Appendix 5: Multi-day field work form

Please complete this form and send a copy to <u>b.sowman@auckland.ac.nz</u> at least 10 working days before you intend to undertake field work. A copy of this plan must be held by the field party and key contacts for the duration of the trip.

It needs to be completed by the person undertaking the field work if possible. They are the field leader and are responsible for all field trip participants. If you have any questions or concerns see the School Health and Safety Officer. By submitting this you are confirming you have read and understood the School of Environment Total Health and Safety Manual. You are aware of the hazards that you will encounter, and you will take all practical steps to keep yourself and others safe.

Description of the activity and general destination(s):										
Participant details										
Name(s):	Mobile phone numbers:	Role:	Holds a first aid cert?							
Itinerary										
Date of departure:										
Intended departure time:										
Date of return:										
Intended return time:										
Daily check in person:										
Daily check in time:										
Who will be notified on										
return:										
Specific travel route and destination	ns (including estimated times)									
Accommodation address and conta	act details									
Hazards										
	nfirming that you are aware of the haza	ards vou will encount	er whilst undertaking this work.							
	ny hazards, however it cannot be appli									
	ndertaking then you need to stop imm									
Note any hazards you can think of										
have not been identified in this ma	anual:
