### Faculty of Medicine and Human Biology

- Degree of Bachelor of Medical Science: 349
- Degree of Bachelor of Public Health: 350
- Degree of Bachelor of Medicine: 351
- Degree Course: 352
- Diploma in Gynaecology and Obstetrics: 356
- Diploma in Mental Health: 356
- Diploma in Obstetrics: 357
- Diploma in Paediatrics: 357
- Diploma in Public Health: 358
- Diploma Course Prescriptions: 358
- Further Information: 360

### Faculty of Music

- General Information: 361
- Degree of Bachelor of Music: 362
- Degree of Bachelor of Music (Performance): 366
- Degree of Bachelor of Music (Honours): 366
- Degree of Bachelor of Music (Performance) (Honours): 366
- Degree of Master of Music: 369
- Diploma in Music: 371
- Diploma in Music (Honours): 372
- Diploma Course Prescriptions: 373
- Instruction in a Single Instrument: 373

### Faculty of Science

- General Information: 374
- Degree of Bachelor of Science: 376
- Degree of Bachelor of Science (Honours): 408
- Degree of Bachelor of Optometry: 411
- Degree of Bachelor of Science Education: 412
- Degree of Bachelor of Technology: 412
- Degree of Master of Science: 413
- Degree Course: 415
- Diploma Course Regulations: 444
- Diploma in Computer Science: 444
- Diploma in Mathematics Education: 445
- Diploma in Science: 445
- Diploma in Science Education: 445
- Diploma in Statistics: 445
- Postgraduate Diploma in Applied Psychology: 446
- Postgraduate Diploma in Clinical Psychology: 446
- Postgraduate Diploma in Science: 446
- Diploma Course Prescription: 447
- Certificate in Ocular Pharmacology: 447
- Certificate in the Principles and Practice of Radiochemistry: 448

### Joint Board of Studies in Theology

- General Information: 449
- Degree of Bachelor of Theology: 451
- Degree of Master of Theology: 458
- Degree Course: 459

### Inter-Faculty Degrees and Diplomas

- Degree of Bachelor of Science Education: 466
- Degree of Bachelor of Technology: 468
- Conjoint Degrees of Bachelor of Science and Bachelor of Commerce: 475
- Degree of Bachelor of Philosophy: 475
- Degree Course: 476
- Diploma in Mathematics Education: 478
- Diploma in Performing Arts: 479
- Diploma in Science Education: 479
- Diploma Course: 480

### Inter-Faculty Studies

- Operations: 482
- Certificate of Proficiency: 483
- Joint Certificate: 484
- Transitional Certificate: 484
- Intermediate Courses (Other NZ Universities): 485

The University has 10 faculties representing each of its main disciplines: Architecture Property and Planning, Arts, Commerce, Education, Engineering, Fine Arts, Law, Medicine and Human Biology, Music, and Science. In addition, Theology is offered by a Joint Board of Study. There are 56 teaching departments, ranging from Accounting and Finance to Sociology. Some departments are associated with more than one faculty.

Many courses and research activities reflect Auckland’s and New Zealand’s place in the world. Pacific archaeology, ethnology and languages, for example, are stressed in the Anthropology Department. Geographers carry out fieldwork in the Pacific Islands while...
University scientists make frequent study trips to the Antarctic. Four Asian languages - Chinese, Japanese, Indonesian and Korean - are taught and Samoan was introduced in 1991. New Zealand's concerns and problems are addressed in subjects as diverse as sociology, medicine, engineering and architecture. The Geothermal Institute is one of four international centres which provide training in geothermal technology.

Almost all teaching staff engage in research which attempts to advance the frontiers of knowledge and understanding. Research is also vital to sustain university teaching. Some 1,140 students are enrolled for masters degrees and around 380 for doctorates. While research is more often basic than applied, what is discovered may ultimately prove eminently practical. The Yacht Research Institute's contribution towards New Zealand's campaigns for the America's Cup is one notable example. A research laboratory at Leigh, east of Warkworth, carries out marine fieldwork. Various research centres cross disciplinary boundaries. The School of Medicine is one of the largest single research institutions in New Zealand.

The University's governing body is the Council, a mixture of elected staff, students and graduates, and outside appointees. The Vice-Chancellor, the University's chief academic and administrative officer, is also a member. Council is chaired by the Chancellor whose other duties are largely ceremonial.

On academic matters Council is bound to consult the Senate which the Vice-Chancellor chairs. This body includes all the professors, some non-professorial staff and student representatives. The Senate takes advice from the Deans, Academic and Research Committees, and from specialist committees, dealing for example with the Library, the Computer Centre and the Audio Visual Centre, and the Faculties.

Day to day central administration is performed by the Registrar. It is divided into academic, corporate services, finance, staff, student services and works sections and is headed by the Registrar.

### HISTORY OF THE UNIVERSITY OF AUCKLAND

As early as 1862 an unknown writer, 'J.G.', proposed in *Chapman's New Zealand Monthly Magazine* that a university should be established in Auckland. No one took up the suggestion. In the South Island, where the inhabitants were wealthier and keener on education, a university was established in Otago in 1869 and a college in Canterbury in 1873. In 1870 Parliament passed legislation to create the University of New Zealand as an examining body with affiliated teaching colleges. An Auckland politician, later Speaker of the House of Representatives, Maurice O'Rorke, tried to induce Parliament to place the University in Auckland, but he failed. The University of New Zealand had no fixed abode; its Senate met in the main towns in turn.

The citizens of Auckland did nothing to establish a college, but some so-called 'university' instruction was provided at the Auckland Grammar School. One student, Kate Edger, in 1877 became the first woman to graduate B.A. at a British university. In 1878 O'Rorke was appointed chairman of a Royal Commission to report on higher education. It recommended that University Colleges should be established at Auckland and Wellington. In 1882 the Auckland University College was set up by Act of Parliament. Thus the College was a creation, not of the citizens and local government, like those in the south, but of the state.

The applicants for the first four chairs, of Classics and English, Mathematics, Natural Science, Chemistry and Physics, were interviewed in England by the New Zealand Agent-General and some of the most famous scientists and scholars of the day, including the great Benjamin Jowett of Balliol College, Vice-Chancellor of Oxford University. The men appointed formed an impressive group. The chemist, F.D. Brown, had studied both in France and at Leipzig as well as London, and taught at Oxford and London. He had published a dozen papers. Algernon Phillips Thomas, the biologist, was a Balliol man who had discovered the life history of the liver fluke. The classicist, T.G. Tucker, was to become a famous scholar. When he left to go to Melbourne University in 1885 he was succeeded by Hutcheson Macaulay Posnett, an Irishman who had written several books, including one on comparative literature, what would now be called the sociology of literature, a subject which he is now credited with inventing. The first professor of Mathematics was drowned shortly after he reached Auckland and he was succeeded by W.S. Aldis, who had been the senior wrangler at Cambridge and was the author of several mathematical books.

The College was formally opened on 21 May 1883 in the Choral Hall, then the largest hall in Auckland. The Governor, Sir William Jervois, announced that the College was to be a thoroughly democratic institution, open to all, women as well as men, and to all classes. He remarked that the first College building was a barn. It was, in fact, a disused courthouse.

When O'Rorke had first tried to secure a University for Auckland, in 1872, he had suggested housing it in Government House, left empty when the capital was moved to Wellington in 1865. This immediately aroused opposition in the newspapers, for many Aucklanders hoped that the capital - and the governor - would eventually return to Auckland. These conflicting ambitions lay at the basis of a recurrent feature of the history of the College, the great 'site row' which raged with particular violence in the years 1909-12, with the College trying to get at least part of the grounds of Government House while numerous citizens strongly opposed it. One result was that for years the College has no permanent site or permanent buildings. Instead, it acquired the disused Admiralty House and a building which had been the original Parliament House. In 1907 the Choral Hall was purchased. In 1917 the College occupied the deserted Grammar School. Not until 1926 did it acquire its first permanent building, now the Old Arts building, in Princes Street.

The College was poor: its statutory grant was for many years only £4,000 a year, while educational reserves were of such poor land that they brought in very little. It was small: there were 95 students in 1883; 156 by 1901. Many of the students had not passed the matriculation examination. Most of them were part-time, trainee teachers and Law clerks, Music students from 1888 onwards, Commerce students by 1891.

In 1892, the College was dismissed! Despite a prolonged public controversy, Council would not reinstate him. Posnett also left, in 1891.

Some of the best professors departed. Most of the remainder grew increasingly out-of-date in their subjects. There was no system of sabbatical or study leave until the nineteen-twenties. The teachers simply handed on traditional knowledge: research was not expected and was rarely done. The staff lectured for very long hours. In some subjects research was impossible. For instance, the library took no mathematical journals; so the mathematicians knew little about recent work. Some students, however, carried on good research notably another former Cabinet Minister, Sir George Fowlds. Under their not always benevolent dictatorship some improvements were made.
Some advances were made in providing professional education. The only such education offered at the College was in Law, which attracted large numbers of students. The only 'professional schools' recognised by the University of New Zealand were Medicine at Otago and Engineering at Canterbury. In 1906 the College established a School of Mining, which covertly by degrees was turned into a 'School of Engineering'. After fierce battles with Canterbury, fired by provincial rivalry, the Auckland School received University recognition for its teaching in the first two professional years. Students then had to go to Canterbury to complete their final year of education. In the course of this battle, in 1917, the College also began instruction in Architecture.

During the depression of the early nineteen-thirties there were great disputation and rancour. The temporary appointment of a lecturer in history, J.C. Beaglehole, later a world famous scholar, was terminated, his friends believed, because of a letter of liberal or radical tendency, to a newspaper, defending the right of Communists to distribute their literature. This episode led to a Council election in which a liberal, Hollis Cocker, displaced a conservative. The College Council now adopted resolutions in favour of academic freedom and received the undeserved congratulations of the flower of the British academic establishment, including Lord Rutherford and Wittgenstein. At this time, in a modern terminology, the College 'came alive'. For instance, some students, led by James Bertram, A.R.D. Fairburn, R.A.K. Mason and other writers, later distinguished, wrote for it.

The College received a great intellectual stimulus in 1934 when four new professors arrived, H.G. Forder, a very able mathematician, Arthur Sewell, a brilliant lecturer in English, a classicist, C.G. Cooper, and a new historian, James Rutherford. The College had never had academic leadership. Cocker came to dominate it before and during World War II as much as had O'Rorke and O'Shea. But Council now appointed the first Principal (later Vice-Chancellor) K.J. Maidment. He came in 1950 and remained for two decades. He was a Classics don from Merton College, Oxford. The nineteen-fifties was a very difficult period in the history of the College - The University of Auckland, as it was called from 1958 onwards. There was a further, fierce 'site row'. Council wanted to move to a larger site out of town. The National Government in 1956 offered Government House to the College as a compensation for staying in Princes Street. Another 'save Government House' campaign followed. Both academic staff and the public were deeply divided over the issue, which was resolved in 1960: The University was to stay where it was.

The 'site row' held up the building programme for about six years, while student rolls rose rapidly, to 4,000 by 1959, with the result that there was bad overcrowding in quite inadequate buildings - army huts for instance, were erected. Universities everywhere were expanding rapidly. New Zealand salaries were low and many able Auckland staff were recruited by Australian or other universities. Despite these problems, there was significant progress. New subjects were introduced: Geography, Anthropology, Maori Studies, Fine Arts. There was a new emphasis on staff research. Many of the new and younger academics became very active researchers, as could be seen in the growing lists of staff publications.

A general improvement in conditions was spearheaded by a Committee, the Hughes Parry Committee, which reported on University conditions. Staff salaries were raised. For the first time the students were given fairly generous bursaries, which led to a rapid increase in the proportion of full-time students. The government grant to the University rose rapidly. There was a massive university building programme, and over the next two decades the campus was transformed as one large building after another was erected: Fine Arts, Science, Engineering buildings, a Student Union, a new Library. A number of new subjects were introduced, including Political Studies, Art History, and Sociology. In 1968 teaching commenced in the new Medical School, which was the most important 'new development'. By the end of the sixties Auckland had the largest University Library in the country, whereas it had usually been the smallest. Most of the credit for this belonged to Kenneth Maidment. One other change must be mentioned. In 1962 the University at last became independent, when the University of New Zealand was abolished.

When Dr Kenneth Maidment departed in 1970, there were 9,300 students. His successor, Dr Colin Maiden, was an Auckland engineer who headed a research division of General Motors in Michigan. One of the first things that struck him in Auckland was the paucity of student facilities. He pushed ahead to get them: a theatre, a splendid gymnasium and recreation centre, and a large playing field 'complex'. The entire administrative organisation, from faculties and committees to deputy vice-chancellors, was reformed. The academic boom of the sixties continued well into the seventies and several new buildings, like Human Sciences, were built and new subjects, like Management Studies and Computer Science, were introduced.

The seventies brought numerous social changes: an increase in the proportion of Maori and Polynesian students and in the proportion of women as well as in the proportion of older students. Only in the years 1975-81 were the first two women professors appointed, Marie Clay and Patricia Bergquist. At a time of high inflation the government grant to the University rose rapidly, to $95.2 million by 1989. Nevertheless there was a certain austerity by then, in a bleak economic climate, but after a century of growth the University seemed sufficiently strongly established in the community to withstand hard conditions.

Its position was indeed to be challenged in the following year. The wide-ranging restructuring of Education undertaken by the Labour government encompassed the universities, and their autonomy and their identity were seen to be threatened. As a result of efforts by the universities, supported by alumni, some changes were secured in the Education Amendment Act 1990, but the University Grants Committee was abolished, the Universities were placed directly under the Ministry of Education, and the composition of the Council was altered.

The University was also faced with adverse financial conditions. In 1993 its roll climbed to 22,577 students. Anxious to respond to the demand for university education, it offered papers at Northland Polytechnic, at Manukau Polytechnic, and at the Auckland College of Education, and, acquiring buildings from the Commonwealth Games Village, it began to develop a second campus at Tamaki, offering teaching in Commerce. It was obliged, like other universities, to introduce quotas for all first-year papers in 1992, breaking the historic policy of 'open entry'. But from 1993 Arts and Science courses were also available at Tamaki, and the intake at Elam was doubled.

THE CITY CAMPUS

The City Campus is in the heart of Auckland City, separated from the tower blocks of the central business district by historic Albert Park on its western flank. To the south-east lie the trees and open spaces of the Auckland Domain. Its proximity to the cultural and commercial amenities of the country's largest city, attractive green setting and harbour views bestow advantages enjoyed by few inner city campuses anywhere.

The development of the City Campus has been continuing over the last hundred years. Following its opening as Auckland University College in 1883 with four teaching staff and 80 students were some 40 years of wanderings in temporary homes, including the disused Parliament Building, Grammar School and Choral Hall. All of these have now disappeared except for the last. Finally, the College was given the horse paddock behind Government House and a contest was held to design the first permanent building, the ornate Old Arts
THE TAMAKI CAMPUS

The Tamaki Campus is the second campus of The University of Auckland. It was established in 1991 as part of the University's strategy for meeting Auckland's ever-increasing demand for university education.

The Campus is located on a 30-hectare site at the corner of Merton and Morrin Roads in Glen Innes. It overlooks the Tamaki River estuary and includes the excellent playing fields and spacious club-rooms of the University Park.

There are three academic divisions at Tamaki: Arts, Commerce and Science and Technology. They are responsible for the teaching at the Tamaki Campus.

The academic and administrative head of the Tamaki Campus is the Assistant Vice-Chancellor (Tamaki). Each of the academic divisions is headed by one of the division's Professors. The academic staff are members of departments and faculties on the City Campus. They have primary teaching responsibility at Tamaki but may teach on both campuses. Staff from the City campus also teach at Tamaki.

Arts Division

The Arts Division commenced teaching for the BA degree at Tamaki in 1993. It currently offers multidisciplinary programmes in International and Regional studies, especially the Pacific Rim and Latin America. Future interdisciplinary programmes are planned in New Zealand Studies and in the history, philosophy and sociology of Science.

In 1994 Stage I and II papers will be available in Economics, English, Geography, History, Management Studies and Labour Relations, Maori Studies, Mathematics and Statistics, Political Studies, Psychology and Japanese together with Stage III papers in Management Studies and Labour Relations and Mathematics and Statistics. In 1995 most of these subjects will be advanced to stage III level. Further papers will be introduced at Stage I level in Anthropology, Philosophy and Spanish in 1994 and advanced papers in future years. Students may choose to take some of their Stage III papers on the City Campus. Tamaki papers provide the necessary prerequisites for advanced undergraduate and postgraduate papers on both campuses.

Commerce Division

The Commerce Division began teaching for the BCom Degree at Tamaki in 1991. Accounting and Finance, Commercial Law, Economics, Management Studies and Labour Relations, Management Science and Information Systems, and Marketing and International Business provide the disciplinary core of the degree programme. The first and second year papers are similar to those offered on the City Campus. In the third year, which will be available from 1994, students can specialise in:

- Financial Management, with a focus on the increasingly important area of financial management in the modern enterprise within a course fulfilling all ACA requirements;
- International Studies, with a focus on business issues linking New Zealand with Asia, Latin America, Australia and Europe; or
- Information Technology, with a focus on the information technologies and data communication.

Students may also take the four-year joint BCom/BA or BCom/BSc Degrees.

Science and Technology Division

The Science and Technology Division commenced teaching at Tamaki in 1993 with two new and innovative BSc Degree programmes and a new four-year BTech Degree. The courses available include the following:

- **BSc**
  - Environmental Management which provides a broad education in environmental management based on Biology, Geography and Geology;
  - Applied Physics which includes papers in Physics, Electronics, Computer Sciences, and Mathematics;
  - A general degree with potential majors in Biology, Computer Science, Geography, Mathematics and Statistics, Physics, or Psychology.
  - BSc or BSc(Hons) (Sports Science). This course will be introduced from 1994. It will include specialised papers in the science of sports performance as well as Biology and Psychology.

- **BTech**
  - This is an inter-faculty degree. Two options are available at Tamaki:
    - Information Technology which provides education in all aspects of information technology and is based on Computer Science, Management Science and Information Systems, Mathematics and Physics.
    - Industrial Mathematics which will be introduced from 1994 and will provide education in Mathematics and Statistics as applied to all aspects of industry and commerce.

The courses and papers taught on the Tamaki Campus are governed by the General Statutes and Regulations and by the Regulations for the specific degrees of the University. These degree regulations are found in the relevant sections of the Calendar. The papers taught at the Tamaki Campus have the prefix T before the paper number. Papers taught both at the City Campus and Tamaki Campus are shown twice in the degree schedule (eg. for Accounting 01.100, it is shown for the City Campus as “01.100 Accounting(a)” and for the Tamaki Campus as “T01.100 Accounting(a)”)

Students take their full programme of courses at Tamaki. However, they may also take, subject to availability of places, papers on the
City Campus. Similarly, students enrolled for full-time studies on the City Campus may take, subject to availability of places, papers from among those offered at Tamaki. There is a shuttle service between the two campuses.

In 1993 there were 1258 (795 EFTS) students at Tamaki. The number of EFTS is projected to rise to 1309 in 1994; 1926 in 1995; and 2312 in 1996. The Campus is planned to ultimately accommodate 7,000 students.

The University Council has approved a building programme for the first phase of the development of the Campus which began in 1990 through to 1996. The first permanent academic building and lecture theatre were completed for the start of the 1993 academic year. Six other permanent academic buildings and two lecture theatres are expected to be completed by the end of this phase.

The Tamaki Campus Library has a growing collection of books, serials and videos covering all the papers taught on the Campus. The Library is linked to the computerised catalogue (AUCAT) on the City Campus. The Campus offers smaller classes and more personal attention. It has easy access to all parts of Auckland. Students enjoy generous computer facilities, fully integrated with the University’s computer and electronic mail network; adequate parking; and the playing fields of University Park.

JOINT ARRANGEMENTS WITH COLLEGES AND POLYTECHNICS

In addition to the two campuses owned by The University of Auckland, joint arrangements have been made with several tertiary institutions.

Auckland College of Education
The Bachelor of Education is jointly taught by the University and Auckland College of Education. Papers in Stage I English, Mathematics, and Psychology, papers for the Bachelor of and Diploma in Science Education, for the Diploma in Mathematics Education and for the MA in Social Work are also taught at the campus of the Auckland College of Education.

The Auckland Consortium for Theological Education
The Bachelor of Theology is jointly taught by the University and the members of the consortium which include The College of St. John, Trinity Methodist College, Carey Baptist College, the Catholic Institute of Theology, Mount Saint Mary’s College and The University of Auckland.

Manukau Polytechnic
A Stage I Sociology paper, 82.104 An Introduction to Sociological Analysis: Gender, Ethnicity and Class in New Zealand, is taught at Manukau Polytechnic. The Centre for Continuing Education runs a New Start Programme at Manukau Polytechnic as well as papers on the City Campus.

Northland Polytechnic

CONJOINT DEGREE PROGRAMMES

The University of Auckland offers the following conjoint programmes:

- BCom/BA; BCom/BE; BCom/LLB; BCom/LLB(Hons); BCom/BSc

Concessions available make it possible to complete both degrees normally in two years less than if the degrees were taken separately. For example a BCom/BA can be completed within four years.

Details of these programmes are defined in the respective degree Regulations.

UNIVERSITY PERSONNEL

OFFICERS OF THE UNIVERSITY

Chancellor THE HON, JUSTICE R. I. BARKER, BA LLB N.Z. (To 16-9-94)

Pro-Chancellor GAEWYN E. GRIFFITHS, MA AIed Lond., ATCL (To 18-2-94)

Vice-Chancellor SIR COLIN MAIDEN, ME N.Z., DPhil Oxf.

Deputy Vice-Chancellor PATRICIA R. BERGQUIST, MSc PhD N.Z., DSc, FRSNZ (To 31-1-94)

Registrar W. B. NICOLL, BCom

THE COUNCIL OF THE UNIVERSITY

Ex officio

Vice-Chancellor SIR COLIN MAIDEN, ME N.Z., DPhil Oxf.

Deputy Vice-Chancellor PATRICIA R. BERGQUIST, MSc PhD N.Z., DSc, FRSNZ (To 31-1-94)

Appointed by the Minister of Education

EDWARD G. BOLLARD, CBE, BSc N.Z., PhD Camb., HonDSc, FRSNZ (Retires 31-12-94)

GAEWYN E. GRIFFITHS, MA AIed Lond., ATCL (Retires 31-12-94)

W. H. K. PURIRI, LLB (Retires 20-8-96)

D. JOHN GRAHAM, MA (Retires 30-9-97)

Elected by Graduates

THE HON, JUSTICE R. I. BARKER, BA LLB N.Z. (Chancellor, Retires 18-7-95)

JENNIFER B. GIBBS, MA N.Z. (Retires 18-7-95)

ROBERT W. LACK, JP, BA, ACIS, ANZIM (Retires 18-7-93)

Appointed by Council

J. H. INGRAM, CBE, BE N.Z., FIPENZ, FAIMM, MIMechE (Retires 31-12-96)

HAROLD M. TITTER, BCom (Retires 14-9-96)

President, Auckland University Students' Association

Ex officio

Appointed by Students' Association

A. S. O'GILVIE, BA (Retires 30-6-94)

Appointed by Academic Staff

RUTH H. BUTTERWORTH, MA DPhil Oxf. (Retires 31-3-97)

Appointed by General Staff

SUSAN CATHERSIDES, BA (Retires 31-3-95)

Appointed by Lecturers

Appointed by Professors

PHILIPPA M. BLACK, BSc N.Z., MSc, PhD, FMSAm, FRSNZ (Retires 31-3-97)

THE SENATE OF THE UNIVERSITY

Chairman: THE VICE-CHANCELLOR

ALL PROFESSORS (and their equivalents)

HEADS OF DEPARTMENTS AND ACTING HEADS OF DEPARTMENTS (subprofessorial)

DEANS (not being members of the professorial staff)

LIBRARIAN

LIAISON OFFICER

ASSOCIATE DEAN OF GRADUATE STUDIES, SCHOOL OF MEDICINE

ELECTED MEMBERS OF THE SUB-PROFESSORIAL STAFF (three from the Faculty of Arts; two from the Faculty of Science; one each from the Faculties of Architecture Property and Planning, Commerce, Education, Engineering, Fine Arts, Law, Medicine and Human Biology, Music, and from the Centre for Continuing Education, and five from the sub-professorial staff at large)

PRINCIPAL, AUCKLAND COLLEGE OF EDUCATION

PRESIDENT, AUCKLAND CONSORTIUM FOR THEOLOGICAL EDUCATION

Faculty of Architecture Property and Planning

H. B. WILLEY (Retires 31-1-95)

Faculty of Arts

Appointment Pending (Retires 31-1-96)

L. T. SMITH (Retires 31-1-95)

A. J. SPALINGER (Retires 31-1-96)

Faculty of Commerce

Appointment Pending (Retires 31-1-96)

Faculty of Education

Appointment Pending

Faculty of Engineering

P. J. RICHARDS (Retires 31-1.96)

Faculty of Fine Arts

J. FAIRCLOUGH (Retires 31-1-95)

Faculty of Law

D. GRINLINTON (Retires 31-1-95)
Faculty of Medicine and Human Biology
H. DRAGUNOW (Retires 31-1-96)

Faculty of Music
J. ELMISTRY (Retires 31-1-95)

Faculty of Science
G. R. CLARK (Retires 31-1-96)
G. A. BOWMAKER (Retires 31-1-95)

Centre for Continuing Education
Appointment Pending (Retires 31-1-95)

Sub-professorial Staff at Large
W. S. BLACK (Retires 31-1-96)
R. DALZIEL (Retires 31-1-95)
R. GEDDES (Retires 31-1-96)
P. B. GIBBONS (Retires 31-1-96)
M. WILSON (Retires 31-1-95)

President, Auckland University Students’ Association
Five Student Members (nominated by Auckland University Students’ Association)

DEANS

Faculty of Architecture Property and Planning
Dean
RICHARD M. AYNSLEY, BArch PhD N.S.W., MS(ArchEng) Penn. State, FRAIA, RIBA, MAIB, ANZIA, MNZIOB

Faculty of Arts
Dean
WARREN MORAN, MA N.Z. PhD
Associate Deans
RAEWYN DALZIEL, BA PhD Well.
D. I. B. SMITH, MA N.Z., DPhil Oxf.

Sub-Deans
W. SEBASTIAN BLACK, BA Leeds
M. S. HARVEY, BA PhD Monash
DOUGLAS G. SUTTON, MA PhD Otago
IVANICA M. VODANOVIČ, BA N.Z., PhD DipSocAnthrop Lond.

Faculty of Commerce
Dean
ALASTAIR MacCORMICK, MA PhD Yale, BSc MCom
Associate Dean (Tamaki Campus)
NIGEL. A. F. HAWORTH, BA BPhil PhD Liv.

Sub-Dean for Undergraduate Studies
SUSAN S. LAURENSON, BCom MA

Faculty of Education
Dean
JAMES D. MARSHALL, BA PhD Brist.

Faculty of Engineering
Dean
ROY M. SHARP, MA DPhil Oxf., FIPENZ, MIEAust, CEng, MIM

Associate Dean
ERROL G. KELLY, BE PhD Otago, AOSM, CEng, MAIME, MIMM, FAusIMM

Faculty of Fine Arts
Dean
MICHAEL R. DUNN, MA Melb., DipFA Cant. & Auck., PhD

Faculty of Law
Dean
M. B. TAGGART, LLM Harv., LLB
Deputy Dean
JULIE K. MAXTON, LLB Lond., LLM Cant., PhD

Dean of Students
T. J. McBRIDE, LLB Well., LLM Dal.

Faculty of Medicine and Human Biology
Dean
P. D. GLUCKMAN, MBChB Otago, MMedSc DSc, FRSNZ, FRACP

Associate Deans
M. J. MERRILEES, BSc Otago, PhD Tor.
I. J. SIMPSON, MBChB Otago, MD, FRACP

Sub-Deans
SUZANNE L. DAVIS, BMedSc MBChB Otago
PAULINE A. McAVOY, MBChB Glas., MNZCGP
GRAHAM R. WHITE, MSc N.Z., MNZIC

Faculty of Music
Dean
G. WARREN J. DRAKE, PhD Ill., MA
Sub-Dean
BRYAN A. SAYER, BA, DipMus, LRSM, ARCM, LTCL
Faculty of Science
Executive Dean
RALPH P. COONEY, PhD DSc Q’ld., FRSNZ, FRACI, FNZIC
Associate Dean (Undergraduate Affairs, Enrolment, and Deputy Dean)
PHILIPPA M. BLACK, BSc N.Z., MSc PhD, FMSAm, FRSNZ
Associate Dean (Postgraduate Affairs and Research)
JOHN C. MONTGOMERY, BSc Otago, PhD DSc Bristol, FRSNZ
Head of Division of Science and Technology (Tamaki)
Appointment Pending
Sub-Dean (BTech Programmes)
JOHN D. HARVEY, PhD Sur., MSc, Mem.IEEE, FNZIP
Sub-Dean (Human Resources)
R. J. IRWIN, MA NZ., PhD Tufts, FAPS, FNZPsS
Sub-Dean (Student Affairs and Graduate Employment)
D. J. McLennan, BSc N.Z., MSc PhD Well., DSc, FRSNZ
Sub-Dean (Timetabling/Interfaculty)
MICHAEL J. J. LENNON, PhD M.I. MIT, MSc, MNZCS
Joint Board of Studies in Theology
Honorary Dean
W. T. G. JAMES, BA Well., BD M.C.D., PhD Lond.

**UNIVERSITY STAFF (ACADEMIC)**

Dates given are dates of taking up full-time employment. Where Degrees and Diplomas are shown without the name of the awarding university, the university is Auckland. List prepared 30-9-93.

*Denotes a part-time permanent appointment.

**FACULTY OF ARCHITECTURE PROPERTY AND PLANNING**

Dean:
1989 RICHARD M. AYNSLEY, BArch PhD N.S.W., MS(ArchEng) Penn. State, FRAIA, RIBA, MAIB, ANZIA, MNZIOB

**ARCHITECTURE**

Professor, Head of Department
1993 ERROL J. HAARHOFF, BArch Natal, MSc Heriot-Watt, PhD Natal, DipUrbanDesign RIBA, ISAA, RIBA

Professor
1961-66, 1973 A. HAROLD MARSHALL, BArch BSc N.Z., PhD S'ton., FNZIA, FRAIA, FASA
1979 JOHN G. HUNT, BArch N.Z., PhD, ANZIA

Senior Lecturers
1967 M. R. AUSTIN, BArch N.Z., PhD, FNZIA
1993 M. BARNS, March
1979 C. A. BIRD, MA C.N.A.A. DipUD Oxf. Pol, BArch
1970 JOHN D. DICKSON, BArch PhD
1974 G. DODD, BSc R'dg., MSc (Eng) PhD DipAud S'ton.
1973 R. J. W. GRANWAL, ME, MIPENZ
1981 G. R. JENNER, BA Otago, BArch
1979 M. P. T. LINZEY, BE Cant., PhD Melb., ME, MIEAust
1991 J. LONG, BArch MPhil, ANZIA, ANZIM
1969 C. W. MEGSON, MArch, RIBA, FNZIA
1979 K. J. MORROW, DipArch Melb., FRMIT
1985 GRAEME L. ROBERTSON, BArch, FNZIA, FNZIOB, FRSA
1990 P. L. SHEPPARD, BArch, DipTP, ANZIA
1988 N. STANISH, BArch, ANZIA
1993 BRIAN P. TAGGART, DipArch Liv., FCSD, RIBA
1981 SARAH TREADWELL, BArch
1982 A. WARD, DipArch Birm., RIBA
1979 H. B. WILLEY, MA PhD Camb., BArch MSc, MIES (Aust. & N.Z.)

Lecturers
1993 M.B KENZARI, MArch Tunisia, PhD Atlanta
1992 P. M. MILOJEVIC, BArch Tor., March, Ill.
1993 J. S. F. NICHOLLS, BEng Cant., MICE, MIPENZ
1993 KOUNG NYUNT, BArch Rangoon, ME DEng Kyoto
1991 C. POND-EYLEY, DipFA
1991 R. L. SCOFIELD, BArch, ANZIA, ANZIM

PROPERTY
Professor, Head of Department
1991 GERALD R. BROWN, BArch MA Liv., PhD Reading

Senior Lecturers
1979-1987, 1989 ROBIN A BELL, DipSurv Lond., MPA, DipUrbVal, FPMI, FRICS, ANZIV, AREINZ, CSurv
1989 D. M. LINDBERG, BA, MPMI
1993 EDWARD J. SCHUCK, BSc RPI, MSc Lond.

Lecturer
1986 DEBORAH S. LEVY, BLE Aberd., MPA, ARICS, MPMI

PLANNING
Senior Lecturer, Head of Department
1965 MICHAEL H. PRITCHARD, BSc Wales, DipTP, MNZPI

Professor
1984 ROBERT B. RIDDELL, MA Camb., PhD N'cle. (U.K.), DipTP N.Z., ARICS, MNZPI, MNZIS

Associate Professor
1993 THOMAS W. FOOKES, MA Cant., DPhil Waik., DipTP, MNZPI
1974 M. A. TAYLOR, MA N.Z., PhD Lond., MNZPI

Senior Lecturer
1986 L. ANTHONY WATKINS, BArch N.Z., MArch DipTP, FNZIA, RIBA

Lecturers
1987 P. M. AUSTIN, BSc Sus., BPhil N'cle. (U.K.)
1989 DANIEL J. BARRY, BA SUNY Buffalo, JD Virginia, MPAURP Prin.
1989 JEANETTE M. FITZSIMONS, BA
1989 J. D. LUNDAY, BA Glas., MRTPI

FACULTY OF ARTS
Dean
1968 WARREN MORAN, MA N.Z., PhD

ANTHROPOLOGY
Professor of Archaeology/Prehistory, Head of Department
1975 GEOFFREY J. IRWIN, PhD A.N.U., MA

Professor of Social Anthropology
1994 MARK S. MOSKO, BA Calif., MA PhD Minn.

Professor of Social Anthropology and Maori Studies
1973 M. ANNE SALMOND, CBE, PhD Penn., MA, FRSNZ (jointly with Maori Studies)

Emeritus Professor of Prehistory
1961-66, 1973 ROGER C. GREEN, BA BSc New Mexico, PhD Harv., FRSNZ, MANAS
Associate Professor in Social Anthropology
1973 JUDITH W. HUNTSMAN, AB PhD Bryn Mawr, MA Brown
Senior Lecturer in Ethnomusicology
1989 RICHARD M. MOYLE, JP, MA PhD, LTCL
Senior Lecturers in Linguistics
1980 F. LICHTENBERK, MA Tor., PhD Hawaii
Senior Lecturers in Prehistory
1973 HARRY R. ALLEN, BA Syd., PhD A.N.U
1982 DOUGLAS G. SUTTON, MA PhD Otago
Senior Lecturers in Social Anthropology
1972 M. R. RIMOLDI, BA DipAnth Syd., PhD A.N.U.
1972 STEVEN S. WEBSTER, BA Minn., PhD Wash. (on leave)
Lecturers in Archaeology
1993 THEGN N. LADEFOGED, MA PhD Hawaii
1991 PETER J. SHEPPARD, BA Wat., MA PhD Tor.
Lecturers in Biological Anthropology
1991 JOHN S. ALLEN, MA PhD Berkeley
1992 ALEXANDRA A. BREWIS, PhD Arizona, MA
Lecturer in Ethnomusicology
1993 GREGORY D. BOOTH, BmusEd Temple, MMus PhD Kent State
Lecturer in Linguistics
1991 FAY WOUK, MA Mich., CPhl PhD UCLA
Lecturers in Social Anthropology
1993 KAREN L. NERO, BA Wash., MA PhD Berkley
1993 JULIET K. PARK, MA PhD Otago
Senior Tutor
1987 R. E. CLOUGH, PhD Lond., MA

ART HISTORY
Head of Department
Appointment Pending
Professor
Senior Lecturers
1973 LEONARD B. BELL, DipArtHist Edin., BA PhD
1974 I. B. BUCHANAN, BA Manc., MA Essex,
1988 NGAHUIA TE AWEKOTUKU, DPhl Wait., MA
1971 ALAN J. WRIGHT, MA Edin.
Lecturers
*1993 BRETT D. GRAHAM, MFA Hawaii, BFA
1992 FRANCIS N. POUND, MFA PhD
1977 ROBIN L. WOODWARD, PhD Edin., MA
Senior Tutor
1985 DONALD J. D. BASSETT, PhD Edin., MA

ASIAN LANGUAGES AND LITERATURES
Professor of Chinese, Head of Department
1993 PAUL CLARK, AM PhD Harv., MA
Professor of Japanese
Appointment Pending
Senior Lecturers in Chinese
1984 MANYING IP (Mrs), BA H.K., MA PhD
1988 BINGJUN PANG, BA Nankai
Senior Lecturer in Indonesian
1974 ERIC O. van REJIN, Drs Ley
Senior Lecturers in Japanese
1973 TOSHIRO AKIMA, MA Waseda & Hosei
1970 SETSUKO ITO, MA Doshisha, MPhil PhD Lond.
1972 TETSUO TAKAGAKI, BA Wakayama, MA San Francisco State
Lecturers in Chinese
1993 ROBERT M. SANDERS, MA Hawaii, PhD Calif.
1994 DINGXU SHI, MA S.Calif. & Pitt., PhD S.Calif.
Lecturers in Indonesian
1994 TIMOTHY E. BEHREND, BA Brigham Young, MA Wis., PhD A.N.U.
1994 ULRICH KOZOK, MA Hamburg
Lecturers in Japanese
1988 ATSUKO KIKUCHI, BA Sophia, MA Hawaii, PhD
1987 WAYNE P. LAWRENCE, MA Tokyo U.F.S., PhD Tsukuba
Lecturer in Korean
1989 INSHIL YOON (Mrs), MA Seoul
Honorary Fellow
1967 MARGARET T. S. SOUTH, BA Syd., PhD A.N.U.

Tamaki Campus
Lecturers in Japanese
1993 TOMOKO SHIMODA, BA Jissen, MA Syd.
1993 BRIAN A. VICTORIA, BA Nebraska, MA Komazawa

CLASSICS AND ANCIENT HISTORY
Professor, Head of Department
1974 VIVIENNE J. GRAY, PhD Camb., MA
Senior Lecturers
1963 W. F. RICHARDSON, BD Otago, MA N.Z. & Camb., PhD
1981 A. J. SPALINGER, BA C.U.N.Y., MPhil PhD Yale

Lecturers
1990 D. J. BLYTH, BA Otago, PhD Nth. Western, MA
1993 T. R. STEVENSON, BEc BA PhD Syd.
1987 M. J. WILSON, BA LLB Tas., MA Tor., PhD Monash

EDUCATION
Professor, Head of Department
1989 I. ROGER DALE, BA Leeds, PhD Brist., PGCE Lond.
Professor
1973 JAMES D. MARSHALL, BA PhD Brist.
Associate Professors
1976 STUART S. McNAUGHTON, MA PhD
1990 TOM NICHOLSON, MA Syd., PhD Minn.
1980 KERI M. WILTON, PhD Alberta, MA
Senior Lecturers
1971 JOHANNES F. EVERTS, MA DipClinPsych Cant., PhD DipEdPsych
1968 BARTON A. MacARTHUR, MA PhD
1985 DENNIS W. MOORE, PhD P.N.G., MA DipEdPsych
1993 MICHAEL A. PETERS, BA Well., MA PhD
1976 VIVIANE M. J. ROBINSON, PhD Harv., MA
1982 BRYAN F. TUCK, PhD Cant., MA
Senior Lecturer in Child Studies

Senior Lecturers in Bicultural Education
1988 GRAHAM H. SMITH, MA
1988 LINDA T. SMITH, MA

Lecturers
1991 VIVIENNE A. ADAIR, MA
1990 MARGARET N. AGEE, MA, DipGuid
1993 STEPHEN W. D. APPEL, BA HDE Rhodes, MEd Winw., PhD Roch.
1994 LYDIA B. AUSTIN, BSc Wat., MSc PhD McG.
1992 AVRIL BELL, BA
1991 ANDREA M. BOYD, MA
1991 EVE L. COXON, MA
1993 ROBYN S. DIXON, MA
1992 MARGIE K. HOHEPA, MA
1991 KUNI E. H. JENKINS, MA

1981 BRUCE W. MELVILLE, BE PhD, AMICE. MIAHR

1986 LAURENCE D. WESLEY, MSc(Eng) DIC PhD Lond., ME, MASCE, MIPENZ

1992 C. JOHN HOGAN, BSc (MinTech) Otago, MAusIMM

1977 JOHN D. ST GEORGE, BSc Lond., MSc N'cle (U.K.), PhD, CEng, ARSM, MIMM, FAusIMM

1984 WILLIAM E. VANCE, MSc Not., CEng, FIMM, MIEAust, FAusIMM, FIMinE, MIPENZ

Lecturers
1993 STEPHEN E. COLEMAN, BE PhD

1993 PAUL T. JARRETT, BE MSc(EWRE) Vanderbilt, PE

1992 PETER G. KING, BCom ME, MIPENZ, ACA

1989 HUGH W. MORRIS, ME, MIPENZ

Lecturer in Timber Engineering (Timber Industries Federation)
ELECTRICAL AND ELECTRONIC ENGINEERING

Professor of Electronics, Head of Department
1977 JOHN T. BOYS, ME PhD, FIPENZ
Professor of Telecommunications
1975 ALLAN G. WILLIAMSON, BE PhD, CEng, FIEE, Sen.Mem.IEEE, FIPENZ
Senior Lecturers
1986 LAWRENCE J. CARTER, BSc Kent, MPhil P.N.G.Tech., CEng, SMIEEE, Mem.IEEE, MIEAust
1987 GEORGE G. COGHLAN, BSc H.W., BA Open, PhD Kent, CEng, Mem.IEEE
1966 H. BRUCE GATLAND, BSc N.Z., DipElectronics S’ton., CEng, Mem.IEEE, FIMCNZ
1984 GAVIN R. HIGGIE, ME PhD, Mem.IEEE
Lecturers
1990 MARK ANDREWS, BE PhD, Mem.IEEE
1992 UDAYA D. ANNAKKAGE, BSc (Eng) S.Lanka., MSc PhD UMIST, Assoc.IEEE
1992 GRANT COVIC, BE PhD
1990 ANDREW GREEN, BE PhD
1985 BERNARD J. GUILLEMIN, BE PhD
1993 KURTULUS OZGUR, BSc Istanbul & Mich., PhD Wash.
1990 NALIN C. PAHALAWATHTHA, BSc (Eng) Sri Lanka, PhD Calg., Mem.IEEE
1984 GERARD B. ROWE, ME PhD, Mem.IEEE
1993 JAYANTHI SAVASWAMY, BS Roch., MS PhD Syracuse, DipElec Madr.
1990 KEVIN W. SOWERY, BE PhD, Mem.IEEE
1991 MARK M. THOMSON, BE PhD, Mem.IEEE
Senior Tutor
1989 FRED ENGEL, BE
Tutors
1990 NITISH PATEL, BSc (Eng) M’lore.
1991 MITCHELL RODDA, BSc BE

ENGINEERING SCIENCE

Associate Professor, Head of Department
1969 MICHAEL J. O’SULLIVAN, BE N.Z., PhD Cal. Tech, BSc ME
Professors
1981 IAN F. COLLINS, MA PhD Camb., C Math, FIMA
1975 DAVID M. RYAN, MSc Otago, PhD A.N.U., C Math, FIMA (jointly with Management Science & Information Systems)
Associate Professors
1978 PETER J. HUNTER, DPhil Oxf., ME
1962 DONALD A. NIELD, MA Camb., MSc N.Z., BD Otago, PhD, C Math, FIMA
Senior Lecturer
1986 ANDREW B. PHILPOTT, BA BSc Well., MPhil PhD Camb.
Lecturers
1993 CHUANGYIN DANG, BS Shanxi (China), MS Xidian (China), PhD Tilburg
1992 ANDREW GOLDIE, BE
1992 ANDREW J. MASON, PhD Camb., ME
1993 POUL M. F. NIELSEN, BE BSc PhD
1988 ROGER I. NOKES, BSc PhD Cant.
1990 ANDREW J. PULLAN, BSc PhD
1993 MIKAEL RONNQUIST, MSc Umea PhD Linkoping
Senior Tutor
1993 J. GREENSLADE, BSc Cant., NZCE, REA
Research Fellows
1980 MARGARET R. BLAKELEY, BE PhD
1988 DAVID P. BULLIVANT, MSc PhD
1993 PHILIP WATSON, BSc Man., PhD Nott. (jointly with Mechanical Engineering)

MECHANICAL ENGINEERING

Professor, Head of Department
1977 PETER S. JACKSON, PhD Camb., ME, CEng, MIPENZ, MRAeS
Professors
1986 JOHN L. DUNCAN, BMechEng Mello., MSc PhD Manc., FASM, FIPENZ
1969 RAY F. MEYER, BE N.Z., PhD Manc., FCASI, MAIAA, FIPENZ, FRAeS
Associate Professors
1981 DEBES BHATTACHARYYA, ME Calcutta, PhD Jadavpur, MASME
1982 GORDON D. MALLINSON, BSc Well., PhD N.S.W., MIEAust, CEng
1975 J. DES TEDFORD, BSc(AppSc) PhD Belf., CEng, MIManufE, MIEE
Senior Lecturers
1988 PRADEEP K. BANSAL, BSc Meerut, MSc Roorkee, PhD I.I.T. Delhi, MISES
1970 GEORGE W. BLANCHARD, MSc Manc., MIMC
1988 JOSEPH DEANS, BSc PhD Strathclyde, CEng, MIMechE, MIPENZ
1984 RICHARD G. J. FLAY, BE PhD Cant., CEng, FI MechE, MASME, MIPENZ
1991 KENG CHOOON LEE, MBA ME, DipEnTech (Geothermal), MIPENZ (jointly with Geothermal Institute)
1982 BRIAN R. MACE, MA DPhil Oxf.
1987 JOHN S. McFEATERS, BS Pitt., MS Minn., PhD C.M.U.
1973 GEORGE MOLTSCHANIWSKY, MSc(Eng) Lond.
1977 ROBERT R. RAINE, BSc PhD S'ton., MSAE, MASME, MISES
1981 PETER J. RICHARDS, BSc R'dg, PhD C.N.A.A., AMRAeS
1986 RAINER H. A. SEIDEL, Dipl.-Wirtsch.-Ing Karls., PhD
1980 FERGUS J. THOMSON, MSc Otago, PhD, MACPSEM

Lecturers
1992 MICHAEL G. DUNSTALL, BE PhD (jointly with Geothermal Institute)
1994 ENRICO HAMMERLE, MSc Bachem, PhD Bremen
1994 DAMIAN P. W. HORRIGAN, BE Melb.
1993 RICHARD W. JONES, BSc PhD, N'ele (U.K.)
1993 PETER R. MILNER, BA Open, BSc PhD Leeds, CEng, MIMechE
1988 STEPHEN M. PANTON, BSc PhD Aston
1992 HEATHER SILYN-ROBERTS, BSc Wales, PhD

HRC Senior Research Fellow
1975-1979, 1991 NEIL D. BROOM, BE Melb., PhD

HRC Research Fellow
1988 V. O. ADEKUNLE OLOYEDE, BSc Lagos, MSc Cran. I. T., DIC PhD Lond., MNSE

Research Fellow
1993 JEHUDA ROSENBERG, MSc Israel I.T., PhD Rutgers
1993 PHILIP WATSON, BSc Manc., PhD Nott. (jointly with Engineering Science)

Honorary Research Fellows
1969 DEREK H. FREESTON, BSc Lond., CEng, MRAeS, FI MechE, MIPENZ
1961 JOHN STEPHENSON, BSc Glas., MIPENZ

GEOTHERMAL INSTITUTE within the Faculty of Engineering
Associate Professor, Director of Geothermal Institute
1972 M. P. HOCHSTEIN, DipGeophys T.U. Clausthal, DrRerNat Minn., FRSNZ (jointly with Geology)

Associate Professor
1978 P. R. L. BROWNE, BSc Cape T., MSc Leeds, PhD Well. (jointly with Geology)

Senior Lecturer
1991 KENG CHOOON LEE, MBA ME, DipGeothermTech, MIPENZ (jointly with Mechanical Engineering)

Lecturer
1992 MICHAEL G. DUNSTALL, BE PhD (jointly with Mechanical Engineering)
1991 S. F. SIMMONS, BA Macalester, MS PhD Minn.
1990 S. SOENGKONO, BSc Bandung, MSc PhD, DipGeothermTech

FACULTY OF FINE ARTS
Dean
1979 MICHAEL R. DUNN, MA Melb., DipFA Cant. & Auck., PhD

FINE ARTS
Professor, Head of Department
1979 MICHAEL R. DUNN, MA Melb., DipFA Cant. & Auck., PhD

Professors
1957 ROBERT ELLIS, ARCA, RBA, MFIM, FRSA, MDINZ
1961 JOLYON D. SAUNDERS, DipFA N.Z., DipIndDes, NDD, FIDINZ

Associate Professor
1966 G. L. TWISS, DipFA N.Z.

Senior Lecturers
1979 D. H. BINNEY, DipFA N.Z.
1977 P. E. DADSON, DipFA

1981 R. J. FRIZZELL, DipFA
1984 CHRISTINE HELLY AR, DipFA
1985 MEGAN L. JENKINSON, BFA
1993 SELWYN MURU (jointly with Maori Studies)
1989 CAROLE M. SHEPHERD, DipFA
1978 R. M. SIMPSON, MFA Ill., BFA
1980 B. G. de THIER, DipFA Cant., MDINZ
1971 JOHN B. TURNER
1980 D. C. WATKINS, DipRCA Lond., DipGD Well. P.

Lecturer
1993 KURU TE WARU-REWIRI, DipFA Cant.
FACULTY OF LAW

Dean
1982 M. B. TAGGART, LLM Harv., LLB

LAW

Professors
1961 BRIAN COOTE, LLM N.Z., PhD Camb.
1971 IAN G. EAGLES, BA LLB Q'ld., PhD Camb., LLM
1969 P. J. EVANS, BA LLB Otago, PhD Camb., LLM
1985 JULIE K. MAXTON, LLB Lond., LLM Cant., PhD
1982 M. B. TAGGART, LLM Harv., LLB

Associate Professors
1973 J. B. ELKIND, BA Col., JD N.Y., LLM Lond., LLD
1972 W. C. HODGE, AB Harv., JD Stan.
1968 D. W. McMorland, PhD Camb., LLM
1969 K. A. PALMER, LLM Harv. & Auck., SJD Virginia
1977 MARGARET A. VENNELL, LLB N.Z.
1985 P. G. WATTS, LLB Cant., LLM Camb.

Senior Lecturers
1988 K. BOSELLENNANN, DrIur Freie U. Berlin
1983 J. J. BROOKBANKS, LLM
1979 E. JANE KELSEY, LLB Well., BCL Oxf., MPhil Camb., PhD
1979 S. J. MACFARLANE, MA LLB N.Z.
1980 T. J. McBRIDE, LLB Well., LLM Dal.
1986 R. J. PATERSON, BCL Oxf., LLM
1987 P. T. RISHWORTH, LLB MJur
1974 PAULINE TAPP, LLB MJur

Lecturers
1993 ALISON M. CHILCOTT, BA McG., LLB Tor., LLM Camb.
1992 G. A. HUSCROFT, BA Westerna, LLB Queen's, LLM
1986 JOANNA M. MANNING, LLM George Wash., BA LLB
1992 G. MOUSOURAKIS, LLB Athens, MSc Man., PhD Edin.
1991 ELIZABETH K. PATON-SIMPSON, LLM Br. Col., BCom LLB
1994 T. G. W. TELFER, BA LLB W. Ont., LLM Duke
1991 ROSEMARY TOBIN, BA LLB MJur, DipEd Massey
1992 V. C. TOMAS, LLB
1983 G. L. WILLIAMS, BCom LLM, ACA

Lecturers, Part-time
1993 R. P. G. HAINES, BA LLB
1993 P. B. HASSELL, BA Cape T., BL Z'bwe.
1994 D. W. LARGE, BA LLB C'nell.
1994 M. PERRY, LLB Manc.
1991 P. C. SUMPTER, LLB MA
1991 F. J. THORP, LLB Well., MPhil Nott.

Co-ordinator of Community Law Placements
1990 ANN E. JONES, BA DipEd Wales, LLB

FACULTY OF MEDICINE AND HUMAN BIOLOGY

Dean
1988 P. D. GLUCKMAN, MBChB Otago, MMedSc DSc, FRSNZ, FRACP

Associate Dean of Graduate Studies
Appointment Pending

Senior Lecturer, Physico-Chemistry
1960 GRAHAM R. WHITE, MSc N.Z., MNZIC
ANATOMY
Associate Professor, Head of Department
1978 RICHARD L. M. FAULL, BMedSc MBChB Otago, PhD
Professor of Anatomy
1968 JOHN B. CARMAN, BMedSc MBChB N.Z., DPhil Ox.
Professor of Radiology
1986 STUART W. HEAP, MBBS Lond., FRACR, FRCR
Associate Professors in Anatomy
1973 CYNTHIA G. JENSEN, AB Brown, PhD Minn.
1976 MERVYN J. MERRILEES, BSc Otago, PhD Tor.
Senior Lecturers in Anatomy
1989 BRENDA V. DAWSON, BA Keele, MD Arizona, FASCP, FCAP
1993 COLIN R. GREEN, MSc PhD
1984 J. MARTIN WILD, MA Cant., PhD
Senior Lecturer in Radiology
1988 ALAN R. LIST, MBChB Otago, FRACR
Senior Lecturer in Biology for Medicine
1986 ROGER J. MARSHALL, MSc St.ton., PhD Brist.
Senior Lecturer in Community Health
1989 JOHN G. RICHARDS, MBChB N.Z., FRCGP, FRNZCGP, FRCPEd, FRACP
Associate Professor
1973 P. M. BARHAM, BSc MBChB OtAgO, MHPEd New Zealand, DipObst, FRNZCGP, MRCGP
Assistant Director
1990 JOCELYNE M. TRACEY, MBChB MMEdSc, DipObst, MRNZCGP

COMMUNITY HEALTH
Professor, Head of Department
1979 ROBERT BEAGLEHOLE, MBChB MD Otago, MSc Lond., FRACP, MCCMNZ, MRCP
Senior Lecturer in Biostatistics
1986 ROGER J. MARSHALL, MSc St.ton., PhD Brist.
Senior Lecturer in Community Health
1985 ROBERT N. McKEGG, BDS N.Z., DipPH(Dent) Sydney, MCCMNZ
Senior Lecturer in Epidemiology
1990 RODNEY T. JACKSON, DipComH Otago, BSc MBChB MMEdSc PhD, DipObst, MCCMNZ
1983 ROBERT K. R. SCRAGG, MBBS Adel., PhD Flin., MCCMNZ
Senior Lecturer in Health Economics
1992 TONI ASHTON, MA
Senior Lecturer in Health Promotion
1992 JENNIFER E. HAND, BA Well. & Auck., PhD New School for Social Research (N.Y.)
Senior Lecturer in Maori and Pacific Island Health
1989 DAVID C. TIPENE-LEACH, DipComH Otago, MBChB, MCCMNZ
Senior Lecturer in Medical Sociology
1976 PETER B. DAVIS, BA St.ton., MSc Lond., PhD
Executive Director Alcohol and Public Health Research Unit
1991 SALLY CASSWELL, BA Sheff., PhD Otago
Senior Research Fellow
1990 ROBYN NORTON, MA Cant., MPH PhD Syd.

GENERAL PRACTICE
Elaine Gurr Professor of General Practice, Head of Department
1989 BRIAN R. MCAVOY, BSc MBChB Glas., MD Leic., MRCP, FRCGP, MRNZCGP
Associate Professor
1973 JOHN G. RICHARDS, MBChB N.Z., FRCGP, FRNZCGP, FRCPEd, FRACP
Senior Lecturers
1991 BRUCE ARROLL, MHSce B.Col., BSc MBChB DipObst, CCFPCC, NZCCM
1990 PAULINE A. MCAVOY, MBChB Glas., MRNZCGP
Sir William Goodfellow Director of Continuing Medical Education in General Practice
1978 P. M. BARHAM, BSc MBChB Otago, MHPEd New Zealand, DipObst, FRNZCGP, MRCGP
Assistant Director
1990 JOCELYNE M. TRACEY, MBChB MMEdSc, DipObst, MRNZCGP

MEDICINE, The Department of
Professor, Head of Department
1978 D. N. SHARPE, MBChB MD Otago, DipABIM, DipABCVDs, FRACP, FACC
Professor of Medicine
1973 SIR JOHN SCOTT, KBE, BMedSc MBChB N.Z., MD Birm., FRSNZ, FRCP, FRACP
N.Z. Masonic Professor of Geriatrics
1973 D. E. RICHMOND, MBChB N.Z., MD Otago, MHPed N.S.W., DipABIM, DipABNeph, FRCP, FRACP
National Heart Foundation Professor of Cardiovascular Studies
1979 W. F. LUBBE, MBChB MD Cape T., FCP(SA), FRACP, FACC
Honorary Professor
1969 PHILIPPA M. WIGGINS, MSc N.Z., PhD Lond.
Associate Professors
1987 J. R. REID, MBChB MD, FRACP
1993 GARTH J. S. COOPER, BSc MBChB Otago, DPhil Ox., DipObst, FRCPA (jointly with School of Biological Sciences)
Honorary Associate Professor
1981 I. M. HOLDAAY, BMedSc MDCMB Otago, FRFACP
Senior Lecturers
1986 J. J. BASKETT, MBChB Otago, FRACP
1990 P. N. BLACK, MBChB, FRACP
1994 G. BRAATVEDT, MBChB Cape T., MD Lond., MRCP(UK)
1988 T. F. CUNDY, MA MBChir Lond., MD Camb., MRCP(UK)
1992 A. FRASER, MBChB Otago, FRACP
1987 J. KOLBE, MBBS Q'ld., FRACP
1980 E. W. WILLOUGHBY, MBChB Otago, FRACP
1993 P. WOOD, BMedSci MBChB Otago, FRACP
Clinical Senior Lecturers
1993 D. SCOTT, MBChB Otago, MRCP(UK), FRACP
1993 P. FRENGLEY, MBChB Otago, FRCP(C), FRACP
1993 J. HENLEY, MBChB Otago, FRACP
Senior Research Fellows
1987 R. BONITA, BA DipEd N.S.W., MPH North Carolina, PhD
1989 S. MacMAHON, BSc MACant., MPH Syd., PhD N.S.W.
1992 T. MILLER, PhD DSc
1992 A. J. FENTON, MBChB PhD, FRACP
1992 D. SIMMONS, MA MD Otago, MBBs Lond., MRCP(UK)
Research Fellow
1993 G. CORNISH, MSc PhD

MOLECULAR MEDICINE
Professor, Head of Department
1980 J. D. WATSON, MSc PhD
Professor
1976 J. MARBROOK, MSc PhD
Associate Professor, Haematology
Senior Lecturers in Microbiology
1971 D. A. BREMNER, MBChB N.Z., FRCPA
1988 M. G. THOMAS, MBChB, DipObst, FRACP
Senior Lecturer in Haematology
1989 P. J. BROWETT, BMedSci MBChB Otago, FRACP, FRCPA
Senior Lecturer in Immunology
1987 P. L. J. TAN, MBBS Spore, FRACP
Senior Lecturer in Molecular Medicine
1991 K. E. CROSIER, MBChB Otago, PhD, FRACP, FRCPA
Senior Tutor
1987 M. G. HEAP, MSc Otago
Senior Research Fellows
1991 N. M. BIRCHALL, MBChB Brist.
1984 R. J. BOOTH, MSc PhD
1987 P. S. CROSIER, MSc PhD Otago
1989 J. D. FRASER, BSc Well., PhD
1990 A. GEURSE~, MSc PhD Otago
1992 F. GRINLINTON, MBChB Otago
1988 G. W. KRISSEN, BSc PhD DipSc Otago
1984 R. L. PRESTIDGE, BSc PhD Massey
1993 FRITZ H. REDERT, BSc Freib., PhD
1985 MARGOT A. SKINNER, BSc PhD

OBSTETRICS AND GYNAECOLOGY
Professor in Obstetrics and Gynaecology, Head of Department
1973 C. D. MANTELL, BMedSci MBChB Otago, PhD, DipObst, FRCOG, FRNZCOG
Postgraduate Professor in Obstetrics and Gynaecology
1993 G. M. TURNER, BS MB Lond., FRCOG
Associate Professor in Steroid Biochemistry
1969 J. T. FRANCE, MSc N.Z., PhD DSc, FAACB, FNZIC

Senior Lecturers

1982 M. G. JAMIESON, BMedSc MBChB Otago, MSc Edin., DPhil Ox., FRCOG, FRNZCOG

1987 L. M. E. McCOWAN (Mrs), BSc MBChB, DipObst, MRCOG, MRNZCOG

1991 R. A. NORTH, PhD Melb., BSc MBChB, FRACP,

1985 N. S. PATTISON, BSc MBChB MD, DipObst, FRCOG

1982 A. B. ROBERTS, MChb Aberd., FRCOG

1991 H. E. ROBERTS, BA MBChB DipObst Dub., MPH Yale

1989 J. C. SCHELLENBERG, DM Lausanne, PhD, DABA, FHM, FRNZCOG

PAEDIATRICS

Professor of Paediatrics, Head of Department

1993 GAIL E. RICHARDS, BA Cornell, MD MM Northwestern

Research Professor in Child Health

1970 R. B. ELLIOT, MBBS MD Adel., FRACP

Associate Professors

1972 R. N. HOWIE, MBChB N.Z., FRACP

1982 DIANA R. LENNON, MBChB Otago, FRACP

1984 E. A. MITCHELL, BSc MBBS Lond., DCH, FRACP

Honorary Associate Professor

1990 TANIA GUNN, MBChB MD, FRCPCan, CertAmBdPd

Senior Lecturers

1981 M. INNES ASHER, BSc MBChB, FRACP

1991 WAYNE CUTFIELD, MBChB DCH Otago, FRACP

1993 CAMERON GRANT, MBChB Otago, FRACP, FAAP

1971, 1973 STEPHEN J. M. SKINNER, BSc PhD S’ton.

1983 ALISON W. WESLEY, MBChB Otago, DipObst, DCH, FRACP

Research Fellows

1992 NICOLE BASSETT, MSc PhD

1987 BERNHARD BREIER, DiplIng Gott., PhD

1993 KATHY MOUNTJOY, BSc PhD

1982 SHIVA REDDY, MSc DipSc Otago, PhD

1984-1987, 1991 CHRIS WILLIAMS, MSc Waik., PhD

UGC Postdoctoral Fellow

1992 MICHAEL BAUER, DiplIngAgr, PhD

NZVCC Postdoctoral Fellow

1992 BARRI BARBARA FUNK, DrRevNat

PATHOLOGY

Professor, Head of Department

1988 J. R. JASS, BSc MBBS Lond., MRCPath

Professor, Experimental Pathology

1970 J. B. GAVIN, BDS N.Z., PhD DDS DSc Otago, FRCPath

Honorary Professors

1985 B. C. BAGULEY, MSc PhD, MNZMS

1986 W. A. DENNY, PhD DSc, FNZIC

Associate Professor, Forensic Medicine

1981 T. D. KOELMEYER, MBBS Ceyl., FRACS, FRCPA

Associate Professor, Oncology

1976 J. C. PROBERT, MA MBMCh Oxf., DMRT Lond., DipAmerBdRad, FRACR, FCRR

Senior Lecturer, Forensic Pathology

1991 ALISON D. CLUROE, BMedSc, BMBS Nott., FRCPA

1989 JANE C. VULETIC, MBChB, FRACS, FRCPA

Senior Lecturer, Anatomical Pathology

1978 BETH J. L. SYNEK, MBChB Otago, FRCPA

1991 L. J. ZWI, BSc MBBCh Wits., PhD, FRCPA

Lecturer

1990 LINDA MAXWELL, BSc MCSP Sur., MPhil PhD
General Information, University Staff (Academic)

Senior Research Fellow
1984 LOIS C. ARMIGER, BSc N.Z., MSc PhD
HRC Senior Research Fellow
1980 W. R. WILSON, BSc Welt., MSc PhD
Research Fellows
1980 Y. S. CHOONG, MSc PhD Otago, FACA, FICA
1990 S. CLIFFE, BSc PhD Lond.
Honorary Senior Research Fellow
1981 F. H. SIMS, MSc MD Otago, PhD Edin., FRACPA, FAACB

PHARMACOLOGY AND CLINICAL PHARMACOLOGY
Professor, Head of Department
Appointment Pending
Senior Lecturer in Anaesthetics
1991 S. A. SCHUG, MD Cologne
Senior Lecturers
1979 SHEILA A. DOGGRELL, BSc PhD S’ton.
1988 MICHAEL DRAGUNOW, MSc PhD Otago
1977 J. W. PAXTON, BSc PhD Glas.
Senior Lecturer in Clinical Pharmacology
1984 N. H. G. HOLFORD, MSc MBChB Manc., MRCP(UK), FRACP
HRC Senior Research Fellow
1988 IAIN G. C. ROBERTSON, BSc Massey, PhD

PHYSIOLOGY
Professor, Head of Department
Appointment Pending
Professor of Neurophysiology
1986 J. LIPSKI, MD PhD DSc Warsaw
Associate Professor
1971 P. McN. HILL, MBChB BAO MA PhD Dub.
1977 B. H. SMALLL, BE BSc Cant., DIC PhD Lond.
Senior Lecturers
1972 NOEL J. DAWSON, BSc PhD N.E.
1977 J. R. SLACK, BSc PhD Lond.
1982 D. S. LOISELLE, MSc Alta., PhD Dal., DipPhEd Otago
1984 S. M. ROBINSON, MBChB Otago, MSc Adel., FFARACS
1989 P. R. THORNE, BSc DipSc Otago, MSc PhD
Lecturers
1991 D. DE CASTRO, BSc MBChB
1990 S. C. PURDY, DipAud Melb., MSc PhD
1989 G. HOUSLEY, MSc PhD
Senior Research Fellow
1980 S. POCKETT, MSc PhD
Research Officer
1992 H. GAETA, MSc

PSYCHIATRY AND BEHAVIOURAL SCIENCE
Professor of Psychiatry, Head of Department
1993 IAN R. FALLOON, MBChB Otago, DPM Lond., MRCPsych
Associate Professor in Behavioural Science
1972 J. M. RAEBURN, PhD Queens, MA
Senior Lecturers in Behavioural Science
1989 KEITH PETRIE, MA PhD, DipClinPsych
1992 JAN E. PRYOR, BSc Otago, MA PhD Cant.
Senior Lecturer in Medical Ethics
Lecturer in Behavioural Science
1991 P. J. ADAMS, MA PhD, DipClinPsych
Senior Tutors in Behavioural Science
1992 J. H. COVERDALE, BSc MBChB Otago, DipObst
1978 R. G. LARGE, MBChB DPM Cape T., PhD, FFPsych S.A., FRANZCP
1984 R. R. KYDD, MBChB Otago, PhD, FRANZCP
1988 M. J. VAMOS, MBChB, FRANZCP
Lecturer in Behavioral Science
1991 P. J. ADAMS, MA PhD, DipClinPsych
Senior Research Fellow
1982 G. J. LEES, BSc PhD Melb.
Senior Tutors in Behavioural Science
1975 R. G. R. NAIRN, MSc
SURGERY

Professor, Head of Department
1980 GRAHAM L. HILL, MBChM Otago, MD Leeds, FRACS, FRCS, FACS
Sir William Stevenson Professor of Orthopaedic Surgery
1975 D. HARLEY GRAY, MBChB N.Z., MMedSc ChM Otago, FRACS
Sir William Stevenson Associate Professor of Plastic and Reconstructive Surgery
1979 DONALD F. LIGGINS, MBMS Syd., FRACS
Sir William Stevenson and Lady Stevenson Senior Lecturer in Ophthalmology
1984 M. M. GILLIAN CLOVER, MBChB Otago, PhD Lond., FRACS, FRACO
Senior Lecturer in Transplantation Surgery
1992 PETER M. CHRISTIE, MBChB MD, FRACS
Senior Lecturers in Orthopaedic Surgery
1979 GARNET D. TREGONNING, MBChB Otago, FRCSCan
1992 PETER A. ROBERTSON, MBChB Otago, FRACS
Senior Lecturers
- 1992 P.G. ALLEY, MBChB Otago, FRACP
- 1993 IAN D. S. CIVIL, MBE, ED, BSc MBChB, FRACS
- 1993 IAN D. SHEPHERD, BSC, MBChB, FRACS
- 1979 JOHN P. COLLINS, MBChM N.U.L., FRCS, FRCSEd, FRACS
- 1992 R. W. FARMILLO, BSc MBChB, DipObst, FRACS
- 1992 JOHN A. WINDSOR, BSc Otago, MBChB MD, DipObst, FRACS
Senior Research Physicist
1989 LINDSAY PLANK, MSc PhD

CLINICAL LECTURERS TO THE SCHOOL OF MEDICINE

Anatomy
Clinical Lecturers
G. A. Foote, MBChB Otago, FRACR
M. L. Herdson, MBChB, FRACR
B. Hochstein, BSc MBChB, DRACR, FRACR

Community Health
Clinical Reader
J. W. McLeod, MBChB DPH Otago, DHA Massey, MCCMNZ

General Practice
Clinical Lecturers
Wilma F. Grant, BA MEd Aberd. MBChB, MNZCGP
D. Hoadley, MBChB, DRCOG, MRCPG
G. W. L. Knight, MBChB DipObst, MRCPG
I. R. N. McCormick, MBChB MSc PhD, FRNZCGP

Medicine
Clinical Readers

FACULTY OF MUSIC

Dean
1977 G. WARREN J. DRAKE, PhD Ill., MA

MUSIC

Professor, Head of Department
1983 HEATH LEES, Bmus MA Glas., FTCL, HonFTCL

Associate Professors
1974 JOHN F. RIMMER, BA N.Z., MusD Tor., MA
1965 GERALD R. SEAMAN, MA DPhi1 Oxf.

Senior Lecturers
1979 CORAL BOGNUDA, 1er Prix(Violoncello) 1erPrix(Musique de Chambre) Paris, ACM Melb.
1977 G. WARREN J. DRAKE, BANZ., PhD Ill., MA
1974 DAVID NALDEN, BA N.Z., 1er Prix (Violin) 1er Prix (Musique de Chambre) Brussels
1975 BRYAN A. SAYER, BA, DipMus, LRSM, ARCM, LTCL
1983 TAMAS VESMAS

1993 GREGORY D. BOOTH, BMusEd Temple, PhD Kent State
1990 UWE GRODD, MMus Mainz
1991 KAREN GRYLLS, BA Otago, MM PhD Seattle, MMus, LRSM, LTCL
1980 FIONA E. McALPINE, MA Well., DesL Paris
Senior Tutor in Performing Arts (Opera)
1993 ROSEMARY J. BARNES, LRSM

FACULTY OF SCIENCE

Executive Dean
1986 RALPH P. COONEY, PhD DSc Q’ld., FRSNZ, FRACI, FNZIC

SCHOOL OF BIOLOGICAL SCIENCES

Professor of Cellular & Molecular Biology, Director
1968 A. RICHARD BELLAMY, BSc N.Z., MSc PhD, FRSNZ

Professor of Zoology, Deputy Director (Teaching)
1972 EUAN C. YOUNG, MSc N.Z., DIC PhD Lond.
Professor of Botany
1976 PETER H. LOVELL, BSc PhD Sheff.

Professors of Cell Biology
1964 PETER L. BERGQUIST, MSc PhD N.Z., Dsc, FRNSZ
1966 STANLEY BULLIVANT, PhD DSoc Lond., FRSNZ, FAAAS

Professors of Zoology
1957 PATRICIA R. BERGQUIST, MSc PhD N.Z., Dsc, FRNSZ
1976 RUFUS M.G. WELLS, PhD DSoc Lond., MSc, FRNSZ

Associate Professors in Biochemistry
1977 THOMAS BRITTAIN, BSc PhD ScD E.Anglia, CChem, FRSCChem, FNZIC
1970 ROY GEDDES, BSc PhD Edin.

Associate Professors in Cellular and Molecular Biology
1985 RICHARD C. GARDNER, BA MSc PhD
1993 JOERG KISTLER, DipNat ETH Zür., PhD Basle

Associate Professors in Zoology
1958 MICHAEL C. MILLER, BSc PhD Liv.
1978 JOHN C. MONTGOMERY, BSc Otago, PhD DSoc Brist., FRNSZ (on leave)

Associate Professors
1993 GARTH J. S. COOPER, BSc MBchB Otago, DPhil Oxf., DipObst, FRCPA (jointly with School of Medicine)
Appointment Pending

Senior Lecturers in Biochemistry
1974 PETER M. BARLING, BA Oxf., PhD Lond.
1982 DAVID L. CHRISTIE, MSc PhD
1969 ANTHONY M. ROBERTON, BSc Otago, DPhil Oxf.
1976 G. KENNETH SCOTT, BSc Manc., PhD Edin.

Senior Lecturers in Botany
1969 JOHN E. BRAGGINS, MSc Well., PhD
1966 FRANK I. DROMGOOLE, BSc N.Z., MSc PhD
1987 PHILIP J. HARRIS, MA PhD Camb.
1972 LAWRENCE C. W. JENSEN, AB Brown, MSc PhD Minn.
1977 NEIL D. MITCHELL, MA Oxf., MSc Wales, PhD N’cle. (U.K.) (on secondment to Environmental Science)
1984 BRIAN G. MURRAY, BSc PhD R’dg., FLS
1979 JOHN OGDEN, MSc PhD Wales
1983 MICHAEL N. PEARSON, BSc C.N.A.-A., PhD Exe.
1984 ALISON STEWART, BSc Glas., PhD Stir.
Senior Lecturer in Molecular Genetics
1993 DONALD R. LOVE, BSc PhD Adel.
Senior Lecturers in Zoology
1958 DONALD R. COWLEY, MSc N.Z., PhD
1987 CLIVE W. EVANS, BSc PhD
1980 DAVID M. LAMBERT, MSc Q'ld., PhD Witw.
1968 ROBERT D. LEWIS, BSc PhD Wales
1972 JOHN A. MACDONALD, AB Stan., PhD Texas
1977 BRIAN H. McARDLE, BSc Brist., DPhil York (U.K.)
Lecturer in Biochemistry
1991 NIGEL P. BIRCH, BSc Massey, MSc PhD
Lecturer in Botany
1988 KEVIN S. GOULD, BSc Bath, PhD Manc. (on leave)
Lecturers in Cellular and Molecular Biology
1982 WARREN IUDD, BA PhD
1981 JUDITH A. O'BRIEN (Mrs), MSc
Lecturer in Environmental Science
1991 GILLIAN LEWIS, BSc PhD Otago
Lecturer in Marine Zoology
1992 RUSSELL C. BABCOCK, BSc PhD James Cook
1993 C. SCOTT BAKER, BA Sth. Florida, PhD Manoa
Lecturer in New Zealand and Experimental Biology
1990 MICHAEL M. WALKER, MSc PhD Hawaii
Lecturer in Plant Molecular Genetics
1994 JOANNA J. PUTTERILL, MSc PhD
Honorary Lecturers
1971 RODERICK L. BIELESKI, MSc N.Z., PhD Syd., FRSNZ
1973 A. ROSS FERGUSON, MSc Well., PhD
1991 LENA G. FRASER, MSc PhD
Senior Tutor in Biochemistry
1987 ELIZABETH HITCHINGS (Mrs), BSc
Senior Tutors in Zoology
1967 MAUREEN H. LEWIS, MSc PhD
1961 JOAN M. MILLER (Mrs), BSc Liv.
1972 R. MERE ROBERTS, BSc Cant., MSc PhD
University Post-Doctoral Fellow
1992 RUTH MOULD, BSc PhD Warw.
Research Fellows
1992 K. ALLEN G. DONALD, BSc Camb., PhD Warw.
1990 PAUL J. DONALDSON, BSc PhD Otago
1990 DAVID P. FIGGITT, BSc PhD Nott.
1991 KERRY LOOMES, BSc PhD Massey
1992 STUART NOBLE, BSc PhD E.Anglia
1984, 1987 DAVID J. SAUL, BSc PhD Sheff.
1990 JOHN A. TAYLOR, BSc Aberd., PhD Edin.
Honorary Research Fellows
1991 PETER JENKINS, BSc N.Z., PhD
1985 MARSHALL LAIRD, PhD DSc N.Z., FAAAS
1951 JOHN A. RATTENBURY, MA Br.Col., PhD Calif.
1992 MICHELLE L. G. STEVENS, BSc Well., PhD
Research Officers
INDUMATHY D. ANTHONY, BSc Lond.
LUCILLE D. BURTON, BSc
MORELAND D. GIBBS, MSc
ANYA L. ROCHE, BSc N.S.W.
LIAM C. WILLIAMS, BSc Well.
Honorary Research Officer
THOMAS B. MULVEY, DipBusStuds Massey
Statistician/Programmer
1990 DIANNE H. BRUNTON, MSc PhD Mich.
Computer Programmer
TIMOTHY A. W. HAMMETT
Tamaki Campus
Professor of Environmental Management
1976 JOHN L. CRAIG, BSc Otago, PhD Massey
Senior Lecturer
1993 MICK N. CLOUT, BSc Edin., PhD
Leigh Laboratory
Lecturer, Scientist in Charge
1987 T. A. V. REES, BSc Liv., PhD Wales, MIBiol
Senior Lecturers
1965 W. J. BALLANTINE, MA Camb, PhD Lond., MIBiol
1987 N. W. PANKHURST, BSc Otago, PhD Brist.
Lecturer
1982 R. G. CREESE, BSc PhD Syd.
Research Fellow
1991 P. M. PANKHURST, BSc Otago, PhD

CHEMISTRY
Professor, Head of Department
1962 BRIAN R. DAVIS, MSc PhD N.Z., DPhil Oxf., DSc, FRSC, CChem, FNZIC

Professors
1958 R. C. CAMBIE, MSc PhD N.Z., DPhil Oxf., DSc, FRSNZ, FNZIC
1986 RALPH P. COONEY, PhD DSc Q'ld., FRSNZ, FRACI, FNZIC
1958 CHARMIAN J. O’CONNOR, CBE, JP, MSc N.Z., PhD DSc, FRSNZ, FRSC, CChem, FNZIC
1966 W. R. ROPER, MSc N.Z., PhD Cant., FRS, FRSNZ, FNZIC
1994 DOUGLAS K. RUSSEL, MA Camb., PhD S'ton., FRSC, CChem

Honorary Professor
1987, 1989 WILLIAM A. DENNY, PhD DSc, FRSNZ, FNZIC

Associate Professors
1968 GRAHAM A. BOWMAKER, BSc PhD Syd., FNZIC, ARACI
1970 GEORGE R. CLARK, PhD DSc, FNZIC
1968 DUNCAN J. McLENNAN, BSc N.Z., MSc PhD Well., DSc, FNZIC
1962 JOHN E. PACKER, MSc N.Z., PhD Lond., FNZIC, FRSC, CChem
1968 C. E. F. RICKARD, BSc N.Z., MSc PhD, FNZIC
1967 P. S. RUTLEDGE, MSc PhD N.Z., DSc, FNZIC
1966 MICHAEL J. TAYLOR, MA DPhil Ox., FNZIC, FRSC, CChem
1971 PAUL D. WOODGATE, PhD DSc, FNZIC
1961 GRAHAM A. WRIGHT, MSc N.Z., DPhil Ox., FNZIC

Senior Lecturers
1978 P. D. W. BOYD, BSc Tas., PhD Monash, FNZIC, ARACI (on leave)
1966 ALLAN J. EASTEAL, MSc N.Z., PhD Tas., MNZIC
1965 B. A. GRIGOR, MSc N.Z., PhD Leic., MNZIC
1985 JAMES B. METSON, BSc PhD Well., MNZIC, MTMS
1984 S. J. de MORA, BSc Wales, PhD Br. Col., FRSC, FNZIC, CChem
1991 PETER SCHWERDTFEGER, CEng Aalen, BMat MSc PhD Stuttgart, MACS, MGDC, MAPS, MNZIC
1984 L. JAMES WRIGHT, MSc PhD, MNZIC, MACS

Lecturers
1993 MARGARET A. BRIMBLE, MSc PhD S'ton, MNZIC
1988 PENEOLEN J. BROTHERS, PhD Stan., MSc, MNZIC
1993 BREN T. COPP, BSc PhD Cant., MNZIC
1991 PETER C. HAUSER, BEng Winterthur, MSc Br. Col., PhD LaT., MNSCS

Tutor
1982 JUDITH M. BRITTAIN, BSc PhD E. Anglia, MNZIC
1993 ROBYN A. DORMER, MSc PhD, MNZIC
1982 SHEILA D. WOODGATE, BS Arizona, PhD Stan.

University Post-Doctoral Fellows
1994 THOMAS FISCHER, MSc PhD Freib.
1992 ALLICK R. LAL, MSc Otago, PhD
1991 DIANA C. W. LIM, MSc PhD
1993 GRAHAM McCANN, BSc Strath., PhD Camb.
1992 GRAEME J. MILLAR, BSc PhD Dundee

Tamaki Campus
Senior Lecturer
1969 DAVID SHOOTER, MSc PhD, MNZIC

ENVIRONMENTAL SCIENCE
Director
1977 NEIL D. MITCHELL, MA Ox., MSc Wales, PhD N’cle. (U.K.)

Associate Professor
1987 JOHN E. HAY, BSc Cant., PhD Lond.

Lecturer
1991 GILLIAN D. LEWIS, BSc PhD Otago
Honorary Lecturer
1990 NORMAN G. THOM, BSc, DipHealthAdmin Massey, FNZIC, MIPENZ

Honorary Scientist
1993 D. WARBURTON, BAgSc PhD Massey

GEOGRAPHY
Associate Professor, Head of Department
1970 R. J. WARWICK NEVILLE, MA DipEd N.Z., PhD Lond.

Professors
1968 WARREN MORAN, MA N.Z., PhD
1994 RICHARD B. LE HERON, MA, PhD Wash.

Associate Professors
1993 DOROTHY URLICH CLOHER, MA PhD Monash (jointly with the Maori Research Centre)
1987 JOHN E. HAY, BSc Cont., PhD Lond. (jointly with Environmental Science)

Senior Lecturers
1985 CHRISTOPHER R. COCKLIN, BSc Waik., MA Guelph, PhD McM.
1976 HONG-KEY YOON, BA Seoul, MS Brigham Young, PhD Calif.

Lecturers
1993 ANTHONY M. FOWLER, MA PhD
1991 WARDLOW D. FRIESEN, BACalg. & Car., PhD
1992 JAY GAO, BE Wuhan, MSc Tor., PhD Georgia.
1986 DAVID V. HAWKE, BA Adel., MSc Win., PhD
1992 EDWARD HARVEY, BSc Regina, MS Flor., PhD Calif.
1992 DAVID J. HAYWARD, BA Lanc., MS PhD Penn. State
1989 ROBIN A. KEARNS, MA PhD McM.
1991 WENDY J. LAWSON, BSc Manc., PhD Camb.
1992 SARAH MICHAELS, BIS Wat., MRM S.Fraser, PhD Colorado
1992 LAURENCE MURPHY, BA PhD Dub.
1993 SCOTT L. NICHOL, BA A.N.U., PhD Syd.
1986 KEVIN E. PARNELL, MA PhD James Cook

Senior Tutors
1991 LYNSDAY BLUE, BSc Cant., MSc Lond.
1990 MARGARET GOLDSTONE, MSc, DipBus
University Post-doctoral Fellow
1992 MELINDA LAITURI, MA Calif., PhD Arizona

Tamaki Campus
Associate Professor
1993 WILLIAM SMITH, MA Aberd., MSc PhD Mcg.

GEOLOGY
Associate Professor, Head of Department
1969 K. B. SPÖRLI, DiplngGeol DrScNat Zür., FGSAm, FRNSZ

Professor
1970 PHILIPPA M. BLACK, BSc N.Z., MSc PhD, FMSAm, FRNSZ

Honorary Visiting Professor
1992 J. MALPAS, MA Oxf., MSc PhD Memorial (Canada), FGSAm, FGSC, FGSL

Associate Professors
1960 PETER F. BALLANCE, BSc PhD Lond.
1979 P. R. L. BROWNE, BSc Cape T., MSc Leeds, PhD Well., (jointly with Geothermal Institute)
1958 J. A. GRANT-MACKIE, MSc N.Z., PhD
1978 M. P. HOCHSTEIN, DiplGeophys T.U. Clausthal, DrRerNat Mün., FGSAm, FRNSZ (jointly with Geothermal Institute)
1964 K. A. RODGERS, MSc PhD, FRNSNZ, FNZIC

Senior Lecturers

ACTS OF PARLIAMENT

EDUCATION ACT 1989

The University, like all tertiary education institutions, is subject to the provisions of the Education Act 1989 (as amended by the Education Amendment Act 1990). This Act specifies the constitution and powers of the Council and various other matters relating to the administration of tertiary institutions. Copies of the Act are available from the Government Bookshop.

UNIVERSITY OF AUCKLAND ACT 1961

ANALYSIS

Title
1. Short Title and Commencement
2. Interpretation
3. Constitution of the University
4. University District and Court of Convocation

Powers of the Council
20. Award of certificates, etc.
21. Lectures to members of the public

AN ACT TO CONSOLIDATE AND AMEND CERTAIN ENACTMENTS OF THE GENERAL ASSEMBLY RELATING TO THE UNIVERSITY OF AUCKLAND

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:

1. Short Title and Commencement
(1) This Act may be cited as the University of Auckland Act 1961.
(2) This Act shall come into force on the first day of January, nineteen hundred and sixty two.

2. Interpretation
In this Act, unless the context otherwise requires:
'The Council' means the Council of the University of Auckland constituted in accordance with Part XV of the Education Act 1989:
'Lecturer' means a member of the staff of the University of Auckland who is in terms of his appointment an associate professor, a reader, a senior lecturer, or a lecturer of the University; and includes such other persons and classes of persons as the Council from time to time determines:
'Minister' means the Minister of the Crown for the time being responsible for the administration of this Act: 'Professor' means a professor of the University of Auckland; but does not include an associate professor:
'The Registrar' means the Registrar of the University of Auckland:
'The University' means the University of Auckland constituted under this Act.

3. Constitution of the University
(1) For the advancement of knowledge and the dissemination and maintenance thereof by teaching and research there shall be a University to be called the University of Auckland.
(2) The University shall consist of the Council, the professors emeriti, the professors, lecturers, junior lecturers, Registrar, and librarian of the University for the time being in office, the graduates and under-graduates of the University of New Zealand whose names are for the time being on the register of the Court of Convocation of the University of Auckland, and such other persons and classes of persons as the Council may from time to time determine.
(3) The University shall be a body corporate with perpetual succession and a common seal, and may hold real and personal property, and sue and be sued, and do and suffer all that bodies corporate may do and suffer.
(4) The University established under this Act is hereby declared to be the same institution as the institution of that name existing immediately before the commencement of this Act under the University of Auckland Act 1954 (as amended by the University of Auckland Amendment Act 1957), which institution was originally established under the name of the Auckland University College under the Auckland University College Act 1882.

4. Court of Convocation
(1) There shall be a Court of Convocation of the University.
(2) The said Court of Convocation shall consist of the persons whose names are enrolled on a register to be kept by the Registrar.
(3) Every person shall be entitled to have his name enrolled on the register of the Court of Convocation who
(a) Is a graduate of the University; or
(b) Being a graduate of the University of New Zealand either by examination at any time or by reasons of having been admitted ad eundem gradum before the first day of January, nineteen hundred and forty-three, is not by reason of that qualification, enrolled on the register of the Court of Convocation for any other University, and is otherwise qualified in accordance with statutes made by the Council to be enrolled on the register of the Court of Convocation; or
(c) Not being such a graduate, is a professor or graduate full-time member of the staff of the University or a graduate member, approved by the Council as being of University status, of the staff of an institution affiliated to the University; or
(d) Is otherwise entitled in accordance with statutes made by the Council to have his name enrolled on the said register.
(6) The power of the Council under Section 194 of the Education Act 1989 to make statutes extends to making statutes for the keeping of the register of the Court of Convocation, which statutes may include provisions prescribing the persons and classes of persons who are eligible under paragraph (b) or paragraph (d) of subsection (5) of this section for membership of the said Court of Convocation and the conditions (whether as to payment of fee or otherwise) on which persons are entitled to have their
names enrolled in the register of the said Court; and, subject to this Act and to the said statutes, if any, the said Court shall have power to make such rules for the conduct of its business as it thinks fit as the Council may determine.

(7) The said Court may make representations to the Council on any matter concerning the interests of the University.

Sections 5 to 19 - repealed

20. Awards of Certificates, etc.

The Council shall have power, under such conditions as it thinks fit, to award certificates, fellowships, scholarships, bursaries and prizes, and to make other awards.

21. Lectures to Members of the Public

The Council shall have power to provide such lectures and instruction for any persons, whether or not they are members of the University, as it thinks fit, and on such conditions as it thinks fit, and may award certificates to any of them.

Sections 22 to 53 - repealed

UNIVERSITY STATUTES

COURT OF CONVOCATION REGISTER STATUTE 1990

Pursuant to section 4 of the University of Auckland Act 1961 as amended by the Education Act 1989.

1. This Statute may be cited as the Court of Convocation Register Statute 1990.

2. The Registrar of the University shall prepare and maintain a register to be known as the Register of the Court of Convocation for the University of Auckland and shall (subject to section 5) enter on the register the names and addresses (so far as such addresses are known) of all persons entitled to be enrolled under section 4 of the University of Auckland Act and under section 3 of this Statute.

3. Under and for the purposes of subsection 5 of section 4 of the University of Auckland Act each person shall be entitled to have his or her name enrolled on the Register of the Court of Convocation (without fee) who being a graduate of the University of New Zealand either by examination at any time or by reason of having been admitted ad eundem gradum before the 1st day of January, 1943, is not by reason of that qualification enrolled on the Register of the Court of Convocation for any other University in New Zealand, and

(i) under section 23A of the New Zealand University Act 1908 was enrolled or entitled to be enrolled on the register of the Court of Convocation of the University of Auckland at the 31st day of December, 1961, or

(ii) was an undergraduate member of the University of Auckland at the 31st day of December, 1961, and became a graduate of the University of New Zealand after that date, or

(iii) at a date after the 31st day of December, 1961, and immediately before had resided in the Auckland University District for a period of not less than three calendar months.

4. Except as provided in section 5 of this Statute it shall not be necessary for any person entitled to be so enrolled on the register to apply for enrolment.

5. Every person who is entitled to be enrolled on the register under paragraph (iii) of section 3 of this Statute may apply to the Registrar for enrolment and upon making that application and producing such evidence of the facts and matters entitling him or her to enrolment as the Registrar may reasonably require shall be enrolled on the register.

6. A member of the Court may, by notifying the Registrar in writing, elect not to receive voting papers for the purpose of conducting elections to the Council by the Court, but may at any subsequent time advise the Registrar by notice under his or her hand that they wish to receive voting papers for an election.

7. Any enrolled member of the Court may, by notice under his or her hand delivered to the Registrar, object to the register on the grounds that any person whose name is on the register does not possess the necessary qualifications.

8. The Registrar shall enquire into and decide whether to uphold or dismiss any such objection forthwith after receiving it.

9. Any person aggrieved by any decision of the Registrar relating to the register may appeal therefrom to the Council by notice under his or her hand, addressed to the Chancellor, and delivered at the University not later than 5 o'clock on the afternoon of the seventh day after the day on which the register is to be closed for the purposes of an impending election.

10. Every such appeal shall be heard and determined by the Council or a Committee appointed by the Council and the Registrar shall uphold or dismiss any such objection forthwith after receiving it.

11. (a) Any member of the Court having changed his or her address shown on the register may request the Registrar to amend the register in respect of that address and the Registrar shall make such amendment accordingly.

(b) The Registrar being satisfied (otherwise than under the preceding paragraph (a) of this section) that the address of a member of the Court has been changed may amend the register in respect of that address and the Registrar shall make such amendment accordingly.

12. The Registrar shall expunge from the register the name of any person who has died or has ceased to be entitled to be enrolled thereon, and shall be entitled to make on request any amendment of name made necessary by marriage, deed poll or other lawful reason.

13. The Court of Convocation Statute 1962 is hereby repealed.

THE COUNCIL ELECTIONS (COURT OF CONVOCATION REPRESENTATIVES) STATUTE 1990

Pursuant to section 4 of the University of Auckland Act 1961 as amended by the Education Act 1989:

1. This Statute may be cited as the Council Elections (Court of Convocation Representatives) Statute 1990.

2. For the purpose of conducting the elections to the Council by the Court of Convocation an electoral roll containing the names of those members of the Court who are eligible to vote shall be prepared and revised from time to time in accordance with this Statute.

3. The members of the Court who are eligible to vote at an election by the Court are those members (but no other members) who

(a) voted at the last two preceding elections

(b) (having had their names entered on the Court register since the penultimate election) voted at the last preceding election

(c) have had their name entered on the Court register since the last preceding election.
(d) (not being in any of the foregoing categories) apply for a voting paper by letter delivered or posted to the Returning Officer so as to be received by that officer on or before 5 o’clock in the afternoon of the twenty-first day preceding the day on which the election is to be held.

4. In this Statute and the forms contained herein:
   ‘the roll’ means the electoral roll prepared in accordance with this Statute
   ‘elector’ and ‘voter’ respectively refer to those members of the Court whose names are for the time being entered on the electoral roll
   ‘the Returning Officer’ shall be the Registrar of the University.

5. The date of election shall be determined by the Returning Officer and reported to the Council.

6. Whenever any election is to be held the Returning Officer shall (not less than thirty-five days before the election) by notice in at least two newspapers, published in the City of Auckland, call for nominations of candidates to be lodged with the Returning Officer on or before a day, to be fixed by the Returning Officer, being not less than ten days from the date of the first advertisement, which notice shall be in the following form (or form to the like effect):

THE UNIVERSITY OF AUCKLAND

Election of Member(s) of the Council by the Court of Convocation for the University of Auckland.

An election of member(s) will be held at 5.00 p.m. on the ................. day of ................. 19 ................ at the office of the Registrar of the University, Princes Street, in the City of Auckland.

No person shall be recognised as a candidate at this election unless he or she shall have been previously nominated in a document signed by two electors, and unless such nomination paper shall have been delivered to the Returning Officer by postal delivery or otherwise not later that 5.00 p.m. on the ................. day of 19 .................

The roll of electors will remain open for inspection and additions until 5.00 p.m. on the twenty-first day before the election and will then be closed. Immediately thereafter the Returning Officer will issue the voting paper to such voters as are shown on the roll with sufficient postal address (of which the Returning Officer shall be the sole judge).

....................................................... Returning Officer

7. The roll shall be closed at 5 o’clock in the afternoon of the twenty-first day immediately preceding the day on which an election is to be held and shall continue to be closed until the election is completed; and no name shall be entered on the roll while it is closed. Immediately thereafter the Returning Officer shall issue the voting papers simultaneously to such voters as are shown in the roll with sufficient postal address (of which the Returning Officer shall be the sole judge); nor shall any voting paper be sent to any person whose address is not within New Zealand.

8. Notwithstanding anything above set out, the Returning Officer shall issue a voting paper to any elector whose name appears on the roll and who shall apply in writing to the Returning Officer for a voting paper on the ground that his or her voting paper has been issued to that elector.

9. The votes shall be given by sealed voting papers issued by the Returning Officer in the form prescribed by this Statute, delivered to the Returning Officer on or before the day and time fixed for holding the election, or posted to the Returning Officer in a sealed envelope on or before that day.

10. Nomination shall be made by two persons qualified to vote and shall contain the written consent of the candidate to his or her nomination.

11. Nomination shall be in the following form (or in a form to the like effect):

THE UNIVERSITY OF AUCKLAND

Election to be held on the ................. day of .......................... 19 ................ of Members of the Council by the Court of Convocation for the University of Auckland.

We ..............................................................

and..............................................................

being duly qualified voters, hereby nominate ...................................................

for election to the Council by the Court of Convocation for the University of Auckland.

Date ..............................................................

I consent to the above nomination ..............................................................

12. Each candidate for election may submit to the Registrar with his or her nomination papers a short statement about the candidate:
   (i) The statement shall not exceed 250 words.
   (ii) The statement shall include the name, occupation, residence, degrees, academic posts held, publications and any other relevant information about the candidate.
   (iii) The Returning Officer shall ensure that the information in each statement is forwarded to each elector with the voting paper.

13. If the nominations received do not exceed the number of vacancies, the Returning Officer shall declare the candidate(s) duly elected.

14. Every voting paper shall be in the form following or to the like effect, that is to say:
VOTING PAPER

COUNCIL OF THE UNIVERSITY OF AUCKLAND
ELECTION OF MEMBERS
By the Court of Convocation
for the University of Auckland

Directions
There are......................vacancies. The voter may vote for any number of candidates up to the maximum number of candidates to be elected.
The voter is to put a cross (x) in the square beside the name of each candidate for whom he or she desires to vote.

15. Every voting paper shall be forwarded to the voter accompanied by an envelope, addressed to the Returning Officer. The voter must complete the panel on the back of envelope:

THE VOTER MUST SIGN HIS/HER NAME AND COMPLETE THE ADDRESS PANEL BELOW.

I, .................................................................................................................................................. (Full name in block letters)
declare that I am not, by reason of my being a graduate of the University of New Zealand (either by examination at any time or by admission ad eundem gradum before 1 January, 1943), enrolled on the register of the Court of Convocation of any University in New Zealand other than the University of Auckland.

SIGNATURE OF VOTER ....................................................................................................................
ADDRESS ........................................................................................................................................
(I request the Registrar to record my address on the roll as above.)
If recorded on University records under another name, e.g. maiden name, please state ........................................................................................................................................

16. The poll shall close at 5 o'clock on the afternoon of the day of the election; but all voting papers shall be included and counted which are received by the Returning Officer in due course by post before the close of the sixth day after the day of the election, provided the Returning Officer is satisfied that the paper was posted in accordance with the provisions of Section 9. On the seventh day after the day of the election the Returning Officer shall open and count the votes. As soon as the voting papers have been checked with the Roll the name and address shall be removed from each voting paper before the votes are counted.

17. Each candidate shall be entitled to nominate a scrutineer, who shall have the same rights and duties as those vested at the date of the poll in a scrutineer at any poll of the Auckland City Council.

18. Upon completion of the counting of votes, the Returning Officer shall forthwith declare the results of the poll.

19. The Returning Officer shall, subject to the provisions herein contained, determine conclusively all questions of detail concerning the election.

20. The Returning Officer is authorised to destroy the voting papers after a lapse of three months from the date of the official announcement of the result.

21. The Council Elections (Court of Convocation Representatives) Regulations are hereby repealed.

FELLOWS OF THE UNIVERSITY OF AUCKLAND STATUTE 1992

This 17th day of August 1992, pursuant to its powers under section 194 of the Education Act 1989 the Council of the University of Auckland makes the following statute:

1. This Statute may be cited as the Fellows of the University of Auckland Statute 1992.

2. The Council may at its discretion confer the honour and title of “Fellow of the University of Auckland” on a person who:
   (a) has made a unique and valuable contribution to the University; and
   (b) is not a permanent member of the staff of the University.

3. A nomination that a person be honoured as a Fellow of the University shall be made confidentially in writing to the Vice-Chancellor, signed by not less than three persons, each of whom shall be a permanent member of the staff of the University or a member of the Council.

4. Each nomination shall be accompanied by a statement of the relevant aspects of the nominee’s career, particularly the ways in which the nominee has contributed to the University, and shall clearly state the grounds for the nomination.

5. The Vice-Chancellor shall submit each nomination to the Fellows Committee which shall advise the Education Committee of the Council and the Council of its recommendation on each nomination.

6. The Fellows Committee shall comprise:
   2 members appointed by the Council
   2 members appointed by the Senate
   The Registrar
1 member of the General Staff appointed by the General Staff Committee of the Council

The President of the University of Auckland Students’ Association (or his or her nominee)

7. The Council shall by resolution determine those persons to be honoured as Fellows of the University of Auckland.

8. The title “Fellow of the University of Auckland” shall be conferred by the Chancellor, or such other person as has been approved by the Council to confer degrees and award diplomas, at the annual graduation ceremony or at any other function approved by the Council for this purpose.

9. A Fellow of the University shall be entitled to wear a special gown (as prescribed by Statute) at the ceremony when the award is conferred and on any other University occasion when academic dress is worn.

10. The Council may from time to time advise the Fellows Committee of its views regarding:

(a) the number of awards of the title of Fellow of the University of Auckland which may be made at any time;

(b) the nature and the extent of the information required in the statement which supports a nomination for an award; or

(c) such other matters relating to the award as Council may determine.

GENERAL STATUTES AND REGULATIONS

ADMISSION REGULATIONS

Prerequisites and Conditions
1. Subject to the Council's statutory powers to decline enrolment (whether for insufficiency of accommodation or of teachers or for other cause) and to Regulation 2, a person is qualified to matriculate (that is, to be admitted to the University and enrolled on its books as a student) if that person:
   (a) has satisfied the requirements for entrance to a university in New Zealand; or
   (b) is granted admission on transfer from another university in New Zealand; or
   (c) is granted Special Admission; or
   (d) is granted Provisional Entrance; or
   (e) is admitted Ad Eundem Statum.

2. (a) Save with the permission of Senate, a person shall not be eligible to be on the books of this University who:
   (i) is on the books of another university; or
   (ii) has not reached the age of 16 years by the 31 December of the year preceding that in which admission is sought; or
   (iii) is enrolled for full-time instruction in a secondary school, area school or technical institute.

(b) The Senate's permission in relation to (a)(ii) and (a)(iii) of this Regulation shall be granted only in exceptional circumstances.

3. A person seeking to matriculate shall comply with the Pre-enrolment Application Regulations.

Matriculation
4. At matriculation (that is, on admission to the University and being enrolled on its books) every student shall make the following declaration: 'I promise to obey the Statutes and Regulations, and comply with requirements of The University of Auckland'.

Personal Interest Course
5. (a) A person who has a personal interest in a paper or papers but who is ineligible for admission in accordance with Regulation 1 of these Regulations may make application in accordance with the Pre-enrolment Application Regulations and, subject to Regulation 4 and Senate approval, enrol in a paper or papers and sit the University examinations.

(b) A student who passes a paper in which he or she is enrolled under (a) above and who subsequently is eligible for admission in accordance with Regulation 1 of these regulations may have such a paper credited towards a degree or diploma provided that all the necessary conditions for such a degree or diploma were fulfilled at the time that paper was passed.

Admission Ad Eundem Statum

Students from another University in New Zealand
6. (a) A student from another university in New Zealand who wishes to enrol at The University of Auckland, including a student who
   may have been enrolled at The University of Auckland in a previous year, shall submit a pre-enrolment form in accordance with
   the Pre-enrolment Application Regulations.

(b) The University may grant such credits or exemptions as it considers appropriate towards a degree or other qualification of The
   University of Auckland on the basis of work successfully completed by the applicant at the previous university. Prerequisites
   may be prescribed as a condition of the approval to proceed to a higher degree or diploma.

(c) A student who has completed the major subject requirement for a degree or other qualification of another university in New
   Zealand may apply to take papers for Certificate of Proficiency at The University of Auckland for credit towards the degree or
   other qualification of that university. Before an application under this Regulation will be considered the student must produce
   evidence from the other university that the paper or papers taken at The University of Auckland will fulfil the requirements of
   the degree or other qualification being taken.

(d) A student admitted under these Regulations must comply with Regulation 13 of the Enrolment and Course Regulations
   (General), with all the other Regulations of the Enrolment and Course Regulations (General) appropriate to his or her course,
   and with the Examination Regulations.

7. A person who wishes to enrol at The University of Auckland and
   (a) has gained appropriate qualifications validated by NZQA or
   (b) has gained qualifications from an overseas institution
   may be granted admission Ad Eundem Statum by this University
   (i) at entrance level;
   (ii) with credits towards the course for a Bachelor's Degree or a diploma for work which in the opinion of the Senate is
   substantially corresponding or equivalent;
   (iii) to the status of a degree holder or diploma holder with the right to proceed to a specific higher degree or diploma with or
   without Honours.

A person seeking admission Ad Eundem Statum shall apply by completing the prescribed form and submitting it with the prescribed
fee to the Registrar not later than 30 November in the year preceding that in which admission is sought.

Credits may be specified or unspecified and the grant of admission may include permission to advance in specified subjects.
Prerequisites may be prescribed as a condition of the approval to proceed to a higher degree or diploma.

8. All applications under Regulations 6 and 7 shall be accompanied or supplemented by such evidence as the Senate may require as to:
   (i) identity
   (ii) academic standing, and
   (iii) any degree or diploma obtained by the applicant from another university.

Special Admission
9. A person who does not hold a university entrance qualification but who is a New Zealand citizen or permanent resident and has
   attained the age of 20 years by 31 December in the year preceding that for which application is made may be granted Special
   Admission to any course of study. The Senate may waive that age requirement where the applicant is in its opinion otherwise fit to
   be admitted and in particular has:
   (a) satisfied any qualification for admission specified in the regulations for that course of study; or
   (b) completed two years of study at a College of Education and attained a sufficient standard therein; or
(c) obtained any other qualification which may be approved by the Senate.

A person seeking Special Admission to the University shall apply for it in accordance with the Pre-enrolment Application Regulations, submit evidence of age and educational qualifications, and pay the prescribed fees.

Provisional Entrance

10. (a) A person who is a New Zealand citizen or permanent resident but does not hold a university entrance qualification may be granted Provisional Entrance to any course of study if that person

(i) is 16 years of age and is under 20 years of age by 31 December of the year preceding that in which admission is sought and
(ii) has satisfactorily completed a sixth form year at a New Zealand secondary school or has earned a University Entrance qualification credit in at least one subject and
(iii) has not made an entry in three or more subjects of the University Bursaries Examination in the year preceding that in which admission is sought.

(b) The entrance qualification shall cease to be provisional when the student has passed one year’s full-time study or its equivalent

(i) While the entrance qualification remains provisional a student may enrol only for papers or subjects of the course of study for which permission is granted.
(ii) When the entrance qualification ceases to be provisional the student may enrol for any other course of study subject to any requirement for enrolment in that course.

A person seeking Provisional Entrance to the University shall apply for it in accordance with the Pre-enrolment Application Regulations, submit evidence of age and educational qualifications, and pay the prescribed fees.

PRE-ENROLMENT APPLICATION REGULATIONS

1. Every person intending to enrol or to re-enrol in the University shall give notice of that intention by completing the Pre-enrolment Application Form and submitting it to the Registrar to be received:

(i) by 8 December 1993 for all applicants who were not enrolled at The University of Auckland in 1992, or
(ii) by 7 January 1994 for all applicants who were enrolled at The University of Auckland in 1992, or
(iii) by the date specified in the Schedule for certain limited entry courses and papers requiring an earlier closing date.

2. The Pre-enrolment Application Form also includes the following categories:

(a) Persons seeking Special Admission.
(b) Persons seeking Provisional Entrance.
(c) Students wishing to transfer from another New Zealand University.
(d) Students who come under the Unsatisfactory Academic Progress Regulations and need the special permission of Senate to enrol.
(e) Persons seeking to enrol who are ineligible to matriculate (Personal Interest Course).

Note: For the fees prescribed for categories (a) (b) (c) (d) and (e) see Fees Regulations in this Calendar. There are no fees for other categories submitted on or before the closing date. Applications received after the specified closing dates will be given last priority in consideration for places in limited entry courses and/or papers. Additionally, applications received after 7 January 1994 will incur a late fee (see Fees Regulations in this Calendar).

ENROLMENT AND COURSE REGULATIONS (GENERAL)

Dates of Terms

1. (a) There shall be in each year three terms. The first term shall begin on the first Monday after 25 February and shall end on the Saturday preceding the 19th Monday of the calendar year. The second term shall begin on the 22nd Monday of the calendar year and shall end on the Saturday of the 11th week thereafter. The third term shall begin on the 36th Monday of the calendar year and shall end on 31 October of each year. The Easter recess shall extend from Good Friday to the Tuesday of Easter week, both days inclusive. The mid-term break during the second term shall consist of the whole of the 6th week.

(b) For the purpose of the holding of such examinations as may be required at the conclusion of the University year, lectures and laboratory courses shall normally cease about the end of the fifth week of the third term in each year.

(c) Lecture and laboratory courses in Engineering shall be suspended for the fourth and fifth weeks of the second term and shall end in the seventh week of the third term.

General Course Provisions

2. (a) Subject to the Admission Regulations and to the express provisions of any other regulations every candidate for a degree, diploma or certificate course shall be required to:

(i) be a matriculated student of the University;
(ii) follow the prescribed course of study in the order prescribed or indicated in accordance with the regulations governing the course;
(iii) carry out the prescribed practical work (if any);
(iv) comply with the provisions of the Examination Regulations;
(v) pass the prescribed examinations.

(b) The personal course of study of every candidate shall require the approval of the Senate provided that:

(i) the Senate may delegate to the Dean of the Faculty within which the student is enrolled the power to give such approval;
(ii) the Senate may in exceptional circumstances approve a personal course of study which does not in every particular satisfy the regulations for the degree or diploma for which the student is enrolled;
(iii) any person who produces evidence to the satisfaction of the Senate of inability to attend classes and who wishes to take any paper or papers the equivalent of which is not available by extramural enrolment at Massey University may in exceptional circumstances be permitted to enrol at The University of Auckland with such dispensations and upon such conditions as the Senate thinks fit;
(iv) where approval of a personal course of study has been withheld by a decision of the Dean acting under delegation of that power the student may appeal to the Senate against that decision;
(v) where options are prescribed for a course of study the Senate may at its discretion determine which of them shall be available in any year; provided always that sufficient options shall be available to enable a candidate to complete his or her course.

(c) Where in the opinion of a Head of Department an insufficient number has enrolled for a paper taught in the Department or there are insufficient staff to teach it, that Head of Department may, with the approval of the Dean of the Faculty, withdraw that paper.
for the current year within one week of the beginning of the first Term, if the essential prerequisites for any candidate's course of study are not thereby affected. No candidate shall be charged a fee for any change of course required because of the withdrawal of a paper.

(d) In relation to the time limit for the presentation of a dissertation, research essay, or thesis, 'academic year' shall in these and all other regulations of the University, unless the context requires otherwise, mean the period from the first day of March in one calendar year to the last day of February in the calendar year next following.

(e) Except (i) as provided in the Extramural Enrolment Statute 1991 and the Extramural Enrolment requirements and (ii) otherwise with the special permission of the Senate, no student shall enrol or continue to be enrolled at The University of Auckland while enrolled at any other university.

**Eligibility to Enrol**

3. (a) Students entitled to enrol at The University of Auckland subject to pre-enrolling and places being available, and who otherwise fulfil the eligibility requirements shall include:

(i) those previously enrolled whose official record remains at this University;

(ii) those who wish to enrol for the first time at a university.

Each student shall be subject in enrolment to any restrictions or conditions imposed by the Senate or by the Faculty or Faculties in which he or she enrolls.

(b) Students who may be permitted by the Senate to enrol at The University of Auckland, subject to pre-enrolling and places being available, and who otherwise fulfil the eligibility requirements shall include:

(i) those who have failed to make satisfactory academic progress in their university studies under Regulation 13 of these Regulations;

(ii) those transferring from another university in New Zealand;

(iii) those who wish to enrol to complete the course requirements of another university in New Zealand;

(iv) those overseas students granted Admission Ad Eundem Statum with credits; or

(v) those overseas students selected for admission at entrance level.

Each student permitted to enrol shall be subject in enrolment to any restrictions or conditions imposed by the Senate or by the Faculty or Faculties in which he or she enrolls.

**Enrolment**

4. (a) Every internal student shall enrol at the university in person or by mail where such procedures apply before the beginning of the first term in accordance with the enrolment timetable published in this Calendar; provided that where the student is by reason of illness or of any exceptional circumstances beyond his or her control, unable to enrol in due time, he or she may with the permission of the Senate enrol late without penalty if he or she:

(i) applies for that permission on or before 31 January, or as soon as reasonably possible in any case where it is after that date that the student becomes ill or the exceptional circumstances arise; and

(ii) produces with the application a medical certificate or reasonable evidence of the exceptional circumstances relied upon.

(b) Students whose dissertations, research essays, or theses for a degree or diploma are incomplete shall be required to re-enrol at the beginning of each academic year until the dissertation, research essay, or thesis is presented.

(c) (i) Candidates for the Diploma in Gynaecology and Obstetrics must complete a formal enrolment and pay the prescribed fees not later than 1 March for the June examination or 1 September for the December examination.

(ii) Candidates for the Diploma in Obstetrics must complete a formal enrolment and pay the prescribed fees not later than 1 March for the June examination or 1 September for the December examination.

(iii) Candidates for the final year of the Degree of Bachelor of Medicine and Bachelor of Surgery must complete a formal enrolment and pay the prescribed fees not later than 15 November or such date as approved by the Senate for the commencement of the Trainee Internship year.

(d) Extramural students shall enrol in accordance with the provision of the Extramural Enrolment Statute and requirements.

(e) Students who have applied for Ad Eundem Statum Admission, or Special Admission to be eligible to matriculate, and who have not received a decision before the beginning of enrolment week, shall enrol and pay fees as if their application has been granted. If the application is refused they shall be admitted as non-matriculated students to lectures and laboratories only; provided that the enrolment may be cancelled and the fees fully refunded if within fourteen days of the posting to them of notice of refusal they lodge at the Registry an appropriately completed 'Alteration to Course' form.

(f) Students who were last enrolled at another university in New Zealand and wish to enrol at The University of Auckland may make application in accordance with the Pre-enrolment Application Regulations:

(a) to transfer to The University of Auckland

OR

(b) to take papers for Certificate of Proficiency to complete a degree or diploma of another New Zealand university.

**Exceptions**

5. (a) No student shall be enrolled in the same year for more than two distinct courses of study for degrees and diplomas. A student enrolling for two such courses of study shall be permitted to sit for examination in only two papers or their equivalent more than the maximum allowed in either course of study.

(b) (i) No student shall be enrolled in the same year for papers the content of which is substantially similar.

(ii) No student shall be enrolled in any paper already credited to a course of study or in any paper the content of which is substantially similar to any paper for which credit has been received provided that in exceptional circumstances the Senate may permit such enrolment for Certificate of Proficiency.

(iii) No work submitted for credit towards the result in any course or paper may be resubmitted in respect of any other course or paper.

(iv) For the purposes of sub-paragraphs (i) and (ii) above substantially similar papers are not limited to those that are specifically restricted under any regulations for a course of study.

(c) Subject to the provisions of the Regulations for any degree or diploma no student shall be enrolled in two stages of a subject in the same year, provided that the Senate may waive this requirement in the case of a student of proven merit.

(d) Any student who has been enrolled for, and has failed to be credited with a pass in an optional paper or subject shall not be entitled to enrol again for that paper or subject other than in exceptional circumstances approved by the Senate.

(e) Students who satisfy the Senate that they are unable to attend the full course of study for which they are enrolled may, on the
recommendation of the Head of Department concerned, be granted partial exemption from lectures.

6. (a) Each student (except for DipG&O, DipObst, final year MBChB and those able to complete enrolment by mail) shall enrol on the appropriate day and morning or afternoon as set out in the enrolment timetable. Provided that subject to the availability of papers and on payment of the prescribed late fee and penalties as Senate may in its discretion impose, an enrolment may be accepted after the day prescribed.

(b) Each student for the Diploma in Gynaecology and Obstetrics or the Diploma in Obstetrics shall enrol not later than 1 March for the June examination or 1 September for the December examination in that year.

(c) Each student for the final year for the Degree of Bachelor of Medicine and Bachelor of Surgery shall enrol by 15 November or such later date as approved by the Senate.

Choice of Course of Study

(d) The courses of study of those enrolled after the date prescribed will be determined by the Senate and will not necessarily conform with those proposed by the students concerned. In determining such courses, the Senate will have regard to the prior claims upon both laboratory and classroom space of those students who have enrolled at the approved time.

PhD Enrolments

(e) The provisions of this Regulation do not apply to enrolments for the Degree of Doctor of Philosophy.

Alterations to Course of Study

7. Additions

Any candidate who has completed enrolment and wishes to add a paper must apply on the appropriate form and obtain the approval of the Head of the relevant Department for any paper which the candidate wishes to enter and thereafter of the Dean of the Faculty for the course of study. Each application must be accompanied by the prescribed fee, and submitted to the Registry not later than the date set out in Regulation 11. Late applications may be accepted in exceptional circumstances subject to payment of the prescribed fee. Fees charged are set out in the Fees Regulations.

8. Deletions

Any candidate who has completed enrolment and wishes to delete a paper must apply on the appropriate form and obtain the approval of the Head of the relevant Department of any paper which the candidate wishes to delete and thereafter of the Dean for the Faculty for the course of study. Each such application must be accompanied by the prescribed fee and submitted to the Registry not later than the date set out in Regulation 11. Regulations concerning refund of fees are set out in Regulation 10 of these Regulations. Where a candidate ceases to attend lectures after the date set out in Regulation 11, Regulation 9, relating to Withdrawals, shall apply. The Senate may in its absolute discretion permit a candidate to make a late application to delete a paper after the closing date prescribed in Regulation 11 if the reasons are illness, injury or exceptional circumstances beyond the candidate’s control, but not later than three weeks before lectures for the paper finish. A partial refund of fees may also be granted as set out in Regulation 10(c).

9. Withdrawals

Any candidate who ceases to attend lectures after the date set out in Regulation 11 for deleting a paper can submit a “Notification of Withdrawal after Prescribed Date” form to the Registrar not later than three weeks before lectures for the paper finish and the following will apply:

(a) the paper will remain on the academic record showing the date of withdrawal against the paper concerned

(b) the fees will remain owing

(c) the paper will be treated as a failure when calculating Satisfactory Progress under Regulation 13 of these Regulations

(d) for student allowances purposes the paper will be treated as a failure and the withdrawal will automatically reduce the number of points a candidate is enrolled in.

Note: (i) Where a candidate ceases to attend lectures in a paper and fails to complete a “Notification of Withdrawal after Prescribed Date” form the paper will remain on the academic record, show as “Did not sit” and be treated as a failure for all purposes.

(ii) For selection in a limited entry course/paper there is no overall University policy in regard to students whose records include withdrawal/Did not sit. It is important therefore to ask the Dean of the Faculty or Head of the Department concerned for information in this respect.

10. Refund of Fees

For all courses of study:

(a) where a candidate applies to delete all the papers enrolled in terms of Regulation 8 a full refund of all tuition fees, the Students’ Association Fee and the Student Services Fee will be made

(b) where a candidate applies to delete paper(s) but not all papers enrolled in terms of Regulation 8 a refund of the fees for the paper(s) deleted and the appropriate reduction of the Students’ Association Fee will be made but there will be no refund or reduction of the Student Services Fee

(c) where a candidate has been permitted to delete a paper after the prescribed date because of illness, injury or exceptional circumstances beyond the candidate’s control a refund of 50% of tuition fees will be granted provided that the Senate may in its absolute discretion increase this percentage but there will be no refund of the Students’ Association Fee or Student Services Fee.

11. The last date for submitting applications for adding papers under Regulation 7 and deleting papers under Regulation 8 are set out below:

(a) All courses of study other than BE, ME, MBA, MTaxS, DipBus, DipG&O, DipObst, papers taught in two halves of the year by constituent colleges of the Auckland Consortium for Theological Education for BTheol; final year of MBChB:

   (i) for papers that are not taught over the full academic year:

   For papers commencing before 20 June ........................................ 11 March
   For papers commencing after 20 June ........................................ 1 July

   (ii) For Full year papers .............................................................. 18 March

   Note: To identify papers that are not full year refer to the Lecture and Laboratory Timetables in this Calendar.

(b) BE and MÉ

   For papers commencing before 11 July ........................................ 11 March
   For papers commencing after 11 July ........................................ 22 July

(c) BTheol papers taught at one of the constituent colleges of the Auckland Consortium for Theological Education:

   For papers commencing before 11 July ........................................ 11 March
   For papers commencing after 11 July ........................................ 22 July

(d) MTaxS, MBA and DipBus

   For papers commencing 28 January ........................................ 11 February
For papers commencing 16 May ............................................. 28 May
For papers commencing 29 August ....................................... 9 September
(e) Dip G&O and Dip Obst: 1 April for June examinations or 1 October for December examinations
(f) Final year for MBChB: 15 December in the year of enrolment
Note: (i) It is not sufficient to notify an addition or deletion solely to the Department. An Alteration to Course form must be handed in to the Registry and the appropriate fees paid before this will be effective.
(ii) Changes for fees owing will be made as follows:
(a) Fees for altering papers and any fines for late applications will be charged when the application is submitted to the Registry.
(b) A Fees Invoice will be issued to candidates owing tuition or other fees eg Students Association, departmental fees, for papers being added. These fees must be paid by the date shown on the Fees Invoice.

Non-Matriculated Students
12. Admission to lectures or laboratories may be granted to non-matriculated students provided they comply with all other Regulations governing admission. The Council may from time to time restrict entry of non-matriculated students to one or more subjects by reason of shortage of accommodation or other special circumstances.

Academic Requirements and Unsatisfactory Progress
13. (a) This Regulation shall apply to all courses of study at The University of Auckland unless otherwise specified in the particular regulations for degrees and diplomas printed elsewhere in this Calendar.
(b) This Regulation shall also apply to a student intending to transfer to The University of Auckland from any other New Zealand University.
(c) For the purpose of this Regulation, and for any student, 'a year of university studies' means a year in which a student has enrolled and has not deleted enrolment by the date prescribed under Alterations to Course of Study, and a 'minimum full-time programme' is as defined under Definitions of Full-time Study 1994.

Requirements for Satisfactory Progress
Full-time Students
(d) A full-time student is required to have passed in the last two years of university studies, at least the equivalent of one year's minimum full-time programme.
(e) A full-time student is required to have passed in the last year of university studies at least the equivalent of half of one year's minimum full-time programme.

Part-time Students
(f) A part-time student is required to have passed in the last two years of university studies at least the equivalent of half of his or her total enrolment.
(g) A part-time student is required to have passed in the last year of university studies at least the equivalent of half of his or her enrolment.

Failure to Make Satisfactory Progress
(h) In the event of failure to meet the requirements of either clause (d) or clause (f) of this Regulation a student shall be suspended for one academic year from enrolment at The University of Auckland and will then require the prior permission of the Senate to enrol. When applying for permission to enrol after the period of suspension or an equivalent period the student will need to satisfy the Senate that, as a result of study or other appropriate activity in the intervening period, there is a reasonable chance of success in subsequent studies at this University. On consideration of such an application the Senate may
(i) grant a student permission to enrol with such conditions as it thinks fit;
(ii) suspend the student from enrolment at The University of Auckland for one further academic year;
(iii) decline enrolment at The University of Auckland.

Application must be made in accordance with the Pre-enrolment Application Regulations.

(i) In the event of failure to meet the requirement of either clause (e) or clause (g) of this Regulation a student will be Restricted in the next year of study at The University of Auckland to no more than a minimum full-time programme.

Such an application must:
(i) be made on the appropriate Pre-enrolment Application Form and be accompanied by the prescribed fee;
(ii) include evidence if Special Consideration is sought for medical or other exceptional reasons;
(iii) state the programme in which the student intends to enrol should the application be successful;
(iv) reach the Registrar, The University of Auckland, Private Bag, Auckland by the prescribed deadline.

Any student declined enrolment at this University under clause (h) (iii) of this Regulation may within fourteen days appeal to the Council against the decision of the Senate.

Provided that the student is enrolled for no other paper or papers, this Regulation shall not apply to a student enrolling for any one of: case study, dissertation, original investigation, practicum, thesis or the Degree of Doctor of Philosophy.

Cross-Credits
14. (a) In this Regulation cross-credits means papers or subjects which:
(i) are common to two or more courses of study;
(ii) have been passed by a candidate for the purpose of one of those courses of study; and
(iii) the candidate desires to transfer to another of those courses of study.
(b) A candidate may, on payment of the prescribed fees under the Fees Regulations, transfer to the course of study for any degree or diploma named or referred to in the left hand column of the Schedule to this Regulation cross-credits as shown opposite the degree or diploma so named or referred to in the right hand column of that Schedule (subject to any other provisions of this Regulation and the relevant Degree or Diploma Regulations).
(c) No Stage III paper that fulfils the Stage III requirements of a course of study may be cross-credited to meet the Stage III requirement of another course of study, e.g. Stage III Maths credits passed as the only Stage III credits for BSc, could not be credited to BA unless three other Stage III papers were passed for the BA course of study.

(d) No candidate may transfer as a cross-credit any paper or subject passed with a conceded pass or restricted pass; and if that paper or subject is compulsory any other paper or subject may be substituted for it as the Senate may approve.

(e) No candidate may transfer as a cross-credit any paper or subject already so transferred under this Regulation.

(f) A candidate who has been accepted into one of the conjoint programmes BCom/BA; BCom/BE; BCom/LLB; BCom/LLB(Hons) or BCom/BSc and completes a course of study which satisfies both components, as defined in the respective degree Regulations, shall be deemed to have completed both components.

Papers may not be cross-credited into, from, or between components of the conjoint course.

(g) In any case where an application for the transfer of cross-credits:

(i) is not otherwise covered by this Regulation or not covered by special provisions made elsewhere in the Regulations of the University, or

(ii) is subject to any doubt or difficulty in the interpretation of these or any other Regulations of the University - the Vice-Chancellor may approve any such transfer of credit, or give any such direction in relation to the application, as he thinks fit.

Note: (i) in the case of Master’s degrees no cross-credits are available, except where the course Regulations so provide.
(ii) A student taking two courses of study may be permitted to transfer as cross-credits no more than the maximum allowed for one course or the other but not for both.

Credit

15. (a) A candidate may with the approval of the Senate and on payment of the prescribed fees under the Fees Regulations be granted towards a degree or diploma named or referred to in the left-hand column of the Schedule of this Regulation, credit not exceeding that shown opposite the degree or diploma so named or referred to, in the right-hand column of that Schedule.

(b) No candidate may be granted credit for work already so credited under this Regulation.
(a) For a student who has successfully completed in or after 1974 and up to and including 1977 a three-year full-time Division A course at a Teachers' College under the control of the Auckland Teachers' Colleges Council, not more than four unspecified Stage I papers to count as one unspecified subject in Group B in the Schedule to the BA Regulations.

(b) For a student who has successfully completed in or after 1978 a three-year full-time Division A course at a Teachers' College under the control of the Auckland Teachers' Colleges Council or (from 1986) at the Auckland College of Education, seven unspecified papers, four at Stage I level and three at Stage II level. For the purpose of BA Regulation 5, the papers so credited shall count as papers in two subjects. For the purpose of BA Regulation 3, three papers shall count as papers in Group A in the Schedule to the BA Regulations and four papers shall count as papers in Group B in the Schedule to the BA Regulations.

(c) For a student who has successfully completed in or after 1974 and up to and including 1979 a Division B (concert study course) at a Teachers' College under the control of the Auckland Teachers' Colleges Council, not more than two unspecified Stage I papers to count as one unspecified subject in Group B in the Schedule to the BA Regulations. For a student who has successfully completed in or after 1980 a three-year Division B (concert study course) at a Teachers' College under the control of the Auckland Teachers' Colleges Council or (from 1986) at the Auckland College of Education, three unspecified Stage I papers to count as one unspecified subject in Group B in the Schedule to the BA Regulations. For a student who has successfully completed in or after 1980 a two-year full-time Division B (concert study course) at a Teachers' College under the control of the Auckland Teachers' Colleges Council or (from 1986) at the Auckland College of Education, two unspecified Stage I papers to count as one unspecified subject in Group B in the Schedule to the BA Regulations.

(d) For a student who has successfully completed in or after 1974 and up to and including 1979 a three-year full-time Home Economics or Commercial course at the Auckland Secondary Teachers' College not more than four unspecified Stage I papers to count as one unspecified subject in Group B in the Schedule to the BA Regulations. For a student who has successfully completed in or after 1980 a three-year full-time Home Economics or Commercial course at the Auckland Secondary Teachers' College or (from 1986) at the Auckland College of Education, seven unspecified papers, four at Stage I level and three at Stage II level. For the purpose of BA Regulation 5, the papers so credited shall count as papers in two subjects. For the purpose of BA Regulation 3, three papers shall count as papers in Group A in the Schedule to the BA Regulations and four papers shall count as papers in Group B in the Schedule to the BA Regulations.

(e) For a student who has successfully completed in or after 1976 a two-year full-time course in Division A at a Teachers' College under the control of the Auckland Teachers' Colleges Council or (from 1986) at the Auckland College of Education two unspecified Stage I papers to count as one unspecified subject in Group B in the Schedule to the BA Regulations.

(f) For a student who has successfully completed in or after 1977 a two-year full-time course in Division E at a Teachers' College under the control of the Auckland Teachers' Colleges Council or (from 1986) at the Auckland College of Education two unspecified Stage I papers to count as one unspecified subject in Group B in the Schedule to the BA Regulations.

(g) For a student who has in or after 1975 completed the requirements for a Certificate Course of the Centre for Continuing Education with a grade B or higher, one or two papers to count as one unspecified Stage I subject.

(h) For a student who has in or after 1984 successfully completed Studio I for the BFA Degree but is not continuing with that degree, two papers to count as papers in one unspecified Group B Stage I subject.

(i) For a student who has successfully completed the course for the Diploma in Physiotherapy, Auckland Institute of Technology only, or the Diploma in Nursing at one of the following institutions in or after 1985: Auckland Institute of Technology, Carrington Polytechnic, Manukau Polytechnic, Northland Polytechnic, Auckland College of Education, University of Auckland Centre for Continuing Education, seven unspecified papers, four at Stage I level and three at Stage II level. For the purpose of BA Regulation 5, the papers so credited shall count as papers in two unspecified subjects in Group B of the BA Schedule. For the purpose of BA Regulation 3, three papers shall count as papers in Group A in the Schedule to the BA Regulations and four papers shall count as papers in Group B in the Schedule to the BA Regulations.

(j) For a student who has in or after 1988 passed the subject Legal System for LLB but is not continuing with the Degree, one paper to count as a paper in one unspecified Group B Stage I subject.

(k) For a student who has in or after 1989 passed the subject Introduction to Property for the Intermediate Examination for the BPA Degree but is not continuing with the Degree, one paper to count as a paper in one unspecified Group B Stage I subject.

**Education**

(iii) Degree of Bachelor of Education

For a student who has successfully completed a three year full-time course at a Teachers' College in New Zealand, in or after 1974, fourteen papers in Schedule B prescribed for this Degree.

**Fine Arts**

(iv) Degree of Bachelor of Fine Arts

(a) For a student who has successfully completed in or after 1974 a three year full-time course at a Teachers' College under the control of the Auckland Teachers' Colleges Council or (from 1986) at the Auckland College of Education, two unspecified Stage I papers which shall not be credited in lieu of the required Stage I papers in Art History.

(b) For a student who has successfully completed in or after 1974 a Division B (concurrent study course) at a Teachers' College under the control of the Auckland Teachers' College Council or (from 1986) at the Auckland College of Education, not more than one unspecified Stage I paper which shall not be credited in lieu of either of the required Stage I papers in Art History.

(c) For a student who has successfully completed in or after 1974 a three year full-time Home Economics or Commercial course at Auckland Secondary Teachers' College or (from 1986) at the Auckland College of Education, not more than one unspecified Stage I paper which shall not be credited in lieu of either of the required Stage I papers in Art History.

**Law**

(v) Degree of Bachelor of Laws

For a student who has in or after 1975 completed the requirements for a Certificate in Criminology of the Centre for Continuing Education with a grade B or higher, one or two unspecified papers.

**Music**

(vi) Degree of Bachelor of Music

(a) For a student who has successfully completed in or after 1974 a three-year full-time Division A course at Teachers' College under the control of the Auckland Teachers' Colleges Council or (from 1986) at the Auckland College of Education, two unspecified papers (not being a paper in music) in lieu of the BA papers prescribed for the Degree. For a student specialising in music in the above three-year course, a further two unspecified Stage I papers.

(b) For a student who has successfully completed in or after 1974 a Division B (concurrent study course) at a Teachers' College under the control of the Auckland Teachers' Colleges Council or (from 1986) at the Auckland College of Education not more than one unspecified paper (not being a paper in Music) in lieu of a BA paper prescribed for the Degree.

(c) For a student who has successfully completed in or after 1974 a three-year full-time Home Economics or Commercial course at the Auckland Secondary Teachers' College or (from 1986) at the Auckland College of Education not more than one unspecified paper (not being a paper in Music) in lieu of a BA paper prescribed for the Degree.
At The University of Auckland this 18th day of February 1991. Pursuant to Section 224 of the Education Act 1989, as amended by the Education Amendment Act 1990, the Council of The University of Auckland hereby makes the following Statute:

1. (a) This statute may be cited as the Limitations on Enrolments Statute 1991.

2. Where the Council is satisfied that it is necessary to do so because:
   (i) students cannot be allocated places in appropriate lecture rooms or laboratories at times when they can reasonably be expected to attend, or
   (ii) the number of teaching staff does not ensure all students expected to seek a place in a particular faculty, department, course or class of study can be adequately taught there shall be deemed to be an insufficiency of accommodation or of staff.

3. The maximum number of students that may be enrolled in any such faculty, department, course or class shall be determined by the Council from time to time after considering any recommendations from the Senate and shall be published in a schedule to this Statute. In determining such maximum number of students the Council may, after securing a recommendation from the Senate:
   (a) prescribe academic standards to be achieved as a prerequisite for enrolment in any such faculty, department, course or class and
   (b) prescribe other criteria for selection of students to be permitted enrolment in any such faculty, department, class or course.

5. The Limitation of Entry Statute 1985 is hereby repealed.
ENROLMENT LIMITATIONS 1994

Limited Entry Courses of Study and Papers

Because of insufficient accommodation and restrictions on staffing there will be a limitation on the number of students who can be enrolled for certain courses of study or papers at the University in 1994.

Approved limitations

Applications for a place in any of the Limited Entry Courses or Papers specified in parts A and/or B of the Schedule below must be made on the Pre-enrolment Application Form (PAF) in accordance with the requirements set down on that form.

Unless otherwise specified in the notes column below, the closing dates for applications are:

- **8 December 1993**: For all applicants who did not attend The University of Auckland in 1993.
- **7 January 1994**: For all applicants who attended The University of Auckland in 1993.

Applications received after the specified application closing date will be given last priority in consideration for a place in a limited entry paper and/or course.

Joint Board of Studies in Theology

- All Stage I BTheol papers: 200

C. Other Limits

The following papers are not available for courses of study other than BCom or DipCom except with the specific approval of the Head of Department concerned and subject to compliance with appropriate course regulations.

- Accounting and Finance: All stage I papers except 01.104
- Commercial Law: All Stage II and Stage III papers
- Management Science & Information Systems: All papers except 74.100
- Marketing & International Business: All papers

**ENROLMENT 1994**

1. To facilitate enrolment ALL students are required to complete a Pre-enrolment Application Form. For 1994 there are three slightly different Pre-enrolment Application Forms. They are:
   - PAF 1A: For all students who have not previously enrolled at any New Zealand university.
   - PAF 1B: For students who are transferring from another New Zealand university or whose last enrolment was at The University of Auckland before 1993.
   - PAF 1C: For students who were enrolled at The University of Auckland in 1993. (This form will be sent to the appropriate students with the 1993 examination results).

2. Pre-enrolment Application Forms are available from the Registrar, University of Auckland, Private Bag 92 019, Auckland or at the Enquiries Office, Registry Building, 24 Princes Street.

3. For 1994 there are some important deadline dates by which Pre-enrolment Application Forms must be received at the Registry:
   - (a) 8 December 1993 — for Provisional Entrance applications
   - (b) 8 December 1993 — PAF 1A and PAF 1B submission deadline for all students who were not enrolled at The University of Auckland in 1993
   - (c) 7 January 1994 — PAF 1C submission deadline for all students who were enrolled at The University of Auckland in 1993.

4. In addition to completing the Pre-enrolment Application Form all students must complete their enrolment by attending in person at the University, or by mail where such procedures apply, in accordance with the enrolment timetable. Students failing to enrol in accordance with the Timetable may forfeit their place or be charged with late penalties in full.
ENROLMENT TIMETABLE 1994

The University has moved to an alphabetical enrolment timetable in the interests of clarity and simplicity and for the benefit of its students. The timetable itself is listed below. Enrolment is during the hours of 9.00 am to 4.45 pm, Friday 18; Monday 21 to Thursday 24 February 1994 inclusive and the alphabetical requirement will be strictly adhered to. There will be no enrolment on Friday 25 February.

1. Students who receive a FEES INVOICE in the mail
   Students who receive a Fees Invoice in the mail are strongly urged to pay by mail before 15 February in order to avoid queues at enrolment and to confirm their place early.
   The University Cashiers in Old Arts Building, 22 Princes Street will also receive payments in person before 15 February between 9.00 am and 4.30 pm.

2. Students who receive an ENROLMENT FORM in the mail
   Students from other New Zealand Universities wishing to transfer to The University of Auckland are required to apply to transfer. Applications must be made on the Pre-enrolment Application Form and submitted with the prescribed fee (see Fees Regulations in this Calendar) to the Registrar not later than 8 December or any such earlier date as specified in the Enrolment Limitations. Applications received after the specified closing dates will be given last priority in consideration for places in limited entry courses and/or papers. Additionally, applications received after 7 January 1994 will incur a late fee (see Fees Regulations in this Calendar).

3. International students
   Students who receive an Enrolment Form in the mail must attend the University to enrol in person on the day specified for their faculty and their surname in the enrolment timetable in section B below.

4. Students wishing to make a change or seeking places in limited entry Arts and Science papers
   Students wishing to make a change to their course of study after receipt of a Fees Invoice can only do so during the official enrolment period, 18 to 25 February 1994 and in accordance with the alphabetical timetable in section B below.

5. Penalties
   Students are referred to Penalties under the Fees Regulations for applications for late submission of the Pre-enrolment Application Form and late enrolment. For late additions or deletions of courses refer to Regulation 8 of the Enrolment and Course Regulations (General).

6. Refund of Fees
   Students are referred to Regulation 8 of the Enrolment and Course Regulations (General).

OFFICIAL ENROLLING HOURS 9.00AM TO 4.45PM

(ATTENDANCE IN ORDER OF FIRST LETTER OF SURNAME)

Note: Enrolments for all courses and papers, including those taught at Tamaki Campus, are conducted on the City Campus

A. Students who receive a FEES INVOICE in the mail
   Students who have not paid their Fees Invoice by 15 February are required to attend the Recreation Centre on:

<table>

THERE WILL BE NO ENROLMENT ON FRIDAY, 25 FEBRUARY
EXTRAMURAL ENROLMENT STATUTE

1. (a) This Statute may be cited as the Extramural Enrolment Statute 1991.
   (b) This Statute shall come into force on 1 January 1992.

2. Any person qualified to enrol at a university in New Zealand who satisfies the Senate of The University of Auckland that he or she should not be required to attend classes at the University, shall, subject to the provisions of this Statute and upon such conditions as Senate thinks fit, be permitted to enrol extramurally in that year.

3. No person who is already on the books of another university in New Zealand as a candidate for any degree, diploma or other qualification shall be permitted to enrol extramurally without the permission of that other university.

4. Except where the Senate otherwise permits, a person who is permitted to enrol extramurally in any paper or papers for which extramural tuition is provided at Massey University, shall:
   (a) be required to register or enrol for tuition in each such paper at Massey University;
   (b) not enrol in the same year for any other paper or papers at The University of Auckland;
   (c) take the examinations of Massey University, and appropriate credit shall be granted at The University of Auckland for the paper or papers passed.

5. Save with the permission of the Senate granted in such exceptional circumstance as it thinks fit, no person on the books of The University of Auckland may be enrolled extramurally in respect of:
   (a) any Stage III paper;
   (b) any work for a Master's Degree;
   (c) any work for a diploma;
   (d) any paper requiring practical or laboratory work;
   (e) any paper or other work which, in the opinion of Senate, requires internal tuition at a University.

6. A person on the books of this University who ceases to reside in New Zealand, and who requires to pass in the final paper or papers for any degree, diploma or other qualification, may enrol extramurally in the paper or papers at the discretion of Senate and upon such conditions as it thinks fit.

7. The Extramural Enrolment Statute 1981 is repealed.

8. Students wishing to enrol extramurally shall comply with the following:
   (a) Every person wishing, in any year, to enrol extramurally shall apply to the Registrar of the University not later than 10 January of that year.
   (b) Every application shall state:
      (i) the papers or other work in respect of which extramural enrolment is sought;
      (ii) the grounds of the application;
      (iii) whether the applicant is already on the books of, or (where it may be permitted or required) proposes to enrol at any other university and if so, which university and for what course, papers or other work;
      (iv) (i) the applicant's current business and residential address;
         (ii) whether to the best of the applicant's knowledge and belief there will be any change of residence during the year of enrolment; and if so the expected new address and approximate date of change.
   (c) Every student permitted to enrol extramurally:
      (i) shall pay the prescribed fees for course approval (in addition to any fees payable at another University);
      (ii) may withdraw from his or her studies by written notice to the Registrar not later than 31 March; and having done so by that date, shall be entitled to a full refund of fees.
   (d) (i) The studies of students permitted to enrol extramurally under the Statute are subject to Regulation 9 of the Enrolment and Course Regulations (General).
      (ii) For the purpose of this Regulation students who have not withdrawn under Regulation 3 (b) of this regulation shall be deemed engaged in academic studies in the relevant year.

The Extramural Enrolment Regulations last published in the 1991 Calendar are revoked.

These requirements shall come into force on 1 January 1992.

**Prerequisites for Postgraduate Courses**
A course of papers, prescribed to fulfill prerequisites for entering a postgraduate degree, may, with the approval of Senate, be deemed full-time for the purpose of these Regulations.

**Masters Courses**
At least half of the papers required under the relevant degree regulations, or in the case of thesis only enrolment, as approved by the Head of Department.

**EXAMINATION REGULATIONS**

The requirements
1. In order to be credited with a paper, subject, or course, a candidate must have
   (a) enrolled in accordance with the Enrolment Regulations;
   (b) attended classes to the satisfaction of the Senate;
   (c) completed to the satisfaction of the examiners such oral, practical, written or other tests or assignments as have been prescribed for completion during the course;
   (d) completed to the satisfaction of the examiners and in accordance with these Regulations any final examination prescribed by the Senate.

**Note:** Candidates will be informed by each department of the specific requirements for courses in that department and the extent to which the year’s work will be taken into consideration in assessing final results. In some cases candidates may not be permitted to sit the final examination.

**Work other than final examinations**
2. (a) It is the responsibility of each candidate to ascertain the nature of the requirements for each paper, subject or course from the Department or Faculty concerned.
   (b) Provided that candidates have met deadlines set for this work, it is expected that examiners will have determined and returned interim or definitive grades for this work before sitting of the final examination, if one is prescribed.
   (c) Unacknowledged copying or plagiarism in completing this work may be treated as an examination offence.

**Time of Examinations**
3. The examination shall be held at the times specified in the timetable each year.

**Place of Examinations**
4. All internal students must sit their examinations at Auckland. Extramural students who do not wish to sit their examinations at Auckland may sit at one of the centres specified in the Extramural Enrolment Regulations, provided that, with the approval of the Senate, a special examination centre may be established under special circumstances subject to the payment of the extra fee prescribed in the Fees Regulations.

**Conduct of Examinations**
5. (a) The examinations shall comprise such written, oral and practical examinations as the examiners may determine.
   (b) Where degree Regulations or prescriptions permit, or the Senate upon such conditions as it thinks fit approves, the examiners may in respect of any examination release to the candidates, the examination paper in advance of the sitting of the examination.
   (c) Candidates shall write out answers to the questions in the presence of a supervisor, who shall be appointed or approved by the Council in accordance with such detailed instructions as may be furnished by the Council.
   (d) No candidate shall communicate with an examiner in regard to an examination except through the Registrar.
   (e) No candidate may be examined in any subject or part of a subject at any time other than that set down for him or her in the timetable.
   (f) No candidate shall be allowed to enter the room:
      - for a 1-hour examination later than one hour thirty minutes after candidates have begun writing the examination;
      - for a 2-hour examination later than one hour after candidates have begun writing the examination;
      - for a 1 1/2-hour examination later than forty-five minutes after candidates have begun writing the examination;
      - for a 1-hour examination later than thirty minutes after candidates have begun writing the examination.
   (g) No candidate shall be permitted to leave the room:
      - for a 3-hour examination until one hour forty-five minutes has elapsed from the time the writing of the examination began;
      - for a 2-hour examination until one hour fifteen minutes has elapsed from the time the writing of the examination began;
      - for a 1 1/2-hour examination until one hour has elapsed from the time the writing of the examination began;
      - for a 1-hour examination until forty-five minutes has elapsed from the time the writing of the examination began, and then only with the permission of the supervisor and upon handing in his or her script.
   (h) Candidates shall be allowed to read their examination papers for a period of not more than ten minutes before the examination commences but may not begin writing their answers until the room supervisor announces that they may do so.
   (i) Audible alarms may not be used on any devices permitted in the examination room.
   (j) No candidate shall bring into examination an electronic calculator except by direction of the examiner. Where an examination has been designed ‘calculator permitted’:(i) the calculator used in the examination must be electronic, truly portable and self-powered, and noiseless.
      - no supplementary material (e.g. operating manuals) related to the use and operation of the calculator will be permitted in the examination room other than spare batteries;
      - in all cases it is the responsibility of the candidate to maintain the operation and operating power of the calculator.
   (k) No candidate shall bring to an examination any written or printed matter except by direction of the examiner.

**Note:** In the context of Regulation 4 (i) above Electronic Calculator refers to any electronic device capable of information storage, or processing or retrieval.
Marking of Scripts

Passes - Grades and Marks

6. (a) A pass mark in any paper or subject including papers and thesis for a Master's Degree is: for a single paper, 50%; for two or more combined or linked papers, an average of 50%; for one or more papers and a thesis, and average of 50%;

(b) Where an examination is designated “Open Book”, candidates may take into the examination room any written or printed material including Books, Acts, etc., and there will be no check on items taken into the examination room. However no (pre-prepared) material taken into the examination room may be attached to the examination script and submitted for marking as part of that examination. The designation ‘Open Book’ must be approved by Faculty and Deans Committee.

(ii) Where an examination is designated “Restricted Book”, candidates shall take into the examination room only material specified by the examiner, and that material shall not be annotated, written or typed upon, or otherwise marked.

(iii) Where an examination is designated “Restricted Book - may be written upon”, candidates shall take into the examination room only material specified by the examiner; and that material may be annotated, written or typed upon or otherwise marked in a relevant or contextual manner. However no (pre-prepared) material taken into the examination room may be attached to the examination script and submitted for marking as part of that examination. The designation ‘Restricted Book’ must be approved by Faculty and Deans Committee.

(iv) All books and papers not approved for use in the examination, along with any spare personal belongings brought to the examination shall be left in such part of the room as the supervisor shall direct. All paper used during the examination must be handed to the supervisor before the candidate leaves the examination room.

(v) Where material is permitted under items (ii) and (iii) above, examiners will be required to be present at the commencement of the examination to check material brought in to the examination room.

(l) No candidate shall communicate with another in the examination room.

(m) No candidate shall continue writing an answer after the supervisor has announced the expiration of time. In no circumstances is any time over and above the time allotted to any paper to be allowed a candidate for reading over his scripts or making any amendment or addition to his scripts.

(n) Any complaint that a candidate has committed an examination offence shall be referred to the Deans Committee of the Senate (to which the Senate has delegated power to deal with all matters relating to examinations) to determine whether the complaint should be investigated. For the purposes of this Regulation an examination offence includes any breach of any rules relating to the conduct of examinations and any dishonest practice occurring in the preparation or submission of any work (whether in the course of an examination or not) which counts towards the attainment of a pass in any subject or otherwise occurring in connection with any examination.

(o) The Discipline Committee of the Senate (to which the Senate has delegated the appropriate powers) shall hear and determine any complaint which the Deans Committee has resolved should be investigated. The candidate concerned shall be notified in writing of the subject matter of the complaint and the time and place of the hearing. He or she shall be invited to state in writing his or her answer to the complaint and may attend the hearing.

(p) The Senate shall have power (which it may delegate to its Discipline Committee) to do all or any of the following things in the case of a candidate found guilty of an examination offence:

(i) Impose upon him or her any of the penalties prescribed in the Disciplinary Regulations.

(ii) Disqualify him or her from sitting any examinations for such period as may be prescribed.

(iii) Cancel any pass with which he or she may have been credited in the subject or examination in respect of which the offence has occurred.

(q) Where the Senate or any committee of the Senate is satisfied that a candidate has not complied with any Regulation of the University whether in respect of any examination or any other matter having given the candidate such opportunity as it considers reasonable of remedying non-compliance with the Regulation or Regulations, then the Senate shall have power (which it may delegate to its Discipline Committee) to suspend for such time as may be prescribed the release to the candidate of the results of any examination, or to decline to credit to his or her course any subject or subjects, or to impose both those penalties.

(r) A candidate may appeal to the Council from any decision of the Senate or its Discipline Committee under paragraphs (n) or (o) of this Regulation by giving notice in writing to the Registrar within 14 days of being notified of the decision. A candidate so appealing shall be entitled to make submissions in writing and may, with the consent of the council, appear when the appeal is determined. The council may dismiss or allow the appeal or vary the penalty but shall not impose any penalty which the Senate or its Discipline Committee could not have imposed. The decision of the Council on any appeal under this Regulation shall be final.

Marking of Scripts

6. (a) In determining a candidate’s result the examiners:

(i) may take into consideration the work done by the candidate during the year;

(ii) shall give due weight to reports on practical work done by the candidate wherever these are required;

(iii) shall include marks obtained by the candidate where the Senate has allotted a percentage of marks for awarding on the year’s work of the candidate in any paper or subject.

Passes - Grades and Marks

(b) A pass mark in any paper or subject including papers and thesis for a Master’s Degree is: for a single paper, 50%; for two or more combined or linked papers, an average of 50%; for one or more papers and a thesis, and average of 50%;

provided that:

(i) the Senate may give approval for a thesis to count as more than one paper;

(ii) a candidate not attaining a minimum of 37% in any combined or linked paper will fail the subject as a whole, except in the following cases:

(a) Human Biology, where a candidate who has obtained less than 37% in any paper may still be considered for a pass as whole in Part I, Part II, or Part III;

(b) mid year examinations that count towards the final results;

(c) where a candidate has missed a paper by reporting for an examination at an incorrect time, see N.7 below;

(iii) a candidate taking papers in the Faculty of Music not attaining a minimum of 37% of the marks allocated for the end of the year examination, will fail the paper as a whole. This does not apply to examinations in Performance;

(iv) a candidate for the Degree of Master of Engineering must pass in each of eight subjects or in each of three subjects and a thesis;
General Statutes & Regulations, Examination Regulations

(v) where oral work is required for a paper of a language, unless otherwise provided, a pass in both oral work and written papers is necessary;
(vi) where both practical and written work is required for a paper or subject a pass in both practical work and written paper is necessary.

These are eleven pass grades and two fail grades as set out:

Pass Grades
- A+ high first
- B+ high second
- C+ sound pass
- A clear first
- B clear second
- C pass
- A- bare first
- B- bare second
- C- marginal pass

Restricted Passes
A restricted pass shall apply:
(a) only to a paper in the Faculties of Arts, Commerce or Science;
(b) to the course of study awarded and may not be transferred to another course of study.

A candidate at the discretion of the appropriate Faculty may be considered for a restricted pass. No application by the candidate is required. A restricted pass in a paper which is a prerequisite for enrolment in another paper shall not be accepted as fulfilling that prerequisite except with the approval of the relevant Head of Department in each case.

A candidate may decline the award of a restricted pass in a paper by notifying the Registrar in writing not later than 31 March in the year following the award.

Note: A student with a Restricted Pass in a paper who wishes to take the paper again may do so for Certificate of Proficiency only.

Conceded Passes
A conceded pass shall apply only to the following courses of study and may not be transferred to another course of study: Bachelor of Architecture, Diploma in Business, Bachelor of Engineering, Bachelor of Human Biology, Bachelor of Laws, Bachelor of Laws with Honours, Law Professional Examination, Bachelor of Medicine and Surgery, Bachelor of Music, Bachelor of Music (Performance), Diploma in Music, Bachelor of Optometry, Bachelor of Property, Bachelor of Planning including Intermediate years where applicable.

A candidate at the discretion of the appropriate Faculty may be considered for a conceded pass. No application by the candidate for consideration is required.

Fall Grades
- D+ Marginal Fail
- D Clear Fail
- D- Poor Fail

Work at Standard of Honours
7. A candidate whose work is at the standard of Honours or a First or Second Class Pass under the relevant degree or diploma Regulations but who is ineligible for the award of Honours or First or Second Class Pass under the Regulations shall be informed of the standard that he or she would have been awarded had he or she been eligible.

Recount of Marks
8. By making application within four weeks from the date of the mailing of his or her official result of the examinations, any candidate sitting for an examination for a degree, diploma, professional qualification, or certificate of proficiency may have the marks awarded his or her script recounted in any paper or subject which he or she has failed. The fee for such a recount shall be as prescribed in the Fees Regulations. A recount of marks covers a careful rechecking of the marks recorded by the examiner and ensures that no answer or any portion of an answer submitted by a candidate has been overlooked. No information relative to the application will be placed before the examiner. Candidates for the Degree of Bachelor of Architecture, Bachelor of Fine Arts, Master of Fine Arts, Bachelor of Music (Performance), Bachelor of Music (Performance) with Honours, or for the Diploma in Music, or the Diploma in Music with Honours may apply for a recount of marks for written papers only.

Note: For prescribed fee for an application for recount of marks see Fees Regulations in this Calendar. The fee is not refundable.

Availability of Scripts
9. By making application not later than the Friday preceding the Enrolment period a candidate may obtain a photocopy of his or her final examination script.

Note: The prescribed fee for a photocopy of an examination script is $30.00, which includes postage within New Zealand.

Disabled Students
10. A candidate who is permanently or temporarily disabled in a manner which affects his or her ability to undertake examinations under the prescribed examination conditions may, upon production of the appropriate evidence, obtain from the Student Health Centre a recommendation which, subject to the approval of the Senate, will enable the candidate to be examined under conditions that take account of the candidate's particular disability.

Aegrotat Pass
11. A candidate who has been prevented by illness or injury from presenting himself or herself at any examination in any paper or subject, or who considers that his or her performance in any examination in any paper or subject has been seriously impaired by illness or injury may on application and with the approval of the Senate be granted an aegrotat pass in such paper or subject if the following conditions are satisfied:
(a) that the candidate is enrolled as an internal student for the course of instruction in the paper or subject in question;
(b) that the illness or injury was reported in writing to the Registrar within one week of the date upon which the examination affected took place or if more than one examination has been affected then within one week of the last of such examinations;
(c) that as soon as practicable after reporting the illness or injury, the candidate furnish to the Registrar a certificate (on the form provided) from a registered medical practitioner which
(i) states that the practitioner examined the candidate on a certain date preferably on the actual day for which consideration is being requested or, if this is not possible, the day before or the day after;
(ii) states that in the practitioner's opinion, illness or injury of the candidate at the actual time of the examination in question either prevented the candidate from taking the examination or was likely to have seriously impaired his or her performance in it;
(iii) gives sufficient detail of the illness or injury to show clearly that the candidate was not responsible for his or her disability;
(iv) is suitable for submission, in cases of doubt, to a medical referee;
(d) that the candidate’s responsible teachers in the paper or subject of the examination in question certify that his or her work therein during the course of instruction was well above the minimum pass standard (or where relevant the minimum standard for a class of Honours) and that he or she is in their opinion clearly worthy to pass in that paper or subject (or where relevant) to be awarded First or Second Class Honours or alternatively that the Senate is satisfied upon considering the quality of the candidate’s work during the course of instruction and of any work which he or she has completed in the current examinations (whether in the paper or subject in question or any other paper or subject) that the candidate is clearly worthy to pass in the paper or subject in question or (where relevant) to be awarded First or Second Class Honours OR First or Second Class Pass therein.

Provided that in either case:

(i) Honours may not be given to a candidate who has been awarded a pass under this Regulation in respect of more than two papers for a degree or diploma;

(ii) a candidate for the Degree of Bachelor of Engineering may, on the recommendation of the Senate, be given Honours irrespective of the number of aegrotat passes awarded.

Note: For the fee prescribed under the Fees Regulations for each application for an Aegrotat Pass see Fees Regulations in this Calendar.

Compassionate Pass

12. Where by reason of any exceptional circumstances beyond his or her control other than his or her own illness or injury a candidate has been prevented from presenting himself or herself at any examination in any paper or subject or considers that his or her performance in any examination in any paper or subject has been seriously impaired, he or she may on application and with the approval of the Senate be granted a compassionate pass subject to compliance with the same condition (with necessary changes) as those appearing in Clauses (a) and (d) of Regulation 9. Such an application must be made to the Registar on the form provided within one week of the date upon which the examination affected took place, or, if several examinations have been effected, then within one week of the last of those examinations, and must be supported by such evidence as the Registrar shall require.

13. (a) The provisions of Regulations 9 and 10 shall apply to:

(i) any final written examination presented for a paper or subject of a course of study for a degree, or for a diploma, or for a Certificate of Proficiency, or for a professional qualification;

(ii) any final practical examination presented for a paper or subject of a course of study for a degree, or for a diploma, or for a Certificate of Proficiency, or for a professional qualification.

(b) The provisions of Regulation 9 and 10 shall apply (with necessary changes) to:

(i) the final submission in each year of work for the practical subjects for the Degree of Bachelor of Fine Arts, or the Degree of Master of Fine Arts;

(ii) the final submission in each year of studio work for the Degree of Bachelor of Architecture as if such final submission were an examination and as if the date upon which such final submission was due were the date of examination.

14. Where (i) a percentage of the marks awarded for a final examination is allocated to a prior written test; and (ii) a candidate is prevented by illness, injury or circumstances beyond his or her control, from sitting the test; or considers that his or her performance in the test has been seriously impaired by any of those causes - then; if the conditions in Clauses (a), (b) and (c) of Regulation 9 are (with the necessary changes) complied with, the candidate may on application and at the discretion of the Senate:

(a) be permitted to sit another written test; or

(b) receive a mark based on the average of marks awarded for other course work; or

(c) take a viva voce examination; or

(d) have the entire mark allocated to the final examination.

15. A candidate who is eligible to apply and has applied for an aegrotat or compassionate pass in any paper or subject may, in exceptional circumstances and on a recommendation from the Head of the Department concerned, be granted permission by the Senate to take a viva voce examination in any paper or subject of his or her aegrotat or compassionate pass application.

Thesis

16. Where a thesis is required as part of an examination the following conditions shall apply:

(a) Diplomas, Bachelors and Masters Degrees

(i) The candidate shall submit two bound copies of the thesis to the Registrar and a short abstract not exceeding 350 words bound in each copy of the thesis.

(ii) The Registrar shall transmit the submitted copies to the examiners.

(iii) On completion of the examination the supervisor of the thesis shall be responsible through the Head of the Department for the deposit of two copies with the University Library.

(b) Degree of Doctor of Philosophy

(i) The candidate shall submit three bound copies of the thesis to the Registrar and a short abstract not exceeding 350 words bound in each copy of the thesis.

(ii) On completion of the examination two copies shall be deposited with the University Library. The disposal of the third copy shall be at the discretion of the Head of the Department.

Notes: (i) In the case of PhD theses, a further unbound copy of the thesis and abstract shall be submitted by the University Library if the candidate wishes to have the thesis published by the University Microfilms International. Information in connection with the candidate when the Degree is awarded.

(ii) Candidates are recommended to obtain the booklet Guide to the Presentation of Theses from the Library before proceeding with the typing and binding of the thesis. A clear, legible type style is to be used and the thesis must be submitted in hardbound form.

(iii) The author of a thesis has a right to impose conditions restricting the publication of his or her work for such a period as he or she may stipulate without however curtailing the University Librarian's right to make and supply copies thereof in terms of subsection 21 of the Copyright Act (1962).

(iv) Where it is suspected that a thesis contains defamatory material the University Librarian may restrict access to the thesis subject to confirmation by the Library Committee.

(v) Supervisors are requested to notify the University Library when a thesis is submitted if it is believed to contain material which could be considered defamatory.

(vi) Where a thesis has been presented with the University Library when a thesis is submitted if it is believed to contain material which could be considered defamatory.

Examination Centres

17. Pursuant to Regulation 1 hereof The University of Auckland will conduct examinations in the following centres: Apia, Auckland, Dargaville, Gisborne, Lautoka, Nuku'alofa, Paeroa, Rotorua, Rarotonga, Suva and Whangarei. Internal candidates are required to sit their examinations at Auckland.
CONFERMENT OF ACADEMIC QUALIFICATIONS AND ACADEMIC DRESS STATUTE 1992

1. Every degree and every diploma of the University shall be conferred or awarded in pursuance of a resolution of the Council and at a meeting of the Council.

