Welcome to the University of Auckland

Talofa lava, Malo e lelei, Kia orana, Bula vinaka, Fakatalofa atu, Fakaalofa lahi atu, Halo Oloketa, Ia Orana, Mauri, Aloha, Malo ni, Hafa Adai and welcome to Aotearoa New Zealand's world-ranked university, Te Whare Wānanga o Tāmaki Makaurau, the University of Auckland.*

It is my pleasure to welcome you to the University of Auckland, one of the Pacific’s leading research universities. By studying with us you are taking your first step towards achieving the amazing, and our many award-winning teachers and researchers can help you reach your potential. Our University is a place where all those with the potential to succeed in a university of high international standing have the opportunity to do so.

A qualification from the University of Auckland will help prepare you for a successful career in a vast range of fields and industries. Our Pacific graduates are leaders not only in the diverse Pacific communities but also in their respective fields and professions in New Zealand and internationally. We have strong support networks to help you succeed and there are many generous scholarships available. Please take the time to go through this prospectus and don’t hesitate to take advantage of the information, advice and assistance on offer. This prospectus provides, in addition to admissions requirements and course regulations, an overview of the many people, networks and services at the University you can turn to for academic advice, pastoral guidance and social activities.

We look forward to meeting you and your families.

Ia manuia!

Damon Salesa
Associate Professor, Pacific Studies
Director of Pacific Strategy and Engagement

We are here to help you

Talofa Lava, Aloha, Malo e lelei, Fakalofa lahi atu, Kia orana, Taloha ni, Ni sa bula vinaka and warm Pacific greetings. We value all our Pacific students and your families, and we will do everything we can to help you achieve.

Pacific Equity Adviser

Our Pacific Equity Adviser plays a dual role within the University. The main role is to support all Pacific students and their families through their journey at the University. In addition, the Pacific Equity Adviser uses an outreach approach to assist potential Pacific students with programme, enrolment, scholarships/financial and pastoral advice. The role also includes attending Pacific community and family events.

Join our Tuākana community

Tuākana is a University-wide learning community that enhances the academic success of our Māori and Pacific students. Most of the University’s Māori and Pacific students engage with Tuākana. The faculties have dedicated staff and meeting spaces to support our Māori and Pacific students, and they develop their own programmes to complement the teaching and learning environment. Tuākana offers small-group learning, whakawhanaungatanga, wānanga, face-to-face meetings and workshops. These help connect Māori and Pacific students with senior Māori and Pacific students (tuākana), academic teaching staff, and key people across the University.

The Equity Office – Te Ara Tautika

Our University is committed to being safe, inclusive and equitable. “Equity” means fairness and justice. The Equity Office – Te Ara Tautika leads the University of Auckland’s commitment to equitable access for everyone who has the potential to succeed at our world-ranked University.

Our team supports the outreach, recruitment, retention and success of Māori and equity group students. These include Pacific students, students with disabilities, LGBTI (Lesbian, Gay, Bisexual, Transgender and Intersex) students, students from low socio-economic and from refugee backgrounds, and women and men in those disciplines in which they are currently under-represented. Visit www.equity.auckland.ac.nz

What does the Equity Office do for our students?

- Provides advice to students, their families and whānau on course and degree options.
- Leads the Māori and Pacific Welcome.
- Provides advice, guidance and advocacy.
- Offers Māori and Pacific scholarship assistance including study options, ancestry guidelines and fees.
- Links students with other key support networks across the University.
- Works with secondary schools to provide information about studying at the University.
- Works with iwi, community groups and churches to provide information about studying at the University.

Student Disability Services

Student Disability Services provides support for students with a wide range of impairments, both visible and invisible. If you live with an impairment that impacts your studies, or if you had special conditions for exams at school, contact us for a confidential chat about the ways that we may be able to help you succeed at our University.

For more information about the services we offer visit www.disability.auckland.ac.nz or email SDS manager Brian Stanney: disability@auckland.ac.nz

Lesbian, Gay, Bisexual, Transgender and Intersex (LGBTI) students

The University offers a range of initiatives to support LGBTI students and staff, and we are committed to providing a safe and inclusive study and work environment that removes unnecessary, unlawful and unfair barriers.

Students from refugee backgrounds (SRB)

The University offers a range of initiatives to support students and staff from refugee backgrounds. Eligible students from refugee backgrounds may apply to the University through a range of alternative pathways (see pg. 12), including the Undergraduate Targeted Admission Schemes (UTAS). See the UTAS table (pg. 8–11) for more information.

For more information visit www.auckland.ac.nz/study-options

The basics

Why is it important to choose the right subjects in Year 11?

Some University of Auckland programmes require you to have taken specific subjects and gained minimum credits in certain subjects. Some programmes have other requirements such as a portfolio, audition and/or interview. For example:

- To gain entry into a Bachelor of Education degree you will need an NCEA rank score of 150 and will be required to have an interview, provide referees’ reports, and undergo a police check.
- To gain entry into a Bachelor of Health Sciences degree you will need an NCEA rank score of 250 with a minimum of 18 credits in one subject from Table A and a minimum of 18 credits in one subject from Table B (see table right).

Academic English Language Requirement (AELR)

In 2016, the University introduced an Academic English Language Requirement (AELR) into all its bachelors degree programmes. The aim of the AELR is to ensure you have a sufficient level of competence in academic English to support your study at University.

The Requirement will not affect whether you are offered a place in a programme.

The Requirement may be met on entry (depending on how you have gained University Entrance e.g., through NCEA*) or it can be met through the completion of an approved course in your first 12 months of study.

You must meet the AELR if you are admitted to a University of Auckland bachelors degree programme and you are a domestic student, or an international student applying on the basis of a New Zealand secondary school qualification, or an international student applying on the basis of results at another New Zealand tertiary institution.

Applicants who have not met the AELR through their entrance qualification will be provided with advice at the time of enrolment. For further information visit www.auckland.ac.nz/aelor

How do I get accepted to the University of Auckland?

To study at the University of Auckland you must have a university entrance qualification and be selected into a programme.

To increase your chances of being accepted, in Year 11 you should:

1. Take the right subjects at secondary school. These subjects must be selected from the approved NZQA list. For information visit www.nzqa.govt.nz
2. Wherever possible, take Achievement Standards rather than Unit Standards (the more Achievement Standards you have, the better).
3. Aim for Excellence (4 points) and Merit (3 points) rather than Achieved (2 points).
4. Make sure you meet the University Entrance Standard (see below).

The University Entrance Standard for NCEA Level 3

You will be qualified for entrance to New Zealand universities in 2017 if you have obtained:

How your rank score is calculated

All undergraduate applicants who meet the University Entrance Standard are given a rank score which is based on your best 80 credits at Level 3 or higher over a maximum of five approved subjects, weighted by the level of achievement attained in each set of credits. Your rank score will be calculated by awarding four points for each Excellence credit, three points for each Merit credit, and two points for each Achieved credit (see table on next page). You are encouraged to take Achievement Standards instead of Unit Standards to better prepare for University study.

*Does not apply to applicants who meet the University Entrance Literacy Standard in Te Reo Māori.

For more information visit www.auckland.ac.nz/aelr
What if I don’t get the guaranteed rank score needed for the programme I applied to?

If you don’t get the guaranteed rank score you could apply for a place under the University’s Undergraduate Targeted Admission Schemes (UTAS). For more information see the UTAS table on pg. 8–11. To learn more about alternative pathways for domestic Pacific students see pg. 12.

Paula Ketu’u
Lotofoa, Ha’apai (Tonga)
Bachelor of Laws/Bachelor of Commerce (LLB/BCom), 5th year in 2016

At Dilworth School in Auckland, I found a passion for accounting. That might sound odd for a young Tongan boy who only moved to New Zealand at the age of 11, but I developed a knack for the subject. This interest continued as I decided to go on to tertiary study. The choice of which university to go to was made easier when I was blessed with a University of Auckland Chancellor’s Award for Top Māori and Pacific Scholars (CATS*). The CATS award gave me a strong support network at University and eased my transition into tertiary study. This support, coupled with the assistance of the University-wide Tuākana programme, has made my studies so much easier. I was given help by qualified mentors and tutors who assisted in my learning. I was also involved in the formation of the Commerce Association for Pacific and Māori (CAPM) and also joined the Pacific Islands Law Students’ Association (PILSA). These student associations exposed me to a strong professional development programme, and they helped me balance out the workload with sports days, cultural fono and social events. I am nearing the end of my University journey and I can honestly say I could not have done it without the support of my mother, grandparents, siblings and rest of my family. All my success I attribute to their prayers and support.

