

TASK 1

Cut out the words and boxes and match them up.

Then arrange them in the correct order.

The first one is done for you.

MRS GREN

All plants and animals...

Respire

All plants and animals use oxygen to burn up food to get energy for living.

Cut out the boxes and arrange them in your book.

Grow

Excrete

Need Food

Sense

Reproduce

Move

All plants and animals have ways of being aware of what is around them.

All plants and animals have ways of moving.

All plants and animals make YOUNG plants and animals.

All plants and animals grow in size during their life.

All plants and animals need food so that they can grow and stay healthy.

All plants and animals must be able to get rid of waste products.

MRS GREN reminds us that ...

All plants and animals...