2. Every degree and every diploma of the University shall be conferred or awarded by the Chancellor, or if he or she is absent from the meeting or incapacitated by sickness or otherwise, by the Vice-Chancellor or Pro-Chancellor. The Council may also authorise another person to confer degrees or award diplomas at a particular ceremony.

3. Every recipient of a degree shall receive a certificate in appropriate form, under the Common Seal of the University, that his or her Degree has been conferred and stating the class of Honours (if any) awarded.

4. Every diploma shall be in appropriate form under the Common Seal of the University.

5. At a specified time or times each year the Council shall meet in Convocation of the University to confer Degrees and award Diplomas. Persons wishing to have their degree conferred or diploma awarded (whether in person or in absentia) at such a ceremony shall make application to the Registrar not later than the date specified in the Calendar for this purpose.

6. The form of words to be used by the Chancellor, the Vice-Chancellor, Pro-Chancellor or such other person as may have been appointed by the Council to confer degrees shall be as follows: “By the authority vested in me by resolution of The University of Auckland Council I confer the degrees stated upon those who, within their several faculties, have satisfied the requirements of this University.”

7. The form of words to be used by the Chancellor, the Vice-Chancellor, Pro-Chancellor or such other person as may have been appointed by the Council to award diplomas shall be as follows: “By the authority vested in me by resolution of The University of Auckland Council I award the diplomas stated upon those who, within their several faculties, have satisfied the requirements of this University.”

8. The academic dress worn by members of the University at any public ceremony of the University shall be the costume appropriate of their degree, but doctors may on special occasions wear a scarlet gown and graduates admitted Ad Eundem Statum may wear the academic costume of their own university. Unless the holder of a diploma is also a graduate the only academic dress he or she may wear is an undergraduate gown.

9. The academic costumes of The University of Auckland shall be as follows:

(a) The robe for the Chancellor of the University is a blue damask gown with facings of gold lace, bearing on each shoulder the coat of arms of the University. The cap is a black velvet tassel with gold lace and tassel. The robe for the Pro-Chancellor is a black gown with facings of blue silk and gold lace, bearing on each shoulder the coat of arms. The cap is a black velvet tassel with gold lace and tassel. The robe for the Vice-Chancellor is a blue silk gown with facings of silver lace, bearing on each shoulder the coat of arms. The cap is a black velvet tassel with silver lace and tassel. The robe for the Registrar is a gown of black silk with facings of blue silk, bearing on each shoulder the coat of arms. The cap is a black velvet tassel with a black silk tassel.

(b) The gown for a Bachelor’s degree is as for the Cambridge Bachelor of Arts. The gown for a Master’s degree is as for the Cambridge Master of Arts. The hood for every degree is the size and shape as for the Cambridge Master of Arts. The hood for a Bachelor’s degree is lined with coloured satin and bordered with white fur. The hood for a Master’s degree is lined with coloured satin only.

The colours of the linings of the hoods for the Bachelor’s and Master’s degrees are as follows:

ARCHITECTURE PROPERTY AND PLANNING

BArch, MArch .................................................. lemon (BCC 111 primrose)
MBldgSc ........................................................... lemon with 25mm brown ribbon band round outside edge
BPA, MPA ........................................................... silver grey (BCC 41 violet grey)
BPlan, MPlan ...................................................... light green (BCC 171 chartreuse green)

ARTS

BA, MA, ............................................................. pink (BCC 32 pink)
MLit ............................................................... pink with 75 mm pink band round outside edge

COMMERCE

BCom, MCom ....................................................... orange (BCC 57 spectrum orange)
MComLaw ........................................................... orange with 25mm blue ribbon band round outside edge
MBA ................................................................. burgundy (BCC 36 Claret)
MTaxS .............................................................. orange with 25 mm white ribbon band round outside edge

EDUCATION

BEd, MED ................................................................. emerald green (BCC 21 green)

ENGINEERING

BE, ME ............................................................... violet (BCC 179 violet)

FINE ARTS

BFA, MFA ............................................................ gold (BCC 144 gold)

LAWS

LLB, LLB(Hons), LLM, MJur .................................... light blue (BCC 194 pompadour)

MEDICINE

BHB ................................................................. lilac (BCC 228 mayflower lilac)
MBChB, MMedSc, MAud, MHSc, MPH .................. crimson (BCC 240 medici crimson)

MUSIC

BMus, BMus(Perf), BMus(Perf)(Hons), MMus .......... white (BCC 1 white)

SCIENCE

BSc, BSc(Hons), MSc ............................................. dark blue (BCC 87 empire blue)
BOptom ............................................................ blue-green (BCC 119 honey bird)
JOINT BOARD OF STUDIES

BTheol ............................................. forest green (BCC 26 green).

(c) The gown for the Degree of Doctor of Jurisprudence, the Degree of Doctor of Medicine and the Degree of Doctor of Music is as for the Cambridge Master of Arts with the addition of facings of 50mm wide of satin. The hood is made wholly of satin and this and the facing of the gown is of the following colours for the different degrees:

Jurisprudence .................................... light blue (BCC 194 pompadour)
Medicine ........................................... crimson (BCC 240 medici crimson)
Music ................................................ white (BCC 1 white).

(d) The gown for the Degree of Doctor of Philosophy is as for the Cambridge Master of Arts with the addition of facings 100mm wide: of scarlet satin (75 mm-BCC 209 post office red) edged with gold satin (25 mm-BCC 144 gold). The hood is made wholly of scarlet satin.

(e) The gown for the Degree of Engineering, the Degree of Doctor of Laws, the Degree of Doctor of Literature and the Degree of Doctor of Science is as for the Cambridge Master of Arts but it is made of black silk or of scarlet silk or cloth. The hood is made wholly of satin and is of the following colours for the different degrees:

Engineering ..................................... violet (BCC 179 violet)
Laws .............................................. light blue (BCC 194 pompadour)
Literature ........................................ pink (BCC 32 rosepink)
Science .......................................... dark blue (BCC 87 empire blue).

(f) The cap for all graduates other than Doctors and the officers of the University is a black trencher with a tassel.

(g) The cap for all Doctors other than the officers of the University is as for the full dress Cambridge Doctor of Philosophy, namely a round black velvet bonnet with a gold cord around the crown ending in tassels.

Note: (1) The colour of the lining of the hood for the Degree of Master of Philosophy is that of the Masters Degree to which the MPhil relates.

(2) Number references are from the British Colour Council Dictionary of Colour Standards. Approximate colours may be seen on a chart at the enquiry counter at the Registry.

10. The gown for a Fellow of The University of Auckland will be an Undergraduate Gown of the colour University Blue bearing on the left front lapel the coat of arms of the University. No hood or cap shall be worn.

11. The Conferment of Academic Qualifications and Academic Dress Statute 1991 is hereby repealed.

THE DEGREES AND DIPLOMAS STATUTE 1991

At The University of Auckland this 18th day of February 1991.
Pursuant to Section 194(1)(g) of the Education Act 1989, as amended by the Education Amendment Act 1990, the Council of The University of Auckland, after consulting the Senate, hereby makes the following statute:

1. This statute may be cited as the Degrees and Diplomas Statute 1991.

2. The Council shall have power to confer the following awards:

Degrees:
Bachelor and Master of Architecture
Bachelor and Master of Arts
Master of Audiology
Master of Building Science
Master of Business Administration
Bachelor, Bachelor with Honours and Master of Commerce
Master of Commercial Law
Bachelor and Master of Education
Bachelor, Master and Doctor of Engineering
Bachelor and Master of Fine Arts
Master of Health Sciences
Bachelor and Master of Human Biology
Master and Doctor of Jurisprudence
Bachelor, Bachelor with Honours, Master and Doctor of Laws
Master and Doctor of Literature
Bachelor of Medicine and Bachelor of Surgery
Doctor of Medicine
Master of Medical Science
Bachelor, Bachelor (Performance), Bachelor with Honours, Bachelor (Performance) with Honours, Master and Doctor of Music
Bachelor of Optometry
Master and Doctor of Philosophy
Bachelor and Master of Planning
Bachelor and Master of Property Administration
Bachelor and Master of Property
Master of Public Health
Bachelor, Bachelor with Honours, Master and Doctor of Science
Bachelor of Science Education
Master of Taxation Studies
Bachelor of Technology
Bachelor and Master of Theology

Diplomas in:
Arts
Arts Administration
Broadcast Communication
Business
Commerce
Computer Science
Counselling
Criminology
Drama
Education
Educational Psychology
English Language Teaching
Geothermal Energy Technology
Guidance and Counselling
Gynaecology and Obstetrics
Labour Studies
Local Government and Administration
Mathematical Education
Mathematics Education
Mental Health
Music and Music with Honours
Obstetrics
Paediatrics
Performing Arts
Politics and the News Media
Professional Ethics
Public Health
Pulp and Paper Technology
Science
Science Education
Special Education
Statistics

Postgraduates Diplomas:
Postgraduate Diploma in Applied Psychology
Postgraduate Diploma in Arts
Postgraduate Diploma in Building Science
Postgraduate Diploma in Clinical Psychology
Postgraduate Diploma in Fine Arts
Postgraduate Diploma in Legal Studies
Postgraduate Diploma in Science
Postgraduate Diploma in Social Research
Postgraduate Diploma in Translation

on any person who completes a course of study in accordance with the provisions of the Regulations for that qualification.

3. The Council shall have the power to confer the following Honorary Degrees:

Doctor of Engineering
Doctor of Laws
Doctor of Science
Doctor of Literature
Doctor of Music
A Master's Degree in any Faculty of the University
in accordance with the provisions of the Honorary Degrees Regulations 1978.

4. The Degrees Statute 1990 is hereby repealed.

AWARD OF HONORARY DEGREES

Information regarding the procedure and criteria for the nomination of a candidate for one of the above honorary degrees may be obtained from either the Vice-Chancellor or the Registrar.

FEES REGULATIONS

FEES REGULATIONS
All students who have had less than the equivalent of three full-time years of Tertiary Study in New Zealand since leaving school must complete a declaration of previous tertiary study, before enrolment at this University can be completed. Students enrolled in 1992 have met this requirement.
**GENERAL FEES**

(All fees are inclusive of 12.5% GST)

**COURSE MATERIALS FEE**

Departments may charge for materials supplied. Briefly these materials will be in lieu of text books and charges will vary from department to department, and paper to paper.

**STUDENT'S ASSOCIATION FEE**

Students enrolled in 1.00 EFTS or more $139.50

Students enrolled in less than 1.00 EFTS pro rata on proportion of EFTS enrolment (e.g. if enrolled 0.5 EFTS $69.75)

Notes:
1. The Student’s Association Fee payable includes a building levy value of 40% of the fee payable.
2. The Student’s Association Fee at enrolment will vary according to EFTS total printed on the Fees Invoice at enrolment. If a student adds or deletes a paper(s).
Students are required to pay the Services Fee (with limited exceptions).

The following students if they wish to use the Student Services must pay the Student Services Fee and the Students' Association Fee:

(i) Students living outside Auckland and not using the University Facilities other than the Library who are enrolled for thesis, dissertation or research essay.

(ii) Students enrolled full-time at Auckland College of Education or Auckland Institute of Technology, may pay a reduced Student Services Fee of $16.50. Evidence of having paid a Student Services charge at the College or Institute in the same year must be produced at enrolment.

(iii) Students on an approved cadetship may pay a reduced Student Services Fee of $16.50.

(iv) Full-time members of staff who are enrolled for courses may not use the Student Services except by payment of standard charges for non-student users. The Student Health Service is available only in an emergency.

(v) Students sponsored by the United Nations for DipGeothermTech and students under approved University exchange schemes and students enrolled in Wellesley Programme may use the Student Services without payment of the fee.

Notes:
1. The charge covers all tuition fees, the Students' Association fee, the Welfare fee but not other charges such as late fees, notes for courses, field trips.
2. Postgraduate fees for 1994 reflect a subsidy from the University of the difference between actual postgraduate costs and the relevant undergraduate fee in recognition of the valuable contribution which is made by a private postgraduate student to University research.

### PAYMENT OF TUITION FEES

Students will pay all fees due at enrolment except in the case of enrolment in courses of study for MBA and DipBus where fees will be paid before the commencement of each session.

Note: The date for payment of fees for MBA and DipBus papers will be published in the appropriate Graduate School of Business Handbook each year.

Students applying for a loan for payment of fees will be given a credit of that sum in order to complete their enrolment.

Students will be required to pay other charges at enrolment e.g. Students Association fee, Building Levy, Student Services fees, Course materials.

Note: Where every care is taken to correctly calculate fees at enrolment, the amount due is subject to later verification.

### NON-PAYMENT OF CHARGES AND FEES

The University Council shall have the right to exclude from the University any student whose fees have not been paid by the due date. Such exclusion does not discharge the debt which will be placed in the hands of the University Debt Collector and while the fees or fines of any kind remain owing the following additional penalties shall apply:

(a) the person's academic results will be witheld;
(b) the person shall not be re-enrolled as a student of the University;
(c) the person shall not be entitled to have his or her record transferred to any other University;
(d) the person will not be entitled to receive a copy of his or her academic record;
ADDITIONAL FEES

Departmental fees for costs such as photocopying and materials are in the main being listed on your fees invoice and will be payable as part of your total bill. Some departments though will still be collecting fees separately from you in person on enrolment.

REFUNDS

The full regulations for refunds may be found under Alterations to Course of Study in this Calendar.

In general refunds to fees will be made if a completed and approved alteration to course form is received by the Cashier within two weeks of the commencement of your course. You will need to refer to the schedule in Regulation 11, Enrolment and Course Regulations (General) in the Calendar as the dates vary according to the course of study. Papers commencing in the second half of the year have the same rule applied i.e. within two weeks of the commencement of the course for deletion and refund. Failure to meet the deadline will mean that you will be unable to have the paper or papers deleted from your academic record and you remain liable for the fees associated with those papers even if you stop attending lectures. The only exception to the two-week deadline is where there are medical or exceptional circumstances which can be substantiated with appropriate professional evidence, and if approved the paper or papers will be deleted from the academic record. In such cases a 50% refund of the tuition fees would be made.

If you wish to receive a full refund of all your fees you must submit an alteration to course form within two weeks of the commencement of lectures.

DISCIPLINE

Subject to confirmation on review by the Council.

The Senate has, subject to a right of appeal to the Council, the power to deal with all questions relating to the discipline of students. During the intervals between meetings of the Senate, and subject to a right of appeal to the Senate, the Vice-Chancellor may exercise alone the powers of the Senate as to discipline.

DISCIPLINARY REGULATIONS

1. These Regulations may be cited as the Disciplinary Regulations 1972.
2. These Regulations shall come into force on 1 January, 1973.
3. In these Regulations unless the context otherwise requires:
   'Class' means any lecture, tutorial, seminar, laboratory, or other assembly of students at which tuition is being given and includes any lecture or address within the University at which students are present;
   'Hall' means any hostel or hall of residence or other student accommodation under the control of the Council;
   'Student' means a duly enrolled student of the University and includes for the purposes of Regulation 4 hereof a person applying so to enrol;
   'Students' Association' means the Auckland University Students' Association Incorporated;
   'Warden' means the person who is for the time being in charge of any Hall and includes his duly appointed deputies;
   'The Act' means The University of Auckland Act 1961 and its amendments;
   'The University' includes any institution under the control of the Council;
   'University property' includes property occupied by the University, property owned by any institution under the control of the Council, and any property held by the Crown on behalf of or for the purposes of the University.
   'University precincts' means any land or premises in the possession or occupation of the University.

Words and expressions defined in the Act have the meanings so defined.

4. (a) Every student shall on enrolling at the University sign a declaration in the following form or to the like effect:
   'I hereby solemnly promise that I will faithfully obey the rules and regulations of the University and be bound by the same'.
(b) The Senate shall have the power to impose conditions on the attendance at classes of any student and to obtain his or her undertaking to observe those conditions, either at his or her enrolment, or in the course of his or her attendance at the University in all cases where in the reasonable opinion of the Senate it is necessary so to do in order to prevent any possible disturbance to the carrying out of normal activities at the University or otherwise to maintain order and discipline.

(c) The Senate or the Discipline Committee of the Senate may as delegate of the Council exercise the powers conferred on the Council by S.24 (2) of the Act without however preventing the Council from exercising those powers.

5. No student or other member of the University shall:
   (a) act in a manner contrary to the good government of the University or prejudicial to its functioning as such;
   (b) wilfully or recklessly damage or deface, or wilfully move without authority, any property on the University or any other property within the University precincts;
   (c) wilfully impede the activities of the University, whether in teaching, research or otherwise;
   (d) wilfully create any nuisance in or on the University precincts;
   (e) wilfully obstruct any officer or member of the University employed at the University in the performance of his or her functions or of the work he or she is required to perform;
   (f) interfere by offensive behaviour or unwanted attention with the pursuit of work or study by another student, member, or officer of the University or that other person's proper enjoyment of its amenities;
   (g) be in a part of the University precincts in which he or she is not, at that time, entitled to be, knowing that he or she is not entitled to be there at that time;
   (h) (i) start, ride or park without prior permission, a cycle, a motorcycle, or a motor vehicle in University grounds;
   (ii) fail to comply with the University Parking Regulations at all times;
   (i) fail to comply with the directions on any notice erected with the authority of the Council and governing entry, speed and exit of vehicles and the location of parking spaces;
   (j) commit any criminal offence in the University precincts;
   (k) smoke
   (i) in any building controlled by the University Council, or
   (ii) in any vehicle controlled by the Council;
   in contravention of the "smoke free" policy of the University, copies of which are obtainable from the Registrar.
General Statutes & Regulations, Discipline

I. The Vice-Chancellor shall have power (subject always to Regulation 14 hereof) to exercise all the powers and authorities of the Senate.

II. Any Warden shall have the power (subject always to Regulation 14 hereof):

(a) to impose on any student who does not observe the provisions of these Regulations; or the conditions (if any) attached to his or her attendance at classes pursuant to Regulations 4 and 6 thereof; or any direction given under Regulation 11 hereof; or who otherwise commits any breach of University discipline; any one or more of the following penalties as it thinks fit:
   (i) such sum by way of restitution as may be appropriate for any damage so caused;
   (ii) a fine not exceeding $500;
   (iii) a suspension from attendance at the University or any of its classes for such period as it thinks fit;
   (iv) a suspension from attendance at any test or examination;
   (v) expulsion from the University;
   (vi) a limitation or prohibition on his or her attendance at any class or classes at the University or his or her use or enjoyment of any of the facilities of the University;

(b) to prohibit the sitting of examinations by any student who is in default with any payment due to the University under these or any other Regulations or any Statute;

(c) to delegate the powers conferred on it by these Regulations to the Discipline Committee of the Senate without thereby preventing itself or the Vice-Chancellor pursuant to Regulation 9 hereof from exercising any such delegated power.

(d) In this Regulation, 'University facility' includes the Recreation Centre but does not include the University Library and the Computer Centre.

9. The Vice-Chancellor shall have power (subject always to Regulation 14 hereof) to exercise all the powers and authorities of the Senate under these Regulations and under the Act, including any powers delegated by the Senate to any committee of the Senate, during the intervals between meetings of the Senate or that Committee.

10. The Vice-Chancellor, the Registrar, the Director of the Computer Centre, the Physical Recreation Officer, the Head of the Audio-Visual Centre, any Warden, or any Professor, member of the Senate or Lecturer shall have power to report any student to the Discipline Committee for any breach of these Regulations.

11. Any Warden shall have the power (subject always to Regulation 14 hereof):

(a) from time to time to give such directions as he or she reasonably thinks fit for the maintenance of good order and discipline within the Hall under his or her charge provided however that all such directions shall if of general application be exhibited on the main notice board of the Hall to which they relate or be provided to each resident in writing;

(b) to impose as he or she thinks fit on any student who does not observe any of the directions so given, anyone or more of the following penalties:
   (i) such sum by way of restitution as may be appropriate for any damage so caused;
   (ii) a fine not exceeding $200;
   (iii) a suspension from attendance at the Hall for such period as the Warden thinks fit;
   (iv) expulsion from the Hall.

12. The Vice-Chancellor, the Registrar, or any Professor, member of the Senate, or Lecturer may, in addition to reporting any breach of these Regulations to the Discipline Committee, order any student to pay the cost of replacing or repairing any University property lost, damaged or destroyed by reason of the wilfullness, negligence or misconduct of that student. Any penalty so ordered shall be paid within 14 days.
13. The Executive of the Students’ Association shall (without prejudice to the power of the Senate under S.34 (3) of the Act) have power of disciplinary control over students within the Student Union Building or the precincts of the Student Union Building and in exercise of that power may:

(i) impose a fine not exceeding $25 on any student guilty of any act prejudicial to the maintenance of discipline therein, and
(ii) (whether or not in addition to imposing a fine) order any student to pay as a penalty the cost of replacing or repairing any property therein lost, damaged or destroyed by reason of willfulness, negligence or misconduct of that student.

14. (a) (i) All fines and other penalties imposed under Regulation 9 and 12 or by the Discipline Committee under powers delegated to it under Regulation 8 and all suspensions or expulsions under Regulation 11(b)(iii) and (iv), shall forthwith be reported to the Senate by the person or body imposing them.

(ii) Every Warden shall maintain, and shall produce when required to do so by the Registrar, a register in which shall be entered details (including the reason for its being imposed) under Regulation 11(b)(i) and (ii).

(b) Any student on whom a fine or other penalty is imposed under Regulation 9, 11 and 12 hereof or by any committee of the Senate under powers delegated under Regulation 8 may within fourteen (14) days of imposition of that penalty, by giving notice to the Registrar in writing, appeal to the Senate against it. The Senate may hear and determine an appeal in such manner as it thinks proper.

(c) Any student who suffers any penalty under these Regulations by a decision of the Senate or the Discipline Committee of the Senate or the Executive of the Students’ Association or whose appeal under the preceding clause of this Regulation is dismissed by a decision of the Senate may within fourteen (14) days of that decision, by giving notice to the Registrar in writing, appeal against it to the Council which may hear and determine the appeal in such manner as it thinks proper. The decision of the Council shall be final.

15. (a) The grounds of Old Government House are open to all members of the University for their individual use for the purpose of quiet recreation.

(b) No organised group activities will be permitted in those grounds without specific permission of the Vice-Chancellor, acting on behalf of the Council, given in each case and in such terms as are appropriate.

(c) Members of the University may bring guests into the University grounds but not into the grounds of Old Government House except in terms of Clauses (a) and (b) above.

(d) At all times and more particularly at night, members of the University and their guests shall act in such a way as not to cause disturbance or inconvenience to those living in the grounds (both occupants of Old Government House and members of the custodial staff), or to residents in the immediate neighbourhood.

Notes:
(i) If the above requirements are observed, no time limit on the use of the grounds will be necessary, nor shall there be any need for the Police to be on the campus by invitation or otherwise.
(ii) Members of the University while in the grounds are free to observe demonstrations which may occur in the adjoining streets, but they are reminded that the Statutory and Common Law powers of the Police enabate the Police to enter the University campus and to take appropriate action in relation to offences committed thereon and to prevent a breach of the peace.
(iii) Whenever it appears likely that demonstrations of the kind mentioned in note (ii) above will occur, the Vice-Chancellor shall consult with the appropriate representative of staff and students.
(iv) Any privileges of staff, students and their guests in respect of the use of the grounds, may be withdrawn by the Vice-Chancellor, acting on behalf of Council; the Vice-Chancellor shall report the circumstances to the next following meeting of the Senate and Council.

16. (a) No member of the Security Service enrolled as a student at the University shall carry out any inquiries into security matters within the precincts of the University.

(b) The proposed attendance of a member of the Security Service at the University shall be discussed between the Security Service and the University Authorities before his or her enrolment.

17. After the discussions contemplated in the preceding sub-clause 16 (b) have been held, the Senate shall determine each year what special conditions (if any) as to attendance at classes shall apply to students who are members of the Security Service in order to maintain discipline among the students of the University by preventing any possible disturbance to the carrying out of normal teaching activities.

18. Nothing in these Regulations shall prejudice the rights and remedies of the University under the general law in respect of the misconduct or negligence of any student.

**COMPUTER SYSTEM REGULATIONS**

Pursuant to section 22 of The University of Auckland Act, 1961 the Council of the University makes the following Regulations:

1. These Regulations may be cited as the Computer System Regulations 1975 and shall come into force on 1 January 1976.

2. In these Regulations, unless the context otherwise requires - “System” means any Computer System controlled and operated by the Council whether at the Computer Centre established in the University or elsewhere. “Director” in relation to any System means the person authorised by the Council to control it.

3. No student or any other member of the University shall:

(a) without authority of the Director gain access or attempt to gain access to the System;
(b) obtain or attempt to obtain from the System any information to which he or she is not entitled;
(c) use the System to make unauthorised use of any other system, whether in the University or outside it;
(d) wilfully impede or attempt to impede the operation or activity of any other user;
(e) use or attempt to use the System so as to cause costs to be incurred:
(i) by the University, without the consent of his Head of Department and the Head of any other Department concerned;
(ii) by any person other than the University, without the consent of that other person.

4. (a) Any breach of Regulation 3 of these Regulations shall be deemed to be a breach of the Disciplinary Regulations of the University.
(b) (i) Without prejudice to the application and operation of the Disciplinary Regulations, the Director may exclude from use of the System, for such period as the Director thinks fit, any person who has done anything in breach of Regulation 3 or has misused or attempted to misuse the System in any way.

(ii) The Director shall forthwith report any such exclusion to the Vice-Chancellor.

(iii) Any person so excluded may appeal to the Council against the exclusion.

Note: Application to use a Computer System must be made to the person in control - that is, to the Director of the Computer Centre or, in the case of a system under the control of a Head of Department, to that Head of Department or nominee.
LIBRARY REGULATIONS

1. These Regulations may be cited as the Library Regulations 1970 and shall come into force on 1 January, 1971.

2. Except where otherwise stated:
   (a) these Regulations shall apply to all sections of the University Library, that is, the General Library, Architecture Property and Planning, Audio-Visual, Biological Sciences, Centre for Continuing Education, Engineering, Fine Arts, Geography, Law, Te Hukatai (Maori Studies), Medicine, Music, Science, Tamaki and such other sections as may be added by the Senate;
   (b) in these Regulations 'books' includes all types of printed, written, photographic, audio-visual and machine-readable material.

Hours of Opening (General Library only)

3. The hours of opening shall be:

<table>
<thead>
<tr>
<th>Days</th>
<th>General Library</th>
<th>Third Term - 9 p.m.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mondays to Thursdays</td>
<td>8.30 a.m. - 11 p.m.</td>

</tr>
</tbody>
</table>

The Library shall be closed on Anniversary Day, Waitangi Day, Good Friday, Easter Saturday, Easter Sunday, Easter Monday, Anzac Day, Queen's Birthday and for up to two weeks from and including Christmas Eve. These hours may be varied at the discretion of the University Librarian and any variation shall be appropriately notified in the General Library. Books may be returned to the General Library when it is closed through the after-hours slot on the main concourse of the Library building.

Readers

4. (a) All members of the University Council, all professors, lecturers and junior lecturers, all enrolled students of the University, and all library, administrative and technical staff shall be readers for the purpose of these Regulations and may:
   (i) use all sections of the Library; and
   (ii) on completion of such registration formalities as the University Librarian requires, borrow books from it; provided that no person shall be deemed an undergraduate member of the University unless he or she is currently enrolled as such.
   (b) By special permission of the University Librarian any person not included among those authorised by clause (a) of this Regulation may be a reader and accorded full or partial use of Library facilities.
   (c) The University Librarian, may at any time require from any reader as a condition of that reader's use of the Library and borrowing facilities that he or she pay to the University a sum of not more than twice the approved readers' fee as a deposit to be applied in payment or part payment of any sum for which he or she may become liable under Regulation 6 (d). Any balance of the deposit shall be refunded on the termination of his or her use of the library.
   (d) Persons admitted as approved readers under clause (b) of this Regulation may be charged an annual fee which shall be determined by the Library Committee from time to time. No fee shall be charged to retired members of the University staff or such persons as the University Librarian may determine.

Note: The fee for 1994 will be $99 including GST.

Borrowing

5. (a) No reader shall borrow any book otherwise than in accordance with these Regulations.
   (b) (General Library only). Borrowing starts at 9 a.m. and ceases 20 minutes before closing time. The hours during which books may be borrowed may be varied at the discretion of the University Librarian. Borrowers shall present each book at the exit for stamping, along with their identity card. The desk assistant shall stamp the book with the date on which it is to be returned.
   (c) Any person on leaving the Library shall on demand present all books and personal property for inspection.
   (d) (General Library only). Unless a book on the open shelves is marked 'Not to be borrowed' or is otherwise restricted, it may be borrowed until the end of next term by academic staff and for four weeks by other borrowers or for such shorter periods as the University Librarian may determine. Borrowers shall be required to check the date stamped in the book by the desk assistant. Glass Case books without 'Not to be borrowed' labels may be borrowed for a fortnight only. All other materials shall be used only in the Library except that academic staff may borrow bound volumes of periodicals for seven days non-renewable, and theses for fourteen days.
   Postgraduate students may borrow theses for fourteen days.
   (e) Books from any section other than the General Library shall be borrowed direct from that section and returned to it.
   (f) All books shall be subject to recall within 24 hours at any time during the year, including study breaks and summer vacation. Borrowers who fail to respond to a recall notice within 24 hours shall incur a fine (including GST) of $1.50 per minute for which the book is not returned.
   (g) The University Librarian shall be under no obligation to notify borrowers when books are overdue and a fine may still be charged when books are returned after the date stamped, even though no notice has been received.
   (h) Books may be renewed at the expiry of a loan period by presenting them at the Lending Desk. Renewal will be refused if the book is reserved and may be refused at the discretion of an authorised librarian. (General Library only, only Glass Case items and theses can be renewed by letter or telephone).
   (i) Readers may reserve books which are on loan. The length of loan allowed shall depend on the number of other readers who are also waiting for the book. Borrowers who return limited loan reserve books late shall incur a fine (including GST) of $1.50 per hour for each 24 hours that the book is overdue. Excessive numbers of reservations may be refused at the discretion of an authorised librarian.
   (j) Books which are in heavy demand may be kept behind the Lending Desk. These Desk Copies shall be available for a specified period (advertised in the Library concerned) on surrender of the reader's identity card and may not be removed from the Library except in the case of overnight loans. Failure to return Desk Copies on time shall incur a fine (including GST) of $5 per volume for each minute for which the book is not returned.
   (k) Academic Staff and postgraduate students may apply to borrow books from the library of another institution through the
Interloans Assistant. Such books are subject to the conditions imposed by that library.

(i) Material from the Library Recorded Music Collection shall be available for borrowing on payment of a subscription determined by the University Librarian from time to time.

(m) Library books may be taken out of New Zealand only with the prior permission of the University Librarian.

(a) Bags, satchels and briefcases shall not be taken into the Library.

(n) Authorised librarians may refuse to issue excessive numbers of books to any one reader.

(b) Under no circumstances shall a book be passed on to another reader without being reissued in that reader's name. Where this Regulation is broken the reader in whose name the book is issued shall remain liable for all fines payable by reason of failure to return a book which is overdue or recalled.

(0) ID cards are not transferable; any loss must be immediately reported to the Library in order to block unauthorized use.

(c) Every reader shall immediately notify to the Library any change of his or her address.

Note: 1994 subscriptions will be $40 (including GST).

(d) (i) Readers shall be responsible for and shall make good, any loss of or damage to books on loan to them or being used by them in the Library. In addition to the cost of replacement or repair, readers may be charged an administration fee of $10 (including GST), whether or not the book is subsequently found and returned in good order.

(e) No reader shall deface or mark any book or any piece of library furniture or property.

(ii) The loss of a book shall be reported immediately to an authorised librarian.

(ii) A lost book remains the property of the University, notwithstanding payment of the bill for its replacement, and must be returned if found. A refund (in whole or part, according to the condition of the book on return) will be made for it but the administration fee may be retained.

(f) The reservation of seats in the Library shall not be permitted. Books and any other articles left for any length of time on chairs or tables may be removed by any of the Library staff. No responsibility is accepted for personal belongings left in the Library.

(i) No reader shall smoke or shall consume food or drink in any part of the Library open to readers. Any authorised librarian may confiscate food and drink brought in a consumable state into the library.

(g) There shall be no noisy or disruptive behaviour in public reading areas.

(j) Bottles of ink shall not be brought into the Library.

(h) Any reader who acts or behaves in the Library in a disorderly or improper manner or otherwise in breach of these regulations

(j) No reader may borrow from the Library while any fine or charge payable by him or her is outstanding.

(k) No reader shall knowingly fail to identify himself or herself if required, or to comply with such directions as may be reasonably made, by any authorised librarian in order to maintain good order and discipline.

(l) Library fines or bills shall be paid at the lending desk of the Library concerned. University invoices shall be paid to the University Cashier.

(i) An authorised librarian may require that person to withdraw from the Library and, if that person is a staff member or student, may impose a fine not exceeding $10 on that person;

(ii) the Senate may impose on the reader any of the following penalties: prohibit the sitting of examinations; withholding of examination scripts; refusal of re-enrolment for the next academic year; disqualification from graduation.

(m) No reader shall smoke or shall consume food or drink in any part of the Library open to readers. Any authorised librarian may confiscate food and drink brought in a consumable state into the library.

(n) Where a fine or charge is not paid within 14 days of becoming due:

(i) the University Librarian may withdraw library privileges from the reader in default for such period as he or she thinks fit;

(ii) the Senate may impose on the reader any of the following penalties: prohibit the sitting of examinations; withholding of examination scripts; refusal of re-enrolment for the next academic year; disqualification from graduation.

(o) No reader shall knowingly fail to identify himself or herself if required, or to comply with such directions as may be reasonably made, by any authorised librarian in order to maintain good order and discipline.

(p) Where a penalty is imposed on any reader under these Regulations, the Council shall, if requested by that reader, arrange for the review of the amount of the penalty.

(q) Nothing in these Regulations shall limit the application to the Library (where relevant) of the Disciplinary Regulations 1972.

Copyright

7. Every reader using copying facilities in the Library shall duly comply with the laws on copyright.

Note: (i) Readers are warned that if a copyright work is copied the copying must be a "fair dealing for the purpose of research or private study only" to comply with the laws on copyright. What is a fair dealing involves consideration of both the quantity and quality of what is copied. Although no blanket rule can be given, the following rules must be observed:

1. You may only make one copy of the work.
2. You may use the copy for your research or private study only.
3. You may not make a copy a work.
4. Amount copied:
   4.1 You must not copy the whole of a work. In each case the copying must not exceed a fair and reasonable amount of the whole work. By way of guideline only, please note:
   4.2 Journals: no more than one article should be copied from a single issue of a periodical.
   4.3 Books: you must not copy a whole chapter. In no case should the total amount copied exceed 10% of the whole work. A single extract should not exceed 4,000 words. If a series of extracts is required, each extract should not exceed 3,000 words nor should the total exceed 8,000 words.

N.B. The Act allows a University teacher to make a copy in some circumstances where a student or a member of the public may not be permitted to make a copy.

(ii) These rules apply to card-operated copying machines and not to photocopying supplied by librarians.

(iii) Failure to observe these rules may be treated as a breach of discipline. Users who are in doubt as to whether an item is in copyright should consult a member of the Library staff.

PRELIMINARY COURSES

The University of Auckland offers a number of courses designed to assist those who may be planning to enrol for formal degree or diploma courses. These include the Wellesley Programme; designed especially to give students the necessary skills and confidence to begin tertiary studies. The main target group is those two or more years out of secondary school and in the 18 years and upwards age bracket. Applicants would normally have a pass in School Certificate and/or be motivated to take tertiary courses for which they feel inadequately prepared. Student doing well in the programme should have a fair chance of success in appropriate first-year courses at university.
NEW START PROGRAMME

New Start for Commerce - a year long course (two hours per week) providing a comprehensive introduction to Mathematics, Accounting and Economics. On satisfactory completion of this course students may make application to enrol in Part I of BCom, DipBus or the MBA programme.

New Start for BA, BTheol, LawInt, BPlan - a ten week course (two hours per week) providing an introduction to subjects in the Arts Faculty.

New Start programmes include study skills and subject lectures, regular assignments, tests and realistic feedback. Students gain information on the structure of university degrees, knowledge of and practice in skills required for success, and an insight into the standard of work expected. The programme provides the University with criteria to evaluate applications to limited entry courses.

Educational Guidance is an integral part of New Start and students are offered assistance in planning their on-going courses of study. Alongside New Start are short Introductory Courses in specific subjects, a wide range of study skills workshops and other supportive activities.

New Start also caters for people with physical disabilities who may need special assistance in getting started.

The Centre for Continuing Education offers Certificate programmes in Adult Education, School Leadership, Training and Development, and Women's Studies. On satisfactory completion of a Certificate course a student may receive a credit of two papers towards the BA degree. These are listed in the Continuing Education Chapter of this Calendar.

INTERNATIONAL STUDENTS

The following notes are intended to be a general guide for international students wishing to enrol at The University of Auckland. Further information and application forms are available from the International Students Unit.

Admission

International students must apply for admission on the appropriate application form. Intending applicants should note the following general points:

1. All international students enrolling in an undergraduate course must hold as a minimum requirement, an acceptable university entrance qualification.
2. Graduates of overseas universities seeking admission to graduate or postgraduate courses must apply to have their overseas degree recognised (Admission Ad Eundem Statum).
3. Applicants whose first language is not English will be required to provide satisfactory evidence of their proficiency in English language such as a minimum score of 550 or more in the TOEFL test or 6.5 in the IELTS.
4. All International students must have a student visa before entering New Zealand and a valid student permit for the duration of their studies. Further information regarding the various requirements of the New Zealand Immigration Service can be obtained from the nearest New Zealand High Commission or Immigration Office.
5. An offer of a place at the University does not guarantee that the student will be issued with a student visa.
6. Permanent residents of Australia and New Zealand, Australian citizens, and student from the Cook Islands, Tokelau or Niue who are New Zealand citizens, are eligible for enrolment on the same basis as New Zealand students and do not need to apply for admission as international students.

Tuition Fees

Refer to Fees Regulations in this Calendar.

Scholarships and Financial Assistance

The Ministry of Foreign Affairs and Trade awards a limited number of full scholarships and fees scholarships to students from identified developing countries. Enquiries should be directed to the New Zealand Vice-Chancellors' Committee, P.O. Box 11-915, Wellington or to the nearest New Zealand High Commission. Postgraduate fees for 1994 reflect a subsidy from the University of the difference between actual postgraduate costs and the relevant undergraduate fee in recognition of the valuable contribution which is made by a private postgraduate student to University research. Enquiries regarding courses, fees or scholarships should be made to the International Students Office, Telephone 649 373-7513, Facsimile 649-373-7405.

ENGLISH AS A SECOND LANGUAGE PROGRAMME

New Zealand residents of less than two years' standing, whose first language is not English, seeking admission to The University of Auckland are strongly advised to enrol in the paper 590.001 English Language Acquisition. This paper is a non-credit paper which can be taken in addition to a full-time programme or alongside a limited full time programme. It is recognised for student allowance purposes. It will also be available under the same conditions to other students who seek or are advised to undertake it.

GENERAL INFORMATION

FACULTY OF ARCHITECTURE PROPERTY AND PLANNING

Three Professional degrees are offered within the Faculty.

Bachelor of Architecture (BArch)
The Degree of Bachelor of Architecture is recognised by the New Zealand Institute of Architects and the Architects Education & Registration Board for professional membership and registration. It is also recommended for recognition by the Commonwealth Association of Architects to all member institutes in the Commonwealth. The course comprises five professional years. Students select credits from five subject areas - design; architectural technology; history, theory and criticism; practice and management; drawing, computing and communication - with a wide range of advanced electives in the later years.

Bachelor of Property (BProp)
The Degree of Bachelor of Property is recognised by the New Zealand Institute of Valuers, the Valuers Registration Board, the Property Management Institute, the Real Estate Institute of New Zealand and the Commonwealth Association of Surveying & Land Economy. The course comprises three professional years, and provides a synthesis of studies concerned with the use, management, valuation, development, financing, marketing, acquisition and transfer of primarily urban land and buildings, and with the economic, legal, sociological and technological factors which affect the ownership of the proprietary interests involved.

Bachelor of Planning (BPlan)
The Degree of Bachelor of Planning is recognised by the New Zealand Planning Institute. The course has four professional years of study in which the principal continuing components are Studio and papers grouped under the headings of planning concepts, technical skills and practice and management. Graduates with qualifications in approved subject areas may complete the BPlan degree in two years.

Master of Architecture (MArch)
The Degree of Master of Architecture involves the equivalent of seven papers, and may include a major project (worth two papers), or a thesis (worth four papers), or both. A range of papers is available in each of the five subject areas of BArch. The degree requires at least one and not more than three years, and may be taken full or part time. BArch is prerequisite.

Master of Building Science (MBldgSc)
The Master of Building Science involves the equivalent of seven papers and may include a Major Project (worth two papers) or a Thesis (worth four papers), or both. Coursework for the programme of study is offered as evening classes so that students may conveniently attend on a part-time basis. A BArch or BE is prerequisite.

Master of Property (MProp)
The Degree of Master of Property consists of three papers in advanced aspects of property administration and a thesis. It may be completed in two years of full-time study, or in up to three years part-time. The prerequisite is BProp with grades averaging C+ or DipVal or DipUrbVal subject to special conditions.

Master of Planning (MPlan)
The Degree of Master of Planning, for which BPlan is prerequisite, consists of five papers in advanced planning or planning-related subjects and a research essay, or four papers and a thesis. The course may be taken part-time over three years.

Postgraduate Diploma in Building Science (PGDipBldgSc)
The Postgraduate Diploma in Building Science involves the equivalent of four papers and may include a Major Project related to Building Services (worth two papers) and/or appropriate Master’s level papers offered by the Department of Mechanical Engineering, in consultation with the Head of that Department. A BArch or BE is prerequisite.

DEGREE COURSE REGULATIONS

DEPARTMENT OF ARCHITECTURE

THE DEGREE OF BACHELOR OF ARCHITECTURE BArch

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. (a) Subject to the Admission Regulations and except as otherwise provided in these Regulations, candidates for the Degree of Bachelor of Architecture shall
   (i) follow a course of study of not less than five years
   (ii) pass each of the five Architecture Examinations
   (b) Except with the permission of the Senate no candidate for this Degree shall enrol in anyone year for more than 42 credits.
2. No candidate shall be credited for this Degree with any paper the same as or substantially similar to a paper already passed for any other Degree or Diploma

Admission
3. (a) Admission to the course shall be at the discretion of the Senate. Application for admission shall be made on the prescribed form by the set dates set out in the pre-enrolment regulations.
   (b). Admission shall be granted or withheld upon consideration of the past performance of the applicant at school or in university or public examinations, a portfolio and upon an interview where this is required.

Concessions
4. Candidates who have been awarded or qualified for admission to a relevant degree or have completed with merit a relevant recognised tertiary qualification may be granted admission with such credits as approved by the Senate up to a maximum of 72 credits.

Note: The tertiary qualifications currently recognised under Regulation 4 of these Regulations include the New Zealand Certificate in Building, the New Zealand Certificate in Draughting (Architecture) and the New Zealand Certificate in Engineering (Civil).
Examinations

5. (a) Candidates shall be required to pass as a whole each Architecture Examination so that their performance in all papers of the Examination shall be considered; but where candidates fail to pass an Architecture Examination as a whole they may at the discretion of the Senate be credited with a paper or papers of that Examination, and be permitted in a subsequent year to present the paper or papers not so credited, together with a paper or papers of the next succeeding Architecture Examination.

(b) Candidates whose course in any year consists of more or fewer papers than a full Examination or whose course is taken from more than one Examination shall have their performance in all papers taken in that year considered as a whole.

6. (a) For each Architecture Examination a candidate shall pass 36 credits from the subjects set out in the Schedule to Regulation 9.

(b) Before proceeding beyond the Third Architecture Examination a candidate shall pass 108 credits including mandatory papers:

</table>

at least 2 further credits chosen from the History, Theory & Criticism Subject Area at 200 level; and

at least 2 further credits chosen from the History, Theory & Criticism Subject Area at 300 level.

(c) To complete the Degree a candidate shall pass 180 credits including mandatory papers 111.460, 111.461; at least 12 credits at 400 level from the Design Subject Area; at least 2 credits at 400 level from the Architectural Technology Subject Area, and at least 2 credits at 400 level from the History, Theory and Criticism Subject Area; and

at least 12 credits from the Design Subject Area at 500 level or Research Reports or a 12 credit thesis.

(d) The Senate may permit a candidate to take a paper or papers as defined in the regulations for a degree or diploma in any Faculty up to an equivalent of 30 credits for this degree, and credits will be awarded for a pass in such papers in accordance with the following:

<table>
<thead>
<tr>

<td></td>
</tr>
</tbody>
</table>

Note: Where a paper appears in both the Science Schedule and the Arts or Commerce Schedule, then the Science Credits shall be used.

7. A candidate may not take a subject unless he or she has passed or been exempted from a prerequisite subject for that subject as provided in Regulation 9, and the Schedule to it; provided that:

(a) where a prerequisite has been waived by the Head of Department and imposed instead as a corequisite to allow a student to enrol in an advanced paper, then the advanced paper may not be credited as a pass for the candidate's course of study unless and until the candidate has passed the corequisite,

(b) the candidate has been exempted from one or more of the subjects of the course for this Degree under the Ad Eundem Statum Regulations, the Senate may at its discretion exempt the candidate from the requirements of this Regulation.

Honours

8. The Degree of Bachelor of Architecture may be awarded with or without Honours according to the standard of the candidate’s work in the best 48 credits from papers at the 200 level or higher taken for the Fourth or Fifth Architecture Examination, including 12 credits drawn from Fifth Architecture Examination Design papers, Research Reports or Thesis.

Schedule

9. (a) This Schedule sets out paper numbers, titles of papers, credits, prerequisites, corequisites and other conditions applying to papers offered for the Degree of Bachelor of Architecture within the five departmental subject areas.

(b) The Schedule shall be read with the other Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.

(c) The heading ‘prerequisites’ in relation to a paper refers to other papers or combinations of papers which must be passed before the candidate may take that paper.

(d) The heading ‘corequisites’ in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year.

(e) The heading ‘restrictions’ in relation to a paper refers to a paper which cannot be taken in addition to that paper.

(f) Elective Studies (3 credits), Research Reports (6 credits) and Thesis (12 credits) are each based on an approved advanced topic in the subject area shown.

Note: (i) Starred papers will not be taught during the current Calendar year unless sufficient staff is available
(ii) Consult the Department for details of special topics offered in the current calendar year.

**Transitional**

10. (a) Except as otherwise provided in this Regulation, the course of study of every candidate shall be governed by these Regulations.
   (b) A candidate who gained credits in any subject or paper under any of the former Regulations for this Degree shall be credited with such equivalent papers and credits as may be determined by the Senate.
   (c) A candidate who has completed at an acceptable standard the Architecture Intermediate Examination as described in Regulation 6 of the 1992 Regulations shall be exempt from the First Architecture Examination and transfer to these Regulations subject to a restriction to a maximum of 10 in the number of credits for a paper or papers as defined in the regulations for any other degree or diploma which may be awarded for this Degree.

**Exceptions**

11. The Senate may, in such cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

**Commencement**

12. These regulations shall come into force on 1 January 1993.

**THE DEGREE OF MASTER OF ARCHITECTURE MArch**

The personal course of study of every candidate must be approved by the Senate: Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Architecture shall before enrolment for this Degree have been admitted or qualified for admission to the Degree of Bachelor of Architecture.

Note: A candidate who has been awarded the Diploma in Architecture and has approved professional experience shall be eligible to enrol for this degree.

2. Every candidate for this Degree shall:
   (a) follow a course of study of not less than one year, and
   (b) (i) pass in each of five papers (including at least three from one of the Subject Areas - Architectural Technology; History, Theory & Criticism; Practice & Management; or Drawing, Computing and Communication - below) and a related Major Project which shall count as two papers; or
   (ii) pass in each of three papers (including at least two from one of the Subject Areas - Architectural Technology; History, Theory & Criticism; Practice & Management; or Drawing, Computing and Communication - below) and a related Thesis which shall count as four papers; or
   (iii) pass in one paper from the Subject Areas Architectural Technology; History, Theory & Criticism; Practice & Management; or Drawing, Computing and Communication below, and a Major Project which shall count as two papers, and a related Thesis which shall count as four papers.
3. The following conditions shall apply to the choice of papers:
   (a) Every candidate shall choose papers in consultation with the Head of Department from those listed in clause (b) of this Regulation; provided that no paper that has been credited to another degree shall be taken for this Degree.
   (b) The papers for this Degree are such of the following as are from time to time offered:
   (i) **Design Subject Area**
      - 115.500 Project
      - 115.501 Major Project (value 2 papers)
   **Architectural Technology Subject Area**
      - 115.510 Construction
      - 115.511 Structure
      - 115.512 Acoustics
      - 115.513 Noise Control
      - 115.514 Lighting
      - 115.515 Energy Efficient Design
      - 115.516 Building Services
      - 115.517 Environmental Aerodynamics
      - 115.518 Computer Applications (a)
      - 115.520 Elective
      - 115.521 Elective
   **History, Theory & Criticism Subject Area**
      - 115.530 Building Conservation
      - 115.531 NZ Architecture
      - 115.532 Community Architecture
      - 115.533 Architectural Criticism
      - 115.534 Urban Design
      - 115.535 Oceanic Architecture
      - 115.536 Contemporary Architectural Theory
      - 115.537 Design & Building Evaluation
      - 115.540 Elective
      - 115.541 Elective
   **Practice & Management Subject Area**
      - 115.560 Documentation
      - 115.561 Building Economics
      - 115.562 Project Management
      - 115.563 Practice Management
      - 115.564 Construction Management
      - 115.565 Marketing Architectural Services
      - 115.566 Quality Control
      - 115.567 Computer Applications (b)
      - 115.570 Elective
      - 115.571 Elective
   **Drawing, Computing and Communication Subject Area**
      - 115.580 Architectural Drawing
      - 115.581 Computer Graphics
      - 115.582 Communication
      - 115.590 Elective
      - 115.591 Elective
   *Note:* Not all of the above papers will be available in a given year.

   and one or two from:
   (ii) Those papers offered at Fourth or Fifth Architecture Examination level for the BArch degree, provided that any paper of less than 5 credits shall be supplemented by a 3-credit Elective Study in a topic relevant to the paper, to a total of not less than 5 credits; and
   (iii) Those offered in any other Department at the final-year undergraduate level or the Master’s level provided:
      (a) that prerequisites and timetabling requirements can be met, and
      (b) that the syllabus is not the same as or substantially overlapping with any paper prescribed for this Degree, and
      (c) that the paper has a weight not less than that of an Architecture Master’s paper.

4. **Thesis**
   (a) The thesis shall be of the value of four papers, and shall embody the results obtained by the candidate in an investigation in a subject approved by the Head of Department.
   (b) A candidate shall present the thesis in the year in which the last papers are taken, or in a subsequent year within three years of the year in which the candidate was first enrolled; but this period may in exceptional circumstances be extended by the Senate.
   (c) The candidate shall deliver the thesis to the Registrar by 1 November of the year in which it is presented or at a later date with the permission of the Head of Department.

   *Note:* An abstract is to be submitted with each copy of the thesis, see Examination Regulation.

5. **Classes of Pass**
   - The Degree of Master of Architecture may, on the recommendation of the Senate, be awarded with Distinction.

6. **Transitional**
   (a) Candidates enrolled in or before 1990 under the MArch Regulations in the 1989 Calendar may in 1993 complete under those Regulations, or may transfer to these Regulations with such credits as the Senate may determine.
(b) Candidates enrolled in 1991 or 1992 under the MArch Regulations in the 1991 Calendar shall transfer to these Regulations with such credits as the Senate may determine.

7. These Regulations shall come into force on 1 January 1991.

THE DEGREE OF MASTER OF BUILDING SCIENCE MBldgSc

The personal course of study of every candidate must be approved by the Senate: Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Prescriptions

1. (a) Subject to the Admission Regulations, a candidate for the Degree of Master of Building Science shall before enrolment for this Degree have been admitted or qualified for admission to the Degree of Bachelor of Architecture or the Degree of Bachelor of Engineering.

(b) A candidate who has passed some of the requirements of or qualified for the award of the Diploma in Building Science but has not been awarded the Diploma may transfer to this Degree with appropriate credits.

2. Every candidate for this Degree shall:

(a) follow a course of study of not less than one year, and

(b) (i) pass in each of five papers (including at least three from the Services Subject Area below) and a related Major Project 115.559 which shall count as two papers; or

(ii) pass in each of three papers (including at least two from the Services Subject Area below) and a related Thesis 115.611 which shall count as four papers; or

(iii) pass in one paper from the Services Subject Area below and a Major Project 115.559 which shall count as two papers, and a related Thesis 115.611 which shall count as four papers.

Papers

3. The following conditions shall apply to the choice of papers:

(a) Every candidate shall choose papers in consultation with the Head of Department from those listed in clause (b) of this Regulation: provided that no paper that has been credited to another degree shall be taken for this Degree.

(b) The papers for this Degree are such of the following as are from time to time offered:

A. Architectural Technology Subject Area

- 115.510 Construction
- 115.511 Structure
- 115.512 Acoustics
- 115.513 Noise Control
- 115.514 Lighting
- 115.515 Energy Efficient Design
- 115.516 Building Services
- 115.517 Environmental Aerodynamics
- 115.518 Computer Applications (a)
- 115.520 Elective
- 115.521 Elective

B. Practice & Management Subject Area

- 115.560 Documentation
- 115.561 Building Economics
- 115.562 Project Management
- 115.563 Practice Management
- 115.564 Construction Management
- 115.565 Marketing Architectural Services
- 115.566 Quality Control
- 115.567 Computer Applications (b)
- 115.570 Elective
- 115.571 Elective

C. Services Subject Area

- 115.550 Fire Protection and Security Services
- 115.551 Selection and Maintenance of Building Services
- 115.552 Health Aspects of Building Services
- 115.553 Co-ordination of Building Services
- 115.554 Inventories of Building Services

(c) Consideration shall also be given to the selection of appropriate Masters level papers offered by the Department of Mechanical Engineering in consultation with the Head of that Department.

Note: Not all of the above papers will be available in a given year.

Major Project

4. A candidate must submit the project report not later than twelve months after enrolment for this project provided that the Senate may, in exceptional circumstances, extend this period.

Thesis

5. The following conditions apply to the thesis (115.611):

(a) The thesis shall be of the value of four papers, and shall embody the results obtained by the candidate in an investigation in a subject approved by the Head of Department.

(b) A candidate shall present the thesis in the year in which the last papers are taken, or in a subsequent year within three years of the year in which the candidate was first enrolled; but this period may in exceptional circumstances be extended by the Senate.
Department of Architecture, Degree Regulations, MBldgSc, Joint NZIA/AERB Examination

(c) The candidate shall deliver the thesis to the Registrar by 1 November of the year in which it is presented or at a later date with the permission of the Head of Department.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 16.

Classes of Pass
6. The Degree of Master of Building Science may, on the recommendation of the Senate, be awarded with Distinction.

Commencement
7. These Regulations shall come into force on 1 January 1993.

JOINT NZIA/AERB SPECIAL EXAMINATION

Note: These regulations are made by the Council of the New Zealand Institute of Architects (NZIA) and the Architects Education and Registration Board (AERB) for the purpose of prescribing the form and conduct of the Joint NZIA/AERB Special Examination which is administered by a Special Examination Committee representing both the NZIA and the AERB. The completion of the requirements of the Joint Special Examination is recognised by the AERB as a qualification for registration (see The Architects Act, Section 16). Persons who have completed the Joint Special Examination and who wish to become registered under the Architects Act 1963 are required to make separate application for registration to the AERB and are required to attend the Board's professional interview.

The completion of the requirements of the Joint Special Examination is recognised by the NZIA for corporate unclassified Membership. Registration is a prerequisite for corporate membership as an Associate of the NZIA.

1. Persons who fulfil the conditions set out in Clause 2 or Clause 3 below may apply to the Joint Special Examination Committee for admission to this Examination. Applications must be made on the official application form.

2. The Committee will consider applications from persons who:

(a) hold an overseas qualification acceptable in the country in which it was obtained as being of professional standard in architecture and in the opinion of the Committee of comparable standard to a recognised certificate granted in New Zealand (Architects Act 1963 Sec 16(1)(c)(i));
(b) provide documentary evidence of the qualification obtained, including where possible details of the course prescriptions and grades obtained;
(c) are New Zealand citizens or hold valid residence or work visas and provide substantiating documentary evidence thereof;
(d) provide details of their experience and examples of their work, together with suitable corroborative evidence. The extent of the applicant’s personal involvement in the preparation of the examples provided shall be certified by statutory declaration;
(e) provide a recently written article, thesis or review in English, the sole work of the applicant, on an architectural or related topic, as an indication of the candidate’s ability to study or analyse a topic and write clearly upon it;
(f) provide any further information that may be requested by the Committee.

3. The Committee will consider applications from candidates who:

(a) by their work have demonstrated a level of achievement worthy of an architect;
(b) are not less that 35 years of age and have not less than 10 years’ suitable architectural experience in New Zealand;
(c) provide details of their experience and examples of their work, together with suitable corroborative evidence. The extent of the applicant’s personal involvement in the preparation of the examples provided shall be certified by statutory declaration;
(d) provide a written article, thesis or review, the sole work of the applicant, on an architectural or related topic, as an indication of the candidate’s ability to study or analyse a topic and write clearly upon it;
(e) provide evidence of age;
(f) provide current statements from at least three registered architects attesting to the applicant’s experience, achievements and suitability for the profession;
(g) provide any further information that may be requested by the Committee.

4. A fee shall be paid by the applicant to the NZIA upon making formal application to the Examination, as follows:

(a) for candidates under Clause 2, $100.00 + $12.50 GST = $112.50;
(b) for candidates under Clause 3, $300.00 + $37.50 GST = $337.50.

This fee is not refundable.

5. Each applicant shall be interviewed by the Committee or by a sub-committee comprising at least two members thereof.

6. Following the interview, the Committee shall, at its discretion, admit applicants to the Examination or refuse admission.

7. On admitting a candidate to the Examination, the Committee:

(i) shall require the candidate to pass a written examination in professional practice as set out in Clause 8, provided that where the Committee is satisfied that the candidate has passed an acceptable written examination in professional practice the candidate may be exempted from this requirement; and
(ii) may at its discretion require the candidate to pass any other subject or subjects prescribed for a recognised qualification in architecture in New Zealand; and
(iii) shall require of the candidate such period of approved practical experience (up to 140 weeks from the date of application) as it sees fit.

8. The following examinations are recognised by the Committee for the purpose of Clause 7(i):

(i) 111.460 Practice and Law, as conducted for the BArch degree of the University of Auckland (may be taken extramurally by candidates outside Auckland); or
(ii) ARCH 204 Communication and Management and ARCH 361 Professional Practice, as conducted for the BArch degree of the Victoria University of Wellington.

9. On passing the required subjects and satisfying the Committee that any period of required practical experience has been satisfactorily completed, the candidate shall be entitled to a Certificate stating that he/she has completed the requirements of the Joint Special Examination.

10. On refusing an applicant admission to the Examination, the Committee shall provide reasons for its decision in writing. The Committee will consider a further application after not less than three years from the date of the previous application.

11. Application forms for admission to the Examination may be obtained from the Secretary, Joint NZIA/AERB Special Examination Committee, School of Architecture Property and Planning, University of Auckland, Private Bag, Auckland, to whom all applications shall be sent; or from the Executive Director NZIA, P O Box 438, Wellington.

12. These regulations shall apply to all applicants who apply for admission after 30 June 1990.
DEGREE COURSE PRESCRIPTIONS

BArch

The prescriptions for the subjects named in the preceding Regulations for BArch are listed below.

Design Subject Area

111.100 Design 100
Introductory exercises exploring the abstract nature of design; aesthetics and composition; design expression through drawing and model-making; architecture as the design of form.

111.101 Design 101
Introductory exercises exploring contextual considerations in design; the physical, social and cultural environment of design; considerations of "place" and "occasion"; architecture as the design of settings for human activities.

111.200 Design 2A to
111.503 Design 5D
(refer to Schedule)
Introductory and advanced study and practice in architectural design in the studios and laboratories, with related lectures and seminars. The scope includes the development of architectural skill and understanding and the co-ordination of the subject matter of papers in the other four subject areas.
Alternative programmes will be offered in each paper in each year. Each student will take at least one programme to developed design stage at Design 3 level.

111.509 Thesis

Architectural Technology Subject Area

111.110 Principles of Architectural Technology
Introduction to materials science; principles of structural action; principles of construction; the manufacture and application of architectural materials; elementary geology; site surveying; laboratory-based studies.

111.111 Principles of Architectural Science
Introduction to architectural physics (heat, light and sound); the physiology and psychology of vision, hearing and thermal sensation; psychophysics and quantification in environmental design; an introduction to anthropometrics and ergonomics; scientific method and experimental techniques for simple laboratory-based studies.

111.210 Construction & Structure 1
A study of the principles and applications of building construction, materials study and structure in the New Zealand industry involved in small-scaled buildings.

111.211 Environment & Services

111.310 Construction & Structure 2
A development of the study of the principles and applications of building construction, materials study and structure to a full range of building types.

111.311 Sound
A consolidation of the material previewed in Environment & Services concerning acoustics and noise control. The origins, behaviour, description and measurement of sound, and the elements of noise control, room acoustics and the hearing process, together with an introduction to the design of music rooms.

111.312 Lighting
A detailed study of light, light sources and luminaries; and of the interaction of people with light. Topics include both natural light and artificial light, their characteristics and their distribution within buildings; the perception of light and colour and people's responses to them; the quantitative description of light and lighting, ergonomics, photometrics and codes of practice.

111.313 Thermal Environment
A study of the thermal response of the building fabric in steady-state and fluctuating conditions as applied to both residential and commercial-type buildings. Assessment techniques for the design of high-comfort environments.

111.314 Services
The principles and design considerations for environmental and utility services for commercial and industrial buildings. Integration of services into building fabric. Energy considerations.

111.315 Ergonomics
The limitations and capacities of people as affecting the design of buildings, equipment and the environment. The influence of Anatomy, Physiology, and Psychology as they affect design, in order to make the best possible use of human resources.

111.316 Workshop Project
A workshop-based project intended to introduce students to woodwork and/or metalwork skills through the production of a small piece of furniture or joinery or such other project as may be approved by staff.

111.410 Advanced Structure

111.411 Multi-storey Construction
A detailed study of multi-storey construction techniques and constraints, both on-site and off-site. Legislative impact along with acceptable risk considerations. Quality control and long term maintenance philosophies, all as determinants of architectural form.

*111.412 Timber Technology
Rationalisation of timber performance in structure, and discussion of engineering use including historical, current and predicted techniques.

111.413 Alternative Technologies

111.414 Acoustics
Advanced studies in room acoustics and acoustical design of communications spaces. Control of reverberation, electronic assistance of reverberation, psychophysics of audience preference and objective measurements in rooms, acoustical models, mathematical models of rooms.

111.415 Noise Control
Noise control by planning, isolation and enclosure. Assessment of community noise and application of the local noise nuisance standards and legislation. Evaluation of noise by statistical means and the instrumentation for this. Materials for noise control, their performance specification, and theory of vibrating systems. Noise control in buildings and plant machinery, application of vibration isolation techniques. Recent developments in reactive barriers and active noise control. Design and calculation work by computer will be encouraged.

111.416 Audio Systems Design
Sound reinforcement and PA system design, covering a design method for mating a sound system with existing architecture. Required site measurements and system evaluation and how to specify the required equipment. Recent trends in direct sound designing and audience coverage.

111.417 Advanced Lighting
111.418 Energy Efficient Design - Residential
A detailed study of energy efficient techniques and their integration into the design process to produce high comfort environmentally connected residential buildings. Design and calculation by computer will be encouraged.

111.419 Energy Efficient Design - Commercial
A detailed study of available techniques, including computer methods, for assessing the energy efficiency factors involved in the design of commercial-type buildings in New Zealand. Aspects of daylighting, atria, worker efficiency and energy management along with economic assessment techniques.

111.420 Advanced Services
Advanced studies of the principles and design considerations for environmental and utility services with special reference to tall buildings. Studies of the servicing requirements and design approaches for specialised buildings (e.g., hotels, hospitals) and atrium buildings. Maintenance, replacement and energy considerations.

111.421 Lighting Project
An individual study in lighting design, to be approved prior to commencement. Suitable studies may include the detailed development of lighting for a significant space in a Design programme, the study of a particular type of architectural setting using models or existing examples, or the study of the lighting philosophy and practice of a particular architect or architects.

111.422 Multi-Storey Construction Project
A personal investigation of an aspect of the construction of multi-storey buildings leading to a scale model presentation.

111.423 Energy Efficient Design Project
A detailed personal investigation of an aspect of energy efficient design - either residential or commercial, leading to a scale model presentation.

111.424 The NZ House Construction Project
A personal investigation of an aspect of the construction of the New Zealand House - either historical or present day, leading to a scale model presentation.

111.425 Architectural Aerodynamics
A study of the influence of building shape and spacing on airflow through and around buildings. Introduces basic concepts of fluid flow and wind tunnel techniques appropriate to qualitative and simple quantitative studies.

111.426 - 111.429 Special Topics
2-credit papers which may be taught in any year, the content and requirements of each to be determined by the Head of the Department of Architecture.

111.510 - 111.513 Elective Studies
3-credit studies or projects as extensions of 300-level papers in the Architectural Technology subject area, or with the approval of Senate based on some other agreed topic in that Subject Area.

111.514 Advanced Energy Studies - Residential
Advanced studies of active and passive techniques and the properties of available materials and construction methods to achieve energy efficient design approaches. Marketing, legislative and economic assessments.

111.515 Advanced Energy Studies - Commercial
Advanced studies of design and management techniques for producing energy efficient environmentally connected commercial-type buildings. Marketing, legislative and economic assessments.

111.516 Advanced Multi-storey Construction
Advanced studies of the design implications of available materials, construction techniques, quality performance and economic considerations on the construction of multi-storey buildings.

111.520 - 111.521 Research Reports
6-credit reports based on research on an approved topic in Architectural Technology.

111.529 Thesis

History, Theory & Criticism Subject Area
111.130 History of Architecture
An introduction to the history of Western architecture. Architecture in New Zealand. The origins and development of modern architecture, and contemporary manifestations.

111.311 Theories of Architecture
An introduction to the main aspects of the architectural discipline, its derivations, purposes, processes, products and philosophical directions; a prospectus and basis for advancing theory papers.

*111.230 Egyptian Architecture
An introduction to Ancient Egyptian Architecture from the Old Kingdom (3200 BC) to the New Kingdom (1085 BC) with selected case studies.

*111.231 Byzantine Architecture
An introduction to Byzantine Architecture from 4th - 15th centuries with selected urban case studies including Constantinople.

*111.232 Renaissance & Baroque Architecture
An examination of the principal architects, works and theories from the period 1400-1700.

111.233 Modern Italian Architecture
A survey of Italian Architecture from 1900 to the present day.

*111.234 Ancient & Medieval Architecture
An examination of Western architecture together with relevant theory and criticism, from the Ancient World to the Renaissance.

*111.235 Contemporary Dutch Architecture
A study of focuses on the recent work of a number of key figures in contemporary Dutch architecture, with emphasis on the contributions of Herman Hertzberger and Aldo van Eyck. Aspects of Dutch culture, social life, and architecture in the 20th Century are introduced in support of this focus.

111.236 Vernacular Architecture
A study of vernacular architecture and its special relationship to time and place, climate and materials, traditions and building processes as well as to other forms of architecture.

111.237 Design Procedures
The idea of ‘design process’ is established and the nature of that process is examined. A variety of procedures which support the decision-making process are reviewed.

111.238 The House
An outline in Western history of the house and its development in plan, form and elements with particular reference to the changing events, lifestyles and ideas in society.

111.239 Composition, Scale & Proportion
Syntactic and semantic relationships found in architectural compositions of plan and elements with reference to their organisation, scale and proportion.

*111.240 Architectural Interpretation
Studies and interpretations of selected worldwide examples of architectural and urban form, considering their identity and signification as expressive systems in relation to context, style and epoch as well as contemporary theory and criticism.

*111.241 Organic Architecture
An examination of 20th Century architecture to which the term ‘organic’ has been applied. It examines possible meanings of the term and characteristics of an ‘organic architecture’. Selected contemporary examples from Northern European countries are studied.

*111.242 Women & Architecture
An introduction to theoretical positions and an examination of selected architectural works relevant to studies of women and architecture.

111.243 Oceanic Architecture
An introduction to the indigenous architecture of the Pacific. A study of the architecture of New Zealand Maori and a selection of Pacific Islands in depth. The particular Pacific Islands selected will vary from year to year.

111.244 Built Form & Culture
This is a study of the relationship between various cultures and their architecture. Specifically it is concerned with settlement patterns, dwellings and other buildings and relates these to various aspects of the cultures.

111.245 New Zealand Architecture
Studies in architecture in New Zealand with reference to historical
influences and particular developments.

111.330 Urban Design 1
Concepts of urban design, the history of theory, urban form, elements of urbanism, public space, selected case studies.

*111.331 Architectural Psychology
Physical, social and cultural aspects of people's interaction with the natural and built environment. Environmental perception and cognition. Individual and group spatial behaviour. Research findings and methods of relevance to architectural theory.

*111.333 Representation in Architecture
An examination of representational modes in architectural discourse and historical works examined in relation to contemporary theories. This course will be largely concerned with the role of metaphors such as those of construction, shelter, body, primal geometry, cosmology, history and identity.

111.334 Introduction to Building Conservation
An introduction to theory, legislation and technology concerning building conservation. Assessment will be based largely on practical conservation planning.

*111.335 Beginnings of Modern Architecture
An examination of selected architectural works, writings and philosophies that contributed to the development of modern architecture.

*111.336 Design & Building Performance
Studies and assessment of the performance of the designed environment, based on its people-environment interactions and seeking to assemble a comprehensive theory of its function. Techniques and applications of performance measurement and appraisal including post-occupancy research and pre-design briefing.

111.337 Introduction to Community Design
An introduction to the wide diversity of processes and skills which comprise the discipline of community architecture. The origins of the discipline will be outlined, together with its growth and development, including current examples. Communication and group facilitation techniques will be analysed and tested in the context of a typical community design process.

111.338 - 111.344 Special Topics
2-credit papers which may be taught in any year, the content and requirements of each to be determined by the Head of the Department of Architecture.

111.430 Urban Design 2
Advanced urban studies. Contemporary theory, historical research, development strategies and guidelines.

*111.432 Designing for Institutions
The examination of the special nature of design tasks which institutional settings present, reviewing a variety of strategies and procedures for managing the decision-making process in these settings. A analysis of a number of contemporary buildings that represent significant contributions in the field of institutional and public architecture.

*111.433 Architectural Semiotics
A review of the evolution of semiotic and related theory, its influence on recent architectural theorists and critics and on contemporary architects and their work.

111.434 Myth & Metaphor
Introduction to the theory of myth criticism in architecture.

111.435 Design for Sustainability
A review of the evolution of environmentally sustainable settlements and buildings. A study of the main determinants and possible architectural design responses.

111.436 - 111.440 Special Topics
2-credit papers which may be taught in any year, the content and requirements of each to be determined by the Head of the Department of Architecture.

111.441 Architectural Theory & Discourse
An examination of architectural writing on criticism relative to contemporary theoretical positions.

111.530 - 111.533 Elective Studies
3-credit studies or projects as extensions of 300-level or 400-level papers in the History, Theory and Criticism Subject Area, or with the approval of Senate based on some other agreed topic in that Subject Area.

111.540 - 111.541 Research Reports
6-credit reports based on research on an approved topic in History, Theory and Criticism.

111.549 Thesis

Practice & Management Subject Area

111.260 New Zealand Building Industry
The architectural profession and the building industry in New Zealand. Historical background and controlling legislation.

111.360 Contract Documentation
Preparation of documentation at all stages of architectural services; briefs, feasibility studies, reports, working drawings, certification; developments in this area. Principles and practice involved in the preparation of specifications, interpretation; performance specifications. Computer assistance in documentation.

111.361 Building Economics

*111.362 Town Planning

111.460 Practice & Law

111.461 Commercial Practice and Management
A general appreciation of the principles and practice of accounting and commercial practice relevant to the practice of architecture. Management theory organisation; administration, production, distribution and control aspects; economic, financial and investment theories and techniques.

111.462 Cost Control
Cost planning and control in relation to the design team and design process. Economic feasibility. Cost in use studies. The quantity surveyor. Pricing.

*111.463 Construction Management
Introduction to quantitative techniques in management of construction projects.

*111.464 Computers in Practice
A study of the utilisation and potential of computers in architectural practice and their support of information systems, and the implications of rapid change for management and planning.

111.465- 111.470 Special Topics
2-credit papers which may be taught in any year, the content and requirements of each to be determined by the Head of the Department of Architecture.

111.560 - 111.561 Elective Studies
3-credit studies or projects as extensions of 300-level or 400-level papers in the Practice and Management Group, or with the approval of Senate based on some other agreed topic in that Group.

111.570 - 111.571 Research Reports
6-credit reports based on research on an approved topic in Practice and Management.

111.579 Thesis

Drawing and Related Skills Subject Area

111.180 Architectural Drawing 1
Introduction to the practice and analysis of architectural drawing. Freehand and instrumental drawing. Conventional projections and basic descriptive geometry.

111.181 Freehand Drawing 1
Freehand drawing techniques, sketching, basic perspective, the use of various media.

111.182 Architectural Drawing 1a
Introduction to the practice and analysis of architectural drawing.
Freehand and instrumental drawing. Conventional projections and basic descriptive geometry.

111.183 Freehand Drawing 1a
Freehand drawing techniques, sketching, basic perspective, the use of various media.

111.280 Architectural Drawing 2
Relationship between architectural form and its graphical representations. Analytical and critical value of drawing. Representation and rendering techniques related to studio drawing.

111.281 Freehand Drawing 2
Advanced techniques in freehand drawing, two-and three-point perspective.

111.282 Introduction to Architectural Computing
A 'hands-on' introduction to current computing practice in architecture. Use of available software to produce textual and graphical documents and architectural drawings. No prior knowledge of computing is expected.

*111.283 Communications in Design
The application of communications theory to design practice and education. Notions of the inter-communication processes will be analysed, as will the concept of the 'hidden curriculum'. The deep structure of communication processes will be studied in terms of their impact on design with respect to both intra-personal communication and inter-personal communication, using a wide variety of communications media.

111.380 Architectural Drawing 3
Theories and practical exercises in architectural drawing. The value and purpose of drawing in its relationship to the design process and understanding architecture. Contemporary presentation techniques relating to drawing architecture.

*111.381 Human Figure in Architecture
A drawn study of the structure and detail of the human figure and its relationships to architecture.

111.382 Life Drawing
Analysis and understanding of proportion, structure, scale and how the human figure relates to architectural space and form.

111.383 Measured Drawing
Measure, record and draw existing New Zealand architecture of historical and cultural significance.

111.384 Audiovisual Techniques
Co-ordination of skills and techniques in photography, multiple image projection, video, audio and other media.

111.385 Computer Aided Design
Extended exposure to CAD and graphical information processing techniques. Introduction to the management and utilisation of computers in practice.

111.480 Advanced Architectural Computing
Exploring new and more complex applications in technical draughting, architectural representation and animation, and other computer-based architectural techniques.

111.481 - 111.489 Special Topics
2-credit papers which may be taught in any year, the content and requirements of each to be determined by the Head of the Department of Architecture.

111.580 - 111.581 Elective Studies
3-credit studies or projects as extensions of 300-level or 400-level papers in the Drawing and Related Skills Subject Area, or with the approval of Senate based on some other agreed topic in that Subject Area.

111.590 - 111.591 Research Reports
6-credit reports based on research on an approved topic in Drawing, Computing and Communication.

111.599 Thesis

MArch and MBldgSc

Design Subject Area
115.500 Project
115.501 Major Project (Value two papers)
An advanced project on which the candidate is required to submit a report. The project may be a design study, a technological or historical investigation, an experimental or theoretical research project, the development of a new design procedure, the development of a computer package.

Architectural Technology Subject Area
115.510 Construction
Advanced studies in methods of construction, materials used and services included, with reference to issues such as long term maintenance, energy management.

115.511 Structure
Advanced studies in structural design and the behaviour of buildings and building components under stress.

115.512 Acoustics
Advanced studies in selected aspects of room acoustics, including reverberation control, electronic assistance, design principles, theory, measurement, physical and mathematical models.

115.513 Noise Control

*115.514 Lighting
Selected aspects of natural and artificial lighting of building interiors, artificial lighting of building exteriors, landscapes.

115.515 Energy Efficient Design
Advanced studies in available techniques for the efficient use of passive and active energy in selected building types.

115.516 Building Services
Advanced studies in the provision, installation and control of all forms of building services.

115.517 Environmental Aerodynamics
Aspects of the effects and modification of air movement in and around buildings.

115.518 Computer Applications (a)
Applications of computer technology to problems in building construction and technology.

115.520 Elective
An advanced topic in building construction and technology to be determined each year by the Head of the Department of Architecture.

115.521 Elective
An advanced topic in building construction and technology to be determined each year by the Head of the Department of Architecture.

History, Theory & Criticism Subject Area
115.530 Building Conservation
Advanced studies in the theory, legislation and technology of building conservation.

115.531 NZ Architecture
Selected aspects of the history of architecture in New Zealand with reference to particular developments and influences.

115.532 Community Architecture
Advanced studies in the processes of community architecture, including communication and group facilitation techniques, in the context of specific community design opportunities.

115.533 Architectural Criticism
Advanced studies of architectural writing on criticism relative to contemporary theoretical positions.

115.534 Urban Design
An advanced paper on the history, theory and development guidelines in relation to urbanism and urban forms.

115.535 Oceanic Architecture
Selected aspects of the indigenous architecture of the New Zealand Maori, the Pacific Islands and Asian Pacific Rim countries.
115.536 Contemporary Architectural Theory
Advanced studies in contemporary architectural theory from writings, design, and built work.

115.537 Design and Building Evaluation
Extended studies in observing, measuring and assessing the performance of designed environments. Development of theory and techniques including post-occupancy research and pre-design briefing.

115.540 Elective
An advanced topic in the history or theory of architecture to be determined each year by the Head of the Department of Architecture.

115.541 Elective
An advanced topic in the history or theory of architecture to be determined each year by the Head of the Department of Architecture.

Services Subject Area

115.550 Fire Protection & Security Services
Fire resistance of materials and construction and related regulations and the role of fire engineering in building design. Security services for fire detection and control, access and egress in buildings are discussed in a systems context to explore their interaction and management.

115.551 Selection and Maintenance of Building Services
Criteria for the selection of building services equipment along with techniques for its programmed maintenance and eventual upgrading or replacement.

115.552 Health Aspects of Building Services
The identification of possible sources of bacteria and particles associated with building services equipment proven to be harmful or toxic to humans. Procedures for their detection and control are discussed along with strategies to minimize their presence.

115.553 Co-ordination of Building Services
Techniques for co-ordinating the interdependence and interaction of building services equipment and with the building structure and fabric.

115.554 Inventories of Building Services
Manual and computerised techniques for establishing and maintaining inventories of building services equipment for the purposes of programmed maintenance and reorganisation during partial or major building refurbishment.

Practice & Management Subject Area

115.559 Major project (value two papers)
An advanced project on which the candidate is required to submit a report. The project may be a design study, a technological or historical investigation, an experimental or theoretical project, the development of a new design procedure, the development of a computer package.

115.560 Documentation
Advanced studies in communication and documentation at all stages in architectural practice, from briefing to certification.

115.561 Building Economics
Advanced studies in the application of economics to decisions as to what, whether and how to build. Energy and investment considerations.

115.562 Project Management
Advanced studies in the management of building projects, from economic feasibility through the engagement and briefing of consultants, the design and construction process, letting and leasing.

115.563 Practice Management
Advanced studies in the principles and practice of managing an office engaged in the practice of architecture. Management, accounting, control systems.

115.564 Construction Management
Advanced studies in the management of the construction process. Quantitative and other techniques in management.

115.565 Marketing Architectural Services
Studies in marketing research and marketing strategies in relation to the provision of architectural services.

115.566 Quality Control
The specification and management of quality. Policies, objectives, process control, inspection, costs and economics. Systems and their auditing.

115.567 Computer Applications (b)
Applications of computer technology to problems in architectural practice and management.

115.570 Elective
An advanced paper on a topic in architectural practice, economics, management, to be determined each year by the Head of the Department of Architecture.

115.571 Elective
An advanced paper on a topic in architectural practice, economics, management, to be determined each year by the Head of the Department of Architecture.

Drawing, Computing and Communication Subject Area

115.580 Architectural Drawing
Advanced studies in architectural drawing. Studies of contemporary presentation techniques and historical precedents.

115.581 Computer Graphics
Advanced applications of CAD and computer graphics techniques.

115.582 Communication
Advanced studies in communication: verbal, written, graphic, photographic, cinematography, video, multiple image projection, audio-visual, computer-aided and other media.

115.590 Elective
An advanced paper on a topic in drawing, audio-visual techniques or computer graphics, to be determined each year by the Head of the Department of Architecture.

115.591 Elective
An advanced paper on a topic in drawing, audio-visual techniques or computer graphics, to be determined by the Head of the Department of Architecture.

Note: * Starred papers will not be taught during the current Calendar year
† Dagged papers will not be taught during the current Calendar year unless sufficient staff is available

DIPLOMA COURSE REGULATIONS

POSTGRADUATE DIPLOMA IN BUILDING SCIENCE PGDipBldgSc

The personal course of study of every candidate must be approved by the Senate: Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Postgraduate Diploma in Building Science shall before enrolment for this Degree have been admitted or qualified for admission to the Degree of Bachelor of Architecture or the Degree of Bachelor of Engineering.
2. Every candidate for this Postgraduate Diploma shall:
   (a) follow a course of study of not less than one year, and
(b) (i) pass in each of four papers (including at least three from the Services Subject Area below); or
(ii) pass two papers (including at least one from the Services Subject Area below) and a major project related to building services to count as two papers.

Papers
3. The following conditions shall apply to the choice of papers:
   (a) Every candidate shall choose papers in consultation with the Head of Department from those listed in clause (b) of this Regulation: provided that no paper that has been credited to another degree shall be taken for this Postgraduate Diploma.
   (b) The papers for this Postgraduate Diploma are such of the following as are from time to time offered:

A. Architectural Technology Subject Area
   115.510 Construction
   115.511 Structure
   115.512 Acoustics
   115.513 Noise Control
   *115.514 Lighting
   115.515 Energy Efficient Design
   115.516 Building services
   115.517 Environmental Aerodynamics
   115.518 Computer Applications (a)
   115.520 Elective
   115.521 Elective

B. Practice & Management Subject Area
   115.560 Documentation
   115.561 Building Economics
   115.562 Project Management
   115.563 Practice Management
   115.564 Construction Management
   115.565 Marketing Architectural Services
   115.566 Quality Control
   115.567 Computer Applications (b)
   115.570 Elective
   115.571 Elective

C. Services Subject Area
   115.550 Fire Protection and Security Services
   115.551 Selection and Maintenance of Building Services
   115.552 Health Aspects of Building Services
   115.553 Co-ordination of Building Services
   115.554 Inventories of Building Services
   (c) Consideration shall also be given to the selection of appropriate Masters level papers offered by the Department of Mechanical Engineering in consultation with the Head of that Department.
   Note: Not all of the above papers will be available in a given year.

Major Project
4. A candidate must submit the project report not later than twelve months after enrolment for this project provided that the Senate may, in exceptional circumstances, extend this period.

Commencement
5. These Regulations shall come into force on 1 January 1993.

DEGREE COURSE REGULATIONS

DEPARTMENT OF PROPERTY
THE DEGREE OF BACHELOR OF PROPERTY BProp

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for General provisions affecting their course of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. (a) Subject to the Admission Regulations, and except as elsewhere provided in these Regulations, a candidate for the Degree of Bachelor of Property shall:
   (i) pursue a course of study of not less than three years, and
   (ii) pass the papers as required under Regulation 3 of this Degree.
   (b) Except with the permission of the Senate no candidate for this Degree shall take in any one year Property examinations worth more than 42 credits.

Examinations
2. (a) No candidate may enrol for any paper of the Second Property Examination without having passed at least 10 papers or 30 credits from the First Property Examination. No candidate may enrol for any paper of the Third Property Examination without having passed at least 30 credits from the Second Property Examination.
   (b) No candidate may enrol for any paper in the Third Property Examination without having completed the First Property Examination (a minimum of two papers from the Graduate Property Examination under Regulation 8).
   (c) Notwithstanding the provisions of Regulations (a) and (b) above a candidate may at the discretion of Senate be allowed in exceptional circumstances to proceed to the Second and Third Property Examinations.
The First Property Examination
3. The First Property Examination shall comprise:

Part A: Context Papers (14 Credits)
- 110.100 Information, Communication and Presentation
- 110.101 Law, Government & Politics
- 110.102 Economics & Society

Part B: Core Papers (16 Credits)
- 112.100 Valuation I
- 112.101 Property Processes & Skills
- 112.105 Finance I
- 112.106 Business Accounting I
- 112.115 Construction I
- 112.118 Land Use Planning I

Part C: Applied Papers (6 Credits)
- 112.130 Applied Valuation I
- 112.131 Applied Investment I
- 112.135 Applied Construction I

Second Property Examination
4. The Second Property Examination shall comprise:

Part A: Core Papers
Valuation: (4 Credits)
- 112.200 Valuation 2
Investment: (4 Credits)
- 112.205 Finance 2
- 112.206 Business Accounting 2
Management: (6 Credits)
- 112.210 Principles of Property Management
- 112.211 Law 2
Development: (8 Credits)
- 112.215 Construction 2
- 112.216 Property Economics
- 112.217 Principles of Development
- 112.218 Land Use Planning 2
Marketing: (2 Credits)
- 112.220 Principles of Marketing

Part B: Applied Papers: (8 Credits)
Four papers from the following schedule:
- 112.230 Applied Valuation 2
- 112.231 Applied Investment 2
- 112.232 Applied Management
- 112.233 Applied Development
- 112.234 Applied Marketing

Part C: Elective Paper (4 credits)
Any paper offered in the Faculties of Arts, Commerce or Science, or any paper or papers in the Departments of Architecture or Planning, to a total of at least 4 credits.

Third Property Examination
5. The Third Property Examination shall comprise:

Part A: Core Papers
Valuation: (4 Credits)
- 112.300 Valuation 3
Investment: (4 Credits)
- 112.305 Finance 3
- 112.306 Investment Markets & Strategies
Management: (6 Credits)
- 112.310 Advanced Property Management
- 112.311 Law 3
Development: (6 Credits)
- 112.315 Construction 3
- 112.316 Urban Land Economics

**Corequisites**
6. A candidate shall comply with the corequisites relating to any Property Examination; except as the Head of Department may otherwise permit.

**Substitutions**
7. (a) A candidate, subject to the approval of the Head of the Department of Property, may take a paper or papers prescribed for a Degree or Diploma in any Faculty of this University up to an equivalent of 30 credits for this Degree.

(b) A candidate enrolled in a paper from another Degree shall comply with the requirements for that paper including those relating to pre-enrolment, corequisites, prerequisites, restrictions, combinations of subjects and practical work unless any of those requirements are waived by the Department from which the paper is taken.

(c) The credits allowed for the purpose of this regulation shall be:

<table>
<thead>
<tr>
<th>Faculty</th>
<th>Segment of Study</th>
<th>Equivalent credits for this degree</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arts</td>
<td>per paper</td>
<td>5 credits</td>

</tr>
<tr>
<td>Law</td>
<td>per 23 hours of lectures</td>
<td>2 credits</td>
</tr>
<tr>
<td>Science</td>
<td>per credit</td>
<td>1 credit</td>
</tr>
</tbody>
</table>

Credits in any paper prescribed by any other Faculty or Joint Board of Study shall be as determined by the Head of Department.

**Graduate Entry**
8. Subject to the Admission Regulations and Regulation 7 of these Regulations a candidate who has been admitted or qualified for admission to the Degree of Bachelor of Architecture, or the Degree of Bachelor of Arts, or the Degree of Bachelor of Commerce, or the Degree of Bachelor of Engineering, or the Degree of Bachelor of Laws, or the Degree of Bachelor of Planning, or the Degree of Bachelor of Science may complete this Degree by:

(i) substituting for the First Property Examination a Graduate Property Examination which shall consist of Valuation 1 (112.100), Finance 1 (112.105) and Construction 1 (112.115), and

(ii) completing the Second Property Examination including Applied Valuation 2 (112.230) and Applied Investment 2 (112.231) less the Part C Elective Paper.

(iii) completing the Third Property Examination less the Part C Elective Paper.

**Revocation & Transitional Arrangements**
9. (a) The course of each candidate shall be governed by these Regulations and the Regulations governing the Bachelor of Property Administration published in the University of Auckland Calendar for 1992 ("The 1992 Degree Regulations") are revoked subject to the later provisions of this Regulation.

(b) A candidate who has completed at an acceptable standard the whole or at least six papers including 37.100 of the Intermediate Examination under Regulation 3 of the 1992 Degree Regulations may transfer to the Bachelor of Property Degree subject to completing the Second and Third Property Examinations.

(c) A candidate who was enrolled in but failed to complete at least six papers of the Intermediate Examination under Regulation 3 of the “1992 Degree Regulations” at an acceptable standard may complete that Examination by substituting as necessary for the paper or papers shown in the column headed “1992 Degree Regulations” the corresponding paper or papers shown in the column headed “Corresponding Papers” together with additional papers approved by the Head of Department to provide the equivalent credits.

(d) A candidate who has completed the whole of the First Professional Year of the “1992 Degree Regulations” shall be deemed to have completed the Second Property Examination towards the Degree of Bachelor of Property. In order to complete the Bachelor of Property Degree such candidates must complete the whole of the Third Property Examination.

(e) A candidate who has failed to complete a Professional Examination under the “1992 Degree Regulations” shall in order to complete that examination substitute for the papers shown in the column headed “1992 Degree Regulations” the corresponding paper or papers shown in the column headed “Corresponding Papers” together with additional papers approved by the Head of Department to provide equivalent credits.

(f) The provisions of Regulation 7(c) shall apply for the purpose of calculating credits for subjects taken in other Faculties.
THE DEGREE OF MASTER OF PROPERTY MProp

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. (1) Subject to the Admission Regulations, a candidate for the Degree of Master of Property shall before enrolment for this Degree:
   (a) have been admitted or qualified for admission to the Degree of Bachelor of Property and have:
      (i) attained an average grade of C+ or higher in the course of study of that Degree; or
      (ii) had at least two years’ relevant postgraduate experience in the field of study for this Degree; or
      (iii) otherwise shown to the satisfaction of the Head of Department capacity to undertake advanced study and research in the subjects proposed to be taken for this Degree; or
   (2) Where the Head of Department so recommends, the Senate may approve the enrolment for this Degree of a candidate who has completed either:
      (a) (i) the Diploma in Urban Valuation, or
      (ii) the Diploma in Valuation, or
      (iii) the Degree of Bachelor of Property Administration; and who has:
      (b) through other university study, through relevant practical experience, or otherwise, shown capacity to undertake advanced study and research in the subjects proposed to be taken for this Degree.

Course Content

2. Every candidate for this Degree shall
   (a) in the first year take the examinations in three of the papers prescribed in Regulation 3 of these Regulations, except that a candidate who provides evidence of being engaged in full-time employment may be permitted by the Head of Department to present one or two papers in the first year and the remainder in the second year; and
   (b) in the second year or, in the case of a student engaged in full-time employment in the third year, present a thesis (112.600) under the conditions prescribed in Regulation 4.

Papers

3. The papers for this Degree are such of the following as are from time to time offered:
   112.400 Property Valuation
   112.401 Property Investment
   112.402 Property Management
   112.403 Property Marketing
   112.404 Property Development
   112.405 Special Topic
   112.406 Special Topic
   112.407 Special Topic
   112.408 Special Topic
   112.409 Special Topic
   and not more than one of any other 400 level or higher paper from any department approved by the Head of the Department.

Thesis

4. (a) The thesis shall be of the value of four papers, and shall embody the results obtained by the candidate in an investigation relating to some aspect of Property.
   (b) A candidate shall present the thesis in the year following that in which the last papers are taken, or in a subsequent year within three years of the year in which the candidate was first enrolled; but this period may in exceptional circumstances be extended by the Senate.
(c) The candidate shall deliver the thesis to the Registrar by 1 November of the year in which it is presented or at a later date with the permission of the Head of Department.

Honours
5. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Where
(i) on first examination, a candidate fails a paper; or
(ii) on first submission, a candidate’s thesis is of inadequate standard, Honours shall not be awarded, but a candidate whose performance at a written examination has been seriously impaired by illness or injury or exceptional circumstances (certified as such under the aegis of the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination so as to be still eligible for the award of Honours subject to the provisions of paragraph (c) of this Regulation.

(c) A candidate shall be eligible for the award of Honours only if the requirements for Honours are completed within three years of the candidate’s first enrolment for this Degree, but this period may in exceptional circumstances be extended by the Senate.

Revocation & Transitional Arrangements
6. (a) The course of each candidate shall be governed by these Regulations and the Regulations governing the Master of Property Administration published in the University of Auckland Calendar for 1992 (“The 1992 Degree Regulations”) are revoked subject to the later provisions of this Regulation.

(b) A candidate who in or before 1992 was enrolled for MPA under the 1992 Degree Regulations, but has not completed that Degree, may elect
(i) to complete MPA under those Regulations, provided the degree is completed by the end of the 1994 calendar year; or
(ii) to complete MProp under these Regulations, in which case a candidate who has completed any paper prescribed in Regulation 3 of the 1992 Degree Regulations shown in the column headed “1992 Degree Regulations” shall be deemed to have completed the corresponding paper shown in the column headed “Corresponding Papers”.

1992 Degree Regulations
37.401 Building Construction
37.402 Land Administration
37.403 Property Law
37.404 Urban Land and Building Economics
37.405 Valuation
37.406 Appraisal
37.407 Real Estate Financing
37.408 Property Marketing
37.409 Building Restoration
37.410 Construction Management

112.407 Special Topic
112.403 Property Marketing
112.408 Special Topic
112.409 Special Topic

Commencement
7. These Regulations shall come into force on 1 January 1993.

DEGREE COURSE PRESCRIPTIONS

BProp
Prescriptions for the subjects named in the preceding regulations for BProp are given below.

110.100 Information, Communication & Presentation
Data collection and analysis; written and graphic communication.
Keyboarding, document design and editing; numerical and verbal skills, the media.

110.101 Law Government & Politics
Political theory; societies and the nature of development; the idea of law, legal institutions and reasoning; property rights and government regulation; taxation and redistribution; the Treaty of Waitangi.

110.102 Economics & Society

112.100 Valuation 1
The principles of property valuation. The residential property market and the techniques used in the valuation of single and multi-unit residential land and improvements.

112.101 Property Processes & Skills
The organisation and interrelationship between land related professions and an introduction to quantitative techniques required to develop an understanding of the economics of property.

112.105 Finance 1
Introduction to finance. The time value of money and the use of discounted cash flow in appraisal under conditions of certainty.

112.115 Construction 1
Historical and contemporary trends in house design. The principles of residential construction, services, maintenance, defects and repair.

112.118 Land Use Planning 1
Planning history, law and practice. The statutory processes at regional, district and maritime scheme levels. The Resource Management Act including planning application procedures.

112.106 Business Accounting 1
The nature and scope of accounting. Accounting records and journals. Income statements and balance sheets.

112.130 Applied Valuation 1
Applied studies in residential valuation.

112.131 Applied Investment 1
Applied studies in finance and investment.

112.135 Applied Construction 1
Applied studies in residential construction.

112.200 Valuation 2

112.205 Finance 2
Techniques of financial appraisal. Risk and uncertainty and an introduction to portfolio theory. Discounted cash flow approaches to the analysis of development and investment projects.

112.206 Business Accounting 2
Structures of firms. Analysis and interpretation of accounting statements. Forecasting. Accounting for going concerns. Real
112.210 Principles of Property Management

112.211 Law 2
Contract Law and legal personality.

112.215 Construction 2
The principles of design, construction and servicing of low-rise commercial and industrial buildings.

112.216 Property Economics

112.217 Principles of Development

112.218 Land Use Planning 2

112.220 Principles of Marketing
The marketing plan, market research, buyer behaviour, market segmentation and targeting. Promotion, the listing process and selling techniques.

112.230 Applied Valuation 2
Applied studies in commercial, industrial, or going-concern valuations.

112.231 Applied Investment 2
Applied studies in finance and investment.

112.232 Applied Management
Applied studies in management.

112.233 Applied Development
Applied studies in development.

112.234 Applied Marketing
Applied studies in marketing.

112.235 Property Management
Property management. Building management techniques including computer applications, maintenance policies, lease documentation. The management of specialised properties.

112.311 Law 3

112.315 Construction 3
The principles of construction of multi-storey commercial buildings. Human comfort, environmental control and building services.

112.316 Urban Land Economics

112.317 Advanced Development

112.320 Advanced Marketing
The Sale and Purchase Agreement. Legislation affecting real estate agency. Negotiation skills, services marketing and international marketing.

112.321 Research Report
An individual research essay on a specific topic in property.

112.330 Applied Valuation 3
Applied studies in CBD and specialised valuations.

112.331 Applied Investment 3
Applied studies in finance and investment.

112.332 Applied Advanced Management
Applied studies in advanced management.

112.333 Applied Advanced Development
Applied studies in advanced development.

112.334 Advanced Marketing
Applied studies in advanced marketing.

112.335 Applied Advanced Management
Applied studies in advanced management.

MProp
The prescriptions for the subjects named in the preceding Regulations for MProp are listed as follows:

112.400 Property Valuation
Advanced studies in valuation theory, methodologies and issues including the development of computerised valuation models.

112.401 Property Investment
The study of advanced investment appraisal techniques applied to property.

112.402 Property Management
Advanced studies in property management, including the management of specialised property and property portfolios.

112.403 Property Marketing
The study of advanced Property marketing techniques.

112.404 Property Development
Advanced studies in property development and development management.

112.405 to 112.409 Special Topic
Directed study in property topics as approved by the Head of Department of Property.

DEPARTMENT COURSE REGULATIONS

THE DEGREE OF BACHELOR OF PLANNING BPlan

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. (a) Subject to the Admission Regulations and except as otherwise provided in these Regulations, candidates for the Degree of Bachelor of Planning shall:
(i) follow a course of study for a period of not less than four years;
(ii) complete a course of study gaining at least 144 credits from four Planning Examinations comprising 36 credits each in the subjects set out in these Regulations;
(b) Except with the permission of the Senate no candidate for this Degree shall enrol for more than 42 credits in any one year.

Concessions
2. Candidates who have been awarded or qualified for admission to a degree of this University or have completed a recognised degree from another tertiary institution may be granted admission with such credits as approved by the Senate and be required to:
(a) pursue a course of study for a period of not less than two years comprising a Graduate Planning Examination each year of 42 credits; and
(b) take the non-elective papers of the Fourth Planning Examination but not in the first year and to take such other papers as prescribed by the Senate.
3. A candidate who has completed with outstanding merit a relevant recognised tertiary qualification may be granted admission with such credits as approved by the Senate.

Note: The tertiary qualifications currently recognised under Regulation 3 of these Regulations are the New Zealand Certificate in Draughting (Town and Country Planning or Architecture) and the New Zealand Certificate in Town Planning.

Examinations
4. (a) Candidates shall be required to pass as a whole each Planning Examination so that their performance in all papers of the Examination shall be considered; but
(i) where a candidate fails to pass a Planning Examination as a whole the candidate may at the discretion of the Senate be credited with a paper or papers of that Examination, and be permitted in a subsequent year to present the paper or papers not so credited, together with a paper or papers of the next succeeding Planning Examination;
(ii) a candidate who has not passed the whole of a Planning Examination but has passed 30 credits of that Examination (including all of the papers prescribed in Part A of that Examination) may enrol for a paper or papers of the subsequent Planning Examination as well as the remaining credits of the Planning Examination not completed;
(iii) a candidate who has passed less than 30 credits of a Planning Examination, whether or not these include the papers prescribed for Part A of that Examination, may not proceed in core papers higher in the degree but must enrol in the Planning Examination papers not passed and may enrol concurrently in non-core papers from the subsequent Planning Examination.
(b) Candidates whose course in any year consists of more or fewer papers than a full Examination or whose course is taken from more than one Examination shall have their performance in all papers taken in that year considered as a whole.

- 113.413  Settlement Design  | 2

Technical Skills
- 113.420  Research Study  | 5
Planning Practice and Management
- 113.430  Professional Practice  | 2

Part B: Elective Papers
Not less than 12 credits from Part B of the Third Planning Examination not taken in that Examination, including up to a further 5 credits...
from any other papers prescribed for any other degree or diploma in the University subject to the approval of the Head of the Department.  

Note: * Starred papers will not be taught during the current Calendar year.  
† Daggered papers will not be taught during the current Calendar year unless sufficient staff is available.

Credit for papers in other Faculties

9. (a) A candidate subject to the approval of the Head of the Department of Planning, may take a paper or papers prescribed for a Degree or Diploma in any Faculty of this University up to an equivalent of 15 credits for this degree.  
(b) A candidate enrolled in a paper from another Degree shall comply with the requirements for that paper including those relating to pre-enrolment, corequisites, prerequisites, restrictions, combinations of subjects and practical work unless any of those requirements are waived by the Department from which the paper is taken.

(c) The credits allowed for the purpose of this regulation shall be:

<table>

</tr>
<tr>
<td>Science</td>
<td></td>
<td>1 credit</td>
</tr>
</tbody>
</table>

CREDITS IN ANY PAPER PRESCRIBED BY ANY OTHER FACULTY OF JOINT BOARD OF STUDY SHALL BE AS DETERMINED BY THE HEAD OF DEPARTMENT.

Substitutions

10. In any case where a candidate enrolled for this Degree has been credited with a paper the content of which is substantially similar to any paper prescribed for this degree the candidate may be required to take in substitution for that paper such paper or papers of equivalent credit value as the Head of the Department determines.

Honours

11. The Degree of Bachelor of Planning may be awarded with or without Honours according to the standard of the candidate’s work in the best 36 credits in papers at the 300 level or higher, including 12 credits drawn from Fourth Planning Examination Part A. There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division.

Exceptions

12. (a) The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.  
(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

Transitional

13. (a) Except as otherwise provided in this Regulation, the course of study of every candidate shall be governed by these Regulations.  
(b) A candidate who gained credits in any subject or paper under any former Regulation for this degree shall:  
(i) in the case of a student who has passed either the Graduate Professional Examination or the Second Professional Examination of the 1992 Regulations, complete the Third Professional Examination Prescribed in those Regulations;  
(ii) in the case of a student who has passed the First Professional Examination of the 1992 Regulations, shall complete an examination comprising 113.220, 113.221, 113.230, the whole of Part A of the Third Planning Examination of these Regulations, except for 113.313, 113.320 and 113.331; and, in the following year the whole of the Fourth Planning Examination in which 113.313 may be included as an elective.  
(iii) in the case of a student who has passed the Planning Intermediate Examination of the 1992 Regulations, shall complete an examination comprising 113.110 and the whole of Part A of the Second Planning Examination of these Regulations.

Commencement

14. These regulations shall come into force on 1 January 1993.

THE DEGREE OF MASTER OF PLANNING MPlan

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Planning shall before enrolment:  
(a) have been admitted or qualified for admission to the Degree of Bachelor of Planning, and  
(b) have obtained, in the opinion of the Head of the Department, a sufficiently high standard in Part A of the Third Professional Examination, with no paper graded lower than C.

2. Except as provided elsewhere in these Regulations a candidate shall take all papers required for this Degree in the same year. A candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of the Department to present three or four papers in the first year, or in special circumstances two papers in the first year; and shall present all papers within three years of first enrolment for the Degree.

3. No candidate shall take for this Degree any paper that is the same or substantially equivalent to any other paper being taken or already passed and obtain credit for both for this Degree.

Course Content

4. Every candidate for the Degree of Master of Planning shall be required to pass in five papers and a research essay (36.603) which shall count as one paper; or four papers and a thesis (36.601) which shall count as two papers. At least two papers and the thesis or three papers and the research essay shall be chosen from Part A; not more than two papers can be chosen from Part B.
5. Where a thesis (36.601) is required the following conditions shall apply:

(a) The thesis shall embody the results obtained by the candidate in an investigation in some branch of Planning.

(b) A candidate shall present the thesis in the final year in which the papers are taken or within the next three years, provided that the time may be extended in exceptional cases by the Senate.

(c) If the Examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to resubmit it by a later date to be specified by the Examiner.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 15.

6. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Honours shall not be awarded if the papers in the first year in which a candidate takes an examination for the Degree are unsatisfactory or if the thesis at its first presentation is unsatisfactory; provided that a candidate whose performance at a written examination has been seriously impaired by illness or injury or exceptional circumstances beyond his or her control (certified as under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination so as to be still eligible for the award of Honours, subject to the provision of paragraph (c) of this Regulation.

(c) A candidate shall be eligible for the award of Honours only if the requirements for Honours are completed within three years of his or her first enrolment for this Degree.

7. These Regulations shall come into force on 1 January 1988.

DEGREE COURSE PRESCRIPTIONS

BPlan
First Planning Examination

Part A
113.100 Studio 1A
113.101 Studio 1B
113.102 Studio 1C
Introductory exercises and the development of planning skills.

113.110 Planning and Community
Evolution of planning thought and the role of planning in society; planning and development in New Zealand; concepts of critical rationality, procedure and substance.

110.100 Information Communications & Presentation
Data collection and analysis; written and graphic communication; Keyboarding, document design and editing; numerical and verbal skills; the media.

113.140 Environment and Society
Sustainability and equity; responses to the environment and environmental change; environmental basis for settlement patterns.

110.101 Law Government and Politics
Political theory; societies and the nature of development; the idea of law; legal institutions and reasoning; property rights and government regulation; taxation and redistribution; the Treaty of Waitangi.

113.141 Economics and Community
Economic systems; public policy; macro-economics; micro-economics; political economy; settlement economics; resource economics.

113.142 Social Issues in Planning
Social relationships and social institutions. Social issues. Equity, poverty and access to resources.

Second Planning Examination

Part A
113.200 Studio 2A
113.201 Studio 2B
113.202 Studio 2C
Exercises in plan making, issue identification, data assembly. Analysis and synthesis and evaluation

113.210 Settlement Planning
Comparative planning systems; development issues, regional, metropolitan, rural, urban and coastal planning.

113.211 Design and the Built Environment
Forces that shape settlements. Theories of sustainable development; modernism and democratic environments. The equitable city; gendered space; the urban village; the creative city.

113.220 Techniques for analysis and decision-making
Inventory; analysis, modelling, evaluation and strategic choice in resource management.

113.221 Research Methods: Theory & Practice
Research techniques and practical applications.

113.230 Planning and Resource Management Law
The Resource Management Act 1991 and other laws affecting local government planning; planning instruments and procedures.

113.240 Environmental Studies
Introduction to global environmental problems of population, resources and pollution.

Part B
110.200 Introduction to Landscape
Appreciation and interpretation of landscape values; design in the development of landscape and the management of resources.

113.250 Development Planning
Planning, development and administrative traditions in New Zealand and other nations.

113.252 Landscape Planning
Assessment of landscape quality; design derivation; applications to rural and urban landscapes.

Third Planning Examination

Part A
113.300 Studio 3A
113.301 Studio 3B
113.302 Studio 3C
Design, development and ecological planning practice.

113.310 Theories of Planning
Planning theory related to environmental and social ethics. Theoretical approaches concerning the nature, scope and purpose of planning.

113.311 Planning and Design
Design theory, tradition, history, skills and practice.

113.312 Economic Development and Planning
Economics and planning. Local and regional economic development planning. The role of the public, private and nonprofit sectors.

113.313 Housing
National housing resource and housing policy. Housing markets: structure, functions and failures. Housing need and access to housing.

113.320 Major Study
A supervised study developing in detail a particular aspect of planning.

113.330 Resource Management: Regulation and Control
Theory and practice of land use control techniques, plan preparation, implementation and review.

113.331 Resource Management Case Studies
Observing applications for resource consents. Environmental impact studies; mitigation and avoidance of adverse effects.

113.340 Infrastructure Planning
Planning for urban utility services, refuse disposal, communication and travel facilities, and the use of energy.

Part B

113.350 Pacific Development Issues
Role of planning in developing countries with particular reference to the South Pacific region.

113.351 Cultural Planning
Heritage values, conservation; values of indigenous people; community arts; cultural equity.

113.352 Economics for Resource Management
Identification and measurement of worth and value in resource management. Economic instruments and cost-benefit evaluation. The economics of sustainability.

113.353 Tourism Planning
Opportunities, implications and management of tourist resources in New Zealand.

113.354 Recreation and Reserves Planning
Planning for leisure and recreation; provision and management of open space and other recreational facilities.

Fourth Planning Examination

Part A

113.400 Studio 4A
113.401 Studio 4B
113.402 Studio 4C
Project work linked to planning at the city/regional level. Discussion and application of advanced planning methodology; regulatory approaches; implementation of the plan.

113.410 Sustainable Futures
Views of the future and alternative societal directions; the multiple dimensions of sustainable futures; developing appropriate policies.

113.411 Gender and Planning
An analysis of urban spatial structure; environmental design; economic development; planning practice and policies with regard to gender.

113.412 Maori Planning Issues
Traditional land and social concepts; the Waitangi Tribunal; the Maori Land Court; contemporary Maori land issues; the Maori Affairs Act; local planning provisions for Maori interests

113.413 Settlement Design
Traditional town development, equity and democracy; design principles, ecological settlement design, the public realm; sustainability; the village.

113.420 Research Study
An original investigation in the field of environmental planning.

113.430 Professional Practice
The role and function of planners in public agencies and private consultancies; organisation and management theories and techniques; professional ethics.

MPlan
The prescriptions of the subjects named in the preceding Regulations for MPlan are given below:

36.500 Planning Theory
National, regional and metropolitan planning. National resources and policies for development. Theoretical studies to be grounded in Case Studies.

36.501 Planning Techniques
Evolution of planning techniques. Special land use and development controls. Methods of assessing and testing planning proposals. Studies of technique from case studies.

36.502 Planning Law and Administration

Special Topics
Approved by the Head of the Department of Planning.

36.503

36.602 Research Essay
52.491 Public Health Engineering
As prescribed for the Degree of ME.
52.473 Transportation Planning
As prescribed for the Degree of ME.
20.436 Urban Social Geography
As prescribed for the subject Geography for the Degree of MA.
30.402 A Topic on Urban Government and Politics
As prescribed for the subject Political Studies for the Degree of MA.

82.406 Urban Sociology and Ecology
As prescribed for the subject Sociology for the Degree of MA.

25.383 Social Control of Land
As prescribed for the Degree of LLB (Hons).

115.500 Project
As prescribed for the Degree of MArch, provided that the Head of the Department of Planning must approve the relevance of paper 115.500 to the subject of investigation for the thesis before a candidate may enrol in that paper.

Note: * Starred papers will not be taught during the current Calendar year
† Daggered papers will not be taught during the current Calendar year unless sufficient staff is available

GENERAL INFORMATION

FACULTY OF ARTS

The Faculty of Arts offers a first degree, the Bachelor of Arts, and a Master of Arts, which may be awarded with or without Honours. The BA is intended to be a general Degree, containing a number of different subjects, but at least one subject has to be carried to Stage III level (sometimes informally called a ‘major’). Students can choose from a very large number of subjects including some in Science, Commerce and Theology. They can thus partially prepare themselves for a range of occupations, and credits may be granted in respect of College of Education courses. But the concept behind the Degree is more that of a liberal education than a vocational one. In the MA a student usually works within one particular discipline, and more often than not the Degree will include a research component. The BA is, if taken full-time, a 3 year Degree, but it may be taken part-time. The MA, an Honours Degree, must be taken within a limited period, varying according to discipline, but not more than three years in any case. Several diplomas are available within the Faculty, normally post-graduate, and with a vocational emphasis. They include the Diplomas in Broadcast Communication, Drama, Labour Studies, Local Government and Administration, Performing Arts Politics and the News Media and Professional Ethics and Postgraduate Diplomas in Social Research and in Translation. The Diploma in Arts is designed to provide graduates with an opportunity to update or amplify their knowledge in subjects on which their degree concentrated or amplify their knowledge of cognate or relevant disciplines. The Postgraduate Diploma in Arts is designed to give Masters graduates the opportunity to gain a further qualification wholly or substantially in their main subject. The MLitt degree is open to students who have the qualification to attempt a PhD but wish, at least initially, to write a thesis of lesser dimensions. It is expected that the following additional diploma will be introduced in 1994: Diploma in Arts Administration.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF ARTS BA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Arts shall follow a course of study of not fewer than three years.
2. The course of study for the Degree shall consist of twenty-one papers selected from those listed in the Schedule to these Regulations. Papers are in a range of subjects and classified in three stages, I, II, III.
3. No course of study for the Degree shall include more than seven papers selected from subjects in Group B, nor more than eighteen in total from Pure and Applied Mathematics and subjects in Group B.
4. Every course of study for the Degree shall include:
   (a) at least six papers in one subject of which three are at Stage III level;
   (b) at least eleven papers higher than Stage I level selected from two or more subjects;
   (c) no more than eleven papers in any one subject.
5. Every course of study shall consist of four, five or six subjects: provided that a student may exceed this limit in respect of no more than one paper.
6. Except with the permission of the Senate no candidate shall take in any one year more than eight papers for this Degree.
7. Except with the permission of the Senate, no candidate in the first year of study for this degree may attempt more than four subjects.

Requirements for Particular Subjects

8. A candidate wishing to be enrolled in any subject which is also a subject of examination for the Degree of Bachelor of Science shall comply with such of the course Regulations for that Degree relating to prerequisites, combinations of subjects, and practical work, as are applicable to that subject, save where the Senate in individual cases allows otherwise.

Botany, Chemistry, Economics, Geography, Mathematics, Physics, Zoology

9. (a) A candidate may with the permission of the Senate enrol for Stage II papers of a subject to which this Regulation applies without having been credited with the Stage I papers. Candidates credited with Stage II papers shall not also have the Stage I papers of the subject credited to their courses. If the examiner certifies that the candidate though failing a Stage II paper or papers, attained the standard of a pass at Stage I of the subject, the candidate shall have the appropriate Stage I paper or papers credited to his or her course.
   (b) This Regulation applies to the following subjects:

<table>
<thead>
<tr>
<th>Applied Mathematics</th>
<th>Chemistry</th>
<th>Geography</th>
<th>Pure Mathematics</th>
</tr>
</thead>
<tbody>
<tr>
<td>Botany</td>
<td>Economics</td>
<td>Physics</td>
<td>Zoology</td>
</tr>
</tbody>
</table>

10. (a) A candidate with previous knowledge of any subject to which this Regulation applies may be required by the Senate to take Stage II papers of that subject without having passed Stage I papers. A candidate who passes Stage II papers shall be credited with Stage II papers but shall not be credited with Stage I papers as papers for any University degree or diploma. If the examiner certifies that the candidate though failing a Stage II paper or papers, attained the standard of a pass at Stage I of the subject, the candidate shall have the appropriate Stage I paper or papers credited to his or her course.
   (b) This Regulation applies to the following subjects: Asian, Germanic, Romance Languages; Greek; Latin; Russian.

Law

11. (a) This Regulation applies (notwithstanding the provisions of Regulations 2, 4, and 5) to a candidate for this Degree who has been credited for this Degree with not fewer than fifteen papers (in this Regulation called ‘arts papers’), of which three are at Stage III level in one subject and five others are at a higher level than Stage I, and who is not fulfilling Regulation 4(a) above with a subject listed in Group B.
   (b) Where the candidate:
   (i) has been credited with fifteen papers and
   (ii) has been credited for the Degree of LLB or LLB (Hons) with six subjects from those listed in Parts I and II of 11(f) below,
of which at least three are from Part II - the candidate shall be entitled to be credited with those six subjects as the remaining six papers for this Degree,
(c) Where the candidate:
(i) has been credited with more than fifteen but fewer than twenty-one arts papers and
(ii) has been credited for the Degree of LLB or LLB (Hons) with one or more subjects from those listed in Parts I and II of 11(f) below the candidate shall be entitled to be credited with it or them as the remaining paper or papers for this Degree, provided that only subjects listed in Part II shall be credited as papers at Stage II.
(d) A candidate who has completed or is completing the course for the Degree of Bachelor of Laws or Bachelor of Laws (Honours) under the Regulations published in the University of Auckland Calendar 1986, and who invokes this Regulation, may be credited with the subjects Constitutional and Administrative Law in place of the subject Constitutional Law.
(e) This present regulation being in substitution for that which appeared in the University of Auckland Calendar 1987 ("the old regulation") - a candidate who before 1988 enrolled for this Degree and for any part of the First Law Examination for the Degree of LLB or LLB (Hons) may proceed under the old Regulation but with the substitution of the Schedule to this present Regulation; upon condition that the candidate completes the course for this Degree in 1988 or 1989.

(f) Part I
25.102 Constitutional Law (before 1989) 25.106 Public Law
25.103 Legal System 25.217 Jurisprudence
Part II
25.205 Administrative Law 25.304 Advanced Criminology
25.209 Intellectual Property (previously Copyright, Patents, Trademarks & Unfair Competition) 25.306 Advanced Industrial Law
25.210 Criminology 25.307 Advanced International Law
25.211 Family Law 25.310 Comparative Law
25.212 Industrial Law 25.313 Environmental Law
25.213 International Institutions 25.315 International Trade
25.214 International Law 25.316 Law Reform
25.218 Legal History 25.317 Advanced Legal Philosophy
25.222 Roman Law (after 1991) 25.324 Air & Space Law
25.223 Women and the Law (after 1991) 25.325 Maori Land Law
25.224 Pacific Legal Studies 25.333 Negotiation, Mediation & Dispute Resolution (after 1991)
25.228 Competition Law (after 1991) 25.335 Advanced Law & Society
25.232 Legislation 25.336 Natural Resources Law
225.369 Advanced Studies in a Selected Topic (after 1991)
225.370 Advanced Studies in a Selected Topic (after 1991)

(g) (i) Passes in 25.225 and 25.226 as published in the 1992 Calendar may be credited as subjects for Part II.
(ii) Students may not include credit for 25.217 if they have passes in 25.225 or 25.226.

Music
12. (a) Except with the leave of the Senate, no candidates may advance in Music (that is take any papers in that subject beyond Stage I level) unless they have, before enrolling for any Stage I paper in Music, satisfied the Head of Department that they have attained a suitable standard in the subject,
(b) Candidates advancing in Music shall comply with Regulation 7 of the Regulations for the Degree of Bachelor of Music as if they were enrolled for that Degree.

BCom/BA
13 (a) With the permission of Senate a candidate whose academic record is of a sufficiently high standard may be admitted to the conjoint course for this Degree and the Degree of Bachelor of Commerce (in this Regulation called a "conjoint course");
(b) A candidate taking a conjoint course shall obtain the permission of Senate to re-enrol for it in each year after admission to the conjoint course;

</table>
(c) Notwithstanding provisions in other regulations for this Degree, a candidate for this Degree attempting the conjoint course must include a minimum requirement of fourteen papers from the schedule for this Degree.

(d) A candidate fulfilling the minimum requirement as set out in (c) above shall:
   (i) include no more than four Stage I papers from the BA Schedule of which at least two must be from Group A;
   (ii) not include Stage I papers in Economics or Management Studies and Labour Relations;
   (iii) include at least ten papers higher than Stage I level from the BA Schedule;
   (iv) include at least three papers in one subject at Stage III level from Group A of the BA Schedule;
   (v) not include Stage III papers in the subject with which the candidate is satisfying the BCom Stage III requirement under Regulation 6(a) provided that the Senate may vary this requirement in the case of a subject in which Stage III papers are listed for an approved combined specialisation in the BCom Schedule.

Cross-credits, Credit and Exemptions

14. (a) Except in the case of students to whom Regulation 11 applies, the total cross-credits and exemptions granted to a candidate under Regulations 10, 11 and 12, of the Enrolment and Course Regulations (General) shall not exceed ten papers for this Degree.

(b) In the case of students to whom Regulation 11 applies, the maximum number of cross-credits, credits and exemptions granted to a candidate under Regulations 14, 15,16 and 17 of the Enrolment and Course Regulations (General) shall be determined by the Dean.

15. A candidate who has successfully completed:
   (i) a course or courses at Teacher’s College under the control of the Auckland Teachers’ Colleges Council, or
   (ii) the requirements for a Certificate Course of the Centre for Continuing Education; or
   (iii) the course either for the Diploma in Nursing or the Diploma in Physiotherapy at the Auckland Technical Institute and the course for the Diploma in Nursing at Carrington Technical Institute or Manukau Technical Institute or Northland Polytechnic or
   (iv) Studio I for BFA but is not completing that Degree;
   (v) Legal System for LLB but is not completing that Degree;
   (vi) Introduction to Property for PropAdminInt but is not completing the BPA Degree as listed in the Schedule to Regulation 15 of the Enrolment and Course Regulations (General), may be granted credit for this Degree as provided by that Regulation.

16. The Senate may in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

17. (a) Except as otherwise provided in this Regulation, the course of study of every candidate shall be governed by these Regulations.

(b) A candidate who gained credit in any unit or units under any of the former Regulations for this Degree, shall be credited with the subject prerequisites, corequisites and restrictions, where not covered by these Regulations, shall be determined by the Head of the Department concerned.

(c) For candidates who enrolled for this Degree before 1973 the subject prerequisites, corequisites and restrictions, where not covered by these Regulations, shall be determined by the Dean.

(d) A candidate who gained credit in any paper under any of the former Regulations may complete the Degree under these present Regulations.

(e) These Regulations shall come into force on 1 January 1981.

Schedule

1. This Schedule sets out paper numbers, prerequisites, corequisites, subjects, restrictions and other conditions applying to courses for the Degree of Bachelor of Arts.

2. This Schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.

3. (a) The heading ‘prerequisites’ in relation to a paper refers to other papers which must be passed before the candidate may take that paper.

   (b) Where a prerequisite has been waived by a Head of Department and re-imposed as a corequisite the paper or papers as to which that corequisite is imposed may not be credited as a pass for the candidate’s course of study unless and until the candidate has passed that corequisite.

4. (a) The heading ‘corequisites’ in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year. Except as provided elsewhere in these Regulations or in this Schedule, if a corequisite of a paper is failed then the paper passed cannot be used as a prerequisite to other courses.

   (b) Except as provided elsewhere in these Regulations or in this Schedule, the corequisites marked •• in the Schedule are linked in the sense that they:

   (i) must be attempted in the same year and will not be credited separately;
   (ii) will be treated as a unit for the purpose of Examination Regulation 5 (b), of the Examination Regulations.

5. The heading ‘restrictions’ in relation to a paper refers to a paper which cannot be taken in addition to that paper.

6. Except as provided elsewhere in these Regulations or in this Schedule, a candidate may not enrol for any paper until he satisfies all prerequisite and corequisite requirements and other requirements listed in the Schedule.

The papers prescribed for this Degree are:

<td>One paper from 18.210, 18.213 or T18.218 and one other English II paper</td>
<td>Corequisite requirements refer to the course of students taking more than two Stage II papers in English over one or more years. Students intending to advance in English are advised that it is in their interest to take three English II papers in the same year. Further papers up to five may be taken concurrently or in a later year. For prerequisites for English III see Notes. By permission of the Head of Department prerequisites and corequisites may be waived in exceptional circumstances.</td>
<td>Candidates should note that (i) for entry into one or more papers at English III the prerequisites are one of 18.200, 18.201, 18.205, 18.206, 18.207 or T18.208; one of 18.210, 18.213 or T18.218; and one other English II paper; (ii) for some English III papers there are specific English II paper prerequisites; (iii) 18.250 may not be substituted for any English III prerequisite papers.</td>

In exceptional circumstances the Head of Department may waive one prerequisite paper, provided it is taken as a corequisite. Students taking History III papers should note that it may prove impossible, owing to pressure of numbers in certain classes, to allow students to enrol for all the papers of their first choice.

### MATHEMATICS APPLIED

A detailed schedule of the papers available in this subject can be seen by reference to the Schedule to the BSc Regulations.

The following rules must be read in conjunction with the Schedule:

- Six credits in Applied Mathematics at Stage I (BSc) are equivalent to one Stage I paper in Mathematics (BA).
- Four credits in Applied Mathematics at Stage II (BSc) are equivalent to one Stage II paper in Mathematics (BA).
- Four credits in Applied Mathematics at Stage III (BSc) are equivalent to one Stage III paper in Mathematics (BA).

### THE DEGREE OF MASTER OF ARTS MA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

#### General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Arts shall before enrolment for this Degree:
   (a) have been admitted or qualified for admission to the Degree of Bachelor of Arts, except as provided in Regulation 2 below, and
   (b) (i) have fulfilled the prerequisites for a subject as listed in the Schedule to these Regulations and have obtained a grade higher than an average of C+ in the Stage III papers in that subject;
   (ii) provided that in special circumstances where the Head of Department so recommends the Senate may accept an average grade of less than B- or waive such prerequisites as it thinks fit.

2. Subject to the Admission Regulations, a candidate may enrol for this Degree after having completed at least nineteen papers, including eleven papers at advanced level, for the Bachelor of Arts Degree, provided that:
   (a) the course proposed for this Degree will extend over not fewer than two academic years;
   (b) they have obtained grades averaging B- or above in the advanced papers for the Bachelor of Arts Degree of the subject which they propose to take for this Degree;
   (c) they satisfy the conditions in Regulation 1 (b) above, or are exempted from them;
   (d) the remaining paper or papers for the Bachelor of Arts Degree are not prerequisite to the course for this Degree;
   (e) they enrol for these two papers in the first year of their course for this Degree;
   (f) should they not pass the remaining paper or papers in the first year of their Master of Arts course, their Master’s course shall be suspended until they have passed the remaining paper or papers.

3. A candidate for this Degree shall follow a course of study that may extend over one year or more according to the requirements for the respective subjects in the schedule but, except with the special permission of the Senate, shall not exceed three years in duration.

4. A candidate presenting subject 18, Languages and Literature, shall satisfy the requirements of Regulation 1 (b) (i) in respect of each of the languages in his or her course. A candidate presenting subject 22, Mathematics, shall satisfy the requirements of Regulation 1 (b) (i) in respect of Mathematics and Applied Mathematics.

5. A candidate shall be required to fulfil the requirements and pass the examination in one of the subjects prescribed in the Schedule provided that the Head of Department may require a student who fails to achieve a sufficient level in his paper or papers to substitute a further paper or papers for a thesis, dissertation or research essay where these are prescribed.

6. A candidate for this Degree may not:
   (a) substitute a paper or papers for any paper in which the candidate has already been examined for this Degree;
   (b) resit any paper for this Degree except as provided in Regulation 13.

7. Notwithstanding anything in Regulation 5, a candidate for this Degree in any subject listed in the appended Schedule other than the subject 18, Language and Literature, may with the permission of the Senate take:
   (i) one Stage III or Master’s paper or;
   (ii) one Stage III and one Master’s paper or;
   (iii) two Master’s papers, in a subject other than the one being taken for this Degree, or;
   (iv) two Master’s papers or one Master’s and one Stage III paper in subjects that both differ from the one being taken for this Degree, if in each case such a paper is related to the candidate’s research interests. Each such paper shall substitute for and be equivalent to one paper in the Master’s course of the subject in which the Degree is being taken.
Corequisites | Restrictions | Qualifications | Notes
---|---|---|---
01.100 or T01.100 or 01.101 or T01.101 64.200, 84.200, 36.262 | | Six credits in each subject at Stage I (BSc) are equivalent to one Stage I paper in that subject (BA) Four credits in each subject at Stage II (BSc) are equivalent to one Stage II paper in that subject (BA) Four credits in each subject at Stage III (BSc) are equivalent to one Stage III paper in that subject (BA) As for Biochemistry As for Biochemistry As for Biochemistry As for Biochemistry As for Biochemistry As for Biochemistry As for Biochemistry

Note:
* Starred papers will not be taught during the current Calendar year unless sufficient staff is available.
☐ Taught in even numbered years.
'T' prefix - taught at the Tamaki Campus.
† Daggered papers will not be taught during the current Calendar year unless sufficient staff is available.
○ Taught in odd numbered years.
'N' prefix - taught at Northland Polytechnic.

8. No candidate shall take for this Degree any paper the same as or substantially equivalent to any other paper he or she has passed or is taking and obtain credit for both for this Degree.

9. No candidate who has previously failed in a subject for this Degree shall enrol a second time in the same subject without the permission of the Senate. For the purpose of this Regulation, subject 18, Languages and Literature and any one of the individual subjects which under Clause 18 of the appended Schedule may be used to make up a combined Languages and Literature course, shall be regarded as the same subject.

10. The personal course of study of every candidate must be approved by the Head of Department.

Thesis
11. Where a thesis is required the following conditions shall apply:
(a) The thesis shall embody the results obtained by the candidate in an investigation relating to some branch of the subject; or with the approval of the Senate shall consist of a review of the literature of some special problem, which may be combined with the reception of some standard investigation on an aspect of that problem.
(b) In the case of a thesis recording laboratory work, a certificate shall be supplied to the Registrar by the supervisor stating that laboratory work has been carried out within the University.
(c) Except where otherwise provided in the Schedule, candidates must present their thesis in the year in which they first sit for their degree or, with the consent of the Head of Department concerned, in either of the subsequent two years, provided that the time may be extended, in exceptional cases, by Senate.
(d) Candidates shall submit their thesis to the Registrar by 1 November of the academic year in which it is presented or at a subsequent date within that academic year if so arranged with the Head of the Department. The Registrar shall deliver the thesis to the Head of Department concerned.

12. Where a dissertation or research essay is required the following conditions shall apply:
(a) The candidate shall present the dissertation or research essay in the year prescribed under the appropriate Departmental heading in the Schedule.
(b) Except as provided in the Schedule, the candidate shall submit the dissertation or research essay to the Registrar by 1 November in the year in which it is due to be completed or at a subsequent date within the same academic year if so approved by the Head of Department concerned, provided that the period may be extended, in exceptional cases, by Senate. The Registrar shall deliver the dissertation or research essay to the Head of Department.

Note: An abstract is to be submitted with each copy of a thesis, see Examination Regulations 16.

Honours
13. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.
(b) Honours shall be awarded only if a candidate obtains a sufficient standard in the papers taken and in the thesis, provided that, subject to sub-clause (c) of this Regulation, a candidate who qualifies for an aegrotat or compassionate pass may retain eligibility for Honours by applying:
(i) for an aegrotat or compassionate pass in papers not in excess of the number permitted to a candidate for Honours under the Examination Regulations, or
(ii) to sit or resist in the year following all the papers affected, or
(iii) for a pass of passes under (i) and to sit or resist the remainder as in (ii) above.
Faculty of Arts, Degree Regulations, MA Schedule

(c) A candidate permitted under Regulation 3 to take a course of study for this Degree for a longer period than three academic years shall not be eligible for Honours unless the Senate so decides.

14. A candidate shall not take for this Degree a subject already passed for the Degree of Master of Commerce, or for the Degree of Master of Science, or as a principal subject for the Degree of Bachelor of Science (Honours).

15. The Senate, upon the recommendation of the Head or Heads of Departments concerned, may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations or to the Schedule below.

SCHEDULE

(1) Ancient History
Prerequisites: Eight papers in the subject of Ancient History including three Stage III papers in Ancient History OR six papers in Ancient History if a student has passed three Stage III papers in Latin or Greek. Two papers in a relevant language, either 12.210, 12.310 or 12.211, 12.311 or 10.100, 10.102 or 09.100, 09.102.
Requirements: Six papers and a research essay which counts as one paper, OR four papers and a thesis which counts as three papers. Normally a candidate will present three papers and one paper of documents in the ancient language associated with one of those papers in the first year, and either a further paper with a paper of associated documents and an associated research essay (12.603), or a three paper thesis (12.601) in the following year. First year papers will be selected from 12.400 to 12.460. One or two papers not taken at Stage III may be substituted for first year papers, but will not have associated papers of documents in the ancient language. A candidate in full time employment or with other demanding responsibilities may be permitted by the Head of Department to take two papers with one associated paper of documents in the ancient language in the first year, two papers with one associated paper of documents in the second year, and the research essay in the third, or one paper with its paper of associated documents in the second and three paper thesis in the third.

(2) Anthropology
Prerequisites: Eight papers in Anthropology, or Anthropology and Maori Studies, or Anthropology and Linguistics, including three Stage III papers in Anthropology;
Requirements: Four papers or four papers and a thesis (19.601) which counts as three papers; or six papers (at least three at the 400 level, and 03.343 if not already passed) and a thesis (03.603) counting as one paper. The papers shall be selected from 03.300 to 03.344, 83.300 to 83.314, 04.302 to 04.314; with no more than three papers from the following group of papers: 03.300 to 03.343, 83.300 to 83.313, 04.302 to 04.314.
A candidate shall normally present four papers in the first year, although a candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of Department to present three papers in the first year, or in special circumstances, two papers in the first year.

(3) Art History
Prerequisites: Eight papers in the subject of Art History including three Stage III papers.
Requirements: Seven papers or four papers and a thesis (19.601) which counts as three papers. The papers shall be selected from papers 19.400 to 19.415; except that among the first four papers presented for the Degree one paper may be taken from options presented for Art History III, and that a second paper prescribed for Art History III may be presented by students presenting three further papers instead of a thesis; but no paper that has been credited to the Degree of Bachelor of Arts shall be taken for this Degree. All candidates shall present four papers in the first year: except that a candidate in full-time employment or with other demanding responsibilities may be permitted by the Head of Department to present two papers in each of two years. Candidates presenting papers only shall present the remaining three papers in one year.

(4) Asian Studies
Prerequisites: Three Stage III papers in an Asian Language: and such Stage II or III papers in the other subjects as the respective Heads of Departments shall approve.
Requirements: Five papers and a thesis (97.601) which counts as two papers; or six papers and a research essay (97.603) which counts as one paper.
In either case candidates shall include three papers selected from those available at Masters level in Chinese, Indonesian or Japanese subject to the approval of the Head of Department. The remaining two or three papers shall, subject to the approval of the Heads of Departments, be selected from the Masters papers in one or two different subjects. At the discretion of the Heads of Departments one Stage III paper may be substituted for one of these Masters papers. In the thesis or research essay, sources in the Asian language being studied will be used.

(5) Chinese
Prerequisites: Eight papers in the subject of Chinese including 48.300 or 48.303, 48.301 and 48.302.
Requirements: Four papers including 48.419 and a thesis (48.601) which counts as three papers; or six papers including 48.419 and a dissertation (48.604) which counts as one paper. A candidate shall normally complete the degree in two years and present four papers in the first year, although a candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of Department to present two papers in each year of the two years and the remaining papers in a third year. The dissertation or the thesis must be presented by 1 November in the final year of the course provided that this period may be extended to 28 February of the following year with the permission of the Head of Department and provided further that the time may be extended by the Senate in special cases.

(6) Development Studies
Prerequisites: Eight papers, including three at Stage III level, in any one of Anthropology (Social), Economics, Education, Geography, History, Maori Studies, Political Studies, Sociology or in exceptional cases such other subject approved by the Co-ordinating Committee on behalf of the Senate. Before being admitted to this course of study candidates will need to satisfy the Co-ordinating Committee on behalf of the Senate that they have sufficient experience in the appropriate area.
Requirements: Either (a) four papers and a thesis (487.601) which shall count as three papers; or (b) with the special permission of the Co-ordinating Committee, six papers and a research essay (487.603). In respect of (a) and (b), paper 487.400 must be included and the remaining papers shall be selected from Master’s papers listed in this Schedule from not more than two departments. Candidates must complete a coherent course of study approved by the Co-ordinating Committee on behalf of the Senate.

(7) Economics
Prerequisites: Eight papers in the subject of Economics including one Stage II paper, 13.205 and three Stage III papers, one of which must be 13.300 or 13.301.
(8) Education

Requirements: Eight papers in the subject Education including three Stage III papers.

Requirements: (i) Four papers and a thesis (14.601) which counts as three papers. The papers shall be selected from 14.400 to 14.429, 04.401, 04.402.

or (ii) Six papers and a dissertation (14.604) which counts as one paper.

In exceptional circumstances, the Head of Department may permit a candidate who has attempted a thesis or a dissertation to complete the MA as

(iii) Seven papers.

A candidate may, with the consent of the Head of Department, be permitted to present three papers or two papers in the first year and remaining papers in the year next following.

Note: (i) In considering applications to attempt two or three papers only in the first year, the Head of Department may take into account the extent of a student's employment or other responsibilities outside the University.

(ii) Students wishing to complete the Master of Arts Degree as entry to the Diploma in Educational Psychology must complete paper 14.461 and may complete other papers from the Master of Education schedule in consultation and with approval of the Head of Department, Education.

(9) English

Requirements: Eight papers in English including 3 papers at Stage III chosen in accordance with the corequisites.

Requirements: Seven papers; or five papers and a thesis (18.601) which counts as two papers; or six papers and a dissertation (18.604) which counts as one paper. Students presenting seven papers in the same year must include 18.413 if they are not presenting a dissertation.

A candidate presenting:

(a) Seven papers or

(b) Six papers and a dissertation

shall present all papers or all papers and the dissertation in the same year or, having presented four papers in the first year, present the remaining three papers or two papers and dissertation in the year next following. Other combinations may be presented only with permission of the Head of Department, provided that no candidate may present fewer than three papers in the first year. The papers shall be selected from 18.400 to 18.441 and from (but shall include not more than one of) the Stage III English papers for the Degree of Bachelor of Arts.

(10) French

Requirements: Eight papers in the subject of French including three Stage III papers.

Requirements: Four papers including 34.400 and a thesis (34.601) which counts as three papers; or six papers including 34.400 and a research essay (34.603) which counts as one paper.

A candidate shall present, in the first year: four papers including 34.400; in the second year either (i) the thesis, or (ii) two papers and the research essay. In exceptional circumstances, the Head of Department may approve a course of study which occupies a period other than two years and/or which varies the above sequence of papers.

Paper 34.400: students must obtain a minimum pass of 50% in this paper before the degree can be awarded.

Paper 34.417 is not available to students who have passed paper 34.214.

Paper 34.425 is not available to students who have passed paper 34.310.

Paper 34.426 is not available to students who have passed paper 34.309.

(11) Geography

Requirements: Eight papers in the subject of Geography including three Stage III papers.

Requirements: Four papers and a thesis (20.601) which counts as three papers. A candidate shall present four papers in the first year, and the thesis in the following year. A candidate in full-time employment or with other demanding responsibilities may, with the consent of the Head of Department, be permitted to present the papers in two consecutive years with at least two papers in the first year, the thesis then being submitted in the third year.

Papers shall be selected from 20.400 to 20.447.

(12) German

Requirements: Eight papers in the subject German including three Stage III papers.

Requirements: (i) Four papers and a thesis (22.611) which counts as three papers. Paper 22.400 and three papers selected from 22.401 to 22.440. OR (ii) Six papers and a research essay (22.603) which counts as one paper. Paper 22.400 and five papers selected from 22.401 to 22.440. OR (iii) Seven papers. Paper 22.400 and six papers selected from 22.401 to 22.440.

Candidates shall present four papers in the first year and either the thesis, or the research essay and two papers, or three papers in the year next following. In exceptional cases, candidates may present seven papers in one year.

Those students taking their MA over two years may present all papers at the end of their second year, if they have within the first year been officially admitted to a university of a German-speaking country to pursue a course of bona-fide study for no longer than six months.

(13) Greek

Requirements: Eight papers in the subject Greek including three Stage III papers.

Requirements: Six papers and a research essay (10.603) which counts as one paper. Papers are to be selected from 10.400 to 10.409 and must include 10.400 and one of 10.401 or 10.404. Normally a candidate will present four papers in the first year, and two papers and a research essay (counting as one paper) in the second. A candidate in full-time employment or with other demanding responsibilities may be permitted by the Head of Department to spread the papers over three years, normally three papers in the first two years and the research essay in the third.

(14) History

Requirements: Either a) six papers, and a dissertation (24.604) counting as one paper; or (b) (with the permission of the Head of Department) four papers and a thesis (24.611) counting as three papers.

In respect both of (a) and (b), papers are to be selected from 24.400 to 24.425, and must include 24.410. With the permission of Head of Department, however, a student following the (a) option may include as one of the six papers required a special study (24.430), involving a research programme prepared in consultation with one or more staff members. In exceptional cases, a second special study (24.431) may be included.

In respect both of (a) and (b) students must attempt four papers (excluding 24.430 and 431 but including 24.410) in the first year. Those following the (a) option must complete their remaining work in their second year. However, a student in full-time employment or with
other demanding responsibilities may be permitted by the Head of Department to pursue the (a) option by attempting fewer papers in the first year and spreading the remaining work over the one or at most two years following.

(15) Indonesian
Prerequisites: Eight papers in the subject Indonesian including three papers at Stage III.
Requirements: Five papers including 80.400 and a dissertation which counts as one paper; or six papers including 80.400 and a dissertation which counts as one paper; or seven papers and a dissertation which counts as one paper; or seven papers including 80.400. A candidate shall normally complete the degree in two years and present four papers in the first year, although a candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of Department to present two papers in each of two years and the remaining papers in a third year. The dissertation or thesis must be presented by 1 November in the final year of the course provided that this period may be extended to 28 February of the following year with the permission of the Head of Department and provided further that the time may be extended by the Senate in special cases.

(16) Italian
Prerequisites: Eight papers in the subject Italian including three Stage III papers.
Requirements: Four papers including 35.400 and a thesis (35.601) which counts as three papers; or six papers including 35.400 and a research essay (35.603) which counts as one paper; or five papers including 35.400 and a dissertation (35.604) which counts as two papers. A candidate shall present, in the first year: four papers including 35.400; in the second year either (i) the thesis, or (ii) two papers and the research essay. In exceptional circumstances, the Head of Department may approve a course of study which occupies a period other than two years and/or which varies the above sequence of papers. Paper 35.400: students must obtain a minimum pass of 50% in this paper before the degree can be awarded.

(17) Japanese
Prerequisites: Eight papers in the subject Japanese including 81.300, 81.301 and 81.302.
Requirements: Four papers including 81.401 and a thesis (81.601) which counts as three papers; or six papers including 81.401 and a research essay (81.603) which counts as one paper. A candidate shall normally complete the degree in two years and present four papers in the first year, although a candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of Department to present two papers in each of two years and the remaining papers in a third year. The thesis or research essay must be presented by 1 November in the final year of the course. For the thesis, however, this date may be extended to 28 February of the following year with permission of the Head of Department, and may be further extended by the Senate in special cases.

(18) Languages and Literature
Prerequisites: For the specific prerequisites for the individual courses a candidate is referred to the individual subjects making up a combined Languages and Literature course.
Requirements: Seven papers or their equivalents (see below) in any two of the subjects (i) to (xii); three papers to be taken from each language chosen and the seventh paper to be taken from either language chosen to be approved by the Head of the Department concerned.

(i) English
Three or four papers from 18.400 to 18.441.
(ii) Greek
Paper 10.400, and two or three from 10.401 to 10.409.
(iii) Latin
Paper 09.400 and two or three from 09.401 to 09.409.
(iv) French
Paper 34.400 and two or three from 34.603 and 34.401 to 34.429.
(v) German
Paper 22.400 and two or three from 22.401 to 22.440.
(vi) Italian
Paper 35.400 and two or three from 35.401 to 35.424.
(vii) Russian
Paper 43.410 and two or three from 43.411 to 43.425
(viii) Spanish
Paper 45.400 and two or three from 45.401 to 45.428 and 45.603.
(ix) Chinese
Three or four papers from 48.400 to 48.421.
(x) Indonesian
Three or four papers from 80.400 to 80.409.
(xi) Japanese
Three or four papers from 81.400 to 81.413.
(xii) Maori Studies
Three or four papers including 04.400 and 04.401.

A candidate presenting seven papers shall either present all papers in the first year or, having presented four papers in the first year, present three papers in the year next following. Candidates taking the degree over two years may with the approval of the Head(s) of Department concerned substitute in their second year either a dissertation or research essay for one paper or a thesis for two or three papers.

(19) Latin
Prerequisites: Eight papers in the subject Latin including three Stage III papers, together with Greek 10.100, 10.102 or approved alternatives.
Requirements: Six papers and a research essay (09.603) which counts as one paper. Papers are to be selected from 09.400 to 09.409 and must include 09.400 and one of 09.401 and 09.404. Normally a candidate will present four papers in the first year, and two papers and a research essay (counting as one paper) in the second. A candidate in full-time employment or with other demanding responsibilities may be permitted by the Head of Department to spread the papers over three years, normally three papers in the first two years and the research essay in the third.

(20) Linguistics
Prerequisites: Eight papers in the subject Linguistics including three papers at Stage III level.
Requirements: Four papers and a thesis (83.601) which shall count as three papers; or six papers and a research essay (83.603) which shall count as one paper. The papers shall be selected from papers 83.400 to 83.406 and 83.300 to 83.314 except that not more than two papers may be selected from 83.300 to 83.314. A candidate shall present four papers in the first year. A candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of Department to present two papers in the first year and two papers in the following year.

(21) Maori Studies
Prerequisites: Eight papers in the subject Maori Studies including three papers at Stage III level, two of which must be Maori Language papers 04.306 and 04.307.
Requirements: Four papers and a thesis (04.601) which shall count as three papers. The papers shall be selected from papers 04.400 to 04.408 and 04.302 to 04.318 with not more than two papers being selected from 04.302 to 04.318.
A candidate shall present four papers in the first year.
A candidate who is engaged in full-time employment, or with other demanding responsibilities, may be permitted by the Head of Department to present two papers in the first year and two papers in the following year.

(22) Mathematics
Prerequisites: Mathematics 26.252 or equivalent papers approved by the Head of Department, at least three (or, in exceptional cases, two) of 26.225, 26.260, 26.280, 26.281, 26.290, 26.293 plus sixteen 300 or 400 level credits approved by the Head of the Department of Mathematics and Statistics including at least 12 credits in Pure or Applied Mathematics.
Requirements: Papers totalling 20 credits and a thesis (26.601) which will count as 20 credits or papers totalling 20 credits and an Advanced Course of Study (26.605) which will count as 20 credits.
The selection of papers is to be made, with the approval of the Head of the Department of Mathematics and Statistics, from the papers Mathematics 26.400 to 26.499. Up to eight of these credits may be replaced by eight Stage III credits taken from papers in Mathematics not taken for any other degree or diploma.

(23) Music
Prerequisites: Eight papers in the subject Music including 28.301 at least one of 28.303 to 28.308, at least one of 28.314 and 28.323; where necessary a candidate will be required to satisfy the Head of the Department of his or her proficiency as a performer, or the ability to read an approved language other than English, or both.
Requirements: Four papers and a thesis (28.601) which shall count as three papers. The papers shall be selected from 28.400, 28.401, 28.402, 28.406, 28.409, 28.414, 28.419 and 28.423. All candidates must enrol for 28.423 (Seminars in Musicology) and one of 28.402, 28.406, 28.409 and 28.414 in their first year of enrolment. Candidates may with the approval of the Head of Department include one paper not previously taken from those listed for Music III, but their course must include two examinable papers from those listed above.

(24) Philosophy
Prerequisites: Eight Philosophy papers, including 29.101 or T29.151 and four Philosophy III papers (or three Philosophy III papers in the case of students who are taking or have taken three Stage III papers in another subject). Students will also be required to satisfy the Head of Department that they have adequately covered the areas of (i) Theoretical Philosophy (Metaphysics, Epistemology, etc); (ii) Practical Philosophy (Ethics, Political Philosophy, etc); (iii) Logic; and (iv) History of Philosophy in their BA Degree. Adequate coverage normally means passes in papers in at least three of the areas at Stage III.
Requirements: Seven papers; or four papers and a thesis (29.601) which shall count as three papers. One and only one paper may be selected from those at Philosophy III (29.300 to 29.310) which the student has not previously passed. All other papers must be selected from 29.400 to 29.422. A candidate shall present either all papers in the same year or, having presented four papers in the first year, either present the remaining three papers in the year following or, with the approval of the Head of Department, a thesis. The Head of Department may, in special circumstances (e.g. if the student is part-time), approve a different sequence of papers over a period of time which accords with Regulation 3, no less than two papers being taken in any one year.

(25) Political Studies
Prerequisites: Eight papers in the subjects Political Studies and Asian Politics including three Stage III papers.
Requirements: Four papers and a thesis (30.601) which shall count as three papers; or six papers and a research essay (30.603) which shall count as one paper; or seven papers.
The papers shall be selected from 30.400 to 30.428, and 30.500 as prescribed for DipLGA except that one paper not already taken may be drawn from 30.300 to 30.318 (unless a Stage 3 paper from another subject is taken under Regulation 7).
Each candidate shall present four papers in the first year and the remainder in the year next following, except that, with the consent of the Head of Department, the candidate may present three papers in the first year and the remainder in the year next following or, in special circumstances, four papers in the first year, two in the second year and the remainder in the third. Other combinations of papers may be approved by the Head of Department in special cases provided that: they comply with Regulations 3 & 13 (c) at the MA Regulations and; no candidate may present fewer than two papers in either of the first two years.
A candidate presenting a research essay must submit it by 1 November in the year of presentation.

(26) Psychology
Prerequisites: Either: (i) Nine papers in the subject Psychology including 32.306 and three other Stage III papers in Psychology or (ii) In special circumstances and with the approval of the Head of Department, eight papers in the subject Psychology including 32.306 and two other Stage III papers.
Requirements: Four papers and a thesis (32.601) which shall count as three papers. A candidate shall present four papers in the first year, and the thesis in the following year. In exceptional circumstances a candidate with demanding responsibilities may, with the consent of the Head of Department, be permitted to present the papers in two consecutive years with at least two papers in the first year, the thesis then being submitted in the third year. The papers shall be selected from 32.401 to 32.430.

(27) Russian
Prerequisites: Eight papers in the subject Russian including three Stage III papers (43.310 and two from 43.311, 43.312 and 43.313).
Requirements: Seven papers, or four papers and a thesis (43.611) which shall count as three papers, or six papers and a research essay (43.603) which shall count as one paper. Papers 43.410 and at least one paper from 43.311 and 43.411 to 416 and at least one from 43.312, 43.313 and 43.419 to 43.425. A candidate presenting seven papers may present four papers in the first year and the remaining three papers in the year next following, or, with the consent of the Head of Department, three papers in the first year and the remaining four in the year next following. A candidate presenting a thesis shall present either three or four papers in the first year and the remaining paper (if any) and the thesis in the year next following.

(28) Social Work
Prerequisites: Eight papers, including three at Stage III level, in any one of Anthropology (Social), Maori Studies, Economics, English, Education, Geography, History, Philosophy, Political Studies, Psychology, Sociology; together with a professional social work qualification and three years' approved post-qualification experience.
Requirements: Either (a) Four papers and a thesis (690.601) which counts as three papers; or (b) four papers, a thesis (690.611) which counts as two papers, and a research project (690.420) which counts as one paper. The four papers are to include two relevant papers at the MA level in the subject with which the prerequisite requirement was fulfilled, one other paper, at Stage III or MA level, selected on the advice of the co-ordinating committee and with the approval of the relevant Head of Department and a compulsory paper in the theory and practice of social work (690.400). The thesis and the research project are to be on subjects within the Social Work area approved by the committee.
A candidate may present the four papers and the thesis or the thesis and the research project in one year or, having completed the four
papers in the first year, present the thesis or the research project in the year next following. In addition one of the examiners of a thesis or a research project must be a social worker.

(29) Sociology
Prerequisites: Eight papers in the subject Sociology including 82.312, 82.320 or 82.321 and two other Stage III papers.
Requirements: Either: Four papers and a thesis (82.601) equivalent to three papers; or: Six papers and a research essay (82.603) equivalent to one paper; or seven papers.
Papers to be drawn from 82.400 to 82.425, except that one paper not already taken may be drawn from 82.300 to 82.323. A candidate shall present four papers in the first year, and the remaining papers in the second year: except that a candidate who is engaged in full-time employment or with other demanding responsibilities may be permitted by the Head of Department to present three papers in the first year, or in special circumstances two papers in the first year, the remaining papers to be completed within the following two years. The date for the presentation of the research essay (82.603) shall be not later than 1 November in the year for which enrolment in this paper is accepted.

(30) Spanish
Prerequisites: Eight papers in the subject Spanish including three Stage III papers.
Requirements: Four papers including 45.400 and a research essay (45.603) which counts as one paper; or six papers including 45.400 and a research essay (45.603) which counts as one paper.
A candidate shall present, in the first year: four papers including 45.400; in the second year either (i) the thesis, or (ii) two papers and the research essay. In exceptional circumstances, the Head of Department may approve a course of study which occupies a period other than two years and/or which varies the above sequence of papers.
Papers 45.400: students must obtain a minimum pass of 50% in this paper before the degree can be awarded.

THE DEGREE OF MASTER OF LITERATURE MLitt
The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Master of Literature shall before enrolment have been admitted or qualified for admission to a Master's Degree with First or Second Class Honours, or, in exceptional cases, one of the other preliminary qualifications that would be required for enrolment for the Degree of Doctor of Philosophy.
2. A candidate for this Degree shall follow a course of full-time supervised study of not less than one year, nor more than two years, or the equivalent in part-time study.

Course Content
3. The course of study for this Degree shall comprise the presentation and preparation of a thesis, based on original research in one of the subjects available in the Faculty of Arts. The research topic shall be approved by the Head of Department and by the Senate.
4. The Senate shall, on the recommendation of the Head of Department, appoint a supervisor or supervisors for the thesis.

Other Provisions
5. The Senate may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.
6. The Degree may, on the recommendation of the Senate, be awarded with Distinction.
7. Notwithstanding Regulation 12 (b) of the Regulations for the Degree of Doctor of Philosophy, a thesis rejected for that Degree shall not be submitted for this Degree.
8. These Regulations shall come into force on 1 January, 1988.

DEGREE COURSE PRESCRIPTIONS
Prescriptions are listed by Department.
Most subject names are synonymous with the Department to which they belong. The prescriptions for the following subjects, however, may be found under the Departmental headings as listed below:

DEPARTMENT OF ANTHROPOLOGY
The Department of Anthropology teaches two subjects: Anthropology and Linguistics. Within the subject Anthropology, four sub-disciplines are distinguished: Archaeology, Biological Anthropology, Ethnomusicology and Social Anthropology. Some papers are listed under both Anthropology and Linguistics, with the same short title but with different code numbers. For example, The Languages of the Pacific is listed under Anthropology as 03.217 and under Linguistics as 83.205. Students must enrol for such papers under one subject or the other, and no paper may be credited twice to the same degree. In planning their degree course, students should be aware that at each level there are papers which are prerequisite to certain papers at higher levels. This applies particularly to the Stage II core papers 03.207, 03.209, 03.215 and 03.220. These prerequisites are listed in the Schedule to the BA Degree Regulations. Full details concerning Anthropology papers are contained in the Anthropology Course Handbook 1994 available from the Department.

ANTHROPOLOGY
Anthropology I
03.100 Introduction to Social Anthropology
Basic anthropological issues and approaches to the study of...
culture and society.

03.101 The Archaeology of Human Cultural Development: the last two million years
An introduction to archaeological methods, a review of world prehistory to the emergence of the first cities and a study of the archaeology of the Pacific region.

03.102 Introduction to Maori Society
As prescribed for 04.101, Department of Maori Studies.
Note: The same paper is offered as Maori Studies 04.101.

03.103 Introduction to Ethnomusicology
Introduces the study of music structure and music behaviour, and surveys the music of selected non-Western societies.
Note: The same paper is offered as Music 28.114.

03.104 Introduction to Biological Anthropology
Biological variation and evolution in the human species; primate evolution and behaviour.

T03.105 The Anthropology of Change and Development
Anthropological Studies of societal and cultural change as they are related to general issues of change and development.

T03.106 Anthropological Studies of the Pacific
The diverse ways of life and histories of indigenous peoples of the Pacific.

Anthropology II

03.200 Ethnography of Island Polynesia
A survey of a number of pre-European and contemporary rural Polynesian societies.

03.201 Melanesian Ethnography
A survey of Melanesian societies, with emphasis on traditional and changing social, economic, political and cultural features, especially on the village level.

03.206 Origins of Civilisation
The study of the early civilisations of the Near East and a comparative survey of early Chinese, American and other civilisations.

03.207 Human Evolution
Examination of the fossil and contemporary genetic, anatomical and behavioural evidence concerning human evolution; human disease in an evolutionary perspective.

03.208 The Coming of the Maori
Archaeological perspectives on Polynesian origins, initial adaptations to New Zealand, local cultural development, classic Maori society, history to 1840 A.D.
Note: The same paper is offered as Maori Studies 04.203 and N04.203.

03.209 Ethnomusicology
English Folksong; African music south of the Sahara; American Indian and South American music.
Note: The same paper is offered as Music 28.214.

*03.210 Ethnic Groups and Inter-ethnic Relations
Ethnicity in relation to notions of race, culture and social classes examined in the political and economic contexts of New Zealand, Peru and the Caribbean.

*03.211 The Ancient Maori World/Te Ao Tawhito
Some accounts of traditional Maori life.
Note: The same paper is offered as Maori Studies 04.202.

*03.214 Issues in Social Theory
An introduction to theoretical issues in Social Anthropology.

03.215 Method and Theory in Archaeology
An examination of current concepts in archaeological research and their place in the development of archaeological thought.

*03.216 Maori Kinship and Community
A study of selected patterns of social relations e.g. kinship and residence; kinship and ancestral land; kinship and tribal identity.
Note: The same paper is offered as Maori Studies 04.207.

*03.217 The Languages of the Pacific
General introduction to the languages and linguistics of the Pacific Islands and Australia, with commentary on associated cultural institutions, conceptual systems and oral literatures.
Note: The same paper is offered as Linguistics 83.205.

03.218 Ethnographies of the Contemporary Maori
A study of the history of ethnographic and other accounts of contemporary Maori society, examining the derivation of various social theories and their application to the Maori under changing political economic circumstances in New Zealand since industrialisation.

03.219 Anthropological Perspectives on Gender
An examination of diverse social, cultural and biological constructions of gender differences.

03.220 Theories in Social Anthropology
A critical survey of major theories and debates in Social Anthropology since c. 1950.

Anthropology III

*03.300 History of Social Anthropology
Anthropology and its history of ideas - the theorists, the theories and their social contexts.

*03.302 Contemporary Problems in Social Anthropology
Selected contemporary issues in social anthropology.

03.304 Social History of Maori Land Legislation
Historical study of Maori land legislation in its political economic context, oriented toward learning to research library, government and archive resources.
Note: The same paper is offered as Maori Studies 04.308.

*03.305 Topics in Contemporary Melanesia
A survey of changing social, economic and political institutions in Melanesia since the late nineteenth century.

*03.306 Topics in Contemporary Maori Society
A survey of current Maori institutions, social groupings and events.
Note: The same paper is offered as Maori Studies 04.302.

03.308 Advanced Method and Theory in Archaeology

03.309 Evolution of Human Behaviour
Primate behaviour and ecology; the biocultural bases of contemporary human behaviour and cognition; the reconstruction of human behavioural evolution.

03.313 Contemporary Polynesia
A survey of recent social, economic and political changes in Fiji and Island Polynesia.

*03.314 East Asian Archaeology and Biological Anthropology
The study of recent archaeological discoveries and of theoretical frameworks with particular reference to China, Japan, Thailand and island South East Asia.

03.315 Oceanic Prehistory
Archaeology, prehistory, historical linguistics, colonisation, settlement pattern and ethnography of a region.

*03.316 Australian Aboriginal Archaeology and Society
Understanding the past and present of Aboriginal Australia, primarily through the study of archaeology, but relevant aspects of aboriginal society such as trade, ceremonies and economic and social organisation will also be dealt with.

03.318 Ethnomusicology: Music of Oceania and Asia
Maori music and music styles of Polynesia, Melanesia, Micronesia and Aboriginal Australia.
Note: Also offered as Music 28.314.

*03.320 The Anthropology of Agriculture
Ecological and economic aspects of interactions between plants and human subsistence activities in traditional and developing societies, with emphasis on Pacific humid tropics.

*03.322 Urban Anthropology
Urban social conditions and subcultures in developed and developing nations.

03.326 Statistical Methods in Anthropology
Introduction to analytical approaches to anthropological data. Basic statistical concepts and methods, computer skills and their uses within anthropology.

*03.327 Biological Anthropology Laboratory
Experimental and analytical methods for examining osteological, genetic, behavioural, biomedical and demographic data derived from human populations.

03.330 New Zealand Archaeology
Aspects of New Zealand archaeology from first colonisation through to the colonial era. Includes site recognition, recording and interpretation within a regional context and period, as appropriate.
*03.331 Archaeological Resource Management
An investigation of the legislation, philosophy and practical implications of archaeological resource management within bicultural New Zealand.

03.333 Economic Anthropology
Household and small-scale production, gift and commodity exchange in the context of contemporary economic change.

03.334 Ethnography of Contemporary New Zealand/Aotearoa Society
A survey of ethnographic research in New Zealand/Aotearoa. The focus of the paper is on Pakeha society and dominating ideologies and it includes an analysis of bicultural issues and of New Zealand’s increasing cultural diversity.

