## Definitions

In this document, unless the context otherwise requires:

- i. *Approved Researcher* means researchers who have satisfied the criteria to access Growing Up in New Zealand Datasets, as agreed by the Data Access Committee. Approved researchers include members of the Growing Up in New Zealand Research team and Accredited Researchers, who are able to apply to access both the Internal and External Working Datasets, and any other researchers who apply and have been approved to access the External Working Datasets.
- ii. *Data* means the aggregated longitudinal information collected about Study Participants in the *Growing Up in New Zealand* study. For the purposes of this protocol, Data excludes biological samples.
- iii. *Data Access Agreement* means an agreement between an Approved Researcher and Auckland UniServices Limited, approved by the Data Access Committee and setting the terms and conditions of access to Datasets.
- iv. *Data Access Committee* means the committee described in the Data Access Committee Terms of Reference appointed to consider applications from researchers who wish to become Accredited Researchers, and applications to use the Internal and External Working Datasets.
- v. *Data Access Coordinator* means the Data Access Coordinator appointed by Auckland UniServices Limited to manage the Data access process.
- vi. *Research Director* means the Principal Investigator and Scientific Director of the study. The Research Director, in association with the Research Team, is the guardian of the Data collected in the study.
- vii. *Research Team* means the Research Director, and all researchers who are currently bona fide members of the Growing Up in New Zealand team.
- viii. *Study* means the longitudinal study of children and families known as *Growing Up in New Zealand; A longitudinal study of New Zealand Children and their Families*.

## Purpose

---

1. ***The purpose of the Data Access Committee is to facilitate the provision of appropriate access to data collected in the Study by Approved Researchers under the terms and conditions of the Data Access Protocol.***
2. ***Appropriate access means that Data Access applications that are approved by the Data Access Committee align with the Principles set out in the Data Access Protocol (Ownership, Kaitiaki/Guardianship, Privacy and Protection of Value Principles).***

## Functions

---

3. The functions of the Data Access Committee are to:
  - 3.1 Assess applications for access to data collected in the Study submitted under the Data Access Protocol and make timely decisions on whether to approve access.
  - 3.2 Provide written reasons, via the Data Access Coordinator, for the decision where any application for access to data from the Study is declined.
  - 3.3 Assess applications by Approved Researchers for manuscripts, abstracts or other outputs to be distributed in a public domain.
  - 3.4 Monitor compliance with the Data Access Protocol and the Data Access Agreement. This process will be facilitated by the Data Access Coordinator.

- 3.5 Invoke appropriate sanctions where any breach of the Data Access Protocol or Data Access Agreement has occurred. This process will be facilitated by the Data Access Coordinator.
4. The Data Access Committee is not expected to critique applicants' research questions.
