

University Closing Date	Funder	Name of Grant	Grant Type	Purpose	What is Funded	Budget / Term	Notes	Applicant / Project
June 2017								
9 Jun	New Zealand Orthopaedic Association Research Foundation	Project Grants	Project	To support and promote Orthopaedic and related research within NZ.	(i) Seeding grants to allow Orthopaedic trainees to initiate research projects and studies. (ii) Project grants for full research proposals.	Seeding grants up to \$5,000. Project grants up to \$100,000.		
21 Jun	Health Research Council	Clinical Research Training Fellowship	Scholarship / Fellowship	To provide broad research training that will combine academic course work and/or a thesis based degree, with on the job research experience and training within a multidisciplinary research group.	Salary. Tuition fees. Working expenses - up to \$10,000 over 3 years.	Up to \$80,000 per year to cover salary, tuition fees and ACC levy. 1-3 year term.	Applicants should be NZ citizens or non-NZ citizens with residency at the time of application.	
21 Jun	Health Research Council	Clinical Practitioner Research Fellowship	Scholarship / Fellowship	To strengthen healthcare practice and health services by providing the opportunity for experienced clinicians to sustain a programme of research. The Fellowship will also support integration of research into clinical practice, provide a focus for the development of additional research within the healthcare environment, and promote translation of health research into practice.	Salary - 0.3-0.5 FTE. Working expenses - up to \$50,000 per year.	5 year term.	Open to those who already have a significant track record of research. It is expected that applicants will have been engaged in postgraduate clinical practice for at least 10 years (although a shorter term may be accepted in exceptional circumstances).	
21 Jun	Health Research Council	Sir Charles Hercus Health Research Fellowship	Scholarship / Fellowship	Intended to support emerging scientists who have demonstrated outstanding potential to develop into highly skilled researchers able to initiate new avenues of investigation.	Salary - up to \$100,000 per year. Working expenses - up to \$100,000 over 4 years	4 year term.	Applicants would normally have held a PhD or an equivalent degree for a minimum of 4 years but no more than 8 years. Applicants whose qualifications fall outside these guidelines must demonstrate exceptional capabilities or circumstances to be considered for this award.	
22 Jun	Royal Society of New Zealand	Marsden Fund	Project Invited Full Application	To support investigator-initiated research across two categories: (i) Standard grants and (ii) Fast-Start grants.	Academic salary. Research assistant salary. Working expenses. Equipment rental. Student stipends. University overheads.	(i) Standard grants: Annual budget caps apply. 3 year term. (ii) Fast-Start grants: Up to \$100,000 per year for 3 years.	(i) Standard grants are open to established researchers as well as emerging researchers. (ii) Fast-Start grants are for emerging researchers (up to 7 years after conferment of PhD).	

University Closing Date	Funder	Name of Grant	Grant Type	Purpose	What is Funded	Budget / Term	Notes	Applicant / Project
23 Jun	New Zealand Society of Gastroenterology	Research Grants	Project	To encourage clinical research by gastroenterology and surgical trainees during their period of clinical training. Priority will be given to clinical questions that are considered to be highly relevant to the NZ population.	Clinical research with registrar involvement.	Usually up to \$5,000 over 6-12 months.	Applicants are required to be current financial members of the NZSG at the time of application.	
23 Jun	Waikato Medical Research Foundation	Research Grants	Project	Grants-in-aid to support and encourage medical research within the Waikato region.	Research assistant salary. Working expenses. Equipment.	No set budget cap.		
27 Jun	Faculty of Medical and Health Sciences	FRDF New Staff	Project	To enable new staff to undertake an initial research project that will accelerate the establishment of a research programme or subsequent research projects. Applications must focus on how the grant will enhance the applicant's research career.	Research assistant salary (including Postdoctoral Research Fellow). Working expenses. Equipment.	Up to \$30,000 for 1-2 years.		