03.335 Special Topic in Anthropology

03.338 Biological Anthropology of the Pacific
Human biocultural adaptation in the Pacific. Contemporary, historic and prehistoric populations.

03.340 Field Methods in Archaeology
An introduction to archaeological excavation fieldwork methods, laboratory analysis and the writing of reports.

*03.341 Regional Approaches to Maori Society
Students will be familiarised with research methods and resources for research into topics of regional and tribal significance.

Note: The same paper is offered as Maori Studies 04.310.

*03.342 Approaches to Archaeological Science
The application of scientific techniques in archaeology.

*03.343 History of Anthropology
An integrated approach to the history of ideas in the sub-disciplines of Anthropology.

Note: This paper is prerequisite to MA in Anthropology.

03.344 Special Topic in Archaeology
Anthropology for MA and Honours
The course of study of every student must be approved by the Head of Department. A candidate may present either four papers (at least two at the 400 level and 03.343 if not already passed) and a thesis (03.601) counting as three papers, or six papers (at least three at the 400 level and 03.343 if not already passed) and a research essay (03.603) counting as one paper.

Social Anthropology Papers
03.400 Theory in Social Anthropology
A study of some major theoretical domains in anthropological thought.

*03.402 Topics in the Anthropology of the Pacific
Studies of Pacific people and their cultures addressing current anthropological issues and debates.

03.404 Ritual and Symbolism
Anthropological interpretations of religion, ritual and systems of belief.

03.405 Ethnohistory
An examination of theories of history and oral tradition and the redefinition of Pacific history.

*03.408 Ethical Problems in Social Research
Historical and contemporary problems concerning rights of all parties in social research; theory, method and practice.

*03.411 Special Topic in Social Anthropology
Topic to be announced.

*03.413 Anthropology and History
An examination of the ways in which Anthropology deals with the past, and cross-cultural differences in the production of histories in New Zealand and the Pacific Islands.

03.414 Field Methods in Social Anthropology
An examination of the experience, methods and techniques of anthropological field work in relation to particular research problems.

*03.419 Topic in Social Anthropology
Topic to be announced.

*03.423 Maori Ethnicity
Note: The same paper is offered as Maori Studies 04.402.

*03.424 Topics in the History of Social Anthropology
An examination of the historical background of contemporary anthropological theories and ethnographic practices.

Archaeology Papers
03.401 Archaeological Method
Field, laboratory and analytical techniques.

03.403 Prehistoric Ecology and Economics
Ecological and economic approaches to the study of prehistoric society from both a conceptual and a practical point of view.

*03.418 Research Design and Methodology
The course is designed to introduce students to procedures used in the definition of research problems, development and implementation of research design and the presentation of results. It is focused on the use of concepts and methods from anthropology and historical research in the examination and interpretation of archaeological evidence.

*03.422 Special Topic in Archaeology
Special topics selected in consultation with appropriate staff according to the student’s field of research.

03.425 Regional Studies of Prehistoric Settlement, Interaction and Culture Change
A study of concepts, methods, and archaeological evidence.

03.426 Experimental and Ethnographic Archeology
Experimental approaches to the interpretation of archaeological and ethnographic data, involving basic training in techniques of field and laboratory analysis and practical experimental research projects.

Biological Anthropology Papers
03.412 Theory in Biological Anthropology
A study of evolutionary theory, its history and its application to humans, primates and hominids for the understanding of anatomical behavioural and/or social attributes.

03.416 Research Methods in Biological Anthropology
Bibliographic, analytical and experimental methods in biological anthropology; the development of research and grant proposals; presentation of research results.

03.421 Topic in Biological Anthropology
A directed reading and individual study course to prepare students for doing research in a selected subfield of biological anthropology.

Ethnomusicology
03.410 Advanced Theory and Method in Ethnomusicology
Field method; transcription and analysis; study of selected scholars.

Note: The same paper is offered as Music 28.414.

03.601 Thesis
03.603 Research Essay in Anthropology
Topic in one of the sub-disciplines of Anthropology to be selected in consultation with staff.

LINGUISTICS
Fuller details concerning Linguistics papers are contained in Courses in Linguistics for 1994 available from the Department.

Linguistics Stage I Level
83.102 Introduction to Descriptive Linguistics
The structure of human languages. Methods of analysis and formal description.

83.104 Language and Society
The study of language in its cultural and social context.

Linguistics Stage II Level
83.200 Historical and Comparative Linguistics
The study of language change and historical relationship among languages.

Note: the same paper is offered as English 18.206.

83.203 Phonetics and Phonology
Phonological and phonetic theory. The study of sound systems. Problems of analysis.
83.204 Grammatical Analysis
Grammatical theory. Types of grammatical systems. Descriptive problems in morphology and syntax.

83.205 The Languages of the Pacific
General introduction to the languages and linguistics of the Pacific Islands and Australia. With commentary on associated cultural institutions, conceptual systems and oral literatures.
Note: The same paper is offered as Anthropology 03.217.

Linguistics Stage III Level
83.300 Grammatical Theory
Modern theories of syntax and morphology. Syntactic and morphological topics.

83.301 Special Topic in Linguistics
1994: Language Acquisition
Note: The same paper is taught as English 18.340.

*83.302 Special Topic in Comparative Linguistics
*83.303 Polynesian Comparative Linguistics
Comparative and historical study of the sound systems, grammar, and vocabulary of the Polynesian languages.
Note: The same paper is taught as Maori Studies 04.305.

*83.306 Philosophy of Language
As prescribed for Philosophy 29.202.
Note: The same paper is taught as Philosophy 29.202.

83.307 New Zealand English
Note: the same paper is offered as English 18.304

*83.309 Field Methods
Practical work with a native speaker of an unfamiliar language. Phonological and grammatical description of the language.

*83.310 Historical Syntax
*83.311 Language and Statistics
Descriptive, inferential and multivariate statistical methods as applied to language.
Note: The same paper is offered as Maori Studies 04.313.

83.312 Semantics
Note: the same paper is offered as English 18.305

*83.313 Conversational Analysis.
The organisation of conversation as an interactive activity.
Note: the same paper is offered as English 18.342

83.314 Sociolinguistics
The interrelationship between linguistic variation and social structure.
Note: the same paper is offered as English 18.343

Linguistics for MA and Honours
The course of study of every student must be approved by the Head of Department. A candidate may present either four papers (at least two at the 400 level) and a thesis (83.601) counting as three papers; or six papers (at least three at the 400 level) and a research essay (83.603) counting as one paper. Up to two papers listed under Stage III Linguistics, if not credited for a BA Degree, may be offered as papers for MA.

*83.400 A Topic in Descriptive Linguistics
83.401 Discourse Analysis
Note: The same paper is offered as English 18.429

83.402 A Topic in Sociolinguistics
83.403 A Topic in Comparative Linguistics
1994: Historical Linguistics
Note: The same paper is taught as English 18.441.

*83.404 Special Topic in Linguistics
83.405 Advanced Studies in Syntax
Theories of syntax grammar and topics currently of interest to linguists; metalanguage.
Note: The same paper is offered as English 18.408.

83.406 English Linguistics: Advanced Semantics and Pragmatics
Note: The same paper is offered as English 18.410.

83.601 Thesis
A Topic to be selected in consultation with staff
83.603 Research Essay

DEPARTMENT OF ART HISTORY
For Art History prescriptions for BA, BFA, MFA see Faculty of Fine Arts, Degree Prescriptions.

Art History for MA and Honours
four papers from 19.400 to 19.415, or three papers from 19.400 to 19.415 and one paper from the options prescribed for Stage III Art History.
and either:
(a) A Thesis, 19.601, (value 3 papers)
or
(b) Three papers from 19.400 to 19.415, or two papers from 19.400 to 19.415 and one paper from the options prescribed for Stage III Art History.

*19.400 Topics in 17th Century Drawing
A study of drawings by the Carracci, Rubens, Rembrandt, Domenichino and Claude.

*19.401 Topics in Australian and New Zealand Art (Advanced)
Topics in Australian art from circa 1850 to 1970.

†19.402 Special Topic in Western Art Before 1600
To be prescribed by the Head of Department

*19.403 Watteau and his Sources and Influence
The work of Watteau, his sources and his influences on Western art.

19.404 Film Studies
An introduction to film history and criticism.

†19.405 Nicolas Poussin and 17th Century Classicism
The art of Poussin in its historical and critical context.
Note: A candidate who has been credited with a pass in paper 19.303 may not take this paper.

19.406 Art Historiography
A study of theoretical art historians including H. Wolflin and E. Panofsky.

*19.407 A Topic in Medieval Art
19.408 A Topic in 19th Century Art
Representations of non-European people and places by European artists from late 18th to the early 20th century.

19.409 Topics in the Theory of Modern Art
An introduction to the theory of Modernist art.

19.410 Topics in 19th and 20th Century Sculpture
A study of the European tradition in New Zealand sculpture.

19.412 Women in Art (Advanced)
Includes the study of gender and representation in art and feminist theory.

*19.413 Topics in Maori Art
Selected research topics in Maori and other Polynesian arts.

19.414 Image and Text
An introduction to the problems of the relations between image and text.

19.415 Structures in 15th Century Italian Renaissance Art
The paper will not focus on individual artists and artworks, but on aspects such as methods of representing time and space and constructing the spectator’s role.

The thesis (19.601) shall not exceed 30,000 words, and two copies must be handed in to the Registrar, not later than 1 November. The subjects for the thesis shall be chosen in consultation with the Head of Department.

Book lists will be distributed at the beginning of the year.

DEPARTMENT OF ASIAN LANGUAGES AND LITERATURE
The Department offers five subjects for the BA Degree. Chinese, Indonesian, Japanese and Korean may be taken to the Stage III Level. Asian Studies does not proceed to Stage III, but makes more freely available general papers that do not involve a language component.
Other Departments also offer teaching in this field. See, in particular, the entries for the subjects Asian Geography, Asian History and Asian Politics.
Detailed guides are available from the Department concerned. A general guide, The study of Asia at the University of Auckland, is also available.
ASIAN STUDIES

The following papers are taught entirely in English, and are open to students whether or not they are taking language papers. Where they are also available for Chinese, Indonesian, Japanese or Korean, they may be regarded as papers in those subjects or as papers in the subject Asian Studies. Students may choose the way such papers are designated, provided they comply with the Regulations for the Degree.

Asian Studies I

97.100 Introduction to Chinese Thought
A survey in English translation of traditional Chinese philosophical and religious literature (Confucian, Taoist, Buddhist, etc.) and of the ideas which have helped shape Chinese culture.

Note: The same paper is offered as Chinese 48.102.

97.101 Aspects of Traditional Chinese Culture
A study of many diverse but related aspects of Chinese culture within the framework of the great 18th century novel, The Story of the Stone (to be studied in English translation).

Note: The same paper is offered as Chinese 48.104.

97.102 Modern China Through Film and Literature
The historical period covered ranges from the May 4th New Culture Movement, the literary trends in the 20's and 30's, the establishment of the Maoist orthodoxy at Yan'an, up to the politico-literary events of the Maoist and Dengist decades.

Note: The same paper is offered as Chinese 48.105.

97.103 Ethnic Chinese abroad, with special reference to the New Zealand Chinese
An examination of factors which motivated Chinese migrants to go abroad, and the problems of discrimination and integration they face in various host societies, New Zealand in particular. Special issues like the preservation of culture and the identity crisis will be explored from a cultural perspective, using literary materials ranging from essays to fiction. Samples of creative works such as poetry and essays by Chinese New Zealanders will also be used.

Note: The same paper is offered as Chinese 48.106.

97.120 Indonesian Cultures and Civilizations
Tribal religions of Indonesia, Hindu-Javanese civilization, Balinese religion and aspects of contemporary Indonesian culture.

97.121 Introduction to Islam
Koran, Islamic Law, theology and mysticism.

Note: The same paper is offered as Indonesian 80.104.

97.122 Literary Traditions and Religions of India
The Rigveda, the Athravaveda, and the Upanishads.

Note: The same paper is offered as Indonesian 80.105.

97.140 Japanese Literature in Translation
A survey of Japanese literature in English translation from earliest times to the modern period.

Note: The same paper is offered as Japanese 81.102.

*97.141 Introduction to Japanese Thought and Culture
A survey of Japanese intellectual and cultural traditions from earliest times.

Note: The same paper is offered as Japanese 81.103.

97.160 Buddhism, Confucianism and Shamanism in Korean Culture
An examination of continuity and change in Korean values as reflected in Korean culture with a special emphasis on Buddhism, Confucianism and Shamanism.

Note: The same paper is offered as Korean 449.102.

Asian Studies II

97.200 Major Schools of Chinese Thought
A study of the major schools of Chinese Thought. Texts in English translation representative of Confucianism, Mohism, Taoism, Legalism, Chinese Buddhism and Neo-Confucianism will be analysed and discussed. This course will normally be offered in alternative years.

Note: The same paper is offered as Chinese 48.203.

*97.221 Islamic Civilizations
Islamic civilisation in its formative period; Islam in Africa, India and Indonesia.

Note: The same paper is offered as Indonesian 80.203.

*97.222 Early Indian Thought
Shauivism and Vaisnavism in Sanskrit and vernacular literatures of India.

Note: The same paper is offered as Indonesian 80.205.

*97.223 Indian Buddhism
Indian Buddhism prior to ca.1200 A.D.

Note: The same paper is offered as Indonesian 80.206.

Asian Studies for MA and Honours

Five papers and a thesis (97.601) which counts as two papers; or six papers and a research essay (97.603) which counts as one paper.

In either case candidates shall include three papers selected from those available at Master's level in Chinese, Indonesian or Japanese subject to the approval of the Head of Department. The remaining two or three papers shall, subject to the approval of the Heads of Departments, be selected from the Master's papers in one or two different subjects. At the discretion of the Heads of Departments one Stage III paper may be substituted for one of these Master's papers. In the thesis or research essay, sources in the Asian language being studied will be used.

CHINESE

Chinese I

Papers 48.100 and 48.101 are corequisites, and entail seven hours of teaching per week.

48.100 and 48.101 Introduction to Modern Chinese Language A and B
A beginners' course in the written and oral use of modern Chinese, tested in some or all of the following ways: translation into and from Chinese, listening comprehension and reading, re-arrangement of words and phrases, sentence-making and conversation.

48.102 Introduction to Chinese Thought
As prescribed for 97.100 Asian Studies.

Note: The same paper is offered as Asian Studies 97.100.

48.104 Aspects of Traditional Chinese Culture
As prescribed for 97.101 Asian Studies.

Note: The same paper is offered as Asian Studies 97.101.

48.105 Modern China Through Film and Literature
As prescribed for 97.102 Asian Studies.

Note: The same paper is offered as Asian Studies 97.102.

48.106 Ethnic Chinese Abroad with special reference to New Zealand Chinese
A study of appropriate language skills for native speakers of Chinese in the areas of grammar, character forms, dictionary use, romanization, pronunciation and translation into and out of Chinese.

Chinese II

48.200 Intermediate Modern Chinese
Intermediate written and oral use of modern Chinese, tested in some or all of the following ways: translation into and from Chinese, dictation, reading, listening comprehension and conversation.

48.201 Introduction to Modern Chinese Literature
Readings of selected passages from the works of representative authors, prose and poetry written in Baihua.

48.202 Introduction to Classical Chinese Language and Literature
This consists of three elements: (1) a grounding in classical Chinese grammar (with special emphasis on key functional words and basic sentence patterns); (2) a selection of reading texts from classical Chinese prose and poetry; and (3) a simple historical survey of classical Chinese literature from pre-Qin times to the Qing Dynasty.
Faculty of Arts, Degree Prescriptions, Chinese, Indonesian

48.203 Major Schools of Chinese Thought
As prescribed for 97.200 Asian Studies.
Note: The same paper is offered as Asian Studies 97.200.

48.204 Introduction to Translation
The emphasis of this course will be on practical translation from and into the Chinese language together with other exercises designed to develop the language skills of students of Chinese speaking backgrounds.

Chinese III
Candidates seeking to satisfy Regulation 4(a) in the subject Chinese must take three papers, 48.300 or 48.303, 48.301 and 48.302. Paper 48.300 is not normally available to native speakers of Chinese.

Candidates for paper 48.300 may take paper 48.303 as an additional paper and students intending to take MA papers 48.420 and 48.421 are recommended to take it.

With approval of the Head of Department certain papers prescribed for Chinese for MA and Honours may be selected as additional Stage III papers.

48.300 Advanced Modern Chinese
Written and oral use of Modern Chinese tested in some or all of the following ways: translation, composition, comprehension, conversation, dictation, reading.

48.301 Readings in Contemporary Chinese Literature
Selected passages of prose, poetry and drama published since Mao's Talks at the Yan'an Forum on Art and Literature.

48.302 Readings in Classical Chinese Literature
A continuation of 48.202 and more in-depth study of classical language and literature.

48.303 Translation in Theory and Practice
Knowledge of basic principles and techniques of translation acquired through classroom practice and homework assignments. Students will normally be required to have passed 48.300 or achieved a comparable standard of language competence. Native speakers of Chinese may be required to take this paper instead of 48.300.

Chinese for MA and Honours
Four papers (which must include 48.419) and a thesis (48.601) of 25,000 words or more on a selected topic for which Chinese sources will be used; or six papers (which must include 48.419) and a dissertation (48.604) of 10,000 words or more on a selected topic for which Chinese sources will be used. Students intending to enrol for MA should consult the Head of Department towards the end of the previous year to discuss the availability of papers and obtain advice on vacation reading.

48.400 Advanced Language Skills for Practical and Research Use

48.402 Chinese Prose Literature of the Tang and Song Dynasties

48.403 Introduction to Chinese Historiography and Translation of Historical Texts

48.405 Chinese Poetry of the Tang and Song Dynasties

48.406 Readings in the Confucian and Taoist Classics

48.411 The Novel in Imperial China

48.412 Modern Chinese Fiction

48.413 Traditional Chinese Drama, with Special Reference to the Xiang Ji

48.414 Modern Chinese Drama, with Special Reference to the Plays of Cao Yu

48.415 A Study of Newspaper and other Nonliterary Forms of Modern Chinese

48.416 Special Topic

48.417 Special Topic

48.418 Advanced Readings in Contemporary Chinese Literature

48.419 Bibliography and Research Methodology

48.420 Principles and Practice of Chinese-English Translation

48.421 Principles and Practice of English-Chinese Translation
Every candidate will be required to pass an examination in the oral use of the language. In determining the class of Honours, the candidate's performance in the written papers, the dissertation, the oral examination and in Coursework will be taken into consideration. The attention of students who intend to enrol for MA is drawn to Regulation 6 of the General Provisions for the Degree of Master of Arts.
Note: There is no guarantee that all the papers listed above will be available in any one year.

INDONESIAN

Indonesian I
Papers 80.100 and 80.101 are corequisites and entail five hours of teaching per week plus language lab. No previous knowledge of Indonesian is required.

80.100 and 80.101 Language Acquisition A and B
An introduction to spoken and written Indonesian.

80.103 Indonesian Cultures and Civilizations
As prescribed for 97.120 Asian Studies.
Note: The same paper is offered as Asian Studies 97.120.

80.104 Introduction to Islam
As prescribed for 97.121 Asian Studies.
Note: The same paper is offered as Asian Studies 97.121.

80.105 Literary Traditions and Religions of India
As prescribed for 97.122 Asian Studies.
Note: The same paper is offered as Asian Studies 97.122.

80.106 Beginning Sanskrit
Language of the Indian epics.

Indonesian II

80.200 Intermediate Language Acquisition
Translation, comprehension, grammar, vocabulary and oral skills.

80.201 An Introduction to Modern Indonesian Literature
A study of selected short stories.

80.202 Twentieth Century Indonesian/Malay Poetry

80.203 Islamic Civilizations
As prescribed for 97.221 Asian Studies.
Note: The same paper is offered as Asian Studies 97.221.

80.205 Early Indian Thought
As prescribed for 97.222 Asian Studies.
Note: The same paper is offered as Asian Studies 97.222.

80.206 Indian Buddhism
As prescribed for 97.223 Asian Studies.
Note: The same paper is offered as Asian Studies 97.223.

80.207 Modern Javanese

80.208 Culture and Society in Contemporary Indonesia
Selected readings in Indonesian on cultural topics.

Indonesian III
Candidates seeking to satisfy Regulation 4(a) in the subject Indonesian must offer 80.300 and two other papers. With the approval of the Head of Department certain papers prescribed for Indonesian for MA and Honours may be selected as additional Stage III papers.

80.300 Advanced Language Skills
Comprehension, translation, grammar and oral skills with a focus on non-literary materials.

80.301 Introduction to Classical Malay Language and Literature
Classical Malay language, literature and script.

80.302 Modern Indonesian Literature
Selected studies of pre-war and post-war writers.

80.306 Language of the Media
Towards proficiency in reading Indonesian newspapers and magazines.
A study of the Babad Tanah Jawi or other texts.

Five papers (which must include 80.400) and a thesis (80.601) of Indonesian for MA and Honours.

An Approved Special Topic (80.309) Literary Javanese
A study of selected topics in Classical Malay literature.

A study of selected topics in Classical Malay literature.

A study of selected topics in modem Indonesian literature.

Translation at sight of non-literate texts and free composition.

A study of selected topics in Classical Malay literature.

A study of Indonesian sources will be used; or six papers (which must include 80.400) and a dissertation 80.604 of 7,000 to 10,000 on a selected topic for which Indonesian sources will be used; or seven papers (which must include 80.400). Students intending to enrol for MA must consult the Head of Department towards the end of the previous year to discuss optional papers and to obtain advice on vacation reading.

Translation at sight of non-literate texts and free composition.

A study of Indonesian sources will be used, or an annotated translation of a Japanese text; or six papers including 81.401 with a research essay (81.603) not exceeding 7,000 to 10,000 words, on a selected topic for which Japanese sources will be used, or a translation of a Japanese text.

Either six or eight hours of classes per week.

As prescribed for 81.300, 81.301 and 81.303. Papers 81.300, 81.301 and 81.302 are prerequisites for the MA Degree.

With the approval of the Head of Department certain papers prescribed for Japanese for MA and Honours may be selected as additional Stage III Level papers.

Students intending to enrol for MA must consult the Head of Department towards the end of the previous year to discuss optional papers and to obtain advice on vacation reading.

Prerequisites: Eight papers in Japanese including 81.300, 81.301 and 81.302.

Students are strongly advised to take 81.102, 81.103 and 81.303 as part of their BA Degree.

Written and oral use of Japanese in a variety of situations.

Four papers including 81.401 with a thesis (81.601) of 20,000 to 30,000 words, on a selected topic for which Japanese sources will be used, or an annotated translation of a Japanese text; or six papers including 81.401 with a research essay (81.603) not exceeding 7,000 to 10,000 words, on a selected topic for which Japanese sources will be used, or a translation of a Japanese text.

Students intending to enrol for MA must consult the Head of Department towards the end of the previous year to discuss optional papers and to obtain advice on vacation reading.

Prerequisites: Eight papers in Japanese including 81.300, 81.301 and 81.302.

Students are strongly advised to take 81.102, 81.103 and 81.303 as part of their BA Degree.

Written and oral use of Japanese in a variety of situations.

A comprehensive survey of the development of Japanese poetry.

A comprehensive survey of the development of Japanese drama.
DEPARTMENT OF CLASSICS AND ANCIENT HISTORY

The Department of Classics and Ancient History includes three subjects: Latin, Greek and Ancient History, all taught to MA with Honours Level. Please note that papers in the translated literature and thought and art of Ancient Greece and Rome are taught inside the subject Ancient History. All students wishing to advance beyond Stage I should plan their courses carefully in consultation with a member of staff. All students enrolling in Latin at university for the first time should consult the Head of Department about their course. It is normal for students with not more than three years’ experience of Latin at school to enrol in Latin I and for students with more than three years’ experience of Latin at school to begin at Stage II level. Students who intend to advance to MA with Honours in Latin or Greek are strongly advised to enrol for both languages in their first year. Greek I is a prerequisite to MA in Latin. An MA with Honours in Latin and Greek (Combined Honours) requires that students pass Latin III and Greek III before enrolling in their MA year. Students planning this course should therefore start Latin and Greek together in their first year.

Students who intend to advance to MA in Ancient History must study at least one ancient language. They must fulfill certain prerequisites for MA, including, normally, two papers in a language. Students who wish to take the Egyptian option must pass 12.210 and 12.310 and must plan to take 12.210 in their Stage II year to enable them to progress to 12.310 in their Stage III year before MA.

Students who wish to take the Mesopotamian option must likewise pass 12.211 and 12.311 before MA. Students in the Greek option must pass 10.100, 10.102 and in the Roman option 09.100, 09.102, or have equivalent qualifications. Students who wish to take the Greek or Roman options at MA are advised to enrol in Greek or Latin papers in their first year, and do more than the prerequisite minimum. As much of the scholarly work on Ancient History (especially Egyptian and Akkadian subjects) is in foreign languages, students planning to take these options should enrol for German I and French I papers, in their first year preferably.

Students who intend to take Latin or Greek are advised that Ancient History papers, at least in the field relevant to their language, will be most useful, especially for those advancing beyond Stage I, since outlines of History are now no longer taught within the language courses.

Students considering enrolling for any subject in the Department are strongly advised to come and see a member of staff during the pre-enrolment period. External students should consult the Department as early in the year as possible.

LATIN

Latin I

(Four hours per week plus tutorial.)

09.100 Introduction to Latin Literature

Latin texts will be prescribed for reading, literary appreciation and grammatical study.

09.102 Introduction to the Latin Language

An introductory course in Latin grammar and vocabulary.

09.200 Prescribed Texts

Texts will be prescribed for detailed linguistic and literary study.

09.201 Latin Literature

Texts will be prescribed for detailed study with emphasis on the acquisition of reading skills and on the literary appreciation of the texts.

KOREAN

Korean I

Papers 449.100 and 449.101 are corequisites and entail a total of seven hours of classes per week.

449.100 Language Acquisition A

A beginners' course in modern Korean emphasizing oral and aural comprehension together with an introduction to basic grammar.

449.101 Language Acquisition B

A beginner’s course in modern Korean emphasizing reading comprehension and composition.

449.102 Buddhism, Confucianism and Shamanism in Korean Culture

As prescribed for 97.160 Asian Studies

Note: The same paper is offered as Asian Studies 97.160

449.103 Korean Study Abroad

This will consist of a short (c. 10 weeks) intensive language-acquisition programme at the Yonsei University Korean Language Institute, preceded by a series of preparatory lectures in Term 3.

Korean II

Papers 449.200, 449.201 and 449.202 are corequisites, and entail a total of seven hours of classes per week.

449.200 Intermediate Korean A

A continuation of 449.100.

449.201 Intermediate Korean B

A continuation of 449.101. Basic Hanja (Chinese characters) will be introduced.

449.202 Translation From and Into Modern Korean

Develops translation skills.

449.203 Korean Study Abroad

This will consist of a short (c. 10 weeks) intensive language-acquisition programme at the Yonsei University Korean Language Institute, preceded by a series of preparatory lectures in Term 3.

Korean III

Paper 449.300, 449.301 and 449.302 are corequisites and entail a total of seven hours of classes per week.

449.300 and 449.301 Advanced Korean A and B

These are designed to reinforce the Korean language skills that students have learned during the previous two years. A variety of audio and written material covering various aspects of modern Korea will be used.

449.302 Translation From and Into Modern Korean

An advanced level version of 449.202. The materials will be drawn from newspaper articles and a variety of other sources covering the society, geography, culture, economy and daily life of Korea.

449.303 Traditional and Modern Korean Literature

A study of Korean literature from the Three Kingdom period through the Koryo and the Chosun dynasties to the present. Important literary works throughout Korean history will be introduced and commented on.
09.202 Language
A course on the structure of the Latin language with exercises requiring translation from and into Latin.

Latin III
(Five hours per week.)
Prerequisite: 09.200, 09.201, 09.202.

09.300 Prescribed Texts
Texts will be prescribed for detailed linguistic and literary study.

09.301 Latin Literature
An author or literary genre or topic will be studied by means of prescribed texts.

09.302 Language and History of the Language
An advanced course on the structure and use of the Latin language including a study of the early history of the language.

09.303 Prescribed Texts
(Two hours per week.)
As prescribed for 09.300. Students who have passed 09.300 will not be permitted to enroll in 09.303 unless there has been a change of syllabus.

09.304 Literature
(One hour per week.)
As prescribed for 09.301. Students who have passed 09.301 will not be permitted to enroll in 09.304 unless there has been a change of syllabus.

Latin for MA and Honours
Honours in Latin (Seven papers).
This is normally a two year course, in which candidates offer four papers in their first year and two papers plus a research essay (counting as one paper: 09.603) in their second. Candidates must offer 09.400, either 09.401 or 09.404, and 09.603; the selection of optional papers must be approved by the Head of Department.
All intending MA students should consult the Head of Department in the year preceding enrolment, as not all papers will be available every year.
Prerequisite: Eight papers in Latin, including 09.300, 301, 302.

09.400 Unprepared Translation of Latin Prose and Verse
(One hour per week.)
Any or all of the following: translation into Latin, grammatical, syntactical, linguistic and stylistic analysis of passages of Latin prose and/or verse.

09.402 Latin Poetry
(One hour per week.)
Two subjects will normally be set, with reference to prescribed texts.

09.403 Latin Prose Authors
(One hour per week.)
Two subjects will normally be set with reference to prescribed texts.

09.404 Vulgar Latin or Early Latin
(One hour per week.)
Either Vulgar and Late Latin
The phonology, morphology, syntax and vocabulary of Vulgar and Late Latin as seen in the prescribed texts. Comparison with inscriptional material will be made where relevant.
Or Early Latin
The phonology, morphology, syntax and vocabulary of Early Latin as seen in the prescribed texts. Comparison with inscriptional material will be made where relevant.

09.405, 09.406 Roman History
(Two hours per week.)
The topic will be that of the Ancient History Roman Topic for MA. There will be a final examination in each paper.

09.407 Literary Topic
(One hour per week.)
The topic will be prescribed.

09.408 Special Topic

09.409 Special Topic

09.603 Research Essay
(Equivalent to one paper)

Combined Honours (Languages and Literature)
See MA Degree Course Regulations.

GREEK

Greek I
(Four hours per week plus tutorial)

10.100 Introduction to Ancient Greek Literature
Ancient Greek texts will be prescribed for reading, literary appreciation and grammatical study.

10.102 Introduction to the Ancient Greek Language
An introductory course in the grammar and vocabulary of Ancient Greek.
Note: Students enrolling in 10.100 must also enrol in, or have previously passed, 10.102. Students may enrol in 10.102 without 10.100.

Greek II
(Five hours per week.)
Prerequisites: 10.100 and 10.101 or 10.102 or direct entry.

10.200 Prescribed Texts
Texts will be prescribed for detailed linguistic and literary study.

10.201 Greek Literature
Texts will be prescribed for study, with emphasis on the acquisition of reading skills and on the literary appreciation of the texts.

10.202 Language
A course on the structure of the ancient Greek language, with exercises requiring translation from and into Greek.

Greek III
(Five hours per week.)
Prerequisite: 10.200, 10.201, 10.202.

10.300 Prescribed Texts
Texts will be prescribed for detailed linguistic and literary study.

10.301 Greek Literature
An author or literary genre or topic will be studied by means of prescribed texts.

10.302 Language and History of Language
An advanced course on the structure and use of the ancient Greek language, including a study of the early history of the language.

10.303 Prescribed Texts
(Two hours per week.)
As prescribed for 10.300. Students who have passed 10.300 will not be permitted to enrol in 10.303 unless there has been a change of syllabus.

10.304 Literature
(One hour per week.)
As prescribed for 10.301. Students who have passed 10.301 will not be permitted to enrol in 10.304 unless there has been a change of syllabus.

Greek for MA and Honours
Honours in Greek (Seven papers.)
This is normally a two year course, in which candidates offer four papers in their first year and two papers plus a research essay (counting as one paper: 10.603) in their second. Candidates must offer 10.400, either 10.401 or 10.404, and 10.603; the selection of optional papers must be approved by the Head of Department.
All intending MA students should consult the Head of Department in the year preceding enrolment, as not all papers will be available every year.
Prerequisite: Eight papers in Greek, including 10.300, 301, 302.

10.400 Unprepared Translation
(One hour per week.)
Any or all of the following: translation into Greek, grammatical, syntactical, linguistic and stylistic analysis of passages of Greek prose and/or verse.

10.401 Language
(One hour per week.)
Two subjects will normally be set, with reference to prescribed texts.

10.402 Greek Poetry
(One hour per week.)

10.403 Greek Prose Authors
(One hour per week.)
Two subjects will normally be set with reference to prescribed texts.

10.404 Vulgar Greek or Early Greek
(One hour per week.)
Either Vulgar and Late Greek
The phonology, morphology, syntax and vocabulary of Vulgar and Late Greek as seen in the prescribed texts. Comparison with inscriptional material will be made where relevant.
Or Early Greek
The phonology, morphology, syntax and vocabulary of Early Greek as seen in the prescribed texts. Comparison with inscriptional material will be made where relevant.

10.405, 10.406 Roman History
(Two hours per week.)
The topic will be that of the Ancient History Roman Topic for MA. There will be a final examination in each paper.

10.407 Literary Topic
(One hour per week.)
The topic will be prescribed.

10.408 Special Topic

10.409 Special Topic

10.603 Research Essay
(Equivalent to one paper)
Two subjects will normally be set, with reference to prescribed texts. 

**10.403 Greek Prose Authors**  
(One hour per week.)  
Two subjects will normally be set, with reference to prescribed texts. 

**10.404 New Testament Greek or Classical Greek Dialects**  
(One hour per week.)  
*Either* New Testament Greek  
The phonology, morphology, syntax and vocabulary of New Testament Greek as seen in the prescribed texts. Comparison with papyrus material will be made where relevant.  
Or Classical Greek Dialects  
The non-Attic dialects of Classical Greek, studied from inscriptive material. 

**10.405, 10.406 Greek History**  
(Two hours per week.)  
The topic will be that of the Ancient History Greek Topic for MA. There will be a final examination in each paper. 

**10.407 Literary Topic**  
(One hour per week.)  
The topic will be prescribed. 

**10.408 Special Topic**  
**10.409 Special Topic**  
**10.603 Research Essay**  
(Equivalent to one paper)  
Combined Honours (Language and Literature)  
See MA Degree Course Regulations.

### ANCIENT HISTORY

#### Ancient History I

**12.100 Near Eastern History**  
(Two hours per week, plus fortnightly tutorial.)  
An outline history of the ancient civilisations of Egypt, Mesopotamia and Israel from neolithic times to Alexander the Great; the course will include artistic and cultural questions, and the civilisations of Anatolia, Syria and Iran will be considered in less detail. 

**12.102 Greek History**  
(Two hours per week, plus fortnightly tutorial.)  
An introduction to Greek History and Civilisation from the Mycenean Age to the death of Alexander the Great. 

**12.103 Roman History**  
(Two hours per week, plus fortnightly tutorial.)  
An introduction to the History and Civilisation of Rome, with particular reference to the Republic and Early Empire. 

**12.104 Literature and Thought of Archaic Greece and Republican Rome**  
(Two hours per week plus a fortnightly tutorial)  
A study of the literature and thought of the Archaic Age of Greece with special emphasis on Homer, and the Republican Era of Rome, with special emphasis on Plautus. 

*12.114 Literature and Thought of Classical Greece and Imperial Rome*  
(Two hours per week plus a fortnightly tutorial)  
A study of the literature and thought of the Classical Age of Greece with special emphasis on Aristophanes and of the Imperial Era of Rome, with special emphasis on Ovid. 

#### Ancient History II

**12.200 Egypt in Dynasty XVIII**  
(Three hours per fortnight.)  
Students planning to advance to MA Egyptian option must take paper 12.210 with this paper. 
This course concentrates on the internal organisation and foreign policy of the kings of the 18th dynasty, c.1570-1320 B.C. 

**12.201 The Neo-Assyrian Empire**  
(Three hours per fortnight.)  
Students planning to advance to MA in Mesopotamian option must take paper 12.211 with this paper. 
This course on the Neo-Assyrian Empire (c.884-612 B.C.) will include a study of the Assyrian State, the aims, methods and historical importance of Assyrian imperialism, and its reflection in art, literature and religion. Special attention will be paid to contemporary documents. 

**12.202 Greece and Persia**  
(Three hours per fortnight.)  
Students planning to advance to MA in Greece option should consider taking 10.100, 10.102 with this paper. 
Greece and Persia (c.546-323 B.C.) will involve a study of Herodotus’ history and the first Persian War, the Greek counter measures and the organisation of the Athenian Confederacy, Persian interventions in Greek inter-state struggles in the fifth and fourth centuries, and Alexander’s Anabasis. 

**12.203 Pax Romana**  
(Three hours per fortnight.)  
Students planning to advance to MA in Roman option should consider taking 09.100, 09.102 with this paper. 
A study of the Roman Empire during the first two centuries A.D. Special attention will be given to the social and religious history of the period, and there will be extensive use of ancient texts in translation. 

**12.204 Art and Society in Ancient Greece and Rome**  
(two hours per week.)  
A study of art and architecture of the Greeks and Romans in their social and cultural contexts. Emphasis will be placed on the role of the visual arts as vehicles for the expression of social values and political and imperial ideals. 

**12.210 Egyptian Language and Documents**  
(Two hours per week.)  
The Egyptian Language, hieroglyphic writing, and selected documents up to Dynasty XVIII. 

**12.211 Akkadian Language and Documents**  
(Two hours per week.)  
The Akkadian Language, cuneiform writing and selected documents of the Neo-Assyrian Empire. 

*12.212 Political Theory and Practice in Imperial Athens*  
(Three hours per fortnight.)  
Students planning to advance to MA in Greek option should consider taking 10.100, 10.102 with this paper. 
Classical Athens will provide the historical context for a study of the Greek city-state as interpreted by ancient historians, poets, orators and philosophers. 

*12.213 Empire, Politics and Society in the Roman Empire*  
(Three hours per fortnight.)  
Students planning to advance to MA in Roman option should consider taking 09.100, 09.102 with this paper. 
A thematic study of the Middle and Later Republic. The main themes considered are: the debate about Rome’s acquisition of an empire; the practical functioning and nature of Republican politics; and analysis of the major groupings in Republican society - slaves, freemen, peasants, aristocrats, etc. 

*12.214 Historians of Rome*  
(Three hours per fortnight.)  
Students planning to advance in MA Roman option should consider taking 09.100, 09.102 with this paper. 
A study of the Greek and Latin writers on Roman History; all works will be studied in English. The authors will include Polybius, Livy, Sallust, Caesar, Tacitus, Suetonius. 

*12.220 Egypt in Dynasties XI-XVII*  
(Three hours per fortnight)  
Students planning to advance to MA in Egyptian option must take paper 12.210 with this paper. 
This course deals with the reunification of Egypt at the end of the First Intermediate Period and goes on to study the Middle Kingdom (the so-called Classical Age of Ancient Egyptian Culture) in depth. The reasons for the collapse of Dynasty 12 are next considered, followed by the loss of unity in Dynasty 13, the origins and nature of the foreign Hyksos (Asiatic) rule over Egypt, and finally the first stirrings of renewed nationalist feelings, leading to the reunification of Egypt under a native Pharaoh at the start of Dynasty 18.
204 Faculty of Arts, Degree Prescriptions, Ancient History

*12.221 Mesopotamia in the 18th Century B.C.
(Three hours per fortnight.)
Students planning to advance to MA in Mesopotamian option must take paper 12.211 with this paper.
Assur, Mari, Babylon: Mesopotamia in the 18th Century B.C. This is a period of immense documentary wealth, with important archives of documents found in several centres and relating to all aspects of life during the period. The most notable political event of the time was the gradual rise of Babylon to the position of imperial mistress of the entire region, under one of its most famous kings, Hammurabi.

*12.222 Tyranny
(Three hours per fortnight.)
Students planning to advance to MA in Greek option should consider taking 10.100, 10.102 with this paper.
A study of the causes of the tyrannies in the Greek city-states, the aims and methods of the tyrants and the reasons for their expulsion. The course will consider the 7th-6th century tyrants at the Isthmus of Corinth, in Ionia, and in Sicily, and the connections between tyranny and imperialism (collaboration and resistance), the tyranny in Athens, and the tyrants in Sicily and elsewhere in the late 5th and following centuries.

12.224 Greek Philosophy
(Two hours per week)
An introduction to the main themes and figures of Ancient Greek Philosophy.

Ancient History III

*12.300 Egypt in Dynasties XI-XVII
(Three hours per fortnight.)
Syllabus as 12.220. A higher standard is expected. Students planning to advance to MA in Egyptian option must take 12.310 with this paper.

12.301 The Neo-Assyrian Empire
(Three hours per fortnight.)
Syllabus as for 12.201. A higher standard is expected. Students planning to advance to MA in Mesopotamian option must take 12.311 with this paper.

12.310 Egyptian Language II
(Four hours per fortnight.)
Hieroglyphic writing and a study of more advanced documents of either Dynasty XVIII of dynasties V-XI.

12.311 Akkadian Language II
(Three hours per fortnight.)
A selection of texts of the Old Babylonian period will be read in the original cuneiform. These will include letters from Mari and Babyponia and excerpts from the Hammurabi Law Stele. All materials supplied by the Department.

*12.312 Political Theory and Practice in Imperial Athens
(Three hours per fortnight.)
Syllabus as 12.212. A higher standard is expected. Students planning to advance to MA in Greek option must take 10.100, 10.102 with this paper.

*12.313 Empire, Politics and Society in the Roman Republic
(Three hours per fortnight.)
Syllabus as for 12.213. A higher standard is expected. Students planning to advance to MA in Roman option must take 12.311 with this paper.

12.314 Historians of Rome
(Three hours per fortnight.)
Syllabus as 12.214. A higher standard is expected. Students planning to advance to MA in Roman option must take 10.100, 10.102 with this paper.

12.320 Egypt in Dynasty XVIII
(Three hours per fortnight.)
Syllabus as 12.200. A higher standard is expected. Students planning to advance to MA in Egyptian option must take 12.310 with this paper.

*12.321 Mesopotamia in the 18th Century B.C.
(Three hours per fortnight.)
Syllabus as 12.221. A higher standard is expected. Students planning to advance to MA in Mesopotamian option must take 12.311 with this paper.

*12.322 Tyranny
(Three hours per fortnight.)
Syllabus as 12.222. A higher standard is expected. Students planning to advance to MA in Greek option must take 10.100, 10.102 with this paper.

12.323 Pax Romana
(Three hours per fortnight.)
Syllabus as 12.203. A higher standard is expected. Students planning to advance to MA in Greek option must take 10.100, 10.102 with this paper.

12.332 Greece and Persia
(Three hours per fortnight.)
Syllabus as 12.202. A higher standard is expected. Students planning to advance to MA in Greek option must take 10.100, 10.102 with this paper.

Ancient History MA and Honours
There will normally be two sets of four papers on historical topics, one paper in each option, alternating year by year. Papers on historical topics will normally carry associated papers in the ancient language relating to that topic. Candidates may choose to do seven papers, which includes a one-paper extended essay, or four papers and a three-paper thesis. Normally candidates will be required to take one paper with an associated paper of ancient language and two other papers without language in their first year, and one paper with an associated language paper and an associated research essay paper in their second, or the alternative three-paper thesis. Those with two language prerequisites for MA will be permitted to take two papers with two associated ancient language papers in first year. One or two papers at Stage III not taken for BA may be taken as substitute for MA papers, but these will not carry associated papers of language.

*12.400 The Jews in the Graeco-Roman World
A study of the political and social developments in Judaea and the Diaspora, together with their cultural and ideological implications, from the Conquest of Alexander the Great to the outbreak of the First Revolt against Rome.

*12.420 Associated Documents for Translation and Comment

*12.401 The Sumerians
This is a study of the people who created the first literate civilization in Western Asia in the fourth and third Millennia B.C. and were responsible for major achievements in the field of art, architecture, literature and thought.

*12.411 Associated Documents for Translation and Comment

*12.412 Associated Documents for Translation and Comment

*12.413 Women in Ancient Greece
An historical study of women with reference to their treatment in law and literature (especially history), art and myth, and particular attention to the nature of the evidence.

*12.403 Roman Britain

*12.423 Associated Documents for Translation and Comment

*12.404 A Topic in the Social History of the Ancient World: Egypt from Alexander to Augustus
A study of Egypt from 331 to 31 BC, focusing on government, society and religion under the Ptolemies.

*12.424 Associated Documents for Translation and Comment

*12.405 A Topic in the Economic History of the Ancient World
12.425 Associated Documents for Translation and Comment
12.406 Political Thought and Practice in the Ancient World
1994: Roman Imperialism: Motivation, Justification, Images of Empire
This course is concerned with ideas which motivated and justified imperial expansion under the Roman Republic.
12.426 Associated Documents for Translation and Comment
12.407 A Topic in the Intellectual History of the Ancient World
12.427 Associated Documents for Translation and Comment
12.408 The Late Roman Empire
12.428 Associated Documents for Translation and Comment
12.409 Medicine in the Ancient World
A study of medical knowledge and practitioners in the Near East, Greece and Rome, with special reference to the study of anatomy, the creation of an anatomical nomenclature and the career and social status of the physician.
12.429 Associated Documents for Translation and Comment
12.419 Babylonian and Egyptian Mathematics and Astronomy
No associated paper of documents is available.
12.421 The Neo Babylonian Period
The reconstruction of Babylon under Esarhaddon (681-669), its rise to imperial status under Nabopolassar and Nebuchadnezzar II, and conquest by Cyrus of Persia (539). Social and cultural themes will be included.
12.431 Associated Documents for Translation and Comment
12.422 Agesilaus of Sparta
The life and times of Agesilaus of Sparta, 396-360 B.C. A study of Spartan society and its relationship with other Greek States and with Persia in this period, based on the Greek sources (in translation).
12.432 Associated Documents for Translation and Comment
12.430 Social and Economic History of the Middle and New Kingdoms
A wide ranging study of specific facets of ancient Egyptian history in the period stated.
12.433 Associated Documents for Translation and Comment
12.440 Associated Documents for Translation and Comment
12.450 Political History of the Ramesside Period
An examination of the history of Dynasties 19 and 20.
12.460 Associated Documents for Translation and Comment
12.601 Thesis
(3 papers.)
12.603 Research Essay
(1 paper.)
The topic may be associated with the history paper and its associated documents taken in the second year of MA.

DEPARTMENT OF ECONOMICS
For Economics prescriptions see Faculty of Commerce.

DEPARTMENT OF EDUCATION

Education I
14.100 Schooling, Education & Society
An examination of issues of race, gender and class in, essentially, a New Zealand context.
14.101 Introduction to Developmental Psychology
An introduction to human development.

Education II
14.200 Comparative Education
Issues in New Zealand education viewed from a comparative perspective.
14.201 History of Education
The origins and early development of the modern mass educational system in the nineteenth century.
14.202 New Zealand Education
Issues and problems associated with the organisation, administration and practice of education in New Zealand.
14.203 Educational Psychology
An examination of learning theory, motivation and cognition, evaluation of individual differences and special education.
14.204 Measurement and Evaluation in Education
Critical insights into the social and political contexts, and the skills required for measurement and evaluation.
14.204 Measurement and Evaluation in Education
As prescribed for 14.204. This paper is taught at Northland Polytechnic, Whangarei.
14.206 The Sociology of Education
An introduction to contemporary sociology of education.
14.206 The Sociology of Education
As prescribed for 14.206. This paper is taught at Northland Polytechnic, Whangarei.
14.208 Educational Philosophy
An introduction to contemporary philosophy of education with an emphasis on ethics.
14.209 Introduction to Methods of Research in Education
An introduction to techniques used in Social Science research.
14.210 Introduction to Curriculum Studies
The analysis of existing curricula and proposals for curriculum change.
14.211 Child Development: Language Processes in Early Childhood
An introduction to the study of language development in infants and children, with particular emphasis on acquisition in home and early childhood education settings.
14.212 The State and Indigenous Education in the Islands of the Pacific including Aotearoa
An examination of the interaction of the State and the Indigenous peoples in the contested area of education and schooling.
Education III
A course of prescribed practical work, observational visits or special seminars will be associated with many Education III papers. Details of these requirements are available at enrolment. These will normally involve over the year about twenty-four hours of supervised work in laboratories and elsewhere and additional time for assignments.

14.300 Educational Philosophy
A study of selected educational philosophies.

14.301 Comparative Education
An introduction to comparative theory and methodology through a study of educational issues in New Zealand and other countries.

14.302 History of Education
Educational Reform in the twentieth century.

14.303 School and Society
A sociological perspective on some aspects of current concern in New Zealand education. These may vary from year to year.

14.305 The Guidance Process
An introduction to the theory and practice of counselling and guidance within New Zealand educational institutions. A course of practical work must be completed concurrently.

14.306 Introduction to Counselling in the Community
An examination of the application of basic principles of counselling to the needs of individual children and adults and to couples, families and other groups.

14.308 Educational Psychology: A Behavioural Approach
A study of contemporary ideas and research in human learning and instruction. Topics will include the analysis of child and adult behaviour in school, home and residential settings.

14.309 Developmental Psychology
A study of selected aspects of infant and child development including the development of perception, cognition, language and problem solving.

Note: In 1994 this paper will be taught in full-time hours and in 1995 in part-time hours.

14.310 Psychology of Adolescence
A critical examination of development in the adolescent period.

14.311 Special Education
An examination of the special educational needs of children showing a typical development and of the effectiveness of current special educational strategies.

Note: In 1994 this paper will be taught in part-time hours and in 1995 in full-time hours.

14.313 Methods of Research in Education
An introduction to the varieties of qualitative and quantitative approaches available to educational and social researchers. Students will be able to gain practical experience through completion of a supervised research project.

14.316 Early Determinants of Behaviour
A study of research dealing with the influence on later behaviour of variables operating prior to and shortly after birth.

*14.317 Organisational Effectiveness
A study of structural and interpersonal factors which influence the effectiveness of educational organisations.

Note: This course has special relevance to those with experience or interests in administration of educational social service or voluntary organisations.

*14.319 The Reading Process
A study of contemporary ideas and research on the reading process.

14.320 Psychology of Learning and Motivation in the Classroom
A study of recent theory and research on children's learning and motivation, particularly as they relate to the social context found in classrooms.

14.322 Adult Learning and Education
An introductory survey of Adult Education and an overview of adult human development.

14.327 Aspects of Science Education
An introduction to children's learning in science, to issues in the philosophy of science relevant to the Science curriculum and to a range of other issues in the contemporary international debate concerning science education at primary and secondary level.

14.328 Feminist Perspectives in Education/Matauranga Wahine
A critical study of feminist theory and research in education, with emphasis on the New Zealand context. Includes a focus on traditional and contemporary Maori women's knowledge.

14.329 Pedagogy
An analysis of pedagogy for beginning educators to analyse critically their own practice so as to become "reflective practitioners".

14.330 The Seriously Ill Child
A study of the needs, problems, and development of seriously ill children.

*14.331 Computers in Education
A study of the role of computers in primary and secondary education.

14.333 Akonga Maori: Ngā Take E Pa Ana Ki Ngā Akonga Maori
Critical analysis of key issues in Maori Education, incorporating Maori language and cultural perspectives through Maori pedagogy.

14.334 Education Policy Studies
An investigation of key areas of educational policy with special emphasis given to issues of race, gender and class. While the major focus is on New Zealand education policy, international cases will be considered as appropriate.

*14.335 Historical Perspectives on the Family, School and Society
A critical analysis of the changing educative relationship between families and schools in particular societies, with emphasis on class, gender, race and age issues.

14.336 Special Topic: Issues in Pacific Islands' Education
A critical examination of the role of Western education in the change from pre-contact autonomous societies to incorporation into a regional/world political and economic system.

14.337 Special Topic: Schooling and Ethnic Relations
Issues of 'race' and ethnicity in education including a critical examination of theories, structures and strategies such as 'multicultural education' and 'anti-racist education' as developed in New Zealand and elsewhere in response to ethnic diversity.

14.338 Special Topic

14.339 Special Topic

Education for MA and Honours
Four papers and a thesis (14.601) which counts as three papers or, six papers and a dissertation (14.604) which counts as one paper or, in exceptional circumstances a candidate who has commenced a thesis, or a dissertation may complete the MA as seven papers.

14.400 Educational Philosophy
Philosophical issues in education.

*14.401 Comparative Education
An examination of issues in New Zealand education in light of comparative theory and method.

*14.402 Historical Studies in Education
An examination of issues involved in historical studies and research related to education, including supervised investigation of a selected aspect.

14.404 Sociology of Education
A systematic discussion of the origins, history, scope and methodologies of sociological thinking about education.

14.405 Education and Work
A theoretical and practical examination of selected economic, sociological and psychological aspects of the transition from school to work.

Note: (i) This course has special relevance to careers teachers and vocational guidance and employment officers.

(ii) In 1994 this paper will be taught in full-time hours and in 1995 in part-time hours.

14.406 Educational Psychology
An advanced treatment of the behaviour of normal children with special reference to learning and the conditions which promote it.

14.407 Developmental Psychology
An advanced treatment of research in selected aspects of cognitive and personality development.

14.409 Methods of Research in Education
An advanced treatment of selected aspects of the processes of research.
14.412 Behaviour Analysis in Education
An examination of the application of behaviour analysis techniques to contemporary problems in education including supervised research and field experience.

14.413 Special Education
Prerequisite: 14.311 will normally be a prerequisite for this course.
An advanced study of special educational provisions for exceptional children, including an intensive analysis of provision for mentally retarded children.

Note: Students who have taken 14.416 before 1994 may not enrol in this paper.

Reading process.
An advanced study of contemporary ideas and research on the relationship of learning and teaching in this curriculum area.

14.416 Special Topic
To be Approved by Head of Department.
The topic to be proposed by the student after consultation with staff members and approved by the Head of Department. The topic must be approved not later than 31 December of the year preceding enrolment.

14.417 Special Topic in Adult Education
A more intensive examination of some of the matters introduced at Stage III papers in Adult Education.

14.419 Early Determinants of Behaviour
An advanced study of research dealing with the influence on behaviour of variables operating prior to and shortly after birth.

14.420 Special Topic
To be Approved by Head of Department.
Subject to be proposed by a staff member or a student and approved by the Head of Department not later than 31 December of the year preceding enrolment.

14.421 Perspectives on Science Education
A study of concept development in science, the relationship between philosophy of science and science curricula and the factors that influence science curriculum change.

14.422 Education and Development Policy
An examination of the nature and role of education within the process of economic, political and social development in selected countries.

14.423 Kaupapa Maori: Te Reo Maori I
Waenganui I Te Ao Pakeha
An examination of the social, political and historical implications for Maori language through a critical analysis of the interaction between Maori language and the dominant Pakeha education system.

14.424 Maori Education Policy Development and Practice
Prerequisite: Experience in Maori education.
An analysis of Maori education policy development and practice in New Zealand schooling.

14.425 Feminist Issues in Education
An examination of selected issues in current feminist debates on education.

14.426 Science, Philosophy and Western Culture
The interaction between science and culture and the ways in which the rich cultural and intellectual dimensions of science can be conveyed in science, history and literacy education.

14.427 Research Topic in Education
The course will consist of the supervised writing of an essay or essays in a field of educational inquiry.

14.428 The Psychology of Mathematics Education
A critical examination of theories and recent research into the ways in which learners develop mathematical concepts, and the relationship of learning and teaching in this curriculum area.

14.429 The Reading Process: An Advanced Study
An advanced study of contemporary ideas and research on the reading process.
Note: Students who have taken 14.416 before 1994 may not enrol in this paper.

*14.401 A Topic in Maori Literature
*14.402 Maori Ethnicity
*14.601 Thesis
(Value 3 papers.)

14.604 Dissertation
(Value 1 paper.)
A candidate presenting a thesis or dissertation shall forward it no later than 1 November in the year in which it is to be examined. A research seminar will be held periodically during the year for those preparing to write MA theses. A timetable for these seminars will be available at enrolment.

DEPARTMENT OF ENGLISH

Note: (i) Since the supply of text-books continues to be uncertain, some changes in courses may be unavoidable. Students will be notified of any such changes at the beginning of the academic year. The books mentioned in the appendices are prescribed books - i.e. those which students must have. Students should obtain from the department the fuller version of prescriptions and book lists, which include recommended books (i.e. additional to those prescribed), and also lists of further prescribed books which are required for those papers not mentioned in the appendices.

All students should possess a good dictionary: Collins English Dictionary and the Concise Oxford are recommended.

(ii) Attention is directed to the MA prerequisites as set out in the Regulations for that Degree. Students intending to take MA in English should plan their course with these requirements in mind.

English I
Detailed descriptions of all papers and departmental regulations are listed in Starting English, available from the Department.

To advance to English II two English I papers must have been passed. These may be a combination of papers taught on the Main and Tamaki campuses. Some English II papers have specific English I paper prerequisites (see Schedule). Students intending to take 18.200 are advised to take 18.100. Students may not include more than two English I papers in their degree. In addition to lectures (see Timetable), all courses have weekly tutorials arranged in the Department in the first week of Term I.

18.100 Introduction to Chaucer and Shakespeare
18.101 Twentieth Century Literature
18.103 New Zealand Literature I
E18.103 New Zealand Literature I
As prescribed for 18.103. This paper is taught at the Auckland College of Education. It is limited to candidates for the Degree of Bachelor of Education.

18.104 Nineteenth Century Literature
18.105 Introduction to the Linguistic Study of English
An introduction to the major areas of descriptive linguistics (phonetics, phonology, morphology, syntax and semantics) as applied to the structure of English.

T18.106 English Linguistics: An Introduction
A linguistic introduction into the structure and use of the English language. Topics include the sound system, sentence structure, semantics, pragmatics and the analysis of spoken and written discourse.

T18.107 Poetry, Prose and Drama: Past and Present
This paper is taught at the Tamaki Campus.

English II
Detailed descriptions of all papers and departmental regulations are listed in the Undergraduate English Handbook available from the Department. Students may choose a combination of papers taught on the Main and Tamaki Campuses. To advance to English III three English II papers from specific groupings of papers must have been passed. Papers from the same specified groupings must be taken by students enrolling in more than two English papers. See BA Schedule under English: Qualifications and Notes. Each paper has at least one lecture a week (see Timetable) with tutorials, which are arranged in the Department.

18.200 Medieval Literature
18.201 Language, Literature and Culture
An examination of the linguistics aspects of prose and poetry - both historical and modern - language and gender, language and power, speech act theory, discourse analysis and sociolinguistics.

18.206 Historical and Comparative Linguistics
An introduction to the study of language change and historical relationship among languages.

Note: The same paper is offered at 83.200.

18.207 English Linguistics II
An introduction to syntactic and phonological theory in relation to
English.

T18.208 The English Language World Wide
An overview of issues as they relate to the use of English in the world today. Topics include the roles of American and British English, attitudes towards varieties of English, the development of new Englishes and English based pidgins and creoles, and the notion of a ‘standard’ variety of English.

18.210 The Age of Shakespeare: Poetry
18.213 The Age of Shakespeare: Tragedy
*T18.218 Shakespeare to Conrad: Empire and the Other

18.220 Twentieth Century Fiction
18.221 New Zealand Literature II
18.222 Modern Poetry: 1900-1945
*T18.228 New Zealand Literature: Texts and Contexts

18.250 English Language for Teachers
An introduction to the description and analysis of spoken and written texts in English used in an educational context. Entry to the course is restricted. Information is available from the Department.

English III
Detailed descriptions of all papers and departmental regulations are listed in the Undergraduate English Handbook available from the Department. Students intending to advance to MA in English should also consult the Department’s Graduate English, noting that some MA papers have specific English III prerequisites. English III normally consists of a minimum of three papers and a maximum of six papers chosen from specific groupings of the papers taught in any one year. See BA Schedule under English III for each year. Details for the procedure to be followed for pre-enrolment are available from the Department.

18.301 Old English: Language, Literature and Society
18.302 Middle English Literature
18.303 Linguistic Analysis of Literature
This course is designed to develop close reading skills of literary texts through detailed attention to their linguistic features. Roughly half the year is devoted to poetry, half to prose.

18.304 New Zealand English
An examination of New Zealand’s emerging distinctive dialect - its history, accent, lexicon, its interaction with Maori and immigrant minority languages; its place in indigenous literature, the media and education.

18.305 Semantics
An examination of some of the key areas of semantics and pragmatics, including lexical relations, categorization, speech act theory, and conversational implicature.

18.314 Sixteenth and Seventeenth Century Prose and Poetry
*18.315 Sixteen and Seventeenth Century Drama

18.316 English Linguistics III
A continuation of the study of formal and functional syntax which was introduced in 18.207. Students will also be introduced to the study of morphology.

18.306 Literature and Culture of the Eighteenth Century
18.307 Romantic Literature
*18.308 Eighteenth Century Novels
18.320 Victorian Literature
*18.310 Shakespeare: Selected Plays
For 1994: Comedies and Tragicomedies

18.319 The History of Literary Criticism
18.323 American Literature: Poetry
18.325 Special Topic II as Prescribed by the Head of Department:
1994: Novels from the Post-Colonial World
18.326 Special Topic III as Prescribed by the Head of Department:
1994: Women Writers of the Twentieth Century
*18.327 Special Topic IV as Prescribed by the Head of Department:
1994: Australian Literature
18.328 Special Topic V as Prescribed by the Head of Department:
1994: Creative Writing

Entry to this course is restricted. Details for the procedure to be followed for pre-enrolment are available from the Department.

*18.329 Special Topic VI as Prescribed by the Head of Department
18.331 Shakespeare on Screen
Entry to this course is restricted. Information is available from the Department.

18.332 Aspects of Twentieth Century Drama
18.340 Special Topic
1994: Comedies and Tragicomedies

18.341 Linguistic Essays Paper
Students will undertake supervised research which will be presented in essay form without a final examination.

18.342 Conversational Analysis
The organisation of conversation as an interactive activity.

18.343 Sociolinguistics
The interrelationship between linguistic variation and social structure.

English for MA and Honours
Intending MA students must consult the Head of Department about their proposed choice of courses.

(1) Single Honours - English
Students will select seven of the papers set out below, their selection of papers to be approved by the Head of the Department. One paper listed under Stage III English, if not already credited for a BA degree, may be offered as a paper for an MA. With the permission of the Head of Department, a thesis (18.601) may be substituted for two papers or dissertation (18.604) for one paper. The dissertation will normally take the form of a documented essay of about 12,000 words; while the length of the thesis is approximately 25,000 words upon a topic requiring detailed research. Candidates who present their papers in two years are required to complete the specified coursework before sitting the examination for each paper. Those who present all their papers in one year are, in most cases, exempt from coursework but will be given the opportunity to submit it if they desire. All students taking a paper from English III will be required to submit the prescribed coursework for that paper.

18.400 Old English
Prerequisite: Old English at Stage III level.
18.401 Middle English
Prerequisite: Normally Middle English at Stage III level.
*18.402 Norse (Icelandic)
Prerequisite: Normally Old English at Stage III level.
*18.403 Introduction to English Philology
Prerequisite: Normally Old English and Middle English at Stage III level.
*18.404 Victorian Studies
An interdisciplinary paper concerned with selected topics from English literature and British social and cultural history of the 19th Century.

18.405 Twentieth Century Poetry
18.406 Shakespeare: Selected Plays and Poems
18.407 Literary Theory
18.408 Advanced Studies in Syntax
An advanced level of study of a number of syntactic topics of current interest to linguists.

Note: The same paper is taught as Linguistics 83.405
18.409 Twentieth Century Drama
18.410 English Linguistics: Advanced Semantics and Pragmatics
A continuation of the theories and topics introduced in 18.305 Semantics and Pragmatics.
Note: The same paper is taught as Linguistics 83.406
*18.411 Selected Author or Authors I
1994: Chaucer
Prerequisite: Middle English at Stage III level.
*18.412 Bibliography and Textual Criticism
18.413 Research Essays Paper
This course consists of research in a field or genre proposed by the student written up in the form of a series of essays. It is compulsory for students presenting seven papers in one year and not presenting a dissertation.
18.414 Selected Author or Authors II
1994: Modern Irish Authors
18.415 Nineteenth Century American Prose and Fiction
18.416 Poetics in Modern American Poetry
18.417 New Zealand Literature
The course will be based mainly on authors of prose and verse writing after 1890.
18.418 Restoration Literature
18.419 Special Topic I
1994: Middle English Narrative: Gender and Violence
18.420 Film Studies
This inter-departmental paper - shared by the Departments of English and Art History - will examine film as an art by studying the work of some major film-makers and also the major theories of film criticism.
Note: The same paper is offered as Art History 19.404.
18.421 Special Topic II
1994: Literature and Thought 1590-1650
A course in which literature is studied in relationship to the history and religion of the time.
*18.422 Literature from the Old and New Commonwealths
*18.423 Twentieth Century American Prose
*18.424 Selected Author or Authors III
*18.425 A Topic in Sociolinguistics
*18.426 The Sublime 1700-1805
18.427 Special Topic III
1994: Women and the Medieval Devotional Tradition
*18.428 Special Topic IV
1994: Nabokov
18.429 Special Topic V
1994: Discourse Analysis
A study of the structure of naturally occurring texts.
Prerequisite: 18.305
18.430 Special Topic VI
1994: Nineteenth Century Women Novelists
18.431 Feminist Literary Theory
18.432 Popular Fiction
18.433 New Zealand and Australian Women Writers
18.434 Irish Literature and Politics
18.441 Historical Linguistics
This course will discuss current attempts to account for and analyse language change. Such topics as lexical diffusion, glottochronology and lexicostatistics, teleology, and grammaticalisation will be covered.
Prerequisites: 18.207 or 18.316
Note: The same paper is taught as Linguistics 83.403.
18.601 Thesis
(=Equivalent of two papers.)
18.604 Dissertation
(=Equivalent of one paper.)
(2) Combined Honours - English with Another Language
(Languages and Literature)
Students will select three or four papers (set out above for Single-Honours) as approved by the Heads of Department concerned.

ENGLISH WRITING FOR ACADEMIC PURPOSES
1T401.101 English Writing for Academic Purposes
A skills based analysis of texts written for academic purposes. Topics include essays of compare and contrast, argumentative essays, and problem - solution texts.

FILM AND TELEVISION STUDIES
85.200 Film and Television Studies
This paper will examine film and television in terms of their cultural and social importance. It covers the history, political significance, and critical reception of the two media.
Entry to the course is restricted. Course details, including details of pre-enrolment are available from the English and Political Studies Departments.
85.300 New Zealand Film and Television Production
This paper will seek to identify the distinctive features of film and television production in New Zealand through a close examination of particular films and television programmes. The two media will be examined within their social, political and economic contexts.
Entry to the course is restricted. Further details are available from the English Department.

DEPARTMENT OF GEOGRAPHY
The Schedule to the Course Regulations for the Degree of BA should be consulted for pre and corequisites.

Geography I
Two papers are offered on each campus for Geography I. They may be taken separately or together, but students planning to advance in geography should enrol in both. Practical work and tutorials form an integral part of the courses, and participation in these is required. A list of recommended books for each course is included in the departmental Student Guide available from the Geography Department Office.
20.101 Geography of the Natural Environment
Water in the environment is the unifying theme for a study of processes in physical geography.
20.102 Society, Space and Place
Social and economic processes that determine variation, accessibility and inequality in the spatial allocation of resources both within and between nations.
T20.151 Geography of the Natural World
An introduction to general principles and issues of contemporary physical geography. Emphasis is on the structure and dynamics of climatic and earth surface processes and the flow of energy and water through natural environmental systems. Relationships with human activity are also considered.
T20.152 People, Pattern and Process
Integration of environmental, economic and social processes as they impact on the spatial patterns of human development and resource use at regional, national, and international levels.

Asian Geography I
20.130 Geography of East Asia
A topical and regional approach to the geography of China and Japan. The unity and diversity of East Asia, environment and cultural development, industrialisation and urbanisation, population problems, and environmental management are emphasised.

Geography II
Six papers are offered for Geography II on the city campus, and three on the Tamaki campus. Students planning to advance in geography on the city campus should enrol for 20.204 (or equivalent), 20.201 and 20.202, or, at Tamaki, for T26.187 (equivalent to 20.204), T20.251 and T20.252. Students advancing in other subjects may take papers separately. A list of recommended books for each of the papers is included in the
20.201 Processes in the Natural Environment
Environmental processes in biogeography, climatology, geomorphology and hydrology are considered with energy flow and transformation as a unifying theme.

20.202 Society, Economy and Environment
The location and organisation of economic activities in Western societies and their relationship to other aspects of social organisation. Principles and models that are used in geography to represent and interpret these relationships are considered.

20.203 Remote Sensing Techniques
Photogrammetry, photo interpretation and an introduction to more recent techniques of remote sensing and their application.

20.204 Statistical Techniques in Geography
Elementary statistical methods for the non-mathematical student, including descriptive statistics, the testing of simple statistical relationships, and the use of computer processing (SAS).

20.205 Human Impact in the Environment
An examination of humanity as a modifier of the soil, atmosphere, land and other aspects of the natural and cultural world.

T20.205 Human Impact in the Environment
As prescribed for 20.205. This paper is taught at the Tamaki Campus.

T20.251 Earth Surface and Atmospheric Processes
A study of natural processes operating in climatic, hydrologic, geomorphic and biotic systems. Emphasis is on the role of water and energy in earth surface and atmospheric processes. Relationships with human activity are also considered.

T20.252 Economy, Society and Environment
Principles and models used in geography to explore and clarify the relationships between human behaviour and economic location. The organization and structure of economic activities is examined within the wider social, environmental and policy framework.

Geography III
Each paper will involve at least two hours of lectures, seminars, or laboratory work per week, but students must also attend such additional practical work and fieldwork as may be required. A list of recommended books for each of the papers is included in the departmental Student Guide available from the Geography Department Office.

20.302 Regional Processes and Development
The interplay between agents and mechanisms shaping the nature and distribution of economic activity on the one hand, and the characteristics of regions on the other. Attention is given to the features of firms, labour, industries, markets, institutions, the state, cities and territories as they relate to the geography of capitalist production. These topics are discussed in the context of different sectors, systems of government, and nations.

20.303 Geomorphology and Hydrology
Geomorphological and hydrological systems with special reference to coasts, slopes and karstic environments. 20.303 includes a residential field trip.

20.304 Biogeography and Climatology
Concepts and methods in environmental climatology and biogeography.

20.305 Population Health and Society
Components of change in human populations (fertility, mortality, migration), population structure (sex and age, ethnicity, economic activity) and population distribution (urbanisation, segregation, regional development), patterns of health and morbidity, and systems of service delivery.

20.312 Development in the Asia-Pacific Region
Development processes and issues in the countries of South-East Asia and the Pacific Islands. Themes include development theory, colonialism and historical change, population dynamics, agrarian systems and change, migration, urbanisation, international linkages, and development strategies.

20.313 Advanced Statistical Techniques in Geography
An introduction to multivariate statistical methods and their application to model building and systems analysis.

20.314 Geographic Information Systems and Image Processing
Principles, techniques and applications of geographic information systems, including computer analysis and presentation of cartographic and remotely sensed data.

20.315 Research Design and Methods in Human Geography
A lecture, practical and field course which considers the principles of research design, methods and practice of data collection, sources of published and unpublished data, experience in analytical techniques and the presentation of results. The paper includes a residential field course of at least seven days normally held in the first week of the May study break.

20.320 Resources and Environmental Management
Planning for the effective utilisation of natural resources through understanding the functioning of natural and man-modified ecological systems and the institutional structures determining their use.

20.321 Special Topic
1994: Geography of the Maori
The patterns and processes involved in the distributions of such major geographical themes as Maori population, settlements and communications: cultural contact and diffusion; land, the environment and resources; economic and social development. An historical and cultural geographical approach emphasising Maori perspectives and methodology will be used. The methodology will have a large experiential component for the students relative to their contact with Maori keepers of knowledge.

Geography for MA and Honours
[Four papers and a thesis (20.601)]
A candidate is expected to enrol for and sit the four papers in the first year, present the thesis (which is the equivalent of three papers) in the year next following and submit it for examination by 1 November of that year. Papers shall be selected from 20.400 to 20.447. Further information (including recommended books) is included in the Student Guide available from the Geography Department Office.

There is an overall limit on the number of Masters students for 1994. Students should consult the Graduate Adviser as soon as possible after the completion of the Bachelors Degree in order to discuss the graduate programme.

*20.400 History and Nature of Geography
20.410 Change and Transition in the Pacific
The patterns and processes of island bio-physical environments, population, economic organisation and resource use.

20.420 Biogeography
Analysis of theories and quantitative methods in biogeography.

20.421 Climatology
Topics in environmental climatology and climate resource evaluation.

20.422 Geomorphology
An analysis of major ideas in systematic and regional geomorphology, with a focus on the S.W. Pacific and New Zealand.

20.424 Hydrology and Fluvial Geomorphology
Pure and applied aspects of hydrology and fluvial geomorphology, incorporating field and laboratory techniques.

20.430 Land Use Studies
The role of natural resources, the state and economic and social forces in influencing the use of land in rural and urban areas of developed economies.

20.431 Cultural Geography
Cross cultural themes in the study of people - nature relationships.

20.432 Regional Development Studies
Studies of regional economic growth and restructuring, focusing on development models and contemporary events in the global economy.

20.434 Population Geography
Analysis and applications of the methods and materials of demography.

20.436 Urban Social Geography
Emphasis is on the social processes that underlie spatial patterns.
of Western (particularly New Zealand) cities.

20.440 Remote Sensing
An advanced study of remote sensing applications involving analysis of a range of recent imagery and data.

20.441 Coastal Studies
Topics in historical coastal geomorphology and coastal management with process as the unifying theme.

20.442 Evaluation in Environmental and Resource Planning
An examination of methods for the evaluation of resource development proposals.

20.443 Digital Mapping Systems
The study of computer assisted cartography with special reference to its role in Geographic Information Systems in New Zealand.

20.444 Special Topic
1994: The Geography of the Built Environment
An analysis of the socio-economic processes shaping the evolution of built environments.

†20.446 Special Topic
†20.447 Special Topic

DEPARTMENT OF GERMANIC LANGUAGES AND LITERATURE
The Department teaches three subjects: Dutch, German and Scandinavian Studies.

DUTCH
More detailed information is contained in the Departmental Handbook and in the Handbook of the Faculty of Arts, both of which are available from the Enquiries Office, Registry. Further information may also be obtained from the Secretary at 10 Grafton Road.

In all courses taught in the Department the candidate’s performance during the year, in particular in assignments and class tests, will be taken into consideration when the final result is determined.

Dutch I
Students may enrol without previous knowledge of the subject. Paper 421.102 may be taken on its own.

421.100 Language Acquisition
Oral and written use of Dutch, tested in some or all of the following ways: composition, comprehension, conversation, dictation, reading, translation.

421.102 Aspects of the Civilisation of the Low Countries
An introduction to Dutch and Flemish culture, past and present; Dutch colonial history and present-day Netherlands and Belgium.

Dutch II
421.200 Language Acquisition
Written and oral use of Dutch with special emphasis on the structure of the standard language, tested in some or all of the following ways: composition, comprehension, conversation, dictation, reading, translation.

GERMAN
More detailed information is contained in the Departmental Handbook and the Handbook of the Faculty of Arts, both of which are available from the Enquiries Office, Registry. Further information may also be obtained from the Secretary at 10 Grafton Road.

In all courses taught in the Department the candidate’s performance during the year, in particular in assignments and class tests, will be taken into consideration when the final result is determined.

German I
Two language acquisition courses are provided, either 22.100 or 22.103 and 22.105. Students who have studied German previously must enrol for 22.100. Students without previous knowledge of German must enrol for 22.103 and 22.105.

Papers 22.100 and 22.101 and papers 22.103 and 22.105 are corequisites. See BA Schedule.

22.100 Language Acquisition
Written and oral use of German tested in some or all of the following ways: composition, comprehension, conversation, dictation, reading, translation.

22.101 Introduction to German Literature
Literary history and criticism with special reference to modern poetry and short prose.

22.102 Aspects of Modern German Civilisation
A survey of modern German civilisation including aspects of 19th and 20th century German history, thought, literature (studied in translation), music, art and cinema.

This paper is open to all interested students, whether or not they are studying German language and literature. The paper is strongly recommended to students of German at all stages.

22.103 Reading Knowledge of German
The study of German vocabulary and sentence structure; comprehension of general and subject-related texts and translation into English.

22.105 Introductory Language Acquisition
Written and oral use of German designed specifically for students without previous knowledge of the language.

German II
Papers 22.200, 22.202 and 22.203 are corequisites. See BA Schedule.

22.200 Language Acquisition
Written and oral use of German tested in some or all of the following ways: composition, comprehension, conversation, dictation, reading, translation.

22.202 Genres of 20th Century German Literature
Literary criticism with special reference to drama; aspects of 20th century drama, prose and poetry with reference to the visual arts, including film.

22.203 German Linguistics
An introduction to the linguistic study of the structure and use of the standard language in the German-speaking countries.

German III
Students will normally take 22.300, 22.301 and 22.302.

22.300 Language Acquisition
Written and oral use of German tested in some or all of the following ways: composition, comprehension, conversation, dictation, reading, translation.

22.301 Mediaeval and Romantic Literature
An introduction to the German Middle Ages and to Middle High German language and literature with special emphasis on the work of Hartmann von Aue; Textual analysis of Goethe’s Faust Part One.

22.302 18th and 19th Century German Literature
Literary criticism of selected major works of German literature of the eighteenth and nineteenth centuries.

*22.303 Post-war German Literature
*22.304 Special Topic in German Literature
*22.309 Special Topic in German Studies

22.350 Translation in Theory and Practice
The theory, practice, and critical evaluation of translation, principally of texts translated from German into English.

German for MA and Honours
Four papers and a thesis (22.61) or six papers and a research essay (22.60) or seven papers including 22.400. The specific requirements for German are given in MA Schedule (11), and for Languages and Literature including German in MA Schedule (17). All courses need to be approved by the Head of Department.

Students intending to enrol for MA must consult the Head of Department towards the end of the previous year to discuss their choice of papers and to obtain advice on vacation reading.

22.400 Language Acquisition: Written and Oral German
Advanced study of the oral and written use of German, including its use in literature and the media; composition, conversation,
comprehension, translation and oral presentation.
*22.401 Mediaeval Studies with Special Reference to the
Nibelungenlied and Hartmann von Aue
A study of Middle High German language and literature with
special reference to twelfth century texts and the Nibelungenlied.
22.402 Mediaeval Studies with Special Reference to
Wolfram von Eschenbach
A study of Middle High German language and literature with
special reference to the work of Wolfram von Eschenbach.
22.404 Literature of the Goethezeit
A study of German drama from Lessing to Kleist.
22.405 The Poetry of Rilke
An intensive and comprehensive study of Rilke's Duino Elegies.
*22.407 Selected Works of Brecht
*22.408 Post-war German Prose
A study and literary analysis of prose works by prominent post-
war German authors.
*22.410 Linguistic Analysis of Contemporary Written
German
*22.411 The Märchen
A textual and comparative study of the literary genres of the
Volksmärchen and Kunstmärchen.
*22.413 Selected Works of Thomas Mann
A study of the background to and a textual analysis of key novels
and Novellen by Thomas Mann.
*22.415 German Language Developments, Past and Present
Trends and tendencies in the modern standard language, especially vocabulary, studied in the context of their historical
development.
*22.417 Twentieth Century German Poetry
22.418 An Approved Special Topic in German Language
22.419 An Approved Special Topic in German Literature
1994: 20th Century German Prose
22.420 An Approved Special Topic in German Language or
Literature
*22.421 Literatur und Film
22.422 German Lexicography
The principles and practice of German lexicography as illustrated
by leading historical and/or present-day German dictionaries of
various types.
22.423 An Approved Special Topic in German Language or
Literature
22.424 An Approved Special Topic in German Language or
Literature
22.440 An Approved Special Topic in Germanic Languages,
Literature, Thought or History
22.603 Research Essay
(Equivalent to one paper)
22.611 Thesis
(Equivalent to three papers)

SCANDINAVIAN STUDIES
More detailed information is contained in the Departmental
Handbook and the Handbook of the Faculty of Arts, both of which
are available from the Enquiries Office, Registry. Further
information may also be obtained from the Secretary at 10 Grafton
Road.
In all courses taught in the Department the candidate's
performance during the year, in particular in assignments and class
tests, will be taken into consideration when the final result is
determined.

Scandinavian Studies I
Students may enrol without previous knowledge of the subject.
Paper 46.101 may be taken on its own, papers 46.100 and 46.102
must be taken together - see BA Schedule.
46.100 and 46.102 Language Acquisition 1 and 2
Oral and written use of Swedish, tested in some or all of the
following ways: composition, comprehension, conversation,
dictation, reading, translation from and into Swedish.
These two papers must be taken together.

46.101 Aspects of Scandinavian Civilisation
An outline of Scandinavian history, geography and society;
selected works of modern Scandinavian literature studied in
English translation. This paper is open to all interested students,
whether or not they are taking 46.100 and 46.102 or advancing
Scandinavian Studies. The paper is strongly recommended to
students of Scandinavian Studies at all stages.

Scandinavian Studies II
Papers 46.200 and either 46.201 and 46.202 or 46.203 and 46.204
are corequisites - see BA Schedule.

22.200 Language Acquisition
Oral and written use of Swedish, tested in some or all of the
following ways: composition, comprehension, conversation,
dictation, reading, translation from and into Swedish.

*46.201 Introduction to Scandinavian Languages and
Linguistics
An introduction to the linguistic study of the history and structure of the
Scandinavian languages with particular reference to
Swedish.

*46.202 Scandinavian Drama and Film with Special
Reference to Ibsen, Strindberg and Ingmar Bergman
The development of Scandinavian Drama from Holberg to
Lagerkvist with special emphasis on Ibsen and Strindberg; the
cinema of Ingmar Bergman.

*22.406 Scandinavian Drama and Film with Special
Reference to Holberg, Ibsen, Strindberg and Ingmar Bergman
A study of the drama of Holberg, Ibsen, Strindberg, Lagerkvist and
Ingmar Bergman

*46.301 Scandinavian Languages and Linguistics
A linguistic study of the structure of the Scandinavian languages.

*46.302 Scandinavian Drama and Film with Special
Reference to Holberg, Ibsen, Strindberg, Lagerkvist and
Ingmar Bergman
A study of the drama of Holberg, Ibsen, Strindberg, Lagerkvist and
Hjalmar Bergman; the cinema of Ingmar Berman.

46.303 Modern Scandinavian Novels and Short Stories
A study of selected Danish, Norwegian and Swedish short stories
and novels after 1940.

46.304 Scandinavian Poetry from Mediaeval Ballads to the
Present Day.
A study of selected Danish, Norwegian and Swedish poems from the
medieval ballads to the present-day.

SCANDINAVIAN STUDIES
More detailed information is contained in the Departmental
Handbook and the Handbook of the Faculty of Arts, both of which
are available from the Enquiries Office, Registry. Further

Ingmar Bergman
A study of the drama of Holberg, Ibsen, Strindberg, Lagerkvist and
Hjalmar Bergman; the cinema of Ingmar Berman.

46.303 Modern Scandinavian Novels and Short Stories
A study of selected Danish, Norwegian and Swedish short stories
and novels after 1940.

46.304 Scandinavian Poetry from Mediaeval Ballads to the
Present Day.
A study of selected Danish, Norwegian and Swedish poems from the
medieval ballads to the present-day.

HEBREW
Hebrew I
*23.110 Introduction to Biblical Hebrew
The basic skills of listening to, speaking, writing and reading of
Biblical Hebrew.

DEPARTMENT OF HISTORY
Fuller details concerning the Department's teaching programme
and its requirements of students are contained in a Guide which
students can obtain from the Department at 5 Wynyard Street.
Students are advised to call at the Department before enrolment to
discuss courses and to obtain leaflets entitled Advice on Books to
Buy or the Department Handbook.
These will list recommended texts for papers for which there are
no prescribed texts.

History I
Note: Papers are taught on a half-year basis, with three lectures and one tutorial per week
for each. The following will be the sequence in 1994: 24.140-24.105: 24.101-24.100:
History II

Note: Papers are taught on a half-yearly basis, with two lectures, one tutorial per week. The following will be the sequence in 1994: 24.200-24.201; 24.214-24.215; 24.235-24.233; 24.237-24.238; 24.239 - 24.217. 24.218 will be taught in the first half of the year. Second half year papers will start in the week beginning 20 June. Should their timetable permit, students may take a single paper, or two or more papers from different sequences.

24.200 Rome and the Barbarians
Can we still talk about the "decline and fall" of the Roman Empire? Does the period witness the collapse of a "slave economy" and the beginnings of medieval "feudalism"? Were the "barbarians" marauders, colonists, or refugees? Were they welcomed into the Mediterranean world by a selfish and skilful aristocratic elite? What was the resulting impact upon Roman institutions, culture and economy? In 1994, attention will focus on the barbarian kingdoms of the fifth and sixth centuries.

24.201 Medieval English Kingship from Alfred to Henry III
Studies in the development of royal power in England from the Anglo-Saxon period until the thirteenth century.

24.214 Parliaments, Estates and Revolutions 1500-1660
A study of representation and consent in early modern Europe and of the parliamentary assemblies which were the embodiment of these principles. The course falls into two parts: (1) a study of individual assemblies and their varying fortunes, e.g. dramatic rise of the Swedish Riksdag, weak and dependent assemblies in France, Castile and Ireland; the English parliaments; (2) a comparative study of the rise, decline or eclipse of European assemblies, and particularly of their role in the crises of the mid-seventeenth century.

24.215 Seventeenth-Century England: A Social History
This course attempts to recapture the material, mental and social worlds of seventeenth-century England: social and gender divisions, family life, communities, education and literacy, witchcraft, plague, government and order, religion, and the origins and impact of the English Revolution of 1640-60.

24.216 Modern France 1871 to the Present
A special topic

The nationalities question has proved to be one of the most pressing aspects of modern developments. This paper will examine the fate of two ethnic groups, the Czechs and the Slovaks, as they sought for their respective rights, first within the Austro-Hungarian Empire and then within the various forms of the Czechoslovakian state; democratic, fascist and communist.

24.218 A Social History of European New Zealanders
This paper introduces students to major aspects of the social development of European society in New Zealand. It will discuss aspects of society such as family, work, education, sport, religion and the debates on issues such as the demographic transition, the nature of community life, moral reform and social purity.

24.219 Special Topic

24.230 Polynesian and European Exploration of the Pacific
European exploration of the Pacific and theories on the origin and migrations of Polynesians, including Maori voyages to New Zealand.

24.233 Australian Social History 1788-Present
This paper surveys the history of Australia from European settlement to the present. It focuses on the lives and experiences of ordinary Australians, as well as providing an overview of the major political and economic developments across two centuries.

24.235 German History 1871 to the Present
The unification of East and West Germany has once again raised fundamental questions about this "restless nation". This paper on German history will discuss the problems of its specific development, its political and cultural identity and its international relations.

24.236 Special Topic

24.237 The First 100 Years: Mexico and Peru in the Nineteenth Century, and New Zealand in the Nineteenth Century: A History of the Colonised
This paper will look at the historical experience of colonised peoples, from their perspectives. It will contrast two European colonising cultures (set apart in time and by distinct philosophies of colonisation). It seeks to cross the frontiers of the more
traditional colonial history, to illuminate the 'other side' of that history.

24.238 South American History, 1880 to the Present
This paper surveys the major political, economic, social and intellectual movements in South America over the last century. It discusses the integration of South America into the world economy, the effect of depression on the continent, revolution, relations with the United States, resistance to dictatorship, developmentalism, and contemporary challenges. Particular emphasis will be placed upon studying the evolution of Argentina, Brazil, and China.

24.239 Nineteenth-century Britain: the first industrial society
In this paper social and intellectual themes will predominate over political and economic ones. Many topics will be illustrated be reference to the lives of John Tyndall and Herbert Spencer. Their careers illustrate the new options provided by industrialisation and the spread of democratic ideals, the growing authority of the professional class, and the emergence to near-respectability of non-Christian interpretations of the world.

Asian History II
Note: Papers 24.225 and 24.226 are taught in sequence on a half-year basis, two lectures, one tutorial per week. Paper 24.222 will be taught in the second half of the year. Second half-year papers will start in the week beginning 20 June. Should their timetable permit, students may take a single paper, or both.

24.222 China under the Ming and Qing Dynasties
The social, political and economic structure of the final period of the Chinese empire, and the practice of imperial government under native and foreign rulers, China's relations with the outside world, and the development of her cultural heritage.

*24.223 State and Society in Pre-colonial Island S.E. Asia
*24.224 State and Society in Pre-colonial Mainland S.E. Asia
24.225 Special Topic
24.226 Special Topic

History III
Note: Papers are taught on a half-year basis, one one-hour and one two-hour period per week. The following will be the sequence for 1994: 24.307-24.334; 24.354-24.301; 24.333-24.332; 24.320-24.305; 24.325-24.336; 24.355-351. Paper 24.317 will be taught in the second half of the year.

Second half-year papers will start in the week beginning 20 June. Should their timetable permit, students may take a single paper or two or more papers from different sequences. It may prove impossible owing to pressure of numbers in certain classes to allow students to enrol for all the papers of their first choice.

24.301 The Mexican Revolution
The armed revolution (1910-1920) and the subsequent attempts to carry out its objectives: a study in the problems of reforming a society in an inherited environment of internal political corruption and external economic exploitation.

*24.302 the Reign of Henry VIII
24.305 New Zealand Legal History
This paper will provide an introduction to the history of the law, legal institutions and the legal profession in New Zealand. Students do not need a legal background to take this paper.

24.307 The Origins of the First World War
The origins of the First World War through discussion of the foreign policies of the main European countries involved, including Italy, and an analysis of international relations from 1870, and particularly from 1890 to 1915.

*24.315 Pacific History: Culture Contact to about 1900
An examination of the relations between Pacific Islanders and Europeans (explorers, travellers and missionaries) up to the colonial period.

24.317 Special Topic: European History
24.320 Gender Relations in Twentieth-Century New Zealand
This paper introduces students to the major models used by feminist historians, historians of women and historians of gender, and considers how these models have been applied and adapted by historians of twentieth-century New Zealand society. Topics to be covered include sex and the state, family relations and gender relations, the sexual division of labour, and gender and generations.

*24.321 German Conservatism in the Nineteenth and Twentieth Centuries
This paper will examine conservative politics and thought in German history. By focusing on crucial turning points in its history, we will examine the important role conservatism displayed in the shaping of a development specific to Germany.

*24.323 Special Topic
24.325 Immigration and Settlement in Australia
This paper examines the peopling of the Australian continent. It explores why immigrants came to Australia, where they settled and how they adjusted to the new society, as well as Australian attitudes towards immigration.

*24.329 Social Welfare in New Zealand from 1840 to the present day
This paper explores the development of the welfare state in New Zealand from 1840 to the present. It will examine the reasons for the introduction of welfare measures, the form the legislation took, and its impact on society.

24.332 Early Monasticism
The paper explores the background (including pagan and Jewish elements) and the development of Christian asceticism, between roughly 250 and 650 A.D. Both ideas and institutions will claim attention, and in particular the shifting relations between ascetics and society. Are we dealing with dropouts, rebels, critics, or careerists?

24.333 A History of Medieval Europe from Charlemagne to Philip the Fair
Designed as a successor to 24.201, this paper will cover approximately the same period (c.800-c.1296) and will deal with the political and cultural history of medieval European States (excluding England).

24.334 Britain and Russia: a Century of Conflict
During the nineteenth century one of the major factors in the formulation of British foreign policy was fear of the growth of Russian power. Why did that fear arise? What was British policy in response? To what extent does an examination of Russian foreign policy warrant the nineteenth century British interpretation of it?

24.336 Popular Culture in Early Modern Europe
This paper will deal with the attitudes and values of ordinary people in Europe, c.1500-1750; in other words, popular culture in the wider sense of the term. Topics will include supernatural world views, oral culture, literature, sexuality, the law, protest, kinship, etc. The relationship between elite culture and popular culture. The emphasis will be on England and France.

24.342 Special Topic
24.343 Special Topic
24.351 Waitangi: The Treaty and the Tribunal
An examination of the Treaty of Waitangi in its international context – in relation to treatment with indigenous peoples in the U.S., Canada and other British colonies - and in New Zealand history, with special reference to the alienation of Maori resources and inquiries into Maori grievances, culminating in the work of the Waitangi Tribunal.

24.354 Radicals and Dissenters in American Culture and Politics, 1840s to the present
Lectures, primary readings, and discussion of significant non-mainstream thinkers in the U.S. from Henry David Thoreau to Edward Abbey.

24.355 The State of Native North America
This paper provides an introduction to the history of the indigenous peoples of North America. Some background material is included on the pre-Columbian period, but the primary focus will be on Native American responses to European colonization up to and including the resurgence of Indian activism in the 1970s. Topics covered include demographic change, the fur trade, the colonial wars, land loss, reservation experiences, modern Indian political activism and the politics of representation.

Asian History III
Note: Papers are taught on a half-year basis, one one-hour and one two-hour period per week, in the following sequence: 24.330-24.312; 24.344-24.341.

Faculty of Arts, Degree Prescriptions, History

214
Second half year papers start during the week beginning 20 June. Should their timetable permits, students may take a single paper or two or more papers from different sequences.

24.312 Sino-Japanese Relations since the Meiji Restoration
A study of the relations of the two principal nations of East Asia, 1868-1945. The paper will include the breakdown of China’s informal overseas empire and the growth of Japan’s ambition and capability. The latter nineteenth-century history of Korea will also be considered.

24.330 British Imperialism in Southeast Asia
A survey of British imperialism in the Southeast Asian context from the late eighteenth century to the years following the Second World War, with an emphasis on selected topics and areas.

*24.340 Theravada Buddhism and Islam in Southeast Asian History
†24.341 Special Topic
†24.344 Special Topic

History for MA and Honours
Students must attempt four papers (excluding 24.430 and 24.431 but including 24.410) in their first year and complete their remaining work in their second year. Students in full-time employment or with other demanding responsibilities may (with the permission of the Head of Department) attempt fewer papers in their first year and spread their remaining work over the one or, at most, two years following.

The thesis shall not exceed 50,000 words and two copies must be handed in to the Registrar in accordance with MA Regulation 11 (d). The dissertation shall be between 10,000 and 15,000 words and two copies must be submitted to the Registrar by 1 December in the student’s final year.

The Head of Department may permit a student not attempting a thesis to include as one of the six papers required a special study (24.430), involving a research programme prepared in consultation with one or more staff members. In exceptional cases, a second special study (24.431) may be included.

Students are expected to report regularly to their supervisors and to attend a research seminar in their second and (where applicable) third year.

24.400 Topics in New Zealand History
Topics in Maori, social and political history, selected for their significance in current historical research and writing.

*24.401 The Political Development of the Pacific Islands from about 1870
An examination of political and related social change in the Pacific Islands from annexation to decolonisation.

*24.402 Race and Class in Southern Africa in the 19th and 20th Centuries

*24.404 Kings, Lords and Commons: Tudor Government and Society 1485-1603
This course involves the extensive use of primary materials. It concentrates on the changing role of parliament; the shifting relationship between king, lords and commons; and parliament’s response to a wide variety of political, economic and social problems ranging from religion and witchcraft to treason and inflation.

24.406 Individual and Community in Western Europe 1050-1200
The developments and changes in the relationship between communities (intellectual, religious, commercial, heretical) and the individuals which made them up. A reading knowledge of French is particularly important, although Latin (or perhaps German) may be substituted.

24.407 Indonesia and the Philippines: Colonial Experience and Post-colonial Problems
This paper examines the similarities and contrasts in the colonial history of Indonesia and the Philippines and discusses some of the problems the two Republics have faced since independence.

*24.409 British Social History 1870-1914

24.410 The Historian’s Craft: Theories, Methods and Techniques
The course is designed to achieve two aims: (1) to provide a basic knowledge of the evolution of history as a discipline through a selective study of some of the most influential schools of history in the past; and (2) to establish a sound understanding of some modern trends in history. The latter would involve the examination of ideas and the application of methodologies which have been developed by the French Annales School, by the closer links being forged between history and the social sciences, and by the unique developments which have evolved in the historiography of Asia, Africa and the Pacific.

24.413 The Origins of the Second World War
This paper is mainly concerned with the origins of the war in Europe and lays particular emphasis upon the relationship between internal and international affairs.

24.414 Law, State and Society in Twentieth-Century United States History
This paper introduces students to issues of power and liberty in the context of a constitutional democracy. The primary focus is on the process of state-building empowering the executive in the late 18th and 19th centuries, and on the development of civil liberties and civil rights in the 20th century.

Students who have taken 24.353 in 1991 may not enrol in this paper.

24.417 The Irish in North America, Australia and New Zealand
This paper will consist of a comparative study of Irish emigration to and settlement in North America, Australia and New Zealand.

24.420 China’s Struggle for Modernity: The Republican Era
This paper will cover the period from the collapse of the Ch’ing dynasty to the creation of the People’s Republic, looking at the activities of the various sectors of Chinese society during the period, such as peasants, intellectuals, women etc. The regional breakdown and diversified development patterns under war lords, Nationalists and Communists will be studied, as will the role of foreign powers during the period. The general aim will be to gain an understanding of the problems facing China as it sought to create a successful modern policy.

24.421 Special Topic
The Russian Revolution is undoubtedly one of the major events of the twentieth century. But why did tsarist Russia, a predominantly agrarian society, give birth to the first Marxist regime? And how did a liberation movement come to establish such a terrible dictatorship? This paper will trace the origins, development and tragedy of the Russian Social-Democratic and Labour Movement.

24.422 Topics in Latin Roman Religion
The course is designed to provide opportunity and guidance for seminar work on a variety of issues, pgan as well as Christian and Jewish. In 1994, lectures will focus on secular-religious relations in the period 364-410.

*24.424 Labouring Life in Nineteenth-Century Britain
*24.425 Health, Medicine and Society in New Zealand and Britain, 1840-present day
Topics to be investigated in this course include the development of the medical and allied professions, hospital and medical services, public health, mental health, Maori health, and women and health.

24.430 Special Study
A research programme, normally related to one of the papers 24.400 to 24.425, selected in consultation with one or more staff members and approved by the Head of Department.

24.431 Special Study
A research programme, normally related to one of the papers 24.400 to 24.425, selected in consultation with one or more staff members and approved by the Head of Department.

Note: (i) There is no guarantee that all papers listed above will be available in any one year.
(ii) Termination of MA papers other than 24.430 and 24.431 falls below five, students may be asked to transfer to another MA paper, or to pursue study in the field by enrolling in 24.430 or 24.431.
(iii) All students intending to enrol for MA must see the Head of Department before formally enrolling, preferably before the end of the previous year.
DEPARTMENT OF MANAGEMENT STUDIES AND LABOUR RELATIONS

Management Studies and Labour Relations I

72.101 Organisation and Management
Introduction to organisational behaviour, including motivation, interpersonal relations, communication, leadership, and group processes. Organisations as mechanistic, organic, and political systems. Organisations as cultures. Psychic phenomena in organisations. Organisations as instruments of domination. Organisational analysis. Principles of management, including strategy, organising and control. Principles of labour relations, including employment, industrial legislation, trade unions, industrial conflict.

72.101 Organisation and Management
As prescribed for 72.101. This paper is taught at the Tamaki Campus.

Management Studies and Labour Relations II

72.204 Organisational Behaviour
A framework for understanding human behaviour in the context of organisations, focusing on the individual (personality, motivation, leadership); groups (communication, group dynamics, conflict management, power and politics) and the impact organisational structures, culture and change have on behaviour.

72.204 Organisational Behaviour
As prescribed for 72.204. This paper is taught at the Tamaki Campus.

72.207 Labour Relations
Introduction to the subject of labour relations with special reference to New Zealand. Institutional and legal frameworks. History and organisation of trade unions and employers' associations. Role of government, legislation relating to employment and to resolution of industrial disputes. Procedures for determining pay and conditions of employment in the public and private sectors.

72.207 Labour Relations
As prescribed for 72.207. This paper is taught at the Tamaki Campus.

72.208 Labour and Management on the Pacific Rim
This paper is designed to locate contemporary labour relations development in New Zealand in the context of labour relations regimes elsewhere on the Pacific Rim. The development of bargaining systems in New Zealand is compared with systems to be found in Australian, Latin American import substitution economies and the NICs of East Asia. The contrast is drawn between the deregulation of traditionally regulated bargaining systems in New Zealand, Australia and Latin America and the emergence of more flexible bargaining systems in the NICs of East Asia. This paper is taught at the Tamaki Campus.

72.211 Business in Society
The paper will examine the relationship between business institutions and the social, cultural and political climate within which they operate, assessing the effects of business on society and of society on business. The material covered will focus primarily on New Zealand and adopt both an historical and contemporary perspective. The following topics will provide major segments of the paper: Business and Government; Maori Business and the Environment; Business Ethics; the Culture Industries.

Management Studies and Labour Relations III

72.303 Advanced Labour Relations
An analytical overview of comparative study. Analysis and case studies of economic restructuring and employment relations in the European Economic Community and Eastern Europe (Russia, Hungary, Poland, unified Germany and the United Kingdom), employment relations, activities of signatories to trade agreements in the Americas (United States, Canada and Mexico) and Asia (Japan, Australia and the Asian Tigers).

72.313 Business and Society
The paper examines the relationship between business institutions and the social, cultural and political climate within which they operate, exploring the effects of business on society and of society on business. This paper is taught at the Tamaki Campus.

72.316 Organisational Psychology
Psychological aspects of organisations, applying theory to the world of work. Topics covered are work motivation, work-related attitudes, turnover and absenteeism, stress, climate and culture, groups, leadership and organisational development, and personnel psychology.

72.317 Women in Organisations
The implications of increasing numbers of women in the paid workforce are explored in an interdisciplinary way. Includes occupational segregation, home-work interface, female identity, sexual harassment issues, career development, EEO, women managers, leadership and power, feminist critiques of organisations and macro strategies for change.

72.325 Organisation Theory and Development
Theories of organisations, including formation of new organisations, organisational change, and organisational failure. Traditional and contemporary approaches to organisational structure and design. Organisational development and effectiveness. Organisational inertia and adaptation.

72.325 Organisation Theory and Development
As prescribed for 72.325. This paper is taught at the Tamaki Campus.

72.340 Special Topic
1994: Trade Union Studies
An analytical and practical study of the challenges facing the trade union movement in New Zealand and its various responses to them. It will consider how trade unions in New Zealand are dealing with international competitiveness, flexibility in the labour market and a deregulated industrial relations environment, among other contemporary issues.

72.341 Special Topic
1994: Business Ethics
An examination of ethical issues which arise in business contexts. Several frameworks for resolving such issues are presented. Three main areas covered are: ethical dilemmas facing individuals within organisations; ethical issues for organisations; fundamental questions about the ethical nature of business.

72.342 Special Topic

DEPARTMENT OF MAORI STUDIES

Full details concerning Maori Studies papers are contained in Courses in Maori Studies for 1993 available from Maori Studies secretary.

Maori Studies Stage I Level

Students who are beginners or near beginners in Maori Language should take the Introduction papers 04.106 and 04.107. Fluent speakers of Maori or those with three or more years of Maori Language at school should take the Maori Language papers 04.105, 04.110 and 04.111. Students who gain passes in the Introduction Papers, may take these Maori Language papers also. Students intending to advance in Maori Language must pass 04.111 and either 04.109 or 04.112.

04.101 Introduction to Maori Society
Traditional Maori society; the effects of European contact; the contemporary culture.

04.106 and 04.107 Introduction to Maori Society
As prescribed for 04.101. This paper is taught at Northland Polytechnic, Whangarei.

Note: The same paper is offered as Anthropology 03.102, and Maori Studies N04.106 and N04.107.

N04.101 Introduction to Maori Society
As prescribed for 04.101. This paper is taught at Northland Polytechnic, Whangarei.

Note: The same paper is offered as Anthropology 03.102, and Maori Studies N04.101 and N04.101.
T04.101 Introduction to Maori Society
As prescribed for 04.101. This paper is taught at the Tamaki Campus.
Note: The same paper is offered as Anthropology 03.102, and Maori Studies 04.101 and N04.101.

04.106 Introduction to Written Maori
This paper will introduce students, who have no background in the Maori Language, to basic skills in writing Maori.

T04.106 Introduction to Written Maori
As prescribed for 04.106. This paper is taught at the Tamaki Campus.

04.107 Introduction to Spoken Maori
This paper will introduce students, who have no background in the Maori Language, to basic skills in speaking Maori.

T04.107 Introduction to Spoken Maori
As prescribed for 04.107. This paper is taught at the Tamaki Campus.

04.109 Maori Language: Structure and Translation
This paper introduces translation techniques between the Maori and English languages and explains the grammatical vocabulary and the theoretical model of Maori grammar. It also teaches the structure of simple sentences.

†04.109 Maori Language: Structure and Translation
As prescribed for 04.109. This paper is taught at the Tamaki Campus.

†04.109 Maori Language: Structure and Translation
As prescribed for 04.109. This paper is taught at Northland Polytechnic, Whangarei.

04.110 Maori Language: Maori Literature and Writing
This is a course in the written use of Maori tested by translation, reading, comprehension and composition. This paper will also study written and oral Maori literature and advanced comprehension and composition.

T04.110 Maori Language: Maori Literature and Writing
As prescribed for 04.110. This paper is taught at the Tamaki Campus.

N04.110 Maori Language: Maori Literature and Writing
As prescribed for 04.110. This paper is taught at Northland Polytechnic, Whangarei.

04.111 Maori Language: Oral and Aural
The aim of the course is to develop skills in speaking, writing and hearing Maori.

*04.112 Structure of Te Reo
This paper on Maori grammatical metalanguage will be taught in Maori.

*04.113 Introduction to Maori Material Culture
This course will teach the theory and symbolism underlying the material arts and crafts of weaving, tukutuku, taniko and carving.

*04.115 Introduction to the Structure of Cook Islands Maori
This paper introduces students to an understanding of the rules that make up the Cook Islands Maori Language.
Note: The same paper is offered as Pacific Studies 477.104.

†04.116 Introduction to Spoken and Written Cook Islands Maori
This paper introduces students to speaking, reading and writing in Cook Island Maori language.
Note: The same paper is offered as Pacific Studies 477.105.

Maori Studies Stage II Level
Students should note that 04.204 and 04.205 are designed to be taken together and should be enrolled in concurrently.

*04.202 The Ancient Maori World/Te Ao Tawhito
Some accounts of traditional Maori life.
Note: The same paper is offered as Anthropology 03.211.

04.203 The Coming of the Maori
Archaeological perspectives on Polynesian origins, initial adaptations to New Zealand, local cultural development, classic Maori society, history to 1840 A.D.
Note: The same paper is offered as Anthropology 03.208, and Maori Studies N04.203.

N04.203 The Coming of the Maori
As prescribed for 04.203. This paper is taught at Northland Polytechnic, Whangarei.
Note: The same paper is offered as Anthropology 03.208 and Maori Studies 04.203.

04.204 Second Year Maori Language: Structure and Prescribed Texts

04.205 Second Year Maori Language: Oral and Written Skills

04.206 Te Kete Aronui/Maori Art & Material Culture
This paper will introduce students to Maori material culture from ancient times right up to the present.
Note: The same paper is offered as Art History, 19.264.

*04.207 Maori Kinship and Community
A study of selected patterns of social relations e.g. kinship and residence; kinship and ancestral land; kinship and tribal identity.
Note: The same paper is offered as Anthropology 03.216.

†04.208 Treaty of Waitangi Issues
A multi-disciplinary course on the Treaty of Waitangi.

N04.210 Introduction to Maori Resource Management
A study of the current Maori Resource Management Environment.

T04.210 Introduction to Maori Resource Management
A study of current Maori Resource Management Environment. This paper is taught at the Tamaki Campus.

04.211 Contemporary Maori and Polynesian Art
As prescribed for Art History, 19.263.
Note: The same paper is offered as Art History 19.263.

Maori Studies Stage III Level
The language papers 04.306 and 04.307 are designed to be taken together and students should enrol in them concurrently. Students who are taking Maori Studies papers in fulfillment of BA Degree Regulation 4 (a) must pass 04.306 and 04.307.

04.302 Topics in Contemporary Maori Society
A survey of current Maori institutions, social groupings and events.
Note: The same paper is offered as Anthropology 03.306.

*04.303 Maori Oratory
Whaikoorero and other Non-Casual Speech Forms.

*04.304 Maori Poetry and Song
A study of selected traditional song texts, their musical and literary form, and the traditional circumstances of their composition.

†04.305 Polynesian Comparative Linguistics
Comparative and historical study of the sound systems, grammar, and vocabulary of the Polynesian languages.
Note: The same paper is offered as Linguistics 83.303.

04.306 Third Year Maori Language: Structure and Prescribed Texts

04.307 Third Year Maori Language: Oral and Written Skills

*04.308 Social History of Maori Land Legislation
Historical study of Maori land legislation and its social context, oriented towards critical analysis of contemporary New Zealand society.
Note: The same paper is offered as Anthropology 03.304.

*04.309 Whanaungatanga - Whakapapa
*04.310 Regional Approaches to Maori Society
Note: The same paper is offered as Anthropology 03.341
†04.311 Special Topic in Maori Studies
*04.312 Computer Text Analysis and Research in Maori Studies
*04.313 Language and Statistics
Descriptive, inferential and multivariate statistical methods as applied to language.
Note: The same paper is offered as Linguistics 83.311.

*04.314 Te Kaupapa Waahine Maori
A study and analysis of the customs and ritual of traditional and contemporary Maori women.
04.315 Special Topic in Maori Studies: New Zealand Archaeology
Aspects of New Zealand archaeology from first colonisation through to the colonial era. Includes site recognition, recording and interpretation within a regional context and period, as appropriate.
Note: The same paper is offered as Anthropology 03.330.

04.316 Te Whare Pora (Maori Feather and Fibre Arts)
Includes research and teaching of practical skills to extend students’ knowledge of tukutuku, raranga, whatu, taniko, feather attachment, and dyeing techniques.

04.317 Special Topic in Maori Studies
200 Faculty of Arts, Degree Prescriptions, Maori Studies, Mathematics and Statistics, Music, Pacific Studies
Maori Studies for MA and Honours
The course of study of every student must be approved by the Head of Department. A candidate must present four papers and a thesis (04.601) counting as three papers. Up to two papers listed under Stage III level Maori Studies, if not credited for a BA Degree, may be offered as papers for MA.

04.400 A Topic in Maori Language
193 Recent Developments in the Study of Maori and Polynesian Grammar.

04.401 A Topic in Maori Literature
04.402 Maori Ethnicity
Note: The same paper is offered as Anthropology 03.423.

04.403 Tikanga Maori
04.404 Special Topic in Maori Culture and Society
04.405 Special Topic in Maori Studies
04.406 Maori Myths and Tribal Traditions
04.407 Tikanga Waahine Maori
This paper will examine tikanga; ancestral rituals and practices, and the power bases of Maori women.

04.408 The Politics of Culture
04.601 Thesis

DEPARTMENTS OF MATHEMATICS AND STATISTICS
For prescriptions see Index.

DEPARTMENT OF MUSIC
Restrictions on entry to Courses:
1. A student wishing to advance in Music for BA (that is beyond Stage I) who has little evidence of musical background is required to satisfy the Head of Department of Music that an appropriate standard has been reached. For this purpose short interviews may be held in late January of the year for which preparatory application has been made. A limited number of first-year places is available in the Department. Students should refer to the Faculty of Music Prescriptions for details.

Music I
Music I (as prescribed for BMus)
Prescriptions for BA
28.104 Music and the 20th Century
A listening-based approach to music and its various types and forms in the period 1900-1960.
28.105 Basic Musical Techniques
Fundamental written skills in music, and practice in aural perception.
E28.105 Basic Musical Techniques
As prescribed for 28.105. This paper is taught at the Auckland College of Education.
28.106 History of Jazz
A study of the development of Jazz from 1900. In addition to the general and regional study of the growth of the music, there will also be some concentration on particular styles, performers and performances.

Music II
Music II (as prescribed for BMus)

Music III
Music III (as prescribed for BMus)

Music for MA and Honours
Seven papers are required for MA in Music: four papers and a thesis (which counts as three papers), as prescribed for MMus. Entry to the course depends on interview by the Board of teaching members of the Music Faculty. Where necessary, a candidate will be required to satisfy the Head of Department as to his or her proficiency as a performer, or ability to read an approved language other than English, or both.
Note: (1) The availability of these papers will depend on the number of students and their choice of papers.
(2) The specific requirements for choice of papers are given in MA Schedule (23).

PACIFIC STUDIES
Two Stage I Pacific Studies are offered in alternate years. An asterisk shows which one is not taught in 1994. There is a new interfaculty paper 79.102 Indigenous Knowledge and Western Science: Perspective from the Pacific. There will be two Pacific languages to be taught in 1994 – Samoan and Cook Islands Maori. Each Language offers two stage one papers. Enquiries about them should be directed to the Director, Centre for Pacific Studies, 22 Winyar Street, three doors up from the Marae.
Pacific Studies papers are accepted as pre or corequisites for various papers on the Pacific which are offered by the Departments of Education, Political Studies and Sociology. See course descriptions offered by these departments.

*79.100 Topics in the Political Economy of the South Pacific
An introduction to the processes of political, economic and social change in the region, with case studies where appropriate.

79.101 Topics in Pacific Arts
A survey of traditional and modern history of the Pacific and the impact of change on languages, music, oratory, dance, arts and craft and identity as a result of migration etc.

79.102 Indigenous Knowledge and Western Science: Perspectives from the Pacific
This paper provides students with the opportunity to learn about both indigenous knowledge and western scientific accounts of the natural world, specifically the islands of the Pacific including New Zealand. Selected topics will be examined using a bicultural approach, involving both an expert in traditional knowledge and a scientist trained in the western scientific paradigm. Where possible each topic will include both a “pure” and an “applied” component, the latter focusing on current environmental issues.

†477.104 Introduction to the Structure of Cook Islands Maori
This paper introduces students to an understanding of the rules that make up the Cook Islands Maori language.
Note: The same paper is offered as Maori Studies 04.115.

†477.105 Introduction to Spoken and Written Cook Islands Maori
This paper introduces students to speaking, reading and writing in Cook Island Maori language.
Note: The same paper is offered at Maori Studies 04.116.

478.100 Samoan Language for Beginners
The course will focus on acquisition of basic Samoan to develop skills in listening, speaking and writing.

478.101 Samoan Language for Fluent Speakers
A course for those who passed the beginners course offered in 1991 and 1992 and speakers who wish to improve their speech styles, and reading and writing skills within a cultural context.
DEPARTMENT OF PHILOSOPHY

Fuller details concerning the content of Philosophy papers are contained in a booklet entitled Guide to Undergraduate Philosophy. Free copies are available from the Secretary, Room 11, 1 Alfred Street. This booklet also contains general information about the Department, a guide to prerequisites and choice of papers, information about coursework and assessment, and a list of the prescribed and recommended texts for each paper. Students are strongly advised to consult this booklet and seek advice concerning their proposed course of study before enrolment.

Prerequisites and restrictions for Philosophy papers are set out in detail in the BA Schedule and should be studied carefully before enrolment. Several Philosophy II papers may be relevant to students majoring in other subjects; students wishing to take these papers without the normal prerequisites are advised to consult the Head of Department. Note that certain Political Studies I papers are accepted as prerequisites for some Philosophy II papers of interest to students majoring in Political Studies. Note that 29.101 or T29.151, is a prerequisite for 29.201, 29.305, 29.306 and for the MA in Philosophy.

Philosophy I

Note: Two hours per week for each paper including lectures and tutorials.

29.100 Introduction to Metaphysics and Theory of Knowledge
Metaphysics deals with fundamental problems about the nature of the world and human beings (for example, the question of the existence of God, the relationship between mind and body, and the nature and identity of the self); the Theory of Knowledge studies the sources, limits and justification of human knowledge. The paper includes the study of extracts from the works of various great philosophers, such as Plato and Descartes.

29.101 Introduction to Logic
Logic is the study of argument. After an informal discussion of notions of truth, consistency, modes of truth, and the ideas of soundness, deductive validity and inductive strength as applied to arguments, this paper provides an introduction to formal logic through the study of syllogistic logic, propositional logic and quantificational logic.

29.104 Introduction to Ethics and Social Philosophy
Ethics is the philosophical study of morality, while social philosophy is the philosophical study of social concepts (individual liberty and the state, for example). This paper provides an introduction to several ethical and social theories (including Kantianism, utilitarianism, virtue ethics, existentialism, and theories about rights); relates these theories to some practical problems in theory of knowledge and the philosophy of perception, based on a study of the British empiricists, John Locke, George Berkeley and David Hume; and topics in contemporary theory of knowledge.

29.205 Political Philosophy II
Philosophical problems concerning the relationship amongst the members of society, involving issues of liberty, autonomy and authority. Topics will include a study of contractarian views and their application to the Treaty of Waitangi.

29.206 History of Philosophy II A
A study of the relationship between reason and faith; is belief in the Judaic-Christian God reasonable? Topics include: the problem of evil, the meaningfulness of religious language, novel concepts of god, the possibility of immortality. Hume on miracles, and Kierkegaard and William James on faith and reason.

29.208 Metaphysics and Theory of Knowledge II
More advanced study of topics in these two areas, including problems in theory of knowledge and the philosophy of perception, based on a study of the British empiricists, John Locke, George Berkeley and David Hume; and topics in contemporary theory of knowledge.

29.209 Continental Philosophy II
A study of Kant, Hegel (The Phenomenology of Spirit) and Schopenhauer.

29.210 Applied Ethics
Philosophical analysis of contemporary moral problems, such as abortion, reverse discrimination, pornography and environmental ethics.

29.211 History of Philosophy II B
A range of philosophical questions about the creation of artworks, what kinds of things artworks are, and the conditions for their interpretation, appreciation and evaluation.

29.213 Philosophical Issues in Feminism
A selection of philosophical issues which arise within feminist thinking (for example, the nature of sexual equality; concepts of patriarchy, oppression and exploitation and their use in feminist analyses of women’s social position; the nature of sexual harassment).

29.214 Special Topic: Topics in Continental Philosophy
A selection of topics from major 19th and 20th century continental thinkers.

Note: Two two-hour classes per week in second term and one two-hour class per week in third term.

29.215 Special Topic
Philosophy III
Note: (i) Students wishing to advance to MA in Philosophy should note the prerequisites set out in section (24) of the MA Schedule.
(ii) Except where noted otherwise, each paper has one two-hour class per week.

29.300 Theory of Knowledge III
29.301 Metaphysics III
29.302 History of Philosophy (Ancient and Mediaeval)
A study of mediaeval philosophy (including the work of Abelard, Aquinas, Augustine, Duns Scotus and Ockham) in relation to its ancient roots in Platonism and Aristotelianism.

29.303 Continental Philosophy III
A study of Nietzsche and Heidegger.

29.304 Ethics III
Advanced philosophical study of moral theory (in both normative and meta-ethics), including Aristotelian ethics, moral dilemmas, feminist ethics, objectivity.

29.305 Logic III
A course in mathematical logic.
Note: The same paper is offered as Mathematics 26.315.

29.306 Language, Truth and Meaning
The relationship between language, thought and reality. Topics include: the nature of reference and meaning, Quine's sceptical views on meaning, classical theories of truth, Tarski's semantic conception of truth and Kripke on truth.

29.307 Topics in Recent Philosophy
Contemporary issues in Metaphysics, Theory of Knowledge and Philosophy of Mind.

*29.308 Special Topic
29.309 Special Topic: Topics in Continental Philosophy
A selection of topics from major 19th and 20th century continental thinkers.
Note: Two two-hour classes per week in second term, and one two-hour class per week in third term.

29.310 Political Philosophy III
A study of current ideas about justice, equality, power and rights.
Note: The same paper is offered as Political Studies 30.305, and will be taught by that Department.

Philosophy for MA and Honours
For detailed information concerning the papers currently offered for Masters and other graduate and post-graduate Degrees in Philosophy, consult the Guide to Graduate Philosophy. Copies of this brochure are available free from the Secretary, Philosophy Department, 1 Alfred Street. Prerequisites for enrolment for this degree are set out in the MA degree regulations and section (24) of the MA Schedule.

Note that 29.101 or T29.151 is a prerequisite for the M.A. in Philosophy. Students may obtain an exemption from this prerequisite by passing a special examination in Logic to be held before enrolment week. Students wishing to sit this examination should apply to the Head of Department. A pass in this special examination carries no credit towards a degree.

Seven papers, or, with the approval of the Head of Department, four papers and a thesis, are required for this degree. One paper may be chosen from those offered in Philosophy III (29.300 to 29.310) which the student has not previously passed. All other papers are to be selected from 29.400 to 29.422, not all of which are offered in any one year. The selection must be approved by the Head of the Department, who will generally require that the chosen papers fall within at least three of the following areas of Philosophy: (i) Theoretical Philosophy (Metaphysics, Epistemology, etc.); (ii) Practical Philosophy (Ethics, Political Philosophy, etc.); (iii) Logic; and (iv) History of Philosophy. Students intending to enrol for the MA in Philosophy must consult the Head of Department towards the end of the previous year. The choice of papers is to be made from the following list:

29.400 Ethics
29.401 Kant
29.402 Wittgenstein
29.403 Metaphysics
29.404 Philosophy of Language
29.405 Philosophical Psychology
29.406 Philosophy of Natural Science
29.407 Philosophy of Social Science
29.408 Philosophy of History
29.409 Philosophy of Mathematics
29.410 Philosophical Logic
29.411 Mathematical Logic

29.412 Topics in the History of Philosophy I
29.413 Topics in the History of Philosophy II
29.414 Topics in the History of Philosophy III
29.415 Topics in Modern Philosophy
29.416 Modern Continental Philosophy
29.417 Aesthetics
29.418 Special Topic
29.419 Special Topic
29.420 Special Topic: Essay Paper
Candidates will be required to write a long essay (or essays) within a field of Philosophy to be specified by the Head of Department. There will be no examination paper.

29.421 Special Topic
29.422 Special Topic
29.601 Thesis
Equivalent to three papers.
Note: Under Clause 7 of the MA degree regulations, permission may be given for a candidate for the MA to take up to two papers in another subject or subjects related to the candidate's research interests.

DEPARTMENT OF PHYSICS

Physics I
31.101 The Physical Universe
The paper is descriptive in nature, requires a minimal background in mathematics and physics. It gives an overview of the major developments in Physics since the times of the Greeks. It discusses how the evolution of Physics from the Classical to the Modern period has given rise to philosophical problems and concludes with an outline of the current unanswered problems in our understanding of the universe.

31.102 The World of Physics
This paper seeks to provide an understanding of many of the phenomena of the natural world around us and the physics of many human activities. For further details consult the BSc schedule.

DEPARTMENT OF POLITICAL STUDIES

Political Studies I
30.106 Foreign and Defence Policies World Survey
An introduction to the theories and practices of current international relations followed by reviews of eight key states' international political, economic and military policies and decision-making processes.

30.107 Introduction to New Zealand Politics
An examination of who governs New Zealand and in whose interests. It asks where political power really lies and what influence, if any, the ordinary citizen can exert on government. Topics include: parties and interest groups, elections and voting behaviour, women and politics, and the place of the Maori within the political system.

30.109 Major Political Thinkers in the Western Tradition

30.110 Introduction to Comparative Politics
An introduction to the form, function and evolution of political institutions and processes in liberal democracies, and to the methods and purposes of comparative politics.

30.111 Introduction to International Relations
30.112 Introductory Comparative Politics

Political Studies II
*30.201 British Politics
30.204 New Zealand Foreign Policy
A review of the history, interests, institutions, and politics of New Zealand foreign policy-making with bilateral, multilateral, and sectoral case studies.

30.209 Modern Political Ideologies
A survey of the major ideological trends in western thought since
the eighteenth century, focusing on variants of liberalism and socialism.

30.211 Public Administration: Central and Local
An introduction to the basic concepts of public administration and the bureaucracy, and the structures and processes of management in the public sector.

30.213 Women and Politics
Gender politics including feminist conceptions of politics and women's participation in decision making.

30.214 Democracy in Theory and Practice
Examination of ideas about democracy and how they relate to current arguments in New Zealand about the electoral system and other aspects of representation.

*30.215 Russian and Post-Soviet Politics
*30.217 South Pacific Foreign Affairs
30.218 U.S. Politics
An introduction to the main institutions of the Presidency, Congress, and the Supreme Court together with studies of recent developments in a variety of issues such as abortion law, military spending, gun control.

T30.219 Comparative Politics: China and Japan
The political system of China and Japan in the framework of comparative politics.

T30.220 The New Europe in the World Economy: The European Community and its Rivals
The political structure and functioning of the European Community in relation to Eastern Europe and other trading areas.

*T30.221 Public Policy, Economic Reform and Social Change in New Zealand
The public policy-making process in New Zealand with selected case studies.

*30.222 Special Topic
*30.223 Special Topic
Asian Politics II

*30.210 Southeast Asian Foreign Policies
30.216 Politics of Japan
An introduction to the political history, political systems and institutions, political economy, contemporary politics and international relations of Japan.

Political Studies III

*30.301 A Topic in the Structure of International Relations and the Formulation of Foreign Policy
30.302 Conflict Resolution: Southern Africa
The construction of intra and inter-state and regional conflicts. The domestic and international management and resolution thereof.

30.304 Political Learning and Political Behaviour
Determinants of and trends in voting behaviour in liberal democracies as gleaned from the techniques of international survey research.

30.305 Distributive Justice
The main recent theories of distributive justice: utilitarianism, Rawls, Dworkin, Nozick and Gauthier. Analysis of well being, rights, equality, desert and other concepts as they figure in those theories.

30.306 Data Analysis in Political Studies
Introduction to basic statistical techniques using real New Zealand data from the census and 1990 election survey.

*30.307 Integration and Nationalism in Europe
Nationalism versus Integration in East and West Europe.

30.309 Television Audience
An examination of the various approaches to television audiences, concentrating on attempts to explain television's impact on political attitudes and behaviour.

*30.310 Public Administration: Theory and Process
*30.311 Comparative Public Policy
30.312 Green Politics
Modern environmental problems, ecological thinking, and Green politics movements in a variety of countries are explored.

30.313 Politics of China

Political Studies for MA and Honours
Four papers and a thesis (30.601) which shall count as three papers; or six papers and a research essay (30.603) which shall count as one paper; or seven papers. The papers shall be selected from 30.400 to 30.424 and 30.500 as prescribed for DipLGA. A candidate presenting a thesis must attempt four papers in the first year.

All candidates shall take four papers in their first year, and will be expected to complete the remainder, being three papers, or a thesis, or two papers and a research essay, in the following year. Only in special circumstances and with the approval of the Head of Department will permission be given for a candidate taking seven papers or six papers and a research essay either to present three papers in the first year and the remainder in the following year, or to spread the course over three years by taking either one paper or the research essay in the third year. Other combinations may be approved in special cases under certain conditions.

A candidate presenting a research essay must submit it at the end of the second term in the year of presentation. The research essay must be on a topic approved by the Head of Department and shall not exceed 20,000 words.

The thesis shall not, without express permission of the Head of Department, exceed 60,000 words. The prerequisites for the MA course are eight papers in the subjects Political Studies and Asian Politics including three Stage III papers.

*30.400 Ideology and Politics in Asia
*30.401 A Topic on the Role of Minority Ethnic Groups in Politics
*30.402 A Topic on Urban Government and Politics
30.403 Political Economy of Information
The impact of convergence in information and communication technologies; the concomitant development of public policy in the fields of information and communication; and the transformations in news and information markets with their accompanying ethical problems. A course guide is available from the department office.

*30.407 Thomas Hobbes and His Times
30.408 Political Context of Television
Looks at factors that affect the political content of television, focusing on New Zealand examples. Students are expected to conduct their own content analyses.

*30.410 Public Choice and Liberal Theory
30.412 American Presidency and Supreme Court
Covers major issues involving recent Presidencies and then shifts to look at some of the politically potent areas covered by recent Supreme Court decisions.

*30.413 Public Administration
30.416 Scandinavian Democracies in Comparative Perspective
Theory and practice of representative politics and policy making in the Scandinavian multiparty coalition systems.

*30.417 Political Elites in Anglo-American Democracies
*30.418 To be prescribed by the Head of Department.
*30.419 New Zealand Political Parties
An examination of New Zealand's political parties in the context of the international theoretical literature, notably Michels, Duverger, Epstein, Eldersveld, Downs, Sartori, Rawson and Panebianco. Students will also be expected to develop a comprehensive knowledge of the New Zealand literature on parties.

*30.420 Elections and Voters
30.422 Conflict Resolution
The methods, scope, theories and findings in International Conflict Analysis. The causes, processes, management and terminations of international and intercommunal conflict. A course guide is available from the department office.

30.423 Topics in Political Theory
Freedom and the state (e.g. censorship, political obligation), justice (e.g. obligations to future generations), rationality and decision theory, markets, welfare and socialism, and democracy.

30.424 Identity Politics
The problem of how to combine equal citizenship with respect for group differences; ethnic identity, gender identity, national identity.

30.425 Political Economy of Trade
A comparison of theories of trade drawn from neo-classical economics and realist international relations studies followed by case studies in trade policy-making by major trading states in unilateral, bilateral, and multilateral contexts.

30.426 Special Topic
1994: Security Studies
Studies on global peace and security issues such as arms control, peacemaking and peacekeeping, strategy and defence, war and law enforcement.

30.427 Special Topic
30.428 Special Topic
30.500 The New Zealand Local Government System.
The legal basis, structures, processes and politics of the system, with particular reference to reorganisation, finance, service delivery and the participants.

DEPARTMENT OF PSYCHOLOGY

Note: (i) Students taking advanced courses are advised to consult with the lecturer concerned before purchasing books.
(ii) The Schedule attached to the Course Regulations for the Degree of BA should be consulted for pre and corequisites.

Psychology I
Two papers are offered for Psychology I which together provide a general introduction to the psychological study of behaviour. The papers may be taken separately. However, passes in 32.108 or 32.118, or T32.128 and in 32.109 or T32.129 are necessary for entry to Stage II.

32.108 Introduction to General Psychology
Topics covered may include: the neurobiological basis of behaviour; developmental psychology; social psychology; mental abilities and measurement; personality; causes and treatment of psychopathology; research design and analysis. (Tutorial attendance of 1 hour per fortnight is required).

32.109 Introduction to Experimental Psychology
Topics covered may include: learning; sensation and perception, memory, cognition and language. (Laboratory attendance of 2 hours per week is required).

32.118 Introduction to General Psychology
As prescribed for 32.108. This paper is taught on the campus of Auckland College of Education.

*32.119 Introduction to Experimental Psychology
As prescribed for 32.109. This paper is taught on the campus of Auckland College of Education.

T32.128 Psychology as a Social Science
An introduction to psychology as a social science, including the study of social and organisational psychology, developmental psychology, the measurement of mental abilities, and abnormal psychology.

T32.129 Psychology as an Experimental Science
This course stresses the scientific bases of modern psychology, including the study of biological psychology, the psychology of learning, sensation, perception, cognition, and language. Topics in applied experimental psychology may also be introduced.

Psychology II
A pass in three Stage II papers in Psychology is necessary for entry to Stage III. From 1995 a further prerequisite, one of papers 26.180, 26.181, 26.182, T26.187, 26.188, T26.188 will be required.

32.200 Human Experimental Psychology
An introduction to the study of perception and cognition. Topics covered include perception, attention, memory, language and thinking. The value of experimental methods in this area of psychology is illustrated with a variety of tutorials, laboratory demonstrations and experiments.

32.230 Introduction to Neuroscience
A basic introduction to the structure and function of the brain, neuropsychology, and genetic and hormonal influences on behaviour, with applications to animal and human behaviour and cognition.

32.240 Social and Developmental Psychology
An introduction to the study of social and developmental psychology. Topics include: the nature of work groups, communication, motivation, social influence, conflict, foreing, memory, signal detection, experimental design, and self control.

T32.261 Experimental Psychology
An introduction to research in a wide range of areas of experimental psychology, with some emphasis on the application of research findings to practical problems. Specific topics may include experimental and applied behaviour analysis, vision, hearing, haptic perception, memory, language, and their physiological underpinnings.

T32.262 Psychological Methods
This paper offers a broadly-based introductory treatment of methodologies widely used in psychological research. Topics will include experimental design, survey, data analysis, questionnaire construction, single-subject techniques, observation, and psychological testing. Other topics may be included, depending on the interests and availability of staff.

T32.263 Social and Organizational Psychology
The first half of this paper is an introduction to social psychology. Topics include: non-verbal communication, attitude learning, attitudes and behaviour, prejudice and discrimination, interpersonal attraction, social influence, prosocial behaviour, aggression, social exchange, group decision-making, and some effects of the physical environment upon behaviour. The second half of the paper is an introduction to organisational psychology. Topics include: the nature of work groups, communication in organizations, approaches to work motivation, conflict resolution, and personnel selection.

Psychology III
Either a pass in 32.306 and three other Stage III papers in Psychology or in special circumstances and with approval of the Head of Department 32.306 and two other Stage III papers in Psychology is necessary for entry to MA and Honours in Psychology.

32.301 The Psychology of Individual Differences
A study of individual differences and their measurement, and of the construction and use of psychometric tests.
An investigation of the effects on psychological and task related development and functioning, with an emphasis on theories and research.

A particular emphasis running through the course will be the role of these and other factors on accidents.

An introduction to contemporary theory (e.g. postmodernisms, feminisms) and issues which have important implications for clinical psychology practice and research.

An introduction to the application of social psychological theory and research methods in a community setting. This course will build on the theoretical skills students have developed in 32.306 and 32.311. Prerequisites: 32.306 and 32.311 Restriction: 32.420.

A study of selected topics in the literature on language and speech. The main focus of the course will be speech and language processing by normal adults, but other potential topics include language development and artificial intelligence approaches to natural language processing.

The main focus of the course will be speech and language processing by normal adults, but other potential topics include language development and artificial intelligence approaches to natural language processing.

The course considers the application of detection theory, ROC analysis, and other psychophysical techniques to a range of problems in psychology, medicine, and industry.

DEPARTMENT OF ROMANCE LANGUAGES

FRENCH

French Stage I

A guide to French Studies at Auckland is available from the Romance Languages Department, Arts I Building.

34.100 Language Acquisition

Students with less than 50% in Bursary French should consult the Head of Section. Particularly strong students may be considered for direct entry to 34.200. Oral and written expression in French, aural and written comprehension in French.

Oral and written expression in French, aural and written comprehension; tested in some or all of the following ways: comprehension, conversation, composition, exposition of an unprepared topic; translation, dictation, reading aloud; with linguistic and stylistic analysis.

*34.302 Seventeenth and Eighteenth Century Texts

34.306 Mediaeval French Language

*34.307 A Literary Topic

*34.308 A Topic in Nineteenth and/or Twentieth Century Literature

34.309 A Topic in Nineteenth and/or Twentieth Century Literature

1993: Nineteenth and Twentieth Century Literature and Society

34.310 Seventeenth and Eighteenth Century Literary Texts

1993: Classical Theatre

34.318 L'Espace Francophone: French in France and Overseas

*34.320 Traduction et Interprétation Consécutive du français

*34.322 A Linguistic Topic

French for MA and Honours

The requirements are given in section (10) of the MA Schedule.

34.400 Language Acquisition

Oral and written use of French, tested by: comprehension, conversation, composition, exposition of an unprepared topic, translation, dictation, reading aloud; with linguistic and stylistic analysis. (Prerequisite: 34.300.)

Pre-Modern Language and Literature:

*34.401 A Special Topic in Old French Language and/or Literature

*34.412 A Special Topic in Old French Language and/or Literature

*34.402 A Special Topic in Middle French Language and/or Literature

34.413 A Special Topic in Middle French Language and/or Literature

Modern Literature (17th to 20th Centuries):

34.423 A Special Topic

1994: Twentieth Century Theatre

34.424 A Special Topic

34.425 A Special Topic

1994: Classical Theatre

34.426 A Special Topic

1994: Nineteenth and Twentieth Century Literature and Society.

*34.427 An Approved Topic

French Linguistics:

*34.416 A Special Topic

34.417 Applied Linguistics

34.419 Creolization of Language: French

*34.420 An Approved Topic
Other Aspects of French Civilisation:
*34.410 A Special Topic
- 1993: La femme en France au 19e siècle
*34.411 A Special Topic
*34.428 A Special Topic
*34.429 An Approved Topic

Research Options:
34.601 Thesis
(Equivalent to 3 papers.)
34.603 Research Essay
(Equivalent to 1 paper)

ITALIAN

Italian I
A guide to Italian studies at Auckland is available from the Romance Languages Department, Arts I Building. Students are warmly invited to visit the Italian lecturers before enrolment to discuss courses. It is best to phone to make an appointment.
*35.104 Italian Language in Opera and Song
Primarily intended for singers. Comprehension and pronunciation. Study of Italian texts of operatic libretti, madrigals, songs. May be taken by both BA students and students from the Faculty of Music.

DEPARTMENT OF RUSSIAN

Russian I
Students may enrol for Stage I papers without any prior knowledge of the subject areas. The two Russian language papers, 43.100 and 43.101, are linked corequisites and are also prerequisites for all students advancing to Stage II except, with the approval of the Head of Department, those with Bursary-level knowledge of the language; 43.111, 43.112 and 43.113 can be taken independently of each other and of any other papers in the Department. Students intending to advance in Russian are strongly advised to take paper 43.112 during either their first or second year of study.

Note: The readings for papers 43.112 and 43.113 are entirely in English.

43.100 and 43.101 Russian Language Acquisition I and 2
Written and oral use of Russian, tested in some or all of the following ways: comprehension, composition, conversation, dictation, reading, translation from and into Russian.

The two papers must be taken together.

Five hours and one language laboratory oral session per week; regular computer work and assignments.

43.111 Introduction to a Slavonic Language
43.112 Russian Civilisation
A survey of the political, social, economic, religious, intellectual and artistic forces which historically have helped to shape Yelitsin’s Russia.

Two hours per week; two essays.

43.113 The Classics of Russian Literature
Studies in major examples of Russian/Slavonic prose fiction and drama.

Two hours per week; two essays.

Russian II
Papers 43.210, 43.211 and 43.212 are linked papers. Students who have not already taken paper 43.112 are strongly advised to do so alongside their Russian II papers.

43.210 Language Acquisition: Russian
Written and oral use of Russian tested in some or all of the following ways: translation, composition, comprehension, conversation, dictation, reading.

Three hours per week; regular computer work and assignments.

Optional library use of the Language Laboratory.

43.211 (i) Introduction to Modern Russian
Linguistic analysis of modern non-literary texts, with special reference to morphology and word-formation.

One hour per week.

(ii) The Russian Lyric in the Nineteenth Century
Studies in 19th Century lyric poetry.Introduced by a series of lectures on literary theory.

One hour per week.

43.212 The Russian Short Story in the Nineteenth Century
Selected short prose works by major Russian writers from Karamzin to Chekhov.

Two hours per week in the second and third terms.

Russian III
Papers 43.310 and any two from 43.311, 43.312 and 43.313 are linked corequisites.

43.310 Language Acquisition: Russian
Written and oral use of Russian tested in some or all of the following ways: translation, composition, comprehension, conversation, dictation, reading; regular computer work and assignments.

Three hours per week. Optional library use of the Language Laboratory.

43.311 Introduction to Russian and Slavonic Linguistics
An introduction to the scientific study of language as related to Russian and the group of Slavonic languages; historical explanation of so-called “anomalies” in Modern Russian.

43.312 The Russian Novel in the Nineteenth Century
Pushkin’s Evgenii Onegin and one major novel each by Dostoevskii and L. Tolstoy.

Two hours per week.

43.313 Introduction to Russian Literature of the Twentieth Century
Representative short literary texts by major Russian writers active since 1905.

Two hours per week.

With the approval of the Head of Department certain papers from Russian MA and Honours may be offered as additional Stage III level papers.

Russian for MA and Honours
No student may offer any paper for the MA Degree in which he has already been credited with a pass at Stage III.

The specific requirements for Russian are given in MA Schedule (26); and for Language and Literature including Russian in MA Schedule (17). In both cases paper 43.410 is compulsory.

43.410 Language Acquisition: Russian
43.411 The Structure of Russian
43.412 The History of Russian From its Origins to 1800
43.413 The Russian Language in the 19th and 20th Centuries
43.414 Lexicology and Practical Stylistics of Contemporary Standard Russian
43.415 A Special Topic in Russian or Slavonic Linguistics
43.416 A Special Topic in the Russian Language or Russian Linguistics
43.417 An Approved Special Topic in Slavonic Languages, Literature or Cultures
43.418 Research Methods in Russian and Slavonic Studies
43.419 Studies in Early Russian Literature
43.420 Studies in Eighteenth Century Russian Literature
43.421 A Special Topic in Russian Poetry
43.422 A Special Topic in Russian Prose
43.423 A Special Study of a Russian Writer
43.424 A Special Topic in Russian Literature or Culture
43.425 A Further Special Topic

*43.410, 43.411, 43.412, 43.413, 43.414, 43.415, 43.416, 43.417, 43.418, 43.419, 43.420, 43.421, 43.422, 43.423, 43.424, 43.425

1994: Petersburg-Leningrad in Russian Poetry and Prose
The Petersburg myth in Russian literature studied on the basis of selected poets and prose authors since the late eighteenth century. Intending MA students should consult the Head of Department during their final BA year about the availability of MA papers and the possibility of their presenting a thesis (43.611) in lieu of three papers or a research essay (43.603) in lieu of one paper.

43.611 Thesis
43.603 Research Essay

SAMOAN
See under PACIFIC STUDIES.

Papers in Samoan are co-ordinated by the Centre for Pacific Studies.

SOCIAL WORK
There is no undergraduate course in this field, but a MA course is offered. This does not provide basic professional training in social work. It is available to give advanced training to practitioners linking degrees or programmes of study in Anthropology, Maori Studies, Economics, English, Education, Geography, History, Philosophy, Political Studies, Psychology, Sociology and other topics to social work. As such it allows for directed or specialist study in areas such as advanced clinical practice, social service...
management, policy development, historical analysis, Maori and iwi development, health education/primary prevention, habilitation studies and other contemporary areas for social work training.

To enter the course students must have a bachelors degree and recognised social work qualifications and have at least three years' experience in the practice of social work. The co-ordinating committee for the degree may recommend entry to the degree for students who do not comply with the prerequisites but who have equivalents to them. Further details are available from the School of Social Work, Auckland College of Education, the office of the Dean of the Faculty of Arts, or Professor Marshall, Education.

**690.400 Contemporary Social Work: Principles & Practice**

This paper is a required course for all students doing a Master of Arts Degree in Social Work. It is taught by the School of Social Work at the Auckland College of Education. Any research project undertaken for the degree will also be co-supervised by the School of Social Work.

**690.420 Research Project**

**690.601 Thesis**

**690.611 Thesis**

---

**DEPARTMENT OF SOCIOLOGY**

**Sociology I**

**82.100 Issues and Themes in Sociology**

Introduction to sociology as a discipline and a review of some of its internal debates. Amongst the topics considered are the modern state, social class, family, gender, urbanism and the mass media. Draws on material from a range of societies.

**82.101 New Zealand Society: Structure and Change**

A general introduction to the analysis of NZ society. It critically examines different perspectives on NZ’s colonial origins and development, and contemporary problems of class, race and gender relations. It concludes by asking the question “Where is NZ going?”.

**82.102 Sociology and the Origins of the Modern World**

Sociology is a modern discipline, born of the ‘dual revolution’. The course studies French political experience between 1789 and 1871, and British industrialisation, to explore the nature of modernity. And hence, of course, why sociology takes its current intellectual shape.

**82.103 Debates in Social Policy**

An introduction to sociological analysis and inquiry through the examination of several social policy areas of importance in contemporary NZ, in terms of the social features of these issues, and then the sociology of the policy responses to them.

**82.104 An Introduction to Sociological Analysis: Gender, Ethnicity and Class in New Zealand**

A study of class, ethnicity and gender with close reference to New Zealand society. Intended for students who have completed an associated New Start course, this paper provides an introduction to sociology with a strong local focus.

Note: in 1994, 82.104 will be taught only on the premises of Manukau Polytechnic.

**82.110 Changing Societies: Ideas about Social Change**

A review of theories of social change and the social consequences of various types of change. Theories of evolutionary, revolutionary and planned social change will be considered. The paper will also review anticipated and unanticipated consequences of social change, and the ways in which given changes affect various social groups.

**82.111 Work in Society**

This paper will examine the ways in which work is organised and viewed in societies in and around the Pacific. It will explore the ways in which the organisation of work is shaped by interaction between technologies, local culture and economic imperatives imposed by national and international economies.

**Sociology II**

**82.200 Social Theory and Modern Society**

An introduction to the major themes of social theory. The focus of the course is on the analyses of modern society to be found in the works of classical and contemporary social analysts.

**82.201 Social Research Methods: An Informal Introduction**

An introduction to social research methods through an examination of case-studies of different forms of both qualitative and quantitative social research.

**82.202 A Topic in Comparative Sociology**

New Zealand Community Studies begins with an exploration of both international and local approaches to studying communities. The focus then shifts to actual communities in New Zealand, looking at current community issues, including devolution of health care and employment to 'the community', community promotion aimed at tourism, and the role of community newspapers.

**82.204 Sociology and ‘Social Problems’**

1994: Reason and Progress Reconsidered.
Analyses modern formulations of reason and progress implicit in the sociological study of social problems, and explores postmodern criticisms of these in light of the welfare state's apparent decline.

**82.205 Class Analysis**

This course critically surveys the origins and development of class analysis from Marxist classics to recent approaches to gender, ethnicity, new middle class attitudes and political action. Special emphasis is given to recent NZ and Australian studies.

**82.207 Sociology of the Family**

A survey course that introduces students to theories and methods about studying families. Material is both historical and contemporary, drawn from societies around the world.

**82.208 Special Topic**

Examination of the social aspects of economic life from the perspectives of the sociology of occupations and work, with emphases on the development and application of analytical frameworks for studying work situations and occupations, and the development of an understanding of the NZ situation.

**82.209 Social Change and Modernisation: An Introduction to the Sociology of Development**

An introduction to the literature and debates in this field through an examination of selected topics such as poverty, multinationals, the informal economy and women in development.

**82.210 Special Topic**

Survey of patterns of colonial rule; changes in the organisation of production; labour migrations; education; role of collaborators.

**82.211 Sociology and Popular Culture**

An interpretation of popular culture both as an indicator of social change and a location of meaning and significance. Undertaken by the analysis of the industries which organise it, the texts which realise it, and the audiences which recognise it.

**82.212 Class, Race and Gender Inequality in Australia and New Zealand**

This course examines recent debates over the issues of class, ethnic and gender inequality in Australia and New Zealand; in particular those debates surrounding the 1988 Bicentenary and the 1990 ‘celebrations’. It critically compares liberal, radical and Marxist perspectives in advancing explanations of, and political solutions to, these issues.

**82.213 Ethnicity**

Theories of ethnicity; ethnic socialisation and resocialisation; ethnic and ethnogenesis; ethnicity and the individual; ethnic social movements; ethnicity in local, national and international affairs.

**82.214 Sociology of Gender**

Introduction to the sociology of gender through different theoretical and substantive analyses of the relations between women and men in contemporary society.

**82.215 Special Topic**

1994: Law, Inequality and the State
Examines, in a comparative mode, how law as a set of social relations and categories can both create and remedy inequalities of gender, race and class.

**Sociology III**

*82.300 Industrial Sociology*

Concepts of nature and causes of industrial tension; theoretical models of industrial relations; industrial interest group profiles; future of industrial relations.

*82.301 A Topic in Political Sociology*

1994: The Capitalist State and the Transition to Socialism

This paper will focus on the role of the state in political transitions, particularly from capitalism to socialism. It surveys the general historic role of the state to the present day, the strategies of transition to socialism in the post-capitalist states—USSR, China, Cuba, Vietnam, and examines the process of capitalist restoration taking place in those states.

*82.302 Family and Gender in the Pacific*

An examination of current theoretical debates concerning families and gender, with a focus on cases drawn from New Zealand and other Pacific societies. Topics include the place of 'family' in sociological theorising; socialisation; embodiment; 'tradition' and gender; problems of studying across time and space; and New Zealand social policy.

*82.303 Sociology of Religion*

Examining sociological accounts of the changing relationship between religion and the state in modern society, this course pays particular attention to two topics: contemporary religious movements and cults, and religion as a system of legitimation.

*82.304 Ethnicity and Ethnic Groups*

Ethnicity and ethnic groups; theories of ethnic relations; economic, political, religious variables and patterns of ethnic relations; transformation of ethnic relations.

*82.305 Class and Inequality in Australia and New Zealand*

1994: Class, Race and Gender Inequality.

This course examines recent debates over the issues of class, ethnic and gender inequality in Australia and New Zealand; in particular those debates surrounding the 1988 Bicentenary and the 1990 'celebrations'. It critically compares liberal, radical and Marxist perspectives in advancing explanations of, and political solutions to, these issues.

*82.307 Advanced Study in Social Change and Modernisation*

1994: The Pacific in the World System

Brief history of post WWII theories of economic development; Wallerstein and the elements of the Modern World System; the modern world system and the patterns of development in the Pacific; linkages between core and semi-periphery Britain, US, East Asia and Aotearoa/New Zealand; linkages between semi-periphery and periphery Aotearoa/New Zealand and Western Samoa; limitations of world systems models.

*82.308 Law in Society*

Survey of methodological and practical approaches to understanding the relationship between law and society in the modern state. Emphasis on their potential application in New Zealand society.

*82.309 Special Topic*

*82.310 Special Topic*

1994: Science, Technology and Industry

An examination of the relationship between science, technology and other social institutions, the internal relations of scientific communities and the social consequences of science and technology.

*82.312 Sociological Analysis and Method*

A detailed, empirically-grounded examination of sociological methodology. Four models cover different modes of sociological investigation. Modules offered will differ from year to year.

*82.313 Sociology of a Selected Region*

1994: Sociology of Contemporary Asia

Broad survey of socio-historical transformation in Asia: historical patterns of development; colonialisation and nationalism; social, economic, and political trends of the post-World War II period; deindustrialisation and reinustrialisation.

*82.314 Women/Deviance: The Politics of Naming*

Analyses the construction of images and representations of women in relation to conceptions of normality and deviance in bodies, reproduction, and popular culture; considers the creation of feminist epistemologies.

*82.315 Sociology of the Arts*

Detailed study of sociological approaches to 'high culture': literature, music, painting and sculpture.

*82.316 Research Projects: Design and Practice*

Research problem formulation and refinement; searching and reviewing literatures; designing and redesigning research strategies; ethical issues and procedures; calculation of personnel, material and other resource requirements; preparing formal proposals; pilot study design and implementation.

Students intending to enrol for 82.316 must discuss this intention with the Head of Department before Enrolment Week.

*82.317 Sociology of the Welfare State*

*82.318 Sociology of the Media*

An exploration of the relationship and patterns of interaction between media, culture and society through an examination of the print and broadcasting media, and advertising, in New Zealand.

*82.319 A Topic in Contemporary Social Theory*

1994: Modern and Postmodern Conditions

Concentrates on the consequences of modernity and the impact of a range of social, cultural, economic and political transformations. Are we living in 'new times'? To what extent are we encountering a new social condition of postmodernity? It is questions such as these that lie at the heart of the course.

*82.320 Qualitative Sociological Methodologies*

An introduction to non-numerical research methodologies in sociology. The course will consider topics drawn from a wide range: ethnography, interviews, life history methods, archival research, analysis of text. Not all topics will be included in any one year.

*82.321 Quantitative Sociological Methodologies*

Principles and practise of the design, execution and analysis of the several forms of 'systematic social research' (including survey research, census and other social bookkeeping data, content analysis, systematic observation and unobtrusive methods) and their usefulness within sociological analyses.

*82.322 Crime and Society*

Examines how selected criminological theories conceptualise the nature, causes and most appropriate responses to crime. Assesses each in light of the social impact of their proposed responses to crime.

*82.323 Consuming Interests: The Sociology of Food*

Food is basic to human society. This course blends social history, political economy and hermeneutics to examine sociological aspects of food production, processing, distribution and consumption. Other issues raised will include hunger and famine, colonialism, gender differences, and development.

Note: This paper may not be taken by students who have previously taken 82.421.

**Sociology for MA and Honours**

A pass in 82.320 or 82.321, or in 82.322 before 1993 is the prerequisite for entry. Four papers and a thesis (82.601) which shall count as three papers, or six papers and a research paper (82.603), or seven papers. Proposed research programmes must be approved by the Head of Department. A research proposal must be submitted to the Department by 15 November of the year preceding enrolment for the research paper or thesis. The main text of the research paper should not exceed 10,000 words. The main text of the thesis should not exceed 30,000 words. Not fewer than seven papers will be offered from the following list.

82.400 Advanced Problems in Sociological Theory

Addresses contemporary developments and debates in the field of social theory and explores the effect of a range of complex social, cultural, economic and political processes of transformation on
human experience and conduct.

*82.401 Advanced Problems in Sociological Method
Examination of sociological issues arising from consideration of the principles and practice of the design, execution and analysis of various forms of social research.

82.402 Sociology of a Selected Region
1994: Asia and the Modern World-System
Examination of historical patterns of social transformation in several regions of Asia; incorporation and peripheralisation; rise of east Asia.

*82.403 Advanced Topics in Economic Sociology
82.404 Advanced Topics in Political Sociology
1994: The Rise and Fall of the Soviet State
This course is concerned with the analysis of the state in capitalist and post-capitalist society. Its particular focus is on the rise and fall of the Soviet State and the contemporary changes in the former USSR.

*82.406 Urban Sociology and Ecology
A focused reading course on theoretical developments within the 'new urban sociology', followed by the examination of the pertinence of this to New Zealand cities, and then the development of a research exercise which draws on the theoretical literature which has been canvassed.

82.407 Rural Sociology
Examines the validity of 'rural' as a sociological category. Focusing where possible on New Zealand material, explores the strength and weakness of varied overseas rural sociologies.

82.408 Complex Organisations
Reviews methods and recent approaches to organisational analysis within a sociology of knowledge framework. Emphasises cross-cultural and comparative inquiry, focusing on topics such as Japanisation and post-Fordism.

82.410 Applied Sociology
1994: Development Theory and Practice
An examination of the interaction between changes in development theories and practice over the past twenty years through an analysis of bilateral development programmes.

*82.412 Special Topic

*82.413 Sociology of Law
Recent theoretical developments in the study of law and society including the law and literature movement, feminist jurisprudence, and critical race theory.

82.414 Special Topics
1994: Marxism and Sociology
This course examines the basic methodological differences between Marxism and sociology and their implications for the understanding and transformation of society, with reference to a range of areas of concern selected by students.

*82.415 Special Topic

*82.416 Historical Sociology
A research-based paper. Theory and evidence from historical sociology is applied to New Zealand case material.

82.417 Feminist Social Theory
Reading and discussion of current issues in feminist thought - essentialism, bodies, cultural relativism, postmodernity. Wide reading and in depth exploration of a specified topic required.

82.418 Research Projects: Design and Practice
Research problem formulation and refinement; searching and reviewing literatures; designing and redesigning research strategies; ethical issues and procedures; calculation of personnel, material and other resource requirements; preparing formal proposals; pilot study design and implementation.

*82.419 Governing Bodies - Modern Sport, Culture and Politics
A research based course which offers students the opportunity to explore social, cultural, political and economic aspects of sport and leisure in an interdisciplinary manner.

*82.420 Research Issues in the Sociology of Gender
A course focusing on theoretical and methodological issues raised by feminists in 'doing research'. Topics include non-sexist research methods, feminist critiques of positivism and other research methodologies, the relationship between the researcher and the researched, and 'writing up'.

*82.421 Advanced Study in the Sociology of Food
This course builds on 82.323. Advanced study of the production, distribution and consumption of food, and of food as constructed meaning. A wide range of theoretical and methodological approaches will be employed.

Note: This paper may not be taken by students who have previously taken 82.323

82.422 Issues in the Analysis of New Zealand Society
Examination of theories about societal structures and processes appropriate to guide comparative sociological analyses as a base for critiquing 'native theories' about NZ society, and for developing strategies of sociological analyses of NZ society.

82.423 Reading Paper: A
(First half of year)

82.424 Reading Paper: B
(Second half of year)

82.425 Community Processes and Mediation
A study of the regulatory logic, the governmental rationality (Foucault), behind growing trends towards community-based forms of control.

Note: All graduate students are expected to attend and contribute to the Staff/Graduate Seminars. A programme will be published.

THEATRE STUDIES
*486.201 Theatre Studies
This paper is designed to provide a course relevant to students involved in dramatic productions and to recognise practical work in the theatre. It is interdisciplinary in approach. Lectures and tutorials will relate to a number of prescribed dramatic texts to be studied in English and the plays will be studied with reference to historical conditions and conventions of performance. An examination will relate to these studies. Credit will also be offered in respect of work done in approved productions on or off campus or in respect of workshop or critical activity. The course coordinator will be responsible for monitoring and assessing this credit. The number of places available will be very limited and applicants are likely to be subject to selection.

WOMEN'S STUDIES
The subject Women's Studies was introduced into the Arts Faculty in 1993, with two Stage I papers taught in that year. In 1994 a core Stage II paper 488.200 is being offered. Two special topic papers have been listed and will be taught if staff are available. A handbook, Studying Women/Gender at the University of Auckland, is available from the Arts Faculty Office and the Women's Studies Office. It provides further information on the subject. All Women's Studies papers are taught in half year blocks. Each paper has 2 lectures and 1-hour tutorial per week for approximately 12 weeks. Note that 488.100 and 488.200 will be taught in the first half of the year and 488.101 in the second half of the year.

Women's Studies I
488.100 Women, Gender and Society
This paper will address central issues in the analysis of women's lives. It will draw primarily upon substantive studies from New Zealand and Pacific societies both past and present. Differences in women's economic, familial and political activities will be explored and related to changing economic and political conditions.

488.101 Representing Women: Images and Words
This paper provides a critical introduction to the ways in which women have been represented through selected visual and literary media. Historical and contemporary representations will be discussed with a focus on the ways women have been portrayed by themselves and others. Although the paper draws on a wide range of literature and scholarship, emphasis will be placed on the Maori, Pacific and New Zealand contexts.
Women's Studies II
488.200 Feminist Theories

This paper will explore varieties of feminist theorising. It will examine feminist readings of key enlightenment thinkers, the writings of second wave feminist theorists, and current issues such as post-modernism and feminism, rethinking the body, notions of difference and third world feminism.

*DIPLOMA COURSE REGULATIONS*

**DIPLOMA IN ARTS DipArts**

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

**General Provisions**

1. Subject to the Admission Regulations a candidate for the Diploma shall, before enrolment, have qualified for admission to a degree at a University in New Zealand; and have had since so qualifying five years' experience deemed relevant by Senate.
2. The course of study for the Diploma shall consist of at least one year's full-time study or its equivalent. Except with the approval of the Senate, a candidate shall complete the requirements within two years of first enrolling for the Diploma.
3. Candidates will be required to attempt a coherent course of study which shall consist of:
   (a) four papers at advanced level, including at least two Stage III or Master's papers; and
   (b) an essay, or special directed study, or project (401.500), the equivalent of one paper, which shall involve work in one subject or inter-disciplinary work involving one subject among others.
4. The course of study for each candidate will require the specific approval of the relevant Heads of Department and the Dean.
5. To be eligible for the award of the Diploma candidates must pass all the components of their course.
6. No candidate shall be credited for this Diploma with any paper passed for another degree or diploma.
7. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.
8. These Regulations shall come into force on 1 January 1989.

*DIPLOMA IN ARTS ADMINISTRATION DipArtsAdmin*

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

**General Provisions**

1. Subject to the Admission Regulations, a candidate for the Diploma in Arts Administration should before enrolment for this Diploma:
   (a) Have been admitted or qualified for admission to a Bachelor's degree, and have had not less than two years' employment experience deemed relevant by the Senate, or
   (b) Have had not less than five years' employment experience deemed relevant by the Senate; and in either case, have in the opinion of the Senate the prospect of successfully completing the course of study.
2. The course of study for the Diploma shall consist of at least one year's full-time study or its equivalent. Except with the approval of the Senate, a candidate shall complete the requirements within two years of first enrolment for the Diploma.
3. The course of study for this Diploma shall consist of the following papers:
   †571.501 The Arts Milieu
   †571.502 The Economics of the Arts
   †571.503 Business Organisation and Management
   †571.504 Accounting and Financial Management
   †571.505 Marketing of Services
   †571.506 Special Issues in Arts Administration
4. To be eligible for the award of the Diploma a candidate must obtain a pass in each of the papers specified in Regulation 3.
5. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.
6. These Regulations shall come into force on 1 January 1992.

*Note: † This Diploma will not be taught during the current Calendar year unless sufficient staff is available.*

**DIPLOMA IN BROADCAST COMMUNICATION DipBrC**

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

**General Provisions**

1. Subject to the Admission Regulations a candidate for the Diploma in Broadcast Communication shall, before enrolment for this Diploma, have been admitted or qualified for admission to the Degree of Bachelor of Arts, or (in exceptional circumstances) such other university Degree as the Senate may approve in the particular case.
2. A candidate for this Diploma shall follow a one year course of full-time study.
3. The course of study for this Diploma shall consist of two parts:

**Part I**
- 30.408 The Political Context of Television
- 30.510 The New Zealand Television and Video Industries

A candidate who has already been credited with 30.408 should substitute either 30.403 or 18.420 or 82.318 as prescribed for MA or a Research Essay (30.613).

