be by secret ballot.
6. The date of the election shall be determined by the Returning Officer and reported to the Council.
7. Whenever an election is to be held the Returning Officer shall (not less than thirty-five days before the election) by notice addressed to all electors call for nomination for candidates to be lodged with him on or before the date fixed in that notice but being not less than twenty-one days from the date of the notice. The notice shall be in the following form (or in a form to the like effect):

THE UNIVERSITY OF AUCKLAND

Election of one Member of Council by the full-time lecturers under Section 6 Subsection (2) paragraph (ca) of the University of Auckland Act 1961.

I hereby call for nominations for the Lecturers' representative on the Council. Nominations must be delivered to the Returning Officer by personal delivery or otherwise not Later than 5.00 pm on

Every full-time lecturer (including a person appointed for a term of not less than one year as a temporary lecturer and a person appointed for a term of not less than three years as an assistant lecturer, senior tutor or tutor) is eligible to be an elector and to nominate candidates at this election.

All electors, except those who are temporary lecturers for less than two years, are eligible to be nominated as candidates.

Every candidate must be nominated by two electors on a nomination form which must also be signed by the nominee.

Should an election be necessary it will be held at 5.00 pm on

at the office of the Registrar of the University in Princes Street. The election will be conducted as a postal ballot.

The person elected will hold office for a term of two years [or as required, in the case of a casual vacancy].

Nomination forms are available from the undersigned.

RETURNING OFFICER

8. Each nomination shall:
   (a) be made by two electors;
   (b) contain the signature of the person nominated;
   (c) be in the following form (or in a form to the like effect):
THE UNIVERSITY OF AUCKLAND

ELECTION FOR REPRESENTATIVE OF LECTURERS ON COUNCIL

ELECTION to be held on the ... day of ... 19 ... of one Member, of the Council by the full-time Lecturers of the University.

We ... being duly qualified electors, hereby nominate

... of the Department of ... for election to the Council by the full-time Lecturers of the University.

Date ...

I consent to this nomination ...

NOMINATIONS CLOSE AT 5.00 P.M. ON ...

9. If not more than one nomination is received for the vacancy, the Returning Officer shall forthwith after the closing date of nominations declare the candidate duly elected.

10. If more than one nomination is received for the vacancy, the Returning Officer shall immediately after the closing date for nominations issue a voting paper in the prescribed form to each elector.

11. The Returning Officer shall issue a voting paper to any elector who applies in writing to the Returning Officer for a voting paper on the grounds that his voting paper is lost or destroyed or defaced, or that no voting paper has been issued to him.

12. The voting paper shall be returned to the Returning Officer on or before the day and time fixed for holding the election, or sent to him by post or otherwise so as to reach him not later than that day and time.

13. In any election for a casual vacancy the notice calling for nominations shall state that the vacancy is a casual one.

14. Every voting paper shall be in the form following (or to the life effect):

THE UNIVERSITY OF AUCKLAND

REPRESENTATIVE OF LECTURERS ON COUNCIL

Election to be held at 5.00 p.m. on ... 19 ... of ...

ONE Member of Council by the full-time Lecturers of the University.

DIRECTIONS

The voter must put an “X” in the square opposite the name of the candidate for whom he wishes to vote.

THE VOTER MUST SIGN HIS NAME, AND PRINT HIS NAME AND DEPARTMENT ON THE BACK OF THE ENCLOSED SPECIAL ADDRESSED ENVELOPE.

Voting papers, in sealed envelopes, must be addressed to the Returning Officer and reach him by the above day and time.

RETURNING OFFICER
15. On completion of the counting of votes the Returning Officer shall forthwith declare the results of the poll by notice published within the University.

16. The Returning Officer shall, subject to these regulations, determine conclusively all questions of detail concerning an election.

17. Where there is an equality of votes between candidates and the addition of a vote would entitle any of those candidates to be declared elected, the Returning Officer shall determine by lot which candidate shall be elected.

18. The Returning Officer is authorised to destroy the voting papers after a lapse of three months from the date of the notices announcing the result of the poll.

19. The University shall be deemed a sufficient address for the issuing of notices and voting papers to electors under these regulations.

THE SENATE ELECTIONS (LECTURERS’ REPRESENTATIVES OF FACULTIES) REGULATIONS

1. These Regulations may be cited as the Senate Elections (Lecturers’ Representatives) Regulations 1978*

2. For the purpose of these Regulations, the Council determines that a person appointed for a term of not less than one year as a temporary lecturer and a person appointed for a term of not less than three years as an assistant lecturer, senior tutor or tutor, are lecturers within the definition of that term contained in Section 2 of the Act.

