Wireless network instructions

Connecting to the UoA-WiFi network – Windows 10

Note: This guide is for use with Windows 10 and its in-built Wi-Fi Sense.

In the system tray, click on the WiFi icon...

The “Network settings” menu will display. Select UoA-WiFi:
For future convenience, tick the box “Connect automatically” then, select **Connect**:

When prompted to “Continue connecting”, select **Connect**:
When prompted, “Enter your user name and password” then, select **OK**:

![Image of the login screen](image)

You will again be prompted to “Show certificate details”.

Verify the details are this fingerprint:

If the same as below then click **Connect**

![Image of the certificate details](image)
When verifying and connecting is completed, you will see the following message: "UoA-WiFi Connected":