With the permission of the Heads of Departments concerned, a candidate may substitute either 30.403 or 18.420 or 82.318 for 30.408.

**Part II**

Such written and practical work as may be prescribed in Television Production and related fields, the whole counting as two papers (30.700).

4. A candidate shall be required to pass each paper of Part I and pass Part II as a whole. An overall grade will be awarded for the Diploma as a whole.

5. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

6. These Regulations shall come into force on 1 January 1982.

**DIPLOMA IN DRAMA DipDrama**

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

**General Provisions**

1. Subject to the Admission Regulations a candidate for the Diploma in Drama shall before his or her enrolment for this Diploma: Either
   (i) have been admitted or qualified for admission to the Degree of Bachelor of Arts having passed in not fewer than three papers in Stage II in English, or a language other than English, or such other subject or subjects as the Senate may approve; or
   (ii) have been admitted or qualified for admission to some other university degree approved for this purpose by the Senate; or hold or have qualified for an award or qualification in dramatic work approved for this purpose by the Senate; and in any case have had in the opinion of the Senate sufficient experience in the theatre or in the writing or teaching of drama.

2. A candidate for this Diploma shall follow a course of study for a period of one year, but in exceptional circumstances this period may be extended by the Senate.

3. The Course shall consist of such written and practical work as may be prescribed in theatrical, dramatic, and related fields.

4. A candidate shall throughout his or her enrolment for this Diploma carry out such practical work and shall participate in such approved theatrical work or plays as the Lecturer in charge of the Course shall require.

5. These Regulations shall come into force on 1 January 1977.

**DIPLOMA IN ENGLISH LANGUAGE TEACHING DipELT**

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

**General Provisions**

1. Subject to the Admission Regulations a candidate for the Diploma in English Language Teaching shall before his or her enrolment for this diploma:
   (a) have been admitted or qualified for admission to a degree at a university in New Zealand or produced evidence to the satisfaction of the Senate of adequate training and/or experience to undertake the proposed course of study for the Diploma, and
   (b) have had, normally, at least two years' teaching experience.

2. (a) A candidate for the Diploma shall follow a one year course of full-time study or a two year course of part-time study. Candidates who follow a part-time course of study for the Diploma shall take Part 1 in their first year and Part 2 in their second year, as set out below. Full-time students take both parts concurrently in the one year.
   (b) Bilingual Maori and Pacific Island students who have already passed Maori or Pacific Island language papers may, in exceptional circumstances, apply to have one such paper credited to the Diploma.

3. The course of study for this Diploma shall consist of two parts:

   **Part I**
   - 18.250 English Language for Teachers
   - 18.502 Applied Linguistics for Language Learning and Teaching
   - 18.503 The Theory and Practice of Teaching to Speakers of Other Languages (TESOL)

   **Part II**
   - 04.106 Introduction to Written Maori
   - 04.107 Introduction to Spoken Maori
     (i) A candidate who has already been credited with 04.100 and 04.104 or with 04.106 and 04.107 may substitute for those papers:
        (i.i) an approved language paper in a language other than English. Strongly recommended are: 04.204 Second Year Maori Language: Structure and Prescribed Texts; 04.205 Second Year Maori Language: Oral and Written Skills; two papers selected from Maori Studies subject to the approval of the Head of Maori Studies and English; 478.100 Samoan Language and one other paper approved by the Heads of Departments concerned and English.
        (i.ii) language papers from: Chinese: 48.100 and 48.101 Introduction to Modern Chinese Language A and B; Indonesian: 80.100 and 80.101 Language Acquisition A and B; Japanese: 81.100 Introduction to the Japanese
Language A and 81.101 Introduction to the Japanese Language B; Korean: 449.100 and 449.101 Language Acquisition A and B.

(iii) papers other than language papers from: Anthropology: 03.200 Ethnography of Island Polynesia; English: 18.304 New Zealand English; 18.201 Language, Literature and Culture.

(ii) Students who have not been credited with (d) and (e) may, in exceptional circumstances, substitute for them papers from (i), (i.ii) or (i.iii)

(f) 18.506 Classroom Observation: Independent Research

4. No candidate may present for this Diploma a paper which is the same or substantially similar in content to any paper already passed for any other degree or diploma.

5. Where a candidate is enrolled in any paper for this diploma that is scheduled for another degree or diploma, he or she shall be required to comply with such of the course regulations as are applicable (including all prerequisites, corequisites and restrictions) unless exempted from these by the Senate.

6. Candidates shall be required to pass each paper of Part I and Part 2.

7. Candidates may, at the discretion of the Senate, be permitted to repeat a paper they have not passed.

8. These Regulations may be varied by the Senate in particular circumstances.

9. This Diploma may be awarded with or without Distinction.

10. These Regulations shall come into force on 1 January 1988.

DIPLOMA IN LABOUR STUDIES DipLabourStudies

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their course of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations. Every intending new candidate must apply to the Registrar for permission to enrol in the course not later than the date prescribed by the Senate for the year preceding that in which the applicant proposes to enrol.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Diploma in Labour Studies shall before enrolment for this Diploma:

(a) have been admitted or qualified for admission to a Bachelor’s degree, and have had not less than two years of employment experience deemed relevant by the Senate, or

(b) have had not less than five years of employment experience deemed relevant by the Senate.

2. Admission to the course of study shall be at the discretion of the Senate on the recommendation of the Board of Studies.

Course requirements

3. A candidate for the Diploma in Labour Studies shall be required to:

(a) follow a course of study of duration not less than one academic year and not more than four academic years, and

(b) pass the examinations in respect of one compulsory paper (275.550) and each of five elective papers selected from those listed in Regulation 4(i).

4. The course of study for this Diploma shall consist of

(i) Five papers selected with the approval of the Board of Studies from

275.501 Labour History in New Zealand

‡275.502 Macro-economic Policy Issues for Unions

275.503 Work and Society

275.504 Industrial Law

*275.505 Research Methods and Statistics

‡275.506 Contemporary Issues in Union Organisation

275.507 Organisational Behaviour and Culture

275.508 Comparative Industrial Relations Systems

‡275.509 Management Theory and Practice

‡275.510 Contemporary Issues in Industrial Relations

‡275.511 Unions and Regional Development

275.512 Technology and Occupational Health and Safety

*275.521 Special Topic

*275.522 Special Topic

(ii) 275.550 Action Research (one paper)

This consists of an introduction to research methods and a supervised practicum approved by the Board of Studies, leading to a final written project.

5. No candidate shall be credited for this Diploma with any paper the same as or substantially similar to a paper passed for another degree or diploma.

6. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

7. These Regulations shall come into force on 1 January 1992.

DIPLOMA IN LOCAL GOVERNMENT AND ADMINISTRATION DipLGA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Diploma in Local Government and Administration shall before enrolment have been awarded or qualified for the award of a degree or diploma of this University, provided that,

(a) the degree or diploma does not include the three Part I DipLGA papers specified in Regulation 6 or

(b) if not so qualified, a person may with the leave of the Senate be a candidate for the Diploma in Local Government and
Administration if before enrolment he or she:
(i) holds or has qualified for the award of a professional qualification in Accountancy, Management, or other approved
discipline; or
(ii) has had not less than five years’ responsible practical experience in a responsible position in local government or
administration.
2. A candidate for the Diploma shall pursue a course of study for a period of not less than one year, provided that for part-time
students the course of study shall extend over a period of not less than two years.
3. Except with the permission of the Senate in exceptional circumstances:
(i) the course of study must be completed within four years of the date of first enrolment for the Diploma; and
(ii) the Research Essay (Paper 30.623) must be submitted within two years of the date of first enrolment for that paper.
4. No candidate shall be credited for this Diploma with any paper which has been passed for another degree or diploma.
5. Papers for Part II shall not be taken until the candidate has passed, or is enrolled concurrently in the papers for Part I.

Subjects
6. The subjects for examination for the Diploma shall be:
Part I
30.500 The Local Government System in New Zealand
*30.413 Public Administration, as prescribed for MA.
*30.402 Urban Government and Politics, as prescribed for MA
Note: A candidate who has already been credited with one or two of the Part I papers for another degree or diploma
shall substitute a paper or papers as approved by the Head of Department.
Part II
Either
Two papers from the following:
25.319 Resource Management Law, as prescribed for LLB
25.366 Local Government Law, as prescribed for LLB
01.309 Public Sector Management Accounting and Control, as prescribed for BCom
01.476 Management Accounting and control in Public sector Organisations, as prescribed for MCom
13.307 Public Expenditure, as prescribed for BA and BCom
13.314 Law and Economics, as prescribed for BA and BCom
72.101 Labour and Management, as prescribed for BCom
72.207 Labour Relations, as prescribed for BCom
72.307 Personnel Policy & Practice, as prescribed for BCom
11.101 Law, Government and Politics, as prescribed for BPlan
113.230 Planning and Resource management Law, as prescribed for BPlan
113.330 Resource Management Regulation, as prescribed for BPlan
One paper as prescribed for any other degree of diploma of this University and specifically approved by the Head of Department.
or
30.623 Research Essay (which counts as two papers).
Note: An abstract is to be submitted with the Research Essay, see Examinations Regulation 14.

Prerequisite for Papers in Part II
7. Candidates should note that, unless a waiver is obtained from the relevant Head of Department, they will be required to comply with
the prerequisites stipulated in the Calendar for the respective papers in Accountancy, Economics and Management Studies.
8. These Regulations shall come into force on 1 January 1980.

DIPLOMA IN PERFORMING ARTS DipPerformArts
The Diploma in Performing Arts is an Inter-Faculty offering. For detailed Regulations refer to the Inter-Faculty Degrees and Diplomas
section of this Calendar.

DIPLOMA IN POLITICS AND THE NEWS MEDIA DipPolNewsMed
The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which
are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the
Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations a candidate for the Diploma in Politics and the News Media shall, before enrolment for this
Diploma:
have had, normally, at least five years’ experience as a practising journalist as approved by the Senate and either:
(a) have been admitted to or qualified for admission to a degree at a university in New Zealand, or
(b) have produced evidence to the satisfaction of the Senate of being capable of undertaking the proposed course of study
2. The course of study for the Diploma shall consist of at least one years’ full-time study or its equivalent part-time study. Except with
the approval of the Senate, a candidate shall complete the requirements, if full-time within two years or if part-time within four years
of first enrolment for the Diploma.
3. The course of study for this Diploma shall consist of:
30.403 The Political Economy of Information
30.633 Extended Essay.
Note: The Extended Essay (10,000 - 15,000 words) shall involve critical analysis of a media-related topic.
and three selected papers with the approval of the Head of Department of Political Studies to comprise a coherent course from:
One paper selected from Political Studies 30.400 to 30.402, 30.404 to 30.420 and 30.300 to 30.314
Two papers, relevant to the candidate’s course of study, selected from those available at masters or Stage III level or equivalent in the Faculties of Arts, Architecture Property and Planning, Commerce, Law or Science as approved by the Senate.

4. To be eligible for the award of this Diploma candidates must pass all components of the course.

5. No candidates shall be credited for this Diploma with any paper passed for another degree or diploma. A candidate who has already been credited with 30.403 for another degree or diploma shall substitute a paper as approved by the Head of Department.

6. The Senate may in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

7. These Regulations shall come into force on 1 January 1993.

DIPLOMA IN PROFESSIONAL ETHICS DipProfEthics

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admissions Regulations, a candidate for the Diploma shall, before enrolment, have either
   (i) qualified for admission to a degree at a university in New Zealand, or
   (ii) have had a minimum of five years’ experience in professional practice deemed relevant by the Senate.

2. The course of study for this Diploma shall consist of at least one year’s full-time study or its equivalent. Except with the approval of the Senate, a candidate shall complete the requirements of the course within three years of first enrolling for the Diploma.

3. The course of study for this Diploma shall consist of four parts:

   Part I
   Paper 29.104 as prescribed for the BA

   Part II
   Three papers chosen from Groups A and B in the appended Schedule, not more than two of which papers may be chosen from Group A.

   Part III
   Paper 29.510 Professional Ethics Seminar

   Part IV
   Paper 29.520 Professional Ethics Project
   (i) The project shall be on a topic concerning a particular ethical problem (or set of problems) as related to some professional context.
   (ii) The candidate shall submit the project to the Course Co-ordinator not later than the last day of January in the year following his or her final year of enrolment for this Diploma.

4. The course of study of each candidate will require the specific approval of the Diploma Course Co-ordinator and the Dean of the Faculty of Arts.

5. To be eligible for the award of the Diploma candidates must pass separately each of the papers required under Regulation 3 of this Diploma.

6. No candidate shall be credited for this Diploma with any paper the same as or substantially similar to a paper passed for another degree or diploma, except that a candidate who has already passed paper 29.102 or paper 29.104 or an equivalent paper shall be credited with the completion of Part I of the course for this Diploma, and that a candidate who has already passed a paper the same as or equivalent to a paper in the appended Schedule may be credited with not more than one paper for the purposes of Part II of the Diploma.

7. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

8. These regulations shall come into force on 1 January 1992.

Schedule:
This Schedule should be read in conjunction with the foregoing Regulations for the Diploma in Professional Ethics, and sets out those papers pertaining to Part II of the course requirements. Note that no prerequisites apply for Diploma students taking any of the papers in this schedule:

Group A
20.205 Political Philosophy II
29.210 Applied Ethics
29.213 Philosophical Issues in Feminism
29.304 Ethics III

Group B
29.501 Medical Ethics
29.502 Business Ethics
29.503 Environmental Ethics
29.504 Ethics and the Law
29.505 Special Topic

POSTGRADUATE DIPLOMA IN ARTS PGDipArts

DIPLOMA COURSE PRESCRIPTIONS

DipBrC

The purpose of the Diploma is to provide graduate students with a theoretical and practical preparation in broadcasting and communications. The Diploma is a full-time course extending over one year. Entry to the course will be restricted to six candidates in any one year. Candidates wishing to enrol in the course for the Diploma are required to give notice of their intention to the Registrar of the University by letter which shall include a curriculum vitae and a statement of their academic qualifications. The regulations of the University by letter which shall include a curriculum vitae and any other qualifications. The application form will be obtainable from the Department of Political Studies or the University Registrar.

Note: Intending applicants for the 1995 Diploma course should note that the closing date will be 20 November 1994 and that candidates will need to give notice of their intention to enrol by completing the standard "Diploma in Broadcast Communication Application" form which will be obtainable from the Department of Political Studies or the Audio Visual Centre.

Part I

(See Regulation 3 of the Diploma.)

30.408 The Political Context of Television

30.510 The New Zealand Television and Video Industries

30.613 Research Essay

The research essay must be on a subject connected with the candidate's previous papers and must be approved by the Board of Studies. The research essay shall be between 10,000 and 20,000 words and two copies must be submitted to the Registrar not later than the last day of January in the calendar year following the examinations.

Part II

30.700 (Two papers.)

The course will include the following:

1. Introduction to the technical principles of television broadcasting including international standards, recording, transmission, sound, and lighting.
2. Introduction to the grammar of television and film.
3. Introduction to single-camera production techniques including planning, direction, editing and post-production.
4. Introduction to multi-camera studio production including planning, direction, personnel and post-production technology.
5. Instruction and experience in the techniques of both studio and location based interviewing.
6. Post-production techniques, including editing, sound production, scripting, and graphics.
7. Experience in planning, researching, writing, producing and directing a programme to a broadcast level, each student to present one or more such programmes as a course submission.

DipDrama

The Diploma in Drama is directed by the Lecturer in Drama aided by other professional tutors and University lecturers. The purpose of the Diploma in Drama is to offer a basic training in theatre and playwriting to those wishing to work in schools, the theatre or in the community. It should not be seen as a training course for professional actors.

Candidates wishing to enrol in 1994 in the Course for the Diploma in Drama (75.100) are required to give notice of their intention to the Registrar of the University not later than 7 January 1994. Candidates who have not previously been enrolled at a New Zealand University must submit their application by December of the preceding year. Details of the procedure to be followed by all applicants are available from the English Department.

Candidates should have a Bachelor of Arts Degree from Auckland or some other university or should hold an award or qualification in dramatic work or have had experience in the theatre or in the teaching of drama. Generally, candidates under 20 years of age are not considered for the course. Candidates may be called for an interview. All candidates will be required to produce evidence of academic qualifications and a variety of theatrical skills.

The Course is full-time and extends over one year. Permission to take other courses or do other theatre work will be granted only in rare instances.

The Course will include a selection of the following:

(i) Fundamentals of acting including speech, movement and improvisation.
(ii) Basic techniques of the theatre, e.g. lighting, design, wardrobe, direction.
(iii) Television acting and the use of television equipment.

Facility of Arts, Diploma Regulations, PGDipTrans, Diploma Prescriptions, DipBrC, DipDrama
DipELT
The purpose of the Diploma in English Language Teaching is to provide a specialised course in the theory and practice of teaching English in multi-lingual contexts, with special emphasis on the needs of English language learners in the Auckland, New Zealand and South Pacific regions. Candidates wishing to enrol in the course for the Diploma in English Language Teaching are required to pre-enrol on the Preparatory Application Form by 30 October of the preceding year. Candidates may be called for interview. Entry to the course will be restricted to twenty four candidates in any one year.

Prescriptions for courses listed in the Regulations for the Diploma (and not prescribed for other degrees) are given below.

18.250 English Language for Teachers
A linguistic analysis of the English language in an educational context. This paper will enable students to describe and account for (a) similarities and differences among a range of spoken and written texts across the curriculum and (b) divergences from appropriate norms in texts produced by both native and non-native learners of English. A limited number of places are available for non-DipELT students, who are teachers in training. Applicants will be interviewed and must have passed at least four papers or the equivalent credits.

18.502 Applied Linguistics for Language Learning and Teaching
Socio-cultural aspects of English Language Teaching in multilingual contexts. Factors influencing second language teaching methodology, programme design and evaluation, language development through content areas. Students taking this paper will be required to undertake regular teaching practice throughout the academic year.

18.506 Classroom Observation: Independent Research
Planning and implementing a classroom based research project. Developing and using observation and assessment instruments in a multilingual classroom. Carefully recording, interpreting and evaluating results of a study.

Further papers for the Diploma are described in the General Provisions and prescribed in the Bachelor of Arts Degree Prescriptions.

DipLabourStudies
275.501 Labour History in New Zealand
A study of the history of New Zealand’s working class activities, including the development of trade unions, industrial disputes and political engagement. Gender and ethnic issues will be considered in their historical context.

*275.502 Macro-economic Policy Issues for Unions
An examination of the range of economic and social theories which workers have advanced and been exposed to in New Zealand and elsewhere and a discussion of contemporary and historical options which address union concerns.

275.503 Work and Society
A study of the development of work as an organised practice and social phenomenon, looking at the changing trends in gender and ethnic composition of the workforce in New Zealand and elsewhere. Also a consideration of the impact of technology, information systems and the issue of work design as these affect workers and unions.

275.504 Industrial Law
A consideration in detail of the effects of industrial legislation and its development, including some examination of contract law as it applies in the industrial arena.

*275.505 Research Methods and Statistics
An introduction to different models and practices in economic and social research, covering fundamental concepts in statistics and their usage for analysis as well as other methods of qualitative research such as case studies and interviews.

*275.506 Contemporary Issues in Union Organisation
A study of modern challenges to the organisation methods and structures within unions and workplaces and develop alternative models to current practices, including the maintenance and development of internal union democracy.

275.507 Organisational Behaviour and Culture
The psychological and sociological aspects of how workers are organised and how people affect organisations, with particular reference to the workplace and business, and issues of gender and culture.

275.508 Comparative Industrial Relations Systems
A study of a number of industrial relations systems assessing the similarities and differences between them and New Zealand’s comparative position. It will include a comparison of bargaining structures.

*275.509 Management Theory and Practice
An introduction to management and organisation theory, covering the principles of management and labour relations. It will also include practical skills such as time and stress management, conflict resolution, negotiating skills, budget preparation and consultative work practices.

*275.510 Contemporary Issues in Industrial Relations
A consideration of the key issues facing unions today: the role of the state, the functions of legislation, the challenges of ethnic and gender issues and the pursuit of social justice. The paper will also address the fundamental need and rationale for collective organisation.

275.511 Unions and Regional Development
This paper will consider and develop union initiatives in the area of job creation, resource development, infrastructure development and sustainability in regional localities. Issues of local resource and infrastructure investment decisions will be examined, with particular reference to plantation closures, relocation of workers and job creation.

275.512 Technology and Occupational Health and Safety
This paper will look at the impact of technology on workers’ health and safety and will examine the importance this has had on New Zealand’s labour relations. It will also consider a set of activities that are needed to identify, monitor, assess and control technological hazards.

*275.521 Special Topic
*275.522 Special Topic

275.550 Action Research – a practical individual project
An introduction to research methods and a supervised practical research project of a workplace based nature.

DipLGA
The course for the Diploma in Local Government and Administration may be completed in not less than one year of full-time study or two years of part-time study. Students are required to take available papers from Part I in their first year of study. Prescriptions for courses listed in the Regulations for the Diploma (and not prescribed for other degrees) are given below.

30.500 The New Zealand Local Government System
The evolution, structure and characteristics of the system. Reorganisation schemes and functional features. Local politics, elections and public participation.

30.623 Research Essay
A research essay may be presented in lieu of two papers from Part II of the course. It shall consist of 18,000 to 20,000 words on an
DipProfEthics
The purpose of the Diploma is to enable students to strengthen and develop their understanding of ethics as it relates to the practice of the professions - for example, medicine, business, law, environmental management and the teaching profession. The Diploma course is flexible enough to meet the particular needs and interests of individual students, but within a structure which requires that each student achieve a good background in ethical theory and a sound practical orientation in dealing with the ethical dimensions of concrete professional problems.

The course may be taken full-time in one year, or part-time over two or three years. Entry to the course will be restricted. Candidates wishing to enrol in the course for the Diploma are required to give written notice of their intention to the Registrar of the University by the date prescribed under the Pre-Enrolment Application Regulations (General). Further details of the application procedure are available from the Diploma Course Co-ordinator, Department of Philosophy.

Part I
29.104 Introduction to Ethics and Social Philosophy
The Prescription for this paper is given under the Faculty of Arts, Degree Prescriptions, Philosophy.

Part II
Group A
29.205 Political Philosophy II
29.210 Applied Ethics
29.213 Philosophical Issues in Feminism
29.304 Ethics III
The Prescriptions for these papers are given under the Faculty of Arts, Degree Prescriptions, Philosophy.

Group B
29.501 Medical Ethics
A study of theoretical perspectives and a range of topics in medical ethics - for example, beneficence versus autonomy, both patient autonomy and doctors' autonomy; informed consent in treatment and research; ethics and professional relationships; euthanasia; abortion. There will be a strong practical emphasis, and professional participation in teaching and seminar sessions.

29.502 Business Ethics
A study of a range of topics in business ethics - for example, the ethics of management; the moral status of business firms; the ethics of hiring and firing practices; sexual harassment; privacy and loyalty in employment; ethical issues in investment policy; the ethics of advertising; the ethics of labour negotiations; moral controversies in international business (paying "bribes" abroad, marketing in third world countries, etc.); worker safety. There will be a strong practical emphasis, and professional participation in teaching and seminar sessions.

29.503 Environmental Ethics
A study of a range of topics in environmental ethics - for example, "deep ecology" positions, value pluralism, sentience-based positions; anthropocentric versus non-anthropocentric perspectives; rationales for the preservation of species and ecologies; treatment of animals. There will be a strong practical emphasis, and professional participation in teaching and seminar sessions.

29.504 Ethics and the Law
A selection of topics in both the ethics of the legal profession and theoretical issues concerning morality and the law.

29.505 Special Topic
Topic to be prescribed by the Head of Department.

Part III
29.510 Professional Ethics Seminar
A course of seminars covering core topics concerning the nature of professional ethics and practice as they are relevant to a wide range of professions. Topics will be chosen so as to indicate how theoretical issues in ethics are grounded in concrete problems, and the course will be taught in such a way as to enable students from different professional backgrounds to learn from each other's experience and understanding.

Students undertaking the Diploma part-time will normally enrol in this paper in their final year of part-time enrolment, but will be encouraged to attend the seminars in (each of) their previous year(s) of part-time enrolment.

Part IV
29.520 Professional Ethics Project
Completion of a project approved by the Course Co-ordinator on a topic concerning a particular ethical problem (or set of problems) as related to some professional context. Candidates will be required to submit a report on their project to the Course Co-ordinator not later than the last day of January in the year following their final year of enrolment.

*PGDipSocRes
The purpose of the Diploma is to provide graduate students with a preparation in the methodological principles and practice of social research.

The course is a full-time course extending over one year or two years of part-time study. Entry to the course will be restricted to six candidates in any one year. Candidates wishing to enrol in the course for the Diploma are required to give notice of their intention to the Registrar of the University by letter which shall include a curriculum vitae showing academic results and any other qualifications by 15 January each year. Candidates may be called for interview.

*82.500 The Uses of Social Research
This paper will examine the literature on the roles of social research and social theory in the formulation, monitoring and evaluation of social policy; and the role of social policy concerns in the development of social science knowledge. The paper will apply themes from this literature to the New Zealand context.

*82.501 Issues and Methods in Research I
*82.502 Issues and Methods in Research II
These papers will provide an advanced critical education and training in a range of qualitative and quantitative social research methods. These will include social surveys, use of official social data, field observation studies, and documentary studies. Analytical devices specifically intended to assist policy making and evaluating theories also will be reviewed.

*82.503 Supervised Social Research Project (Practicum)
This exercise will involve an empirical research study within an explicit theoretical and/or policy relevant framework. The exercise will be reported in an essay of up to 20,000 words, written specifically to communicate the findings to appropriate audiences. Where possible the practicum will be carried out, at least in part, in an appropriate policy setting, or as a group research project.
translation practice and translation criticism. (2 hours per week).

460.550 Practicum
Involves practical translation experience.

460.520 Translation Project (a)
Advanced translation from second language into first and vice versa, in specialised fields.

460.521 Translation Project (b)
Long translation project into first language with ensuing discussion and criticism.

460.750 Practicum
Involves practical translation experience.

Note: *
Starred papers will not be taught during the current Calendar year.

† Dagged papers will not be taught during the current Calendar year unless sufficient staff is available.

GENERAL INFORMATION

FACULTY OF COMMERCE

The Faculty of Commerce consists of six Academic Departments and the Graduate School of Business. Each Department is involved in undergraduate and graduate level teaching as well as major research components. The Graduate School of Business offers management and executive Masters of Business Administration, seven separate Diplomas of Business and a growing range of Executive Programmes and Post-experience Programmes.

Bachelor of Commerce

Undergraduates have a range of over 150 papers in six Departments to choose from. Currently twelve major study areas or combined specialisations are offered.

</tbody>
</table>

In addition many papers may be taken in the Science Departments of Computer Science and Mathematics. Undergraduates may also take up to seven papers from another course of study, such as a language.

Conjoint Degrees

Undergraduates may also choose to undertake two courses of study in the following:

- BCom/LLB
- BCom/BA
- BCom/BSc
- BCom/BE

This is more demanding and has the advantage that both can be completed in one year less than taking the two degrees separately.

BCom(Honours)

Students of high ability may be invited to complete a Bachelor of Commerce with Honours at the end of their second or third years. This entails one extra year of study and those who successfully complete are recognised as the best students by the School and the community. In addition students who have been awarded BCom(Hons) may undertake a PhD without first completing a Masters programme. Currently Accounting and Finance, Commercial Law, Economics, Management Science and Information Systems, and Marketing and International Business offer this programme.

Diploma of Commerce

For students who have completed a BCom but still have interest in either more specialisation or another major study area, a Diploma in Commerce is offered in all six Departments. The DipCom consists of six advanced papers which are generally completed in one or two years.

Master of Commerce and Master of Philosophy

Graduates with good grades from Commerce or from another course of study with appropriate pre-requisites may choose to undertake advanced academic study. All six Departments currently offer these two options. In addition Master of Arts may be undertaken in the Economics Department.

Master of Commercial Law and Master of Taxation Studies

These two specialist postgraduate degrees are currently offered by the Department of Commercial Law. The first is for Law graduates or Commerce graduates who have sufficient background in Commercial Law. The Master of Taxation Studies is a highly specialised degree for graduates with a similar background to MComLaw.

Doctor of Philosophy

All Departments offer this highest level of study for PhD which can be undertaken as a body of research in a thesis or may be undertaken with specific advanced papers.

Diploma in Business

In 1994 the Graduate School of Business will offer nine Diplomas in Business:

- Engineering Management
- Finance
- Information Systems
- Maori Business Development
- Quality Management
- Marketing
- New Ventures Management
- Operations Management
- Personnel Management and Employee Relations

These DipBus programmes are part-time and designed principally for business people in full time employment. Entry into these are based on experience and/or undergraduate, and previous study.

Executive Programmes

These are a range of generally short, intensive programmes designed for more senior managers to enhance or empower their existing skills.

Masters of Business Administration

The Graduate School of Business offers both an Executive and Management MBA. These are designed for working managers who have a minimum of five to eight years of business experience and who may or may not have other formal qualifications. The MBA is a part-time two year course of study which has a large time commitment from participants but a small time commitment during normal working hours.
Faculty of Commerce, General Information, Degree Regulations, BCom

All of the Programmes in the School of Commerce and Economics and Graduate School of Business are constantly upgraded to apply to participants from all walks of life and all stages of learning and career development. The current staff have degrees from more than seventy Universities from all over the globe and offer a breadth of international experience unrivalled in most places in the world.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF COMMERCE BCom

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

Admission
1. (a) Admission to a course of study in Commerce shall be at the discretion of the Senate. Application for admission shall be made to the Registrar in writing before the dates set out in the pre-enrolment regulations.
   (b) Admission shall be granted or withheld upon a consideration of the past performance of the applicant at school and in university and public examinations, and upon an interview where this is required.

Minimum Time for Degree
2. Subject to the Admission Ad Eundem Statum Regulations, a candidate for the Degree of Bachelor of Commerce shall follow a course of study of not fewer than three years.

Definition of a Paper
3. In these Regulations a paper means an examinable part of one year's work in a subject. Papers are classified in three Stages I, II, III, prescribed for this Degree in the Schedule to these Regulations.

Course Content
4. Every candidate's course of study for this Degree:
   (a) shall comply with the requirements specified below for Part I and Part II;
   (b) shall comply with the requirements specified in the Schedule to these Regulations.
   (c) shall include at least ten papers above Stage I.

Part I
5. Except where provided elsewhere in these Regulations, for Part I a candidate shall be required:
   (a) to pass in two papers selected from:
      Mathematics, Pure 26.108;
      Mathematics, Applied 26.188;
      Management Science and Information Systems 74.100 or T74.110;
      Other papers in Applied Mathematics, Pure Mathematics and Computer Science may be substituted with the approval of the Senate.
   (b) to pass the following papers:
      Accounting and Finance 01.100 or 01.104;
      Commercial Law 02.100 or 02.204;
      Economics 13.100, 13.101;
      Management Studies and Labour Relations 72.101.
   Note: Accounting and Finance 01.102 and 01.103 were listed in the Arts Schedule prior to 1993 and were not available to Commerce students. Candidates transferring to Commerce may receive credit for these papers, which satisfy the Part I Accounting and Finance requirement.

Order of Presenting Course
   (c) before taking any other paper for Part I of this Degree, to pass or enrol concurrently in the papers in paragraph (a) of this Regulation;
   (d) to pass or enrol concurrently in the papers in paragraph (b) of this regulation before taking any further papers for this degree: provided that
      (1) a candidate who has passed or enrolled concurrently in a least four of the papers required by paragraph (b) of this Regulation may enrol in one or two other papers for Part II of this degree;
      (2) the Senate may waive the requirements of paragraph (c) or paragraph (d) of this Regulation for a candidate:
         (i) who has been admitted or qualified for admission to a degree of this University;
         (ii) enrolled conjointly for this Degree and any of the Degrees of Bachelor of Arts, Bachelor of Engineering, Bachelor of Laws, Bachelor of Laws (Honours) and Bachelor of Science.

Part II
6. (a) Except as provided elsewhere in these Regulations, for Part II a candidate shall be required to pass a minimum of fourteen papers, including no fewer than three stage III papers selected from one of the subjects Accounting and Finance, Commercial Law, Economics, Management Science and Information Systems, Management Studies and Labour Relations, and Marketing and International Business, or from the papers listed for an approved combined specialisation listed in the Schedule.
   (b) A candidate may include up to seven papers for this Degree from papers not already passed for this Degree from any subject prescribed for any other Degree of this University. Papers for this Degree will be awarded for passes under this Regulation in accordance with the following:

Maximum Course Load

7. Except with the permission of the Senate no candidate shall take in any one year more than eight papers for this Degree.

Direct Entry

8. (a) Notwithstanding anything in Regulations 4, 5 and 6 of these Regulations a candidate may with the leave of the Senate take Stage II papers of any subject to which this Regulation applies without having passed Stage I. A candidate who passes a Stage II paper in a subject shall not be credited with any prerequisite Stage I paper of that subject. If the examiner certifies that the candidate though failing a Stage II paper attained the standard of a pass in a Stage I paper the candidate shall be credited with a pass in a Stage I paper of that subject.

(b) Notwithstanding anything in Regulations 4, 5 and 6 of these Regulations a candidate may with the leave of the Senate substitute one or more papers for one or more papers prescribed in Regulation 5 and to which this Regulation applies.

(c) This Regulation applies to the following subjects:
Accounting and Finance
Economics
Mathematics.

(d) The candidate must have attained a high standard of performance approved by the Senate in the University Bursaries Entrance Scholarship Examination, or equivalent standard, to be granted direct entry or substitution.

(e) Candidates granted direct entry or substitution shall be deemed, on passing the relevant Stage II or substituted paper or papers, to have satisfied Part I requirements for the relevant paper or papers. The papers passed under this Regulation shall be credited only to Part I of this Degree.

Credits

9. (1) (a) A candidate who has passed for another degree of this University two Stage II level papers in Pure Mathematics or equivalent and has passed two papers 13.200 and 13.201 of Economics shall be credited with papers 13.100 and 13.101 of Economics.

(b) A candidate who, for the Degree of Bachelor of Engineering, has passed Engineering Mathematics I and Engineering Mathematics II shall be credited with two unspecified papers in Stage II Mathematics. Provided that the total credits granted to a candidate under paragraphs (a) and (b) of this clause of this Regulation and Regulation 11 of the Enrolment and Course Regulations (General) shall not exceed seven.

(2) A candidate who, for the Degree of Bachelor of Engineering, has been exempted from the Intermediate Examination shall be exempted without credit from the two papers required by Regulation 5 (a).

10. A candidate for this Degree who abandoned another course of study and passed in a paper listed in the Schedule to these Regulations without receiving credit for that paper for any degree or diploma, may be credited with that paper for this Degree.

Concessions

11. All BCom credits/concessions excepting those in paragraphs 9 and 10 are listed in the General Statute and Regulations, Enrolment and Course (General).

BCom/LLB, BCom/LLB(Hons)

12. (1) With the permission of Senate a candidate may be admitted to a conjoint course of study for this Degree and the Degree of Bachelor of Laws or Bachelor of Laws (Honours) (in this Regulation called 'a conjoint course').

(2) A candidate taking a conjoint course shall obtain the permission of Senate to re-enrol for it in each year after admission to the conjoint course.

(3) A candidate who has taken a conjoint course and who:

(a) for this Degree or for the Degree of Bachelor of Laws or Bachelor of Laws (Honours), has passed the following papers:

(i) to pass in two papers selected from:
Mathematics, Pure, 26.108;
Mathematics, Applied, 26.188;
Management Science and Information Systems 74.100 or T74.110.
Other papers in Applied Mathematics, Pure Mathematics and Computer Science may be substituted with the approval of the Senate.

(ii) Accounting and Finance 01.100 or 01.104 and one other Commerce paper;

(iii) Economics 13.100, 13.101;

(iv) Management Studies and Labour Relations 72.101;

(b) for the Degree of Bachelor of Laws or Bachelor of Laws (Honours) has passed:

(v) Legal System, 25.103;

(vi) Law of Contract, 25.105;

(vii) Commercial Law, 25.204;

(viii) Company Law and Partnership, 25.208;

(ix) two or more papers having in aggregate at least four hours of instruction per week selected with the approval of Senate from Intellectual Property, 25.209;
Industrial Law, 25.212;
Income Tax, 25.221;
Competition Law, 25.228;
Company Finance, 25.309;
Creditors Remedies, 25.312;
International Trade, 25.315;
Other papers related to the study of Commerce as prescribed for the Degree of Bachelor of Laws or of Bachelor of Laws (Honours);

(c) for this Degree has in addition passed no fewer than nine Stage II or Stage III papers (01.101 may be substituted for one of these) selected from those specifically listed in the Schedule in the subjects Accounting and Finance, Computer Science, Economics, Management Science and Information Systems, Management Studies and Labour Relations, Marketing and International Business and Mathematics and Statistics, including no fewer than three Stage III papers selected from one of the subjects Accounting and Finance, Economics, Management Science and Information Systems, Management Studies
These Regulations shall come into force on 1 January, 1990.

No candidate shall take a subject, unit or paper the same as or substantially equivalent to any other subject, unit or paper, and obtain credit for both for this Degree.

(1) With the permission of Senate a candidate whose academic record is of a sufficiently high standard may be admitted to the conjoint course for this Degree and the Degree of Bachelor of Arts or the Degree of Bachelor of Science.

(b) A candidate taking a conjoint programme shall obtain the permission of the Senate to re-enrol for it in each year after admission to the conjoint programme.

(c) For the purposes of conjoint Degrees BCom/BA and BCom/BSc; the BCom component in each shall consist of:

For Part I of the BCom
(i) 01.100 or 01.104
   02.100 or 02.204
   13.100
   13.101
   72.101

and two of:
   26.108, 26.188, 74.100 or T74.110;

Note: Students advancing in Mathematics or Computer Science may substitute as appropriate:
   07.100 or 07.111 in the place of 74.100 or T74.110.

(ii) for Part II of the BCom, no fewer than nine papers at Stage II or Stage III (01.101 may be substituted for one of these) selected from those specifically listed in the Schedule for Bachelor of Commerce, in the subjects Accounting and Finance, Commercial Law, Economics, Management Science and Information Systems, Management Studies and Labour Relations, and Marketing and International Business including no fewer than three Stage III papers selected from one of the specified subjects, or from the papers listed for an approved combined specialisation listed in the Schedule.

(d) A candidate who has completed the requirements under Regulation 13(c) above and has completed the requirements for either the Degree of Bachelor of Arts or the Degree of Bachelor of Science, shall be deemed to have satisfied the requirements for this Degree.

14. (1) With the permission of Senate a candidate whose academic record is of a sufficiently high standard may be admitted to the conjoint course for this Degree and the Degree of Bachelor of Engineering (in this Regulation called a ‘conjoint course’).

(2) A candidate taking a conjoint course shall obtain the permission of Senate to re-enrol for it in each year after admission to the conjoint course.

(3) A candidate who has taken a conjoint course and who:

(a) for Part I of this Degree has passed the following papers
   (i) 1 paper selected from:
      Mathematics, Applied 26.188
      Management Science and Information Systems 74.100.
   (ii) Accounting and Finance 01.100 or 01.104;
      Commercial Law 02.100 or 02.204;
      Economics 13.100, 13.101;
      Management Studies and Labour Relations 72.101
      Mathematics, Pure 26.140 or 26.141

(b) for Part II of this Degree has passed no fewer than nine Stage II or Stage III papers (01.101 may be substituted for one of these) selected from those specifically listed in the Schedule, in the subjects Accounting and Finance, Commercial Law, Economics, Management Science and Information Systems, Management Studies and Labour Relations, and Marketing and International Business including no fewer than three Stage III papers selected from one of the subjects Accounting and Finance, Commercial Law, Economics, Management Science and Information Systems, Management Studies and Labour Relations, and Marketing and International Business, or from the papers listed for an approved combined specialisation listed in the Schedule.

(c) Has completed the requirements for the Degree of Bachelor of Engineering shall be deemed to have satisfied the requirements for this Degree.

The papers so credited to this Degree under this Regulation shall be admitted as cross-credits, exemptions, or additional cross-credits as the case may be.

15. Except as provided in Regulation 6(b), a candidate wishing to take for this Degree any unit, course or paper which is also prescribed for any other degree, shall comply with such of the Regulations for each of those degrees as apply to that unit, course or paper.

16. No candidate shall take a subject, unit or paper the same as or substantially equivalent to any other subject, unit or paper, and obtain credit for both for this Degree.

17. (1) Except as otherwise provided in this Regulation the course of study of every candidate shall be governed by these Regulations.

(2) A candidate who passed under any of the former Regulations for this Degree in any unit of which the papers are also papers under these Regulations shall be credited with passes in those papers under these Regulations provided that the Senate is satisfied that the prescription in any such paper is at least the equivalent of that prescribed under these Regulations.

(3) The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

18. These Regulations shall come into force on 1 January, 1990.
### Schedule

1. This Schedule sets out paper numbers, prerequisites, corequisites, restrictions and other conditions applying to papers for the Degree of Bachelor of Commerce.
2. The Schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.
3. The heading 'prerequisites' in relation to a paper refers to other papers which must be passed before the candidate may take that paper.
4. The heading 'corequisites' in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year.
5. The heading 'restrictions' in relation to a paper refers to a paper which cannot be taken in addition to that paper.

6. A candidate may not take a further stage of a subject until he satisfies all prerequisite and corequisite requirements for that stage of the subject.

7. Prerequisite and corequisite restrictions and qualifications may be waived or varied on the recommendation of the Head of Department. (Students are to apply for concessions on the appropriate form from the Faculty Office.)

8. Where a prerequisite has been waived on the recommendation of the Head of Department and reimposed as a corequisite, the paper or papers to which the corequisite is imposed may not be credited as a pass for the candidate’s course of study unless or until that corequisite has been passed.

ELECTIVE PAPERS - any Stage

Up to seven papers as prescribed for any other degree not already taken for this Degree.

COMBINED SPECIALISATIONS

Accounting and Finance and Taxation
Any two of 01.300 Financial Accounting, 01.301 Auditing, 01.302 Cost and Management Accounting and Control, 01.306 Advanced Financial Management, 01.307 Modern Investment Theory and Management and 01.308 Risk and Insurance together with 02.301 Taxation and Estate Planning.

International Business and Trade

THE DEGREE OF BACHELOR OF COMMERCE (HONOURS) BCom(Hons)

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

General Provisions
1. Except as provided in the Admission Regulations a candidate for the Degree of Bachelor of Commerce with Honours shall pursue a course of study for not less than four years.
2. The Degree may be awarded in each of the following subjects: Accounting and Finance, Commercial Law, Economics, Management Science and Information Systems and Marketing and International Business.
3. Admission to the course of study for the Degree of Bachelor of Commerce (Honours) shall be at the discretion of the Senate and shall be given to a candidate who has passed for the Degree of Bachelor of Commerce either fourteen or twenty-one papers. A candidate who has completed the requirements for a conjoint Bachelor of Commerce degree programme shall for this Degree be deemed to have passed twenty-one papers, but shall not normally be exempted from any other prerequisite requirements for entry to Honours.
4. No candidate shall be admitted to an Honours subject without the approval of the Head of Department and of the Senate. Such approval shall be granted or withheld upon a consideration of the candidate's performance in the courses of University study already pursued by the candidate and particularly in the papers required as pre-requisites to that Honours Programme.
5. No candidate may be awarded the Degree of Bachelor of Commerce (Honours) if he or she has previously been awarded the Degree of Bachelor of Commerce of this University.
6. Notwithstanding anything in Regulation 12, a candidate for this Degree may substitute:
   (a) One paper in another subject in which the degree is being taken.
   (b) Up to one Stage III paper not already taken for any other degree or diploma.
7. A candidate shall sit the final examinations for the Degree within:
   (a) two years for those admitted with fourteen papers towards the Degree of Bachelor of Commerce or
   (b) one year for those admitted with twenty-one papers towards the Degree of Bachelor of Commerce except that a candidate with other demanding responsibilities may have his or her course of study under (a) and (b) extended by one year, provided the individual course of study is determined by the Senate on the recommendation of the Head of Department prior to first enrolment.
8. A candidate shall be required to pass the whole of Part III of the Honours Programme so that the performance in all papers comprising this part shall be considered.
9. A candidate who, on the results of the examinations, does not reach the standard required in the Honours Programme in which he or she is enrolled, shall be excluded by the Senate from the Honours Programme but he or she may be granted such credits and exemptions for papers for the Degree of Bachelor of Commerce together with appropriate credits towards the Diploma of Commerce and or the Degree of Master of Commerce as the Senate shall determine.
10. A candidate may withdraw from Honours and be granted such credits and exemptions for papers for the Degree of Bachelor of Commerce and or for the Diploma of Commerce or the Master of Commerce as the Senate shall determine.

Classes of Honours
11. The Degree of Bachelor of Commerce (Honours) may be awarded with First Class or Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division. The class of honours awarded shall be determined primarily on the performance of the candidate in the examinations in his or her final year but account may be taken of the candidate’s work throughout his or her course of study.

Requirements of Honours Programme
12. Subject to the provision to Regulation 5, an Honours Degree shall consist of Part I and Part II of the Degree of Bachelor of Commerce and Part III as prescribed in the Schedule to these regulations.
13. Unless otherwise provided in the Schedule to these regulations, no candidate shall be permitted to proceed to Part III before completing Parts I and II.
14. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.
15. These Regulations shall come into force on 1 January 1993.
The Head of Department of the subject concerned may require the candidate to pass in a paper or course as prescribed for any other degree.

Finance and Economics

* Starred papers will not be taught in the current Calendar year.
† Daggered papers may not be taught during current Calendar year unless sufficient staff is available.
‘T’ prefix - taught at the Tamaki Campus.

SCHEDULE
Honours Part III
Accounting and Finance
Candidates normally will be admitted to the Honours programme after completion of fourteen papers for the Degree of Bachelor of Commerce. Candidates shall complete two half papers 01.450 and 01.451 as one of the remaining seven papers for the Degree of Bachelor of Commerce. Candidates shall complete 01.453, seven half papers selected from 01.460 to 01.496, and a research essay (01.623) which shall count as one paper. One stage III paper may be taken in place of two of the elective half papers.
All candidates shall have their programmes of study approved by the Head of Department. Candidates who have passed 01.412 in 1993 for this programme shall be exempted from 01.450 and 01.451 and restricted from enrolment in 01.450.

Commercial Law
A candidate entering the Honours Programme after the completion of fourteen papers shall complete 02.440 Legal Research as part of the remaining seven papers required for the Degree of Bachelor of Commerce
(i) 02.440 Legal Research, or if completed another paper approved by the Head of Department from those listed under (ii).
(ii) Three papers selected from 02.420 to 02.431.
(iii) 02.623 Research Essay.

Economics
(i) Four papers selected from 13.400 to 13.422.
In respect to Regulation 12, an Economics candidate must have completed at least eight Economics papers prior to selection for Part III Honours. At least one of the Stage III papers taken must be 13.300 or 13.301.

Management Science and Information Systems
A candidate entering the Honours programme after the completion of fourteen papers shall complete 74.328 Special Topic as part of the remaining seven papers required for the Degree of Bachelor of Commerce.
(i) one half paper 74.460 Research Methods I.
(ii) seven half papers selected from 74.430 to 74.459.
(iii) 74.623 Research Essay, which shall count as one paper.

Marketing and International Business
(i) 71.403 Research Methods in Marketing and three papers selected from 71.400 to 71.413.
(ii) 71.623 Research Essay.
(iii) A Marketing and International Business candidate must have completed at least three Marketing and International Business papers at Stage III.

THE DEGREE OF BACHELOR OF TECHNOLOGY BTech
The Bachelor of Technology is an Inter-Faculty offering. For detailed Regulations refer to the Inter-Faculty Degrees and Diplomas section of this Calendar. Prescriptions for individual papers may be found in the Prescriptions for the Degrees of BCom, BE and BSc in the appropriate sections of this Calendar.

THE DEGREE OF MASTER OF COMMERCE MCom
The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations. Students not qualified to enrol for MCom by reason of Clause 1 (a) of these Regulations may be permitted to enrol for MPhil.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Master of Commerce shall before the candidate's enrolment for this Degree:
(a) have been admitted or qualified for admission to the Degree of Bachelor of Commerce (Honours) or Degree of Bachelor of Commerce, except as provided in Regulations 2 and 3 below, and
Subject to the Admission Regulations, a candidate may, after having completed at least nineteen papers for the Bachelor of Commerce Degree, enrol for this Degree, upon the following conditions:

(a) that the candidate:
   (i) proposes for this Degree a course to extend over not fewer than two academic years;
   (ii) has obtained grades averaging B- or above in the advanced papers for the Bachelor of Commerce Degree of the subject proposed for this Degree;
   (iii) satisfies the conditions in Regulation 1(b) of these Regulations, or is exempt from them;
   (iv) enrols for the remaining paper or papers for the Bachelor of Commerce degree in the first year of the candidate's course for this Degree; and

(b) that no such remaining paper shall be prerequisite for this Degree; and

(c) that, should the candidate not pass each such remaining paper in the first year of his or her course for this Degree, that course shall be suspended until that paper is passed.

Subject to the Admission Regulations, a candidate who has been admitted or qualified for admission to the degree of Master of Commerce Administration may enrol for this degree on the following conditions:

(a) that the candidate has passed a minimum of six papers above Stage I selected from the BCom Schedule, of which at least three must be Stage III papers in the subject the candidate proposed to take for his degree, and

(b) have obtained a grade of C+ or better on average in these three Stage III papers.

A candidate shall be required to fulfil the requirements of and pass the examination in one of the subjects prescribed in the Schedule, except that a thesis only may, with the permission of the Senate, on the recommendation of the Head of Department be presented by a BCom(Hons) candidate for this Degree.

Notwithstanding anything in Regulation 3, a candidate for this Degree may pass the examination in one of the subjects prescribed in the Schedule, except that a thesis only may, with the permission of the Senate, on the recommendation of the Head of Department be presented by a BCom(Hons) candidate for this Degree.

A candidate shall not take for this Degree a subject in which the candidate has already passed for the Degree of Master of Arts or is taking and obtain credit for both for this Degree.

Subject to Regulation 9(d) a candidate shall complete the requirements for this Degree within twenty four months of the date of first enrolment for the Degree. However, a candidate with other demanding responsibilities may fulfil the requirements for this Degree within thirty six months of first enrolment for the Degree, with eligibility for Honours, the individual course of study being determined at or before first enrolment by the Senate on the recommendation of the Head of Department.

Honours

There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

The Degree may be awarded with distinction to any BCom(Hons) candidate who has achieved the standard equivalent to First Class Honours.

The Degree may be awarded with merit to any BCom(Hons) candidate who has achieved the standard equivalent to Second Class Honours, Division One.

Honours shall not be awarded if the candidate has achieved the degree of BCom(Hons) or

Honours shall not be awarded if the papers in the first year in which a candidate sits an examination for the Degree are unsatisfactory or if the thesis at its first presentation is unsatisfactory, provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or exceptional circumstances beyond the candidate's control (certified as under the Aegrotat Pass or Compassionate Pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to present himself or herself at a subsequent written examination and still be eligible for the award of Honours, subject to the provisions of Regulation 7 above, and to Regulation 9 and 10 of the Examination Regulations.

Thesis

A thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject.

A thesis may be presented in the first year of enrolment for this degree:

(i) if the candidate has achieved the degree of BCom(Hons) or

(ii) in exceptional cases, approved by the Head of Department.

A candidate may enrol for a thesis in any year subsequent to the first year of enrolment for this Degree only if the candidate obtains an average grade of at least B- in the papers sat in the first year (provided a thesis is not a compulsory requirement for the candidate's subject).

(i) a candidate shall present the thesis not later than twenty-four months after the date of first enrolment for this Degree, provided that this period may be extended in exceptional circumstances as approved by the Senate.

(ii) A candidate taking this degree by thesis only shall present a thesis within eighteen months of first enrolment, but the time may be extended in exceptional circumstances as approved by the Senate.

(e) If the examiner with the concurrence of the Assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to represent it subject to Regulation 9(d) above by a later date specified by the Head of Department.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 15.
Personal Course of Study
11. The personal course of study of a candidate shall require the approval of the appropriate Head of Department.
12. The Senate may in such exceptional cases as it thinks fit approve a personal course of study which does not conform to the foregoing Regulations.
13. These Regulations shall come into force on 1 January, 1975.

SCHEDULE
(1) Accounting and Finance
Prerequisites: Eight papers in the subject Accounting and Finance including three Stage III papers.
Requirements: Eight half papers and a thesis (01.601) which shall count as three papers.
All candidates will normally complete 01.450, 01.451 and 01.452 in their first year of enrolment. The remaining papers are to be selected from 01.460 to 01.496.
All candidates shall have their programmes of study approved by the Head of Department.
MCom candidates who have not completed the required number of papers by the end of 1993 shall complete their requirements by selecting the appropriate number of half papers 01.452 to 01.496.

(2) Commercial Law
Prerequisites: Two Stage III Commercial Law papers and one other Stage III paper in Commerce approved by the Head of the Department of Commercial Law.
Requirements: Seven papers; or six papers and a research essay (02.603) which shall count as one paper; or four papers and a thesis (02.601) which shall count as three papers.
The papers shall be selected from 02.400 to 02.419, 02.450 to 02.452.

(3) Economics
Prerequisites: Eight papers in the subject Economics including one Stage II paper, 13.205 and three Stage III papers one of which must be 13.300 or 13.301.
Requirements: Seven papers; or four papers and a thesis (13.601) which shall count as three papers; or six papers and a research essay (13.603) which shall count as one paper.
The papers shall be selected from 13.400 to 13.422.

(4) Management Science and Information Systems
Prerequisites: Three Stage III Management Science and Information Systems papers.
Requirements: Eight half papers and a thesis (74.601) which shall count as three papers; or ten half papers and a project (74.602) which shall count as two papers; or twelve half papers and a research paper (74.603) which shall count as one paper.
All candidates must enrol in paper 71.460 Research Method I and 74.461 Research Methods II in the first year of enrolment, excepting that this may be varied with the permission of the Head of Department.
All candidates shall include a minimum of 4 half papers from one of the following:
(a) 74.430 to 74.438
(b) 74.440 to 74.447
(c) 74.450 to 74.459
Note: Half papers in this schedule are defined as of twelve weeks duration containing a minimum of 24 lectures.

(5) Management Studies and Labour Relations
Prerequisites: Three Stage III Management Studies and Labour Relations papers.
Requirements: Four papers and a thesis (72.601) which shall count as three papers; or six papers and a research essay (72.603) which shall count as one paper.
All candidates must enrol for paper 72.410 (Research Methods) in the first year of enrolment. The remaining papers shall be selected from 72.400 to 72.424.

(6) Marketing and International Business
Prerequisites: Three Stage III Marketing and International Business papers.
Requirements: Four papers and a thesis (71.601) which shall count as three papers; or six papers and a research essay (71.603) which shall count as one paper.
All candidates must enrol for 71.403 (Research Methods in Marketing) in the first year of enrolment. The remaining papers shall be selected from 71.400 to 71.402 and 71.409 to 71.413.

THE DEGREE OF MASTER OF BUSINESS ADMINISTRATION MBA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study, students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations. Every intending new candidate must apply to the Registrar for permission to enrol in the course not later than 15 October, or such other date as the Senate may determine, of the year preceding that in which the candidate proposes to enrol.

General Provisions
1. A candidate for the Degree of Master of Business Administration shall be admitted to either the Executive Course or the Management Course.
2. Subject to the Admission Regulations a candidate taking the Executive Course for the Degree of Master of Business Administration shall before enrolment for this Degree:
   (a) (i) have been admitted or qualified for admission to a Bachelor’s Degree or
   (ii) hold a Senate approved professional qualification in Accounting, Engineering, Science, or other approved discipline or
   (iii) perform outstandingly in such tests of academic aptitude as may be prescribed by the Senate, and
   (b) have had not less than five years of managerial experience and ten years of relevant work experience, and
   (c) have taken the Graduate Management Admission Test.
3. Subject to the Admission Regulations, a candidate taking the Management Course for the Degree of Master of Business Administration shall before enrolment for this Degree:
   (a) (i) have been admitted or qualified for admission to a Bachelor’s Degree or
(ii) hold a Senate approved professional qualification in Accounting, Engineering, Science, or other approved discipline or
(iii) perform outstandingly in such tests of academic aptitude as may be prescribed by the Senate, and
(b) have had not less than five years of relevant work experience, and
(c) have taken the Graduate Management Admission Test.
4. Admission to the course of study shall be at the discretion of the Senate.
5. A candidate may be required by the Senate to undertake a transitional course of study.

Course Requirements
6. A candidate for the Degree of Master of Business Administration shall be required to:
(a) follow a course of study with a duration equivalent to not less than two academic years, and
(b) pass the examination for either the Executive Course or the Management Course, and
(c) perform laboratory and practical work to the satisfaction of the Senate.

Executive Course
7. A candidate admitted to the Executive Course shall be required to pass in each of fifteen papers and a project equivalent to three papers, and to complete not less than fifteen days of laboratory and practical work as prescribed by the Senate.

Management Course
8. A candidate admitted to the Management Course shall be required to pass in each of eighteen papers and to complete not less than fifteen days of laboratory and practical work as prescribed by the Senate.

Note:
* Starred papers will not be taught in the current Calendar year.
† Daggered papers may not be taught during current Calendar year unless sufficient staff is available.

Credits
9. With the approval of the Senate a candidate admitted to either the Management or Executive Course of study for this Degree who has been awarded or completed the requirements for the award of a diploma offered in or after 1989 by the Graduate School of Business may be credited with up to two papers for this Degree.
10. With the approval of the Senate, a candidate admitted to the Management Course of study may enrol in up to two MCom papers and credit passes in those papers towards an MBA degree.
11. In exceptional circumstances, the Senate may approve a personal course of study which does not conform to the foregoing Regulations.

12. These Regulations shall come into force on 1 January, 1992.

THE DEGREE OF MASTER OF COMMERCIAL LAW MComLaw

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Master of Commercial Law shall, before enrolment to this Degree:
   (a) have been admitted or qualified for admission to:
      (i) the Degree of Bachelor of Commerce with two Stage papers in Commercial Law, or
      (ii) the Degree of Bachelor of Laws, or
      (iii) the Degree of Bachelor of Laws (Honours), or
   (iv) such other degree as the Senate may approve in a particular case.

2. A candidate for this Degree shall follow a course of study of not less than one year.

3. No candidate shall be credited for this Degree with any paper the same as or substantially similar to a paper already passed for any other Degree or Diploma.

4. Admission to the course of study shall be at the discretion of the Senate.

5. A candidate shall complete the requirements for this Degree within 24 months of first enrolment for this Degree. However, with the approval of the Senate, a candidate with other demanding responsibilities may fulfill the requirements for this Degree within 36 months of first enrolment for this Degree, with eligibility for Honours, the individual course of study being determined at or before first enrolment by the Senate on the recommendation of the Head of Department.

6. The course of study shall consist of six papers selected from Commercial Law 02.400 to 02.419, 02.450 to 02.452 as prescribed for the Degree of Master of Commerce, or five of those papers and a research essay (02.613) which shall count as one paper, or four of those papers and a thesis (02.615) which shall count as two papers.

7. A candidate for the Degree may, on the recommendation of the Dean of the Faculty concerned and with the approval of the Senate, take one 400 or 500 level paper prescribed for any of the following Degrees in substitution for one of the papers required by Regulation 6 of these Regulations:

- Degree of Master of Commerce
- Degree of Master of Jurisprudence
- Degree of Master of Laws
- Degree of Master of Taxation Studies

Thesis
8. Where a thesis is required, the following conditions shall apply:
   (a) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject.
   (b) The thesis may be presented in the first year of enrolment for this Degree only with the approval of the Head of Department concerned.
   (c) A candidate shall submit the thesis to the Registrar by the date required by Regulation 5. However, in exceptional circumstances, a candidate may submit the thesis later than the date required by Regulation 5, provided that he or she shall not be eligible for Honours unless the Senate so determines.

Note: An abstract is to be submitted with each copy of the thesis. See Examination Regulation 15.

Honours
9. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.
   (b) Honours shall not be awarded if the papers in the first year in which a candidate sits an examination for the Degree are unsatisfactory or if the thesis at its final presentation is unsatisfactory, provided, however, that a candidate whose performance at a written examination has been seriously impeded by illness or exceptional circumstances beyond the candidate’s control (certified as under the Aegrotat Pass or Compassionate Pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to present himself or herself at a subsequent written examination and shall be eligible for the award of Honours, subject to the provisions of Regulations 5 and 8(c) of these Regulations and to Regulations 9 and 10 of the Examination Regulations.

10. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

Transitional
11. A candidate may with the consent of the Senate transfer to the Degree of Master of Commercial Law papers passed for the Degree of Master of Philosophy only in 1991.

Commencement
12. These Regulations shall come into force on 1 January 1992.

DEGREE OF MASTER OF TAXATION STUDIES MTaxS

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations a candidate for the Degree of Master of Taxation Studies shall, before enrolment for this Degree:
   (a) have been admitted or qualified for admission to:
(i) the Degree of Bachelor of Commerce, or
(ii) the Degree of Bachelor of Laws, or
(iii) such other degree as the Senate may approve in a particular case, and
(b) be otherwise entitled to proceed to the Degree of:
(i) Master of Commerce, or
(ii) Master of Laws, or
(iii) Master of Jurisprudence, and
(c) have obtained a pass in:
(i) 02.301 Taxation and Estate Planning, or
(ii) 25.221 Income Tax.

2. A candidate for this Degree shall follow a course of study for not less than one year.

3. No candidate may present for this Degree a paper which is the same or substantially equivalent to any paper the candidate has passed for another degree or diploma.

4. Admission to the course of study for the Master of Taxation Studies shall be at the discretion of the Senate.

5. Subject to regulation 7 a candidate shall complete the requirements for this Degree within twenty-four months of the date of first enrolment for this Degree.

Course Content
6. The course of study of each candidate shall consist of:

(a) Four of the following papers:
   (i) 01.480 The Impact of Taxation on Financial Reporting and Control
   (ii) 01.481 Special Topic in Taxation Accounting
   (iii) 02.480 The Tax Base - Definition and Manipulation
   (iv) 02.481 The Taxation of Corporations and Investors
   (v) 02.482 Indirect and Asset Based Taxation
   (vi) 02.483 Current Developments in Taxation
   (vii) 02.484 International Taxation
   (viii) 02.485 Discretion, Disputes and Procedures
   (ix) 02.486 Avoidance Provisions
   (x) 02.487 Special Topic in Taxation Law

   (b) 01.614 Dissertation in Taxation Accounting (value two papers)
   02.614 Dissertation in Taxation Law (value two papers)

7. A candidate shall present the dissertation not later than twenty-four months after the date of first enrolment for this Degree, provided that this period may be extended by the Head of Department concerned for not more than one year and in exceptional circumstances for longer by the Senate.

8. The Senate may in exceptional cases approve a personal course of study which does not conform to these Regulations.

Honours
9. This Degree may be awarded with or without Honours.
10. There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

Transitional
11. A candidate may with the consent of the Senate be permitted to transfer to this Degree from any other masters degree for which the candidate was enrolled at the time these Regulations came into force and be credited with such papers as the Senate shall deem appropriate.

Commencement
12. These Regulations shall come into force on 1 January, 1989.
divisional performance appraisal.

**T01.202 Cost and Management Accounting**
As prescribed for 01.202. This paper is taught at the Tamaki Campus.

**01.203 Accounting Information Systems**
Accounting systems for information and control, computerised accounting systems, computer tools for accountants.

**T01.203 Accounting Information Systems**
As prescribed for 01.203. This paper is taught at the Tamaki Campus.

**01.204 Accounting and Financial Management Issues in Government**
Central, regional and local government accounting and finance including the accounts of government trading corporations and other statutory bodies.

**01.205 Financial Management**
Introduction to finance within the firm. Concepts of value, risk and required rates of return. Capital budgeting, capital structure and dividend decisions.

**T01.205 Financial Management**
As prescribed for 01.205. This paper is taught at the Tamaki Campus.

**01.206 Introduction to Investments**
An introduction to a broad range of investments and how those investments are valued. The principles of portfolio construction and evaluation.

**T01.206 Introduction to Investments**
As prescribed for 01.206. This paper is taught at the Tamaki Campus.

**Accounting and Finance III**

**01.300 Financial Accounting**
Contemporary issues in financial accounting theory and practice.

**T01.300 Financial Accounting**
As prescribed for 01.300. This paper is taught at the Tamaki Campus.

**01.301 Auditing**
The concepts and techniques of the audit process; contemporary issues in auditing.

**T01.301 Auditing**
As prescribed for 01.301. This paper is taught at the Tamaki Campus.

**01.302 Strategic Management Accounting**
The relationship between cost and management accounting and manufacturing and marketing strategy.

**T01.302 Strategic Management Accounting**
As prescribed for 01.302. This paper is taught at the Tamaki Campus.

**01.306 Advanced Financial Management**
Advanced study of contemporary issues in financial management. Topics covered include capital structure, agency theory, dividend policy, complexities in capital budgeting and international issues.

**Case study applications.**

**01.307 Modern Investment Theory and Management**
Portfolio theory and equilibrium asset pricing. Portfolio management including issues relating to fixed interest and international equity investment.

**01.308 Risk and Insurance**
Risk as a theoretical concept, and problems and opportunities facing firms and individuals. The use of financial securities to manage risk.

**01.309 Public Sector Management Accounting and Control**
The application of Management Accounting and Control concepts in public sector organisations particularly in the New Zealand context. Topics covered include: public sector reform in New Zealand, the input/output/outcomes and framework, planning and budgeting, costing and pricing of outputs, cost management, performance evaluation and control, performance auditing, public sector reporting requirements.

**01.314 Special Topic in Accounting**
**01.315 Special Topic in Finance**

**01.390 Corporate Finance**
A study of the contracting-cost theories of accounting policy choice and the related empirical literature. It focuses on agency and management contracting explanations for accounting choice. In particular, the paper explores the role of accounting in contracts between parties to the firm (e.g. managers, shareholders, debtholders, customers, etc.). The political process is also analysed to determine the impact on accounting policy choice. Incentives for managers to manipulate earnings under various economic settings are examined and the implications of this behaviour for accounting policy makers are analysed. This paper builds on knowledge acquired in 01.200 and 01.452.

**01.465 Accounting Information and Capital Markets**
A study of issues in evaluating accounting information. Of interest is the use of accounting information by investors and analysts. The paper examines the empirical relationship between accounting earnings and share prices and the relationship between financial statement analysis and market efficiency. This paper builds on the knowledge acquired in 01.200 and assumes a knowledge of basic finance.

**01.466 International Accounting**
An examination of the international dimensions of accounting in an environment that is increasingly global. It examines the international influences on current New Zealand practice and the diversity in accounting practices among New Zealand’s economic partners. International harmonisation issues are studied as well as issues generated by foreign trade (e.g. accounting for foreign currency transactions) and transnational business organizations (e.g. translation and consolidation of foreign subsidiaries’ financial statements). This paper builds on knowledge acquired in 01.200.

**01.467 Accounting History**
The aim of this paper is to develop a better understanding of some contemporary accounting practices by a study of their historical antecedents. The areas of contemporary practice from which the topics will be selected include corporate financial accounting and reporting, cost and management accounting, and auditing. This paper builds on knowledge acquired in 01.200 and 01.202.

**01.468 Contemporary Auditing Research**
A study of the theoretical and empirical literature related to the demand and supply of auditing. Contracting theory provides a basis for examining the determinants of external auditing, internal auditing and audit committees. The supply of external audit services is studied by exploring measures of audit quality (e.g. extent of audit litigation and size of audit firms etc.), audit switches, and their relationship (e.g. do firms change to the Big Six audit firms when they make initial public offerings?). Other topics examined are the determinants of audit fees and factors related to audit delay, audit qualifications and audit firms’ choice of audit.
technologies. This course builds on knowledge acquired in 01.200 and 01.452.

01.469 Public Sector Accounting
Examines developments in financial accounting and reporting in public sector organizations. Particular attention is given to public sector organizations in New Zealand. This paper builds on knowledge gained in 01.200.

01.470 Contemporary Research in Management Control
This paper examines the theoretical and empirical literature relating to management planning and control in private and public sector organizations. It will explore the relationship between strategy, organization design, divisional performance measurement and evaluation, and transfer pricing. Attention will also be given to corporate planning, budgeting and performance contracting. This paper builds on knowledge gained in 01.202 and 01.452.

01.475 Issues in Cost and Management Accounting
An examination of new and innovative cost and management accounting practices stemming from changes in manufacturing and competitive environments. The material covered will include recent research on the design of cost and management accounting systems in manufacturing, service and public sector organizations. Attention will be given to cost and management accounting issues faced by New Zealand organizations. This paper builds on knowledge gained in 01.202.

01.476 Management Accounting and Control in Public Sector Organizations
A study of developments in management accounting and control in public sector and not-for-profit organizations. Particular attention is given to public sector organizations in New Zealand. This paper builds on knowledge gained in 01.202 and 01.452.

01.482 Modern Corporate Finance
Examines fundamental principles of corporate financial theory and discuss current issues. The material covered will include seminal theoretical contributions and empirical evidence regarding those theories. Particular attention will be given to those areas relevant to New Zealand such as the implications of dividend imputation. The paper will suit students who have a serious interest in important issues in the field. A basic knowledge of calculus is expected. This paper builds on knowledge gained in 01.205 and 01.452.

01.483 Portfolio Theory and Investment Analysis
A study of contemporary issues in investments. The material will largely focus upon empirical evidence. Topics will include market efficiency, risk-return relationships, anomalies and alternative investment strategies. This paper will suit students with a solid grounding in mathematics and statistics. New Zealand evidence will be explored on each issue. This paper builds on knowledge acquired in 01.206.

01.485 Management of Financial Institutions
An investigation of issues of financial management as applied to financial institutions. The orientation is to policy issues and principles more than operating techniques. Topics will include asset and liability management, interest rate and risk management, and regulation, with attention to the New Zealand situation. The early sessions will survey broad issues while subsequent sessions will investigate specific theories and empirical evidence as to their efficacy. This paper builds on knowledge gained in 01.205 and 01.452.

01.486 Risk Management
The fundamental theories of risk management will be discussed, as well as the empirical evidence as to their validity. A wide range of risk management applications will be considered. Special emphasis will be placed upon those tools and techniques that will apply in New Zealand. This paper builds on material covered in 01.308 Risk and Insurance.

01.487 International Finance
An examination of theoretical and empirical perspectives on important issues in international finance. Topics will include financial management of a multinational enterprise, macroeconomic effects, currency risk management and international capital budgeting. A portion of the paper will also be devoted to international portfolio investments and diversification. This course builds on knowledge gained in 01.205, 01.206 and 01.452.

01.490 Special Topic
01.491 Special Topic
01.492 Special Topic
01.495 Directed Readings in the Literature Topic
To be arranged with individual instructors and the Head of Department.

01.496 Directed Readings in the Literature Topic
To be arranged with individual instructors and the Head of Department.

01.601 Thesis
A thesis counts for the equivalent of three Masters papers. Its purpose is to advance the body of knowledge. The thesis should include a thorough review of the relevant literature and a clear statement of where the findings of the thesis fit within the research tradition of the field of study. A good Master's thesis should produce research papers which are capable of being published in refereed journals.

01.623 Research Essay
For BCom(Hons). A research essay for the Honours Degree will normally consist of a critical review of the literature. If an empirical research project is undertaken it will usually be confined to replication of a study reported in the literature. The choice of topic is the responsibility of each student in consultation with a supervising faculty member and can be selected from any of the general areas covered by the Degree. The essay should be no more than 10,000 words or approximately 35 pages long. The essay should, among other things, be an exercise in concise writing. It must be completed prior to 30 November.

Notes (i) There is no guarantee that all these papers will be available to students during the current Calendar year. Students intending to read for the BCom(Hons) or MCom degree should consult the staff towards the end of the previous year about preliminary vacation reading.
(ii) With the exception of 01.601 and 01.623 all papers in this schedule are half papers.

MASTER OF BUSINESS ADMINISTRATION

Executive Course

270.451 Microeconomics
Provides a set of principles that can be used in the analysis of commercial enterprises. Topics include: theory of the firm, alternative market structures and the role of economics in organisational decision making.

270.452 Macroeconomics
Emphasises macroeconomic problems and policies that may affect managerial decisions. Topics include: monetary and fiscal policy, inflation, interest rates and currency exchange rates.

270.455 Legal Studies
Examines the legal environment of business, contract law, transfer of property and risks, product liability, legal aspects of company directorships and partnerships, company floats, takeovers, and the Fair Trading Act.

270.460 Accounting
Explores the structure of accounting information and the use of data for planning, decision making and control. Topics include: deriving financial statements from transactions, analysing financial statements, budgeting, profit planning and standard costing.

270.463 Financial Management
Explores the fundamental nature of the finance function and the conceptual and theoretical applications for successful financial management. Topics include: capital budgeting, capital asset pricing and dividend policies.

270.470 Quantitative Methods
Introduces descriptive statistics, data analysis and probability. Stresses the application of statistical methods and techniques in business and management.
270.471 Operations Management
Extends and applies management science techniques to problems of production and operations management. Topics include: network flows, production scheduling and control, inventory models, just-in-time and total quality management.

270.472 Management of Information Systems
Focuses on the managerial challenges presented by information technology. Topics include: managing and controlling information systems, evaluating new technologies, and developing systems to improve productivity and confer competitive advantage.

270.475 Marketing Management
Focuses on the role of marketing in today's organisations. Topics include: strategic-marketing planning, concepts and tools, the marketing environment, characteristics of consumer and individual markets, product life-cycle strategies, new product planning and market research.

270.485 Organisation and Management
Provides an overview of key organisational processes that affect, and are affected by people. Topics include: motivation, productivity, leadership, job satisfaction, power, organisational structure and group dynamics.

270.488 Human Resource Management
Presents a study of basic concepts including current applications in the management of human resources from the overall viewpoint of the general manager. Topics include: assessment, staffing, performance evaluation and improvement, training and development, compensation, the Employment Contracts Act and other legal issues.

270.490 International Business
Examines the organisation and management of international and multinational enterprises. Topics include: multidomestic, international and global strategies, international financial management, and relationships with governments.

270.492 New Zealand and International Business Environment
Reviews New Zealand business in its international context, including current and emerging economic, social and political influences.

270.495 Strategic Management
Analyses complex case studies facing top management in the modern business enterprise. Topics include: the formulation and implementation of strategy, development of strategic options, strategic decision making and social responsibility.

270.496 Advanced Business Strategy
Focuses on cases in corporate strategy. Topics include: leading-edge techniques in strategy development, company directing, stakeholder analysis and business ethics.

270.499 Management Project
The Management Project is the integrative capstone of the Executive MBA learning process. Participants are required to apply their new knowledge along with their previous experience to a practical, organisational problem. Participants select the focus of the project and work closely with both an organisation, usually their employer, and an academic advisor. The project is expected to result in practical as well as conceptual benefits.

Management Course

270.401 Microeconomics
Provides a set of principles that can be used in the analysis of commercial enterprises. Topics include: theory of the firm, alternative market structures and the role of economics in organisational decision making.

270.402 Macroeconomics
Emphasises macroeconomic problems and policies that may affect managerial decisions. Topics include: monetary and fiscal policy, inflation, interest rates and currency exchange rates.

270.403 Special Topic in Economics
270.405 Legal Studies
Examines the legal environment of business, contract law, transfer of property and risks, product liability, legal aspects of company directorships and partnerships, company floats, takeovers, and the Fair Trading Act.

270.406 Special Topic in Law
270.410 Accounting
Explores the structure of accounting information and the use of data for planning, decision making and control. Topics include: deriving financial statements from transactions, analysing financial statements, budgeting, profit planning and standard costing.

270.413 Financial Management
Explores the fundamental nature of the finance function and the conceptual and theoretical applications for successful financial management. Topics include: capital budgeting, capital asset pricing and dividend policies.

270.420 Quantitative Methods
Introduces descriptive statistics, data analysis and probability. Stresses the application of statistical methods and techniques in business and management.

270.421 Operations Management
Extends and applies management science techniques to problems of production and operations management. Topics include: network flows, production scheduling and control, inventory models, just-in-time and total quality management.

270.422 Management of Information Systems
Focuses on the managerial challenges presented by information technology. Topics include: managing and controlling information systems, evaluating new technologies, and developing systems to improve productivity and confer competitive advantage.

270.425 Marketing Management
Focuses on the role of marketing in today's organisations. Topics include: strategic-marketing planning, concepts and tools, the marketing environment, characteristics of consumer and individual markets, product life-cycle strategies, new product planning and market research.

270.435 Organisation and Management
Provides an overview of key organisational processes that affect, and are affected by people. Topics include: motivation, productivity, leadership, job satisfaction, power, organisational structure and group dynamics.

270.436 Special Topic in Management
270.438 Human Resource Management
Presents a study of basic concepts including current applications in the management of human resources from the overall viewpoint of the general manager. Topics include: assessment, staffing, performance evaluation and improvement, training and development, compensation, the Employment Contracts Act and other legal issues.

270.442 New Zealand and International Business Environment
Reviews New Zealand business in its international context, including current and emerging economic, social and political influences.

270.443 Special Topic in Health Care Management and Policy
270.445 Strategic Management
Analyses complex case studies facing top management in the modern business enterprise. Topics include: the formulation and implementation of strategy, development of strategic options, strategic decision making and social responsibility.

Electives

270.414 Investment Analysis
Studies the basic concepts and tools of investment analysis. Topics include: the environment of investment decision-making in New Zealand, international considerations, financial statement analysis, efficiency of capital markets, the role of diversification, risk assessment, and the relationship between risk and expected return.

270.415 International Finance
Analyses issues arising from business activities in the
international economic community. Topics include determinants of exchange rates and foreign investments, characteristics of international financial institutions and markets, and the international monetary systems.

**T270.418 Case Studies in Finance**
Focuses on corporate financial management including cases on investment decision-making, raising long-term capital, and mergers and acquisitions. The precise content may vary with the changing economic climate and the particular interests of participants.

**T270.419 Special Topic in Finance**
Covers the management of quality to gain a strategic and competitive advantage. Topics include quality as a management philosophy, and quality management techniques such as quality function deployment, continuous improvement and statistical process control.

**T270.423 Management of Quality**
Analyses internal competencies and competitive advantages, strategies for growth and development and the management of innovation and new product development. Participants will be expected to apply the techniques for managing a strategic business unit, the development of strategies and the preparation of marketing plans.

**T270.427 New Ventures**
Explores the techniques used to launch a potentially fast-growth new venture. Topics include an examination of entrepreneurial approaches to business management, individual innovation, working with small development teams and overcoming resource constraints: financial, human and technical.

**T270.431 Business to Business Analysis and Marketing**
Examines business-to-business relationships to determine competitor and market status.

**T270.432 Services Marketing**
Focuses on customer-defined service quality, and the managerial control and communication processes explaining service quality gaps. Participants will explore cases and management implications in applied settings.

**T270.433 Information Technology and the New Marketing**
Explores the application of information technology (IT) to marketing strategies and tactics as an important source of competitive advantage.

**T270.434 Special Topic in Marketing**
**T270.437 Organisational Development and Change**
Explores the theories and application of organisational development (OD) along with the current literature relating to OD and change. Topics include: culture and change, the learning organisation, managing planned change, and managing unplanned change.

**T270.439 Special Topic in Human Resource Management**
**T270.440 International Business**
Examines the organisation and management of international and multinational enterprises. Topics include: multidomestic, international and global strategies, international financial management, and relationships with governments.

---

**T270.100 Introduction to Law**
As prescribed for 02.100. This paper is taught at the Tamaki Campus.

**02.101 Law, Science and Technology**
The law relating to development, protection and exploitation of scientific and technological research. The paper is primarily designed to give those working in engineering, science and technology an understanding of the legal framework affecting their activities.

**T02.101 Law, Science and Technology**
As prescribed for 02.101. This paper is taught at the Tamaki Campus.

**Commercial Law II**
**02.200 Contracts and Restitution**
The law of contract and the principles of "unjust enrichment" in a business context.

**T02.200 Contracts and Restitution**
As prescribed for 02.200. This paper is taught at the Tamaki Campus.

**02.201 Property, Insurance and Credit**
Legal methods of raising and securing finance including chattel mortgages, agreements for hire purchase and sale of goods, suretyship, insurance and negotiable instruments.

**T02.201 Property, Insurance and Credit**
As prescribed for 02.201. This paper is taught at the Tamaki Campus.

**02.202 Law of Business Organisation**
The law relating to business organisations, with special emphasis on companies, partnerships, trading trusts, agency relationships and state-owned enterprises.

**T02.202 Law of Business Organisation**
As prescribed for 02.202. This paper is taught at the Tamaki Campus.

**02.203 Labour Law**
The law relating to employment and labour relations.

**02.204 Legal Environment of Business**
Introduction to trusts, equity, property, comparative view of business structures. A detailed examination of fiduciary obligations, business torts and legal remedies.

**02.205 Law of Marketing**
The law concerning the marketing of goods and services and the protection of technological innovation with special emphasis on fair trading, intellectual property, trade secrets, consumer protection and the law as it effects communications and information technology.

**02.207 Computer and Telecommunications Law**
A detailed examination of the law governing the computer and telecommunications industries. Particular emphasis will be given to intellectual property in hardware, software and interfaces, data privacy, computer crime, regulation of telecommunications and technology licensing.

**Commercial Law III**
**02.301 Taxation**
The law and practice of income tax, Goods and Services Tax, and other taxes.

**02.303 Corporate Rescue and Insolvency**
Bankruptcy, schemes of Arrangement, Receivership and Liquidation.

**02.305 Investment Law**
The law relating to corporate finance and investment; offshore borrowing, takeovers and mergers, public floats, first and second board listing, futures trading and unlawful investment practices.

**T02.306 Competition Law**
A study of the law relating to competition as it affects mergers, monopolies, restrictive trade practices together with an introduction to the economics of competition.

**T02.306 Competition Law**
As prescribed for 02.306. This paper is taught at the Tamaki Campus.
Faculty of Commerce, Degree Prescriptions, Commercial Law

02.307 International Trade Law
A study of the law relating to the export of goods from New Zealand.

02.308 Banking Law
A study of the law relating to domestic banking and the finance of international trade.

*T02.310 Legal Structures in International Business
Analyses of the legal mechanisms used by business entities whose activities transcend national boundaries. Examination and comparison of the legal framework of business in Western Europe, East Asia, North America, and the post-socialist economies of Central and Eastern Europe and investigation of the legal problems involved in doing business in those regions. Methods of entry into foreign markets, selecting the appropriate business structure, international joint ventures, licensing, distribution and franchising. Opportunities provided by such transnational business law regimes as the European Community and EEA.

02.311 Tax Planning and Special Tax Regimes
The law and practice of special tax regimes and issues of importance to tax advisors.

*T02.300 Master of International Trade Law

Commercial Law for BCom(Hons)

*02.420 Equitable Obligations and Business Ethics
An analysis of the interactions between ethical principles and the judge made concepts of fiduciary obligation, breach of confidence and unconscionability.

*02.421 Public Sector Management and the Law
Legal Structures and the rules which shape and confine decision making in public sector organisations.

*02.422 Advanced Competition Law
Selected legal problems concerning business acquisitions and restrictive trade practices.

*02.423 Selected Issues in Corporate Law
Studies relating to corporate governance and the operation and regulations of capital markets.

*02.424 Case Studies in Comparative Business Law
An examination of business law in non common law countries with particular emphasis on the EEC and the Pacific Rim.

*02.425 Analyising the Tax Base
Concepts of income and capital as they affect taxation legislative response to tax minimisation schemes.

*02.426 International Trade Regulation
Public law issues in international trade with particular focus on the tension between free trade and protectionism.

*02.427 Protecting Innovation and Competitive Advantage
An analysis of legal mechanisms used to protect technological innovation and competitive strategies.

*02.428 International Sales Contracts
Current legal issues arising from the international sale of goods and associated contracts of carriage, insurance and finance.

*02.429 Legal Problems in Offshore Borrowing
Selected legal problems arising out of the transnational activities of merchant banks and investment houses.

*02.430 Receivership and Liquidation
Aspects of corporate insolvency including the conduct of receiverships, statutory management and reconstructions.

*02.431 Legal Protection for Sensitive Information
Current legal issues concerning privacy, confidentiality and insider dealing.

*02.440 Legal Research
A methodology for investigating legal issues in a business context.

Commercial Law for MComLaw, MCom and Honours

*02.400 Immigration and International Travel Law
A study of the law relating to international air travel and tourism and the movement of persons between jurisdictions.

*02.401 Export and Shipping Law
A critical examination of the law relating to overseas trade as it affects New Zealand exporters.

*02.402 Professional Responsibility and the Courts
The legal liability of professionals together with ways of minimising and insuring against that liability.

*02.403 Commercial Law in the European Community
An analysis of the legal mechanisms used by business entities whose activities transcend Europe’s national boundaries.

*02.404 Information Technology and the Law
The legal issues raised by the use of computers and other forms of information and communications technology.

*02.405 Competition Law and Policy
An examination of the law’s attempts to ensure that markets do not self-destruct through the aggregation of economic power.

*02.406 Transnational Litigation and Arbitration
Mechanisms for resolving disputes arising from international commercial transactions.

*02.407 Advanced Banking Law
Contemporary legal issues in banking law.

*02.408 Current Issues in Offshore Borrowing and Investment
Selected in-depth studies of contemporary issues in international finance law.

*02.409 Marine Aviation Insurance
The role of marine and aviation insurance in the export trade.

*02.410 Business Law in East Asia and Japan
An examination of the law of Vietnam, South Korea, Japan, Taiwan and the Peoples Republic of China with particular reference to the legal problems likely to be encountered in doing business in those countries.

*02.411 Corporate Distress and Rescue
This paper analyses the law relating to corporate collapse and the legal mechanisms for averting it.

*02.412 Capital Markets and Securities Regulation
The legal rules which facilitate and regulate the operation of capital markets.

*02.413 Corporate Governance
The legal principles which control and structure the governance of corporations and the resulting policy implications for the design of company law.

DEPARTMENT OF ECONOMICS
Economics I
Students intending to advance beyond Stage I Economics require an adequate mathematical back-ground and are advised to include 26.108 (or equivalent) in their first year course.

Note: Knowledge of Mathematics up to 6th form level will be assumed in Stage I Economics.

13.100 Microeconomics
Introduction to the economic behaviour of individuals and firms. Output and price determination in the various types of market. Market structures, income distribution and public policies. Theories and selected applications will be presented.

13.101 Macroeconomics
The economic activity of the nation at large and its interrelationships with the rest of the world. Included are the measurement of economic activity, determination of aggregate income, money, banking and prices, government macroeconomic policy and international trade.

13.200 Microeconomics
A more advanced study of the determination and interaction of basic macroeconomic variables including output, employment, money supply and price level.

13.201 Macroeconomics
An intermediate survey designed to provide students with a better understanding of labour markets, and a framework from which to judge the appropriateness of employment and wages policies. We also examine the impact of trade unions and industrial relations policies.

13.300 Advanced Microeconomic Analysis
Advanced treatment of consumer and producer theory and aspects of general equilibrium, uncertainty, monopoly, games, oligopoly, as well as implications of certain informational imperfections.

13.301 Macroeconomic Theory and Policy
Output, employment and price level theory, experience and policy. The emphasis in on Keynesian and New Classical analyses.

13.304 International Trade
Theory and policy in the international economy.

13.305 Financial Economics
Economic aspects of financial markets and intermediaries, insurance credit rationing and firm’s financing.

13.306 Classical, Marxist & Modern Economic Ideas
An introduction to the history of economic ideas and to comparative economics.

13.307 Public Economics
Efficiency criteria for the public sector. Welfare economics, social policy and public sector spending decisions, taxation.

13.308 Economics of Labour Markets and Industrial Relations
An intermediate survey designed to provide students with a better understanding of labour markets, and a framework from which to judge the appropriateness of employment and wages policies. We also examine the impact of trade unions and industrial relations policies.

13.309 International Finance
Open economy macroeconomics, exchange rate theory and its microeconomic foundations including arbitrage, hedging and speculation. Problems of the international monetary system: fixed and floating exchange rate regimes; the European Monetary System; debt and developing countries; reform of the system.

13.310 Economic History of Australia and New Zealand
The development of the institutional framework of trade and international monetary arrangements of the principal trading nations.

13.311 Special Topic
To be prescribed by the Head of Department.

Economics II
13.201 Microeconomics
A survey of the use of techniques of microeconomics and operations analysis to solve problems in business and resource management.

13.202 Managerial Economics
An introduction to model building and research methods in economics. Emphasis on use and interpretation of single equation regression techniques in testing both micro and macroeconomic hypotheses.

13.203 Managerial Economics
Use of historical methods to analyse the industrialisation process in Europe and Pacific Rim countries.

13.211 The International Economy Since 1870
The development of the institutional framework of trade and international monetary arrangements of the principal trading nations.

13.212 Economic History of USA 1776-1940

13.213 Economic History of USA 1776-1940

13.214 The New Zealand Economy

13.300 Advanced Microeconomic Analysis
As prescribed for 13.300. This paper is taught at the Tamaki Campus.

13.301 Macroeconomic Theory and Policy
As prescribed for 13.301. This paper is taught at the Tamaki Campus.

13.302 Econometrics
Econometric modelling including estimation, testing and uses for policy and prediction.

13.309 International Finance
As prescribed for 13.309. This paper is taught at the Tamaki Campus.

13.310 Economic History of Australia and New Zealand
As prescribed for 13.310. This paper is taught at the Tamaki Campus.

13.311 Special Topic
To be prescribed by the Head of Department.

13.312 Special Topic
To be prescribed by the Head of Department.

13.313 Management and Enterprise in the British Economy 1750-1939

13.314 Law and Economics
Application of economics to the institutions of law. Particular emphasis is given to the efficiency of law and the implications of legal rules and structures for economic behaviour. The paper covers property rights, contracting, torts, and contemporary topics in New Zealand law.

13.315 Special Topic

Note: There is no guarantee that all these papers will be available to students during the current Calendar year. Students intending to read for BCom(Hons), MCom, Law and MCon should consult the staff towards the end of the previous year about preliminary vacation reading.
significance to New Zealand.

13.316 Special Topic East Asian Growth and Trade
13.320 Industrial Organisation
The study of firms in their markets, focusing on imperfect competition. Oligopolistic, monopolistic competition, analysis of strategic behaviour, government policies aimed at regulating oligopolistic and monopolistic behaviour, empirical applications.

*T13.325 Special Topic
This paper is taught at the Tamaki Campus.

*T13.330 Special Topic
This paper is taught at the Tamaki Campus.

*T13.335 Special Topic
This paper is taught at the Tamaki Campus.

Economics for BCom(Hons), MA, MCom, MPhil and Honours
Note: Candidates proposing to take paper 13.402 should consult the lecturer in charge of the Head of Department regarding Mathematical papers to be taken in the Bachelor's Degree course.

Students intending to take any postgraduate economics papers should consult the Department before the end of the previous year for advice on availability of papers, prerequisites and reading guides.

*13.400 Growth and Fluctuations
*13.401 Topics in Monetary Economics and Macroeconomics
Topics include central banking, inflation, output and unemployment, government deficits, business cycles and the integration of money and value theory.

13.402 Econometrics
The general linear model of extensions, plus selected topics from time series, microeconometrics.

13.404 Concepts and Strategies for Economic Development
A critical examination of some of the main theories and policy directions in pursuit of economic development in (mainly) Third World countries since World War II, including questions of the measurement of development, models of growth, trade and export promotion, environmental sustainability, poverty and underdevelopment.

13.405 Public Economics
The lecture section of the course concentrates on welfare and tax economics.

13.406 The History of Economic Thought
A survey course covering a selection of topics in the history of economics ideas including classical economics, post-classical microeconomics and developments in twentieth century macroeconomics.

*13.407 Comparative Economics: Primitive, Peasant, Industrial and Socialist Economies
13.408 Urban Economics

*13.410 Special Topic - Growth of the Corporate Economy
13.411 Economics of Population Change
13.412 Economic Forecasting
Aims to provide experience in quantitative research methods in economics, with an emphasis on those relating to forecasting.

13.413 Special Topic: Economics of the Environment
Provides a set of economic concepts and techniques for analysis of natural resource use and environmental policy questions, with emphasis on economic efficiency, equity, and effective institutional arrangements in solution of management problems. Covers both New Zealand policy and global environmental issues.

13.414 Special Topic: Labour Economics and Human Resources
An advanced survey in labour economics, with emphasis on microeconomic model building, empirical research and policy applications.

13.415 Special Topic: International Economics
13.416 Special Topic: Public Policy
13.417 Special Topic: Development of the Chinese Economy
13.418 Special Topic: The International Business Cycle
13.419 Special Topic: Topics in Microeconomics
A selection of topics of research interest currently including game theory, uncertainty, general equilibrium, contracts.

13.420 Special Topic: Industrial Organisation
13.421 Special Topic
13.422 Special Topic
13.601 Thesis
13.603 Research Essay
For MCom.
13.623 Research Essay
For BCom(Hons).
Note: There is no guarantee that all these papers will be available to students during the current Calendar year.

DEPARTMENT OF MANAGEMENT SCIENCE AND INFORMATION SYSTEMS

Management Science and Information Systems I

13.100 Business Computing
The concepts, issues and importance of information systems are emphasized. Types of information systems, their components, their development, and operations are covered. It includes practical experience in a laboratory environment using personal computers.

13.110 Computers and Information Systems
This paper concerns the concepts, issues and importance of computers and information systems for organisational and personal use. It includes an introduction to components of information systems and how they may be developed. The paper has a considerable laboratory component. The paper is intended both for students who wish to take a single paper in computing and for those who intend to advance in Information Systems, Computer Science or Information Technology (students wishing to advance should also take T07.115 Computers and Programming).

Management Science and Information Systems II

13.293 Introduction to Operations Research
This course emphasises the relationship between business and industrial applications and their associated Operations Research models. Computer package software is used to solve practical problems. Topics include linear programming, transportation and assignment models, network algorithms, queues, Markov chains, inventory models and simulation.

13.299 Introduction to Operations Research
As prescribed for 26.293. This paper is taught at the Tamaki Campus.

13.400 Growth and Fluctuations
13.401 Topics in Monetary Economics and Macroeconomics
Topics include central banking, inflation, output and unemployment, government deficits, business cycles and the integration of money and value theory.

13.402 Econometrics
The general linear model of extensions, plus selected topics from time series, microeconometrics.

13.404 Concepts and Strategies for Economic Development
A critical examination of some of the main theories and policy directions in pursuit of economic development in (mainly) Third World countries since World War II, including questions of the measurement of development, models of growth, trade and export promotion, environmental sustainability, poverty and underdevelopment.

13.405 Public Economics
The lecture section of the course concentrates on welfare and tax economics.

13.406 The History of Economic Thought
A survey course covering a selection of topics in the history of economics ideas including classical economics, post-classical microeconomics and developments in twentieth century macroeconomics.

*13.407 Comparative Economics: Primitive, Peasant, Industrial and Socialist Economies
13.408 Urban Economics

*13.410 Special Topic - Growth of the Corporate Economy
13.411 Economics of Population Change
13.412 Economic Forecasting
Aims to provide experience in quantitative research methods in economics, with an emphasis on those relating to forecasting.

13.413 Special Topic: Economics of the Environment
Provides a set of economic concepts and techniques for analysis of natural resource use and environmental policy questions, with emphasis on economic efficiency, equity, and effective institutional arrangements in solution of management problems. Covers both New Zealand policy and global environmental issues.

13.414 Special Topic: Labour Economics and Human Resources
An advanced survey in labour economics, with emphasis on microeconomic model building, empirical research and policy applications.

13.415 Special Topic: International Economics
13.416 Special Topic: Public Policy
13.417 Special Topic: Development of the Chinese Economy
13.418 Special Topic: The International Business Cycle
13.419 Special Topic: Topics in Microeconomics
A selection of topics of research interest currently including game theory, uncertainty, general equilibrium, contracts.

13.420 Special Topic: Industrial Organisation
13.421 Special Topic
13.422 Special Topic
13.601 Thesis
13.603 Research Essay
For MCom.
13.623 Research Essay
For BCom(Hons).
Note: There is no guarantee that all these papers will be available to students during the current Calendar year.
T74.223 Information Technology for Management
This paper will assist in the development of information technology skills and knowledge applicable to business and organisations. Emphasis will be placed on planning evaluating information and communication systems essential to enterprises. A variety of workshops and laboratory exercises will be available to develop skills in the use of information technology tools. This paper is intended for students specialising in subjects outside Management Science and Information Systems.

†T74.224 Introduction to Data Communications
An introduction to architecture, hardware and software of computer based data communication systems.

Management Science and Information Systems III
74.300 Advanced Operations Management
Advanced inventory and distribution systems, Material Requirements Planning and Master Production Scheduling, modern manufacturing technologies (JIT, FMS, CIM), quality and productivity management, facilities layout and design of production lines.

*†T74.300 Advanced Operations Management
As prescribed for 74.300. This paper is taught at the Tamaki Campus.

74.301 Project in Operations Management
Application of POM techniques to operations problems in a real setting.

†T74.301 Project in Operations Management
As prescribed for 74.301. This paper is taught at the Tamaki Campus.

74.302 Information Integrated Operations
Study of the role of information technology in operations management including both manufacturing and services industries. Customer order entry, Manufacturing Planning and Control, Automated Materials Handling, CAD, Computer Technology, Group Technology, robotics. Development of CIM strategy. An organisational perspective will be used throughout.

*†T74.302 Information Integrated Operations
As prescribed for 74.302. This paper is taught at the Tamaki Campus.

74.310 Total Quality Management
Statistical quality control. Quality planning. Total quality management. Demming approach. Costs of quality. Integration of operations management and quality, in both manufacturing and services. Relationship between quality management and information systems. Material will be considered from a managerial perspective.

26.391 Optimisation in Operations Research
Linear programming; Simplex and revised Simplex methods; duality and the dual Simplex method; post optimal analysis; decomposition and column generation, integer programming; cutting planes and branch and bound; dynamic programming; network analysis, transportation and flow problems.

26.395 Mathematical Modelling in Operations Research
Introduction to deterministic and stochastic models in such areas as queuing theory, inventory control, reliability, decision processes, scheduling, digital computer simulation, Monte Carlo methods.

74.320 Systems Design
Concepts and practices of computer software architects with applications to the design of business systems.

74.320 Systems Design
As prescribed for 74.320. This paper is taught at the Tamaki Campus.

74.321 Systems Project
Systems analysis, design, and development techniques are combined to solve a specific information systems problem. A team of students will usually work on a problem within a business or organisation outside the University.

74.321 Systems Project
As prescribed for 74.321. This paper is taught at the Tamaki Campus.

74.323 Management of Information Systems
Planning, designing and implementing of computerised information systems from a managerial point of view, in both PC and mainframe computer environments, with special reference to New Zealand.

†T74.323 Management of Information Systems
As prescribed for 74.323. This paper is taught at the Tamaki Campus.

74.324 Data Communications
An introduction to data communication technology: equipment, software, systems, services. The design methods and management of data communication networks. Managerial aspects of data communication problems in New Zealand conditions.

†T74.324 Data Communications
As prescribed for 74.324. This paper is taught at the Tamaki Campus.

74.325 Expert Systems

†T74.326 Special Topic: Social and Organisational Issues in Computing
The social and organisational issues associated with computer and information technology will be covered with special reference to New Zealand. Topics will include: impact of computer technology on organisations and society, information technology and organisational change, computerisation and the transformation of work, social relationship in electronic communities, social control and privacy, ethical issues and professional responsibilities.

74.327 Advanced Database Concepts and Decision Support Systems
An introduction to the design, development and implementation of systems for decision support and collaborative work and their underlying tools and technologies. Database topics such as data dictionaries, concurrency control, recovery, security, semantic data modelling, hypertext, distributed and object-oriented databases will be covered.

*†T74.328 Special Topic

†T74.329 Advanced Data Communications
Advanced topics in data communications with emphasis on network management and networking standards.

74.330 Special Topic

74.331 Special Topic

74.332 Special Topic

74.333 Special Topic

74.334 Special Topic

74.335 Special Topic

Management Science and Information Systems for BCom(Hons), MCom and Honours
Note: Excepting 74.601, 74.602 and 74.603, all other papers in this schedule are half papers.

74.430 Operations Management I
Focus will be on key issues in manufacturing organisations and the latest trends. Topics will include Just In Time, Computer Integrated Manufacturing, Manufacturing Strategy and Kaizen. Students will be expected to become familiar with the latest literature in these areas and to develop and deliver seminars to the class.

74.431 Operations Management II
Key issues in service organisations and the latest trends will be explored. Topics will include service quality, use of technology by service providers, service strategy, and Kaizen. Students will be expected to become familiar with the latest literature and develop and deliver seminars to the class.

74.432 Quality Management I
An in-depth examination of key issues in Quality Management, including 4 stages of quality evolution, continuous improvement concepts and methodologies, service quality models benchmarking, cost of quality, learning organisation Quality Management implementation and ISO 9000 standards.
Quality Management II
An examination of advanced topics in Quality Management with emphasis on the integrative nature of Quality Management and its relationships with other business disciplines. Topics will include proactive and strategic quality management, quality function deployment, 7 new tools, concept engineering and innovation.

Special Topic

Deterministic Methods in Operations Research
The application of deterministic optimisation methods in Operations Research including topics such as complexity, data envelopment analysis, networks, set partitioning and dynamic programming.

Stochastic Methods in Operations Research
The application of non-deterministic methods in Operations Research including topics such as Markov Processes, stochastic optimisation, time series, forecasting, decision analysis and reliability.

Studies in Operations Research A
Case studies and projects based on literature reviews.

Studies in Operations Research B
An examination of software and computer packages with applications in Operations Research.

Advanced Linear Optimisation A
A study of advanced topics in linear optimisation including degeneracy resolution, LU basis handling techniques, elastic LP, the Primal/Dual method, decomposition and interior point methods.

Non Linear Optimisation B
A study of theoretical necessary and sufficient conditions and computation methods for unconstrained and constrained nonlinear optimisation.

Foundations of Information Systems Research
A substantive and methodological introduction to contemporary Information Systems Research. The primary focus will be on the behavioural, strategic, organisational and social issues relating to the methods and implementation of information technology applications. Research methods that are commonly applied, and those that have been identified as potentially promising in the discipline will be surveyed.

Contemporary Information Systems Research
Current research in the Information Systems discipline. Topics will include: human and organisational information processing, decision making process, system implementation, organisational and social impacts and information systems assessment. Students will carry out a research project and deliver a seminar as part of the paper requirements.

Decision Support Systems
A comprehensive review of the research literature in the emerging area of Decision Support Systems. This will enable students to study and critically evaluate divergent perspectives on such systems and technologies, to study their various components and how they relate to each other, and to learn to work some of the hardware and software tools for prototyping such systems. Topics will include: decision analysis, database and model management and human-computer interaction and interface design. Students will design a system as part of the paper requirements.

Group Decision Support Systems
Key technologies and design issues pertaining to group decision making will be covered. Current thinking in areas such as Executive Information Systems, Electronic Meeting Systems and Computer-Supported Cooperative Work will be covered. Topic coverage includes coordination theory, and computer support for work groups and teams. Students will use the Decision Support Centre to examine the issues related to computer-supported collaborative work and the use of electronic meeting systems.

Strategic Information Systems I
The information system is viewed as the single entity which corresponds to the firm or the strategic business unit acting as a whole. In this context, information systems strategies and capabilities and business strategies and capabilities offer the prospects of positively influencing each other and achieving significant organisational transformations in response to competitive pressures and opportunities. In this seminar, style paper, enterprise level information systems strategies are defined in support of corporate level business objectives in a focused business domain.

Strategic Information Systems II
Examples of strategic information systems that have already been successfully utilised will be examined. Past examples of business areas of study for this paper have been cooperative markets and growth firms. The state of knowledge of relevant, important technological issues in an organisational sphere are established by lectures, guest lecturers, and literature searches. Students will summarise and blend the knowledge sufficiently to propose a joint research question and a division of research efforts for each person to pursue and present individually to the class for discussion. Each student then synthesises the work of all.

Information Modelling
Various approaches to modelling information systems are dealt with. Complex problems are viewed as abstractions made up of diverse objects such as data, models and interfaces. The representation of the semantics of complex problems and the consequent manipulation of the represented objects from the focus of study. An understanding of the role of models and modelling in the design of information systems will be provided. Students will work on a project where an organisational problem will be modelled and implemented using advanced software platforms.

Advanced Database Topics
Topics relating to post relational data modelling and the data administration activities in contemporary database management environments will be covered. Topics will include: semantic modelling, object oriented modelling, database recovery, data dictionaries, database performance, tuning and maintenance.

Software Engineering I
This paper develops an understanding of the principles necessary to build up and manage reliable and efficient software. Various approaches of software design, testing and maintenance will provide an overview of the area. The development of software metrics and their applicability to software project estimation will be discussed.

Software Engineering II
This will explore the project estimation and the development of reliable software metrics thoroughly. Students will read current literature in these areas to appreciate the scope and complexity of the problem. The concept of computer aided software engineering and the specific role of integrated CASE tools will provide experience in the application of the concepts.

Research Methods I
An examination of the research methods used in Management Science and Information Systems.

Research Methods II
Experimental design in Management Science and Information Systems.

DEPARTMENT OF MANAGEMENT
STUDIES AND LABOUR RELATIONS

Management Studies and Labour Relations I
72.101 Organisation and Management
Introduction to organisational behaviour; including motivation, interpersonal relations, communication, leadership, and group processes. Organisations as mechanistic, organic, and political systems. Organisations as cultures. Organisations as instruments of domination. Organisational analysis, principles of management, including strategy, organising and control. Principles of labour relations, including employment, industrial legislation, trade unions, industrial conflict.

T72.101 Organisation and Management
As prescribed for 72.101. This paper is taught at the Tamaki Campus.

Management Studies and Labour Relations II
72.204 Organisational Behaviour
A framework for understanding human behaviour in the context of organisations, focusing on the individual (personality, motivation, leadership); groups (communication, group dynamics, conflict management, power and politics) and the impact organisational structure, culture and change have on behaviour.

T72.204 Organisational Behaviour
As prescribed for 72.204. This paper is taught at the Tamaki Campus.

72.207 Labour Relations
Introduction to subject of labour relations with special reference to New Zealand. Institutional and legal frameworks. History and organisation of trade unions and employers’ associations. Role of government. Legislation relating to employment and resolution of industrial disputes. Procedures for determining pay and conditions of employment in the public and private sectors.

T72.207 Labour Relations
As prescribed for 72.207. This paper is taught at the Tamaki Campus.

†T72.208 Labour and Management on the Pacific Rim
This paper is designed to locate contemporary labour relations development in New Zealand in the context of labour relations regimes elsewhere on the Pacific Rim. The development of bargaining systems in New Zealand is compared with systems to be found in Australia, Latin American import substitution economies and the NICs of East Asia. The contrast is drawn between the deregulation of traditionally regulated bargaining systems in New Zealand, Australia and Latin America and the emergence of more flexible bargaining systems in the NICs of East Asia. This paper is taught at the Tamaki Campus.

72.210 Communication Processes
Broad-based theories of communication with a focus on interpersonal and small group communication with a Commerce orientation. The syllabus includes communication technologies, communication variables, perceptual processes, critical thinking, models of listening, verbal and non-verbal communications and group communication.

72.211 Business in Society
The paper will examine the relationship between business institutions and the social, cultural and political climate within which they operate, assessing the effects of business on society and of society on business. The material covered will focus primarily on New Zealand and adopt both an historical and contemporary perspective. The following topics will provide major segments of the paper: Business and Government; Maori Business and the Environment; Business Ethics; The Culture Industries.

Management Studies and Labour Relations III
72.303 Comparative Labour Relations
An analytical overview of comparative study. Analysis and case studies of economic restructuring and employment relations in the European Economic Community and Eastern Europe (Russia, Hungary, Poland, unified Germany and the United Kingdom), employment relations, activities of signatories to trade agreements in the Americas (United States, Canada and Mexico) and Asia (Japan, Australia and the Asian Tigers).

72.305 Interpersonal and Group Relations
A course of study on both the ‘process’ and ‘content’ of interpersonal and group relations including the following topics: interpersonal communication; interpersonal perception; group dynamics; problem management; business management by team; managing multi-group work; managing diversity; and leadership practices vis-à-vis individuals and groups.

72.307 Personnel Policy and Practice
The historical bases of personnel management and its strategic role in business planning. The framework emphasises personnel functions, such as staffing, training, evaluation and rewards. Discussions include current issues such as affirmative action and pay-for-performance.

72.311 Entrepreneurial Behaviour and New Venture Management
This course aims to prepare third year students for managing a new firm, either as owner or as an executive in a diversifying organisation: or for acting in an advisory capacity. The subject of small firm start ups in competitive and/or co-operative situations will be covered.

†T72.314 Organisational Communication
Advanced study of communication relating specifically to organisational matters, including organisational systems and structures, small groups, conflict and leadership. The management of communication, including communication policies, the communication of values, communication in decision and change processes, communications media, and the monitoring of communication effectiveness.

†T72.316 Organisational Psychology
Psychological aspects of organisations, applying theory to the world of work. Topics covered are work motivation, work related attitudes, turnover and absenteeism, stress, climate and culture, groups, leadership and organisational development, and personnel psychology.

72.317 Women in Organisations
The implications of increasing numbers of women in the paid workforce are explored in an interdisciplinary way. Includes occupational segregation, home-work interface, female identity, sexual harassment issues, career development, EEO, women managers, leadership and power, feminist critiques of organisations and micro and macro strategies for change.

72.325 Organisation Theory and Development
Theories of organisations, including formation of new organisations, organisational change, and organisational failure. Traditional and contemporary approaches to organisational structure and design. Organisational development and effectiveness. Power, politics and systems of control in organisations.

72.325 Organisation Theory and Development
As prescribed for 72.325. This paper is taught at the Tamaki Campus.

72.326 Management Theory and Practice
A course of study on the world and work of the modern manager including: the history of management thought, ethics and social responsibility; is management rational?; management and motivation; new approaches to leadership; management and culture; self management; the nature of managerial work; “Human Resource” management; organisation change, innovation and development.

†T72.326 Management Theory and Practice
As prescribed for 72.326. This paper is taught at the Tamaki Campus.

72.340 Special Topic
1994: Trade Union Studies
An analytical and practical study of the challenges facing the trade union movement in New Zealand and its various responses to
them. It will consider how trade unions in New Zealand are dealing with international competitiveness, flexibility in the labour market and a deregulated industrial relations environment, among other contemporary issues.

72.341 Special Topic
1994: Business Ethics
An examination of ethical issues which arise in business contexts. Several frameworks for resolving such issues are presented. Three main areas are covered: ethical dilemmas facing individuals within organisations; ethical issues for organisations; fundamental questions about the ethical nature of business.

72.342 Special Topic

Management Studies and Labour Relations for MCom and MPhil
72.405 Organisation Development
The history of Organisational Development, its value bases, methodologies and relationship to management consultancy. The theory and types of “intervention”. Theories of organisational change and growth. Included is a major piece of analytical fieldwork.

72.407 Empirical Study in Labour Relations or Management
An empirical investigation into some aspect of current industrial relations or management practice in the context of existing theoretical research. Requires the submission of three interrelated pieces of work including a literature review, a project proposal and a final report.

72.410 Research Methods
The theory and application of modern research methods. Includes the philosophy, process and design of research, the integration of research in practical settings with applied goals and various specific techniques such as questionnaire design, interviewing and behavioural observation, as well as descriptive and inferential statistics.

*72.411 Special Topic
1994: The Political Economy of Industrial Relations
Examines the influence of global economy and selected national economies on the development and practice of industrial relations. Includes the relationship between economic policy and issues such as labour market reform, labour legislation and bargaining structures. The influence of “new right” economics on successive US, UK and NZ governments will be addressed alongside the rise of international capital and its influence on workplace change. Issues related to changes in East/Central Europe will be addressed.

72.412 Special Topic: Business and Culture
An opportunity for advanced study of issues arising at the interface between business and society; explores in particular the dynamics of a business culture and the role of business in cultural change.

72.413 Special Topic: Work in Post Industrial Society
A study of changes in the character of work in contemporary and emerging social conditions. Focus is on the relationship between work and the social-historical processes of industrialisation and the late 20th century condition that is currently understood as “post-industrialisation”. Includes changes in work such as automation technologies, the rise of corporate organisations and service industries, the emergence of the new “knowledge workers”, the impact of electronic communication and production systems, and the problem of unemployment. Explored in the context of wider societal processes and changes that include the structure and composition of the workforce, the globalisation of industry and trends in political and social organisation.

72.414 Special Topic: Issues in Public Sector Management
Examines the critical issues in public sector management including the fundamental question of the applicability of private sector management models and philosophies. Includes the economic and organisational theories underlying public sector reform, market versus bureaucratic models, public policy formulation, the relationship between policy and management, new organisation structures, organisation design in the public sector, industrial relations and human resource issues, the management of professionals, processes of organisational change, organisational culture and quality assurance.

*72.415 Special Topic: Management of Professionals
A study of the management of highly trained professionals in bureaucratic or business organisations as well as in professional service firms. Includes issues such as the conflict between managerial control and professional autonomy, professional versus organisational loyalties, employment of general managers in professional service firms, introduction of quality assurance, and the usefulness of contemporary management techniques in organising professional services.

72.416 Special Topic: Contemporary Themes of Women and Organisations.
An examination of theoretical precursors to and results of increasing numbers of women in the paid workforce. It will explicitly cover contributions that women’s studies have made to our understanding of occupational segregation, organisational structure, sexual behaviour at work, leadership, power, empowerment and politics, work stress, micro and macro strategies for change.

72.420 Contemporary Themes in Labour Relations
A study involving advanced analysis of a number of key issues in contemporary labour relations. Includes legislation and the labour relations system, approaches to industrial democracy, technological change and labour relations practices, the debate between labour relations and human resource management, trade union strategies and economic downturn, gender in the workplace. Material will be drawn from New Zealand and appropriate international experiences.

72.421 Advanced Organisation Theory and Behaviour
An in-depth study of contemporary theories of organisation design, structure and behaviour. Topics may include theories of organisation structure, functional, product and matrix designs, power and politics in organisations, organisational communication, gender and organisations, organisation change, organisational culture, technology and organisations, leadership, decision-making, managing diversity.

72.422 Comparative Labour Relations
An analytical overview of comparative study; analysis and case studies of economic restructuring and employment relations in the EEC and Eastern Europe (Russia, Hungary, Poland, Germany and the UK), employment relations activities of signatories to trade agreements in the Americas (US, Canada and Mexico) and Asia (Japan, Australia and the NICs). Topics will include comparative analysis of labour relations and economic performance, labour relations and political change, employer and employment strategies.

72.423 Strategic and Comparative Human Resource Management
An extensive and critical review of the literature in the field of ‘strategic human resource management’ and a review of analytical frameworks and major studies in comparative HRM.

72.424 Theories of Human Resource Practice
A study of the theoretical bases and multi-disciplinary research literature underpinning the practice of HRM. Includes recruitment and selection, reward management, remuneration, training and development, organisational culture and employee satisfaction and commitment, work systems and design, employee diversity and other pertinent areas of contemporary practice.

72.601 Thesis
For MCom.

72.603 Research Essay
For MCom.

Notes
(i) There is no guarantee that all these papers will be available to students during the current Calendar year.
(ii) Discussions concerning thesis and research topics generally take place during the first year of enrolment.
DEPARTMENT OF MARKETING AND INTERNATIONAL BUSINESS

Marketing and International Business II
71.200 Marketing Management
Study of the principles of marketing management within the framework of the strategic management model. Identification of market opportunities, buyer behaviour, marketing research, segmentation and targeting, and planning the tactical elements of the marketing mix. Examination of relationships between marketing and other business functions.

71.201 International Business
An investigation of the environment within which international companies work; upon this framework is developed an understanding of the rationale and methods of international business. The course places an emphasis upon the formulation of marketing strategies and the particular problems and opportunities of New Zealand companies operating internationally.

T71.200 Marketing Management
As prescribed for 71.200. This paper is taught at the Tamaki Campus.

T71.201 International Business
As prescribed for 71.201. This paper is taught at the Tamaki Campus.

Marketing and International Business III
71.300 Marketing Strategy
The capstone course in marketing management, aimed at providing students with the knowledge and skills required by an effective marketing executive assistant. The course utilises the strategic management framework and emphasises experiential learning in marketing measurement and appraisal, preparation of strategies and plans, and analysis of market performance. Students are encouraged to develop further skills for continuing appraisal of marketing theory and techniques. A major practical project is included.

†T71.300 Marketing Strategy
As prescribed for 71.300. This paper is taught at the Tamaki Campus.

71.301 Consumer Behaviour
Examination of the behaviour of the consumer through several buyer behavioural models. The following concepts are covered; group influences, including social stratification, reference groups and the family; individual influences, including information processing, learning, attitudes and personality; persuasive communication and its effect on attitudes; decision processes, including problem recognition, search evaluation and post-purchase experience; current research in consumer behaviour. Study of the implications for the practice of marketing management.

†T71.301 Consumer Behaviour
As prescribed for 71.301. This paper is taught at the Tamaki Campus.

71.302 Marketing Research
The course examines the principles of marketing research and their application to marketing problems. The course will cover research problem definition, research design, data collection, data analysis and reporting.

†T71.302 Marketing Research
As prescribed for 71.302. This paper is taught at the Tamaki Campus.

71.304 Marketing Practice
Study of marketing practice and management in selected fields of application drawn from: industrial marketing, channel management, international marketing, primary products marketing, advertising and promotions management, marketing services, and retail marketing.

71.311 Special Topic
1994: International Business
This paper reviews a number of conceptual and theoretical models underlying the general areas of international business. Recent developments in the international financial environment, the international trading environment, the GATT, and the political environments as they affect the conduct of international business will be well covered.

(Prerequisites: 71.200, 71.201)
†T71.312 Special Topic
To be prescribed by the Head of Department.

*71.313 Special Topic
1994: Relationship Marketing
(Restriction: 71.310)

Marketing and International Business for BCom(Hons), MCom and Honours
71.400 Advanced Marketing
Advanced study of marketing theory related to a range of different areas such as strategy, services, promotion, retailing and generic marketing management.

71.401 Advanced Buyer Behaviour
An advanced study of models and theory relating to the purchasing behaviour of consumer and industrial buyers. Recent research in cognitive information processing and cross-cultural research will be evaluated and its practical implications investigated.

71.402 Information Technology in Marketing
Advanced study of information technology in pursuit of competitive advantage; of marketing information systems; and marketing science methods. Students will require at least a basic statistical and computer literacy.

71.403 Research Methods in Marketing
This paper is concerned with the theory and application of modern research methods; the process and design of scientific research; and specific techniques of measurement, questionnaire design and behavioural observation. There will be coverage of the use of statistics and computerised data analysis. Prior knowledge of basic statistical techniques is assumed.

71.409 Special Topic
71.410 Special Topic
71.411 Special Topic
1994: Advanced International Business
A selection of practical issues in international business examined in depth, e.g.; joint ventures, control of international corporations, organisational structuring for international business, the internationalisation of the New Zealand firm.

71.412 Special Topic
1994: Advanced Strategic Management
Study of advanced concepts, models and techniques for the strategic management of corporations and business units; models of international competitive advantage for industries and firms.

71.413 Special Topic
71.601 Thesis
71.603 Research Essay
For MCom.

71.623 Research Essay
For BCom(Hons)

Note: There is no guarantee that all these papers will be available to students during the current Calendar year.

DEPARTMENTS OF MATHEMATICS AND STATISTICS

26.108 Algebra and Calculus for Commerce
Algebra and calculus and their application in business and economics: sets; real numbers; integers; matrices; linear algebra including linear functions, equations and inequalities, linear programming; non-linear algebra including non-linear functions, equations and inequalities; limits and continuity; differential calculus of one and several variables; integral calculus of one variable.

T26.108 Algebra and Calculus for Commerce
As prescribed for 26.108. This paper is taught at the Tamaki Campus.
26.188 Probability and Statistics for Commerce
Probability and statistics and their application in business and economics: probability axioms; random variable; expected value and variance; probability distribution; Markov processes; decision theory; sampling; descriptive statistics; statistical inference applied to small and large samples; analysis of frequencies; analysis of variance; correlation and regression; time series analysis; use of statistical computer packages.

T26.188 Probability and Statistics for Commerce
As prescribed for 26.188. This paper is taught at the Tamaki Campus.

26.208 Mathematics for Commerce
Background mathematical skills for third and fourth year Economics, Finance, Marketing Research, and Operations Research. Matrix-vector algebra, multivariable calculus, differential equations, and the use of symbolic computing is discussed with applications to the Commerce subjects listed above and Theoretical Statistics.

T26.208 Mathematics for Commerce
As prescribed for 26.208. This paper is taught at the Tamaki Campus.

26.288 Data Analysis for Commerce
Computer based analysis of statistical data. Topics include: data collection, exploratory data analysis, multiple regression, analysis of variance, contingency tables, industrial applications of statistics, and forecasting. This paper is very similar to 26.281, but is targeted towards Commerce.

T26.288 Data Analysis for Commerce
As prescribed for 26.288. This paper is taught at the Tamaki Campus.

For further Prescriptions see Index.

MASTER OF TAXATION STUDIES
01.480 The Impact of Taxation on Financial Reporting and Control
This course examines the interaction between accounting and taxation concepts of income and studies the different objectives underlying their measurement together with the associated financial reporting problems. Because taxes are an important form of wealth transfer, it is necessary to review the political and institutional environment while at the same time highlighting the two-way exchange between taxation and financial reporting. Some empirical studies documenting the accounting-taxation interface are looked at. Finally, the course examines the role of taxation in the firm’s investment, financing and dividend decisions.

01.481 Special Topic in Taxation Accounting
To be prescribed by the Head of the Department of Accounting and Finance.

02.480 The Tax Base - Definition and Manipulation
The nature of income, its timing and recognition, its distinction from capital and methods of calculation. Deductions and rebates. The limited role of capital in the existing tax base and the likelihood of its expansion. Tax minimisation in the courts. Statutory responses to tax avoidance. The Commissioner's discretion in applying and reviewing mechanisms.

02.481 The Taxation of Corporations and Investors
The impact of business structures on tax liabilities of business organisations and their members. Trusts, partnerships, joint ventures, groups of companies are considered but the primary focus is on the allocation of the tax burden between companies, shareholders and other investors.

02.482 Indirect and Asset Based Taxation
Existing transactional and property taxes such as the Goods and Services Tax and Land Tax. A comparative study of overseas experience with wealth and capital gains taxes and their possible application to New Zealand.

02.483 Current Developments in Taxation
Selected in-depth studies of recent or imminent changes in the tax laws. The topics chosen will vary from year to year. Only those areas capable of rigorous academic analysis will be chosen for examination.

02.484 International Taxation
Tests of residence for individuals and corporations. The wider tax base for off-shore income of New Zealand residents. Income derived by overseas residents from New Zealand activities. The Double Tax Treaty System. Selecting the country of residence. Anti-avoidance measures directed at transnational activity. The use of tax havens. As well as New Zealand taxation law the course also examines the municipal revenue law of some of our trading partners.

02.485 Discretions, Disputes and Procedures

02.486 Avoidance Provisions

02.487 Special Topic in Taxation Law
To be prescribed by the Head of the Department of Commercial Law.

02.488 Special Topic in Taxation Law
To be prescribed by the Head of the Department of Commercial Law.

13.480 Contemporary Issues in Fiscal Policy
Desirable characteristics of a tax system. Equity, neutrality, simplicity, public acceptance. Administrative efficiency, responsiveness to economic changes, optimum levels for revenue need. The use of taxation to meet welfare and social goals. The machinery of tax reform.

BACHELOR OF TECHNOLOGY
The Bachelor of Technology is an Inter-Faculty offering. For detailed Regulations refer to the Inter-Faculty Degrees and Diplomas section of this Calendar. Prescriptions for individual papers may be found in the Prescriptions for the Degrees of BCom, BE and BSc in the appropriate sections of this Calendar.

Note: * Starred papers will not be taught in the current Calendar year.
† Daggeder papers may not be taught during current Calendar year unless sufficient staff is available.
" T prefix - taught at the Tamaki Campus.

THE NEW ZEALAND SOCIETY OF ACCOUNTANTS
For those students intending a professional career as a Chartered Accountant, in either private practice or commerce, it is possible for a graduate to complete a degree which is recognised by the New Zealand Society of Accountants as meeting their academic requirements for admission, apart from the Business Communication module and the society's final qualifying examination. This arrangement has provided benefits both for the University and the profession. Full details are available from the Department of Accounting and Finance. Those with queries should write directly to the Education Officer, New Zealand Society of Accountants, P.O. Box 11342, Wellington. Exemptions from examinations of the Cost and Management Accounting Division of the New Zealand Society of Accountants are also granted to students who have passed certain degree subjects. Full details are available from the Department of Accounting and Finance.
DISCIPLINE COURSE REGULATIONS
DISCIPLINE IN BUSINESS  DipBus

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their course of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations. Every intending new candidate must apply to the Registrar for permission to enrol in the course not later than the date prescribed by the Senate for the year preceding that in which the candidate proposes to enrol. A candidate who has completed a Diploma in Business in one subject may proceed with permission to attempt the Diploma in Business in another subject.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Diploma in Business shall before enrolment for this Diploma:
   (a) have been admitted or qualified for admission to a Bachelor’s degree, and have had not less than two years of employment experience deemed relevant by the Senate, or
   (b) hold a professional qualification in Accounting, Engineering, Science or other discipline approved for this purpose by the Senate and have had not less than two years of employment experience deemed relevant by the Senate, or
   (c) have had not less than five years of employment experience deemed relevant by the Senate.
2. Admission to the course of study shall be at the discretion of the Senate.
3. A candidate for this diploma who has been credited for another degree or diploma with any paper the same as or similar to that prescribed under Regulation 6 of this Diploma shall substitute for each paper so credited such additional paper or papers as the Head of Department may approve.
4. A candidate who has completed a Diploma in Business in one subject may not cross credit those papers to another Diploma in Business.

Course Requirements
5. A candidate for the Diploma in Business shall be required to:
   (a) follow a course of study of duration equivalent to not less than one academic year, and
   (b) pass each of six papers from one of the following subjects:
       Engineering Management
       Finance
       Information Systems
       Maori Development
       Marketing
       New Venture Management
       Operations Management
       Personnel Management and Employee Relations
       Quality Management, and
   (c) perform laboratory and practical work to the satisfaction of the Senate, and attend workshops as required by the Senate.
6. The course of study for this Diploma shall consist of six papers from one of the following subjects.

   Engineering Management
   70.592 Project in Engineering Management
   70.593 Engineering Management in Practice
   and either (i)
   two papers selected with the approval of Senate from:
   Group A
   70.594 Advanced Manufacturing Technology
   70.595 Engineering Project Management
   70.596 Resource Management
   70.597 Quality Management for Engineers
   70.587 Business Contracts and Allied Obligations
   two papers selected from:
   Group B
   70.433 Marketing Management
   70.554 Services Marketing
   70.563 Business to Business Analysis and Marketing
   70.530 Financial Accounting
   70.426 Financial Management
   70.583 Management of Quality
   70.591 Technology, Organisation and Change
   70.546 Organisational Behaviour
   70.571 Analysis and Design
   70.575 Data Communications
   One other paper as prescribed for another subject for this Diploma (not PMER)
   or (ii) one paper selected from Group A and three papers selected from Group B.

Finance
   70.426 Financial Management
   70.532 Investment Analysis
   and four papers selected with the approval of the Senate from:
   70.529 Special Topic in Finance
   70.530 Financial Accounting
   *70.531 Theory of Corporate Finance
*70.533  Risk and Insurance
70.534  Case Studies in Finance
*70.535  Management of Financial Institutions
*70.536  Investment Administration
70.537  Property Finance and Investments
70.538  International Finance
70.539  Business Taxation
70.580  Finance Law

One paper as prescribed for another subject for this Diploma.

70.426 and 70.532 are pre-requisites for all other Finance papers, except 70.530.

Information Systems
70.571  Analysis and Design
70.572  Database Management

and four papers selected with the approval of the Senate from:

70.570  Programming Languages
70.574  Information Systems Project
70.575  Data Communications
70.576  Advanced Management of Information Systems
70.577  Strategic Information Systems
70.578  Project Management
70.579  Information Systems Control and Security
70.591  Technology, Organisation and Change
70.588  Information Technology and the Law

One paper as prescribed for another subject for this Diploma.

70.571 and 70.572 are corequisites for all Information Systems papers.

Maori Development
70.511  Maori Society: History & Resources
70.512  Finance and Accounting
70.513  Marketing and Management
70.514  Law and Legal Issues
70.515  Entrepreneurship
70.516  A Research Project in Maori Development

One paper as prescribed for another subject for this Diploma.

Marketing
70.433  Marketing Management
70.551  Strategic Marketing

and four papers selected with the approval of the Senate from:

70.552  Buyer Behaviour
70.553  New Ventures
70.554  Services Marketing
70.556  Special Topic in Marketing
70.558  International Business Management
70.559  Special Topic in International Business
70.561  Marketing Research
70.562  Advertising and Communications Management
70.563  Business to Business Analysis and Marketing
70.564  Information Technology and the New Marketing
*70.565  Statistics and Computing for Marketing
70.566  Direct Marketing
70.568  Corporate Venturing
70.569  Law of Marketing and International Trade

One or two papers as prescribed for another subject for this Diploma.

New Venture Management
70.553  New Ventures
70.568  Corporate Venturing

and four papers selected with the approval of Senate from:

70.501  Management of Small Business
*70.502  Management of Innovation and New Products or Services
70.503  Finance for New Enterprise
*70.504  Internationalisation of Product or Service Marketing
70.505  Information Systems and Control in New Ventures
*70.506  New Enterprise and the Law

One paper as prescribed for another subject for this Diploma.

Operations Management
70.581  Operations Planning and Control
70.582  Management of Service Operations

and four papers selected with the approval of the Senate from:

70.578  Project Management
70.583  Management of Quality
70.584  Project in Operations, Quality, or Technology Management
70.585  Strategic Operations
One paper as prescribed for another subject for this Diploma.
70.581 and 70.582 are corequisites for all Operations Management papers.

Personnel Management and Employee Relations
70.541 Labour Relations
70.542 Personnel Policy and Practice
70.546 Organisational Behaviour
and either (a) three papers selected from:
70.523 Equity Issues in Employment
70.543 Organisational Development
70.544 Training and Development
70.545 Strategic Human Resource Management
70.547 Advanced Labour Relations
70.591 Technology, Organisation and Change
or (b) two papers from (a) and
70.522 Labour Relations Project or
70.549 Personnel Management Project
70.541, 70.542 and 70.546 are corequisites for all Personnel Management and Employee Relations papers.

Quality Management
70.507, 70.508 are corequisites for all other Quality Management papers.
70.507 Overview of TQM
70.508 TQM Tools and Statistical Thinking
and four papers selected with the approval of the Senate from:
70.509 Leadership and Organisation
70.517 Implementation of TQM
70.518 Special Topics in TQM
70.519 Advanced Statistical Tools for TQM
70.524 Special Issues in Service Quality
70.526 Project in TQM
One paper as prescribed for another subject for this Diploma.
Note: * Starred papers will not be taught in the current Calendar year.
† Daggered papers may not be taught during current Calendar year unless sufficient staff is available.
7. In exceptional circumstances, Senate may approve a personal course of study which does not conform to the foregoing Regulations.
8. These Regulations shall come into force on 1 January, 1992.

DIPLOMA IN COMMERCE DipCom

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their course of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations. Every intending new candidate must apply to the Registrar for permission to enrol in the Course not later than the date prescribed by Senate for the year in which the applicant proposes to enrol.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Diploma in Commerce shall before enrolment for this Diploma:
   (a) have been admitted or qualified for admission to the Degree of Bachelor of Commerce or such other university degree as the Senate may approve in a particular case, or
   (b) hold or have qualified for the award of a professional qualification in Commerce approved by the Senate.
2. Subject to the Admission Regulations a candidate may enrol for the Diploma in Commerce after having completed at least nineteen papers for the Bachelor of Commerce Degree, or the equivalent in such other degree as may be approved by Senate in a particular case, provided that the Diploma will not be awarded until the Degree of Bachelor of Commerce has been completed.
3. Admission to the course of study for the Diploma in Commerce shall be at the discretion of the Senate.

Course Regulations
4. A candidate for the Diploma in Commerce shall be required to:
   (a) follow a course of study of not less than one year, and
   (b) pass the examinations in not less than six papers selected with approval of Senate from 200, 300 and 400 level papers in Accounting and Finance, Commercial Law, Economics, Management Science and Information Systems, Management Studies and Labour Relations, and Marketing and International Business,
   (c) select at least three papers at 300 or 400 level from one, or with the permission of the Senate more than one, of the subjects Accounting, Commercial Law, Economics, Management Science and Information Systems, Management Studies and Labour Relations, Marketing and International Business,
   (d) select no more than two of the papers at 200 level.
5. A candidate may with the permission of the Senate take one paper at 200, 300 or 400 level from a degree of this University in a subject not listed in Regulation 4 of this Diploma provided such paper shall substitute for and be equivalent to any other paper in this Diploma.
6. Except with the permission of the Senate, no candidate shall take in any one year more than eight papers for this course of study.
7. No candidate may present for this Diploma a paper which is the same or substantially equivalent in content to any paper the candidate has passed for another degree or diploma.
8. No candidate shall be credited for this Diploma with any paper passed for another degree or diploma.
9. The Senate may in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.
10. These Regulations shall come into force on 1 January, 1988.
DIPLOMA COURSE PRESCRIPTIONS

**DipBus**

**Engineering Management**

70.592 Project in Engineering Management

A supervised project requiring the application of engineering management techniques to investigate and solve a particular problem within the candidate’s own organisation or business.

70.593 Engineering Management in Practice

A course dealing with contemporary issues relating to the application of management principles across a range of engineering disciplines. The course will include case studies presented by practising engineering managers and, where appropriate, site visits.

70.594 Advanced Manufacturing Technology

A course designed to introduce students to the concepts and practice of modern advanced manufacturing technology (AMT). The topics covered will include: Designing for AMT, through the use of concurrent engineering techniques; planning for AMT using computer modelling and simulation; management and control of AMT through the use of knowledge based systems, computer aided engineering, CAD/CAM and computer integrated manufacturing.

70.595 Engineering Project Management

The principles, processes and techniques involved in the management of engineering projects. Topics include: networks and programming procedures; decision theory; contractual arrangements; statutory approvals; cost control procedures; quality assurance; organisational structures; motivation and conflict avoidance.

70.596 Resource Management

Management of natural and physical resources including air, land, water, energy, minerals and the built environment. Topics include: resource sustainability; environmental protection, management planning and legislative issues.

70.597 Quality Management for Engineers

Total Quality Management (TQM) is an evolving body of philosophies and techniques developed primarily by industry to create higher quality products and services. This course will consist of topics and case studies illustrating the techniques and applications of TQM in engineering management. Topics will include: planning for quality improvement; strategic tools for TQM implementation; experimentation in service and production industries; the elements of process control; effective use of data; tools for quantitative decision making.

70.597 Business Contracts and Allied Obligations

Contractual and other obligations affecting engineering management: General principles of contract. Intellectual property. Rights to know how and other valuable information. Liability for defective products, services and advice.

**Finance**

70.426 Financial Management

The conceptual framework of modern finance theory and application of that theory to the major decisions facing a corporate financial manager. Particular attention will be given to the topics of capital budgeting, valuation, financial structure and dividend policy. Implications of the theory and evidence for corporate financial decision making are emphasised.

70.530 Financial Accounting

A broad coverage of the theory, concepts and practice of financial accounting from the perspective of a user of financial statements. The material is oriented to New Zealand practices but important differences with international procedures are noted. This paper is for students with limited or no previous formal training in accounting.

*70.531 Theory of Corporate Finance

70.532 Investment Analysis

An intensive study of the basic concepts and tools of investment analysis. The environment of investment decision making in New Zealand is covered, including international considerations. Financial statement analysis is studied in detail. Efficiency of capital markets, the role of diversification, risk assessment and the relationship between risk and expected return are covered.

*70.533 Risk and Insurance

Risk and insurance are presented as theoretical concepts and then as problems and opportunities facing firms and individuals. Particular emphasis is placed upon the use of financial securities to manage risk. This will include securities available through organised markets or contracted with financial institutions, as well as those designed for a specific circumstance.

70.534 Case Studies in Finance

The focus of this course will generally be on corporate financial management including cases on management of working capital, raising long-term capital and capital budgeting. The precise content may vary with the changing economic climate, preferences of students and interests of the lecturer.

*70.535 Management of Financial Institutions

This paper investigates issues of financial management as applied to financial institutions. The orientation is to policy issues and principles rather than operating techniques. Topics will include asset and liability management, interest rate and risk management, and regulation, with attention to the New Zealand situation. The early sessions will survey broad issues while subsequent sessions will investigate specific theories and empirical evidence as to their efficacy. This course builds on knowledge acquired in Financial Management and Investment Analysis.

*70.536 Investment Administration

70.537 Property Finance and Investments

The theory and practice of property finance including the development perspective as well as the investment and management aspects. Regulatory and legal aspects will be discussed. However, the main emphasis will be upon valuation models, investment evaluation and financing issues.

70.538 International Finance

Analysis of issues arising from business activities in the international economic community. Covers the determinants of exchange rates and foreign investments, characteristics of international financial institutions and markets and the international monetary system.

70.539 Business Taxation

Analysis of the economic effects of business taxation in the framework of the total tax structure in New Zealand. Implications of taxation for business management and decision making are stressed. International business taxation issues are addressed although they are not central to the course.

70.580 Finance Law

The law affecting the raising of debt and equity capital. Public floats, takeovers and mergers. Legal issues arising from specialised forms of investment such as options, futures and commodities trading. Insider trading and negligent investment advice.

70.592 Special Topic in Finance

Supervised independent study and investigation of a chosen aspect of financial management. The participant will be required to present a detailed investigative report.

**Information Systems**

70.570 Programming Languages

An introduction to the procedural component of modern system development methods. Practical assignments of a procedural language are given in conjunction with screen and data-oriented non-procedural facilities. Appropriate applications of each type of language will be discussed. Strengths and weaknesses of current operation systems and computer hardware will be briefly reviewed.

70.571 Analysis and Design

An appreciation of, and initial experiences in, the attitudes, skills and knowledge required for successful systems analysis and
design. A variety of approaches are investigated and applied to a business case. Students will also analyse success and failure in a variety of New Zealand cases in Information Systems.

70.572 Database Management
An introduction to the key concepts and techniques required for the rational management of data in an organisation. Topics include planning and behavioural issues, data modelling, and the functions provided by common commercial data base management software environments. Extensive “hands-on” experience will be provided using a highly-rated DBMS.

70.574 Information Systems Project
An in-depth literature study and report on a well-defined subject from the field of Information Systems application in business. Topics associated with students’ workplaces are strongly recommended. If desired, students may combine an abbreviated feasibility study with the analysis, design and implementation of a working system. Students consult staff members on an individual basis.

70.575 Data Communications
Includes both Local Area Networks (LAN) and Wider Area Networks (WAN). Describes the major components of Data Communication systems, including transmission media, terminals and other DC hardware units, link protocols, networks and DS software. Introduces DC design techniques. Networks currently used by New Zealand organisations are presented and discussed.

70.576 Advanced Management of Information Systems
The paper deals with the management of information systems and technology as it is being practised in organisations today. A broad number of issues are covered including: management of end-user computing, information systems planning, conversion to new technologies, project management and the assessment of systems development productivity.

70.577 Strategic Information Systems
A framework for corporate level performance and competitive analysis in designing enterprise-wide information systems architectures. Information Systems, strategy and marketing views are synthesised in support of this aim. The framework will be studied in conjunction with Harvard Business School and local cases. Active student participation required.

70.578 Project Management
Methods of planning programmes and projects. Organisational structures and information management for project teams. Optimising techniques for project plans. Communications, motivational factors and conflict resolution techniques.

70.579 Information Systems Control and Security
Examination and evaluation of managerial controls over information systems. Discussion of data security issues in business organisations with special emphasis on the New Zealand environment.

70.591 Technology, Organisation and Change
Models of Technology and Change; Technology and Organisations: from Hawthorne to Robotics; Post-Fordism and the future of work; Japanisation and the Internationalisation of Technology; The Management of Technological Change; Technological Change and Participation.

70.588 Information Technology and the Law

Maori Development
70.511 Maori Society: History and Resources
A survey of Maori society and economic activity; the uses of Maori land and resources; the interaction of culture and commerce, incorporating a comparison of the Maori experience with those of other indigenous peoples.

70.512 Finance and Accounting
An overview of standard accounting practice and a review of contemporary information technology and systems; an introduction to financial and risk management; an analysis of the types of commercial and information accounting systems utilised by Maori organisations.

70.513 Marketing and Management
An analysis of the nature of Maori enterprise, and consideration of the Maori manager in relation to modern marketing and management practice and theory; the impact of national and international influences; development of ideas about the education and training requirements of Maori enterprises, formulation of options for delivery of such requirements at a variety of educational levels.

70.514 Law and Legal Issues
A review of the statutory and regulatory environment as it pertains to Maori resource use and commercial development, with regard to specific legislation and the Maori Land Court; relevant findings, and implications of Waitangi Tribunal negotiations and decisions.

70.515 Entrepreneurship
An introduction of market assessment and evaluation of business opportunities; developing a business checklist and presenting a case for finance; incorporating an analysis of successful collective-entrepreneurship models nationally and internationally.

70.516 Research Project
A research project related to the candidates own organisation, business background or experience which can be supervised by any of the teaching departments individually or interdepartmentally.

Marketing
70.433 Marketing Management
An introduction to the principles of marketing, the role of marketing in an organisation and the relationship of marketing to other business areas. It also examines the component parts of marketing.

70.551 Strategic Marketing
Procedures for analysing internal competencies and competitive advantages, strategies for growth and development and the management of innovation and new product development. Students will study and apply the techniques for managing a strategic business unit, the development of strategies and the preparation of marketing plans.

70.552 Buyer Behaviour
The study of concepts, theories, models and the practical observation of the process through which consumers and industrial executives make purchasing decisions. The implications of these insights for marketing management practice are studied.

70.553 New Ventures
The study of techniques in the launch of the fast growth stand alone venture. Entrepreneurial approaches to business management, including individual motivation and working in or with small start up teams. Resource constraints and how to handle them (financial, human and technical) are studied.

70.554 Services Marketing
The study of customer defined service quality and the managerial control and communication process explaining service quality gaps; case and management implications in applied settings.

70.556 Special Topic in Marketing
Supervised independent study and investigation of a chosen aspect of marketing. The student will be required to present a detailed investigative report.

70.558 International Business Management
An investigation of the environment within which international companies operate, and an understanding of the rationale and methods of international business. The formulation of marketing strategies in the international environment.

70.559 Special Topic in International Business
Supervised independent study and investigation of a chosen aspect of international business. The student will be required to present a detailed investigative report.

70.561 Marketing Research
The principles of marketing research and their applications to marketing problems. Research problem definition, research
design, data collection, data analysis and reporting of results.  

**70.562 Advertising and Communications Management**  
A study of the principles of Advertising and Communications including Advertising, Sales Promotion, Public Relations, and Direct Marketing. How these fit into the overall marketing mix and impact on other elements. How to plan and implement a cost-effective promotional mix.

**70.563 Business to Business Analysis and Marketing**  
This course examines aspects of marketing such as the use of numerical analysis in determining the standing of the business in relation to market and competitors. Certain specific aspects of such analysis which are peculiar to the business to business, industrial sector of marketing (as opposed to consumer marketing) will be highlighted.

**70.564 Information Technology and the New Marketing**  
Information Technology (I.T.) is a crucial factor in the development of marketing strategies today. It affects virtually every aspect of running a business. I.T. is now recognised as a principal means of achieving strategic success. Information technologies will cause a revolution in the way marketing will be done in the 1990s. If you want to remain a competitive marketing person you must be aware of these events. This paper will help you do so.

**70.565 Statistics and Computing for Marketing**  
Direct marketing is an interactive system of marketing which uses one or more advertising media to effect a measurable response and/or transaction at any location. It is one of the fastest growing elements of the marketing and promotional mix. This paper looks at ways in which Direct Marketing can be planned, implemented and controlled and how it fits in with all other elements of the marketing mix.

**70.568 Corporate Venturing**  
The study of tools and techniques for the planning, establishing and managing of project groups within or alongside the larger firm. Objectives, performance and likely trends in Corporate New Ventures: process and stage models. Project management skills.

**70.569 Law of Marketing and International Trade**  
The law concerning the marketing of goods and services within New Zealand and overseas. Legal protection for business innovation and goodwill. Product liability and consumer protection. Legal restrictions on promotion and advertising. Anti-competitive marketing arrangements. Franchises and licences. International sales contracts, choice of law, currency and payment, shipping contracts, export finance, marine and aviation insurance.

**New Venture Management**  
**70.553 New Ventures**  
As prescribed for Marketing Management.

**70.568 Corporate Venturing**  
As prescribed for Marketing Management.

**70.501 Management of Small Business**  
An intensive study of the skills basis for management of a small firm by an owner manager, taking a contingency approach to planning, organising, staffing and directing, setting budgets and monitoring performance (by manual and computer systems), understanding and serving a particular market, selling, giving credit and managing cash flow, detecting and controlling fraud and theft, taking insurance, dealing with the bank, selling the business, and planning for succession.

**70.502 Management of Innovation and New Products or Services**  
Specialist study of the measurement of new product or service demand, the management of the process of innovation, the examination of launch strategies for radically new products or services, the management of the diffusion of innovation process, joint ventures and other forms of collaboration, and the management of the sale and licensing of inventions and new ventures.

**70.503 Finance for New Enterprise**  
Fundamental principles of financial management and risk management with a specific orientation towards new enterprise. Topics of direct relevance will include start up, bridge, mezzanine and public financing measurement of new venture proposals, funding packages (equity versus debt), cash and cash flow management, venture capital in New Zealand and overseas, and buy in and buy out strategies from the financial viewpoint.

**70.504 Internationalisation of Product and Service Marketing**  
Developing international marketing opportunities for small and medium sized firms, from an established base in the domestic market. Strategies for exporting through agents and distributors, establishing offshore marketing branches and subsidiaries, and eventual foreign direct investment in manufacturing. Consideration of joint venturing and licensing arrangements in overseas countries. A review of particular internal capabilities that must be developed. Financing of international developments.

**70.505 Information Systems and Control in New Ventures**  
The need for and the design of a new firm information base, dealing with information professionals, value of information, timeliness of paperwork and computer systems, management and control issues, budgeting, performance comparisons, inventory management, new venture advantage through the use of information.

**70.506 New Enterprise and the Law**  
Study by the new venture manager of business formats - limited liability, partnership, own account, joint venture, co-operatives, intellectual property - patents, trademarks, copyright, design marks, protection of confidential information, and the law relating to passing off. Basic principles of Contract Law with particular respect to creditors, customers, and employees.

**Operations Management**  
**70.578 Project Management**  
Methods of planning programmes and projects. Organisational structures and information management for project teams, optimisation techniques for project plans, communications, motivational factors and conflict resolution techniques.

**70.581 Operations Planning and Control**  
Design of information and decision systems for allocating resources and scheduling activities. Topics include inventory control, forecasting, capacity planning, scheduling, material and resource requirements planning, aggregate planning, and integrated manufacturing control systems.

**70.582 Management of Service Operations**  
Management of service operations and efficient use of resources in the short term. Topics include service systems taxonomy, customer contact models, service factory concept, service quantity measurement and management, project management, planning and resources allocation in service systems, staffing and work planning, service system design, task sequencing, and shift scheduling.

**70.583 Management of Quality**  
Management of quality to gain strategic and competitive advantage. Quality as a management philosophy is stressed throughout the course. Quality management techniques such as Quality Function Deployment, Continuous Improvement and Statistical Process Control will be covered.

**70.584 Project in Operations, Quality, or Technology Management**  
A supervised project related to candidate's own organisation or business.

**70.585 Strategic Operations**  
Development and implementation of production and service strategies within corporate, business, and other functional strategies of the organisation. Topics include trade-offs in operations objectives and decisions, process positioning, product profiling, focused operations, experience curves and organisation design for operations.

**70.586 Information Integrated Operations**  
Study of the role of information technology in operations management including both manufacturing and services industries. The paper will cover customer order entry,
manufacturing planning and control, automated material handling, CAD, computer technology and robotics, the development of a CIM strategy. An organisational perspective will be used throughout the study.

70.591 Technology, Organisation and Change
As prescribed for Information Systems.

**Personnel Management and Employee Relations**

70.522 Labour Relations Project
70.523 Equity Issues in Employment

An introduction to the theory and practice of equity in the workforce. Changing demographic profile of N.Z. labour force and the effective management of this diverse workforce. The experience of women and minority groups and effects on workplace relations. Equal employment opportunity and pay equity legislation, policy development and effects on recruitment, promotion and performance appraisal. Implications for future work practices.

70.541 Labour Relations

70.542 Personnel Policy and Practice

70.543 Organisational Development

The history of Organisational Development, its value bases, methodologies, and relationship to management consultancy. The theory of "interventions". Types of "intervention". Theories of organisational change and growth.

70.544 Training and Development

Critical reflection of content, context and process of training and development policy and practice; theoretical underpinnings of education, training and development; examination of issues such as identification of need, evaluation, selection and construction of content, access and equity; training as intentional activity in the management of change - technological innovation, attitudes and relationship in the workplace, critical awareness and emancipatory learning. This course does not provide initial training in programme planning and design.

70.545 Strategic Human Resource Management

70.546 Organisational Behaviour

*70.547 Advanced Labour Relations

Advanced topics relating to comparative collective bargaining, transnational corporations, industrial democracy, political unionism and supply-side labour relations.

70.549 Personnel Management Project
70.591 Technology, Organisation and Change
As prescribed for Information Systems.

**Quality Management**

70.507 Overview of TQM

Principles of TQM; evolution, philosophy and approaches to TQM (Deming, Ishikawa, Juran, Crosby, Garvin); quality and competitiveness; strategic quality management; customer focus; continuous improvement; benchmarking; service quality; cost of quality and impact on financial results; accounting for quality; supplier relations; quality standards (e.g. ISO9000) and accreditation.

70.508 TQM Tools and Statistical Thinking

The "seven basic tools": check sheets, cause and effect diagrams, Pareto charts, histograms, flow charts, scatter diagrams and control charts; understanding variations; data and measurement; numerical and graphical summaries; exploratory data analysis; introduction to statistical process control; the role of advanced statistical tools in process improvement and evaluating customer services.

70.509 Leadership and Organisation

Leadership; management commitment; quality culture; organisational and cultural change; communication; involvement, empowerment and participation; motivation, and reward systems; team building and teamwork; organisation for quality.

*70.517 Implementation of TQM

Case studies of real-life implementation of TQM and in organisations in New Zealand and overseas. Case studies of organisations that have been through the quality standard accreditation processes (in particular ISO9000).

*70.518 Special Topics in TQM

Proactive quality management and the VW model; quality in design and new product development, Quality Function Deployment, the "house of quality", voice of the customer, process re-engineering, policy development; the role of measurement and data; cost management systems for tracking the cost of quality.

*70.519 Advanced Statistical Tools for TQM

"New seven tools": affinity diagram, interrelationship digraph, tree diagram, prioritisation matrices, matrix diagram, process decision program chart, activity network diagram; process capability; advanced control charting techniques, statistical versus dynamic process control; experimental design, Taguchi methods; evolutionary operations (EVOP); sampling techniques; reliability management; product liability; performance measurement.

*70.524 Special Issues in Service Quality

Customer expectations and quality; transactional and relationship quality; service quality design, measurement, management (process and people), marketing, systematic improvement; service quality models.

*70.526 Project in TQM

A TQM related project in a participant's company and supervised by the staff.

**DipCom**

See the prescriptions for the BCom and MCom courses. The DipCom is designed as a two-year part-time course, or as a one-year full-time course.

**Note:** * Starred papers will not be taught in the current Calendar year.

† Daggered papers may not be taught during current Calendar year unless sufficient staff is available.

GENERAL INFORMATION

FACULTY OF EDUCATION

The Bachelor of Education (BEd) is a four year degree introduced in 1990 and taught in co-operation with the Auckland College of Education. Students would be enrolled concurrently at Auckland College of Education or would have completed in whole, or in part, a Diploma of Teaching.

The Master of Education (MEd) Degree is offered in special areas only. These are Educational Administration, Counselling, Higher Education, Maori Education, Mathematics Education, Science Education and Special Education. The Department of Education should be consulted for details of programmes available in any one year.

For additional information see Faculty of Education Handbook, the Calendar of the Auckland College of Education, and Departmental Handbooks.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF EDUCATION BEd

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations a candidate for the Degree of Bachelor of Education shall follow a course of study of not fewer than four years.
2. The course of study for the Degree shall consist of twenty-eight papers: 14 undertaken through University study and 14 undertaken as part of the Auckland College of Education's Teaching Studies and Professional Practice.
3. Every course of study for the Degree shall include:
   (a) seven papers in the subject Education as prescribed for this Degree including three at Stage III as in Schedule A of these Regulations;
   (b) seven papers in a subject or subjects other than Education, as in Schedule B of these Regulations including at least three above Stage I and selected by the student on the advice of the Dean of the Faculty of Education and with the consent of the relevant Head of Department of the University;
   (c) Teaching Studies, to the equivalent of eleven papers of which two are at 300-level as in Schedule C(a) provided that the Principal of the Auckland College of Education may waive such compulsory parts of these requirements or modify the options available in the light of a student's course of study. In no case shall the total value of units under Regulation 3(c) be less than the equivalent of 11 papers;
   (d) Professional Practice, to be counted as the equivalent of three papers as in Schedule C(b).
4. The course of study of each student shall be subject to the approval of the Dean of the Faculty of Education.
5. The Senate, in such exceptional circumstances as it thinks fit, may, on the advice of Dean of the Faculty of Education, approve a personal course of study which does not conform to the foregoing Regulations.

Schedules

6. Schedule A

Any Education paper as prescribed for the Degree of Bachelor of Arts and approved by the Senate for inclusion in this Degree.

Note: 'N' prefix – taught at the Northland Polytechnic and/or the Auckland College of Education Northland Campus.

Schedule B

Either (i) Papers from the Schedule for the Degree of Bachelor of Arts; the Schedule for the Degree of Bachelor of Science; the papers listed in Schedule B(ii)

The Senate may approve the inclusion of papers of equivalent weighting from other degrees.

Note: A limit may be set on the number of such papers that a student may attempt as occurs in Group C and Group D of the Schedules for the Degree of Bachelor of Theology.

or (ii) The following six papers in Home Economics plus one paper from Schedule B(ii) above:

- 615.201 Biochemistry
- 615.202 Introduction to Human Physiology
- 615.301 Endocrine and Gut Physiology
- 615.302 Microbiology
- 615.303 Human Nutrition
- 615.304 Community Nutrition

Schedule C

These subjects will be taught as units with two units at any level being deemed equivalent to one paper at that level.

Progression will be from 100-level to 200-level and then 300-level units.

Progression to 200-level units is dependent upon passing the appropriate 100-level prerequisite together with the compulsory Professional Practice 100-level unit and 100-level unit for Language and Reading.
Progression to units at 300-level is dependent upon the passing of the appropriate 200-level prerequisites together with the compulsory Professional Practice 200-level unit.

(a) Teaching Studies
Teaching Studies, 22 units equivalent to 11 papers.

(b) Professional Practice
Professional Practice, 6 units equivalent to 3 papers. Professional practice shall be as prescribed and programmed, on behalf of the Faculty of Education, by the Principal of the Auckland College of Education.

THE DEGREE OF BACHELOR OF SCIENCE EDUCATION BScEd

The Bachelor of Science Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty Degrees and Diplomas section of this Calendar.

THE DEGREE OF MASTER OF EDUCATION MEd

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Master of Education shall before enrolment for this Degree:
   (a) have been admitted or qualified for admission to a degree or have been awarded or qualified for the award of a University diploma, approved by the Senate, and
   (b) hold or have qualified for the award of a professional qualification in teaching, counselling, nursing, social work, or other approved profession, and
   (c) have had not less than three years practical experience in that or a related profession.
2. The personal course of study of every candidate must be approved by the Head of the Department of Education. A candidate for the Degree of Master of Education shall follow one of the special courses of study in the Schedule.
3. A candidate for this Degree shall follow a course of study that may extend over one year or more but, except with the special permission of the Senate, shall not exceed four years in duration.
4. A candidate shall be required to fulfil the requirements and pass the examinations for the papers and a thesis or dissertation or folio of casework prescribed.
5. A candidate for this Degree may not
   (a) substitute a paper or papers for any paper in which the candidate has already been examined for this Degree;
   (b) resit any paper for this Degree except as provided in Regulation 11.
6. A candidate for this Degree must include one Stage III paper or one Masters paper in a subject other than Education, unless the Head of Department waives this requirement. The choice of paper will require the Head of Department's approval. A further paper from that or another subject may, with the approval of the Head of Department, be included provided it is at Masters level.
7. No candidate shall take for this Degree any paper the same as or substantially equivalent to any other paper passed or being taken and obtain credit for both.
8. No candidate may be awarded the Degree of Master of Education if he or she has been awarded a Degree of Master in Education at this University, except with the permission of the Senate.
9. No candidate who has previously failed this Degree shall enrol a second time without the permission of the Senate.

Thesis/Folio of Casework/Dissertation
10. Where a thesis or folio of casework or dissertation is required, the following conditions shall apply:
    (a) The thesis or folio of casework or dissertation shall embody the results obtained by the candidate in an investigation relating to some aspect of Education.
    (b) The candidate shall present the thesis or folio of casework or dissertation in the year prescribed in the Schedule.
    (c) The candidate shall submit the thesis or folio of casework or dissertation to the Registrar by 1 November of the academic year in which it is presented or at a subsequent date within that academic year if so arranged with the Head of the Department of Education. The Registrar shall deliver the thesis or folio of casework or dissertation to the Head of the Department of Education. An abstract is to be submitted with each copy of a thesis or folio of casework or dissertation (Exam Regulation 15).
    (d) If the Examiner with the concurrence of the Assessor so recommends, a thesis or folio of casework or dissertation which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to resubmit it by a later date specified by the examiner and approved by the Senate.

Honours
11. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.
    (b) Honours shall be awarded only if a candidate obtains a sufficient standard in the papers taken and in the thesis or folio of casework or dissertation at its first presentation, provided that, subject to sub-clause (c) of this Regulation, a candidate who qualifies for an aegrotat or compassionate pass may retain eligibility for Honours by applying:
Faculty of Education, Degree Course Regulations, MEd, Degree Course Prescriptions, BEd

(i) for an aegrotat or compassionate pass in papers not in excess of the number permitted to a candidate for Honours under the Examination Regulations, or
(ii) to sit or resit in the year following all the papers affected, or
(iii) for a pass or passes under (i) and to sit or resit the remainder as in (ii) above.

(c) A candidate permitted under Regulation 3 to take a course of study for this Degree for a longer period than four academic years shall not be eligible for Honours unless the Senate so decides.

12. The Senate may in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations or to the Schedule below.

SCHEDULE

Requirements:
(i) Four papers and a thesis (14.621) which counts as three papers, or
(ii) Four papers and a folio of casework (14.626) in the area of counselling which counts as three papers, or
(iii) Six papers and a dissertation (14.624) which counts as one paper, or
(iv) In exceptional circumstances the Head of the Department of Education may permit a candidate who has enrolled for a thesis or dissertation or a folio of casework to complete the MEd as seven papers.

Students shall follow a course in one of the following special areas in accordance with the requirements above:

Note: As some papers, and specialty areas, have limited entry, students must refer to Enrolment Limitations section of the Calendar.

Compulsory papers:

(a) Educational Administration
   14.451 School and Organisational Effectiveness
   14.452 Theory and Process in Educational Administration

(b) Counselling
   14.461 Principles of Counselling and Consultation

(c) Higher & Adult Education
   14.454 A Critical Approach to Higher and Adult Education, and either
   14.455 Teaching and Learning in Higher Education, or
   14.456 Adult Education and Development

(d) Maori Education
   14.423 Kaupapa Maori: Te Reo Maori i Waenganui i te Ao Pakeha
   14.424 Kaupapa Kura: Maori Education Policy Development and Practice
   Note: Maori Studies papers 04.401 Ethnicity, and 04.402 Maori Manuscripts may be taken as Education papers with the permission of the Head of Department, Education.

(e) Mathematics Education
   14.428 The Psychology of Mathematics Education
   14.457 Mathematics Education in Change
   One Stage III or masters paper from the Departments of Mathematics & Statistics

(f) Science Education
   14.421 Perspectives on Science Education
   14.450 Curriculum Design and Development in Science
   14.458 History, Philosophy and Science Teaching

(g) Special Education
   14.413 Special Education
   14.460 Programme Issues in Special Education

The remaining papers in each of the special areas shall be selected from:
(i) 14.400 to 14.428, 04.401, 04.402.
(ii) 14.450 to 14.463.
(iii) Papers in other subjects under Regulation 6.

Note: Not all papers in the 14.45x - 14.46x range may be offered in any one year. Prospective candidates should consult with the Department on the availability of particular papers.

A candidate may, with the consent of the Head of Department, be permitted to present three or two papers in the first year.

A candidate including four papers in the degree must attempt the other paper or papers in the year next following and a student including six papers in the degree must attempt two or three papers in the second year and any remaining paper or papers in the third year.

A candidate presenting a folio of casework will normally be required to submit it in the year after which papers have been completed.

Refer Regulation 3 of these regulations for the deadline for submitting a thesis or dissertation.

Note: In considering applications to attempt two or three papers only in the first year, the Head of the Department of Education may take into account the extent of a student's employment or other responsibilities outside the University.

DEGREE COURSE PRESCRIPTIONS

Bachelor of Education

Schedule A Papers
14.150 Learning and Teaching in New Zealand Classrooms
An examination of education issues, particularly of inequality as related to class, gender and ethnicity.

N14.150 Learning and Teaching in New Zealand Classrooms
As prescribed for 14.150. This paper is taught at Northland Polytechnic, Whangarei.

14.151 Human Development and Learning: Psychology and Education
An introduction to the psychology of human development and learning with special emphasis on New Zealand educational settings.

N14.151 Human Development and Learning: Psychology and Education
As prescribed for 14.151. This paper is taught at Northland Polytechnic, Whangarei, and/or other papers in education as presented for the Degree of Bachelor of Arts.

Schedule B Papers
Either (i)
As prescribed for the Degree of Bachelor of Arts and Bachelor of Science.
or (ii)
Home Economics 615.201 Biochemistry
Introductory biochemistry relevant to human metabolism and nutrition.

615.202 Introduction to Human Physiology
An introduction to the molecular, cellular and systematic elements of human physiology.

615.301 Endocrine and Gut Physiology
A consideration of factors dominantly in gut and endocrine physiology which underlie human growth, development and nutrition.

615.302 Microbiology
Structure and properties of the major groups of micro-organisms and viruses with emphasis on organisms of significance in food production, preservation, and spoilage. Transmission of infectious agents, pathogenicity, commonly occurring infectious disease. Biological aspects of public health safeguards for food technology.

615.303 Human Nutrition
An introduction to the principles of human nutrition and the role of nutrition in human health.

615.304 Community Nutrition
The provision of adequate nutrition for communities and population groups. Plus one paper from Schedule B(i) above.

Schedule C Papers
As presented by the Auckland College of Education. Full prescriptions are published by the Auckland College of Education.

Bachelor of Science Education
The Bachelor of Science Education is an Inter-faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty Degrees and Diplomas section of this Calendar.

Education for MEd and Honours
Four papers and a thesis (14.621) which counts as three papers or four papers and a folio of casework (14.626) in the area of counselling which counts as three papers or six papers and a dissertation (14.624) which shall count as one paper. Papers to be selected from

(a) Any paper in MA schedule for Education
(b) 14.450 Curriculum Design and Development in Science
Prerequisite 14.421
A consideration of the major influences on contemporary science curriculum, policy and practice.

14.451 School and Organisational Effectiveness
An examination of various conceptual, policy, and empirical debates involved in the topic of school and organisational effectiveness. There will be a particular focus on the development of models of effectiveness applicable to New Zealand schools and organisation.

14.452 Theory and Process in Educational Administration
A critical examination of the role of the educational administrator in New Zealand.

14.453 Cultural and Group Counselling
A critical examination of the cultural and group dimensions present in counselling activities.

Note: In 1994 this paper will be taught in full-time hours and in 1995 in part-time hours.

14.454 A Critical Approach to Higher and Adult Education
A critical examination of selected issues in higher and adult education from a number of theoretical perspectives.

14.455 Teaching and Learning in Higher Education
A critical examination of research material in higher education and the implications for teaching and curriculum development.

14.456 Adult Education and Development
A critical examination of philosophical, psychological and sociological literature relating to adult education.

14.457 Mathematics Education in Change
A critical examination of theories and recent writing on the way in which mathematics is conceived and communicated, and how this has changed through time and across cultures.

14.458 History, Philosophy and Science Teaching
An examination of the connections between science teaching and the history, philosophy and sociology of science.

14.460 Programme Issues in Special Education
This advanced applied course complements and extends the content of the existing theoretical paper in Special Education (14.413). The course will focus primarily on issues surrounding the assessment of, and programme development for, children with sensory, intellectual, academic, or socio-emotional disabilities.

14.461 Principles of Counselling and Consultation
Prerequisite: 14.305, 14.306 or an equivalent will normally be a prerequisite for this paper plus approved work experience in counselling and access to an appropriate fieldwork setting.

An advanced examination of principles of counselling and consultation, together with practical experience in selected procedures.

Restriction: This paper is not available to students who completed 14.410 prior to 1994.

14.462 Marriage and Family Counselling
Prerequisite: 14.306 or its equivalent will normally be a prerequisite for this paper.

An advanced examination of counselling principles as applied to stresses arising within the marital and family relationships.

Restriction: This paper is not available to students who completed 14.418 prior to 1994.

Note: in 1994 this paper will be taught in part-time hours and in 1995 full-time hours.

14.463 Professional Issues in Counselling
An examination of significant professional issues in counselling, including supervision, research, ethics and accountability, professional identity and institutional leadership.

(c) Any paper in another subject for MA
Any paper as prescribed in Regulation 6 of the MEd Regulations.

14.621 Thesis
(Value 3 papers)

14.626 Casework Folio
(Value 3 papers)

14.624 Dissertation
(Value 1 paper)

Note: * Starred papers will not be taught during the current Calendar year
Daggered papers will not be taught during the current Calendar year unless sufficient staff is available
O taught in odd numbered years;
Ω taught in even numbered years
N prefix – taught at Northland Polytechnic
14.407 Developmental Psychology
14.412 Behaviour Analysis in Education
14.413 Special Education
or equivalent papers as approved by the Senate; and
have passed the following paper in Education as prescribed for the Master of Education Degree:
14.461 Principles of Counselling and Consultation
and may complete other papers from the Master of Education Schedule in consultation and with approval of the Head of the Department of Education;
or equivalent papers as approved by the Senate;
(c) have passed 5 papers in Education and 5 papers in Psychology, including, in each subject, at least 3 papers above Stage I as prescribed for the Bachelor of Arts or Science Degree; and
d) the Senate must be satisfied that the candidate is likely to benefit from the training provided by the course for this Diploma.

Note: Normally an interview supported by referee's statements, and evidence of training and experience in relevant work such as teaching, youth work, or counselling will be required under 1 (d).

2. A candidate for this Diploma shall follow a course of not less than two years' full-time study nor more than four years' study (whether full or part-time); provided that the latter period may with the permission of the Senate be extended in exceptional circumstances.

3. The course of study for the Diploma shall consist of two Parts:

Part I
Satisfactory participation in and completion of a full-time professional training course including passing each stage of the on-course assessment requirements (16.100).

Note: The professional training courses are designed to follow on from the theory introduced in each of the four Masters papers listed in 1(b). Course prescriptions may be obtained from the Department.

Part II
(a) Satisfactory supervised participation in the work of approved psychological, special educational, and social work services, and in seminars on case work and professional practice (16.200).

(b) A comprehensive oral examination covering the work of the whole course (16.201).

4. A candidate shall be required to pass each paper or section of each part of the Diploma.

(b) A candidate who has not passed a section of Part I may, with the permission of the Head of Department, take that section concurrently with work in Part II, in the second year.

(c) A candidate shall not be permitted to resubmit case work and professional practice material (16.200) nor to resit the oral examination (16.201), more than once.

5. A candidate shall be required to have completed a Master's Degree or an equivalent research study before the Diploma may be awarded.

6. (a) The Diploma may be awarded with Honours.

(b) A candidate for Honours shall be required, after completing the requirements of Part I and II, to submit a Dissertation (16.604) reporting an advanced study of one of the following types, as approved by the Head of Department:

(i) a survey of the literature bearing on a topic relevant to clinical or professional practice; or

(ii) an original or replication research study; or

(iii) an evaluation of a clinical procedure.

(c) The Dissertation shall be:

(i) submitted within three years of the year in which the candidate completes Part II; and

(ii) delivered to the Registrar by 1 November, or later date approved by the Head of Department, of the year in which it is submitted.

(d) Honours shall be awarded upon the results of the Dissertation but if the Dissertation is not of sufficient standard the Diploma shall be awarded to the candidate without Honours.

7. Under exceptional circumstances the Senate may grant exemption from any of the requirements under Regulations 1, 2, 3, 4 and 5.

Diploma in Counselling

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations a candidate for the Diploma in Counselling shall before his or her enrolment for this Diploma:

(a) have been awarded or qualified for the award of a degree of a university in New Zealand, or qualified for the award of a university diploma approved by Senate, or hold an appropriate qualification in teaching, counselling, nursing, social work or other professional qualification approved by Senate; and

(b) have had not less than three years practical experience in that or a related profession; and

(c) the Senate must be satisfied that the candidate is likely to benefit from the training provided by the course for this diploma.

Note: Normally an interview supported by referee's statements and evidence of training and experience in relevant work such as teaching personnel work or community counselling will be required under 1 (b).

2. A candidate shall complete a coherent course of study approved by the Head of Department. The course of study for the Diploma shall consist of two Parts:

Part I
Paper 14.461 and three others selected from the Stage III and Masters papers in Education, not already passed for any other degree or diploma; provided that in exceptional circumstances a candidate may substitute for any or all these papers a course or courses of study approved by the Head of Department.

Note: A practicum placement will be associated with papers in Part I.

Part II
Preparation and presentation of a folio of casework, 14.501, counting as two papers; together with satisfactory participation in such seminars and related activities as the Head of Department may require.

Note: Most students will require 1000 hours or more of face to face counselling work and related activities to attain competence in casework.

3. No more than fifteen students chosen on academic and professional criteria shall in any one year be admitted for Part II.
4. The folio of casework required for Part II shall be:
   (a) submitted within two years of the year in which the candidate completed Part I, or within such longer period as the Senate may
       in special circumstances permit; and
   (b) delivered to the Registrar by 1 November, or later date approved by the Head of Department, of the year in which it is submitted.
5. A candidate shall be required to pass each paper of Part I and to fulfil all requirements for Part II.
6. The Senate may in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing
   Regulations.
7. These Regulations shall come into force on 1 January 1977.

DIPLOMA IN MATHEMATICS EDUCATION DipMathsEd

The Diploma in Mathematics Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty
Degrees and Diplomas section of this Calendar.

DIPLOMA IN SCIENCE EDUCATION DipSciEd

The Diploma in Science Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty
Degrees and Diplomas section of this Calendar.

DIPLOMA IN SPECIAL EDUCATION DipSpecEd

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which
are in accordance with the following Regulations: for general provisions affecting their course of study students are referred to the
Enrolment and Course Regulations (General), and the Examination Regulations:

General provisions

1. Subject to the Admission Regulations, a candidate for the Diploma in Special Education shall before enrolment for this diploma:
   (a) have been admitted or have qualified for admission to a degree at a university in New Zealand, or
   (b) have been awarded or qualified for the award of a University diploma approved by the Senate, or
   (c) hold an appropriate qualification in teaching, nursing or other professional qualification approved by the Senate, or
   (d) have attained a high level of practical experience in the teaching profession approved by the Senate
      and (i) have had not less than three years of teaching experience;
      (ii) have attained a level of competence to the satisfaction of the Head of the Department of Education sufficient to perform
           satisfactorily in each paper chosen for the Diploma.

Note: An interview will normally be required under (d)(ii).

2. A candidate shall be required to pursue a course of study for a period of not less than two years and except with the approval of the
   Senate, shall complete the requirements within four years of first enrolment for the Diploma.

3. A candidate for this Diploma who has been credited for another Degree or Diploma with any paper the same as or similar to that
   prescribed under Regulation 4 of this Diploma shall substitute for each paper so credited such additional paper or papers as the Head
   of the Department of Education may approve.

4. A candidate shall be required to pursue a course of study consisting of two parts. Neither of these parts constitutes a full-time course
   of study.

PART I

PART II

5. A candidate must complete Part I before commencing Part II.

The Research Topic (14.572) will normally be submitted in the final year.

6. A candidate shall be required to pass each paper of Part I and Part II.

7. The Senate may in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing
   Regulations.

8. These Regulations shall come into force on 1 January, 1993.

DIPLOMA COURSE PRESCRIPTIONS

DipMathsEd

The Diploma in Mathematics Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty
section of this Calendar.

DipSciEd

The Diploma in Science Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty
section of this Calendar.

DipSpecEd

14.571 Curriculum Development in Special Education

An introduction to assessment and curriculum development for children with moderate and severe disabilities using a problem
solving and data-based approach.

14.572 Research Topic in Special Education

This paper will provide an introduction to research methods and procedures in special education. The major component of the
course will be empirical study of some aspect of special education for children with disabilities. Students will be required to plan a
study, to gather and analyse the research data, and to undertake, and write a report of their findings. This report will be of
approximately journal article length, and will be required to be of publishable or near publishable standard.

14.573 Folio of Casework

Students will be required to plan, execute, and report fully on fieldwork involving a series of three case-studies, each of which
examines a particular individualised teaching programme for a child with disabilities. Students will be encouraged to focus their
case-studies on one particular curriculum area. Each case-study
report should provide a basis for evaluating the particular teaching programme which has been developed and implemented, and should contain fully documented sections dealing with:

(a) the particular child's developmental status and learning needs in the curriculum area prior to the onset of the teaching programme,

(b) a detailed description of the teaching programme,

(c) a description of the involvement of parents and other professionals in the development and implementation of the programme, and

(d) an analysis of the progress made by the child concerned.

GENERAL INFORMATION

FACULTY OF ENGINEERING

Bachelor of Engineering (BE)
The Faculty of Engineering offers one undergraduate qualification, the Bachelor of Engineering Degree, which is of four years duration. It is awarded with or without Honours depending on the standard achieved. Within the Faculty there are six departments: Chemical and Materials Engineering, Civil Engineering, Electrical and Electronic Engineering, Engineering Science, Mechanical Engineering and Mining Engineering. Between them these departments offer seven different specialised courses for the BE degree, designed to satisfy the diverse engineering needs of New Zealand. The first year of each course is common to all engineering disciplines; in later years there is more specialisation and the subject matter becomes specific to one degree course only.

The BE degree courses are accredited by the Institution of Professional Engineers New Zealand (IPENZ) and by a number of overseas professional engineering societies. This requires that they are regularly monitored by IPENZ members and by overseas representatives. Because the courses are accredited, graduates can eventually qualify to become professional members of these societies.

Master of Engineering (ME)
In addition to the Bachelor of Engineering Degree the Faculty offers the Degree of Master of Engineering. Students taking the ME Degree usually take three papers and write a research thesis which has the weight of five papers. An alternative, often preferred by students who are not progressing straight from a BE Degree, is to take eight papers which may include one or more projects. There are also opportunities for students with a good degree in the physical sciences to enrol for a Master of Philosophy Degree in an engineering discipline.

Diploma in Geothermal Energy Technology
Certificate in Geothermal Energy Technology
Diploma in Pulp and Paper Technology
These postgraduate diplomas and certificate are offered to small groups of students who satisfy the entry requirements of the relevant Boards of Studies. The Geothermal Energy Technology courses are organised and taught by the Geothermal Institute of the University of Auckland which is part of the Faculty of Engineering. The Diploma in Pulp and Paper Technology is organised and taught in conjunction with the Pulp and Paper Research Organisation of New Zealand.

Doctor of Philosophy (PhD)
All Departments undertake graduate teaching of the research degree of Doctor of Philosophy (PhD) in accordance with the regulations of the University.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF ENGINEERING BE

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their course of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. (a) Subject to the Admission Regulations and except as otherwise provided in these Regulations, a candidate for the Degree of Bachelor of Engineering shall be required to:
   (i) pursue a course of study of not less than four years, and
   (ii) pass the four Examinations, and
   (iii) perform Practical Work to the satisfaction of the Faculty of Engineering, and
   (iv) perform Laboratory and Field Work to the satisfaction of the Faculty of Engineering.

(b) Except as otherwise provided in this paragraph, a candidate shall be required to pass as a whole each of the four Examinations (including an Examination under Regulation 4); so that the candidate's performance in all subjects of the Examination shall be taken into consideration. A candidate who has failed to pass any Examination as a whole may, at the discretion of the Senate, be credited with a paper or papers forming part of the Examination; and may in a subsequent year take the remaining papers of that Examination together (subject to Regulation 8) with such papers of the succeeding Examination, if any, as the Senate may permit. The candidate shall then be required to pass a composite Examination under the same conditions as those in this paragraph.

Honours
2. The Degree of Bachelor of Engineering may be awarded with or without Honours according to the standard of the candidate's work. There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division.

Concessions
3. The Senate may exempt from the First Examination a candidate:
   (i) who has reached a satisfactory standard in the Universities Bursaries Examination if the subjects the candidate has taken include Chemistry, Physics, Mathematics with Calculus and Mathematics with Statistics; or
   (ii) who has reached an exceptional standard in the Universities Bursaries Examination if the subjects the candidate has taken include three of the subjects Chemistry, Physics, Mathematics with Calculus and Mathematics with Statistics; or
   (iii) who has passed for the Degree of Bachelor of Science not less than 42 credits or its equivalent in any other course of study and attained a satisfactory standard.

4. A candidate for this Degree who:
   (i) has qualified for the award of the Degree of Bachelor of Science; or
   (ii) has completed within two years the examination requirements for the award of the Degree of Bachelor of Science; or
(iii) was permitted to enrol for Stage II or Stage III papers in a subject without first presenting that subject at Stage I and who, if the Stage I papers not taken were included, would have qualified within two years for the Degree of Bachelor of Science; shall be required to pursue a course of study for a period of not less than two years in such papers for the degree as the Senate may prescribe and to pass Examinations in each year in the papers so prescribed for that year, and the following provisions shall apply:
(a) All papers of the Fourth Examination shall be included in the candidate’s course of study but none such in the first year;
(b) the candidate shall be exempt from the papers of the First Examination and from such other papers of the degree as are not prescribed under this Regulation.

Note: Candidates who have taken papers in the Physical Sciences and obtained good grades can normally expect to complete the BE Degree in two years.

5. A candidate who has by examination qualified with merit for the New Zealand Certificate in Engineering and who has completed all the requirements for the award of that Certificate, may be exempted by the Senate from the First and Second Examinations or from such papers of those examinations as the Senate thinks fit.

Note: Candidates who have obtained a B pass average on the papers of Stages 3, 4 and 5 of the Certificate can normally expect to be exempted all the papers of the First and Second Examinations.

Practical Work

6. A candidate shall not be admitted to the Degree unless the Registrar has received from the Dean of the Faculty of Engineering a certificate that the candidate has complied with the requirements of the Faculty as to Practical Work.

Laboratory and Field Work

7. A candidate shall not be admitted to the Degree unless the Registrar has received from the Dean of the Faculty of Engineering a certificate that the candidate has complied with the requirements of the Faculty as to Laboratory and Field Work.

Prerequisites

8. No candidate may enrol
(a) for any paper of the Third Examination without having completed the whole of the First Examination;
(b) for any paper of the Fourth Examination without having completed the whole of the Second Examination.

Elective Papers

9. (a) The First Examination and the Fourth Examination shall include elective papers where specified in Regulation 12.
(b) A candidate’s choice of elective papers shall require approval by the Senate.
(c) An elective paper in the First Examination of this course will be considered equivalent to one Stage I paper from the BA or BCom schedules or to 6 credits from Stage I papers of the BSc schedule. The Engineering paper 50.003 is an acceptable elective. A candidate who wishes to take an elective paper involving algebra should enrol in 26.151, 152 and one other elective paper instead of 26.141 and two elective papers.

Note: (i) Approval of a candidate’s choice of elective papers will generally depend on the compatibility of the chosen papers with the candidate’s personal aptitudes and interests, their mutual compatibility and the coherence of the proposed course as a whole. There should be no timetable conflict in the proposed course.
(ii) An elective paper in the Fourth Examination of this Degree course will be considered equivalent to one Stage II or Stage III paper from the BA or BCom schedules or to 3 credits from Stage II or Stage III papers of the BSc schedule or to 4 credits from subjects of the Third or Fourth Professional Examinations of the BArch Degree course.
(iii) An elective paper in the First Examination of this course will be considered equivalent to one Stage I paper from the BA or BCom schedules or to 6 credits from Stage I papers of the BSc schedule. The Engineering paper 50.003 is an acceptable elective. A candidate who wishes to take an elective paper involving algebra should enrol in 26.151, 152 and one other elective paper instead of 26.141 and two elective papers.

Approval of Courses

10. (a) The personal course of study of every candidate shall require the approval of the Senate.
(b) The Senate may delegate to the Faculty the power to approve personal courses of study and also the discretionary powers conferred in Regulations 3, 4, 5 and 9 of these Regulations.
(c) The Senate may in such special circumstances as it thinks fit approve a personal course of study which does not conform to these Regulations.

Degree Courses

11. The candidate shall follow one of the following degree courses:
- Chemical and Materials Engineering
- Civil Engineering
- Electrical and Electronic Engineering
- Engineering Science
- Mechanical Engineering
- Metallurgical and Materials Engineering
- Mining Engineering

Papers

12. The papers for this Degree are:

One or two approved papers from other University courses.

Note: (i) Candidates must choose one elective paper from 54.344, 54.345, 54.346 and 54.347 and one elective paper from 54.352, 54.353, 54.354 and 54.317

(ii) In addition to the papers listed for the Engineering Science Fourth Examination, candidates are required to attend the Engineering Science Laboratory (1 hour per week or equivalent), carry out assignments and submit reports, to a required standard.

(iii) In some years the paper 54.344 Environmental Fluid Dynamics may be offered in the second half-year and 54.345 Classical Fluid Dynamics in the first half-year. Similarly, the paper 54.346 Engineering Solid Mechanics may be offered in the second half-year and 54.347 Biomechanics in the first half year.

### Note:
- * Starred papers will not be taught during the current Calendar year.
- † Daggered papers will not be taught during the current Calendar year unless sufficient staff is available.

### BCom/BE
13. Candidates in the degree courses listed in this Regulation may enrol in the conjoint degrees BCom/BE and be eligible to receive the following cross-credits and exemptions.

#### First Examination
- 26.140 or 26.141 Mathematics as cross-credits
- Any two BCom Part I papers, other than 26.140 or 26.141, will satisfy the requirements of the two approved papers from another University course or courses.

#### Mechanical Engineering
Candidates who have passed the sixteen BCom papers required under Regulation 15 of the Degree of Bachelor of Commerce shall be exempted from passing the paper 55.231 Industrial Administration, may substitute 55.224 Vibrations and Control for 55.223 Dynamics and Control and shall, in the Fourth Examination for this Degree, have the requirements waived of three elective papers under the provision of approved papers from other University courses.

#### Engineering Science
Candidates who have passed the sixteen BCom papers required under Regulation 15 of the Degree of Bachelor of Commerce shall be exempted from passing papers 55.231 Industrial Administration and 55.224 Vibrations and Control and shall, in the Fourth Examination for this Degree, have the requirements waived of two elective papers under the provision of approved papers from other University courses.

#### Civil Engineering
Candidates who pass for BCom paper 02.200 Contracts and Restitution are exempt from passing paper 52.381 Civil Engineering Administration for this Degree.

Note:
- (i) The papers so credited under this Degree shall be admitted as cross-credits, exemptions or additional cross-credits as the case may be.
- (ii) Refer also to BCom Regulation 15 in this Calendar.

### Savings and Transitional Provisions
14. These Regulations shall govern the course of every candidate; but any candidate whose course was begun under the Regulations set forth in the University of Auckland Calendar for 1990 shall be credited for the purpose of these present Regulations with such papers as the Senate may determine.

15. These Regulations shall come into force on 1 January, 1991.
THE DEGREE OF BACHELOR OF TECHNOLOGY BTech

The Bachelor of Technology is an Inter-Faculty offering. For detailed Regulations refer to the Inter-Faculty Degrees and Diplomas section of this Calendar.

THE DEGREE OF MASTER OF ENGINEERING ME

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Engineering shall:
   (a) before enrolment for this Degree have been admitted or qualified for admission to the Degree of Bachelor of Engineering; and
   (b) follow a course of study of not less than one year.

2. Every candidate for this Degree shall:
   (a) pass in each of eight papers where those papers do not include Project D; or
   (b) pass in Project D and six other papers; or
   (c) (i) pass in each of three papers, and
       (ii) pass in respect of a thesis (which shall count as equivalent to five papers).

Papers

3. The following conditions shall apply to the choice of papers:
   (a) Every candidate shall choose papers in consultation with the Head of his or her Department from those listed in clause (b) of this Regulation; provided that no paper that has been credited to another degree shall be taken for this Degree.
   (b) The papers of examination for the Degree are:

   | 50.401 Project A1 | 50.402 Project A2 |
   | 50.411 Project B1 | 50.412 Project B2 |
   | 50.421 Project C1 | 50.422 Project C2 |
   | 50.431 Project D (value 2 papers) |

Note: Not all of the following papers will be available in a given year.

- 51.411 Advanced Process Control
- 51.412 Chemical Engineering Seminar
- 51.413 Studies in Chemical Engineering
- 51.414 Biochemical Engineering Seminar
- 51.415 Advanced Chemical Engineering
- 51.421 Advanced Materials
- 51.422 Materials Seminar
- 51.423 Studies in Materials Engineering
- 52.401 Special Seminar in Civil Engineering A
- 52.402 Special Seminar in Civil Engineering B
- 52.411 Mechanics and Properties of Materials Seminar
- 52.421 Fluid Mechanics Seminar
- 52.422 Advanced Fluid Mechanics
- 52.423 Coastal Engineering
- 52.424 Advanced Water Resources
- 52.431 Earthquake Engineering
- 52.432 Geomechanics Seminar
- 52.433 Applied Geomechanics
- 52.434 Earth Structures
- 52.441 Structural Dynamics
- 52.442 Structures Seminar
- 52.443 Structural Analysis
- 52.444 Space Structures
- 52.451 Environmental Law
- 52.461 Structural Design
- 52.471 Traffic Engineering
- 52.472 Transportation Engineering Seminar
- 52.473 Transportation Planning
- 52.474 Transportation Systems Analysis
- 52.475 Highway Operations and Evaluation
- 52.481 Project Management A
- 52.482 Case Studies in Project Management
- 52.483 Project Management B
- 52.491 Public Health Engineering Seminar
- 53.401 Studies in Electrical and Electronic Engineering A
- 53.402 Studies in Electrical and Electronic Engineering B
- 53.403 Studies in Electrical and Electronic Engineering C
- 53.432 Electronic Circuits and Systems
- 53.441 Heavy Current Electronics
- 53.451 Digital Signal Processing
- 53.452 VHF and UHF Radio Communication

†53.461 Electromagnetic Theory
†53.471 Advanced Control Systems
53.483 Topics in Information Engineering
54.401 Studies in Engineering Science
54.411 Studies in Engineering Mathematics
54.421 Advanced Finite Element Methods
54.422 Nonlinear Optimisation
54.423 Advanced Linear Optimization
54.441 Studies in Continuum Mechanics A
54.442 Studies in Continuum Mechanics B
54.451 Studies in Operations Research A
54.452 Studies in Operations Research B
54.455 Advanced Systems Analysis A
54.456 Advanced Systems Analysis B

55.471 Production Technology
55.472 Metal Forming
55.491 Computational Fluid Dynamics and Numerical Heat Transfer
55.493 Geothermal Heat and Mass Transfer
56.401 Advanced Mineral Processing
56.411 Advanced Mining Engineering
56.412 Seminar in Mining Engineering
56.414 Advanced Geostatistics and Resource Evaluation
56.415 Advanced Rock Mechanics
86.401 Geothermal Systems and Technology
86.402 Geothermal Production Technology
86.403 Geothermal Energy Utilisation
Faculty of Engineering, Degree Regulations, ME, Research, Degree Prescriptions, BE

(II) Those papers approved by the Head of Department from any of those offered at Fourth Examination level for the BE Degree.

(iii) Subject to the permission of the Heads of Departments concerned, one or two papers chosen from those offered in any other Faculty at the final-year undergraduate level or the Master's level provided:

(a) that prerequisites and timetabling requirements can be met, and
(b) that the syllabus is not the same as or substantially overlapping with any paper prescribed for this Degree, and
(c) that the paper has a weight not less than that of an Engineering paper.

Project Work
4. (a) No candidate shall take:

(i) Project A1, A2, B1, B2, C1, C2 or D if he or she submits a thesis for this Degree;
(ii) more than one of the Projects A1, A2, B1, B2, C1 or C2 if Project D is also taken;
(iii) both Projects A1 and A2, or both Projects B1 and B2, or both Projects C1 and C2.

(b) A candidate who takes Project D must submit the project report not later than twelve months after enrolment for this project provided that the Senate may, in exceptional circumstances, extend this period.

(c) A candidate who takes Project A1, B1 or C1 must submit the project not later than the first day of lectures in the second half-year of the year in which the project is taken. A candidate who takes Project A2, B2 or C2 must submit not later than 30 November of the year in which the project is taken. An extension of time may, in exceptional circumstances, be approved by the Senate.

Thesis
5. The following conditions apply to the thesis (50.601):

(a) The thesis shall embody the results obtained by the candidate in an investigation in a subject approved by the Head of the Department.

(b) The investigation shall be carried out personally by the candidate at the University under the direct supervision of a member of the academic staff; provided that:

(i) laboratory work may be carried out in an approved institution outside the University for such limited period or periods as may be determined from time to time by the Senate;
(ii) field work may be carried out at such places and for such periods as the Senate may determine.

(c) (i) The supervisor shall be the principal examiner.

(ii) The Senate acting on the advice of the Head of the Department shall appoint either an external assessor or a second internal examiner.

(d) At the discretion of the Head of the Department the candidate may be required to attend an oral examination on the subject of the thesis, which shall take place within four weeks of the date on which the thesis was submitted, or within such longer period as the Senate may in special circumstances approve.

(e) If the supervisor with the consent of the assessor or second examiner as the case may be so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to submit it again at a later date to be specified by the supervisor.

(f) A candidate shall present the thesis not later than 18 months, or if he or she is a part-time candidate not later than 36 months, after the first enrolment for this Degree, provided that the Senate may, in exceptional circumstances, extend this period.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 15.

Classes of Pass
6. The Degree of Master of Engineering may, on the recommendation of the Senate, be awarded with Distinction.

7. These Regulations shall come into force on 1 January, 1972.

RESEARCH IN ENGINEERING

Facilities are available for research by PhD students and postdoctoral fellows in each of the Departments of Engineering in a wide range of topics.

Attention is drawn to the fact that the Honours Degree qualifying a PhD student for registration need not necessarily be one in Engineering. Graduates with a good Honours Degree in Physics, Chemistry, or Mathematics, for example, could be considered for registration in Engineering.

31.114 Measurement and Instrumentation for Engineering

Principles of physical and electrical measurements, analogue and digital instrumentation, basic data acquisition and signal processing.

31.144 Physics for Engineering

Refer to Science Degree Prescriptions for prescriptions for the above papers.

50.001 Engineering Mechanics and Design

This paper will also include three general lectures on Engineering.

50.002 Introduction to Computing for Engineers

(One lecture and two laboratory hours per week. First half-year) Introduction to computer programming, keyboard use including word processing, the Pascal language, algorithms and structured program design, applications to engineering systems.

50.003 Engineering and Society

(Two lectures per week) The paper looks at the activities undertaken by professional engineers and the impact that engineering has on society. Topics considered will be wide-ranging and presented by a number of different speakers.
Aspects of engineering such as the impact of communication and information technology, the management of resources, the development of structures, the processing and development of materials, the development of public health engineering, and design for natural hazards, will be considered.

50.101 General Studies I
(Three lectures and one tutorial per week. Second half-year)
A course that considers aspects of human development; origins, societies, politics, human nature, and creativity.

50.111 Engineering Design
(One lecture and one three-hour drawing office class per week)
The elements of engineering draughting and graphics. Introduction to the application of mechanics to the design of mechanical and structural components.

50.112 Graphics
(One lecture and one three-hour drawing office class per week. First half-year)
The elements of engineering draughting and graphics and an illustrative design application.

50.201 General Studies II
(Three lectures and one tutorial per week. First half-year)
A course that gives some insights into the problems of contemporary society. Economic, ecological, social and resource constraints affecting the work of the engineer are examined as is the impact of technology and engineering on the environment and the future of society.

51.115 Fluid Mechanics
(Two lectures and one shared tutorial per week, first half-year. Three lectures and one tutorial per fortnight, second half-year)

51.116 Process Thermodynamics I
(Two lectures and one shared tutorial per week. First half-year)
The first law of thermodynamics. Material balances with and without chemical reactions and with re-cycle. Energy balances in reacting and non-reacting systems. Simultaneous mass and energy balances.

51.117 Process Thermodynamics II
(Five lectures and three tutorials per fortnight. Second half-year)
The second law of thermodynamics. Classical chemical thermodynamics including the concept of chemical potential, fugacity and activity; their applications to reacting systems. Thermodynamics of power and refrigeration cycles, and flow processes.

51.121 Materials I
(Three lectures and one tutorial per week. First half-year)
Mechanical properties and testing of engineering materials; atomic and structural aspects; deformation and strengthening mechanisms; annealing; working processes; temperature dependent properties of materials; microstructures; solidification and phase equilibria; heat treatment; non-destructive testing; corrosion; non-metallic materials including polymers, wood, ceramics and concrete.

51.141 Applied Chemistry
(Three lectures per week. Second half-year)
Molecular structure including the structure of atoms, bonding and motion of molecules, forces between molecules. Applied physical chemistry including the physical chemistry of interfaces, solid surfaces and adsorption. Surface and colloid chemistry, surfactants, micelles, stability or emulsions, flocculation, froth flotation and wetting. Kinetics and reaction mechanisms. Heterogeneous catalysts, physico-chemical methods of analysis, UV, IR, AA and NMR spectroscopy. An accompanying laboratory programme must be completed satisfactorily.

51.213 Heat and Mass Transfer Operations
(Three lectures and one tutorial per week. First half-year)

51.214 Separation Processes
(Three lectures and one tutorial per week. Second half-year)

51.215 Chemical Reactor Engineering
(Two lectures and one third tutorial per week)

51.221 Materials II
(Two lectures and one tutorial per week)

51.222 Electrical Engineering Materials
(Three lectures and one tutorial per week. First half-year)

51.225 Elements of Materials Science
(Two lectures and one tutorial per week)
A treatment of modern metallographic methods including optical and electron optical techniques such as TEM and SEM: Interpretation of images, macro and micro structures, quantitative metallography, fractography. Modern analytical techniques such as spark emission, EDAX, Auger, SIMS, etc. X-ray diffraction theory and applications. Crystallography. Phase diagrams. Thermodynamics of crystals. Defects in crystals, shear deformations and work hardening. Solid state transformations; diffusion, kinetics, precipitation, entectoid reactions, shear transformations, effect of alloying. Thermomechanical treatments. Commercial heat treatments. Creep mechanisms. Wear.

51.232 Process Analysis and Synthesis
(One lecture and one tutorial, one drawing office per week)
Flow sheets and line diagrams, standard symbols and conversions. Presentation of information via mass and energy flow sheets. Numerical methods for material and energy balancing including degrees of freedom analysis. Use of charts. The process industries: raw materials and resources, recovery and recycle. Energy

51.243 Applied Organic Chemistry
(Three lectures per week. First half-year)

51.251 Chemical Processing of Materials
(Two lectures and one tutorial per week)
Thermodynamics and its application to equilibrium involving multi-component solutions such as polymers solutions, liquid metals and slags. Use of diagrams to represent zones of stability or likely reaction. Surface excess properties; phase equilibria and phase diagrams. Fuels and combustion. Aspects of hydrometallurgy. Kinetics of interphase transfer in metallurgical systems with examples associated with selected extractive metallurgical processes. Aspects of reactor design. Electrochemical engineering applied to extractive processes.

51.311 Process Control
(Three lectures per week. First half-year)
Dynamic modelling of linear open-loop systems; transfer functions; Linear closed-loop systems; analysis and control; control theory; stability analysis using root-locus and frequency response methods. Controller tuning; industrial application with simple and complex control systems.

51.314 Particulate Technology
(Four lectures per week. Second half-year)
A course on particulate technology, including characterisation of particles; fluid dynamics; analysis of separation processes; separation mechanisms; size reduction; particle size measurement; sedimentation; fluidisation; conveying; filtration; packed beds; solid/solid separations; gas cleaning; agglomeration; storage; atomisation; mixing.

51.322 Materials III A
(Three lectures per week, first half-year. Two lectures per week, second half-year)

51.323 Materials III B
(Three lectures per week. First half-year)

51.324 Materials Engineering
(Three lectures per week. Second half-year)

51.325 Solid State Materials
(Three lectures per week. First half-year)

51.326 Non Metallic Materials Engineering
(Four lectures per week. Second half-year)

51.334 Materials Engineering Design
(One lecture, one drawing office hour, first half-year. One lecture, two drawing office hours, second half-year)
Design of a process route for the fabrication of a metallurgical or materials product or the refining of metals and materials. Detailed consideration will be given to particular items of plant within the process route.

51.335 Equipment and Process Design
(Three lectures per week, each half-year. One lecture and five tutorials per week, second half-year)

51.361 Project in Chemical and Material Engineering
A student is required to submit a report on project work carried out on a topic assigned by the Head of Department of Chemical and Materials Engineering. The work shall be supervised by a member of the staff.

51.362 Project in Metallurgical & Materials Engineering
A student is required to submit a report on project work carried out on a topic assigned by the Head of Department of Chemical and Material Engineering. The work shall be supervised by a member of the staff.

52.112 Civil Engineering Materials
(Two lectures and one shared tutorial per week)

52.121 Fluid Mechanics I
(Two lectures and one shared tutorial per week. First half-year)

52.131 Introductory Geology for Engineers
(Three lectures per week and 15 hours laboratory. First half-year)

52.142 Structural Mechanics I
(Three lectures and one shared tutorial per week)
Appreciation of structural systems. Analysis of statically determinate structures. Elementary elasticity, stress, strain, Mohr's circle, material models, failure theories. Flexural stresses
and deformations in beams. Deflections of determinate structures.
Plastic analysis of frames. Stability of columns Shear stresses in beams. Torsion of thin walled sections.
52.151 Surveying
(Two lectures and one shared tutorial per week. Second half-year)
Introduction to land surveying theory and practice for Civil Engineers. Principles of typical surveying equipment and of its operation and application.

52.222 Fluid Mechanics II
(Two lectures and one shared tutorial per week. First half-year.)

52.231 Geomechanics I
(Two lectures and one shared tutorial per week)

52.242 Structural Mechanics II
(Two lectures and one shared tutorial per week)

52.261 Structural Design I
(Two lectures and two hours design office per week)
An introduction to structural design using timber, reinforced concrete and structural steel.

52.272 Transportation Engineering I
(Two lectures and one shared tutorial per week)
Transportation technology and its impact on land development and the economy. Highway location and alignment geometries. Aesthetic and other impact considerations. Setting out and earthwork volumes. Pavement design and road materials. Construction techniques. Highway capacity and levels of service. Street network planning, land subdivision and parking design. Basic analyses of traffic flow at intersections and signal control design. Driver characteristics related to road safety.

52.291 Public Health Engineering
(Two lectures and two hours tutorial per week. First half-year)

52.292 Environmental Mechanics
(Three lectures and one tutorial per week. Second half-year)

52.301 Special Topic in Civil Engineering B
(Three lectures and one tutorial per week. Second half-year)
A course on a topic in Civil Engineering to be determined each year by the Head of Department of Civil Engineering.

52.302 History of Engineering
(Three lectures and one tutorial per week. First half-year)
Contributions of Egyptian, Greek and Roman civilisations to theory and practice of engineering. The Renaissance, building in timber and masonry, beginnings of the Quantitative Method. Seventeenth and eighteenth century European engineering. The rise of the sciences. The canal era. The Industrial Revolution. The railway era. Twentieth century engineering - the road and road vehicle era. Communications. The computer revolution. There are requirements to complete the reading of sections of a booklist. In particular, selected biographies must be included. An emphasis in the course is on people-related matters, biographical material and questions of motivation. Where possible, original source material is referred to.

An individual project contributes one-third of the course credit.

52.304 Project in Civil Engineering A
(First half-year)
A student is required to submit a report on project work carried out on a topic assigned by the Head of the Department of Civil Engineering. The work shall be supervised by a member of staff. No final examination: grade assessed on project report and half year’s work.

52.305 Special Topic in Civil Engineering A
(Three lectures and one tutorial per week. First half-year)
A course on a topic in Civil Engineering to be determined each year by the Head of Department of Civil Engineering. The work shall be supervised by a member of staff. No final examination: grade assessed on project report and half year’s work.

52.311 Mechanics and Properties of Materials
(Three lectures and one tutorial per week. Second half-year)
A selection of topics from the following: Elasticity and plasticity; experimental methods; beams, plates and shell theory; stability of structural sections, analysis of joints; shear walls and deep beams; civil engineering materials; further material on traditional materials as well as information on modern advances.

52.321 Engineering Hydrology
(Three lectures and one tutorial per week. First-half year)

52.322 Fluid Mechanics III
(Three lectures and one tutorial per week. Second half-year)

52.323 Water Resources Engineering
(Three lectures and one tutorial per week. Second half-year)

52.331 Geotechnical Engineering
(Three lectures and one tutorial per week. First half-year)

52.332 Geomechanics II
(Three lectures and one tutorial per week. Second half-year)
A selection from the following:
soil and rock masses. Computer-oriented design methods.

52.342 Structural Mechanics III
(Three lectures and one tutorial per week. First half-year)
Matrix methods of structural analysis with applications to two and three dimensional structures. Theory of elasticity and applications. Variational principles of mechanics.

52.343 Applied Structural Mechanics
(Three lectures and one tutorial per week. Second half-year)
Dynamics of multi degree of freedom structures with applications to seismic design. Studies on the analysis and design of selected structural systems such as eccentrically and concentrically braced frames, moment resisting frames, box girders, thin walled sections, suspension and cable stayed bridges, tension and membrane structures, folded plates, tanks, silos, domes, arches and towers.

52.363 Structural Design II
(Two lectures and one two hour design office per week. First half-year)
The design of reinforced concrete and structural steel with an emphasis on continuity in structures. An introduction to seismic design.

52.364 Structural Seismic Design
(Two lectures and one two hour design office per week. Second half-year)
The design of multi-storey structures in seismic zones.

52.365 Structural Concrete Theory
(Three lectures and one tutorial per week. Second half-year)
An introduction to prestressed concrete as related to bridge structures and the design and detailing of concrete bridges for seismic resistance.

52.371 Traffic Systems Design
(Three lectures and one tutorial per week. Second half-year)

52.372 Transportation Engineering II
(Three lectures and one tutorial per week. First half-year)
Operational, economic and environmental assessment of transport projects, techniques and procedures. Rehabilitation techniques and pavement management systems. Road safety investigation and prevention techniques.

52.381 Civil Engineering Administration
(Two lectures and one tutorial per week)
An introduction to financial, legal and managerial principles, and their application to problems in civil engineering management. Systems approach to decision making. Topics related to professional engineering practice.

52.382 Management Techniques
(Three lectures and one tutorial per week. Second half-year)
Introduction to project planning and the making and implementation of decisions.

52.383 Accounting for Engineers
(Three lectures and one tutorial per week. Second half-year)
An introduction to the principles of accounting practice.

52.392 Water Quality Engineering
(Three lectures per week. Second half-year)
Chemistry and microbiology of water. Unit operations and process design in water and waste-water treatment. Engineering management of natural water quality.

52.393 Maritime Engineering
(Three lectures and one tutorial per week. Second half-year)

52.394 Environmental Management
(Three lectures and one tutorial per week. Second half-year)
Ecology and engineering; global environmental issues; New Zealand environmental issues; environmental legislation and administration; environmental planning processes; integration of environmental assessment into engineering projects; case studies.

52.395 Resource Management
(Three lectures per week. Second half-year)
Management of natural and physical resources including air, land, water, energy, minerals, and the built environment. Resource sustainability, environmental protection, management planning and legislative issues.

53.111 Electrical Engineering IIG
(Three lectures and one tutorial per week. Second half-year)
Biasing BJTs and FETS, SOA curves, hybrid "circuits, h and y parameters, active circuit analysis, operational amplifiers - biasing, simple low-pass all-pass and high-pass filters, feedback amplifiers, frequency response of linear amplifiers.

53.141 Engineering Electromagnetics
(Two lectures and one tutorial per week. First half-year)

53.181 Digital Electronics and Computer Systems
(Two lectures and one tutorial per week)
Digital electronics: decision elements, basic logic, logic memory elements, logic families, sequential logic systems. Computer systems: Finitestate systems, microprocessor systems, mathematical operations, operations on analogue signals, microprogramming.

53.194 Networks and Signals
(Two lectures and one tutorial per week)
Bridge circuits; resonance, Q, gain bandwidth considerations, tuned coupled circuits; Laplace transforms; pole-zero diagrams and precipitations; Two Port coupling networks; filter design using Image Parameters, frequency and impedance transformation; filter design using appropriate methods; active filter design. Signal levels and logarithmic units, signal spectrum and transmission in band limited channels, modulation techniques, electrical noise.

53.223 Analogue Electronics
(Two lectures and one tutorial per week. First half-year)
Noise, bandwidth, power amplifiers, switching circuits, thyristors, power supplies, linear and switched mode, non-linear operational amplifier circuits, multipliers, dividers, log amplifiers, analogue-digital and digital-analogue conversion, sample-and-hold.

53.241 Power Apparatus and Systems
(Two lectures and one tutorial per week. First half-year)
Multi-circuit and polyphase transformers. Motor starting and
**53.251 Transmission Lines and Fields**
(Three lectures and one tutorial per week. Second half-year)
Vector analysis revision; static fields; the electric field and magnetic fields; Maxwell's equations; electromagnetic waves; Poynting's theorem; skin effect. Transmission lines with distributed constants; surges on lines; AC lines; standing waves, resonance and antiresonance; Smith chart; common transmission lines, parameters, higher order modes; high frequency lines, communication lines and high power lines. Introduction to antennas and radio systems.

**53.271 Control Systems**
(Three lectures per week. Second half-year)

**53.281 Microcomputer Engineering**
(Two lectures and one tutorial per week. Second half-year)
Central processor architecture, memory systems, input-output, system buses, assemblers and assembly language programming, development systems, real-time industrial control using microprocessors, examples

**53.301 Project in Electrical Engineering**
(Six hours per week in the first half-year, seven in the second half-year)
A student is required to submit a report on project work carried out on a topic assigned by the Head of the Department of Electrical and Electronic Engineering. The work shall be supervised by a member of the staff. The report shall carry the weight of three papers.

*53.304 Special Topic in Electrical and Electronic Engineering A*
(Three hours per week. First half-year)
An advanced course on a topic to be determined each year by the Head of the Department of Electrical and Electronic Engineering.

*53.305 Special Topic in Electrical and Electronic Engineering B*
(Three hours per week. Second half-year)
Advanced courses on topics to be determined each year by the Head of the Department of Electrical and Electronic Engineering.

**53.311 Applied Electricity**
(Three lectures per week. Second half-year)
A course on electrical and electronic components and circuits leading to the study of industrial instrumentation, control systems and application of electrical energy

**53.313 Analytical Techniques in Electrical Engineering**
(Three lectures per week. First half-year)
The study of a number of advanced mathematical techniques appropriate to the broad field of electrical engineering applications.

**53.321 Applied Network Systems**
(Three lectures per week. Second half-year)

**53.322 Signal Processing**
(Three lectures per week. First half-year)
Analysis and processing of continuous signals. Quantitative and statistical treatment of signal distortion, random signals and electrical noise. Discrete-time signals and introduction to digital signal processing.

*53.332 Custom Integrated Electronic Design*
(Three lectures per week. Second half-year)

**53.342 Power Systems**
(Three lectures per week. First half-year)

**53.343 Advanced Power System Topics**
(Three lectures per week. Second half-year)

**53.352 Communication Systems**
(Three lectures per week. First half-year)

**53.353 Digital Communications**
(Three lectures per week. Second half-year)

**53.362 Microwave and Optical Engineering**
(Three lectures per week. Second half-year)

**53.363 Radio Systems**
(Three lectures per week. First half-year)
Systematic approach to electromagnetics as a basis for more advanced work in electromagnetic wave propagation, antennas and microwave.

**53.371 Advanced Control Engineering**
(Three lectures per week. Second half-year)

**53.382 Software Engineering**
(Three lectures per week. First half-year)
The software life cycle, requirements definition document, software prototyping and specification, implementation issues, data representation, software cost estimation, testing and quality assurance, testing and debugging, system delivery, maintenance. Computer aided software engineering (CASE), object oriented programming, real time executives, programmers toolkit.

**53.383 Computer Systems**
(Three lectures per week. Second half-year)
Computer Architecture - Main frames/microprocessors; Multiprocessing systems; Memory systems - disk, main, virtual, distributed processing; Special purpose processors; Commercial computer networking.

53.390 Power Semiconductor Applications
(Three lectures per week. Second half-year)
Power devices and device physics; thyristors, GTOs, transistors, FETs, IGTs. Conversion processes: AC-DC, DC-DC, DC-AC, UPS, switched mode power supplies, DC motor drives: thyristor control, chopper control, AC motor drives: current source inverters, voltage source inverters. Motor control techniques: inverter control, reduced voltage starters. Drive system economics.

54.111 Engineering Mathematics I
(Three lectures and one tutorial per week)
Basic algebra and calculus of elementary functions of a real variable, introduction to complex arguments, linear algebra and matrix methods, geometrical properties such as curvature and arch length, power-series and indeterminate forms, differentiation and integration. Application to engineering problems will be stressed and assisted by curve sketching in rectangular and polar forms and by numerical methods. Ordinary differential equations including first order, second order constant coefficient and elementary simultaneous equations. Introduction to Laplace transforms. Partial differentiation, evaluation of multiple integrals, vector analysis, grad, div, curl and integral theorems. Statistical and probabilistic methods, sampling theory, estimation and confidence intervals, regression and correlation, exploratory data analysis. Problem solving, formulation and representation of algorithms, the FORTRAN language, use of the undergraduate computer system.

54.112 Engineering Mathematics IS
(Three lectures and one tutorial per week)

54.211 Engineering Mathematics II
(Two lectures and one tutorial per week)

54.212 Engineering Mathematics IISA
(Three lectures and one tutorial per week. First half-year)

54.213 Engineering Mathematics IISB
(Three lectures and one tutorial per week. Second half-year)

54.221 Computational Techniques I
(Three lectures and one tutorial per week)

54.241 Continuum Mechanics
(Three lectures per week. First half-year; Three lectures per week, second half-year, one tutorial per week)
Vector and tensor analysis; analysis of stress and strain; constitutive relations and field equations; formulation and solution of problems in fluid mechanics and linear elasticity. Open channel flow.

54.251 Optimization in Operations Research
(Three lectures per week. Second half-year)
Linear programming, simplex and revised simplex methods, duality and dual simplex, sensitivity and post-optimal analysis, modelling and applications. Integer programming, network optimization, transportation and flow problems.

54.291 Engineering Science Design
(Three lectures per week)
Study of the design process, including conceptualization and analysis with particular reference to the design of simple structures. Systems analysis and design concepts applied to the computer solution of engineering problems in continuum mechanics and operations research, including formulation and preparation of initial specifications, implementation of algorithms, and presentation and interpretation of results.
54.344 Environmental Fluid Dynamics
(Three lectures per week. First or second half-year)
A number of topics in environmental fluid dynamics selected from:
sub-surface and surface flows, mixing in the environment and
stratified flows. The topics relate to groundwater, geothermal
fields, mixing in rivers and estuaries and tidal flows.

54.345 Classical Fluid Dynamics
(Three lectures per week. First or second half-year)
A number of topics from classical fluid dynamics selected from:
boundary layers, wave theory, classical inviscid flow theory,
compressible flows, viscous flows and hydrodynamic stability.

54.346 Engineering Solid Mechanics
(Three lectures per week. First or Second half-year)
A number of topics illustrating the application of the continuum
mechanics of solids to engineering. Topics will be selected from:
viscoelasticity and the behaviour of polymeric materials,
composites, plasticity theory, mechanics of structures, metal
forming processes, fracture mechanics, soil mechanics,
earthquake engineering and waves in solids.

54.347 Biomechanics
(Three lectures per week. First or second-half year)
A number of topics selected from: soft tissue mechanics
(including large deformation analysis), the mechanics of bone and
cartilage, muscle mechanics and energetics, stress analysis in
joints, analysis of human gait, blood flow and oxygen transport.

54.354 Simulation
(Three lectures per week. First half-year)
Introductory queueing; techniques of simulation and its application
to practical problems. The course will also introduce a modern
simulation language.

54.355 Queueing and Inventory Theory
(Three lectures per week. Second half-year)
Topics will include a selection from queueing theory, inventory
theory, reliability theory and decision analysis.

54.352 Stochastic Methods in Operations Research
(Three lectures per week. First half-year)
The application of non-deterministic methods in Operations
Research, including topics such as Markov processes, stochastic
programming, time series analysis, forecasting.

54.353 Deterministic Methods in Operations Research
(Three lectures per week. First half-year)
Topics associated with the application of deterministic
optimization including complexity, data envelopment analysis,
networks, set partitioning and dynamic programming.

55.101 Mechanics of Solids I
(Three lectures and one tutorial per week. First half-year)
Review of principles of static equilibrium; analysis of forces and
moments using three-dimensional cartesian vectors. Reactions
and degrees of freedom of joints; analysis of space frames. Axial
and shear forces, bending moments and torsion. Concept of stress,
principal stresses, transformation equations. Mohr circle of plane
stress. Linear elastic behaviour and small strain theory.
Approximate analysis of stress and strain in axial loading, bending
and torsion including moments of area and other section
properties; deflection of slender beams and column behaviour.
Design of thin-walled pressure vessels.

55.102 Mechanical Engineering II
(Three lectures and one tutorial per week. Second half-year)
Introduction to the fundamentals of thermodynamics, power
cycles and heat transfer. Elementary stress analysis.
Miscellaneous topics.

55.113 Thermo Fluid Dynamics I
(Three lectures and one tutorial per week. Second half-year)
Thermodynamic variables, thermostatics and hydrostatics.
Dimensional analysis, fluids in motion and viscosity. Integral
equations of conservation of mass, momentum, and energy, first
and second laws of thermodynamics, entropy. Introduction to
cycles.

55.121 Applied Mechanics
(Three lectures and one tutorial per week. First half-year)
Vector methods in mechanics. Kinematics of mechanisms.

55.213 Thermo Fluid Dynamics II
(Three lectures and one tutorial per week. First half-year)
Conservation laws, compressible flow, internal and external
flows, gas mixtures and psychrometry, combustion, power and
refrigeration cycles.

55.223 Dynamics and Control
(Three lectures and one tutorial per week. First half-year)
Kinetics of rigid bodies in two and three dimensions; moments of
inertia, momentum, energy, gyroscopic motion and applications.
Free and forced vibration of one and two degree of freedom
systems. Damping. Rayleighs method. Derivation of transfer
functions for mechanical systems. Time response and
performance characterisation. Stability tests. Frequency response
analysis: Bode and Nyquist methods.

55.224 Vibrations and Control
(Two lectures and one tutorial per week. First half-year)
Free and forced vibration of one and two degree of freedom
systems. Derivation of transfer functions for mechanical systems.
Time response and performance characterisation. Stability tests.
Frequency response analysis: Bode and Nyquist methods.

55.231 Industrial Administration
(Three lectures per week. Second half-year)
An introductory course for engineering students on the
organisational, financial and human relations aspects of
management theory and practice.

55.241 Mechanics of Solids II
(Three lectures and one tutorial per week. First half-year)
Analysis of stress and strain. Constitutive relations. Yield and
fracture in metals. Bending of beams, elastic and plastic analysis
of simple indeterminate beams and frames; torsion of shafts,
non-circular and thin-walled sections; stability. Experimental stress
analysis, testing methods; non-destructive testing.

55.251 Heat Transfer
(Three lectures and one tutorial per week. Second half-year)
Heat transfer by conduction, radiation and convection. Steady
conduction through plane walls, curved shells, and fins; diffusion
equation, heat generation, transient thermal response. Forced
convection in external and internal flows; film coefficient; free
convection from surfaces and in enclosed spaces. Radiation heat
exchange between black or grey surfaces; three surface
closures. Two stream heat exchanger analysis, log mean
temperature difference; effectiveness, number of transfer units;
heat exchanger design.

55.261 Mechanical Engineering Design I
(One lecture and one two-hour drawing office class per week)
The concept, design and specification of machines, mechanical
plant and structures. Relationship of production and design.

55.271 Production Technology
(Three lectures and one tutorial per week. Second half-year)
Principles of plastic flow theory: yield criteria, incremental strain,
incompressibility, flow rule, plastic work; analyses of bulk
forming processes: forging, extrusion, wire drawing, forging, etc;
introduction to sheet metal forming; theory of metal cutting, tool
life, tool wear and machinability, introduction to economics of
metal cutting, principles of numerical control, development of NC
technology, computer-aided part programming techniques,
processing of polymers, introduction to casting processes,
continuous casting, gating, nucleation, heat flow and shrinkage,
gas production and porosity, casting defects, solidification
processes during welding.

55.301 Project in Mechanical Engineering
(Equivalent in weight to two elective papers)
A comprehensive investigation and report on a topic assigned by
the Head of the Department of Mechanical Engineering.
No final examination: Grade assessed on project report and year’s
work.

55.303 Special Topic in Mechanical Engineering
(Three lectures per week. Either first or second half-year)
An advanced course on a topic to be determined each year by the Head of the Department of Mechanical Engineering.

55.311 Applied Fluid Mechanics
(Three lectures per week. First half-year)
Boundary-layer equations, turbulent flow, compressible pipe flow, water-hammer, tribology; turbomachinery and cavitation.

55.312 Applied Aerodynamics
(Three lectures per week. Second half-year)

55.321 Control Engineering
(Three lectures per week. First half-year)
Classical linear control theory as applied to mechanical and other relevant systems: an introduction to state-space methods and to digital control techniques.

55.322 Mechanical Vibrations
(Three lectures per week. First half-year)

55.323 Microprocessors in Mechanical Control Systems
(Three lectures per week. Second half-year)
An introduction to modern control methods as applied to mechanical and other systems. Digital control algorithms and state-space techniques. Incorporation of microprocessors into mechanical systems.

55.324 Acoustics
(Three lectures per week. Second half-year)

55.331 Industrial Engineering
(Three lectures per week. First half-year)
An introduction to the problems associated with effective industrial management and the techniques used to solve them. The course considers both the human and technological aspects of productivity improvement procedures, applied to NZ industry.

55.333 Engineering Economics
(Three lectures per week. Second half-year)
A course intended to familiarise the student with the financial aspects of engineering management. Emphasis will be placed on topics such as alternative forms of financing, budgeting and profit planning, break-even analysis, transfer pricing, replacement and maintenance policies, make or buy decisions and project cost estimation.

55.334 Manufacturing Technology
(Three lectures per week. Second half-year)
Theory and practice of modern manufacturing technology: selection of optimum cutting parameters, theory of sheet metal forming: shearing, blanking and bending processes, deep drawing and punch stretching, cold roll forming and CAD in roll design, computer applications in materials testing, die design and failure analysis; computer-aided design, manufacture and assembly, robotics, materials handling, flexible manufacturing systems, concept of computer-integrated manufacturing, planning and design of manufacturing systems.

55.342 Strength of Materials
(Three lectures per week. First half-year)

55.351 Heat and Mass Transfer
(Three lectures per week. First half-year)

55.352 Applied Thermodynamics
(Three lectures per week. Second half-year)
Energy Resources; Various power generating options; Concepts, terminology and definitions; Irreversibility and availability. Vapour cycles; steam cycles including effects of terminal conditions, feed heating and reheating. Cogeneration and process steam. Advanced gas turbine plants, combined cycles. Combustion processes. Internal combustion cycles, dissociation and equilibrium, mechanical and turbo superchargers.

55.361 Mechanical Engineering Design II
(Second half-year)
The paper will develop an appreciation of the design process as applied to various mechanical systems. Design skills will be learned through a variety of advanced engineering projects demanding the ability to synthesise the problem, evaluate a solution and communicate the results.

56.101 Mineral Engineering
(Second half-year)

56.203 Mineral Processing Technology
(Second half-year)

56.212 Mine Environment and Ventilation
(Second half-year)

56.214 Unit Operations in Mining
(Second half-year)

56.215 Bulk Materials Handling
(Second half-year)

56.231 Mine Surveying
(Second half-year)
Introduction to land (including topographic) surveying theory and practice. Principles of typical surveying equipment and its operation and application. Introduction to mine surveying. Photogrammetry. This paper will include attendance at a four-day field exercise prior to Fourth Year.
56.312 Evaluation and Mineral Economics
(Two lectures per week and 12 hours laboratory, first half-year. Two lectures per week, second half-year) 
Orebody evaluation, geostatistics. Mineral economics feasibility, taxation, metal pricing and marketing. Concept of exhaustibility and cut-off grade.
56.313 Mine Design
(One lecture per week and 12 laboratory hours, first half-year. One lecture and three design office hours per week, second half-year) 
Design of mine layouts including services; environmental and economic assessments. Students will be required to do design exercises in surface and underground mining in both metalliferous and coal.
56.314 Rock Mechanics
(Three lectures per week and 15 laboratory hours. First half-year) 
Behaviour of rock masses; rock properties, strength, deformation and failure. Laboratory and in situ testing, instrumentation. Analytical models of rock as linear elastic, plastic and visco-elastic media, numerical solutions. Underground excavation stability, rock-support interaction and slope stability. Ground control, rock improvement techniques and subsidence.
56.315 Project in Mining Engineering
The candidate is required to submit a report on a topic in mining engineering assigned by the Head of the Department of Mining Engineering. The work will be supervised by a member of staff.
56.317 Mine Production Engineering
(Three lectures per week. First half-year) 
Mine production techniques in coal and metalliferous mining. Special topics in coal and metalliferous mining. Safety.
56.319 Special Topic in Mining Engineering
(Three lectures per week. Second half year) 
An advanced paper on a topic in Mining Engineering to be determined by the Head of the Department of Mining Engineering.
56.320 Special Topic in Mineral Process Engineering
(Three lectures per week. Second half year) 
An advanced paper on a topic in Mineral Process Engineering to be determined by the Head of the Department of Mining Engineering.

Practical Work
1. Before enrolling for papers of the Third Examination, candidates for the BE Degree are required to have completed to the approval of the Faculty of Engineering a recognised course in Workshop Practice. A candidate who has attended a similar course elsewhere before enrolling at the University of Auckland may apply to the Faculty for that course to be approved. Candidates who have been exempted by the Senate from the Second Examination are not required to complete a course in Workshop Practice.
2. (a) Except as otherwise provided, candidates may not be admitted to the Degree until they have obtained approved practical experience in engineering works for at least 800 hours. Candidates should undertake such practical experience during Summer vacations and it is expected that they will have completed at least one period of work before enrolling for papers of the Third Examination. All practical work must be approved by Faculty and shall meet the requirements of the appropriate department as set out in the current School of Engineering Handbook.
(b) The first period of practical work should permit candidates to become familiar with engineering processes and trade skills, particularly those appropriate to the branch of engineering being followed. Subsequent periods shall be related to the particular branch of engineering and may include work of a sub-professional nature. It is expected that the experience gained will be as broad as possible. The advice of the appropriate departmental member of the Practical Work Committee of the Faculty of Engineering may be sought before employment is accepted.
(c) At the conclusion of each period of practical work a candidate must submit to the Faculty:
(i) a certificate signed by the employer showing the type of work carried out, the dates covered, the number of hours worked and the standard of attendance and performance;
(ii) a satisfactory report on the work performed.

Laboratory and Field Work
1. Laboratory work related to papers of the Second and Third Examinations of the course is undertaken in integrated programmes designated Second Year Laboratories and Third Year Laboratories.
2. In order to gain the formal recognition of having completed the laboratory work necessary for admission to the Degree, a candidate shall attend the Second Year Laboratory and Third Year Laboratory courses, carry out the experiments and submit reports, to a required standard.
3. For the purposes of BE Regulation 8, the Second Year Laboratory course is considered to be a part of the Second Examination.
4. Laboratory work related to papers of the Fourth Examination is an integral part of each paper. A candidate’s satisfactory attendance and performance, including the submission of reports, forms a part of the requirement for a pass in each paper.
5. Candidates taking the papers Surveying and Traffic and Highway Engineering shall, to a required standard, undertake Field Work, including the submission of reports.
6. As part of their Degree course, candidates may be required to go on field trips to study engineering plant and works. The requirements in respect of such plant visits will be specified each year.

BTech
The Bachelor of Technology is an Inter-Faculty offering. For detailed Regulations refer to the Inter-Faculty Degrees and Diplomas section of this Calendar. Prescriptions for individual papers may be found in the Prescriptions for the Degrees of BCom, BE and BSc in the appropriate sections of this Calendar.

ME
50.401 Project A1
50.402 Project A2
50.411 Project B1
50.412 Project B2
50.421 Project C1
50.422 Project C2
50.431 Project D (Value two papers)
A candidate may take the equivalent of three single-paper projects.
For example, a candidate may take Projects A1, B2 and C2, or Project D and one of the other single-paper projects. A candidate is required to submit a report on each project carried out. These projects may include design studies, a survey and evaluation of modern advances in a branch of engineering, a small experimental or theoretical research project, the development of a new design procedure, the development of a computer package.

51.411 Advanced Process Control

51.412 Chemical Engineering Seminar
A graduate paper on a topic or topics from the advanced fields of fluid mechanics, transport phenomena, heat transfer, particulate technology, chemical reactors and fuel technology.

51.413 Studies in Chemical Engineering
An advanced paper on topics to be determined each year by the Head of the Department of Chemical and Materials Engineering.

51.414 Biochemical Engineering Seminar
A graduate paper on selected topics in biochemical engineering; biological reactors, fermentation, protein processing and enzymology.

51.415 Advanced Chemical Engineering
An advanced paper on selected topics such as fluid flow, rheology, heat transfer, mass transfer, separation processes.

51.421 Advanced Materials
An advanced paper on selected topics in materials science or materials engineering.

51.422 Materials Seminar
A graduate paper on a topic or topics in the field of materials to be determined each year by the Head of the Department of Chemical and Materials Engineering.

51.423 Studies in Materials Engineering
An advanced paper on topics to be determined each year by the Head of the Department of Chemical and Materials Engineering.

52.401 Special Seminar in Civil Engineering A
An advanced paper on a topic to be determined each year by the Head of the Department of Civil Engineering.

52.402 Special Seminar in Civil Engineering B
An advanced paper on a topic to be determined each year by the Head of the Department of Civil Engineering.

52.411 Mechanics and Properties of Materials Seminar
Special topics selected from recent developments in the mechanics and properties of selected materials used in civil engineering.

52.421 Fluid Mechanics Seminar
Special topics selected from fluid dynamics, water resources engineering, statistics and numerical methods.

52.422 Advanced Fluid Mechanics
Selected topics from applied fluid mechanics and hydraulics.

52.423 Coastal Engineering
Waves, wave theories, wave forces on structures. Breakers, tsunamis, flow induced oscillations, resonance problems, tidal estuaries. Sediment transport by waves. Topics from coastal and harbour engineering.

52.424 Advanced Water Resources
Selected topics from hydrology and water resources engineering

52.431 Earthquake Engineering

52.432 Geomechanics Seminar
Advanced studies of recent developments in theoretical soil mechanics.

52.433 Applied Geomechanics
Application of the principles of soil mechanics, rock mechanics and engineering geology to practical problems in civil engineering.

52.434 Earth Structures
The stability, deformation, design and construction of earth structures.

52.441 Structural Dynamics

52.442 Structures Seminar
Selected topics from recent developments in structural analysis and design.

52.443 Structural Analysis
Analytical methods for some or all of the following structures: space frames and grids, shear wall systems, folded plate structures, bridges superstructures. Solution techniques will include approximate methods, matrix and computer methods. Optimisation techniques and computer-aided design may also be included.

52.444 Space Structures
Selected topics in the analysis of space structures such as cable structures, plate and shell structures. Special consideration for stability, elasticity and plasticity may also be included.

52.451 Environmental Law
See prescriptions for LLB, paper 25.313.

52.461 Structural Design
Design philosophies. Special considerations in steel, reinforced concrete, prestressed concrete and masonry structural design. The background to and the use of design codes.

52.471 Traffic Engineering
Selected topics from: Signal performance measures (queues, delays, stops). Coordination of signals, platoon dispersion. One-way street systems. Pedestrian activity design, capacity analysis and levels of service. Queueing theory and applications. Simulation. Design of large scale parking, street lighting.

52.472 Transportation Engineering Seminar
Selected topics from recent developments in the planning and design of transport facilities and systems.

52.473 Transportation Planning

52.474 Transportation Systems Analysis
Selected topics from transportation systems and land use planning with emphasis on analysis and evaluation.

52.475 Highway Operations and Evaluation
Selected topics from: Highway capacity and level of service analyses for motorways, urban arterials and rural two-lane highways. Speed prediction and vehicle operating cost modelling. Parking and climbing lane evaluation. Computer simulation packages. Economic evaluation models and appraisal techniques.

52.481 Project Management A
Planning, organisation and control of large engineering projects.

52.482 Case Studies in Project Management
Analysis of the management of some large engineering projects currently in hand or recently completed.

52.483 Project Management B
Estimating and cost control, contracts and decisions.

52.491 Public Health Engineering Seminar
Selected topics from water and wastewater engineering pollution control.

53.401 Studies in Electrical and Electronic Engineering A

53.402 Studies in Electrical and Electronic Engineering B

53.403 Studies in Electrical and Electronic Engineering C
Advanced papers on topics to be determined each year by the Head of the Department of Electrical and Electronic Engineering.
†53.432 Electronic Circuits and Systems
A graduate paper covering state of the art topics in Advanced Electronics including: computer aided circuit analysis; non-linear circuit concepts; oscillators; mixers; power amplifiers; stability; noise.

†53.441 Heavy Current Electronics
Selected topics in the utilisation of thyristor devices in industrial electrical engineering applications.

†53.451 Digital Signal Processing
Fast Fourier transform (FFT) discrete operations via FFT digital filters, finite impulse (FIR) and infinite impulse response (IIR); design techniques for FIR and IIR filters; hardware implementations and noise analysis. State-space synthesis and non-linear behaviour of digital filters. Signal coding and bandwidth compression techniques. Two dimensional signal and image processing.

†53.452 VHF and UHF Radio Communication
A paper concerned with the planning and design of VHF and UHF Radio Communication Systems. Consideration will be given to analogue and digital systems, and both mobile and point-to-point services.

†53.461 Electromagnetic Theory
Selected topics in electromagnetic theory. The emphasis is on mathematical analysis.

†53.471 Advanced Control Systems
Theory of modern control systems with emphasis on optimisation techniques for both deterministic and stochastic processes. State-space modelling of dynamic systems and choice of suitable performance criteria. Examples of applications and discussion of computational problems.

†53.483 Topics in Information Engineering
A graduate-level paper on topics in information engineering including Artificial Neural Network (ANN) models; software simulation methods; hardware systems, engineering applications of ANN's; genetic algorithms; fuzzy logic systems; fuzzy logic neural networks; digital coding; variable length codes; synchronisation issues; error correcting codes; encryption techniques; public key cryptography.

54.401 Studies in Engineering Science
A graduate paper on topics to be determined each year by the Head of the Department of Engineering Science.

54.411 Studies in Engineering Mathematics
A graduate paper in Mathematics applied to Engineering problems on such topics as the theory of ordinary differential equations, partial differential equations, perturbation methods, advanced numerical analysis, etc.

54.421 Advanced Finite Element Methods
A graduate paper on finite element formulations and applications to problems such as stress analysis, seepage, heat transfer and fluid flows.

54.422 Nonlinear Optimisation
A study of theoretical conditions for optimality in non-linear optimisation and numerical methods for the solution of systems of non-linear equations and constrained and unconstrained optimisation problems including the non-linear least-squares problem.

54.423 Advanced Linear Optimization
This paper discusses advanced topics in linear optimization including degeneracy resolution, LU basis handling techniques, elastic LP, the Primal/Dual method, decomposition methods and interior point methods.

54.441 Studies in Continuum Mechanics A
Graduate papers in Continuum Mechanics covering topics in the mechanics of solids and fluids and other continua.

54.442 Studies in Continuum Mechanics B
Graduate papers in Continuum Mechanics covering topics in the mechanics of solids and fluids and other continua.

54.451 Studies in Operations Research A
Graduate papers in recent developments in Operations Research systems and applications.

54.452 Studies in Operations Research B
Graduate papers in recent developments in Operations Research applications.

54.455 Advanced Systems Analysis A
A graduate-level paper on topics to be determined each year by the Head of the Department of Engineering Science.

54.456 Advanced Systems Analysis B
A graduate-level paper on topics to be determined each year by the Head of the Department of Engineering Science.

54.461 Studies in Control Theory
A graduate paper in modern Control Theory including such topics as optimal control, stochastic and non-linear systems.

54.481 Geothermal Modelling
A study of mathematical methods currently used in geothermal reservoir engineering, and an introduction to the computer modelling of geothermal flows.

54.491 Bio-Engineering
An introduction to the application of engineering principles and methods in biomedical research. Mechanical properties of living tissue: constitutive laws, structure/function relationships, myocardial and lung mechanics, haemodynamics. Biological control mechanisms. Electrophysiology. Instrumentation and measurement: principles and applications.

55.401 Studies in Mechanical Engineering
(Either half-year)
An advanced paper on topics to be determined each year by the Head of the Department of Mechanical Engineering.

55.411 Fluid Dynamics
(First half-year)
Equations of fluid motion, laminar duct flow, laminar boundary layers and free shear layers, structure of turbulence, turbulent duct flow and turbulent shear layers.

55.412 Aerodynamics
(Second half-year)
Thin-airfoil theory, distributed singularity methods, lifting-line and lifting-surface theory, vortex lift; computation of boundary layers, prediction of drag and separation; bluff body flows, wind loading.

55.413 Wind Engineering
(Second half-year)
Basic meteorology and extreme wind speed analysis; planetary boundary-layer flow; wind structure; loads on engineering structures; dynamic response to turbulence; vortex shedding and aeroelastic effects; wind tunnel testing.

55.422 Mechanical Control Systems
(Second half-year)
A selection of topics from modern control theory, directed towards the application of appropriate techniques in the description and simulation of mechanical systems. Emphasis will be placed on a structured approach to the analysis of control systems.

55.434 Computer Integrated Manufacturing and Robotics
(First half-year)
A study of computer integrated manufacturing (CIM) appropriate to the needs of New Zealand industry. The course will deal with the integrated use of robots, workstations, materials handling and control systems.

55.435 Computers in Manufacturing
(Second half-year)
A paper dealing with the development of manufacturing management and information systems through the use of planning, modelling, simulation and artificial intelligence computing techniques.

55.441 Mechanics of Materials
(First half-year)

55.442 Vibrations
(Second half-year)
A selection from topics including analysis of multiple degree of freedom and continuous systems, numerical methods, random vibrations and spectral analysis, vibration measurement and testing methods, modal analysis, wave propagation, sound radiation and sound-structure interaction.
55.452 Reciprocating Internal Combustion Engines  
(Second half-year)  
Combustion processes; calculations for Diesel and Otto cycles, including turbocharging; ideal, fuel-air and real cycles; use of alternative fuels as supplements or replacements.

55.461 Computer Graphics and Computer Aided Design  
(Second half-year)  
Fundamentals of computer graphics as related to applications in engineering, the mathematics of surface and solid geometry as applied to design and manufacturing, computer aided draughting and design systems.

55.471 Production Technology  
(First half-year)  

55.472 Metal Forming  
(Second half-year)  
Plasticity, analysis of deformation processes, application of upper bound and slip-line field techniques to bulk forming of metals. Properties and behaviour of sheet metals, anisotropy, strain mapping, determination of forming limits.

55.491 Computational Fluid Dynamics and Numerical Heat Transfer  
(First half-year)  
The application of computational methods to fluid dynamics and heat transfer. Finite difference, finite volume, finite element, spectral and panel methods. Convergence and stability. Mesh generation and post-processing. Application of commercial computer programs to industrial problems.

55.493 Geothermal Heat and Mass Transfer  
(Second half-year)  
The application of the principles of heat and mass transfer to geothermal energy technology. Topics include transmission of geothermal fluids within the reservoir and through pipe networks; heat exchangers; condensers; waste heat rejection; economic considerations.

†56.401 Advanced Mineral Processing  
An advanced paper on a topic or topics in mineral processing to be determined each year by the Head of the Department of Mining Engineering.

56.411 Advanced Mining Engineering  
An advanced paper on a topic or topics in mining engineering to be determined each year by the Head of the Department of Mining Engineering.

56.412 Seminar in Mining Engineering  
A graduate-level paper on a selected aspect or aspects of mining engineering to be determined each year by the Head of the Department of Mining Engineering.

56.414 Advanced Geostatistics and Resource Evaluation  
Theoretical and practical geostatistics, including the application of commercial—scale computer packages to problems of natural resource evaluation. Further study of extraction policy formulation and cutoff grade decisions.

56.415 Advanced Rock Mechanics  
Further topics in rock mechanics.

86.401 Geothermal Systems and Technology  
Scope of geothermal projects, features of geothermal systems, properties of geothermal fluids. Introduction to geothermal exploration, production and utilisation technology. Reservoir engineering, economics, environmental and legal aspects. Case histories.

Either

86.402 Geothermal Production Technology  
Drilling technology and completion tests, fluid transmission, thermodynamics and fluid mechanics of geothermal fluids, well operation and analysis. Reservoir modelling and assessment, corrosion and deposition, materials.

86.403 Geothermal Energy Utilisation  

Note:  
* Starred papers will not be taught during the current Calendar year.  
† Daggered papers will not be taught during the current Calendar year unless sufficient staff is available.

DIPLOMA COURSE REGULATIONS

DIPLOMA IN GEOTHERMAL ENERGY TECHNOLOGY DipGeothermTech

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Diploma in Geothermal Energy Technology shall before enrolment for this Diploma:
   (a) have been admitted or have qualified for admission to a Bachelor’s Degree in Science or Engineering, or
   (b) have reached an equivalent level of attainment in science or engineering to the approval of the Senate.

2. Admission to the course of study shall be at the discretion of the Senate on consideration of a recommendation from the Board of Studies, Geothermal Institute.

3. A candidate for the Diploma shall follow a course of study of one year.

4. The Course of study for the Diploma shall consist of three parts. The Diploma shall be granted by examination.

**Part I**
A core paper in Geothermal Systems and Technology (86.100) (two paper value)

**Part II**
EITHER

(a) Geothermal Exploration for Earth Scientists (86.101) and

(b) Geothermal Exploration Technology (86.102)

OR

(c) Geothermal Production Technology (86.103) and

(d) Geothermal Energy Utilisation (86.104).

**Part III**
A project (86.606) on some aspect of Geothermal Energy.

5. The project (86.606) shall be delivered to the Registrar by October 25 of the year of the candidate’s enrolment for the Diploma, or such later date as may be approved by Senate.

6. These Regulations shall come into force on 1 January 1985.
DIPLOMA IN PULP AND PAPER TECHNOLOGY DipPulpPaper

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Diploma in Pulp and Paper Technology shall before enrolment for this Diploma:
   (a) have been admitted or have qualified for admission to a Bachelor’s Degree in Engineering, Forestry or Science, or
   (b) have reached to the satisfaction of Senate an equivalent level of attainment in science or engineering, or
   (c) have a New Zealand Certificate in Engineering or Science (or equivalent) and have completed a minimum of three years relevant industrial experience to the satisfaction of Senate.

2. Admission to the course of study shall be at the discretion of the Senate on consideration of a recommendation from the Board of Studies, Pulp and Paper Technology Diploma.

3. A candidate for the Diploma shall follow a formal course of study of 15 full-time weeks followed by a further 12 weeks full-time industrial project approved by the Board of Studies, Pulp and Paper Technology Diploma.

4. Every candidate for the Diploma shall pass in each of six papers and pass in respect of a project as follows:
   - The Forest Products Industry (191.501)
   - Mechanical Pulping (191.502)
   - Chemical Pulping (191.503)
   - Papermaking (191.504)
   - Process and Environmental Control (191.505)
   - Properties and Uses of Pulp and Paper (191.506) and
   - Project (191.607)

5. A candidate must submit the written project not later than 1 December in the year of enrolment for the Diplomas may, in exceptional circumstances, extend the period.

Time limit
6. The requirements for the Diploma shall be completed by 1 December in the year of enrolment for the Diploma.
7. These Regulations shall come into force on 1 January 1991.

DIPLOMA COURSE PRESCRIPTIONS

DipGeothermTech

The Course of study for this Diploma is taught under the auspices of the Geothermal Institute which was established within the University of Auckland by funding from the United Nations Development Programme and the New Zealand Government. Funds are now provided by the Ministry of External Relations and Trade. Teaching will be carried out within the Faculty of Science and the School of Engineering by the academic staff, and by visiting lecturers from Government agencies and private organisations engaged in geothermal exploration and development.

Applications for admission to this Diploma course by foreign students must be made to the Board of Studies, Geothermal Institute by 1 September (15 October for New Zealand students) for entry to the course in the following year. The number of students accepted for the course will be restricted each year.

Or
(c) 86.103 Geothermal Production Technology
Drilling techniques and completion tests, fluid transmission, thermodynamics and fluid mechanics of geothermal fluids, well operation and analysis, reservoir modelling and assessment, corrosion and deposition, materials for geothermal plant, and
(d) 86.104 Geothermal Energy Utilisation

DipPulpPaper

The course of study for this Diploma is carried out in conjunction with the Pulp and Paper Research Organisation of New Zealand (PAPRO). Teaching will be carried out by staff from PAPRO and the Forest Research Institute (FRI), specialists from the pulp and paper industry, and academic staff from the University. Lectures and laboratories will be held at FRI in Rotorua, and students are expected to be domiciled in Rotorua for the duration of the formal coursework. The course fee is costed on a user-pays basis; one full-fee scholarship will be offered each year by the industry to unsponsored candidates.

1. 191.501 The Forest Products Industry
   (Five lectures and three laboratory hours per week. First half of the course)

2. 191.502 Mechanical Pulping
   (Three lectures and four laboratory hours per week. First half of the course)
   The science and technology of mechanical pulping of wood.
3. **191.503 Chemical Pulping**
   (Three lectures and four laboratory hours per week. First half of the course)

4. **191.504 Papermaking**
   (Three lectures and four laboratory hours per week for the full length of the course)

5. **191.505 Process and Environmental Control**
   (Three lectures and three laboratory hours per week. Second half of the course)

6. **191.506 Properties and Uses of Pulp and Paper**
   (Seven lectures and two laboratory hours per week. Second half of the course)

7. **191.607 Project**
   (Full-time project, 12 weeks duration)
   The industrial project will be either a research project or a professional level investigation set by the course organisers in conjunction with industry and must be approved by the Board of Studies. There will also be eleven plant visits, each occupying one day.

---

**CERTIFICATE REGULATIONS**

**CERTIFICATE IN GEOTHERMAL ENERGY TECHNOLOGY**

CertGeothermTech

Each candidate for the Certificate has to enrol for the Diploma in Geothermal Energy Technology. The course for the Certificate in Geothermal Energy Technology normally involves attendance at all lectures, laboratories and field trips of the papers 86.100 and either 86.101 and 86.102 or 86.103 and 86.104. However, during the year the candidate may be advised by Director of the Geothermal Institute EITHER not to submit the project (86.606) and to continue with only those courses proceeding to a final written examination (i.e. 86.100, and either 86.101 and 86.102 or 86.103 and 86.104) OR to submit the project 86.606 and to continue with only two of the courses proceeding to a final written examination (86.100, 86.101, 86.102, 86.103, 86.104).

Examinations: Candidates will be assessed on their practical work and written tests during the course. The Certificate may be awarded for a pass in the following papers: 86.100 and either 86.101 and 86.102 or 86.103 and 86.104. Alternatively, the Certificate may be awarded for a pass in two of the following papers: 86.100, 86.101, 86.102, 86.103, 86.104 and a pass in the 86.606 project.

Prerequisites: As for Diploma in Geothermal Energy Technology.

GENERAL INFORMATION
ELAM SCHOOL OF FINE ARTS

In celebration of the University Centenary, the name of the School reverted in 1983 to Elam School of Fine Arts, acknowledging John Edward Elam who, when he died in 1888, bequeathed funds to establish an art school in Auckland. The Elam School of Art & Design opened in 1890 in rooms at the Auckland Art Gallery, with E.W. Payton its first Director. The School quickly became an important influence on the artistic life of the city, becoming registered in 1900 and adding evening classes in 1902. A new building in Rutland Street provided space for the growing School from 1914, and, in 1925, A.J.C. Fisher was appointed Director, remaining in that post until his death in 1959. During the mid-30s the School moved to more spacious accommodation in the Old Grammar School in Symonds Street, using the Old Newton West Primary School after the January 1949 fire. In 1950 the School became part of Auckland University College, and began offering Diploma courses. The first Chair of Fine Arts was established in 1961 and Professor Paul J. Beadle was appointed. In 1962 the School moved to its present building in Whitaker Place. Degree courses began in 1967, and, in 1968, a separate Department of Art History was established. Professor Jolyon D. Saunders became Head of Department and Dean of the Faculty of Fine Arts in 1977 when Professor Beadle assumed the first Personal Chair in Fine Arts.

The Elam School of Fine Arts offers the Bachelor of Fine Arts Degree of four years’ duration, and the Master of Fine Arts Degree and the Master of Philosophy Degree, each of two years’ duration. Courses of study for each of these Degrees involves a proportion of studio activities and theoretical studies which can be varied to accommodate the needs of individual students.

Bachelor of Fine Arts (BFA)

All students entering the first year of the BFA course take a common programme which consists of practical studio activities conducted in the School of Fine Arts and two papers presented by the Department of Art History. Studio sessions are held in the morning from 9 am - 1 pm and the Art History study in the afternoons between 2 pm and 4 pm.

The first year studio programme consists of assignments and concentrated workshop sessions in design, drawing, painting, sculpture, intermedia and photography. Upon the completion of the first year, some degree of specialisation is normally expected. Regular seminars and personal tutorials are essential features of the course, as are studio theory papers dealing with historical, critical and technical topics.

Master of Fine Arts (MFA)

Any person wishing to enrol for the Master of Fine Arts Degree shall have passed the final year of the Bachelor of Fine Arts course with a Studio grade higher than B-.

Course options allow the proportion of practical to theoretical studies to be varied. Studio work consists of a practical performance in an aspect of painting, sculpture, printmaking, photography, intermedia or design.

Candidates are required to present a course outline of their proposed programme to the Dean prior to 31 March. Graduate students are expected to base their activities in their studios during School hours, and to participate in a series of seminars on theoretical, critical and historical issues. In addition they are required to present a dissertation on a topic other than the main subject of their studio work, and to present an exhibition of their work at the end of the final year.

Master of Philosophy (MPhil)

The course requirements are the same as for the MFA Degree.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF FINE ARTS BFA

OPTION I AND OPTION II

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their Course of study students are referred to the Enrolment and course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Fine Arts shall:
   (a) follow a course of study of not fewer than four years, taking either Option I or Option II prescribed in these Regulations and
   (b) pass four Professional Examinations.

2. In these Regulations:
   ‘Papers’ includes Studio I, Studio II, Studio III and Studio IV.
   ‘Prescribed’ in relation to any candidate means the following papers:
   ‘Approved papers’ in relation to any candidate means any of the following:
   (or the equivalent credits)
   (i) prescribed for the Degree of BA, BSc or any other degree and
   (ii) approved by the Head of the Department of Fine Arts for the course of that candidate for this Degree and by the Head of the
   Department in which the paper is taken.

3. The subjects of Examination for the Degree shall be:
   First Professional Examination 7 papers, consisting of:
   (i) Studio I: 27.165 having the value of 5 papers, and
Second Professional Examination 7 papers, consisting of:
(i) Studio II: 27.265 having the value of 5 papers and
(ii) Two approved papers.

Note: (i) Students planning to take Studio III Sculpture must have passed 27.216.
(ii) Students wanting to take Option I must pass at least two Stage II Art History papers prior to enrolling in the Fourth Professional Year and ensure that they have completed the prerequisites to enable them to take two other advanced papers.

Third Professional Examination 7 papers, consisting of:
(i) Studio III: 27.365 having the value of 5 papers and
(ii) Two approved papers.

Note: (i) 27.216 is a prerequisite for entry to Studio III Sculpture but with special permission of the Head of Department may be taken as a corequisite.
(ii) Students wanting to take Option II must pass at least two Stage II Art History papers prior to enrolling in the Fourth Professional Year and ensure that they have completed the prerequisites to enable them to take two other advanced papers.

Fourth Professional Examination 7 papers, consisting of:
Either Option I
Studio IV: 27.465 having the value of 7 papers
or Option II
(i) Studio IV: 27.475 having the value of 3 papers and
(ii) Two Art History papers at Stage II level or above, including at least one at Stage III level.
(iii) Two Approved papers.

Note: Students wanting to take Option II must pass at least two Stage II Art History papers prior to enrolling in the Fourth Professional Year and ensure that they have completed the prerequisites to enable them to take two other advanced papers.

4. All students will be required to make a formal presentation of work in Studio, or to fulfill the course work in any subject or tutorial as may be determined by the Faculty from time to time. A student who fails to comply with these requirements may be declined permission to sit the final examination.

Studio
5. In each Professional year work for Studio shall consist of:
(a) a formal presentation of work at the conclusion of each study period; and
(b) a final formal presentation of work; which may include written examination papers, as required by the Dean of the Faculty.
6. A candidate shall be required to pass as a whole each Professional Examination consisting of more than one subject, so that his/her performance in all the papers of the Examination shall be considered; provided that:
(a) a candidate who has failed to pass any such Examination as a whole may, at the discretion of the Senate, be credited with a paper or papers of that Examination, and permitted in a subsequent year to take the papers not so credited; and
(b) a candidate who does not pass the Second Professional Examination as a whole, but is credited with a paper or papers of that Examination may, if the Senate permits, take with the papers being re-presented for that Examination a paper or papers for the Third Professional Examination.

7. Notwithstanding the provisions of Regulation 6, a student who, after two years of academic studies for this Degree, has failed to pass all the papers of the First Professional Examination shall not be permitted to enrol for the Third Professional Examination until the remaining papers of the First Professional Examination are passed.
8. In respect of every prescribed or approved paper prescribed for a Degree other than this (that is, every paper taken for this Degree other than Studio I, II, III and IV and the papers in Studio Theory) a candidate shall be required to comply with all Regulations applicable thereto for the Degree of BA, BSc or other degree (including all prerequisites, corequisites and restrictions).

Credits
9. A candidate who has successfully completed a course or courses at a Teachers College under the control of the Auckland Teachers' Colleges Council or (from 1986) at the Auckland College of Education may be granted credits towards this Degree as provided by Regulation 14 of the Enrolment and Course Regulations (General).

Savings and Transitional Provisions
10. Each Professional Year must be passed as a whole and a pass in each Professional Examination, as published in the 1993 Calendar, will be considered the prerequisite for entry into the subsequent Professional Year under these Regulations.
11. The course of every candidate shall be governed by these Regulations.
12. These Regulations shall come into force on 1 January 1994.

THE DEGREE OF MASTER OF FINE ARTS MFA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their course of study students are referred to the Enrolment and course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Master of Fine Arts shall:
(a) before his/her enrolment for this Degree shall have been admitted or have qualified for admission to the Degree of Bachelor of Fine Arts, and
(b) have passed with a higher Grade than B – in Studio IV in their Bachelor of Fine Arts course provided that in special circumstances where the Head of the Department recommends the Senate may accept a B – pass, and
(c) follow a course of study of not less than two years, taking either of the Options prescribed under these Regulations.
2. A candidate who has passed some or all of the requirements for the award of the Postgraduate Diploma in Fine Arts but has not been awarded the Postgraduate Diploma may apply to the Senate to transfer to this Degree with appropriate credits.
3. In these Regulations:
‘approved papers’ in relation to any candidate means the following papers:
Studio Theory, and any paper other than a paper in Art History, prescribed for any degree other than this Degree and approved by the Head of the Department of Fine Arts for the course of that candidate and by the Head of the Department in which the paper is taken.

Course Content
4. The subjects of examination for the Degree shall be:
Option I

Either (a) First Year
Part I: Studio V: 27.565 (value of 4 papers)
Second Year
Part II: Studio VI: 27.665 (value of 3 papers)

Or (b) First Year
Part I: Studio V: 27.575 (value of 4 papers)
Second Year
Part II: Studio VI: 27.675 (value of 2 papers) and a dissertation, 27.604 (value of 1 paper).

Note: Students will be expected to commence work on their dissertation during the first year of their enrolment under Option (b).

A candidate shall carry out work satisfactory to the Dean of the School of Fine Arts within an individually planned programme approved by the Head of the Department including the presentation of an exhibition of his/her work and an adequate printed catalogue thereof not later than 1 November in the year in which the work is undertaken or such later date as may be approved by the Head of the Department.

Option II

First Year
Part I: Studio V: 27.552 (value of 2 papers).

Note: Students may apply to defer their submission for Studio V until the end of the second year.

Part II: Two Art History papers approved by the Head of the Department of Fine Arts being either two papers chosen from 19.400-19.415, or one paper chosen from 19.400-19.415 and one of the papers prescribed for Art History III not already credited to the Degree of Bachelor of Fine Arts. A candidate shall carry out work satisfactory to the Dean of the School of Fine Arts within an individually planned programme approved by the Head of the Department including the presentation of an exhibition of his/her work and an adequate printed catalogue thereof not later than 1 November in the year in which the work is undertaken or such later date as may be approved by the Head of the Department.

Second Year
Part III: One of the following which shall have the value of three papers:
(a) Thesis 19.601 on a special topic of Art History approved by the Head of the Department of Art History, or
(b) Thesis 27.601 on a special topic related to the candidate’s programme of work for Studio V and approved by the Head of the Department of Fine Arts.

5. (1) No candidate taking Option I shall take Studio VI without having first passed in Studio V or the Head of the Department permits the work for Studio V to be examined with the work for Studio VI in the second year of the course.

(2) A candidate taking Option II shall not take Art History IV unless he/she has either passed eight papers in Art History including three Stage III papers or complied with such prerequisites as the Head of the Department of Fine Arts may otherwise prescribe for him/her.

(3) In respect of any prescribed or approved paper taken in either Option I or Option II and offered for a degree other than this, a candidate shall be required to comply with all regulations applicable thereto for that other degree (including all prerequisites, corequisites and restrictions).

(4) Any student wishing to transfer between Options I or II must obtain the approval of the Senate.

Honours

6. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions: First Division and Second Division.

(b) Honours shall not be awarded if the papers in the first year in which a candidate is examined in Art History for this Degree are unsatisfactory or either the work in Studio V, VI, or the thesis at its first presentation is unsatisfactory: provided that, subject to the provisions of paragraph (c) of this Regulation, a candidate whose performance at the written examination has been seriously impaired by illness (certified as under the aegrotat Regulations) may elect, instead of applying for an aegrotat award, to the provisions of paragraph (c) of this Regulation, a candidate whose performance at the written examination has been seriously impaired by illness (certified as under the aegrotat Regulations) may elect, instead of applying for an aegrotat award, to present himself/herself at a subsequent written examination and still be eligible for the award of Honours.

(c) A candidate shall be eligible for the award of Honours only upon completion of the requirements for Honours within three years of his/her first enrolment for this Degree; but this period may be extended in exceptional circumstances by the Senate.

Savings and Transitional Provisions

7. Each Professional Year must be passed as a whole and a pass in First Year under the Regulations, as published in the 1993 Calendar will be considered the prerequisite for entry into Second Year under these Regulations.

8. These Regulations shall come into force on 1 January 1994.

DEGREE COURSE PRESCRIPTIONS

DEPARTMENT OF ART HISTORY

Art History I
(Two papers)

19.151 Renaissance Art to c.1520
Renaissance Art from around 1300 to c. 1520 in Italy and Flanders.

19.153 Maori and other Polynesian Arts
An introduction to Maori and other Polynesian arts.

19.154 Introduction to New Zealand Art
Includes landscape, representations of the Maori and Regionalism among other topics.

19.155 Topics in Mid to Late 19th Century European Art
1848-1900
An introduction to European art from Realism to Symbolism. Restriction: 19.152

19.156 20th Century Western Art
An introduction to Western art from Cubism to the present day. Restriction: 19.152

Art History II
(Three papers)

19.259 Topics in 18th and early 19th Century Art
A study of Neoclassic and Romantic Art.

19.260 Topics in Baroque Art
Selected topics in Baroque Art from 1580 to 1750.
Restriction 19.257.

19.261 Topics in Northern European Art from 1400 to 1700
This paper will comprise a survey of art in Northern Europe with the focus on developments in painting and sculpture. Artists include the Van Eycks, H. Bosch and Pieter Bruegel.
Restriction 19.258.
Faculty of Fine Arts, Degree Prescriptions, Art History, Fine Arts

Note: The same paper is offered as Maori Studies 04.206.

Restriction:
04.11 13, 04.206.

Prerequisites:
This paper will introduce students to Maori material culture from ancient times right up to the present.

Prerequisites:
04.101 or 19.153.

Restriction:
04.113, 04.206.

Note: The same paper is offered as Maori Studies 04.206.

Art History III
(Three papers)
19.301 Special Topic in Medieval Art
Topics in mediaeval book illumination, To be prescribed by the Head of Department.
19.302 Mid-19th Century Painting in France and Britain
Selected topics in mid 19th century British and French art.
19.304 Dürrer and his Sources and Influence
A detailed examination of Dürrer’s work and influence.
19.305 New Zealand Art (General)
Selected topics in New Zealand Art including Nationalism.
*19.306 Special Topic in Western Art after 1500
19.307 Art in the USA, 1945 to the present day
A study of American art in painting and sculpture from 1930 to c.1975.
19.308 Topics in early 20th Century Art (Sculpture)
Mainly an introduction to European sculpture from 1890 to 1940.
*19.309 Women in Art
An issues-oriented study of women’s art and theory.
*19.310 Topics in 17th Century Graphic Art
An introduction to 17th century prints and printmaking.
19.311 Contemporary New Zealand Art
Topics in New Zealand art of the past 50 years.
19.312 Topics in 19th and 20th Century Architecture and Design
An introduction to architecture and design in Europe and America from 1850 to the present.
*19.313 Michelangelo
A detailed introduction to Michelangelo’s sculpture, architecture, drawings and painting.

Art History for MFA
*19.400 Topics in 17th Century Drawing
*19.401 Topics in Australian and New Zealand Art (Advanced)
*19.402 Special Topic in Western Art before 1600
To be prescribed by the Head of Department.
*19.403 Watteau and his Sources and Influence
19.404 Film Studies

*19.405 Nicolas Poussin and 17th Century Classicism
Note: A candidate who has been credited with a pass in 19.303 may not take this paper.
19.406 Art Historiography
*19.407 A Topic in Medieval Art
19.408 A Topic in 19th Century Art
19.409 Topics in The Theory of Modern Art
19.410 Topics in 19th and 20th Century Sculpture
19.412 Women in Art (Advanced)
*19.413 Topics in Maori Art
19.414 Image and Text
19.415 Structures in 15th Century Italian Renaissance Art

FINE ARTS

Studio Theory
27.201 Art Critique
The objective is twofold; (a) to foster the student’s ability to formulate and communicate concepts and opinions about art; (b) to know what is at present happening in the art community. Written reviews of contemporary art events, such as exhibitions in the city, and verbal participation during meeting sessions are essential components of the paper.

27.203 Design Methodology
The study of methods used in the collection and collation of information, the recognition, analysis and description of complex problems, and the generation and presentation of solutions.

27.205 History of 19th Century Photography
*27.206 History of 20th Century Photography
27.209 History of Photography in New Zealand
The aim of this paper is to encourage research, documentation and dialogue on aspects of the History of Photography in New Zealand. Working on individual and/or group projects, the emphasis will be on the study and documentation of available primary source material: photographs, albums and literature. Interviews with photographers and their contemporaries may also be undertaken.

27.210 Intermedia Theory
This paper will combine practical and technical lessons, relating to the use of audio visual equipment available at Elam, with seminars which aim to generate analysis through viewing and listening to time-based art works.

27.211 Art Practice by Women
This is a programme of lectures, seminars, reviews, visits, a cooperative project, and creative book making in which the issues facing visual artists who are women, are encountered and discussed. The students gain a knowledge of the achievements of artists working in a wide range of media and in a variety of cultures.

27.213 Introduction to Computer Graphics
A practical introduction to fundamental concepts, covering “painting”, “drawing”, scanning, three dimensional modelling, word processing and typographic applications.

27.215 Art and Society
A seminar programme which considers the creative, professional and social-economic dimensions of the visual arts. It also involves a workshop undertaking for candidates to explore or advance in some idiom distinct from their primary Studio methods. All candidates are expected to maintain seminar and workshop notations and collate information pertaining to topics considered.

27.216 Workshop Practice (Sculpture)
Paper 27.216 is a prerequisite for entry to Studio III Sculpture. Issues of theory affecting the practice of sculpture including: perception, critique, materials, health hazards and professional practice.

27.233 History of Photography in New Zealand and USA
27.301 Professional Practice for Designers
Business methods and procedures commonly used by professional designers; topics may include:
(a) Preparation of a portfolio; (b) What to expect after graduation; (c) Correspondence; (d) Reports and report writing; (e) Fee structure; (f) Estimating fees, fee letters and contracts; (g)
5. A candidate who has passed some or all of the requirements for the Postgraduate Diploma in Fine Arts but has not been awarded later than 1 November in the year in which the work is undertaken or such later date as may be approved by the Head of Department including the presentation of an exhibition of his/her work and an adequate printed catalogue thereof.

6. These Regulations shall come into force on 1 January 1994.

27.302 History of Photography in New Zealand (Advanced)
The research, documentation and analysis of aspects of the history of photography in New Zealand. Working on individual and/or group projects, the emphasis will be on the study of primary source material: photographs, albums, literature. Interviews with photographers and their contemporaries may also be undertaken.

27.313 Advanced Computer Graphics Applications
An examination of the computer as a visual medium / problem solving tool; involving an introduction to advanced two, three and four dimensional applications and enquiry in depth, centred on a specific visual discipline.

Prerequisite: 27.213.

Studio for BFA

Studio I

27.165 Exploration of those disciplines which are fundamental to the development of the artist and designer. Basic elements of two and three-dimensional design (space, shape, line, rhythm, texture) and the varied properties and qualities of colour and light. The creative potential and characteristic limitations of various media such as wood, stone, plastic, metal, glass and pigment. Methods of techniques such as welding, casting, print-making, painting and photographic media. Observation and analysis of the structure of the natural world and human environment. Drawing as an expressive means of communication, and as a vital stimulus to personal development.

Studio II

27.265 Individually planned programme as approved by the Dean of the Faculty of Fine Arts, with content related to the student's requirements. For example, drawing and one or more of the following: painting, print-making, photography, sculpture and design. Advanced experimentation in techniques and materials.

Note: Students planning to take Studio III Sculpture must have passed 27.216.

DIPLOMA COURSE REGULATIONS
POSTGRADUATE DIPLOMA IN FINE ARTS PGDipFA

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their course of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Postgraduate Diploma in Fine Arts shall:
   (a) before his/her enrolment for this Diploma have been admitted or have qualified for admission to the Degree of Bachelor of Fine Arts, and have passed with a higher Grade than B in Studio IV in his/her Bachelor of Fine Arts course provided that in special circumstances where the Head of the Department recommends, the Senate may accept a B pass or less, or
   (b) have had not less than five years' experience and practice deemed relevant by the Senate.

2. No candidate may be awarded the Postgraduate Diploma in Fine Arts if he or she has previously been admitted to the Degree of Master of Fine Arts of this University.

3. A candidate for this Postgraduate Diploma shall follow a course of study of not less than one year's full time study or its equivalent part-time study, taking either of the Options prescribed under Regulation 4.

Course Content

4. The subjects of examination for the Diploma shall be:
   Either
   a) Studio 27.553 having a value of 4 papers
   or
   b) Studio 27.554 having a value of 2 papers and an extended essay, or special directed study, or research project, 27.555, having a value of 2 papers.

A candidate shall carry out work satisfactory to the Dean of the School of Fine Arts within an individually planned programme approved by the Head of the Department including the presentation of an exhibition of his/her work and an adequate printed catalogue thereof not later than 1 November in the year in which the work is undertaken or such later date as may be approved by the Head of Department.

5. A candidate who has passed some or all of the requirements for the Postgraduate Diploma in Fine Arts but has not been awarded the Postgraduate Diploma may apply to the Senate to transfer to the Degree of Master of Fine Arts with appropriate credits.

6. These Regulations shall come into force on 1 January 1994.
DIPLOMA COURSE PRESCRIPTIONS

PGDipFA
27.553 and 27.554 Studio
The candidate's programme shall be a practical performance in some aspect of the fine arts. The proposed programme shall be submitted for approval to the Dean of the Faculty of Fine Arts by 31 March.

27.555 Extended Essay/Research Project
Documentation of the results of an original investigation by the candidate, or advanced study or research, related to the candidate's programme in Studio. The proposed topic shall be submitted to the Dean of the Faculty of Fine Arts by 31 March.

GENERAL INFORMATION

FACULTY OF LAW

The Faculty of Law offers degrees at the undergraduate and postgraduate levels. At the basic undergraduate level, the Law School aims to provide a sound academic exposure to the discipline of law, and to meet the requirements of the Council of Legal Education for Admission to the New Zealand Bar. The curriculum is also the most diverse in New Zealand, thus enabling students to substantially structure a degree to their own interests. Conjoint degree programmes can be pursued (BA/LLB, BA/LLB(Hons); BCom/LLB, BCom/LLB(Hons)). There is an Honours programme to enrich the undergraduate offerings. And, at the postgraduate level, the Law School offers Masters and Doctoral programmes, and a postgraduate diploma.

The Undergraduate Degrees

Through its undergraduate programme, the Faculty of Law is one of five law schools in New Zealand responsible for the basic legal education of legal practitioners. The prescriptions for the two undergraduate degrees - the LLB and LLB(Hons) - provide for all students to receive a thorough grounding in core legal subjects, in analytical reasoning and effective communication. In the second and third years of the degrees a wide range of options is available. Students may choose from these options according to their interests and their likely career paths. The Faculty recognises that not all its students will practise law, but may take positions in commerce, industry, community-based groups and even politics. Within the range of optional courses there is scope for a law degree to be oriented accordingly.

Entry to the LLB programme is restricted, and competitive. Details of the Faculty’s selection quotas, criteria and procedures are contained within the Law School Prospectus, available on request from the Law Faculty Office.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF LAWS LLB

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Laws shall be required to:
   (a) pursue a course of study for a period of not less than four years;
   (b) pass an Intermediate Examination and three Law Examinations;
   (c) carry out work and undergo experience in the detailed application of law and in relation to the provision of legal services, to the satisfaction of the Faculty of Law (“the Faculty”).

Examinations

2. (1) A candidate shall be required to pass as a whole each Law Examination, so that the candidate’s performance in all subjects of the examination shall be taken into consideration; provided that:
   (a) a candidate who has failed to pass any Law Examination as a whole may at the discretion of the Senate be credited with a subject or subjects of that examination and permitted in a subsequent year to present the subject or subjects not so credited together with a subject or subjects of the next succeeding Law Examination.
   (b) A candidate who has passed the Intermediate Examination may at the discretion of the Senate be permitted to present part only of the First Law Examination, presenting the remaining part in a subsequent year together (if the candidate so wishes) with a subject or subjects of the next succeeding examination.
   (c) A candidate who is undertaking the Degree or any part of the Degree part-time or in conjunction with any other degree shall be required to pass an examination consisting of such work, less than the full examination, as the Senate may in its discretion determine, and present the remaining part of the examination in a subsequent year, together (if the candidate so wishes) with a subject or subjects of the next succeeding examination.

   (2) A candidate to whom any of the foregoing provisions apply shall be required to pass as a whole an examination consisting of the subjects taken in any year, so that performance in all subjects taken in that year shall be considered.

   (3) A candidate who has failed only one subject of a Law Examination may at the discretion of the Senate be permitted to present part of the First Law Examination, presenting the subject or subjects not so credited with a subject or subjects of the next succeeding examination.

   (4) Subject to Regulation 5, no candidate shall enrol for the First Law Examination or any part of it without first passing the whole of the Intermediate Examination.

Subjects

3. The examinations and subjects for this Degree are:

Intermediate Examination

(1) 25.103 The Legal System; and
(2) any six papers -
   (a) of which each is an arts paper, a commerce paper or a science paper; and
   (b) which are chosen from not more than three subjects, except that the six papers may be chosen from not more than -
      (i) four subjects in the case of a candidate who enrolls in a subject offering at the appropriate level only one paper;
      (ii) five subjects in the case of a Law-Commerce candidate.

For the purpose of the foregoing:
“arts paper” means a paper accepted for the Degree of Bachelor of Arts;
“commerce paper” means a paper accepted for the Degree of Bachelor of Commerce;
“science paper” means a paper accepted for the Degree of Bachelor of Science and carrying (i) not fewer than 6 credits if the paper is at Stage I and (ii) not fewer than 4 credits if the paper is advanced (that is, at Stage II or Stage III);
“Law-Commerce candidate” means a candidate admitted to a conjoint course of study under Reg 12 of the Regulations for the Degree of Bachelor of Commerce.
Faculty of Law, Degree Regulations, LLB

First Law Examination
25.101 Criminal Law
25.104 The Law of Torts

Second Law Examination
25.201 Land Law
25.202 Equity
Together with selected subjects from:
25.204 Commercial Law
25.205 Administrative Law
25.207 Advanced Criminal Law
25.208 Company Law and Partnership
25.209 Intellectual Property
25.210 Criminology
25.211 Family Law
25.212 Industrial Law
*25.213 International Institutions
25.214 International Law
25.217 Jurisprudence
25.218 Legal History
*25.220 Local Government Law
25.221 Income Tax Law
25.222 Roman Law
25.223 Women and the Law

Third Law Examination
Selected subjects from:
25.300 Special Topic approved by the Dean of the Faculty of Law
25.301 Advanced Administrative Law
25.302 Advanced Commercial Law
25.303 Advanced Constitutional Law
*25.304 Advanced Criminology
25.305 Advanced Family Law
*25.306 Advanced Industrial Law
*25.307 Advanced International Law
25.308 Civil Procedure
25.309 Company Finance
25.310 Comparative Law
25.311 Conflict of Laws
25.312 Creditors' Remedies
25.313 Environmental Law
25.314 Evidence
*25.315 International Trade
*25.316 Law Reform
25.318 Psychiatry and the Law
25.319 Resource Management Law

and any one or more optional subjects prescribed for the Second Law Examination. The subject 25.217 Jurisprudence must be taken as part of the Second or Third Law Examination.

Note: * Starred papers will not be taught during the current Calendar year
† Daggaed papers will not be taught during the current Calendar year unless sufficient staff is available

Intermediate Credits
4. In respect of the arts and commerce papers and science credits for the Intermediate Examination a candidate shall be required to comply with all relevant Regulations for the BA Degree, BCom Degree or the BSc Degree as the case may be (including regulations and requirements relating to corequisites, prerequisites, restrictions, combinations of subjects and practical work).

Exemptions
5. (1) A candidate who has been credited for the BA Degree, BCom Degree or the BSc Degree with any papers or credits required for the Intermediate Examination shall be credited with them for the purposes of this Degree also.
(2) A candidate who is a graduate of any University in New Zealand shall be exempted from passing the Intermediate Examination but shall be required to pass 25.103 The Legal System as part of the First Law Examination and shall pursue a course of study for this Degree for a period of not less than three years.
(3) In granting admission ad eundem statum to a candidate from an overseas University in one or more subjects of the Degree the Senate may require that the candidate shall pass an examination in the law and practice in New Zealand, covering such matters as may from time to time be prescribed by the Senate. The examination shall be at a time and place fixed by the Vice-Chancellor at a fee to be determined by the University from time to time.

Maximum courses
6. (1) Except with the permission of the Senate -
(a) A candidate enrolled for the First Law Examination as a whole or the Second Law Examination as a whole may not take
(i) any extra Law subject or Law subjects;
(ii) more than one non-Law subject;
(b) A candidate enrolled for the Third Law Examination as a whole may take either not more than one extra Law subject or not more than one non-Law subject.
(2) Except with the permission of the Senate:
   (a) A candidate enrolled for any parts of the First and Second Law Examinations may not take more than seven subjects, including not more than five Law subjects;
   (b) A candidate enrolled for any parts of the First, Second and Third Law Examinations, or of the First and Third Law Examinations, may not take more than seven subjects, including not more than five Law subjects; except that (within that maximum of seven subjects) he or she may take either one or two extra Law subjects if that would complete the course for this degree;
   (c) A candidate who has passed the First Law Examination and is enrolled for any parts of the Second and Third Law Examinations may not take more than seven subjects, including not more than six Law subjects; except that (within that maximum of seven subjects) he or she may take one extra Law subject if that would complete the course for this degree.

(3) In this regulation—"Law subject" means a subject prescribed or permitted for the First, Second or Third Law Examination; "extra Law subject" means a subject beyond the requirements of a particular Law Examination or beyond the specified maximum number of subjects, as the case may be; "non-Law subject" means a subject prescribed or permitted for any course of study offered by the University of Auckland other than that for this degree; "subject" means a Law subject or a non-Law subject.

(4) This regulation shall apply to all students enrolled for this degree notwithstanding the provisions of Regulation 5(a) of the Enrolment and Course Regulations (General).

Practical Courses

7. No candidate shall be admitted to this Degree unless the Registrar has received from the Dean a certificate that the candidate has complied with the requirements of Regulation 1 (c).

Note: Legal Practice: A candidate completing the Third Law Examination is required to enrol for 25.409 Legal Practice. This requirement applies to any candidate who before 1 January 1994 had not passed any of 25.406, 25.407 and 25.408. A candidate who before 1 January 1994 had passed any of 25.406, 25.407 and 25.408 shall comply with the requirements set out in the 1993 Calendar at page 297 provided such requirements are satisfied before 1 January 1996.

Course Requirements

8. Every candidate shall be required:
   (a) To undertake in both the candidate’s Second and Third Law Examinations a course of study comprising sufficient law subjects to amount to a full-time course of about 13 hours of instruction per week. The Faculty of Law shall from time to time determine the composition of a full-time course for these purposes.
   (b) To undertake and satisfy in any subject such tutorial, practical, writing, attendance or test requirements as the Faculty determines from time to time. A candidate who fails to comply with these requirements may be barred from sitting the final examination.

Note: The Handbook of the Faculty of Law will state the prerequisites if any, and the weight of each subject within a full-time course of study and the writing and other requirements of the Faculty of Law.

Courses in Other Faculties

9. (1) In lieu of optional law subjects (totalling not more than one-fifth of the content of the Second and Third Law Examination combined) a candidate may take such papers at Stage II or above offered by other Faculties and related to the candidate’s Law studies as are approved by the Dean of the Faculty of Law. Before enrolling in the papers the candidate shall obtain the permission of the Head of the Department in which they are being taken and of the Dean of the Faculty of Law; but the Faculty of Law may in special cases apply this provision to a candidate who has previously taken papers in another Faculty which would have qualified under this Regulation if prior approval had been obtained.

(2) Any paper taken by a candidate under this Regulation may be credited only to this Degree.

Note: Approval of papers to form part of the candidate’s Third Law Examination will ordinarily be confined to those at Stage III or above.

Research Paper

10. (a) A candidate to whom this Regulation applies may, with the prior approval of the Dean, elect to submit a research paper in lieu of not more than one examination in any Third Law subject, if the teacher in that subject has certified that the research paper is related to it; but no person may so elect more than once.
   (b) This Regulation applies (i) to any candidate for the Third Law Examination and (ii) to any candidate taking any Third Law subject or subjects for any Degree other than this or for any Diploma or for a Certificate or Certificates of Proficiency.
   (c) In this Regulation "Third Law subject" and "Third Law subject or subjects" refer to any subject or subjects prescribed or available for the Third Law Examination.

BCom/LLB

11. (1) A candidate shall be credited with any subject named in the left hand column of the schedule to this paragraph of this Regulation if he or she has (i) passed for the Degree of Bachelor of Commerce the paper or papers named opposite that subject in the right hand column of the schedule, and (ii) otherwise completed the requirements for that Degree.

(2) Credits under this Regulation shall be additional to any permitted in a candidate under the Enrolment and Course Regulations (General).

Commencement

12. (1) These Regulations shall apply to all students taking the Degree of Bachelor of Laws from 1 January, 1988.
   (2) Subject to (3) and (4) hereof passes obtained by a candidate before 1 January, 1988 in any of the subjects prescribed in the 1987 Degree regulations shall be credited as passes in the corresponding subjects in the Regulations for this Degree.
   (3) Passes obtained by a candidate before 1 January, 1988 in any of the subjects prescribed in the 1987 Degree Regulations for which there is no direct equivalent in the Regulations for this Degree, including the Introductory courses in Commercial Law, Family Law, and Company Law and Partnership, shall be credited as passes in optional subjects of the same weighting under the Regulations for this Degree.
   (4) No candidate may credit passes in both an Introductory course in Commercial Law, Family Law or Company Law and the full course in the same subject under the Regulations for this Degree or in both a subject prescribed under the 1987 Regulations and a subject prescribed under the Regulations for this Degree if, in the opinion of the Dean, the subject matter of the former forms a substantial proportion of the subject matter of the latter.
   (5) A candidate who before 1 January, 1988 passed Land Law but not before 1 January, 1989 Commercial Law or Introduction to Commercial Law shall be required to pass 25.204 Commercial Law under the Regulations for this Degree and a candidate
who before 1 January, 1988 passed Commercial Law or Introduction to Commercial Law but not Land Law shall be required to pass 25.201 The Law of Property under the Regulations for this Degree.

(6) A candidate who before 1 January, 1992 passed 25.201 Law of Property shall be credited with passes in both 25.201 Land Law and 25.203 Law of Personal Property.

(7) A candidate who before 1 January, 1988 passed the Intermediate Examination and who has not passed Legal System, shall be required to pass 25.103 The Legal System as part of the First Law Examination in the Regulations for this Degree.

(9) A candidate who passed not fewer than two subjects in the First Law Examination before 1 January 1988 or who passed any one of 25.218 Legal History, 25.225 Law and Society, 25.226 Legal Theory or 25.310 Comparative Law, before 1 January 1993, shall not be required to take 25.217 Jurisprudence as part of the Second Law or Third Law Examination.

(10) Regulation 11 of the Regulations for this Degree as published in the 1987 Calendar shall (notwithstanding that it has been revoked) apply to any candidate who, before 1 January, 1988, (i) passed Finance Law 02.201 or an ‘approved commerce paper’ within the meaning of paragraph (2) of that Regulation and (ii) otherwise complied with the requirements of that Regulation.

(11) For the purposes of this Regulation, a pass shall include a Conceded Pass or a pass in a February Special examination.

(12) A candidate who began his or her Law course before 1973 shall be entitled to the benefit of any transitional provisions then applicable.

(13) Where the course of any candidate is not specifically covered by the above provisions and in other cases where there is doubt concerning the course of any candidate such course shall be settled by the Dean.

**THE DEGREE OF BACHELOR OF LAWS (HONOURS) LLB(Hons)**

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their course of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

**General Provisions**

1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Laws (Honours) shall be required to:

   (a) pursue a course of study for a period of not less than four years;

   (b) (i) pass an Intermediate Examination and three Law Examinations; and

   (ii) carry out work and undergo experience in the detailed application of law and in relation to the provision of legal services, to the satisfaction of the Faculty of Law (‘the Faculty’); in all respects as prescribed in the Regulations for the Degree of Bachelor of Laws (‘the LLB Degree’), excepting Regulation 10 (as to the substitution of a research paper in lieu of an examination in the Third Law Examination); and

   (c) present the additional work prescribed in Regulation 2; and

   (d) maintain a superior standard of work throughout the course, as prescribed in Regulation 6.

**Additional Work**

2. In addition to the foregoing requirements, every candidate shall during his or her course undertake the following work:

   (a) Two additional subjects from those listed in Regulation 3, carrying out to the satisfaction of the Faculty such written or other work as may be prescribed by the Dean in connection with those subjects.

   (b) The submission, not later than twelve months after completing the Third Law Examination, of a dissertation (25.604) embodying the results of research undertaken under the direct supervision of a University teacher in the Faculty. The Senate may in its discretion extend the time for the submission of the dissertation.

**Note:** An abstract is to be submitted with the dissertation. See Examination Regulation 16.

**Subjects**

3. The additional subjects provided for in Regulation 2 shall be:

   Studies in a selected topic as prescribed by the Dean of the Faculty of Law

*225.341 Admiration Law
*225.342 Air and Space Law
*225.343 Aspects of Industrial Law

Faculty of Law, Degree Regulations, LLB (Hons), Professional Legal Studies Course, LLM

4. Regulation 6 of the LLB Regulations (prescribing maximum courses) shall apply to a candidate's course for this Degree; but nothing in that Regulation shall apply to the additional work that a candidate is required to undertake for this Degree; except that, where a candidate proposes to enrol for both the additional Honours subjects required under Regulations 2 and 3 in the same year, one of those subjects shall count as an extra Law subject for the purpose of Regulation 6 of the LLB Regulations.

Research Paper
5. (a) A candidate to whom this Regulation applies may, with the prior approval of the Dean, elect to submit a research paper in lieu of not more than one examination in any Third Law or listed subject, if the teacher in that subject has certified that the research paper is related to it; but no person may so elect more than once.
(b) This Regulation applies (i) to any candidate for the Third Law Examination and (ii) to any candidate taking any Third Law or listed subject or subjects for any Degree other than this or for any Diploma or for a Certificate or Certificates of Proficiency.
(c) In this Regulation "Third Law or listed subject" and "Third Law or listed subjects" refer to any subject or subjects prescribed or available for the Third Law Examination or listed in Regulation 3.

Standards
6. This Degree shall be awarded to candidates who have fulfilled the requirements of these Regulations and whose work throughout the course has been in the opinion of the Faculty of a sufficiently high standard.

Transfer to LLB (Hons)
7. The Senate may, on written application by a candidate who has completed only the First Law Examination and, in special circumstances any other candidate, and without payment of a fee, permit the candidate to transfer to a course under these Regulations; for which the candidate may then be credited with the subjects already passed for the LLB.

Transfer to LLB
8. A candidate whose work does not in the opinion of the Faculty satisfy the standard prescribed in Regulation 6 or who at any stage elects to withdraw from this Degree, shall be entitled to have credited to the LLB Degree without payment of a fee those subjects (being subjects for the LLB Degree) in which the candidate has passed or been credited with a pass.

Commencement
9. These Regulations shall apply to all candidates taking the Degree of Bachelor of Laws (Honours) from January 1973, but any candidate who began his or her law course before that date or before 1967 shall be entitled to the credits prescribed in Regulation 12 of the Regulations for the Degree of Bachelor of Laws.

PROFESSIONAL LEGAL STUDIES COURSE

A candidate seeking admission as a barrister and solicitor of the High Court of New Zealand must satisfy the requirements of the Professional Examinations in Law Regulations 1987.
Details are available on request from the Director of the Institute of Professional Legal Studies or the Dean of the Faculty of Law.

THE DEGREE OF MASTER OF LAWS LLM

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Master of Laws shall before enrolment for this Degree have been admitted or qualified for admission to the Degree of Bachelor of Laws and also:
(i) have attained an average grade of B or higher in the candidate's course of study for the Degree of Bachelor of Laws, or
(ii) have otherwise shown to the satisfaction of the Faculty of Law capacity to undertake advanced study and research in the subjects proposed to be taken for this Degree.
2. No person shall be admitted to this Degree who has been admitted to the Degree of Master of Jurisprudence.
3. (1) Every candidate for this Degree shall:
   a) Pass the examination in six of the papers prescribed in Regulation 4 of these Regulations:
   i) in not more than two successive years in the case of a full-time student, or
   ii) in not more than three successive years in the case of a student who is not full-time.
   b) Pass the examination in three of the papers so prescribed in one year if the student is full-time and in not more than two successive years if the student is not full-time; and
   (i) present a thesis (25.601) under the conditions prescribed in Regulation 5.
(2) For the purpose of this Regulation a candidate is not a full-time student if he or she:
   a) is in employment (including self-employment) for more than 20 hours in each week of the academic year throughout the two years of the work for this Degree, and
   b) furnishes such evidence, of being and of intending to continue so employed, as the Dean of the Faculty of Law ("the Dean") may from time to time reasonably require.
4. The subjects of examination for the Degree are such of the following as are from time to time offered:

*25.501, *25.502 Administrative Law
*25.503, *25.504 Commercial Law
*25.505, *25.506 Comparative Law
*25.507, *25.508 Constitutional Law
*25.509, *25.510 Conflict of Laws
*25.511, *25.512 Creditors’ Remedies
*25.513, *25.514 Criminal Law
*25.515, *25.516 Criminology
*25.517, *25.518 Environmental Law
*25.519, *25.520 Equity
*25.521, *25.522 Family Law
*25.523, *25.524 Industrial Law
*25.525, *25.526 International Law
*25.527, *25.528 Jurisprudence
*25.529, *25.530 Land Law
*25.531, *25.532 Law and Society
*25.533, *25.534 Law of Banking and Exchange Control
*25.535, *25.536 Law of Bodies Corporate and Unincorporate
*25.537, *25.538 Law of Contract
*25.539, *25.540 Law of Evidence
*25.541, *25.542 Law of Taxation and Estate Planning
*25.543, *25.544 Law of Torts

5. The Senate, upon recommendation of the Dean of Law, may, in such exceptional circumstances as it sees fit, approve a personal course of study which does not conform to these Regulations.

### Thesis

6. When a candidate elects to present a thesis (25.601) the following conditions shall apply:

(a) The thesis shall be of the value of three papers, and shall consist of an original contribution to the history, philosophy, exposition, or criticism of the law, prepared under the supervision of a University teacher, upon a subject approved by the Dean.

(b) A candidate may submit the thesis in the year in which the examination is taken or in a subsequent year.

(c) The candidate shall deliver the thesis to the Registrar by 1 November of the year in which it is presented or at a subsequent date arranged with the supervising teacher.

(d) At the discretion of the Dean the candidate may be required to attend, within four weeks of the date on which the thesis was submitted, an oral examination on the subject of the thesis. For this purpose either two or three examiners shall be appointed by the Dean.

(e) Where a candidate submits a thesis which is of insufficient standard on first submission, the Senate may, in exceptional circumstances, when recommended by the examiners, permit the candidate to rewrite the thesis and submit it again by a specified date.

(f) The thesis shall be presented within three years of the year in which the examination is completed but this period may in special cases be extended by the Senate.

Note: An abstract is to be submitted with each copy of the thesis; see Examination Regulation 16.

### Honours

7. (1) This Degree may be awarded with or without Honours.

(2) A candidate who is required to re-sit a written examination or to re-submit the thesis shall not be eligible for an award with Honours.

### Transitional

8. These Regulations shall apply to all candidates for the Degree of Master of Laws; except that any candidate for the Degree who first enrolled for it before 1982 shall complete the course under the Regulation last published in the 1981 Calendar.

Note: Students proposing to enrol for a Master’s Degree are expected to discuss their enrolment with the Dean not later than the December preceding their enrolment.

---

**THE DEGREE OF MASTER OF JURISPRUDENCE MJur**

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

### General Provisions

1. Subject to the Admission Regulations a candidate for the Degree of Master of Jurisprudence shall before enrolment for this Degree have been admitted or qualified to the Degree of Bachelor of Laws (Honours).

2. No person shall be admitted to this Degree who has been admitted to the Degree of Master of Laws.

### Course Content

3. (a) Every candidate for this Degree shall either:

   (i) pass the examinations in four papers in the subjects prescribed in Regulation 4 of these Regulations in one year if the student is full-time or in not more than two successive years if the student is not full-time, or

   (ii) submit a thesis (25.611) under the conditions prescribed in Regulation 5.

   (b) The choice of subjects to be taken by each candidate proceeding under Regulation 3 (a) (i)
4. The subjects of examination for the Degree are such of the following as are from time to time offered:

(i) shall be subject to the approval of the Dean of the Faculty of Law ("the Dean"), and

(ii) shall not include any subject with which the candidate has been credited for the Degree of Master of Commerce.

The Senate, upon recommendation of the Dean of Law, may, in such exceptional circumstances as it sees fit, approve a personal course of study which does not conform to these Regulations.

4. A candidate shall apply in writing to the Registrar to be examined and shall submit with the application the fee prescribed in the Fees Regulations and a Statutory Declaration which must:

(i) clearly identify the published works submitted in support of the Degree;

(ii) state the extent to which these published works are based on the candidate's own work and identify as clearly as possible any parts which are not so based;

(iii) state what portion (if any) of the published work has been previously presented for a degree or diploma, and

5. The Senate, upon recommendation of the Dean of Law, may, in such exceptional circumstances as it sees fit, approve a personal course of study which does not conform to these Regulations.

Thesis

6. When a candidate elects to present a thesis (25.611) the following conditions shall apply:

(a) The thesis shall consist of an original contribution to the history, philosophy, exposition or criticism of the law, prepared under the supervision of a University teacher; upon a subject approved by the Dean.

(b) The candidate shall deliver the thesis to the Registrar by 1 November of the year in which it is presented, or at a subsequent date arranged with the supervising teacher.

(c) At the discretion of the Dean the candidate may be required, within four weeks of the date on which the thesis was submitted, to attend an oral examination on the subject of the thesis. For this purpose either two or three examiners shall be appointed by the Dean.

(d) Where a candidate submits a thesis which is of insufficient standard on first submission, the Senate may in exceptional circumstances when recommended by the examiners, permit the candidate to rewrite the thesis and submit it again by a specified date.

(e) The thesis shall be submitted not later than three years after the candidate's enrolment for the Degree, but this period may in special cases be extended by the Senate.

Distinction

7. (1) This Degree may be awarded with or without Distinction.

(2) A candidate who is required to re-sit a written examination or to re-submit the thesis shall not be eligible for an award with Distinction.

Note: Students proposing to enrol for a Master's Degree are expected to discuss their enrolment with the Dean not later than the December preceding their enrolment.

THE DEGREE OF DOCTOR OF JURISPRUDENCE DJur

General Provisions

1. Other than in special circumstances, a candidate for the Degree of Doctor of Jurisprudence shall:

(i) be a graduate of the University of Auckland, and

(ii) hold an Honours or a Masters degree (or its equivalent) in Law.

2. No candidate shall be admitted to this Degree until at least five years after the award of an Honours or Masters degree, as the case may be. Where a person has been awarded more than one degree of the kind specified in i(ii), the five year period shall run from the date of the last degree to have been awarded.

3. The Degree shall be awarded on the basis of published works in monographs or refereed journals of international standard which, in the opinion of the examiners, have made a substantial contribution to the discipline of law.

Application to be Examined

4. A candidate shall apply in writing to the Registrar to be examined and shall submit with the application the fee prescribed in the Fees Regulations and a Statutory Declaration which must:

(i) clearly identify the published works submitted in support of the Degree;

(ii) state the extent to which these published works are based on the candidate's own work and identify as clearly as possible any parts which are not so based;

(iii) state what portion (if any) of the published work has been previously presented for a degree or diploma, and

5. The Senate, upon recommendation of the Dean of Law, may, in such exceptional circumstances as it sees fit, approve a personal course of study which does not conform to these Regulations.
(iv) declare that the published work has not previously been accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

5. The candidate shall, at the time of applying to be examined, lodge with the Registrar three copies of the works submitted in support of the award of the Degree.

6. On receipt of the materials in Regulations 4 and 5 the application shall be referred to the Higher Degrees Committee of the Faculty of Law which shall submit to the Senate a preliminary report indicating whether, in the opinion of the Committee, the examination should proceed. If the Senate decides that the examination should not proceed the candidate shall be entitled to a refund of one half of the fees paid on the application to be examined.

Examination of Published Works

7. If the Senate decides that the examination should proceed, it shall appoint three examiners. One (who shall act as Convenor of the examiners) shall be a member of the academic staff of the University of Auckland; one shall be resident outside New Zealand; and one shall normally be a member of a Faculty of Law at another University in New Zealand.

8. The duties of the examiners shall be:
   (i) to report independently on the quality of the published works and their value as a significant contribution to the discipline of law, and
   (ii) to recommend whether or not the Degree should be awarded.

9. The reports of the Examiners shall be placed before the Senate which shall determine whether or not the Degree should be awarded.

10. Where the Degree is not awarded, the Senate may nevertheless permit the candidate to be re-examined at a later date. This date shall be at least five years after the date on which the applicant lodged the application for the Degree with the Registrar.

11. These Regulations shall come into force on 1 January 1992.

DEGREE COURSE PRESCRIPTIONS

LLB AND LLB (Hons)

Law Intermediate Examination

25.103 The Legal System
An introduction to: theories of the nature, functions and origins of law and legal systems; the New Zealand legal system, including its sources of law, the nature of its courts and selected other legal institutions, and its operation in historical and contemporary New Zealand; Maori concepts of law and justice and their relationship to the New Zealand legal system; legal reasoning including both statutory interpretation and case-law reasoning.

First Law Examination

25.101 Criminal Law
The general principles of criminal liability. Selected indictable and summary offences chargeable under New Zealand Law. An introduction to the procedure upon indictment and to summary procedure (excluding the law of evidence).

25.104 The Law of Torts
General principles of civil liability. The law as to the various kinds of torts. The law relating to compensation for personal injury by accident in New Zealand.

25.105 The Law of Contract
The general principles of the law relating to agreements. Selected topics in the law of contract. An introduction to the law of agency.

25.106 Public Law
The principles and workings of the constitution, the institutions of government, the exercise of public power and relations between the citizens and the state. Controls on the exercise of public power, including an introduction to judicial review.

Second Law Examination

25.201 Land Law
An introduction to the law relating to property in land.

25.202 Equity
The general principles of equity.

25.203 The Law of Personal Property
An introduction to the law relating to property in goods and other tangible and intangible assets.

25.204 Commercial Law
An introduction to the law relating to the sale of goods, hire purchase, personal property, secured transactions, credit contracts, consumer protection and negotiable instruments.

25.205 Administrative Law
The general principles of administrative law. Subordinate legislation. Discretionary powers of Ministers, officials and local bodies. Administrative tribunals and their functions. Controls over the exercise of legislative, judicial and other powers.

25.206 Advanced Criminal Law
Selected advanced problems in criminal law and criminal procedure.

25.208 Company Law and Partnership
An introduction to the principles of company law and the law of partnership. Rights and liabilities of those who form, operate and deal with companies, and partnerships.

25.209 Intellectual Property
Studies in the content and impact of copyright, patents, trademarks, and unfair competition in New Zealand and elsewhere.

25.210 Criminology
An introduction to the theory of criminology. Selected studies in crime and its causes, law enforcement, the administration of criminal justice, and the nature and purpose of the penal system.

25.211 Family Law
The law relating to cohabitation and marriage. The establishment of parenthood and the legal incidents of the relationship between parent and child. Adoption.

25.212 Industrial Law
Selected studies in the relationship of employer and employee; the rights, responsibilities and organisation of trade unions; the determination of industrial disputes relating to wages, conditions and rights; and the legality of industrial action.

25.213 International Institutions
The principles of international law as they relate to the structure and functioning of international institutions. The role of international institutions in the settlement of international disputes, particularly the role of the International Court of Justice. Selected projects relating to specific international institutions.

25.214 International Law
An introduction to the law of nations. Selected topics in the adjudication and settlement of international disputes, the law of war, peace and neutrality, and the law of international institutions.

25.217 Jurisprudence
An introduction to the major schools of jurisprudence, the major contemporary disputes in jurisprudence and the major perspectives on law current in contemporary thought.

25.218 Legal History
An introduction to the history of present-day legal rules and institutions. Selected topics in English and New Zealand legal history.

*25.220 Local Government Law
An introduction to the law governing the structure, powers and territorial definition of local government units. Selected studies in legal problems of local government and its relationship with central government.
25.221 Income Tax
The principles of the law relating to income tax.

25.222 Roman Law
Outline of Roman private law according to Justinian and Gaius. Sources and historical development of Roman Law. The law of actions; the law of property; obligations; family and succession. (Translation of substantial portions of the Latin text shall not be required.)

25.223 Women and the Law
A study of the law as it defines women's role in society with particular emphasis on the law to eliminate discrimination.

25.224 Pacific Legal Studies
Selected aspects of customary, private, public and international law of Pacific States and territories with particular regard to Fiji, Western Samoa, the Cook Islands, Niue, Tokelau Islands, New Zealand and Papua New Guinea.

25.228 Competition Law
A study of the principles of competition law.
*25.229 Advanced Contract
Advanced studies in the law of contract.
*25.230 Advanced Tort
Advanced studies in the law of tort.
*25.231 Problems in Civil Obligations
Actions which may be brought in either contract or tort. Civil rights and obligations having features similar to those of contract or tort, other than those associated with the law of restitution.

25.232 Legislation
The making and application of primary and subordinate legislation; legislative drafting and statutory interpretation. Selected topics from the history, evaluation, codification and judicial review of legislation.

25.233 Succession and Matrimonial Property
An introduction to the laws of wills and succession, testamentary promises and the administration of estates. Matrimonial and family property.

25.234 Welfare Law
A study of the law relating to income maintenance, physical and mental handicap, housing and homelessness, access to legal and related services.

25.235 Community Law Project
Participation in and report on a project involving law in a community context, and evaluation of the issues arising therefrom.

25.236, 25.237 Special Topics
To be prescribed by the Dean of the Faculty of Law.

25.238 Immigration and Refugee Law
Consideration of the basic features of the Immigration Act 1987; an introduction to the law of refugee status and the emerging jurisprudence of the NZ Refugee Status Appeal Authority.

25.239 Matrimonial Property
Consideration of matrimonial property regimes, including division of property; effectiveness of methods of division; the role of the Family Court; contracting out of the regime; court orders; adversarial systems.

To be prescribed by the Dean of the Faculty of Law.

Note: Some of these courses will be taught for the full-year and others will not. Students should refer to the current Law School Handbook.

Third Law Examination
25.300 Special Topic
To be prescribed by the Dean of the Faculty of Law.

25.301 Advanced Administrative Law
Advanced problems in selected areas of Administrative Law.

25.302 Advanced Commercial Law
Advanced studies in selected areas of Commercial Law.

25.303 Advanced Constitutional Law
Advanced problems in selected areas of Constitutional Law.

*25.304 Advanced Criminology
Advanced problems in the causes of crime, the administration of criminal justice, and the punishment and treatment of the offender.

25.305 Advanced Family Law
Advanced problems in selected areas of Family Law.

*25.306 Advanced Industrial Law
Advanced studies in selected areas of Industrial Law.

*25.307 Advanced International Law
Advanced studies in selected areas of the law of nations.

25.308 Civil Procedure
Advanced studies in procedure in civil actions and other proceedings, with reference to the evolution of the present form of civil action, pleadings, discovery and other pre-trial devices; joinder of parties; jurisdiction (including equitable jurisdiction), appellate procedure.

25.309 Company Finance
Problems in company finance law, including the raising of share and debt capital by companies.

25.310 Comparative Law
A study of selected systems of law with particular reference to the development of civil law on the Continent of Europe.

25.311 Conflict of Laws
Selected studies in the law governing transactions with elements outside New Zealand Courts, fundamental concepts of conflict of laws, and the validity and enforcement of foreign judgements.

25.312 Creditors' Remedies
Legal problems arising where a debtor is in financial difficulties. Selected studies in the rights of unsecured creditors in bankruptcy and company liquidation; other methods of enforcing judgements.

25.313 Environmental Law
An analysis and criticism of the existing legal framework relating to the use and protection of the physical environment. Courts, agencies and Parliament as institutions for dealing with environmental problems. A study of specific environmental problems such as air and water pollution, agricultural chemicals, marine pollution. International aspects of environmental problems.

25.314 Evidence
The general principles of the law of evidence in civil and criminal cases. A critical evaluation of forensic law in New Zealand, including a comparison with systems of trial in other countries.

*25.315 International Trade
The law relating to international business transactions.

*25.316 Law Reform
A study of the institutions responsible for law reform and the methods by which reform is achieved. A selection of legal rules and institutions which have been, or may be, the subject of reform.

25.318 Psychiatry and the Law
A general introduction to the formal relationship between psychiatry and law with a particular emphasis on the law as it relates to special patients.

25.319 Resource Management Law
An introduction to the law relating to town and country planning. Selected studies in urban and rural planning problems, and processes and decisions of planning authorities, and the function of courts in planning matters.

25.320 Restitution
A study of the concept of unjust enrichment and its diverse practical applications.

25.321 Supervised Research
Advanced problems in the sale of land. Selected case studies examining the legal and taxation consequences of the agreement for sale and purchase and the conveyance of land, and the function and responsibility of the lawyer acting in such transactions.

*25.323 Estate and Tax Planning
The principles of the law relating to estate and gift duties, estate planning and tax planning.

*25.324 Air and Space Law
The principles of international and municipal law regulating airspace and outer space, aircraft, spacecraft, persons on board such craft and the rights and obligations of operators and users of aircraft and spacecraft, taking into consideration the economic and
technical problems involved and aspects of national and international policies.
25.325 Maori Land Law
Legal problems of Maori land holding. Occupation and use.
25.326 Insurance Law
The principles of the law relating to insurance.

*25.328 Advocacy
The preparation and presentation of cases; the theory and practice of advocacy.

*25.329 Advanced Agency and Partnership
Advanced studies in the law of agency and partnership.

25.330 Legal Ethics
An examination of the ethical duties of legal practitioners towards their clients, the Courts and other tribunals, other practitioners, and members of the public.

25.331 Remedies
Advanced study of civil remedies; and their historical and philosophical backgrounds. Discretionary relief in Equity and under statutes.

*25.332 Consumer Law
The law relating to consumer protection. Consumer remedies.

25.333 Negotiation, Mediation and Dispute Resolution
Studies in the theory and practice of negotiation, mediation and dispute resolution.

*25.334 Advanced Legal Philosophy
Advanced studies in the philosophy of law.

*25.335 Advanced Law and Society
Advanced studies in the relationship between selected legal theories and social conditions.

25.337 Special Topic
To be prescribed by the Dean of the Faculty of Law.

25.338 Advanced Company Law
Advanced studies in selected areas of Company Law.

25.339, 25.340 Special Topics
To be prescribed by the Dean of the Faculty of Law.

25.409 Legal Practice
Note: Some of these courses will be taught for the full year and others will not. Some have prerequisites. Students should refer to the current Law School Handbook.

**LAW AND PRACTICE IN NEW ZEALAND**
The prescriptions for the Examination in the law and practice in New Zealand may be obtained from the Dean of the Faculty. Written notice of a candidate’s wish to take the Examination should be given to the Registrar with payment of the prescribed fee.

**LLB (Hons)**

For the Subjects Listed in Regulation 3

As prescribed by the Dean of the Faculty of Law

*225.341 Admiralty Law
Admiralty jurisdiction, extent of territorial waters, sources of maritime law, nature of maritime liens, bills of lading and charter parties, aspects of conflicts of laws in admiralty, rules established by international law in admiralty cases.

*225.342 Air and Space Law
Same prescription as for 25.324 (LLB).

*225.343 Aspects of Industrial Law
Analysis of selected problems in industrial law and industrial relations.

*225.344 Business Regulation
Government regulation of business, analysis of scope of control, its purposes and dangers, the common law and statutory regulations of trade and industry, restraint of trade and monopoly, restrictive trade practices.

*225.345 Causes of Crime
The significance of primary and secondary criminogenic factors.

*225.346 Civil Rights
A comparative study of recognised human rights and existing legal safeguards. Aspects include protection of minority rights, speech and assembly, police practices, race relations.

*225.347 Commercial Letters of Credit
The law and practice relating to commercial letters of credit.

*225.348 Consumer Law
A study of legislative and judicial attempts to protect the consumer.

*225.349 Copyright and Patent Law
Common law, statutory and international rules governing copyright and patents.

*225.350 Corporation Finance
Problems of corporate finance, including the rules governing raising capital and loans, rights to dividend and distribution of assets, amendment of corporate instruments, re-organisation, holding and subsidiary companies.

*225.351 Economic Regulation
Legal problems encountered in regulating economic behaviour and alternative techniques for resolving them; anti-trust and labour problems.

225.352 Environmental Law
An analysis and criticism of the existing legal framework relating to the use and protection of the physical environment. Courts, agencies and Parliament as institutions for dealing with environmental problems. A study of specific environmental problems such as air and water pollution, chemicals, marine pollution. International aspects of environmental problems.

*225.353 Estate Planning
An analysis of the factors which deserve consideration in planning for the future management and disposition of income and capital.

*225.354 Insurance (other than Marine Insurance) Law
The law governing insurance other than marine insurance.

*225.355 Law of International Business and Finance
A study of problems of commercial law, administrative law and international law arising from international trade, business and finance, including New Zealand’s relationship with the European Economic Community.

*225.356 Law and Social Problems
Selected aspects of the interrelation between legal evolution and social change, interaction of legislation and social change, the role of law in the modern state.

225.357 Law of Banking
The law relating to banking, with particular reference to the relationship of banker and customer and the banker’s duty to third parties.

*225.358 Law of Landlord and Tenant
The law of landlord and tenant, including statutory tenancies and fair rents legislation.

*225.359 Law Reform
Methods of law reform with particular reference to New Zealand.

*225.360 Law Relating to Computers
An introduction to selected topics related to computers, including a brief introduction to elementary programme preparation, computerisation of statute and case law, protection of software, labour relations affected by computers and database privacy.

*225.361 Legal Accounting
A critical examination of generally accepted accounting principles, an introduction to corporate financial problems, accounting problems of a law office.

*225.362 Legal Aspects of Race Relations
Investigation of legal efforts to combat discrimination, and an inquiry into the validity of law in this field.

*225.363 Legal Education
The objectives, methods and development of legal education and the functions and obligations of the law teacher.

*225.364 Legal History
The effect of law on social, economic and constitutional change, with particular reference to England and New Zealand.

*225.365 Legal Problems of the European Common Market
The objectives, structures and functions and relationships of the European Community and other European regional arrangements.
**225.366 Local Government Law**
The law developed and applied in local government, construction and operation of statutory powers of local and public authorities, by-laws, financing, contractual and tortious liability.

**225.367 Maori Land Law**
Legal problems of Maori land holding. Occupation and use.

**225.368 Marine Insurance Law**
The law governing marine insurance.

**225.369 Medico-Legal Problems**
A study of the relationship between law and medicine, preparation and presentation of medical proof in litigation, expert medical testimony.

**225.370 Military Law**
Aspects of military law, the relation of civil to military jurisdiction, court martial procedure.

**225.371 Penology**
An analysis of theory and practice in regard to the punishment and treatment of the offender.

**225.372 Problems in Choice of Law**
The application of choice of law methods to specific situations, the feasibility of developing choice of law rules and principles consistent with predictability and uniformity.

**225.373 Problems in Contract and Tort**
Analysis of selected problems arising in the law of contract and the law of tort.

**225.374 Problems in Criminal Law**
Analysis of selected problems in criminal law.

**225.375 Problems in Equity**
Problems relating to the equitable jurisdiction of the courts, with particular reference to the law of trusts.

**225.376 Problems in Legal Philosophy**
Selected jurisprudential problems of definition of law, the concept of justice, relation of law and morality, the function of legal analysis.

**225.377 Professional Responsibility**
The role of the legal profession in modern society, the obligations of a barrister and solicitor, conflict of interest, defending the unpopular client or cause.

**225.378 Registration of Title to Land**
Legal problems of the Torrens system of title registration.

**225.379 Remedies Against the Government**
Liability of the Crown in tort and contract, procedure for enforcing rights against the Crown.

**225.380 Securities Law**
The law governing securities over personal and industrial property.

**225.381 Selected Topics in Comparative Law**
Analysis of selected topics from foreign law systems, including civil and Soviet law.

**225.382 Shipping Law**
Legal principles governing ownership of ships, limitation of liability of shippers, charter-parties and affreightment, collision, salvage, towage, carriage of goods by sea.

**225.383 Social Control of Land**
The purposes and effect of legislation controlling the use of land, housing improvement schemes, town and country planning, government and local body powers.

**225.384 State and Local Taxation**
Analysis of property, sales, personal and corporate income taxes, tax policy and administration, local body taxation.

**225.385 The Law Relating to Damages**
The principles governing damages in contract and in tort.

**225.386 The Legal Process**
The function of the courts, counsel, legislature, administrative agencies and officials in decision-making.

**225.387 Trial Practice**
Advocacy, procedural and substantive law in trial proceedings, pre-trial preparation, proof.

**225.388 United Nations Law and Problems of World Order**
The basic constitutional problems of the United Nations, regulation of the use of force, definition of aggression, punishment of crimes against the peace, disarmament, control of atomic energy, regulation of the use of outer space, an international police force.

**225.389 Pacific Legal Studies**
Selected aspects of customary, private, public and international law of Pacific states and territories with particular regard to Fiji, Western Samoa, the Cook Islands, Niue, Tokelau Islands, New Zealand and Papua New Guinea.

**225.390 Women and the Law**
A study of the law as it defines women's role in society with particular emphasis on the use of the law to eliminate discrimination.

**225.391 Restitution**
Same prescription as for 25.320 (LLB).

**25.604 Dissertation**

### ADDITIONAL SUBJECTS FOR CANDIDATES SEEKING ADMISSION AS BARRISTERS AND SOLICITORS OF THE HIGH COURT OF NEW ZEALAND

A candidate for admission as a barrister and solicitor of the High Court of New Zealand must have completed the requirements of the LLB or LLB (Hons) Degree, achieved passes in certain compulsory degree subjects, and successfully undertaken the Professional Legal Studies Course. Details of the content of the Professional course are available on request from the Director of the Institute of Professional Legal Studies or the Dean of the Faculty of Law.

### LLM and MJur

**25.501, 25.502 Administrative Law**
The general principles of administrative law with special reference to New Zealand.

**25.503, 25.504 Commercial Law**
Advanced studies in the law relating to the distribution and financing of goods and services, including security devices and the rights of creditors and third persons.

**25.505, 25.506 Comparative Law**
Advanced studies in selected systems of law.

**25.507, 25.508 Constitutional Law**
Advanced studies in constitutional and local body law.

**25.509, 25.510 Conflict of Laws**
The nature of private international law. Fundamental conceptions; classification: renvoi; domicile; public policy. The principles of private international law relating to: (a) persons; (b) contracts; (c) torts; (d) property; (e) procedure and evidence.

**25.511, 25.512 Creditors' Remedies**
Legal problems arising where a debtor is in financial difficulties. Advanced studies in the rights of unsecured creditors in bankruptcy and company liquidation; other methods of enforcing judgments.

**25.513, 25.514 Criminal Law**
The history and principles of criminal law, comprising selected topics on substantive and adjective criminal law, evidence in criminal cases, the aetiology of crime and the purposes and methods of punishment.

**25.515, 25.516 Criminology**

**25.517, 25.518 Environmental Law**
An examination of the law relating to pollution and other environmental problems with an emphasis on comparative studies. An exploration of various institutional arrangements for...
managing the environment. The concept of environmental impact reporting.

*25.519, *25.520 Equity
The history and principles of equity.

*25.521, *25.522 Family Law
Advanced studies in the law relating to husband and wife, parent and child and family relationships generally.

*25.523, *25.524 Industrial Law
Selected and comparative studies in Industrial Law.

25.525, *25.526 International Law
The principles of the law of nations in peace and war including the status and relations inter se of the members of the Commonwealth of Nations and the Republic of Ireland and questions of nationality.

25.527, 25.528 Jurisprudence
Theories concerning the origin and development of law. The history of legal theory. Modern schools of thought concerning the nature and purpose of law. Sources of law. Analysis of legal conceptions.

*25.529, *25.530 Land Law
The history and principles of land law.

*25.531, *25.532 Law and Society
Advanced studies in the interrelation between legal evolution and social change, interaction of legislation and social change, and the role of law in the modern state.

25.533, *25.534 Law of Banking and Exchange Control
The law and practice relating to banking and exchange control regulations, with special reference to New Zealand.

*25.535, *25.536 The Law of Bodies Corporate and Unincorporate
The principles of the law as to corporations and unincorporated bodies with special reference to registered companies.

25.537, 25.538 The Law of Contract
The history and principles of the law of contract, including the law as to the sale of goods, negotiable instruments, and all other special classes of contracts.

*25.539, *25.540 The Law of Evidence
The principles of the law of evidence in civil and criminal cases.

*25.541, *25.542 Law of Taxation and Estate Planning
Advanced studies in the law relating to taxation and gift, death and conveyance duties.

Advanced studies in the principles and practice of estate planning.

The history and principles of civil liability with special reference to the law of torts.

*25.545, *25.546 Law Reform
A study of the institutions responsible for law reform and the methods by which reform is achieved. A selection of legal rules and institutions which have been, or may be, the subject of reform.

25.547, *25.548 Local Government Law
Selected studies of the history, structure, powers and practice of local government units and related aspects.

*25.549, *25.550 Pacific Legal Studies
Selected aspects of customary, private, public and international law of Pacific states and territories with particular regard to Fiji, Western Samoa, the Cook Islands, Niue, Tokelau Islands, New Zealand and Papua New Guinea.

*25.551, *25.552 Resource Management Law
Selected studies of land use regulation law, planning structure, practice and theory.

*25.553, *25.554 Restitution
Advanced problems focusing on situations and available remedies where benefits have been wrongfully or unfairly acquired.

25.555, *25.556 Sales and Sales Financing
Advanced studies in the law of sales and the financing of domestic sales in New Zealand.

*25.557, *25.558 Shipping Law
Advanced studies in the principles of carriage of goods by sea, including containerisation.

*25.559, *25.560 Transport Law
Advanced studies in the history, exposition and comparison of selected topics of the law of transport, including land, sea and air transport, including rules of international law and of municipal law.

*25.561, *25.562 Air and Space Law
Advanced studies in the principles of international and municipal law regulating airspace and outer space, aircraft, spacecraft, persons on board such craft and the rights and obligations of operators and users of aircraft and spacecraft, taking into consideration the economic and technical problems involved and aspects of national and international policies.

*25.563, *25.564 Special Topics
To be prescribed by the Dean of the Faculty of Law.

25.565, 25.566 Special Topics
To be prescribed by the Dean of the Faculty of Law.

*25.567, *25.568 Civil Rights
*25.569, *25.570 Special Topics
To be prescribed by the Dean of the Faculty of Law.

*25.571, *25.572 Welfare Law
*25.573, *25.574 Insurance Law
*25.575, *25.576 New Zealand Legal History
*25.577, *25.578 Special Topics
To be prescribed by the Dean of the Faculty of Law.

25.579, *25.580 Special Topics
To be prescribed by the Dean of the Faculty of Law.

25.581, 25.582 Special Topics
To be prescribed by the Dean of the Faculty of Law.

*25.583, *25.584 Partnership
To be prescribed by the Dean of the Faculty of Law.

*25.585, *25.586 Maori Land Law
*25.587, *25.588 International Trade
Note: * Starred papers will not be taught during the current Calendar year
† Daggered papers will not be taught during the current Calendar year unless sufficient staff is available.

**DIPLOMA COURSE REGULATIONS**

**DIPLOMA IN CRIMINOLOGY DipCrim**

The Diploma in Criminology has been discontinued. In special circumstances arrangements will be made by the Department of Law to enable students already enrolled for the Diploma to complete it under the Regulations published in the 1987 Calendar at pp 291-292.

**POSTGRADUATE DIPLOMA IN LEGAL STUDIES PGDipLS**

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Postgraduate Diploma in Legal Studies shall, before enrolment, have been admitted to or be qualified for admission to the Degree of Bachelor of Laws or the Degree of Bachelor of Laws (Honours).

2. A candidate for the Diploma shall follow a course of instruction of not less than one year.

3. (1) Every candidate for the Diploma, either within one year in the case of a full-time student, or within not more than three successive
342

Faculty of Law, Diploma Regulations, PGDipLS. Diploma Prescriptions, PGDipLS

years in the case of a student who is not full-time, shall:
(a) Fulfil the requirements of the project referred to in Regulation 4.
(b) Pass the examination in and fulfil any other requirements of each of four or more papers:
(i) which, if taken concurrently, would involve an aggregate of ten hours of instruction per week; and
(ii) which include papers listed in Regulation 5 in weighting sufficient when added to the project referred to in Regulation 4 to constitute at least one third of the candidate's course for this Diploma; and
(iii) of which the remaining papers are offered for the Second or Third Law Examination of the Degree of Bachelor of Laws except that one may be a paper, offered in any Faculty, which in the opinion of the Dean of the Faculty of Law is relevant to and appropriate to be included in the candidate's course of study for this Diploma.
(iv) of which the remainder are made up of papers offered from time to time for the Second or Third Law Examination of the Degree of Bachelor of Laws; and
(v) of which none are, or are substantially similar to, papers already credited to the candidate's Bachelor's Degree.

4. Every candidate shall, during his or her course, complete to the satisfaction of the Faculty of Law (hereinafter referred to as "the Faculty") a substantial exercise (carrying a weighting of three hours of instruction per week) in the detailed application of law upon the terms as to content, supervision and reporting prescribed therefore by the Dean of the Faculty of Law.

5. The papers for which provision is made in Regulation 3 shall be:

25.452 Advanced Studies in Criminal Law
25.453 Studies in Resource Management Law
25.454 Advanced Studies in Administrative Law
25.455 Advanced Studies in Family Law
*25.456 Advanced Studies in International Law
25.457 Studies in Company Finance
25.458 Studies in Comparative Law
25.459 Studies in the Conflict of Laws
25.460 Studies in Creditors' Remedies
25.461 Studies in Restitution
25.462 Studies in the Law of Vendor and Purchaser
25.463 Studies in Estate and Tax Planning
*25.464 Studies in Air and Space Law

Note: * Starred papers will not be taught during the current Calendar year.
† Daggered papers will not be taught during the current Calendar year unless sufficient staff is available.

6. A candidate who, being a full-time student, has failed within one year or, being a part-time student, has failed within three successive years, to complete the requirements of the Postgraduate Diploma may in exceptional circumstances be permitted by the Faculty to complete those requirements in a subsequent year.

7. A candidate for this Postgraduate Diploma may, with the prior approval of the Dean, elect to submit a Research Paper in lieu of examination in any one of the papers chosen for the Postgraduate Diploma if the teacher in the subject has certified that the Research Paper is related to that subject.

8. A candidate who has passed papers for a Certificate of Proficiency which meet the requirements of Regulation 3 may, subject to the approval of the Dean, credit those papers to the Postgraduate Diploma.

Note: Refer Enrolment and Course Regulations (General), Regulation 18.

9. The Senate, upon recommendation of the Dean of Law, may, in such exceptional circumstances as it sees fit, approve a personal course of study which does not conform to these Regulations.

10. These Regulations shall come into force on 1 January, 1988.

DIPLOMA COURSE PRESCRIPTIONS

PGDipLS
25.452 Advanced Studies in Criminal Law
Selected advanced problems in criminal law and criminal procedure.
25.453 Studies in Resource Management Law
An introduction to the law relating to town and country planning. Selected studies in urban and rural planning problems, and processes and decisions of planning authorities, and the function of courts in planning matters.
25.454 Advanced Studies in Administrative Law
Advanced problems in selected areas of Administrative Law.
25.455 Advanced Studies in Family Law
Advanced problems in selected areas of Family Law.
*25.456 Advanced Studies in International Law
Advanced studies in selected areas of the law of nations.
25.457 Studies in Company Finance
Problems in company finance law, including the raising of share and debt capital by companies.
25.458 Studies in Comparative Law
Advanced problems in selected areas of Administrative Law.
25.459 Studies in the Conflict of Laws
Legal problems arising where a debtor is in financial difficulties. Selected studies in the rights of unsecured creditors in bankruptcy and company liquidation; other methods of enforcing judgments.
25.460 Studies in Creditors' Remedies
Legal problems arising where a debtor is in financial difficulties. Selected studies in the rights of unsecured creditors in bankruptcy and company liquidation; other methods of enforcing judgments.
25.461 Studies in Restitution
Legal problems arising where a debtor is in financial difficulties. Selected studies in the rights of unsecured creditors in bankruptcy and company liquidation; other methods of enforcing judgments.
25.462 Studies in the Law of Vendor and Purchaser
Problems in company finance law, including the raising of share and debt capital by companies.
25.463 Studies in Estate and Tax Planning
The principles of the law relating to estate and gift duties, estate
25.464 Studies in Air and Space Law
The principles of international and municipal law regulating air space and outer space, aircraft spacecraft, persons on board such craft and the rights and obligations of operators and users of aircraft and spacecraft, taking into consideration the economic and technical problems involved and aspects of national and international policies.

