CSGST: Rules of Awarding

1. Applicants are graduate and post-graduate students of the Department of Computer Science (the award cannot be used after ending the study term).

2. The award supports only scientific forums listed in 2014 by the CORE/ERA and having at least the rank B.
   a. If the forum is not in the CORE/ERA list, a written supervisor’s justification of the need for participation has to be provided together with the application. This may include doctoral symposiums.
   b. Applicants should have their supervisor(s) listed as co-author(s) on the accepted paper unless under special considerations such as doctoral symposiums.

3. Applications are being considered in succession of their arrival.
   a. The application has to be sent for consideration only after the paper submitted is accepted for presentation.
   b. The applicant can obtain only one award per teaching year.

4. Every award covers the trip costs up to and no more than $800 for local travel, $1,500 for Australian travel, and 3,500 (A ranked) or 3,000 (B ranked) for Europe, Asia or America travel.
   a. The remaining sum has to be covered from other fund sources (e.g., provided by the supervisor or other University funds, such as the student’s PReSS account).
   b. Awards are provided while the funds allocated for the current teaching year are still available.
   c. Under otherwise equal conditions, applications of PhD and MSc candidates have a preference with respect to other applicants.

5. Applicant’s needs to have good academic standing, i.e., the student must not have failed their PhD provisional year review.

6. Application submissions have to be supported by the supervisor.
