- [Seminar 5 Information](#)
- [Student lists – a further reminder](#)

#### Seminar 4 – Student Challenge Responses

Thank you to the teachers who have encouraged their students to put responses to the challenge questions onto the wiki. Feedback on those responses will continue to be posted this week. Please remind your students that they can respond to the feedback – even if it is just to thank the scientists!

If your students are working on these in class, we would be interested to read copies of their work. Please email [ligginsinfo@auckland.ac.nz](mailto:ligginsinfo@auckland.ac.nz) to discuss.

#### Seminar 5 Information

Seminar 5 student paper and pre-seminar questions are posted. We are trialling putting the post seminar questions up later. They will be posted at the end of this week.

#### Student Lists

A reminder that if you would like your students to be sent the student updates directly via email, please send an excel spreadsheet list of students to [ligginsinfo@auckland.ac.nz](mailto:ligginsinfo@auckland.ac.nz) using the following format: surname | Name |email