25.465 Studies in Maori Land Law
Legal problems of Maori land holding. Occupation and use.

25.466 Studies in Intellectual Property
Studies in the content and impact of copyright, patents, trademarks, and unfair competition in New Zealand and elsewhere.

25.467 Advanced Studies in Legal Philosophy
Advanced studies in the philosophy of law.

25.468 Advanced Studies in Law and Society
Advanced studies in the relationship between selected legal theories and social conditions.

25.469 Advanced Studies in Constitutional Law
Advanced problems in selected areas of Constitutional Law.

25.470 Advanced Studies in Criminology
Advanced problems in the causes of crime, the administration of criminal justice, and the punishment and treatment of the offender. Selected studies in criminological methods and research.

25.471 Advanced Studies in Industrial Law
Advanced studies in selected areas of Industrial Law.

25.472 Advanced Studies in Contract
Advanced studies in the law of contract.

25.473 Advanced Studies in Tort
Advanced studies in the law of tort.

25.474 Studies in Civil Obligations
Actions which may be brought in either contract or tort. Civil rights and obligations having features similar to those of contract or tort, other than those associated with the law of restitution.

25.475-25.480 Special Topics
To be prescribed by the Dean of the Faculty of Law.

Note: * Starred papers will not be taught during the current Calendar year unless sufficient staff is available.

GENERAL INFORMATION

SCHOOL OF MEDICINE

The medical course in the University of Auckland is of six years' duration. The Degree of Bachelor of Human Biology (BHB) is awarded upon completion of the first three years, and the Degree of Bachelor of Medicine and Bachelor of Surgery (MBChB), upon completion of the full course.

Bachelor of Human Biology

The curriculum in Human Biology covers a spectrum of studies from molecular biology to social psychology and the processes of disease. Introductory studies of chemistry, physics and biology lead to specialised studies of the human body and the integration of its responses. During the first year, courses in biology, chemistry and physics provide the language and concepts needed for the understanding of the applications of these sciences in medical biology. Biochemistry, immunobiology and selected aspects of anatomy and physiology are introduced. Opportunities are provided for hospital visits where lectures and case presentations relate the basic and clinical sciences. The first year course in Community Health will focus on the distribution and determinants of disease in human populations and the strategies available for the prevention of disease and the promotion of health. Particular attention will be given to the influence of cultural and environmental factors on health.

The course in Behavioural Science extends over three years, the first focused on general principles, the second on issues of medical risk and the third on medical treatment. Topics include communication, decision-making, culture, behaviour and health, individual psychology and development, and brain-behaviour relationships.

During the second and third years, the course presents a detailed analysis of human structure and function, of the ways in which body mechanisms are disturbed, and of the ways in which disturbances are corrected. Fundamental biochemical and physiological mechanisms - largely expressed at cellular levels - and their structural bases are considered first, then the principal organ systems. The study of the locomotor and nervous systems, of the complex control of body activity, metabolism and nutrition, of reproduction and growth, and of fundamental aspects of pathology, immunobiology and pharmacology form further major units of the course. Over this period students maintain a compulsory continuing study of growth and progress of a normal child. Admission to the first year of the course is restricted to those students who intend to complete the six year course for entry into the medical profession.

Bachelor of Medicine and Bachelor of Surgery

The clinical triennium follows qualification for the award of the Degree of Bachelor of Human Biology. The Auckland Area Health Board has made available for teaching purposes all hospitals under its control; at present instruction has been arranged at the four major hospitals - Auckland, Middlemore, National Women's and North Shore. The Waikato Hospital Board also provides teaching facilities at Waikato Hospital for students.

Subjects studied include medicine, surgery, obstetrics and gynaecology, pediatrics, pathology, immunobiology, behavioural science, psychiatry, clinical pharmacology, general practice and community health together with their main sub-specialties. During their final year Trainee Interns are expected to undertake some supervised responsibility for the care of patients. The Clinical Methods course of six weeks' duration introduces the students to the clinical examination of patients particularly physical examination and history taking. This is followed by an introductory series of lectures and symposia preceding the sequence of ward attachments in the next two years. These practical studies in hospital wards and outpatient clinics enable the student to observe and increasingly participate in the care of patients with diverse health problems in the general and special fields of medicine and surgery. During formal instruction emphasis is placed on topic teaching in which a particular disease or health problem is studied in its various aspects - medical, surgical, pathological and social.

During the Clinical Course students spend a proportion of their time in elective studies, that is pursuing in depth, subjects of particular interest to them. They also serve a period in general practice under the direction of family doctors.

Research

Each department in the School of Medicine has a range of active research programmes. These cover areas of basic medical science to clinical medicine. Opportunities exist for students to undertake supervised studies leading to a Master's degree, or to a Doctor of Philosophy. Students interested in research in the School of Medicine are encouraged to consult with the Head of Department of interest, or seek general information concerning financial support or opportunities available from the Sub-Dean. (Research and Graduate Studies).

Master of Medical Science (MMedSc)

This degree is taken after the completion of the BHB degree and can be taken in any of the basic medical science or clinical departments.

Master of Audiology

Master of Health Sciences

Master of Public Health

Doctoral Degrees

Doctor of Philosophy (PhD)

All departments undertake graduate teaching for the research Degree of Doctor of Philosophy (PhD) in accordance with the regulations of the University.

Doctor of Medicine (MD)

This is offered as a non-supervised research Degree by thesis alone and may not be submitted until five years after graduation MBChB. The Degree is usually based on clinical research work which may be undertaken outside the University. It is normally available to medical graduates of the University of Auckland and, under the Ad Eundem Admission Regulations to graduates of other medical schools who are working as members of the University of Auckland academic staff or who are conducting research in a Department of the Faculty of Medicine and Human Biology.

Candidates do not enrol in the normal fashion but at an appropriate stage in their research seek the recommendation of the Faculty to enrol for the Degree. Faculty's recommendation is based on a preliminary review of the topic, the methods involved in the investigation and the contribution of this work to medical knowledge. Permission to submit the thesis may be obtained after the work is completed or before it is undertaken but there is a five-year upper limitation of time between permission to submit and the actual submission of the thesis.

Diplomas

Diploma courses are offered in the Postgraduate School of Obstetrics and Gynaecology and in the Department of Paediatrics. All clinical departments are associated with the basic and advanced vocational training for the examination and diplomas offered by the various colleges.
DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF HUMAN BIOLOGY BHB

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Except as provided in the Admission Regulations a candidate for the Degree of Bachelor of Human Biology shall follow a course of study for not fewer than three years.

Admission

2. (a) Admission to the course of study in Human Biology shall be at the discretion of the Senate. Application for admission to the course shall be made to the Registrar in writing before 1 October or such other date as the Senate may determine, of the year preceding that in which the applicant proposes to enrol.

(b) Admission to Part I of the course of study shall be granted or withheld upon a consideration of the past performance of the applicant at school and in public examinations, and upon an interview where this is required.

(c) In such exceptional circumstances as the Senate may approve or under the Admission Ad Eundem Statum Regulations, admission may be granted to an applicant to Part II and Part III.

Course Content

3. The course of study shall consist of three Parts. A candidate shall be required to pass as a whole each Part of the course of study: provided that a candidate, who re-enrols for a Part of the course of study having failed to pass it as a whole at the first attempt, may be allowed to carry out, to the satisfaction of the Heads of Departments concerned, alternative work in lieu of the work in that Part where his previous performance was satisfactory. *For the purpose of assessing the grade of this candidate as a whole for a Part of the course of study the Senate may approve that the satisfactory pass grade in that previous work be carried forward.

Note: *Normally a B- grade or better.

4. Except as provided in Regulation 2(c) hereof no candidate shall be permitted to enrol in Part II of the course until he has passed Part I, or in Part III until he has passed Part II.

5. A candidate shall carry out to the satisfaction of the Senate such practical written, and tutorial work in each Part of the course of study as may be required.

6. The papers prescribed for examination for the course of study in Human Biology are:

Part I
- Biology 60.100, 60.101, 60.102
- Physico-Chemistry 60.103, 60.104, 60.105
- Behavioural Science and Community Health 60.108

Part II
- Anatomy 60.205
- Biochemistry 60.206
- Physiology (Medical) II 60.207
- Behavioural Science II 60.208

Part III
- Immunobiology 60.300
- General Pathology 60.301
- Neurolocomotor Systems 60.302
- Human Reproduction and Development 60.304
- Physiology (Medical) III 60.305, 60.306
- Pharmacology 60.307
- Behavioural Science III 60.308

7. (a) The Senate may in such exceptional cases as it thinks fit approve a personal course of study which does not conform to the foregoing Regulations.

(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

8. These Regulations shall come into force on 1 January, 1989.

THE DEGREE OF BACHELOR OF MEDICINE AND BACHELOR OF SURGERY MBChB

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Medicine and Bachelor of Surgery shall before enrolment have qualified for admission to the Degree of Bachelor of Human Biology not more than one academic year previously, except where the Senate otherwise permits.

2. Each candidate shall follow a course of study of not fewer than three years.

3. (a) No candidate shall be permitted to proceed to Part II until work prescribed for Part I has been completed to the satisfaction of the Senate.

(b) No candidate shall be permitted to proceed to Part III until the work prescribed for Parts I and II has been completed to the satisfaction of the Senate.

4. Each candidate shall follow the course of study for Part I, Part II and Part III continuously. Interrupted study may be resumed only with the approval of Senate and on such conditions as the Senate may determine.

5. On the recommendation of the Academic Sub-Dean, and at the discretion of the Senate, a candidate who fails any year of the course may be declined permission to re-enrol in the course as a whole.
Practical Work
6. A candidate shall carry out to the satisfaction of the Senate, such practical and clinical work in each year of the course as may be required.

Course Content
7. The course shall consist of three Parts:

Part I (Year IV of the medical course)
Year Code: 90.100
Lectures, laboratory and practical work, and clinical instruction in the diagnosis and management of patients in the hospital and in the community and the provision of health services in the population at large. Practical work will include experience of bicultural attitudes to health and health practices in New Zealand. Disciplines taught will include Medicine, Surgery, Paediatrics, Obstetrics and Gynaecology, Psychiatry, Behavioural Science, Community Health, General Practice, Pathology, Microbiology, Immunology and Haematology and Clinical Pharmacology.
At the end of Part I (Year IV) there will be a written examination consisting of papers of Behavioural Science, in Community Medicine and in General Medicine and Surgical topics and an interdisciplinary clinical and oral examination.

Part II (Year V of the medical course)
Year Code: 90.200
Lectures, laboratory and practical work, and further clinical instruction in all disciplines building on the work of Part I (Year IV), with increasing emphasis on special areas in Medicine and Surgery.
At the conclusion of Part II (Year V) there will be a major examination, consisting of (a) written papers in Pathology, Clinical Pharmacology, Obstetrics and Gynaecology, Paediatrics, General Practice, Behavioural Science and two papers in General Medical and Surgical topics; (b) an inter-disciplinary clinical/oral examination in Medicine Surgery and Pathology; (c) and inter-disciplinary objective structured clinical examination (OSCE) in practical topics.

Part III (Year VI of the medical course)
Year Code: 90.300
Clinical work as a trainee intern and with responsibility under supervision for patients during a period of nine months together with a further three-month elective period.

8. (a) A candidate shall be deemed to pass Parts I and II of the course when the Senate so resolves after consideration of a report from the Faculty of Medicine and Human Biology as to the candidate's performance and results in his work for those Parts.
(b) A candidate shall be deemed to have completed Part III successfully on obtaining passing assessments from each of the periods of that academic year.

THE DEGREE OF MASTER OF AUDIOLOGY MAud

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

Note: Any student wishing to enrol for this Degree must consult the Dean of Medicine and Human Biology and obtain his approval before attending to enrol. The consultation should normally take place prior to 1 December preceding the year of intended enrolment.

Prerequisites
1. (a) Subject to the Admission Regulations, a candidate for the Degree of Master of Audiology, before enrolment for the Degree:
   (i) Shall have been admitted (or have qualified for admission to) any of the following qualifying degrees:-
      - Bachelor of Science (Honours);
      - Bachelor of Science;
      - Bachelor of Arts;
      - Bachelor of Human Biology;
      or shall have attained any other qualification approved by the Senate as equivalent to a qualifying degree; and
   (ii) Shall (subject to Regulation 2) have fulfilled the further prerequisites in the Schedule to this Regulation.

(b) For the purposes of these Regulations, candidates for this Degree are classified according to their qualifying degree as:
   - 'BSc(Hons) candidates for this Degree'
   - 'BSc candidates for this Degree'
   - 'BA candidates for this Degree'
   - 'BHB candidates for this Degree'

Schedule
The further prerequisites are (subject to Regulation 2):
(a) For BSc, BSc(Hons) or BA candidates for this Degree:
   a pass with an average grade of C+ or better at Stage III in 12 credits of Physiology, together with at least 4 credits at Stage III level from Psychology;
   OR a pass with an average grade of C+ or better at Stage III in 12 credits of Psychology, together with at least 6 credits at Stage III level from Physiology;
   AND passes in the papers listed below:
   - Chemistry 08.111 or 08.121
   - Biology 39.101 or Zoology 38.102
   - Psychology 32.108
   - Psychology 32.109
   - Physics 31.141 or 31.151 or Music 28.113
   - Physiology 67.201
   - Psychology 32.220
   - Psychology 32.230
   - Psychology 32.240
   - Physiology 67.302
   - Physiology 67.303
   - Psychology 32.303
   - Psychology 32.307
(b) For BHB candidates for this Degree:
   a pass with an average grade of C+ or better in 60.305/60.306 Physiology (Medical) III.

Variation of or Exemption from Prerequisites
2. In any special case recommended by the Dean of Medicine and Human Biology, the Senate may at its discretion:-
Enrolment and Course Regulations (General), and the Examination Regulations, are in accordance with the following regulations: for general provisions affecting their courses of study, students are referred to the Prerequisites and Variations of Course of Study.

THE DEGREE OF MASTER OF HEALTH SCIENCES MHSc

Honours

A candidate who qualifies for an aegrotat or compassionate pass may retain eligibility for Honours by applying:

(i) whether or not there has been any extension under paragraph (b) of this Regulation; and
(ii) to resit all the papers affected, or
(iii) for a pass or passes under (i) and to resit the remaining papers affected under (ii).

Note: An abstract is to be submitted with each copy of the thesis; see Examination Regulations 15.

Thesis

A candidate shall submit the thesis to the Registrar by 1 November of the academic year in which it is presented or at such later date as may be agreed to by the Dean of Medicine and Human Biology.

Note: In order to be eligible for Honours the candidate must complete all requirements of the Degree within the time limit specified in Regulation 9.

Time Limits

The requirements for this Degree shall be completed by the end of the second academic year of enrolment.

(a) in the first year of study (subject to Regulation 5) pass as a whole in respect of the following subjects:

- Audiology 751.401 Hearing Science
- Audiology 751.402 Basic Diagnostic Audiology
- Audiology 751.403 Basic Clinical Audiology;

and one of the following papers as prescribed for the Degree of Master of Science:

- Physiology 767.401 Mechanisms of Physiological Control
- Physiology 767.403 Neurophysiology
- Physiology 767.405 Methods in Physiology
- Psychology 32.403 Applied Analysis of Human Behaviour
- Psychology 32.404 Sensation and Perception
- Psychology 32.422 Learning Disabilities
- Psychology 32.423 Mind and Computation
- Psychology 32.424 Mind and Brain

(b) in the second year of study pass in each of two papers and pass in respect of a thesis as follows:

- Audiology 751.411 Advanced Diagnostic Audiology
- Audiology 751.412 Advanced Clinical Audiology
- Audiology 751.601 Thesis (which shall count as two papers).

Variation of Course of Study

5. With the approval of the Dean of Medicine and Human Biology, the Dean of Science and the Head of the Department involved, a candidate may be permitted to enrol in an alternative paper prescribed for the Degree of Master of Science instead of one of the Science papers prescribed in Regulation 4 (a) above.

6. A candidate shall not enrol for a paper which he or she has already passed.

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Health Sciences shall before enrolment for the Degree:

- undergo a course of study of not less than two academic years; and
- pass as a whole the examinations as set out in Regulation 4.

3. A candidate for the Degree of Master of Audiology shall:

- pursue a course of study of not less than two academic years; and
- undertake the course of study presented under Regulation 4 (subject to Regulation 5); and
- pass separately the clinical or practical components of Audiology 751.401, 751.402, 751.403, 751.411, 751.412; and
- pass as a whole the examinations as set out in Regulation 4.

4. Every candidate for the Degree shall:

- (a) vary in any way; or
- (b) exempt the candidate wholly or partly from the appropriate prerequisites in the Schedule to Regulation 1; and may accept a lower average grade than C+ in the prerequisites in paragraphs (a) and (b) of the Schedule to Regulation 1.

General Provisions

3. A candidate for the Degree of Master of Audiology shall:

(a) pursue a course of study of not less than two academic years; and

(b) undertake the course of study presented under Regulation 4 (subject to Regulation 5); and

(c) pass separately the clinical or practical components of Audiology 751.401, 751.402, 751.403, 751.411, 751.412; and

(d) pass as a whole the examinations as set out in Regulation 4.

4. Every candidate for the Degree shall:

(a) in the first year of study (subject to Regulation 5) pass as a whole in respect of the following subjects:

- Audiology 751.401 Hearing Science
- Audiology 751.402 Basic Diagnostic Audiology
- Audiology 751.403 Basic Clinical Audiology;

and one of the following papers as prescribed for the Degree of Master of Science:

- Physiology 767.401 Mechanisms of Physiological Control
- Physiology 767.403 Neurophysiology
- Physiology 767.405 Methods in Physiology
- Psychology 32.403 Applied Analysis of Human Behaviour
- Psychology 32.404 Sensation and Perception
- Psychology 32.422 Learning Disabilities
- Psychology 32.423 Mind and Computation
- Psychology 32.424 Mind and Brain

(b) in the second year of study pass in each of two papers and pass in respect of a thesis as follows:

- Audiology 751.411 Advanced Diagnostic Audiology
- Audiology 751.412 Advanced Clinical Audiology
- Audiology 751.601 Thesis (which shall count as two papers).
(a) have to the satisfaction of the Senate been admitted or qualified for admission to a Bachelor's or Master's degree which qualifies the candidate to practise in one of the following health professions: Medicine, Dentistry, Physiotherapy, Nursing, Human Nutrition, Optometry, Audiology, Veterinary Surgery, Medical Social Work, Public Health, Biostatistics, Epidemiology;

or,

(b) have been admitted or qualified for admission to a Bachelor's degree and have not less than two years of relevant employment experience approved by the Senate.

Note: The following Health Professions are recognized: Medicine, Dentistry, Physiotherapy, Nursing, Human Nutrition, Optometry, Audiology, Veterinary Surgery, Medical Social Work, Public Health, Biostatistics and Epidemiology.

General Provisions

2. (a) A candidate for the Degree of Master of Health Sciences shall pursue a coherent course of study of not less than twelve months and:

(b) (i) pass in each of three papers, prescribed in regulation 3 of these regulations and

(ii) pass in respect of a thesis under the conditions in regulation 4 of these regulations (which shall count as equivalent to three papers),

or

(c) (i) pass in each of five papers, prescribed in regulation 3 of these regulations and

(ii) pass in respect of a dissertation under the conditions in regulation 5 of these regulations (which shall count as one paper).

Papers

3. The following conditions shall apply to the choice of papers:

(a) Every candidate will choose papers in consultation with the Head(s) of his or her Department(s) from those listed in clause (b) of this regulation and approved by the Dean of the Faculty of Medicine and Human Biology; provided that no paper that has been taken for another degree shall be taken for this degree.

(b) The papers of examination for the degree are:

- 47.400 Reproductive Endocrinology
- 47.401 The Physiology of Pregnancy
- 65.401 Neuroanatomy
- 65.405 Special Topic in Anatomy
- 65.407 Biology of Connective Tissues
- 66.401 Biochemistry
- 66.402 Biochemistry
- 66.403 Biochemistry
- 67.401 Mechanisms of Physiological Control
- 67.403 Neurophysiology
- 67.405 Methods in Physiology
- 67.407 Physiology of Exercise and Rest
- 68.403 Cell and Tissue Injury
- 68.404 Cancer Biology
- 68.407 Musculoskeletal Pathology
- 91.400 Epidemiology including Biostatistics
- 91.401 Social Sciences in Public Health
- 91.403 Health Economics
- 91.409 Special Topic in Community Health
- 92.400 Cardiovascular Medicine
- 92.401 Endocrine Medicine
- 92.402 Gastroenterology and Nutrition
- 93.405 Biology of Mammalian Growth
- 93.406 Perinatal Physiology
- 94.403 Health Psychology
- 94.404 Health Promotion for Individuals, Groups and Communities
- 94.405 Health Care Ethics
- 94.406 Developmental Perspectives on Health and Wellbeing
- 94.420 Special Topic in Psychiatry
- 96.401 Toxicology
- 96.404 Drug Disposition and Action
- 96.406 Cardiovascular Pharmacology
- 98.402 Development of Immunity
- 98.403 Special Topic in Immunobiology
- 98.xxx Immunobiology

Subject to the recommendation of the Heads of Departments concerned and the approval of the Senate, up to two papers may be chosen from those offered at Master's level within the Faculty of Medicine and Human Biology, or from those offered in any other Faculty at Masters Degree level.

Note: *Starred papers will not be taught during the current Calendar year. Not all of the remaining papers may be available.

Thesis

4. The following conditions shall apply to the thesis for Master of Health Sciences (788.601):

(a) The Senate shall appoint a supervisor for the candidate upon the recommendation of the Head of Department.

(b) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject.

(c) In the case of a thesis recording laboratory work, that work shall be carried out within the University; but the Senate may permit a candidate to carry out the work in an approved institute outside the University for such period or periods as may be necessary.

(d) The candidate shall submit the thesis to the Registrar by the date prescribed in regulation 7.

Note: An abstract is to be submitted with each copy of the thesis. See Examinations Regulations 14 and 15.

Dissertation

5. The following shall apply to the dissertation for Master of Health Science (788.604).

(a) The Head of Department shall appoint a supervisor for the candidate.

(b) The dissertation shall embody the results of research undertaken under the direct supervision of the supervisor.

(c) The candidate shall submit the dissertation to the Registrar by the date prescribed in Regulation 7.

Note: An abstract is to be submitted with the dissertation. See Examination Regulation 14.
Honours
6. (a) There shall be two classes of Honours; First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Honours shall be awarded if a candidate completes the requirement of this degree within the time limit specified in Regulation 7 and obtains a sufficient standard in the papers and thesis/dissertation or provided that a candidate who qualifies for an aegrotat or compassionate pass may retain eligibility for Honours by applying:
(i) for an aegrotat or compassionate pass in up to two papers, or
(ii) to resit in the following year all the papers affected, or
(iii) for a pass or passes under (i) and to resit the remaining papers affected under (ii).

Time Limits
7. (a) The requirements for this Degree shall be completed by the end of the second academic year of full time enrolment, or by the end of the fifth year of part-time enrolment.

(b) Candidates will not be eligible for Honours if the course extends beyond three years whether the enrolment is full time or part-time provided that in an exceptional case the Senate may, on the recommendation of the Head of Department, grant the candidate:
(i) a time extension of three months, with continued eligibility for Honours.
(ii) a further time extension of nine months, the candidate being no long eligible for Honours.

Exceptions
8. The Senate, upon the recommendation of the Head or Heads of Departments concerned, may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

9. These regulations come into force on 1 January 1991.

THE DEGREE OF MASTER OF MEDICAL SCIENCE MMedSc

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

Note: Any student wishing to enrol for this Degree must consult and obtain the approval of the Dean of Medicine and Human Biology before attending to enrol. This consultation should normally take place prior to 1 December preceding the year of intended enrolment.

Prerequisites
1. Subject to the Admission Regulations, a candidate for the Degree of Master of Medical Science shall before enrolment for the Degree have been admitted or qualified for admission to the degree of Bachelor of Human Biology at the University of Auckland.

General Provisions
2. (a) A candidate for the degree of Master of Medical Science shall pursue a course of study of not less than twelve months.

(b) (i) pass in each of two papers, prescribed in regulation 3 of these regulations, and
(ii) pass in respect of a thesis (which shall count as four papers) under the conditions prescribed in regulation 4 of these regulations.

3. The following conditions shall apply to the choice of papers:
(a) Every candidate will choose papers in consultation with the Head of the Department in which the student is enrolled for his or her thesis. The papers are those listed in clause (b) of this regulation. No paper that has been taken for another degree shall be taken for this degree.
(b) The papers of examination for the degree are:
40.405 Advanced Cellular and Molecular Biology for Biomedical Research
47.400 Reproductive Endocrinology
47.401 The Physiology of Pregnancy
65.401 Neuroanatomy
65.405 Special Topic in Anatomy
65.406 Special Topic in Anatomy
65.407 Biology of Connective Tissues
66.401 Topics in Biochemistry A
66.402 Topics in Biochemistry B
66.403 Essay Topics in Biochemistry
67.415 Advances in Physiology
67.416 Research Topics in Physiology
68.403 Cell and Tissue Injury
68.404 Cancer Biology
68.406 Forensic Pathology
68.407 Musculoskeletal Pathology
69.400 General Practice
69.401 General Practice
91.400 Epidemiology including Biostatistics
91.401 Social Sciences in Public Health
*91.409 Special Topic in Community Health
92.400 Cardiovascular Medicine
92.401 Endocrine Medicine
92.402 Gastroenterology and Nutrition
93.400 Special Topic in Paediatrics
93.401 Special Topic in Paediatrics
93.405 Biology of Mammalian Growth
93.406 Perinatal Physiology
*94.400 Psychiatry in Medicine
*94.401 Neurobiology of Psychiatric Disorders
94.403 Health Psychology
94.404 Health Promotion for Individuals, Groups and Communities
94.405 Health Care Ethics
*94.406 Developmental Perspectives on Health and Wellbeing
4. The following conditions shall apply to the thesis for the Master of Medical Science (89.651):
   (a) The Senate shall appoint a supervisor for the candidate upon the recommendation of the Head of Department.
   (b) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject.
   (c) Subject to the recommendation of the Heads of Departments concerned and the approval of the Senate, one paper may be chosen from those offered at Masters' level within the Faculty of Medicine and Human Biology or from those offered at Masters' level in any other Faculty.

5. (a) There shall be two classes of Honours; First Class Honours and Second Class Honours. Second Class Honours shall be awarded if a candidate completes the requirements of this degree within the time limit specified in Regulation 6 and obtains a sufficient standard in the papers and thesis or provided that a candidate who qualifies for an aegrotat or compassionate pass may retain eligibility for Honours by applying:
   (i) for an aegrotat or compassionate pass in two papers, or
   (ii) to resit in the year following the papers affected, or
   (iii) for a pass under (i) and to resit the remaining paper affected under (ii).
   (b) Honours shall be awarded if a candidate completes the requirements of this degree within the time limit specified in Regulation 6 and obtains a sufficient standard in the papers and thesis or provided that a candidate who qualifies for an aegrotat or compassionate pass may retain eligibility for Honours by applying:
   (i) for an aegrotat or compassionate pass in two papers, or
   (ii) to resit in the year following the papers affected, or
   (iii) for a pass under (i) and to resit the remaining paper affected under (ii).

6. (a) The requirements for this Degree shall be completed by the end of the second academic year of full time enrolment.
   (b) Notwithstanding the requirements of Regulation 6(a), a candidate with other demanding responsibilities may fulfil the requirements for this degree within 36 months of first enrolment for the degree, with eligibility for Honours, this individual course of study being determined at or before first enrolment by the Senate on the recommendation of the Head of Department.
   (c) In the case of a thesis recording laboratory work, that work shall be carried out within the University provided that the Senate, in special cases, may permit a candidate to carry out the work in an approved institute outside the University for such periods or as may be necessary.

7. The Senate, upon the recommendation of the Head or Heads of Departments concerned, may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

8. These regulations come into force on 1 January 1991.

THE DEGREE OF MASTER OF PUBLIC HEALTH MPH

The personal Course of study of every candidate must be approved by the Senate. Approval will normally be granted for Courses which are in accordance with the following regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and Examination Regulations.

Note: Any student wishing to enrol for this degree must consult the Dean of Medicine and Human Biology and obtain his approval before attending to enrol. This consultation should normally take place prior to 1 October preceding the year of intended enrolment.

Prerequisites
1. Subject to the Admission Regulations, a candidate for the Degree of Master of Public Health shall before enrolment for the degree:
   (a) have been admitted to or qualified for admission to a degree approved by the Senate, or
   (b) have completed the requirements of a postgraduate public health diploma or degree or equivalent as approved by the Senate and have satisfied the Dean of the Faculty of Medicine and Human Biology that previous training and experience fits the candidate to undertake the course.

General Provisions
2. A candidate for the degree of Master of Public Health shall:
   (a) pursue a course of study of not less than two academic years full-time or the equivalent part-time.
   (b) complete both parts of the course, each of which must be passed as a whole, as follows:
      (i) To complete Part I the candidate shall pass in four of the papers listed in Regulation 3 of these Regulations and shall not be permitted to advance to Part II unless the candidate has obtained a grade of B or better in each of the selected papers, including the compulsory papers;
      (ii) To complete Part II the candidate shall pass either in respect of a thesis (which shall count as four papers) or pass in each of two further papers from among those not already taken for Part I, and/or from those listed in Regulation 3(b)(ii) of these Regulations together with a dissertation (which shall count as two papers).

Papers
3. The following conditions shall apply to the choice of papers:
   (a) Every candidate will choose papers in consultation with the Head of the Department of Community Health from those listed in clause (b) of this Regulation; provided that no paper that has been taken for another degree shall be taken for this degree.
   (b) The papers of examination for the degree are:
      (i) Part I
         91.400 Epidemiology including Biostatistics
         91.401 Social Sciences in Public Health
         and two papers from:
         91.402 Environmental Health and Health Protection
         91.403 Health Economics
The thesis shall be accompanied by a Statutory Declaration which shall:

(a) state the extent to which the thesis is based on the candidate's own work and identify as clearly as possible any parts which are not so based;
(b) state what portion (if any) of the thesis submitted has been previously presented for a degree or diploma; and
(c) declare that the thesis in substantially its present form has not been previously accepted for the award of a degree of diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

The candidate shall be required to present a thesis (90.70 I) in any branch of medicine or medical science. The thesis shall be specifically written for the purposes and shall embody a critical account of original studies carried out by the candidate which may include previously published work.

A candidate shall make application in writing to the Registrar. The application shall state the extent to which the thesis is based on the candidate's own work and identify as clearly as possible any parts which are not so based; state what portion (if any) of the thesis submitted has been previously presented for a degree or diploma; and declare that the thesis in substantially its present form has not been previously accepted for the award of a degree of diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

The Senate, upon the recommendation of the Head or Heads of Department concerned, may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations.

The following conditions shall apply to the thesis for Master of Public Health (91.651):
(a) The Senate shall appoint a supervisor for the candidate upon the recommendation of the Head of Department.
(b) The thesis shall embody the results obtained by the candidate in an investigation in some branch of public health.
(c) A candidate shall submit the thesis to the Registrar by the date prescribed in Regulation 7.

Note: An abstract is to be submitted with each copy of the thesis; see Examinations Regulations 14 and 15.

The following shall apply to the dissertation for Master of Public Health (91.654)
(a) The head of Department shall appoint a supervisor for the candidate.
(b) The dissertation shall embody the results of research undertaken under the direct supervision of the supervisor.
(c) The candidate shall submit the dissertation to the Registrar by the date prescribed in Regulation 7.

Honours

There shall be two classes of Honours; First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

Honours shall be awarded if a candidate completes the requirements of this degree within the limit specified under Regulation 7 and obtains a sufficient standard in the papers and dissertation or thesis; or provided that a candidate who qualifies for an aegrotat or compassionate pass may retain eligibility for Honours by applying:
(i) for an aegrotat or compassionate pass in two papers, or
(ii) to resit all the papers affected, or
(iii) for a pass or passes under (i) and to resit the remaining papers affected under (ii).

A candidate shall be required to present a thesis (90.70 I) in any branch of medicine or medical science. The thesis shall embody the results obtained by the candidate in an investigation in some branch of public health.

The candidate shall submit the dissertation to the Registrar by the date prescribed in Regulation 7.

The following shall apply to the dissertation for Master of Public Health (91.654)
(a) The head of Department shall appoint a supervisor for the candidate.
(b) The dissertation shall embody the results of research undertaken under the direct supervision of the supervisor.
(c) The candidate shall submit the dissertation to the Registrar by the date prescribed in Regulation 7.

As soon as reasonably possible, the Faculty of Medicine and Human Biology shall examine the application and shall make its recommendation thereon to the Senate. The Senate shall then determine whether or not the application and the title and outline of the thesis should be approved.

The Senate, upon the recommendation of the Head or Heads of Department concerned, may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

The following shall apply to the dissertation for Master of Public Health (91.654)
(a) The head of Department shall appoint a supervisor for the candidate.
(b) The dissertation shall embody the results of research undertaken under the direct supervision of the supervisor.
(c) The candidate shall submit the dissertation to the Registrar by the date prescribed in Regulation 7.

Honours

There shall be two classes of Honours; First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

Honours shall be awarded if a candidate completes the requirements of this degree within the limit specified under Regulation 7 and obtains a sufficient standard in the papers and dissertation or thesis; or provided that a candidate who qualifies for an aegrotat or compassionate pass may retain eligibility for Honours by applying:
(i) for an aegrotat or compassionate pass in two papers, or
(ii) to resit all the papers affected, or
(iii) for a pass or passes under (i) and to resit the remaining papers affected under (ii).

Time Limits

(a) The requirements for this degree shall be completed by the end of the second academic year of full-time enrolment, or by the end of the fifth year of part-time enrolment.
(b) Candidates will not be eligible for Honours if the course extends beyond three years whether the enrolment is full-time or part-time provided that in an exceptional case the Senate may, on the recommendation of the Head of Department, grant the candidate:
(i) a time extension of three months, with continued eligibility for Honours.
(ii) a further time extension of nine months, the candidate being no longer eligible for Honours.

Exceptions

The Senate, upon the recommendation of the Head or Heads of Department concerned, may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

No candidate shall submit a thesis for this Degree until at least five years after graduation to the Degree of Bachelor of Medicine and Bachelor of Surgery.

Note: Except as provided in the Admission Regulations, a candidate for the Degree of Doctor of Medicine shall hold the Degree of Bachelor of Medicine and Bachelor of Surgery at the University of Auckland.

Note: Except in special cases, admission ad eundem statum is granted only to medical graduates of other Universities who are members of the academic staff of the University of Auckland, or who are conducting research in a Department of the Faculty of Medicine and Human Biology.

The following shall apply to the dissertation for Master of Public Health (91.654)
(a) The head of Department shall appoint a supervisor for the candidate.
(b) The dissertation shall embody the results of research undertaken under the direct supervision of the supervisor.
(c) The candidate shall submit the dissertation to the Registrar by the date prescribed in Regulation 7.

The following shall apply to the dissertation for Master of Public Health (91.654)
(a) The head of Department shall appoint a supervisor for the candidate.
(b) The dissertation shall embody the results of research undertaken under the direct supervision of the supervisor.
(c) The candidate shall submit the dissertation to the Registrar by the date prescribed in Regulation 7.

THE DEGREE OF DOCTOR OF MEDICINE MD

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations.

General Provisions

1. Except as provided in the Admission Regulations, a candidate for the Degree of Doctor of Medicine shall hold the Degree of Bachelor of Medicine and Bachelor of Surgery at the University of Auckland.

Note: Except in special cases, admission ad eundem statum is granted only to medical graduates of other Universities who are members of the academic staff of the University of Auckland, or who are conducting research in a Department of the Faculty of Medicine and Human Biology.

2. A candidate shall be required to present a thesis (90.70 I) in any branch of medicine or medical science. The thesis shall be specifically written for the purposes and shall embody a critical account of original studies carried out by the candidate which may include previously published work.

3. No candidate shall submit a thesis for this Degree until at least five years after graduation to the Degree of Bachelor of Medicine and Bachelor of Surgery.

Application to be Examined

4. A candidate shall make application in writing to be examined. The application shall be lodged with the Registrar. It shall state the title of the thesis to be examined and be accompanied by an outline of the proposed or actual scope of the work and the methods involved.

5. As soon as reasonably possible, the Faculty of Medicine and Human Biology shall examine the application and shall make its recommendation thereon to the Senate. The Senate shall then determine whether or not the application and the title and outline of the thesis should be approved.

Submission of the Thesis

6. The candidate shall (subject to Regulation 3) be required to submit a thesis by lodging three copies of it with the Registrar within five years of the date on which the Senate approves the title and outline of the thesis (or within such further time as the Senate may permit).

7. The thesis shall be accompanied by a Statutory Declaration which shall:
(i) state the extent to which the thesis is based on the candidate's own work and identify as clearly as possible any parts which are not so based;
(ii) state what portion (if any) of the thesis submitted has been previously presented for a degree or diploma; and
(iii) declare that the thesis in substantially its present form has not been previously accepted for the award of a degree of diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

8. The Senate, upon the recommendation of the Head or Heads of Department concerned, may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

9. These regulations come into force on 1 January 1991.

Note: A Part I may not be offered for 1994. * Starred papers will not be taught in 1994.

Papers other than compulsory papers will not necessarily be offered every year.
Examination of the Thesis
8. On receipt of the thesis, the Senate, on recommendation of the Faculty of Medicine and Human Biology, shall appoint two External Examiners (of whom at least one is resident outside New Zealand) and one Examiner who is a member of the teaching staff of the University of Auckland.
9. The duties of each Examiner shall be:
   (i) to report independently on the quality of the thesis and its value as a significant contribution to learning, and
   (ii) to recommend whether or not the degree should be awarded. Where the recommendation is that the Degree should not be awarded the Examiner may recommend that the candidate be permitted to resubmit the thesis at a later date.
10. The candidate may be required to take an oral or written examination, or both, in the field of knowledge in which the thesis lies.
11. The reports of the Examiners shall be placed before the Senate which shall determine whether or not the Degree should be awarded.

DEGREE COURSE PRESCRIPTIONS

BHB
Course of Study in Human Biology - Part I
Departments of Anatomy, Biochemistry, Molecular Medicine, Chemistry, Immunobiology, Physics, Physiology, Psychiatry and Behavioural Science, Community Health.
60.100, 60.101, 60.102 Biology for Medicine
(Three papers and practical work)
Microbiology, molecular biology and bacterial genetics, human genetics; invertebrates and parasitology; introductory physiology; cells and histology; vertebrates; embryology; palaeoanthropology, evolution; current issues in biology.

60.103, 60.104, 60.105 Physico-Chemistry
(Three papers and practical work)
A study of the structure and properties of matter covering the following areas:
Organic Chemistry (nomenclature, structure, isomerism, functional group reactivity, polymers, lipids, carbohydrates, amino acids, nucleic acids).
Biochemistry (proteins, enzymes, polysaccharides, intermediary metabolism).
Analytical and Physical Chemistry (spectrophotometry, spectrometry, chromatography, radio-chemistry, chemical energetics, solution chemistry, reaction kinetics).
Physics (mechanics, thermodynamics, gases, fluids, surfaces, solids, electromagnetism, oscillations and waves, light and sound, optics, modern physics).
Computing (computers in the medical environment, microcomputer operation, analysis of medical records, computer networks and communications).

60.106 Behavioural Science and Community Health
(One paper and course work)
Behavioural Science is concerned with the scientific study of human behaviour related to health and medicine, with particular emphasis on the individual and group. The aim is to introduce basic concepts focusing on the behaviour of normal adults. Community Health is concerned with the distribution of disease in populations and strategies available for the prevention of disease. Particular attention will be given to the role of cultural and environmental factors.

Course of Study in Human Biology - Part II
Departments of Anatomy, Biochemistry, Physiology, Psychiatry and Behavioural Science.
60.205 Anatomy
(One paper and course work)
The study of tissue organisation, microscopic and gross anatomy of the trunk and its organ systems, limbs and the biology of the blood and immune system.
60.206 Biochemistry
(Two papers and course work)
Extension of subject matter taught in Part I and the Biochemistry of major topics with particular reference to those relevant to Medicine.
60.207 Physiology (Medical) II
(Two papers and course work)
The study of circulatory, respiratory, alimentary and renal function and associated topics.
60.208 Behavioural Science II
(One paper and practical work)
The focus is on individuals and groups at risk for illness, with the main topics being human development across the lifespan, communication skills and health psychology. There is also an introduction to philosophical medical ethics.

Course of Study in Human Biology - Part III
Departments of Anatomy, Biochemistry, Molecular Medicine, Pathology, Physiology, Psychiatry and Behavioural Science, Pharmacology and Clinical Pharmacology.
60.300 Immunobiology
(One paper and practical work)
An introduction to the disciplines of Microbiology, Immunobiology and Haematology and their clinical importance.
60.301 General Pathology
(One paper and course work)
An introduction to the mechanisms of disease.
60.302 Neurolocomotor System
(One paper and practical work)
A study of the head and neck and of the nervous system including the special senses.
60.304 Human Reproduction and Development
(One paper and practical work)
A study of the biology of human reproduction and sexuality; aspects of human genetics, foetal development, growth and ageing; biochemical aspects of endocrinology and nutrition.
60.305, 60.306 Physiology (Medical) III
(Two papers and course work)
Studies of the integrated physiology of human organs systems including their control and the corrections of disturbances.
60.307 Pharmacology
(One paper and course work)
This course covers the absorption, distribution and fate of administered drugs; drug toxicity and abuse; the evaluation of new drugs; and the mechanisms of action of drugs that affect the various homeostatic control systems of the body.
60.308 Behavioural Science III
(One paper and practical work)
The focus is on the patient in care. Major topics are the health psychology, interviewing and counselling, human sexuality, ethics, and aspects of neuropsychology and life span development.

MBCbB
The duration of the course will be three years.
MBCbB (Part I)
(Fourth year of the Medical Course)
Clinical Methods
An introduction to clinical medicine is provided during the first section of the first term. Methods of history taking and physical examination are demonstrated and practised by students. Students are also introduced to the principles underlying the application of laboratory techniques and organ imaging to solving of patients' problems. The disciplines of behavioural science, medicine, surgery, paediatrics, psychiatry, obstetrics and gynaecology, pathology and radiology (organ imaging) contribute to the course. Lectures, symposia, case demonstrations, tutorial teaching, and bedside instruction, all play a part in this section of the course.
Bicultural Health
During a three day visit to a Marae, there will be practical instruction and discussion of the expectations, needs, health practices and cultural values of both Maori and Pacific Island peoples.
Ward Attachments
During the first and second year of the course, there are eight ward
attachments, each of which is of four weeks’ duration. These ward attachments are not combined with whole class teaching, so that each ward experience is uninterrupted. The first four of these ward attachments take place in the first year. During the two years each student rotates through Paediatrics, Obstetrics & Gynaecology, and Psychiatry once each, through Surgery and Medicine twice each and once through a four-week period of Special Clinical Teaching which includes Geriatrics, Family Medicine, Dermatology, Ophthalmology and Radiology.

Campus Teaching
Between ward attachments there are periods of Campus Teaching. During this time the Community Health Programme in Occupational and Environmental Health, Epidemiology and Provision of Health Care is presented. Topic teaching covering Systems of Medicine and principles of Obstetrics & Gynaecology, of Paediatrics and of Geriatrics appropriate to subsequent ward attachments is developed. Subjects appropriate to the topic teaching are covered in Pathology and Clinical Pharmacology programmes.

At the conclusion of the year there is a composite examination consisting of two written papers, and for nominated students only, a clinical/oral (viva) examination.

MBChB (Part II) (Fifth year of the Medical Course)
Ward Attachments
In four ward attachments students complete the series described in Part I.

Campus Teaching
The combined topic teaching in the systems of medicine is completed. A number of symposia on topics not included in the Systems of Medicine are covered. These include Medico-legal aspects of practice, a short course in Ethics, management of head injuries, management of patients with malignant disease, alcoholism, aspects of rehabilitation medicine and topics in Behavioural Science.

Community Health projects, small group teaching in Radiology and half class studies in General Practice take place in the last two terms. At the conclusion of the year, there is a composite examination consisting of six written papers, a clinical/oral and an interdisciplinary objective structured clinical examination.

MBChB (Part III) (Sixth year of the Medical Course)
This is a trainee intern year of 52 weeks divided into four quarters of 12 weeks each and 4 weeks’ holiday. One of these quarters is an ‘Elective’ period when the student may take optional training in specified disciplines of medicine. A list of approved electives is provided from which to choose or students may generate new protocols. The remaining 36 weeks are spent participating, under supervision, in the responsibility for the care of sick people in hospital and in the home.

Assessment, including clinical and oral examinations where appropriate, of the student’s progress will be made at the end of each assignment.

Community Health
The Community Medicine Course covers selected topics in preventive medicine, health education, epidemiology and occupational health. The object is to emphasise the importance of prevention, and to give the student an understanding of the health service and how the various arms of the service, both hospital and community based, interact with the population. In Part II students undertake an investigation of some aspects of community medicine which entails practical experience in dealing with health problems.

General Practice
There are a series of seminars and visits concerning Primary Health Care and General Practice.

In the Trainee Intern Year the students are attached to an approved teaching practice for four or six weeks, during which time they see patients and discuss their management with the general practitioner, attend house visits and take part in a weekly seminar conducted by a member of the Department of General Practice.

Gynaecology and Obstetrics
Gynaecology and Obstetrics will deal with the physiology, endocrinology and pathology of human reproduction and their application to the clinical practice of gynaecological and obstetric medicine. The teaching will emphasise the incorporation of the principles of this subject into total medical practice. The theoretical teaching will be included in whole class Topic Teaching during the first and second years of the course. Practical patient management will be taught during a four-week ward attachment. During the third (Trainee Intern) year, there will be a six-week attachment at National Women’s Hospital, Middlemore Hospital, Waikato Hospital, or other selected base hospital. Within this period is a week of attachment to Neonatal Paediatrics.

Molecular Medicine
Teaching in Molecular Medicine includes the disciplines of Microbiology, Immunology and Haematology. An introduction to microbiology and molecular genetics is taught in the first year and an introduction to concepts in immunology is taught in the second year of the course in Human Biology. In the third year of the course, medical microbiology and haematology, and clinical immunology are taught. These courses provide an integrated basis for the clinical teaching which continues throughout the course for MBChB. During the first year of the course for MBChB, clinical microbiology is taught as part of the principles of pathology, while immunology, haematology and infectious disease teaching is integrated with teaching programmes of other clinical departments.

An elective programme in Molecular Medicine is available for periods of up to three months during the third year of the course for MBChB.

Paediatrics
The undergraduate course in Paediatrics commences with an interdisciplinary child development and family study in the second and third years of the course in Human Biology. Patient-based teaching in Paediatrics is carried out in the hospital and community setting over the three years of the clinical course.

Prevention of disease and the effect of disease on the developing child are emphasised in the departmental contribution to the course of lectures given in the first two years of the clinical course and the organic and psycho-social basis of ill health. At the end of this course of lectures students are examined in their knowledge and comprehension of the principles of Paediatrics. In the third year of the clinical course there is a period of trainee internship in Paediatrics which is mandatory and a term of elective study in the broad field of child health is offered.

Pathology
Teaching in Pathology commences in the third term of the third year of the course in Human Biology, and continues throughout the first, second and third years of the course for MBChB. Subjects under the aegis of Pathology include the Morphological Basis of Disease, Chemical Pathology, and Forensic Medicine. During the first part of the first year of the course for MBChB the principles of pathology are taught on the basis of the teaching in these subjects undertaken during the latter part of the course in Human Biology. During the remainder of the first year, and through the second year, the teaching in pathology is largely integrated with the teaching programmes of other clinical departments.

An elective programme in pathology is available for periods of up to 3 months during the third year of the course.

Psychiatry and Behavioural Science
With a background in normal human behaviour and the neurosciences from the Human Biology course, students will receive instructions during the clinical triennium in psychopathology and in the application of the behavioural sciences to medicine. Psychiatry teaching, focused on the diagnosis and management of patients with psychiatric and psychological disturbance, is incorporated in full-time rotations
combining theory and clinical work in the 4th or 5th and 6th years. The emphasis is on giving students a set of concepts and clinical skills enabling them to recognize psychological and psychiatric disorders in the practice of medicine in all its branches and a sound grasp of psychopharmacology. Behavioural Science teaching takes place in whole class sessions and seminars. It aims to continue at the applied clinical level the themes covered in the first three years as well as to prepare the student to recognize behavioural aspects of medical cases, and be able to plan appropriate behavioural medicine and psychosocial interventions in general medicine.

**Surgery**

Surgical diseases will be taught covering their natural history, pathology, methods of diagnosis (including special investigations such as radiology and clinical biochemistry), and general principles of treatment. Included in the surgical diseases will be those related to eye, ear, nose and throat, the musculo-skeletal system, the genito-urinary system, the nervous system and those related to plastic surgery. The theoretical teaching of these subjects will be done within the Topic Teaching course. Clinical clerks will be required in general surgery and the special divisions of surgery listed above, including the Accident and Emergency Department. Theoretical and practical teaching in anaesthesia will be given.

The examination in surgery will be part of the composite examination at the end of the second year together with assignments during the first and third years.

**MAud**

Students who propose to undertake the MAud Degree should consult the Co-ordinator of the Course in Audiology as early as possible and preferably before the end of the academic year preceding the year of enrolment for the Degree. In consultation with the Co-ordinator of the Course in Audiology, students will select one paper from among those listed as options under Rule 4(a) of the Regulations for the Degree of Master of Audiology. Not all the papers listed may be offered each year and a sufficient number of enrolments will be required in each case. With the approval of the Dean of Medicine and Human Biology, the Dean of Science and the Head of the Department concerned, a Master's paper from among those offered for the Degree of Master of Science may be substituted under Regulation 5 of the Regulations for the Degree of Master of Audiology.

**Audiology**

751.401 Hearing Science
Acoustics; psychoacoustics; anatomy, physiology, neuroanatomy, neurophysiology and pathology of the auditory system; speech perception by the hearing-impaired; signal processing; instrumentation.

751.402 Basic Diagnostic Audiology
Basic audiometric techniques (pure tone audiometry, speech audiometry, impedance audiometry, history taking, non-organic hearing loss); pediatric hearing assessment methods, occupational hearing conservation.

751.403 Basic Clinical Audiology
Hearing disorders; diseases of the ear; speech and language development; aural rehabilitation; counselling; amplification strategies; hearing aid characteristics.

751.411 Advanced Diagnostic Audiology
Evoked response test methods; central auditory perceptual dysfunction; site-of-lesion testing; report writing; case studies.

751.412 Advanced Clinical Audiology
Hearing development in infants and children; deafness in children; genetic aspects of deafness; deafness detection in children; educational audiometry; prescriptive hearing aid fitting methods; cochlear implants.

751.601 Thesis in Audiology
This requires the preparation of a thesis (equivalent to two papers) on a research topic undertaken under the supervision of a staff member and written up for presentation and examination instead of written papers. Before 1 November of the preceding academic year, each candidate shall submit a proposed research topic to the Board of Studies in Audiology for approval by the Dean of Medicine and Human Biology.

**MHSc**

The papers listed under MHSc Regulation 3(b) are as prescribed for MMedSc

**MMedSc**

**Department of Anatomy**

65.401 Neuroanatomy
The organisation of the mammalian nervous system with particular emphasis on the cellular, chemical and connectional anatomy of the sensory and motor systems.

65.405 Special Topic in Anatomy

65.406 Special Topic in Anatomy
Advanced study in selected areas of anatomy usually in fields related to the thesis topic. The special topics will include developmental biology (inclusive of teratology), cell motility and the cytoskeleton.

65.407 Biology of Connective Tissues
The study of connective tissue structure, composition and function with particular emphasis on the role played by mechanical forces in development, maintenance, repair and pathology.

**School of Biological Sciences**

40.405 Advanced Cellular and Molecular Biology for Biomedical Research
Selected examples of biomedical research will be discussed, in which cellular and molecular techniques are applied to advance knowledge of disease processes and aimed at finding cures. Topics will overlap biomedical research themes in Auckland.

66.401 Topics in Biochemistry A
Topics covered relate to the latest developments in areas closely associated with staff research interests.

66.402 Topics in Biochemistry B
Topics covered relate to the latest developments in areas closely associated with staff research interests.

66.403 Essay Topics in Biochemistry
Essay topics are chosen from contemporary research areas in the biomedical and biological areas.

**Department of Community Health**

*91.400 Epidemiology including Biostatistics
The distribution and determinants of health and disease in human populations. Analytical techniques and methods of investigation. Patterns of morbidity and mortality in the New Zealand population. Sources of health data.

*91.401 Social Sciences in Public Health
Key concepts in the social sciences and their application to health issues. Analysis of the relationship between health and society, the welfare state, and salient social, cultural and demographic features of New Zealand.

*91.409 Special Topic in Community Health
Advanced study in selected areas of Community Health usually in fields related to the thesis topic. The selected topics will be in the areas of health economics and health promotion.

**Department of General Practice**

69.400 Special Topic in General Practice

69.401 Special Topic in General Practice
Advanced study in such areas as community research methodology, continuing education methodology, screening for disease and health risks in the community.

**Department of Medicine**

192.400 Cardiovascular Medicine
The course will be based on basic cardiovascular anatomy and physiology with detailed study of the pathophysiology of common cardiovascular conditions and management principles. Specific areas of study will include atherosclerosis, hypertension, coronary artery disease or heart failure.

192.401 Endocrine Medicine
The course involves additional training in endocrinology with a detailed study of homeostatic mechanisms, hormone relationships and mechanisms and measurement of hormone action. A specific research topic will be allocated in the general areas of calcium metabolism, hormone dependent cancer, or thyroid pathophysiology.

Note: Prescriptions for other papers constituting part of the Degree of Master of Audiology may be found in the appropriate sections of the Calendar.
92.402 Gastroenterology and Nutrition
Core content of normal human physiology and pathophysiology of the gastrointestinal tract and of human nutrition. Detailed studies in selected areas tailored for particular students.

Department of Molecular Medicine
98.402 Development of Immunity
The basis of antigen uptake and processing, genes of the major histocompatibility complex, development of thymus-derived lymphocytes and regulation of classes of immune responses.

98.403 Special Topic in Immunobiology
An indepth analysis of the topic in which the student is undertaking thesis research. These topics will be the development of the thymus, the structure and function of cytokines, or the structure and function of molecules belonging to the integrin family.

98.xxx Immunobiology
An intensive analysis of the ontogeny of cells that comprise the immune system, the genes and hormones that regulate differentiation and the processes underlying lymphocyte recognition. Emphasis is given to the molecular mechanisms regulating immunity.

Department of Obstetrics and Gynaecology
47.400 Reproductive Endocrinology
The course will cover various aspects of reproductive endocrinology including: biosynthesis and metabolism of steroidal hormones, regulation of the gonadal function, endocrinology of the menstrual cycle, follicular maturation and ovulation, spermatogenesis, sperm transport in the female reproductive tract and fertilisation, endocrinology of pregnancy and hormonal contraception.

47.401 The Physiology of Pregnancy
Feto-maternal physiology including placental function, maternal adaptation to pregnancy; physiology and consequences for medical practice, endocrinology and physiology of parturition, endocrinology and physiology of lung maturation.

Department of Paediatrics
93.400 Special Topic in Paediatrics
93.401 Special Topic in Paediatrics
Advanced study of specific aspects of paediatrics, usually related to the field of study of the thesis research.

93.405 Biology of Mammalian Growth
The biochemistry and physiology of prenatal and postnatal mammalian growth with a particular emphasis on the role of genetic, endocrine, paracrine and nutritional influences. The paper will include emphasis on growth in ruminant species, the control of carcass growth, fibre growth and lactation, as well as the regulation of growth in non-gastric species (eg. man).

93.406 Perinatal Physiology
Historical introduction, methodology of fetal investigation, fetal oxygenation, placent al physiology, fetal cardiovascular physiology, ontogenesis of sleep, respiratory control, maturation of the lung, maturation of the neuroendocrine axis, control of parturition, uterine function, renal function and fluid balance, regulation of fetal growth.

Department of Pathology
68.403 Cell and Tissue Injury
An indepth consideration of the mechanisms involved in cell and tissue injury, the ways such injury and the response to it become manifest as disease, and a critical evaluation of the various methods used to conduct research in this field.

68.404 Cancer Biology
The course provides an introduction to the basic science of oncology, with particular reference to the molecular and cellular processes underlying cancer treatment.

Topics include DNA and the chemistry of its interaction with reactive anticancer drugs, recognition of DNA by proteins such as topoisomerases and regulatory elements, and the exploitation of these processes by anticancer drugs, oncogenes and other regulatory gene products, tumour growth kinetics and tumour architecture with particular reference to cell killing by radiotherapy and chemotherapy, and the role of host responses in cancer therapy.

68.406 Forensic Pathology
Advanced study of the development of forensic pathology, death and the changes after death, wounds and injuries, hypoxic and related deaths, the forensic autopsy, reconstruction of a crime scene from autopsy findings.

68.407 Musculoskeletal Pathology
Advanced study of the pathology of the musculoskeletal system. Topics will include injury and repair, the pathology of selected conditions and the prevention of musculoskeletal disorders.

Department of Pharmacology and Clinical Pharmacology
96.400 Special Topic in Pharmacology
Advanced study in a specific area, usually related to the field of study of the thesis.

96.402 Special Topic in Clinical Pharmacology
Advanced study in a specific area, usually related to the field of study of the thesis.

96.404 Drug Disposition and Action
Analysis of processes which affect absorption, disposition, metabolism and excretion of drugs. Sites and mechanisms of drug action.

96.406 Cardiovascular Pharmacology
Mechanism of action of drugs on the cardiovascular system; drugs that alter the effects of neurotransmitters, hormones and local hormones on the cardiovascular system; drugs used to treat hypertension, cardiac arrhythmias, angina pectoris, heart failure, circulatory shock and hyperlipoproteinemia; drugs affecting blood coagulation.

Department of Physiology
96.415 Advances in Physiology
96.416 Research Topics in Physiology
Department of Psychiatry and Behavioural Science
94.400 Psychiatry in Medicine
Psychosomatic relations, abnormal illness behaviour, states of chronic pain, and the interaction of medical and psychiatric disorders.

94.401 Neurobiology of Psychiatry Disorders
Neurochemical and electrophysiological aspects of mental disorder, including ischaemia-related neuropathologies.

94.403 Health Psychology
A review of the psychological factors involved in health and illness. Topics include the understanding of patient behaviour in medical settings, preventative health behaviour, psychoneuroimmunology, stress and illness.

94.404 Health Promotion for Individuals, Groups and Communities
Theory and practice of health promotion based on behavioural and community development principles for those who wish to work directly with people. Topics include health promotion philosophy and concepts, programme design, intervention methods and relevant evaluation.

94.405 Health Care Ethics
Theories of health and theories of moral philosophy are combined in order to improve decision-making in ethically difficult situations. Topics include the nature of health, utilitarianism and deontology, autonomy, rationing health care, and health care purpose.

94.406 Developmental Perspectives on Health and Wellbeing
Study of the relationships among aspects of normal development and physical and psychological wellbeing. The focus will be on phases of the lifespan, including fostering of secure relationships in childhood, adolescent development and health, parenting issues, midlife and wellbeing, optimising old age.

94.420 Special Topic in Psychiatry
Advanced study of specific aspects of Psychiatry usually in a field of study of the thesis.
DIPLOMA COURSE REGULATIONS

DIPLOMA IN GYNAECOLOGY AND OBSTETRICS DipG&O

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. A candidate for the Diploma in Gynaecology and Obstetrics shall:
   (a) enrol not later than 1 March for the June examination and 1 September for the December examination, or such later dates as the Senate approves; and
   (b) before sitting for Part 2 of the examination:
      (i) hold a qualifying degree or diploma approved by the Medical Council of New Zealand for four years and be registered in New Zealand or hold equivalent Commonwealth registration for three years, or
      (ii) be a medical diplomat of the Fiji School of Medicine of six years’ standing; and
   (c) hold for at least one year the Diploma of Obstetrics of the University of Auckland or of Otago or of the Royal College of Obstetricians and Gynaecologists; and
   (d) have undertaken at least two years’ training in the speciality of gynaecology and obstetrics in posts approved by the Royal College of Obstetricians and Gynaecologists and submitted to the Royal College of Obstetricians and Gynaecologists for not less than one year of service at the Colonial War Memorial Hospital, Suva, shall count towards the total, and
   (e) prior to his acceptance for Part 2 of the examination, have submitted dissertations on an obstetrical and on a gynaecological subject which has been approved by the Head of the Department.

Notwithstanding anything in this Regulation, the Vice-Chancellor may on the recommendation of Senate relax or modify these conditions.

Examinations
2. The examinations for the Diploma in Gynaecology and Obstetrics shall consist of two papers which may be taken separately or together.
   Part 1 shall consist of a written examination (two papers), 47.101, 47.102 on reproductive biology and basic medical sciences as applied to gynaecology and obstetrics. The Part 1 examination may be taken during the training period specified above in 1 (d).
   Part 2
   (a) Written (two papers), 47.103, 47.104
   (b) Clinical
   (c) Oral
   The examination shall be held at the Postgraduate School of Obstetrics and Gynaecology during June and December.
3. These Regulations shall come into force on 1 January, 1972.

DIPLOMA IN MENTAL HEALTH DipMentH

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

Prerequisites
1. Subject to the Admission Regulations, a candidate for the Diploma in Mental Health shall before enrolment for the Diploma:
   (a) have been admitted to a degree in medicine, nursing or social work, or other relevant degree approved by the Senate, or
   (b) have obtained a relevant professional qualification in clinical psychology, nursing, social work, or occupational therapy approved by the Senate, and have had not less than two years appropriate employment in the health or allied field approved by the Head of the Department of Psychiatry and Behavioural Science.

General Provisions
2. A candidate for the Diploma in Mental Health shall:
   (a) pursue a course of study not less than one academic year of full-time or the equivalent part-time study, and
   (b) undertake a course of study presented under Regulation 3,
Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the

DIPLOMA IN PAEDIATRICS DipPaed

4. Candidates shall apply to sit for the examination not later than 1 February or 1 August for the next succeeding examination.

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which

courses in obstetrics, neonatal paediatrics, family planning and medical gynaecology held by the Department of Obstetrics and

3. The course of study for this Diploma shall consist of:

25.318 Psychiatry and the Law
94.401 Neurobiology of Psychiatric Disorders
194.403 Health Psychology
194.404 Health Promotion for Individuals, Groups and Communities
194.405 Health Care Ethics
194.406 Developmental Perspectives on Health and Wellbeing
194.501 General Forensic Psychiatry
194.503 Developmental and Family Mental Health
*94.504 Psychological Aspects of Medical Practice
194.505 Special Topic in Mental Health
94.506 Comprehensive Rehabilitation of Mental Disorders
94.507 Psychological Intervention Strategies in Mental Health

Note: Papers other than the compulsory paper will not necessarily be offered every year.

No candidate may present for this Diploma a paper which is the same or substantially similar in content to any paper the candidate has

Time Limits

(a) The requirements for this Diploma shall be completed by the end of the second academic year of full-time enrolment, or by the

Papers

3. The course of study for this Diploma shall consist of:

94.407 Clinical Psychiatry

and three papers selected with the approval of the Head of Department of Psychiatry and Behavioural Science from:

Calendar;

Exceptions

5. The Senate upon the recommendation of the Head of Department of Psychiatry and Behavioural Science may in such exceptional

circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

6. These Regulations shall come into force on 1 January 1993.

DIPLOMA IN OBSTETRICS DipObst

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Candidates for the Diploma in Obstetrics shall enrol at the University within the first week of their clinical attachment. (This may change from year to year but would usually be early in the months of March, June, September or December.)

(i) Candidates for admission to the course for the Postgraduate Diploma in Obstetrics must have held a medical qualification for one year before commencing the course and must satisfy the Faculty of Medicine that previous training and experience fit candidates to undertake the course.

(ii) During the course candidates must hold a resident appointment in obstetrics and gynaecology in a hospital recognised for this purpose by Senate.

(iii) Candidates must hold a resident appointment for at least 6 months and be engaged in training for a total time, excluding leave, of a minimum of 1600 hours. This minimum time may include up to 100 hours of formal education and up to 400 hours may be spent in a specific attachment to neonatal paediatrics.

(iv) Candidates will be required to submit a Logbook of their clinical experience.

(v) Auckland. Candidates will be required to enrol with the University of Auckland within the first week of a resident appointment at National Women’s, Middlemore and/or St Helens Hospitals.

(vi) Other Centres. Candidates from other approved centres may be excused the lecture course providing they attend the intensive courses in obstetrics, neonatal paediatrics, family planning and medical gynaecology held by the Department of Obstetrics and Gynaecology prior to the examination.

Notwithstanding anything in this Regulation the Senate may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

Examinations

2. The examinations for the diploma in Obstetrics shall be in three parts:

(a) Written (one three-hour paper - 47.500)
(b) Clinical
(c) Oral or objective structured Clinical Examination.

3. The examinations shall be held in the Department of Obstetrics and Gynaecology twice yearly.

4. Candidates shall apply to sit for the examination not later than 1 February or 1 August for the next succeeding examination.

DIPLOMA IN PAEDIATRICS DipPaed

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Diploma in Paediatrics shall:

(a) Enrol not later than 5 December or such later date as the Senate approves, and enrol on the day as stated in the Enrolment Timetable in the Calendar;
(b) on 31 December following his or her enrolment for this Diploma have held a medical qualification registrable in New Zealand, for one year, or have been a graduate from the Central Medical School of Fiji;
(c) normally sit the examinations in the year following his or her enrolment;
hold or have held a resident appointment in paediatrics for at least six months in a hospital recognised for this purpose by Senate; this time may include up to three months spent in neonatal medicine;

c. complete to the satisfaction of Head of Department any prescribed course requirements before being admitted to the examination; such requirements will include:

(i) satisfactory performance of clinical duties,
(ii) satisfactory participation during the course in community aspects of child care;

(f) be required to submit a logbook of his or her experience in community aspects of child care.

Examinations

2. (1) The examinations for the Diploma shall be:

(a) Written Paper 93.404
(b) Clinical
(c) Oral

(2) The examination for paper 93.404 will consist of a compulsory section and one of two optional sections:

(a) Pacific Paediatrics
(b) General Paediatrics

(3) The examination will be held once a year in the Department of Paediatrics.

(4) The diploma may be awarded with distinction.

Exceptions

3. The Senate, upon the recommendation of the Head of Department of Paediatrics, may, in exceptional circumstances, approve a personal course of study which does not conform to the foregoing Regulations.

4. These Regulations shall come into force on 1 January 1991.

DIPLOMA IN PUBLIC HEALTH DipPH

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

Note: Any student wishing to enrol for this Diploma must consult and obtain the approval of the Dean of Medicine and Human Biology before attending to enrol. This consultation should normally take place prior to 1 October preceding the year of intended enrolment.

Prerequisites

1. Subject to the Admission Regulations, a candidate for the Diploma in Public Health shall before enrolment for the Diploma:

(a) have been admitted to a degree or diploma of a university of New Zealand, or
(b) have obtained a professional qualification acceptable to the Faculty of Medicine and Human Biology, or
(c) have satisfied the Dean of the Faculty of Medicine and Human Biology that previous training and experience qualifies the candidate to undertake the course.

General Provisions

2. A candidate for the Diploma in Public Health shall:

(a) pursue a course of study of not less than one academic year of full-time or the equivalent part-time study, and
(b) undertake a course of study presented under Regulation 3, and
(c) pass separately each of 4 papers approved under Regulation 3.

Papers

3. The course of study for this Diploma shall consist of:

- 91.400 Epidemiology including Biostatistics
- 91.401 Social Sciences in Public Health

and two papers selected with the approval of the Head of Department of Community Health from:

† 91.402 Environmental Health and Health Protection
‡ 91.403 Health Economics
† 91.404 Health Promotion
‡ 91.405 Health Services Management
† 91.406 Special Topic in Public Health

Note: Papers other than compulsory papers will not necessarily be offered every year.

4. No candidate may present for this Diploma a paper which is the same or substantially similar in content to any paper the candidate has already passed for another degree or diploma.

Time Limits

5. (a) The requirements for this Diploma shall be completed by the end of the second academic year of full-time enrolment, or by the end of the fourth academic year of part-time enrolment.

(b) In an exceptional case the Senate may, on the recommendation of the Head of Department of Community Health, grant the candidate a time extension of one year.

Exceptions

6. The Senate, upon the recommendation of the Head of Department of Community Health, may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

7. These Regulations shall come into force on 1 January 1992.

DIPLOMA COURSE PRESCRIPTIONS

DipG&O

Part I

The subjects covered by two papers will include basic sciences such as anatomy, biochemistry, cell biology, embryology, endocrinology, genetics, immunology, medical sociology, microbiology, pathology, pharmacology, physiology and elementary statistics. The examination will deal with those aspects of these subjects which should form part of the general education of any specialist and particularly those aspects which are applicable to obstetrics and gynaecology.

Dissertations

Candidates are advised to discuss the preparation of their dissertations with the Head of the Department at an early stage in their training period. Both obstetric and gynaecological dissertations are designed to give candidates the opportunity to study in detail conditions of their own choice and to express their own views based on personal experience and on a study of the literature. The dissertations should show clear evidence of ability.
to make use of a reference library and of the English language. Socio-medical topics may be particularly suitable for one or other of the dissertations. The dissertations should be accurately typed in good English and simply bound. In general the size of the dissertations should be in the order of 3000-4000 words each and credit will be given for original contributions.

Part 2

Two written papers:

(a) Obstetrics, and such aspects of endocrinology, medicine, neonatal paediatrics and surgery as are relevant to the practice of obstetrics.

(b) Gynaecology, and such aspects of endocrinology, medicine, medical sociology and surgery as are relevant to the practice of gynaecology.

A clinical examination which will include presentation and discussion of obstetric and gynaecological cases.

An oral examination in obstetrics and gynaecology. In this candidates should be prepared to discuss their dissertations, to be examined on applied anatomy, physiology and pathology, and to be shown radiographs, instruments, specimens and histological slides for comment.

DipMentH

94.407 Clinical Psychiatry
This is focused on the more seriously mentally ill and covers concepts of abnormality, theories of aetiology, classification systems, characteristics of major disorders, and treatment methods.

95.318 Psychiatry and the Law
This paper will provide a general introduction to the formal relationship between psychiatry and law with a particular emphasis on the law as it relates to special patients.

194.501 General Forensic Psychiatry
This is concerned with all aspects of psychiatry and psychiatric ethics relevant to the law, dangerousness, public attitudes and policy.

194.502 Developmental and Family Mental Health
This deals with mental health stages, problems and disorders within a developmental context from infancy to old age and within the family, whanau or other support systems.

94.504 Psychosocial Aspects of Mental Practice
This paper deals with mental health relevant to medical practice including hospital, family and community medicine.

194.505 Special Topic in Mental Health
An in depth, individual study of a specific aspect of mental health.

94.506 Comprehensive Rehabilitation of Mental Disorders
This is a study of integrated biomedical and psychosocial strategies employed to enhance the long-term outcome and quality of life of people with mental disorders and their community caregivers. It includes vulnerability-stress theory, needs assessment, biomedical, living skills training, career-based stress assessment, social community interventions, benefit-cost assessment in clinical settings.

94.507 Psychological Intervention Strategies in Mental Health
This paper reviews the theory, practice and outcome of research on psychological interventions in mental health. It considers the benefits of cognitive-behavioural, psychodynamic and systems theory, strategies for specific mental disorders, and outcome assessment in clinical practice.

DipObst

This is a general practitioner qualification and serves to distinguish those general practitioners who have been trained to handle the common abnormalities encountered in obstetric practice. A six months' resident appointment to the staff of a teaching obstetric and gynaecological unit is required before the candidates are allowed to sit the examinations, but see also provision 1 (iii) of the preceding Regulations. Details of such appointments are available on application.

The examinations will include questions on the anatomy, physiology, pathology and management of normal and abnormal pregnancy, labour and puerperium, including the care of the newborn during the first month of life. In addition, the candidates will be required to have a knowledge of the physiology and pathology of medical gynaecology, including abnormal menstruation, amenorrhoea and dysmenorrhoea, endocrine therapy, abortions, infertility and contraception, ectopic pregnancies and moles, vaginal discharges, the diagnostic facets of malignancy, and such minor surgical procedures as may be encountered in a predominantly obstetric practice.

The following are approved Hospitals for the purpose of Regulation 1 (ii):

(1) Auckland: National Women's, Middlemore with or without rotation to St Helens Hospital (2) Christchurch Women's (3) Dunedin (4) Invercargill: Kew Hospital (5) Lower Hutt (6) New Plymouth (7) Palmerston North (8) Rotorua (9) Waikato (10) Wanganui (11) Wellington (12) Whangarei (13) Any other hospital which meets the current criteria for approval during the full tenure of the post. (14) Any hospital recognised by the Royal College of Obstetricians and Gynaecologists or the Royal Australasian College of Obstetricians and Gynaecologists.

The approval of hospitals will be recognised on criteria of:

(i) Specialist and registrar staff in obstetrics, gynaecology and neonatal paediatrics.

(ii) The number of normal and abnormal patients attending the hospital clinics.

(iii) The provision of graduate teaching in antenatal, postnatal and gynaecological clinics, wards and delivery rooms, including teaching in neonatal paediatrics and family planning. The post must be a continuous one of six months or more if under Regulation 1 (iii).

DipPaed

The Diploma in Paediatrics is a qualification which serves to recognise medical practitioners who have been trained in Paediatrics and to manage the common paediatric abnormalities. The optional component of this course allows this diploma to be applicable to two groups of medical practitioners: (a) practitioners whose primary responsibility will be focused on Polynesian children: particularly those in remote or medically developing areas and (b) practitioners who are likely to have a predominantly paediatric practice.

The examinations shall include questions on genetic and antenatal factors in development; neonatal paediatrics; assessment of growth and development, hygiene, nutrition and immunization; the diagnosis, treatment and long term management of problems arising from the child's physical, intellectual, emotional, and social needs; epidemiology of childhood disease; cultural factors and child health; general and preventive paediatrics, management of common disorders of childhood, and the practical working of the statutory and voluntary services available in New Zealand for the care of children.

The following are approved Hospitals for the purpose of Regulation 1 (d):

The approval of hospitals will be recognised on criteria of:

(i) Specialist and registrar staff in general and neonatal paediatrics.

(ii) The number of normal and abnormal patients attending the hospital clinics.

(iii) The provision of graduate teaching in clinics and paediatric wards.
FURTHER INFORMATION

HIGHER ACADEMIC TRAINING IN OBSTETRICS AND GYNAECOLOGY

(i) Membership of the Royal College of Obstetricians and Gynaecologists, the New Zealand College of Obstetricians and Gynaecologists, and the Royal Australian College of Obstetricians and Gynaecologists.

Resident posts providing specialist training suitable for the Membership examination are available at the National Women’s and associated hospitals. A formal teaching programme for both Part I and Part II examinations is provided for residents. Elective time posts in neonatal paediatrics, anaesthesia and pathology can also be arranged.

(ii) MSc or PhD Degrees

Research appointments are available at the National Women’s Hospital and afford the opportunity of preparing for the MSc and PhD Degrees of the University of Auckland.

Applications will be welcome from scientists and medical graduates who wish to carry out research in biochemistry, endocrinology, or the scientific background of obstetrics, gynaecology, and neonatal paediatrics.

REFRESHER TRAINING FOR FAMILY DOCTORS AND SPECIALISTS

(i) Practitioners with interests in the fields covered at the School may attend for periods of up to four weeks as visiting postgraduates.

During the time they are attending the Postgraduate School attachments to the Auckland Area Health Board as Honorary Medical Officers can be made in order to facilitate the performance of practical procedures. Visitors may attend teaching sessions as well as gain practical experience tailored to their needs.

(ii) Short courses usually of a week’s duration are held at regular intervals. In addition to teaching at Diploma level advanced courses are provided.

(iii) Departmental staff are available to participate in courses throughout New Zealand by arrangement with the Head of the Department.

THE POSTGRADUATE MEDICAL COMMITTEE

The Postgraduate Medical Committee, chaired by the Associate Dean of Postgraduate Affairs in Medicine, accepts responsibility for the organisation and supervision of both graduate vocational training and continuing medical education for doctors in the Auckland region.

The activities of the Committee are linked with the School of Medicine and with the hospitals under the control of the Auckland Hospital Board. Vocational training courses are run in each major discipline under the general supervision of Speciality Advisory Sub-Committees made up of practising members of the disciplines concerned including members of the academic staff. In the case of Family Medicine the programme is run under the aegis of the Royal New Zealand College of General Practitioners.

The Committee arranges in addition a wide range of courses and meetings throughout the academic year in the field of continuing medical education in all disciplines. Visits by overseas medical speakers in both the School of Medicine and the associated teaching hospitals are also arranged through the Postgraduate Office in the School under the general co-ordination of the Postgraduate Committee. A monthly bulletin of postgraduate and continuing educational activities, This Month, is also circulated to all doctors in the Auckland region.

Within the Postgraduate Office in the School of Medicine there is a separate section dealing with continuing education in family medicine under the supervision of the Goodfellow Director of Continuing Medical Education in General Practice. The Goodfellow Director is ex officio a member of the Committee, and is responsible for the whole range of educational programmes arranged in the field of general practice, and also the administration of a special educational resource service for general practitioners based on the Philson Library of the School of Medicine.

The members of the Postgraduate Committee are the Chairperson, the Associate Dean of Postgraduate Affairs in Medicine, Dr C.H. Maclaurin; the Deputy Chairperson, Dr P.M. Barham; the Honorary Treasurer, Associate-Professor J.G. Richards; Dr K. Bannister; Dr J. Birbeck; Dr J.G. Buchanan; Dr H. Doerr; Dr S.W. Heap; Dr R. McIlroy; Dr P. Patten; Dr. R. Varcoe; Dr P. Tan.

GENERAL INFORMATION

FACULTY OF MUSIC

Undergraduate courses offered within the School of Music comprise a 3-year general degree with opportunities for emphases in Composition, Musicology or Performance or a 4-year degree with a 'major' in Composition, Musicology or Performance and a diploma in Performance.

Bachelor of Music (BMus)
This is a 3-year course which includes a broad study of music.

Bachelor of Music (Honours) BMus (Hons)
Suitably qualified students may on application towards the end of the year preceding, continue an advanced course of study for one year leading to the Degree of Bachelor of Music (Honours) - BMus(Hons). Students are expected to specialise in one of the options listed.

Diploma in Music (DipMus)
The course for the Diploma extends over 3 years and entry may be made on the basis of special merit in Performance. DipMus students may, in approved cases, enrol for the one year course for DipMus(Hons).

In addition to these courses within the Faculty of Music, Music is offered as a subject for the BA. See the appropriate section in the BA regulations.

Postgraduate Degrees
Graduates holding the Degree of BMus (Hons) may in approved cases be accepted for a further year of study leading to the Degree of MMus.

Following the Degree of BMus, students may be accepted for a two year Degree of Master of Music (MMus) which can be taken in the area of Composition, or Performance, or Musicology. Students who are BA graduates may elect to follow a course in Musicology for a Master of Arts (MA) or a course in either Composition or Performance for the Degree of Master of Philosophy (MPhil).

Details of other postgraduate degrees (DMus and PhD) appear in the appropriate sections of this Calendar.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF MUSIC BMus

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Bachelor of Music shall before enrolling for this Degree satisfy the Head of the Department of Music that a suitable standard in music has been attained.

2. A candidate shall:
(a) follow a course of study of not less than three years, and
(b) follow a course of study continuously except where and in so far as the Head of Department permits otherwise.

Course Entrance
3. (a) A candidate for entrance to the course of study for the Degree shall give notice in writing on the prescribed forms by the date specified in this Calendar.
(b) For Performance, which requires an audition for entry, the audition application form must be received by the Registrar not later than 30 June of the year immediately preceding that in which the candidate wishes to enrol.

Course Requirements
4. (a) The course of study for this Degree shall consist of twenty-one papers selected from those listed in the Schedule to these Regulations.
(b) Every course of study shall include
(ii) At least three Stage III papers selected from the Schedule to these Regulations including one of the following alternatives: 28.310, or 28.320, or 28.301, one of 28.303-308, and one other Stage III Music paper.
(c) Up to four non-music papers from the Schedule for the Degree of Bachelor of Arts may be included.

Application of Regulations and Transitional Provisions

7. A candidate shall participate in approved choral or instrumental work within the University during enrollment for this Degree, to the satisfaction of the Head of the Department of Music.

Special Provision

8. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

Credit for Other Qualifications

9. (a) A candidate who has gained any recognised qualification in Music from a non-University Tertiary Institution in New Zealand may with the approval of the Senate be credited with up to three specified or unspecified BMus papers for a two-year qualification or up to six specified or unspecified BMus papers for a three-year qualification.

(b) A candidate who has successfully completed a course at a Teachers College under the control of the Auckland Teachers College Council, or (from 1986) at the Auckland College of Education, may be granted credits towards this Degree as provided by Regulation 11 of the Enrolment and Course Regulations (General).

Application of Regulations and Transitional Provisions

10. (a) Except as otherwise provided in this Regulation, the course of study of every candidate shall be governed by these Regulations.

(b) A candidate who has gained credit in any unit or units or was entitled to exemptions under any of the former Regulations for this Degree shall be credited with such equivalent paper or papers as the Senate may determine.

(c) For candidates who enrolled for this Degree before 1976 the subject prerequisites, corequisites, and restrictions, where not covered by these Regulations, shall be determined by the Head of Department of Music.

Commencement

11. These Regulations shall come into force on 1 January 1993.

Schedule

1. This Schedule sets out paper numbers, subjects, prerequisites, corequisites, restrictions, and other conditions applying to courses of study for the Degree of Bachelor of Music.

2. This Schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.

3. The heading 'prerequisites' in relation to a paper refers to other papers which must be passed before the candidate may take that paper.

4. The heading 'corequisites' in relation to a paper refers to other papers to which credit may be taken concurrently with that paper or have been passed in a previous year.

5. The heading 'restrictions' in relation to a paper refers to a paper which cannot be taken in addition to that paper.

6. Except as provided elsewhere in these Regulations or in this Schedule, a candidate may not enrol for any paper until all prerequisite and corequisite requirements and other requirements listed in the Schedule are satisfied.

THE DEGREE OF BACHELOR OF MUSIC (PERFORMANCE) BMus(Perf)

All Degree courses in Performance are now grouped under the Degrees of BMus or BMus(Hons), accordingly. The Degree of Bachelor of Music (Performance) will be discontinued from the end of the 1995 academic year. Candidates who enrolled in this Degree prior to 1993 may continue their course of study under the Regulations for the Degree as published in the 1992 Calendar.

THE DEGREE OF BACHELOR OF MUSIC (HONOURS) BMus(Hons)

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

General Provisions
1. Except as provided in the Admission Regulations a candidate for the Degree of Bachelor of Music (Honours) shall follow a course of study of four years, the first three of these being as for the Degree of Bachelor of Music.
2. The Degree may be awarded in each of the following options: Composition, Musicology and Performance.
3. Admission to the course of study for the Degree of Bachelor of Music (Honours) shall be at the discretion of the Senate and shall be considered towards the end of the third year after matriculation.
4. No candidate may be awarded the Degree of Bachelor of Music (Honours) if he or she has previously been awarded the Degree of Bachelor of Music of this University.
5. Every candidate for the Degree of Bachelor of Music (Honours) shall be enrolled for a course of study approved by the Head of Department of Music comprising four papers selected from those listed in the Schedule.
6. A candidate for this Degree may
   (a) with the permission of the Head of the Department and the approval of Senate, substitute one paper in another subject at Stage IV.
   (b) include one Stage III paper in Music.

Classes of Honours
7. The Degree of Bachelor of Music (Honours) may be awarded with First Class or Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division. The class of honours shall be determined primarily on the performance of the candidate in his or her final year but account may be taken of his or her work throughout the course of study.
8. The Senate may determine in respect of any candidate who fails to qualify for the Degree that he or she be awarded the Degree of Bachelor of Music or be credited with papers towards that Degree or be credited with the Degree of Bachelor of Music together with appropriate credits towards the Degree of Master of Music.
9. The Senate may, in such exceptional cases as it thinks fit, approve a course of study which does not conform to these Regulations.

Commencement
10. These Regulations shall come into force on 1 January 1993.

SCHEDULE
1. Composition
   Prerequisites: 28.301, 28.310
   Requirements: 28.410 and at least one of 28.409, 28.415 and 28.416
   The other papers shall be selected from 28.400, 28.401, 28.402, 28.604 and the list above.
2. Musicology
   Prerequisites: 28.301; at least three of 28.203-208/28.303-308 and 28.323 and at least two non-music papers from the Schedule for the Degree of Bachelor of Arts. Candidates will normally be required to satisfy the Head of Department of their ability to read an approved language other than English.
   The other papers shall be selected from 28.400, 28.401, 28.402, 28.419 and the list above.
3. Performance
   Prerequisite: 28.320
   Requirements: 28.424 (two paper value) and at least one of 28.419 and 28.430.
   The other paper shall be selected from 28.400, 28.401, 28.402, 28.406, 28.409, 28.604 and the list above.

THE DEGREE OF BACHELOR OF MUSIC (PERFORMANCE) (HONOURS) BMus(Perf)(Hons)

The Degree of Bachelor of Music (Performance) (Honours) will be discontinued from the end of the 1996 academic year. Candidates who enrolled in the Degree of Bachelor of Music (Performance) prior to 1993 may enrol for the Degree of Bachelor of Music (Performance) (Honours) under the Regulations for this Degree as published in the 1992 Calendar.

THE DEGREE OF MASTER OF MUSIC MMus

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Degree of Master of Music shall before enrolling for this Degree:
   (a) have been admitted to the Degree of Bachelor of Music (Honours). Candidates who have been admitted to the Degree of Bachelor of Music are referred to Regulation 6.
   (b) have been accepted by the Board of teaching members of the School of Music for study for the Degree of Master of Music, at an interview held in November prior to first enrolment for the Degree of Master of Music.
2. A candidate for the degree shall follow a full time course of study for at least one year and shall be examined in one of the following options:
   (a) Composition 28.610 (three paper value)
   (b) Musicology 28.601 (three paper value)
   (c) Performance 28.620 (three paper value)

Composition
3. (a) A portfolio of compositions shall be prepared under the supervision of a University teacher.
   (b) Two copies of the portfolio together with a certificate from the supervisor stating that the work was carried out by the candidate under supervision shall be submitted to the Registrar by 1 November in the year in which it is to be presented, or at a subsequent date if so arranged with the Head of the Department.

Musicology
4. (a) A candidate shall present a thesis which shall embody the results obtained by the candidate in an investigation relating to some branch of Music.
   (b) Two bound copies of the thesis shall be submitted to the Registrar by 1 November of the year in which it is to be presented or at a subsequent date if so arranged with the Head of the Department.

Note: An abstract is to be submitted with each copy of the thesis, see Examination Regulation 16.

Performance
5. (a) A candidate shall present a concert recital of one to one and a half hour's duration, the programme to be approved by the Head of the Department. The candidate shall submit the proposed programme to the Head of the Department for approval not later than the end of the second term.
   (b) The recital shall be restricted to ONE of the following:
      (i) an approved orchestral instrument
      (ii) the pianoforte
      (iii) the organ and/or harpsichord
      (iv) any other instrument approved by the Head of the Department
      (v) singing.

6. In exceptional circumstances a candidate who has been admitted to the degree of Bachelor of Music may follow a full time course of study for a minimum of two years. Such candidates will be expected to show a high level of achievement in their major subject area in Stage III and they will be subject to selection as stated in Regulation 1(b).

7. A candidate pursuing this degree under Regulation 6 will be required to take four papers as listed in the schedule for the Degree of Bachelor of Music with Honours in the first year of full time study and the composition portfolio, thesis or recital in the second year of full time study as for Regulations 3 to 5.

Class of Pass
8. The Degree may be awarded with Distinction if a standard equivalent to first class honours has been achieved
9. A candidate undertaking this degree under Regulation 6 will be eligible for the award of Honours.
   (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.
   (b) Honours shall not be awarded if the papers in the first year in which the candidate sits an examination for the Degree are unsatisfactory or if the Composition or Performance or Thesis at its first presentation is unsatisfactory; provided, however, that a candidate whose performance at an examination has been seriously impaired by illness or injury or exceptional circumstances beyond his or her control (certified under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to be re-examined so that he or she shall be eligible for the award of Honours subject to the provisions of sub-clause (c) of this Regulation.
   (c) A candidate shall be eligible for the award of Honours only if he or she completes the requirements for Honours within three years of the first enrolment for this Degree, provided that this period may in exceptional cases be extended by the Senate.

Special Provision
10. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

Commencement
11. These Regulations shall come into force on 1 January 1993.
6. Having completed the initial two years of full-time study, a candidate may apply to the Senate for permission to continue as a part-time candidate.

7. The Supervisor shall submit to the Senate, through the Head of Department, a brief report on the progress of the candidate at the end of each year. A candidate's registration may be terminated by the Senate if an unfavourable report is received.

8. Having complied with the conditions of the foregoing Regulations, a candidate shall, within five years from the date of registration (or such further time as the Senate may permit), apply to the Registrar to be examined for the Degree.

9. (a) A candidate shall submit for examination original and substantial work, consisting of not more than three pieces, each of which may be within any of the following classes:
   (i) orchestral work
   (ii) opera
   (iii) work using vocal keyboard or ensemble resources
   (iv) presentation of Music Theatre
   (v) electronic music.
   (b) Electronic resources may be included in work within classes (i), (ii), (iii) or (iv) in paragraph (a) of this Regulation.

10. No work shall be considered for the Degree if the work, or a major part of it, has previously formed the basis of an award of any degree or diploma in this or any other University.

11. The application to be examined shall be in writing and (accompanied by the fees prescribed in the Fees Regulations) shall be lodged with the Registrar together with:
   (a) three copies of the work or works to be examined
   (b) a statutory declaration which shall:
      (i) state the extent to which the work is the candidate’s own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and
      (ii) state what portion (if any) of the work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and
      (iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

12. (a) After having accepted the candidate’s application to be examined, the Senate shall, upon the recommendation of the Head of Department, appoint as Examiners:
   (i) the Supervisor or Supervisors
   (ii) one person who shall be a member of staff of another University within New Zealand, and
   (iii) one person who shall be resident outside New Zealand.
   (b) The Senate may, on the recommendation of the Head of Department, appoint a further Examiner and in exceptional circumstances two further Examiners.

13. (a) A copy of the work shall be submitted to each Examiner who shall:
   (i) report independently to the Senate on the quality of the work;
   (ii) recommend to the Senate whether or not the Degree should be awarded.
   (b) Where the recommendation is that the Degree should not be awarded, the Examiner may recommend that the candidate be permitted to resubmit the work at a later date. A resubmission shall be accompanied by a further full examination fee.

14. A candidate who has held the qualifying degree for not less than five years may, in exceptional circumstances, be permitted by the Senate to proceed direct (without complying with Regulations 3 to 8) to examination as prescribed in Regulations 9, 10 and 11.

15. (a) In the case of a candidate who qualifies for examination under the conditions of Regulation 14 above, the Senate shall, as soon as possible after the application has been lodged, appoint a Moderator who shall:
   (i) consider the work and submit through the Registrar a preliminary report, which shall indicate whether, in his or her opinion, the examination should proceed or whether the candidate should be advised to withdraw the application; and
   (ii) state the names of not fewer than two persons recommended as suitable Examiners.
   (b) If the Moderator recommends that the candidate should be advised to withdraw the application, the candidate shall be notified of the recommendation by the Registrar and in any such case the candidate may:
      (i) withdraw the application, being then entitled to a refund of one half of the fees paid under the provisions of Regulation 11 of these Regulations; or
      (ii) elect to proceed with examination.

16. In the case of a candidate who qualifies for examination under the conditions of Regulation 14 above, and for whom the examination is to proceed:
   (a) without being restricted in choice to the persons recommended under Regulation 15 (a) (ii), the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside of New Zealand, and may at its discretion appoint an additional Examiner who may be a member of the teaching staff of the University of Auckland.
   (b) The contents of the Moderator’s report shall not be communicated to the Examiners.
   (c) The examination shall proceed as prescribed under Regulations 17, 18 and 19.

17. The duties of each Examiner shall be:
   (a) to report independently on the quality of the work and its value as a significant contribution to learning; and
   (b) to recommend whether or not the degree should be awarded, provided that where the recommendation is that the Degree should not be awarded, the examiner may recommend that the candidate be permitted to re-submit the work with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.

18. The reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

19. The Moderator shall consider the reports of the Examiners and prepare a final report based upon them which, together with the reports of the Examiners, shall be placed before the Senate and the Senate shall determine whether or not the Degree shall be awarded.

20. Where only two Examiners have been appointed and their recommendations are conflicting, the Moderator or (in the case of examination under Regulations 12 and 13) the Head of Department shall submit to the Senate the name of a further person qualified to act as an Examiner; and the Senate shall then appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 13, or in the case of a candidate who qualifies for examination under the conditions of Regulation 14 above, Regulation 17, which shall be considered by the Senate together with the other reports.
Revocation
21. (i) The course of every candidate shall be governed by these Regulations.
(ii) The Regulations governing the Degree of Doctor of Music last published in the University of Auckland Calendar for 1985 are revoked.
(iii) These Regulations shall come into force on 1 January 1986.

DEGREE COURSE PRESCRIPTIONS

BMus
Restrictions on Entry to Courses
1. Before enrolling for this Degree, a candidate who has little evidence of musical background is required to satisfy the Head of Department of Music that an appropriate standard has been reached. For this purpose short interviews will be held in late January of the year for which preparatory application has been made.
2. A maximum of 60 first-year places will be available in the School of Music. Of this number a maximum of 35 places will be offered to Performance students, the remainder being available for BMus and BA (intending to advance in Music). Restriction will be based on previous Music Examinations and/or interview.
3. For the following papers, restrictions will be based on results in Stage I Music papers, and evidence of basic skills in the subject:

<table>
<thead>
<tr>

28.100 Harmony and Counterpoint
Renaissance polyphony in 2 and 3 parts, and 17th-Century hymnody and simple 4-part chorales. As this is all vocal music, sight-singing skills are also taught.
28.101 Musicianship and Materials of Music
The development of musical response by means of aural perception and keyboard skills in conjunction with a study of the elements of music.
28.103 Music in Society
A survey of various aspects of Western music, setting them in the context of social and cultural change. General themes are illustrated by specific case studies, and by reference to non-Western music cultures.
28.106 History of Jazz
A study of the development of Jazz from 1900. In addition to the general and regional study of the growth of the music, there will also be some concentration on particular styles, performers and performances.
28.110 Composition
Creativity and craftsmanship in free composition are studied with some analysis of significant 20th-Century works and exercises in important 20th-Century techniques.
28.113 Acoustics for Musicians
The fundamental principles of oscillations and wave propagation; stationary waves; resonance; loudness; pitch; tone quality; intervals and scales; the principles of operation of stringed, woodwind, brass and other instruments; and the acoustics of rooms.
28.114 Introduction to Ethnomusicology
Historical development of ethnomusicology; music in world society; music as human behaviour; elementary structural analysis; introduction to music styles from selected areas.
bIBLIOGRAPHY RESEARCH TOOLS, SURVEY OF STANDARD REFERENCE WORKS, SPECIFIC AREAS OF DEBATE IN THE SUBJECT, AND HISTORICAL PROJECTS IN SELECTED AREAS.

28.230 Chamber Music
A practical paper in the playing of Chamber Music or other Ensemble work, combined with a special study of certain aspects of the history of chamber music or the development of ensemble techniques. This course is additional to the normal ensemble requirements expected of students in the Performance course, and it presumes a high standard of entry. It will not always be possible to accommodate in any one year every group which applies.

28.231 Second Instrument Study
Continuation of the work undertaken in the paper 28.131.

28.250 Languages for Singers 2
More advanced work in languages as required by singers. Some study of a language other than Italian, French or German may be included.

28.301 Analysis
The study and analysis at advanced level of melodic, harmonic, rhythmic, structural and other compositional elements through the examination of a wide range of music from plainsong and early polyphony to the present.

28.302 Harmony and Counterpoint
Exercises and analysis of harmonic and contrapuntal techniques based on nineteenth and early Twentieth Century practices.

As for papers 28.203-208 respectively, but taken and examined at Stage III level.

28.310 Composition
(Counts as three papers)
Continuing study of composition with emphasis on structure and composing for varied resources. Study of major 20th-Century composers and their methods.

28.312 Ethnomusicology: Music of Oceania and Asia
Maori music and music styles of Polynesia, Melanesia and Micronesia and Aboriginal Australia. Classical and popular musics of India.

28.316 Studies in Contemporary Electronic Music
Advanced studio techniques; methods of analog synthesis, FM synthesis, sampling, use of microcomputers for data storage, MIDI and synchronisation. Aesthetics of electronic music, study of selected examples from past and contemporary sources, especially NZ studios.

28.318 Conducting
Elements of baton technique, rehearsal planning management, and advanced score preparation.

28.319 Organology
The study of instruments, their taxonomy, evolution and context.

28.322 Special Topic
To be announced

28.323 Musicology
Continuation of work begun in 28.223. Work with primary sources, and related bibliographical and reference tools, editing, individual research projects.

28.324 Special Topic
To be announced.

28.330 Chamber Music
Advanced work in the field of chamber music and ensemble playing.

28.331 Second Instrument Study
Continuation of the work undertaken in the papers 28.131 and 28.231.

28.400 Special Topic
Candidates will have opportunity to deal with aspects of music not covered by other papers.

28.401 Special Topic
Candidates will have opportunity to deal with aspects of music not covered by other papers.

28.402 Approaches to Music Aesthetics
A general outline of music aesthetics, including attitudes towards music in non-Western societies, and a survey of major writings on music aesthetics from Classical times to the Twentieth Century.

28.406 Studies in Music Notation
Detailed study of mensural notation of the Fourteenth to Sixteenth Centuries, late and keyboard tablatures. Basic problems of notation, transcription and editing.

28.409 Advanced Analysis
The extension of analytical techniques to more complex works, and the study of analytical theories with particular attention to those of Schenker.

28.410 Composition
Composing for a wide variety of media, voices, instruments, electronic resources.

28.414 Ethnomusicology
Field method, transcription and analysis; study of selected scholars.

28.415 Advanced Orchestration
Orchestration and instrumentation in the 20th-century, including contemporary instrumental and vocal techniques.

28.416 Electronic Music
Composing for a wide variety of media, voices, instruments, electronic resources.

28.417 Electronic Music
Composing for a wide variety of media, voices, instruments, electronic resources.

28.419 Studies in Performance Practice
Selected topics for discussion and investigation from the field of Performance Practice. The study of source materials; individual projects; performance of music from the area(s) studied.

28.423 Seminar in Musicology
Musicology method; bibliographical studies; selected problems for discussion and investigation.

28.425 Chamber Music
More advanced work in the field of chamber music and ensemble playing, with particular attention to the literature of the Sonata.

28.424 Performance
Performance work as under the Regulations for the Degree of Bachelor of Music (Performance) with Honours.

28.461 Thesis
(See also under Degree Regulations, MMus)
(Three paper value)
An investigation into some branch or area of music, under the guidance of a supervisor and embodying some elements of research.

28.601 Dissertation
(One paper value)
Investigation of an approved topic.

28.610 Composition
(See also under Degree Regulations, MMus)
(Three paper value)
The preparation and presentation of one or more original compositions, under the guidance of a supervisor.

28.620 Recital
(See also under Degree Regulations, MMus)
(Three paper value)
The preparation for and presentation of a public performance of a well balanced recital programme.

Note: The availability of these papers will depend on numbers of students and their choice.

BMus(Hons) and MMus
Restriction on Entry to Course
1. Interview by Board of teaching members of Music Faculty; and
2. Performance where applicable.

Note: The availability of these papers will depend on numbers of students and their choice.
DIPLOMA COURSE REGULATIONS

DIPLOMA IN MUSIC DipMus

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Diploma in Music shall:
   (a) before enrolling for the Diploma satisfy the Head of the Department of Music that a suitable standard in music including performance has been attained.
2. A candidate shall:
   (a) follow a course of full-time study of not less than three years, and
   (b) follow a course of study continuously, except where and in so far as the Head of the Department permits otherwise.

Course Entrance
3. A candidate for entrance to the course of study for this Diploma shall give notice in writing on the prescribed form to the Registrar not later than 30 June immediately preceding the year in which the candidate wishes to enrol.

Special Admission
4. A candidate who has not been granted the university entrance qualification but has been selected for a place in the course, shall be eligible to apply for Admission under the Special Admission Regulations if he or she has passed the School Certificate Examination, and has attained the age of sixteen years by 31 December in the year preceding that in which he or she intends to enrol.

Course Requirements
5. The course of study for the Diploma shall consist of not fewer than eighteen papers selected from those listed in the Schedule to these Regulations. Papers are listed in three stages - I, II and III.
6. Except with the permission of the Senate no candidate shall take in any one year more than eight papers for this Diploma.
7. A candidate with previous knowledge in Aural Training or Harmony may be required by the Head of the Department of Music to
8. For Performance 28.120, 28.220, 28.325 a candidate shall:
   (a) carry out Performance work and
   (b) attend all classes in individual training and such classes in ensemble training, including orchestral rehearsals, as may be required, and
   (c) pass a Performance examination, with a grade of C or better in the case of 28.120 and 28.220, in any one of the following subjects:
      Flute French Horn Violin Piano Recorder
      Oboe Trumpet Viola Harpsichord Percussion
      Clarinet Trombone Cello Organ Harp
      Bassoon Tuba Double Bass Singing Guitar
      Saxophone Baroque Flute Jazz Studies
      Saxophone Baroque Flute Jazz Studies
      Note: Not all of these subjects may be available in any one calendar year. The School of Music Handbook gives further details.
      (d) if presenting Singing for this Diploma attend such language courses and do such language work as the Head of the Department of Music may require.
      (e) Organ students will also receive tuition in harpsichord. A student studying harpsichord may elect to include studies in classical organ, its technique and repertoire, as part of the course.
9. It shall be a condition of a candidate's being permitted to pursue or continue this course of study that he or she:
   (a) shall not undertake any musical work, including musical competitions and examinations, outside the course without the consent of the Head of the Department of Music.
   (b) shall participate in approved choral or instrumental work within the University during enrolment for this Diploma, to the satisfaction of the Head of the Department of Music; and
   (c) shall not enrol for any other course of study without the leave of the Head of the Department of Music.
10. (a) Except as otherwise provided the course of study of every candidate shall be governed by these Regulations.
    (b) A candidate who has gained a credit for any subject under any former Regulations under the Diploma in Music shall be credited with such equivalent paper or papers as the Senate may determine.

Special Provision
11. The Senate may in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

Credit for Other Qualifications
12. A candidate who has gained any recognised qualification in Music from a non-University Tertiary Institution in New Zealand may with the approval of the Senate be credited with up to three papers for a two-year qualification and up to six papers for a three-year qualification.

Commencement
13. These Regulations shall come into force on 1 January, 1993.

Schedule
1. This Schedule shall be read with the Regulations for the Diploma and with the Prescriptions set out elsewhere in the Calendar.
2. Except as provided elsewhere in these Regulations or in this Schedule, a candidate may not enrol in any paper unless the prerequisite and corequisite requirements as listed in the Schedule for the Degree of Bachelor of Music are satisfied.
3. The papers prescribed for this Diploma are:
STAGE I
Group A
28.103 Music in Society
28.105 Basic Musical Techniques
28.120 Performance (three paper value)
One paper from BMus schedule

STAGE II
Group A
28.100 Harmony and Counterpoint
28.101 Musicianship and Materials of Music
28.120 Performance (three paper value)

Group B
28.100 Harmony and Counterpoint
28.101 Musicianship and Materials of Music
28.103 Music in Society
28.120 Performance (three paper value)

One paper from BMus schedule

STAGE III
Group A
28.201 Musicianship, Materials and Analysis
28.325 Performance (four paper value)
One paper from BMus schedule

Group B
28.325 Performance (four paper value)
Two papers from BMus schedule

DIPLOMA IN MUSIC (HONOURS) DipMus(Hons)

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Diploma in Music with Honours shall:
   (a) before enrolling for this Diploma
      (i) have been awarded or qualified for the award of the Diploma in Music, and
      (ii) have satisfied the Senate that in the work presented for the Diploma in Music he or she has attained a high standard, and
   (b) have been accepted by the Board of teaching members of the School of Music at an interview held in the November prior to first enrolment for the Diploma in Music with Honours.
   (c) follow a course of full-time study of not less than one year.

Course Requirements
2. The course of full-time study for this Diploma shall consist of:
   28.425 Performance (four paper value)
   and any two papers listed in the schedule for the Bachelor of Music but not previously taken.

3. For Performance 28.425 a candidate shall:
   (a) carry out performance work (including the giving of class demonstrations), and
   (b) attend all classes in individual training and such classes in ensemble training, including orchestral rehearsals, as may be required, and
   (c) pass a performance examination in any one of the following subjects:

   Flute          French Horn          Violin
   Oboe          Trumpet               Viola
   Clarinet      Trombone             Cello
   Bassoon       Tuba                 Double Bass
   Saxophone     Jazz Studies         Baroque Flute

   Piano         Harpsichord         Organ
   Recorder      Percussion           Harp
   Percussion    Guitar

Note: Not all of these subjects may be available in any one calendar year. The School of Music Handbook gives further details.

4. It shall be a condition of a candidate’s being permitted to pursue this course of study that he or she:
   (a) shall not undertake any musical work, including musical competitions and examinations, outside the course without the consent of the Head of Department of Music, and
   (b) shall not enrol for any other course without the leave of the Head of Department of Music.

5. A candidate shall be required to pass the course of study as a whole so that performance in both Performance 28.425 and the papers shall be considered.

6. Except as otherwise provided in these Regulations the course of study of every candidate shall be governed by these Regulations.

Special Provision
7. The Senate may in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

Commencement
8. These Regulations shall come into force on 1 January 1993.

DIPLOMA IN PERFORMING ARTS DipPerformArts

The Diploma in Performing Arts is an Inter-Faculty offering. For detailed Regulations refer to the Inter-Faculty Degrees and Diplomas section of this Calendar.
DIPLOMA COURSE PRESCRIPTIONS

DipMus
Restrictions on Entry to Courses
A candidate before enrolment for this Diploma is required to satisfy the Head of Department of Music that he or she has attained a suitable standard in music including performance at interview to be held during the August/September study break preceding the year of enrolment.
Applications to the Registrar must be made on the prescribed form and forwarded to the Secretary, Music Department by 30 June (for entry to the course in the following year)
The prescriptions for papers for the Diploma in Music shall be the same as those for the corresponding subjects for the Degree of Bachelor of Music(Performance), and in the case of Basic Musical Techniques (28.105) as prescribed for the Degree of Bachelor of Arts, and as follows:
Performance
See Regulation 8 of the Regulations for the Diploma in Music.

DipMus(Hons)
28.425 Performance
( Four paper value)
Preparation for and presentation of a public performance of a well-balanced recital programme.

INSTRUCTION IN A SINGLE INSTRUMENT

Instruction may be offered in a single instrument by a full-time member of the Music staff. The subjects normally include Violin, Viola, Cello, Piano, Harpsichord and Organ.
The Admission Regulations do not apply to students enrolling for such instruction. Enrolment is at the discretion of the teacher concerned, and will be subject to the teacher’s existing commitments to full-time students enrolled for a university qualification. Enrolment must be completed, whether on a term-by-term or occasional basis, and the appropriate fee paid, before the first lesson of each term.
By arrangement lessons may be half an hour or one hour in length; they are available on a regular or an occasional basis. The teaching year consists of three ten-week terms.
Instruction will be under the direction of the teacher, who will submit an annual report on each student to the Head of the Department of Music.
Students may be invited, at the discretion of the teacher, to participate in ensemble or Performance class work in the School of Music.

GENERAL INFORMATION

The Faculty of Science consists of fourteen disciplines taught in eight departments and two schools covering the full range of mathematical, physical, biological, behavioural and earth sciences. Each Department teaches papers at the undergraduate and graduate levels as well as being involved in research. Students commencing the BSc degree are advised to consult the Science Handbook which describes the papers offered and gives advice on planning a course of study. Information on research activities is contained in the University of Auckland Research Report which is published each year and lists research publications and thesis topics. In addition each Department issues information on the courses it teaches.

Bachelor of Science
Over 200 papers grouped under eighteen different subject headings are offered in the BSc Schedule. Students select personal courses of study from among these papers according to their interests and career objectives. There are over 30 Stage I papers each of which provides an introduction to the subject and foundation on which to build further study. The Stage II and III papers progress to a more advanced level, with a greater depth and concentration of subject-matter. The papers differ in their relative sizes and this is indicated by the number of credits awarded for each paper passed. Most of the Science papers involve laboratory or field work which is an integral part of the teaching programme.

The subjects offered in the BSc Schedule are:

</table>

Students should note that not all subjects are available at Stage I. The BSc Schedule gives a breakdown of each subject's papers and its stages.

The minimum requirements for the BSc Degree can be summarised as follows:
- At least three years' study
- A total of at least 96 credits
- At least 36 credits above Stage I
- At least 12 credits in Stage III Science papers
- At least four different Science subjects (at least 6 credits in each).

Education, Environmental Management, Environmental Science, Sports Science and Tutoring in Science are not Science subjects for the purposes of BSc Regulation 3(c).

There are two important constraints which must be borne in mind when planning a BSc course. The first is that all prerequisite and corequisite requirements are met. The best way to plan a BSc course is to select first the major subjects which will be taken to Stage III. Then work backwards to ensure that all the necessary prerequisites are taken in the first two years. The other constraint on selection of papers is the problem of timetable clashes. Students should study carefully the timetable information given in this Calendar, noting particularly the parts of the year in which each paper is taught. Some of the larger classes will have several alternative laboratory and lecture streams which may help to avoid clashes. Thus most of the common combinations of Stage I papers can be taken without clashes, but the large number of advanced papers means that many combinations of subjects are impossible for timetable reasons. As a general rule it is not possible to take papers which clash in lecture or laboratory times, unless a special arrangement can be negotiated with the Departments concerned.

The BSc Regulations include some special provisions which can be of benefit to some students. Thus students who have performed well in the University Entrance Bursary and Scholarship Examinations may be permitted to enrol directly in Stage II papers without having passed the prerequisite Stage I papers. Students who have been awarded the NZCS or other technical or nursing qualifications before coming to University may be granted credit towards the BSc (maximum 36 credits). Students who abandon 'intermediates' for Engineering, Architecture and other courses will normally be permitted to credit passes in Science papers to the BSc Degree.

Although the main object of BSc papers is to teach scientific method and to impart knowledge and appreciation of some of the main scientific disciplines it is also possible to acquire a broad educational experience by suitable choice of papers. BSc students may also take up to 20 credits from papers in other Faculties, giving an opportunity to pursue interests outside of the sciences.

Tamaki Campus
From 1994, three science programmes will be offered at the Tamaki Campus as part of the BSc Degree. The programmes are in the areas of Applied Physics, Environmental Management, and Sports Science.

Bachelor of Science (Honours)
This course is available only to students of proven ability in Biochemistry, Botany, Cellular and Molecular Biology, Computer Science, Geology, Applied Geology, Mathematics, Psychology and Zoology. Students normally change from the BSc course to the BSc(Hons) course at the end of their second or third year at University. The course covers much of the same advanced material as the MSc course, but it is possible to complete BSc(Hons) within four years. BSc(Hons) graduates are permitted to enrol for PhD studies without completing a Master's degree.

Bachelor of Science Education
This degree is designed to meet the needs of students who are considering secondary teaching as a career (enrolment for the Diploma in Teaching course at the Auckland College of Education is a corequisite of Part II of BScEd).

Bachelor of Technology
This is a new interfaculty degree which prepares students for employment or research in specific areas of technology. This degree is a four year course. In 1994, two options are available at the Tamaki Campus: Industrial Mathematics and Information Technology. At the City Campus, the following options will be offered: Biomedical Science, Biotechnology, Materials, and Optoelectronics.

Bachelor of Optometry
This is a four-year professional course leading to registration as an Optometrist. The intermediate year (OptomInt) consists of seven Science papers at the 100-level. Entry into the second year (BOptom Part 1) of the course is subject to a quota and selection is made on the basis of performance in the intermediate year.
Master of Science
This is a course of advanced study and an introduction to research, based on the study of one scientific discipline in depth. (For the MSc in Environmental Science, a further science subject is studied in addition to Environmental Science.) All of the main Science Departments offer MSc programmes, each consisting of a number of specialist papers plus a thesis on a selected research topic. (In Computer Science and Mathematics the thesis may be replaced by an advanced course of study.) All Departments offer a wide range of MSc research topics and intending students are advised to discuss their proposed course with staff members before completing the BSc Degree. The prerequisite for the MSc course is a BSc Degree with the required number of Stage III credits as specified for each subject in the MSc Regulations, and an average grade of C+ or better in these Stage III papers.

Doctor of Philosophy
The PhD Degree has become accepted as the appropriate qualification for a career in scientific research. The PhD course consists of advanced study and supervised research leading to the presentation of a thesis. The thesis must be an original contribution to knowledge and meet the recognised international standards of scientific research.

Postgraduate Diploma in Applied Psychology
This is a three-year course in selected areas of applied psychology which is undertaken in conjunction with the Master’s Degree in Psychology.

Postgraduate Diploma in Clinical Psychology
This is a three-year course which is undertaken in conjunction with the Master’s Degree in Psychology.

Diploma in Computer Science
This is a specialist course concentrating on topics in Computer Science.

Diploma in Mathematics Education
This is a course intended for those, not necessarily graduates, who have several years’ experience as teachers and wish to broaden their knowledge of both educational theory and mathematics teaching.

Diploma in Science Education
This course is designed to complement the existing Diploma in Mathematics Education. Like the DipMathsEd it is intended to meet the needs of serving teachers, in this case in the areas of science and science education.

Certificate in Ocular Pharmacology
This is a course intended for experienced optometrists who wish to broaden their knowledge of theoretical and practical aspects of Ocular Pharmacology.

Diploma in Statistics
This is a specialist postgraduate course involving papers in Statistics, Mathematics and Computer Science together with a project.

Certificate in the Principles and Practice of Radiochemistry
A pass in 08.350 will entitle students to receive the Elementary Certificate.

Combined Science and Commerce Degrees
Students who wish to study both Science and Commerce are encouraged to consider the conjoint BCom/BSc, listed under “Interfaculty” degrees. The conjoint programme takes a minimum of 4 years and must be planned very carefully to satisfy the two sets of Degree Regulations and to meet timetable constraints. Intending students, who must be of high quality, must seek advice from the Science and Commerce Deans before enrolling. Students will normally enter the conjoint programme in their first year, or possibly at the end of the first year; it is seldom possible to complete in 4 years if students enter later.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF SCIENCE BSc

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

General Provisions
1. Except as provided in the Admission Regulations candidates for the Degree of Bachelor of Science shall follow a course of study of not less than three years.

2. (a) The subjects prescribed for this Degree are:

Biochemistry
Botany
Cellular and Molecular Biology
Chemistry
Computer Science
Education
Environmental Management
Environmental Science
Geography
Geology

(b) For the purpose of these Regulations: a ‘paper’ is a separately assessed segment of work in a subject, and papers are classified as follows:

Stage I (xxx. 100 to xxx. 199)
Stage II (xxx. 200 to xxx. 299)
Stage III (xxx. 300 to xxx. 399)

(c) ‘Credits’ are awarded for the successful completion of papers as set out in the Schedule to these Regulations (“the BSc Schedule”).

3. A complete course of study for this Degree requires the gaining of at least 96 credits, of which:

(a) at least 12 credits must be from Stage III papers in the BSc Schedule;
(b) at least 36 credits must be from papers above Stage I; and
(c) at least 6 credits must be from papers scheduled for this Degree in each of four subjects

or

(d) for the subject Sports Science 96 credits are as prescribed in the Schedule to these Regulations under Sports Science; (e) Credits obtained from the paper 14.327 (Aspects of Science Education) shall not satisfy the requirement of Regulation 3 (a) above.

Faculty of Science, General Information, Degree Regulations, BSc
4. For the purpose of Regulation 3 (c) papers 39.100, 39.101, 39.102, 39.103, T39.103, 39.202, 39.206, T39.206 from the School of Biological Sciences shall count for credits in either Botany or Zoology, whereas paper 39.201 shall count for credit in either Biochemistry or Cellular and Molecular Biology.

5. In relation to the taking of any paper, a candidate shall comply (i) (before enrolment) with all prerequisite requirements and (ii) with all corequisite requirements, as set out in the BSc Schedule. However, the Head of Department may in exceptional circumstances:
   (a) waive any of those requirements;
   (b) waive any prerequisite requirement and impose it as a corequisite.

6. A candidate who has not gained at least 24 credits from Stage I papers in the BSc Schedule may not enrol for any papers above Stage I without the prior permission of the Senate.

Practical Work Requirements
7. In any paper that includes practical work as well as written work;
   (a) a candidate must obtain passes in both in order to pass the paper as a whole;
   (b) a candidate who is awarded a pass in practical work, but who fails the written work may, with the permission of the Head of Department, have the result for the practical work carried forward to a subsequent year.

Direct Entry to Stage II Papers
8. A candidate may not enrol, in any one year, for papers totalling more than 50 credits.

Course Load Restrictions
9. Notwithstanding anything in Regulations 5 and 6, the Senate may, in exceptional circumstances, permit a suitably qualified candidate to enrol for Stage II papers without having passed the prerequisite Stage I papers. But where such permission is given:
   (a) a successful candidate shall be credited only with passes in the Stage II papers and not in any of the prerequisite papers;
   (b) a candidate who fails any Stage II paper may be granted a pass in the appropriate Stage I paper if the necessary standard has been attained.

Credit for Papers in Other Faculties
10. (a) A candidate for this Degree may obtain up to 20 credits from any other papers or subjects which:
    (i) are not prescribed for the Degree of Bachelor of Science; and
    (ii) are not the same as, or do not substantially overlap with, any other paper or papers which the candidate wishes to credit to the BSc Degree.
    (b) In exceptional cases, a student abandoning a BCom/BSc in favour of a BSc alone may have up to 12 credits from the other component credited to the BSc, in addition to the credits allowed under Regulation 10(a).
    (c) The credits allowed for the purpose of this Regulation shall be:
        Architecture, Property & Planning per credit 1 credit
        Arts per paper 5 credits
        Commerce, per any other half-year 2 credits
        Engineering, including papers 01.102, 01.103 or 01.104 4 credits
        Engineering paper 50.002 3 credits
        Fine Arts per any other half-year 4 credits
        Law per full-year paper 6 credits
        Medicine & Human Biology per paper 6 credits
        Music per 23 hours of lectures in any subject 5 credits
        Theology per paper 5 credits
        BCom/BSc

11. For the purposes of the conjoint degrees BCom/BSc, the "BSc component", as defined by the Conjoint Degrees BCom/BSc Regulations shall be:
    (a) at least 60 credits from papers in the BSc Schedule, of which
    (b) at least 12 credits must be from Stage III papers in the BSc Schedule,
    (c) at least 6 credits must be from papers scheduled for the Degree of Bachelor of Science in each of three subjects prescribed for the Degree of Bachelor of Science, including at least 6 credits from subjects which are not included in the BCom Schedule.

12. For the purposes of these Regulations the word "papers" in Regulation 15 of the Enrolment and Course Regulations (General) shall be interpreted as meaning:
    (a) papers listed in the BSc Schedule;
    (b) papers equivalent to papers listed in the BSc Schedule as determined by the Senate;
    (c) papers that can be credited towards the BSc Degree under Regulation 10.

Credit for Other Qualifications
13. (a) A candidate who has gained the New Zealand Certificate in Science or has gained any other recognised technical qualifications of comparable standard, may be credited with such specified papers and/or given such unspecified credits up to a maximum of 36 credits, as the Senate may determine.
    (b) A candidate who has gained in New Zealand a Diploma in Nursing may be given such unspecified credits up to a maximum of 36 credits as the Senate may determine.
    (c) A candidate who has successfully completed a course at a Teacher's College under the control of the Auckland Teachers' Colleges Council, or (from 1986) at the Auckland College of Education, may be granted credits towards this Degree as provided by Regulation 14 of the Enrolment and Course Regulations (General).

Transitional Provisions
14. (a) Except as otherwise provided in this Regulation, the course of study of every candidate shall be governed by these Regulations.
    (b) A candidate who gained credit in any unit, course or paper under any of the former Regulations for this Degree, shall be credited with such equivalent papers as may be determined by the Senate.
    (c) For candidates who enrolled for this Degree before 1973 the subject prerequisites, corequisites and restrictions, where not covered by these Regulations, shall be determined by the Head of the Department concerned.
### Exceptions

15. (a) The Senate may, in such cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

### Validity

16. These Regulations shall come into force on 1 January 1983.

### Schedule

1. This schedule sets out paper numbers, credits, prerequisites, corequisites and restrictions applying to courses of study offered for the Degree of Bachelor of Science.

2. The schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.
3. The heading 'prerequisite' in relation to a paper refers to other papers which must be passed before the candidate may take that paper.
4. The heading 'corequisites' in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year.
5. The heading 'restrictions' in relation to a paper refers to papers which cannot be credited together with that paper.

**Notes**

- In exceptional circumstances and with the permission of Head of Department, some papers offered for MSc in Computer Science may be taken for the BSc Degree. Each such paper shall carry the credit rating shown in the MSc prescriptions.
- With permission of the Head of the Division of Science (Tamaki) the prerequisites for T702.208 may be waived.
- 24 Stage I credits or equivalent from any Faculty including at least 6 credits from papers in the BSc Schedule

Plus one Stage II paper or papers to a total of at least 6 credits from the BSc Schedule in one of the following subjects:

- Biochemistry
- Botany
- Cellular and Molecular Biology
- Chemistry
- Computer Science
- Environmental Management
- Mathematics, Applied
- Mathematics, Pure
- Physics
- Zoology

### Corequisites
- Four of 32.301-318

### Restrictions
- Enrolment requires approval of the Head of Department.
- 72.316, 72.204, T72.204

### Notes
- Enrolment requires approval of co-ordinator of Sports Science.
- As for T711.101
- 08.111, 08.121
- 39.111
- 32.108, 32.118
- 32.109, 32.119
- 39.103, N39.103
- 32.108, 32.118
- 32.109, 32.119

### At least 2 science papers taught at the Tamaki Campus

---

**T711.101**
- Sports Science is being introduced in 1994.
- Subsequent years of study will be introduced in 1995, 1996 and 1997.

### Prerequisites

- (32.108 or 32.118 or T32.128) and (32.109 or 32.119 or T32.129)

### Corequisites

- 32.214
- 32.240

### Restrictions

- 711.201
- 711.202
- 67.201
- T72.120

### 36 Stage I Science Credits

12 credits from 39.101, 39.102, 39.103 with permission from the Director of the School
- 39.101; 38.102 or 06.102
- 39.103 or T39.103
- 39.101, 38.102
- 39.101, 38.102, 38.252, 38.207
- 12 credits at Stage II level in Zoology

### Notes

- (-) Seminars included
- (+) Work in classrooms

This paper is for students intending not to progress to Stage III papers within the School of Biological Sciences.

As for 38.305

15 credits at Stage II level in Botany and/or Zoology
- As for 39.311

12 credits at Stage II level in Zoology
- As for 39.312

12 credits at Stage II in Zoology including 38.251
- 38.207
- 38.252, 12 credits at Stage II level in Zoology
- 38.207, 38.250
- 38.251

*Starred papers will not be taught during the current Calendar year.
†Daggered papers will not be taught during the current Calendar year unless sufficient staff is available.
T Prefix - Taught at the Tamaki Campus
O Taught in even numbered years.
O taught in odd numbered years.
THE DEGREE OF BACHELOR OF SCIENCE (HONOURS) BSc(Hons)

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

1. Except as provided in the Admission Regulations a candidate for the Degree of Bachelor of Science with Honours shall follow a course of study of four years, or five years for a student who has completed a conjoint BCom/BSc programme.

2. The Degree may be awarded in each of the following Honours Schools: Biological Sciences (Biochemistry, Botany, Cellular and Molecular Biology, Zoology), Computer Science, Geology, Applied Geology, Mathematics, Physiology, Psychology and Sports Science.

3. Admission to the course of study for the Degree of Bachelor of Science (Honours) shall be at the discretion of the Senate and shall be given at either the end of the second year or third year after matriculation provided that where the proviso to Regulation 11 applies, admission may be granted at the end of the third or fourth year after matriculation.

4. No candidate shall be admitted to an Honours School without the approval of the Head of Department of that School or, in the case of Biological Sciences, the Director of the School of Biological Sciences, and of the Senate. Such approval shall be granted or withheld upon a consideration of the candidate’s performance in the courses of University study already pursued by the candidate and particularly in the papers required as prerequisites to that Honours School.

5. No candidate may be awarded the Degree of Bachelor of Science (Honours) if he/she has previously been awarded the Degree of Bachelor of Science of this University.

6. In each Honours School a candidate’s course of study for the Degree shall comprise:
   (a) such prerequisites, being papers prescribed for the Degree of Bachelor of Science, and
   (b) such Honours Parts (being Parts III and IV, or Part IV as the case may be) and
   (c) such Foreign Language requirements as the Head of the Department within the Honours School may prescribe, and
   (d) such papers in other subjects as may be required and prescribed in that Honours School under Regulation 16, provided that:
      (i) except where the Senate in its discretion otherwise permits, the number of prerequisite papers shall be not fewer than 72 credits in a case of entry into an Honours School at the end of the second year after matriculation and not fewer than 96 in a case of entry at the end of the third such year;
      (ii) in the case of any prerequisite subject and with the approval of the Senate, if the candidate has been permitted to enrol for and has passed at Stage II without having passed at Stage I, Stage II may be substituted for Stage I, and Stage III may then be substituted for Stage II;
      (iii) in the case of a candidate whose first language is not English the Foreign Language requirements shall be waived.

7. Notwithstanding anything in Regulation 16, a candidate for this Degree may, with the permission of the Heads of Departments concemed (or, in the case of Biological Sciences, the Director of the School of Biological Sciences) and the approval of the Senate, (a) substitute one paper in another subject for one paper of the subject in which the Degree is being taken, or
   (b) substitute one Stage III paper (or up to 4 Stage III credits) not already taken for any other degree or diploma.

8. A candidate in any subject for this Degree where practical work is prescribed, must pass besides the written examination, in such practical work as may be prescribed by the Head of the Department.

Withdrawal and Exclusion from Course

9. A candidate may withdraw from the Honours School and be granted such credits and exemptions for papers for the Degree of Bachelor of Science as the Senate shall determine.

10. A candidate shall be required to pass as a whole each Part of the Honours course of study so that the performance in all papers comprising this Part shall be considered: provided that a candidate who has failed to pass an Honours Part as a whole may in such exceptional circumstances as the Senate approves be credited with a paper or papers of that Part and permitted in a subsequent year to present the paper or papers not so credited, together with (if the Senate permits) a paper or papers of the next succeeding Part. The candidate shall then be required in that year to pass as a whole in all the papers so presented upon the same conditions as those herein prescribed.

11. A candidate shall sit his/her final examinations for the Degree within four years of his/her matriculation, provided that at the discretion of the Senate the period may be extended to five years:
   (a) where a candidate first enrolled in the subject of his/her Honours School in his/her second year after matriculation, or
   (b) in any special circumstances.

12. A candidate who, on the results of his/her examination, does not reach the standard required in the Honours School in which he/she is enrolled, shall be excluded by the Senate from the Honours School but he/she may be granted such credits and exemptions for papers for the Degree of Bachelor of Science as the Senate shall determine.

Classes of Honours

13. The Degree of Bachelor of Science (Honours) may be awarded with First Class or Second Class Honours. Second Class Honours shall be awarded in either First Division or Second Division. The class of Honours awarded shall be determined primarily on the performance of the candidate in the examinations in his or her final year but account may be taken of his or her work throughout his or her course of study.

14. The Senate may determine in respect of any candidate who fails to qualify for the Degree that he or she be awarded the Degree of Bachelor of Science or be credited with papers towards that Degree or be credited with the Degree of Bachelor of Science together with appropriate credits towards the Degree of Master of Science.

Transfer to BSc(Hons)

15. The Senate may, on written application by a candidate for the Degree of Bachelor of Science and without payment of a fee, grant him or her permission to transfer to a course of study under these Regulations and allow him or her to be credited with a pass in such papers as the Senate shall determine.

Requirements of Honours Schools

16. Subject to the provisos to Regulation 5, the Honours courses of study with subject and papers of examination are as follows:
   Biological Sciences (Honours may be taken in any of the four Honours Schools: Biochemistry, Botany, Cellular and Molecular Biology, Zoology).

Biological Sciences Prerequisites

(a) For a candidate seeking admission to the Honours School at the end of the second year after matriculation, a total of 72 credits from papers that may be credited to the BSc Degree providing that these prerequisite papers, together with the papers selected for Part III, will enable the candidate to attain a level equivalent to the prerequisite for entry to Part IV.
(b) For a candidate seeking admission to the Honours School at the end of the third year after matriculation, a total of 96 credits from papers that may be credited to the BSc Degree including:

**For Biochemistry**
66.301 and 66.302 plus 12 additional Stage III credits from Biology, Botany, Cellular and Molecular Biology, Chemistry, Pharmacology, Physiology or Zoology.

**For Botany**
18 Stage III credits from Botany plus 6 additional Stage III credits from Biochemistry, Biology, Botany, Cellular and Molecular Biology or Zoology.

**For Cellular and Molecular Biology**
40.303, 40.304 and 40.305 plus 6 additional Stage III credits from Biochemistry, Biology, Botany, Pharmacology, Physiology or Zoology.

**For Zoology**
18 Stage III credits from Zoology plus 6 additional Stage III credits from Biochemistry, Biology, Botany, Cellular and Molecular Biology, Physiology or Zoology.

**Biological Sciences Honours Part III**
(Note fewer than 24 credits in Stage III papers approved by the Director of the School of Biological Sciences). Part III shall consist of:

**For Biochemistry**
(a) 66.301 and 66.302, and
(b) at least 12 Stage III credits from Biology, Botany, Cellular and Molecular Biology, Chemistry, Pharmacology, Physiology or Zoology.

**For Botany**
(a) 18 Stage III credits from Botany, and
(b) at least 6 Stage III credits from Biochemistry, Biology, Botany, Cellular and Molecular Biology or Zoology.

**For Cellular and Molecular Biology**
(a) 40.303, 40.304, 40.305, and
(b) at least 6 Stage III credits from Biochemistry, Biology, Botany, Pharmacology, Physiology or Zoology.

**For Zoology**
(a) 18 Stage III credits from Zoology, and
(b) at least 6 Stage III credits from Biochemistry, Biology, Botany, Cellular and Molecular Biology, Physiology or Zoology.

**Biological Sciences Honours Part IV**
(Three papers together with practical work and a thesis.)
The student shall follow one year’s course of study approved by the Director of Biological Sciences and carry out an original investigation on an approved topic. The examination shall consist of three papers prescribed for the Degree of Master of Science in one of the four Honours Schools as listed below and a thesis (Biochemistry 66.603, Botany 06.603, Cellular and Molecular Biology 40.603, or Zoology 38.603) embodying the results of the investigation which shall be the equivalent of one paper. The thesis shall be delivered to the Registrar at the end of the third term.

**Part IV Papers**

**For Biochemistry**
66.401, 66.402, 66.403

**For Botany**
Three papers from 06.402 to 06.460

**For Cellular and Molecular Biology**
40.401, 40.402, 40.403, 40.405

**For Zoology**
Three papers from 38.401 to 38.414

Note: Intending students should consult the Director of the School of Biological Sciences about the selection of a research topic immediately after completing the papers for Part III.

**Computer Science Prerequisites**

(a) For a candidate seeking admission to the Honours School at the end of the second year after matriculation, a total of 72 credits from papers that may be credited to the BSc Degree provided that these prerequisite papers, together with the papers selected for Part III, will enable the candidate to attain a level equivalent to the prerequisites for entry to Part IV.

(b) For a candidate seeking admission to the Honours School at the end of the third year after matriculation, a total of 96 credits from papers that may be credited to the BSc Degree including at least 20 credits at 300 or 400 level, of which at least 16 shall be from papers in Computer Science.

**Computer Science Honours Part III**
(24 credits in papers approved by the Head of Department of Computer Science.)
Part III shall consist of papers approved by the Head of the Department of Computer Science totalling 24 credits and including such papers as will enable attainment of a level equivalent to the prerequisite to entry to Part IV.

**Computer Science Honours Part IV**
(24 credits in papers approved by the Head of the Department of Computer Science.)
Part IV shall consist of 24 credits, at least 16 credits of which shall be from Computer Science 07.400 to 07.499. The remaining credits may be selected with the approval of the Heads of the Departments concerned from relevant Masters papers in the subjects Mathematics, Physics (one paper counting as 4 credits) and/or papers prescribed for the degree of Master of Engineering (one paper counting as 2 credits for this Degree.)

**Geology Prerequisites**

(a) For a candidate seeking admission to the Honours School at the end of his or her second year after matriculation, Geology papers totalling 24 credits and 42 credits from other papers in any of the following subjects: Botany, Chemistry, Geology, Mathematics, Physics, Zoology, or in any other subject approved by the Head of Department.

(b) For a candidate seeking admission to the Honours School at the end of his or her third year after matriculation, structure of course of study as specified for entry at the end of the second year:
24 credits from papers 21.300-21.388.
In special cases, with the approval of the Head of the Department of Geology, papers at an advanced level in any other subjects may be substituted for any of the above, provided that the candidate has gained at least 12 credits from Geology Stage III papers.

**Geology Honours Part III**
(Geology papers totalling not fewer than 24 credits, together with practical work.)
Part III shall contain papers prescribed as Geology second or third year papers, for a total of not fewer than 24 credits. In special cases, with the approval of the Head of the Department of Geology, advanced papers in other subjects may be substituted for Geology papers, provided that the course of study contains Geology papers totalling at least 12 credits.

**Geology Honours Part IV**

(Three papers together with practical work and thesis.)

The student shall follow one year's course of study approved by the Head of the Department of Geology and carry out an original investigation on an approved topic.* The examination shall consist of three papers prescribed for the Degree of Master of Science (21.401 to 21.450 but not 21.484 or 86.404) and a thesis (21.603) embodying the results of the investigation which shall be equivalent to one paper. The thesis shall be delivered to the Registrar at the beginning of the second half of the second term.

*Note: (i) Intending students should consult the Head of Department about the research topic immediately after completing the papers for Part III.

(ii) An abstract is to be submitted with each copy of the thesis, see Examination Regulation 14.

**Applied Geology Prerequisites**

(a) For a candidate seeking admission to the Honours School at the end of the second year after matriculation: Geology papers totalling at least 24 credits and at least 18 credits from papers in any of the following subjects: Chemistry, Computer Science, Geomechanics, Mathematics, Mineral Engineering, Physics or any other subject approved by the Head of the Department of Geology.

(b) For any candidate seeking admission to the Honours School at the end of the third year after matriculation: structure of course as specified for entry at end of second year, and at least 24 credits from 21.300, 21.304 to 21.388, 52.331, 52.332, 56.312, 56.314 provided at least 12 credits are from Geology Stage III papers.

In special cases, with the approval of the Head of the Department of Geology, papers at an advanced level in any other subjects may be substituted for any of the above, provided that the candidate has gained at least 12 credits from the Geology Stage III papers.

**Applied Geology Honours Part III**

(Not fewer than 24 credits in Stage III papers approved by the Head of the Department of Geology, together with practical work.)

Not fewer than 24 credits from 21.300, 21.304 to 21.388, 52.331, 52.332, 56.312, 56.314, provided at least 12 credits are from Geology Stage III papers.

In special cases, with the approval of the Head of the Department of Geology, papers at an advanced level in any other subjects may be substituted for any of the above provided that the candidate has gained at least 12 credits from Geology III papers.

**Applied Geology Honours Part IV**

(Three papers together with practical work and thesis.)

The student shall follow one year's course of study approved by the Head of the Department of Geology and carry out an original investigation on an approved topic. The examination shall consist of three papers prescribed for the Degree of Master of Science in Applied Geology and a thesis (21.613) embodying the results of the investigation which shall be equivalent to one paper. The thesis shall be delivered to the Registrar at the beginning of the second half of the second term.

**Mathematics Prerequisites**

(a) For a candidate seeking admission to the Honours School at the end of his or her second year after matriculation a total of 72 credits from the following subjects:

- Mathematics, Chemistry, Computer Science, Physics, or in any other subject approved by the Head of the Department of Mathematics and Statistics provided that prerequisite papers, together with the papers selected for Part III, will enable the candidate to attain a level equivalent to the prerequisite for entry to Part IV.

(b) For a candidate seeking admission to the Honours School at the end of his or her third year after matriculation:

Mathematics 26.252 or equivalent papers approved by the Head of Department, at least one of 26.260, 26.280, 26.281, plus twenty 300 or 400 level credits approved by the Head of the Department of Mathematics and Statistics. Normally at least 16 of those 20 credits shall be from papers in Mathematics but 12 credits in Mathematics may be approved in special cases.

**Mathematics Honours Part III**

(24 credits in papers approved by the Head of the Department of Mathematics and Statistics.)

Part III shall consist of papers approved by the Head of the Department of Mathematics and Statistics totalling 24 credits and including such Mathematics papers as will enable attainment of a level equivalent to the prerequisites for entry to Part IV.

**Mathematics Honours Part IV**

(20 credits in papers approved by the Head of the Department of Mathematics and Statistics.)

Part IV shall consist of 20 credits, at least 12 credits of which shall be from Mathematics 26.400 to 26.499. The remaining credits may be selected with the approval of the Heads of the Departments concerned from relevant Masters papers in the subjects Computer Science, Physics (one paper counting as 4 credits) and/or papers prescribed for the degree of Master of Engineering (one paper counting as 2 credits for this Degree.)

**Physiology Prerequisites**

(a) For a candidate seeking admission to the Honours School at the end of the second year after matriculation, a total of 72 credits from papers that may be credited to the BSc degree, including at least 6 credits from Physics and up to 12 credits from Computer Science, Mathematics (Applied), or Mathematics (Pure), provided that these prerequisite papers, together with the papers selected for Part III, will enable the candidate to attain a level equivalent to the prerequisite for entry to Part IV.

(b) For a candidate seeking admission to the Honours School at the end of the third year after matriculation, a total of 96 credits from papers that may be credited to the BSc degree, including at least 6 credits from Physics and up to 12 credits from Computer Science, Mathematics (Applied), or Mathematics (Pure), and Physiology 67.311, 67.332 and 67.303 together with 12 additional Stage III credits from Biochemistry, Cellular and Molecular Biology, Chemistry, Pharmacology, Physics or Zoology.

**Physiology Honours Part III**

Not fewer than 24 credits in Stage III papers approved by the Head of Department of Physiology. Part III shall consist of:

(a) 67.301, 67.302 and 67.303 and

(b) at least 12 Stage III credits from Biochemistry, Cellular and Molecular Biology, Chemistry, Pharmacology, Physics, or Zoology.

**Physiology Honours Part IV**

(Three papers together with practical work and a thesis)

The student shall follow one year's course of study approved by the Head of Department of Physiology and carry out an investigation of an approved topic. The examination shall consist of three papers prescribed for the Degree of Master of Science and a thesis (67.603) embodying the results of the investigation which shall be equivalent to one paper. The thesis shall be delivered to the registrar at the end of the third term.

**Psychology Prerequisites**

(a) For a candidate seeking admission to the Honours School at the end of the second year after matriculation, Psychology papers totalling 24 credits. In addition, candidates must have sufficient credits to enable them to have obtained 96 credits from appropriate papers in subjects prescribed for the BSc Degree by the completion of Part III.
(b) For a candidate seeking admission to the Honours School at the end of the third year after matriculation, a total of 96 credits from
the subjects prescribed for the BSc Degree including at least 20 credits at the 300 level, of which at least 16 shall be from papers
in Psychology.

**Psychology Honours**
The Psychology Honours Degree shall consist of not fewer than 40 credits in Psychology, including 32.306 and 32.603, the remainder
to be selected from papers 32.300 to 32.318 and from papers 32.400 to 32.430 (excluding 32.420), each 400 level paper and the thesis
(32.603) carrying 4 credits.

**Psychology Honours Part III**
(Psychology papers totalling not fewer than 16 credits.)
Part III shall consist of 300 level papers in Psychology totalling not less than 16 credits and including 32.306.

**Psychology Honours Part IV**
(Not fewer than 16 credits in Psychology, including practical work and a thesis.)
Part IV shall consist of not fewer than 16 credits in Psychology, including papers selected from 32.400 to 32.430 (excluding 32.420)
and a thesis embodying the results of an original investigation (32.603) which shall have the value of 4 credits. Students who have
not passed 32.306 are required to take 32.419.

**Sports Science Prerequisites**
A candidate seeking admission to the Honours School must have completed all the requirements as prescribed under Regulation 3(d)
of the BSc Degree.

**Sports Science Honours Part IV**
Part IV shall consist of papers T711.401, T711.402 and a dissertation, T711.403, which shall have a value of 2 papers.

17. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing
Regulations.

**THE DEGREE OF BACHELOR OF OPTOMETRY BOptom**

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their course of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

**General Provisions**
1. (a) Subject to the Admission Regulations and except as otherwise provided in these regulations, a candidate for the Degree of
Bachelor of Optometry shall be required to pursue a course of study of not less than four years.
   (b) A candidate shall pass an Intermediate Examination and the Examinations for Parts I, II and III.
2. A candidate shall follow a course of study for the Optometry Examinations continuously. Interrupted study may be resumed only with
the approval of the Senate and on such conditions as the Senate may determine.
3. A candidate in any paper for this degree where practical or clinic work is prescribed, must pass besides the written examination, in
such practical or clinical work as may be prescribed by the Head of Department.

**Examinations**
4. A candidate shall be required to pass as a whole the Intermediate Examination and each part of the course of study provided that where
a candidate fails to pass a Part as a whole he or she may at the discretion of the Senate be credited with a paper or papers of that Part,
and be permitted in a subsequent year to present the paper or papers not so credited, together with a paper or papers of the next
succeeding Part.

**Intermediate Examination**
5. The intermediate shall comprise those papers listed in the Schedule provided that in the case of any or each of the papers listed in the
Schedule a candidate may substitute, with the permission of the Senate, an equivalent paper or papers passed at this or another
university.
6. Notwithstanding anything in Regulation 1 and 4, the Senate may permit a suitably qualified candidate to enrol for Part I without having
passed the Optometry Intermediate papers.

**Exceptions**
7. (a) The Senate may in such exceptional cases as it thinks fit approve a personal course of study which does not conform to the
foregoing Regulations.
   (b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

**Transitional**
8. Any candidate whose course was begun under the Regulations set forth in The University of Auckland Calendars for 1991 and 1992
shall complete the course under the respective Regulations but, where required by the Senate, with such substitute papers as it may
determine.

**Course Content**
10. The examinations and subjects for this Degree are:

**Intermediate Examination**
The following papers, all except 26.105 being as prescribed for the Degree of Bachelor of Science:

### The Degree of Bachelor of Science Education (BScEd)

The Bachelor of Science Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty Degrees and Diplomas section of this Calendar.

### The Degree of Bachelor of Technology (BTech)

The Bachelor of Technology is an Inter-Faculty offering. For detailed Regulations refer to the Inter-Faculty Degrees and Diplomas section of this Calendar. Prescriptions for individual papers may be found in the Prescriptions for the Degrees of BCom, BE and BSc in the appropriate sections of this Calendar.
The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

Prerequisites

1. (a) Subject to the Admission Regulations, a candidate for the Degree of Master of Science, before enrolment for the Degree:
   (i) shall (subject to Regulation 2) have been admitted (or have qualified for admission to) any of the following qualifying degrees:
      Bachelor of Science (Honours); or
      Bachelor of Science; or
      Bachelor of Optometry; or
   (ii) shall have attained any other qualification approved by the Senate as equivalent to a qualifying degree; and
   (b) For the purpose of these Regulations, candidates for this Degree are classified according to their qualifying Degree (or equivalent qualification) and are referred to accordingly as:
      'BSc(Hons) candidates for this Degree'
      'BSc candidates for this Degree'
      'BOptom candidates for this Degree'.
   (c) For the purpose of these Regulations Medical Science will be treated as a subject offered for this Degree. For this subject the role of the Head of Department in these Regulations will be taken by the Chairman of the Committee for the MSc in Medical Science.
   (d) For the purpose of these Regulations Biological Sciences will be treated as four separate subject areas viz. Biochemistry, Botany, Cellular and Molecular Biology and Zoology. For any of these subject areas the role of the Head of Department in these Regulations will be taken by the Director of the School of Biological Sciences.

Schedule

The further prerequisites are (subject to Regulation 3):

(a) For BSc(Hons) candidates for this Degree:
   a pass in the final BSc(Hons) year in the subject offered for this Degree.
(b) For BOptom candidates for this Degree:
   a pass, with an average grade of C+ or better, in the Year IV of the course for the Degree of Bachelor of Optometry.
(c) For BSc candidates for this Degree:
   a pass, with an average grade of C+ or better in all Stage III BSc papers, in appropriate prerequisite subjects, as follows:
   - **Applied Geology**: 24 Stage III credits including at least 12 from Geology.
   - **Biochemistry**: 18 Stage III credits, including Biochemistry 66.301 and 66.302.
   - **Botany**: 18 Stage III credits, including at least 12 Stage III credits in Botany and/or Biology.
   - **Cellular and Molecular Biology**: 18 Stage III credits, including Cellular and Molecular Biology 40.303 and at least 6 credits from Molecular Biology 40.304 and 40.305.
   - **Chemistry**: 08.210, 08.220, 08.230, 08.260 and 18 Stage III credits, including at least 12 credits from Chemistry 08.310-08.340, 08.360-08.391. These prerequisites are required from 1995.
   - **Computer Science**: At least 20 credits at 300 or 400 level, of which at least 16 shall be from papers in Computer Science.
   - **Environmental Science**: 18 Stage III credits including at least 12 Stage III credits from the following subjects: Biochemistry, Botany, Cellular and Molecular Biology, Chemistry, Geography, Mathematics, Pharmacology, Physics, Physiology, Psychology and Zoology.
   - **Geography**: At least 16 Stage III credits, including at least 12 Stage III credits from Geography.
   - **Geology**: 24 Stage III credits, including at least 12 Stage III credits from Geology, and up to 12 Stage III credits from other papers approved by the Head of Department.
   - **Mathematics**: Mathematics 26.252 or equivalent papers approved by the Head of Department, at least three (or, in exceptional cases, two) of 06.225, 06.260, 06.280, 06.281, 06.290, 06.293 plus sixteen, 300 or 400 level credits approved by the Head of the Department of Mathematics and Statistics including at least 12 credits in Pure or Applied Mathematics.
   - **Medical Science**: 18 Stage III credits including at least 12 from the following subjects:
     - Biochemistry, Cellular and Molecular Biology, Pharmacology, Physiology, Psychology, Zoology and
     - other papers approved by the Head of Department.
   - **Pharmacology**: Pharmacology 96.301 and 96.302; one of Biochemistry 66.301 or Cellular and Molecular Biology 40.303 or Physiology 67.301; and an additional 6 Stage III credits from Biochemistry, Cellular and Molecular Biology, Chemistry, Computer Science, Mathematics, Pharmacology, Physics, Psychology or Zoology.
   - **Physics**: 18 Stage III credits including Physics 31.325 (4 credits) and at least 8 credits from Physics 31.326-389; at least 6 credits from the laboratory papers Physics 31.390-393; and at least 4 other credits from Stage III papers in Physics or Mathematics.
   - **Physiology**: 20 Stage III credits including Physiology 67.301, 67.302 and 67.303, and at least 6 Stage III credits from Biochemistry, Cellular and Molecular Biology, Physics, Psychology, Zoology, or other papers approved by the Head of Department.
   - **Psychology**: 20 Stage III credits, including 32.306 and 12 other Stage III credits in Psychology.
   - **Zoology**: 18 Stage III credits, including at least 1 Stage III credits in Zoology and/or Biology.

Enrolment with Incomplete BSc

2. With the approval of the Head of Department, a candidate may enrol for this Degree after having gained at least 90 credits for the Degree of Bachelor of Science, but on the following conditions:
   (a) the candidate's course for this Degree extends over two academic years;
   (b) the candidate has fulfilled the prerequisites in the Schedule to Regulation 1 or been exempted from them;
   (c) the remaining paper or papers for the Degree of Bachelor of Science are taken in the first year of the course for this Degree;
   (d) if any remaining paper for the Degree of Bachelor of Science is not passed in the first year of the Master of Science course, the Master's course shall be suspended until paper is passed.

Variation of or Exemption from Prerequisites

3. In any special case recommended by the Head of Department, the Senate may at its discretion:
(a) vary in any way; or
(b) exempt the candidate wholly or partly from the appropriate prerequisites in the Schedule to Regulation 1; and may accept a lower average grade than C+ in the prerequisites in paragraphs (b) and (c) of that Schedule.

General Provisions
4. Papers shall be taken in either the first or the second year or spread over two years according to the requirements of the Department or School.
5. (a) A candidate for this Degree may, where appropriate, with the permission of the Heads of Departments concerned and with the approval of the Senate, substitute for papers in the subject in which the Degree is being taken papers of equivalent rating in an allied subject or subjects, provided that the total rating of the substituted papers does not exceed one third of the paper component of the Degree.
(b) In special cases recommended by the Heads of Departments concerned and approved by the Senate, a candidate may take an approved selection of papers from two subjects leading to a Master of Science Degree in both subjects jointly.
(c) The combination of papers taken for the subject Medical Science must be approved by the Chairman of the Committee for the Medical Science. Papers offered in more than one aspect of Medical Science may be approved.
(d) The combination of papers taken for the subject Environmental Science must be approved by the Director of Environmental Science of the Faculty of Science.
6. Every candidate for this Degree shall be required to pass the prescribed papers and to present a thesis where that is prescribed by Regulation 4.

Thesis Requirements
7. Where a thesis is required the following conditions shall apply:
(a) Thesis shall be submitted to the thesis committee for this Degree;
(b) by a candidate who has received (or who is to receive) a diploma in a science subject at the graduate level;
(c) in the case of a thesis requiring laboratory work, the work shall be carried out within the University; but the Senate may permit the candidate to carry out the work in an approved institute outside the University for such limited periods or periods as may be necessary.
(d) The candidate shall submit the thesis to the Registrar by the date prescribed in Regulation 9.
(e) In the subject Computer Science, candidates are required to present a seminar on the thesis and/or submit to an oral examination on the thesis, up to three weeks after submission of the thesis. The Head of Department may waive all or part of this requirement.

Honours
8. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in one division, First Division and Second Division.
(b) Candidates who have completed the full requirements for this Degree in accordance with Regulation 10 are eligible for the award of Honours, except that a BSc(Hons) candidate for this Degree may not be awarded Honours in the Master's Degree in the same subject.
(c) The Degree may be awarded with Distinction to any:
(i) BSc(Hons) candidate for this Degree; or
(ii) any candidate who has taken this Degree under exception (b) to Regulation 6; where the candidate has achieved a standard equivalent to First Class Honours.
(d) Honours shall not be awarded to a particular subject to any candidate who enrolled for and failed to qualify for admission to the Degree of Bachelor of Science (Honours). Such a candidate may be awarded the Degree with Distinction if a standard equivalent to First Class Honours has been achieved.
(e) Honours shall be awarded if a candidate obtains a sufficient standard in the papers and thesis; but (subject to Regulation 9) a candidate who qualified for an aegrotat or compassionate pass may retain eligibility for Honours by applying:
(i) for an aegrotat or compassionate pass in one paper (or two papers for a course involving five or more papers), or
(ii) to resit all the papers affected, or
(iii) for a pass or passes under (i) and to resit the remaining papers affected under (ii).

Time Limits
9. (a) The requirements for this Degree in Regulation 10 shall be completed:
(i) in the subjects Geography and Mathematics by 1 November of the second year of enrolment;
(ii) in every other subject, within 24 months of the candidate's first enrolment.
(b) Notwithstanding the requirements of Regulation 9 (a), a candidate with other demanding responsibilities may fulfil the requirements for this Degree within 36 months of first enrolment for the Degree, with eligibility for Honours or Distinction, the individual course of study being determined at or before first enrolment by the Senate on the recommendation of the Head of Department.
(c) In respect of all candidates the Senate may in a special case, on the recommendation of the Head of Department, grant the candidate:
(i) a time extension of three months, with continued eligibility for Honours or Distinction;
(ii) a further time extension of nine months, the candidate being no longer eligible for Honours or Distinction.
(d) In exceptional circumstances the Senate may, on such written or other evidence as it requires, at its discretion grant a reasonable extension of time to a candidate for medical or compassionate or other compelling reasons. The extension may be granted:
(i) whether or not there has been any extension under paragraph (c) of this Regulation; and
(ii) with or without continued eligibility for Honours or Distinction.
(e) A candidate taking this Degree by thesis only shall submit the thesis within 18 months of first enrolment; but the time may be extended under paragraphs (c) and (d) of this Regulation.

List of Subjects
10. The subjects of examination and relative requirements as to theses for this Degree, together with the prescription numbers relative to each examination paper, are as follows:

Applied Geology Three papers and a thesis 21.611 which shall count as three papers. One paper only from any three of the following five groups 21.408; (21.471 to 21.478); 21.484; 86.404; and any one approved paper

<td>Three papers (selected from 38.401 to 38.414) and a thesis 38.601 which shall count as three papers.</td>
</tr>
</tbody>
</table>

**Exceptions**

11. In exceptional cases the Senate may approve a personal course of study which does not conform to the foregoing Regulations.
12. These Regulations shall come into force on 1 January 1985.

### Degree Course Prescriptions

#### School of Biological Sciences

##### Biological Sciences

#### Stage I Papers

The three papers 39.101, 39.102 and 39.103 provide for general advancement to Stage II papers in the Biological Sciences. These papers may be taken as part of the Stage I requirement in either Botany or Zoology, but may not receive credit in both. Paper 39.100 presents aspects of pure and applied biology to students who wish to study biology but who are majoring in other subject areas. In all papers an emphasis on concepts and communication skills will be made and a background familiarity with biology equivalent to sixth form credit level will be assumed.

**39.100 Contemporary Issues in Biology**

This paper will consist of two lectures per week and one seminar/tutorial session per fortnight and will run in quarters three and four. Students will be expected to take a strongly questioning approach. Various controversial issues will be debated. Topics will include: crop and stock improvement, biological control, pesticides, herbicides and fungicides, applications of biotechnology, ethical issues in biology, impacts of adventive species and of cultural activities such as forestry and agriculture on the unique fauna and flora of New Zealand.

**39.101 Central Concepts in Biology**

Biochemical concepts common to animals, micro-organisms and plants; the biochemistry of macromolecules, especially nucleic acids and proteins; enzyme action and catalysis; cellular energetics; genetic principles and mechanisms; cellular differentiation; histogenesis and pattern formation.

**39.102 Diversity of Organisms**

A study of relationships, form and function within the animal and plant kingdoms with particular consideration given to developmental processes and aspects of the physiology of the whole organism. The course will be given in Q3 and 4 and will have four lectures and one laboratory period per week.

**39.103 New Zealand Biology**

An introduction to the diversity of animals and plants in New Zealand including endemic, native and introduced; their biogeographical and evolutionary relationships; community structure and inter-relationships; behaviour and ecology; Maori perspectives in biology, as well as current conservation, environmental, social, animal welfare, and economic issues in New Zealand biology. The focus is on whole organisms in their environment. Practical work will centre on reports prepared in conjunction with three field trips plus tutorial/seminar time. Two lectures per week throughout the year.
T39.103 New Zealand Biology
As prescribed for 39.103. This paper is taught at the Tamaki Campus.
N39.103 New Zealand Biology
As prescribed for 39.103. This paper is taught at the Northland Polytechnic, Whangarei.

BIOCHEMISTRY
Stage II
Prerequisites: See BSc Schedule.

39.201 Cellular and Molecular Biology
This paper covers the main aspects of a stand-alone course in cellular and molecular biology. At the same time it is designed to complement 39.203, and students advancing in cellular and molecular aspects of biology within the School of Biological Sciences should normally take both papers. The paper will encompass the basic structures of biomolecules, the evolution and structure of cells and their organisation into tissues and organs. It will then proceed to a study of the nucleus, chromosome structure and genome organisation, the regulations of gene expression, and DNA, RNA and protein synthesis. Further material will cover aspects of functional cellular processes including meiosis, recognition, adhesion, motility, endocytosis and communication. A final section will deal with recombinant DNA technology, the production of transgenic organisms, and the applications and limitations of gene therapy. Examples from microorganisms, plants and animals will be included. This paper counts as 6 credits in Biochemistry or Cellular and Molecular Biology.

39.203 Biochemistry
This paper covers the main aspects of a stand-alone course in basic biochemistry. At the same time it is designed to complement 39.201, and students advancing in cellular and molecular aspects of biology within the School of Biological Sciences should normally take both papers. Examples from bacterial, plant, human and other animal biochemistry will be included. The first major section, about one-third of the paper, will emphasise the central role of proteins in biological processes. The structure and function, synthesis, adaptation and fate of proteins including enzymes will be covered. A large central section will be devoted to essential aspects of metabolism, to biochemical signal transduction, with examples drawn from hormone action, neurochemistry and communication. A brief final overview will integrate these topics and link them with other aspects of biochemistry and cellular and molecular biology. This paper counts as six credits in Biochemistry.

Stage III
Prerequisites: See BSc Schedule.

66.301 Biochemistry of Macromolecules
(One paper and practical work.)
Topics introduced in papers 66.202 and 66.203 are treated in greater depth, emphasis is placed upon the biochemistry of macromolecules with particular reference to structure and its elucidation using contemporary methods of protein, glycoprotein and nucleic acid sequencing, high-field NMR and other forms of spectroscopy and mass spectrometry. Practical work is concerned with the theory and practice of analytical procedures used by biochemists.

66.302 Metabolic Interrelationships
(One paper and practical work.)
This course examines recent advances in biochemistry such as mechanisms of communication in plants, the molecular biology of growth factors, aspects of hormone action, microbial biochemistry, and population density. Topics introduced in papers 66.202 and 66.203 are treated in greater depth, emphasis is placed upon the biochemistry of macromolecules with particular reference to structure and its elucidation using contemporary methods of protein, glycoprotein and nucleic acid sequencing, high-field NMR and other forms of spectroscopy and mass spectrometry. Practical work is concerned with the theory and practice of analytical procedures used by biochemists. Students are required to attend practical classes of not less than six hours a week. Performance in laboratory work will contribute to the final grade for the course. Students should wear a laboratory coat and covered footwear during practical classes.

Biochemistry for BSc (Hons)
This course requires a fourth year of study involving three papers (66.401, 66.402 and 66.403) and a thesis (66.603) which is equivalent to one paper. See under MSc below for the paper prescriptions. Admission is at the discretion of the Director, School of Biological Sciences. For prerequisites, refer to the Regulations for BSc(Hons) elsewhere in this Calendar.

Biochemistry for MSc and Honours
The course involves three papers (66.401, 66.402 and 66.403) (see prescriptions below), and a thesis (66.601) which is equivalent to three papers. With special permission, one of the three papers may be substituted for a paper in an allied subject [Regulation 5(a)]. Students should consult potential supervisors as soon as possible after the completion of the Bachelor's Degree examinations in order to obtain advice on selection of papers and a thesis topic. Students should refer to the School's Handbook for Graduate Studies (available by September each year) for a list of possible research topics. Final approval must be obtained from the Director. The course is full-time and may be completed in a minimum of 12 months but normally takes 21 to 24 months. As a rule, the three papers are taken in the first year of study, and the thesis is completed in the second year.

Prerequisites: 18 Stage III credits including Biochemistry 66.301 and 66.302, with an average grade of C+ or better.

Thesis: The preparation of a thesis (66.601) is a most important feature of the work and a large part of the student's time should be devoted to this aspect of the course. Where appropriate, and with the approval of the supervisor, thesis work may begin in the vacation before enrolment.

The papers involve the general study of biochemistry at an advanced level with a specific focus on recent developments in biochemistry and molecular biology. Considerable emphasis is placed upon directed reading, tutorials and seminars in each paper.

66.401 Topics in Biochemistry A
Topics covered relate to the latest developments in areas closely associated with staff research interests.

66.402 Topics in Biochemistry B
As prescribed for 66.401.

66.403 Essay Topics in Biochemistry
Essay topics are chosen from contemporary research areas in the biomedical and biological areas.

Research in Biochemistry
Research facilities are available for MSc and PhD students in a wide range of topics in Biochemistry. Further information may be obtained from the School of Biological Sciences' Handbook for Graduate Studies which lists possible research topics and from the School's Guide to Postgraduate Study and Research.

BOTANY
Stage II

39.202 Genetics
Genetic analysis provides a unique and powerful tool for the examination of living systems at all levels from the molecular to the organismal. The basic principles of mutation and transmission genetics, including genetics mapping, will be established in this paper with reference to prokaryotic systems. These principles will then be extended to eucaryotic organisms, using human examples wherever possible. Other topics to be examined will include the complexities of eucaryotic genome structure and the use of genetic tools for the analysis of biological development, population structure and evolution. Laboratory work will focus on the use of molecular and microbial material as well as Drosophila to explore the key feature of heredity. This paper counts as 6 credits in either Botany or Zoology.