3. In these Regulations, unless the context otherwise requires —
   ‘the Act’ means the University of Auckland Act 1961;
   ‘election’ means an election conducted under these Regulations;
   ‘elector’ means a full-time lecturer and includes a person appointed full-time for a term of not less than one year as a temporary lecturer and a person appointed full-time for a term of not less than three years as an assistant lecturer, senior tutor or tutor; but does not otherwise include any person holding a temporary appointment.
   ‘member’ and ‘lecturers’ representative’ means a member of the Senate elected by the full-time lecturers in a Faculty under section 30 of the Act and these Regulations;
   “Returning Officer” refers to the Registrar of the University.

4. For the purpose of these Regulations —
   The Centre for Continuing Education is deemed to be a Faculty of the University;
   Each member of the staff of each of the Departments of Art History, Geography, Mathematics, and Psychology shall respectively be allocated by the Senate to an appropriate Faculty.

5. (i) The number of members of the Senate to be elected by the full-time lecturers under section 30 (2)(d) of the Act shall be eighteen, of which thirteen shall be elected under these Regulations.
   (ii) Those thirteen members shall be elected by secret ballot from and by the full-time lecturers of the respective Faculties of the University, as follows:
   - The Faculty of Arts; three members.
   - The Faculty of Science; two members.
   - Each of the eight other Faculties of the University — that is: the Faculty of Architecture and Town Planning, the Faculty of Commerce, the Faculty of Engineering, the Faculty of Fine Arts, the Faculty of Law, the Faculty of Medicine and Human Biology, the Faculty of Music, and the Centre for Continuing Education; one member.

6. In every election in a Faculty, held under these Regulations —
   (a) All electors in that Faculty shall be eligible to nominate candidates and to vote; and
   (b) All such electors, except those who are temporary lecturers appointed for less than two years, shall be eligible to be nominated as candidates.

7. Each member (other than a member elected to fill a casual vacancy) shall hold office on the Senate for a term of two years beginning on the 1st of February next following that member’s election.

8. The term of office of each of the present lecturer members of the Senate shall, according to the Faculty 1985 Calendar
from which that member was appointed and (in the Faculty of Arts and in the Faculty of Science) according to seniority of appointment, end as follows:

Faculty of Architecture and Town Planning (one member) 31 January 1979
Faculty of Arts (three members)
  The member from that Faculty whose present term of office began first 31 January 1979
  The two remaining members 31 January 1980
Faculty of Commerce (one member) 31 January 1980
Faculty of Engineering (one member) 31 January 1980
Faculty of Fine Arts (one member) 31 January 1979
Faculty of Law (one member) 31 January 1979
Faculty of Medicine & Human Biology (one member) 31 January 1980
Faculty of Music (one member) 31 January 1979
Faculty of Science (two members)
  The member from that Faculty whose present term of office began first 31 January 1979
  The remaining member 31 January 1980
Centre for Continuing Education (one member) 31 January 1979

9. If any member —
(a) dies; or
(b) resigns his office by writing under his hand delivered to the Registrar; or
(c) ceases to be a full-time lecturer; or
(d) is appointed Acting Head of a Department for a period of more than three months he shall thereupon cease to be a member, and the vacancy so created shall be deemed to be a casual vacancy.

10. (a) Elections other than elections to fill casual vacancies shall take place in the respective faculties not later than July each year so that the names of all lecturers' representatives for the subsequent year are known at the August meeting of the Senate.
(b) An election to fill a casual vacancy shall take place within two calendar months of the arising of the casual vacancy.

11. The Registrar shall be the Returning Officer for the purpose of conducting the elections.
12. Subject to Regulation 10, the date of an election shall be determined by the Returning Officer and shall be reported to the Senate.
13. Whenever an election is to be held, the Returning Officer shall, not less than thirty-five days before the election, by notice addressed to each elector in the appropriate Faculty call for nominations of candidates to be lodged with him on or before the date fixed in that notice but being not less than twenty-one days from the date of the notice. The notice shall be in the following form (or in a form to the like effect):
I hereby call for nominations for the following vacancies which will occur on 1.2.19...

Faculty of ........................................ 2 vacancies
Faculty of ........................................ 1 vacancy

Nominations for vacancies for representatives must be delivered to the Returning officer by personal delivery or otherwise **not later than 5.00 p.m. on** 19 ....... Every full-time lecturer in the appropriate Faculty (including a person appointed for a term of not less than one year as a temporary lecturer and a person appointed for a term of not less then three years as an assistant lecturer, senior tutor or tutor) is eligible to be an elector and to nominate candidates at this election. All electors in the Faculty, except those who are temporary lecturers for less than two years, are eligible to be nominated as candidates in that Faculty.

Every candidate must be nominated by two electors in the Faculty on a nomination form which must also be signed by the nominee.

In the Departments of Art History, Geography, Mathematics and Psychology, members of staff shall be regarded as being members of the Faculty to which they have been allocated.

**Elections** should they be necessary, will be held at **5.00 p.m. on** 19 ....... at the office of the Registrar of the University in Princes Street. The election will be conducted as a postal ballot.

The persons elected will hold office for a term of two years.

Nomination forms are available from the undersigned.

**RETURNING OFFICER**

14. Each nomination shall:
(a) be made by two electors;
(b) contain the signature of the person nominated;
(c) be in the following form (or in a form to the like effect);

**THE UNIVERSITY OF AUCKLAND**

**ELECTION FOR LECTURERS' REPRESENTATIVE ON SENATE**

**ELECTION** is to be held on the ... day of .... 19 ... of .... Member(s) of the Senate by the full-time Lecturers of the University teaching in the Faculty of ...

We ........................................................... and being duly qualified electors, hereby nominate: ........................................................... for election to the Senate by the full-time Lecturers of the University teaching in the Faculty of ...

Date .....................................................

I consent to this nomination ........................................

**NOMINATIONS CLOSE AT 5.00 p.m. ON THE ... DAY OF .... 19.**

15. If not more than one nomination is received for a vacancy, the Returning Officer shall forthwith after the closing date of nomination declare the candidate duly elected.

16. If more than one nomination is received for a vacancy, the Returning Officer shall immediately after the closing date for nominations issue a voting paper in the prescribed form to each elector in the appropriate faculty.
17. The Returning Officer shall also issue a voting paper to any elector who applies in writing to the Returning Officer for a voting paper on the ground that his voting paper is lost or destroyed or defaced or that no voting paper has been issued to him.

18. The voting papers shall then be returned to the Returning Officer on or before the day and time fixed for holding the election, or sent to him by post or otherwise so as to reach him not later than that day and time.

19. In any election for a casual vacancy the notice calling for nominations shall state that the vacancy is a casual one.

20. Every voting paper shall be in the form following (or to the like effect):

THE UNIVERSITY OF AUCKLAND
LECTURERS' REPRESENTATIVES ON SENATE
FACULTY OF
VOTING PAPER

Election to be held at 5.00 p.m. on ............... day, the ............... day of ............... 19 ............... of ............... Member(s) of the Senate by the full-time Lecturers in the Faculty of ............... which for the purpose of this Election includes the Departments of ............................................................

DIRECTIONS

The Voter must put an X in the square opposite the name of the ONE candidate for whom he wishes to vote.

THE VOTER MUST SIGN HIS NAME AND STATE HIS DEPARTMENT ON THE BACK OF THE ENCLOSED SPECIAL ADDRESSED ENVELOPE.

Voting papers, in sealed envelopes, must be addressed to the Returning Officer and reach him by the above day and time.

RETURNING OFFICER

21. On completion of the counting of votes the Returning Officer shall forthwith declare the results of the poll by notice published within the University.

22. The Returning Officer shall, subject to these regulations, determine conclusively all questions of detail concerning an election.

23. Where there is an equality in votes between candidates and the addition of a vote would entitle any of those candidates to be declared elected, the Returning Officer shall determine by lot which candidate shall be elected.

24. The Returning Officer is authorised to destroy the voting papers after a lapse of two weeks from the date of the notices announcing the result of the poll.

25. The University shall be deemed a sufficient address for the issuing of notices and voting papers to electors under these Regulations.

THE SENATE ELECTIONS
(LECTURERS' REPRESENTATIVES AT LARGE)
REGULATIONS

Pursuant to Sections 22 and 30 of the University of Auckland Act 1961, the Council of the University makes
the following Regulations:
1. These Regulations may be cited as the Senate Elections (Lecturers' Representatives at Large) Regulations.
2. For the purpose of these Regulations, the Council determines that a person appointed for a term of not less
than one year as a temporary lecturer and a person appointed for a term of not less than three years as an
assistant lecturer, senior tutor or tutor, are lecturers within the definition of that term contained in Section 2
of the Act.
3. In these Regulations, unless the context otherwise requires —
' the Act' means the University of Auckland Act 1961;
'the Council' means the Council of the University;
'election' means an election conducted under these Regulations;
'elector' means a full-time lecturer and includes a person appointed full-time for a term of not less than one
year as a temporary lecturer and a person appointed full-time for a term of not less than three years as an assistant
lecturer, senior tutor or tutor; but does not otherwise include any person holding a temporary appointment.
'member' and 'lecturers' representative' means a member of the Senate elected by the full-time lecturers under
section 30 of the Act and these Regulations;
"Returning Officer" refers to the Registrar of the University.
4. (i) The number of members of the Senate to be elected by the full-time lecturers under section 30 (2)(d)
of the Act shall be eighteen, of which five shall be elected under these Regulations (the other thirteen being
elected under the Senate Elections (Lecturers' Representatives of Faculties) Regulations.
(ii) Those five members shall be elected by secret ballot from and by the full-time lecturers of the University.
5. In every election held under these Regulations:
(a) All electors shall be eligible to nominate candidates and to vote; and
(b) All such electors, except those who are temporary lecturers appointed for less than two years, shall be
eligible to be nominated as candidates.
6. Subject to Regulation 7, each member (other than a member elected to fill a casual vacancy) shall hold office
on the Senate for a term of two years beginning on the 1st of February next following that member's election.
7. The term of office of each of the lecturer members of the Senate first elected under these Regulations shall
be determined by lot so that of those members —
(a) The terms of 3 shall expire on 31 January 1986; and
(b) The terms of 2 shall expire on 31 January 1985.
8. If any member —
(a) dies; or
(b) resigns office by written notice delivered to the Registrar; or
(c) ceases to be a full-time lecturer; or
(d) is appointed Acting Head of a Department for a period of more than three months;
he or she shall thereupon cease to be a member, and the vacancy so created shall be deemed to be a casual
vacancy.
9. (a) Elections other than elections to fill casual vacancies shall take place not later than May in each year so
that the names of all lecturers' representatives for the subsequent year are known at the June meeting of the
Senate.
(b) An election to fill a casual vacancy shall take place within two calendar months of the arising of the casual
vacancy.
10. The Registrar shall be the Returning Officer for the purpose of conducting the elections.
11. Subject to Regulation 9, the date of an election shall be determined by the Returning Officer and shall be
reported to the Senate.
12. Whenever an election is to be held, the Returning Officer shall, not less than thirty-five days before the
election, by notice addressed to each elector call for nominations of candidates to be lodged with him on or
before the date fixed in that notice but being not less than twenty-one days from the date of the notice. The
notice shall be in the following form (or in a form to the like effect):

1985 Calendar
THE UNIVERSITY OF AUCKLAND
LECTURERS' REPRESENTATIVES (AT LARGE) ON SENATE

I hereby call for nominations for ................. vacancies which will occur on .................

Nominations for vacancies for representatives must be delivered to the Returning officer by personal
delivery or otherwise not later than 5.00 p.m. on ................. 19 .................

Every full-time lecturer (including a person appointed for a term of not less than one year as a
temporary lecturer and a person appointed for a term of not less then three years as an assistant lecturer,
senior tutor or tutor) is eligible to be an elector and to nominate candidates at this election.

All electors, except those who are temporary lecturers for less than two years, are eligible to be
nominated as candidates.

Every candidate must be nominated by two electors on a nomination form which must also be signed
by the nominee.

Elections should they be necessary, will be held at 5.00 p.m. on ................. 19 .................
at the office of the Registrar of the University in Princes Street. The election will be conducted as a
postal ballot.

The persons elected will hold office for a term of two years.

Nomination forms are available from the undersigned.

RETURNING OFFICER

13. Each nomination shall:
(a) be made by two electors;
(b) contain the signature of the person nominated;
(c) be in the following form (or in a form to the like effect):

THE UNIVERSITY OF AUCKLAND
ELECTION FOR LECTURERS' REPRESENTATIVES (AT LARGE)
ON SENATE

ELECTION is to be held on the .... day of .... 19 .... of ....
Member(s) of the Senate by the full-time Lecturers of the University.

We ...................................................... being duly qualified electors, hereby
nominate: ...................................................... for election to the
of the Department of ...................................................... for election to the
Senate by the full-time Lecturers of the University.
Date ......................................................
I consent to this nomination ......................................................

NOMINATIONS CLOSE AT 5.00 p.m. ON THE .... DAY OF .... 19 .................

14. If not more than one nomination is received for a vacancy, the Returning Officer shall forthwith after the
closing date of nominations declare the candidate duly elected.
15. If more than one nomination is received for a vacancy, the Returning Officer shall immediately after the
closing date for nominations issue a voting paper in the prescribed form to each elector.

1985 Calendar
16. The Returning Officer shall also issue a voting paper to any elector who applies in writing to the Returning Officer for a voting paper on the ground that his voting paper is lost or destroyed or defaced or that no voting paper has been issued to him.

17. The voting papers shall then be returned to the Returning Officer on or before the day and time fixed for holding the election, or sent to him by post or otherwise so as to reach him not later than that day and time.

18. In any election for a casual vacancy the notice calling for nominations shall state that the vacancy is a casual one.

19. Every voting paper shall be in the form following (or to the like effect):

THE UNIVERSITY OF AUCKLAND
LECTURERS' REPRESENTATIVES (AT LARGE)
ON SENATE

VOTING PAPER

Election to be held at 5.00 p.m. on .................... day, the ............... of ............... 19 ............, of ............ Member(s) of the Senate by the full-time Lecturers of the University.

DIRECTIONS

There are ........ vacancies. The voter may vote for any number of candidates up to the maximum number of candidates to be elected.

The Voter must put an X in the square opposite the name or names of the candidates for whom he/she desires to vote.

THE VOTER MUST SIGN HIS/HER NAME AND STATE HIS/HER DEPARTMENT ON THE BACK OF THE ENCLOSED SPECIAL ADDRESSED ENVELOPE.

Voting papers, in sealed envelopes, must be addressed to the Returning Officer and reach him by the above day and time.

RETURNING OFFICER

20. On completion of the counting of votes the Returning Officer shall forthwith declare the results of the poll by notice published within the University.

21. The Returning Officer shall, subject to these Regulations, determine conclusively all questions of detail concerning an election.

22. Where there is an equality of votes between candidates and the addition of a vote would entitle any of these candidates to be declared elected, the Returning Officer shall determine by lot which candidate shall be elected.

23. The Returning Officer is authorised to destroy the voting papers after a lapse of two weeks from the date of the notices announcing the result of the poll.

24. The University shall be deemed a sufficient address for the issuing of notices and voting papers to electors under these Regulations.

25. These Regulations shall come into force on 1 January 1983.

PRESCRIBED TEXTS

Prescribed Texts
Prescribed texts are those texts that students should purchase. The list of prescribed texts for 1984 which is set out below in alphabetical subject order is not exhaustive. Additional books may be prescribed during the year. Further lists of such prescribed books may be obtained from the appropriate department. Recommended books are those books which students may purchase if desired. Lists of recommended books and additional reading guides may be obtained from the appropriate departments.

ACCOUNTING

Accounting I

01.100 Carrick Martin, An Introduction to Accounting, 1st edn, (McGraw-Hill). Additional material relevant to this course may be purchased from the Department.

01.101 Thacker & Ellis, Management Accounting: Concepts and Applications, 1st edn, (Reston).

01.102 Nobes, C., Introduction to Financial Accounting, 1st edn, (George Allen & Unwin).

01.103 Horngren, C.T. Introduction to Management Accounting, 5th edn, (Prentice-Hall).

Accounting II

01.200 Johnston, Edgar & Hays, The Law and Practice of Company Accounting in New Zealand, 6th edn, (Butterworths); Carrick Martin, An Introduction to Accounting, 1st edn, (McGraw-Hill). Additional material relevant to this course may be purchased from the Department.

01.201 Barton, H. D. W. Executorship Law and Accounts, 8th edn, (Butterworths); New Zealand Society of Accountants, Management Accounting for the New Zealand Farmer. Additional material relevant to this course may be purchased from the Department.

01.202 Horngren, C.T., Cost Accounting: A Managerial Emphasis, 5th edn, (Prentice-Hall). Additional material relevant to this course may be purchased from the Department.

01.203 Cushing, B.E. Accounting Information Systems and Business Organisations, 3rd edn (Addison Wesley).

01.204 Public Finance Act 1977 (Government Printing Office); Local Government Accounting Regulations 1979 (Government Printing Office); Jones, R. & Pendlebury, M., Public Sector Accounting, 1st edn, (Pitman Publishing Ltd).

Accounting III

01.300 Wolk, H.I., Francis, J.R. & Tearney, M.G., Accounting Theory: A Conceptual and Institutional Approach, 1st edn, (Kent Publishing Co.). Additional material relevant to this course may be purchased from the Department.

01.302 Shillinglaw, G., Managerial Cost Accounting, 5th edn, (Irwin).

01.303 Sharpe, W.F., Investments, 2nd edn, (Prentice-Hall). Additional material relevant to this course may be purchased from the Department.