Tu’a ‘Ofa atu.

Scholarships
University of Auckland Chancellor’s Award for Top Māori and Pacific Scholars (CATS), 2013–2015

*From 2017 CATS scholarships are being superseded by the University of Auckland Māori Academic Excellence Scholarships and the University of Auckland Pacific Academic Excellence Scholarships. See pg. 13 for details.
The Undergraduate Targeted Admission Schemes (UTAS) Policy is designed to ensure that the University of Auckland provides equal educational opportunities to all eligible Māori students, Pacific students, and students from other UTAS groups who have the potential to participate and succeed at our world-ranked University, and who have applied via the application process. UTAS is not available to international students.

UTAS groups include student groups that are under-represented and disadvantaged in terms of gaining access to a university education and for whom participation in UTAS will assist in achieving equity outcomes. These groups currently include Māori, Pacific, students with disabilities (SWD), students from refugee backgrounds (SRB) and students from low socio-economic backgrounds (low SEB) who have a University Entrance (UE) qualification but have not met the general entry requirements for admission into the undergraduate programme of their choice. For the purposes of UTAS, low SEB applicants are school leavers from decile 1-3 schools.

For more information contact your faculty’s UTAS representative provided in the table below. General UTAS enquiries can be directed to Pania Elliot, Senior Policy Adviser (Equity): p.elliot@auckland.ac.nz or phone +64 9 923 1893. Enquiries about students with disabilities (SWD) can be directed to Student Disability Services manager Brian Stanney: disability@auckland.ac.nz or phone +64 9 923 8808.

The University of Auckland has taken all steps to ensure that the information on these pages is correct but please note that changes may occur. For the most up to date information call 0800 61 62 63 or visit www.auckland.ac.nz/utas

⁵MAPAS is the Māori and Pacific Admission Scheme for the Faculty of Medical and Health Sciences. Applicants who meet the academic requirements for their programme (BHSc or BNurs) and satisfy the MAPAS interview requirements based on their academic preparation, personal qualities and support systems will be offered a MAPAS place. Applicants who meet the MAPAS requirements but fail to meet the minimum entry requirements for their programme will be ranked and will be offered a UTAS place where they have the potential to succeed.

⁶Students with disabilities (SWD) applicants to the clinical health professional programmes for FMHS (Medicine, Nursing, Optometry and Pharmacy) are required to provide full details regarding their disability in confidence to Student Disability Services (SDS). A Faculty admissions sub-committee is convened with representatives of the clinical programmes and SDS to review the student’s ability to undertake the programme and any reasonable accommodation that may be required.

⁷Māori and Pacific applicants for BSc who meet the UTAS rank score criteria will be guaranteed a conditional offer subject to them attending a meeting to discuss requirements and signing of a contract.
What if I am applying from Year 12?
The process of applying to university as a Year 12 student is called Discretionary Entrance. Discretionary Entrance is based on NCEA Level 2 (or higher) and is available to applicants who have gained exceptional results in Year 12 and are selected into the programme for which they have applied. You will be assessed on the basis of your academic background and an adviser’s recommendation. Please see pg. 60 of the 2017 Undergraduate Prospectus for more information.

What if I am not applying from secondary school?
If you are not a school leaver you may apply for admission under other admission categories as explained below:

Special Admission
If you are over 20 on the first day of semester and have no formal university entrance qualification, you may be eligible for Special Admission. Please contact the relevant faculty or faculties for Special Admission application details.

Recognition of Previous Academic Study (ROPAS)
You may be eligible for admission if you have studied at another New Zealand tertiary institution or overseas. Contact the Student Information Centre to find out more about Special Admission or ROPAS.

What if I don’t get in?
If you’re not offered a place, we have various alternative pathways to bridge the gap between secondary school and the University of Auckland.

The University of Auckland Tertiary Foundation Certificate (TFC)
This full-time, one-year specialist foundation programme offering Arts and Science courses will help bridge your way into tertiary studies. The TFC helps you prepare for the BA, BCom, BSc and to most other limited entry courses, providing that faculty-required grades are attained. With the achievement of TFC you will have a university entrance qualification with which to apply to bachelor-level programmes at the University of Auckland and elsewhere.