39.206 Principles of Ecology
This paper covers the principles of ecology emphasising those factors that determine the distribution and abundance of organisms. Special regard will be given to the relationships between an organism and its environment, population biology, the role of behaviour, the determinants of population growth and abundance, and the structure and properties of communities. These basic principles will be studied in natural communities by way of field courses including the following special areas: marine ecology, terrestrial plant ecology and behavioural ecology. Each student must attend one residential field course in May and one day field exercises in term time. This paper counts as 6 credits in
either Botany or Zoology. Students studying ecology are advised of the importance of understanding basic statistics such as that offered in the paper 38.207 Biometry.

**T39.206 Principles of Ecology**
As prescribed for 39.206. This paper is taught at the Tamaki Campus.

**T106.251 The Biology of Plant Cell Growth and Development**

**06.252 The Biology of Crop Plants: Breeding, Physiology and Protection**
Characteristics and unique properties of crop plants. Basic genetic principles relevant to plant breeding, including linkage and mapping; continuous variation and polygenic control; selection; breeding systems and population structure. Aims and strategies in crop improvement. In vitro techniques in plant breeding. Physiology of growth and development. Seed dormancy and germination. The structure and functions of roots. Shoot growth and leaf production. Modification of form to optimise crop yield. Induction and control of flowering. Fruit development and physiology. An introduction to pests and diseases of crop plants; symptoms; disease cycles; epidemiology; disease assessment and forecasting; Principles of crop protection and of cultural, chemical, breeding and biological control strategies. Integrated pest and disease management.

### Stage III

The course consists of a selection of papers from Biology 39.311, 39.314 and Botany 06.313 to 06.371 together with practical work, including field trips.

**06.313 Freshwater Ecology**
Animal and plant freshwater communities, particularly of lakes and rivers; the physical and chemical environment; physiography of rivers and lakes; hydrology; pollution. Part of the course will consist of a weekend field course and four one-day field trips normally held in the May vacation (see below for dates).

**06.314 Forest Ecology**
The history of New Zealand forests. Gradients in space and time. Techniques in forest description – ordination and classification of communities. Energy flow, nutrient cycling and trophic structure in forests. Disturbance regimes and regeneration patterns. Dendrochronology in the study of forest dynamics and climatic change. A compulsory residential field class is held during the August vacation (see below for dates). Laboratory periods will be devoted partly to interpretation of field course data.

**06.314 Conservation Ecology**
The application of ecological principles to the management of natural and modified ecosystems: water, forests, fisheries and wildlife. Planning for land and resource management and protection.

**06.326 Pure and Applied Plant Development Biology**
The significance of plant development to biotechnology will be stressed in relation to a range of topics including fruit ripening and storage; plant hormone longevity and the role of plant cell walls (fibre) in nutrition. Specific topics include: the role of plant growth regulators, receptor sites and secondary messengers; the structure, biosynthesis and function of plant cell walls; positional controls in plant development, adventitious root formation and propagation, senescence and abscission, tissue culture, leaf development in native plants, monoeocy. Molecular, morphological and physiological approaches will be used to provide an integrated study of plant development. Students will design and conduct research projects under supervision of staff.

**06.334 Plant and Environmental Microbiology**
Classification, structure and differentiation of microorganisms. Prokaryotes versus Eukaryotes. Microbial physiology and metabolism; heterotrophy and autotrophy. Aspects of microbial ecology; role in nutrient cycling and decomposition, etc. Microorganisms and the environment; effects of temperature and light. Beneficial and harmful microbial interactions; microbe-microbe and plant-microbe symbioses, disease, pollution and food spoilage. Exploitation of micro-organisms by humans; biological control, etc.

Laboratory classes will cover some of the main techniques used in the study of microorganisms.

**06.335 Plant Pathology**
The study of plant pathogenic fungi, bacteria and viruses. Aspects of disease development; pathogen transmission/spread and control. Interactions between hosts and pathogens at the cellular level. Mechanisms of pathogenesis and host plant resistance. Laboratory classes will cover techniques for the diagnosis, isolation, culture and identification/characterisation of plant pathogenic organisms.

Students wishing to complete a course in plant protection should take both 06.335 and 38.317.

**06.341 Plant Genetics**
Plant cytogenetics to include chromosome structure and genome organisation; chromosome behaviour in normal cell division and in structural and numerical mutants; B (supernumerary) chromosomes; sex chromosomes; chromosome evolution.

**06.361 Plant Biosystematics**
Classical and experimental approaches to the study of taxonomic relationships in metaphytes including cytological, chemical and numerical techniques as well as field and herbarium methods and a knowledge of plant nomenclature rules. Phylogenetic and phenetic systems of classification; analysis of variation; speciation processes. Students should expect to attend a field course at Waipoua in the May vacation (see below for dates).

**06.371 Marine Botany**
Marine plants and communities; the sea as an environment for plant growth; photosynthesis and productivity in the sea; reproduction and life histories of marine plants; the utilisation and cultivation of seaweeds and microalgae. The practical work includes a residential three-day class at the Leigh Laboratory during the August vacation (see below for dates).

**Laboratory Work**
The practical work in all advanced courses will be assessed separately. A pass in both the written examination and in the practical work is necessary for credit to be awarded for a paper (BSc Regulation 7).

**Field Courses in Botany/Biology, 1994**

**39.206: Residential field course in May and 2 one day field exercises in term time**

**06.313:** 20-25 February

**06.361:** 22-27 May

**06.371:** First week of August vacation: dates to be announced

**39.311:** 23-24 April or 30 April-1 May

**9-12 May or 16-19 May**

**Botany for BSc(Hons)**
This course requires a fourth year of study involving three papers, selected from 06.402 to 06.460 inclusive, and a thesis (06.603) which is equivalent to one paper. See under MSc below for the paper prescriptions. The papers selected shall form a coherent course of study as approved in each case by the Director, School of Biological Sciences. Admission is at the discretion of the Director. For prerequisites, refer to the Regulations for BSc(Hons) elsewhere in this Calendar.

**Botany for MSc and Honours**
The course involves three papers, selected from 06.402 to 06.460 inclusive (see prescriptions below), and a thesis (06.601) which is equivalent to three papers. With special permission, one of the three papers may be substituted for a paper in an allied subject [Regulation 5(a)]. Students should consult potential supervisors as soon as possible after the completion of the Bachelor’s Degree examinations in order to obtain advice on selection of papers and a thesis topic. Students should refer to the School’s Handbook for Graduate Studies (available by September each year) for a list of possible research topics. Final approval must be obtained from the Director who will ensure that the student has selected a coherent course of study. The course is full-time and may be completed in a minimum of 12 months but normally takes 21 to 24 months. As
a rule, the three papers are taken in the first year of study, and the thesis is completed in the second year. Not all papers listed will necessarily be offered each year. Where a paper is not available in the first year of a student's enrolment, the paper may be taken during the second year at the discretion of the Director.

Prerequisites: 18 Stage III credits, including at least 12 Stage III credits in Botany and/or Biology, with an average grade of C+ or better.

Theor: The preparation of a thesis (06.601) is a most important feature of the work and a large part of the student's time should be devoted to this aspect of the course. Where appropriate, and with the approval of the supervisor, thesis work may begin in the vacation before enrolment.

06.402 Selected Topics in Botany
A specialist course of study into aspects of current research.

06.410 Plant Ecology
Selected topics in plant demography. Forest community concepts. Field techniques and computer analysis. Historical plant ecology.

06.412 Conservation Biology
The theory and application of conservation for the management of New Zealand's biota. Seminars will include topics such as the philosophical and practical basis for conservation, methodologies for description and analysis of communities at risk and the likely demographic and genetic consequences for small populations.

06.420 Plant Physiology and Biochemistry
Selected topics (four in total) are decided in consultation with the students.

06.430 Plant Pathology
In depth consideration of selected topics relating to epidemiology, plant pathogen interactions and disease control.

06.450 Developmental Botany, Pure and Applied
A study of contemporary research into aspects of the anatomy, ultrastructure and physiology of plant development.

06.460 Plant Systematics and Genetics
In depth consideration of selected topics in plant classification and cytogenetics.

Research in Botany
Research facilities are available for MSc and PhD students in a wide range of topics in Botany. Further information may be obtained from the School of Biological Sciences' Handbook for Graduate Studies which lists possible research topics and from the School's Guide to Postgraduate Study and Research.

CELLULAR AND MOLECULAR BIOLOGY

Stage II
39.201 Cellular and Molecular Biology
Refer to 39.201 in Biochemistry entry for prescription.

Stage III
Prerequisites: See BSc Schedule.

40.303 Cellular and Molecular Biology
Laboratories: The laboratory course will cover basic methods used to fix and examine biological material by light and electron microscopy. Experiments will also be performed with proteins and nucleic acids to illustrate their properties and the techniques used to investigate the structure and function of these materials.

40.304 Microbial and Molecular Genetics
Lectures: The units of mutation, function and recombination in bacteria and viral viruses. The transmission and recombination of genetic material in bacterial viruses, bacteria and diploid microorganisms. Eukaryotic somatic cell genetics.
Laboratories: The laboratory course will cover basic methods used in bacteriology and microbiology as an introduction to experiments in microbial genetics. Experiments will be performed to illustrate methods of transmission of genetic information in microorganisms and the experimental application of such techniques to the resolution of problems of gene order and organisation of chromosomes.

40.305 Plant and Animal Molecular Biology

Laboratories: An introduction to the culture of animal cells. Techniques used for studying anti-bodies and the cells involved in the immune response. An introduction to plant cell culture, including the isolation of protoplasts. Techniques for the isolation of plant organelles and nucleic acids and aspects of plant transformation using Agrobacterium plasmid vectors.

Cellular and Molecular Biology for BSc(Hons)
This course requires a fourth year of study involving three papers, selected from 40.401, 40.402, 40.403, 40.405 and a thesis (40.603) which is equivalent to one paper. See under MSc below for the paper prescriptions. The papers selected shall form a coherent course of study as approved in each case by the Director, School of Biological Sciences. Admission is at the discretion of the Director. For prerequisites, refer to the Regulations for BSc(Hons) elsewhere in this Calendar.

Cellular and Molecular Biology for MSc and Honours
The course involves three papers, selected from 40.401, 40.402, 40.403, 40.405 (see prescriptions below), and a thesis (40.601) which is equivalent to three papers. With special permission, one of the three papers may be substituted for a paper in an allied subject [Regulation 5(a)]. Students should consult potential supervisors as soon as possible after the completion of the Bachelor's Degree examinations in order to obtain advice on selection of papers and a thesis topic. Students should refer to the School's Handbook for Graduate Studies (available by September each year) for a list of possible research topics. Final approval must be obtained from the Director who will ensure that the student has selected a coherent course of study. The course is full-time and may be completed in a minimum of 12 months but normally takes 21 to 24 months. As a rule, the three papers are taken in the first year of study and the thesis is completed in the second year. Not all papers listed will necessarily be offered each year.

Prerequisites: 18 Stage III credits, including Cellular and Molecular Biology 40.303 and at least 6 credits from 40.304 and 40.305, with an average grade of C+ or better. Although not a prerequisite, it is strongly recommended that intending students should have taken a Radiochemistry course such as 08.352 or 08.250.

Thesis: The preparation of a thesis (40.601) is a most important feature of the work and a large part of the student's time should be devoted to this aspect of the course. Where appropriate, and with the approval of the supervisor, thesis work may begin in the vacation before enrolment. The topic of research for the thesis can be in virology, electron microscopy, membrane biology, immunology, molecular genetics, molecular biology or plant molecular genetics.

*40.401 Cellular and Molecular Biology
The structure and function of biological membranes, with emphasis on the role of integral membrane proteins; chromosome structure and the regulation of RNA synthesis; hormone action and intracellular signalling; regulation of cell growth.

40.402 Microbial and Molecular Genetics
The molecular genetics of DNA-protein interactions in regulation and development of prokaryotic and eukaryotic organisms, with emphasis on selected model systems; the molecular genetics of antibody diversity; and current aspects of somatic cell genetics and human molecular genetics with particular reference to inherited diseases and their diagnosis.

40.403 Plant and Animal Molecular Biology
Molecular biology of the eukaryotic cell, with emphasis on plant and animal transgenics; applications of molecular biology to biomedical, horticultural and agricultural industries; molecular
biology of the immune response.

40.405 Advanced Cellular and Molecular Biology for Biomedical Research

Selected examples of biomedical research will be discussed, in which cellular and molecular techniques are applied to advance knowledge of disease processes and aimed at finding cures. Topics will overlap biomedical research themes in Auckland.

Research in Cellular and Molecular Biology

Research facilities are available for MSc and PhD students in a wide range of topics in Cellular and Molecular Biology, including virology, molecular genetics, electron microscopy, membrane biology, molecular biology and plant molecular genetics. Further information may be obtained from the School of Biological Sciences' Handbook for Graduate Studies which lists possible research topics and from the School's Guide to Postgraduate Study and Research.

ZOLOGY

Biology for Otago Medical Intermediate

Students are accommodated within existing courses 39.101 and 38.102.

Stage II

*39.200 Contemporary Topics on the Biology of Humans

This paper examines a variety of aspects of the biology of humans which are of current interest. Included will be the topics on: human evolution, development and genetic engineering; the nature and impact of selected human industrial enterprises; some common disorders and diseases; afflictions of old age; and cell senescence and death. It assumes and builds upon a pre-existing knowledge of biology and provides a basis from which developments in current research within the selected topic areas can be interpreted and appreciated. Approximately four lectures will be devoted to each topic. Essays, tutorials, discussion groups and a library project will part of the programme, and the practical component will involve a minimum of six one-day field and/or laboratory visits. This paper, designed specifically for students not intending to proceed to stage III, is within the School of Biological Sciences, counts as six credits in Zoology.

39.202 Genetics

Refer to 39.202 in Botany entry for prescription.

39.206 Principles of Ecology

Refer to 39.206 in Botany entry for prescription.

T39.206 Principles of Ecology

As prescribed for 39.206. This paper is taught at the Tamaki Campus.

38.207 Biometry

Most branches of biology now require an understanding of the basic principles of statistics; the design and analysis of experiments and field studies. The emphasis is on understanding how the techniques work, computers are used to do the actual calculations. The course is aimed explicitly at non-mathematical students.

38.251 Marine Biology

The classification, structure and functioning of marine organisms and the occurrence of these within coastal marine communities. The course includes formal laboratories dealing with the morphology, development and lifestyles of representative members of selected phyta, using local examples. The paper is designed to provide an awareness of the detailed complexity of inshore marine organisms and habitats, as a basis for advanced papers in marine ecology, and as a data base for conservation values for the coastline.

38.252 Animal Function and Design

The functional organisation of animals with particular emphasis on morphological, physiological and behavioural adaptations to their environments. Sensory and central mechanisms involved in spatial orientation and cognitive organisation will be discussed with data from rodents. The practical course emphasizes lower vertebrate morphology and physiological principles using, wherever possible, invertebrate models. It further provides an introduction to methods and instrumentation of value to experimental biologists.

Stage III

38.303 Biological Timekeeping

The description, significance and mechanisms of control of temporal patterns of change in behaviour and physiology of organisms covering the tidal, daily and annual time scales. Evidence for the existence of biological clocks and their chemical and physical nature will be examined, together with the ways in which they are synchronised with the environment. The significance of biological timing in human physiology, insect life cycles and the marine environment will be emphasised. The course will develop ideas on the philosophy of modelling timing systems and the computer simulation of biological clocks.

Practical work will consist of formal laboratories covering methods of data collection, analysis of rhythms and the development of models of timing systems. There will also be opportunity for students to perform tests of the internal clock hypothesis on a variety of organisms, and to analyse the patterns of change of environmental factors in the field as they relate to biological timekeeping. There is a field course at the Leigh Laboratory in the August vacation.

38.305 Arthropods in the Terrestrial Environment

Evolution and classification of terrestrial arthropods. Adaptations to terrestrial life as well as adaptations to particular habitats, eg forest floors, deserts, mountains, freshwaters. Biology of the fauna associated with New Zealand's native and exotic forests, grasslands, horticulture, agriculture and stored products and the sampling methods used to study these animals. Arthropods as pollinators, parasitoids and vectors. As terrestrial arthropods constitute close to 75% of all known animal species a thorough understanding of this important group is recommended for all biologists.

38.310 Animal Morphogenesis

Aspects of the cellular structure, cellular recognition, behaviour and biochemistry as these relate to developmental processes. Practical work involves the use of both scanning and transmission electron microscopes, acquaintance with electrophoretic and cell culture techniques as well as grafting experiments designed to illustrate general aspects of animal morphogenesis.

39.311 Freshwater Ecology

Animal and plant freshwater communities, particularly of lakes and rivers; the physical and chemical environment; physiography of rivers and lakes; hydrology; pollution. Part of the course will consist of a weekend field course in late April and four one-day field trips normally held in the May vacation (see below for dates).

39.314 Conservation Ecology

The application of ecological principles to the management of natural and modified ecosystems: water, forests, fisheries and wildlife. Planning for land and resource management and protection.

38.315 Evolutionary Genetics

In this course we review the roles which genes play in the development of biological form. In particular, the interactions between allelic and non-allelic genes, and the importance of the position of alleles in relation to chromosome structure are investigated. The persistence of forms is considered during a review of the current state of studies in population genetics. Particular attention is paid to the problems of speciation, and to aspects of applied biology. Finally we critically examine recent genetical advances and challenges to contemporary neo-Darwinian theory.

38.316 Biological Oceanography

Characteristics of marine environments and communities away from the shores. Global ocean patterns and processes. Phytoplankton and primary production. Zooplankton and secondary production. Interrelationships and population biology of plankton, nekton, benthos and fisheries. New Zealand marine science research and knowledge. Practical work includes a residential four day course at the Leigh Marine Laboratory, involving sampling and analytical exercises, during the mid-term break (see below for dates).

38.317 Applied Entomology

The principles and practice of applied entomology, especially of modern control methods, with reference to New Zealand and South Pacific pest problems. Medical entomology. Practical work includes laboratory study and field work. Students wishing to complete a course in plant protection should take both 06.335 and 38.317.

*38.319 Ecological Physiology of Marine Animals

Ecological Physiology examines physiological diversity in relation to the environments in which organisms live. Aspects of
 behaviour, morphology, biochemistry and evolutionary biology are embraced within this approach. The emphasis is on marine animals. Practical work is project-oriented and includes a mandatory four day field course in May at the Leigh Marine Laboratory.

38.320 Marine Ecology and Aquaculture
Patterns and processes in the ecology of benthic marine organisms, including invertebrates and demersal fishes. Emphasis is placed upon the quantitative description of patterns in distribution and abundance, and experimental techniques used to elucidate the causative processes. The conservation and management of shallow marine systems. The application of ecological principles to the culture of benthic marine organisms is considered. Practical work includes obligatory three day field course at Leigh Marine Laboratory during enrolment week (see below for dates).

Laboratory Work
One practical class each week for first year courses and two classes each week for advanced courses is the minimum requirement. The practical work will be assessed separately and the marks will be included in the marks schedule of the University. A pass both in the written examination and in the practical work is necessary. (BSc Regulation 7.)

Field Courses in Botany/Biology/Zoology, 1994

39.206: Residential field course in May and two one day field exercises in term time
06.313: 20 – 25 February
06.361: 23 – 27 May
06.371: First week of August vacation: dates to be announced
38.303: 22 – 26 August
39.311: 23 – 24 April or 30 April-1 May
38.316: Four days during period 1-10 July
38.319: 23 – 27 May
38.320: Three days during period 17-23 February

Zoology for BSc(Hons)
This course requires a fourth year of study involving three papers, selected from 38.401 to 38.414 inclusive, and a thesis (38.603) which is equivalent to one paper. See under MSc below for the paper prescriptions. The papers selected shall form a coherent course of study as approved in each case by the Director, School of Biological Sciences. Admission is at the discretion of the Director. For prerequisites, refer to the Regulations for BSc(Hons) elsewhere in this Calendar.

Zoology for MSc and Honours
The course involves three papers, selected from 38.401 to 38.414 inclusive (Regulation 5(a)), and a thesis (38.601) which is equivalent to three papers. With special permission, one of the three papers may be substituted for a paper in an allied subject (Regulation 5(a)). Students should consult potential supervisors as soon as possible after the completion of the Bachelor's Degree examinations in order to obtain advice on selection of papers and a thesis topic. Students should refer to the School's Handbook for Graduate Studies (available by September each year) for a list of possible research topics. Final approval must be obtained from the Director who will ensure that the student has selected a coherent course of study. The course is full-time and may be completed in a minimum of 12 months but normally takes 21 to 24 months. As a rule, the three papers are taken in the first year of study, and the thesis is completed in the second year. Not all papers listed will necessarily be offered each year. Where a paper is not available in the first year of enrolment, the paper may be taken during the second year at the discretion of the Director.

Prerequisites: 18 Stage III credits, including 12 Stage III credits in Zoology and/or Biology, with an average grade of C+ or better. Thesis: The preparation of a thesis (38.601) is a most important feature of the work and a large part of the student's time should be devoted to this aspect of the course. Where appropriate, and with the approval of the supervisor, thesis work may begin in the vacation before enrolment.

38.401 Genes, Behaviour and Evolution
The basic structure and logical framework of contemporary evolutionary theories; the ruling paradigm of neo-Darwinism; the genetic and behavioural processes that underlie evolution; the nature of species; dynamic structures in biology; ways of looking at biology, eg. functionalism, structuralism.

38.403 Chronobiology
The study of biological clocks: their adaptive significance, location, chemical nature and mathematical models.

38.405 Entomology and Pest Management
(a) The functional anatomy and reproductive and life history strategies that make insects so varied and abundant.
(b) Modern views of pest management leading up to a review of integrated strategies.

38.406 Antarctic and Southern Oceans Ecosystem and Environment
The tectonics and palaeoclimatology of southern continents, present day ocean circulations and biogeography. Biology of Antarctica and Southern Ocean ecosystems.

38.407 Community Ecology
A series of seminars leading to an understanding of community dynamics as exemplified by succession and island biogeography.

38.408 Marine Ecology
Part of the paper is given to a personal reading of recent work on the causes of patterns of abundance, the rest is a formal presentation of selected topics on the study of the pelagos and benthos, separately, and the whole sea as a working system.

38.409 Zoophysiology
Selected topics in comparative physiology emphasising functional design in lower vertebrates.

38.410 Molecular Aspects of Development
The biochemical and genetic control of morphogenetic systems, with particular reference to cell positioning and the formation of pattern during development. Attention is focused on a number of model systems including Drosophila and the zebrafish Brachydanio rerio.

38.411 Aquaculture: Biology, Management and Planning
Case studies of fish, invertebrate and algal aquaculture industries in New Zealand, assessment of aquaculture opportunities worldwide, review of general environmental and biological problems important to aquaculture and its management, e.g. maintenance of water quality, control of parasites, development of hatchery technology.

38.412 Conservation Biology
The theory and application of conservation for the management of New Zealand's biota. Seminars will include topics such as the philosophic and practical basis for conservation, methodologies for descriptions and analysis of communities at risk and the likely demographic and genetic consequences for small populations.

38.413 Special Topic
Consult the School for details.

38.414 Data Collection and Analysis
A series of seminars, workshops, and tutorials applying the principles of Experimental and Sampling Design, and the most frequently used techniques of univariate and multivariate analysis to problems in Biological research. The emphasis will be on case studies and acquiring direct practical experience of these methods. It will be aimed at non-mathematical students.

Research in Zoology
Research facilities are available for MSc and PhD students in a wide range of topics in many areas of zoology, environmental biology and the interaction of plants and animals. Most research has a field component and is based on animals in natural and experimental situations. Excellent supporting facilities are available for physiological and ultrastructural studies.

Research by staff covers such diverse interests as marine ecology, especially of the inshore communities; the behavioural ecology of both terrestrial and aquatic animals, with emphasis on sociality and communication; entomology and pest management; chronobiology, morphogenesis, ultrastructure and cellular and organ functions.

The related themes of evolutionary change and adaptation of systems and population dynamics run through most studies. Theoretical and practical solutions to current issues is a theme in conservation biology, while encouragement is given to an experimental approach based soundly on statistical techniques. Much of the marine research is done at the Leigh Marine Laboratory; studies of native birds and lizards are carried out on Hauraki Gulf islands.

Further information may be obtained from the School of Biological...
Sciences’ Handbook for Graduate Studies which lists possible research topics and from the Schools’ Guide to Postgraduate Study and Research.

LEIGH LABORATORY
The University’s Marine Laboratory provides research facilities for staff and postgraduate students in any branch of marine science. Present work is centred on the ecology, reproductive biology and taxonomy of echinoderms and shrimp and on marine biogeochemistry, and some aspects of applied fisheries. The laboratory also provides facilities for laboratory and field exercises for advanced undergraduate courses (BSc and MSc courses), primarily in conjunction with Biological Sciences, Environmental Science, Geography, and Physics.

The area in the immediate vicinity of the Laboratory is a Marine Reserve, and permission is required to collect specimens. However, there are examples of most types of marine habitat within 10 km of the Laboratory, from where samples can be readily collected. There are a number of small boats for work in and around the Reserve, and a 4 m inflatable craft for work slightly further afield. The Laboratory’s research vessel, R.V. Proteus, is equipped with diving compressor, winch, radar and accommodation for 6, and is used for offshore work. Facilities for diving are available at the Laboratory, including scuba tanks, air compressor, and some other equipment. Constantly running seawater is pumped through several tankrooms both indoors and outdoors, and a small climate station is maintained. In addition to general laboratory and office space, there are specialised areas for culturing unicellular algae, computing, photography, biochemical analyses and a small library.

The Laboratory is situated at Goat Island Bay on the east coast, 100 km by road north of Auckland. There is on-site bunkroom accommodation for up to 36 students, and 2 self-contained visitors’ cottages. A large kitchen and dining room complex is available to all workers. The Laboratory is managed by a University committee. Enquiries concerning use of the facilities at Leigh should be directed to the Scientist-in-Charge, Dr T.A.V. Rees, P.O. Box 349, Warkworth. (Phone 4226-111, or ext. 5300 or 5301.)

DEPARTMENT OF CHEMISTRY
The courses in Chemistry for the BSc Degree under these Regulations are progressive; although prerequisites have not been prescribed more restrictively than necessary, students should bear in mind that familiarity with relevant material from earlier courses is assumed in the later ones.

Preparatory Chemistry (before enrolment)
This course is designed to assist prospective students who do not have a strong background in chemistry, or who intend enrolling in first-year chemistry courses after some years away from formal study. It will revise the basic principles of chemistry (at around Form 6 – Form 7 level) and will involve lectures, laboratories, tutorials, and computer-assisted learning. It will hence provide a background to enrolment in 08.111, 08.121 and T08.170. No credit is given towards the BSc degree. The course begins on Monday 7 February and concludes on Tuesday 15 February. Contact the Department of Chemistry for further information. Registration will be accepted up to 28 January 1994. A fee of $100.00 will be charged.

First Year Courses
08.111 Organic and Physical Chemistry
Structure, properties and spectra of organic compounds, acid-base equilibria, kinetics, systematic organic chemistry.

Lectures: Students will attend two lectures a week. Four tests will be held outside lecture hours.
Laboratories: Students will attend 12 3-hour practical classes held on alternate weeks during the year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass in both theory and practical is necessary.

The final grade is assessed from theory (80%) and practical (20%).
08.121 Inorganic and Physical Chemistry
Atomic structure, the molecular structure and reactions of selected elements and their compounds, chemical bonding, energetics, equilibria and electrochemistry.

Lectures: Students will attend two lectures a week. Four tests will be held outside lecture hours.
Laboratories: Students will attend 11 3-hour practical classes held on alternate weeks during the year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass in both theory and practical is necessary.

The final grade is assessed from theory (80%) and practical (20%).

08.200 Perspectives in Chemistry
A course in modern physical chemistry, with applications to materials, processes and instrumentation. Spectroscopy (including lasers), electrochemistry, polymers (including reference to plastics and biopolymers), kinetics, surface chemistry, catalysis and phase equilibria. The course provides experience with scientific applications of computers.

Lectures: Students will attend two lectures a week. One test will be held outside lecture hours.
Laboratories: Students will attend practical classes of not less than 72 hours by doing six hours per week for half the year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed from a test/problems (20%), practical (33%) and final examination (47%); or practical (33%) and final examination (67%); whichever is to the student’s advantage.

08.210 Physical Chemistry
A course in modern physical chemistry, with applications to materials, processes and instrumentation. Spectroscopy (including lasers), electrochemistry, polymers (including reference to plastics and biopolymers), kinetics, surface chemistry, catalysis and phase equilibria. The course provides experience with scientific applications of computers.

Lectures: Students will attend two lectures a week. One test will be held outside lecture hours.
Laboratories: Students will attend practical classes of not less than 72 hours by doing six hours per week for half the year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed as for 08.210.

08.220 Inorganic, Structural and Theoretical Chemistry
The course provides an introduction to chemical bonding, and to the chemistry of the solid state. Aspects of the chemistry of transition metal and main group elements are treated at greater depth.

Lectures: Students will attend two lectures a week. One test will be held outside lecture hours.
Laboratories: Students will attend practical classes of not less than 72 hours by doing six hours per week for half the year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed as for 08.210.

08.230 Organic Chemistry
The course is based on the prescribed text and covers the structure and reactions of carbon compounds, classified by functional groups. An introduction to the chemistry of molecules of biological importance, and to the use of NMR and mass spectrometry in structure elucidation, is included.
Lectures: Students will attend two lectures a week. Four tests will be held in lecture hours.

Laboratories: Students will attend practical classes of not less than 72 hours by doing six hours per week for half the year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed from the best 3 of 4 tests (20%), practical (33%) and final examination (47%).

08.250 Radiochemical Techniques for Biological Scientists
This service course is designed to meet the needs of biological scientists, health workers and natural scientists who anticipate working with tracer quantities of radio-isotopes. It is not to be regarded as a training course for chemists. Principles of radioactive decay, quenching and self adsorption, instrumental measurement of activity and dose, pulse height analysis, scintillation counting of gamma and beta nuclides, homogeneous and heterogeneous counting, radio-autography, radiological safety, waste disposal. Ten lectures and ten three-hour laboratory sessions. One test (1.5 hours) will be held outside lecture hours. No student may enter the laboratory unless wearing an approved form of eye protection. The final grade is assessed from a test (50%) and practical (50%).

08.260 Analytical Chemistry
This course provides an introduction to analytical chemistry and students who intend to enrol for the advanced analytical chemistry 08.360 paper should take 08.260 as a prerequisite. It includes non-instrumental and instrumental techniques, including an introduction to radiochemical techniques.

Lectures: Students will attend two 1-hour lectures per week during quarters 1 and 2. Two tests (1 x 1-hour and 1 x 1.5 hours) will be held outside lecture hours. The final grade is assessed from tests 50%, practical 40%, problem paper and assignments 10%.

Laboratories: Students will attend twelve 3-hour laboratory sessions, normally 3 hours per week, during quarters 1 and 2. No student may enter the laboratory unless wearing an approved form of eye protection and satisfactory foot protection. A pass in the practical course is necessary for obtaining the credits.

08.310 Physical Chemistry
The theory and experimental techniques of spectroscopy, dynamic electrochemistry (fuel cells and corrosion) and surface chemistry (surface spectroscopy and catalysis).

Lectures: One lecture per week throughout the year. One test will be held outside lecture hours.

Laboratories: Students will attend practical classes of not less than 36 hours per week in any one quarter of the teaching year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed from a test/problems (20%), practical (33%) and a final examination (47%); or practical (33%) and a final examination (67%); whichever is to the student’s advantage.

08.311 Physical Chemistry: Applications
Chemical physics (including quantum chemistry), photochemistry, and solid state chemistry.

Lectures: One lecture per week throughout the year.

Laboratories: Students will attend practical classes of not less than 36 hours per week in any one quarter of the teaching year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed as for 08.310.

08.320 Inorganic Chemistry
The course will cover the organometallic chemistry of both transition metals and main group elements.

Lectures: Students will attend a total of 23 lectures during the year. One test will be held outside lecture hours.

Laboratories: Students will attend practical classes of not less than 36 hours during the year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed as for 08.310.

08.321 Physical-Inorganic Chemistry
The course includes aspects of inorganic spectroscopy, quantum, and bioinorganic co-ordination chemistry.

Lectures: Students will attend a total of 23 lectures during the year. One test will be held outside lecture hours.

Laboratories: Students will attend practical classes of not less than 36 hours during the year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed as for 08.310.

08.330 Organic Chemistry: Reactions and Synthesis
This course covers asymmetric and applied and industrial organic chemistry along with topics in synthetic organic chemistry such as ring opening and ring closing reactions, and applications of organophosphorus, organoborane, organosilicon, and heterocyclic chemistry.

Lectures: Students will attend one lecture per week during the year. Two tests will be held inside lecture hours.

Laboratories: Students will attend practical classes of not less than 36 hours during the year. This will normally be done in quarters 1 or 2 during the first half of the year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed from tests/problems (20%), practical (33%) and final examination (47%); or practical (33%) and a final examination (67%); whichever is to the student’s advantage.

08.331 Advanced Organic Chemistry
This course deals with topics such as stereochemistry, the study of reaction mechanisms, radicals, pericyclic reactions, photochemistry, and bio-organic chemistry.

Lectures: Students will attend one lecture per week during the year. Two tests will be held inside lecture hours.

Laboratories: Students will attend practical classes of not less than 36 hours during the year. This will normally be done in quarters 3 or 4 during the second half of the year. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed as for 08.330.

08.340 Structural Methods in Chemistry
This course deals with physical methods of determining chemical structures. Background theory is described for mass spectrometry, nuclear magnetic resonance, U.V. and photoelectron spectroscopy, and X-ray structural analysis. Practical applications in inorganic, organic and organometallic chemistry are included. The course will consist of 32 lectures and 20 hours to be devoted to practical work and laboratory assignments. One test will be held outside lecture hours.

A pass both in the written paper and in the practical course is necessary.

The final grade is assessed from a test (19%), practical (25%) and a final examination (56%); or practical (25%) and final examination (75%); whichever is to the student’s advantage.

08.360 Advanced Analytical Chemistry
The course will cover instrumental methods of analysis. One test will be held outside lecture hours. No student may enter the laboratory unless wearing an approved form of eye protection. A pass both in the written paper and in the practical course is necessary.

The final grade is assessed from a test and problems (20%), practical (35%) and a final examination (47%); or practical (35%) and a final examination (67%); whichever is to the student’s advantage.

08.361 Instrumental Analytical Chemistry
This paper covers advanced instrumental analysis, including electronics and signal processing for analytical chemistry. Practical applications of radiochemical techniques will be covered.

The paper will consist of 16 lectures and 48 laboratory hours at a time to be arranged. The laboratory course includes an analytical chemistry project.

A pass both in the written paper and the practical course is necessary.

The final grade in assessed from a test and problems (15%),
practical (50%), and a final examination (35%) or practical (50%) and a final examination (50%); whichever is to the student's advantage.

08.370 Environmental Chemistry
The course covers aspects of the chemistry of the atmosphere, natural waters, and the land surface. A section on hazards associated with chemicals and their handling is also included.

Lectures: Students will attend one lecture a week. One test will be held outside lecture hours.

Laboratories: Students will attend practical classes, totalling 36 hours, at times to be arranged. No student may enter the laboratory unless wearing an approved form of eye protection.

A pass both in the written paper and in the practical course is necessary.

The final grade is assessed as for 08.360.

08.390 Advanced Topics in Chemistry (A)
08.391 Advanced Topics in Chemistry (B)

Chemistry for MSc and Honours
The course for the Degree consists of five papers (08.450 plus four papers selected from 08.410-08.460) and a thesis 08.601. Assessment of a student's overall attainment is made on the basis that each of the five papers has a weight of one, and the thesis has a weight of four. The course is normally of one year's duration but the thesis may be completed during the second year. [See Regulation 2(d) of the Enrolment and Course Regulations (General).]

Prerequisites for the course are completion of 08.210, 08.220 and 08.230 (plus 08.260, for students enrolling in MSc after 1994), and 18 Stage III credits including at least 12 credits from Stage III Chemistry papers (excluding 08.352). Students intending to enrol for the MSc should collect an MSc prospectus from the Administrative Assistant (Room 5057, Chemistry Department) as soon as possible after 1 September of the preceding year. The Head of Department will assign research supervisors taking into account student preferences for research topics, and availability of laboratory facilities.

08.410 Physical Chemistry A
Electrokinetics, surface analysis, polymer chemistry.

Lectures: Students will attend 30 lectures during the year.

08.411 Physical Chemistry B
Quantum chemistry, magnetic resonance, molecular spectroscopy and structure.

Lectures: Students will attend 30 lectures during the year.

08.420 Inorganic Chemistry
Topics cover organo-transition metal chemistry, co-ordination chemistry, main group chemistry and structural chemistry.

Lectures: Students will attend 30 lectures during the year.

08.421 Physical Inorganic Chemistry
Aspects of physical methods in inorganic chemistry.

Lectures: Students will attend 30 lectures during the year.

08.430 Organic Chemistry: Reactions and Synthesis
Principles of organic chemistry, applied to organic synthesis.

Lectures: Students will attend 30 lectures during the year.

08.431 Advanced Organic Chemistry
Aspects of the investigation of organic reactions including physical-organic chemistry, and bio-organic chemistry.

Lectures: Students will attend 30 lectures during the year.

08.450 Special Topics in Chemistry
Students must choose three topics in specialised areas of chemistry from a selection to be offered.

Lectures: Students will attend 10 lectures in each topic selected. In addition to attending prescribed lectures, students will be required to prepare and discuss a number of selected topics of special interest.

08.460 Analytical Chemistry
This course will cover aspects of advanced analytical chemistry.

Lectures: Students will attend 30 lectures during the year.

PhD in Chemistry
Thesis 08.602 and oral examination. Facilities are available for postgraduate research on a wide variety of topics in all branches of Chemistry. Further information is available from the Head of Department. The PhD course usually takes between two and three years full-time study and research.

DEPARTMENT OF EDUCATION
114.327 Aspects of Science Education
An introduction to children's learning in science, to issues in the philosophy of science relevant to the science curriculum and to a range of other issues in the contemporary international debate concerning science education at primary and secondary level.

Note: Credits obtained from this paper do not count as Stage III Science credits in terms of the BSc Regulation 3(c).

ENVIRONMENTAL MANAGEMENT
772.208 Earth Resources: occurrence exploitation and environmental impact analysis
Occurrence and use of earth resources and environmental impact of resource recovery. Themes include: minerals and elements as resources; groundwater and aquifers; soils; energy sources; volcanic and seismic hazards, and mass movement and subsidence. This paper is taught at the Tamaki Campus.

ENVIRONMENTAL SCIENCE
BSc Stage II
An interdisciplinary paper is offered at Stage II 64.200 Environmental Science
An introduction to local, regional and global environmental issues, especially those related to pollution and resource utilization. The paper will include consideration of the relevant scientific information, social concerns and management options.

MSc
The MSc in Environmental Science is a joint Degree in Environmental Science and another Science subject. It is co-ordinated by the Director of Environmental Science and contributed to by a number of Departments. Students who intend to take the course must consult as early as possible the Director of Environmental Science who will advise on a suitable paper combination for the Degree. A Preparatory Application Form must be submitted by October 31 in the year preceding intended entry to the programme. The course consists of four papers and a thesis 64.601 which shall count as four papers. In the case of a joint degree with Chemistry or Physics three papers will be taken under MSc Regulation 10 Environmental Science (ii) but treated as the equivalent of two papers in the other subjects. The papers are Environmental Science 64.401 plus a selection from Stage III and Masters 400-level papers in Science and other approved subjects.

Students will also be required to attend the Environmental Science seminars. The combination of papers must be approved by the Director of Environmental Science in consultation with the Heads of Departments concerned.

64.401 Environmental Science
The principles and procedures of Environmental Science through an examination of the concepts, theories and methods of Science as they relate to both natural and managed environments. Topics include scientific methods, current issues, environmental monitoring and modelling, analytical techniques, policy and management issues and environmental impact assessment procedures. The course includes compulsory field work. (Available only to students enrolled for an MSc in Environmental Science.)

64.402 Special Topic in Environmental Science
Lectures, laboratory and field work as prescribed by the Director of Environmental Science in consultation with collaborating departments.

64.403 Air, Water and Waste Management
The natural processes involved in air and water and the effect of waste discharges upon them. Treatment options in waste management. The physical characteristics of noise and its propagation. Monitoring strategies and standards for pollution control as used on both a national and regional basis. The paper will include field trips and laboratory work in addition to lectures, discussion sessions and seminars.

The MSc Environmental Science paper 64.404, is not available for the subject Environmental Science but may be taken for other postgraduate courses under the following conditions:

64.404 Environmental Studies
Paper content as prescribed for 64.401. Students who take this
paper will not be expected to participate in the field work sections of 64.401. Instead the in-course work will be as prescribed by the Director of Environmental Science. Students may only take this paper with the joint approval of their Head of Department and the Director of Environmental Science. Students who have enrolled for 64.401 or 64.402, may not enrol for this paper.

DEPARTMENT OF GEOGRAPHY

The Schedule to the Course Regulations for the Degree of BSc should be consulted for the pre and corequisites.

**Geography I**

Two papers are offered on each campus for Geography I. They may be taken separately or together, but students planning to advance in geography should enrol in both. Practical work and tutorials form an integral part of the courses, and participation in these is required. A list of recommended books for each course is included in the departmental Student Guide available from the Geography Department Office.

- **20.101 Geography of the Natural Environment**
  - Water in the environment is the unifying theme for a study of processes in physical geography.
- **20.102 Society, Space and Place**
  - Social and economic processes that determine variation, accessibility and inequality in the spatial allocation of resources both within and between nations.
- **T20.151 Geography of the Natural World**
  - An introduction to general principles and issues of contemporary physical geography. Emphasis is on the structure and dynamics of climatic and earth surface processes and the flow of energy and water through natural environmental systems. Relationships with human activity are also considered.
- **T20.152 People, Pattern and Process**
  - Integration of environmental, economic and social processes as they impact on the spatial patterns of human development and resource use at regional, national, and international levels.

**Geography II**

Six papers are offered for Geography II on the City campus, and three on the Tamaki campus. Students planning to advance in geography on the City campus should enrol for 20.204 (or equivalent), 20.201 and 20.202, or, at Tamaki, for T26.187 (equivalent to 20.204), T20.251 and T20.252. Students advancing in other subjects may take papers separately. A list of recommended books for each of the papers is included in the departmental Student Guide available from the departmental secretary.

- **20.201 Processes in the Natural Environment**
  - Environmental processes in biogeography, climatology, geomorphology and hydrology are considered with energy flow and transformation as a unifying theme.
- **20.202 Society, Economy and Environment**
  - The location and organisation of economic activities in Western societies and their relationship to other aspects of social organisation. Principles and models that are used in geography to represent and interpret these relationships are considered.
- **20.203 Remote Sensing Techniques**
  - Photogrammetry, photo interpretation and an introduction to more recent techniques of remote sensing and their application.
- **20.204 Statistical Techniques in Geography**
  - Elementary statistical methods for the non-mathematical student, including descriptive statistics, the testing of simple statistical relationships, and the use of computer processing (SAS).
- **20.205 Human Impact in the Environment**
  - An examination of humanity as a modifier of the soil, atmosphere, land and other aspects of the natural and cultural world.
- **T20.205 Human Impact in the Environment**
  - As prescribed for 20.205. This paper is taught at the Tamaki Campus.
- **T20.251 Earth Surface and Atmospheric Processes**
  - A study of natural processes operating in climatic, hydrologic, geomorphic and biotic systems. Emphasis is on the role of water and energy in earth surface and atmospheric processes. Relationships with human activity are also considered.
- **T20.252 Economy, Society and Environment**
  - Principles and models used in geography to explore and clarify the relationships between human behaviour and economic location. The organisation and structure of economic activities is examined within the wider social, environmental and policy framework.

**Geography III**

Each paper will involve at least two hours of lectures, seminars, or laboratory work per week, but student participation in these activities is required. Practical work and tutorials form an integral part of the courses, and participation in these is required. A list of recommended books for each of the papers is included in the departmental Student Guide available from the Geography Department Office.

- **20.302 Regional Processes and Development**
  - The interplay between agents and mechanisms shaping the nature and distribution of economic activity on the one hand, and the characteristics of regions or the other. Attention is given to the systems of government, the state, cities and territories as they relate to the geography of capitalist production. These topics are discussed in the context of different sectors, systems of government, and nations.
- **20.303 Geomorphology and Hydrology**
  - Geomorphological and hydrological systems with special reference to coasts, slopes and karst environments. 20.303 includes a residential field trip.
- **20.304 Biogeography and Climatology**
  - Concepts and methods in environmental climatology and biogeography.
- **20.305 Population Process Policies and Techniques**
  - Components of change in human populations (fertility, mortality, migration), population structure (sex and age, ethnicity, economic activity) and population distribution (urbanisation, segregation, regional development), patterns of health and morbidity, and systems of service delivery.
- **20.312 Development in the Asia-Pacific Region**
  - Development processes and issues in the countries of South East Asia and the Pacific Islands. Themes include development theory, colonialism and historical change, population dynamics, agrarian systems and change, migration, urbanisation, international linkages, and development strategies.
- **T20.313 Advanced Statistical Analysis in Geography**
  - An introduction to multivariate statistical methods and their application to model building and systems analysis.
- **20.314 Geographic Information Systems and Image Processing**
  - Principles, techniques and applications of geographic information systems, including computer analysis and presentation of cartographic and remotely sensed data.
- **20.315 Research Design and Methods in Human Geography**
  - A lecture, practical and field course which considers the principles of research design, methods and practice of data collection, sources of published and unpublished data, experience in analytical techniques and the presentation of results. The paper includes a residential field course of at least seven days normally held in the first week of the May study break.
- **20.320 Resources and Environmental Management**
  - Planning for the effective utilisation of natural resources through understanding the functioning of natural and man-modified ecological systems and the institutional structures determining their use.
- **20.321 Special Topic**
  - 1994: Geography of the Maori
  - The patterns and processes involved in the distributions of such major geographical themes as Maori population, settlements and communications: cultural contact and diffusion; land, the environment and resources; economic and social development. An historical and cultural geographical approach emphasising Maori perspectives and methodology will be used. The methodology will have a large experiential component for the students relative to their contact with Maori keepers of knowledge.

**Geography for MSc and Honours**

Four papers and a thesis (20.601)

A candidate is expected to enrol for and sit the four papers in the first year, present the thesis (which is the equivalent of three papers) in the year next following and submit it for examination by January of that year. Papers shall be selected from 20.400 to 20.447. Further information (including recommended books) is available from the departmental Student Guide available from the Geography Department Office.
included in the Student Guide available from the Geography Department Office.
There is an overall limit on the number of Masters students for 1994. Students should consult the Graduate Advisor as soon as possible after the completion of the Bachelors Degree in order to discuss the graduate programme.

*20.400 History and Nature of Geography

20.410 Change and Transition in the Pacific

The patterns and processes of island bio-physical environments, population, economic organisation and resource use.

20.420 Biogeography

Analysis of theories and quantitative methods in biogeography.

20.421 Climatology

Topics in environmental climatology, and climate resource evaluation.

20.422 Geomorphology

An analysis of major ideas in systematic and regional geomorphology, with a focus on the S.W. Pacific and New Zealand.

20.424 Hydrology and Fluvial Geomorphology

Pure and applied aspects of hydrology and fluvial geomorphology, incorporating field and laboratory techniques.

20.430 Land Use Studies

The role of natural resources, the state and economic and social forces in influencing the use of land.

20.431 Cultural Geography

Cross cultural themes in the study of people-nature relationships.

20.432 Regional Development Studies

Studies of regional economic growth and restructuring, focussing on development models and contemporary events in the global economy.

20.434 Population Geography

Analysis and applications of the methods and materials of demography.

20.436 Urban Social Geography

Emphasis is on the social processes that underlie spatial patterns of Western (particularly New Zealand) cities.

20.440 Remote Sensing

An advanced study of remote sensing applications involving analysis of a range of recent imagery and data.

20.441 Coastal Studies

Topics in historical coastal geomorphology and coastal management with process as the unifying theme.

20.442 Evaluation in Environmental and Resource Planning

An examination of methods for the evaluation of resource development proposals.

20.443 Digital Mapping Systems

The study of computer assisted cartography with special reference to its role in Geographic Information Systems in New Zealand.

20.444 Special Topic

1994: The Geography of the Built Environment

An analysis of the socio-economic processes shaping the evolution of built environments.

20.445 Special Topic

20.446 Special Topic

20.447 Special Topic

DEPARTMENT OF GEOLOGY

The Schedule to the Course Regulations for the Degree of BSc should be consulted for pre and corequisites.

Stage I

Three 6 credit papers are offered for Geology I. All three papers may be taken and papers 21.110 and 21.111 may be taken separately. Students intending to advance to Geology Stage II must take papers 21.111 and 21.112.

T21.108 Earth Materials and Processes

Earth as a planet; earth materials and the regolith; past life and evolution; applied paleontology; Quaternary times; earth resources and geohazards. This paper is taught at the Tamaki Campus.

21.110 Planet Earth

Field exercises held on weekends.

Earth as an evolving planetary body. Philosophy of earth sciences, fossils and evolution, natural hazards and earth resources.

Field Classes: Each student will be required to attend two one-day field classes arranged usually on weekends during term time.

Laboratory/Tutorial Classes: Each student will be required to do exercises and essays and attend two one-day laboratory/tutorial classes to be in weekends.

21.111 Introduction to General and Environmental Geology

Field Classes: Each student will be required to attend two one-day field classes, arranged usually on weekends during term time.

Practical Work: One two-hour practical class must be attended each week. A pass in both the practical course and the written paper is necessary.

21.112 Geological Materials and Methods

Field Classes: Each student will be required to attend two one-day field classes, arranged usually on weekends during term time.

Practical Work: Two two-hour practical classes must be attended each week: A pass in both the practical course and the written paper is necessary.

Stage II

Field Classes are a compulsory part of each paper and students must be prepared to pay a large part of the cost.

Attention is drawn to the inclusion in the BSc Schedule of 52.231 Geomechanics I as a Stage II course relevant to those students with an interest in mining or engineering geology.

The following five courses are offered:

21.200 Introduction to Field Geology

Seven days field work.

Introduction to the techniques of geological mapping. Each student will be required to produce a geological map and a report on their field mapping exercise.

Note: With permission of the Head of Department the prerequisites for this paper may be waived.

21.211 Principles of Structural Geology and Geophysics

Elements and mechanical principles of structural geology. Introduction to applied geophysics and solid earth geophysics.

Practical Work: A pass in both the practical course and the written paper is necessary.

21.212 Principles of Historical Geology and Paleontology

Stratigraphic principles and practice, the code of nomenclature, definitions and application. Introductory paleontology: systematics, evolution, functional morphology; palaeoecology.

Field Classes: One day excursions may be arranged throughout the year.

Practical Work: A pass in both the practical course and the written paper is necessary.

21.213 Principles of Mineralogy

Field Classes: One day excursions may be arranged during this course.

Practical Work: A pass in both the practical course and the written paper is necessary.

21.215 Principles of Petrography

The major rock-forming minerals. Introduction to igneous, metamorphic and sedimentary petrography.

Field Classes: One day excursions may be arranged during this course.

Practical Work: A pass in both the practical course and the written paper is necessary.

Stage III

Attention is drawn to the inclusion in the BSc Schedule of 52.331 Geotechnical Engineering, 52.332 Geomechanics II, 56.312 Evaluation and Mineral Economies and 56.314 Rock Mechanics as Stage III courses relevant to those students with an interest in engineering or mining geology.

Field Classes: Field classes are a compulsory part of each paper and may be held anywhere in New Zealand. Students must be prepared to pay a large part of the cost of field excursions.

The following seventeen courses are offered:
21.300 Field Methods for Geology
Photogrammetry, photogeology. A field report and map of a
selected area.

Note: This course must be taken by all Geology students taking Geology III papers (21.300) totaling 6 credits or more. Under special circumstances the Head of Department may permit a student to take 21.300 rather than 21.300.

21.303 Advanced Paleontology
Advanced treatment of some major invertebrate groups (including Foraminiferida, Brachiopoda, Mollusca, Coelenterata) covering their morphology, origin, evolution, paleoecology and geological history. Paleozoic principles and practice, paleoecology of other groups of organisms.

Field Classes: A total of about five days of field work will be arranged throughout the year anywhere in New Zealand. Practical Work: A pass in both the practical course and the written paper is necessary.

Note: Since the prerequisites for this course are first-year courses it is possible to take 21.303 as a second-year course; students who intend to major in Geology must obtain the permission of the Head of Department to take 21.303 in their second year.

21.306 Applied Geophysics
A lecture course covering physical principles, equipment and techniques used in investigating the physical composition of the earth's crust and in mineral exploration. Standard numerical and graphical interpretation methods are discussed, and are used to interpret gravity, magnetic, seismic and DC-resistivity measurements to derive realistic geological gross structures and structures of mineral deposits.

21.307 Experimental Geophysics (Joint Laboratory Course with Physics Department)
This is a laboratory course associated with 21.306. Use and calibration of geophysical instrumentation, experiments to illustrate basic principles, analysis and interpretation of field data involving both Geology and Geophysics. This course is identical with course Physics 31.393, and those students who satisfy the prerequisites should enrol in 31.393.

Field Classes: A total of about five days of field work will be held throughout the year anywhere in New Zealand. Students will be required to do a considerable amount of reading and prepare assignments and seminars outside designated course hours.

Field Classes: A total of about 5 days may be spent in the field throughout the year.

21.310 Geology of Australasia and the South West Pacific
Geological evolution of Australasia, the islands of the S W Pacific and the Pacific and Tasman ocean crust.

Field Work: Each student will be required to do at least one day of field work.

21.311 Advanced Structural Geology
Principles of structural analysis; fault patterns; strain analysis; regional metamorphic structure.

Field Classes: Two one-day field excursions. Practical Work: A pass in both the practical course and the written paper is necessary.

21.312 Advanced Sedimentology
Modern sedimentary processes, sedimentary facies models; basin analysis, tectonics and sedimentation.

Field Classes: A total of about 5 days of field work may be arranged. Practical Work: A pass in both the practical course and the written paper is necessary.

21.314 Introduction to Mineral Deposits
Fossil fuels, industrial minerals, and metallic deposits.

Field Classes: Each student will be required to do at least one day of field work.

Practical Work: A pass in both the practical course and the written paper is necessary.

21.315 Advanced Igneous and Metamorphic Petrology
Petrography, chemistry, genesis and regional settings of igneous and metamorphic rocks.

Field Classes: A total of about five days of field work will be required.

Practical Work: A pass in both the practical course and the written paper is necessary.

21.318 Introduction to Engineering Geology
Introduction to engineering geology. Characterisation of rock, soil and defects, slope movement, surface and subsurface engineering geological investigations.

Field Classes: Two one-day field excursions.

Practical Work: A pass in both the practical course and the written paper is necessary.

21.319 Special Topics in Mineralogy and Geochemistry
Abundance and distribution of elements and element partitioning including kinetic and thermodynamic aspects, Crystallography and crystal chemistry. Chemical aspects of aqueous systems. Chemistry of geochemical systems. Instrumental methods for major and trace element analysis.

Practical Work: A pass in both the practical course and the written paper is necessary.

Note: with the permission of the Head of Department, the prerequisites and corequisites for this paper may be waived.

21.324 Advanced Mineral Deposits

Field Classes: Each student will be required to do at least two days of field work.

Practical Work: A pass in both the practical course and the written paper is necessary.

21.381 Advanced Mining Geology
The role of geology in mining. Case histories.

Field Work: Each student will be required to do at least one day of field work.

Note: Enrolment requires permission of Head of Geology Department for Science students or Head of Department of Mining Engineering for Engineering students.

21.382 Applied Coal Geology
Coal geology, coal exploration and mining.

Field Work: Each student will be required to do at least one day of field work.

Note: Enrolment requires permission of Head of Geology Department for Science students or Head of Mining Engineering for Engineering students.

21.384 Exploration and Mining Geology
Methods in applied structural and engineering geology in the mine environment. Methods in exploration and evaluation of ore deposits.

Field Work: Each student will be required to do at least one day of field work.

Note: Enrolment requires permission of Head of Geology Department for Science students or Head of Mining Engineering for Engineering students.

21.386 Applied Geophysics for Mining
Equipment and techniques used in mine development and investigation of mineral deposits.

Field Work: Each student will be required to attend a field camp and prepare a report on a geophysical project.

Note: Enrolment requires permission of Head of Geology Department for Science students or Head of Mining Engineering for Engineering students. (Three papers and a thesis 21.603.)

52.331 Geotechnical Engineering
Geological principles applied to engineering problems.

Field Work: Each student will be required to do at least two days of field work.

Note: Enrolment requires permission of Head of Geology Department for Science students or Head of Department of Civil Engineering for Engineering students.

52.332 Geomechanics I

52.333 Geotechnical Engineering

56.101 Mineral Engineering

56.312 Evaluation and Mineral Economics

56.314 Rock Mechanics

BSc(Hons) Part IV in Geology
(Three papers and a thesis 21.603.)

The Regulations which cover the BSc(Hons) course are listed elsewhere. Students enrolled for BSc(Hons) Part IV in Geology undertake course work as for first-year MSc students and will select three from the following papers prescribed for the MSc Degree (21.401 to 21.450 but not 86.100 or 86.102). In addition, they must complete a research project by the beginning of the second half of the academic year, and the marks allotted for the project report count as equivalent to one paper. Students who wish to be considered for enrolment should consult the Head of Department prior to enrolment or at any time during the preceding year. Students who have been admitted to Part IV should consult the Geology staff about textbooks and particularly about fourth-year research projects at the end of their Stage III year.

BSc(Hons) Part IV in Applied Geology
[Three papers and a thesis (21.613).]

Students enrolled for BSc(Hons) Part IV in Applied Geology
Prerequisites: A BSc with 24 Stage III credits, of which at least 12
must be from Geology.

MSc and Honours in Geology

Three papers and a thesis (21.601)
The MSc in Geology consists of three written papers to be selected from 21.401 to 21.450 and 86.404 together with a thesis which, for examination assessment, counts as three written papers.

The course requires full-time attendance.

21.401 Tectonics and Structural Geology
Advanced topics on principles of deformation in rocks. Regional structure and tectonics of selected areas of the earth.

21.402 Sediments and Sedimentary Processes
Sedimentary processes and products in both ancient and modern settings. Identification and interpretation of sedimentary environments; the provenance and subsequent diagenetic history of terrigenous and carbonate sediments.

21.403 Stratigraphy and Palaeontology
Principles and practice in stratigraphy and correlation, the fossil record and its interpretation, the historical geology of New Zealand.

21.404 Advanced Studies in Mineral Deposits
Advanced studies of selected types of mineral deposits with respect to their physicochemical conditions of formation and subsequent modification.

21.405 Genesis of Igneous and Metamorphic Rocks
Studies in the petrology of igneous and metamorphic rocks, covering geological settings, volcanology, PT environments, petrochemistry and mineral assemblages with emphasis on recent developments in the theoretical, experimental and observational fields.

21.406 Advanced Applied Geophysics
The theory and practice of the interpretation of geophysical measurements. Topics covered are: potential field theory, quantitative interpretation of gravitational and magnetic anomalies (two and three-dimensional bodies), DC and AC resistivity measurements, seismic wave transmission, refraction and reflection studies.

Practical work: The year’s practical work will be assessed by means of exercises to be completed during the lecture course and two essays and discussion of a seminar topic.

Note: This course is the same as 31.433 but presented at a less advanced level.

21.407 Geochemistry of Thermal Fluids
Geothermal systems. The chemistry of minerals, rocks and fluids. The abundance and distribution of the elements. Special topics in petrochemistry and mineral assemblages with emphasis on recent developments in the theoretical, experimental and observational fields.

Note: This course is the same as 31.433 and is given jointly with 21.478, 21.484; and any approved paper listed in the ME Schedule. The papers taken for the MSc in Applied Geology must be selected from three of the following:

21.408 Advanced Engineering Geology
As in Schedule for MSc and Honours in Geology.

21.484 Economic and Mining Geology
The exploitation and exploration of mineral deposits and other economically important earth materials.

Any One Approved Paper Listed in the ME Schedule
Enrolment requires permission of the Head of Department concerned.

Only one paper may be selected from this group.

21.471 Special Topic in Applied Geology
Either any two papers selected from courses offered in the 3rd Professional Year of BE and/or Stage III BSc papers which have not already been taken or any approved paper from the MSc Schedule. Enrolment requires permission of the Head of Department concerned.

21.473 Special Topic in Mineral Processing
Any two papers selected from courses offered in the 3rd Professional Year of BE (Mining Engineering). Enrolment requires permission of the Head of Department concerned.

21.474 Special Topic in Mining Geology
Any two papers selected from courses offered in the 3rd Professional Year of BE (Mining Engineering). Enrolment requires permission of the Head of Department concerned.

21.478 Special Topic in Engineering Geology
Any two papers selected from courses offered in the 3rd Professional Year of BE (Civil). Enrolment requires permission of the Head of Department concerned.

21.484 Geothermal Exploration Technology
As prescribed for MSc and Honours in Geology.

Note: This paper when taken for MSc in Applied Geology has a corequisite 86.401 (as prescribed for ME).

PhD in Geology
Thesis (21.602) and an oral examination.

Facilities are available for research by PhD candidates in many branches of Geology: geochemistry, petrology, volcanology, mineralogy, structural geology, palaeontology and stratigraphy, sedimentology, marine geology, geophysics, engineering and mining geology. Students intending to work for this Degree should have reached a satisfactory level of attainment in BSc(Hons) or MSc.

SCHOOL OF MATHEMATICAL AND INFORMATION SCIENCES

DEPARTMENT OF COMPUTER SCIENCE

Stage I Courses
07.100 Principles of Computing (a)
This paper, taught in the first half year, introduces computers, computer programming in a high-level language (Pascal), and the use of application packages. Machine-level concepts and the role of computers and computer professionals in society are also introduced. This paper is intended for students who may wish to advance in Computer Science.

07.105 Principles of Computing (b)
The paper extends the programming skills of 07.100. The paper also introduces the area of data structures and data representation, the study of ways of efficiently organising and manipulating collections of data needed for representing real and abstract objects.

07.111 Introduction to Computing and Applications
This paper is intended for those who have no knowledge of computers or programming, but who will find computing useful as a supplement to their principal subjects. The topics covered in the paper are similar to those covered in 07.100 but presented at a less
advanced level and with more emphasis on using existing applications for solving problems and less depth in programming. In addition, 07.111 is spread over a full year so concepts are introduced at a slower rate than 07.100. This makes 07.111 a suitable introduction to computing for students who would like to continue with the subject but who have had little experience with using computers. Students may proceed from 07.111 to 07.100. Students who do very well in 07.111 may be given permission by the Head of Department to substitute 07.111 for 07.100 as a prerequisite.

**T07.115 Computers and Programming**  
This paper introduces the topic of computer programming; the use of artificial languages to describe algorithms and data. The paper has a considerable laboratory component. The paper is taught on the Tamaki Campus and is intended for students who wish to advance in Information Systems, Computer Science or Information Technology. **26.165 Introduction to Computational Applied Mathematics**  
As prescribed for the Departments of Mathematics and Statistics. **T26.165 Introduction to Computational Applied Mathematics**  
As prescribed for the Departments of Mathematics and Statistics. This paper is taught at the Tamaki Campus. **T74.110 Computers and Information Systems**  
As prescribed for the Department of Management Science and Information Systems. This paper is taught at the Tamaki Campus.

**Stage II Courses**

**07.211 Computer Systems**  
This paper explores how computer systems work in both hardware and software. The architecture of one particular computer, and its assembly language, is studied in some depth. The paper also introduces computer input/output, including data communications, the functional architecture of computers, and the function and architecture of system software. **07.222 Data Base Management Systems**  
An introduction to the basic concepts and techniques of managing data in an organisation. Topics include data models (hierarchical, network and relational), and the functions provided by common commercial data base management software environments. **07.233 Elements of Software Engineering**  
This paper is essentially the same as 07.231, but is a full-year paper taught at the Tamaki campus.

**07.231 Introduction to Software Engineering**  
Issues in developing and analysing large complex programs. Tools for analysing program performance. Practical case studies in algorithms and data structures. **07.232 Software Reliability and Design**  
Modularity and reuse. Object-oriented programming. Techniques for analysing the reliability of programs. Practical case studies in reliability. Algorithm and data structure design. **07.342 Data Communications**  
This paper provides a practical introduction to programming in artificial languages to describe algorithms and data. The paper has a considerable laboratory component. The paper is taught on the Tamaki Campus. **07.324 Data Communications**  
As prescribed for the Departments of Management Science and Information Systems. **T74.222 Data Base Management**  
As prescribed for the Department of Management Science and Information Systems. **T74.224 Introduction to Data Communications**  
As prescribed for the Department of Management Science and Information Systems. **26.290 Numerical Computation**  
As prescribed for the Departments of Mathematics and Statistics.

**Stage III Courses**

**07.301 Topic in Computer Science (a)**  
1993: Software Engineering **07.302 Topic in Computer Science (b): Data Communications Technology**  
1994: History of Computing **07.303 Topic in Computer Science (c)**  
1994: History of Computing

One or more of these topics papers may be taught in any particular year. The actual contents of such courses and the requirements that must be met before departmental approval to enrol in them is given, will be announced prior to enrolment. Enrolment is subject to the approval of the Head of Department. **07.310 Computer Organisation**  
The functioning and organisation of modern computer systems. Logic elements, processor components, processor organisation, data representation and instruction formats, microprogramming, input/output systems and hierarchical memory systems. Case studies of several computer systems and processor designs. **07.315 Computer Graphics**  
This paper covers the fundamentals of computer graphics, and gives a brief introduction to the field of image processing. Topics include: uses of computer graphics; graphics hardware; the GKS system; graphics programming; 2D and 3D display algorithms; high quality image rendering; an introduction to image processing. **07.330 Language Implementation**  
What is an operating system? Operating system principles: concurrent processes, processor management, memory management, disk management, other peripherals, security. Interacting with people: system implementation and job control languages. **07.342 Data Communications**  
An introduction to data communications technology and network techniques, including the Open System Interconnection model, local area networks, wide area networks, packet switching and network security. **07.351 Mathematical Foundations of Computer Science**  
Mathematical preliminaries: graphs, trees, semi-groups, Grammars. Finite state automata and regular languages. Pushdown automata and context-free languages. Turing machines and computability. **07.352 Design and Analysis of Algorithms**  
A study of aspects of problem solving and algorithm design, including the following topics: algorithm efficiency, order analysis, profiling, design levels, fine tuning, abstract data types, program verification, invariants, recursion, parallel algorithms, and decidability. **07.362 Artificial Intelligence**  
This paper, taught in the second half year, provides an introduction to Artificial Intelligence (AI). AI is concerned with the construction of computer systems that are able to carry out tasks that are thought to require "intelligence". The paper introduces the basic concepts of AI. There will be some practical experience with existing AI systems. **07.363 Functional and Logic Programming**  
This paper provides a practical introduction to programming in functional and logic programming languages. In particular, it introduces a declarative style of programming, in which the emphasis is placed more on what a program is to achieve than how it is to achieve it. **07.380 Undergraduate Project in Computer Science (a)**  
07.381 Undergraduate Project in Computer Science (b)  
07.382 Undergraduate Project in Computer Science (c)  
Each student taking one of these papers will be expected to do an individual practical project under the supervision of a member of staff. Only students with excellent academic records will be allowed to take these papers, and only after a supervisor and topic have been agreed upon by the Head of Department. **26.390 Numerical Analysis**  
As prescribed for the Department of Mathematics and Statistics. **26.391 Optimisation in Operations Research**  
As prescribed for the Department of Mathematics and Statistics. **T26.391 Optimisation in Operations Research**  
As prescribed for 26.391. This paper is taught at the Tamaki Campus. **26.395 Mathematics Modelling for Operations Research**  
As prescribed for the Department of Mathematics and Statistics. **74.324 Data Communications**  
As prescribed for the Department of Management Science and Information Systems.
**BSc (Honours) in Computer Science**

The Regulations covering the BSc (Honours) in Computer Science are included in the general regulations for the Degree. This course is designed to allow students of high ability to complete an Honours degree in four years and thus be eligible to proceed directly to a PhD degree and be eligible for the award of postgraduate scholarships. Students who obtain the BSc (Honours) will be permitted to advance to an MSc by presenting a thesis or by pursuing an approved advanced course of study.

**Courses for MSc and Honours**

Candidates for this Degree select papers totalling 24 credits approved by the Head of the Computer Science Department. Normally these papers are selected from the list that follows.

In addition, students write a thesis (07.601) or take an advanced course of study (07.605), either of which counts as 24 credits. Not all 400 level papers will be offered each year. Intending students should request the postgraduate course booklet available from the Department.

</table>

As prescribed for the Degree of Bachelor of Engineering. Enrolment requires the permission of the Head of Department of Computer Science and the Head of Department of Electrical and Electronic Engineering.

**Diploma in Computer Science**

See under Diploma Regulations and Prescriptions.

**Postgraduate Research: MSc Thesis and PhD**

Facilities are available for MSc and PhD research in a range of topics in Computer Science. Further information is available from the Head of Department. The PhD course usually takes between two and three years of full-time study and research.

**DEPARTMENTS OF MATHEMATICS AND STATISTICS**

**Basic Skills**

A course covering basic skills in mathematics is offered by the Student Learning Centre. It is designed for students who have not studied mathematics for some years or those whose background in mathematics is weak. It meets each week during the first term for a lecture or tutorial session; ongoing assistance is available throughout the year if required. Students can obtain notes with numerous worked examples as well as access to computers with further examples. Register for this non-credit course with the Student Learning Centre, 1st Floor Library Building.

The six papers 26.100, 26.101, 26.151, 26.152, 26.251, 26.252 form a sequence of combined algebra and calculus. Each paper is taught for half a year and each is offered in each half of the year. Except with the approval of the Head of Department, students may enrol in at most one of these papers in each half year. Each paper is effectively a prerequisite for the next paper in the sequence. However these prerequisites will be waived for students with adequate background as follows: students without 7th form mathematics and with little background in mathematics will enrol in 26.100; students scoring 55 or fewer marks in a Bursary Mathematics paper, or the equivalent, will enrol in 26.101; students scoring over 35 marks in a Bursary Mathematics paper, or equivalent, with enrol in 26.151. In all these cases students may choose to enrol in the paper specified above in the first half year and in its immediate successor in the second half year.

**Transitional Arrangements**: Students who have already passed one of 26.120 or 26.121 and 26.140 or 26.141 but not the other may enrol in the other in 1994. On completion of the second of these papers such students will be deemed to have satisfied the...
prerequisites for entry into 26.251 and 26.252.

26.091 Mathematics for Wellesley Programme
Refer to Wellesley Programme under Preliminary Course in this Calendar.

Stage I Papers

26.100 Mathematics 1
Students without 7th form mathematics and with little background in mathematics will enrol in this paper.
Basic algebra and trigonometry, coordinate geometry of polynomial functions, solution of linear and quadratic equations and inequalities.

E26.100 Mathematics 1
As prescribed for 26.100. This paper is taught at the Auckland College of Education.

26.101A Mathematics 2
This paper is intended for students with sufficient background to take the standard Stage I papers. Students scoring more than 55 in Bursary Mathematics may not enrol in this paper.
Binomial theorem, linear programming, rational functions, complex numbers, calculus of polynomial functions. This paper is taught in the first half of the year.

26.101B Mathematics 2
As prescribed for 26.101A. This paper is taught in the second half of the year.

T26.101 Mathematics 2
As prescribed for 26.101. This paper is taught at the Tamaki Campus. It is also taught on the City Campus of the University as 26.101 and on the campus of the Auckland College of Education with the paper number E26.101. This is a full year paper.

E26.101 Mathematics 2
As prescribed for 26.101. This paper is taught on the campus of the Auckland College of Education. It is also taught at the City Campus of the University as 26.101 and on the Tamaki Campus with the paper number T26.101. This is a full year paper.

26.105 Algebra and Calculus
Refer to the Department of Optometry prescriptions.

T26.107 Algebra and Calculus
This paper is the standard Stage I Pure Mathematics paper for all students at the Tamaki Campus except those in the Faculty of Commerce. Tamaki students with a weak mathematical background usually take 26.101 before 26.107 (see entry above). Syllabus: matrices and vectors, limits, differentiation and integration in one and two dimensions.

26.108 Algebra and Calculus for Commerce
Algebra and calculus and their applications in business and economics: sets; real numbers; integers; matrices; linear algebra including linear functions, equations and inequalities, linear programming; non-linear algebra including non-linear functions, equations and inequalities; limits and continuity; differential calculus of one and several variables; integral calculus of one variable.

T26.108 Algebra and Calculus for Commerce
As prescribed for 26.108. This paper is taught at the Tamaki Campus.

26.121 Introductory Algebra
Introduction to linear algebra and real analysis: the real line, linear equations, vectors and geometry, differential calculus of one variable. This paper is taught in the first half of the year.

26.132B Advanced Mathematics 2
Further linear algebra: matrices and determinants, vector spaces, basis and dimension, linear transformations. Integral calculus and ordinary differential equations. Further real analysis: sequences and series, Taylor series. This paper is taught in the second half of the year.

26.141 Introductory Calculus

26.142 Concepts of Calculus
This sequence of two papers 26.121 and 26.141 are offered as transitional papers for 1994. Only students who have passed either 26.140 or 26.141 or 26.142 but neither 26.120 nor 26.121 may enrol in 26.121. Only students who have passed either 26.120 or 26.121 but neither 26.140 nor 26.141 nor 26.142 may enrol in 26.141. On passing the second of these papers students will be deemed to have satisfied the prerequisites for entry into 26.251.

Syllabus for Mathematics 26.121: integers and induction; complex numbers; linear equations and matrices; vectors and geometry of 2 and 3 dimensions, polynomials; brief introduction to abstract algebra.

Syllabus for 26.140 and 26.142: limits, continuity; derivatives and integrals; differential calculus of polynomials and rational functions; antiderivatives and integrals of polynomials; logarithmic, exponential and circular functions; calculus in Euclidean geometry; applications.

26.151A Mathematics 3
Brief introduction to mathematical modelling, number systems, induction, polynomials, and the real line. Introduction to linear algebra, systems of linear equations, vectors and geometry. Functions, limits, differential calculus, curve-sketching. Complex numbers. This paper is taught in the first half of the year.

26.151B Mathematics 3
As prescribed for 26.151A. This paper is taught in the second half of the year.

26.152B Mathematics 4
The integers and their properties, Euclidean algorithm, introduction to discrete mathematics. Integral calculus, logarithmic and exponential functions, integration methods. Further linear algebra: metric properties of vectors, matrix algebra, determinants, introduction to eigenvalues and eigenvectors. This paper is taught in the second half of the year.

26.165 Introduction to Computational Applied Mathematics
A computer-oriented course in which the computer will be used as a tool to simulate and/or numerically solve problems from a wide area of applied mathematics. Topics covered will include scientific computation, Monte Carlo simulation techniques, symbolic and numerical computation packages.

T26.165 Introduction to Computational Applied Mathematics
As prescribed for 26.165. This paper is taught at the Tamaki Campus.

26.175 Introduction to Mathematical Modelling
Construction of mathematical models and solutions to problems with elementary examples from geometry, mechanics, population dynamics, conflict models, etc. Solution procedures will require methods of algebra, geometry, calculus and elementary differential equations.

26.180 Principles of Statistics
Counting and numerical summaries of data, probability axioms, random variables, probability distributions, expected values, discrete and continuous distributions, sampling distributions, small and large sample inference, nonparametric methods, straight line regression.

This paper is a prerequisite for 26.280 and the more theoretical Stage III papers in the subject. However, students without adequate Bursary marks e.g. less than approximately 65 in Bursary paper of Mathematics with Statistics are advised to enrol in 26.181. Further information is available from the Department.

26.181 Introduction to Probability and Statistics
The syllabus is similar to that of 26.180 but with less emphasis on mathematical proofs and more emphasis on statistical techniques and their applications. There are follow-up Stage II and III courses. Students who do very well in 26.181 and have the necessary pure mathematics background may be permitted by the Head of Department to enrol in 26.280.
One stream of 26.181 is taught on the campus of the Auckland College of Education with the paper number 26.182.

26.182 Introduction to Probability and Statistics
As prescribed for 26.181. This paper is taught at the campus of the Auckland College of Education.

T26.187 Probability and Statistics
This paper is the standard Stage I Statistics paper for all students at the Tamaki Campus except those in the Faculty of Commerce. Its syllabus is as for 26.181, but extended to include the use of
computers for statistical analysis.

26.188 Probability and Statistics for Commerce
Probability and statistics and their application in business and economics: probability axioms; random variable; expected value and variance; probability distribution; Markov processes; decision theory; sampling; descriptive statistics; statistical inference applied to small and large samples; analysis of frequencies; analysis of variance; correlation and regression; time series analysis; use of statistical computer packages.

T26.188 Probability and Statistics for Commerce
As prescribed for 26.188. This paper is taught at the Tamaki Campus.

Stage II Papers

In accordance with Regulation 5 of the BSc Regulations and Regulation 8 of the BA Regulations, the Head of Department may waive the prerequisites listed in the Schedule in particular cases. This applies particularly to students who have passed 26.181 or 182 or 188 instead of 180.

The papers 26.251 and 26.252 have 26.152 as prerequisites. Both papers will be taught for half a year and each will be offered in each half year. As a transitional measure, the two papers 26.220 and 26.240 will both be offered in 1994. Students should note that these papers will not be offered in subsequent years, so students requiring two papers in algebra and calculus at Stage II are strongly advised to enrol in 26.251 and 26.252. The two papers 26.220 and 26.240 will both be taught for the whole year only.

26.200 Tutoring in Mathematics
A predominantly practical course in which selected students learn mathematics and tutoring skills in a first year university Mathematics classroom situation. Five weeks of lectures are given prior to the commencement of the practical component. Normally, students in this course will have passed at least Stage I credits including at least 12 in Mathematics, and concurrent enrolment in at least one other Stage II Mathematics paper will be required.

T26.207 Intermediate Mathematics
Matrix and vector algebra, multivariable calculus, differential equations and the use of symbolic computing with applications.

26.208 Mathematics for Commerce
This paper is available under the Regulations for the Degree of Bachelor of Commerce. Refer to Bachelor of Commerce course prescriptions under Department of Mathematics and Statistics, Faculty of Commerce.

T26.208 Mathematics for Commerce
As prescribed for 26.208. This paper is taught at the Tamaki Campus.

26.210 Principles of Mathematics
The course consists of a wide selection of topics from various branches of Mathematics. Further information about the course may be obtained from the Department of Mathematics and Statistics.

26.220 Linear Algebra
Matrices, vector spaces, linear mappings, determinants, eigenvalues and eigenvectors, non-singular reduction of quadratic forms. Sylvester's law of inertia, inner products, orthogonal reduction of real quadratic forms.

26.225 Discrete Mathematics
Elementary logic, principles of counting, induction, recursion, relations and functions, graphs and trees, algorithms.

*26.231A Advanced Mathematics 3
Inner product spaces and orthogonality, eigenvalues and eigenvectors, quadratic forms, Multivariable calculus; curves and surfaces, vector analysis, multiple integration. This paper is taught in the first half of the year.

*26.232B Advanced Mathematics 4
Special topics in advanced mathematics. This paper is taught in the second half of the year.

26.240 Calculus
Algebra and geometry of vectors in three dimensional space; calculus of vector valued functions, curves, functions of several variables, partial derivatives, chain rule, maxima and minima, divergence and curl; multiple integrals; least upper bounds; sequence and series, introduction to power series.

26.251A Mathematics 5
Vectors and matrices; inner products and orthogonal matrices; symmetric matrices. Limits. Sequences, series and tests for convergence. Curves. Limits, continuity and differentiation of functions of several variables; tangent planes, chain rule, directional derivatives, gradient, maxima and minima, Lagrange multipliers. This paper is taught in the first half of the year.

26.252B Mathematics 6
Vector spaces and linear transformations; inner product spaces and orthogonal maps. Similarity, spectral decomposition of matrices. Orthogonal diagonalization of symmetric matrices, quadratic forms. Double and iterated integrals; double integrals in polar coordinates. Vector fields, line integrals, Green's theorem. This paper is taught in the second half of the year.

26.260 Differential Equations
Methods for the solution of ordinary differential equations, including variation of parameters, Laplace transform methods, and power series solutions; elementary Fourier series and boundary value problems.

26.267 Applied and Computational Mathematics
Building and solution of models related to a variety of dynamical systems with examples from economics, environmental systems and industry. These models are often in the form of differential or difference equations and the paper will consider methods for their solution using symbolic and numerical computation packages. The numerical analysis of these methods will also be discussed.

*26.270 Principles of Mechanics

26.280 Statistical Theory
Discrete and continuous distributions, multivariate distributions, generating functions, sampling theory for the normal distribution, theory of estimation, hypothesis testing, linear regression.

26.281 Data Analysis
Exploratory data analysis, introduction to analysis of variance and experimental design, industrial applications of statistics, regression techniques, contingency tables, goodness of fit, and non-parametric methods.

The emphasis is on data analysis using a program called STATCALC. Macintosh computers are provided in the departmental computing laboratory.

T26.281 Data Analysis
As prescribed for 26.281. This paper is taught at the Tamaki Campus.

26.288 Data Analysis for Commerce
This paper is available under the Regulations for the Degree of Bachelor of Commerce. Refer to Bachelor of Commerce course prescriptions under Department of Mathematics and Statistics, Faculty of Commerce.

T26.288 Data Analysis for Commerce
As prescribed for 26.288. This paper is taught at the Tamaki Campus.

26.290 Numerical Computation
Introduction to the numerical algorithms fundamental to scientific computing. Interpolation and approximation, numerical differentiation and integration, solution of nonlinear equations, linear systems of equations.

26.293 Introduction to Operations Research
This course will emphasise the relationship between business and industrial applications and their associated Operations Research models. Computer package software will be used to solve practical problems. Topics such as linear programming, transportation and assignment models, network algorithms, queues, Markov chains, inventory models, and simulation will be considered.

T26.293 Introduction to Operations Research
As prescribed for 26.293. This paper is taught at the Tamaki Campus.

Stage III Papers

In accordance with Regulation 5 of the BSc Regulations and Regulation 8 of the BA Regulations, the Head of Department may waive the prerequisites listed in the Schedule in particular cases.

T26.310 Special Topic

26.312A Topics in the History of Mathematics
A study of some topics in the history of mathematics which facilitate the understanding of modern mathematics. This paper is
taught in the first half of the year.

26.314 Introduction to Mathematics Education
This course considers mathematics education in New Zealand with an emphasis on its socio-political context, models of learning, curriculum issues and assessment of mathematics learning.

26.315 Formal Logic
Formal systems, proof-theoretic and model theoretic approaches to classical and modal sentential logic, introduction to first-order logic.

26.320 Algebraic Structures
Groups, rings, unique factorisation domains, fields. The object of these courses is to give a basic introduction to modern algebra, exclusive of linear algebra. They are alternative courses, and only one of them may be selected by any student. Both courses are acceptable and suitable as a prerequisite for relevant 400 level papers, and the Mathematics and Statistics Department reserves the right to direct which of these courses a particular student shall take.

26.325 Combinatorial Structures
A selection of topics involving enumeration (generating functions and Polya’s method), designs and codes, with applications. This paper is taught in the second half of the year.

26.330 Introductory Analysis
Elements of set theory, the real number system, sequences and series of functions, uniform convergence, Riemann integration. This paper is taught in the first half of the year.

26.331 Analysis (Accelerated Course)
A unified paper covering analytic and topological concepts needed for multivariable calculus. Differential and integral calculus of vector-valued functions of several variables with applications. Differential forms and Stokes’ theorem. Enrolment in this paper requires permission from the Head of Department of Mathematics and Statistics and permission is normally given to students who have completed 26.241 successfully or who have achieved a high grade in 26.252 or 26.240.

26.335 Metric and Normed Spaces
Metric and normed linear spaces with particular reference to n-dimensional Euclidean space and C(a,b), compactness, connectedness, completeness and their applications. This paper is taught in the second half of the year.

26.340 Multivariable Calculus
Differential and integral calculus of vector-valued functions of several variables and applications.

26.345 Techniques of Complex Variables
Analytical functions, power series, calculation of integrals by residues. This paper is taught in the first half of the year.

26.350 Topics in Topology
A selection of topics chosen from topology or differential geometry. Enrolment in this paper requires permission from the Head of Department.

26.355 Geometry
A selection of topics chosen from axioms systems, affine geometry, Euclidean and non-Euclidean geometry, projective geometry, inversive geometry, convexity.

26.360 Applied Analysis
Differential equations, the special functions of applied mathematics, orthogonal polynomials, Fourier series, boundary value problems.

26.362 Special Topics in Applied Mathematics (a)
Enrolment in this course requires permission from the Head of the Department. If this paper is offered further information may be obtained from the Department of Mathematics and Statistics.

26.363 Special Topics in Applied Mathematics (b)
Enrolment in this course requires permission of the Head of Department. If this paper is offered, further information may be obtained from the Department of Mathematics and Statistics.

26.368 Mathematical Theory of Control
Dynamical systems, time domain and frequency domain analysis, the exponential matrix, transfer functions, discrete-time systems. Linear control systems, feedback, stability, Nyquist and Liapunov theory.

26.371 Introduction to Continuum Mechanics
Vector and tensor. Analysis of stress and strain. Constitutive relations and field equations. Introduction to fluid mechanics and linear elasticity theory.

26.372 Analytical Mechanics
Idea of the calculus of variations, Lagrange’s equations for mechanical systems. Application to rigid body dynamics and vibrations.

26.375 Applied Partial Differential Equations
Mathematical and physical classification of partial differential equations into hyperbolic (propagation processes), parabolic (diffusion processes) and elliptic (‘steady state’ processes). Modelling with partial differential equations, illustrations of solution procedures using both analytical and numerical techniques.

26.376 Theory of Waves
This paper presents a unified treatment of wave phenomenon. Oscillations and waves, Fourier analysis, linear and nonlinear waves, dispersion. Application to sound, water and electromagnetic wave motions.

26.380 Applied Probability
Introduction to stochastic processes, generating functions, renewal event theory. Markov chains including applications to random walks and discrete branching processes. Poisson processes, birth and death processes including applications to queueing processes, miscellaneous topics.

26.381 Advanced Statistical Theory
Limit theorems, statistical inference, likelihood methods; theory of linear, logistic and log-linear models; multiple linear regression and analysis of variance. This course provides a theoretical background to 26.385.

26.382 Design of Surveys and Experiments
Survey methods including stratified, multistage and cluster sampling; experimental designs including incomplete block, Latin square, split plot, factorial and fractional designs. Design of clinical trials.

26.385 Advanced Data Analysis
Techniques of multiple regression and analysis of variance; principles of experimentation; multi-way contingency tables and log-linear models; time series methods and multivariate methods. This is a methods course, and statistical computer packages such as SAS are taught and used.

26.386 Advanced Data Analysis
As prescribed for 26.385. This paper is taught at the Tamaki Campus.

26.387 Special Topics in Applied Mathematics (c)

26.390 Numerical Analysis

26.391 Optimisation in Operations Research
Linear programming; Simplex and revised Simplex methods; duality and the dual Simplex method; post optimal analysis; decomposition and column generation, integer programming; cutting planes and branch and bound; dynamic programming; network analysis, transportation and flow problems.

26.392 Optimisation in Operations Research
As prescribed for 26.391. This paper is taught at the Tamaki Campus.

26.395 Mathematical Modelling for Operations Research
Introduction to deterministic and stochastic models in such areas as queuing theory, inventory control, reliability, decision processes, scheduling, digital computer simulation, Monte Carlo methods.

26.399 Applied Mathematics Laboratory
Definition, analysis and solution of practical problems associated with applied mathematics courses in mechanics, statistics and operations research. Emphasis will be placed on preparation of initial problem specifications, implementation of algorithms, and computer programs and presentation of results. Students shall select three appropriate topics from those offered taking into account the applied mathematics papers in which they are enrolled.

74.310 Total Quality Management
Statistical quality control. Quality planning. Total quality management. Deming approach. Costs of quality. Integration of operations management and quality, in both manufacturing and
services. Relationship between quality management and information systems.

**BSc (Honours) in Mathematics**

Normally only students of proven ability (B+ or above) may be considered for entry at either Part III or Part IV level. The courses available at Part III level are such as will allow a candidate to satisfy the prerequisites for Part IV. The requirements for Part IV are given in BSc(Hons) Regulation 16 but some leeway for other papers is provided by Regulation 7. Students who obtain the BSc(Hons) will be permitted to complete the MSc by presenting a thesis or completing an advanced course of study as approved by the Head of the Department of Mathematics and Statistics.

**Courses for MA, MSc and Honours**

The prerequisites for the MA and MSc Degrees are: Mathematics 26.252 or equivalent papers approved by the Head of Department, at least three (or, in exceptional cases, two) of 26.225, 26.260, 26.280, 26.281, 26.290, 26.293 plus sixteen 300 or 400 level credits approved by the Head of the Department of Mathematics and Statistics, including at least 12 credits in Pure or Applied Mathematics. The student shall select papers, approved by the Head of the Department of Mathematics and Statistics from 26.400 to 26.499 with a total credit value of 20 credits, together with a thesis (26.601) or an Advanced Course of Study (26.605), which will count as 20 credits. Up to eight of the 20 credits may be replaced by eight Stage III credits from Mathematics and Statistics papers not already taken for any other degree or diploma. Prospective Master’s students should consult the Department of Mathematics and Statistics for further details, preferably when they enrol for their 300 level papers. Not all 400 level papers listed will be offered each year. The list of papers to be offered and their prescriptions will be determined each year and intending students should request the postgraduate courses booklet available from the Department. The number of credits for each paper is given after the titles below.

A candidate must normally complete a thesis or advanced course of study not later than twenty-four months after first enrolment for this Degree.

- **26.401 Topic in Pure Mathematics A (2)**
- **26.402 Topic in Pure Mathematics B (2)**
- **26.403 Special Topic in Pure Mathematics (4)**
- **26.404 Advanced Topic in Pure Mathematics (4)**
- **26.405 Topic in Mathematics Education (2)**
- **26.406 Topic in Mathematics Education (4)**
- **26.407 Topic in Mathematics Education (4)**
- **26.410 Introduction to Mathematical Logic (2)**
- **26.411 Topic in Mathematical Logic (2)**
- **26.412 Recursive Functions (2)**
- **26.413 Set Theory (2)**
- **26.414 Automated Reasoning (2)**
- **26.415 Automata Theory (2)**
- **26.416 Algebraic Combinatorics (2)**
- **26.417 Graph Theory (2)**
- **26.418 Lattice Theory (2)**
- **26.419 Universal Algebra (2)**
- **26.420 Field Theory and Galois Theory (2)**
- **26.421 Rings, Modules and Categories (2)**
- **26.422 Number Theory (2)**
- **26.423 Commutative Algebra (2)**
- **26.424 Algebraic Geometry (2)**
- **26.425 Group Theory (2)**
- **26.426 Applied Linear Algebra (2)**
- **26.427 Topology (2)**
- **26.428 Special Topic in Algebra (4)**
- **26.429 Advanced Topic in Algebra (4)**
- **26.430 Measure and Integration A (2)**
- **26.431 Measure and Integration B (2)**
- **26.432 Functional Analysis I (2)**
- **26.433 Functional Analysis II (2)**
- **26.434 Functional Analysis III (2)**
- **26.435 Lie Groups and Lie Algebras (2)**
- **26.436 Analysis on Manifolds (2)**
- **26.437 Operator Theory (2)**
- **26.438 Approximation Theory (2)**

**Prospective Master’s students should consult the Department of Mathematics and Statistics, including at least 12 credits in Pure or Applied Mathematics.**
Faculty of Science, Degree Prescriptions, Mathematics, Statistics

26.439 Topological Vector Spaces (2)
Locally convex spaces and semi-norms, bounded sets, Hahn-Banach theorem, dual spaces and topologies, Krein-Milman theorem, barrelled and bornological spaces; inductive limits, closed-graph theorems, completeness.

26.440 Complex Analysis A (2)
Complex analysis is fundamental to the study of many areas of analysis, geometry and physics and finds fundamental applications in fluid flow, potential theory, signal processing, number theory, dynamical systems, low-dimensional geometry and topology and much more. Thus one needs a good grounding in this area to order to study mathematics at higher levels and this paper, and its sequel 26.441, aim to provide this grounding. The topics include: Analytic and Harmonic functions, Contour integrals, Cauchy Integral Formula, Liouville's Theorem, The Residue Theorem, Schwarz's Lemma, Hyperbolic geometry, Conformal mappings and other selected topics, such as the Argument Principle and its consequences.

26.441 Complex Analysis B (2)
This paper is the sequel to 26.440. It covers a variety of topics in complex analysis. The highlights being the Riemann Mapping Theorem (via normal families), the Mittag-Leffler and Weierstrass Theorems, and Analytic continuation.

26.442 Applied Complex Analysis (2)

26.443 Riemann Surfaces (2)

26.444 Summability Methods (2)

26.445 Quasiconformal Analysis (2)

26.446 Topics in Analysis A (2)
This paper is intended as an advanced topics paper in complex analysis. A selection of topics will be covered from year to year perhaps including current research areas. Topics may include: Several complex variables, Riemann Surfaces, Potential theory, Holomorphic dynamical systems and Discrete Groups.

26.447 Topics in Analysis B (2)

26.448 Special Topics in Analysis (4)

26.449 Advanced Topics in Analysis (4)

26.450 Topology (2)
Topological Spaces and methods constructing new spaces from old; continuity of functions between topological spaces; separation axioms; countability axioms; connectedness axioms; compactness in topological spaces; characterization of normality; metrisation theorems.

26.451 Algebraic Topology (2)
Covering spaces; fundamental group; homology groups; applications of foregoing to such situations as Brouwer's fixed point theorem, vector fields on spheres, invariance of domain, the Jordan-Brouwer separation theorem.

26.452 Differential Topology (2)
Differentiable manifolds; smooth function between differentiable manifolds; the tangents base; the derivative of a smooth function as a linear transformation between tangent spaces; jets; surgery on manifolds; h-cobordism theorem.

26.453 Uniform Spaces (2)
Uniformities; uniformisation theorems; quasi-uniformities; quasi-uniformisation theorem.

26.454 Differential Geometry (2)
Smooth curves in space; the curvature and torsion of a curve and the tangent, principle normal and binormal vectors; Frenet formulae; smooth surfaces in space; differentiable functions and tangent vectors; the fundamental equations for the geometry of surfaces in 3-space; the Gauss-Bonnet theorems.

26.455 Linear Geometry (2)

26.456 Topics in Geometry (2)
A study of one or more of affine geometry, Euclidean geometry, projective geometry, non-Euclidean geometry and differential geometry.

26.457 Topics in Topology (2)

26.458 Special Topic in Geometry or Topology (4)

26.459 Advanced Topics in Geometry or Topology (4)

26.460 Ordinary Differential Equations A (4)
The theory of ordinary differential equations and related problems. Initial value problems, boundary value problems, dynamical systems, qualitative behaviour, stability.

26.461 Ordinary Differential Equations B (2)
Further theoretical and practical questions arising from ordinary differential equations.
dimension reducing techniques such as principal components and multidimensional scaling, discriminant analysis and cluster analysis.

MEDICAL SCIENCE

The MSc in Medical Science is taught by several Departments in the School of Medicine. Students who intend to take the course should consult as early as possible (preferably by 1 December of the preceding year) the Dean of Science, Chairman of the Committee for the MSc in Medical Science, who acts as the Head of Department for the purpose of the MSc Regulations. The course consists of three papers and a thesis 89.601 which counts as three papers. The papers are selected from: the six papers in Medical Science 89.401-406, Biochemistry 66.401-403, Cellular and Molecular Biology 40.403, 40.405, Molecular Medicine 98.402, Physiology 67.401-406, Psychology 32.406, 410, 416, 419 and Pharmacology 96.401, 96.404-407.

89.401 | Neuroanatomy |
---|---|
An introduction to experimental techniques. The organisation of the mammalian nervous system with particular emphasis on the cellular, chemical and connectional anatomy of the sensory and motor systems.

89.402 | Immunobiology |
---|---|
An intensive analysis of the ontogeny of cells that comprise the immune system, the genes and hormones that regulate differentiation and the processes underlying lymphocyte recognition. Emphasis is given to the molecular mechanisms regulating immunity.

89.403 | Experimental Pathology |
---|---|
An introduction to the experimental method used to study normal and abnormal cells and tissues. Histological, histochemical, ultrastructural and biochemical approaches to cell and tissue injury.

89.404 | Cancer Biology |
---|---|
The biological and molecular basis of cancer development and tumour growth and metastasis. Principles of radiobiology and cytotoxic therapy of cancer, with the emphasis on molecular mechanisms.

89.405 | Biology of Mammalian Growth |
---|---|
This paper will review the biochemistry and physiology of prenatal and postnatal mammalian growth with a particular emphasis on the role of genetic, endocrine, paracrine and nutritional influences. The paper will include emphasis on growth in ruminant species, the control of carcass growth, fibre growth and lactation, as well as the regulation of growth in monogastric species (eg man). The paper will be taught within the Department of Paediatrics; it will include 20 lectures/active student participation in seminars, and each student will prepare two essays.

89.406 | Perinatal Physiology |
---|---|
This paper is taught by the Department of Paediatrics. Historical introduction, methodology of fetal investigation, fetal oxygenation, placental physiology, fetal cardiovascular physiology, ontogenesis of sleep, neural physiology of the fetus or respiratory control, maturation of the lung, maturation of the neuroendocrine axis, control of parturition, uteine function, fetal renal function and fluid balance, fetal metabolism and the regulation of fetal growth; the neonatal adaptation, ontogenesis of thermoregulation.
The paper is taught in lectures plus student seminars and practicals.

98.402 Development of Immunity
The basis of antigen uptake and processing, genes of the major histocompatibility complex, development of thymus-derived lymphocytes and regulation of classes of immune responses.

**DEPARTMENT OF OPTOMETRY**

26.105 Algebra and Calculus
An introduction to algebra and calculus. Topics include complex numbers, linear equations and matrices, polynomials, differential and integral calculus.

All other papers as prescribed for the Degree of Bachelor of Science.

**Part I Optometry**

744.201 Optics
Lecture studies are structured under the following headings:

**Physical Optics**
- Image quality assessment, resolution of optical instruments, the optical transfer function. Interference and interferometers.

**Geometrical Optics**
- Refraction at planar and spherical surfaces, limitations of Gaussian optics, thick lenses, cardinal points, equivalent and vertex powers, paraxial theory of optical instruments, stops. Magnification. Optical materials.

**Physiological Optics**
- Optics of the vertebrate eye, schematic eyes, catoptric images, ametropia and retinal image size, accommodation.

744.202 General Physiology
An introductory course on cellular and organ physiology and relevant processes, particularly in mammalian systems. Topics are muscle, nervous system, motor control and sensory function; cardiovascular and respiratory systems and blood, with their exchange and transport functions; endocrine and reproductive systems, with hormonal control of cell metabolism; alimentary system, digestion and absorption; kidney function; body fluids.

744.203 Anatomy
Gross anatomy, embryology, neuro anatomy and histology of the head, neck and eye, especially those aspects relevant to clinical practice. The gross anatomy and histology of the trunk and organ systems, essential for a proper appreciation of physiology, biochemistry and pathology relevant to clinical practice. The central visual pathways and associated vascular and neural systems. Embryology of the eye. Comparative anatomy.

744.204 General and Ocular Biochemistry

744.205 Ocular Physiology
The vascular supply to the eye. Formation and circulation of aqueous humour, intraocular pressure, chemistry and metabolism of the cornea, corneal permeability, turbulence and the mechanism of transparency. Corneal response to anoxia.

744.210 Visual Science
Luminous efficiency, light and dark adaption, increment thresholds. Stiles Crawford effect, temporal and spatial induction, critical fusion frequency, epiopic phenomena, visual acuity, trivariance of vision, chromaticity, theories of colour vision and colour discrimination. Classification of eye movements, local signs, corresponding points, diplopia, afferent and efferent control mechanisms, rotary movements, nystagmus, conjugate movements, vergence and stereopsis, Panum's areas, fixation disparity.

744.230 Optometry
The history and philosophy of optometry as a health care profession, scope of optometric practice, optometric organisations, introduction to the practice of optometry.

**Part II Optometry**

744.305 Pharmacology
General principles of drug actions on organ systems and the central and peripheral nervous systems. Characteristics of drugs producing miosis, mydriasis, cyclopia, accommodative spasm and anaesthesia of ocular surfaces.

744.306 Applied Optics
The optics of ophthalmic lenses and optical dispensing. Optical design and the assessment of optical performance.

744.310 Visual Science
Refractive anomalies of the eye and their aetiology, recent advances in visual science, and assessment of visual performance. Colour vision anomalies. Techniques for vision research.

744.313 Environmental Optometry

744.322 General Pathology and Microbiology
Morphology and physiology of micro-organisms and association with ocular diseases, sterilization and disinfection procedures relevant to optometry, haematopoeisis, haemostasis and an overview of diseases of the blood, introduction to immunology. Mechanisms of diseases, infection, inflammation, repair, cardiovascular disease, neoplasms, ageing.

744.330 Introduction to Clinical Practice I
The optometric examination, methods of history-taking, assessments of ocular health, clinical problem-solving, basic communication skills. Lectures, tutorials, case demonstrations and clinical instruction all contribute to this part of the course.

744.331 Introduction to Clinical Practice II
Special examination procedures, contact lenses, binocular vision and low vision assessments.

744.334 Diseases of the Eye
Diseases of the eye, orbit, lacrimal apparatus and visual pathways, ocular signs of systemic disease.

**Part III Optometry**

744.415 Community Optometry
Organisation of health services in New Zealand, health planning and administration, human resources requirements in health care. The delivery of health care, role of government statutory and voluntary agencies. Role of optometry in the team approach to health care. Optometric needs of particular groups. Modern techniques of practice management, software packages.

744.421 Project
An investigation into some aspect of optometry or visual science.

744.425 Clinical Optometry I
Examination of patients in the Optometry Clinic under the supervision of staff. Instruction in the routine optometric examination and in the diagnosis and management of disorders of the visual system.

744.426 Clinical Optometry II
Lectures, seminars and case discussion on the management of patients with visual disorders. Diseases of the eye and ocular signs of systemic disease.

744.431 Contact Lenses
Contact lens design and principles of fitting. Disinfection procedures, patient instruction. Signs and symptoms associated with contact lens wear and lens modification procedures.

744.432 Low Vision
Ocular and vision problems of the elderly. Epidemiology, aetiology, signs and symptoms of low vision. Optometric examination and management of the low vision patient, interdisciplinary rehabilitation resources, counselling and referral.

744.433 Binocular Vision and Visual Training

**Optometry for MSc**

(Two papers selected from 744.551 to 744.544 and one from another subject approved by the Head of Department and a thesis 744.601 which shall count as three papers). This course normally requires fifteen months to two years and necessitates full-time attendance to achieve Honours. Students who propose to undertake the MSc Degree should consult the Head of Department towards the end of the year prior to enrolment.)
Lectures:
Student will attend two lectures per week. A maximum number will be determined by the available accommodation.

Pharmacology for MSc and Honours
(Three papers and a thesis (96.621) which shall count as three papers.) Three papers to be selected from 96.401, 96.404 to 96.407. A Master's paper from Bio-chemistry, Cellular and Molecular Biology, Medical Science or Pharmacology may be substituted for one of the papers in Pharmacology with the approval of the Head of the Department concerned, or for the MSc in Medical Science, of the chairperson of the committee for the MSc in Medical Science. Students who propose to undertake the MSc Degree should consult the Head of Department as early as possible and preferably before the end of the academic year preceding the year of enrolment for the Degree. In consultation with the Head of the Department, students will select three papers among those listed below and an appropriate thesis topic. Not all of the papers listed will be offered each year and a sufficient number of enrolments will be required in each case. The student should normally expect to complete his or her thesis during the second year.

96.401 Toxicology

96.404 Drug Disposition and Action
Absorption, distribution, metabolism and excretion of drugs. Sites and mechanisms of drug action. Analysis of these processes.

96.405 Transmitter and Brain Pharmacology
Mechanism of action of drugs on the central nervous system. Drugs used to treat neurological and psychiatric disorders. Chemical neuroanatomy of diseased and normal brain.

96.406 Cardiovascular Pharmacology
Mechanism of action of drugs on cardiovascular system. Drugs used to treat hypertension, cardiac arrhythmias, angina pectoris and heart failure. Drugs affecting blood coagulation.

96.407 Special Topics
The study of selected fields of pharmacology at an advanced level with detailed study of one particular field. Possible topics include toxicology and anaesthetics. The topic will be prescribed by the Head of the Department.

Facilities are available for MSc and PhD research in a number of topics in Pharmacology. Further information is available from the Head of Department.

DEPARTMENT OF PHILOSOPHY

Stage I Courses

29.101 Introduction to Logic
Logic is the study of argument. After an informal discussion of notions of truth, consistency, modes of truth, and the ideas of soundness, deductive validity and inductive strength as applied to arguments, this paper provides an introduction to formal logic through the study of syllogistic logic, propositional logic and quantificational logic.

29.151 Reason and Rationality: An Introduction to Logic
This paper is devoted to gaining a systematic understanding of correct reasoning. Topics will be selected from (a) deductive reasoning and systems of deductive logic such as traditional syllogistic logic, truth-functional logic and first-order quantificational logic; (b) inductive logic and probabilistic reasoning; (c) the elements of scientific method, including Mill's methods for testing causal hypotheses and more general methods of test; (d) critical thinking, including the application of logic to everyday reasoning and an investigation of common deductive and inductive fallacies; (e) an introduction to notions of philosophical method such as the notions of necessity, knowledge and a priori knowledge.

Stage II Courses

29.201 Logic II
This paper has two parts: (i) an introduction to set theory and its importance for logic, philosophy and the foundations of mathematics, and (ii) a study of non-classical logics, including many-valued logics, modal logic and intuitionistic logic.
### 29.203 Philosophy of Science
This course is available for second and third year BSc students. It provides an introduction to the logic, methodology, ontology and epistemology of science, and other problem areas where philosophy intersects with foundational issues in the special sciences. No prior acquaintance with philosophy will be presupposed. However, students may be required to master some elementary logic.

### Stage III Course
**29.305 Logic III**
A course in mathematical logic, focussing on a study of formal systems in general and some aspects of automatic theorem proving.

### DEPARTMENT OF PHYSICS
#### Stage I Courses
Students should select Stage I Physics papers according to their background preparation in Physics, and the major subject they intend to pursue for their degree or the requirements of the professional degrees in which they may be enrolling.

The standard first year course for students intending to advance in Physics and/or a related discipline comprises the 31.140 and 31.150 papers. These papers, taken together, provide students with a comprehensive foundation knowledge of the Physics of both macroscopic and microscopic systems. However, they may also be taken as single papers to either supplement or satisfy a specific requirement of an alternative course of study.

Students intending to advance in Physics should note the prescribed pure and applied mathematics for stage II and III Physics papers. If intending to advance to stage III Physics, students should enrol in 26.152 in their first year of study.

BSc students with a special interest in electronics may be selectively enrolled in 31.116, but they will also be required to take (or have taken) 31.140 as a corequisite.

The prescribed Physics papers for Engineering students are 31.114 and 31.144. For BE students intending to take a further Physics papers, paper 31.150 is recommended. The Physics papers T31.122 and T31.132 have been developed to suit the requirements of the courses available only at the Tamaki campus. The paper T31.122 is recommended for BSc students with an interest in the physics of energy and the environment, and T31.132 is recommended for BSc students interested in the physics of technology. Students intending to enrol at Tamaki should also note that for presentation purposes, a pass in both T31.122 and T31.132 is equivalent to a pass in both 31.140 and 31.150. For all of the seven papers specified above, namely 31.114, 31.116, 31.140, 31.144, 31.150, T31.122 and T31.132, a B-bursary (or equivalent) background standard in Physics and Mathematics will be assumed to have been reached by students.

The paper 31.124 is recommended for students with primary interests in areas of biological sciences, and assumes a knowledge of Bursary-level Physics.

All programmes in Technology include at least one Physics paper in the first year of study, as detailed in the degree course regulations for the BTech degree.

For BSc and BA students interested in the philosophical and historical development of Physics, paper 31.101 is strongly recommended. Similarly those students interested in obtaining a basic understanding of how application of the principles of Physics helps us better understand and appreciate the physical world around us are advised to enrol in paper 31.102. Neither of these two papers assume any previous formal study in Physics.

#### 31.101 The Physical Universe
Two lectures and a one hour demonstration/tutorial session per week for the whole year. Available for both BSc and BA students. The course is descriptive in nature and requires a minimal background in Mathematics and Physics. It gives an overview of the major developments in Physics since the time of the Greeks. It discusses how the evolution of Physics from the Classical to the Modern period has given rise to philosophical problems and concludes with an outline of the current unanswered problems in our understanding of the universe. Among the topics covered are the development of physics from Aristotle to Newton, the forces of nature and attempts to unify them, and the ideas of quantum mechanics and relativity. Demonstration experiments are conducted from time to time. Student work emphasises essays and tutorial discussion.

#### 31.102 The World of Physics
Two lectures per week and a one-hour tutorial session for the whole year. Available for both BSc and BA students. The course seeks to provide an understanding of many of the phenomena of the natural world around us and the physics of many human activities. Some of the themes will be the physics of our environment, the physics of sports and music, physics in medicine, light and lasers, the laws of motion and a study of the physics of the solar system and satellite orbits.

#### 31.114 Measurement and Instrumentation for Engineering
This paper is for first year Bachelor of Engineering students. Principles of physical and electrical measurements, analogue and digital instrumentation, basic data acquisition and signal processing.

#### 31.116 Measurement and Instrumentation
This paper will cover features which are common to many physical measurements: eg. statistical analysis of data, probability, treatment of errors, basic electric circuit theory and elementary electronics, analogue and digital electronic instruments, transducers and the physical principles utilised in their design and application.

#### T31.122 Physics of the Environment
The paper will appeal especially to students who wish to specialise in an area of environmental studies. Thermal physics: heat, transport and radiation in the atmosphere and hydrosphere. Mechanics, fluid flow and alternative energy systems. The physics of electrical generation and distribution. Oscillations and waves in acoustics and in geophysics. The physics of energy production. This paper is taught at the Tamaki Campus.

#### 31.124 Physics for the Life Sciences
This paper is part of the BTech (Information Technology) course and will also appeal to BSc students with similar interests. Electric circuits, electric and magnetic fields and their applications in electronics and communications technology. Quantum effects and atomic structure with reference to solid state and other high technology devices. Lasers and optics in communication. An introduction to the sub-atomic world. This paper is taught at the Tamaki Campus.

#### 31.140 Foundations of Classical Physics
This paper is intended to be a broad introduction to Physics. It is suitable for students who wish to advance in the subject as well as for those who wish to apply physical principles in other disciplines. Mechanics, wave-motion, sound and light, electromagnetism.

#### 31.144 Physics for Engineering
This paper is for first year Bachelor of Engineering students.

#### 31.150 Foundations of Modern Physics
This paper will appeal to students advancing in Physics as well as those who would like some awareness of the excitement of modern developments in the areas of thermal physics, radiation, relativity and quantum physics.

### Stage II Courses
#### Direct Entry
Students who have gained outstanding marks in both Physics and Mathematics in the University Bursaries and Entrance Scholarships examination may be granted direct entry to Stage II papers in Physics. Such students will have obtained marks in the high 80's and above in such examinations. Enquiries should be made to the Head of Department.

#### Non-Advancing Papers
The papers 31.200-206 do not lead on to any other papers in physics at Stage III and have minimal Stage I prerequisites. These papers present aspects of pure and applied physics of interest to students in other subjects, but may also be taken by students advancing in physics.
31.200 Topics in Contemporary and Applied Physics
This paper provides an introduction to a variety of topics in physics of contemporary interest, such as space physics, astrophysics, geophysics and biophysics. It also discusses the basic physics involved in a variety of general topics such as music, photography and microscopy. The paper is descriptive in nature and makes extensive use of demonstrations, slides, films and closed circuit TV. One two-hour lecture per week is devoted to each topic, with a different lecturer each week. This paper is examined by continuous assessment.

31.206 Introductory Geophysics
This paper introduces students to a broad range of topics in geophysics. The coverage will include basic physical phenomena and processes relating to the Earth as a planet in the solar system, the atmosphere, the oceans and the solid Earth. The level of presentation is appropriate both for advancing physics students and for students in other disciplines.

Advancing Papers
The papers 31.225, 31.245 and 31.255 are the core
Stage II physics papers. Students intending to major in physics should take at least two of the core papers including 31.225 and should note the mathematics prerequisites for Stage III physics papers. Students intending to enrol for MSc in Physics are advised to enrol for all three papers.
The core papers and 31.240 have two lectures per week and laboratory work. Tutorials are held in alternate weeks. Laboratory work will contribute to the final grade and it is necessary to pass both the laboratory course and the written paper.

31.225 Classical and Mathematical Physics
This paper discusses Macroscopic Physics and considers the fundamental laws of thermodynamics, oscillations, waves and electromagnetism with applications to a wide variety of physical systems. Applications will be drawn from gravitation, relativity, astrophysics, electrostatics, optics and acoustics. The course will also include an introduction to computer modelling and analysis of physical systems.

31.227 Simulation and Computational Physics
This paper is an introduction to numerical and computational methods applied to representative problems in physics. Topics covered include discretization techniques, statistical description and modelling of data, solution of differential equations, many particle systems, chaotic motion, random walks. This paper is taught at the Tamaki Campus.

31.240 Electronic Physics
This paper provides a fundamental understanding of basic electronic circuits and systems. It covers electric circuit theory, semiconductor devices, circuit applications and principles of electronic design and instrumentation. The lectures comprise the first half of 31.245.

31.240 Electronic Physics
As prescribed for 31.240. This paper is taught at the Tamaki Campus.

31.245 Electronic and Applied Physics
This paper provides a fundamental understanding of electronic, optical and electromagnetic systems. It covers circuit theory, semiconductor devices, circuit applications, principles of electronic design and instrumentation, fibre optics, lenses, waveguides, dielectrics and magnetism.

31.245 Electronic and Applied Physics
As prescribed for 31.245. This paper is taught at the Tamaki Campus.

31.255 Quantum and Statistical Physics
This paper discusses Microscopic Physics. The aim is to introduce students to the concepts of quantum physics and statistical physics with applications to atoms, molecules, solids (including semiconductors), nuclei and particles. Topics will include the Schrödinger equation, the Maxwell-Boltzmann distribution and Fermi-Dirac and Bose-Einstein quantum statistics.

31.255 Quantum and Statistical Physics
As prescribed for 31.255. This paper will be taught at the Tamaki Campus.

31.270 Astronomy and Astrophysics
Techniques of optical and radio astronomy; determination of properties of the solar system and of stars such as distance, radius and mass; Hertzsprung-Russell diagram; equations of stellar structure, energy production and transport; introduction to stellar evolution, galactic structure and cosmology.

31.294 Digital Electronics
This paper is specifically designed for students with a practical interest in digital computer hardware. The paper is examined by continuous assessment.

Stage III Courses
31.325-370
The prerequisites for these papers are listed in the BS Schedule. Students are recommended to enrol concurrently in Mathematics at Stage III level, the papers 26.340, 26.345, 26.360 and 26.375 being the most relevant.
Some papers in Computer Science such as 07.100, 07.105, 07.111, 07.211 and 07.340 are also likely to be of benefit to Physics students.

31.350 Terrestrial Physics
A general introduction to the physics of the solid Earth, including aspects of the gravitational field, the rotation and figure of the Earth, seismology and the internal structure of the Earth, the Earth's internal heat, the geomagnetic field, palaeomagnetism and geodynamics. This 2 credit option is a special arrangement for applied geophysics students and has the majority of the lectures given in common with 31.335.

31.335 Geophysics
This paper includes a general introduction to the physics of the solid Earth, including aspects of the gravitational field, the rotation and figure of the Earth, seismology and the internal structure of the Earth, the Earth's internal heat, the geomagnetic field, palaeomagnetism and geodynamics. The physics of the oceans and atmosphere are treated by application of fluid mechanics to the relevant dynamical phenomena. Other topics include driven flow circulation of the atmosphere and oceans, radiation balance and optical phenomena. A five-day field trip to the Leigh Laboratory during the May break is a compulsory part of the coursework for this paper.

31.342 Semiconductor Devices
This paper is concerned with understanding the electrical behaviour of semiconductor devices. It contains material relating to the physics of semiconductor junctions, device fabrication and integration, electrical characteristics of discrete and integrated devices, circuit models and device applications. Although the paper is general in nature, and is designed to follow 31.240 and 31.245, students will benefit from concurrent enrolment in 31.345.

31.345 Analogue and Digital Electronics
This paper is relevant to the needs of students intending to undertake experimental work in any area of Physics. Topies
discussed include time and complex frequency domain analysis methods applied to electrical and physical systems, Laplace transform methods, Nyquist and Bode plots, poles and zeros, feedback, phase locked loops, oscillators, modulation and noise. A systematic introduction to modern digital techniques is given, covering pulse generation, shaping and cable transmission, active and passive switching circuits, combinational and sequential logic systems.

31.355 Advanced Quantum Physics
This paper deals with the postulates of non-relativistic quantum mechanics and their application in atomic, molecular, solid-state, nuclear and particle physics. The study of these topics will be developed using the three-dimensional Schrödinger equation and will include the quantisation of angular momentum and systems in which like particles interact.

31.356 Nuclear Physics and Its Applications
This course discusses the principles of nuclear physics in order to go on to treat such contemporary nuclear topics as: fission and nuclear power; fusion and nuclear power; nuclear astrophysics; nuclear radiations and their origins, interaction and detection.

31.370 Astrophysics
This paper builds upon the second year course 31.270 and includes
This course discusses the principles of nuclear physics in order to
31.356 Nuclear Physics and Its Applications
which like particles interact.

31.401 Mathematical Techniques in Physics
Topics will include: advanced electromagnetic theory, co-variant formulation of electrodynamics, Léonard Wiechert potentials, electromagnetic wave propagation in media, radiation from moving charges; principles of generalised classical mechanics, Lagrange’s equations, Hamilton’s principle, Hamilton’s formulation, conservation laws, special relativity and fields within the Lagrange/Hamilton framework; fluid mechanics.

31.402 Classical Physics
Topics will include: A review of the general formalism of quantum theory, making use of Dirac notation, scattering theory, time-dependent perturbation theory, relativistic quantum mechanics and spin, quantum theory of radiation and introductory quantum field theory, rotations and other symmetry operations. Applications are taken from atomic, nuclear and particle physics.

31.403 Quantum Mechanics

31.414 Relativity
Special relativity and an introduction to the general theory of relativity.

31.426 Optoelectronics and Laser Physics
Topics in laser physics, non-linear optics and interferometry.

31.434 Applied Geophysics I
31.435 Applied Geophysics II
A general treatment of wave propagation with applications principally in the areas of underwater acoustics (rays and normal modes, WKBJ approximations, reflection coefficients) and seismology (elasticity, P and S waves, surface waves, free oscillations).

31.435 Nuclear and Atomic Physics
The theory and practice of geophysical measurements, including seismic, gravity, magnetic, electrical and well logging techniques. Previous enrolment in 31.330 or 31.335, 31.393 and 21.306 is desirable.

31.436 Topics in Nuclear and Particle Physics
These two courses taught in alternate years may be taken in either

31.443 Integrated Electronics
This paper discusses selected topics in advanced electronics.

31.453 Nuclear and Atomic Physics

31.454 Topics in Nuclear and Particle Physics
These two courses taught in alternate years may be taken in either order. The paper 31.453 lectures on the structure of nucleus and atoms together with the character of the nucleon-nucleon and electro-weak interactions. The paper 31.454 lectures on selected topics in nuclear physics or its applications and, in particle physics, on the structure of baryons and mesons and the character of the colour force.
Laboratories: Students are required to attend practical classes of not less than three hours per week. Performance in laboratory work will contribute to the final grade for the course.

67.302 Physiology of Cells and Excitable Tissues

(One paper and practical work.)

The physiology of excitable tissues with particular emphasis on the nature of the physical and chemical processes involved. The bio-physical basis for membrane potentials; the nature of voltage and time dependent ion-selective membrane channels; synaptic transmission; the regulation of contractile processes; and functional differences between skeletal, cardiac and smooth muscle will be studied in detail. The approach is quantitative and special emphasis is placed on mammalian systems. Laboratory work complements the lecture courses and introduces students to the principal physiological techniques of investigation in this field. The paper is offered in the first half-year.

Lectures: Two lectures a week.
Laboratories: Students are required to attend practical classes of not less than 3 hours per week. Performance in laboratory work will contribute to the final grade for the course.

67.303 Physiology of the Nervous System

(One paper and practical work.)

The role of the nervous system and general pattern of its functional organisation. The physiology of the processing of sensory information, of motor outputs and their control, the integrative functions of the central nervous system, central neural mechanisms of homeostasis and aspects of the development of the nervous system are studied at an advanced level. Special emphasis is placed on human and other mammalian systems. Laboratory work complements the lecture course and introduces students to a range of neurophysiological techniques. The paper is offered in the second half-year.

Lectures: Two lectures a week.
Laboratories: Students are required to attend practical classes of not less than 3 hours per week. Performance in laboratory work will contribute to the final grade for the course.

Physiology for MSc and Honours

(Three papers and a Thesis (67.621) which shall count as three papers.)

Students who propose to undertake the MSc Degree should consult the Head of Department as early as possible and preferably before the end of the academic year preceding the year of enrolment for the Degree. In consultation with the Head of Department, students will select three papers from among those listed below and an appropriate thesis topic. Not all the papers listed may be offered each year and a sufficient number of enrolments will be required in each case. With the approval of the Senate, a Master’s paper in another subject may be substituted for one of the papers in Physiology. The emphasis in all papers is on the critical analysis of scientific writings and to present their views on the methods of study and on the validity of the conclusions.

67.401 Mechanisms of Physiological Control

Studies of physiological regulatory mechanisms.

67.403 Neurophysiology

Cellular and molecular mechanisms of neural function. Ion channels. Processing of sensory information. Organisation of sensory and motor pathways in the brain including those involved in respiratory and cardiovascular control. Students will review scientific literature, and be required to attend neuroscience-related seminars. Formally assessed written assignments will contribute to the final mark.

67.405 Methods in Physiology

An outline of the theory and practice of data acquisition and analysis in physiology. Principles of experimental design, instrumentation, statistics and computation are considered with respect to specific experiments.

67.407 Physiology of Exercise and Rest

Human physiological responses and adaptations to physical
activity, including maximal exertion, occasional and habitual exercise, exercise under special conditions (disability, heat and cold stress, alterations in oxygen supply), and the effects of prolonged inactivity.

DEPARTMENT OF PSYCHOLOGY
Note: On text books: Students taking advanced courses are advised to consult with the lecturers concerned before purchasing books.

Stage I Papers
Two papers are offered for Psychology I which together provide a general introduction to the psychological study of behaviour. The papers may be taken separately. However, passes in 32.108 or 32.118, or T32.128 and in 32.109 or T32.129 are necessary for entry to Stage II.

32.108 Introduction to General Psychology
Topics covered may include: the neurobiological basis of behaviour; developmental psychology; social psychology; mental abilities and measurement; personality; causes and treatment of psycho-pathology; research design and analysis.
(Tutorial attendance of 1 hour per fortnight is required.)

32.109 Introduction to Experimental Psychology
Topics covered may include: learning, sensation and perception, memory, cognition and language.
(Laboratory attendance of 2 hours per week is required.)

32.118 Introduction to General Psychology
As prescribed for 32.108. This paper is taught on the campus of the Auckland College of Education.

*32.119 Introduction to Experimental Psychology
As prescribed for 32.109. This paper is taught on the campus of the Auckland College of Education.

T32.128 Psychology as a Social Science
An introduction to psychology as a social science, including the study of social and organizational psychology, developmental psychology, the measurement of mental abilities, and abnormal psychology. This paper is taught at the Tamaki Campus.

T32.129 Psychology as an Experimental Science
This course stresses the scientific bases of modern psychology, including the study of biological psychology, the psychology of learning, sensation, perception, cognition, and language. Topics in applied experimental psychology may also be introduced. This paper is taught at the Tamaki Campus.

Stage II Papers
A pass in 12 Stage II credits in Psychology is necessary for entry to Stage III. From 1995 a further prerequisite, one of papers 26.180, 26.181, 26.182, T26.187, 26.188, T26.188 will be required.

32.220 Human Experimental Psychology
An introduction to the study of perception and cognition. Topics covered include perception, attention, memory, language and thinking. The value of experimental methods in this area of psychology is illustrated with a variety of tutorials, laboratory demonstrations and experiments.

32.230 Introduction to Neuroscience
A basic introduction to the structure and functions of the brain, neuropsychology, and genetic and hormonal influences on behaviour, with applications to animal and human behaviour, and cognition.

32.240 Social and Developmental Psychology
An introduction to the study of social behaviour and change across the lifespan in human behaviour. Half the paper will include such topics as social cognition, social influence, attitudes, small group processes, social interaction, altruism and aggression. The other half of the paper will be devoted to behaviour changes in infancy, adolescence and adulthood. Social developmental developments will be emphasised in the Developmental Psychology section.

32.250 Animal Learning and Behaviour
A consideration of the environmental factors that control and modify animal (including human) behaviour. Generally, an experimental laboratory approach is taken, though some topics require also an ecological approach. Theories, especially quantitative theories, are stressed. Topics include: law of effect, contingencies of reinforcement, antecedent control, choice, foraging, memory, signal detection, experimental design, and self-control.

T32.261 Experimental Psychology
An introduction to research in a wide range of areas of experimental psychology, with some emphasis on the application of research findings to practical problems. Specific topics may include experimental and applied behaviour analysis, vision, hearing, haptic perception, memory, language, and their physiological underpinnings.

T32.262 Psychological Methods
This paper offers a broadly-based introductory treatment of methodologies widely used in psychological research. Topics will include experimental design, survey design, data analysis, questionnaire construction, single-subject techniques, observation, and psychological testing. Other topics may be included, depending on the interests and availability of staff.

T32.263 Social and Organizational Psychology
The first half of this paper is an introduction to social psychology. Topics include: non-verbal communication, attitude learning, attitudes and behaviour, prejudice and discrimination, interpersonal attraction, social influence, prosocial behaviour, aggression, social exchange, group decision-making, and some effects of the physical environment upon behaviour. The second half of the paper is an introduction to organizational psychology. Topics include: the nature of work groups, communication in organizations, approaches to work motivation, conflict resolution, and personnel selection.

Stage III Papers
A pass in 20 Stage III credits, including 32.306 and 12 other Stage III credits from Psychology is necessary for entry to MSc and Honours Psychology.

32.301 The Psychology of Individual Differences
A study of individual differences and their measurement, and of the construction and use of psychometric tests.

32.302 Cognitive Science
Cognitive theories of the mind, including symbol-based and connectionist models. Topics covered include attention, pattern recognition, memory, language and thinking.

32.303 Human Neuroscience
A study of the nervous system, its function to psychological performance. In particular the relationship between the neurophysiological processes and the cognitive and perceptual processes and measures of EEG; the effects of drugs and other substances in biological and psychological variables; and the biological basis of normal and abnormal memory function.

32.304 Personality and Psychotherapy
A study of theories of personality with emphasis on their relevance to psychotherapy, various social contexts, and personal growth.

32.305 Research Methods in Psychology
This course deals with principles and methods relevant to psychological research. Topics include research design, measurement of behaviour, describing and analysing data, and interpreting research findings. The scope is broad, including applied as well as pure research, and research with single cases as well as groups. Qualitative and quantitative methods are covered.

32.306 Research Topic
This course is designed for research in a wider range of areas of experimental psychology, with some emphasis on the application of research findings to practical problems. Specific topics may include experimental and applied behaviour analysis, vision, hearing, haptic perception, memory, language, and their physiological underpinnings.

32.307 The Psychological Analysis of Vision and Hearing
Aspects of visual perception affecting behaviours in a variety of environments will be discussed. A study of the effects of noise on people and some relations between normal and pathological hearing will also be covered.

32.308 Research Topic
A research topic undertaken under the supervision of a staff member and written up for presentation instead of a final paper.

32.309 Learning
A discussion of how behaviour is controlled and modified in animals by consequent reinforcers and punishers. Emphasis is on laboratory research using animals, with some human data also considered. The theoretical approach taken is mainly quantitative.

32.311 Social Psychology
This course concentrates on social functioning in both intergroup and intragroup settings.

32.312 Organisational Psychology
Psychological aspects of organisations, applying theory to the world of work. Topics covered are work motivation, work-related attitudes, turnover and absenteeism, stress, climate and culture, groups, leadership and organisational development, and personnel
An advanced study of selected topics in learning at the level of 32.411 Advanced Operant Behaviour. Evaluation methods in clinical psychology. Theories will be dealt with. Attention will be given to research and functioning with an emphasis on clinical cases of brain damage. Models of therapy derived from such inform clinical practice. 32.419 Psychological Research. An advanced treatment of research techniques in psychology, emphasising analysis of variance, regression, categorical analysis, quasi-experimental designs and evaluation, and computer solutions for these techniques. 32.420 Research Topic in Psychology. A research topic undertaken under the supervision of a staff member and written up for presentation instead of a final paper.

32.421 History of Psychology. An historical account of psychology with special reference to the aspirations and activities of influential psychologists. 32.403 Applied Analysis of Human Behaviour. An examination of general issues in behaviour analysis, of approaches to psychological assessment, and of the application of behavioural techniques to psychological phenomena. 32.404 Sensation and Perception. An examination of issues in the study of perception. 32.408 Clinical Neuropsychology. An examination of the relation between the brain and mental functioning with an emphasis on clinical cases of brain damage. 32.409 Theory and Practice in Clinical Psychology. This course is concerned with the categories of psychological problems most commonly encountered by practitioners. Included are problems of children and adults. In respect of each disorder attention will be given to the different theories of causation that inform clinical practice. Models of therapy derived from such theories will be dealt with. Attention will be given to research and evaluation methods in clinical psychology. 32.411 Advanced Operant Behaviour. An advanced study of selected topics in learning at the level of current research.
SCIENCE COMMUNICATION
Responsibility for the administration of the paper lies with a Board of Studies consisting of the following: Dean of Science (or nominee), Higher Education Research Officer (or nominee) and two members elected from those teaching the course.

T701.101 Science Communication
The paper is intended to provide students with the ability to communicate science effectively. It encompasses the underlying philosophy of science, the likely audiences of science, ways of managing and presenting data, the problems and pitfalls of communication between individuals, genders, cultures etc., negotiation and bargaining. Methods of communication in science and examples will be given. This paper is taught at the Tamaki Campus.

SPORTS SCIENCE
First Year
T711.101 Introductory Sports Science and Technology

T72.120 Sport, Business and Society
Sport in history; sport as culture (including sport and the media, sport in literature, sport as a social catalyst, sport as discourse); sport and education; sport and commercialisation; the professionalisation of sport; race and gender; sport; sporting ethics. (50 hours lectures and tutorials).

Second Year
*T711.201 Sports Science and Technology 2A
Biology and biophysics of muscle and bone. Characteristics of muscle responses. Metabolic basis of muscle function. Effects of exercise and training (46 hours). Practical work including coaching, with discussions, tutorials (minimum 69 hours).

*T711.202 Sports Science and Technology 2B

*T32.260 Sports Psychology

Third Year
*T711.301 Sports Science and Technology 3A
The acquisition of skill. Psychological, physiological and biomechanical aspects of skilled movement. Analysis of skill. The superior athlete (46 hours). Practical work including coaching studies (minimum 69 hours).

*T711.302 Sports Science and Technology 3B
Sport devices: engineering aspects, physical basis, computational analysis. Ergonomics, environmental and industrial. Biomechanical analysis of movement *(46 hours) Practical and field work (minimum 69 hours).

67.306 Sports Physiology

*T72.360 Sports Administration and Management

Fourth (Hons) Year
*T711.401 Advanced Sports Science

*T711.402 Advanced Sports Technology
Technology of a single sport. Sports devices; performance; skill; biomechanics, physiology and psychology (Individual study)

*T711.403 Dissertation
An individual or group study in one or more of the fields covered in the course, including studies in ergonomics, industry, human factors; physics and engineering; sports clinics or medicine; biomechanics, physiology or psychology.

BACHELOR OF SCIENCE EDUCATION
The Bachelor of Science Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty Degrees and Diplomas section of this Calendar.

BACHELOR OF TECHNOLOGY
The Bachelor of Technology is an Inter-Faculty offering. For detailed Regulations refer to the Inter-Faculty Degrees and Diplomas section of this Calendar. Prescriptions for individual papers may be found in the Prescriptions for the Degrees of BCom, BE and BSc in the appropriate sections of this Calendar.

TUTORING IN SCIENCE
Responsibility for the administration of this paper lies with a committee consisting of the following: the Dean of Science or nominee, two elected members of the Faculty of Science, the Dean of Education or nominee, the Higher Education Research Officer.

620.200 Tutoring in Science
A predominantly practical course in which students learn science tutoring skills in a secondary classroom situation. Five weeks of lectures are given prior to the commencement of the practical component.

DIPLOMA COURSE REGULATIONS
DIPLOMA IN COMPUTER SCIENCE DipCompSci
The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Diploma in Computer Science shall be enrolled for this Diploma:
   (a) have been admitted or have qualified for admission to a Bachelor's Degree, or hold a professional qualification in Computer Science, or have attained an equivalent level of practical experience in the Computing Profession;
   (b) have attained, to the Head of Department's approval, a level of technical competence in Computer Science equivalent to the prerequisites for 300 level Computer Science papers.

2. A candidate permitted by the Senate to enroll for the Diploma without having fulfilled all the prerequisite requirements may be required by the Senate to include all or any of the unfilled prerequisites as additional papers.

3. A candidate shall complete a coherent course of study approved by the Head of Department of Computer Science subject to the conditions:
(a) the course of study shall comprise papers having a total credit value of at least 24 credits normally selected from papers at 300-level or higher in Computer Science and relevant papers offered by other Departments. For students without a substantial background in Computer Science some 200-level papers may be approved.

(b) at least 16 credits of the course shall be at 300-level or higher. At least 12 credits at 300-level or higher must be from Computer Science papers.

4. No candidate shall be credited for this Diploma with any paper passed for another Degree or Diploma.

5. These Regulations come into force on 1 January 1986.

DIPLOMA IN MATHEMATICS EDUCATION DipMathsEd

The Diploma in Mathematics Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty Degrees and Diplomas section of this Calendar.

DIPLOMA IN SCIENCE DipSci

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for this Diploma shall before enrolment have been admitted or have qualified for admission to the Degree of Bachelor of Science or shall have attained a qualification approved by the Senate as equivalent to that qualifying degree.

2. The course of study for this Diploma shall consist of at least one year's full-time study or its equivalent. Unless otherwise approved by the Senate, a candidate shall complete the requirements within two years of first enrolling for the Diploma.

3. A candidate will be required to follow a coherent course of study which shall consist of at least 24 credits above Stage I, of which at least 16 must be at 300-level or higher. Unless otherwise recommended by the relevant Head(s) of Department(s) and approved by the Senate a candidate must substitute a Research Project (701.525) for 6 of the 300-level credits.

4. The course of study for each candidate will require the specific approval of the relevant Head(s) of Department and the Dean of Science.

5. No candidate shall be credited for this Diploma with any paper which is the same or substantially similar in content to any paper already passed for any other degree or diploma.

6. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

7. These Regulations shall come into force on 1 January 1991.

DIPLOMA IN SCIENCE EDUCATION DipSciEd

The Diploma in Science Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty Degrees and Diplomas section of this Calendar.

DIPLOMA IN STATISTICS DipStats

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for the Diploma in Statistics shall before enrolment have been admitted or have qualified for admission to a Bachelor's Degree or have satisfied Regulation 2 for the Degree of Master of Arts or Regulation 2 for the Degree of Master of Science and shall:

(a) have passed in the following Mathematics courses (as prescribed for the Degree of BSc):

(i) paper 26.252 or equivalent papers approved by the Head of Department and

(ii) paper 26.280 or 26.281, or such other paper as may be approved by the Head of the Statistics Unit; or

(b) have reached an equivalent level of attainment to the approval of the Senate.

2. A candidate for this Diploma shall follow a course of study for one year full-time or two years part-time or for such longer periods (either full or part-time) as the Senate on the recommendation of the Head of the Department of Mathematics and Statistics may require or permit.

3. (a) A candidate shall complete a course of study approved by the Head of the Department of Mathematics and Statistics on the recommendation of the Head of the Statistics Unit, consisting of papers having a total credit value of 20 credits selected from 200, 300, 400 or 500 level papers in Mathematics and Statistics and papers related to statistics and operations research above Stage 1 level in other subjects; together with a project, 26.580, which counts as four credits. At least 12 of the 20 credits must be from papers in probability or statistics offered by the Department of Mathematics and Statistics. No more than eight credits at the 200 level can be credited to the Diploma.

(b) A candidate who has no knowledge of computing shall be required to attend an appropriate course in computer programming.

4. A candidate shall deliver the project required in Regulation 3 (a) to the Registrar by not later than 1 November in the year following the year of first enrolment, or by such later date as the Senate may in exceptional circumstances permit.

5. No candidate may present for this Diploma a paper which is the same or substantially similar in content to any paper he or she has already passed for any other degree or diploma.

6. These Regulations shall come into force on 1 January 1974.
POSTGRADUATE DIPLOMA IN APPLIED PSYCHOLOGY PGDipAppPsych

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Postgraduate Diploma in Applied Psychology shall at least have satisfied the prerequisites for admission to a Master’s Degree in Psychology of this University.
2. Admission to the course of study for this Postgraduate Diploma shall be at the discretion of the Senate on consideration of a recommendation from the Head of the Department of Psychology.
3. A candidate for this Postgraduate Diploma shall follow a coherent course of study of not less than three years.
4. The course of study shall consist of:
   (a) Either concurrently following a course of study for a Master’s Degree in Psychology comprising four papers from 32.401 - 32.430 and a thesis (32.601) or if part of the Master’s Degree has already been completed concurrently taking those requirements that have not already been completed, provided that a candidate who has completed all the requirements for a Master’s Degree in Psychology shall be exempted from the requirements of this clause except where he or she has completed the Master’s Degree without a thesis, in which case paper 32.420 (Research Topic in Psychology) shall be taken for this Postgraduate Diploma.
   (b) A practicum (32.550) of not less than one full-time year or its equivalent involving supervised experience in applied settings approved by the Head of Department of Psychology.
   (c) Two 400 level papers (or their equivalent as approved by the Senate) additional to those required by clause (a) of this Regulation.
5. These Regulations shall come into force on 1 January 1992.

POSTGRADUATE DIPLOMA IN CLINICAL PSYCHOLOGY PGDipClinPsych

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations, a candidate for the Diploma in Clinical Psychology shall at least have satisfied the prerequisites for admission to a Master’s Degree in Psychology of this University.
2. Admission to the course of study for the Diploma shall be at the discretion of the Senate on consideration of a recommendation from the Head of the Department of Psychology.
3. A candidate for the Diploma shall follow a course of study of not less than three years by taking courses 32.500 and 32.501 as prescribed for this Diploma, and EITHER
   (a) concurrently follow a course of study for a Master’s Degree in Psychology which shall include papers 32.408 and 32.409 and a thesis 32.601;
   OR
   (b) if all or part of the Master’s Degree has already been completed, concurrently take those requirements specified in 3 (a) that have not already been completed. If the candidate had already taken a Master’s Degree without a thesis, paper 32.420 (Research Topic in Psychology) may be substituted for the thesis.
   OR
   (c) if a Bachelor’s degree with honours has been completed, concurrently take those requirements specified in 3 (a) that have not been completed.

Course Content and Examinations
4. The course of study for the Diploma shall consist of two Parts:
   Part I 32.500 (two years)
   This course comprises seminars in the practice of Psychology, as well as supervised clinical work with clients at the Department of Psychology Clinic and at approved health and mental health institutions, for a minimum of 6 hours per week in the first year and 25 hours per week in the second year. Evaluation will be by internal assessment, and candidates must gain a pass in each year of the course.
   Part II 32.501 (one year)
   Part II includes a practical component and a final examination, and a candidate must obtain passes in both in order to pass 32.501. The practical component comprises supervised clinical work of not less than 1500 hours in an approved mental health setting, and other on-course requirements as described in Regulation 6. The final examination comprises written case reports, the assessment of one or more clients, and an oral examination.
5. No candidate shall be permitted to proceed to Part II before completing Part I to the satisfaction of the Head of the Department of Psychology.
6. A candidate shall carry out to the satisfaction of the Head of the Department of Psychology such seminar, clinical, and practical work as may be required.
7. Where a candidate passes the practical component of Part II, but fails the final examination in November, in exceptional circumstances the Head of Department may permit the candidate to sit a Special Examination in the following February. This Special Examination may include one or more of the following: further written case studies; an assessment of a client; an oral examination.
8. A candidate shall be deemed to have completed the requirements for the Diploma upon gaining a pass in courses 32.500 and 32.501 and upon completing the requirements of the Master’s Degree.
9. On the recommendation of the Head of Department, and at the discretion of the Senate, a candidate who fails any year of the course may be declined permission to enrol in the course as a whole.
10. These Regulations shall come into force on 1 January 1988.

POSTGRADUATE DIPLOMA IN SCIENCE PGDipSci

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations, a candidate for this Diploma shall before enrolment have been admitted or have qualified for admission to either the Degree of Bachelor of Science (Honours), of the degree of Bachelor of Science or another comparable qualification approved by the Senate.
2. The course of study for this Diploma shall consist of at least one year’s full-time study or its equivalent. Unless otherwise approved by the Senate, a candidate shall complete the requirements within two years of first enrolling for the Diploma.

3. A candidate will be required to follow a coherent course of study, recommended by the relevant Head(s) of Department and approved by the Senate, which shall consist of either (a) at least four papers at 400-level or higher or (b) at least three papers at 400-level or higher and a research project (701.575) which is equivalent to one paper or (c) a programme equivalent to that required for Part IV of the Degree of Bachelor of Science (Honours).

4. Upon the recommendation of the relevant Heads of Department, and with the approval of the Dean of Science, Masters level papers in another Faculty may be substituted for 50% of the course.

5. The course of study for each candidate will require the specific approval of the relevant Head(s) of Department and the Dean of Science.

6. No candidate shall be credited for this Diploma with any paper which is the same or substantially similar in content to any paper already passed for any other degree or diploma.

7. At the Senate’s discretion this Diploma may be awarded with Distinction.

8. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

7. These Regulations shall come into force on 1 January 1991.

DIPLOMA IN COMPUTER SCIENCE

This course of study is designed for graduates in fields other than Computer Science, or candidates with equivalent status, to pursue their specialised interest in developments in the Computer field. The course of study is tailored to fit individual student needs and is made up of papers having a total credit value of 24 credits selected from 200, 300 and 400 level papers in Computer Science, and relevant papers offered by other departments. The course will normally include a project of either 4 or 8 credits. This course is normally studied on a part-time basis, however, it is possible for candidates who have a background equivalent to Stage I of the Computer Science to complete the course in one full year’s study. Details are available from the Department of Computer Science and the Diploma Course Regulations in this Calendar should be consulted.

DIPLOMA IN MATHEMATICS EDUCATION

The Diploma in Mathematics Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty Degrees and Diplomas section of this Calendar.

DIPLOMA IN SCIENCE EDUCATION

The Diploma in Science Education is an Inter-Faculty offering. For detailed Regulations and Prescriptions refer to the Inter-Faculty Degrees and Diplomas section of this Calendar.

DIPLOMA IN STATISTICS

This Diploma is available to students who have completed or almost completed a Bachelor’s Degree, and have obtained a pass in Mathematics paper 26.252 or equivalent papers approved by the Head of Department; and have a satisfactory background in Statistics (eg. a pass in 26.280 or 26.281). The course of study is tailor made to fit individual student needs and is made up of papers having a total credit value of 20 credits selected from 200, 300, 400 or 500 level papers in Mathematics and Statistics and statistically oriented papers above Stage I level in other subjects; together with a project, 26.580. Candidates may complete the course of one year’s full-time study or else spend two or more years on a part-time basis. Details are available from the Department of Mathematics and Statistics and the Diploma Course Regulations in this Calendar should be consulted. The 500 level papers are listed below together with their credit values:

- 26.580 Project in Statistics (4)
- 26.582 Special Topics in Statistics (4)
- 26.581 Topics in Statistics (2)
- 26.583 Further Topics in Statistics (4)

POSTGRADUATE DIPLOMA IN APPLIED PSYCHOLOGY

The minimum duration of the course including the Master’s component is three years. Candidates wishing to enrol should make application to the Head of Department prior to pre-enrolling for the course.

POSTGRADUATE DIPLOMA IN CLINICAL PSYCHOLOGY

The course of study for this Diploma is designed to prepare the candidate for professional competence as a clinical psychologist, and to qualify the candidate for registration as a psychologist under the Registration of Psychologists Act. The minimum duration of the course is three years. No more than eight candidates may be admitted to the course for the first time in any one year. Candidates wishing to enrol should make application to the Programme Co-ordinator before 31 October preceding their first enrolment for the course. Application forms are available from the Department of Psychology. Candidates wishing to take Part II in the following year should consult the Head of Department at the end of their second year in Part I of this course.

CERTIFICATE REGULATIONS

CERTIFICATE IN OCULAR PHARMACOLOGY

744.480 Certificate in Ocular Pharmacology

1. Subject to the Admission Regulations, a candidate for the Certificate shall before enrolment: have been admitted or qualified for admission to the Degree of Bachelor of Optometry or been awarded or qualified for the award of the Diploma in Optometry or shall have attained any other qualification approved by the Senate as equivalent.

2. Admission to the Certificate shall be at the discretion of the Head of the Department of Optometry.

3. A candidate for the Certificate shall follow a formal course of study of 40 hours of instruction comprising ten lectures and ten practical classes each of two hours duration.

4. A pass in respect of both practical work and a written examination is required.

5. A candidate shall complete the requirements for this Certificate within 24 months of first enrolment for the Certificate.

6. These Regulations shall come into force on 1 January 1992.
CERTIFICATE IN THE PRINCIPLES AND PRACTICE OF RADIOCHEMISTRY

08.350 Elementary Certificate in the Principles and Practice of Radiochemistry
The course for this Certificate involves ten lectures and ten laboratory classes each of three hours' duration. The course will run by arrangement.

Examinations: Candidates will be assessed on their practical work together with a written test.

Prerequisites: 08.210 or 08.220 or 08.230 or 08.260 but students having need of radiochemical techniques may be admitted to the Certificate Course without having passed the prerequisite upon obtaining the approval of the Head of the Chemistry Department.

GENERAL INFORMATION

Bachelor of Theology

The Bachelor of Theology Degree is offered by the University to make possible the study of both religion and theology at a tertiary level. It is administered by a Joint Board of Studies comprising appointees of the University and the Auckland Consortium for Theological Education. Constituent colleges of the Consortium at present are St John’s College, Trinity Methodist College, Carey Baptist College, Catholic Institute of Theology, and Mt Saint Mary’s College.

Students at the constituent colleges include both those who are preparing for a church or religious vocation and also those who wish to pursue the study of theology and/or religion in their various forms without any necessary commitment to either. However, because many of the present students of the constituent colleges are preparing for the ordained ministry it is appropriate that some guidance be given to those students in the development of maturity in the Christian faith and the disciplines of the Church. The primary responsibility for this assistance is undertaken by each of the constituent colleges in respect of its own members. The complete course of education required for candidates for the ordained ministry is the responsibility of the colleges of those respective denominations but papers offered as part of the Bachelor of Theology Degree may form part of those requirements. Students contemplating the ordained ministry or any religious vocation should consult the Head of their own denominational college, or the appropriate person in their own religious tradition, for details of the particular requirements necessary.

Papers in the Bachelor of Theology course are available to students from other Faculties in accordance with regulations of those Faculties.

Within the Bachelor of Theology Degree, credit will be given for up to seven papers listed in the Schedule of the Degree of Bachelor of Arts.

No religious tests shall be imposed upon any person in order to entitle him or her to be enrolled for the Degree or to be a candidate for any examination or to graduate or to be an examiner/lecturer or to hold any office in connection with the Degree.

Master of Theology

Under regulations coming into force on the 1 January 1994, the University offers the Degree of Master of Theology for graduates who wish to advance their learning in subjects which they studied at Stage III of the Bachelor’s Degree. The course, lasting at least two years, consists of four taught papers and a thesis equivalent to three papers in one of the approved subjects in Groups C and D.

DEGREE COURSE REGULATIONS

DEGREE OF BACHELOR OF THEOLOGY BTheol

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations a candidate for the Degree of Bachelor of Theology shall follow a course of study of not fewer than three years.

2. The course of study for the Degree shall consist of twenty-one papers in subjects grouped as in Regulations 8 of these Regulations. Papers are classified in three stages, I, II, and III.

3. Each course of study for the Degree shall include:
   (i) at least two papers from Group A, to be selected subject to the approval of the relevant Head of Department and the Chairperson of the Joint Board of Studies in Theology, and no more than seven papers in total from Groups A and B combined;
   (ii) at least six, but no more than eleven, papers in one of the Group C, D, or E of which papers, at least three shall be at stage III level;
   (iii) at least eleven papers higher than stage I, of which at least nine shall be selected from Groups C, D, or E;
   (iv) at least two papers in each of the following subjects: Hebrew Bible, New Testament, Church History, Systematic Theology, where the two papers in Systematic Theology shall include paper 378.100;
   (v) at least two papers selected from Group E.

4. For the purposes of Regulation 3(ii), the Senate may approve the inclusion of one or more papers from one Group or discipline taken in another Group or discipline.

5. Except with the permission of the Senate, no candidate shall take more than eight papers for this Degree in any one year.

6. The total cross credits and exemptions granted to a candidate shall not exceed ten papers for this Degree.

7. The Senate may, in exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing regulations. Such a course of study may include papers offered in other Faculties.

8. The subjects for this Degree are grouped as follows:
   Group A: The subjects listed in the Schedule of the Regulations of the Degree of Bachelor of Arts except for those papers from Groups C and D listed in Schedule to these Regulations.
   As listed in the Schedule of the Regulations of this Degree:
   Group B: Introductory and Ancillary Topics.
   Group D: Systematic Theology, Church History.
   Group E: Moral and Practical Theology.

9. These regulations shall come into force on 1 January 1994.

Approval of Board of Studies
THE DEGREE OF MASTER OF THEOLOGY MTheol

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following regulations; for general provisions affecting their courses of study, students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Degree of Master of Theology shall before enrolment for this Degree:
   (a) have been admitted or qualified for admission, to the Degree of Bachelor of Theology, except as provided in Regulation 2 below, and
   (b) (i) have fulfilled the prerequisites for a subject as listed in the Schedule to these Regulations and have obtained a grade average of B or higher in the Stage III papers in that subject;
   (ii) provided that in special circumstances where the Chairperson of the Joint Board of Studies in Theology so recommends, the Senate may accept a grade average of less than B or waive any such prerequisites as it think fits.

2. Subject to the Admission Regulations, a candidate may enrol for this Degree after having completed at least nineteen papers, including eleven papers at advanced level for the Bachelor of Theology Degree, provided that:
   (a) they have obtained grades averaging B+ or above in the advanced papers for the Bachelor of Theology Degree of the subject they intend to take for this Degree;
   (b) they satisfy the conditions of Regulation 1(b) above, or are exempt from them;
   (c) the remaining paper or papers for the Bachelor of Theology Degree are not prerequisites to the course for this Degree;
   (d) they enrol for these papers in the first year of their course for this Degree;
   (e) should they not pass the remaining paper or papers in their first year of their Master of Theology course, their Master’s course shall be suspended until they have passed the remaining paper or papers.

3. A candidate for this Degree shall follow a course of study of no less than two and, except with special permission of the Senate, shall extend over no more than three years.

4. A candidate for this Degree shall take four papers and a thesis in one of the subjects prescribed in the Schedule.

5. A candidate shall be required to pass in all four papers taken and the thesis.

6. A candidate for this degree may not:
   (a) substitute a paper or papers for any paper in which the candidate had already been examined for this Degree;
   (b) resit any paper for this Degree except as provided in Regulation 12;
   (c) take any paper for this Degree which is the same or substantially equivalent to any other paper that he or she has passed, or is taking, for another degree and obtain credit for the paper for both degrees.

7. A candidate for this Degree may, on the recommendation of the Chairperson of the Joint Board of Studies in Theology, and with the permission of the Senate, take one Stage III or one Master’s paper or one Stage I and one Master’s paper, or two Master’s papers in a subject or subjects other than the subject being taken for this Degree, if in each case such a paper is related to the candidate’s research interests. With the approval of the relevant Head of Department, such papers may be from departments within other faculties of this University.

8. The personal course of study of every candidate must be approved by the Chairperson of the Joint Board of Studies in Theology.

Thesis

9. (a) The candidate shall work under the supervision of a person, or persons, appointed by the Senate.
   (b) Two bound copies of the completed thesis, with a 350 word abstract bound into each copy, shall be submitted to the Registrar by 1 November of the second year of candidature provided that the Chairperson of the Joint Board of Studies in Theology may in exceptional circumstances permit a thesis to be submitted during the third year of candidature. The Registrar shall deliver the thesis to the Chairperson of the Joint Board of Studies in Theology.

Results

10. The Degree may be awarded with First Class Honours, Second Class Honours (First Division), Second Class Honours (Division Two) or as a Pass Degree.
11. (a) Honours shall be awarded only if a candidate obtains a sufficient standard in the papers taken and in the thesis and only if the candidate has completed the requirements for the Degree within three academic years.
   (b) A candidate permitted under Regulation 3 to take a course of study for this Degree for a longer period than three academic years shall not be eligible for Honours unless the Senate so decides.
12. A candidate whose performance at a written examination has been seriously impaired by illness or exceptional circumstances beyond the candidate’s control (certified as under the Aegrotat Pass or Compassionate Pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to present herself or himself at a subsequent written examination and still be eligible for the award of Honours.
13. The Senate may in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.
14. These Regulations shall come into force on 1 January 1994.
SCHEDULE

(1) Hebrew Bible

Prerequisites: Eight papers in the subject Hebrew Bible, including three Stage III papers and papers 375.161 and 376.212. The attention of prospective candidates in Hebrew Bible is drawn to the fact that the selection of possible thesis topics may be severely curtailed if the candidate can not already demonstrate competency in some modern languages other than English.

Requirements: Four papers in the subject Hebrew Bible, of which one paper shall be 376.400, together with a thesis (376.601) which counts as three papers. The papers shall be selected from 376.400 - 376.420. A candidate shall take three of the papers and begin work on the thesis in the first year and take the fourth paper and complete the thesis in the second year, except that at the discretion of the Chairperson of the Joint Board of Studies in Theology, a candidate may be permitted to vary this sequence. During the first year, the candidate shall begin work on the thesis by presenting a thesis proposal and, upon the approval of this by the appointed supervisor, by writing the first draft of the first chapter of the thesis.

(2) New Testament

Prerequisites: Eight papers in the subject New Testament, including three Stage III papers and papers 375.160 and 377.226. The attention of prospective candidates in New Testament is drawn to the fact that the selection of possible thesis topics may be severely curtailed if the candidate can not already demonstrate competency in some modern languages other than English.

Requirements: Four papers in the subject New Testament, of which one paper shall be 377.400, together with a thesis (377.601) which counts as three papers. The papers shall be selected from 377.400 - 377.420. A candidate shall take three of the papers and begin work on the thesis in the first year and take the fourth paper and complete the thesis in the second year, except that at the discretion of the Chairperson of the Joint Board of Studies in Theology, a candidate may be permitted to vary this sequence. During the first year, the candidate shall begin work on the thesis by presenting a thesis proposal and, upon the approval of this by the appointed supervisor, by writing the first draft of the first chapter of the thesis.

(3) Systematic Theology

Prerequisites: Eight papers in the subject Systematic Theology, including three Stage III papers. The attention of prospective candidates in Systematic Theology is drawn to the fact that the selection of possible thesis topics may be severely curtailed if the candidate can not already demonstrate competency in some modern languages other than English. Candidates should also note that it would be assumed that the author of a postgraduate thesis in Theology would have a working knowledge of both major biblical languages.

Requirements: Four papers in the subject Systematic Theology, of which one paper shall be 378.400, together with a thesis (378.601) which counts as three papers. The papers shall be selected from 378.400 - 378.420. A candidate shall take three of the papers and begin work on the thesis in the first year and take the fourth paper and complete the thesis in the second year, except that at the discretion of the Chairperson of the Joint Board of Studies in Theology, a candidate may be permitted to vary this sequence. During the first year, the candidate shall begin work on the thesis by presenting a thesis proposal and, upon the approval of this by the appointed supervisor, by writing the first draft of the first chapter of the thesis.

(4) Church History

Prerequisites: Eight papers in the subject Church History, including three Stage III papers. The attention of prospective candidates in Church History is drawn to the fact that the selection of possible thesis topics may be severely curtailed if the candidate can not already demonstrate competency in some modern languages other than English. Candidates should also note that it would be assumed that the author of a postgraduate thesis in Theology would have a working knowledge of both major biblical languages.

Requirements: Four papers in the subject Church History, of which one paper shall be 379.400, together with a thesis (379.601) which counts as three papers. The papers shall be selected from 379.400 - 379.425. A candidate shall take three of the papers and begin work on the thesis in the first year and take the fourth paper and complete the thesis in the second year, except that at the discretion of the Chairperson of the Joint Board of Studies in Theology, a candidate may be permitted to vary this sequence. During the first year, the candidate shall begin work on the thesis by presenting a thesis proposal and, upon the approval of this by the appointed supervisor, by writing the first draft of the first chapter of the thesis.

DEGREE COURSE PRESCRIPTIONS

BTheol

GROUP A

The subjects listed in the Schedule to the Regulations for the Bachelor of Arts (except for those papers from Groups C and D listed in Schedule to these Regulations) and as prescribed for the Degree of Bachelor of Arts.

GROUP B

Introductory and Ancillary Topics

Stage I

375.120 Speech Communication A

A basic paper in oral communication theory and practice, including the production and management of the speaking voice and effective oral interpretation of poetry and prose.
375.121 Human Communication
Analysis of theories and processes of human communication, and of the relationship between communication skills and Homiletics and Liturgics. The study of context, situation perception, medium and message in oral communication and Christian worship.

*375.130 Literature and Theology A
An introduction to literature and its theological value. This paper will study images of God and Christ in literature, and selected themes such as the Fall, the absence of God, suffering, hope and prophecy.

375.131 Literature and Theology B
A study of a range of literature which explores human experience and belief, and includes the Christian's journey and Christian community. Childhood, old age and death, are discussed in the context of New Zealand writing.

375.140 Maori Language A
This is an introductory paper designed to help each student acquire confidence and competence in: reading liturgical and biblical material, conversation sessions (including the writing of the same), speech making, and waiata (sung poetry).

375.150 Cross Cultural Studies
This paper draws attention to the social knowledge and understanding of all the participants and utilizes this knowledge to examine the cultural, political and social implications for contemporary New Zealand society and to develop greater awareness, sensitivity and appropriate actions which express the demands of justice, reconciliation and human liberation.

375.160 Introduction to Biblical Hebrew
The aim of the course is to evoke confidence and enjoyment and to gain, by the use of the existential method of learning languages, the basic skills of listening to, speaking, writing and reading of biblical Hebrew.

375.161 Introduction to Koine Greek
This paper introduces the students to the language of the Greek New Testament in preparation for translation and exegesis of the Greek text of the New Testament in subsequent years.

*375.162 Introduction to Syriac: Language and Translation
No prior knowledge of Syriac is required. The text for translation will be specified each year.

375.170 Greek Philosophy for Theologians
An examination of selected metaphysical themes from major Greek philosophers, which have influenced the development of Western Theology. Topics include the notions of being, nature, matter, form, potency, act, substance, teleology, good, time, space, God.

Stage II

375.210 Maori Perspectives I
This paper examines Maori perspectives on Maori society in the past and today. It includes the spiritual and material concepts that underlie and support Maori history and culture, as well as Maori responses to various initiatives, including those of the Church.

*375.220 Speech Communication B
A study of the practice and principles of public speaking, and effective speech communication in leading worship.

*375.230 The Bible in Literature
A study of a range of literature which employs Biblical symbols, themes and concerns to inform life situations. The paper will consist of a series of seminars which reflect on the portrayal of God, liberation, freedom, journey, exile, land, evil, suffering, meals, celebration, Christ, in the context of contemporary literature.

375.240 Maori Language B
This paper is aimed at increasing the student's competence in reading, conversation, writing, speech making and waiata.

375.250 "Modern" Philosophy and the Challenge to Theology
An examination of the challenge which "modern" philosophy poses to theology. The course covers the beginnings of modernity, the preoccupation with foundations and method, the impact of science, "rationalist" and "empiricist" approaches to knowledge of God, Enlightenment criticism of religion, Kant's critique of metaphysics and natural theology.