July 2017

1 Jul	Sir John Logan Campbell Medical Trust	Sir John Logan Campbell Medical Trust Awards	Travel / Conference	Support for short term Postgraduate study and research together with travel and conference grants.	Travel and conference expenses.	Usually \$500-\$2,000.		
1 Jul	Faculty of Medical and Health Sciences	Deans International Doctoral Scholarships	Scholarship / Fellowship	To attract international students of high calibre to pursue a research doctoral degree in the Faculty of Medical and Health Sciences.	Stipend - \$27,000 per year. Tuition fees. Relocation expenses - up to \$3,000. Health insurance.	Up to 3 years.	Selection will be based on academic merit (measured by the grade point average assessed over the applicant's two most recent years of equivalent full-time study), quality of the applicant's research proposal and endorsements by the proposed supervisor and Head of School.	
12 Jul	Health Research Council	Project Grants	Project Expression of Interest (EOI) Application	To support research with the aim of making significant improvements in, or developing knowledge contributing to, health outcomes.	Academic salary. Research assistant salary. Working expenses. Minor equipment - up to \$5,000. Student stipends. University overheads.	Up to \$400,000 per year, to a maximum contract value of \$1.2M.		
20 Jul	Auckland Medical Research Foundation	Travel Grants	Travel / Conference	To support researchers who wish to present their research at a meeting or conference. To support a training course on research methods and/or to visit a laboratory to learn a new research technique.	Travel and conference expenses. For travel after 1 October 2017.	Usually up to \$3,000.	Undergraduate, Honours, Masters and PhD students, and research technicians are not eligible.	
26 Jul	Lottery Health Research	Translational Research Project Grants	Project	Grants-in-aid for research projects that will quickly translate into meaningful health outcomes and community benefit for New Zealanders.	Research assistant salary. Working expenses. Journal publication costs.	Up to \$120,000 over 2 years.		

University Closing Date	Funder	Name of Grant	Grant Type	Purpose	What is Funded	Budget / Term	Notes	Applicant / Project
26 Jul	Lottery Health Research	Research Equipment Grants	Equipment	Grants-in-aid for research equipment including items of equipment justified by the needs of several research programmes.	New or replacement equipment and installation expenses.	No set budget cap.		
26 Jul	Lottery Health Research	PhD Scholarships	Scholarship / Fellowship	To support PhD students planning a career in health research who enrol at a NZ university.	Stipend - \$30,000 per year. Tuition fees - up to \$10,000 per year.	Up to 3 years.		
26 Jul	Lottery Health Research	Postdoctoral Fellowships	Scholarship / Fellowship	To support recent PhD graduates.	Up to \$75,000 per year.	Up to 2 years.	Must be taken up within 2 years of PhD graduation. The associated research project must have non-Lottery funding prior to the commencement of the fellowship.	

August 2017

1 Aug	Department of Surgery	Fellowships in Surgery	Scholarship / Fellowship	To support the salary costs of candidates enrolled in a higher degree, thereby increasing the number of postgraduate students in Surgery each year. To assist academic staff to establish their research activities.	Salary (RF1 level budget cap).	1 year term.	3 positions offered annually.	
2 Aug	Auckland Medical Research Foundation	Doctoral Scholarships	Scholarship / Fellowship	To support students enrolling in a PhD or Masters degree in medical science.	Stipend - \$28,000 per year. Tuition fees. Working expenses - \$5,000 per year. Travel and conference expenses - up to \$5,000.	Up to 3 years.	Co-tenuring with other scholarships is not permitted.	
2 Aug	Auckland Medical Research Foundation	Postdoctoral Fellowship	Scholarship / Fellowship	To support of outstanding graduates who have recently completed a degree at doctorate level and who propose to pursue a career in medical research.	Salary - equivalent to the appropriate level of the non-medical lecturers scale at the University of Auckland. Working expenses - up to \$5,000 per year. Relocation expenses - up to \$4,000.	Up to 2 years with extension for a further year if funds permit.	Applications are open to appropriately qualified individuals who hold a doctoral degree of not more than 5 years standing, irrespective of their country of nationality or University from which their PhD was conferred.	
9 Aug	Health Research Council	Emerging Researcher First Grants	Emerging Researcher First Grant Full Application	To support emerging researchers who are seeking to establish independent careers in health research and who have not previously held a competitive research contract for research expenses of >\$50,000 from any source.	Research assistant salary. Working expenses. Minor equipment - up to \$5,000. Student stipends. University overheads.	Up to \$250,000 over 3 years.	Does not fund salary for the applicant.	
9 Aug	Health Research Council	Feasibility Studies	Feasibility Study Full Application	To support research for a feasibility study in the fields of population health or clinical research. These are small studies carried out for the purpose of testing feasibility issues affecting a planned, larger, study.	Academic salary. Research assistant salary. Working expenses. Minor equipment - up to \$5,000. Masters stipends. University overheads.	Up to \$150,000 over 1 year.	Biomedical research studies are not eligible for Feasibility Study contracts.	