UniBound - Certificate in Academic Preparation
The UniBound programme to achieve the Certificate in Academic Preparation is a two-semester programme (Summer School and Semester One) for Māori and Pacific school leavers who believe they can benefit from a programme that introduces them to the University and its facilities. Students take five courses and on successful completion are eligible for entry into a Bachelor of Arts (BA) or Bachelor of Science (BSc) at the University of Auckland.

In 2017, UniBound students will receive transport cost assistance and zero fees over the Summer School period of the programme. Students who successfully complete this certificate and go on to enrol in a degree programme at the University of Auckland will receive a completion award (valued at up to $1,000 as a fees remission or cash payment). Accommodation assistance may also be available.

Scholarships and financial assistance

The University of Auckland has a number of scholarships available for Māori and Pacific students. There are also private, government and iwi scholarships available. See the table below for general school leaver scholarships and awards.

It is important to note that the initial basis of selection for these scholarships will be academic ability based on results at Level 2 or higher in NCEA or an equivalent qualification. Therefore, you should aim for as many Merit and Excellence credits as possible in Year 12.

Changes to CATS scholarships

From 2017 the University’s from 2017 the University’s Chancellor’s Awards for Top Māori and Pacific Scholars (CATS) scholarships are being superseded by the University of Auckland Māori Academic Excellence Scholarships and the University of Auckland Pacific Academic Excellence Scholarships. These will be awarded to New Zealand Māori and Pacific students for academic excellence and proven achievements in sporting, cultural and community activities. Applicants are assessed on a set of criteria, which prioritise academic success but also acknowledge students’ extracurricular achievements.

New Zealand Māori and Pacific applicants are also eligible for consideration for University of Auckland Academic Potential Scholarships. These awards recognise academic achievement in students who may experience barriers to accessing university education. The scholarship also takes account of multiple factors for some students, who may belong to one or more groups under-represented at university. Applicants are assessed on academic achievement, taking into account a number of factors that can impact on an individual’s ability to participate at university. These include whether they are in demonstrable financial need, attended a low-decile school, are from a refugee background, have a disability, are from a rural area, or will be the first of their immediate family to attend university.

How will the University support me?

When you get to University, there’s a lot going on and much of it is new. We understand that starting University can be challenging, so we have a variety of support services to help you. These range from study spaces, mentors and scholarships to advisers and counsellors dedicated to helping our Pacific students.

Libraries and Learning Services

Māori and Pacific Librarians

The Māori and Pacific Librarians are based on Level 1, Room 120-124 of the General Library. We have an open door policy and provide support services to the Māori and Pacific communities, as well as academic/professional staff and students who conduct Māori and/or Pacific research. Contact us if you have any questions about locating information, using library resources, referencing and more. The Māori and Pacific Librarians apply the principles of whanaungatanga, aroha, tautau, fa’aaloaflo and alofa when responding to any information request received.

My parents always used to talk about their days at university, so when I left high school I was super excited to make memories of my own and work hard to get that degree. Lessons learnt at the University of Auckland go far beyond the classroom walls. Everyday I’m inspired by my fellow Pasifika students and everyday I’m reminded of what an amazing institution I’m studying at.

One of the biggest lessons I’ve learnt at the University of Auckland is never be afraid to ask for help. I don’t think I would have made it through my undergraduate years if it weren’t for the Tuākana Arts family. They hold extra workshops and tutorials just so you get your best shot at excellence, plus it’s an easy way to make new friends and score free food.

I was lucky to start off my studies with help from the Equity Office. In addition, the CATS* scholarship I was awarded helped pay for my undergraduate degree and also allowed me to meet and network with different staff and students from all around the University.

It’s been five years since I joined the University of Auckland community and I get what my parents were talking about. These past years have been some of the most challenging and rewarding of my life so far.

Scholarships and awards

• University of Auckland Chancellor’s Awards for Top Māori and Pacific Scholars (CATS), recipient and mentor, 2012 -2014
• Blues in Arts, 2015

University Health and Counselling Service

University Health and Counselling Service (UHCS) offers a comprehensive service to ensure the health and wellbeing of students. The care team at UHCS is a skilled and experienced group of General Practitioners (GPs), nurses, counsellors and psychologists, all of whom are committed to providing quality health care service.