375.271 Metaphysical Themes in Aquinas
A study of fundamental metaphysical questions in the philosophy of Thomas Aquinas. Topics include the relation of philosophy to theology, the influence of medieval physics and cosmology, the use made of earlier philosophers, the notion of esse, the analogy of being, the transcendentals, the problem of evil.

375.272 The Human Being in Aristotelian and Aquinas
A study of selected topics in philosophical anthropology from Aristotelian and Aquinas. Topics are chosen for their theological relevance, and include the body/soul relation, perception, emotion, mind, freedom/ will, immortality.

Stage III

375.311 Exegesis of Maori Manuscript Texts
A detailed exegesis of selected Maori manuscript texts from the collections of Grey, Shortland, Taylor and White.

375.330 Maori Perspectives Research Essay
This is a reading and research paper for advanced students in Maori. It is intended to cater for specific interests, or needs, not met within the current schedule of papers offered in Maori Studies.

375.340 Maori Language C
As for Maori Language B but at an advanced level.

375.345 Maori Language D: Kauhau
The aim of this paper is to give theoretical and practical guidance from a Maori perspective in the construction and presentation of Kauhau. It is expected that students who undertake this paper are fluent speakers of Maori.

GROUP C
First Testament (also known as the Old Testament or Hebrew Bible)

Stage I

376.100 Introduction to the First Testament
The aim of the paper is to indicate to students, methods and areas of study which illuminate the background and nature of the First Testament (also known as the Old Testament or Hebrew Bible).

376.101 The Art of Interpreting the Hebrew Bible
The paper will endeavour to give students a broad vision of the significance of the Hebrew Bible in the light of scholarship, with peculiar attention to what is of value for theological understanding today.

Stage II

376.201 The World of the First Testament
The aim of this paper is to study the geography, ecology and socio-political organisation of ancient Israel and related societies.

376.210 Studies in Tanak (A)
1994: Pentateuch - Genesis
1995: Prophets - Jeremiah
1994: Writings - Ruth and Jonah

376.211 Studies in Tanak (B)
1994: Prophecy - Jeremiah
This paper will provide an additional Stage II exegetical option and will be similar to 376.210 but based on a different text.

376.212 Exegesis of Selected Hebrew Bible Themes
Translation and exegesis of selected texts in the Hebrew language.

*376.220 Early Post-Biblical Judaism
An introduction to: the history of the period from 200 BCE to 135 CE which stretches from the Seleucid domination of the region to the aftermath of the Bar Kochbar revolt; the origin and development of streams of religious thought and practice within the Judaism of this period; the influence of Hellenism and the effects of Hellenisation.

376.225 Special Topic
1994: Writings - Ruth and Jonah
This paper will examine the genre of Hebrew short story with
particular reference to the books of Ruth and Jonah. Exegetical and literary questions will inform a detailed examination of the texts, which will also be viewed in their wider canonical context.

Stage III
376.310 Studies in Tanak (i)
1994: Liberation and City
An advanced study of the main sections of the Hebrew Bible covering material not dealt with at Stage II.

376.311 Studies in Tanak (ii)
1994: Job
A comprehensive study of the book of Job, at all times relating exegesis of specific passages to wider issues such as the structure and intention of the book. Consideration will be given to the book’s place in the biblical tradition.

376.312 Exegesis of Selected Hebrew Bible Themes
Translation and exegesis of selected texts in the Hebrew language. Texts specified annually.

376.320 First Testament Theology
The aim of this paper is to draw on exegetical and introductory studies in order to explore overall theological structures on the Hebrew Bible.

376.325 Special Topic
1994: Women of the Bible
A literary-feminist reading of the Bible, examining the matriarchs and other women of Genesis, as well as the Deuteronomistic History, with careful attention to the women of Judges.

376.330 First Testament Research Essay
This is a reading and research paper for advanced students majoring in Hebrew Bible. It is intended to cater for specific study interests or needs not met within the current schedule of paper offerings in Hebrew Bible.

Hebrew Bible for MTheol and Honours
376.400 Postgraduate Seminar
Interdisciplinary study of selected topics.

376.405 Israel’s Origins
Study of ancient Israel’s traditions of origin in the light of contemporary archaeological and social science perspectives.

376.410 Exile as Catalyst
Considerations of the impact of the sixth century exile on the formation of the Torah and on the Prophetic traditions of ancient Israel.

*376.415 Hebrew Bible Aramaic
Analysis of the text and context of the Aramaic sections of the Books of Ezra and Daniel.

*376.420 Hermeneutics of the Hebrew Bible
A critique of interpretative methods from midrash to reader-response theory.

376.601 Thesis
The thesis, which shall be of approximately 35,000 words, shall embody the results obtained by the candidate in an investigation relating to some branch of the subject.

New Testament
Stage I
377.100 Introduction to the New Testament
This paper will introduce students to a sensitive, critical reading of the literature that makes up the New Testament, based primarily on the approach of narrative criticism. Other, more traditional, critical approaches will, when appropriate, be introduced within this literary context.

Stage II
*377.201 The World of the New Testament
A study of the historical, political, social, economic and religious worlds that lie behind the texts of the New Testament.

377.211 The Synoptic Gospels
A study of a Synoptic Gospel as a literary text, together with an investigation of the community that lies behind that text, the teaching presented by it, its relationship to the other Gospels, and its link to the historical Jesus.

*377.212 The Johannine Writings I
This paper provides an introduction to the literature of the Johannine Community and the Community behind this literature.

377.213 The Pauline Letters (A)
1994: 1 Corinthians
General issues surrounding the production, use and interpretation of the Pauline corpus, together with the analysis and exegesis of one letter. The letter to be studied will be selected each year.

377.214 The Pauline Letters (B)
1994: Galatians
As far as 377.213 but based on a different letter.

*377.225 Special Topic
1994: The Gospel of Mark
The Johannine Writings II
1994: Liberation and City
Further Investigation of the Gospel of John is carried over into the Johannine Letters.

*377.227 Translation and Exegesis of Selected Syriac Texts
Texts will be specified annually.

Stage III
*377.311 Studies in the Gospels: The Passion Narratives
A study of (a) the passion narratives of Mark and John, with special emphasis on the approaches of narrative and reduction criticism; (b) the trial and death of Jesus, with special attention paid to the issues of history and theology.

*377.312 Apocalyptic and the Apocalypse
A general introduction to the development of apocalyptic and the genre of Apocalypse, its social context and interpretation.

377.313 Studies in the Epistles
1994: Paul as they remembered him
An advanced study of some aspect of the critical study of the Epistles, for example, Pauline Theology, Pauline Eschatology.

*377.314 The General Letters
An advanced study of the critical study of one or more of the General Letters. The text or theme will be chosen annually.

*377.315 The Johannine Writings II
Further Investigation of the Gospel of John is carried over into the Johannine Letters.

*377.316 The Resurrection Traditions in the New Testament
A study of the Resurrection Traditions in the New Testament. The paper will look at both the content and the development of the traditions from the perspectives of critical New Testament study. It will also look at how these traditions are interpreted by a selected group of contemporary theologians.

377.317 The Parables of Jesus
A study of the parables of Jesus as a literary form, the literary and social world of the parables and an investigation of the place of the parables within individual Gospels.

377.325 Special Topic
1994: Sayings Traditions
This paper will focus on the tradition of the Sayings of Jesus especially as recorded in the Synoptic Gospels, the question of the authentic sayings of Jesus (ipsissima verba Jesu) and the criteria used in determining authenticity.

*377.326 Translation and Exegesis of Selected Greek Texts
The texts will be specified annually.

*377.327 Translation and Exegesis of Selected Syriac Texts
The texts will be specified annually.

This is a reading and research paper for advanced students majoring in New Testament. It is intended to cater for specific study interests or needs not met within the current schedule of paper offerings in New Testament.

New Testament for MTheol and Honours
377.400 Postgraduate Seminar
Interdisciplinary study of selected topics.

*377.405 The Search for the Historical Jesus
The history of the investigation of the problem with particular attention paid to issues of method and to key figures who have
joined the search.

377.410 Pre-Gospel Traditions of the Sayings of Jesus
The Q tradition, gnostic traditions, criteria of authenticity.

377.415 Paul and Group Boundaries
Getting in and staying in, Christian distinctiveness and discipline, authority and community cohesiveness: an investigation of selected themes within the Pauline corpus.

*377.420 Special Topic
1994: The Emergence of Judaism and Christianity within the First Century.

377.601 Thesis
The thesis, which shall be of approximately 35,000 words, shall embody the results obtained by the candidate in an investigation relating to some branch of the subject.

GROUP D

Systematic Theology

Stage I

378.100 Introduction to Theology
An exploration of the sources, methods and functions of systematic theology.

*378.101 Contemporary Judaism
An introduction to the contemporary expression of Judaism.

378.102 A Maori Theology Perspective I
An introduction to Christian theology using what are seen to be a number of Maori concepts and values, such as 'tangata', 'tika', 'pono', 'aroha', 'tapu' and 'mana'.

Stage II

378.200 God as Revealer and Creator
Contemporary approaches and interpretations of the doctrines of revelation and creation.

378.201 Church, Ministry and Sacraments
A study of ecclesiology carried out in the framework of the doctrine of the Holy Spirit and eschatology.

378.202 Christology
An introduction to the study of christology covering both historical and theological developments.

378.203 Sacramental Theology
A study of sacramentality in Christian thought and practice. The paper will focus particularly on such areas as initiation, eucharist, reconciliation, healing, marriage and ministry.

378.204 Contemporary Christian Thought from a Feminist Perspective
An exploration of contemporary Christian feminist thought in dialogue with the Christian tradition and the experience of women.

*378.205 Special Topic

*378.206 Theology and Science
A study of some of the inter-relationships between theology and science.

378.207 Special Topic
1994: The Language of Faith
This paper will examine the language used to talk of and to God in theology and worship. Particular attention will be paid to the historical development of trinitarian and christological language and to contemporary challenges to traditional language.

378.208 A Maori Theology Perspective II
A continuation of the study of Christian theology using what are seen to be a number of Maori concepts and values. This paper will highlight Maori revelation as a basis for Christian living.

378.210 Theology of Mission I
An examination of the theology of mission, including the following: biblical and historical foundations, formative thinkers of the 19th and 20th centuries, contemporary discussion regarding the nature of mission, approaches to living faiths and ideologies, Gospel and Culture. (This paper was formerly listed as 380.210.)

378.215 Knowledge of God
An examination of the relation of faith to reason. Topics include analogy and knowledge of God, the nature of theological language, the “attributes” of God, reason and the existence of God, revelation, Scripture, the development of doctrine.

378.220 Theology, Story and Imagination
An investigation of the connection between theology, story and imagination. Attention will be paid to hermeneutical problems deriving from the subject matter of theology to which categories such as narrative, parable, metaphor, model and myth have been applied.

Stage III

378.300 God as Spirit and Trinity
(a) Holy Spirit: the doctrine of the Spirit in the Bible, historical developments of the doctrine, justification and sanctification, contemporary discussions of the Spirit in relation to the Church;
(b) Trinity: the biblical foundations of the doctrine of the Trinity, historical developments of the doctrine, relation of the doctrine to the Christian understanding of God and the life of faith.

378.302 Issues in Contemporary Theology
This will be a seminar paper in which students will be invited to study and then respond, through seminar presentation and written work, in a number of theological areas where transformation is taking place.

378.303 Religions of the World
A paper in which the thought of the major religions of the world will be studied, as well as the religious dimension of culture in New Zealand. The approach will be phenomenological.

378.304 Special Topic
1994: Theological Methodology

378.305 Dietrich Bonhoeffer and the German Church Struggle
This course is intended as a detailed study both of the theology of Dietrich Bonhoeffer and of the theological issues (involving revelation, culture, the place of Judaism in Christianity) emerging from the German Church Struggle during the Third Reich.

378.307 Theology of Mission II
The focus of this paper is the missionary challenge represented by contemporary Western Culture. The nature of that culture will be investigated, and the implications of this for theology of mission explored. Topics include: epistemological roots of Western culture; theology and the legacy of the Enlightenment; relationship between gospel and culture; theological challenge of pluralism; theology in postmodern society; gospel as public truth.

378.330 Systematic Theology Research Essay
This is a reading and research paper for advanced students majoring in Systematic Theology. It is intended to cater for specific study interests or needs not met within the current schedule of paper offerings in Systematic Theology.

Systematic Theology for MTheol and Honours
378.400 Postgraduate Seminar
Interdisciplinary study of selected topics.

378.405 System and Method in Theology
The quest for theological method in contemporary theology as illustrated in the writings of Bernard Lonergan and Karl Rahner.

*378.410 Twentieth Century Theology
The study of a major twentieth century theologian.

378.415 Postmodernity and Theology
An examination of the key texts on the breakdown of “modernity”, with critical discussion of various theological responses.

*378.420 Theology in Aotearoa - New Zealand
An exploration of selected themes, issues, and methods relevant to theology in Aotearoa New Zealand.

378.601 Thesis
The thesis, which shall be of approximately 35,000 words, shall embody the results obtained by the candidate in an investigation relating to some branch of the subject.

Church History

Stage I

379.100 The Church in History to 500 CE
A thematic study of the history of the Church to 500 CE.
379.101 Christianity in New Zealand
The first part of the paper looks at the 19th century in New Zealand: the interaction of the Gospel, missionaries and Maori; settler churches and involvement in the land wars, with one another and with New Zealand society. The second part looks at the Church in the 20th century.

379.104 The Church in History to 1500 CE
A survey of Christian history up to the sixteenth century. The course will introduce students to historical method and to significant events, issues and people.

Stage II
*379.200 Church in History: 500-1600
An examination of the relationship between Church, State and Society in Medieval Europe based on selected themes.

379.201 Reformation Church History
This paper will cover: (a) early attempts at reform; the conciliar movement, Wyclif and Hus; (b) major focus on the reforming achievements of Luther or Calvin; (c) the radical reformers; (d) the Catholic Reformation; (e) Reformation in England and Scotland.

379.203 Modern Church History
A study of the history of the Church from the 17th century to the present day.

379.204 The Baptist Church
An introduction to the origins, growth and principals of the Baptist church.

*379.205 Special Topic
379.206 Introduction to Anglicanism
This paper discusses the nature of Anglicanism, with particular attention to four core-themes of history, theology, spirituality and worship.

379.207 The Methodist Church: Its Ethics, History and Theology
This paper studies the Methodist Church, with particular attention to its ethos, history and theology, relating them particularly to issues facing contemporary New Zealand Methodism, including Ministry in “Cooperating Ventures”.

Stage III
*379.300 Church and Society in the South Pacific
A study of the history of missionary impact on the South Pacific.

379.301 Women in the Christian Tradition I
This course looks at various approaches and problems involved in the study of women in the Christian tradition.

*379.302 Women in the Christian Tradition II
This paper addresses the history of women in the Church from the time of the Reformation until the present day.

*379.303 Twentieth Century Ecumenism
A seminar studying the origins, development and theology of the ecumenical movement in the 20th century.

379.304 The History of Christian Spirituality
An examination of aspects of the history of Christian spirituality.

379.325 Special Topic
1994: Early Monasticism

379.330 Church History Research Essay
This is a reading and research paper for advanced students majoring in Church History. It is intended to cater for specific study interests or needs not met within the current schedule of paper offerings in Church History.

Church History for MTheol and Honours

379.400 Postgraduate Seminar
Interdisciplinary study of selected topics.

*379.405 Gender, Sex, and Sexuality in the History of Christianity
Involves students in reading significant Christian writers, including Augustine, Aquinas and Luther. Critical evaluation of their understanding of gender, sex, and sexuality within their own context and in the light of contemporary debates.

379.410 Religious Movements in Nineteenth Century Britain
A study of two religious movements within the context of nineteenth century British society. The topics will be chosen from: the Oxford Movement, the Scottish Disruption, Evangelicalism, and Christian Socialism and will raise questions about their relation to New Zealand church history.

*379.415 Protestant Missionaries in Historical Perspective: 1790 to the present
Examines selected themes dealing with inter-relation between missionaries and issues to do with culture, colonialism, commerce, indigenisation, and gender, with special reference to the Pacific.

379.420 Catholic Missions 1500-1800
The system of missions under the royal patronage of the sovereigns of Spain and Portugal; the rise of the missions de propaganda Fide. Selected areas will be treated.

*379.425 French Missionaries in New Zealand 1800-1900
A survey of the contribution of French Roman Catholic missionaries to the religious history of New Zealand in the nineteenth century; a study of their presence and eventual withdrawal.

379.601 Thesis
The thesis, which shall be of approximately 35,000 words, shall embody the results obtained by the candidate in an investigation relating to some branch of the subject.

GROUP E
Moral and Practical Theology
Stage I
380.100 Introduction to the Pastoral Situation
Introduction to the principles and theology of pastoral care and counselling.

380.110 Christian Missions in History and Culture
An introduction to some of the major issues in the spread of Christianity.

380.112 Christian Spirituality
A study of the nature and relationship of the elements considered essential in the Christian tradition for spiritual growth. Includes selections from the principles of spiritual and human formation, the relevance of the spiritual classics for today, the developing of the skill of formative reading of the scriptures, and expressing ways of praying and spiritual reading.

380.115 Spirituality and Justice I
This paper will examine the Christian call to justice through a study of the scriptures and Church social teaching. It will explore foundational aspects of a spirituality of justice.

380.120 Religious Education - Faith and Learning
An introduction to some of the major issues facing Christian educators.

380.130 Liturgies
This paper will explore the theology and practice of contemporary Christian worship in various social and cultural contexts, especially in Aotearoa-New Zealand.

380.140 Christian Ethics I
An introduction to the sources, methods, and praxis of Christian ethics.

380.150 Cross Cultural Studies
This paper draws attention to the social knowledge and understanding of all the participants and utilizes this knowledge to examine the cultural, political and social implications for contemporary New Zealand society and to develop greater awareness, sensitivity and appropriate actions which express the demands of justice, reconciliation and human liberation.

Stage II
380.200 Principles and Practice of Pastoral Counselling
The aim of this paper is to extend the awareness of pastoral theology and to develop the skills needed in the various aspects of pastoral care.

380.201 Human Development and Pastoral Care
A consideration of the phases of human development and their relationship to pastoral care.
Joint Board of Studies, Degree Prescriptions, Moral and Practical Theology

380.202 Understanding Oneself and Others
This paper will explore the spiritual and psychological resources which help people understand themselves, and thus better understand others. It will include an examination of the roles of women and men in society, and self-analysis using both genograms and the Myers-Briggs Personality Profile.

380.203 Life in the Body
This paper covers the ethics of human sexuality in a global context. Topics covered include sexual identity and role of sexes, issues of marriage, divorce, homosexuality, pornography, fertility, population issues.

380.204 Clinical Pastoral Education
An intensive programme of 400 hours of supervised pastoral ministry, often undertaken in the context of a clinical setting, usually over a ten week period.

380.211 Church and Society
This paper will examine the social imperative of ministry, the biblical and theological roots of social ministry, the interface between church and society, the social and political implications of the Gospel, together with models of social ministry, including community development.

*380.212 Mission in an Urban Context
A study of justice, politics and power as they relate to specific issues of urban ministry.

380.215 Spirituality and Justice II
This paper will study contemporary social issues from a Christian perspective with an emphasis on Aotearoa-New Zealand. It will explore emerging themes for developing a spirituality of justice.

380.225 Homiletics
The theory and practice of preaching.

380.230 Christian Ritual
A study of the theology and practice of evangelism.

380.233 The History of Christian Worship
A study of the development of Christian liturgy, primarily in the West, and the forces which have influenced it. The principal liturgical references will be Initiation, Eucharist and the Liturgical Year.

*380.235 Liturgical Prayer: The Languages of Time, Space and Music
This paper explores Christian approaches to time, space and music as expressions of liturgical prayer in the tradition and in contemporary experience.

*380.240 Christian Ethics II
A study of historical and contemporary Christian ethical thought and praxis and its relation to theology and philosophy. A special study will be made of the understanding of grace in Christian thought and its relation to ethical practice.

380.241 Questions in Bioethics
An examination and discussion of ethical questions arising from advances in biotechnology. Particular emphasis on principles involved in deciding such questions as genetic engineering, in vitro fertilization, euthanasia, abortion, the notion of consent.

*380.242 Christian Theology of Marriage and the Family
A theological examination of the Christian significance of marriage and the family. Topics include the historical development of theological reflection on marriage, marriage as a convenantal reality, breakdown of marriage, the place of children in marriage.

380.250 Maori Perspectives
This paper examines Maori perspectives on Maori society in the past and today.

Stage III

380.301 Pastoral Care in Human Relationships
This paper examines in depth human relationships concerning family systems, sexuality and marriage, focusing in particular on dysfunction problems in human interactions. It will also examine what are the systems and networks in the New Zealand context that could better support and enhance these relationships.

380.302 Pastoral Care and Gender Studies
This paper examines the role of gender in affecting human behaviour and response, including some of the Christian traditions concerning gender difference and human sexuality, and concentrating on the more recent impact of women's studies, men's studies and gay liberation theology on the way pastors understand and provide support for those seeking pastoral care.

380.303 Special Pastoral Project
This is a research paper on a special project for advanced students majoring in Practical Theology. It is intended to cater for specific study interests or needs not met within the current schedule of paper offerings in Pastoral Care.

380.304 Biculturalism and Pastoral Care
This paper examines in depth the pastoral, cultural, and social issues and tensions between Maori and Pakeha populations. Beginning with the Theology of Otherness, course contents will emphasize the role of tradition in pastoral care and its critical hermeneutical application, pastoral apologetics, and conflict resolution between cultures. Special emphasis will be placed upon social services in Aotearoa/New Zealand which support the pastoral task.

380.310 Pastoral Care Research Essay
This is a reading and research paper for advanced students majoring in Pastoral Care. It is intended to cater for specific advanced research interests not met within the current schedule of Pastoral Theology offerings.

380.315 Justice in Context
A research seminar intended to deepen student's understanding of social analysis. A biblical/theological foundation for justice will be complemented with analytical method, to the end of applying Christian social analysis to specific issues in our contemporary context.

380.330 Liturgics Research Essay
This is a reading and research paper for advanced students majoring in Liturgics. It is intended to cater for specific study interests not met within the current schedule of Liturgics offerings.

380.340 Moral Theology Research Essay
This is a reading and research paper for students advancing in Moral Theology. It is intended to cater for specific advanced study interests not met within the current schedule of Moral Theology offerings.

Note: * Starred papers will not be taught during the current Calendar year.
† Daggered papers will not be taught during the current Calendar year unless sufficient staff is available.

DEGREE COURSE REGULATIONS

THE DEGREE OF BACHELOR OF SCIENCE EDUCATION BScEd

The Bachelor of Science Education (BScEd) is a four year degree taught within the Faculties of Education and Science, and in cooperation with the Auckland College of Education. There are two parts to the degree and during Part II students shall complete a Diploma of Teaching (Secondary) programme at the Auckland College of Education. The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General) and the Examination Regulations.

General Information
The Bachelor of Science Education (BScEd) is a four year degree taught within the Faculties of Education and Science, and in cooperation with the Auckland College of Education. There are two parts to the degree and during Part II students shall complete a Diploma of Teaching (Secondary) programme at the Auckland College of Education.

General Provisions
1. Except as provided in the Admission Regulations candidates for the Degree of Bachelor of Science Education shall follow a course of study of not less than four years.

2. (a) For the purpose of these Regulations, a ‘paper’ is a separately assessed segment of work in a subject, and papers are classified as follows:
   - Stage I (xxx.100 to xxx.199)
   - Stage II (xxx.200 to xxx.299)
   - Stage III (xxx.300 to xxx.399) etc
   (b) ‘Credits’ are awarded for the successful completion of papers as set out in the Schedule to these Regulations (‘the BScEd Schedule’).

3. A complete course of study for this Degree requires the successful completion of Part I and Part II as detailed below. Students who have completed two years of a BSc degree may enter the BScEd at Part II. Students who are not successful in their application to the Auckland College of Education for the Diploma of Teaching may transfer BScEd credits to a Bachelor of science (BSc) degree.

PART I

4. In Part I a candidate’s course of study for the degree shall comprise:
   (a) Not fewer than 66 credits in papers prescribed for the Degree of Bachelor of Science including
      (i) At least 12 Stage II credits in either Chemistry or Physics and
      (ii) At least 6 Stage I credits in each of the following subjects; Biology; Chemistry; Applied Mathematics or Pure Mathematics; Physics and
      (b) Environmental Science 64.200 plus either Chemistry 08.200 (for those taking Physics under Regulation 4(a)(ii)) or Physics 31.200 (for those taking Chemistry under Regulation 4(a)(i)).
   (c) Students will apply to enter the Diploma of Teaching (Secondary) programme at the Auckland College of Education mid-way through their second year of Part I.

PART II

5. Admission to Part II of the course of study for the Degree of Bachelor of Science Education is dependent on acceptance into the Diploma of Teaching (Secondary) at the Auckland College of Education and on the recommendation of the Board of Studies.

6. After admission to Part II the candidate shall follow a course of study of at least two years which shall comprise:
   (a) at least 12 Stage III credits from papers in the BSc Schedule (not being papers already credited under Regulation 4)
   (b) the five papers specifically prescribed in the schedule for BScEd Part II
   (c) the Diploma of Teaching (Secondary) of the Auckland College of Education as set out in the Auckland College of Education Calendar.
   (d) Credits obtained from the paper 14.327 (Aspects of Science Education) shall not satisfy the requirement of Regulation 6(a) above.

7. The Board of Studies for Part II of the Degree of Bachelor of Science Education shall comprise: Dean of the Faculty of Education, or nominee; Dean of the Faculty of Science, or nominee; Head of Science in the School of Secondary Teacher Education at the Auckland College of Education.

8. In relation to the taking of any paper, a candidate shall comply
   (i) (before enrolment) with all prerequisite requirements and
   (ii) with all the corequisite requirements, as set out in the BSc Schedule or the BScEd Schedule. However, the Head of Department in the case of the BSc Schedule or the Board of Studies in the case of the BScEd Schedule, may in exceptional circumstances:
      (a) waive any of those requirements;
      (b) waive any prerequisite requirement and impose it as a corequisite.

9. A candidate who has not gained at least 24 credits from Stage I papers in the BSc Schedule may not enrol for any papers above Stage I without the prior permission of the Senate.

Practical Work Requirements

10. In any paper that includes practical work as well as written work:
    (a) a candidate must obtain passes in both in order to pass the paper as a whole;
    (b) a candidate who is awarded a pass in practical work, but who fails the written work may, with the permission of the Head of Department, have the result for the practical work carried forward to a subsequent year.

Course Load Restrictions

11. A candidate may not enrol, in any one year, for papers totalling more than 50 credits.

Credit for Papers in Other Faculties

12. (a) A candidate for Part I of this Degree may obtain up to 12 credits from any other papers or subjects which:
    (i) are taught in any of the Faculties of the University other than the Faculty of Science, and are prescribed for a Bachelor’s degree in any of those other Faculties; and
are not the same as, or do not substantially overlap with, any other paper or papers which the candidate wishes to credit to the BScEd degree.

Cross-Credits from Other Degree Courses

Note: See Regulation 11 of the Enrolment and Course Regulations (General).

13. Credits obtained under Regulation 12 from papers which are credited also to the course of study for another degree, shall be counted as cross-credits for the purpose of Regulation 11 of the Enrolment and Course Regulations (General).

14. For the purposes of these Regulations the word ‘papers’ in Regulation 15 of the Enrolment and Course Regulations (General) shall be interpreted as meaning:

(a) papers listed in the BSc Schedule or the BScEd Schedule

(b) papers equivalent to papers listed in the BSc Schedule or the BScEd Schedule as determined by the Senate;

(c) papers that can be credited towards the BScEd Degree under Regulation 12

Credit for Other Qualifications

15. A candidate who has gained the New Zealand Certificate of Science or has gained any other recognised technical qualifications of comparable standard, may be credited with such specified papers and/or given such unspecified credits up to a maximum of 36 credits, as the Senate may determine.

Note: A candidate who has successfully completed a course at an Auckland Teachers’ College may be granted credits towards this Degree as provided by Regulation 12 of the Enrolment and Course Regulations (General).

Transitional Provisions

16. (a) Except as otherwise provided in this Regulation, the course of study of every candidate shall be governed by these Regulations.

(b) A candidate who gained credit in any unit, course or paper under any of the former Regulations for the BSc Degree, shall be credited with such equivalent papers as may be determined by the Senate.

Exceptions

17. (a) The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

Validity

18. (a) These Regulations shall come into force on 1 January 1991.

Schedule

1. This schedule sets out paper numbers, credits, prerequisites, corequisites and restrictions applying to courses of study offered for the Degree of Bachelor of Science Education.

2. The schedule shall be read with the Regulations for the Degree and with the prescriptions set out elsewhere in the Calendar.

3. The heading ‘prerequisite’ in relation to a paper refers to other papers which must be passed before the candidate may take that paper.

4. The heading ‘corequisite’ in relation to a paper refers to other papers which must be taken concurrently with that paper or have been passed in a previous year.

5. The heading ‘restriction’ in relation to a paper refers to papers which cannot be credited together with that paper.

SCHEDULE

THE DEGREE OF BACHELOR OF TECHNOLOGY BTech

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions
1. Subject to the Admission Regulations and except as otherwise provided in these Regulations, a candidate for the Degree of Bachelor of Technology shall be required to:
   (i) pursue a course of study of not less than four years;
   (ii) pass separately each paper in each part of one of the course options as specified in the Schedule to these Regulations;
2. Subject to Regulations 5 and 6, a candidate for this Degree, who has been credited for another degree or diploma with any paper the same as or similar to that prescribed in the Schedule to these Regulations, shall substitute for each paper so credited such additional paper or papers as the Board of Studies on behalf of the Senate may approve.
3. The course for each option shall consist of four parts as defined in the Schedule to these Regulations. Admission to Part Three of the course of study, after completion of Parts One and Two, shall be at the discretion of the Board of Studies on behalf of the Senate.

Concessions
4. The Senate may exempt from Part One, a candidate who has reached a high standard in the Universities Bursary Examination, in subjects relevant to the programme selected.
5. The Senate may exempt from Parts One and/or Two, a candidate who has already passed the relevant papers specified for Parts 1 and/or 2 (or their equivalents) when enrolled for another degree.
6. A candidate who has gained the New Zealand Certificate of Science or the New Zealand Certificate of Engineering or any other recognised technical qualifications of comparable standard may be credited with such papers as the Board of Studies on behalf of the Senate may determine.
7. Entry into the BTech degree as specified in regulation 5 and 6, will be subject to places being available, and to the attainment of a high standard in previously passed papers.

Examinations
8. A candidate who has failed to pass any paper of one part may, in a subsequent year, be permitted to re-enrol in the failed paper or papers together with such papers of the succeeding part as may be approved by the Board of Studies on behalf of the Senate provided that the prerequisites and corequisites for individual papers are satisfied except as the Head of the Department may otherwise permit.

Honours
9. (a) The Degree of Bachelor of Technology may be awarded with or without Honours. Honours may be awarded to a candidate who has maintained a superior standard of work throughout the course and has completed the requirements for the award of the Degree
   (i) within four years of first enrolment in the Degree
   OR
   (ii) if granted exemptions or credits under Regulations 4 or 5 within the period determined by the Board of Studies on behalf of the Senate at the time of entry to this Degree;
   OR
   (iii) in exceptional circumstances as approved by the Board of Studies on behalf of the Senate within five years of first enrolment in the Degree.
   (b) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

Practical and Laboratory Work Requirements
10. A candidate shall not be admitted to the Degree unless the Registrar has received from the Chairperson of the Board of Studies a certificate that the candidate has complied with the requirements of the Faculties as to Practical Work.
11. In any paper that includes laboratory work as well as written work:
   (a) a candidate must obtain passes in both in order to pass the paper as a whole;
   (b) a candidate who is awarded a pass in laboratory work, but who fails the written work may, with the permission of the Head of Department, have the result for the laboratory work carried forward to a subsequent year.

Elective Papers
12. (a) At least two Elective papers in each programme of study shall be chosen from Faculties other than those of Science, Engineering and Medicine.
   (b) The candidate's choice of elective papers shall be approved by the Board of Studies on behalf of the Senate. Preference will be given to papers in the Humanities and to Language and Management Studies papers.

Personal Course of Study
13. The Senate may, in such cases as it thinks fit, approve a personal course of study which does not conform to the foregoing regulations.

Commencement
14. These Regulations shall come into force on 1 January 1993.

Note: (i) The BTech is being introduced for the first time in 1993. Parts Two, Three and Four will be available in subsequent years. The majority of these papers, however, are available in 1993 for the BSc Degree.

(ii) Starred papers will not be taught during the current Calendar year.

† Dagged papers will not be taught during the current Calendar year unless sufficient staff is available.
CONJOINT DEGREES

BCom/BSc

Note: These regulations facilitate the study of the Degrees BCom and BSc in combination; there is no conjoint degree in its own right, but students completing a conjoint programme graduate with the two degrees in which they enrol.

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. With the permission of Senate a candidate whose academic record is of a sufficiently high standard may be admitted to a course of study leading to the Degrees of BCom and BSc. Each of the degrees included in the conjoint course will be referred to as a "component" of the conjoint course.

2. Each paper taken for the conjoint course shall be credited to one or other of the two components. Except as otherwise provided by these Regulations, each component shall be governed by its appropriate course regulations.

3. (a) A candidate taking the conjoint course shall obtain the permission of Senate to re-enrol for it in each year after admission to the course.

(b) A candidate taking the conjoint course is normally expected to advance studies in both components of the course in each year of enrolment.

(c) A candidate who has already completed the requirements for one of the component degrees will not be permitted to enrol in the conjoint programme.

4. A candidate completing a course of study which satisfies both components, as defined in the respective degree Regulations, shall be deemed to have completed both components.

5. Papers may not be cross-credited into, from, or between components of the conjoint course.

6. A paper may not be included in one component if it is substantially similar to, or is restricted against, a paper included in the other component.

7. (a) The Senate may, in such exceptional circumstances as it sees fit, approve a personal course of study which does not conform to the foregoing Regulations.

(b) Every application for approval under this Regulation shall be submitted by the candidate in writing to the Registrar.

Honours Degrees

8. In exceptional cases a student enrolled for a conjoint course may be admitted to an Honours programme associated with one of the components. Enrolment in an Honours programme constitutes enrolment in a component for the purposes of Regulation 3(b).

BA/BCom, BCom/BE, BCom/LLB and BCom/LLB(Hons)

Further conjoint programmes are offered in the above combinations. Refer to the Regulations for the Bachelors of Arts, Commerce, Engineering, Law and Law(Honours) for details.

THE DEGREE OF MASTER OF PHILOSOPHY MPhil

Note: A student who has qualified for a Bachelor’s Degree in one Faculty but who wishes to take a Master’s course which is only available in another Faculty may be permitted by Senate to do so for the Degree of Master of Philosophy. Permission will normally be given where the Senate is satisfied that the student holds qualifications at least equivalent to the prerequisites for the Master’s course concerned. In some cases, instead of MPhil, the Master’s Degree of the Faculty will be approved as the course for a student particularly appropriately qualified (e.g. a student qualified in Engineering but with a Bachelor’s Degree in another Faculty may be permitted to take a Master’s course in Engineering for MEng instead of MPhil).

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate before enrolment for this Degree shall have been:
   (a) admitted or qualified for admission to a Bachelor’s Degree of this or any other University; and
   (b) have been approved by the Senate as qualified to pursue a course of study for a Master’s Degree in a particular Faculty, but the content of whose first degree is, in the opinion of the Senate, not sufficiently similar to the normal Bachelor’s Degree in that Faculty.

Course Content

2. Every candidate for the Degree of Master of Philosophy shall comply with the Course Regulations for a Master’s Degree prescribes in the Faculty in which the course of study is being pursued.

3. The Degree shall be awarded by the Senate after receipt of a certificate from the Head of the Department in which the course for the degree has been taken, stating that the candidate has completed the prescribed requirements.

Honours

4. (a) There shall be two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours shall be awarded in two divisions, First Division and Second Division.

(b) Honours shall not be awarded if the papers in the first year in which a candidate takes an examination for the Degree are unsatisfactory or if the thesis is unsatisfactory; provided, however, that a candidate whose performance at a written examination has been seriously impaired by illness or injury or exceptional circumstances beyond his or her control (certified under the aegrotat or compassionate pass provisions of the Examination Regulations) may elect, instead of applying for an aegrotat or compassionate pass, to take a subsequent written examination so that he or she shall still be eligible for the award of Honours, subject to the provision of subclause (c) of this Regulation.
DEGREE COURSE PRESCRIPTIONS

BACHELOR OF SCIENCE EDUCATION

14.270 Issues in Science Technology, Society Environment Education
This paper examines the complex interactions between science, technology, society and the environment, providing a critical awareness of some of the major issues confronting human society, and considers ways in which an ecologically-oriented science and technology education can be implemented in primary and secondary schools. Major topics, for which students will be expected to develop a bank of resource materials for school use, may include: health; land, water and mineral resources; food and agriculture; energy resources and consumption; industry and technology; biotechnology; information technology; ethics and social responsibility in science and technology.

14.327 Aspects of Science Education
An introduction to children’s learning in science, to issues in the philosophy of science relevant to the science curriculum and to a range of other issues in the contemporary international debate concerning science education at primary and secondary level.

BIOTECHNOLOGY OPTION

*39.350 Protein Structure and Function

*39.351 Prokaryotic and Eukaryotic Molecular Genetics
The units of mutation, function and recombination in bacteria, and bacterial viruses. The transmission and recombination of genetic material in bacterial viruses, animal viruses, bacteria and diploid eukaryotic micro-organisms and in the biotechnology industry. Human molecular and somatic cell genetics.

*39.352 Microbiology and Immunology
Conventional and molecular approaches to the taxonomy of microbes. Unique biochemical pathways in microbes, including the synthesis of secondary metabolites. Microbial environmental impacts and microbial ecology, particularly in waste water. Water microbiology and renewable resource technology. The structure and synthesis of antibodies and the cellular nature of the immune response. The relationship of the immune response to the activities and strategies of pathogenic organisms.

*51.353 Introduction to Bioengineering
Introductory biochemical engineering, including fluid statics and dynamics, diffusion and convective processes, selected aspects of thermodynamics, kinetics, equilibria, rate equations, reaction mechanisms and reversible reactions. The study of rate coefficients, homogeneous and heterogeneous reactors, heat transfer and biochemical reactions as they relate to microbial fermentations.

*39.451 Molecular Biotechnology
The principles of gene manipulation and expression in prokaryotic and eukaryotic cells. The commercial exploitation of microbes including their large-scale cultivation and cell and enzyme immobilization. The principles and application of mammalian cell
culture, monoclonal antibodies and transgenic animals and plants. Plant cell, organ and tissue culture. Legal, ethical and social aspects of biotechnology.

*39.452 Microbial Growth and Physiology

51.453 Biochemical Reaction Engineering

INDUSTRIAL MATHEMATICS OPTION
T26.167 Introduction to Applied and Computational Mathematics
A paper in applied mathematical modelling in which the computer will be used as a tool to simulate and/or numerically solve problems. Topics will be included from a wide area of application areas and will include a variety of mathematical techniques such as scientific computation, Monte Carlo simulation techniques, symbolic and numerical computation packages.

*T26.307 Advanced Algebra and Calculus
Matrix-vector algebra, multivariable calculus, differential equations and the use of symbolic computing with applications to Commerce and Industry.

*T26.267 Applied and Computational Mathematics
This paper will emphasise the building and solution of models related to a variety of dynamical systems with examples from economics, environmental systems and industry. These models are often in the form of differential or difference equations and the course will consider methods for their solution using symbolic and numerical computation packages. The numerical analysis of these methods will also be discussed.

*T54.292 Engineering Design
The study of the design process including conceptualisation and analysis. Systems analysis of design concepts applied to the computer solution of industrial problems including formulation and preparation of initial specifications, implementation of algorithms, and presentation and interpretation of results. An introduction to computer aided design will also be included.

*T26.307 Advanced Algebra and Calculus
The paper will consider aspects of partial differential equations, Fourier series, complex variables and discrete mathematics. T26.366 Advanced Applied and Computational Mathematics(a);

*T26.367 Advanced Applied and Computational Mathematics(b)
These papers will emphasise the building and solution of models related to a variety of industrial problems. Numerical methods for the solution of ordinary and partial differential equations including stiff systems will be considered with particular emphasis on those that arise in commerce, science and technology.

T26.386 Quality Management
Total Quality Management, Deming approach, national and international standards, statistical process control; experimentation in service and production industries; effective use of data; tools for quantitative decision making.

MATERIALS OPTION
*T51.111 Introductory Process Engineering
Flowchart representation of processes, material balance with and without chemical reaction and recycle. The first and second laws of thermodynamics as applied to energy balancing in reacting and non-reacting systems. Energy utilisation in processing, heat exchangers and elementary heat transfer for efficient utilisation. Simultaneous material and energy balancing.

*08.315 Surface and Bulk Properties of Materials
Surface chemistry, surface spectroscopy and catalysis. The theory and experimental techniques of molecular spectroscopy, including prediction of spectra and laser Raman spectroscopy. Chemistry of the solid state. Magnetic resonance and solid-state NMR. Dynamic electrochemistry, fuel cells and corrosion.

*08.325 Inorganic Materials
Inorganic polymers, including silicates and other chain, sheet and network structures. Organometallic chemistry of transition metals and main group metals. Aspects of inorganic spectroscopy, quantum and bioinorganic coordination chemistry.

*08.335 Advanced Organic Chemistry
Heterocyclic and applied and industrial organic chemistry. Aspects of synthetic organic chemistry, including applications of organoborane and organosilicon chemistry. Stereochemistry, the study of reaction mechanisms, radicals, pericyclic reactions, photochemistry, reactions of carbonyl compounds and bioorganic chemistry.

*08.365 Analytical Chemistry

*08.455 Topics in Material Chemistry
A selection of special topics on the chemistry of materials. A list of the topics to be covered in the lectures will be available at the beginning of each year.

*08.480 Polymer Chemistry

DIPLOMA COURSE REGULATIONS

Diplomas

The majority of the Regulations for Diplomas are found under individual Faculty headings. In a number of cases, however, the prerequisites may be obtained in another Faculty, and the Diplomas are inter-Faculty qualifications. An example is the Diploma in Labour Studies. Interested students should check the index to the Calendar under Course Prescriptions for Diplomas. Diplomas in Mathematics Education, Performing Arts and Science Education are included here.
DIPLOMA IN MATHEMATICS EDUCATION DipMathsEd

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Information

The Diploma in Mathematics Education (DipMathsEd) is a diploma taught within the Faculties of Education and Science, and in cooperation with the Auckland College of Education.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Diploma in Mathematics Education shall before enrolment for this Diploma:
   (a) have been admitted or have qualified for admission to a Bachelor’s Degree, or hold an equivalent professional qualification in teaching, or have attained a high level of practical experience in the teaching profession;
   (b) be currently teaching or have had three years of teaching experience;
   (c) have attained a level of competence, to the satisfaction of the Board of Studies, sufficient to enable him or her to perform satisfactorily in each paper chosen for this Diploma.

   Note: An interview will normally be required under 1(c).

2. The Board of Studies for the Diploma in Mathematics Education shall comprise: Dean of Science, or nominee; Dean of Education, or nominee; Head of Department of Education, or nominee; Head of Department of Mathematics, or nominee; two representatives from the Auckland College of Education. In the first instance, candidates should apply to the Head of the Department of Education.

3. A candidate shall be required to pursue a coherent course of study consisting of two parts. Each part must be passed separately before a candidate qualifies for admission to this Diploma.

   Part I: Five papers selected with the approval of the Board of Studies from the following groups (a), (b) and (c). At least one paper must be chosen from each group:
   (a) Papers taught by the Auckland College of Education.
      †625.501 Mathematics in early childhood (ages 0 to 5)
      625.502 Mathematics in the first three years of school (ages 5 to 8)
      †625.503 Mathematics in Standard 2 to Form 1 (ages 8 to 11)
      625.504 Mathematics in Form 1 to Form 4 (ages 11 to 14)
      †625.505 Mathematics in Form 4 to Form 6 (ages 14 to 16)
      †625.506 Mathematics in Form 7 and Tertiary Education
      625.507 Investigative methods of teaching
      †625.508 Bilingual Mathematics
   (b) Papers taught by the Department of Mathematics of the University of Auckland.
      Any papers approved by the Head of the Department of Mathematics, listed in the BSc Schedule, or the Schedule for MSc in Mathematics. The weighting for each such paper is:
      Six credits at Stage I are equivalent to one paper.
      Four credits at any other Stage are equivalent to one paper.
      In addition, the following papers are available for the Diploma:
      †26.512 Independent learning course in Mathematics
      †26.522 School pupil projects in Mathematics
      †26.532 Mathematics for problem solving in Primary School Mathematics
      †26.533 Mathematics for problem solving in Secondary School Mathematics
   (c) Papers taught by the Department of Education of the University of Auckland.
      Any paper, approved by the Head of the Department of Education, listed in the BA Schedule. In addition, the following half-papers are available:
      14.510 History of Mathematics (half paper)
      14.511 Philosophy of Mathematics (half paper)
      14.514 Cultural Context of Mathematics Education (half paper)
      †14.515 Assessment and evaluation in Mathematics (half paper)
      †14.516 Mathematics in the curriculum (half paper)
      14.517 Children’s development of Mathematical Concepts (half paper)

   Part II: 14.520 Investigation in Mathematics Education (two papers).
   (i) The investigation shall relate directly to some aspect of the practice of Mathematics Education from a topic developed from papers taken in Part I.
   (ii) The topic must be approved by the Board of Studies through the Head of the Department of Education.
   (iii) Must be supervised by a course lecturer approved by the Head of the Department of Education.

   Note: Where necessary, candidates may be directed to undertake appropriate preparation in research methodology.

4. A candidate must pass at least four papers from Part I before commencing Part II. Part I may be undertaken either full-time in one year, or part-time for such period as the Senate may permit on the recommendation of the Board of Studies. The project will normally be submitted within one year of its commencement, although in exceptional circumstances, projects lasting over more than one year may be approved.

5. No candidate shall be credited for this Diploma with any paper the same as or substantially similar to a paper already passed for any other University degree or diploma.

6. Notwithstanding the provision of Enrolment and Course (General) Regulation 10, a candidate shall be permitted to credit to this diploma no more than the equivalent of one Part I(a) paper which has been taken as part of the School of Advanced Studies of Teachers – Higher Diplomas of Teaching at the Auckland College of Education.

7. A candidate who has been enrolled for the Diploma of Mathematical Education under the Regulations holding in 1988 may complete that Diploma, up to 31 January 1992, under those Regulations or with such substitutions as the Senate may permit on the recommendation of the Board of Studies.

8. These Regulations shall come into force on 1 January 1989.

Note: Starred papers will not be taught during the current Calendar year unless sufficient staff is available.
DIPLOMA IN PERFORMING ARTS DipPerformArts

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Provisions

1. Subject to the Admission Regulations, a candidate for this Diploma in Performing Arts shall before his or her enrolment for this Diploma:
   (a) have been admitted or qualified for admission to the Degree of Bachelor of Arts, or
   (b) have been admitted or qualified for admission to some other University degree approved for this purpose by the Senate, or
   (c) hold or have qualified for an award or qualification in an appropriate area of the performing arts approved for this purpose by the Senate and, in any case, had in the opinion of the Senate sufficient experience in the appropriate area.
2. A candidate for this Diploma shall follow a course of study (576.500) for a period of one year, but in exceptional circumstances this period may be extended by the Senate.
3. The programme shall consist of such written and practical work as may be prescribed in the candidate’s area of performance, in the history and practice of performing arts and in disciplines associated with performance.
4. A candidate shall throughout his or her enrolment for this Diploma carry out such practical work, participate in such approved performance work and satisfactorily complete such written assignments and examinations as the Senate, on the recommendation of the lecturer in charge of the programme, shall require.
5. These Regulations shall come into force on 1 January 1992.

DIPLOMA IN SCIENCE EDUCATION DipSciEd

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

General Information

The Diploma in Science Education (DipSciEd) is a diploma taught within the Faculties of Education and Science, and in cooperation with the Auckland College of Education.

General Provisions

1. Subject to the Admission Regulations, a candidate for the Diploma in Science Education shall before enrolment for this Diploma:
   (a) have been admitted or have qualified for admission to a Bachelor’s Degree, and be currently teaching or have had three years’ teaching experience, or
   (b) hold a professional qualification in teaching, approved by the Senate, or
   (c) have attained to the satisfaction of the Senate a high level of practical experience in the teaching profession; and, in any case, have attained a level of competence, to the satisfaction of the Senate, sufficient to enable him or her to complete the requirements for this Diploma.
   Note: An interview will normally be required under 1 (c).
2. The Board of Studies for the Diploma of Science Education shall comprise: Dean of Science, of nominee; Dean of Education, or nominee; Professor of Science Education, or nominee; one representative from the Faculty of Science; two representatives from the Auckland College of Education. In the first instance, candidates should apply to the Head of the Department of Education.
3. A candidate shall be required to pursue a coherent course of study consisting of two parts. Papers for Part I are divided into three groups, and candidates will take one to three papers from each group. Each part as a whole must be passed separately before a candidate qualifies for admission to this Diploma.
   Part I: Five papers selected with the approval of the Board of Studies from the following groups (a), (b), (c). At least one paper must be chosen from each group:
   (a) Papers taught by the Auckland College of Education.
      634.260 Teaching and Learning in Science and Technology
      634.501 Modern Trends in Science Teaching
      634.502 Teaching Science using the Environment
      634.503 New Strategies in Teaching Science
      634.504 Teaching Strategies in Biotechnology Forms 1-5
   (b) Papers taught by the Faculty of Science of the University of Auckland.
      08.111 Organic and Physical Chemistry
      08.121 Inorganic and Physical Chemistry
      08.170 Chemistry and Our World
      T21.108 Earth Processes & Materials
   (c) Papers taught by the Department of Education of The University of Auckland.
      14.270 Issues in Science Technology, Society Environment Education
      14.327 Aspects of Science Education
14.421 Perspectives on Science Education
14.458 History, Philosophy and Science Teaching
14.551 Assessment and Evaluation in Science Education

**Part II: 14.575 Investigation in Science Education (two papers)**

(i) The investigation shall relate directly to some aspect of the practice of Science Education.
(ii) The topic must be approved by the Board of Studies.
(iii) The investigation must be supervised by a member of the academic staff of the University or the Auckland College of Education approved by the Board of Studies.
(iv) The written project resulting from the investigation will be submitted within one year of its commencement provided that, in exceptional circumstance, this period may be extended by the Dean of Science on the recommendation of the Board of Studies.

4. A candidate must pass at least four papers from Part I before commencing Part II. Part I may be undertaken either full-time in one year, or part-time for such a period as the Senate may permit. The project will normally be submitted within one year of its commencement, although in exceptional circumstances, projects lasting over more than one year may be approved.

5. No candidate shall be credited for this Diploma with any paper the same as or substantially similar to a paper already passed for any other University degree or diploma.

6. Notwithstanding the provision of Enrolment and Course (General) Regulation 10 a candidate shall be permitted to credit to this diploma no more than the equivalent of one Part I(a) paper which has been taken as part of the School of Advanced Studies for Teachers – Higher Diplomas of Teaching at the Auckland College of Education.

7. The Senate may, in such exceptional cases as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

8. These Regulations shall come into force on 1 January 1992.

**DIPLOMA COURSE PRESCRIPTIONS**

**DIPLOMA IN MATHEMATICS EDUCATION**

**(a) Papers Taught by the Auckland College of Education**

The prerequisite for any paper in this schedule is that the candidate can demonstrate mastery of the mathematical content at the relevant level.

625.501 Mathematics in Early Childhood (Ages 0 to 5)
625.502 Mathematics in the First Three Years of School (Ages 5 to 8)
625.503 Mathematics in Standard 2 to Form 1 (Ages 8 to 11)
625.504 Mathematics in Form 1 to Form 4 (Ages 11 to 14)
625.505 Mathematics in Form 4 to Form 6 (Ages 14 to 16)
625.506 Mathematics in Form 7 and Tertiary Education
625.507 Investigative Methods of Teaching
625.508 Bilingual Mathematics

These are classroom-oriented papers. All papers incorporate examination of the syllabus, including the rationale and relevance of the content, critical inspection of teaching materials, issues in Mathematics Education such as equity, diagnostic and interactive teaching, use of technology in Mathematics Education, evaluation in the classroom, children with special needs, emphasis on practical classroom tasks and reflective behaviour.

**(b) Papers taught by the Department of Mathematics of The University of Auckland**

The papers chosen from the BSc Schedule will normally be in the subjects Pure Mathematics, Applied Mathematics or Computer Studies.

26.512 Independent Learning Course in Mathematics

Students who need to increase their mathematical skills will be required to take this paper.

26.522 School Pupil Projects in Mathematics

This course concentrates on the seventh form Project in mathematics.

26.532 Mathematics for Problem Solving in Primary School Mathematics

This course is intended to give Primary School teachers a firm understanding of the mathematical concepts introduced at this level.

26.533 Mathematics for Problem Solving in Secondary School Mathematics

This course is intended to give Secondary School teachers a firm understanding of the mathematical concepts introduced at this level.

(c) Papers taught by the Department of Education of The University of Auckland

14.510 History of Mathematics (half paper)
14.511 Philosophy of Mathematics (half paper)
14.514 Cultural Context of Mathematics Education (half paper)
14.515 Assessment and Evaluation in Mathematics (half paper)
14.516 Mathematics in the Curriculum (half paper)
14.517 Children’s Development of Mathematical Concepts (half paper)

A consideration of (1) the purposes and methods of assessment in school mathematics and (2) the principles and procedures of mathematics curriculum evaluation. Introduction to the principles underpinning the design of mathematics curricula together with a consideration of the role of mathematics within the primary and secondary school curriculum.

**DIPLOMA IN SCIENCE EDUCATION**

**(a) Papers Taught by the Auckland College of Education**

634.260 Teaching and Learning in Science and Technology

As prescribed for the BScEd.

634.501 Modern Trends in Science Teaching

This course has been designed to meet the needs of teachers seeking further ideas for developing stimulating science programmes in tune with our everyday environment. It is an opportunity for teachers to update their attitudes to science teaching and to build up their confidence to teach it in a practical way.

634.502 Teaching Science Using the Environment

The course content lays emphasis on planning and safety aspects of field trips, particularly for bush and stream studies. Some simple astronomy and a general study of the geology of Auckland is included.

634.503 New Strategies in Teaching Science

In this course participants will look at a range of modern science teaching strategies. They will undertake individual investigations within their own schools. This will result in the production of a report by each course member.
634.504 Teaching Strategies in Biotechnology, Forms 1-5
This course, based on problem solving and practical investigations, examines science teaching strategies for the current Form 1-5 syllabus. The emphasis is on using a wide range of biotechnology techniques as a link into technology education. The relationships between science, technology and industry are explored with particular reference to the classroom programmes.

(b) Papers taught by the Faculty of Science of the University of Auckland
08.111 Organic and Physical Chemistry
08.121 Inorganic and Physical Chemistry
21.111 Introduction to General and Environmental Geology
31.101 The Physical Universe
31.102 The World of Physics
39.101 Central Concepts of Biology
39.103 New Zealand Biology
As prescribed for the BSc Degree.

(c) Papers taught by the Department of Education of the University of Auckland
14.270 Issues in Science Technology, Society Environment Education
This paper examines the complex interactions between science, technology, society and the environment, provides a critical awareness of some of the major issues confronting human society, and considers ways in which an ecologically-oriented science and technology education can be implemented in primary and secondary schools. Major topics, for which students will be expected to develop a bank of resource materials for school use, may include: health; land, water and mineral resources; food and agriculture; energy resources and consumption; industry and technology; biotechnology; information technology; ethics and social responsibility in science and technology.

14.327 Aspects of Science Education
As prescribed for the BSc Degree.

14.421 Perspectives on Science Education
A study of concept development in science, the relationship between philosophy of science and science curricula and the factors that influence science curriculum change.

*14.458 History, Philosophy and Science Teaching
As prescribed for the MEd Degree.

†14.551 Assessment and Evaluation in Science Education
This course provides an introduction to the principles and procedures of science curriculum evaluation and a critical analysis of the purposes, strategies and methods of assessment in school science.

14.575 Investigation in Science Education
An original study (empirical or theoretical) that relates directly to some issue or issues in science education at primary, secondary or tertiary level.

Note: * Starred papers will not be taught during the current Calendar year
† Daggered papers will not be taught during the current Calendar year unless sufficient staff is available

INTER-FACULTY STUDIES

Operations Research

Operations Research (also known as Management Science) can be defined briefly as the application of scientific methods to management decision problems in business, industry, and government. It is widely used in areas such as optimal scheduling, inventory control, simulation studies, decision analysis and many similar applications, both on a short-term basis and to assist in long-range planning. Training for Operations Research is frequently inter-disciplinary and in the University there are several paths along which Operations Research may be approached. These include a conjoint BCom/BSc in Operations Research and Applied Mathematics, a conjoint BCom/BE in Operations Research and Engineering Science, a BCom in Operations Research, a BSc in Applied Mathematics, or a BE in Engineering Science, as well as study at graduate level. The particular programmes are described here, and further reference should be made to relevant prescriptions in the Faculties of Commerce, Engineering and Science.

1. In the Faculty of Science, the Departments of Mathematics and Statistics offer courses which contain topics dealing with the theory and methodology of basic stochastic and deterministic techniques in Operations Research. In particular the following papers are offered for the BSc and BSc(Hons) Degrees:
   - 26.293 Introduction to Operations Research
   - 26.380 Applied Probability
   - 26.382 Design of Surveys and Experiments
   - 26.385 Advanced Data Analysis
   - 26.391 Optimization in Operations Research
   - 26.395 Mathematical Modelling for Operations Research

   At the graduate level students may choose courses in Operations Research towards an MSc or MPhil or towards the DipComSci or DipStats. Interested students should consult the Head of the Departments of Mathematics and Statistics.

2. In the Faculty of Commerce students wishing to specialise in Operations Research for the BCom or BCom(Hons) Degrees should consider the following papers offered by the Department of Management Science and Information Systems:
   - 26.293 Introduction to Operations Research
   - 26.391 Optimization in Operations Research
   - 26.395 Mathematical Modelling for Operations Research
   - 74.300 Advanced Operations Management
   - 74.301 Project in Operations Management

   At the graduate level students may choose courses in Operations Research towards the Degrees of MCom, MPhil or DipCom which may include a thesis or a research essay in this area. Research in Operations Research may also be undertaken for the Degree of PhD. Interested students should consult the Head of the Department of Management Science and Information Systems.

3. In the Faculty of Engineering, students may specialise in Operations Research within the professional Degree of BE by taking the Engineering Science option, which includes:
   - 54.251 Operations Research I
   - 54.354 Simulation
   - 54.355 Queueing and Inventory Theory
   - 54.291 Engineering Science Design
   - 54.304 Project in Engineering Science
   - 54.352 Stochastic Methods in Operations Research
   - 54.353 Deterministic Methods in Operations Research

   Appropriate papers in such areas as computation, statistics, industrial administration and transportation are also available. The project topic can be chosen from a wide area of application of mathematical modelling in industry and corporate administration.

   At the graduate level, students may specialise in Operations Research for the Degrees of ME, MPhil and PhD by choosing from:
   - 54.422 Nonlinear Optimization
   - 54.423 Advanced Linear Optimization
   - 54.451 Studies in Operations Research A
   - 54.452 Studies in Operations Research B
   - 54.455 Advanced Systems Analysis A
   - 54.456 Advanced Systems Analysis B

   and related papers in Engineering, Science and Commerce. Interested students should consult the Head of the Department of Engineering Science.

Further information and suggested academic programmes are described in the booklet ‘Operations Research and Management Science at the University of Auckland’ prepared by the Committee on Operations Research. The booklet is available from the three departments who contribute to the programme.

CERTIFICATE COURSE REGULATIONS

CERTIFICATE OF PROFICIENCY COP

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations: for general provisions affecting their course of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. In these Regulations a “pass” means a pass in any paper or subject or in any examineable part of a subject. “Certificate of Proficiency” means a certificate issued by the University as to a pass otherwise than for a degree or diploma.

2. With the permission of the Senate a matriculated student may be enrolled under the Enrolment and Course Regulations (General) for the purpose of obtaining a Certificate of Proficiency.
3. To obtain a Certificate of Proficiency a student who is enrolled under Regulation 2 must comply with the provisions of the Examination Regulations and pass the appropriate examinations.

4. Where a candidate has sat a paper for Certificate of Proficiency that paper may not be credited towards or repeated for a Master's Honours Degree.

5. Except as provided by Regulation 4 of these Regulations a candidate who has obtained a pass for Certificate of Proficiency may at any time have that pass credited to a degree or diploma; on condition that any prerequisite and corequisite conditions or other requirements prescribed for that degree or diploma have been complied with; but in exceptional circumstances the Senate may exempt the candidate from this requirement.

6. A candidate who (a) has obtained a pass in any subject at Master's level for a Certificate of Proficiency and (b) would have been eligible for Honours if that subject had been presented under the appropriate Master's Degree Regulations, may be awarded a Certificate of Proficiency with Honours of the appropriate class provided in those Regulations.

7. A candidate who (having completed a course of study) has been admitted to a degree, may, subject to the approval of the Senate, enrol for a further course of study prescribed for that degree; and on completing it shall be entitled to be awarded a Certificate of Proficiency.

Note: A member of the permanent academic staff of this University with overseas university qualifications may be permitted to enrol for a paper or a subject for Certificate of Proficiency without having to make a formal application for Admission Ad Eundem Status.

UNITECH CERTIFICATE UnitechCert

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

The aim of the Unitech Certificate is to permit students to engage in a course of study in both The University of Auckland and a participating polytechnic. The Unitech Certificate is administered by a Board of Studies which acts on behalf of, under delegated powers from, the Councils of each of the participating institutions.

General Provisions
1. A candidate for the Unitech Certificate shall be enrolled in a course of study approved by the Board of Studies.
2. The course of study shall comprise three equal parts:
   (a) one part shall consist of two undergraduate papers, which will normally be at Stage I level, of The University of Auckland;
   (b) a second part shall consist of a course of study offered by the participating polytechnic, and which will normally require attendance and assessed work totalling approximately 300 hours;
   (c) a third part may be completed in one of the following ways:
      (i) Two university papers, or approximately 300 hours of study in courses of one of the contributing polytechnics, or by one university paper and approximately 150 hours of study in a course of one of the contributing polytechnics;
      (ii) appropriate work of a practical nature which is related to an area of study already undertaken and which is equivalent to 300 hours of study at a tertiary education institution;
      (iii) (a) credit of appropriate course or practical work which has already been completed and certified by a recognised training or educational institution or organisation, such credit to count for one-sixth of the Certificate requirements; and
      (b) undertaking an approved project relevant to the courses taken and the personal area of interest of the candidate, the result of the project to be presented in an appropriate form and to count for one-sixth of the Certificate requirements.
   (d) The University papers will normally be chosen from those offered by the Faculties of Arts and Science. The choice may be undertaken either (a) according to programmes identified by the Board of Studies or (b) according to proposals made by the student concerned, designed to lead on to further tertiary study, and subject to the approval of the Board of Studies.
3. Not more than one-third of the total of the course may be derived from credit from non-participating institutions. In assessing whether credit may be granted towards the Certificate for work completed in non-participating institutions, the following principles will apply:
   (a) the work to be credited shall be appropriate in subject matter and standard;
   (b) the work has required a similar period of study to that which would be needed for a similar body of work carried out in the participating institutions (for this purpose it will be generally assumed that 150 hours of study equates to two years of appropriate practical experience);
   (c) once credit towards the Certificate has been granted for work which has already been recognised as part of the requirement for any earlier qualification, it cannot be further cross-credited to another higher qualification (e.g. a degree) unless the Certificate is surrendered.
4. A candidate who has successfully completed the Certificate may apply to the Registrar of The University of Auckland, or to the Chief Executive Officer of any of the contributing polytechnics, to credit Certificate courses towards a higher qualification of that institution. The credit which may be awarded for transfer to a higher qualification shall be decided by the appropriate authority of the institution to which application is made.
   The application must be accompanied by the prescribed fee. The credited courses shall comply with the regulations for the higher qualification. A maximum of one-third of the work completed for the Certificate may be credited in this way. A candidate who wishes to credit more than one-third of the work completed for the Certificate will be required to surrender the Certificate before the award of credit will be confirmed.
5. These Regulations shall come into force on 1 January 1993.

TRANSITIONAL CERTIFICATE TransCert

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrolment and Course Regulations (General), and the Examination Regulations.

1. Subject to the Admission Regulations a candidate for a Transitional Certificate shall (a) have qualified for admission to a degree in this University and (b) with the approval of the Senate be enrolled in a course prescribed for a Transitional Certificate and (c) follow a course of study of not less than one year and pass the prescribed examinations and (d) comply with such of the prerequisites for that course as shall be specified in each case by the Senate.
2. The completion of the prerequisites for a Transitional Certificate shall have the effect of meeting whichever of MA Regulation 1, MSc Regulation 1, MCom Regulation 1, MBA Regulation 1, LLM Regulation 1, MJur Regulation 1, MPlan Regulation 1, ME Regulation 1, MFA Regulation 1 or MPhil Regulation 2, the Senate shall determine is appropriate, and shall have no other purposes or effect whatever.

3. To be eligible for the award of a Transitional Certificate a candidate shall be required to enrol for the degree to which it leads.

4. The subjects for examination shall be those prescribed for the Degree of BA, BSc, BCom, LLB, BMus, BArch, BProp, BPlan, BE, BFA.

**INTERMEDIATE COURSE FOR DEGREES OR DIPLOMAS FOR OTHER NZ UNIVERSITIES**

Intermediate courses may be taken at the University of Auckland for a number of degrees and diplomas offered by other New Zealand Universities. Enquiries in the first instance must be made to the University concerned before any enrolment for that University is made at the University of Auckland.

A student wishing to enrol at Auckland for an Intermediate course for a degree or diploma at another University is required to include on the enrolment forms the course of study and the University for which it is being taken as an Intermediate e.g. 'ForestInt' (Forestry Intermediate for Canterbury).

A student who decides to remain at Auckland after having passed Intermediate papers for another University’s course may apply to have those papers credited to an Auckland course by completing the appropriate form (Abandonment) and paying the prescribed fee of $12.00.
The University offers higher doctorates in Literature, Science, Laws, and Engineering. As at other universities, these are primarily designed for graduates of the University who have subsequently published original work that has over a period given them authoritative international standing in their field. The higher doctorate is thus to be seen as a recognition of real distinction in one of these areas of study. It will be awarded rarely and after rigorous examination of a substantial and significant corpus of material.

Candidates intending to submit for examination are advised to obtain the notes *Guidance for Candidates* from the Registrar, The University of Auckland, before submitting.
DEGREE COURSE REGULATIONS

THE DEGREE OF DOCTOR OF PHILOSOPHY PhD

The personal course of study of every candidate must be approved by the Senate. Approval will normally be granted for courses which are in accordance with the following Regulations; for general provisions affecting their courses of study students are referred to the Enrollment and Course Regulations (General), and the Examination Regulations.

1. The PhD degree comprises a course of advanced study and research, the results of which are presented in a thesis. The thesis shall be an original contribution to the field of study and is required to meet internationally recognised standards for such work. Every candidate for the Degree of Philosophy shall apply to the Head of Department for registration as such, showing:
   (a) that he or she has the requisite preliminary qualification set out in Regulation 2 hereof; and
   (b) that he or she has adequate training and ability to pursue a course of advanced study and research.

2. The preliminary qualification shall be:
   (a) qualification for admission to a Bachelor’s Degree with Honours, or a Bachelor’s (Honours) Degree, or a Master’s Degree with Honours of this University, or
   (b) qualification for admission to a Master’s Degree First Class or Second Class, or
   (c) qualification for admission to the Degree of Bachelor of Medicine and Bachelor of Surgery together with evidence that the candidate has carried out research which, in the opinion of the Senate, is satisfactory evidence of the candidate’s ability to pursue a course of advanced study and research for this Degree;
   (d) in the case of a graduate of another University, admission to the course under the provisions of the Admission Regulations, or
   (e) any other qualifications approved by the Senate in the particular case of any candidate.

3. (a) The Senate (Deans Committee) having received a recommendation from the Head of the Department concerned (or in Commerce, Engineering and Medicine and Human Biology, from the Dean concerned) shall determine if the candidate may be registered and the date and conditions of that registration.

   (b) The recommendation for registration shall include: (i) the field of study (ii) the date of registration (iii) the name of a supervisor or supervisors from members of the academic staff (iv) satisfactory evidence of the candidate’s training and ability to pursue the proposed course of study (v) a statement of any language or other requirement which the candidate must satisfy as part of the course of study (vi) where submitted by the Dean of Engineering, a description of the papers required in terms of clause 8(a) of these Regulations.

   (c) An application for registration from a qualified candidate may be declined by the Senate, acting upon the recommendation of the Head of the Department, if appropriate supervision and resources are not available.

4. A candidate for a Master’s Degree may, after the completion of at least one year’s work for that Degree at a standard considered satisfactory by the Senate, be registered as a candidate for the Degree of Doctor of Philosophy. Any such candidate so registered may be allowed credit for the work for the Master's course if that work can form part of the doctoral thesis. The date of registration shall not be earlier than the end of the academic year in which he or she completed papers for a Master’s or Bachelor’s Degree with Honours.

5. (a) After being registered as a candidate for the Degree of Doctor of Philosophy the candidate shall pursue a course of advanced study and research at the University to the satisfaction of the Head of the Department and the Supervisor for a period of at least two calendar years from the date of registration, during which he or she shall work at the advanced study and research full time under the supervision of a teacher in the University; provided that:

   (i) laboratory work may be carried out in an approved institution outside the University for such limited period or periods as may be determined from time to time by the Senate;
   (ii) field work may be carried out at such places and for such periods as the Senate may determine;
   (iii) research requiring the use at first hand of documents or books not available within the University may be undertaken in an approved institution outside the University, for such period or periods and on such conditions as may be determined from time to time by the Senate;
   (iv) when a candidate has completed the initial period of two years full-time study and research he or she may apply to the Senate for permission to continue as a part-time candidate. Any such application must be supported by the Supervisor and the Head of the Department.

   (b) For the purpose of this Regulation a candidate shall be deemed to work full-time if he or she has no occupation other than his or her study or research; provided that he or she may:

   (i) with the approval of the Supervisor and the Head of Department engage for an average period of not more than six hours per week in academic work other than his or her study or research;
   (ii) take such statutory, recreational and other holidays as are normally incidental to full-time occupation.

6. (a) Notwithstanding anything in Regulation 5, a part-time member of the academic staff

   (i) engaged in teaching or in laboratory supervision (or in both) for not more than twelve hours a week on average over the teaching weeks of the year, and
   (ii) with no other occupation may register as a candidate for the Degree of Doctor of Philosophy. After being so registered he or she shall pursue a course of advanced study and research at the University over a period which shall, except in special circumstances to be determined by the Senate, be of at least three calendar years from the date of registration, to the satisfaction of the Head of the Department and the Supervisor.

   (b) Notwithstanding anything in Regulation 5, a full-time member of the academic staff, other than a Head of the Department, may register as a candidate for the Degree of Doctor of Philosophy. After being so registered he or she shall pursue a course of advanced study and research at the University over a period which shall, except in special circumstances to be determined by the Senate, be of at least four calendar years from the date of his or her registration to the satisfaction of the Head of his or her Department and the Supervisor.

   (c) Notwithstanding anything in Regulation 5, a full-time member of the teaching staff of a Teachers' College in the Auckland area or a Technical Institute in the Auckland area or member of the staff of a recognised Research Organisation may apply for registration for the Degree of Doctor of Philosophy and shall submit with such application a statement from the Principal of the College or Institute or Head of Research Organisation that the candidate’s College or Institute or Research Organisation work is such as to allow him or her to pursue a course at the University for the Degree of Doctor of Philosophy. After being registered
the candidate shall pursue to the satisfaction of the Head of his or her Department and the Supervisor, a course of advanced study and research at the University over a period of at least four calendar years from the date of registration.

7. The supervisor shall submit to the Senate, through the Head of the Department, a brief report on the progress of the candidate at the end of each year, provided that in the case of a candidate who is a member of the teaching staff of a Teachers' College or Technical Institute or member of the staff of a recognised Research Organisation the Supervisor shall submit a report at the end of each six months. A candidate's registration may be terminated by the Senate if an unfavourable report is received.

8. (a) A candidate for the Degree of Doctor of Philosophy in Engineering shall take three papers prescribed for the Degree of Master of Engineering or papers deemed by the Deans Committee to be equivalent provided that the Senate on the recommendation of the Deans Committee may waive or modify this requirement.

(b) A candidate shall not be eligible to enrol for any other course while registered for the Degree of Doctor of Philosophy unless he or she obtains the prior permission of the Senate.

9. A candidate for the Degree of Doctor of Philosophy in Commerce may be required to take three papers prescribed for the Degree of Master of Commerce or papers deemed by the Dean to be equivalent provided that the Senate on recommendation of the Dean may waive or modify this requirement.

10. (a) A candidate who has fulfilled the conditions required by these Regulations may apply at any time within six years from the date of registration to the Registrar to be examined provided that a full-time member of the academic staff, or a member of the teaching staff of a Teachers' College or Technical Institute or a member of the staff of a recognised Research Organisation, or any candidate registered in accordance with Regulation 6(d) above, may apply at any time within eight years and this period may in special circumstances be extended by the Senate for a full-time member of the academic staff who has not while registered for the Degree been a full-time research student.

(b) A candidate shall submit to the Registrar three bound copies of a thesis embodying the results of his or her research which shall be retained by the University.

11. (a) After having accepted the candidate's application to be examined the Senate shall, upon the recommendation of the Head of the Department, approve the title of the thesis and shall appoint as examiners:

(i) the Supervisor or Supervisors,

(ii) one person, who shall also act as Oral Examiner, and who may be a member of the staff of the University if there is no specialist in the field at another University in New Zealand, and

(iii) one person who may not be a member of the staff of this University except in such circumstances as the Senate thinks fit.

(b) The Senate may, on the recommendation of the Head of the Department, appoint a further Examiner and in exceptional circumstances two further Examiners.

12. The Supervisor shall forward to the Registrar a certificate stating that the work described in the thesis was carried out by the candidate under his or her supervision and that the conditions laid down in Regulation 5 or 6 have been fulfilled.

13. (a) A copy of the thesis shall be submitted to each examiner who shall report on the thesis independently. Except where the Vice-Chancellor acting on the advice of the Examiners otherwise authorises, the Supervising Examiner and one External Examiner shall together examine the candidate orally in the subject of the thesis and on the general field to which the subject belongs. The oral examination shall be held after the reports from all the examiners have been received, and not sooner than six weeks after the submission of the thesis, except in very special circumstances and with the approval of the Senate. At the request of the Oral Examiners the candidate may be required to take a written examination. The Oral Examiners shall make a joint report to the Senate on the whole examination. The Examiners may recommend that a thesis, not considered entirely suitable by them for acceptance, may be revised by the candidate for re-submission on one further occasion only.

(b) Where a candidate registered for this Degree who has not qualified for or been awarded a Master's Degree of this University submits or re-submits a thesis not considered entirely suitable to the examiners, the Senate may recommend that the thesis be submitted for a Master's Degree without Honours in the appropriate Faculty provided that the candidate satisfies all other requirements for that Master's Degree.

14. Senate may, in such exceptional circumstances as it thinks fit, approve a personal course of study which does not conform to the foregoing Regulations.

HIGHER DEGREES REGULATIONS

THE DEGREE OF DOCTOR OF LITERATURE LittD

General Provisions

1. Other than in exceptional circumstances, a candidate for the Degree of Doctor of Literature shall be a graduate of the University of Auckland, or that of the University of New Zealand.

2. No candidate shall present himself or herself for the Degree of Doctor of Literature until at least eight years after graduation to his or her first degree.

3. The Degree of Doctor of Literature shall be awarded for an original contribution (or contributions) of special excellence to linguistics, literary, philosophical, social or historical knowledge.

4. The Degree shall be awarded only on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation.

5. No work shall be considered for the Degree if the work, or major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.

6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:

(a) three copies of the work to be examined;

(b) a statutory declaration which shall:
(i) state the extent to which the work is the candidate’s own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate’s own; and
(ii) state what portion (if any) of the work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and
(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

Examination Procedure
7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall:
(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his or her opinion, the examination should proceed; and
(b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted, provided that the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.
8. Upon receipt of the report of the Moderator the Senate shall decide whether to proceed with the examination. If the Senate determines that the examination shall not proceed or that the degree shall not be awarded (Regulation 12) the candidate may not lodge a further application to be examined for a higher degree until a period of five years or more has elapsed from the date of Senate’s decision. If the examination is not to proceed the candidate shall be entitled to a refund of one half of the fees paid under Regulation 6 of these Regulations.
9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, provided that the Senate may in its discretion appoint an additional Examiner who may be a member of the teaching staff of the University of Auckland.
(b) The contents of the Moderator’s report shall not be communicated to the Examiners.
10. The duties of each Examiner shall be:
(a) to report independently on the quality of the work and its value as a significant contribution to learning; and
(b) to recommend whether or not the Degree should be awarded, provided that where the recommendation is that the Degree should not be awarded, the Examiner may recommend that the candidate be permitted to re-submit the work with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.
11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.
12. The Moderator shall consider the reports of the Examiners and prepare a final report based upon them which, together with the reports of the Examiners, shall be placed before the Senate and the Senate shall determine whether or not the Degree shall be awarded.
13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two Examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

THE DEGREE OF DOCTOR OF SCIENCE DSc

General Provisions
1. Other than in exceptional circumstances, a candidate for the Degree of Doctor of Science shall be a graduate of the University of Auckland, or of the University of New Zealand.
2. No candidate shall present himself or herself for the Degree of Doctor of Science until at least eight years after graduation to his first degree.
3. The Degree of Doctor of Science shall be awarded for an original contribution (or contributions) of special excellence in some branch of pure or applied science.
4. The Degree shall be awarded only on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation.
5. No work shall be considered for the Degree if the work, or a major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.
6. A candidate shall make application in writing to be examined, and such application, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:
(a) three copies of the work to be examined;
(b) a statutory declaration which shall:
(i) state the extent to which the work is the candidate’s own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate’s own; and
(ii) state what portion (if any) of the work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and
(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

Examination Procedure
7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall:
(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his or her opinion, the examination should proceed; and
(b) state the names of not fewer than two persons recommended as suitable Examiners in the field covered by the work submitted, provided that the Senate in appointing Examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.
8. Upon receipt of the report of the Moderator the Senate shall decide whether to proceed with the examination. If the Senate determines that the examination shall not proceed or that the degree shall not be awarded (Regulation 12) the candidate may not lodge a further application to be examined for a higher degree until a period of five years or more has elapsed from the date of Senate’s decision. If the examination is not to proceed the candidate shall be entitled to a refund of one half of the fees paid under Regulation 6 of these Regulations.
9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, provided that the Senate may in its discretion appoint an additional Examiner who may be a member of the teaching staff of the University of Auckland.

(b) The contents of the Moderator’s report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be:

(a) to report independently on the quality of the work and its value as a significant contribution to learning; and

(b) to recommend whether or not the Degree should be awarded, provided that where the recommendation is that the Degree should not be awarded, the Examiner may recommend that the candidate be permitted to re-submit the work with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall consider the reports of the Examiners and prepare a final report based upon them which, together with the reports of the Examiners, shall be placed before the Senate and the Senate shall determine whether or not the Degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations, the Moderator shall, where the Examiners’ recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner, and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

THE DEGREE OF DOCTOR OF LAWS LLD

General Provisions
1. Other than in exceptional circumstances, a candidate for the Degree of Doctor of Laws shall be a graduate of the University of Auckland, or of the University of New Zealand.

2. No candidate shall be eligible for the award of Degree of Doctor of Laws until at least eight years after graduation to his or her first degree.

3. The Degree of Doctor of Laws shall be awarded for an original contribution (or contributions) of special excellence to the history, philosophy, exposition or criticism of law.

4. The Degree shall be awarded on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation, but in addition to the published work the candidate may submit unpublished work in support of the application.

5. No work shall be considered for the Degree if the work or a major portion of it has previously formed the basis of an award of any degree or diploma in this or any other University.

6. Written application to be examined for the Degree, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:

(a) three copies of the work to be examined; and

(b) a statutory declaration which shall:

(i) state the extent to which the work is the candidate’s own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate’s own; and

(ii) state what portion (if any) of work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and

(iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

Examination Procedure
7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall:

(a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his or her opinion, the examination should proceed; and

(b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted but the appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.

8. Upon receipt of the report of the Moderator the Senate shall decide whether to proceed with the examination. If the Senate determines that the examination shall not proceed or that the degree shall not be awarded (Regulation 12) the candidate may not lodge a further application to be examined for a higher degree until a period of five years or more has elapsed from the date of Senate’s decision. If the examination is not to proceed the candidate shall be entitled to a refund of one half of the fees paid under Regulation 6 of these Regulations.

9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, and the Senate may in its discretion appoint an additional Examiner who may be a member of the teaching staff of the University of Auckland.

(b) The contents of the Moderator’s report shall not be communicated to the Examiners.

10. The duties of each Examiner shall be:

(a) to report independently on the quality of the work and its value as a significant contribution to learning; and

(b) to recommend whether or not the Degree should be awarded. Where the recommendation is that the Degree should not be awarded the Examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.

11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.

12. The Moderator shall consider the reports of the Examiners and prepare a final report based upon them which, together with the reports of the Examiners, shall be placed before the Senate and the Senate shall determine whether or not the Degree shall be awarded.

13. Notwithstanding anything in Regulation 12 of these Regulations the Moderator shall, where only two Examiners have been appointed and their recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner and in such case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.
THE DEGREE OF DOCTOR OF ENGINEERING  DEng

General Provisions
1. Other than in exceptional circumstances, a candidate for the Degree of Doctor of Engineering shall be a graduate of the University of Auckland, or of the University of New Zealand.
2. No candidate shall present himself or herself for the Degree of Doctor of Engineering until at least eight years after graduation to his or her first degree.
3. The Degree of Doctor of Engineering shall be awarded for an original contribution (or contributions) of special excellence in some branch of Engineering or Technology.
4. The Degree shall be awarded only on work, whether sole or conjoint, published in book form or in scholarly journals in general circulation or as designs and inventions; but in addition the candidate may submit unpublished work in support of the application.
5. No work shall be considered for the Degree if the work, or major portion thereof, has previously formed the basis of an award of any degree or diploma in this or any other University.
6. Written application to be examined for the Degree, accompanied by the fees prescribed in the Fees Regulations, shall be lodged with the Registrar together with:
   (a) three copies of the work to be examined; and
   (b) a statutory declaration which shall:
      (i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own; and
      (ii) state what portion (if any) of work submitted has been previously presented for a degree or diploma of the University of Auckland or any other University; and
      (iii) declare that the work in substantially its present form has not been previously accepted for the award of a degree or diploma in this or any other University and is not being concurrently submitted for a degree or diploma in any other University.

Examination Procedure
7. As soon as possible after the application has been lodged, the Senate shall appoint a Moderator who shall:
   (a) consider the work and submit, through the Registrar, a preliminary report, which shall indicate whether, in his or her opinion, the examination should proceed; and
   (b) state the names of not fewer than two persons recommended as suitable examiners in the field covered by the work submitted but the Senate in appointing examiners under Regulation 9 of these Regulations shall not be restricted to the persons so named.
8. Upon receipt of the report of the Moderator the Senate shall decide whether to proceed with the examination. If the Senate determines that the examination shall not proceed or that the degree shall not be awarded (Regulation 12) the candidate may not lodge a further application to be examined for a higher degree until a period of five years or more has elapsed from the date of Senate's decision. If the examination is not to proceed the candidate shall be entitled to a refund of one half of the fees paid under Regulation 6 of these Regulations.
9. (a) If the examination is to proceed the Senate shall appoint two independent External Examiners of whom at least one shall be resident outside New Zealand, provided that the Senate may in its discretion appoint an additional Examiner who may be a member of the teaching staff of the University of Auckland.
   (b) The contents of the Moderator's report shall not be communicated to the Examiners.
10. The duties of each Examiner shall be:
    (a) to report independently on the quality of the work and its value as a significant contribution to learning; and
    (b) to recommend whether or not the Degree should be awarded. Where the recommendation is that the Degree should not be awarded the Examiner may recommend that the candidate be permitted to re-submit the work together with further published work at a later date. A re-submission shall be accompanied by a further full examination fee.
11. All reports and other communications shall be sent to the Registrar who shall refer them to the Moderator.
12. The Moderator shall consider the reports of the Examiners and prepare a final report based upon them which, together with the reports of the Examiners, shall be placed before the Senate; and Senate shall determine whether or not the Degree shall be awarded.
13. Notwithstanding anything in Regulation 12 of these Regulations, the Moderator shall, where the Examiner's recommendations are conflicting, submit to the Senate the name of a further person qualified to act as an Examiner. In that case the Senate shall appoint the person so named or some other suitable person to be an additional Examiner to furnish an independent report in accordance with the provisions of Regulation 10 of these Regulations, which shall be considered by the Senate together with the other reports.

CENTRE FOR CONTINUING EDUCATION

The Centre for Continuing Education is a Department of the University, the special function of which is to create opportunities for the whole community to attend courses and other activities for personal enjoyment and development or advancement of professional knowledge. Nearly all courses are conducted by University academic staff or outside specialists. It makes available to the general public a wide variety of courses in the humanities, sciences, music and the arts. These are usually of ten weeks or longer. Day or weekend seminars are also promoted at the Centre. A number of these will focus on issues of community concern and will have an interdisciplinary perspective.

Adults contemplating degree studies after some years away from formal education are referred to the "New Start" programmes in Arts detailed in the Calendar under "Preliminary Courses" in the General Statutes and Regulations chapter. Alongside the basic New Start 10 week courses are introductory courses in specific subjects, study skills, workshops and other supportive activities to assist adults recommence formal studies. New Start also caters for people with physical and sensory disabilities. Stepping Stones, a preparatory course for those needing additional help with written language is also offered.

The Preliminary Commerce Course is a year-long programme and an examination of bursary-level standard will be given at the end of the course. The Centre is linked with the N.Z. College for Seniors and the American Elderhostel movement to provide residential educational programmes for older adults. In addition its Educational Travel Programme arranges study tours abroad for New Zealanders of all ages. Short courses providing professional development for workers in health, education, welfare, recreation, community development are also available. Aspects of the theory and practice of Adult Education are taught in short courses within the Centre and at Stage III and Master's level within the Education Department.

The Centre also promotes a wide-ranging series of seminars, courses for such professional groups as engineers, business people, teachers, surveyors, valuers. The Centre's Conference organisation team provides administrative services for a range of academic and professional conferences.

Publicity brochures about the Centre's activities are available on request from the Centre for Continuing Education. More information can be obtained by telephoning the Centre, 3737 999 or 3737 599 ext. 7831 or 7832, writing to the Centre for Continuing Education, University of Auckland, Private Bag 92019, Auckland or calling at the General Office of the Centre, Old Arts Building, 22 Princes Street.

QUALIFICATION PROGRAMMES

The following Certificates and other qualification programmes are offered by the Centre. These are part-time specialist courses which enable students to gain University-level, non-degree qualifications. Successful students can, however, qualify for credit towards degree courses. At present students can apply for up to two papers credit in specified degrees on the basis of their performance in completed Certificates.

In Adult Education, Music Education for LTCL, School Leadership and Women's Studies, students may enrol in single modules. No degree credit is available, however, for individual modules.

All enquiries and all enrolments for these courses are handled directly by the Centre for Continuing Education.

Certificate in Adult Education

This Certificate is designed for people working in any field of Adult Education, formal or non-formal. It comprises five modules (chosen from six), including a compulsory Research Methods module. The minimum duration of the course for accreditation purposes is two years. Successful students may currently be credited for up to two papers towards a BA degree. Application forms, further information on this programme and enrolment procedures are available at the Centre.

Certificate in Training and Human Resource Development

This Certificate is designed for people with interests in human resource development and training in the public, private and voluntary sectors. The Certificate comprises a three-semester part-time programme of six modules. These modules are not usually available separately. Successful students may currently be credited for up to two papers towards a BA/BCom degree (cf MSLR in Arts Faculty). Applications for this course close at the Centre on 1 February 1994.

The Certificate requires completion of six integrated units of study including an individual project. These are usually completed in a three semester programme, but students may take longer if necessary. Modules are not usually available separately.

Certificate in School Leadership

This Certificate is designed for experienced teachers in New Zealand primary, intermediate and secondary schools, especially those already holding positions of responsibility. It caters for teachers who lack the qualifications to enter the University's MED programme, as well as those with degrees. The programme comprises six modules taken over a minimum of two years, including an action research module. Enrolment is restricted, and applications close at the Centre on 1 February, 1994.

Certificate in Women's Studies

The Centre offers two Certificates in Women's Studies, one taught locally and one a Distance Option. Both programmes are designed for women at all stages of their lives and from all backgrounds. They are of particular relevance to teachers, librarians, health workers, union women, women returning to or beginning tertiary study and those working in equity or equal opportunities areas. The full Certificate comprises six modules, two of which are compulsory, taken over a minimum of two years. Successful students may currently be credited with up to two papers towards a BA degree, and will also be eligible to enter the University's Women's Studies degree programme at level II. Application forms, enrolment procedures and further details on these programmes are available at the Centre.

Music Education for LTCL

This course is designed for music teachers with or without a diploma, school teachers who have some experience of music teaching and students studying music who do not wish to enrol in higher performance diplomas. The course comprises both music education and the opportunity for students to attempt the Trinity College of Music Practical Examination for the LTCL (Music Education) Diploma. It is part-time over a minimum of one year and a maximum of three. Applicants must have a minimum of grade 7 instrumental qualification. Enrolments close at the Centre on February 1, 1994.

STAFF AND STUDENT INFORMATION

ACADEMIC DRESS

The Auckland Branch of the New Zealand Federation of University Women owns a stock of Academic Gowns, Hoods, Trenchers and Tudor Bonnets. These are available for hire on Wednesdays throughout the year. Details may be obtained from Barbara Robinson, Room 010, Registry, Ext 7176. A student completing the requirements for a degree or diploma will receive information regarding the hire of academic dress for the Graduation Ceremony with his or her Application for Conferment of Degree Form.

ACCOMMODATION SERVICE

The Student Accommodation Office offers five different options of accommodation. These are:
- Halls of Residence (Refer HALLS OF RESIDENCE/HOSTEL)
- Single Occupancy Self-Catering
- Group Occupancy Self-Catering
- Grafton Flats and Houses
- Private Sector Accommodation

The office is located in Room 204, Northern Wing of the first floor Old Arts Building, 22 Princes Street. Information packs containing a common application form are available early August of each year.

AUCKLAND UNISERVICES LIMITED

Auckland UniServices Limited is a company legally separate from the University of Auckland but its shares are held in trust by the University. The objectives of UniServices are to:
- Commercialise university-sourced technology and innovations.
- Provide specialist consulting, testing and teaching services on a commercial basis.
- Carry out research contract work for outside organisations.
- Undertake any other commercial work considered to be advantageous.
- UniServices will evaluate the commercial potential of new ideas, innovations and inventions produced by University staff and students and, where there is judged to be a good possibility of commercialisation, will arrange patent protection or advise on copyright and/or confidentiality agreements.

The main office of UniServices is located in UniServices House, 58 Symonds Street and is open during normal working hours (telephone 373 7522). Offices are also located in Room 2503 School of Medicine, 5th Floor (extn. 6779) and Room 1.610 School of Engineering, 6th Level (ext. 5114).

All profits made by UniServices will be returned to the University of Auckland.

CAREERS ADVISORY SERVICE

The Careers Advisory Service offers advice and information to assist students plan and achieve their career goals. The services include information resources, C.V. appraisal, advice on interview and job-seeking strategies, individual interviews, and a computer based career guidance package. In addition the Service coordinates recruitment programmes on behalf of employers wishing to employ graduates, and maintains a Situations Vacant noticeboard. Students are encouraged to visit the Careers Advisory Service in the early stages of their university studies. The office is located on the top floor of the Upper Lecture Theatre building and is open between 8.30am and 5.00pm.

Enquiries to the Secretary, Room 10, phone 373-7599 ext. 5940.

THE CHAPEL

The Maclaurin Chapel was established under a deed of trust by Sir William Goodfellow, Hon. LL.D, in memory of his son, Richard Maclaurin Goodfellow, killed during service with the Fleet Air Arm in World War II, and of Professor Richard Cockburn Maclaurin, one of Auckland’s most distinguished graduates.

University representatives are included in the Board of Management which is responsible for administering the trust and appointing the Maclaurin Chaplain.

Services are conducted in the University Chapel are non-denominational in character, and all members of the University are welcome. Special Services are held at Orientation, Easter, Graduation, Mid-Year and End of Year.

There are regular discussion groups, bible studies and other events associated with the Chapel, which are advertised in “Craccum” and “This Week”. The Chaplaincy publishes a journal “Real World”, for the University Community. The Chapel may also be used for weddings and funerals of University students and staff and their families.

CHAPLAINS

There are two chaplaincies to the University. The Roman Catholic team is based at the Catholic Student Centre, Newman Hall, 16 Waterloo Quadrant, with a priest, one lay person and a sister on the team (telephone 3732 097).

The Maclaurin chaplaincy is non-denominational. The Chaplain may be contacted in his office in the Chapel complex (extension 7732). The Ecumenical chaplain is Rev Dr Calum Gilmour (extension 7424) whose office is in the Classics Department.

COMPUTER CENTRE

Central Computing Services

These are available to users throughout the University and are based on the following systems: Silicon Graphics 4D/240S and Sun 4/330 (unix service for teaching and research users), VAX 4000 (VMS service, teaching and research) and Silicon Graphics 4D/320S (Unix-Pick service for the University’s administration). The Centre operates an IBM 4341 on behalf of the Engineering School and an IBM
ES/9000 which supports Library and Finance Registry systems. Remote terminals and printers connected to these systems are installed at key locations throughout the campus and in some offices and laboratories.

**Microcomputer Services**
The Centre provides a purchasing service for departments and full-time members of the University wishing to obtain microcomputer units, and a maintenance service supporting them. The Sales Office for equipment and consumable supplies is located in the Centre's entrance foyer.

**Data Communications Network**
As part of its support for both mainframe and microcomputer users, the Centre is also responsible for the development and operation of the University's data communications network consisting of cables throughout the campus and fibre-optic and microwave links between them. The network provides connectivity between many of the University’s central and distributed computing resources and also gives users access to national and international networks, particularly the NZ Universities' Network (also known as Kawanihiko) and an Internet link to other countries.

**Data Entry**
A limited service is available for the entry of data from coding sheets to microcomputer diskettes or mainframes.

**Advisory Services**
A limited service is available for the entry of data from coding sheets to microcomputer diskettes or mainframes.

**General**
All use of central computing services is charged against computer resource allocations approved by the University's Computer Centre. The Centre is open between 8 a.m. and 11:30 p.m. on weekdays, and from 10 a.m. to 6 p.m. on Saturdays and Sundays, throughout the year. The mainframe systems operate continuously and terminals to them can be used at any time through terminals in buildings to which users have entry.

### COUNSELLING SERVICE

The Counselling Service is located on the upper floor of the eastern wing of the Old Arts Building, (next door to the Student Health Service). The Service is free to all enrolled students who have paid the Student Services Fee. It is staffed by registered Psychologists who provide counselling and therapy on an individual or group basis. The Service seeks to help students learn skills for improved relationships and living, to complement their focus upon academic learning.

Any enquiries should be made to the Secretary, telephone 373-7999 (internal extension 7895).

### THE CRÈCHE

The University operates three crèches primarily available for the children of students but with a limited number of places for those of staff. Based on hourly use with a maximum of up to four hours at any one time, both crèches are open from 7.45 a.m. to 5 p.m. Monday to Friday during the University term. Holiday care is available during May and August. The licence is for children aged from 3 months to 5 yrs. Staff are trained in Early Childhood Care and Education. Enrolments are accepted during enrolment week, and early enrolment at that time is advised. Crèches will be open for casual use from the beginning of February.

For further information telephone Mrs McCulloch ext. 7755.

Student places are also available at the Park Avenue Childcare Centre. For further information telephone ext. 6729.

### EQUAL EMPLOYMENT OPPORTUNITY POLICY

**Introduction**
The University of Auckland has adopted an “Equal Employment Opportunity” policy under its obligations to be a “good employer” as provided for in the State Sector Act, 1988.

**Policy**
The University of Auckland aims to promote teaching, research and community service of the highest standard so as to enhance the standing of the University in Auckland, in New Zealand and internationally.

The University of Auckland is committed to the principle and practice of equity. It therefore opposes unfair discrimination on the grounds of gender, race, disability, marital status, sexual orientation, age, religion, or on any other grounds, or through harassment.

The University undertakes, within available resources, to meet its obligations to equity by developing, publishing and ensuring compliance with an effective Equal Employment Opportunity (EEO) programme in each year for all general and academic staff.

The development of the EEO programme will be the responsibility of the EEO Officer and the Advisory Committee on EEO working in consultation with the University community.

The University of Auckland is committed to meeting its responsibilities under the Treaty of Waitangi. The EEO programme will contain objectives which show that we accept the principle of partnership, and that we aim to redress the under-representation of Māori in the University.

The programme will aim to redress under-representation of other groups also; in particular women, Pacific Islanders, members of other ethnic minorities, people with disabilities, and others who are under-represented.

The programme will aim to identify and avoid any unfair discrimination against those employed by, or applying for appointment within the University. It will review current personnel policies and procedures, such as those relating to recruitment, interviewing, appointments, promotions, work conditions and staff development and training, in order to meet EEO objectives.

The programme will, where necessary, recommend the review of University structures as well as policies and procedures to achieve equal employment opportunity.

The programme will require that appointment to all positions should be on the basis of merit and that the definition of merit should be wide enough to include such matters as applicants' community and cultural standing or their work experience (whether paid or unpaid).

The programme will recommend EEO training for University staff to ensure familiarity with affirmative action principles and practices. The EEO Officer, in liaison with the Advisory Committee on EEO, will co-ordinate the development of an EEO database to enable the EEO programme to be evaluated regularly and checked for its effectiveness.

The University acknowledges an obligation, within available resources, to provide facilities and support services such as childcare centres and liaison officers, in order to meet EEO objectives.
The University Library comprises the General Library in the Library Building on the corner of Princes Street and Alfred Street, divisional

HALLS OF RESIDENCE
Refer also ACCOMMODATION SERVICE
There are three Halls of Residence available to full time University students, with two thirds of each Hall allocated to new entrant applicants. Each offers three meals a day each hall is available to both men and women. Pastoral care is provided by resident Master/ Warden Personnel. Applications forms are available from early August each year, with the closing date of 31 October each year. Late applications are accepted for the waiting list.

Grafton Hall, 40 Seafield View Road, Grafton, administered by the Presbyterian Methodist Congregational Foundation Inc., is within 15 minutes’ walk of the City Campus. Accommodation and full board is provided for 166 students in single or twin rooms.

International House, 27 Whitaker Place, administered by the University and within seven minutes’ walk of the City Campus. Accommodation and full board is provided for 164 students in single or twin rooms.

O'Rorke Hall, 16 Mount Street, administered by the University, is within five minutes’ walk of the City Campus. Accommodation and full board is provided for 356 students in single rooms.
The University administers certain floors at the following single occupancy self catering property. All conditions and services are similar to those offered within Halls of Residence with the exception that meals are not provided.

Huia Residence Hostel, Corner Grafton and Park Roads, Grafton, is within 15 minutes’ walk of the City Campus.

HARASSMENT PROCEDURES
The University is committed to providing an environment within the University and all its facilities which is free from harassment. Harassment may be offensive behaviour or unwanted attention. It may involve an abuse of power to disadvantage, dominate, discriminate or insult. Whatever kind of harassment - sexual, racial, academic, religious etc - it is totally unacceptable. The University’s Council endorsed the above policy in 1984. The University has set in place:

(a) procedures to investigate and/or resolve harassment complaints
(b) programmes to prevent the occurrence of harassment.

Procedures available for the informal, confidential and expeditious resolution of harassment complaints involve:

(i) The Contact Network, drawn from staff and students throughout the University to listen to and discuss options for dealing with the harassment. Lists of Contact Network members are available from all Departmental Offices or in the internal telephone directory.
(ii) The Mediator, who is also a part of the informal procedures. When mediation is required the complaint is referred to the Mediator.

A complainant may approach the Mediator directly and may request a mediator of the same gender.

The Mediator co-ordinates University procedures for dealing with harassment and provides educative activities relating to harassment. The Mediator also functions as a disputes mediator, any staff member or student may request the assistance of the mediator in resolving a dispute.

The Mediator’s office is located in Room 4, Lower Lecture Theatre, Ext 7478.

STUDENTS OR STAFF USING THE UNIVERSITY’S FACILITIES SHOULD NOT HESITATE IN USING THESE PROCEDURES IF THEY FEEL THEY ARE BEING HARASSED.

INTELLECTUAL PROPERTY INCLUDING INVENTIONS AND PATENTS
When staff or students consider that during the course of their University activities a discovery or innovation has occurred which may have possibilities for commercial exploitation, the University requires them to disclose such a discovery to the University by informing the Auckland UniServices Limited. The Board of Directors of Auckland UniServices Limited would, in due course, make a decision as to its assignment to UniServices, its protection and its course of commercialisation. An agreement between the discoverer(s) and UniServices would then be entered into, such an agreement describing the obligations of the parties and the division of any income and expenditure.

Members of staff and students should know that prior to the granting of a provisional patent, publication is likely to render any research, result unpatentable. It is not the wish of the University, however, that this circumstance should inhibit the free publication of research work. Copyright of journal articles and books are not included in the above requirements and the copyright will remain with the author(s). Where research contract agreements are being negotiated on behalf of the University with clauses regarding the ownership of data or results, or any future inventions or patents arising from the proposed research, then the University requires that Auckland UniServices Limited be consulted at an early stage of these negotiations to ensure that no commitments regarding such ownership are made to funding agencies which are in conflict with University policy.

Staff or students are not to use for commercial purposes any University resources, invention or development or computer program to which they have had access while at the University without the specific approval of the University obtained through the Head of Department concerned.

THE LIBRARY
The University Library was established in 1884 with a grant of £37 for books which were ‘to be bought in England and uniformly bound in full calf with golden lettering’. Since then the Library has grown into a collection of more than 1 million volumes, excluding thousands of unbound periodicals, pamphlets and reprints. Over 15,000 periodical titles are currently received. The True University: A Short History of the University of Auckland Library 1883-1986 by Olive Johnson was published in 1988 as No. 16 of the Library’s Bibliographical Bulletins.

The University Library comprises the General Library in the Library Building on the corner of Princes Street and Alfred Street, divisional
resources in the University of Auckland. These are available from the Information Desk in the General Library. The Library aims to provide an effective and properly managed information resource for the teaching, learning and research needs of all members of the University of Auckland and thereafter the wider community, and will: collect and organise materials and facilitate access to them; employ state-of-the-art techniques and methods in information delivery; educate readers to become skilled in locating information; develop professionally competent and highly motivated staff; play an active and innovative role in the development of the University. (Mission statement)

LOST PROPERTY
All enquiries regarding lost property should be referred to the Student Union Custodian, telephone 3090-789 (external) or 32 816 (internal).

NEWMAN HALL
Newman Hall is the Catholic Student Centre at 16 Waterloo Quadrant. It is named after Cardinal John Henry Newman, the nineteenth century scholar.
Newman Hall is the centre for the Catholic tertiary students and staff. There is worship each day at 1.10 p.m. and 6.00 p.m. every Wednesday.
The Theological library is at Newman Hall for the use of theology staff and students. Some of the lectures for the Bachelor of Theology degree are held at Newman Hall.

THE NEW ZEALAND UNIVERSITIES GRADUATES ASSOCIATION (UK)
The New Zealand Universities Graduates’ Association (UK) was formed in 1967 with the main aim of creating and fostering opportunities for graduates of New Zealand Universities to establish contact with other New Zealand graduates in the United Kingdom of Great Britain and Northern Ireland.
Other objects of the Association are the establishment of links with Universities and University organisations throughout the United Kingdom and New Zealand, and to make known to visitors the names of individuals or organisations who might be helpful to them.
Membership is open to holders of a degree or equivalent professional qualifications and associate membership is available to all members of NZUSA who are not yet graduates. The Secretary will be pleased to receive membership inquiries and give further information. Postal Address: Secretary: Mrs Mary Mitchell, “Wyndcliffe”, Shootersway Lane, Berkhamsted, Hertfordshire, HP4 3NW, U.K. [Tel: (0442) 874 057]; President: Dr Robert Orr, 12 Erskine Hill, London, NWII 6HB, U.K. [Tel: (081) 455 1636 (hm); (071) 955 7190 (wk)].

THE NEW ZEALAND UNIVERSITY STUDENTS’ ASSOCIATION
Formed in 1929, the New Zealand University Students’ Association is the national union of New Zealand’s university students, to which all seven local university students’ associations are affiliated, giving a total membership of approximately 50,000.
NZUSA acts for students in all matters of national concern. Education and student welfare are NZUSA’s major concerns, but it also takes stands on wider social and political issues on which students, through their representatives, have expressed their collective views.
NZUSA’s National Office is in Wellington and is headed by the President along with General, Women’s, Maori and Education and Welfare Vice-Presidents and two Research Officers. In addition there is one part-time officer, the National Overseas Students’ Action Committee Co-ordinator.
NZUSA’s policies are made by representatives of its constituent students’ associations at Council Meetings twice a year. These policies are carried out under the guidance of the National Executive consisting of the Presidents of the constituent associations and the full-time elected officers of NZUSA.
NZUSA’s activities are funded by an annual levy of approximately $5.90 paid by constituent students’ associations on account of each individual member. More information about NZUSA can be gained by contacting AUSA or by writing to the President, P.O. Box 10191, The Terrace, Wellington.

PARKING
Street parking is available for two-wheel vehicles in Symonds Street between Alfred and Wellesley Streets, in Alfred Street, in Symonds Street between Grafton Road and the Human Sciences building, Princes Street outside Maidment Arts Centre and School of Medicine. Provision has been made for bicycles on the following areas: Alfred Street – Concours, Library; Princes Street – Physics Building; Symonds Street – School of Architecture and School of Engineering, Goods Entrance and Lower Lecture Theatre City Campus, Upper and Lower Concourses, Recreation Centre; Park Road – School of Medicine.
An area in lower Grafton Road (area No. 17) has been set aside for students’ cars. Admission is by ticket only, to be purchased at the University Bookshop on production of student identification only. Tickets will be sold in groups of 5 — the 1994 fee is under review.
No charge is made for this area during the weekend or after 4 p.m. on weekdays. Students may use the parking facilities in Wynyard Street (between Grafton and Alten Roads) without charge after 5.45 p.m. any day, and at any time during the weekends.
The parking building at 36 Princes Street is available for general parking after 5.45 each evening and weekends.

PUBLIC COMMENT
Staff should ensure that their university title is used in the media or in press correspondence only when they are commenting on a subject in which they have special competence and when there are no commercial or legal implications arising. For academic staff such subjects
would normally be those within their area of academic competence. Students may refer to their links with the University in matters of general concern.

Staff commenting on matters of public interest outside their particular areas of expertise or responsibility should do so in a purely private capacity unless they have first obtained the specific approval of the University through the appropriate head of department or section. Further details of University policy on this matter are set out in the Staff Handbook held by each department.

RECREATION CENTRE

The Recreation Centre has been planned to meet a comprehensive range of sporting and recreational needs. The facilities available include six squash courts, a health and fitness studio, a martial arts studio, a dance studio and the main hall which may be used for basketball, hockey, soccer, volleyball, badminton, cricket, netball, table tennis and cricket practice.

The Centre runs a diverse range of aerobics classes plus a special Recreational Programme which offers instruction from qualified people in a wide range of activities. Centre hours are Monday to Friday 6.30 a.m. - 10 p.m., Saturday and Sunday 9 a.m. - 6 p.m.

REST SPACES

The University has a number of rest spaces which students and staff with disabilities are welcome to use. Enquiries should be made in the first instance to the Disabled Students Resource Officer, telephone 309-0789.

ROOM BOOKINGS

University lecture theatres can be booked by departments, AUSA clubs and by outside groups, on a casual or regular basis. For casual bookings phone extension 7475 and for regular bookings phone extension 5783. Bookings for the University Conference Centre in the School of Architecture are taken on extension 7691.

Outside groups who have not previously used University facilities need to write to the Registrar providing information about their organisation and the event or meeting they wish to hold. (Subsequent bookings by the group can be made by telephone.) All bookings are confirmed in writing and include details of the hire charge, where applicable.

SMOKE FREE POLICY

Introduction

The University of Auckland has adopted a “smoke free” policy, in accordance with the provisions of the Smoke Free Environments Act 1990, for the following reasons:

(i) Research suggests tobacco smoke may affect an individual’s well being and health;

(ii) Everyone is entitled to a smoke free environment in all public areas and their place of study or work.

The University recognises that the implementation of the “smoke free” policy requires the cooperation of all members of the University and visitors.

Policy

1. Smoking is not permitted in any building controlled by the University Council (with the possible exception of personal offices as outlined in 3 below). This includes public areas, lifts and stairways.

2. Smoking is not permitted in any vehicle controlled by the University Council, if at any time that vehicle is used by more than one person.

3. Except in departments where a “No Smoking” policy has been adopted, smoking is permitted in personal offices provided University members who wish to smoke in their office take all reasonable precautions to prevent such smoke circulating to other areas where it may affect non-smokers. Accordingly, members of the University wishing to smoke in their personal office should ensure that their office door is kept closed and that the office is adequately ventilated by opening external windows. Smokers should also consider the effect of smoke on the health of persons who may have to visit their office for consultations and meetings. [N.B. a “personal office” is an office occupied by one person only.]

4. Staff who wish to smoke should try to do so only during lunch or tea breaks and out of doors.

5. The international no smoking symbol will be displayed in all university controlled buildings to remind University members and visitors of the “smoke free” policy.

6. Members may complain to their supervisor or Head of Department if a person continues to smoke in any designated “smoke free” area. The supervisor or Head of Department shall, within twenty days of the receipt of the complaint, investigate that complaint and, if it appears a contravention has occurred, shall try to resolve the complaint. In the event that a member of the University will not give an assurance that there will be no repetition of the cause of the complaint the University will notify the Auckland Area Health Board which is responsible for enforcing the provisions of the Smoke Free Environments Act.

7. At its first meeting each year the University Council shall review the “smoke free” policy and shall, before making changes to the policy in accordance with the provision of the Smoke Free Environments Act 1990, consider any submissions received from members of the University of their representatives by the Registrar during the previous year.

8. Copies of the “smoke free” policy are available from the Registrar on request and reminders will be printed in Next Week at the commencement of each term and from time to time in other University publications.

STUDENTS’ ASSOCIATION

The Association is an Incorporated Society which was founded in 1891. For almost 100 years the Students Association (AUSA) has acted for the benefit of students both within and outside the University. The student body is an integral part of the University community and the members of AUSA are involved not only in the control of the University but also in fostering social, political, cultural and sporting activities within the University. AUSA is a society which is concerned with the problems and needs of students in their widest context.

Activities

There are over one hundred clubs and societies affiliated to the Association covering many spheres of student interest. The sports clubs cater for almost all sporting interests and most participate in the local Auckland inter-club competitions and in the NZUSU tournaments. The cultural societies cater for a wide range of religious, academic, social, cultural and political interests. Information about these clubs and societies is available from the AUSA reception office. The Association employs a full-time Social Activities Officer and organises...
a large number of social functions and cultural activities. These include informal dances, the formal Graduation Ball, weekly lunch-time entertainment, film festivals and the annual Capping Festival as well as regular entertainment in the licensed student restaurant “Shadows”. During the first two weeks of the academic year the Association organises the Orientation Festival to acquaint new students with the varied facets of University life. Various welfare activities such as school visits, blood days, emergency accommodation are co-ordinated by the Welfare Officer.

“CRACCUM” is the weekly newspaper published by the Association during the academic year. Traditionally, it is the vehicle for the expression of student views and news and viewpoints of interest to students, the Editor is elected annually. The Association owns Campus Radio BFM Ltd, which broadcasts on 95 FM throughout the year.

Administration
The control of the business and affairs of AUSA lies with the Executive Committee which is elected annually. It is comprised of a full-time President, three part-time Officers and thirteen portfolio holders, together with the General Manager - a full-time position. The Executive is the official mouthpiece of AUSA and takes action on behalf of AUSA to further students’ interests. Through this Executive which acts as a co-ordinating body, AUSA undertakes a wide and varied number of activities. AUSA is the link between the individual students and the academic and administrative staff of the University. Students elect four representatives to Senate, one to the University Council, various representatives to departmental and faculty committees as well as to the committees of Senate and Council. The President is also a member of Council and Senate. Through its Executive, AUSA represents students in matters involving their interests within the University community.

The Students Representative Council is the political and policy making body of AUSA. The SRC acts on any matter of concern to students and all students may attend meetings and vote. These meetings are usually at 1.00 p.m. in the Quad outside the University Bookshop every Wednesday.

Cafeterias
The Cafeteria block is under the supervision of the Catering Manager. The main cafeteria is the only food outlet on campus during holidays. The catering service provides freshly brewed coffee in most of its outlets and various vending machines are situated in the student union area for out of hours requirements.

The Main Cafeteria is situated on the ground floor of the catering block and provides a range of sandwiches, filled rolls, hot savouries and from the hot servery chips, fish, hot dogs etc to take away. There is a large seating area available adjacent to the cafeteria, term time only. Hours are term time 7.30 am to 9 pm; holidays 9 am to 3 pm. The coffee lounge on the first floor provides a similar range of items but does not have a hot servery. Hours are 9 am to 4 pm. A budget meal at a subsidised price for students is served on the mezzanine floor each night (term time and holidays) from 4.30 to 6.30 pm. There is also a chef’s special meal which costs a little more. Hours 4.30 pm to 6.30 pm term time only.

The milk bar and coffee bar are situated on Alfred Street. The milk bar specialises in milkshakes, thickshakes, ice creams and a wide range of sweets. Opening hours are 8.30 am to 5.30 pm. The Coffee bar has a jukebox and coin operated games machines as well as food and drinks. Daily papers are sold from here and opening hours are 8 am to 9 pm. During the third term and exam time the coffee bar is open during the weekends from 8 am to 4 pm.

There are other cafeterias operating in the Human Science block and Engineering, Medical and Law Schools, and at the Tamaki Campus.

Facilities
The Student Union Buildings are occupied by the Association with control and use subject to the Student Union Management Committee, which consists of six students and five University representatives including representatives of the Senate, Council and Sub Professional staff. There are five separate blocks, with the Administration block containing Reception, Council Room, the offices of Executive, the Disabled Students Resource Officer, the Student Parent Resource Officer, the Finance department, general meeting rooms, the AUSA Noticeboard outside the Book Shop carries information on activities and meetings as well as details on appointments of Association Representatives. In general, any student may be a representative. On the same level is the Social Activities Officer and the Custodians. Above these are the main common rooms, Below are the toilets and lockers, which can be hired for the year from the Custodians. The block adjacent to Alfred Street contains the TV Room, the games and billiard room, the sibkay, meeting rooms, Wominesspace and Hineahuoe, the Maori Students’ Room and the Student Services Centre which along with giving assistance to students, sells discounted bus and rail tickets. The AUSA Secondhand Bookstall located in the Functions Room (Second Floor of Student Union Building) runs during the last week of enrolment and throughout the first week of term one. The bookstall provides a valuable service for students wishing to acquire their year’s textbooks at a reduced rate. Opening hours are 9.00 am to 6.00 pm for taking in books and 10.00 am to 6.00 pm for selling.

The Maidment Arts Centre
The Maidment Arts Centre on the corner of Princes and Alfred Street provides a venue for some of the cultural activities of AUSA and the University. The larger of the two theatres seats 450, while the smaller holds up to 120 people. The Centre is managed by the Theatre Management Committee which comprises five Association and four University members.

The Recreation Centre
The Recreation Centre meets a comprehensive range of sporting and recreation needs. The facilities available include seven squash courts, a health and fitness studio, a martial arts studio, a dance studio and the main hall, which can cater for basketball, hockey, soccer, volleyball, badminton, netball, table tennis or cricket. The operating costs are met by membership charges paid by users of the centre. This centre is managed by the Student Recreation Committee, which comprises four Association and six University representatives. This committee also oversees University Park; 40 acres of facilities for rugby, soccer, hockey, athletics and tennis. The Clubrooms contain changing rooms and extensive social facilities.

Students’ Association Fee
All students pay a membership fee to belong to the Students’ Association. The fee is calculated as a portion of the course load for which a student is enrolled, but no student pays more than a full time course load equivalent of $139.50. This fee is recalculated whenever a student changes their course. Any student may appeal to the University Council if they conscientiously object to being a member of the Association. Many University and Students’ Association funds exist to help students who are suffering financial hardship and find payment difficult. The Students’ Association will put any student in touch with these funds.

Support
Disabled Student Resource Officer: A full time officer is employed by the Association to provide practical help to disabled students. This officer helps students familiarise themselves with the campus, assists with mobility, library work and research, typing, financial problems, obtaining lecture notes, organising parking and transport, and lobbying for access improvements around the campus.
**Staff and Student Information**

**Referral and Advice:** The Association’s Reception staff are skilled in referring students to the right people and places around the University. The Association’s officers are available to give advice and referrals on all facets of student life.

**Student Job Search:** The Department of Labour funds a job search programme for students over the summer. During the remainder of the year, a reduced service locates part-time jobs for students.

**Student Parent Resource Officer:** AUSA employs a part-time resource officer to advise student parents on academic choices, mobility, parking, and support groups. This officer also represents student parents within the University and organises social events.

**The University Book Shop**

Nearby is the University Book Shop in which AUSA has a half interest. Students are entitled to a 10% discount. The Book Shop also provides the Association with a financial contribution in recognition of its marketing assistance.

**STUDENT HEALTH SERVICE**

This Service is located next to the Counselling Service on the upper floor of the eastern extension of the Old Arts Building. The service is free and confidential, offering General Practice together with specialised advice for family planning, psychiatric and psychological problems, S.T.D., gynaecology, immunisation and travel advice and minor surgery.

Appointments can be made by telephoning 373-7599 ext. 7681. Urgent matters can be seen every week day in a Clinic between 9-10 a.m.

The staff comprises a full-time Medical Director, Pat Mauger, two full-time nurses, Sue Parton and Shirley Bennett, part-time male and female doctors and Reception staff giving advice and information.

There is also a sports medicine service and physiotherapy clinic situated at the Recreation Centre.

**STUDENT LEARNING CENTRE**

The SLC is located on Floor 1 of the Main Library Building and is staffed by academic tutors with special skills for helping students overcome difficulties in university study. Individual consultations are available to enrolled students who can just come to the centre or phone 373 7599 ext. 8850 for an appointment. Various skills development courses are also taught throughout the year.

The centre also caters for the academic needs of Maori students through a project known as Te Roopu Kaiawhina. Tutors in this programme can be located in Room 138 of the SLC, ext. 8608. The Fale Pasifika project which caters for the needs of Pacific Island students is also based at the Centre.

Special educational testing and evaluation can be arranged, to assist specific learning requirements. There is a small registration fee for use of the SLC. The Head of the Student Learning Centre is Emmanuel Manalo.

**TELEPHONES**

Telephones for student’s use are provided in the following locations:

- **Telecom Card Telephones** are provided in the Old Arts Building (Basement South Wing and adjacent to the Campus Pharmacy), the Library Building (Alfred Street Foyer and first floor by the lifts), the Thomas Building (adjacent to the entrance to the Biological Sciences Library, Ground floor), the School of Engineering (adjacent to Library), Human Sciences Building (adjacent to lecture theatres), School of Architecture, Property and Planning (adjacent Reception Office), School of Commerce and Economics (in tunnel between Arts and Commerce Buildings), Arts Building (Lobby areas 2nd and 4th floors), Precinct, Arts/Commerce Buildings, Maths/Physics Building (outside lecture theatre G20), Chemistry (Ground Floor foyer), Maidment Theatre courtyard, School of Medicine (adjacent to the Student Common Room) and Tamaki Campus (inside Student Common Room).

- **National Payphones - Coin Telephones** are available as follows: Human Sciences Building Level 4 Foyer; Main entrance; School of Engineering, Level 1, Foyer Administration and also near Library; Chemistry/Science Building Ground floor; Recreation Centre, Main entrance, Ground floor; School of Architecture Property and Planning, by card phone; Library, Main entrance Ground floor and by card phone Level 1.

In addition, telephones are provided by the Students’ Association in the Student Union Building.

Students are not permitted to make or receive outside calls through the University main telephone system except on University business. Telecom cards are available from the University of Auckland Book Shop Limited.

**THE UNIVERSITY OF AUCKLAND ALUMNI ASSOCIATION (INC.)**

The Alumni Association was established in 1991:

- to encourage interaction between the University and its graduates, former students and former staff;
- to engender support for the University and its various undertakings from members at large;
- to inform members of the Association about the activities of the University; and to provide a means whereby organisations of former students based on faculties, departments, associated institutions, other special interests, or based in particular countries or cities, may promote the common object of the welfare of the University.

Members receive regular mailouts including a magazine, as well as social and commercial benefits. A wide range of memorabilia for sale has been developed. Those eligible to join the Association are all past students, graduate or non-graduate, of the University of Auckland and Auckland University College, all members and past members of the Senate and Council, present and past staff members, and anyone who, through association with the University, contributes towards its development and achievement.

The Alumni Office will be pleased to receive membership enquiries or to give further information about the activities of the Alumni Association. Contact Christine Smith Phone 373 7599 Extns 7600 or 8723.

**THE UNIVERSITY OF AUCKLAND FOUNDATION**

In commemoration of the Centenary of the University, the University of Auckland Foundation is established for the advancement of education in New Zealand in ways which extend the University’s ability to meet the higher educational needs of the Community. The Trustees will apply the income of the foundation from time to time in fulfilling within the University District and elsewhere in New
Zealand the purpose for which the Foundation is established:
1. To encourage the transfer and exchange of knowledge among scholars and the dissemination of knowledge among the community.
2. To encourage overseas scholars to visit New Zealand and New Zealand scholars to visit overseas to carry out study and research and to exchange and impart their knowledge and experience.
3. To arrange the movement within New Zealand of resident and visiting scholars.
4. To facilitate those visits and movements of scholars to, from and within New Zealand, assisting to arrange the temporary exchange or occupation of academic posts in New Zealand and (where New Zealand scholars are concerned) overseas.
5. To arrange the giving of lectures and the promotion of educational discussion and debate in New Zealand before invited or public audiences by scholars from both within and without New Zealand and to arrange itineraries and accommodation for the participants; and in encouraging, arranging and facilitating those activities the Trustees may make such grants, pay such fees, cost of travel and accommodation and make such other expenditure as they consider necessary or desirable.

Note: "New Zealand Scholar" means a scholar resident in New Zealand who is pursuing his/her career here. "Scholar" includes a person engaged in any discipline in the study or practice of administration and of technology and in the management or custody of libraries.

Donations to the Foundation should be sent to:
The Registrar,
University of Auckland,
Private Bag 92019,
Auckland 1.

A form of legacy for the Foundation, or for the University as a whole, is available on request from the Registrar.

UNIVERSITY PARK
The University Park is a 40 acre sports complex situated in Glen Innes. Sports facilities include rugby, soccer, hockey, Australian Rules Football and tennis. The Clubrooms contain changing rooms and extensive social facilities.

STUDENT ALLOWANCES

For the convenience of students a brief outline of allowances available through the Ministry of Education is printed below.

The official information is contained in the booklet Student Allowances 1994

Allowances should be made to the Student Allowances Office (Room 126, Old Arts Building).

Note: Values stated are the figures as at August 1993.

Eligibility

Students may receive assistance only if they are:

a. a New Zealand citizen; or
b. a person from overseas who has obtained permanent residency and signs a statutory declaration of their intention to reside permanently.

Note: Persons admitted to New Zealand on a study permit issued by the Department of Labour arc NOT eligible for Student Allowances.

Income Restriction

The income limit for assistance in 1993 is $5,000 gross p.a. not including the vacation periods.

Eligibility

Students may only receive assistance for five academic years of fulltime study in a recognised course(s) unless they are enrolled in a recognised long course to study. The period of tenure for the various courses that have been recognised for tertiary grants purposes is as follows:

13 weeks:

One Year:

Prof LS

DipArts, DipBrC, DipCom, DipCompSci, DipDrama, DipEd, DipELT

DipGeothemTech, DipGuid, DipLabourStudies, DipLGA, DipMathsEd, DipMus(Hons), DipPH, DipStats, DipSci, PGDipSocRes, MPlan, MArch, MJur, LLM (papers only), MPA, MMedSc, MHb, BMus(Performance) (Hons), ME (papers only), Transitional Certificate

Two Years:

DipCrim, DipEdPsych, DipTP, MBChB, MA, MAud, MCom, MSc, MPhil, MFA, ME, MED, MLitt (papers and thesis), MMus, LLM (papers and thesis), MA/DipClinPsych, MPhi, MHS, PGD, DMus

BA, BCom, BHB, BMus, BFA, BSc, BTech, DipMus, PGDipAppPsych, PGDipTrans

Four Years:

BE, BEd, BFA, BMus(Performance), BOptom, BSc (Hons), BPlan, DipOpt, LLB, LHB(Hons), BCom/BSc(Th), BCom/BA

Five Years:

BArch, BA/BSc, BA/LLB(Hons), BA/BBus (Performance), BA/DipMus(Hons), BA/LLB, BCom/BBus, BCom/MBChB, BMus/DipMus(Hons), BA/BTtech, BMus/DipMus(Hons), BSc/BOptom, BMus (Performance)/BMus (Performance) (Hons), BA/MA, BA/MA, DipClinPsych, BMus/BSc/MSc, BMus/Hons)/MSc, BCom/MCom, LHB/LLB (papers only), LHB(Hons)/MJur, BMus/MMus, BE/ME (papers only) BPlan/MPlan

Six Years:

LLB/LLM (papers and thesis), BFA/MFA, BHB/MBChB/MMedSc, BHB/MMus/BBchB, BArch/MArch, BE/ME (papers and thesis), BMus (Performance)/MMus (Performance), BOptom/MSc (in Psychology)

Seven Years:

BSc/BHB/MBChB, BA (Bio or Chem)/BHB/MBChB

Notes:

(i) Conjoint courses, marked with a 1, count as two courses. Other combined courses count as one course only.

(ii) Those combinations of courses marked with a 1 have been approved as "long" courses and can qualify for a sixth year of tenure.

(iii) A further year's fees assistance is available for Professional Legal Studies in the following combinations only: LLB/ALLM/ProfLS and LLB(Hons)/Mjur/ProfLS, LHB/ProfLS and LLB(Hons)/ProfLS.

(iv) Seven years "long" course in Medicine, requires a student to be admitted to BHB II on the basis of credits for the first Degree.

Academic Performance

Students must pass more than half a full course of study in any year in order to be eligible for assistance in a subsequent year.

Application for Allowances

For 1994 students must apply for an application form on the mailer sent to all students with their pre-enrolment material, or alternatively the application form may be collected from Student Allowances, Room 126, Old Arts Building.

ALLOWANCES

Allowances are available according to the age of the student. There are two categories for single students: a) 16 - 24 years of age, b) 25 years and over.

For students who are married and/or have dependents, there are specific allowances which are detailed in the booklet 1994 Student Allowances which will be sent to you with your application form. A brief outline of allowances is given below.

a. Students 16-24 years of age inclusive

Your parents' combined taxable gross income must be tested for the 1992/93 tax year in order for you to be eligible for any payment, as allowances for your age group are targeted.

There is a scale of payment (maximum $110.69 per week if you live away from home or $88.55 per week if you live at home).

At Home

If you live at home and your parents' combined gross income is less than $28,080 you will receive $88.55 per week. This decreases as your parents' earnings increase. If your parents earn more than $45,760 you will not receive any targeted allowance.

Away from Home

If you live away from home and your parents' combined gross income is less than $28,050 you will receive $110.69 per week. This also decreases as your parents' earnings increase. You will also receive an accommodation benefit (in 1993 this was $21.50 per week, for flating and boarding but varied for hostels). If your parents earn more than $50,752 you will not receive any targeted allowance.

A or B Bursary

A "B" mark (250-299) or an "A" mark (300+) in the Bursaries Examination entitles a student to a bursary payment of $100 or $200 respectively if they are under 20 years of age at the commencement of the academic year.

The A or B Bursaries are not subject to a parental income test. You must apply for the payment of an A or B Bursary.

Independent Circumstances Allowance

The Independent Circumstances Allowance is for students who can prove that there are home circumstances which preclude their living at home. An allowance of $110.69 a week plus an accommodation benefit may be payable. A special application form is available from the Student Allowances Office.

b. Students 25 years and over

Students 25 years of age and over will receive $106.26 per week if living with their parents, or $132.84 per week if living away from their parents, plus an accommodation benefit.
STUDENT LOANS

This scheme was introduced by the Government for 1992 enrolment. A brief outline of the Student Loan scheme is given below. In order to apply for a student loan you complete the application request that is sent with your pre-enrolment form and instructions and information will then be sent to you.

ELIGIBILITY

New Zealand citizens or permanent residents enrolled in an approved course of study of at least 12 weeks tenure.IRD number and verification is required as well as a bank account to credit your loan money. You must also sign a contract with the State over your loan.

LOANS

FULL-TIME STUDENTS
1. Compulsory Fees
(i.e. tuition, welfare, student assoc)
2. $1,000 for course related costs
3. Up to $4500 living expenses less any entitlement you claim through Student Allowances

PART-TIME STUDENTS
1. Compulsory Fees
2. Proportion of $1,000 course related costs on weighting of your enrolment, e.g. 1/3 FT may borrow $333.33

CHARGES

The Student Loan Management Unit in Wellington sets an initial $50 charge each year that you borrow. This is incorporated as part of your loan in the other totals. Once you begin borrowing you are charged interest on the amount borrowed. This is calculated at 6% plus the cost of living increase. (For 1993 students the total rate was set at 7.2%) and is calculated daily.

REPAYMENT

You may pay back your loan at any time to reduce your debt. Any loan unpaid will become a compulsory repayment through the Inland Revenue Department once your income exceeds $13,104.

SCHOLARSHIPS AND PRIZES

A booklet entitled Awards Handbook 1994-5 is available without charge from the Enquiry Office of the Registry, 24 Princes Street. This booklet also gives details of certain funds for special assistance.

REVIEW OF SCHOLARSHIP

The Council, in awarding any scholarship, reserves the right to reduce the annual value of a scholarship at any time and from time to time during the tenure of it by any holder should the annual income of the funds of the scholarship, in the opinion of the Council, render such reduction expedient. All scholarships offered are subject to review in the event of the candidate being awarded other scholarships. Every holder of a scholarship shall be deemed to accept the award subject to the above reservation and notwithstanding that the value of the scholarship is set out specifically in the Regulations.

RE-AWARD OF A SCHOLARSHIP DISCONTINUED BY THE ORIGINAL HOLDER

Fresh applications may be called for in respect of any scholarship discontinued after a period of three months or more from the original date of award; the re-award in the event of this discontinuation of the scholarship to be made on the basis of the original application if possible.

Please Note: The sign ** (or ****) indicates an award shared between two (or three) students

NATIONAL SCHOLARSHIPS - 1993

The following scholarships were offered to students from the University of Auckland:

Commonwealth Scholarship (UK)  
   Michael J Clearwater
   Paul D Husbands
   Robert T Berks
   Michael J Clearwater
   Peter W J Surman
   Sara V Quigley
   Adrian E Croucher
   Christopher P Bradley
   Benjamin Cooper
   Cam Tu Vu Dinh
   Micah S A Officer

William Georgetti Scholarships

Hydrological Sciences Fellowship
   Sara V Quigley
   Micah S A Officer

Shircliffe Fellowship
   Sara V Quigley
   Micah S A Officer

Bank of New Zealand Undergraduate Scholarship
   Sara V Quigley
   Micah S A Officer

Daniel O’Sullivan Trust Scholarship

Tower Corporation Undergraduate Scholarship

UNIVERSITY OF AUCKLAND SCHOLARSHIPS - 1993

The following scholarships for 1993 had been awarded at the time of preparation of the 1994 Calendar:

Casement Aickin Memorial Bursary  
   Colin G Chan

Marie d’Albini Scholarship  
   Debbie Wai Kaipohe
   Kathryn M Owen

Auckland Centennial Music Festival Scholarship  
   Michael J France

Auckland Chinese Society Medical Elective Scholarship  
   Cherry L Connew
   Raymond W Johnston

Auckland City Council 1990 Commemoration Scholarships for Maori Students  
   Reece M Kingi
   Jeffrey J Marchant
Auckland City Council Queen Elizabeth II Scholarships for Polynesian Students

PRESCRIBED TEXTS

Introduction
Prescribed texts are those texts that students should purchase. The list of prescribed texts for 1994 which is set out below in alphabetical subject order is not exhaustive. Additional books may be prescribed during the year. Further lists of such prescribed books may be obtained from the appropriate department.

ACCOUNTING
Accounting
01.100, T01.100 A.M. Teixeira & D.M. Emanuel, Accounting in New Zealand (Wiley, 1990).

Accounting II
01.200, T01.200 Study Guide to be purchased at enrolment.
01.202, T01.202 Hansen & Mowen, Management Accounting, 2nd edn (South Western).
01.205, T01.205 A. Shapiro, Modern Corporate Finance, 1st edn (Macmillan, 1990).
01.206, T01.206 C.P. Jones, Investments Analysis and Management, 3rd edn (Wiley).

Accounting III
01.300, T01.300 Coursebook 1994 to be purchased at enrolment.
01.301, T01.301 Neale, Auditing. Contemporary Systems, Theory and Practice: NZSA, Auditing Standards.
01.307 Elton & Gruber, Modern Portfolio Theory & Investment Analysis, 4th edn (Wiley).
01.309 To be advised.

ANCIENT HISTORY
Ancient History I
12.102 N. Hammond, History of Greece, 3rd edn.
12.104 Homer, Iliad, tr. R. Lattimore (University of Chicago Press/Phoenix paperback); Plautus, The Pot of Gold and other Plays, tr. F.F. Watling (Penguin); Menander Plays and Fragments, tr. N. Miller (Penguin).

Ancient History II
12.200 A. Gardiner, Egypt of the Pharaohs (O.U.P.); M. Lichtheim, Ancient Egyptian Literature Vol.2 (University of California Press).
12.202 Herodotus, Histories (Penguin); Arrian, Campaigns of Alexander (Penguin); Bosworth, Conquest & Empire (C.U.P.).
12.203 C. Wells, The Roman Empire (Fontana, 1984 or 1993).
12.204 S. Woodford, Introduction to Greek Art (Duckworth); G. Hanfmann, Roman Art, A Modern Survey of the Art of Imperial Rome (Norton).
12.211 Materials will be supplied by the Department.
12.224 See Philosophy Department 29.204.

Ancient History III
12.311 Materials will be supplied by the Department.
12.320 A. Gardiner, Egypt of the Pharaohs (O.U.P.); M. Lichtheim, Ancient Egyptian Literature Vol.2 (University of California Press).
12.332 Herodotus, Histories (Penguin); Arrian, Campaigns of Alexander (Penguin); Bosworth, Conquest & Empire (C.U.P.).
12.333 C. Wells, The Roman Empire (Fontana, 1984 or 1993).

ANTHROPOLOGY
Anthropology I
03.101 B.M. Fagan, People of the Earth: An Introduction to World Prehistory, 7th edn (Little Brown); M. Hanson, Apes and Ancestors (Longman Paul).
03.102 R. Walker, Ka Whawhai Tonu Matou: Struggle Without End (Penguin).
03.104 H. Nelson, R. Jurmain & L. Kilgore, Essentials of Physical Anthropology (West).

Anthropology II
03.200 R. Firth, We, the Tikopia.
03.201 P. Swadling, Sepik-Ramu (PNG Nat. Mus.).
03.206 R. Adams, Prehistoric Mesoamerica, 1992 Revised edn (University of Oklahoma); B.M. Fagan, People of the Earth: An Introduction to World Prehistory, 7th edn (Little Brown).
03.207 H. Nelson & R. Jurmain, Introduction to Physical Anthropology, 5th edn (West).
03.208 J. Davidson, Prehistory of New Zealand (Longman Paul); D.G. Sutton, The Origins of the First New Zealanders, 1st edn (A.U.P., 1994).
03.214 E. Wolf, Europe and the People Without History (Univ. of Calif. Press).
03.215 C. Renfrew, Europe and the People Without History (Univ. of Calif. Press).
03.216 C. Renfrew, Europe and the People Without History (Thames & Hudson).

Anthropology III
03.308 B.G. Trigger, A History of Archaeological Thought (C.U.P.).
03.309 Frans DeWaal, Peacemaking Among Primates, 1st edn (Havard University Press); Richard Dawkins, The Selfish Gene, 2nd edn (O.U.P.).

03.320 E. Masal & M. Nuti, Food Plants of the South Sea Islands (South Pacific Commission Technical Bulletin).
03.326 S. Sherman, Quantifying Archaeology (Edinburgh Univ. Press, 1990).

**Applications**

08.121 P.W. Atkins, *General Chemistry*, 2nd edn (Scientific American Books); *Laboratory Manual* (available at commencement of laboratory session).

**CHEMISTRY**

**Chemistry I**

08.250 *Laboratory Manual* (available at commencement of laboratory session).

**Chemistry II**

08.311 *Laboratory Manual* (available at commencement of laboratory session).

08.330 *Laboratory Manual* (available at commencement of laboratory session).

08.331 *Laboratory Manual* (available at commencement of laboratory session).

**Chemistry for MSc**

Information available from the Department.

**CELLULAR AND MOLECULAR BIOLOGY**

Details of prescribed texts and reading lists will be available from the Secretary’s Office, level 3, School of Biological Science.

**CHEMISTRY**

**Chemistry I**

08.121 P.W. Atkins, *General Chemistry*, 2nd edn (Scientific American Books); *Laboratory Manual* (available at commencement of laboratory session).

**Chemistry II**

08.250 *Laboratory Manual* (available at commencement of laboratory session).

**Chemistry for MSc**

Information available from the Department.

**CHINESE**

For papers not listed below course materials and advice about recommended books will be supplied by the Department.

**Chinese I**

48.105/97.102 To be advised.

48.107 To be advised.

**Chinese II**

COMMERCIAL LAW

Commercial Law I

02.100, T02.100 Legal Structures and Reasoning (Palatine, 1994); Legal Environment of Business in New Zealand (Palatine, 1992).

02.101 To be advised.

Commercial Law II

02.200, T02.200 Nicol & Perkin, Contract Law in New Zealand (CCH, 1992); Restitution in Commercial Law (Palatine, 1993).

02.201, T02.201 To be advised.

02.202, T02.202 Law of Business Organisation (Palatine); CCH Companies and Securities Legislation in New Zealand, latest edn.

02.204 Legal Environment of Business in New Zealand (Palatine, 1994).

Commercial Law III

02.303 New Zealand Companies & Securities Legislation, latest edn (Commerce Clearing House).

02.308 To be advised by the Department.

COMPUTER SCIENCE

Computer Science I

07.100 J. Lobb & R. Lobb, Pascal Exercises 1994 (Available only from the School of Mathematical and Information Sciences Student Resource Centre).

07.105 R.L. Kruse, Programming with Data Structures (Pascal Version) (Prentice-Hall).

Computer Science II

07.231 Aho & Ulman, Foundations of Computer Science (Freeman).

Computer Science III

07.302 F. Halsall, Data Communications, Computer Networks and OSI, 2nd or 3rd edn (Addison-Wesley).

07.330 B. Hutton, Language Implementation Lecture Notes 1994 (Available only from the School of Mathematical and Information Sciences Student Resource Centre).

07.340 M.G. Lane & J.D. Mooney, A Practical Approach to Operating Systems (Boyd and Fraser).

Computer Science for MSc

07.411 See Department.

07.443 M. Bach, The Design of the UNIX Operating System (Prentice-Hall).

07.455 C. Calude, Information and Randomness: An Algorithmic Perspective (Springer Verlag).

ECONOMICS

Economics I

13.101, T13.101 To be advised.

Economics II

13.201, T13.201 To be advised.

Economics III

13.301 To be advised.

13.305 To be advised.

DUTCH

Dutch I

421.100 Levend Nederlands, rev. edn (C.U.P.); Wijnen (ed.), Prisma Woordenboek Engels-Nederlands (Spectrum, Utrecht/ Antwerp).

LECTURE AND LABORATORY TIMETABLES

GENERAL INFORMATION AND KEY

The following section contains lecture and laboratory times mainly for students taking Bachelors' degrees in the Faculties of Arts, Commerce, Education, Law, Music and Science. Timetables for other degrees and for papers in other faculties are available from departments.

Notes:
1. This timetable does not include information about tutorials, nor about some oral and practical classes. Most students enrolled in papers in the Faculties of Arts, Commerce, Education, Law, and Science are assigned by computer to specific lecture, laboratory and tutorial streams. Computer streaming lists will be displayed on faculty and departmental noticeboards towards the end of enrolment period. Otherwise times will be arranged during the first week of lectures.
2. Information about the times of lectures for Master's papers will be available from departments towards the end of enrolment week.
3. Except with the approval of Senate, a student may not enrol in a course of study unless the student can attend at least one set of lecture times for each paper in the course.
4. For bracketed papers, (eg 48.100, 48.101) each paper will be taught at one or more of the times listed. Details are available from the department concerned.

KEY
† consult the department concerned to find out whether the paper will be taught in 1994

Parts of the Year
Quarters
1st quarter - Monday 28 February to Tuesday 12 April.
2nd quarter - Wednesday 13 April to Friday 17 June
3rd quarter - Monday 20 June to Friday 5 August
4th quarter - Monday 8 August to Friday 7 October
Terms
1st term - Monday 28 February to Friday 6 May
2nd term - Monday 30 May to Friday 12 August
3rd term - Monday 5 September to Friday 7 October
Halves
1st half - Monday 28 February to Friday 17 June
2nd half - Monday 20 June to Friday 7 October
Full Year
Where a quarter, term or half does not appear in the part of the year column, the papers taught for the full year i.e. Monday 28 February to Friday 7 October.

Streams
Where lectures are offered at more than one set of times the sets are indicated by Roman numerals (eg i, ii). Students attend only ONE lecture stream of each paper in which they are enrolled.
Where laboratories are offered at more than one set of times these are indicated by a code relating to the days and times of the stream. For example, a laboratory stream with a code of TFIO occurs on Tuesdays and Fridays at ten. Students attend only ONE laboratory stream of each paper in which they are enrolled.

Times
Unless a specific finish time is given, all lectures last one hour starting at the time listed.

Rooms
Most room numbers have two parts. The letters at the beginning relate to a building, the numbers at the end a specific room in that building. The following is a list of building codes. Plans of the campuses appear elsewhere in this Calendar.

ACE Auckland College of Education, 74 Epsom Avenue, Epsom
Algie Algic Lecture Theatre, Law Buildings, 5-17 Eden Crescent
ALR Architecture Lecture Room, Architecture Building, 22-26 Symonds Street
Arts Arts I (New Arts) Building, 14A Symonds Street
BLT Biology Lecture Theatres, Old Biology Building, 3A Symonds Street
CA Commerce A Building, 3A Symonds Street
CB Commerce B Building, 5 Symonds Street
Chem Chemistry Building, 23 Symonds Street, contains the Large and Medium Chemistry Lecture Theatres (LgeChem and MedChem)
CMBioLT Cellular and Molecular Biology Lecture Theatre, Thomas Building, 3A Symonds Street
Dept Departmental room
Eng Engineering Buildings, 24 Symonds Street
HSB Human Sciences Building, 10 Symonds Street
Lab1, Lab2 Language Laboratories 1 and 2, 8 Grafton Road
LgeChem Large Chemistry Lecture Theatre, Chemistry Building, 23 Symonds Street
Lib Library Building, 28 Princes Street, contains basement theatres B10, B15 and B28
LLT Lower Lecture Theatre, behind Old Arts Building, 22 Princes Street
Manukau Manukau Polytechnic, 1 Otara Road, Otara
MedChem Medium Chemistry Lecture Theatre, Chemistry Building, 23 Symonds Street
Lecture and Laboratory Timetables, General Information and Key

MLT
 Northey Lecture Theatre, Law Buildings, 5-17 Eden Crescent
 Northld
 Northland Polytechnic, Raumanga Valley, RD, Whangarei
 OA
 Old Arts Building, 22 Princes Street
 OCH
 Old Choral Hall, 7 Symonds Street
 PLT
 Physics Lecture Theatre, Law Buildings, 5-17 Eden Crescent
 SLT
 Science Lecture Theatre, Law Buildings, 5-17 Eden Crescent
 Small
 Small Lecture Theatre, Law Buildings, 5-17 Eden Crescent
 Stone
 Stone Lecture Theatre, Law Buildings, 5-17 Eden Crescent
 Tain
 Tamaki Campus, Morrin Road, Glen Innes
 ULT
 Upper Lecture Theatre, behind Old Arts Building, 22 Princes Street
 UniHall
 University Hall, Old Arts Building, 22 Princes Street
 OlWyn
 1 Wynyard Street, Classics Building

Note: The University reserves the right to make changes to this timetable, including adding or deleting papers, where the changes are considered necessary or desirable.

<td>Wed 10-1, 3-6</td>
<td></td>
</tr>
</tbody>
</table>

### 08.111, 08.121

Students will be assigned to one three-hour laboratory session chosen from:

- M10 Mon 10-1
- M3 Mon 3-6
- T10 Tue 10-1
- T3 Tue 3-6
- W3 Wed 3-6
- Th10 Thu 10-1
- Th3 Thu 3-6
- F10 Fri 10-1

This stream is for students enrolled in only 08.121.

Students attend eight three-hour laboratory sessions on Wednesday morning, either 9.00-12.00 City Campus or 9.30-12.30 Tamaki campus.

### 08.210

Two times in 1st half or 2nd half year chosen from:

- Mon 10-1
- Mon 3-6
- Tue 10-1
- Tue 3-6
- Wed 10-1
- Thu 10-1
- Thu 3-6

### 08.220

Two times in 1st half or 2nd half year chosen from:

- Mon 10-1
- Mon 3-6
- Tue 10-1
- Tue 3-6
- Wed 10-1
- Wed 3-6
- Thu 10-1
- Thu 3-6

### 08.230

Two times in 1st half or 2nd half year chosen from:

- Mon 10-1
- Mon 3-6
- Tue 10-1
- Tue 3-6
- Wed 10-1
- Thu 3-6
- Fri 10-1

### 08.250

One time in 1st half year chosen from:

- Mon 10-1
- Mon 3-6
- Tue 10-1
- Thu 10-1
- Thu 3-6

### 08.260

One time in 1st half year chosen from:

- Mon 10-1
- Mon 3-6
- Tue 10-1
- Thu 10-1
- Thu 3-6

### 08.310, 08.311

Two times in quarters 1, 2, 3 or 4 chosen from:

- Mon 10-1
- Mon 3-6
- Tue 10-1
- Tue 3-6
- Wed 10-1
- Thu 10-1
- Thu 3-6

(08.310 and 08.311 may not be taken in the same quarter)

GLOSSARY OF TERMINOLOGY

An explanation of some commonly used University terms in the Calendar:

Abandonments  This applies to students who have taken some papers towards one course of study and who subsequently wish to abandon that course of study and to transfer the appropriate papers towards another course of study. The papers concerned must comply with the Regulations for the new course of study to be pursued.

Ad Eundem Statum  A means of admission to the University for students who have completed an acceptable level of study overseas.

Availability of Papers  Not all papers are available in any given year. Papers which will definitely not be taught are indicated with a "*" in the Schedules and the Timetable. Papers which may not be taught unless sufficient staff is available are indicated with a "t". Papers which do not appear with either a * or a t are definitely available. However, Regulation 2(c) of the Enrolment and Course Regulations (General) may be invoked in specific circumstances.

Bachelor’s Degree  Undergraduate students work towards a Bachelor’s degree which takes 3 or more years of study.

Campus Code  Refer to Paper in this Glossary.

Certificate Courses  Courses of study which lead to the award of a certificate. Their level may be pre-undergraduate or they may be short courses aimed at professionals.

Conjoint Degrees  It is possible in certain circumstances, to study for two bachelor’s degrees at the same time. This reduces the requirements for completion of the two degrees.

COP (Certificate of Proficiency)  A paper which is studied and examined in the normal manner but which does not constitute part of the student’s degree or diploma course is shown on the record as COP.

Corequisite  A paper required to be studied at the same time as another paper unless it has been previously passed.

Council  The governing body of the University.

Course of study  The course of study is the Intermediate, Degree, Diploma or Certificate in which a student is enrolled. Each course of study consists of a number of papers. Course regulations in this Calendar set out the requirements for each programme.

Cross-Credit  A Paper which is common to two courses of study and is credited to both. Cross-crediting procedures are set out in Regulation 14 of the Enrolment and Course Regulations (General).

Dean  The Head of a Faculty.

Department  A sub-division within a Faculty focusing on a particular subject or subjects.

Diploma  Graduate or postgraduate courses which (i) extend knowledge within the original specialised field of the degree or (ii) meet the needs of specific groups - usually with a professional or semi-professional focus.

Dissertation  A written research component of some degrees above the level of Bachelor's. Generally of less weight than a thesis.

Double chance  Refer to plussage.

EFTS  Equivalent Full-Time Student.

Enrolment  The process which follows pre-enrolment and which includes the payment of tuition and other fees to complete registration at the University.

Extra-Mural  Study by correspondence. Most university extra-mural study in New Zealand is carried out through Massey University.

Faculty  The University is divided into ten Faculties most of which comprise groups of loosely related departments.

Full-time  Each course has a definition of what constitutes full-time study. It is important for student allowances and fees purposes. For first-year students six papers usually satisfy the regulations. For more details refer to the Definitions of Full-time Study in this Calendar.

Honours  Some courses of study beyond a basic Bachelor’s degree may be awarded with honours. There are two classes of Honours - first and second.

Intermediate  The preliminary year of study taken before you start a professional degree, e.g. LawInt is the intermediate year for the degree Bachelor of Laws. Although it is a prescribed first year, it is usually of a fairly general nature.

Laboratory  Many departments have 'labs' as part of their requirements. These are sessions of a practical nature. Most departments in the Science Faculty, for example, organise three-hour laboratory sessions on a regular basis.

Lecture  The basic unit of instruction, usually of 50 minutes duration.

Lecture Theatres  The following are commonly used abbreviations and are those adopted in the Timetable. Most room numbers have two parts. The letters at the beginning relate to a building, the numbers at the end a specific room in that building. The following is a list of building codes. Plans of the campuses appear elsewhere in this Calendar.

ACE  Auckland College of Education, 74 Epsom Avenue, Epsom
Algie  Algie Lecture Theatre, Law Buildings, 5-17 Eden Crescent
ALR  Architecture Lecture Room, Architecture Building, 22-26 Symonds Street
Arts  Arts 1 (New Arts) Building, 14A Symonds Street
BotLT  Botany Lecture Theatre, Old Biology Building, 3A Symonds Street  
CA  Commerce A Building, 3A Symonds Street  
CB  Commerce B Building, 5 Symonds Street  
Chem  Chemistry Building, 23 Symonds Street, contains the Large and Medium Chemistry Lecture Theatres  
(CLargeChem and MedChem)  
CMBioLT  Cellular and Molecular Biology Lecture Theatre, Thomas Building, 3A Symonds Street  
Dept  Departmental room  
Eng  Engineering Buildings, 24 Symonds Street  
HSB  Human Sciences Building, 10 Symonds Street  
Lab1, Lab2  Language Laboratories 1 and 2 , 8 Grafton Road  
LgeChem  Large Chemistry Lecture Theatre, Chemistry Building, 23 Symonds Street  
Lib  Library Building, 28 Princes Street, contains basement theatres B10, B15 and B28  
LLT  Lower Lecture Theatre, behind Old Arts Building, 22 Princes Street  
Manukau  Manukau Polytechnic, 1 Otara Road, Otara  
MedChem  Medium Chemistry Lecture Theatre, Chemistry Building, 23 Symonds Street  
MLT  Maths Lecture Theatre, Maths/Physics Building, 36 Princes Street  
Northey  Northey Lecture Theatre, Law Buildings, 5-17 Eden Crescent  
Northld  Northland Polytechnic, Raumanga Valley, RD, Whangarei  
OA  Old Arts Building, 22 Princes Street  
OCH  Old Choral Hall, 7 Symonds Street  
PLT  Physics Lecture Theatre, Maths/Physics Building, 36 Princes Street  
SLT  Science Lecture Theatre, Maths/Physics Building, 36 Princes Street  
Stone  Stone Lecture Theatre, Law Buildings, 5-17 Eden Crescent  
Tam  Tamaki Campus, Morrin Road, Glen Innes  
ULT  Upper Lecture Theatre, behind Old Arts Building, 22 Princes Street  
UniHall  University Hall, Old Arts Building, 22 Princes Street  
ZooLT  Zoology Lecture Theatre, Old Biology Building, 3A Symonds Street  
01 Wyn  1 Wynyard Street, Classics Building  

Limited Entry  
Because of limitations on the availability of staff and/or teaching and laboratory space the number of students that can be accepted for most courses of study, all Stage I Arts and Science papers, and some advanced level papers, is limited. Such courses or papers are called Limited Entry Courses and Papers.  

Main Campus  
The Campus which is situated in the City Centre.  

Matriculation  
The process by which a student is officially admitted to the University.  

Master's degree  
A graduate course of study beyond the level of a Bachelor's degree.  

Paper  
A Course of Study comprises a range of papers. Each paper is listed in the Calendar and is identified by a five or six digit number. Papers taught at the Tamaki Campus have a “T” prefix and papers taught at Northland Polytechnic a “N” prefix. Papers taught at the Main Campus do not have a prefix. This is referred to as “Campus Code” in the Schedules.  

Part of Year  
Some papers run the full year, others only part of the year, but most are of equal weight. Those covering only part of the year compensate by having more time devoted to them each week. If the part of the year in which the paper is taught is any other than the full year, this is indicated in the Bachelor’s Degree Schedules and the Lecture and Laboratory Timetables.  

The following are the parts of the year during which papers are taught:  

Quarters

<td>Monday 1 March to Friday 8 October. Used for classes taught over the whole academic year where others in the same paper or stream are for part of the year only.</td>
</tr>
</tbody>
</table>

Part-time  
Part-time study does not qualify students for allowance assistance (see Full-time). Part-time courses are mostly undertaken in normal study hours.  

PhD  
Doctor of Philosophy - a degree of a higher level than an Honours or Masters course.  

Plussage  
A system by which students are credited with a final result for the year which is either the final examination grade or a combination of final grade plus course work, whichever is to the student's advantage. Many departments operate such a system. The precise regulations for plussage for each paper should be checked as there are variations.  

Pre-enrolment  
All students intending to enrol at Auckland in 1993 must pre-enrol by completing and submitting the
appropriate Pre-enrolment Application Form (PAF). There are five different versions of the PAF for 1993. There are specified deadline dates by which PAFs must be submitted.

**Prerequisite**
A paper which must be passed before another is attempted. Many departments require you to pass two papers at Stage I in a subject before you progress to Stage II in that subject.

**Prescribed Texts**
Textbooks which are considered essential to the paper concerned.

**Prescriptions**
Descriptions of papers.

**Recommended Texts**
Textbooks which are useful for the paper concerned but which are not deemed essential. Departments usually issue lists of such books.

**Registry**
The administrative centre of the University.

**Research Essay**
A written research component of some degrees above the level of Bachelor’s. It is of less weight than a thesis.

**Restriction**
It is not permitted to credit two similar papers to the same course. Papers that are restricted against each other are listed in the Schedules in this Calendar.

**Returning Students**
All students who were enrolled at the University of Auckland last year and who are returning to continue with their course of study or to start a new one.

**Schedule**
A tabulated list of papers taught for a particular degree. The Schedule typically contains information relating to papers’ availability, part of the year in which they are taught, prerequisites, corequisites and restrictions.

**Senate**
The Committee to which Faculties report and which, in turn, reports to Council.

**Stage I, II, III**
The academic level of study of a paper. Papers at different levels in the same subject are taken in successive years. Stage I papers are the entry level.

**Subject**
Papers are grouped into subject areas. For general degrees a range of subjects is studied with only one or perhaps two subjects taken to Stage III.

**Tamaki Campus**
The new campus of the University situated in Morrin Road, Glen Innes.

**Thesis**
A major written research component of higher degrees.

**Timetable**
The Calendar sets out the weekly timetable of lectures for most papers in general degrees and for laboratories in Science. A key is provided explaining the abbreviations used.

**Tutorial**
A small group teaching session. At Stage I the numbers of students in lectures are often very large, but most papers require weekly or fortnightly tutorials with a regular tutor where questions may be asked or points raised in the lectures discussed.

**Unsatisfactory Progress**
Failure to make satisfactory academic progress renders a student liable for suspension from further enrolment for at least one year. The regulations relating to this appear under Enrolment and Course Regulations (General) in this Calendar.

TUITION, EXAMINATION AND RESEARCH FEES 1994
(For New Zealand Citizens and Permanent Residents)
(All fees are inclusive of 12.5% GST)

1. Papers for BA, BCom, BEd, BMus, B Tech, B Theol, BSc
   (a) Non-science papers ................................................................. per paper ........................................ $256.00
   (b) Science papers
       (Biochemistry, Botany, Cellular and Molecular Biology, Chemistry, Environmental Science, Geology, Pharmacology, Physics, Physiology, Sports Science, Tutoring in Science and Zoology) per paper ........................................ $283.00
       Note: (a) Science tuition fees are derived from the total cost of a BSc degree i.e. 3 years at $1,792.00 p.a.
       The total cost of $5,376.00 is then apportioned between the papers on the basis
       Six science Stage I credits = one paper
       Four science Stage II credits = one paper
       Four science Stage III credits = one paper
       For fees purposes the BSc degree is equivalent to a 19 paper course.
   (b) For other than the standard seven paper BA course or equivalent, tuition fees are set on a pro rata basis e.g. a student enrolling in six BA papers will pay $1,536.00.

2. Wellesley Programme .............................................................................................................................. per paper ........................................ $36.00

3. Professional Courses of Study
   BArch, BE, BFA, BHB, BOptom, BPlan, BProp, LLB, LLB(Hons), MBChB I, II and III per defined full-time year ........................................ $1,792.00
   (Enrolment in more than, or less than, a full-time year will be charged on a pro rata basis)

4. All Diplomas and Certificates (except Cert OcPharm, DipBus, Dip G&O, DipObst, DipPerformArts, DipPulp & Paper, ) per defined full-time year ........................................ $1,792.00
   (Enrolment in more than, or less than, a full-time year will be charged on a pro rata basis)

5. Cert OcPharm .............................................................................................................................................. $850.00

6. DipPerformArts ........................................................................................................................................... $4,950.00

7. DipPulp&Paper ................................................................. per defined full time year ................................ $18,500.00
   (under review)

8. DipG&O, Part I and II ................................................................. each ........................................ $448.00

9. DipObst ......................................................................................................................................................... $896.00

10. ProfLS ......................................................................................................................................................... $1,462.50
   (under review)

11. Graduate School of Business
    MBA, DipBus .............................................................................................................................................. per paper ........................................ $945.00
    MBA deposit ............................................................................................................................................... $1,000.00
    (First year participants will pay this non-refundable fee on acceptance of their place in the MBA Programme. This deposit is then credited towards payment of the year’s total fees.)
    Note: DipBus papers 70.570, 70.571, 70.572 will have an additional fee of $112.50 each.

12. MTaxS ........................................................................................................................................................ $835.00

13. Master’s courses of study (except MBA, MTaxS and MLitt)
    6 paper Master’s course of study ................................................................. per paper ........................................ $597.35
    7 paper Master’s course of study ................................................................. per paper ........................................ $512.00
    8 paper Master’s course of study ................................................................. per paper ........................................ $448.00
    9 paper Master’s course of study ................................................................. per paper ........................................ $398.20
    Note: (i) Students re-enrolling in a Master’s thesis will pay only 12.5% of the value of their thesis
    (ii) MBldgSc: each paper must have a minimum enrolment of 12 students in order for the paper to be taught.
    If there are insufficient enrolments the paper will be made unavailable and alternative paper(s) offered.

14. DMus
    (a) each year of registration ................................................................. ........................................... $512.00
    (b) on submission of work to be examined ................................................................. ................ $1,792.00

15. MD
    (a) application to be examined ................................................................. ........................................... $448.00
    (b) on submission of work to be examined ................................................................. ................ $896.00

16. DJur ........................................................................................................................................................ $1,792.00

17. PhD, MLitt
    First two full-time years ........................................................................................................................... each ........................................ $1,792.00
    Each subsequent 6 months full-time study ........................................................................................................... $896.00
    (Candidates registered part-time for PhD are required to pay each year half the fee prescribed for full-time study)

18. DSc, LittD, LLd, DEng ............................................................................................................................... $1,792.00