University Closing Date	Funder	Name of Grant	Grant Type	Purpose	What is Funded	Budget / Term	Notes	Applicant / Project
23 Aug	Auckland Medical Research Foundation	Project Grants	Project	Support for medical research projects.	Research assistant salary. Working expenses - usually up to \$25,000 per year, but may be exceeded slightly in exceptional circumstances. Minor equipment - up to \$5,000.	Usually up to \$160,000 over 2 years.	An individual may only be a PI on one grant and an Associate Investigator (AI) on a second grant within any one grant round. Not available for the support of PhD stipends or PhD research. Unlikely to fund major high cost projects, major clinical trials, long term projects (i.e. those in excess of 2 years) and projects involving audit.	
30 Aug	Faculty of Medical and Health Sciences	FRDF New Staff	Project	To enable new staff to undertake an initial research project that will accelerate the establishment of a research programme or subsequent research projects. Applications must focus on how the grant will enhance the applicant's research career.	Research assistant salary (including Postdoctoral Research Fellow). Working expenses. Equipment.	Up to \$30,000 for 1-2 years.		

September 2017

1 Sep (ADHB date)	A+ Charitable Trust	Project Grants	Project	Grants-in-aid to support medical research.	Working expenses.	Up to \$50,000.	Applicants must be employees of ADHB.	
1 Sep (ADHB date)	A+ Charitable Trust	Small Project Grants	Project	Grants-in-aid to support medical research.	Working expenses.	Up to \$15,000.	Applicants must be employees of ADHB.	
22 Sep	Maurice & Phyllis Paykel Trust	Project & Equipment Grants	Project	Grants-in-aid for medical research projects.	Research assistant salary - special justification required. Working expenses. Minor equipment items. Major equipment items for shared use.	No set budget cap. Usually 1 year term.		
22 Sep	Maurice & Phyllis Paykel Trust	Travel Grants	Travel / Conference	To provide assistance with the costs of travel relevant to health research.	E.g. (i) travel to scientific meetings; (ii) visits to research centres; (iii) short travel periods to work in research laboratories or undertake research training.	Budget cap of \$3,000 unless exceptional circumstances apply.	Masters and PhD students are not eligible.	
22 Sep	Maurice & Phyllis Paykel Trust	Conference Support Grants	Conference Hosting	Grants-in-aid for the support of scientific conferences in health-related fields organised by academic institutions or professional organisations within NZ. Priority will be given to conferences with an emphasis on research and research training.	Conference hosting costs.			

University Closing Date	Funder	Name of Grant	Grant Type	Purpose	What is Funded	Budget / Term	Notes	Applicant / Project
22 Sep	National Heart Foundation	Travel Grants	Travel / Conference	Grants-in-aid for travel in NZ or overseas for short-term study or to attend conferences.	Travel and conference expenses.	Usually up to \$3,500 unless exceptional circumstances apply.
