The best one-year preparation for teaching

Add a Graduate Diploma in Teaching to your existing bachelors degree

Supporting your success

Whether you are studying in-person at our Epsom Campus or online, we will support you all the way. Here at the Faculty of Education and Social Work you will have access to a wide range of resources throughout your studies including academic and learning support services to ensure you get the most out of your student experience.

Practical learning to prepare for your career

You will be based with other University students in schools or centres throughout the year of study and form supportive, tightknit relationships with teachers who are experts in their fields. Practical learning also allows you to network and connect with prospective employers, to help you secure a job before you graduate. You may also be on a higher starting salary as you already hold an undergraduate degree.

Study Online

If you need study flexibility to fit around your schedule, our newly launched Graduate Diploma in Teaching Online could be the option for you. You will have on-demand access to the programme material, and your teachers will be on hand to support you throughout your studies. Enrolments are open to those who are able to complete their practicum placements in the Northland or Auckland regions only. See becomeateacher.ac.nz for more information.

Fund your studies

Student allowances are available through StudyLink for these programmes. TeachNZ also offers multiple scholarships worth up to \$10,000 each year, to support your study goal to become an exceptional teacher.

Shape the minds of young adults

Graduate Diploma in Teaching (Secondary)

Key facts

Age focus:

13 to 18 years old

Start date:

1 February 2022

Scholarships:

TeachNZ Scholarships are available

Practicum:

Spend 16 weeks gaining practical experience in secondary school classrooms, developing your teaching skills in your subject area.

Locations:

- Epsom Campus, with free parking and a short walk to the buses, cafés and shops of Mt Eden village
OR
- Online (Please note: Online enrolment is limited to students with access / ability to participate in practicum placements which will be available in Northland and the Auckland Regional Boundaries only).
See auckland.ac.nz/becomeateacher for more information.

Study areas snapshot

- The ideas that inform secondary education in Aotearoa New Zealand
- The New Zealand Curriculum
- Teaching your subject (you will be taught by lecturers who are specialists in teaching your subject discipline)
- The adolescent learner
- Professional practice and reflection
- Te Reo Māori, Māori culture and learning

“The best thing about the programme was practicum. The opportunity to be immersed in the teaching profession with professional guidance from supervisors is a great chance to learn. I also enjoyed learning more about te ao Māori and the programme’s emphasis on te reo.”