ANCIENT HISTORY

Ancient History I

12.102 One of A. R. Burn, Pelican History of Greece; J. B. Bury, History of Greece, revised by Russell Meiggs, (Macmillan); N. G. L. Hammond, A History of Greece (Oxford); plus Thucydides, The Peloponnesian War (Penguin Classics or Everyman's Library); Athenian Politics (Lactor 5 (LACT)).

Ancient History II

12.203 N. Lewis and M. Reinhold, Roman Civilization Vol II (Colombia U.P. or paperback Harper Row); Tacitus, The Annals of Imperial Rome (Penguin Classics); Res Gestae divi Augusti, (ed.) Brun and Moore (Oxford) is strongly recommended.

12.210 A. Gardiner, Egyptian Grammar (Oxford); R. O. Faulkner, A Concise Dictionary of Middle Egyptian (Oxford). Texts of documents in Egyptian will be supplied by the Department.

12.211 Materials will be supplied at cost by the Department.

Ancient History III

12.300 See 12.220

12.303/03.319 One of S. Frere, Britannia 2nd edn, John Wacher, Roman Britain (Dent), M. Todd, Roman Britain (Fontana) OR Peter Solway, Roman
ANTHROPOLOGY

**Anthropology I**

**Anthropology II**

03.212 Labov, W., *Sociolinguistic Patterns* (Univ of Pennsylvania, 1972)

03.309 Passingham, R., *The Human Primate* (Freeman, 1982).

03.319 See Ancient History 12.303.

03.320 Massal, Emile and Jacques Barrau, *Food Plants of the South Sea Islands* (South Pacific Commission Technical Bulletin).

ARCHITECTURE
Details of any prescribed texts and reading lists will be published in the Department prior to commencement of lectures.

BIOLOGY
Biology I

Biology II & III
39.316 Open University Oceanography, Biological Environments, (Units 9 & 10 (S334) Open University 3rd level Science Course).

BOTANY
Botany I & II
06.221 Stuctiffe, J., Plants and Water (Arnold).

Botany III
06.361 Radford, Dickison, Massey and Bell, Vascular Plant Systematics (Harper and Row).

BOTANY For MSc

CELL BIOLOGY
Cell Biology III
40.303, 304, 305 There are no prescribed texts for 40.303, 40.304, or 40.305. A list of books that are recommended reading may be obtained from the Departmental Office after 1 December.

CHEMISTRY
Chemistry I
08.110 Moore and Barton, Organic Chemistry: An Overview (Saunders); Laboratory Assignments in Organic and Physical Chemistry for
Chemistry II

08.210 Laidler and Meiser, Physical Chemistry (Benjamin); Levitt and Kitchener, Findlay's Practical Physical Chemistry, 9th edn. (Longman); Aylward and Findlay, SI Chemical Data 2nd edn. (Wiley); Fritz and Schenk, Quantitative Analytical Chemistry, 4th edn. (Allyn and Bacon).

08.211 Fritz and Schenk, Quantitative Analytical Chemistry, 4th edn. (Allyn and Bacon).

Chemistry III

08.310 Laidler and Meiser, Physical Chemistry (Benjamin); Levitt and Kitchener, Findlay's Practical Physical Chemistry, 9th edn. (Longman); Aylward and Findlay, SI Chemical Data 2nd edn. (Wiley).

08.311 Laidler and Meiser, Physical Chemistry (Benjamin); Harris and Bertolucci, Symmetry and Spectroscopy (Oxford); Levitt and Kitchener, Findlay's Practical Physical Chemistry 9th edn. (Longman); Aylward and Findlay, SI Chemical Data 2nd edn. (Wiley).

08.340 Dyke, Floyd, Sainsbury and Theobald, Organic Spectroscopy - An Introduction 2nd edn. (Longman); Harris and Bertolucci, Symmetry and Spectroscopy (Oxford).

Chemistry for MSc and Honours

08.410 Bard & Faulkner, Electrochemical Methods (Wylie).

08.411 Harris and Bertolucci, Symmetry and Spectroscopy (Wylie).

08.420 Cotton and Wilkinson, Advanced Inorganic Chemistry (Interscience).

08.421 Basolo and Pearson, Mechanisms of Inorganic Reactions (Wiley).

CHINESE

Chinese I

Chinese II

48.201 Materials supplied by the Department.
48.202 Dawson, R., An Introduction to Classical Chinese (Oxford Univ. Press); Liu, J. J.-Y., Essentials of Chinese Literary Art (Duxbury Press); further materials supplied by the Department.

Chinese III

48.300 Elementary Chinese Reader Vol IV (Foreign Language Press, Peking); Intermediate Spoken Chinese (Foreign Language Press, Peking).

48.301, 48.302 Materials supplied by the Department.