We offer a confidential counselling service offering a wide range of support. We have Māori and Pacific staff who offer a range of services within the spirit of whanaungatanga/fanau (such as aegrotat considerations, one-on-one counselling, support for assignment extensions and compassionate exam and test considerations).

We encourage students to register online at www.auckland.ac.nz/healthandcounselling
Or call our direct line at +64 9 923 7681 or walk in to our service and request an appointment. Nau mai haere mai.

Career Development and Employment Services (CDES)

CDES has a designated Pacific Career Development Consultant who is responsible for providing specialised services tailored to meet Pacific students’ career development needs. These services support students so that they can successfully transition into work and life after they have completed their studies. Special events such as career expos, networking opportunities and employer presentations help students to connect and engage with employers.

CDES online tools, workshops, events and personalised services assist students to identify the opportunities available to them while providing them with the knowledge, understanding and skills that can help them be competitive in the world of work.

As Pacific people, our journey through education isn’t ours alone but is the result of the efforts of our families, our ancestors and the prayers of numerous people. I have a lot to be grateful for now that I have finished this chapter of my life.

Being part of the Pacific family at the University of Auckland has been an amazing experience. Without the support of my whānau and friends, my journey would have been very different. It is one thing to come to University and leave with that coveted piece of paper but to come and experience a rich culture and leave with the grounded sense of belonging is truly something I will always be grateful for.

Being awarded a CATS* scholarship was great motivation to come to the University of Auckland and was the first step towards my goal of obtaining a Law degree. During my time at University, it was the guidance of the CATS mentors, PASS (Pasifika Academic Support Strategies) tutors and Pacific support staff that got me through. I also made many lifelong friends through my involvement in various Pacific student associations such as Gone Ni Viti, AUPISA and PILSA. These experiences were invaluable as they helped me to create networks, learn more about working with people, and they provided me with opportunities to serve my Pacific community here on campus.

Pacific student groups

There are a number of Pacific student groups at the University that can provide you with cultural and social support.

Auckland University Pacific Island Students’ Association (AUPISA)

The Auckland University Pacific Island Students’ Association (AUPISA) is the student body for all Pacific students at the University of Auckland. It seeks to serve Pacific students through a series of events designed to cater to social, cultural and academic needs. AUPISA recognises the importance of Pacific cultures on campus, and the need to profile, elevate, maintain and celebrate our Pacific cultures as well as the importance of collectively navigating the path towards academic excellence.

Published February 2016
It’s time to apply

So, you’ve made your decision on what you want to study, and now it’s time to apply.

What do you need to do? It’s a two-step process to apply and enrol for your chosen programme.

First you need to apply

Go to www.apply.auckland.ac.nz and complete the Application for Admission. If you haven’t already, you’ll be asked to sign up for a new account. It’s easy, and you’ll soon be underway in making your application.

Next you will receive an acknowledgement email asking you to provide certified documents (and in some cases to complete other requirements*) before your application can be assessed.

Remember, you can apply for more than one programme. We’ll be assessing your application, and you can check your application status online at any time. Be patient though – documents can take 3-4 weeks to process during peak admission periods. Some of your documents might take longer to process than others, despite being sent in at the same time.

If your application is successful, we’ll email you an offer – normally from mid-January**.

To accept or decline this offer, log onto www.apply.auckland.ac.nz

Next you need to enrol

Once you’ve accepted an offer of place in a programme, you can enrol in a course. If you need some help with the enrolment process, visit www.auckland.ac.nz/enrolment for an online tutorial.

Next you need to make sure you pay your fees! You’ll find all the details at www.auckland.ac.nz/fees

Stuck? At any point in the process you can find answers to your questions 24/7 at www.askauckland.ac.nz. Or there’s someone who can help during business hours at 0800 61 62 63 or at studentinfo@auckland.ac.nz.

Some late applications may be accepted after 2016 school results are received. It is advisable, however, to apply for all programmes that you might wish to study before the published closing date. Multiple applications are acceptable and all applications will be considered when 2016 academic results are available.

*For some programmes, you may be required to submit supplementary information (eg. a portfolio of work, referee reports, an online form) or to attend an interview/audition.

**If you are not offered a place in the programme(s) of your choice, you will receive an email outlining alternative options. Your final offer of a place depends on two things: your admission to the University (which for school leavers may depend on your final school results) and your assessment by the relevant faculty.
