Trans on Campus

Trans on Campus is a support network, and a social and advocacy group for gender diverse staff and students.

Trans staff and students are invited to join Trans on Campus by emailing Transoncampus@auckland.ac.nz.

The University's LGBTI Network sticker emphasises our commitment to being a safe and inclusive teaching and learning environment.

It is available for all staff, not just Network members, to display on their office doors.

"It is wonderful to see the stickers around campus in the different settings. I am a mature student studying Theology and for me, personally, it was wonderful to see them displayed within the Theology department."

- LGBTI Network member Robyn Jane