Chinese for MA & Honours

48.400-48.417 Materials supplied by the Department.

CLASSICAL STUDIES

Classical Studies I

73.102 Epic: Homer, Iliad, tr. R. Lattimore (Chicago, paperback); Odyssey, tr. R. Lattimore (Harper Row, paperback). Virgil, Aeneid, tr. C. Day Lewis (Anchor paperback). Elegiac: An anthology will be available on payment from the Department.

COMMERCIAL LAW

Commercial Law I

02.100 O'Keefe & Farrands, Introduction to New Zealand Law, 4th edn, (Butterworths).

Commercial Law II

Commercial Law III

02.300 Webb and Webb, Principles of the Law of Partnership, 3rd edn, (Butterworths); Partnership Act 1908 & Amendments (Government Printing Office); New Zealand Companies and Securities Legislation, 2nd or 3rd edn, (Commerce Clearing House).

COMPUTER SCIENCE

Computer Science I

07.100 E. B. Koffman, Pascal: A Problem Solving Approach (Addison-Wesley).

07.101 Refer to Department.

Computer Science II

07.230 Refer to Department.

07.290 Refer to Department.

Computer Science III

07.301 to 07.306 Refer to Department.

10.404 Greek New Testament (British and Foreign Bible Society, or similar edition); Hunt, A. S. and Edgar, C. C., Select Papyri II (Loeb Classical Library No. 282); Feldman, L. H., Josephus, Jewish Antiquities Vol. IX (Loeb Classical Library No. 433).

10.407 Subject for 1985: Greek Tragedy: Aeschylus, Agamenmon (ed.) Denniston and Page; Sophocles, Antigone (ed.) Jebb; Euripides, Troades (ed.) Lee (Macmillan/Bristol Classical Press.)
HEBREW

Hebrew I

HISTORY

The Department will issue leaflets entitled Books Recommended for Student Purchase relating to papers not listed below.

History I
24.103 F. L. Carsten, The Rise of Fascism (Batsford paperback); K. D. Bracher, The German Dictatorship (Pelican); A Cassells, Fascist Italy (Routledge & Kegan Paul).
24.108 F. L. Carsten, History II

History III
24.327 Karl Marx, Communist Manifesto (Penguin).

History for MA and Honours

Asian History

The History Department will issue leaflets entitled Books Recommended for Student Purchase. There are no specific texts for Asian History I, II and III.

HUMAN BIOLOGY

Part I
60.103, 60.104, 60.105 Burns & MacDonald, Physics for Biology and Pre-Medical Students 2nd edn. (Addison Wesley); Burgoyne, A Short Course in Organic Chemistry, (McGraw-Hill); Stryer, Biochemistry 2nd edn. (Freeman) or Lehninger, Principles of Biochemistry, 1982 (Worth).
60.108 Psychology Today, 4th edn. (CRM books); Davis, P., Health and Health Care in New Zealand. (Longman Paul).

Part II
60.205 Ham & Cormack, Histology, 8th edn. 1979, (J. B. Lippincott & Co, hardback or softcover version) or Snell, Clinical and Functional Histology for Medical Students, 1st edn, 1984 (Little Brown & Co); Moore, Before We Are Born (W. B. Saunders); Notes on Anatomy (Department of Anatomy). Also one of the following texts, either Woodbourne, Essentials of Human Anatomy, 6th edn, (Oxford University Press), or Grant’s Method of Anatomy, 10th edn. J. V. Basmajian, ed., (Williams & Wilkins); or Gardner, Gray and O’Rahilly, Anatomy, 4th edn. (W. B. Saunders). An anatomical atlas such as Grant, Atlas of Anatomy, 10th edn. (Williams & Wilkins) or Jamieson, Illustrations in Anatomy: Section III Abdomen, Section IV Pelvis and Section V Thorax, (E. & S. Livingstone) is desirable.
60.206 Stryer, Biochemistry 2nd edn. (Freeman) or Lehninger, Principles of Biochemistry, 1982 (Worth).
60.207 Ganong, Review of Medical Physiology, 11th edn, 1983 (Lange).

Part III
60.301 You will require one textbook of Pathology and one of Microbiology, for use in the 3rd term of 3rd year and throughout the following 3 years of your Clinical Course. The best selection will be discussed with the class before the end of the 2nd term. You will also require your own individual copy of Principles of Pathology, 12th edn. (Department of Pathology) which will be distributed prior to the beginning of the course in the 3rd term.
60.302, 60.303 Noback and Demarest, The Human Nervous System, Basic Principles of Neurology, 3rd edn, (McGraw-Hill); Carman, Notes on the Anatomy of the Head and Neck, 1984 (Department of Anatomy). Also one of the following texts: Woodbourne or Grant’s Method or Gardner, Gray & O’Rahilly as listed for Part II.
60.304 Austin and Short, Reproduction in Mammals (Book VII) 1972 (Cambridge); Moore, Before We Are Born (Saunders); J. I. D. Sadow et al, Human Reproduction; An integrated view (Croom, Helm, London); or Johnson, M. H. and Everitt, B. J., Essential Reproduction, 1980 (Blackwell, Oxford); L. Stryer, Biochemistry, 2nd edn. 1981 (W. H. Freeman); Lehninger Principles of Biochemistry, 1982 (Worth).
**INDONESIAN**

**Indonesian I**

80.104 Materials will be supplied by the Department.

**Indonesian II**

80.201 and 80.202 Materials will be supplied by the Department.

**Indonesian III**
80.300, 80.301, 80.302, 80.305, 80.306 Materials will be supplied by the Department.

**Indonesian for MA and Honours**
80.400–409 Materials will be supplied by the Department.

**ITALIAN**

**Italian I**
35.102, 35.103 G. Carsaníga, *Italiano espresso* (Cambridge); *Concise Cambridge Italian Dictionary* (Penguin).

**Italian II**

**Italian III**

35.302 Dante Alighieri, *Inferno* (La Nuova Italia).

**JAPANESE**

**Japanese I**

**Japanese II**
81.200 and 81.202 Materials will be provided during lectures.

**Japanese III**
81.300 and 81.303 Materials will be provided during lectures.

81.301 *Modern Japanese for University Students*, Pt II (International Christian Univ.)

**Japanese for MA and Honours**

81.402 Selections from the works of modern authors such as Natsume Soseki, Koda Rohan, Akutagawa Ryunosuke, Nagai Kafu, Kawabata Yasunari, Mishima Yukio and others. Specific texts will be prescribed during lectures.

81.403 Selections from Heian monogatari, Gunki monogatari, Zuihitsu, Nikki monogatari, Setsuwa and others. Specific texts will be prescribed during lectures.

81.404 Selections from Japanese poetry, including theory. (To be prescribed during lectures).

81.405 Selections from Japanese drama, including theory. (To be prescribed during lectures).

81.407 Photostat and cyclostyled texts will be provided by the Department when necessary.

81.408 Photostat and cyclostyled texts will be provided by the Department when necessary.

81.409 Photostat and cyclostyled texts will be provided by the Department when necessary.
**LATIN**

**Latin I**

09.100 Cicero, *De Amicitia*, (ed.) H. E. Gould & J. L. Whiteley (Bristol Classical Press); Ovid, *Metamorphoses I*, (ed.) A. G. Lee (Bristol Classical Press); other texts will be issued by the Department.

09.101 Composition: texts will be issued by the Department.

09.102 W. F. Richardson, *An Introductory Course in Latin* (University of Auckland), available from the Department; Kennedy’s *Revised Latin Primer* (Longmans). Students are advised to purchase a copy of Chambers-Murray *Latin-English Dictionary* (W. K. Chambers, Edinburgh), which they will be permitted to take into the examination as a ‘restricted book’.

**Latin II**

(iii) History topic for 1985: Claudius: text available from the Department.

(iv) and (v) — texts will be issued by the Department.

**Latin III**

09.300/09.301/09.302 (i), (ii), (iii), (iv), (v) as Latin II.

(vi) Set inscriptions are available in xeroxed form from the Department.

**Latin for MA and Honours**

09.400/09.401 Texts will be supplied at cost.

09.403 Cicero and Caelius: Cicero, *pro Caelio*, (ed.) R. G. Austin (Oxford); remaining texts to be provided.

**LAW**

**First Law Examination**

Part A

Part B

**Second Law Examination**

25.203 Texts to be advised in class.

25.204 Texts to be advised in class.

25.216 Butterworths Family Law Guide (Butterworths); Webb & Adams, Family Law 1984 Style (Legal Research Foundation); His Honour Judge Inglis, Q.C., Practice and Procedure in the Family Court (Legal Research Foundation, 1984).

Third Law Examination

25.308 Sim and Cain Practice and Procedure, 12th edn. 1978 (Butterworths); Wily, Magistrate's Courts Practice, 7th edn. 1973 (Butterworths).

25.309 Gower, Principles of Modern Company Law 3rd edn. 1969 (Stevens & Sons). Students should have copies of the following statutes, with all amendments: Companies Act 1955, Securities Act 1978.
